He says.

May I be excused? I am done with dinner.

Yes.

LIAM: I link Keeka "Dad is being unfair to you, why dont you say something? It wouldnt do me any good I am, now you know where Jessie gets it from, she is his pride and joy then James, then Lizaa then you, he forgets that he has one, unless James or Jessie blame me for something that they did, dont feel about it, I like to lean, so not a punishment to me, in fact it lets me get to see how we been considering my training ended at the end of last year.

Lizaaa will end at the end of next year.

But yashiti, dont leef.

My tips are wasted ? I got at her, and she smiles back.

KEEKA: I get up and carry my dishes to the kitchen and place them in the sink.

When I turn around to leave Jessie is right in my face.

You, will get yours, you lowly, bitch! Careful Jessie, you dont want to start something you cant win.

I tell her quietly.

She raises her hand to slap me, but I step backwards and to the same side as the hand she used, so all she connects with is air.

Before she can recover, I step around the end of the island.

Once I am cleared, I look for my backpack, and remember that I left it at Nanas yesterday, so I left in a hurry to get home.

"Mauhar? I link her ? Vaal? I liteel me at Nanas I forgot my backpack yesterday.

Ok I will meet you there ." I close the link and head downstairs for breakfast.

Morning Sarah I say to the cook.

Morning Keeka, is there something that you would like to have for breakfast? Nothing special Sarah, just whatever you were going to make is ne.

I tell her.

She had pancakes started and the made sausage, bacon, and eggs easy over, so the yolks was still runny, and toast.

Halfway through breakfast the rest of the family comes harpoing in, to take their seats at the table.

I have to leave a bit early today.

I say out loud to no one in particular.

Why is that? my father ask, I left my backpack with all my homework at Nanas yesterday, so I had to rush home for our meeting.

I state.

Then you better get going, I dont want you late for school Mom says.

I ish breakfast and take my dishes into the kitchen, put them in the sink and head out the back door, grab my bike and head to Nanas.

"Keeka im on my way to Nanas now " I link her.

"ok ill meet you there." CARRON: We pull up to the gate of the Blue Crescent Park, and let the guard know that I am here to see Alpha Drake and soon to be Alpha James.

I must say this gate was impressive, It had high, black wrought iron, with the pack emblem on it.

It slid open and the guard on duty instructed us to follow the roadway in front of us. This will yield about 3 cottage houses then the road will widen back around on itself to the right continue to follow it and it will lead you to the front of the pack house.

He said.

I thanked him.

To the left of us I saw a thick copse of trees with a dirt road that cuts through it.

We follow the directions the guard gave us, and as we get to the last cottage, I see a familiar gure.

Chase stop the car I tell my driver he pulls over immediately.

KEEKA: I was at Nanas front door waiting for her to answer my knock, when I hear my name being called from behind me.

I turn to see who was calling me.

Alpha Carron.

I say as he comes up the path to Nanas.

He reaches up,just as Nana opens the door.

Keeka? Nana asks, Nana I forgot my backpack yesterday, and this is Alpha Carron.

I introduce him.

He is here for a meeting with father and James.

I tell her.

Alpha Carron this is my Nana Lily Brookes, and this is but before I can say Maches name Machie.

It is nice to meet you.

He raise and holds out his hand to shake here its nice to meet you as well Alpha Carron.

Machie shakes his hand and then he shakes Nanas.

I moved your backpack to the front room go get it.

Nana tells me.

Alpha Carron, its nice to meet you, here is it that you know my grand pup? We met at Alpha Ashers swearing in ceremony, and with a bit of an embarrassing confrontation.

Oh? She dotn mention that.

Sorry Nana.

I say as I come back to the door.

I quite understand, it is a bit of a complicated tale to tell.

He says.

We do have to go, but it was nice to see you again Alpha, and hatte to you Caneus.

I say.

Hello to you to Keeka.

I hear a deep gravelly voice come from alpha Carron.

Woah you like to come in for tea, and tell me this complicated tale? I hear Nana ask alpha Carron, as we get on our dress and head to school.

I wish I had the time right now, but I have a meeting with the Alpha and Alpha apparent.

He tells her.

That is ok, I will be here, you can stop back when you are done.

She tells him I would very much like that.

He tells her.

MACHIE: Hea handsome.

I say to Keeka.

Yes, he is.

She answers back.

CARRON: I get back in my car and we continue to the pack house, I notice that the copse of trees continued from the gate of the back of the cottages, almost as if it were a small nature reserve it was maybe a block and a half deep from the end of the back yards to the road we followed.

The pack house itself was an impressive structure, it stood ne stories high and was in the shape of a square.

It is the same color bricks as Moon Rise packs, with the medium red, light tan, and cream-colored bricks.

I can see three smaller square buildings, two at the back corners, and one at the middle of the right-hand side as you are looking at the front of the pack house, they are three stories high.

It is an interesting con gueration to say the least.

As we pull up Alpha Drake, Luna Carla and alpha heir apparent James are all on the front steps waiting for me.

As Chase stops the car one of them stop opens the door for me.

DRAKE: Alpha Carron welcome to Blue Crescent Park, I hope your travels went well.

I say to him as he exits his car.

Yes all went well, thank you.

You remember my Luna Carla? And this is my son James.

I say as an introduction This of course, Luna Carla, James.

He says as he shakes hands with my mate and son.

Was there a problem on the road? I ask him No.

why do you ask? Just that it took you a bit longer to get to the pack house from the gate.

I say to him.

Oh, no, I happened to see Keeka at one of the cottages and stopped to great her, and met Luna Carla mother.

He says.

Oh, I hope that?" she? dotn detain you for some trivial issue.

I say to him as I lead the way into the pack house.

No, I just saw her and wanted to great her.

He tells me.

Come let me show you around a bit.

I s ed.
