exploded, as well as the remaining power that radiated
out, naturally they could not be injured.
Therefore, the supreme-level powerhouse is not afraid of nuclear weapons.
If it really hits, then they can’t hold it.
If you want to kill the supreme-level powerhouse, first, you have to hit.
Xu Zhengjie’s killer weapon uses this point.
Once locked, the supreme-level powerhouse cannot escape.
So one kill is accurate.
Levi Garrison is based on this.
Let deep-sea submarines use time-lapse weapons.
In this way, the movement is small, and the possibility of the opponent’s discovery is minimized.
Sure enough, a miraculous effect!
“Buzzing…”
The bombing on the sea just ended.
Suddenly, a fighter plane appeared in mid-air.
The bombing of this area was carried out in turn.
Even if they were a group of supreme-level powerhouses, they didn’t react.
Suffered from the frenzied bombardment of thousands of fighters.

“Boom boom boom…”
Not only that, but after a long distance, warships began to show off.
A missile cannonball locks and attacks the target area.
Levi Garrison controlled all the three strongest armies in Erudia.
Possess the most advanced weapons, the largest number.
All weapons launched Weilai.
Simply unstoppable.
The naval forces that dominate the Alliance suffered heavy damage.
This wave almost wiped out all the warriors who were not supreme-level powerhouses.
The most annoying thing is that these supreme-level powerhouses are not even able to fight back.
Can’t find where the opponent is?
The only fighter that can be seen is also several kilometers in the air.
Levi Garrison led the team, and in just one large-scale attack, two-thirds of the opponent’s strength
was killed.
“Evacuate! Evacuate first!”
Haiwangdian hurriedly ordered.
They retreated.
If you don’t know the situation, you will suffer a big loss.
“Want to escape? Is it possible?”
A sneer crossed the corner of Levi Garrison’s mouth.
Levi Garrison is the battlefield commander.
This situation is common.
Everything is in his plan.
They want to escape?
impossible!
Nowhere!
Sealed up early!
“Offensive! Squeeze over! Everyone has their weapons!”
Levi Garrison ordered a chase.
Not only that.
The team he secretly trained and the masters of the Four Gate Valves are also actively acting,
showing a momentum of encirclement.
…
“I’ll go, the fight is so intense!”
“Sure enough, hundreds of thousands of people are fighting together, so shocking!”
“Death to death is so intense, I have never seen it before!”
…

Because Levi Garrison ordered all signals to be blocked.
So Long Hanzhou didn't know what happened ahead.
Only the scene is intense.
"Let's get ready! Levi Garrison and the others are really here to buy us time!"
"Yeah, these 400,000 people have to carry at least one day and one night, right?"
Long Hanzhou said with a smile.
the other side.
Haiwangdian led the major forces to retreat in a hurry.
It's not that they are incapable.
Mainly in panic.
Even the enemy can't see where it is.
"Modern weapons are so powerful? We have all lost two-thirds of our people!"
Everyone was stunned.
This is something they have never encountered before.
"Are modern weapons so powerful? The first time I knew that modern weapons can hurt me?"
...
Many supreme-level powerhouses are injured.
This time they are too dense.
They were hit by weapons one after another.
"Evacuate first, and then discuss the long-term plan!"
"Call the headquarters immediately!"
...
When everyone wanted to contact the Domination Alliance headquarters, they found that the
signal was out of order.
Everyone realized that something was wrong.
At this moment, the master of the Alliance ahead was suddenly attacked.
In an instant, there were countless casualties.
The sea is soaked with blood.
"No, I'm a supreme powerhouse, there are many!"
The Sea King Palace found that there were many powerful auras ahead.
The masters of these attacks are the special team that Levi Garrison trained secretly.
There are not many people, but each is a supreme powerhouse.
What's more, Levi Garrison taught them powerful combat skills.
They had been waiting for them on the escape route that dominated the Alliance army.
Suddenly attacked and killed the opponent by surprise.

Suddenly, the loss of the army dominating the alliance increased.
They dare not move forward…
After the attack, Levi Garrison's secret team quickly evacuated, and didn't like to fight at all.
"Boom boom boom…"
At this moment, the Sea King Palace and the others were attacked by artillery fire again.
No less than the artillery fire just now.
This time Levi Garrison was also free.
All the assets of the three armies were taken out.
Covered bombing again and again.
Fighting the Sea King Palace and other forces are all dumbfounded.
They don't know where to hide.
"Withdrawal…"
Finally, under the harassment of artillery bombardment and various attacks.
The remaining forces that dominate the alliance's maritime forces are forced into a specific area.
Of course it was for Levi Garrison.
All they have to do now is to cut off their retreat and push them into this area.
Then catch it all in one go.
At present, the remaining forces are the strongest, and they are basically the supreme-level
powerhouses.
Conventional weapons can only slightly injure them, but cannot kill them.
What Levi Garrison has to do now is to gather them in a designated area.
Then use a special weapon to destroy them all at once!
This weapon is as powerful as nuclear weapons!
Just to kill the supreme-level powerhouse!
"Wang, do you immediately release the destructive weapons No. 1, No. 2, and No. 3!"
"freed!"
Levi Garrison gave the order.
At this moment, the major forces headed by the Sea King Palace were forced to a specific area
under repeated harassment.
Most of them are supreme-level powerhouses, and the number is about fifteen.
After all, it is at sea, and it is even harder to see the Supreme Powers.
This amount is scary enough.
"Why do I feel something is wrong?"

The bad premonition of a supreme powerhouse is particularly strong.
…
"Goodbye!"
The moment Levi Garrison waved his hand.
A weapon of destruction was launched…
The powerhouses of the Sea King Palace had already foreseen that the danger was coming.
"Rumble…"
At the next moment, the earth moved and the mountains shook.
It seems that the sky is trembling.
Not to mention the sea.
There was a terrible rumbling movement from the deep sea.
"Puff puff puff…"
The sea churned, as if it had been boiled.
"Wow!"
Suddenly, a fire suddenly appeared in the sky.
A ball of fire came straight towards them.
Immediately, the place was illuminated as bright as day.
Everyone panicked.
Including the supreme-level powerhouses.
The movement of this weapon is too large, and too fast, and the coverage is too wide.
It is too late for them to avoid.
Escaped dozens of miles in an instant, still within the bombing range of this weapon.
"boom!!!"
Under the gaze of thousands of people, destructive weapons fell.
It exploded instantly.
At this moment, a ball of fire expanded infinitely, completely enveloping this area.
As if to swallow the whole world.
Like a big collision between heaven and earth, at this moment, I completely lost my voice.
Everyone's ears are numb.
No sound can be heard at all.
The most terrifying thing is the sea, which is completely reduced to a sea of flames.
For a moment, I don't know how much seawater evaporated.
The sea level dropped rapidly.
A deep sea pit on the scale of a small town was formed.
Even this time the power spread to tens of thousands of meters deep in the sea.

In this area, all creatures within 10,000 meters from top to bottom are extinct!
They are densely floating on the surface of the sea.
Most of the ones that disappeared directly…
"Rumble…"
The shock wave exploded by the weapon is the most terrifying, spreading rapidly outward.
Even Long Hanzhou, the fourth line of defense, was affected.
Almost even the defensive base was overturned.
"This…what's going on? It's too loud!"
Everyone was frightened.
what's going on?
…
The center of the explosion is the area where the supreme-level powerhouses gather.
Suffered an unprecedented devastating blow.
"Puff!"
"Puff!"
"Puff!"
…
Under the power of this weapon, even a supreme-level powerhouse could not hold it.
Many were torn on the spot.
Some were smashed directly, leaving nothing behind.
In an instant, the seawater in this area was dyed red, and flames floated on the surface, forming a
strange scene.
The naval forces dominating the Alliance suffered heavy casualties…
This specially-made destructive weapon is the ultimate trump card of the Iron Brigade, and cannot
be used at the last moment.
Levi Garrison used it resolutely.
Just don't want to spend a single pawn to solve the enemy.
Minimize casualties.
"Won! Won!"
The crowd began to cheer.
This battle directly fought the enemy in the southern border too miserably.
"No, it's not over yet! There is the final net closing!"
Levi Garrison shook his head.
He knows that there are still some strong men, and this weapon can't kill them.
"Go ahead and clean up the remnants!"

Levi Garrison led the army to this area soon.
There are two to three hundred people in front of him.
Some of them were seriously injured and some were slightly injured.
Some people were slightly injured.
The one who is slightly injured is the powerhouse of the Supreme Grade Sixth Heaven.
Such a destructive weapon is actually useless against them!
The leader is impressively the sea king, the lord of the sea king hall.
They have eleven supreme level Sixth Heavenly Powerhouses.
If the people in Wushuang City knew that there were so many supreme-level Sixth Heavenly
Powerhouses, they would be scared to death.
This has to be said, dominating the strength of the alliance.
Win over the strongest from all over the world.
"Yes, it killed us!"
"But even with eleven of us, we can kill all of you!"
Hai Wang glared blue eyes and roared.
They are not telling lies.
The sixth heaven is a qualitative leap compared to the fifth heaven, and the gap between the two is
unimaginable. ..
So Sixth Heaven is the god in the minds of countless supreme-level powerhouses.
Even the use of destructive weapons with them is enough to show how strong they are.
The big Xia army who had just been excited, the smiles and expressions on their faces were
completely reduced.
Everyone knows that everyone will die if the handover is handed over.
Not to mention the use of destructive weapons on them, let alone them.
I thought it was the end, but I thought it was the beginning.
After all, we will lose.
At this moment, Levi Garrison smiled and said: "Well, these people are mine. Go and clear the rest!
The sea is full!"
"Ok?"
Levi Garrison said this.
Everyone was taken aback.
Two or three hundred supreme-level powerhouses, is he coming alone? determine?
"Wang, are you kidding me?"
Everyone was surprised.

“Am I like a joke?”
Levi Garrison roared.
“Well, an ordinary person, dare to provoke us?”
“Kill, kill everyone! Originally we didn’t intend to make a move!”
...
The sea king personally led the two or three hundred supreme class former to kill Levi Garrison.
“Who told you, I am an ordinary person!”
“boom!”
As soon as the voice fell, Levi Garrison’s momentum rose rapidly.
He is like a dragon that has been sleeping on the bottom of the sea for thousands of years,
awakening.
This momentum shook the world.
Even the aura of the destructive weapon just now made him so terrifying.
stunned.
Everyone was stunned.
Including the Supreme Warriors.
They felt a strange, terrifying, and unprecedented aura from Levi Garrison.
Perhaps it is the seventh heavenly powerhouse who has been lost and has never appeared before.
“kill!”
Levi Garrison smashed into the enemy group alone.
Wherever he went, blood spattered.
He is terrible.
No one can stop him at all!
Kill kill kill!
Levi Garrison’s eyes were red when he killed him.
Soon, none of these supreme-level powerhouses will survive.
So far.
The 400,000 army was shocked.
The word side by side king is still the word side by side king!
He is still at the top! ! !
They won the first battle in the South!
Then the army was dispatched.
There are wandering warriors everywhere on the sea.
According to Levi Garrison’s command, they avoided hand-to-hand combat and used modern
weapons to solve the problem.
It is estimated that in another six hours, the remnants that dominate the Alliance sea army will be

completely eliminated.
“You listen to my arrangements, so, so…”
Levi Garrison was idle, arranging the next plan.
“I’m going to an enemy they didn’t even think of!”
Levi Garrison smiled.
Long Hanzhou, located on the fourth line of defense, are waiting for the movement.
“It stands to reason that 400,000 people are almost half dead, so there is no information at all!”
“The big thing is bad, the big thing is bad! Come and see!”
At this time, yelling outside.
Everyone came outside.
I saw a corpse floating in the sea…
The Return of the God of War [The Protector] Chapter 1691-1700
Some are complete and some are incomplete.
There are people and monsters…
“Monster’s corpse, look! These monsters are dead! Look!”
Human corpses are commonplace and will not be shocked.
But when the corpses of those monsters appeared, everyone was taken aback.
Why were the three lines of defense in the sea broken?
The biggest reason is these monsters and sea beasts.
They are too scary and too powerful.
In their hands, too many people were killed and injured.
Even the supreme-level powerhouses like Long Hanzhou are afraid of this monster.
Unexpectedly, the corpses of these monsters are floating in groups on the sea. m.bg.
Judging from the scale of numbers, the monsters were wiped out.
So who did it?
Except for Levi Garrison’s army, who else will it be?
Could it be…
A terrible and absurd idea was born in his mind, and Long Hanzhou was startled in a cold sweat.
“God, look at these corpses! They belong to the enemy! They are not his own!”
Someone exclaimed.
Everyone carefully looked at the corpses floating on the sea, all of them were different from the
faces of Erudia people.
Skin color and clothing are different.

The sea is densely packed, and thousands of floating corpses are not from Erudia.
That's the enemy's! ! !
Seeing this, everyone looked at each other and was shocked in a cold sweat.
Their battleship came along and found dead bodies everywhere.
It's all the other party's.
"This, this…"
Long Hanzhou's mouth trembled, and his eyes were full of shock.
Did Levi Garrison and the others do this?
how come?
An ordinary person with a group of ordinary people actually killed a lot of supreme-level
powerhouses?
how can that be!
At this moment, everyone saw Levi Garrison returning from the voyage.
He stood majesticly on a battleship, the Great Xia Dragon Flag flying.
Next to it are the corpses of eleven six-layer powerhouses such as Haiwangdian Haiwang…
"This, this, this…I'm going crazy! Is he or he… still human?"
Long Hanzhou's body weakened and fell to the ground with a puff.
"The great event of the gods is not good! All the enemies in the southern sea area have been killed
by them! No one is left!"
"The most terrifying thing is that the 400,000 army has no casualties!"
At this moment, his subordinates suddenly came to report a message.
After Long Hanzhou heard it, he almost fainted.
"Aren't they ordinary people?"
Someone shouted.
"Who said this?"
Levi Garrison's majestic voice came.
After Levi Garrison arrived, the coercion dissipated, making everyone unable to stand up straight,
including the supreme powerhouse.
"Long Hanzhou, from now on, you and your subordinates will be taken over by me and obey my
orders unconditionally! Do you have any
objections?"
Levi Garrison asked with full momentum.
Long Hanzhou now understands everything and feels the terrifying aura of Levi Garrison.
Where did he dare to say a word?

“I have no objections, and I am willing to obey your instructions!”
He nodded quickly.
“Okay, leave a quarter of the people here, you take the rest with me!”
Levi Garrison ordered.
“understand!”
Long Hanzhou immediately took 20,000 warriors and followed Levi Garrison to land.
He didn’t dare to ask where to go next.
Eleven strong men of the sixth heaven were beheaded by him!
How terrible is this man in front of me?
He Tiandao said that there are six heavenly powerhouses in town, and he was awarded the title of
protector of the country.
But Tiandao Island is in this hand, I’m afraid it can be destroyed at the fingertips.
Levi Garrison took people away.
After 400,000 troops cleared up the mess, they also mysteriously disappeared…
No one knows where it is.
There is nothing else in the Southern Territory Theater except the quiet sea area.
Occasionally can smell a pungent bloody smell.
Quiet and empty.
Regarding the southern theater, especially the sea area is still covered.
The outside world has no idea what happened?
Even Messiah didn’t know.
“What’s the matter? Is the Southern Border Theater still unreachable?”
Messiah was very anxious.
“Unable to contact, the entire Southern Territory Theater has lost contact. The people we sent have
also disappeared, and there is no message
coming back!”
“The Southern Territory War Zone is not guaranteed! Levi Garrison brought a 400,000 army over,
and I’m afraid it will all be sent to death!”
……
Everyone has no hope for the Southern Territory Theater.
“What about other theaters?”
“The current situation is the best in the Eastern Frontier Theater, where the two sides are stuck. The
second is the North Frontier Theater, and the

worst is the West Frontier Theater, completely crushed! These warriors seem to be reluctant to
contribute, and they retreat under pressure…"
"Hey!"
"What can we do now? We can only actively seek support! If there are so many warriors in Erudia, if
they are united and united. I think how many
people dare to invade Erudia?"
"Isn't it, Erudia warriors are numerous, powerful, and invincible together. But everyone has
different minds, and there is no sense of belonging to the
country! Always treat yourself as an individual! It is difficult to unite!"
"Especially those evil people who don't want to take refuge in foreign enemies, they even imposed
a ban!"
"At the moment we are working hard to unite as much as we can!"
…
"Dididi…"
At this moment, the sirens sounded loudly in the Messiah base.
"Eastern Territory Theater has rushed. Our rear was attacked and suffered heavy losses! Now we
are attacked by the enemy, and we ask for
support!"
"An emergency call from the Northern Territory Theater! Our rear is under attack…"
"Western theater emergency call…"
…
At this time, all major bases and areas in the three major war zones sent urgent calls.
They were both beaten up and down.
There is no other reason.
Erudia's evil sects have taken action.
They attacked the warriors of Erudia from the rear.
Let it suffer from the enemy.
For a time, the situation became more difficult.
"Support, support, hurry up and support!"
The senior officials of Messiah shouted.
now.
The southern sea area defense line.
Ghosts and ghosts appeared one after another.
They are the supreme powerhouses of the Skull Island and Blackwater Palace, and they are

responsible for attacking the defense line of the
southern sea area behind their backs.
They formed a situation of flanking back and forth with the Sea King Palace.
They were dumbfounded just after coming here.
This sea area is quiet to death.
There is nothing.
Don't talk about people, you can't even see a fish.
strange!
It's weird!
The largest defense zone in the sea is actually undefended?
This is how the same thing?
There is also no response from the Domination Alliance.
What is going on here?
With curiosity, these wicked people continue to walk deep into the sea.
Until the first and second lines of defense.
Still no one to see.
But at this time, they saw dead bodies floating on the sea.
Densely dense, countless.
"This… what's going on?"
The evil ways are dumbfounded.
Is the war here over?
How did they not get the message?
I can't get in touch with the Domination Alliance, how did you fight this battle?
"Rumble…"
But at this moment.
Suddenly there was movement from the depths of the sea.
"It's not good, it's dangerous!"
They reacted immediately, but it was too late.
"Rumble…"
"boom!"
"boom!"
"boom!"
…
The next second, it exploded here.
Epic bombing!
The area covers two lines of defense…
In an instant, it became a sea of flames.
There are countless deaths and injuries among the evil ways.
Although the supreme-level powerhouses can hold it, they are still injured somewhat.

After all, this explosion is too powerful!
Why did it explode?
That's because Levi Garrison arranged all the delayed ammunition under the sea before they left.
When the time expires, there will be no movement in the delayed ammunition.
All evil ways will not be aware of it.
Suddenly all the delayed bombs started together, and they were caught off guard.
The point is that they don't see anyone.
"Withdraw! Withdraw all!"
These crooked ways are in fact a clumsy chopstick.
They just want to get benefits, they won't really go desperate.
Now as soon as there is a casualty, I immediately want to run.
So the hostile force behind the southern border disappeared.
If it spreads out, the other three major war zones will be unbelievable.
The battle in the Southern Territory Theater is basically over…
But what Levi Garrison didn't even think of was that there was a fish that slipped through the net.
The commander who dominates the Alliance Army in the Southern Territory Theater is not the
eleven supreme-level powerhouses, but the Southern
Master of the four masters.
He and his men were at the rear of the team at first, but they were blown up later.
Because the distance was too far, Levi Garrison was also unable to find it here.
When the South Lord woke up, he was on an unknown island.
He was bruised all over.
What makes people think is that one of the four masters is not a supreme powerhouse.
He crawled hard on the beach, leaving a spot of blood.
"I have to leave as soon as possible and tell everyone what happened in the southern border!"
"Erudia has a hole card, we failed!"
…
This is how Levi Garrison hadn't thought of it.
Now the major war zones in Great Xia are at stake.
There are constant messages of help coming.
The various battle lines suffered heavy casualties and were beaten into desperation by the enemy.
People in Erudia also began to worry about panic.

The streets and alleys are all discussing war.
This is about the future of Erudia.
worry!
Extremely worried!
People or clan forces who originally thought something was wrong also began to panic.
It's dangerous if it goes on like this.
If the fifth line of defense is also broken.
That is equivalent to Erudia opening the door to allow foreign enemies to enter.
It was the end of everyone at that time.
"Run away! Run abroad quickly!"
"Hurry up and transfer funds to overseas accounts!"
...
The big consortia and the wealthy people realized afterwards and quickly transferred their assets
and tried every means to escape abroad.
At this time, the celebrities and rich people who have fled abroad early.
Watching a play in their mansion overseas.
People who make fun of Erudia are waiting to die in Erudia.
At this time, celebrities and Internet celebrities no longer care about their fans or call their families.
They only watch the jokes of the fans and scold the fans.
"If this goes on, Erudia will be breached sooner or later! A group of fools think Erudia is their
harbor?"
"Erudia is facing a world-wide enemy situation! Soon there will be situations where other countries
will step on a foot! Erudia must not be able to
hold it!"
"Yes, how good is it to leave Erudia early? The outside world is the most exciting!"
"Look at the nationality of the Star Country now, and I have become a star country's first-line traffic
star!"
"I'm not bad, I already had a lot of fans in Dongdao, now I am from Dongdao!"
One after another, at a critical moment, quit Erudia and became a citizen of another country.
...
"Haha, I have already transferred my assets and business, and I will develop overseas in the future!"

“Mr. Zhang, you are still fast, and the transfer is clean, and I will be well soon!”
...
The rich and powerful people moved quickly, sending their families out and transferring money and
assets.
And more and more people in Erudia want to escape from Erudia.
Not only are they ashamed, they are proud of it.
Today, they all enjoy their lives overseas.
Watching the people of Erudia suffer hardships, they are in dire straits.
After all, from the perspective of the situation, Erudia will undoubtedly lose.
In the eyes of many people who want to escape from Erudia.
At this time, the War Eagle Nation, the Star Nation, the East Island, and dozens of hundreds of
countries all over the world issued
announcements. ..
They are willing to accept the people of Erudia to join them.
They opened a green channel to make it easier for Erudia people to join their nationality.
There are many discounts and benefits.
Such as providing various policies, even housing and land.
Of course there are conditions.
They warmly welcome people with social status to join.
In other words, people who are powerful, wealthy and armed.
It is the high-end crowd.
Among them, celebrities and rich people are the most popular.
Every country welcomes Erudia’s elites to join, and ordinary people stay cool.
Never accept it!
If the rich want to escape from Erudia, countries will find ways to bring you out.
Even when passing through the war zone, they all have green passes.
After the announcement of various countries, Erudia was completely boiled.
Some small and wealthy people suffer from no way to go abroad, and even no way to become a
citizen of another country.
Now it’s good, all kinds of green channels are open.
They can leave Erudia and join the country they want to go to.
For a time, more and more people left Erudia and joined other countries.

Especially those who went to other countries before, get particularly generous benefits, which
deeply attract and seduce people from other highlevel
circles in Erudia.
When they leave Erudia, not only can they escape the flames of war, they will not be displaced.
You can also earn more money and enjoy a better life.
Why not do it?
But after all, it was a small group of people who fled Erudia.
Most people are still willing to stay in this land.
Even if you die.
"Traitors! All traitors!"
...
This move caused dissatisfaction among many people in Erudia.
There is no way.
I can only watch them leave.
Jiangbei.
"You really want to leave?"
Wu Mulan and Zhao Jianguo looked at a few people with hatred of iron and steel.
"Grandpa and grandma, let's go together too! War Eagle Nation is much better than here!"
"Don't you understand the situation? Erudia is bound to lose! Run away quickly! Isn't it good to
enjoy life?"
It turned out that Zhang Wentao and Zhao Junfei were leaving Erudia.
There are also Li Songkui, Li Wenhai, and Li Wenfei who are all leaving.
Li Mengyue even found a boyfriend from the Eagle Nation.
Now they have obtained green passes from the War Eagle Nation.
The Eagle Nation specially sent a special plane to pick them up.
Li Tianhao and the old lady couldn't persuade them.
"Unfilial descendants! Unfilial descendants! You are not comparable to Levi Garrison and Zhao
Yuan!"
Wu Mulan yelled.
Zhao Yuan and the others bleed on the front line, but this group of people betrayed Erudia and took
refuge in others.
Finally, they got on the special plane.
"Grandpa and grandma have a day you regret!"
Finally, the special plane took off and left Erudia.
Zhang Wentao's mouth was full of smiles.

They are about to start their ideal life…
The fool stayed in Erudia.
"Unfilial children and grandchildren!!!"
Li Tianhao, the four old ladies roared.
Although how unbearable a few elderly people are.
But before the great justice, it was still tenable.
Fleeing the land under their feet, being a traitor, being insulted by everyone, poking the backbone,
they can't do it.
"These unfilial beasts have transferred most of their property, and Wushuang City has stolen most
of the resources specially given to us! I'm so
angry! What a shame!"
The older generation felt ashamed.
But people like Li Wenhai take it seriously, but are proud of it.
Soon after, Li Wenhai's group of people arrived at War Eagle Nation.
They were warmly greeted by the War Eagle Nation.
They are now financially strong, and everyone has the resources. m.bg.
Be treated as a guest.
The Eagle Nation specially rewarded them with a manor.
Also various news reports.
Because of the identity of Li Mengyue's boyfriend.
Li Wenhai and Li Wenfei were also knighted.
Enjoy everything in the war eagle country.
They also told Lopez and Black everything.
I want to take everyone over.
…
Based on this situation, more and more people are leaving.
Messiah had no time to take care of them.
From the perspective of the situation, Erudia is heading for destruction.
This is obviously a trick used by other countries deliberately.
Kill two birds with one stone.
Both accommodate the elite of Erudia.
It also caused the chaos and distraction of the people in Erudia.
This kind of public opinion is sometimes scarier than weapons.
Destroying the people's psychological defense is the biggest blow to Erudia.
Let most people no longer believe in Erudia, and they feel that Erudia is about to end.
Under this internal and external collapse, Erudia will really perish.
In the three major war zones, all dominating the alliance have achieved terrible records.

Before long, the fourth line of defense will be broken.
The fifth line of defense must also be a matter of time.
The Domination Alliance also deliberately declared that the world will break through the fifth line of
defense in Erudia within a week and divide
Erudia.
As soon as this message came out, Erudia became more and more panicked.
The people are living in darkness.
Before everyone's morale was high, they felt that Erudia was invincible.
But afterwards, the momentum of decline slowly appeared, and there was already a shadow in
everyone's heart.
But now, the other party directly limits the time.
It is equivalent to letting you know that there are still a few days to die.
Death is not terrible.
But when you know you have a few days left, it is the most terrible.
This invisible pressure spreads in the hearts of the people.
More spread in the hearts of soldiers.
Erudia's morale was greatly reduced.
Shows a trend of extinction.
This is the great effect of psychological warfare.
Undoubtedly let the other party play to the extreme.
Erudia at this moment cast a shadow.
Coupled with the betrayal of Erudia, the people who escaped tried their best to incite.
Let Erudia form a strong contrast with overseas.
Overseas is heaven.
Erudia is hell.
Those who live in Erudia are about to collapse.
In a base outside Erudia.
Richard, a man in a trench coat, gathered with several senior leaders who dominated the league.
"Now Erudia's major defense lines are already broken!"
"Erudia is also full of complaints, miserable!"
"The people complained more and more, and public opinion has turned Erudia into a purgatory on
earth!"
"Taking Erudia is just around the corner!"
...
Everyone is proud of what we have achieved.
Everyone smiled.

At this time, Richard smiled: "This is not enough! We need to add fire! Completely defeat the belief
of the people of Erudia!"
"Oh, it seems that Mr. Richard has already thought of a way?"
Everyone looked at him one after another.
"of course!"
The Return of the God of War [The Protector] Chapter 1701-1710
Richard smiled.
Everything is under control.
"Everyone knows that my brother Jefferson was imprisoned by Erudia!" Richard said.
"know!"
"Then next, I will send someone to rescue my brother, and rescue people under the nose of Erudia
Messiah!"
"what does that mean?"
Someone immediately said: "This means that Erudia's fortifications are useless to us, and we can go
wherever we want! Erudia's interior is empty,
and it was disintegrated by us!"
"Yes! That means Erudia is basically ours!"
Richard smiled: "Yes, nothing wrong! What would the world say at that time? What would the
people of Erudia think?"
Everyone smiled.
At that time, the psychological defense of the people in Erudia was basically defeated.
"That's not enough! Keep adding fire!"
There were flashes of cold light in Richard's eyes.
"Huh? Still more?"
Everyone was surprised.
"Which is the most important place in Erudia?"
"Of course it is the capital city! If the capital city is taken, it is equivalent to half of Erudia under
control. In terms of momentum, it can be said that
Erudia is completely controlled!"
Other humane.
Richard smiled and said: "Okay, we will send a master directly into the capital to destroy the major
institutions of Erudia directly! For example,
Messiah and the like!"
"We should destroy what we should destroy, what we should catch!"

“At some point, it can be said that Erudia will be defeated by enemies inside and outside, and it will
be completely disintegrated by us!”
Richard smiled.
“Okay! This method is great!”
“Moreover, Erudia has now dispatched all the forces that can be sent out to the war zone. The
fortification of the capital must be empty. We will
send masters to completely take the capital!”
“At that time, it can be said that Erudia has been occupied by us. I am afraid that the Erudia fighters
on the front line will defeat themselves without
fighting!”
...
Everyone admired Richard’s wit more and more.
Richard laughed and said: “Now our strength is limited, and all that should be sent out have been
sent out!”
“If you want to follow my two plans, you need to borrow someone!”
“Understand, leave this to us! Let’s borrow a master!”
...
Less than three hours.
The masters borrowed from the Domination Alliance are here.
This is borrowed from another country.
At this knot, everyone wants to step on Erudia.
Naturally, many countries have agreed to lend a master.
“Okay! The first batch of departure, be sure to save my brother unscathed!”
“Wait for the second batch of masters, it’s not time yet!”
Richard gave the order.
Qilong prison is located on the northwest plateau of Erudia.
Jefferson is being held here.
In order to prevent other things from happening.
Levi Garrison asked him to be locked up in this prison with the highest defensive factor.
He also deliberately reinforced guards.
In the ice and snow.
Soldiers are constantly patrolling.
After all, the prisoners are all murderous criminals.
On the high mountains in the distance.
Hundreds of warriors appeared wearing black clothes and carrying samurai swords.

They are masters sent by Richard.
From the equipment point of view, they must have been loaned by Dong Dao to the Domination
Alliance.
“action!”
Riding the night.
They set off.
As expected, each of them is a supreme powerhouse.
Hundreds of people came to the prison from the top of a mountain a kilometer away in an instant.
“kill!!!”
Hundreds of people rushed directly.
“Boom boom boom…”
At this moment, the prison suddenly turned on bright lights.
Shine here as bright as day.
“We have been waiting for you for a long time, welcome to die!”
The moment the bright light shines, these Higashishima samurai are shocked one after another.
All were stunned on the spot.
Everyone was dumbfounded.
It’s like someone who shines in a demon mirror with the light, and instantly shines them out of the
prototype.
Especially the sound from behind.
They were even more stunned.
Erudia had expected them to come here?
The moment the voice sounded, a group of figures appeared from behind them.
It was Long Hanzhou and the others.
On the high wall of the prison in front, Levi Garrison stood there with a smile on his face.
There was a man kneeling beside him. ..
It was Jefferson.
It turned out that Levi Garrison said that he would appear in an unexpected place, but it turned out
to be here.
He had expected that the Domination of the League would save Jefferson.
Especially the current situation and the public opinion and psychological warfare used by the
enemy.
All fit this point.
Sure enough, he squatted to the big fish.

Jefferson was about to cry.
I thought it would be completely free this time.
However, this plague god came early and had seen everything through.
“Kill them! Leave none!”
Levi Garrison gave an order.
Long Hanzhou they all rushed up.
Although there are hundreds of Samurai in Toshima, and each of them is a supreme powerhouse.
But the overall strength, or the person led by Long Hanzhou, is stronger.
It’s just crushing and killing.
More than a dozen Samurai warriors of Toshima were forced to rush into the prison instead.
A dozen people jumped onto the prison wall.
Toward Levi Garrison to kill.
When Jefferson ignited hope, he saw more than a dozen Supreme Warriors being beaten to death
by Levi Garrisonsheng with his fists.
terrible!
Terrible!
It turns out that this damn is not an ordinary person at all!
No wonder hitting yourself hurts so much?
Immediately, Levi Garrison looked at him slowly, and said with a smile:
“How courageous, dare to
come to save you? Then the punishment will be on
you!”
“Cracking…”
Levi Garrison had another painful beating at Jefferson.
Jefferson had just recovered and was beaten back by Levi Garrison.
“Go! Let’s support the Northern Territory Theater! Take him with you!”
Levi Garrison did not stay much.
Immediately led everyone to the fourth line of defense in the northern theater to support.
Jefferson wanted to cry without tears.
Richard, who is far abroad, is still waiting for information.
“It stands to reason that someone should be saved!”
Although Richard is confident.
But this is his own brother, and he is still worried.
“Mr. Richard, please rest assured, people will definitely be saved. It’s just that the terrain in the
north of Erudia is steep. It will take time to return!”
Richard nodded.
now.

The situation in the northern theater is extremely severe.
Leading the team is the Dragon and Tiger monk of the Dragon Tiger Temple, one of the four great
protectors of the country.
He practiced horizontal kung fu from the Buddhist school, and it is said that he can possess the
same body and strength as a dragon and a tiger.
Strength is the sixth heaven.
He has brought many masters, but he is not weak.
But the other party is stronger.
Now the dragon, tiger and god monk led the crowd to huddle between the fourth and fifth lines of
defense.
There is oppression by the army that dominates the alliance ahead.
There was harassment by crooked doors in the rear.
They suffered too much.
Moreover, the support sent by Messiah was intercepted by a crooked door outside the fifth line of
defense, and there was no way to get in.
After another wave of defense.
The dragon tiger god monk held a high-level meeting.
"If this continues, we won't be able to hold it for a day! There are too many strong enemies at the
sixth heaven level, and we can't hold it!"
"And those evil demons outsiders are even more hateful!"
...
They are discussing countermeasures.
The evil way is discussing how to attack them.
Nearly thirty evil sect forces are ready to attack.
As everyone knows, Levi Garrison sees everything in his eyes.
This trick is called a mantis catching a cicada, and the oriole is behind.
Levi Garrison has been here for a long time.
Under Levi Garrison's forbidden technique, everyone's breath was hidden.
Even the powerhouse of the sixth heaven could not notice it at all.
Therefore, every move of these evil sects is under the control of Levi Garrison.
In addition, the support sent by Messiah was almost wiped out by them.
They would never think that there was someone behind them.
"The dragons, tigers, gods and monks just beat us back, and they never thought that we would
attack again!"

“attack!”
…
Thousands of evil masters again quietly approached the middle area of the fourth and fifth defense
lines in the darkness. m.bg.
But what they didn’t notice was that the companions behind were disappearing one by one.
After walking out dozens of miles.
There are hundreds of thousands of people left.
But hundreds of people can be followed by a large number of masters.
That was Levi Garrison coming to them.
So the hundreds of people in front were not aware of it at all.
Keep going.
After all, you can feel someone behind.
“kill!”
After arriving at the designated location, all the evil masters rushed out.
The dragons, tigers and monks who had received Levi Garrison’s signal on the opposite side directly
attacked.
“This……”
Soon the evil masters were dumbfounded.
What’s going on here?
Aren’t they five thousand people?
Why are there hundreds of people left?
Wasn’t there a lot of people behind just now?
Looking at the back, all the people in the dark are crowded.
But there is no familiar face.
Levi Garrison smiled and said, “Kill!”
Hundreds of people were flanked back and forth.
Soon it showed a trend of decline.
However, there are more than a dozen evil masters of the Six Heavens, which are still obstacles.
Under the watchful eye of tens of thousands.
Levi Garrison beat these people abruptly.
The Sixth Heavenly Master was in front of Levi Garrison, no different from ordinary people.
Everyone looked silly.
Including dragons, tigers, gods and monks.
Erudia still has such a top master?
This is terrible!
Erudia has hope.
The morale of the soldiers in the north has risen sharply.

“From now on, you all listen to me!”
“Attack the enemy! A quick fight! Don’t give the enemy time to breathe!”
...
Under Levi Garrison’s leadership, the soldiers were as if they were beaten up with blood.
Charge forward.
It is estimated that the army that dominates the Alliance’s attack on the northern border also did
not expect it.
They will use offense instead of defense.
Will attack them all-round.
Straightforward.
In a hurry, I can only challenge.
Everyone was almost scared to pee when they played against each other.
The opponent’s combat effectiveness is too strong.
Especially the headed person.
Specialize in killing the powerhouses of the sixth heaven and the fifth heaven.
The other warriors and warriors of Erudia were led by Levi Garrison.
It is also more courageous.
Hit the opponent completely.
...
The battle lasted for five hours.
The army that dominates the Northern Territory of the Alliance is completely overthrown.
No one stayed.
They were all killed by Levi Garrison.
This is Levi Garrison’s plan.
Take it quickly.
Let the enemy overreact.
In this way, the enemy would not know that both the southern and northern war zones were lost.
Levi Garrison was able to surprise the most important eastern and western regions.
“Quickly clear the battlefield! Don’t let the message go out!”
“After all the staff rest, follow me to other places!”
Levi Garrison ordered.
Everyone was excited.
I thought Erudia was about to end.
Didn’t think that Levi Garrison would descend to the earth.
At present, the problems in the two major war zones have been resolved.

“Report King, the message has been blocked! The northern border message cannot be sent out
temporarily!”
Upon hearing this, Levi Garrison smiled.
But at this moment, a major message was released, and the whole world was terrified.
Because one of the four masters who escaped from the southern border released a message.
Revealed the truth of the Southern Territory Theater!
“In the southern sea area of Erudia, the entire army that dominates the Alliance is overwhelmed!
There is no one dead or injured in Erudia!”
“Be wary, be vigilant, Erudia has a strong hole card! It’s like a god!”
“Erudia Southern Border is defended! Dominating the Alliance is defeated! They have a super
presence that can change the situation of the
battle!”
...
As soon as the message came out, the whole world burst into flames.
Ninety-nine percent of people in the world thought that Erudia was going to fall! To fail miserably!
Especially in the sea area, it will definitely be the first to fall!
Because the southern border theater lost contact for a long time.
No information can be sent. ..
The people who went to search for the information also disappeared.
No one knows what happened in the Southern Territory Theater.
Everyone even thinks that the southern border theater has been lost.
Even Messiah thought so.
They almost gave up the Southern Territory Theater.
Thinking about other strategies.
But who would have thought that Erudia won in the Southern Territory Theater.
The entire enemy army is overthrown! ! !
An impossible thing happened!
Soon this matter was confirmed!
it is true!
Erudia in the Southern Territory Theater won a complete victory!
The whole world is bursting and boiling!
Billions of people overseas do not believe this is true!
What did Erudia win?
Especially those who have just left Erudia nationality are all dumbfounded.

Can Erudia hold it?
Avatar?
Heaven is protecting Erudia?
The moment Messiah received the message, he was completely stunned.
They didn't know anything about the situation in the southern theater.
The message was heard from the outside world?
"What's going on? The Southern Territory War Zone won?"
Messiah everyone was dumbfounded.
"Is there still no message in the Southern Territory Theater?"
"Can't Tian Dadao and Long Hanzhou get in touch either?"
…
"Still no message!"
The intelligence department shook his head.
"It's ridiculous! We won a big battle! As a result, our headquarters didn't know anything about it!"
"What happened in the Southern Territory Theater? How did you win the battle? Who on earth did
it?"
Everyone looked helpless.
A certain high-level Messiah said: "This is definitely a super master or super power! Is it…"
After he thought of something, his face changed drastically.
Others looked at him one after another: "Could it be that?"
"I can't say it yet! It needs to be verified!"
That humane.
"What should I do now?"
"First, investigate what happened in the Southern Border Theater!"
"Second, spread the message of victory in the Southern Territory Theater on a large scale to improve
the morale of Erudia!"
…
The overall victory in the Southern Territory Theater was too much for Erudia to boost morale.
The people who were originally gloomy and gloomy were instantly active, as if they had been beaten
up with blood.
Erudia's soldiers are also very encouraged!
Erudia is invincible!
Levi Garrison also received this message here.
He smiled bitterly and shook his head: "Stop pretending, I'm going to a showdown! Lao Tzu did it!"
But this ruined his plan.

Then the enemy knew of his existence.
Will be crazy against him.
The effect of the surprise attack is no longer there!
"Long Hanzhou?"
"in!"
"First, spread the news of the overall victory of the Northern Territory Theater!"
"Second, hang all the heads of all Sixth Heaven's enemies on the northern and southern borders of
Erudia! To warn foreign enemies! Erudia
is inviolable!"
Soon, the northern border line.
The heads of thirty-nine six heavenly powerhouses hung on the high wall.
The same goes for the southern border.
The super powers of the sixth heaven were all killed in the end.
The head was hung high!
What a majesty this is!
How invincible is this?
The warning is obvious!
Invade Erudia, cross the border, and kill one by one…
"Extra nickname!"
"Major news!"
"Erudia Qibing God descends to the northern battle zone to win again!
The enemy's entire army is
overthrown! The 34 forces of Erudia's crooked
door and evil ways have all been slain!"
"No enemy can escape the border!"
"The heads of thirty-eight six-layer supreme-level powerhouses are hung on the high wall!" m.bg.
"There are also eleven Sixth Heavens in the Southern Territory Theater…"
Soon, a new round of battle reports was issued.
News and media reports are flying all over the sky, sweeping Erudia.
Victory is communicated to everyone in the first place.
"Erudia is immortal! Erudia will win!"
"My Erudia army and people are united, who can defeat it?"
"The soldiers on the front are all good!"
…
Good news continued.
The overall victory of the two war zones gave Erudia enough confidence!
The people are no longer afraid, and they will find ways to support Erudia.

Messiah was stunned again.
Victory in the North?
It's just that their headquarters doesn't know anything…
No one can still be contacted now!
"No, Erudia has won consecutive victories. Both war zones have overthrown the entire army that
dominates the Alliance? How is this possible?"
"You said Erudia will not come back, right?"
"It took me a lot of effort to escape from Erudia and join Dongdao! Erudia is about to come back.
Am I embarrassed?"
…
See Erudia's continuous good news.
Those people who escaped from Erudia and quit Erudia nationality were dumbfounded.
Including Zhang Wentao, Li Songkui and a large group of people.
"No? No? We just left, we are going to win?"
Zhao Junfei's face was as uncomfortable as if she had eaten a fly.
If so.
They are embarrassed.
Li Wenhai smiled and said, "Don't worry, it won't!"
"The exact message I got is the distribution of forces that dominate the Alliance's attack on Erudia.
The forces in the South and North are the
weakest!"
"The one remaining to attack the West is the strongest! Next is the Eastern Theater! These two
major theaters may be more than ten times stronger
than the North and the South! They are the real core!"
Li Wenfei echoed: "Wrong! The Eastern Frontier Theater is the most important thing. It is too close
to the capital! Once several lines of defense in
the Eastern Frontier Theater are broken, it will immediately threaten the capital!"
"If the Western Territory Theater is opened, it is equivalent to releasing three-quarters of Erudia to
the enemy! So Erudia will not be able to prevent
these two major war areas anyway!"
…
After listening, everyone breathed a sigh of relief.
"Don't worry, so don't worry!"
Zhao Jun and the others smiled.

As long as Erudia can't stop it.
They are happy.
Their departure is meaningful.
This is the psychological thoughts of those who defected from Erudia.
...
The situation is really similar to what Li Wenhai and Li Wenfei analyzed.
The West and East are the key points!
Originally, Levi Garrison could surprise soldiers and hit them by surprise.
But now, the forces that dominate the alliance in the east and west also know that Erudia has a
super power.
They are already prepared.
Richard and the others have strengthened their power to dominate the alliance.
All the cards that should be played have been dealt out.
In order to target the surprise soldiers led by Levi Garrison.
Now dominating the Alliance, Messiah, and even the whole world are speculating.
Where will the surprise soldiers led by Levi Garrison attack next?
East or West?
The Return of the God of War [The Protector] Chapter 1711-1720
Everyone is guessing and analyzing!
Ninety-nine percent of people guessed that they would meet Fu Dong Jing!
First, the Eastern Frontier Theater is too close to the capital, and the threat is too great.
Secondly, the Eastern Frontier Theater dominates the Alliance slightly weaker. According to Levi
Garrison's previous attacks on the Southern and North
Frontier Theaters, they all went from weak to strong.
Third, the dominating alliance in the Western Theater is too strong and too strong! It can't be
captured in a moment! Even said it is invincible!
...
As a surprise team, how can we pick soft persimmons!
The Eastern Territory Theater is the first choice!
With four or five lines of defense in the Eastern Frontier Theater, Xiao Feng and the others were
completely trapped by the enemy.
Not only that, the enemy has also increased its strength.
They are even more uncomfortable.
Up to three more days.

However, Xiao Feng raised his mouth and said with a smile: "Don't worry, brothers! Reinforcements will be here soon!"
Hearing the news of the victory in the Northern and Southern Territory theaters, Xiao Feng knew that it was Master Levi Garrison.
Through his analysis, Levi Garrison will definitely come to the Eastern Frontier Theater next, and after he has cleaned up the enemy, he will fully attack the Western Frontier Theater.
So he firmly believes that Levi Garrison will come soon.
Even in this situation, he was full of confidence with a smile on his face.
Everyone was encouraged and turned from defense to offense…
The situation is much better.
But what no one thought was that after Levi Garrison finished fighting in the Northern War Zone, he took Long Hanzhou and Dragon Tiger Divine Monk directly to fight in the Western War Zone.
According to Levi Garrison: meet on a narrow road, the brave wins!
Now it's a showdown!
The other party has known about you guys a long time ago, and they have deliberately defended and targeted.
Going to the surprise attack again, it doesn't make any sense.
dry!
You have to fight them head-on!
Anyway, if you want to win, you have to defeat both the Eastern Theater and the Western Theater!
Which one to choose has no meaning!
Pick the one that is close, and pick the strong one!
This time.
Levi Garrison led the people to no longer hide and attack directly.
*It's all f*cking f*cking!*
Breaking the conventional thinking will be a bit miraculous.
Li Zhengguo and Xu Zhengjie in the Eastern Frontier Theater were ready and waiting for Levi Garrison to come.
Xu Zhengjie was even more excited: "The thousand energy boxes I have stored will also come quickly!"
In order to improve his position in dominating the league, Xu Zhengjie directly took out his hole

cards.
A thousand energy boxes are almost all belongings.
"Okay, now everyone thinks that your killing weapon is invalid! Your killing weapon is reserved for
Erudia, a wonderful army!"
"Hahaha…"
Everyone laughed.
The Sanxing Group and other major forces have long been arranged.
Just waiting for Levi Garrison to come…
Western theater.
The strongest forces on both sides are located here.
It was also the hardest hit.
Both sides suffered heavy casualties, especially Erudia's side was crushed and beaten, and the
damage was even greater.
Weeping all over the place ceaselessly.
At this time, the field medics came in handy.
Timely treatment and rescue can reduce a lot of losses.
On the battlefield, many doctors in the field are active.
It is mainly based on the family of medical kings and other major ancient medical schools.
It's a battle of warriors now.
It is difficult for modern doctors to play a role…
Ancient medical techniques can quickly stop the injury and restore your combat effectiveness in the
shortest time…
This is the advantage of the family of medical kings.
This allowed them to fight with the strongest core that dominates the alliance. So far, the fourth
line of defense is still completely defeated.
On the battlefield, there was a familiar figure.
It turned out to be Abigail.
After the wedding stopped, she followed to the battlefield.
Seeing more and more casualties, Abigail was also desperate.
The Western Territory Theater is really a purgatory on earth.
The war zone with the most casualties.
If it weren't for medical skills, the magical medicine would hold on.
The fifth line of defense in the west has long been broken.
The opponent is too strong and too strong.
One offense is stronger than one!
There are harassment and oppression by evil people in the rear.
The medical king family has already lost half.

They can hold on for two more days at most, not as good as the Eastern Territory Theater.
"Isn't Messiah's reinforcements coming?"
The doctor king looked depressed. ..
He was also covered in blood.
The old man is extremely powerful.
Just one person killed two Sixth Heavenly Powerhouses and eight Five Heavenly Powerhouses.
"Now Messiah's reinforcements are all stopped by the Huangquan Temple and the evil sects of the
Blood Demon Temple, and they can't come
to us at all!"
Wang Qingyu was even more depressed and said, "Grandpa, I said that I shouldn't have come! We
worked hard for them in front! It's not worth it!"
"That's right, if the Doctor King continues to fight like this, we will all be fooled! I still don't even
figure it out now, why are we here desperately?"
"We are all supreme beings of both medical and martial arts, so why do we work hard for ordinary
people?"
...
Hearing everyone saying this, the doctor king's face was extremely gloomy.
How powerful the other party is, they know better than anyone else.
If this continues, they will all have to die!
"Wrong, there are reinforcements! A surprise attack on the North and South theaters! But after all,
it was a surprise attack. You don't need to think
about it. What is the use of a small force against the army of the Upper West? Not to mention that
people are now fortified and are preventing your
attack! "
Someone immediately said.
Wang Qingyu echoed: "Yes, it's wrong! What's more, this atrocious soldier must go to the Eastern
Theater first! Let alone how powerful the enemy
is in the Eastern Theater, even if this atrocious soldier succeeds, it will take a long time. , We were all
destroyed by then!"
"So no matter what, we are a dead end!"

“The meaning of our existence now is to extend the time for Erudia and block the most powerful enemy!”
...
After Wang Qingyu analyzed the results.
The audience was silent.
“In other words, if we stick to it, it will be a dead end!”
“Wrong!”
*“The f*ck, I won’t do it! I didn’t want to come! It’s not worth working for Messiah, for the ordinary people!”*
“Yes, I quit!”
“I don’t want to die!”
...
“Then what do you say?”
The majestic voice of the Doctor King sounded.
Wang Qingyu thought for a while and said: “Just surrender! Just store our strength! Even though our interests are greatly damaged, most of our strength can be preserved in this way!”
“Yes, I think Grandpa is right! Many forces in Erudia choose to protect themselves, just to store their strength!”
“If you think about this battle, it actually doesn’t have much to do with us. The big deal, we suffer a loss. No matter how hard it is to be bound by the covenant of the gods?”
“Also, in case we surrender and receive more favorable treatment, it is not impossible!”
The Doctor King sighed and said: “I’ve heard about this. The Domination Alliance is composed of warriors from the major forces. What they want is to divide Erudia. If we join in, it will be the same!”
“If you want to surrender, dominating the league is definitely welcome. After all, we are also very strong!”
“What do you think of the King Doctor?”
Everyone on the scene looked at the Doctor King.
After hesitating for a moment, the Doctor King gritted his teeth and said: “Okay, then surrender and join the Domination Alliance!”
“Okay! Surrender is the most wise choice!!!”

Almost all the supreme-level powerhouses present cheered and exclaimed. The Doctor King glanced at everyone and said: "Surrender, no, whether to join the Domination
Alliance or not, it is up to everyone to vote!"
"I agree to join the Domination League!"
"I also agree to join the Domination League!"
...
Soon, dozens of senior officials expressed their opinions.
Almost everyone agreed to surrender.
"I don't surrender! There is no word for surrender in my dictionary!"
"Yes, it's too shameful to join the enemy army, I can't do this, Lei Baiqing!"
"It's wrong, no matter what, I, Li Taishan, can't betray Erudia and my ancestors!" m.bg.
...
But there was still a different voice.
There are still warriors who understand the righteousness and love Erudia.
Although there are only a few digits, there are always some.
"Lei Baiqing, Li Taishan, you are crazy! If you don't join the Domination Alliance, you will die!
Everyone will die!"
"Is it worth working hard for ordinary people?"
...
Several people from Wang Qingyu scolded immediately.
Everyone looked at a few people as if they were looking at a fool.
Li Taishan smiled and said, "I don't know if it's worth it! But there is blood flowing in my body! I am
all loyal in my bones! I will not betray my
ancestors!"
"Wrong! As long as we live, we won't give up the land under our feet!"
...
The tough statements of several people drew the support of their men.
But in Wang Qingyu's eyes, such behavior is very stupid and brain-dead.
"What age are you still talking about betraying your ancestors!"
"Anyone who knows the current affairs is a brilliant! If you don't know your mind, you have to die,
and we have no way!"
"Let's join the Domination Alliance, you just wait to die!"
...
The medical king family and other forces decided to abandon Lei Baiqing and them to join the

Domination Alliance.
The Doctor King even ordered: "Qingyu, take a few people to discuss with the Domination Alliance
to show our sincerity!"
"Okay, Grandpa, I promise to complete the task!"
Wang Qingyu was already overjoyed.
They are finally out of danger.
"Things that betray the ancestors, you must die!"
"Traitor, a group of traitors! You are not worthy of being Erudia people!"
Lei Baiqing shouted angrily.
Wang Qingyu smiled and said, "You are just stubborn. When death comes, will you still be stiff?"
"Shameless, traitor!"
"The ancestors are going to be ashamed!"
Several people roared.
"Good scolding!"
"How can you be traitors? How can you betray your ancestors?"
A cold female voice sounded.
Abigail came to the court.
He just heard that Wang Qingyu and the others were about to surrender, but she still didn't believe
it.
The family of medical kings was crowned king.
Even Wang Qingyu is a protector of the country.
How can you surrender.
After coming here, she was disappointed.
Is this the person she is going to marry?
"Abigail, what is betrayal? This is what is known as a wise man! What is surrender? We are only
negotiating to join in cooperation. We are just
storing our strength!"
"Originally, this matter has nothing to do with us! Look at how many ancient forces there are in
Erudia to protect themselves? To put it bluntly, it
doesn't matter much! We can fight, and we are all benevolent! Those ordinary people who love to
protect whom Go!"
"Not only do we join the Domination Alliance, you also have to join!"
Wang Qingyu said.
Abigail immediately shook his head: "No, I won't surrender with you!"
"I am a big summer, how can I join the enemy camp! Impossible!"
Abigail was resolute.

Wang Qingyu sneered coldly: "That's not up to you!"
"You are my woman, the husband sings and the wife accompanies you, wherever I go, you have to
follow it! Come here, look after Abigail! I'm
going to dominate the league!"
"Do not……"
"I do not……"
Although Abigail tried his best to refuse.
But still controlled by the other party.
Dominate the base camp of the Alliance West Theater.
Richard and all the top executives are here.
Everyone is discussing the next step.
Hearing Wang Qingyu surrendering with sincerity, Richard and others all smiled.
Unexpected, also expected.
When he saw Wang Qingyu, Richard smiled: "There are still smart people! Everyone can cooperate.
Why do you want to be opponents and
sacrifice in vain?"
"Haha, we all figured it out. Want to join the Domination League!"
"But we have the conditions…"
Wang Qingyu explained the conditions for surrender.
"These conditions are too easy for us, so let me promise, when Erudia is captured, you have the
qualifications to carve up Erudia! If you want land,
you want land, and you want resources, resources!"
"After all, Erudia has a lot of resources, and it is difficult for us to eat! It's not bad for you!"
"I can also give you a contract, a promise guarantee!"
…
In the end, Wang Qingyu hit it off with Domination Alliance.
Tens of thousands of thousands of forces, including the medical king family, have chosen to join the
Domination Alliance.
Wang Qingyu brought the message back for the first time.
"Haha, it's great, it is full of sincerity to dominate the alliance. Join them, we will get more
benefits!"
"Are you sure you won't be with us? We want to drink spicy food, you can only wait to die!"
The King Doctor also asked Li Taishan several people.
"Traitor, traitor!"

“We are not ashamed to be with you!”
“Guys who betrayed the ancestors, hurry up! You will not end well!”
Lei Baiqing said angrily.
The traitors laughed.
They looked at Lei Baiqing and the others mockingly: “Who is it that ended up worse? Hahaha! Wait for your death!”
Wang Qingyu came to Abigail deliberately and smiled: “Let’s go, follow me to join the Domination League!”
“Bah, what qualifications do you have? Get out, I don’t want to see you!”
Abigail scolded.
“You are my wife, of course you have to listen to me!”
Wang Qingyu smiled.
“When am I your wife? None of the weddings were successful!”
Abigail was unwilling in every possible way.
Wang Qingyu smiled greedily: “From the moment we held the wedding, I believe that you are my wife. No matter how far the wedding goes, you are my wife!”
“In this life you don’t want to get rid of me, wherever I go, you have to follow wherever I go! From now on, you will also be the one who dominates the alliance. Don’t talk about surrender and traitor!”
“Go, let’s go!”
Abigail struggled wildly.
But it’s not of any use at all.
Wang Qingyu was dragged away abruptly.
Soon, tens of thousands of people surrendered and joined the Domination League.
The Domination Alliance held a grand welcome ceremony.
Between four and five lines of defense.
There are only dozens of forces led by Lei Baiqing and others.
They add up to only a few thousand people.
Next, thousands of them guard here.
The situation is unprecedentedly difficult.
“Even if my brothers die, we must guard!”
Lei Baiqing and others are ready to sacrifice.
Even if they die, they are at least worthy of their ancestors!
In this era, interests are paramount and money is paramount.
But there are still some things.
For some “ridiculous” beliefs, some people are willing to sacrifice…

The medical king family and other forces joined the camp to dominate the alliance.
At first they were quite scary, and they were always vigilant.
They are afraid that as soon as they join the Domination Alliance, the opponent will immediately
kill.
Get rid of them completely.
But soon everyone discovered that worry was unnecessary.
The Domination League welcomes them to join. ..
Of course, dominating the alliance consumes a lot of money, and if there is one less enemy, one
less.
The King Doctor led everyone to meet Richard and them.
"Huh? Ordinary people?"
Seeing Richard, everyone was shocked.
No matter how hard it is to think that the person in power who dominates the alliance is an
ordinary person.
unimaginable.
It turned out that it was ordinary people who controlled hundreds of thousands of warriors and
millions of troops to fight.
Not long ago, I heard that ordinary people have invented weapons that can kill the supreme-level
powerhouses.
Are ordinary people so scary?
Co-authored, the warriors who destroy the world are all chess pieces.
It is ordinary people who control everything.
Hearing this, Richard smiled and said: "I am indeed an ordinary person! But I can become a martial
artist in minutes!"
Richard relies on technology.
As long as he presses the watch, he immediately becomes an existence similar to Iron Man.
The whole body is the most powerful mecha.
There are even reactors.
Possess a powerful attack and defense.
Moreover, Richard is not at the helm.
He is also a chess piece.
He comes from one of the most mysterious laboratories in the Warhawk Kingdom.

His younger brother Jefferson had his body mutilated by the bombing, but he relied on the
technology of this laboratory to come back to life…
The establishment of the Domination Alliance is the common will of this laboratory and other
figures.
Richard and the others are just concrete pawns.
Hearing what Richard said, the warriors were shocked.
Can an ordinary person compete with them in an instant?
Not even the most powerful magic medicine of the family of medical kings.
"I'm glad you can join the Domination League!"
"Does everyone see our sincerity?"
Richard asked.
"I see, the sincerity is too much!"
The Doctor King was even arranged to be one of the helms of the Domination Alliance.
"It's time to show your sincerity!"
Richard smiled.
"Huh? How to show it?"
The doctor asked.
"I have no choice but to surrender, pretend to join us and attack us from the inside, should you
work together inside and outside?"
"No, how could we be fake!"
…
Everyone immediately retorted.
Richard smiled: "Then you have to take some practical actions to see!"
"There are still people guarding the fourth line of defense, right?"
The Doctor King nodded their heads: "Well, someone is guarding!"
"Do you know how many people are left and the distribution of strength?"
"It couldn't be clearer!"
Wang Qingyu nodded fiercely.
"To show your sincerity, let you get rid of them! This is simple, right? With your strength, the battle
will be resolved within an hour!"
"what?"
The Doctor King and the others were taken aback.
They surrendered without hesitation.
But going to kill those compatriots who are fighting side by side is a bit unbearable.
"This is your task, and it is also your first battle to join the Domination Alliance! Think it over!"

Richard couldn't help but excite when he saw everyone hesitate.
"Okay, leave it to us!"
Wang Qingyu agreed
The Return of the God of War [The Protector] Chapter 1721-1730
A brutal touch flashed across Wang Qingyu's face.
Those who do big things have to be cruel.
This is his consistent principle.
Although he came from a medical family.
But medical skills can save and kill people.
Over the years, Wang Qingyu has mostly cultivated murderous medicine.
Wang Qingyu agreed.
The Doctor King also had to agree.
"Well, that's right! Let us feel sincerity, so that we are a family! Prepare as soon as possible! I only
give you half a day!"
Richard left with a smile.
They began to consider their next plan.
After all, the Western Territory has already been taken.
The Doctor King and the crowd fell into depression.
Lei Baiqing's death is certain.
They didn't think they were going to kill.
No matter how shameless they are.
But when they really went to kill these acquaintances, they were also very entangled in their hearts.
For example, when Lei Baiqing insulted their traitors and betrayed their ancestors, it was still
irritating to them.
...
"I can't bear it, I can't help it!"
The medical king was embarrassed.
"Grandpa, kill it! If you don't kill them, we may die! This is the Domination Alliance to test us!"
Wang Qingyu's eyes were full of killing intent, showing no mercy.
"Grandpa, you can't bear it, let me lead the team!"
Wang Qingyu is eager to perform meritorious service and can't wait.
"it is good!"
In the end, it was decided to let Wang Qingyu lead the team to remove it.
"Wang Qingyu, you are a beast! You not only surrendered and betrayed, but you also want to kill
your own compatriots. Do you have a good
conscience?"
Seeing makeup, Abigail also cursed.

Wang Qingyu smiled and said, "Abigail, you are also a traitor yourself! You also have your share of
the credit for killing them! You can't escape!"
"You…you really can't die!"
Abigail wanted to cry without tears.
But she has no way.
Once the message goes out.
She is also a traitor to Erudia!
She couldn't prove it to herself at that time.
"Abigail, you are getting worse and worse. If you do this, I will kill your brother-in-law and them all!
You also understand that Erudia will be
breached!"
Wang Qingyu smiled arrogantly.
Abigail was silent.
After she came to dominate the alliance base camp.
Really feel their power.
They have too many cards.
What I saw before was just the tip of the iceberg.
Erudia may really not be able to hold it…
now.
The army led by Levi Garrison was on the way.
"Bao, Wang, and most of the family of medical kings have already turned to dominate the alliance!
Now only a few thousand people remain on the
fourth line of defense!"
The spies ahead sent the message.
Upon hearing this, Levi Garrison roared: "Damn, these traitors!"
"Yes, the scum of the medical king family, I really look up to them!"
"We hurried to clear the door and kill this group of traitors!"
…
The act of surrendering is not ashamed of everyone.
All eyes were red, trembling with anger.
Skills are not as good as people can.
It's okay to be weaker than the opponent.
How can you surrender?
It is still being named the King of Medicine and the Existence of God!
"Okay, speed it up! I personally educate these bastards!"
Levi Garrison was also very angry.
The fourth line of defense.
Thousands of people including Lei Baiqing and Li Taishan guarded.
There was no one talking in the huge scene.

They are waiting to die.
Everyone has a look of death at home.
"Rumble…"
Soon after, they heard the shaking of the earth and the mountains.
Obviously, the enemy is coming.
"All are ready to fight!"
"We will not leave the battlefield alive!"
Li Taishan and Lei Baiqing shouted.
"Aside from the nickname, something big has happened in the Western Territory Theater!"
"The medical king of the family of medical kings and dozens of great forces brought tens of
thousands of warriors to surrender and join the
dominance alliance!"
"At present, there are only a few thousand people in the West Frontier Theater, and within a long
time, the West Frontier Theater will definitely fall!"
"The five lines of defense in the western theater are broken. Due to the special terrain, it is
equivalent to opening the gates of Erudia to allow foreign
enemies to invade!"
"Erudia is going to fall! The fifth line of defense in the west is broken, which is equivalent to half of
Erudia being taken down!"
"If the fifth line of defense in the Eastern Frontier Theater is breached again, or something goes
wrong with the capital. The entire Great Xia is at
stake!"
…
Soon the medical king family took tens of thousands of warriors to surrender and betrayed
throughout Erudia and the world.
Erudia, who had been so arrogant, was heavily poured with cold water.
Silence!
Everyone in Erudia, whether it was Messiah or the people, was dumbfounded. m.bg.
Such as falling into the ice cave.
The morale went down in an instant, and it sank to the bottom.
Sure enough, the North-South theater is not important at all.
The important thing is the Eastern Theater and the Western Theater.
These two major war zones can truly threaten the safety of Great Xia.
Sure enough, what is the most afraid of…

Now the western border is equivalent to being lost.
Next, I am afraid that the Eastern Territory Theater will not be able to hold it.
The darkest and most difficult moment of Erudia has arrived.
Erudia was immersed in the suffocating atmosphere one after another.
No one even scolds those traitors…
To no avail.
Now I can only wait silently for the coming of destruction.
For a moment, no one was seen on the street.
All walks of life have stopped.
Everyone is quietly waiting for that moment to come.
Even a child knows what it means to be defeated in the Western Frontier Theater.
"Think of a way! This is really over!"
"Now we can't get in touch with that amazing soldier!"
"It doesn't work if you get in touch, they must have gone to the Eastern Frontier Theater!"
…
Messiah was also at a loss.
The current situation in Erudia has completely boiled overseas.
Countless people are laughing.
Among them are traitors like Li Wenhai who ran out.
The worse the situation in Erudia, the more it shows the significance of their escape.
Dominate the alliance base camp.
Wang Qingyu brought the army and pressed over.
Know the defensive deployment of the opponent, and even the details to each person's combat
strength.
Therefore, Wang Qingyu's expression was relaxed, and he didn't panic at all.
He also deliberately brought Abigail.
He wanted Abigail to participate in this matter all the way.
At that time, she couldn't argue, she couldn't get rid of it at all.
"Wang Qingyu has a seed, so let me go!"
Abigail scolded.
"Abigail, curse, and soon you will stop cursing! After this battle is over, our message will quickly
spread throughout Erudia and the world. At that
time, everyone knew that you Abigail was Erudia's traitor! "
Wang Qingyu told Abigail a fact.
Abigail was silent immediately.

At that time she will bear the name of a traitor.
I am afraid that immortality will not be able to step into the great summer.
Wang Qingyu is too insidious!
Abigail was completely chained to death.
I'm afraid it's hard to get rid of…
Soon, Wang Qingyu led the army to the fourth line of defense.
"I really didn't expect it to be a group of you traitors! You are the traitors, you are the puppet
army!"
Seeing Wang Qingyu and others, Li Taishan, who had a fierce temper, had already scolded them.
"It's a pity, I'm not willing to die in the hands of these thieves!"
Everyone is unwilling.
"Suicide! Don't force me to do it myself!"
Wang Qingyu smiled.
"Little boy who gives you the courage!!!"
Suddenly there was a loud shout, like a billowing thunder.
"Buzzing…"
Everyone's ears roared.
Everyone was shocked!
Even the ghost appears in front of me.
One can imagine how terrible this sound is.
I don't know if Abigail is confused or what, hearing this voice feels a bit familiar.
"Look! Look!"
The next moment, Wang Qingyu's subordinates exclaimed.
Because on the top of the mountains on both sides, there were a number of figures.
Bring them inexplicable threats and pressure. ..
Everyone just felt short of breath and extremely depressed.
"This……"
Wang Qingyu's face changed drastically.
He has a bad feeling.
The right eyelid began to jump wildly.
"Who are they?"
This is the question of everyone Wang Qingyu.
After holding their positions, Li Taishan and Lei Baiqing looked at each other, and suddenly burst
into laughter.
"Brothers, reinforcements are here! Our efforts were in vain!"
"Brothers follow me to prepare and fight back with the reinforcement brothers!"

...
Thousands of people's blood was completely ignited, wailing one by one.
Standing on the top of the mountain.
Levi Garrison's eyes were cold.
The tens of thousands of troops led by Long Hanzhou and Longhu Divine Monk are looking forward
to it, waiting for Levi Garrison's order.
"He who betrayed my Erudia, kill!"
"Those who kill my compatriots must kill even more!"
"Send my order, kill, kill, kill! Don't keep one!"
...
"kill!"
"kill!"
"kill!"
Give an order.
Tens of thousands of warriors from all directions madly killed Wang Qingyu and the others.
"This……"
Wang Qingyu was instantly dumbfounded.
In fact, he didn't bring many people.
Only one-third of all forces, 20,000 people.
It was more than enough to deal with Li Taishan and the thousands of people.
But who would have thought of this unexpected situation.
"No! It's Great Xia Qibing! They didn't go to the Eastern Territory Theater, but came to the Western
Territory!"
"Withdraw, let's withdraw quickly!"
Know that the opponent is powerful.
Wang Qingyu quickly evacuated with people.
But will Levi Garrison give him a way to survive?
will not!
He had sealed his back road long ago.
"kill!"
"boom!"
"boom!"
"??!"
...
Soon, the two sides fought together.
When everyone treats the traitor, they kill it!
Coupled with all the advantages, Wang Qingyu kept falling in a pool of blood.

Everyone was blushing.
Especially in the face of these traitors.
Even more merciless.
One knife.
One sword.
Punch.
…
There were screams everywhere.
In particular, Li Taishan and others were the most angry, venting their grievances on the traitors.
"Surrender, surrender, we surrender!"
"We regret it!"
To the back, the traitors knelt to the ground one after another, no longer struggling.
Li Taishan and the others hesitated.
"kill!"
"Treat the traitor, kill without mercy!"
From behind, Levi Garrison's cold voice came.
"Puff!"
"Puff!"
The people continued to slaughter.
In the blink of an eye, there were less than a hundred of 20,000 people left.
"Hold on!"
"If you dare to kill me, my grandfather and the family of medical kings will take revenge on you
frantically!"
"You also understand the gap with Dominating the Alliance! You will not end well!"
"If you don't kill me, you can take me hostage…"
Wang Qingyu began to negotiate.
In order to survive, he gave it up.
"This……"
Li Taishan and the others stopped.
Reality broke a basin of cold water for them.
Although this squad is here.
But facing the dominance of the alliance, it is still too weak.
They have to consider for the next.
If Wang Qingyu were to be held hostage, the situation would definitely be better.
"Wang Qingyu is stinky and shameless!"
At this time, Levi Garrison came over.
Hear this voice.

Both Wang Qingyu and Abigail trembled fiercely.
So familiar.
this is not?
When they saw Levi Garrison, both of them were frightened.
Li Taishan and Lei Baiqing were also taken aback.
Before, they also went to the wedding of Abigail.
Also know Levi Garrison.
They didn't even think that it was Levi Garrison who led the auspicious soldiers.
"It's him?"
Li Taishan also inquired of the Dragon, Tiger, and God monks. m.bg.
"Wrong, it's him!"
"He led us to win the North and South war zones!"
"I saw with my own eyes that he slaughtered more than 30 powerful men of the sixth heaven!"
...
Dragon, tiger, gods and monks still have lingering fears when they talk about it.
He gasped again and again.
"So scary?"
Li Taishan's expressions changed drastically.
...
"It's you?"
"Brother-in-law?"
When everyone saw Levi Garrison, their reactions were quite different.
Abigail was surprised and delighted.
hope.
She saw hope.
Wang Qingyu was all shocked.
I saw that Levi Garrison walked towards Wang Qingyu step by step.
"It's really shameless, being a traitor! You even came to kill your own compatriots! How did you do
it?"
Levi Garrison sneered.
Seeing Levi Garrison approaching, Wang Qingyu suddenly raised the corner of his mouth, and a
vicious look flashed across his eyes.
"kill!"
He suddenly attacked Levi Garrison, trying to kill him.
"boom!"
But what he didn't think was that Levi Garrison had disappeared before his eyes.

“boom!”
“??!”
…
There was a sound of cracking bones.
Wang Qingyu fell to his knees.
A heart-piercing sound came.
His right leg was broken.
“You, you…you are not ordinary people!”
Only then did Wang Qingyu realize the problem.
“boom!”
Levi Garrison slapped his face again.
In an instant, Wang Qingyu’s cheeks were bloody, and all his teeth flew out.
Abigail was pleasantly surprised.
Sure enough, brother-in-law is not an ordinary person!
She is so stupid!
Still thinking about saving him and marrying Wang Qingyu.
Too stupid.
“kill!”
Levi Garrison gave an order.
Soon, all the remaining traitors were killed.
Only Wang Qingyu and Abigail were left.
“Abigail, I want to kill him, you won’t stop me, will you?”
Levi Garrison asked.
After all, he is Abigail’s fiance.
“Abigail save me, I’m your husband! Please don’t let him kill me, brother-in-law!”
Wang Qingyu became anxious.
Abigail looked ruthless: “Brother-in-law, kill this culprit! I have nothing to do with him!”
Levi Garrison nodded: “Okay, I will kill him. But not now!”
Li Taishan everyone immediately came up: “It turns out to be the king of the word side by side!”
“Now with your support! The Western Territory Theater can continue to defend again! It’s great!”
…
Everyone smiled.
But Levi Garrison asked, “Who said he was going to defend it? Pass my order to launch a frontal
attack on the Domination Alliance Base Camp!”
“what? What?”
“This……”

“Am I dreaming?”
…
The language is not surprising and endless.
Levi Garrison said this.
Everyone was dumbfounded.
Not defending and counterattack?
Just rely on this person!
Or is it a frontal attack?
crazy!
Completely crazy!
Those who are familiar with Levi Garrison’s style have a calm face.
They understand that there is no defense in Levi Garrison’s dictionary, it is completely offensive.
“Listen to the king’s command and launch a frontal attack!”
I saw Dragon Tiger God Monk and Long Hanzhou actively carrying out Levi Garrison’s orders.
“is this real?”
“I, I, I…”
Li Taishan and their mouths trembled.
Never thought of an offensive day…
Even if the team is integrated and moved forward.
They are still dreaming.
His mother seemed to be dreaming.
Is this an offense?
The enemy is dozens of times stronger than them, or even hundreds of times stronger.
Still attacking?
There are a lot of evil ways behind.
This dare to attack.
We are getting closer and closer to the base camp of the Dominating Alliance, and everyone is now
fully awakened.
They are doing something crazy-offense.
Dominate the alliance base camp. m.bg.
Everyone didn’t even take this matter to heart.
Thousands of people have not been wiped out in minutes.
At this time, everyone was taken aback when they heard the movement outside.
“Huh? So fast? You can’t use it for half an hour, right?”
Everyone wondered.
Although Li Taishan has only a few thousand people, they can at least last a long time by virtue of

their tenacity.
It's too fast to solve in half an hour.
"boom!"
"boom!"
"boom!"
…
At this moment, waves of shaking and shaking occurred in the base camp.
Hundreds of balls were thrown into the base camp that dominates the league.
After landing, everyone was almost frightened to death.
Hundreds of spheres were bloody heads.
"This, this…"
"This is my master! This is my senior brother! This is our people! What's wrong?"
Soon, people from all major forces in the medical king family recognized these heads.
"The big thing is bad, the big thing is bad!"
"Hurry up, the big thing is not good!"
…
All of a sudden, the base camp dominating the alliance was in chaos.
The medical king, Richard and other senior officials heard the movement.
All rushed out.
I was also taken aback by the head on the ground.
"Something happened, it looks like something happened to my grandsons!"
The medical king quickly reacted.
Richard looked surprised: "No, don't you say that the other party has only a few thousand people?
How could it be possible?"
"I don't know, I don't know what happened, but something definitely happened."
The King Doctor started to be anxious.
Just as the decision was being made, a very penetrating voice came from above the mountain top in
the distance.
"Dominate the alliance quickly surrender, and spare you not to die!"
"I will dominate the alliance, I will do your ancestors, dare to invade Erudia, and look for death!"
"Open the base camp quickly, everyone kneels on the ground and surrenders, otherwise we will
attack frontally!"
…

Hear all kinds of threats.
Everyone in the Domination Alliance was dumbfounded.
Isn't his mother crazy?
Let them surrender?
Your brain was kicked by a donkey, right?
Can't see the situation clearly?
Can't figure out your situation?
Still attacking frontally?
Richard laughed.
"Go, prepare the army, let's go out and see who is clamoring!"
Soon, hundreds of thousands of troops to dominate the alliance are ready. The remaining 50,000 people from the medical king family and other forces also joined the group.
Open the base camp together and set off.
A piece of black and heavy, spread out overwhelmingly.
Hundreds of thousands of people have almost filled this huge terrain, and there is no gap at all.
Li Taishan on the other side took a sigh of relief when they saw it.
The opposite is too scary.
Hundreds of thousands are still martial artists.
Even the powerhouses of the five heavens and the six heavens are everywhere.
How to play this?
Before they relied on the terrain, so many enemies could not spread out, and they could only attack
by tens of thousands at a time, and they could
temporarily delay their attack.
But now all the enemy's army can be spread out.
this is too scary.
When the dominating coalition army saw that there were only tens of thousands of people shouting
in the distance.
They are all happy.
"The egg hits the rock?"
The Return of the God of War [The Protector] Chapter 1731
Richard smiled and said, "Erudia has an idiom, called Mantis arm as a car."
"Today I finally understand this idiom."
"Unsurprisingly, it should be Erudia's recent active army. They didn't go to the East Territory Theater,
and they came to the West Territory."

“Haha, anti-routine. It’s a pity that our strength in the Western Territory is too strong. He can’t use
surprise attacks. It’s useless at all.”
“Now it’s changed from the frontal attack, relying on these people? It’s ridiculous!”
…
After clarifying the situation.
The Domination Alliance laughed.
In their opinion, Levi Garrison’s offense was a very stupid act.
Not only did they think that, but Li Taishan, they couldn’t believe it.
“Grandpa save me!!!”..
At this moment, a voice came.
“What? My grandson?”
“Qingyu!!!”
The Doctor King and his family couldn’t help it.
It’s all crazy.
The mountain top in the distance.
Wang Qingyu knelt on the ground.
A black saber was standing right around his neck.
Wang Qingyu screamed frantically.
“Grandpa save me, they want to kill me!”
…
The King Doctor was anxious.
“Hurry up and let go of my grandson, or I will make you worse off than death!”
“Hurry up, or we will strip you alive!”
…
The Doctor King shouted.
In the distance, Levi Garrison stepped on Wang Qingyu’s sorrow, holding a knife in one hand.
He shouted into the distance: “Nothing else, I just want everyone to see the fate of the traitor!”
“Your family of medical kings is wasting the benefits that Messiah has given you. You are not worthy
of being Erudia people, a group of traitors,
killing without mercy!”
“Don’t don’t…”
Doctor King what they realized.
Not only shouted.
Wang Qingyu felt the fear of death even more, and shouted, “No, no, no…”
“Traitor, damn it!”

Levi Garrison picked up the knife and fell.
Blood splattered.
Wang Qingyu thumped and fell to the ground.
dead!
Levi Garrison sneered: "Did you see it? This is the fate of the traitor!"
The traitors who watched this scene were shocked.
At that moment, they all replaced themselves as Wang Qingyu.
It seems that the fate of these traitors is like this.
"No, you are looking for death! My grandson!"
"Ah!!! I must kill you!"
"I'm not finished with you!"
Everyone in the medical king family is crazy.
They don't even ask Richard for instructions, they will attack directly.
Levi Garrison smiled: "Don't worry, you traitors will die later! Come one by one!"
A word of excitement made the family of medical kings go to the head.
"Brother save me!"
But just at the very moment, a cry for help came out.
Richard was shocked.
That was the voice of his younger brother Jefferson.
"Slow, wait, stop for me!"
Richard abruptly prevented the medical king family's actions.
Because he saw Jefferson on the top of the hill.
Kneeling like Wang Qingyu.
Is he going to be killed too?
Thinking of this, Richard broke into a cold sweat.
"Calm down, calm down, don't do it!"
"What's the matter to discuss! Calm down, don't kill anyone!"
…
Richard said in horror, pressing his hands down.
Instructed Levi Garrison to calm down.
Levi Garrison smiled and said, "Guess I will kill him?"
Hearing this, Richard panicked.
"Don't, be calm!"
"Let's talk about the conditions!"
Richard hurriedly said.
"Okay, promise me a condition not to kill your brother!"
The Return of the God of War [The Protector] Chapter 1732
Levi Garrison said so.
Everyone in the medical king family felt a little throb.
Levi Garrison's condition shouldn't be…

Richard repeatedly nodded: "Okay, you say! As long as I can do it, I promise!"
"You want your brother to survive, one way! Kill all of them in the medical king family!"
...
"hiss!"
As soon as Levi Garrison said this, the audience gasped.
This condition is terrible, right?
The complexion of the doctor king and others changed drastically.
Want to kill them all? m.bg.
Let them fight infighting?
This is too insidious.
"This……"
When Richard heard it, he was dumbfounded.
He hesitated.
Levi Garrison's intention couldn't be more obvious, just to let them fight in their nests.
A great loss of their strength.
Get rid of these fifty thousand traitors by their hands.
But how could he?
Suddenly, the Doctor King and all the top executives who dominated the alliance looked at Richard.
"No, you have to calm down and don't act irrationally!"
"Yes, they dominate the alliance just like us now!"
...
Everyone persuaded.
At this time, Levi Garrison's voice sounded: "It looks like your brother doesn't take him seriously, you
should die!"
"Brother save me!!!"
Jefferson screamed hysterically.
"I……"
Richard was moved.
"No, Mr. Richard must calm down!"
"Calm down!"
Everyone persuaded.
The Doctor King was also scared and shouted: "Mr. Richard, he deliberately, deliberately instigated
discord! Don't be fooled!"
"Yes, let's try to save people!"
Richard yelled: "Save me a fart, at this distance, the Sixth Heavenly powerhouse is still not enough,

my brother is dead!"
"You calm down, there must be other ways!"
Levi Garrison's voice sounded: "I only give you three seconds!"
"three!"
"No, brother, save me!"
At the beginning of the countdown, Jefferson was terrified.
During this period of time in Levi Garrison's hands, it can be said that no one knew Levi Garrison
better than him.
He will do what he says.
"Don't, calm down, don't be fooled!"
…
At the beginning of the countdown, the atmosphere in the field went to extremes.
Richard was still in a cold sweat, his veins violent and his body trembling.
"two!"
"Brother, save me! I don't want to die, brother, brother, save me, save me!!! Save…"
Jefferson was crazy, and quickly shouted.
"Don't promise, don't promise…"
"Calm down, calm down, calm down again. Don't ruin globality just because of one person!"
…
The Doctor King and the others were so nervous that they were about to vomit blood.
The same is true for others.
Everyone's heart is hanging, breathing is fast, and the eyes are about to fly out.
The most nervous is Richard.
On the other side is my brother's life.
On the other side are the lives of tens of thousands of people.
It's all between his thoughts.
Richard's complexion was flushed, even purple, and his whole body was wetted with cold sweat like
a torrential rain.
His body was trembling crazily.
He clenched his fist tightly.
This decision is too difficult and too difficult.
Levi Garrison was expressionless, as if everything in the court had nothing to do with him.
His lips squirmed, and he slowly uttered a word: "One!"
The moment this number is called out, it means that the dust has settled.

“I agree to your terms!”
“I agree, whistle whistle whistle whistle…”
In the end, Richard agreed.
He was panting heavily.
I have never been so nervous in my life.
But the 50,000 people of the medical king family and other forces were all dumbfounded.
All of them looked pale.
The Return of the God of War [The Protector] Chapter 1733
Richard agreed.
It means that the Domination Alliance will kill them all.
After Richard took a deep breath: “Kill, kill them all for me!”
“Think about it again!”
The high-levels who dominate the alliance began to persuade.
“No, if my brother wants to live, they must die!”
“In addition, if they die, it doesn’t actually affect our strength!”
“Finally, I am the commander, you have to listen to me!”
After Richard explained.
The top executives were relieved.
These 50,000 people had little influence on them, and they still entered Erudia. m.bg.
“Kill, kill them all for me!”
The high-level leaders who dominated the alliance gave orders one after another.
Hundreds of thousands of troops of the Dominating Alliance instantly killed 50,000 people including
the medical king family.
The Doctor King was dumbfounded for an instant.
But they had to fight again.
In order to survive, you can only kill all the enemies in front of you.
But Levi Garrison and the others stood in front of him, and there were hundreds of thousands of
troops dominating the alliance behind.
They seem to be a dead end.
“Uh!”
“Uh!”
…
There were screams, and these traitors fell to the ground one by one.
It happened suddenly.
In addition, most of them are in the team that dominates the Alliance Army.
The other party suddenly kills, and they have no chance to evade.

Countless people fell in an instant.
Hundreds of thousands played against 50,000.
It was almost a crushing slaughter.
People keep falling down.
The bones become a mountain.
Blood flows into a river.
The warrior's battle is really terrible.
Hit the world eclipsed.
However, the many forces of the medical king family have terrifying combat power, and they can
resist and struggle in a short period of time.
"The only way we can survive, the King Doctor, is to run back!"
"The Great Xia Qibing may not be able to stop us!"
The masters have formulated a plan to stop fighting with the Domination Alliance.
"Everyone is running back! Where can we get a chance!"
"Run!"
...
Everyone ran madly towards Levi Garrison.
Everyone is crazy.
Who blocked the posture of killing whom!
Li Taishan and the others began to panic.
Although they have less than 10,000 left, the masters are among them.
They may not be able to stop it.
Even suffered heavy losses.
At this moment, Levi Garrison's voice sounded again: "What? Do you want your brother to die?"
When Richard saw this, he immediately panicked.
He had thought that the people who rushed there would be ignored.
Levi Garrison used his younger brother as a threat.
He panicked immediately.
"Kill, kill them all for me, all of the sixth and fifth heavens!"
This time, Richard used his hole cards.
The masters all came out, all chasing the Doctor King and them.
The powerhouses of the fifth and sixth heavens quickly stopped in front of the Doctor King.
"kill!!!"
The powerhouses of the fifth and sixth heavens all shot together.
It was a devastating blow to the rest.
"Puff!"
"Puff!"
"Puff!"

...
Under the impact of the opponent's super power, the Doctor King was quickly unable to stop it.
One after another fell to the ground.
"Puff!"
In the end, the King Doctor was slain by the joint efforts of eighteen six heavenly powerhouses.
He was also the last to fall among more than 50,000 traitors.
It took a whole small half day.
All the traitors were killed.
This is how they would never have thought of it.
Obviously surrendered and joined.
Still died in the hands of others.
Because of Levi Garrison's strategy.
Upon seeing this, Richard hurriedly asked: "I did everything according to your request. Everyone was
killed. Can my brother let it go?"
Unexpectedly, Levi Garrison sneered: "Who said you want to let your brother go?"
The Return of the God of War [The Protector] Chapter 1734
"what???"
Levi Garrison said this.
Everyone present was stunned.
Including one's own people.
Everyone looked at Levi Garrison in confusion.
you lied?
Is this not so good?
"You cheat! You…"
Richard knew he had been fooled, and immediately roared.
"Why are you like this? Where did I promise to let your brother go? I just said not to kill him!"
Levi Garrison asked rhetorically. mi. c
"I……"
Richard changed his mind, and it was true.
Levi Garrison did not mention it.
"You are really mean, you are really shameless!"
Richard scolded.
Levi Garrison smiled and said, "I'll tell you one more despicable thing!"
"what?"
"Actually, I'm very reasonable! The reason for killing these traitors is because they betray Erudia and
kill their compatriots. Each is a capital crime!"

“But your brother is different. He just came to Erudia to steal things, and it would be fine if he was
locked up for ten years, and there is no capital
crime! Even if you send someone to prison to save him, this is your business and has nothing to do with
him! I didn’t intend to kill him!”
Levi Garrison told the truth.
“puff!”
Everyone was dumbfounded.
It turns out that he didn’t even plan to kill Jefferson.
Just using him.
This use has wiped out 50,000 Medical Kings, and the Domination Alliance has also suffered a certain
loss.
When they think of this, their hearts are hurting.
Too despicable and shameless!
“I have never seen a shameless person like yours in my life!”
Richard roared with anger.
These warriors are still a little too simple compared to the battlefield commanders who are skilled in
calculations.
Those who are familiar with Levi Garrison know.
His style of fighting is reckless.
Most of the time, it is a charge or an attack.
Even one or two people will shine with you.
But this does not mean that he is a man.
He is a commander.
From the perspective of global considerations.
If you can reduce the loss, reduce the loss.
On the battlefield, we must do whatever it takes.
Treat your relatives and friends sincerely, but when you treat your enemy, you must find ways to kill
him.
Survival is the only purpose.
This is the battlefield!
For example, just now.
Tens of thousands of enemies were killed or injured without a single pawn.
Even let the Domination League expose most of the hole cards.
This is Levi Garrison.
Although all the traitors were killed, everyone was not happy.
Because next they will face the anger that dominates the alliance.
Now their army is out.

Working with them is a dead end.
“Well, you successfully angered me, and then, it will be your end!”
Richard was angry.
“Dominate everyone in the Alliance!”
“Within an hour, take the fourth line of defense!”
“Break through the fifth line of defense in the West in three hours!”
Richard ordered it.
“Kill kill kill!”
Hundreds of thousands of warriors set aside and did.
The power is earth-shattering.
Their aura alone moved the world.
Levi Garrison put away his laughter.
He looked at the crowd and shouted: “Brothers, the decisive battle is here! If we lose, Erudia will
most likely be lost! Our homes will fall into dire
straits, and our parents, wives and children will be displaced! The land under our feet will become.
other’s!”
“Can we lose?”
“Can’t be defeated!!!”
Simple words, but they have inspired everyone’s fighting spirit.
Everyone is no longer afraid.
It is full of fighting spirit!
“In a word, the brave wins if we meet on a narrow road!”
...
This is a battle of great disparity in strength.
But it is also a battle to determine fate!
“attack!!!”
The Return of the God of War [The Protector] Chapter 1735
Eastern theater.
Xiao Feng and the others have been holding on for a long, long time.
“That’s not right, why doesn’t the master come yet?”
Xiao Feng also panicked.
According to Master’s style and speed, it has already arrived.
Why is it so late.
The best fighter has long been missed.
Does Master have other follow-up moves?
“Why don’t the reinforcements come yet? We really can’t hold it anymore!”
...
Wailing voices broke out in the eastern theater. ..
They suffered too much damage.

Just then.
Big news exploded all over the world!
“Something has happened, something has happened! This time the sky has really fallen!”
“According to the latest information, Erudia Qibing has landed in the Western Territory Theater!”
“Before betrayed Erudia, the medical king family and other forces that joined the Domination
Alliance were all killed!”
“The Great Xia Qibing did not sneak attack and dominate the alliance, but opened a frontal attack! It
is unexpected!”
“Now the two sides have confronted each other and are about to go to war! The number and
strength of the dominating alliance are nearly a hundred
times as big as Erudia!”
“This is a battle with too much disparity! The result is obvious. The Domination Alliance will fully
break through the Western Territory, and then occupy
half of the Great Xia country!”
…
crisis.
A complete crisis.
At this moment, everyone in Erudia was hanging in their throats.
“Are you crazy? Raiders don’t attack and attack frontally?”
“The strongest power that dominates the Alliance is in the West, and the five or six heavenly
powerhouses are hundreds of times! How do you fight
this? Isn’t this taking the initiative to die?”
“The West is lost, Erudia will be over! Hey!”
…
despair!
At this moment, it is desperate for everyone!
All the hole cards that Messiah could send out were sent out.
There is really no available power at hand.
They can only watch…
The Western Territory is facing offense, the gap is too big, and the Western Territory is doomed to
fall.
The Eastern Territory Theater is also struggling to sustain it.
Sooner or later it will be defeated.
According to this situation, Erudia will definitely fall.

No one thinks Erudia will win!
This is simply impossible to win!
The strength gap is too big.
Especially the western theater.
But Erudia's soldiers still refused to admit defeat.
Almost all warriors are fighting ahead.
Ordinary people like them are useless.
But you have to step into the land of Erudia, unless you step on their bodies.
They are also holding a fighting attitude.
Formed a human wall to guard, waiting for the arrival of the enemy…
When overseas learned of this situation, they almost set off firecrackers to celebrate.
Erudia will eventually perish.
Their departure is correct.
Everyone thinks Erudia is going to be over.
Even Xiao Feng in the Eastern Territory Theater felt that it was over after they knew that Levi
Garrison had gone to the Western Territory.
In short, this is a battle that no one would believe Erudia would win.
Don't talk about them, even Li Taishan believes they can't win.
Courage, Liangjian spirit is one aspect.
But the other party is really too strong.
There is no way to win!
But everyone is still holding a desperate attitude!
"kill!"
Both sides attacked together.
"Kill them all for me, and be sure to rescue my brother!"
Richard roared.
He pressed his watch, and soon, a set of mecha was put on him.
Incarnate as Iron Man.
He has also become a supreme-level powerhouse.
This is the terrible part of modern technology.
Under his leadership, the dominating alliance army is like a scourge…
"Abigail, you are responsible for raising the Great Xia Dragon Banner! You must not fall down!"
Levi Garrison arranged tasks for Abigail.
The Erudia Longqi was flying high on the highest point.
Levi Garrison's eyes were full of killing intent: "Today, I let you know how powerful I am!"
The Return of the God of War [The Protector] Chapter 1736
Levi Garrison set out last, but arrived first.

“Total Annihilation!”
Levi Garrison suddenly swept his right leg.
“boom!!!”
A terrible air blast hit the enemy army.
“Puff!”
“Puff!”
“Puff!”
...
The enemies exploded one after another, breaking into blood mist.
In an instant, thousands of warriors were wiped out. m.bg.
“hiss!”
A simple blow, but let the two sides gasp.
Stopped abruptly.
Levi Garrison is too scary, right?
Does he really have the confidence to attack frontally?
Erudia was inspired by this side, a brain shock.
Levi Garrison rushed to the front to slaughter like a god of death.
“Puff!”
“Puff!”
“Puff!”
...
Under his devastating attack, wherever he passed, the corpses piled up.
The blood stained the earth even more.
The fishy smell is even more soaring.
Levi Garrison is like an ancient beast, unstoppable, crushing all the way.
In his hands.
There is no difference between these warriors and ordinary people.
They were all blown up with one punch.
What if you have many people?
In my eyes, nothing but ants!
One foot, crushed one piece to death.
Levi Garrison’s fierceness drove everyone to a great extent.
They screamed and rushed.
Although there were enough opponents, their force, under the leadership of Levi Garrison,
slaughtered among the enemy group.
Abruptly disrupted the enemy’s formation.
They are more and more courageous.
On the contrary, it dominates the alliance, with strong strength and large numbers of people.
But as soon as he fought, he was completely stunned.
“So strong?”

“This, this…”
The senior leaders who dominated the alliance were dumbfounded.
“How should Richard fight? You are the commander!”
Everyone asked.
“Rumble…”
“Rumble…”
At this moment, there was a shaking movement from the rear of the Dominating Alliance, that is, the
base camp.
Everywhere is shaking, like a big earthquake is coming.
The base camp was full of flames and smoke billowed.
“Rumble…”
…
The bombing continues, bombing the base camp over and over again.
After seeing this scene, Richard and the others were dumbfounded.
Now most of the forces are here, and the rear is in an unattended situation.
But despite this, the most important instruments and equipment that dominate the alliance are all in
the base camp.
Including the same mech that Richard wears, and many secret weapons are all in the base camp.
These things may not be important to the warrior.
But it is very important for ordinary people like Richard, or those who need modern technology.
Now the base camp has become a sea of flames.
I am afraid that all the assets that dominate the Alliance have been destroyed.
“Oh shit!”
Richard scolded angrily.
The secret machines and weapons inside are vital to him.
It is especially important to his future.
Something was lost, and the First Mystery Laboratory of the Warhawk Nation behind him would
blame him.
As for the bombing and dominating the alliance base is the 400,000 army led by Levi Garrison.
Levi Garrison ordered them to turn around and outflank from the rear of the Western Frontier
Theater.
Close combat is cannon fodder.
But fighting far away is different.

Let them shine with modern weapons.
Sure enough, it received miraculous results.
It can also block the escape route that dominates the alliance army.
"Kill, kill me!"
"Gather all the powerhouses of the sixth heaven and kill the leader first!"
"I think how strong he can be?"
Richard was going to be mad.
Soon, the powerhouses who dominated all the six heavens of the alliance gathered.
It's densely packed, and the number is beyond imagination…
The Return of the God of War [The Protector] Chapter 1737
Dominate the distribution of the alliance's six heavenly powerhouses.
Eleventh place in the north.
Thirty-eight in the south.
But there are three hundred people in the West!
This is absolutely unimaginable for everyone.
Especially Wushuangcheng.
They are proud of being a Sixth Heavenly Powerhouse.
But there are three hundred people here.
This is not even Richard's use of mechas to enhance combat effectiveness and reach the strength of
the sixth heaven.
All add up to at least three hundred and five.
"Your mission objective is only one-kill Levi Garrison!" mi. c
Richard roared with red eyes.
Since the covenant of the gods, Levi Garrison was definitely the first to receive treatment.
It was targeted by three hundred six-layer powerhouses.
Do not.
Even before the covenant of the gods, it was very difficult to encounter such a situation.
Was targeted by three hundred six-layer powerhouses at the same time.
What status must this be!
"kill!"
Three hundred six-layer powerhouses were dispatched in an instant, with the goal of Levi Garrison.
"This……"
When I saw that the other party had a total of three hundred six heavenly powerhouses.
Li Taishan and the others were stunned.
This is too strong, right?
The total number of their six heavens is less than twenty.

How to fight this?
“Brothers follow the word side by side, and fight together!”
Levi Garrison smiled: “Don’t worry, I’ll leave these to you!”
“come!”
“A street in Erudia, inquire who is Dad!”
Facing the powerhouse of the 360th Heaven, Levi Garrison did not retreat and counterattacked.
“court death!”
...
Soon, Levi Garrison fought fiercely with the three hundred masters.
The Sixth Heaven Powerhouse is still different from other warriors.
Very strong.
Three hundred together, stronger!
If these three hundred people are placed at the forefront, they will definitely push the entire
Western Frontier Theater.
It’s just the previous battle, these big guys don’t want to take the lead.
After all, there is status and status. Who wants to be a soldier at the forefront?
This is the first time that the three hundred and six heavenly powerhouses have joined forces.
The reason was that Levi Garrison angered them.
At the beginning of this battle, everyone thought that Levi Garrison would die.
“Brother-in-law hold on! Brother-in-law must win!”
Abigail held the dragon flag and prayed in his heart.
“Go, destroy me that flag!”
“Erudia people like this kind of symbolic things and think that it is their faith and will!”
“It’s ridiculous!”
Richard ordered.
Immediately, many of the Five Heavenly Powers rushed to the top of the mountain.
Erudia is at stake.
Everyone is waiting quietly.
“According to the latest information, the two sides have already met!”
“Know? The opponent’s six-layer strongman has more than three hundred, and the fifth-layer
strongman has more than five thousand! It’s too strong!”
“Unstoppable! Absolutely unstoppable! It is estimated that within an hour, the fifth line of defense in
the Western Region will be breached, and the

entire Erudia will be under the enemy's feet!"
...
The breath of failure permeated every corner of Erudia.
There is a scene of depression and decline everywhere.
Even Messiah didn't dare to speak out.
"Hahaha, Erudia is finally over! I finally saw this day!"
"There is Erudia in the Eastern Continent, how many years has it been over us? Now he is finally
going to be destroyed!"
"The demise of Great Xia, we must celebrate! Come on, hurry up and hold an event!"
...
Overseas countries are so excited to hold various celebrations.
The family of Lopez and Black from the War Eagle Nation.
Enjoy the life of being a master every day.
Seeing Erudia in dire straits, everyone was very happy.
"Once the Western Territory is over, Erudia will be over."
"At that time, we will bring our grandparents back!"
"What if the summer isn't over?"
Zhang Wentao smiled: "The summer is not over, I eat shit!"
The Return of the God of War [The Protector] Chapter 1738
All over the world is singing bad days of Erudia.
After all, this is the case.
The gap between the two sides is too great.
Ants can hardly shake an elephant.
What's more, there are more elephants than ants.
This is the most terrible.
There is no one who believes that the western border can be held.
The whole army was completely wiped out in an hour.
The battle has already begun.
Almost everyone in the world is paying attention to this battle.
Half an hour passed. mi. c
The battle is still there.
One hour passed.
The battle continues.
At this time, most people were taken aback.
Still not solving the battle?
"This shows that Erudia's remnants are very tenacious and can resist for an hour!"
"It will be gone within two hours!"
...
time flies.

Two hours passed.
The battle is not over yet.
Shock!
Too shocked!
After holding for two hours, it has exceeded the limit.
Is there something wrong?
"Impossible! In any case, there will be no change!"
"It's just that they are tenacious. Erudia is famous for his tenacity and desperation!"
"Let's wait and see!"
…
Most people all over the world are paying attention to this battle with shortness of breath, waiting
for the result.
Three hours.
Four hours.
…
Ten hours passed.
The battle in the West is not over yet, and the scene is getting bigger and bigger.
The range of thousands of miles has spread.
This battle was extremely brutal.
"This…what's the situation?"
"How can Erudia's little people be able to dominate the league?"
"A strong man of more than three hundred and six heavens, who is going to die? How can they be
able to hold it?
"Could it be that I went to foreign aid? Erudia's strength is more than that?"
…
Not only overseas countries are confused.
Even Messiah was dumbfounded.
According to what they knew, there were only a few people on Erudia's side.
They can't do anything they want to support.
What kind of existence is this amazing soldier?
Can you fight an enemy a hundred times stronger than yourself for so long?
Is there really hope?
It's been almost twelve hours.
The western battlefield is really a purgatory among adults.
Both sides suffered heavy casualties.

At the beginning, all the six-layered heavenly powers killed Levi Garrison, and later, the remaining
six-layered heavens and more than five thousand fifthlayered
heavenly powerhouses all went to kill Levi Garrison.
The fighting power of these strong men is terrible.
Gathering together, it is simply destroying the world.
But no one thought that Levi Garrison couldn't stop it.
Not only that, he also guarded the Great Xia Dragon Banner, so that no one could get close to Abigail
within a hundred meters.
At first, the two sides attacked, but everyone found out later.
Levi Garrison actually pressed them all by himself.
He seems to be descended from an ancient god.
One hour.
Two hours.
…
Time is constantly passing, and the five or six heavenly powerhouses that dominate the alliance are
falling one after another.
Kill kill kill!
Levi Garrison punched all by himself, killing his eyes.
Even if the opponent's Sixth Heaven and Five Heavenly Powers are everywhere.
But Levi Garrison broke it by himself.
The battle lasted for twelve hours.
From day to night.
Always.
Always.
Never stopped for a second.
Levi Garrison was covered in blood, and the blood was poured over and over again.
Even the land in this area has long been blood red.
There are uneven spots, and the blood will accumulate into a river.
"Puff!"
With the last person down.
Levi Garrison killed all the five or six heavenly powerhouses who ruled the alliance alone.
Of course, except for Richard Richards from the rear.
Exist like a god!
One person breaks the army!
he made it!
The Great Xia Longqi is still flying.

But the Domination Alliance was silent…
The Return of the God of War [The Protector] Chapter 1739
Lighted up!
The warriors who dominate the alliance are gradually declining!
First, the complete destruction of the five or six heavenly powerhouses!
Gradually other warriors fell one after another!
Under the leadership of which man, Erudia, this amazing soldier, swept everything with a destructive
momentum.
Too strong, too strong!
Richard couldn't imagine that the army dominating the Alliance was destroyed by one person.
The battle continues.
Three hours later.
The Domination Alliance is completely exhausted.
Hundreds of thousands of people fell. m.bg.
However, Erudia also suffered heavy losses.
Three quarters of death.
Most of the remaining quarter are also bruised and bruised.
Li Taishan and Lei Baiqing are dying.
"Save people, save people!"
…
All over the mountains and plains, there are voices for help.
Levi Garrison said with a cold face and pressed it step by step.
Only Richard and other high-level leaders are left to dominate the league.
After seeing that the situation was not right, Richard and the others ran away.
Levi Garrison chased all the way to the rear and joined the 400,000 army.
Still not catching up with Richard.
The mechas on Richards have aircraft functions and stealth technology.
It escaped the detection of various radars.
"Well, it doesn't matter how many people run!"
Levi Garrison didn't care about it.
After all, the Western Territory Theater has declared victory.
He wants to thank the old man most now.
Without an old man, there is no such a strong him.
There is no future for Erudia.
Although it lasted a little longer.
And Levi Garrison was covered in blood.
But the frightening thing is that Levi Garrison was not injured at all.
Who can imagine such a big battle, he is not injured!
He is different from before.

It used to be able to win.
But in the end, Levi Garrison was seriously injured and even died.
But now he is not hurt at all.
After returning to the battlefield, Levi Garrison found Abigail.
Abigail held it for more than ten hours, and everyone was numb.
"we won!"
"Erudia won!"
...
Everyone cried with joy.
This victory was exchanged for their lives!
Hard-won.
"By the way, where is this kid Jefferson?"
Levi Garrison suddenly discovered that Jefferson was missing.
"No, maybe during the previous fight, no one can take care of him and let this kid run away!"
Only then did the others react.
Don't blame anyone.
The battle lasted more than ten hours, and no one would pay attention to Jefferson.
"Run? Well, good!"
"But you have to understand that I can catch you once, and I can catch you twice."
"When the war is over, I will personally go to War Eagle Nation and capture you back in front of
everyone in the War Eagle Nation!"
"In this life you never want to escape from the palm of my Levi Garrison's hand!"
Levi Garrison sneered a few times.
"Wang, what should I do next?"
Everyone asked.
"I'm going to support the Eastern Frontier Theater, I'm afraid Xiao Feng and the others won't be able
to last long!"
Levi Garrison did not stay much.
Immediately proceed to the Eastern Territory Theater.
The Eastern Territory Theater is also very important.
Maybe the threat is greater.
After all, where is very close to the capital.
The whole world is paying attention to this battle in the Western Theater.
It's been a full fifteen hours.
But everyone sees the Erudia Dragon Banner is still flying…
The battlefield was filled with smoke and flames everywhere.

It seems that even the sky is dyed red.
But this battle is finally over.
Erudia lasted fifteen hours?
unimaginable!
What a strong will is that made them hold it for so long.
What's the ending?
What is the ending?
Is the Great Xia Qibing all over?
Next, the army that dominates the alliance will fully enter the West and occupy the land of Erudia?
The Return of the God of War [The Protector] Chapter 1740
Everyone wants to know the outcome of the Western Territory Theater?
But the message never came out.
The western theater is even more accessible.
At this moment, Richard and his party are fleeing with Jefferson.
Everyone's expressions are ugly to the extreme.
They were defeated.
Planning for so long.
It fell short.
But everyone's face is unwilling!
It can't just end like this.
"No, we can't admit defeat like this! We are still in the Eastern Territory Theater, and Xu Zhengjie's
killing weapons are still there! We still have a half
of the power!" mi. c
"And the supporters behind us are there, this opportunity must not be let go!"
Richard was the first to be unwilling.
"Brother, what should we do then? We must take revenge!"
Jefferson asked.
"I have to activate my second set of plans to directly attack Erudia Capital! Destroying Erudia Capital
means we won!"
"Immediately send someone to destroy the capital! Implement my second plan!"
"Quick, quick, as fast as possible, while they don't react!"
Richard was crazy.
Completely crazy.
"Also contact Xu Zhengjie and ask him to take out all his weapons!"
"Tell him, he promises everything he wants! Let him show all the bottom cards!"

“Take out our last hole cards again! Hurry up to the Antarctic laboratory!”
...
Richard was crazy.
Others are also crazy.
At this point of time.
They want to fight desperately.
All the cards that should be revealed have been revealed.
“It really doesn’t work, I used that weapon too!”
Richard was short of breath, panting heavily.
“Calm down, calm down! If that weapon is born, it would be terrible! Neither of us can bear the
responsibility!”
“No, that weapon can’t be released anyway!”
...
Richard’s words were strongly opposed by everyone.
Soon, the Eastern Frontier Theater received a message from Richard.
Li Zhengguo and Xu Zhengjie were all dumbfounded.
Was the West Territory actually defeated?
All the main forces that dominated the league were defeated.
how can that be?
Richard told them that the Eastern Territory Theater was the last hope.
Xu Zhengjie is required to bring out all the weapons and hole cards.
Promise Xu Zhengjie all the conditions.
“Okay, then you sign an agreement with me! I’ll take it out!”
Finally, Xu Zhengjie put forward the conditions and signed the agreement, even after the other party
fulfilled most of the conditions on the spot.
Xu Zhengjie agreed and took out all the weapons and hole cards.
“Hurry up, hurry up!”
Xu Zhengjie’s weapons will be shipped to the battlefield in a short time.
“Don’t worry, we will still win! What I want to take out this time is an upgraded version of my godkilling
weapon! At that time, what kind of master the
opponent has can kill!”
Xu Zhengjie looked confident.
I didn’t intend to take it out.
The frightening thing is that Xu Zhengjie’s killing weapon has an upgraded version.
It is said that you can kill the Sixth Heavenly Powerhouse.
It’s just not officially used.

After all, there are no Six Heavenly Powerhouses who let him do experiments.
After they received the message, they would launch the most violent attack on Xiao Feng and the
others.
They must rush to take down the Eastern Frontier Theater before Levi ‘s arrival.
In addition, the master arranged by Richard went to the capital immediately.
It is necessary to completely destroy the major institutions in the capital and paralyze Erudia’s brain.
Instead, this time is the most critical moment.
Levi Garrison also realized this, and he hurried to the Eastern Frontier Theater.
Levi Garrison ran wildly.
But when I came to a place, I was stopped.
“This road is nowhere!”
The Return of the God of War [The Protector] Chapter 1741
A cold voice came.
One after another masters appeared around.
Not to mention all the strange costumes, many faces are ugly.
Their breath is gloomy, as if they came from hell.
Wicked way!
Levi Garrison didn’t need to think about it. These were the evil ways to dominate the alliance.
Look at it at a glance.
There are a lot of people.
And each strength is strong.
However, a sneer crossed the corner of Levi Garrison’s mouth: “All of you surrender, I might spare
you your life!”
“If the Gentiles have no chance to survive, no matter how evil you are, you are also part of Erudia. I
will give you a chance!” mi. c
“Just you? Want us to surrender too?”
In the first battle, these evil sects did not participate, and they did not know Levi Garrison at all.
Richard was too busy to contact them.
“Does Levi Garrison know who we are? We have been waiting for you for a long time!”
Along with the sound, several figures appeared.
“The people of the Northern Devil?”

Levi Garrison felt the aura of the Northern Demon from him.
“Hmph, no mistake! We are here to avenge the Northern Devil!”
“We have been looking for you for a long time, and finally found you here!”
The people of the Northern Devil endured it for a long time.
Now I finally found Levi Garrison’s team.
Regardless of Levi Garrison’s team, the team is huge and equipped with advanced equipment.
In the eyes of the warrior, it is all paper.
They couldn’t protect Levi Garrison.
“Let’s go together! Don’t delay my time!”
Levi Garrison was eager to go to the Eastern Border Theater, but he didn’t have much time to talk
nonsense with them.
He did it directly.
Levi Garrison shot.
This is what no one thought of.
“kill him!”
The evil sects rushed forward.
“Boom boom…”
As soon as they fought, the expressions of the evil sects changed drastically.
Is he so strong?
The same thought flashed in everyone’s mind.
Dominating the alliance with hundreds of thousands of warriors, Levi Garrison all fell on the ground.
Although the evil sects in front of him are strong, it is a piece of cake for him.
Soon after, all the evil people of the Shu Wanxie Clan were lying on the ground.
This includes nearly fifty six heavenly powerhouses.
This is the strongest team of evil sects.
Everyone’s eyes are filled with inevitable shock.
“Find me revenge? Is your brain burnt out? I stand here and let you kill, you can’t kill it!”
Levi Garrison scanned the audience.
All crooked ways are silent.
Because Levi Garrison was right.
“Now before you, there are two ways. First, death, and second, surrender is all up to me!”
Levi Garrison gave a choice.
“The second, the second!”

“We all listen to you!”
Several people, headed by the North Demon tribe, agreed.
Immediately afterwards, the others agreed one by one.
“To be honest, I don’t worry about you! So I will give you the poison! The antidote is only with me,
whoever betrays will die!”
“You give them the potion!”
...
Levi Garrison gave an order.
At first, Suzaku and the others were stunned, and soon reacted.
They took out a lot of medicines and let all the crooked ways take it.
All these crooked ways have listened to Levi Garrison obediently.
“Now I’ll send you the first task, take out all your strength, and go to the capital immediately! Don’t
let the foreign enemy step into the capital!
Otherwise, you will come to see you!”
Levi Garrison assigned the task directly.
“Understand, Master, we will go now!”
The two sides parted ways.
Levi Garrison smiled and said, “I still felt that the clone was inadequate! Now I have another worry!”
The Return of the God of War [The Protector] Chapter 1742
Everyone is laughing.
Who would have thought that evil ways would appear in the middle of the road.
Isn’t this a free coolie?
Levi Garrison had long expected that the enemy would sneak attack on the capital.
From his perspective as a military chief.
If he, in this case, would send someone to destroy the major institutions in the capital first.
On the way here, he was still thinking about what to do in the capital.
He can’t be cloned.
As a result, someone came to the door.
Suzaku asked by the side; “Boss, do they believe that those potions are poisons? They are just
potions that enhance strength and immunity.”
Levi Garrison has used this routine many times. ..
Using ordinary potions to trick the enemy is a unique poison.
It seems that this routine will never go out of style.
Levi Garrison smiled and said, “The higher the status or the more powerful people are, the more they

will cherish their lives! They are better to be trusted,
plus I completely restrain them! They absolutely believe it!"
"Hahaha…"
Everyone laughed out loud.
Continue to the Eastern Territory Theater.
the other side.
The big evil sects gathered together.
"This medicine is real? Why doesn't I feel it at all after I take it? What's the difference with water."
"Could it be fake??? I don't think this is poison at all!"
…
The Ice Venerable and Fire Venerable of the Ice Fire Palace said: "No! It's true! Even though we look
down on ordinary people, their modern things
can really kill us!"
"Furthermore, do you think Mr. Levi Garrison looks like a joke?"
The two sentences left everyone in a daze.
correct.
They look down on ordinary people and look down on modern things.
But the killing weapon produced by Xu Zhengjie had a good lesson.
Many modern things are beyond their imagination.
People are afraid of the unknown.
Even the supreme-level powerhouses are no exception.
So they are afraid.
What Levi Garrison ordered, they had to do things obediently.
"By the way, did you just find out that Mr. Ye uses the technique?"
At this time, the leader of the North Demon tribe asked aloud.
The Badao of the Badaomen said solemnly: "You also found out?"
"Yes, I found it too, I still thought I was wrong."
"Really? I found it too! It really is."
The Tiger King in the Tiger Temple gave a cold breath: "Which is the heir of the great demon? The
exercises he used just now are exactly the same as
the legendary demon!"
"Whhhhhh…"
Everyone was gasping for breath.
"If this is the case, then it is normal for us to call him Master!"
"He gave an order, we all have to obey."
The crowd trembled.
This is what Levi Garrison thought of.
The North Demon once recognized his practice.

I didn't expect that the people behind the Northern Devil knew more and more comprehensively.
There is also the existence that is called a big devil by thousands of evil ways. How terrible is that?
Shocked and shocked.
Everyone didn't dare to neglect Levi Garrison's orders.
They arrived early to deploy defenses around the capital.
Even more wicked ways were drawn together.
In the name of which descendant of the great demon appeared.
Just this sentence.
The evil ways and the wrong way are simply echoed.
Even the evil ways that didn't cooperate with the Domination Alliance came one after another.
now.
The five hundred strong men arranged by the Dominating Alliance are already close to the capital.
These five hundred people are Richard's final cards.
He will use these people to sweep the capital.
Destroy Messiahi and other institutions…
This is the final madness that dominates the league…
The Return of the God of War [The Protector] Chapter 1743
Now everyone knows that Erudia's hole cards and the strong are on the first line of battle.
The interior is absolutely empty.
No matter how you can handle it.
Especially dispatched 500 strong people.
Richard, who has returned to the war eagle country, coordinates the globalization.
He also didn't send out the news of the defeat in the Western Territory.
For one thing, I am afraid of affecting morale.
Secondly, he wanted to give Levi Garrison a surprise, and Xu Zhengjie's upgraded version of the killer
weapon was waiting.
So at present, apart from the war zone, the outside world does not know what is going on in the
western war zone.
"We still have a great chance of winning!"
"First of all, the capital won!" m.bg.
"Secondly, in the Eastern Territory Theater, Xu Zhengjie killed Levi Garrison again. When the time
comes, the army will kill the capital, which should be
inside and outside. Erudia is in control. Then we still win!"

“Don’t make a mistake, God bless!”
Richard began to pray.
This is their last hope.
“Mr. Richard, the top 500 we sent out are already close to the capital, do you want to act?”
“action!”
Richard gave an order.
The top 500 will act immediately.
Enter the capital in different directions.
They have a group of fifty people, for a total of ten groups.
Each group has its own task.
They went directly to the organization of their respective tasks.
“I’ve been waiting for you for a long time! Hahaha…”
But as soon as the ten strong groups acted, they were stopped.
The flowers of these crooked ways are going to fall.
He even wondered if Levi Garrison had guessed wrong.
As a result, people really came!
“Kill! Don’t keep one!”
Bing Zun Huo Zun and other six heavenly powerhouses rushed to the forefront to fight.
Although the five hundred people sent by the Domination Alliance are very strong, they are all strong
in the five or six heavens.
But the evil ways are stronger and more powerful.
Soon five hundred people were flooded.
Blood splattered, hysterical shouts.
All the top five hundred were killed.
The danger of the capital was lifted invisibly.
In the capital, Messiahi’s base.
“There is a major message, it seems that there are masters approaching the capital!”
“Immediately activate the first level of protection! What should come is still to come!”
…
Messiah could also expect that the opponent would attack the capital.
But helpless.
Can only wait silently.
Only since the release of the danger message.
For a long time, no one came.
Everyone wondered.
What’s going on?
Messiah was always kept in the dark.

At this moment, the Eastern Territory Theater.
The Sanxing Group and other forces opened their posture, frantically attacking Xiao Feng and the
others.
With Xu Zhengjie's killing weapon, it is simply a sweeping sweep all the way.
Xiao Feng and the others suffered heavy losses.
The supreme-level powerhouses fell one after another.
They retreated steadily and have already retreated to the fifth line of defense.
There were attacks from crooked evil ways in the rear.
They were truly trapped to death.
It can last for two or three days.
Now it seems that at most half a day, they will be wiped out.
Even Xiao Feng and several high-level leaders were scarred.
"Slow, still too slow!"
"We have been defeated in the Western Territory, and all hope lies in us at the moment!"
"We don't have to think carefully from now on, we must unite. The capture of Erudia can't fall
short!"
"Yes, here it is!"
...
The moment of decisive battle.
Li Zhengguo, Xu Zhengjie and other high-level discussions.
Before, they were actually at odds with each other.
There is no real leader.
But now it's the last moment, they are about to unite.
"Offensive! This wave of offensive destroys the enemy without giving any chance!"
The Return of the God of War [The Protector] Chapter 1744
The Sanxing Group really united and wanted to give Xiao Feng their worst attack.
"kill!!!"
The strongest of the major forces have been sent out.
There are close to two hundred Sixth Heavenly Powerhouses in total.
Three thousand and five heavenly powerhouses.
All the major forces' hole cards were taken out.
It turns out that these forces are all false reports and concealed reports.
Not willing to really contribute.
For example, the strong in the fifth and sixth heavens are not willing to send out.

It’s hard to see even the strong of the Four Heavens.
This is also an important distant shadow captured by the Eastern Theater.
mi. c
Otherwise, with their true power, Xiao Feng and the others would definitely not be able to survive.
All of Xu Zhengjie’s killing weapons were used except for the upgraded version.
What they want is not to give Xiao Feng and the others a chance to breathe.
It went out in a rush.
“Shou, you must keep!”
Xiao Feng and the others are holding the posture that the entire army is overthrown.
The brothers in LEvi’s Squad have set an example for them.
What are they afraid of?
“Boom boom boom…”
“Puff puff……”
…
The two sides are fighting together.
A real flesh-and-blood battle!
The scene of the war was out of control for a while.
The sky is falling apart.
The sun and the moon are reversed.
…
Erudia suffered heavy casualties here.
The other side only had a small attack.
Half of Xiao Feng fell down here.
Xiao Feng was hit by the God of Death weapon, although he passed by.
But he was seriously injured.
The others were all seriously injured.
But the enemy didn’t stop for a while.
Continue to attack like crazy.
“Puff!”
“Puff!”
“Puff!”
…
The enemy’s offensive posture was too violent.
Someone around Xiao Feng kept falling down.
The loss was too heavy.
Even the rest of the morale is about to be beaten.
Everyone is going back.
Can’t hold it.

Can't hold it at all.
Xiao Feng hurriedly shouted: "Hold it up, let me withstand it! We can't retreat! We want to attack!"
"Even if we have one soldier and one soldier, we still have to attack!"
Xiao Feng suddenly laughed.
"Brothers don't worry, even if we are all dead, then the master will avenge us!"
"Erudia will not be defeated, and the dragon flag will be flying all over the city by then!"
This is the firm will of the Erudia people.
Xiao Feng and the others became more tenacious.
The stronger the offensive to dominate the Alliance.
They didn't even give Xiao Feng the chance to surrender.
In the end, all the rest of them were forced into the fifth line of defense.
"Offensive, kill them all!"
Above the plains.
The army dominating the alliance collapsed and came with an aura that obscured the sky and sun.
Xiao Feng and all of them were ready to die.
"Goodbye brothers in the next life!"
Xiao Feng smiled.
Seeing the enemy close at hand, everyone was relieved.
Isn't it just death?
I died for Erudia, it's worth it!
Not reconciled!
We can't hold the big summer!
Unwilling!
Too unwilling!
"Rumble…"
But at the very moment of the moment, there was a sudden movement of the earth and the
mountains.
An invisible air current lay before dominating the hundreds of thousands of troops in the alliance.
Completely separate them from Xiao Feng and the others.
The ground shook and the mountains shook, and a big gap appeared in the battlefield.
It is completely divided into two areas.
The army dominating the Alliance was forced to stop.
"Too cruel to my disciples, right?"
A familiar voice resounded through the sky.
After Xiao Feng and the others heard this voice, everyone wept with joy.

“Master, the master is here!”
The crowd chanted.
The hundreds of thousands of troops dominating the alliance were all stunned.
I saw a dead figure in the sky leaping down from the sky.
The Return of the God of War [The Protector] Chapter 1745
He descended like a god.
“boom!!!”
The moment he fell, it was like a nuclear bomb hit here.
The world is shaking.
A terrible air current spread to the surroundings.
The formation of one hundred thousand people dominating the Alliance army was pushed back
hundreds of meters.
Levi Garrison descended from the sky.
It really complied with the gods coming from heaven!
Where is Levi Garrison standing, alone against an army of hundreds of thousands.
He has no fear.
A faint smile appeared at the corner of his mouth: “With me here, don’t you guys want to go one
step further!”..
“I order you to surrender immediately, or I will kill you all!”
One person told the other party to surrender hundreds of thousands.
How domineering is this?
“Master is mighty!”
Xiao Feng shouted.
Everyone chanted.
All the army dominating the alliance was stunned.
Do one dare to ask them to surrender?
Is this crazy or silly?
“what happens?”
“What’s going on in front?”
“Why did you stop?”
Li Zhengguo, Xu Zhengjie and others in the rear asked one after another.
“No, it’s Levi Garrison. Levi Garrison has come to the Eastern Frontier Theater!”
Soon someone recognized Levi ‘s arrival.
Li Zhengguo’s expression changed: “Levi Garrison’s speed is too fast, right?”
How powerful is Levi Garrison.
Richard had already told them.

The main part that dominates the alliance also didn't stop him.
How strong is his combat power?
do not know.
He only knows that the strong man in the fifth and sixth heavens can't kill him.
He is so outrageous!
But Xu Zhengjie smiled.
"Levi Garrison, you are finally here, I have been waiting for this moment for a long time."
Xu Zhengjie's eyes were full of heat and madness.
Now dominate the task assigned to him by the Alliance.
As long as he kills Levi Garrison.
He can get everything he wants.
One of the promises is to become the king of the West Island country!
Think of the lord of a country coming over the world.
Xu Zhengjie was indescribably excited.
"Come, come, take out all the upgraded versions of the killing god weapons!"
"From this moment on, all God-killing weapons will only deal with Levi Garrison!"
Xu Zhengjie began to deploy.
Put all the weapons of killing gods.
"In order to increase the probability of killing Levi Garrison, you need to consume Levi Garrison to a
great extent!"
"At that time, I will use the killing weapon again, so that the success rate will be higher!"
"But don't worry, all the next killing weapons are prepared for Levi Garrison alone! He will definitely
die!"
Xu Zhengjie looked confident.
"kill!"
Give an order.
Dominate the all-out offensive of the Alliance army.
Kill one person to Levi Garrison.
"Good come! I can't kill enough in the Western Territory!"
Levi Garrison rushed forward with bare hands.
Fight with the army.
At first, Xiao Feng and the others were a little worried.
You can see the momentum of Levi Garrison sweeping the army.
Everyone was stunned.
"Master is really strong! Strong and strong!!!"

Erudia said excitedly.
They just heard about one person fighting an army of 100,000.
Now one person fights more than 100,000 warriors, but they have seen it with their own eyes.
Too fierce, too fierce.
Not only are they scared.
The Domination Alliance was also frightened.
On how strong a person is?
He can beat hundreds of thousands of warriors.
The more wars, the more courageous.
He divides the line.
Hundreds of thousands of people just stepped past.
This is the power of Levi Garrison.
He also played back the formation dominating the league.
Shocked!
It's so shocking!
Is there such a strong one?
"No, if this goes on, these people can't stop Levi from coming!"
"Push! Push our position forward!"
Xu Zhengjie immediately pushed forward.
After reaching the designated distance, all the killing weapons aimed at Levi Garrison.
The Return of the God of War [The Protector] Chapter 1746
"Number One, lock the target!"
"Number two, lock the target!"
"No. Eighty-eight, lock the target!"
...
Soon, hundreds of killing god weapons locked Levi Garrison alone.
"I need everyone to escape from the battlefield within ten seconds to fully expose Levi Garrison!"
Xu Zhengjie began to command.
"withdraw!"
The army dominating the alliance suddenly withdrew.
Sure enough, within ten seconds, the withdrawal disappeared without a trace.
Levi Garrison was completely exposed on the empty plain. m.bg.
It's a living target.
Levi Garrison also noticed something at this moment.
He seemed to be locked in by hundreds of eyes.
That feeling is uncomfortable.
Want to escape, can't escape.
Want to get rid of, can't get rid of.

Xiao Feng and the others know best what it is.
“No, the weapons of killing the gods, they are afraid they will use all the weapons of killing the gods
to deal with Master!”
“This is a big trouble, Master, quickly hide!”
...
Xiao Feng shouted anxiously.
It may be too late.
In this empty scene, it is locked by a killer weapon with a tracking system.
That is a dead end.
There is no possibility of evasion at all.
Xu Zhengjie’s body was shaking with excitement.
Killing Levi Garrison meant too much to him.
He dreams of one day defeating Levi Garrison in the field he is best at.
Now he has to do it.
Not only defeated!
Also kill!
“Zoey, have you ever thought about such a day?”
Xu Zhengjie looked up to the sky and screamed.
After all weapons are locked.
Xu Zhengjie is going crazy.
“Levi Garrison is going to die!!!”
Xu Zhengjie gave an order.
All the killing weapons are activated.
Based on one point, terrible energy was launched one after another.
“boom!”
“boom!”
...
The power of the launch is too great, and the recoil is destructive.
Create the shaking of the earth and the mountains.
At least the whole area is full of earthquakes.
This is the aftermath of the killing weapon fired.
As for how powerful the killing weapon was, Xiao Feng and the others had witnessed it with their
own eyes.
But they haven’t seen all the scenes of killing weapons blasting at one person.
That is unimaginable.
“boom!”
The first energy weapon hit Levi Garrison’s body.
The earth is shaking and the mountains are shaking.

However, the blood mist that everyone was looking forward to did not appear.
This shows that an attack by the killing weapon did not work on Levi Garrison.
"boom!"
"boom!"
"boom!"
...
In a short period of time, the killing weapons blasted towards Levi Garrison one after another.
Levi Garrison remained motionless.
No wounds appeared on the body.
But the ground under his feet was completely shattered.
It's like a spider web, terribly spreading outward.
Dozens of miles.
Hundreds of miles.
Hundreds of miles.
...
"Boom boom boom!"
Killing weapons continue to bombard.
Almost continuously.
One wave after another.
Xu Zhengjie was spared.
Levi Garrison must be killed.
"Ding Ding Ding..."
Under this power.
Rao Levi Garrison couldn't stop it either.
He is backing away.
Keep going back.
It was obvious that he was not as handy as he was just now.
"boom!"
"boom!"
...
The killing weapon continues.
Don't give Levi Garrison any breathing time.
...
I don't know how many energy boxes were destroyed.
Anyway, Xu Zhengjie's belongings are about to bottom out.
"puff!"
Finally, Levi Garrison vomited blood.
His body was severely injured.
Killing weapons are too terrible.

Especially all the weapons of killing gods are used on one person.
It was devastating.
No, Levi Garrison was injured.
"Hurry up and use the upgraded version of the killer weapon!"
Seeing hope, Xu Zhengjie wanted to kill Levi Garrison in one fell swoop.
The Return of the God of War [The Protector] Chapter 1747
Levi Garrison was still holding on to the Great Plains alone.
The power of the killing weapon is simply against the sky.
Almost collapsed the plain.
But this is just the beginning.
The upgraded version of the killing weapon, the energy box is filled.
There are always only eight in the upgraded version.
Production costs more money and resources.
The risk is also high.
Especially the upgraded version of the energy box is not easy to control.
Mainly the same equipment, but it needs to play twice the power.
The difficulty is super big. m.bg.
Especially the technical requirements are higher.
They are also worried that if the control is not good, the energy box will explode, which will be
destructive to their own people.
So Xu Zhengjie was also very worried.
Can the upgraded version of the killing weapon work?
It all depends on actual combat.
"Master, all eight stations are on target!"
Soon, the eight upgraded versions of the killing weapons were all locked on Levi Garrison.
"Boom him for me and light up all the energy boxes! I don't believe he is immortal!"
Xu Zhengjie shouted.
There are only 80 energy boxes in the upgraded version of the God-killing weapon.
Because it's too difficult to produce.
Only so much.
The upgraded version of the god-killing weapon is theoretically a powerhouse that can destroy the
Sixth Heaven in an instant.
It would be unimaginable to hit all the 80 energy boxes on Levi Garrison.
"Master, you can withdraw quickly, you can't hold it!"
"Yes, Master! Please, withdraw quickly!"
...

Xiao Feng at the rear couldn't bear to watch Levi Garrison stand in front of him.
"Master meant I know that if he doesn't block all the weapons of killing gods, he will not give up!"
"Yes, as long as this weapon still exists, it will be a threat to Erudia! He wants to use his body to make
the opponent consume all the energy boxes!"
...
The others were surprised.
"For the opponent to consume the weapon, he would rather be a live target?"
"Wrong, this is my master!"
Xiao Feng shouted several people.
Their tone was full of pride.
Also reveals three points of sadness.
They can only watch where the master is consuming, but they can't help much.
"Everyone is not allowed to take a step forward because of my orders!"
Levi Garrison's voice was heard in their ears.
"Master!!!"
"Be sure to hold on!"
...
Everyone clenched their fists tightly.
They expected Levi Garrison to hold on.
Everyone knows that next is the bombardment of the upgraded version of the killing weapon.
"Kill! Kill Levi Garrison for me!"
Xu Zhengjie shouted.
"boom!"
"boom!"
"boom!"
...
The upgraded version of the killing weapon is launched together.
"Puff!"
"Puff!"
The personnel who fired the weapon, even though they were wearing special protective clothing,
were abruptly shredded by the surplus and recoil of
the fire.
terrible!
Everyone gasped.
The power of the upgraded version of the killer weapon is amazing!

“boom!”
“puff!”
“boom!”
“puff!”
…
Every bombardment with the killing weapon.
Levi Garrison stepped back a bit, spraying blood in his mouth.
Obviously he can’t hold the upgraded version of the killer weapon.
“Go on, continue to me!”
Xu Zhengjie urged.
“boom!”
“boom!”
“boom!”
…
Xu Zhengjie also struggled.
In the shortest time, all the energy boxes were lighted up.
The power of this weapon is too terrifying and terrifying.
Levi Garrison was hit again and again.
“boom!”
“puff!”
Suddenly, when the 67th energy box bombarded Levi Garrison’s body.
He was directly blasted and disappeared on the spot.
Was beaten and disappeared under the noses of hundreds of thousands of people…
The Return of the God of War [The Protector] Chapter 1748
Boom boom boom!”
Only a total of eighty energy boxes are launched almost at the same time.
Levi Garrison was blasted, and the remaining thirteen shots were all empty.
But it has been battered here.
It’s like a doomsday scene.
“It’s beaten up! Levi Garrison is beaten up!”
“Successful, we succeeded!”
…
All dominate the alliance cheered.
Just like a big victory…
Xu Zhengjie even shouted: “There is no more Levi in the world!” m.bg.
“I am the only king in Erudia! Remember my name Xu Zhengjie!!!”
Everyone present looked at Xu Zhengjie in admiration.
No one would have thought that an ordinary person would become an important factor in turning
the tide of the war.

Who can think of it?
Levi Linqiang, right?
The hundreds of thousands of the main force in the Western Territory that dominated the Alliance
were abruptly defeated by him.
He kills the strong in the fifth or sixth heaven, like killing chickens and oxen.
Wasn't it killed by Xu Zhengjie's god-killing weapon?
From then on, Xu Zhengjie's value will be maximized.
Really become the king that everyone robs.
His dream of becoming a king will be easily realized.
"Won, we won!"
Li Zhengguo and the others told Richard the news for the first time.
"Won, kill Levi Garrison, our biggest obstacle is now!"
"If Beijing wins again, we will be fully victorious, and Erudia will be in full control!"
...
They have seen the picture of victory.
Richard was very excited.
But at this time, someone came to him.
Everyone is wearing a black suit, and there is a medal with a black shield on his chest.
Richard's face changed when he saw them.
The visitor is impressively the number one mysterious organization of the War Eagle Nation-Sky
Shield.
The Sky Shield has a long history, and the agents inside each possess abilities.
They control one of the most mysterious powers and secrets in the Warhawk Nation and the whole
world…
They are different from Messiahi.
They really control the terrible power.
Usually responsible for all kinds of terrible supernatural events.
It is said that the covenant of the gods was sent by the rulers to the Sky Shield…
In the face of the Sky Shield, Richard and the others are also afraid.
"Come on! Erudia is as unbearable as you imagine!"
"This sleeping oriental lion should never be underestimated. If you make him anxious, it will wake
up!"
The Tianshield agent was straightforward and persuaded.

Richard smiled: "Yes, Erudia was indeed forced out by us! But it is still not our opponent!"
"Next, you will see that we captured Erudia!"
"You guys do it for yourself!"
The Tianshield agent turned and left.
They are just reminding.
On the eastern battlefield.
"Master!!!"
Xiao Feng and the others watched Levi Garrison's bombardment.
Everyone made heart-piercing noises.
Levi Garrison just disappeared from under their noses…
All this is too trance.
It has been a long time for them to believe that all this is true.
The other side.
Xu Zhengjie yelled: "Come on, rush for me! Take down the Eastern Frontier Theater immediately!"
Xu Zhengjie gave an order.
The tide of dominating the Alliance army is generally oppressive.
Xiao Feng is weak here.
In addition, everyone was immersed in the pain of losing Levi Garrison.
Presumably, within half an hour, they will be completely wiped out.
"Everyone has it, you can go north to meet up in the capital!"
Xu Zhengjie and the army behind them also began to activate.
After all, Xiao Feng and the others couldn't stand a blow and couldn't stop it.
"How can Erudia provoke you outsiders?"
At this time, there was a sound of thunder rolling in the sky.
The Return of the God of War [The Protector] Chapter 1749
The voice seemed to come from nine heavens.
It's as if it was sent by the gods in the sky.
All the army dominating the alliance was stunned and stopped abruptly.
Xiao Feng and the others were all dumbfounded, staring into the air in a daze.
Is Levi Garrison still alive?
This is the unanimous idea of hundreds of thousands of people present.
"No? Is he dead?"
Xu Zhengjie was so frightened that he was sweating and his lips turned pale.
Everyone was immersed in the fear of Levi Garrison.
He is terrible.
"Rumble…" mi. c
Next second.

I saw earth-shaking sounds from both sides of the battlefield.
"Look!"
"Look!"
…
At this time everyone exclaimed.
On the left, a brown-red war horse appeared first. On the war horses were uniform swordsmen.
They were wearing white robes with hats on their heads and long swords on their backs.
Although the number is small, it is close to thousands.
But the momentum is like a dragon, swallowing thousands of miles of mountains and rivers.
On the right is also a war horse splayed out.
Above the war horses were swordsmen wearing black clothes and black scarves.
They also have crossbows on their backs…
Two groups of people appeared suddenly.
Everyone was dumbfounded.
"Erudia still has such reinforcements?"
This is the thought in everyone's mind.
At this time, he has paid attention to the Messiahi base in the real-time screen of the battlefield.
See the emergence of these two teams.
The faces of several senior executives changed wildly.
"It's them! It's them!"
"They finally showed up!"
"I thought Erudia would be over if I lost Levi Garrison!"
"No idea that the legend is true! They really exist, and they have appeared!"
…
The senior officials of Yanlong Weizhong cried with joy.
"What's wrong? What's the matter?"
"What are their identities?"
Messiah and the others were dumbfounded.
"Originally, this legend could not be said, but they have appeared, and everyone has seen it. Then tell
everyone!"
"In the legend, there is a Baolong clan in the dark place of Erudia! That is, Erudia's guardian family!
How many specifics are unknown, and where they
are, let alone know.

The meaning of their existence is that their duty for generations is to protect the dragon, to guard
Erudia, and to ensure that Erudia's foundation lies.
Only when Erudia appears the most dangerous moment, they will appear, turn the tide and save
Erudia from the water and fire! "
...
"Not only that, the major guardian families control an organ formation together, which is said to
guard the foundation of Great Xia."
"I have also heard a rumor that each guardian family is in control of a key, and all the keys together
can unlock the biggest secret??!"
...
Hearing this, everyone gasped.
"But the Baolong clan only exists in legends, and we just heard about it, even our predecessors have
never seen it before!
So at the beginning of this war, we just expected the legend to be true. But they don't rely on this
legend! "
"Even the first thing that happened to Levi Garrison was resolved. We thought it was them. The
result was Levi Garrison himself."
...
"So the Baolong clan exists, and they have been paying attention to everything in Erudia! Now is the
most critical moment of Erudia, they have only
appeared!"
Someone concluded.
"Yes, it's wrong! I'm afraid they solved the power of the capital!"
A look of hope ignited on everyone's face in Messiah.
They are going to win.
On the battlefield.
After the black and white teams appeared.
No words.
Kill directly to dominate the alliance army.
The war is about to start.
The Return of the God of War [The Protector] Chapter 1750
Regardless of the two teams that just appeared, they add up to tens of thousands.
Can play against each other.

Each incarnation is a murderous machine of terror.
Dominating the Alliance Army has no power to fight back.
Can only be slaughtered!
The black and white teams seem to be competing in anger.
Bet on who kills more!
Killed one by one…
This is a crushing battle without suspense.
Xu Zhengjie, who had lighted all the energy boxes, could only watch as the army dominating the
alliance fell one by one.
They are helpless. ..
The battle lasted for a short time.
The Domination Alliance was almost completely destroyed.
The fighting power of the Baolong clan is simply too terrifying and terrifying.
After defeating the Domination Alliance.
They disappeared without a trace again.
It seems that it has never appeared before.
"Withdraw, withdraw quickly!"
Important people such as Xu Zhengjie and Li Zhengguo fled out of Erudia before the danger came.
Lost!
Dominate the Alliance army defeated across the board!
Almost all the four major war zones were overthrown…
Later they received a message that the plan to destroy the capital had also failed.
Lost.
The dominance of the league was completely defeated.
This is an alliance of warriors, nothing more than a mob.
This rout.
The Domination Alliance was dissolved on the spot.
This organization, which was formed no more than half a year ago, was wiped out in an instant.
It's really embarrassing!
"Lost, completely defeated?"
Richard did not believe what was happening before him.
"Yeah, at the last moment, Erudia suddenly appeared two groups of unknown teams. It was
terrifying. They were all killing machines. So far, we still
don't know who they are?"
Richard was silent.
He thought of what the Sky Shield had warned him.

Urgent, this lion will wake up.
Sure enough, did you wake up?
In any case, he was defeated.
But the good point is that he finally took Xu Zhengjie and his weapons back.
Of course it is an upgraded version of the eight weapons.
There was no chance to take the rest, and they all stayed in Erudia…
Xu Zhengjie and his core technicians were taken to War Eagle Nation.
This is a blessing in misfortune.
Messiah also released a message to the world for the first time.
"Erudia announces that the war has completely defeated the invading warrior organization to
dominate the alliance, and the war Erudia has won!"
"Erudia won!"
…
The message soon spread throughout Erudia and the world.
The gongs and drums on the streets of Erudia are noisy, and firecrackers blast.
Everyone began to celebrate.
Organizing activities everywhere is even more ambitious than the New Year.
The feeling of the rest of my life is really wonderful.
A moment ago, Erudia fell into ruin.
Everyone is ready.
Later, he was saved by the unknown heroes abruptly.
Erudia is still an invincible Erudia!
Unite as one, invincible!
All Erudia was immersed in joy.
But overseas countries are dumbfounded.
Erudia won?
Incredible.
The scene they least wanted to see happened.
Erudia actually held it up.
The major countries and forces are desperate to death.
Nothing is more frustrating than those who quit Erudia nationality and join other countries.
They tried their best to escape the chaos of war and to live a stable and peaceful life in the future.
Everyone is looking forward to the demise of Erudia.
But who could have imagined that Erudia won.
Now, they are not of Erudia nationality and can't go back.
regret……

Almost everyone regretted…
However, Messiah and the Erudia soldiers were not happy at all.
They are searching for Levi Garrison's whereabouts on the battlefield…
Even if you die, you can leave a memorial.
The Return of the God of War [The Protector] Chapter 1751
This time the war was won.
Who gets the most credit?
That is definitely Levi Garrison!
Despite the emergence of the Baolong clan, victory was achieved.
But their appearance is just the end.
Four-fifths of Levi Garrison's things were done.
Especially the most threatening weapon to kill God.
Levi Garrison "tested poison with his own body" and consumed all the energy boxes of the killing
weapon.
Including the upgraded version.
This made the real threat no longer.
Otherwise, the weapons of killing gods can also pose a great threat to the Baolong clan. m.bg.
In any case, Levi Garrison is the one who has contributed the most.
He led Erudia's passionate daughter to turn the tide.
So everyone wants him to live.
Even if it's dead.
A little trace must be found.
Carpet search by tens of thousands.
But there is no miracle.
Not only did they not see Levi Garrison, they didn't even have a trace of it.
"Master is out, I saw him beaten up with my own eyes!"
"The killing weapon is just that terrifying, and it makes people disappear in an instant!"
Xiao Feng and the others are unwilling to accept this result, but there is no way.
"I hope God will take care of Erudia, and let's have another miracle!"
Everyone prayed silently in their hearts.
"Boom boom…"
Tens of thousands of soldiers opened fire to the sky to pay tribute to Levi Garrison.
the other side.
After Xu Zhengjie was taken to the war eagle country, he received the highest courtesy and the most
generous treatment.
Richard and the others agreed to all the conditions he put forward.

These islands and land are even more important.
Even the promise of making him king must be fulfilled.
There are many small affiliated countries in the war eagle country.
Under Richard's lobbying, the Eagle Nation decided to cede one of its largest subject states to Xu
Zhengjie and let him be the king.
The ceremony of becoming king will be held in seven days.
Although this battle was not a victory.
But Xu Zhengjie's name spread all over the world, making him the hottest character.
Now many international female superstars come to visit him, willing to be his lover.
Some top rich international men came to him, willing to spend huge sums of money to buy the killer
weapons in his hands.
There are also more and more people coming to take refuge in Xu Zhengjie internationally.
Xu Zhengjie, an ordinary person, stood on top of the world.
"I also have the credit, at least I killed Levi Garrison! I really want to tell Zoey this message
personally!"
Xu Zhengjie gave a perverted smile.
Compared with Xu Zhengjie's excitement, Richard and others are unhappy.
They planned for so long.
Gathered such a powerful force.
But I didn't think that it was a failure in the end.
Even the younger brother was almost killed.
Seeing Jefferson's miserable appearance now, he didn't get angry.
"Brother, fortunately, Levi is dying, and my revenge is revenge!"
After seeing the power of Levi Garrison, Jefferson knew that he had little hope of revenge.
Fortunately, there is Xu Zhengjie's killing weapon.
"Yes, after all, we still took advantage. At least Levi is dying. Otherwise, he will threaten us too much
in the future!"
"What makes me wonder is where did Erudia's last reinforcements come from? Who are they?"
Richard rubbed his chin and thought.
Jefferson was thinking too.
The pictures that flashed in his mind were all Levi Garrison.
His body is shaking all the time.

Recalling Levi Garrison's various things, he was really scared.
This is the person he has feared the most since he was a child.
He even had a strong feeling.
Levi Garrison was completely dead.
Levi Garrison's voice lingered in his ears-no matter you escape to the end of the world, I will catch
you back.
You can't escape from my Wuzhishan!
The Return of the God of War [The Protector] Chapter 1752
Jefferson became more and more frightened.
It seemed that Levi Garrison was around.
A pair of eyes were staring at him in the dark.
He soon came to War Eagle Nation and wanted to take him back.
…
Jefferson told his brother all this.

Richard was scolded severely.
"Jefferson, you were frightened by Levi Garrison and fell ill. I tell you, Levi Garrison is dead,
absolutely dead! Hundreds of thousands of people watched him
die!"

"You probably have a psychological shadow!"
Subsequently, Richard found several psychologists to enlighten and treat Jefferson.
Xu Zhengjie is also in the same situation. mi. c
He is the most concerned existence in the world.
There are positive and negative effects.
Many people called him a traitor, and killed his compatriots.
Sooner or later, he will be caught in Erudia for atonement.
…
I don't know why, Xu Zhengjie felt a little flustered when he heard this.
I always feel that this thing is going to happen the same.
After all, he has a guilty conscience.
He told Richard all this.
Richard called him peace of mind.
He is now a member of the Eagle Nation.
It is necessary to become a king soon.
What are you afraid of?
No one can take him away in the Eagle Nation.
There is no one in this world who would dare to be wild in the Eagle Nation.

To arrest his brother and Xu Zhengjie is nothing short of a dream.
Xu Zhengjie also gradually felt relieved.
If you say where is the safest in the world.
There is definitely a war eagle nation in the first three miles.
He is not afraid at all now.
While immersed in joy, Erudia was still dealing with all kinds of troubles after the war.
Including Xiao Feng, they have been looking for Levi Garrison's whereabouts.
"Even though we won the war in an all-round way, the enemy still ran a lot!"
"First, Xu Zhengjie, betrayed Erudia, and killed countless compatriots with special weapons. He is
Erudia's sinner. Now he has fled to the war eagle
country."
"Secondly, Richard and Jefferson are two brothers. Richard is one of the planners who dominate the
alliance. His identity is still unknown. They are
also in the Eagle Nation."
"Third, Star Country's Sanxing Group, they are also important planners, and almost all the financial
resources this time are from them!"
"Fourth, even a certain faction of the Sky Shield Bureau sent people to ginseng, and there is also the
Apocalypse Association!"
...
Yanlong Weiluo lists Erudia's enemies.
"Perhaps we may have no solution now, but whenever there is a chance, everyone has to pay for
their actions!"
These enemies were all remembered by Erudia.
"There are also those warriors in Erudia who have not participated in the battle, and those evil sects
are also Erudia's enemies, and they will all die!"
They also listed all the evildoers who have contact with the Domination Alliance.
"Well, if there is a Baolong clan taking action! All these evil sects will apologize!"
"But Xu Zhengjie, Richard and these people we can only watch! They are in the War Eagle Nation,
how do we do it?"

“Hey! They won’t be able to move for a while, let’s find a chance later. Maybe they won’t be able to
move in this life!”
“I heard that Xu Zhengjie will serve as the King’s Ceremony in seven days. We can’t even touch him
at that time!”
…
Everyone looked depressed.
“Move, why not move?”
“Jefferson has only begun ten years in jail, so he has to come back to jail honestly!”
“Xu Zhengjie was punished for treason and must be arrested back to Erudia and be sentenced to
death!”
“I said you can’t escape from my Five Finger Mountain!”
Somewhere in the northern continent, a voice rang.
Levi Garrison appeared…
The Return of the God of War [The Protector] Chapter 1753
“The revenge of all the brothers in LEvi’s Squad ! The revenge of all the brothers who died!”
Levi Garrison was holding a black war knife in his hand.
This is the sword of the Northern Heavenly King.
It was made by him using meteorite iron from the outer world.
Named “Bei Ming”.
Now Levi Garrison is not only holding a knife, but also carrying the hope of his brothers.
Is Levi Garrison dead?
Of course it’s dead!
Let’s put it this way, Levi Garrison is not a fool.
If the killing weapon can really kill him.
Is he really going to be a target in a silly way, letting killer weapons hit it?
..
impossible!
The consumption is not so consumed!
Since becoming a commander, Levi Garrison told the soldiers that the important thing is to be alive.
No matter how the battlefield changes.
First think about surviving.
Only if you are qualified to live can you continue to fight…
Therefore, Levi Garrison would not consume the opponent’s weapons with death.
The killing weapon is indeed amazing and can hurt him.

Can't kill him.
After getting the opportunity from the cheap master, Levi Garrison's physical strength reached an
unimaginable state.
During the bombardment with the killing weapon, he was actually testing his physical strength.
He measured it.
Even the eighty shots of Xu Zhengjie's upgraded version of the killing weapon hit him.
You can beat him to death, but you can't kill him.
At the critical moment, Levi Garrison noticed that someone was staring secretly.
In order to force them out, I want to know who they are.
These people are indeed the Baolong clan.
They had been observing everything in secret early on.
But at that time, Levi Garrison couldn't judge whether it was an enemy or a friend, so he could only
test it.
So when Levi Garrison was in his sixties, he created the illusion of being beaten to pieces.
This is difficult for others.
But it's very simple for Levi Garrison.
This is a combat technique taught to him by the cheap master-the ghost clone.
It is to deceive everything at the extreme speed and appear the illusion of a clone.
So what was smashed was actually a clone.
May deceive everyone in the field.
Including the mysterious Baolong clan.
In their opinion, Levi Garrison was also shattered.
The magic shadow avatar Levi Garrison is just a starting point, and can currently practice a avatar.
Of course it was Levi Garrison who worked hard on this combat technique.
In his opinion, the practicality is not high, and he focuses on other combat skills and exercises.
Now it seems that in the future, you will have to practice more demon shadow clones.
In particular, I heard from Master Qi that if the Demon Shadow clone has reached the top level,
hundreds of clones will not be a problem.
That was something Levi Garrison couldn't imagine…

Levi Garrison asked the cheap master curiously, how many clones can he practice?
The cheap master didn't answer, but just raised a finger.
At that time, Levi Garrison didn't take it seriously.
But every time he thought about it later, he was startled in a cold sweat.
This finger represents…
The cheap master cannot be described as a strange person.
It's like a fairy.
At this time, Levi Garrison was holding the Beiming Sword in his hand and had already arrived in
Beifang Continent.
It is very close to the Eagle Nation.
When he heard that Xu Zhengjie was going to be a king, he trembled with anger.
"Xu Zhengjie, I can't spare you!"
"There are also all the evil deeds made by the War Eagle Nation back then, and I have to punish them
one by one!"
Levi Garrison went to the War Eagle Nation step by step.
No one would have thought that the Kingdom of War Eagle is about to usher in a bloody storm.
The most terrifying thing is that only Levi Garrison is alone!
One person kills the wind and rain, and there is no god in the world.
Who said that no one would dare to be wild in the Eagle Nation?
Have you ever asked me about Levi Garrison?
The Return of the God of War [The Protector] Chapter 1754
Before the big summer, the country was in trouble.
There are not a few people who quit Erudia nationality.
Overseas countries actively accept elite talents from Erudia.
According to the statistics.
The three countries that receive the most talents from Erudia are the War Eagle Country, the East
Island and the Star Country.
War Eagle Nation: 570,000 people.
East Island: 420,000 people.
Star Country: 330,000 people.
…
Unimaginable numbers.
These are really a large list of talents recruited by various countries. ..
More are not found.
This wave of great summer difficulties has detected people's hearts.
How many people were defeated and escaped from Erudia.

But what they didn't think was that Erudia had won.
So ninety-nine percent of people are facing an awkward situation-can't go back to Erudia?
Before leaving Erudia, it was not because they could live a better life abroad.
But Erudia was in dire straits and was about to perish.
They just left.
In fact, joining other countries will not necessarily develop better than in Erudia.
After all, not everyone is Xu Zhengjie, who can be a king, so that the Eagle Nation can meet all his
conditions.
Most people find that after joining another country, they are not as beautiful as they imagined.
Countries like the War Eagle Nation simply don't treat them as their own people.
Just fancy their money, resources, talents and so on.
Fortunately, those who are talented and capable can be reused.
But like most people will only be squeezed to a large extent.
When their value is squeezed out, these countries will absolutely kick them away without mercy.
Although everyone doesn't say this point, they feel like Ming Spiegel in their hearts.
Especially Zhang Wentao, who came to War Eagle Nation, and Lopez and Black's family.
They understand better.
Because of this period, the War Eagle Nation began to squeeze them in all aspects.
In a short period of time, their money has been squeezed by a third.
These people from the Lopez and Black family who fled were actually nothing in their respective
families.
Everyone's abilities are very average, they need to be literary and literary, but they need to be
martial.
It's all relying on the shadow of the family.
Without the foundations of the family, the Western Shu family, and even Wushuang City.
They are nothing.
After Erudia's victory, they became more aware of their situation.
Now they have huge sums of money and even resources.
But all this will be used up.

The family will not provide them with continuous supply.
Zhang Wentao, Li Songkui, Li Wenhai and others all gathered together to discuss solutions.
Concubine Zhao Jun and Li Mengyue themselves yearned for a leisurely life abroad.
The two unanimously expressed that they were unwilling to leave the war eagle country.
If they can, they will always be in the Eagle Nation.
Li Songkui and Zhang Wentao also liked their lives in War Eagle Nation.
"According to the current situation, we can definitely live in Warhawk Nation for four or five years,
but what should we do after four or five years?"
Li Wenfei was more sensible and asked everyone.
"This……"
Everyone hesitated.
They all understand that all the resources and money on hand will be exhausted one day.
"Then we go back to Erudia?"
Li Wenhai asked tentatively.
"No, it's shameful! Now they all treat us as traitors! It's very difficult for us to return to Erudia!
Besides, the elderly in the family disagree, after all, we
are unscrupulous descendants!"
"Furthermore, what are we doing back to Erudia? The Eagle Nation is so good!"
…
Seeing that everyone is reluctant to go back.
Li Wenhai said: "I have a way!"
"What can I do? Say it!"
Everyone looked forward to it.
The Return of the God of War [The Protector] Chapter 1755
"We can stay in War Eagle Nation. We can ask for money and resources from the family. I don't believe
it. Can those old guys just watch us die?"
Li Wenhai asked.
"Yes, in fact, grandpa and grandma are like knives and tofu hearts!"
"This time we did make them angry! But once we have something, how can they leave it alone?"
"Isn't it? Once we have an accident, those old guys are still dying in a hurry. Why don't we send
them?"
…

That said, everyone is relieved.
Excitement appeared on everyone's faces.
They can continue to stay in the Eagle Nation and be their masters.
Then despise Erudia's compatriots.
The most important thing is that they can continue to chew on the old.
m.bg.
Everyone is like a mosquito, sucking the blood of the family fiercely.
But they were wrong.
Once they are in distress, Li Tianhao will never ignore them.
This is the confidence that Li Wenhai and the others continue to stay in the Eagle Nation.
But after Li Songkui answered a call, his face was gloomy.
"I heard that Levilia is a genius thing, and Erudia Messiahi has already learned about it. The next step
is to focus on training! Think about it, Levilia
is Erudia's future hope, how high his status is!
The tide will rise, and the status of the Li family and the Zhao family will also skyrocket! It can even
seal a family of protecting the country and the
like. It was really the peak moment of the family at that time. "
Li Songkui said.
This is the message he inquired just now.
It's really wrong.
Messiah and the others did not find the whereabouts of Levi Garrison.
They decided to fully compensate Levi Garrison's family.
Just discovered that Levilia is a peerless genius.
Determined to focus on training.
The message has been released.
"what?"
The expressions of everyone present changed in unison.
If this is the case, then the Lopez and Black family will take off.
Even if they are living well in War Eagle Nation, they are not as supreme as they are in Erudia.
"If that's the case, what's the point of staying here? We have to go back to Erudia as soon as
possible!"
"Yes, Erudia is our hometown, we should go back!"
"Even though we are in a foreign country, we are all Erudia people!"
...
The crowd came to make a big turn of one hundred and eighty degrees.
At this moment, I really want to return to Erudia.
"Want to go back to Erudia? Impossible!"

Suddenly a voice appeared.
The next moment, a large group of people entered the manor.
It is Xu Zhengjie headed.
He is now sweet and delicious.
Once out, countless masters followed.
A helicopter hovered in midair.
The Eagle Nation did not want him to die, let alone his being taken away by other countries or forces.
Therefore, the defense coefficient around Xu Zhengjie is the highest level.
Follow as many masters as you can.
"It's you!"
After Li Songkui and the others saw Xu Zhengjie, everyone's face changed drastically.
They know Xu Zhengjie.
I also know that Xu Zhengjie is Levi Garrison's classmate.
"From now on, all of you will follow me, and your identity as the nationality of the Eagle Nation will
never change!"
Xu Zhengjie smiled.
Li Wenfei looked at each other.
If you really followed Xu Zhengjie.
They are the real traitors.
Like a brand, it is impossible to return to Erudia in this life.
"If you don't agree, there may be no place for you in this world!"
"Don't worry, after following, glory and wealth will accompany you throughout your life, even in the
Eagle Nation, you are all masters!"
...
In the end, everyone agreed to follow Xu Zhengjie.
The Return of the God of War [The Protector] Chapter 1756
After all, fate is the most important thing now.
If it weren't for Xu Zhengjie's promise.
Anyone can predict the end.
So they must follow Xu Zhengjie.
What is Xu Zhengjie's purpose?
It's very simple.
He wants to disintegrate Zoey's family, completely ruining it from the inside out.
Let these people be charged with traitors.
But Xu Zhengjie didn't break his promise.
After Li Wenfei and the others agreed, War Eagle Nation immediately gave them the best treatment.

Regardless of status and others, they are all up to the next level. ..
Xu Zhengjie also promised that after he became king, they would be able to be promoted.
You can even be knighted in the Warhawk Nation…
The future of Li Wenhai and others is bright.
Following Xu Zhengjie's words, it is more promising than returning to Erudia.
Back to Erudia, I just lived in the shadow of Zoey, Levilia.
But in War Eagle Nation, everything is completely different. They don't need to rely on others, just
follow Xu Zhengjie.
Everyone was jubilant.
After that, Xu Zhengjie's desire to be a king became enthusiastic.
Not only that, there are many former Erudia people who eagerly supported Xu Zhengjie.
Everyone is willing to follow Xu Zhengjie.
Because Xu Zhengjie not only contacted Li Wenhai and the others, but also many top elites who
escaped from Erudia.
Xu Zhengjie's plan is to bring all these people together.
It can be seen that Xu Zhengjie's ambition is huge.
I leave Erudia.
But I want to build another big summer outside!
After Xu Zhengjie had a huge impact.
Messiah was furious.
Messiahi immediately released a proposal internationally: requesting the war Eagle Nation to hand
over Xu Zhengjie and Jefferson, who had been
convicted in Erudia.
This proposal was directly rejected!
Messiah can only give up!
I can only watch Xu Zhengjie and the others in the Nation of Eagles…
You can't send people directly to War Eagle Nation to bring people back.
If you don't have such strength, you can't even dare to go if you have strength.
Messiahi tried to contact the Baolong clan and asked them to bring people back.
Baolong's reply is simple: this matter is over.
Messiah understood that even the Baolong clan was very afraid of this matter.
Can not cause trouble without causing trouble.
Everyone can only watch Xu Zhengjie show off his majesty.

After learning that Li Wenhai and others had taken refuge in Xu Zhengjie, Li Tianhao and Wu Mulan
immediately contacted them.
"Unscrupulous children and grandchildren! The faces of our Li family (Zhao family) have lost all of
you!"
"Listen to our persuasion, quickly get out of it, and then return to Erudia!"
"We will pick you up in Erudia!"
...
Now that they have tasted the sweetness, how can they go back.
"Parents, just listen to me, you also come to War Eagle Nation, I promise to be even higher than the
status of Erudia! This is heaven on earth!"
"Yeah, what is good about Erudia? You should really come out and see the world outside!"
"You know? Mr. Xu promised to give us two islands, and we will be the island owners in the future!"
...
Not only did Li Wenhai refuse to listen to persuasion, but they also tempted the family to move here.
"Bastard!"
"You will starve to death outside in the future, we won't care about it!"
Several old people were angry.
"Ho ho, you don't have to worry about our parents in the future, we'll be dying!"
They don't care about this at all.
"Go away, we'll be cut off from now on!"
The Lopez and Black family are determined to break with these people.
"Stupid, decayed, and stubborn!"
"One day you regret it!"
The Return of the God of War [The Protector] Chapter 1757
Li Wenhai roared.
Others echoed: "Yes, they are too stubborn."
"Actually, after we followed Mr. Xu, we didn't have much contact with War Eagle Country."
"Because Mr. Xu is committed to creating another Erudia, not to mention that most of the people
who follow Mr. Xu are our Erudia compatriots! This is
different from Erudia!"
"That's right, we are equivalent to overseas Erudia.

Who said he betrayed his ancestors? Instead, we win glory for our ancestors!
Sprinkle all of Erudia on the other side of the world. We are still the heroes of Erudia! "
…
Everyone said without any face.
Obviously betrayed.
But it was described as having done Guangzong Yaozu's thing. m.bg.
Next, Xu Zhengjie contacted many compatriots who had renounced Erudia nationality.
Everyone agreed…
The greater Xu Zhengjie's momentum became, the more angry the Erudia people and Messiahi.
But helpless.
Can only condemn…
How many people hope that a hero will appear, and Xu Zhengjie will be severely punished.
Destroy their ambitions…
Although knowing that this is an extravagant wish.
In the Messiahi base.
"Is there still no whereabouts of the king?"
Everyone was silent.
I have been searching for several days.
There are no traces at all.
What's more, hundreds of thousands of people watched Levi Garrison being destroyed by the God of
Death weapon.
It's not resurrected like Jiulong Mountain before.
Xiao Feng, who was well versed in Levi Garrison's ancient techniques, knew that Levi Garrison's body
was destroyed.
Not even relying on this technique.
Do not break or stand.
But it broke too thoroughly.
There is simply no possibility of standing.
"Hey, let's tell his family the message!"
"Let's discuss and hold a funeral of the highest level for the king of the word side by side!"
"What a pity! Erudia will try his best to help his family in the future!"
…
Everyone had no hope of Levi Garrison being alive.

“By the way, the Baolong clan is going to take action against those evil ways, and we must
completely clean up everyone!”
“Good thing! You have to let Erudia’s warriors know the end of the betrayal!”
But what Messiah didn’t know was that the danger of the capital was done by some of them who
were surrendered by Levi Garrison.
But these people are also on the clearing list of the Baolong clan.
But now Levi is not here.
No one knows that they have done all this.
The decision of the Baolong clan couldn’t even interfere with Messiahi.
…
the other side.
Levi Garrison has come to the territory of War Eagle Nation.
In a short period of time, he has found the residences of Jefferson and Xu Zhengjie and their recent
whereabouts.
Jefferson was timid and had been hiding in a laboratory to repair his mechanical body.
Xu Zhengjie swaggered back and forth in Northern Continent, gathering many contacts and
influences.
“Okay, very good, don’t you want to be a king? Hell should be missing!”
Levi Garrison sneered coldly.
He will wait until Xu Zhengjie reaches the king’s ceremony before making a move.
He did not send a message to Erudia.
First, Erudia knows that he is alive, which may cause some unnecessary troubles. There are still many
factors.
Second, if Erudia knew that he was going to take action against Xu Zhengjie, Erudia would never let
him go and would order him to stop and return
to Erudia.
Third, Levi Garrison happened to secretly investigate the organization of the Domination Alliance.
Seven days have come in a blink of an eye.
The ceremony for Xu Zhengjie to be a king was held in the Eagle Nation.
Levi Garrison also chose to do it on this day.
Take Xu Zhengjie back to Erudia.
“are you ready?”

The Return of the God of War [The Protector] Chapter 1758
Black Iron Experimental Base.
It is one of the hundreds of experimental bases behind the first mysterious laboratory of the
Warhawk Kingdom behind Richard.
Jefferson is here.
First, his mechanical body is seriously damaged and needs to be repaired.
Second, this experimental base is heavily guarded, and no bird can fly in.
Jefferson is at ease here.
Not only that.
For Jefferson's peace of mind, Richard also sent a pseudo-seventh heaven powerhouse.
It was just one step away from the Seventh Heaven Realm.
It can be said that this master is absolutely above all six heaven masters.
Throughout this time, the strong people who dominate the alliance are like clouds, but they are all
six-tier strong, and there is no pseudo-seventh-day
strong.
So under such tight protection, Jefferson would feel more at ease. ..
But he still has nightmares from time to time.
The top psychiatrist is actively guiding the treatment.
Jefferson is much better now.
"Mr. Jefferson, today is Mr. Xu Zhengjie's attendance ceremony, the host wants you to attend!"
Hearing this, Jefferson shook his head: "Tell my brother, I will not participate!"
He is in a bad state today and is not interested in anything.
With the help of the servant, Jefferson began to have breakfast.
At this time, Jennings, the senior of the laboratory, came over: "Mr. Jefferson, I can tell you a good
news that the protection system of our Black Iron
Experimental Base has been upgraded by one level again!"
"Oh?"
Jefferson's eyes lit up fiercely.
"Let's put it this way, now I am confident that even if a strong man from the pseudo-seventh heaven
comes, it will never be possible to enter the
defensive area of our laboratory for half a step!"
Jennings looked confident.
"Rumble…"
But as soon as his voice fell, there was a shaking movement from outside.
The entire laboratory base shook.

“Dididi…”
Then the whole base sirens loudly.
“Invasion! Invasion! Enemies invade!”
“Quick, quick! An enemy invades!”
…
The entire experimental base is in a mess.
Jefferson’s face changed drastically, his eyes fixed on Jennings.
The meaning is obvious.
This is how you said the defense system has been upgraded?
Jennings flushed and said furiously: “I will handle this myself!”
“Don’t panic, there’s nothing wrong with me.”
A person behind Jefferson said lightly.
Jefferson looked calm.
now.
The gate of the black iron laboratory base.
The special alloy gate that could hold the missile attack fell to the ground.
It was just banged in half by someone with his feet.
There was a person standing at the door.
Wearing black clothes and a mask on his face.
Carrying a black war knife.
Familiar people can tell at a glance that this is the dress of the members of the LEvi’s Squad .
The mask and the sword are matched.
Today, Levi Garrison is in such a costume.
He wants to bring these two people back to Erudia in the name of LEvi’s Squad and the dead
brothers.
Soon, hundreds of guards gathered in the laboratory.
These guards include warriors and warriors wearing mechs. They have modern super weapons and
extraordinary strength.
In addition, the laboratory has an advanced defense system.
Intruders, kill without mercy.
Jennings brought people here quickly.
“So courageous, there are people who dare to break into the Black Iron Lab!”
Jennings shouted coldly.
The weapons of hundreds of people and the weapon launch system of the base defense all locked
Levi Garrison.
With an order, Levi Garrison was definitely called to be wiped out in ashes.

“Who are you? What are you here for?”
Jennings stared at Levi Garrison and asked.
“A big summer, come and catch Jefferson and go back!”
The Return of the God of War [The Protector] Chapter 1759
The words came out.
The entire base is silent.
Everyone was stunned.
Jefferson, who was having breakfast in the back, his face changed drastically when he heard this.
“Snapped!”
“??!”
...
The coffee in his hand fell to the ground.
One stone stirred up a thousand waves.
When I heard Erudia’s words, everyone in the base changed color one after another.
Many people are wondering if this is a dream? ..
Jefferson really got it right?
Someone really came to the Eagle Nation to catch him?
It turns out he was not talking nonsense.
What he said is justified!
Seeing the group of people in front of him was dumbfounded, Levi Garrison said coldly: “Hurry up
and bring Jefferson out obediently, don’t force me to
do it myself!”
Levi Garrison’s words drew everyone back from their absence.
But recovered.
Everyone is quite calm.
What are they afraid of?
This is the war eagle country!
Not Erudia!
What can I do with you?
Not only did they not panic anymore.
Even Jefferson didn’t panic anymore.
This is not Erudia after all.
If you want to take him away, you must agree with the Eagle Nation!
But is that possible?
The Eagle Nation is on his side.
“Don’t worry, they will take care of everything!”
The super master standing behind Jefferson was very calm.
“What?? Are you crazy? This is the War Eagle Nation! Are you a big summer dare to come here to

find someone? Are you impatient?"
Jennings who reacted yelled at Levi Garrison.
In their opinion, Levi Garrison's behavior was crazy.
Come in the land of the Eagle Nation, come and take away their people.
This is impossible!
Erudia dare not!
Messiah didn't dare!
A few days ago, Erudia also issued a proposal for them to hand over, but was rejected by the Eagle
Nation.
Erudia can only give up.
Now a nameless man actually came to ask someone.
It's ridiculous!
"I know this dress, a member of the Temple of Heaven in Erudia Town!"
" LEvi's Squad is almost dead, he is probably here to take revenge!"
...
Some people recognize the dress of the LEvi's Squad .
"Huh, you dare to come to the war Eagle Nation to be important people? Erudia seniors dare not!"
Jennings said coldly.
Levi Garrison frowned: "I only give you three seconds. If you don't hand it to someone, I will go in
and catch it myself!"
Hearing that, Jennings and the others laughed.
"Come on, I'll count down for you!"
"Three two one, come, you come to catch!"
...
Jennings and others are extremely arrogant.
They are confident with the defense of the base, not to mention a big living person, even a bird does
not want to fly in.
Levi Garrison did not speak.
"Shit!"
There was a sharp sound of metal rubbing.
He drew the North Ming sword!
Step by step to the base.
"kill him!"
Jennings gave an order.
Immediately dozens of warriors killed Levi Garrison like crazy.
"dead!"
There was a cold voice.
Levi Garrison turned his wrist.

The North Ming sword flew out, whirling out afterimages.
“Puff!”
“Puff!”
“Puff!”
…
Dozens of warriors fell one by one, blood shot in the throat.
Jennings and others were stunned on the spot.
I thought it was just a nameless man, coming from a lot of blood.
Unexpectedly, he is still a master!
“Take him!”
Jennings growled.
More and more powerful people all surrounded.
“kill!”
The Beiming sword swiveled into Levi Garrison’s hands, and he grabbed the sword and rushed
towards the enemy.
It was like a bolt of lightning.
“Huh!”
“Huh!”
“Huh!”
…
I saw the black knife light flickering, piercing the eyes.
After a breath, the ground was full of corpses…
The Return of the God of War [The Protector] Chapter 1760
On the North Ming sword, blood drops dripped, not even a drop.
The knife is not bloody!
It shows that it is a peerless sword!
“This……”
Looking at the corpses in one place, Jennings was completely stunned.
So strong?
But this is the beginning.
Waiting for their reaction, Levi approached his sword and continued to charge.
“Puff!”
“Puff!”
……Mi. c
Under him, all the powerhouses of the fifth and sixth heavens can cut melons and vegetables.
Not to mention these.
Even if it is a mecha fighter who is hard-wearing and can withstand the bombardment of modern
weapons.

“Shit!”
Levi Garrison Beiming’s sword directly cut open the mecha.
This knife cuts iron like mud!
No matter how hard it is, it can’t hold a single sword.
“Puff!”
With a single knife, Levi Garrison split the man and the modern mecha in half.
With another blow, several people fell.
With an unstoppable momentum, he rushed into the base abruptly.
He can even smash all the dominating Alliance forces.
Just these people?
Just like coaxing to play!
Seeing Levi Garrison came all the way in.
Jennings panicked.
“Hurry up and activate the defense system! Hurry up!!!”
Jennings gave an order and the base defense system was activated immediately.
A series of special alloy walls drilled out from the ground, trapping Levi Garrison.
The alloy walls are covered with power grids, and there are flashes of electricity.
At the same time, a door-to-door weapon launching system climbed out of the surrounding heights.
“Fr!”
Jennings roared.
“Boom boom boom boom…”
“Da da da da…”
…
For a time, all the weapon launch systems bombarded Levi Garrison.
Various advanced weapons blasted at Levi Garrison like a gust of wind.
At the same time, the power grid on the alloy wall began to emit laser beams.
In a small space, there are hundreds of lasers crisscrossing each other.
This kind of laser is the most terrifying.
Even if it is touched by a supreme-level powerhouse, it will be torn, especially under such highdensity
laser cutting.
No wonder Jennings said earlier that even a pseudo-seventh heaven could not get in.
Under such firepower coverage, it is comparable to the upgraded version of Xu Zhengjie’s killing
weapon.

Who can stop it?
“Rumble…”
This wave of attacks shook the earth and the mountains and the earth broke apart.
No one would think that Levi Garrison would survive.
“??!”
“??!”
…
But the next second, the alloy wall burst open.
A tall figure emerged.
“boom!”
“Boom boom!”
“Boom boom!”
…
At the same time, the North Ming sword flew out.
Destroy all weapon launch systems.
three minutes.
Less than three minutes.
The defense system of the Black Iron Experimental Base was completely destroyed.
No weapon is effective against Levi Garrison.
He killed himself and came in.
“The one who stopped me, die!”
Levi Garrison continued to charge with one sword.
Soon, everyone under Jennings fell to the ground.
Everyone is standing.
“It’s not good, the big thing is bad!”
Jennings retreated and found Jefferson and them.
“What? Panicked?”
The master behind Jefferson said angrily.
“It’s not good, he, he got in!”
Jennings lay on the ground and gasped.
“boom!”
“??!”
…
In the next second, the floor-to-ceiling windows all burst.
Levi Garrison appeared in everyone’s eyes.
Jefferson’s body trembled.
Why is this person so like Levi Garrison?
Look at the body shape is exactly the same.
Although he was wearing a mask, Jefferson could feel a familiar breath.
“Jefferson, you can’t escape from my Five Finger Mountain!”

A familiar voice came, and Jefferson staggered to the ground.
The Return of the God of War [The Protector] Chapter 1761
"This, this…this is Levi Garrison!"
He is alive!
He is still alive!
He, he, he…
Jefferson was already shocked to the point of being beyond suffocation.
It turns out that his instincts are accurate.
Levi Garrison is still alive!
God-killing weapons can't kill him!
"You, you…"
Jefferson lay on the ground, pointing at Levi Garrison, his teeth trembled, and he didn't say a word
for a long time.
"Want to take him away? Pass my level!"
The strong breath behind Jefferson dissipated.
A terrifying aura enveloped the audience.
He was only one step short of stepping into the seventh heaven.
It is much stronger than the strong in the sixth heaven.
He is the strongest person Levi Garrison has ever met.
"Shit!"
He slowly drew a long sword similar to the Higashishima samurai sword from his back.
The electric light flickered on the blade, and this special metal contained terrifying power.
He held this long knife, as if death had descended.
Schroeder perfectly blends East Island swordsmanship with Western swordsmanship and
modern technology.
His strength made Jefferson a little relieved.
"With me, don't want to take people away!" A
cold light flashed in Schroeder's eyes, and he killed with a long knife.
"Chih!"
"Chih!"
……
His speed was so fast that the earth couldn't bear his power, and even cracked two gaps.
His knife is too fast.
It's almost the definition of detachment speed!
Levi Garrison was a prey in his eyes.
He definitely kills with one blow!
"Quicker? Haha!"

Levi Garrison sneered and charged with the Beiming sword.
“Boom!” The
two quickly passed by.
The two stood back to back.
Nothing seems to happen.
Can be the next second.
I saw a blood arrow shot soaring…
“Kacha!”
The special long knife in Schroeder’s hand snapped.
“Kacha!”
Immediately, he split in half and fell to the ground.
The pseudo-seventh heaven powerhouse, Levi Garrison killed him with a single shot.
The blood splashed the faces of everyone around.
They were all frightened.
Jennings was even more frightened and passed out.
“Ah ah ah! You …… you do not come, I I I I ……”
Jefferson psychological defense completely collapsed, piercing shouting.
Levi Garrison came to him and sneered: “Oh, come with me, you don’t want to run away in this
life!”
“Bang bang bang!”
Levi Garrison fisted, and the mechanical body that Jefferson had just repaired was destroyed again.
Levi Garrison dragged him like a wild dog away.
“Okay, next one, Xu Zhengjie!” A
cold light flashed in Levi Garrison’s eyes.
He went straight to the place where the ceremony was held.
“The big thing is not good, the big thing is not good! Mr. Jefferson was taken away!”
… The
entire dark iron base was reduced to a sea of flames.
There were roars everywhere.
Messed up.
Completely messed up.
At this moment, it is located somewhere in the waters of the Eagle Nation.
Where is an aircraft carrier?
That’s right.
Today, Xu Zhengjie’s ascension ceremony is held on this aircraft carrier.
It shows that the war eagle country attaches great importance to it.
Together with Li Wenhai and others, also came to participate in the ceremony.

They feel more and more right.
The future is bright and boundless…
Richard is also one of the important guests, sitting in an important position.
At this time, a person hurriedly ran over to Richard's side and said.
"Mr. Richard is not
doing well!" Richard frowned: "What's the matter?"
"Mr. Jefferson was captured by a big summer… just now…"
A stone stirred up waves. .
"What?"
Richard's face changed wildly when he heard it.
The Return of the God of War [The Protector] Chapter
1762
"Hi!"
Richard and a few people around him gasped.
Jefferson was taken away?
Or a Erudia?
Is Jefferson right?
"What's the matter with Jennings and Schroeder? Didn't I let them watch? Couldn't the Dark
Iron Lab prevent a big summer?"
Richard roared angrily.
"Mr. Richard, it is said that the base protection system was directly destroyed, Schroeder was
killed on the spot, not stopped at all!"
This sentence came out.
Richard's face was gloomy.
Schroder was killed in seconds.
It is enough to show that the other party is very strong.
"Hurry and find! Use all your power to find, and find where Jefferson is as quickly as possible!"
Richard ordered.
At the same time, he touched his chin and thought: "Who? Who is it?"
"Erudia can't be so courageous. The Eagle Nation has clearly expressed its attitude! Erudia can
only watch!" The
other human said; should be a big summer Warrior? Men in big Shaki still a lot! " "
No matter who he is! dare to run wild on my site, is the dragon have to dish! " "
in particular, caught my brother, shall be no survivors! "
… …

Richard was anxious.
If it weren't for the ceremony, it would begin immediately.
He wants to find someone himself.
When Richard gave an order, almost half of the Eagle Nation was shocked.
Countless forces and people all mobilized to start a carpet search in several cities.
Even the warriors from the Eagle Nation also intervened in the search.
Many advanced technologies are all used.
Especially the most powerful Skynet system of the Warhawk Nation is turned on…
Let's put it this way, even a bug can't escape this search range.
He can even search for it even abroad. After all, the Skynet system of the Eagle Nation covers
almost half of the world.
This level of search is simply terrifying!
Absolutely world-class…
time flies.
Half an hour passed.
The shocking thing is that the two of Jefferson just disappeared.
Can't search at all.
When Richard heard the news, his face was extremely gloomy.
"What? Can't find anyone?"
"Trash, all trash! Can't find even two people? What's the use of you?"
Richard was anxious.
"Don't worry, sir, we have already stepped up the search! It is determined that they have not
left the war eagle country, and are still in the war eagle country!"
Richard is even more angry: "still in the war eagle country, you can't find it? A bunch of waste!
"
Richard became more anxious.
It just so happened that Xu Zhengjie's ascension ceremony was about to begin.
He can't leave.
Not to mention the news now.
You have to wait until the ceremony is over.
at the same time.
Erudia received a question from Warhawk Nation: Why did they send someone to catch
Jefferson?
Messiahi and Erudia's structures were all dumbfounded.

They sent someone to catch Jefferson?
When did this happen?
Why don't they know?
Everyone looked dumbfounded.
They hurriedly inquired to confirm this matter.
No one in Erudia was going to catch Jefferson?
And if you can catch Jefferson, it's probably only the Baolong clan who has this ability…
But that's impossible!
The Baolong clan strictly forbids the arrest of people in the Eagle Nation.
Who could it be?
Everyone was dumbfounded.
The most important thing is that Jefferson was really caught!
The Eagle Nation, on the aircraft carrier of the Eagle.
Richard was sweating anxiously.
One hour passed.
Still no clue to Jefferson.
"What's the matter? Has the world evaporated?"
Richard said.
At this time, Xu Zhengjie's ceremony of ascending to the king officially began.
Amidst the cheers of the crowd, Xu Zhengjie appeared.
The Return of the God of War [The Protector] Chapter 1763
Starting today, he will become the king of a country.
Command all living beings.
An ordinary person can do this step, it can be said to be against the sky.
The light in Xu Zhengjie's eyes was clear, and his ambition was undoubtedly revealed.
He did what ordinary people can't imagine.
At this time, some people think he is a nerd?
Some people still think he's worthless?
He stepped on all his peers with one foot now…
The loyal followers of Xu Zhengjie, Li Wenhai, Zhang Wentao, and their eyes were full of eagerness.
From now on, they will be the first batch of heroes.
Everyone will have a very high status and luxurious future.
"We have too many choices! In the future, we will also be people with status!"
" Go back to Erudia? Go back to Erudia! What is good about Erudia?"
…
Li Songkui and others have seen a bright future, One by one shouted excitedly.

At the beginning of the ceremony, Richard also calmed his emotions:
"Hold the ceremony first! Other
things wait until the ceremony!"
...
In the eyes of the public, the ceremony began.
The number of representatives of the War Eagle Nation will sign an agreement with Xu Zhengjie to
hand
over the vassal state of the War Eagle Nation to Xu Zhengjie.
Make him a unique king.
This ceremony has attracted worldwide attention.
Countless people are watching.
Especially in Erudia, countless people gritted their teeth, they can only be angry, but they can only
watch.
But soon, the heat of this ceremony was overshadowed by another thing.
That's what happened when Jefferson was captured by Erudia's mysterious master.
I don't know who came from this news.
Once it came out, the whole world exploded.
Everyone paid attention to this matter.
Erudia is crazy?
Dare to arrest people in the Eagle Nation?
Erudia Messiahi and other major institutions were also wronged.
I don't know who it is at all!
They have no way to stop, they can only stand by
Watching.
Who is going to make trouble in the Heavenly Palace in the Eagle Nation?
In particular, I heard that countless people in Warhawk Nation went crazy looking for people.
Everyone is more concerned.
Soon, a message came.
"The man has been found!!!" The
world's eyes are focused on the Lake City of the Eagle Nation!
The ceremony is continuing.
A subordinate hurriedly ran to Richard.
"Mr. Richard is not good! Mr. Jefferson and the whereabouts of the man have been found!"
Richard almost jumped up in surprise.
"He found it? Where is it?"
Richard asked.

“He was actually nearby! Our people searched every area of Lake City, but ignored this area. He is here!”
“What?”
Richard’s expression changed sharply.
A terrible idea was born in his mind.
Isn’t he here for him?
Richard stood up immediately and interrupted the ceremony.
Thousands of people in the field focused their eyes on him.
“Mr. Richard, what are you going to do?”
Xu Zhengjie not only asked.
“There may be danger coming soon, let’s speed up the ceremony! I’m afraid something will happen!”
Richard reminded.
Xu Zhengjie looked displeased: “Mr. Richard, what do you mean? My ascension ceremony should be accelerated? Why? Danger? There is still danger in the war Eagle country? I don’t believe it!!! I just want to…”
“Boom! ”
“Kacha!” In the next second, a figure fell from the sky and landed on the aircraft carrier.
Like a cannonball falling.
Exploding the ground and shaking the mountain.
What is even more frightening is that dense spider-web-like cracks appeared on the aircraft carrier’s deck, which quickly spread to the surroundings.
The huge movement directly blocked the progress of the ceremony. Xu Zhengjie ‘s words are held in his throat… The entire aircraft carrier is in a mess…
The Return of the God of War [The Protector] Chapter 1764
The deck of the aircraft carrier shattered, and the 100,000-ton aircraft carrier shook vigorously.
Everyone was stunned.
There were screams.
As chaotic as possible…
Everyone was shocked.
Especially Richard and Xu Zhengjie.
After a while, the eyes of the people who had been slowing down focused on the figure.

No, there was a person lying under his feet, covered in blood.
That is Jefferson! ! !
Seeing Jefferson, Richard was crazy.
“Jefferson!!!”
he yelled.
Everyone who knew this was crazy.
Everyone’s teeth trembled.
“It’s him! It’s him! He actually came here!”
Everyone was dumbfounded.
Levi Garrison’s whereabouts have just been found, nearby.
Unexpectedly, it was for the ceremony.
…The
crowd was full of voices, and everyone quickly told each other about Jefferson’s capture.
“What? Someone came to catch Jefferson in Erudia? How could this be?”
Not only the others didn’t believe it.
Xu Zhengjie didn’t believe it either.
Is Erudia crazy?
Dare to do this?
Before, Xu Zhengjie knew that Erudia would never get mixed up, so he did so with great fanfare.
I didn’t expect someone to come.
Come to the ceremony, obviously it is for him.
The eyes of thousands of people in the field all fell on Levi Garrison’s body.
Jefferson at his feet had fainted long ago.
“I advise you to let my brother go quickly, I might spare your life!
Otherwise, I promise you won’t be
able
to leave the Eagle alive!”
Richard threatened.
Levi Garrison glanced at him, but did not stop.
Levi Garrison’s gaze was fixed on Xu Zhengjie.
“Xu Zhengjie is yours, can you escape?”
Levi Garrison spoke.
“Boom!”
Xu Zhengjie felt his body trembled and his scalp numb.
Unprecedented fear came to my heart.
“Xu Zhengjie, you betrayed the motherland and killed countless compatriots with weapons. Do you
know
that you are guilty?”

“You still want to stand on your own mountain, is it possible? Obediently come back to Erudia
Fuzhu!”
“Those who betray Erudia, kill without mercy!”
… …
Levi Garrison’s two words sounded like thunder in everyone’s ears.
Xu Zhengjie was so scared that he almost staggered to the ground.
The other people who had been Erudia were trembling when they heard this.
As if this is their end.
Levi Garrison dragged Jefferson and walked towards Xu Zhengjie step by step under the gaze of
thousands of
eyes.
The people on both sides shivered with fright.
Especially Li Wenhai, Li Wenfei, and Li Songkui.
When Levi Garrison saw them, he couldn’t help being stunned.
Are these people here?
Also become a traitor?
Originally,
it seemed that Zoey’s face could be closed to these people, but now all of them have betrayed Erudia.
A bunch of waste!
“Huh?”
Li Wenhai and all of them just felt chills in their hearts.
Why did this person’s eyes glance over them specially?
Are they special?
At this moment, they have a strong hunch that everything about them will be lost.
Soon they had nowhere to stay…
Levi Garrison passed over them, and at the same time came to Xu Zhengjie.
“Be obediently, you can get less pain!”
Levi Garrison said coldly.
At this time, Xu Zhengjie had calmed down his emotions.
He looked at Levi Garrison with a sneer and said, “Please make it clear that this is the War Eagle
Nation, not
Erudia! It is not your turn to be a Erudia man to
behave !” “What’s wrong with the War Eagle Nation? “
The Return of the God of War [The Protector] Chapter 1765
now.

The eyes of the whole world are on the aircraft carrier Eagle.
In other words, Levi Garrison's every move was under surveillance.
What he does next will be broadcast live.
Hundreds of millions of people in Erudia are watching Levi Garrison's whereabouts.
"Domineering!!!"
Hearing Levi Garrison's words, Erudia all cheered.
Even Messiah clenched his fists tightly and shouted out loud.
They don't know who this person is.
Can't find it either.
But the only certainty is that he is from Erudia!
He is doing the right thing!
Since he couldn't stop it, he was upset.
It is best to bring Xu Zhengjie and Jefferson back to Erudia!
Yang Erudia Guowei!
Let them know that Erudia is not afraid of anyone.
I'm just afraid of trouble!
"Hold on, you must leave War Eagle Nation alive! You must bring people back!"
Everyone clenched their fists and looked forward to it.
Everyone in Erudia hopes that Levi Garrison can live and bring the two back!
Other people around the world have different ideas.
Most people are looking forward to Levi Garrison's miserable end!
The Eagle Nation is super powerful!
Levi Garrison's making such a big move in War Eagle Nation is equivalent to provocation.
According to the style of the War Eagle Nation, Levi Garrison will never end well.
On the Eagle, Levi Garrison and Xu Zhengjie were close at hand.
Xu Zhengjie panicked and shouted: "Kill him, kill him for me!"
The guard next to him slammed Levi Garrison frantically.
But there was an invisible wall of air in front of Levi , blasting them all out.
"Boom!"
"Puff!"
"Puff!"
...
Recently Xu Zhengjie was splashed with hot blood.
He was dumbfounded.
The Return of the God of War [The Protector] Chapter 1766
Let's go!"

Levi Garrison grabbed his collar and kicked him in the leg.
He only heard a click, his leg broke, and he immediately lay on the ground, like a dog.
Levi Garrison tied Xu Zhengjie and Jefferson together with a rope, dragging them with his left hand,
and
holding the Beiming sword in his right hand.
Leaving the aircraft carrier step by step.
His cold eyes swept over the people who used to be Erudia, one by one, they fell to the ground in
fright, or
pissed off in fright.
"Oh! I! Ah!"
"Crazy! It's none of my business!"
...
Li Songkui and the others were even more embarrassed. Seeing Levi Garrison's eyes, they were so
scared to
crawl, not to mention the embarrassment.
Levi Garrison walked like this step by step.
Although there are masters around, no one dares to step forward, they can only go around Levi
Garrison.
"Stop! Do you want to take people away like this? Quickly let them go, and I will keep your whole
body!"
Richard's voice sounded.
Richard's face was colder than ever.
He is going to explode.
This is a provocation to everyone, but also a provocation to him.
When did he suffer such humiliation?
Being so humiliated on his own territory.
My brother is dragging like a dog.
How does this make him bear?
More than that.
The circles that know about this are about to explode.
This is hitting them in the face!
Provocation on their territory!
All were blown up!
When did anyone dare to provoke them?
They have always provoke others!
In a word, war eagle must not be insulted!

“Kill him! Kill him for me!”
“Who would dare to run wild on our turf,
it would be a bad idea!” “If this person is not eliminated, our face will be lost!”
…
all circles The death order was ordered to kill Levi Garrison.
Even when he heard the news, the Tianshield Bureau issued the order immediately.
“This person must be eliminated! It must also be eliminated by cruel means! Tell the world that the
fate
of provoking Warhawks is like this!”
It turned out that Warhawks not only had to get rid of Levi Garrison, but also warned the world and
declared
their status.
Therefore, the pressure and crises Levi Garrison faced in the War Eagle Nation were greater than
imagined.
It is absolutely unprecedented!
Erudia also knows this.
They also know that no matter who it is, it is impossible to survive from the Eagle Nation singlehandedly.
No matter how powerful you are, you can’t stop the nationwide power of the war eagle!
It’s not even just a nation of Warhawks. For a long time, Warhawks have had close ties with many
other
countries, even alliances.
To exaggerate a bit.
Levi Garrison wants to fight the power of half the world alone!
Leaving alive is the Conferred God of the Century.
Even death is a legend!
But hope everyone leaves monarchs alive ……
……
on aircraft carriers, quickly gathered tens of thousands of experts, their leaves around monarchs.
“I’ll give you another chance and let them go immediately!”
Richard was still threatening.
Levi Garrison Beiming’s sword pointed forward and said coldly: “Those who stand in my way, kill!!!”
”

Take it !!!" "Remember not to hurt my brother and Mr. Xu!"
Richard gave an order.
All major masters killed Levi Garrison.
"Dead!"
Levi Garrison was holding the Beiming sword, as if he was waving the death sickle.
He stepped out step by step, brandishing the North Ming sword in his hand.
In the blink of an eye, there were already thousands of knives flickering, murderous.
"Puff!"
"Puff!"
"Puff!"
...
shots of blood shot.
One body fell down.
Levi Garrison's
The footsteps never stopped, dragging the two "dogs" straight forward.
A corpse fell behind him and on both sides.
He kills everybody, it's against the sky.
No one has ever been close to his one-meter range.
With a swing of the North Ming sword, hundreds of people must fall.
Levi Garrison was still advancing, and he was about to get off the aircraft carrier.
However, there were fewer and fewer people on Richard's side, and they kept falling down.
Levi Garrison's momentum is too strong.
With a war knife, it is invincible.
Richard saw Levi Garrison's forces and knew why Jefferson was still captured under the heavy siege.
"Come on, give me all!"
"You must take him down!"
"Request support! The Eagle aircraft carrier requests support! How many forces are all sent, hurry!
We
can't stop him!"
Richard Seed The case immediately requested support.
At the same time he sent out all his guards.
They each wore modern mechas, each killing Levi Garrison like robots.
"Puff!"
Levi Garrison slashed an oncoming mecha warrior, and even the mecha lead was chopped in half.

“Puff!” With
another knife, another mecha warrior was chopped in half.
Richard was dumbfounded.
Although his guards are wearing the first-generation armor, they are all invincible.
Can be split in half with a single knife?
What is his strength?
This couldn’t help but make him think of a person-Levi Garrison.
On the battlefield of the Western Territory, he was so unstoppable.
Erudia is really scary.
The master is like a cloud.
Richard was stunned.
All the tens of thousands of masters on the aircraft carrier fell, and all his guards died.
Levi Garrison couldn’t stop Levi Garrison’s offensive at all.
“You can’t stop me!”
Levi Garrison dragged the two off the aircraft carrier.
“Impossible! Now is the beginning!”
The Return of the God of War [The Protector] Chapter 1767
Richard’s complexion was savage, and his veins were violent.
His body was shaking sharply, and he was going crazy.
Levi Garrison is touching his bottom line!
Must die!
Although Levi Garrison took people off the aircraft carrier, the crisis really came.
All weapon systems of the major frigates of the Eagle were activated, all aimed at Levi Garrison.
Had it not been for Xu Zhengjie and Jefferson, the bombing would have been frantic long ago.
Not only that, there were hundreds of warplanes hovering in the air, and a helicopter, heavy
weapons,
and a sniper gun were all aimed at Levi Garrison at low altitude.
They are all waiting for the opportunity.
On the ground, tanks are densely stacked.
There are still many tanks, this is their first appearance.
Represents the most advanced technology.
No one knows what kind of weapons these tanks will fire.
It may be a quantum weapon, it may be a laser weapon, or it may be a chemical weapon…
These are the trump cards of the Warhawk Nation.
It has always been a secret.

But in order to stop Levi Garrison, they all took it out.
This is about the dignity of the war eagle!
Levi Garrison must die!
A large number of warriors emerged from the gaps in the tank array.
They have warriors from the East Island, ancient warriors from the West…
and a super warrior all appearing.
These superpowers are equivalent to the strange people and strangers that Erudia often said.
It is that they have special abilities.
For example, you can control water and fire, you can control the wind, and so on.
There are generally two types of superpowers.
The first is congenital awakening.
Born with their own talents, this kind of superpower is extremely powerful.
The second one is remodeled the day after tomorrow.
They use serum or genetic technology to change your physique and make you powerless
Poor, fast as lightning, and even directly bring some talents to control the elements.
The most common is to use serum or biotechnology to transform the body to obtain a strong
physique.
It is also commonly used to implant animal genes in the human body.
For example, the gene of a cheetah allows you to gain the speed and pursuit of a cheetah.
Implant the genes of a grizzly bear to give you the power of a grizzly bear.
…
So the strength of many superpowers abroad is no less than that of the Eastern Warriors.
Especially those with strong awakening talents are even more outrageous.
In fact, there are legends of these super-powers in popular life, but they disappeared later.
That's because once such freaks appear, the relevant agencies will take them away immediately and
block
the news.
Now these super-powers who are living in the legend are flooding at this moment.
Mecha fighters also gathered from all directions.
There are still many forces, all of them came after receiving the major forces of the Sky Shield and the

Warhawk Nation.
There are also assassin organizations that specialize in hunting down the supreme-level powerhouses.
It's not just Lake City.
In all other regions of the Eagle Nation, there are madly influx of experts.
Their purpose is only one-to stop Levi Garrison at all costs.
Soon, there were no gaps in this area.
Either machines or people, all stations are full.
The sky also obscured the sky, and it was dark here for a while.
Levi Garrison was not given any space or route to leave.
"This road is nowhere! This road is nowhere!"
"Release, release, release!"
...The
shouts gathered together, and the sky thunder rolled.
The Eagle Nation is really crazy!
Take advantage of this matter to give the world a warning.
"No one can leave War Eagle Nation alive!"
Levi Garrison's mouth raised: "Oh, is it? Then I will be the first!"
The Return of the God of War [The Protector] Chapter 1768
Richard also put on his exclusive mech, which is one of the top armors in their
laboratory.
It was much more advanced than the mecha that was split in half by Levi Garrison
before.
After all, the cost of this mecha is too expensive.
The armor that Richard wears is more than 300 million yuan.
"You don't take the Warhawk Nation too seriously. The Warhawk Nation almost
possesses the most advanced technology and the most powerful force in the world!"
"You are provoking the entire Warhawk Nation! Don't say you are an unknown
person, even if you are a big one. The gods in the myth of Xia are here, don't even
think about going out!"
" Go !!!"
... the
earth-shattering battle has begun.
Warriors, mech warriors, super-powers, modern warriors, modern weapons, killers,
mercenaries…

all kill Levi Garrison in one mind.
This is not the same as the war dominates the alliance.
The Domination Alliance is a mob. Although the strong are like clouds, they can't
exert their power at all.
However, the enemies Levi Garrison is currently facing are properly configured and
complement each other.
In this formation, even an ordinary person can deal Levi Garrison the hardest blow.
The war begins.
The masters started to kill Levi Garrison from all directions.
The first thing they had to do was to distract Levi Garrison's attention.
Make him unable to care about each other.
In this way, they can rescue people.
"Boom…"
A helicopter hovered in mid-air, with infrared rays crisscrossing on the helicopter,
aiming at Levi Garrison.
"Too annoying!"
Levi Garrison suddenly flashed his eyes.
"Boom!"
The North Ming sword in his hand was thrown out.
"Return to Dragon Slash!"
Levi Garrison shouted.
The North Ming Sabre shot out like a cannonball, with a long wave of air behind it,
shooting into the air.
Swirling like a dragon!
So this combat technique is called Huilong Zhan.
"Shit!"
Beiming's sword surrounded his body, making a sizzling sound, as if it was about to
burn.
Swipe it out!
A helicopter was abruptly split in half!
Falling to the ground in heavy smoke, making a rumbling sound.
"Shit!" With
another stab, another helicopter split and fell.
"Shit!" The
third plane split.
"Shit!" The

fourth frame!
…… The
North Ming sword turned like a dragon, and one helicopter after another was split in
half.
…
Fiftieth.
…
The hundredth frame.
Helicopters kept falling to the ground, and this area became a sea of flames.
On the ground, although the major masters have levels, orderly and coordinated
attacks against Levi Garrison.
But Levi Garrison could take it anyway.
They couldn't save people at all, instead they died and injured a lot.
…The
war has been going on.
Levi Garrison is simply too strong for one person.
No matter how terrifying the fighting power, Levi Garrison can take it, and he is stronger.
In a short period of time, he dragged the two of them out of a distance of thousands of meters.
shame!
Great shame!
Now the whole world is paying attention.
Levi Garrison is also swift and fierce, the more shameful it is to War Eagle!
In particular, the people of the Warhawks went crazy one by one.
They felt a great degree of shame!
The fighting lasted an hour later.
This area is filled with tens of thousands of corpses.
The damage to the helicopter is also extremely serious.
"Come on, that's it?"
Levi Garrison opened the way with the Beiming sword in his hand.
The opponent was scared.
Quite a few people started to back down.
"Come on! Give it to me!"
Richard yelled.
"Warhawk must not be insulted!"
"I'll kill him!"
a shout came.

The world rumbling.
“Senior Seventh Heavenly Powerhouse…”
The Return of the God of War [The Protector] Chapter 1769
At this moment, the major masters of the Eagle Nation stopped their actions.
Quietly looking into the distance.
There was joy on Richard’s face.
The Seventh Heavenly Powerhouse.
Only exists in the legend.
Even before the covenant of the gods, the Seventh Heavenly Powerhouse is a legend.
To say that the strong of the six heavens is a hurdle, under the six heavens are all ants.
Then the Seventh Heavenly Power is a qualitative leap for the Sixth Heaven.
A Seventh Heavenly Powerhouse can block thousands of Sixth Heavenly Powerhouses.
The two are not the same.
This is the Seventh Heaven Powerhouse.
At this moment, the world is quiet.
Everyone was dumbfounded.
The Eagle Nation really does not hesitate at all costs.
In order to stop Levi Garrison, the powerhouses of the seventh heaven were dispatched.
The visitor wore an ancient medieval armor.
He was surrounded by electric lights, making a sizzling sound.
Terrible.
This is a super person.
Innate talent for awakening thunder and lightning, he can control thunder and lightning.
For ordinary people, it is a god.
So he has the title of “Warhawk Thor”.
Is a big killer of the war eagle country.
He came to kill Levi Garrison himself.
“Leave me all away!”
Warhawk Thor gave an order, and everyone immediately gave way to a large blank area.
The tall warhawk Thor approached Levi Garrison step by step.
“Zila zila zila…”
The electric lights surrounding him seemed to be angry, making a dazzling light and terrible sound.
“Dead!”

Warhawk Thor roared.
The sky became extremely dim at this moment, black clouds hit and lightning flashed.
Then came the rumbling thunder.
Seeing that the warhawk Thor can really control thunder and lightning, the whole world is silent.
It turns out that there are such god-like figures.
It's just that you didn't have access to it before, or even imagined it.
The warhawk Thor controls thunder and lightning, which is unstoppable.
"Dead!"
He suddenly waved his hand.
"Shit!" A
In the split to Levi Garrison.
Levi Garrison's eyes were cold, and the Beiming sword in his hand was swung out.
"Clang!" A
knife blocked the lightning.
But everyone found that there were gaps in the blade of Beiming Zhan's sword.
"Hiss!"
Everyone gasped.
Warhawk Thor is too scary, right?
Levi Garrison's treasure knife that cuts iron like mud was cut through a gap.
terror!
"Kill!"
"Kill!"
"Kill!"
...
Warhawk Thor, like crazy, controlled a wave of lightning to kill Levi Garrison.
"Clang!"
"Clang!"
"Clang!"
...
Levi Garrison used the Beiming Sword to block it again and again.
"Kacha!" When it was
blocked for the twenty-eighth time, Beiming's sword was broken.
Upon seeing this, the War Eagle Nation and most of the world began to cheer.
Sure enough, the Seventh Heavenly Powerhouse is too strong.
This Erudia person can't go out anymore.

Erudia was dead silent.
No one spoke.
But even if Levi was about to die.
It is also glory!
After all, the force of the whole nation of the Eagle Nation was forced by one person to target it.
On the other hand, it also allows the whole world to see the strength of the Eagle Nation.
Superpowers are just extraordinary.
Whether it is the foundation of ancient martial arts and super power, or the advanced and powerful
modern technology.
Du Yaoyao domain world.
"Kill!"
Levi Garrison no longer defended, holding a short knife to kill the warhawk Thor.
Warhawk Thor looked at Levi Garrison, who was close at hand.
He smiled.
"Looking for death!"
"Rumble…"
"Rumble…"
……
Thunder was loud in the sky, and thunder and lightning fell intensively and frequently.
Turning this area into a sea of thunder, Levi Garrison is the center.
The Return of the God of War [The Protector] Chapter 1770
"Kill!"
"Boom!" A
thunder and lightning.
"Kill!"
"Boom!"
Another thunder and lightning.
"Kill!"
……
Warhawk Thor roared like crazy.
Soon, thousands of thunder and lightning smashed down one after another, as dense as the sea,
smashing towards Levi Garrison.
"Boom…" In
an instant, the radius of a hundred miles turned into scorched earth, and no grass grew.
Everyone was stunned by the flash of lightning before them.

The warhawk Thor's trick alone is afraid that hundreds of thousands of troops will be wiped out in an
instant.
The Seventh Heavenly Powerhouse is really like a god.
Today, everyone is an eye-opener.
How terrible is the control of the Seventh Heaven Powerhouse?
Being like a god.
Can Levi Garrison stop it?
In an instant, tens of thousands of lightning strikes.
Submerged Levi Garrison.
In the center, Levi Garrison shouted: "Block! Block! Block!"
" Block, block ..." What's
terrible is that Levi Garrison used his fist to knock down a thunder and lightning, and another thunder
and
lightning with one fist…
One fist!
Two punches!
Three punches!
...
Soon, Levi Garrison has swung tens of thousands of fists, smashing thousands of lightning bolts down.
Resist thunder and lightning with a hard body?
Unheard of!
Jefferson and Xu Zhengjie were frightened and passed out.
"Bang!"
Levi Garrison's every punch was shocking.
The earth trembled, the air wave surged, and the shock wave dissipated even more.
"Uh ah!"
"Uh ah!"
……
around fighters in the country's strong they suffer numerous casualties.
"Bang bang bang…"
Levi Garrison continued.
Smashed all the thunder and lightning with a fist abruptly.
He was not injured at all!
"It's me!!!"
Levi Garrison roared long

The Return of the God of War [The Protector] Chapter 1771
The right fist blasted out domineeringly, like a heavy artillery.

This punch blasted out, pulling out a long white wave of air, like the tail wave of an airplane taking
off.
A punch that breaks the speed of sound and breaks the sound barrier!
"Boom!"
Warhawk Thunder God didn't have time to react, so Levi Garrison hit his chest with a heavy fist.
The mask was printed on his retina, and his eyes were full of weirdness.
How could this man escape from his thunder and lightning?
"Bang!" In the
next second, the body of the Warhawk Thor burst open and turned into blood mist.
The shocking scene shocked everyone present!
The war eagle Thor burst open under their noses… a
punch and a bloody mist!
Levi Garrison is invincible!
The Eagle Nation and the whole world were silent at this moment…
Strong!
too strong!
Seventh Heaven's strongest move did not hurt him at all!
Can he fight back?
How strong is he?
Everyone in Erudia breathed a sigh of relief.
They also thought of one person one after another…
Everyone held their breath, and was extremely nervous.
After Levi Garrison killed the Warhawk Thor, he dragged the two dogs and moved on.
"Those who stand against me kill without mercy, kill without mercy…"
Levi Garrison was like a rainbow.
Kill the enemy without leaving a piece of armor.
After some interception, no one dared to step forward.
They looked at the monster Levi Garrison in horror.
He is invincible.
They came forward to die…
Even Richard was going to be beaten.
Levi Garrison destroyed the Domination Alliance in one fell swoop.
Later, this mystery made trouble in the Heavenly Palace in the War Eagle Nation, but no one could
help
him?
Soon, Levi Garrison passed through Lake City and walked to the southern border of War Eagle Nation.

“Stop him, you must stop him! Whatever it takes!”
...
The various circles of the Warhawk Nation were humiliated, and they were all crazy.
The hole cards are all out.
On a high mountain on the outskirts of Lake City, several figures gathered.
Everyone is a Seventh Heavenly Powerhouse!
A Seventh Heaven can’t kill you, so what about a lot of Seventh Heaven experts?
This time, the War Eagle Nation really cost it.
Invite all these old guys out of the mountain.
Although these are the trump cards of the War Eagle Nation, they cannot be used as a last resort.
But now is the most dangerous moment for them.
If this continues, the Eagle Nation will become a shame, and its status as a superpower in the world
will
not be maintained.
The four Seventh Heavenly Powerhouses are already waiting for Levi to come.
First, the whole person is in a black mist, and he can’t see the main body at all.
He is the leader of the killer organization that specializes in hunting the supreme-level powerhouses,
and
the codename is Shadowman.
Seventh heaven strength, and has the most powerful assassination technique.
He can blend with any environmental object.
Have hunted and killed three powerhouses of the Seventh Heaven.
The second place is a mountain the size of a mountain, with a body more than two meters tall, and
the
whole body is red.
He was used by a secret organization to test various drugs and serum since he was a child, and his
body
mutated later.
He is so powerful, his body is impenetrable, and he can’t kill monsters at all.
Codenamed Dragon.

The third place is a man wearing a light mech. He has a speed that is several times the speed of sound,
as
fast as lightning.
Codenamed God of Lightning.
The fourth place is a barely dressed blonde with a sweet look.
But she is a Western wizard who has awakened super power in the primitive tribe since she was a
child.
Possessing supernatural power, claims to be able to control everything.
Codenamed Miko.
All four of them are national treasures.
It is also the real trump card.
At this moment, all four were dispatched.
Just to stop Levi Garrison.
It shows the determination of the war eagle country.
Levi Garrison walked all the way.
I find that fewer and fewer people are blocking myself.
In the end, no one was left.
Xu Zhengjie, who had just woke up, felt ashamed when seeing this.
Was it because I was released by the war eagle country?
Abandoned?
In fact, Xu Zhengjie knew it in his heart.
At this point, the War Eagle Nation is only for reputation, not a question of his value.
However, Levi Garrison stopped and shouted to the front: "Come out, I have seen you all!" The
voice just fell, and three figures appeared in front of him.
The witch, the dragon, and the god of lightning are three people.
Only the shadow man disappeared.
He is the god of assassination and naturally cannot be exposed.
Seventh Heaven!
Three Seven Heavens!
The world is shocked again!
The Eagle Nation is really strong, and can dispatch several Seventh Heavenly Powers at will.
This is not available in other countries.
Even Erudia was envious.
But what everyone pays more attention to is whether Levi Garrison can block the attacks of the four
Seventh
Heavenly Powers?

The three witches looked at each other and said, "Start!!!" The voice just fell.
The witch began to perform her witchcraft…
Suddenly, the environment in front of Levi Garrison changed.
Alpine forests no longer exist, replaced by endless, surging seas.
He was in the center of the storm, unable to stand firm at all.
This sudden change in the environment made him extremely uncomfortable.
This is the ability of the witch to control everything and change the environment…
At the same time, the god of lightning moved.
The impact began at a speed exceeding five times the speed of sound.
What he had to do was to rescue the two Jefferson in an instant, and bring the magic dragon to Ye
Levi 's side.
The speed of the lightning god is too fast.
In an instant, he brought the magic dragon to Levi Garrison's side, and at the same time took Xu
Zhengjie
and Jefferson away.
"Boom!!!" The
dragon is known for its infinite power, and he claimed to break a mountain with a punch.
His strongest force hit Levi Garrison with a punch.
At the same time, the shadow man appeared from the dark and suddenly assassinated.
The Return of the God of War [The Protector] Chapter 1772
The four powerhouses cooperated in a tacit understanding and perfectly connected.
And take care of each other to maximize their advantages.
Save and kill people in one go.
People who followed this battle were all frightened.
What a terrible picture is that the four great seven heavenly powerhouses act together?
I'm afraid that Levi Garrison is the only one who has this treatment.
"Warhawk Nation is determined to keep people. These four people are actually the trump cards of
the
Sky Shield! They all used them!"
"This mysterious person is absolutely desperate!"
… After
receiving the news, Messiah Everyone's hearts were chilled.

They understand that the Sky Shield Bureau is equivalent to the existence of the Erudia Baolong clan.
Have the strongest combat power.
Those hidden secrets and masters are all under their control.
They intervene, who can stop?
In the battlefield.
The four big and seven heavenly powers joined forces to make a perfect match.
First, the witch changes the environment to disturb Levi Garrison.
Secondly, the god of lightning sent the magic dragon to Levi Garrison in an instant.
The Devil Dragon killed Levi Garrison with the strongest blow.
This trick is absolutely unstoppable!
First, the witch has disturbed Levi Garrison.
Second, the speed of the lightning god is too fast.
These two factors were already destined that Levi Garrison could not hide, and could only accept it.
Levi Garrison may not be able to bear the power of the magic dragon to destroy a mountain with one
punch.
Even if he can bear it, the shadow man assassination in the dark has arrived again.
You must know that these are the four powerhouses of the Seventh Heaven, and their skills and
strength
are far beyond others.
This is a mortal game!
The magic dragon hit Levi Garrison's chest with a fist, as if the missile exploded, and a mushroom
cloud rose
around him.
The assassination master shadow man unexpectedly appeared on top of Levi Garrison's head. Two
short
blades appeared in his hand, and lightning flashed around him.
The two short blades are cast by meteorites from outside the sky, and can penetrate through any
hard
objects.
"Boom!" The
Devil Dragon was sure that the strongest punch hit Levi Garrison.
"Puff!"

“Puff!”
The Shadowman was also convinced that he had inserted two short blades into Levi Garrison’s neck.
But in an instant the expressions of the two of them changed drastically… because this was an illusion!
Levi Garrison disappeared from their eyes…
disappeared out of thin air!
Do not!
Shadowman knows that it is speed!
Unimaginable speed!
Faster than the speed of the god of lightning fled in an instant, creating the illusion that the two of
them
succeeded.
That is the clone that is produced at the extreme speed, and what they hit is the clone.
“Magic Clone!”
Levi Garrison used the demon Clone again.
Unlike the past, I didn’t lie to everyone this time.
The shadow man sees the essence.
After using the magic shadow clone, Levi Garrison quickly left the center of the battlefield.
“Boom!” When
he appeared again, he even caught up with the lightning god who had rescued the two Jeffersons.
His speed is faster than the Lightning God whose awakening talent is speed.
“Bang!”
“Puff!”
Levi Garrison smashed the God of Lightning with a punch.
“Return to Dragon Slash!”
At the same time, Bei Ming’s sword was thrown out.
“Shit!”
Before the witch next to her could react, she was cut through her throat by the half-broken Bei Ming
sword.
The moment the witch fell.
The environment here has changed.
The sea no longer exists and everything is back to normal.
But Levi Garrison didn’t stop.
He appeared behind the Devil Dragon again, and at the same time, the circling Beiming sword came

into
Levi Garrison's hand.
"Puff!"
Levi Garrison killed the Devil Dragon with a single knife.
The shadow man realized the danger and hurriedly left.
But Levi Garrison disappeared again.
When he appeared again, he was already behind him.
"Kill!" The
shadow man died!
The four great seven heavenly powerhouses are all destroyed.
"Who can stop me?"
The Return of the God of War [The Protector] Chapter 1773
Shocked!
boiling!
The Eagle Nation was silent.
The whole world is silent.
Counting the previous warhawk Thor, five consecutive seven-layer powerhouses have been beheaded
by
Levi Garrison alone.
Especially the last four are teaming up…
horrible!
too frightening!
The ace of the Sky Shield could not stop Levi Garrison!
He is already outrageously strong!
Fight against the Eagle Nation alone!
May I ask who else?
I'm convinced!
Richard and others were completely convinced.
How can you beat five Seventh Heavenly Powerhouses in a row?
Thousands of troops in time can't stop it at all!
All circles of the Eagle Nation were beaten to silence.
They were at a loss.
do not know what to do with it?
It seems that he is invincible, no one can subdue him.
On the outskirts of Lake City, Levi Garrison continued to move forward after beheading the four great
seven
heavenly powerhouses.
On the other side of the mountain, thousands of troops are waiting.
Even though they knew Levi Garrison couldn't kill Levi Garrison, they couldn't stop him.

But he couldn't just watch Levi Garrison leave.
Their only purpose of blocking was to delay time and figure out how to kill or keep Levi Garrison.
"Go to [Shuquge www.shuquge.co]!"
...
This time, more experts are involved .
The warriors and the super-powers are like crazy to stop Levi Garrison.
Levi Garrison dragged the two of them, carrying a broken knife and smashing a bloody path.
He is too strong.
It's totally unstoppable!
The whole world was shocked by Levi Garrison's strength!
Erudia is very excited, but I am all curious about who this person is?
Is it really the legendary Baolong clan?
Or is it from the mysterious forces of Erudia?
However, Messiah and the others have gradually got the answer, and everyone is tacitly aware.
Just don't say it.
Treat this as a secret!
This incident has spread to a wide range, and now even the Baolong clan are
beginning to pay attention.
Even many ancient forces are ready to move.
After all, the five Seventh Heavenly Powerhouses were all beheaded.
Another half day passed.
Levi Garrison beat him all the way.
There were countless casualties.
Can't stop Levi Garrison's footsteps at all.
He was very close to the southern border of the Warhawk Kingdom.
Even if there were thousands of troops, they would go to die when they encountered
Levi Garrison.
Can't stop it!
I can't stop a person if I give it all!
shame!
The Eagle Nation suffered an unprecedented humiliation!
"What should I do? In less than six hours, he will definitely be able to leave Warhawk
Nation!"
"Will let him leave like this? That would be our greatest shame! We will be laughed
at by the whole world!"

“Think of a way, think quickly ! way! he must take to stay in the territory of their
fighters in the country, not let him leave! ” ”
quickly quickly, leaving us running out of time! ”
……
at this time, the major circle fighters in the country are crazy.
It doesn’t matter whether Xu Zhengjie and Jefferson are alive or dead.
But face is important!
They were slapped frantically by Levi Garrison, but there was nothing to do.
Time passed by every minute.
Two hours passed.
“There is a way, we have a way!”
…
“Okay, this method kills two birds with one stone!”
…
Tianshield finally figured out a method.
“Truce! Stop the war quickly!” The
Tiandeng Bureau gave an order, and all the troops in front of Levi Garrison stopped.
Just when Levi Garrison was wondering, several off-road vehicles with armistice flags
drove in front of Levi Garrison.
Levi Garrison wanted to see what tricks the other party was playing.
He didn’t do it.
The eyes of the world are focused on this.
Everyone wants to know what Sky Shield’s method is…
The Return of the God of War [The Protector] Chapter 1774
A group of men and women in suits and leather shoes got off a few off-road vehicles.
Most people are not superpowers or warriors.
They are like white-collar workers in shopping malls.
The corner of Levi Garrison’s mouth
raised , and he smiled and asked: “What are you doing?” The headed man and woman approached Ye
Levi vigilantly, raising their hands and saying: “Dear Sir, please calm down, we… We are not malicious,
we
just want to Talk to you!”
“Yes, we want to talk to you, it doesn’t make any sense for us to call like this!”

Levi Garrison sneered, "What is there to talk about? Quickly let the road go and let me take these two
people
away." ! " "
Dear sir, please listen to us! " "
we want you to talk about, want you to make a deal! "
They looked wary leaf monarchs.
"Let's talk about it, what deal?"
Levi Garrison was curious.
"Sir, we can completely turn fighting into jade, and turn the enemy into friends!"
"Yes, you have no grievances with us, why are you so desperate?"
Levi Garrison smiled: "How to say?"
"Actually, you don't need it. If you are working for the great summer, you just join the war eagle
country?"
"We promise to fulfill any conditions you want! For example, if you want to be a king, be a king and
do
whatever you want!"
"As long as you agree to join the war eagle country, You will achieve whatever you want! For
example,
further increase in strength! For example, having the most wealth and the highest rights!"
...
This man and woman are negotiation experts.
Sing and make a peace, if one doesn't pay attention, they will really be tempted by the two.
At this time everyone knew what the strategy of the War Eagle Nation was.
Although I can't stop you, I can let you join.
Once agreed, this will kill two birds with one stone.
Levi Garrison smiled and said, "Okay, achieve whatever I want?"
"Yes, as long as you dare to think, we dare to promise! I'm here on behalf of Tianshield and can meet
all
your requirements!"
These people are confident. full.
Levi Garrison looked at several people and said, "That's good
, My condition is very simple. Let me be the master of Warhawk Nation! As long as I promise, I will join
without hesitation! "

” Boom! “The
words are not astonishing and endless.
Everyone was shocked when Levi Garrison said this.
His condition turned out to be the entire Warhawk Nation?
He should be the master of the Warhawk Nation!
Nonsense!
Impossible!
“Sir, don’t be kidding. We are sincere! “A
few people said coldly.
“Nonsense, Lao Tzu is sincere. Didn’t you say that all my conditions are met?” I brought it up, why am
I
not satisfied! ”
Levi Garrison asked back.
“Don’t deceive others too much, don’t fool us on purpose!” “The members of the
Sky Shield Bureau were angry.
“If you don’t have any sincerity, then get out!” ”
Levi Garrison slapped.
A terrible invisible force slapped all the people and vehicles of the Sky Shield Bureau.
Levi Garrison continued to move forward. The
talk collapsed!
This completely disrupted the Sky Shield Bureau’s plan.
I thought that no one would refuse the invitation of the War Eagle Nation.
I
didn’t expect Levi Garrison to offer such a condition!
Levi Garrison continued to advance, and the thousands of troops in front continued to stop
him . “No, it’s the last moment. There are still three hours. , He must have left the war eagle country!
”
Even if Xu Zhengjie and Jefferson are dead, we can’t let him leave War Eagle Nation!” ”
” How to do? Think of a solution, hurry up! ”
…
time flies.
It was an hour before Levi Garrison left the Kingdom of War Eagle.
“Hey, it really can’t work, you can only use it!”
“What? Use it???? Are you crazy?”
“No way, for the current plan, only it can work!!!”

The Return of the God of War [The Protector] Chapter 1775
“I don’t agree! This… this is terrible!”
“Yes, this is crazy! I don’t agree!”
“Once we use it, we will bear too much responsibility! Since it was launched, no one in the world has I
have used it!”
“If we want to use it, it will be the first one to use it against the whole world. Do you know how much
guilt
we have to bear?”
… After
someone proposed to use “it”, most Human opposition.
As if this is a taboo.
“Then what do you say? In less than an hour, he will leave Warhawk Nation!”
“At that time we will become the world’s biggest joke, a superpower can not stop even one person!”
“We will carry Enter the empire’s book of shame! We will all be sinners of the empire!”
roared the person who suggested.
At this time, everyone was silent.
Now it is a great shame!
Levi Garrison rubbed the war eagle on the ground alone, and the war eagle had no dignity.
“Hurry up and make a decision! This time, it’s not even an hour!”
the person urged.
“Okay, I agree to use it!”
“I agree too!”
“I agree too!”
…
After weighing the pros and cons, all members agreed to use it.
“But there is a problem. We can use it, but not in the name of the Sky Shield, nor in the name of the
Eagle
Nation!”
said the person.
“What about it?”
someone asked below.
“Let Richard and the others use it as a laboratory. After all, this person took Richard’s brother. We
can
attribute this incident to Richard and his personal grievances!

All the responsibility for the accident lies with Li. Chad is responsible for it alone!"
...
"Okay, this method is good!"
&
"Yes, immediately notify Richard! Let him do it!"
... When
Richard received the news, he was taken aback.
"What? Do you really want to use it???"
Richard asked in surprise.
"Yes, it's still used in the name of the laboratory behind you! At this point, it's time for you to
contribute
to the empire, and you can't refuse! This is what everyone meant!" A representative of the Sky Shield Bureau said.
Richard thought of something, and exclaimed: "Then what about my brother? Once you use it, my
brother will die too!"
"It's all about this time, let's take the empire's reputation as the main thing! Don't worry, your
brother
is also for the empire. Sacrifice! The Empire will remember him!"
Richard hesitated for a full minute.
In the end, he agreed.
"Okay, I will contact the laboratory immediately!"
Time is running out.
Richard had no time to think.
Hastily contacted the laboratory behind.
Soon, the laboratory agreed.
And it is provided by the laboratory, without the need for Tianshield.
In this way, the relationship can be completely separated and everything can be attributed to
Richard.
"There are still forty minutes before he leaves the territory of the Warhawk Nation! Our weapons and
equipment will be in place within fifteen minutes!"
Time passed by.
There were only twenty-five minutes left before Levi Garrison left the territory of War Eagle Nation.
To the south is an endless desert.
Levi Garrison dragged the two to walk.
There was no one blocking him.

From the perspective of the whole world, the Eagle Nation has given up…
But smart people know that the Eagle Nation definitely has a fallback!
But I don't know what it is.
"The weapon is installed, the target has been locked, and it can be launched at any time!"
Richard Labs issued a message.
What they say is the strongest weapon in this laboratory-the scepter of God.
The Return of the God of War [The Protector] Chapter 1776
This is the strongest weapon created by the mysterious laboratory behind Richard and the Sky Shield.
This weapon represents destruction!
No one knows exactly what this weapon is.
Is it an electromagnetic railgun, a laser, or a biological weapon…
no one knows at all.
But everyone who knows the scepter of God understands that it represents a disaster of destruction.
Once used, it is absolutely devastating!
No defense can stop the scepter of God.
Unlike Xu Zhengjie's God-killing weapon, the God-killing weapon is actually a small-range attack,
specifically aimed at martial artists.
But the Scepter of God is a range attack.
Once used in a certain area, everything will be destroyed directly.
The name God's Scepter has a very simple meaning, indicating that this weapon is like a punishment
from God.
The power is evident.
This is definitely the secret laboratory, and even the weapon at the bottom of the shield!
So I won't use it anyway.
The main weapon is equivalent to the real trump card of the Warhawk Nation. If we expose the
trump
card prematurely, it must be known to the whole world.
There will be no secrets about the scepter of God.
It won't work anymore!
But now Levi Garrison forced the entire War Eagle Nation to this point.
Let the Sky Shield Bureau decide to use the Scepter of God to deal with Levi Garrison.
For the reputation of the war eagle!
They did it!

At this moment, countless people in War Eagle Nation are paying attention to Levi Garrison.
He is getting closer and closer to the border.
Time is passing fast.
Twenty minutes.
Levi Garrison dragged the two to walk in the desert.
Now that there is no one to stop him, Levi Garrison naturally knows that things are not easy.
The Eagle Nation will not let him go.
Will not let him leave easily.
A great danger awaits him ahead.
At this time, time passed very slowly every minute, and everyone was so nervous that they were
sweating.
"The attack point has been set, and the target will reach the designated attack point in six minutes and
32
seconds!"
"The weapon is reconfirmed there is no problem!!!"
"Everything is ready!!!"
……
Richard and the laboratory installed everything , Arrange the attack point and time properly.
Quietly waiting for the time to come!
Almost everyone was sweating and their bodies trembling.
This is the first use of the scepter of God.
Everyone was excited and nervous.
At this time, both Xu Zhengjie and Jefferson, who were dragged by Levi Garrison, had already woke
up.
Xu Zhengjie also knew the identity of Levi Garrison.
"Levi Garrison, I admit that you are a ruthless person! You hit the war eagle country alone! But I
promise you
will never leave the war eagle country!"
Xu Zhengjie stared at Levi Garrison.
Jefferson also agreed: "Yes, that's right. You can't get out of here! My brother will absolutely not
allow it!"
Levi Garrison thought of something, not only smiled: "Now they are afraid that they want to kill me, I
If you

die, you won't be alive!"
Xu Zhengjie and Jefferson realized something, not only were they sweating, but their bodies were
shaking.
correct.
At this kind of moment, Levi Garrison would be stopped at all costs.
They are not important anymore.
Especially Xu Zhengjie, even more worthless.
"But Levi Garrison, I was so excited to see you die! It doesn't matter! Hahaha…"
Xu Zhengjie looked at Levi Garrison with a crazy laugh.
He is a complete lunatic!
Jefferson's body was trembling with fear.
five minutes.
Four minutes.
Three minutes…
A base has been counting down time.
Everyone's nerves were so tense that they were about to explode.
Thirty-two seconds.
…
"Three!"
"Two!"
"One!"
The Return of the God of War [The Protector] Chapter 1777
The time has come for the purpose of all people.
This [biqugew.me] is the first appearance of the scepter of God!
The world will witness the amazing power of God's scepter!
Holding the firing button of the God's scepter weapon, Richard was already nervous to the point that
his
whole body was wet with cold sweat.
Especially in the base, hundreds of people were staring at him nervously.
"Goodbye brother!"
Richard yelled and pressed the button fiercely.
At the same time, he sat down on the ground with a plop.
At this moment, the entire base seemed to be relieved, and everyone breathed a sigh of relief.
It's finally this moment!
In the various circles of the Warhawk Nation, everyone clenched their fists tightly, waiting for the
emergence of the scepter of God…
one second.

Two seconds.
... but
more than ten seconds have passed.
There was no movement at all.
The scepter of God is not in place at all!
Everyone thought they were in a trance.
But dozens of seconds passed, and there was still no movement.
"What's the situation? What's the situation?"
"Tell me quickly, what's the matter?"
...
This kind of voice came from all the circles of the Warhawk Nation.
The base responsible for the launch of God's scepter weapon was even more dumbfounded.
After Richard pressed the button, the Scepter of God didn't fire at all...
"What's the matter?"
Everyone was stunned at first.
But then they reacted one by one.
Everyone exclaimed again and again.
Richard on the ground got up and roared: "What? The weapon was not fired? What's the matter?
Check it
out! Check it out for me!" The
whole base was chaotic.
Various voices were heard everywhere.
All technicians checked immediately.
"No, the weapon launch system is malfunctioning! So the launch was not successful!" The
reason was quickly found out.
The Return of the God of War [The Protector] Chapter 1778
coming.
"Repair, quickly repair!"
"How long will it take to repair?"
Richard quickly shouted.
"It will take more than 20 minutes at the earliest!"
"We will try our best!"
……The
technicians began to repair frantically.
No one expected this. At the most critical moment, such a problem would happen.
In the crucial twenty minutes, Levi Garrison had already left War Eagle Nation.
Can't let the scepter of God bloom on the land of other countries, right?

There was dead silence in the entire base.
Richard was even more angry and hit the table.
But after he turned around, a successful smile appeared at the corner of his mouth.
It turned out that the launch system malfunctioned and he arranged it alone.
The purpose is simple-he doesn't want the scepter of God to be launched, and he doesn't want his
brother Jefferson to die.
Richard is a man who cares for his shortcomings and loves his brother very much.
Otherwise, I wouldn't have made so many crazy moves before.
Now that he kills his own brother himself, he can't do it.
In his opinion, the reputation of the war eagle is not as important as the fate of his brother.
Today, the humiliation that Erudia master brought to the War Eagle, he can completely repay it if he
finds
a chance in the future.
His brother died but he was gone forever.
The scepter of God failed to launch successfully.
It means that the Eagle Nation has completely failed to block Levi Garrison.
Levi Garrison dragged the two to the border.
He smiled and said, "Why do you want to kill me?"
"You…"
Xu Zhengjie and Jefferson didn't expect Levi Garrison to leave so easily.
"Let's go, come back to Erudia with me and get the punishment you deserve!"
Levi Garrison took the two of them out of the boundary of War Eagle Nation.
Subsequently, Levi Garrison inserted half of the North Ming War Sabre on the border of the War
Eagle
Nation.
The meaning is very obvious!
Take the knife as proof!
I, Levi Garrison, once entered the war eagle country and took away two people… But
this is a great shame for the war eagle!
oon, many masters came to the border of the war eagle country.
See the North Ming sword inserted in the ground.

It stings their eyes like a blazing sun.
This knife is stuck in their dignity!
It's a shame for them!
"Ah!!!"
one person shouted wildly, and was about to pull out the North Ming sword.
"Hold on!" The
leader stopped him.
"This knife can't be pulled! Always stick it here! This is the shame the enemy has brought us! It
reminds us
of this all the time!"
Everyone on the scene looked at the Beiming Sabre with red faces!
Everyone clenched their fists…
silence.
The entire Warhawk Nation was silent.
They almost took out everything, but they still couldn't stop Levi Garrison!
At the last moment, Richard's small actions prevented God's scepter from launching successfully.
Let Levi Garrison leave completely.
When Levi Garrison stepped out of the border, the whole world was full of doubts.
The Eagle Nation just let Levi Garrison leave?
impossible!
No reason!
But the facts are here!
he left.
The circles of the Warhawk Nation have exploded…
shame!
Today, the most shameful!
"Erudia, this Liangzi is completely knotted!"
Many people clenched their fists and looked crazy.
Richard also clenched his fist: "Brother, I will save you again! And Erudia, I won't let it go!"
He believed that even if it was Erudia, he would not die.
His plan was achieved… After
learning the news, Erudia was completely boiling.
The first is to completely defeat the Domination Alliance.
Now the mysterious master single-handedly took away the two in the Eagle Nation.
All show the power of Erudia!
Erudia is not afraid of anyone!

The sleeping dragon has gradually awakened, who can be the enemy?
Now Erudia is showing a super power, not afraid of anything!
In this way, the rich celebrities who had escaped from Erudia before, etc. were completely
dumbfounded.
After desperately leaving at the beginning, who knew that the crisis would be resolved soon, and it
would
show such a strong side.
Who can think of this situation now?
Erudia is the best!
It's difficult to go back now, after all, everyone has left their nationality.
The most difficult thing is the Erudia people who fled to the war eagle country.
In the beginning, Xu Zhengjie wanted to be a king, and he would almost have a face to solicit
everything.
But now Xu Zhengjie was taken away, and everything about them fell apart.
Especially Li Wenhai, Zhang Wentao and the others were completely dumbfounded.
They could have become masters.
Everything was gone in an instant.
They still watched as they were deprived of everything.
Li Wenhai, Li Wenfei and his party returned to the manor.
They turned on the TV and were watching the latest situation.
At this time, Zhao Junfei suddenly changed her face because she saw a terrible news.
After Levi Garrison took away the two Jeffersons, the Eagle Nation was furious.
In a fit of anger, the Warhawk Nation issued a message: these people in Warhawks who used to have
Erudia nationality will be expelled from the Warhawk Nation after all property and deprivation of their
status.
The list of people to be expelled will be announced soon.
Concubine Zhao Jun quickly saw her name on it.
"The big thing is not good, look at the news!!!"
Concubine Zhao Jun reminded.
"What???"
Everyone started to check the list.
Everyone present saw their name on the list!

The Eagle Nation wants to confiscate all their property and expel them.
In an instant, they were equivalent to being driven out of the leftover pants…
dumbfounded!
Li Zhao's family and these people are ashamed…
The Return of the God of War [The Protector] Chapter 1779
In any case, I did not expect to experience great ups and downs in one day.
They, who were originally masters, will actually fall to this point.
"Ding!"
"Ding!"
"Ding!"
……
Everyone's mobile phones sounded at the same time.
After opening, there are shocking text messages.
All the assets in their overseas accounts have been emptied…
and even invisible assets, such as villas, manor cars, etc. have all been deprived.
In an instant, all of them had nothing.
Except for the clothes you wear.
Even where they live is on the deprivation liquidation list.
At the same time, they were expelled from their nationality by the war eagle nation.
They will have no identity.
Including their names are also invalid.
No region or country in the world has basic information about them. They are like wandering savages.
Not even a beggar!
Most beggars still have identities at least!
They are not there!
"I, I, I…"
Li Wenfei's eyes went dark and he fainted directly.
"Why? Why is all this?"
"We didn't do anything wrong! Why did you do this to us?"
"I don't accept it, I want to appeal!!!"
……
All kinds of complaints are everywhere, and everyone is crazy.
There are still terrible scenes in the streets.
These traitors who were once Erudia are now driven out of the War Eagle Nation after being deprived
of
everything.

Those who are reluctant will be beaten severely.
Was forcibly driven out of the war eagle country.
What is even more frightening is that once they stepped out of the War Eagle Nation, they would
become unidentified people. At that time, every region did not accept them.
It is impossible for them to return to Erudia.
It is impossible to go to other places.
No one wants it at all.
The only value is to be coolie.
It is said that there are many human trafficker groups outside of Warhawk who are waiting to take in
these people.
Once taken away by them, what is the end?
Everyone knows it well.
"Da da da…"
Soon, a rush of footsteps sounded.
Many people rushed in from outside.
"From now on you will no longer be members of the War Eagle Nation, and your identity has been
deprived!"
"From now on you leave the War Eagle Nation! You are not welcome here! Immediately,
immediately!"
… As soon as the
opponent enters the door, he will force it. Deport all owners of Lopez and Black's family.
"No, sir, you are misunderstood! We are from the Erudia Li family and Zhao family, and we have a
close
relationship with Mr. Xu Zhengjie!"
"Yes, and our stay is definitely useful for the War Eagle Nation!
" Are you afraid that it is a misunderstanding? We can't be expelled!"
…
Everyone began to argue.
"It's you! We didn't misunderstand!"
"Get out! How can you, a group of maggots, be able to treat the holy land like the Eagle Nation?" The
other party's attitude became more and more tough.
"I ask you, why do you deprive and freeze all our assets? Give me a reason!"
Li Songkui stood up.

Zhang Wentao echoed: "Yes, that's right! You invited you to join the nationality of the Eagle Nation,
or
you personally sent a plane to pick it up! How can we remove our status casually? The reason?"
"Yes, you are too unreasonable! You can drive us away, but why deprive us of our assets? What rights
do
you have?"
Zhao Junfei and Li Mengyue stood up one by one.
Just like before, reason with people in Erudia.
But they forgot.
This is not Erudia.
They have no reason.
"Reason? This is the reason! Call me!"
The Return of the God of War [The Protector] Chapter 1780
This group of people started the fight without saying a word.
Although the people of Lopez and Black's family are now martial artists, they have used a lot of
natural
treasures.
But the Eagle Nation specifically sent a master against them.
As soon as the fight started, people like Lopez and Black's family could not take any advantage at all.
Finally was beaten up.
Everyone was beaten with bruised nose and swollen face.
Like dead dogs being dragged into the car.
There are big trucks parked here.
It was filled with people pretending to be expelled.
A few hours later, these people were transported to the border.
Then, as if taking out the garbage, all these people were dumped.
Li Wenhai and his party are among them.
"You dare to step in and throw all of you into the sea!"
someone warned on the border.
Li Wenhai and the others looked at the endless desert.
They are lost.
I don't know where to go.
Now they are penniless.
They have no identity.
They can't go anywhere.
It is the black household among the black households.
It's comparable to a wild man.

But just half a day ago, they were masters!
“I regret it! I shouldn’t have left Erudia in the first place!
*Uuuu

……
The eastern border of Great Xia.
A private helicopter landed.
One person came down from the plane, it was Levi Garrison.
He dragged the two of them.
Xu Zhengjie and Jefferson.
Xiao Feng and a large group of people greeted Levi Garrison's arrival.
Although Levi Garrison was still wearing a mask, everyone knew his identity.
"Jefferson will be locked up wherever he should be! Keep going to jail!"
Levi Garrison ordered.
"Understood! Take away people!"
Xiao Feng waved, and Jefferson was taken away immediately.
His face was ashen ashes.
Erudia he can't do without…
Levi Garrison looked at Xu Zhengjie again, and he said coldly: "Xu Zhengjie has nothing to say, just
kill!"
"Wait!"
"Can't kill, he can't kill!"
"He is now Our people, you can't move!"
The Return of the God of War [The Protector] Chapter 1781
Exclamations rang out.
A few men and women in suits and leather shoes rushed up immediately and stopped in front of Ye
Levi .
"From now on, Xu Zhengjie is ours! No one can move!" The
leading woman stared at Levi Garrison fiercely.
Levi Garrison was stunned.
These ordinary people still stop him?
"Who are you?"
Xiao Feng's expression changed, and he explained, "Master, they belong to the Shenlong Science and
Technology Alliance! They are responsible for the laboratory of Erudia's most advanced technological
weapons! It is the strongest in Erudia! This They also surfaced this time!"
"This is the Dragon Technology Alliance, Miss Wen Lei, the youngest female scientist in Erudia!"
"She and the team have just developed a super weapon! It's extremely terrifying!"
Xiao Feng gathered Levi Garrison's ear whispered: "Don't look like an ordinary person! She's delicious!

She's
amazing!"
Levi Garrison was taken aback after hearing the words.
Since the appearance of Xu Zhengjie's killing weapon, no one in the world dares to despise these
ordinary people.
Levi Garrison is too.
These ordinary people will explode with great energy in unexpected ways.
There may even be such a situation.
For example, dominating the alliance of hundreds of thousands of warriors, the latter may be an
ordinary
person.
In a word, a single resourcefulness can kill hundreds of thousands of warriors…
In Wen Lei's view, most warriors are reckless.
So she doesn't have a lot of affection for Levi Garrison.
"Now let me know, Xu Zhengjie, we have taken it away. From today, he will belong to the Shenlong
Science and Technology Alliance!"
Wen Lei said in a superior tone.
Xiao Feng said nothing.
Apparently someone said hello.
Xu Zhengjie lying on the ground looked at Levi Garrison, and he grinned.
The provocation is obvious.
As if provoking Levi Garrison, he said, "Even if you bring me to Erudia, you can't kill me!"
"If there is no objection, we will take them away and the procedures have been completed."
Wen Lei said.
The people behind her are about to take Xu Zhengjie away.
"Give me a reason!"
When Wen Lei and the others were about to take Xu Zhengjie away, Levi Garrison's voice sounded.
Everyone looked at Levi Garrison.
"I brought the man from War Eagle Nation! His life is mine! I should have killed him long ago, but I
want
him to commit crimes in Erudia!"
Levi Garrison questioned.
Wen Lei was taken aback and looked straight at Levi Garrison: "You are indeed Erudia's hero. I admire

you for
this!”
“But please also consider from the overall situation!”
“How to consider?”
Levi Garrison asked.
“Xu Zhengjie’s sins are horrendous, and death sins are not fake! But he is a genius in a million! It
would be
a shame to kill directly! If his talent can be used for us to serve Erudia, I think it is. It’s better than just
killing
him!”
“Moreover, I believe Xu Zhengjie also has a heart to repent. He recognizes his mistakes and will work
for
Erudia!”
Just after Wen Lei finished speaking, Xu Zhengjie’s voice immediately sounded: ” Yes, that’s right! I
am
deeply aware of my mistakes, I now ask for a chance to regret, I want to work for Erudia, and I am
willing to
share everything I have with you…”
In the eyes of others, Xu Zhengjie admits his mistakes Positive and very sincere.
Just ask for an opportunity to make up.
But Levi Garrison knew how fake this kid was.
He just wants to survive!
“All you have other questions?”
Wen Lei asked.
Levi Garrison shook his head: “I’m fine, I just will kill him!”
The Return of the God of War [The Protector] Chapter 1782
Levi Garrison’s tone was calm.
Everyone at the scene knew that he would kill Xu Zhengjie.
Xu Zhengjie understood even more.
“Save me! Save me!”
“I already knew that I was wrong, and I will do everything to make up for it!”
Xu Zhengjie quickly hid behind Wen Lei and the others.
Wen Lei opened her arms and stood in front of Levi Garrison.
“If you want to kill him, kill me first and step over my corpse!”
Wen Lei closed her eyes, her body trembling.

“Calm down, you, Xu Zhengjie’s value is too great! It’s a shame to kill!”
“Let’s do it, wait for him to play his due value before letting you deal with it!”
“Don’t do it…”
…The
people around are anxious, for fear that Levi Garrison will actually do it.
This is the value of Xu Zhengjie!
Even if he is sinful.
But in this case, many people still don’t want him to die.
I want him to shine and play his value!
Seeing that Levi Garrison slapped Wen Lei with a slap.
All people have a cardiac arrest and are about to suffocate.
In the end, Levi Garrison slapped and did not fall.
Wen Lei opened her eyes in fear and looked at Levi Garrison blankly.
Levi Garrison said coldly: “Are you sure you want to take him away?”
“I’m sure!”
“Do you expect him to work for Erudia and count on his talent? This man is sinister and cunning. If
you
don’t kill him, it will always be a danger. exist!”
“Once he plans, it will be endless disasters! Do you understand?”
Levi Garrison reminded.
The throats of Xiao Feng and others squirmed.
Xu Zhengjie is a genius.
How terrible is the person who can study the weapon of killing God!
It’s a walking explosive!
“As long as he joins the Shenlong Science and Technology Alliance, we will be responsible for
everything
that happens! Besides, I have seen
The Return of the God of War [The Protector] Chapter 1783
To his remorse! He will definitely repent, like something dangerous, it will never exist! “The
others immediately promised.
Wen Lei wanted to say something, but
she abruptly held back. She also seemed to agree with Levi Garrison’s statement a little bit.
“Well, let’s take it away!” Don’t let me see again, I will kill you! ”
You people don’t find me if something goes wrong!” ”
Levi approached.
He didn’t care.
Xu Zhengjie killed him if he wanted to.

He could bring it back from the War Eagle Nation. If this group of people doesn't listen to persuasion, then leave it to them. It doesn't matter to him.
Xu Zhengjie smiled and passed it. Give Levi Garrison an arrogant look. It means to wait and see… In the end, the Dragon Technology Alliance took Xu Zhengjie away.
But Wen Lei was not very relieved. She suggested that Xu Zhengjie should be strictly watched in the future and everything should be restricted to prevent Xu Zhengjie from secretly engaging in it. Move, create danger.
"Miss Wen, you definitely have to worry too much! Mr. Xu will definitely repent! I can see it! "
Furthermore, we saved him and gave him good terms!" How could he harm us? "
…The others immediately objected.
Wen Lei didn't say anything. It's just that Xu Zhengjie in the car swept a crazy arc of his mouth.
"Master, where are you going next?" "
Xiao Wind asked.
" Of course, is to look at sub-Levilia and dyed them! "
Levi Garrison smiled.
"Mother and them are still in Wushuang City! Fu Qiufeng is only a five-layer heaven, so he still needs to guide Levilia! He is really whimsical!"
Xiao Feng said casually.
Now Levi Garrison even kills the Seventh Heavenly Powerhouse if he wants to kill him, and Fu Qiufeng is a fart.
Levi Garrison immediately went to see Zoeyniang.
But at this time something happened that Levi Garrison didn't expect…
That is, the Baolong clan wants to eliminate the crooked ways that joined the Domination Alliance before.
They would have cleared it a long time ago.
It was just that Levi Garrison went to War Eagle to lead people, so it was postponed.
Now they are going to take these people one by one.
Including those who surrendered to Levi Garrison before and relieved the danger of the capital are among

them.
But Levi Garrison didn't know.
He is now on his way to Wushuang City.
Come this way.
The most obvious feeling is that the strong have increased.
Although they were hiding better, Levi Garrison could feel their powerful aura, which was different
from
ordinary people.
In Levi Garrison's eyes, it seemed to shine like a scorching sun, which was easy to distinguish.
Soon, Levi Garrison came to Wushuang City.
Wushuang City is still naively cultivating Levilia and Zoey as the future.
Little did they know that Levi Garrison, the Sixth Heavenly Powerhouse with hands and eyes open to
the sky,
was already tired of killing.
Even Levi Garrison, the Seventh Heavenly Powerhouse, was able to kill consecutively.
After Levi Garrison arrived, Wushuang City did not stop him and let him enter.
"The city lord said, you haven't seen Levilia for a long time. Let you stay two more days this time!"
Levi Garrison shook his head: "No, I'm here to take them away this time!"
"Huh? What do you mean? "The
Wushuang City guard's complexion changed, and he looked at Levi Garrison suspiciously.
"Tell Fu Qiufeng that I'm here to take people home today! Fu Qiufeng and the others are too young, I
have to take Levilia back! You can only teach you the basics of Levilia after all!"
Levi Garrison said.
The faces of a few people on the opposite side changed wildly.
Several people hurried to report the news.
Soon after, the entire Wushuang City people surrounded Levi Garrison in three and three layers.
Fu Qiufeng even brought other people here.
Zoey, Levilia, a few people saw Levi
The Return of the God of War [The Protector] Chapter 1784
Pro is still very excited.

After all, they all knew that Levi Garrison had gone to fight, but there was no news.
However, Fu Qiufeng stopped a few people.
"Wait! I have something to tell him!"
Fu Qiufeng looked at Levi Garrison and asked, "What? Are you going to take them away?"
"Yes! Wushuang City is a small sect after all, your strength is too weak. He is not qualified to train
Levilia
at all!"
Levi Garrison said.
The whole Wushuang City was angry.
There were angry voices everywhere, and everyone with blushing and thick necks wanted to teach Ye
Levi a lesson.
Fu Qiufeng and several elders were also angry.
Wushuang City is a small school?
It's ridiculous!
Are they weak?
Fu Qiufeng's five heavenly powerhouse is definitely the overlord!
Levi Garrison ignored the anger of the people, and said lightly: "Of course I am not an ungrateful
person! No
matter how you say you have paid for Levilia! Let's do this, I, Levi Garrison, owe you a favor!
You will encounter any difficulties in the future. You can come to me for everything and problems!"
If you let others know about Levi Garrison's promise, you will definitely be crazy.
One of his promises is simply too big.
Did he kill tens of thousands of powerhouses in the fifth heaven?
One of his promises is unimaginable.
But in the eyes of everyone in Wushuang City, his promise was worthless.
"Go away, what good is it for us to find you if we are in trouble?"
"You are purely sick!"
...
Levi Garrison's simple words completely angered everyone in Wushuang City.
"I will take the people away now! Since then, I have no relationship with you Wushuang City! But my
promise has always been in effect!"
After speaking, Fu Qiufeng was completely angry.

“I will see how you are going to take people away today?”
“Yes! Don’t even want to take someone away! Wushuang City is not your turn to speak!”
Everyone in Wushuang City was tough.
They are strong like clouds, how can they be afraid of a Levi coming.
Levi Garrison smiled.
Like these in Wushuang City, Levi Garrison didn’t know how many killed during this period.
too weak.
It’s no different from ordinary people who don’t have the power to bind chickens.
It’s the same as killing a chicken.
“Levilia, Dad will take you home!”
Levi Garrison stepped forward and picked Levilia, pulling Zoey and Zhou Nanyan to leave.
“You get out of the way, I think he dares to take a step out of Wushuang City?”
Fu Qiufeng said angrily.
When everyone heard the words, they automatically let go.
Levi Garrison didn’t care, leading the three of them to move on.
“If the three of you dare to step out of the Wushuang City gate, you will never come back again!”
Fu Qiu shouted with anger.
He believed that Zoey did not want to leave.
After all, this is a great opportunity.
He believed that no one would refuse.
However, Levi Garrison didn’t give them a chance to stop, and left with a few people.
Seeing a few people leave Wushuang City, Fu Qiufeng was dumbfounded.
Really gone?
“What does the city lord do now?” the
others asked.
“Yes, if this monarch leaves Wushuang City, our future will be completely gone!”
“If other forces take it away, it is really unimaginable!”
…
Fu Qiufeng looked uncomfortable after eating the flies. He immediately ordered: “Chasing, chase me
quickly! Be sure to catch people back!” Now
he was cruel, and even everyone would catch Levilia back.
When the masters of Wushuang City were about to go out to catch Levilia, they suddenly thundered.

There are several figures from
Falling from the sky, standing on the city wall, it was Xiao Feng and the others.
Feeling the powerful aura of Xiao Feng and others, everyone in Wushuang City was taken aback.
Fu Qiufeng exclaimed: "Are you Xiao Feng?"
The name of the person, the shadow of the tree, Xiao Feng is famous in the Battle Domination
Alliance,
who doesn't know?
"You are really brave! Which daughter dare you to catch?"
Xiao Feng said coldly.
"Why? Still say?"
Fu Qiufeng realized that something was wrong .
"I ask you, who dominated the alliance some time ago defeated?"
"Although it was the Baolong clan that made the move in the end, the main record is still that
amazing
soldier!"
Fu Qiufeng answered honestly.
"Recently, a master of Great Xia went to War Eagle Nation to bring Xu Zhengjie back, and
knew about even the Seventh Heavenly Powerhouse, right?" "I know! Even the Seventh Heavenly
Powerhouse is unimaginable!"
Fu Qiufeng sucked in cold mouth. gas.
Xiao Feng said with a proud face: "Then I tell you that these two things were done by one person at
all,
and the person who was just in front of you, that is, my master Levi Garrison!" The
words are not astonishing and endless.
As soon as Xiao Feng said this, the whole Wushuang City was deadly silent.
Everyone was dumbfounded.
The man who turned the tide and turned the tide is actually Levilia's father.
That ordinary person?
It turns out that he has been so arrogant, has always looked down on Wushuang City, and has always
mocked them for being weak!

In front of the strong who slaughtered the Seventh Heaven in a row, they were just as weak as ants.
He was right, Levilia sent them here to lay the foundation.
"Puff!"
Fu Qiufeng directly fell to his knees.
The others
broke out in a cold sweat… scared to death!
They even wanted to kill him…
how could they come up with such an idea?
Zoey, who had left Wushuang City, began to worry: "You said Wushuang City won't chase it, right?"
The Return of the God of War [The Protector] Chapter 1785
Levi Garrison was about to speak, but saw a lot of people running behind.
Headed by it was Fu Qiufeng.
He brought a large number of people and followed Levi to them.
Levi Garrison frowned.
I began to bury the injustice that Xiao Feng did not do well, even this little thing could not be handled
well.
Zoey and the others were frightened when they saw a large group of people coming.
"Ah!!!" When
they were about to scream, they didn't want to move Fu Qiufeng, but they cried out.
Looking at Levi Garrison, everyone seemed to see a ghost.
Fu Qiufeng led everyone to change directions immediately and ran to the nearby mountains and
forests.
It turned out that Fu Qiufeng and the others weren't here to chase Levi Garrison.
Instead, go to the cemetery of the old city lord to check.
In order to prove who saved Levilia in the hands of the Black God Sect at the beginning…
"They are so strange, didn't they come to chase us?"
Zoey and the others expressed deep doubts about Fu Qiufeng's behavior.
After Fu Qiufeng and the others came to the tomb of the old city lord, they immediately asked them
to
open the tomb.
After seeing the mummy in the coffin, everyone understood.
There is no old town owner at all!
The Old City Lord is long dead.

It was Levi Garrison who rescued Levilia back, and he was also the one who destroyed the Black God
Sect.
He said it at the beginning, but no one believed it.
Everyone attributed all this to the shot of the Old City Lord.
"By the way, did Master Ye say to help us once?"
Fu Qiufeng asked.
"exactly!"
"We must cherish this opportunity!"
"It turned out to be his daughter, otherwise, where would such a high talent come from?"
...
Levi Garrison took the three of them back to Jiangbei's home.
The grandparents were naturally happy to see Levilia.
After hearing that Levilia left Wushuang City, this made Li
Wen Yuan was dissatisfied with them.
"Forget it, forget it, it's better to see Levilia every day than to go to any Wushuang City!" Zhao Yalan and Emma hugged Levilia tightly.
For these ordinary people, family reunion is the most important thing.
In particular, some time ago, the national disaster was at the forefront.
Everyone was used to seeing
parting, and they understood the importance of family affection.
Especially Lopez and Black's family ran away many people.
The three old people miss Levilia very much.
So even if Levi Garrison brought Levilia back, they didn't say anything.
"What? The uncle and the uncle have all gone to War Eagle Nation?"
Zoey was taken aback when he knew this.
Levi Garrison smiled helplessly.
He also saw them in the Eagle Nation with his own eyes.
"By the way, the news just came that the War Eagle Nation expelled many people from Erudia..."
"Let this group of people run outside, now it's all right, deserve it!"
Li Wenyuan cursed.
Apparently news of these people's deportation has spread all over the world.
"Ah? Is it so miserable?"
Zoey asked.
"Yeah, it comes down to Erudia's mysterious master, who entered the war Eagle Nation alone and
brought
Xu Zhengjie back! It completely angered the war Eagle Nation! Only then made such an act of revenge!"

Li Wenyuan explained.
“And I heard that the mysterious master was sent by the Baolong clan! The Baolong clan is really
strong
enough, with them, Erudia must be stable!”
…
At this time.
There was a sound of footsteps outside.
It turned out that it was the old lady of the Li family and Li Tianhao who came.
As soon as they entered the door, they came directly at Levi Garrison.
“What happened to grandparents?”
Zoey asked.
“Not those unfilial sons! They were expelled from the war eagle country, deprived of their identity
and
property, and now abandoned to the wilderness!”
“Aren’t we here to find King’s Landing to pick them up and restore their status?”
The Return of the God of War [The Protector] Chapter 1786
Several people stated their purpose.
Everyone was astonished.
It turned out that they wanted Levi Garrison to pick up those people back and restore them to Erudia
nationality and identity by the way.
No matter how several old men scolded them.
No matter how they betrayed their ancestors.
But once something happens, how can they rest assured that their daughter is suffering outside.
But they want to save it now and it is difficult to save it.
First, in the current special period, you can’t leave Erudia.
Secondly, Li Wenfei, Li Wenhai and the others have no identity at all, and they cannot enter Erudia.
Now even the warrior is no exception.
Because of the emergence of the Baolong clan and the victory of the war to dominate the alliance.
Now the warriors can’t be unscrupulous.
You have to listen to Messiahi’s orders…
Even if they want to take it back, based on these two points, there is nothing they can do.
I just heard Levi Garrison coming back.
They hurriedly came to Levi Garrison.

According to Levi Garrison's identity, picking up people and restoring his identity is his one-word
matter.
It's too simple.
"They are indeed betraying Erudia, betraying their ancestors! But when we are parents and
grandparents,
can we watch them die away from home?"
"We decided to take them all back. We will be scolded if we are scolded, this It's nothing."
"Levi , we came to you specially, just want you to pick up people!"
"Yes, you just need to take people back, and then restore Erudia nationality to them!"
...
Old For the first time in the past two years, his wife and them were so polite to Levi Garrison.
"Are they leaving Erudia nationality?"
Levi Garrison asked.
"Well, these unfilial sons thought that Erudia was going to perish at the beginning, and all ran away
one
by one, and they were not obedient!"
Wu Mulan cried.
Levi Garrison smiled: "Then they are all adults, right?"
"Yes, what's the matter?"
Li Tianhao replied subconsciously.
"Since you are an adult, you have to be responsible for your actions! I believe that betraying Erudia is
definitely not their impulse!"
"After leaving Erudia, whether it is good or bad, they will bear it all by themselves!"
Levi Garrison earnestly Said.
"Huh?"
"You…what do you mean?"
Only then did a few people react.
"What I mean is very simple! I won't go! Since they have left Erudia, they will never come back!"
"I will also give orders-no one who left Erudia at the time will come back! No accommodation is
allowed!"
Levi Garrison The attitude was firm, so that everyone present was taken aback.

“Dare you?” the
old lady shouted.
“Why don’t I dare?”
Levi Garrison sneered.
“Since they have left, they are no longer Erudia people, and there is no need to come back!”
…
“What are you talking about? Anyway, we are also a family! You can’t Wen Tao and they usually have
friction with you, you just have to Take revenge!”
Wu Mulan said immediately.
“Yes, a family, are you watching them die outside?”
“What kind of king are you now, don’t you just deny the six relatives and want to kill them ?”
… the
people said in a rush.
Even Emma and Zhao Yalan also persuaded: “In fact, King’s Landing doesn’t have much to do.
Have you arranged it? Just one sentence! See what the old man is doing!”
The
old lady thought of something and asked Zoey to persuade her.
Zoey stood beside Levi Garrison: “I listen to Levi !”
“Well, I don’t care about this! They love it!”
The Return of the God of War [The Protector] Chapter 1787
Levi Garrison’s attitude was firm and he didn’t give any chance at all.
Let them fend for themselves.
Not only that.
Levi Garrison immediately issued an ordereveryone
who had previously left Erudia nationality was not allowed to enter Erudia again, let alone
restore
their status.
This order was issued by Levi Garrison himself, no matter what the identity of the other party, it won’t
work!
When this order came out, it caused dissatisfaction among countless people.
Now Erudia has demonstrated unprecedented strength.
In addition, most people are not so happy living abroad.
After all, the network resources are in Erudia, and money is also in Erudia.
In foreign countries, they just eat their laurels.

There will always be one day to finish eating.
And they found that foreign countries are using their value to squeeze them.
They are not really welcome.
When they are drained of value, they will be driven out.
Especially the recent big moves of War Eagle Nation made them deeply aware of this.
Erudia is the best.
They have to return to Erudia as soon as possible.
Therefore, due to various factors, those who fled before want to come back.
Even some celebrities have already bought tickets and want to take the flight back.
As a result, Levi Garrison suddenly gave such an order, which made many people directly
dumbfounded.
Several old people could only scold Levi Garrison's six relatives for not admitting, but there was no
way.
After Levi Garrison's order was issued, it was quickly implemented in various places.
However, there was a lot of opposition and resistance.
Some people, relying on their power and status, have to forcibly break in, and the two sides may even
clashed.
The next day, Levi Garrison received a call from Xiao Feng to say something important.
It turns out that the largest port of Jianghai City is about to arrive at a 10,000-ton cruise
ship. The passengers on this cruise ship are all wealthy celebrities who have left the Erudia nationality
before.
Present
These people will come back when the danger in Great Xia is lifted.
As a result, Levi Garrison's order blocked their plan to return to Erudia.
So some of them are in the East Island, Star Country's wealthy celebrities gathered
together.
They want to come back together.
Therefore, they chartered a cruise ship and returned with thousands of upper class
people.

In their view, all of their cruise ships are elites.
No matter where they are, they are valuable.
They believe that Erudia will not reject their elite group.
What's more, the people on the cruise ship are powerful and powerful.
Who dares to stop?
What's more terrifying is that the big celebrities on the cruise ship unexpectedly
released the news that they were coming back to Erudia and asked fans to pick them
up!
The news that dozens of hundreds of celebrity Internet celebrities came back came
out.
Their fans are not calm.
The cruise ship arrives at 12 noon.
These fans came to the port early at five or six o'clock to grab a spot, and they all
wanted to be the first to receive their favorite star.
The tricky problem is that there are more and more fans.
According to the news from Xiao Feng, the port has already gathered 50,000 fans,
and the number is still increasing.
He can't handle this matter.
Then I asked Levi Garrison for help.
Levi Garrison's face changed drastically when he heard it.
This group of actors really have the means to come up with such a trick to get fans
to pick it up.
This is absolutely impossible for ordinary people to deal with.
You can't beat fans or drive them away.
In that case, the impact will be too great.
Therefore, even if Xiao Feng was a supreme-level powerhouse, he was helpless in the
face of this matter.
Especially the fans are getting more and more, it is difficult to control.
"Wait for me, I will take care of this personally!"
Levi Garrison immediately went to the port of Jianghai City.
"This group of fans is so pitiful, they don't even know they have been used."

The Return of the God of War [The Protector] Chapter 1787

Levi Garrison was sitting in the helicopter and saw a crowd of fans on the ground.
He couldn't help sighing.
A group of innocent people!
"This trick is vicious! Use fans to counter us! Once we have any excessive behavior, it
will definitely have a huge impact!"
Xiao Feng explained after seeing Levi Garrison.
Xiao Feng is also an extremely intelligent person, but he can't handle this kind of
situation.
You can't use force, right?
At this moment, the number of fans is approaching one hundred thousand.
Crowded the small port.
As soon as Levi arrived, the cruise ship from Star Country had also arrived at the
port.
About to log in!
On the deck of the cruise ship, thousands of elites are looking at the port.
Everyone smiled when they saw the crowds of fans.
The leading stars Gao Xiangcheng and Xiong Xuebing were even more excited.
"Look, our approach is okay?"
It turned out that it was their idea to let the fans pick it up.
The more fans came, the less Erudia dared to target them.
So before setting off, they vigorously incited fans to pick up the ship…
not only that, they also invited dozens of internationally renowned media on the
cruise ship.
In this way, even if they are driven out, these media will release the news, which will
have a great impact.
I have to say that they are very smart.
A lot of preparations were made, so Erudia had no reason to drive them away.
Under the public opinion of all parties, they can only be allowed to enter Erudia and
restore their identities.
They can continue to make money and continue to have a high position in Erudia.
The things that fled Erudia before had no effect on them at all.
"Bang!"

Finally the cruise ship drew at the port.
These fans are starting to go crazy.
Can you not be excited to see so many stars at such close range?
Fans are crazy about rushing over, but fortunately, Xiao Feng arranged someone in
advance to send him
We stayed outside.
But it was just blocking.
If anything happens, this group of fans may get out of control.
These can't stop them at all.
"Gao
Xiangcheng !!!" "Xiong Xuebing!!!"
...
"Welcome you back!"
"Welcome, welcome, warm welcome!"
"Erudia's door is always open for you! You are always welcome back!"
...
Fans are crazy Yelling, the posture is like whoever dares to stop these stars, they are desperately like
whoever dares to stop these stars.
Nearly 100,000 fans chanted together, the scene was too grand.
Xiao Feng and others couldn't stop it if they wanted to.
The situation is more serious than they thought.
They only have to dare to say a word.
These 100,000 fans can eat them.
Not to mention the impact.
After stopping at the port.
Gao Xiangcheng and these people first let the international media go round.
"This is the number one Korean media company in the East!"
"This is the largest Kevin media company in the West!"
...
These media began to introduce their identities as soon as the downstream rounds, and used
equipment
to start shooting, even live broadcasting.
"This…"
Xiao Feng was dying of a headache when he saw this.
In this way, they don't even have a chance to block the news.
Unless all these media are killed.
But how is it possible?
The matter is more serious than they thought.

Xiao Feng clenched his fists: "I'm afraid this matter will be difficult to deal with, or it can't be dealt
with!"
At
this time, the elites of Gao Xiangcheng went down one by one.
"Who let you down, get me back!!!"
The Return of the God of War [The Protector] Chapter 1789
The sound was like muffled thunder.
Everyone present was frightened.
Especially the elites who had just been on the downstream wheel, all stopped and stared at the
distance
in a daze.
I saw Levi Garrison walking slowly at the station.
Levi Garrison suppressed everyone with a voice just now!
Even Xiao Feng and the others were shocked.
In Xiao Feng's view, this issue has to be handled softly.
If we can discuss the solution, we can solve it, and we must not use strong means to solve it.
The harder you are, the harder you can handle this matter.
It can be said that tough methods are the most stupid behavior to deal with this matter.
As a result, they just finished thinking like this, Levi Garrison shouted out.
They were also dumbfounded.
What is Levi Garrison doing?
Should we take the strongest way to resolve this matter?
In the past dozens of seconds, Gao Xiangcheng and other talents reacted one by one.
"You…what are you talking about?"
Xiong Xuebing asked tremblingly.
"I tell you to go back!"
"You people don't want to set foot on the land of Erudia! Go back to me!"
Levi Garrison said word by word.
The sound was like thunder, scared everyone's pupils to shrink, and the foot that had just stepped
out
abruptly retracted.
People like Gao Xiangcheng were really frightened by Levi Garrison's powerful aura.
I dare not say a word!
But the thousands of fans behind him refused to agree!
Dare to treat their idols like this, don't they dare?

“What are you talking about? Let them go back? What right do you have?”
“They are all elites. It is Erudia’s loss to keep them out!”
“I urge you to settle this matter peacefully, if you use strong means If you do, don’t blame us for not agreeing!”
……
&
“Yes, we don’t agree!”
“We don’t agree!”
… The fans started to get restless, and there was a tendency to get out of control.
Dozens of international media quickly recorded this scene.
Put these news stories out.
When Gao Xiangcheng saw this, they all smiled.
No matter how tyrannical these people are, they can be covered by fans.
He looked at Levi Garrison triumphantly: “Yes, my family fans are right! Rejecting us is Erudia’s loss! I urge you to look at the situation clearly, and obediently invite us back to Erudia, this is what you want Do it!”
Xiong Xuebing also echoed: “Yes! The value we bring is incomparable! I have 17 million fans, what are you? Dare to tell me to go back?”
“Yes, my assets Three billion, is my value not great? How much investment can I bring?”
“No, I have hundreds of factories, how many jobs can I provide?”
…
These elites all spoke out one by one.
There is one saying, and many of them are right.
But there is one thing, they are not only giving, they are also asking for it?
Without Erudia, where did their fans come from, where did their assets come from, and where did their factories come from?
Isn’t this because you can’t hang around abroad and just want to return to your country to gain benefits from your compatriots?
He said that he was so tall, in fact, it was all for himself.
“Well said!”
“We support you! If anyone dares to drive you away! Unless you step over from us!”

“Yes, yes, we are in the way, I see who dares to stop?”
……
Fans are easily moved.
With a few words from the idols, their blood boiled over.
Once Levi Garrison wants to stop people, they will stand in the front.
Seeing the effect of the fans, these people laughed.
They looked at Levi Garrison arrogantly.
The Return of the God of War [The Protector] Chapter 1790
“Everyone welcomes the idol back! Welcome!”
... the
fans began to cheer.
Some fans even broke free and rushed to the front to meet their idols.
Gao Xiangcheng and these people took advantage of the trend to go down the wheel one by one.
As long as they come to Erudia, restoration of their identities will no longer be a problem.
The most important level is over!
Thousands of elites set foot on the land of Erudia proudly, and many people’s eyes were still
provoking Ye
Levi .
Everyone in Xiao Feng looked ugly.
Things have developed to a scene they don’t want to see.
It’s not easy to control this time.
I can only watch it.
Peaceful methods are no longer possible, let alone violent methods.
“Who let you down?” At
this moment, Levi Garrison’s voice sounded.
“Huh?”
All eyes in the field focused on Levi Garrison.
I saw Levi Garrison walking towards the crowd step by step, and then stopped opposite them.
Levi Garrison stepped on a line, and he said coldly: “I see who
dares to go one step further!” “Who dares to cross this line, I will not show mercy!”
Xiao Feng and the others were angry when they saw Levi Garrison.
Endless.
“Master, is this inappropriate? Things won’t make a big deal?”
Xiao Feng whispered in Levi Garrison’s ear.
“If something goes wrong, I will be responsible for it alone!”
Levi Garrison was determined.
“Why are you so domineering? Who do you think you are?”

...
Fans began to refuse to agree.
Gao Xiangcheng smiled and said, "I want to see what happens when I step out of this line?"
Gao Xiangcheng arrogantly looked at Levi Garrison and crossed the line designated by Levi Garrison in
two steps.
"Now? What do you want to do with me?"
Gao Xiangcheng looked at Levi Garrison with a sneer.
Levi Garrison frowned, he stared at Gao Xiangcheng.
"boom!"
In the next second, Levi Garrison raised his foot and blasted Gao Xiangcheng out.
Gao Xiangcheng drew a parabola in the air, and then smashed heavily on the deck of the cruise ship.
At this moment, everyone was stunned.
No one expected to do it!
"This is a lot of trouble!"
Xiao Feng said in a low voice.
"Are you crazy? Do you dare to hit someone?"
"Who are you? Do you dare to hit someone?"
...
Everyone who reacted, one by one, was angry and accused Levi Garrison one after another.
"My name is Levi Garrison, and I gave that order!"
Levi Garrison said.
"Then you can't hit people either. He is a superstar with 20 million fans. How dare you?"
"Yes, why are you? Hurry up and apologize!"
...
Everyone was angry.
Levi Garrison smiled indifferently and shook his fist: "What do you say I rely on? Rely on this!"
"Boom!"
With a wave of his right hand, an invisible force pushed away all the fans in front of him.
These fans didn't understand what was going on, so they were pushed behind Levi Garrison.
Not only that, Levi Garrison also erected an invisible wall of air in front of all fans.
The fans were restless and wanted to rush over one by one.
"Bang bang bang..."

One by one was blocked by an invisible air wall.
While everyone was angry, they were terrified.
No matter what they do, they just can't break through the air wall.
Levi Garrison stopped one hundred thousand fans with his own power.
The thousands of people waiting for Xiong Bingxue were all dumbfounded.
They have thought about many kinds of accidents.
Only did not expect Levi Garrison to be so tough.
Levi Garrison looked at everyone and sneered: "I want to come to Erudia? Impossible! Go back to
me !" "I don't believe you can bear such a big responsibility?"
"If you don't, do you? I will do it myself!"
The Return of the God of War [The Protector] Chapter 1791
"Do you dare to try?"
"So many people are watching, so many international media are here, do you try with a finger?"
...
These people were not convinced, and stared at Levi Garrison one by one.
"Bang!"
"Bang!"
"Bang!"
...
Levi Garrison didn't bother to talk nonsense with them, kicking them one by one and flying them onto
the
cruise ship one by one.
The overbearing methods are shocking.
Even the international media were stunned.
Levi Garrison looked at them: "Who allowed you to set foot on Erudia land? You entered the country
unconventionally, right? According to Erudia rules, I have reason to drive you out!"
Levi Garrison sent thousands of people out with just one sentence.
Speechless.
They did not go through any immigration formalities.
After all, they are not of Erudia nationality.
All such hurried intrusions are illegal entry.
What Levi Garrison did was right.
"Go, go back to me!"
Levi Garrison roared.
Drive away all these international media.
"Whoever dares to come again is dead!"
Levi Garrison blasted out a punch.

The sea surface not far away was forcibly split in half, forming a huge crack of thousands of meters…
not only that, the powerful force pushed the cruise ship back.
Can't control it at all!
This scene shocked everyone in the audience.
Is that human being?
After dealing with these people.
Levi Garrison turned around and walked away from the wall of air blocking the fans.
All this group of fans exploded.
"Who are you? Why do you drive them away?"
"They are our idols! Why are you?"
&
One by one, Levi Garrison glared angrily.
Levi Garrison smiled: "Then I ask you, some time ago, when Erudia was in crisis, where were your
idols?"
"This…"
"They…"
"In… In…"
…
Ye One sentence of Levi left 100,000 fans speechless, unable to speak a complete sentence.
Soon, no one of the 100,000 fans spoke.
Everyone looked at each other, quietly a bit scary.
"I'm here to tell you! When the national disaster was at stake, your idol idols went to take refuge
abroad
one after another!"
"Even at the most critical moment of Erudia, when it was rumored to be extinct, they resolutely
withdrew
from Erudia nationality and joined another country. !"
"When you were in dire straits, your idols ran away. They are worthy of you?"
…
Levi Garrison asked the fans a few words.
Everyone is not a fool, except for those who are too obsessed or have a brain disease, can basically
respond?
"You keep saying that idol idols give you motivation, but at your most critical moment, who is the one

who saved you? Is it them?"
"No!!! It's a big summer warrior, every big summer warrior doesn't Fate is not afraid of bloodshed!
They
saved you from fire and water!"
"You have also felt this time deeply. The real moment is when those people are protecting you in
obscurity! On the contrary, the idols who usually occupy the position of resources are all gone! "
Of course you can't be killed in one shot. There are also many celebrities who set an example by
donating
supplies to the frontline, etc.! But what did this group of people you like do?"
"It's okay to follow a star, it's okay to find a role model! Would you please keep your eyes open and
find a
good character?"
…
Silence.
A long silence.
All fans are inspired.
One of them asked tremblingly, "May I ask who you are?"
"Listen well, he is the greatest hero who saved Erudia-the king of the word side by side!"
The Return of the God of War [The Protector] Chapter 1792
Xiao Feng shouted.
Now hundreds of thousands of people can't sit still.
Looking at Levi Garrison with all admiration.
Now everyone in Erudia praises these Erudia warriors.
Hearing the title of the word side by side king, everyone was not calm.
"Brothers and sisters, heroes like the King of One Word and Qin Beishan and Lao Qin are the idols we
really want to pursue!"
"Don't be fooled by the surface! We must pursue a beautiful appearance, but also a beautiful interior.
!"
…
Seeing these people have such a sense, Xiao Feng laughed at them.
Levi Garrison's personality charm keeps growing in their minds.
He just used violent means to solve this kind of thing.
Let so many people realize the correct value.

After this time, no one dared to defy this order.
The traitors who had fled Erudia can never come back…The
most ridiculous thing is that everyone found that without these "elites",
what Erudia should do or
what,
everything is working normally.
Without them, there are others who have come forward to replace them,
better than they did.
When Levi Garrison was instructing Levilia on this day, suddenly a few
people covered in blood
suddenly
rushed in.
"Mr. Ye save us, save us…"
These people lay on the ground and pleaded.
"Are you…belonging to the North Demon?"
Levi Garrison judged their identities through their breath.
"Yes, Mr. Ye save us, save us!"
Several people were emotional.
"What happen to you guys?"
Levi Garrison stopped their injuries first, and then asked.
"Mr. Ye, this morning our clan and other sect forces were suddenly
attacked by unknown masters!
They
were brutal and aimed at exterminating the clan!"
"We admit that we have made a mistake, but we hold the capital behind!
We are also a general. The
merit
is over, don't you need to exterminate the race?"
……
Several people immediately explained the situation.
Levi Garrison checked, Xiao Feng and the others knew about it.
It turned out that the Baolong clan took the shot and wanted to eliminate
these evil ways.
Those forces that surrendered to Levi Garrison were among them.
The people of the Northern Demons were almost wiped out.
The few people who had escaped hurriedly ran to Levi to ask for help.
Levi Garrison immediately informed Xiao Feng and told Messiah and the
others to stop.
"Dad, here comes someone!"
Levilia reminded.
At this moment, there was a slight noise outside.

Soon, eight figures appeared in the yard, all wearing black costumes and black face towels.
Carrying a crossbow and holding a long knife.
The Baolong clan who once appeared on the battlefield of the Eastern Territory.
As soon as the eight people appeared, the aura opened up.
The terrifying sword aura and killing intent were condensed together, swept like a violent wind in this
courtyard.
Slashing across his cheeks, like a blade cut, it hurts fiercely.
"Mr. Ye, it's them!" When
several people saw these swordsmen, they were all frightened.
Not long ago, these people directly slaughtered all their families.
Only a few of them are left.
Extremely terrified of these swordsmen.
"Hand them over!"
The eight voices were hoarse, and their tone of commands was full of meaning.
"Sorry, this is my house, you are not welcome! Hurry up!"
Levi Garrison said.
"These are evil ways that the Baolong clan wants to kill. I advise you not to be nosy! Otherwise, you
will
die too!"
The few people were very murderous, and they didn't pay attention to Levi Garrison at all.
"I have to die too? Haha!"
"Tell your master, they are my Levi Garrison's people, you can't move!"
Levi Garrison smiled.
The Return of the God of War [The Protector] Chapter 1793
"Levi Garrison? We don't care who you are! We will kill these people!"
The swordsmen of the Baolong clan have eyes higher than the sky, and all of them are Laozi's best in
the
world.
Levi Garrison didn't pay attention to it at all.
"That's just a fight!"
Levi Garrison didn't talk nonsense.
Do it directly.
Although these eight people were extremely powerful, they almost wiped out the clan behind the
Northern Demon.

But against the current Levi Garrison, he was still vulnerable.
The eight people were cleared out by Levi Garrison as if the autumn wind swept fallen leaves.
At this time, Messiahi had sent back news, saying that the Baolong clan would not stop, and all these
evil ways must be eliminated.
"Xiao Feng, didn't you say that these people are mine?"
Levi Garrison asked.
"That said, but Messiah said that the danger of the capital was solved by the Baolong clan at all, and
it has nothing to do with these evil
ways !" Hearing Xiao Feng's explanation, Levi Garrison's face turned black.
"Okay, I will save people personally!"
Levi Garrison set off immediately and soon came to a deep mountain somewhere in the north.
The major forces that once surrendered to him are now defeated. They gathered together and
lingered.
In a short period of time, the major forces have lost half.
Hundreds of masters from the Baolong clan pressed in front of him.
All it takes is a wave of attacks, and all the rest will be destroyed.
At the moment of crisis, Levi came.
"It was they who relieved the danger of the capital city, and the merits and demerits are equal to each
other!"
"Killing them means not giving me Levi Garrison face!"
Levi Garrison was very angry when he saw the heavy casualties.
"They must die! Who blocks and kills who!" The Baolong
clan doesn't care who it is.
No one can change what they believe.
&
"It's him, it's him that injured the eight of us!"
At this time, someone pointed to Levi Garrison.
"It turned out to be you! Okay, let's not let you go now!"
……
The atmosphere of tension on both sides was ignited.
In order to be afraid of the trouble, Messiah and the others also hurried over.
"Misunderstanding, misunderstanding!"
"We have checked it out, and they are indeed the ones who relieved the danger of the capital! They

are
now the kings of the same word!"
Messiah explained the matter.
The leader of the Baolong clan sneered and said: "Then they are also persecuted by the king to do this
thing! These crooked ways are a scourge, and it is best to eradicate it. If you keep it, it is absolutely
endless!"
Levi Garrison sneered: "That's my own business! You can't control it!"
…
Finally, under the negotiation of Messiahi, the Baolong clan let go of the remaining evil demons.
The masters of the Baolong clan finally left.
"This man is the king of the word side by side? He defeated the Domination Alliance before!"
"Yes, it is him!"
"But I have seen this man's shots, and his skills look like a demon!"
Someone doubted. .
"Yes, that's right! It's exactly the same as that big demon! The key point is that he is still mixed with
these
crooked ways, and I begin to doubt his identity!"
"If the identity of the king of the word side by side is so important but controlled by a demon. , Then
isn't
Erudia already in crisis!"
"We will go back as soon as possible and tell the owner what happened, and I think we should notify
Tiance Mansion!"
……
What the Baolong clan said was the same as what the Beimo clan said before.
All mentioned a demon.
Levi Garrison never expected that the meeting with Baolong clan today would bring him much
disaster in the
future.
The Return of the God of War [The Protector] Chapter 1794
"From now on you follow me!"
Levi Garrison wanted to incorporate them into his secret team.
On the one hand, it improves combat effectiveness, and on the other hand, it also

gives Messiah a reassurance.
After all, these people mentioned by the Baolong clan before are hidden dangers.
If they were allowed to leave, Messiah might really be worried.
But Levi Garrison took care of them, but there was no worries.
Messiah was also very happy.
Levi Garrison's ability to regain these people is also the enhancement of Erudia's combat
effectiveness.
Levi Garrison did not return to Jiangbei directly. He led the way through Messiahi and
came to the secret base of the Shenlong Science and Technology Alliance.
The Dragon Technology Alliance represents the most advanced technology of Erudia.
Involving aviation, weapons and other fields.
As soon as he arrived at the base, Levi Garrison found that he was staring at a lot of
eyes.
But the people who stared at him were not humans, they were all merciless machines…
The dark iron laboratory base that Jefferson had hidden before was also considered
top-notch, but compared to what was in front of him , it was completely pediatric.
This base is definitely the most advanced technology base.
Even if the warrior attacked, it could not be taken.
Soon, Wen Lei came to the court.
"Are you here to see Xu Zhengjie's situation?"
Wen Lei was straightforward.
"That's right."
"He is very responsible, and he hasn't seen anything unusual so far! He is also the
most talented I have ever seen! How long it has taken, he helped us solve a lot of
problems!"
Wen Lei said.
Levi Garrison frowned, "The more you are, the more you have to be on guard! This
person is wrong!"
"First, things that might endanger Erudia!"
"Second, you represent Erudia's most advanced technology. What if you let him leak

it?”
…
Wen Lei listened carefully to what Levi Garrison said. It makes sense.
But Wen Lei is a very arrogant person.
Since she was a child, she has existed like stars holding the moon, and now she is the strongest female
scientist.
Even if Levi Garrison was right, she would not approve it.
Especially she was a little bit uncomfortable with Levi Garrison’s way of pointing Jiangshan.
“Don’t we know it ourselves?”
she asked back.
“I advise you to send someone to take care of it, in case something happens, it will be too late to
regret
it!”
Levi Garrison reminded.
Wen Lei said nothing this time.
Because what Levi Garrison said was the same as she thought.
She made many suggestions that someone should take care of Xu Zhengjie, but they were all rejected.
But no one else agreed.
“You are deliberately making trouble, right? What is special supervision? Xu Zhengjie is our
compatriot,
our comrade!”
“Yes, yes, Comrade Xu Zhengjie has deeply realized his mistakes. These days he has made
contributions.
It’s enough to prove everything!”
“Who are you? What does it mean to come to our base? Also wrong a good comrade!”
…
These people were completely convinced by Xu Zhengjie.
Now Xu Zhengjie has a very high position in this base.
In the eyes of these scientific and technical personnel, there is not much intrigue, everyone worships
the
strong.
Xu Zhengjie is strong enough for them to worship and admire.
So now when I heard Levi Garrison talking about Xu Zhengjie, no one agreed.

Wen Lei smiled helplessly.
Based on this, her suggestions have been rejected again and again.
The most important thing is that Xu Zhengjie's performance is very peaceful, without any flaws.
She is not good to continue talking.
"Isn't this an old classmate? Why did I just hear someone say that I need someone to take care of
me?" At
this moment, Xu Zhengjie walked out and looked at Levi Garrison with a smile on his face.
The Return of the God of War [The Protector] Chapter 1795
"Everyone is a compatriot, why bother?"
"What's more, I knew that I was wrong! Just yesterday, I donated all my assets to make up for my
mistakes and make me feel better!"
Xu Zhengjie blamed himself.
"Everyone applaud!"
Everyone began to applaud.
Yesterday Xu Zhengjie did donate all his assets.
A sky-high number.
People admire and trust Xu Zhengjie like this.
But the more he was like this, the more abnormal it became to Levi Garrison and Wen Lei.
The path of geniuses is the most extreme.
Donating all your assets is an extreme behavior.
Xu Zhengjie looked at Levi Garrison and said, "I know you have been suspicious of me. If you don't
worry, just
kill me!"
"I know it is easy to kill me with your strength!"
"He dare? He wants to kill. You, unless we kill all of us first!"
"Yes, we protect you!"
...
These scientific and technical personnel are all crazy.
Xu Zhengjie looked at Levi Garrison triumphantly.
It seemed to say to Levi Garrison: "Now you can't kill me if you want to kill me!"
"Sooner or later, you will be killed!"
Levi Garrison sneered.
"You quickly leave our base, you are not welcome here!"
"I hope I won't see you in the future!" The
crowd began to drive Levi Garrison away.

“Boy, any changes you make, I will know, and then I will kill you.”
Levi Garrison gave a warning and left with Wen Lei.
“Don’t worry, I’m watching it!”
Wen Lei couldn’t help saying when sending Levi Garrison away.
“It seems that there are still smart people!”
Levi Garrison smiled.
“You…”
Wen Lei was going crazy.
This base wins over talents with the highest IQs in the entire university.
Almost all well-known scientists are here.
It is no exaggeration to say that the smartest people in the country are here.
As a result, Levi Garrison said so.
He is deliberately sarcastic!
But looking at Levi Garrison’s back, Wen Lei showed a smile.
As a scientist, her philosophy has always been to save the country with science and technology.
In her eyes, these warriors are reckless.
But this time the danger of Great Xia, but these warriors solved it.
She still admires it!
It’s just that she doesn’t say it out of her mouth!
Not far away, Xu Zhengjie stared at the back of Levi Garrison’s departure.
He sneered and said, “Levi
Garrison is
right. These people with high IQs are very low in EQ and are very cheating! Levi Garrison, you wait, I will
definitely make a wave Great!”
…
Although many days have passed since the Battle of Eagle Nation.
But this is the topic the world talks about.
The Eagle Nation has lost all of its people.
Their hatred with Erudia is getting deeper and deeper.
But the entire Warhawk Nation suddenly lost its voice, and it was terrifyingly calm and low-key.
But a big event happened suddenly in Erudia.
Before the Baolong clan surfaced.
In fact, the Baolong clan does not refer to a single clan, it has a total of nine ancient guardian clans.
The origin of the ancient tribes has to be traced back to a long time ago.
Some things have never been recorded in history.
However, the nine ancient guardians are not a whole, but they control Erudia’s secrets and guard the

most
important things.
Therefore, there is another institution that has always existed in Erudia to restrict them.
This strongest institution is called Tiance Mansion.
It is also known as the foundation of protecting the country.
The institution of Tiance Mansion is also composed of many small institutions.
Among them, Tianji Pavilion is the most complete secret and intelligence in the world.
On this day, Tianji Pavilion made an earth-shattering event.
The Return of the God of War [The Protector] Chapter 1796
A sensation throughout Erudia, and even the whole world.
Because Tianji Pavilion has reopened the very old list-Erudiaxiadi list.
What is the Big Summer Land List?
It was a long time ago, much earlier than before the covenant of the gods came out, the ranking of the
strong Erudia.
The so-called land list is the list of young powerhouses under the age of 30, also called the Tianjiao
list,
the potential list.
The sky list is the ranking of all the strong.
Because for such a long time, there is no real strong person who is really qualified to be on the list.
So the big summer rankings have been silent for too long too long.
Except for some ancient tribes, basically no one has heard of it.
But the times have changed drastically now.
The covenant of the gods is torn up.
The strong flooded into the world like a cloud and entered everyone's eyes.
In particular, Levi Garrison led his army to defeat the Domination Alliance, even after the Eagle Nation
successively beheaded five Seventh Heavenly Powers.
This situation has changed drastically.
Now there are people who can qualify for the Great Summer Land List.
Besides, Tianji Pavilion almost controls all the secrets and intelligence of time.
Erudia's potential hidden masters are also recorded.
Although there are still many forces and strong people that have not appeared, or that they are
hidden

very deeply.
But Tianji Pavilion knew everything about them, including their strength ratings.
Let me put it this way.
Almost all the combat power of Erudia masters are under the control of Tianji Pavilion.
That's why they can rank the most just world ranking!
As soon as the world list came out, the entire Erudia and the whole world were shocked.
But most of the strong on the list are unknown to everyone.
Most of them are just names.
Of course, the real name is even less known.
The only person who is familiar with the list is the mysterious man who successively beheaded the five
great and seven heavenly powerhouses in the Eagle Nation.
Although many people knew that person was Levi Garrison.
But in order to avoid spreading to Levi Garrison's relatives and friends.
Messiah still hides everything.
Otherwise it will be too much trouble.
The code name of the mysterious man- LEvi's Squadwang.
The meaning is taken from the LEvi's Squad .
But what is shocking is that the
King of Heaven, who successively killed the five Seventh Heavenly Powers, is only ranked 20th at the
end
of the list!
terrible!
All this is terrible!
This shocked Erudia and the whole world.
A strong man who makes the war eagle country out of nowhere is only ranked 20th, so how strong
should the people in front be?
Especially how strong are the top three?
Isn't it going to destroy the world!
This list was singled out, and everyone was shocked.
The World Ranking is a warning to the world.
Let you know how strong Erudia is?
There are at least 19 people who are better than LEvi's Squadwang!
There is also that the powerhouse of the seventh heaven is not even qualified to be on the list!
this is too scary!
Who dares to invade Erudia again?

Are you looking for death?
You can't say that this list is fake.
Because this was discharged from the Tianji Pavilion!
Other countries are recognized!
For a time, the Erudia martial arts world was in full swing, showing unprecedented glory.
Other overseas countries are even more desperate.
This time, Erudia was completely pulled away.
Levi Garrison also quickly learned about the world rankings.
He wasn't interested in his rank.
I'm just more curious about this list.
He also asked Messiah.
Messiah's answer is that it does have the meaning of shocking other countries, and the other is that
they can't control the affairs of Tiance Mansion.
Tiance Mansion and Messiahi are equal organizations and can cooperate with each other, but cannot
command each other.
Levi Garrison opened up the ranking of the land list again.
The local rankings are all young people on the rankings, and Levi Garrison didn't even know them.
But when he saw the end, his face changed drastically.
The Return of the God of War [The Protector] Chapter 1797
There is no other reason.
Because the person at the bottom of the list is Levilia.
His daughter.
The name at the end is too dazzling!
It made Levi Garrison not slow down for a long time.
Who leaked the matter of Levilia's talent?
In fact, Lopez and Black's family had deliberately blocked them. As for Wushuang City, they
themselves
wished to hide Levilia, let alone leak it out.
Who would leak it out?
What's more, Levi Garrison was sure that Levilia would definitely not be able to make the list if he
relied on
pure strength.
He has been laying a solid foundation for Levilia, but he has not allowed her to increase her strength.
The only reason that Levilia was on the list was Levilia's potential.
Someone discovered Levilia's talent!

That's why Levilia is at the bottom of the list!
And the most frightening thing is that Tianji Pavilion marked the reason for being on the list-this
child's
talent is the strongest in the millennium of Erudia.
In this way, Levilia became completely famous.
If she grows up, she will be number one in the future and number one in the sky.
Levi Garrison thought that someone had leaked the gift of Levilia.
In fact, all of this is under the control of Tiance Mansion Tianji Pavilion.
It was Tianji Pavilion who ranked Levilia on the earth list.
Levi Garrison smiled helplessly.
Both father and daughter are on the list.
One day list, one place list.
The ridiculous thing is at the end.
The King of LEvi's Squad's ranking shocked the world.
Levilia's ranking shocked Erudia.
The ranking list is the ranking list of Tianjiao, even if it is under 30 years old.
But Levilia is too young.
On the list at a few years old.
Everyone was shocked after seeing the list.
Whose kid is this?
This talent is terrible, right?
Even Levilia's reputation spread abroad.
Erudia is as strong as a cloud, and has such potential
'S child, who can stop in the future?
After Levi Garrison hurried back to Jiangbei.
The house is also upset.
Because everyone knows the world list, Zoey knows all of them.
Lopez and Black's family, and many people from the Western Shu family came one after
another.
This is simply a big deal.
"Do you know Levi ?"
Zoey hurriedly asked when he saw Levi Garrison.
"Well, I know, it was my fault, I didn't keep a good secret!"
Levi Garrison blamed himself a little.
As a father, I naturally want to protect Levilia for a lifetime. This secret can be kept
for as long as possible.
Unfortunately, I still didn't keep it.

Then Levilia's danger is more.
There must be a sect force who wants to bring Levilia back to train.
Similar to Wushuang City Black God Sect.
There is also the overseas powerhouses who definitely don't want Levilia to grow
up.
Once Levilia grows up, it will be a threat to overseas countries.
So they will find ways to get rid of Levilia and kill him in the bud.
Everyone present knew that this event was not a happy event.
Levilia is still too young to protect himself.
They have no ability to protect the king.
If danger comes, who can stop it?
"Don't worry, with me, who dares to move Levilia?"
Levi Garrison said coldly.
"You can pull it down, this matter of Levilia is equivalent to stabbing Louzi! I don't
know how many people are rushing to ask Levilia? In the future, we may not even see
the children!"
"Hey, my poor Levilia, isn't it okay to be an ordinary person?"
...
Several old people hugged Levilia distressedly.
"If you are the King of LEvi's Squad, it's okay! But I heard that the King of LEvi's Squad
belongs to the Baolong clan!"
Several people sighed.
Because of Messiahi's secrecy, the news of LEvi's Squadwang cannot be leaked.
Levi Garrison said coldly: "But I am the king of the word side by side, who would dare to
touch my daughter?"
The Return of the God of War [The Protector] Chapter 1798
As soon as Levi Garrison said this, almost no one paid any attention to him.
Everyone is still discussing.
The old lady suggested: "How about this? Let's find a big power for Levilia in advance! In this way,
Levilia's danger will be eliminated and a good future can be obtained!"
"This is a good way. I agree!"
"I agree too!"
... The
old lady's proposal was almost agreed by everyone.

“But first of all, this big power must be super powerful to ensure the safety of the emperor. Secondly,
it
must be a decent person, otherwise it is equivalent to pushing the emperor into the fire pit.”
“This is true, if the emperor is sent to those crooked ways. But it’s completely over!”
…
Everyone was discussing.
Levi Garrison sneered: “Where there is good and evil in the world of warriors, only the weak can eat
the
strong! The crooked ways are not necessarily bad people!”
How about Wushuang City?
In their eyes, it is considered decent, right?
But it’s not the same, they are all using Levilia.
Being good to Levilia is entirely because of her value.
Of course, the evil ways of the Black God Sect should be eliminated directly.
“Levi Garrison, what nonsense are you talking about? Are you going to personally send Levilia into the
hands
of a crooked door?” The
crowd angered.
Levi Garrison stopped paying attention.
As long as he is there, Levilia is safe.
Zoey and the others negotiated to find a powerful force to be a teacher for Levilia.
Levi Garrison is not interested in blending.
He began to write a series of techniques and combat skills.
His next plan is not only to train the secret team, but also to improve the overall level of the Erudia
fighters.
Levi Garrison combined all the factors to write different exercises and combat skills for Erudia fighters
for their
practice.
For example, ordinary fighters must be at the entry level of cultivation.
For example, if the King of the Five Great Wars has the basics, he has to practice a little more
advanced.

For the Five Great War Kings, Levi Garrison specially wrote different exercises for them according to
each
person's situation.
Even in today's era of the strong, Levi Garrison has to create an invincible division.
This time.
LEvi's Squadwang and Levilia are really famous.
More and more people know.
There are also more people who come to mine their information.
The information about King LEvi's Squad and Levilia on the dark web of the Dark World has been sold
at skyhigh
prices.
But hundreds of people still buy it.
It shows everyone's curiosity about these two people.
Levi Garrison could also clearly feel that there were more and more people nearby.
It seems that many people are already eyeing Levilia.
Another person stared at Levilia.
That is Xu Zhengjie.
In the base, in his room.
Three photos are posted on one wall.
It belongs to Levi Garrison's family.
The photos of Levi Garrison and Levilia have been stabbed with countless knives.
"Levi Garrison, do you think you are so powerful that I can't kill you? Wait, it will be soon!"
"And your baby daughter, how cute and talented. It's unimaginable. How happy you are in the future!
But I will end your happiness with my own hands!"
Xu Zhengjie said frantically.
On his desk there is an experimental map with dense lines and formulas all over it.
Xu Zhengjie stared frantically, as if this was the only way to defeat Levi Garrison.
That's right.
Soon, Xu Zhengjie will conduct a crazy and great experiment.
The main base of the Shenlong Science and Technology Alliance satisfies all the conditions for his
experiment.

If this experiment is successful, it will shock the world and it will also be a catastrophe.
The Return of the God of War [The Protector] Chapter 1799
The main reason is that Xu Zhengjie is too free in the base.
No one cares about it, and there are extremely high permissions.
He can use almost all the top laboratories.
He can do his own thing by making a contribution.
No one doubted it at all.
That is why Wen Lei pays more attention to Xu Zhengjie, and other people can't wait to confess Xu
Zhengjie.
The main Xu Zhengjie was too capable. After coming for a few days, he helped everyone solve a lot.
After calming down, Xu Zhengjie put on protective clothing and went to the base laboratory area.
"I want to use the third laboratory!"
Wen Lei was the person who approved it.
She routinely checks Xu Zhengjie for any bugs or other equipment.
"Okay, approve!"
Wen Lei always felt a little strange as Xu Zhengjie and his team entered the laboratory.
But she couldn't tell what it was.
Xu Zhengjie now has more and more authority, and he can use the third laboratory.
She always feels that it is not a good thing.
But everyone trusts Xu Zhengjie extremely.
"Don't have an accident!"
Wen Lei rubbed her swollen head.
the other side.
Levi Garrison had collected all the tokens of the LEvi's Squad brothers collected by the Western
Heavenly
King.
When he first came back, Levi Garrison asked the Western Heavenly King to make preparations.
This group of brothers has no bones, even without a name and no surname. They have been living in
the
dark, but they are holding Erudia forward.
After death, Levi Garrison had to build a burial mound for them.
And engraved their names!
Today, the clothing tombs have been built.

Levi Garrison will personally pay homage to the brothers and engrave their names on their
tombstones.
Somewhere in the cemetery of Fengtian City in the northeast.
Levi Garrison took Levilia, followed by Xitianwang and others.
“Bring the sword!”
Levi Garrison said in a low voice.trophe.
The Return of the God of War [The Protector] Chapter 1800
A person behind him threw a long sword.
Immediately, Levi Garrison carved his name on the tombstones.
“Du Junhao’s tomb!”
“Gao Liangpeng’s tomb!”
“Zhang Hongming’s tomb!”
…
a total of nine hundred and ninety-nine tombstones, Levi Garrison carved their names one by one.
Behind them, the Western Heavenly Kings stood silently.
After the engraving, Levi Garrison picked up a jar of wine and sprinkled it in front, and he lifted the
remaining
half to drink.
“Brothers go all the way!”
…
everyone shouted.
“Almost a thousand new graves?”
At this moment, a group of people came not far away.
The headed man looked at Levi Garrison and said with a smile.
“Master, it looks like a cloak! I heard that they were all sacrificed on the battlefield, and not even a
corpse
was left!”
someone next to him said.
“A bunch of idiots!”
“All of them have a brain disease! Who remembers you when they die? One by one went desperately,
and
in the end there was no dead body left!” the
young man laughed.
Several people next to him echoed: “Yes, that’s right! It’s just a group of people being brainwashed! In
fact, they all went to die in vain! A group of fools!”
“It also protects Erudia, in fact, it is a group of foolish fools!”

… …The
discussions among them were inconvenient.
“Yes, they also issued orders not to let those who left Erudia back then! By the way, Master, how did
you
come back?”
Everyone looked at the young man with curiosity.
It turns out that the young man also fled out of Erudia.
Now he is back.
It seemed that Levi Garrison’s command didn’t work for him.
But Levi Garrison heard what they said completely.
“You guys, stop for me!”
Levi Garrison sounded like thunder.
He does not allow his brothers to be ridiculed and insulted like this after their sacrifices!
What’s more, he gave orders, how did this man come back?
What kind of background and ability can he ignore the orders he personally gave?
There are too many questions.
Levi Garrison had no choice but to manage.
When An Shiqi and his party heard this, they were all amused.
They stopped and looked at Levi Garrison.
“Boy, are you calling us?”
An Shiqi smiled at Levi Garrison.
The person next to him reminded: “Master, you just came back, it’s better not to cause trouble!”
“This kid is on my head! Go! Let’s take a look!”
An Shiqi brought his servants to Levi Garrison.
“Boy, what do you call me to come over for?”
Levi Garrison said with a cold face: “Two things, the first one-kneel down and apologize!” The
words are not surprising and endless.
As soon as Levi Garrison said this, An Shiqi and his party were all stunned.
“Tell us to kneel down and apologize? Why?”
An Shiqi looked at the ghost.
“What did you just say, didn’t you know it in your heart?”
“The buried here are all martyrs of Erudia. If you don’t respect the worship and don’t say it, but
instead
say insults, you have to apologize!”
Levi Garrison looked at him seriously .

“Hahahaha…”
They all laughed without knowing An Shiqi.
“Am I wrong?”
“They are just a bunch of idiots! They died without leaving even a corpse! Why did you say it!”
An Shiqi sneered.
Others also followed: “Yeah, these idiots are so pitiful, aren’t they? It’s really laughing at us!”
Levi Garrison gradually narrowed his eyes, and a majestic killing intent enveloped the audience.
“The uncleanness in your mouth is the reason to kneel down and apologize!”
“I said the last time I kneel down and apologize!”
Levi Garrison was like a demon king, and his terrifying aura suppressed An Shiqi and his group.
But An Shiqi still bit the bullet and said: “Do you know who I am? In what capacity do you dare to
kneel
down and apologize to me?”
Levi Garrison glanced at him, “This is the second question!” The voice just fell.
Levi Garrison raised his foot and banged on An Shiqi’s leg.
Hearing a click, An Shiqi fell to his knees with a plop.
An Shiqi didn’t expect Levi Garrison to do it, and he was still so strong.
In fact, An Shiqi had a special power in his body, Levi Garrison had noticed it a long time ago, but in his
eyes
it was as weak as an ant.
“Bang bang bang…”
Levi Garrison slammed out again, and the other people all knelt to the ground, making screams.
“Apologize!”
Levi Garrison said calmly.
“I don’t apologize!!!”
“I’m right!”
An Shiqi raised his head and stared at Levi Garrison, with a bit of spine.
“Bang!”
Levi Garrison rubbed his face on the ground.
Soon his face was covered with blood.
The burning pain made An Shiqi sound like a pig.
“I apologize, I apologize…”
An Shiqi could only compromise.

In the end, several people knelt in front of the burial mounds of these great summer heroes and
apologized.
Despite the apology, people like An Shiqi were obviously not convinced.
"I met you today, I'm unlucky! Dare to stay here for a while? It doesn't need too much, just ten
minutes!"
An Shiqi looked at Levi Garrison and asked.
Seeing Levi Garrison's silence, An Shiqi continued to be arrogant: "Is it a man? Afraid, so dare not?"
"You forgot that I said there are two things?"
"The second thing now!"
An Shiqi is actually Come for fun, sneer: "Come on, what are you talking about!"
"Tell me your identity!"
The Return of the God of War [The Protector]
Chapter 1801
Levi Garrison wants to know who is An Shiqi?
Let him return to Erudia!
"My identity? Hahaha…you only need to wait a few minutes to find out!"
An Shiqi smiled.
Looking at Levi Garrison's eyes, it was like looking at a prey.
"Okay, I'll wait!"
Just in time, Levi Garrison wanted to pull up from the source.
A few minutes later.
There were hundreds of black cars outside the cemetery.
With the accompanying bodyguards, there are at least a thousand people.
Obviously, this is a family sacrifice.
Their background is also great.
The first consortium of Fengtian City settled down.
When Erudia was in crisis, they were very close to the battlefield in the East, and they chose to leave
Erudia
for the first time and went to the East Island.
Today, Erudia is back to normal.
Anjia came back quietly again.
The first thing that comes back is to worship the ancestors.
After all, they knew in their hearts that leaving Erudia at the beginning was an act of betraying their
ancestors.
After returning, he quickly came to worship the ancestors.
As a junior, An Shiqi came first.

Unexpectedly, I met Levi Garrison.
Soon, everyone in Anjia entered the cemetery.
"Grandpa, save me!"
An Shiqi started shouting from a distance.
This voice shocked everyone in the An family.
Soon, thousands of people gathered around.
Seeing An Shiqi and his party kneeling on the ground, everyone in the An family was extremely angry.
It is strange that Levi Garrison saw many warriors dressed in Dongdao from among them.
Everyone is still a master!
Especially when these Toshima warriors saw Levilia, their expressions changed drastically.
Obviously recognized Levilia.
After all, Levilia is now famous.
Her information, photos and other materials were passed out early.
It is not surprising that these people know each other.
"Who made you kneel?"
A white-haired old man headed by, leaning on a cane, shouted at Levi Garrison and his group.
"It's me!"
Levi Garrison said lightly.
"Grandpa is him, he wants to know who I am! Please tell him!" After An Shiqi had a backing, his
words were a lot harder.
"Kid, listen well, we are the first family of Fengtian City! This is my grandson of An Xianglong, do you
dare
to tell him to kneel down? I make you go around
without eating !" An Xianglong roared.
"Then I ask you, did you leave the Erudia nationality and go abroad some time ago when you settled
down?"
Levi Garrison asked.
An Xianglong argued against each other: "Yes, that's right! We went to the East Island, what
happened?"
"Then you dare to come back recently? Don't you know the ban?"
Levi Garrison's tone was cold.
Everyone in the Anjia laughed: "Of course I know! The ban is only for the weak! It doesn't take care of
my

Anjia! Erudia, we will return as soon as we want. Who can take us?"
"Who let you enter Erudia? Yes?"
Levi Garrison asked.
"Boy, who the hell are you? You can ask about my settlement?"
Someone in the settlement was already angry.
"I made the ban! I will investigate this matter to the end, and I will follow you when you settle down!"
Levi Garrison said coldly.
"What? You…you are the king of the word side by side?" An Xianglong's expression changed.
I didn't expect to meet Levi Garrison here.
The expressions of other people in Anjia also changed drastically.
The Higashishima Samurai in the team looked solemn after hearing this.
He even started to make An Jia apologize.
This was something Levi Garrison had never expected.
An Jia would listen to the Toshima Samurai, and the Toshima Samurai subdued so quickly.
There must be a conspiracy.
Levi Garrison's expression became serious.
Chapter 1802
"Hurry up and apologize! This matter is your fault! Erudia is a respectable country! These are Erudia's
heroes, how can you insult?"
Several Dongdao warriors hurriedly urged.
So is An Xianglong.
"I apologize…"
An Shiqi also apologized again.
In the end, Anjia's attitude changed a lot, and Anjia apologized again and again.
No one thought of this.
An Jia even said that he could leave Erudia immediately, and everything would obey Levi 's ban.
This made Levi Garrison more and more sure that they must have a conspiracy.
She was so fast that she had to leave Erudia immediately.
Obviously, there is something afraid of him knowing.
Thinking of quickly clarifying the relationship.
Don't let their own purpose be exposed.
"Forget it, since I'm back, just stay honestly! They also apologized, it's okay!"
Levi Garrison stopped punishing them, just to see what tricks this group of people were trying to do.

After the panic worship of Anjia, they all went back.
“Staring at them, especially those on the East Island! Pay attention to their movements!”
Levi Garrison instructed the Western Heavenly King.
Levi Garrison always feels uneasy.
Plus these people’s reactions when they saw Levilia.
Levi Garrison was very disturbed.
But luckily I ran into it.
Otherwise, these people might do something big.
Now that the Western Heavenly King is staring, there will be no mistakes.
After doing this, Levi Garrison returned to Jiangbei with Levilia.
This way, Levi Garrison hid his whereabouts and walked extremely fast.
Nowadays, there are many people who are eyeing Levilia.
He is not afraid of accidents, but of trouble.
It’s all small, it’s too troublesome to kill.
It’s not as good as not encountering one.
“Levilia, before going home, my dad will take you to see my dad’s master! He gave dad two chances to
rebirth!”
Levi Garrison decided to go to the prison to meet his master.
“Okay! Okay!”
Levilia nodded his head.
The big eyes are full of expectation!
&
Soon, the father and daughter came to Jiangbei Prison.
Levi Garrison came to Master Qi’s cell.
“What about people?”
Levi Garrison was surprised that the cheap master had disappeared.
“Come here, where’s the person?”
Levi Garrison hurriedly called to the prison manager to ask.
“Prisoner 49 has been released from prison a few days ago! His date has arrived!”
“It’s not easy for him. After a full twenty-year prison term, he has finally gotten out of his head!” the
warden exclaimed.
Levi Garrison frowned tightly: “I
‘m out of prison? Shouldn’t it!” Levi Garrison thought that the cheap master would stay here forever.
“Master, do you want to check his information? Or I will read it to you?” the
warden asked, bowing.
“No need!”

Levi Garrison had no intention of listening anymore.
According to the elder's ability, how he went to jail and other information must be false.
It can't be found at all!
Levi Garrison guessed that if Master Chei went to prison, he was actually living in seclusion.
To avoid things or people.
If such a capable person is in jail, who can catch him?
I have to say that the place he chose to live in is really good.
Few people think of living in prison in seclusion!
He lived in seclusion for twenty years!
There must be a reason for this!
It is probably hiding something, or for what promise to live in seclusion here.
Now he has been released from prison.
That means that he is about to face it, or something has happened…
But Levi Garrison is not worried. With the power of the cheap master, who can hurt him?
"You go out!" After
Levi Garrison let the warden out, he looked around in the old man's cell.
Levilia also followed him around in the cell.
Very curious about everything.
At this time, Levi Garrison stroked the wall.
Suddenly he found that the wall was empty.
After he opened up the wall, something was hidden inside.
After Levi Garrison saw it, his face changed drastically…
Chapter 1803
There are three ancient books and a broken sheepskin map.
There is also a black token!
This is clearly reserved for myself!
Levi Garrison tremblingly picked up the ancient book and the sheepskin map.
The mutilated sheepskin map seems to be a map, but it is incomplete.
And depending on the material and the degree of damage, it should be very early.
Levi Garrison, the black token, didn't see any fame either.
As for the three ancient books, Levi Garrison flipped through his eyes, almost shining in
his eyes.
Good things, all good things!
Although the cheap master wouldn't let himself call him master, but he passed

everything on to himself.
“Master, I hope I can see you again!”
Levi Garrison took away these things and erased the traces of being in prison.
After returning home with Levilia, Levi Garrison was scolded.
“At this juncture, you are taking Levilia around, so you are not afraid of accidents?”
“What if Levilia is in danger?”
…
But since everyone only cares about Levilia, Levi Garrison didn’t say anything.
These days, everyone is actively looking for the backer of the teacher for Levilia.
Zoey and the others have selected several major forces and even contacted them.
Now the era of the strong like clouds.
Wushuang City hadn’t looked at them long ago.
“This doesn’t seem to work, only the Sixth Heavenly
Powerhouse is in charge !” “Yes, Levilia’s master must have at least the Seventh Heavenly Heavenly Powerhouse to sit on the guard! Only this way can he
protect him and let him have a good future!”
…
The family was full of quarrels.
Of the few major forces they selected, only the Sixth Heavenly Power was in charge.
They want to be strong in the Seventh Heaven, but where is it so easy?
Now the Seventh Heavenly Powers are all illusory existences!
“Yes, it would be great if the strong on the big summer list can accept the king as an
apprentice, even if the king of LEvi’s Squad at the end is fine! Then the future of the king
must be boundless!”
……
&
Seeing the family discussing, Levi Garrison didn’t have any interest.
Back in his room, Levi Garrison began to study the ancient books left by the cheap master.
At this time, Xiao Feng sent a message.
It is said that on the dark web, there will be more than a dozen groups of masters coming to Erudia,
either

to capture Levilia or kill Levilia.
“Master, the situation is urgent, maybe they have already arrived!”
Xiao Feng said worriedly.
“Don’t worry, when they come, they will catch them all in one go!”
“Xiao Feng is staring at these people’s movements!”
Levi Garrison was waiting for them to gather together.
It is too much trouble to come one by one.
On the other side, in the base of the Shenlong Science and Technology Alliance.
Xu Zhengjie’s plan is proceeding in an orderly manner.
Xu Zhengjie has completed nine experiments these days.
These experiments, which seem to be a contribution to Erudia, were planned by Xu Zhengjie.
Even Wen Lei, who had been staring at Xu Zhengjie, didn’t notice it at all.
After returning to his residence, Xu Zhengjie put a check mark again.
In his schedule, only the last experiment is left.
After the experiment is completed, Xu Zhengjie will carry out his ultimate plan.
After completing the experimental data, Xu Zhengjie’s eyes revealed extreme madness.
“Levi Garrison is coming soon, and soon you will see a different me! I will personally blow you under
my feet
at that time!”
“And Zoey and that child can’t escape!”
Crazy!
Xu Zhengjie looked crazy.
Not only can he develop weapons of killing gods, but he can also use modern technology to turn
himself
into a god killer.
“Tomorrow will be the last experiment! It will also be the time when I will shock the world!” A
smile appeared on Xu Zhengjie’s mouth.
He looked at his colleagues at the base with a trace of regret in his eyes.
Because in his eyes, these people are all dead bodies and experimental products.
Wen Lei looked at Xu Zhengjie’s eyes, and she felt a little scary.
“Have you noticed that Xu Zhengjie’s eyes are terrible?”
Wen Lei asked.
Chapter 1804
The others shook their heads.

Everyone was very confused about Wen Lei's questions.
"No, Xiao Xu has done nine amazing experiments during this time! Isn't it okay for this kind of genius
to
look domineering?"
"Yes, geniuses are always withdrawn or abnormal! Little Licensing is not abnormal! He This terrible
look is
instead an investment in science…"
Others retorted.
Wen Lei rubbed her head: "Is it true that I think too much? No! I have to look at him!"
She checked Xu Zhengjie's recent experiment.
The more I think about it, the more things are wrong.
"What if something goes wrong in the experiment tomorrow? I have to promise that it won't happen!
But
how can I stop or make sure? By the way!"
She thought of a person in her entanglement.
Levi Garrison, who was far in Jiangbei, received a call.
After being connected, Wen Lei actually called.
"I think Xu Zhengjie is abnormal. There may be problems in tomorrow's experiment! Can you come?"
Wen Lei expressed his meaning directly.
"Okay! Then I'll go there as soon as possible! If you have any news, contact me as soon as possible!"
Levi Garrison has always felt that Xu Zhengjie is potentially dangerous.
Hearing Wen Lei's words, Levi Garrison became more worried.
He wants to immediately go to the base of the Shenlong Technology Alliance.
As for Levilia's safety, he doesn't need to worry.
Not to mention that Levilia himself possesses certain strength.
The team he has secretly trained can protect Levilia comprehensively.
What's more, there are Xiao Feng and the others.
So he doesn't need to care about Levilia's safety.
After arranging Levilia, Levi Garrison set off.
"It keeps saying that he will protect the safety of Levilia. Look at the critical moment, he ran away!"
"Although he is in a high position, he is still unreliable! Let's find a solution by ourselves!"
"I heard about foreign masters We are going to deal with Levilia, we have to protect Levilia!"

…
Lopez and Black complained.
The situation is indeed urgent.
Batch after batch of foreign masters have arrived in Erudia.
It's about to start with Levilia.
Levi Garrison rushed to the base of Shenlong Technology overnight.
&
Wen Lei received him quietly.
And disguised Levi Garrison as a technician in the science and technology base.
Wearing protective clothing, no one recognized it.
In this way, Levi Garrison successfully blended into the base.
But it is still very difficult for him to get close to Xu Zhengjie.
You have to go through a password door, biometric identification and so on.
Even if Wen Lei is there, it won't work.
Levi Garrison can only wait for the experiment tomorrow to observe Xu Zhengjie's
movements.
This night, Xu Zhengjie barely slept.
His face was full of excitement and madness.
The next day, Xu Zhengjie and his team got the permission of Lab No. 2.
Today, the experiment conducted by Xu Zhengjie's team is energy matter.
If the experiment is successful, it can be used on a new type of weapon such as the
killing weapon.
The entire Shenlong Science and Technology Base attaches great importance to this,
and all the most powerful talents or resources will assist Xu Zhengjie.
Levi Garrison mixed in with Wen Lei.
Today, once Xu Zhengjie has any ideas, Levi Garrison will stop it on the spot.
The second laboratory occupies a large area, the size of eight footballs.
The facilities inside are almost the most advanced in the world.
Xu Zhengjie and the team prepared everything.
Next, is the beginning of the tenth experiment.
Xu Zhengjie glanced at the audience and started with inexplicable excitement…
Levi Garrison in the crowd waited nervously…
Don't get into trouble!
Must be blessed!
Wen Lei prayed in her heart!

The experiment finally began.
Xu Zhengjie devoted himself wholeheartedly.
"From today onwards, I will shock the world!"
... The
experiment was carried out, and Wen Lei, as an assistant, was completing her task in
a cold sweat.
Levi Garrison always stared at everything.
Time passed by every minute and every second.
One hour.
Two hours.
...
Seven hours.
Finally, the most important moment has arrived.
The Return of the God of War [The Protector] Chapter 1805
Xu Zhengjie's pupils contracted, and his excitement was unprecedented.
This is the moment of his decisive victory.
Seeing the combination of energy and matter in the machine, Xu Zhengjie's heart was about to fly out
of
his throat.
"Boom!!!"
accompanied by a dull sound.
The perfect combination of energy and matter.
But what Levi Garrison and Wen Lei were worried about did not appear.
The two worried that this experiment might blow up the entire base and so on.
But this is just an experiment.
And it succeeded.
The most important thing is that Xu Zhengjie did not show anything unusual.
It's a normal experiment.
Levi Garrison and Wen Lei looked at each other, and the meaning was obvious-could it be that we
were
thinking wrong?
The experiment was successful and everyone was cheering.
The significance of this experiment is that Xu Zhengjie has once again raised the killing weapon to a
new
level.
You can upgrade to version 3.0.

Nothing happened, Levi Garrison and Wen Lei were still very happy.
Levi Garrison then left.
As for Xu Zhengjie after the experiment, he showed an inexplicable smile.
"Wen Lei Levi , don't you think I didn't know you were staring at me?
Since Levi Garrison came, I've
discovered it a long time ago!"
Xu Zhengjie sneered coldly.
During this time, Wen Lei had been staring at him, but he had actually discovered it a long time ago.
In this regard, he used his own way to treat his own body.
In fact, he was monitoring Wen Lei's every move early.
Including Wen Lei's call records and so on.
As long as Wen Lei has any changes, Xu Zhengjie knows the first time.
So when Wen Lei asked Levi to come here, he knew immediately.
Therefore, Xu Zhengjie cancelled today's crazy plan and followed the normal experiment.
Only then did Levi Garrison and Wen Lei conceal it.
"Levi Garrison, in fact, I have succeeded! After all, I have succeeded in ten experiments! This will make
my plan
a better success rate! Wait, I will quietly conduct real experiments soon!"
Xu Zhengjie laughed wildly .
In this regard, Levi Garrison and Wen Lei did not know.
Especially Wen Lei.
She never expected that she, who had a high position in the base, was actually being monitored.
Those colleagues who used to listen to Xu Zhengjie now stare at her for Xu Zhengjie.
The other side.
Levi Garrison came to watch Xu Zhengjie's kung fu, dozens of masters from overseas all arrived.
After they found Levilia's position, they launched a frantic attack.
Just to capture or punish you.
After the first batch of masters came to the courtyard, a large number of masters suddenly appeared
from all around.
"With our Phoenix Palace, who dares to touch our genius in Erudia!"
"Yes, we are here, who dares to touch Levilia with a finger!"
"Since you come all the way to kill Levilia, it will be forever Stay here!"
...
Team after team of masters appeared.

Even the secret team that Levi Garrison arranged next to Levilia never had a chance to appear.
These are Erudia's martial arts forces, and they all want to accept Levilia as apprentices.
Hearing that Levilia is in trouble, all these forces have emerged.
This happens to be an opportunity.
This is something that overseas masters never expected.
They want to kill, but more people come to protect.
A big battle between the two sides is about to break out.
Levilia's defense battle finally won.
These masters from overseas were all killed.
None of them were left.
...
This time there are seventy-four waves of forces who came to save Levilia.
Some of these forces still have the pseudo-seventh heaven and the seventh-heavy strongmen.
It is enough to see how valuable Levilia is.
It's totally in demand.
"Thank you so much!" The
crisis was lifted, and the Lopez and Black family appeared with Levilia.
Some of these forces are spontaneous.
Some are the backers of Lopez and Black's ties.
But this also reflects Levilia's talent.
"Since everyone is here, let's talk about the question of where this genius belongs to?"
The Return of the God of War [The Protector] Chapter 1806
So many ancient forces have emerged all at once, of course they are not idle.
Just to take away Levilia.
There were originally several strong forces who wanted to take away Levilia directly.
But they didn't expect a full seventy-four wave of forces to come.
This is simply terrible.
So which sect you belong to is a difficult question.
"Yes, it is necessary to discuss it carefully! Such a genius is definitely insulting in ordinary martial arts,
but
my Tianyan Pavilion is a good choice! Let us all, right?"
"That's not good! My Qinghong Palace photo You are not bad at all!"
"We are not bad at all, this kid should be with us, or a girl, and suits me Ziyan Pavilion!"
...All the

major forces quarreled, and the scene was very chaotic.
Upon seeing this, the Lopez and Black families had mixed joys and sorrows.
Levilia is too valuable.
She can completely cause shocks in the Erudia martial arts world, and even the whole world.
This is amazing.
What worries you is to which power do you belong?
Looking at this posture, it is estimated that the blood flowed so badly that they would not be able to
choose…
"Don't make
a noise !" Just as everyone was struggling, a voice sounded.
It turned out to be the voice of the Phoenix Palace.
They were the first wave to come here just now.
Everyone present looked at them.
"Well, three days later, all our forces will hold an apprenticeship reception here! As for who gets the
child,
let the child and the family choose among all our forces!"
"What everyone has to do is to show all the strength cards and let them choose by themselves!"
Phoenix Palace suggested.
Head of the other major powers have also nodded: "This is a way to, or we fight it, for fear that
numerous
casualties ah!"
"Right right right, let them choose their own we have to have the ability to let the big summer
outside!!
Those barbarians from here, look at the prosperity of my Erudia martial arts world!"
……
In the end, everyone discussed and decided that, three days later, the apprentice-receiving ceremony
would be held in Jiangbei.
At that time, the major forces will show their strongest cards one by one.
Then let the monarch and the family choose who to join.
Of course, whoever chooses the most powerful is not necessarily the one among them.
After all, so many forces are not directly strong enough to overwhelm all forces.

There are usually three or four tied for the top.
At this time, you have to choose the one that suits Levilia. For example, Levilia is a girl. It would be
better
if you choose a school with a majority of women.
Or choose a more suitable exercise method for Levilia, and various factors such as Levilia's physique.
There is a lot of room for choice.
It is equivalent to throwing the problem to Zoey these people.
However, the Lopez and Black family are still very excited.
With so many forces supporting Levilia, they will definitely have a boundless future in the future.
Together with the clan of Xishu, it was also tainted.
Soon Levi Garrison came back.
The elders of the family, upon seeing this, they shook their heads and covered their faces.
Not even the father-in-law and even Emma were happy.
After all, Levilia just experienced a great danger.
As a result, Levi Garrison, the father, was not there yet.
How can this not make everyone angry?
If there was no backer they invited and so many masters to support.
Levilia is afraid that it will be too bad for you.
"I don't want to hear you explain! Levilia is experiencing danger this time, you just aren't here! It's
useless
to say anything!"
Zoey was also very angry.
In fact, Levi Garrison knew about this a long time ago, after all, his secret team had already sent a
message.
They don't even have a chance to shoot!
This is what Levi Garrison didn't expect!
"Three days later, it will be the ceremony for the collection of the emperor! By that time, nearly a
hundred
forces will accept the emperor as disciples, and we will select the most suitable force for the emperor to
join!"
Levi Garrison smiled and said, "Want to accept me." My daughter is an apprentice? I have to see if
they have
this strength? I will go personally then!"

The Return of the God of War [The Protector] Chapter 1807
Of course, Levi was not here because he wanted to send Levilia to a certain force.
He went, just to tell everyone-accepting my daughter as a disciple, you are not worthy!
So Levi Garrison was just trying to teach those people.
It's just that there are a lot of people facing this wave.
Nearly hundreds of powerful forces.
In the past two days, Levi Garrison is still concerned about the Shenlong science and technology base.
However, the news from Wen Lei said that everything was normal.
Levi Garrison didn't think much about it.
Wen Lei is staring, and it is estimated that there will be nothing wrong with Xu Zhengjie.
Soon, it was three days later.
The reception ceremony shocked Erudia and the whole world.
Erudia's martial arts forces have released news-whoever touches a finger of the monarch is an enemy
of
the entire Erudia martial arts world.
As a result, there are a lot less people from abroad who want to get rid of Levilia.
After all, behind this kid is the entire Erudia martial arts world!
Jiangbei Baiyun Villa.
This is where the ceremony of accepting disciples today is.
These ancient forces in the Erudia martial arts world emerged one after another.
Three days ago, a total of seventy-four waves appeared.
However, the one who came today has long since exceeded a hundred forces.
And it is still increasing.
For a genius like Levilia, everyone wants to accept disciples.
Especially today is the reception ceremony.
So many ancient forces have all been forced out.
It is estimated that there were at most three or four powers in which the Seven Heavenly Powers
were in
charge.
But now it is said to be more than two fingers.
this is too scary!
Previously, there were five Seven Heavenly Powers consecutively in the Eagle Nation, which was

enough to
shock the whole world.
Now there are dozens of Seventh Heavenly Powers who want to accept the monarch as disciples.
Levilia's face is too great.
Baiyun Mountain Villa is very big, but today, it is almost full of people.
Masters from hundreds of forces gathered here, and there were tens of thousands of them.
It can be described as an unprecedented flourishing age!
Aroused the attention of the whole world!
Even Xu Zhengjie and the others are paying attention to all this silently!
Levilia is now famous.
In addition, the Tianjiao on the Erudiadi list almost never showed up.
I don't know the strength is strong, but the popularity is not high, so you can say that.
Since Erudia Tian Di's ranking came back out of the arena, all attention has been on Levilia alone.
Levilia alone ignited the entire Erudia martial arts world!
Soon after, Levi Garrison brought Levilia and others to Baiyun Mountain Villa.
The Lopez and Black families were shocked when they saw this posture.
This group of warriors is not nonsense, after a simple rule, it will begin.
The major powers give all kinds of benefits to the family behind the king.
For example, various cultivation resources and so on.
It is equivalent to holding a few ordinary families to the point of skyrocketing!
Soon the apprenticeship ceremony began.
And this time, it wasn't just for Levilia to accept disciples.
Instead, he received disciples from the whole university.
These ancient forces must discover as many geniuses as possible!
After all, there is only one Levilia!
All other forces will face the problem of deflation.
Some weaker forces voluntarily gave up fighting for the emperor.
They looked at other genius seedlings.
There are many people in Erudia, so naturally there is no shortage of such geniuses.
So today's apprenticeship ceremony, many people came.
Such a situation is what Messiahi and even the Baolong clan want to see.
After all, this is a good thing to promote Erudia's strength.
After the ceremony began, the major forces began to berserk the seedlings of the major geniuses.
Even Zoey and Zhou Nanyan were spotted.

However, due to their special identities, no one directly grabbed them.
About an hour later.
Everyone has robbed the genius seedlings.
Levilia is left alone.
It is also the focus of the apprenticeship ceremony.
"Hallmaster of the Phoenix Palace, the Seventh Heavenly Power!"
"Hallmaster of the Seven Lights Palace, the Seventh Heavenly Powerful !"
"Hallmaster of the Heavenly Martial Hall, the Seventh Heavenly Powerful !"
...
Hundreds of forces showed the most powerful one by one. The hole cards come.
The Return of the God of War [The Protector] Chapter 1808
The power of the Seventh Heavenly Powerhouse came out.
All other forces were eclipsed.
After all, they don't have a strong man at this level, even if they accept the emperor as a disciple, they
may not be able to protect it.
What if someone comes to grab it?
Can't protect it!
So as soon as these dozens of forces appeared, the other forces silently gave up.
It is impossible to compete!
Before they were also the influence of Levilia.
Until now, I understand how popular this kid is!
"Let's discuss it carefully, the most likely to be able to choose is these dozen forces!"
Finally, the problem was thrown to Levi Garrison and the others.
From these dozens of forces, choose one to be your teacher.
One says one.
There are seven heavenly powerhouses in charge, and Levilia's safety and future are no problem.
After all, the Seventh Heavenly Powerhouse is too rare.
Levi Garrison killed five consecutively and was on the big summer list.
Zoey began to discuss with his family, everyone was arguing and Levi Garrison was hanging aside.
At first, everyone was excited about the discussion, but then suddenly realized a problem…
If one of them was chosen, what would happen to the other forces?
Will definitely be angry!
Even enmity!

In the future, I am afraid that the life of Lopez and Black's family will not be better.
It will even be devastated.
So I didn't choose that one!
Everyone was embarrassed for a while.
Because of these dozens of forces, their strengths are roughly equal.
Choose one and definitely offend the other ten.
problem!
The real big problem!
If you choose one, that force will definitely protect the monarch, but others may not be able to
protect
the safety of others.
A full half an hour passed, and everyone did not discuss a result.
Instead, everyone was nervous to sweat.
It won't be appropriate to choose that…
All of them are martial artists who are capable of gods, and if they are upset, they will all shoot you to
death.
"Your family discusses
Are there any results? Have you decided where to send this child? "At this time, someone came to ask.
"Finally, give us a little more time, we have to think about it!" "
…
Everyone hesitated.
"Hurry up, all the major forces are urging!" "
I am annoyed by these people, I can't eat it!" "
Now everyone is even more embarrassed. I
don't know how to choose.
At this time, Levi Garrison's voice sounded: "Leave this to me!" Let me choose one for Levilia! "
" Do you? "
Everyone's eyes fell on Levi Garrison alone.
Suddenly someone's eyes lit up.
"It's better to let Levilia's father choose!" The rest of us don't mix too much, let's go quickly! "
Right, right, right, let Levilia's father choose!" This is his right! "
…
Everyone agreed. But
everyone is making wishful thinking. If
Levi Garrison chooses, then all the consequences will be imposed on Levi Garrison alone. If

other forces find trouble, they will also find Levi Garrison.
With them. It has nothing to do.
But the forces chosen by Levilia can be their backers.
They just want to enjoy it.
Any risk is borne by Levi Garrison alone!
This is really a great thing!
"This matter is taken care of by the father of the child," We will not participate! "
In the end, the old lady and her group took Zoey and others to leave Baiyun Villa.
Levi Garrison and Levilia are left behind.
Anyway, everyone knows that Levilia will be fine, and Levi Garrison was in front of him.
Finally, Levi Garrison led Levilia to the court.
Hundreds of forces stared at the father and daughter.
"Have you decided on Levilia's father?"
the hall master of Tianwu Palace asked coldly.
Others began to urge Levi Garrison to make a decision as soon as possible.
Levi Garrison scanned the audience for a week and said with a smile:
"Sorry, everyone here is not
qualified to
accept my daughter as a disciple!"
The Return of the God of War [The Protector] Chapter 1809
The language is not surprising and endless.
Levi Garrison said this.
The audience was silent.
Hundreds of forces, tens of thousands of people were all stunned.
Not qualified?
Levi Garrison's words echoed in everyone's mind and exploded directly like thunder.
Put aside hundreds of forces aside.
That is, there are 13 strong people in the Seventh Heaven.
This lineup is far more terrifying than the slaying of mysterious masters in the Eagle Nation at that
time.
Turns out to be disqualified in Levi Garrison's mouth?
How strong is it to be able to say this?
It's so cute!
"Hahaha…" At
this time, everyone laughed.
Watching Levi Garrison is like watching a fool.

“Boy, I don’t care what your status is! If I hear this kind of thing again, I’m absolutely not welcome!
Even if
you are the father of this child!” The
Palace Master of Tianwu Palace warned.
The other masters are the same.
How dare you say that they are not worthy?
Who deserves it?
“My daughter’s talent can’t be protected by everyone here! You are too weak!”
“Let’s go first, don’t hit my daughter’s idea in the future!”
After that, Levi Garrison was about to take Levilia away.
Dumbfounded.
Everyone present was dumbfounded.
gone?
Is this person sick?
Actually look down on these hundreds of forces?
Even the thirteen Seventh Heavenly powerhouses are not in your eyes?
Thirteen people!
Before the emergence of five war eagle nations, it was enough to shock the world.
Now if it is not for their own interests, where can there be thirteen?
As a result, everyone was despised by Levi Garrison.
Looking at the back of Levi Garrison about to leave, everyone was dumbfounded, but they were also
angry.
“He dared to go? Stop him for me!” The head of the
Tianwu Palace ordered angrily.
In an instant, several masters stopped in front of Levi Garrison.
Levi Garrison stopped, and a smile appeared at the corner of his mouth:
“Well, let you know why you
are not
qualified!”
Levi Garrison turned and looked at the Hall Master of Tianwu Palace and others, hooked his fingers
and said:
“Let’s go on together with the Seventh Heaven!”
mad!
Levi Garrison is arrogant to the extreme!
It means that except for the Seventh Heavenly Powerhouse, no one is paying attention to it.
No, the Seventh Heaven’s is not in the eyes.

“Boy, you are looking for death!”
Next to him, a Sixth Heavenly Master couldn’t bear it, and immediately killed Levi Garrison.
“Boom!”
Levi didn’t turn his head and waved his right arm lightly.
Suddenly, an overwhelming force pressed across.
“Puff!”
The Sixth Heavenly Master was blasted out immediately.
At this time, everyone’s face changed.
Levi Garrison had two things!
“Boy, I think you are upset! I’m here to treat you!” The head of the Tianwu Palace immediately killed him.
The Seventh Heavenly Powerhouse is truly violent!
As soon as his combat skills were displayed, the world changed color, and everyone just felt that the
world was spinning.
Levi Garrison sneered coldly: “Pediatrics!”
“Boom!”
He just threw out a flat punch.
“Puff!” But the head of the
Tianwu Palace was invincible at all and flew out directly.
Shock!
The audience was shocked!
No one thought that Levi Garrison would be so strong!
Even the Seventh Heavenly Powerhouse is not an opponent!
“I will meet you!” The
Hall Master of the Seven Lights Palace also shot.
…
“Bang!”
Levi Garrison still flew back with a punch.
The second seventh heavenly powerhouse loses!
“I’m coming!”
The Hallmaster of the Phoenix Palace shot.
“Bang!” The
third Seventh Heavenly Powerhouse lost!
…The
fourth place.
Fifth place.
…The
thirteenth place.
Thirteen Seventh Heavenly Powers were defeated by Levi Garrison, and everyone was a punch!

After doing all this, Levi Garrison turned and left with Levilia.
There were tens of thousands of people in the audience, looking dumbfounded at Levi Garrison and
his
daughter.
No one dared to stop it anymore.
Shock!
Extremely shocked!
Defeated thirteen Seventh Heaven Powerhouses in one person!
What kind of strength does this have?
Top ranking master!
Definitely a master of the top rankings!
They are really disqualified!
Zoey and others outside saw the two come out and immediately asked about the situation.
The Return of the God of War [The Protector] Chapter 1810
"Who has Levilia been accepted as an apprentice?"
Everyone gathered together.
Looking forward to it.
Levi Garrison shook his head, "No, no one accepts Levilia as a disciple!"
"Huh?"
"Huh?"
...
Everyone present changed their faces and looked at the father and daughter in confusion.
"What happened, why didn't you accept disciples?"
everyone asked curiously.
Everyone thought something
went wrong ... "It's nothing! It's just that they don't feel worthy to be the master
of the monarch , how dare to accept the monarch as a disciple?" Levi Garrison smiled.
Everyone naturally didn't believe what Levi Garrison said.
Someone immediately entered the villa to inquire.
Will be back soon.
"That's true! They said Levilia's talent is too high and too high, and no one in the room is qualified to
accept her as a disciple!"
Hearing this answer, everyone looked at Levilia in horror.
How talented is this kid?
It seems that it has reached a point that no one can imagine!

“Doesn’t it mean that the super giants who want to accept the monarchs as disciples will be super
giants?
The Taishan Beidou of the martial arts world?”
Li Tianhao’s body was shaking with excitement.
“That’s absolutely true! The thirteen seven-tier powerhouses just dare not accept monarchs as
disciples.
That talent speaks for everything!”
“The future of our families is definitely going to take off, which is even more exaggerated than
previously
imagined!”
…
Hearing Levilia’s talent, everyone showed an expression of excitement.
But their expectations are correct.
One person wins the way, the chicken and the dog ascend to heaven.
Levilia is to be accepted as an apprentice by the super power, and other people will follow suit.
But the super power is by his side… After
Levi Garrison and his party left.
In Baiyun Mountain Villa, there was still dead silence.
Everyone was still immersed in the shock that Levi Garrison brought to everyone just now.
He is so strong?
But everyone also understands how Erudia defeated the Domination Alliance.
“No accident, he is the Heavenly King of Tianbang Town! It’s really terrifying!” The
Hallmaster of Tianwu Hall took a breath.
That’s a master of the sky list!
They are not qualified for these Seven Heavenly Powerhouses!
Just as everyone was about to disband and leave, the atmosphere of Baiyun Villa suddenly changed.
Let everyone have a shuddering feeling.
“Boom!”
A person walked in outside the gate of the villa.
A black robe looks mysterious and terrifying.
Almost tens of thousands of people on the scene were attracted by him!
“Who are you? What are you doing?”
someone asked vigilantly.

The man Jiejie smiled: "Good question! I am Levi Garrison, I will kill all of you!"
"Levi Garrison?"
Everyone was dumbfounded.
Didn't Levi Garrison leave with his daughter just now?
Why did you come back again?
correct?
Kill everyone?
This is…
everyone didn't have time to think.
This person was already brandishing Death's sickle and began to slaughter…
"Puff!"
"Puff!"
"Ahhhhh…"
…
a unilateral slaughter began.
The mysterious person posing as Levi Garrison began to slaughter as soon as they met.
He is too strong and too strong!
Even the powerhouses of five or six heavens are like chickens and dogs in front of him, and they have
no
ability to resist at all!
The most important thing is that Baiyun Villa seems to be sealed off, and there is no movement inside.
The people inside couldn't escape outside at all.
Kill kill kill!
The mysterious person who pretended to be Levi Garrison smashed his eyes…
showing his terrifying strength.
These hundreds of forces can't resist at all.
Even if everyone joins hands, there are still thirteen Seventh Heavenly Powerhouses sitting on the
ground,
they still can't stop them.
Declining steadily, more and more people died, filling up the entire villa.
The thirteen seven-layer powerhouses had the power to fight, but they were all injured in a fight with
Ye
Levi just now.
Faced with such a strong enemy, he can only be beaten.

The blood flowed across, and the bones became mountains.
Tens of thousands of masters were killed in a short period of time…
The Return of the God of War [The Protector] Chapter 1811
"You… are you Levi Garrison?"
"The same technique as Levi Garrison!"
… the
thirteen seven-layer powerhouses before dying, their eyes were full of horror.
Those who had just played against Levi Garrison knew this very well.
So the people in front of them all suspect that it is Levi Garrison.
"Die!"
After finishing all this, the mysterious man posing as Levi Garrison took out a white
handkerchief and wiped his hands.
His eyes shone brightly.
A smile appeared at the corner of his mouth.
Immediately, he left the Baiyun Villa.
This is something that no one had thought of anyway.
The reception ceremony will suddenly become a massacre.
All tens of thousands of masters died.
None of them were left.
It also contains a total of thirteen seven-tier powerhouses.
If this matter spreads out, I am afraid it will shock the whole world…
Tens of thousands of masters are destroyed in an instant, this is a fatal blow to the
Erudia martial arts world!
The dead masters did not expect such a tribulation.
Levi Garrison didn't expect that someone would impersonate him and kill tens of
thousands of masters.
It uses exactly the same technique as him.
And there is no trace of imitation!
After all, so many forces want to accept monarchs as disciples, just to have a
contradiction with Levi Garrison.
His motive for slaughter has been established.
It's still his practice.
What's more, everyone on the scene was dead, and there were no witnesses at all,
which is equivalent to a real deal.
The most critical point is that although the apprenticeship ceremony has attracted

worldwide attention.
Maybe no one was close to inquire about the news at all.
After all, they are all masters, and it is impossible for anyone to approach them.
Coupled with someone deliberately planning all of this, this thing was basically
locked up, and it was Levi Garrison who did it.
Not long after the mysterious man left the villa.
A group of people came here.
They are the Tiance Mansion that is as famous as the Baolong clan and maintains
the balance of the Baolong clan.
As the strongest martial arts institution in Erudia.
Now they come out
After the world, it is natural to take care of Erudia's affairs.
The Reception Ceremony is now abnormal, and the master of Tiance Mansion rushed to it for the first
time.
They consist of four people, codenamed Tianlong, Earthhu, Xuanlang, and Yellow Fox.
After entering Baiyun Villa, everyone was shocked by the terrifying scene before them.
"What happened?"
Everyone was shocked again and again.
Start looking around.
"Dead, all dead, not alive left!"
"It's terrible, it's all a one-shot kill! The same is true of the Seventh Heaven Powerhouse!"
...
The result after checking was even more shocking.
"By the way, have you seen Levi Garrison's family? They are the focus of the ceremony!"
asked Tianlong, who was nearly two meters tall.
The bald tiger shook his head: "I didn't see it!"
A mysterious wolf in white, with a cold face, said without emotion: "Levi Garrison's family is not
there!"
The yellow fox, the only female of the four, exclaimed: "I have Significant discovery!"
"What???" The
three immediately surrounded them.
"These people die in the same way!"

Huang Hu's extremely beautiful face was full of solemnity.
"Does that mean that they were all killed by one person?"
Tianlong asked.
"That's right!"
"It was killed by one person, and it was still using a kind of magic power!"
"It was the news from the Baolong clan a few days ago: The method Levi Garrison was using was the
same as
that of the great demon. The method is exactly the same!"
Huang Hu said coldly.
The other three continued to examine the body.
Xuan Lang was expressionless: "Really this magic skill! It's exactly like that big demon!"
"Yes, that's right! It's him!"
...
Several people directly affirmed on the spot.
The four people looked at each other, and they all had the same idea.
"According to the news, those evil ways are worshipped by Levi Garrison! Levi Garrison will not
hesitate to save
them!"
"All this shows that Levi Garrison is the new demon!"
"So it is certain that the deaths of these people are Levi Garrison today ! Levi did it!"
The Return of the God of War [The Protector] Chapter 1812
All clues and evidence refer to what Levi Garrison did!
Almost a real hammer!
There is no reason to prove that someone else did it!
"The motive for killing is very simple! These people wanted to accept his daughter as
a disciple, and he killed them all in anger!"
"In addition, the temperament of this kind of devil is moody! There is no reason to
do things in many cases!"
"Yes, this matter has nothing. In doubt, it was Levi Garrison who did it! Even if someone
wants to frame him, he doesn't have the power to kill everyone in just a few minutes,
including the thirteen Seventh Heavenly Powerhouses!"
"Yes, this matter is certain. Now, it's Levi Garrison!"
... The

Tianlong four immediately made a judgment.
Huang Fox collected all the evidence.
"The Baolong clan mentioned this issue before, reminding Tiance Mansion to pay
attention to Levi Garrison, his identity is too special!"
"Yes, we didn't care about it before! Now think about the word side by side king
turned out to be a big monster! , What a terrible thing would it be? How dangerous
would it be to Erudia martial arts world, and how dangerous it would be to Erudia?"
Huang Hu reminded.
Hearing this, everyone was startled in a cold sweat.
"Yeah, look at him casually, it will be such a devastating blow to Erudia martial arts!"
"Also, he has a large group of crooked ways, all of which are time bombs! Once
there is a problem, it will be a disaster!"
Several people said.
"How should this matter be resolved?"
Earth Tiger asked.
"First, immediately destroy everything present, block the news, and don't let this
matter go out. Just as if it didn't happen!"
"Second, immediately report to the Tiance Mansion and Baolong Clan, and let them
decide how to deal with it. We have authority. not enough!"
Tianlong puts forward a plan.
Everyone immediately executed.
"By the way, everyone has forgotten the purpose of our visit this time?"
Huang Hu reminded.
"Yeah, this time we are here to see the talent of Levi Garrison's child Levilia!" The
others showed their suddenly realized expressions.
Tiance Mansion is here.
Just for Levilia.
Others may not believe Tianji Pavilion's introduction to Levilia's talent.
But they absolutely believed in Tiance Mansion.
This time they are sent here to check Levilia's talents.
Basically, they wanted to bring Levilia back to Tiance Mansion.
With Levilia's talent, few people are really qualified to accept her as an apprentice.

In the end, Levilia will probably enter Tiance Mansion or Baolong clan.
"It now appears that this Levilia must be taken away by our Tiance Mansion! Her father is a great
demon.
With such a high talent, if she is cultivated into the next great demon, there will be endless troubles!"
"Horrible! ?! this great Satan chosen to have such a high talent God is really unfair, "
Dragon Mouguang flashing:" It seems, had to have the third thing – the days of Jun-Jun received
government policy "!
final This matter was forcibly suppressed by Tiance Mansion.
The news didn't spread at all.
Even if Levi was in Xiao Feng, they didn't even know.
No one knew what happened to Erudia.
The martial arts world has already lost a lot of power…
This happened to be what the people who framed Levi Garrison wanted to see.
It has caused a conflict between Levi Garrison and Baolong.
The Lopez and Black families are also immersed in the joy of Levilia's high talent.
Even Levi Garrison didn't care.
But I did not expect an unprecedented event to happen.
He has been given the title of Great Demon.
At this moment, the Tianlong members of Tiance Mansion had already met with the senior officials of
Messiahi.
"What???"
The senior officials of Messiah were also very shocked.
Unexpectedly, such a thing happened.
They wanted to defend Levi Garrison.
But the bloody facts lay ahead.
"Wait, he must have the next move!"
Messiah asked: "By the way, who is the master of the king, who is the big demon?"
The Return of the God of War [The Protector] Chapter 1813
According to Tiance Mansion's explanation, Levi Garrison got the inheritance of that demon.
As soon as his exercises and so on were displayed, the Baolong clan and those crooked ways were
immediately recognized.
Because I saw the shadow of the big demon from him.

Before, these monsters of the North Demon were the same as ants.
The demon that even the Baolong clan and Tiance Mansion were afraid of was the real demon.
So Messiahi wants to know what is sacred?
"That was the ultimate killer god who used to be the number one in the summer of the summer-the
evil
god of fire cloud!" The
people in Tiance Mansion took a cold breath.
Obviously this Fire Cloud Evil God brought them a great and great threat.
"Where is the Fire Cloud Cthulhu now?"
Messiah asked someone immediately.
"No one knows where he went, not even the Tianji Pavilion, who has always known everything in the
world!"
Huang Hu said coldly: "It seems that Huoyun Cthulhu is still alive! And he passed it on to Levi Garrison!
This
pair The martial arts world is still Erudia, and it will be an unprecedented disaster!"
"Yes, yes, since ancient times, good and evil have never been balanced.
Even if Levi Garrison has made
much
contribution to Erudia before! But he is the inheritor of the evil god after all. , If he breaks out that day,
who
can stop it?"
"That's right, and once his children are cultivated, they may become the devil!"
…
However, Messiahi still believed in Levi Garrison.
"I still believe in one word side by side! No matter when, you should believe that man!"
"Yes, no matter how evil his practice is, his heart is
always right !" "Yes, we always believe in one. The word side by side king!"
……
Hearing that everyone in Messiah trusted Levi Garrison so unanimously, the people in Tiance Mansion
were shocked.
None of them expected that Levi Garrison had such a high prestige in everyone's hearts.

When the evidence is conclusive, I still believe so.
This makes them very angry.
“Okay, don’t worry about this matter!”
“Yes, you were not qualified to intervene in the first place!”
“Listen well, this matter must be kept secret, especially Levi Garrison can’t be told!”
Tiance Mansion decided that they would handle the matter themselves.
What Levi Garrison didn’t know was that Tiance Mansion and Baolong had already been eyeing him at
this
moment.
In the end, the plan given by Tiance Mansion was to observe Levi Garrison’s movements first and see
his next
move.
Secondly, the Levilia should be admitted to Tiance Mansion, and Tiance Mansion will be specially
trained,
so that she will not grow up to become a demon.
Soon a few days passed.
“What’s the matter? A few days ago, I came to look for Levilia one by one, why is there no one now?”
“Yeah, logically speaking, Levilia shouldn’t be more power looking for this kind of talent. Come here?”
… The
Lopez and Black family are puzzled.
Since the reception ceremony, there has been no news.
It seems that Levilia’s enthusiasm is gone all at once.
No one came to look for her anymore.
Everyone forgot about her.
Only Levi Garrison was most satisfied.
The situation is the best now, no one will bother Levilia and dare to accept her as a disciple.
It seems that the deterrence of his apprenticeship ceremony is still effective.
After all, Levi Garrison defeated thirteen Seventh Heavenly Powers.
Even if other people heard a little wind, they would no longer dare to accept the monarch as a
disciple.
But Levi Garrison didn’t expect something happened.
Those people are all dead.

The reason why no one dared to accept disciples was because of the forced suppression of the Tiance
Mansion and the Baolong clan.
There is no other reason.
Somewhere in Erudia.
A group of people gathered in secret.
"In the battle of Baiyun Villa, we have destroyed the power of Erudia martial arts to a great extent!
Next,
we will have another big wave!" The
leader sneered.
"Should I still use Levi Garrison's hands?"
someone asked.
"Of course! With the help of Levi Garrison, we can complete our mission!"
The Return of the God of War [The Protector] Chapter 1814
???
"This time, it's up to you to do it!"
Everyone looked at one person in the corner.
He was the one who pretended to be Levi Garrison to kill at Baiyun Mountain Villa that day.
"Yeah." A
faint voice came out.
"Act as soon as possible!"
This group of people is about to plot a big sensation.
On the other side, Xu Zhengjie is about to start his amazing plan.
During this time, he was sure that Levi Garrison was no longer staring, so he was relieved to plan
boldly.
"Soon, I will obtain the permission of Laboratory One! At that time, Laboratory One can perfectly
perform my
experiments perfectly!"
Xu Zhengjie showed a crazy smile.
His previous plan was to be completed in Lab No. 2, but it was destroyed because of Levi Garrison
and Wen Lei.
Now Xu Zhengjie chooses to carry out a crazy plan in Lab One.
Laboratory No. 1 is the largest and best laboratory in Shenlong Science and Technology Base.
The probability of success of Xu Zhengjie's crazy plan will be greatly increased.

Danger is coming…
Levi Garrison is a person with a keen sense of smell. The calmer he is, the more the undercurrent is
surging.
Everything is too peaceful.
I always feel that something big is going to happen.
He also personally checked the situation everywhere.
There is no abnormality.
Of course, Levi Garrison didn't care about Levilia's question.
After all, he thought he was deterring all parties.
This day.
When Levi Garrison was asking the Western Heavenly King whether something unusual happened,
Tiance Mansion
approached him.
Levi Garrison was still surprised and curious about Tiance Mansion.
After all, Tiance Mansion and Baolong clan are the foundation of protecting the country.
They are in control of Erudia's foundation and greatest secret.
"What's wrong with you?"
Levi Garrison asked.
The four Tianlong looked at Levi Garrison warily.
In the end, Tianlong said the purpose: "One word side by side, right? Our purpose is very simple, for
your children!"
Huang Hu specifically said: "Tiance Mansion basically decided to raise your children's income! We are
here to see your
child
Specific talent! "
No, I will take my child personally. No one else is needed!" "As
soon as Levi Garrison said this, the faces of the Tianlong four people changed.
If this is the case,
Levilia will become a threat. At
this moment, a voice sounded: "Why not let Tiance Mansion cultivate?"
That is the best place for Jun
Jun! ! ! "
The Lopez and Black family members who came after hearing the news stared at Levi Garrison
angrily. The

old lady and the others hurriedly came to Tianlong and the four: "We look forward to the stars and
the moon, and finally look forward to you! "For
example, the Baolong clan of Cefu is not a secret today.
Everyone knows how powerful they are.
They naturally hope that Levilia will be accepted by Tiance Fu.
However, it is difficult to contact Tiance Fu or Baolong with their abilities.
Like today Everyone is excited when the Ce House is here.
"Well, we are here for the children, where are the children? "
Huanghu asked.
"Zoey, bring Levilia!" "
Soon, Zoey led Levilia to the field. The
Tianlong four began to check and analyze Levilia's talent…
Tiance Mansion has a special method to measure the level of
talent . General talents are divided into levels one to nine.
Level four and five are already in place. It is an extraordinary talent. The sixth and seventh levels are called geniuses! The
eighth level is rare in the world, and one may appear in a thousand years. After
testing the Levilia's talent, all four of them were shocked.
Level nine! ! !
The highest level nine! ! !
It turns out that Tianji Pavilion's ranking is correct!
Not exaggerating at all!
Levilia's talent can be on the list!
It can even be said that Levilia is underestimated.
What everyone expected was level 7 talent, but unexpectedly it was level 9.
"Well, I made the decision for Tiance Mansion, and I will bring this child back to Tiance Mansion for
training today!"
Tiance Mansion originally wanted to investigate.
But after measuring this talent.
Tianlong made the decision directly.
"I disagree!"
The Return of the God of War [The Protector] Chapter 1815
The excited Lopez and Black family members disappeared after hearing what Levi Garrison said.
All the smiles of Tianlong were gone.
It was originally a great good thing, but it was ruined by Levi Garrison's words.

“Do not agree? Levi Garrison, what do you disagree with? Can you find something better than Tiance
Mansion?”
several people questioned.
Levi Garrison said coldly: “Jun, I can teach it myself! I will protect my daughter! I don’t need anyone
else!”
“But you think again, can she grow up under your wings for a lifetime? I don’t want Jun. Jun becomes
a vase! Some things need to be experienced by her herself! Only in this way will she grow up!”
…
Zoey’s words made Levi Garrison feel.
He must be willing to protect his wife and daughter for the rest of his life, but Levilia does need to
grow up.
She has been different from other children since she was born, which is exactly her destiny.
If you keep Levilia by your side to protect him, it is indeed bad for Levilia’s growth.
But now that Levilia is handed over to Tiance Mansion, Levi Garrison is not at ease.
He is currently unable to control the Tiance Mansion at all, and if anything goes wrong, he simply
can’t take care of it.
The reason why Levilia was allowed to go to Wushuang City before was because he could control
Wushuang City with one hand.
The situation is completely different now.
“One word side by side king is the decision of Tiance Mansion, and it is also an order! If you don’t
believe it, you can ask Messiahi!” The
Tianlong four decided to take the monarch away today, and they will do whatever it takes.
Huang Hu’s tone was gentle: “Please don’t worry, your child’s talent is amazing! We guarantee that
she will not be aggrieved at all in Tiance Mansion, she will also be cultivated as the number one seed!
The
future will protect the country. She can do it!”
The mysterious wolf who has been silent for a while also echoed: “Tiance Mansion is the strongest

ancient martial arts institution in Erudia! It is not comparable to those of the rivers and lakes! Your baby
is
too late, no People will hurt her!"
"Levi Garrison, it's useless if you don't agree!"
"Levilia must go to Tiance Mansion!"
…
Lopez and Black's family scolded.
Plums dye also leaves look looking at the complex Harborside said: "! Monarchs, we can not protect
the life of Jun-Jun is her own best way to protect yourself!"
&
Levi Garrison looked complicated.
Such as the orders of Cefu and Messiahi today.
And the persuasion of family and wife.
There is also Levilia's future considerations.
He is very messy…
"Okay, let Levilia go to Tiance Mansion and try it first. If you don't do well, I will pick it up at any
time!"
Levi Garrison finally agreed.
"Okay,
yes ! Let her get used to it for a while!" "If you have nothing else, we will take the child away!" The
Tianlong four were eager.
I can't wait to take Levilia away right away.
"Hold on! Let's tell Levilia individually!"
Everyone was not prepared when the incident happened suddenly.
So everyone said goodbye to Levilia one by one.
Zoey was the second to last to bid farewell to Levilia, crying very loudly.
Levi Garrison was the last to say goodbye to Levilia.
There were also tears in his eyes.
Levilia, this kid is too sensible.
He also took the initiative to comfort Levi Garrison not to cry…
Levi Garrison was afraid that he could not bear the pain of parting, so he took the first step to leave,
not
wanting to see the parting scene with Levilia.
Coming to the outside of the villa, Levi Garrison lit a cigarette and inhaled.
About a few minutes later.

The chaotic sound of footsteps sounded, and the Tianlong four and Zoey all surrounded.
Pointing to Levi Garrison's nose and shouting: "Levi Garrison quickly hand over the child!"
"Huh?" One
sentence made Levi Garrison stunned.
"Hand over the baby? What do you mean? Levilia is in her bedroom!" Levi Garrison said in surprise.
"You fart! The child is gone, it is clear that you are hiding!
" Source of "The God of War":
The Return of the God of War [The Protector] Chapter 1816
Source of "Zhen Guo Ares":
The earth tiger burst into a drink on the spot.
A pair of tigers stared at Levi Garrison!
"Yes, it was definitely you who hid the child! Now you are pretending to be garlic!"
"Yes, the last Jun you saw, Levilia has disappeared since then!"
"Isn't it you or who? You don't want Levilia Joining Tiance Mansion, why use this method?"
...
Almost everyone present was yelling at Levi Garrison.
Just now everyone said goodbye to Levilia, and finally after Levi Garrison left, the Tianlong four went
to the room to pick
Levilia out.
It turned out that Levilia was gone.
Everyone quickly found a circle around the villa, and there was no trace of Levilia at all.
She disappeared.
The first thing that came to everyone's mind was that Levi Garrison had hidden Levilia.
After all, Levi Garrison was the last to meet Levilia.
After he came out, Levilia disappeared.
That means his problem!
Zoey's face is going to be dark. She looked at Levi Garrison and said disappointedly: "I know you are
reluctant to bear Levilia,
and I can't bear it either! But Levilia has her own world, does it make sense for you to restrain her like
this?"
"You Quickly hand over Levilia, or I will be disappointed in you!"

Others urged: "Quickly hand over Levilia, and several adults will take Levilia back to Tiance Mansion!"
The
Tianlong four were very angry. , But due to Levi Garrison's strength, they dare not get angry.
Everyone stared at Levi Garrison.
Let him hand over Levilia.
Levi Garrison was dumbfounded!
He doesn't even know what happened?
It took dozens of seconds for Levi Garrison to react.
He was trembling, clenching his fists tightly, and asked nervously:
"You…what did you say? Levilia is
gone?"
"Look at this guy who is still pretending to be garlic. It's obviously he who hid Levilia. !, and he asked
us disappeared Jun-
Jun "
plum dye suddenly raising the voice:" Yes Jun-Jun is gone if you hide it, I beg you to Jun-Jun handed
"!!! "
boom !!! "
get After an affirmative answer, Levi 's brain thumped.
problem occurs!
Something happened!
Strictly guarded, Levilia was still arrested.
Still under his nose.
This is unbearable!
"Boom!"
Levi Garrison turned into a wind and left.
A group of people were left dumbfounded.
"What does Levi Garrison mean? Keep the child hidden or hand it over?"
"Levi Garrison, stop for us, where are you going?"
…
Levi Garrison immediately went to find Levilia.
He quickly looked around.
Sure enough, I found somewhere in the deep forest, there was a special energy.
Obviously Levilia was taken away!
Levi Garrison's secret team quickly gathered, saying that they did not find anything.
And because of Levi Garrison's own presence, he arranged the secret team farther away.

If the opponent dispatches a super master, you may not be able to detect it!
For example, this time, Levi Garrison and the four masters of Tiance Mansion were present.
They took Levilia away from under their noses!
"I was careless!"
Levi Garrison patted his forehead.
In order not to see the parting scene, he deliberately walked out a distance.
It was this distance that gave the other party an opportunity.
Who on earth took Levilia away?
Levi Garrison is looking up to the sky and roaring!
He was arrested for protecting Levilia in this way.
I blame myself very much!
But one thing is certain, the opponent sent to capture Levilia is definitely a super giant.
Under the eyes of the four masters of Tiance Mansion, he quietly took away Levilia. Could it be an
ordinary person?
"It seems that the other party has been waiting for this opportunity for a long time!" The
four masters of Tiance Mansion came, but it was another opportunity!
At this time, everyone hurried over.
"Where is Levilia? Hand over Levilia quickly!"
Everyone scolded.
Levi Garrison was angry.
At this time, he was still suspecting that he had hidden Levilia.
The Return of the God of War [The Protector] Chapter 1817
The sky is falling!
For Levi Garrison, the disappearance of Levilia was like the sky collapsed.
This group of people are still here to wrong him.
Levi Garrison can't wait to slap all of them to death!
He stared at the Tianlong four angrily: "My daughter let the enemy take away! I have no time to talk
nonsense with
you!"
"Let the enemy take away?"
Everyone was stunned.
Then Tianlong sneered: "Impossible! How could the child be taken away? Really if the four of us
don't exist?"

Earth Tiger looked proud: "Yes! We are in the courtyard, and the child is not far from us. More than
one hundred
meters, it is equivalent to under our noses, no one can take people away from under our four eyelids!"
"Yes, you underestimated us? With us, how could the enemy be silent? How about taking people
away?"
Huang Hu also agreed.
Xuan Lang looked at Levi Garrison with cold eyes: "No one can snatch people away under our noses,
and still unaware. That
can only mean that you are lying!"
"Yes, unless there is only one possibility– You hid the child silently by yourself, and then blamed
other people who didn't
need it!" The
Tianlong four pointed to Levi Garrison.
Levi Garrison was the last to see Levilia.
Moreover, the Four Heavenly Dragons knew his identity as the Heavenly King, and it was no problem
to do all this with
his strength.
Levi Garrison smiled: "The ability to take people away from under your noses can only show you
food!"
"You are
looking for death!!!" Xuan Lang said word by word.
The whole body exudes a cold killing intent.
In any case, everyone present believed that it was Levi Garrison who hid the monarch.
After all, it was almost the same as the previous massacre at Baiyun Mountain Villa.
"I don't have time to talk nonsense with you, I'm going to find Levilia!"
Levi Garrison ignored the others and left.
"Dare you?"
Xuan Lang stopped in front of Levi Garrison.
"Leave me aside, or don't blame me for killing you!"
Levi Garrison's eyes were murderous.
"Xuanlang get out of the way!"
The voice of Tianlong sounded.
Only then did Xuan Lang slowly let go.

“Why don’t you let me take the shot, I won’t lose! And there are you!”
Xuan Lang obviously refused to accept Levi Garrison.
Even if he is the strongest in the sky list.
Xuan Lang is the best fight among the four.
The strength far exceeds the Seventh Heaven!
“We’d better not conflict with him, don’t force him!”
Tianlong explained.
“Then what to do?”
“Staring at him! Staring at him from now on! As long as you follow him, you can definitely find the
child!”
Tianlong ordered.
“Four adults, don’t worry, we must let him hand over the child! Zoey, you must let him hand over the
child!”
Lopez and Black’s family agreed.
“You don’t need this matter, we will solve it!” The
Tianlong four left here.
“Next, Levi Garrison may make big moves. He doesn’t want the child to follow us. The reason is very
simple. He doesn’t want this child to let us cultivate decent characters! He wants to cultivate it himself!”
Tianlong analyzed.
“We have to stare at him, and then get the child back! This is very important!”
“We have to seek support, otherwise Levi Garrison will not be able to deal with it!”
“Okay, immediately contact Tiance Mansion and report the news truthfully! ”
...After
Levi Garrison left here.
Immediately contacted the old ministries of the parties and began to search for Levilia’s
whereabouts.
He sent all the strongest Western Heavenly Kings out, just to find out the whereabouts of Levilia.
Others are anxious like ants on a hot pot.
But the good point is that the other party did not directly attack Levilia, but took her away.
Obviously they have other plans.
Maybe it was for yourself.
Thinking of this, Levi Garrison was a little relieved.

Levilia at the moment did not leave Erudia.
She was taken somewhere in Erudia.
At this moment, the group of people appeared.
The most important thing is this group of people…
The Return of the God of War [The Protector] Chapter 1818
Levi Garrison had seen this group of people…
in the cemetery near Fengtian City.
The Higashishima samurai entrained in the Anjia family.
When Levi Garrison was asked to face him upright, the group of people were strange and forced An
Jia to apologize.
At that time, Levi Garrison realized that this group of people might have a conspiracy.
Let the Western Heavenly King send someone to stare at him.
But until now, this group of people hasn't shown any strangeness in the slightest.
Therefore, the observation of the West Heavenly King has always been stable.
But these people are only planners, not implementers.
They didn't do anything, so the West Heavenly King's intelligence department would not find out.
It turned out that everything in Baiyun Villa was planned by this group of people.
Now, they sent a strong man to capture Levilia.
"Ono-kun is fortunate!" The
crowd bowed to a shadow.
There was a shadow in the faint light.
That is Ono-kun in the crowd-Ichiro Ono.
He has a nickname called Shadow Warrior.
It means that he is like the shadow.
In addition to practicing Higashishima Kendo, Ono Ichiro also practices a special technique-ninjutsu!
If he hides, basically no one can find him.
He can hide anywhere, almost blending with the environment.
It is a bit like the leader of the God Killing Organization that Levi Garrison killed in the War Eagle
Nation.
But when it comes to hiding technology alone, Ichiro Ono is stronger.
The powerful shadowman is the assassination technique, and Ono Ichiro's powerful is the invisibility
technique.

So when Ono Ichiro captured Levilia, the four masters of Tianlong did not respond.
Even Levi Garrison, who was relatively far away outside, didn't notice it either.
After all, Levi Garrison didn't notice a trace of energy fluctuations.
"Masters, my task is complete! Now it's up to you all!"
Ono Ichiro quickly retreated.
After a few East Island warriors glanced at Levilia, they said in unison, "Okay,
let's start!" Levi Garrison had a foreboding that these East Islanders had premeditated, but he didn't
expect these guys to
move so much .
&
Or come directly at him!
…
On the other side, Levi Garrison sent out all the power that could be sent out.
Almost the entire Erudia was frantically looking for Levilia's whereabouts.
Levi Garrison knew it was useless to worry.
He sat, calming his mind.
But my heart hasn't calmed down.
He is forcibly calming himself down.
He regrets now and should continue to install the location tracking chip on Levilia.
Otherwise, he would already know where Levilia is.
regret!
After rescuing Levilia, he will implant the chip again.
The Tianlong people were still staring at Levi Garrison.
"No? The daughter is lost, he is so calm?"
Looking at Levi Garrison who was calmly meditating, Earth Tiger said dissatisfied.
"That means his daughter was
not lost at all!" "I can't bear it!"
Finally they couldn't help but walked out.
"Levi Garrison, you keep saying that your daughter was taken away by the enemy! At this time,
shouldn't
you go all over the world in a hurry? How can you calmly meditate here?"
Huang Hu asked directly.

Levi Garrison didn't open his eyes and said, "It's not your turn to take care of my Levi Garrison's
affairs!"
"I'm in a bad mood, hurry up!"
Hearing Levi Garrison's strong attitude, the Tianlong four were furious.
When have they been treated this way?
As the strongest Guwu institution in Erudia!
They are almost outside any rules, even Messiah can't order them.
Such status determines their nobility.
Who dares to talk to them like this?
Dare to tell them to go?
Eat the bear heart and leopard courage!
"Levi Garrison, I will warn you one last time, and quickly hand over the child! Don't force me to do it,
I've
been tolerating you for a long time!"
Xuan Lang couldn't bear it anymore.
He had long wanted to challenge the King of Heaven.
"Boom!"
Suddenly, Levi Garrison opened his eyes: "Then stop talking nonsense and start fighting!"
The Return of the God of War [The Protector] Chapter 1819
This was Levi Garrison's most annoying moment, but Xuanlang Tianlong kept buzzing in his ears like flies.
Levi Garrison had the heart to kill.
He wants to shoot these four people out.
The Tianlong trio wanted to stop it, but it was too late.
The rattling atmosphere is on the verge.
Xuan Lang looked very excited and sneered: "Let me try how strong is the top twenty?"
"One punch for you!"
Levi Garrison already raised his fist and was about to blast out.
"Boom…"
Levi Garrison raised this fist.
The earth was trembling, and the wind gradually condensed.
An overwhelming momentum is coming!
The complexion of Tianlong people changed drastically.
The strong one in the sky list is really strong enough!
Even Xuan Lang's face changed drastically.
But he became more and more excited.
The stronger Levi Garrison is, the more interested he is.
Xuan Lang also began to run the strongest technique.

I am going to compete with Levi !
At the very moment of his death, the Western Heavenly King suddenly ran in in a hurry.
“Wang, there’s news!”
She shouted at Levi Garrison.
A big battle was abruptly destroyed.
Hearing that, Levi Garrison abruptly retracted his fist and hurriedly left with the Western Heavenly
King.
“Next time you won’t be so lucky!”
Before leaving, Levi Garrison left a word to Xuan Lang.
Xuan Lang would be half to death with anger.
“Listen to what he said? I suspect he didn’t dare! Just avoid me like this!”
Xuan Lang said angrily.
Tianlong looked at each other.
“Is that really the case? Is he scared?”
They couldn’t think of other reasons.
After all, they always thought that Levi Garrison had hidden Levilia, not lost it.
“Go, let’s follow, continue to stare at him, and see what tricks he has?”
On the other side, Levi Garrison followed the Xitian King to the Jiangbei base.
“Wang, we just got information! Someone took Levilia to a small island in the East Erudia Sea of
Erudia
On, we must openly find a master for Levilia! ”
Levi Garrison frowned: “My daughter has someone else’s turn to find her master?” Has my consent
been
obtained? ”
” Yes! And the condition for accepting monarchs as disciples is to bring out the treasures! Whose
treasure is worth more! Who can accept the monarch as a disciple! “The words are not astonishing and endless, when the Western Heavenly King said this.
Levi Garrison’s face changed wildly.
“What? How about accepting my daughter as a disciple? ”
You are challenging my bottom line!” ! ! ! ”
Levi Garrison’s whole body is hostile, and there is a killing between heaven and earth.
All the surrounding people suddenly have difficulty breathing, even suffocation. The

terrible hostility and killing intent are overwhelming. After the
Tianlong people arrived, they felt terrified.
"This, this, this… Isn't this a crooked way? This terrible evil! "
This is the first time they personally feel the monarchs leaf comes out of hostility.
More and more of the leaf as monarchs of the devil.
" This does not get rid of the devil, sooner or later will be chaos in the big summer! "
Xuanlang and several people have already given birth to a strong killing intent. In the
base.
Levi Garrison shouted wildly: "Quickly check it out!" Specific island!
What time is it! Find it out for me
as
quickly as possible! "
I don't care who it is!" You really provoke me this time, kill me! Kill without mercy! "
…
Levi Garrison was very angry, very angry!
How could he not be angry when his daughter was taken into a disciple like this?
"Everyone is dispatched, find me! "
Levi Garrison also asked Xiao Feng and his secret team to find someone.
He even gathered all the evil ways to recover.
Let them find it too.
Perhaps these people are more informed.
It just happened that the scene of the gathering of evil sects and crooked ways was really seen by the
Tianlong four.
"What is Levi Garrison going to do? With so many evil sects, is he going to turn around?" The
Tianlong four were frightened.
"Immediately notify the Tiance Mansion and the Baolong clan, let them send someone! Hurry up,
hurry up! Levi is here to make a big move!"
…
That's right.
Levilia is to be accepted as a disciple.
This is their plan.
The Return of the God of War [The Protector] Chapter 1820
With Levilia's super talent, once the news of his apprenticeship is released, everyone is afraid that

everyone
will be snatching it!
Whether it is Erudia's power, or global power.
Everyone wants it!
However, the news of Levilia's apprenticeship did not spread to the East Island on a large scale.
Even secret to the extreme.
No news will be released.
And what about the forces that want to accept disciples?
It was they who sent out invitation letters one by one.
The forces receiving the invitation, for their own benefit, naturally kept silent.
Therefore, no one knew about the news of Levilia's apprenticeship except for those who were
actively
invited.
Although the news of the apprenticeship reception this time is closed, there are still many people
invited to participate.
On an unknown island somewhere in the East Erudia Sea, it is in the depths of the East Erudia Sea,
where storms converge.
This place happens to be in the restricted area.
Most of the time, even satellites cannot be detected.
Airplanes and ships generally avoid this area deliberately.
But the warriors of Toshima chose to accept the monarch on this small island.
Therefore, even if the Western Heavenly King has the strongest intelligence agency, it is difficult to
find here the first time.
On the island.
The Samurai of Higashishima came here early.
A helicopter fell, and several masters brought Levilia here.
The venue has long been set up.
Levilia was locked up in the background.
Levilia blinked his big eyes without making a sound, crying, or making trouble.
Seeing her serious attitude looking around, she seems to be thinking of a way.
Although Levilia is young, she is a sensible child.
The experience that was different from that of other children since childhood has made her mind far

more than ordinary people.
Levilia held his small hand tightly, and sighed that he was still not strong enough.
The only thing she was waiting for was Levi Garrison's rescue.
But she also needs to do what she can.
Like remembering everyone present.
Even if they are all masked, she still has to remember the characteristics.
Even their own words, Levilia must remember all of them.
When the time comes, let Dad have more clues.
The leader of the Toshima samurai, covering his face, sneered: "Let's take a look at the first day of
the summer, how much value can it bring to us?"
"Hahaha, wait and see!"
Everything is ready.
Then wait for the forces that want to accept disciples to come.
"Rumble…"
Not long after, there was a rumbling sound over the island.
A helicopter arrived.
The first one entered.
From the ancient power of the Great Dragon Palace in Erudia, the lord of the mad dragon is the god
of war.
The strength is close to the eight heavens!
The nineteenth strongest in the summer!
One rank higher than Levi Garrison!
In fact, after the covenant of the gods and various disturbances, various ancient forces have emerged
one by one.
But the stronger and more ancient forces are still in a state of seclusion.
Never appeared.
I don't know where this group of East Island invited them from!
It is enough to show that they are great!
"Rumble…" The
second one entered.
Venerable Xuan Lei, the lord of Xuan Lei Palace.
The 15th strongest in the summer list!
……The
third place enters.
The lord of Fenglei City, Fengleijian Supreme!
Thirteenth on the Big Summer List!
……The
fourth place enters.

The fifth entry.
……
Soon representatives of more than a dozen forces entered the venue.
Almost the eleventh to twentieth on the Big Summer Ranking are here.
"Sixteenth admission!"
"He is the sword of God from us the wonder Xuanming house, big summer standings ranked
twelfth!"
"Seventeenth admission!"
"He is from Wulong five Long Dao Ren, famous for his spells! Ranked eleventh in the summer list!"
… After
these two entered the arena, everyone gasped.
Except for the top ten in the summer, all the others are here.
Half of the sky list, this is terrible!
Not only Erudia forces came.
Together with the neighboring countries around Erudia, dozens of powerful ancient forces have also
arrived.
Most of the invited forces have come…
Source of "Zhen Country War God":
The Return of the God of War [The Protector] Chapter 1821
It can be said that the strong are gathered.
One power is greater than one power, and one is older than the other.
Most people in the world have never heard of it.
But all of them are terrifying to death.
Especially half of the big summer list has come.
Think how terrifying Jintianwang is?
But here is someone who ranks above him!
They are so scary!
After another half an hour, all the disciples to be accepted finally arrived.
A grand gathering of apprentices is about to begin.
Only Levilia is to be accepted.
This is clearly the conspiracy of the Samurai Toshima.
The specific conspiracy has not been revealed yet.
Levilia's talent is too high.
Known as an unparalleled genius.
Even the top players in the sky list want to bring them back to train and become the cornerstone of
their power in the
future.

So Levilia was mentioned in the invitation letter, and half of the summer list came one after another.
"I want to take away this little baby to accept a disciple, what are your requirements?"
Xuan Lei, the master of the Palace of Xuan Lei, said coldly.
This sound came out as if thunder was roaring.
It shook everyone's ears buzzing.
"Hello, Master Xuan Lei, the conditions for accepting this little baby as a disciple are very simple, it
depends on what you
exchange for it? Everyone present is the same! Whoever exchanges the most value, who belongs to this
child!"
"And we guarantee that after accepting this child as an apprentice, we can leave this island safely!"
After hearing the explanation of this group of forces, everyone gradually understood.
Many people are also relieved.
Some are slightly weaker, afraid that they will be robbed directly by the strong after taking the
emperor as a disciple.
But with the promise of the East Island forces, they were relieved.
After accepting the apprentice monarch, they can leave safely.
Because so far, everyone does not understand the power of this arresting Levilia.
But the other party has all their information.
So everyone is sure that even the most powerful Wulong Taoist will not easily challenge this
mysterious force.
Therefore, after accepting the monarch as a disciple, it is absolutely safe.
In this way, the apprenticeship meeting is the most fair.
After they formulated the rules, everyone began to think, what on earth should they take to accept
the monarch as a disciple?
The people present are all super-big people, and there are certainly not few treasures in their hands.
It depends on who has the greatest value.
The apprentice-receiving conference is about to begin here.
Levi Garrison and the others haven't found where the island is.
Especially the Western Heavenly King they were looking for like crazy.
Levi Garrison was anxious like an ant on a hot pot.
During this period.

Many people have looked for him.
For example, Zoey dyes them and asks him to hand over the children and stop making trouble.
Messiah also approached him and asked him what's going on.
…The
more this kind of time, the more people ask, the more annoying Levi Garrison will be.
If there is a provocative person like Xuan Lang, Levi Garrison guesses that he will really kill.
However, Tianlong's request for support is already in place.
The masters of Tiance Mansion and Baolong clan had already arrived on the road.
They still stared at Levi Garrison.
Whenever there is a turmoil, they will act first to stop Levi Garrison.
Hurry!
The cold sweat on Levi Garrison's forehead!
Knowing a little clue, but can't find it, how anxious this is.
At the same time he blames himself very much.
At the beginning, he shouldn't be softhearted, and he shouldn't let Levi come to Tiance Mansion,
otherwise this stall happened.
This also blames these guys in Tiance Mansion.
"Ahhhhhhhhh!"
Levi Garrison roared angrily.
If Levilia made any mistakes, he would never forgive himself in his life.
Levilia was obviously lost, and many people wronged him and hid him.
But at this time, Levi Garrison didn't care about all of this.
"Puff!"
Levi couldn't hold back his heart, and opened his mouth and shot out blood.
"Check, I found it! Wang, the island has finally been found!" At the moment of despair, news of the Western Heavenly King came.
The Return of the God of War [The Protector] Chapter 1822
"The location is on an island somewhere in the East Erudia Sea… the specifics are all inside!" The
King Xitian marked the location.
"Go, immediately arrange the fastest means of transportation for me!"
Levi Garrison couldn't wait to fly over.
It's just that his strength hasn't reached that level yet.
Soon, King Xi Tian arranged a supersonic fighter plane to carry Levi Garrison to the small island in the
East Erudia Sea.

As soon as Levi Garrison moved here, the Tianlong four immediately became alert.
"Quickly find out where Levi Garrison went, let's follow!"
"Also, let the support of Tiance Mansion and Baolong clan divert to follow us!"
...
Tiance Mansion also chased up immediately.
After all, Levi Garrison's whereabouts were not a secret.
If they forcefully use commands or means, it is easy to know all this.
Levi is in front, and they are behind.
Levi Garrison on the plane had only one belief, quickly reached the island and rescued Levilia.
On the small island, the apprenticeship meeting began.
The various forces displayed valuable things one by one.
"My treasure is a top combat skill... Cang Ming combat skill!"
" Hi !"
After hearing this, everyone took a deep breath.
Have you taken out this combat skill?
too frightening!
"My treasure is a celestial spear!"
"His!"
Looking at the dazzling Tianshen Gun, everyone took another breath.
The god spear is cast from meteorite iron from the outer world, and is known to pierce everything.
Whoever owns it will definitely increase their strength.
"The things I took out are some valuable treasures..."
...
Then the major forces began to show their treasures one after another.
Each piece is invaluable, and the sound of cold breath is endless.
But the Higashishima samurai looked calm.
Obviously none of these things are what they want.
The really powerful characters haven't shot yet.
Dozens of forces in the countries around Erudia also showed their trump cards one by one.
&
The apprentice reception conference has gradually reached a climax.
The value of their treasures is also greater than that of one item, and they are all treasures that have
caused a sensation when they are taken out.
But the leaders of the Toshima samurai still shook their heads.
After all, these things still fell short of their expectations.
"I'm coming!" At

this time, the lord of Fenglei City Feng Lei Jian Zhizun stood up.
"My treasure is a Heavenly Frost Sword! It is cast by the fusion of thousands of years of profound ice,
and it is comparable to my Feng Lei Sword!"
Feng Lei Sword Supreme took out a sword.
Suddenly, the temperature in the entire area dropped, and everyone felt a deep chill.
Seeing this sword came out, the eyes of the Samurai Higashishima slowly lit up.
This is what they are interested in.
"My treasure is a magical medicine! It can transform an ordinary person into a Seventh Heavenly
Power!"
After the master of the Xuanming Hall, Xuanming Dao Shen appeared, everyone was suffocated.
Isn't this magic medicine terrible?
The eyes of the Higashishima samurai were bright again.
They are more interested in this.
The usefulness of this magical medicine is too great… The
effect of the medicine can be said to be amazing!
But then, everyone turned their attention to one person.
The eleventh Five Dragon Taoist in the Big Summer!
He is different from the martial artist, he is practicing Taoism.
But strong warriors have to bow their heads.
Otherwise, he won't be the eleventh one on the top list.
Now he is the only one left in the court without any treasures.
Taoist Wulong had a cold face, and he had a look in his eyes.
The apprentice next to him immediately took out a wooden box.
"My master's treasure is one of Wulong Mountain's magic weapons-God Lei Yin!"
said the little apprentice.
The magic weapon of this kind of Taoism is the same as the weapon of the warrior, which adds to the
combat effectiveness.
In fact, the magic weapon is easy to understand.
In ordinary people's lives.
For example, the elderly like to go to temples and Taoist temples to ask for something, pray for
fortune and increase luck.
This is actually the same as the magic weapon.
It's just that the god Lei Yin of Wulong Taoist is here to kill people…
The Return of the God of War [The Protector] Chapter 1823

The little apprentice glanced at the audience and said: "The god thunder seal contains a touch of sky
thunder, which can trigger the momentum of the sky thunder! The power is huge! The seventh heaven
warrior can't hold it!"
This word came out.
Everyone present is going crazy.
This god Lei Yin was much stronger than the little Thunder God that Levi Garrison killed in the Eagle
Nation.
The thunder and lightning of Little Thor is awakened and controlled by humans.
But the god thunder seal contains the sky thunder.
Power is not one level at all.
Everyone was frightened watching God Lei Yin!
Doesn't it mean that God Leiyin can obliterate most of the people present.
If you are in the hands of a strong person, such as the five dragons, you can kill everyone present!
If it is an ordinary Seventh Heavenly powerhouse and possesses this artifact, it can challenge the
Heavenly Ranking Powerhouse.
Even Wulong Taoist himself.
Who doesn't want to own this kind of artifact?
The eyes of everyone present glowed.
What if the god Leiyin is his own?
When the Higashishima samurai saw Shinraiyin appear on stage, almost everyone's eyes were
shining.
This is what they really want.
Everyone can understand the result as soon as the God Thunder prints.
Levilia belongs to the Wulong Taoist absolutely!
Others can't grab it at all!
One of the Samurai of Toshima stepped forward and took the god Leiyin from the Wulong Taoist
disciple.
Because they have to verify the authenticity in the background.
All the treasures of everyone just now were taken to the backstage to verify the authenticity.
On the other hand, they were able to decide who could accept the monarch as a disciple through
comparison…

They didn't care if their treasures would be secretly taken away by this group of people.
I didn't even think about it!
After all, such a big power wouldn't do this kind of sneaky thing, right?
But they all thought wrong.
The original conspiracy plan of this group of Toshima samurai was to transfer all the treasures away.
The treasures handed over by the masters in front have long been transferred away by them one by
one.
Now there is only one God Thunder Seal left.
"Evacuate! Everyone will evacuate to me!"
After getting the God Thunder Seal, the Toshima Samurai evacuated one after another.
"You leave at last and send this child over!" the
leader commanded.
"Hold on!"
Immediately, he smeared blood on Levilia's face.
In the end, Levilia was brought to the front.
When the masters saw Levilia coming out, everyone was even more calm.
Even Taoist Wulong didn't think much…
"Wait a minute, everyone, the result will come out immediately, and your treasures will be back!"
After getting the affirmative answer, everyone felt more relieved.
As everyone knows, all the treasures were taken away at this time.
There were no people in the field.
This is the conspiracy of these East Islanders.
First, invite this group of masters here, and then get everyone's treasure!
Second, it is estimated that the location and plan will be revealed to Levi Garrison a little bit, so that
Ye
Levi can come here.
Third, after they leave, Levi Garrison will arrive soon, and Levi Garrison will definitely fight these
masters at
that time.
The ultimate goal is to reproduce the scene of Baiyun Mountain Villa-to kill all these masters one by
one, and then put the blame on Levi Garrison.
Maybe there is no need to put the blame on this time, the angry Levi Garrison might kill these people
by

himself.
Even if Levi Garrison loses, he will suffer both.
Then they will send someone out to harvest again!
In any case, it was a painful blow to the Erudia martial arts world!
These two times, I am afraid that one-third of the vitality of the Erudia martial arts world will be
damaged.
This will be a great situation for Higashishima Budo!
More than that.
This group of people also invited the ancient forces from the neighboring countries around Erudia,
but there is no force from the East Island.
Their purpose is very simple. While attacking Erudia martial arts, they also attacked the martial arts
of
several surrounding countries.
In this way,
Higashishima Budo can completely rise… This is the conspiracy of this apprentice gathering!
The Return of the God of War [The Protector] Chapter 1824
They captured Levilia and gathered the ancient forces and martial arts masters in Erudia and the
surrounding area.
He wanted to use Levi Garrison's hand to destroy these people to the utmost extent and severely
damage
the martial arts circles in Erudia and surrounding countries.
I have to say that they are ingeniously planned.
Many people have been fooled.
For example, the Wulong Taoists who are sitting and waiting.
In addition, the news that the Western Heavenly King found out was deliberately released bit by bit.
The purpose is to just let the masters like Levi Garrison and Wulong Taoist encounter.
So there is a big battle!
Use the same method to kill everyone!
If Levi dies in battle, their people will come out to harvest everything.
If Levi Garrison was not dead, that would be the best situation.
They can later shape Levi Garrison into a big demon.
Let Levi Garrison fight the Erudia masters in a nest, thus further destroying and weakening the
strength of

Erudia martial arts!
A few minutes passed.
All the forces on the East Island have been tossed away.
Only the Wulong Taoists and the monarch covered in blood are left behind!
At this moment, Levi Garrison, who was on the fighter plane, received news from the Western
Heavenly
King.
It is a few photos.
In the photo, Levilia is covered in blood, and his pitiful appearance is pitiful.
When Levi Garrison saw the photo, his anger was widened, and his whole person was going crazy.
The bruises in his arm violently, as if to tear his skin out at any time!
He has a grim look, and his eyes are filled with anger.
A terrible killing intent radiated from him, and everyone felt the terrible killing intent. The scalp was
numb, and the cold air on the soles of
his feet rushed to the heavens… His eyes turned blood red, just like the devil.
The people travelling with him were all frightened.
For fear that Levi Garrison would get angry and kill them all.
Levi Garrison was extremely angry!
The anger of a father!
Who can bear it?
On the island.
Ten minutes passed.
But all the people who held the apprenticeship meeting were gone, and none of them were gone.
At this time, Wulong Taoist realized something was wrong.
"Go and see, all of them seem to be gone." As
soon as the Wulong Taoist uttered, everyone discovered the strangeness and went to the backstage
to check.
From this look, everyone found the problem.
The opponent all ran away.
All the babies along with everyone are swept away!
Nothing left!
Searching on the island, no one was seen.
The other party has already run away!

The Wulong Taoist in the auction hall said: "No need to look for it, they have already left! Very far,
far
away!"
Wulong Taoist has just felt it, and the perception of God Leiyin is completely gone.
It means that you are far away.
But Wulong Taoist is calm.
Because he doesn't lose anything.
Although Shen Lei Yin was taken away, Levilia he got it.
"Take her, let's leave!"
Wulong Taoist ordered.
The apprentice stepped forward and was about to take Levilia away.
"Hold on!"
someone suddenly shouted.
"Wulong Taoist is a bit inappropriate? That group is clearly a liar! Our things are lost!"
"Yes, we lost all of our treasures. Isn't it appropriate for you to take it away?"
...
Everyone stared at it. Wulong Taoist mentor and apprentice.
A flash of cold light flashed in the eyes of Taoist Wulong: "What does that have to do with the poor
Tao?"
"Yes, Master is right! You have lost things. Go find them. What do you do with us? It's not us. Let's
go!"
"Yes, what does it have to do with us? Besides, we got this child in exchange for God Thunder Seal!"
...
"You..."
Everyone was speechless for a while.
I don't know what to say.
There is a saying that this matter has nothing to do with the Wulong Taoists.
There is nothing wrong with them!
But the current situation is very embarrassing.
Everyone lost something.
Did Wulong Taoist get the benefits and let him leave?
impossible!
"No, you can't take this child away!"
Everyone stopped!

“Who dares to take my child away?”
???
The Return of the God of War [The Protector] Chapter 1824
A voice came down like thunder.
Excited.
The weaker person was directly shocked to vomit blood!
Everyone is dumbfounded at this moment!
Including the masters of the nine top rankings!
There is a brief absence at this moment!
“Crack!”
“Boom!”
“Boom!”
As soon as the sound came, a figure fell from the sky and stepped directly through the top of the
auction hall.
After landing, the earth trembled even more.
Rumbled.
Everyone was shaken!
After landing, Levi Garrison picked up Levilia for the first time.
He began to check Levilia’s situation.
He was relieved to make sure that Levilia was okay.
But he resisted without tears.
Later, the men who came with Levi Garrison rushed over.
“Watch your children!”
Levi Garrison handed the children to them.
With a pair of terrifying eyes, he looked at Wulong Taoist and them!
“Dare to move my child, you all have to die!”
Levi Garrison was very angry and angry!
“What a terrible breath! Hiss!”
“Are you the King of Heaven?”
Someone judged Levi Garrison’s true identity through his breath.
“Don’t care who I am, you are all going to die anyway! Those involved in this matter are going to
die!”
Levi Garrison’s red eyes, killing intent pouring out.
Everyone present suddenly felt the pressure!
Even the rest of the top ranking players feel threatened!
Before, they felt that LEvi’s Squad King had just been included in the ranking list, and the gap with
them was still not small.
Now it seems that he is not weak!
“The King of Heaven listened to us to explain…”

Someone wanted to tell the truth.
But Levi Garrison just arrived and didn't know what happened.
I don't even know that the one who actually set up the conspiracy left long ago.
In his opinion, it was among these people who captured Levilia and hosted the auction.
Anyway, kill them all, there is absolutely nothing wrong with it!
"Kill!"
Levi Garrison immediately punched.
Several Seventh Heavenly Powerhouses in front of him immediately began to block.
&
"Boom!!!" It's
just that Levi Garrison's punch is too terrible!
With a punch, the gods and ghosts trembled, and the world paled.
It seems to be with heavenly might.
"Puff!"
"Puff!"
…
All the masters splashed blood on the spot and all flew out.
The others haven't reacted yet.
Levi Garrison deceived him.
"
Boom boom boom !" "Boom boom boom!"
…In the
small space, all kinds of combat skills came out together with Levi Garrison's punches .
Levi Garrison crushed like a tank.
People kept flying out around.
Although those who came to participate in the auction were all masters of the Seventh Heaven or
close to the Seventh Heaven.
But in front of Levi Garrison, there was no way to stop him.
He is like the demon from Jiuyou Hell!
Gods and Buddhas are hard to stop!
Soon, most of the people who blocked him have fallen!
You know, they are all masters!
There is no way to stop an angry Levi Garrison!
"Huo… Huoyun Cthulhu's disciple?"
"It turned out to be the inheritance of that great demon! I said how could it be so powerful!"
"It turned out to be the descendant of the Ultimate Cthulhu!"

……
After observing Levi Garrison's battle, Wulong Taoists saw Levi Garrison's technique.
Don't look at Levi Garrison's tricks every time it was ordinary punches and kicks.
But this simple punch and kick is Huoyun Cthulhu's ultimate move!
One punch and one kick contains the most majestic strength and the most extreme speed!
In martial arts in the world, no firmness will not break, but quickness will not break.
This is the truth!
After simplifying the complicated tricks, it is speed and power.
Levi Garrison is now faster than others and more powerful than others.
So kill the Quartet!
This is also the foundation of Huoyun Cthulhu's foothold!
"In public and private, it seems that we can't let the descendants of this demon leave here!" After
Wulong Taoist and other masters of the Nine Great Summer Ranking glanced at each other, they
already had the intent to kill.
Soon, Levi Garrison finished dealing with the others.
There are only the nine strongest players standing!
The battle between the top players is coming!
The Return of the God of War [The Protector] Chapter 1825
Jianzixianji reminds you: After reading, please collect (), and then it is more convenient to look at.
But one thing is that Levi Garrison just wanted to kill someone angrily.
But when he did it, he still left behind.
They just maimed these people, but didn't kill them directly.
Later, he will ask who arrested Levilia…
"Masters of Tianban, must take down this demon! He is almost invincible!"
The people lying on the ground began to shout.
Their hopes are all in the top players of the nine top rankings.
Of course, they think that Levi Garrison, no matter how strong it is, is no better than the nine top
players.
After all, according to the ranking, Levi Garrison was at the bottom.
No matter how strong he is!
Wulong Taoist, Xuan Ming Dao Shen, these powerhouses absolutely dominate him!
This is the ranking of Tiance Mansion Tianji Pavilion!

Have absolute authority!
There is a ninety-nine percent probability that you can't go wrong!
"I can kill him alone!" The
Lord of the Crazy Dragon Palace, the Lord of the Crazy Dragon, stood up.
"I'm ahead of him in terms of ranking, and he won't be my opponent anyway!"
"You don't…"
What else does Taoist Wulong want to remind, the Crazy Dragon God of War has already been killed.
"The Fury of the Crazy Dragon!" Once the
Crazy Dragon God of War got started, it was the ultimate killer move.
In an instant the hall was razed to the ground.
The power of the mad dragon exploded, pressing on Levi Garrison continuously.
He was like a mad dragon.
The figure skyrocketed instantly.
The air surging around.
Gradually turned into a mad dragon, wanting to engulf Levi Garrison!
This is the nineteenth ability of the Heaven List!
"Broken!"
Levi Garrison snorted coldly.
One punch!
Suddenly tore the mad dragon infuriating.
"Puff!" He
slammed his fist heavily on the Crazy Dragon God of War.
The Crazy Dragon God of War was instantly lost, and the whole person flew out!
"You underestimate him, he is a descendant of Cthulhu!"
"He is almost in a state of being a demon!"
"Yes, let's go together!"
… The
rest of the top players have seen Levi Garrison's power. Later, they wanted to join forces to kill Levi
Garrison.
Lord Xuan Lei of the Palace of Xuan Lei!
The lord of Fenglei City, Fengleijian Supreme!
Xuan Ming Dao Shen, the lord of Xuan Ming Hall!
…
All the strong one after another came forward.
Except for the Five Dragons Taoists, all the other top seven strongest in the sky list all shot together
to kill Xiang Levi Garrison.

“Xuan Lei Gong!”
“Feng Lei Sword!!!”
“Xuan Ming Dao!!!”
... The
seven masters of the top rankings cooperated with each other tacitly, and the seven teamed up.
The strongest combat skills have hit Levi Garrison one after another.
Any space and route for Levi Garrison to escape was locked.
Let him go head-to-head!
The seven violent moves all came out, and they didn’t believe that Levi Garrison could stop them, let
alone that Levi Garrison could survive.
“Kill!!!”
Levi was full of fighting spirit, anger splashing in his eyes.
He hit the strongest punch yet!
There are no gods and demons in one punch!
“Rumble…” This
punch completely broke the speed of sound.
Punch out.
A long wave of air blasted out!
It’s like a plane flying in the sky!
The speed of this punch breaks the speed of sound, and the power breaks the mountains and rivers!
This is an unimaginable punch!
“Boom!” A
punch blasted out!
The strongest combat skills of the seven masters have all been broken!
“Kacha!”
Feng Lei Jian broke!
“Kacha!”
Xuan Ming knife burst to pieces!
...
“Puff!”
“Puff!”
……The
seven top ranking masters flew out one by one.
One punch!
Levi Garrison defeated the top seven masters in boxing!
They are also the top seven masters in front of him!
Plus the mad dragon god of war!
All the top eight top players have lost!

If this news spreads out, it will definitely cause a sensation in Erudia and the world!
The key is to join forces!
How terrifying is Levi Garrison?
Xuan Ming Dao Shen, Feng Lei Jian Zhi Zun these people are all scared stupid.
They couldn't imagine that Levi Garrison could defeat all of them!
shame!
Great shame!
In addition, this demon is the same as which evil god, who can be the enemy?
All hope lies in Wulong Taoist.
He is not a warrior.
Everyone prayed for his magic to suppress Levi Garrison!
The Return of the God of War [The Protector] Chapter 1827
After all, sorcery is not the same as martial arts!
Spells may kill people invisibly!
In addition, Wulong Taoist is the strongest one in the field!
It is very likely that a ranking is a huge difference!
So Wulong Taoists are very strong!
All the heavy hopes of everyone are on him!
Taoist Wulong looked calm and calmly looked at Levi Garrison.
"If you get caught with nothing, I can consider sparing you!"
Wulong Taoist gave Levi Garrison a chance.
In fact, the group of forces on the East Island have been observing here.
No one can find them just by using special methods.
After all, they still have to harvest in a while!
"Horrible! Terrible
, isn't it ?" "We thought that Levi Garrison was not an opponent, but we didn't
expect it!"
... The
warriors of the East Island were dumbfounded when they saw Levi Garrison so
strong.
"But this is better! The stronger Levi Garrison is, the more beneficial it will be to our
plan! The more real this is at the scene!" The
boss smiled.
On the island.
Levi Garrison had just punched the entire island devastated.
The entire island is sinking a lot.

The surrounding sea water is bubbling.
It was as if a tsunami was coming…It
was the first time he had encountered a master of spells like Wulong Taoist.
However, Levi Garrison had seen all of them in the ancient books left by the cheap
master and him.
The magic master is terrifying!
Any spell can kill people invisibly!
"Get out! You have to lose too!"
Hearing the provocative words of Taoist Wulong, Levi Garrison just punched out
without saying a word.
"Boom…" The
island couldn't bear the strong pressure, and sank again.
Seeing a punch hit Wulong Taoist.
I saw a spell in the Wulongdao population, and pinched a decision.
A spell is generated.
Turned into a barrier.
He abruptly blocked Levi Garrison's punch!
Upon seeing this, everyone present was overjoyed.
Sure enough, Wulong Taoist is strong enough!
He is the only one in the field who can hold Levi Garrison's punch!
This has never happened before!
"Continue!"
"Boom!"
Levi Garrison threw another punch.
Wulong Taoist concocted in the same way, and once again generated a spell, which caused the wind
to form a barrier, once again blocking the punch.
But his face changed slightly and his body trembled.
Obviously, playing such a spell is also very costly to him.
"I see how long you can carry it?"
"Boom!" The
third punch blasted out.
Wulong Taoist face was pale, and his figure was shaking.
"Boom!" The
fourth punch blasted out.
Blood spilled from the corner of Wulong Taoist's mouth.
"Boom!" The
fifth punch blasted out.

Wulong Taoist vomited blood violently, and the whole person was almost unable to hold it.
"Boom!" The
sixth punch blasted out, and the barrier formed by the spell was directly blasted to pieces.
"Puff!"
Wulong Taoist flew out directly.
Every time a spell is generated, it consumes too much for him.
Especially Levi Garrison's attack at this level!
If it weren't for Levi Garrison, he wanted to see what the spells were like.
Levi Garrison can solve it with one punch!
Wulong Taoist can only defend in front of Levi Garrison.
Offensive spells cannot be used at all.
At this time, no one was standing.
"Say, who arrested my daughter? Stand up!"
Levi Garrison asked, looking at everyone.
"No… it's not us, it has nothing to do with us, we are also framed!"
"Yes, someone planned all this!"
…
everyone began to explain.
At this moment, Levilia woke up and she shouted: "Dad, it's not them! It's someone else! I know!"
Levi Garrison quickly picked up Levilia.
"Go, let's leave!"
Since Levilia knew who was behind the scenes, Levi Garrison didn't need to check again.
These people will not be killed for the sake of the child's face.
It can also be considered as Erudia to save a piece of martial arts power.
After Levi Garrison took Levilia away in a fighter plane.
One person quietly appeared on the island.
He is like a god of death.
Start to harvest life…
The Return of the God of War [The Protector] Chapter 1828
Looking at the murderous figure.
Everyone felt a deep chill inexplicably.
They seem to be lambs to be slaughtered!
"Levi Garrison, didn't you all leave? Why are you back again?"
Wulong Taoist couldn't help asking.
"No, he is not Levi Garrison!"
Xuan Ming Dao Shen exclaimed.
Immediately, everyone felt that the breath of the incoming person was different from Levi Garrison.

”
Retreat, retreat quickly !” Everyone reacted and immediately retreated.
It’s just a fight with Levi Garrison.
Everyone is seriously injured!
Where can I run away?
“Stay here!”
A murderous intent flashed in the incoming person’s eyes.
He began to slaughter everyone on the island indiscriminately.
A few minutes later.
There are corpses all over the island.
None of the top nine masters and other masters are spared!
The island sank again.
After a while, it will be completely submerged by the sea.
After doing all this, the person still used to take out a white handkerchief and wipe the blood from
his hands.
Then left.
When this person leaves for a minute.
The masters of Tiance Mansion just arrived.
The time card is just right.
After Tianlong waited for the people from Tiance Mansion to arrive, he was shocked by the scene in
front of him.
The island was about to be sunk.
Everyone is dead.
“This, this…”
Everyone was so shocked by the scene that they couldn’t speak.
Tianlong sighed with regret: “Hey, we are a step late after all!” The faces of everyone were full of anger and self-blame.
They clearly knew that Levi Garrison came in a hurry, and something big must have happened.
Obviously chasing wildly behind.
But hurry up and hurry, but still failed to prevent the tragedy from happening.
They regret it.
Why can’t it be faster?
How good is it to stop Levi Garrison earlier?
But something happened.
Can’t tolerate them taking regret medicine!
“This is the eleventh Five Dragon Taoist in the Heaven List!”
“This is the twelfth in the Heaven List…
They counted the identities of the dead one by one. The

more they count, the more fearful!
Half of the big summer list is here! The
whole half!
There are also the ancient forces, and even the ancient forces in the adjacent areas.
This time it is big The power of Xia Wu Dao Realm was greatly weakened. It was
much more serious than Baiyun Mountain Villa.
After all, the participants this time were basically Seventh Heaven, or powerhouses close to Seventh
Heaven.
All were killed.
This loss is too great!
Erudia The martial arts world may be greatly injured!
This is a situation that has never happened before!
"Come on, there is still someone alive here! "The
yellow fox soon discovered that someone was alive.
Everyone immediately leaned forward.
Xuan Lang asked coldly: "Is it Levi Garrison who killed him?" "
Yes…yes…yes…"
The population was spitting blood, trembling all over, trying to tell the truth.
He wanted to say that it was someone else. But
it didn't happen for a long time. Say it.
"Woo! "In the
end, he didn't change it in one breath, and he died!
"Levi Garrison really is you!" ! ! "
Xuan Lang roared.
Before he died, this person had always been talking about-yes yes yes!
Plus the yellow fox, they checked it again.
This is indeed the Cthulhu's technique!
Only Levi was here just now, besides him, who else?
Even if things are unreasonable, seeing is believing.
Those details will be ignored!
unambiguous evidence!
Real Hammer Ye Levi!
Earth Tiger said angrily: "Levi Garrison is too ruthless, right? You want to kill everyone at every turn?"
"Yes, the devil is the devil! He regards human life as a must! Killing innocent people
indiscriminately!"
The

yellow fox also inhaled. Tone: "In fact, these people didn't do anything wrong, at most they wanted
to
accept his daughter as apprentices! Is there anything wrong with this? As for this kind of assassin?"
"Levi Garrison, you are crazy! You are going to go to Fire Cloud Cthulhu." The way, do you want to
overturn the entire Erudia martial arts world?"
Tianlong roared.
"No, I think he will target the entire Erudia!"
The Return of the God of War [The Protector] Chapter 1829
A big hat has been buckled on Levi Garrison's head.
Now his risk index is too high and too high.
A direct threat to Erudia's safety!
"If Levi Garrison doesn't get rid of it, he will definitely become the most dangerous disaster for
Erudia!"
Xuan Lang stared at several people: "You shouldn't stop me from the beginning! Let me kill him the
best!"
"But you are sure you can. Can you kill him?" The
others questioned.
If it were before this incident, Xuan Lang was full of confidence.
But today he saw a shocking scene!
Half of the big summer list is not his opponent.
What's more, so many Seventh Heaven's masters were dead.
How does he fight?
Levi Garrison is too strong, too strong!
To be crowned with the title of Devil, it means very strong!
The reception meeting planned by the forces of the East Island was perfect to the point of
perfection.
Collecting so many treasures, he severely damaged the Erudia martial arts world, and made Levi
Garrison
a super monster.
"This matter is of great importance and may cause great turmoil! Need to be reconfirmed!"
After the reinforcements from the Tiance Mansion and the Baolong clan arrived, they discussed.
"Understand!"
Everyone collected evidence again and sorted out clues.

“Hundred percent of the tricks to kill are from the tricks of Huoyun Cthulhu! It’s not wrong!”
“Levi Garrison just came here, and there was a big battle, that’s for sure!”
……
After collecting evidence and sorting out clues, it is confirmed that they are correct.
It was Levi Garrison who killed all the masters present and severely damaged the Erudia martial arts
world!
“Okay, the news can be reported!” After
the news is reported, everyone knows what it means!
Levi Garrison will become the enemy of Erudia! ! !
Facing the crusade from the Erudia martial arts world, even the martial arts world in the surrounding
area will also crusade against Levi Garrison.
The problem is too big!
Something happened!
On the way back, Levi Garrison also realized this.
Something will happen!
Through everything that Levilia described to him.
Levi Garrison had guessed that he was framed!
This is a game!
Because of Levilia, he must step in!
And the other party designs everything.
Specifically for Levi Garrison’s weakness!
The situation was so urgent that he didn’t have any time to think about other things.
But for Levi Garrison, as long as Levilia is rescued, nothing else is a matter.
Even if he was framed or wronged, he endured it.
“Wang, do you need to go back now?” the
subordinate not only asked.
“It’s too late to go back now, the people from Tiance Mansion have arrived!”
Levi Garrison took a deep breath: “If nothing happens, everyone on the island is dead!”
Suddenly, thinking of something, Levi Garrison immediately contacted Xi.
Heavenly King: “Xiaoxi,
quickly
check the situation of those people in Baiyun Villa!”
He realized an extremely serious problem.

A few minutes later, news came from the Western Heavenly King.
"Wang, Baiyun Mountain Villa's tens of thousands of warriors have all died, and no one is spared! It's
just that they deliberately suppressed this matter in Tiance Mansion!"
"Wang, it seems that they have put all the charges of Baiyun Mountain Villa on you!"
… …
Levi Garrison couldn't listen to what Xitianwang said later.
It turned out that this game had already been designed.
He didn't even know the key.
He finally understood why Tiance Mansion had targeted him for no reason and had such a bad
attitude towards him.
No matter how bad it is, he is also the king of the word side by side!
No wonder Tiance Mansion tried its best to take Levilia away…
Everyone is afraid of this situation.
A demon's daughter, with the highest level of talent, staying beside the demon, is this still worth it?
Can't wash it!
At this time, he had a hundred mouths and couldn't tell.
If it was only Messiah, Messiah would almost believe it.
But now it is Tiance Mansion and Baolong clan who are dealing with everything.
Facing the ironclad evidence, they won't believe that they have anything…
Levi Garrison started to have a headache…
The Return of the God of War [The Protector] Chapter 1830
"Wang, the opponent is clearly set! They want to make you a big monster!"
"Every time after you leave, the people from Tiance Mansion will arrive immediately,
and the time is just right!
" This obviously makes the Tiance Mansion and Baolong clan want to deal with you,
and even cause a battle between you and the Erudia martial arts world! This will greatly
weaken the strength of the Erudia martial arts world!"
…
Several colleagues in the same industry began to analyze The current situation.
Levi Garrison nodded again and again.
They are all right!
wrong!

have a question!
Suddenly Levi Garrison thought about the problem.
Killing tens of thousands of people and getting rid of all the Seventh Heavenly
Powers on the island is not a simple matter.
Although they are all injured!
But in this very short time when Tiance Mansion arrived, it was not an easy task to
kill so many masters and then retreat all over.
You have to leave no traces!
It shows that it was not a large number of masters who shot the massacre, but a few
people, or even one person.
In addition, Tiance Mansion is the strongest ancient martial arts institution in Erudia,
and the people in it are not ordinary.
They are not fools.
Don't you see the clue?
Those people died completely from the second injury.
Can't they tell?
If you really can't see it, it can only explain one thing-the person who does it uses
the same technique as Levi Garrison.
Perfect grafting, leaving no clues.
The same technique as yourself?
Thinking of this, Levi Garrison was startled in a cold sweat.
In these two massacres, the best way to blame yourself is to use your own practice!
But my own practice was passed on to me by the cheap master!
It can't be the hand of the cheap master!
Who could it be?
Still this exercise?
And it seems that the strength of this person is definitely not low.
In this way, I can't tell even more.
What to do? It is estimated that soon you will become the public enemy of the Erudia martial arts world! Countless people will attack you in the future! "
Several men asked.
One of them said : "I think you have to hide first to avoid contact with Tiance Mansion and other people!" This will minimize the damage and impact! "
Yes, once you come into contact with them, it becomes more and

more unclear if there is a conflict!" "
…
Levi Garrison rubbed his temples and said coldly: "Let me think about what to do. It's best to get the person behind the scenes out!" "
…
On the other side.
The group of forces on the East Island have already evacuated.
"Fortunately, you! "
Everyone who shot directed at the bow.
" This time I have mistakes, but fortunately just that people did not tell the truth! "
It turned out that the Higashishima group left.
But Ono Ichiro was always around.
He saw a picture of a person not dead.
"Be careful next time!" Fortunately, God helped us! He still didn't say it after all! "
" Ah! "
All the monarchs are fortunate!" But our plan has just begun! "
We must continue to add fuel and fire!" Take the name of Ye Levi 's demon! "
Let him have to fight against Erudia Martial Arts World!" Confrontation with the Baolong clan of Tiance Mansion! "
…
The plan of the East Island forces has just begun.
Tianlong and the others have reported everything to the Tiance Mansion and Baolong clan.
The senior officials of Tiance Mansion and Baolong clan met for the first time to discuss.
"Can't let him go on like this anymore!"
"First, let Messiahi cancel his position as the king of the word side by side!"
"Second, from now on, pursue Levi Garrison with all his strength! No matter what, catch someone first! "
Third, Levi Garrison's daughter must be brought to Tiance Mansion!"
"Special attention must be paid to never let him leave Erudia! Once we leave, it will be difficult for us to catch it!"
This is Tiance Mansion's decision.
These three orders are going out, Erudia is going to make a sensation…
???
The Return of the God of War [The Protector] Chapter 1831

Messiah was dumbfounded after receiving the news from Tiance Mansion and Baolong clan.
Especially seeing the iron evidence, each is even more embarrassed.
”Anyway, I believe in one word side by side king! Just seeing him practice the demon head’s
exercises, he is said to be evil? Who believes it?”
”Yes, even if you say one word side by side king’s exercises. It’s very extreme indeed. But has he
done anything that is not good for Erudia?”
…
After experiencing the first few things, Messiah had a strange trust in Levi Garrison.
Even in the face of ironclad evidence, I didn’t believe it.
”Let us cancel the identity of the king of the word side by side? Impossible!”
”Hurry up and give the Tiance Mansion a message, let’s not do it!”
”We can’t order them, and they don’t want to order us!”
…
Messiah still didn’t. Willing to punish Levi Garrison.
At this moment, Messiah received a satellite call from Levi Garrison.
”What?? You said, you want to cancel the identity and all privileges of the king of one word?”
The person who answered the phone looked incredible.
Levi Garrison took the initiative to revoke the identity and privileges of the one-word side by side
king!
”It’s too late for nonsense! Hurry up! Listen to me! Listen carefully…”
Later, Levi Garrison exhorted a few more words.
”Understood, we will do it immediately! Absolutely confidential!”
…
Finally, Messiah passed the plan sent by Tiance Mansion.
Three orders will be issued soon!
But just before the three bans were issued, a piece of news caused a sensation throughout
Erudia and the whole world.
Tianji Pavilion suddenly updated the Great Summer Land List!
The list of places, that is, the list of Tianjiao almost does not move.
But only one person’s ranking has changed.
Levilia , who was originally ranked 20th at the end, suddenly soared to sixth!
Tianji Pavilion explained this with only eight words—the talent is the first, and there is no one

forever!
The meaning is obvious!
Levilia ‘s talent is the best in the past and present!
Others are on the list with real power, but Levilia is on the list with talent!
But this is not compelling!

Levilia 's talent is the best in the past and present!
Others are on the list with real power, but Levilia is on the list with talent!
But this is not compelling!
& The most eye-catching thing is the change of the top list!
The eleventh to nineteenth strong players on the list are all removed!
Immediately there are new strong players to add up.
The news of the death of the Ninth Heavenly Ranking Master of Wulong Taoist also spread out
for the first time!
All dead.
So get off the list!
But the most important thing is the change in the ranking of the twentieth LEvi's Squadwang.
Soared directly from the twentieth to the sixth!
The reason given by Tianji Pavilion- LEvi's Squadwang is one of the nine masters on the list of
consecutive killings, as well as eighty-seven Seventh Heavens and 193 nearly seven-fold powerhouses!
Below the eighth heaven, he is invincible!
This ranking is obvious!
Starting from the fifth place, it is the realm of the eighth heaven powerhouse.
That's another level.
But at this level, LEvi's Squadwang is invincible.
So he ranked sixth!
But the heaviest news is yet to come!
Tianji Pavilion subsequently announced the true identity of LEvi's Squadwang!
The King of Heaven is the first powerhouse in the last big summer list-the ultimate Cthulhu, the
descendant of the super demon Huoyun Cthulhu!
Once one person beat all the strong on the top list, no one is his opponent at all!
It can be said that it was the Evil God Era!

The last time Tiance Mansion and Baolong clan were born, it was also in the Evil God era!
These ancient forces, when it comes to the evil god of Fire Cloud, they all have a broken heart!
At that time, they were all in fear of being dominated by evil gods.
Originally thought Huo Yun Cthulhu had completely disappeared.
As soon as this news came out, the Erudia martial arts world was about to explode.
Even those ancient forces who have not yet come out of the hidden world are going crazy!
The descendant of the ultimate evil god?
This is also terrible!
And looking at this trend, the descendants of the Fire Cloud Cthulhu are likely to top the top of
the list again!
That will be the end of Erudia!
Erudia martial arts world doesn't want a second evil god to appear!
Must get rid of before he grows up!
King LEvi's Squad must die…
The Return of the God of War [The Protector] Chapter 1832
Shock!
All Erudia was shocked!
Those ancient forces that are deeply hidden can't sit still!
Even ordinary people can't sit still!
If such a demon appears, it will be a disaster for everyone!
In this way, King LEvi's Squad will become the enemy of Great Xia!
Everyone gets punishable!
Soon the story of the King of LEvi's Squad slaughtering thousands of warriors at Baiyun Mountain
Villa and the killing of masters of the top ranks on the small island of the East Erudia Sea spread!
The news that the King of Heaven was Levi Garrison was also made public.
One piece of evidence after another was also posted.
And the fact that evil men follow Levi Garrison in a crooked way has also been made public.
Even more realizing the identity of Levi Garrison!
Soon, Messiah released the news.
Levi Garrison was revoked as the king of the word side by side.
Quan Erudia made a sensation again!
Now everyone did not dare to do anything because of Levi Garrison's identity.

Now Levi Garrison has no identity, everyone can kill him!
The news spread out like a tide.
After the announcement of Tianji Pavilion.
Levi Garrison also received it immediately!
"Heir of Huoyun Cthulhu? Could it be said that the cheap master was the number one Huoyun
Cthulhu in the sky?"
Levi Garrison was very shocked.
Perhaps Master left the prison because he knew that sooner or later he would be exposed?
But the master said it was a demon?
impossible!
So how can a kind old man be a demon?
That's right.
Many of the exercises that the cheap master passed to him were extreme and eager for success.
It can indeed be classified into evil ways.
But how to use the exercises still depends on whether your mind is upright.
For example, he passed the exercises to Xiao Feng and others.
Are these people the devil?
No!
On the contrary, Xiao Feng and the others are also actively contributing to Erudia!
In addition, Levi Garrison read countless people.
The old man is not only not the devil, but on the contrary, he is still a good man.
But when the Western Heavenly King will fire the cloud evil god
After the top-secret information of Levi Garrison was passed to him, Levi Garrison began to doubt
again.
Because in the data, the evil god of fire cloud is a cruel and terrifying evil god!
Killing is as commonplace.
There are only cruel methods you can't think of, nothing he can't do.
Look at the dozens of pages of atrocities listed!
cruel!
Violent!
Mood!
It's no different from a beast!
...
This is everyone's impression of the Huoyun Cthulhu!
His crimes are endless!

The Huoyun Cthulhu is a great demon that everyone gets and punishes!
Even Levi Garrison couldn't help but get rid of the Huoyun Cthulhu!
Is this a cheap master?
Isn't it?
How does this make Levi Garrison believe?
Maybe there is a hidden story that he doesn't know!
Now unless he asks the cheap master in person, Levi Garrison doesn't believe it.
But in any case, Levi Garrison always felt that the legendary Fire Cloud Evil God and the cheap
master were different.
But he happened to be the descendant of the Huoyun Cthulhu!
There is no doubt about this!
"Wang, next, Erudia will have no place for you for the time being!"
"Erudia Martial Arts and Tiance Mansion will not let you go! But if they come to deal with you,
you can't kill , The situation is so difficult!"
…
Levi Garrison was lost in thought.
He was thinking about what to do next…
Then, Tiance Mansion once again released the news through Messiah.
Directly point out Levi Garrison's daughter Levilia …
Why doesn't Levi Garrison want others to accept his daughter as his apprentice?
Now the reason is clear!
It was Levi Garrison's fear that others would know that he was the descendant of the Huoyun Evil
God!
After all, this child is now a descendant of the Heretic God.
The body is more or less breathable.
If others can see it, his identity will definitely be exposed.
That's why this child is hidden.
For the present.
On the one hand, Tiance Mansion pursued Levi Garrison, and on the other hand, he brought
Levilia to Tiance Mansion to purify her inheritance of the evil spirits and cultivate her into a decent
figure.
The Return of the God of War [The Protector] Chapter 1833
Now every message comes out.
It's all against Levi Garrison!
Will intensify the contradiction step by step!

This is the result the East Island forces want!
It was to push Levi Garrison into a desperate situation.
Let him fight back.
Great collision with Tiance Mansion and Erudia Martial Arts World.
No matter who wins, they are all reaping the benefits.
What everyone did not expect was that it was even out of the East Island forces and Tiance
Mansion.
Followers of those evil gods.
They are also the evil demon outsiders in the eyes of the decent, they actually appeared one by
one at this moment.
Once in the era of Cthulhu.
They follow Huoyun Cthulhu, so decent that they can't lift their heads, what a beauty.
But since Cthulhu ended.
They were purged by decent and the Baolong clan of Tiance Mansion.
The major forces that survived were also forced to the corners of Erudia, hidden, and lived an
extremely dark life.
If it weren't for the news from the evil gods, I'm afraid they would be born, old, sick, and die in
the dark for the rest of their lives.
How dare to come out for half a minute!
But now it's different…
"The descendants of the Heretic God? Doesn't it mean that we will have a leader in the future?"
"We have waited for this day for a long time. We can't wait for the Heretic God, and we can
wait until the descendants of the Heretic God
can lead !" We reshape the glory of the evil god Huoyun !"
…
Followers of the evil god with the backbone of the master's heart have appeared in this world one after
another.
They want to follow Levi Garrison! ! !
No one thought of this!
These ancient Cthulhu forces actually appeared one by one!
Their strength is stronger than those evil ways that follow Levi Garrison.
Back then, under the leadership of the Huoyun Evil God, they could compete with the entire
Erudia martial arts.

Hidden so deep now is to avoid Tiance Mansion and Baolong clan.
”Hurry up and release the news! If anyone dares to move the descendants of the Heretic God,
whoever is going to do it right with us!”
”All of us will follow the descendants of the Heretic God!”
… As
soon as the news came out, Erudia boiled again.
Even Levi Garrison was dumbfounded.
& What’s this?
A group of evil spirits outsiders are coming to follow themselves?
It is not enough trouble himself too it
would have been in trouble a lot.
Now they are glued up one by one.
The big moves of the followers of Cthulhu have further confirmed Levi Garrison’s identity as the
devil.
I really can’t clean it anymore now.
However, the appearance of the followers of Cthulhu makes the East Island forces who plan
everything more excited.
What I really want to come.
Before, I was thinking that Levi Garrison was fighting alone, and facing the entire Great Xia, he
might be alone.
Unexpectedly, these evil masters all appeared.
This greatly enhanced Levi Garrison’s strength!
This way, it is more advantageous to fight against Erudia martial arts world.
Everything develops according to their plan.
The confrontation between the two powers is bound to hurt both sides.
Erudia martial arts world only needs to suffer a lot of vitality.
The Higashishima Budo World will be the time to rise.
”In a few days, we will start the second plan! The future of the Erudia martial arts world will be
completely destroyed in one breath!”
…
the appearance of the followers of the evil god caused chaos on all sides.
Tiance Mansion and Erudia Martial Arts Realm take this to play.
Especially they began to have reasons to blame Messiah.
”Do you see the impact? Do you still dare to say that there is no impact?”
Messiah was speechless.
The followers of Cthulhu are not Levi Garrison.

They could not decide what to do.
It happened that they appeared because of Levi Garrison.
These disasters can be attributed to Levi Garrison!
”Now Levi Garrison’s threat is already close to that of the Huoyun Cthulhu back then!”
”The Huoyun Cthulhu was at level eight in the past ! Levi Garrison is now at level seven!”
This level is the level of Tiance Mansion.
It was enough for the fundamentalists of Tiance Mansion and Baolong Clan to take action.
”Give out the order, no matter what, you must capture Levi Garrison before Levi Garrison and
the evil gods follow the army!”
...For
a time, the masters of the Erudia martial arts world are all out…
“Zhen Country War God” source:
The Return of the God of War [The Protector] Chapter 1834
Although it is said that these martial arts forces are their own kings, they are used to freedom and never
want to be restrained.
But that’s because the restraints are not in place!
Under the strong intervention of Tiance Mansion and Baolong clan, many ancient martial arts
forces had to listen to them.
It’s just that there is less control and less intervention.
However, once something happened, Tiance Mansion and the others ordered them, and these
martial arts forces had to act obediently.
The voice of crusade against Levi Garrison resounded all over Erudia.
In addition.
The ancient forces of several countries adjacent to Erudia also began to fight against Levi
Garrison.
After all, in the Battle of Kojima, their power also lost a lot.
Everything is to blame on Levi Garrison’s head.
There were big movements everywhere.
Immediately, the East Island forces began to refuel.
They set off disputes all over Erudia.
They pretended to follow Levi Garrison’s evil ways, and started a battle with the martial arts
forces.
There are battles everywhere.

Both sides suffered heavy casualties.
In the beginning, their people pretended to sow discord.
In the end, the true followers of the evil god also began to fight with the Erudia martial arts
world.
There are "good and evil" contests everywhere.
The East Island forces who had done all this quietly exited, and no one noticed their existence at
all.
This matter gets worse and worse!
One by one super ancient forces slowly surfaced.
One by one the demon powers that were not ashamed of the Erudia martial arts world also came
out.
The two sides fought so hard…
the Erudia martial arts world was in chaos.
Completely messed up!
A catastrophe is coming!
The East Island forces sit on the mountain and watch the tigers fight!
At this moment, the public already knows that the
former one-by-one Wang Levi Garrison has become a demon!
The existence of everyone crusade!
The Lopez and Black family also knew about this.
"I understand! Why Levi Garrison, an ordinary person, can become the god of war in a country,
and even the king of one word! It turns out that he is the descendant of the demon! The exercises he
practiced are all eager for success, and in a short time The most extreme way to reach the best level!"
"For ah, yes! Why did he grow so fast? Is not this the reason? Chose the crooked ways!"
……
After analysis, everyone dumbfounded.
In the eyes of ordinary people.
Levi Garrison's growth is cheating.
Don't go the right way!
From the point of view of the warrior, he is the descendant of the Heretic God, the great demon
of the future!
"Now, it's not just his problem! All the people involved with us will suffer unwarranted
calamity!"

”Heavenly slain Levi Garrison, now we have to become the enemy of Great Xia!”
…
Everyone is anxious Cried.
Especially Zoey, his body was shaking with fright.
In just one day, there will be such a big change.
She always felt that Levi Garrison had a secret.
Unexpectedly, it turned out to be this!
The descendant of the evil god!
Guai had to be willing to give Levilia to others as apprentices, because he was afraid that his
secret would leak out.
Even Zoey understood why Levi Garrison has been so low-key?
Never reveal your identity or exercises in front of your family.
It was not clear before.
Everything is clear now!
I’m just afraid that my identity as a descendant of the
Heretic God will be exposed…It’s not that they are thinking.
It is everything exposed now that makes them think so.
They became more and more sure that Levilia hadn’t lost it, it was Levi Garrison who hid it.
I was afraid that Tiance Mansion would discover something.
The situation is dangerous now.
Not only Levi Garrison became the target of public criticism.
All of them are ruined!
Levilia ‘s future is basically ruined!
”Levi Garrison, I hate you to death!!!”
Zoey roared.
”What we are most worried about now is Levilia , he and Levi Garrison are too dangerous!”
At this moment, Levi Garrison and his party have returned to Jiangbei.
”Wang, what do we do next?
The Return of the God of War [The Protector] Chapter 1835
”I definitely can’t show up now, the only thing I worry about is the safety of
my family!” “So you send Levilia to my mother first! The rest, you listen to my news!”
Levi Garrison still separated from Levilia first. Up.
After all, Levilia is in great danger following himself.
This is something he doesn’t want to see.
In the base of Shenlong Science and Technology Alliance.
Xu Zhengjie laughed wildly after hearing all the news.

”It’s God who helped me too!!!”
”Levi Garrison, you didn’t expect that there will be this day, right?
Erudia’s public enemy!
Hahaha, God has eyes!”
…
Xu Zhengjie was overwhelmed with excitement.
He clenched his fist tightly, and his eyes flew out.
The grudge between him and Levi Garrison was deep.
He would love to see Levi Garrison like this.
In addition, Levi Garrison was in this situation, and no one cared about him.
A Wen Lei has no threat at all!
”I have obtained the qualification for use in Lab One! I am about to carry out my great plan in
Lab One! No one can stop me!”
Xu Zhengjie’s face was crazy.
These days, he is thinking of finding an opportunity to start planning.
Although Levi Garrison no longer pays attention to him.
But Wenlei is always a hidden danger in the science and technology base.
It happened that Levi Garrison had something to do, and his opportunity came.
Now he doesn’t care about Wen Lei.
Even if Wen Lei sees his conspiracy, what?
Without Levi Garrison, she couldn’t stop it at all.
The people in the entire base believed in themselves, Wen Lei used the lead to stop it?
Soon, Xu Zhengjie set a specific time.
Even arrange everything related to the experiment.
Immediately, the whole base was boiling.
Laboratory No. 1 is the largest laboratory. Every time it is opened, it will surely host a super large
experimental project.
The main reason is that the instruments in Laboratory No. 1 and others are burning money once
they are activated.
It is difficult for general experiments to afford such large expenses.
The frequency of use in Lab One is very low.
It may not be used once a year.
This time Xu Zhengjie was granted permission to use Lab No. 1 to make a sensation in the entire
base.
& The experiment is scheduled for tomorrow.

After Wen Lei got the news for the first time, her face changed drastically.
Her right eyelid jumped wildly.
Something will happen!
Her first instinct!
She has been observing Xu Zhengjie.
Although he has made a lot of outstanding contributions in previous experiments.
But his subsequent experiments have not yet reached the point of using Lab One.
This is obviously a problem!
His action is about to begin!
But the leaders of the base and everyone trust him!
He even thinks that he can lead the Shenlong Technology Alliance to a higher level!
"No, I have to stop him!"
Wen Lei knew that she was not strong enough by herself.
She immediately thought of Levi Garrison.
She quickly dialed Levi Garrison's contact information.
It's just that no one answered at all.
Only then did she browse the news on the computer that Levi Garrison became the descendant
of the Heretic God.
During this time, she has been in the laboratory.
I don't know anything about what's happening outside.
Now that she saw the news, she was also amazed.
"It's over, it's over!"
Levi Garrison couldn't count on it.
He cannot protect himself.
Now, no one can stop Xu Zhengjie.
"do my best!"
Wen Lei plucked up the courage and told her direct leader-Team Leader Xie Zhengfeng.
As a result, Xie Zhengfeng yelled at him.
"When is it all, still doubting his comrades? Xu Zhengjie has changed his mind. He can't do
anything that threatens Erudia!"
"I don't want to hear similar words again in the future!"
Xie Zhengfeng was very angry.
"But he…"
Wen Lei wanted to say something else.
Xie Zhengfeng cursed: "You go quickly! Well, once Xu Zhengjie does anything, I will bear the

consequences!”
Wen Lei was turned away.
She looked depressed.
”Something big!”
???
The Return of the God of War [The Protector] Chapter 1836
”What’s the matter?” A
voice sounded.
Wen Lei turned around to take a look, not knowing when Xu Zhengjie was already standing next
to her.
”No…nothing…” For
some reason, Xu Zhengjie smiled like a demon at this moment.
Wen Lei felt terrified.
Xu Zhengjie kept staring at her: “By the way, Miss Wen, my great experiment will start tomorrow.
Would you like to witness it?”
”No, I still have things to do!”
Wen Lei quickly refused.
She felt that Xu Zhengjie was going to have something big.
”That’s a pity!”
Xu Zhengjie smiled.
Seeing Wen Lei leaving in a hurry, Xu Zhengjie revealed a bloodthirsty murderous intent: “I will
be the first to have you at the surgery tomorrow!” On
this day, the entire Shenlong Science and Technology Base is preparing for Xu Zhengjie’s
experiment.
I have to say that Laboratory One is the strongest laboratory.
Even Xu Zhengjie has calculated that if the experiment fails and a super big explosion occurs,
other laboratories are afraid that they will fall apart.
But Lab One can be completely blocked!
This is Xu Zhengjie’s ideal laboratory.
His previous laboratory didn’t have this intensity, which is what he dreamed of.
The other side.
Levilia was sent to Jiang Hai Zhou’s house.
The Zhou family naturally also knew about this.
Levilia was sent here suddenly, and everyone was frightened.
”Levilia , where did your father go?”
Emma asked.

The sensible Levilia shook his head: “Grandma, Levilia doesn’t know where Dad is.”
”What should I do next?”
Emma knew that many people would come to the door next.
It is difficult for the Zhou family to protect Levilia .
What’s more, now everyone wants to catch Levi Garrison.
Levi Garrison couldn’t catch it, or couldn’t find it.
Naturally, they would come to Levi Garrison’s family.
Such as Levilia and myself.
If you catch them, threaten Levi Garrison to show up.
Levi Garrisonzai
It is the demon in their mouths, facing the mother and daughter, they also have to show up.
”Then Levilia and I have to hide quickly?” After
Emma thought about the stakes, she wanted to take Levilia to hide immediately.
”Auntie is late! I just received the news that everyone knows that Levilia appeared in Zhou’s
house! Now a large number of masters are coming to Zhou’s house!”
Zhou Nanyan exclaimed.
”How can that be good?”
Emma was anxious like an ant on a hot pot.
”Da da da…”
At this moment, black figures appeared in Zhou’s manor.
They came directly to Levilia and Emma.
Zhou Nanyan, the most powerful of the Zhou family, stopped in front, but couldn’t even stop the
opponent with a finger.
”Take people away!”
These mysterious masters took Emma, Zhou Nanyan and Levilia away.
It disappeared instantly without a trace.
Just the moment they left.
The masters came one after another.
”What about people?
What about people?” “What? People have been taken away?”
”Who is it! Go, catch up!”
…
batch after batch of masters chased up.
Soon, news spread that the three of Levilia were taken away.
It even reached the ears of Tiance Mansion.
”What? People have been arrested? Could it be that some overseas forces have arrested people

during the chaos?”
”Absolutely! This is a good opportunity for them! The talent of this kid is the best to be
captured. If it is killed, it will be Erudia’s loss!”
”Look, quickly send someone out to look for it. Be sure to look for the kid. Come back! This
order is no less than catching Levi Garrison!”
…
The news that Levilia was taken away quickly reached the ears of Lopez and Black’s family.
Zoey is going to explode.
”Ye… Levi Garrison, what are you going to do?”
”You have to send your child to mom. Now that you are all right, you have been arrested. I will
never forgive you for the rest of my life!”
Zoey was crying.
In times of crisis, bad luck happens one after another.
:
The Return of the God of War [The Protector] Chapter 1837
Levi Garrison becomes a public enemy first!
Xu Zhengjie’s terrible experiment is about to be completed!
The daughter and mother were even arrested!
When people are going downhill, all the troubles will follow.
The situation is worse than expected.
Soon, a group of black-clothed and masked masters appeared outside Zoey’s residence.
However, there has long been a master of Tiance Mansion guarding it.
”Who are you?”
Both sides met.
The masters in black ran away immediately.
The Tiance Mansion that received the news is more and more sure that there are overseas forces
taking advantage of the chaos and wanting to attack Levi Garrison’s family.
Levi Garrison is now the enemy of Erudia.
If overseas forces seize Levi Garrison’s weakness, they can use it to coerce Levi Garrison into
overseas.
This is terrible for Erudia.
Levi Garrison is already sixth in the summer list.
What’s more, he is a descendant of the Heretic God, this threat is too great.

Once joining overseas, that is the real disaster for Erudia.
What's more, a large group of Cthulhu followers are gathering towards him.
If this force overlaps, it would be terrible!
"First, immediately find Levi Garrison's daughter and mother!"
"Second, be sure to protect Levi Garrison's other family members! No one can approach!"
...
Tiance Mansion immediately ordered.
Zoey and others were well protected, let alone captured, it was impossible to get close.
But they never expected that this was Levi Garrison's strategy at all.
Because the person who took the three of Levilia was not someone else but Levi Garrison's
dispatch.
This was exactly what Levi Garrison had planned at the beginning.
Now Levi Garrison is targeted by Erudia and even several neighboring countries.
For a long time to come, Levi Garrison will be in the stage of fleeing.
Daughters, mothers and wives, he can't bring them with him.
But their daughter was not around, and Levi Garrison was worried again.
After all, his absence, the safety of relatives cannot be guaranteed.
& The other party will even use these relatives to force him to show up and force him to submit.
Levi Garrison didn't want to be passive.
So he came up with a perfect solution.
He deliberately sent Levilia back to Zhou's house, and also let out the news, which caused
concern.
I asked the secret team to arrest Mother and Levilia again, and he still arrested them in a fair
manner.
This is seamless.
First, all Erudia knew that Levilia and his mother were arrested, but there was still no trace.
Secondly, Tiance Mansion and the others would suspect that it was the hands of overseas forces,
and then they would protect the remaining Zoey and others.
In this way, the few people Levi Garrison cared about were all safe.
Levi Garrison solved the safety of his relatives with a small strategy.
Next, he can do his things wholeheartedly.
Levi Garrison came out with this scheme.

The chain reaction caused is also big.
The followers of Cthulhu all recognized Levi Garrison as the master.
Now the master's mother and the young master have been arrested.
One by one was frustrated.
These evil demons began to search for the whereabouts of Levilia and Emma all over Erudia.
Tiance Mansion and Erudia Martial Arts Realm are also actively looking for…
and the East Island forces are also confused.
"The person was taken away? Who is so fast? Even us didn't react?"
They still want to arrest Levilia .
"You said it shouldn't be the war eagle country?"
someone asked .
Who is Levi Garrison's number one enemy?
That is the war eagle country!
A few days ago, Levi Garrison's strength caused the war Eagle Nation to lose all of its people.
The Eagle Nation has been forbearing!
Now that this kind of opportunity arises, it is normal for them to take action.
The leaders of the East Island forces began to be dumbfounded.
"If the forces of the Eagle Nation intervene, it will be troublesome for us! I don't want to
cooperate with them!"
…
There are many chain reactions of this kind.
It seems that the whole world is going to be chaotic.
But another big event is about to happen…
The Return of the God of War [The Protector] Chapter 1838
That is Xu Zhengjie's experiment.
The entire Shenlong Technology Base is looking forward to it.
Wen Lei thought about it all night, but couldn't stop him.
You can only take one step and see one step.
What if you guessed wrong?
Xu Zhengjie was fine at all…
soon, came the next day.
Laboratory No. 1 was opened for the first time this year.
Xie Zhengfeng and other team leaders arranged everything Xu Zhengjie needed.
Especially the staffing, they all worship Xu Zhengjie without a brain.
When Xu Zhengjie entered the first laboratory, he specifically urged people to look after Wen Lei.

Wen Lei also has permission to enter Lab One, but it is on the outermost layer, and everything
inside can be seen through the special glass.
Wen Lei was in a very complicated mood at this time.
Once Xu Zhengjie's experiment is harmful.
Then, she could only watch, but couldn't stop it.
Within an hour, Xu Zhengjie and the team members made all the preparations before the
experiment.
This experiment is to generate super energy by the collision of super energy particles.
This kind of super-energy particle has not appeared in the world so far!
It was discovered by Xu Zhengjie during the experiment!
Once this energy is controlled, it will be great progress!
So the entire science and technology base is looking forward to it.
This is why everyone value Xu Zhengjie!
But another point is that the experiment will fail!
Once it fails, the power of this energy is too exaggerated.
If it spreads out, it can definitely destroy the entire base.
Only Lab One can stop it!
Although Xu Zhengjie's experiment has a high success rate, everyone still wears the highest level
of protective clothing.
The experiment is carried out.
Super particles keep colliding and experimenting…
Time flies by minute by minute.
Seven or eight hours passed.
The experiment has been carried out thousands of times.
In fact, the previous ten experiments are laying the groundwork, and Xu Zhengjie already has a
lot of data.
However, in order to improve the success rate of the experiment, Xu Zhengjie conducted more
than 8,000 experiments in the first laboratory.
Now he has a bottom in his heart!
& Next, the most critical time for the experiment has arrived.
I don't know why, Wen Lei's right eyelid jumped so hard.
Her heart started beating wildly, as if to fly out of her throat.
Something is going to happen!
The experiment is carried out.
Super-energy particles are about to collide.
This collision, if it fails, the power will be unimaginable.

Everyone is very nervous.
Although wearing protective clothing, it may still be unstoppable.
But when everyone was considering whether the protective clothing could block the collision of
super-energy particles, Xu Zhengjie did a crazy thing.
He took off his protective clothing!
This scene caused chaos in the laboratory.
Everyone was stunned.
"He… what is he doing
?? " "Xu, you are crazy? What are you doing?"
"Hurry up and put on the protective clothing! You are in danger like this!"
…
everyone shouted.
This level of particle collision, although a little energy is released, is enough to obliterate people.
So Xu Zhengjie is crazy!
"No, I know what I'm doing!"
No matter what, Xu Zhengjie walked towards the particle collider step by step.
His face was full of madness and inexplicable smile.
Although it has not officially collided, a powerful energy field has been formed.
Xu Zhengjie quickly walked into the energy field.
In an instant, the hair on his body was erected, and his hair was erected, like steel needles.
Everyone was terrified.
It is likely to be unable to withstand the energy of the energy field and be exploded into blood
mist.
But Xu Zhengjie didn't care at all!
He is like a lunatic! ! !
"Did you see it? This is a genius! Crazy genius! Do the others dare?"
"Applause!!!"
Xie Zhengfeng, who saw this scene through the special glass, began to applaud.
Others also applauded.
Looking at Xu Zhengjie admiringly.
Only Wen Lei's eyelids jumped wildly…
The Return of the God of War [The Protector] Chapter 1839
The number of super-energy particles discovered by Xu Zhengjie is limited, only eight particles.

In the previous experiment, the super-energy particles used were all imitation particles, not real
ones.
The current experiment will use real super-energy particles.
”The collision begins!” The
order was issued, and various instruments in the laboratory were activated one after another.
”Three!”
”Two!”
”One!”
”Boom!” There was
a bang, and everyone’s ears rang out, like the end of the world.
Can’t hear anything.
”Success!”
”Success!”
Suddenly good news came from the laboratory.
When the particles collide successfully, they can control this energy.
”Continue!”
Xu Zhengjie gave the second instruction.
Two more particles began to collide.
The experimenters ignored the surprise and continued to start the instrument!
”The collision begins!”
”Three!”
…
Just as the countdown began, Xu Zhengjie did something that no one expected.
”Kacha!”
He turned on the particle collider.
The consequences of turning on the particle collider will be devastating.
The environment of the particle collider is that when energy is generated, it can be wrapped in it.
But now it is turned on, then the energy generated after the collision will be dissipated…It is
equivalent to the experiment failed…
”No!!!” There was a
crazy look on everyone’s face!
Everyone’s eyes are about to fly out!
But it’s too late to stop!
The most important thing is Xu Zhengjie’s death?
He is right next to the instrument.
He will be the first to tear the energy generated after the collision.

Is he looking for death?
madman!
At this moment, Wen Lei and their hearts were in a sudden stop!
But what they didn't know was that Xu Zhengjie actually had countless chips embedded in his
body…
"Two!"
"One!" The
particles collided!
"Boom!!!"
This sound was much louder than before.
As if two planets collided.
"Puff!"
"Puff!"
…
Wen Lei, who is located in the outer layer of the laboratory, Xie Zhengfeng vomited blood in their
mouths, bleeding in their ears, and bleeding in their noses.
"Kacha!"
"Kacha!"
…
the special glass in front of them can hold all kinds of weapon bombardment.
But at this moment, all burst into pieces.
Can't bear the energy generated by this collision at all!
"Puff!"
"Puff!"
"Puff!"
…
The experimenters in the laboratory, the highest-level protective clothing on them, were also
torn apart at this moment.
All the experimenters were covered in blood, and there were countless casualties.
Can't stop it!
This power can't be blocked at all!
The force of the collision was too great, almost destroying all the instruments in Laboratory One.
Fortunately, the strongest in Lab One still blocked this collision force and did not collapse.
Otherwise, this technology base will be razed to the ground.

Although Wen Lei was bleeding at this moment, her gaze had been fixed on Xu Zhengjie's body.
Xu Zhengjie is at the center of the collision, and he will be bombarded with the strongest energy.
In Wen Lei's eyes.
At the moment of the collision, Xu Zhengjie's clothes disappeared instantly, and his whole body
became liquid.
It is so transparent that even the blood vessels and bones can be seen clearly.
Immediately, his flesh and blood disappeared instantly, and even his skeleton burst into pieces.
But before she could react, Xu Zhengjie appeared again in liquid form.
Then, his whole person turned into a transparent red.
I can see that there is a rapid flow of energy in his body…
That's right!
Xu Zhengjie used the energy generated by the collision of particles to completely transform his
physique.
Do not!
Xu Zhengjie's previous body is gone, and now his body is entirely composed of energy matter.
It's just that he retains consciousness.
It turned out that Xu Zhengjie's real experiment was to transform his body.
Just keep the consciousness, the physique is reorganized by energy!
So he is now a pure energy body!
Have super terrifying energy in the body!
The real demon is born!
The Return of the God of War [The Protector] Chapter 1840
Although Wen Lei had expected Xu Zhengjie to make big moves, she would never have thought of
it.
Xu Zhengjie would be crazy enough to experiment with himself as a guinea pig!
Who dares to ask?
Especially the thrilling scene just now, everyone has witnessed it.
The energy after the collision directly destroyed Xu Zhengjie's body, and there was not even a
scum left!
This madness is the only one in the world, right?
Reshape the body with super energy, this is hard to think of!

And the success rate is extremely low!
Failure to succeed is death!
This crazy experiment has existed in Xu Zhengjie's mind for a long time!
Before, he invented weapons like killing gods.
It controls a lot of powerful energy!
But these ultimately have to rely on foreign objects and others.
He was never strong by himself!
No matter how powerful his weapons and energy are, he is always an ordinary person!
So he wants to change!
He wants to use himself as an experiment and transform himself into a strong one.
He has thought about genetic modification, or drug modification.
Even like Jefferson, he transformed himself into a semi-robotic state.
But these can't satisfy Xu Zhengjie.
He not only wants to be the strongest, he wants to be the strongest!
So such a crazy experiment was born in his mind.
The first step: the particles collide with energy.
Step 2: Keep your consciousness.
The third step: destroy the body.
Step 4: Energy reshapes the body.
...
Xu Zhengjie prepared too much for this experiment.
Many of the most advanced technologies in the world today are used!
No matter how complicated the experiment process is, Xu Zhengjie succeeded anyway.
Now he is definitely not a human being, but a pure energy body.
Except for his own consciousness control, all parts of the body are composed of energy!
This is the terrible part of technology!
The most cutting-edge technology can indeed change everything.
Xu Zhengjie is the top group of people!
& At this moment, Xu Zhengjie's body is composed of pure energy!
The whole body is surrounded by electric light, forming a terrible aura.
Most of the energy from the collision of particles was used to form Xu Zhengjie's body.
It is conceivable that how powerful is Xu Zhengjie's energy at this moment?
"I succeeded!!!"
Xu Zhengjie roared wildly.
This voice burst out with unprecedented energy.
"Kacha!"

”Kacha!”
…
All the instruments in Lab One, even if they were indestructible, were all shattered under the
bombardment of sound wave energy.
As for the experimenters who survived the sound wave bombardment, they burst into blood mist
on the spot.
None of the hundreds of people survived.
It disappeared under everyone’s eyes!
They all admired Xu Zhengjie before, but they all died in Xu Zhengjie’s hands in the end.
Xu Zhengjie looked astonished!
How could this be?
It turned out that Xu Zhengjie couldn’t control energy and body either.
So shouting casually, that’s the power.
However, he set up the chip in advance to control this energy body by controlling consciousness.
After only half a minute, Xu Zhengjie was able to control his body.
I saw a push of his right hand, and terrible energy gushed out of his hand.
”Kacha!” The
energy directly tore the ground apart, pulling out a gully that was a hundred meters long, as if it
was going to be split into two halves abruptly.
The entire laboratory was shaking vigorously, as if it was about to collapse.
Everyone was stunned!
How terrible is Xu Zhengjie?
Existence like a devil!
This group of scientists all know what a pure energy body means.
Xu Zhengjie can’t be beaten to death! ! !
Unless the energy body is exhausted!
But everyone understands that the energy produced by the collision of these two super-energy
particles is too majestic and too great, how can it be used up?
Absolutely impossible!
In this way, Xu Zhengjie is invincible!
He can’t die!
The energy he possesses can destroy everything!
Even the warriors can’t stop it!
….
The Return of the God of War [The Protector] Chapter 1841

Once Xu Zhengjie steps out of the base, he will be lawless!
He will be a disaster for Erudia!
No one can stop him!
He can do whatever he wants!
It is even exaggerated to say that Xu Zhengjie is the end!
Xu Zhengjie shouted wildly: "I am invincible in the world! Who can stop me? Hahaha! Levi
Garrison, you are only worthy to crawl under my feet!"
Xu Zhengjie holds the power of destruction in his hand, and his energy is world-destroying!
He really wants to be invincible!
regret!
Endless regrets!
Why did you bring the traitor Xu Zhengjie back?
Instead of letting Levi Garrison kill him directly?
Levi Garrison still dissuades them in that way, warning them that something will happen.
But no one will listen!
No one would listen to Levi Garrison's suggestion of supervising Xu Zhengjie and restraining Xu
Zhengjie!
They are all saying that Xu Zhengjie has changed his mind and repented.
In the base, he was given too many and too high rights.
Even if Wen Lei made many suggestions, she was rejected and scolded.
Sure enough, something happened now!
If I had listened to Levi Garrison's advice!
Will this happen?
Will such a proud person repent?
will not!
To let Xu Zhengjie admit his mistake is to deny himself.
How can it be?
Wen Lei slowly looked at Xie Zhengfeng, her team leader was still saying yesterday-something
happened, he will take care of everything!
Now that something has happened, you have to bear it!
Can you afford it?
At this moment, Xu Zhengjie has already put on a mech that is as thin as a cicada's wings.
This is the mecha suit he specially made in advance to control energy.
"Boom!"
He stepped away.

Appeared a thousand meters away in an instant, and came to Wen Lei's several people.
He is now a pure energy body, just release a little energy, let him walk like flying, even take off.
So one step kilometer is normal.
Seeing Xu Zhengjie who appeared suddenly, like a god.
The people on the outer floor of the experiment room were scared all around
Fleeing, began to scream.
"Noisy!"
Xu Zhengjie said coldly, and his right fist blasted out.
The invisible energy leaked out, pulling out a wave of air in the air, instantly piercing the escaped
person.
"Bang!"
Xu Zhengjie slapped another shot, erasing the body of a person who had fled 100 meters away…
The release of long-distance energy created this invisible killing effect from a kilometer away.
Make everyone really think Xu Zhengjie is a devil!
Immediately, Xu Zhengjie began to kill indiscriminately.
Anyone who ran away was obliterated by Xu Zhengjie.
"From now on, if anyone dares to escape from the base, I will kill!"
Xu Zhengjie said.
His voice was transmitted to every corner of the experimental base through energy, which was
comparable to broadcasting.
Everyone was scared.
Curled up and shivered.
Soon, the entire Shenlong Technology Base was under the control of Xu Zhengjie alone.
The senior leaders of the Dragon Technology Alliance want to cry!
Regret it!
Such people should have been killed long ago!
They blended hammers!
It's all right now, everyone has become a prisoner of Xu Zhengjie.
He kills if he wants!
Control the entire base.
Xu Zhengjie returned to Laboratory One.
He appeared directly in front of Wen Lei.
Wen Lei withdrew two steps subconsciously.
Before Xu Zhengjie's temperament was moody, just like a lunatic.

Now that he has become an energy body, he is probably even more annihilated.
Will kill her casually!
Who is not afraid of death?
”Don’t you always like to stare at me? As a result, what’s the use? These idiots don’t listen to
you!”
”Levi Garrison is right! There are too few smart people here!”
Xu Zhengjie smiled mockingly.
In the base, the intelligence quotient is high, but the emotional quotient is not necessarily high.
”From now on, all of you will give in to me!”
Xu Zhengjie shouted.
Wen Lei was the first to stand up: “Although I am afraid of death, it is impossible to give in to
you! Did you kill me?”
”Do you really think I dare not kill you?”
Xu Zhengjie slowly raised his right hand.
The Return of the God of War [The Protector] Chapter 1842
Wen Lei closed her eyes and waited for death to come.
But her body was trembling constantly.
Xu Zhengjie sneered: “Want to die? I won’t give you this chance! It’s too cheap to kill you!”
”Aren’t you in touch with Levi Garrison? Why didn’t you call him to stop me?”
”Hahaha” , I forgot, now Levi Garrison is Erudia’s number one public enemy! He is the big
demon that everyone can punish! He is hard to protect himself!”
Wen Lei stared at him firmly: “Compared with Levi Garrison, You are the devil!” At
this time, she understood a truth!
Good or evil!
Still have to look at this person’s heart!
It has nothing to do with the specific exercises he uses!
Levi Garrison and Xu Zhengjie in front of them are examples!
After Xu Zhengjie got the terrible ability, how many people did he kill right away?
Levi Garrison is definitely not like that!
At least to check Levi Garrison’s resume, they are all contributing to Erudia and willing to sacrifice
for the people!

Xie Zhengfeng next to him quickly said: "Wen Lei, what are you doing? How dare you compare
Levi Garrison's demon with Mr. Xu?"
"Mr. Xu now has both wisdom and bravery. It is Erudia's future! By no means is a demon can
compare Yes!"
Yesterday he was still vowing that something went wrong and he took responsibility.
Now, like a wall of grass, he began to kneel and lick Xu Zhengjie.
"Hahaha…"
Xu Zhengjie smiled suddenly.
Xie Zhengfeng panicked with a smile.
Like a devil.
"Do you know what the person I hate the most is?"
Xu Zhengjie asked suddenly.
"I…I…I don't know!"
Xie Zhengfeng's brain went blank.
"The first type of person I hate is Levi Garrison, he is the only one; the second type is people like
you!" As
soon as the voice fell, Xu Zhengjie's big hand suddenly covered Xie Zhengfeng's Tianling cover.
"Boom!"
A gas of energy turned out from his palm and intruded into Xie Zhengfeng's head.
"Uh!"
& …
Xie Zhengfeng screamed.
His whole person was being dissolved…
in the end all disappeared.
Not even a scum is left!
The others who witnessed all this were frightened.
ruthless!
Too ruthless!
"Keep you, I will let you see the path of my overlord!"
"Isn't Levi Garrison a demon? I will join the ranks of crusade against the demon too! As long as I
kill Levi Garrison, then I will be Erudia A superhero! The top of the ranking is also mine!" Xu Zhengjie laughed wildly.
"Master, if you go to fight against Levi Garrison, Tiance Mansion and the like will definitely be
very popular!"

Several people appeared from the dark, it turned out to be Xu Zhengjie's old ministry.
Wen Lei was trembling with anger.
The true hero is regarded as the demon, but the true demon is going to conquer the hero on
behalf of justice.
The world is unfair!
"What's the situation now?"
Xu Zhengjie asked.
"Levi Garrison's daughter and mother were taken away, and Zoey is now protected by Tiance
Mansion!"
Listening to the report, Xu Zhengjie raised a smile on his mouth: "I found that Zoey doesn't seem
to feel you anymore. But don't worry, you will be my person soon, and your thoughts belong to me!"
Although Xu Zhengjie is conscious, he can reshape his body.
All the emotions and desires are basically wiped out.
Xu Zhengjie has a plan for the next road.
"You control the Shenlong Science and Technology Base first, let it run, and use it for my use!
Especially the No. 1 laboratory, deal with it as soon as possible, and I will use it soon!"
With the addition of the old department, Xu Zhengjie really controlled Shenlong Technology.
base.
The outside world doesn't know the situation at all, and they don't know that the most advanced
technology base has fallen into the hands of the devil.
"Next, I will leave! Go to Levi Garrison and Zoey!"
Wen Lei knew that the demon's departure would be a disaster.
But she was locked up.
The Return of the God of War [The Protector] Chapter 1843
She is usually addicted to research and has few friends.
Except for Levi Garrison, she really couldn't think of anyone else.
What made her even more frightened was that Xu Zhengjie's superpowers did not stop at killing
people.
He can also manipulate people's minds.
When he just left, Xu Zhengjie controlled a principal of the Shenlong Science and Technology Base.
This will be a terrible thing.

At this moment, Levi Garrison is avoiding the pursuit of various forces while investigating the black
hand behind the scenes.
Levi Garrison knew the people behind him, and he certainly wouldn't let it go.
Take the opportunity to discredit him and intensify the conflict between him and Erudia.
The method of discrediting is very simple. On the one hand, pretending to be the power of the evil
god, and starting a dispute with the Erudia martial arts world.
On the one hand, he directly pretended to be Levi Garrison and slaughtered.
In this way, the other party will more or less leave clues.
Levi Garrison followed this path to find, there must be something to gain.
Levi Garrison first came to the outskirts of Yangcheng in the south.
According to the news, a battle has just been fought here.
A lot of people came here, and Levi Garrison was among them.
Levi Garrison had already changed his appearance at this time.
In the ancient books left to him by Master Qi, there is a part of Erudia's oldest disfigurement
technique.
Levi Garrison had already practiced.
Now if he doesn't say it, no one can recognize it.
"Da da da…"
A rush of footsteps sounded, and several young men and women appeared.
Each is the strength of six or seven heavens.
It looks like it's around 20 years old.
The geniuses of Erudia martial arts world.
Not only that, but Levi Garrison secretly sensed a stronger energy fluctuation.
Someone is still protecting them in secret.
Levi Garrison didn't need to think about it, these young girls definitely came from super ancient
martial arts forces.
I'm afraid I'm here to deal with myself.
This time, I am afraid that all these super ancient forces have been blown out.
Soon everyone came to the battlefield.
There was a mess here, blood dripping, and bones piled up.
"We are still a step late!"
Said the young people.

One of the men in black smiled disdainfully and said: "What's the point of killing a few evil
ways ? If you want to kill, kill Levi Garrison directly!" He is the 16th genius Ji Fengchen on the Erudia Di
ranking!
"Killing Levi Garrison? How is it possible? He is the sixth strongest in the top ranking list! We killed
him, too wishful thinking!" A
beautiful female voice sounded.
A young girl in a yellow dress, with an arrogant face.
She is Ning Chen who ranked 13th on the Erudia Di Ranking.
"Unrealistic!"
"Unless the top five strongest!"
Another female voice sounded.
This woman, wearing a white dress, looks like a fairy who does not eat fireworks in the world.
Tianjiao Fu Jia, seventh in the ranking!
Only eighteen years old, but much stronger than the average Seventh Heaven.
This is Erudia's Tianjiao, the future of the martial arts world!
Hearing that, everyone looked at a teenager in front of him.
He was wearing a cyan gown with his hands on his back, with a calm air.
Everyone looked at him with awe and envy.
Lin Tianlong, the fifth Tianjiao on the Erudiadi Ranking!
In fact, the top few Tianjiao in the local rankings are comparable in strength to the rankings.
The Lin Tianlong in front of him was very close to the Eight Heavens.
"Brother Tianlong, he is only nineteen years old this year! Give him another ten years, and there is
absolutely no problem surpassing Levi Garrison!"
"Yeah, when Levi was on his nineteenth, he was absolutely inferior to Brother
Tianlong !" "I think Tianlong is now Brother is the strongest in the sky list!"
……
Everyone tweeted.
At this time, Lin Tianlong suddenly said: "I can't compare the strongest in the sky list!"
Then, he changed his words: "But the first three perverts are not necessarily anymore!"
"Hiss!"
Hearing that, all People gasped.

Since the Tianji Pavilion announced the world list, it claims to be the strongest in the history of the
world list.
Especially Levilia joined.
Especially Tianjiao, the top three in the local rankings, is perverted to the point of heinous.
The Return of the God of War [The Protector] Chapter 1844
The appraisal given by Tianji Pavilion-this time the ranking is the best in ancient and modern
times.
Especially the first three talents are rare!
In addition to Levilia , the degree of perversion of these four people has not been recorded in the
Tianji Pavilion.
To what extent Erudia's Tianjiao group could reach in the future, even Tianji Pavilion couldn't predict.
In short, the Erudia martial arts world is prosperous.
With a high probability of overwhelming hundreds of countries!
Those present heard that Lin Tianlong, who was fifth in the rankings, and Fu Jia, who was seventh,
gathered around.
After all, Tianjiao is not easy to meet!
Especially the ranking is so high!
Fu Jia, nicknamed Fu Xianzi, was shocked in both strength and appearance.
Lin Tianlong is even more unparalleled!
When these people appear, they must be the focus of the audience.
Levi Garrison didn't have time to play with these kids, he was here to find clues.
When all the warriors on the scene showed great courtesy to Lin Tianlong, Levi Garrison alone was
observing the battlefield, which seemed extremely abrupt.
This made Fu Jianing still focus on him.
"Sister Fu is so strange! Only this person doesn't seem to know us! He didn't even look at us at all!"
The Tianjiao who have attracted much attention since childhood.
If you are very courteous to them, they will ignore you.
On the contrary, if you ignore them, you will attract their attention and make them feel unbalanced.
"It is indeed! If most people know that Tianjiao is here, at least take a few more glances! He is not
normal!"

“But he is average! I must be an unknown person, I have never heard of us at all!”
……
Several people regarded Levi Garrison as an unknown person, and they were not at ease at all.
At the moment.
In a small town not far from this place.
A group of people are plotting plans.
“I just got the news that the four Tianjiao from the ranking list have appeared here! This is a good
opportunity!”
“What should I do?”
“It just so happens that a group of Cthulhu followers are coming here! Let’s lead the Cthulhu followers
over! Use their hands to get rid of the Tianjiao of Dibang!”
“Hahaha, what a strategy! If Tianjiao is killed! Then the Erudia martial arts world will be even more
chaotic! This is hope for the future!”
……
& Lin Tianlong, Fu Jia, they wouldn’t know how.
It was calculated.
A few dozen miles away, a group of ancient evil forces appeared.
The master is like a cloud, and the number is large.
After being deliberately guided, a group of people rushed past without stopping.
After Levi Garrison explored, there was no gain.
He sighed and shook his head.
But the next moment, a gleam of light flashed in his eyes.
someone is coming!
A strong breath of evil and strange surging.
Cthulhu’s army of followers is here!
These are seventeen ancient evil forces hidden in the deep forests of the Shifang Mountains of Miao.
He used to be a loyal follower of the evil god Huoyun.
Since Huoyun Cthulhu disappeared, they were hidden in the Shifang Mountain for the first time.
“Mr. Lin, Fairy Fu, I will follow you to hunt Levi Garrison!”
The warriors present wanted to follow Lin Tianlong.
Monsoon Chen and Ning are still about to agree.
Lin Tianlong and Fu Jia’s face changed.
“No, someone is coming!”
“Withdraw?”

Fu Jia asked.
“I’m afraid it’s too late! Ready to fight!”
Lin Tianlong’s body shook, exuding a breath of stormy waves!
…
Da Da Da…
Soon, footsteps sounded.
Cthulhu followed the army and came from all directions.
In an instant, Lin Tianlong and the others were surrounded.
Everyone was nervous and looked around warily.
“Unexpectedly, there is really a group of big fishes here!” The followers of Cthulhu showed their hideous fangs one after another.
Looking at Lin Tianlong and them, it was like looking at prey.
“Be careful, the opponent is very strong, super strong!”
Lin Tianlong looked wary.
He has already sensed the strength of the opponent, and there are probably dozens of powerhouses
close to the eighth heaven.
They are definitely not comparable to them.
The Return of the God of War [The Protector] Chapter 1845
Fu Jia’s look also changed a lot.
Cthulhu followed the army in large numbers and masters like a cloud.
You can tell from the breath!
In this group of evil gods, there are also three strong men with the strength of the sky list.
Most of these crooked ways are not listed in the list by Tianji Pavilion.
But there are not a few who have the strength of the top ranking!
Even though these three are just at the end of the ranking list, that is not Lin Tianlong, Fu Jia and the
others can match.
Especially the number of Cthulhu Army is dozens of times more than them.
This is a mortal game for them!
“A group of evil demons dare to come out and go wild?”
Ji Fengchen shouted.
Every one of them has disdain and disgust on their faces.
In their concept, the evil spirits must die!
Not worthy of being alive at all!
Like the maggots in the sewers!
“Yes, a group of demons hurry back, or you will all die!”
Lin Tianlong also warned.
One of the Cthulhu army sneered and said: “You keep saying that we are evil spirits! Have you seen us

kill people with your own eyes? Have you seen us doing things that hurt God with your own eyes?"
"Yes, you guys pride themselves on being upright, but the people you killed? Are you less? Are you
doing fewer bad things?"
"Hmph, what else do a group of demons quibble? You have been demons since birth! You are cruel
and unfeeling, you are addicted to murder!"
"You are no different from maggots! You are more than flies in a dung pit more disgusting! " "
Especially Cthulhu successor Ye monarchs, but the scum of the scum! If we catch him, can not wait
hacked in pieces! "
……
What Levi Garrison didn't expect was that the battle between these two waves would abruptly involve
him.
Ning still stared at the evil god army, and said coldly: "And said that we haven't seen you evil spirits
kill people outside? Levi Garrison, isn't it? Baiyun Mountain Villa's tens of thousands of warriors have all
been slaughtered! There are so many masters on the East Erudia Sea island!
"You dare to say that you are crooked
Don't kill innocent people indiscriminately! "
Monsoon Chen said coldly: "Yes, that's right!" The devil Levi Garrison is shameless, scum, like a toilet
maggot! This kind of person should be thundered by the sky! Don't die! I curse him for death! "
These crooked people laughed: "But do you know who saved Erudia before?" Who raised Erudia's
prestige? Why don't you mention these things at all? "
Lin Tianlong sneered: "The evil demon is the evil demon!" He must have a purpose in doing good
things! I don't believe he is so kind! "
Monsoon Chen immediately agreed with them: "That's right!" He is a descendant of Cthulhu! He was
destined to be not a good thing from the beginning! Good things done are fake! It's all deceptive! This
kind of dog can't die! "
" Yes! Levi Garrison can't die, and you people can't die! Curse you to go to hell sooner or later! "

…
These righteous people scolded one after another.
Levi Garrison clenched his fists, and he was angry.
What is righteousness?
What is evil? On the
contrary, these righteous warriors kept saying kill or die.
"You can insult us. But insulting the descendants of the Cthulhu is no good! He is our faith, insult
others, and die! "
" Unforgiven! "
" Unforgiven! "
…The
evil gods' army was murderous, and they kept shrinking the encirclement.
Lin Tianlong and others' complexions changed wildly.
Unexpectedly, a few of their happy words completely angered them.
"Swipe…" At
this time, they were rushing around. A dozen people came out. It
was the guards arranged by the martial family to Lin Tianlong's side, and they were all super masters.
"A group of evil demons dare to be presumptuous?"
"Do you know who they are?"
"Lin Tianlong, the fifth on the list, this is the heir to the Lin family!"
"This is…"
After hearing the evil spirits' army: "I care. Who are they? Kill!"
The Return of the God of War [The Protector] Chapter 1846
The Cthulhu army immediately killed Lin Tianlong and the others.
Lin Tianlong these arrogances have been specially targeted.
Dozens of masters besieged them!
The remaining decent masters are even more tragic, fighting with masters who are ten times more
powerful than their own.
In this battle, neither side showed mercy.
It was dark and dark.
Both sides suffered heavy casualties!
Originally, Levi Garrison could stop this dispute, but it was not necessary.
Save these people who want to kill themselves, his brain is not sick!
Although Lin Tianlong's four Tianjiao and their guardians were very strong, they were defeated after
only a few minutes.
"Puff!"
Lin Tianlong was severely injured under the siege of the two top ranking powerhouses.

“Puff!”
Fu Jia fell to the ground and vomited blood after losing to another strong man in the top rank.
“Puff!”
“Puff!”
... the
rest fell to the ground one by one.
Facing the menacing evil god army, they were invincible at all.
Except for the dead, the rest were seriously injured and all fell to the ground, lingering.
This time, the entire Erudia martial arts circles collectively crusade against Levi Garrison.
Many ancient forces took the opportunity to release the genius of the family to experience.
It’s just that Lin Tianlong and the others are miserable.
As soon as he came out, he met such a powerful opponent.
There is not even a chance to send a signal to the family forces for help!
Of course they wouldn’t have encountered it.
It’s just that someone is pushing behind, designing a conspiracy, and letting both sides meet.
“The so-called righteous master? That’s it? Isn’t it going to kill us? Just this strength?”
“It’s ridiculous, it’s so ridiculous!”
...
Hearing the insults of these evil spirits, Lin Tianlong and the others couldn’t wait to find a place to get
in. .
Shame!
Fu Jia and the others fell to the ground and began to look around to see how other people were
doing.
Desperate!
Everyone was seriously injured and fell to the ground screaming.
None of them stood.
wrong.
There is someone else!
Suddenly, everyone’s eyes focused on Levi Garrison.
He was also discovered by the Cthulhu army.
Thousands of eyes glanced over.
Why didn’t you find this person just now?
It doesn’t seem to exist.

That's right, Levi Garrison just used her body skills to avoid the battle between them.
But in the end, he couldn't hide.
"It's him!"
Ning still said immediately, with a glimmer of expectation in her heart.
Hope that Levi Garrison is a master.
"I hope he is better! I thought he was unusual from the beginning!"
Fu Jia whispered.
As soon as they met, when everyone showed their courtesy, Levi Garrison looked nothing.
There are two reasons.
First, he didn't know them at all, so he pretended to be.
Second, he is an expert from outside the world, so pretentious, they can't get into his eyes.
Now they desperately hope that Levi Garrison is the second kind.
"Haha, one person was missing? Take him down!" the
leader of the evil god army said coldly.
Several masters immediately surrounded him.
"This matter has nothing to do with me, you'd better not disturb me!"
Levi Garrison warned.
"Looking for death!"
A total of six masters killed Xiang Levi Garrison together.
"Bang bang bang bang…" But there was
a scene that no one had expected. The six masters did not even touch the corners of Levi Garrison's
clothes, and they were all shaken out.
You must know that these six people are almost masters of the Seventh Heaven!
"I come!"
Among the Cthulhu army, a young man immediately shot.
He is a genius in the evil god army, and his strength is comparable to that of Lin Tianlong and his ilk.
"Get out!"
Levi Garrison blasted out with a punch.
This kid flew out directly.
There is nothing to fight back!
At this time, the expressions of everyone present changed drastically.
Isn't it too strong?
This level of punch flies!
None of the three masters who can match the top rankings may not be able to do it!
Fu Jia, Lin Tianlong, they saw that Levi Garrison was so powerful.

Immediately shouted: "Senior, please make me decent! Get rid of these evil spirits!"
The Return of the God of War [The Protector] Chapter 1847
Others also shouted one after another: "Senior, please take the initiative to uphold justice! Kill these evil
demons!"
"Senior, please uphold justice!"
...
At this moment, everyone found the backbone and shouted together.
This time the Cthulhu army panicked.
No one thought that a super strong suddenly appeared!
It looks like it should be on the top list!
In that case, things can be troublesome.
For a time, the Cthulhu army all became vigilant.
Levi Garrison was as dazzling as a blazing sun, and dangerous.
Bring them enough threats!
Far away from here.
A group of people gathered together in secret.
"Haha, everything with our plan to go! Now Cthulhu follow forces and those Tianjiao who have played
against! Tianjiao were heavy casualties! Expected shortly to all be swallowed up!"
"Ha ha, hope that such scenes can be in the big summer each It happened in a corner!"
"By the way, immediately spread the news, it is best to let the people of the surrounding Tiance
Mansion and Baolong clan know!"
... the
East Island forces planned everything.
At the last moment, Tiance Mansion and the others should be attracted to intensify the contradiction.
On the battlefield.
Everyone sees it.
These evil demons are scared!
The punch that Levi Garrison just showed was horrible!
The key point is that he looks like an ordinary person, without any True Qi fluctuations in his body, nor
a trace of energy.
This is the demeanor of a peerless expert!
"He…should he be in the top ten of the top ten?"
Someone has already begun to doubt.
The top ten in the top ten will enter another area.

There are three masters in the Cthulhu Army who are comparable to the top rankings, but they can
only be compared with the ones at the end.
It's incomparable with the previous one.
When I saw them, I was scared.
Fu Jia and Ning were still waiting for someone to show their ecstasy.
"We are saved! I thought they were going to die!"
If it were n't for the serious injuries, I'm afraid that many people would have to dance.
Turn around!
Who ever thought that such a master would appear at such a moment?
"You must be a master of the sky list, we have no grievances! We are dealing with them, it has
nothing to do with you! You can leave first!"
Afraid of Levi Garrison's strength, the Cthulhu army began to discuss letting Levi Garrison leave.
Upon seeing this, Jifengchen and others were all anxious.
Shouted one after another.
"Senior, don't be deceived by these people the night before! My martial artist should take the
responsibility of eliminating demons and defending the way!"
"Senior, please take
action and kill these demons!" "Yes, I want these demons to join the maggot Levi Garrison. God knows
what you will find!"
"Senior, absolutely can't let these maggots live! It's better to kill them before killing Levi Garrison!"
"You should take Levi Garrison off and throw it in the toilet! With those maggots! As a team, let the
evil demons in the world know that this is the tragic end of the heretic god!"
"Yes, that's right! Levi Garrison is the heretic heir! As long as Levi Garrison has a miserable end, it can
shock other evil spirits! "
...
Monsoon dust waited until he talked more and more vigorously.
Especially when Levi Garrison was involved, it was even worse.
The Cthulhu army was also angered.
You can insult them.
Insult the heretic god's descendants can't do!
"It doesn't matter whether you are a master of the sky list or the Dragon Clan of the Tiance Mansion!

Dare to insult the descendants of the Heretic God, and kill without mercy!"
Although the Heretic God's army perceives Levi Garrison's super terrifying strength.
But they will not back down.
On the contrary, it was all overwhelmed.
"You are looking for death!"
"Senior, hurry up! Kill this group of maggots first! Then kill Levi Garrison's maggots! Promote my
righteous name!"
"Senior, our hope is all on you, you quickly take action! Come on!"
...
Jifengchen and others all urged.
In the eyes of the Cthulhu Army, a great battle is inevitable.
"I'm afraid I can't make a move!"
Levi Garrison suddenly said at this moment.
"Senior why?"
Because I am the cotyledon of the maggot head in your mouth!"
The Return of the God of War [The Protector] Chapter 1848
The language is not surprising and endless.
As soon as Levi Garrison's words came out, the audience was silent.
Deadly still to the point where the needle can be heard!
This is something that no one here thought of!
Levi Garrison, the descendant of the Heretic God, is in the middle?
This, this…Who would believe this!
Thousands of people on the field were stunned, motionless, and even their expressions were frozen.
One by one is like a sculpture.
A full minute.
Only then did someone react.
"You…what did you say? Are you a descendant of the Heretic God?"
the man asked tremblingly, his mouth trembling fiercely.
His voice drew everyone back from a daze.
Everyone looked at Levi Garrison in horror.
Especially the monsoon dust, Fu Jia and the others.
Eyeballs are going to stare out.
"I am Levi Garrison!" The
voice fell.
Levi Garrison's face changed.
The last thing that appeared was his true face of Lushan!
"Yes, yes… is a descendant of the Heretic God!!!"
When Levi Garrison revealed his true face, the audience went crazy!

Now, no matter who it was, he knew Levi Garrison's appearance by heart. See his true face!
The followers of Cthulhu were so excited that they were suffocating! excitement!
too excited!
There is nowhere to be found after breaking through the iron shoes, and it takes no effort at all.
The descendants of the Heretic God they were actively looking for, unexpectedly met in this way.
"All of them, visit the descendants of the Cthulhu!"
"Puff!"
"Puff!"
... The
group of followers of the Cthulhu knelt to the ground one after another.
Qiqi shouted: "See the little Cthulhu !"
"I will follow the
little Cthulhu in the future! Follow your orders!" Now the followers of the Cthulhu everywhere come out
to follow Levi Garrison's orders?
Looking at the people kneeling on the ground, Levi Garrison suddenly had another idea in his mind,
& What he thought before was that he could go as far as he could without contact with these evil god
followers.
But now it seems that the followers of the Cthulhu are chasing around, and it is easy to be exploited,
intensifying contradictions, and greatly causing infighting in the Erudia martial arts world.
So Levi Garrison had a new idea.
Rather than let these dangerous forces run wild, he might as well accept them all.
He commanded uniformly!
Thus.
First, it will not be used.
Second, there will be no accidents.
Judging from the degree of obedience of this group of people, he basically said one thing, and these
people would definitely not dare to do two things.
Just gather all the followers of Cthulhu together.
Levi Garrison unified command so that nothing would happen.
The sooner the better, the later, the more things will happen.

On the other hand, it is a super powerful force to gather the followers of Cthulhu.
It is good for Levi Garrison!
"Well! You will all follow me from now on!"
Levi Garrison said coldly.
"I'm waiting to swear to follow the little evil god!" The
crowd kowtow with excitement on their faces.
They are keen to be regained by Levi Garrison, and everything listens to Levi Garrison.
It is enough to explain how powerful the Huoyun Cthulhu was back then, and why that era was called
the Cthulhu Age.
It is estimated that Cthulhu has become the belief of this group of people!
That's why he obeyed Levi Garrison so unconditionally!
No one expected this to happen…it
was right to attract both sides to fight!
But the real protagonist Levi Garrison appeared!
Upset everything!
"Little Cthulhu, I also know that there are colleagues around, I immediately sent someone to notify
them to come and meet!"
someone said.
Levi Garrison nodded: "Well, let everyone come together! It's best to let everyone come together!"
"Little Cthulhu, this is a bit difficult!"
"It needs a long-term plan!"
Everyone looked embarrassed.
Levi Garrison smiled and said, "Don't worry, I have my own plan! But before I announce this plan, I will
deal with them first!"
Levi Garrison looked at Lin Tianlong, Fu Jia and others.
"Boom!!!" At
this moment, they were struck by lightning.
The Return of the God of War [The Protector] Chapter 1849
Everyone's scalp was numb, blood flowed back, and a chill rushed from the soles of the feet to the sky.
did not expect!
I can't think of it to death!
This person turned out to be Levi Garrison!
The maggots in their mouths, the big demon who can't die is right in front of them!
The key is all kinds of insults in front of others!

Even stupid enough to tell others to kill themselves!
There are so many bizarre things in the world, but for them, there is nothing more bizarre than this!
No one thought that Levi Garrison would appear here.
Also changed.
But they hit the gunpoint.
Levi Garrison's eyes swept away, one by one, his head down, his face burning.
Lin Tianlong lowered his head and dared not look at him.
Fu Jia lowered her head and dared not look at him.
... After
being swept by Levi Garrison's gaze, everyone bowed their heads one by one, not daring to look at
Levi Garrison at all.
Especially Monsoon Chen, Ning still and the person who insulted Levi Garrison just now was even
more guilty.
Head down, wishing to find a seam to drill in!
Levi Garrison's gaze was like a blazing sun, shining on their faces, and the pain was fierce, as if they
were being cut by a knife.
They were so nervous that they trembled, and the sweat made them wet.
"Don't find me, don't find me!"
"He didn't see me! He didn't see me!"
...
Ji Fengchen lowered their heads into the crowd, deliberately hiding, praying that Levi Garrison would
not find them.
The atmosphere is dull, everyone's heart is like a big rock,
Especially Levi Garrison did not speak for a long time.
Everyone just thinks that the chest is about to explode.
Almost suffocated!
"Puff!"
Finally someone couldn't bear the pressure and knelt in front of Levi Garrison.
"I'm wrong, Lord Cthulhu! It's the little one who has eyes and no beads! You shouldn't insult you! Just
put the little one as a fart!"
"Puff!"
Another person kowtowed on the ground begging for mercy.
"Yes, Lord Cthulhu, forgive me! How dare we have other thoughts, just can't control this broken

mouth!”
“Puff!”
“Puff!”
…
Everyone knelt down in front of Levi Garrison and apologized one by one.
Dumbfounded!
Lin Tianlong and Fu Jia were dumbfounded.
Thousands of people behind Levi were also dumbfounded.
Is this the so-called decency?
Kneeled in fear at the evil demon in their mouth! ,
Ridiculous!
Extremely ridiculous!
Levi was happy.
“Hahaha…”
Thousands of people behind them all laughed wildly.
“Hahaha, shouldn’t the celebrities swear to their deaths? Why did you kneel down?”
“This is the biggest joke I have ever seen!”
…
Faced with all kinds of irony, Lin Tianlong and Fu Jia were ashamed.
Today, everyone is lost!
“Since you kowtow, I will spare you once!”
Levi Garrison smiled.
“Thank you Lord Cthulhu! Thank you…”
Everyone began to kowtow and thank you.
“Ashamed! You are the shame of the right way!”
“I, Fu Jia, disdain to be with you!”
…
Seeing these people kowtow and thank you, Fu Jia, Lin Tianlong and the others are as uncomfortable
as eating flies.
The reputation of righteousness was lost by this group of people.
Kneeling down to beg for mercy from the evil spirits!
You should rather die than surrender!
Immediately, Fu Jia and Lin Tianlong cast approving glances towards the monsoon dust.
The people who insulted Levi Garrison just now basically knelt down.
Only a few people in Monsoon Chen would rather die than come forward.
“Good job!”
Fu Jia said excitedly.
Thumbs up for them!
Even if you die, you have to show your spine to these crooked ways!

“But the people who clamored the most viciously at me just now didn’t seem to stand up?”
Levi Garrison’s voice sounded.
In the monsoon dust, Ning still shivered with a few people like falling into an ice cave.
“Puff!”
“Master Cthulhu, I was wrong, I beg you for forgiveness!” As soon as the voice fell, Ji Fengchen knelt on the ground.
Lin Tianlong and Fu Jia were dumbfounded.
Would you rather die than surrender?
The Return of the God of War [The Protector] Chapter 1850
Everyone looked at Ji Fengchen in amazement…
Are you not struggling?
Monsoon dust, you are the arrogant of the Erudia Di Ranking!
You represent the Erudia martial arts world!
Can’t you be more spine?
Lin Tianlong and Fu Jia waited to go up, slapped Ji Fengchen’s face several times.
Not only them, but the people behind Monsoon Dust are also extremely angry!
“That’s it?”
Even Levi Garrison was shocked by Ji Fengchen’s actions.
This is changing too fast!
The one who clamored the most fiercely before, cursed the most, turned out to be the most persuaded and the easiest to defect.
Often such upright gentlemen who are full of benevolence and morality are all hypocrites.
The catastrophe is imminent, absolutely the first to admit counsel!
This is the so-called decency!
“Are there other people?”
Levi Garrison’s cold voice sounded, and Ning still trembled violently with the remaining three or four people.
They really couldn’t bear Levi Garrison’s coercion.
“Still you must never kneel to him! Don’t do that shameful thing!”
Fu Jia immediately shouted.
“Yes! I’d rather die than surrender! Even if I die, I can’t kneel down to these evil sects!”
Lin Tianlong also roared.
Ning still looked at Levi Garrison stubbornly with a few people, and did not kneel down or subdued!

“You have the ability to kill us! We won’t kneel down for you!”
Ning still flashed a touch of firmness in his eyes.
Others also regarded death as home.
“Aren’t you afraid of death? Good, good!”
Levi Garrison’s face suddenly changed, and his body revealed a terrible killing intent.
The killing intent is like a big invisible net, overwhelming the sky and the earth for ten days!
At this moment, everyone seemed to be strangling their throats by an invisible hand.
Everyone struggled with their necks.
It’s just that the invisible hand is getting tighter and tighter, everyone’s breathing is getting faster and
faster, and their complexion is getting redder.
The invisible force that strangled the throat became stronger and stronger, everyone was suffocating,
and their complexion gradually turned purple.
“Uh…”
“Uh…”
Many people made a sound at all, and could only struggle silently.
Their brains are blank, their consciousness has gradually dissipated, and their souls seem to be
extracted.
This is the feeling of death!
When death comes, no one is not afraid.
“Puff!” At
this moment of death, someone finally couldn’t stand it.
“Puff!”
Another.
“Puff!”
… In the
end, only Ning remained one.
Her eyes protruded and she was about to die.
At this moment, she understood that Levi Garrison would really kill her!
“Puff!” With all
her strength, she knelt down in front of Levi Garrison.
Everyone was subdued.
Xiang Levi Garrison knelt down.
Levi Garrison completely destroyed their psychological defenses and completely shattered their sense
of decent superiority.
“Hey!!!”

Lin Tianlong and Fu Jia looked facelessly.
Today people are completely lost!
They will be a shame!
This is a shame that cannot be washed away in their lives!
"Master Cthulhu, we were wrong, we apologize to you!"
Ning still they knelt in front of Levi Garrison.
This is the power of the evil god!
"Hahaha… but decent! The bones are not as hard as we are!"
Thousands of people laughed refreshingly behind Levi .
They haven't been so happy in a long time.
"Monsoon Chen, you guys disappointed me too much!"
"You are not worthy of the ranking! You are a family shame!"
…
Fu Jia immediately scolded in anger.
Hearing this, Monsoon dust crawled in front of Levi Garrison.
"I will respect the
Lord Cthulhu in the future! Lord Cthulhu will dominate the Erudia martial arts world!" "Is it possible
for you ignorant people to be insulted?"
…
The attitude of Monsoon Chen changed a hundred and eighty degrees.
Let everyone present sigh.
Shameless!
"Master Cthulhu, these decent decents should all be killed! Don't keep one!"
Ji Fengchen's eyes flashed fiercely.
"All killed?"
The Return of the God of War [The Protector] Chapter 1851
Levi Garrison asked with a smile.
Jifengchen nodded in a hurry: "Yes, yes, kill them all!"
Jifengchen looked at Lin Tianlong with murderous aura.
Only these people knew about his refuge in evil spirits. As long as they were all killed, he would still
have a chance to be cleansed in the future.
If this matter were to be known to his clan master, it would not be enough for him to die ten times.
So he wanted to use Levi Garrison's hand to kill everyone.
How could Fu Jia and the others understand Jifengchen's killing intent.
At this moment, Levi Garrison smiled suddenly: "All killed, including you?" One
sentence made the monsoon dust all over the body.
"No, no, Lord Cthulhu, I have followed you, and I am from your side!"

Ji Fengchen said quickly.
“Kill!”
Levi Garrison would not give this scum a chance.
Keep him, I don’t know how much trouble it will cause.
“Master Cthulhu…”
Although Ji Fengchen shouted.
Can be powerless to reverse the situation.
“Puff!” In the
end, a bloody arrow shot soaring, and Monsoon Chen fell powerlessly.
Lin Tianlong and the others were terrified.
Levi Garrison is indeed a decisive one!
“Little Cthulhu, what should the rest of the people do? Are they all killed?”
someone next to him asked.
“Hiss!” At
this question, Lin Tianlong and other people followed up with their throats.
Who is not afraid of death?
Especially such a useless death!
They are still young!
Everyone’s eyes were focused on Levi Garrison alone.
Waiting for his decision.
Levi Garrison’s eyes drifted away from Fu Jia and Ning’s people.
With a smile at the corner of his mouth, he has a plan in mind.
“Take everyone away first! Then listen to my arrangements!” But
the look of Levi Garrison fell into their eyes and changed.
Levi Garrison seems to be interested in them!
These decent patriots, the thoughts instilled by the elders of the young family-the evil spirits are the
unforgivable demons!
Burning, killing, looting, doing no evil.
Levi Garrison is especially the first-class demon, the descendant of Cthulhu.
It’s normal to be interested in them.
& This fell into the wolf’s mouth.
How to do?
How to do?
“You kill me! Even if I die, Fu Jia won’t let you do anything!”
Fu Jia regarded death as home.
A posture that would rather die than obey!
Levi Garrison was stunned.
What is this going to do?

Who do you consider yourself?
This girl is really confident!
Why do you think you are interested in them?
"Take it away! Get out of here immediately!"
Levi Garrison gave an order.
These decency were all taken away one by one.
Levi Garrison noticed that someone was approaching.
Obviously a master of the Tiance Mansion and Baolong clan.
Soon Levi Garrison left here with the Cthulhu Army.
Soon after, Tianlong from Tiance Mansion arrived.
"A step slower!"
Tianlong was annoyed.
A corpse was left in the field.
Among them are monsoon dust.
"This is the fifteenth ranked monsoon dust! This group of evil demons! I am at odds with you!" The
ground tiger roared.
"In addition, the fifth and seventh on the list and many people are gone, I am afraid
they will be taken away!" "They shouldn't go far, search quickly!"
"If the followers of Cthulhu and Levi Garrison converge together, they will not be able to Imagine!"
...
Then, the situation here was spread out.
The contradiction between good and evil is further intensified.
Levi Garrison led the Cthulhu army without fleeing far, but was nearby.
Because these people have outstanding ability to escape and hide.
The other party is hard to find.
"In other words, did you rush here until you heard the news?"
Levi Garrison asked.
"Yes, that's right, there is news from someone!"
Levi Garrison touched his chin: "It seems that someone deliberately caused you to encounter each
other and fight!"
Fu Jia and others not far away were fascinated by it. Goofy.
I don't know what I'm talking about.
"The news came out immediately-I am going to gather all the brothers together!" In the
end, Levi Garrison made a decision.
The Return of the God of War [The Protector] Chapter 1852
They understood Levi Garrison's decision.
He wanted to gather all the followers of the evil god.

That would be unimaginable!
How can Levi Garrison bring all the followers of Cthulhu, who can stop it?
Erudia's disaster!
"No!!!"
Fu Jia and the others wanted to stop, but there was no way.
Once Levi Garrison issued this recruitment order.
All Erudia's followers of Cthulhu will gather here crazy and at all costs.
Doom ……
"Ye monarchs Do not worry! You can not go gather all the followers of Cthulhu!"
"Heaven government policy will not let you! Strong day list also will not let you!"
"Heaven is a list of the most Fair list! You are ranked sixth, which means that there are five people in
front of you who can crush you!"
Fu Jia and Lin Tianlong began to chatter.
At this time, they had no way to do anything to Levi Garrison.
It could only be profitable and tried to hit Levi Garrison.
Levi Garrison sneered and said, "Come on then, I'll wait for them!"
"You!!!"
Fu Jia and the others were furious.
It's like a punch on the cotton…
"You guys first prepare! Let me think about where the next meeting point is!"
Levi Garrison touched his chin.
Gather all the followers of Cthulhu, you have to choose a good location.
Once the news is released, Tiance Mansion will also know.
At that time, if a large army of others comes, it is very likely that they will be wiped out all at once.
So where to choose is very important!
Consider from many aspects!
The Tiance Mansion and Baolong clan, as well as the major forces, frantically searched for Levi
Garrison's whereabouts throughout Erudia.
But after searching for a full day and night, there is still no clue.
Levi Garrison disappeared out of thin air.
I can't find the big guy to recognize it, but it's strange that there is no trace left.
& "I don't think it's right! I know that Levi Garrison's level of master is really not easy to find!"

“But we have dispatched so many people, Tiance Mansion has sent almost all the tracking masters!
Still no clue! Then there is a problem!”
“I now suspect that Levi Garrison is not alone. Someone is secretly helping him! After all, he has many
subordinates and apprentices in important positions!”
“I suggest that these apprentices and subordinates should be controlled first! Don’t let them
participate in anything! In this way, Levi Garrison won’t get any news!”
…
After the decision of the Tiance Mansion, he directly asked the joint Messiah to act.
Messiah cooperated unconditionally.
quickly.
Xiao Feng and all of Levi Garrison’s apprentices were found one by one.
First, he stopped everything at hand, and then he was shut down by surveillance.
In addition, Levi Garrison’s subordinates, the Five Great War Kings, were also controlled one by one.
…
This time, almost everything related to Levi Garrison was under control.
In the end, even the most powerful intelligence agency, LEvi’s Squad, Xitianwang, was locked up, and
all intelligence teams were separated.
It is really rare for such a big event to happen in one day.
“Now, I think Levi Garrison how do you escape?” But
what they didn’t expect was that this had no effect on Levi Garrison at all.
His secret team is still there.
The information he wants is there, and his combat power is still there.
What’s more, now controlling such a powerful Cthulhu team, intelligence and strength have been
greatly enhanced in all aspects.
At this time, Xu Zhengjie came to Jiangbei.
Although he was free in the Shenlong Science and Technology Base before, he was limited to that area
after all.
Now is freedom in the true sense.
If he wants to go, go there…
and no one can stop him at all!
“Master, Zoey and their family are protected by Tiance Mansion! We”
What should we do next? “
Asked the

subordinate . Xu Zhengjie raised a sneer at the corner of his mouth: "Of course he went directly in and
took the person away!" "
The Return of the God of War [The Protector] Chapter 1853
The voice fell.
Xu Zhengjie moved.
Go straight to the villa.
The experts arranged by Tiance Mansion quickly discovered Xu Zhengjie's abnormality.
Several people walked up quickly, wanting to question Xu Zhengjie.
Only a weird smile appeared at the corner of Xu Zhengjie's mouth.
The next second, these masters fell to the ground one by one.
They didn't die, one by one just passed out.
This is naturally the ghost of Xu Zhengjie.
The energy he controls can affect the human brain and can be manipulated consciously.
It couldn't be easier for these people to fall asleep.
Of course, it is not effective for those who have a particularly high level.
They are not only strong, but also strong willpower. Xu Zhengjie's energy can't interfere with their
brains.
Xu Zhengjie walked all the way, everyone fell under his feet and fell asleep.
If ordinary people see it, I am afraid that Xu Zhengjie is a god.
His supernatural ability is the same as the gods in the phantom movie.
Little did they know that this ability was obtained through experimentation.
Xu Zhengjie went wild all the way, and soon came to the villa.
Zoey and others were shocked when they saw Xu Zhengjie.
It stands to reason that the guards here are tight, and it is impossible for anyone to break in.
How did Xu Zhengjie get in?
By the way, Xu Zhengjie seems a little different.
Especially his eyes are terrible!
There is a feeling of looking at the world and ignoring sentient beings.
"Long time no see!"
Xu Zhengjie smiled.
"You… how did you get in?"
Zoey said in horror.
"Come in directly, I want to come in, no one can stop me!"
Xu Zhengjie casually sucked a servant of the Li family with energy.
"Uh…"

Then under everyone's eyes, Xu Zhengjie dissolved the person alive.
The terrible scene scared everyone at Zoey!
Isn't Xu Zhengjie an ordinary person?
How could he?
Especially this method is the same as God.
& Even more exaggerated than those warriors!
Even if Zoey is very strong now, he is shivering in the face of Xu Zhengjie.
Xu Zhengjie is truly unstoppable like a god descending from the earth.
"No way, I am so strong now! I forgot to tell you, this is my experiment and transformation!"
"In my heart, those warriors are barbarians with well-developed limbs! Compared with modern
technology, they are gorilla monkeys! "
Xu Zhengjie laughed.
But he does have this strength to ridicule!
Xu Zhengjie looked at Zoey carefully, and he no longer felt what he had before.
Looking at her, just thinking about how to get revenge.
There is no emotion between men and women at all!
He has no interest in Zoey anymore.
"You… what are you doing?"
Zoey looked at the demon god tremblingly.
"I heard that Levi Garrison has become a big demon, I will naturally kill him! Eliminate the harm for
the people!"
"Of course you! You are destined to be mine, you can't run away!"
Zoey immediately refused: " Impossible! I won't go with you!"
"This can't be done with you! You will follow me voluntarily! Hahaha…"
Xu Zhengjie had already prepared an experiment for Zoey.
At that time, it is very likely that Zoey will become his puppet.
Zoey is scared!
Today's Xu Zhengjie really gives her a devilish feeling.
"Levi Garrison, you didn't expect to have this day, right?"
Xu Zhengjie laughed loudly.
Soon, the Tianlong four came with the masters of hundreds of Tiance Mansion.
"Who are you? What are you doing?"
Xuan Lang scolded, staring at Xu Zhengjie firmly.
"Everyone, don't get me wrong! I'm here to fight against Levi Garrison!"
"They are not dead either! They just slept over!"
Xu Zhengjie smiled.
He waved his hand.

The masters of Tiance Mansion who had just fallen asleep on the ground woke up one after another.
"Don't worry, I just want to join the team that killed Levi Garrison!"
Xu Zhengjie smiled.
"Master of spells?"
Tianlong looked at Xu Zhengjie in horror.
The Return of the God of War [The Protector] Chapter 1854
The means he showed was a master of magic spells.
Can control people's thoughts and emotions, can make people fall asleep instantly, and can also make
people wake up instantly.
It is said that masters of magic arts can kill people invisibly, and they have magical means.
Can control the mind of people or animals, and can control and kill people thousands of miles away.
Seeing Xu Zhengjie's performance like this, Tianlong and others were shocked.
Masters of spells are rare and terrifying!

Xu Zhengjie's hand just now completely convinced Tianlong and the others.
"Sorry, I came in so recklessly just to show you my strength!"
Xu Zhengjie smiled.
"If you can join the crusade against Levi Garrison, then we will be even more powerful!"
Tianlong said with a smile.
No one will refuse a master of spells!
Especially still so strong!
Zoey was anxious and wanted to expose Xu Zhengjie.
But after another thought, how to expose Xu Zhengjie?
Can't say that Xu Zhengjie has bad thoughts, he wants to kill Levi Garrison, right?
That's right!
Now they just want to kill Levi Garrison!

Upon hearing that Xu Zhengjie was here to kill Levi Garrison, Tianlong raised their hands in favor.
The identity of Xu Zhengjie was not even checked.
Now in Erudia, for Tiance Mansion, if you want to deal with Levi Garrison, then we are friends.
"Okay, Master welcomes you to join! We really need your help!"
Tianlong said humanely.
"Don't worry, as long as it is about Levi Garrison, I have no shirk!"
"As soon as you have news about Levi Garrison, please contact me! I will actively look for him!"
Xu Zhengjie agreed.
"It's so good
Up! Our team has grown again! "
With the addition of the master, I believe it will be sooner or later to win Levi Garrison!" "
Tianlong people laughed.
Xu Zhengjie asked about the reasons why Zoey was protected.
Tianlong answered truthfully.
"If you can trust me, you can leave them in my care!" "
Xu Zhengjie took the initiative to ask.
Zoey was about to speak, but found that she couldn't speak at all.
Xu Zhengjie had already moved her hands and feet, and she couldn't make a sound.
Seeing a few people hesitated, Xu Zhengjie smiled and said: "If I want to do something to her If you
do, surely your people can stop me? "The
Tianlong people are relieved.
If Xu Zhengjie is sincere to deal with Zoey, no one can stop
him . Besides , letting a master guard Zoey will reduce their pressure and resources on the one hand,
and on the other hand, it will be safe.
"no problem! Then there is Master Lao! "After
weighing the pros and cons in this way, Tianlong and several people handed over Zoey to Xu Zhengjie.
After
successfully taking away Zoey everyone, Xu Zhengjie smiled and said:
"Don't worry, I won't move you
until Levi Garrison is not dead!" "
Erudia martial arts circles all over the world are searching for Levi Garrison.
At the same time, other countries are also moving.
First of all, the long-silent war eagle country jumped out. It

unites many countries and international forces to condemn Levi Garrison.
.
this is Yan Lung Wei-day government policy they did not think of.
fighters in the country these forces will intervene!
key they have no reason to refuse!
The reason given by the major forces such as the War Eagle Nation is very simple-if
Levi Garrison grows up, it will be a disaster for Erudia, for other countries and regions, and for the
whole world.
Therefore, the appearance of Levi Garrison is not only the suffering of Erudia, but also the whole
world.
Therefore, everyone is required to unite and slay this demon together.
All of this is naturally led by Richard.
In this way, he has a legitimate reason to get rid of Levi Garrison's shame, and he can also enter
Erudia.
The Return of the God of War [The Protector] Chapter 1855
Since the Warhawk Nation issued this initiative, it has received support from many forces!
The international momentum is growing.
Many people have long regarded Levi Garrison as a thorn in the flesh.
In particular, Levi Garrison, as the king of Erudia, puts great pressure on other countries and regions.
With Levi here, they can't eat well and sleep well.
I wanted to kill it a long time ago!
But there is no chance at all!
Now that Levi Garrison had something to do, they knew that the opportunity was coming.
As for what Tiance Mansion thought, it would be impossible for the major foreign forces to recruit
Levi Garrison!
Tiance Mansion didn't even understand Levi Garrison at all.
On the contrary, it was Levi Garrison's enemy, Richard, who knew Levi Garrison best!
They firmly believe that Levi Garrison was framed!
This person will not do anything harmful to Erudia anyway!
So it's impossible to recruit him and let him join another country!
The best way is to kill him!
How could Richard let go of this opportunity?
It is impossible for Messiah to stop them!

Their reasons are unassailable!
You can't refuse at all!
In Tiance Mansion's view, this is a good thing.
First, they will not recruit Levi Garrison.
Second, the power to encircle Levi Garrison has increased.
After getting permission, Richard actively recruited troops, calling as many masters as he could.
One day later, he will lead all the masters into Erudia to encircle and suppress Levi Garrison.
The situation is grim.
All forces joined the team to encircle and suppress Levi Garrison.
Levi Garrison's old department was completely controlled.
Hearing that Richard and the others had formed an international encirclement and suppression team,
even the East Island forces were stunned.
Although this is a good thing!
The bigger the trouble, the better.
But they felt something was wrong…
before they suspected that Richard and others had captured Levilia and the others.
But now they came to encircle Levi Garrison.
So who was the one who captured Levilia ?
This is puzzling!
& But what they have to do now is to intensify the conflict.
Levilia , this child is not important.
On the other side, Xu Zhengjie brought Zoey and the others back to the Shenlong Science and
Technology Base.
"Zoey I will conduct experiments soon. Do you expect to have a strong power and be used by me
alone?"
Xu Zhengjie laughed.
"You devil! You are not a human!"
Zoey cursed angrily.
"Yes! Strictly speaking, I am indeed not a human being!"
Xu Zhengjie laughed.
He is now composed of pure energy, so he doesn't need to be considered a human being.
"You…"
"Come here, keep them locked up with Wen Lei!"
"I'll go and clean up Levi Garrison!"

Seeing Xu Zhengjie's incredible appearance, the elites of the Shenlong Science and Technology
Alliance are all regretful.
Why didn't Levi Garrison kill him with a single knife?
Why bring him back?
How did they persuade you?
It was they who insisted on going their own way and forcibly brought Xu Zhengjie back.
Raising tigers is now in trouble.
Can't control it at all.
They have seen how strong Xu Zhengjie is!
Who can stop him?
This guy is now an energy body, he can't kill him!
Wen Lei asked Zoey quietly: "Do you know where Levi Garrison is?"
"I don't know!"
Zoey shook his head.
"Now he is the only one who stops Xu Zhengjie! Xu Zhengjie is more threatening than anyone!"
Zoey looked helpless: "But after the accident, he never contacted me again!"
"Hey!"
Wen Lei clutched her hair, thinking about countermeasures.
After Xu Zhengjie left the base, he joined the team searching for Levi Garrison.
At this time, after Levi Garrison discussed with everyone, he was about to make a decision.
"In any case, we can't hide from hiding! Let's face them head-on!"
"Give me my order-I, Levi Garrison, will be waiting for fellow fellows at Tiandang Mountain in the
south!"
Levi Garrison issued a summoning order.
Suddenly the summer is boiling.
The Return of the God of War [The Protector] Chapter 1856
Fu Jia, Lin Tianlong and their eyes were silent.
Once the summoning order is issued, they know best what it means.
It will be an unprecedented battle!
No matter who it is, it will be a great loss.
Especially the entire Erudia martial arts world will be greatly injured!
They couldn't stop them, they could only watch.
As soon as the summoning order from Levi Garrison, the descendant of the Heretic God was issued,
the whole Erudia exploded.

Those followers of Cthulhu, who always seemed to be headless flies, were completely excited.
In the past two days, in addition to the forces such as the Celestial Strategy Mansion who are looking
for Levi Garrison, they are also actively looking for it.
But there is no clue at all.
Now Levi Garrison directly issued a convening order.
The followers of Cthulhu were so excited that they rushed to Tiandang Mountain from all directions!
They are crazy, going to Tiandang Mountain at all costs.
When they encounter an attack or obstruction on the way, they can dodge as long as they can, and
they don't like war at all.
Just to see the descendants of the Heretic God for the first time!
"At all costs, join as quickly as possible!"
"Those who block the way, kill without mercy!"
...
After receiving the summoning order, the followers of Cthulhu went crazy.
Since the summoning order is for all the followers of Cthulhu, it is impossible to secretly issue the
summoning order.
Cause everyone will know this summoning order.
The East Island forces were dumbfounded when they knew the summoning order.
Their original plan-to use the followers of the Heretic God to cause contradictions on a large scale in
Erudia, and weaken Erudia martial arts a little bit.
Levi came to a summoning order to completely shatter their plan.
Let them not use the followers of Cthulhu at all.
"This is not a good thing for us!"
...
But after hearing the summoning order, the Tiance Mansion and other forces all laughed.
Levi Garrison issued a convening order, which could indeed convene the followers of Cthulhu.
But on the other hand, he also exposed his whereabouts, completely exposed where he was.
There is another point-gather all the followers of Cthulhu.
Isn't this just waiting to be exhausted?
I don't have to go to find out these evil demons.
It's so easy!

Tiance Mansion immediately issued an order-let the Erudia martial arts world stand still, and let it go
directly when it encounters a follower of the evil god.
They want the followers of Cthulhu to gather with Levi Garrison.
"Another order-let all the aspiring people who encircle and suppress Levi Garrison immediately go to
Tiandang Mountain to meet! Follow the unified command of Tiance Mansion!"
"In addition, we have to send the strongest lineup! Levi Garrison plus all the evil gods The remnants
are not
easy to deal with!" "In addition, let the Baolong clan send the strong to join us to encircle and
suppress Levi Garrison!"
"Also contact all the strong in the sky list and list the strong! Let them also help to encircle and
suppress Levi Garrison! A bit of effort!"
…
After knowing the exact location, Tiance Mansion made detailed arrangements.
Send out all the strong ones that can be sent out!
In addition, "masters" like Xu Zhengjie are also invited.
And the team formed by Richard and the others also joined the ranks of encirclement and
suppression.
All forces set off towards Tiandang Mountain.
An unprecedented battle is about to take place!
A few hours after the summoning order was issued, many followers of Cthulhu had already arrived.
Seeing the growing team around him, Levi Garrison couldn't get happy anyhow.
Your team is stronger, which means that the opponent's team is stronger.
They all want to catch it all in one go.
"Little Cthulhu, it is estimated that in another half a day, our colleagues will all gather!"
"We are also ready to fight! What are you afraid of? Under your leadership, how many kills will
come!"…
A group of masters have one after another. Express your stance.
Levi Garrison nodded: "Well, I know."
"Levi Garrison is actually a stupid decision! You exposed your position and will suffer all-round

encirclement and suppression!"
Lin Tianlong laughed.
The Return of the God of War [The Protector] Chapter 1857
At the beginning, Levi Garrison issued a convening order, and they felt that the crisis had come.
But after I figured it out, Levi Garrison was self-catching.
Obviously hiding, it is difficult to find him.
He wanted to take the initiative to expose his traces.
Isn't this seeking a dead end?
Levi Garrison glanced at Lin Tianlong.
A person next to him immediately understood, and slapped Lin Tianlong's face with a slap.
"
Just talk nonsense again, just kill you!" Levi Garrison smiled: "You still care about your situation first,
right?"
Levi Garrison's eyes fell on Fu Jia and Ning still.
"Bring them to my room!"
Levi Garrison left after leaving a sentence.
"Boom!" But
Fu Jia and Ning still had their heads exploded.
He… what is he going to do?
Take it to his room? ? ?
A bad premonition flooded my mind.
Fu Jia and Ning were still shaking.
Isn't he going to…
thinking of that situation, the two immediately broke into cold sweats.
Together with Lin Tianlong were shocked.
"What are you going to do? What are you going to do? Let people go!"
Lin Tianlong has been secretly in love with Fu Jia.
I heard that the two of Fu Jia were about to be taken to Levi Garrison's room.
How could he not panic?
Once Levi Garrison did something to the two of them, he was crazy!
For a moment, Lin Tianlong blushed and shouted, struggling hard.
"Quiet!"
"Bang!"
He was knocked out directly.
Ning still and Fu Jia were finally taken away.
Brought to Levi Garrison's room.
In the room, Levi Garrison was lying in a recliner.
Fu Jia and Ning still looked at Levi Garrison warily.

Fu Jia clenched her fist tightly. She wanted to slam the killer, but she understood that it was
impossible to succeed.
With Levi Garrison's strength, she had no chance at all.
She and Ning still looked at each other.
Both of them are determined to die.
If Levi Garrison had any ideas, they would commit suicide and would never let Levi Garrison succeed.
& "You…what did you bring us to your room?"
Fu Jia asked nervously.
"You two come here!"
Levi Garrison's cold voice sounded, and the two trembled at the same time.
Under Levi Garrison's coercion, the two still walked over obediently.
Can't hide it!
Not the same as Fu Jia.
Ning is still more afraid of death!
She was thinking about what Levi Garrison would do to her later, she might compromise and let Levi
Garrison do the tricks obediently.
It seems that Levi Garrison is not bad either.
Except for her status as a demon, in all other respects, she is the best among the young people she
has ever seen.
Lin Tianlong and the like are even more incomparable with him.
He seems to be very good.
Thinking of this, Ning still felt much better.
The two walked up to Levi Garrison anxiously, not knowing what he was going to do…
"One press on the shoulders, one press on the legs! Hurry up!" The words are not surprising and endless.
When Levi Garrison said these words, Fu Jia and Ning were still directly dumbfounded.
That's it?
Was it for this to capture the two of them?
puff!
Ning still had to vomit blood.
I wanted everything just now, and I was mentally prepared.
What is the result?
Fu Jia was also speechless.
"Hurry up, what are you doing? Force me to do it myself?"
Levi Garrison urged impatiently.

Fu Jia had to press his shoulders and beat his legs.
It's just that the two of them feel a little lost inexplicably, empty.
Levi Garrison didn't do anything to them, but made them unwilling.
Isn't he attractive?
Young, beautiful, high-status, and strong.
Shouldn't men like it all?
Especially a big monster like Levi Garrison!
But Levi Garrison didn't even look at them at all.
To catch them is just to do this!
The evil spirits outside the room smiled.
"It seems
that the little Cthulhu is really a born devil! The man is killed, the woman is not let go!" "Under his
leadership, I believe we will return to the era of the Cthulhu!"
Everyone laughed.
The Return of the God of War [The Protector] Chapter 1858
Everyone looked at Levi Garrison's room, and they all smiled.
Lonely men and widows live in the same room.
What is Levi Garrison going to do, who doesn't understand?
"Hehehe…"
If you let Levi Garrison know the thoughts of this group of people, he would be furious.
He was thinking about countermeasures while punishing the two women a little.
These young people are too crazy one by one.
Levi Garrison must rub their spirits.
Think about it, let Fu Jia, who is called a fairy, be treated as a maid to press his legs.
This is a blow to her at all.
But I didn't expect to understand it crookedly!
I have to say that the martial artist's hand strength is really good.
It is suitable for pressing the shoulders and beating the legs.
Levi Garrison closed his eyes and meditated, thinking.
Two hours passed gradually.
Lin Tianlong, who had been locked up, had already woke up.
The person was not released for two hours, which meant that the two women had fallen into Levi
Garrison's magical hands.
What should have happened has already happened.
"Ah!!!"
Lin Tianlong screamed up to the sky.
The fist was clenched tightly, and a majestic force gushed out.

Almost broke free of the rope.
“Levi Garrison, I don’t share the same spirit with you! Don’t let me go out! Otherwise, I will make you
die!!!”
To Lin Tianlong.
Wife-robbing hate is not shared!
Not long after, Fu Jia and Ning were still sent back.
The two were still blushing, and their clothes were a little messy.
After all, it has just been three hours since Levi Garrison beating his legs and pressing his shoulders…
But
their appearance changed in the eyes of others.
“Haha, worthy of the little evil god!”
“This is the descendant of the evil god! Since the outside world says that we are all evil, then we
simply do what we want!”
…
everyone laughed.
But after Lin Tianlong saw the two, his eyes were about to fly out.
Levi Garrison, I want you to die! ! !
His heart is bleeding!
& “Fu Jia, you guys… are you okay?”
other colleagues asked one after another.
“We…we are okay…”
Fu Jia and Ning still saw everyone’s strange eyes, and gradually understood something.
“Levi Garrison took you there. Didn’t he do anything to you? This damn devil!”
someone asked.
“No, he let us…”
Ning still looked at Fu Jia, and neither of them could say anything .
Can’t you say that they beat the demon’s legs and shoulders, right?
If this spreads out, how will they mix up in the future?
Together with their family will also be humiliated!
So I must not say it!
“Actually no…nothing…” The
two of them hesitated, but they made everyone more sure that Levi Garrison must have committed a
murder to the two.
What else can make girls difficult to talk about?
“Levi Garrison!!!”
Lin Tianlong fainted directly.

Fu Jia and Ning were still confused.
I don't even know what happened.
Soon the story of Levi Garrison and Fu Jia spread out.
The followers of Cthulhu who were rushing to various places were overjoyed when they heard this
news.
"Little Cthulhu Demon's hand picking flowers! It's so good!"
"Hahaha, Little Cthulhu, go on! Picking all the righteous flowers!"
... But when
others heard the news, they were really furious.
"What? Fairy Fu and Tianjiao Ning, who is seventh on the ground list, are still being poisoned by Levi
Garrison?"
"Sure enough, the devil is the devil! No evil is done! Killing without blinking ! Women don't let it
go!"
"This kind of demons must be killed!"
...
Especially Fu Jia and Ning are still top arrogants.
Levi Garrison's attack on these two women caused a great sensation.
The forces behind the two are going crazy!
"Levi Garrison, did you really release your nature? I thought you wouldn't touch other women except
Li
Zoey ?" Xu Zhengjie not only smiled when he heard the news.
"Come on, send this news to Zoey, let her see what her husband is doing? Hahaha..."
The Return of the God of War [The Protector] Chapter 1859
"Boom!!!" After
receiving the news.
Zoey was dumbfounded.
Everyone in Lopez and Black's family was dumbfounded.
Even Wen Lei was dumbfounded.
Will Levi Garrison be like this?
impossible?
But the facts are here!
This matter has spread throughout Erudia!
The matter was still spread by the power of the Heretic God... a
real hammer!
But Wen Lei didn't believe it.
She has a somewhat beautiful appearance, comparable to a star.
But when he gets along with Levi Garrison, he never looks at himself.

It seems to be commonplace for beauties.
He doesn't seem to be the one who did this!
Zoey also believed that Levi Garrison was fine, but the facts were before him.
What can she do?
Disheartened.
Wash your face with tears.
The daughter was arrested and has not been there.
The husband became the devil and did this again.
"Hey, since you were about to get married, I have given you fortune-telling. You have had a lot of ups
and downs in your life! I told you, you don't believe me, now is it all right? His true face is revealed,
right?"
Li Tianhao shouted with hatred for iron and steel.
Fortune-telling is a real thing.
Zoey could only sob and sob.
Their family was fine.
Why does it become like this?
What if their family were ordinary people?
The two ran the company together, and the daughter went to school well, and the elders in the family
enjoyed life.
It is a pity that Levi is in a high position, and he is also a descendant of the Heretic God.
These are destined to be uncommon at all.
It led to the way it is now… the
family is broken and the wives are scattered.
Even the child can't be found.
"Levi Garrison, what are you doing? How can I forgive you if you are like this!"
… The
news was really hammered.
Levi Garrison reveals the nature of the Heretic God!
All parties are insulting Levi Garrison.
I can't wait to cramp him.
At this time, the team led by Richard himself also entered the territory of Erudia.
They rushed straight to Tiandang Mountain.
But on the way, people in the team kept leaving, not knowing where they went.
Hundreds of people left before and after.

I don't know where it went.
Anyway, this is a good thing for Richard and the others.
They can enter Erudia in an open manner and do what they want to do.
But even if Messiah expected it, he couldn't call the shots.
Tiance Mansion is now single-minded and only wants to deal with Levi Garrison.
They won't care about these!
Tiandang Mountain.
Became the focus of the world for a while.
Countless forces are gathering here.
People living around Tiandang Mountain evacuated one after another, for fear of affecting
themselves.
For most of the day, the followers of Cthulhu had basically gathered together.
Levi Garrison looked at the masters all over the mountains, and the corners of his mouth rose.
What a powerful force!
He subconsciously wanted to incorporate this powerful force into Erudia's battle sequence.
Enhance Erudia's power!
But now, he is the enemy of Erudia.
Everyone wants to get rid of it quickly.
But there are still people who believe in themselves.
This is enough!
But when Levi Garrison heard these little cubs, he spread the news that he and Fu Jia were in the
same room.
He is about to laugh angrily!
Is the pig teammate?
I can't wash everything now!
"Enlighten the Little Cthulhu! According to the gossip we got! The seventh, eighty-nine, and the
fourth, third, and second masters of the sky list are all dispatched!"
"There are also the top three Tianjiao and the sky plan. The core powerhouses of the Fu and Baolong
clan are all here!"
"Even all the major foreign forces are here! Little Cthulhu, we are inevitable for the next big battle!"
...
"I'm still here !" I heard that they invited a master of spells, not in the sky list, but the strength is

definitely in the sky list! It is said that it is the top three in the sky list!"
Levi Garrison didn't mind.
But the next sentence cheered him up.
"This magic master seemed to be an ordinary person before! What is Xu Zhengjie's name!"
The Return of the God of War [The Protector] Chapter 1860
"What? Xu Zhengjie???"
Levi Garrison's face changed drastically when he heard this name.
It's him?
It turned out to be Xu Zhengjie!
A thousand precautions still allowed Xu Zhengjie's disaster to take shape!
Xu Zhengjie had a plan before, but he didn't take any action because he wanted to guard himself.
This must have happened while he became the enemy of Erudia!
But shouldn't he produce weapons?
How did you become a master of magic spells?
correct!
It must be a powerful weapon that makes him look like a master of spells.
In Levi Garrison's understanding, Xu Zhengjie had invented a powerful weapon, but he did not expect
that he had transformed himself.
not good!
Plum dye!
Xu Zhengjie will definitely not let Zoey go.
Levi Garrison immediately sent someone to search for Zoey's whereabouts.
Three more hours passed.
The forces of Cthulhu are all assembled!
They lined up in a team, one by one in front of Levi Garrison.
Levi Garrison was shocked by the battle.
The Cthulhu power is really strong.
No wonder it used to be called the Age of Cthulhu.
Not only is Huoyun Evil God powerful, but also his followers are extremely powerful.
Among the leaders of the heretical gods, Levi Garrison found dozens of powerful men who were
comparable to the five dragons of the heavenly ranking list.
There are even six or seven people who are obviously better than the Wulong Taoist group.
Most likely it is the legendary Eighth Heavenly Powerhouse!
No wonder even the Tiance Mansion and Baolong clan are so jealous.

If you add so many powerhouses, it would be enough to pose a big threat to Erudia.
"Well, yes, there is the
demeanor of the evil god!" A white-clothed swordsman, with a sword hanging on his waist, holding a
folding fan, is handsome.
In particular, a handsome face is even more deceptive.
Laughing makes people feel like spring breeze.
Don't be fooled by his appearance!
This guy is known as the Evil Sword God!
The murderous demon!
"Yes! If you take time to reach the realm of the evil god!"
A person hidden in a black robe had a hoarse voice as if he was scratching his nails across the glass.
The Seven Evil Gods Black Evil God under Huoyun Cthulhu!
... The
seven evil gods are all the strength of the eighth heaven!
After the Evil God Huoyun disappeared, the seven immediately hid with their subordinates.
In order to retain strength and look forward to this day.
These seven people appeared together, and few could stop them!
That's why Tiance Mansion was so jealous of the Heretic God's power, and only invited the strongest
in the sky list one by one.
On the top of Tiandang Mountain.
There were seven evil gods standing opposite Levi Garrison.
They all obeyed Levi Garrison unconditionally.
At this time, Levi Garrison was wondering if the cheap master was Huoyun Cthulhu?
How does he feel not!
And who is the person impersonating himself?
Why does he use the same technique as himself?
What's the secret in this?
Levi Garrison didn't tell the seven evil gods about this, what if he stunned the snake?
He should check it slowly!
"Little master, all our forces have now assembled! Also, all our whereabouts have been exposed to
them!"
"Yes, if nothing else, Tiandang Mountain would have been surrounded by hundreds of miles long
ago!"

“This It’s a great opportunity for them to catch us all!”
“Soon the army of the Tiance Mansion will attack! At that time, we will be tough? Or something else?”
... the
seven evil gods each express their views, but all look at Levi Garrison, looking forward to Levi
Garrison’s decision.
This battle is crucial.
If you are not careful, you may be wiped out!
Levi Garrison smiled: “Actually, I have planned!”
“Listen to me…”
Levi Garrison leaned in front of the seven and whispered his plan.
“What? How can
this work ?” “Yes, this is definitely not possible!”
... The
seven evil gods immediately opposed.
“Are you not listening to my orders?”
“Little Master, I will wait for everything to follow your arrangements!”
The Return of the God of War [The Protector] Chapter 1861
Seeing Levi Garrison’s anger, the seven evil gods immediately knelt down in front of him.
“Master, we were wrong! We shouldn’t have any complaints. I should obey your orders
unconditionally!” The
seven lowered their heads and dared not get up.
They all know the fate of violating the evil god.
Although they are the seven evil gods, the one in front of them is the true descendant of the evil gods.
The only one worthy of the title of Cthulhu.
They are all fictitious names!
“It’s okay, get up, just listen to me, go and prepare!”
Levi Garrison ordered.
The seven evil gods quickly dispersed.
Levi Garrison stood on the top of the mountain with his hands on his back and looked into the
distance.
A big battle is coming.
The whole Tiandang Mountain seemed very peaceful this night!
There is no sound of birds and beasts, not even the wind blows.
However, the surrounding area of Tiandang Mountain is fierce as fire!
Tiance Mansion, the Baolong clan, and the masters of the major decent forces are all in place.

The international forces led by Xu Zhengjie and Richard are also in place. They surrounded Tiandang Mountain to a halt.
Including the sky above Tiandang Mountain, it was also tightly sealed off. In the hands of these powerful people, it is no exaggeration to say that a fly can't fly past.
What's more, there are so many big living people, don't even think about leaving!
"Should I say that Levi Garrison is really stupid! Not only does it bring everyone together, but also
exposes the location! Isn't this just waiting for us to catch it all?"
"Hahaha…"
Everyone laughed.
"Don't underestimate Levi Garrison! He dared to expose the location and gather everyone, for fear
that he wants to fight to the death with us! This group of demons is not easy to deal with!"
"Everyone is ready! Heed the order and will launch a general attack in an hour ! "
" understand !!! "
every face is excitement and anticipation.
Not far from Tiandang Mountain.
The East Island forces gathered here.
"Hahaha…"
"The day we were waiting is finally here!
The exhibition is better than we thought! "
According to our plan, it was all small-scale weakening, but Levi Garrison did not expect that Levi
Garrison would gather everyone together!" This battle will weaken the strength of the Erudia martial
arts world to the greatest extent! "
Yes!" Tiance Mansion is powerful, but the followers of Cthulhu are not weak! It is said that the seven
evil gods are all the cultivation bases of the eighth heaven! "
What kind of concept is the Eighth Heaven?" In order not to reveal his trump card, the Eagle Nation
would rather let Levi Garrison leave than send out the powerhouse of the Eighth Heaven! "
We just need to wait for a good show!" "
…
But what they don't know is that someone has followed the trail to find the door.
After all, they still left clues.

Before Levi Garrison was difficult to find by himself. But
now Levi Garrison can use too many resources.
Except . Outside his secret team, there are seven evil gods.
The atmosphere of the war is getting stronger and stronger.
Levi Garrison is still standing on the top of the mountain. He has been standing for several hours.
He just got news that Zoey has nothing to do.
It
's a big problem. He breathed a sigh of relief . He can concentrate on the next battle.
First solve all the troubles in front of you!
Then, save Zoey.
Tiandang Mountain, the focal point of the world.
This battle has epoch-making significance. It
may affect the direction of the Erudia martial arts world and even the world in the future.
"Countdown! Three, two, one, launch a total attack! "
" Whoosh! "
Suddenly a signal flare rose up and exploded over Tiandang Mountain!
"Boom boom boom…"
Suddenly a flash of flashes lifted into the sky, dense enough to illuminate the entire Tiandang
Mountain as bright as daylight.
"Kill!"
"Kill Levi Garrison!"
…
attacked!
Tens of thousands of masters launched a general attack on Tiandang Mountain from all directions.
"Levi is coming to your end!"
Xu Zhengjie, Richard and the others also joined them one by one.
The Return of the God of War [The Protector] Chapter 1862
"Kill!"
Countless masters ascended Tiandang Mountain from all directions.
Everyone was murderous.
Once you see anyone, you will be killed!
They will not allow any evil spirits to live tonight!
It's going to die!
But a few minutes later, everyone was stunned.
Because along the way, there was no evil demon outside.
It shouldn't be!
According to the number of Cthulhu forces, it should be everywhere.

A place as small as the top of the mountain can't hold so many people.
So where did the people go?
"Be careful, these demons are very cunning. Most of them are lying in ambush, waiting to attack us!"
"Be careful!"
...
Immediately, the masters of all parties became vigilant, slowed down, and climbed slowly.
But the more you go, the more panic!
No one at all!
The entire Tiandang Mountain is quiet and terrifying!
There is no sound at all.
No one can see it.
There is not even a trace of birds or beasts.
"It shouldn't be, why is there no movement at all? The attack should have been attacked early!"
No one was seen, everyone continued climbing.
...
Soon, halfway up the mountain, still no one was seen.
This makes everyone's face full of doubts.
What's the matter
halfway up the mountain, no one is there!
What are these demons going to do?
What kind of attention did Levi Garrison play?
"Too insidious and cunning!"
"Let me see them, absolutely broken into pieces!"
"Go ahead!"
...
the masters of all parties continue to climb the mountain from every direction.
There are experts from the Heavenly Strategy Mansion and the masters of the Heavenly List, but they
are not afraid.
The more you go, the more panic!
Strange, so strange.
No one saw it!
Even if they were about to reach the summit, they still didn't see anyone.
"What the hell is Levi Garrison doing?"
This is the question in everyone's mind.
"I understand Levi Garrison
! He is resourceful! The more this time, the more you can't take it lightly!
"

Xu Zhengjie reminded.
“Yes, after all, Levi Garrison and the seven evil gods are very strong!
Once they have some conspiracy,
our losses will be very heavy! “
Atmosphere of terror spread in day swing Hill.
Everyone looking nervous, and looked solidified.
After days of high-level government policy some deliberation, decided to let go in front of the strong
open, just in case.
Days and days of strong standings The strong men of the Ce Mansion walked in the forefront to
open the way, and other armies followed
one after another. In this way, step by step toward the top of the mountain. The
situation is still the same.
Along the way, no one is seen.
Even some of the strong have no bottom. .
after all, in our concept, these Xiemowaidao innate cunning, ruthless brutality.
Once they intrigue with what really may not be able to block.
after half an hour
parties army from four directions successful ascent.
mountains above, There was only one figure standing.
That was Levi Garrison!
No one expected this ! There is
only one person in the entire Tiandang Mountain!
Where are the tens of thousands of Heretic God forces? I ca
n’t understand! The
Heretic God forces are all there. Convergence, this is what Tiance Mansion saw and was sure.
So many people all went to Tiandang Mountain.
How could
they disappear for no reason? They almost went through the entire Tiandang Mountain. No
one saw it!
Where are people?
“Why is there only one person?”
Unimaginable!
Can’t understand!
The figure slowly turned around.
Levi Garrison!
There is only Levi Garrison in Tiandang Mountain.

“I have been waiting for you for a long time!”
Levi Garrison smiled.
But this look, in the eyes of others, is almost like a devil.
“Empty city plan?”
Levi Garrison was afraid that he sang an empty city plan?
There is absolutely fraud!
But if the forces of the evil spirits lie in wait, where can they lie in wait?
Now every corner is their people!
The Cthulhu forces have no place to hide at all!
Where did they go?
The Return of the God of War [The Protector] Chapter 1863
It’s impossible to disappear out of thin air, right?
This is impossible!
How could tens of thousands of people disappear under the nose of Tiance Mansion?
There is another explanation, that is, like the shadow man of the war eagle country and the shadow
warrior of the East Island, they hide their figure and integrate with the environment.
This is possible.
But only some people, or a few people can do it.
Tens of thousands of people can’t do it!
Where are people?
What is the conspiracy?
“Levi Garrison, what tricks are you playing? What about people? Where are the others?”
Earth Tiger couldn’t help asking.
“Yes! Levi Garrison, don’t be foolish! In the face of absolute strength, your conspiracy and tricks are
useless!”
“Yes, Levi Garrison hurry up! Then hand over all your subordinates! Maybe you will leave a corpse! “
...
This group of people kept their cruel words while watching their surroundings vigilantly.
No one wants to be sneered!
Even those who are strong in the sky list!
Levi was happy.
To put it bluntly, these people are still scared!
He smiled and said, “Don’t worry, I’m the only one in Tiandang Mountain!”

“Fart! Ghosts will believe you! We watched so many evil spirits enter Tiandang Mountain! How come
there is only one person!”
“Ye Don’t lie, Levi ! If you have any conspiracy and tricks, just show it up!”
… As
soon as Levi Garrison spoke, he was immediately rebutted by a large group of people.
Levi Garrison smiled.
It seems that Cthulhu has caused a great shadow on this group of people.
“I am enough to deal with you! I don’t need them!”
“You don’t need to look for them, they have already left!”
Levi Garrison smiled.
“Leave? Who did you hide? Where did so many people leave? Why didn’t we see it?”
“Yes! Even if the sky above Tiandang Mountain is within our control, it is impossible for them to fly
away! You! Tell me they left? Who did you lie to?”
……
& Everyone roared one after another.
But Levi Garrison was right!
The seven evil gods led everyone away!
This is the reason why the seven evil gods strongly opposed when Levi Garrison proposed the plan.
They never thought that Levi Garrison’s plan was to ask them to lead everyone to retreat.
The seven evil gods naturally did not agree to this.
But this is Levi Garrison’s order, they can only execute it.
So they took everyone, including Fu Jia and others, and left Tiandang Mountain.
As for where did they leave Tiandang Mountain?
Not under the eyes of Tiance Mansion, or flying away, let alone disappearing out of thin air.
In fact, Levi Garrison was making this decision after determining the location of Tiandang Mountain.
He asked the secret team to dig a tunnel in the Tiandang Mountain.
Erudia was originally called an infrastructure madman.
What’s more, a group of top masters are digging in person.
They dug out this secret passage in just one day.
That’s why the seven evil gods disappeared with tens of thousands of gods unconsciously.
Leave in the passage in the mountain.

This is how Tiance Mansion would not have thought of it.
Even the sky is blocked.
But there are mountains!
Now, Levi Garrison is indeed the only one in Tiandang Mountain!
In order to prevent the other party's conspiracy from succeeding.
He just used this strategy.
Let the seven evil gods lead people to leave quietly, and prevent them from encountering the army of
Tiance Mansion.
Directly shattered the plans of the East Island forces!
They wanted a frontal collision between the Erudia Martial Dao Realm and the Heretic God's forces,
greatly weakening the Erudia Martial Dao's forces.
But Levi Garrison didn't let them succeed!
"It's not good! Where did we find a secret passage in Beishan! Go straight to the mountain, and the
exit is in another place!"
"We suspect that the seven evil gods led people away from the mountain passage!"
... At
this time, the master of Tiance Mansion discovered Through this secret channel.
"Levi Garrison, what are you going to do?"
The Return of the God of War [The Protector] Chapter 1864
Now, all of them in Tiance Mansion knew why people disappeared out of thin air!
It is impossible to imagine.
Levi Garrison went out of the mountain through a tunnel!
I can't believe it if I'm killed!
This explains why so many people disappeared out of thin air!
Faced with this situation, Tiance Mansion is also helpless!
If the above blame comes down, it is a major negligence!
The responsibility will be on them!
If Levi Garrison walked away quietly with all the heretical forces, then they would be crazy!
It's all their responsibility!
Fortunately, Levi is here!
Otherwise it will be too much trouble!
But another question came to my mind.
No, there should be several questions.
Why did Levi Garrison let the seven evil gods lead people away?
Just leave him here?

Isn't this going to die?
With this opportunity to escape, why not escape?
If you don't want to escape, you should keep everyone around!
The Cthulhu forces are a very strong team!
Why let them go?
Can't figure it out!
Thinking about this matter from that angle, I can't figure it out!
Even at the beginning, why Levi Garrison rashly summoned all the forces of the evil gods was an
incredible decision!
This is not to let everyone catch it all in one go!
Everyone can't figure it out after tearing their scalp.
But how did they know that Levi Garrison was dedicated to Erudia.
Do all kinds of unthinkable things, just to reduce Erudia's loss and prevent the enemy's conspiracy
from succeeding!
He will always be the Kunlun God of War, and he will always be the king of the word side by side!
At any time, you must trust him unconditionally.
Leave everything to him!
Tiance Mansion did not expect it, nor did the forces of the East Island.
Just when they wanted to sit on the mountain and watch the tiger fight, they found that the tigers
were all over.
Everything they expected could not be achieved.
Let's be alone!
If they wanted to pretend to be Levi Garrison and kill everyone as they did the first two times, it would
not be possible.
Not to mention that the eyes of the whole world are gathered here.
What's more, all the top powerhouses present!
"It seems something is wrong!"
The group of East Island forces not far from Tiandang Mountain began to frown.
Because the leaders of Tiance Mansion have their spies.
When the spies passed the news, they were also dumbfounded.
Everyone disappeared?
"Hurry up and send someone to see what's going on in detail!"
They immediately sent a master to Tiandang Mountain to inquire about the situation in person.
Little did they know that in this way, they exposed their feet.
The people arranged by Levi Garrison watched them thoroughly.

Especially the seven evil gods who left, they also acted.
Part to rescue Zoey, part to investigate clues.
Tiandang Mountain.
Tianlong stared at Levi Garrison tightly: "What on earth are you going to do,
Levi Garrison ?" Levi Garrison smiled: "Don't do anything, don't you want to kill me? Come on, deal
with you, I am enough!"
"You ...You are too arrogant! Do you really think the world is invincible? Your ranking is only ranked
sixth! There are not a few who are stronger than you!"
"Levi Garrison today is your death date!"
...
Levi Garrison's words aroused many people dissatisfied.
But the strong are thinking about why Levi Garrison is like this?
At this time, Xu Zhengjie's expression in the crowd became weird.
He hasn't shown up just now.
Levi Garrison had just searched for him a few times but couldn't find him.
This guy hides deeply.
"Not good! Adjust the tiger away from the mountain!"
Xu Zhengjie said suddenly.
He couldn't understand all the reasons why Levi Garrison withdrew the seven evil gods, but he had
guessed one of them.
Levi Garrison must have sent someone to rescue Zoey.
Definitely!
"I still have something to do temporarily, I will leave it to you to clean up Levi Garrison! I will leave
immediately!"
Before Xu Zhengjie showed up, he left Tiandang Mountain and went straight to the Shenlong Science
and Technolo
The Return of the God of War [The Protector] Chapter 1865
This was also what Levi Garrison didn't expect.
After the army from Tiance Mansion arrived, he has been searching for the trace of Xu Zhengjie.
It turned out that Xu Zhengjie saw through his intentions and left.
Tianlong received the news that Xu Zhengjie had left.
"It's okay, we are enough to deal with Levi Garrison alone!"
"In addition, give orders from the Tiance Mansion! Half of the people immediately went to find the

whereabouts of the evil spirits! We must not let them go! This opportunity is too rare!"
Soon , The masters of Tiance Mansion and Baolong clan left one after another, and they all went to
hunt down the evil god forces.
In an instant, Tiandang Mountain lost half of its people.
However, the major forces in the Erudia martial arts world are there, as are the international forces
controlled by Richard.
The international forces are here for Levi .
The lives and deaths of other people have little to do with them.
They want to watch Levi die.
In their opinion, the remaining people could kill Levi Garrison no matter what.
After all, almost all of the top ten strongest in the sky list are in.
It's hard for Levi to escape!
Now he is just fighting against the trapped beasts alone!
Far beyond Tiandang Mountain.
Three of the seven evil gods looked at Tiandang Mountain and sighed.
"Can the little Cthulhu alone handle so many people?"
"This is also a good thing for him! It is the strongest experience! He succeeds, and he is in the top
three of the sky list!"
Tiandang Mountain.
"Levi Garrison, you must also understand that it is inevitable to die today! So you have chosen the
place of burial in advance?"
"Don't worry, Erudia will take care of your family after you die! After all, your daughter's gifted life
Rare!"
"Everyone, let me come first!"
Xuan Lang stood up.
He has always wanted to fight Levi Garrison for a long time.
Finally there is a chance.
"Let's go together! Don't waste time!"
Hearing this, Xuan Lang was going to explode.
"Levi Garrison, you are crazy! I can deal with you enough!"
"Boom!!!"
Xuan Lang roared wildly .
All his clothes burst to pieces.
His body expanded for no reason…

the muscles of his body expanded, and there was a totem of a black wolf on his body , faintly radiating
light.
& It was as if this wolf was about to jump out of his body.
Xuan Lang's entire popularity changed drastically.
The wolf totem gives him endless power and lightning-fast speed.
"Kill!"
Xuan Lang appeared in front of Levi Garrison instantly, his speed broke the limit.
"Boom!"
He slapped it.
The power given by the wolf totem is enough to smash everything.
Xuan Lang was very confident, even if he was lost, he could still tie Levi Garrison for hundreds of
rounds.
"Get out!" But
he didn't expect it anyway, Levi Garrison slapped it out.
Faster than him!
Stronger than him!
"Puff!"
Under the slap of destroying the sky, the mysterious wolf couldn't stop it at all, and the whole person
flew out.
Blood was scattered all over the ground.
"Next!"
Levi Garrison's mouth was full of coldness.
Shock!
As the Tianlong four members of Tiance Mansion who often deal with things outside, Xuan Lang is the
strongest.
In the end, even Levi Garrison couldn't stop him with a slap!
Levi Garrison swept across everyone's faces: "Let's go together!"
"Let's come! Let us understand how powerful the descendants of the evil gods are!"
Several people stood up.
They are the tenth god of war in the sky!
The ninth king of swords in the Western Regions!
The eighth spear of Hades!
Qingcheng Dao Sword Li Daotian, seventh in the sky list!
The four people will work together to verify whether Levi Garrison's sixth place is true…
These few people are one level higher than the Wulong Taoist!

Especially the four people teamed up!
It will be earth-shattering!
Levi Garrison smiled helplessly.
Is this decent?
It's not teaming up yet!
It's not that the four of them didn't have this courage, but that they didn't believe in Levi Garrison's
strength, but on the other hand they believed in the authority of Tianji Pavilion.
Since Levi Garrison can be ranked sixth, it shows that Levi Garrison is better than them.
"Go!"
"Go!"
The Return of the God of War [The Protector] Chapter 1866
When these four people join forces, it seems to everyone that it is about to come to an end.
Especially the Qingcheng Dao Sword Li Daotian who is seventh in the sky list!
He is not only a martial artist, he is also a master of Taoist magic arts.
Combining martial arts and magic techniques together, one can imagine how terrifying it is!
What's more, he also teamed up with three super powers!
"Kill!" The
strongest rushed out was the tenth god of war Thunder.
He was not in control of Thunder, but he was once named after the heavenly thunder to temper his
body without dying.
He is a master of horizontal training!
The body is so tyrannical that it can even hold the thunder and lightning!
It shows how powerful he is!
Immediately, the Western Region Sword King shot a scimitar like lightning.
A scimitar revolved, causing a sensation of wind and thunder.
He is known as the best knife in the world!
There are few people in the world to stop it!
The Hades shot out like lightning across the night, tearing the world apart, and ghosts and gods
trembled!
Li Daotian pinched his fingers, and the two Dao Swords he was carrying unsheathed.
Carrying the thunder power, fell from the sky and slashed towards Levi Garrison.

The terrifying power spread and shattered everything around him.
Everyone hurriedly avoided.
For fear of hurting yourself!
For the first time in many years, the four strongest players have joined forces.
It is rare!
But it was the descendant of the evil god to deal with!
There will be no remarks about bullying the less by more and bullying the smaller!
In the minds of the public, the evil spirits must die, no matter what methods are used!
"
Good job !!!" Levi Garrison roared wildly.
"Boom!"
"Boom!"
"Boom!"
"Boom!"
Facing the four people teaming up, Levi Garrison instantly blasted four punches!
The speed is so fast that it is unimaginable!
The shots of the top four top players are already the limit!
Don't let Levi Garrison have a chance!
But under this limit, Levi Garrison hit four punches instantly!
Shocked!
"Bang!"
There was no god and demon under a punch, and the Thunder God of War couldn't hold Levi
Garrison's punch.
His clothes burst to pieces, and blood stains appeared on his body.
& What could hold the body of Thunder and Lightning, still could not stop Levi Garrison's punch.
"Bang!"
The scimitar that looked like a lightning silver snake and dragon dance was blasted back by Levi
Garrison with a punch.
"Puff!"
The moment the Western Region Knife King caught the knife, his heart was sweet, and a mouthful of
blood spurted out.
"Bang!"
The Hades spear that pierced the night encountered Levi Garrison with a punch.

He was beaten back abruptly.
“Boom…”
The moment the master of the Hades spear caught it, as if he had picked up a large mountain, the
terrible weight instantly pressed on him.
His feet were torn apart in an instant, and the earth was shaking.
“Da da da da…” The
Yan Wang gun master withdrew more than ten steps in a row, and then stabilized his figure.
“Bang!”
As for Li Daotian’s double swords, Levi Garrison’s punch was abruptly shackled, and they were not
blown away!
But Li Daotian’s eyes were full of shock!
Is this young man terrible?
After repulsing the three of them, his dual swords did not hurt him!
“It’s me!” The
voice fell.
Levi Garrison disappeared.
“Boom boom boom…”
He already appeared in front of the Thunder God of War, with three punches.
God of Thunder cannot avoid it at all!
His body was cracked open, and finally flew out.
Did not wait for everyone to react!
Levi Garrison killed Xiangxiyu King Sword and Hades Spear again!
These two are obviously stronger.
Levi Garrison solved the opponent with five punches and eight punches respectively.
In the end, only Li Daotian was left.
Levi Garrison didn’t give him the opportunity to use spells at all.
Just about to pinch the finger, Levi Garrison’s fist arrived, like a gust of wind and rain.
Li Daotian immediately tried his best to resist.
“Da da da…”
Levi Garrison’s fists swept like a machine gun, and hundreds of punches blasted out in an instant.
Li Daotian used martial arts and martial arts together to resist.
…
“Puff!” But after
a long time, Li Daotian was obviously lost, and he flew out after being hit by a punch.

“Next!”
Levi Garrison shouted.
Next, it’s time to come out fifth on the top list.
The Return of the God of War [The Protector] Chapter 1867
In the first battle, Levi Garrison showed great strength!
The strength crushes the top four ranking powerhouses behind him!
Once again confirmed that Tianji Pavilion is correct!
Their ranking is based!
“I’m here to you!”
came a female voice.
As if the twelfth lunar month was approaching, everyone couldn’t help but shudder.
Ranked fifth on the list, she is known as Mrs. Cold Bing.
She and her forces have been in the deepest part of the northern border in the ice and snow.
It is said that Mrs. Frost can be frozen for hundreds of miles!
It is equivalent to a means to reach the sky.
She is ranked fifth for a reason!
After Mrs. Han Bing came out.
The audience was silent.
After all, this is the first one who ranks ahead of Levi Garrison in real strength!
Everyone firmly believes in the authority of Tianji Pavilion!
There is absolutely nothing wrong!
Mrs. Han Bing’s strength is definitely above Levi Garrison!
Mrs. Han Bing did not say a word, and started the fight.
As soon as she shot her hand, the cold air burst out.
Coming overwhelmingly.
I want to turn this place into a world of ice and snow.
“Frozen!”
“Frozen!”
“Frozen!”
…… The
entire top of Tiandang Mountain is constantly being frozen by cold air!
There are no dead ends at all.
Both towering ancient trees and rocky peaks are surrounded by ice.
Ice and snow, as if you were in the northernmost part of Erudia.
Everyone present began to evade one after another, for fear that the cold might burn themselves.
This is the coldness of the eighth-layered heavenly powerhouse, which can melt everything in an
instant.

Mrs. Han Bing didn't give Levi Garrison any chance to punch at all, and the instantaneous cold air
enveloped Levi Garrison.
The next moment, Levi Garrison was frozen.
"It's over!"
Mrs. Han Bing showed a sneer.
"Hahaha…"
Everyone present smiled.
The fifth on the top list is better than the sixth!
"Kacha!" The
laughter wasn't over, suddenly the ice burst, and Levi Garrison flew out of it.
"Boom!"
"Boom!"
He patted his palms.
The hot air permeated.
"Crack
Huh! "
" Click! "
" Click! "
…The
entire frozen Tiandang Mountain peak began to thaw.
From a distance, the peak seemed to be wrapped in a fire.
"Puff! "
Even Mrs. Han Bing couldn't stop the hot air current. At this moment, she felt that she was going to be
melted by the high temperature.
Just when she thought she was bound to die, the heat disappeared.
Levi Garrison stopped .
Even Mrs. Han Bing was gone. I don't believe that Levi Garrison will stop.
Shouldn't this descendant of the Heretic God kill him directly?
How can he stop?
"Next! "
Fifth in the summer list!
"Amitabha!" Poor monks come to the donor! I also hope that the donor will put down the butcher
knife and become a Buddha! "
A monk appeared in front of Levi Garrison.
Tianwu monk, the fourth in the sky list!
From the Jingang Temple in the west!

It is said that the golden bell was practiced to a very high level, and there was no way to kill!
“Have the master ever seen me kill?” “
” Never! “
Is it all heard?” Seeing is not necessarily believing! After listening to some rumors, the master believes
that I am a Cthulhu? “
Poor
monk …” Levi Garrison patience to make Monk Tianwu speechless.
“Divine monk, don’t listen to Levi Garrison’s demon words to confuse the crowd!” You have to take
him down as soon as possible! “
Yes, let’s do it!” Let this evil demon die quickly! “
…
The crowd urged.
“The donor has taught you!”
Monk Tianwu folded his hands together.
“Come on!”
…
Then, Levi Garrison and the monk Tianwu fought against each other.
Both of them are in a big deal.
Hit hard with your fists!
The world changed its color.
The top of the mountain was razed, and the whole Tiandang Mountain was shaking in the end!
Finally, Monk Tianwu used the golden bell jar!
But Levi Garrison used seven punches to blast him abruptly!
Monk Tianwu is defeated!
Levi Garrison defeated the fifth and fourth powerhouses successively as the sixth in the ranking!
Shock!
Where is the limit of Levi Garrison?
But next is the real battle… the
top three on the top!
The Return of the God of War [The Protector] Chapter 1868
Tens of thousands of people were frightened.
How could Levi Garrison be so strong?
Qingcheng Daojian these people were defeated, and it was understandable that the four of them
would join forces as soon as possible.
However, both the fourth and fifth in the rankings were defeated by Levi Garrison.

It's incredible.
For the first time, the authority of the Tianji Pavilion ranking in the world list was questioned.
It turns out that they sometimes missed their eyes.
This Levi Garrison is not at the sixth level at all, this is challenging the level of the top three!
Top three in the big summer list!
Outsiders may not know.
But in the mind of the warrior, that is the ceiling!
Like the top three on the earth list, the top three on the sky list is quite different from the rest of the
top three on the sky list!
There is a moat between the fourth and the third!
The first three belong to another level of existence!
Third on the list, he is a master of magic arts, said to be from the ancient Taoist school, nicknamed
Kyushu Xuanzun.
A surgical procedure can be called a change of fate! It is the supreme in the magic world! Many
younger generations who learned the technique offered him like a god!
It's a dragon who sees the head but doesn't see the end!
Ranked second in the rankings, nicknamed the Common Killer God, who used his own power to
suppress the Dongfangzhou martial arts world, no one can match it.
Just a piece of commoner can deter millions of people in the Outland!
The Commoner God of War is said to be the suppressor of the era after the era of Cthulhu!
At that time, Tiance Mansion invited him to be named the Dragon of Great Xia, but he refused!
The key is to hear that the commoner killer is hidden in the city! He lives in the dunya, maybe
someone you meet in the vegetable market.
No. 1 in the sky list, Beidiyan Beitian!
His introduction is very rare.
Can be ranked in front of this level of commoner to kill God, enough to show how strong he is!
He is the real ceiling of the ranking list!
These three shots are estimated to be earth-shattering.
Before Levi Garrison, he heard from the intelligence that the second and third figures in the top
ranking have all come.
So next should be Xuanzun Kyushu, who is third in the sky list, right?

But no one came out…
Just as they were in doubt, several people from Tianlong shouted: "Please also invite Senior Xuanzun
Kyushu and Senior Common Killing God to take action to punish this demon!"
"Please…"
everyone present shouted.
Because according to the plan of Tiance Mansion, outside of Beidi Yan Beitian, the other two were
here.
At this time, several Taoist priests came to the field.
"Sorry everyone! Our master is in retreat recently! He can't come here!"
Several people apologized.
Tianlong looked puzzled: "Then why do you say that the predecessors of Xuanzun Kyushu are here?"
"We want to release the name of Master Zu to shock these evil demons! How do you know…"
These Taoists were dumbfounded.
No one thought that Levi Garrison would be so strong, it really needed their master to make a move!
"Hey!"
Everyone was disappointed.
Can only count on Commoner to kill God.
"Senior Commoner Killing God, are you here?"
Everyone searched around.
An old man stood up, holding a commoner in his hand!
This is Commoner's token of Killing God-Commoner!
There was an era of suppression that year!
Just a piece of commoner hanging on the high wall, so that thousands of people dare not take a step!
"It's true that the master has long lived a life of idle clouds and wild cranes! Although it is in Erudia, I
don't know where it is! I can only invite the master's token-Commoner, the town!"
Tianlong immediately accepted respectfully. After passing the commoner, he scolded Levi Garrison:
"Seeing Commoner is like seeing Commoner kills the deity! Levi Garrison, you don't want to catch it?"
According to the rules of the martial arts world, those who see Commoner must kneel!
But Levi Garrison sneered and said, "You have a brain disease, right? I'm not even afraid of the deity!

Are you afraid of one of his clothes?" As
soon as the voice fell, Levi Garrison burst out a stream of air and tore the cloth directly.
Everyone was dumbfounded.
Levi Garrison was crazy.
But everyone is helpless.
Levi Garrison didn't want to fight with these people, he wanted to know how Zoey was going.
The Return of the God of War [The Protector] Chapter 1869
On the other side, the three evil gods of the seven evil godspoison
evil god, blood evil god, and evil evil god have quietly touched the periphery of the Shenlong
science and technology base.
They paid enough attention to the task arranged by Levi Garrison and sent three evil gods to rescue
Zoey.
The evil god of poison is naturally good at using poison and killing the gods invisible.
The blood evil god uses blood to practice kung fu, powerful and terrifying.
The evil spirit refers to his evil charm like a demon, and he has reached the pinnacle of illusion.
With these three people taking action, Levi Garrison was naturally relieved.
"Let's go, save people!" The
three entered swaggeringly.
With the strength of the three of them, there is no need to be sneaky.
Just go in and take people away.
"Dididi……"
The moment the three of them stepped into the Shenlong Technology Base, the entire base screamed
loudly.
"Huh!!!"
At the same time, a light curtain rose behind the three of them, cutting off their retreat.
"How do I feel that there is an ambush?" The
evil spirit said vigilantly.
"Yes! I have been waiting for you for a long time!"
With the voice, Xu Zhengjie led someone to appear slowly.
The Shenlong Science and Technology Base has advanced technology, not to mention an aircraft at
several times the speed of sound.

Therefore, Xu Zhengjie came to the Shenlong base before the three evil gods.
"It's you who arrested someone?" the
blood evil god asked harshly.
Xu Zhengjie smiled abnormally: "Yes, yes, people are inside! Go and save!"
"Look for death!"
The blood evil god was angry.
The eyes turned blood red, and bloody traces appeared on his face, like symbols.
It just so happened that he didn't use blood today, so he took Xu Zhengjie's operation.
As soon as the blood evil god took action, the whole world turned into blood, desolate and
murderous.
He wants to tear Xu Zhengjie apart!
It's just that Xu Zhengjie's mouth has a weird smile.
The Blood Evil God instantly appeared in front of Xu Zhengjie, grabbing his shoulders with both hands,
tearing him in half.
The blood evil god is the strength of the eighth heaven
, Even if the opponent's body is as hard as a mountain, it can be torn apart.
But the moment he got started, he was dumbfounded.
Because Xu Zhengjie's body turned into liquid.
His hands seemed to be in the water.
"Not good!"
Blood Cthulhu realized that something was wrong, his face changed drastically and he wanted to
retreat.
"Boom!"
Xu Zhengjie didn't give him a chance at all, the moment the energy body condensed, super energy
burst out of his fist.
"Puff!"
Blood Cthulhu couldn't hold this punch at all.
I was beaten out!
"This…" The
blood evil god's eyes were full of horror.
I have never met such a power…
"Da Da Da…"
Xu Zhengjie deceived him, his fist rained down on the blood evil god.

The blood evil god's physique has long been detached from the world, so powerful that modern
weapons cannot bombard it.
But under Xu Zhengjie's fist, countless blood stains appeared on the body of the blood evil god, and
his body would be exploded if it continued like this!
In front of Xu Zhengjie, the blood evil god has no power to fight back!
"Boom!"
Seeing that the evil spirit of blood was about to explode, suddenly Xu Zhengjie flashed a flower, and
the evil spirit of blood disappeared from his eyes.
The evil god's illusion technique rescued the blood evil god.
If you don't save it, the blood evil god is really going to die.
"Look at me! He must die! I have used hundreds of
poisons that are rare in the world on him just now! No matter how strong his cultivation is, it won't
work!" The evil god of poison sneered.
He is the weakest among the seven evil gods.
Even the seventh heaven.
However, relying on a single-handed poisonous skill, he abruptly tied with the other six.
It shows how good he is.
The most frightening thing is that the poisonous evil god is among the seven evil gods, the one who
has killed the most powerful people in the seventh and eighth heavens.
Relying on one-handed poisonous power.
When Xu Zhengjie was fighting with the blood evil god just now, the poison evil god was not idle. He
used poison power to inflict hundreds of poisons on Xu Zhengjie.
The three looked at Xu Zhengjie as if they were watching a dead person.
"Really? Hundreds of highly poisonous?"
The Return of the God of War [The Protector] Chapter 1870
Xu Zhengjie smiled at the corner of his mouth and looked at the three of them as if they were prey.
The poisonous power of the evil evil spirit is operating, and Xu Zhengjie will definitely have a
poisonous attack in the next moment, bleeding from Qi orifices and die.
The evil spirits even counted down three and two in their hearts.
The next moment, the trio's complexion changed drastically.
Because the poison power was working, hundreds of virulent poisons had occurred at the same time,
but Xu Zhengjie had nothing.

Still looking at them with a smile.
"Impossible! No one can hold this highly poisonous!" The
evil god of poison exclaimed.
Even if he planted hundreds of virulent poisons in the top three in the top three, not to mention death
on the spot, at least he was poisoned.
But Xu Zhengjie was nothing strange at all.
"Do you poison me? It's no use!"
Xu Zhengjie smiled, his energy body began to move, and abruptly expelled hundreds of poisons in it.
"Zizizi…"
Hundreds of poisonous poisons fell on the ground, and soon a large area of scorched black and smoke
rose.
"Impossible! How could you discharge all my
poison in an instant?" The evil god of poison became even more incredible.
Even the Northern Emperor, who is number one in the sky list, can't do it!
How did Xu Zhengjie do it?
His face is incredible!
It was the evil spirits who understood something.
"It seems to be a problem with his physique!" The
Evil Blood also said, "Couldn't he be a physique that is not invaded by poisons in the legend?"
That's right!
It's Xu Zhengjie's physique!
His body is composed of pure energy!
Not flesh and bones!
So this kind of poison is of no use to him!
He can discharge instantly!
"Die!"
Xu Zhengjie's expression changed and he killed a few people.
"Withdraw, we are not his opponents, we will suffer!" The
evil god exclaimed immediately.
If it is someone else, it is impossible to escape in Xu Zhengjie's hands.
But the evil spirit's illusion can be done to hide from the sky.
& Instantly disappeared from Xu Zhengjie's eyes…
"I'm so angry!!!"
Xu Zhengjie gasped with anger as he looked at the three disappeared.
Needless to think about it, these are three of the seven evil gods.
If these three are taken down, then Xu Zhengjie will become famous.
"But Levi Garrison, do you want to save Zoey? Impossible!"

“Next, whether you die or not, I will advance the experiment!”
Xu Zhengjie returned to the base.
He also told the Tiance Mansion the news of the appearance of the seven evil gods and asked them to
actively search for it.
The three evil gods who escaped were helpless.
Because the blood evil god is about to die…
“Go find blood, or the old blood won’t survive tonight!”
… the
blood evil god is in danger, according to his practice, only fresh blood can save him!
“Where is the blood?” The
evil spirit poison was already anxious.
“Kill when you see people! Take human blood!” The
evil spirit urged.
At this time, the dying blood evil god’s weak voice sounded: “Don’t! Have you forgotten the last little
master’s instructions?”
“He told me not to kill innocent people indiscriminately again! For blood, you can use artificial or
animal ones! Don’t kill anyone!” The
evil god of poison nodded: “Okay, I understand, I’ll look for animal blood!”
This is Levi Garrison’s role!
Even though he is still forcefully ordering them as a descendant of the evil gods, at least these evil
gods will no longer kill innocent people.
Over time, in a subtle way, they will also change.
Besides, after Xu Zhengjie returned to the base, he looked at Zoey and smiled.
“Levi Garrison is under siege right now. What about him, there is no way to survive! But he just sent
someone to rescue you, but unfortunately he was beaten back by me!”
“What? He sent someone to save me?”
Zoey stained his face. Incredible.
“Don’t worry, no one can save you! You can only follow me obediently! The experiment will start
soon! You can’t escape!”
To Ye Changmeng, Xu Zhengjie decided to start the experiment as soon as possible.
“You are a demon!”
Zoey cursed.

The Return of the God of War [The Protector] Chapter 1871
Xu Zhengjie laughed.
He immediately went to prepare for the experiment.
The experiment will start in three hours…
"I will let everyone witness another miracle!"
Xu Zhengjie's eyes were full of madness.
Tiandang Mountain.
Tens of thousands of people were silent.
The master who could really deal with Levi Garrison didn't come.
Just a commoner who wanted to suppress Levi Garrison became a big joke.
Looking at the torn commoner, everyone realized that Levi Garrison was in trouble.
But at the same time, I also know that their IQ just short-circuited.
Will the descendants of the Heretic God be afraid of a commoner?
What a joke?
The most embarrassing thing is that none of them can deal with Levi Garrison now!
Who knew that the top three of the top three were not here by coincidence?
Most of the core powerhouses in Tiance Mansion have also gone to hunt down the Heretic God…
even the magic master Xu Zhengjie has left.
The international forces controlled by Richard are also dumbfounded.
I wanted to watch a scene and go back.
I didn't expect Levi Garrison to be so strong!
They have to do it themselves!
The spies of the East Island forces mixed in it are even more stunned.
Is Levi Garrison's posture to be invincible?
Their plans have repeatedly failed.
"Anything else? Let's go together!"
Levi Garrison was eager, and could not wait.
"Yes! Even though we haven't come second and third in the top ranking! But we have so many
masters working together, I don't believe that he can't be killed!"
Tianlong shouted.
"Yes! So many of us can't kill him? We are the backbone of the Erudia martial arts world!"
…
the masters began to shout one by one.
They are not cannon fodder.
Most of them are the powerhouses of the six heavens and seven heavens.
Together, they have the

power to destroy the heavens and the earth.
“Kill!”
Tens of thousands of people all killed one person to Levi Garrison.
Levi Garrison had never encountered the number and degree of the strong.
Dealing with it is even more troublesome than dealing with those who are strong in the top rankings.
But Levi Garrison decided to block everything alone, so naturally he wanted to fight with them.
& What’s more, Levi Garrison has a plan…
“War!”
Levi Garrison entered the battle group alone.
This battle was earth-shattering!
There were roars and screams all over the mountains and plains.
The powerhouses of Erudia Martial Arts Realm and Tiance Mansion continued to fall down… But
they were eager to kill Levi Garrison, and didn’t notice a detail at all.
As far as Erudia is concerned, Levi Garrison just wounded them, causing them to temporarily lose their
combat effectiveness.
But for the international forces formed by Richard, Levi Garrison didn’t show any mercy when he saw
one kill another.
Do you want to weaken Erudia’s power?
impossible!
Instead, I will make you pay the price!
Levi Garrison has become more and more courageous in the war!
Too many people have fallen around, and the wailing is constant, like tearing the sky.
The blood of blood will stain Tiandang Mountain red.
This battle is so miserable!
Tens of thousands of strong men were crushed and beaten by Levi Garrison alone!
unimaginable!
Is this the descendant of Cthulhu?
Too strong, too strong!
…
Time slowly passed, and eventually the army led by Tiance Mansion was wiped out and all fell to the
ground.
Of course, Erudia’s masters are only injured.
None of the teams organized by Richard survived.

Fortunately, Richard did not come here, and went to other places in Erudia, otherwise he would not
escape.
Unbelievable!
Everyone's eyes were filled with shock!
Levi Garrison is too strong, right?
Who can resist this?
One person breaks the army!
Can't stop it!
Some people even have a terrible idea in their minds-are they not his opponents in the top three of
the top three?
Levi Garrison left.
But it brought the greatest shame to the Erudia martial arts world!
At least in their opinion!
But Levi Garrison didn't leave completely, he just found a place to hide.
Not surprisingly, the forces that framed him will definitely appear and slaughter all these people
clean.
Sure enough, after Levi Garrison waited for a while, someone appeared…
The Return of the God of War [The Protector] Chapter 1872
Not alone.
It's ten people!
Perhaps considering that there are more people this time, it is more troublesome to solve it by one
person, so we sent out ten masters.
"Hey, what's the matter? This is nowhere!"
Levi Garrison stood up.
Ten people were taken aback.
They just watched Levi Garrison leave, why did he still show up?
"You…" The
ten were obviously panicked.
"
Evacuate !" Ten people were about to evacuate in a hurry.
"Want to escape? No way!"
Levi Garrison suddenly stepped forward and grabbed one of them.
"Bang!"
At this moment, one person took the initiative to attack and slapped Levi Garrison.
"Boom!" The
mountain burst and the ground cracked, and the sun and the moon reversed.

“It’s you!!!”
Levi Garrison shot a wave of anger in his eyes.
He recognized it!
This person is who framed him!
It’s almost exactly the same as his practice!
In a short time, Levi Garrison couldn’t see any difference!
“Let me see your true face!”
Levi Garrison immediately grabbed it.
“Stop him! Stop him!”
The man panicked.
The other nine masters all killed Levi Garrison.
As for him, he just flees on the spot.
Although the nine masters could not stop him for a long time, a gap was enough for him to slip away.
“Bang!”
“Bang!”
…
You want to stop me too?
Levi Garrison had a murderous heart, and a mighty force of five horses blasted out from all over his
body.
“Puff!”
… the
nine of them lost in an instant and flew out.
“Puff!”
“Puff!”
…… It’s
just that these nine people instantly pierced the short blade into their chest.
They would rather die than let Levi Garrison know any news.
Levi Garrison was one step too late.
However, picking up the short blade and taking a look, it is unique to Toshima!
“This is from
Dongdao !” Levi Garrison’s eyes flickered. At this moment, he thought of several people.
The few Dongdao people I met in Fengtian City were mixed in Anjia.
Although he let the Western Heavenly King stare, but now it seems that he may not be able to stare.
It seems that my hunch is right!
This is a professional habit for many years!
It is easy to see some anomalies.

“It should start with Anjia again! Check it out when Anjia left Erudia and went to East Island to contact
those people specifically!” Now
Levi Garrison had a direction.
And there is a very important clue-Anjia.
In addition, letting the secret team and the seven evil gods check the surrounding anomalies, it is
estimated that there will be clues.
You can definitely find it in the end!
Levi Garrison’s frowned brows stretched out.
Good things happen one after another!
What if someone like your own martial arts ran away?
I will find it on your head in the end!
“Let’s go, see if Zoey is rescued!”
Levi Garrison left Tiandang Mountain.
In the battle of Tiandang Mountain, he achieved a complete victory.
The Tianlong and others on Tiandang Mountain all looked incredulous.
“Impossible, Levi Garrison, a descendant of the Heretic God, just let us go?”
“Yes, shouldn’t he kill us all? How could he only wound us and not kill us?”
Everyone was puzzled. .
“He is insulting us! Laughing at how many of us are helpless to him! He is trampling on our dignity!”
Xuan Lang suddenly shouted.
“Yes, that’s right! Levi Garrison is insulting us! This is more painful than killing us! I must avenge this
grudge!”
“Levi Garrison really thinks no one has taken you? Tiance Mansion and Baolong clan The master hasn’t
made it yet! The top three in the rankings haven’t come yet!”
…
a group of people completely misunderstood what Levi Garrison meant.
Not killing them is actually an insult to them.
Levi Garrison, who had left, met the three evil gods shortly afterwards.
“What? People didn’t save it?”
Levi Garrison panicked.
No wonder he hasn’t seen Xu Zhengjie, it turns out that this kid actually returned.
It should have guessed his intention.
“Hurry up to the Shenlong Science and Technology Base!!!”
Levi Garrison immediately set off.

The Return of the God of War [The Protector] Chapter 1873
But Levi Garrison knew it too late.
After all, it takes a certain amount of time from leaving Tiandang Mountain to meeting the three
poisonous evil gods.
What's more, the Shenlong Science and Technology Base is in the north.
Tiandang Mountain is in the south.
As early as a few hours ago.
Xu Zhengjie's experimental deployment has been completed.
But when he came back to the place of detention, Wen Lei and Zoey had a premonition that they
were going to finish.
"Xu Zhengjie, please stop your crazy behavior! Otherwise you will not end well!"
Wen Lei shouted.
Xu Zhengjie smiled and said: "You can't hide Zoey! Don't worry, after the experiment, you will be mine
alone!"
In Wen Lei's yelling, Xu Zhengjie abruptly dragged Zoey away.
"By the way, take her with you!"
Before leaving, Xu Zhengjie glared at Wen Lei again.
In laboratory one.
Everything is ready for the experiment, just waiting for the plum to be dyed.
"Don't worry, it'll be fine after
sleeping !" Xu Zhengjie gave Zoey an injection, and she fell asleep instantly.
Finally, the whole person was put into a device similar to a dormant cabin.
Subsequently, Xu Zhengjie lay in another dormant cabin device.
The experiment he is going to do today is to implant his own consciousness and thoughts into Zoey's
brain.
In order to completely control her.
Turn Zoey into his puppet.
From now on, I will only listen to him.
As for Levi Garrison, Levilia and others, they didn't know any of them.
This is the madness of Xu Zhengjie!
"No!!!" After
understanding what kind of experiment this was, Wen Lei went crazy.
She wanted to stop, but she was helpless.

She also saw Xu Zhengjie in the dormant cabin beckoning to her, as if saying-don't worry, you are the
next one.
Soon, the experiment started slowly.
There are hundreds of thin pipes on the two devices with electric waves flashing in them.
Obviously, there are lines of electricity flowing into Zoey in Xu Zhengjie's device.
Within half an hour, Xu Zhengjie's consciousness and thoughts could be implanted in Zoey's brain.
Then it can be completely controlled.
In addition, Xu Zhengjie is a pure energy body, and the success rate of this experiment has greatly
increased, almost 100%.
& Time passed by every minute and every second.
ten minutes.
twenty minutes.
Twenty-nine minutes.
There is only one minute left until the experiment is successful.
Wen Lei was suddenly crazy at this time!
do my best!
Let it die together!
No one wants to go out alive!
Wen Lei suddenly ran to the other side of the laboratory, where was the super-energy particle
collider.
There are currently four super-energy particles left in the particle collider!
When Xu Zhengjie used experiments to transform his physique, he only used two of them.
At this moment, Wen Lei's idea is very simple. Start the collider and let four super-energy particles
collide.
The energy generated was enough to destroy everything, including Xu Zhengjie, also had to be
crushed.
"Stop her! Stop her!"
...
Xu Zhengjie's men reacted, but it was already too late.
To blame, Xu Zhengjietoda brought Wen Lei to the laboratory without being tied up.

Wen Lei was familiar with everything in the laboratory, immediately activated the particle collider,
and directly turned on the instrument that converges energy after the collision.
"Ten!"
"Nine!"
"Eight!"
...
Xu Zhengjie's experiment has come to an end.
"Four!"
"Three!"
"Two!"
...
"Boom!!!"
But when the experiment was successfully separated by one second, the collision of the four superenergy
particles was completed.
The super energy burst out completely!
The energy in Xu Zhengjie's body modification experiment was dozens of times stronger than in the
last time.
After all, it is not a change of four divided by two.
But the four particles will collide with each other, and the energy will be greatly increased.
Suddenly, Xu Zhengjie's experiment was interrupted.
The dormant chamber device he and Zoey were in burst instantly.
What's more frightening is that everything in the entire laboratory was destroyed.
Even the highest level of defensive strength of Laboratory One did not block the energy
bombardment…
The Return of the God of War [The Protector] Chapter 1874
"Crack!"
"Boom!"
Lab One began to fall apart, and even the high-density armor inside and out was shattered!
As for Xu Zhengjie's subordinates who were conducting the experiment, they disappeared directly
under the bombardment of such violent energy…
nothing left!
When the explosion came, the entire Shenlong Technology Base automatically activated its defense

system.
In every laboratory and every building, high-density defense armor is activated, covering the surface,
protecting the entire Shenlong science and technology base.
The Shenlong Science and Technology Base is a top-notch science and technology base in Erudia, and
its defense level is definitely the highest.
But under the bombardment of this energy, the inner and outer double-layer high-density armor of
Lab One also burst.
"Boom!"
Terrible energy exploded throughout the base.
"Kacha!"
"Kacha!"
"Kacha!"
...
Even if the major laboratories and buildings are covered by high-density armor, they are far away
from the first laboratory where the explosion occurred.
But under the bombardment of this terrifying energy, the armor burst to pieces, and it couldn't stop it
at all.
"Boom!"
"Boom!"
...The
buildings collapsed one after another, and the entire Shenlong Technology Base was razed to the
ground in an instant.
The Shenlong Science and Technology Base is actually very large, comparable to a small county!
But under the bombardment of this energy, nothing exists.
Fortunately, the experimenters in other major laboratories or buildings start the self-rescue program
when danger occurs.
In fact, there is no cave in the underground of the entire base, it is another base.
When the danger occurred, the floor inside the building suddenly opened, and everyone fell into the
underground base.
Only then can I save my life!
Otherwise, under this kind of energy bombardment, the human body is the most vulnerable!

Even the energy even affected the underground base, most of the instruments failed, and almost all
the ground base collapsed.
Fortunately, those who built a defensive system thought of this, to avoid the destruction of
underground bases when such a disaster occurred, and deliberately set up a defense system to block it.
Otherwise the underground base will all be destroyed.
All the survivors regretted that they were about to cry.
& Why didn't they listen to Levi Garrison's words?
Why not let him kill Xu Zhengjie?
They have to withstand all the pressure to get Xu Zhengjie back?
Are they brain disabled?
People have long said that Xu Zhengjie is a curse!
They just don't believe it!
I believe it now!
How big is Xu Zhengjie's threat?
The entire Shenlong base was destroyed!
Almost everyone died!
We must know that the Shenlong Science and Technology Base took 50 years to build and was
instantly razed to the ground.
The loss is too great!
Is Xu Zhengjie the culprit?
Do not!
It's them!
It is the group of people from Shenlong Technology Base!
They raised the devil, and they handed the butcher knife to the devil!
They destroyed the Shenlong base with their own hands!
No wonder others!
Regret is no longer any use at this time!
Although the Shenlong Science and Technology Base is in the deep mountains, the power of this
super-energy particle collision is too great.
Various detection agencies were alarmed and quickly locked the place of the incident.
"It's terrible! What happened to the Shenlong Science and Technology Base? Fortunately, there is no
one in the radius of thousands of miles, otherwise it will be miserable!" … The
news quickly spread to Messiah.

A special rescue team was formed immediately and went to the Shenlong Science and Technology
Base immediately.
“My God, what is going on here???”
Seeing the Shenlong base turned into a ruin with a telescope, everyone couldn’t help but exclaim.
They know the defense strength of the Shenlong base.
What level of bombing would it take to razed this place to the ground? unimaginable!
This kind of power is definitely not something that a warrior can play!
“Quick, quick!” The
rescue team accelerated to the Shenlong base.
When it comes to the scene, it is even more shocking!
The Return of the God of War [The Protector] Chapter 1875
The rescue team looked at the ruins in front of them, their legs trembling with fright.
too frightening!
Never seen such a miserable scene!
Not only was the base razed to the ground, it was almost destroyed.
No ruins were left.
Before the powerful energy, any matter was dissolved and disappeared… not only that, but there was also residual energy, covering the entire base, which could not be
dispersed for a long time.
Although the current energy is very weak, it is not something ordinary people can challenge.
If it enters the energy field, it will be minced on the spot.
“No, the energy fluctuates too much ahead! This energy is not something our body can bear! Don’t
enter it rashly!”
“Request support! Request support!” The
rescue team hurriedly asked for support!
If these energies are not dissipated, they will not be able to launch rescue.
At this time, Levi Garrison rushed to the Shenlong Technology Base.
In fact, at the moment of the energy bombardment, Levi Garrison felt it from a distance!
His face changed drastically at that time!
Because that energy is so terrible, terrible!
Even Levi Garrison sighed!
If he was bombarded by the energy just now, he would either die or be injured.
What a terrible energy bombardment!

According to the direction, it seems to be the Shenlong Technology Base.
Levi Garrison quickly speeded up!
He prayed silently that there would be no accident! Don't have an accident!
If something happens, he will not be able to forgive himself!
When Levi Garrison came to the Shenlong Technology Base, he was frightened by the scene before him.
How could this be?
too frightening!
The entire base was destroyed!
"Zoey!"
Levi Garrison rushed into the base.
The remaining terrifying energy began to strangle Levi Garrison.
"Ah!!!"
Levi Garrison roared wildly, blasting all the energy away!
He rushed into the ruins to find someone!
The rescue team behind him was also shocked by Levi Garrison's crazy behavior.
But seeing that the energy was blown away by Levi Garrison abruptly.
They immediately began to rescue!
A rescue team of thousands of people rushed into the base immediately to start rescue.
& Levi Garrison digs the ruins with his bare hands crazy!
Just digging a place is disappointed.
Disappointed by digging a place!
Not to mention that the plum was dyed, but there is no sign of life.
In the face of this kind of energy, let alone a living person, there will be no trace of blood left behind.
You can understand this terrible burst of energy as a super high temperature, enough to evaporate everything.
So even if Levi Garrison digs three feet into the ground, he couldn't find a living one.
After the rescue team joined, they excavated the ruins with Levi Garrison.
Attempt to find survivors!
Time passed by every minute and every second.
Almost a fifth here.
No one was found!
"It's terrible! Under this level of bombing, even the highest density armor can be shattered. How can people live?"

“Yes, I have never seen an accident of this level! No one can live! “
Several rescue team members are discussing where.
After Levi Garrison heard it, he was furious.
“Impossible! Someone must be alive! Impossible to die! Impossible!!!”
…
Everyone was taken aback by Levi Garrison, who was stunned.
Immediately dodge aside.
Don’t dare to speak any more.
Say a few more words, Levi Garrison can kill them!
“Look! Keep looking for them!”
Levi Garrison yelled.
He searches with the rescue team!
Shenlong base is too big!
Only half of the search took an hour.
The result was desperate.
There are no signs of life.
Levi Garrison didn’t see any clues about Zoey either!
Anxious!
He was sweating anxiously, and his body was trembling.
His face was pale, and his eyes flew out.
If something happens.
He couldn’t imagine what it would be like!
Find!
Keep looking!
At this moment, the rescue team heard a message: “I have discovered it, I have discovered it!”
Levi Garrison heard the news and rushed up immediately.
The Return of the God of War [The Protector] Chapter 1876
It turned out that the underground base was discovered!
“Zoey may have hid in the underground base!”
Hope arose in Levi Garrison’s eyes.
Even if the defense system of the underground base was strengthened and strengthened without
damage, it was also damaged to a great extent.
Although all the people inside survived, they all suffered injuries to varying degrees.
As the underground base opened, the survivors inside were rescued one by one.
Levi Garrison was pleasantly surprised and waited at the entrance of the base.
But the more survivors were rescued, the more panic Levi Garrison felt!
No trace of Zoey has been seen!

“The last person!”
When the last person was rescued, Levi Garrison was dumbfounded.
Obviously it’s not plum dye!
“Impossible! There are still people inside, right?”
Levi Garrison didn’t believe it.
“No, this is the last one!” The
rescue team carried the last person onto the stretcher.
“I don’t believe it!”
Levi Garrison entered the underground base and searched around.
After looking around, no one was seen again.
Zoey is not here!
Xu Zhengjie is not here!
Wen Lei and the others are not here either!
…
He quickly came to the rescue team vehicle and began to ask the survivors what was going on?
“Don’t look for it! They are all gone! No one is alive!” the
survivors said.
“what?”
Levi Garrison’s brain throbbed.
He cannot accept this fact!
“Xu Zhengjie, the demon, has transformed his physique through experiments! Then he wants to
experiment with Zoey! He wants to control Zoey forever! To stop everything, Miss Wen Lei activated the
particle collider…”
“These are all of us. I saw it through real-time images with my own eyes! Miss Wen Lei chose to die
together! Only this way can prevent the disaster from happening!”
…The
survivors told Levi Garrison what had happened.
Levi Garrison was frightened.
“Wen Lei chose to die together?”
He asked tremblingly.
“Of course, the energy from the collision of this particle even destroys the Shenlong base
How can a few people be able to stop it? “
They are absolutely vanished!” Not even scum is left! “
…
Several survivors said.
“She is dead?” She is dead? “
…

Levi Garrison's whole person seemed to be crazy, and he kept talking to himself.
"It's you who killed her!" You are the culprit! Why are you alive? "
Suddenly Levi Garrison questioned these survivors like wild beasts.
They just wanted to refute.
But there was no reason for it!
Strictly speaking, they were the real culprits.
If it weren't for them, there wouldn't be all this.
Fifty . Nian's hard work will not be wasted.
So many people will not sacrifice!
Looking at the murderous Levi Garrison, everyone is scared.
This is the evil god! In
his anger, it is normal to kill everyone.
Yes . "Please calm down! Please calm down! "
... the
rescue team persuaded. But
Levi Garrison still stared at everyone.
He had already moved murderously.
If Zoey was infected to death,
this group of people should be buried!
And those in Tiance Mansion should die!
Why do you put it? Zoey handed it over?
Levi Garrison was about to kill him .
The rescue team was alone and immediately said: "Not necessarily!
People may still be alive! We only
searched halfway! We continue to search! There is hope!"
This sentence reminded Levi Garrison.
He restrained his murderous spirit and immediately continued searching and digging.
"Yes! Zoey is not dead! She won't die!"
Levi Garrison muttered, and continued searching with the rest of the rescue team.
Time has been passing by.
Levi Garrison and everyone did not let go of every corner.
But the result is chilling.
Nothing was found.
Finally, after another hour, only the area of Lab 1 was not searched.
"The previous experiment was done here! Most likely here!"
The Return of the God of War [The Protector] Chapter 1877
Levi Garrison was dripping with sweat.
It stands to reason that his level of strength is impossible to sweat.
But because I was nervous about plum dyeing, I sweated.

Lab One is his last hope!
Looking at the ruins, Levi Garrison felt desperate in his heart.
He himself knew that there was little hope.
If there is really no one to find…
he can't imagine the consequences!
Maybe he will go crazy!
Especially there are not many ruins in Laboratory One.
As the center of the explosion.
Almost everything is destroyed.
There are not many things left!
As the rescue team began to search, Levi Garrison's heart remained hanging.
Please do not!
Please do not!
He prayed silently!
The excavation began, and the ruins of Laboratory One were dug up little by little.
Levi Garrison replaced the machine with his hand and rushed to the front to dig.
The more you dig, the cooler Levi Garrison's heart becomes.
There are no signs of life!
He can't feel it!
Flustered!
Levi Garrison's figure was shaky.
It seems to fall down at any time.
Ten minutes passed.
All the ruins of Laboratory One have been excavated!
nobody!
No one!
Not Xu Zhengjie, not Wen Lei, not even Zoey!
Lab One is like hell, no one survives!
"Lab No. 1 is the central point, how can someone survive?"
Someone said subconsciously.
After speaking, he regretted it.
Because he was stared at by a pair of blood eyes.
"Puff!"
He was so frightened that his legs were weak, and he fell directly to his knees!
"I, I, I…" At
this moment, he felt the coming of death.
"Ah!!!"
A loud roar, as if to pierce the sky.

“Puff!”
“Puff!”
...
Everyone vomited blood on the spot, all of them fainted.
At this moment, Levi Garrison was really crazy.
Plum dye is really, really gone!
& He is very reluctant to admit this fact!
But he knew it!
The energy just now, let alone plum dyed it, even he can’t stop it!
The terrible energy just now can make any object disappear in an instant…
Not surprisingly, it was Zoey, and Xu Zhengjie and them all disappeared without exception.
They are gone!
Zoey is gone!
Levi Garrison screams up to the sky! ! !
The thunder is surging, and the sky seems to be angry!
Levi Garrison’s anger is enough to change the color of the world!
“Boom!”
“Boom!”
“Boom!”
...
Levi Garrison hit the ground with a punch!
The earth began to shake vigorously, just like a big earthquake!
Everyone was shaken!
“Presumptuous! Levi Garrison is not your place to go wild!” A cold shout came, and the people from Messiah and Tiance Mansion came.
After the rescue team reflected on the situation here, they sent someone to check.
When I arrived at the base, I just happened to see Levi Garrison in the wild.
The master of Tiance Mansion immediately stopped Levi Garrison.
“Get out!”
Levi Garrison said without looking up.
“Let’s get out? Levi Garrison, are you crazy? Are you kidding! Stop everything! Otherwise, don’t blame us for being polite!”
The master of Tiance Mansion stared at Levi Garrison firmly.
Levi Garrison stood up slowly, his beast-like eyes swept across.
Everyone of the masters of Tiance Mansion had a bad premonition in their hearts!
“Bang!”

“Bang!”
“Bang!”
…
“Puff!”
“Puff!”
“Puff!”
…
Levi Garrison directly slapped his hands and slapped it out. The terrifying power was overwhelming
and could not be resisted.
Hundreds of masters in Tiance Mansion were beaten up, everyone was bloody and bloody…
Levi Garrison hadn’t lost his reason completely yet, and left his hand, otherwise all these people
would have to die!
Frightened silly!
Everyone was scared silly!
Is this the descendant of Cthulhu?
too frightening!
“Levi Garrison is really a demon!”
Messiah everyone was also frightened.
They can feel Levi Garrison’s anger, he is the devil now!
The Return of the God of War [The Protector] Chapter 1878
Everyone feels an unprecedented oppression!
That is the oppression from the gods above the nine heavens!
Can evoke the fear in people’s hearts!
Seeing Levi Garrison, everyone shivered, and automatically stepped aside to let him pass.
This is the power of the devil!
For the first time, Messiah began to suspect Levi Garrison.
They didn’t believe that Levi Garrison would be a descendant of the Heretic God, or a great demon.
But everything they saw today made them suspicious!
What Levi Garrison is showing now is not a big demon?
In the end what happened?
Let Levi Garrison become like this?
What they faced just now was not a person, like a beast!
Bloodthirsty and ruthless demon!
They were just scared.
In fact, Levi Garrison’s reason is still there, otherwise it is not just hurting people, but no one has
killed!

Tiance Mansion spread the news for the first time.
The descendants of Cthulhu are rampant!
Indiscriminately killing innocents, destroying the Shenlong base, causing countless casualties!
Hundreds of masters in Tiance Mansion were all injured!
He has become the biggest threat to Erudia!
Levi Garrison left the base in despair.
"No, I believe that Zoey is alive! Before I saw the body, I didn't believe that she was not there!"
Levi Garrison muttered to himself.
He walked away from the Shenlong base, his brain was blank.
The feet are light, as if they are about to fall down at any time.
He is unconscious now, he doesn't know where to go…
The whole person is not possessed by the soul!
Soon, news of the battle of Tiandang Mountain spread throughout the world!
Erudia and the whole world were shocked!
Levi Garrison's unmatched combat power shocked the world!
The strong in the sky list and the tens of thousands of strong cannot stop Levi Garrison at all.
In the battle of Tiandang Mountain, Levi Garrison swept everything by himself!
The invincible posture is emerging!
The army of Tiance Mansion failed to stop him!
Just one person!
Who can stop him?
He is no longer a descendant of Cthulhu!
He is the deity of Huoyun Evil God coming back to Great Summer!
At the same time, Tianji Pavilion also updated the ranking of the Big Summer Ranking.
All Erudia is shocked!
In the past, the summer rankings were very stable.
It may only be updated every few decades.
But now it is updated every few days!
It's so exciting!
The ranking has been updated-
Levi Garrison soared from sixth to second, ranking ahead of Common Killer and Kyushu Xuanzun!
Except for the legendary Northern Emperor, Levi Garrison is the strongest.
According to Tianji Pavilion's assessment of Ye Gu's imminent danger, it has reached level 8.

It's almost ninth level from the highest level of Fire Cloud Cthulhu!
So he was directly ranked second in the sky list!
Ranked in front of the common killer who suppressed an era!
In the strength evaluation of Tianji Pavilion, Levi Garrison's strength may be slightly weaker than
Common Killing God, but the danger and growth potential are huge.
Therefore, it is ranked before the commoner to kill the gods!
The most terrifying point is that the key is that Levi Garrison is still young.
If he grows for another ten
years, who can stop him?
At that time, I was afraid that Huoyun Cthulhu had the strength of 80 to 90%.
That would really be a disaster!
Back to the era of Cthulhu!
After the evil spirits learned about the situation of the Tiandang Mountain battle, they all cheered.
They didn't follow the wrong person!
As long as you follow Levi Garrison, you will return to the Evil God era!
In addition, Levi Garrison arranged the affairs of the four evil gods.
They also succeeded.
Staring at the East Island forces successfully!
Although these people fled one by one after the plan failed, everyone was being watched.
The major evil gods and their forces are waiting for Levi Garrison to return to take the helm!
From then on, they don't have to hide in the dark corners, they can go in and out of every place
openly!
However, at this moment, Levi Garrison was confused, walking aimlessly, he didn't know what to do…
his
soul and consciousness seemed to be taken away.
The whole person is like a walking dead!
Only plum dyed the name in his mind.
So, is Zoey alive or dead?
The Return of the God of War [The Protector] Chapter 1879
Also, is Xu Zhengjie dead?
Can his pure energy body be able to withstand the bombardment after particle collision?
Wen Lei is the closest to the particle collider!
Did her ending disappear in an instant?
No one knows yet.

The result given by the rescue team was that the super energy destroyed everyone!
No scum left!
After all, the power of this superparticle collision is enough to destroy a city with a population of tens
of millions!
They directly attributed this incident to Levi Garrison.
Levi Garrison's fierce name is more prominent than before!
He has grown into a generation of evil gods!
The call of Tiance Mansion and Baolong clan to attack him is very high!
And after the collapse of international forces like Richard, they are also actively attacking Levi
Garrison, putting pressure on Tiance Mansion.
The stronger Levi Garrison is, the greater the threat to them.
...
At this moment, Levi Garrison was walking desperately, and along the way, I don't know how many
people were knocked down by him.
There are even overseas forces who want to win him over and mention Levilia 's name.
It probably meant that Levilia was taken away by them and asked Levi Garrison to join them.
"By the way, Levilia !"
Levilia appeared in Levi Garrison's mind.
There was something wrong with Zoey, he would never allow Levilia to do anything.
Craps
Levilia where he did not know?
After killing these people, Levi Garrison rushed to the place where Levilia was.
When Levi Garrison asked his subordinates to deliberately capture the three of Levilia and his
mother, they actually took them to Wushuang City.
No one thought of this!
For the current era when the strong are coming together, Wushuang City has no sense of existence.
The strongest is just the five heavenly powerhouses, and they can't be more insignificant.
So no one will pay attention to a small Wushuang city at all.
But Levi Garrison hid people here.
After coming to Wushuang City.

The third elder of the master who used to be Zoey asked: "Mr. Garrison, where is Zoey? Why didn't I
see her here?"
Levi Garrison was silent for a long time and said the details: "...Zoey may be gone..."
"Impossible!" The
Third Elder said immediately.
"Huh?"
Levi Garrison was taken aback.
"Mr. Garrison doesn't know anything about it. We must leave a mark of Wushuang City on the
member who is a member of Wushuang City! First, we can distinguish the identity; second, we can judge
life and death! If a person dies, the mark will be corresponding. The disappearance!"
This imprint is simply the same as the implanted chip that Levi Garrison often uses.
After being implanted in the body, feedback information based on factors such as body heat and
heartbeat to determine the location or whether the person is alive.
If the chip does not respond, it means that it was removed or the person died.
This is how the imprint judges life and death.
The words of the third elder rekindled Levi Garrison's hope: "But the mark on Zoey's body has not
disappeared!"
"What you said is true?"
Levi Garrison shook the third elder vigorously.
"How can Mr. Garrison dare to tell lies to you? The mark does still exist, which means that Zoey is still
alive!" The
third elder was shocked.
Fu Qiufeng and others also said: "Yes, that's right. The mark is on, people are definitely alive!"
"It's just that the mark of Wushuang City is very simple! Only life and death can be judged, not
position!"
"Yes, Otherwise, you will be able to determine the specific location of Zoey !"
...
Hearing these words, Levi Garrison wept with joy.
Zoey is still alive?

That's great!
Levi Garrison, a big man started to cry!
He is so happy!
Never thought that this incident was discovered in Wushuang City!
Had it not been for Wushuang City, I would have thought that Zoey had died forever.
Even the seven evil gods couldn't find any clues.
But it was solved by a small Wushuang city.
"In this case, Levilia and the others have to stay here! I'll go find Zoey's whereabouts first!"
Levi Garrison immediately left excitedly.
Go find where the plum dye is.
The Return of the God of War [The Protector] Chapter 1880
Zoey had a dream.
No, two to be exact!
The first dream recalled everything from her memorial to the present!
The acquaintance with Levi Garrison, the marriage, the birth of Levilia … the
past scenes clearly emerged.
The other dream was illusory and vague. It seemed that Xu Zhengjie's experiment went to the end,
and it seemed that something went wrong.
At that moment, her eyes seemed to be full of dazzling light, shining so hard to open her eyes.
When she opened her eyes, she saw an old man vaguely, uncut, and could even be described as
sloppy.
However, the front face was blurred, and he couldn't see clearly.
Only know the outline.
If Levi Garrison knew about Zoey's dream, he would be surprised.
Because the old man is his cheap master!
That's right!
Zoey is still alive!
It was Levi Garrison's master who saved her!
The energy bombardment caused by the collision of four super-energy particles could not handle Levi
Garrison!
Only his master's level can retreat in this kind of energy collision!
And successfully rescued people!
It shows how strong this old man is!
Abruptly being able to withstand this kind of energy bombardment… unimaginable!

How strong is he?
“Wake up, wake up!”
Zoey was in a daze, feeling someone shaking her vigorously.
When she opened her eyes, Wen Lei’s beautiful face caught in her eyes.
She looked around and found that she was in an abandoned factory building.
Wen Lei was wearing worn-out protective clothing, densely packed with small holes.
“What happened?”
Zoey asked.
Wen Lei told Zoey about starting the particle collider after she was unconscious.
“Then why are we still alive? Impossible! We are ordinary people, how can we survive?”
Zoey dyed his face puzzled.
Wen Lei also nodded: “Yes, we can’t survive! But I had a dream, and dreamed of an old man…it seems
to be…”
“What? You dreamed it too? I dreamed it too! That might Not a dream! It’s true
It happened! “
Zoey exclaimed.
Wen Lei’s expression also changed: “So, we were saved by this old man!”
We are not dreaming! “The
two were filled with astonishment.
What kind of existence is this capable of saving both of them in that situation?
Horrible!
Unbelievable!
“Miss Wen, are you not injured?” I think you are embarrassed! “
Zoey asked concerned.
After all, Wen Lei’s protective clothing is going to be broken.
Wen Lei began to look at herself carefully, and then turned around.
“I’m fine! Not only is it okay, I also feel full of power! Ah! “
Wen Lei also slammed a punch.
“Boom…”
A terrible force tore the ground directly, and a gully one meter wide and several meters deep
appeared, and it continued to spread out, on the foot. A hundred meters before stopping.
“Boom! “
This abandoned factory building collapsed in an instant…

A big crack of a hundred meters long appeared in front of the two of them. They
looked silly!
Both of them looked dumbfounded!
Especially Wen Lei looked at her fist incredibly! The
same as before. Ah, it doesn't make a difference.
How could it have such power?
"Boom! "
She tried to punch the air boom.
The results came thunder thunderbolt movement, and clearly see the air pulled out a long blast come.
As exaggerated takeoff with the plane!
"This…"
Wen Lei's face was full of incredible.
She is an ordinary person.
how come?
Like Xu Zhengjie, particle collisions gave her terrifying superpowers.
She studies science and knows more than ordinary people.
Many superpowers in the West are either awakened from childhood with talent or genetically
modified.
In another case, the experiment failed and the superpower was accidentally obtained.
"How about you Zoey? Try it!"
The Return of the God of War [The Protector] Chapter 1881
Wen Lei urged immediately.
In her analysis, which old man did save them at the critical moment.
But the particle collision still affected her more or less.
Give her terrible superpowers!
Then Zoey may also be affected by particle collisions.
"Me?"
Zoey was confused.
"Try it quickly and see if you have changed?"
Wen Lei said.
"Okay, let me try!"
Zoey is now a warrior, and she feels her body carefully.
It seems to be no different from before.
"I'm really lucky to give it a try!"
Zoey was very angry.
In an instant, she felt an electric current in her brain awakened, and it rushed to the brain quickly.

At that moment, there was extreme pain in the brain, as if it was about to explode.
In my mind, a blurry picture appeared, and I didn't know what it was.
As if there are tens of thousands of silver needles tearing her head…
this feeling is terrible!
"Uh!!!"
Zoey fell directly to the ground, holding his head and crying, rolling constantly, making hysterical
screams.
Wen Lei was shocked by the scene before her.
What's wrong with Zoey?
Zoey was like crazy, all over the floor.
The terrible sound was like a hell demon.
Wen Lei got goose bumps all over her body.
Her eyes were blood red, and her eyeballs almost flew out.
"Bang!"
"Bang!"
"Bang!"
…
Zoey slammed his head on the ground frantically, making a terrifying sound.
The most frightening thing is that the ground splits, showing dense cracks like a spider web.
At this moment, Zoey felt like a demon to Wen Lei!
Wen Lei stepped forward and hugged Zoey, not allowing her to make any movements.
"Zoey, calm down! Calm down!"
……
It took a full minute before Zoey calmed down a little bit and fell asleep.
The whole person is wet with cold sweat.
"What's wrong?"
"Does the particle collision affect her brain nerves?"
Wen Lei made a preliminary judgment.
It seems that when this kind of experiment fails, not everyone can acquire superpowers.
It depends on everyone's physique, luck, etc.
At present, it seems that the collision of particles has brought a bad side to plums.
"Take a rest and wait for her to wake up, and check her body when you go back to know what's going
on!"
Wen Lei muttered to herself.

A few hours later, Zoey woke up.
“What happened to you
, Zoey ?” Wen Lei asked.
Zoey rubbed his swollen head: “When I was just getting infuriated, I felt a rush of energy in my brain.
My head hurts and it’s almost cracking…”
“At that moment, I didn’t feel like I was myself. ! I don’t seem to exist anymore…”
Zoey rubbed his head, panting heavily.
“It’s okay! It should have affected the nerves! Check it out when you go back!”
Wen Lei comforted.
“Well, I think it’s fine too! My body hasn’t changed much!”
Zoey didn’t take it seriously.
Wen Lei didn’t take it seriously either.
But when Zoey dyed an accident later, Wen Lei was scared to death, of course this is something later.
…
Wen Lei checked herself during Zoey’s sleep.
She not only possesses the ultimate strength, but also has speed and even intelligence.
She can even heal her body automatically.
She tried to cut herself, and her skin quickly recovered…
The benefits of this particle collision were all-round transformations.
“You really survived a catastrophe, you must be lucky!”
Zoey smiled.
“I’m sorry Zoey, I started the particle collider at that time, just want to die together!”
Wen Lei apologized.
Zoey shook his head: “It’s okay! By the way, where is Xu Zhengjie? Is he alive or dead?”
Zoey suddenly remembered.
The Return of the God of War [The Protector] Chapter 1882
“Yes, is Xu Zhengjie still alive?”
Wen Lei patted his forehead and realized this serious problem.
Xu Zhengjie! ! !
He is the main target!
If he doesn’t die, what she has done is not in vain?
Zoey frowned: “If there is no old man to save us! No one can survive!”
Wen Lei nodded.
This is true.

She only received a small part of the energy radiation before she gained superpowers.
Otherwise, at the level of the collision of the particles, she would have been crushed.
"But he did something to save people! It stands to reason that all the survivors were saved! Xu
Zhengjie and others were among them!"
Zoey continued to analyze.
Wen Lei echoed: "Yes, that's right! The only survivors
are probably the two of us! Xu Zhengjie and they are all dead!" "There is another possibility! This old
man was here specifically to save us! For example, with Levi Garrison. Relationship! Naturally he won't
save Xu Zhengjie and the others!"
Zoey nodded: "Well, these two possibilities are very likely! Xu Zhengjie should be dead!"
"Well! We will know when we return to the base to see. !"
So the question is, is Xu Zhengjie really dead?
…
Levi Garrison was looking for Zoey with excitement.
Tiance Mansion also banned him one after another.
His risk factor is too high!
Reached level eight!
In order to prevent him from becoming a level 9 danger factor!
Tiance Mansion decided to issue-Tiance Order.
What is Tiance Order?
It is the ban issued when Erudia is in danger!
As soon as the Tiance Order is issued, the Tiance Mansion, the Baolong clan, and any forces and
organizations in Erudia must obey the dispatch!
Even countries and forces that have been blessed by the Great Xia have to participate and wait for
dispatch!
Violators, kill without mercy!
In layman's terms, as soon as the Order of Heaven was issued, it was to mobilize all resources to
punish one person.
At any cost!
The order of the heavenly policy is issued, it is endless!
& If people don't die, Heaven's Decision will not take back!
Now, in order to deal with Levi Garrison, Tiance Mansion has even issued a Tiance Order!

No one thought of this!
In Tiance Mansion, Levi must die!
This is an extremely crazy move!
Since the establishment of Tiance Mansion in ancient times, Tiance Order has been issued twice.
The first release was to the Fire Cloud Cthulhu!
It was not revoked until Huoyun Cthulhu disappeared!
The second time it was given to Levi Garrison!
Let me put it this way.
There is such a saying in the martial arts world.
As long as the Heaven Policy Order is issued, even death is the most glorious and glorious moment for
a warrior.
The release of the Heaven Policy Order caused a sensation throughout the university and a worldwide
sensation.
Messiah sighed even more: "Is it this far? The heavenly policy orders have been issued! Don't you
have to be immortal?"
Beidi, Commoner Killing God, Kyushu Xuanzun might be able to fight Levi Garrison.
But one person retreats, and the two are nowhere to be seen.
But the sky policy came out!
The real powerhouse of the Baolong clan will go to war!
Even the ultimate powerhouse of Tiance Mansion will take action!
In order to keep secrets and keep the hole cards, the masters of the Tiance Mansion and Baolong clan
will not be ranked on the world list.
So how strong the Tiance Mansion and Baolong clan are, has always been an unsolved mystery.
Originally these two big hole cards were to be kept, and generally only people like Tianlong would be
sent.
But Levi Garrison's threat was too great, and they were going to send the real core.
The heaven and the earth changed color as soon as the Heaven Policy Order came out.
But Levi Garrison didn't care at all, he was still looking for Zoey.
At this moment, Zoey and Wen Lei secretly came to the Shenlong Science and Technology Base.
When they saw the Shenlong Science and Technology Base turned into a ruin, the two were shocked.

This power is too amazing, right?
At this time the work of the rescue team has been completed, and there is no one at the base.
"Go, let's go and take a look!" The
two came to the base.
"Ah!!!"
The Return of the God of War [The Protector] Chapter 1883
Suddenly, Zoey let out a scream.
Wen Lei was taken aback.
"What's wrong with you,
Zoey ?" Zoey snarled in pain, clutching his head.
The familiar scenes of the Shenlong base when it was intact flashed in her mind, including the external
buildings and the full picture of the various laboratories… The
more memories, the more Zoey's head exploded.
This movement alarmed the guards not far away, they rushed over, Wen Lei immediately took Zoey
away.
Wen Lei suspected that Zoey's brain was traumatized.
Soon after, Wen Lei took Zoey to a private hospital in Beijing for a comprehensive examination.
This is Wen Lei's own hospital, so no one will doubt it.
The result of the check came out soon.
It's okay!
There is nothing unusual about plum dyeing!
The brain has not suffered any trauma!
But the brain has been disturbed.
Wen Lei immediately thought of Xu Zhengjie's experiment!
Although the experiment was interrupted and failed, there were slight sequelae.
The doctor's advice is that plums can get better if you take more rest.
Upon hearing the result, Wen Lei both felt relieved.
"By the way, I just asked someone to inquire about it! Except for those who hid in the underground
base, no one left alive! Xu Zhengjie can't be alive!"
Wen Lei said.
"That's great! Xu Zhengjie's scourge is finally eliminated!"
Zoey smiled.
Immediately, Zoey frowned, "But the Shenlong base was destroyed, and the price was too high. It's
because of me!"

Wen Lei shook her head indifferently: "It's okay! I will pay the Alliance for my science and technology
base at that time! Although it is not as good as the original base, it can be replaced temporarily!"
Zoey dyed his face with surprise: "Your home base?"
"Yes ." , My father and grandfather are the best in the field of science! My family owns a world-class
base, a national-level base
Three …… "
Wen Lei probably introduced her family background.
Whole family of science and technology experts, all are genius.
So Wen Lei young age, it becomes a scientist!
Successes in the professional field!
In such Nurtured in the environment!
"Miss Wen, thank you! If it weren't for you, I'm afraid I would have become Xu Zhengjie's puppet! At
that time, I was not as good as death, and I couldn't even decide on death by myself! "
Plum dyed genuine sense Xiewen Lei.
" This is what I should do! You see I got a blessing in disguise! In fact, we should be most grateful to
that old man! If it weren't for him, how could we live? "
Yes, yes, he is my great benefactor!" I thought it would be like this for the rest of my life! "
…
Somewhere in Erudia.
Richard and a few people gathered together.
This time Richard entered Erudia with a mission. They
even said that killing Levi Garrison was a pretense, and they were here to do other things. .
of course, in their view, leaves monarchs of certain death, no one can think of leaves monarchs
survived.
they are no longer concerned about Ye monarchs, but rather their real task.
but in the meantime they heard Dragon science and technology base occurred I knew that Xu Zhengjie
had fallen.
Richard and Xu Zhengjie hurriedly met before.
Richard was in a good mood. Seeing Xu Zhengjie becoming so powerful, he thought that the Eagle
Nation would have a big help.

Unexpectedly, less than a day, Then came the bad news of Xu Zhengjie's death.
"That's not right! Xu Zhengjie's consciousness is still there. Although it is very weak, it has not died
out. He is still alive! "
Richard's men were surprised. Through detection, they detected that Xu Zhengjie's consciousness still
existed.
That means people are not dead!
Before Xu Zhengjie transformed himself, he asked Richard for help and obtained a set of devices to
preserve consciousness and transform it into an energy body.
Now they are detecting that consciousness is still alive through the device connected to that device.
Xu Zhengjie is not dead!
The Return of the God of War [The Protector] Chapter 1884
"What? His consciousness is still there? That means he is alive! That's great!"
Richard looked excited.
Happy dancing.
Also specially poured a glass of whiskey to celebrate.
With Xu Zhengjie here, the strength of him and the War Eagle Nation will be greatly enhanced!
"Send some people to find Mr. Xu as soon as possible! Determine his condition! If you need help, help
immediately!"
Richard arranged.
"Understand!"
Immediately, Richard changed his words: "By the way, how are the results of your teams? Find me
quickly! Find them
as soon as they don't respond!" "Once the Levi Garrison incident is over, We will definitely be
targeted by
Tiance Mansion!" The smile on Richard's face disappeared.
It seems that the goal of coming to Erudia this time is more important than Xu Zhengjie.
"Mr. Richard, does your brother need us to be rescued?"
someone asked.
"I don't need it for the time being! Once rescued, I'll be stunned! As long as Levi is dying, Jefferson
will not be able to take it away at any time?"

Richard had his own plan.
“Okay, let’s try to find Mr. Xu’s location first!”
Several technicians used the instrument to explore the location of Xu Zhengjie.
A few minutes later.
Several people were surprised: “Huh? Why is the consciousness signal gone? Can’t be found? What’s
wrong?”
Even Richard was alarmed.
“What? There are no signs of consciousness? Check it out quickly! Be sure to confirm Xu Zhengjie’s life
and death!”
Everyone was shocked by the situation in front of them.
For a while the consciousness is still there, and for a while the consciousness is gone.
Are you still alive?
At the same time, in a private hospital in Beijing.
Zoey suddenly hugged his head and screamed, if it wasn’t for Wen Lei to help, he would have to fall
from the bed.
“Here again?”
Wen Lei was dumbfounded.
This happened to Zoey for no reason ten minutes ago.
Just calmed down, it came again.
This time, Zoey was going crazy, comparable to the beginning.
In the end, the plums were dyed hard
I fell asleep in pain.
Wen Lei immediately called the doctor to check.
The result of the examination is that the brain is disturbed, but there is nothing abnormal, and I still
need a good rest.
If necessary, you need to inject drugs to let Zoey calm down.
This can happen repeatedly in the future.
Wen Lei felt something was wrong.
There is definitely something wrong with Zoey, but I can’t tell.
I need to call a genius doctor to see Zoey!
Wen Lei immediately used her relationship to invite the genius doctor of the ancient forces.
…
On the other side.
The East Island forces that planned everything are also conspiring.
They will also carry on the final madness!

“We have to speed up! Advance the second plan!”
“First of all, Levi Garrison already knows that someone is impersonating him! He has also played
against him! He already knows our existence, we may be targeted!”
“Secondly , Levi Garrison already knew that someone impersonated him! , Tiance Mansion has already
issued a Tiance order, and Levi Garrison will soon be killed! Tiance Mansion will also be eyeing us at that
time!”
“So while the chaos is still going on, we have to speed up!”
“Understand! Plan ahead!”
...
That’s right.
As soon as the Heaven Policy Order came out, everyone’s attention was on Levi Garrison alone.
No one cares about the others at all!
Next, as long as the position of Levi Garrison is determined, there will be a super power to suppress
him.
Then there was news-the day before yesterday, the second place on the list, such as today’s third in
the list of common killers came out of the mountain.
That day, Levi Garrison tore one of his commoners!
To Commoner Killing God, it is a great insult!
This is not putting him in the eye!
In public and private, Commoner Killing God will come forward for a while and Levi Garrison.
The man who suppressed an era is here!
Levi Garrison returned to the Shenlong base again.
“Huh? The breath of Zoey?”
Levi Garrison was surprised and delighted.
He is sure that Zoey has been here.
“Who?”
Levi Garrison suddenly shouted.
The Return of the God of War [The Protector] Chapter 1885
He found that someone was following him secretly!
At the realm of Levi Garrison, he was particularly sensitive to everything.
Even the abnormal movement of flowers, trees, insects and flies can be detected.
As long as there is a slight energy fluctuation, Levi Garrison can catch it.
Levi Garrison just noticed it.

Even if it was only a movement similar to the flickering wings of a flying insect, Levi Garrison had
discovered it.
This is no one else, but Ichiro Ono, a shadow warrior of the East Island forces.
He also just tracked Levi Garrison's trail, but he didn't expect to be discovered.
"Withdraw!"
Ono Ichiro immediately withdrew.
This is the first time he has been discovered since he came out of the mountain.
He underestimated Levi Garrison.
"Want to go, is it that easy?"
Levi Garrison's voice came from a kilometer away, but it exploded like thunder in his ears.
Ono Ichiro is full of cold, but his soul is not possessed.
Isn't it terrible?
No wonder it gets second on the top list!
He is so strong!
"Bang!" The
next moment, he seemed to be hit by a plane.
That kind of feeling, as if the vast expanse of mountains were pressing on him.
"Puff!"
Ono Ichiro vomited blood and flew out.
His face was incredible.
He is nicknamed the Shadow Warrior.
It means that ghosts and ghosts are like shadows, hiding in the sky and being omnipotent.
There is no trace of his body.
No matter whether he hides or escapes, no one else can do anything about it.
And his speed can be called the limit.
But when I met Levi Garrison, he was caught up without telling him!
Ono Ichiro was about to get up to escape, but found that he could not move.
Levi Garrison had already locked all the meridians of his body and could only be slaughtered.
Ono Ichiro was very regretful.
There can be no single mistake against a strong player of this level of Shang Levi Garrison.
Once there is, it will be fatal!

In this situation, he can't even commit suicide.
This is specially made by Levi Garrison.
In order to prevent
Everyone committed suicide this time.
He blocked the way of suicide in advance!
"East Islander? Hahaha, dare to follow me?"
Levi Garrison smiled.
"But you are not him!"
Ono Ichiro knew who Levi Garrison was referring to.
The person who pretended to be him!
"Since I have caught you, then I can know everything I want to know!"
Levi Garrison understood that it must not be an ordinary pawn who possesses this level of hiding.
Later, Levi Garrison dragged Ono Ichiro away.
Soon, he was discovered by the guards guarding the base.
"Choo!"
"Boom!"
"Choo!"
"Boom!"
...
They quickly sent out a few flares and exploded in the air.
It means they found the trace of Levi Garrison.
Nearby Tiance Mansion and other powerhouses came one after another.
Levi Garrison doesn't care about these.
He found Zoey first.
As for Ono Ichiro, he has no right to die.
The other side.
Wushuang city.
Fu Qiufeng stood with several elders.
They are discussing a big matter.
"It's a big mess! The Heaven Policy Mansion has issued a Heaven Policy Order! You didn't realize the
seriousness of the matter at all!"
Fu Qiufeng's face was extremely scared, his face pale.
"Now Levi Garrison's mother and daughter are hidden here! Finally, if Tiance Mansion knows about it,
we are the accomplices of the evil gods! My little Wushuang city will be treated as an evil demon and
eliminated!"
Fu Qiufeng explained.
Others nodded one after another: "Yes! Keeping these people private, aren't they just Levi Garrison's

accomplices?”
“The Tiance order is issued, and Levi Garrison will definitely die! When the time comes, Tiance
Mansion will blame us for the crime. , We are bound to be annihilated!”
“What should I do? I don’t want to watch Wushuang City ruined!”
“Keep Wushuang City, originally this matter has nothing to do with us!”
…
Fu Qiufeng sighed. “That’s not it! I don’t want Wushuang City to be destroyed in my hands. I’m sorry
for the ancestors and ancestors!”
“So I decided to hand over people to Tiance Mansion!”
The Return of the God of War [The Protector] Chapter 1886
Fu Qiufeng looked at everyone: “Do you have any objections?” They looked at each other, and finally nodded: “We agree with your decision! This is the only way to keep
Wushuangcheng!”
“Yes! We don’t have to do it for Levi Garrison.” Take such a big risk!”
“What’s more, if the child is handed over to Tiance Mansion, Tiance Mansion will not harm her!”
…
Wushuang City unanimously decided to send Levilia and the others out.
Fu Qiufeng immediately ran to contact Tiance Mansion.
Within a few hours, the army of Tiance Mansion rushed to Wushuang City.
Take the three of Levilia away and head straight to Tiance Mansion, without giving Levi Garrison any
chance.
This is what Levi Garrison never expected.
A fire broke out in the rear…
“My lords, Levi Garrison won’t retaliate against us?”
This is what Fu Qiufeng and the others worry about. What if Levi Garrison comes back and wipes them
out after knowing it.
“Don’t worry! Levi Garrison will not survive today! His position has been exposed! The powerhouse of
Tiance Mansion has gone after him!”
“If you are worried, I will give you a place to hide!”
…
” That’s great!”
Fu Qiufeng took everyone to take refuge.
The master of Tiance Mansion took Levilia and the others to leave Wushuang City.

“I thought this kid was kidnapped by overseas forces, but I didn’t expect it to be a play directed and
acted by Levi Garrison!”
Huang Hu sighed.
“Have you seen? The descendants of the Heretic God not only practice evil skills, they are powerful.
They also have many tricks! This is too terrible!”
Tianlong took a breath.
Huang Hu smiled: “But now it’s all right, his mother and children are in our hands! Levi Garrison is
useless no matter how arrogant he is!”
“Let our people go and kill him first, you can kill the best. . If you can’t kill, just use his mother and
daughter to force him to subdue! We are not despicable people, we are just protecting his mother and
daughter! We can’t kidnap him to threaten him!”
…
Everyone smiled like a fox .
At this moment, Levi Garrison took Ono Ichiro to a quiet place.
& When he was about to ask Ono Ichiro, news came from his subordinates.
“What? Levilia was handed over to Tiance Mansion by Fu Qiufeng?”
Levi li’s expression changed drastically.
Levi Garrison must have arranged for people to be closely guarded around Wushuang City.
It was just that there were so many masters from Tiance Mansion that the guards did not react.
It is impossible to make another move!
“Fu Qiufeng, you are looking for death!!!”
Levi Garrison roared.
Ichiro Ono was taken aback.
Thousands of calculations, I did not expect
that something will happen in Wushuang City… Of course, it is mainly related to Tian Ce Ling!
The issuance of the Heaven Policy Order directly caused Fu Qiufeng to make such a move.
The three of Levilia were taken to Tiance Mansion, he would not be relieved.
He must be rescued!
But he didn’t want to fight Tiance Mansion either!
It’s really bad for others to take advantage of it!

If you rush to the battle with Tiance Mansion, reveal the truth about everything planned by the East
Island forces.
Maybe everything can be avoided.
"Tell me, who is behind you! Otherwise I will make you suffer!"
Levi Garrison began to stare at Ono Ichiro.
Ono Ichiro laughed when he saw Levi Garrison so crazy and anxious.
"It's no use you know! What's more, our second plan has already started! You can't even care about
yourself, can you care about others?"
Ono Ichiro laughed.
"What? The second plan?"
Levi Garrison raised his brow.
Realize that the big trouble is coming.
"That's right! We have already started the second plan ahead of schedule due to the issue of the
Heaven Policy Order! Hey… You can hardly protect Levi Garrison?"
"Do you want your relatives? Or do you want this country?"
Ono Ichiro Laughed.
"Tell me what the second plan is?"
Levi Garrison yelled frantically.
The Return of the God of War [The Protector] Chapter 1887
"Levi Garrison suffers death!"
Suddenly, a shout came.
Hundreds of masters appeared.
Everyone had received an order from Heaven to kill Levi Garrison.
"Annoying!"
Levi Garrison shook his head helplessly.
The speed of this group of people is really fast!
"Solve you first!"
Levi Garrison dragged Ono Ichiro to mix with the masters.
The two sides fought hard.
Although there are many masters on the other side, it is only a part of being crushed against Shang
Levi Garrison.
Ono Ichiro didn't even have the idea of taking the opportunity to escape.
Levi Garrison is too strong!
But Levi Garrison found that the more people in the Vietnam War.
Now his whereabouts are completely exposed, I am afraid that more masters are on the road.
I'm afraid it will be more difficult to get rid of by then.
"I have to find a way to get rid of it!"

Levi Garrison broke out toward the north after a scuffle.
The masters were chasing after him.
In the end, Levi Garrison was forced to the boundary of the capital.
"Forget it, go to the capital first!"
Levi Garrison plunged into the boundary of the capital.
At that time, it will be more convenient to hide in the capital.
"Haha, Levi Garrison fled into the capital! Isn't this going to die? The capital is our base camp!"
Everyone smiled.
Report the news to Tiance Mansion immediately.
At this moment, almost the whole world knew that Levi Garrison was in Beijing.
The masters who received the order from the sky rushed to the capital like crazy.
During this period of time, Zoey has suffered from headaches many times.
Frequent attacks, more severe than each.
Even if he recovers temporarily, Zoey will often lose consciousness when lying on the hospital bed, like
another person.
Give Wen Lei a particularly bad premonition!
She has nothing to do.
Although resources have been used to find a genius doctor, he has not been found yet.
Wen Lei decided to spend huge sums of money to release news: invite the world's genius doctors to
treat illnesses!
Good compensation: Either money or treasure, in short, to meet everything you want.
For Richard's subordinates, looking for Xu Zhengjie's traces was also intermittent.
For a while, Xu Zhengjie's consciousness information still exists, and for a while, the consciousness
information disappears.
However, with time, Xu Zhengjie's consciousness is getting weaker and weaker.
In the end it was almost gone.
They were also from Man Erudia looking for Xu Zhengjie's whereabouts.
But Xu Zhengjie really disappeared.
"Mr. Richard, our other tasks have been completed! Only Xu Zhengjie has not been found!"
Richard showed a relaxed look, and the task assigned to him this time has been completed.

But Xu Zhengjie didn't want to give up either.
"Mr. Richard, we found that the Beijing Wenjia is recruiting genius doctors from all over the world! It
seems Wen Lei is still alive! You must know that Wen Lei and Mr. Xu Zhengjie were in the same
laboratory at the time!"
Xu Zhengjie's face changed after hearing this.
"In that case, Xu Zhengjie is not the only one who survived! If Wen Lei can be found, maybe he will
know where Xu Zhengjie is?"
Richard said.
"Yes, that's right!"
"Okay, then we will go to the capital!"
Richard and his party immediately set off for the capital.
On the other side, the East Island forces.
"It's not good, Ichiro Ono hasn't come back yet, and I haven't sent back any news! We suspect that
Ichiro Ono is in an accident!"
"Report, I just got the news that Ono Ichiro was arrested by Levi Garrison! Just now, the master of
Tiance Mansion encircled Levi Garrison. I saw Ono Ichiro in the process!"
……
The expressions of several high-level members of the East Island forces immediately changed.
"What? Ono Ichiro was arrested? If by any chance he tells Levi Garrison everything, wouldn't we have
to expose it?"
"Yes! Levi Garrison originally found a lot of clues to us! Ono Ichiro was arrested again, we have to
expose Now!"
"Send someone to the capital immediately! Kill if you can! Ichiro Ono can't live!"
"But how can you kill from Levi Garrison's hands?"
"Then only send him out-Oni Samurai!"
" Hiss! Ghost samurai!!!"
The Return of the God of War [The Protector] Chapter 1888
Hearing this name, everyone's complexion changed drastically, and they all gasped.
As if this title is a taboo!
"Quickly, quickly! Immediately!"
"He is the only one!"

…
Jingcheng, in the private hospital of Wen's family.
Zoey just recovered, she looked out the window in a daze.
Wen Lei felt that she was colder than before, even ruthlessly cold-blooded.
But all kinds of experts in the hospital have checked all kinds of equipment, and the plum is fine.
Wen Lei only hopes that the world's genius doctors will gather as soon as possible to take a good look
at what Zoey is all about.
"Miss Wen, a team of medical experts claiming to be from the Eagle Nation came out! I want to show
Miss Li!" At
this time, someone from the hospital notified Wen Lei.
"Hurry up!"
Wen Lei immediately went outside to greet him in person.
This team is led by Richard.
He did not lie. There were medical experts from the famous war Eagle country in the team.
Wen Lei and others let them enter the hospital without any doubt.
"Miss Wen, we need to understand all the patient's condition…"
Richard clicked sideways, trying to understand what happened in the laboratory that day.
"This…"
Wen Lei hesitated.
After all, in the results given by the rescue team, they were dead.
"Miss Wen, please don't cover up, it is not conducive to our inspection! What's more, we know the
situation of you and Miss Zoey. You should have died in the explosion of the Shenlong Technology Base
that day. Why are you still alive?"
Richard laughed Tao.
"Huh?"
Wen Lei was taken aback for a moment, he knew all about it.
"Well, I won't hide it! The thing is probably…"
Wen Lei probably said about the particle collision, but also ignored a lot.
Richard didn't hear what he wanted to hear, so he continued to ask.
"This shouldn't be! So did Miss Zoey happen before the particles collided?"
"This is very important! Miss Wen, please explain it truthfully!"
…
Several other people also emphasized.
The purpose of Richard's move was to inquire about Xu Zhengjie's news.

“This…”
& Wen Lei hesitated.
“Well, before the particle collision, Zoey was conducting an experiment to transfer other people’s
conscious thoughts to Zoey’s mind! But it was only a second to fail!”
…
Wen Lei probably said at the time. Scenes.
“Huh? Is there anything else?”
Richard was shocked.
Know that this is Xu Zhengjie!
“What about the other person? Is it alive?”
someone asked subconsciously.
Wen Lei shook her head: “No! Only the two of us are alive!”
“Ah?”
Richard and the others were extremely surprised.
If Xu Zhengjie really died, how could he still be conscious?
It shouldn’t be!
At this moment, a voice rang in Richard’s ear.
“Mr. Richard, we searched for the consciousness of Mr. Xu Zhengjie! It was nearby, I suspect it was in
the hospital!”
“What?”
Richard was shocked.
It turned out that Richard’s team was still testing outside.
“Uh!!!”
…
At this moment, a heart- piercing scream came from the ward.
“Faulted again!”
Wen Lei ran to the ward immediately.
Everyone followed.
I saw Zoey rolling on the floor with pain!
Make a devilish roar!
“Uh!”
Zoey grabbed the ground with both hands, leaving deep scratches on the ground.
She was maddened by the pain.
Wen Lei was frightened.
She has never seen Zoey so serious!
What’s going on here?
“Mr. Richard, I have basically determined the location of Mr. Xu Zhengjie’s consciousness, very close
to you! Or right in front of you!” A

voice rang in Richard's headset.
"Boom!!!" At
this moment, Richard had a thump in his head.
He looked at Zoey with a look of disbelief.
He seemed to understand all this.
The Return of the God of War [The Protector] Chapter 1889
It's incredible.
this moment.
He understood why Zoey was like this and Xu Zhengjie's affairs.
Shock!
Extremely shocked!
But Richard still suppressed his emotions abruptly.
An idea was born in his mind quickly!
"I've seen this disease! I can say that it can be cured responsibly!"
Richard suddenly shouted.
This surprised everyone and looked at him.
"Can you cure it?"
Wen Lei looked at him suspiciously.
Richard did not speak, and stepped forward to observe Zoey.
He pretended to give Zoey a shot.
Then secretly told the subordinates in the headset to stop testing Xu Zhengjie's consciousness.
A strange thing happened, and Zoey was quiet.
This made the audience dumbfounded.
Wen Lei had some doubts about Richard before.
All this time was frightened.
Richard is the only one who can stop plums from dyeing crazy in the middle!
Before, Zoey fainted due to the pain.
Including Richard's colleagues, they were all stunned by this scene.
"Leave it to me, I've encountered it before…" It
's nothing to make up a case with Richard's knowledge and ability.
Moreover, the words are so eloquent that people cannot find the slightest flaw.
With the effect just now, everyone is willing to trust Richard.
"Well, take it back to the best hospital in Warhawk Nation, and I'll be healed!"
Richard said.
Wen Lei immediately refused: "No! Zoey must be treated here! I will provide you with the medical
facilities! Erudia doesn't have one, I will go abroad to buy it!"
"That's OK, okay!"

Richard could only agree.
“One more thing, no matter what the treatment is! I must be there! Please understand!”
Wen Lei added another condition.
Let Richard’s plan be shattered.
“Okay!”
Richard then had to make a desperate bet.
It’s the best to succeed anyway, and you can accept it if you can’t succeed.
Currently Xu Zhengjie is dead.
It is impossible to live anymore.
Can only make a fuss about Zoey’s body.
“It’s not too late, then let’s start! I have another team outside!”
Later, Richard also took the team that tested Xu Zhengjie’s consciousness to the hospital.
Including instruments or something.
Wen Lei was still very careful, inspecting everyone, inspecting the equipment, and confirming that
there were no problems before putting it in.
“My treatment is to stimulate her! The greatest level of stimulation! As long as she endures it! I can be
immune to nerve stimulation! It can be better!”
Knowing Wen Lei’s caution, Richard explained specially.
“Can you really stimulate her?”
Wen Lei expressed her disbelief.
At first, the doctors under her also wanted to use stimulating methods to check.
But it does not stimulate plum dyeing at all.
“You wait and see!”
Zoey entered the special isolation device.
everything’s ready!
Just wait for the treatment to begin.
“The instrument is on!”
Richard shouted.
Soon the instrument was activated and began to detect Xu Zhengjie’s consciousness.
“Uh!”
Zoey screamed hysterically right from the beginning.
“What? Really?”
Wen Lei everyone looked stupid.
Richard is like a magician, letting Zoey suffer pain and letting her be quiet.
She felt hope.

“Increase! Speed up!”
Richard yelled.
The detection range is extremely large and the frequency is accelerated.
Zoey is like crazy.
If she hadn’t been controlled in advance, it would be possible to overturn the hospital.
“Uh!!!”
Zoey’s screams became louder and louder, frightening Wen Lei and the others.
“This… Isn’t it going to happen?”
she asked hurriedly.
“No, this isolation device can’t be opened even by a strong man in the seventh heaven!”
Richard shook his head.
Seeing Zoey’s movement getting bigger and bigger, Richard’s eyes became crazier.
Everyone present, only he knows what they are doing.
The Return of the God of War [The Protector] Chapter 1890
In fact, what just happened made Richard understand everything instantly.
Why did Xu Zhengjie disappear and still have consciousness?
Why does Zoey seem to be okay, but this happens frequently?
In fact, there is a close relationship between the two, even closely dependent!
That’s right!
Xu Zhengjie is dead!
Death is thorough!
The former flesh and blood body is long gone!
Now the pure energy body was defeated in an instant!
There is no possibility of restoration!
As for why consciousness still exists?
That’s because Xu Zhengjie’s consciousness partly exists in Zoey’s mind.
Consciousness can be understood as information and transmitted to Zoey’s mind.
Before the particles collided, Xu Zhengjie’s experiment was to let his consciousness enter Zoey’s mind,
thereby controlling her and turning her into a puppet.
But it failed at the last second.
Despite the failure, most of Xu Zhengjie’s consciousness was transferred into Zoey’s mind as a stream
of information.
There is more or less the second person’s consciousness in his mind.
This is extremely scary!

This is why Zoey has a splitting headache.
And in the Shenlong Science and Technology Base, why Zoey has images of various laboratories in his
mind.
She has never been to other laboratories either!
How come there are records of these laboratories?
This is Xu Zhengjie's memory at all!
Why did Richard and the others test Xu Zhengjie's consciousness and Zoey would have a headache?
That's because Xu Zhengjie's consciousness is in Zoey's mind, which stimulates Zoey's brain.
Therefore, Richard's men will receive intermittent signals subsequently.
That is when the two consciousnesses of Zoey's brain stimulate each other, it will be strong and weak.
Sometimes consciousness doesn't exist, it's because Zoey fainted.
The onset of Zoey's symptoms was because Xu Zhengjie's consciousness squeezed and stimulated her
brain nerves.
Two kinds of consciousness exist in the mind, and they collide and stimulate each other, which makes
Zoey like this.
Even Zoey would make some strange behaviors from time to time, exaggerating to say that Zoey's
temperament changed drastically.
This is why Zoey has changed so much!
Currently, only Richard knows.
It was also discovered by chance.
The Xu Zhengjie he was looking for was dead, and only the consciousness was in Zoey's mind.
The only way to get Xu Zhengjie back is to let Xu Zhengjie's consciousness occupy Zoey's brain.
This is easier said than done, but it is more difficult to do than to climb to the sky.
Almost infeasible!
If Richard brought Zoey to the War Eagle Nation, he might be able to study it slowly.
But Wen Lei refused.
Richard's plan fell through, so he had no choice but to make a desperate move.
Maximize the stimulation of plums to dye the brain!
Or let Xu Zhengjie's consciousness dominate!
Or let Zoey's consciousness be completely confused!

Regardless of the result, Richard would like to see it.
The more the stimulation, the greater the pain of plum dyeing.
Zoey is like a beast, going crazy.
"Boom…" At
this time, the earth was shaking, shaking everyone in a hurry.
Even Richard had a bad feeling in his heart.
He was scared.
Put on the invisible armor.
"The biggest!!!"
Richard ordered.
The instrument is turned on to the maximum state.
The most irritating to plum dyeing.
Wen Lei felt that if this went on, Zoey's head would explode.
She wanted to stop it.
"Don't stop it, victory or defeat depends on this!"
Richard shouted.
Everyone can only watch and maximize the stimulation.
A bad premonition flashed in Wen Lei's heart!
She couldn't judge whether it was good or bad now…
"It's just this moment!"
Richard also shouted.
"Uh!!!"
Zoey's scream became louder when the stimulation reached its maximum.
"Rumble…"
"Crack!!!"
The Return of the God of War [The Protector] Chapter 1891
Suddenly the ward exploded directly.
Blast the non-urable isolation device directly.
Torn apart!
And the ward also exploded!
Everyone immediately avoided!
If it weren't for Wen Lei to block the fluctuations that spread around, I'm afraid the entire hospital
would be razed to the ground.
Richard's eyes were full of incredible.
Zoey blasted this device that could not be broken by the Seventh Heavenly Powerhouse?
Is she too scary?
This was beyond Richard's expectation!
What's going on here?
Success or failure?
"Zoey!"

Wen Lei shouted.
She forcefully dissipated the dense smoke, and immediately checked the condition of Zoey.
"Huh?" In the
next second, Wen Lei stopped abruptly, her face changed drastically.
Because she felt a breath of horror that made her heart palpitating.
She couldn't help but shudder!
terror!
Extreme horror!
It seems to come from hell!
The smoke dissipated, and she vaguely saw a pair of red eyes, like beasts!
It's not just Wen Lei who feels this terrible breath.
Even Richard and the others felt the breath of horror.
It felt like a horrible creature experimenting in the most mysterious laboratory of Warhawk Nation.
That kind of breath makes people feel desperate!
"This, this…"
Is she a monster?
Before Wen Lei had time to think, she already felt that she was being attacked.
"Boom!!!"
Zoey on the opposite side appeared in front of Wen Lei like a flash of lightning.
Wen Lei tried his best to resist!
"Bang!"
Wen Lei only felt the force of a mountain whistling and a tsunami pressing up.
"Sneer!"
Wen Lei was knocked out and plunged into the ground with two feet, making two deep marks.
Wen Lei stopped after a full 100 meters.
Shocked!
Extremely shocked!
Wen Lei today is no ordinary person, she is like a superwoman, with terrible superpowers.
But despite this, Wen Lei was hit and flew!
It shows how terrifying is Zoey?
This!
An unbelievable look crossed Wen Lei's eyes.
She had evaluated her own strength before, and her strength casually slapped the eighth heaven
powerhouse.

Her strength is comparable to the top few in the rankings.
It's just an estimate!
Even stronger!
But still can't stop Zoey!
How scary is she?
Richard and the others were even more frightened.
This is also terrible.
Richard wants to know who it is now?
Is Xu Zhengjie leading this body?
Or is plum dye in the lead?
Before he could think about it, Zoey rushed over murderously.
"Puff!"
"Puff!"
……
Zoey is like a demon king who kills people when he sees them.
Richard's men didn't know how many people were torn apart…
Richard turned on the button and put on a special mecha.
While shouting at Zoey, "Who are you? Are you Zoey or Xu Zhengjie?"
"Huh?"
Zoey hummed.
"Of course I am Zoey!"
She said subconsciously.
But his voice was cold and unfeeling, like a bloodthirsty demon.
That is not Zoey's voice at all!
"What the hell is this? Is it her?"
Wen Lei and the others felt horrible!
At this time, Levi Garrison brought Ono Ichiro to the capital.
He also heard the news that Miss Wen Jia is being invited to the world's genius doctor.
He checked and found that Miss Wen Jia was Wen Lei.
As for who was sick, I don't know, but according to the gossip, it is a woman.
Isn't that plum dye?
"In what hospital?"
Levi Garrison wanted to interrogate Ono Ichiro.
But when he heard the news of Zoey, he didn't want anything else.
Go straight to the private hospital of Wen's family.
Ono Ichiro can try again.
But Zoey is sick now, Levi Garrison must see her the first time!
Ono Ichiro is not important anymore!
Levi Garrison began to rush away!

At the same time, the masters who chased Levi Garrison were gradually closing the encirclement.
And quickly determined where Levi Garrison was going!
The Return of the God of War [The Protector] Chapter 1892
In the private hospital of Wen's family, Zoey was in a slaughter manner.
Almost all the people around Richard have fallen.
Richard was almost certain.
It was neither Zoey nor Xu Zhengjie in front of him.
Her temperament has changed drastically.
Become a demon, a monster.
Can't stop her at all!
"Retreat! Retreat
quickly !" Richard hurriedly shouted.
He followed the two cores and activated the mecha to escape at a critical moment.
Regardless of regrets, the goal was achieved for Richard.
Stimulating plum dye into such a monster is a disaster for Levi Garrison or Erudia!
Wen Lei can basically see through Richard now.
But she can't leave.
She wants to stop Zoey!
"Boom!"
"Boom!"
"Boom!"
…
Zoey was completely mad, stirring the hospital upside down.
There are ruins everywhere!
Wen Lei tried her best to stop Zoey.
She was covered with blood long ago, and her body had opened numerous wounds.
But fortunately, Wen Lei has the super ability to heal quickly, and the wound heals quickly.
Only in this way, was it reluctant to stalemate with Zoey.
At this moment, Levi Garrison brought Ono Ichiro to the hospital.
I was shocked by the scene in front of me.
Levi Garrison was even more terrified when he saw the two people fighting hard.
Isn't this Wen Lei and Zoey?
One of them is an ordinary person, and the other is a slightly stronger warrior.
How come you are so amazing?
This is too scary…

“What’s the matter?”
Levi Garrison shouted.
Wen Lei immediately responded: “Levi Garrison quickly stop her! Her temperament has become a
monster!”
“What?”
Levi Garrison was shocked.
When the crazy Zoey heard the words “Levi Garrison”, her dim eyes suddenly turned into blood, as if
she was dripping blood; her body trembled, staring at Levi Garrison, her body exuding even more
terrible. The hostility.
These three characters seem to have a certain magical power, and when they are mentioned, they
pierce deeply
Excited Zoey’s brain.
Zoey has gone crazy just now.
Unexpectedly, hearing about Levi Garrison made him even crazier.
The horror aura on his body soared dozens of times.
Even Wen Lei was stunned!
If she were to face plum dye now, she would be torn apart alive, and there would be no possibility of
the wound healed!
She was curious why Zoey fell into the most extreme violent state as soon as he saw Levi Garrison?
That feeling is that the enemy meets with extra bonus!
She couldn’t wait to cramp Levi Garrison, eat meat and drink blood.
This is her husband!
How could she be like this?
How did she know that there was only one thought in Zoey’s brain at this moment-Kill Levi Garrison! !
!
This is her subconscious thought!
It seemed that her lifelong goal was to kill Levi Garrison.
Therefore, she would have such a big reaction when she heard Levi Garrison’s name.
Zoey’s eyes fell on Levi Garrison, and he looked carefully, and seemed to lock that this was Levi
Garrison.
“Levi Garrison, die!”
She made an indifferent voice, and rushed towards Levi Garrison to kill.
“Huh?”

Levi Garrison was also stunned.
Zoey came to kill herself?
Still such a terrifying breath!
In the end what happened?
Levi was too late to think.
Zoey slammed it down with a punch.
Levi Garrison blocked it symbolically.
"boom!"
As a result, he was bombed out.
Destroying a building directly…
Levi Garrison was immediately dumbfounded.
So strong?
This, this…
what exactly did Zoey go through?
Will she become like this?
It's incredible!
"You have to be serious! She just wants to kill you now, she is super strong! You have to control her
first!"
Wen Lei's reminder sounded from Levi Garrison's ear.
"Levi Garrison must die!"
Zoey roared and slammed to Levi Garrison.
Levi Garrison couldn't accept that, the person he loved the most wanted to kill himself?
This……
The Return of the God of War [The Protector] Chapter 1893
"Levi Garrison, calm down!"
Wen Lei rushed to Levi Garrison and knocked him aside.
"Boom…"
Zoey rushed in and smashed into a pit the size of a basketball court.
"It's not clear who she is now! She just wants to kill you! You have to calm down! Let's try our best to
control her first!"
"Don't be afraid to hurt her! We are not necessarily opponents!"
Wen Lei persuaded.
"Well, good!"
Levi Garrison also calmed his emotions.
Zoey has already killed him.
This time, Levi Garrison and Zoey faced off.
"Boom!" The
two sides split immediately, each withdrawing hundreds of steps, but their feet are densely shattered.

Strong!
It's really strong!
Wen Lei was horrified!
Is this the second on the top list?
Can you tie with Zoey?
"Zoey wake up and see who I am! I am Levi Garrison!"
Levi Garrison raised his tone, trying to wake up Zoey.
But when Zoey heard his name and saw his face clearly, he became more and more crazy.
"Kill!"
Zoey is even more intent to kill!
The fighting power is getting more and more terrifying!
"Bang bang bang…"
Levi Garrison and Zoey played against each other, and the two sides fought hard.
The more horrified Levi Garrison felt during the Vietnam War.
Plum dye is too strong, right?
What has she experienced?
Just like an undead monster…
Even though Levi Garrison fought with him, he was still merciful after all.
This is a daughter-in-law, why is he willing to use all his strength?
But Zoey shot frantically, calling for death, all aimed at Levi Garrison's vitals.
Levi Garrison used subtle physical techniques to avoid Zoey's attack.
He is thinking of a way!
How to control plum dye!
"Help me watch him!"
Levi Garrison asked Wen Lei to watch Ono Ichiro.
He came to deal with Zoey!
His method is consumption!
"Magic Shadow Clone!!!"
Levi Garrison used this method again.
Zoey appeared in front of him, and he couldn't capture the truth.
"Kill!"
Zoey went crazy and started killing.
Started to fight
against Levi Garrison's clones… Seeing Levi Garrison's routine, Wen Lei sighed: "When this goes on,
when will you be tall?"
& Soon, Levi Garrison and Wen Lei discovered that it was impossible to consume Zoey on this road.

Zoey became more brave as he fought, and there was no sign of fatigue at all.
"You can't bear it anymore! You must do it!"
Wen Lei shouted.
"Okay!"
This time, Levi Garrison no longer kept his hands.
Go head-to-head with Zoey.
Turn defense to offense!
Levi Garrison strikes hard!
"Boom!"
"Boom!"
...
Soon, the place was overwhelmed.
Zoey was hit by Levi Garrison's heavy blow, unexpectedly showing a decadent momentum.
"Bang!"
"Bang!"
"Bang!"
...
Levi was on the verge of victory, and he blasted out several heavy punches in a row.
Plum Ran backed back again and again.
There was a look of horror on the emotionless face.
It is estimated that she was also shocked by Levi Garrison's strength!
Strong!
Two rays of light came out of Wen Lei's eyes!
The monster-like Zoey was lost!
Levi Garrison is even more monster than monster!
Levi Garrison didn't give Zoey any chance, so he would knock her down all at once.
This is his great opportunity.
Zoey was forced into desperation.
"Boom!"
Suddenly, the atmosphere in the field changed.
"Ah!!!"
Zoey let out a roar, his aura soaring.
Unparalleled power bursts out of his body!
More than dozens of times more than just now!
She still has the potential to excite!
"Bang!"
Zoey hit Levi Garrison hard.

Although Levi Garrison blocked it, he only felt his chest surge, as if a fire was burning.
So strong?
Levi Garrison's face changed.
Zoey continued to attack.
One move is more ruthless than one!
Levi Garrison was unstoppable every time!
"Levi Garrison will die for me!"
Zoey gathered all his strengths and made the strongest move.
Levi Garrison was not to be outdone, and made the same move.
The two of them hit the earth like sparks.
"Puff!" But
Levi Garrison vomited blood and flew out.
The Return of the God of War [The Protector] Chapter 1894
"Bang!"
Levi Garrison's body was thrown high and hit the ground heavily.
shocked!
Wen Lei looks silly!
Levi Garrison, who is second in the top ranking, is actually lost?
How did Zoey stimulate the limit in a short time?
Even Levi Garrison was defeated?
"Levi Garrison, don't you keep your hands, didn't you dare to do your best?"
Wen Lei not only asked.
Levi Garrison did not answer.
Because he didn't keep any hands just now, this is purely because Zoey is strong.
He lost!
He lost to Zoey!
unimaginable!
With Zoey's move just now, Levi Garrison could indeed use speed and magic shadow clones to dodge
opportunistically.
Will not be injured in any way.
There is another way he can be undefeated!
That is a taboo technique he has never used before!
The cheap master passed it to him.
But I warned him-it's best not to use taboo for the rest of your life!
Otherwise the whole world will be in chaos! ! !
For such a long time, Levi Garrison was invincible in the world.
Come and win!
There was no need for taboos at all, Levi Garrison had forgotten.

Only when I was under threat and pressure did I think of it.
Today's battle with Zoey has not yet reached that stage.
Finally, Levi Garrison didn't use the taboo technique either.
He is going to confront Zoey with pure power.
But the reality is cruel, he really lost.
Zoey didn't give up!
Deceptively, another shocking move fell.
"Puff!"
Levi Garrison lost to the enemy again and flew out.
"Bang!"
"Bang!"
...
Zoey showed no mercy.
Just to kill Levi Garrison!
"Puff!"
"Puff!"
...
Levi Garrison fell to the ground dying, with blood foaming in his mouth.
This is the first time he has been defeated.
Turned out to be his own wife!
What happened to her?
Don't you really recognize yourself?
"Hahahaha… Levi Garrison, you are defeated! You damn it! You are only worthy of falling under my
feet!"
Zoey looked at Levi Garrison and let out bursts of sneer.
Levi Garrison could clearly feel Zoey's killing intent.
It seems that I have to use taboo techniques.
Wen Lei couldn't stop Zoey's current combat power, and could only add sacrifices.
You can only rely on yourself!
"Go to hell!"
Zoey suddenly burst like a frustrated balloon just like a frustrated balloon.
"Puff!"
She staggered to the ground.
Fainted.
At this moment, Zoey returned to normal.
There is no difference from the past.
"No, someone is coming!"
Levi Garrison's expression changed.
"Wen Lei, take two people away!"
Levi Garrison immediately arranged.

Wen Lei didn't ask anything, and immediately left with Zoey and Ono Ichiro.
They left with the front foot, and the masters on the back foot surrounded this place.
Everyone was shocked by the ruins in front of them.
When I saw the injured Levi Garrison, I was even more frightened.
It seems to have seen the most incredible thing in the world!
Sweeping the top of the sky list all the way, Levi Garrison, who was ranked second in the sky list, was
actually injured like this?
unimaginable!
"This…this is Levi Garrison?"
"It seems to be… isn't it… how could he be hurt like this?"
"It's incredible, isn't it? Levi Garrison was actually defeated? My sky is about to fall!"
…
the tens of thousands of powerful people who surrounded him were dumbfounded.
Levi Garrison was defeated?
Soon news of Levi Garrison's defeat spread.
Erudia was shocked!
The world is shocked!
The descendant of Cthulhu is defeated!
Cthulhu forces, Levi Garrison's followers are going crazy.
Levi Garrison's defeat was equivalent to the collapse of their faith.
For the Cthulhu forces, Levi Garrison could not be defeated.
He represents the evil god Huoyun.
There is no word for defeat in Huoyun evil god's dictionary.
Levi Garrison can't be defeated!
Can't be defeated once!
In the field, everyone looked at Levi Garrison and sneered: "Have Levi Garrison ever thought about it?
You will lose one day too! Who hurt you so badly?"
The Return of the God of War [The Protector] Chapter 1895
who is it?
This is the question of the whole world at this moment.
Who hurt Levi Garrison?
Who defeated the descendants of the Heretic God?
But there was no one at the scene, only Levi Garrison was left.
It means that the person who defeated Levi Garrison has left!
After the matter is gone, he hides his merit and fame deeply.
Who the hell is it?

Everyone is wondering who defeated Levi Garrison?
After some discussion and speculation, everyone identified one person-the common killer god who
was second on the original list!
Before, there was news that the Common Killer God was coming to Levi Garrison for a while.
But there is always no news that Commoner killed God.
Now it seems that there is a high probability that Common Killer defeated Levi Garrison and left
afterwards.
Commoner Killing God is a person who is indifferent to fame and fortune.
The reason for the action was only for the Erudia martial arts, so as not to let evil spirits do harm.
Basically, it is the Commoner Killing God who defeated Levi Garrison!
The man who suppressed an era!
The Tianjiao who were imprisoned by the evil gods were all happy when they heard the news of Levi
Garrison's failure.
Especially Lin Tianlong shouted excitedly: "Levi Garrison, you are finally defeated!!! You have this day
too! You will face the worst fate!" The
rest of the people also yelled after Lin Tianlong.
*????????????

rather worried.
Since this time.
They discovered that Levi Garrison was not bad in fact.
Not even bad at all!
Except for Monsoon Dust, they found their way to death, the others Levi Garrison did not hurt at all.
Even in the battle of Tiandang Mountain, Levi Garrison only wounded Erudia Martial Artist, and never
killed them alone.
Although they have been arrested for so long, Levi Garrison and other subordinates have never felt
sorry for them.
Even if Lin Tianlong kept clamoring, no one hurt him, let alone killed him.
Levi Garrison was like this, and he also urged everyone in his guidance not to hurt them.
Even the blood evil gods were not allowed to suck human blood, and the seven evil gods were
restrained, and the rules were set for them so that they could not kill or harm people.
It's even better for both of them!
How could such a person be
Cthulhu?
If it's really an evil god, can their innocent body be kept?
Their lives are long gone!
So now that he heard the bad news about Levi Garrison, Fu Jia and Ning were still worried.
They even hope that Levi Garrison is fine!
Although the two knew that Levi Garrison was a descendant of the Heretic God.
They are also very contradictory in their hearts!
"Fu Jia, have you heard? Levi Garrison is defeated! He is dying! Soon we will be able to get out!"
"I have had enough of being locked in this place!"
Lin Tianlong shouted at the two excitedly.
It was just that Fu Jia ignored him and even thought Lin Tianlong was very annoying.
Levi Garrison didn't shut them down at all!
"It has to be a commoner killer! I have a chance, I want to worship him as a teacher!"
Lin Tianlong said excitedly.
The forces on the East Island were shocked when they heard this news suddenly.

Levi Garrison was defeated?
Can't this?
Just now they sent a ghost warrior to kill Ono Ichiro, is Levi Garrison defeated?
Richard, who had returned to the Eagle Nation, was also taken aback when he heard the news.
But it reacted quickly.
"Levi Garrison lost to plum dyeing?"
Richard's mouth raised a playful smile.
His goal was achieved.
Now that Levi Garrison was besieged by a master of Tiance Mansion, he was already seriously injured,
and he must be a dead end.
Levi Garrison was dead, and Zoey was mad.
Great situation!
Hospital ruins.
More and more people surrounded Levi Garrison.
More and more people came after hearing the news, with three floors inside and three floors outside.
Everyone wanted to see with their own eyes how this evil god fell.
"It was the Commoner Killing God who defeated Levi Garrison! The Commoner Killing God mighty!"
"I wish to call it the Commoner Age!"
...
Tianlong from Tiance Mansion quickly arrived.
"Levi Garrison will catch it! Obediently follow us!"
Levi Garrison smiled, "I really think you can take me?"
The Return of the God of War [The Protector] Chapter 1896
The reason why Levi Garrison was defeated!
It's because he wants to test how strong Zoey is!
He can dodge completely with his body skills and speed, without getting hurt!
Using the taboo technique, you can completely get rid of plum dye!
Furthermore, even though Wen Lei asked him to do his best, Levi still kept Zoey in the end.
That's his wife.
How can I do my best?
under these circumstances.
How can he lose?
He is indeed injured!
But this injury and the previous injury are not the same concept!
"Huh?"

This caused nearly 100,000 people present to be taken aback.
What does Levi Garrison mean?
He has been wounded like this, yet he is still so arrogant?
This doesn't put anyone in the eye!
"Levi Garrison, you are crazy! You have been defeated by the Common Killer! You can't!"
"Yes, that's right! Don't say you are injured now, even if you are not injured, the Commoner Killer
defeats you again, you will not be obedient. Yes?"
"Listen to my persuasion, and follow us back to Tiance Mansion to avoid the suffering of flesh and
blood!"
...
everyone persuaded.
Levi Garrison reluctantly got up and sat on the ground.
The corner of his mouth looked at everyone with disdain.
"Levi Garrison, don't you really think you can escape from so many people, do you?"
"Don't be foolish and dreaming!"
...
As today, Cefu and Baolong clan core masters gathered.
It was impossible for Levi Garrison to escape by laying a net of heaven and earth in the capital.
"Don't talk about this first, I have something to tell you!"
Levi Garrison changed his voice.
"You really don't talk nonsense! This is your slow strategy, right?"
Tianlong roared.
"Wait, let him say!" A
voice sounded.
The Tianlong four immediately nodded respectfully and stood aside.
& The four members of Tianlong came from the hidden pavilion of Tiance Mansion, and they were
mainly responsible for dealing with emergency affairs and various intelligence of Erudia.
In layman's terms, it is the secret pavilion that is responsible for all the small and small chores within
the scope of Tiance Mansion!
The person who spoke was the deputy chief of the dark pavilion, codenamed Black God.
The position is high, above the Tianlong people.
When he speaks, everyone will naturally listen.
"Let's talk! I want to hear it!"

Deputy Pavilion Master Hei Shen looked at Levi Garrison.
"I want to say that all this is a conspiracy by the East Island forces… Soon they will carry out a crazy
second plan! If your attention is still on me, that's it! Erudia martial arts world or Erudia may be hit hard.
!"
Levi Garrison told them what he knew.
"Since Tiance Mansion is the strongest Guwu organization in Erudia, we must thoroughly investigate
this matter!"
Levi Garrison seriously urged.
"Edit it!"
"Continue editing! Levi Garrison really didn't expect you to excuse yourself in this way! It really
disappoints me!"
……
Although Levi Garrison said a lot, it sounds reasonable. .
But there were very few people present.
It is generally believed that this is just an excuse by Levi Garrison.
Even the deputy pavilion master Black God is not a complete believer.
"To tell you, I have evidence! I have caught a core member! I can know everything from his mouth!
Now I don't want to conflict with you! When I bring people, you will understand everything!"
After hearing what Levi Garrison said, everyone laughed.
"Levi Garrison, do you think we are stupid? And let you go? Do you think it's possible?"
"Yes, this kid treats us as idiots! Take him away quickly!"
…
everyone immediately scolded.
No one noticed, one person in the crowd left.
Oni samurai!
He had already mixed in.
Knowing that Levi Garrison hid Ono Ichiro somewhere else, he immediately left.
"Forget it, I'm talking to you, it's totally playing the piano against the cows!"
Levi Garrison slowly stood up.
Still have to use force!
"Why? Do you want to come hard? Levi Garrison, don't you want to see your child?"
The Return of the God of War [The Protector] Chapter 1897

“Boom!” The
imposing and powerful Levi Garrison was suddenly discouraged.
The body trembled fiercely.
Zoey’s situation is unknown now.
The mother, child and sister fell into the hands of Tiance Mansion again.
He…
really embarrassed!
“Don’t worry! Although you are a descendant of Cthulhu! It does not mean that your mother and
children are!”
“They live very well in Tiance Mansion! Especially your children and sisters are amazing! They have
been accepted as students of Tiance Mansion. Now! Especially the talent of Levilia should be regarded
as the core of Tiance Mansion’s future.”
“But I think it’s better for you to see the mother and child!”
…
Deputy Pavilion Master Hei Shen smiled.
At first glance, there is nothing unusual.
Even everyone present praised Tiance Mansion.
Levi Garrison is now an evil god, and his family has to be taken care of.
Logically speaking, it’s only right to kill together!
But in fact, that’s not the case at all!
The point of his remarks is the last sentence.
Let Levi Garrison visit the child and mother!
This sentence is very meaningful!
On the surface, they told Levi Garrison how good they were to the three of Levilia , but they were
actually warning him – your mother and child are in their hands and they are not subservient.
This is a threat in disguise!
Levi Garrison, your child’s mother is in our hands! Do you dare to disobey our meaning?
Levi Garrison said helplessly: “Well, I want to see my mother and children!”
No way!
Levi Garrison understood what they meant and had to accept it.
After all, you can’t make fun of Levilia ‘s mother and their lives!
He had to make sure that his mother was all right!
As for Zoey, this is also a headache.
However, Wen Lei is currently taking care of him. He generally understands Wen Lei’s strength and is

very strong.
No one is in the top three of the top three, no one is her opponent.
Next, Levi Garrison left traces again.
The seven evil gods will understand what he means after seeing them.
He goes to Tiance Mansion first, and it is best to rescue the three of Levilia .
Things are urgent now!
& First, the status of plum dye is unknown.
Second, the second plan that Ono Ichiro said.
…
Everything is very urgent!
Don't allow Levi Garrison to be a little sloppy!
"Come on, take Levi Garrison away! The result will be announced on another day!" The
deputy pavilion master gave an order, and the Tianlong four immediately went forward and took Levi
Garrison away.
In front of 100,000 people, Levi Garrison was arrested by Tiance Mansion!
"Hahaha… It's so happy!"
"The descendants of the Heretic God were arrested! The power of the Heretic God is disintegrated!"
"Today is a great moment of great light for Erudia!"
…The
audience burst into thunderous applause.
The news that the descendant of the Heretic God, who was second in the ranking list, was successfully
arrested by Tiance Mansion spread.
Erudia is boiling!
The world is boiling!
Those who claim to be decent are even more excited.
The banners were pulled again, the colorful flags were erected, and the gongs and drums were beaten
again.
Everywhere is celebrating the eradication of the great demon Levi Garrison!
"Since ancient times, evil is invincible! Have you seen the end of the evil demon?"
"You don't have to kneel down one by one! Then Tiance Mansion will destroy you one by one!"
"Haha, Commoner Killing God !" Even Levi Garrison can get rid of it, you guys, don't you see one kill

another? Don't you surrender?"
…
All parties began to clamor for the evil god army led by the seven evil gods.
"Hahaha, Levi Garrison has finally reached this day for you!"
Both Richard and the East Island forces heard Levi Garrison's fall and were arrested.
All very excited!
Richard brought things from Erudia back to Warhawk Nation…
No one knew.
The forces of the East Island will start their second crazy plan at the last moment!
As for Wen Lei, she realized the seriousness of the problem.
Zoey and Ono Ichiro deliberately took to a hidden place.
"Zoey, what's wrong with you?"
Wen Lei was very worried.
At this moment, Zoey suddenly opened his eyes.
The Return of the God of War [The Protector] Chapter 1898
"Zoey!"
Wen Lei immediately bounced away vigilantly.
The whole person makes a fighting posture, bringing all the powers together.
She is a little afraid of plums!
Zoey's combat effectiveness shocked her just now!
Once Zoey goes mad again, she will not be able to control the situation.
Ono Ichiro next to him was also full of horror.
What if Zoey goes crazy and slaps him to death?
Wen Lei's posture as if facing an enemy made Zoey startled.
"What's wrong with Miss Wen…"
Zoey looked at Wen Lei in confusion.
The whole person is gentle and virtuous, gentle and generous.
Where is the look of the devil just now?
Wen Lei was in a trance.
Zoey just now is fake, right?
She suspected hallucinations!
"Zoey, you… are you okay?"
Wen Lei asked nervously.
"I'm okay, what's the matter? I just had a dream, as if fighting!"
Zoey rubbed his head, thinking hard.
But it's only vague.
Don't know the point at all.

Even her combat effectiveness has dropped drastically, Wen Lei did not feel much power in her, which
was far different from before.
"You can't remember what happened just now?"
Wen Lei asked in surprise.
The woman like this is Zoey.
"Yeah! What happened?"
Zoey asked.
"You did fight just now, you fought with… a few bad guys, and then fainted!"
Wen Lei just wanted to say Levi Garrison, and immediately shut her mouth.
The name of Levi Garrison was mentioned earlier, and this woman went crazy.
She dare not!
If you go crazy, who can stop it?
"Zoey, do you feel anything wrong?"
Wen Lei asked.
Zoey felt it carefully and shook his head: "There is nothing wrong with it. Before, there was something
blocked in my mind, but now it is completely unblocked! I have to thank you! You invited the doctor to
help me heal it!"
& All right?
Wen Lei didn't know what was wrong.
And that's not a doctor at all.
It was deliberately to stimulate plum dyeing.
"Zoey, you can think of everything, right?"
Wen Lei asked again.
"It should be, I have…I did…I have a daughter named Levilia . But…Who is my husband? How come I
don't have an impression, why can't
I remember ?" "I can't remember my husband anymore? Who is he?"
Zoey rubbed his head, shaking violently.
Her memory was missing her husband, as if she had been taken away.
"Huh?"
Wen Lei was taken aback for a moment.
She doesn't remember Levi Garrison?
How is this going?
it's actually really easy.
Richard forcibly stimulated Zoey's brain, causing the two consciousnesses to violently collide with

each other.
Richard originally wanted Xu Zhengjie's consciousness to occupy Zoey's brain and dominate her body.
But how is it possible?
Only part of Xu Zhengjie's consciousness, plus Zoey's strong will.
Under the strong stimulus, the two consciousnesses were forcibly merged.
Plum dyeing naturally dominates!
Although Xu Zhengjie's consciousness was fused, it didn't exist anymore.
But the side effect is…
Xu Zhengjie's final consciousness turned into hatred and merged into Zoey's brain.
This hatred is Levi Garrison!
The only side effect is to treat Levi Garrison as his worst enemy!
In layman's terms, it is equivalent to planting instructions in Zoey's brain-kill Levi Garrison!
Finally, the result of incorporating hatredfirst,
the memory fragment of Zoey losing her husband.
The second is to kill Levi Garrison as an enemy.
This is why Zoey tried her best to kill Levi Garrison when she heard Levi Garrison's name or saw Levi
Garrison!
"Zoey, calm down! Just take a break!"
Wen Lei quickly appeased Zoey.
Let's talk about Levi Garrison.
Taken away by Tiance Mansion.
He didn't even let him see Levilia …
Tiance Mansion deceived him.

Let's talk about Levi Garrison.
Taken away by Tiance Mansion.
He didn't even let him see Levilia …
Tiance Mansion deceived him.
The Return of the God of War [The Protector] Chapter 1900
Levi Garrison was taken away, which was a great time for them.
A large-scale operation is quietly unfolding.
Levi Garrison, who was locked by the dragon chain, naturally knew their intention, that he wanted to
trap himself.

But it's fine to see Levilia and the others.
I wonder what happened to Zoey?
This is also what Levi Garrison is very worried about!
She is too strong!
Without a taboo, you can't hold it at all.
Once she wakes up, there will be no one to stop!
There is also the second plan mentioned by Ono Ichiro.
Everything drew his heart.
Can't drag!
"You said that if you let me see my mother and daughter, Tiance Mansion wouldn't lose faith, right?"
Levi Garrison asked.
Tianlong walked in and said with a smile: "Levi Garrison, people are already on the road! But before
that, you have to answer a few questions carefully!"
"Huh?"
"First of all, you admit that you do not admit that you are. A descendant of Cthulhu?"
Huang Hu asked.
Levi Garrison said coldly: "I don't even know who the Cthulhu is! What do I admit?"
"Then where does your strength come from? What's more, you and Cthulhu's techniques and skills
are exactly the same! This you What's the explanation?"
Xuan Lang scolded several people.
Levi Garrison smiled and said, "Dreams!"
"You…Levi Garrison, be honest, you need to know that you are being…"
Earth Tiger almost told the truth about the chain dragon chain, and Tianlong stopped him in time.
"Levi , you will be honest, and you will be able to see your mother and daughter!"
Tianlong Road.
"Let's go, leave!" The
deputy chief of the dark pavilion appeared, and left with a few people.
"Why don't the deputy pavilion master let Levi Garrison speak directly?" The
others were puzzled.
"You don't understand Levi Garrison! If you can't see people, he won't say anything!"
"If you want him to speak out, you have to bring people over! Then he won't have to do anything with
us, he will explain it himself!"

… …
Levi Garrison's first two worries are all right.
The three of Levilia were brought.
Zoey is also stable for the time being.
But the second plan of the East Island forces was launched.
Everywhere in Erudia, many black-clothed powerhouses appeared at the same time.
They have premeditated assassinations.
The target who was assassinated was Erudia's Tianjiao, the future of Erudia martial arts world.
There are all the Tianjiao on the Erudiadi list, and there are hundreds of Tianjiao who are not ranked
but with great potential.
These are the geniuses recorded in Tiance Mansion Tianji Pavilion.
It is no exaggeration to say that with these geniuses, the Erudia martial arts world will prosper in the
future!
But the East Island forces took advantage of the great chaos in the Erudia martial arts world and
suddenly carried out an assassination.
Countless masters rushed out to assassinate these geniuses.
Due to the crusade against the evil gods during this period, most of the Tianjiao were all released by
the family or forces for experience.
So the whereabouts of these geniuses are easy to lock.
And there are relatively few guardians around.
Far from being safe in the family or sect.
…
"Puff!"
"Puff!"
"Puff!"
…
The super masters arranged by the East Island forces began to assassinate.
One by one, the geniuses fell down.
They were invincible at all when they encountered a special targeted attack.
Can only be slaughtered!
The strong men arranged by the East Island forces will not kill them yet.
They specifically abolished these geniuses, cut off their martial arts, turned them into trash, and never
practiced…

This is more cruel than killing them!
The last place on the list has been abolished!
The fifteenth place list was also abolished!
……
Next it is the turn of the ranking arrogant.
One by one was abolished!
The ninth place list is abolished!
The eighth place list was abolished!
……
This night is precarious.
Hundreds of Tianjiao in Erudia were assassinated, and all of them were abolished.
This is something no one expected…
The foundation of Erudia's future collapsed overnight…
Catastrophe!
tragedy!
The Return of the God of War [The Protector] Chapter 1901
Although many geniuses are super powerful!
But the other party specifically targeted, these geniuses only have to be slaughtered!
Except for Fu Jia who was "locked up" by Levi Garrison, and Levilia who was taken away by Tiance
Mansion.
All other Erudia's geniuses have received special care.
Together with the legendary top three places, they all encountered assassinations.
However, the top three in the rankings are obviously not at the same level as other geniuses.
These three abruptly killed them.
Despite being seriously injured, they killed all the assassins and escaped.
But also suffered heavy losses and paid a great price.
…
"What's the matter? You are not doing things well! You let the top three of the most important sky list
escape?"
"You all know that the top three of the top three are extremely scary, why not send more people?
What if it is exposed? ? "
……
East Island forces of the top three leaders on the ground to escape this thing very angry.
"It's because the subordinates are not doing things well!"

“But the top three in the list are scattered and disappeared! They can’t return to their respective
forces now! We still have a chance!” The
leader commanded: “Immediately send someone to destroy them. Now! Find them before others!”
“In addition, there was news immediately! It was said that all this was done by the forces of the evil
gods! Levi Garrison was defeated and taken away! The seven evil gods were angered! They will retaliate
wildly! Abolish the strongest geniuses of Erudia!”
“Understand!”
everyone shouted.
“Now our purpose has been accomplished! Erudia’s future has been broken! Erudia’s foundation will
also be cut! And now the righteous way and the evil spirit are still in dispute, the Erudia martial arts
world is already badly injured!”
“This is the opportunity for my Dongdao martial arts world to rise! We will surely be above the top of
the world!”
Everyone in the Dongdao force showed ecstasy on their faces.
…
Hundreds of geniuses were abandoned overnight, and when everyone knew this news, everyone
would go crazy.
Erudia boiled the fryer for a while.
This thing is terrible!
& This is ruining the future of the Erudia martial arts world!
The ancient forces are extremely angry.
Seeing the heirs lying on the ground and becoming a waste, everyone is heartbroken.
“Who? Who did it? I don’t share the sky with them!”
… Messiah, Tiance
Mansion received this news one after another, and was shocked.
In particular, the responsibility of Tiance Mansion is to protect the Erudia martial arts world and
ensure its prosperity.
Mainly to cultivate and guard the younger generation.
But such a sensational event happened all over the world overnight!
“All geniuses have been abolished? If this is going to break the foundation of my Erudia martial arts
world! This, this…who did this? Hurry up and investigate!”

At this moment, the news came out: it is the seven evil gods. made!
The descendants of the Heretic God were arrested, angering the Seven Evil Gods.
They abolished the geniuses of the Erudia martial arts world overnight, in order to retaliate!
As soon as the news came out, no one doubted it at all.
After all, in Erudia, there are not many forces that can do this overnight.
There are only the Tiance Mansion, the Baolong clan, and the power of the evil gods.
No one wants to go overseas at all.
But where do they know.
During this period of time, when the martial arts world in Erudia was in chaos, the gate of the country
was wide open.
The influx of international forces.
The East Island forces even arranged a lot of masters in Erudia, so there will be such a lightning
operation.
This was premeditated.
Everything was arranged early!
"The power of the evil gods must be eliminated! The seven evil gods must die! How dare they ruin the
future of the Erudia martial arts world!"
...
Everyone was extremely angry.
"Huh? What? The seven evil gods did it? How is this possible?"
Wen Lei was surprised when she learned the news.
After receiving the order from Levi Garrison, the seven evil gods stayed by their side last night.
The Return of the God of War [The Protector] Chapter 1902
How could they retaliate?
What's more, Wen Lei asked, Levi Garrison's order to them was to stop.
They will not retaliate.
Wen Lei immediately realized that someone was framing Levi Garrison.
it is as expected!
In the Shenlong base, she had said that Levi Garrison would never do anything to endanger Erudia.
Hearing the news, Ichiro Ono, who was locked up, smiled and shouted:
"Long live Dadongdao! We
won!"
"I killed you!" The
blood evil god said furiously.

“Forget it, forget it!” The
others stopped him.
Wen Lei discussed with the seven evil gods: “Now we should tell everyone that you have been
wronged!”
“Although we have been collecting evidence, the evidence is insufficient, and now the little master
has been arrested! It is difficult for us to get rid of the charges. “
Yes, that’s right, we will be surrounded and suppressed like never before!”
…
Everyone didn’t notice that there was a ghostly shadow that appeared and secretly saved Ono Ichiro.
The Oni Samurai spoken by the East Island forces appeared.
Originally, he was going to kill Ono Ichiro, but now he can save it.
“Huh?”
“Where’s Ono Ichiro? Why is it gone?”
Someone quickly discovered that Ono Ichiro had disappeared.
The point is that no one is aware of it.
Also, Wen Lei is still not proficient in using her super powers.
Otherwise, Wen Lei could feel the energy fluctuations.
After all, her current perception ability is already at the top level.
“No accident, he was rescued, our place was also exposed, we must change the place as soon as
possible!”
said the sword evil god.
“Okay, withdraw immediately!”
Everyone quickly left.
Sure enough, as soon as they left, a master came from this place.
Levi Garrison, who was locked up in the prison, was very worried about the situation outside.
He often asked, but no one paid any attention to him at all.
“boom!”
At this moment, the door was kicked open.
Tianlong and his party rushed towards Levi Garrison.
“Levi Garrison, what your subordinates did!!”
Xuan Lang roared.
“What’s wrong?”
Levi Garrison asked.
“You were locked up by us, and the seven evil gods wanted revenge! All the 576 geniuses of Erudia

were abolished overnight, and they could not cultivate martial arts forever! There is also the top three
Tianjiao who are currently seriously injured and their whereabouts are unknown. ! ” “
almost overnight they will be the big summer martial arts community gave future ruined! ” “
damn! damn you all these dishonest! “
……
everyone frantic, wanted to kill leaf monarchs.
“Hey!”
Levi Garrison’s heart sank after hearing this.
It turns out that this is the second plan of the East Island forces.
Is to ruin the future of the Erudia martial arts world!
insidious!
Sure enough!
While everyone’s attention is on themselves, the East Island forces can implement their plan…
“I told you about this a long time ago. This is a conspiracy by the East Island forces… This is their
second one. Plan…”
Levi Garrison slowly raised his head, staring at several people with blood red eyes.
“I thought Tiance Mansion was led by some wise people, but now it seems to be a bunch of idiots! A
bunch of big idiots!”
Levi Garrison roared.
“Levi Garrison, you are presumptuous! How could you insult Tiance Mansion?”
…
Levi Garrison’s words angered everyone.
“Lao Tzu was wronged! Someone instigated the discord. How many times does it take Lao Tzu to tell
you before you believe it? A group of idiots and idiots!”
…
Levi Garrison simply cursed.
“So good, Levi Garrison, let us tell you! What is locking you is the dragon chain of Tiance Mansion!
Once locked, you will never break free! You must be locked here for the rest of your life!”
“As for your family, don’t even want to see it!! Impossible!”
Several people left whirring.

A murderous intent crossed the corner of Levi Garrison's mouth: "Have you finally said your true
thoughts?"
The Return of the God of War [The Protector] Chapter 1903
In fact, Levi Garrison had guessed it early on.
They just want to trap themselves, and then put out everything about him from their mouths.
But he was betting that he could see his mother and children.
Wrong bet now!
Something happened!
He must resist.
Can't listen to them anymore.
Chain dragon chain, right?
Then I will open it and take a look!
Levi Garrison tried his best to break the chain of the dragon.
"Clang clang…" But the
result was unexpected, the Suolong Chain only made the sound of metal clashing, and the nine iron
chains vibrated greatly.
But there was no trace of cracks at all.
On the contrary, the chains that penetrated Levi Garrison's bones and flesh became tighter.
Levi Garrison's bones were squeezed, and his flesh and blood were squeezed, dripping with blood,
and quickly stained his whole body.
"This…"
Levi Garrison's expression changed.
This is really invincible!
"Levi Garrison, don't waste your effort! No one has ever been able to open the Dragon Chain of Tiance
Mansion! Once locked, it will never be opened until you die!"
"What's more, the more you struggle with the Dragon Chain, it will The tighter it is! It can even crush
your bones!"
Tianlong and the others laughed when they saw Levi Garrison breaking free from the chain of the
dragon.
Levi Garrison is wishful thinking, right?
How can it be!
"Levi Garrison is struggling slowly! I like to see you struggling!"
Xuan Lang laughed.
…

After Levi Garrison struggled a few times, the chain of the dragon became tighter and tighter.
The blood of Levi Garrison's wound kept flowing, and a large pool was soaked under his feet.
But Levi Garrison didn't hum.
"No! I have to calm down!"
Levi Garrison stopped moving.
He was thinking about how to open it.
He must not be trapped here!
There are too many people or things he cares about… It's
not enough to be stuck here!
Seeing Levi Garrison no longer struggling, Tianlong and them all smiled.
"Struggle? Does it work? No one can escape from the chain of dragons yet?"
& With that, a few people left.
They no longer looked at Levi Garrison.
Let me put it this way.
With the dragon and chain, they don't need to send someone to guard it.
Levi Garrison couldn't escape by himself.
Even if someone came to rescue, they couldn't break the dragon chain.
This is a dead end!
On the other side, the top three Tianjiao were hunted down and eventually they were trapped in a
deep mountain.
Under persecution and helplessness, he was driven into the cliff and deep valley, and he couldn't find
it at all. I don't know if it was alive or dead…The
East Island forces master searched for a circle, but they didn't find anyone before they left.
They can't find it, so others don't want to find it either.
The chance of survival of the top three Tianjiao is almost zero.
Even if he survived by chance, he would have been seriously injured long ago and would still die if he
didn't get timely medical treatment.
The result of nine deaths is enough for them.
They all destroyed Erudia's Tianjiao.
Tiance Mansion and the major forces searched for a circle, but still did not find the top three traces.
This shocked and sorrow the Erudia martial arts world.
This is hope!
It took great effort to cultivate!
That's it!

Genius can be cultivated again!
Sufficient resources!
But there are no seedlings!
The best seedlings have been destroyed.
There are no more seedlings better than this, at least ten or twenty years have to be waited.
Can't wait!
"Blame Levi Garrison! Blame the seven evil gods! If it weren't for their revenge, would the situation be
like this?"
"I suggest that Tiance Mansion punish Levi Garrison and have a death sentence! Let the outsiders who
write evil spirits see Look!"
"The other seven evil gods and others are all dying!"
... the
vitality is greatly injured!
The vitality of the entire Erudia martial arts world is greatly injured!
Especially the younger generation!
After moving to a safe place, Wen Lei found that there was something wrong with Zoey's face.
"Zoey, what's the matter?"
"I just heard the enemy's name!"
Zoey's eyes were full of murderous intent.
"Who is your enemy?"
The Return of the God of War [The Protector] Chapter 1904
"Levi Garrison!!!"
Zoey gritted his teeth, and the aura on his body gradually became terrifying.
This stunned everyone.
Isn't Levi Garrison her husband?
How did she become her enemy?
This makes the seven evil gods very puzzled.
"No, Miss Li, your husband is not…"
They were just about to speak, but Wen Lei stopped them.
"Do you remember Levi Garrison?"
Wen Lei asked tentatively.
"I remember he was my enemy! I must kill him when I see him!"
Zoey's eyes were breathing fire.
"I heard that he has been arrested, and he will be executed another day! What a delightful heart!"
Zoey was very happy when he heard the news.

Wen Lei's observations during this period and the remarks made by Zoey just now.
She has figured out what's going on.
It must be Xu Zhengjie's consciousness that hit Zoey's mind and was merged.
Because of Xu Zhengjie's consciousness, Zoey suffered from memory loss.
He also regards Levi Garrison as the ultimate enemy, this is Xu Zhengjie's consciousness at work.
His enemy decided that it was Levi Garrison.
This situation is very difficult!
Rao Wen Lei couldn't think of how to do it for a moment.
Especially Zoey is still a superpower now, which is even more difficult.
...In
Tiance Mansion.
The high-level thunder is furious!
The master of the dark pavilion knelt on the ground.
The Cefu and Baolong clan will be dispatched tomorrow.
Why can this happen.
Who is not angry?
"Now Erudia Xia arrogance has been abolished! Lin Tianlong, Fu Jia and the others are also in the
hands of the evil gods! It is no different from the abolition! Now it seems that only Levilia is left?"
"Passing my order, from now on From now on! Levilia , this child and Zhou Nanyan, no one can make
any ideas! Tiance Mansion will gather resources to cultivate them! This is the only hope left in the Erudia
martial arts world!"
"Without our order, no one can touch this child!"
"There are still geniuses who have been abolished and try to remedy them. If they can be rescued,
one can count one!"
...
The high level of Tiance Mansion made such a decision.
Let the dark pavilion's plan shattered.
Originally, they wanted to use Levilia and others to threaten Levi Garrison and tell the secret of
Huoyun Cthulhu.
If Levi Garrison knew, he would surely solve his worries.
At this moment, Levi Garrison had been thinking about it for a long time.
There are two reasons why the lock dragon chain cannot be opened.

First: the device of the lock dragon chain. The nine chains are all complementary to each other, and
there are exquisite organs designed inside. If you move one chain, the other chains will be punished
accordingly, making it tighter and harder to open.
Second: The material of the chain dragon chain is made of rare meteorite iron from the outside world,
coupled with the methods of masters of spells and experts, make the chain dragon chain indestructible!
It can't be opened at all! Whether it is a powerful person, or various artifacts, or modern weapons, they
cannot be opened.
That's why they have such confidence that no one is watching Levi Garrison.
Because they knew that they couldn't escape at all.
Levi Garrison took a deep breath.
"Master's plan for the present! I can't help it! I can only use the taboo technique!"
Levi Garrison muttered to himself.
In fact, the taboo technique was not directly passed on to him by the cheap master.
It was left in that ancient book.
It cannot be used despite warnings.
But at this moment, Levi Garrison couldn't help it.
Can only be used!
His strength can't shake the chain of the dragon.
The taboo technique should work!
He must try it!
"I don't believe that the dragon chain can't be opened!" At the critical moment.
Outside, an explosive news came out.
Commoner Killing God, who is second in the top ranking, has come forward.
He made a statement-claiming that Levi Garrison was not defeated by him, and he had never
encountered Levi Garrison.
When the news came out, Quan Erudia was shocked.
It was not Levi Garrison who was defeated by Commoner Killing God.
Who defeated him?
The Return of the God of War [The Protector] Chapter 1905
This is everyone's question.
Who defeated Levi Garrison?

Everyone was dumbfounded.
Who made the hand?
The Tiance Mansion and the Baolong clan are not!
Kyushu Xuanzun is still in retreat!
The number one Nandi Yan Nantian disappeared for many years.
In this way, no one seemed to be able to defeat Levi Garrison.
So who did all this?
Not just everyone in Erudia was dumbfounded.
Together with the East Island forces, they were also dumbfounded.
Isn't it the commoner to kill the gods?
So who did it?
Is this person from Erudia or overseas?
Is there any benefit to yourself?
Just now they were still immersed in the joy of smashing the Erudia martial arts world.
The news came, making them stunned.
At this time, Richard of the Eagle Nation contacted them unexpectedly.
"Man, you did a great job! You are much better than us!"
The leader of the East Island forces smiled: "I still can't compare with you, Mr. Richard! We are just
using conspiracy and trickery to put cold arrows! You are the one who is bold and decisive. Action!"
"Haha, but we failed, you succeeded! I think we can cooperate more? Because of your actions, we
benefited a lot this time and completed our mission in Erudia!"
"Cooperation? Yes! Can't
ask for it !" Richard smiled: "Okay, happy cooperation! I'll send you a message too! The one who
defeated Levi Garrison is actually his wife! She…"
Richard told Dong all this. Island power.
"We understand, it turns out that's the case!"
"I think we can make a fuss on Levi Garrison's wife! Since she can defeat Levi Garrison! With a little
use, she can also do a great deal of damage to Erudia! "
Okay, look forward to the next cooperation! Let's do a big job!"
… The
two organizations that are good at conspiracy actually cooperated.
This is a disaster for that country and power!
Erudia martial arts world was hit hard.
Next, they must have big moves.
The entire Erudia was in doubt.
I still want to know who defeated Levi Garrison!

Levi Garrison in the prison finally used the taboo technique.
I have to say that Levi Garrison is extremely talented.
& Although there is a warning in the ancient books left by the master of cheapness.
But one more point was also written.
This taboo technique is very difficult to practice!
Even if the talent is extremely high.
However, Levi Garrison was trained.
"The technique of taboo!!!"
Levi Garrison said in a low voice.
Use one of the taboo techniques.
"Hisshhhhh…"
A terrible infuriated anger erupted from his body.
The infuriating energy turned into black and burned like a raging flame.
The black true spirit enveloped the nine chain dragon chains, which was torn apart by the terrible
burning.
About ten minutes later.
A terrible scene appeared.
"Kacha!"
"Kacha!"
……
Nine chain dragon chains are broken one by one! ! !
The implied mechanism is useless at all!
This is not a chain of dragon chains that is split, but nine at the same time, so the mechanism does not
take effect.
"Kacha!"
As the last chain dragon chain broke.
Levi Garrison broke free completely.
"Boom!"
He used True Qi to shake all the chains stuck in the flesh and bones!
"Suolong chain? That's it?"
"No one opened it? That didn't meet me!"
Levi Garrison then left here.
No one happened to watch.
After learning that Levi Garrison was not defeated by Common Killer God, Tiance Mansion
immediately sent a few people from Tianlong to inquire about Levi Garrison.
Who defeated him?
"Huh? It seems something is wrong!" A

few people felt something was wrong outside the prison.
Everyone immediately ran into the prison.
When they saw that the prison was empty, they were all frightened.
This, this…
what about
Levi Garrison?
Several people from Tianlong ran to the front and saw the nine broken chain dragon chains
completely stunned.
This…
"Levi Garrison actually opened the Dragon Chain? He ran away? My God!"
The Return of the God of War [The Protector] Chapter 1906
"Puff!"
Tianlong looked at the unbelievable scene in front of him, and sat down directly on the ground.
Horrified!
Everyone's eyes have to fly out!
How is this going?
The chain of the dragon is broken?
how can that be!
Tiance Mansion has always been, no matter how powerful it is, as long as it is locked by the dragon
chain, it cannot be opened at all.
There is no possibility!
There is no precedent!
But on Levi Garrison's body, the chain of the dragon was broken!
this is too scary!
Xuan Lang carefully looked at the broken part of the chain dragon chain, and whispered: "This was
caused by terrible burning and terrifying power! This is too terrible! Who in the world can have such
terrifying power? This is impossible. ! "
yellow Fox reluctantly shook his head:"! do not believe that there is no way, Suolong chain is broken,
the leaves monarchs fled " "
is Ye monarchs own strength I can not believe I felt someone to save him?!! "
Denon The eyes of a few people are unbelievable.
"Someone else rescued it? Dare to ask who has the strength to open the lock dragon chain?"
"It's better to spread the news as soon as possible!"

...
“Levi Garrison has escaped!!!”
“Levi Garrison has escaped!!!”
... the
whole The dark spots are in a mess.
Tiance Mansion and Baolong clan soon received news that Levi Garrison had fled.
Shocked up and down.
The main reason was that the Chain Dragon chain was broken, which is equivalent to defeating the
dignity of Tiance Mansion!
No one has ever done it in history!
Their cognition is about to collapse!
They never thought that one day someone would open the dragon chain!
This is equivalent to telling them that the earth is not round, but flat!
Even the facts have already happened!
But everyone still doesn’t believe it!
How can the lock dragon chain be opened?
This is impossible!
Resort in the villa.
Several people in Tianlong looked sad.
“This is just great, Ye monarchs ran! Executives ordered the children to cultivate sister leaves
monarchs! Anyone not move them! We even blackmail Ye monarchs cards gone! This time what to do?”
“Our House The Lord suggested to use Levilia and several people to coerce Levi Garrison back, but
was rejected by the high-level! He also punished the pavilion master!
Warned everyone not to touch the
children! Otherwise, kill them without pardon!”
“Hey, this is a big trouble! Double blow! !”
...
Several people discussed.
Levi Garrison did not leave directly, but hid in this holiday villa.
Hearing a few people’s conversation, he secretly breathed a sigh of relief.
that is really good!
The actions of the East Island forces have caused severe damage to the genius seedlings.
Originally, Levilia had the talent to be the only one who has no king. Who dares to make a fuss about
her now?
It must be offered as a treasure in Tiance Mansion!

His worries are gone!
Now that the second plan of the East Island forces had been successful, it would be useless for him to
remedy it.
For the present plan, first find Zoey and the others.
Now Levi Garrison has established a special contact with the seven evil gods.
After Levi Garrison left here, he quickly contacted the seven evil gods.
And hurried to where they are.
Suddenly, an explosive news came out-
Levi Garrison, the descendant of the Heretic God, fled from Tiance Mansion and disappeared!
Not long ago, the news released by Commoner Killing God, everyone was still immersed in doubts.
Now there is another heavy news, everyone is scalp numb.
"What? Levi Garrison escaped from Tiance Mansion? Is he really terrifying to this level?"
"Even Tiance Mansion can't hold him? Then who else can control him?"
"No, defeated Ye in the first place ? Who are the people of King's Landing? I beg him to make another
move!"
…
Richard and the East Island forces are planning the next step.
Hearing this news, I was shocked.
"What? Levi Garrison escaped???"
Richard's eyes were about to fly out.
The Return of the God of War [The Protector] Chapter 1907
Isn't that the case with the East Island forces?
This is totally wrong!
I thought the biggest enemy was eliminated.
As a result, he escaped again?
how can that be?
That is the strongest ancient martial arts institution in Erudia!
Levi Garrison was locked with a dragon chain again.
How did he escape?
Levi Garrison's escape had too much influence on them!
Maybe it will bring terrible disasters to them!
"It shouldn't be. According to Levi Garrison's strength, he won't be able to unlock the dragon chain
anyway!"
"What's the matter? Is someone helping Levi Garrison?"
…

Richard and the others fell into deep thought.
After thinking about it for a long time, Richard immediately said: "Now Levi Garrison's first thing is
definitely to find Zoey! We can work on Zoey's body! The faster the better!"
"Okay, we understand!"
…
The release of news.
Let Tiance Mansion become a shame!
The whole world is full of infamy!
The dignified Tiance Mansion has become a laughing stock!
Especially the legendary lock dragon chain, which can never be opened after being locked, has
become a joke…
Looking back at the power of the evil god, everyone applauded!
Tiance Mansion couldn't hold Levi Garrison!
Their future is very good.
Lin Tianlong and others looked depressed, and began to think about Tiance Mansion.
Fu Jia and Ning were still relieved when they heard the news.
Levi Garrison is fine.
They don't even know why they are so worried about Levi Garrison.
After Levi Garrison fled, Tiance Mansion didn't know what measures to take.
There is no solution yet.
It was a fluke to catch Levi Garrison last time.
What about this time?
I don't even know where Levi Garrison is.
How to catch it?
What do you rely on?
Could it be that Tiance Mansion and Baolong clan show all their hole cards?
Doesn't this allow those overseas countries to succeed?
The eyes of the world are focused on this.
& No one dared to show his cards!
The point is that I don't know who hurt Levi Garrison!
So everyone deposited their only hope on the commoner killing god alone.
Besides, Levi Garrison ran all the way.
Finally ran into the seven evil gods in a villa outside the capital.
"Little Master, is your injury okay?" The
seven evil gods were all worried when they saw Levi Garrison's body covered in blood.

Levi Garrison waved his hand: "It's okay, it's just a small injury! I left it when I broke free of the dragon
chain!"
"The little master is really a genius who has never met in a thousand years! The three friends of the
old master are all trapped by the dragon chain, no more I haven't come out. I still don't know whether it
is death or life!"
"Yes, the old master who said that the chain of dragons is useless to him is the old master! The little
master has come true directly!"
... The
seven evil gods don't hesitate to praise them, yes. He praised Levi Garrison.
Levi Garrison was anxiously looking for the whereabouts of Zoey.
"Little master, Miss Li is inside! Let's take you there!" The
seven evil gods led the way.
"Little Master, right there!"
Everyone met in the villa.
Levi Garrison was stunned when he saw Zoey, who was also stunned when he saw him.
It was too late for Wen Lei to stop it.
The two sides met directly.
It can't be avoided.
"Zoey, how are you?"
Seeing Zoey's return to normal, Levi Garrison couldn't help but utter a surprise.
But Zoey froze in place.
Watching Levi Garrison speak out.
In the next moment, Zoey broke out with a terrible murderous intent.
Coming across across the sky and covering the villa.
The seven evil gods are all frightened!
The last person with such a terrifying murderous aura was their old master-Huoyun Cthulhu!
Zoey's eyes gradually turned red, revealing a bloodthirsty killing intent.
"Levi Garrison, you must die!"
Zoey dyed his mouth with spring thunder.
"You run! She doesn't recognize you anymore! She will only treat you as an enemy!"
Wen Lei yelled quickly.
It's just too late.
The plum is dyed.

Thunder's ultimate move, take Levi Garrison straight.
Don't give him any chance to escape.
The Return of the God of War [The Protector] Chapter 1908
Levi Garrison had no choice but to fight!
"Boom!" With a
punch, Zoey directly tore the villa in half, splitting a deep gully in the middle.
This shocked the seven evil gods.
Is this woman too exaggerated?
Looking at the gentle and virtuous in front, now is so violent and terrifying?
"I didn't tell you, in fact, it was her who defeated your master!"
Wen Lei said next to her .
"Hiss!"
Everyone sucked in a cold breath.
No wonder the Common Killer came forward to prove that he was not defeated by himself.
It turned out to be her!
"Perhaps your master has kept your hands! But no one can subdue the two of them!"
Hearing Wen Lei's words, the seven evil gods felt shocked.
too frightening!
Zoey is in a big way, every move is ruining the world.
Levi Garrison found that Zoey seemed more terrifying than last time!
What's going on here?
"Everyone, let's control Zoey first!"
Wen Lei also joined the battle.
During this time, she has become more adept at controlling her superpowers, and her potential
development has also grown.
The seven evil gods also joined together!
Zoey's attack was immediately blocked!
Like the crazy Demon God, Zoey roared: "He is my enemy! What are you doing to stop me? Get out of
me!"
"Bang!"
Zoey punched and the blood evil god flew out.
"boom!"
With another punch, the evil spirit flew out.
...
Although Wen Lei was blown away with a punch, she only retreated a few hundred meters, but did

not fall.
“You guys hold on for a while! Let me see if there is a way to deal with her!”
Levi Garrison still couldn’t bear to use taboos when facing Zoey.
What if you hurt her or even kill her?
Levi Garrison is now going to check from the ancient books his master left him. Is there any way or
medical technique to control Zoey?
Although it is very slim, you can give it a try.
Levi Garrison immediately flipped through the ancient books.
……
& The seven evil gods and Wen Lei are responsible for restraining Zoey.
But Zoey is too horrible.
Fighting power is getting stronger and stronger with anger!
The seven evil gods were just blocking them, and they didn’t dare to really attack.
Soon most people were injured!
Zoey has a crushing momentum!
Wen Lei was beaten out again and again!
…
I’m afraid they won’t last long!
No one noticed, a pair of eyes were staring here in secret.
Oni samurai sent by the East Island forces! ! !
He had been looking for Levi Garrison’s whereabouts.
The sound of fighting here just attracted him.
He hid and kept observing.
Levi Garrison read the ancient books with all his heart, but didn’t find it directly.
“Huh? There seems to be someone?”
But he still noticed a little energy fluctuation.
There is no time to do other things at this time.
Levi Garrison is still reading ancient books!
He finally saw a needle method in a set of ancient medical techniques, as long as he pierced the
corresponding acupuncture point, he could temporarily control the person.
Control his mind and use it for yourself!
This is a poisonous needle method recorded!
It is a vicious method used by crooked ways to control people’s minds and turn them into their own
puppets.
But what Levi Garrison needs now is to temporarily control Zoey.

So this wicked needle technique can come in handy.
“Little poison, give me a set of silver needles!”
The evil god of poison is good at using poison, but from another perspective, he is also a doctor.
Therefore, it is not a problem to carry the silver needle poisonous needle with you.
The evil god of poison handed the silver needle to Levi Garrison.
Levi Garrison immediately began to act.
While the chaos turned into a flash of lightning and appeared in front of Zoey, a silver needle was
already pierced at the acupuncture point.
“Shit!”
Another shifted position, and a silver needle pierced again.
After continuous transformation, seven silver needles are pierced.
With two more silver needles, Levi Garrison can control the plum dyeing.
At the very moment, the Oni Samurai suddenly shot.
He didn’t want to see Zoey under control.
The Return of the God of War [The Protector] Chapter 1909
The order given to him by the leader of the East Island forces was to inspire Zoey as much as possible
and make her a disaster.
How can he let go of such a good opportunity now?
Seeing that Levi Garrison was about to control the plum dye.
Oni Samurai is ready!
“Boom!!!” A
dark shadow appeared behind Levi out of thin air, a ghost like a demon.
Even the evil spirits who are good at ghostly body techniques were taken aback.
“Can it be like this?” The
black shadow appeared behind Levi Garrison, and immediately attacked Levi Garrison.
Attempt to disrupt his actions.
“I have been waiting for you for a long time!!!” A
voice rang out loudly.
It turned out that Levi Garrison had been waiting for someone in the dark to take action.
It seems that he is controlling Zoey with acupuncture, and he is also guarding against people in the
dark.
Actually waited until he shot!
Levi Garrison suddenly passed behind him and blasted a majestic punch from an incredible angle.

A punch directly hits an air current vortex.
“Boom!” In
an instant, this shadow was shattered.
“Huh? It turned out to be a ghost ghost?”
Levi Garrison asked in surprise.
He and the evil spirits saw the clues at the same time.
Just now, it was not the real body of the Oni Samurai, but a ghostly ghost.
It’s almost the same as Levi Garrison’s ghost clone.
The speed is so fast that it can deceive people.
But it is estimated that the ghost warrior cultivates a body technique, and can have a ghost shadow.
After being discovered, the Oni Samurai also fled immediately.
He also didn’t expect Levi Garrison to be prepared.
Once unsuccessful, he must evacuate!
Levi Garrison adds so many masters, he might stay here.
“Count you running fast!”
Levi Garrison said coldly.
Everyone continued to deal with Zoey.
“Chi!”
“Chi!”
Zoey calmed down as Levi Garrison stabbed the last two silver needles.
Her mind will be Ye Used by King’s Landing.
If Levi Garrison is willing, she can be made a puppet.
Of course Levi Garrison will not.
He did this just to keep Zoey steady.
The current Zoey is too strong, and the brain consciousness is too strong and too strong, and ordinary
methods are useless at all.
Unless you use this wicked stitch!
This place can’t stay anymore.
Levi Garrison led everyone to find a place again and settled the plum dye.
Levi Garrison and Wen Lei came outside.
At this time, Levi Garrison finally had time to ask what happened.
He stood by and listened carefully to Wen Lei’s account of what happened.
“So, now Zoey is still Zoey, but it is affected by Xu Zhengjie’s consciousness! Treating me as an
enemy?”
“It can even be understood as two personalities! The first is a normal her! The second is to treat me as
me. She is the enemy!”
Levi Garrison probably understood.

“Yes! This kind of situation is too rare! No one thought! The key is that these also stimulated Zoey’s
potential! See how strong she is now!”
Wen Lei sighed secretly.
“By the way, how did you survive? That energy explosion, I couldn’t stand it! Let alone stimulate the
potential to transform, the whole body is impossible to stay!”
Levi Garrison asked his own question.
“Yes, that’s right! We can’t survive logically! We were saved!”
“What? People saved? Who?”
Levi Garrison couldn’t imagine that he could still save people in that situation. .
Is this a god?
If it’s him, it’s hard to protect himself.
Not to mention saving people!
What kind of existence is this that can save people in that situation?
“Who saved you?”
Wen Lei probably described the characteristics of the old man.
“Damn!!!”
“My God!!!”
After Levi Garrison listened, his eyes flew out.
Isn’t this his own cheap master?
Why didn’t I think of it just now.
Who will save people besides him?
A question is in Levi Garrison’s mind, how strong is the cheap master?
Is he still human? ? ?
The Return of the God of War [The Protector] Chapter 1910
Before, Levi Garrison had no idea about this mysterious old man.
A little bit now.
He is really strong!
“Do you know each other?”
Wen Lei couldn’t help asking.
“He is my master!”
“What? Your master? Could it be the evil god of fire cloud?”
Wen Lei thought of the evil god of fire cloud for the first time.
Levi Garrison shook his head: “I don’t know if he is, but I don’t think he is! He may be much more
powerful than Huoyun Cthulhu!”
According to Levi Garrison’s observations, he received information from Tiance Mansion and the
Seven Cthulhus.
Huoyun Cthulhu may be between him.

Who is strong is not necessarily weak.
So he concluded that Huoyun Cthulhu was not his master at all!
“Generally speaking, this time is good! Xu Zhengjie got rid of it!
Otherwise he is really not easy to kill!
Secondly, you also get super power!”
Levi Garrison smiled.
“Hey, Zoey’s condition is worrying! She completely forgot about you now and treats you as an
enemy!”
“As long as she sees you, she will immediately become another murderer! I checked with modern
equipment! She is no different! This means that modern medicine cannot treat her condition at all!”
Wen Lei sighed.
“But, you can try Erudia’s genius doctor! Some masters of ancient medical skills may solve it!”
“There is another way, is to slowly influence Zoey! Let her understand that you are not her enemy,
you It’s her husband, let her accept you a little bit! But this approach is currently unrealistic! It will take a
long, long time!”
“For the time being, you should not meet with Zoey! Once we meet, something will definitely happen!
We all think about it. How to solve Zoey’s situation!”
Wen Lei gave Levi Garrison a move.
“Well, it can only be done like this!”
... After
Oni Samurai returned, he passed the news to the boss.
The boss and Richard are having a video conference.
“Huh? Zoey is so powerful , Levi Garrison can control it? “
Richard was shocked.
” But I’m sure, have long leaf plum dye monarchs regarded as the enemy! This is a hidden danger, if
only we can take advantage of it! “The
leader of the East Island forces smiled: “Leave it to us, we are the best at this thing!” “After the
video ended, Richard sat in a daze, tapping the table with his fingers.
“Mr. Richard! good news! “At
this time, his subordinates suddenly ran over.
“What’s wrong?” “
Mr. Xu Zhengjie’s technique of transforming the body into an energy body has basically been

restored! Next is the experiment! Once the experiment is successful, we can transform the energy body
in batches! At that time we had a lot of powerhouses like Xu Zhengjie! "
…
Richard also smiled excitedly
when he heard this. He returned from Erudia and took away all the technical drawings and equipment
left by Xu Zhengjie. In
order to restore the experiment of Xu Zhengjie's transformation of a pure energy body. .
so they can create a steady stream of Xu Zhengjie come.
at that time fighters in the country will stand at the top of the world!
who can be the enemy?
Xu Zhengjie become a powerful but pure terror after the energy body!
even Cthulhu three together will not work!
The cannon won't be broken, the poison won't hurt, and the energy won't be exhausted, they won't
die.
This is too terrifying!
"Okay, hurry up and experiment! Say what you need! The laboratory regards this as the number one
event to do! We will fully support you! "
Richard's eyes flashed with iciness.
Not far from the laboratory behind him, becoming the world's number one overlord.
Levi Garrison, who had just finished talking with Wen Lei, came outside and just assigned tasks to the
seven evil gods.
But the next second, the seven evil gods received the news.
Suddenly, their subordinates were severely attacked and suffered heavy casualties.
"Let's go, I'll go and see with you!"
The Return of the God of War [The Protector] Chapter 1911
Levi Garrison didn't want a tragedy to happen, and he didn't want to fight around.
What good and evil?
Are you not from Erudia?
He wants to stop!
In addition, the hiding place of the Heretic God's forces is extremely concealed, and has not been
discovered for so long.
Why did you find it at this time?

There must be a problem!
“The little master is not good, there are traitors among us! They exposed the whereabouts! It is our
fault!” On the
way, the seven evil gods already knew the truth.
Speaking of betrayal, hasn’t Levi Garrison ever experienced it?
Wushuang City is one of them.
They personally pushed the three of Levilia into the fire pit!
This account Levi Garrison remembers.
In the southern border of Erudia, somewhere deep in the mountains.
A fight is going on.
“Master Lin, we rescued you, you have to testify for us! We are on your side and won’t follow Levi
Garrison!”
Someone rescued Lin Tianlong and his party.
It was they who had betrayed the seven evil gods and revealed the place where the evil gods were
hiding.
The reason for their betrayal is simple!
Although the seven evil gods surrendered to Levi Garrison.
But many people under him were dissatisfied with Levi Garrisonding’s rules and regulations, especially
the rules of no murder, no free movement, etc., which made these people totally unbearable.
When he followed Huoyun Cthulhu in the past, his old man never restrained them!
Instead, it gives them a world of freedom and lets them do whatever they want.
Let them kill people!
Let them do anything that can deter others!
It is to teach them a truth: only the strong can survive.
In the era of Cthulhu, they did all evil and became the existence that everyone feared.
But Levi Garrison’s idea was completely opposite to that of Huoyun Cthulhu.
Levi Garrison actually wanted these demons to change their hearts and become good people.
Constrain them in all aspects!
So even though Levi Garrison is very powerful now, the Tiance Mansion has been crippled.
But many people are dissatisfied with Levi Garrison!
They would rather live the life of licking blood, so much at ease.

Not willing to follow Levi Garrison!
Therefore, after a round of consultation, they rebelled.
They rescued Lin Tianlong and his party and revealed the location to ensure their safety in Erudia.
Finally, they will leave Erudia and go to the evil spirits overseas.
After the Evil God Fire Cloud disappeared, a group of people was forced to an area with harsh
environment.
There is also the equivalent of a person fleeing overseas, and they have combined many high gesture
powers overseas to form a huge organization.
Codenamed "Bible".
In the end, they all have to take refuge in the Bible.
This is the confidence they dare to betray Levi Garrison…
"Don't worry, you saved us, I know!"
Under the support of Lin Tianlong and several people.
These betrayers escaped safely one by one.
No one embarrassed them.
It is estimated that someone from the back will react, and they have all fled overseas.
Lin Tianlong waved at the two Fu Jia again: "Let's go, let's leave! When I move in to help, I will come to
Levi Garrison for revenge!" It
was just that Fu Jia and the two did not move, but stood there hesitantly.
"What? Are you hesitating? Are you really Levi Garrison's women?"
"He is the number one demon! What are you doing with him?"
Lin Tianlong shouted hoarsely.
"Come here, take them away!"
Lin Tianlong ordered the master of the family to forcibly take Fu Jia away.
Shortly after.
Levi Garrison arrived with a few people.
Stopped this fight.
Minimize casualties…
"What about the traitors? What about those who betrayed us?"
Levi Garrison asked.
The seven evil gods looked at each other, showing embarrassed expressions.
"What's wrong? Where did they go?"
Levi Garrison asked.
"They went overseas and joined the Bible Organization!"
"The Bible Organization? What is that?"
Levi Garrison was curious.

“That is an extremely terrifying existence!”
The Return of the God of War [The Protector] Chapter 1912
“Actually, there were 13 Cthulhus under the Cthulhus back then! The other six took away the strongest
powers of the Cthulhus after the Cthulhus disappeared, and they united many powerful forces overseas
to form a Bible organization!”
“Let’s put it this way, the Bible. The organization is listed as a taboo by the strongest institutions in
overseas countries! Overseas countries dare not provoke them!” the seven evil gods explained.
“Among the seven of us, the Sword Evil God and the Black Evil God are the strongest! But among the
other six, three are better than them! Especially the strongest one is simply terrifying!”
Mention of which one, the Seven Evil Gods are present. Has become ugly. Even sucked in cold air.
Levi Garrison immediately understood which one is so strong.
It is not easy to make the seven evil gods show such a timid look.
“Which one is infinitely close to the existence of the Fire Cloud Cthulhu! At least 80% of the strength is
there! It can definitely be crushed against us!”
Sword Evil God said.
Levi Garrison shook his head helplessly: “Well, just run away! There is no way!”
“These traitors can’t upset any storms. What we are afraid of is the Bible Organization! I’m afraid the
Bible Organization will make trouble! “The
seven evil gods showed deep worries.
“Afraid of what they do? What’s more, this is Erudia! Whoever dares to come, I will let anyone die!”
Levi Garrison didn’t take this matter to heart.
He is now devoting himself to the plum.
Of course there is also the issue of the East Island forces.
Their existence makes him still Erudia’s demon, and everyone is playing the role.
Levi Garrison came out of this bad breath!
Since Levi Garrison fled, the entire Tiance Mansion has been silent.
No one dared to speak!
As the strongest institution of Furutake!
How to bear such a shame?
They can’t even lift their heads!

“What do you do now? Let Levi Garrison be so presumptuous?”
“But Levi Garrison is too strong, and I don’t know if he has a helper, who can shake him?”
...
Even Tiance Mansion was helpless.
The key, Levi Garrison, escaped from the chain of the dragon, bringing them shame.
The experts in Tiance Mansion had no face to trouble Levi Garrison.
Now Quan Erudia They all look forward to someone defeating Levi Garrison.
I look forward to the person who defeated Levi Garrison before to make another move!
But this is difficult!
Everyone knows it!
At this moment, the Common Killer God, who was the second highest in the ranking, uttered a voice.
He has written a statement to Levi Garrison.
The time and place Levi is coming.
Come to a life and death duel!
Levi Garrison had to wait for his disposal if he lost.
If he loses, he must kill Levi Garrison.
In an instant, the whole Erudia boiled.
People cheered.
Commoner Killing God can stand up at this time, worthy of a generation of masters!
They hope that Commoner Killing God will defeat Levi Garrison in one fell swoop!
Levi Garrison smiled when he received the Zhanshu.
“Buyi Killing God is very strong! It is the wrong era! If you are in the same era with the master, you
may not be able to compete with the master!”
Hei Cthulhu said such a sentence.
This is the biggest evaluation of Commoner Killing God!
He can compete with the Huoyun Evil God!
Powerful horror!
“Book of engagement!”
Levi Garrison smiled.
Afterwards, the news came out-Levi Garrison took over the battle book of Commoner Killing God.
It was agreed that three days later, a battle will be held at the site of the Eastern Frontier Battlefield.

This place was once the place where Erudia Warriors fought against the invaders who ruled the
Alliance.
Levi Garrison's selection of the decisive battlefield here can be regarded as a reminder to the world!
News of the decisive battle between the two sides spread all over the world.
Everyone is looking forward to this battle.
Many places have opened gambling on which of the two will win?
For now, Commoner Killing God has a bigger win.
Erudia's voice is unanimous, and they all hope that Commoner will win!
Commoner Killing God was the second place in the previous rankings, and now so many years have
passed, the strength is becoming more and more unfathomable.
Who knows what state he has reached?
This battle cannot be avoided.
Represents "good and evil".
The Return of the God of War [The Protector] Chapter 1913
Levi Garrison's expression was calm, and he didn't worry about it at all.
He is concerned about the condition of Zoey.
Zoey has woken up.
But he could only look at it from a distance, not daring to show up.
The wife was right in front of him, but Levi Garrison could not meet.
Meeting each other is the enemy of Fang Xiu until his death!
This feeling is uncomfortable! !
"Richard, you must die!"
Levi Garrison said in a low voice with sharp sharpness in his eyes.
He learned from Wen Lei that it was Richard who stimulated Zoey and forcibly merged Xu Zhengjie's
consciousness.
Otherwise, Zoey can still be saved.
Just pull Xu Zhengjie's consciousness away.
But now there is no way.
This is already Zoey's consciousness.
At this moment, the Xitianwang team has been rescued by Levi Garrison.
They are already doing Levi Garrison's mission.
"Wang, Richard and his entourage, Erudia, have quietly visited a few places! I don't see any clues for
the time being! I'm still investigating!"
"But everyone took things with them when they left! I don't know if it is. What?"

“Richard is behind the most mysterious and powerful laboratory of the Warhawk Nation. I think they should take away the things related to the experiment when they come to Erudia this time! Maybe it is a rare substance!”
“We will investigate as soon as possible! “
…
Xitian Wanghui reports.
Levi Garrison touched his nose: “Richard really played a good hand of cards! He must have come for something from Erudia!”
“Actually, this is not a sudden action by Richard and the others! You can even say it. It’s been planned for a long time!”
“Earlier, Richard and the laboratory behind him formed an army of the Dominator Alliance. They attacked wildly and wanted to occupy Erudia!” The West Heavenly King said: “Of course! He and the laboratory behind him want to swallow a country? “
Levi Garrison smiled and said: “No matter how powerful a laboratory is, but wanting to swallow a country, that is wishful thinking!”
“Why is that?”
& The others looked at Levi Garrisondao.
“Let’s put it this way, the laboratory behind Richards may be the most advanced technology in the world! The things they design and produce may be unheard of! Correspondingly, the resources they need must be rare in the world! I guess The reason they formed the Domination Alliance to attack Erudia frantically was probably because they wanted to obtain some kind of resource material from Erudia!”
Levi Garrison explained.
The Western Heavenly King immediately exclaimed: “This is right! They have never given up! This time he found a good opportunity, and Richard formed an international force and took the opportunity to enter Erudia in order to take away the resources they wanted!”
Others nodded.
That being said, the Richards had premeditated to take things from Erudia this time.
What I took away was what I wanted to capture Erudia before.

But after all, it was carried out in a sneaky way, and I was afraid that a small part of it was taken away.
After all, if resources and materials are taken away on a large scale, it will attract the attention of
Tiance Mansion!
"Xiaoxi, find out what exactly Richard and the others have taken as quickly as possible?"
Levi Garrison ordered.
"Understand!"
Troubles are one after another.
There is no worry.
Levi Garrison happened to meet a group of pig teammates!
Give the enemy too many opportunities!
"You said, is it possible for Richard to cooperate with the East Island forces?"
Levi Garrison's keen sense of smell made Levi Garrison aware of this.
"High probability! Maybe they are already planning the next step!"
everyone said.
"One Richard is enough to make a headache, and now there is another East Island power! The two
united together, it is simply too scary!"
Levi Garrison shook his head helplessly.
so horrible!
One can turn the world upside down, and the two add up to be terrible.
Suddenly, Levi Garrison seemed to think of something.
Can't help asking questions to the seven evil gods.
"You said, is there such a possibility?"
The Return of the God of War [The Protector] Chapter 1914
"What?" The
seven evil gods looked at Levi Garrison together.
"Is it possible that people who imitated me were organized by the Bible? Because apart from you and
Master, probably only they will have exactly the same technique, right?"
Levi Garrison asked.
He had already told the seven evil gods that he was being imitated and counterfeited.
But for his master, the "Fire Cloud Evil God" considered by the Seven Evil Gods, he did not mention
much.
As soon as this question came out, the seven evil gods were taken aback.
They haven't thought about this problem before.
Now Levi Garrison's question made them think.

There is no other reason.
The leader of the Bible organization, that is, the strongest among the thirteen evil gods, the next evil
god closest to the Huoyun evil god!
The Cthulhu God and the Cthulhu Huoyun practice exactly the same techniques.
Levi Garrison reminded them that they woke up in shock.
A cold sweat came out one after another.
Is it really him?
Because when Levi Garrison was framed some time ago, it wasn't just the practice of imitating it in
place.
The key is to kill a lot of super strong, including the strong on the top list.
This is not an imitation.
This is absolutely true!
Except for the Huoyun Cthulhu and Levi Garrison, the only ones who will be there are the Underworld
God.
"It seems that this is really possible!"
"If it is really the Underworld God, then trouble! I don't know what he is going to do?"
... The
seven evil spirits showed heavy expressions.
Levi Garrison nodded: "I see!"
If the Bible organization, the forces of the East Island, and Richard are all cooperating.
That would be terrible!
However, he would dig out the forces of the East Island like a cocoon.
When Levi Garrison was studying other things, he was going crazy outside.
More and more people are guessing who will win the battle between Levi Garrison and Commoner
Killing God!
According to incomplete statistics, the betting prize pool for the two winners is as high as hundreds of
billions!
This is unprecedented of!
It is no exaggeration to say that many ordinary people will use this battle to become billionaires.
The atmosphere is getting hotter!
Many wealthy celebrities went to the site of the Eastern Battlefield early, and were late for fear that

they would not be able to take up space.
Many people from overseas are also rushing to Erudia.
The Common Killer made another suggestion: This duel was between him and Levi Garrison.
Regardless of whether Levi Garrison loses or loses, Tiance Mansion cannot take any action.
Tiance Mansion agreed to Commoner's proposal to kill the gods.
…
The atmosphere before the war was extremely depressing.
The seven evil gods paced left and right outside Levi Garrison's room.
In any case, they want Levi Garrison to win.
After all, Commoner Killing God is too powerful.
And there are rumors outside that Commonwealth Killing God has found an artifact.
It can increase his combat effectiveness to another level.
They wanted to give Levi Garrison a weapon, such as dedicating their own stunts, and they could help
a little bit.
But Levi Garrison was not in a hurry.
Hiding in the room, has been flipping through ancient books.
He was looking for a cure for Zoey.
How can this matter be important in a decisive battle with Common Killer God.
Richard and the East Island forces far overseas are starting video conferences.
"Levi Garrison is a threat! Even the temporary threat is greater than the entire Erudia martial arts
world! This time he must die in the decisive battle!"
Richard said.
"We think so too! Does Mr. Richard have a plan?" the
leaders of the East Island forces asked.
"Of course! I hope you can cooperate! The plan is…"
"What?" After
hearing Richard's words , everyone's expressions changed drastically.
"Calm down, everyone, if you want to get rid of the number one enemy, you must pay this price!
What's more, it's not just you, but I will also pay the price! This is our enemy together!"
Richard said.
"Well, let's do it! We promise!"
After listening, the leaders of the East Island forces all agreed.
The Return of the God of War [The Protector] Chapter 1915

Levi Garrison's threat was too great.
Even if he is now the opposite of Erudia.
But he is too strong and too strong.
Plus there are seven evil gods.
The greatest threat.
There are not many people who are sober in Erudia.
Levi Garrison counted as one.
Still the most important one.
Severely hindered many enemies!
A lot of people are pierced in the flesh!
So Richard and the East Island forces will do whatever it takes!
There were only two days left until the battle between Levi Garrison and Commoner Killing God.
In a secluded courtyard in the capital.
In the small courtyard, there were more than twenty people sitting.
Everyone is extraordinary, and he is the overlord of one party.
Everyone's eyes are fanatical and reverent.
Looking at the man in the room drinking tea.
The man was spotlessly dressed in a white gown.
The appearance is ordinary to no more ordinary, and there is no special temperament.
But who would have thought that he was the famous commoner killer.
This is also the biggest reason why he can hide in the city.
Because he is an ordinary person.
Prefer to live a modern life.
He also prefers his apprentice to call him a teacher instead of a master.
The twenty-odd people sitting below are all disciples of Common Killer.
Some he taught martial arts, some were the way of life, some were medical skills…
Anyone who had been instructed by the Common Killing God became giants in all walks of life.
Now that their teacher is out of the mountain, these people are all here.
"Teacher, how sure are you against Levi Garrison?"
someone asked below.
Ask a question that the whole world wants to know.
How sure is the commoner to kill God!
The Common Killer pondered for a while, and said slowly: "Before 50% sure!" In the
next second, Commoner Killer picked up an ancient sword.
"Now, ten percent!"
"The sky of the god sword! Can't open the scrap iron, open the world invincible!"

“Om!” With
a sound of swords, Common Killer pulled out the ancient sword.
All of a sudden, the cold light shot everywhere, like fire.
It was so shaking that everyone couldn’t open their eyes.
Especially when they felt the terrifying killing intent of sword aura, everyone couldn’t help a cold war.
too frightening!
As soon as the divine sword came out, the world was invincible.
Divine Sword Sky is an invincible artifact, known as the existence of God blocking and killing God!
Whoever gets this artifact will be invincible!
Countless people have searched, including the power of the East Island Star Country.
But this artifact was accidentally obtained by Common Killer!
So now Commoner Killing God is so confident!
With this artifact, he is confident that he can win Levi Garrison!
“Students wish the teacher victory in advance!” The
students in the audience said Qi Qi.
“The rumors of the Excalibur Sky is awe-inspiring and invincible!”
“But the Excalibur Sky is not something anyone can use! Even if you get it, you can’t pull it out! Can’t
pull it out like scrap iron!”
“The teacher is the only one in a hundred years. The one who can pull out the sword of heaven! This
time Levi Garrison will undoubtedly lose!”
… the
students are full of confidence in the teacher.
In their eyes, Levi Garrison will undoubtedly lose!
“Teacher, can you show the
Divine Sword Sky to the students?” Hao Yuxuan, who was speaking, was currently developing in
Dongdao.
Commoner did not expect to kill God.
Hao Yuxuan actually went to the East Island forces now.
His move is the task assigned to him by the boss.
“Okay!” The
Common Killer handed the Divine Sword Sky to him unsuspectingly!
A flash of cold light flashed in Hao Yuxuan’s eyes.
He will do tricks.
By then, it was not just Levi Garrison who would die.
Even the commoner kills the gods to die!
…… It’s

just that no one in the room can notice it.
The message of the Divine Sword Sky spread out, and the whole world was in an uproar.
Levi Garrison's winning side is even smaller!
The seven evil gods are anxious.
I want to find a magical tool for Levi Garrison to fight against the commoner.
However, Levi Garrison shut himself in a remote place and delved into ancient books carefully.
Regardless of everything outside.
Soon, the next day was the day of the decisive battle.
Levi came here this night but something big happened…
The Return of the God of War [The Protector] Chapter 1916
In order not to be disturbed, Levi Garrison sent the seven evil gods away.
He is alone in the villa.
Reading through ancient books only to find a way to save Zoey.
But at night, Levi Garrison noticed the fluctuation.
One.
Two.
Three.
…
More and more powerful people appear in the villa, and they are constantly increasing.
This was something Levi Garrison hadn't expected.
There are still people coming to trouble him now?
Tiance Mansion didn't dare anymore!
"Bang!" "Bang!" "Bang!"
"
Bang!
"
…
countless masters poured in from outside, killing Levi directly.
A handful of samurai swords glowed with cold light, filled with terrible sword aura, intertwined into a
net.
Levi Garrison is about to be strangled to death!
"Warrior of East Island?"
Levi Garrison muttered to himself.
Regardless of everyone wearing black clothes, they are all powerhouses in the Seventh Heaven, and
they still join forces to attack.
Horrible!

“Looking for death!!!”
Levi burst into spring thunder, unparalleled power erupted from his body.
“Kakcha!”
“Kakcha!”
... the
katana in the hands of the Samurai Higashishima shattered like mud.
“puff!”
“Puff!”
...
They flew out one by one.
This is a force they have never encountered before.
So strong!
Many masters outside, a thought flashed in their minds.
But they are not afraid!
Those who came this time were dead men!
None of them planned to go back alive!
If it can be severely injured, it will be severely injured. If it cannot be severely injured, at least it will
hurt.
Even if it can’t hurt, at least it’s consumed…
All masters come with this idea!
Levi Garrison got out of the room and saw that there were densely packed people in the courtyard of
the villa.
The surrounding roofs and walls are full of masters…
no one below the seventh heaven…the
eighth heaven, comparable to the big summer ranking list, everything.
In addition to the East Island Samurai, there are also super powers and mutant powerhouses.
There are even strong mechas and modern technological weapons.
Such a big posture, even the Tiance Mansion did not encircle and suppress Levi Garrison.
This lineup is too strong!
unprecedented!
But who would have thought that such a lineup is only to consume Levi Garrison!
This is the plan of Richard and the East Island forces!
In this decisive battle, Levi Garrison must die!
Therefore, they had to do everything possible to make Levi Garrison lose…
So on the night before the decisive battle, Richard and the East Island forces spent a huge price and

sent a large number of masters to consume Levi Garrison.
The result they wanted was to kill Levi Garrison the best.
It couldn't be killed, at least Levi Garrison was hit hard at a huge price.
No matter what he did, Levi Garrison would never fight against Commoner to kill God in his heyday.
In particular, Richard and the East Island forces sent out their hole cards so vigorously, spending the
greatest price to consume Levi Garrison.
It's definitely not as simple as letting him get a slight injury!
At least it has to be a moderate injury!
So in this way, Levi Garrison will undoubtedly die in a battle with Commoner Killing God the next day!
…
This is why the forces on the East Island were surprised and disagreed for the first time after Richard
proposed the plan.
Because this plan will directly consume half or even more of their hole cards!
No one wants this!
So they reacted so much!
What's more, half of Richard's power must be added!
The price is simply too big.
But in order to get rid of Levi Garrison, they gave it up!
Now to deal with Levi Garrison is half the power of the East Island power, and half of the power sent
by Richard.
So the lineup is too luxurious!
In order to severely damage Levi Garrison!
They made these masters into dead men!
Everyone has no other consciousness, just want to kill Levi Garrison!
Levi Garrison faced a group of lunatics!
A lunatic who has nothing before!
"We spend such a big price, Levi Garrison will at least have to be seriously injured?"
…
This is what they thought.
The Return of the God of War [The Protector] Chapter 1917
After all, the East Island forces have used half of their power!
Richard also took half of his hole cards!
They also gave each expert a special medicine.
Let them become dead men!
Fighting power increased, and even crazier… With

this luxurious lineup, they did not seek to kill Levi Garrison, or even to severely damage him.
Just ask him for a moderate injury!
That's it!
It can be seen how strong Levi Garrison is!
What a threat to them!
…In the
villa.
Hundreds and thousands of powerful people went crazy and killed Levi Garrison…
an unprecedented battle was underway.
This battle is much more fierce than Tiandang Mountain.
Levi Garrison is still alone.
It's just that the opponent has become too much stronger.
And the crazier!
Some have obviously been killed, but as a result, they can still get up and continue fighting.
That is the effect of drugs!
This is horrible!
Who can eat it!
Even if it is as strong as Levi Garrison, he must deal with it seriously.
injured!
Under this intensity, Levi Garrison couldn't bear it and suffered a lot of injuries!
"Kill!"
"Kill!"
…
Levi Garrison was also gradually irritated by these guys, and became murderous.
Especially enemies!
Levi Garrison is going to kill!
…
Blood was flowing, the corpses became mountains, and the pungent smell of blood permeated a
range of several kilometers.
The villa was razed first, and then hit the ground to crack, forming a huge pit.
The pit was full of corpses…
dead!
The dead soldiers sent by Richard and the East Island forces are all dead!
None of them left alive!
"Huhhhhh…"

Levi Garrison panted heavily and sat on the ground.
he Covered with blood.
Those who have enemies also have their own.
Seriously injured!
Under the mad attack of the enemy, Levi Garrison was also seriously injured.
It's far from death, but it's very expensive.
This is the second time that Levi Garrison has suffered such a serious injury after getting an adventure
from the master.
After all, Richard and the others have spent such a big price!
These masters don't know how many there are in Richard's.
But for the East Island forces, half! ! !
It is no exaggeration to say that the price Richard and the others paid this time was dozens or
hundreds of times that of forming the Domination Alliance to attack Erudia!
The difference is dealing with a country before!
It's one person to deal with now!
One person arrives in one country!
"Hahaha, the goal has been achieved! Our goal has been achieved! Looking forward to tomorrow!"
"Tomorrow Levi Garrison will undoubtedly die, unless he doesn't go to war!"
…
Richard and the others are looking forward to tomorrow's battle.
"Little Master…" When the
seven evil gods came, they were shocked when they saw Levi Garrison suffered such a serious injury.
What kind of posture is this, it hurts Levi Garrison like this. unimaginable!
Seeing the corpses piled up in the deep pit, everyone understood.
A fierce battle!
"I'm fine…"
Levi Garrison shook his head.
"Samurai Higashishima? Why did they attack you madly?"
everyone asked puzzledly.
Sword Evil God sighed: "They planned it long ago! To put the little master to death!" The
other big evil gods reacted one by one, exclaiming: "Is it for tomorrow's duel with Common Killer
God? "

Yes! They spend such a big price to kill the little master! Even if they can't kill them, they will hurt him!
So in tomorrow's duel, the little master will undoubtedly lose! To be slaughtered is a dead end!"
Jian Xie Shen's face It's hard to see the extreme.
"This…it's not fair! The little master is seriously injured like this, how can you fight with the Common
Killer God!"
"It's not funny, even if the young master is not necessarily the Commoner Killer opponent in his
heyday! What's more, he Holding the Excalibur Sky, I opened it! The little master has a very low chance
of winning! Now it is even more terrible! The little master is injured like this…"
"I want to say that we are no match!" A
faint voice sounded: "No, definitely Better than!"
The Return of the God of War [The Protector] Chapter 1918
The seven evil gods looked over, and Levi Garrison's eyes were firm.
"Little master can't do it! In this situation, when you encounter Commoner Killing God, it is a dead
end!"
"Yes, you can't beat it at all! If you don't lose a good reputation, you will die!"
… The
seven evil gods will not let Ye King's Landing.
The Sword Evil God sighed: "Yes! Since the villains of Dong Dao have spent such a high cost to
consume you, they plan not to let you alive! Maybe they still have a trick!"
"Yes, the villains of Dong Dao definitely have them.
Last move!" The evil god even said: "Should we discuss with the Common Killer God? Postpone this
decisive battle?"
"No! We must not compromise with these people! Once we speak, they will think we are scared! A
firmness flashed in the eyes of Evil Sword God: "If it doesn't work, let me go?"
Although Evil Sword God knows that he is invincible, if he uses some extreme techniques, he may not
be able to fight the Common Killer God.
"The seven evil gods?"
Levi Garrison's voice sounded.
"Yes!" The

seven people stood in front of Levi Garrison one after another.
"Listen to my orders! Everything is business as usual! Tomorrow to the eastern battlefield site!"
"Yes!" The
seven evil gods can only follow orders.
The third day.
Worthy of summer and even the world's boiling days!
The pinnacle of battle is here!
Almost all Erudia's characters with heads and faces are present!
Except for Xuanzun Kyushu who is still in retreat!
All the others who can be called are present.
According to the request made by the Common Killer God, the powerhouses of Tiance Mansion and
Baolong clan were not present.
They can only understand the real-time situation, but cannot have any participation.
This is fair and just!
Three hours before the duel, an explosive piece of news came out-
Nandi, the number one in the sky list, came out of the mountain.
He actually came to watch the battle!
And he had already come to the site of the battlefield in the East!
However, no one has seen the true face of Nandi, and I don't know who is Nandi!
especially Hundreds of thousands of people came to watch the game…
who knows which one is!
The news came out and the audience was in an uproar!
That's the number one on the top list!
Above the Common Killing God and Kyushu Xuanzun!
According to the strong ones that have emerged so far, the Southern Emperor is the ceiling, the
strongest!
What's more, this man, Shenlong, sees the head and misses the end, and his trace of information
can't even be captured by Tiance Mansion or Tianji Pavilion.
It has disappeared for a super long time!
I didn't expect to appear in this decisive battle!
Add excitement to this duel!
Everyone should exclaim: "Excitement!"
Not only that.
And the super powers of East Island, Star Country and other countries also came to watch.

Even some magic masters who existed in the legends and on the murals in the home came one after
another.
This duel exploded all the ancient characters.
This battle is unprecedented!
In the center of the Eastern Battlefield Site, the Common Killer God and his students arrived early.
The commoner kills the god sitting cross-legged, closing his eyes and resting.
The students behind him are holding the magic sword in the sky!
In the crowd, Richard and the spies from the East Island forces watched and waited.
The corners of their mouths rose up, revealing an expression of completeness in their chests.
They have won!
Levi Garrison was injured like that, let alone fight with Commoner Killing God, it was a question of
whether he could come.
Their task today is to watch the jokes!
Or to make up the knife!
Levi Garrison will undoubtedly lose today!
However, it is possible that Common Killer will not kill him…
Once this happens, the masters scattered on the field will spare no effort to kill Levi Garrison.
Don't give him any chance of being alive!
Time is lost every second.
Soon it was time for the decisive battle…
but Levi Garrison's figure did not appear…
"Could Levi Garrison not come, right?"
someone asked.
At this time, Commoner Killing God opened his eyes: "No, he is coming!"
The Return of the God of War [The Protector] Chapter 1919
"Huh?" There was
an uproar in the audience, and everyone looked over.
Where is Levi Garrison?
End of sight.
Levi was in front, and the seven evil gods followed behind.
A group of eight people came slowly!
Seeing Levi Garrison's appearance, the field was completely boiling.
The crowd stared at Levi Garrison in anger.
In the eyes of everyone, they are demons!
They have done a lot of rebellious things!

Their biggest mistake is to live!
They can't even breathe!
Although none of them had been hurt by Levi Garrison or the seven evil gods, they wanted to hate
them.
Follow other people's hatred together, can't wait to peel the skin cramps!
In fact, if you have to ask them why, they can't tell them.
Soon the seven evil gods stopped, and Levi Garrison walked straight forward.
The seven evil gods were worried.
Levi Garrison was injured like this…
how to fight?
All seven are anxious to death!
The spies in the crowd felt more relieved when they saw the look of the seven.
Levi Garrison came with a serious injury!
"
Here ?" When the Common Killer saw Levi Garrison, he asked.
"Yeah!" The
two are more like old acquaintances.
"Let's start, a quick fight! I have other things!"
Levi Garrison urged.
A word made the students behind Commoner Kill God furious.
Levi Garrison's attitude was that he didn't regard this duel as the same thing…
This was because his teacher was not in his eyes!
Damn it!
"Levi Garrison, why are you arrogant? Wait, the teacher will let you know what a strong one is!"
"Yes, Levi Garrison will definitely die!"
Hao Yuxuan stared at Levi Garrison firmly.
…
"Boom!!!"
Suddenly, the whole earth trembled.
Like a major earthquake, everyone was shaken.
The commoner kills the gods from the ground!
The ground beneath my feet began to collapse and shatter…
This is the second place in the top ranking! ! !
"Bang!"
Commoner killed God with a punch!
It turned out to be a punch beyond the speed of sound!

& It was as powerful as a fighter jet taking off, and a long wave of air was drawn behind him!
A huge vortex formed in midair!
The terrifying power spread to the surroundings… The
earth trembles more and more, cracking huge gaps, spreading around like spider webs… The power of
a
punch, terrifying!
Everyone watching the game was stunned!
Didn't expect that Levi Garrison and Commoner Killing God would immediately start fighting as soon
as they met?
And Commoner Killing God is too strong, right?
The power of this punch is simply devastating!
The speed breaks through the sound barrier and is supersonic!
The power can be imagined!
"This… The Commoner Killing God wants to kill Levi Garrison in a second!"
Everyone looked stupid.
It turns out that it is not only Levi Garrison who wants to make a quick fight, but the Common Killer
wants to make a quick fight!
"Boom!"
Levi Garrison threw a punch unwilling to show weakness.
The two fists hit each other fiercely.
Like Mars hitting the earth!
"Kacha!" After
Levi Garrison landed, his feet burst and the ground shook.
"Puff!"
Blood spurted out of his mouth!
His badly wounded body cannot stop the power of Commoner to kill the gods!
The seven evil gods closed their eyes one after another.
They dare not go to see it.
This battle Levi Garrison will undoubtedly lose!
Commoner Killing God is so strong, how can Levi Garrison fight a seriously injured person?
"Hahaha, it seems that the teacher can defeat Levi Garrison without using Divine Sword Sky!"
"Levi Garrison is vulnerable to the absolute strong!"
…
Everyone laughed.

“Huh?” The
Common Killer appeared briefly in a daze.
Can’t stop with a punch?
But he didn’t think much, and continued to attack!
“Boom!!!” It
was another punch that broke the speed of sound.
“Puff!”
Levi Garrison had no power to fight this time, and he was shot out directly.
But after falling to the ground, Levi Garrison got up quickly, wiped the blood from the corner of his
mouth, and smiled: “Come again!”
“Boom!”
“Boom!”
...With a
few punches, Levi Garrison was beaten out again and again…The injuries continued. Aggravate…
The Return of the God of War [The Protector] Chapter 1920
This battle is not as exciting as everyone expected!
The fact that the two sides fought back and forth did not happen at all!
It’s a performance of the commoner killing god alone!
Levi Garrison was crushed by Commoner Killing God throughout the whole journey!
There is no strength to fight back at all!
Levi Garrison was violently hit again and again…
But what was shocking was that every time Levi Garrison was defeated, he always stood up.
Just like Xiaoqiang who can’t die!
No matter how powerful the Common Killer God is, he will not fall.
Tenacious vitality!
As long as he can stand up, it means he will not be defeated!
“Huh? Is this undefeated?”
Everyone was shocked by Levi Garrison’s tenacity!
The commoner killer is too powerful!
Levi Garrison is too powerful!
The Common Killer looked at Levi Garrison with shock in his eyes!
Doesn’t this fall yet?
“Levi Garrison, you stop! If you continue like this, you will die!”
Commoner Killing God couldn’t help but reminded.
Levi Garrison would be beaten to death by him alive if he did this again!
But Levi Garrison was much weaker than he thought!
It seems that there is really no need to use the Excalibur Sky!

The seven evil gods kept their heads down.
First, they feel sorry for Levi Garrison, who is obviously injured like that, and they will be destroyed by
the common killer like this…
Second, they are ashamed! Levi Garrison was ashamed of himself, and they were even more
embarrassed!
Some people even couldn't help but want to tell the fact that Levi Garrison was injured, but they still
held back.
No one will believe it.
Instead, it will attract more ridicule!
Think they are making excuses for failure!
The ears and eyes of Richard and the East Island forces all smiled strangely…
They knew what had happened best.
Levi 's approach is a dead end!
How could he have played like this?
The end of the crossbow!
Others couldn't tell how refreshing they saw Levi Garrison being beaten like this!
This evil god leader should die!
After being arrogant for so long, do you really think that others can't control him?
& That's why Common Killer didn't make an early move!
Otherwise, he would have died a long time ago!
"Levi Garrison will be defeated! Levi Garrison will be defeated!"
"Kill him! Kill him!"
…the
audience cheered, and the sound of hundreds of thousands of people was comparable to thunder.
Today, the decent sect will cause the evil gods to fall!
Richard and the forces on the East Island, who were far abroad, had coffee and tea, and they almost
celebrated on the spot.
Everyone in Tiance Mansion also breathed a sigh of relief.
Commoner Killing God has saved face for them.
"Bang!"
Levi Garrison was punched out by Common Killer again!
Levi Garrison got up again.
"Let's stop! I can plead with Tiance Mansion not to kill you and leave you by my side until you are

repentant and get out of the evil spirits!"
Common Killing God didn't want Levi Garrison's existence to fall.
Repeatedly persuaded Levi Garrison to stop, but in disguise was to make Levi Garrison surrender.
"I don't have the word defeat in Levi Garrison's dictionary! Unless you beat me to death!"
Levi Garrison smiled.
Don't look at him covered in blood, his breath is weak, as if he is dying.
But it gave people the feeling that he was full of fighting spirit, and it seemed more terrifying than just
now.
"Why can't Levi Garrison be killed? Is he still a human?" The leaders of the East Island forces who watched in real time were all dumbfounded.
Richard smiled and said, "Do you know how threatening Levi Garrison is?"
"It's terrible! Fortunately, Mr. Richard has come up with this plan! Otherwise, with Levi Garrison in his
heyday, Commoner may really have no choice but to kill him! "
"Yeah, maybe he will lose, but it's hard to kill him!"
Richard smiled: "I have been dealing with him for a long time, knowing his horror, otherwise I can't
get rid of him at all!"
...
" Bang!"
"Bang!"
...
Levi Garrison fell to the ground again and again under heavy blows.
"Bang!"
Finally this time he had only one breath left.
He didn't get up!
"Come on, I'll give you another punch and you will definitely die!"
Commoner Killing God couldn't bear it anymore.
The Return of the God of War [The Protector] Chapter 1921
Life or death is between his thoughts.
As long as Levi Garrison is soft, he will definitely stop.
Spare his life!
"Kill him!"
"Kill him!"
...
hundreds of thousands of people shouted.
Everyone's face was filled with crazy joy.

They won decently!
The crooked door has lost!
The power of Cthulhu was completely defeated under the nose!
Seeing Levi Garrison's silence, Common Killer raised his fist slowly.
He has given the opportunity!
In the eyes of everyone, including Commoner Killing God himself.
Everyone knows that Levi Garrison is dying!
There is absolutely no possibility of being alive!
Tiance Mansion also didn't want to grab Levi Garrison and force him to tell the secret of Huoyun
Cthulhu.
Levi Garrison is alive, and being able to breathe is a threat!
Killing is the best!
"I can't help it! I don't want to watch the little master die!" The
Sword Evil God was already unable to bear it, and wanted to save people.
"Me too! I don't want the little master to die! He died like this is too awkward!"
"Yes! The commoner kills the god, this is no victory! The little master may not be weaker than him!"
The
Blood Cthulhu and Poison Cthulhu said one after another.
"No! The little master definitely doesn't want us to intervene! Even if he is killed in battle, he is fair!
This is a duel of two people, fair and just! No matter what the other side uses, we have a clear
conscience!" The
black evil god stopped several people in time.
"It's ridiculous! It is said that we are outsiders of
evil spirits , and that the little master is a big demon, but in the end it is us who achieves fairness and
justice!" Sword Evil God sighed weakly.
Now that the seven evil gods have joined forces to attack, they can definitely leave with Levi Garrison.
But they can't do this!
Even if Levi is about to die in battle, they can only watch!
They respect the rules of the duel…
absolutely not at all!
But they knew that in the crowd of onlookers, they didn't know how many decent people were
waiting for Levi to die.
Even if Commoner Killing God did not kill Levi Garrison, they would rush to kill Levi Garrison!

That's just what keeps on Decent…
"What? Levi Garrison is going to die?"
Seeing Zoey's Wen Lei getting the news, she was taken aback.
Is Levi Garrison going to lose like this?
Is Commoner Killing God really so terrible?
"Levi Garrison? What's wrong with him?"
Zoey just heard it.
The original gentle plum dyed breath changed drastically, killing intently.
"Where is Levi Garrison? Take me there!"
Zoeyyan's eyes were red, and his aura was like Shura reborn from hell.
"Well, I'll take you to see!"
Wen Lei was too worried about Levi Garrison's safety.
For the present, she can only take Zoey to see Levi Garrison!
As for what to do when the two meet, she doesn't think about it.
Currently she doesn't want Levi to die!
…On the
battlefield, the clamor that Levi was about to die grew louder and louder!
It's like the thunder rolling!
They want to see this evil god head killed with their own eyes!
It is definitely a refreshing event in life!
Raising the fist of Common Killer God for a long time, he still couldn't bear it.
What a loss it would be to wipe out a strong man in Erudia in this way!
Even if he is a descendant of the Heretic God, as long as he changes his mind, it is still possible!
"Huh?" The
next second, Commoner Killer was stunned.
He looked incredible.
Because Levi Garrison struggled to stand up again.
He only hung a breath, he actually stood up!
The seven evil gods almost cried out.
"It seems that the little master will stand and die even if he dies, never lying on his stomach or
kneeling!"
Sword Evil God's voice was trembling.
Such a person is qualified to be their boss!
Levi Garrison Xiemei smiled: "Come on again, continue!"
Commoner Killing God exclaimed: "Hey, if you don't go on a crooked road, you are definitely a hero!
What a pity!"
This time, he will not show mercy anymore.
To punish Levi Garrison!

“It’s about to officially start now!”
Levi Garrison smiled, with a weird smile.
The Return of the God of War [The Protector] Chapter 1922
“Hey!”
Seeing Levi Garrison like this, Common Killer’s heart sank unexpectedly.
A bad premonition spread in my heart.
The others were all stunned when they saw Levi Garrison like this.
Levi Garrison’s appearance seemed to be back to light, with a hint of weirdness.
Everyone can’t tell what it feels like.
It seems like Levi Garrison said, everything has just begun!
“Kill!”
Commoner Killing God put aside his complicated thoughts and blasted out with a punch!
Hit harder than all the tricks just now!
A punch, like a super weapon fired!
There was a whirlpool in the low air, like a mushroom cloud!
If the first few punches are supersonic, then this punch is twice the speed of sound, or even triple the
speed of sound.
Levi Garrison couldn’t stop the punch in front.
Then with this punch, Levi Garrison will be blasted into scum!
Even a piece of bone will not be left intact.
A punch that is nearly three times the speed of sound is too powerful!
“Buzzing…” This
fist blasted out, and there was a mournful trembling sound in the air.
Shake the world!
The power is terrifying!
The seven evil gods closed their eyes, they didn’t want to see Levi Garrison being beaten into a cloud
of blood.
They want to keep Levi Garrison’s greatest side!
Commoner Killing God is confident, Levi Garrison will die with a punch!
everything is over!
Levi Garrison stood still on the spot as if frightened and stupid.
It seems to be accepting the arrival of death!
But no one thought that Levi Garrison would actually punch.
This punch came later, but came first!
With a punch that was nearly three times the speed of sound, Levi Garrison was able to make the first
move!
His punch definitely exceeded three times the speed of sound!

“Boom!”
Levi Garrison blasted out a punch and slammed into the commoner Killing God with a punch.
“Kacha Kacha…” All of a
sudden, the ground collapsed and the mountains cracked, and the sun and the moon reversed.
“Puff!”
No one thought The scene appeared.
The Common Killer was defeated by Levi Garrison’s punch, and he was beaten out, vomiting blood.
His eyes were full of shock that couldn’t be opened: “Three times the speed of sound?? How is this
possible?” The
audience was in an uproar.
Everyone is going crazy!
With a sigh of relief, Levi Garrison actually shot the Common Killer God away.
is this real?
Are you dreaming?
“Puff!”
The spies hiding in the crowd were about to vomit blood.
Richard and the leaders of the East Island forces who watched in real time were choked with coffee
and tea.
Levi Garrison, who was clearly dying, could suddenly burst out with such terrifying strength,
everyone was stunned for dozens of seconds!
The seven evil gods noticed the abnormality, and when they opened their eyes, they were all shocked.
What’s going on?
The little master is hurt like that, how can it be?
And looking at Levi Garrison’s state, it was like a raging fire.
It’s definitely not going back to the light, or using extreme methods to instantly enhance one’s
strength… The
seven evil gods revealed surprises…
A group of people in the crowd saw it, and the corners of their mouths rose, seeming to be very
satisfied with Levi Garrison.
“Impossible! It’s absolutely impossible!”
“How could this be? I don’t believe it! My eyes have a problem!”
…the

audience did not want to believe the scene in front of them.
As for the students of Commoner Killing God, they were all terrified when they saw the teacher got
hurt.
I can't believe what happened.
"No! Nothing! He obviously has only one breath left!"
"I understand, it must be the extreme exercises of the evil spirits, which has greatly increased his
strength!"
... the
audience regarded this situation as the evil spirits. Extreme way.
The Common Killer stood up slowly, wiped the blood from the corner of his mouth, and looked at Levi
Garrison with a clear eye.
He is interested!
This battle will not be so boring!
Levi Garrison showed his due strength!
"Okay, very good! You made me take it seriously!"
Levi Garrison also smiled and said: "I said it, this is just the beginning!"
The Return of the God of War [The Protector] Chapter 1923
"Teacher, this is definitely Levi Garrison's last fight! You must be careful!"
"Yes! He won't last long! Teacher, you have to win!!!"
...
Almost everyone thinks that Levi Garrison is just fighting. With one last breath, I want to come to life
with Common Killing God!
Regardless of how powerful Levi Garrison is now, it is all false!
In fact, he was dying…The
Common Killer was completely excited.
"Tiangang vigor!!!" Unrivaled vigor
erupted from the commoner killing god!
Continuously one after another!
It's more terrifying than pure boxing just now!
The vigor erupted, like a squally rainstorm, the air in this area seemed to be burning.
The scorching breath rushed over, as if placed in a volcanic crater… As soon as the combat skill of Commoner Killing God was played, the audience was shocked.
"Papa……" A series
of invisible vigorous voices were tearing apart the space.
Levi Garrison didn't avoid it, but instead attacked.

“Bang!”
Levi Garrison smashed a hundred times with a punch.
“Broken!”
“Broken!”
“Broken!”
…
Tian Gang’s vigor continued, but Levi Garrison threw it with a punch.
Every bombing is a huge movement from the blue sky.
The earth-shaking sound was always heard from the eastern battlefield, as if the sky thunder
continued when the heavy rain came…
This situation seemed to be angry.
The unsuspecting people who lived around knelt on the ground, begging God not to get angry.
The Tiangang vigor of Commoner Killing God is strong enough!
But Levi Garrison is stronger!
Break everything with just a pair of punches!
Soon Levi Garrison smashed all the Tiangang Qi Jin, rushed to the body of Common Killer, and blasted
out with a punch exceeding three times the speed of sound!
“Buzzing…” The
world was shaking.
This punch was even more terrifying than the one that flew the Commoner Killing God away!
“Tiangang Zhenqi Bodyguard!” The
Common Killer roared.
Tiangang True Qi surrounds it, forming an invisible wall of strength!
May be more indestructible than special alloy walls!
It is estimated that few modern weapons can pierce through…
“Boom!”
Levi Garrison punched the wall of invisible Qi Jin fiercely.
“Boom…”
& A big earthquake came as scheduled, spreading across the entire Eastern Frontier battlefield.
It’s crazy and terrible!
“Buzzing…”
Although the invisible Qi Jin wall shook violently, it was finally blocked by Levi Garrison’s punch.
Blood slowly spilled from the corner of Common Killer’s mouth, and his face was full of crazy
excitement.
He has never encountered a strong opponent like Levi Garrison in his life!

“Want to break my Tiangang true anger? Impossible!” The
corner of Commoner’s mouth raised.
There was a violent wind around him, it was Tiangang true energy.
Actually gradually materialized!
It was like a flame…
His innocence had been so pure.
Almost materialized!
This is the common killer!
Suppress the existence of an era!
The Qi Jin wall in front of Common Killing God turned into a fiery red, like a flame.
Ten times higher than the intensity just now!
“Broken!”
Levi stepped on the ground, and volleyed his foot.
This foot is like the foot of the gods of heaven.
terrible.
terror.
“Kacha!”
directly tore the air wall apart!
“Puff!” The
Common Killer was blasted out.
His eyes are full of disbelief!
He was beaten out again?
“Teacher!!!”
“Kill God!!!”
… When
everyone saw this, they shouted.
“Come on, continue!”
Common Killer stood up from the gunpowder smoke and continued to blast Levi Garrison.
“Puff!”
“Puff!”
“Puff!”
…
Next, Commoner Killing God will use all his life learning and creation.
But he was beaten out again and again.
Facing Levi Garrison who was in full swing, he couldn’t help it.
“Boom!”
“Puff!”
He was beaten out again.
Struggling to get up, the commoner killer’s eyes were full of anger, and he shouted: “The sword is

coming!!!”
He wants to use the divine sword in the sky!
The Return of the God of War [The Protector] Chapter 1924
Before Commoner Killing God said, he is 50% sure if there is no magic sword in the sky!
Looking at the situation now, it really is so!
He is half sure that he will win!
But half will lose!
Now he really is going to lose!
Only take out the magic sword sky!
However, if you take out the sword of the sky, Commoner is sure to kill the gods in 100%!
He will win anyway!
“Teacher takes the sword!” The
students behind him tossed the divine sword sky high, and the Common Killer took the divine sword
sky in his hands.
The eyes of hundreds of thousands of people in the field were all focused on the sky of Divine Sword.
Countless strong men couldn’t help showing a look of admiration.
I don’t know how many people overseas want this magic sword!
Finally see the true face!
The seven evil gods were too late to applaud Levi Garrison, their expressions changed immediately.
After all, with the Divine Sword Sky, Common Killer’s strength will be raised to a level.
Divine Sword Cang Qiong had even mentioned Huoyun Evil God, and when he met someone who
could use this divine tool, even he would be timid.
One can imagine how strong the Excalibur Sky is!
The most important thing is that the Common Killer can pull out the sky of the Excalibur!
Others may not be able to use it.
But he can!
“Levi Garrison, you are the strongest I have ever encountered, the only one who forced me to use the
magic sword in the sky!”
“Om…”
accompanied by the sound of adrenaline soaring out of the sheath.
The sky divine sword was drawn out.
“boom!”

A dazzling light shot from the sword, shining so that everyone couldn't open their eyes.
At the same time, a fierce murderous aura flooded the world.
All I only feel that the cold is invading my body, I can't help but shiver away!
This is the terrible place of the Excalibur Sky!
Legend has it that the Heavenly Sword Sky is cast with meteoric iron from the outside world and
poured with blood to cultivate such a terrifying killing intent!
Rumor has it that the moment when the casting of the Divine Sword in the sky was completed,
Heaven General Thunder, tempered with thunder and lightning, completed the final step!
If you want to pull out the sky of the Divine Sword, you have to withstand this terrifying killing intent
and the thunder power contained in it!
This is the reason why the Excalibur Sky cannot be used by everyone!
Commoner Killing God is the son of heaven!
He raised the heavenly sword high and shouted: "Today On the day, I will kill the first demon with
the magic sword in the sky! ! ! "The
commoner killer holds the sword in the sky, just like a person has changed. The
momentum soars!
He is just like the god who is in charge of killing!
"Kill!" ! ! "The
Common Killing God slashed out with a sword, and the world changed color.
This sword contains the killing intent poured by blood, the power of thunder tempering, and the
common killing God swordsmanship type of combat skills! It is so powerful that
this sword seems to be able to tear a mountain. Split into two halves! The sword aura burst out.
There was even thunder and lightning…
"Kacha Kacha…"
A thunderous sound of thunder came from mid-air…
It seemed to resonate with the
heavens of the Divine Sword ! A sword caused the heavens and the earth to change color. .
this is Excalibur sky!
"laugh! "

...
The ground in front of Levi Garrison's eyes was torn in half! A terrifying sword aura came!
"Boom! ! ! ! "
Levi Garrison blasted out with a terrifying punch.
Smashed the sword qi!
"Da Da Da..."
But Levi Garrison was forced to retreat more than a dozen steps before he could stabilize his figure.
Everyone knew the horror of the Divine Sword Sky. Out!
Levi Garrison who was so strong was repulsed!
"Kill! "
" Kill! "
...
The Commoner Killing God is gaining momentum, relying on the divine power of the Excalibur Sky,
successively attacking and killing Levi Garrison!
Although Levi Garrison was not injured, although he could block the fierce sword aura, he backed
away steadily!
Sooner or later, there will be times when you can't make it!
The power of the Excalibur Sky is terrifying!
At present, his most basic exercise method, that is, the exercise method of the evil god Huoyun in the
eyes of the world, seems to be unable to stop the heavens of the divine sword!
The momentum has fallen!
Commoner Killing God has already fought red eyes, and Levi Garrison is not given any chance!
The Art of Taboo!
At the critical moment, Levi Garrison remembered the taboo technique!
He can use the technique of taboo to fight against the sky of Excalibur!
The Return of the God of War [The Protector] Chapter 1925
But not!
Master warned him not to use taboo techniques!
Especially now that everyone is in full view, the whole world is paying attention.
If Levi Garrison uses the taboo technique, there may be problems!
It will be much more serious then.
Maybe it will cause trouble and even affect Master.
Being imprisoned in Tiance Mansion is different!
No one in the jail knows!

I'm afraid that Tiance Mansion will not understand how the Chain Dragon Chain is opened now… In this case, I can barely use the taboo technique! not now!
"Hahahaha…" At this moment, Levi Garrison laughed suddenly.
This surprised everyone present!
Even Commoner Killing God is dumbfounded!
What happened to Levi Garrison was about to die, how could he still laugh?
Is he crazy?
Still frightened?
The reason why Levi Garrison suddenly laughed is very simple!
He thought of his master!
The outside world agrees that he is a descendant of Cthulhu!
Then the master is the evil god of fire cloud!
But he always thought it was not!
Now he is sure that Huoyun Evil God is definitely not his master!
The reason is very simple…
Huoyun Cthulhu's exercises are just the same among his master's many exercises!
That old guy is definitely much stronger than the real Fire Cloud Cthulhu!
It's not a level at all!
It's incomparable just by taboo technique!
What's more, he is more than just a taboo technique!
Many door taboo techniques… The reason why Huoyun Cthulhu's technique was used was just a coincidence, and happened to happen.
He is sure that the two are by no means the same!
Another point is that the technique passed to him by the master is simply a broken scroll!
Not complete!
It is certain that they are not alone!
That's why Levi Garrison laughed.
Huoyun evil god, what qualifications do you have to be my master?
You are far from worthy!
Among the crowd.
"He is a ruthless man! If you can survive, you can let him join us!"
Someone's eyes have been on Levi Garrison's body.
He was very satisfied with Levi Garrison's performance!
"Understood! Are we going to make a move ?" the person next to him asked.

“No need, if he dies, he is incapable!”
The man said coldly.
Everyone present was shocked by Levi Garrison’s abnormality.
What is he doing?
“Is he laughing at the teacher?”
“Teacher, don’t give him any chance!”
…
the students of Common Killing God shouted.
Although the Common Killer was holding a magic sword in the sky, Levi Garrison was still undefeated,
and he felt that his face was damaged.
He wants to fight quickly!
Fight for a trick to kill Levi Garrison!
“Buyi’s sword!!!”
Commoner Killing God blasted out the most terrifying sword!
This was his trump card for suppressing an era!
When this move came out, the world died, and all directions surrendered.
The terrible sword qi blasted out hundreds of meters away…
everything around was strangled by the sword qi!
A sword seems to split the sky!
Thunder roar!
All things bow their heads!
With a sword of commoner, an era is crushed!
This sword is much faster than before!
Whether it is the state and momentum of the commoner killing the gods, but the power of the
godsword sky, they have all played to the extreme!
One sword is to kill Levi Garrison!
The people who were watching the battle had been hiding far enough!
But under the power of this sword, everyone seemed to be pushed out hundreds of meters by an
invisible big hand.
The most critical moment.
Does Levi Garrison really need no taboos?
If you don’t need it, he will die!
“I saw that the little master hesitated! He should have a way to do it!
What is he hesitating about?”
“If you have any trump cards, take it out! If you don’t take it out, he will have to die!”
Sword Evil God could tell Ye. King’s Landing was hesitating and couldn’t help exclaiming.
The seven evil gods are sweating profusely!

Time to win!
What is he hesitating?
Use it quickly!
Levi Garrison doesn't need a taboo technique, absolutely cannot stop this sword!
The Return of the God of War [The Protector] Chapter 1926
What will he do?
Waiting to die?
"Kacha Kacha…"
Suddenly, Levi Garrison's body bones made a bursting sound.
His bones and veins began to change.
The true qi in his body reversed, steaming heat on his head, his blush seemed to be burning.
A face showed extreme pain!
It seemed that every inch of muscle, every skeletal vein was bursting and reorganizing…
He was suffering to the extreme!
What is he doing?
This, this…
everyone looks stupid.
"He seems to be reversing the exercises?"
Someone saw the slightest clue.
"Is he crazy? Reversing the exercise is completely risky! Once something happens, he will burst into
death!"
"Madman, this guy is definitely a madman!"
…
Everyone exclaimed again and again.
That's right!
Levi Garrison is reversing the practice!
This idea has been in his mind for a long time.
When I went to prison for the second time, the basic exercise passed to him by the old man was the
fastest and most suitable exercise after reshaping his martial art.
So I have to say that the old man's magical powers are vast.
There will be too much!
You can take out the corresponding exercises at will!
But taking this casually is the method of fame of Huoyun Cthulhu!
However, Levi Garrison always felt that it was incomplete, there were always limitations, and it was
difficult to improve!

The opponents I encountered before were relatively weak, and these shortcomings were not exposed.
These shortcomings are exposed now when you encounter the real strong.
So Levi Garrison had long been considering how to complement the exercises, or to improve it further.
He wanted to try this practice in reverse practice early on.
Coupled with the integration of the previous cultivation techniques that were not broken and not
standing up!
I believe there will be a breakthrough!
But it has to pay a huge price, and it won't happen in a short while!
Therefore, Levi Garrison started last night!
He let himself be injured!
Including being completely crushed before killing the gods on the cloth today!
Levi Garrison let him go!
He needs to be seriously injured to reverse the practice!
He repeatedly studied the occurrence, and serious injury is the best condition for reversing the
exercises!
At this time, his martial arteries, bones, etc. are all in the most transparent state.
That is the moment of breaking the point!
He is reversing this technique!
"Boom!!!"
Levi Garrison suddenly burst into a terrible breath.
His face is hideous and terrifying, and his eyes are full of crimson flames.
A dragon that has been sleeping for thousands of years is awakened!
Terrible power gushed from his body, sending out terror like a storm.
The sky seems to be dark…
"Bang!" The
strongest sword of Commoner blasted, and Levi Garrison actually held the sword with his hands!
A terrible sword aura swayed above the sword, and it also contained the power of thunder and
lightning, and the strong edge would tear it all apart!
Sword Qi is like flames, you want to melt Levi Garrison's hands!
But Levi Garrison's hands are like the most powerful metal pouring, they can't be torn at all, but there
is a terrible force on both hands to firmly clamp the sky of the divine sword!

Levi Garrison's terrifying beast-like face was reflected on the retina of Common Killer God.
At this moment, Commoner Killing God was so timid!
An unprecedented fear filled my heart.
"Kachachachacha…" The
feet of the two of them collapsed and shattered, and they continued to sink.
The terrible power spread to the surroundings.
"God, he actually blocked this sword! Is he still a human?"
"What is Levi Garrison doing? How do I feel that he has improved again?"
"What kind of strength is he? Isn't it too strong?"
…
Seeing Levi Garrison blocking this sword, everyone did. There is a feeling of madness.
In front of the real-time screen.
Richard and the leaders of the East Island forces all solidified.
Look at everything in front of you incredible!
"Don't worry! Levi is at the end of the strong crossbow! Can he block this sword, can he block the
next one?"
Hao Yuxuan said disdainfully.
It's just that what happened immediately left him stunned…
The Return of the God of War [The Protector] Chapter 1927
At the moment when Hao Yuxuan's voice fell, he heard only a crisp sound that spread throughout the
audience.
Everyone was stunned.
Hao Yuxuan's expression was frozen, as if he had been frozen by ice.
Because the cracking sound comes from the sky of the divine sword!
Just now, Levi Garrison held the divine sword in the sky with both hands!
The power on his arms was surging, and he abruptly pinched the sky of the Divine Sword…
The sound seemed to come from the depths of hell, breaking everyone's hearts.
"Kacha!" At
the moment when the sky of Divine Sword broke, blood spurted from the corner of Common Killer's
mouth, and the whole figure flew out like a kite with a broken thread.
After falling to the ground, he vomited blood fiercely, but he didn't feel any pain at all.
Because he was immersed in shock.
Divine sword sky broke?

All the divine swords refined in this way are broken?
What a terrifying power is this?
Is he the devil?
Lost!
He lost!
A complete defeat!
He was about to cry when he looked at the sky of the broken divine sword in his hand.
Everyone else was stunned.
Each one is still, and the expression is frozen, like a sculpture.
Everyone's heart is too shocked!
Unimaginable!
The heavens of the sword of the gods to kill the gods are broken!
It was still broken by the palm of the flesh!
Unimaginable horror!
Dozens of students of Common Killing God seemed as if the world had collapsed. They all sat down on
the ground, their bodies twitching violently, their bodies trembling, and they couldn't say a word.
Richard and the East Island forces continued to solidify, and they have never moved since.
They seem to be scared and stupid!
This scene gave them too much shock!
All the people watching the battle in Tiance Mansion were silent.
The problem they have been puzzled by seems to be solved at this moment.
How did the chain of the dragon be opened… The
sky of the divine sword can be broken, and it seems that the chain of the dragon is also possible!
Is this person too strong?
"Isn't it? This, this…"
Normal people couldn't accept all this even more in their hearts.
Obviously we are going to win!
How could this be?
Only a small group of people smiled.
"Well, not bad! He finally survived, and invite him to join us in the future!"
Someone smiled.
& "Understood!" In
another place, one person smiled and said: "It's interesting!"
Nandi, the number one in the sky list.
…
"Won? We won?" The

seven evil gods cried with joy!
They all cried!
Sure enough, following the little master is right!
He is the descendant of Cthulhu!
Definitely can create an era of evil gods!
"Clang!"
Levi Garrison threw the broken other half on the ground, making a sound.
Pull everyone back from the shock.
"Do you want to come again?"
Levi Garrison looked at Common Killing Shendao.
The Common Killer wanted to struggle, but found that his strength was gone.
What about he coming?
All his strongest moves are used!
The sky of the Excalibur is broken!
Still can't help Levi Garrison!
What can he do?
"I...I lost!" The
Common Killer admitted the result very hard.
"We won! The little master is mighty!"
... the
seven evil gods shouted.
Hundreds of thousands of people present were dead…
Richard and the East Island forces were the most speechless.
They planned for so long and paid such a big price, and finally Levi Garrison won?
Still want to kill him?
Look at Levi Garrison now!
It's like okay!
It looks stronger than before!
At the thought of spending such a high price, everyone's heart was bleeding.
Such a big price made Levi Garrison feel painless or itchy!
It's terrible!
"I abide by the promise made! If you want to kill, you must cut down on the listener! And Tiance
Mansion will not embarrass you!"
Bu Yi said.
He is ready to die.
The descendants of Cthulhu will never let him live!
But Levi Garrison smiled and said, "You are the Taishan Beidou of the Erudia martial arts world, why

did I kill you?”
“Huh?”
This made Commoner a stunned killer.
Levi Garrison won’t kill him?
“I…”
Levi Garrison just wanted to explain, but the sudden change occurred.
The Return of the God of War [The Protector] Chapter 1928
“Puff!” The
Common Killer suddenly foamed at his mouth and twitched all over his body. The whole person fell to
the ground and rolled, in pain.
What’s more terrifying is that blood stains began to appear on his body, as if he was about to tear his
body apart.
…
Levi Garrison was shocked by this scene.
What’s going on here?
At that moment, he indeed wounded Commoner and killed God.
But most of the power was used to smash the heavens of the Divine Sword, the Common Killer
suffered minor injuries, which was not a major problem.
How could he be like this?
“Could it be…”
Levi Garrison’s expression changed drastically.
An idea popped up in my mind!
Poisoned!
Commoner Killing God is poisoned!
The sword is poisonous!
He immediately judged it!
He was just about to tell the truth, but he was one step ahead of him.
“Poisoned! The teacher is poisoned!”
“Levi Garrison poisoned the teacher! Levi Garrison, you must die!”
…
several students of Commoner Killing God immediately shouted.
“Levi Garrison is despicable and shameless! You even used such a despicable means of poisoning!”
“Levi Garrison, you won, but you wo
n’t be honorable!” “No, Levi Garrison was originally defeated. Only with this extreme method did you
win!” “
I’ll just say, the Divine Sword Sky can’t be shattered! Levi Garrison must have used the means!”

…
Levi Garrison didn't have time to say it, so he was determined by the coffin.
It was his poison!
All point to him!
Seeing the unanimous voice of the audience, Hao Yuxuan's mouth showed a triumphant smile.
The poison was given by him!
It was the forces of the East Island who arranged his task to poison Commoner.
Yesterday, the Commoner Killing God drew the sword of the sky, Hao Yuxuan took the initiative to
observe.
He was poisoned at that time!
It is invisible and colorless, not even noticeable.
& This kind of poison will not happen immediately when touched.
It happens only after the movement.
And the stronger the strength, the more this kind of poison can be stimulated.
So when the Common Killer touched the sky of the Divine Sword in front of him, nothing happened
and it wouldn't affect it at all.
But now something has happened.
But as long as you don't work, it's okay!
For example, the students who have been holding the magic sword to the sky for Common Killer will
be fine.
Because he had no luck, the poison would naturally not occur.
So far there is nothing strange.
The seven evil gods immediately stood up, arguing: "Impossible! My master is powerful, how could he
poison him? He doesn't need it at all! I think some people put the poison in advance, right?"
Sure enough, I was worried about what came from.
They expected the Sword Cthulhu to be correct.
The major forces are still waiting!
Hao Yuxuan immediately shouted: "The poison is poisoned in advance? It's ridiculous!"
"The teacher is so strong, who can poison him?"
Sword Evil God sneered: "Someone must have used the sword! I think it is poisonous. It's on the
sword!"

“Yes, someone must have moved their hands and feet on the sword in advance!”
Others also said one after another.
“Impossible!”
“It’s only the sword teacher and Wang Baiqing seniors have touched! Has been by seniors care! He is
most proud disciple of the teacher, the teacher can not start!”
“And if someone poisoned sword , Why didn’t Senior Wang Baiqing have anything wrong? What
happened to the teacher? How could this be possible?”
“This must be the poison of Levi ‘s
presence !” Hao Yuxuan said affirmatively.
He took advantage of the fact that the poison had only luck. After throwing out the evidence, the
audience was speechless.
Even the seven evil gods don’t know how to refute.
The commoner killed the gods in front, but nothing happened.
This happened after the battle with Levi Garrison.
Levi Garrison seemed to be the only one who could be poisoned.
“As far as I know! Poison Cthulhu among the Seven Cthulhu
Gods is superb. It must be the poison he provided to hurt the teacher?”
Hao Yuxuan continued to
throw out evidence.
“Yes, ordinary poison can’t hurt the commoner to kill the gods, but the poison of the evil gods can!”
The Return of the God of War [The Protector] Chapter 1929
Everyone pointed their fingers at Levi Garrison.
And the evidence is good!
So many people have seen it again!
It’s almost impossible to argue!
“Puff puff puff…” The
situation of commoner killing god in the field became more and more severe.
There are more and more bloodstains on the body, and the cracks are getting worse.
If this goes on, it will definitely explode!
At this time, Richard and the others were relieved.
The original plan was to kill Levi Garrison, and then let Commoner
Killing God be poisoned, even if he
didn’t die, it would have to be abolished.
It was their plan to get rid of the two superstars at the same time.
But now that Levi Garrison can’t kill it is an indisputable fact.

Now try to recover the loss as much as possible.
Can only be poisoned by Commoner Killing God.
The corners of Hao Yuxuan's mouth rose slightly.
"Master, don't blame me! Actually, I am not from Erudia at all, I am from Dongdao! You die!"
He sneered in his heart.
Seeing this goes on, Commoner will undoubtedly kill God.
Levi Garrison hurriedly used acupuncture and moxibustion to stabilize the poison of Commoner.
"Look, it's Levi Garrison! He can control this toxin!"
Seeing that the seizure of Common Killing God was under control, someone immediately shouted.
"What other reason do you have now? Levi Garrison can control the outbreak of this kind of poison!
Who did it if he didn't inflict the poison?"
Everyone immediately questioned.
*"f*ck??"*
Levi Garrison was dumbfounded.
He was obviously saving Commoner and killing God.
How could it become his poison?
It's really hard to tell!
Levi Garrison sneered and said: "I can even shake this sword. Can he be my opponent? How can I
poison it?"
"Huh?"
Faced with Levi Garrison's questioning, everyone was taken aback.
correct!
Levi Garrison is obviously better than Commoner to kill the gods!
Why is he poisoning?
Isn't it superfluous?
"This…"
Hao Yuxuan couldn't find a good reason to refute.
"It's you! You evil demons have a changeable temperament! Very toxic to use is normal! "
Also, you just breathed a sigh of relief in front of you, why suddenly your strength soared! This is the
evil spirit! "
…
Everyone really couldn't find a reason to refute, so they forcibly defined Levi Garrison as a poisoner!
Faced with the situation of Qianfuzhi, Levi Garrison smiled calmly:
"Whatever you think, these have

nothing to do with Lao Tzu! "
Levi Garrison doesn't want to explain anymore, nor does he want to explain.
Anyway, this kind of wanting to add a crime, it's not the first time.
Even if this matter is no longer considered to be his.
Other things will be added in the same way!
"Hurry up! " Save people, or he will really die! "
Levi Garrison glanced at Common Killer God, and then left.
The students of Common Killer God all ran up…
Levi Garrison stepped out like this step by step.
Everyone in the audience looked at him.
Fear and anxiety surged. My heart. The
descendants of the
Heretic God are so powerful… Who can take him? There
is nothing to do with the Tiance Mansion. There is
really no way!
"Damn it, it is damnable! It will be even harder to kill him next time! "
Richard and the leaders of the East Island forces smashed the table fiercely.
If you let them know that at such a high price, they were actually used by Levi Garrison to break
through. I
am afraid that everyone will vomit blood on the spot!
"This time Commoner Killing God is defeated, I'm afraid it will change the situation! "
"For big summer martial arts industry is a heavy blow ah, spent countless Tianjiao is now Cthulhu
successor went to this realm, said than done!"
……
Everyone began to sigh.
The end is coming!
Before Levi Garrison had to evade, righteous people went to annihilate.
Nowadays, people are walking swaggeringly.
No one else can do anything!
"Can anyone beat Levi Garrison? Come one!"
"By the way, what about the person who injured Levi Garrison before?"
… the
next second.
Suddenly an angry voice came.
"Levi Garrison will die for me!"
The Return of the God of War [The Protector] Chapter 1930
The audience was shocked by this angry voice!

All frightened!
"Boom!" A
figure turned into a streamer and rushed towards Levi Garrison.
Plum dye!
The person here is Zoey!
Seeing Levi Garrison, she went crazy immediately.
Kill Levi Garrison directly!
All of Xu Zhengjie's consciousness that she merged turned into hatred in the end… Only the
reaction would be so violent!
Wen Lei took her here and saw that Levi Garrison was safe and sound.
She just breathed a sigh of
relief when Zoey rushed out.
She would be too late to make another move!
"Boom!!!"
Zoey threw a punch, and Levi Garrison blocked it with a punch.
As a result, the earth shook and the mountains shook.
No less than the battle between Levi Garrison and Commoner Killing God just now!
Seeing this scene, everyone was excited.
Here comes another strong man who can match Levi Garrison?
that is really good!
My great summer is hopeful!
"She? It turned out to be her?"
"Levi Garrison's wife, Zoey? How could she?"
…
When everyone recognized that it was Zoey, they were shocked.
How could Levi Garrison and Zoey be enemies?
Why did she kill Levi Garrison?
This is not acting!
This is real hatred!
Zoey can't wait to cramp Levi Garrison's skin!
Everyone can feel Zoey's anger!
She and Levi Garrison are rivals!
Everyone is extremely curious!
Only Richard saw this scene and laughed loudly: "It's great! God helps me too! The one who can kill
Levi Garrison is here!"
He was still thinking about how to make the two meet.
No tricks are needed now.
It's all right now, the whole world knows about Levi Garrison and Zoey.

This will allow everyone and the major forces to have a new understanding, so that there will be a
brand new plan!
…
Seeing Zoey, Levi Garrison was dumbfounded!
This trouble is even bigger than Commoner Killing God!
Zoey didn't care about three or seven and twenty-one, and all kinds of ruthless moves came out.
However, Zoey's original exercises and combat skills were limited, and they were just fur.
She uses pure power.
It came out with a punch, like a missile slammed down again and again, the destructive power was
terrible.
Thousands of troops will be destroyed!
Zoey in a state of hatred is very powerful and has hurt Levi Garrison before.
But now Levi Garrison has transformed again.
Without the use of taboos, he can completely confront Zoey!
In addition, the technique is exquisite and the combat skills are extraordinarily powerful, which Zoey
does not possess!
After a fight, Levi Garrison didn't let the wind fall in the slightest.
Zoey couldn't attack for a long time, and she became more and more angry!
Along with anger, her combat effectiveness skyrocketed!
The situation is completely different.
Not only that.
The secret sigh that Richard had arranged to be present began to shout.
"Levi Garrison is your enemy! Kill him! Kill him!"
"He is a heinous demon, you have to
kill him for the people!" "It's all up to you! Kill him…"
…
first A small group of people are shouting.
Then everyone shouted.
The sound was like waves, wave after wave passed into Zoey's ears, severely stimulating her brain
consciousness.
Zoey became more and more angry, his fighting power skyrocketed, and the terrifying aura spread
throughout the world, like a demon…
"Hahaha, really exciting and useful! Everyone continue!"

Richard laughed.
Levi Garrison was shocked by the change of Zoey!
This woman is even more terrifying than a cloth-clothed killer holding a magic sword in the sky!
What was it that day that made her like this?
Maybe only the master can explain clearly what is going on…
For the current plan, there is only a fight!
"This, this… she is stronger than Commoner Killing God, Levi Garrison has encountered a strong
enemy!"
"Isn't dying! Exciting! Levi Garrison you have today?"
"I want to see how you kill you Wife? Hahaha…"
The Return of the God of War [The Protector] Chapter 1931
Everyone would love to see this battle!
Anyway, whoever wins can lose!
Although I am curious why Zoey is like this?
But they still hope that the two can fight each other…
…
Zoey's anger value is almost outstretched, and his fighting power is terrifying!
Levi Garrison is really fighting too!
The battle between the two sides turned upside down, even more exciting than the previous one.
Levi Garrison was also very anxious, Zoey's combat effectiveness was getting stronger and stronger.
Especially if he couldn't attack for a long time and couldn't hurt himself, Zoey became more angry and
angry.
It's not a big shot if you go on like this!
The current Zoey is super powerful, and it is difficult to penetrate the acupuncture points with the
weird acupuncture method used last time.
You can't control plum dye at all.
Zoey became more and more courageous as he fought, and he almost defeated Levi Garrison steadily.
"Damn, Zoey is too strong? Isn't it the number one strong woman in Erudia?"
"How can it be like this? This is even stronger than Commoner Killing God!"
…
Zoey showed an extraordinary demeanor, Conquer the audience.
"What to do?"

“What to do?”
Levi Garrison was anxious, as the cold sweat came down.
Zoey will not give up unless he kills him!
Why is he willing to hurt Zoey?
What’s more, Zoey is now a complete lunatic, and he may not be able to fight…
“Dad, Mom, what are you doing?” At the
critical moment, a childish voice came.
Into the ears of Zoey and Levi Garrison.
The two of them trembled, and all their aura and strength collapsed.
Just like a deflated balloon.
The two of them looked at the place where the sound was made…
Levilia is here!
Levilia stood there, looking at the two with horror and curiousity.
“Levilia …”
Seeing Levilia , Zoey instantly turned from the lunatic woman into a loving mother.
Even the tears were flashing, and even the “enemy” Levi Garrison had forgotten in a trance.
“Levilia , Dad will pick you up later!”
Taking advantage of this opportunity, Levi Garrison instantly left the battlefield and disappeared into
everyone’s eyes.
“You…”
Zoey reacted and wanted to catch up immediately.
“Mom, don’t go…”
Levilia ‘s voice came, and Zoey stopped, and she looked over again.
At this little time, Levi Garrison didn’t know where to escape.
When the seven evil gods found Levi Garrison, they were already near the capital.
Levilia suddenly appeared, which was unexpected to everyone.
Turned out a super battle!
After meeting Levilia , Zoey and Wen Lei were invited to Tiance Mansion.
Commoner Killing God was taken by the students to heal.
Richard and their plan only succeeded a quarter.
In general they failed!
lost heavily!
The price is too great!
The following episode of Zoey doesn’t change anything…
Levi Garrison won!
Won the cloth-clothed Killing God holding a magic sword in the sky!

Soon Tianji Pavilion announced a new issue of the Great Summer Land List!
The ranking list was abolished because of hundreds of Tianjiao; the whereabouts were unknown three
days ago and for many reasons, so the ranking list was temporarily closed!
But the sky list has undergone major changes!
What a change!
First of all, Levi Garrison reached the top of the summer list!
He defeated the Commoner Killing God and shook the heavens of the Divine Sword, allowing him to
surpass Nandi and rank first!
Nandi becomes second!
Zoey is new to the list, ranking third!
The Common Killer fell to fifth due to poisoning, and Kyushu Xuanzun ranked fourth!
"The Heretic God is the number one in the Heavenly Ranking! It's time to return to the Heretic God
era!"
"It's a great happy event for us!" For the
thousands of Heretic God forces, this is a great happy event.
Levi Garrison has done what he used to be the Fire Cloud Evil God!
He gradually showed a strong dominance, and he will rule this era!
Not a good thing for Levi Garrison!
He doesn't care about these false names!
Especially Zoey's current state…
what will he do?
"I want to do one thing first…"
Levi Garrison made a decision.
The Return of the God of War [The Protector] Chapter 1932
"What is the master?" the
seven evil gods asked.
At this moment, Levi Garrison ranks first in the sky list!
Conquer them with strength.
Their name for Levi Garrison changed.
I called the little master before because he was a descendant of the evil god Huoyun, but actually had
little to do with Levi Garrison.
Now Levi Garrison is respected by everyone for her pure strength.
They are the real master.
"Heal Commoner Killing God!"
Levi said.

During this time, he delved into the ancient medical books given to him by the old man.
His medical skills are definitely a great master!
He can solve the poison of commoner killing gods.
Coupled with the evil god of poison, it is even more like a fish in water.
Not only that.
Levi Garrison has a big plan!
"Everything obeys the master!"
everyone said.
The Evil Sword raised a question: "Master, it seems that the mistress' emotions will change after
seeing the child… I think we can start from this aspect…" The
Evil Sword reminded Levi to be overjoyed.
correct!
Zoey was so angry just now, Levilia called his mother to calm down.
This is also amazing.
Explain that there is still help!
He had a good day with Zoey again…
"Good news!"
Levi Garrison patted the Sword Cthulhu.
The Common Killer was taken back to his courtyard.
There is also a genius doctor among the students, who are trying their best to treat them.
Hao Yuxuan was as anxious as the ants on the hot pan…
He definitely didn't want Commoner Killing God to live.
The loss is so great, if Commoner Killing God is saved again.
That's really going to cry.
"Forget it, fight it!"
Hao Yuxuan's expression changed, and he looked at Commoner Killing God with a murderous look.
He desperately wanted to kill Commoner.
"Pop!"
Just as he moved something, a hand was suddenly placed on his shoulder.
Hao Yuxuan was taken aback.
Is this commoner killing god? "When the
voice sounded, Hao Yuxuan saw that the two of them were quite ethereal and ethereal. The
ones who came were Levi Garrison and the poisonous evil god.
Both of them had undergone a disguise technique and became two people with different
temperaments.
" Yes, you are? "

Hao Yuxuan asked.
Levi Garrison ignored
him and went straight into the courtyard. "Let Xiaojian pay attention to him!" "
Levi Garrison said calmly.
Levi Garrison noticed him as early as on the Eastern Frontier Battlefield. He
came to the courtyard.
Levi Garrison proposed that he wanted to heal the God of Common Killing, but his disciples objected.
After all, they I don't know Levi Garrison's identity. It's
just that Levi Garrison doesn't care about it. He pushes all the students away with his great magical
powers, and steps forward to treat Commoner Killing God.
"God, what did I see? The lost Nine Turns Magic Needle? "The
one among the students of Common Killing God who is best at medical skills suddenly exclaimed.
He recognized Levi Garrison's medical skills!
Legendary ancient medical skills!
Soon, with the cooperation of Levi Garrison and the evil god, Common Killing God's poison It has been
cleared out. The
Common Killer has long been awake, but he hasn't woken up.
"The old guy is quite capable of acting! "
Levi Garrison teased, and then left.
"Heavenly doctor!" This is a peerless heavenly doctor! "
Seeing that the poison was cleared, many students knelt on the ground and exclaimed.
Heavenly doctor, which means that medical skills are changing their lives against the heavens, just like
heaven's help!
More terrifying than the genius doctor!
Hao Yuxuan walked in and couldn't help being shocked when he saw everyone kneeling on the
ground.
"What's the matter?"
Hearing that the poison of Commoner Killing God was solved.
He almost fainted.
impossible!
This poison cannot be undone!
Once you work, it will cause death and injury, and paralysis at a slight damage to Wu Mai…It

can't be undone!
This is a poison specially developed by an ancient force on the East Island to deal with martial arts
masters!
But the facts are here!
The commoner kills the gods indeed.
The Common Killer lying on the bed suddenly opened his eyes: "It turned out to be him! Hey! I owe
him a favor!"
The Return of the God of War [The Protector] Chapter 1933
Commoner Killing God's eyes were shining, and he suddenly swept to Hao Yuxuan not far away!
Taking a meaningful look, Commoner Killing God sneered: "From now on, I can't tell anyone the news
that I have recovered!"
"Understand, teacher!"
everyone shouted.
After leaving from here, the evil god of poison asked: "Master, where are we going now?"
"Look for the great geniuses!"
Levi Garrison smiled.
This is his plan.
He wants to cure all the geniuses who have been abolished by the East Island power!
Simply abolishing it is easy to cure!
But the martial arts were scrapped and shredded, and the huge Erudia martial arts world had nothing
to do.
Just like Levi Garrison before.
This
can only be done for a lifetime… But for Levi Garrison, it is not difficult.
The master once reshaped his martial art, and he will do this too.
He has to help these geniuses recover as soon as possible!
The East Island forces spent so much effort to abolish the geniuses of Erudia, this is definitely the
beginning!
There is another trick waiting behind!
In the following days, Levi will travel around Erudia!
Today, this genius has recovered physically, and his martial arts strength has gradually recovered.
Tomorrow, that genius will be reshaped into Wumai, and everything will be fine.

Even after being rescued by Levi Garrison, some of them were given instructions and their strength
greatly increased.
…
Levi Garrison is almost a genius who is racing against time to treat Erudia.
Incidentally, treat some difficult and miscellaneous diseases, poor patients and the like.
Over time…
The name of Peerless Heavenly Doctor is getting bigger and bigger.
There is even the title of No. 1 Genius Doctor in Erudia!
All forces are investigating the whereabouts of the peerless heavenly doctor.
There are countless people who want to visit Peerless Heavenly Doctor!
But it is said that this genius doctor has a weird temper, and he is the only one who finds patients, and
patients will never find him.
"It's a blessing for me to have this heavenly doctor!"
Tiance Mansion couldn't help expressing such emotion.
"This shows that my Erudia still
There are many hidden masters! He will never let Levi Garrison return to the era of Cthulhu! "
Yes, Levi Garrison hasn't reached the point where he can make a move from the Hidden World
Expert!" If he goes too far, someone in the hidden world will definitely take care of him! I think this
celestial doctor is a master of martial arts! "
……
masterpiece Doctors and even the secret Court are eyeing.
Actively look for his identity.
After the treatment is good but leaves the monarchs of these geniuses, so that they have to hide it
……
for the future is to give a big surprise!
Smashed the East The conspiracy of the island forces!
Not only that, Levi Garrison also arranged for the Sword
God to do other important things. During this time, Li
Zoey got along very well in Tiance Mansion. Tiance Mansion has already included Zoey and Wen Lei in
this. Organization!
There is even a special mentor to guide the two people how to use their talents to maximize their

strength.
Levilia is the pampering of the entire Tiance Mansion and the Baolong clan!
It is said that Levilia 's strength has reached an unimaginable realm !
but day government policy to choose your privacy!
on the other side.
commoner to kill God let students tight-lipped, can still say Haoyu Xuan out.
but Haoyu Xuan Ye monarchs who has long been well commoner to kill God eyeing.
Ye have even monarchs here Find out the true identity of Hao Yuxuan.
He is a native of Dongdao , but was arranged to work as an undercover agent since he was a child…
There are many people like him!
Levi Garrison asked the secret team to find out one by one.
In addition, Levi Garrison also visited some people…
These people were willing to follow him.
This will have a very good effect in the future.
Since the last fiasco.
Richard and the East Island forces held a meeting again.
"We are about to start planning!" The
East Island forces are about to start.
Richard also smiled: "Don't worry, the first phase of my experiment was also successful. It will be
mass-produced soon!"
…
It was calm during this period, but it was the tranquility before the storm.
An unprecedented storm will come.
The Return of the God of War [The Protector] Chapter 1934
During this period, someone discovered a phenomenon…
logically speaking, Levi Garrison reached the top of the list, and then hit Tiance Mansion.
Now he is lawless, no one can cure him!
Shouldn't he directly pull back to the Evil God era?
Will Erudia be a hell on earth?
Why is there no movement at all?
Not only that, even his seven evil gods and the major forces did not move!
They all seem to be good citizens who are strict with themselves!
There is a gossip that the evil god of blood no longer uses human blood to practice exercises, and that
the evil spirit of poison no longer uses humans to refine poison…

even some evil gods no longer kill people, they have changed their evil spirits!
*All of them have changed s*x!*
Obviously they can do whatever they want, but they didn't do anything! why?
Why is all this?
This kind of contrast makes it difficult for everyone to accept…
They are the forces of evil gods!
Many people are just like others.
What others say, he thinks it is.
Ninety-nine percent of people have heard of it, but haven't seen it!
But take the hearing as true!
A small number of people are still sober.
The problem was quickly discovered.
Ever since Levi Garrison became the leader of the Heretic God, instead of doing anything to harm
Erudia, he has been getting better.
The seven evil gods and many of their subordinates have even been changed!
And gradually news was released that it was not the Seven Evil Gods who abolished Erudia's hundreds
of Tianjiao!
When those people attacked, they wore masks and face towels, and they didn't dare to show their
true colors… But
this is not the style of the seven evil gods!
The Cthulhu forces acted arbitrarily, wishing the whole world would know that they did it!
How can I do this kind of sneaky thing…
There are many other clues that have been exposed, and the evil spirits really haven't done anything
out of the ordinary.
"I still believe in the king of the word side by side, maybe he will turn these evil demons into a super
power to protect Erudia!"
"I feel so too! This person will never
It is far worthy of your belief! "
…
During this period of time, Levi Garrison disappeared.
This made a small group of people believe that Levi Garrison was even more convinced.

According to Tiance Mansion's prediction, the disaster and catastrophe did not come…
Not even the Evil God era!
Everyone was puzzled about Levi Garrison. At the time, he almost healed Erudia's geniuses!
The Tianjiao who had recovered their martial arteries practiced like a madness, returning to their
original strength as quickly as possible.
Not only that, Levi Garrison also sent the Sword Evil God and the others out. Look for the top three
missing places.
They found it!
Levi Garrison cured their injuries and helped them quickly recover their strength! So
far, Erudia's Tianjiao has basically recovered.
Wait until the East Island forces have targeted big moves , It is estimated that everyone has fully
recovered.
And some people have greatly increased their strength after receiving Levi Garrison's guidance! On
the
whole, the Tianjiao who are now healed are stronger than before!
No one would have thought of it. The
East Island power is even more so . Unexpectedly!
Especially when I saw hundreds of Tianjiao all appear in the back, I was shocked to cry!
Levi Garrison almost crushed their conspiracy with his own power! The next point is Hao Yuxuan.
Levi Garrison wants to stare at him. , Unearthed the East Island forces behind. It's
just that Hao Yuxuan and the East Island forces were spotted. On
this day, Levi Garrison had just finished healing a genius and was about to go back with the evil god.
Walking in the middle, Levi Garrison suddenly Stop.
"I have followed all the way, come out!"
Levi Garrison said coldly.
The evil god of poison was shocked, because he hadn't noticed anyone around him at all.
How did Levi Garrison detect it?
"Hahaha, it deserves to be the number one in the summer list! Admire it!"
With the voice, a group of five people appeared on the court.
The poisonous god was horrified.

What is the origin of the other party?
They are disguised now, how can they recognize it?
The Return of the God of War [The Protector] Chapter 1935
For such a long time, he and Levi Garrison changed their faces and wandered around Erudia as a
heavenly doctor.
No one has ever noticed their identity!
After all, this is Levi Garrison's personal transformation skills learned from ancient books.
second to none!
Someone could see through.
It's really shocking!
The comer is not good!
The evil god of poison stared at several people.
Five people wore black robes and scarlet masks.
The robe is embroidered with a cross on the chest!
"Bible organization?"
Levi Garrison said with a smile.
This organization came out of his mind subconsciously.
The Evil Sword God and the others reminded that all the traitors who fled had turned to the Bible
organization.
The Bible Organization will definitely retaliate.
I didn't expect to come very fast!
"It's them?"
After the evil god of poison heard, his face changed drastically.
"Old
Poison, can't you even hear my voice?" One of the five people slowly took off the blood mask,
revealing a face familiar to the evil god of poison.
The god of wind who followed the god of underworld to overseas!
"And me, old poison!"
Another person took off his mask, and the evil god of poison was shocked.
The once violent evil god!
It really is the Bible organization!
The poisonous god was shocked. How long hadn't seen them before, he actually met again!
But things are right and wrong, the evil god of poison feels that all his brothers in the past have
changed.
It is no longer the passionate brothers who used to follow the Huoyun Cthulhu.

They seem to have become cold-blooded machines.
"You…what are you doing here?" The
evil spirit poison looked at several people in horror.
Feng Xie Shen smiled and said: "We are not looking for you, we are looking for him!"
The five members of the Bible organization looked at Levi Garrison one after another.
"What's the matter?"
Levi Garrison asked.
"Congratulations, after our long observation! You are eligible to join the Bible organization! We are
here to pick you up and join us!"
Feng Xie Shendao.
"Huh?"
This made Levi Garrison and the poisonous god both stunned.
What the hell?
I thought the Bible organization was coming to trouble.
The result is to join by yourself?
The evil god of poison was also stunned.
He just prepared to send a signal to the others!
"Your battle with Commonwealth Killing God includes the previous battles. The Bible organization is
watching you! Now you are ranked first in the summer list, and you are eligible to join the Bible
organization! Become an important senior! It may not be possible to become the helm of the Bible
organization in the future. !"
Several people said sincerely.
That's right!
They are here to invite Levi Garrison!
But Levi Garrison and Poison Cthulhu heard another meaning.
It seems that a strong person at the top of the Big Summer Ranking can be considered barely possible
in the Bible organization, and it is not terrible.
So how terrible is the Bible organization?
The first place in the summer list is only eligible to join…
Both of them are curious about this question.
Wasn't the Bible organization founded by the evil gods?
The Underworld God is powerful, but at best it is 80 to 90% of the level of the Fire Cloud Evil God!
Haven't reached the point of crushing and despising Levi Garrison!

The evil god of poison asked: "Lao Feng, the man at the helm of the Bible organization is Lao Ming?"
Feng Xie Shen shook his head: "No! You underestimate the Bible Organization! The Dark God is
powerful, but it is only one of the eight black angels of the Bible Organization! It can only be considered
the middle and upper level of the organization! There are many terrifying figures above! The man at the
helm, nicknamed the God of Darkness! It's even more terrifying than our once master Huoyun Cthulhu!"
The
evil God nodded, "Yes, that's right! We are a mess in the Bible organization! The Bible organization is
stronger than you think. Hundred times! This is also the reason why Levi Garrison is only qualified to join
the Bible organization!"
The implication of the two is that Levi Garrison is very strong, but only qualified to join the Bible
organization.
Levi Garrison and the evil god of poison looked at each other, and they were both extremely shocked.
So the Bible organization is so terrible?
Are the evil gods just a small person?
"Levi Garrison agreed or not?"
The Return of the God of War [The Protector] Chapter 1936
The evil god of poison is still immersed in shock…
According to the description of the old deceased in the past, this Bible organization is much more
powerful than them!
Especially the Dark God is definitely stronger than the Huoyun Evil God!
He could not imagine being stronger than his old master!
Levi Garrison smiled and said: "You invite me to join?"
Feng Xie Shen nodded: "Yes, this is the meaning of the Bible organization, and it is also the meaning of
the Dark God!"
"Wait, what are the benefits of joining the Bible organization? Can I be the boss? Is it?"
Levi Garrison's words changed the expressions of several people.
What is he doing?
To be the boss?
Are you crazy?

“Look at what I said in Erudia, I used to be one word side by side! Needless to say? Even now I am the boss of a party, the seven evil gods have to listen to me! Isn’t my good boss wrong, where do you go to do miscellaneous work?”
Ye King’s Landing asked rhetorically.
Facing Levi Garrison’s rhetorical question, several people furiously said: “Levi Garrison, you don’t know what the Bible organization means. It is a great blessing in your life to see you and let you join!”
“You still want to be a blessing in your life!” The boss of the Bible organization? Do you have the qualifications? Even if you are the number one in the summer, you are really nothing in the Bible organization?”
“If you join! Obediently, maybe someone will point you to you and improve your strength. A big chunk! It’s not impossible that you will be on the top of the world in the future!”
...
Everyone said a lot, in short, it was very simple.
The biblical organization is far more terrifying than everyone thought, with Levi Garrison’s strength just barely joining!
After listening, Levi Garrison smiled: “Oh, forget it! I’ve always been a chicken head, not a tail of the wind!”
“So thank you for your kindness, I won’t go to be a little brother wherever you are!”
After speaking, Levi Garrison was leaving with the evil god of poison.
“Wait, who told you to leave?” A sharp shout sounded.
Five people from the Bible organization stopped in front of Levi Garrison.
“What do you mean? Do you dare to take care of our stay?” The evil spirit poison said coldly.
&
The five ignored him and their eyes fell on Levi Garrison.
“You have to agree if you agree, and you have to agree if you don’t!” The evil spirits stared at Levi Garrison firmly.
“Yes, we are not discussing with you! We are here to inform you that you must join the Bible organization!” The

other three people who did not remove their masks spoke harsh Erudia language.
Levi Garrison smiled and said, "Then what if I don't agree?"
"Then don't blame us to do it yourself, catch you back!" The
five breaths soared, and Levi Garrison was locked.
The task assigned to them by the Bible Organization was that if Levi Garrison didn't agree, he would
forcibly bring it back.
"If you want to take me back, just relying on the five of you is not enough!"
Levi Garrison sneered.
"Then try, the first in the summer list, we didn't take it seriously!"
One of them looked at Levi Garrison disdainfully.
The five of them are the eighteen dark angels of the Bible organization, and they have strong talents
and fighting capabilities!
It turns out that in the concept of the evil evil gods, the evil spirits of wind and the evil spirits of
violence are similar to their seven evil gods.
Strong estimates are not strong enough!
But how did they know that after the six evil gods joined the Bible organization, the Dark God
tempered their bodies in a special way and gave them super talents! ,
The strength of the six of them doubled!
Now these six people are one level stronger than the seven evil gods!
This is why the Bible Organization only sent five people to bring Levi back, not for anything else, but
they believed in the strength of these five people!
"Boom!!!" The
five people showed their incredible strength.
The evil god's face changed drastically.
So strong?
Are the evil gods and wind evil gods at this level?
What's more terrifying is that the other three are stronger!
If the evil god of poison knows that these five people are actually the weakest five of the eighteen
dark angels in the Bible organization, I am afraid they will go crazy!
"Come on,
let's fight!" Levi Garrison was not used to them.
The Return of the God of War [The Protector] Chapter 1937
These people dared to come to Erudia to run wild, and they were also asking him for trouble.

Isn't this looking for death?
The rattling atmosphere is on the verge.
The evil god of poison is a bit more worried!
At the beginning, he didn't think there was any problem, after all, Levi Garrison's strength was obvious
to all, and he ranked first in the summer.
But these five spirits were revealed, and the poisonous god panicked.
These people are too strong and too strong.
Victory is not necessarily true!
What's more, these people are not the core powerhouses of the Bible organization!
They seem to be in trouble!
"Levi Garrison, you asked for it yourself!"
Feng Xie Shen shouted angrily, and the wind was raging between his hands and feet, and he wanted
to uproot the whole place.
The evil spirits also shot, and the violent fighting spirit broke through the sky.
The other three also took action, they are the super powers who control the ice, fire and electricity!
It's just super strong!
When the five people make a move, they are earth-shaking, directly controlling the power of heaven
and earth!
Strong wind, ice storm, flame, thunder and lightning, and the invincible fighting power of the evil god!
Levi Garrison quickly fought with a few people, and the evil spirit poison wanted to intervene, but
couldn't get in.
The area where the six people are fighting is surrounded by terrifying wind blades and wind walls!
Even if he rushes up rashly, he will be strangled to death!
His poison is also difficult to use in the first time.
Powerful and terrible!
The five dark angels joined forces, and it was truly terrifying!
The world is discolored!
These are the five dark angels specially tailored by the Bible organization for the first in the summer
list!
The five dark angels are not only powerful and extremely powerful, they also cooperate with each
other in tacit understanding.

Five people can definitely beat the top ranking list (the number one evaluated by the Bible
organization)!
It's a pity that the assessment they made was the first strength in the previous summer.
But this time the person is Levi Garrison! ! !
After fighting for a while, Levi Garrison had already figured out the strength of the five!
Is very strong!
But compared to him after the transformation, he is nothing!
"It's me!"
Levi Garrison yelled: "The King is in the world!"
This is a trick he created after reversing the practice.
Will all
The concentration of power and compression in a single burst will destroy the world.
This was the trick that smashed the sky of the Excalibur!
Bring all the power together and burst out!
Later, Levi Garrison felt again, not only to converge in one spot, but also to compress to the extreme!
This burst out to be stronger!
He named this trick after himself!
"Buzzing…"
Suddenly, everything in the world was silent. In an instant, all the energy in the world gathered
towards Levi Garrison!
The power in his body also condenses towards the right fist!
Convergence is complete, and extreme compression begins.
The compression process was about to tear and explode Levi Garrison's body.
Especially the right fist is extremely deformed!
"Boom!"
Compressed to the extreme, Levi Garrison hit the ground with a fist.
Suddenly, the terrifying energy was released in an instant.
"Boom…" The
whole earth trembled, as if the most terrifying earthquake was coming.
Tear everything, and the earth will fall apart.
The terrible power burst out.
"Puff!"
Feng Chou was seriously wounded and flew away!
"Puff!" The
evil spirits flew seriously injured!

…The
five dark angels were bombarded by terrifying energy bursts one after another!
Their ice, fire, wind, thunder and other powers of heaven and earth were blasted away in an
instant…The
five people's physique that had been specially tempered by the God of Darkness cracked one after
another, and it seemed that they were about to explode.
All five were seriously injured and dying.
The eyes are full of horror!
Is that human being?
It's not that the first strength of the previous big summer rankings is just that, the five of them can
completely win it together.
What's wrong with Levi Garrison?
Is he invincible?
The evil god of poison was also scared silly.
He had just issued a special distress signal, and the other six evil gods were on their way.
But it was solved so soon?
"The legendary celestial doctor is still an invincible master!"
Several people passing by just saw the battle.
The Return of the God of War [The Protector] Chapter 1938
They just attracted passively.
They didn't hear the conversation between Levi Garrison and the five dark angels.
They didn't even know Levi Garrison's identity.
But the battle scene can be seen.
The Peerless Heavenly Doctor who has been famous recently in Erudia is actually a super strong?
Isn't Levi Garrison, who is the number one in the battle power worse than that?
I believe that this news will spread throughout Erudia soon.
…The
five dark angels looked at Levi Garrison in disbelief, and couldn't imagine him being so strong!
It seems that they cannot escape today.
Levi Garrison sneered and said, "I'll spare your lives this time, and go back and tell you master, don't
bother Lao Tzu, I won't have that good luck next time, come and kill one! Come and I will kill one pair!"

Ye King's Landing is in a good mood.
A master just tried this trick he created: King Over the World.
If he practiced and improved repeatedly, he might not have the power of taboo.
"Okay, you wait!" The
five dark angels left dingy.
This is the greatest shame in the history of the Bible Organization!
Although they have not been established for a long time, they have never failed each mission.
This is the first failure!
Five people will face severe punishment when they go back!
There is even a danger of death!
…
"Okay, let's go away!"
Levi Garrison left with the evil god of poison.
Seeing the two leaving behind, everyone sighed that Erudia was saved!
Levi Garrison is no longer the only one to dominate!
Now there are dead people coming out of the mountain!
After the two of Levi Garrison went back, they told the rest of the matter.
"What? My God! The Bible organization is so terrible? I thought the Evil God was the boss!"
Everyone was surprised.
"According to what they said! Underworld is the top eighteen dark angels, but it is definitely not the
forefront of the biblical organization! This biblical organization is a bit scary, I hope not to target Erudia!
Otherwise, I will fight with it to the end!"
Levi Garrison said coldly.
At this time, the news that the Peerless Heavenly Doctor was a powerful martial artist had spread
throughout Erudia.
"I had any brains! There are too many great summer Oddities up! Ye monarchs they are not arrogant
up!"
"Yes! Do not look at the big summer leaf Harborside list first, someone will pick up them!"
……
a Time once those who wanted to kill Levi Garrison clamored again.
Thousands of people even petitioned for this peerless expert to compete with Levi .
Tiance Mansion and Baolong clan have been silent for a long, long time.

Since Suolong Chain was broken by Levi Garrison, they never made a sound.
However, they were not very worried about Levi Garrison.
After all, Levi Garrison's children are now nurturing.
Zoey, who regarded him as an enemy, was also in Tiance Mansion.
With these factors, they believed that Levi Garrison would never mess around.
Sure enough, Levi Garrison's disappearance during this period proved their idea.
But where do they know, it has nothing to do with people.
No matter what, Levi Garrison would not do anything to harm Erudia.
…
In the most mysterious place in Tiance Mansion.
The three characters "Tianji Pavilion" hung high above it!
Pen Feng swept Wanjun!
There was a voice coming from inside.
"Bible Organization?"
"They came to Erudia?"
"What is the Dark God doing?"
"It is said that they have found a peerless heavenly doctor who has recently become famous in
Erudia!"
"Isn't that person Levi Garrison? The Bible organization wants to put Levi Garrison in the bag?"
"Probably so? Do we need to tell the others in Tiance Mansion?"
"No! We don't participate in this matter, Levi Garrisontian? Don't reveal the identity of the doctor!"
"Naturally know this! The major organizations of the Tiance Mansion can find out that it is their
ability, we will not say it!"
"Send our people to stare at a little biblical organization!"
…
no one. Thinking that Tianji Pavilion had already known Levi Garrison's identity.
The Return of the God of War [The Protector] Chapter 1939
Not only everyone did not expect it!
Tiance Mansion did not expect it!
However, Tianji Pavilion exists independently and is not related to Tiance Mansion.
When other agencies of Tiance Mansion need to provide help, Tianji Pavilion will only provide
assistance.

They will not take the initiative to provide anything to Tiance Mansion, nor will they follow orders.
They are only responsible for collecting geniuses and wonders and collecting secrets.
For all disputes, it is not not to participate in.
In layman's terms, the two sides are equal!
They didn't need to tell Tiance Mansion about the news about Levi Garrison being a heavenly doctor
and many other things.
Therefore, Tiance Mansion currently does not know.
Of course, this is enough to show how terrifying Tianji Pavilion is!
The Evil God Huoyun once said such a sentence-Erudia's real great horror lies in Tianji Pavilion!
This is enough to explain a lot of things!
The conversation in the Tianji Pavilion continues.
"How did Levi Garrison's wife, Zoey and Wen Lei, survive the explosion? Someone rescued? I don't
believe it!"
"We looked up all the clues and information, but there was no accurate answer!"
"According to what they said. Described, there was indeed someone who rescued them. Other than
that, there is no other explanation! With their own words, they can't survive the explosion!"
"Who would this person be? Even our Tianji Pavilion checked. No! It's really weird!"
"I 'm afraid it's someone related to Levi Garrison! So far we can't control how Levi Garrison becomes
powerful…"
…
extremely shocked!
The identity of Levi Garrison Tianyi was easily controlled by Tianji Pavilion.
But his master's identity and whereabouts could not be captured by Tianji Pavilion.
The information revealed was simple-Master Levi Garrison was terrible.
The news of the failure of the five dark angels quickly spread to the Bible organization.
What shocked the five dark angels was that the leaders of the biblical organization were not angry but
laughed.
They all wanted to die.

Unexpectedly, the situation is very different.
“Okay, very good! Stronger than we estimated! This is a good thing!”
“This has strengthened our determination to recruit Levi Garrison! Levi Garrison must be recruited! No
matter what the cost!”
“Levi Garrison will be tied back, too! It really can’t work, all the eighteen dark angels will go!”
...
Levi Garrison Unexpectedly, his strength has not played a deterrent effect. Instead, it made them more determined!
This day.
Levi Garrison completely restored the physical strength of the top three Tianjiao!
And the three have improved a lot!
There will be further breakthroughs soon!
“Master, you are really amazing! In such a short time, all these hundreds of arrogances can be
restored! What a miracle!”
everyone exclaimed.
“I have to wonder if you are the old master’s disciple, the old master does not have your medical
skills!” The
clever Sword Evil God has already noticed something wrong.
Levi Garrison is so different from Huoyun Cthulhu!
Even the exercises are not like it anymore!
They didn’t know if it was an illusion or something, they felt that Levi Garrison was not a disciple of
Huoyun Cthulhu at all.
It’s just that everyone dare not speak out.
“You care about me, how are you feeling now?”
Levi Garrison asked.
How about his rules restricting them mainly?
“I think it’s good, and I’m used to it!”
Everyone nodded.
The evil god of poison also smiled and said, “Yes, after my poison experiment was replaced by
animals, it’s okay!”
Even the evil god of blood smiled and said: “Since I have used animal blood or artificial blood, I have
found that my strength has become stronger. Not to mention, it has also reduced the probability of
getting injured and getting injured!”

…
Almost after accepting Levi Garrison's rules, every time Everyone feels good.
This is the charm of Levi Garrison!
Make a group of evil gods better!
Even the Seven Cthulhus felt that even if Levi Garrison was not a descendant of the Cthulhu, it would
be nice to follow him.
After a few days, the plans of the East Island forces finally began.
Erudia was shocked…
The Return of the God of War [The Protector] Chapter 1940
The martial arts circles of Dongdao, Star Kingdom and 38 countries in Dongfang Continent are going to
resume the former Dongfang Continent Tianjiao Tournament!
Except for Erudia, almost all the countries and regions in the Eastern Continent have agreed to restore
the former Tianjiao Conference!
The so-called Oriental Continent Tianjiao Conference is a showdown between the young and powerful
people from all regions of the Eastern Continent.
There will be a ranking of Dongfangzhou Tianjiao!
The Tianjiao who win over Dongfangzhou are on the list!
Choose the strongest Tianjiao!
The gold content of the list is higher than that of the Erudiadi list!
If the Tianjiao of that country and region is the strongest, that country and region will receive
corresponding honors!
But the East Island Star Country they want more than just being on the list!
Their goal is the real key to the Tianjiao Conference!
According to the previous rules of the Dongfangzhou Tianjiao Conference, which country or region has
the most Tianjiao on the list!
Then the Guwu institutions in the country or the region will have the qualifications to coordinate and
order all the talents of other countries!
In other words, once Dongdao obtains this qualification.
Then Erudia's Tianjiao will also be under their jurisdiction, and almost everything must be listened to
by them!
It is equivalent to that Dongdao can restrain the development of the tianjiao of other countries, and

give their own tianjiao the opportunity to make rapid progress!
It may sound absurd, but it has always been the way it is!
And this rule was set by Erudia, the overlord of Dongfang Continent at the time!
At that time, the Erudia martial arts world was extremely prosperous, and all the other areas of
Dongfang Continent combined were invincible!
In that era, Erudia Martial Arts was the peerless overlord of Dongfang Continent!
Publicly and privately, they don't want to see the rise of martial arts in other regions, especially young
seedlings, it is best to control it, which is equivalent to controlling the development of martial arts in
other regions!
So Erudia Martial Arts defines this rule!
To control the young talents of other countries and regions!
Since the start of the Dongfangzhou Tianjiao Conference, it has been held every thirty years. Every
time it is the strongest of Erudia Tianjiao, not to mention occupying the top three, but also accounting
for almost half of the quota.
Until the last session, Erudia has always dominated the East Continent!
The remaining countries and regions have no chance at all!
So East Island and other countries are extremely eager to get this qualification!
Once they get it, they will control the development of martial arts geniuses in all major regions of
Eastern Continent!
Especially the super overlord Erudia!
Also be controlled by them!
This is the reason why the East Island forces first framed Levi Garrison and severely inflicted Erudia
martial arts, and then abolished Erudia's hundreds of Tianjiao!
After restarting the Tianjiao conference in this way, there is no Tianjiao in the Erudia martial arts
world to participate in the conference!
The top three injuries in the ground list disappeared, and all the martial arts of all the other Tianjiao
were abolished, and there was no one that could be beaten!
The only gifted Levilia was too young and was taken away by Tiance Mansion!

Therefore, this time the Tianjiao Conference Erudia is a situation that no one can do…
There is no combat power at all!
It used to be the first!
This time I am afraid that I will become the last one in Dongfangzhou!
This is the malicious plan of the East Island forces!
It's just that Tiance Mansion has been slow to react!
Not only that, Dongdao and other major countries will hold this Tianjiao conference in Erudia!
The intention is extremely obvious!
Kill the heart!
Not only do Erudia have no one to come out, but also hold the Tianjiao Conference on Erudia's land,
so that Erudia will lose face!
In front of the 38 countries of Dongfangzhou, in front of the whole world!
Erudia has always been a superpower!
If the Tianjiao Conference is held in Erudia as scheduled, both the strength and reputation of the
martial arts world will suffer an unprecedented blow!
Everyone in Erudia will not be able to look up at all!
Have to wait for thirty years!
This trick used by the East Island forces is really terrifying!
Not only to kill, but also to punish the heart!
For a while, Tiance Mansion panicked…
But for Levi Garrison, it was indeed strategizing.
"You finally started!"
The Return of the God of War [The Protector] Chapter 1941
Levi Garrison was waiting for this moment!
Since there is no stopping, then he tries to make up for it!
As soon as the news of today's arrogance conference came out, Levi Garrison and everyone
understood what the purpose of abolishing the arrogances was.
All the people who believed in this before, who believed that the seven evil gods had abolished the
pride of Great Summer, began to loosen up!
They seem to have no reason to do all this!
Hundreds of Tianjiao were abolished, and the top three missing in the rankings were unclear. The
Dongfangzhou Tianjiao Conference began immediately.
This is obviously a conspiracy!
Following this line of thought, thinking of Levi Garrison before, he might have been wronged!

Someone is behind it all!
In this case, Levi Garrison became the top of the list, but he did not do anything to endanger Erudia,
and even allowed the seven evil gods to change their evil and return to righteousness…
A series of things can be explained logically.
Levi Garrison was framed at all.
He will not do anything to endanger Erudia, he even controls the power of the Heretic God for
Erudia's use!
Smart people quickly figured out the stakes.
I was almost certain that Levi Garrison was wronged!
But at this moment, everyone can't think of anything else!
Everyone is anxious to follow the ants on the hot pot!
How to do?
what to do?
The Tianjiao Conference is held in Erudia, but Erudia is a situation that no one can do!
The major regions of the Eastern Continent will inevitably send the strongest Tianjiao to compete.
What does Erudia use to fight against others?
Take a group of disabled young men in wheelchairs to participate in the competition?
impossible!
This situation can't be solved at all, there is no one to send in Erudia!
At that time, only other ordinary geniuses can be sent to the conference and be brutally abused and
humiliated by geniuses from other countries!
Put Erudia's reputation and the dignity of Erudia warriors on the ground!
Let Erudia can't hold her head up for at least 30 years!
Let Erudia become a shame to the whole world!
Let everyone in Erudia become a laughing stock!
…
Once you fail, the situation you may face is worse than imagined!
Erudia people are not afraid of bloodshed and sacrifice, but dignity and reputation are the most
important!
We can stand and die, but we must not kneel and linger and be humiliated!
This is absolutely impossible!
Everyone in Erudia cannot accept it!
He knows the serious consequences, but there is nothing he can do!
Because I really can't send anyone!

Hundreds of the strongest Tianjiao have been abolished. Where can I find someone?
But can Erudia sit still?
Can't!
The Tiance Mansion and other organizations immediately introduced plans to find Erudia's genius
seedlings as much as possible!
Then in the shortest possible time, exhausted every means to improve their strength.
Whether it is a magical medicine or a variety of modern technologies, you must use it at all costs.
This is about Erudia's reputation!
Everyone is crazy!
Seeing the Tianjiao Conference approaching, the effect was minimal.
The talents of these young people gathered are too ordinary!
It's useless at all!
Anxious!
"It is not, to borrow people! Xiemowaidao also will do anything! As long as related with the big
summer can!"
"How can do? How can we go to find those Xiemowaidao it?"
"It is not, in days The young princes of the Cefu and Baolong clan pretend to be?"
"No, according to the regulations, we are the Erudia Guwu Institution and we must not participate! If i
let the discovery expose, it will be a joke! Don't even think about this !"
...The
opinions in Tiance Mansion are not unified!
The next few days, there was a mess.
These days, tianjiao from other countries in the Eastern Continent came to Erudia one by one.
Especially in the East Island, the young generation with the strongest history has been dispatched
from all parts of the star country, which is said to be comparable to the rankings before Erudia.
A few days later, in the anticipation of all the people, the Dongfangzhou Tianjiao Conference is about
to begin...
The Return of the God of War [The Protector] Chapter 1942
The venue is held in Erudia Capital!
The eyes of the whole world gather here!
All the geniuses from all countries in the Eastern Continent are here!

Especially the East Island and Star Country are the most powerful!
The genius they sent just overwhelmed other countries in momentum!
"Star Country has always been weak in martial arts, how come there are so many strong people?"
Everyone was surprised to see Star Country's powerful lineup.
It has never been before…
"I heard that Sanxing Group has created a batch of genius seedlings through genetic modification and
other technologies!"
"I heard that Sanxing Group has combined the ancient cultivation methods of various countries with
modern scientific and technological biotechnology. , To cultivate more and more powerful people!
Sanxing Group's ambitions are great!"
"Even they are still studying the technology of transforming bloodlines, once they are born, they will
have the same talent and super strength as a superpower!"
……
After hearing the explanation, everyone instantly understood what was going on.
"And Dong Dao this time is super terrible! It is said that the inheritors of the ancient forces and strong
people who exist in Dong Dao legends are here, and they are much stronger than before!"
"No way, Dong Dao royal family Personally go to the East Island to ask the ancient powerhouses to
come out! That's why they agreed to send the strongest genius out!"
"It shows how confident they are in this!"
This time the East Island and the Star Kingdom are well prepared. !
They are all aimed at the strongest!
When everyone in Erudia heard this, their hearts were ashamed, and they became more desperate!
Erudia was originally a situation that no one could do!
The forces of the East Island and the Star Kingdom are fully prepared again, and they are coming
fiercely!
This time Erudia will not only lose its dominant position, but also lose face!
Everyone in Erudia can no longer look up!
The face and reputation are completely gone!
Everyone will mention things like this in the future, just like walking dead!
When you see people from other countries, you can only go around!

Not only that, the abolition of these genius seedlings means that Erudia's future is ruined!
The future will not be comparable to the martial arts circles of these countries!
Will be crushed by others!
Everyone in Erudia present was lifeless, with a face like water, and they didn't even breathe for the
atmosphere.
The meaning of this Tianjiao conference is to silently wait for the humiliation and jokes to come!
"Huh? As the host, Erudia, why haven't you seen Erudia's Tianjiao appear?" At
this time, someone brought the topic to Erudia.
Others said: "Yes, Erudia is the strongest ever! I also heard that they have produced a genius that has
been rare in thousands of years, only a few years old! The potential has reached the highest level of
Tiance Mansion!"
"Not only So, the Erudia Earth Ranking is announced, and the top three of the earth rankings are the
strongest in history!"
"Yes, Erudia is number one again this time? We should come again for nothing? Ha ha ha…" In the
end, almost Everyone is laughing.
All deliberately!
Knowing that Erudia's strongest genius has been abolished, and the top three lives and deaths are
unknown, and the whereabouts of them are unknown, I said so…
Everyone in Erudia felt uncomfortable and angry!
Is there any way?
Others are specifically designed to target, this is cutting off Erudia's hope for the future!
"People are the host, so naturally they will be the finale! Let's wait!"
Time passed by one minute and one second, and it will soon be the time for the Tianjiao Conference
to start.
All the next geniuses blindly select groups and draw their opponents!
All the geniuses are here.
Only Erudia's geniuses are left out of the show!
Everyone in Erudia was sweating in a hurry one by one!
"What about the people? Why haven't they come out yet? Deliberately let everyone wait?"

Everyone began to urge.
“Can’t hide, bring everyone up!”
Tiance Mansion ordered, calling all the geniuses they recruited forward.
When seeing these mediocre people, everyone laughed…
The Return of the God of War [The Protector] Chapter 1943
Even Dongdao, the geniuses of Star Country were suffocating smiles.
Erudia is indeed a situation that no one can do!
Although their plans have been completed, the East Island forces will still worry about a reversal at
the last moment!
For example, suddenly a large number of geniuses appeared!
In that case, everything they did would fall short.
Although this possibility is very small, it does not rule out the possibility!
They even thought about a possibility!
Tiance Mansion and Baolong clan will send their geniuses out to participate in the competition!
The other party released a message saying that these no longer belong to Tiance Mansion and do not
belong to a country’s ancient military organization.
You can participate at will!
Although this behavior is shameless and despicable!
But it is also possible!
Of course, Erudia, who has always been righteous, would rather lose than do it!
But when they saw Erudia’s appearance, they were relieved.
This possibility does not exist!
They can rest assured.
“What are these all about? Is this not worthy of other people?”
“Should we not send out the strongest Tianjiao? Why are they all crooked melons?”
“Yeah, what is Erudia doing?”
…
The voices of cynicism and sarcasm sounded.
Obviously they knew what was going on best, but deliberately asked like this.
Obviously, Erudia won’t come to Taiwan!
“If Erudia is so perfunctory, I am afraid it will be the last one!”
“Is this rubbish also worthy of our opponent?”
“Erudia is going to bear the title of a sick man in the East, right?”
… The
other Tianjiao looked proud and looked down upon Erudia’s people at all.
But everyone in Erudia dared to be angry but didn’t dare to speak!

There is no other way but to let others arrogant!
Who told you that there is no one who can fight here!
Be beaten if you fall behind!
Be ridiculed if you fall behind!
As the host, the talents of Tiance Mansion who are in charge of the Tianjiao conference are irrelevant!
They can't wait for the Tianjiao conference to end soon!
Staying here for a second is torture!
From now on, the Erudia martial arts world will be black and white, without a trace of color!
"Well, this time to participate in the Tianjiao Conference, each country and region will select the top
100 geniuses to participate!"
"Huh? There is an accident. There are only 67 people in Erudia!"
...
this message As soon as it came out, the audience was in an uproar!
Suddenly, Tiance Mansion and everyone's faces lost their brilliance!
Shame!
They can only get so much together for a long time!
I can't even find anyone who can compete normally!
What a shame!
Immediately, the laughter started loudly: "Hahaha...you don't understand, this is Erudia for us!"
"Yes, Erudia is so many, that is what we can compare? They just send it out to crush Ours!"
"Erudia, please don't let us!"
...
the voice of cynicism was everywhere.
All parts of the world have to celebrate the scene of Erudia's deflation!
Before the conference started, I lost my face!
But this is only the beginning!
There will be more embarrassing moments in the next...
Everyone in Erudia clenched their fists tightly, and this nasty breath was about to suffocate people!
"Since there is no objection, then the conference will begin!"
...
"We have no objection!"
"We have no objection either!"
"I wonder if Erudia has any objection?"
.....
Pointing at Erudia's side, everyone looked over.
The leader can only bite the bullet and promise: "Neither do we!"

“Well, if there is no controversy, let’s officially start!”
But at this critical moment, a different voice sounded.
“I have objections!”
A peerless genius in the East Island team stood up.
He is Hojo Yoshido, Higashishima Tianjiao ranks in the top three.
“I think Erudia these people are too weak, are there no one? Send these wastes to let them all
withdraw from the Tianjiao Conference, right?”
The Return of the God of War [The Protector] Chapter 1944
A word provokes a thousand layers of waves!
Everyone’s eyes are on Hojo Yoshidō!
Everyone was ridiculing before!
Unexpectedly, this time Hojo Yoshidō directly and mercilessly slapped his face and insulted!
Hojo Yoshidori looked at the geniuses sent by Erudia, he sneered: “Just this bunch of rubbish waste, I
can kill them all with one finger! If Erudia really can’t send people, let’s quit collectively! Why should it
be so embarrassing?”
Others echoed: “Yes, don’t send out ashamed at this level, they are not worthy of our opponents!”
“Yes, we strongly request Erudia to withdraw from this Tianjiao conference! They are not worthy at
all!”
“Yes, our star country also asks them to withdraw from the conference!”
“We also ask!”
...
everyone expressed their attitude one by one!
Everyone in Erudia was stunned!
I originally felt that it would be a great shame to be cruelly abused after the conference began!
Unexpectedly, there is even more shame!
They even let Erudia lose the qualifications to participate in the conference!
Had to force Erudia to withdraw from the conference!
This is what everyone in Erudia didn’t expect!
“What do you think of the Great Summer Policy House? Look at the people you sent out, they are all
rubbish! Even if you only get abused and humiliated
on the court !” “Rather than being abused on the court, it’s better not to participate! It can still save
Erudia a trace of face! “

Yeah, is Erudia shameless? Don't participate at all!"
...
Everyone began to ridicule and laughter again.
Everyone in Erudia is bleeding! ! !
Especially those geniuses who were selected temporarily, clenched their fists, their complexion
flushed, and they shouted unconvinced: "We are not afraid! You are not allowed to insult us like this!"
"Yes, no one can insult us!" We!"
...
Hojo Yoshitō looked at everyone with disdain and said: "Just you? Let's go together!
Before the conference starts, I will clear you up first!" "You're looking for death!!!" Hojo
Yoshitaka Dao's words completely angered these young people in Erudia, and they madly killed Hojo
Yoshido.
one by one!
They have taken out what they have learned all their lives, coupled with anger, and their combat
effectiveness has increased horribly!
But the result is obvious!
The gap is too big!
Hojo Yoshitou can fight against the Erudia Di Bang Tianjiao Neng!
It's not like these pieces together!
"Puff!"
"Puff!"
"Puff!"
...the
ones who rushed up flew out one by one!
Within a few minutes, all of Erudia's more than 60 people fell to the ground, groaning in pain!
Their faces are distorted and hideous, but there is nothing they can do about it!
Not as good as humans!
Can't beat it at all!
At this moment, the audience burst into laughter.
Everyone else was laughing, making no secret of mocking!
As for Erudia, everyone is dumbfounded!
The conference hasn't started yet!
More than 60 people they singled out were killed by Hojo Yoshido!
This time is completely over!

No one can go to the conference at all!
Make a bigger joke!
Easily killed by one person!
shame!
Great shame!
This is even more humiliating than losing at the conference!
At this moment, the real shame is coming!
Erudia will never be able to raise her head from now on…
Especially seeing other people's ridicule and insults, everybody's blood surged, almost fainted one by
one.
Hojo Yoshitō stood on a high platform with his hands on his back, and after scanning a circle, he said
disdainfully: "Look, I'm right! A bunch of waste, I can crush it alone!"
"Yes, a bunch of waste, Is it worthy to be our opponent?"
everyone agreed.
Hojo Yoshitō arrogantly shouted: "Is Erudia really no one?"
"Who said I am no one in Erudia?"
Suddenly a voice sounded.
In the distance, Levi Garrison appeared.
Behind him was a group of people…
The Return of the God of War [The Protector] Chapter 1945
With this earth-shattering sound, tens of thousands of eyes glanced over.
Levi Garrison?
Seeing him, everyone was stunned!
No one thought that everyone's common "enemy" appeared at this moment!
However, Levi Garrison is not the protagonist!
The real protagonist is behind!
"God, this is the practice of Erudia Southern Realm Genius Yin! Tianjiao ranked eighty-nine in Erudia!"
"This is North Realm genius Zhang Donglong! Ranked 67th Tianjiao!"
…
"This It turned out to be the twentieth genius on the Erudiadi Ranking!"
"This is the thirteenth genius
on the Erudiadi Ranking!"
"The ninth on the Erudiadi Ranking!" "The eighth on the Erudiadi Ranking!"
…
" Hiss!"
The sound of everyone's gasp was endless!
Is this dreaming?

When the gaze fell on the three of them, everyone in the room went crazy, and their eyes flew out.
The top three on the list all appeared…
horrible!
The third mid-autumn in the Erudiadi ranking!
Zhongqiu is the strongest woman on the Erudia Di list!
Fu Jia has the title of Fairy Fu, and Zhong Qiu is the nickname Valkyrie!
It shows how strong she is!
The first and second place on the list are brothers, known as the strongest Gemini!
They have mysterious origins, and they are secular disciples of the ancient Shushan line!
It's so outrageous!
Was jokingly called the descendant of the sword fairy!
Gemini and Valkyrie are naturally the top three strongest places ever!
If you add Levilia , it will be unimaginable!
Therefore, the geniuses of Erudia this year are the thorns in the eyes of the East Island and other
major forces!
They will use all means to get rid of it!
…
But when everyone thought it was stable and there was no one in Erudia to leave, Levi Garrison
actually brought them here!
Shocked!
terror!
shocked!
Almost everyone present was dumbfounded!
No one thought that such a situation would be discovered!
dream!
It must be a dream!
This is the thought in everyone's mind!
They don't want to believe what they see before them!
It's not just that they don't want to believe it, not even Tiance Mansion and all the Erudia people
present!
How is this possible?
How could Erudia's strongest Top 100 Tianjiao appear?
Haven't they been abolished?
Wu Mai was forcibly destroyed and it was impossible to cultivate, let alone an ordinary person!
How can they come?

There are also the top three in the list. Under various pursuits, whereabouts are unknown, life and
death are uncertain…
How come they all appear here!
Tiance Mansion has been searched for a long, long time, and I haven't even seen any hairs.
How did they show up?
unimaginable!
All the people present looked incredible at the scene before them, and their expressions were frozen,
like stone statues.
For a while, everyone couldn't react!
After all, this is unimaginable!
"Is it the one who said that there is no one in Erudia?"
Levi Garrison's voice sounded, which brought everyone back to reality one by one.
Gemini lifted a chair behind Levi Garrison, and Levi Garrison sat down.
Everyone is stable, and their faces are still shocked!
Really!
All this turned out to be true!
Now that everyone does not accept it, everyone has to accept it!
The hundreds of arrogances of Erudia are here!
The foundation of Erudia's future is here!
The most important thing is that all Tianjiao's bodies have recovered!
The auras are like dragons, and the sea of blood is surging, where is there a little bit of wounded
martial art that has been abandoned?
And the top three in the rankings didn't mean that he was seriously injured?
One by one, like a okay person!
How is this going?
For a while, people from East Island, Star Kingdom and other countries were all gray and pale, and
even their legs trembled!
Standing on the high platform, Hojo Yoshido, who had just pointed the country, the arrogance on his
face was completely gone, his calves were trembling constantly, and he was about to lose his footing!
He swallowed his saliva!
Unexpectedly, he arrogantly shouted like this…
this, this…
this is a fierce kick on the iron plate!

The Return of the God of War [The Protector] Chapter 1946
Can't get off the stage!
Hojo Yoshitō's legs are now weak, and he doesn't have the strength to get him down!
Looking at the audience, Erudia Hundreds of Heavenly Pride looked at him all together, Hojo Yoshido's
face was full of horror, and the desire to die was all there!
"Who allowed you to be arrogant on Erudia's site?"
"How dare you say that Erudia has no one?"
...
Hundreds of arrogances all asked, the momentum was soaring, and the sky was obscured and left !
"Puff!" Hojo Yoshido
couldn't bear the pressure at all, and fell directly to his knees, just like a frustrated balloon.
terrible!
too frightening!
Everyone present was so scared that their faces were pale, and they didn't dare to say a word!
Erudia's Tianjiao are too strong!
Not only that, someone soon discovered a big problem!
Become stronger!
Erudia's hundreds of arrogances not only recovered their martial arts, their strength also increased a
lot!
Some even greatly enhanced!
Even the top three strengths of the rankings are advancing by leaps and bounds!
What have they experienced?
Together with other countries have discovered this problem!
Not only have they all recovered, they are also stronger than before!
disaster!
It's like a disaster for them!
What is going on here?
Ok?
In an instant, everyone looked at one person-Levi Garrison.
Whether it is from other countries, or Tiance Mansion in Erudia.
They all looked at Levi Garrison!
These arrogances are brought by him!
Then he solved all the problems!
He repaired hundreds of Tianjiao martial arts!
He found and cured the top three in the list!

He taught everyone to improve their strength!
……
Every question can be solved at once!
Many people remembered that sentence—you can always trust that man: Levi Garrison!
"Okay, don't froze! Everyone is here, let's start the conference!"
Levi Garrison couldn't help but urged.
He looked at the great arrogances again and shouted: "Don't be ashamed of me!"
"Teacher, please rest assured, I will wait for my mission!!"
Erudia Hundreds of Heavenly arrogances all bends over and said, their faces are right. Levi Garrison's
awe!
"Hiss!" There
was another sound of cold breath.
A moment ago, everyone was amazed for the Tianjiao!
Now I am amazed by Levi Garrison!
Everyone in Tiance Mansion was dumbfounded!
They never expected that Levi Garrison would save Erudia in the end!
It is Levi , who regards them as the enemy's demon!
The last hope is him!
Tiance Mansion and those self-proclaimed decent people bowed their heads, their faces extremely
ugly!
I didn't dare to look at Levi Garrison again!
After Richard and others, who were following the Dongfangzhou Tianjiao Conference, knew that Levi
Garrison had appeared, all of them went crazy!
Their plan was ruined by Levi Garrison again!
It was so perfect that Erudia fell into a passive situation, and Levi Garrison was broken again!
hate!
Hate it!
Levi Garrison, you must die!
The leaders of the East Island forces who planned all this are going crazy!
All the Tianjiao from various countries present were ashamed, bowed their heads and began to
participate in the Tianjiao Conference!
The Dongfangzhou Tianjiao Conference is starting to draw the teams level by level!
After fierce battles, everyone was amazed!
Don't think about the result!

The Tianjiao of Erudia has swept all over the world with a crushing momentum!
In the top ten, Erudia took up seven seats!
The first hundred accounted for 68 seats!
There is basically no sense of existence in other countries!
The two sides are not at the same level at all!
In the end, the Tianjiao Conference came to an end, and Erudia won again!
According to the rules, the talents of other countries in the Eastern Continent must be restrained by
Erudia!
At this moment, thousands of people in Erudia are cheering!
They won again!
Because Levi Garrison was a descendant of the Heretic God before, Tiance Mansion temporarily
suppressed the news.
There is no Levi Garrison in the external statement!
"You owe Teacher Ye an apology!" But
Hundreds of Tianjiao refused to agree.
The Return of the God of War [The Protector] Chapter 1947
Levi Garrison did everything alone!
Repair hundreds of Tianjiao's martial arteries, find and heal the top three seriously injured places!
It is to save Erudia from danger and fire!
…
As a result, when he announced his achievements, Levi Garrison didn't even have a name!
Everything became Tiance Mansion and theirs…
In fact, Tiance Mansion also wanted to announce Levi Garrison, but Levi Garrison still carried the
reputation of the descendant of the Heretic God.
It was Tiance Mansion who did it himself…
If Levi Garrison's achievements were announced at this time, it would be equivalent to Tiance
Mansion hitting himself in the face!
In any case, the face of Tiance Mansion is here!
In fact, many of them are guilty of death!
But for the sake of face, I can't tell Levi Garrison's involvement in it for the time being!
Fortunately, Levi Garrison didn't take this as the same thing!
After all, Erudia's strongest ancient martial arts organization needs to face normal!

He also wants to keep a low profile!
If there are too many things, there will be too much trouble!
Hundreds of arrogances are hard to settle!
During this time, they had already treated Levi Garrison as a teacher!
It was Levi Garrison who gave them the hope of rebirth!
Just like Xiao Feng and the others at the time!
The matter was over, but Levi Garrison's danger index in the eyes of the major forces increased again!
Become a confidant of everyone!
"Once again, do you know
how terrible Levi Garrison is ?" In the video conference, Richard repeatedly emphasized how terrible
Levi Garrison is!
The leaders of the East Island forces are all lifeless!
Everything they carefully arranged was shattered!
Not only failed to get rid of Levi Garrison, but instead allowed him to gain the power of the Heretic
God, it seems that he is stronger!
"Levi Garrison must die!"
Everyone gritted their teeth!
Isn't Richard Richard?
He suffers too much from Dong Dao!
"Next, we need our sincere cooperation! No longer plan other things, just plan one thing-how to kill Levi
Garrison!"
Richard again sent out an invitation.
"Well, we agree! Now it seems that nothing leaves as well kill monarchs important!"
"Ah, this time we rely on their own to kill him several times to kill the leaf using the other monarchs
do not fly!"
In Chad suggested.
"Understand, we listen to you! Next we do it ourselves! It is much more reliable to take the
opportunity in our own hands than others!" The
two sides reached a cooperation again!
The two sides really have to show their hole cards to kill Levi Garrison!
When the East Island forces had plans for Levi Garrison, Levi Garrison and Tiance Mansion were all
staring at them.
Although Tiance Mansion didn't say it verbally, he already believed that Levi Garrison was framed!

After analyzing before and after, and then looking for clues, I soon knew that there was a force
targeting the frame!
Especially the Tianjiao Conference, it almost showed the East Island forces and them.
regret!
Endless regrets!
They never expected that the enemies from all sides would do so many things during this period of
time.
And their attention is all on Levi Garrison!
"We do owe Levi Garrison an apology!"
"But Levi Garrison is too strong, right? Fortunately, he is not an enemy!"
"It is a blessing to have Levi Garrison here! It's a blessing to have Levi Garrison here! You see things
that Tiance Mansion didn't solve, he solves it. That's it!"
…
For Levi Garrison, no amount of praise can be overstated.
But Levi Garrison didn't care about these.
He is more busy with other things.
As a result, he sent all his subordinates to stare at the East Island forces, especially from Hao Yuxuan
to make significant progress.
There is also the West Heavenly King looking up what Richard and the others took away from Erudia…
In addition, Levi Garrison is studying ancient books and looking for a cure for Zoey.
Can't the two of you never see each other forever?
On this day, Levi Garrison was studying ancient books.
Suddenly he received a message for help!
Someone is going to have a big deal…
The Return of the God of War [The Protector] Chapter 1948
"They turned out to be them?"
Levi Garrison was surprised to find that the distress signal was still sent by Fu Jia and Ning!
"Master, why do these two juniors bother you?"
Seven Evil Gods.
"No, it seems that things started because of me, I'd better go and take a look!"
Levi Garrison said.
At the same time, he also needs to walk around…

“The matter is urgent, I will set off immediately, you don’t need to follow!”
Levi Garrison set off alone.
It turned out that after they went back, Fu Jianing ignored Lin Tianlong, especially Fu Jia proposed not
to meet Lin Tianlong again.
Lin Tianlong furiously told them about their friendship with Levi Garrison and told Fu Jianing that they
were still behind them!
Even Lin Tianlong added fuel and jealousy, saying that the two even had a relationship with Levi
Garrison.
These Tianjiao did not participate in the Dongfangzhou Tianjiao Conference, and they and the forces
behind did not know what happened to the Tianjiao Conference.
I still think that Levi Garrison said that the Heretic God is a descendant!
Fu Jia and Ning still have a good relationship with Levi Garrison, even if they are married to each
other, then they have committed a big taboo!
The heirs of the decent and decent forces, and the heavenly arrogant who is called the fairy, turned
out to be the wives and concubines of the descendants of the Heretic God!
It’s a shame to spread it out!
Especially those old stubborns in the forces, they think this is a great shame!
As soon as this matter came out, none of them could gain a foothold in the Erudia martial arts world!
What are their faces?
So they will still impose severe punishment on Fu Jia and Ning!
Put them to death in front of all the forces!
Only in this way can we wash away the shame!
Ning still sent a help message to Levi Garrison at the last minute!
Somewhere in the quaint manor in the south.
Thousands of people stood, looking at the two girls kneeling in the field.
It is Ning still and Fu Jia!
The forces that the two belong to are actually a combination of eight or nine ancient families!
The more this kind of ancient family, the more care about fame and face!
Especially when I heard that the two Tianjiao Tianjiao were no longer big girls, they almost exploded in
anger!

In addition to Lin Tianlong's added oil and jealousy, they must execute two people.
Still use the method of burning, which means burning shame with fire!
The two people knelt in the field, surrounded by firewood, surrounding them tightly.
Looking at this scene in the distance, Lin Tianlong looked refreshed!
The person he likes most is dying, but he doesn't look sad at all.
What he can't get, it's better to ruin it!
This way he won't be in pain!
"Fu Jia, Ning still, I will ask you two, did you lose yourself in Levi Garrison?"
a majestic woman asked on the high platform.
Fu Jia and Ning still shook their heads: "No!"
"You fart, who in the world doesn't know what happened between you two and Levi Garrison? You
still don't admit it?"
"Not to mention Tianlong saw it with his own eyes! Bring you back to his room! Still arguing!"
…
everyone scolded.
Fu Jia and Ning still can only shook their heads: "We don't! There really is no such thing!"
"Okay, let's not mention this thing! Let's talk about the next thing!"
"Fu Jia, Ning still do you know whether you are wrong. "" the
old woman asked.
"Why are we wrong?" The
two men looked blank.
"You two have a good relationship with the descendants of the Cthulhu, and you are in the same
relationship with the power of the Cthulhu! Even I heard that when Levi Garrison is in distress, you are
actually worried for him!"
Fu Jia's expression changed and nodded: "There is indeed such a thing. We did worry about him!"
As soon as Fu Jia said this, everyone's expression changed drastically.
Lin Tianlong also clenched his fists tightly.
The blue veins violently violently, and his complexion is grim.
Fu Jia's voice continued: "But Levi Garrison is a good man, he is not a descendant of the Heretic God…
He…"
Fu Jia and Ning were still explaining what they saw Levi Garrison.

“Outrageous, at this time you are still giving him sophistry! Burn them to death!”
The Return of the God of War [The Protector] Chapter 1949
“Come on, we are not wrong! Burn us to death!”
But the more they said this, the more irritated everyone present!
They are well-known and righteous, but the best children in the family try their best to justify an evil
spirit outside. How can they not be angry?
“Wrong, you guys?”
everyone shouted angrily.
Fu Jia held his head high and shouted in front of many people: “I’m right!”
“Yes, all of you were just deceived! Levi Garrison is definitely not a descendant of an evil god! How
else would we come back alive?”
Ning still agreed. .
“It’s stubborn, it’s useless to say more! Burn them to death!” The principal gave an order.
Someone is going to set fire immediately!
“Boom!” The
flame suddenly rose three feet…
“They have been assimilated by Levi Garrison, and only the flame can burn their sins!”
Lin Tianlong said in a low voice.
“I think you are outside the evil spirits, right?”
Suddenly, a sound came from a distance.
“Boom!”
At the same time, a gust of wind swept in, blowing out the blazing flames.
An eternal figure fell from a distance.
Levi Garrison!
When they saw Levi Garrison, Fu Jia and Ning still showed ecstasy, almost screaming in excitement.
At the same time, the girl’s ignorant sentiment is mixed in it!
The hero in their minds is here to save them!
“What? Levi Garrison!!!”
This title alone is enough to make everyone present fall into fear!
Levi Garrison, who was helpless even in Tiance Mansion, what could they do.
For a time, thousands of people looked at Levi Garrison in horror.
Although Lin Tianlong was angry, he was more afraid!
How powerful Levi Garrison is, he knows!

Levi Garrison came to Fu Jianing and still in front of the two of them:
“Get up, who dares to make you
kneel!” The
two followed Levi Garrison and stood up.
This behavior angered their family again!
“Okay, you two scum! I’m angry with this evil demon!”
“From now on, you are expelled from the clan master! You two are our greatest shame!”
…
Levi Garrison laughed: ” You keep talking about evil spirits, I think you are the biggest evil spirits,
right?”
“If you don’t figure out the situation, you will punish your own people wantonly! You also burn the
criminal law with cruel fire! Is the right that gave you the right to let you do this?”
“We…” The
few people just wanted to get angry, but they were shocked by Shang Levi Garrison’s fierce gaze.
“This is our family affair, it is beyond the turn of others to take care of it! You can’t control how we
treat them!”
an old woman said angrily.
“? Oh, I’m not in control,”
Ye monarchs sneer: “Your family is yes you can in the big summer, each of you who are big summer
you do can not transcend the big summer!!?”
“You treat My family is so cruel, can you imagine how cruel it would be to treat outsiders?”
“You!!!”
Everyone was very angry with Levi Garrison.
“But what does Levi Garrison have to do with Erudia? You are the opposite of Erudia! You are the evil
god! What qualifications do you have to say?”
“Say we are cruel? Don’t obey Erudia’s rules? You yourself What? The descendants of the Heretic God,
you and your subordinates don’t know that you have done too many cruel things! Do you still have the
face to talk about us?”
“Yes, Levi Garrison, you are the least qualified to say this! You thought you were side by side. King?”
……

Lin Tianlong and everyone shouted immediately.
This posture is about to swallow Levi Garrison!
"Levi Garrison, we admit that everyone on the scene can't beat you together! But you don't want us
to succumb! You big demon!"
Levi Garrison smiled, not at all angry about it.
Ning still and Fu Jia are very anxious, wanting to rectify Levi Garrison's name!
At this moment, a huge movement came from outside the villa…
The Return of the God of War [The Protector] Chapter 1950
"Who said that my teacher is the demon?"
A soft voice came, and a fairy-like figure descended.
Valkyrie Zhongqiu!
That cold temperament topped the audience!
Fu Jia and Ning still saw Zhong Qiu, and they looked envious!
This is their most envious peer!
"Who said our teacher?"
Two tall figures came.
The strongest Gemini!
Subsequently, the sixth, seventh, and eighth rankings appeared one by one.
Hundreds of people stepped into the arena one by one.
Hundreds of Erudia's strongest Tianjiao are here!
"This is the first and second Gemini? This is the third Zhongqiu? This is the fifth…"
Ning still and the people behind Fu Jia are well-informed, and the famous Tianjiao on the list are all
understanding.
Especially Lin Tianlong knew all about it.
After all, Erudia's Tianjiao are his competitors!
He is more familiar than anyone else!
"What are they doing here?"
This is everyone's question.
With so many arrogances, what are they doing all of a sudden?
Something?
Just as Lin Tianlong was about to ask, these hundreds of arrogances stood behind Levi , bowed
together, and respectfully shouted: "Teacher Ye!!!" The
voice was shaking, and the momentum was like a dragon. Like a tiger.
The entire villa was reverberating with waves, wave after wave…
Lin Tianlong and everyone present were dumbfounded.
Even Fu Jia and Ning are still dumbfounded!
When did Levi Garrison become their teacher?

The whole audience was silent!
It took a few minutes for Fu Jia and the others to react one by one.
Looking at Levi Garrison incredulously.
His face was full of doubts.
Want to know why?
Gemini stood at the forefront, scanning the audience: "Who said that my teacher is the devil?"
"Teacher? Are you wrong? This is a descendant of the Heretic God, the first-class demon, how could it
be? Your teacher?"
"Yes, are you crazy? You came here to find a teacher?"
Hearing this, Zhong Qiu sneered: "Keep saying that Teacher Ye is a great demon, what has he done that
hurts the world? Give an example!"
"This…"
Facing the questioning, everyone wanted to give an example of Levi Garrison. All kinds of evil deeds.
But I found that there was no way to talk about it… For a
long time, I had heard that Levi Garrison was a descendant of the Heretic God, but the specific things
were really unknown.
Everyone has never thought about this issue.
Thinking about it now, I was shocked.
"It seems…it doesn't seem to…"
"Yes, it doesn't seem to be true!"
…
Everyone was shocked in a cold sweat.
The big devil has never done anything evil?
Zhong Qiu sneered: "Next, let me tell you what Ye Teacher did…"
Zhong Qiu told everyone the truth one by one.
"What? It turned out to be him? It was he who saved Erudia again from the water and fire?"
"Which other peerless heavenly doctor is also him!"
"Even the power of the evil god has changed from evil to good? The evil god of blood does not
consume human blood anymore. Does the evil god of poison do not use people to test poisons?"
…
One by one is going crazy!
It turns out that Ning still and Fu Jia were right!
Levi Garrison is really such a person!

“Lin Tianlong, ask yourself, if Mrs. Ye is really a big murderer, do you think you can survive?”
Zhong Qiu looked at Lin Tianlong again.
“I……”
Lin Tianlong’s face changed, and he faltered for a long time, unable to say anything.
This is indeed the case!
Levi Garrison is really a demon, he’s such a small person, it’s not enough to die hundreds of times.
Can you come back alive?
Wishful thinking!
At this moment, everyone knows the truth!
Especially Ning and Fu Jia and their families are proud of their daughter.
It is a blessing to be able to make friends with such a big person!
After handling the matter here, Levi Garrison decided to leave.
“Teacher Ye wait a moment, I have something important to tell you!”
The Return of the God of War [The Protector] Chapter 1951
The strongest Gemini caught up.
“Huh? Are you okay?”
Levi Garrison asked.
“Teacher Ye, we probably know a little bit about the situation of Madam! You must be very troubled
by this, right?”
Levi Garrison nodded.
“Master, we know a little information and might help you!”
“What?”
“As far as we know, Golden Harbor Island has always been a gathering place for magic masters! The
strongest magic master on the sky list is Kyushu Xuanzun. On Golden Harbor Island!
Where are many magic masters who can not only look at Feng Shui to change their luck! Some evil
ones can also manipulate people’s minds, kill people thousands of miles away, etc…”
“We happen to know a magic master, his The method is amazing, maybe how helpful it can be to
Master’s illness!”
Hearing this, Levi Garrison was shocked.
Now as long as there is a little hope, he will not let it go.
“But this magic master has a weird temper.
It is difficult for anyone to ask for it. This is the address and information of the master magic master.

Our parents have a little friendship with him. When the teacher takes out this letter, he might help! Of
course not necessarily! He has a weird temper! Teacher, give it a try!"
Gemini handed Levi Garrison the letter and the information.
"Okay, thank you two boys! I'm going to take a trip to Golden Harbor Island!"
Levi Garrison immediately hurried to Golden Harbor Island.
Even if there is only a glimmer of hope, Levi Garrison has to give it a try.
Levi Garrison left, but his eyes still looked at his back.
Especially Ning still and Fu Jia.
Fu Jia sighed and said, "Hey, I envy them. They can become his students, spend so long with him, and
be guided by him!"
Fu Jia's tone was full of envy.
Ning still shook his head and said, "You can't say that! Even though they are his students, we are not!
But if you are his students, don't think about other things!"
Ning still mentioned. When it came to this other matter, Fu Jia's face immediately blushed.
If the teacher-student status is established, they will have no other possibility.
On the contrary, it is okay now, at least save a glimmer of hope.
"Still you say whether we are possible…"
Fu Jia didn't dare to say anything further.
"Where did I know? I want to do it too!"
…
Levi Garrison was already on the ferry to Golden Harbor Island at this moment. What he didn't know
was that he had left an indelible mark on the hearts of the two girls.
In the cabin, Levi Garrison was looking at the master spell master's information.
In order to grow branches out of knots, Levi Garrison has changed his appearance into another
appearance.
Suddenly there were loud noises.
A staff member knocked on the door and apologized: "Sir, I'm so embarrassed! Our ship was taken off
just now. So we need you to disembark and use another mode of transportation! Don't worry, the ticket
will be refunded!"
"Huh? Are you wrapped up?"
Levi Garrison asked.

“Yes, sir, please cooperate!” said the
waiter.
“Why did you go early? We’ve all boarded! Tell me about this?”
Levi Garrison asked.
“Mr. We can’t help it, what the boss says is what the boss says! Besides, the people who charter the
ship are not offended by ordinary people! Do you know who it is? That’s the gambling king of Golden
Harbor Island and the first few richest sons and sisters!”
“This Secondly, they want to charter off the boat, what can we do?” the waiter sighed.
This is the last boat to go to Golden Harbor Island today. Levi Garrison is eager to save people, how
could he give up.
“Okay, how much do they pay? I will double to cover this place!”
Levi Garrison said.
“Ah? How can it work, sir, I advise you to disembark as soon as possible! Don’t cause trouble!” said
the
waiter.
Levi Garrison sneered: “Since I’m on the boat, don’t want me to get off!”
“Okay, let me see who is not getting off the boat?” A
scolding sound came.
The Return of the God of War [The Protector] Chapter 1952
There was a scolding, and dozens of people were walking in the corridor.
In front were a few young people, followed by a large number of guards.
There are Erudia people as well as foreigners.
They are all super warriors and terrifying super powers.
They are willing to serve as bodyguards for a few young people, which shows the origins of these
young people.
The headed girl is tall, with a height of 1.75 meters, comparable to a model.
A face is only the size of a palm, and it is breathtakingly beautiful.
With a high ponytail, capable and chic.
But it is also full of aura, revealing a cold and hard-to-reach temperament!
He Qingxue, the jewel of the King of Gambling Family on Golden Harbor Island.
The remaining three young people are Ren Jia Ren Tianfeng, the second richest family on Golden

Harbor Island, Fang Peiqi, the third richest family, and Guo Yifei, the fourth richest family.
Everyone is extraordinary!
It's like a super family!
Levi Garrison and Zoey's Yunting Group is still developing, but in terms of financial resources, it is still
a bit worse than the wealthy people on Jingang Island.
After these people arrived, they were menacing!
They chartered the ship, and everyone was driven off, except for Levi Garrison.
In their view, this is provoking them.
"Me!"
Levi Garrison sneered.
He Qingxue's face was cold, her eyes only stayed on Levi Garrison for a moment, and then she moved
her head away.
The average man has no attraction to her at all.
Even the Golden Port Island, which is known as the hometown of magic arts, has financial geniuses
that have been rare in hundreds of years, magic magic geniuses that are unpredictable, martial arts
geniuses, and super geniuses from abroad.
But these are not in the eyes of the gambling king family daughter.
He Qingxue's gaze is extremely high, the man who has never been fond of!
Until recently, the first Levi Garrison appeared on the top ranking list.
She threatened that her future husband would be the number one on the list, Levi Garrison… As
soon as her words came out, the whole Jingang Island was shocked.
That young man can have that degree!
That's the number one on the top list!
What He Qingxue didn't expect was that Levi Garrison, the top ranking list she admired, was right in
front of her!
& It's just that she's not interested at a glance.
Fang Peiqi looked at Levi Garrison a few more times.
Found that he was extremely calm, even if they were aggressive, Levi Garrison didn't blink his eyelids.
"You, get out of here!"
Guo Yifei looked impatient and couldn't help but scolded.
Instead of leaving, Levi Garrison asked, "Then why didn't you go down?" A
sentence caught everyone's attention, and everyone looked over.

Even He Qingxue looked over.
What an arrogant person!
This is everyone's unanimous idea!
"Because we have
contracted this ship! You have to get off!" Guo Yifei said word by word.
Ye monarchs After listening laughed: "Excuse me, I ship at double the price package under, and now I
belong to a man go away you go!!"
"Ah"?
The word went out, everyone is For a moment.
Even the crew and waiter were stunned. When did he double the price?
"No? Why didn't we inform us of the news that this ship was under contract ?" Guo Yifei and several people looked at the person in charge of the ship.
"No, nothing…" the
person in charge of the ship quickly explained.
"Then you didn't give me notice, so I just want to pack this ship! What's more, I'll arrive first, I'll arrive
before you!"
Levi Garrison said.
"You…you
fool us!!!" Guo Yifei roared.
"Come on, throw him down to me!"
Guo Yifei gave an order and immediately had his subordinates to move forward.
"Wait!"
"It's better to do more than to do less, forget it! Just keep him!"
He Qingxue spoke with a sound like a natural sound.
"Okay,
Qingxue has spoken , kid, you are very lucky!" Guo Yifei no longer pursues it.
But before he left, he sneered at Levi Garrison: "When I get to Golden Port Island, I will let you know
what cruelty is!"
The Return of the God of War [The Protector] Chapter 1953
Several people looked at Levi Garrison indifferently and left.
This is a kind of supreme god, contempt for mortals!
At the level of the jewel of the gambling king family, ordinary people are no different from ants.
Levi Garrison never cared about the threat of such a kid.
Are there few people threatening him over the years?
But is it possible?

not a single one!
Even the Eagle Nation and the likes of Richards have nothing to do with him!
Not to mention other people!
He Qingxue left soon.
She didn't want to worry about it, so she took Levi Garrison on the boat.
At that time, Levi Garrison was dead or alive, and she had nothing to do with her.
No matter what Guo Yifei did to Levi Garrison, she would not stop it.
Levi Garrison continues to read the information of the master of magic!
This is also a legend!
He has had physical defects since he was a child, his left hand and right foot are absent, his right eye is
blind, and his left deafness!
Legend has it that he is the man who carries the secrets of heaven, so he was born with a disability!
What follows are some of his extraordinary deeds.
...The
more I look at it, the more I feel that this person is magical, and Levi Garrison has more confidence.
At least Zoey is more promising!
This is a good thing!
In the luxurious cabin, He Qingxue gathered together.
"Qingxue is going back this time, and your marriage is about to be booked! This time, you can't hide it
anyway!"
Fang Peiqi said.
He Qingxue looked calmly: "Forget it, this is my destiny! I can only accept it!"
Ren Tianfeng smiled and said, "Qingxue, don't you be sad, I've seen your fiance! That's the young
master of the Blackwater Group of the Warhawk Nation super consortium!
No matter what you are, you
have nothing to say about your background! It is definitely the dragon among people!"
"Do you know the most important thing?"
Ren Tianfeng suddenly lowered his voice, lowered his head, and asked everyone to come over.
"what?"
Several people looked at him curiously.
"Heishui Group, do you know who is backed by?"
"Who?"

“It’s the most mysterious and terrifying laboratory in the legend of the Warhawk Kingdom, the
laboratory of the gods! You should have heard of this more or less in the family? “
Ren Tianfeng said in horror.
Everyone nodded in unison.
There was horror in everyone’s eyes.
That’s right.
The laboratory behind Richard is called the Laboratory of the Gods.
Just listen to this name to know how terrible it is!
This laboratory has implied itself as the gods above human beings.
“Of course I have heard of this! We even bought the secret products of the Lab of the Gods! Didn’t
expect the Black Gold Group to rely on them?”
He Qingxue looked surprised.
“It should be said that Heishui Group is the Lab of the Gods at all! As the most advanced laboratory in
the world, it needs a lot of funds and resources! Heishui Company is the best choice! This is their own at
all!”
Ren Tian Feng said. .
Fang Peiqi gasped, “Is it so terrible? But that’s fine! Qingxue married the right person! My grandfather
said that he can touch the edge of the laboratory of the gods, even if he is standing at the top of the
world! Not to mention joining it. Qingxue married, and may not be unable to enter the laboratory!”
“Yes, Qingxue is a great opportunity! I have also heard that the Gods Laboratory controls the most
important thing in the world. Everything! That’s the one who really stands on top of the world!”
…
Everyone looked at He Qingxue with envy.
Even He Qingxue’s expression eased a lot.
Since it is a marriage of interests, the more promising development prospects, the better!
Under the influence of the big family’s interests, He Qingxue naturally wants to be at the top.
The attraction of the Lab of the Gods to her is too much!
If Levi Garrison were to hear their conversation, he would probably be shocked.
What kind of terrible existence is the Lab of the Gods?

The ship tossed around for a day and night, and finally reached Golden Harbor Island.
Before disembarking, Guo Yifei raised his mouth: "Almost forgot this kid,wait for him!"
The Return of the God of War [The Protector] Chapter 1954
The three of He Qingxue left first.
They didn't care about Levi Garrison at all.
It's like an ant on the ground.
Guo Yifei was young and vigorous, and was ignored by Levi Garrison. He was naturally unhappy.
He was waiting for Levi Garrison with a group of guards.
"The family often tells me not to cause trouble in other places in Erudia! It's easy to trouble! But here
is Golden Harbor Island, this is Lao Tzu's site! See how I killed you!"
Guo Yifei sneered.
After a while, he had already figured out many ways to deal with Levi Garrison.
He even laughed out loud himself.
"Master, why isn't this kid coming out?" The
guard couldn't help but ask after only a few minutes passed, and still did not see Levi Garrison's
figure.
"Wait! I guess this kid is in the too!"
Guo Yifei couldn't help saying.
five minutes.
ten minutes.
...
Time passed by every minute and every second.
A full twenty minutes.
Guo Yifei's group of people never saw Levi Garrison.
"What's going on? Did this kid disembark early?"
Even Guo Yifei himself was puzzled.
"Master is absolutely impossible! We have been guarding here since we were close to the port! No
one disembarked at all! That kid is just an ordinary person, let alone disembarking early under our
noses!"
The guards resolutely said.
They are all super strong, how could someone run away under their noses?
Impossible!
Guo Yifei has no doubt about this.

“Is this kid afraid that I will trouble him and hide on the boat deliberately and can’t get off?”
Guo Yifei thought of a possibility.
“It’s possible!”
Everyone’s eyes lit up.
“Then quickly find it for me! You guys stay here!”
Guo Yifei’s dozens of guards all got on the ship and started looking for Levi Garrison.
It’s just that they turned the ship upside down, and there was no trace of Levi Garrison at all.
“Guo Shao, what are you looking for?” The
person in charge of the ship greeted him.
“
Where is that kid?” Guo Yifei asked.
“Oh, he, got off the boat early!”
Since there were not many people on the boat, they were still very concerned about Levi Garrison.
He saw Levi ‘s boat coming down with his own eyes!
“What? Disembarked early? When did it happen?”
Guo Yifei and the guards were extremely shocked.
“Just twenty minutes ago!”
“Impossible! All of us stayed below twenty minutes ago! He can’t leave!” Guo Yifei vetoed it.
The person in charge of the ship smiled bitterly: “Guo Shao, I really took a look at my watch at the
time. The time was right!”
“Guo Shao was right, he was the ship that got off 20 minutes ago!” The others also affirmed.
Guo Yifei everyone looked at the person in charge of the ship and they didn’t look like a lie, they were
all dumbfounded.
“Huh? Damn it?”
How could a person disappear for no reason?
They were guarding the exit, how could they slip under their noses?
This is impossible!
Could it be that Levi Garrison was…
they thought of a possibility that Levi Garrison was not an ordinary person, he was a super strong
person, better than everyone present.
But this is impossible!
“Guo Shao, do you think this kid knew that we blocked him and jumped into the sea and escaped?”

Someone raised a possibility.
“Yes, yes! It’s very possible!”
Others also felt that this possibility was very high.
Guo Yifei asked everyone to look for it again, and then left after not finding it.
But Guo Yifei always felt something was wrong.
If he jumped into the sea and escaped, his people would find it too.
This is no ordinary guard.
Either the martial artist is strong, or the superpower.
Someone flees from such a short distance, how can they not be found.
“It’s not normal! Find him for me!”
Guo Yifei sent someone to look for Levi Garrison on Golden Harbor Island.
At this moment, Levi Garrison has arrived in the downtown area of Golden Harbor Island.
In order to avoid unnecessary trouble, Levi Garrison deliberately avoided Guo Yifei.
The Return of the God of War [The Protector] Chapter 1955
He wasn’t afraid of Guo Yifei’s little brats, it was mainly trouble.
I’m too lazy.
These people are not qualified to let him take action.
He went straight to find a master of spells.
Guo Yifei quickly merged with He Qingxue.
“Yi Fei looks ugly at your face, did something happen?”
He Qingxue couldn’t help asking, seeing a clue.
Ren Tianfeng laughed and said: “Yi Fei, you will not be cleaned up by that kid, right?”
Guo Yifei smiled reluctantly: “Why, that kid knew I was going to deal with him, so he jumped into the
sea ahead of time!”
“Oh, it’s all right. !”
Levi Garrison, an ordinary person, couldn’t attract much interest from He Qingxue and the others.
They stopped questioning.
Soon after, several people came to a luxurious villa that resembled an imperial palace.
There are thousands of guards, and there are secret whistle masters everywhere.
There are also various advanced weapons.
The location of the gambling king family.
“Miss, the young boss of the Blackwater Company will arrive at Golden Harbor Island tomorrow! It is

said that he is also a legend in the Eagle Nation! Let's put it this way, in Erudia, no young man can match him!"
"The whole family is very satisfied! Especially the old man . I am happiest!"
At this time, the butler came out to greet him.
Don't forget to compliment He Qingxue with her fiance.
"But he can't compare to Levi Garrison!"
He Qingxue replied.
Although she is willing and accepts the marriage arranged by the family, it does not mean that she approves of this person!
Levi Garrison still admired in her heart!
This time the four of them left Golden Harbor Island to watch the Tianjiao Conference!
This is also instructed by the respective families.
The main thing is to see the world more and make more friends.
You can even choose a person from Erudia and even the best Tianjiao in Dongfang to be your husband-in-law or fiancee.
Originally, Fang Peiqi and He Qingxue were optimistic about the big arrogances.
I didn't know that one came out suddenly Levi Garrison!
The picture of hundreds of Tianjiao shouting respectfully to the teacher over the audience, left an indelible impression in their hearts! ???????
What's more, Levi Garrison is not a few years older than them at all! More temperament and charm!
After seeing Levi Garrison's demeanor, He Qingxue couldn't tolerate others.
The young boss of the Blackwater Company is just drenched in the light of the Gods Laboratory!
"Ah? Where's Levi Garrison? Miss, please go in quickly, the old man still wants to know the situation of the Tianjiao Conference!" He Qingxue entered the manor with the steward.
The interior of the manor is full of luxury, and the value of every detail is afraid that ordinary people will not earn it for a lifetime.
In the palace-like chamber.
The core members of the gambling king family are there.

Naturally, the gambling king He Jianfeng sits on the table!
The legend of Golden Harbor Island!
No one knows how many assets he has, and no one knows how many hole cards he has!
In short, no one on Golden Harbor Island dared to mess with him!
Even the martial artist and the master of spells must respect him three points!
This is the power of the king of gambling!
He leaned on a cane with a dragon's head and looked majestic.
There are his brothers below, most of them are his heirs.
He Jianfeng nominally has four children, but it is said that the total number of real children is more
than ten.
When He Qingxue came back, a kind smile appeared on the majestic gambling king's face.
Among the third generation, the gambling king loved He Qingxue the most!
After a lot of greetings from everyone.
The gambling king began to ask: "Qingxue, are you going to visit the Tianjiao Conference this time, are
you rewarding? Or can you specifically talk about the Tianjiao Conference!"
He Qingxue began to describe everything about the Tianjiao Conference .
Everyone was amazed.
"Grandpa, what shocked Qingxue the most was Levi Garrison, the top of the list…"
He Qingxue described Levi Garrison vividly.
Someone in the gambling king family sighed: "If Levi Garrison is used by our family?" The
gambling king glared at him: "You are wishful thinking!"
The Return of the God of War [The Protector] Chapter 1956
"How does Levi Garrison exist? That is a descendant of the Heretic God, a great demon unparalleled in
the world! That is the top of the list! Even Richard of the Gods Lab has nothing to do with him! Even the
Bible organization invites him to be rejected!"
"How can my little Hejia Hede tolerate this great god?"
"You are not allowed to say these things in the future, in case it is heard by others, it is not good for
us! Even if Levi Garrison doesn't ask for trouble, his seventy The evil god is in trouble, and we are in
trouble too!" The

Gambler explained angrily.
"Father, is Levi Garrison really so scary?" It
was He Qingxue's second uncle He Zongtang who was talking.
The gambling king sneered: "It's more terrifying than you think! Let's put it this way, if he comes to
Golden Harbor Island! No one can hold him down! We can't afford to offend him!"
He Zongtang sighed, "That is! We Golden Harbor Island. The most powerful one is Xuanzun of Kyushu,
right? He ranks behind in the top ranking! Definitely not Levi Garrison's opponent! If Levi Garrison really
comes to Golden Harbor Island, it will be a skyshaking
place here, no one can do him!" Guo Yifei Quickly, he immediately asked: "Grandpa King of
Gambling, if Sister Qingxue is looking for Levi Garrison as the husband-in-law, doesn't she need to marry
the young boss of Heishui Company?" The
King of Gambling was stunned and couldn't help saying, "Yes. Yes! But I heard that the children of Levi
Garrison are very big! What's more, the prospects of the young owner of the Blackwater Company are
better!"
He Qingxue's expression gradually dimmed.
"Qingxue, don't have any other ideas. Tomorrow, the young boss of the Heishui Company will come!
See you!"
"Being able to marry the Heishui Company and climb into the laboratory of the gods behind it is our
family's pursuit. The goal!"
Everyone nodded together: "Understand!"
Then, Guo Yifei and a few people left.
Came into the car.
"Guo Shao, we did a preliminary investigation, but we didn't see this kid!"
"How do I feel that this kid is a bit mysterious now?"
...
Guo Yifei sighed: "Forget it, there is no need to spend such a long time on an ordinary person!"
At this time, Levi Garrison had already arrived at the address given by Gemini.
This is a church, but it has been abandoned for a long time.
The dust is thick and there are spider webs everywhere.

It's not like a place with people.
Levi Garrison looked around for a while, no
See anyone.
Looking at the traces, no one has been here for at least five years.
"Could it be that these two boys made a mistake?"
Levi Garrison muttered to himself.
However, Gemini is serious and will never go wrong.
The only possibility is that the magic master has left here.
There is a time error in the information given by Gemini!
It's okay!
Now that you are here on Golden Harbor Island, are you afraid that no one will be found?
Outsiders don't know, the local upper circles of Golden Harbor Island are definitely known!
After Levi Garrison left the church, he asked the King of the West to find out which one was the
strongest on Golden Harbor Island.
He directly asked where the magic master was.
"Wang, I suggest you go directly to the
King's Family of Gambling!" Xitian Wang smiled.
"Okay."
Levi Garrison stopped a car casually.
"Where are you going, sir?"
"Go to Longteng Manor!" When
Levi Garrison said this, the driver was stunned and looked at Levi Garrison incredulously.
On Golden Port Island, who doesn't know that Longteng Villa is where the King of Gambling Family is
located?
That is a taboo zone!
How dare ordinary people approach that place!
If there is no return, it will be lost if it is not.
"Sir, are you serious? Going to Longteng Villa?" the
driver asked again.
"Of course it's serious!"
"Do you know that Longteng Villa is the gambling king's family?" The driver wiped his cold sweat.
"I know! Take me there quickly, why do so much nonsense?"
Levi Garrison became a little impatient.
"Okay!"
More than an hour later.

After the driver took Levi Garrison to the vicinity of Longteng Villa, he drove away quickly.
The Return of the God of War [The Protector] Chapter 1957
The driver has never seen such a bold man come to gamble on the king's family.
Moreover, looking at Levi Garrison's temperament, he was clearly an ordinary person, absolutely
nothing to do with the Gambling King family.
If you are a really big man, why take a taxi?
The driver is sure that Levi Garrison can't do without here.
He must die!
Looking at the villa in the distance, Levi Garrison walked over.
But at this time he has been targeted by many people.
They watched Levi Garrison walk to the door of the villa step by step.
This is the terrible thing about the guards of the King of Gambling!
They must ensure that there can be no danger near Longteng Villa!
Not even a poisonous snake can survive!
What's more, Levi Garrison is a big living person!
"Stop! What are you doing?"
A dozen guards swarmed up with a beating.
"Who is the master here?"
Levi Garrison didn't answer the question.
"Hahaha…"
Everyone was taken aback for a moment, and then burst into laughter.
"Boy, don't you even have no
idea where this is ?" "Listen well, this is Longteng Villa! The gambling king family is located! The one
who is in charge is naturally the gambling king!"
Levi Garrison nodded, "Well, Okay! Then he will come out to see me!" The
words are not shocking, and everyone in the room was taken aback as soon as Levi Garrison said this.
Everyone looked at each other.
The same sentence flashed in his mind-Is this man's brain sick?
Why did the king of gambling like the emperor of Golden Port Island come to see him?
He is sick if he is not crazy!
"What are you doing in a daze, hurry up to call someone! What is the gambling king's name, He
Jianfeng? Hurry up and let me come out to see me! Come out late, at your own risk!"
Levi Garrison shouted.

He Jianfeng?
Who is He Jianfeng?
All the guards were stunned.
Because for so many years, no one dared to call the name of the gambling king.
No matter how big a person is, he must call the gambling king, and he will never call his name directly.
So that after the name was called out, everyone couldn't remember who it was for a while!
"This… is this the name of the king of gambling?"
"God! Your kid is crazy! You dare to call the king of gambling directly! You are looking for death!"
Then, everyone was relieved.
There was extreme anger on everyone's face.
"Smelly boy, are you here to find the fault? Dare to ask the king of gambling to come and see you, I
think you are impatient!"
"Do you have ten lives? Dare to come here to be wild? You dare to call your name! You don't die,
forget it! You are dead!"
The guards are about to attack.
Levi Garrison sneered: "I advise you to let the gambling king out! Otherwise don't blame me for
scoring in! It won't be good for anyone then!"
These people became even more angry when they heard this!
Levi Garrison provoked them repeatedly.
They can't stand it anymore!
On this three-acre land of Golden Port Island, for decades, no one has ever dared to be wild in front of
the gambling king's family!
Still a hairy kid!
Isn't this looking for death?
How courageous!
"What nonsense with him! Kill him, throw him into the sea to feed the fish!"
Levi Garrison shook his head helplessly, being polite, he can only rely on violence.
let's hit!
Hurry in, find the gambler, and ask about the whereabouts of the magic master.
"

Come on! Kill this kid!!!" Just as the sword was drawn out, a nice voice came.
"Hold on!"
"Don't do it yet!"
He Qingxue just came back from outside by car, and she had just separated from Fang Peiqi.
From a distance, I saw people making trouble at the entrance of the villa.
"What's the matter?"
He Qingxue asked.
"Miss, this kid deliberately made trouble and provoke! The king of gambling has to come out to see
him in person! He also said that if the king of gambling does not come out, he will personally enter!" The
guard immediately reported the situation.
"What? There is still such a thing? It is unreasonable to provoke our He family?"
He Qingxue's face changed abruptly, as cold as frost.
At this moment, Levi Garrison turned around slowly.
The two of them faced each other.
"It's you???"
He Qingxue exclaimed in surprise.
The Return of the God of War [The Protector] Chapter 1958
He Qingxue would never have thought that Levi Garrison would be seen at the door of his house.
The man on the ship who was ignored by her at a glance!
This time, she was not interested but also interested.
Even if it is ordinary, people who dare to come to gambling at the door of the king's family alone are
not ordinary people.
Shock!
Unexpectedly, this person came for the gambling king's family!
This man seems unusual?
He Qingxue was curious about Levi Garrison for the first time.
If Guo Yifei knew it, his jaw would fall in shock.
"Huh? Miss, do you know each other?" the
guard could not help asking, seeing the doubt.
"Well, there was a fate!"
He Qingxue's eyes fell on Levi Garrison, and she asked: "What are you doing here?"
Levi Garrison did not answer her question, but asked: "Who are you the king of gambling? ? " "
Yes my grandfather! " "

that's much easier to handle, shout out your grandfather, I have something to ask him! "
Ye monarchs tone for the presence of everyone feeling extremely uncomfortable.
Including He Qingxue!
what are you?
Dare to speak frankly to let the gambling king come out to see you?
"Miss, this kid is so arrogant! Just kill him!" The
guards couldn't help it anymore.
"Wait! I have something to ask him!"
He Qingxue looked at Levi Garrison: "Who are you? Where are you from? Why are you looking for my
grandpa?"
"Call your grandpa out, you don't need to know!"
Levi Garrison said coldly.
"Really?"
"That has nothing to do with me!"
After that, He Qingxue turned and left and walked straight to the manor.
As the guard of the gambling king family, not only the strength is terrible, but also the first-rate in
terms of humanity and sophistication.
They heard He Qingxue's implication-she didn't care about this matter and let them handle it!
The guards showed grim smiles one after another.
They just waited for He Qingxue's words.
I'm so upset with Levi Garrison!
"Go!" More
than a dozen guards surrounded them, ready to do something.
He Qingxue walked towards the manor with a cold face.
Levi Garrison's behavior today made her take a high look, but it was just another look.
Life and death have nothing to do with her!
"Boom!" "Boom!"
"
Kacha!" But
she had just walked to the gate, and a whistling sound rang in her ears, and a heavy object flew and
banged on the gate.
Before her eyes, the gate of Longteng Villa was smashed into pieces!
That is clearly a person!
Kicked and flew over and smashed the door!

He Qingxue's footsteps stopped suddenly, and the cold expression on his face disappeared, incredible.
At this moment, He Qingxue's brain was blank.
I can't realize anything!
But this is only the beginning!
"Boom!"
"Boom!"
"Boom!"
...
Then the guards boomed one by one.
Nothing but a list smashed on the broken door!
After more than a dozen sounds, the gate was completely blasted down.
The guards lying on the ground curled up like cooked lobsters, wailing constantly.
Only then did He Qingxue gradually reacted.
She slowly turned around and saw Levi Garrison standing not far away.
Is he so good?
These guards of the King Gambling Family are all terrifying powerhouses!
Can't catch Levi Garrison?
He has something!
He Qingxue's legs trembled, and then he came out of shock.
At this moment, the huge movement has attracted the attention of the entire family of gambling
kings.
Especially the door was broken.
The problem is serious!
In and around the villa, people kept running out.
Even the top of the gambling king family were alarmed.
He Zongtang and others also came one after another.
"What happened? What happened?"
everyone shouted.
"The big event is not good. Someone rushed into Longteng Villa! A dozen of us were injured! Alarm!
Alarm!" The
door guard sounded the alarm.
This time the problem is more serious.
Sharp sirens sounded throughout Longteng Villa, everywhere.
This time I am afraid that even the gambler will be alarmed.
The Return of the God of War [The Protector] Chapter 1959
Sure enough, the gambling king, surrounded by everyone, also came to the gate.

Thousands of masters from the gambling king's family also gathered for the first time!
This is the first time such a situation has occurred since the establishment of the King of Gambling
Family!
Some people will be bold enough to come to the gambling king family to make trouble and kick the
hall!
This is unprecedented!
After the alarm that hadn't been sounded for decades, the entire family of gambling kings turned on
the most advanced state of alert.
All modern weapons open!
Ninety-nine percent of the masters in the family are all mobilized!
Even the major forces scattered on the Golden Harbor Island and the surrounding gambling clan sent
people to rush in the first time.
Even the other family forces on Golden Harbor Island were asking about the situation at the first time,
whether they needed support… For
a while, the entire Golden Harbor Island seemed to be in chaos.
With Levi 's approach, the Golden Port Island was turned upside down!
Thousands of people gathered at the gate of Longteng Villa in the blink of an eye.
The inner three floors and the outer three floors are surrounded by water.
Everyone looked at Levi Garrison!
Everyone couldn't help being surprised to see him alone!
Originally thought it was a big force attacking the gambling king family.
Unexpectedly, there is only one person!
"The king of gambling is here!"
Then, the king of gambling with the leading cane arrived.
"What's the matter?" The
gambling king asked with an unhappy expression.
He Qingxue, who had experienced all of it, told the audience about everything that would happen.
"Grandpa, you are too sensitive, he is only one person! Why is there such a big movement?"
He Qingxue has returned to normal now.
She was indeed shocked just now.
Mainly Levi Garrison gave her a sense of contrast!
Obviously an ordinary person suddenly broke out, it was really scary.

“Well, but this kind of thing has never happened before, so it’s better to be cautious!”
said the gambler.
Just because this situation has never happened before, everyone was too cautious when it happened.
“What’s the matter? What happened?”
He Qingxue His good friend Ren Tianfeng and others came one after another.
Guo Yifei was shocked when he saw Levi Garrison standing in the field.
Especially Guo Yifei was the most fearful.
He sent so many people to look for Levi Garrison’s whereabouts, but he didn’t expect him to come to
the king of gambling.
“This…is it all about him?”
Fang Peiqi’s eyes were full of weirdness.
He Qingxue nodded.
“Okay, kid, you came here to run wild! You are
looking for death! Qingxue, I will tell you…” Guo Yifei told everyone about Levi Garrison’s slip away
from the boat that day.
“It doesn’t seem to be an accident. This kid does have two brushes!”
Guo Yifei stared at Levi Garrison and said coldly: “Don’t worry about it, leave this to me! I’ll deal with
him!”
Guo Yifei just wanted to hate the old and the new. Complaint together.
“Wait!”
a majestic voice sounded.
The gambling king stood up.
Guo Yifei and several people immediately retired.
The gambling king stared at Levi Garrison tightly, “Boy, what are you doing here with me? I heard you
asked me to come out to see you?”
“Well, that’s right! The purpose of my coming to you is very simple! I want it. Ask you about the
whereabouts of a person!” The
words are surprising and endless.
When Levi Garrison said this, the audience was shocked.
Everyone thought Levi Garrison was here to provoke.
He never expected to inquire about a person’s whereabouts.
He Qingxue was stunned.
The gambling king was stunned.
Everyone was stunned.

After being silent for a moment, the gambling king asked, "Who are you going to find out about?"
He is also very curious now.
Levi Garrison did not hesitate to bet on who the king's family wanted to find out!
"I want to inquire about a master of magic arts, I don't know his real name, I only know that he has a
nickname-half fairy and half ghost! You should know it?"
Levi Garrison said.
"What?? You want to inquire about him?"
Levi Garrison just said it, and the atmosphere was obviously stagnant.
Especially the look of the gambler has changed significantly.
The Return of the God of War [The Protector] Chapter 1960
As soon as the term "half fairy and half ghost" came out, the younger generation didn't feel it.
But the face changed drastically when he got older.
Because Levi Garrison mentioned a taboo on Golden Harbor Island!
What Banxian said was that his magic spells reached the sky, and the geomantic omen was simply
supernatural.
In the past, the upper-class circles of Golden Harbor Island asked him to act whether it was for the
opening of a company or marrying a wife and having children.
Anything that he has been conditioned, went smoothly and embarked on the path of becoming rich
and wealthy.
Even gambling kings of these levels are no exception.
Have looked for this master!
It can be said that the brilliance of these top beings on Golden Harbor Island is inseparable from this
master.
That's why Levi Garrison was so shocked when he saw the master spell master information.
It is no exaggeration to say that the glory of Golden Harbor Island in the past few decades is
inseparable from this master!
He supported it alone!
But the most terrifying thing is half ghost… The
initial stage of the title of half ghost did describe his disability and ugly face like a ghost.
But then everything changed.

The title of half ghost has become a taboo, a horror that everyone talks about!
However, this happened later and was completely blocked by the upper circles of Golden Harbor
Island.
So that the young people and everyone outside of Golden Harbor Island do not know the news of this
magic master.
Only then did Gemini give Levi Garrison information, the reason for the error.
Seeing the reaction of the gambling king, Levi Garrison knew that he was right!
Fortunately, it came directly to the gambling king.
If you find other people, you may be wasting time.
These young people like He Qingxue didn't seem to know the half-immortal and half-ghost, and
looked at the gambling king and Levi Garrison with a puzzled expression.
"Yes, I came to Golden Port Island this time to find half a ghost and half a fairy!"
Levi Garrison said affirmatively.
The gambling king was angry and shouted: "You go! There is nothing half-fairy and half-ghost here! I
don't know where he is!"
"Huh?" The
gambling king's move made everyone unexpected.
It stands to reason that Levi Garrison was so provocative and said another half fairy and half ghost.
No matter how he won't let him live.
Let him go?
Why is this?
Does it have something to do with half fairy and half ghost?
"Huh? Are you sure you don't know where he is?"
Levi Garrison asked.
The gambling king vetoed: "I don't know! Don't look for it! Hurry up and leave Golden Harbor Island!
Otherwise, you will die without a place to bury you!"
"Really don't know?"
Levi Garrison muttered to himself, he thought. left.
At this moment, he received a message from the Western Heavenly King.
Message: Half fairy and half ghost are locked up by the gambling king.
After reading the news, Levi Garrison's face changed abruptly, slowly raised his head, and his eyes fell

on the gambling king.
The gambling king was guilty of being seen by Levi Garrison's gaze, and he scolded: "Get out of here! If
you don't leave, I promise you will die!"
Levi Garrison sneered: "Why are you so guilty? Half fairy and half ghost are locked by you. Get up?"
When
Levi Garrison said this, the faces of the gambling king and his brothers and sons changed wildly,
revealing unbelievable expressions.
"You… how did you know?"
He Zongtang's face turned pale for a moment, and he asked, breathing heavily.
This is also the question of the gambler!
This time, all of them paid attention to Levi Garrison!
It turned out that he knew that half fairy and half ghost had been locked up by himself.
So I came here specially!
He Qingxue and others continued to be confused, and didn't know what was going on.
"You…who are you? What is your relationship with him?"
The Gambler asked with a hint of horror.
Ye monarchs smiled: "I never met him, I just want to come to him and asked him to hand over the
people come to sell your resentment I do not find him involved in my hand nothing!!!!"
Heard this, epic His complexion eased a lot.
"You really have nothing to do with him?"
Levi Garrison shook his head: "No."
"Hahahaha…"
The Return of the God of War [The Protector] Chapter 1961
The gambling king suddenly laughed.
He Zongtang and others also showed smiles.
"I thought you were a descendant or family member of that guy, you didn't even know you!"
He Zongtang smiled.
Levi Garrison didn't understand what they meant.
At the beginning, when he said half-immortal and half-ghost, the gambling king thought they were
related to half-immortal and half-ghost.
Thus fear.
Fear that his purpose is to save people or get revenge.

Now that they understand that they are here to find a half-immortal and half a ghost, they are not
afraid.
Kill it!
The news that the half-immortal and half-ghost were locked up by the gambling king family must not
be spread.
Therefore, Levi Garrison must die.
The gambling king was about to order Levi Garrison to be killed, but he was the first to say: "I advise
you to hand over people obediently! Don't force me to do it myself!"
For his wife, Levi Garrison will do it no matter what the difficulties are.
"Huh?" When
Levi Garrison said this, everyone in the audience was taken aback.
When was the gambling king's family threatened?
"You have a kind of brat! You even threatened us!"
"Then I tell you clearly! He, I won't hand it over! You are dead with this heart! Seeing you have some
patience, kowtow to admit your mistakes, I Consider letting you go!"
said the gambling king.
It's not that he is kind and kind.
Existences at his level are all profit first, and life is not worth mentioning.
It's just that during this period of time, he didn't say anything while eating fast and reciting the
Buddha.
A friend of his high monk told him-don't see blood these days.
Based on this, the gambling king will let Levi live a life.
Otherwise, Levi Garrison would definitely die if he knew such a big secret.
"What are you waiting for? My grandfather is kind and let you go! Don't kneel down and kowtow to
apologize!"
He Qingxue urged.
All the people present shouted for the kindness of the gambling king!
Levi Garrison was happy.
Want to kill yourself?
Do they have this ability?
"Well, let me give you a chance! By this time tomorrow, I will hand over the half fairy and half ghost,
and I will treat it as if nothing happened."
& "If I don't see anyone, I will do it at my own risk. I will overthrow the Longteng Villa, and I will find
the people by myself!"

Levi Garrison said solemnly.
"This…"
Hearing Levi Garrison's words, everyone present was stunned for dozens of seconds.
For decades, no one has provoke the gambling clan, and no one dares to threaten the gambling clan
so much!
An unprecedented first experience!
Still a threat of public time execution!
shame!
What a shame!
Everyone in the Gambling King's family turned red and was extremely angry!
Provocation to Tai Sui's head!
How can this be tolerated?
"Kill him!"
"Kill him!"
…
everyone shouted.
He Zongtang waved his hand and yelled: "Kill! Provocation of the family, kill without mercy!!!"
Just as the masters were about to do it, the gambling king's voice sounded: "Hold on!"
"Let him go today !" I want to see if I don't pay someone tomorrow, what are the consequences?" The
Gambler smiled.
In fact, in his opinion, Levi Garrison is just like an ant.
Although he has some skill, he can kill him at will in front of the giant family of gambling kings.
But this matter became interesting.
He Jianfeng has never been threatened like this before!
Absolutely the first time!
He was very interested and wanted to know what Levi Garrison said at his own risk.
That's why he wanted to let Levi Garrison go.
Waiting to see what will happen to Levi Garrison if he doesn't hand over him tomorrow?
Will it really come to overthrow Longteng Villa?
I am looking forward to it!
Over the years, the gambling family and even Golden Harbor Island have been too quiet.
Especially after Kyushu Xuanzun was in retreat, nothing happened.

The gambler also wants to find something to do.
He Zongtang and others immediately understood what the gambling king meant.
"Okay, let him go!"
Before Levi Garrison left, he left a sentence: "I only give you one day. You can take out all the cards
and wait for me!"
The Return of the God of War [The Protector] Chapter 1962
"Hahaha…"
Not only did no one pay attention to Levi Garrison's words, but it drew waves of ridicule.
No one takes this as the same thing.
They are just a joke!
"I'm afraid this kid is not a postponement plan? I think most of them want to escape! I just said that
for us one day!"
"I think it is very possible! I can't wait for him tomorrow, he will leave Golden Harbor Island when he
leaves. !"
…
Everyone just assumed that Levi Garrison wanted to run.
"Come here, stare at him! Never let him leave Golden Harbor Island! I still want to see the
consequences?" The
gambling king ordered, and several super powers immediately followed.
He Zongtang leaned forward and smiled: "Father, tomorrow is a good day!"
"Huh?"
"First, the young boss of Heishui Company will come; second, it will be the day when Xuanzun of
Kyushu will leave the customs; third , This kid agreed on a date."
He Zongtang explained.
The gambling king laughed a few times: "This is so! What a good day! Tomorrow Xuanzun Kyushu will
be invited too! Everyone has a good show!"
"Hahaha…"
Everyone laughed.
He Qingxue's father, He Zongwen, laughed and said, "If, I said, if this kid has the ability to reach the
sky!
But tomorrow the gambling king family, Kyushu Xuanzun, Heishui Company and the entire Golden

Port Island dignitaries will be there! He too is dead! Not to mention me. It's a if, it's just a hairy kid!" The
gambler was also amused: "He said that let us take out all the hole cards! I took it out!" The
gambler just took this matter for fun.
But he never thought that Levi Garrison was really worthy of all his hole cards.
…
At this moment, Levi Garrison returned to the residence arranged by King Xitian.
"Wang, why don't you just punch in and bring people out?"
Xitian asked puzzledly.
"Anyone may fall short of success!
First, only a few people know that half immortal and half ghost are locked up. It seems that he is
regarded as a taboo terror, so the place of detention is very mysterious, and I may not be able to find it!
Even if it is overturned The family of gambling kings,
Not necessarily useful!
Second, if I act and push them in a hurry, I might kill half a fairy and half a ghost! "
Levi Garrison explained.
After listening to the Western Heavenly King, he suddenly realized.
"So you give them a day to relax their vigilance, and even the gambling king might go to see halfimmortals
and half ghosts, thereby exposing the places where half-immortals and half ghosts are closed.
? "
Levi Garrison nodded: "Yes, that's right!" I have sent someone to lurk in Longteng Villa! As long as the
gambler goes to see him, I will know the place! "As
expected to be the king!" admire! "
West King exclaimed.
Sure enough, the leaves monarchs expected.
Rounders demigod, half went to see a ghost.
Dragon Hill is actually amazing underground, but the entrance is extremely difficult to find.
In the epic family, who know no more than three people.
Even Even He Zongtang and He Zong didn't know where the entrance was.
Only the gambling king and his personal guards and steward knew. The

three came to the entrance and entered the underground world. They didn't know
that someone had witnessed it in secret. In the
underground world, there is a secret room. The
door of the secret room. It is made of a special alloy, and cannons and missiles can't penetrate.
Unless the gambler's biometrics are scanned,
it can't be opened at all. Even the strongest can't open the gate.
So the half fairy and half ghost are locked here, everyone Don't try to rescue it.
"Boom…"
After the biometric scan of the gambling king, the door slowly opened. What
came out was humid and rancid smell. It
made people vomit!
In the small space in front of him, there was a person tied up with a few chains.
The ground is full of dead rats and the like.
The gambling king sneered: "How's it going? Is it okay to eat and live?" The
so-called food, the gambling king only throws dead mice at the table every day.
"Ka Ka Ka…" The
chain trembled, and the man slowly raised his head.
The Return of the God of War [The Protector] Chapter 1963
A ghost face full of ugly scars appeared in front of him, one eye was blind, and the other was blood red.
The half-immortal and half-ghost were physically disabled, and they were even more embarrassed
after being locked up by the gambling king for such a long time.
But the terrifying aura on him made people tremble.
"Are you here? Eleven years!"
Half a fairy and a ghost made a hoarse voice.
It has been eleven years since the gambling king locked him up, and he has not been seen.
"It's funny! Someone came to me to find you today, and let me hand over you within one day! Don't
be conceited! Hahaha…" The
gambling king couldn't help laughing.
When the half fairy and half ghost heard it, the corners of his mouth rose, but he didn't say a word.
"Unexpectedly, there are still people in this world who remember you!"

“Don’t worry! You can only die here, no one will save you!”
... the
next day.
It is a big day for Golden Harbor Island!
There are two big sensations!
First, it is naturally the day when Xuanzun Kyushu leaves the customs!
Second, the young boss of Heishui Company is coming!
As the island with the strongest economy in Dongfang Island, Jingang Island is naturally rich in wealthy
and celebrities.
After all, Golden Harbor Island has the same name as his.
It was named Golden Harbor Island because it was too rich.
They attach great importance to the issue of the young owner of the Blackwater Company.
The airport was greeted early.
Even many celebrities from Golden Harbor Island went to the gambling clan to help out.
Around ten o’clock in the morning.
Golden Harbor Island followed with a earth-shattering roar.
Kyushu Xuanzun is out! ! !
Once the third in the sky list, such as the fourth in today’s list, the master of spells is out!
Thousands of disciples knelt to greet!
Massive!
After the retreat, Xuanzun Kyushu’s complexion was stiff, and there was no sign of happiness.
“Congratulations
Master’s cultivation base is diligent again! “The
disciples congratulated.
Just listen to Xuanzun Kyushu sneer: “So what? I stepped back one place on the top of the list! “
Master, now you are out, you can find that Levi Garrison to fight!” Take the number one in the top list
directly! You are the number one on the top list! “
Yes, Master, you are the number one in the ranking!” “
The disciples flattered.
Xuanzun Kyushu’s expression immediately changed: “Don’t talk nonsense!” If you let other people
hear it, it’s in trouble. “
Don’t look at me in retreat!” But I know what happened outside! I succeeded in retreating, and my

strength has increased. But I may only be the same as the commoner killing god holding a magic sword
in the sky! Compared with Levi Garrison, I am not an opponent! I have to admit this! "
" Hiss! "
People have gasped breath.
" Ye monarchs so strong ah? "
" Of course! Otherwise, how could he reach the top of the list? When I meet him, I can only
surrender! No need to say the kind of words just now! "
Xuanzun Kyushu is extremely majestic.
"Master, the King of Gambling, please come over!" "
Okay, go!" "
Xuanzun Kyushu came to Longteng Villa not long after.
After a while, a lot of luxury cars gathered, and even helicopters came.
Jimson, the young owner of the Blackwater Company, came. He
also followed a few near Golden Port Island. super consortium representative of a large country.
For example, …… Star State Sanko Group on the loose group of eastern islands
followed by a large number of dignitaries as King Island.
after Gimson came, Dragon Hills culminated in the atmosphere.
rounders , Xuanzun Kyushu and Jimson sat in the upper seat.
Sitting below are all super powerful.
Almost the gangsters of the entire Golden Harbor Island gathered.
"Thank you all for coming to this small banquet! First of all, we congratulate Kyushu Xuanzun for
leaving the customs! Secondly, welcome Jimson to come!"
… After
some politeness, the gambling king smiled and said: "It's true! I'll make a decision with one person.
Make an appointment! He should be there soon! Please support me!" The gambling king is waiting for Levi Garrison…
The Return of the God of War [The Protector] Chapter 1964
"What's the matter?"
Kyushu Xuanzun asked.
This is also the question of others.
The gambler will briefly talk about what will happen.
Everyone laughed.
"The king of gambling, you are really childlike, take this to heart! The hairy boy is lying to you!"
Kyushu Xuanzun smiled.

Other people think the same way.
The gambling king smiled and said: "Not necessarily, what if this kid has a sky-reaching background
and ability? Hahaha…"
"Okay, then we will wait for him!"
"I just left the customs! I just want to find someone to practice. Practicing! I hope this kid is stronger!
Haha…"
…
Xuanzun Kyushu smiled.
The others laughed too.
Everyone just treats it as having fun.
Jimson sneered: "Once the two of us get married! The Blackwater Company will always stand behind
Ho's family! Who do I think dares to move them?"
These words are extremely domineering!
Even the implied meaning is more domineering!
It means that the Gods Laboratory stands behind the Gambling King family, who dares to mess with
it?
"Father, I think that kid is just talking nonsense, does he dare to come? Impossible!"
He Zongtang smiled.
"The news from the person I sent out said that he did not leave Golden Harbor Island! He hasn't left
yet! He should come!" The
gambling king said.
"If you can come, that would be great!"
Everyone looked forward to it.
"Come, Qingxue, meet Jimson!"
The gambling king called He Qingxue to the front.
Jimson has always liked oriental women, and when he saw He Qingxue, his eyes were shining.
He Qingxue glanced at him, her face full of displeasure.
Compared with Levi Garrison, Jimson is nothing!
If you have seen the posture of a dragon, how can you see a wild dog?
She has no affection for Jimson at all!
But for the sake of the laboratory of the gods behind the Blackwater Company, she endured it.
She did this marriage contract as a transaction.
"Well, not bad! I agree!"
Jimson points nod.

Although it was a marriage between the two sides, but He Qingxue was so beautiful and outstanding,
of course Jimson was willing.
"Well, that's good! A man with a talented appearance, a perfect match!"
Everyone began to praise.
Even Xuanzun Kyushu also said, "Congratulations to the king of gambling, for getting such an excellent
grandson-in-law! In the future, we will join with Heishui Company, and you will have a boundless future!
Don't forget me, brother!"
Xuanzun Kyushu is a master of magic arts. , But not bad at all in terms of humanity and sophistication.
"Haha, of course!"
...
"Qingxue, do you have any objections?" The
gambling king looked at He Qingxue again.
"I..."
He Qingxue hesitated, but she was totally unwilling.
But among the wealthy of this level, the true love of marriage is the most extravagant.
For the laboratory of the gods, she agreed.
"Grandpa, I am willing!"
He Qingxue nodded.
Jimson laughed immediately.
"The king of gambling, I will tell my father about them next! Soon we will start the engagement
banquet! Set the wedding date!"
Jimson said.
The sooner you get married, the better.
Jimson didn't want such a beauty to slip away.
The gambler also wants to get married soon.
The two sides hit it off.
Quickly reach a unified opinion!
This matter was resolved, and then the gambling king looked at Kyushu Xuanzun again.
"Now Great Xia is turbulent, the power of the evil god is rampant, and the forces of all parties are
mixed! Only I, Golden Port Island, is a pure land! In the future, Kyushu Xuanzun needs to guard it!"
The gambling king laughed.
They developed quietly for a long time, and naturally they didn't want outsiders to bother them.

“Don’t worry, with me, who would dare to run wild on Golden Harbor Island? What’s more, there is
also the gambling king brother! Even Heishui Company is on our side!”
Kyushu Xuanzun laughed.
“Haha, then we can rest assured!”
The dignitaries of Golden Harbor Island breathed a sigh of relief.
They are afraid of someone coming to grab it.
“By the way, where’s that kid? Haven’t you come yet?”
Someone suddenly thought of Levi Garrison.
“Am I coming here?”
The Return of the God of War [The Protector] Chapter 1965
“I don’t think he dare…” He
Zongtang just wanted to say that Levi Garrison was afraid to come.
Unexpectedly, before he spoke, a voice sounded like a thunderbolt, bursting the audience.
Everyone present was attracted and all looked over.
A figure appeared in the distance, it was Levi Garrison!
The eyes of the audience focused on Levi Garrison.
“Does this kid really dare to come?”
Guo Yifei said cursingly.
Everyone’s first reaction was surprise!
Too young and too ordinary!
“Huh? Who the hell is this kid? How dare you come to bet on the royal family?”
“I’m also very knowledgeable! I know Erudia’s hundreds of arrogances! I even know the younger
generation who are more famous! But this kid has a face full of strangeness, he doesn’t know him at
all!”
“Yes, this kid doesn’t know him at all! I don’t know where the stunned green came from, so he dared
to bet on the king’s family to make trouble!”
…
Everyone talked about it. Sounds everywhere.
No one knew Levi Garrison at all.
They’re all saying that Levi Garrison is looking for death!
Jimson was also stunned for a long time. He was surprised: “He who dares to trouble the family?”
Jimson’s Erudia language can only understand seven or eighty-eight. At first, he thought that there
was a big power coming to trouble the King of Gambling family.
I didn’t expect to be alone.

“Yeah! Just one person!”
Jimson’s face was cold: “Just one person dare to provoke He’s family? Looking for death!”
“Stop!” The
guard at the door stopped Levi Garrison.
“Let him in!”
The gambler waved his hand and the guard moved away.
Levi Garrison carried his hands on his back and stepped into Longteng Villa step by step.
Looking at the surrounding posture, Levi Garrison smiled and said, “I am quite concerned about what I
said! Have you found all the people who should be looking for?”
“Haha, that must be! I just want to see how you can overthrow me. ?” The gambling king sneered.
Levi Garrison didn’t treat Levi Garrison as the same thing at all.
It’s just to add some shows to everyone.
& Guo Yifei several people present sneered and said: “You must die today, kid. I spared you once on the
ship, but it only allowed you to live a few more days.”
Even if Levi Garrison is stronger, he will face the strongest dignitaries and the Blackwater Company in
Jingang Island. , The dead will not even have scum left.
He Qingxue looked at Levi Garrison and couldn’t help but sighed: “He dares to come to the banquet
alone! It’s also commendable courage!”
“Yes, let’s not say anything else, dare to come is really awesome!”
…
Levi Garrison step by step He walked to the front, glanced around, and landed on the gambling king.
“He Jianfeng’s time is up, do you want to meet people?”
Levi Garrison asked.
“This son’s psychological quality is terrifying! Facing all the big bosses on Golden Harbor Island is not
afraid of danger! Much better than my apprentices!”
Kyushu Xuanzun couldn’t help sighing.
The gambling king smashed his hands: “The result is obvious, I can’t pay people! If you have the
ability, you can find it yourself!”
” Hahahaha …”
Everyone in the gambling king family laughed.
It’s naive and ridiculous!
Threatening the gambling king family?

Isn't this sick?
"Well, the time is up, I didn't hand it over! Didn't you say that you are at your own risk? We are eager
to know what the consequences are!" The
gambling king can't wait to see the consequences that Levi Garrison said.
Others also want to see the consequences.
Levi Garrison was in their eyes, just like a clown playing acrobatics.
They all want to see what tricks the clown can play!
The corner of Levi Garrison's mouth raised: "Okay, very good, I must be forced to do it!"
"Don't regret it!"
Levi Garrison also reminded.
It's just voices.
"Don't regret it! Come on! Come on! Hurry up!"
"Let us see what consequences we can't bear?"
"Hurry up, what are you doing? Hurry up, hahaha…"
…
Guo Yifei and others Still actively urging, for fear that Levi Garrison wouldn't do it.
Levi Garrison's face changed abruptly, and his body burst out with an aura of destruction!
The Return of the God of War [The Protector] Chapter 1966
"Boom!!!"
Levi Garrison kicked out.
A terrible air current swept across.
"Kacha!"
"Kacha!"
…
everywhere, all kinds of buildings and equipment burst open.
The whole banquet scene was in a mess!
The airflow forcibly created a black scorched earth trace tens of meters long…
"Kacha!"
"Boom!"
A building not far away collapsed.
Billowing smoke filled the audience.
Everyone was stunned.
No one thought that Levi Garrison would suddenly get into trouble.
The power of one foot is as horrible as it is.
The people in front were urging, in fact they wanted to see Levi Garrison's jokes.
I didn't expect him to come for real!

“This…”
“It turns out that he is still a master!”
Levi Garrison shocked the audience with this move.
Including Kyushu Xuanzun and his ilk.
Was also surprised.
too strong!
There is definitely a place among the younger generation!
No wonder he was so daring to bet against the king’s family, it turns out that he really has two
brushes!
“Winning” the
gambling king family can no longer bear.
He Zongtang waved his hand, and a large number of masters killed Levi Garrison.
Repeatedly provoking the gambling king family will end in death!
“Take it as a good show!” The
gambling king smiled.
Kyushu Xuanzun and they all laughed too.
Levi Garrison didn’t care about it at all.
“Boom!”
“Boom!”
“Boom!”
…
But Levi Garrison seemed to be playing football, one by one.
One after another, the figures flew into the audience.
It looked like a human-shaped cannonball, blasting a mess everywhere in the villa.
Gradually, the smile on the gambling king’s face disappeared, and the expressions of Kyushu Xuanzun
and others also solidified.
“Bang!”
“Bang!”
…
Levi Garrison showed his power, and the masters of the Gambling King’s family were like chickens and
dogs.
In front of Levi Garrison, there was no fighting power at all.
& Soon, hundreds of masters scattered all over the villa, falling to the ground groaning and rolling, and
the scene was chaotic.
“Unbearable!”
Levi Garrison sneered.

At this moment, everyone present could not laugh anymore.
Levi Garrison is much stronger than they thought!
Especially He Qingxue and Guo Yifei were the most shocked.
They first met Levi Garrison!
Now Guo Yifei understands Levi Garrison's confidence in provoking them.
He also understood why Levi Garrison disembarked quietly.
Is this ordinary person so strong?
He didn't want to take another look at the beginning, but now He Qingxue has to pay attention to it.
"Trash! A bunch of trash!"
" Go on, take him down for me!"
He Zongtang He Zongwen became angry and sent more and stronger masters to kill Levi Garrison.
The corner of Levi Garrison's mouth evoked an arc of disdain, and he fought with hundreds of
masters.
"Boom!"
"Crack!"
"Uh!"
...
Levi Garrison fisted to the flesh, blood spattered, and screamed hysterically.
Powerful as a god!
Levi Garrison, with an invincible posture, crushes the gambling king family!
"Puff!"
"Puff!"
... where
Levi was passing, countless people fell down, blood stained the ground, and the entire manor was in a
mess.
The faces of the gambling king family and the guests who came were ugly to the extreme.
It's the same as eating flies.
shame!
Great shame!
I was alone in the gambling king family, but the gambling king family couldn't stop it!
Seven or eight hundred masters were sent out for a while, and they couldn't stop it at all.
The gambling king family is not afraid of what Levi Garrison can do?
Not to mention that their real hole cards have not yet been played.

Kyushu Xuanzun and the young masters of Heishui Company are still here…
Can Levi Garrison be able to beat Kyushu Xuanzun, who is number four in the sky list, given his ability
to reach the sky?
impossible things!
It's just that this scene is a bit embarrassing now, and it makes the gambling king family lose face!
It's just a matter of face to get mixed up in the upper class!
Now, Levi Garrison has lost the face of the gambling king's family!
The gambling king couldn't get off the stage in front of Kyushu Xuanzun.
"Does the gambling man need me to take action?"
Kyushu Xuanzun joked.
"To kill a rat, why do you need to take action?"
The Return of the God of War [The Protector] Chapter 1967
The gambling king and his sons grinned reluctantly.
The smile was embarrassing.
If Kyushu Xuanzun really needs to take action, then the Gambling King family will make a joke.
The overlord of Golden Harbor Island, the gambling king family, has nothing to do with a young man.
It is a great shame to spread it out!
They don't have to mix in Golden Harbor Island!
"Go!" The
gambling king pointed to the eight people standing behind him.
These eight people are from Erudia, Westerners, and East Islanders.
Each strength is tyrannical!
The eight patron saints of the gambling king family!
It is their real trump card!
The gambling king didn't want to continue to be ashamed, and sent the strongest person to directly
solve Levi Garrison.
"Yes!" The
eight patron saints shocked and shot.
"It is enough for this kid to be proud of the eight patron saints that can force the gambling king family
to use!"
Kyushu Xuanzun smiled.
Soon, Levi Garrison fought against the eight patron saints.
The eight patron saints are warriors, super powers, and Toshima warriors…

they cooperate tacitly with each other, which is dozens of times stronger than those stinky fish and
shrimps just now.
But to Levi Garrison, it is still an ant!
Although the eight are strong, they can join hands, and even the commoner is not capable of killing
the gods!
How can you fight him?
"Not strong!" "Not
fast!"
"Not enough, not enough! More speed! More power!"
……
While fighting with the eight patron saints, Levi Garrison was actually guiding them.
He appeared to be comfortable.
While blocking the attack of the eight people, there is still the mood to do other things.
This severely provoked the eight patron saints and the family of gambling kings.
"You're looking for death!" The
eight patron saints all attacked Levi Garrison like crazy.
"This is a bit of a feeling, but it's time to end!"
Levi Garrison's voice fell, and his body burst out with unmatched power.
"Puff!"
"Puff!"
... the
eight patron saints flew out one by one.
& Unbelievable!
Everyone's face changed drastically on the spot!
This time even Xuanzun Kyushu was not calm anymore.
I was disdainful of Levi Garrison before, but now it's different.
The eight patron saints are not his opponents!
Then Levi Garrison is qualified to threaten them!
"My God! Who is he?"
"The younger generation, who can beat the eight patron saints of the gambling royal family, is in the
top three, right?"
"But he is not the Valkyrie Zhongqiu, let alone the most. Strong Gemini! Who the hell is he?"
...
Now that the incident is happening, everyone is more and more curious about Levi Garrison.

Want to know his true identity!
“Go! The gambling king family must not be insulted!” With
a wave of the gambling king, the masters of the gambling king family rushed out.
Any hole cards are used.
“Bang!”
“Bang!”
…
just come one by one and fly out one by one.
After a while, the ground was full of people wailing and painful.
None of the masters of the gambling family is standing!
Levi Garrison crushes the gambling family by one person!
Everyone in the Gambling King family was shocked.
Originally thought it was a farce, they watched it as a joke on the show.
How did you know that Levi Garrison really swept the entire family of gambling kings alone!
Now all the hole cards that should be used by the gambling family, the masters that should be used.
But to no avail!
You can’t control Levi Garrison at all!
“He, he…”
Guo Yifei was already shaking.
He was startled in a cold sweat.
If he was afraid that Levi Garrison wouldn’t leave on the ship, and he really went to make trouble,
would he be in Wangye now?
Fortunately!
The beautiful eyes of He Qingxue and Fang Peiqi have never been removed from Levi Garrison.
This ordinary person has this ability, it is unimaginable.
Fortunately, He Qingxue didn’t drive him off the ship, otherwise it would be the same thing whether
they were alive or not.
The atmosphere in the field freezes.
At this time, Jimson of the Blackwater Company stood up.
“I’m Jimson from the Blackwater Company. He family is covered by us, so I knelt down to apologize
and spare your life!”
The Return of the God of War [The Protector] Chapter 1968
Jimson said lightly!
Both he and his subordinates believed that as long as the other party heard of his identity, they would

immediately kneel and apologize.
For a long time, Jimson's way of solving problems and resolving contradictions is very simple.
As long as you report your name, go up and slap the opponent a few times, the matter will be solved!
For so many years, no matter who the opponent is, Jimson has used this method to solve it.
I have never failed!
After all, who would want to offend the Blackwater Company and the laboratory of the gods behind
it!
Who won't give them face?
Now Jimson is doing the same.
Use this method to solve the crisis of the gambling king family!
He had imagined Levi Garrison kneeling in front of him, letting him slap in the face!
Thinking of this, Jimson almost laughed out loud.
When Jimson made a sound, Levi Garrison was taken aback.
"Huh? Blackwater Company? It has something to do with Richard?"
Levi Garrison didn't expect that he would meet Richard's people here.
Counted down indirectly, it is the enemy!
The so-called enemies are extremely jealous when they meet!
Your kid hit the gun!
Seeing Levi Garrison stunned.
Jimson and his men laughed.
It really worked.
As soon as he knew his identity, even Levi Garrison was really scared.
The gambling king family also showed joy.
Especially the gambling king He Zong asked a few people and showed ecstasy.
Satisfied!
I am so satisfied with this marriage!
Look at the strength of this son-in-law!
Just put a word to calm Levi Garrison!
The gambling king family is already imagining a bright future.
Marriage with Heishui Company is right!
Jimson stood up, and under the protection of the bodyguards, walked towards Levi Garrison step by
step.
"The kid knelt down and kowtowed to admit his mistake! I'll spare your life! This matter is over!"
Jimson sneered.

Soon, Jimson walked to Levi Garrison.
“Have you heard of the Blackwater Company?”
” Have you heard!”
“Do you know the Lab of the Gods?”
“Yes!”
& The smile on Jimson’s mouth grew thicker and deeper: “Since everything is known! Then kneel down
and apologize? I am an existence you can’t afford! You can’t offend you!”
But after his words came out, Levi Garrison Just staring at him.
“What are you waiting for? Kneel down and apologize!”
Jimson stretched out his hand to push Levi Garrison.
“Slap!”
Levi Garrison didn’t expect Levi Garrison to open his hand and slap his face severely with a slap.
Suddenly, the skin opened and the flesh was dripping, dripping with blood.
Jimson screamed like a pig in pain.
“Who the hell are you? Do I know you? Get out!”
Levi Garrison slapped Jimson’s face again.
The other side of his face was also bloody.
“I’m Jimson! Master of the Blackwater Company! You have to kneel down for me!”
Jimson shouted.
“Pop!”
Levi Garrison slapped again: “Who the hell are you? Why should I kneel down for you?”
“Because I am someone I can’t afford! I’m Heishui… Papa…”
Jimson Before he finished speaking, he was slapped fiercely.
“I’m…
slap …” Another slap.
“Woo…pa…”
Jimson choked and slapped him.
One of his face was swollen like a pig’s head.
A face is bloody and bloody, and neither mother nor father knows him.
“Ooo, ooo ……”
Gimson was beaten crying, great big tears streaming down disappointing.
“Snapped!”
Levi Garrison slapped again.
“Try another voice?”
“Puff!”
Jimson fell to his knees with a puff.
“Don’t fight, I’ll take it, I won’t say anything!”
Jimson kowtowed his head and begged for mercy.

No matter how arrogant he continued, he was really beaten to death by Levi Garrison.
During this process, everyone was stunned and dumbfounded.
There was no reaction at all.
Jimson suffered.
"What are you doing? Quickly let go of my young master?"
The master of the Blackwater Company stared at Levi Garrison and roared.
The Return of the God of War [The Protector] Chapter 1969
Levi Garrison didn't say anything.
"Slap!"
Instead, he slapped Jimson's face with a slap.
Jimson screamed again.
The subordinates were arrogant, and the punishment fell on Jimson.
"You try to move the young master again?"
Jimson's men were anxious and couldn't help but shouted.
"You said it yourself!"
Levi Garrison smiled.
"Slap!"
Another slap was slapped on Jimson's face.
"Ah!!!"
…
Jimson screamed.
"Boy, you are looking for death! You are not…"
"Pop!" As
soon as the man said halfway, Levi Garrison slapped Jimson's face again.
Jimson was going to be killed.
"Boy, you…" The
group of guards wanted to be arrogant, and suddenly Jimson yelled like madness: "Shut up all the
damn! You say a few more words, I'm going to be beaten to death!"
*" f*ck, " Get out of here! A bunch of trash! Kill you all in a*
moment !" Jimson was about to explode.
This group of stupid men.
It didn't work at all, it was stupid to death.
Didn't you see that you would be beaten if you said one more sentence?
The masters of the Blackwater Company can only watch and dare not move.
For fear that Levi Garrison slapped Jimson!
Jimson wiped the blood from the corner of his mouth and looked at Levi Garrison with a sneer: "You

have a kind! You have a kind! But you have forged a relationship with Liangzi from the Blackwater
Company! Wait…"
Before he finished talking, Jimson was caught Levi Garrison slapped.
"Puff!"
This slap directly took Jimson's white teeth away.
None of them were left.
"What I hate most is the Blackwater Company and the Lab of the Gods!!!"
Levi Garrison roared.
"Ah!!!"
"I blame my
bad mouth!" Jimson regretted it to death.
I just reminded my subordinates not to be mean, I didn't expect to forget it.
Levi Garrison in front of him was just like a lunatic.
I can't listen to this threat most. You're going to be beaten if you have a cheap mouth
Jimson closed his mouth tightly, resolutely not making a sound.
So are his men.
Do not make any movement.
Levi Garrison looked at the shocked gambling king and others.
Hundreds of dignitaries on Golden Harbor Island stared at Levi Garrison angrily.
"Young people stop! We know that you are amazing! But you want to go your own way. Are you going
to offend the entire Golden Harbor Island? Are
you going to be an enemy of the gambling king family, the Heishui company, and Kyushu Xuanzun?"
"Yes, you again? Being strong, offending, these are all dead ends for you , let's stop !" "Stop it, you have made a big mistake! Don't go on…"
…In the
face of everyone's threats and persuasion, Levi is happy "Just them? Not enough to be my enemy!"
To be regarded as a real enemy.
Richard and the laboratory behind the gods count.
Nothing else is worthy at all!
Arrogant!
overbearing!
No one is in sight!
But everyone can only watch, after all, he has this confidence.
Although the Blackwater Company is strong, there is a laboratory of the gods behind it.

But it is the worst.
Without even showing any strength, he was crazily crushed.
He Qingxue's beautiful eyes flashed.
She could see something else from Levi Garrison.
I still have a lot of pride in the summer.
For example, this one is not on the list!
Guo Yifei was already so scared that his body was shaking violently.
I used to think that Levi Garrison was an ant.
Now the ants are themselves!
Levi Garrison looked at everyone in the King Gambling Family and said with a smile: "I said that all the
consequences are at your own risk! Do you believe it now?" The
faces of the King Gambling Family are ugly.
The reputation of the gambling king family for decades has been ruined!
Suppressed and beaten by one person!
Shame!
By now.
They will not admit defeat!
The only hope is Xuanzun Kyushu.
"Xuanzun Kyushu, please take action to save the last face of Golden Harbor Island!" The
gambling king family looked at Xuanzun Kyushu one after another.
"okay."
The Return of the God of War [The Protector] Chapter 1970
Kyushu Xuanzun is the last hope of the gambling king family, and even Golden Harbor Island.
If he can't, then Golden Harbor Island will be trampled underfoot forever.
I heard Kyushu Xuanzun agree.
The gambling king family, Qi Qi relieved!
The reputation of the gambling king family can still be preserved!
Hearing that the master was about to take action, the disciples of Xuanzun Kyushu shouted excitedly.
Everyone wants to urgently know what state of Kyushu Xuanzun has reached after retreat?
It happened to show them through Levi Garrison.
Kyushu Xuanzun's inner thoughts are the same.
He also wanted to show his magical skills!
He thought that Levi Garrison was not strong enough before, and might not be enough for him to take
action.
Surprisingly, Levi Garrison is too strong.
Just to his appetite!

Hearing that the first master of magic on Golden Port Island is about to take action, other masters of
magic on Golden Port Island have come one after another.
They want to witness the horror of the magic master!
"You are still too young after all! I don't know the truth is that there are people outside the sky!"
" It's a good thing for young people to be arrogant, but don't be too arrogant! There will always be
someone better than you in this world!" The
Gambler couldn't help but said.
Xuanzun Kyushu then said: "Yes! Young man, you are quite talented! You may not be able to enter the
top five in the future! But you are so arrogant, I have to take you today!"
Levi Linle.
He is now number one on the top!
Thousands of people are paying attention to this battle.
He Qingxue's beautiful eyes flickered, but she didn't know why, but in her heart she hoped that Levi
Garrison would win.
Compared with Jimson who was beaten as a pig, Levi Garrison is her prince charming.
She could still agree to the marriage contract before, but now seeing Jimson so embarrassed, she
doesn't want to marry.
The battle of Golden Harbor Island has become more and more popular!
After all, it is the fourth shot on the top list!
"Stop talking nonsense, come on! Beat you, I have other things to do!"
Levi Garrison hooked his finger towards the Kyushu Xuanzun.
One sentence angered Kyushu Xuanzun and his thousands of disciples.
This hasn't started yet.
Did Levi Garrison mean that his master was defeated?
court death!
"Ignorance junior!"
Kyushu Xuanzun was merciless, and his shot was just a spell.
& "Boom…"
The air current evolved from the magic spell was overwhelmingly pressed towards Levi Garrison.
The terrible air current will strangle people into shards.
Everyone was shocked.
Kyushu Xuanzun is worthy of being the first master of magic arts.
The spells that were pinched out at random have such power.
"Boom!"

Levi slammed out a flat punch, and the airflow was crushed and scattered.
Kyushu Xuanzun was shocked.
Next.
He has all kinds of magic skills!
Almost all the faculties of his life have been taken out.
But it was useless in front of Levi Garrison.
Regardless of your various skills, I, Levi Garrison, blocked it with a fist.
At the beginning, everyone had a satisfied and assured smile on their faces.
Gradually shocked, confused, unbelievable…
until now everyone was stunned. .
terrible!
too frightening!
Kyushu Xuanzun's technique has reached the point where he can use it to change the weather,
manipulate thunder, wind and rain, and even ground energy.
But all this is helpless to Levi Garrison!
Freak!
Absolute freak!
Even the top three in the rankings definitely don't have this strength!
No matter how strong the strongest Gemini is, it won't go back and forth with Kyushu Xuanzun.
This is impossible! ! !
Who is he?
"Great Destruction Technique!!!"
Kyushu Xuanzun was forced to use his own tricks.
A killing technique!
Just because it is too cruel and bloody, Kyushu Xuanzun generally would not use it.
But this knot must be used.
"Kacha Kacha…"
All the sky thunders smashed down, trying to destroy everything.
"Is that all?"
Levi Garrison sneered.
Terrible power erupted from his body, abruptly offsetting the sky thunder.
"Da da da…"
Kyushu Xuanzun retreated several steps, and asked inconceivably: "Who are you?"
Levi Garrison didn't speak, but slowly took off the disguise mask.
The Return of the God of War [The Protector] Chapter 1971
The eyes of the thousands of people present were all focused on Levi Garrison.

Everyone saw Levi Garrison's face peeling off with a mask. Everyone was short of breath, even
suffocating, with a heart hanging in his throat.
This is not his true face?
At this moment, He Qingxue was sweating profusely and did not dare to breathe.
She desperately wants to know the real face under the mask!
She was more curious about Levi Garrison's true identity than anyone present!
Xuanzun Kyushu looked at Levi Garrison without blinking.
Soon the mask fell off, revealing Levi Garrison's original face.
"Hiss!!!" At
this moment, the voices of cold breath sounded one after another.
The audience was silent.
Everyone has to suffocate!
All the body does not move, the expression is frozen!
Just like walking dead!
After seeing Levi Garrison's true face clearly.
The gambler was dumbfounded.
He Zongtang was dumbfounded.
He Qingxue was dumbfounded.
Kyushu Xuanzun was dumbfounded.
Even Jimson from the Blackwater Company was dumbfounded.
...The
faces of everyone were crazy, extremely shocked!
he!
It turned out to be him!
No one thought of this!
After seeing this face, many problems were solved immediately!
Why did he dare to provoke the gambling king family alone?
Why did he know that half ghost and half immortal were locked up?
Why didn't he pay attention to Golden Harbor Island from beginning to end?
Why did he even beat the young boss of the Blackwater Company to death?
Why Xuanzun Kyushu can only fail in front of him?
...
All the problems were explained clearly after seeing this face.
Almost everyone recognized Levi Garrison's face.
Even if it is relatively remote, Golden Harbor Island, which is far from Erudia, is almost universally
known.

At this moment, all tens of thousands of people present were shocked.
So many people have reached the point where the needle drop can be heard…It's
really scary!
The gamblers reacted one by one.
His face was pale, and his eyes were full of fear.
Some people were even scared and sweating profusely, The legs were trembling constantly.
"Who is Grandpa? Why are you all afraid of him?" A
crisp voice sounded.
There was a child who didn't know Levi Garrison, and asked his elders curiously.
"Who is he?"
"The God of War of Kunlun who used to be the Great Summer, one word side by side! Now the first
Levi Garrison in the Great Summer List!!!"
"He is also the descendant of the Fire Cloud Cthulhu! The commander of the Seven Cthulhu!!!
Someone shouted.
"Hiss!!!"
The sound of cold breath was endless.
No one did not expect that the number one in the summer list would come to Golden Harbor Island.
Two days ago, the gambling king was still joking that if Levi came to Golden Harbor Island, he would
definitely overwhelm this place.
Unexpectedly, the prediction came true!
He really came!
"Puff!"
Guo Yifei couldn't control it anymore. He was anxious and spouted a mouthful of blood.
He is actually looking for the trouble of No. 1 in the big summer!
Oh my god!
What did he do?
Fortunately in the misfortune, Levi Garrison left early, and he failed to find trouble.
Once he succeeds in finding trouble, then the Guo family may have to be erased from Golden Harbor
Island.
Thanks to the ancestors of the Guo family!
How about Ren Tianfeng and Fang Peiqi?

The ants in their eyes, in a blink of an eye, have become the peak existence they can't afford to climb!
he!
It's him!
He Qingxue almost cried with joy!
After seeing Levi Garrison's demeanor at the Tianjiao Conference, I will never forget it again!
Peerless posture was engraved in her mind.
I always felt like a person just now!
Now it's clear!
This is Levi Garrison!
he came!
Seeing that it was Levi Garrison, He Qingxue was not afraid, but extremely excited.
The name Levi Garrison seemed to be bombarded by a cannonball, and everyone in the room was
bombarded with perfection!
Those who are most afraid of it are those from the Blackwater Company.
They knew that Levi Garrison was the number one enemy.
I met now, nothing good…
"Xuanzun Kyushu sees Mr. Garrison who is number one in the sky list!"
Xuanzun Kyushu bowed and saluted.
The audience fell silent again…
The Return of the God of War [The Protector] Chapter 1972
"Mr. Crash, I hope Mr. forgive me!" In terms
of age, Kyushu Xuanzun was already over a hundred years old.
But isn't it necessary to obediently salute in front of Levi Garrison?
This is respect for the strong!
Nothing else!
He had to apologize to Levi Garrison and beg for forgiveness!
Otherwise, with Levi Garrison's strength, killing him would kill him.
Isn't the commoner killing god an example?
"I have met Mr. Garrison in my family on Golden Port Island!"
" I have met Mr. Garrison in my family on Golden Port Island!"
……
These dignitaries on Golden Port Island reacted one after another and saluted Levi Garrison one by
one.
Only the gambling kings and Heishui Company were left in the field, embarrassed and at a loss.
After all, there is a direct conflict between the two sides, it is not like the other people apologize and it

is over.
"I, I..." The
gambler's mouth trembled and his body trembled violently.
I couldn't squeeze a word out for a long time.
They underestimated the enemy.
If you check Levi Garrison's identity carefully, you won't know Levi Garrison's identity a long time ago.
How come to where it is now?
Longteng Villa was overthrown, and all the masters were defeated.
Also offended the big summer list!
I can't bear the consequences!
Levi Garrison looked at the gambling king family and smiled: "What other cards do you have? Just take
it out!"
Levi Garrison's words frightened everyone out of their bodies, like a light on their backs.
"Puff!"
"Puff!"
...
They knelt down one by one.
Kowtowing at Levi Garrison begging for mercy.
"Mr. Garrison beg you to bypass us once! We really don't know Mount Tai!"
"We are blind! We are sick!"
...
Everyone begged and cried.
They were afraid that Levi Garrison was unhappy and would destroy the He family.
He Qingxue also leaned forward: "Mr. Garrison, as long as you promise to let the He family go, we can
agree to any conditions!"
Speaking of the back, He Qingxue lowered her head shyly. Who doesn't know what that means? ?
The condition is that she can too!
"How good is it to hand over people earlier, why bother?"
"Forget it, I'll go meet people first!"
Levi Garrison was about to set off, but saw Jimson and others on the side.
"The Heishui Company's right? It has something to do with Richard and the Lab of the Gods, right?"
"Lao Tzu, what the hell is the most annoying you! Go back and tell Richard, if I see you hanging around
in Erudia again I saw one kill one!"

“Get out!!!”
Jimson and the others were so scared that they fled from here.
What kind of marriage?
What kind of beauty?
My life is almost impossible to save!
The Heishui Company and the Sanxing Group and Songshang Group who came with him were all
scared away.
From then on, Golden Harbor Island was their taboo.
I dare not come if I die!
After escaping from Dragon Villa, Jimson immediately contacted Richard.
“Mr. Richard, Levi Garrison is on Golden Harbor Island! I just met…”
Richard’s cold voice came from the other side: “Okay, I get it. This is important information!”
…in
Longteng Villa.
Levi Garrison said nothing.
Go straight to the place where the half fairy and half ghost are closed.
There is no need for others to lead the way.
This made the gambling king and others more and more horrified.
How did he know that people are locked here?
Too… amazing, isn’t it?
“Boom!”
When Levi Garrison blasted the secret road gate open with a punch, the gambling king was completely
convinced.
The number one on the top list is really omnipotent!
Others are even more dumbfounded.
None of them knew, how did Levi Garrison know?
This is too magical, right?
About to reach the half-ghost and half-immortal place, Levi Garrison suddenly asked the gambling
king: “Why did you lock him up?”
“Boom!” As
soon as the question came out, the gambling king trembled fiercely.
It seemed that this question was extremely terrifying to him.
“Say!”
Levi Garrison scolded.
The Return of the God of War [The Protector] Chapter 1973
The gambling king wiped his cold sweat and could only tell everything.
The half fairy and half ghost have superb abilities, almost ghosts and gods.

He is different from Kyushu Xuanzun's spells, his spells are used in Feng Shui.
Specially show people Feng Shui, change the luck of these things.
In this realm, he is like a half immortal!
Back then, the king of gambling was just a nameless man who went south, starting from scratch, step
by step.
Among them, there is no lack of half immortals and half ghosts, and changing fortunes is common.
Especially in casinos, these are particularly important.
But it is said that the king of gambling has built a huge financial empire, which is inseparable from the
half immortal and half ghost.
It's not just him, the other dignitaries of Golden Harbor Island rely on half-fairies and half-ghosts.
Because of their success, they pushed the half fairy and half ghost to the position of god!
That is, everything that Levi Garrison saw in the materials about the magic master.
The gambling king and the big powers regard the half immortal and half ghost as the guests.
I thought that under the close cooperation between the two parties, the business could take a step
forward.
I don't know what happened later…
Everyone who has been treated by half-immortals and half-ghosts has been punished to varying
degrees!
The big powers are either physically disabled, or their family members are in trouble, or their careers
are collapsed…
Gradually, problems abound.
The most serious is the gambling king family!
Because they get the most from half-immortals and half ghosts, the more severe the punishment they
receive.
The wives and concubines of the king of gambling, and even the lovers who were related to each
other, died violently.
The most frightening thing is that in the grandchildren of the gambling king, not one is a boy, all are
girls.

This is why the gambling king loves He Qingxue the most.
In general families of this level, boys are definitely more loved.
But men are not at all!
This is the trend of weaning off grandchildren!
Together with the problem of the gambler's own legs, until now he can only walk on crutches.
From then on, all women who have a relationship with the gambling king will die… The
gambling king is a seed of infatuation.
& Although there are many women, he loves each one deeply.
But they are all in trouble!
The gambler is distraught!
It wasn't until then that he realized that if the half-immortal and half-ghost were asked to take action,
while reaping the benefits, he would also suffer punishment.
In one word-there is no good thing in the sky.
If so, you have to change things.
The gambling king understood that all his achievements were originally obtained by his wife and no
male descendants in the family.
To put it in an exaggeration, the gambling king is cursed.
The same is true for other powerful and powerful people on Golden Harbor Island.
Wherever the half-immortal and half-ghost gain the benefit, the most important thing must be
correspondingly lost.
The more benefits you get, the more serious and important you lose.
After the backlash appeared, the half fairy and half ghost fell directly into the altar.
Angrily, the gambling king locked him up forever, letting him live in the ground secretly until he died
of old age.
Subsequently, the gambling king joined forces with the dignitaries of Golden Harbor Island to lock the
news…
In fact, the gambling king was also very afraid, he wanted to kill half a fairy and half a ghost with a
single knife.
Kill him terribly, and he will suffer retribution.
Can only be closed!
Hearing this, Levi Garrison understood everything.
Levi Garrison was not very shocked by these strange things.

In the people of Erudia, there are many such strange people and strange things.
The most important thing is to understand a truth-there is no unprovoked achievement in the world,
everything still depends on your efforts.
If you take a shortcut, you will pay the price.
With that said, everyone has arrived at the place where the half-immortal and half-ghost are
imprisoned.
"You came?"
The far half fairy and half ghost already laughed.
"Are you waiting for me?"
"That's right!" The
half fairy and half ghost smiled weirdly: "I still know why you came to me?"
Levi Garrison and everyone were shocked.
Half-xian and half-ghost said modestly: "No more folk tricks, you can't get on the stage!"
Levi Garrison calmed his emotions: "Then you can cure her?"
The Return of the God of War [The Protector] Chapter 1974
"You can try it!"
Levi Garrison smiled.
possible.
But then the half-immortal and half-ghost's voice sounded: "But you also pay the price, are you
willing?"
"You…"
Hearing this, the gambling king didn't get angry.
Half ghost and half immortal obviously know all this.
As long as he makes a move, it must be accompanied by punishment.
But he didn't say anything before.
Play with the rich and powerful of Golden Harbor Island.
If it was said that he had to pay such a price at that time, the gambling king would never find him.
Now it's calm.
Tell me directly that there is a price!
Levi Garrison looked calmly: "No problem! As long as people are okay, any price can be accepted!"
Levi Garrison is not like being regarded as an enemy by Zoey all his life!
He can accept any price!
"Okay!"

After finishing speaking, a terrible vigor erupted from Half Immortal and Half Ghost, breaking the
chain on his body every inch.
The gambling king looked dumbfounded.
This can't shut him down?
"You, you…" The
gambling king was shocked and speechless.
He and his subordinates realized that it turned out that the half fairy and half ghost could not be kept
here.
He is not only a Feng Shui master, but also a master.
"You were arrested by me on purpose? Why are you willing to be kept underground for so many
years?" The
Gambler asked tentatively.
They really couldn't figure out why the half-immortal and half-ghost didn't resist and let them stay
here for so many years.
What is it for?
Is he stupid?
Do not!
There must be a reason!
Half fairy and half ghost did not answer his question.
Instead, he left here with Levi Garrison.
Before leaving, Levi Garrison said to the gambling kings: "I will send him back after I let him help. You
can decide if it is closed or not!" The
gambling kings have a bitter expression on their faces.
They have to be strong if they want to shut down Closed.
Now it seems that the strength of the half-immortal and half-ghost is terrifying, and it is afraid that it
will be higher than the Kyushu Xuanzun.
A veritable master of magic on Golden Harbor Island!
What are they going to do?
Levi Garrison was very pleasantly surprised.
The more magical and strange the half fairy and half ghost, the greater the probability of curing plum
dye.
As for the price, he never thought about it.
Just come on!
"Mr. Garrison, I will leave first, and then we will meet!"

Then, the half fairy and half ghost left temporarily, not knowing where they went.
Levi Garrison waited for him and went to Tiance Mansion to find Zoey.
…
On the other side.
Richard has already been in a video call with the East Island forces.
"There is news from my people that Levi Garrison has appeared on Golden Harbor Island! There are
no seven evil gods around him, and there are no people from Tiance Mansion on Golden Harbor Island!
This is a good opportunity for us to kill him!"
Richard said.
"Really? That's a great opportunity! Mr. Richard, this is our best opportunity! Both of us must send
enough cards! He must be killed!"
"Relax, I understand! This opportunity If you miss it, it will be difficult!"
"Then let's act now! Later, Levi Garrison will leave!"
…
Levi Garrison has been waiting for half fairy and half ghost.
It's just that this weird guy doesn't know why he went.
I haven't come back after a few hours.
The seemingly calm Golden Harbor Island is actually murderous.
On the eve of the last battle with the Common Killer God, Richard and the East Island forces sent their
hole cards for the purpose of consumption.
But this time it was different, because he wanted to kill Levi Garrison directly.
So what they sent is the trump card.
The strong man who can directly threaten Levi Garrison's life!
Richard is a cautious man, never revealing his cards until the critical moment.
But in order to kill Levi Garrison, he sent it out.
Levi Garrison, who was waiting, suddenly his right eyelid jumped nonstop.
"How do you feel like something is going to happen!"
Levi Garrison's expression changed.
He realized that something was wrong.
The atmosphere is weird and people are very uncomfortable.
The Return of the God of War [The Protector] Chapter 1975
Could it be that something happened to him?" Levi Garrison thought for the first time that something
might happen to half a fairy and half a ghost.
He didn't expect it to be himself.

The flustered feeling hit him, making him restless.
“Huh? What are you doing?”
Levi Garrison saw He Qingxue come.
Can’t help being surprised.
“I…”
He Qingxue lowered her head, not knowing what to say.
“Huh?”
Levi Garrison became more puzzled.
Is this woman sick?
“Thank you!”
He Qingxue raised her head and thanked Levi Garrison.
“Thank me?”
Levi Garrison pointed at himself with a look of surprise.
“If it weren’t for you, I would have married Jimson! Hey, I used to treat this marriage as a deal! I
agreed to marry him, just want to enter the laboratory of the gods!”
He Qingxue told the truth.
Levi Garrison touched his nose: “Laboratory of the Gods? So attractive?”
Although the Western Heavenly King had already found the Laboratory of the Gods, there was very
little information.
Levi Garrison wanted to learn more from other people.
“Yes! The Lab of the Gods claims to control the most mysterious things in the world! They are on top
of this world! Just join, they are definitely the top existence!”
“They have the top technology and the most complete. He Qingxue’s cultivation system has the most
abundant resources, and even the world’s various ancient bloodline creatures. They can also be cloned
and copied for humans…”
He Qingxue opened the conversation with him when he talked about the Lab of the Gods. Non-stop.
It just so happens that the major companies of Golden Harbor Island and War Eagle Nation are closely
related, and they know a little bit about the Lab of the Gods than other places.
Levi Garrison was shocked.
The Lab of the Gods is indeed powerful.
It can be seen from a Richard alone.
He is definitely not high in the laboratory of the gods, just a middle-lower rank.

At best, it is representative of all God's laboratory is doing dirty work outside.
Such a small person is so difficult to deal with.
It's hard to imagine how powerful the Lab of the Gods is… When dealing with the Eagle Nation, all the masters encountered are basically produced by the Lab of the
Gods.
The fighters they built with modern technology and genetic technology are even comparable to
Eastern fighters.
This in itself is incredible!
Even Levi Garrison felt that the covenant of the gods that restricted the supreme-level powers back
then came from the laboratory of the gods.
They are like gods aloft, dominating everything.
But no matter how powerful or mysterious he is, Levi Garrison is not afraid.
Even overturn them!
Offending and provoking Erudia, he couldn't let it go.
He and the Lab of the Gods will have to meet each other sooner or later. Before that, just understand
more.
Levi Garrison asked: "Is there anything specific about the Lab of the Gods?"
"The specific thing is that the Lab of the Gods has observation bases in all corners of the world. There
are in Jingang Island, and it is said that there are also in Erudia!"
He Qingxue replied.
Levi Garrison nodded: "Terror, their scope is all over the world!"
This incident chilled the back.
You didn't even figure out who the enemy was.
But the enemy's knife is already on his neck, and what's more terrifying is that you still can't see the
knife.
"By the way, my grandfather said that the Lab of the Gods is also searching for various relics and
various rare resources
all over the world !" "Some time ago, what they found in various places in Erudia, took advantage of
the chaos and sent people. Come and get it!"
"It is said that the things taken away are a qualitative leap for them!"
…

Hearing this, Levi Garrison's face changed drastically.
Isn't this what I have been investigating?
The Western Heavenly King checked the news for a long time, but he didn't expect He Qingxue to
know directly.
It seems that the family of gambling kings who have been in contact with Heishui Company for a long
time are well informed.
"What did they find taking away in Erudia?"
Levi Garrison asked curiously.
The Return of the God of War [The Protector] Chapter 1976
"It seems to be…"
He Qingxue's words just came to her lips, and sudden changes suddenly occurred.
"Boom!!!" A
beam of light came out of thin air.
Levi Garrison immediately pulled He Qingxue away.
"Booming…"
A huge deep pit was blown out even with the shaking of the mountains.
"No, someone!"
Levi Garrison hurriedly took He Qingxue to the side.
He Qingxue's face was pale.
Although she was also a martial artist, she knew at the moment that if there was no Levi Garrison, she
would definitely die.
"Sorry, you are implicated, this group of people is afraid that they are coming to me."
He Qingxue apologized.
I saw Levi Garrison's ear wing instigate, and said in a deep voice: "No, they came at me! You are not
qualified!"
Levi Garrison already felt that there were many powerful people around him.
Everyone is enough to destroy the Golden Port Island and surpass the Kyushu Xuanzun.
How could a powerhouse of this level come to trouble He Qingxue.
He Qingxue: "…".
She looked embarrassed.
"Buzzing…" A
deep roar came from the sky, and a gust of wind formed around.
"Huh?"
Levi Garrison was taken aback.

This is a big trick!
In all directions, including the sky, there are wind walls formed to isolate this place from the outside
world.
The invisible wind shield enveloped them.
The outside world will not know what is happening here.
And no one will interfere here!
Someone wants to kill himself!
Levi Garrison suddenly understood!
Richard!
The Lab of the Gods!
These two titles immediately came to him in his mind.
He let go of Jimson and others from the Blackwater Company. They must have told Richard.
He had repeatedly undermined the plans of Richard and the East Island forces.
The other party can't let him live!
"Hey?"
& Levi Garrison glanced at He Qingxue, this girl was going to be his burden.
"Levi Garrison's time for your death is up!"
He shouted sharply.
Several figures appeared.
The first is a tall white man with a blank expression on his face, like a murderous god from hell, giving
the whole person a beast-like atmosphere.
He was nicknamed the undead soldier.
Next to me was a foreign woman with a fiery figure wearing a black leather coat. Her eyes were very
strange and her body exuded a terrible breath.
She is a witch sent by the Lab of the Gods, similar to Erudia's magic master, possessing supernatural
powers.
"Kacha, kacha…"
A tall man appeared next to him. As he walked, a technological armor appeared on his body,
completely enveloping him!
This is a super armor produced by the Lab of the Gods, two levels higher than that worn by Richard!
This is a mecha fighter, nicknamed the god of war.
"Da da da…"
Along with the sound of footsteps, another figure appeared.

His body was wrapped in a black battle suit, and he was wearing a terrible devil mask. He couldn't
distinguish between men and women, and he carried two long swords on his back. A terrifying aura
exuded.
Death Swordsman!
These four are powerful and terrifying, and they threaten Levi Garrison when they appear.
This is much stronger than Commoner Killing God.
And Levi Garrison felt that there was another person staring at him in secret!
Ready to give yourself a fatal blow at any time.
These five people alone are absolutely terrifying!
It seems that this time Richard is really paying for it.
But this is only the beginning!
"Jie Jie Jie…"
There was a strange laughter.
On the bridge not far away, stood a dwarf who was only about 1.3 meters tall.
He has an ugly face and a weird smile.
However, he was carrying a katana behind his back, and there were several katanas of different
lengths hanging from his waist.
Levi Garrison squinted his eyes: "Samurai East Island?"
"Boom boom…" The
earth trembled suddenly.
Not far away, a hill-like figure appeared, carrying a huge sword!
"There is still such a tall person in
Dongdao ?" Levi Garrison sneered.
Dozens of Toshima warriors appeared around.
The Return of the God of War [The Protector] Chapter 1977
All powerful horrors!
All are close to the level of Common Killer God!
The tall and short samurai even possessed the level of the common killer god.
Coupled with these masters in the Lab of the Gods, it is enough to form a death-killing game!
What's more, Levi Garrison felt that there were still people on the East Island forces staring at him in
secret.
The strength of the face is so strong, there are top assassins secretly!
Horrible!

In fact, Levi Garrison noticed the two people staring at him secretly, one was the ghost warrior of
Dongdao.
Who is extremely powerful!
The other one is the Dark Arrow from the Lab of the Gods!
Rumor has it that he can penetrate everything with one arrow.
No matter how strong the existence is, if he is shot with an arrow, he will undoubtedly die.
Both of these are assassinated kings!
In other words, this time killing Levi Garrison, these things on the surface are all pretense.
The real killer move is on these two people.
They are the key to killing Levi Garrison!
…
Richard has been in video conferences with the leaders of the East Island forces.
"Our people are in place! This time we really have all the trump cards!
We can't kill him this time, we
really can't do anything!"
"Yes, the Oni Samurai are all sent out!" The
East Island forces were helpless. Of the stalls.
Richard also sighed and said: "This time I sent out here, and it is also my highest authority can
mobilize! If I can't kill anymore, I have nothing to do!"
This is their last hope to kill Levi Garrison!
At this moment, his hands came down to find Richard.
Attached to Richard's ear and said a few words.
Richard's face changed from serious to ecstasy.
"Hahaha… That's great!"
Because Richard's men completely restored Xu Zhengjie's experiment.
The point of direct experimentation can be done immediately.
Because Xu Zhengjie discovered the super-energy particle alone, they also found it.
There are even alternatives! In other words, they have more super-energy particles than Xu
Zhengjie, can conduct more experiments, and can transform more pure energy bodies.
Richard was excited when he heard the news.
"Hurry up! Choose two people for the experiment, I want to see the results! The fastest time!"
Richard was already impatient.

“Understood! We have selected a hundred candidates for participating in the experiment!
Experiments can be carried out at any time!”
Just as his subordinates were about to leave, Richard seemed to think of something and called his
subordinates in front of him.
“Go, catch these people… come back and experiment with them!”
Richard whispered names one by one.
After listening to the subordinates, they couldn’t help but give a thumbs up: “Mr. Richard, you are
vicious! This trick is absolutely!” The
leaders of the East Island forces who were in the video asked curiously when they saw this. Is there
anything good, sir?”
Richard smiled: “In a word, even if you can’t kill Levi Garrison this time! I can kill him next time!”
Richard is confident that as long as he creates a pure energy body similar to Xu Zhengjie, Ye King’s
Landing will definitely die.
Besides, he wants mass production!
Not just one!
Many!
Can Levi Garrison live?
impossible!
“Really? That’s great! Say yes, when we are in trouble, we have to support us!”
…
Levi Garrison would not have thought of it.
This killing round is not over yet, and the next killing round has also been arranged.
This is how terrible Richard is!
Not to mention the laboratory of the gods behind him!
He Qingxue pulled the corner of Levi Garrison’s clothes and looked at the slowly attacking enemies
around him in horror.
The horrible breath of these people made her tremble, it was the fear from the depths of her heart.
Levi Garrison suddenly smiled thinking of something.
He was wondering if it was a half-fairy half-ghost, the old guy expected to be in danger and evaded in
advance.

“How about Levi Garrison’s top ranking in your ranking? We still kill you!” The
powerful enemy is coming fiercely, and Levi Garrison is like a lamb waiting to be slaughtered.
The Return of the God of War [The Protector] Chapter 1978
The powerhouses sent by the Gods Lab stared at Levi Garrison.
There is a deep hatred between them!
It is even said that Levi Garrison is the enemy of the entire War Eagle Nation!
Levi Garrison once brought them shame alone!
Everyone in War Eagle country can’t wait to cut Levi a thousand swords!
So when they saw Levi Garrison, it was a natural hatred!
“Huh?”
Levi Garrison found out.
Among them, the death swordsman was holding a broken knife in his hand!
It was the broken knife that Levi Garrison inserted on the frontier of the War Eagle Nation at the
beginning!
Levi Garrison’s meaning is very simple, I will come and go freely on your land, and leave a mark that
belongs to me!
At the beginning, Richard refused to be pulled out, saying that this was a shame to remind them all
the time!
Today, they brought the broken knife back to Levi Garrison!
It also represents them to wash away the shame!
“Return the shame to you, give us life!” The
Death Swordsman made a hoarse voice and shot the broken knife at Levi Garrison.
“Boom!” The
broken knife tore the air and pulled out a long wave of air.
The speed of the lasing actually broke the sound barrier, breaking the speed of sound.
Even if a master of the rankings forcefully grabs this broken knife, his arm will be shattered!
The speed and power of this sword is too terrifying!
He Qingxue was stunned by her own eyes, this cut was too fast.
This hand alone will ruin the world.
Sure enough, the death swordsman was terrifying.
But Levi Garrison suddenly stretched out his hand, and easily grabbed the broken knife that came

from the direct shot in his hand, if there was nothing left.
The terrifying speed and power of Broken Blade was instantly resolved.
Levi Garrison's hand was also shocked to the opposite side!
They came out of the laboratory of the gods, and they disdain Levi Garrison!
I feel that killing a Levi Garrison, why do so many of them join hands.
Two is enough!
After Levi Garrison showed this hand, everyone no longer despised Levi Garrison.
It's no wonder that Richard will give a thousand warnings to punish Levi Garrison at all costs.
"Then don't force it, let's go together!"
Levi Garrison sneered holding the broken knife.
In the past, he was able to kill from the Eagle Nation with this broken knife.
Today, you can also kill from Golden Harbor Island!
Who dares to fight where the knife is going?
The real-time footage was sent back to Richard and the East Island forces.
"Very well, there is a burden beside Levi Garrison! God will help me too!"
"Our goal is to kill Levi Garrison at all costs! So any means can be used!"
" Have you seen the woman next to Levi Garrison? You guys? Kill her with all your strength! Levi
Garrison is bound to protect it! When he takes care of this and loses the other, it is easy to reveal flaws!"
"We still have three assassination masters in secret! Once he has flaws, he will definitely die!"
…
Richard is still commanding how Hands on.
And there are three people hiding in secret.
So far, Levi Garrison has only found two people…
and one person is still hiding! ! !
"Kill!!!" In the
field, the undead soldier had already shot out.
The person he killed was not Levi Garrison.
But He Qingxue on the side!
"Kill, kill, kill!" The
undead soldier soared in size and instantly turned into a beast.
"Boom…"
His punch after punch came out.
The earth trembles and shatters!

His terrifying power is also breaking the speed of sound!
It's terrible!
Levi Garrison pulls He Qingxue behind!
"Boom!"
He heads to the undead soldier.
The two fists slammed together, the earth shook terribly, and numerous cracks appeared.
The sea water not far away was evaporating, and the bridge in the distance shook violently and was
about to collapse.
The power of the two men was like thunder coming to the world, making a dull thunderous
movement.
If it weren't for the isolation here, I am afraid that the entire Golden Harbor Island will suffer!
"Boom!"
Levi Garrison blasted out the undead warrior.
But after landing, the undead warrior stood up as if nothing was wrong, not only was he unharmed,
he was also enjoying himself.
It turned out that his pain nerves were all removed.
He can't feel the pain.
This is the first person, it's so terrible…
The Return of the God of War [The Protector] Chapter 1979
The undead soldier stood up, wiped the dust off his lower body, and looked at Levi Garrison with a
smile.
"It's okay? Interesting!"
Levi Garrison smiled.
It seems that this guy is not easy to kill.
It was okay to endure a punch like that.
abnormal!
With that punch just now, Kyushu Xuanzun was blasted to death on the spot.
"Kill!" The
undead soldier rushed up again.
Head to head with Levi Garrison!
"I feel that the undead warrior is enough! No matter what he receives, he will not feel any pain! His
self-healing ability is also terrifying!"
"The most terrifying thing is that even if he has only half of his body, he can still be Fight! Because his

pain nerves have been removed, he can't feel the pain!"
"Unless his body is scumbed! Otherwise, he can fight forever and recover quickly!" The
corner of Richard's mouth rose. The face is smug.
This is the undead warrior! ! !
They don't want the undead soldiers to kill Levi Garrison!
But he has been able to contain Levi Garrison to death!
The East Island forces looked excited.
There is hope!
The first person is so strong!
Does Levi Garrison have a chance?
"It's time for us to do it!" the
witch said to the god of war.
"Okay!" The
battle armor of the god of war began to move, and the particle cannon on his right arm condensed,
and He Qingxue was already locked.
The witch is about to use witchcraft to disrupt Levi Garrison.
The death swordsman slowly pulled out the double swords on his back!
These two swords turned out to be laser swords!
One is a blue beam sword and the other is a red beam sword!
In the dim environment, it emits dazzling light and extremely strong energy fluctuations!
The Death Swordsman crossed his double swords and ran quickly, and the target was He Qingxue!
"Let's go together!"
The warriors of Higashishima also took action.
Seven or eight super samurai pulled out katana to kill He Qingxue!
& A tall samurai like a small hill also ran, holding a heavy sword of several hundred jin and slashing
down fiercely.
The goal is also He Qingxue!
There was also a weird smile from the dwarf warrior. He had been observing Levi Garrison's fight
against the undead warrior and He Qingxue's position.
"Boom!"
He suddenly moved, and suddenly appeared near He Qingxue from a bridge several hundred meters
away.
"Hey!"
At the same time, he pulled out the samurai sword on his back and stabbed He Qingxue!

Except for the undead warrior who is pestering Levi Garrison.
Everyone else killed He Qingxue alone!
Although from the gambling king family, where did He Qingxue experience this?
Anyone here can step on Golden Harbor Island.
After being killed by so many people together, He Qingxue is absolutely unprecedented.
In an instant, He Qingxue's hair was raised, and the roots stood up, as if he had been electrocuted.
At the same time, she had been wet with cold sweat all over her body, as if she was drenched in rain.
She felt her body light and fluttering, as if her soul had separated from her body and floated to the
sky.
This is the feeling of death!
He Qingxue felt her throat pinched by a big hand, she couldn't breathe at all, the feeling of suffocation
hit her, and her brain consciousness was gradually blanking… she was going to die!
He Qingxue closed her eyes in despair!
Levi Garrison, who was fighting with the undead warrior, naturally noticed all this.
More understanding of the enemy's intentions!
Just to distract yourself!
Go and save He Qingxue by yourself!
Not to mention knowing He Qingxue, but not knowing, she is a citizen of Erudia, Levi Garrison must
also go to save.
"Broken!!!"
Levi Garrison began to bombard!
"Bang bang bang…" The
undead warrior was smashed into it.
Seeing a gap, Levi Garrison rushed over to save He Qingxue!
At the very moment, the witch made her move.
As soon as her weird witchcraft was used, it actually had an impact on Levi Garrison's consciousness!
Levi Garrison was in a daze…
At this moment, it was fatal to He Qingxue!
The Return of the God of War [The Protector] Chapter 1980
The duel between the masters, the fight is an instant!
The sorceress' interference with Levi Garrison at this moment caused him to stagnate.

What's more, Levi Garrison still has to worry about the strong in secret!
Their existence is the deadliest!
late!
It's too late!
Let him miss the opportunity to save He Qingxue!
The dwarf warrior and death swordsman were the first to take action.
A katana and two laser swords will tear He Qingxue apart!
He Qingxue has been completely enveloped by the breath of death, and she has completely lost
consciousness…it is just
like death!
"No!!!"
Levi Garrison who was disturbed let out a roar, his figure turned into a flash of lightning, and instantly
appeared in front of He Qingxue!
"Chi!"
"Chi!"
"Chi!"
…
The three swords of the dwarf warrior and the death swordsman who killed He Qingxue were all
endured by Levi Garrison.
Just because of being interfered by the witch just now, Levi Garrison could only replace He Qingxue to
block all the attacks.
If there is no interference from the witch, Levi Garrison can save He Qingxue and block all attacks.
Of course, Levi Garrison still has to worry about the strong in secret!
If he forcibly blocks all attacks, he will inevitably expose his flaws to the strong in the dark.
It is better to block all attacks by yourself!
On the contrary, he is in a state of vigilance!
In the next instant, the attacks of the other masters had already arrived.
At this time, Levi Garrison had a chance to stop him!
He dragged He Qingxue back for a few steps, blasted out a few punches, blocking all the offensive.
However, the particle cannon of the mecha warrior not far away has been condensed to its maximum
power!
"Boom!"
The artillery blasted at Levi Garrison in an instant!
"Boom…" The

particle cannon blasted Levi Garrison two hundred meters away.
Everything around was destroyed, all kinds of objects fell apart, not even a scum was left behind.
"Puff!" After
landing, Levi Garrison took a dozen steps back and stabilized his figure.
& But blood spilled from the corner of his mouth!
The clothes were even shattered, with three obvious sword wounds on his body!
He just took over all the attacks on behalf of He Qingxue and was already injured.
Now it's being bombarded by super-energy particles, and it's hurting again!
"Oh yeah!!!"
Seeing the first shot, he wounded Levi Garrison, and everyone shouted excitedly.
Richard and the leaders of the East Island forces also exclaimed.
This is the first time they have seen Levi Garrison so embarrassed!
The first shot, everyone cooperated with each other tacitly, and Levi Garrison was hit hard.
This gave everyone great confidence!
"Hahaha, haven't the three of us secretly shot yet? They are looking for a reasonable opportunity to
take action. Once they take action, Levi Garrison will undoubtedly die!"
Richard laughed.
He has never been so excited!
Is Levi Garrison finally dying?
"Kill!"
All the masters in the field attacked and killed Xiang Levi Garrison again.
Do not!
The same strategy as before, kill He Qingxue and force Levi to come to the rescue!
"Chichichichi…"
Dozens of East Island warriors marched side by side, the lights of their swords flickered, intertwined
into a net of knives, enveloping Levi Garrison and He Qingxue.
The other masters also mobilized, killing Levi Garrison from all directions.
"Go!"
Levi Garrison pushed He Qingxue aside, and he suddenly attacked the oncoming Dongdao Warrior.
"Huh?"
This behavior made everyone stunned.

Did Levi Garrison give up He Qingxue?
impossible!
How could he let He Qingxue die?
"Kill her!!!"
Dozens of warriors were divided into half and killed He Qingxue directly.
Regardless of whether Levi Garrison cares about her life or death, they will kill!
The Death Swordsmen behind him felt the same way.
They divided half of them to kill He Qingxue!
Others attacked Levi Garrison one after another!
When the death swordsman saw Levi Garrison's mouth rise, he suddenly understood something.
"No, we were fooled!"
The Return of the God of War [The Protector] Chapter 1981
The Death Swordsman exclaimed.
The others reacted one by one!
It's a pity it's too late!
Levi Garrison, who had clearly abandoned He Qingxue, rushed towards them, suddenly disappeared
from the same place!
He turned back!
He used He Qingxue as a bait to seduce the fish to the bait!
He's another killer! ! !
He Qingxue, who was originally cumbersome, can also become bait in his hands!
Half of the warriors in Dongdao, the undead warriors and the tall warriors all killed He Qingxue.
After turning back, Levi Garrison suddenly appeared behind them!
"Boom!"
"Boom!" The
undead warrior and the tall warrior were hit hard and flew out.
"Puff!"
"Puff!"
……The
other five East Island warriors were slightly weaker, all of them were cut through their throats by Levi
Garrison with a broken Beiming sword and died on the spot!
The tall hill-like warrior was also hit hard. He didn't have a super healing power like an undead
warrior.
This time, they lost a lot!
But this is only the beginning!

Levi Garrison didn't give everyone time to react, and he turned back, but he appeared again in the
front.
There are five Toshima samurai who have been targeted by him!
Levi Garrison came back again this time and caught them off guard.
"Puff!"
"Puff!"
"Puff!"
……
Although they have the level of a master in the big summer list, they are still much worse than
ShangLevi Garrison.
The North Ming Sabre once again took off and killed the five great warriors!
"This…" The
leaders of the East Island forces who saw this scene were so angry that they smashed the table.
At this time, they will lose half of their strength!
Levi Garrison is really hard to deal with!
Even Richard didn't smile anymore.
I thought that Levi Garrison would be crushed all the way, but now it doesn't seem to be the case.
Levi Garrison could even fight back!
This is something they never expected!
After doing all this, Levi Garrison quickly retreated to He Qingxue's side.
He never thought of solving so many masters at once.
That is unrealistic!
Totally impossible!
& "Kill!" The
death swordsman was holding two beam swords to kill Levi Garrison!
The sharpness of these two swords is that Levi Garrison has to avoid it!
If he insisted, he would also be injured.
Levi Garrison quickly dodged and retreated.
"Buzzing…" There was
a sound of mechanical rotation in the air.
That is the armor of the mecha warrior in action!
I saw energy accumulating on his right arm, flashing electric lights.
According to the starting device and power device of the mecha device on his body, it is of aerospace
technology level.
The rear wing ejects terrible arrogance and provides terrible power!

The power of the instant activation is almost comparable to the moment of rocket launch…
“I’m coming!” The
mecha warrior slammed a punch from midair.
The Death Swordsman quickly drew away!
The punch of the mecha fighter is really terrible!
“Boom!!!”
Just start it, spewing terrible exhaust gas, forming a whirlpool in the air!
The power of this punch is astonishing!
It turned out to be a breakthrough five times the speed of sound! ! !
This is the fastest punch Levi Garrison has ever encountered!
It was already the limit to be able to break through three times the speed of sound before!
This time is five times the speed of sound!
The power can be imagined!
Modern technology is so strong!
Raise an ordinary person to this level!
Levi Garrison couldn’t evade at all, and could only bite the bullet to receive this devastating punch!
“boom!”
Levi Garrison also blasted a punch that broke the speed of sound!
“Bang!” The
two fists slammed together.
This collision was an upset, and the sun and the moon turned pale.
“Kacha!” The
earth cracked a rift valley directly, reaching a depth of hundreds of meters.
“Sneez!”
Everything around him fell apart like being destroyed by a tornado.
“Boom…”
The sea next to it was tumbling with a hundred meters of huge waves…
The power of
destruction was terrifying!
After a punch.
Levi Garrison keeps backing away!
“Not good!!!”
Levi Garrison sensed that the person who had been staring at him secretly was about to take action…
The Return of the God of War [The Protector] Chapter 1982
This is the deadliest!
The moment the god of war knocked Levi Garrison back with a punch, someone secretly shot.

“Wow!”
“Wow!”
“Wow!”
... It
was a trail of afterimages, passing in front of people’s eyes.
In an instant, five black shadows appeared on the left and right of Levi Garrison’s head!
All kill him at the fastest speed!
Levi Garrison understood that this was not an illusion created by witchcraft, but a real existence!
Doppelganger!
It was a clone created by someone with speed or magic fighter!
Oni Samurai is ready!
The leaders of the East Island forces clenched their fists tightly, and the Oni Samurai was the most
grabbing trump card among their forces.
Oni samurai is not only the master of Higashishima Kendo!
Mainly, the weird ninjutsu and special strange techniques he cultivated, making him top-notch in all
aspects of speed and physique!
The most terrifying thing is that his body is like a ghost, and he can split into clones.
Like ghosts!
This is where he is best!
He has been hiding in the dark for a long time.
Finally let him seek the best time!
He shot!
The five clones of Oni Warriors kill Levi Garrison together!
The five clones held a black samurai sword and stabbed them at the same speed!
So that Levi Garrison couldn’t tell which one was the real body at all!
If the judgment is wrong, it will be fatal.
Not dying is a serious injury!
Oni samurai is not easy to make a move, one move is a killer skill!
The five clones of Oni Samurai are also extremely fast!
So that everyone present could not tell the five figures, which one is the real body!
In an instant, the five figures approached Levi Garrison at the same time!
The terrible thing is that the five figures are combined into one figure!
“Puff!!” At
the moment of integration, a knife pierced Levi Garrison’s throat!
Everyone was stunned!

Oni samurai is really amazing!
One shot, Levi Garrison would actually be killed!
terrible!
Levi Garrison got pierced through his throat like this?
"Successful! We succeeded!!!"
& The East Island forces shouted in exclamation one after another.
They stood up and celebrated.
But Richard looked serious.
He noticed something unusual.
"No! This trick is horrible! But for Levi Garrison at most, it is impossible to get a pierced throat! There
is a problem! Attention everyone!"
Richard quickly reminded.
Oni Samurai himself was the first to discover the anomaly!
He felt that he had just stabbed a lonely one!
Obviously it penetrated people's throat, but it didn't seem to hit anything!
No feeling of stabbing anything in kind!
not good!
In the next second, Levi Garrison in front of him disappeared!
This is also an afterimage!
It's not Levi Garrison's real body at all!
This is the afterimage left by the speed limit, deceiving people's brain and eyes!
The afterimage he just pierced through was a residual image after all!
Levi Garrison was gone long ago!
Others also reacted one after another!
The ghost clone!
This is a stunt that Levi Garrison has used several times!
Now that Levi Garrison's strength is getting stronger and stronger, it will naturally become more and
more terrifying when used.
"Boom!"
Levi Garrison punched out the instant the Ghost Warrior realized it.
"Puff!" The
Oni Samurai was attacked instead.
"Go!" The
Death Swordsman and the others rushed forward and immediately killed Levi Garrison.
The mech warrior immediately activated the aircraft and turned into a flash of lightning to rescue the
ghost warrior!
Everyone was terrified!

Until now, no one dared to despise Levi Garrison for half a minute!
He is terrible!
Such a luxurious lineup can be called this way!
He is so horrible!
"The Oni Samurai is exposed, and one of our swords inserted into the heart is lost!"
Richard not only exclaimed.
"No, the real power of the ghost has not yet been manifested!" The East Island forces said coldly.
"Huh?"
Richard was stunned, and the Oni Samurai really started.
"Levi Garrison, I've long been looking forward to a fight with you!"
The Return of the God of War [The Protector] Chapter 1983
Levi Garrison also saw the true face of the ghost warrior!
He was shrouded in a special black costume, with a biochemical mask on his face, and he couldn't see
anything under the mask.
He was carrying a handful of samurai swords behind him, Levi Garrison initially estimated that there
should be sixteen!
The whole person exudes a terrifying breath.
Every time he breathed, he made a terrifying sound, like a beast.
"Boom!" A
booming sound.
The ghost warrior disappeared into a blue smoke!
Ninjutsu! ! !
The ghost warrior instantly appeared around Levi Garrison, splitting into eight clones instantly!
"Boom boom boom…"
Eight Doppelgänger took the photo again!
This time it was even more difficult to tell that the figure was real!
Because the heavy palms taken by each figure are powerful!
It seems that his eight figures are real!
There are sixteen palms in a row, endless, palm after palm, one palm is better than one palm!
"Kakcha!"
"Kakcha!"
…The
earth kept shattering.
"Boom!"
Levi Garrison took these sixteen palms with a punch!

The terrible thing is that the palm strength is tumbling, layer by layer, layer by layer stronger!
The 16-fold palm power progressed layer by layer, bombarding Levi Garrison.
"Crack!"
"Crack!"
"Crack!"
……
With each heavy palm bombardment, Levi Garrison took a step back, and with each step, the earth
shattered, showing a spider-web-like crack!
The destructive power is amazing!
When Levi Garrison was forced to retreat sixteen steps, dozens of football pitch-sized areas appeared
densely like spider webs.
"Boom!"
In a loud boom, this area suddenly collapsed, and a huge pit appeared.
If you let ordinary people see it, you might think that there is a pit from the spacecraft that is visited
by aliens.
"So strong!!!"
Everyone couldn't help but marvel when seeing the ghost warrior expressing his power.
Just now they always thought that Oni Samurai would only assassinate!
I didn't expect to come directly to be stronger!
"Sure! It was you before, right?" Levi Garrison thought of someone staring around the Shenlong
Science and Technology Base.
Now think about it, this guy in front of you!
"What are you doing in a daze? Together!" the
Oni Samurai shouted.
The death swordsman and other masters all reacted.
Let's attack Xiang Levi Garrison together!
The eight figures of the ghost warrior are in one, and they follow the others to kill Levi Garrison.
The two sides fought hard!
Levi Garrison was protecting He Qingxue while fighting with many masters!
Also be prepared for secret attacks at all times!
"Boom!" The
ghost warrior changed again, splitting into eight figures, like eight ghosts roaring and killing Levi

Garrison.
The Death Swordsman and others also attacked and killed one after another.
The witch on the side tried to use witchcraft to interfere with Levi Garrison.
For a moment, Levi Garrison was in danger again.
Pulling He Qingxue to avoid constantly, several wounds appeared on her body!
It can be described as dangerous!
"Continue to increase the attack! Don't give Levi Garrison a chance to breathe!"
Richard was still commanding.
Everyone of the Death Swordsmen showed their skills!
The witch is also trying her best to interfere with Levi Garrison's mood and consciousness…
"Kill!"
All of the eight figures in the air of the ghost warrior were suddenly divided into two, turning into
sixteen figures!
terrible!
terror!
This is the ultimate killing of Oni Samurai!
That is the figure he can differentiate the most!
Sixteen!
In other words, it is twice as strong as before!
Eight clones are enough to make Levi Garrison so embarrassed!
How terrible the sixteen clones would be!
As you can imagine!
"Puff!!!"
Under the siege of many people, Levi Garrison finally couldn't bear it.
Stabbed with a knife by a ghost warrior, blood splashed!
Had it not been for the burden of He Qingxue, Levi Garrison wouldn't be like this.
But there is him!
"Go harder! Kill Levi Garrison directly!"
Seeing that Levi Garrison was forced to the point where there was nowhere to escape, everyone
showed excitement.
The Return of the God of War [The Protector] Chapter 1984
Masters such as the Death Swordsman joined forces to attack Levi Garrison with a powerful pressure.

The sixteen ghost warriors found the right time to assassinate Levi Garrison!
The most terrifying thing is the Oni Samurai, his sixteen clones cannot be broken at all!
In other words, it can be broken when one-on-one.
It takes time and patience.
But in this situation, there is no time or opportunity at all.
If it can't be broken, there is always danger!
"Puff!"
"Puff!"
... In the
next few consecutive attacks, Levi Garrison was injured.
Although it was not a fatal injury, it might have caused Levi Garrison to be injured, which was enough
to excite Richard and the others.
"Get out!"
Levi Garrison suddenly burst into spring thunder, and terrible power erupted from his body, and
shook everyone back!
"Fights are also limited, okay? His mother gave you a face?"
Levi Garrison looked at everyone with cold eyes!
He was completely irritated!
These joint attacks time and time again, attacking He Qingxue time and time again…
These made Levi Garrison very angry.
Bullying is not so bullying…
"Kill! Don't be shackled by him! Don't give him time to breathe!" The sixteen ghost warriors all killed towards Levi Garrison.
The others also followed, not giving Levi Garrison any chance!
"Isn't it a clone? Who wouldn't be the same?"
Levi Garrison roared.
The ghost clone!
Levi Garrison directly cast the magic shadow clone!
"Wow…" In
front of the ghost warriors, Levi Garrison was divided into two, two into four… eight into sixteen!
Everyone is dumbfounded!
Levi Garrison can also differentiate into a clone like the ghost warrior? how can that be?
Oni samurai is dumbfounded!
All the masters present were dumbfounded!

Richard and the leaders of the East Island forces who are paying attention to all this are going crazy.
What's going on here?
When they thought that the sixteen figures were already the limit!
Where did you want Levi Garrison's figure to continue to divide!
Thirty-two avatars!
Sixty-four clones!
One hundred and twenty-eight avatars!
& …
This is actually Levi Garrison's speed and body style reaching the extreme, coupled with the magic of
the magic shadow clone, which deceives everyone's eyes and brains.
So that what you see in front of your eyes is one hundred and twenty-eight avatars!
In fact, Levi Garrison was alone…At
this moment, everyone was stunned.
It's this moment!
"Puff!" A
bloody arrow shot soaring, and the witch was killed instantly!
In fact, she poses a great threat to Levi Garrison. As long as she interferes with Levi Garrison the
slightest, it will be fatal!
So Levi Garrison killed him first!
"Puff!"
"Puff!"
……The
next one was the tall samurai of Dongdao. He was hit by Levi Garrison seven or eight times in a row!
But his physique is too strong!
He didn't even die!
The next one is Oni Samurai!
Levi Garrison didn't care whether his figure was the real one, they were ruined one by one!
The visual effect of the crowd was that of Levi Garrison's 128 figures attacking the sixteen figures of
the ghost warrior.
Naturally it was crushed!
A clone is shattered!
Two clones are shattered!
…
Fifteen clones are shattered!
The remaining real body also suffered heavy losses!

Oni samurai was beaten back to his original form!
It's this moment!
On the ghost warrior's retina, Levi Garrison's 128 clones all killed him!
In the end, two hundred and fifty-six palms came out and patted the Oni Samurai's head.
In an instant, the head of the Oni Samurai was abruptly crushed!
Immediately, the neck, body, and legs…
were slapped into meatloaf by the palm of the hand!
The Oni Samurai was killed instantly!
Levi Garrison's one hundred and twenty-eight clones are integrated into one!
His speed and body style have reached the limit!
Just kill the Oni Samurai in one fell swoop!
This scene shocked the audience!
It's going to be silent for an instant!
"Boom!!!"
But at the moment when Levi Garrison killed the ghost warrior, he secretly shot a few arrows!
Arrows shot at seven times the speed of sound!
"Puff!" He
was penetrated instantly!
The Return of the God of War [The Protector] Chapter 1985
Levi Garrison had been guarding another person secretly and shot.
He is the Dark Arrow from the Lab of the Gods!
The king who penetrates everything with one arrow!
It is said that there is no object in the world that he can't penetrate with a single arrow!
Even the materials of the aerospace industry level can't stop him!
In this regard, the Lab of the Gods has done many experiments!
He was excavated by the Lab of the Gods from a primitive tribe in Western Continent!
He is powerful, comparable to a machine.
One arrow shot, the speed is as fast as lightning, easily breaking through the speed of sound!
His arrow never goes sideways!
More accurate than a sniper!
The person he is staring at will never escape!
Even if it is a strong like Levi Garrison!
After being locked by his arrows, he couldn't escape at all.
What's more, the Lab of the Gods uses genetic technology and super serum plus modern technology
to transform and strengthen the comprehensive skills of Dark Arrow!

Such as the strongest hiding technique, assassination technique and so on!
What's more frightening is that Dark Arrow's weaponry is specially made by the Gods Lab!
The materials, functions, etc. are all top-notch!
Especially arrows are the most terrifying!
This is a special arrow created by the Lab of the Gods with a huge amount of money and a huge
amount of manpower and material resources!
Not only the top material, but also the hardest alloy, it can penetrate the power of the aerospace
industry!
More importantly, there is a design inside the arrow!
The small arrow contains energy compressed to the extreme. When the arrow penetrates the human
body, it will act twice in the human body. The compressed energy will explode and destroy everything in
the human body!
This is the most terrifying place with one stone!
It is also the most expensive place!
Dark Arrow's crossbows and arrows are all made with huge sums of money!
An arrow may cost tens of millions!
Every arrow must be used on the blade!
Not only that, the Dark Arrow is from the primitive tribe, and he also has special magic blessings on
arrows and crossbows.
Makes the accuracy better and faster The speed is faster and the power is stronger!
There is also to strengthen the body of the Dark Arrow, so that his strength, and the sensitivity of the
facial features are greatly enhanced!
Especially the speed he can reach seven times the speed of sound!
Dark Arrow's arrows, accuracy, penetration, and power are all top in the top class!
So it is the best choice for him to shoot the top powerhouse!
Originally, Richard didn't want to expose this card too early, but wanted to use it later.
But in order to kill Levi Garrison, he had to use it!
Dark Arrow has been hiding in the dark without making any moves.
He is waiting for the best time to shoot!
The best time for him to shoot was not that Levi Garrison was besieged by everyone, suffered a lot of

injuries, and was in the most dangerous state.
Although Levi Garrison is in a dangerous state on the surface!
But the Dark Arrow understood that Levi Garrison's vigilance was the highest at this time!
Always guard against him!
Even deliberately revealing flaws, deliberately showing that he is about to die!
In order to attract him to shoot!
On the contrary, it is not the best time for him!
What is the best time!
For Dark Arrow, it was the moment when Levi Garrison killed the ghost warrior!
At this time, even if Levi Garrison's vigilance is high, he will relax for a while!
After all, killing the ghost samurai is a sense of accomplishment, even a little bit.
But Levi Garrison is absolutely relaxed…
For this top assassin, psychology is even more important!
So at the very moment, Dark Arrow shot!
He shot five arrows in a row!
It's not arrows, but money!
But what he attacked was not Levi Garrison, but He Qingxue!
This move made Levi Garrison even more passive!
At the critical moment, Levi Garrison immediately went to rescue He Qingxue!
Despite the five arrows at seven times the speed of sound, the Dark Arrowman was still worried, and
he shot another arrow!
The first five arrows are a guise!
This arrow directly penetrated Levi Garrison's body, splashing blood!
The Return of the God of War [The Protector] Chapter 1986
Five arrows of seven times the speed of sound were shot at He Qingxue, and Levi Garrison hurried to
rescue her!
At this moment, Levi Garrison tried his best to push He Qingxue aside, barely avoiding these five
arrows!
The key is that these five arrows are not shot all together!
There is a slight time difference between each other!
This made it more difficult for Levi Garrison to save people, and his attention became more
concentrated!

Just as Levi was facing a difficult time, the Dark Arrowman shot another arrow!
Levi Garrison had noticed the shooting of this arrow very early, but the five arrows in front of him
locked his stature and speed, and there was no chance to evade.
Either He Qingxue was pierced and died on the spot, or Levi Garrison blocked the arrow!
Levi Garrison naturally chose to bear the arrow by himself!
"Puff!"
The arrow pierced Levi li's left shoulder firmly!
After the arrow is affected, it explodes in the body!
Levi Garrison's left shoulder was blown into a blood hole, and he was seriously injured!
If it stabbed the internal organs, I was afraid that Levi Garrison would lose his life.
"Puff!" When
Levi Garrison fell down, everyone cheered.
But the Dark Arrow in the dark was not happy.
What he clearly shot was Levi Garrison's heart position.
But the last thing that penetrated was Levi Garrison's left shoulder!
"It's almost! It's bad!" The
Dark Arrow was very upset.
It would have been killed by one blow!
Just after seeing the Oni Samurai being killed, the forces on the East Island fell into a dead silence.
But seeing Levi Garrison being pierced through, they regained their spirits.
"You have to rely on you!"
"I have to say, Levi Garrison is too strong, isn't it? The loss is so great that he was injured!"
…
At the same time everyone was amazed, the Death Swordsman and others all killed them.
They don't give Levi Garrison any chance to breathe!
"This…"
He Qingxue started crying when she saw Levi Garrison was seriously injured.
If it weren't for her, Levi Garrison would never be like this!
Blame yourself!
Why come to him!
He Qingxue regrets it!
"Hey…" The

dwarf warrior let out a weird laugh, and suddenly turned into a blue smoke and appeared in Levi
Garrison
Behind.
Higashishima Ninjutsu!
"Chish!"
He suddenly pulled out the two short blades from his body and stab Levi Garrison's neck fiercely.
He was confident that the crossing of these two swords could cut off Levi Garrison's head.
"Kakcha!"
"Kakcha!"
...but
at the moment of the moment, suddenly Levi Garrison turned around.
He clasped his two wrists and broke them directly.
Holding his two short blades at the same time, they inserted them directly into his throat!
The dwarf warrior's eyes revealed an incredible look, and he fell to the ground with a puff.
"Boom!"
Levi Garrison threw the body of the dwarf warrior out.
It turned into a humanoid shell and bombarded the dead swordsman and others who attacked from
the front.
"Shit!" The
Death Swordsman looked at the corpse, and two beam swords forcibly tore the corpse in half!
"Boom!" But at
this time, Levi Garrison had already appeared in front of him.
A fist hit him hard.
"Puff!" The
Death Swordsman flew out directly.
"This… this can still fight?"
Everyone was stunned.
Levi Garrison is so injured, can he continue to fight?
Also killed the dwarf warrior and wounded the death swordsman!
They didn't know that Levi Garrison was fighting with one breath.
"Shoo!!"
A voice broke through the air.
The Dark Arrow shot another arrow.
Shoot at He Qingxue!

Levi Garrison hurriedly turned back and appeared in front of He Qingxue. He wanted to block the
arrow again.
"Hey…"
This arrow was as powerful as it was, tearing the air and breaking through the sound barrier.
"Boom!"
Levi Garrison actually grabbed this arrow with his right hand!
"Shi!"
This arrow was too powerful, and Levi Garrison was pushed back, and his feet slid two deep footprints
on the ground!
"Chichichichi…" What's
more terrifying is the power effect on the arrow. Levi Garrison's hands were instantly bloody, and
blood stains appeared on his arms…
The Return of the God of War [The Protector] Chapter 1987
Then the terrible power of the arrow will spread to other parts of the body, and then it will be
dangerous.
And immediately the energy compressed to the extreme in the arrow will explode.
At that time, Levi Garrison had to aggravate his injuries without dying.
"Chichichichi!" The
Dark Arrowman fired three more arrows in a row!
Levi Garrison was inevitable, and his left hand grabbed three arrows abruptly!
"Ah!!!"
His left hand was bloody and blood stains appeared on his arm.
The terrible power made him sore.
Under the action of the four arrows, Levi Garrison accelerated backwards.
He can't stop at all!
The scary thing is that the energy in the arrow burst immediately!
There are still four arrows!
Once the arrow energy of the four arrows exploded, it was fatal to Levi Garrison!
"Kill!"
Seeing such a good opportunity, the Death Swordsman would naturally not let it go.
He immediately slayed with two beam swords in his hands.
This is a good opportunity to kill with one blow!

Mecha warriors and undead warriors also rushed up.
This is a great opportunity for them!
Never let it go.
Soon, the three death swordsmen appeared in front of Levi Garrison.
"Levi Garrison is going to die!!!" The
three Death Swordsmen all took out their skills and wanted to kill Levi Garrison.
But at this moment, the Dark Arrow realized something was wrong.
"Not good!!!"
But his reminder was too late.
The corner of Levi Garrison's mouth on the battlefield raised, revealing an intriguing smile.
"Boom!"
He stopped suddenly.
One turned around.
At the same time the four arrows in his hand were released.
"Chi!"
"Chi!"
...
The four arrows that are still powerful continue to shoot!
But after Levi Garrison turned around, the angle changed.
An arrow shot at the dead swordsman who was close at hand!
Two arrows were shot at the mecha warrior on the right, and the last arrow was shot at the undead
warrior.
The three of them are too close to Levi Garrison.
I was caught off guard, and there was no way to avoid it.
be cheated! I was fooled by Levi Garrison again!
Levi Garrison deliberately took the arrow with his hand in order to attract the three of them to
approach him.
Then kill them with the arrows of Dark Arrow!
How to kill someone with a knife in one hand!
At the last moment, everyone reacted.
But it's too late!
"Puff!" The
Death Swordsman was the closest, and an arrow pierced his throat directly.
The energy in the arrow was compressed to the extreme and exploded, and his head was gone.
Blue smoke came out of his body, and it made a miserable strange cry.
As if not human.

No matter what creature is under the clothes, he is dead anyway.
“Kacha!”
“Kacha!”
A special armor for mecha warriors, a proud work of the Lab of the Gods, and special materials for the
aerospace industry.
Before, Levi Garrison didn’t break with knives and punches.
Can’t stop the two arrows of Dark Arrow!
Sure enough, the aerospace industry-grade materials can’t stop the arrow’s penetration!
“Puff!” The
huge body of the mecha warrior fell to the ground.
The special armor has been torn apart.
The undead warrior was also pierced in an instant, and the arrow exploded, causing terrible trauma in
his body.
Although he removed the pain nerves, he was able to heal himself superbly.
But with this degree of injury, he couldn’t recover for a while, and he couldn’t get up even if he was
lying on the ground!
“Bang bang bang…”
Levi Garrison fisted again, smashing his flesh and blood.
Levi Garrison quickly tied He Qingxue to him again.
“You’re the only one left!!!”
Levi Garrison wanted to pull out the Dark Arrow!
Now there are no people who can interfere with him.
The advantage of Dark Arrow has been lost.
“This, this…Is he still a human?”
I don’t know how many times this kind of words have been said.
But this is a very high evaluation of Levi Garrison.
Both Richard and the East Island forces looked dumbfounded.
Levi Garrison is too strong, right?
It’s not dead yet?
He even killed everyone in Ming Chu!
madman! ! !
The Dark Arrow in the dark was also terrified.
Never encountered this before.
The Return of the God of War [The Protector] Chapter 1988
Levi Garrison’s hands were bloody and bloody, and his body suffered terrible trauma.
Fine blood stains spread all over the body.

It feels like it's going to explode at any time.
A blood hole was blown out of his left shoulder.
The back, shoulders, and everywhere have long been scarred.
Despite killing all the masters in the bright spot, Levi Garrison paid an extremely heavy price.
Seeing Levi Garrison who was bleeding all over, He Qingxue was heartbroken.
If it weren't for himself, would Levi Garrison not get hurt?
But she is not to blame!
She just broke into this terrible killing by coincidence!
For Levi Garrison, she is still useful!
After all, I told Levi Garrison a lot of the secrets of the Gods Lab…
"You…"
He Qingxue was about to ask Levi Garrison, but Levi Garrison said:
"Hush! Don't talk!"
Now he has to find the Dark Arrow with all his heart. Man.
No noisy sounds are allowed.
He Qingxue closed her mouth obediently, not even daring to breathe.
"It's up to you, it's all up to you!"
The leaders of the East Island forces prayed.
"It doesn't matter, there is another person in secret, that's what I really used to kill Levi Garrison!"
Richard had a calm expression on his face.
He also didn't expect these people in front to kill Levi Garrison.
Based on his understanding of Levi Garrison, it was not very realistic.
All his hopes now rest on another person.
He is also so nervous that his body is stretched now!
Levi Garrison surprised him time and time again!
Although he had expected something in his heart, Levi Garrison made him refresh his cognition again!
*Too f*cking strong!*
Where is his limit?
What's more, he is not only powerful, but also too smart.
Well scheming!
He didn't expect to kill someone with a knife in any way.
The coexistence of strength and wisdom will kill all the people on the bright side!
"Levi Garrison must die!"
Richard's nerves were tense and he was short of breath.
He had already wetted his body in cold sweat.
He is the most nervous person.

Levi Garrison wandered around with He Qingxue on his back, looking for the whereabouts of the Dark
Arrow.
The atmosphere is extremely tense.
Levi Garrison smiled at the corner of his mouth, he had narrowed from the largest range to the size of
a football field.
& The trail of Dark Arrow will be found soon!
"It's over, it's over, he is going to be exposed!" The
leaders of the East Island forces clenched their fists.
They are more nervous than the parties!
"I'll find you soon!"
Levi Garrison narrowed the scope by half.
The corners of his mouth were smiling, invisibly putting pressure on the Dark Arrow.
"Shoo, hoo…"
At the very moment of death, four arrows suddenly burst out of the sky.
Shoot Levi Garrison directly!
The Dark Arrow has appeared!
Rather than being found passive by Levi Garrison, it is better to show up directly and give Levi
Garrison a blow!
At close range, the four arrows flew, locking Levi Garrison.
But Levi Garrison, who had already prepared, dodges directly.
"Boom!"
"Boom!"
…
Four arrows passed, and four small mushroom clouds came directly.
The Dark Arrow figure ducked aside.
"Shoo!"
"Shoo!"
"Shoo!"
…
He changed his position and shot a few arrows respectively.
It is powerful and extremely fast, but after facing Levi Garrison, the accuracy is poor.
All escaped to Levi Garrison.
At this time, the Dark Arrow had already lost his advantage!
He is suitable for assassination!
But now his whereabouts are completely exposed, without the assistance of other people.
He is too difficult!

Especially what he faced was Levi Garrison!
It is extremely difficult!
“Do you still want to run? Impossible!”
Levi Garrison turned into a flash of lightning and directly grabbed the Dark Arrow.
The Dark Arrow was already visibly panicked.
“Bang!”
But at this moment, the undead warrior pounced on Levi Garrison.
The whole person hugged Levi Garrison tightly!
The two were merged together…
“Shoot me!”
shouted the undead soldier.
Dark Arrow reacted.
“Shoo, hoo…”
Arrow after arrow pierced the undead warrior frontally, and then passed through Levi Garrison’s
body…
The Return of the God of War [The Protector] Chapter 1989
The undead soldier hugged Levi Garrison tightly, together with his body.
Shooting an arrow to penetrate him can also hurt Levi Garrison!
What’s more, in a positive situation, it is enough to make the Dark Arrowman shoot all the arrows! !
He is aiming at the end of the same family!
He would rather die than kill Levi Garrison!
Levi Garrison’s strength also urged these people, they were crazy.
Kill Levi Garrison as if going crazy, at all costs!
Therefore, after the arrows of Dark Arrow penetrated the body of the undead warrior, they all shot
into Levi Garrison’s body.
Although not as powerful as penetrating the body of the undead warrior, it could eventually cause
serious injuries to Levi Garrison.
“Puff!”
“Puff!”
…
one arrow after another!
The Lab of the Gods produced a total of sixty arrows for Dark Arrow!
Usually the Dark Arrow only needs one to kill!
Sixty arrows are basically enough for Dark Arrow’s life.
After all, he may not have to shoot once for several years.
Only one shot is used.
There are a lot of sixty.

But today, Dark Arrow shoots wildly.
Shoot all the arrows!
In order to kill Levi Garrison, I am willing to pay all the price!
He is not dead, everyone has trouble sleeping and eating!
The undead warrior was penetrated by dozens of arrows and exploded to pieces!
The undead warrior removes the pain nerves, etc., and the body has a super recovery ability!
But under the continuous bombardment of arrows, his body was riddled with holes, and half of his
body exploded.
In the end, even the brain and the lower body were completely exploded.
There is absolutely no possibility of recovery and cure!
"Boom!"
With the last blast, the undead soldiers were completely blown up.
You have to die if you don't die!
Blood spattered Levi Garrison all over.
Look at Levi Garrison again, with dozens of arrows stuck in his body!
Was shot as a hedgehog!
Although the power of this arrow was not there, it caused a huge injury to Levi Garrison!
This is the undead warrior who hit Levi Garrison hard at the cost of death!
This is also no way!
Crazy!
Extremely crazy!
"Ah!!!"
Levi Garrison shouted, all dozens of arrows on his body were shaken off!
& "Puff!"
Levi Garrison opened his mouth and spit out a big mouthful of blood, staggering and almost falling to
the ground.
The aftermath of these dozens of arrows is still terrible!
"Dead!"
Levi Garrison turned into a flash of lightning and rushed towards the Dark Arrow.
The Dark Arrow stood still.
His mission has been completed!
Not a single arrow is left!
He smiled at the corner of his mouth and slowly closed his eyes!
He knew that Levi Garrison would not be alive today.
Because they still have cards!

Levi Garrison was exhausted.
He did everything…
you can rest in peace…
"Boom!"
Levi Garrison didn't show any mercy, and slapped him on the head.
"Puff!" A
flash of blood appeared, and the Dark Arrow fell!
died!
All are dead!
So many super masters are all dead!
No one is left!
The East Island forces and Richard were dumbfounded!
This guy is really strong!
If you don't kill him, the threat is too great.
He must be killed!
After killing the Dark Arrow, Levi Garrison slowly sat on the ground.
After taking turns, he is already seriously injured!
He was holding on just now!
Everyone is killed now!
He was discouraged like a ball.
"You… are you okay?"
He Qingxue asked hurriedly.
She could feel that Levi Garrison's breath at this moment was extremely weak, and it was still
declining.
If it weren't for her, Levi Garrison wouldn't be like this.
She blamed herself more and more.
Levi Garrison smiled and said, "I'm fine! But if there is another master at this time, I will be done!"
Levi Garrison said the truth.
He really made it to the end…
"No?"
Suddenly, his face changed.
"Boom!" But
just as his voice fell, a gust of wind swept up.
A figure appeared not far away.
Richard's final and strongest trump card appeared…
The Return of the God of War [The Protector] Chapter 1990
There was still a person hidden in secret!
This is what Levi Garrison never expected!
It turns out that there are not only two people hiding in the dark, but also a third person!

Horrible!
When Levi Garrison realized, he couldn't help but gasp.
He didn't even notice the existence of the third person!
Either this person is too strong!
Either this person's method of hiding the body has reached a state where the surrounding
environment is completely integrated.
But no matter what kind, it is fatal to the current Levi Garrison!
He just let out a sigh of relief!
Seeing this man come out, Richard smiled confidently.
This is his trump card!
The strongest he can get!
"I'm finally going to kill Levi Garrison!" The
leaders of the East Island forces finally showed crazy smiles.
They waited too long for this moment!
In order to deal with Levi Garrison, he also paid a very heavy price!
Oni warriors are all dead!
"Who is Mr. Richard?"
someone asked.
Richard smiled proudly: "He was the only one who succeeded in the God-making experiment in the
Lab of the Gods 30 years ago!"
"The so-called extinction experiment is to create a god -like existence! Of course, according to the
technology 30 years ago, absolutely create Not at this level. More precisely, it is the destroyer! God-like
existence, just longing for it.
A total of five hundred people participated in the experiment, and all died! Only he was left to
survive!"
"The existence created by this experiment is to go beyond the limits of physical fitness, speed, power,
and the brain in all aspects! It is the same as the superman you saw in the movie! Or, it is to combine the
skills of all the people just now. One!"
"Hiss!" The
crowd was so shocked that they gasped.
Destroyer?
too frightening!
"For example, his brain has been developed to a terrible degree! He can control his consciousness,
control every part of his body, such as fixing the heat and letting the blood

Stop, let the heart beat and so on! "
So he stood there, even Levi Garrison couldn't find it!" Because once his brain is super-controlled,
there is no breathing, no consciousness, no heart movement, no blood flow, and no energy from the
body is emitted.
It is equivalent to this person does not exist at all! Where did you find out? "
After a Richard explained, everyone at ease.
This is terrible!
" This is just the development of the brain! There are other developments! His power is stronger than
everyone present, and his speed is the fastest! "
Richard's face is full of excitement. The
leaders of the East Island forces are also uncontrollable joy! In the field. The
Destroyer's handsome face surprised Levi .
It seems that this laboratory is to make people into the most perfect state, no matter what It's the
brain or the appearance. It
must be the most perfect!
But the Destroyer stared at Levi Garrison expressionlessly, like a cold machine.
"No! You can't kill him! "
He Qingxue still wanted to stop. The
Destroyer pushed He Qingxue away with his hands far away, and an invisible force pushed He Qingxue
out. The
Destroyer teleported hundreds of meters and appeared directly in front of Levi Garrison.
A powerful pressure, as if Mount Tai struck like a top.
Levi Garrison was shocked to find that he couldn't move. Not to mention using True Qi, even his fists couldn't be lifted. The
Destroyer had an aura around him, and he suppressed Levi Garrison.
"Mr. Garrison! ! ! "
He Qingxue was frozen, she could only watch.
At this moment, the air wall arranged by the masters to isolate this place from the outside world
suddenly disappeared.
A lot of people gathered outside.
The gambling king, Kyushu Xuanzun and the dignitaries of Golden Harbor Island are all there.

The huge movement has long attracted them here.
It's just that I can't enter, and I can't know the situation.
I saw it now… It
just so happened that the Destroyer picked up Levi Garrison and blasted his head with a punch.
The Return of the God of War [The Protector] Chapter 1991
Under the eyes of hundreds of dignitaries on Golden Harbor Island, the Destroyer slammed Levi
Garrison's head with a punch!
"Puff!"
Blood spattered suddenly!
"No!"
He Qingxue showed a hideous expression.
"This…" The
gambling king was dumbfounded.
Kyushu Xuanzun was dumbfounded.
Golden Harbor Island is dumbfounded by its high ownership.
what's going on?
Is the abused Levi Garrison?
That's the number one in the big summer list! ! !
He was defeated?
You lost so badly?
He was beaten again!
There is nothing to fight back!
how can that be?
But everyone has to believe it even if they don't believe it.
Because the facts are here!
All of them saw that Levi Garrison was abused!
This is Richard's purpose!
At this time, he asked the Destroyer to cancel the wind wall that isolated the outside world, in order
to let the entire Golden Port Island see the fall of Levi Garrison!
So that the entire Erudia, let the whole world know that Levi Garrison was beaten to death alive! ! !
Richard is going to kill people!
Because they didn't know the whole battle, the gambling king thought it was the destroyer in front of
him that wounded Levi Garrison like this.
How terrifying is he?
"Bang!"
Another punch, blood shot!
"Boom boom…"

After counting the punches in a row, Levi Garrison's whole body was already soaked in blood.
Seeing everyone anxious!
Especially He Qingxue, who could not move and talk, had tears in her eyes.
She feels distressed!
She blames herself!
If it weren't for him, why did Levi come here!
The dignitaries of Golden Harbor Island were silent collectively.
I looked at the scenes in front of me incredulously…In the far corner, a pair of eyes were watching everything silently.
Half fairy and half ghost!
He couldn't see any expression on his ugly face, he just watched.
Levi Garrison suffered heavy blows continuously, and his breath was gone!
The destroyer is still beating cruelly!
"Kill him!!!"
Richard issued an order.
The air flow above the Destroyer's right hand is dazzling, comparable to a magic weapon.
"boom ! "
He attacked with his right hand, and the terrifying power in his right hand seemed to penetrate Levi Garrison with a sharp sword.
"A few more!" "
Richard is still worried.
"Boom!" "
" Boom! "
…The Destroyer used energy to penetrate Levi Garrison ten times in a row!
"Puff! "
Levi Garrison smashed to the ground heavily. There was no breath, the breath of life was completely dissipated, and any physical energy was gone.
"No! ! ! "
" Do not! ! ! "
He Qingxue let out a heart-piercing roar in her heart. She couldn't accept all of this! The number one on the top of the list fell?
This, this… is too shocking!

The rich and powerful of Golden Harbor Island are immersed in a huge shock!
They cannot imagine The number one in the big summer list will be beaten to death!
How is this possible?
Everything seems to be a dream.
"Buzzing…"
Several unmanned aerial vehicles also flew to the scene and performed various scans on Levi
Garrison. Check.
To confirm whether Levi Garrison is dead!
"Confirm that he is dead! "
The features have stopped!" Death is unmistakable! "
…
The detection data from the aircraft confirms that Levi Garrison is dead.
"The Destroyer will check again!" ! ! "
Richard was an extremely cautious person, especially when he dealt with Levi Garrison's problem, he
was even more cautious to make people afraid.
He still didn't worry and asked the destroyer to check again.
"Master, he is dead!"
said the Destroyer.
"Huh!"
Richard breathed a sigh of relief, his face already sweating profusely.
Both legs are unsteady.
The leaders of the East Island forces burst out cheers.
It shows how much Levi Garrison threatened them!
Dead, they can be so happy!
"Okay, destroy his body! Just withdraw!"
Richard also wanted the Destroyer to destroy Levi Garrison's body.
"Understood!" The
beam energy appeared on the Destroyer's hands, and the electric light was everywhere.
He wants to dissolve Levi Garrison and destroy his body. Now it is impossible for Levi Garrison to
resurrect.
The Return of the God of War [The Protector] Chapter 1992
At this moment everyone's hearts are hanging in their throats!
Everyone has difficulty breathing, almost suffocating.
The gambling king, Kyushu Xuanzun and He Qingxue are waiting for a miracle!
"It's cruel! If you kill someone, you won't even leave the body!"

They didn't want to watch Levi Garrison's body be destroyed.
Especially He Qingxue!
For her, it was a piercing pain!
I don't know why, at this moment, even Richard is extremely nervous.
The legs were trembling, and the teeth were trembling.
Intuition told him that when Levi Garrison's body was destroyed, there would be an accident!
But he had to see Levi Garrison's body destroyed with his own eyes, so that he could prove that Levi
Garrison was dead.
Otherwise he would not believe it.
Can sleep and eat!
The beam of light on the Destroyer's hands condensed and slowly stretched towards Levi Garrison.
"Shit!" The
light beam shone on Levi Garrison's body, dissolving him bit by bit.
No miracle happened!
Levi Garrison did not resurrect and resist!
No one can save Levi Garrison!
His body was dissolved by the Destroyer…
"Puff!"
Richard sat down on the ground.
"Boom!"
The big rock hanging in his heart finally fell.
At this moment, his unprecedented emptiness!
As if life lost its direction all at once.
Everything is blank.
Since he was entrusted with the important task of the Lab of the Gods, he has always treated Levi
Garrison as the enemy of his life.
In other words, his goal in life is to deal with Erudia and kill Levi Garrison.
Now Levi Garrison is dead, but he is empty and lonely.
When the forces on the East Island saw Levi Garrison being dissolved, they shouted in exclamation
and danced in celebration.
No one is watching the real-time view of the video anymore.
At this moment, the real-time picture began to jump, and there were new changes…
but everyone was immersed in joy, no one went to watch the video anymore…
"Withdraw all drones!"

& Richard also withdrew the drone from here, and now all the video footage is gone.
No one knows the changes just now.
In the eyes of Richard and the others, Levi Garrison's body was dissolved.
The possibility of resurrection is gone!
No matter how powerful the technique, no matter how advanced the technique is, it can't do this.
In the field, under everyone's eyes, the Destroyer abruptly dissolved Levi Garrison away.
There is not even a scum left in his body.
He Qingxue attacked her heart with blood, and fainted directly after a mouthful of blood spurted out.
The gambling king and Kyushu Xuanzun, all of them are desperate!
Don't say the number one in the big summer list was defeated!
The body was dissolved directly!
awful!
It's terrible!
This is also the shortest big summer list in history!
It was only a few days before it became a fall, and it fell!
Everyone on Golden Harbor Island was silent.
Everyone was in grief and despair…
"Impossible!"
After destroying the bodies of others, the Destroyer quickly left here.
From now on, the Destroyer will be famous in the world!
He killed Levi Garrison solo!
In fact, many masters killed it together, but Richard would not say it.
It would only be said that he alone killed Levi Garrison!
Even if He Qingxue saw it, it was useless.
No one believes it!
The feat of killing Levi Garrison is enough to make the Destroyer the top existence!
The destroyer left.
The gambling king looked at everything in front of him, and sighed: "Let's go, go back! Take Qingxue
away! Everything is over!"
"Mr. Garrison still didn't survive! What a pity! What a jealous talent! Ah!"
Kyushu Xuanzun sighed and left the scene.
Now, there is no one here.
Only a puddle of blood is left!
Levi Garrison was finally dissolved into a pool of blood!
After everyone left, half fairy and half ghost appeared.

The pool of blood on the ground suddenly disappeared… What's more terrifying is…
The Return of the God of War [The Protector] Chapter 1993
Levi Garrison's body unexpectedly reappeared again.
The blood stains disappeared and the corpse appeared.
If other people knew about this, they would be shocked to drop their chin.
how can that be?
Is everything you saw just now fake?
That's right!
all fake!
Everything they saw was an illusion produced by half-fairies and half-ghosts using magic techniques to
disrupt everyone's consciousness!
The scene where they saw Levi Garrison being dissolved is nothing but an illusion!
Not only passers-by are affected by the illusion, but also the destroyer.
He thought he was dissolving Levi Garrison's corpse, but they were all fake, and they were all
hallucinations produced by his brain.
But his brain development is too strong and too strong.
If he can disturb his consciousness and produce hallucinations, he has to let the half-immortal and
half-ghost do all he can, take out the strongest magic technique, and use the greatest effort to deceive
him.
"Puff!" The
half fairy and half ghost walked staggering, and suddenly a mouthful of blood spurted out.
He almost fell!
It's not difficult to fool others with a spell just now, but it's too difficult and too difficult to fool the
Destroyer.
The half fairy and half ghost tried their best to disturb the consciousness of the destroyer, causing him
to hallucinate.
But in this way, it consumes too much of his own vitality.
This time, the half fairy and half ghost made him at least twenty or thirty years old by using spells.
His hair turned white at a speed visible to the naked eye… To
fool the Destroyer, he paid an extremely painful price.
"Fortunately, I lied!"
Half a fairy and half a ghost smiled.

In fact, the half fairy and half ghost only fooled the people present, but could not fool the cold machine.
However, Richard and the others only looked at the front of the screen a little bit, and they didn't look at it again if they were sure that the Destroyer could dissolve Levi Garrison.
If they keep staring at the screen, they will find that there is none at all.
The Destroyer was deceived… The half fairy and half ghost looked at Levi Garrison's corpse and said: "Hey, you can't save your life, you can only save your corpse!"
It turns out that half fairy and half ghost also thought that Levi was about to die completely. !
Can't save his life from the Destroyer, only his corpse Body.
Because from the very beginning when I saw Levi Garrison, half a fairy and half a ghost knew that he could not escape today's catastrophe.
In order not to involve himself, he left under the pretext.
"This is the price you paid for saving people! You rest in peace! I will save your wife!" said the half fairy and half ghost.
Anyone who asks a half-immortal and half-ghost to take action will have to pay a price.
It turns out that Levi Garrison's price is to sacrifice his life?
"Buy you well!" The half fairy and half ghost muttered to himself as he looked at Levi Garrison's corpse.
He was going to take Levi Garrison's body away.
But at this moment, the expression of half immortal and half grimace changed.
"No, someone is coming!" The half-immortal and half-ghost threw Levi Garrison's body into the sea next to him, and then he also disappeared.
The old guy, the half fairy and half ghost, consumes too much energy and can't drag Levi Garrison's corpse away.
Once you have done it, you will be discovered by someone who comes to you.
After the half fairy and half ghost disappeared, several people appeared.

They were secret spies of Tiance Mansion, and came here as quickly as possible after receiving the
news of the accident.
When they came here, they looked around.
"Confirm that Levi Garrison is dead!"
After confirmation, the spies left.
After the spies left, the half fairy and half ghost reappeared.
Immediately rushed to the sea next to it.
He used spells to search for the location of Levi Garrison.
However, he was surprised to find that Levi Garrison's body was missing.
"It shouldn't be… it's calm and the sea is calm, and the sea is not motionless! With such a short period
of time, it is impossible for him to drift far away!"
Half fairy and half ghost muttered to himself.
He dived into the sea again to search.
In a few hours, I searched the surrounding seas.
Did not see Levi Garrison's body at all.
Levi Garrison's body has disappeared…
even half a fairy and half a ghost felt incredible.
"No, he can't be alive! Why did his body disappear?"
Half a fairy and half a ghost…
The Return of the God of War [The Protector] Chapter 1994
Levi Garrison can't live!
It was confirmed by Richard Destroyer and Half Immortal and Half Ghost again and again!
Now that Levi Garrison's body disappeared, the only possibility is that Levi Garrison's body was
salvaged by others.
"Hey! Just keep the corpse!"
Half fairy and half ghost left.
This past few hours.
It was as if a major earthquake occurred on Golden Harbor Island.
Almost all the owners are shocked, even ordinary people are shocked.
Levi Garrison, the number one on the big summer list, fell on Hong Kong Island!
Under the gaze of thousands of people, he was beaten to death and dissolved the body…
the influence of this matter is too great!
Let everyone be overwhelmed!
Not only that, but all parts of Erudia quickly learned about this!
Levi Garrison has fallen!
This news is like a bolt from the blue!

Exploded in every corner of Erudia!
The number one in the big summer list is dead, and the news is like a thunder.
unbelievable!
Tiance Mansion is dumbfounded!
The Baolong clan dumbfounded!
Messiah was even more dumbfounded!
After the seven evil gods and all the evil god forces knew about it, they were going crazy!
One by one went crazy to Golden Harbor Island!
Not only them, but also many people rushed to Golden Harbor Island like crazy!
They don't believe it!
How could Levi Garrison die?
Even Levi Garrison's secret team and the Western Heavenly King are going crazy!
They didn't even know what happened suddenly.
In the past, Levi Garrison had a situation, it may be a conspiracy, and planned it with them in advance.
But this time, it happened too suddenly.
Does anyone know what the situation is?
Not even the Western Heavenly King who had been collecting information for Levi Garrison.
After receiving the news of Levi Garrison's death, she was distraught!
The sky is falling!
The patron saint of Erudia, the king has fallen side by side!
Now his identity as the descendant of the Heretic God has been clearly explained.
Everyone knows that he is still the God of War of Erudia!
Especially after he became the number one in the summer list!
Countless people are excited!
& With him, you can continue to protect Erudia!
Together with Tiance Mansion, he was convinced…
He just smashed the enemy's conspiracy and helped Erudia save his face!
Save Erudia in distress!
All the people of Erudia felt that hope had come again…
But within a few days, Levi Garrison actually fell.
Was beaten until no bones were left…
miserable!
Very miserable!
But the scene where Levi Garrison was killed was seen by thousands of people.

Not fake at all!
Levi Garrison is really dead!
After Wen Lei of Tiance Mansion got the news, it was almost thunderous.
She almost fainted.
There is blood overflowing from the corner of the mouth!
"What? He's dead? How is this possible?"
Wen Lei didn't believe it.
"Levi Garrison is dead? That's great! No, who killed him? I should have killed him myself!"
Zoey was excited at first, then showed an angry look.
As soon as Levi Garrison was mentioned, her hatred value skyrocketed!
I'm complaining about who killed Levi Garrison, why didn't she kill it herself!
Wen Lei resisted crying and told others: "Don't tell Levilia , her grandma and Zhou Nanyan!"
The news of Levi Garrison's fall spread all over the world!
It was Richard who took the initiative to stand up and be sure!
Levi Garrison was confirmed dead, and the body was dissolved!
There is no possibility of resurrection!
After getting the definitive news, Dong Dao was cheering, and Star Country was cheering.
The areas that were hostile to Levi Garrison were cheering.
They set off fireworks to celebrate!
They treat it as a holiday!
Levi Garrison is like a knife stuck in their hearts, it is difficult to sleep without pulling it out.
Now everything is over!
When Levi Garrison died, there was nothing more excited than War Eagle Nation!
Levi Garrison once brought them great shame!
Everyone has a grudge!
If Levi dies!
Cheers from the war eagle nation!
They even want to add this day as a holiday…
Richard and the Destroyer become the superheroes of the Eagle Nation!
The Return of the God of War [The Protector] Chapter 1995
The Destroyer appeared in the eyes of the public for the first time!
Become the superhero of the Eagle Nation!
And the one who has benefited the most is Richard!
Because he planned to kill Levi Garrison, he received a generous reward!
Originally, he was just a spokesperson for the Lab of the Gods, and could only be counted as the lower

level.
But after killing Levi Garrison this time, he was directly promoted to the core layer of the Gods
Laboratory!
Has the right to enter and exit the major base laboratories of the Gods Laboratory, and can mobilize
90% of the equipment and personnel of the Gods Laboratory.
This made Richard almost exhilarated.
This means that he can access more core technologies, more mysterious secrets and mobilize more
powerful people.
You are no longer limited to destroyers!
Can mobilize existence stronger than Destroyer!
The Eagle Nation rewarded Richard with a lot of worldly things.
Such as power and wealth!
But Richard doesn't catch a cold!
His goal is to become the core of the Lab of the Gods…
Double happiness!
Levi was dead, and his goal was achieved again.
"Thank you Levi Garrison! I thought I would never be the core of the Lab of the Gods in my life!"
Richard looked up and smiled.
Richard immediately started Xu Zhengjie's transformation of the energy body experiment…
Then no one stopped.
The East Island forces are as excited as Richard!
If Levi Garrison is alive, he will always suppress the Dongdao Budo Realm, and it will even affect them.
As soon as Levi Garrison died, their plan could also be carried out…
After Levi Garrison died, some people mourned, some were crazy, some were excited, and some were
insulting.
Even more people get promoted and get rich!
This is a painful blow to Erudia!
During this time, how many enemy conspiracies he smashed!
At this time, Golden Harbor Island is about to be leveled!
I don't know how many strong people have come here.
Looking for all clues.
Except for the traces of fighting, there was only a pool of blood on the scene.
Half a fairy and half a ghost deliberately manipulated it…
they couldn't find anything.

& "Brothers, please remember the two names! Richard and the Destroyer! I swear I will make them
pay the painful price!"
Sword Evil God roared.
"Take revenge for the master!"
"Vengeance!!!" The
seven evil gods and the forces of evil gods shouted one after another.
"Also remember! Even though the master is no longer there, we must abide by everything the master
has taught!"
Sword Evil God ordered.
Levi Garrison not only conquered them with strength.
It even convinced them with charm.
"What? Levi is dying?"
Coincidentally, the Bible organization had just sent the eighteen dark angels to look for him.
Halfway there, news of Levi Garrison's death came out.
They were also shocked.
"This kind of genius suitable for the biblical organization is gone?"
Everyone was surprised.
"Could everyone be deceived by Levi Garrison? He was not dead at all?"
The person who spoke was the strongest of the thirteen evil gods under Huoyun Cthulhu.
"According to the information we have checked, there have been several times that Levi Garrison
didn't die! He deceived everyone!"
Underworld God said with certainty.
"It's excusable that Levi Garrison didn't die before, but this time Levi Garrison's body was destroyed!
And it was Richard who stared at Levi Garrison's death! Richard was cautious, everyone knows?"
Another After a dark angel came out with this theory.
Everyone was silent collectively.
This is indeed the case!
Richard and the Bible organization understand!
Others say it is dead, it may be fake.
But Richard said he was dead, it was absolutely true.
"Well, let's go back!" The
Eighteen Dark Angels turned back halfway.
After a few days of silence, there was no news of Levi Garrison.
Half fairy and half ghost never found Levi Garrison's body again.
There is also no clue in this regard.

He also gave up.
“I tried my best!”
...
But where did Levi Garrison’s body go?
The Return of the God of War [The Protector] Chapter 1996
Was there a shark or something?
Or was someone rescued?
No one knows about the disappearance of Levi Garrison’s body!
Except for the half fairy and half ghost, everyone thought that Levi Garrison’s body was dissolved.
So where did Levi Garrison’s body go?
Everything has a cause.
It is impossible to disappear for no reason.
What Richard didn’t realize was that there was a message on the international darknet: Levi Garrison
was not killed by the Destroyer alone, he was killed by a combination of many masters, and the
Destroyer just missed it.
They also listed the masters who came to kill Levi Garrison one by one.
And all the details of Levi Garrison’s battle with them are listed one by one.
All the spearheads are directed at Richard and the East Island forces!
Richard was extremely shocked!
What is the identity of the dark web publisher?
Actually know all the details of the battle!
They used it to isolate everything, how did the other party know?
It is impossible for the East Island forces to speak out!
Who is it?
He also released a lot of evidence!
Beat this thing to death!
He claims to be an admirer of Levi Garrison!
Although Levi was about to die, the truth had to be revealed.
Let everyone know how brave Levi Garrison was at that time!
But after all, two fists are hard to beat four hands!
But it was not that Levi Garrison was killed by the Destroyer alone, as Richard was propagating!
“Oh my God! So many masters? Are they all killed by Ye Zhanshen?”
“There is still a burden to kill so many masters by his side? It deserves to be the number one in the
summer list!”
“Damn, this destroyer doesn’t speak martial arts! It’s rubbish!”
“A group of despicable villains, no Good death!”

… When
everyone praised Levi Garrison's bravery, they were also fighting against Richard and the Destroyer.
Levi Garrison was great when he was alive, and still great after he died!
Even Tianji Pavilion has not updated the Big Summer Ranking!
For the time being, Levi Garrison is still No. 1 in the summer list!
This is also a situation that has never happened before!
Dead, still on the list, still number one!
This is the charm of Levi Garrison!
But in fact everyone
Understanding is different from Tianji Pavilion!
Tianji Pavilion seems to have discovered something, and has a different idea.
But they don't say.
No one else knows.
Tianji Pavilion was so mysterious that even Tiance Mansion didn't know it.
After all, Tianji Pavilion can even find the Bible organization.
They didn't update the ranking list, but also ranked Levi Garrison at the first place, for fear that it had
something to do with it.
After knowing the truth, the seven evil gods are even more angry!
They are already planning how to take revenge.
The Eighteen Dark Angels came to a place in the Northern Continent, where the sky was gloomy,
flying sand and rocks, and the wind swept with rage.
There is a huge black castle ahead!
It was like the bloody mouth of an ancient behemoth.
Mysterious and terrifying.
Eighteen dark angels entered.
In a hall.
They knelt to the ground in unison.
A look of piety!
As fanatical as believers!
There is a vague black shadow on the high seat above!
"Dark God, Levi Garrison is dead, we can't bring him back!"
Mingxie said cautiously.
"Yes! Richard of the Gods Lab personally designed and killed him! The news is confirmed!"
others added.
…
Silence.

A long silence.
The eighteen dark angels knelt on the ground, uneasy.
They don't know what the dark god thinks.
No one dared to ask aloud.
A full minute passed, suddenly a majestic and strange voice came: "The whole world was deceived by him!"
"Boom!"
"What???" The words are not surprising, and the dark god said this.
The eighteen dark angels were all stunned.
There was an incredible look in his eyes!
what?
The whole world was deceived by him?
Doesn't that mean…
"Did Levi Garrison lie to us? He is not dead?"
A terrible question was born in everyone's mind.
The Return of the God of War [The Protector] Chapter 1997
"Boom!" It was like a bomb, blasting everyone to pieces!
If this news spreads, I'm afraid the whole world will go crazy!
Eighteen dark angels such as the evil gods all showed crazy expressions!
how can that be?
Richard watched the corpse dissolve.
how come?
"No! We are likely to see are the illusion! What Golden Island that? Master of Bactria surgery method Township! Paul missing super powerful technique method master shot! Everything he saw was an illusion!"
Ming suddenly Cthulhu react.
"But even so, can you hide so many masters? Someone announced the details of the battle before, and Levi Garrison was indeed killed!"
… The Eighteen Dark Angels still discussed.
They concluded that Levi Garrison was definitely dead, and it was possible that the corpse behind was saved by the magic master using a spell.
The majestic voice of the Dark God sounded again: "The person I like is not bad! It's just what I didn't expect…" The

voice stopped abruptly in the middle.
Everyone became more and more confused about what the dark god meant.
Could it be that Levi Garrison did something unexpected to him?
Do not!
If Levi Garrison was still alive, it would be a miracle!
But listening to the tone, it seems that Levi Garrison's alive is not a surprise to the Dark God.
Surprisingly, there are other things…
"Hope is just a coincidence! A coincidence…" The
dark god's sighing voice echoed in the castle like thunder.
Everyone was even more dizzy.
Is there anything in Levi Garrison that can scare the Dark God?
The eighteen dark angels are the most obvious how strong the dark god is…
that is a god-like existence!
The extreme existence comparable to the laboratory of the gods!
Tiance Mansion Tianji Pavilion.
A figure came.
He arched his body slightly and stood in front of the Tianji Pavilion building as a sign of respect.
"Why are you here?" A
voice came from inside.
Wei Wei expressed surprise.
"I'm just here to verify whether Levi Garrison is dead?"
the person said.
"Sure enough, you are the only suspect in this matter…haha…"
laughter came from inside.
"So what's the answer?"
The man continued to ask.
"Hahaha…"
Tianji Pavilion just heard a laugh.
"Well, I see."
The man turned and left.
…In
a courtyard in the capital.
This is where the Common Killer God lives!
Putting aside the martial arts strength, Common Killer is also a big local tyrant.
He actually has six sets of courtyards in the capital.
Lots are all in the center.
Any set of courtyard houses is worth hundreds of millions!

He has six sets, which does not include other properties.
What's more, the whereabouts of Common Killer is uncertain, and there are real estates in other
places.
Commoner Killing God is drinking tea to calm his emotions.
The fall of Levi Garrison during this period of time made him unacceptable.
Levi Garrison is the strongest opponent he has ever encountered and his savior.
Although Levi Garrison appeared as a doctor, he still recognized it.
He always wanted to find a chance to repay this kindness.
It seems to be gone now.
"Hey!" The
Common Killer sighed.
"Swish!" At
this time, Common Killer's ears flapped.
I heard movement outside.
"Who?" The
Common Killer exclaimed.
He is currently the only one in this courtyard house.
The apprentice butler was all called away by him.
Even a bug in the courtyard could not escape his ears.
How can there be any movement!
"Boom!"
Common Killer turned into a flash of lightning and appeared in the courtyard.
It swept directly towards the movement.
One person stood facing each other.
"Who?"
he said coldly.
His eyes were like a torch, falling on the man's face.
"What?"
When he saw this person's face clearly, he showed an expression of extreme fear.
Unbelievable!
"It turned out to be you???"
Common Killer swallowed fiercely.
The Return of the God of War [The Protector] Chapter 1998
The Common Killer didn't expect Levi Garrison to pass away just now.
The next moment, he appeared in front of him.
This is by no means a ghost or an illusion.
This is Levi Garrison!

He is still alive!
Commoner Killing God is very excited, really want to scream.
But there is no sound.
"I can only find you now!"
Levi Garrison smiled.
The reason why he came to find Commoner to kill the gods is very simple.
First: Everyone knows that the commoner is poisoned by killing gods. Although he lives, his strength is
greatly reduced. (Actually he was cured by Levi Garrison) He has faded out of the world's horizons, and
he is no different from death. No one noticed at all.
Second: Hao Yuxuan, who is related to the East Island forces, is the apprentice of Common Killing God.
Third: Commoner Killing God is powerful and can help Levi Garrison.
"It's great!"
Commoner Killing God's thousands of words converged into one sentence.
That's right!
Levi Garrison is still alive!
He is not dead!
Tianji Pavilion and the Dark God already knew the answer.
Therefore, Tianji Pavilion did not update the Big Summer Ranking, and the Dark God also gave the
eighteen dark angels to answer.
Why didn't Levi Garrison die?
At the beginning, he obviously had nothing to do after fiercely fighting the major masters, and could
only let the destroyer kill him.
The corpse was not destroyed because of the existence of the magic master, the half fairy and half
ghost.
But how could he not die?
Someone save him?
Not!
This is the reason why Levi Garrison himself!
At that time, everyone was killed, but the destroyer appeared.
Levi Garrison was indeed exhausted.
But he has the same thing!
The Art of Taboo!
It was the first time that Levi Garrison used the taboo technique when the dragon chain locked him.
But no one looked at him at that time, no one knew that he used a taboo technique.

But this time many people watched, especially Richard and they all stared, which is equivalent to the
whole world paying attention to him.
& Once he uses the taboo technique, he will be exposed!
I don't know how much impact this exposure will have on Master!
According to the miracle of Master, Levi Garrison was unwilling to expose it.
Levi Garrison is a person who keeps his promise!
Especially the master who has the grace of rebirth to him!
The taboo technique can not be used if it is not used!
But this is going to die, can you not use it?
Once the taboo technique is used, no matter how strong the Destroyer is, Levi Garrison can kill and he
can survive.
However, in this way, his trump cards and taboo tricks were completely exposed to Richard.
What's more terrifying is that I don't know how many pairs of eyes are staring at you secretly!
The laboratory of the gods and the biblical organization are all unknown.
Even Levi Garrison from the Baolong clan of Tiance Mansion was not at ease.
He can't reveal his hole cards! ! !
What to do then?
Still have to use taboo technique!
But only half!
There is more than one taboo technique, and Levi Garrison has many kinds of techniques.
There is a taboo technique called concealing the sky!
This taboo technique is a bit magical!
Once you use it on someone or yourself, then all your breath disappears, all energy disappears…
No matter how powerful someone is or how advanced the machine is, your presence will not be
detected.
As if people disappeared from this world.
If you don't meet with your own eyes, then you will never find this person.
No matter how great your supernatural powers are, you can't perceive the existence of this person!
Levi Garrison had always suspected that Master used this taboo technique to hide in the prison.
In this way, no one would even want to find him.

At the moment of using it, Levi Garrison affirmed that Master must use these taboo techniques.
So for many years, no one has looked for him.
Of course, this taboo technique can be used for suspended animation!
But Levi Garrison didn't dare to use it completely, after all, how many pairs of eyes were staring at him.
The effect of concealing the sky will not be achieved, but will be exposed.
So Levi Garrison used half of this taboo technique…
As for the other half…
The Return of the God of War [The Protector] Chapter 1999
Levi Garrison used a taboo technique to shield his breath.
This step is aimed at those masters of master magic arts.
For example, you feigned death, your heart stopped moving, and everything stopped.
It is completely dead in front of modern instruments or ordinary people, and cannot be detected.
No matter how you check it is dead.
But masters of magic spells, in layman's terms, the fortune-telling masters, they can find out that your aura still exists, and they can't hide it at all.
For example, when Levi Garrison couldn't find Zoey, he thought he was dead.
As a result, a small Wushuang city found that Zoey was still alive!
Because they left a mark on Zoey.
When the mark is broken, it means that Zoey is dyed to death.
But at that time the mark was not broken, which meant that Zoey was alive.
Same reason now!
Those magic masters and the most powerful ones can feel the existence of a person's aura!
To judge life and death!
A cautious person like Richard, actually even saw Levi Garrison's body being dissolved.
He was still not at ease.
He sought out the goddess of primitive tribes, the super priests of a certain Holy See in the West, and a certain witch to see if Levi Garrison was really dead.
The skills of these priests are similar to Erudia's magic masters.
They couldn't even see Levi Garrison's energy!
Make sure Levi Garrison is dead!
Richard is relieved!

Levi Garrison used half of the taboo technique to fool them!
Let them know that they are dead…
not a suspended animation!
It's really dead!
The reason for using half is the obscure taboo technique, which prevents people from checking it out,
which will cause trouble to Master.
As for the other half-it
is due to Levi Garrison's recent research on various medical techniques!
In order to heal Zoey and the great summer arrogances who were abolished at that time, Levi
Garrison has searched almost all the ancient medical books left to him by the master.
So Levi Before using medical skills on his own, he created a state characteristic of suspended
animation.
With his medical skills, he has caused a suspended animation, and no one has ever found out.
Plus half the support of Taboo Art!
In this way, he is really dead!
Anyone lied.
Of course they are too powerful to fool…
such as the Dark God and the Heavenly Secret Pavilion.
What is even more frightening is that the Dark God has found a clue.
From his suspicion, it can be
seen that he has discovered a taboo technique.
But Levi Garrison used half of it, and he was not sure about it himself.
Then there will be such doubts…
If Levi Garrison directly used the taboo technique, the Dark God would definitely find it.
Then the identity of his master or other things are exposed.
Therefore, at the very moment, Levi Garrison used medical skills to put himself in a state of
suspended animation, and used a little taboo technique to isolate the Qi.
He deceived everyone, including the magic master, half immortal, half ghost, Kyushu Xuanzun.
Although it is a suspended animation.
But Levi Garrison was sober.
Know what happened.
But what Levi Garrison didn't expect was that Richard wanted the Destroyer to destroy his body.

At that time, he continued to pretend to be dead, and his body would really be dissolved.
At the critical moment, Levi Garrison knew that a master of magic spells had taken action.
Later it was found to be half fairy and half ghost.
After the half fairy and half ghost threw him into the sea, he left directly.
Commoner Killing God patiently listened to Levi Garrison's description of everything.
The Common Killer touched his chin, looked at Levi Garrison suspiciously and asked, "I have a
question…"
"What? Since half-immortal and half-ghost used spells to make everyone hallucinate, thinking that
your body was dissolved away! But Richard and the others watched it with real-time images returned by
aircraft and other machines…half-xian-half No matter how powerful the ghost is, it can't confuse the
person in front of the screen, right?"
Commoner Killing God said in doubt.
Yes, Richard didn't watch it much at the time.
But the Destroyer began to dissolve Levi Garrison's body, he saw it clearly.
How was he deceived?
The Return of the God of War [The Protector] Chapter 2000
Facing the doubts of Commoner Killing God, Levi Garrison did not speak.
He slowly lifted his clothes, revealing bloody wounds.
"This…"
Commoner Killing God was stunned.
He understands everything.
It turns out that the scene where the Destroyer dissolves Levi Garrison's body is true!
Levi Garrison was really bloodied by the beam energy of Shuang Destroyer.
Only the half fairy and half ghost in the back use spells to confuse everyone.
This is why Richard didn't doubt it!
Because the first part of what he saw was true!
The images returned in real time cannot be fake!
The picture behind is that they didn't see it themselves!
"Is your injury okay?"
Common Killer asked immediately.

“My injuries are fine, I am a doctor myself! They are all skin injuries, and they will get better soon!”
Levi Garrison didn’t care.
I don’t know why, Commoner is a little bit painful to kill God.
In terms of age, he is not too much to be Levi Garrison’s brother.
Levi Garrison looked like a child in his eyes.
But it is this child who shoulders the responsibility of guarding Erudia… again and again with bruises and bruises… and
death again and again…
“Since you are alive, Mr. Garrison, you must take action, right?”
Commoner Killer had already guessed that Levi was going to do it. action.
“I’m not here to find you? Now I can’t find any subordinates, that would expose me to life!”
Levi Garrison smiled.
“What does Mr. Garrison need me to do? Just say it!”
Commoner said.
No one knows that he is still alive, even stronger than before.
He can better help Levi Garrison.
“Have you been staring at apprentice Hao Yuxuan?”
Levi Garrison asked.
“Yes, that’s right, I have probably mastered his whereabouts on the East Island.”
Commoner Killing God replied.
Levi Garrison sneered: “This time The forces of the East Island, Richard and the Lab of the Gods killed
me. I couldn’t swallow this breath. I wanted to find the place back! Take revenge one by one! “
The East Island forces are my first step in revenge!” I need your help to find out everything about this
organization through Hao Yuxuan! “
Levi Garrison is already killing the sky.
He wants revenge! The
East Island forces, Richard and others, he will come to the door one by one. He will
not let any of them!
Especially the Destroyer!
Levi Garrison was killed in vain for suspended animation. This kid has a fist!
Levi Garrison is bound to give it back twice!
“Okay, no problem, I can’t stop this matter! “
Buyi Killing God nodded. It

just happened that he had made a major breakthrough in Hao Yuxuan recently!
This is also the main reason Levi Garrison is looking for him. If you go to the Western Heavenly King to check these things, it is easy to get rid of it.
Not to mention that the Western Heavenly King and the others have been quite the same recently. Yu Tian collapsed. It is estimated that he would give up checking this and that.
"Well, as soon as possible! Tomorrow I will go directly to the East Island! Entered East Island for the third time! The first two times were upset! This time I'm going to make the sky on the East Island fall!
From then on let them fear me and live in my shadow! "
I want them to be afraid to tremble when they hear my name, Levi Garrison!" Frightened into a coma!
"
Levi Garrison's aura is like a dragon, and Commoner Killing God is dumbfounded.
If someone else says that, he must think he is pulling a calf. But this is Levi Garrison! The living Levi Garrison! At this moment, Commoner Killing God is looking forward to it. !
He will be the witness and participant of this moment!
He has lived for so long, not as good as Levi Garrison for just 20 to 30 years.
He dared to go to the East Island alone to make trouble in the Heavenly Palace!
Who can do it?
"Okay, I will arrange everything right away! I will use all my connections and forces to do all this!" At the end of the story, Common Killer showed a dilemma: "But I have a small request!"
"What? You say it!"
"Please take me! I want to live out another name!"
Common Killing Shinto.
Levi Garrison thought for a while and nodded.
The Return of the God of War [The Protector] Chapter 2001
Originally, he wanted to go alone!
But it's okay to bring him.
First, Commoner Killing God is very strong.

Second, he has faded out of public view.
"By the way, the last time you played against you, you found that your technique was a bit wrong…"
Levi Garrison inherited it from the master, and it was all-inclusive.
It can even be said to be the root of the world martial arts.
In the final analysis, all kinds of exercises and combat techniques are analogous.
So Levi Garrison could see the flaws and disadvantages of Common Killing God.
Facing Levi Garrison's "guidance", Common Killer didn't dare to give a big deal, and listened carefully
to the summary.
"Ah? That's the case! No wonder, I understand!"
"It can still be like this?"
"My God! This is also OK?"
"I'm going crazy…"
…
One night, the commoner killing god echoed in the courtyard. The exclamation.
After Levi Garrison's guidance, many bottlenecks in the martial arts of Common Killer were solved!
His strength is advancing by leaps and bounds, and he is a level stronger than that of him holding a
divine sword in the sky.
Don't say anything else, if it's one-to-one.
None of the masters who killed Levi Garrison the other day can beat him!
Of course, except for the destroyer!
Levi Garrison doesn't know how strong he is!
Before, Levi Garrison felt that Commoner was still not strong enough to kill God, but now he finally
reached the standard of an assistant.
The next day, the two of them were in good spirits.
Commoner Killing God is because of the breakthrough in strength, to a higher level.
After one night of treatment, Levi Garrison recovered better from his injuries.
It's already well six or seventy.
It won't be long before Levi Garrison's body will fully recover.
"Mr. Garrison, don't wait for you to fully recover before going to the East Island?"
Commoner asked the Killing God.
He was mainly worried about Levi Garrison's injury.

“No, you have to go now! The sooner the better, kill them off guard!”
Levi Garrison looked firm.
Common Killer nodded: “Okay, I’ll make arrangements!”
Soon Commoner Killer made arrangements.
& “I still need to disguise, you can do whatever you want, not disguise!”
Levi Garrison showed the ancient disguise technique in the face of Commoner Killing God.
He soon became another person.
The Common Killer didn’t recognize it.
“Mr. Garrison, I’ll change my face too, so I can do things more conveniently!”
Commoner smiled with a smile.
Just as Levi Garrison was about to disguise Commoner’s killing god, a voice came from outside:
“Master!”
“Oh, it’s Hao Yuxuan!”
Commoner Killing’s face changed greatly, and he heard Hao Yuxuan’s voice.
Hao Yuxuan was suspicious by nature, otherwise he couldn’t hide his identity and hide beside
Commoner Killing God.
The most important thing is that this kid turned out to be a native of Dongdao.
Commoner Murder was worried that something would happen after he saw Levi Garrison, in case he
noticed any clues.
Then only kill him.
But he can’t be killed yet.
It’s still useful for him to keep it.
Hao Yuxuan has obviously completed the task and went crazy for the commoner killer, but why is he
still dangling in the summer?
One is that he himself didn’t know it had been exposed.
Second, he estimated that he had a new task.
Hao Yuxuan and a few people have already walked in with the kung fu thinking of Commoner Killing
God.
Seeing Common Killing God about to go out, Hao Yuxuan immediately asked: “Master, where are you
going?”
Common Killing God has recovered his emotions.
“Master is going to the East Island!”

Commoner Killing God said unhurriedly, his brain spinning quickly, thinking about how to deal with it
next.
“
Dongdao ?” Hao Yuxuan was shocked.
“Master, why are you going to
Dongdao ?” Hao Yuxuan asked.
“I’m going to visit an old person!” The
Common Killer had not had time to explain.
Hao Yuxuan’s eyes fell on Levi Garrison.
“Master, who is this?”
Hao Yuxuan asked.
Several apprentices who killed God in commoner clothes behind him also looked at Levi Garrison.
At this moment, Commoner Killing God was extremely nervous.
I’m afraid Hao Yuxuan has noticed.
It was just that Levi Garrison’s response made Common Killer stunned.
The Return of the God of War [The Protector] Chapter 2002
Levi Garrison spoke, even speaking fluent Dongdao!
The commoner killer has a wide range of knowledge, and he has also played against the kendo
masters of Toshima, and he knows a bit of Toshima.
But when he heard Levi Garrison say, he was shocked.
As if Levi Garrison was a native of Dongdao.
Together with Hao Yuxuan, he was also stunned.
He is from Dongdao and knows what level of Levi Garrison’s language is.
Including Levi Garrison’s tone of voice, etc., he is from Dongdao!
This is not difficult for Levi Garrison.
When training special agents in the early morning, language and the behaviors and habits of various
countries and regions were the basic skills.
The more proficient you master, the lower the probability of your death.
So at that time, everyone was learning this with their fate.
Levi Garrison didn’t bother to learn foreign countries.
But there is no way for the task.
I didn’t expect it to be used at the moment.
Levi Garrison’s meaning is very simple.
He is from the east island country of Kyushu. He is the deceased of Common Killing God, that is, the
descendant of a certain apprentice, and he is here to pick Common Killing God.

Hao Yuxuan and all the apprentices knew that the disciples of Common Killing God were all over the
world.
It is not uncommon to have a few students on the East Island.
The most important thing is Levi Garrison's East Island language and tone habits, so Hao Yuxuan has
no reason to doubt it.
"That's it!"
Hao Yuxuan smiled and said, "Master, you are going to Dongdao and tell me that
Dongdao is my home field!" Hao Yuxuan's set of people is developed in Dongdao.
The Common Killer understood the look in Levi Garrison's eyes and immediately agreed: "Okay. Go
and prepare!"
"Okay, Master is fine!"
Hao Yuxuan left excitedly.
After the people left, Common Killer said in a puzzled way: "Mr. Garrison, you said that made us
passive! I do have a disciple in East Island, but if you come like this, we have to make up more lies. ! I am
afraid that I will be exposed at that time!"
& Levi Garrison smiled, "Don't be afraid!"
"Why?"
Commoner Killing God was somewhat puzzled.
"Because he wants to kill you!"
Levi Garrison's words made the Common Killer tremble all over.
Gradually he had to think of something, his face changed.
"Actually, for Hao Yuxuan, no matter what your reasons, he has to focus on one thing-you are going to
the East Island!"
"This is a great opportunity for him to perform meritorious service to the master! Can kill you," It is
also a blow to the Erudia martial arts world!"
"As long as you leave Erudia and go to the East Island, this is a great opportunity for him! He will kill
you! Not surprisingly, he should be sending a message to the master now. Once we enter the East
Island, there will be a killing game waiting for us!"
Levi Garrison smiled.
Although Commoner Killing God is extremely reluctant to admit it, this is true!

He was blind at first.
Hao Yuxuan was accepted as a disciple.
"It's just that what he didn't expect is that your strength is not only restored, but also more terrifying
than before! What's more, there is me!"
Levi Garrison's voice sounded again.
"This is actually the best. On the contrary, it can be drawn from Hao Yuxuan to the people behind him,
and we can find it more easily." The
Common Killer suddenly realized.
Levi Garrison was right.
Hao Yuxuan has already sent a message to the East Island forces, saying that the Common Killer will go
to the East Island immediately.
The East Island forces, like Hao Yuxuan, have no interest in why the Common Killer came to the East
Island.
What's more, Levi Garrison conquered Hao Yuxuan, and he no longer doubted it.
They only care about the fact that Commoner kills the gods to the East Island.
"Great! Just now the first in the big summer list was killed, if the commoner killer, who was once the
second highest on the list, was killed again, then Erudia will be hit again!"
"Come on, immediately arrange manpower! Although the commoner killer is killed The poison is
detoxified, but the strength is greatly reduced! We don't need to send too many masters to kill him!"
…
a killing game is already waiting for the two Levi Garrison.
The Return of the God of War [The Protector] Chapter 2003
However, Hao Yuxuan and the forces behind thought that Common Killer was on the first floor, and they
were on the second floor.
As a result, Levi Garrison and the two looked at them on the fifth floor.
No, it should be the atmosphere.
They never thought that Levi Garrison was still alive, and even went to the East Island to take revenge.
Hao Yuxuan took them there!
Take the initiative!

Soon Levi Garrison and a few people were ready to follow Hao Yuxuan to the East Island.
Halfway through, Hao Yuxuan contacted the forces behind him, claiming that they were ready for
everything.
Hao Yuxuan was extremely excited when he thought of the commoner killing god dying in his own
hands.
He will have a higher status in the organization!
On the way, Levi Garrison and Common Killer had already arranged information about which
deceased in Dongdao.
Even if Hao Yuxuan went to investigate now, he couldn't find out anything.
At this moment, what they didn't know was that the news that the Common Killer God was coming to
the East Island had spread throughout the East Island.
All parties in the East Island are ready to move and want to see the fall of Erudia, the former legend!
Kyushu Island, the east island country.
After landing, Hao Yuxuan has arranged a vehicle to pick him up.
Gradually, the vehicles drove out of the downtown area, getting more and more off.
Levi Garrison didn't know their thoughts.
"Is this wrong? Isn't this the right way?"
Levi Garrison asked deliberately.
Hao Yuxuan smiled: "I just have a gift I want to give to Master!"
"Okay, I want to see what you give me…"
Commoner Killing God even showed a look of expectation.
There is no doubt whatsoever.
An inexplicable smile appeared at the corner of Hao Yuxuan's mouth.
Since his master is strong, he trusts his apprentice too much.
Soon after, the vehicle came to the remote mountains.
The sky gradually darkened, and a killing air filled the heavens and the earth.
"Master is here! I'll get the present first!"
Hao Yuxuan got out of the car with an excuse.
Sitting in the car, Levi Garrison and Commoner Killing God looked at each other.
"Come to live!"
Levi Garrison smiled.
During this period, Cong Hao Yuxuan contacted others in Erudia, his contacts in Dongdao, and even

the spies and addresses scattered in Dongdao and Erudia, were all spotted by the Common Killer.
Hao Yuxuan's arrangement of killing games this time exposed too much.
He and the forces behind were completely unaware that someone had already followed them.
At this time, Levi Garrison controlled Hao Yuxuan and the forces behind him seven or eight.
Next, just take revenge one by one.
Don't even think of running any of them!
Then the two got out of the car.
Soon, hundreds of masters appeared here, besieging the two of them, and locked any escape route.
"Boom!"
A big clock was moved in and smashed to the ground.
Hao Yuxuan looked at Levi Garrison and the two with a grinning smile:
"Master, this is my gift to you!
To the end! The disciple will give you the last trip!"
"You…you want to kill me?"
Commoner is also a killer. Acting school, pretending to be shocked.
"Master is right, I just want to kill you! I also want to tell you that I was the one who poisoned
before…I'm still from the East Island…"
Hao Yuxuan revealed all his secrets.
After all, in his opinion, Common Killer and Levi Garrison would not be alive today anyway.
At this time, there is an inexplicable sense of refreshment to explain all this.
"You…" The
Common Killer pretended to be shocked.
All forces in the East Island, especially the martial arts circles, are paying attention.
Hao Yuxuan felt that his status would be greatly improved after the Commoner Killing God was killed
this time.
"Master, I
'm sorry ! Hahaha…" Hao Yuxuan's expression suddenly became sullen:
"Do it, kill them!"
The masters sent by the East Island forces this time are specifically aimed at killing the gods after
being injured.
In any case, he could not escape.

But after Levi Garrison and Commoner Killing God looked at each other, they showed intriguing
smiles.
“Kill!”
Hundreds of masters all killed Levi Garrison.
The Return of the God of War [The Protector] Chapter 2004
Hao Yuxuan turned around chicly.
He doesn’t need to look at it, it must be a unilateral massacre.
Hundreds of masters all rushed to come.
Levi Garrison still stood in place, carrying his hands on his back.
Commoner kills the gods.
...
Boom!
This shot is a great thunder!
He has to practice everything he realized last night.
“Puff!”
He knocked out one person directly with a punch.
The blood mist bursts flying!
“Boom!” There
was another punch.
“Uh ah!”
“Uh ah!”
Kill the pig screams everywhere, blood spatter!
...
These masters never expected that after fighting with Common Killer God, they found that not only
was he not injured, but he was also not affected by the poisoning.
That’s right.
As Hao Yuxuan expected, this was a unilateral massacre.
However, it was Commoner to kill the gods who slaughtered the people he had sent.
“Ah!!!”
screams broke out.
Hao Yuxuan noticed that something was wrong.
He turned his head suddenly, which scared him almost fainted.
Hundreds of masters fell one by one under the strong combat power of Common Killing God.
One after another, they looked like ordinary people without the power to bind a chicken.
shocked!
Everyone was dumbfounded.
Is this still a commoner killer?

Isn't he poisoned?
Isn't his strength greatly reduced?
Didn't he fall to fifth place on the top list?
…
How could he be so tough?
He is stronger than before being poisoned and injured!
Hao Yuxuan finally realized that he had kicked the iron plate.
The commoner killing gods in the field became more and more courageous.
"Boom!"
He banged his foot on the big iron clock.
The big iron clock suddenly fell apart.
"Whhhhhhh…"
Pieces of fragments were torn apart, lasing everywhere.
"Puff!" "Puff!"
…
One master after another was pierced… In the
blink of an eye, there were not a few of the hundreds of masters left standing.
At this time, Hao Yuxuan finally reacted.
He smeared the soles of his feet and strayed immediately.
He doesn't want to die!
Levi Garrison watched him run away, just smiled.
Did not chase.
It's all right now, they don't need to look for it.
Hao Yuxuan took them directly.
It turns out that Levi Garrison had left a mark on Hao Yuxuan's body long ago.
No matter where he went, he could find it.
As expected, after Hao Yuxuan escaped, he must go to the headquarters.
After Hao Yuxuan left, Common Killer quickly dealt with the remaining masters.
It may take a while for the Common Killer in the heyday to deal with these masters.
But now it will be fine in a few minutes.
Progress visible to the naked eye!
The small-scale battle of the Common Killer on Kyushu Island shocked all forces on the East Island.
"What? Not only did the Common Killer not be affected by the poisoning, he was stronger!"
"The Commoner Killer is so strong? I feel like he should be ranked in the top three in the summer list!"

…
Especially for Levi Garrison all the time. Against the East Island forces of Erudia.
They are a powerful organization.
Named Black Sun!
It is made up of old big figures from all walks of life on the East Island.
In order to make the Higashishima Budo world and other circles prosper, these big figures specially
formed the Black Sun.
Not long after Black Sun was formed, they made several plans for the Erudia martial arts world.
The results were all destroyed by Levi Garrison.
Later, after cooperating with Richard, killing Levi Garrison was the biggest thing Black Sun did.
Now killing the commoner to kill the gods is the second major thing they have to do.
But what they didn't expect was that the Common Killer God was so terrifying.
The strength far exceeds everyone's expectations.
Hao Yuxuan ran back all the way, for fear that someone would catch up.
However, he completely exposed several important dark spots.
At this time, Levi Garrison and Common Killer already had an additional list.
It is a list of the leaders of the Black Sun organization.
There are ten people in total.
Involving all walks of life, they are all top bosses.
"Are you ready to die?"
The Return of the God of War [The Protector] Chapter 2005
Levi Garrison looked at the list and started to roll the call.
The Yamaguchi Consortium, the largest consortium on the East Island, and the Matsukami
Consortium, the second largest consortium.
The earth emperor Yoshikawa Yonghui of the underground world of East Island.
The Watanabe family of Higashishima advisers (the family that used to be the Higashishima military
master Watanabe Tenichi).
The six ancient martial arts tribes of the Toshima: the Kitashima family, the Hattori family, the Nogawa
family, the Kameda family, the Kuno family, and the Yanagi family…
Taiyin Shrine where many Higashishima Onmyojis (similar to the great summer magic masters) gather.

…The
Black Sun is composed of the heads of these ten forces.
They have a clear division of labor.
There are those who contribute money, those who have rights, some who plan, and some who use
force…
But they are highly organized, and even in the East Island, almost no one knows.
But Black Sun has planned many things secretly.
But this time Hao Yuxuan was all to blame, and all the bosses were exposed.
No one is left.
At present, Hao Yuxuan went to Edo Castle, the capital of the East Island.
It turned out that this kid was for the Watanabe clan…
Levi Garrison knew exactly where he was now.
"Which is the closest to us right now?"
Levi Garrison asked Commoner to kill Shencha.
"In the case of Kyushu Island, the Songshang Group is here! Then the Kameda Clan is also on Kyushu
Island, but a little farther away!"
The forces of Common Killer quickly found out where the major forces were.
Levi Garrison's eyes were full of cold light: "Then take the Songshang Group first!"
…
Hao Yuxuan at this moment told the Black Sun organization everything.
The heads of the Black Sun were shocked.
Is the commoner killer's strength restored?
Stronger than before?
"No! Since he is here, let him stay in East Island forever!"
…
Soon, the battle of Common Killer in East Island spread.
I know everything about Erudia.
"What? Commoner killed God to the East Island? His strength has recovered?"
& "What is he doing? Is he trying to promote my Erudia's national prestige?"
…
Just now everyone was in the pain of losing Levi Garrison, and Erudia martial arts world was hit hard.
At this time, Commoner Killing God came to such a hand, and it seemed to ignite a little hope for

everyone.
Everyone began to pay attention to the trend of Commoner Killing God.
Heiyang also sent a master to encircle and suppress the commoner to kill the gods.
A grand party is held in a luxurious manor on Kyushu Island.
Participants are the second generation of Kyushu Island.
Either a young master daughter of a large consortium, or a genius from a martial arts family.
In short, you can meet the best young people in Kyushu here.
Today is the birthday party of Sakurako Sakurako, the daughter of the Matsukami Foundation.
So everyone came to celebrate.
Sakurako Matsukami was wearing an evening gown, welcoming all the guests.
"What? Kameda, the eldest master of the Kameda family, is here?"
Suddenly there was a commotion in the field.
It turned out to be the future heir of the Kameda clan from the six ancient martial arts families on the
East Island.
Different from the second generation of the powerful, the second generation of the martial arts
family has the strength to crush them.
This is the biggest guest tonight!
Even Sakurako Matsukami didn't expect him to come!
For a while, everyone present came over and saluted with Kameda.
...
"By the way, have you heard about the recent events? Erudia's commoner killer has come to the East
Island!"
"The first Levi Garrison in the summer list has fallen. Did he come to die?"
... ...
Everyone began to discuss the commoner to kill God.
"You said Commoner Killing God would not come here to make trouble, right?"
Someone suddenly raised this question.
Hearing this, Kameda raised his mouth, with an arrogant expression: "I will tell you
something. Our family will also participate in Killing Levi Garrison!"
"What?"
Everyone was shocked.
They cast their eyes on worship.

Kameda smiled together: "So don't talk about a commoner killing god, even if Levi comes to
Dongdao, he will die!"
The Return of the God of War [The Protector] Chapter 2006
Kameda showed strong confidence together.
But he was right.
They did participate in the killing of Levi Garrison.
The dwarf warrior was sent by their family.
Seeing Kameda's unparalleled demeanor, there were also many women present with a look of
admiration.
Even Sakurako Matsakami had a better view of Kameda.
Their Songshang Group also participated in the killing of Levi Garrison.
Let her know how powerful the warrior is.
Strength is the most important thing in this world!
Kameda smiled and said: "Ms. Matsukami, don't worry! With me, no one dares to make trouble at
your birthday party! Whoever dares to come is against me!"
"What's more, we have sent many strong men. Go to punish the encirclement and suppress the
commoner and kill the gods!"
"Really? That's really great! Dare to run wild in my Dadongdao Empire and find death!"
"The Erudia martial arts world is going to be abolished. , And then the second commoner killer god on
the summer list will also fall!"
"It's really exciting to think about it!" When I
got this sentence from Kameda, the people who were uncomfortable and doubtful all put down their
guards, and all laughed one by one. stand up.
Like the War Eagle Nation, they naturally hate Erudia.
Especially Levi Garrison these people.
They even hate to death.
Knowing that Levi was dying, he would set off a cannon to celebrate.
Now that the strong have fallen again, he must be excited.
The birthday party officially began…
Soon after, Levi Garrison and Commoner Killing God arrived.
According to the information obtained, the princess of the Matsukami Foundation held a birthday
party.
Levi Garrison felt that he could start from her, and find the head of the Songshang Group, and then

destroy it in one fell swoop.
Without talking nonsense, the two directly dealt with all the guards at the door and swaggered into
the birthday party scene.
In the field, everyone was giving Matsugami Sakurako gifts.
One serving is more valuable than one serving.
Sakurako Matsukami's smile never broke.
Soon after, everyone had given out their gifts.
When the next project was about to be carried out, a voice sounded.
"Wait!"
"I still have gifts to give!" The
loud voice caught everyone's attention, and they cast their gazes over.
At the end of the line of sight, one old and one young appeared.
Due to the light, Commoner killed the god and everyone did not recognize it after Levi came.
"Who is this? I don't know!"
...
Everyone talked.
"What gift do you want to give?"
Someone couldn't help asking when he saw Levi Garrison walking in front empty-handed.
Levi Garrison smiled and said, "Send her a home to ruin!" The
words are not surprising and endless.
As soon as Levi Garrison said this, the whole audience exploded.
This is what no one expected, someone would come to the princess birthday party of Songshang
Consortium, the second largest consortium in the East Island, to make trouble.
What's more, even the heir of the Kameda family is there.
Is this too courageous?
Want to ruin the Matsukami Consortium?
What an arrogant tone this must be!
Sakurako Matsakami's face changed drastically.
The assistant next to him immediately yelled: "Someone is making trouble, come, take it for me!" He
just screamed out, and no one responded at all.
All the bodyguards were solved by Levi Garrison.
Where do people come from?
"What about people?"
"People…"
everyone shouted.
No guards showed up at all.

“No need to shout, they are all dead…”
Levi Garrison had already come to Songshang Yingzi as he spoke.
Several people in front of him were already suppressed by the stronger aura than Levi Garrison.
Everyone looked at Kameda for help.
Only he can solve this problem in the field.
Kameda had a cold face, and the master beside him also had a high expression.
He stood up slowly.
“Do you know who I am? Dare to come here to make trouble?”
Kameda looked at Levi Garrison with disdain.
“Who the hell do I care about you?”
Levi Garrison slapped Kameda’s face fiercely…the
whole audience was silent.
The Return of the God of War [The Protector] Chapter 2007
Everyone was stunned.
Including Kameda and the masters beside him.
No one reacted.
Levi Garrison will start suddenly.
It was unexpectedly caught off guard.
Kameda’s skin was ripped apart by this slap.
“You are crazy! He is the future heir of the Kameda family!”
someone exclaimed.
Levi Garrison laughed instead.
To deal with the Song Consortium, the Kameda clan also delivered home delivery.
“I want you to die!!!”
Kameda who reacted screamed and killed Levi Garrison.
He was also a member of the Tianjiao Conference and ranked among the top ten on the East Island.
When have you been so insulted?
“Boom!” It’s
just that when he came up, he was slapped away by Levi Garrison.
He once couldn’t even beat the apprentices that Levi Garrison mentored.
How could he fight Levi
Garrison?
“Puff!”
Under this slap, Kameda was shot to death on the spot.
The audience was dumbfounded.
The heir of the Kameda clan died like this?
It’s incredible.
“Boom!”

“Boom!”
Levi Garrison slapped the people beside Kameda to death again.
Everyone is more shocked!
Isn’t he going to kill everyone present?
“I recognize it!!! He is the common killer!”
At this time, someone saw the common killer behind.
“What? It’s really him! He actually came here!”
“My crow’s mouth…slap…”
The man who said that he would come to kill the commoner, slapped himself in the face fiercely.
Under the powerful aura of Levi Garrison and Common Killer God, everyone present was shocked.
I am afraid that the two will be slaughtered.
“Puff!”
“Puff!”
…
Some people couldn’t stand the pressure, and fell to their knees one after another, begging for mercy.
“Except for the Songshang Foundation, everyone else can leave ! “
Levi Garrison said, this group of people fled if they were pardoned.
Only Sakurako Matsukami and others were left.
They were also frightened.
“Go, take us to where your family is located, otherwise we will kill you without mercy!” “
Under the coercion, Sakurako Matsakami and others could only take Levi Garrison with them.
However, everyone hoped that as long as the masters of the Songshang Consortium Ruyun, they
would be able to clean them up.
Soon after, Levi Garrison. The two Levi arrived at the seat of the head of the Songshang Consortium.
Sakurako Songshang and the others did not expect that after the two of Levi Garrison confirmed their
identities, they immediately started the killing.
Of course, only the members who joined the Black Sun organization were killed.
Women, children and children are not. Kill!
These people who died committed unforgivable crimes! What
made everyone even more unexpected was that the masters of the Songshang Consortium couldn’t
stop Levi Garrison from attacking and killing the two.
…

Half an hour later, the Songshang Consortium's All the high-levels were destroyed.
No one survived.
They were dying, and they didn't know why? The
Songshang Consortium fell apart.
Not long after, Levi Garrison and Common Killer came to the Kameda clan. After
confirming their identities, they started killing again.
Turtle Even the six ancient martial arts families of the Tian clan could not stop Levi Garrison and the
two.
Basically, Levi Garrison didn't have to take action in the whole process, and the commoner kills the
gods alone. It
took an hour! The
Kameda clan was destroyed!
Shocked!
Kyushu Island was shocked ! !
Black Sun is shocked!
The whole East Island was shocked!
The masters they sent out to encircle and suppress the commoner to kill the gods did not find their
whereabouts, but they were exposed at this time.
It turned out to be the two forces that were destroyed!
Really terrifying!
The Common Killer once again shocked the world!
Not only has his strength recovered, he has also risen sharply, and is currently stirring the situation in
Dongdao with invincible momentum!
Now he and Levi Garrison have become the most wanted objects of various forces on the East Island.
As for Levi Garrison's identity, he is the disciple of Common Killing God!
After all, the introduction to Hao Yuxuan is the descendant of the apprentice of Common Killing God!
After the Common Killer knew it, he smiled and said, "How can I be?"
The Return of the God of War [The Protector] Chapter 2008
But it doesn't matter to Levi Garrison!
It just so happens that you can do something big by killing the gods in the name of commoner!
In this way, everyone will focus on the Common Killing God, and will not pay too much attention to
him.

Destroying the Kameda clan and the Matsukami Consortium caused a huge sensation on the East
Island.
Although the Kameda clan is the weakest of the six ancient martial arts families, the strength is still
very terrifying.
The threat of Commoner Killing God soars!
Especially the Black Sun organization felt something was wrong.
Why was it the members of their organization who were eliminated?
One could be a coincidence?
How about two?
Of course, the possibility of coincidence is still not ruled out…
Just when Levi Garrison and the two were about to leave, the master sent by Black Sun to encircle and
suppress them encountered them.
These people are much better than the master Hao Yuxuan arranged before.
However, none of them survived when they met Levi Garrison and Commoner Killing God.
At this time, Black Sun realized the seriousness of the problem.
The Common Killer is too strong!
What has he experienced?
How can it be so strong?
Not only are the parties in the East Island doubtful, but all parties in Erudia are also confused.
The Common Killer God currently displayed is definitely one level stronger than the previous one
holding the Divine Sword in the sky.
"I see! The Common Killer was once treated by a genius doctor in Erudia. It seems that it is not only
detoxified, but also restored!"
"I also heard that this genius doctor is Levi Garrison! Coming to Commoner to kill God may be
avenging Levi Garrison!"
…
Some people quickly guessed the reason for the recovery of Commoner Killing God's strength.
Hao Yuxuan also guessed this.
Tell the news to the Watanabe family!
As a family of counsellors, the Watanabe family quickly guessed a fact-
Hao Yuxuan exposed.

In particular, the removal of the Matsukami Group and the Kameda clan confirmed this.
"It seems that Common Killer has been eyeing you a long time ago, and he knows that you are going
to kill him! But he pretends not to know
, In order to dig out everyone in the Black Sun Organization through you! "No
accident, everyone in the Black Sun organization is now exposed!" He wants to liquidate one by one
next! "
...
Hao Yuxuan was startled to sweat.
It turns out that the master has been acting. The
fool turned out to be himself!
"What can I do? The commoner killer is unfathomable now? "
Hao Yuxuan showed a trace of worry.
Several high-level members of the Watanabe clan laughed.
"If Levi is here to avenge, then we must panic!" Really may not be able to hold, it is very likely that
the Black Sun organization will be destroyed! "
Then they changed their conversation: "But Levi Garrison is dead, and the biggest threat is gone!" No
matter how strong the Common Killer God is, he will fall on the East Island! "
Let's put it this way!" The weakest Kameda clan and the Matsukami Consortium were destroyed! If he
provokes any of the other eight forces of the Black Sun organization, he must die! "
...
Hao Yuxuan doesn't doubt this.
Except for the weakest two. The
others are more terrifying than the other. The
Yamaguchi Consortium and the Underground World Emperor are terrifying. The
masters of their subordinates are like clouds, and they are connected with the major forces of the
War Eagle Nation.
Crossing . Not to mention the Bian family.
Move it, and the other major martial arts families can arrive within a few minutes.
After all, these major forces are very close to each other.
Therefore, none of the other eight major forces can move. If you

move it, you will find your own way of death.
They are not worried at all.
"By the way, where are they going next?"
"No accident, they should go to the Yamaguchi Foundation!"
"Hahaha…They are looking for death! Tell the Yamaguchi Foundation to get ready!"
…The
Watanabe family quickly delivered the message to Major forces.
After receiving the notice, the Yamaguchi Consortium took protective measures as soon as possible,
gathered all the masters, and waited for the arrival of the two Levi Garrison.
The Return of the God of War [The Protector] Chapter 2009
"Mr. Garrison, we should be faster! Don't let them react!"
Commoner Killing God couldn't help urging.
"No, they have reacted and already know everything! Knowing that we will find them one by one
next!"
Levi Garrison smiled.
The Black Sun organization is not simple.
It is normal to be able to react in a very short time.
"How can that be good? They must have been prepared! This is not good for us!"
Commoner Killing God showed a trace of worry.
"It's okay! In fact, in their concept, although your strength is now restored, it is not enough to pose a
threat to them! They are still despising you! So there is no need to worry about it for the time being!"
Levi Garrison said, Bu Yi Shi Shen nodded his head.
indeed so.
Levi Garrison's voice sounded again: "But they will react soon! At that time, the strongest forces must
be gathered to attack us!"
"That's for sure! As long as we get rid of one or two more forces, they will react. !"
Commoner Killing God nodded.
"But no fear! Who can stop me in East Island?"
Levi Garrison said coldly.
Commoner Killing God was full of enthusiasm.
correct.
Everyone's attention is on him.
Little did he know that the real god was by his side.

Is his own "disciple".
This is his highest light moment.
The Yamaguchi Foundation is located in Edo Castle, the capital of the East Island.
As the largest consortium, its status is very close to that of Star Country's Sanxing Group.
Sometimes they will also affect some decisions on the East Island.
Especially the head team of the Yamaguchi Foundation is the most terrifying.
Controls the economic lifeline of the East Island.
They established a special bodyguard organization to guard the safety of these high-levels.
Over the years, they have dug out super masters from all over the world and formed the "Kamikaze"
team.
Even the major martial arts families must be jealous.
A luxurious villa.
It occupies a huge area, just like a small town.
You should know that the land on the East Island is very small, and sometimes it is necessary to
reclaim the sea to make land.
In this kind of golden area, such a big mountain villa is terrible.
This is where the head of the Yamaguchi Foundation lives.
Built according to the scale of the military base.
They spent a lot of money to build it.
With the most advanced defense system, the details go to every corner.
Then equipped with hundreds of masters of the Kamikaze group.
This villa is solid.
Over the years, many people have wanted to assassinate.
However, a total of ninety-eight assassination teams, a total of more than 600 people died outside the
villa.
So now this villa has become a taboo.
Don't want to break in.
The leaders of the Yamaguchi Foundation are all in the largest chamber in the villa.
Yamaguchi, the helm of the consortium, was sitting in the upper seat.
There are four seats on each side of the conference table.
These nine people are the top existence in East Island's financial world!
They may sneeze, and the stock market will change drastically.
"I just received news from Watanabe Tensho! Next, Erudia's Common Killer will come to trouble us!"

“The matter has been determined, Commoner Killer is here to avenge Levi Garrison!”
Yamaguchi said.
“Immediately activate the first-level defense system! I want to let Buyi Shashen see how powerful our
defense system is!”
“Yes, this is the strongest defense system developed by the Sun Company, the No. 1 Technology
Company of East Island, in the whole country. In the world, it is also the strongest! There is no one! Even
the technology of Erudia and the Eagle Nation can not be compared!”
“Once it is activated, no one will ever want to come in! If you can’t even enter the door, you will have
to die!”
…The
leaders began to brag about how powerful their defense system was.
They are the best in the world.
Yamaguchi also smiled and said: “What’s more, I have recalled all the masters of the Kamikaze group,
and they don’t even want to come in!”
“Yes, let alone them, even ghosts don’t want to come in!”
“Is that right? How did I come in?”
The Return of the God of War [The Protector] Chapter 2010
It’s not that the Yamaguchi Consortium brags about how powerful their defense system is, how
terrifying are their kamikaze masters?
This is indeed the case!
For many years, under this tight defense.
No matter how strong the master is, he has never been close to the villa.
Not to mention entering the villa.
No one has ever been.
Therefore, the Yamaguchi Consortium has confidence.
The Watanabe clan has confidence!
The commoner killer dare to provoke them is a dead end.
But no one thought that a voice blasted in the chamber like a bolt from the blue sky.
It shocked everyone.
“Who?”
“Who?”
……
people are scared to stand up to the body.
Look around.

At this look, everyone was scared to death!
Because there are two more people in the room without warning.
Take a closer look, isn't this Levi Garrison and Commoner killing the gods?
When did they come in?
Quietly like a ghost?
Are they ghosts?
How can it be?
The appearance of Levi Garrison shocked them.
Everyone was so scared that they were going crazy.
"Commercial Killing God???? What? How did you get in?"
Yamaguchi was incredulous.
Levi Garrison smiled: "How did you get in? Of course you walked in through the gate!"
"Impossible!!!"
Yamaguchi Shoji shouted in unison.
Their strongest defense system was activated at the highest level.
The five hundred masters of the Kamikaze group have all been in place, guarding them outside.
How can anyone come in?
This is impossible!
Absolutely impossible!
This must be dreaming!
"Impossible! Why would you come in directly? The defense system designed by Higashishima is the
highest level in the world! Absolutely impossible!"
Yamaguchi was still defending.
Levi was happy.
Dong Dao's defense system is here to be funny, right?
Still the strongest in the world?
& Not to mention the defense system of the Shenlong Science and Technology Base.
Their defense system was even strong when Levi Garrison went to the Eagle Nation to arrest people,
and the laboratory where Jefferson was hiding.
Is this the number one in the world?
Funny?
It took Levi Garrison less than a minute to break this defense system.
As for the top five hundred kamikaze group…
even worse.
Over time.
Yamaguchi Masaichi realized that this was not a dream.

Levi Garrison did indeed kill the two of them.
Their defense system has failed.
Failed to stop the two.
"Come on! Call all the members of the Kamikaze Group to kill these two people!"
"Quickly, quickly!"
…
They immediately called the Kamikaze Group to protect them.
Just shouted for a long time, and there was no response at all.
Levi was happy.
He opened the door of the chamber.
Immediately, a pungent smell of blood came out.
Make everyone sick…
"Are you looking for them?"
Hearing Levi Garrison's voice, everyone looked outside.
At this sight, everyone was shocked in a cold sweat.
There were corpses lying outside the chamber, blood and pungent smell intertwined, like hell…
dead.
All the guards of the Kamikaze group and the villa were quietly resolved by Levi Garrison and Common
Killing God.
None of them were left.
The Yamaguchi Consortium thought that the tightest defense was dismantled by Levi Garrison so
easily.
Levi Garrison sneered at them: "It's up to you next!"
"What? I don't believe it, I don't believe it…"
Before dying, these heads of the Yamaguchi Consortium were unwilling to accept all this.
The Yamaguchi Consortium is destroyed!
Without waiting for everyone's reaction, Levi Garrison and Levi Garrison wiped out the underground
world of Dongdao overnight with a destructive posture.
The earth emperor Yoshikawa Yonghui and others in the underground world of Dongdao have all been
eliminated!
Overnight, the largest consortium collapsed, and the underground world was wiped out… The
Common Killer became famous.
His time has come…
Erudia is excited.

Dong Dao panicked.
The Return of the God of War [The Protector] Chapter 2011
The Yamaguchi Consortium was destroyed.
The Black Sun organization was speechless.
The forces of Emperor Yoshikawa Yonghui were destroyed, and the Black Sun organization was going
crazy.
how come?
In their expectation, no matter how strong the Common Killing God is, it will not destroy these two
forces?
But this is indeed the case.
If they don't accept it, they have to accept it.
"At present, the strength of Commoner Killing God is unknown! We don't know what cards he has! So
the remaining six of us must unite! We can't let Commoner Killing God destroy one by one! We can't
afford to lose!"
"Yes, we lost dead." It doesn't matter! The key is to lose the face of the Black Sun and the face of
Dongdao!"
"We can't let Levi Garrison make a noise in the Heavenly Palace like the previous War Eagle Nation,
but there is nothing we can do!"
"From now on we have to put away the right Commoner Killing God's contempt! No matter what he
is, we must first punish him!"
…
At the suggestion of the Watanabe clan, all the remaining forces of the Black Sun united.
Five great ancient martial arts families and advisors are united.
That's pretty scary!
The fact that the commoner kills the four superpowers in the East Island quickly spread all over the
world!
The popularity of Common Killer God has skyrocketed!
Gradually have the momentum to replace Levi Garrison!
At this time, Tiance Mansion Tianji Pavilion updated the new big summer list.
The Common Killer soared directly from fifth to second!
Overtake Nandi and Zoey in one fell swoop!
What he did was too influential.

Simply unstoppable!
Everyone in Erudia found comfort in Common Killing God.
I hope he can replace Levi Garrison and become the pillar of Erudia.
The commoner who knew all this laughed at himself and laughed at himself.
"Hey! I didn't expect the peak moment of my life to be fake!"
Levi Garrison also smiled: "The peak? It hasn't arrived yet! At least the whole black sun must be uprooted, right?"
Commoner killed the gods. The news spread more and more widely.
Even Richard began to notice him.
Thoughtful, he started investigating Commoner Killing God.
But there seems to be no problem after checking.
"Continue to pay attention! I'm going to see the results of the experiment!"
This day is the official start of the restoration of Xu Zhengjie's experiment.
……
In the expectation of everyone, the first formal experiment was successful.
Although nine of the ten people who participated in the experiment exploded and died, not even a scum was left.
But one person succeeded.
Although it was only a low-profile version of Xu Zhengjie's pure energy body, it was considered a success.
Only this low-profile version is now out, it can also stir the world, and it is difficult to kill.
Richard and the Lab of the Gods began to cheer.
Then, as long as they improve and continue the experiment, they will be able to completely restore Xu Zhengjie's experiment.
Richard couldn't help thinking of something, and said: "By the way, did you find the person you were looking for?"
"Mr. Richard, all the people have been found and brought!"
Richard Yin smiled: "Okay." , Recently strengthened their physique! I want them to become the best experiment! I want them to succeed in this experiment! How to do it, don't I need to tell you?"
"Understand! I must do it!"
Thinking of future plans , Richard couldn't help but smile.

“Levi Garrison, Levi Garrison, you are so lucky! You didn’t see Xu Zhengjie’s pure energy body! You didn’t see the pure energy body that I restored next!”
“I really want you to come back to life and pure energy. Get a good fight and see how long you can hold it?”
…
Levi Garrison, who was worried about, couldn’t help but sneezed.
“Is Richard you? Don’t worry, it’s coming to you next!”
Levi Garrison smiled.
At this moment, he and Common Killer are heading to the headquarters of Black Sun.
The Black Sun organization has gathered all its strength.
Even the masters are coming to Edo Castle from all over Higashishima.
Even the masters on the Dongdao Sun List are dispatched…
The Return of the God of War [The Protector] Chapter 2012
The sun list of Dongdao is equivalent to the sky list of Erudia!
Although the sun list is generally not as good as the big summer list.
But this is also a list of all the strong players in the East Island.
The strongest samurai, the strongest onmyoji are among them.
At the invitation of the Black Sun organization, many sun list powerhouses have come one after another.
The Black Sun organization is even more powerful.
The advisor family Watanabe clan!
Taiyin Shrine.
The Beidao tribe, the clothing tribe, the Yechuan tribe, and the Jiuye tribe have all gathered.
Only the Liu Sheng clan remained unmoved!
Hao Yuxuan understood that the Liu Sheng clan did not move.
That’s because the Liusheng clan is too powerful!
It is not an exaggeration to call it the first force on the East Island.
The Liusheng clan is called the Sword Saint clan!
Rumor has it that the Liusheng clan has an extraordinary sword master!
Not to mention how brilliant the Liusheng clan was in the past!
The ancestors are also famous ancestors, swordsmanship, and become a new swordsman!
The sword shadow of Liu Sheng, the first genius of the Liu Sheng clan, was terrifying to the extreme!
However, at the age of more than 30 years, Liu Sheng Jianying is already No. 1 on the Dongdao Sun List!

Known as the Little Sword Saint!
Many people in Dongdao compare Liu Sheng Jianying with Levi Garrison!
There is even such a conjecture in Dongdao, who is better than Levi Garrison and Liu Sheng Jianying?
In addition to Liu Sheng Jianying, the Liu Sheng clan is a master like a cloud!
The strong with nearly half of the sun list!
Therefore, no one of the Yanagis dare to order, and the Watanabe clan can only inform and discuss,
and absolutely cannot order.
The Liu Sheng clan hasn't moved for a long time because they disdain to unite with so many forces.
Combining with other forces is slapping them in the face.
They are a clan of dignified sword sages, and they don't hesitate to join forces with others.
What's more, in their opinion, their Liusheng clan is enough to deal with a common killer god.
No, there is no need for a family to send out to kill the commoner.
Liu Sheng Jianying alone is enough!
Each of the Yanagyu clan is extremely proud!
Once Liu Sheng Jianying even let out a rhetoric, he could kill Levi Garrison alone.
Therefore, in the action against Levi Garrison on Golden Harbor Island, the arrogant Liusheng clan did
not send anyone.
This is their arrogance!
In the headquarters of the Black Sun organization, almost all the masters gathered.
This basically brings together all the power in the world of Higashishima Budo.
"I just got the exact news, the Yanagyu family will not take action!"
Several members of the Watanabe clan smiled: "We expected it a long time ago!"
"By the way, Mr. Richard just sent a message asking if he needs his help. He said he is our eternal
ally!"
"Hurry up and send a message to Mr. Richard! Just say thank him for his kindness! We can solve this
little trouble by ourselves! If this can't be solved, we will lose face!"
…

“From now on, we are waiting for the commoner to kill God! I guarantee he can’t get out of here!”
The masters present sighed.
I want to compete with Commoner Killing God.
Levi Garrison has come to Edo City with Common Killer.
“According to the secret spy news, Mr. Garrison has gathered the major forces of the Black Sun
Organization and is waiting for us to go!”
“However, the strongest Liusheng clan has not acted yet. They have not moved yet! According to the
source, they disdain. Join forces! We must solve us alone!”
… The
Common Killer read out the collected news.
Levi Garrison touched his chin and asked, “I want to ask where is Qiang?”
“At present, the Liusheng clan is stronger! They not only have the sword shadow of Liusheng, but it is
said that there is also an ancestor alive! That is the Juggernaut of East Island!”
“Even if there are many masters gathered in the Black Sun headquarters, it is useless! They can’t stop
it! Live these two people!”
Commoner Killing God explained.
Levi Garrison thought about it, and couldn’t help saying, “Okay, go directly to the Liusheng clan! Get
out of the strongest first!”
Commoner Killing God was stunned for a while.
Is it so casual?
Why is this kind of thing as simple as eating and drinking here in Levi Garrison.
The Return of the God of War [The Protector] Chapter 2013
Who makes people like a god-like powerhouse?
At this moment, Commoner Killing God is so envious!
He silently vowed to become stronger.
I also want to reach the realm of Levi Garrison!
Act like him!
“Mr. Garrison, you may not know that this Liu Shengjianying repaired the Red Dust Sword!”
said the Common Killer God.
“Huh?”
Levi Garrison was taken aback.

“Sword Shadow of Liu Sheng has always been in the dust. He hangs around in various places of wind
*and moon all year round. It is a famous s*x monster! He has been mixed in wine for a long time. The*
swordsmanship he cultivates is also in this!
Most people practice hard and clean cultivation. Secular things will never be touched! But on the
contrary, Jianying Liu Sheng, touching these things will not only have no effect on him, but will make him
stronger!”
Bu Yi Killing God explained.
Levi Garrison nodded: “It’s indeed an alien!”
“My people have found out that Liu Sheng Jianying is not in the family, but in Fengyue Place!”
“Where do you see it?”
Bu Yi Killing God asked.
“Go to Liu Sheng Jianying!”
Hit the strongest first.
The most luxurious clubhouse in Ginza, Edo Castle.
In a presidential room.
Dozens of young people stood.
These dozens of young people are incredible. They are the top rich second generation in the East
Island.
All hands and eyes open to the sky.
But at this moment, they all stood respectfully.
Everyone is arched, their faces are full of panic, and their eyes are full of awe.
Sitting on the sofa in front was a man in his thirties.
Young girls are all around.
“Trash! A bunch of trash! Is there no beauties in Dadongdao?”
the man on the sofa cursed.
He is the famous Liu Sheng Jianying!
That’s why dozens of rich second generations stand so respectfully and nervously!
They are responsible for finding all kinds of beauties for Liu Sheng Jianying.
But looking for it every day, I have no resources.
They also couldn’t imagine that Liu Shengjian Ying was obsessed with wine every day.
Why is it so strong?
Still getting stronger!

This is not fair!
You work hard for a hundred years, and you can't compare to others' indulging in alcohol for a month.
Who is going to make sense?
But Liu Sheng Jianying is too strong, anyone has to listen to him.
All the disobedient were killed by him.
At this moment, Liu Sheng Jianying was furious.
"Master! I have sent someone to Erudia to search! It is estimated that I will find a beautiful woman
soon!"
one person said.
Others also said: "Yes, it is rumored that Erudia beauty is like a cloud! Liu Shengjun, wait two days, we
promise to catch hundreds of Erudia beauties!"
"Yes, we found Levi Garrison's wife Zoey She is a big beauty, and a female scientist Wen Lei is also a
big beauty! And Levi Garrison's younger sister Zhou Nanyan…"
"Huh? I want all the women related to Levi Garrison! There are also female scientists? This type has
never I tried it! Okay, very good! I'll wait for you to find it!" When it heard that it was a beautiful Erudia, Jianying Liu died.
But he stared at the crowd and warned: "If you can't find it, I will kill all of you!"
"Understand! We will definitely!" The
crowd nodded in fear.
Everyone stared at the man who said Zoey.
The other beauties in Erudia are easy to play, but where did Zoey get them?
Isn't this pushing everyone into the fire pit?
The man also realized that he had said the wrong thing.
Immediately shut his mouth.
At this moment there was a noise from outside, and the box door opened.
Two people walked in from outside.
The Common Killer stood at the door, and Levi Garrison walked straight inside.
Everyone was dumbfounded.
Including Liu Sheng Jianying, who also looked at Levi Garrison suspiciously.
"Is that Liu Sheng Jianying?"
Levi Garrison asked.
This made everyone even more stunned.
"I am!"

Liu Sheng Jianying wondered what Levi Garrison was going to do.
Levi Garrison stepped forward, patted his face and said, "I'll kill you, do you have any comments?"
The Return of the God of War [The Protector] Chapter 2014
The language is not surprising and endless.
When Levi Garrison said this, everyone was really dumbfounded.
Especially he also patted Liu Sheng Jianying's face!
It's unprecedented!
Who is Liu Sheng Jianying?
Number one on the sun list!
Little Sword Saint!
It's a famous big devil!
Kill if you don't agree!
No matter where you see a beautiful woman, you must grab it back!
In East Island, whoever it is, as long as he hears that he sees sword shadow of Liu Sheng alive, then he
must avoid it?
For fear of running into him.
After all, if you are not careful, your life is gone!
No matter what the big guys are, they are very afraid of Liu Sheng Jianying!
But today, a stranger unexpectedly stepped forward and patted Liu Sheng Jianying's face!
This is touching the tiger's ass!
This is ground breaking on Tai Sui!
Not only that, he actually wanted to kill Liu Sheng Jianying!
This is too much life!
There are hundreds of lives who dare not provoke this one?
What background status?
Dare to mess with him?
Liu Sheng Jianying was dumbfounded.
He has always been doing his own way, what he wants to do.
He is the strongest anyway!
No one can be his opponent.
But someone came to pat him on the face?
This…
It seems that he still wants to kill himself?
Isn't it a mistake?
"What the hell do I ask you? Deaf? I killed you, do you have any comments?"
Levi Garrison was stunned when he saw Liu Shengjianying.
"Papa……"

He slapped Liu Sheng Jianying's face several times, making a crisp sound.
In the quiet private room, it is especially loud.
Everyone looked crazy.
too crazy!
Repeatedly provoke Liu Sheng Jianying?
crazy!
This is completely crazy!
Liu Sheng Jianying did not expect that Levi Garrison would pat his face again!
"Slap!"
Levi Garrison slapped him on the face just as he was about to have an attack.
Everyone in the box suffocated to death.
Looking at them, Levi Garrison didn't know how big a mistake he made!
"Die to me!!!"
Liu Sheng Jianying let out a roar, unparalleled power erupted from his body.
He wants to shake Levi Garrison into blood mist!
He wants Levi to die thoroughly!
"Boom!" The
terrible power erupted.
But when he faced Levi Garrison, it was as if a mud cow entered the sea, and that power disappeared.
This surprised Liu Sheng Jianying!
It turns out that this is a master!
"I don't believe it!"
Liu Sheng Jianying was furious, his horrible vigor seemed to erupt like a tsunami.
Go straight to the sky!
Levi Garrison smiled and said, "That's it? No. 1 on the sun list? Rubbish!"
He slapped his right hand and slapped his anger.
This makes other people's scalp numb.
This is too scary, right?
"You are looking for death!!!"
Two attacks were blocked, which made him angry.
Angry to the extreme! ! !
He was going to stand up and punish Levi Garrison to death.
But when he was about to stand up, he found that above his legs and above his body, it seemed as if a
mountain was crushed.
He can't get up at all.

“Ah!!!”
Liu Sheng Jianying tried all his strength, shouting to stand up.
“Kacha Kacha…”
Everything in the private room was blasted to pieces.
Including those young and old, those who were not standing behind Levi came to pieces and turned
into blood mist.
The sword shadow of Liu Sheng wants to shatter like mountains and rivers!
He wants to get up!
He is going to kill Levi Garrison!
“Ah!!!”
He continued!
His strength is still skyrocketing!
“Humph!”
Levi Garrison snorted coldly, and slapped him again.
This slap is like the one used by the Tathagata Buddha to suppress Monkey King!
Unprecedented power is falling down!
“Puff!”
Liu Sheng Jianying seemed to be hit by ten mountains, spurting out blood on the spot.
He stood up and failed again.
He looked incredulous.
“Who are you?”
Levi Garrison smiled: “Levi Garrison!”
“What? You are Levi Garrison???”
“I…”
The Return of the God of War [The Protector] Chapter 2015
*Jianying Liu Sheng really wanted to curse: I f*cking!*
Damn it!
Really hell!
In the process of fighting just now, Liu Sheng Jianying and others already saw the Common Killer God
standing at the door.
I have recognized him!
But in any case, I never expected that the disciple of Commoner Killing God turned out to be Levi
Garrison! ! !
Isn’t he dead?
Hasn’t his body been dissolved?
Didn’t he repeatedly confirm that he died?

How can he live?
Also appeared in front of him!
The young masters of Dongdao present were all shocked.
Liu Sheng Jianying was slightly better.
"Since you are alive, then I will kill you!"
Liu Sheng Jianying wanted to compete with Levi Garrison a long time ago.
Now the opportunity is here.
He got excited instead.
Levi Garrison sneered and said: "Then you have to stand up first!" A sentence irritated Liu Sheng Jianying.
Let his anger reach the highest value!
He has never suffered such humiliation!
No way!
He must stand up!
He must defeat Levi Garrison!
He has never been defeated!
He must not be defeated!
This defeat is death!
He wants to live!
"Ah!!!"
Liu Sheng Jianying awakens like a dragon that has been sleeping for a hundred years, with a terrifying
breath that shakes the world and the earth burst out of his body!
Unmatched power burst out of his body!
Skyrocket!
Skyrocket!
…The
terrible momentum has been skyrocketing!
He wants to stand up! ! !
The young and old of Dongdao were frightened and had never seen such a terrifying side of Jianying
Liu Sheng…
He was like a demon!
Sweep everything!
The mighty power of the devil is like a sky covered by the sky!
Jianying Liu Sheng was very angry and excited!
How many years have it been!
Who can understand that invincible loneliness?
Since he came out of the mountain, he has been invincible on the East Island, and no one can stop
him!

There is no opponent at all!
There is no one under his hand who can support two moves!
At the highest peak, it's always cold!
When he is not spending time and wine, he feels very empty.
I really want to meet an opponent!
But never!
Today, I finally met Levi Garrison, the enemy of his life.
His strength allowed Liu Sheng Jianying to give full play to it!
He is very excited!
He is looking forward to a battle with Levi Garrison!
"I finally waited for you, you are my opponent!"
Liu Sheng Jianying's long hair flew, the magical mighty mighty.
Levi Garrison snorted coldly: "Just rely on you? I also deserve to be my opponent!" As
soon as the voice fell, Levi Garrison slammed a punch.
A seemingly ordinary punch.
But after falling, it was like the overturning of Tianhe, unstoppable.
Jian Ying's complexion changed drastically.
This…
terrible!
Horrible!
"Puff!"
Liu Sheng Jianying threw up blood, and he stood up again and failed.
Not only that, but the sofa under him was completely shattered.
He knelt to the ground with a thud.
The floor also burst open.
Incredible.
Jianying Liu Sheng was dumbfounded.
He is so vulnerable!
"Ah!!!"
He wanted to struggle again.
"Boom!"
But Levi Garrison gave another punch.
"Kacha!" At
this moment, Liu Sheng Jianying's bones began to burst.
This punch completely abolished him!
With this punch, Jianying Liu Sheng was hit into the floor, her body sunken in it, only one head was
exposed.
"Pop!"
Levi Garrison kicked him on the head.
"Come on, jump? Let me jump again!"

Levi Garrison sneered.
“Ah!!!”
Liu Sheng Jianying yelled with anger.
But it can only be an incompetent roar, which is of no use at all.
In front of the powerful Levi Garrison, he was nothing.
“Die!”
Not to mention that the members of the Black Sun organization must kill, but Liu Sheng Jianying has
an idea about Zoey, so he must kill!
Not only that, all the big and young were killed.
They are also participants.
It was they who proposed to dye a few people with plums.
Levi Garrison heard it really.
“Let’s go, next one, Liu Sheng family!”
Levi Garrison dragged Liu Sheng Jianying’s corpse, and went straight to the Liu Sheng family with
Common Killer.
The Return of the God of War [The Protector] Chapter 2016
The Yanagyu family is located in an empty area on the outskirts of Edo Castle.
Due to the prestige of the Yanagyu family, the Yanagyu family is desolate and uninhabited, even
animals are not seen.
The exaggerated statement is that the Yanagi family is surrounded by terrible sword energy, and no
creature can survive.
In the Yanagyu family hall.
The masters of the Yagyu clan are all there.
Because of the recent move by Commoner Killing God, they gathered together.
Even though they did not join the Black Sun organization, the Liu Sheng clan still joined.
Sitting on it was Liu Sheng Tianfeng, the head of the Yanagi family, who was also the father of Liu
Sheng Jianying.
“You said, can Commoner Kill God come to us?”
he said.
Everyone laughed as soon as the words came out.
“Haha, let him be a hundred guts to dare not come to the Yanagyu family to provoke, right?”
“Unless he is crazy or wants to die!”

“Everyone knows that our Yanagyu clan is more powerful than the Black Sun! It provokes us! I’m sick!”
…
Everyone in the Liusheng family has mysterious confidence in their strength.
They are invincible!
Not to mention which of the legendary ancestors is still alive!
The recognized sword sage of Dongdao!
Who dares to beat this?
“By the way, where is Jian Ying?”
Liu Sheng Tianfeng couldn’t help asking.
“Didn’t I tell him to come to the meeting? What about the others?”
He has a headache for his own son.
Not to mention the strength, but also deeply loved by the ancestors.
Lawlessness in the family.
It’s the same in East Island.
Even his father can’t control it.
“The young master hasn’t come back, it seems to have gone to spend a lot of time…”
said a housekeeper.
“This bastard! It’s still spending a lot of time outside at this knot!”
Liu Sheng Tianfeng cursed.
He wasn’t actually to blame.
But a little worried about the safety of his son.
The commoner killer showed a powerful side, which made people timid.
“Patriarch, you can rest assured!”
“Young master, he won’t be in any danger! On the contrary, whoever meets him is unlucky!”
“If Commoner Killing God meets Young Master, then you don’t need to do anything else, Young
Master can do it. It’s solved.”
…
everyone laughed.
When Liu Sheng Jianying was alone, they didn’t have to worry at all.
Only worry about other people.
Hearing this, Liu Sheng Tianfeng smiled and touched Sanitary Hu.
He was extremely dissatisfied with his son’s behavior and style.
But he was so satisfied with his strength that he was no longer satisfied.
That’s the number one on the sun list!
He himself ranks second in the back!
Who dares to provoke his demon son?
His son can be in one country alone!

In a word, anyone in the Black Sun organization can provoke, his son can't provoke it!
At this moment, a voice suddenly came from outside.
"Erudia Li Buyite is here to visit the Liusheng family!" A
word like a thunder, penetrates everything, echoing in every corner of the Liusheng family.
"What? Li Buyi? Erudia Buyi kills the gods?"
"He actually came, really brave!"
"It's not the Black Sun Headquarters, but came to us!"
…
The masters of the Yanagyu family were not angry, but laughed. Up.
"Patriarch, do you want to inform the Black Sun Watanabe family? Has Common Killer come to us?"
Someone asked Tianfeng Liu Sheng.
Tianfeng Liu Sheng shook his head: "No need! When we kill the Common Killing God, we will notify
them so that everyone in the Black Sun will know how powerful the Liu Sheng clan is, and there is no
need to unite! Our clan is enough!"
"Go !" Everyone followed me out to see!"
Liu Sheng Tianfeng rushed to the door with a large number of masters.
"Puff!"
"Puff!"
…
Hundreds of guards at the door have all been beaten off.
The gate of the Yanagi family was also overturned.
The Common Killing God is in front, as if the killing God is unstoppable, step by step, he will kill the
Liusheng clan.
Levi Garrison dragged Liu Sheng Jianying's body behind…
The Return of the God of War [The Protector] Chapter 2017
"Well, you Li Buyi, you dare to break into my Liu Sheng clan, you are afraid that you are impatient!"
Liu Sheng Tianfeng brought hundreds of family masters to come quickly, blocking the way of the two
killing gods.
Seeing Commoner Killing God, everyone was amused.
"You can provoke any forces in the Black Sun organization, but you are the Liusheng clan, don't
provoke them, you are kicked on the iron plate!"
"Hahaha, there are people who came to die, it's ridiculous…"
…

Everyone looked at Commoner Killing God with disdain, and suddenly everyone noticed Levi Garrison
behind him.
How does he drag someone?
Is that person's clothes a bit familiar?
This…
Is this?
A bad idea spreads in my mind!
Even Liu Sheng Tianfeng noticed this.
This seems to be…
is their person?
But it's not decided by clothes alone.
This is what Commoner Killing God specifically asked someone to provoke, right?
"I'm telling you, we got the wrong person! We don't unite with the Black Sun organization, we only
rely on one family!"
"No, we rely on Young Master Liu Sheng Jianying. He is enough to kill you!"
… …The
Yanagis clan clamored one after another.
"Bang!"
At this moment, Levi Garrison kicked Liu Sheng Jianying's body forward.
"Is Liu Sheng Jianying you talking about him?"
Levi Garrison asked with a smile.
"This……"
When everyone saw Liu Sheng Jianying's body, everyone was stunned.
"Boom!!!"
Everyone seemed to be hit by five thunders!
They are going crazy.
One after another crazy!
"This, this, this… is this Young Master?"
someone exclaimed.
They repeatedly confirmed that this was Liu Sheng Jianying.
It's just completely different from Jianying Liu who went out in the morning.
Jumping alive in the morning, now it is a stiff body.
"This…"
One by one dumbfounded.
"Puff!"
…
even some people couldn't accept it and fell directly to the ground.

& “Sword Shadow?”
“Master!”
...the
crowd roared hysterically.
“Son! My son!”
Liu Sheng Tianfeng couldn’t control it anymore, holding Liu Sheng Jianying’s body in his arms and
crying bitterly.
This is an unprecedented blow to the Yanagyu family!
Because of the existence of Liu Sheng Jianying, their dominance on the East Island can be extended to
the next hundred years.
This is the hope of their family.
But no one thought he would die!
This, this…
unacceptable!
The reality is terrible!
wrong!
How could Liu Sheng Jianying die?
He is so powerful!
Number one on the sun list!
He is the Little Sword Saint!
Who can kill him?
Is it fake?
Everyone had doubts.
But this is indeed the case.
Liu Sheng Jianying was dead, and the corpse stood in front of him alive.
Believe it if you don’t believe it!
Everyone’s gazes were all looking at one person-Commoner Killing God!
Now it seems that Commoner Killing God killed Liu Sheng Jianying!
He is more terrifying than he thought!
“Kill him! Kill him at all costs!”
Liu Sheng Tianfeng shouted.
The masters of the Yanagyu family attacked the commoner killer like crazy.
Levi Garrison smiled and said, “Now is the time to test you, I won’t do it!”
Levi Garrison isolated this place from the outside world by means, and the wind wall blocked
everything together.
Outsiders don’t know what happened.

He wanted to increase the strength of Common Killer God, so he had to face all the masters of the
Yanagi clan alone.
The masters of the Yanagyu clan attacked the Common Killer God like crazy, and fought with him.
The commoner killer is also more and more courageous in the war…The sword shadow of Liu Sheng in the Liu Sheng clan may be more difficult to deal with, but everything
else is fine.
At this time, there were masters from the Liusheng clan, and they saw Levi Garrison watching the
battle like the okay person.
"Kill him!"
They killed Levi Garrison one after another.
Levi Garrison sighed, "Hey, you found the wrong opponent!"
The Return of the God of War [The Protector] Chapter 2018
"Boom!"
"Boom!"
… a
dozen masters who killed Xiang Levi Garrison suddenly exploded into blood mist when they were less
than five meters away.
Another batch of masters who killed Levi Garrison exploded into blood mist out of thin air.
Levi Garrison just attracted everyone's attention.
He is not ordinary!
It turned out that everyone's focus was on the Common Killer, and no one took Levi Garrison
seriously.
Now it seems that he is not ordinary!
Now no one took the initiative to trouble Levi Garrison.
Their goal is to kill the commoner to kill the gods first!
It's not too late to get rid of Levi Garrison!
The Common Killer is entangled with many masters.
Soon, even Liu Sheng Tianfeng, who was second in the sun list, joined the battle!
…
On the other side.
In the headquarters of the Black Sun organization, tens of thousands of masters have gathered.
And many modern technologies have also been installed.
They also set various traps and ambushes.

Looking at the impeccable headquarters, the counsellors of the Watanabe clan smiled with
satisfaction.
Now they were waiting for the Common Killer God to come and die.
"By the way, where are Common Killing Gods? Where are they now? Should they come directly at
us?" The
Watanabe clan began to ask Common Killing Gods where they were.
Neither of them thought about whether the two people would go to the Yagyu clan.
Because this is not a problem at all.
Even a fool would not choose the strongest Yanagyu clan first.
Then it can only be directed at them.
"I found them here two hours ago! They came for us!"
"But they disappeared, I don't know where they went, we searched them all over, but we didn't find
them!"
…
"Yeah ! Is there anything else?"
The counsellors of the Watanabe family quickly sat together to discuss and discuss.
They discussed a result: All the remaining forces of the Black Sun Organization are now united, making
Commoner Killing God feel timid.
So Commoner Killing God will not take revenge on a swagger.
He must be sneak attack.
& "When the order is passed on, everyone will be more vigilant and prepared to prevent the
Common Killer from sneaking!"
…
Everyone thought that the Common Killer was going to attack.
How did they know that the Common Killer God was fighting with the Liusheng clan at the moment.
They didn't think about it, and didn't check it.
So I don't know.
The Yanagyu family, Commoner Killing God has already killed the red eye.
He was covered in blood, enemies, and his own.
On several occasions he was in danger.
But Levi Garrison never helped.
This is the experience of Commoner Killing God, even if he dies, it can't help.

Once he comes out of the blood and bone fight, he will reach another realm.
"Puff!"
"Puff!"
... In the midst of
a fight, several masters of the Liusheng clan fell down again.
However, the Common Killer left several wounds on his body.
But he is stronger!
Obviously, he was seriously injured, but his fighting power and momentum became more and more
fierce.
"Kill!"
Liu Sheng Tianfeng was eager to avenge his son, and fought against Commoner Killing God.
...
Time passed by every minute and every second.
The Liusheng clan fell more and more.
They are all desperate!
The commoner kills the gods too fiercely.
The more the war is getting fiercer, what the hell is going on?
Every time I feel like I have to fall down, but he can always hold on.
One person killed the Yanagyu family in despair!
Until this moment, they did not know that the assessment of the combat power of Common Killer was
completely wrong.
Everyone is gradually able to accept why Liu Sheng Jianying died.
But what they didn't know was that the real powerhouse was in Levi Garrison.
It was he who killed Liu Sheng Jianying.
Commoner Killing God vs. Liusheng Clan is a course he set up specifically for Li Commoner, fearing
that everyone will be crazy.
"Puff!"
Liu Sheng Tianfeng was beaten out.
He was desperate.
He shouted: "Hurry up and ask the ancestors to do it! My Liusheng clan is going to die!"
The Return of the God of War [The Protector] Chapter 2019
"My ancestor, please!"
"My ancestor, please!"
...
everyone in the Liu Sheng clan shouted.

At this time, it had reached the stage of life and death for the Liu Sheng clan.
If the ancestors do not come out again, then the Liusheng clan will definitely perish.
"Buzzing…"
Suddenly there was a sound of swords in the air.
Everyone in the Liusheng clan was excited.
The ancestors are out of the mountain.
On the top of the mountain not far away, a volcano erupted suddenly.
The strong smoke obscured the sky and the hot lava fell.
Although the volcano not far from the Yanagyu family is a small one.
But it's still terrible to burst out.
From a distance, it's spectacular.
"Ancestors come!"
"Rumor ancestors single-handedly suppress the eruption appears to be true!"
"Do not know the strength of the ancestors to what state?"
"Anyway, definitely not a commoner to kill God can spy, Maybe Levi Garrison was able to fight before,
but no one can do anything except him!"
… the
manpower suppressed the eruption of the volcano!
What a ridiculous thing this sounds!
No matter how small the volcano is, manpower can suppress the eruption.
This suppression is not for a while. According to the Liu Sheng family, it may be decades.
This is terrible.
But Levi Garrison knew that the ancestors of the Liusheng clan used volcanoes to practice martial arts!
Come and improve yourself!
Soon after, a dead figure came to the court.
The old man looked younger than Liu Sheng Tianfeng, and he didn't even have a sharp aura on his
body, but he was no different from ordinary people.
But in fact, this is the sword of Liu Sheng converging everything!
This is the most terrible!
He also held a sword in his hand, it was covered with dust, and even magma remained!
Everyone instantly understood.
This is a sword tempered in the magma by a sword Yanagyu!
"Boom!" The

next moment, the sword body trembled, and all the dust residue on it flew away.
A peerless sword came out.
& The sword body shone like fire, and the sword body contained a terrifying killing intent.
As soon as this sword was out, the world shook the world!
"Ancestor, Jianying is dead…"
"Ancestor, please help the Liusheng family, please take revenge for Jianying!"
"Ancestor, please preside over the overall situation!"
...All members of the
Liusheng clan knelt to the ground, expressing grief. the sound of.
"What? He's dead?"
Liu Shengyijian's face changed drastically.
That was his favorite junior and the hope of the family's future.
He gave Liu Sheng Jianying a lot of money, but he expected Liu Sheng Jianying to surpass himself in
the future.
Unexpectedly, after his retreat, Liu Sheng Jianying died.
Looking at Liu Sheng Jianying's body, Liu Sheng Yijian was completely angry.
"Who?"
Liu Sheng roared with a sword.
"He!"
"Erudia Buyi Killing God Li Buyi!"
...
Everyone looked at Li Buyi who was seriously injured.
"Erudia Buyi Killing God? I know! Okay, I'll sacrifice my sword with your blood!"
Liu Sheng drew a sword across the sword, and immediately opened the sword.
Liu Shengyijian shouted: "This sword has been attacked! I named Zhan Shen! The first one to kill you,
Commoner Kill God!"
"Boom!!!"
Under this powerful pressure, Commoner Kill God Began to tremble.
Judging from the momentum revealed by Liu Shengyijian, he was definitely not an opponent.
He didn't expect that there are such ancient characters in Dong Dao!
He should be at the same level as the number one Nandi in the summer, or even stronger.

Not to mention that he is injured, even if he is injured, he is not necessarily the opponent of this old
guy.
"Kill him!"
"Kill him!"
... the
Liu Sheng clan shouted one after another.
The death of Liu Sheng Jianying brought them too great a blow.
The common killer must die.
"Come on! Let me see and see!"
Despite the injury, Commoner could not lose in the spirit of killing.
"You retreat, I'll come!"
Suddenly Levi Garrison pushed away the commoner to kill the gods, and he stood up.
The Return of the God of War [The Protector] Chapter 2020
Commoner Killing God is not the opponent of Liu Sheng Yijian, not to mention that he is supported by a
single breath, so don't be hard.
He will die if he insists!
Even if you don't die, you won't improve anymore!
He will do it himself!
"Huh?"
Watching Levi Garrison push the Common Killer away, the latter obediently stood aside.
Everyone was stunned!
Even though no one was able to get close to Levi Garrison's body just now, they were all leftovers
from the Liu Sheng clan, and they were not experts at all.
Everyone didn't treat Levi Garrison as the same thing.
It's just the disciple of Commoner Killing God.
But looking at this posture now, it seems something is wrong.
Is he the disciple of Common Killing God?
Seeing Levi Garrison stand up, Liu Sheng was taken aback.
"Who are you?"
he couldn't help asking.
When Liu Sheng Tianfeng and others just explained that Levi Garrison was the grandson of the
commoner who killed God's disciple, Levi Garrison's voice sounded: "I am the one who killed Liu Sheng
Jianying!" The
words stirred up waves, and Levi Garrison said this. All the Yanagis present were shocked.

Didn't Liu Sheng Jianying kill the commoner?
wrong!
Upon closer inspection, everyone noticed something was wrong.
Just now everyone fought with Commoner Killing God.
They admitted that Common Killer was strong enough, but not strong enough to crush the masters of
the Liusheng clan!
He also stumbled and was seriously injured when he met the Yanagyu family just now.
How can such strength kill Liu Sheng Jianying?
impossible!
Moreover, according to Liu Sheng Jianying's death method, he was completely crushed, and he
seemed to have no ability to resist.
Commoner can't do this!
Even if the Common Killer could kill Liu Sheng Jianying, he would be injured seven or eighty eight.
But when he first came, the Common Killer was not hurt at all!
Therefore, Jianying Liu Sheng was not killed by the commoner!
It was not he killed, so it can only be…
Everyone's eyes are looking at Levi Garrison!
& It's him!
It turned out that he was the one who killed Liusheng Jianying!
wrong!
Everything is wrong!
The information of the Watanabe clan is simply wrong!
He is definitely not the disciple of Commoner Killing God!
Even the Common Killer God overwhelmed the East Island and broke the four major forces, I am
afraid it is because of this young man!
Commoner Killing God is only an auxiliary!
The real powerhouse is him!
"You…you are not Li Buyi's disciple at all! You are not from Dongdao, you are from Erudia!"
Liu Shengtianfeng exclaimed.
Other people also reacted.
Needless to say, Liu Sheng Yijian has already paid attention to Levi Garrison.
Facing Levi Garrison, he thought of someone.
A person who has brought him failure.
That was the only failure.
It just so happens that that person is also from Erudia!

Liu Sheng Yijian regarded that man as the enemy of his life, and since his defeat, he has retreated on
the volcano behind the family.
Day after day, year after year.
While he tempered that sword, he was also tempering and sharpening himself!
Over the past few decades, it has been this belief-revenge! defeat him!
Now Levi Garrison killed his favorite offspring, plus Levi Garrison gave him a temperament that looked
like a lifelong enemy.
Liu Sheng Yijian's whole body was about to boil.
He was full of fighting spirit, and his state reached the peak in an instant!
"Today is the day when I leave the customs, and it is also the moment when this sword breaks the
front. I will sacrifice the sword for you! The sword of God Slayer is enough to give you glory!"
Liu Sheng shouted with a sword.
What he meant was very simple, it was also an honor for Levi Garrison to die under the Sword of God.
Levi Garrison looked at Liu Shengyijian blankly: "I used to be the most annoying with pointing a gun at
me, now I bother others with pointing a sword at me!"
Hearing this, Common Killer lowered his head in shame.
Wasn't he like that a while ago?
Levi Garrison was severely taught by Levi Garrison who was dangling with a sword.
Isn't it the same for Liu Sheng Yijian now?
The Return of the God of War [The Protector] Chapter 2021
Then the end must be the same as myself, or even worse.
"Kill!!!"
Liu Sheng shouted wildly with a sword.
The Sword of God Slashing out!
A breath of terror that engulfed the world came out!
Wherever he went, horrible killing and destructive aura spread!
This sword, to be exact, is a samurai sword.
Obviously it is an ordinary material, which can be tempered for decades in the hot magma.
It is already a peerless sword!
Even more terrifying than the sky of the Excalibur!
Commoner Shashen's face changed.
This Yagyu sword is terrifying…
There is such an ancient figure in Higashishima?

He could feel Liu Shengyijian's aura like a dragon like a tiger, his blood surging like a sea, and the faint
sound of thunder bursting.
He has reached another level.
Is his next goal!
No wonder Levi Garrison came personally and didn't let him make a move.
"Boom!"
Liu Sheng made a sword and the divine light in his eyes was like thunder and lightning.
The terrible aura of destruction shrouded like a volcanic eruption.
His breath obliterated sentient beings, his majesty dared to shake the world…
"Is this the ancestor? Isn't it terrifying?"
…
Everyone in the Liusheng clan was excited.
They showed an unprecedented look.
The Liusheng clan will not die, and they will do what the entire Black Sun cannot do.
The ancestors are too scary!
A big battle has begun!
"Sneer!"
Within Liu Sheng's eyes, the sun, the moon and the stars turned upside down, and his body was like a
river and sea rushing for thousands of miles, out of control.
His sword represents destruction!
"Boom!"
Levi Garrison threw a punch.
"Bang!" The
fist and the God Slashing Sword slammed together.
The whole world seemed to explode, and all the backgrounds became black and white.
This is a doomsday scene.
In an instant.
The ancestral home of the Liusheng clan was destroyed.
Even a small volcanic eruption not far away was forcibly suppressed!
The whole mountain was shaking and even collapsed.
& This is the power of the two super powers…
"Da Da Da Da Da Da…"
What shocked everyone was that Levi Garrison stood still.
There was a huge movement, and Liu Shengyijian took five steps.
Every step back shakes the ground.

“Huh?”
There was an incredible look in Liu Shengyijian’s eyes.
This young man actually used his fist to force him back?
The Commoner Killing God and others not far away were even more horrified.
What’s going on?
Will Liu Sheng be defeated with a sword?
“No! I underestimated you!”
“The god slashed!!!”
Liu Sheng roared with a sword.
The sword of God Slayer in his hand burst out with terrible light, dazzling like a scorching sun.
“Uh!!!”
Many people present were burned their eyes by this terrible sword light.
A terrifying aura of killing and killing even permeated the whole world.
Liu Sheng held the sword of God Slayer in both hands with a sword, raised it above his head, and
slashed with a sword.
Although it is the simplest action, even the basic skills in Higashishima Kendo, even children can do it.
But Liu Sheng Yijian displayed it like this, as if every step, even every movement, contained the
mystery of heaven and earth.
He has reached an unprecedented state!
Often the simplest moves are the most terrifying!
Just like Levi Garrison’s fist!
No matter what you do, I will break it with one punch.
The truth is very close!
It shows that Liu Sheng Yijian is terrifying and terrifying…
“Boom!”
Liu Shengyijian’s move gathered all the power on the God Slayer.
A breath of silence from hell came.
“Swiss…” It was
obviously an extremely simple and slow move. At this moment, it seemed as if thousands of swords
were swiping down.
Wave after wave.
Waves are fierce.
In the end thousands of swords converged into one sword!
It’s called God Slash!
This sword made the Common Killer look silly.
This is the realm he wants to pursue.

The Liu Sheng clan was about to cry with joy…
Levi Garrison looked at this sword, and he sighed, "Everything should be over!"
"Remember, the one who killed you is called Levi Garrison!"
The Return of the God of War [The Protector] Chapter 2022
Levi Garrison's voice echoed throughout the Liusheng clan.
Hearing in everyone's ears, it was like a thunder billowing in the sky.
Levi Garrison? ? ? ?
The name of the person, the shadow of the tree!
The Yagyu clan who regard him as a great enemy naturally know who this is?
he!
Isn't he dead?
How can he live?
He even appeared in the Yanagi clan!
wrong!
Levi Garrison?
In addition to him, who else has this strength?
Can easily destroy the four major forces, can easily kill Liu Sheng Jianying, and can force the ancestors
to the strongest move!
He is Levi Garrison! ! !
They affirm their identity.
But I didn't want to think about why Levi Garrison was still alive!
Liu Sheng Yijian naturally knew Levi Garrison's identity!
Despite the retreat, he naturally knew the newly promoted No. 1 in the summer.
After all, the only person he lost before was the number one on the list the day before yesterday-
Nandi.
"Kill!"
But it didn't touch him much!
No matter who it is, he will die by this sword.
"Boom!"
Levi Garrison blasted a domineering punch!
Fist strength seems to tear the world!
It's like a punch from the gods!
"Boom…"
Levi Garrison's fist blasted out, and thunder and explosion sounded in the sky.
The clouds and mist in mid-air were dissipated abruptly.
It seems that even the sky is taking this terrible punch!

Eight times the speed of sound! ! !
The speed of this punch Levi Garrison reached the extreme!
Power is even more terrifying!
Rao is a mountain that can be shattered!
"Sneez!" This
fist carried the power of invincibility and directly tore the sword energy.
"Bang!"
Levi Garrison blasted the Divine Sword with a terrifying punch.
At this moment, the loud sound made everyone's ears deaf.
A mushroom cloud is rising.
This level of power is like a super weapon exploded.
"Ka Ka Ka…" A
burst of cracking sounds came out, and the sword of God Slashing seemed to be drawn from the soul.
& At this moment, it became an ordinary sword, and it broke into pieces!
"Puff!" This
punch directly defeated Liu Sheng Yijian's comprehension to the extreme.
Liu Sheng Yijian was penetrated into his body by a terrifying
fist , and various organs shattered… With one punch, Liu Sheng Yijian's dignity was completely wiped
out.
Liu Sheng Yijian did not die on the spot, but lay on the ground like a dog.
He can't move.
I can only watch…
he is defeated!
It was a complete defeat.
Worse than the last failure!
This time I failed and lost my life.
"Puff puff…"
He kept vomiting blood from his mouth.
Looking at Levi Garrison incredulously.
"Hiss!" The
crowd let out a chilling voice.
Is Levi Garrison alive?
He is so powerful!
Even the ancestors are not opponents!
revenge!
He is here for revenge!
Why are they finally being targeted by the Black Sun organization!
It was previously called Commoner Killing God to avenge Levi Garrison!
But everyone always feels that something is wrong. This reason seems to be insufficient!

Now I get it.
Because it was Levi Garrison who came to revenge himself!
"Unbearable!"
Levi Garrison glanced at everyone indifferently.
Finally, Liu Sheng died with a sword.
All the Liusheng clan are destroyed!
No one is left!
"Next, Black Sun Headquarters!"
Levi Garrison and Common Killer dragged a corpse.
Naturally, it was Liu Sheng Yijian and Liu Sheng Jianying.
The two strongest people on Higashishima are currently.
The Common Killer was already looking forward to the scene of throwing the bodies of these two
people in the Black Sun headquarters…
What would those people think?
In the Black Sun headquarters.
The Watanabe clan ordered the people to look for the whereabouts of Levi Garrison.
The other side continued to strengthen the defense to prevent Levi Garrison and Commoner Killing
God from sneaking.
"Adults seem a bit wrong, we just found commoner to kill God in Kyushu apprentice who has not
experienced one! Commoner to kill God around the man's identity is not clear!"
This time Watanabe family Intelligence Unit found messages.
The Return of the God of War [The Protector] Chapter 2023
"What? Fake?"
The senior Watanabe clan exclaimed immediately.
"Yes, that's right, this person's identity should be fake!" At
this time, everyone looked at Hao Yuxuan in unison.
Hao Yuxuan was also dumbfounded.
That personal identity is wrong?
The main reason is that everyone's attention is all on the commoner killing god, and the others are
ignored.
Not to put a small role on him.
"Who can this person be?" the
Watanabe clan asked.
Hao Yuxuan thought for a while and said: "It may be a master related to Levi Garrison who came to

avenge him, or it may be an apprentice of Common Killing God. After all, he has a lot of students!"
Watanabe Wuzhong of the Watanabe clan immediately called out a lot of information And
information.
"According to the on-the-spot battles where the four major forces were eliminated and various
information, the commoner killer has always been shot! This one did not participate!"
"Then he is just a little guy! We are too worried. ! " "
and you think there would be no big summer to master? or a leaf monarchs to revenge? "
……
it then I thought, seems to be too nervous.
"Well, go and check the identity of this one! Also, let me find out where they are? Hurry up!"
…
When Hei Sun wanted to know where Levi Garrison and Levi Garrison were going.
The whole world also wants to know where these two people have gone.
The prestigious town of commoner kills the gods in the world.
Especially in Erudia!
Everyone thinks that he is the next Levi !
God just took Levi Garrison away, and returned a terrible commoner to kill the god!
If the commoner kills the gods, it can sweep all the major forces on the East Island.
Then Erudia's wound of losing Levi Garrison can be healed!
Richard, who had clearly copied Xu Zhengjie's successful experiment, couldn't be happy.
The birth of Common Killer God turned out to be not very good news for him.
If it hadn't been for the newly successful Xu Zhengjie low-profile energy body that was still in the
observation stage, Richard would want to take him straight to the East Island.
"go with, Activate our power on the East Island to help them! Find someone, or provide a little force!
"
Richard's full power is now very large, and he can arbitrarily mobilize the power under the
laboratories of the gods all over the world.

He quietly arranged the power in the East Island to help the Black Sun organization.
…
about half an hour later.
Shocked the world. The news came.
Two people from the Common Killer appeared…
They went to the Black Sun Organization again!
Although they did not know where they went, the Black Sun Organization was relieved.
At least they knew where they were.
This is for them. Return the news!
Not to mention the prevention of a sneak attack, making everyone panic.
"They are coming soon!" Everyone get ready! Ready to meet the enemy! "The
leaders of the Black Sun Organization began to give orders.
"Do we need to inform the Yanagyu family?" "
Someone asked.
" Do not need! It's useless to notify! They can't come, join hands with us, they disdain it! "
Yeah, that's right!" The Liusheng clan always thinks that we are trash, we can't! Even if they kill Levi
Garrison, they think it is Richard's contribution and it has little to do with us! "
They have ancestors in charge again!" One by one arrogant to death! "
Well, let's get rid of the cloth clothes and kill the gods, let the Liu Sheng clan see, we are not waste! "
…
Not long after.
Levi Garrison and Common Killer came to the Black Sun headquarters.
The guards here are tight.
As soon as the two arrived, all kinds of weapons and various masters were ready to do it.
The heads of the black sun brought countless masters to come.
"We have been waiting for you to die! You are finally here!"
Watanabe Wuzhong and others laughed.
Hao Yuxuan was also mixed in, with a complicated expression.
Levi Garrison smiled: "Really? I'll give you two gifts first!"
"Boom!"
"Boom!" The
two bodies were thrown in front of everyone.
The Return of the God of War [The Protector] Chapter 2024
"Huh?"

Levi Garrison's sudden move caused everyone in the Black Sun organization to be taken aback.
what is this?
Two bodies?
who?
Everyone looked over.
The white-haired old man didn't know him, but he seemed a little familiar, but he just couldn't
remember.
Who is he?
I really don't know!
What about the other one?
look familiar?
It seems to be…
not good!
day! ! !
Isn't that the peerless genius Liu Sheng Jianying of the Liu Sheng clan?
The little swordsman on the sun list!
Take another look!
it's him! ! !
This corpse turned out to be Liu Sheng Jianying!
In a short period of time, complex ideas flashed in everyone's mind.
Going through the same complex transformation inside!
"Hi!"
"It's Liu Sheng Jianying!"
"He, he… How did he die?"
"Isn't it impossible?"
… It was
judged that the corpse was Liu Sheng Jianying, but no one believed it.
Who can kill him?
It's so funny!
Liu Sheng Jianying couldn't provoke him, let alone kill him!
It can't be him!
"It's not him! Impossible!"
Someone exclaimed again and again.
"No, look, the sword on his body! Ten-fist sword!"
"Yes, this is Yanagi Jianying's Ten-fist sword! That's right! Others can be imitated, but the ten-fist
sword is impossible! I feel that it is powerful. Is it murderous? The ten-fist sword will not deceive!"
"This is the corpse of Liu Sheng Jianying!"
…

“Hiss!” At
this moment, everyone gasped, and the whole body was cold.
Jianying Liu Sheng died?
That’s the strongest on the sun list!
died?
This, this… After
confirming that this was a fact, everyone was so shocked that their eyes would fly out.
It’s incredible!
What about the other one?
& At this time, an old man in the Black Sun organization suddenly showed a terrified expression.
“He he he…”
His mouth trembled, and it took a long time to say clearly: “I remember him! He is the ancestor of the
Liusheng clan-Sword Sage Liusheng Yijian!!!”
“What?” The
words were not shocking. Endlessly dying, as soon as these words came out, everyone in the audience
numbed their scalp and their eyes flew out.
The shock that Liu Sheng Jianying brought to everyone just now was strong enough.
Now here comes a more fierce, sword sage Liu Sheng Yijian’s corpse!
“You read that right? How could the ancestor of the Liusheng clan die?”
Someone questioned.
“I was fortunate enough to meet the Juggernaut before! I recognize him! That’s him! That’s him!”
“There is also the corpse of Jianying Liusheng!”
…
After the old man’s reminder, everyone quickly reviewed this in their minds. thing.
The corpse of Liu Sheng Jianying must be!
Then the corpse of Liu Sheng Yijian will not be fake!
Oh my god!
The sky is falling!
The two strongest people in Dong Dao are dead?
Who did this?
The advisors of the Watanabe clan responded one by one.
Why did the two of Common Killing God disappear just now?
Where have they been so long?
They sent out so many people to find the whereabouts of the two.
Looked everywhere.

But I didn't find one place!
The Yanagis!
No matter in anyone's opinion, the Yanagyu clan is the safest place.
So there is no need to find it anywhere.
But no one thought it was the Liusheng clan they had just left!
understood!
Everything is understood!
During the period when these two disappeared, they definitely went to the Liusheng clan.
But their combat effectiveness is too strong, right?
Both Liu Sheng Jianying and Liu Sheng Yijian are dead?
Then the Yanagyu clan has been destroyed?
This is too scary, right?
Everyone looked at the Common Killer God not far away, and saw that he was covered in blood and
had a weak breath. It was obvious that he was seriously injured.
Before Commoner Killing God disappeared, it was spotless.
It hurts like this now.
This is definitely to get rid of the Yanagyu family.
Although the Common Killing God was strong enough, even the Liusheng clan was killed.
But now he is wounded like this, and encountering the powerful Black Sun is also a dead end.
The Return of the God of War [The Protector] Chapter 2025
"Report! The latest news! Something big happened to the Liu Sheng clan! The Liu Sheng clan was
destroyed! Together with the ancestor sword saint and the first Liu Sheng Jianying on the sun list are
dead!" At
this time, a detective finally found the news.
The Liusheng clan has been destroyed.
Hear the confirmed news.
Everyone's chest was like a big stone pressed.
It really is true!
But Commoner Killing God has been wounded like this!
It seems that he has paid a very heavy price to get rid of the Yanagyu family.
He is already at the end of the battle.
No wonder the corpses of Liu Shengyijian were brought here.
I'm afraid I want to take two corpses to restrain them, right?
ridiculous!
After thinking about everything, everyone also awoke from the shock.

The Common Killing God is unparalleled and powerful, beyond everyone's imagination.
The Liusheng clan was destroyed by him.
He is really super awesome!
But now he is injured like this, and he still troubles them?
Isn't this looking for death?
"Li Buyi, we really did not expect that you are so powerful! Even the Liusheng clan was destroyed! If
you had come to us before, no one could stop you!"
"It's a pity, you go to the Liusheng clan first. Cause you are seriously injured now! What are you still
fighting with us?"
"Come on, don't let them live!" The
Watanabe clan ordered.
Soon, tens of thousands of masters appeared in the Black Sun headquarters and blocked the route
here.
Various modern weapons are also activated.
"Then we can only avenge the Liusheng clan!"
Knowing that the injury of this degree of commoner killing god is bound to die.
Everyone smiled.
At this time Commoner Killing God suddenly smiled.
The laughter made everyone feel uneasy.
I feel something is wrong.
"Why are you laughing?"
someone asked.
"Haha, don't you really think I have the strength to get rid of the Liusheng clan?"
Commoner Killing God asked back.
"What…what do you mean?"
"Isn't it you?"
…
Everyone gradually reacted.
It's true that Common Killer is strong, but the approximate combat power is still estimated by
everyone.
Even if he is better than Liu Sheng Jianying, this is already the limit, right?
How could he kill Liu Sheng Yijian?
& This is impossible!
He didn't do it, who would do it?

Everyone looked at Levi Garrison next to him in unison!
This role has been ignored by them all the time!
Just a moment ago, the intelligence department of the Watanabe clan also found out that there was
an objection to his identity.
Now it seems to be him!
Tens of thousands of eyes fell on Levi Garrison's body.
"You…who are you?"
This is the question in everyone's mind.
Could this talent get rid of the Yanagyu clan?
Levi Garrison smiled: "When I kill them all, I'll tell you one more person!"
"Kill him!"
Watanabe Wuzhong immediately ordered.
All masters killed Xiang Levi Garrison two people.
"The black sun is gone today!"
Levi Garrison sighed.
…
A unilateral massacre has begun.
Regardless of the large number of people in the Black Sun organization, the fighting power is not even
comparable to that of the Liusheng clan.
How can you fight Levi Garrison?
Let's kill one by one.
Come and kill one pair!
…There
are blood everywhere, corpses everywhere.
The entire Black Sun headquarters was flooded.
They became more and more frightened as they fought.
What kind of combat power is this?
so horrible!
A person pressed the black sun organization to fight.
one thousand.
five hundred.
three hundred.
…
Two hundred.
hundred.
…
No more.
Only a few big advisers from the Watanabe clan and Hao Yuxuan were left in the Black Sun

organization.
They looked at Levi Garrison in horror.
Everyone was scared silly.
The scene of one person slaughtering tens of thousands of masters actually exists.
They saw it with their own eyes.
"You, you…who are you?"
Hao Yuxuan was already going crazy.
Others too.
Levi Garrison, who was about to answer, suddenly smiled at the corner of his mouth: "Huh? Someone
came to die again?"
The Return of the God of War [The Protector] Chapter 2026
No one else is here!
It was Richard who sent to support the master of Black Sun.
"Bang!" The
first person to rush in was frightened by the sight of purgatory in front of him.
"Bang!" The
second rushed in and hit the first.
Then he was shocked by the scene before him.
"Bang bang bang…"
More and more people rushed in, and everyone was blocked at the gate.
Hundreds of people were dumbfounded.
"Wat…Mr. Watanabe, we were sent by Mr. Richard to help you!" The visitor confirmed his identity.
"Huh? Richard?"
Didn't this hit the muzzle?
Levi Garrison slowly picked up a dagger.
"Whoo!"
He flung it casually, and the dagger turned into a flash of lightning and shot out.
Like a bullet.
"Puff!"
Marked a distance of several hundred meters, and directly penetrated the front person.
"Puff!" The
second person was penetrated again.
The dagger still penetrates the third person with unabated speed!
The fourth person!
The fifth person!
…The

dagger constantly shuttled through the crowd, bringing blood lines.
Gorgeous and poignant!
Hao Yuxuan and the counsellors of the Watanabe clan are going crazy.
Can it be like this?
Levi Garrison invisibly manipulated a dagger hundreds of meters away, and even pierced hundreds of
people, leaving no one behind.
What realm must this be?
Exist like a god!
"Puff!"
"Puff!"
…
All the people sent by Richard had fallen.
None of them survived.
miracle!
Even Commoner Killing God looked at it again!
Levi Garrison's act of manipulating a dagger to penetrate hundreds of people just now seemed simple,
but it required too much control.
Hao Yuxuan and others were completely numb.
too strong.
"You, you…"
"Now I can tell you, I am Levi Garrison!" With
that, Levi Garrison's face changed and returned to his original appearance.
"What
?? " "Levi Garrison, are you still alive?"
"Ghost!"
……
& Seeing Levi Garrison's original face, everyone went crazy.
He turned out to be Levi Garrison!
He didn't even die?
How can it be?
Levi Garrison obviously planned to kill them with Richard?
They watched the corpse destroyed, albeit at the beginning.
It is certain that Levi is dying.
How did he come back to life?
impossible!
Richard repeatedly confirmed later that Levi Garrison was bound to die.
How can he live?
But the facts are here!
He is indeed alive!

“You are wondering why I am alive? It’s a long way from you wanting to kill me! The reason why I
suspended my death is to get rid of you!”
Levi Garrison smiled.
“This, this…”
Everyone was dumbfounded.
Who would have thought he was still alive?
He really can’t kill!
It won’t die like this!
Hao Yuxuan fell to his knees with a thud.
He didn’t have a trace of strength anymore.
All scared stupid.
“You clean up your door!”
Levi Garrison kicked Hao Yuxuan to the feet of Common Killer.
“Master, please forgive me!”
Hao Yuxuan began to kowtow to beg for mercy.
The Common Killer did not speak, and slapped Hao Yuxuan on the head.
Suddenly.
Blood flying sword.
Hao Yuxuan was so dead…
Levi Garrison looked at the counsellors of the Watanabe clan again.
“Puff!”
“Puff!”
He slapped two to death, and the rest screamed in fright.
Who is not afraid of death?
Especially seeing so many people die one by one.
“Now I only have one question, whoever answers me, I can spare him not to die!”
Levi Garrison said.
Hearing the hope of survival, everyone nodded hurriedly.
They all said that they could answer this question.
“Well, let me ask you, who is the person who imitated my practice in the black sun and set the blame
on me?”
Levi Garrison asked.
Everyone’s expressions changed when they heard this question.
Everyone looked at each other.
“Let’s talk! If you don’t say it, all are dead!”
“I said!”
Everyone shouted a name in unison.
Levi Garrison and Commoner Killing God changed their expressions when they heard…

The Return of the God of War [The Protector] Chapter 2027
Although it is related to this person!
But I didn't expect it to be him!
Fire Cloud Cthulhu!
"Huoyun Cthulhu's deity? How could it be possible!"
Levi Garrison and Common Killing God said in unison!
Levi Garrison was framed by them and misunderstood as the descendant of the Heretic God, that is,
the disciple of the Huoyun Heretic God.
However, after a long time, the person who imitated Levi Garrison was Huo Yun Cthulhu himself.
How does this make Levi Garrison believe?
Commoner will not believe in killing gods either!
"But this person is the evil god of fire cloud, we really didn't deceive you!" The
Watanabe clan was anxious.
"What is his reason for doing this? What good is it for him to make everyone misunderstand that I am
his apprentice?"
Levi Garrison said.
"We don't know this, he took the initiative to help us anyway!"
Several people said.
Levi Garrison felt more and more puzzled.
If the Huoyun Cthulhu wants to destroy the Erudia Martial Arts Realm, or have enemies with anyone,
he can do it directly!
With such a strong strength, he was once number one on the top of the list!
There are also seven evil gods and other evil god forces.
As long as he raises his arms, thousands of strong will follow.
What do you want to do.
But why did he do this?
Want to provoke a dispute between the two sides?
Want Levi Garrison to collide with Erudia martial arts world?
Among other things, they are the seven evil gods, but they were all his followers.
He did this, the seven evil gods might all die.
So what is he doing all this?
He wants to design to kill his former subordinates?
As far as Levi Garrison knew, the evil sword god and the others respected the evil god Huoyun very
much.
There is absolutely no hatred.

There must be a problem!
And there is such a great god as Huoyun Cthulhu that would obey the orders of the Black Sun
Organization?
& To blame him?
Something's wrong!
It's so wrong!
"How did you get in touch with the evil god Huoyun?"
Levi Garrison asked.
Watanabe Wuzhong shook his head: "We didn't find him, but he contacted us!"
"No, no, everything is wrong! You didn't tell the truth, right?"
Levi Garrison looked at the Watanabe clan. Soundtrack.
Several people were immediately panicked by the look in Levi Garrison's eyes.
"Huoyun Cthulhu is there! But he is actually the founder of the Black Sun Organization, right?" The
words are not surprising and endless.
Levi Garrison said this.
The faces of several members of the Watanabe clan changed immediately.
Looking at Levi Garrison incredulously.
"You…how did you know?"
Watanabe asked.
Levi Garrison smiled and said, "Let's just take a little bit! The Liusheng clan! They are such a proud
race, and there are three super powers in the clan! They now disdain to join forces with you, so why did
they join the Black Sun organization at that time? They must have disdain to join at the beginning!
Unless…"
"Unless someone can stop them and force them to join forcibly! This person won't be from the East
Island, so it can only be the Fire Cloud Cthulhu!" In
addition, they can marry. The curse is for himself, Levi Garrison can basically affirm that Huoyun
Cthulhu is the boss of Black Sun.
Everyone in the Watanabe clan looked at each other and nodded: "Hey, that's right! The Fire Cloud
Cthulhu is the leader of the Black Sun! Only with such strength can we gather so many forces! Can you
bring such an arrogant guy like the Yanagyu family Conquer!"

“He sent someone to imitate you and blame you! He manipulated everything behind!”
……
Levi Garrison thought of encountering someone who imitated himself in Tiandang Mountain.
But it doesn’t seem to be the Huoyun Evil God, it is probably the new apprentice of Huoyun Evil God.
“Think about it now, it should be that Fire Cloud Cthulhu is gone, so the Liu Sheng clan are so
arrogant, won’t you join forces with you?”
Levi Garrison asked.
“Yes! That’s it!”
Everyone nodded.
Levi Garrison continued to ask, “Then where is Huoyun Cthulhu now?”
The Return of the God of War [The Protector] Chapter 2028
“Later he disappeared! Since Richard worked with us, he has disappeared! Now even Richard does not
know that the head of the black sun is the evil god of fire cloud!”
“Since then, the evil god of fire cloud and his people Never show up again!” The
Watanabe clan is telling the truth.
Now Levi Garrison could see that they were not lying.
I really didn’t expect a Fire Cloud Cthulhu to be involved!
But the Huoyun Cthulhu is a future thing.
Now the Black Sun organization is over!
“Master . Garrison, you said earlier, as long as we say everything, we won’t kill us, right?”
Several members of the Watanabe clan were nervous to die.
I was afraid that Levi Garrison would kill them.
Levi Garrison smiled and said, “Of course not! I, Levi Garrison, said nothing, saying that I would spare
your life if you spare your life!”
Levi Garrison turned and left.
Everyone in the Watanabe clan showed excitement.
They can live!
Levi Garrison did abide by the letter promise!
Levi Garrison left, and when he brushed past the Common Killer God, he said: “Old Li, I’ll leave it to
you!”
Then, Commoner Killer showed a bloodthirsty smile.
Several people walked slowly towards the Watanabe clan.
Killing intent!

Everyone felt a strong killing intent from the Common Killing God!
They realized that Commoner was going to kill them.
"No, what are you going to do?"
"Yeah, Master . Garrison has let us go. He said he will keep his promise and spare us!"
"Do you want Master . Garrison to break his promise!"
……
Several people were in a hurry and immediately accused Commoner of killing God.
"Mr. Garrison just said that he
spared you, but I won't!" "He is him, I am me! I won't let you go, I want to kill you!"
Commoner Killing God looks like an idiot. At the Watanabe clan.
At this time, everyone realized that there was something wrong with the problem.
Levi Garrison is playing tricks?
wrong!
Did he spare everyone's life?
& But I neglected the guy who killed the God of Commoner!
What the key people said is reasonable, and there is no way to refute it. understood.
This is Levi Garrison's strategy!
He had already thought about it!
"This, this… wait, wait… Puff…… Puff……" A
few bloody arrows shot soaring, and several members of the Watanabe clan fell in a pool of blood.
"Okay, let's go to hell!"
… After the
Common Killer finished all this, he immediately followed.
Since then, the Black Sun organization has all been destroyed!
Of course except for the great god Huoyun Cthulhu!
But this matter is currently only known to Levi Garrison and Common Killing God.
No one else knows.
In everyone's opinion, it was indeed the black sun that was wiped out.
Even the power of the Lab of the Gods on the East Island was destroyed in one fell swoop.
Soon news spread all over the East Island, spread all over the world!
First: the destruction of the Liusheng clan, the destruction of Liusheng Jianying and Liusheng the most
powerful one!

Second: The black sun organization united by the Watanabe clan and the five ancient martial arts
families of the Toshima was destroyed.
Third: Commoner kills the gods and retreats all over.
Commoner killed the god East Island and shocked the world!
In the past, Levi Garrison slew the North Ming war knife to the despair of the war eagle country, and
now there is the common killer who has swept the East Island with great combat power!
These two great summer legends are famous in the world!
"Terror! Really terrifying!"
"It seems that after the first battle with Levi Garrison, the strength of Commoner Killing God
skyrocketed!"
"Now he is not worse than Levi Garrison, right? No, even I feel a little stronger!"
"God is fair! Just took a Levi Garrison away, and immediately returned with a commoner to kill the
gods! My Erudia is really amazing!"
… … With
such a terrifying combat power as Commoner Killing God, the people of Erudia are the most excited.
The new god has appeared!
The Common Killer reaches the top with top combat power!
"Have you seen Levi Garrison? The Common Killer can already take over your burden, don't worry!"
"Did you see? You can rest in peace!"
The Return of the God of War [The Protector] Chapter 2029
Many people in Erudia began to worship "Dead Levi Garrison" and called him to rest in peace.
Together with the seven evil gods, they all came to Levi Garrison's cemetery and shouted: "Master,
your hatred has already been avenged for you!"
"But we know that there are enemies alive! We must avenge this hatred! "
…
Messiah and Levi Garrison's acquaintances also came to Levi Garrison's cemetery one after another.
To be precise, it is the clothing mound.
After all, Levi Garrison's body is gone now, only his old things are buried.
"Brother Ye! Have you seen it? There are always heroes in Erudia who will stand up!"
"I believe this prosperous

age is as you wish!" "Don't worry about your wife and children! There are us, and they themselves are
very good." Powerful!"
... The
commoner killing god Phoenix Nirvana once again came out of the mountain, shocking everyone.
Once again established the status of the Erudia martial arts world!
The most exciting is the protégés who are scattered all over the world.
They are proud of Master!
Not only that, even their own status has risen.
Get the respect and benefits of countless people.
The title of Commoner Killing God is popular all over the world!
Everyone wants to worship the entry.
For a time, many people came to worship the disciples of Commoner Killing God as disciples.
Calculated in this way, they can also have something to do with Common Killing God.
Be respected by all means!
Apprentices and apprentices can do this.
Not to mention the commoner kills the gods.
If he appeared anywhere, it would definitely cause a huge sensation.
The Commoner Killing God who knew the truth sighed again and again:
"I have become stronger, yes!
But I am still far from this level?"
Levi Garrison smiled and said nothing.
This time it is also good to bring a commoner to kill the gods.
You can divert all your attention to him.
Otherwise, if you are alone.
Are you afraid that the whole world is frantically investigating your identity now?
Even Richard had already suspected that Levi was not dead.
This is difficult for his next plan.
& It might be exposed to Richard in advance.
But if the commoner kills the gods, it's much easier.
Although all the limelight's reputation was taken away by the common killer.
But his attention was completely diverted by him.
But what makes part of the doubts is that Tiance Mansion Tianji Pavilion has not updated the Big
Summer Ranking for a long time.
According to the outstanding achievements of Common Killer God, plus Levi Garrison has passed

away.
The common killer god should be ranked first.
However, Tianji Pavilion has not updated the Big Summer Ranking.
Someone explained: "The high probability is to commemorate Levi Garrison and to warn the enemy?"
"Yeah, Levi Garrison is really a genius. If you want me, I will put him first!"
…
but all major foreign companies All areas of influence list Common Killer as an extremely dangerous
existence!
It is of the same level as Levi Garrison before!
Even Richard and the Lab of the Gods have to make a new assessment of the combat power of
Common Killer.
"Thoroughly find out how his strength is raised to this level, you must be the most careful!"
Richard was very angry.
The Black Sun organization is a good cooperative ally.
If you say it's gone, it's gone?
All the people sent by him were also destroyed.
The loss is too great.
And the Common Killer was clearly avenging Levi Garrison.
He had to be on guard.
"If the commoner kills the gods to come, just try our new test product-the energy body!"
Richard sneered.
He is now looking forward to the Common Killing God coming.
He has a large number of experimental products waiting for the results of combat power.
It would be great if there are experts coming.
His second batch of experiments has just been completed.
A total of ten people collide with particles.
Eight people died, two succeeded.
And it is stronger than the first successful one.
…
"Go, take me to see the next experimenter!"
Richard came to a prison-like place.
It was actually being held inside…
The Return of the God of War [The Protector] Chapter 2030
These people are not others.
It is from the Lopez and Black family.

Li Wenhai, Li Wenfei, Li Songkui, Zhang Wentao, Zhao Junfei and others.
At the beginning of the Great Xia national disaster, they fled to the war eagle country.
However, after Erudia succeeded in sniping, the War Eagle Nation became angry and deprived them
of all their assets and expelled the War Eagle Nation.
As a result, they could not go back to Erudia, nor could they go to War Eagle Nation.
They have no identity at all.
Like the savage, survive in the area where there are no things.
Lives worse than wild dogs every day.
Suffered all kinds of hardships! ! !
If they hadn't practiced a bit of martial arts, I'm afraid they would all die.
Later, Richard thought of these people when he was doing Xu Zhengjie's experiment.
I want to use them as experimental subjects to transform.
So I ordered someone to look for it, but I didn't expect to find all of them.
After bringing Zhang Wentao and others back.
Richard ordered his subordinates to use genetic drugs, super serums and various biotechnologies to
strengthen their physique, expand and stimulate their brains…
In short, they must be transformed in all aspects, so that they can make progress in all aspects.
In this way, the body is qualified to participate in the Xu Zhengjie particle collision experiment!
Do not!
Continue to strengthen!
Richard wanted all of them to succeed, but didn't want anyone to die.
He wants to take revenge on these people!
This is the coolest!
"Do you know who caused you to be like this?"
Richard asked.
"Levi Garrison!!!"
At the mention of this, Zhang Wentao's veins violent.
They heard that it was Levi who had placed the ban and prevented them from returning to Erudia.
Even if the elderly in the family interceded, Levi Garrison was upright and never agreed.
So in the eyes of everyone, this was caused by Levi Garrison.
Levi Garrison ruined them!
& "If I give you a chance for revenge, would you like it?"
Richard asked.

Everyone hesitated.
Especially Li Wenfei, the music feels fraudulent.
“I know what you are worried about? Yes, let me say it! I also want Levi to die! I just want to use you
to kill him! I have an experiment here that can transform you…”
Richard said , Everyone thinks a little bit.
If they don’t agree, they will die.
Instead, I agreed.
It just so happens that Levi Garrison is still an enemy!
Things that kill two birds with one stone!
Their current news is blocked, and they don’t even know that Levi Garrison has fallen.
So Richard seemed to be telling the truth, but actually packed them all in.
“Okay, we promised! We must kill Levi Garrison!”
…
Richard was very satisfied with them.
At that time, through their hatred of Levi Garrison, they can maximize their combat power while also
being easy to control.
“Now it seems that the situation is great!”
“But there are hidden dangers! First: Levi Garrison’s child is too talented, once trained, it will be the
biggest threat to us;
second, Zoey! She currently has The supreme combat power, if used by Tiance Mansion, is also a
threat to us!
Third, Wen Lei, she was also transformed in that experiment. The current situation is unknown, but it
is extremely powerful!”
Richard murmured, touching his chin Muttered to himself: “I have to find a way to get rid of or bring
the three of
you !” “If I send a few energy bodies over by then, can I catch them back?” The
others nodded.
“Absolutely, Mr. Richard just used this opportunity to test their combat effectiveness!”
Richard nodded his head after hearing, “Well, well, I have to plan! These three people must not be our
threat. !” At
this moment, someone ran in.
“Mr. Richard has someone looking for you!”

Richard looked confused: "Who?"
"I don't know him, but he claims to be the founder of Black Sun!!!"
The Return of the God of War [The Protector] Chapter 2031
"The founder of Black Sun? Talk nonsense!"
After hearing this, Richard was surprised and immediately vetoed it.
Hei Sun has been uprooted by the Common Killer God.
So the members are all dead!
Why does it still appear?
"No!"
"What does he call himself? The founder of Black Sun?"
Richard quickly realized something was wrong.
"Yes! The founder of Black Sun!"
"Okay, let him in right away!"
Not long after, a person wrapped in a black robe came.
If Levi Garrison were here, he would find that this person was the one who imitated him and had fought against him in
Tiandang Mountain.
"Are you the founder of Black Sun?"
Richard asked suspiciously.
"It's not me, it's my master! He also asked me to come to you!"
the man replied.
"Who is your master? Why do you say that Black Sun was founded by you?"
Richard asked a sharp question directly.
"My master is Huoyun Evil God!"
"Hi!"
Hearing this name, everyone present gasped.
Including Richard.
That is the great devil, a generation of evil gods!
"This is the master's token, which can prove his identity!"
The man handed Richard a box.
After Richard and his men opened the box, they studied for a long time.
Nodded one after another.
"It's really him!"
Regarding the Huoyun Cthulhu's information, Richard is in control.
Therefore, the identity of the Huoyun Evil God will be determined soon.
But at this time Richard frowned, his face was puzzled, "But I have a question…"
Richard's question was actually the same as Levi Garrison's.
Why did Huoyun Cthulhu do this?
Why was Black Sun created?
Why are you looking for him now?

The man smiled. "The master thought about it a long time ago, and he asked me to tell you a word…"
"What?"
The man stepped forward and said something in Richard's ear.
After listening, Richard smiled, "That's it! I understand! Lord Huoyun Cthulhu wants to cooperate with me, right?"
"Yes!"
"Okay, no problem, I believe in his sincerity! Happy cooperation!"
…The
real Black Sun cooperated with the Lab of the Gods.
There will be new changes in the future.
"No wonder Lord Cthulhu didn't show up before, because I didn't have enough qualifications! Now that I became the
core of the Gods Laboratory, he only appeared to cooperate with me! Hahaha…"
Richard laughed at himself, "It turns out that I was in his eyes before. Here, they are at the same level as those little fish
and shrimps in Dongdao! Can only be used as cannon fodder!"
… the
other side.
Levi Garrison and Commoner Kill God respectively.
Now, Commoner Killing God successfully sucked all his attention away for him.
He can slowly get to Richard and the Lab of the Gods.
But it's different from the black sun.
The Lab of the Gods is too powerful and mysterious.
So far no one has said that they have a precise understanding of the Lab of the Gods.
Richard alone is so strong.
At that time, he was just the spokesperson outside of the Lab of the Gods, and to put it bluntly was an errand.
All have such a terrifying power
The Return of the God of War [The Protector] Chapter 2032
Anyway, it is absolutely not enough to crush or face the laboratory of the gods!
Even Richard and his own power are problems.
Not to mention the experiments of the
gods, so for Richard and the laboratory of the gods, Levi Garrison must not swept directly like the black sun.
Deal with them knowing that they know each other!
First get Richard, then clear the relevant forces, and then deal with the laboratory of the gods.

“Then Mr. Garrison, I’m going back to Erudia first! Where are you going next?”
Commoner Killing God asked.
“Gather some old friends and brothers first, and then take a long-term plan when you’re done!”
Levi Garrison smiled.
“Okay, Mr. Garrison, if necessary, just give orders!”
Commoner killed God and returned to Erudia.
This time, he came back with integrity.
Erudia received the news early that thousands of people were welcoming the arrival of the Common Killer God.
In this era of lack of heroes, he shocked the era!
Commoner Killing God readily accepted all this.
Accept the worship and admiration of everyone.
Even the Tiance Mansion and Baolong clan are here.
Even the seven evil gods came and thanked them all.
Thanks to Common Killer for helping their master get revenge!
Zoey, Wen Lei and Zhou Nanyan are all here.
During this period of time in Tiance Mansion, they received the guidance of the strong.
The control over one’s own abilities has exceeded fifty or sixty percent.
It’s much more than before.
Zhou Nanyan was also accepted as an apprentice by a certain power in the Tiance Mansion because of his excellent
talent, and his current strength was also terrifying to death.
Now they are sent outside by Tiance Mansion to experience.
After hearing the return of Commoner Killing God, they also came to join in the fun.
But Levilia is still in Tiance Mansion.
She has not yet come out to experience the mountain.
It is estimated that it will take a few years.
…
Commoner Killing looked at everyone with complicated expressions.
Especially when I saw Zoey and others.
He wanted to tell them that Levi Garrison was still alive.
“Senior Commoner! I have a question, probably the whole world!”
A reporter interviewed Commoner Killing God.
Commoner Killing God smiled, “Okay, just ask!”
“That’s why you suddenly became so powerful? Before you were obviously defeated and injured, but also poisoned!
Why did you not retreat but increase your strength? Such a level? It’s incredible!”

...
This is indeed everyone's question.
It was Richard's question even more.
Everything is unscientific.
"In fact, all this is the credit of my master!"
"Master?"
"Hiss!"
Everyone gasped.
At the age of Common Killing God, does he still have a master living in the world?
Isn't that the same as the old god?
Explained!
No wonder the Commoner Killing God has such terrifying strength after experiencing serious injuries!
Moreover, the origin of Commoner Killing God is mysterious. It was only when he was pointed out that he became a
legend.
As everyone knows, the master who kills the gods by Commoner is actually Levi Garrison!
Levi Garrison guided him and brought him to an unprecedented realm!
Despite the age difference.
Available
The Return of the God of War [The Protector] Chapter 2033
Soon after, several figures appeared.
Qinglong!
Kirin!
White Tiger!
Xuanwu!
Suzaku!
Heavenly Tribulation and Eighteen Cavaliers!
Dragon Cavalry Forbidden!
Ghost Army!
Heaven, Earth Xuanhuang Four-character Army!
...
These were the invincible teams that followed Levi Garrison. In the previous years, they were the invincible army!
Killed to the point where the major countries were timid and abandoning their armors and armors!
But after all, the times have changed.
Now the warrior superpower is coming out!
All kinds of science and technology, all kinds of genetic technology transformation experiments are successful!

No matter how good they were before, they were actually just better than ordinary people.
If they were on the battlefield today, they would be cannon fodder!
Therefore, in the era of warriors, Qinglong, who was once Levi Garrison's most loyal and most sturdy subordinates,
disappeared one after another.
It's not that Levi Garrison doesn't use them.
He really doesn't want them to die!
All of them are his brothers and sisters!
But Levi Garrison won't stop there!
Some time ago, while he healed the great arrogances of Erudia, he also quietly guided these former comrades-in-arms.
During this time, they have made a qualitative leap.
In addition, the fighters of Erudia used to practice martial arts collectively. They have already developed a good
foundation and are now under the guidance of Levi Garrison.
Everyone is advancing by leaps and bounds.
Take it out, you can already be alone.
The gathering of so many people is a terrorist force that cannot be ignored.
Levi Garrison's reason for using them is simple.
That is, no matter who it is in the eyes, people like Qinglong are too weak and have been eliminated by this era.
They are only suitable for battle camps, and are of no use in today's warrior superpower wars.
No one will notice them!
Even people like Richard!
They would not believe that in this very short time, what can this group of people do, can they not jump from ordinary
people to strong?
That's why Levi Garrison will enable them.
This time, Levi Garrison didn't even dare to use the super team he secretly established and the Western Heavenly Kings.
After all, having used these people before, it is inevitable that there will be clues.
Now if they are enabled, it is inevitable that Richard and the others will not be able to track them down.
If it is exposed at that time, it will be a failure.
So Levi Garrison didn't need any of these people!
He just wants to use the old Qinglong people!
"Boss!"

“We knew you were alive! That’s great! I knew it was you when I got the news!”
…
Qinglong and others saw Levi Garrison, tears in their eyes, and immediately rushed up and hugged tightly. Live in Levi Garrison.
Their feelings are different from Levi Garrison!
Whether it was the later Xiao Feng, or the strongest Gemini, Zhong Qiu and the secret team he established.
They can’t compare with Qinglong’s relationship with Levi Garrison!
They were born to death together!
Witnessed each other’s growth!
They kiss even more than their brothers!
The kind that can give up their lives for each other!
“Now I recall you, are you ready?”
Levi Garrison asked when he looked at the crowd.
The Return of the God of War [The Protector] Chapter 2034
Azure Dragon (Qinglong) and the others have really prepared for this day for too long and too long.
Their will is so strong that it is frightening.
He almost died in practice several times, and almost lost his mind a dozen times.
They train like crazy.
Just to be able to stand in front of Levi Garrison again, and follow him to charge into the battle.
They really waited until this day.
“Now when I am hiring people, your next task will be very heavy! You need to be careful!”
“Don’t worry, we promise to complete the task!”
“We can fight with you again!”
…
Azure Dragon (Qinglong) and others are incomparable excited.
Levi Garrison didn’t talk nonsense, and quickly arranged tasks for everyone to carry out his next plan.
Levi Garrison went to one place… the other side.
Zoey and the others went to other places just after seeing the commoner killing the gods.
On the way, but met a weird old man.
Wen Lei originally wanted to expel him.
But the old man claimed to be half a fairy and half a ghost, and was entrusted by Levi Garrison to find Zoey.

Wen Lei believed it.
She put Zoey aside and asked Mia (Zhou Nanyan) about the situation.
"In fact, Mr. Garrison's death is directly related to this!"
said the half ghost and half immortal .
"Huh?"
Wen Lei both looked surprised.
"Actually, I am a person of natural disability, or be cursed! Anyone who asks me to take action will have to pay the
corresponding price! I asked Mr. Garrison whether he will bear the corresponding price? He is willing!"
"At that time I had guessed that he was going to die, but I couldn't keep it! Hey, now I can only let Madam Ye return to
normal!"
…
Then, half ghost and half fairy helped Zoey heal.
But at this moment, a group of people sneaked into here quietly.
They were sent by Richard to catch the three of Zoey back.
This time, Richard sent a full ten strong men to arrest people.
Including destroyers!
Because Richard is cautious and knows that Zoey is strong, then he must target them accordingly.
They lurked around, observing every move, ready to take action at any time.
After the treatment of the half fairy and half ghost, Zoey kept screaming.
It was as if the half fairy and half ghost had pulled out other things in her mind abruptly.
Why can't modern technology work, but half a fairy and half a ghost can?
That's because of the mystery of the magic!
Some things are unclear scientifically!
In the eyes of Banxian and Bangui, he popularly believed that there was another person in Zoey's mind.
All he has to do is to pull this person out.
……
After a long time, Zoey returned to normal.
The half fairy and half ghost were sweating profusely, and they looked older and older.
After helping the half fairy and half ghost, the two asked.
"How are you,
Zoey ?" Zoey rubbed his head. "I'm fine!"
"Levi Garrison…"
Wen Lei proposed the name cautiously.
"What's wrong with King's Landing??"

Zoey asked immediately anxiously.
"No!!!! King came to him…" At
this moment, Zoey thought of everything.
Although she had previously regarded Levi Garrison as an enemy because of the influence of Xu Zhengjie's
consciousness.
But she remembers everything now.
"What happened to me before
The Return of the God of War [The Protector] Chapter 2035
The Destroyer looked mad!
It is nothing new that he killed Levi Garrison and dissolved his body.
Therefore, everyone in the war eagle country regards him as a hero.
The Destroyer raised this matter with excitement on his face.
It seems to recall the situation that day.
The other nine strongest men also looked the same.
Arrogant, joking…
Mention Levi Garrison's death, they were proud of the Destroyer.
"It's him! It was he who killed Mr. Garrison! I saw it with my own eyes!"
Banxian and half ghost also shouted.
Wen Lei and Mia (Zhou Nanyan) looked at the ten people who suddenly appeared in amazement.
I don't know what they are going to do.
He also directly claimed to be the one who killed Levi Garrison!
The rattling atmosphere is on the verge.
"What are you doing here?"
Wen Lei asked hurriedly for fear of something wrong with Zoey.
Mia (Zhou Nanyan) has been fully guarded.
The opponent is coming fiercely.
The Destroyer sneered coldly, "Of course it will bring you back! Don't struggle! Otherwise, your fate will be the same as
Levi Garrison!"
"Yes! Whoever struggles, like Levi Garrison's fate, the dead body can't be kept!"
… …The
more they talk, the more excited they become.
I didn't notice that Zoey's face had changed drastically next to him.
Destroyer sneered "list first big summer leaves monarchs have been killed us! No one blocked lives of our great
summer! The three of you obediently go with us!"
Even now commoner to kill God in the eastern island of the First World War letters People like God and Destroyer are
still not in the eyes.

So this time I came to Erudia, almost unscrupulous.
"You don't know how painful Levi Garrison was at that time, especially when I dissolved his body. Although he was dead,
I could feel his soul screaming…" The
Destroyer was still remembering the scene of dissolving Levi Garrison.
The curtain…At
this time, Wen Lei, Mia (Zhou Nanyan), and Half Immortal and Half Ghost were all stunned.
Looking at Zoey on the side incredibly.
Zoey is now hostile!
It was as if a demon god had descended…
Soon, the Destroyer and others also noticed Zoey's changes.
They are also full of unbelievable and confounded faces.
Because they felt threatened by Zoey!
"Ah!!!"
Zoey let out a roar suddenly.
Her eyes were red and murderous.
"Dead!"
She spit out a word coldly.
"Shit!"
Zoey actually tore the person beside the Destroyer into two directly…
Blood spattered!
Oh my god!
Everyone is dumbfounded!
We must know that the ten people sent by Richard this time are all super strong.
Even if the other nine are weaker than the Destroyer, they are not much weaker.
But it was torn abruptly by plum dyeing?
This…
"Kill!"
Zoey fell into a frantic state and started her killing.
Although others have reacted.
But after all, he was a step slower, and Zoey got a headshot with a punch…
These people have super physiques, but they are as fragile as a watermelon in front of Zoey.
shocked!
Everyone is dumbfounded!
Especially the Destroyer, they look from
The Return of the God of War [The Protector] Chapter 2036
During Zoey's time in Tiance Mansion.

Guided by various powers.
She has probably controlled the terrible power in her body.
It's not like before, just use anger to release power.
Although the power is strong like that, part of the energy is not used, or not concentrated, dissipated, and wasted.
But now, Zoey has mastered the use of power.
Concentrate all the power on one point.
"Boom!" In the
enemy camp, there is also one who is relying on pure power to eat.
He can easily overturn a cruise ship by strength.
He hit Zoey with a punch.
Only in the next moment, thin blood stains appeared on his arm, and then his arm burst open.
It stretched all the way to the shoulders, and then to other parts of the body, all burst and exploded…
Under Zoey's punch, this person was abruptly beaten.
…
Shocked!
It was shocking!
Even half a fairy and half a ghost were stunned!
Zoey's combat power is too terrifying, right?
powerful!
too strong!
This is better than Commoner Killing God!
…
Then Zoey continued to fight with digital masters!
The frightening thing is that Zoey has the highest power, the fastest speed, and the most terrifying defense.
No matter what kind of attack the other party hits her, she will be like a okay person.
The Destroyer group is desperate.
*How the f*ck is this?*
The power is completely crushed!
The speed can't keep up with others!
No one's body is exquisite!
The key is that she can be immune to any attack…
This is totally bullying!
"Puff!"
"Puff!"
…
Gradually, fewer and fewer people stood beside the Destroyer.
One by one, he was beaten to pieces by Zoey!

“Boom!”
“Boom!”
... The
Destroyer and Zoey began to fight each other.
The Destroyer released super energy, and he was barely able to get involved with Plum.
“Shit!” The
Destroyer released super beams from both hands.
It was the energy that dissolved Levi Garrison’s body at the beginning.
“Boom!”
But Zoey was not afraid at all.
Not only blocked all the beams, but also slammed a punch.
“Bang!”
Although the Destroyer blocked the punch, he still backed away several steps.
Looking at the blood in a place.
None of the strongest ones who came with him were left.
It’s all dead.
This mission failed.
The assessment of Zoey’s combat power was wrong.
He can’t keep it anymore.
If he keeps it, he may not even be able to go.
“Call headquarters, danger, danger! Ask for support and cover me to leave!” The
Destroyer activated his flying device and fled immediately.
While asking for support.
“You killed King’s Landing, I won’t let you leave alive!”
Zoey turned into a flash of lightning and immediately chased him.
Richard did not expect that the Destroyer would send a signal for support.
Is this something wrong?
Richard knew that the Destroyer was a guy who never showed weakness.
Once he shows weakness, the situation may be more serious than he said.
Here
The Return of the God of War [The Protector] Chapter 2037
After Zoey had processed the cannon fodder, he looked for the Destroyer, and he had no trace.
“I will avenge you in King’s Landing!”
“Participants in everything will die!”
Zoey roared with anger.
At this time, Wen Lei had already caught up with her.
“Zoey, are you okay?”
“Calm down, you were terrible just now!”

... After
Zoey calmed down, he said, "Don't worry, I'm fine, I'm back to normal."
"That's good! People. Dead can't come back to life! You should be sad!"
Wen Lei sighed.
Zoey looks calm, but his heart is like a volcanic eruption.
Next, she will inherit Levi Garrison's will and follow the path that Levi Garrison took!
She has this strength now!
And she must avenge Levi Garrison!
No matter how powerful the other party is!
The enemy must be succeeded!
She had to hold Wen Lei and the others first, otherwise she would never let herself go if she let them know what she
thought.
The other side.
The Destroyer was forced to leave in the opposite direction by Zoey.
He can only go south.
He is fast in the mountains.
But when it came to a triangular intersection, a quick figure appeared on the other side.
The two almost ran into each other.
The two also stopped abruptly, looked at each other, and looked at each other.
Although this face destroyer didn't know it, he felt very familiar.
As if I have seen it somewhere.
The Destroyer was very puzzled.
Levi Garrison was also dumbfounded.
After he arranged the task for Azure Dragon (Qinglong) and the others, he went south to find the king of gambling on
Golden Harbor Island.
He wanted to know exactly what Richard and the others took away in Erudia.
So he went all the way south.
Unexpectedly, I encountered a super power here who was as fast as lightning.
He was shocked.
But when he stopped, his eyes facing each other, Levi Garrison was even more shocked after seeing the face clearly.
Destroyer!
The destroyer who killed himself to dissolve himself in the first place!
Yuanjia has a narrow road!
You can also encounter it like this!

Levi Garrison smiled at the corner of his mouth and gradually went crazy.
There is really a way to heaven, you don't go, and there is no way to hell.
Didn't this come to Erudia to die?
The Destroyer was even more surprised.
Why does this stranger show such an expression when he sees himself?
"The Destroyer, right?"
Levi Garrison said suddenly.
This makes the destroyer even more puzzled.
Can the other party recognize himself?
who is he?
Destroyer brain thinker.
"Since you are here in Erudia, stay here forever!"
Levi Garrison's cold voice sounded.
Murderous!
The Destroyer has already felt the intense murder!
The other party wants to kill him!
"Boom!"
Levi Garrison punched the destroyer!
The Destroyer is developed to a certain limit in terms of power, speed and brain.
Can judge the power and speed direction of Levi Garrison's punch.
Everything is in the calculations of his super powerful brain.
He smiled contemptuously.
I can block a punch of the crazy Zoey just now, not to mention you?
The Destroyer looked arrogant, he completely ignored Levi Garrison.
"Boom!" This
punch seemed to him too slow.
He predicted anything.
The Return of the God of War [The Protector] Chapter 2038
An abnormal situation has occurred!
Levi Garrison's punch on the Destroyer was really not lethal.
However, after a punch penetrated into the body.
A terrible second force unexpectedly broke out!
Wreak havoc in the Destroyer!
He never expected that Levi Garrison's unremarkable punch would still imply the second punch!
Destroying his body tissue madly!
"Not good!" The
Destroyer frowned, not only with dual strength!
There is also a third level!
"Boom!"
"Crack!"

... a
bean-like sound came from the Destroyer's body.
He also let out a scream of pain.
Although he is the only successful person in the god-making experiment, he is still a human being after all!
I will feel pain too!
"Boom!"
"Crack!"
...
No!
The fourth strength!
There is actually a strong spirit in it!
The fourfold strength exploded in the destroyer's body, madly destroying his body's organs and tissues.
"Bang bang bang…"
Multiple vigors exploded in his body, and blood holes were blasted out one after another.
Very miserable!
"Ah!!!" The
Destroyer let out a scream.
The multiple strengths were realized by Levi Garrison in the battle of Golden Harbor Island.
Let multiple strengths be implied in one move.
These multiple strengths are what Levi Garrison compresses the true energy power into it.
It is equivalent to an infuriating bomb.
As long as it erupts, it will be extremely powerful.
Especially after entering the enemy's body.
It erupted progressively one after another.
Not to mention the extremely lethality, but also unexpected.
This multiplicity of power even deceived the destroyer's super brain.
Let him be hit hard by this wave!
"Ah!" The
Destroyer let out a scream, he was madly healing and restoring his damaged body.
His physique has reached a certain limit, which is different from ordinary people.
He recovers extremely fast!
Even the internal organs can be restored and healed!
More terrifying than the healing of the undead warrior!
"Haha! Want to recover? No way!"
Levi Garrison cheated on him.

A few more punches blasted out!
“Bang bang bang…”
Multiple vigors continued to bombard the Destroyer’s body wildly …
“Ah!!!” The
Destroyer was completely enraged, and he used beams and other energy to bombard Levi Garrison frantically.
But Levi Garrison didn’t hide at all, shaking hard with a pair of fists.
Disperse the energy of the Destroyer one after another, blasting all his beams away.
Even the Destroyer himself was stunned.
What the hell is going on?
I just met a perverted Zoey, just like a lunatic, any attack is useless.
Now another one?
Nothing less than the perversion of Zoey!
Even the Destroyer sighed like this, which shows how strong Levi Garrison is.
“Boom!”
“Boom!”
…
Next is the power of Levi Garrison and the Destroyer.
The Destroyer has lifted his power to the limit!
Otherwise he will die!
Levi Garrison’s pure strength is stronger than him, and it also contains multiple strengths.
too terrifying!
Richard felt that he was fighting through the chip on the Destroyer.
He quickly asked what was going on.
The Return of the God of War [The Protector] Chapter 2039
At this time, the Destroyer was wounded inside and outside, and could no longer withstand Levi Garrison’s powerful
attack.
Can only be slaughtered.
“Boom!”
“Boom!”
“Boom!”
…
Levi Garrison hit his face with a punch.
Levi Garrison wants to be ashamed!
Although he was in a suspended animation at the beginning, Levi Garrison remembered the punch that this kid punched
him.
Now he wants to return one by one, no, he wants to double it back!

“Boom boom boom…”
Levi Garrison’s fist head shot at the rate of a machine gun. In an instant, thousands of punches hit the Destroyer’s face.
He can’t keep up with the speed of healing!
A face was bloody, almost torn apart by Levi Garrison.
Fist strength also spread to the whole body, and cracks appeared in his body.
That day, he returned everything that the Destroyer brought to Levi Garrison.
The Destroyer was dying, looked weakly at Levi Garrison, and tremblingly asked, “Who are you…who are you?”
“What do you think?” The
voice fell, and Levi Garrison recovered his original face.
“What??? You??? Levi Garrison!!!”
Seeing Levi Garrison alive, the Destroyer was the most shocked.
Because he killed Levi Garrison, he ruined Levi Garrison’s body.
Now this person is standing in front of him alive. Whoever is shocked?
“No! Impossible!!! I don’t believe it!”
Even the Destroyer’s super brain is unwilling to believe that all this is true.
It is simply too shocking!
He couldn’t believe it!
Levi Garrison can’t live!
His body is absolutely destroyed!
But the fact is, Levi Garrison just appeared alive!
“Boy, your grandpa has a lot of means! Just to make you proud for a while! I wanted to make you proud for a while, but I
didn’t expect you to hit the muzzle yourself!”
Levi Garrison’s eyes flashed with murderous intent.
The Destroyer was frightened and already felt that he was going to die.
At this moment, he finally realized that he was not even qualified to be an opponent in front of Levi Garrison!
“Puff!”
He pointed at the Destroyer’s forehead!
“Boom!”
“Boom!”
“Boom!”
…One
after another, the vigor penetrated into the body.
Make a roar!
“Kacha!”
“Kacha!”

...
This Dao Qi Jin actually contains multiple strengths.
Blast in the body of the destroyer!
In an instant, hundreds of energies broke and exploded in the destroyer's body with a destructive momentum of
destruction.
"Boom!"
"Boom!"
... In
the end, the Destroyer's body was torn apart, exploded completely, and disappeared on the spot!
There is not even a scum left!
After doing all this, Levi Garrison smiled.
"I didn't expect someone to die!"
He never expected that he would meet the Destroyer here.
The key is touching!
But he didn't know what happened before the Destroyer.
Get rid of the Destroyer, Levi Garrison continued on, heading to Golden Harbor Island.
"What's the situation? What's the situation with the Destroyer? Why did you break the contact? Hurry up to restore his
communication, I want his latest situation!"
Richard is already anxious. <
The Return of the God of War [The Protector] Chapter 2040
Richard looked excited and exclaimed, "What? Is there any news? Hurry up!"
He also breathed a sigh of relief.
"It's good if the Destroyer has news, I almost thought he was going to have an accident!"
Almost everyone present heaved a sigh of relief.
The Destroyer has news!
"But..."
the man hesitated and said, "It's just bad news! I just tested the Destroyer's chip, and he has no life fluctuations! He is
dead!"
Almost every member of the Gods Laboratory will A special chip is implanted.
Not only to see if you are alive, but also to locate, detect danger and so on.
This person just detected that the chip has no feedback of any life fluctuation signals.
"Boom!"
The news was thunderous, and everyone present was dumbfounded.

died?
The Destroyer is dead?
“Are you sure?”
Richard asked.
“The same goes for the data sent back from the headquarters, confirm! The Destroyer is dead!”
Hearing the exact news, everyone was stunned.
There was silence in the laboratory.
“I didn’t expect Zoey to be so strong! The Destroyer is dead!”
“How strong is Zoey? Even the only successful person in the God-making plan , the Destroyer, is dead!”
…
“No, Destroy How could a person with such a terrifying body recover his healing ability to die?”
Suddenly someone raised a question.
“No! The Destroyer is not a god, but a man after all! If the opponent is so strong that he can’t even beat his body, how
can he live?”
Richard’s voice sounded.
Richard sighed, “it seems I underestimated that field experiments accident!”
“Come, first blocked the destruction of all the news of death! Do not spread out!”
“Large firm can not let the summer of potential!”
Richard’s The meaning is very simple. Levi Garrison was about to die just now, and it was a heavy blow to Erudia.
But now the Commoner Killing God first swept the major forces on the East Island.
If the news of the Destroyer being killed by Zoey spreads out, would it be worth it?
The impact of Levi Garrison’s death is almost gone.
…
On the other side, Zoey thought that the Destroyer had really escaped.
In addition, Richard’s side blocked the news that the Destroyer had died.
They don’t even know.
…
“Wen Lei, I want to visit Golden Harbor Island!”
“I want to hear that woman talk about King ‘s Landing!”
This woman is naturally referring to He Qingxue of the King of Gambling Family.
Everyone now knows that Levi Garrison died in battle for He Qingxue.
Had it not been for He Qingxue, Levi Garrison would at least be alive!

But Zoey didn't blame her, but wanted to hear about Levi Garrison at the last moment in her mouth.
During this time, Zoey had accepted the fact that Levi Garrison had passed away.
There is only one thought in her mind-revenge.
Levilia ha
But before that, she wanted to see where Levi Garrison died.
"Well, let's accompany you!"
Wen Lei Mia (Zhou Nanyan) was afraid that she would have an accident, so she must follow. <
s a strong talent and is protected by Tiance Mansion, and there is absolutely no problem with worry-free life.
She has no worries and can let go of her revenge.
The Return of the God of War [The Protector] Chapter 2042
"Everything they did was to mine and take resources in Erudia! They have done a lot of preparations! Only now I
gradually understand that they are all premeditated!"
"I was longing for the laboratory of the gods before , But after experiencing this incident, I understand a lot!
Now that the Gods Laboratory is developing like this, it must be brewing a super plan! Once they develop to the point of
uncontrollable, it will be a disaster for Erudia and the world! Please! Be sure to stop them!"
He Qingxue already understood that the reason why the Gods Lab killed Levi Garrison was because he had been blocking
their way and preventing everything they did.
Hear here.
Levi Garrison felt more and more that it was necessary for him to die.
The Lab of the Gods is more terrifying than imagined!
They are brewing a super big plan!
The future is extremely threatening to anyone!
Now that he is feigned death, he can just dig a little bit to inquire about the laboratory of the gods.
Otherwise, it would be too difficult to deal with the Gods Lab on the face.
There is almost no chance of winning!
"You must stop them! Take revenge for him too!"
He Qingxue looked at Levi Garrison seriously.
"It was all I killed him! He wouldn't die if it wasn't for my cumbersome side by side!"
He Qingxue still blamed herself very much.
Levi Garrison smiled and said, "I believe he will not blame you! You did nothing wrong at all! Besides, it is his

responsibility to protect the people of Erudia! If you give him another chance, he will still protect you! Of course! There will be no complaints!"
"Really?"
He Qingxue has been living in guilt.
Hearing what Levi Garrison said was a bit touched.
"Yes! He wants to see you cheer up!"
He Qingxue nodded, "Well, I know. I will cheer up!"
Levi Garrison was thinking about the next plan.
The first is to prevent the Lab of the Gods from taking the Sun Stone again in Erudia, half of it will not work.
Second, stare at the Erudia enterprise that is united with Heishui, and it is best to kill it in the bud.
Third, investigate the laboratory of the gods and try to get rid of Richard as soon as possible.
Fourth, the ultimate goal is to get rid of the laboratory of the gods.
Seeing He Qingxue's recovery a lot, Levi Garrison smiled and said, "Do you believe that he will appear in another form?"
"Huh?"
He Qingxue was taken aback first, and then nodded.
"I believe it!"
"That's good, wait for him to appear in another form!"
Just as Levi Garrison was about to leave, three people came outside.
It was the plum that dyed them.
After the decision, the speed of the three women was very fast, and Levi Garrison was in front of her feet.
"Miss, a group of people are looking for you outside!" The servant came in to announce.
"Huh?"
Levi Garrison and He Qingxue were both taken aback.
Why is there still someone looking for it?
"Who are they?"
He Qingxue couldn't help asking.
"It's a woman, she said she wants to learn from you some of the circumstances of Mr. Garrison during his lifetime!" said the servant.
Levi Garrison became more confused.
A woman who wants to know her own situation?
Who is it?
"Miss He, then I will leave first!
The Return of the God of War [The Protector] Chapter 2043
I never thought I would meet the three of Zoey here.

Are they here?
Seeing the three of them looking at him in unison, Levi Garrison was a little nervous and uncomfortable.
Is she still like that, as always, hating herself and treating herself as an enemy?
Looking at Levi Garrison, the three of Zoey felt a little familiar.
This person seems to have seen him somewhere.
But in detail, I don't know.
"This is?"
Zoey asked curiously.
Zoey stared straight at Levi Garrison, as if to see him through.
The same is true for the other two women, who inexplicably feel that Levi Garrison is a bit familiar.
"Sir, where have we met?"
Zoey looked at Levi Garrison in confusion.
If facing other people, Levi Garrison would definitely not change his face and heartbeat.
But in front of him is plum dye.
He was a little nervous and even stammered.
"I..." The
three of them looked at Levi Garrison more suspiciously.
Seeing that Levi Garrison was about to be exposed, He Qingxue's voice sounded, "He is Mr. Garrison's subordinate, and
he came to understand Mr. Garrison's mission during his lifetime!"
"Levi Garrison's mission during his lifetime?"
Zoey asked nervously, his attention immediately shifted.
"Levi Garrison??"
Levi Garrison and He Qingxue said in unison, looking at Zoey in surprise.
The reason why He Qingxue was surprised was Zoey's name.
The reason why Levi Garrison was surprised was that it was also called, didn't Zoey regard himself as an enemy? How
can you call yourself so intimately?
Could it be that she is already healed?
Levi Garrison was surprised and happy!
If the plum is dyed well, then his wish is over.
"Miss He, I am Levi Garrison's wife Zoey. I am here to find you about his situation on Golden Harbor Island..."
Upon hearing this, Levi Garrison was sure that Zoey was fine.
Although this kid half fairy and half ghost hid at the time, he was still considered conscience.
Not only thinking about keeping his body, but also saving Zoey.
"Count what I owe you! I have a chance to repay in the future!"

Levi Garrison smiled.
“I have almost understood it, I will leave first!”
Levi Garrison took a few more glances at Zoey before leaving here.
He Qingxue began to tell the three about Levi Garrison’s situation on Golden Harbor Island.
What Levi Garrison didn’t expect was that He Qingxue actually told Zoey about all the conditions of the Gods Laboratory
and the Sun Stone.
“Stop the Lab of the Gods! We must not let them get the Sun Stone again!”
Zoey’s eyes shone with light.
This further strengthened her determination to avenge!
She wants to inherit Levi Garrison’s will and complete his unfinished mission!
After all, she has this ability now!
But Zoey’s idea is a little bolder.
For example, Levi Garrison had to figure out the enemy’s strength first, and then infiltrated and solved it little by little.
But Zoey had a crazy idea in her mind—she was going directly to destroy the Lab of the Gods.
From the battle with the Destroyer Top Ten, she assessed her own strength. She has the confidence to destroy the Lab
of the Gods.
But before going, she has to make sufficient preparations.
To enhance her strength to the extreme, it is best to
The Return of the God of War [The Protector] Chapter 2044
*“f*ck??”*
Levi Garrison was shocked.
Can this be found?
What is the level of plum dye now?
He has been hidden like this, can he still find it?
Is Zoey’s strength like this?
The main reason is that Zoey’s body has reached an extremely terrifying state now.
Several levels stronger than the Destroyer!
She has super perception!
She could perceive every move of everything around her.
She could detect the movement of mosquitoes thousands of meters away as long as she wanted to.
That’s why Levi Garrison was exposed.
“Boom!” As
soon as the voice fell, Zoey turned into a flash of lightning to chase him!
Levi Garrison fled immediately.

But then he was surprised to find that he couldn't get rid of plum dye at all.
She followed closely.
Levi Garrison knew that if he played against each other, or met, he would definitely be exposed.
Who knows if Richard has arranged anything with Zoey, if he exposes himself, that would be bad.
"Boom!"
Levi Garrison threw a terrible punch, trying to stop Zoey.
It was just that when the punch hit Zoey, the terrifying power from her body revealed and turned into an invisible wall,
blocking Levi Garrison's punch.
Seeing this punch is like a mud cow entering the sea.
Levi Garrison was shocked.
She has fought against the angry Zoey before, and she is indeed terrifying!
It's all brute force!
But now, she can use her strength proficiently, can start speed, can defend, can attack…
This is also terrible!
It is now an upgraded version of Zoey!
"Boom!" The
defensive Zoey turned into a flash of lightning and instantly appeared in front of Levi Garrison.
He even caught up with Levi Garrison.
"You can't escape!"
Zoey said coldly.
"Magic Shadow Clone!"
Levi Garrison wanted to trick Zoey's eyes to escape.
Did not wait for Zoey to see clearly.
He immediately performed his fascinating knowledge-the ghost clone.
Dozens of clones are instantly differentiated!
In fact, it is fast, deceiving the brain and deceiving the eyes.
"Escaped!"
Levi Garrison smiled and fled immediately.
Only in the next second, his face changed wildly.
Zoey ignored all the clones and grabbed him directly.
That means that Zoey's eyesight is terrifying, and his brain is even more terrifying.
Demon Shadow Clone can't lie to her at all!
So she can instantly lock Levi Garrison's true body from among the many clones of Levi Garrison.
*"f*ck!"*

Levi Garrison exclaimed again.
This is too scary, right?
For the first time, his ghost clone was broken!
Turned out to be his own wife!
Before Levi Garrison could think about it, Zoey came after him again.
"I…"
Levi Garrison was really speechless.
If this continues, it must be exposed.
Zoey turned into a flash of lightning and rushed in front of Levi Garrison again.
"Don't want to leave!"
Levi Garrison had a headache.
How can we go on like this?
Not only that, Wen Lei also caught up immediately.
"Isn't it?"
Levi Garrison was shocked again.
Is Wen Lei also in this state?
Is this progress too fast?
The Return of the God of War [The Protector] Chapter 2045
Levi Garrison is very difficult now, even a headache.
Zoey and Wen Lei are too good!
He didn't even get rid of it.
The two even saw that he had changed.
What can he do?
The longer you entangled with the three girls, the easier it is to expose yourself.
This exposure was not just to these three people, secretly I don't know how many people were staring.
Once they fight, the huge movement will definitely arouse a lot of people.
"It's really not good, I can only use that!"
Seeing the three people pounced, Levi Garrison had already decided.
"Boom!"
"Boom!"
…
But just at the very moment, several air currents came from all around.
Boom to the three of Zoey.
The three of Zoey immediately started to block!
With this effort, Levi Garrison immediately took the afterimage of his debut and disappeared.
"Chasing!" The
three of Zoey were about to chase.
"Shoo shoo…"

secretly shot out air currents, blocking the three people's path.
Although it could only stop the three of Zoey for a moment, for Levi Garrison, this time was enough.
After all, it's just a little bit of time between super masters.
When the three of Zoey catch up again, where is Levi Garrison?
The three were annoyed.
Never expected that there would be a helper in secret!
The person who didn't expect it was Levi Garrison!
How could he not think that someone would help him secretly?
who is it?
They are definitely not Azure Dragon (Qinglong)!
Everyone was sent out by him!
So who is the one who just shot?
Who is helping yourself?
Are they unintentional or intentional?
If it's unintentional, it's okay.
If it is intentional…
Does anyone know that they are still alive?
This…
Thinking of this, Levi Garrison was shocked in a cold sweat.
This is too terrifying…
Even if he only used half of the taboo technique, anyone knew he was alive?
This is also terrible!
Is this person an enemy or a friend?
It's okay if it's a friend, but it's troublesome if it's an enemy.
Levi Garrison calmly analyzed.
If it were the enemy, then the news that he was alive should have been exposed long ago.
Not to save myself at this moment.
Then it is not the enemy!
But is it a friend?
Not certainly!
At present, they may have other purposes…
But even if they are not friends, at least they are not enemies at the moment.
So Levi Garrison can rest assured.
After getting rid of the three of Zoey, Levi Garrison searched around and found nothing.
This proves that the opponent reacts quickly and is strong.
It would be extremely terrifying to be able to intervene in the battle between him and Zoey.

The other side.
The three of Zoey returned from Golden Harbor Island.
Zoey retreats directly, preparing to use the shortest possible time to increase his strength to the extreme, and then go to
War Eagle Nation to avenge Levi Garrison.
It's just that Wen Lei and Mia (Zhou Nanyan) didn't know it.
The Eagle Nation, in Richard's mansion. <
The Return of the God of War [The Protector] Chapter 2046
"Understand, let's make arrangements immediately! Let the Blackwater Company arrive in Erudia tomorrow!"
Richard groaned, "There is also the problem of Zoey! The Destroyer must not die in vain! The most important thing now
is to be able to detect her battle. Strength! She can never be our threat!"
"Mr. Richard, are you afraid that you want to use pure energy to deal with Zoey?"
Someone asked with a smile.
The others immediately followed and said, "Not only that! You should use people
like Lokita and Zhang Wentao, right?" Everyone showed a sly smile like a fox.
After working with Richard for a long time, they have guessed well about Richard's mind and style.
"Mr. Richard is afraid that he wants to use these Erudia people to destroy Erudia?"
"Of course the premise is that they can be transformed into pure energy bodies!"
Hearing this, Richard just smiled indifferently.
It was indeed his plan.
That's why he will pay attention to people like Lopez and Black's family.
In the early stage of the experiment, they have been strengthening their physique and brain.
The purpose is to make the success rate better in the real experiment.
It is best that these people can be transformed into pure energy bodies!
In this way, Richard can use them to destroy Erudia…
"The third round of experiments will begin soon! It is estimated that these people will be able to participate in the fifth
round of experiments! I am really looking forward to it!"
Even Richard showed expectation. .
"Brother, when I am strong enough to challenge Tiance Mansion, I will save you!"
Richard thought of his brother who was still locked up in Erudia, and a trace of anger flashed across his face.

…The
next day.
The Beijing circle, that is, the capital circle is boiling.
Because Heishui Company will arrive in Erudia half a month earlier.
Human life, the shadow of the tree!
Blackwater is unique in the world.
The main industries are technological weapons. To put it in exaggeration, they have the world's top technological
weapons technology.
To many regional forces!
Be regarded as a god by many people!
Their wealth is an enemy country, the world is leading in science and technology, and they have a profound foundation
for hundreds of years…
Whether it is the previous era, or the era of warriors and superpowers.
Blackwater companies are super overlords!
Even in this era of warriors, their status is even more terrifying!
Their black-tech super weapons can only come in handy in this era!
Therefore, no consortium family in the world, no matter which country, does not want to cooperate with the Blackwater
Company…
If it can establish a relationship with the Blackwater Company, then it will be the ancestor of glory!
If there can be great cooperation, then it is really a green smoke on the ancestral grave.
In Erudia, the majority of netizens have four young men in their minds.
They are Fang Shao from the Beijing area, and his grandfather is the president of the Beijing Chamber of Commerce…
Wang Shao from the Beijing area, their family's business is mainly real estate, all over Erudia.
Shao Qin from Haicheng Circle is the owner of three of Erudia's six supercar clubs. His mysterious family is Erudia's
leading consortium, and he is nicknamed the sea emperor by netizens.
And Chen Shao from Yangcheng District, his family background is mysterious, almost everything about seafood in coastal
areas
The Return of the God of War [The Protector] Chapter 2047
As soon as the news that Heishui Company was coming to Erudia to seek cooperation came out, the circles in all regions
of Erudia were boiling.
All the hidden wealthy consortia want to cooperate with the Blackwater Company.

Even if it's a relationship, it's good.
No one expected that the four big prodigal sons with poor reputation in the circle would cooperate with the Blackwater
Company.
This made Erudia's upper-class circles boil.
Why are they?
In terms of background and strength, the families of these four young masters can only be regarded as medium, but on
the bright side, they are relatively well-known.
In terms of skill and ability, these four young masters are recognized as the least in the circle.
Every day can only be a bubble female anchor, show off these wealth.
But Blackwater has cooperated with them.
Soon the CEO of Heishui Company was going to Erudia in person, and it was these four people who received him.
Everyone can only watch, envy, jealousy and hate!
This time.
The family behind the four young masters is exuberant.
Just because the four young masters are famous for their behavior, the parents of the four young masters are
controversial in the circle.
Four less often because of being ridiculed ……
even suppressed!
However, this time the Big Four can cooperate with the Blackwater Company, which is equivalent to a turnaround.
Turn over all their reviews!
Just cooperating with the Blackwater Company is enough to make the Four Great Young Masters be included in the
family's glorious list!
For a time, the fathers of the four youngsters praised them.
Give their family all the rights to welcome representatives of the Blackwater Company and cooperate with these things.
Why did Blackwater choose these four people?
In fact, this is all Richard's plan!
In Richard's view, the feasibility of this plan is still very high.
After all, now the eyes of the world are all on the super weapons of the martial arts superpowers.
On the contrary, few people pay attention to secular power and wealth.
In particular, the news of Sun Stone has not spread at all.
Plus, nosy people like Levi Garrison died.
No one cares about this at all.
Wouldn't go deep into it at all.

By the time they reacted, it was too late.
At that time, these production areas were already in the hands of the Blackwater Company.
Everyone can only watch.
Why choose these four people?
Because it's so controllable!
Compared to other people, the Four Great Young Masters have better control and will not be suspicious of them.
In this way, their plan will be easier to implement successfully.
The next day, the passage of Beijing International Airport.
Dozens of Rolls Royce are already waiting.
The four young masters headed by Wang Shao came to receive representatives of Heishui Company.
They are CEO Rex and young boss Jimson.
Jimson was beaten to death by Levi Garrison, and all his teeth were lost.
Now Jimson wrapped a mouthful of dentures
and his body has just recovered.
He dared to come to Erudia swaggeringly.
After all, Levi Garrison was dying.
Who would dare to move him?
Isn't that looking for death?
When he thought of Levi Garrison, he felt pain all over his body.
The whole person shuddered.
That is a kind of fear carved in the bones.
The Return of the God of War [The Protector] Chapter 2048
Jimson said stiffly, "I'm not afraid, why should I be afraid?"
"Don't say that Levi Garrison is dead, even if Levi Garrison is not dead, I am not afraid!"
"I was not ready last time. He comes to try? See how I let him die!"
Rex smiled, "Just don't be afraid! I thought you were living in Levi Garrison's fear!"
"Uncle Rex, you must know that it was I sent the news about Levi Garrison's stay on Golden Harbor Island to Mr.
Richard! So I was credited for killing Levi Garrison!"
"Well, we all understand!"
Everyone has come to the exit of the passage after the conversation.
The four young masters outside were already greeted by the team.
"Welcome Mr. Rex, welcome Mr. Jimson…" As
soon as Shao Wang and Shao Qin saw a few people, they immediately greeted them.
"Go back and talk!"
Rex said.

Immediately, the convoy set off.
Bring Rex, Jimson and others to the hotel where they are staying.
It is the most luxurious one of the high-end hotels under the Wang Shao family.
It is not open to the public these few days, and is dedicated to hosting the Blackwater Company.
As soon as the representatives of the Blackwater Company came, countless people followed.
They are very envious of the Four Great Young Masters.
They also want to host the Blackwater Company.
After staying at the hotel, Rex immediately gathered everyone together and began to discuss matters.
Richard gave him the order as soon as possible.
Can't make people react.
"Next, a black male Group will expand cooperation with you! All of our technical support! Origin of raw materials,
including but you rely on these bases themselves, which were indicative of the program! You can see for yourself!"
Rex resolutely and begin talking Cooperation.
The four young masters of Wang Shao received a plan one after another.
Although they may not be able to understand, their respective families have sent masters to follow them to help them
complete their cooperation.
So the contract plan is for them to see.
After spending a little time, the assistants of the four majors and minor leaders all read the plan and nodded one after
another, indicating that there was no problem.
Moreover, the concessions and conditions of the Heishui Group were really unexpected.
Blackwater Group basically makes very little money.
But these assistants are all masters, they know that there are conditions next.
"But we have an additional condition! It's true that you asked you to build these basic real estate areas, but they must
all belong to the Blackwater Company! We can come to the initial capital!"
Rex said the conditions.
The meaning is very simple, they have technical support, and these production bases must become Heishui Company's.
Hearing this, the four young masters and their entourage smiled.
That's right!

If the Blackwater Company simply makes profit, it will make everyone think that they have problems and conspiracy.
Now we need the origin of these new energies to suit them.
But for the Four Great Young Masters and their families, this is simply trivial.
They only want to cooperate with the Blackwater Company. As far as profit is not profitable, there is no
The Return of the God of War [The Protector] Chapter 2049
Just buy these production areas and put them on the head of Heishui Company.
Then it will always belong to the Blackwater Company.
Even Tiance Mansion could not do anything about it, and there was no reason to do it.
Unless the place of energy extraction is completed ……
back even know the sun is stone, and there is no way.
"Very well, I like to deal with people who are efficient!"
Rex smiled.
Jimson also smiled and said, "This will allow more cooperation in the future!"
Hearing this, the Big Four became more and more excited.
They must work hard to become the spokesperson of Heishui Company in Erudia, and even the spokesperson of
Dongfangzhou as a whole.
Thinking of this, the four are full of enthusiasm.
"Don't worry, this thing must be done!" The
Four Young Masters immediately went to do it.
They also wanted to sign the contract immediately and really cooperate with the Blackwater Company.
At that time, their status in the family and in the circle will also be greatly improved.
Show those who look down on them and laugh at them.
They are already on the blackwater company list.
The Blackwater Company's need to cooperate with the four young masters was a big issue in Erudia.
Of course Levi Garrison knew.
The Suzaku of the Five Great Wars King was sent by him to collect various intelligence materials.
Now, Suzaku has placed in front of Levi Garrison a sample of the contract that Heishui Company and the Big Four will
sign.
"Boss, the four young ones have gone to buy these six sunstone production areas overnight. No surprise, they will be

able to hand over the six production areas to the Heishui Company tomorrow!"
Suzaku said.
"Um."
Levi Garrison nodded.
Ye monarchs looked at data laughed "It happened ah, this is actually six Wen Lei family?"
"Yes, yes. There are a lot of text home laboratory, they store a lot of experimental field! This is exactly what they are six
! " "
but the strange thing is the text of the home did not find Sunstone, otherwise it six Origin else, forget it! "
Suzaku said.
Levi Garrison sighed, "After all, it is the Lab of the Gods, maybe the Sun Stone is no different from ordinary stones to
others, but after they are developed, it is the greatest energy source! This shows the power of the Lab of the Gods!"
"Boss, I have budgeted. If we make a move ahead of time, we will completely cut the beard before them! Buy the six
origins in advance!"
"And compared to the Big Four, Wen Jia is definitely more willing to sell the place to us!"
Suzaku looked worried.
Levi Garrison smiled and asked, "How much does it cost to buy all the six production areas?"
Suzaku replied, "The Four Great Young Masters have prepared a full 100 billion! This price should be completely won!"
"Then why should I spend such a waste of money? What? One hundred billion, what's wrong with it?"
Levi Garrison said.
Suzaku looked surprised, "The boss said we didn't stop it? Let the four major generals buy the six production areas to
the Blackwater Company?" The
others also looked anxious.
If it really becomes the Blackwater Company, then others will have nothing to do.
Can only watch.
After all, we must take into account the reputation of the great powers.
Especially Erudia attaches great importance to it!
It was difficult to stop at that time!
Levi Garrison watched
The Return of the God of War [The Protector] Chapter 2050

Suzaku glanced at Levi Garrison and smiled and said, "The boss meant this-don't stop them from acquiring these six plots, and give them all!"
"But how can this be done? What culprits can't be allowed by our Erudia stuff Take it away!"
Everyone started shouting.
This matter firmly disagrees.
"Calm down first and listen to me. If we stop now, there is a high probability that we can prevent success! But if we don't say anything about it, it may also anger the Blackwater Company and the Lab of the Gods, and unexpected bad things will happen.
Besides, for now, come here. Said that although we know the sun stone, what is the real sun stone, has anyone seen it?"
Suzaku asked.
Everyone shook their heads.
Even Levi Garrison didn't know what the sun stone looked like.
It is estimated that in the world, no one except the laboratories of the gods knows exactly what the sun stone looks like.
"So even if we stop it this time! The Lab of the Gods will come and steal it. After all, only people know what this thing looks like, and people know how to mine it. It's useless to give it to others!" The others nodded.
It is true.
Mining is also a technical activity.
Perhaps it can only be achieved by other people's technology.
"So, what does the boss think?"
Everyone looked at Suzaku expectantly.
"The Sun Stone is no longer a secret, so sooner or later, it will be mined. It's better to let the Blackwater Company mined all of it…"
Suzaku had already smiled like a fox.
"What then? Didn't the Blackwater Company transport all the Sun Stones back to the Warhawk Nation?"
"Then it's very simple, we'll take them all in half! Don't even think about leaving the Sun Stone from Erudia's land!"
Suzaku smiled.
Levi Garrison, who was on the side, corrected and said, "What to snatch it, is it to take it? My Erudia's things, I take it as I want!"
"Puff!"

Everyone almost laughed out loud.
So this is Levi Garrison's plan? ? ?
That's wonderful!
I allow you to buy the land, and I allow you to mine it even more.
But the Sun Stone is half of it, don't even want to take it from Erudia!
In fact, in the final analysis, the laboratories of the gods don't want these six pieces of land. What they want is the sun
stone.
In fact, to stop coming and stopping is to stop the sun stone.
Levi Garrison didn't need to do anything else, as long as they waited for them to mine the sunstone, he would "rob" all
of them.
Isn't the goal achieved?
Everyone immediately understood the reason why Levi Garrison didn't move.
It turned out to be so.
"But is this a bit bad? After all, they are legal and reasonable…" everyone said.
Levi Garrison sneered, "According to that, I'm still dead. Just push on a dead person!"
"Hahaha…the boss is wonderful!"
Everyone exclaimed.
"Okay, don't have to do anything now. Waiting for them to mine the sun stone quietly, we just need to rob!"
Levi Garrison arranged.
"But, they want to buy these six pieces of land, it's not that easy! Suzaku, make it more difficult for them!"
…
In addition
The Return of the God of War [The Protector] Chapter 2051
After Rex got the news, he contacted Richard as soon as possible.
One hundred billion more is a small amount for Blackwater.
The right of use has changed from permanent to five years, which is a bit difficult to accept.
So he has to ask Richard.
"Five years? Add 100 billion? Haha, this is in line with the style of the big summer people and money fans! If this thing
goes too smoothly, I suspect fraud. If there are more conditions, then it is true!
" Although five years are not long, our experts have assessed that as long as our machines are in place, we will definitely

be able to mine all the sunstones within two years! Five years are too much!"
Richard laughed.
"This condition is acceptable, let someone do it right away!"
"In addition, once you get the right to use these six pieces of land, send all the instruments and technicians to enter and
mine immediately, the sooner the better. Now you can arrange it."
Rex Nodded, "Understood!"
Richard laughed and said, "Erudia, Erudia, for the sake of a mere 100 billion, dare to give this to me? You really don't
know how much the loss is! Hahaha…there will be you at that time Regret it!"
…
After receiving Rex's promise and a subsidy of 100 billion yuan, the four young masters immediately signed an
agreement with related personnel and the Wen family.
The literary family is also dumbfounded.
They didn't know what was going on. Suddenly the deadline was changed to five years, which was 100 billion more.
It seems that some experts who talked about cooperation helped them win it.
But why not do it?
So many benefits.
The four young masters brought the agreement and brought them back like crazy.
Looking at the agreement, everyone at Rex was overjoyed.
It was the first time to send the news back to the Gods Laboratory.
Subsequently, Rex signed a cooperation agreement with the Big Four on behalf of the Blackwater Company.
The Four Young Masters will become the spokesperson of Heishui Company in Erudia in the future.
To put it bluntly, it is a puppet!
The Four Great Young Masters and everyone understand it in their hearts.
But countless people wanted to be this puppet, but there was no chance.
The Four Great Young Masters completely became famous in the circle, attracting the envy of countless people.
Rex was not idle.
All kinds of machinery and equipment and technicians were transported from the other side of the ocean in the first
time.
The Four Great Young Masters do everything they can.

In less than eighteen hours, the personnel of the mining facilities in the six production areas were all ready.
Mined directly.
Speed and efficiency shocked the world!
Richard's philosophy is to mine all the sun stones in the shortest time.
Richard used video and cloud to supervise the mining site.
Rex Jimson and others directly supervised the scene. After all, it is the first time to mine, and there must be no mistakes.
"Mr. Richard, three days later, our first batch of mining is over! It is estimated that all the quantities in the six major
producing areas will be more than what you sneaked into Erudia with someone before!"
Rex laughed.
Richard also smiled.
"Yeah, at that time, we took advantage of our busy schedule for a long time, and it was better to mine now! It will be
fine in the future. We will mine as we want.
The Return of the God of War [The Protector] Chapter 2052
I don't know if Levi Garrison brought too much shadow to him, or he was afraid of being beaten.
Jimson is now the shadow of the cup bow snake.
As long as there is a little bit of wind and grass, Jimson will be terrified.
It seems to be a persecuted delusion.
Now looking at the darkness around him, Jimson felt cold all over, and an uneasy feeling was exposed on his face.
Rex and others saw him strangely.
"What's wrong with you?"
everyone asked.
"I feel someone is staring around! Are your safety measures in place?"
Jimson panicked.
"Look, I said you were scared by Levi Garrison. Now you can't stand the darkness. Don't worry, the surroundings are
safe. I will send someone to check it out!"
Rex sent someone to check around. Circle, did not find anything unusual.
"Look, it's okay!"
"You were scared by Levi Garrison! Come, protect him!"
Rex ordered.
The masters of the Lab of the Gods followed Jimson every step of the way.
Jimson felt relieved.
But his feeling still didn't disappear.
I always felt that someone was watching him in secret.
I have to say that this kind of sensitive person has a very accurate hunch.

Levi Garrison has indeed been in this base.
He just wanted to figure out what the sun stone was.
Before coming, he observed this area.
Comparable did not feel the strong energy fluctuations, although there are energy materials, it can not be said to be of
the level of the sun stone.
has a problem! ! !
Soon Levi Garrison discovered that it was an instrument in the Lab of the Gods that could actually isolate most of the
energy fluctuations.
As long as this instrument is on, no one will notice strong energy fluctuations.
That's why they can mine with confidence.
Levi Garrison discovered that this is an instrument that affects the magnetic field.
Not only can it isolate energy fluctuations, it even has an impact on warriors and superpowers.
Entering this area, Levi Garrison felt that all aspects were suppressed.
It is impossible to fully display the strength.
horrible!
Is the technology of the Gods Laboratory to this level?
What's more, this is only used to isolate energy fluctuations.
If it is used exclusively as a weapon and put into battle, it is even more terrifying.
Only one instrument can suppress the martial artist!
Levi Garrison felt the horror of the Lab of the Gods.
This alone is enough to shock people.
It seems that dealing with the Gods Laboratory is still a long-term thing.
Don't worry, you have to come bit by bit.
The Lab of the Gods showed only a little bit now.
If the Lab of the Gods showed true strength, Levi Garrison would be afraid.
At this time, Levi Garrison had already sneaked into the mining site.
"Boom!!!" At
this time, he already felt a strong energy fluctuation.
Too strong, too strong!
Sun Stone! ! !
Levi Garrison also saw it.
It is indeed a stone.
It is just a kind of transparent crystal, which contains extremely strong energy.

If ordinary people get close, it is estimated that they will be obliterated invisibly by the energy contained in it.
Can't bear this terrible energy directly, it will be squeezed into meatloaf
The Return of the God of War [The Protector] Chapter 2053
Mining sunstone!
It will definitely cause the loss of sun stone and the loss of energy.
If the technology is immature, this loss is extremely large.
What's more, the emission of energy may cause disaster.
However, the instruments in the Lab of the Gods actually achieved almost zero loss.
This is also terrible.
Finally, the instrument installed with the sun stone is the most terrifying, and it completely retains the energy of the sun
stone.
…The
Lab of the Gods is terrifying! ! !
After one night, Levi Garrison had understood everything about mining.
Including the storage and transportation of sun stone.
The next thing is to wait for the transportation in three days…
With Zoey's crazy efforts these days, her strength has been improved again.
She can even draw inferences from one another to unlock the potential of her body more and more. .
"The Blackwater Company has signed a contract with the Big Four. It seems that they have some conspiracy to come to
Erudia. All the leaders are here! Jimson, the young owner, is here!"
"I remember that Jimson brought the news that his brother was on Golden Harbor Island. It was passed to the Lab of the
Gods, and he was also one of the murderers who murdered his brother!"
"He was right! He was indeed a murderer!"
…
Wen Lei and Mia (Zhou Nanyan) were discussing about the Blackwater Company.
Zoey, who had just left the customs, heard all this in his ears.
"The murderer who killed King's Landing came to Erudia?"
Zoey asked.
Wen Lei nodded, "You can say that! Heishui Company has an unshirkable responsibility! They are one!"
After saying this, Wen Lei immediately realized something.
"Zoey, calm down, don't think about killing them! This is not the time!"
Wen Lei immediately persuaded.
Zoey nodded, "Don't worry, I have a sense of measure."

Her sense of measure is not just as simple as that of the Blackwater Company. She wants to uproot the laboratory of the gods.
…… The past few days have been difficult for anyone.
Especially for Richard and the others.
He would not be at ease if he did not see the Sun Stone.
So in the past two days, he put down everything and kept an eye on the mining situation.
In the past two days, the various forces in Erudia have been vigilant and began to inquire about what the Blackwater Company is doing.
Including Messiah and Tiance Mansion and so on.
The Four Great Young Masters and their families have already understood that the Heishui Company is for the new energy sources in these production areas.
They are already mining frantically.
It's not like I said before, start cooperating with them.
not at all.
This is basically deceiving them.
But they have no complaints.
Whatever Heishui Company wants to do, it's up to them.
They are already a cooperative relationship anyway.
The name of the Blackwater Company is enough.
They responded quickly in Tiance Mansion.
It has gradually become known that the Blackwater Company is mining materials on these six plots.
I don't know what it is, but it will be exposed soon.
But it's useless to know it.
You can't get the Heishui company out, right?
…
Soon the time of three days came.
In these three days, people like Richard and Rex basically didn't even blink their eyelids.
The first sunstones mined finally recovered.
The Return of the God of War [The Protector] Chapter 2054
Even in Richard's analysis, Tiance Mansion will be escorted secretly accordingly.
After all, something went wrong, and they couldn't hold back their face.
Apart from other things, Erudia's reputation is also to be considered.
Richard was indeed right.

Tiance Mansion really arranged for someone to watch it in secret, and was afraid that someone would do it.
The matter is small, but the face is great.
Six transport teams from six major regions arrived at the port safely.
As Richard expected, no one stopped or snatched it.
No accidents at all!
Rex, Jimson and others specially escorted six batches of sun stones to the port.
Watching all the sun stones move onto the ship.
They all breathed a sigh of relief.
As long as you leave Erudia, you will be safe everywhere.
"Mr. Richard's mission is complete, you can wait to accept it!"
Rex talked to Richard.
"The biggest hidden danger lies in Erudia. Once Erudia is out, who would dare to move the things in my Gods' laboratory
in the whole world?"
Richard laughed.
This is not just casual talk, it stems from the hegemony of the Warhawk Nation and the terrible nature of the Lab of the
Gods.
The name of the person, the shadow of the tree.
Who dares to move the things in the laboratory of the gods in the world?
It's too late to hide!
That is to say, Levi Garrison and Erudia dared to oppose the laboratory of the gods before, and the others didn't have
the guts at all.
Therefore, Richard has this confidence that as long as the Sun Stone leaves Erudia, it is absolutely safe to transport it
from the sea to the Eagle Nation.
No one dared to move at all.
What's more, there are many masters on the escort.
This is safe.
"Now that Uncle Rex has completed the mission, I will celebrate with a few friends!"
Jimson said.
After the task was completed, Jimson became confident as a whole.
The shadow of Levi Garrison is getting smaller and smaller.
"Okay, no problem! The completion of the first batch of sun stones is a milestone for us and it is worth celebrating!"
Rex laughed.
...
"Dip!!!"

Accompanied by the whistle, the ship slowly left the harbor and completely left the territory of Erudia.
Just when everyone thought it was stable, a voice uttered, "It's time to make a move!"
Levi Garrison had been staring at the Sun Stone.
How could Sun Stone leave Erudia easily?
Since I started in Erudia and affected my reputation, then I would do it outside Erudia.
A few hours later, the ship transporting the sun stone had arrived on the high seas.
This is also the time when everyone relaxes their vigilance the most.
The first few hours, Blackwater has issued a worldwide notice "anyone who dared to touch these things! So Blackwater
and laboratory gods will die with him endlessly! Warhawk and even anger throughout the country!"
This As soon as the announcement was made, no one dared to make the idea of this batch of things.
Even some people, including some pirates, remove obstacles on the sea in advance to show their courtesy.
On the ship, the crew and the master escorts began to celebrate.
Either drinking or dancing.
The Return of the God of War [The Protector] Chapter 2055
Ackles and Van der Sek were taken aback by the movement in front of them.
"God, shouldn't there be anyone who is not afraid of death, right?" the two exclaimed.
"Boom!"
"Boom!"
……At
this time, black shadows flew out from under the sea and jumped directly onto the ship.
A small boat appeared around…
"Someone did it! Must protect it!"
Van der Sek called up the masters and prepared to meet him.
It's just that he just got out of the cabin, and saw a person standing on the highest point, carrying his hands on his back,
like a god.
"Kill!"
"No one can take Erudia's things!"
Levi Garrison gave an order.
The killing began.
…

Originally, the Lab of the Gods didn't pay much attention to this escort, and felt that no one dared to move.
So the escorts are not very powerful.
I just met Levi Garrison.
Soon the whole army was wiped out, and no one was left.
I also borrowed these people to experience Azure Dragon (Qinglong) and them.
Let their strength be improved again.
"Remove all the sun stones! Remember, transport them to the place arranged in advance, and do not expose or leave
flaws!"
Levi Garrison personally directs them, and Azure Dragon (Qinglong) is very efficient and efficient.
Everything is done within three minutes.
No one was left, and all the Sun Stones were taken away.
And the speed was so fast that these people didn't even send out the distress signal.
It is the same as they disappeared from the sea.
However, Levi Garrison did not transport the Sun Stone to Erudia. Now the eyes of the whole world are on Erudia, but
they will be exposed.
Levi Garrison always stood at the highest point, observing everything.
"In the future, if you bring a sun stone back from Erudia, I will give your last name!"
Levi Garrison sneered and gradually disappeared into the night.
the other side.
Jimson followed the four young masters to the nightclub Hippy, releasing all the recent pressure.
Rex was not idle either, and had dinner with the two beauties.
All worries are left behind.
They don't even want to ask about the transportation, just waiting for Richard's award.
The same is true for Richard. He carefully checked the transport ship a few hours ago.
But later he was completely relieved.
Looking at the world, no one dares to move.
Richard also went to sleep in peace.
When I wake up, the transport ship will almost arrive.
...At
this time, the major forces in Erudia, especially those headed by Tiance Mansion and Yanlong Guard, had gone through a
long period of investigation.

Finally know about the sun stone.
Also understood all the conspiracies of Richard and the Lab of the Gods.
They aimed at Erudia in this way because of the abundant sunstone of Erudia.
After Levi Garrison was framed some time ago, Richard had already brought someone to take away the Sun Stone.
It's just that everything is too late!
Today, the six major areas rich in sun stones are owned by the Blackwater Company for five years.
Everything is legal and reasonable.
They can only watch and can't stop the mining…
Regret! ! !
It's just that their reactions are too slow!
The attention was all on Levi Garrison, and he hadn't thought about other things.
Only Levi Garrison was at the forefront of this aspect.
The Return of the God of War [The Protector] Chapter 2056
For some reason, Richard was a little flustered.
"Understood!" The
subordinates immediately contacted Akers.
It's just that there is no signal, let alone a reply.
What's more frightening is that any signal from this ship is gone.
It seems to have disappeared.
"Mr. Richard's big business is not good!!!"
"The Battle Gold has disappeared! There is no contact at all!!!"
… As
soon as the news came out, Richard and everyone was shocked.
"What? The War Gold disappeared?"
"How is this possible?"
Richard looked incredible.
Could anyone really dare to touch this batch of things?
"I just checked. The Battle Gold has lost its signal since last night, but everyone didn't treat it as the
same thing and didn't check it!"
…
"Last night???"
Richard was furious.
I thought it was stable last night.
Where do I want this to happen.
Richard hurriedly asked, "Can't I get in touch with Zhanjin? Can't I get in touch with Ax?" He
shook his head. The gold number really disappeared!"

Richard ordered "Check the chips on Van der Seck and the others, and determine their location!"
"Well, you need to enable permission to view this!"
"Latest news!!! Escort! All the chips in the bodies of Van der Sek and others in the team failed! They
were all dead! None of them survived!"
In the escort team, there are twenty powerhouses related to the Gods Lab.
Everyone has a chip implanted in their body.
Now the chips have failed.
The proof is dead.
"Boom!"
Richard was shocked.
The whole person was dumbfounded.
All the masters of the escort team died.
That means that the entire army of the War Gold was wiped out… The Sun Stone is also almost impossible to protect.
"Who? Who dares to oppose the Lab of the Gods?"
Richard snarled up to the sky.
He believes that no one has done anything in the most dangerous area of Erudia, but he believes that
something has happened in the safest place.
who?
Who the hell is it?
Don't you ignore the announcement and force the things in the laboratory of the gods?
"Look, look for it right away! Even if the War Gold is destroyed, you must find it!"
Richard immediately dispatched dozens of super aircraft to search for the War Gold.
About an hour later, news came.
The War Gold was discovered somewhere in the sea.
Most of the ship was damaged, and there was not a single mouth left on the ship.
All the sun stones were also robbed and disappeared.
In terms of time, it happened about seven hours ago.
"Boom!!!"
Richard backed back again and again, almost fainting to the ground.
Not to mention the huge number of sunstones mined in this batch, the key is that someone dares to
move!
The loss is too great! ! !
"Who? Who is it?"

“Check,
check it out for me!” “You have to find out!”
…
Richard was crazy.
“Mr. Richard, do you think Erudia did it?”
Someone asked.
“If Levi Garrison is alive, it must be Erudia! But
The Return of the God of War [The Protector] Chapter 2057
Rex almost fainted.
“Is there anything else? Who is so bold?”
“I don’t know at the moment, listen to me, continue to mine, and mine the second batch at the fastest
speed! Hurry up!!! You stare at it yourself! Absolutely can’t get out. A little problem!”
Richard urged again and again.
Rex ignored the others and immediately put on his clothes.
Simultaneously notified Jimson and the Four Majors.
These five people hid all night last night and hadn’t slept for long.
But after receiving the news, all of them were completely distressed.
All were awakened.
The four young masters learned what was being transported last night.
But it’s a matter of interest, they are on the side of the Blackwater Company.
They were also shocked when they learned that something had been robbed.
“Everyone immediately stare at me!”
Rex shouted.
Upon receiving Richard’s task, a few of them immediately stared at the mining.
The first batch has problems, and the second batch must not have problems.
…
Just as Richard sent all the resources to investigate who stole the Sun Stone, he also ordered that all
news be temporarily blocked.
The news of the Sun Stone cannot be known to the whole world.
After all, the Sun Stone is currently the top secret of the Gods’ Laboratory, and few people know it.
But at this moment, someone posted a message on the dark web and was shocked! A batch of sun
stones mined by the Blackwater Company of the Gods Laboratory from Erudia was robbed by

mysterious forces… As
soon as the news came out, the whole world was boiling.
atory of the gods was robbed.
They all turned over with joy.
Time passes by one minute and one second
The first point of shock is what is the sun stone?
What is the mysterious force that shocks the second point? Even dare to grab things from the Gods Lab?
……
Someone soon found out what sun stone is, and currently only the energy materials found in the
laboratories of the gods.
This energy material is unprecedentedly strong!
It is the substance with the strongest energy found so far!
The source of energy supplied to the Gods' Laboratory over the years is the Sun Stone!
This time, the Lab of the Gods was forcibly appeared in the public's field of vision…
Someone directly rendered the Lab of the Gods as a terrifying force…
and some people directly pointed out that Levi Garrison and others were killed by the Lab of the Gods.
…For
a while, everyone was cheering that the mysterious forces had robbed the sun and stone calamity!
But I was also lamenting that the courage of the mysterious forces was really too great.
Apart from Levi Garrison who openly opposed the Lab of the Gods, they were the second.
This is ground breaking on Tai Sui's head!
Everyone wonders who this mysterious force is?
To say this, Richard and the Lab of the Gods want to know who it is?
To grab the Sun Stone is to grab the future of the Lab of the Gods and the lifeblood of the Lab of the
Gods.
They are not in a hurry!
…
Who is the happiest to say that the sun stone in the laboratory of the gods has been robbed?
That must be Erudia's side.
Tiance Mansion and Messiah regretted what they had done a moment ago.
Sigh that everything is too late.

Can only helplessly watch the Lab of the Gods mining on the land of Erudia.
But helpless.
Unexpectedly, the next moment, I heard the news that the sun stone in the labor
The Return of the God of War [The Protector] Chapter 2058
"What way?"
Everyone looked over.
Richard looked serious, "Wait for them to take action again!"
"Now we have no clues about their information, we have no breakthrough at all, just like a headless fly!"
"Even with our strength, we can investigate. Less than the slightest, it shows that the other party has a
great background and a little ability." The
others agreed, "Yes, that's right! The other party can steal the sun stone silently, there are definitely two
brushes."
Richard took it. The topic "So we can't find it! Unless we search every corner of the world, but that's
impossible!"
"Now we have to wait for them to show up and wait for them to leave clues. To catch them and dig
them out!"
Richard cleared his throat. "I have arranged for Rex and them to mine the second batch of sunstones
and transport them again one day later! I will escort them along the way, and I will see them still Can
you grab it?"
Everyone nodded, "The plan is good! Transport the Sunstone again to see if they still can't make a move!
Once they make a move, they will be completely exposed! We will uproot them at that time!"
"Yeah, everyone ! Start preparing! Let's see where it is sacred in a day?"
Richard's brows twisted into a
sacred word, and he said, "But it is also possible! They just want to grab the sun stone once! After all,
that batch of sun stones The energy is huge, and for most forces, it is enough for a lifetime
."
"So it is possible that they will not appear at all, and we can't wait!"
...The
others were silent.

This is really the case.
“So tomorrow they will know whether they want to prevent the Sun Stone from leaving Erudia, or
simply want to rob the Sun Stone.”
Richard smiled, “I hope they are trying to prevent Sun Stone from leaving Erudia…”
…
Richard quickly planned everything.
The enhancement of the transportation escort and the blessing of various instruments.
There are inspections everywhere along the route, as well as various unmanned aerial vehicles and
various advanced technology applications.
Once a problem is discovered, the support team will arrive within a few minutes.
And this time, Richard asked Rex to mine only one day’s amount in
order to attract people, not really want to transport so much.
On this day, the eyes of the whole world are on the laboratory of the gods.
In particular, no mysterious forces can be found, and all parties are slandering the laboratory of the
gods.
However, Richard let the mining continue again, and this plan is clearly tempting.
Everyone knows it well.
Levi Garrison and they naturally knew all this.
Suzaku’s real-time intelligence transmission, Levi Garrison is reading everything.
“Boss, Richard’s second transportation is to get us out! He must have laid a net waiting for us!”
“I suggest giving up this time! Anyway, they only mine one day’s sunstone, not many!”
…
Several people suggested.
Levi Garrison glanced at them, “Did I say that they never wanted to take a sun stone from Erudia?”
The Return of the God of War [The Protector] Chapter 2059
The eyes of the world are focused again.
Everyone wants to know whether the mysterious forces will make another move.
The major forces in Erudia hope that the mysterious forces will take action, and they least want Erudia’s
things to be taken away by others.

Richard wanted them the most so that he could catch them all in one fell swoop.
I have to say that Richard is an old fox.
In addition to laying out the net, he also deliberately exposed some gaps.
If the transportation team is extremely defensive, then the opponent will never have a chance to take
action, but will not be exposed.
So Richard deliberately exposed flaws along the way or in other areas.
It is convenient for the mysterious forces to invest, thereby robbing the Sun Stone.
Only then can they have a chance to catch these people.
On the other side, Levi Garrison received the news of the departure of the transportation team.
"Okay,
let's start!" Levi Garrison ordered.
"The boss is still a bit wrong, we rushed to take action , we will definitely be targeted."
…
Some people think it will be exposed, so they don't agree with Levi Garrison's actions. Levi Garrison
smiled. "Do you think that Richard wanted to attract me to show up.
Didn't I expect it in advance? To be
honest, I thought about it once before the first start. We just need to do it, and the next one will be
difficult. I've been prepared long ago
."
"So that's the case, then we can rest assured."
"This time is the time for us to show our strength!"
Levi Garrison's mouth showed a smile.
…
This time the transportation team is no longer so relaxed, there are no drinking and dancing.
I'm afraid my life is gone.
Everyone is extremely vigilant.
Waiting for the danger to come.
Richard has always kept in touch with the transportation team…
every minute has passed, but for Richard and the others, every minute is as long as a century.
One hour.
Two hours.
…
Seven full hours have passed.

The person still didn't show up.
Everyone panicked.
Everyone's first thought was that the mysterious force simply disappeared.
Even Richard began to doubt.
"Are they really not showing up? Don't they want to stop the Sun Stone from leaving Erudia, just to grab
energy?"
"Don't, you guys show up, or I can't find you."
...
Richardt Started to panic.
He very much hopes that the mysterious forces can make another move.
"The transport team keep going! You show up, show up!"
Richard prayed.
Time continues to pass.
It's been eight hours.
There is still no movement.
None of the tests arranged by Richard found any abnormalities.
There was no movement along the route.
Erudia, who was worried, was gradually disappointed.
They especially don't want the Sun Stone to be taken away by the Gods Lab.
But now the mysterious forces have been slow to take action.
That proves to be impossible.
With the addition of Richard's arrangement of the net, the fool would touch this mold.
In the future, everyone can only watch the Sun Stone being taken away a little bit.
...
"Is it really a simple robbery
The Return of the God of War [The Protector] Chapter 2060
The news came suddenly and everyone was shocked.
Richard was refreshed in an instant.
The whole person stood up immediately.
"What happened?"
Richard shouted.
"Mr. Richard just now we discovered that the signal from the No. 18 sea area detection station is gone!"
The personnel of the general control room sent a message.
"Huh? Quickly check what's going on?"
Richard had a bad premonition passing through his mind.
"It's not good, the signal from the sea area inspection station No. 19 is gone!"

“The signal from the sea area inspection station No. 20 is also gone!”
“No. 17 has disappeared too!”
“No. 16 has disappeared too!”
“No. 15! “
No. 14!”
…the
next second, alarms sounded everywhere in the master control room.
The 30 sea area detection stations that Richard arranged all lost one after another.
“Boom!!!” The
news was like a broken bomb, and the bombed Richard and others were out of breath.
The bad news came one after another, and the psychological endurance was almost impossible, and it
was estimated that he would be frightened and fainted on the spot.
“No, no! All the 78 unmanned aerial vehicles we sent out were destroyed!!!”
“Our potential subsea instruments are also malfunctioning!”
“No, all our instruments are abnormal! There is a problem! Alarm! , Alert!”
…
No one thought that this was just the beginning.
One big thing after another!
But it’s not just a problem with the equipment…
“No, the first team we ambush has disappeared collectively!”
“The second team is also missing!”
“The third team is also missing!”
…
Richard arranged a total of Eighteen super teams lie in ambush in the sea or surrounding islands. When
someone shows up, these teams will be dispatched immediately.
But now all of them have disappeared.
“Not only that! All the chips implanted in their bodies have failed, which means that everyone is dead!
No one is left!”
Another bad news came.
Doesn’t it mean that all the 18 teams in ambush died?
This is the main combat power arranged by Richard.
All dead?
Don’t even give me a little time to think?
What level must this be?
How did so many masters disappear in an instant? ? ?

“Boom boom…”
“Boom boom…”
…
At this moment, Richard clearly saw the picture uploaded on the screen.
That is the picture of explosion.
The location is impressively seven islands around the route.
Where there is an airport base, Richard arranged a support team.
Once something happens, these support teams will arrive within a few minutes at the earliest.
But now the seven islands have exploded and bloomed…
none of them was spared…
“Mr. Richard, our support and the island base are all gone! Several islands sank directly to the bottom!
Everything is gone!”
…
Richard was silent.
The entire control room was silent.
Everyone was shocked by the bad news again and again.
Nothing can react.
“The big thing is not good!”
“Ship No. 1 is out of connection!”
“Ship No. 2 is out of connection!”
“No. 3 is also out of connection!” <
The Return of the God of War [The Protector] Chapter 2061
Senseless.
Everyone was dumbfounded.
Even the Lab of the Gods was dumbfounded.
This kind of thing has never been encountered.
Richard thought that everything was perfectly arranged.
Those who have covered inspection guards will not miss a single place.
There is an escort!
There is an ambush!
There is also ready to support at any time!
…
Everything is properly arranged, ready to invite you to enter the urn.
But who can think of it.
Everything he arranged was destroyed at the same time.
This is also terrible!
The key is how does the other party know all this?
The transportation team is resolved to understand!
The detection stations in the sea area failed to understand!
……

But how did the eighteen teams in ambush discover it?
How did the instruments hidden on the seafloor discover it?
And how did the seven support bases in the sea area be discovered?
This is the first question.
The second question is how to destroy these at the same time?
This strength is a bit too scary, right?
How many can you do in the world?
Desperate!
Richard and the Lab of the Gods were completely hit this time.
The loss is not only the Sun Stone, but the reputation of the Gods Laboratory.
Everything was rubbed on the ground.
shame!
Great shame!
Two times in a row!
"Hurry up and send someone to investigate! Go and see the scene!!!"
Richard screamed angrily.
The whole person is going crazy.
The Lab of the Gods sent a supersonic vehicle to check the situation.
Whether it was the inspection station, the island, or the transportation team, they were completely
destroyed.
No clues were left.
It's exactly the same as the first time.
The other party has calculated everything.
No key useful things will be left.
If you don't want to leave evidence, then the best way is to destroy everything.
You can't even find it at the scene.
Let alone any evidence.
As for the sun stone, it has long since disappeared.
Let alone detected.
Richard's plan to lure the snake out of the hole ended in failure.
This time, apart from the lack of sunstone, the loss was too great.
It is invisibly weakening the power of the Gods Laboratory.
Just the seven islands and which inspection stations cost a lot.
It was so ruined, it was almost pierced with a knife.
The master also lost a lot.
More importantly, the Lab of the Gods has become a joke.
This is too shameful!
At this moment Erudia began to cheer.
Sure enough, the Gods Lab didn't let the Sun Stone be taken away…

He Qingxue from Golden Harbor Island was also cheering.
Someone finally inherited Levi Garrison's mission before his death and was stopping them.
But who will it be?
Are Levi Garrison's men?
It seems that the strength is not enough?
On the other side, Tiance Mansion and the others had already begun to doubt the people who did it.
"Do you think it was the hands of a major force in our Erudia?"
This guess is not unfounded.
I did it for the first time, and everyone believes it was not done by Erudia's forces.
Mainly it is too obvious.
But the second time it was different.
Except Erudia
The Return of the God of War [The Protector] Chapter 2062
"The master doesn't know who it is! However, the master said that it is not necessarily Erudia! It may be
outside Erudia!"
said the person.
"Huh?"
This surprised Richard.
"The master said that there are many terrorist forces! For example, the Bible organization! For example,
the Emperor Organization!"
"The Bible Organization?"
Richard's expression changed.
He has heard of the name of the Bible Organization.
Very mysterious!
The dark god and the eighteen dark angels are all too strong.
Emperor organization? ? ?
Known by a small number of people as the enemy of the Gods Lab.
They are also known for their science and technology, and they are the top scientific and technological
forces in the Western Continent.
It's just that the Lab of the Gods has never paid attention to the imperial organization.
In their view, the imperial organization and the Blackwater Company are at the same level.
Where can you become the enemy of the Gods Lab.
So this is not in the consideration of the Lab of the Gods at all.

Now that Huoyun Cthulhu's men reminded him, Richard realized something.
Opponents that are often overlooked will give you a fatal blow at the critical moment.
"Okay, I see! This is a bit of a direction!"
Richard said with a gloomy look. "The opponent made two consecutive shots and showed such a strong
strength! It roughly means that they are going to the end with us! The third time they are still Will make
a move!"
Huoyun Cthulhu's subordinate said, "By the way, the master also told me to tell you that you can try to
find the sun stone! Even though they make a quick move, but in such a short time, so many sun stones
are not far away. Yes!"
Richard's eyes lit up when he heard it.
"Yes! The amount of Sun Stone is huge! Even if it's luck, it won't be too far away! The only possibility is
to hide it nearby!"
Richard exclaimed.
"Look, find them for me!"
Richard and his brows finally stretched out.
At least there is a clue.
At least know the direction.
And not surprisingly, the opponent will still act next time.
They still have a chance!
It's just that this time the loss is too heavy!
Richard called out distressed.
This has become his responsibility!
The next arrangement must be foolproof, otherwise he would not be able to raise his head in the Gods
Laboratory.
After all, this shame must be washed away!
If the humiliation is added again, I am afraid that Richard's position will be difficult to maintain.
"Quickly check it out for me and prepare it for me!" The
Huoyun Cthulhu promptly reminded the confused Richard to have directions and plans.
Instead of being immersed in the dumbfounded state as before.
The Huoyun Cthulhu is indeed powerful, and he can even stare at the commoner to kill the god.
But he didn't expect Levi Garrison to be alive.

Everything was done by Levi Garrison.
At this moment, Levi Garrison is with Zhuque Azure Dragon (Qinglong) and the others.
"Yes, yes. You didn't practice in vain these days!"
Levi Garrison smiled and praised.
Levi Garrison is powerful, but in such a wide range, it destroys everything at the same time.
He can't do it alone anyway.
Therefore, this is a collective action.
It was also Levi Garrison's early thinking that he wanted to detect Azure Dragon (Qinglong) and they are
now
The Return of the God of War [The Protector] Chapter 2063
"Dragon Cavalry Forbidden Army, let all of them come to see me!"
Levi Garrison ordered again.
Shortly after.
All the dragoons came.
After getting Levi Garrison's task arrangement, they left one after another, not knowing what to do.
Zhu Que and the others looked at Levi Garrison curiously, "Boss, what exactly did you arrange for
them?"
"You will know this at the time. It is kept secret for now!"
Levi Garrison smiled.
"It's too difficult for the boss to want to steal the Sun Stone for the third time. Richard must use all his
strength to look after it."
"Yes, again and again, let alone Richard?"
"Boss what do we do this time?"
Everyone looked worried.
Levi Garrison smiled and said, "It doesn't matter, you can just wait and see when the time comes!"
...
evil door!
It is really rare to succeed in the
first two times in the laboratory of the gods , and the second time it caused the laboratory of the gods to
lose so much.
In Erudia's Rex, Jimson and others were completely dumbfounded.
Not to mention the loss of this wave.
That is, the money they use to mine the phone bill is astronomical.
The cost of these two mining operations was too great.

But all the sun stones were robbed.
They fetched a basket of water for nothing.
“I don’t believe it, this sun stone can’t be shipped back?”
Jimson didn’t believe in evil.
I haven’t slept well these days.
After finally squinting for a while, I dreamed of Levi Garrison… I dreamed that Levi Garrison was still alive!
He did everything!
“Uncle Rex, I think there is a possibility that I can tell Mr. Richard!” Jimson said.
Rex froze for a moment, “Huh? That possibility?”
“I think Levi Garrison is still alive! He did all this! I can dream of him after taking a nap in these two days,
and he did it in my dream!”
Jimson said very positively.
His hunch is getting stronger and stronger.
“Puff!”
Hearing this, let alone Rex, even the four young masters almost laughed when they heard it.
Can it be like this?
Rex was directly angry, “Jimson, you are crazy! You are really scared by Levi Garrison! I didn’t expect a
dead person to give you such a big shadow!”
“It’s not me…”
Jimson still wanted to explain , he was interrupted by Rex “nonsense! now the whole world who does
not know the monarchs of dead leaves, their bodies were dissolved! this is what you know, right? how
could he still alive?”
“I ……”
a Timson was speechless.
“But my premonition is very strong, I feel that Levi Garrison is still alive! He often appears in my dreams,
I feel…”
“Okay, don’t feel it! If this goes on, I’m sure you will be crazy! If you don’t want to Stay, I can send
someone to take you back!”
Rex was already furious.
“That’s not
true ! But I think I can talk to Mr. Richard…” Rex glared at Jimson fiercely. ?”
The Return of the God of War [The Protector] Chapter 2064

These five days have exhausted everyone in the six major sunstone producing areas!
Since entering the station, it hasn't been idle for a day.
First it was three days of mining, the next day of mining, and now five days of mining…9
consecutive days of high-intensity work, the body can not stand the iron.
Even the masters who protect the production area, they can't stand it.
It's not the body, but the will and the spirit are a little broken.
In addition, all the sunstones mined in the first two batches were robbed.
Everyone's mental pressure is very great.
Almost no one has ever rested, even sleeping is a problem.
Even Rex, Jimson and the others did not close their eyes and kept staring.
All personnel in the six major sunstone producing areas are exhausted to the extreme.
Some people even fainted during work.
All areas showed a state of extreme fatigue.
Jimson yawned, "Why are you so tired? I can't hold on anymore!"
"Yes, I don't know what's going on, I feel so tired? Where is the problem?" The
four young masters are also in the same state.
"Something is wrong, why are everyone listless?"
Qin Shao realized something was wrong.
There is an indescribable weird feeling.
There seems to be a problem.
"Can you be energetic? Who can withstand such high-intensity work?"
"Yes, for nine days in a row, it's no wonder that I can't be sleepy. I can't take it anymore!"
…
after listening to other people's statement.
Qin Shao felt that there was no problem.
Indeed, nine days of high-intensity work is terrible.
Enough to make everyone collapse.
…
"It doesn't seem to work, this kind of high-strength is too useless! You have to get some laboratory
enhancement potions to use!"
Rex also found the problem, and must use special potions to enhance physical strength and mental will.
.
He yawned and commanded Sunstone to load the truck.
Even the people loading the truck are extremely exhausted.

It could have installed all the sun stones in one hour, but it took three hours.
It shows how tired everyone is.
The transportation team starts to set off…
Richard is ready for everything!
Whether it's the transportation team, or everything along the way, there are also support teams.
All to the point of perfection.
Especially after learning from the previous experience.
Richard spent a full five days doing more detailed work. The additional masters, various machines and
resources and money he sent out were ten times the previous one.
And Richard led the masters of the Gods' Laboratory to sit in the sea in person.
Richard didn't believe it.
Can the goods be robbed this time?
This is impossible!
In addition, the Fire Cloud Cthulhu and his Black Sun organization also agreed to assist.
Either shoot directly, or help Richard find clues…
Richard and the others have prepared everything.
Waiting for the mysterious forces to take action.
Soon after, the transportation team arrived at the seaport.
After loading the cargo ship easily, set off and headed to the war eagle country.
The eyes of the whole world gathered again, and everyone's breathing became sharp.
Will the mysterious forces make a third move?
Will it be successful after a shot?
After all, everyone knew that Richard had arranged everything.
"Okay, let's start, all teams pay attention! Be vigilant and contact at any time! Report once every three
minutes!"
Richard started everything.
The Return of the God of War [The Protector] Chapter 2065
Why still no one shot.
Not even the slightest fluctuation was detected in every area he arranged.
This is not normal.
The first two shots were taken after the transportation team sailed for seven or eight hours.
That is the best time.
But now this time has long missed the best time.

According to the speed of the transport team, the agreed location will be reached in a few hours.
At that time, it was already within the scope of the war eagle country.
In any case, it will not be robbed.
"Mr. Richard, did you say that the other party is afraid? After all, we are in such a big posture! Who is
not afraid when we meet?"
"Yes! This time it is estimated that the other party expected that it would be impossible to succeed! So
just gave up?"
"It's very possible! If the other party wants to make a move, they have already made a move! It won't be
delayed until now!"
…
In fact, everyone said it makes sense, and Richard thinks so.
"But for us, every second is dangerous! Everyone should be vigilant and not ignore every second!"
Richard still ordered the ministries to stare firmly.
The Huoyun Cthulhu also sent back news in real time.
They did not find anything.
Somewhere outside of Erudia.
Levi Garrison was with Zhuque and them.
Everyone looked at Levi Garrison in amazement.
Levi Garrison was drinking tea with a relaxed expression.
"Boss, are you sure you don't need us to take action? How long will the Sunstone be transported to the
Warhawks? Are you sure we won't take
action ?" "Yes, boss let us take action? In another four hours, everything is too late! "
"Yes, boss, we can't give up!"
…
At first everyone thought Levi Garrison had some earth-shattering plans.
Unexpectedly, Levi Garrison stayed still.
Seeing that the sun stone is about to be transported to the war eagle country.
Levi Garrison was still drinking tea leisurely without panic at all.
What is he waiting for?
Everyone is anxious.
Anxiously sweating.
Levi Garrison looked up at everyone, "No one can act without my order!"
"But the boss…"
"Shut up! Listen to the boss' order!"

Azure Dragon (Qinglong), Xuanwu scolded.
Suzaku also coldly yelled, "Richard has already set up a net for the sky and the earth, who of you can
break through?"
Everyone was silent.
Stop talking.
……
Everyone on Richard's side is highly focused and staring at all times.
But the mysterious forces do not appear to live or die.
Richard was helpless.
Time is disappearing a little bit.
The sky is gradually getting brighter.
But the person still didn't show up.
Time continues to pass.
Six hours passed.
The mysterious forces did not take action.
The transportation team entered the waters of the Eagle Nation without any risk.
Completely reunited with the team led by Richard.
Looking at the intact transport team in front of him, Richard was in a daze.
Is this true or false?
Isn't it a dream?
Really shipped back? ? ?
Not just him, everyone has such doubts.
This is not normal!
*It's like a f*cking dream!*
Then
The Return of the God of War [The Protector] Chapter 2066
This is not too challenging!
keep going!
What's wrong?
Richard is the one who most wants to catch the mysterious forces in one go!
He is looking forward to a positive contest.
such a pity.
These people didn't dare to show up afterwards!
Richard shook his head helplessly.
"Let's go, follow me to see the sun stone!"
Richard wanted to check the sun stone that was shipped.
"Good!"
Everyone followed.

This time it took five days to mine, and the amount is really not small.
A base is packed full.
“Open it!”
“Watch out!”
Richard ordered.
Everyone present was wearing protective clothing.
Richard also wore a special mech.
I was afraid that the energy of the sun stone would be hurt… the men opened a box, and everyone backed vigilantly.
“Huh?”
But when the box was opened, everyone was taken aback.
Because everyone didn’t feel the terrible energy fluctuations.
In the past, even a small piece of sun stone had super strong energy radiation.
What’s more, it’s normal for a box of sunstones to overturn people with its power.
But now there is no energy fluctuation at all.
unusual!
“What’s the matter?”
Richard leaned forward to look.
When he saw the scene inside the box, Richard’s face changed wildly.
A face becomes red and bloodshot at a speed visible to the naked eye.
“This, this, this…”
Richard was going crazy, because the box in the box was not a sun stone at all.
Not even half a piece!
The box is full of stones, ordinary stones!
“Boom!!!” At this moment, Richard’s blood pressure rose rapidly.
It went black and almost fainted.
When others saw it, it was the same, almost not scared to death.
“No?”
A bad premonition spread in everyone’s hearts.
If that happens.
That is the most terrible.
“Open the other boxes! All the boxes! Open them all!”
Richard yelled like crazy.
The subordinates went to open other boxes to check.
“Boom!”
“Boom!”
…

Boxes opened one after another, and all the ordinary stones fell out of them.
all! ! !
There is no sun stone at all!
“Neither!”
“Neither here!”
“Neither!”
... the
boxes opened one after another, all of them ordinary stones.
Where’s the sun stone?
Where did you go?
Accompanied by the boxes being opened one by one.
Everyone’s heart sank to the bottom.
There is no sun stone.
Not a single box!
Where is the sun stone?
“No? Did we make a mistake? What if this is the sun stone? It’s wrapped in it!”
someone said.
“Kacha!”
Someone just grabbed a stone and crushed it instantly, without energy.
Another piece is still the same.
...
This assumption is untenable.
“Is it possible that the installation is wrong? Or the energy of the sun stone has escaped during
transportation?”
...
Everyone put forward a lot of hypotheses.
At this time, Richard’s voice sounded, “No need to discuss and guess!
They will still shoot after all
The Return of the God of War [The Protector] Chapter 2067
It is absolutely impossible to adjust the package on the way.
Richard didn’t say anything about the arrangement, but still stared at it all the time.
There can be no trace of loopholes.
What’s more, the five-day mining volume is too huge, and it is impossible to adjust the contract.
Then it’s only when the shipping team is loading the ship at the seaport… not right!
At that time, Richard had sent a powerful transportation team, staring at it, and there was no possibility

of problems.
How can it be possible to adjust so many sunstones?
That can only be… the source of
mining … the ones
that were installed in the six major production areas before were not sun stones at all, but ordinary
stones.
In addition, the transportation device of the transportation team is to isolate energy fluctuations.
So no one knows whether it is an ordinary stone or a sun stone.
All this was done by Levi Garrison who arranged the Dragon Cavalry Forbidden Army to do it.
During these hours, Levi Garrison knew all about the six major producing areas.
Even meticulously, everyone knows what sleeping habits are.
Dragon Cavalry Forbidden Army sneaked into it early.
The original nine days of uninterrupted high-intensity work put all those involved in mining in a very
exhausted state.
The Dragoons have the opportunity to sneak in.
Not only that, the Dragoons also secretly moved their hands and feet.
Levi Garrison learned almost all the abilities of the evil god of poison.
It is not a problem to develop a medicine that can cause coma and hallucinations.
The Dragon Cavalry Forbidden Army used this medicine in the six major producing areas, and the
invisible gas produced was permeated.
All people have increased fatigue, listlessness, and even hallucinations.
The medicine developed by Levi Garrison will not leave any traces afterwards.
Qin Shao felt right at first.
It is indeed abnormal.
It's just that everyone is exhausted and thought it was caused by high-intensity work.
Therefore, the original one-hour work of loading the sunstone into the transportation device has
become three hours.
It's just that everyone feels normal, after all, everyone is too tired.
Even Rex Jimson thinks so.
Richard couldn't accept any feedback, let alone doubt it.
During these three hours, the Dragon Cavalry Forbidden Army quietly transferred all the sun stones.

Then destroy all clues.
No one knows at all.
This is the reason why Levi Garrison is so late.
Because they haven't shipped the Sun Stone from the beginning.
…
"The boss mission is completed! The Sun Stone has also been placed!" At this time, the Dragon Cavalry Forbidden Army returned.
Levi Garrison nodded and took a sip of tea.
Suzaku and others were dumbfounded.
How is this going?
The task is completed? ? ?
See everyone's doubts, Ye monarchs smiled, "Yes, the task has been completed, Sun Stone has come to
our hands."
"What? This is …… how to do this? We're on hold ah!"
Everyone Going crazy.
"Let him explain it to you!"
Levi Garrison smiled.
Soon Suzaku knew what was going on.
No wonder Levi Garrison is so calm.
It turned out that he solved the problem from the source.
…
Soon news that the third batch of sun stones mined by the Gods'
Laboratory was robbed again spread
all over the world!
The world was shocked again!
Three full times!
The Return of the God of War [The Protector] Chapter 2068
A hoarse voice came from the other side, "The probability of this batch of sun stones is 80 or 90 in
Erudia, and it hasn't been shipped out!"
"My people are staring at Tiance Mansion and Erudia, and there is no change, indicating that the sun
stones are completely rooted. It was in Erudia that it was not shipped out of Erudia at all. You can use
means to find it in Erudia."
"Huh?"
Richard was taken aback first, and then reacted.
During this period of time, he was thinking about which part of the contract was contracted.
However, he never thought that things were packaged in Erudia.
In his subconscious, where is the safest.

There can be no problem.
Adding to the Huoyun Cthulhu's thoughts last time, it is said that it may be a kind of biblical
organization.
This allowed Richard to completely focus on the major forces outside of Erudia.
Never doubted Erudia.
Now as soon as Huo Yun Cthulhu reminded him, he immediately reacted.
This time the Sun Stone was repackaged, and it definitely happened in Erudia.
Then the sun stone that was tuned is definitely in Erudia.
Won't go too far.
After all, Erudia also had people like Tiance Mansion staring at him.
Once let them find out, they will also act.
However, the Huoyun Cthulhu was staring, and none of these forces had anything to do with it.
That means it was not shipped out at all.
"Okay, I get it. This is the first time you and I have a face-to-face conversation, and I have a chance to
meet!"
Richard hung up the call.
Immediately arrange for Rex and them to act.
Use all the resources of your contacts to find Sunstone in Erudia.
At the same time, he sent some technicians to carry testing equipment.
He dared not send some strong men into Erudia.
After all, if you send these people, Tiance Mansion will stare at them and even expel them.
These people have no reason.
While Richard was angry, he was fortunate to have Huoyun Cthulhu as a partner.
Always show up when he needs it.
Make up his shortcomings and become his ace support.
...
"The boss just got the information, and Richard sent someone to search for the sun stones in Erudia! I
heard from the Dragoons that the third batch of sun stones was hidden in Erudia. I haven't had time to
ship it out!"
Suzaku looked at Levi Garrison worriedly.
Levi Garrison smiled, "Let's find it! Let them find it!"
"Huh?"
Suzaku asked suspiciously, "Boss, what if they find it?"

” What if they find it ? Can they still be transported away? Will I let them take it away?”
Levi Garrison asked rhetorically.
“Oh oh oh, I understand!”
Suzaku understood in an instant.
It doesn’t matter where the sun stone is hidden, but as long as it is in Erudia.
So just like the sunstone that has not been mined in the six major producing areas, even if they find it,
they will not be able to ship it out.
It will always belong to Erudia.
This concept has to be figured out.
If you find the Sun Stone, you may not be able to transport it back, or it may be yours.
There is a high probability, or even 100%, that it will not be shipped out.
So the Lab of the Gods is doing useless work at all.
If you have time to find the sun stone, it is better to mine it.
Not to mention it may not be found.
Ray
The Return of the God of War [The Protector] Chapter 2069
At this time, news came.
The third batch of lost sun stones was found in Erudia.
Richard and the others all jumped up.
“Where did you find it?”
Richard asked in surprise and joy.
“This…actually, the Sun Stone has not been transported away, all in the mining area!”
Hesitated, a voice came from the other side.
“Boom!”
Hearing this answer, Richard was almost thunderous.
Looking for a long time.
It turns out that Sun Stone has never left the mining area at all?
The most dangerous place is the safest place?
Richard finally understood.
The mysterious forces just prevented the Sun Stone from leaving Erudia, but did not take it away.
The sun stone is just packaged into ordinary stones in the mining area, and the sun stone is in the mining
area.
Was fooled! ! !
Richard’s eyes were scarlet, and his face was stern with anger.

After doing it for a long time, the Sun Stone was in the mining area at all, still in his own hands, and he
didn't lose it at all!
But he played around with the laboratory of the gods.
shame!
Great shame!
Richard couldn't wait to hit him to death, he couldn't explain to the Lab of the Gods.
Three times.
It's all being teased!
It would be better if he was robbed for the third time.
This is completely laid out.
"Crack!"
"Crack!"
...
Richard was so angry that he smashed something.
The men next to him persuaded, "Mr. Richard, don't be angry! Although we were tricked, the Sun Stone
was retrieved, and it's still in our hands. We won't suffer!"
Others also agreed, "Yes, The most important thing is that the Sun Stone is in our hands!"
Richard suddenly stared at everyone, "Are you fools?"
"Huh?"
Everyone was taken aback.
"The Sun Stone is in your hands? Why is it in your hands? Isn't it still in Erudia? Can you bring it back?"
Richard's repeated questions, everyone was confused.
"If this is the case, I still have sunstone for hundreds of years, but the six major mining areas are all in
Erudia! Can we get one back now? Impossible!"
Richard yelled.
Everyone understood what Richard meant.
Now these sun stones are only theirs in name.
Can you really get it?
Can't get it!
With this group of mysterious forces, they don't want to take away a sun stone.
They found the third batch of missing sun stones.
But everyone couldn't be happy.
The result is the same.
Can't be shipped back to the laboratory of the gods.

The most important thing is that even if the Sun Stone is found, there has been no clue about the
mysterious force.
Even Huoyun Cthulhu did not find the slightest.
Now Richard faces two choices.
Should we bring the third batch of sunstones back first, or should we continue mining?
The problem! ! !
Richard is a little scared now.
He didn't dare to transport the sun stone.
He was afraid of being robbed the fourth time.
Scared!
Richard
The Return of the God of War [The Protector] Chapter 2070
Richard and everyone were taken aback.
"Something happened again???" But
they had to decide to continue to transport the sun stone back.
It hasn't been implemented yet…
how could something happen?
Everyone stared at the intelligence agent.
"This time something really happened! I just got the news that the sunstone mining area on the St. Lus
Bay Island in the Western Continent and the thirteen islands in the Bens Sea area were looted! All the
mining bases were destroyed! "
Boom!!!" A
bolt from the blue!
The news came out.
Richard and others were dumbfounded.
Now all the attention of him and the laboratory of the gods is on the Erudia mining area and the
mysterious forces.
Where can I take care of the others.
Richard doesn't even care about Xu Zhengjie's experiment now.
But I never thought that someone would actually start with other sunstone mining areas.
Over the years, the laboratories of the gods have established various base laboratories all over the
world.
One of the main purposes is to discover and mine solar stone energy.
All over the world, the laboratories of the gods have discovered many locations for solar stone energy.

Further mining…
but everything is done in secret.
It is a level 1 secret of the Lab of the Gods!
Outsiders would never know…
But now, what's the situation?
Listening to the familiar place names, Richard's heart was about to fly out.
These places on St. Lus Bay Island are the key mining areas of the Gods Laboratory.
A lot of sun stones can be mined.
Was it destroyed like this?
How did they find it?
"Puff!"
Richard fainted directly.
Others also felt dark in front of them.
The hands of this mysterious force are too long, right?
Not only the Sunstone mining in Erudia, but also other things now!
It turned out that everyone was wondering whether a certain force in Erudia would resolutely not let
the Sun Stone leave Erudia.
Now it seems that this is simply someone who is against the experiment of the gods!
Did not wait for any reaction from the Gods Laboratory.
Another news came.
"A sunstone mining area in the northern glacier zone of the Northern Continent has suffered damage!"
"A sunstone mining area in the southern iceberg zone has been damaged!"
"An extinct volcanic sunstone mining area near the East Island has been encountered Destroy!"
…
There are more than 300 sunstone mining areas in the laboratory of the gods all over the world.
More than 30 people were affected this time.
The distribution range is still very wide, all over the world.
There are from all continents.
The attack range of the mysterious forces spreads all over the world.
It was done at the same time!
Shocked!
The world is shocked again!
Countless people are evaluating the strength of this mysterious force!
Before everyone summed up a truth.

This mysterious force is very powerful, but it can only engage in petty thefts in the face of the Lab of the
Gods.
But wherever I thought, there was a huge wave of backhand.
It can move around the world at the same time and destroy more than 30 sunstone mining areas.
It shows that this force is strong enough to explode.
Can directly threaten the gods experiment
The Return of the God of War [The Protector] Chapter 2071
"Find it?"
Levi Garrison's eyes lit up.
He immediately took the information and flipped through it.
The Gods Laboratory has laboratory bases in almost every region in the world.
Surveying energy materials for the laboratories of the gods, etc.
This possibility is the lifeblood of the Lab of the Gods.
What Levi Garrison wanted to do now was to destroy these secret bases one by one.
Erudia must have them too, otherwise how did they find the place where the sun stone is produced?
So when Levi Garrison was deploying the mission at the beginning, one item was to find out the secret
base of the Gods Laboratory in Erudia.
These secret bases are the most critical of the Gods Laboratory.
So it is very secret and it is not easy to find out.
Even though the Blackwater Company came to Erudia with fanfare this time, the secret base never
showed up.
This created a lot of difficulties for Suzaku and the others.
I haven't found it until now.
This secret base is still under investigation in Erudia, looking for more energy sources, this time in the
Kunlun Mountains.
Suzaku discovered it by them.
"It turns out that there is not only one base in Erudia, there are six bases!"
Levi Garrison glanced at the list and couldn't help saying.
Zhuque said, "It's estimated that the various gods' laboratories have taken care of it. Otherwise, more
than a dozen or more than 20 are possible! There are more places where sunstones are produced." Levi

Garrison nodded, "I have to say, the gods. laboratory horrible, footprints all over the world! in addition
to them, who can do it? I do not know the real core of the gods laboratory is much more shocking, they
really do not know the technology has reached even
what level …… "
everyone complexion Be solemn.
Don't look at how badly it is hitting the laboratory of the gods now.
But let alone the lifeblood of the True Gods Laboratory, I have never seen it before.
"What about these secret bases, boss?"
Suzaku asked.
"Control it!"
"Now the mining of the sun stone is bound to be obtained! The whole world will start here! We are lack
of technology, let alone mining, there is no way to find it."
"So these people must control it. For our use! We need to survey the sun stone technology and also
mine the sun stone technology!"
"Understand! I will do it right away!"
...In
just one night, Levi Garrison sent someone to control all the secret bases. .
Richard and the Lab of the Gods were really busy this night.
Damaged everywhere, checked everywhere…
Early in the morning, Richard took a breath.
Just when I was about to rest, there was another news.
"Mr. Richard has something
wrong again !" "Let's talk? What's the matter?"
Richard was numb now.
Too much bad news.
"Our six secret bases in Erudia have disappeared for no reason, and people can't contact them at all! All
the instruments are also in a closed state, I am afraid they have been destroyed by the mysterious
forces."
Hearing this, Richard's face changed. NS.
"Can you find this? Even in Erudia
The Return of the God of War [The Protector] Chapter 2072
"You?"
Richard looked at the servant in surprise.
This kid is called Li Shiji and he is from Star Country.
Obviously high-tech talents.

But give up all the good life, come here to apply for a servant.
Pour Richard coffee all day long.
In order to want to enter the laboratory of the gods.
"Yes, I have an idea!"
Richard was not hopeful, and he nodded. "Well,
let's talk!" Just listen to it casually.
"From our point of view, looking for a needle in a haystack now! The other party deliberately targeted
us, and it is impossible to leave us any clues."
"But they are not ghosts for such a large-scale operation. It's not a god, how could it not leave a trail of
trails?"
Richard seemed to think of something, his eyes lit up.
"Yes, as long as they move, there will definitely be something left. It's just that our angle can't be found.
You continue to say!"
Li Shiji smiled and continued, "Our angle can't be found, it doesn't represent other people's angles."
Ca n't find it." Richard came to the spirit and looked at him carefully.
"My idea is very simple, issue a reward order! Let more forces and more people help us find these
mysterious forces together! As long as our conditions are good, we can attract more and more people to
participate!
At that time mysterious Every time the forces act, the difficulty will increase, not just facing us! To put it
in exaggeration, they may have to face the world! Their action is equivalent to exposing to the world!"
Li Shiji said his plan.
Richard slapped his thigh immediately.
"Yes, although we are strong, we don't want to cover everything! We still need other people's help! If
other people can work for us, they really have nowhere to run!"
Richard yelled immediately, "Come on! , Immediately issued a reward order in the name of the Gods
Laboratory and the Blackwater Company…"
The conditions for the reward order are very rich.
Even some clues can be rewarded with sky-high prices.
Including resource technology and so on.
Everything!
As soon as this reward order was released, everyone went crazy.
They want to help the Gods' Lab to unearth the mysterious forces.

Not only that, even the major hidden forces on the mysterious dark web have also taken action.
These dark forces hidden all over the world may even be a little afraid of the Gods Laboratory.
Some ancient forces that may have gone through hundreds of years and thousands of years.
There are many of them, even in this era, they are still standing still.
But the conditions set out by the Gods Lab are too attractive.
They are also tempted.
After the reward order was issued, almost the whole world was looking for Levi Garrison and them.
The effect was better than Richard and the others thought.
The number of participating forces is also more!
Looking at the clues presented, Richard was surprised and delighted.
Not to mention whether these clues are useful.
But there was none before.
Now even a clue of direction is fine.
The most important thing is that these clues are really useful after screening.
For example, I have photographed the back,
The Return of the God of War [The Protector] Chapter 2073
Li Shiji looked at Richard and said, "Let me talk about my own reasons!"
"I always feel that this mysterious force has something to do with Erudia! After all, the fuse started
when Erudia Sunstone was mined! "
So we can ask Erudia's Tiance Mansion or Yanlong Guard to send someone to escort him! At that time,
see if they have anything to do with Erudia? The
best mysterious force can appear, we can dig them out directly. No When it appears, the sun stone is
also transported back by us."
"We will not lose money anyway!"
"And we can continue to mine the sun stone from Erudia in the future…it will not be blocked…"
Li Shiji was very concerned about this plan. It is self-confidence.
When Richard looked at Lee Seki, he admired the young man more and more.
Really have an idea.
Too many problems have been solved now.
Richard nodded and said, "At this time, I also want to continue to transport the Sun Stone back, forcing

the mysterious forces to take action. However, I did not expect Erudia to escort it. This trick is really
amazing! I can directly judge whether Erudia is. Participated."
"Come on, quickly prepare for me! Start transporting the sun stone back in a day!"
"Set it up for me! Tell me about Rex! And contact Erudia and ask them to send someone to protect this
time! "
…
Richard quickly arranged the task.
All hand devices in the Lab of the Gods are in place.
Because of the reward order, the major forces who began to help the Gods' Laboratory also began to
wait.
As long as the time comes to help the gods laboratory a little, you will have to get rich rewards.
Almost everywhere in the world was in action, staring at whether Levi Garrison and the others would
appear.
…
After Erudiatian Cefu and Messiah received the request, they could only agree.
After all, the whole world is staring.
"No way, send someone to escort it! We can't refuse!"
"The sun stone being robbed must never happen in Erudia, even in the mining area!"
Tiance Mansion and Messiah Forced to be helpless.
Can only send a team to protect.
Erudia's reputation must not be damaged in any way!
This time the transportation is unprecedented.
It was also the easiest time for Richard and the others in the Lab of the Gods.
They just sat firmly on the Diaoyutai and waited for Levi Garrison to appear.
This time, Rex was cautious and cautious.
Make sure that there are no problems in every link.
After confirming that it is correct, the sun stone is loaded into the transportation device.
Let Erudia's escort team check again and again.
After everything is okay, the shipment starts.
With much attention, transportation begins.
…

“Boss and they are clearly targeting us this time! We won’t proceed in secret anyway this time!”
“Yes, the targeting is too strong, we don’t have any chance!”
…
Suzaku and the others began to worry NS.
One after another looked at Levi Garrison.
The opponent deliberately targeted, from the source, halfway and end, every link was stuck.
In addition, thousands of forces are still helping them, as long as Levi Garrison and the others do
something, it will definitely be exposed.

Everyone was astonished.
Is this giving up?
Still do it recklessly regardless of risk?
But this risk is too great.
It will almost fail.
But the Sun Stone must not fall into the hands of the War Eagle Nation!
"Boss, tell us the truth, do you have any coup! You are already ready!"
Everyone was anxious, wondering if Levi Garrison was ready.
Levi Garrison glanced at the crowd and shook his head, "No!"
"Listen, no one is allowed to act rashly without my order! Offenders are dealt with by military law!"
Levi Garrison swept the crowd and warned.
……The
transportation team departs.
Escorted by all parties.
During the escort, check every half an hour.
Confirm that it is correct, and then continue to set off.
So repeatedly, all the way to the harbor safely.
Richard deliberately arranged for his cronies to wait in the harbor, and the Sun Stone came to look at it.
"No problem!"
"Start loading!"
……The
Great Summer Cebu and their escort mission has been completed.
At least there were no problems in Erudia.
They also breathed a sigh of relief in Tiance Mansion.
They were afraid that the mysterious forces would take action in the territory of Erudia, so it was
impossible to tell at all.
It will be condemned by the international community, thinking that Erudia did it, or Erudia is an
accomplice.
…
Richard and the others have been staring.
Seeing this, Richard sighed, "Does it really have nothing to do with Erudia?"
"Mr. Richard, let's watch the next journey!"
Li Shiji reminded beside him.
Nautical transportation continues!

Still very cautious.
Staring at it all the time, but after a while, I have to check again to see if it is still there.
So repeatedly.
One hour.
Nothing unusual.
Two hours.
Nothing unusual.
…
Ten hours have passed.
Still nothing happened.
But Richard and the others are cautious.
Checking it all the time, after all, I was scared the first few times.
For fear of being fooled again.
…
As time goes by, it gets closer and closer to the destination.
Suzaku started to cry in a hurry.
Levi Garrison had an arrangement before, and the Sun Stone had been contracted long ago.
But this time is different.
All the personnel are there, no one to perform the task at all.
Can only watch the Sun Stone being transported back.
"It seems that if we want to keep the Sun Stone from being mined, our own strength is still too weak!
We have to come forward to stop it!"
"Yes, we are subject to too many restrictions! We can only stop a few times! , There is no way for a long
time!"
"Hey, we can't stop this time! Forcibly preventing us from exposing, it is very likely that the whole army
will be wiped out!"
…
Richard and Li Shiji are also analyzing.
"After all, our methods are too hard! If you don't give each other a bit of space, they can't do anything."
Richard smiled.
Li Shiji nodded, "If it were me, I wouldn't be able to do anything. You can't expose yourself, and you
might be uprooted."
The Return of the God of War [The Protector] Chapter 2075
He has been depressed for many days.
What kind of pressure is he under!

Repeated failures caused his position in the laboratory of the gods to drop sharply.
If you fail again, you will face the risk of a meeting and reprimand.
He is more stressed than anyone.
He kept taking a breath.
In the final analysis, it is to transport the sun stone back.
Now he succeeded.
Richard clenched his fists tightly, and he cried with joy.
Everyone was excited.
Everyone cheered.
A lively scene.
"Hurry up and spread the news! To the whole world! The Sun Stone is shipped back!"
Richard said excitedly.
He arranged for Li Shiji and others to take photos and videos of the scene.
Soon news spread.
The Lab of the Gods successfully transported the Sun Stone from Erudia.
The mysterious forces were stunned, and in the end they didn't dare to make a move, so they could only
give the Sun Stone to the Lab of the Gods.
For most forces, they are sad.
They are still waiting for the emergence of mysterious forces.
In order to get clues or grasp, where to go to the Gods Laboratory to invite credit and reward.
The results did not appear.
They are very depressed.
The most depressing is Erudia.
They watched as the Sun Stone was transported to the other side of the ocean, but there was nothing
they could do.
That came from the land of Erudia.
It is very likely that the Lab of the Gods will deal with Erudia in the future.
"Can't keep it! Unless we tear our face forcibly! But how can this be done?"
"Hey, I hope they can come out to stop it! But after all, the pressure is too great!"
... the
whole world has mixed reactions.
Some are sad and some are happy.
But they all agreed that the mysterious forces were stunned, afraid, afraid.
After all, as long as you act, it must be under the nose of the world.
They can easily be dug out directly.

No one in this world can fight against the Lab of the Gods!
From now on, the Lab of the Gods can unscrupulously mine Sunstone from Erudia.
No one can stop the footsteps of the Gods Lab!
… When
Suzaku saw the news, they were so angry that they were about to explode.
The boss really didn't prepare anything this time.
Let the laboratory of the gods transport the sun stone away.
They were angry and helpless.
Why can't they be stronger?
If it is strong enough, then everything can be ignored.
They can stop everything openly.
But not now!
Can only watch.
Everyone clenched their fists and vowed to keep themselves strong.
"Where is the boss? Where did the others go?"
Zhuque noticed that Levi Garrison had disappeared.
"Hey, I guess the boss's heart is more annoying than anyone else!"
"Yes, the boss is under the greatest pressure. Now that the sun stone is transported away, he must be
the most uncomfortable!"
"Life is like this! You will always face things you can't do!"
"Everyone had better not bother him now!"
…
Richard was really excited here.
"Let Rex and the others continue to mine! Let go of their hands and feet! Everyone has a reward!"
Richard yelled.
The senior management of the Gods Lab praised Richard specifically. <
The Return of the God of War [The Protector] Chapter 2076
"Boom!"
"Boom!"
"Boom!"
…
The base composed of eight islands exploded at the same time.
Waves of serial explosions.
The soaring fire light shines here as bright as day.
"Boom…" The
main reason is that this base is one of the energy supply stations of the Gods Laboratory.
In addition to the sun stone, there are too many energy materials on the base.

Once exploded, not only will the energy material be destroyed, some will also explode, and the power
will increase dozens of times, even hundreds of times thousands of times.
The terrible energy radiated out was almost all devastating.
So the explosion just now is just the beginning, one explosion can cause a chain explosion.
And the power is getting more and more terrifying!
"Boom!"
…
At first, one island exploded, but now three islands exploded.
Then there were four islands;
five islands;
… the
last eight islands and all connected areas all exploded.
The terrible power affects the surrounding seas.
The sea began to tremble, and there were waves everywhere at a height of 100 meters, huge vortexes
were surging, and the seabed changed, as if a tsunami was coming.
"Hurry up and protect Mr. Richard! Escort Mr. Richard out of here!" everyone shouted.
A strong rushed over to protect Richard.
At the same time, the special aircrafts of the Gods' Laboratory were activated one after another,
allowing all the high-level and core personnel to ride.
"Hurry up! Stop it!"
Richard didn't want to leave for the first time, but wanted to stop all of this.
"It's too late, Mr. Richard! When the incident happened suddenly, we had no chance to react!"
"Our facilities were destroyed too much! With the leakage of energy materials! The power is too
amazing, we can't stop it at all!"
……
Now the entire base is helpless, the only way is to evacuate and minimize the loss as much as possible.
"Not good!!!"
Richard suddenly remembered something.
"The sun stone!!!"
"The sun stone is still there!"
……As
soon as Richard reminded, everyone reacted.

The sun stone has not been installed, if the energy of the sun stone is excited.
The consequences will be unimaginable…
"Hurry up…"
Richard said before he finished speaking, he saw with his own eyes that the explosion range spread to
the area of the Sunstone …
"No, withdraw!"
Richard just finished shouting. There is silence between heaven and earth.
All voices are covered up.
The mushroom cloud rises!
"Boom!!!" The
Sun Stone exploded.
The terrible energy overflowed for the first time, destroying everything.
All the buildings on the island instantly turned into nothingness.
The personnel on the island disappeared instantly, with no bones left.
horrible!
It's terrible!
Richard opened the special mecha on his body for the first time and protected him tightly.
He saw with his own eyes that the people around him disappeared one by one.
The island was torn apart, and the base building was directly ground down.
Doomsday sight!
The Lab of the Gods has simulated apocalyptic scenes many times!
The one in front of you is!
Even more terrifying, this is just the beginning… the
sun stone explodes one after another, and the energy inside is all
The Return of the God of War [The Protector] Chapter 2077
If it goes on like this, it won't last long.
Everyone's mechas have to be shattered.
It's all going to die!
"
Help me!!!" Richard pressed a distress button at a critical moment.
Thirty seconds.
Eight superpowers thus appeared in front of Richard, and their super powers were displayed.
Light shields stood in front of them, stubbornly blocking the energy diffusion of the sun stone.
"Wow!" At the
critical moment, Richard felt lightened.

He was dragged away by his men.
Li Shiji and others were also rescued.
This is the privilege of Richard as the core staff of the Lab of the Gods.
You can press this button at the most critical moment to get the limit for help.
Unless the core personnel of the Lab of the Gods can use this privilege, no one else has the opportunity.
If it's the situation just now, I can only die.
Richard used the privilege to rescue him from the mysterious eight powers who descended from the sky.
This is the ultimate rescue system of the Gods Laboratory.
But the speed is so fast, mainly because the rescue team is nearby and close.
If it is too far, it is absolutely impossible to arrive so quickly.
Looking at the doomsday-like scene below.
The fire has spread for thousands of miles, and the explosion can continue.
The mushroom cloud has
been soaring, and the thick smoke obscures the sky.
Richard's brain was blank and his eyes were empty.
With such a large base, how could the huge area composed of eight islands be smoothed out? ? ?
More than that!
There are fewer than five hundred survivors of the tens of thousands of people on the base.
Either it runs fast.
Either the strength is strong enough to survive the explosion.
If he is not qualified to ask for help at the limit, he will also have to die.
The most frightening thing is that so many energy materials are all destroyed.
The sun stones that could be supplied for half a year and the sun stones that were just shipped back
were all destroyed.
There is nothing left…
Although there were losses before, it was all a little trouble.
Basically, it tickles the Lab of the Gods.
Not even tickling enough!
But this time is different!
The loss is too great!
Unable to bear the loss!
The key is that this base is one of the largest energy supply stations in the Gods Laboratory …It is equivalent to the arm of the Gods Laboratory being chopped off.

Since the establishment of the Lab of the Gods, it has never suffered such a big loss!
Everyone in the Lab of the Gods was dumbfounded.
Silence!
I thought it was a success, but the Sun Stone was transported from Erudia, and I can mine it well in the
future.
That's the sunstone energy that can supply a hundred years.
But I didn't expect it to be gone in a blink of an eye!
The sun stone is gone!
All energy materials are gone!
The eight islands are gone!
A huge base is gone!
…The
front-to-back changes are so great that people are caught off guard and simply unacceptable.
One day, one place…
A pair of eyes in the sea of fire kept watching everything.
It was Levi Garrison.
Seeing everything destroyed, he turned and left.
That's right!
Levi Garrison did everything!
The Return of the God of War [The Protector] Chapter 2078
After all, he wants to transport the sun stone to a location.
It is precisely the Lab of the Gods who are fanfare, waiting for the emergence of the mysterious forces,
but also let the major forces around the world supervise and escort.
It is equivalent to completely exposing this base to the eyes of the whole world.
Everyone didn't realize this at all.
Everyone has preconceived notions, and their thinking is in the laboratory of the gods, and they are all
thinking about how to dig out the mysterious forces.
But I didn't expect to expose myself first.
And I didn't expect that the other party was also looking for your secret base.
Levi Garrison searched for a long time and didn't find it, but this time following the trail of the
transportation team, he found it easily.
This was something no one had expected…
Levi Garrison had gained so much this time.

It's not just that Erudia's Sun Stone was prevented from getting into the hands of the Gods Lab.
It also destroyed a super important supply station of the Gods Laboratory.
This time Levi Garrison really hurt the Lab of the Gods.
It was also considered the most vicious counterattack since being persecuted by the Lab of the Gods for
a long time.
It really hurts to the point.
Levi Garrison left, and no one found them.
Even the eyes of the major forces in the world are staring.
But they all stared at the transportation route, not at this base.
What's more, Levi Garrison was acting alone, and they couldn't find out anyway.
Richard and the others were taken to a certain part of the Eagle Nation.
"Puff!" After
landing, everyone fell to the ground softly.
Like a living dead, Richard has no consciousness, and his eyes are not moving.
The same is true of Li Shiji and them.
Lying on the ground motionless, just like a dead body.
This devastating explosion directly wiped out everyone's hearts.
This time the blow was too big and too big.
Hit Richard directly and shut himself down.
"Come on, check the extent of their physical damage first!"
"Check again what happened to the explosion, and whether there is any possibility of recovering the
loss!"
… The
Gods Laboratory is completely messed up.
When the whole world was immersed in the shock of bringing the Sunstone back to the Lab of the Gods,
suddenly the dark web released a piece of news… The
news was a video—the terrible video of the supply station of the Lab of the Gods exploding.
Probably all the scenes of the sinking and blowing up of the eight islands are included.
Registered netizens on the dark web have raised questions.
"What's wrong????"
"This is terrible, right?"
"Where is the incident?"
…

“One of the bases of the Gods Laboratory was just brought back from Erudia and placed the Sun Stone.
Place!”
Someone on the dark web answered this question.
“What
?? ” “How can it explode? And this power is too terrifying? It’s not a problem to watch the video spread
for thousands of miles?”
…
Dark web netizens continued to ask.
“It was the explosion of the sun stone and energy materials! It is so powerful! Not only the sun stone
transported back from Erudia in the Gods Laboratory was destroyed! The sun stone and the large
amount of energy materials in the base were all destroyed!
The Return of the God of War [The Protector] Chapter 2079
All parties in Erudia are boiling!
It turns out that the mysterious forces have shot at the last moment!
Although failed to keep the Sun Stone.
But the Sunstone Gods Lab didn’t get it either.
They also suffered a great loss!
The various forces who were helping to stare were dumbfounded.
Is the mysterious force taking action?
But why didn’t they see it?
They have been staring.
As long as the other party is moving, it is impossible for so many people to see no movement at all.
Wherever they wanted it, Levi Garrison was the only one to do it.
It’s not a multi-person action, they certainly can’t catch it.
“The Lab of the Gods thought it was in control of the overall situation, but I didn’t expect that it was the
mysterious forces that controlled the situation!”
“I understand! The Lab of the Gods wanted to attract the mysterious forces out to find them! But the
mysterious forces are also looking for the Lab of the Gods Ah!”
“You are looking for me, and I am looking for you too! When you stare at the abyss, the abyss is staring
at you too!”
… The
Lab of the Gods was completely shocked.
Richard fell ill directly.
The rest of Li Shiji and others were also traumatized to varying degrees.

It was hit directly.
Faceless!
Mining on Erudia's side also stopped.
Even if they were mined, they couldn't be shipped back. Instead, they exposed their location.
The loss is even greater!
Levi Garrison frightened the Lab of the Gods with his own power.
I dare not mine Erudia's Sunstone.
Together with some bases all over the world, they dare not mine anymore.
I was afraid that Levi Garrison would come to the door…
Levi Garrison's wave not only hit the Gods' Laboratory, but also made them scared.
The Lab of the Gods is powerful, has the most advanced technology, and may even have the most
powerful force on the planet.
But so what?
People still bully you and hit you in the same way.
But the point is that you can't even find where people are, and you have nothing to do with it.
…
Erudia's four young masters are a little depressed.
Obviously cooperating with Heishui Company, it suddenly became the envy of everyone.
But who knew this happened.
All the plans have been ruined.
Jimson's whole spirit has become more and more abnormal these days.
Always tell people that Levi Garrison is still alive and that everything is done by Levi Garrison.
But no one would listen to him, and Rex scolded even more when he heard it.
Jimson even shouted to go back.
He can't stay any longer.
I was afraid that Levi Garrison would appear.
"You are really sick now! Let me tell you, Levi Garrison can't live! This is definitely not what Levi Garrison
can do alone!"
Rex said angrily.
Others also said, "Yes, according to your hypothesis, Levi Garrison is alive. But these recent things are
clearly done by a big power! The whole world initiates actions together, can Levi Garrison do it alone?
Isn't it possible? "

Yes, Levi Garrison had a lot of subordinate forces before! But we are staring at all of Levi Garrison's
forces, Mr. Richard has repeatedly confirmed! These forces are all in Erudia, and we all know that Levi
Garrison is dying… …"
…
Jimson was silent.
This is indeed the case.
Ye
The Return of the God of War [The Protector] Chapter 2080
"I want to go home, I want to go home now."
Rex said this, and Jimson became more and more frightened.
He immediately wanted to go home.
"Trash, it's trash! How can my brother have a son like you?"
Rex was about to explode.
He told the news to Jimson's father, who was at the helm of the Blackwater Company.
They were very angry at Jimson's speech and behavior.
Especially Jimson's father felt that Jimson was ashamed of him again.
At this juncture, Jimson deceived the crowd and had to say that Levi Garrison was still alive.
It is to disturb the morale of the military.
Not to let Jimson go back.
Just stay in Erudia!
"I just won't go back, I want to see, will Levi Garrison come to look for it?"
Rex sneered.
…
Then the Gods Lab fell silent.
Rex and they are also waiting.
A few days passed, safe and sound.
Rex found in front of Jimson, who was almost in a state of collapse, and sneered, "Where is Levi
Garrison? I have been waiting for several days, why hasn't he appeared yet?"
"Do you still have a dream for you every day?"
Jimson's face was pale. "Don't talk nonsense! He will show up! I have a strong hunch!"
"Mr. Richard's brother Jefferson was like that! Levi Garrison was staring at him all the time!"
…
" Hahaha…" When

Rex heard this, they couldn't help laughing.
"It's killing me! There will be a dead man? Movie to see more or to see more? Ye do not say how big
summer monarchs god myth it?"
"Appear? Come on, give me a try emerge?"
Lexus Schuyler laughed.
"Yeah, isn't Levi Garrison alive? Come and kill us? We'll be wild on the land of Erudia, if you have the
ability, come and kill us!"
Other people also clamored.
"Ooo, ooo …… ah …… ah! Ah !!!"
This time the face of a few people Gimson Rex suddenly looked behind them frantically screaming.
It's like hell.
He was trembling, pointing to the back, looking terrified, choking, and unable to make a sound for a long
time.
"Back and back…"
Jimson wanted to speak, but his voice was stuck, and he couldn't make a sound at all.
He was sweating profusely, just like it was raining.
"Ooo, ooo ……"
Gimson just scared mad, the people are wrong.
"Hahaha…"
At first Rex and the others continued to laugh.
Gradually they realized something was wrong.
Jimson seemed to see something, what was behind them?
The five of Rex slowly turned around, almost frightened by the look.
There is one of them! ! !
Levi Garrison! ! !
Everyone in the laboratory of the gods and the black water company remembers that face!
Is he alive?
Is he really alive?
Jimson is right?
"People can't stand the babbling. If you babble too much, you will come, okay?"
Levi Garrison's voice sounded.
Let Rex and others split their livers and gallbladders.
Everyone fell to the ground in fright.
"Have I said that you don't want to hang around in Erudia?"
Levi Garrison looked at Jimson again.

“Oh…”
The Return of the God of War [The Protector] Chapter 2081
Jimson, Rex and others are dead.
Brought a huge blow to the Blackwater Company.
As a result, the business of Heishui Company in Erudia was temporarily shelved, and everything stopped.
The Four Young Masters and the family behind them were completely dumbfounded and dumbfounded.
The head of the Blackwater Company received the news of the death of his son and his good partner.
“I have to get someone out!!!”
On the other side, Richard finally got over.
But suffered the accusation from the top of the laboratory of the gods.
After the final discussion, Richard was given one last chance.
Richard’s eyes were red, and the whole NPC changed.
“I have written down this hatred!”
“It’s time for the world to see the true power of the Lab of the Gods!” A cold light flashed in Richard’s eyes.
Now that the Gods Laboratory has been hit repeatedly, this time the supply station was destroyed, and
one arm was broken.
The Lab of the Gods is no longer as mysterious and powerful as it used to be in the eyes of the world.
Even most people think that the Lab of the Gods is nothing more than that.
To be played with in this way, let alone fight back, you can’t even find it.
The Lab of the Gods has become a shameful joke.
Even before, they have seen the laboratory of the gods and their longing gambling families clearly.
It seems that the Lab of the Gods is not that strong?
The meaning of the Lab of the Gods is a bunch of gods, but they are played by a mortal.
Recently, one after another, the reputation of the Lab of the Gods has plummeted.
Originally the most mysterious resource, Sun Stone, is now known to the world.
Not only was Erudia unable to mine, but even their original mining base didn’t dare anymore.
The loss is too great.
If this continues, no one will be afraid of the Lab of the Gods anymore.
The first thing Richard had to do was to re-certify the Lab of the Gods and let the world know how
terrible the Lab of the Gods was.

Let the world see the horror of the Lab of the Gods!
Richard has already thought about the place to show the world the horror of the Lab of the Gods.
"Unfortunately, there is no opportunity. If there is an opponent now, how good would we directly show
the power of the Lab of the Gods?"
Richard muttered to himself.
Li Shiji said next to him, "Mr. Richard, we can pick an opponent at will. We call them opponents against
the Lab of Gods. Let's kill them first."
Richard nodded, "Well, yes. That choice. Who is it?"
"It's better to choose Erudia, or something related to Erudia!"
Li Shiji said.
"Erudia is not moving! Then choose one related to Erudia!"
Richard said.
Li Shiji immediately said, "Mr. Richard, I have a choice, that is, the Tianzhan organization of the Xiong
Nation who has a good relationship with Erudia! They have helped Erudia a lot! They are Erudia
teammates who have a good relationship!"
"This can be done. Ah! The Sky War organization has long been included in our kill list! Just take
advantage of this opportunity to get rid of them!"
Richard said immediately, "pass my order, immediately set off for the bear country! Destroy the Sky War
organization! I am! Let the world know
The Return of the God of War [The Protector] Chapter 2082
The Tianzhan organization of the Xiong Kingdom had received news, and just as they were preparing,
the bad news came.
The Lab of the Gods appeared with a thunderous momentum.
Defeat the Tianzhan organization with a blitzkrieg.
It only took a minute before and after.
Shock!
The world is shocked!
Such a terrifying existence of the Sky War organization was destroyed in a minute!
What kind of terrifying strength does the Lab of the Gods have!
Scepter of God!
The name spread all over the world overnight!
This is also the first time that the Lab of the Gods has shown the scepter of God in front of the world!

After the God's Scepter weapon system is activated, it will destroy the huge sky war organization within
one minute.
To put it bluntly, it is actually a few seconds.
It's just that the remaining time to clean up adds up to one minute.
The Scepter of God is the proud work of the Gods Lab, and it is also one of the trump cards.
Originally, Levi Garrison was going to use it when the Eagle Nation was rioting.
However, Richard deliberately sabotaged and did not allow the scepter of God to appear.
However, many people in the Lab of the Gods thought that it was not the right time for the scepter of
God to appear.
The timing is not right!
Now the Lab of the Gods is in a difficult stage, and its majesty is lost.
It's time to use the scepter of God.
The use of the scepter of God alarmed the world.
Destroy the sky war organization in one blow.
Let all countries and forces be amazed!
Return to the fear of the laboratory of the gods.
This weapon is unheard of.
But this is just one of the cards of the Lab of the Gods.
God knows what trump cards are still holding in the hands of the Gods Lab…
Although the key god's scepter is used, no one knows what it is…
This is the most terrifying.
No one dared to think about it.
In case of confrontation with the Lab of the Gods that day, how to guard against this kind of weapon?
As a result, he didn't even know what this weapon was.
In the endless desert in the northern part of the bear country.
Richard and his party appeared.
They just killed the Sky War organization, and everyone looked smug.
Their fighting power is still super terrifying.
Richard admired the work triumphantly, and smiled, "If I show the pure energy body again, what will the
world do?"
"Haha…"
Everyone smiled.
Richard immediately said, "Let the experimental team speed up, I want to see Levi Garrison's relatives

transform into pure energy bodies as soon as possible!"
"I want them to become Erudia's nightmare!"
...
"By the way, Tian Zhan The organization is still too weak! Next, we still have to continue to show the
power of the Gods Lab! This time it is not thorough enough!"
Richard said.
"What does Mr. Richard show next?"
Li Shiji asked.
Richard's face flashed a hint of Henli "Our country star with Sanko Group is a partnership of top-secret
experiments, I feel it is time to show results now."
"Oh, someone close to us!"
This time Richard Suddenly, his men sounded a warning.
Their detection device detected someone approaching.
The Return of the God of War [The Protector] Chapter 2083
"Is it her?"
Everyone was surprised when they saw the woman's face clearly.
"Zoey? Levi Garrison's wife?"
Even Richard was surprised.
After everyone was shocked, Zoey had already come here aggressively.
"Richard!!!"
Zoey recognized him immediately when he saw Richard.
She pretended to be a doctor, and she remembered that face very deeply.
"It's me!"
"You killed my husband, and I'll take revenge!"
Zoey said word by word.
"Huh? What?"
Richard and others thought they had heard it wrong.
Want to avenge Levi Garrison?
Everyone was shocked.
Richard frowned.
He suddenly smiled.
Because Zoey's appearance dispelled one of his doubts.
The strength of the mysterious force and Jimson's rumors that Levi Garrison was alive fell into Richard's
ears.
It made him wonder if Levi Garrison was really alive?
After careful analysis, his hunch became stronger.
But now Zoey has come to him for revenge.
His doubts were dispelled.
Yeah.

Levi Garrison can't live!
Richard's mood instantly became very good.
Dispelling doubts, Zoey still seeks revenge at his door. Isn't this just enough for him to show the power
of the Lab of the Gods?
Kill two birds with one stone!
Richard has made an assessment of Zoey's force value.
Super strong!
It would be quite threatening to be able to kill the Destroyer.
However, it is precisely because of Zoey's strength that this battle can demonstrate the strength of the
Gods Lab.
He just lacks such a test product.
As a result, plums were dyed.
"Kill!!!"
Zoey didn't talk nonsense and started killing directly.
"Stop him!"
Richard gave an order, and the powerhouses around him rushed forward.
"Boom!"
Zoey shook with a superpower.
The fists of both sides slammed together.
"Rumble…" The
mountain shook suddenly.
"Kacha!" But the
superman's fist and arm burst open, followed by his body, and his head all burst.
Zoey punched him abruptly.
Everyone present gasped.
Although this superpower is not the strongest, his template is the destroyer, with 70% to 80% of the
strength of the destroyer.
He was beaten by Zoey with such a punch.
"Exciting, but just in line!"
Richard shouted as he stepped back.
"Boom!" But
he still underestimated that the plum was dyed.
I saw Zoey start instantly, turning into a flash of lightning, passing through a large group of strong men,
and instantly appearing in front of Richard.
Just want to tear Richard.
Richard was frightened.
"Kachachachacha…"

Fortunately, the mechanical armor emergency system on his body was activated, and a shield was
instantly formed in front of him to protect him.
"Bang!"
But he was also hit and flew far, far away.
The others reacted and all rushed to protect Zoey.
"You all have to die! I will not only avenge my husband! I also want to inherit his mission to destroy the
laboratory of the gods!"
Zoey looked like a Valkyrie descending from the sky, staring at everyone.
...
"Boom!"
The Return of the God of War [The Protector] Chapter 2084
Zoey is too strong.
The masters around Richard could not stop them at all, even if they added up, it was just a delay.
It doesn't play a big role at all.
"I want the world to know about this battle! It just so happens that we can use Zoey to show our
strength!"
Richard shouted.
Great summer capital.
"Huh? No! Sister Wen Lei, my sister-in-law is gone!"
Mia (Zhou Nanyan) and the others finally discovered that Zoey was gone.
"No, she must have gone for revenge!"
Wen Lei exclaimed.
Mia (Zhou Nanyan) also reacted quickly, "Yes, it just so happens that Richard seems to be in the
country of Xiong! My sister-in-law must go to the country of Xiong!"
"Hurry up, let's go to the country of Xiong! How dare she fight the Lab of the Gods alone! Huh?"
"I will notify Tiance Mansion again! Zoey can't be in danger!"
...
After receiving the news, Tiance Mansion immediately sent people to Xiong Country.
On the one hand, Zoey is Levi Garrison's wife.
On the one hand, Zoey is very strong and has great potential. Tiance Mansion doesn't want her to have
trouble now.
Soon, news of the battle between the Gods Lab and Zoey was released.
The whole world knows that Zoey avenged her husband and wanted to kill Richard to destroy the

laboratory of the gods.
This is the first time Zoey has demonstrated force in front of the world.
"What? Levi Garrison's wife is so strong?"
"This family is ruthless, and his daughter is a super talented one in a million!"
"But their family is facing an experiment with the gods. Room, maybe, the family is going to destroy
Richard's hands!"
……
The news came out.
The whole world is boiling.
They all set their sights on the desert of Xiong Country one after another.
Come pay attention to this battle.
There is even a great power who can get real-time battle conditions so that everyone knows how far the
battle is going.
…
Killing indiscriminately!
Zoey faced the masters in the laboratory of the gods and killed them all!
Hundreds of masters have died.
The quantity does not sound shocking at all.
The previous wars were tens of thousands and hundreds of thousands.
But you must know that these hundreds of people are all strong in the Lab of the Gods!
Everyone is super strong.
It's not comparable to leftovers.
The Lab of the Gods has a rating for everyone's strength.
Like Richard, the combat power rating is only c, but he is s-level in the special armor.
Before that, Richard sent out to kill Levi Garrison's s? level powerhouse.
For example, the destroyer is even ss-level.
This time Richard brought out at least s-level powerhouses, and the terrifying thing was that s-level ones
accounted for one-third.
There are dozens of people who personally protect Richard Richards at the SS level.
There are even sss levels.
That is to say, as a senior, Richard has the authority to activate so many powerful people.
Before, he could only mobilize a small amount of s? and s's strong.
Every strong man of this level is regarded as a treasure.

So Zoey killed so many s-level and s-level powerhouses in one breath, he was already shocked.
Before this, except for Levi Garrison,
The Return of the God of War [The Protector] Chapter 2085
"Huh?"
Everyone looked over.
"Let Zoey kill the Quartet first, and show all his strength and skills! The more comprehensive and
detailed the better, the better! This will kill two birds with one stone for us!
First, Zoey shows strong enough strength, and we will get rid of it later. She, isn't this more able to
highlight the power of the Gods Lab?"
Everyone nodded fiercely, "Yes, the stronger Li
Zoey , the more powerful we are." Li Shiji smiled, "Secondly, let Zoey A comprehensive demonstration of
her strength is also an analysis of her combat power. Let us make a specific evaluation of her strength.
The more detailed the display, the more we can find out her shortcomings! This will help us get rid of
her later!"
After listening, everyone looked shocked. .
Unexpectedly, Richard's arrangement was so detailed.
But the cost is too great.
Too many people died.
Every strong man is a treasure.
So many died. Seeing everyone's intentions, Richard smiled, "Sometimes you have to pay a price to do
things! During this period of time, I really have too many powerful people dead! But I have to complete
the experiment, and then batches of pure energy bodies will come out. ,
The senior management of the
laboratory
would praise me instead."
Everyone nodded.
Everyone knows that if pure energy embodies the world, just one can withstand all the losses now.
In the field.
Zoey continued to show his strength.
More and more people are dying in her hands.
Richard's team used the most advanced equipment and the strong to watch the battle from the side to

conduct a detailed analysis and evaluation of Zoey's strengths and weaknesses.
"Go! s? level powerhouse!"
Richard ordered.
Several masters and Zoey trembled and fell again.
Zoey's true combat effectiveness has not yet been fully demonstrated.
It shows that the opponent's oppression is not enough!
"Use the upgraded version of the killing weapon!"
Richard ordered the people to release Xu Zhengjie's proud work-the upgraded version of the killing
weapon.
In order to continue to oppress Zoey, to stimulate her stronger strength, to expose more.
The killing weapon targeted Zoey again and again and bombarded her again and again.
However, Zoey's body burst out with a powerful invisible force, which can always block the killing
weapon.
Her mighty power can tear it apart when the god-killing weapon strikes it.
"Did you see it? God-killing weapons have no effect on this level of power!"
Richard said.
"Mr. Richard, we are still developing the third version of the killing weapon! It will be successful soon!"
The
subordinates wiped cold sweat.
"Continue to use other weapons, continue to oppress!"
Richard commanded calmly.
Apply high-intensity compression to the Zoey again and again.
But Zoey is really too strong.
Over and over again Richard's expectations.
No matter how strong the obstacle, Zoey can always be easily resolved.
...
"Strong! Zoey is too strong, right?"
"There are thousands of strong men who have died in her hands! Those are all s-level strong men in the
Gods Lab! There are so many powerful weapons, all Can't stop her!"
"I'll go, the female version of Levi Garrison
The Return of the God of War [The Protector] Chapter 2086
Send SS !" Richard gave an order, and the four strong men rushed forward.
These four singles are no weaker than the destroyer.

Although the Destroyer was the only one who succeeded in the God Creation Project, it was thirty years
ago.
In the past thirty years, the development of the Lab of the Gods has not known what level it has
increased.
So the Destroyer is not the strongest in the Lab of the Gods, just a card.
The four powerhouses shot together.
Sure enough, this time Zoeying is not so easy.
Before the strong men encountered Zoey, they were almost always killed in seconds.
But this time the four masters instantly locked Zoey.
The two sides began to blast.
The nature of these superpowers is similar to that of Zoey becoming a strong one.
The methods of using power for both sides are also very similar.
It's just that who is stronger than whoever is faster, and who reacts faster.
Therefore, Zoey is not so easy to deal with these four masters.
It's hard to get rid of it for a while, it's hard to kill it.
And Zoey lacks actual combat experience.
It's okay to deal with one person alone.
When the four people go together, her shortcomings are exposed.
……
Now all the shortcomings of Zoey have been exposed.
First, lack of experience!
Second, the means of attack and defense are still limited!
Third, I still can't use all my power!
…The
shortcomings are increasing.
But Zoey's combat power is still super strong!
Although the four masters entangled Zoey, they were all injured to varying degrees.
If this continues, they too will die.
In a word, although Zoey has shortcomings, she is strong.
Can't attack for a long time.
Been pestered by four people all the time.
Zoey is in a hurry.
"Dead! Die to me!"
Zoey was angry, his momentum rose, and his strength increased.
Suddenly raise to another level.
…

“No, emotions can affect a person’s combat effectiveness! But she has reached this point, emotions can
affect her so much?”
“Unbelievable! What is going on? Her strength is directly linked to emotions. Yes?”
…
Richard’s men detected the strength of Zoey through the instrument, accompanied by a sharp rise in
anger.
Presenting an impossible phenomenon.
“Boom!!!”
Zoey slammed out with a violent punch.
Half of the body exploded, blood flying all over.
“Boom!”
Another person was punched and flew away.
…
Now the four powerhouses have suffered terribly heavy losses.
The eyes of the four of them were full of shock.
They were able to entangle the Zoey just now.
Why did it suddenly become like this?
“Kill!”
Zoey continued to kill Richard, who was not far away, as if death came to the world.
The four powerhouses quickly blocked.
But now Zoey is one level higher than them.
The four were beaten out again.
Can’t stop it at all!
“Go, stop her! Don’t let her come here!”
Richard ordered again.
The rest of the ss-level powerhouses all come to stop Zoey.
Richard had a sullen face.
Originally, he wanted to use these SS-level powerhouses to kill Zoey.
No other trump cards and big moves are needed.
Unexpectedly, this level of strong
The Return of the God of War [The Protector] Chapter 2087
Only Zoey and ten robots were left.
Although the combat effectiveness of the robot is amazing, for Zoey, it is simply not worth mentioning.
They can only delay Zoeying temporarily.
In the robot’s setting program, the plum can be dragged to dye for one minute.
This is enough.

Richard and the others have fled to a safe area.
"God's scepter weapon system is ready, the countdown to launch!"
"Three!"
"Two!"
"One!"
...
"Boom..."
Suddenly there was a thunderous roar from the sky, which was more terrifying than the thunder. .
That posture will tear this day apart!
In the depths of the vast and vast space, suddenly a beam of light came, and the sky fell!
This beam of light seems to be God's punishment, shattering everything and destroying the world.
Where does the light beam come from?
satellite!
The satellite group launched by the laboratory of the gods!
Use the super laser launched from the satellite to accurately destroy and strike.
The Lab of the Gods claims to have the most powerful technology on the planet and has long been
deployed in space.
Satellites and space stations are all essential.
And their proud super weapon-the scepter of God.
It is actually a satellite launch.
The scary thing is the attack range of God's scepter-the whole world.
Because the satellites are launched from high altitude, the satellite population is wide, so every corner
of the world can be covered by the scepter of God.
In addition, the weapon of God's scepter is too destructive.
So once it is released and launched, it is world-destroying.
No matter what warrior or superpower you are, once locked by this weapon, there will be no way out.
It's just because it's too scary and too advanced.
So this weapon is the trump card of the Lab of the Gods!
Therefore, it took less than a minute to destroy the Tianzhan organization.
In an instant.
This beam has come, and the target is the area where Zoey is.
The light beam has not yet arrived, and the scorching high temperature will bake this piece of heaven
and earth into crimson red.

The terrible high temperature even dissolved the remaining robots on the spot.
You must know that the robots produced by the Gods Lab are all aerospace-grade materials and are
resistant to high temperatures.
But it still couldn't stop the high temperature before the beam came, and it dissolved directly on the
spot.
I have to say that Zoey's physique has reached the level of guarding the sky.
The machines of this kind of material were dissolved on the spot, but she looked like a okay person.
"Boom!" The
beam was about to arrive, and the earth began to tremble, making a rumbling movement.
Located in the desert, it began to collapse crazily…
"Boom!"
Finally, the beam of light came, and it blasted towards Zoey accurately.
It seems that the process is slow, but it is actually instantaneous.
Zoey had no chance to escape.
"Chiff!"
As the center point, Zoey was hit by the beam precisely.
"Kacha…"
This area was forcibly blasted out of a small pit the size of a small town, and mushroom clouds rose up,
covering the sky and the sun.
The ground vein trend in this area was completely destroyed.
The area involved is hundreds of miles…
like a meteor from the sky.
Wei Li Jian
The Return of the God of War [The Protector] Chapter 2088
"Yeah! We won! Zoey will die!"
"A mortal body, can bear the scepter of God? It's ridiculous!"
…
Richard's men cheered when Zoey disappeared.
They have enigmatic confidence in the scepter of God.
"No one can force the scepter of God to survive!"
Richard smiled triumphantly.
If it had been used earlier at the border of the War Eagle Nation, Levi Garrison would have died long
ago.
But Richard did not regret not using the Scepter of God.

If it were used, his brother would be dead.
It's not too late now.
Killing such a powerful plum does not lose money.
…
The secret bases in Erudia have exploded.
"What kind of weapon? Have you detected it? This power is too terrifying, right?" The
bear country, the major countries and the major forces all detected the use of God's scepter weapons
for the first time.
The amazing power scared everyone.
"What? Zoey was directly beaten???? How is this possible?"
Tiance Mansion and other forces received the news for the first time.
The Zoey is gone?
The masters of Tiance Mansion sent out all stopped one after another.
Zoey is dead, what's the point of them going?
"What? Dead?"
Wen Lei and Mia (Zhou Nanyan) were going crazy.
"I don't believe it, if I don't see it with my own eyes, I don't believe it!"
… the
mushroom cloud skyrocketed, and the scene was still full of smoke.
Richard led his troops to the court.
He is still an idea, to see the corpse in death.
Otherwise he is not at ease.
"Find me! Test me!"
Richard ordered a search for Zoey's body.
"Dididi…" At
this time, the detector sounded an alarm.
"Alert! What a strong energy fluctuation! Zoey is not dead yet, she is still alive! She is still alive!"
someone exclaimed.
At this time, everyone became vigilant and stared at the pit.
"Boom!"
Richard's men forcibly dissipated the dense smoke, revealing the appearance of a huge pit.
The deep pit is hundreds of meters long, and the deepest point is estimated to be hundreds of meters.
The beam penetrating ability of God's scepter weapon is too strong.
But they were suddenly dumbfounded.
Because Zoey is still alive.
Although she was covered in blood, there were wounds in her body.
She suffered a very serious injury.

But she abruptly carried the scepter of God and didn't die.
However, this light beam penetrated her body and destroyed her body structure to the greatest extent.
Had it not been for Zoey's body modification in the experimental accident, he would have surpassed the
limits of the human body.
Otherwise it is absolutely impossible to live!
Richard and others present were stunned.
Is there really someone who can force the scepter of God to survive?
"We still underestimated her physical strength! Let's put it this way, her physique is about to approach a
pure energy body!"
Richard suddenly showed a sneer, "Unfortunately she is still seriously injured! She is already at the end
of the crossbow!"
"Yes! The energy in her body is rapidly draining! If the energy in her body is drained, she will die!"
Richard's men have been detected.
"Well, let's give her a ride!"
Richard sneered.
Richard waved his hand, and the strong around him immediately swarmed.
"You too!"
Richard pointed at two people, these two are sss-level powerhouses.
The Return of the God of War [The Protector] Chapter 2089
Zoey has already felt the rapid loss of body energy, and her recovery speed can't keep up.
She can't even open her eyes now.
She has the heart, but is powerless.
She doesn't want to die, she still misses Levilia and her family.
But she couldn't help it.
She underestimated Richard, she underestimated the Lab of the Gods.
She was not strong enough to fight against this behemoth and avenge Levi Garrison.
"What about Mr. Richard? Kill her or catch her back? If we catch her back, we can do a lot of articles!
Turn her into our person…"
Li Shiji smiled sinisterly.
However, Richard shook his head directly, "No need, just kill! She is the same as Levi Garrison, she can't
stay, once there are too many variables! On the contrary, it is a threat to us!"

Levi Garrison has brought too many failures to Richard .
Let him understand that some people must be killed as soon as possible.
Can't give a chance at all!
Richard glanced at Zoey, "Kill!!"
A person next to him stepped forward, and the energy gathered on his right arm. This punch would
surely make Zoey dead.
Only when there is no bone left, Richard will be relieved.
"Meet Levi Garrison in hell!"
The energy gathered on the power person's right arm, almost transparent.
He fisted fiercely…
"Boom!" At
the moment of the first shot, suddenly a powerful shot came from a distance.
"Sneez!"
This Qi Jin directly tore the right arm of this superpower's energy gathering.
"what!!!"
The man let out a scream, and his right arm fell directly.
"No one is good!"
Richard and his men were alert, shouting loudly.
"Kill her! Kill her quickly!"
Richard shouted immediately, afraid that things might change.
Everyone shot to Zoey one after another.
"Puff!"
"Puff!"
"Puff!"
… But
any expert approaching Zoey would either explode his arms or legs, and explode his head directly.
No one can get close to one meter away from plums.
This seems to be a restricted area.
Zoey was shocked by the movement, she opened her eyes hard and looked around.
Richard and his men also looked around.
But no one at all.
This is strange.
"Is it a master of the Great Summer Policy House???"
This was Richard's first reaction.
But he has already prepared a countermeasure for Tiance Mansion.
After all, Xiong Country is too close to Erudia.
If Tiance Mansion or Erudia Master wants to act, they will arrive soon.

How could a man who is so cautious as Richard ignore this.
He had already contacted Huoyun Cthulhu before the action.
The Huoyun Cthulhu had already agreed, staring at Tiance Mansion and Erudia's other masters.
As soon as there is a turmoil, it will be notified immediately.
Not long ago, there was news from the Black Sun of the evil god of Fire Cloud, telling the exact distance
between the support masters of Tiance Mansion and Wen Lei.
It can't be reached in a short time.
So who will it be?
"Kill Zoey first!"
Richard knew that someone was coming to rescue, so he would never let Zoey live.
Several SS-level masters killed Zoey one after another.
The Return of the God of War [The Protector] Chapter 2090
The name of the person, the shadow of the tree.
When these three words came out, it was like a bolt from the blue.
"Boom
boom boom ..." The soul that bombarded everyone was not possessed , and the body was about to
explode.
Levi Garrison? ? ?
A familiar and terrifying name!
The existence that was previously listed as the number one threat by the Gods Lab!
Mention this critical moment, everyone is going to collapse.
Richard didn't know what was going on. He was soaked in cold sweat and almost incontinent.
The whole person's brain is blank, and it is entirely a subconscious reaction.
Others are basically the same.
After Zoey heard these three words, her whole body trembled, and she seemed to regain strength, who
was dying.
... The
sudden three words caused a huge panic.
The mental blow is no less powerful than the power of the scepter of God.
But, no.
Levi Garrison was dead.
Almost the whole world watched his body dissolved.
Richard was sure again and again for such a cautious person, and even his wife ran for revenge.

How could he still be alive?
Richard laughed suddenly, "You said you are Levi Garrison?"
He never expected that someone was stupid enough to pretend to be Levi Garrison?
Levi Garrison himself?
That is impossible!
I was afraid that the other party wanted to pretend to be Levi Garrison and act as a fright in his name.
I have to admit that the moment just now really worked.
Everyone was suppressed.
Including himself!
But how could it be possible to completely scare yourself with the name of a dead person?
"Of course!"
the man at the top replied.
"Hahaha… I really didn't expect someone to pretend to be Levi Garrison!
Levi Garrison has no bones left,
and he can't die anymore!"
"My friend, your trick is seen through by me, you are not Levi Garrison!"
Richard laughed.
The man smiled, "Who said I was dead? Didn't I live well?"
"Huh?" The
sober-minded Richard was taken aback.
He started to think.
Is there a possibility-Levi Garrison is still alive?
At this moment, his brain is running fast, and he has already thought about everything he should think
about.
From the perspective of his knowledge, including the technology and secrets of the Gods Laboratory,
Levi Garrison would never be alive.
Unless he is detached from humanity.
But it's impossible!
Others were also wondering if Levi Garrison was alive.
But after thinking about it carefully, Levi Garrison couldn't live.
"Who are you? You are not from Erudia, are you the one who has been against me lately?"
Richard asked.
"Guess what?"
the man sneered.
"I think it is! I met today, don't want to leave!"
Richard looked angry.

“Goodbye!”
But the man on the top of the aircraft waved goodbye.
Instantly disappeared from everyone’s eyes.
“Huh? Gone?”
“No, Zoey!”
Richard exclaimed.
As soon as Richard reminded, everyone looked back.
Where is the shadow of Zoey?
Gone long ago.
The mysterious person just appeared suddenly and said Levi Garrison’s name, which attracted everyone
The Return of the God of War [The Protector] Chapter 2091
“Huh?” The
emotionally excited Zoey was taken aback, looking at the person in front of him incredulously.
Isn’t it Levi Garrison?
“Then you just said that you are Levi Garrison? No, I don’t believe it! You are Levi Garrison!”
Zoey looked excited.
Because this person is similar to Levi Garrison, his voice just now is the same.
Upon seeing this, the man pulled off his mask, revealing his true face.
A strange face appeared before his eyes.
Zoey was stunned.
Who is this?
“You…who are you?”
Zoey asked immediately, and the whole person became vigilant.
“For the sake of Levi Garrison’s face, the one who saves you, come with us!”
This person directly did not give Zoey any chance to resist, and took her away.
If Levi Garrison or the Seven Evil Gods were here, you would find that this person turned out to be the
Underworld God!
It is now one of the eighteen dark angels in the Bible organization.
It turned out that it was the Bible organization that saved Zoeyyan.
This is the task of the Dark God.
Six of the eighteen dark angels came.
Zoey must be saved.
It is estimated that no one would have thought that they would come out to intervene.
Levi Garrison didn’t expect it.

Hearing that Zoey was in trouble, he hurried over.
But he was stopped halfway.
Four top masters.
Powerful enough to explode.
He had never seen it before.
Can faintly feel a little familiar, but can't remember.
These four people are naturally the remaining four dark angels.
The four of them are responsible for intercepting Levi Garrison, and Mingxie and the other are
responsible for saving Zoey.
It can be seen that stopping Levi Garrison is more difficult than rescuing Zoey.
When Levi Garrison was about to forcibly open the four people to intercept, they actually evacuated.
Levi Garrison didn't think much, and rushed to the destination.
At this moment, Richard and the others are looking frantically.
Zoey was rescued? ? ?
Seeing this, Levi Garrison looked dumbfounded.
He just thought those people belonged to the laboratory of the gods, but now they don't seem to be.
A third party got involved.
It turned out that the four people stopped him just now so that the others could save Zoey away.
They don't want to save Zoey by themselves? ? ?
But they saved it by themselves.
The key is that these people still know that they are alive!
who is it?
Who the hell is it?
What are they going to do?
Think carefully.
Levi Garrison was startled in a cold sweat.
He immediately thought of someone helping him when he was almost exposed in front of Zoey when he
was on Golden Harbor Island before.
That group definitely knew that they were still alive.
But at that time, Levi Garrison judged that they were not malicious, and that he wanted to keep his
identity secret and continue his own plan.
The fact that there was no interference or hindrance for a while later proved this point.
But the group of people who appeared now obviously knew their identities.
But to stop themselves, they rescued Zoey.

I don't know what the intention is?
And this group did not reveal that they were still alive.
It is not known whether it is an enemy or a friend.
But Levi Garrison can basically tell that these are two groups of people.
It was another group who rescued Zoey.
What is their real purpose?
The Return of the God of War [The Protector] Chapter 2092
Suzaku and others analyzed.
Levi Garrison thought for a while, it's probably like this.
The other party knew that he was alive and did so.
That is purposeful.
They are likely to find themselves.
who can that be?
Levi Garrison couldn't think of it temporarily.
He couldn't imagine that anyone knew he was alive.
There is more than one group.
so horrible.
Why don't you break the news that you are still alive?
In a large sense, it may be that you are weak in the eyes of these people, even like ants.
Of course, it is also possible that they have the value of use, such as dealing with the laboratory of the
gods.
…
On the other side, Zoey slowly opened his eyes.
She was surprised to find that her injury was much better, and she was full of energy.
She survived.
But who is the one who saved her?
In the face of her husband?
Zoey opened his eyes and found himself in a dimly lit room.
Everything in the room was strange, especially the murals on the walls and some text symbols, which I
couldn't understand.
And it's very scary.
"Are you awake?"
a majestic and cold voice came.
"Who are you? Where are you?"
Zoey became nervous.
She couldn't tell where the sound came from.
"Don't be nervous, I sent someone to save you!"

“Your husband and I are acquainted. Before he was alive, I invited him to join my organization, but he
refused.”
This voice is not someone else, it is the dark god of the Bible organization.
But he didn’t tell Zoey Levi Garrison was still alive.
Hearing this, Zoey’s nervous nerves relaxed a lot.
But she still looked wary, “You save me, not just for my husband’s face, right? There must be other
reasons!”
“Yes! Let me ask you first, have you seen the power of the Gods Lab?” “ Hmm.”
Zoey nodded.
“But this is actually just the tip of the iceberg. You can’t imagine the power of the Lab of the Gods! Don’t
say you destroy the entire Lab of the Gods, you can’t even kill Richard! It’s hard, hard…”
Hearing this, Zoey looked depressed.
Before, she felt that she was strong, and she was in retreat for a period of time, thinking that she could
get revenge.
As a result, he almost caught up with his own fate.
Zoey clenched his fists tightly, can this revenge be avenged?
The opponent is too strong.
It’s so powerful that it’s desperate.
She didn’t even find out Richard’s hole cards, let alone the Lab of the Gods.
Powerless!
Facing the laboratory of the gods, she felt a deep sense of powerlessness.
He knows who the enemy is, but there is no way to avenge him.
This feeling makes Zoey mad.
Just as she was desperate, a voice suddenly rang in her ear, “I ask you, do you still want to avenge your
husband?”
“Yes!”
Zoey is categorical.
“Are you afraid of the Lab of the Gods?”
When the voice sounded, Zoey hesitated, but still shouted, “In order to avenge King’s Landing, I am not
afraid of death!”
“Yeah
The Return of the God of War [The Protector] Chapter 2093
Every word of the Dark God pierced the heart of Zoey.

Zoey's body trembled.
It seems that some factors deep in my heart have been aroused.
She clenched her fists tighter.
"I can't guarantee anything else! I will only promise to make you strong, strong enough, and strong
enough to challenge the Lab of the Gods! Let you kill Richard! You will kill the people in the Lab of the
Gods by yourself. Take revenge for your husband!"
But Zoey still has doubts, she still can't believe the person in front of her at all.
There must be a reason for the other party to do this.
The Dark God saw her doubts and smiled and said, "First, I like your talent and need you to join the Bible
Organization and become my disciple! Second, the Gods Lab is an enemy and not a friend, and I want to
overthrow it. . " "
but you do not agree does not matter, I can now send people to send you away, but you lifetime will
avenge very, very difficult. "
after" you can leave, but you think clearly, you can always come back, I organized Bible The door is open
for you at any time."
...
Zoey hesitated.
The other party even let her leave?
However, after she left, if she wanted to avenge Richard and the Lab of the Gods, there was almost no
hope.
This time she deeply felt the strength of the other party.
Leave, the chance of revenge is gone.
If you stay, it is very hopeful.
After all, the ability of the Bible Organization to rescue her so easily shows that it is very powerful.
No matter what the purpose of the biblical organization is to recruit itself, as long as you are strong
enough to avenge Levi Garrison.
After thinking for a moment, Zoey shouted "I am willing to join you!"
"Okay, very good."
"Next, you have to go through a ceremony and baptism before you can truly become a member of the
Bible organization!"
...

Zoey officially joined the Bible organization.
Even people like the Dark God do not know what the purpose of the Dark God is.
Originally, they thought they brought Zoey to force Levi Garrison to join the Bible organization.
Unexpectedly, the Dark God didn't mention it, and instead let Zoey join the Bible organization.
The most important thing is that the dark god cultivated Zoey himself.
Since the establishment of the Bible Organization, the Dark God has personally trained only one person.
Zoey received this honor as soon as he joined.
Underworld God they couldn't figure it out.
They all dream of being nurtured by the Dark God, even if they are instructed once.
But Zoey has not only been trained, but looking at this posture, he is likely to become the helm of the
Bible organization in the future.
This is the most critical and the most terrifying.
But they dare not question.
In the biblical organization, no one has ever questioned the decision of the dark god.
…
On the other side.
Levi Garrison has sent people out to check the whereabouts of Zoey as much as possible.
However, his manpower is limited.
And Azure Dragon (Qinglong) and the others can't expose too much.
Yes.
Suzaku was right.
The other party knew that he was alive and rescued Zoey. There is a high probability that he will come to
him.
But what if you don't come to look for it?
The other party didn't think about targeting himself, so he wanted to make a fuss about Zoey?
The Return of the God of War [The Protector] Chapter 2094
"Quick, quick!"
"Connect!"
Richard yelled anxiously.
After the two connected, the voice of Huoyun Cthulhu came from there.
"Does Mr. Richards call himself Levi Garrison?"

Richard immediately replied, "Yes, but how could it be Levi Garrison, Levi Garrison is dead!"
Huoyun Cthulhu replied, "Well, Levi Garrison can't live. ! But are the techniques used by that person the
same as Levi Garrison?"
The question of Huoyun Cthulhu surprised Richard.
Richard began to recall the scene of the man's shot with his men.
I have to say that the Lab of the Gods still possesses a lot of high technology.
I didn't see how the Underworld God took action before, but it was restored later.
Including where the evil god is hiding, how to make a move, and how to appear.
All have been restored one by one.
"It seems to be a bit like Levi Garrison?"
Everyone was surprised to find that the other party not only said that he was Levi Garrison, but the key
behavior was also Levi Garrison.
"Send to Fire Cloud Cthulhu!"
Richard ordered.
Fire Dragon Cthulhu After reading and said, "like! But this is not a leaf monarchs! But imitate him!
Identity I doubt, but I had to look it up! Give you the exact message!"
Ming had served as the Cthulhu The person closest to the Evil God of Huoyun, he is well versed in the
cultivation technique of the Evil God of Huoyun.
So he can also imitate Levi Garrison.
It can be imitated almost exactly the same.
Now Huoyun Evil God suspects that the Underworld God came to save people.
However, there is no conclusive evidence, and he dared not insist on it.
"It seems that you are already confident, how much is it right now?"
Richard is also a wise man, where he can't read the mind of Huoyun Cthulhu.
"50%, I will give you a definite answer as soon as possible!"
... After
hanging up the call, Richard smiled.
Huo Yun Cthulhu was able to give him this answer, basically it was done.
They now believe that the one who rescued Zoey was the mysterious force.
Thinking that the mysterious force will be uprooted soon, Richard and others can't restrain their
excitement.

“Let’s go, the mysterious forces will soon surface! We also have to be prepared!”
Richard needs to improve his strength.
He aimed at pure energy body.
As long as pure energy manifests in the world, he will be proud of the world.
“Tomorrow will be the experiment of Lopez and Black’s family. I have to stare at it personally, and there
must be no problems!”
Richard’s face was full of expectation.
Although so far no pure energy body can reach the level of Xu Zhengjie.
After all, Xu Zhengjie is the originator, and the super-energy particles colliding in the laboratory are
different.
Xu Zhengjie discovered that it was natural, but they were man-made.
All aspects are greatly reduced.
But even the pure energy body with a low-profile version is invincible.
Not to mention that Richard is in mass production.
He currently has twenty-four pure energy bodies.
In addition, if the Lopez and Black family succeeded, it would be more than thirty.
He believes there will be more in the future.
However, such super-energy particles are also super troublesome to manufacture.
Consume a lot of resources…

Levi Garrison has
The Return of the God of War [The Protector] Chapter 2095
It just happened to disrupt Levi Garrison’s thoughts.
The thoughts captured at that point are gone.
“What’s the matter?”
Levi Garrison asked with an unhappy expression.
“Boss, the sun stone we hid should have been discovered.”
“What?”
Levi Garrison’s expression changed.
The first few batches of Sun Stone were robbed by Levi Garrison, but the time was tight and they were
not transported too far.
And uncharacteristically transported to the Star Nation to befriend the Battle Eagle Nation and the Lab
of the Gods.
The Star Country is basically the site of the Gods Laboratory.

In addition, the star country was close, so Levi Garrison hid all of the sun stones in the star country.
After the incident, the Lab of the Gods searched it all over, but Star Kingdom basically ignored it.
After all, in their view, this is their own territory.
This is black under the lights.
Levi Garrison knew that this trick would work temporarily, but over time, he would definitely be
discovered.
He still has to find a way to transport it to other places.
But I didn't expect it to be exposed so soon.
"It was mainly an experiment in a laboratory of Sanxing Group that exploded, and it happened to spread
to the place where we hid the sun stone! They sent someone to investigate, and it should have been
exposed…"
Levi Garrison stood up immediately, "Transfer! Quickly move!" If it doesn't work, it will be ruined!"
…on the
other side.
Richard is checking Lokita and their physical condition.
At this time, Li Shiji quickly ran to "Mr. Richard is a big surprise! The sun stone that was robbed in front
has been found!"
"What??? You say it again!"
Richard almost jumped up excitedly.
"The Sun Stone has been discovered! In Star Country! Sanxing Group discovered it accidentally!"
Li Shiji was also Sanxing Group before, so he got the first-hand news.
"Hurry up and let Sanxing Group and Xingguo take down these sun stones in the name of the Gods Lab!
Do everything possible! Grab people and leave the sun stones!"
"Tell them, Gods Lab Will promise what they want!"
"In addition, we will also go to the star country, at the fastest speed!"
"Come on, bring me two pure energy bodies! Can be controlled!"
…
Richard quickly ordered , Desperate to go to the star country.
Even if the pure energy body is formed, it is actually in the experimental stage.
Because you can't fully control your thoughts yet.
Regardless of everything, Richard took two with him.
Star country.

The Sanxing Group and related departments received the news from the Gods Laboratory. To be
precise, it should be an order.
“Immediately, immediately, where to surround! No one can escape from the star country, and the Sun
Stone cannot be lost!”
“Once successful, the Lab of the Gods will satisfy what we want! This is a great opportunity!”
“Hurry up ! Send someone to send our trump card!”
“In this era, our Sanxing Group has to intervene and let them know how strong our Sanxing Group is.”
…
Sanxing Group is really low-key.
It has always been based on power and wealth.
But they do a lot of things secretly.
The Return of the God of War [The Protector] Chapter 2096
An unprecedented conflict will arise.
Richard and the others arrived at the fastest speed in a flying vehicle.
They can arrive in two hours at the earliest.
As for the vicinity of the Star Nation, all the forces that could be used by the Lab of the Gods or the
Nation of the Eagles were sent out.
Stop the Sun Stone from being shipped out at all costs!
Both sides are racing in time.

“It really doesn’t work! Let Sanxing Group take out the hole card, which is the one developed with the
Lab of Gods!”
Richard issued another order.
The products developed by Zhushen Laboratories and Sanxing Group’s laboratories, Richard wanted to
use before in Xiong Country.

It’s just useless, Zoey was rescued.
Richard will use it this time.
“Not only that, if you send a message on the dark web in the name of the experiment of the gods,
anyone who helps us will get a reward! Let all the nearby forces or people go to the star country!”
Richard issued another order.
Richard could not wait to use all his hole cards this time.
Now more and more forces and people all rushed to the star country.

Once something happens, Richard will not give a chance.
…
Levi Garrison personally led people on his way to the Star Country.
"The boss is not good, the Sanxing Group and the major forces of the Star Country have been madly
dispatched, and they have surrounded the place where the Sun Stone is hidden. The Kirin Warlord are in
trouble and are trying to find a way!"
The Sanxing Group Sun Stone is hidden away from Qilin. Recently, after the accident, Qilin was the first
to preside over the overall situation.
But now it is surrounded.
Levi Garrison's face was gloomy.
He is thinking about countermeasures.
Who would have thought that an experimental error in Sanxing Group would blow up the location of the
Sun Stone.
People are really not as good as heaven.
"This time we have to expose someone anyway, and we can't even destroy the sun stone!"
Everyone looked gloomy.
Levi Garrison said with a cold face.
The situation is severe to the extreme.
It's more difficult than ever.
…
On the other side.
The major forces of the star country are madly dispatched.
The largest consortium, the largest dark force, and the strongest supernatural organization have all been
dispatched.
Sanxing Group is understandably, the leading consortium of Star Country.
The black hand group, the biggest force in the dark world of the star kingdom, has countless masters.
The Mythical Organization, the strongest organization of super-powers in the Star Nation, encompasses
super-powers in the Star Nation and the entire world.
There are other forces all on the way.
Surrounding the hiding place of the Sun Stone is impenetrable.
Among them, the team of Sanxing Group has arrived near the place where the Sun Stone is hidden.
The team of Sanxing Group is very large, and there are large ships parked in the harbor not far away.

The big ship shook violently from time to time, raising waves, as if there was something in it, and it was
angry.
Not surprisingly, it contained the secret weapon of Sanxing Group, and even what Richard said-the
trump card developed by the Gods Laboratory and Sanxing Group together.
On land, the Sanxing Group's team of hundreds of vehicles all stopped.
There are a few armored vehicles at the end, which are still special armors.
Can block the attacks of super warriors and super powers.
The Return of the God of War [The Protector] Chapter 2097
It can be seen how terrible these young people are.
He is called the "devil" by his own people.
I don't know if they are the trump cards developed by Sanxing Group and Zhuo Shen Lab.
As soon as these young people appeared on the stage, even their breath changed.
Everyone only feels depressed, the feeling of being pulled away from the soul.
Only the people of Sanxing Group know what kind of perverted group this is.

They are the demons from hell.
Also…
everyone looked at the big ships in the nearby harbour.

This is also the super secret of Sanxing Group, the super hole card.
Take it out all at once.
"Boom…"
Suddenly a few super long trucks came in the distance carrying the device.
These vehicles are unprecedented in length and width.
Apparently, there are hundreds of meters.
Still a few.
I don't know what the devices on these cars are for.
It's just that after everyone saw it, their faces changed drastically.
"Even it was taken out? Terrible!"
"We Sanxing basically took out everything that should be taken out!"
"I don't believe that the Sun Stone can fly away
this time ?" It seems that this time the Gods Laboratory Crazy, to Sanxing Group regardless of all costs.

Soon, the masters of the Mythology Organization and the Black Hand Organization all arrived.
There is nothing wrong with the mythology organization possessing superpowers, very strong and super
strong.
The black hand organization is the boss of the dark world, and black hand means that one hand controls
the world.
They also have a lot of hole cards.
When the three major forces of the Star Kingdom came out, it was simply terrifying.
Surrounded here tightly on a large scale.
The air was also blocked, the ground was blocked, and even the sea was blocked.
Now the probability of transporting the Sun Stone out is zero.
Even the unicorns can't run away.
After determining the encirclement, the Sanxing Group ordered them to further narrow the
encirclement and kill the people inside.
now.
In the hiding place of Sun Stone.
Qilin stayed with hundreds of people.
These are the brothers of Xuan Zijun and Huang Zijun.
When they wanted to take the Sun Stone away, it was too late.
The Sanxing Group was too powerful and responded too quickly.
So that Qilin and the others are now surrounded.
Can't get out at all.
"What will the Qilin King do now? The opponent is accelerating to shrink the encirclement. Soon we will
all be exposed, and the Sun Stone will not be able to keep it."
The boss of Xuan Zijun asked.
"Yeah, if the other party is pressing, we can't get out, and people outside can't get in. In the end we all
stayed here."
Huang Zijun's boss also said.
Qilin looked ruthless: "It really can't, destroy all the Sun Stones!"
"In the end
, we can only take this step!" "But, we can reduce casualties! We have a bloody road, and the King of
Qilin will cover you. Get out! We and the Sun Stone will die together!"
"Yes, let us take the Kylin War King. You are better than us, and staying with the boss has a greater

effect. We are willing to coexist and die with the Sun Stone!"
everyone said.
*Qilin glared at everyone: "f*ck you! Can I still abandon you? Then am I still called Qilin? Look at*
The Return of the God of War [The Protector] Chapter 2098
Before Levi Garrison destroyed the sun stone very simple, as long as detonate any sun stone, once the
terrifying energy radiates, it can cause a series of reactions, and all the sun stones will explode.
But now, the other party uses a device that isolates energy.
The terrifying energy in the Sun Stone was isolated and blocked, and could not explode at all.
Qilin and the others wanted to destroy the Sun Stone, they had to break it piece by piece.
It's very difficult.
Maybe this time, the opponent has all rushed in.

And they themselves are also affected, unable to display their true strength.
"What kind of device is this? Isn't it terrible?"
Everyone was shocked.

In fact, this device is a device that disturbs or even changes the magnetic field.
So as to achieve the effect of isolating energy and affecting the strength of martial artists.
This device came from the several hundred-meter-long trucks just now.
Sanxing Group and Richard had long expected that Qilin might destroy the Sun Stone.
So start this device specifically.
After the device was activated, Sanxing Group immediately ordered it.
"Rushed to protect Sun Stone! All the enemy alive, do not kill!"
"Remember, do not let them ruin stone sun!"
"Quickly quickly !!!"
……
the order, the major expert All rushed in.
All of the black hand organization and the myth organization sent masters to enter.
In addition to a middle-aged man, Li Zaiwan, the principal of Sanxing Group also has a young and
beautiful woman in a windbreaker, as cool as the wind.

Her name is Li Chengmin, regardless of her youth, but she has a high position in the Sanxing Foundation.
He is the leader of the security group of the Sanxing Foundation.
This is an extremely high position in Sanxing Group.
The institution that truly controls the force!
Li Chengmin looked cold, and beckoned at the young people called "devil": "You all go too!"
"Remember not to kill! You must catch everyone!"
These young people nodded one after another. Go there obediently.
Everyone around was amazed.
Admired and looked at Li Chengmin in horror.
Because she is the only one who can dominate this group of demons.
This group of young people would not listen to any orders, only listen to Li Chengmin's.
After Li Chengmin gave the order, this group also joined the battle group.
"Report to Mr. Richard, ten minutes to solve everything, and soon we will know the identity of the
mysterious force!"
Li Chengmin smiled.
The encirclement has been completed, and the next step is to arrest.
Richard received the news, but was not happy.
He was very cautious and asked Li Chengmin to stare outside.
He determined that someone would come to the rescue.
There may even be a head-on collision with mysterious forces.
"Mr. Richard is not so exaggerated? To put it more exaggeratedly, we are almost the power of the whole
country. Should we be so cautious?"
Li Chengmin is not arrogant, mainly in this posture, who can escape?
"Listen to me right! Even the Lab of the Gods has suffered! Not to mention you!"
Li Chengmin's expression changed now.
"Okay, I understand. Come here, give my order…"
Li Chengmin ordered, always guarding against rescue outside.
This is basically foolproof.
…
"No, people from Sanxing Group rushed in!"
The Return of the God of War [The Protector] Chapter 2099
"Boss, we will arrive at the designated location in five minutes! What should we do?"
"The other party also blocked the air!"
…
everyone asked anxiously.

“When will Richard arrive?”
Levi Garrison asked.

“Huh?”
Everyone was taken aback.
At this time, Levi Garrison actually asked Richard.

“Here in half an hour!”
But Suzaku still inquired and answered.
“Hold him as much as possible! Extend his time here!”
Before the voice fell, Levi Garrison had already stood up.
Go to the door of the cabin.
“Boss, what are you……”
Everyone was puzzled.
“Just listen to my command!”
Levi Garrison opened the hatch and jumped straight down.
Everyone was dumbfounded.
That’s right.
Levi Garrison jumped from a height of several kilometers.
It turned into a meteor and swooped down.
The speed is getting faster and faster, like a bright flame.
Li Chengmin and other troops were guarding the periphery. At this moment, someone exclaimed, “Look at the sky!”
The sound made everyone look up to the sky.
The streamer falling from the sky is terrible!
Across that distance, everyone can feel the momentum of the thunder.
No matter what it is, even if it is a big rock, the power is amazing when it is dropped from such a high place.
“It’s a person! It’s an individual!”
Soon Li Chengmin’s men detected that it was a person.
“What???”
Everyone was shocked.
Others fell from the sky.
“Block him in the air!”
Li Chengmin ordered.
“It’s late, no chance!”
Suddenly, Levi Garrison accelerated in mid-air and descended from the sky at a speed that his weapon could not catch.

In the blink of an eye, a figure on the retina of everyone's naked eye gradually became clear.
"Boom…"
Levi Garrison landed.
The ground shook the mountain.
Levi Garrison unbiasedly landed on the truck roof of the Sanxing Group's magnetic field device.
"Boom!"
"Kacha!"
The power that fell from the sky was too amazing.
It smashed the magnetic field device and the truck directly.
Not only that, but the power was also dissipated.
The earth appeared fine cracks like spider webs, and they continued to extend out.
"Kacha Kacha…" The
surrounding Sanxing Group and other forces' vehicles or machines exploded one by one.
"Boom!!!"
Not only that, but also caused waves in the sea nearby, and all the ships were overturned.
Because of Levi Garrison's landing, this area has become a ruin of the doomsday.
Panic!
Everything is messed up!
Everyone who was guarding the periphery and who was arresting Qilin was in a mess.
Especially when the people inside didn't know what was happening, the ground was shaken.
It's like being bombarded by super weapons here.
However, only Levi Garrison landed.
"Stay steady, steady!"
Li Chengmin shouted.
Richard and the others who rushed to the other side immediately rushed in after they learned the news
here.
Only halfway there was harassment by unmanned aerial vehicles.
"Huh?"
"No, the other party came here prepared!"
"Clear
The Return of the God of War [The Protector] Chapter 2100
Levi Garrison simply and generously admitted.
But no one believes it!

I thought he was a fake!
Just like the last time the Underworld God faked Levi Garrison, no one would believe it.
In everyone's consciousness, Levi Garrison was dead. Even if he didn't die, it would be too late for Tibet.
How could he report his family?
No one would believe that he called himself Levi Garrison these days.

So imitating Levi Garrison is too simple.
Instead, Levi Garrison told the truth, no one would believe it.
Even if he showed his true face, no one would believe it.
But at this moment, Levi Garrison concluded that Li Chengmin was the leader of these people.
The so-called catching the thief first catching the king, Levi Garrison did not hesitate at all, and turned
into a flash of lightning to burst into the crowd.
Levi Garrison's speed was so fast that everyone didn't react at all.
Through the crowd.
He appeared directly in front of Li Chengmin.
Li Chengmin is also a superpower, and his strength is extremely terrifying.
But her superpower is not attack or defense, but manipulation.
For example, why can she control a group of young people known as the devil?
Are they really afraid?
Do not!
She can control it!
Her superpowers can control them!
No matter how powerful they are, they can be firmly controlled by her.
But in the face of Levi Garrison's sudden attack, she didn't have the strength to fight back.
She was captured by Levi Garrison in an instant.
"Papa!"
Levi Garrison tapped acupuncture points on her body a few times, Li Chengmin couldn't move, even her
superpowers could not be used.
This…

Li Chengmin's face changed drastically.
Levi Garrison actually used Erudia's ancient acupuncture skills.
This is from Master's ancient books.
It is different from traditional acupuncture points.
The one left by the master is stronger.
In the beginning, Levi Garrison's acupuncture skills were just to control people.
But there was an extra note beside it, it turned out that Levi Garrison didn't care.
But later he realized that tapping the acupuncture points can still control the powers, making their
powers unusable.
It is mainly used to seal the meridians of the acupoints, so that your power and abilities cannot be used.
Levi Garrison didn't know what Li Chengmin's supernatural power was.
Just in case, he directly sealed
the acupoints to lock the meridians.
Make her unusable!
Li Chengmin was captured, and everyone around him reacted.
Thousands of people panicked immediately and stared at Levi Garrison.
"Hurry up and let the people go !!!"
...
Judging from the crazy reactions of these people, Levi Garrison caught the right person.
This is their boss!
Facing these people, Levi Garrison sneered, "Don't move, whoever touches me will squeeze her head!"
The
words came out.
Several of Li Chengmin's subordinates immediately panicked, and they waved their hands and shouted,
"Calm all, calm down!"
"Be careful, don't hurt the team leader, otherwise you will die without a place to bury your life!"
Several people also warned at Levi Garrison.
Levi Garrison sneered, "Really? Then I will kill her, try?"
The Return of the God of War [The Protector] Chapter 2101
Levi Garrison smiled, "It's very simple, let my people go and take away all the sun stones at the same
time!"
"No!!!" As
soon as this was said, someone immediately refused.

“No way, is it? Then I will kill her!”
Levi Garrison simply and rudely wanted to kill Li Chengmin.
“Promise him!”
Li Chengmin shouted.
“Is the group leader real? This is a once-in-a-lifetime opportunity! Are we going to really let it go?”
“Yes, this opportunity is gone, the next time it will be difficult. And the Gods Lab left immediately. It’s
hard for us to explain!”
…
Everyone looked embarrassed.
Li Chengmin stared at everyone, “Then you want me to die?”
“Ah? It’s not, we…”
Everyone began to struggle.
It’s not to let it go, and it’s not to keep it going.
“Hurry up, my patience is limited!”
Levi Garrison said.
“Let it go! Let go!”
several senior executives immediately shouted.
“No, I want to watch people leave with my own eyes!”
Levi Garrison took Li Chengmin to the hiding place of Sun Stone.
“Ren and Sun Stone will come out soon, please pay attention to respond!”
Levi Garrison contacted Zhuque and the others to respond.
Finally, Levi Garrison watched Qilin and the others leave with the Sun Stone.
“I don’t have much time for you, so it’s all up to you, don’t shame me!”
Levi Garrison said.
indeed.
He could only use Li Chengmin to threaten him for a short period of time.
Especially after Richard arrived, even if Li Chengmin died, he would do it.
So the time is less than half an hour.
After half an hour, the Sanxing Group will chase it, and Richard and the others will chase it even more.
At that time, they could only rely on themselves.
Regarding the strength of Azure Dragon (Qinglong) Qilin and their strength, he is still at ease.
Not to mention avoiding it permanently, it’s okay to avoid it for a while.
“Huh? I want to track it secretly, stop it all! And hand in all your deployment plans! Including personnel
and equipment!”
In order to prevent everyone from being tracked, Levi Garrison also made some follow-ups.

These deployment plans were given to Qilin.
Allow them to escape further.
Time passed by every minute and every second.
Qilin and them all withdrew with the Sun Stone, and successfully reunited with Suzaku and them.
In a short period of time, they have disappeared from the sight of Sanxing Group.
"Huh? Obviously we can detect it just now! Why did they disappear suddenly?"
"Where did they go, we clearly stared at it?"
...
Sanxing Group will never let Qilin and the others leave.
There are trackers on the transported ships or devices, even if the Qilin and the others leave, the
position is always locked.
But everything disappeared just now.
Qilin these people disappeared out of thin air.
Levi Garrison felt relieved when he heard this.
Sure enough, these guys still have two brushes.
But if this is not possible, his efforts will be wasted.
Then he can come at his own pace.
He still has to procrastinate.
Otherwise, the Lab of the Gods will still be frantically looking.
Azure Dragon (Qinglong) and the others still suffer from Shang Richard.
Don't be afraid of 10,000, just in case.
The Return of the God of War [The Protector] Chapter 2102
Levi Garrison can actually go.
But he can't go.
If he leaves.
Richard will definitely send all the power out to find Qilin and them.
When the time comes, the pressure on their side will be too great.
Maybe it will lose everything.
Therefore, he cannot go.
He is going to hold Richard down here.
He hijacked Li Chengmin and looked at Richard with a smile, "Richard, you are a little slow, much later
than I thought."
"Huh?"
Richard was taken aback not far away.
He didn't expect the other party to call his name directly.
And listening to this tone, it seemed that it was Levi Garrison.
"Who are you? Why do you pretend to be Levi Garrison?"

Richard said coldly.
“I am Levi Garrison, why should I pretend to be?”
Levi Garrison smiled.
Richard stared at Levi Garrison, “Do you think I will believe it? I already know that you are that power!
When I catch you and tear off your disguise, you will know who you are.”
“All People are ready to take him down! Never let him go!”
“Mr. Richard don’t…The composition is still in his hands! If we are in a hurry, the team leader will be in
danger!”
“Mr. Richard, please! Don’t…”
…
Li Chengmin’s subordinates pleaded.
They don’t want the team leader to have an accident.
It’s just that Richard has a cold face, and doesn’t care about Li Chengmin’s life or death.
“Go! Just a mere team leader! Let alone her, even if it is the true head of the Sanxing Group, I will not
care about his life or death!”
Richard roared.
In the eyes of the Gods Lab, Sanxing Group is just a dog raised.
He doesn’t care about anyone’s life or death.
He wouldn’t care even if he was at the helm of Sanxing Group.
Not to mention the leader of a security group.
In the Sanxing Group, it is a high position, but in his eyes, it is like an ant.
It’s impossible to threaten her.
“Take it! Don’t worry about her life or death!”
Richard ordered.
At this time, everyone in the Sanxing Group did not dare to say anything, and could only execute orders.
Li Chengmin was also shocked.
In Richard’s eyes, she was not worth mentioning.
“Hahahaha… Did Leader Li see it? You gave people your life, and they don’t even care about your life!”
Levi Garrison laughed.
Li Chengmin’s face became more and more ugly.
“Fortunately, you have already become my inner ghost! Otherwise you will die in vain.”
Levi Garrison said next sentence.
Everyone in the audience was stunned.
Even Li Chengmin himself was taken aback.
The speaker has no intention, the listener has the intention.

Everything tonight looks weird.
Why was Li Chengmin so easily captured by Levi Garrison?
She did not resist at all?
The senior management of Sanxing Group and the Lab of the Gods knew that Li Chengmin was very
powerful, especially her control ability.
Can control everything, including human minds and so on.
Even that group of demons can control.
But why not use Levi Garrison?
Let him catch it?
Then cooperate with Levi Garrison to make people and Sun Stone escape.
The Return of the God of War [The Protector] Chapter 2103
That's a pure energy body!
Even Richard himself doesn't know how to deal with them?
Fortunately, he controlled their consciousness in advance.
These people are used by them.
Richard once imagined that if his opponent had a pure energy body, how would he deal with it?
How should the Gods' Lab deal with it?
Richard conceived according to everything he knew, and the end result was that he could not deal with
pure energy bodies.
There is no way.
Encounter is helpless.
The only thing we know is how Xu Zhengjie died.
But how to restore that environment?
The other party will not let you get rid of it stupidly, and he can't restore the terrible degree of that
experiment.
He doesn't have that kind of super particles.
So for a period of time, Richard was melancholy about this matter.
Even if the other party does not have a pure energy body, what if the pure energy body that you
experimented with turns back?
How should he deal with it?
He has to figure out his future.
In the end, one of the real seniors in the Lab of the Gods, Richard's immediate boss, told him.
Feel free to experiment and produce pure energy bodies.
The Lab of the Gods has a solution to the pure energy body, but this is confidential.
Since then, Richard has let go.

At the same time, there was a little more fear in the laboratory of the gods.
I thought he had already touched the core of the Gods Laboratory.
Unexpectedly, it still didn't.
Even the pure energy body could be removed, he couldn't imagine.
How strong is the true core of the Lab of the Gods?
How many secrets do they have?
What are they controlling?
Richard vowed to continue to work hard to gain access to the true core of the Lab of the Gods.
He wants to reach the same level as his immediate boss.
…
That's why Richard went to do this experiment frantically.
After all, there are people on the bottom.
The pure energy body joined the battle group, which greatly enhanced the combat power of the Gods
Laboratory.
Richard personally led the team to hunt down.
On the one hand, he paid close attention to the news about Sun Stone and Qilin.
It's just that Qilin and the others slipped too fast, and they disappeared without knowing what method
they used.
Although most of the power of the Gods Laboratory was overwhelmed.
But there is really not much gain for a while.
…
Levi Garrison dragged as much as possible to help them disperse their strength.
Others have to look at themselves.
He is now running wildly with Li Chengmin.
Has entered the center of Star City.
This is the advantage of bringing Li Chengmin.
She knows everything and knows where to go and where not to go. "I just notified by the secret line that
Richard had almost sent all his power to block the Star Nation. In order to catch you, he did everything
at all costs! It is said that he sent two super masters! It is comparable to the existence of the Scepter of
God! It is Richard! Germany's biggest killer
!"
"We are in big trouble now."
Li Chengmin looked solemn.

I used to hear that Richard had a lot of hole cards, but he had to add one behind the strongest.
But the two sent out this time turned out to be Richard's strongest killer, none of them.
This is serious.
Levi Garrison's expression also changed after hearing this.
The Return of the God of War [The Protector] Chapter 2104
After this period of contact, Levi Garrison discovered that Richard, even though he was known to the
outside world as the top of the Lab of the Gods.
But he still did not touch the core of the Gods Lab.
The Lab of the Gods has to dig further.
Even the strongest killer is nothing.
So he must touch Richard's strongest killer.
"Huh?"
Seeing Levi Garrison's leisurely appearance, Li Chengmin couldn't help being stunned.
"What do you mean? It's all this time, I'm not nervous at all?"
Levi Garrison smiled, "What are you nervous about? Now we are grasshoppers on a rope."
"Who are you? Where are you from? ?"
Li Chengmin sensed something else and couldn't help but doubt Levi Garrison's identity.
"I'm Levi Garrison!"
Levi Garrison pulled down his hat and revealed his original face.
"Don't pretend, you can be easy…"
Li Chengmin just wanted to say Yi Rong, but suddenly he remembered something.
"Aren't you really Levi Garrison?"
Li Chengmin opened his mouth slightly, surprised.
"It's me!"
Levi Garrison didn't need to hide from Li Chengmin.
Li Chengmin's brain is running fast, thinking a lot, and accepting that the person in front of him is Levi
Garrison.
"Gosh, how did you survive?"
Li Chengmin looked incredible.
Levi Garrison is too amazing, right?
Just a little bit of her finger just blocked her ability to use.
She wanted to know why Levi Garrison was still alive.
Levi Garrison smiled, "Sometimes what you see may not be true!"
"Fake, everything we see is false?"

Li Chengmin thought he was also the top group of people in the world.
But she couldn't imagine how Levi Garrison could deceive the world.
"Don't worry, you and I will be able to safely escape from the star country!"
Levi Garrison just checked Li Chengmin's information.
This woman is a cruel person.
And the status of Sanxing Group is extremely high.
Once he found out Richard's real hole cards, he had to withdraw.
Relying on his strength and Li Chengmin's whole body to retreat is nothing to say.
...
Richard and the others quickly shrunk the encirclement and guarded the surroundings of Star City.
With the patience of the Gods Laboratory, it is really possible to achieve the level that a fly can't fly out.
"
Look for it!" "Look for it all! Remember that Li Chengmin is very familiar with everything about Star
Country, and even knows our deployment! You must look carefully!"
...
Richard ordered.
Each department conducts a carpet search in Star City.
Especially the frantic search for places related to Li Chengmin.
...
Time passed by every minute and every second.
Levi Garrison was even so bored that he lay on the sofa, flipping through some information about
Sanxing Group.
There is even Li Chengmin's collection of red wine next to it.
Li Chengmin didn't have any thoughts, on the contrary, she was so busy to death, she kept paying
attention to the outside dynamics.
She didn't understand Levi Garrison's intention to stay inactive.
In fact, Levi Garrison was waiting for her Charitable's biggest killer.
"Inquired, Richard's biggest
The Return of the God of War [The Protector] Chapter 2105
On the other side, Levi Garrison was as calm as ever.
Li Chengmin was still anxious: "Richards and the others are looking frantically now. Our place will be
found
if you insist on one day at most." "Don't you want to think about how to leave?"

Levi Garrison smiled: "Don't worry, it won't take a day. You can find it in an hour! Don't underestimate Richard!!!"
...
"Go, call all Li Chengmin's cronies!"
Richard ordered.
Soon, a dozen of Li Chengmin's cronies were called to Richard.
"Where is Li Chengmin?"
Richard asked.
Li Chengmin's cronies are all dumbfounded.
Why would you ask them?
"We don't know Mr. Richard! Are we looking for it too?"
Everyone wondered.
Richard smiled: "Well, I know you are in touch with her! You are providing her with news and convenience!"
"Boom!"
Everyone's expressions changed greatly.
Just when they were sophistry, Richard immediately shouted: "I'll give you a chance! If anyone tells where Li Chengmin is, I will not only spare him not die, but also reward him! I even let him join the Lab of the Gods!"
"Don't say, kill without mercy!"
Richard gave everyone two ways.
Either die, or speak out and enjoy the glory and wealth.
As soon as they heard joining the Lab of the Gods, some people showed enthusiastic expressions on their faces.
Joining the Lab of the Gods should be the dream of each of them.
Who doesn't want to?
A dream thing!
"Don't tell me! Richard will kill you too!"
"Yes, are you still not sure about Richard's style?"
...
There are a few people who want to be tight-lipped and protect Li Chengmin.
And they knew it was a dead end.
"Kill!"
Richard ordered, directly killing these people who disturbed the military's morale.
The others were terrified.

“Not to mention that is the end, I said to join the Lab of the Gods! How can I kill you when I use people!”
Richard smiled.
Li Shiji echoed: “Yes, am I just an example?”
“As long as it is valuable and useful! Absolutely reuse!”
Several people looked at each other and finally decided to confess.
Soon according to the address given by several people, Richard’s men locked Li Chengmin’s position.
“It has been confirmed that Li Chengmin and that person are there!”
Richard’s expression changed suddenly: “Okay! Order everyone to surround here! Immediately,
immediately, go!”
Several of Li Chengmin’s cronies said excitedly: “Richard Mr. De, do you think we can join the Lab of the
Gods?”
Richard smiled, smiling like a devil.
The few people seemed to realize something and wanted to run away immediately.
But how could Richard’s men let them go?
Soon several people fell in a pool of blood… In
Li Chengmin’s secret hideout, Li Chengmin suddenly lost contact with his cronies.
At this time, Levi Garrison was counting down: “3, 2, 1!”
Boom!
Suddenly the house suffered a terrible bombardment!
“They’re here! What should I do?”
Li Chengmin turned pale.
“Kill out!”
Levi Garrison and the two immediately killed out.
The first attack is
The Return of the God of War [The Protector] Chapter 2106
“Come!”
Levi Garrison got serious.
From the tens of thousands of people in front of him, he has felt two very different existences from the
others.
Whether it is a super power or a warrior.
Both are different from these two people.
How do you describe these two people?
Correct!
Sun Stone!
These two people are pure energy bodies just like the Sun Stone.

There is terrible energy in it.
They can't feel their organs, blood, muscles and veins at all.
Pure energy body?
It seems to be composed entirely of energy.
As expected of Xu Zhengjie!
If this lunatic is alive, it is probably more terrible than Richard!
Fortunately, he died.
Before Levi Garrison could think more, all the masters in the Lab of Gods came up.
Even though there were two pure energy bodies in the battle, Richard was still worried and needed a
large number of masters to assist.
Levi Garrison and Li Chengmin joined forces.
I have to say that Li Chengmin has two tricks, especially her control ability, which is simply the nemesis
of the superpower.
Always restrain them.
Li Chengmin immediately entangled dozens of masters and shared a lot of pressure for Levi Garrison.
Levi Garrison also fought with a large number of masters.
…
Richard is always paying attention to the situation, and this matter has been fixed immediately, but he
still can't ignore it.
But at this moment, he received the news.
People like Sun Stone and Qilin chased and disappeared.
They disappeared completely, no matter what method they used to find them.
"Are those machines?"
Richard asked.
"It's so strange, it disappeared for no reason! The other party's method is a bit powerful!"
Richard thought for a while, and said: "Forget it, according to their strength in the previous few times,
this we certainly can not find the time! leave some people still look, another part to Star City! there is a
person, we must catch! "
track unicorn Sunstone team of people to return, and the pressure up to the side.
It will be difficult for Levi Garrison to leave when that happens.
Unless abruptly to open a bloody path.
…

Levi Garrison had already fought against the pure energy body in the field.
“Boom!”
“Boom!”
… The
two sides fought back and forth.
Although it is a low-profile version of pure energy body, the power is too fast.
Can actually fight Levi Garrison!
Don’t let the wind fall in the slightest!
However, the rest of the masters suffered. Levi Garrison slammed it down with a punch, and they
couldn’t bear it.
Either the body exploded, or a blood hole was blasted…
even though they were also very strong.
But between Levi Garrison and the two pure energy bodies, it still seemed weak.
Not one level.
If you insist on getting involved in this level of battle, there is only one dead end.
What Richard originally wanted was to use the two pure energy bodies as the main combat power, and
the other masters to consume and harass.
Now it seems to be of little effect.
It had little effect on Levi Garrison.
The casualties were heavy.
More and more masters fell.
These people can also stalemate with Li Chengmin.
“Boom!”
“Boom!”
……
Along with Levi Garrison’s horrible two punches, all those who consumed and harassed him were blown
away.
Only two pure energy bodies are left.
“Master, no need to send someone
The Return of the God of War [The Protector] Chapter 2107
“Bang!”
“Bang!”
Levi Garrison was strong enough, as strong as a pure energy body that flew out horizontally under his
two punches.

“Kacha!”
“Kacha!”
…
the armor on their bodies burst into pieces.
They backed up hundreds of meters and didn’t stop.
A look of hideous pain appeared on his face even more.
This is the first time everyone has seen a pure energy body like this.
Seeing everyone was frightened.
This is too strong, right?
At first, everyone thought that the pure energy body encountered anyone was a unilateral crush and
slaughter.
Unexpectedly, this time the opponent is so strong, so that it can suppress the pure energy body.
…After the
pure energy body exited more than 100 meters, it finally stabilized the figure.
But they became weird in the next second.
“Bang bang bang…”
bursts of crackling like firecrackers came from their bodies.
Multiple strengths broke out!
Second strength!
“Bang bang bang…” The
third heavy force!
…
Five-strength!
One heavy force followed by another heavy force completely exploded in the body of the two pure
energy bodies.
There were horrible sounds.
And their bodies were blown through thousands of holes, torn apart, and extremely deformed.
This is the second display of Levi Garrison’s multiple strengths.
The first time it was to kill the Destroyer, no one knew.
This time it is equivalent to showing it to the world.
Is it amazing to everyone?
There is this kind of exercise?
what is this?
Everyone is unheard of!
Especially the pure energy body can be beaten without the power to fight back!
It’s terrible!

Seeing the embarrassed look of the pure energy body, the body is about to explode.
Everyone was dumbfounded.
Could it be that Richard's biggest killer was abused the first time it appeared?
That will become the biggest joke!
Even Li Chengmin was excited.
As expected, Levi Garrison was able to beat Richard's biggest killer.
She became more and more confident about surviving.
No way?
Is the pure energy body going to lose?
Li Shiji looked at Richard.
They are also scared.
If you lose, it would be too shameful.
It's just that Richard had a calm face and said coldly: "Look at it!"
He was surprised only because of the multiple strengths Levi Garrison had just used.
He even appeared in a trance before, what if this person is really Levi Garrison?
But now the doubts are dispelled.
This man used a method he had never seen before.
Exclude Levi Garrison!
...
"Boom!"
Multiple vigors broke out completely.
The bodies of the two have been severely deformed.
Just when Li Chengmin thought he was going to win, Levi Garrison's expression changed: "Not good."
Sure enough, in the next second, the bodies of the two masters deformed and returned to their
positions, and the bodily wounds were eliminated one by one.
They are exactly the same as before.
There was no sign of injury at all.
This is the terrible thing about pure energy bodies!
They are energy bodies, not entities.
So the attack is useless.
Only temporarily can suppress them.
"I don't believe it!"
This time, Levi Garrison took the initiative to attack.
"Boom!"
"Boom!"
... There

are multiple vigors again, this time six vigorous vigors!
The two are still as embarrassed as before, and they will explode when they see their bodies
The Return of the God of War [The Protector] Chapter 2108
Such is a rascal!
No matter what method you use, you can't kill them.
Play!
It consumes all the energy to kill you!
What's more, these two are extremely powerful.
Can completely threaten Levi Garrison!
And as it drags on for a long time, the army that Richard brings will all be overwhelmed.
Even the Lab of the Gods will send masters.
At that time, Levi Garrison hadn't talked about retreating all over his body, it was the same thing
whether he was alive or not.
If it is dragged by the pure energy body, there will be constant danger.
Seeing that Levi Garrison was about to run, the two pure energy bodies tried their best to entangle him.
Richard sent more people to hinder Levi Garrison.
"Go, strengthen manpower, and take Li Chengmin down!"
Richard wanted to see if the person in front of him would leave Li Chengmin and escape alone.
He sent more people to besiege Li Chengmin.
There are also a few wizards among them.
Li Chengmin can control others, so he does the opposite.
Use wizards to control or disturb Li Chengmin.
Soon Li Chengmin fell into a disadvantage.
"Bang!"
She was beaten and flew out.
Even Li Chengmin felt that she was going to be abandoned by Levi Garrison.
After all, she is a burden in this situation.
...
"Mr. Richard and our people will arrive in three minutes!" At this time, the army that had returned to press over arrived immediately.
That's all Richard's power.
Although the two pure energy bodies are immortal.
But the main fighting power depends on these people.
When they came, Levi Garrison couldn't escape anyway.
Unless everyone is killed.
But that is impossible.

“Two minutes!”
…
time is passing.
Li Chengmin seemed to be controlled.
Levi Garrison returned suddenly and rescued Li Chengmin.
This woman can’t die.
Still useful!
“Hahaha… Now it seems that he is not separating us. They are really a group! But now it’s fine, none of them can leave!”
In Richard’s view, Levi Garrison’s act of rescuing Li Chengmin can only be done. Explain that they are in the same group.
But this is a great opportunity for him.
Levi Garrison dragged a burden, absolutely unable to escape.
“Go on! Take him down!” With a wave of Richard, everyone went crazy and besieged Levi Garrison.
At this moment, Li Chengmin had been seriously injured and was almost useless.
Only slightly better than cumbersome.
…
“One minute! In one minute, our large forces will arrive! They will definitely not be able to escape by then!”
Hearing the voice in his ears, Richard was excited.
Finally able to catch an enemy.
Grasping one can definitely pull out the entire force.
“Boom…”
Richard’s army was about to arrive, and the voice from far away had already been heard.
The aircraft team has arrived.
Form a blockade in the air.
The same advanced weapons were all aimed at Levi Garrison.
…
“They’re here! We will be surrounded in tens of seconds! We can’t go out at that time, unless everyone is killed!”
Levi Garrison said solemnly.
Now he is not as strong as this laboratory of the gods, so he is not sure whether he can kill it once he is surrounded.
Really not sure.

So try to escape before Richard's army encircles.
The Return of the God of War [The Protector] Chapter 2109
The time until the encirclement of the army is about to count down.
Levi Garrison still couldn't get rid of the pure energy body.
"Hurry up and find a way!"
Levi Garrison shouted at Li Chengmin.
Li Chengmin's face changed.
In the next second, a group of young people rushed out of the crowd.
To be precise, they are boys and girls aged 13 or 4 years old.
That is, the young people of Sanxing Group who are afraid of fear, they are known as the "devil".
They suddenly lost control, and even killed the masters of the Gods Lab.
These young people had never had time to show their strength before.
In particular, they only listened to Li Chengmin.
After Li Chengmin was taken away, they remained still.
Of course, no one in Sanxing Group dared to order them.
Don't dare to provoke.
Plus Richard didn't pay attention at all, so they kept hiding in the corner.
But now after hearing Li Chengmin's order, this group of people actually killed the master of the Gods
Laboratory.
This group of young girls is simply terrifying.
Some of the super masters in the Lab of the Gods could not stop them at all.
They soon came to Levi Garrison in front of the two.
They separated six people and actually entangled two pure energy bodies.
This is the opportunity.
A chance to get out!
In ten seconds, Levi Garrison took Li Chengmin away.
At this time, before the army of the Gods Lab was encircled, Levi Garrison still found a gap and rushed
out.
The two pure energy bodies wanted to catch up, but they were tightly entangled.
These young boys and girls are all powerful and terrifying.
There were a total of 13 people, and the shots together were earth-shattering, and they suppressed the
masters of the Gods Laboratory for a while, including the two pure energy bodies.
Of course, everyone did not react.
Attention was all on Levi Garrison.
Suddenly someone came out, so naturally he couldn't take care of it.

“Huh? This is…”
Richard was stunned.
He didn’t expect that Sanxing Group would still exist like this?
Li Shiji said immediately: “Mr. Richard seems to be the finished product of the Magic Creation Project
developed by Sanxing Group and the laboratory.” The
Gods Laboratory created the “God Creation” project thirty years ago.
Together with Sanxing Group, they developed the “Making Devil” plan.
In fact, it is almost the same as the God-making plan.
It’s just that the technology is a little more advanced, but Zhu Shen Lab only provides partial technical
support, not all of it to Sanxing Group.
The Gods Lab estimated that the murderous weapons created by the Sanxing Group’s Devil-making
Project were at best a little stronger than the Destroyer.
How do they know that Sanxing Group’s own technology is also advanced, although it has not reached
the level of the Gods Laboratory, but it is close.
Therefore, the success rate of the Magic Project is very high, with 13 people succeeding.
And much better than Destroyer.
It’s just that Sanxing Group has concealed it itself, including data.
So the Lab of the Gods did not pay attention.
Only the insiders of Sanxing Group know what kind of demons this is.
Too strong, too violent and bloody.
After the initial success, no one can control it.
Almost overturned the Sanxing Group.
Fortunately, Li Chengmin can control them.
Therefore, Li Chengmin also became the leader of the security team.
Know
The Return of the God of War [The Protector] Chapter 2110
“Haha, good! I forgot about him!”
Richard was surprised and delighted.
I thought I couldn’t catch up with Levi Garrison.
Unexpectedly, the evil god Huoyun appeared.
Every time Huoyun Cthulhu shows his power at a critical moment!
This time he has done something again.
“I want to owe him a favor! Go catching up at full speed!”
Richard sighed.
After Levi Garrison led Li Chengmin to break through the line of defense, he fled frantically.
Only then did Li Chengmin understand.

It's not that Levi Garrison can't escape, he doesn't want to escape!
He had escaped long ago if he wanted to.
In fact, he stayed to hold down Richard and part of the power of the Lab of the Gods.
To make it easier for others to escape.
Now his goal has been achieved, so he withdrew directly.
It turned out that Levi Garrison was so calm and leisurely in her safe house. He was delaying time and
was waiting for Richard and them.
Richard now understands Levi Garrison's purpose.
Just to delay him.
So he couldn't let Levi Garrison go.
Fortunately, there is Fire Cloud Cthulhu!
…
Levi Garrison took Li Chengmin away and asked: "Unexpectedly, you still kept one hand!"
Li Chengmin understood that Levi Garrison meant that when she was captured, he let him lead by the
nose.
But in fact, she can control that group of demons to save her.
But she didn't.
It was not until the end that she showed her hole cards.
"I just want to see what you are doing? I want to know who you are! I want to get rid of everything
before Richard comes!"
"But I underestimated you, and underestimated your people!
Underestimated My position in Richard's
eyes! I didn't expect you to be Levi Garrison! By the time I wanted to control everything, it was too
late!"
…
After listening to Li Chengmin's explanation, Levi Garrison understood.
She wants to solve everything by herself.
Unexpectedly, the situation could not be controlled in the end…
but the thirteen young people she controlled were indeed terrifying.
Soon Levi Garrison and the two fled out of Star City.
It's very close to the harbour.
As long as he enters the sea, Levi Garrison can definitely escape.
Along the way, the masters of Zhushen Lab and Sanxing Group have met a lot.
But they couldn't stop Levi Garrison's footsteps.
Unless the collective encirclement.

Otherwise, if you stop him like this, gourd baby saves grandfather and sends them one by one.
But Levi Garrison, who was far away, noticed a powerful breath.
It seems to be waiting for him deliberately.
"I'm in big trouble!"
Levi Garrison said in a deep voice.
Li Chengmin looked puzzled: "Trouble?"
"Maybe even more difficult than a pure energy body!"
Levi Garrison's expression became serious.
"Are we detouring?"
Li Chengmin asked.
"It's too late, he's been staring at us long ago! If you go to other places, you may be surrounded by front
and back! You can only rush through from the front, and solve the battle as quickly as possible!"
Levi Garrison's face was cold.
When the two came to the beach.
I saw a person sitting on a big rock in front of him.
A black robe covered his face.
It's a bit similar to Levi Garrison's dress.
"This road
is nowhere !" An old but powerful voice came.
It seemed as if thunder exploded.
Li Chengmin's heart seems to burst…the
strong!
Super strong!
The Return of the God of War [The Protector] Chapter 2111
Can you recognize him directly?
Only that power!
The Huoyun Cthulhu became more sure of what he was thinking.
The one who pretended to be Levi Garrison to save people must be the evil god!
It is the Bible Organization that has always been against the Lab of the Gods!
However, Huoyun Cthulhu couldn't be sure whether he was the Underworld God!
The feeling it gave him seemed to be stronger than that of Underworld God.
But he didn't know to what extent the strength of the Underworld God in the biblical organization had
increased over the years.
Levi Garrison also knew who was helping the Gods Lab.

It turned out that Huoyun Cthulhu took action.
Several times before, Suzaku had noticed that a particularly strong mysterious force had created
obstacles.
It looks like the black sun now.
"Fight!"
Levi Garrison said nothing.
Start the fight directly.
New hatred and old hatred, let's fight first.
"Boom!"
Levi Garrison threw out a domineering punch.
This is the most basic exercise taught by Master, and it is also the exercise of Huoyun Cthulhu.
In fact, it is not complicated, it just removes all complicated moves and evolves the simplest and purest
fist and foot technique.
To put it bluntly, it is a simple fist, but it is the pursuit of the most extreme speed and the most terrifying
power.
It is naturally earth-shaking, cruel and invincible when used.
The Huoyun Cthulhu is dominating an era by virtue of this technique.
So imitating Levi Garrison is in place.
…
"This…"
Seeing Levi Garrison's limit, he threw a punch.
Huo Yun Cthulhu's face changed.
Isn't this the same as yourself?
Is it Levi Garrison?
Do not!
It may also be the god of Underworld, and even he told the Bible organization all this without
reservation.
Almost everyone in the biblical organization can.
"Kill!" The
Huoyun Cthulhu groaned, and also blasted out the same punch.
Li Chengmin was shocked.
She has been studying Eastern martial arts and Western supernatural powers.
These exercises are extremely sensitive.
Now it seems that Levi Garrison and Huoyun Cthulhu actually used exactly the same technique.
Surprised.

“Boom!” The
two collided with fists, like sparks hitting the earth.
The heavens and the earth faded, the sun and the moon reversed.
The earth collapsed and shattered, the sea water poured in, and the waves charged hundreds of meters
high.
powerful!
too strong!
Huoyun Cthulhu is indeed a super boss!
The two split immediately.
However, the expression of Huo Yun Evil God became weird.
Multiple strengths!
Levi Garrison’s punch still implied the Six-Strength Dao!
“Boom!” The
first heavy force broke out, and Huo Yun Cthulhu realized that something was wrong.
Multiple strengths have no effect on pure energy bodies.
But it was a devastating blow to others.
A trace of cruelty flashed in Huoyun Cthulhu’s eyes.
He used the exercise technique to force the six hidden strengths to one position-the left shoulder.
“Boom
boom boom boom …” With a bean-like sound, the Huoyun Cthulhu’s shoulders exploded one after
another, and flesh and blood flew across .
Almost his left shoulder was wiped out.
But he resolved Levi Garrison’s multiple strengths.
Levi Garrison was stunned.
Unexpectedly, Huoyun Cthulhu resolved multiple energies in this way.
Force the burst of strength to one place.
Lose the car like this to keep the handsome.
It turned out that when Levi Garrison created this trick, he also thought about a solution.
The Return of the God of War [The Protector] Chapter 2112
Levi Garrison suffered a loss, and he refused to accept it.
He will come in person.
“Okay, it’s okay to
leave it to you!” Richard is really confident this time.
All his hole cards are here, and it’s confined here.
Unless Levi Garrison killed everyone.
If there is a moment, he is absolutely convinced!
“Boom!”

Huoyun Cthulhu was enraged, and turned into a flash of lightning to kill Levi Garrison.
A domineering punch blasted towards Levi Garrison.
Levi Garrison also responded with a punch.
…
This time Huoyun evil theology is smarter, so he doesn't come into contact with Levi Garrison's body, so
as not to penetrate the body with multiple energies.
The Fire Cloud Cthulhu wanted to suppress Levi Garrison in all directions.
Don't give him a chance to fight back.
"Boom boom boom…" Huoyun
Cthulhu's fist was like Gatling spraying flames.
The speed of the fist is too fast and too fast.
In an instant, thousands of punches blasted out.
Even the afterimage is gone.
The picture is completely blurred, even shadowed.
But the power of each punch is violent, unmatched.
It is to completely suppress Levi Garrison!
"Fire Cloud Cthulhu!!!"
"He finally appeared! It turns out that he has taken refuge in the Lab of the Gods!"
"He is really strong! Although the two pure energy bodies are immortal and immortal, the coercion
given to this person is not That's enough!"
…
Someone recognized the evil god Huoyun.
This era finally saw how powerful the Huoyun Cthulhu was.
But after being suppressed for a period of time, Levi Garrison actually countered the suppression.
Faster speed, more terrifying power.
They are all exactly the same pure moves.
At this time, Levi Garrison didn't need to hide anything.
Even if he made it clear, no one would believe that he was Levi Garrison.
Just open up and do it!
Coupled with the multiple strengths of the Huoyun evil god jealous of Levi Garrison, he was actually
suppressed and retreated steadily.
Levi Garrison came to this point.
The only idea is to kill it.
Identity exposure is irrelevant.
If he has reservations, he must stay here.

He is crazy!
Squeeze the Fire Cloud Cthulhu!
Upon seeing this, Li Chengmin pressed a few buttons.
"Boom!"
"Boom!"
...
Several secret bases of the Sanxing Group launched weapons one after another, bombarding the army
of the Gods Laboratory.
Li Chengmin is the head of the security team of Sanxing Group.
Most of the weapons of the Sanxing Group are in her hands.
So she used it to bombard the army of the Gods Lab.
Even a few secret teams of the Sanxing Group suddenly turned back and attacked their own people.
They are all Li Chengmin's people.
He directly obeyed Li Chengmin's dispatch.
The scene was all messed up for a while.
What's more terrifying is that all the thirteen people in the demon-making plan were killed.
Who in the Sanxing Group can't stop them at all.
After they arrived, they protected Li Chengmin.
"Take the leader to leave!"
No matter what Levi Garrison did, the thirteen took Li Chengmin away first.
"No!"
"I want to take him along!"
Li Chengmin looked at Levi Garrison.
Although the contact time is not long.
But she must take Levi Garrison away.
Thirteen people looked indifferent.
They are also thoughtful, just ruthless and bloodthirsty.
Their task is to protect Li Chengmin from
The Return of the God of War [The Protector] Chapter 2113
Levi Garrison is completely violent!
Eliminate the powerhouses of the SS level and above in the experiment of the gods.
The other Levi Garrison is basically just one punch!
Or be blown up directly!
Either flesh and blood flew across the board…
Hundreds of people fell beside Levi Garrison in one round.
But real masters are not so easy to deal with.

Fire Cloud Cthulhu, two pure energy bodies, the highest-level trump card of the Gods Lab that Richard
can mobilize at present.
Five ssss-level powerhouses!
There are also twenty-three sss-level powerhouses!
And a luxurious lineup composed of a large number of ss-level powerhouses!
This is in addition to many weapons, such as the scepter of God.
Because Sanxing Group is a dog raised by the Gods Laboratory, there are many Sanxing Group bases in
and around Star Country.
Directly launch satellites and super weapons.
These weapons do not require preparation time and can be launched directly.
So now Levi Garrison is besieged to death.
This is Richard's confidence.
Richard sent almost all masters to suppress Levi Garrison.
As for Li Chengmin, he handed it over to the Sanxing Group, the Mythical Organization, and the Black
Hand Organization to solve them.
I have to say that the 13 people in the Demon-Making Project are very strong.
Abruptly smashed a bloody path.
Escort Li Chengmin to leave.
No matter how Li Chengmin shouted, it was useless.
They won't care about Levi Garrison.
Li Chengmin was rescued, but Richard's expression remained unchanged.
He only needs to leave Levi Garrison alone.
Li Chengmin can deal with it afterwards.
"Did you see? Your companion betrayed you and ran away alone!"
Richard couldn't help laughing when he saw it.
Hearing the sound, Levi Garrison took a look, and Li Chengmin ran away as expected.
Levi Garrison just wanted to curse.
The pressure is too much now.
The offensive firepower of the five ssss-level powerhouses is too fast, no less than the two pure energy
bodies, or even higher.
The most important thing is that he is entangled by two immortal bodies of pure energy.
In addition, the Fire Cloud Cthulhu, who has been wandering nearby, will give you a fatal blow at any

time.
There are
tens of thousands of masters on the periphery… Looking at the embarrassed Levi Garrison, Richard
smiled.
Think about it last time, sending all the power to deal with Levi Garrison.
At that time, Richard was not high in the laboratory of the gods, and there were not many masters
mobilized.
If this lineup is now against Levi Garrison at the beginning, Levi Garrison will have no more scum left.
But where he wanted to get it, Levi Garrison was also dealing with it now.
……
some melee.
Hundreds of masters fell in the laboratory of the gods.
This area was completely destroyed.
But Levi Garrison still stood tall.
So many masters did not leave a trace of injury on him.
This is too strong, right?
Who the hell is this?
Richard and their faces changed one by one.
I thought it was easy to eat.
It doesn't seem necessary now.
It may pay a huge price!
The Huoyun Cthulhu has determined that this is not the Underworld God.
The Underworld God was trained by him.
No matter how much opportunity he has in the Bible organization, it is impossible for him to rise to this
level.
Who is this in the biblical organization?
The Return of the God of War [The Protector] Chapter 2114
Because Huoyun Cthulhu had been paddling the water, he didn't use his real strength to deal with Levi
Garrison.
But now he desperately wants to know who the person in front of him is!
He must win!
The Fire Cloud Cthulhu displayed his true strength.
"Boom boom boom boom…"
His speed was twice as fast as before, and his strength was greatly increased.
The suffocation and oppression like the collapse of the sky!
In an instant, Levi Garrison's pressure increased a lot.

His face changed.
Huo Yun Cthulhu actually practiced this technique to this level?
I thought I could completely suppress him.
He can't get any benefits.
But he didn't expect him to retain his strength all the time.
He is really strong enough!
The pressure on Levi Garrison has risen sharply.
Plus two pure energy bodies and the crazy oppression of major masters.
They have shown their housekeeping skills one after another.
For a while, Levi Garrison was really suppressed, and the danger was all around.
There is no possibility of escape at all!
Can only fight with them blood!
The only way to leave is to kill everyone in front of you!
Upon seeing this, Richard couldn't help sighing.
The two pure energy bodies are indeed immortal.
It's just that the offense is too weak.
The methods that can be used are also limited.
Levi Garrison couldn't kill them, but the threat they posed to Levi Garrison was limited, only they could
entangle him.
There is a big gap between Xu Zhengjie's ideal pure energy body.
Xu Zhengjie was like a god.
One thought made all the guards of Tiance Mansion faint to the ground.
The magical means can be called godlike.
The pure energy body that Richard has made is still in the low-level stage, and the offensive method is
only to release energy to attack.
It's almost useless for a master like Levi Garrison.
What Richard wants is a super existence like Xu Zhengjie!
It's so powerful that it's helpless!
Fortunately, the pure energy body he brought was only the second batch of products.
There are still further improvements.
After step-by-step improvement, the pure energy experience will become stronger and stronger.
However, this actual battle let Richard know a truth-in the
future, he will not blindly think about building pure energy bodies in batches.
We should devote ourselves to creating a pure energy body that is infinitely close to Xu Zhengjie!
Only one person like this!

It can be worth thousands of low with pure energy body!
When Richard's thoughts were flying, the fierce battle in the field had already become fierce.
Levi Garrison is too strong, too strong.
Rao was a siege of this level, and the masters of the Gods' Laboratory fell a blockbuster.
But after all, it was Huoyun Cthulhu that he was too strong.
In addition, the two pure energy body dog skin plasters were firmly attached to Levi Garrison's body.
He can't kill, let alone get rid of it.
Gradually, the disadvantage is getting bigger and bigger.
The combined attack by the five ssss-level powerhouses is also super terrifying.
Levi Garrison was almost unable to parry.
...
Ten minutes passed.
Although Levi Garrison was getting harder and harder, wounds appeared on his body.
Still didn't fall down.
The loss in the laboratory of the gods is getting bigger and bigger.
Fortunately, the main force is fine.
"Too strong?"
Everyone was shocked.
Richard was silent.
But the stormy sea turned up inside.
The person who was so difficult to deal with last time was Levi Garrison.
The Return of the God of War [The Protector] Chapter 2115
This punch is too scary!
Directly smashed Levi Garrison's clothes in half.
The things in his arms also spilled out.
Several ancient books and the black token left by the master in the prison.
The black token is dilapidated, and one word can be vaguely seen: God.
"Looking for death!"
Levi Garrison was also forced to be anxious.
I'm really bullying?
I really can't kill him?
Levi Garrison picked up all the ancient token books.
He swept towards everyone murderously.
At this time, Huoyun Cthulhu glanced at it and just saw the black token scattered on the ground.
At this look, the pupils of the evil god Huo Yun dilated, revealing an unbelievable look, and his whole

body trembled.
Like being struck by lightning…
he almost didn't kneel down!
Obviously, Huoyun Cthulhu recognized this token.
This token has a great background, and it can scare the Huo Yun Cthulhu into this.
Immediately, Huoyun Cthulhu made a bold decision.
Levi Garrison was surprised to find that the Huoyun Cthulhu revealed a flaw…
Of course it was not the Huoyun Cthulhu that revealed the flaw on his own initiative and let Levi
Garrison fight it.
That's too fake.
He was revealing the flaw that allowed Levi Garrison to attack the five ssss-level powerhouses.
Levi Garrison fisted over, trying to test whether Huoyun Cthulhu really revealed his flaws.
Unexpectedly, the Huoyun Evil God evaded and put Levi Garrison in the blind spot behind him.
As a result, the top five ssss-level powerhouses have no angle for the time being.
"boom!"
"Puff!"
…
Now the five major players have suffered heavy losses.
There was no trace of Huoyun Cthulhu's hand.
Crazy Levi Garrison is terrible.
He wants to avoid the edge for now.
As a result, the five masters suffered.
Levi Garrison was shocked.
Does this person really show his flaws and let him go?
But now there is no need to think about why.
Go away!
Levi Garrison took advantage of the flaws revealed by the Fire Cloud Cthulhu and fled directly.
"
Catch up !" Huo Yun Cthulhu followed up pretendingly.
He rushed to the front.
Seemingly positive, he was actually escorting Levi Garrison away.
The situation was urgent, and no one noticed the behavior of Huoyun Cthulhu.
Even Richard didn't notice.

The key point is that he can't think of a reason why Huoyun Evil God wants to help the person in front of him.
If you want to help, it won't be hindered at all.
Just madly calling people to track Levi Garrison.
The result of tracking is to chase farther and farther.
In the end, Levi Garrison disappeared.
Tracking all the way, in fact, there is still a chance, but the Huoyun Cthulhu deliberately led the way or released Levi Garrison's space to escape.
"Lost…" After chasing the lost, Huoyun Cthulhu sat down on the ground.
He was covered with blood.
Richard and the others will not doubt it anymore.
Everyone knows how powerful Levi Garrison was just now.
How fierce was the battle just now.
The evil god as strong as the fire cloud was also injured.
"Mr. Richard, there is no way! I tried my best!"
Huo Yun Cthulhu shook his head helplessly.
"Unsurprisingly, they should be organized by the Bible! The God of Underworld is the closest person to me. He is now in the Bible organization. Not surprisingly, all my exercises are controlled by the Bible organization. So they can pretend to be Levi Garrison. …"
The Return of the God of War [The Protector] Chapter 2116
Levi Garrison hurriedly took out the black token.
But he turned it over for a long time, and the black token was no different.
He had observed and pondered this token many times before.
There is no mystery.
Why did the evil god Huoyun make such a big change after seeing it?
The only explanation is that the evil god Huoyun recognizes it!
Know what this is?
It may be a status symbol!
This is left by Master!
That must represent the identity or characteristics of Master!
Moreover, the Evil God Huoyun was in the same line as himself, and he was more or less related to Master.
So he did this after recognizing Master's token.
Everything makes sense.
The evil god Huoyun is not a master.
Most of them are taught by the master, or have other relationships.

Huoyun Cthulhu probably knew the identity of the master.
What is the identity of Master?
Holding the token, Levi Garrison knew that there was a great secret hidden behind it.
It is estimated that it will be announced step by step.
If he encounters Huoyun Cthulhu next time, he will definitely ask.
Next he should study how to deal with pure energy bodies.
…
On the other side.
Richard went to see Li Chengmin to settle the account.
It turned out that Li Chengmin had not left the Star Country, but was at the headquarters of Sanxing
Group.
It turns out that she has a special status and is one of the true direct descendants of Sanxing Group.
The descendants of the Sanxing Consortium are not only those who are engaged in business or
embarking on official careers.
Others were taken out of experiments at a very young age to modify the genetic blood.
Even some bold ones have already made some deployments during pregnancy.
Li Chengmin is like that.
When I was young, I was dragged to reform.
She was extremely successful.
It is highly valued in Sanxing Group.
Especially this time, she controlled the thirteen demons of the demon-making plan, so that everyone in
the Sanxing Group could see the effect.
That is a true power in the laboratory of the gods.
If Li Chengmin dies, no one can control these thirteen people.
For public and private, I don't want Li Chengmin to die.
So now all the senior leaders of Sanxing Group have come out to intercede with Richard.
Explaining the situation, Li Chengmin was not betrayal, but was just being intimidated by coercion.
Although Sanxing Group is a dog to Zhuo Shen Lab.
But this is a vicious dog, and his fighting strength is so full that he can be called a Tibetan mastiff-like
existence.
The value is great.
Richard can only compromise and let Li Chengmin go.

Li Chengmin hesitated for a long time, but in the end he still didn't say the identity of Levi Garrison.
...In
the dark palace of the Bible Organization.
Several people knelt to the ground.
"Enlighten the Dark God, under Richard and the others, Levi Garrison finally left!" A
voice came from above: "Well, yes. I thought I could keep it this time."
The following people continued: "But with Levi Garrison's entanglement, the Lab of the Gods now
basically believes that we have robbed them of the Sun Stone!"
"Yeah, is this unclear to entrap us?"
The Dark God smiled: "It doesn't matter! Let the Gods Lab come, I'm not afraid!"
Then, the Dark God left here.
Turn to other places.
This is a secret room.
There was a screaming and crazy sound from inside.
The people inside seem to be affected by
The Return of the God of War [The Protector] Chapter 2117
Richard returned to the Lab of the Gods with a punished mentality.
As a result, the immediate boss comforted, "It's okay! You can't deal with them as normal!"
"And your pure energy body is this?"
A word from the immediate boss made Richard unable to refute and was humiliated.
This was the first actual combat of a pure energy body, but it did not show its dominance at all.
"Please rest assured! The pure energy body is still in the experimental stage. I will definitely create a
perfect experimental product!" The
boss held his glasses and sneered. Project! Something that will allow countries to surrender at that time!
Hahahaha..."
Richard was frightened and his body trembled.
It turns out that my plan of pure energy body is just a small mess in the eyes of the gods laboratory?
And what have they researched?
Make him so confident?
Seeing Richard's thoughts, he said coldly, "This is the top-secret plan of the laboratory, you are not

eligible to participate! Unless you can solve the current sunstone problem!"
This sentence inspired Richard.
He must have access to the core of the Lab of the Gods!
Originally, people like Lokita would be brought to the experiment next.
Now we still have to pause and continue to improve.
…
At this moment Levi Garrison has joined Qilin and the others.
"Finally didn't let me down!"
Levi Garrison smiled.
When I brought people to war before, I didn't do these things less.
It is even said to be familiar with the road.
But now the enemy has changed and there are more methods.
But everyone held on.
Levi Garrison touched his chin and said, "This can't be done. How long do you keep hiding?" "What should I do?" someone asked.
Kirin and Suzaku Road while "wasting Sun Stone!"
Ye monarchs nodded "Yes ah, since it is the energy source, we also directly used!"
"It has laboratories gods, I put forward a laboratory!"
This is Levi Garrison's plan.
He wants to gather all resources to build a laboratory that can fight against the gods.
Just like Wen Lei's original Shenlong Experimental Technology Base.
Just do it!
Even if Levi Garrison was hiding in the dark, it was easy to set up a laboratory.
Funding, resources, and technical staff are all arranged by Levi Garrison.
He will get the energy materials and resources.
As for the technical personnel, they mainly searched from all over Erudia.
And then cooperate with some large-scale technology companies.
Such as Wen Jia and so on.
The most important thing is to find a spokesperson to do everything on the surface.
This person, Levi Garrison, has already been found.
Commoner kills the gods!
…The next day.
It's calm.
On the one hand, Levi Garrison was preparing the laboratory, on the other hand, he was thinking of

ways to deal with the pure energy body.
The laboratory was quickly prepared.
The literary family fully helped, and the King Kong Island Gambling King Family also helped.
In addition, Commoner Killing God is dealing with it, and all parties in Erudia are involved and
confidential.
Committed to the research of modern weapons and technology.
Named "Kunlun Industry".
In the early stage, he must be an unknown person, secretly developing.
The Return of the God of War [The Protector] Chapter 2118
Looking at the successful Lokita, Richard was quite satisfied.
A lot of pure energy bodies have been successful, and finally there is a decent one.
Xu Zhengjie's idea is to turn himself into a god above all living beings!
One thought can annihilate the gods of all living beings!
But what Richard has created is actually super power besides the immortality.
Lokita finally looks a little bit now.
It was far behind Xu Zhengjie, but after all, he felt that way.
"Test!"
Richard arranged a test again to see how strong Lokita's combat effectiveness is now.
After the test, Richard was satisfied.
Lokita is terrible now.
And report to the immediate boss as soon as possible.
The result was a commendation.
"Yes, keep working hard!"
Just a word made Richard very excited.
Because this laboratory can be further improved!
In other words, he can be infinitely close to Xu Zhengjie!
In addition, with the core technical support of the Gods Laboratory, particles similar to the super-energy
particles discovered exclusively by Xu Zhengjie.
Richard didn't believe that he couldn't create something like Xu Zhengjie.
… After
Lokita's various tests, Richard did not deliberately control his thoughts.
Except at critical moments, he can completely control Lokita, and at other times he is allowed to move
freely.
"You go back to Erudia now! What about your mission…"
Richard actually asked Lokita to go back to Erudia.

“When all of your family’s experiments are completed, they will all return to Erudia!”
…
In addition, this month seems to be peaceful, but it actually caused an uproar all over the world.
Especially for some ancient forces.
They are all crazy, searching for a person everywhere.
The scariest thing is in Erudia.
Tiance Mansion and Baolong clan have monitored that there are many ancient forces that have been
silent for too long and are ready to move.
Even if so many things have happened in this era, these ancient forces have not been affected.
How old are these ancient forces and how terrible are they?
Can make Tiance Mansion such a sensation.
There is no other reason.
Some ancient forces existed longer than Tiance Mansion, and could even compare to the history of the
Dragon Clan.
Even Tiance Mansion they are afraid of the ancient forces.
They are so quiet that they are forgotten.
At one time, Tiance Mansion thought that they no longer exist and disappeared in the long river of
history.
But now they actually showed signs of being born.
It seems that some ancient forces have quietly sent people into the world, and they don’t know what
they are looking for.
This made Tiance Mansion nervous.
Hurriedly sent someone to find out what was going on.
This happens all over the world.
There are faint signs of emergence from some ancient ethnic forces.
What are they looking for…
This makes the institutions of some countries quite puzzled.
Even the Sky Shield of the Eagle Nation was aware of this happening.
They are also wondering.
What is it that makes the world’s ancient powers ready to move?
Token!
That token dropped from Sun Levi Garrison’s body!
After seeing it that day, the evil god Huoyun made a strange move.
Don’t know the token is
The Return of the God of War [The Protector] Chapter 2119

Currently, only Huoyun Cthulhu knows who the token holder is.
I know his specific identity even more.
The Fire Cloud Cthulhu also knows the big moves of ancient forces all over the world.
"I didn't expect him to be alive! He still has descendants!"
Tears filled the eyes of the Huoyun Cthulhu.
As if he could hear this news, he would be content in this life.
"This is really going to change!!"
Huo Yun Cthulhu sighed.
Only he understood what the token meant when it came out.
As soon as the token came out, the ancient racial forces everywhere would really come out.
In fact, it is these ancient ethnic forces that really guard and control this world.
They are the true source of inheritance in this world.
Such as exercises, such as magic and so on.
They are the real source.
As for the powerhouses restrained by the covenant of the gods before, they were nothing more than
terracotta dogs.
Most of these people were ancestors who got some broken pieces of work and used them as holy
methods and magical skills to practice.
Little did they know that they were just the fur of some ancient racial forces.
Or abandon unnecessary debris.
Huoyun Cthulhu sneered.
He is looking forward to the appearance of these ancient forces, which will be very interesting then.
...In the
base somewhere in the Lab of the Gods.
There are four people in total.
One of them was playing a hand of playing cards with the Joker's mark printed on the cards.
He laughed fiercely from time to time, which was very penetrating.
Another person is Richard's immediate boss.
They are discussing one thing.
It is the recent changes of the ancient forces and races from all sides.
Naturally, such a huge force in the Lab of the Gods has also discovered it.
"What is the reason?"
one of them asked.

“I don’t know at the moment, but it seems that something has been released on the dark web. But we
can’t enter the specific encryption section of the dark web!”
“So many hackers in our laboratory can’t do it? Can’t we still enter?”
” Do you know? The creator of the dark web is known as the hacker god! With him, no hackers can
break it, even if we can’t!”
…
“Strange, how could so many ancient races emerge at this time? “
The covenant of the gods established in our laboratory at the time! None of these ancient race forces
emerged!”
It turned out that the covenant of the gods was established by the laboratory of the gods.
The Lab of the Gods has actually existed for a long time, and it has existed before the beginning of
industrial technology in the world.
In order to develop faster and more effectively, the Lab of the Gods has specially set up a covenant of
the gods to restrict the strong from all over the world.
In this way, the Lab of the Gods has fewer obstacles, allowing them to develop rapidly.
Therefore, the laboratory of the gods has the current strength and is inseparable from the covenant of
the gods.
…
Playing the clown playing cards, stopped laughing, and said coldly, “That’s because the covenant of the
gods did not touch the interests of the ancient race forces! Otherwise, they would have jumped out to
deal with us early!” Richard’s immediate boss nodded. Head “to
The Return of the God of War [The Protector] Chapter 2120
As Levi Garrison sought by the ancient racial forces in the world.
At this moment he is retreating, how to deal with pure energy body.
Not to mention the core of the Lab of the Gods.
The pure energy body is now a mountain that lies ahead.
Levi Garrison must be killed.
I have to say that Levi Garrison loves research and is very talented.
He began to study the taboo technique that the master left him.
Since the taboo technique cannot be used.
He tried his best to study variants.
Relying on the taboo technique, create your own things.

The master said that the taboo technique cannot be used, but his own things are okay.
No one knows where Levi Garrison is now.
They didn't even know Azure Dragon (Qinglong).
Levi Garrison gave them the task of developing Kunlun industry, staring at the laboratories of the gods.
The other side.
Lokita has returned to Erudia.
Standing on the land of Jiangbei, Lokita opened his arms, a terrifying and terrifying aura spreading.
As if the king is coming.
Step into the door of Li's house.
Caused a huge sensation.
Today, the Li family is still mixed with the original Xishu clan.
The Li family, who was originally indisputable, has to be a human being with its tail between its tails
after this era has changed.
After all, the strong are like a cloud, and the level of the Western Shu gate clan has become an ant.
If anyone offends someone, they will be destroyed directly.
There is no news about Zoey and Levilia, especially when he entered Tiance Mansion, which is the top
secret among top secrets.
They don't even talk about it, and don't even know the news.
"What? Wen Hai is back?"
Li Tianhao and the old lady rushed out immediately after hearing this.
Others also came out one by one.
Even Wu Xuelan and Zhao Jianguo were here.
When I heard Lokita came back, I thought everyone else had come back.
For the group of Lokita, everyone is just dead.
After all, he was exiled by the War Eagle Nation, and he did not belong to any country or region in this
world.
They are like savages.
It's no different from being dead.
Come back now, everyone is naturally surprised.
Seeing Lokita, everyone felt that Lokita was different.
More like a ruthless machine.
It's too strange.
"Wenhai, are you back?
Where are Wenfei and others ? Where are Songkui Mengyue and the others ?" Li Tianhao and the old

lady were still looking at the back.
They also want to see other children and grandchildren.
“Yes, where is our Zhao family?”
Wu Xuelan and the others asked anxiously.
Lokita sneered and said, “Don’t worry, they will come back one after another!”
Lokita knew about Richard’s plan.
Then those people will succeed in the experiment one by one, and then they will be sent to Erudia.
“Really? Where are they now?”
everyone asked anxiously.
Lokita smiled, “They are encountering the greatest gift in life! They are transforming their lives! Once
they succeed, Erudia will change!”
Lokita enjoys this feeling of controlling everything.
“You came back without authorization? I remember Erudia still has a ban. People like you can’t enter
Erudia?” The
Emperor Xi Shu couldn’t help but scolded.
“Yes, there is a ban, you can’t come to Erudia without a ban, maybe it will kill us all!”
The Return of the God of War [The Protector] Chapter 2121
Lokita’s terrifying aura was displayed, and it shocked the audience!
That is a god-like existence!
Everyone was dumbfounded.
How did Lokita become so scary?
This terrible aura is going to cover the entire Jiangbei!
What has he experienced?
Isn’t it exiled?
This is also terrible!
In this era, everyone has seen any kind of strong.
But Lokita is terribly strong!
The huge momentum shocked the super powers everywhere in Jiangbei.
Came here one after another!
Times have changed now.
Powerhouses are stationed everywhere in Erudia, in order to solve problems in time when emergencies
occur.
They were arranged by Tiance Mansion and Messiah.
They are collectively referred to as the guardians.
After knowing the change in Jiangbei, all the guardians of Jiangbei came in for a while.

“Who? Dare to come to Jiangbei presumptuously?” The guardian came and scolded.
...
“What? I violated the ban to enter Erudia and killed so many people? Take it!” After the guards learned about the situation, they shot directly to take Lokita down.
Lokita showed a cruel and violent smile, “Looking for death!!!”
Then it turned into a unilateral massacre.
No matter how strong the Guardian is, it can be in Lokita’s hands like a weak chicken without the power to bind the chicken.
die!
One by one!
Soon none of the hundreds of guardians in Jiangbei remained.
All killed by Lokita!
His strength is too strong.
Crush everything!
“Who else is going to die?”
Lokita looked at the thousands of people present.
“Puff!”
“Puff!”
...
everyone fell to the ground one by one.
“I am waiting to make you king! Jiangbei is king!”
Everyone is not stupid.
Life-saving is important at this time.
Lokita is too strong and too strong.
Not surrender is death!
Seeing all the thousands of strong men in Jiangbei fell to the ground, the old lady Li Tianhao was shocked like never before.
All their lives have been pursuing status, power, and wealth.
But it has never been as shocking as today.
Lokita smiled when he saw it, “Is this how the strong feel?” He really thanked Richard now.
But he knew that his strength was more than that, a small Jiangbei finger crushed.
His goal is Erudia.
When others succeed in their experiments, if they return, isn’t Erudia in control?
Richard told him that now no one can kill him except the Lab of the Gods.

Even if you come to Erudia and meet a master he can't beat, don't be afraid, because he is immortal.
"From today, my Li family is the king of Jiangbei! Understand?"
Lokita said coldly.
Thousands of people present nodded in unison.
The Li family became the king of Jiangbei in one fell swoop.
The big powers, as well as the celebrities and the rich, came to visit one by one.
Lined up for several kilometers at the entrance of Li's mansion, hundreds of luxury cars gathered.
Several warehouses were filled with gifts…
Lokita killed a lot of people, including the Guardian.
But he is too strong.
Even Tiance Mansion will not necessarily blame it, or even solicit it.
None of these things can be discussed by everyone like ants.
The Return of the God of War [The Protector] Chapter 2122
"They are here! These two people are the least promising !"
"Hurry up and call them!"
Li Tianhao said dissatisfied.
Soon Li Wenyuan and his wife were called to Lokita.
In fact, the two knew everything that happened, and they knew that Lokita was now a strong one.
Therefore, the two of them kept avoiding for fear of trouble and did not show up.
Unexpectedly, Lokita remembered it.
"Does the third child still know me?"
Lokita smiled.
"Second brother is kidding, how can we not know you…"
Li Wenyuan and his wife did not dare to look at Lokita.
"Haha, second brother? Have you ever regarded me as your second brother? When we were exiled,
when our parents wanted to take us back to Erudia, what about you?"
"This ban was made by your good son-in-law himself! Dad! Where were you when Mom begged him?"
…
Lokita roared angrily.
"No, brother, we…"
Li Wenyuan and his wife were incoherent and couldn't explain clearly.
Lokita laughed and said: "What about now? Your son-in-law is dead! Your daughter is also missing! Your
granddaughter has also disappeared. Your retribution is here!"

“You, don’t worry, I won’t kill you! Me! I want you to watch me conquer Erudia step by step!”
“Hey, what a pity! I wanted to kill Levi Garrison a long time ago, but he is dead! But is his mother alive?”
Lokita sneered bloodthirsally.
In fact, his feelings are gone now.
The main reason why he led the Li family to be king was that he was enjoying this feeling of control.
“Yeah! Levi Garrison’s mother is still alive! But someone is protecting it! It’s the secret team built by Levi
Garrison during his lifetime! Not moving!”
Yugouji said immediately.
“Is anyone protected? Can you protect me when you meet me?”
Lokita sneered.
Regarding Levi Garrison’s mother, it was Richard’s task.
Richard let Lokita come to Erudia in order to destroy the troubles as much as possible. The bigger the
better, the better.
Forcing them to act as soon as possible from Tiance Mansion is the task complete.
In fact, Richard’s plan is deep…A
true pure energy body, Richard only needs one.
A pure energy body that is infinitely close to and even surpassed by Xu Zhengjie.
It is enough to have such one.
This is his main plan next.
Concentrating all resources is to create a true pure energy body.
The reason for continuing to build a pure energy body like Lokita is Richard’s major plan.
He will send all these people back to Erudia, creating chaos in Erudia and even developing into disaster.
But the main purpose is to test the real power of Erudia.
That is, the Baolong clan of Tiance Mansion!
Richard wanted to use these pure energy bodies like Lokita to test the true power of the Baolong clan in
Tiance Mansion.
Once Lokita and the others return to Erudia, things are going to be a big deal.
After all, the Baolong clan of Tiance Mansion will come forward.
Regardless of whether the Baolong clan of Tiance Mansion can solve the people like Lokita, it will be
beneficial to Richard.

It can't be solved better, he is naturally happy to use Lokita to break Erudia.
If it can be solved, it can also test out the Tiance Mansion
The Return of the God of War [The Protector] Chapter 2123
"What happened to Lokita? Let him become so powerful from an ordinary person?"
This is everyone's doubt.
"Check! Investigate now!"
"Where is Lokita going next?"
"Go to Jianghai to deal with Levi Garrison's mother!"
"What the hell is he going to do? His behavior is abnormal!"
...
Tiance Mansion and Yanlong Wei has acted.
Special personnel were also sent to Jiangbei.
Little did he know that Lokita was sent to test their hole cards.
The Lab of the Gods is strong enough to explode.
But no one knows the real core hole cards.
Even Richard didn't know it himself.
Levi Garrison is digging and exploring step by step.
On the contrary, no one knows the true strength of Erudia's Baolong clan and Tiance Mansion.
Need to be tested.
When the Policy House took action that day, it had already entered the game.
Lokita didn't hide it, and swaggered to deal with Levi Garrison's mother.
The news spread quickly.
In the past, Levi Garrison's secret team all came out to protect Emma.
Wen Lei and Mia (Zhou Nanyan) went there as soon as they learned that Zhou's family was in trouble.
"The king died side by side, and his mother must have nothing to do!"
More and more people went to Jianghai to protect Emma.
...
A big battle will begin.
Lokita swaggered to Jianghai, and encountered many masters' blockade.
All came to stop him.
But Lokita is too strong.
He is a pure energy body that satisfies Richard and the Gods Lab!
He is unmatched.
The master who blocked him, he killed as many as he came.
No one can stop it at all.
The masters who guarded Emma were beginning to panic.
Lokita is indestructible and cannot be defeated.

Can they hold it?
Shortly after.
Lokita has arrived at Zhou's house.
Zhou had already gathered countless masters inside and outside his home.
The people arranged by Tiance Mansion Messiah and the others also arrived.
Lokita looked at the dense crowds and sneered: "Come today, I only kill Levi Garrison's mother! If others
stop, come and kill one!"
Arrogant!
overbearing!
But it stems from strong strength!
"With us, don't try to move Mr. Garrison's mother at all!" The guarding masters regarded death as home.
"Kill!"
Lokita started killing like a god of death from hell.
The pure energy body is really too powerful.
Don't talk about killing.
I can't even touch it.
…
Soon Lokita's bones became mountains and blood flowed into rivers.
No matter what kind of master is not an order of magnitude.
Lokita is like a god like a devil.
"Want to escape? Impossible!"
Lokita's consciousness covered the entire area, and he found that someone was going to escape with
Emma.
"Boom!"
He disappeared instantly.
When he reappeared, he was already in the woods behind Zhou's house.
Directly block Emma.
"You all go, he wants my life! Don't make senseless sacrifices!"
Emma tried her best to let the person protecting her leave.
She didn't want to see anyone shed blood and sacrifice for her.
"No! There is something wrong with Mr. Garrison, anyhow
The Return of the God of War [The Protector] Chapter 2124
"Really? That's not necessarily!"
Wen Lei shot directly.
Wen Lei is also super powerful now.
The use of physical power has reached the point of superb.
"Boom boom boom…"
This time Lokita met his opponent.

It's not like anyone who met before was easy to kill in seconds.
Wen Lei suppressed him tightly for a while.
A fist hit Lokita abruptly.
But Lokita will recover after deforming or injured.
Not affected at all.
The rapid recovery of his body is different from those with supernatural powers.
He is a pure energy body, there is no fixed body in the first place.
It's all made up of energy.
Wen Lei attacked like a storm.
Lokita could not be hurt at all.
unstoppable!
Lokita showed the horror of a pure energy body.
No matter how strong Wen Lei's moves and strength are, he can't be hurt!
Lokita just stood there and let Wen Lei fight, but he couldn't kill him.
"It's time for me!"
Because of the limited attack power of the previous two pure energy bodies, Lokita has been greatly
improved.
Lokita's offensive power is terrifying.
"Boom!"
Lokita slammed a punch domineeringly.
"Puff!"
Wen Lei was beaten out.
After all, she still couldn't resist Lokita.
Wen Lei got up again and continued to attack.
But Lokita was too strong, Wen Lei flew out again.
Lokita shocked Erudia in the first battle!
The news also reached Kunlun Industry and was quickly known to Azure Dragon (Qinglong) Qilin.
"It should be known to the boss, but now we don't know where the boss is in retreat! Then let's set out
to save people!"
Azure Dragon (Qinglong) and the others were just about to leave when they were stopped by the
Common Killing God.
"You have a heavier task, and you can't be exposed! No one notices you now. If you are exposed, Mr.
Garrison's plan will be more difficult next! I'll go!"
Commoner Killing God set off for the first time.
...
Lokita didn't want to continue entangled with Wen Lei.

After he repelled Wen Lei, he immediately pursued it.
Although Mia (Zhou Nanyan) took Emma away very far.
But Lokita still caught up.
"You can't escape from my Wuzhishan!"
Lokita sneered.
The masters sent by Tiance Mansion and Messiah blocked Lokita for the first time.
But still invincible.
All were beaten out.
Let alone Mia (Zhou Nanyan), none of them were Lokita's opponents.
Wen Lei is also stronger.
Can be entangled for a while.
"Forget it, let him kill me! Lokita, I just ask you to spare the others!"
Emma did not want to see more sacrifices.
"Impossible! I am here!"
came a cold voice.
The commoner killer appeared.
The Tiance Mansion, which was preparing for a big move, stopped.
With this appearance, can't Lokita make a second mistake, right?
All Erudia are paying attention to this battle.
Not to mention Richard and the others, they are paying attention all the time.
The commoner killer god is consecrated on the East Island, and has a high position in everyone's mind.
Now that he appears, everyone is at ease.
With him, all problems can be solved.
Even Emma and Mia (Zhou Nanyan) think so.
The Commoner Killing God is here, Li Wen
The Return of the God of War [The Protector] Chapter 2125
Commoner is defeated!
Erudia is dead!
"What kind of monster is this?"
"The commoner killer is defeated? Who can be the opponent?"
...
Richard was happy.
Lokita's ability to defeat Commoner Killing God gave him a lot of satisfaction.
The commoner killed the god East Island in the first battle to enshrine the gods and wiped out the Black
Sun organization.
In Erudia, and even the whole world, the position is very important.
To defeat him is equivalent to pulling the gods off the altar.

For the first time, the core executives of the Gods Lab sent a message to praise Richard.
And give him more authority and status.
This made Richard very excited.
I want to create more pure energy body to go to Erudia.
He was already thinking about the scenes of Lopez and Black's family all becoming pure energy bodies
and becoming a disaster in Erudia…
"Go on! Use Levi Garrison's mother to force Tiance Mansion
to take action !" Richard gave Lokita an order.
…In the
field.
Lokita stepped on the cloth to kill the gods. He sneered, "As long as I use a little bit of force, he will die!"
"Today, let me see who can keep Levi Garrison's mother?"
Thousands of people have come here after hearing the news, most of them are. Levi Garrison's old
ministry may have something to do with it.
Swear to protect Emma.
It can be seen that the powerful commoner has defeated the killer.
Everyone was silent.
How can this be played?
Don't look at so many people, you can't protect them at all.
Lokita is too strong!
All agencies are observing and analyzing Lokita.
His level of danger has risen sharply!
No one knows how the key Lokita became stronger.
The senior officials of Messiah directly called Tiance Mansion and asked Tiance Mansion to send a
master to stop Lokita.
Lokita will become a disaster if it continues like this!
Tiance Mansion agreed, and it was already making arrangements.
It will arrive soon, but it will take a while.
After all, the real masters of Tiance Mansion were unable to retreat.
It hasn't even appeared in decades or hundreds of years, and even people in Tiance Mansion have not
seen it.
And its nature is the same as the Baolong clan.
Only in times of distress in Erudia will be shot.
That's right.
Lokita is very strong now.
But it has not yet become a disaster in the Great Xia.

It stands to reason that in order to save a person, Tiance Mansion and Baolong clan would not make a
move.
It was because of Levi Garrison's merits that he made the move.
It's good to be able to send someone.
"Tiance Mansion has sent a master, but it will take a while, we have to withstand it!"
"We need to unite!"
Wen Lei, who had recovered a little bit, began to organize everyone to guard.
Emma advised everyone to hand over themselves.
But is it actually Emma that everyone is guarding?
In fact, the family is guarding this land…
Emma has evolved into a spiritual symbol.
Anything can fall, she can't!
"Can you stop it?"
Lokita sneered.
Wen Lei teamed up with masters from all sides and began to deal with Lokita.
After getting out, the commoner killer also joined the battle group.
I have to say that the effect of someone's command is really good.
At least it can maximize everyone's role, so that Lokita will not be easily defeated one by one.
<
The Return of the God of War [The Protector] Chapter 2126
"No! Don't!!!"
Wen Lei and the others shouted heartbreakingly.
But I can only watch.
Helpless!
Now no one can be Lokita's opponent except for the powerhouse of Tiance Mansion.
"Kill her! We don't need her to threaten anyone. Killing her can force Tiance Mansion to take
action !" Richard's order came from Lokita's ears.
"Good!"
"Kill!"
Lokita punched Emma.
This punch made Emma disappear on the spot.
Wen Lei, Mia (Zhou Nanyan) and they all cried.
I don't want to watch this scene.
They still didn't keep it!

At the critical moment, a black shadow appeared at a speed that Lokita hadn't even noticed.
"Boom!" The
opponent also punched Lokita abruptly.
Afterwards, this person grabbed Emma and left directly, turning into a flash of lightning and
disappearing on the spot.
Lokita immediately chased after him.
The person was so fast that people didn't react.
But Lokita was able to catch up.
However, a master appeared midway to stop Lokita.
Even if Lokita was killed on the spot, it also extended the time.
Moreover, it was blocked by stages, with about four or five waves of masters coming to block Lokita.
Even if every wave of people was blocked for a few seconds, the total time was enough for the
mysterious person to take Emma and escape.
After Lokita clears the obstacles, where are there people?
Even if it was as strong as him, there was no trace of it.
The mysterious man has run out of sight long ago.
Lokita was dumbfounded.
Everyone was dumbfounded.
Obviously the other party came prepared.
Even the people who were blocking were selected, in order to save them.
"Who? Who is it?"
Everyone was dumbfounded.
This is by no means a strong man in Tiance Mansion.
If the powerhouse of Tiance Mansion would not secretly save people away, he would do it directly.
So who is saving people?
People related to Levi Garrison are here.
The common killing gods are here.
The secret teams are also here.
Who can it be?
Besides, it is still so strong that it can take people away from Lokita.
It's equivalent to pulling a tooth out of a tiger's mouth.
This strength is far less than Commoner Killing God.
He had no confidence in taking people away from Lokita.
And this person should be very familiar with Lokita's strength, never entangled for half a minute, and
just ran away with someone.
And block by section, delay the time to escape.

This is carefully prepared.
Senseless.
All dumbfounded.
Everyone is wondering who took Emma away?
After thinking about it, there is no such person.
The commoner killer was stunned.
He was the only person present who knew that Levi Garrison was still alive.
Could it be that Levi Garrison took the shot?
But according to Levi Garrison's character, how could he leave after saving people?
Will definitely kill Lokita.
What's more, he is still in retreat.
Impossible.
Could it be Azure Dragon (Qinglong) and them.
But Commonwealth Killing God is very familiar with them. These people are very strong, but they are
not strong enough to save people from Lokita.
So who is this person?
The most dumbfounded is Lokita!
He was going to explode.
Since coming to Erudia, he has always controlled everything like a god.
But at a critical time, someone got his hands on
The Return of the God of War [The Protector] Chapter 2127
The man smiled and said, "Yes, they all call me Huoyun Cthulhu!"
That's right!
The person who rescued Emma at the critical moment was Huoyun Cthulhu!
Since seeing that token, I can't wait to be a slave behind Levi Garrison.
First he let go of Levi Garrison, and now he saves Levi Garrison's mother.
It is still in the hands of partners to save people.
If Richard knew everything was done by the evil god Huoyun, he would vomit blood.
Because after Huoyun Cthulhu told him that reason, he unconditionally believed that Huoyun Cthulhu
would cooperate with the Lab of the Gods.
Even in any situation, he would never doubt the Huoyun Cthulhu.
But who would have thought that the Evil God Huoyun would betrayed after seeing that token.
Do this twice in a row.
"

Huoyun Cthulhu???? Is it you?" Emma obviously knew the Huoyun Cthulhu.
He was once instigated by the Black Sun organization and turned Levi Garrison into the descendant of
the Huoyun Cthulhu. He was endlessly pursued and killed.
Emma was deeply impressed by this.
Unexpectedly, Huoyun Cthulhu would come to rescue her now.
"Sir, are you the master of our
King's Landing ?" Emma asked curiously.
"Hey!"
Huo Yun Cthulhu sighed.
How good is he?
To be Levi Garrison's master?
Is he worthy?
Not necessarily worthy of being a servant!
"Old lady, rest here temporarily! It will be dangerous if you leave!"
Huo Yun Cthulhu placed Emma properly.
In fact, there is no need to worry about Emma's safety.
As long as the Fire Cloud Cthulhu raised his arms-this is the mother of the token holder.
Then the ancient ethnic forces all over the world will work hard to protect them.
… The
Common Killer found Azure Dragon (Qinglong) and the others for the first time.
Asking if it was them who shot…
"It's not us…"
"We are not strong enough!"
…
Everyone is blinded.
"Who do you think this person might be?"
Common Killer asked Azure Dragon (Qinglong) to analyze.
It is possible that they know people that everyone does not know.
"I don't know, I can't think of it! Unless the boss himself! But the boss is still in retreat!"
Everyone shook their heads.
Suzaku suggested, "Should I tell the boss about this matter? After all, his mother matters a lot!"
Commoner Shashen shook his head. People are safe! I will look for it too!"
"That's true! It's okay to save the old lady, the old lady must be fine!"
…

Lokita's affairs in Erudia, for the core seniors of the Gods Laboratory, are just watching movies. That's it.
The performance is good, they praise a few words, the performance is not good, they don't care.
What they are concerned about now is the dispatch of ancient forces and races from all over the world.
Richard's immediate boss and a few people playing Joker cards got together.
"We communicated with an ancient race in the depths of the Northern Continent Ice Sheet! When we
offered to cooperate with them and help them, we were rejected!"
"We found the ancient blood line in Western Continent
The Return of the God of War [The Protector] Chapter 2128
There were three people who found Lokita.
Three middle-aged people.
Two men and one woman.
They were wearing long gowns and cloth shoes under their feet.
A dress from the Republic of Erudia era.
But in fact they are from that era.
But the seemingly ordinary three people were sent by Tiance Mansion to suppress Lokita.
It is unimaginable.
…
The information that Richard had scanned through Lokita, quickly let people inquire the information of
these three people.
The strong man who can be dispatched at this time definitely has a position in Tiance Mansion.
So Richard has to pay attention.
It has to be said that the intelligence agency of the Gods Laboratory is really terrifying, and the world has
all the data for nearly hundreds of years in control.
In just a few seconds, the information of these three people has been found out.
Three people who disappeared!
To be precise, the three people who died!
In that turbulent age.
All three of them were short-lived and only appeared a few times.
And it was either in a major event or randomly appeared in some small places.
They are just like ordinary people who disappeared in the long river of history.

It was the same as the large number of people who starved to death at that time.
There is no difference between the sense of presence and which animals.
No one will pay attention.
No matter how you check, you won't find it.
But the laboratories of the gods actually have their information.
These are the three wonders!
I was born with visions or weird things.
They were all abandoned by the family as monsters.
But in fact they were not dead, and they reappeared later.
Unexpectedly, these three people were selected by Tiance Mansion.
I have to say that the Lab of the Gods is horrible.
People like this have been found.
There is also information.
But what is the combat power of these three people, what will be…
these gods laboratories don't know.
But this is the beginning.
What Richard wanted was to dig out the hole cards of Tiance Mansion little by little.
It is best to expose the major players.
Then study one by one, and work out a specific plan.
It's the so-called knowing oneself and knowing the enemy.
"Test the strength of these three!"
Richard ordered.
Lokita immediately killed the three.
The three did not retreat and counterattack.
"Boom!"
"Boom!"
"Boom!"
…
Three seemingly ordinary palms were shot.
But it has a terrifying power like a stormy sea.
Directly blast Lokita out.
When the three of them shot, they were obviously far above Wen Lei and Commoner Killing God.
The three Wen Lei, Zoey and Mia (Zhou Nanyan) all knew each other.
Because when the three of them first entered Tiance Mansion, these three were guiding them.
Of course Levilia is cultivated by stronger people.
This time the Tiance Mansion sent these three great abilities out to give Lokita face.
"Take it!" The

three big shots together, directly trying to lock Lokita.
Lokita was immediately under pressure.
However, Lokita's physique is immortal, and no matter how much pressure the three of them put on, he
won't be hurt at all.
Lokita tried to fight back, but the three of them were very strong and could deal with all his attacks.
So it's no matter who the two parties are
The Return of the God of War [The Protector] Chapter 2129
This time Lokita is well known to everyone.
The quality of immortality!
Who can stop?
Even if Tiance Mansion sends out real powerhouses, there is no way to get rid of them!
They are all investigating how Lokita became such a strong man!
All countries in Erudia are beginning to have headaches.
Lokita is all having a headache.
What should I do if my partner is up against each other?
But they didn't know that Lokita was a masterpiece of the Lab of the Gods!
If you know that you are going to be crazy!
…
Lokita was upset that Emma hadn't been killed.
In fact, for Richard, Levi Garrison is dying, it doesn't matter whether his mother kills or not.
However, the fact that Lokita could rescue people from his hands aroused his attention.
who can that be?
Tiance Mansion has been ruled out.
He couldn't figure out who it was…
"But through analysis, this group of people knows the pure energy body very well! Look at the people
they sent out to block it specifically for the pure energy body!"
"Is there anything else? But now Few people know the pure energy body, right?"
"Moreover, no one knows about Lokita being a pure energy body, and nobody knows anything related
to us,"
this made Richard deeply puzzled.
Is it the Bible organization?
But they have no reason!
I won't try to save an old lady!
It doesn't match their interests.

House thieves are hard to guard against.
He never expected that he would be the Fire Cloud Evil God!
...In
the dark palace of the Bible Organization.
"Now that the pure energy bodies of the Gods Lab are officially present, no one has thought of a way to
target them. They are immortal and immortal! No matter how strong you are, you can't kill them!"
Underworld God and others stood below and couldn't help saying .
A mocking voice came from a distance, "That's not strong enough!"
"Does the Dark God have a solution to the pure energy body?"
Everyone was shocked.
The Dark God sneered.
He ignored everyone and went to see the progress of Zoey.
As soon as I entered, a breath of death and terror came.
Obviously Zoey has reached an unprecedented level.
Next, Lokita kept a low profile, and Tiance Mansion didn't move either, fearing that he was studying how
to deal with pure energy bodies.
Some time passed.
Kunlun Industry is developing vigorously with the support of all parties, and the speed is comparable to
that of a rocket.
Has long surpassed the scale of Shenlong Technology.
It is still accelerating.
And developed many weapons and advanced products.
Won more and more geniuses.
These geniuses actually have a lot of ideas, but the reality has too many restrictions, funding,
environment, and so on.
Prevent them from expressing the ideas in their minds.
But Kunlun Industry gave them a stage.
Let the ideas of these geniuses be carried out, and a scientific research plan was put forward and
realized...
The development speed of Kunlun Industry surprised them by the speed of development.
When the opponents react, I am afraid that Kunlun Industry has become a follower.
Richard's pure energy body developed rapidly and became more and more mature.
The Lopez and Black family all succeeded, and none of them failed.

The later ones are better than Lokita!
They have been secretly sent to Erudia by Richard one by one.
The Return of the God of War [The Protector] Chapter 2130
The gathering of this group is a disaster.
One Lokita turned the Great Xia upside down.
Even if the strong Tiance Mansion was sent out later, he couldn't help but Lokita withdrew by himself.
Now a group of pure energy bodies.
And one is better than one.
What kind of disaster it will be together.
After Li Songkui and others obtained such a strong power, they could not wait to show it.
They want to have control and high status more than ordinary people.
"According to Mr. Richard's plan, those of us need to be kings and hegemony everywhere in Erudia! So, let's be divided into two groups, each with one area to dominate!
Once we encounter an unmatched strong, we will send a signal to the nearest one. Immediately
support! If the opponent is too strong, we will all gather together!"
Li Songkui, the strongest of them, quickly arranged a plan.
Every two people set off to various places in Erudia.
Soon, a few days later, such a situation appeared in Erudia, and mysterious strong men appeared! Start
a massacre and suppress a strong person!
These mysterious powerhouses are too powerful.
No one can beat it at all.
They control one force after another, and all organizations are under control.
Anyone who does not surrender will be slaughtered.
The guards arranged by Tiance Mansion and Yanlong Guard were all destroyed.
None of them were left.
It seems that as soon as these mysterious powerhouses appear, they are directed at the guardians.
All over the place exploded for a while.
That is, the situation that occurred in Jiangbei some time ago has been staged in various regions.
According to the news that came out, these mysterious powerhouses are very similar to Lokita.
Their methods are almost the same.
Soon the conclusion came out-there were more than one weird powerhouse like Lokita, but dozens of

them!
And scattered all over Erudia!
Dozens of powerhouses like Lokita have a headache to think about!
One is enough!
It was Tiance Mansion who sent three top powerhouses to expel them!
Now dozens of…
what should I do?
Where did this group of people come from?
Investigate soon!
This investigation shocked all parties.
Because these dozens of people are related to the Lopez and Black family in Jiangbei.
Among them are Lokita's brother, son, niece and so on.
They were all the people who fled from the Great Xia crisis and were finally exiled by the Eagle Nation.
Finally, they could not enter because of the ban.
But what have they experienced now?
How did they become so strong one by one?
There are also organized and premeditated riots all over Erudia.
Killing so many powerful people…it's
not normal!
This caused Messiah and Tiance Mansion a headache.
A Lokita let them know what the trouble is.
Dozens now…
unimaginable!
They have been checking Lokita during this period, but they couldn't find anything.
After being expelled, Lokita disappeared out of thin air and reappeared out of thin air.
It seems that no one is in control.
But now dozens of people appear.
It is obvious that someone is in charge behind it.
"What to do?"
Tian
The Return of the God of War [The Protector] Chapter 2131
Li Songkui and others all smiled after seeing the negotiator.
He can't imagine.
One day Erudia's strongest ancient martial arts organization was softened to them, and it came to
negotiate!
How miserable he was!
In Jiangbei, he has been humbling and being bullied.

In the end, he was banished, even without his identity, Erudia couldn't return.
Now Erudia's strongest organization has come to him for negotiation.
This sense of accomplishment is simply taking off.
It is no exaggeration to say that people like Li Songkui are now in the form of one person and one
country.
This is the splendid wealth that Richard gave them!
And Richard also said that they can be made stronger!
"Negotiating? What to talk about?"
Li Songkui sneered.
He is full of confidence now!
"Everything is easy to talk about! What's more, you used to be Erudia people. Now you have learned a
skill. How good is it for Erudia!"
"Presumably you and Erudia have no enemies, right? Why kill them for no reason? "
Negotiation experts want a peaceful settlement.
"No hatred? Haha… How did you do when we were exiled? A special ban was set up! Do not let them
in!"
"Every one of Erudia is our enemy!"
Li Songkui sneered.
"Negotiate a hammer with this group of people! Don't you know what's going on? The ban imposed by
the master was to prevent you from this group of trash from entering Great Summer!"
Levi Garrison's apprentice Xiao Feng and the others rebuked.
They were also selected into the negotiating team.
Several people firmly do not advocate peaceful negotiations with these miscellaneous pieces.
Even want to drive these people out.
"Hahaha…is the ban? Don't let us enter Erudia, why did we come in?"
"Explain which weak people these bans are for! It's useless for us! The bans won't stop us! No matter
how you keep them, all No! Is it still scornful to reconcile with us now? It's ridiculous!"
…
facing the arrogance of Li Songkui and the others.
Everyone can't refute it yet.
Now I can't stop them at all.
Don't talk about a group of people, even a single person is struggling.

They are already threatening to this point.
Messiah and Tiance Mansion had to negotiate with them first.
"By the way, Levi Garrison made the ban? Now we have violated the ban and came to Erudia! Where are
the people? Come to expel us? Come kill us!"
Li Songkui laughed loudly.
Others cooperated with him, "Levi Garrison is afraid that he won't be able to come. He died early, and
even the body was dissolved by others!"
"
Hahahaha ..." Li Songkui laughed wildly.
The laughter irritated Xiao Feng and others fiercely.
They clenched their fists and wanted to fight with Li Songkui!
But they know how to fight!
At the beginning, even Li Wenhai couldn't fight it alone!
"Are you Levi Garrison's apprentices? Levi Garrison has no bones left, so you should enforce the ban!
Come on, expel us, kill us!"
Li Songkui deliberately provoked.
Xiao Feng and the others were going crazy.
The Return of the God of War [The Protector] Chapter 2132
Xiao Feng shouted a few people reluctantly.
Although they knew it was impossible.
Levi Garrison appeared alive early.
Why bother to now?
This can only be regarded as a kind of hope, as a motivation for everyone to move forward.
How much they hope that Levi Garrison is still there, do these people dare to be arrogant?
"Levi Garrison, right? Don't say that he is dead, even if he is alive? What about me now, do you think I
am afraid of him?"
Li Songkui sneered.
Everyone was silent.
Yes!
Levi Garrison became Erudia's savior time and time again, so he became an omnipotent existence in
everyone's subconscious mind.
But after another thought, what about Levi Garrison even if he was alive?
In the impression left to everyone, Levi Garrison and Commoner Killing God are of the same level.
But Commoner Killing God was rubbed against the ground by Li Wenhai.

Li Songkui these people are stronger than Li Wenhai!
What did Levi Garrison use to fight them?
…
Li Songkui sneered, "We hope that Levi Garrison is alive! Then we killed him by ourselves, plucked his
skin, and pulled his tendons! Let him die without a whole body…" What Richard said to them was thinking They didn't want to seek revenge on Levi Garrison, but when they
became the strong, Levi Garrison died.
Everyone is depressed about this.
"You…"
Xiao Feng and the others were going to explode in anger.
"Satisfy these two conditions first, and then negotiate with us! Otherwise, you will know the
consequences…"
"I can't understand Levi Garrison's apprentices, so let them all kneel and kowtow to me! Hurry up!
Otherwise, this matter. Not negotiable!"
Li Songkui was arrogant.
They had to watch Xiao Feng and the others kneeling on the ground and kowtow to be satisfied in their
hearts.
The other negotiators discussed with Xiao Feng, "You…you should kneel next time, for peace! For Da
Xia!"
Xiao Feng and the others became more and more angry. , We can't do it!"
"What's more, you have to understand! If the second condition is agreed, once the ban is lifted, which
garbage will rush into Erudia! Will it have consequences for Erudia?"
"Yes, more What's more, after the ban was lifted, it had a great impact on Erudia's reputation! We
would say that we succumbed, we succumbed!"
"Is this what you want to see?"
…
Xiao Feng and others said, which negotiators are all Are silent.
They just want a peaceful solution, but they don't want problems in Erudia.
"Don't you kneel down? Then
get out !" The negotiating team was driven out.
They have to go back to discuss this matter.
The first condition seemed to them to be satisfied.
When the time comes, just order Xiao Feng and the others to kneel down.

But the second abolition of the ban is difficult.
…
Then Li Songkui and others still go their own way.
Continue to start their pace of conquest.
The surrender accepts!
Kill those who refuse!
A famous expert in Erudia is going to challenge!
Including those on the sky list, they all lost.
Even the three powerhouses of Tiance Mansion, the master of Zoey's trio, came to challenge them in
the end!
On the one hand, they are so angry!
On the one hand, Tiance Mansion wanted to explore the strength of a new batch of pure energy bodies!
The Return of the God of War [The Protector] Chapter 2133
"Press Tiance Mansion and let them hand over Levi Garrison's children!"
"Talk to them and hand over Levi Garrison's children, and you will immediately quit Erudia!"
This is Richard's new task.
At the beginning, Levilia's talents are well known all over the world.
Even the core executives of the Gods Lab are very concerned.
They also want Levilia.
There is even such a sentence from the core executives that there is such a genius, which is likely to
affect everyone's layout.
And if the opponent is forced to hand over the king, it is equivalent to the opponent's submission.
That way, Erudia's international reputation would plummet, and everyone would be ridiculed.
This is what Richard wants!
… In
front of Tiance Mansion's Tianji Attic.
Several people stand.
These are all the gods of Tiance Mansion.
Responsible for the main matters of Tiance Mansion.
Especially when the helm of Tiance Mansion and other high-level retreats, Tiance Mansion was taken
care of by them.
Now they come to ask Tianji Pavilion Li Songkui about the history of these people and so on.
A voice came from the attic of Tianji Pavilion, "Li Songkui and other 37 people came from the laboratory

of the gods. It was Richard who restored Xu Zhengjie's experiment! These people are called pure energy
bodies. To put it bluntly, they have no fixed form, so they are immortal.
…"
"Thank you, we know! It's Richard's conspiracy! These people were exiled by the world, and no country
recognized their status! It happened that Richard used them to deal with Da Xia, to test our trump
cards! "
Several gods have reacted one after another. There was a voice in the Tianji attic, "In the past hundreds
or even hundreds of years, you only thought about the mission of guardianship! In fact, you are standing
still and isolated from the world! However, secret organizations in other places have long been laying
out, even laying out several
It's been a hundred years. For example, the laboratories of the gods have been in the layout for a long
time, and their appetite is the entire Erudia. I've been thinking about how to target the Tiance Mansion
and Baolong clan for a long time. This is what they are testing your hole cards! This layout heuristic has
been done a lot! Your
reaction is too slow! "
Seriously!" You Tiance Mansion is not as good as Levi Garrison! "
Hearing such accusations, the great gods will be very angry, but helpless. The old guys in Tianji Pavilion are more senior than
others, but they are not convinced!
What kind of existence are Tiance Mansion and Baolong Clan? .
leaves another powerful monarchs, in their eyes is just a wild ways origin.
they can not compare with leaf monarchs?
this is not a calf pull it?
several God left, flew to discuss "Having said that, these people is to detect Our hole cards? "
As long as we send one, it is equivalent to exposing to the laboratory of the gods?" "But the
more so, the less we can expose our hole cards!" "
…
Dozens of Li Songkui were rampant in Erudia, and no one could stop it. The second negotiation between Messiah and
Tiance Mansion was forced to begin. This time it was Li Songkui and the others voluntarily requested.

Messiah thought it was. Tiance Mansion would not agree,
but it was unexpected that Tiance Mansion would agree.
The Return of the God of War [The Protector] Chapter 2134
As soon as this condition came out, Xiao Feng and the others exploded even more.
Still want to take away the little sister?
impossible!
Everyone has to work hard!
However, other people contacted Tiance Mansion for the first time.
The news reached the god general of Tiance Mansion for the first time.
It also reached the ears of several teachers who instructed Levilia.
The teachers who have instructed Levilia have a lot of background, and they are older than a few gods in
terms of qualifications.
In addition, the masters of Levilia are one from Tiance Mansion and one from each branch of the
Baolong clan.
Everyone is super powerful.
It is much higher than the master of Zoey and the three of them.
After all, Levilia is the most talented one.
It can even be said to be the future cornerstone of the Baolong clan in Tiance Mansion.
That is the seedling that guards the future of Erudia!
Too important!
So Levilia's masters are terrifying!
Let's put it this way… in the
mysterious Tiance Mansion and Baolong clan.
No one dared to provoke Levilia, the only outsider.
It's just because Levilia's masters are too terrifying, and their status is too high and too high!
Can't afford it! ! !
Levilia is everyone's little ancestor!
Hearing that Li Songkui and their negotiating terms were to hand over Levilia, the masters of Levilia
were angry!
"It's your turn! I see who would dare to agree to this condition????"
This is a female master of Levilia, who also came from Tiance Mansion.
It is said that she and the old guys in Tianji Pavilion are of the same generation and equally mysterious.
She rushed directly to the great gods of Tiance Mansion and angered,
"That shameless man, dare to hit
my disciple's idea???" The

great gods will be frightened.
“There are so many masters in Tiance Mansion who just send out a few, so what waste is not solved? I
have to hand over my apprentice? What do you think??? I need to negotiate with people in
Tiance Mansion?” Master Levilia roared write.
The whole area is like an earthquake.
Several great gods trembled…
“Senior, we haven’t agreed yet! And our Tiance Mansion’s delay in acting is because of the overall
situation! Now the Gods Laboratory uses these pure energy bodies to test our Tiance Mansion’s trump
cards. They are laying out the laboratories of the gods…”
“We didn’t plan to hand over Levilia, we were just thinking of a way to get the best of both worlds!
Temporary tolerance is for future counterattack!”
…
everyone began to explain .
“The significance of the existence of Tiance Mansion and Baolong clan is not just to save Da Xia in the
most critical moment, but also to maintain Da Xia’s reputation and dignity! Understand?”
“Okay, you don’t have to worry about this matter, I will deal with it. !” The
female master Levilia slammed the door and left.
“Huh??” The
great gods were stunned.
“If you let this old ancestor go out, then you won’t be able to shake the sky?”
“But do you dare to stop? Who can stop the things she decides? Even if the gods are handsome, isn’t
it?”
……
Several great gods will want to chase , But didn’t dare to chase after him, for a while, he didn’t know
what to do in the same place.
…
The place of negotiation is in the capital.
Li Songkui gathered all the pure energy bodies here.
Only by gathering together can they give the Tiance Mansion the greatest pressure.
In fact, you don’t have to have a king,

The Return of the God of War [The Protector] Chapter 2135
Master Levilianu looks like a middle-aged woman.
Wearing a simple gown.
But in Tiance Mansion, she is the female ancestor!
No one knows her grade!
"Huh? Is there no one in
Tiance Mansion ? Send a woman?" Li Songkui and the others saw that it was a woman.
All laughed.
"You laughed at me! Dignified Tiance Mansion sent a woman!
Shame !" "Today should be the most humiliating day in Tiance Mansion, right?"
"Is there no man in Tiance Mansion at all? I think it's a nun's nunnery. !"
…
Anyway, Li Songkui's task is to try to anger Tiance Mansion.
Seeing that it was a woman, Li Songkui and others became even more unscrupulous.
Laughing at every possible way…
what is the temper of the female ancestor?
Everyone in Tiance Mansion knows it.
Even the few great gods who control the real power are all scared like that.
Let alone other people.
The masters of the key monarch are all the ancestors of the Tiance Mansion and the Baolong clan.
Several ancestors level!
One is worse-tempered than one, and one is more grumpy.
Get started, one is more ruthless!
In particular, several ancestors were extremely fond of Levilia.
Let's put it this way, even if Levilia wants the stars in the sky, several ancestors will find ways to pick
them off.
To want Levilia now is equivalent to killing them!
Can you not be angry?
Especially this grandfather is the most grumpy among the masters!
Some people even call her a female tyrant!
Originally, she was extremely angry because of Levilia.
Now I heard Li Songkui taunting and the female ancestor was even more angry!
The female ancestor's icy eyes swept across Li Songkui and the others,
"You want me to be a disciple?"
"Yes, that's right! Quickly hand over Levi Garrison's daughter!"

Li Songkui looked at her disdainfully.
None of them looked at this female ancestor.
"Boom!!!"
Suddenly a booming sound exploded.
The ground collapsed!
The mushroom cloud in the air exploded!
The air swayed and turned the river to the sea, and the sky looked like thunder rolling in the sky.
Immediately, there was silence between heaven and earth…
But Li Songkui flew out … His
body was severely deformed… The
most terrifying thing was that Li Songkui felt a sense of fear and pain.
Fear is normal!
If the opponent is strong, you can put pressure on him.
But the pain…
it can't be explained!
It stands to reason that he has no body, and his body is composed of pure energy bodies. How can this
be painful?
impossible!
This is even more terrifying than removing the pain nerve!
There will be no pain!
But there was pain.
How is this going? ? ?
Could it be that the coercion of her move directly oppressed his consciousness, causing pain?
It can only show that the woman in front of me is too strong…
"Boom!"
"Boom!"
"Boom!"
… The
female ancestor's violent temper came up, but she couldn't stop it at all.
A slap in the face severely hit Li Wenhai, Li Wenfei and others on the face.
"
Boom …" With every slap, the earth collapsed and mushroom clouds exploded in the sky
The Return of the God of War [The Protector] Chapter 2136
today.
The mysterious female master of Tiance Mansion was born with a hot temper and shocking the world
with a slap!
The parties shook.

Cause a chain reaction!
Richard was terrified.
In his expectation, Tiance Mansion would eventually make a move, but his hole cards were revealed
little by little.
But where did I know that a female tyrannosaurus came out directly!
Who is afraid of this hot temper?
Is the power of that slap too terrifying?
This scared everyone.
Richard hurriedly sent photos and videos of the ancestors to the laboratory of the gods.
After a few seconds, the results came out.
There is no such information in the huge database of the Gods Laboratory.
Not a single bit!
You must know that all three of Zoey's instructors in Tiance Mansion have found out.
This one has no information!
"This…"
Richard was immediately startled in a cold sweat.
too terrifying!
This incident shocked even the core high-level personnel of the Gods Laboratory.
For example, Richard's immediate boss and the one who plays Joker cards are actively paying attention.
…In the
field.
"Boom!" With
a loud bang, the female ancestor had already appeared in front of Li Songkui.
"You want to arrest my disciple?"
she asked sharply.
"I…"
Li Songkui was frightened.
"boom!"
But the female ancestor didn't give him a chance to speak at all, she slapped it out.
Li Songkui's face was drawn to
pieces … Li Songkui's body deformed more and more seriously!
Frightened silly!
Li Songkui was confused and blank.
"You want to arrest my disciple?" The
female ancestor looked at the other people again.

“Boom!!!”
… The
female ancestor slapped the faces of these people again and again.
Every slap will turn the world upside down!
The seemingly simple slap resulted in the potential for destruction.
Every slap is taken, everyone feels that the world is going to be destroyed.
Li Wenhai and others were drawn out one by one.
Their bodies are getting more and more deformed, especially their faces are torn apart, and the speed
of recovery has slowed down again and again… it
hurts!
The pain of pulling away from the soul!
“Ah!!!”
……
Let everyone let out a heart- piercing pain.
It felt like their souls were being roasted.
fear!
so horrible!
Li Wenhai and them all are going crazy!
This is too scary, right?
Originally thought that the immortality of the pure energy body, they can run wild, even if they
encounter a stronger opponent than themselves, they don’t have to worry about it.
Because no matter how strong the opponent is, he can’t beat himself.
They have undergone various tests in the laboratories of the gods, and so is it.
They are immortal.
It can’t be killed at all.
Even Richard said that he couldn’t think of a way to deal with pure energy bodies.
In a sense, they are invincible.
No matter how strong the opponent is, they can’t kill them, but they will only be consumed alive.
So Li Songkui and others were very pleasantly surprised. They can’t kill them, so they can do whatever
they want.
Because no one can use them at all.
The Return of the God of War [The Protector] Chapter 2137
The pure energy body will really die!
This is the deep feeling of the parties!
They are really scared to come alone!

This woman is so fucking fierce!
I have never seen it so fierce!
I'm really scared.
Therefore, Li Songkui wants to gather everyone together to deal with the female ancestor.
"This is our first collective
action ! We will let you know how strong we are!" Li Songkui's eyes were full of confidence.
Together with dozens of them, they didn't pay attention to the female ancestor at all.
Together they made a shocking move.
What's more, Richard has carefully arranged a set of cooperative tactics for them.
Let them maximize their power.
To achieve the effect that one plus one is greater than two.
So everyone shot together, and every confidence came.
If everyone beats the one in front of you again.
They really alarmed the world.
Everyone became more excited.
Their momentum changed, and a breath of silence came out and filled the audience.
Richard and the Lab of the Gods are full of expectations and confidence.
They really want to see the picture of victory.
...
Seeing Li Songkui everyone unite, the female ancestor just sneered.
"Fuck!!!"
She stepped on the ground with her feet, the ground shook, and everyone was shaken.
The terrible momentum is spreading.
Everyone felt something was wrong, as if something happened in this place.
"Huh? No…this…how am I restricted…I can't use my energy…"
Li Songkui's face changed drastically.
"Me too! I can't control it! I feel that something is pressing me…"
"I can't move, I seem to be restricted all over…"
"What's the matter? What's the matter with us?"
...
Everyone was dumbfounded.
They are restricted.
Even the most basic power cannot be used.
The weaker ones can't even move.
This…

could it be that…
they looked at the female ancestor one after another!
She stomped her feet just now, which seems to have changed the magnetic field and other elements
here?
Limit their energy directly?
Make them unable to play a bit!
The female ancestor looked at them blankly, slowly raised her right hand, and slapped it out in the air.
A huge palm came out suddenly.
"Boom…" The
sky was shaking!
Almost the entire capital is shaking.
The black clouds in the air were directly dispersed…
Li Songkui and dozens of others were directly bombarded to the ground.
A palm print the size of four football fields landed on the ground, several meters deep!
Shocked!
It was too shocking!
The power of a slap is terrifying!
Is this a god?
Why is this middle-aged woman so scary? ? ?
As for Li Songkui, they were directly photographed into cakes!
Under the palm of the female ancestor, half of their energy body was blasted away.
The remaining half let them linger!
It turned out that the female ancestors were merciful, otherwise they would be taken away with a slap.
The reason for keeping them is to take them back for Tiance Mansion to study!
How to kill pure energy body?
The female ancestor of Tiance Mansion gave the answer today!
Just
The Return of the God of War [The Protector] Chapter 2138
The female ancestor is warning Xiaoxiao all over the world, don't make Erudia's idea.
Not to mention her disciple's idea!
If in the past, no matter who warned, even if Levi Garrison saved Da Xia time and time again, those
people abroad would simply ignore it.
Because the deterrence is not enough.
But today this ancestor has such a voice, everyone is scared.

Who is not afraid?
Slap so many pure energy bodies on the ground, who is not afraid?
Just as the various forces in various countries are studying how to deal with the pure energy body, the
female ancestor came out directly, she can kill the pure energy body, this shock cannot be described in
words.
Even Richard's heart kept tugging, and his face was extremely ugly.
He was frightened.
He finally understood why his boss said that the Lab of the Gods could deal with pure energy bodies.
It turns out that in the eyes of the real strong, the pure energy body is just like the weak chicken, which
can be easily crushed.
Before Xu Zhengjie's level was reached, they were all scum.
In this way, Richard's plan all fell through.
His original plan was to use people like Li Songkui to force out Tiance Mansion's hole cards little by little.
Tiance Mansion will slowly send out more and more powerful masters.
There must be at least ten batches.
Then he can analyze the dozens of masters in Tiance Mansion.
Anyway, in his expectation, it is not easy for Tiance Mansion to deal with Li Songkui's dozens of pure
energy bodies.
At least peeling.
Even more than a dozen batches of masters, there will be more.
Almost exposed most of Tiance Mansion's trump cards… But
who would have thought of a female ancestor? ? ?
I slapped it all on the ground.
Everyone can tell that she has kept her hand.
Otherwise, Li Songkui would all be slapped to death by her.
so horrible!
The problem is solved with one slap.
Richard was dumbfounded.
Tiance Mansion was even more dumbfounded.
What they want to break their brains, is that solved?
But sometimes hiding it is not necessarily a good thing.
You have to be decisive and deal with it directly.
…
"Now you understand? Tiance Mansion and Baolong clan are very powerful, just like you don't know
how powerful the Gods Lab is!" The

top boss said something like a touch of cold water on Richard's head. .
He is still arrogant.
Delusion to use these pure energy bodies to measure the hole cards of Tiance Mansion.
But the result was obvious-it failed.
Also elicited such a lunatic, and shocked the whole world!
...In the
biblical organization.
The evil gods finally knew what the dark god had said and their disdain for pure energy bodies.
In the face of absolute power, the pure energy body is vulnerable.
If you can't solve it, then you are not strong enough.
"Tiance Mansion and the Baolong clan can't afford to provoke them.
Basically, how long the history of
Erudia is, and how deep the Tiance Mansion Baolong clan is!" The
Dark God said such a sentence.
...
Erudia Capital.
The female ancestor dragged dozens of Li Songkui away with a rope.
She wants to give them to Tiance Mansion to study...
Although she is weak in front of her, it still has meaning for Erudia.
People from Tiance Mansion came to greet him immediately.
Each was wiping cold sweat.
The Return of the God of War [The Protector] Chapter 2139
The pure energy body was solved in this way.
It was also taken by Tiance Mansion for research.
After the female ancestor returned, the great gods all hid far away.
Although the female ancestor broke too many rules by doing this, it caused too much sensation.
It may have changed the trajectory of some times.
But few great gods dare to say!
Don't say it's them, even the helm of Tiance Mansion can't say it, right?
They can hide as far as they can!
This time directly established the position of Levilia.
The most unprovoked child!
But the people in Tiance Mansion knew that this kid could not be messed with.
What the world saw this time was an ancestor.
But know that there are more than ten ancestors standing behind this child!
That's it for one.
If more than a dozen ancestors stand up together!

That would be unimaginable…
but these are not known from the outside.
I thought that Levilia only has this master!
It is the people of Tiance Mansion who suffer.
Not even a few great gods dared to provoke them, let alone other people.
…
The commoner killer god of Kunlun Industry, they breathed a sigh of relief.
Now Levi Garrison can continue to retreat.
What surprised them was that Tiance Mansion secretly sent two pure energy bodies for them to study.
In fact, the members of Tiance Mansion who came to give it to Kunlun Industry didn't know why it was
given to Kunlun Industry.
What they didn't understand was that this was given away by Tianji Pavilion.
In this way, Kunlun Industry can study the pure energy body from the source, so as to target defense.
Commoner Killing God even asked the representative of Tiance Mansion: "Is Mr. Ye's mother okay?"
Several representatives of Tiance Mansion were all confused: "What is Mr. Ye's mother? We don't
know."
Commoner Killing God is anxious: "No, didn't Tiance Mansion rescue the people?"
"Huh? Is there such a thing?"
"No! Absolutely nothing!"
"Not to mention that you think about Tiance Mansion. Is it necessary to secretly save people this time to
resolve the matter vigorously and vigorously?"
…
They all were taken aback for a while.
That's true.
There is no need to cover up to save people, the female ancestor came out and slapped to death.
Who was the one who rescued Levi Garrison's mother?
Everyone is puzzled.
Besides, Li and Zhao's family, even though Li Wenhai and others were captured alive, their status has
not diminished at all.
Why?
Just because they are Levilia's family!

Everyone knows about the female ancestor protecting the calf. Who would dare to provoke Levilia's
family?
They are the number one giants.
"I really didn't expect that in the end our wish would come true, we would rely on Levi Garrison!"
Old man Li and the others sighed.
…
The slap of the female ancestor continued to slap, as if the whole world was quiet.
The Lab of the Gods and Richard were all honest.
I was really afraid of being beaten.
All parties need to evaluate Erudia.
The various forces really did not move at all.
Except for those ancient racial forces, the others really didn't move.
But this gave Kunlun industry time to grow wildly.
This industrial group supported by all parties is developing at a terrifying speed.
The Return of the God of War [The Protector] Chapter 2140
How could she become so strong? ? ?
What happened during this time?
Did the dark god fully arouse her potential?
The Eighteenth Dark Angels and other members of the Bible Organization are already strong enough,
but why do they show such an expression when they see Zoey?
That's because they felt a sense of oppression similar to the Dark God in Zoey… It
shows that even if Zoey is not as good as the Dark God, it is infinitely close.
This is terrible too!
They finally knew why the Dark God would directly choose Zoey as his disciple.
This is the answer.
Because she can be so strong!
"From today, you are the empress of the Bible Organization! The status is second only to me!" The
Dark God directly canonized Zoey as the Empress…
Everyone was shocked but sighed.
…
On the other side.
People in Common Killer were worried about Emma's safety and began to look for Levi Garrison.

Suzaku finally found Levi Garrison's retreat with a lot of effort.
After repeated inquiries and no results, several people from Common Killer broke into Levi Garrison's
retreat.
It was discovered that Levi Garrison was missing.
"Huh
??" "Isn't Mr. Garrisonin retreat? Why is he missing?"
Commoner Killing God and others were stunned.
After Qilin looked around, he was surprised: "I have been away for at least three months!"
"Suzaku is wrong, the boss is not here at all in retreat?"
Azure Dragon (Qinglong) asked.
Xuanwu and Baihu said at the same time: "Impossible! We helped Suzaku find this place. The boss
retreated here before!"
"Yes, it can't be wrong! The boss retreats here! You see, these are all left by the boss. !"
Suzaku also said.
Kirin thinking, can not help but said: "!? To be sure the boss does retreat here too, probably left three
months ago it would mean that Li Songkui these pure energy body lawless time"
"hiss !!!"
People have Take a cold breath.
A terrible idea came up.
So at that time, Levi Garrison left the customs? ? ?
Doesn't it mean that he can solve the pure energy body.
"It is estimated that the boss wanted to take action at that time, but the female ancestor of Tiance
Mansion appeared! It is estimated that the boss didn't do it!"
Qi Lin exclaimed.
Everyone smiled: "It turns out that the boss left the customs early!"
Commoner Murder frowned, "Where has the husband been in these three months? Why is there no
news at all? It stands to reason that he should meet with us after he leaves customs.
Right ?" "I don't know, there is no news!"
Everyone was shaking their heads.
Qilin smiled: "According to the style of the boss, he must be doing something big! The reason why he
didn't contact us was probably because he was afraid of exposure! After all, Kunlun industry has

developed to a certain scale, and we are not necessarily safe. . eyeing necessarily "
Dragon nodded:" Yes ah, the boss if we need it, be sure to contact us we need to do now is to develop
the Kunlun industrial ……. "
Kirin is looking forward to:" boss exit all three Months, I think there will be movement soon! It must be a
big move, look forward to it!"
Everyone understands.
Levi Garrison had no news for three months after leaving the customs, so a big move is bound to be
brewing.
…
The Return of the God of War [The Protector] Chapter 2141
In fact, Levi Garrison was in a dangerous place.
Star Country's Sanxing Group.
He is with Li Chengmin.
No one thought of this.
Going around, Levi Garrison came back.
It's still inside them.
Although Sanxing Group is the dog leg of the Gods Laboratory.
But this dog leg is also very powerful, and they will not obediently surrender to the laboratory of the
gods.
They also secretly controlled a lot of things in the Gods Lab.
Levi Garrison used these three months to grasp the information of the Gods Laboratory as much as
possible from the Sanxing Group.
After these three months, Levi Garrison summed up a lot.
The core layer of the Lab of the Gods is inaccessible at all and cannot be controlled.
But spokespersons like Richard and Levi Garrison, outsiders, have all mastered.
Of course, there are doglegs like Sanxing Group, who also mastered nine out of ten.
"Okay, I'm leaving!" After taking
control of everything, Levi Garrison was about to leave.
Li Chengmin asked anxiously: "Where are you going?"
"Go and kill some people!"
Levi Garrison said calmly.
"Do you want to start? Do you need my help?"
"No need!"

…
Levi Garrison left.
Looked at the densely packed names on the list.
Who should kill first? ? ?
This is a problem.
But Levi Garrison quickly locked onto one name—
Richard! ! !
Among the densely packed names, this one is the most dazzling.
"Richard has been your opponent for a long time! Even when I didn't know you, you were already my
opponent! Now I can't keep you, kill!"
Because Richard's use of Levi Garrison's value is to the end NS.
Richard's hole cards were all revealed.
He estimated that it would be difficult to dig out more of the Lab of the Gods.
So Levi Garrison wants to kill him!
Levi Garrison left the star country and went straight to the war eagle country.
According to the intelligence of Sanxing Group, Richard did not go out recently, but was in his own
independent laboratory.
Studying the pure energy body experiment that can really be close to Xu Zhengjie!
…In
a secret base in the Warhawk Kingdom.
"The biggest problem at the moment is still super-energy particles! We still can't create something
comparable to what Xu Zhengjie discovered in a short time!"
"There are other experimental groups who have not been able to find this kind of natural super-energy
particles. I really don't know how Xu Zhengjie discovered and obtained it. Yes!"
"I suspect that with our current technology, even if we find such super-energy particles, they will not be
able to obtain them, and there will even be a huge danger!"
…
Listening to the report, Richard frowned.
Nothing has gone smoothly recently.
It is really difficult to create a unique one.
But Li Songkui's mass-produced low-profile version was completely destroyed by the female ancestor of
Tiance Mansion.

“Go on, I’ll go back to rest!”
Richard drove back to his residence.
It is also not far from the base.
It is a private manor.
Richard is a very cautious guy.
For one’s own residence, naturally build the safest fortress.
The sea, land and air have the top defensive system.
There are a lot of escape and life-saving functions for houses and beds
The Return of the God of War [The Protector] Chapter 2142
“What? Killing?” The
intercepting guards all fell down before they could react.
With one breath, all the guards at this outpost were killed.
…
Once the death god’s sickle is waved, it cannot be stopped.
Levi Garrison started the killing.
Whether it was an open or secret whistle, they disappeared one by one.
After the death of these people, not even a message can be sent out.
So no one knew that Levi Garrison was close to this secret base.
Because there is no abnormality at all.
This is the benefit of Sanxing Group.
They provide some raw materials, or test products, to the laboratories of the gods.
So I know more or less about the secret base.
So Levi Garrison had to come in a lot easier.
One hour passed.
The perimeter defense line of Richard’s secret base for hundreds of miles was all solved by Levi Garrison
alone.
Thousands of people died.
But there was no movement at all.
No one knew about the entire base.
Looking at the base close at hand, Levi Garrison sneered: “Can you live tonight Richard?”
He wants to destroy the base first, and then kill Richard.
Levi Garrison entered the base easily.
No one noticed it at all.
When they came to the core area, everyone discovered that a person dressed differently from everyone
appeared.
After all, everyone in the laboratory is wearing protective clothing.
But Levi Garrison was wearing casual clothes, which was too eye-catching.

Hundreds of eyes glanced at Levi Garrison.
“Who are you? What are you doing?”
someone immediately asked.
“It’s nothing, come to kill you!”
Levi Garrison went directly to kill as soon as the voice fell.
Soon the corpses piled up all over the floor.
“Boom…”
He was killing and destroying, and the laboratory of the base was destroyed one after another.
Levi Garrison finally came to the main control room and after copying all the data, he destroyed the
base.
“Boom…” The
base instantly appeared in the flames.
Plus some super energy materials are also exploded together.
The terrifying power directly lifted the entire secret base to the sky!
A mushroom cloud formed in an instant…The
terrifying flame spread for dozens of miles, like the end of the world.
The Lab of the Gods does not refer to a laboratory, but a code name.
It has many such bases.
This base was given to Richard!
Richard’s status is very high, so this base can be regarded as one of the core bases.
This is a heavy blow.
The moment the base was blown up, Richard received the news not far away.
“Dididi…” The
harsh alarm sounded through the manor.
Everyone including Richard was awakened.
After all, the manor and base systems are connected.
When Levi Garrison copied the data, he actually copied all the data of Richard’s residence.
He immediately sent the data to Li Chengmin.
Under the control of the top hacker arranged by Li Chengmin, the system of the entire manor was
quickly paralyzed.
The defense systems, including the land, sea and air, were all paralyzed.
…In the
manor.
Richard woke up in shock: “What’s the situation? What’s the situation?”
“No, someone invaded our base and destroyed it!
The Return of the God of War [The Protector] Chapter 2143

Levi Garrison! ! !
Richard heard it.
This is Levi Garrison's voice!
But is it really Levi Garrison?
But there are too many people posing as Levi Garrison recently!
Even if the voice comes out, it's not necessarily him!
It may be that the Bible organization has found it!
But no matter what, he didn't know if it was time for Levi Garrison.
The base was exposed, Richard wanted to run without any thoughts.
"Evacuate! Evacuate!"
Richard gave an order, and he led everyone to escape from the secret passage.
At the same time, Richard reported the situation to various places in the Gods Laboratory.
He is also ready for the ultimate rescue button.
Once the situation is not right, press it directly to request the ultimate rescue of the Gods Laboratory.
"Want to run? Richard!" the
voice came again.
The next moment, Levi Garrison stepped on it.
The earth fell apart immediately, and all burst into pieces.
The appearance of a dungeon was exposed.
It turned out that all under this base was hollowed out.
There are divergent roads below, which can go to any place in the Eagle Nation.
It is also the secret place of this base.
All of their transportation can be carried out underground and cannot be found at all.
But now, under Levi Garrison's kick, the earth collapsed completely, and the underground city below
was completely exposed.
It's simply breathtaking.
It is impossible to imagine such a large area, there is no cave below.
How much financial and material resources will it take to create this.
This is the horror of the Lab of the Gods!
Levi Garrison glanced at Richard and others who were fleeing.
"Boom!"
He turned into a lightning chase, and at the same time he threw a punch.
Sweep to Richard and hundreds of others.
"Kakcha!"
"Kakcha!"
... After this

punch, the building in the dungeon was directly destroyed and smoothed out.
Richard and the others were forced to stop abruptly.
“Who are you?”
Richard asked.
“Can’t you hear my voice?”
Levi Garrison smiled.
“Pretend to be a fool! You are not Levi Garrison at all! Levi Garrison is dead early!”
Richard naturally didn’t believe it.
“Take him!”
Richard gave an order, and the four pure energy bodies immediately killed Levi Garrison.
Although the pure energy body was slapped by the female ancestor of Tiance Mansion.
But how many female ancestors are there in the world?
She is the only one revealed right now!
Therefore, pure energy bodies are still terrifying combat power!
Others still can’t think of a solution!
After all, you don’t have the strength of a female ancestor!
The four pure energy bodies are all fighting desperately, because they know that they are immortal.
The other party can’t kill them at all.
So they don’t need to defend at all.
Just work hard.
It can’t be killed anyway.
“Boom!”
“Boom!”
“Boom!”
“Boom!”
… But
Levi Garrison instantly pointed out four points, and hit the four of them at a speed beyond the limit.
At this moment, the four of them only felt that their consciousness was forcibly pulled out of this body.
Pain!
They actually felt the pain!
Can’t tell where it hurts, but it hurts everywhere!
They have no bodies,
The Return of the God of War [The Protector] Chapter 2144
This this…
who can bear it?

This is too scary, right?
The second female ancestor of Tiance Mansion came out?
It actually killed the four pure energy bodies instantly!
Who can imagine this?
There are people who can do the same thing as the female ancestor of Tiance Mansion!
Instantly kill the pure energy body!
This makes everyone in the Gods Lab crazy.
This, this… the
sky is falling!
The corner of Levi Garrison's mouth rises!
In fact, his spike pure energy body is not the same as the female ancestor of Tiance Mansion.
*That one is really too f*cking strong!*
Strong enough to ignore everything!
I care what you are, so I just slap it!
As for why Levi Garrison can kill the pure energy body in seconds?
That is the result of his retreat!
He transformed a door taboo technique into his own thing!
What Levi Garrison just showed is a taboo technique of fingering, which emphasizes gathering all the
power in one burst!
Instantly cause the most terrifying destructive power!
Destroy everything!
Even if it is as strong as a pure energy body, it can't hold it!
Levi Garrison transformed into something that belonged to him, almost with the power comparable to
the taboo technique.
The only price is that it consumes a lot of money to use this trick.
Once this door taboo technique is used once, it takes ten and a half days to recover before it can be
used a second time.
It instantly concentrates its whole body strength in a single burst, so it consumes too much.
Even if Levi Garrison has improved, it can't be used too much.
After all, the consumed power can't be made up instantly.
"This…"
Richard and the others never expected it to be like this.
Levi Garrison is determined to kill Richard today.
"Boom!"
He appeared in front of Richard in an instant.
Started everyone.

Richard instantly activated the armor.
Others also quickly tried to block Levi Garrison.
“Boom!”
“Boom!”
…
Levi Garrison bombarded the person blocking him with a terrible punch.
Popped one by one!
If the pure energy body blocks, Levi Garrison should immediately use his own version of taboo fingering.
One pure energy body burst open!
In front of Levi Garrison, he couldn’t see enough and couldn’t stop it!
Now Richard is very annoyed by one thing-why not just build a pure energy body that is infinitely close
to Xu Zhengjie?
Rather than mass-produce a lot of low-profile versions, in the end it will make people spike.
stop!
Each of Richard’s men had taken Ecstasy, swearing to stop Levi Garrison to the death.
Even if you save your life, you will not hesitate!
But they met Levi Garrison who was too powerful.
Fall down one by one!
…
Blood splashed, bones flying!
Many people still burst into a cloud of learning fog!
The pure energy bodies also fall apart and all dissipate.
miserable!
Fewer people!
Levi Garrison was getting closer and closer to Richard.
Richard is getting more and more panicked and has been asking for support.
It’s a pity that everyone within a hundred kilometers was dealt with by Levi Garrison.
All the air-supported aircraft arrived, but they were interfered with without any effect.
The hacker arranged by Li Chengmin has been interfering.
“Hurry up, the support team must hurry up!”
Richard must be tight
The Return of the God of War [The Protector] Chapter 2145
“Haha, shake people? I see who can save you!”
Levi Garrison will kill Richard.
I can’t stop Heavenly King Lao Tzu from coming!

After Richard used extreme rescue privileges, eight bases scattered around the surrounding area.
Some are deep in the mountains, some are underground, some are in the sea…
The launch systems of eight bases are launched at the same time, posing as terrible arrogance, and
instantly turning into eight streams of light to shoot into the sky.
The movement and power of this launch are no less than that of a rocket… But
who would have thought that the launch was actually eight people.
However, they are equipped with aerospace-powered engines, a full four aerospace-level engines!
The special armors on them are several levels higher than the aerospace materials.
Therefore, it can withstand the power of the space shuttle engine, otherwise it will definitely be crushed
into powder when it is started.
Another person needs to have super strong physique and be able to withstand the start of this engine.
Otherwise, it's just a shock, I'm afraid it's blood and blood.
These are the extreme rescue teams of the Gods Lab.
Able to rescue in the shortest time!
After the eight people were launched, they galloped at the speed of the rocket launch.
He arrived at Richard almost instantly.
This is only the case of eight people starting an engine.
Can be reached in an instant.
Of course it is also because of the relatively close distance.
Too fast is not good.
"Boom!"
"Boom!"
…
the engine device behind the eight people burst into blue flames, bursting out unmatched air currents,
and the surrounding wind was raging, and the air waves rolled.
"Boom!"
…
They started the engines and blasted towards Levi Garrison one after another.
The purpose of Extreme Rescue Team is not to kill, but to rescue.
They just wanted to force Levi Garrison back and take Richard away.

As for what Levi Garrison would do, it was not something they should consider.
The engine device behind the eight people burst into flames, giving them the ultimate strength and
speed.
This is absolutely unprecedented!
“Get out!!!”
Levi Garrison roared.
A domineering punch blasted out, and an invisible force rumblingly covered it.
“Bang bang bang…”
All eight people were blown out! ! !
Incredible!
All eight were stunned!
Is there anyone who can withstand the starting power of an aerospace-level engine?
“It’s turning on an engine!” The
eight people communicated quickly and turned on another engine device!
“Buzzing…” After the
two engine devices were started, there was a muffled sound in the sky, the earth was still shaking, and
dust was flying in the sky!
“Rumble…”
…
The speed and strength of the eight people directly doubled compared to just now.
What they expected was to directly penetrate Levi Garrison.
“Boom!!!”
They were still greeted with a punch.
Levi Garrison’s invincible punch once again blasted everyone out.
horrible!
Horrified!
Is this still a human?
It can withstand the starting power of a dual aviation engine…
Turn on the third engine device!
The special armor on their bodies began to tremble, and their bodies felt unprecedented pressure.
“Boom!” But the
result is still the same, facing this man
The Return of the God of War [The Protector] Chapter 2146
The four engines are the most they can start.
They are also the most powerful.

“Da da da…”
There was a dense explosion in the sky, and the ground was still shaking, even torn apart.
The air waves behind are even more one after another.
“Kill!”
With the help of the four engines, the eight people instantly killed Levi Garrison.
Eight people, eight directions.
Not to mention anything else, just the power of activation can crush people into minced meat.
Only the corner of Levi Garrison’s mouth raised a smile.
The retreat during this period of time enlightened him too much.
And in the three months of Sanxing Group, he has not been idle.
It’s still going on…
The basic exercise master taught him is to pursue the ultimate in strength and speed!
So he can get stronger and stronger! Just
rely on this most basic exercise…
you can run rampant!
Especially this retreat study how to deal with the pure energy body, so that he has a new perception and
improvement.
The pursuit of power and speed at this moment has taken it to the next level.
He even cooperated with multiple strengths and one-point-based bursts, etc…
“Boom!”
“Boom!”
…
Before the devastating momentum of the eight people arrived, Levi Garrison instantly blasted thousands
of punches and smashed them on them.
The eight people rushing at the limit speed stopped abruptly, and their bodies stopped in mid-air.
“Boom!”
“Boom!”
“Boom!”
…the
explosions roared, and the aerospace engine behind them began to smoke.
“Bang bang bang…”
“Kacha…”
Immediately, they exploded one after another.

The destruction of the space engine device brought them a devastating blow.
They are completely defeated.
“Kacha!”
… The
terrible thing is that the armor on their bodies burst one by one.
Can’t stop this power at all!
Multiple strengths! ! !
Just now, the fists behind Levi Garrison contained multiple strengths, which exploded at this moment.
“Puff!”
“Puff!”
…
Finally, these eight people, their terrifying physiques were carefully selected from all over the world by
the laboratory of the gods.
But now all cracks appear as fine as a spider’s web!
In the end, all eight people exploded, turning into a cloud of blood and dissipating.
Hot blood splashed all over Richard.
Although he was wearing a battle armor, it was no different from not wearing it.
The devices on these guys in front of them all burst.
His one is the same as paper.
Richard was completely dumbfounded.
Never been so desperate for a moment!
All hole cards, all methods are used.
Even the ultimate ultimate rescue privilege was used.
Still can’t stop it.
Only waiting to die…
Although the Gods Laboratory received the news, no matter how fast it was, it would not be before the
extreme rescue.
The person in front of him can kill himself at any time.
That’s too late!
who is it?
Who the hell is it?
At first he felt that this person was pretending to be Levi Garrison, and he must even be organized by
the Bible.
But now it’s uncertain.
I feel that this person is more and more familiar with

The Return of the God of War [The Protector] Chapter 2147
“Boom!”
Levi Garrison slammed the past, and the armor on Richard’s body fell apart.
“Puff!” There
were countless blood stains on Richard’s body.
Richard looked at the changes in his body with horror on his face.
“Richard wanted to kill you a long time ago!”
Levi Garrison watched his body crack open.
At close range, Richard saw Levi Garrison’s face clearly.
This time, he believed that it was Levi Garrison.
“You, it’s you! How can you live?”
“Impossible!!! How is it possible?”
“It turned out to be you, it turned out to be you!”
…
Richard was as crazy as he was.
He wants to understand everything!
Everything later was done by Levi Garrison!
But why is he still alive? ? ?
This matter is more terrible than his death!
“Well! I’m still alive!”
“Want to fight me, next life!” As
soon as Levi Garrison’s voice fell, Richard’s body exploded directly.
Richard is dead! ! !
His body exploded completely and turned into blood mist, with no possibility of surviving!
The strongest spokesperson for this laboratory of the gods, who almost destroyed Da Xia’s existence,
was beheaded today.
“Huh!”
Levi Garrison let out a long sigh of relief.
This kid finally died.
After killing Richard, Levi Garrison left quickly.
When the army of the Gods’ Laboratory arrived, there were ruins everywhere.
…
Levi Garrison did not leave the War Eagle Nation, he turned around and went to other places to kill
other spokespersons.
Overnight, Levi Garrison successively killed the spokespersons of thirteen gods laboratories, and
destroyed more than a dozen of the bases of the gods laboratories…The

entire war eagle country was in chaos, and the gods laboratories were chasing Levi Garrison
everywhere.
But it didn't catch up anyway.
His whereabouts are uncertain, and he will leave after killing someone.
What's more, they were all spokespersons, not key figures in the Gods Lab.
So it is difficult to capture his whereabouts…
Levi Garrison left from War Eagle Nation, and successively eliminated several spokespersons outside of
War Eagle Nation.
According to the list, Levi Garrison killed one by one.
The killing continued…
Levi Garrison wanted to kill all these spokespersons one by one.
At this time the news has spread!
Richard, the core figure of the Lab of the Gods, was killed!
Together with Richard's base were destroyed!
The world is shocked! ! !
Richard is now the hottest big man in the world!
The nightmare of countless countries and forces!
When he fell, all parties were dumbfounded.
The news of Richard's death spread throughout the streets and alleys of various countries… the
opponents began to cheer!
Richard has brought disasters to many places over the years!
Many people want to get rid of it quickly!
No way!
Richard is getting stronger and stronger, and his position in the laboratory of the gods is also getting
higher and higher.
He can't kill it at all!
In particular, many people know that the Lab of the Gods has extreme rescue privileges, and it is even
more indestructible.
Richard's position is very high, and he is only one step away from the real core layer.
Now that he is dead, it is a terrible and heavy blow to the Lab of the Gods!
Because of the sun
The Return of the God of War [The Protector] Chapter 2148
This time Levi Garrison was not curious about who they were.
Because I encountered it in the bear country not long ago.
The dark angels of the Bible Organization.

This breath Levi Garrison was too familiar.
The four people who had blocked him.
There was one more person, the one headed, and Levi Garrison vaguely guessed his identity.
Underworld God!
"Yes, you can find me! The Lab of the Gods can't do it!"
Levi Garrison smiled.
The evil god also laughed and said: "That's because they are the intruders, we are bystanders, and the
angles are different!"
This is also true !
It's similar to the black under the light!
Now that Levi Garrison is so rampant, it stands to reason that the Lab of the Gods is easy to find.
But they are the entrants, and they are confused.
Levi Garrison has been leading the nose to walk, and has been stuck in the rhythm of Levi Garrison for a
long time.
It's hard to find.
On the contrary, the Bible organization has always been a bystander, which is equivalent to the
perspective of God, and it is easy to find.
Levi Garrison asked directly: "Then what is your purpose for coming to me?"
Underworld God clapped his hands, and Levi Garrison appeared on the left and right.
The eighteen dark angels all came.
This time the Bible organization sent all the dark angels just to bring Levi Garrison back.
"The purpose is very simple! I told you before! You pass the standards of the Bible Organization and you
are qualified to join! We are here to invite you to join!"
Underworld God said with a smile.
The eighteen dark angels gathered together, that is, they must take Levi Garrison back.
They have enigmatic self-confidence.
"We advise you to join the Bible organization! This is something you can't escape! If you join, you will
get benefits you can't imagine!"
Underworld God smiled.
Levi Garrison smiled and said, "I am used to being free. Joining your organization will make me

uncomfortable…”
“So you won’t agree?”
“No, I have a condition!” The God of
Underworld was taken aback and looked curiously. With Levi Garrison.
“Very simple, I can go, but I want to be the leader of the Bible organization! Everyone must listen to
me!”
Levi Garrison said this, everyone was dumbfounded.
To be the boss?
He came to be the dark god?
What a joke!
Everyone then realized that they were played by Levi Garrison.
“Levi Garrison, don’t toast or eat fine wine! There are many ways we can hold you!”
Mingxie roared with anger.
There are indeed many ways.
First, the eighteen dark angels joined forces to bring him back.
Second, there is also Zoey dyeing this hole card.
…
Levi Garrison looked at everyone with disdain: “Really? So confident!” The
evil god stared at Levi Garrison: “Nothing else! As long as we entangle you for enough time, the masters
of the Gods Lab You’ll be here! You have to go by then, is it possible?”
Others also said: “Yes, we will give you a chance now! You can choose by yourself!”
“Come on, you are sure to stop me to that one. When?”
Levi Garrison sneered.
“Then give it a try! Let’s do it together!” The
Eighteen Dark Angels joined forces.
This is the first time in the history of the Bible Organization that 18 people have joined forces to attack.
The Return of the God of War [The Protector] Chapter 2149
The eighteen dark angels were shocked!
Suddenly entangled Levi Garrison!
Levi Garrison slammed past with a punch. Not only would they not turn into a blood mist and explode,
they were all right!
Their special physique made Levi Garrison stunned.
Among the eighteen dark angels, there were several great evil gods.
Among the eighteen people, they are the last, but their physique can be said to be against the sky.

Better than the masters in the laboratory of the gods I have encountered before!
It can't hurt at all!
Um?
strangeness!
Even Levi Garrison is pondering what is going on…
These people are weird!
But now is not the time for Levi Garrison to think.
He has to quickly resolve everything in front of him and leave.
Otherwise, if the core master of the Gods Lab arrives, it will be difficult for him to leave.
Can't even go.
…
Levi Garrison immediately increased his offensive, and Mingxie Shen and others looked out.
"Don't let him leave! He wants to run!" The
eighteen dark angels worked together.
It seems that everyone is an individual, but there are faint connections between them, and the eighteen
people are a whole.
Levi Garrison was tightly trapped.
Don't let him escape!
Seeing that Levi Garrison was trapped, the God of Underworld sneered and said: "Levi Garrison thinks
about it? It won't take a long time for the people from the Lab of the Gods to arrive! At that time you
really can't get away!
" Now? Do you still choose to fight against us?"
In their opinion, Levi Garrison had only two choices.
First, be entangled by them, and wait until the master of the Gods Lab arrives.
Second, agree to join the Bible organization and follow them.
Levi Garrison was happy: "Just because you can stop me?" The
voice just fell.
Levi Garrison's entire popularity changed abruptly.
"Buzzing…" There
was a terrible trembling sound beside him.
The eighteen dark angels couldn't help being surprised.
Feel the unprecedented threat.
"Get out!"
Levi Garrison shouted out.
The whole body exploded vigorously.

“
Boom !” With a booming sound, the world was overshadowed, as if it had fallen into the doomsday.
The terrible mushroom cloud exploded.
The mountains and rivers are shaking!
A high wave of hundreds of meters above the sea rises!
The mountain not far away caused a sensation one after another and exploded.
The terrible power forced the eighteen dark angels to retreat.
Any combination of skills is useless in the face of absolute power.
The eyes of the eighteen people including the Underworld God and others were shocked…
this is too strong!
After Levi Garrison forced 18 people back, he left immediately!
He didn’t think about killing 18 people at once, these 18 people are weird and strong.
Only leave now!
“Can’t let him go!”
Underworld God shouted.
This is their task!
It must be done!
Levi Garrison can never escape!
Eighteen people chased Levi Garrison like crazy.
But the master made the move only for a moment, and just as Levi Garrison forced them back, he got a
gap to escape.
They were still a step slower after all.
Damn it! ! !
Everyone was irritated!
But still can’t catch up!
Can only watch Levi Garrison leave.
Beyond the dust.
Levi Garrison also thought he had gotten rid of it.
“Boom!”
But there was a terrible air current.
“Boom!”
The Return of the God of War [The Protector] Chapter 2150
He has a title in the laboratory of the gods-the clown emperor!
He is on the same level as Richard’s boss.
To be able to gain a foothold at the core level in the Lab of the Gods, he relies on strength!
The aircraft in the Lab of the Gods is as fast as lightning.

But the Great Clown came here first and stopped Levi Garrison.
Dangerous breath.
The dangerous aura radiating from his body changed the expressions of all the eighteen dark angels.
Levi Garrison's face changed.
This person is dangerous!
Because you can't feel his presence, no blood, no breath.
But a strong opponent!
Levi Garrison likes it!
"Boom!!!"
Suddenly the clown emperor started, the earthquake trembled, and the sky shook.
But the others disappeared in the picture instantly.
Can't even catch the afterimage!
The clown emperor appeared in front of Levi Garrison instantly, the hot breath seemed to burn Levi
Garrison.
"Plap!" With
a crisp sound, the world faded.
The clown emperor grabbed Levi Garrison's throat!
In an instant, Levi Garrison felt the pressure of the mighty mountain.
His body was bent abruptly!
It was as if the clown king wanted to hold him in the ground.
Levi Garrison quickly grabbed his arm, trying to break free.
But he was pressed back by the great clown, and instantly drew a few hundred meters.
Cracks several meters deep appeared under the feet!
The retreat continues…
When the clown emperor made his move, it was earth-shattering.
Levi Garrison was actually crushed.
This is incredible.
Because Levi Garrison has always crushed and slaughtered the masters of the Gods Lab.
"What shall we do now?" The
eighteen dark angels looked at each other.
Underworld God said coldly: "The task that the Dark God gave us is to bring him back! Let's help him!"
The
Eighteen Dark Gods immediately shot to the Great Clown.
Both Levi Garrison and the Great Clown noticed the movements of the eighteen dark angels.
"Get out! I don't need your help!"

Levi Garrison shouted loudly.
Unmatched power burst out again!
A pneumatic mountains and rivers!
It was exactly the trick that Levi Garrison used to retreat the eighteen dark angels just now!
Levi Garrison also used a taboo technique to innovate his own trick!
He used it again at this moment!
"Bang!" The
terrifying force forced the Great Clown away!
Shock!
The clown's eyes were filled with shock that couldn't be resolved.
In any case, he did not expect to be shaken by Levi Garrison!
In fact, both sides were shocked.
It was also the first time that Levi Garrison encountered an opponent like the Great Clown, and it would
make him so embarrassed.
Absolutely the first person!
"The one who stopped me died!" The
Great Clown looked at the eighteen dark angels and warned.
Kill Levi Garrison instantly.
"Boom!" The
clown emperor slammed a punch, plain and unremarkable, but when he shot it, it shocked the world.
Levi Garrison also blasted a punch.
"Bang!" The
two slammed their fists together.
It's like two stars colliding.
At this moment, everyone felt a sense of spatial imbalance.
It seems that the plates under the feet have moved abruptly.
The sea water is boiling, just like boiling.
The Return of the God of War [The Protector] Chapter 2151
Here comes another one at the same level as the clown emperor!
More terrible!
And I don't know what master they brought…
"How can you escape this time?" A
cold shout came.
One person stepped out of an aircraft, and when he took a step, he stepped into Levi Garrison's face
from an altitude of several hundred meters!
He ignored everything and walked flat on the ground.
Shocked the audience!
This is Richard's immediate boss.

He is dressed in a suit, elegant yet mighty.
The danger is permeated, and the hearts of the audience are tight.
An existence no less than the clown emperor!
Soon after, another woman in a red-hot dress came, and her body exuded an evil and strange aura.
Seeing her, I always feel fear and trembling.
It is another existence comparable to the clown emperor!
Let everyone feel the pressure again!
After a few seconds, a huge wave suddenly turned up in the sea not far away.
Rushing several hundred meters high, a whirlpool appeared…
There was a black spot on it. After everyone looked at it clearly, they found that it was a person.
He rose into the sky, leaped forward, and appeared in front of everyone.
Another one!
These four powerhouses came together, and outside were the top powerhouses in the Gods Lab.
"The Eighteen Dark Angels of the Bible Organization?"
Seeing the evil gods and them, Richard's boss directly shouted out their identities.
"Richard's prediction is correct! Our opponent indeed seems to be the Bible organization!"
The evil woman insisted.
Richard's immediate boss shook his head: "No, no, no! The first eighteen dark angels will fight him! It
seems to be taking him away!"
The clown playing cards also sneered: "Yes! They are not. A group of them! They want to take him
away!"
"Then basically determine that our enemy is him! It's just related to the Bible Organization!"
"If you take him down, you will know!"
Which one jumped out of the sea directly Hands on.
"Boom!!!" A
punch came over.
Levi Garrison rushed out with a punch.
"Bang!" As
soon as the fists of the two sides touched each other, the world would shatter like a big collision.
Neither side moved!
powerful! ! !
The eighteen dark angels looked at each other, thinking what to do.

At this time they received an order.
“Withdraw!” The
eighteen dark angels fled immediately, killing out from the weakest direction.
“What to do?”
Richard’s immediate boss waved his hand: “Let them go! Our target is him!”
Anyway, they also knew it was the Eighteen Dark Angels.
For the time being, the Lab of the Gods is still not suitable for war with the Bible Organization.
It’s better to let them leave!
After the eighteenth dark angels left, only Levi Garrison was left alone in the field.
He is going to face the Lab of the Gods alone!
This will be the biggest crisis in Levi Garrison’s history!
Just beheading Richard, I didn’t expect all of them to be one level higher.
Blame these guys from the Bible Organization!
Have to haunt yourself!
What else can I do now?
If you die, you have to fight!
Use everything you need!
Even the taboo tricks that the master taught him have to be used!
It’s all this kind of moment, I have to go all out!
Just these four people are unfathomable, Levi Garrison can’t grasp their combat power at all!
“Kill out!!!”
Levi Garrison roared wildly and took the initiative to attack.
“Boom!”
He pursued the ultimate speed and strength!
This punch seemed to lift the whole earth!
“Small bugs!”
Richard’s boss sneered.
Terrible tattoos appeared on his arms, and the tattoos turned blood red and glowed…
a breath of death and terror was gushing out.
“Bang!”
He easily blocked Levi Garrison’s punch, dissolving this majestic force.
“Boom!”
He threw an incredible punch again.
At this moment, Levi Garrison felt that his soul was blown away.
The Return of the God of War [The Protector] Chapter 2152
It seems that this body does not belong to Levi Garrison at all!

He was emptied of consciousness.
Is he too strong?
Richard's immediate boss was not like him, who relied on conspiracy and trickery to eat.
He is pure strength!
His nickname in the Lab of the Gods is Lucifer!
That is the fallen angel in Western legends!
The existence that can be nicknamed this in the Lab of the Gods can also figure out how strong he is!
"Ah!!!"
The female of the four was also shocked, and she shouted out like a terrifying voice in the depths of hell.
Sharp evil horror!
It seems to crush the weakest side of people's heart!
A terrible flame appeared above her hands. This flame was very strange and strange, accompanied by
the sound of ghosts crying and howling wolves.
As if to tear everything apart.
This woman is nicknamed the Hell Witch in the Lab of the Gods!
She can control the terrible fire of hell and can burn everything!
Lucifer told Richard that you can build a pure energy body with confidence and don't worry about being
unable to control the pure energy body.
They have the ability to get rid of pure energy bodies.
One way is the hell witch!
Her hell fire can directly burn out the pure energy body!
Can't hold it at all!
It shows how terrifying she is!
The fire of hell in the palm of the witch of hell is approaching Levi Garrison!
Levi Garrison, who was far away, already felt the compelling flame, and even his soul was burned.
He was beaten by Lucifer just now until his soul flew out.
Now the hell flame of the hell witch is here again!
In an instant, this area was enveloped by the flames of hell.
Even the ground was burned, turning black in an instant, piercing for several meters.
All are black.
The flames of hell can burn everything, nothing can stop it!
As soon as the flames of hell came out, the world seemed to be shrouded in hell.
All living things go through burning flames ……

……
leaf monarchs as a move Lucifer, simply can not escape directly enveloped by flames of hell.
He can only face the flames of hell! ! !
“Boom!” The
flames of hell instantly penetrated his defensive airflow, enveloping him!
“Puff!!!” At
this moment, Levi Garrison felt that his brain consciousness was blank, and his body seemed to be
fragmented and melted a little bit.
The pain hits!
The pain is beyond words!
It hurts to the bones and soul!
This hell flame seems to be burning Levi Garrison’s soul, his body has already melted!
This kind of pain Levi Garrison experienced once before.
When the master reshaped his martial arts for him, it was really painful.
Levi Garrison knew that at that time, the master was not only reshaping the martial art for him, it was
completely reshaping his body.
A radical change from the inside out.
That’s why it hurts so much!
Now Levi Garrison felt this pain again!
If it weren’t for Lucifer’s trick, Levi Garrison could escape the flames of the witch of hell.
But no!
He was enveloped in the evil flames of the witch of hell!
At this time, Levi Garrison’s body was full of vigor, and he was tightly guarded, trying to stop the flames
of hell.
The flames of hell peeled away his defense little by little, burned and swallowed his body little by little.
To burn him to death! ! !
The hell witch made a terrible roar, and she was increasing the flame’s attack.
…
Everyone smiled upon seeing this.
Levi Garrison is just the right thing!
“I’ll help the witch!” The
clown emperor let out a jealous laugh, and he flicked it, and the clown playing cards in his hand flew out.

At this moment, the Joker playing card turns into an indestructible weapon that can cut everything.
“Shit!”
Levi Garrison’s vigorous defense was abruptly torn apart by the Joker playing cards.
Can’t stop it at all!
“Boom!”
This time the flames of hell really pounced on Levi Garrison’s body.
“Ah!!!”
Levi Garrison let out a heartbreaking roar.
The Return of the God of War [The Protector] Chapter 2152
“Puff!”
Levi Garrison suddenly vomited blood!
Joker the Great’s playing cards are a weapon that can’t be guarded against!
The witch’s hell flame is any flame that can burn!
Together, these two are simply invincible!
The magic flame on the little witch’s hands penetrated directly into Levi Garrison’s body, burning his
internal organs madly.
Burn him from the inside out!
“Ah!!!”
Levi Garrison roared.
That’s heartbreaking!
It is comparable to the pain that Master gave him to reshape his martial art and transform his body!
“Hahaha…” The
Hell Witch and the Great Clown showed crazy smiles.
As long as the flames of hell enter Levi Garrison’s body, he will have no way to survive.
It will burn clean from the inside out!
Everyone knew that Levi Garrison was going away!
The eighteen dark angels who escaped did not go far, they watched from a distance.
Seeing that Levi Garrison was over, everyone’s faces showed regret.
If Levi Garrison had promised them in the first place, this wouldn’t happen now.
Now he won’t run away anyway.
“Should we save him?”
someone asked.
“No! Dark God said, don’t save him! This is an order! Everyone stays still!”

Mingxie Shendao.
They all understand.
This wave of Levi Garrison was completely exposed to the laboratories of the gods and was of no value
to the Bible organization.
There is no need to quarrel with the Gods Lab in order to save Levi Garrison.
Everyone else knows what happened here.
After all, after Levi Garrison killed Richard, there was too much noise.
The news that he was in the East Island waters has now spread.
Although you don't know who killed Richard?
But all want to know.
So many people's eyes gathered here!
Especially the Common Killing God of Kunlun Industry and Qinglong.
When Richard was killed, the news came out.
Qilin immediately called out: "The boss is here! As expected, the boss made a big move!"
...
Then they kept paying attention to Levi Garrison's movements.
After knowing that Levi Garrison was blocked here, Qinglong and the others were very anxious.
There is no way.
They didn't dare to go without Levi Garrison's order.
It's useless even if it comes.
It couldn't help Levi Garrison at all, it would cause chaos instead.
They watched outside.
When they learned that Demon Flame was about to die in Levi Garrison's presence, they were all scared
to death.
"No! We have to save the boss anyway! Even if we die!"
Qinglong, Qilin, and the others, regardless of Buyi Killing God's obstacles, have to go if they say anything.
They would rather die than die with Levi Garrison.
Other parties also reacted differently.
Li Chengmin, the Sanxing Group of Star Country, suddenly brought people to the waters of the East
Island.
These people are the boys and girls who Sanxing Group is known as the devil.
The Great Summer Policy House also has actions.
"Do you want to support?"
Many people are discussing this issue.

Although they don't know who this person is, he killed Richard after all!
"Support!!!"
Soon such an order came from Tiance Mansion!
Several great gods will personally dispatch to the East Island waters.
This is the first time Tianji Pavilion has intervened in the affairs of Tiance Mansion!
It's really an unprecedented experience!
Although the Tianji Pavilion was in Tiance Mansion, the two sides did not interfere with each other.
And only when Tiance Mansion turned to Tianji Pavilion for help.
However, Tianji Pavilion has never actively intervened in the affairs of Tiance Mansion, something that
has never happened before.
This time it turned out that the boss of Tianji Pavilion took the initiative to order several great gods to
rescue!
After the news spread, the Tiance Mansion was shaken?
What's wrong?
First, the female ancestors played!
Now even Tianji Pavilion intervened in affairs and issued orders.
A situation that has never happened before! ! !
…
"Ah!!!"
Hell fireworks burned Levi Garrison.
Everyone looked at this scene cruelly…
The Return of the God of War [The Protector] Chapter 2153
"Offend the laboratory of the gods, no matter where you are sacred, you will die!"
Lucifer sneered.
The Great Clown and the other one who jumped out of the sea all smiled.
In their opinion, Levi Garrison would definitely be burned to death by the witch's flames.
Even God cannot save him today.
They also knew that someone was coming to rescue him, but it was too late.
There is no chance at all.
Indeed, many people came to save Levi Garrison.
Even the evil god Huoyun came.
But it's too late!
No one has time to save him!
There was also a chance for the eighteen dark angels around
…

Seeing the painful Levi Garrison, the Hell Witch let out an evil laugh.
But after a long time, the hell witch's smile disappeared.
His complexion almost froze.
fine? ? ?
impossible!
Even the scum that had been burned long ago was left in the body by the flames of her hell.
To be exaggerated, even the soul was burned.
But why is Levi Garrison okay? ? ?
There are no cracks in the body!
This is impossible!
Her hell flames can burn through any physique, and even the pure energy body can be burned out.
In the end, Levi Garrison had nothing to do.
Not only is it okay on the outside, but it's also okay on the inside.
It's just pain!
It hurts nothing!
Seeing the expression of the witch, Lucifer and the Great Clown also changed color one by one.
What's the situation?
Is it useless for him?
"Ah!!!"
Levi Garrison's roar was even more terrifying, his voice seemed to tear the sky.
He was suffering to the extreme.
"Boom!"
Levi Garrison exploded with unrivaled aura and shook the witch of hell out!
Levi Garrison is more vigorous than before!
Like the phoenix nirvana.
There is an aura of destruction in him!
Absorbed!
He had completely absorbed the flames of hell!
This is something no one expected!
Not only did the hell demon flame not hurt him, it was absorbed by him!
It was obvious that Levi Garrison's breath was more terrifying and stronger than before.
This is what Levi Garrison didn't expect!
I thought he was going to die.
Because that kind of pain is the feeling of death!
He felt that his body was about to be burned and melted…

but he did not expect that his physique was so terrifying that he would completely absorb these hell
flames.
These hell flames seem to have tempered his muscles and veins.
Take his physique to the next level!
Levi Garrison is a person with super willpower, of course, he has to be given such an amazing physique
because of his master's gift.
"Haha!"
Levi Garrison sneered looking at everyone.
The hell witch was dumbfounded.
She claims that the flame that can burn everything is useless to Levi Garrison? ? ?
The hell witch was not reconciled, she continued to use flames to burn Levi Garrison!
But the flames of hell became more and more useless to Levi Garrison.
At first Levi Garrison would absorb it painfully, and gradually Levi Garrison would absorb it naturally.
This flame completely had no effect on Levi Garrison.
The hell witch was also slapped and flew out by him.
However, Levi Garrison's danger was still there.
The flame of the witch is not good, but Lucifer and the Great Clown are all there.
Levi Garrison's danger has not been eliminated!
"Boom!!!"
Another fellow known as the sea monster.
Step on your feet.
The sea not far away was still tumbling, and vortexes appeared.
It seems to control the topography of this land.
He controlled the sea to suppress this area and exert influence.
Levi Garrison immediately felt that his power was restricted!
The same as the magnetic field device.
At the same time, the weird tattoo on Lucifer's body began to flicker, showing a state of congestion.
"Sneer!!!" The
ultimate power was presented in a domineering manner.
The speed is extremely fast and the angle is weird.
"Bang!" There was
a muffled sound.
Levi Garrison's body seemed to be shot with afterimages!
Blood spilled from the corner of his mouth.
Lucifer is too strong!

As long as the bloodshot of the weird tattoo on his body is full of blood, it will bring him the ultimate
strength.
"It's my turn!" The
clown emperor is about to make a move.
The Return of the God of War [The Protector] Chapter 2154
After Levi Garrison was restricted by the sea monster using the sea to control the terrain, Lucifer shot
him and injured him.
Now even the clown emperor has shot.
This is unimaginable in the Lab of the Gods!
I never expected these three, no, to be precise, these four would shoot together.
Things never happened before!
Although one-to-one, it can be suppressed.
But the pulling time is too long now.
They all wanted a quick fight, so the three teamed up together.
"Boom!" The
clown emperor activated, making a movement to break through the sound barrier.
He appeared behind the backward Levi Garrison and hit him with a punch.
"Puff!!!"
Levi Garrison vomited blood and was beaten out.
He finally realized how strong the Lab of the Gods was.
What is it like to be one level higher than Richard.
But he will not fall!
Levi Garrison abruptly stabilized his body shape, and without waiting for the reaction of the three of
them, he immediately attacked Xiang Hai Mo.
Despite being suppressed, Levi Garrison still struggling to punch.
"Pop!" This
punch implied multiple strengths and exploded in the sea monster's body.
The sea monster was affected and could no longer control the sea to suppress Levi Garrison.
At this moment, Levi Garrison was just as liberated.
"Papa!"
He pointed his two fingers on the clown emperor and Lucifer who were attacking from the left and right.
This is a fingering modified from the technique of taboo.
It is also the key to Levi Garrison getting rid of the pure energy body!
All power is based on a little burst.

For a time, the clown emperor and Lucifer quickly resolved…
this seemed to threaten them.
hateful!
It was at this moment that Levi Garrison killed the witch of hell who had no threat to him.
The hell witch panicked.
He hastily manipulated the flames of hell to block Levi Garrison.
It's useless.
Levi Garrison hit her with a punch!
"Puff!" The
Hell Witch flew out, although she was not dead, but her body was seriously damaged.
Everyone's face changed.
It was hurt!
How can this be?
How could he hurt God alone?
Why is it called the Lab of the Gods?
Because inside are the gods!
Of course this is a title, they claim to be gods!
It's just a human being.
However, they are relatively powerful, and they feel that they can control everything and surpass
mortals, so they are called the laboratories of the gods.
A Hell Witch of this level has never been injured.
So now that the Hell Witch was injured, everyone showed an incredible look.
I feel that people like Levi Garrison are not qualified to hurt her at all, they are not worthy at all.
This is beating the face of the Lab of the Gods fiercely!
Can't bear it! ! !
"Kill him!"
Levi Garrison was forced to such an embarrassment, Lucifer, the Great Clown and the others were going
crazy.
Never give Levi Garrison any chance.
More tattoos on Lucifer's body are beginning to be bloodshot and shiny, and the aura on his body is
getting stronger and more terrifying.
The clown emperor throws out a clown playing card, turning it into an indestructible weapon to kill Levi
Garrison.

As for the sea monster, he actually manipulated the sea water, turning the weight of the sea water into
his own power and hitting Levi Garrison!
The sea is endless, and his power is getting more and more terrifying!
…
"Puff!" After the
three joined hands, Levi Garrison was obviously struggling.
There was blood in the mouth, in the nose, and in the eyes.
These three people are one level higher than him!
He felt that he was completely suppressed!
Death is officially close to him.
"Puff!"
… It's better than
him under the combination of the three, but he also retreats steadily.
It's going to die soon.
Levi Garrison used all the innovative tricks of taboos, but it was not taboos after all, and his research
time was relatively short.
These are okay to deal with pure energy bodies, but they can be dealt with one level higher, obviously
not.
All used.
Still not working!
no!
I can't die!
"Forbidden technique!!!" "Master can't help it! I have to use it!"
The Return of the God of War [The Protector] Chapter 2155
At this time, Levi Garrison had no scruples.
Just think about one thing-live!
The real taboo technique is about to be used!
"Boom!!!"
Levi Garrison's breath changed suddenly.
Black textures appeared on his face unexpectedly, strange and terrifying.
His whole person is like Shura reborn from hell.
Came with a breath of silence.
This forbidden technique is called the forbidden technique of killing!
An access control technique used by the master to kill!
Once activated, the combat power will come to a whole new level!
Will cause a devastating massacre!
This taboo technique is mainly to kill!
Kill at the sight of people!
No creature can escape!

Although it can be invincible to use, it is easy to sink, and it is easy to be enchanted.
Thus causing bloodthirsty and bloodthirsty!
If the mind is not well controlled, it can easily become a killing machine.
This is another reason why Master Levi Garrison did not allow him to easily use taboo techniques.
Because of poor control, it is easy to be controlled by taboo techniques and become a demon.
After Levi Garrison used it now, the aura on his body was even more terrifying and terrifying than the
evil auras of Lucifer and the Hell Witch.
This made Lucifer and the three people feel an inexplicable pressure!
This shocked them!
Obviously, the people in front of them are obviously not on the same level as them, but they are
threatening!
After the killing forbidden technique was activated, Levi Garrison's eyes were scarlet, as if it were no
longer him.
It's a killing machine! ! !
"Kill!"
He let out a low voice and charged with a devastating murderous intent.
But he still retained a trace of sanity.
Not to kill everyone in front of you, but to find a direction to kill.
Therefore, Levi Garrison directly attacked the weakest defensive side.
They didn't go directly to Lucifer.
"No, he wants to run away!" The
three of them immediately pursued.
Seeing Levi Garrison rushing over, the masters of the Gods Lab began to stop him.
"
Puff !" "Puff!"
"Boom!"
…
Levi Garrison, who used taboo techniques, turned into a killing machine.
In the most brutal and primitive way, torn apart one enemy after another!
This taboo technique doesn't have any complicated tricks at all, it's the most primitive at all.
Either tore, or smashed with fists and feet, or peeled off the skin and tendons… I
almost went up and directly killed the opposite side.

The terrible aspect of the prohibition of killing is like this-it does everything in order to kill.
Even drink blood and eat meat!
Completely release your murderousness!
More terrible than primitive beasts!
…
Levi Garrison instantly turned into a murderer, ignoring anyone!
None of the masters who blocked Levi Garrison ended up well.
Fragmented, falling apart, stumped feet and broken arms are everywhere…
sweet white bones, red blood, screams…
All of them impacted the hearts of the masters of the Gods Lab.
Shocked!
It was shocking!
Scared!
Faced with such a murderer, who is not afraid?
Retreat…
The masters of the Gods Laboratory who blocked this position were beaten to retreat!
They fled one after another, and didn't dare to stop Levi Garrison from coming.
shame!
It is a shame for the Lab of the Gods!
Will they be beaten to this level?
What a shame! ! !
The three of Lucifer quickly blocked Levi Garrison's way!
There are more tattoos on his body, one piece of blood red, giving a terrible evil power.
The clown emperor also showed an extreme state, which was so dangerous that it was frightening.
The sea monsters are still absorbing the weight of the seawater, and they will kill with one blow.
We must not let today become a shame to the Lab of the Gods! ! !
This is still a person!
If you let him run away!
The Lab of the Gods will be nailed to the pillar of shame!
The three strongest teamed up! ! !
"Kill!"
Levi Garrison used the most primitive way to activate the killing forbidden technique!
Punch! ! ! The fastest speed, the most extreme strength, the most terrifying killing intent!

The Return of the God of War [The Protector] Chapter 2156
“Boom!” The
two sides meet!
There was a dull sound, and a buzzing trembling sound came from the sky. The earth began to make a sensation, and the whole island was torn apart and completely collapsed.
“Puff!”
“Puff!”
“Puff!”
…
All three of Lucifer vomited blood and flew out!
As for Levi Garrison’s body was also thrown high, he suffered more serious injuries.
Although he used the taboo technique, his current level and realm were not yet in full control, and he
could not exert the true power of the taboo technique.
Forcibly urged, it is very likely to be controlled by the taboo technique, and become a killing machine, a
bloodthirsty demon.
It was already the limit to be able to fly all the three powerhouses one level higher than him.
miracle! ! !
Others may not understand the Lucifer trio.
But everyone in the Lab of the Gods knows what level these three are!
The three of them teamed up to a tie with Levi Garrison!
How strong is Levi Garrison?
I used to think that he was just an opponent who could deal with Richard, and he didn’t need a shot at
the level of Li Lucifer at all.
Everyone also disdains.
Think it’s too shameful to deal with him.
But now the three teamed up to make a tie with him!
The Lab of the Gods is going crazy!
…
Levi Garrison, who was beaten out, was seriously injured, but with a sigh of relief, he jumped into the
sea and fled immediately.
Don’t give them any chance.
“Chasing! You can’t let him run!”
“You are the king in the sea of the sea monster! You chase him!” The Lucifer and the three were about to catch up immediately.
But at this time, the eighteen dark angels blocked their way.

“Go back, don’t chase it!”
This is the order given to them by the Dark God after Levi Garrison started the killing technique and
gained a ray of life-you can properly help Levi Garrison to stop the Gods Lab!
Now the Lab of the Gods knew that they had intervened.
So they can just stop it.
“You guys!!!”
Lucifer’s expressions changed drastically.
They know the eighteenth dark angels, and they are very strong.
If you start, it will be impossible to solve it for a while.
As for Levi Garrison, he ran far away.
After a stalemate between the two sides for a period of time, Lucifer reluctantly ordered “Withdraw!”
“But today our hatred is settled! Sooner or later, the Bible organization will be destroyed and
disappear!”
Lucifer warned as he looked at them.
“Come on! Who is afraid of whom?” The
Eighteen Dark Angels laughed.
After receiving the order, the army of the Gods Laboratory disappeared in a short period of time.
The eighteen dark angels also evacuated.
When all the forces arrived, there were only sinking islands and devastated scenes.
Nothing else.
“Has the boss survived?”
Qinglong and the others were surprised and happy.
After the arrival of the great gods of Tiance Mansion, all parties were shocked.
No one thought they would come.
Because Tiance Mansion has never left Erudia to perform the mission.
They will only appear when the summer is in danger.
They were relieved by the news that whoever was alive.
…
As for Li Chengmin successfully merged with the injured Levi Garrison.
Levi Garrison knew that the Lab of the Gods would not let him go, and would look for him.
The best way now is to hide in Sanxing Group.
…
Soon the parties dispersed.
After all, there is no one left.

But not long after they left, groups of mysterious characters appeared.
Ancient races and forces!
Always looking for the holder of that token!
Just when Levi Garrison performed the taboo technique, they noticed the familiar aura.
All came in one brainstorm.
Get together, everyone is dumbfounded.
Both are ancient ethnic forces in the East and the West!
"Appeared!"
"Appeared!"
"It's a familiar breath! That's right! Definitely!" ……
The Return of the God of War [The Protector] Chapter 2157
These old guys were all excited.
Tears filled my eyes one by one!
Some even knelt down.
I don't know what I'm worshiping.
They searched for a little half a year and finally found it.
The token also has the familiar aura of killing forbidden technique!
It's all from that person!
"Are you here too?"
Some of these ancient racial forces knew each other, and they all greeted each other.
"What? Even you guys are here? Don't you sleep in the depths of the Arctic glacier?"
"After receiving his news, we will look for it immediately!"
"And you? Isn't it the legend of extinction? Why are you still there?
" It's not because of that person that we survived!"
"You are here too???"
"So are you!"
... The
ancient racial forces are going crazy.
All came unexpectedly.
But they did not find it strange.
Because of that person's words, people who come ten times a hundred times will not be surprised.
"Killing forbidden technique! He has used it! Massacre the Quartet!"
"The mysterious man just used the forbidden technique to kill three strong men who are one level
above him!"
"Check! Check this one out for me right away !" Where
did the mysterious man go!" "I didn't expect you to leave a descendant! Are you still alive?"

“The old slave wants to see you!”
A big man knelt on the ground and sighed up to the sky.
...
This was something that no one had expected. After the matter was over, such a group of people came
back unexpectedly.
The major forces, such as the laboratories of the gods and the Bible organizations, have arranged for
people to observe.
But soon all the spies who were observing were discovered and obliterated.
None of them were left.
They miscalculated the strength of this group of people.
It’s not that they can snoop at will.
The forces of these ancient races are too strong, and no news of their coming here has been spread.
...
Not just these ancient races.
There are voices everywhere in the world.
“It has appeared! It has finally appeared!”
“Oh my God, it’s going to be messed up, this time it’s completely messed up!”
“Hahaha, excitement! Excitement! His forbidden technique has appeared, this time those old men The
guys are going to be forced out!”
...in
the Tianji Pavilion of Cefu in Erudia.
“Come! It’s here after all!”
...
Obviously Levi Garrison was going to cause a mess after using the taboo.
But now, more people are looking for Levi Garrison.
The Lab of the Gods has suffered too much shame and loss, and will definitely find him crazy.
Now the ancient tribes are also looking for him.
Too many people are looking for.
Levi Garrison is at Li Chengmin’s residence at the moment.
He was hurt all over.
He had a tie with Lucifer’s three, to be exact, the four masters. In fact, he was seriously injured.
“Too strong! Is this the Lab of the Gods?”
Levi Garrison sighed.
Never encountered such an opponent.

Existence that can't be killed with a taboo technique.
Spelling out a way of life, but also hurt like this.
It's all to blame for the people of the Bible Organization!
If it weren't for them, what's the point? "The Lab of the Gods is unimaginably powerful. The few people
you meet are all ancient mutants! Naturally control some strange powers, don't awaken or get
superpowers from adventures! The group that really controls the Lab of the Gods Exist,
let
alone what kind of existence it is." Li Chengmin not only sighed.
Soon Li Chengmin received the message, "I just got the most confidential information from Sanxing
Group. These four are all ancient races. They were born to control the flames, control the sea, etc.
Now those super powers who can control the elements are actually The bloodline from them is not
pure, more or less inherited a little bloodline to have superpowers! But these talents are true
bloodlines!"
Levi Garrison was shocked, "So terrifying?"
"The most terrifying thing is…" "Yes what?"
The Return of the God of War [The Protector] Chapter 2158
"The most terrifying thing is that these people are not the previous generations of their respective races,
they are also more than a dozen generations later!"
Li Chengmin said in horror.
Levi Garrison understood what she meant, "That is to say, these people are not the most powerful, or
they are already very weak after the inheritance?"
"Yes, that's right! The most powerful of their respective races should be the initial generation, so They
are now trying to do all kinds of experiments to achieve
rejuvenation !" Li Chengmin took a breath.
"The Lab of the Gods is too strong, but as long as I'm alive, they don't think about it!"
Levi Garrison won't stop because they are strong.
"Your injury is too serious. It seems that you have to cultivate for a while."
Li Chengmin is already healing Levi Garrison.
"This time I was in trouble! Using the taboo technique, I don't know what the consequences will be!"

Levi Garrison was very worried about this.
It's not unreasonable for the master to warn him not to use it lightly.
But there is one advantage, that is, after this use, Levi Garrison doesn't have to worry about it.
Let go of it later.
Whoever provokes him, just do it with taboo tricks and it's over!
No need to hide and tuck.
He didn't know that the ancient races had arrived…
"Shame!!!" In the
laboratory of the gods, the four of Lucifer bowed their heads and were reprimanded by one.
This man is in a suit and leather shoes, wearing gold-rimmed glasses.
"What's the use of you?"
"Until now, you don't even know who it is, right?" The
four of them didn't even pant for breath.
I thought the four could win everything together.
But who can think that Levi Garrison is so strong!
Yup.
The point is that they don't even know who it is.
Richard has always been dealing with this matter.
They just ran to avenge Richard.
"Then I tell you, who is he!" the
man in the suit roared.
Hearing that, all four of them looked over and were very curious.
"Levi Garrison! He's still alive!"
"What? Levi Garrison? He…" The
man in the suit was about to doubt, "Are you trying to say that it's impossible? But Levi Garrison was
alive! He deceived all of you that day. ! " "
when Richard after the accident, I personally went to investigate this matter, he is still alive! "
would have been a few people are still skeptical about it all, you can hear the suit personally check the
man said.
They immediately believed.
As if the person's words are the same as the truth.
"I later received the consciousness information from Richard's death, that is, Levi Garrison!"
This humanity.
"It's really him! I didn't want to move him alive, and did so many things!"
"We are all to blame, for not paying attention to him, it is Richard who is dealing with it!"

...
“Now I will give you something to make up for it. Chance!”
said the man in a suit.
“Huh??” All
four of them were taken aback.
“What opportunity??” The
man in the suit finally showed a smile. “Not only do I know that he is Levi Garrison, I also know where he
is now…”
“What?” The
four were shocked.
Even know this.
But after thinking about it, this one shot himself and found out where Levi Garrison was, which is not
surprising.
For the Lab of the Gods, it was not that Levi Garrison was so good.
But the real big man has no time to pay attention to him and deal with him.
If the real boss shot, Levi Garrison would be gone.
It’s like you are a god in the sky, and there is an ant on the ground, no matter how arrogant or powerful,
you won’t enter the eyes of your law.
Not to mention going to shoot in person.
impossible!
“He…where is he?”
Lucifer swallowed.
“Now Levi Garrison is in the territory of the Star Country Star City Sanxing Group Group. He is with Li
Chengmin of the Sanxing Group! She has already become a traitor!”
“You immediately went to the Star Country secretly! Levi Garrison was seriously injured! Kill him!” “I will
send you some more people to prevent accidents!”
The Return of the God of War [The Protector] Chapter 2159
The man in the suit sent a master to Lucifer and them.
“Are you still injured?”
“Trash! A bunch of trash!” The
man in the suit scolded, but in the end he took out a few tubes of special medicine to Lucifer and the
others.
When several people saw this potion, their eyes lit up fiercely, and they were all shining.
It’s like a treasure like a potion.

That's right!
This potion has a mysterious ability to restore and improve!
There are even unexpected effects!
Richard has no access to this level.
They won't even get Lucifer easily.
So the four of them immediately thanked the man in front of them.
After they drank the potion, all the hidden injuries on their bodies as well as the injuries just now
healed.
And the strength has also improved.
This surprised and delighted the four of them.
"Richard is very capable of doing things, I like it very much! It's a pity that I'm a step late, otherwise I can
find someone to save him!"
said the man in the suit.
"Hiss!"
Lucifer gasped.
Know who he is talking about!
If it weren't for Richard's dead body, it could really be saved!
The scariest doctor in the Lab of the Gods! ! !
Afterwards, Lucifer and the others set off quietly to the Star Country, shooting a carbine, so that no one
would think of it.
No one wants this!
After being so embarrassed, the Lab of the Gods will kill it back.
At this time, everyone really thought that they would not take any action for the time being.
But who would have thought that someone in the Lab of the Gods knew Levi Garrison's identity and
knew where he was.
Lucifer and the others returned…
Not many people were sent this time, but each of them was a top powerhouse.
Especially the masters sent to them by the men in suits, Lucifer, they dare not ignore.
They are all looking forward to this blitz!
In Li Chengmin's holiday villa in Star City, Levi Garrison is rehabilitating with peace of mind.
This place is the safest.
No one will find it.
His injury was too serious this time.

Even if he has the secret healing method and Li Chengmin's advanced modern therapy, he can only
recover 50% for the time being.
It takes at least ten days and a half months to recover 100%.
Levi Garrison sighed, "It's really cruel, if I didn't absorb the flame, I'm afraid I'm hurting more severely
now!"
"What about your plan after recovering from the injury?"
Li Chengmin asked.
"Let yourself continue to be strong! Excavate the foundation of the Gods Laboratory as much as
possible!"
Levi Garrison said.
...
He chatted with Li Chengmin, but he didn't expect Lucifer to come back again.
When more than a dozen figures appeared here in Star City, it would herald the arrival of a massacre.
"Just got the news that Levi Garrison is in Li Chengmin's holiday villa! He is recovering from his injuries,
but he has only recovered halfway! Now is his weakest time!"
"Okay, act! Be sure to catch or kill Levi Garrison alive!"
Lu Saifa said.
Playing cards, the clown said coldly, "I am going to clean up the Sanxing Group after I get rid of Levi
Garrison!"
Others nodded, "Yes! Sanxing Group no longer accepts our surrender! What we want is absolute
obedience!"
Soon fourteen Lucifer appeared around Li Chengmin's holiday villa.
Li Chengmin is also a cautious person.
There are a lot of secret whistle and eyeliner arranged around.
Especially after Levi Garrison approached her, she was even more cautious, and she wanted to ensure
her safety.
So more people scattered around the villa area.
But now Lucifer and others sneak in quietly.
In his eyes, these secret whistle and eyeliner were the same, and they were removed one by one.
A total of 317 people were all resolved.
Li Chengmin didn't receive any news at all.
There was no surprise at all, and in the end only the villa was left.

Although Lucifer and them had only fourteen people, it was enough to surround the villa, and every
corner was strictly guarded. "let's start!"
The Return of the God of War [The Protector] Chapter 2160
In the villa.
Levi Garrison is closing his eyes and resting.
But at this time he felt restless, and his left eyelid jumped wildly, as if something was going to happen.
"No,
something will happen!" Levi Garrison's hunch was very accurate.
Levi Garrison immediately told Li Chengmin of his hunch.
"Isn't it I was discovered?"
Levi Garrison was very wary.
Li Chengmin also immediately began to check.
Contact his secret whistle eyeliner scattered outside.
But no one responded at all!
not a single one!
It is equivalent to the complete breakdown of the peripheral defense system!
Only the villa's defensive security system is still there.
"Something went wrong! The people I arranged have lost contact! Maybe they are all dead!"
Li Chengmin said.
"Go, I'll take you away first and go to the secret tunnel! Can't stay long!"
Li Chengmin immediately took Levi Garrison away.
"Boom…"
"Kacha!"
But at this moment, the huge French window was hit hard, and it burst open.
A silhouette stood in front of the two of them.
Lucifer! ! !
"Levi Garrison wants to escape? No way!"
Lucifer exclaimed.
"Boom!!!" The
next moment, the other wall was directly blasted open.
The sea monster is here.
"Chichichi…"
Accompanied by the fluttering Joker playing cards, the Joker Great and the Hell Witch appeared.
"Boom!"
"Boom!"
…

Then either the top of the villa collapsed, or someone came underfoot.
The remaining ten people were all present.
They wore suits one after another, giving people a breath of suffocation.
Enclosed is complete!
"Levi Garrison is your death date today, you can't escape from our palms!" All the
villa's defensive guards were killed, leaving only Li Chengmin.
Levi Garrison was shocked.
His face has changed.
what happened?
Didn't they leave?
How can it turn back in such a short time?
And how do they know that they are Levi Garrison? Still so sure?
And how did they know that they are here? ? ?
How can this be?
Know everything in such a short time?
doubt!
Too many questions!
Lucifer saw Levi Garrison and Li Chengmin's doubts.
He sneered, "You are still too young and
want to fight against the Lab of the Gods! You don't know what you are facing!" "Levi Garrison is here to
catch you, and go back with us obediently! Otherwise, you will die!" The Great Clown laughed. Voice.
"Want me to surrender? Impossible!!!"
Levi Garrison suddenly killed the Hell Witch.
Li Chengmin also hurriedly followed Levi Garrison to use his control superpowers.
Delusion to control Lucifer and others.
But after all, she underestimated these people in front of her.
It has no effect at all.
"Small bugs!"
Lucifer directly ignoring Levi Garrison and slammed Li Chengmin.
The hell witch used all her flames to stop Levi Garrison.
After Li Chengmin's control ability was lost, he would be no different from ordinary people.
Seeing Lucifer who struck, Li Chengmin was completely panicked.
Levi Garrison could only turn around abruptly to rescue Li Chengmin.
"Boom!!!"
Lucifer blasted out with one move.
Levi Garrison also blasted out.
"Bang bang bang…"

Levi Garrison couldn't stop it at all, backing back again and again.
The clown emperor also joined the battle.
In an instant, Levi Garrison was in danger…
became stronger!
Levi Garrison was surprised to find that these people were not only hurt, but also stronger!
Is this the magic of the Lab of the Gods?
The other top ten masters also showed off one after another, pushing Levi Garrison and Li Chengmin to
a dead end.
Both Levi Garrison and Li Chengmin were injured in an instant.
Levi Garrison's injury worsened…
"I'm afraid I won't be able to leave today!"
Levi Garrison felt a trace of despair.
If he is not hurt, there may be a glimmer of hope.
But he was seriously injured.
Can't stop it at all!
"Don't let him live!" Lucifer attacked Levi Garrison like crazy!
The Return of the God of War [The Protector] Chapter 2161
"You guys are looking for death!!!"
Levi Garrison was also in a hurry, and the taboo technique was immediately used! ! !
The fighting power that Levi Garrison broke out at the critical moment also surprised Lucifer and the
others.
With stronger combat effectiveness, Levi Garrison's seriously injured body actually fought them back
and forth.
This is incredible!
But all of this is supported by Levi Garrison!
Soon it was revealed that Levi Garrison was actually the last one.
If it is an opponent one level lower, Levi Garrison can break out and use the taboo technique to cut a
blood path.
The probability of survival is very high.
But the fourteen Lucifers in front of him were too strong.
When Levi Garrison was in his heyday, he used the taboo technique to make a tie with these people.
Now they are more and stronger.
how to spell?
But in order to survive, Levi Garrison had to fight.
All the taboo techniques should be used.

Even if a forbidden technique like the forbidden technique of killing lives would be demonic, Levi
Garrison didn't care anymore.
As long as you can get out alive.
Why not become a murderous machine mad?
"Boom!!!" At
this moment, Levi Garrison's momentum increased wildly and domineeringly.
Swept the world.
He is the demon god who just returned from hell…
Lucifer and the others were taken aback.
He can still be so strong?
What freak?
This is how they didn't expect it!
"Everyone, be careful, don't let him escape!"
Lucifer reminded.
If it fails again this time, it will be hard for them to have the face to go back.
Must succeed!
Levi Garrison must be killed!
"Puff!"
Levi Garrison spit out black blood at this time.
This is obviously a sign of poisoning.
Li Chengmin glanced at him and reacted immediately.
Someone moved the medicine Li Chengmin brought.
These drugs have been replaced long ago. After Levi Garrison took it, instead of relieving the injury, it
worsened.
Now Levi Garrison was lucky, and the effect of this medicine was evaporating.
That's right!
The medicine Li Chengmin brought to Levi Garrison's treatment had already passed away!
This is arranged by the man in the suit.
It can be seen that his magical powers are vast, and in such a short time, he has arranged so many.
Incredible.
…
"Puff!" Now
Levi Garrison vomited black blood violently, and his whole body was like a punctured balloon, suddenly
discouraged.

He was able to fight this group of people with one breath just now, but he can't do it now.
He is so weak that he can't even use taboo techniques.
Not to mention fighting against these top powerhouses.
"Hahaha…"
Lucifer and others all smiled upon seeing this.
It turned out to be braced.
The end of the crossbow.
"Kill him!"
Just now Lucifer had passed through the man in the suit, and there was no need to bring Levi Garrison
back.
Just kill it!
The more Levi Garrison wanted to kill him, but his body turned against him.
The more severe he was injured.
Now it can only be slaughtered.
He is desperate.
The great clown playing cards flicked, as if a sharp weapon slammed into Levi Garrison.
"No!!!"
Li Chengmin was crazy.
"Bang!" A
figure appeared, blasting the playing cards.
"Bang bang bang…" One
figure after another appeared.
Soon the group of young people called the devil in the Sanxing Group appeared.
"Save us out!"
Li Chengmin shouted.
This is Li Chengmin's biggest trump card.
This group of people frantically killed Lucifer and them.
The two sides fought together.
Lucifer and they were entangled.
Li Chengmin took the opportunity to take Levi Garrison away.
"Don't worry, they are strong enough, let's leave first!"
Li Chengmin was very confident of these men.
They have the strength and saved her time and time again.
"Okay, leave first!"
Levi Garrison felt that his health was getting worse, and he was still in a daze, even going into a coma.
But can he really leave?

The Return of the God of War [The Protector] Chapter 2162
Lucifer and the others are tired of the entanglement of these young people who have succeeded in the
"Making Demon" plan.
"Kill them!"
Lucifer snorted coldly. "Do you know how you got here? Do you dare to do it with us?"
Thirty years ago, the God-making plan of the Lab of the Gods was initiated by the man in the suit.
Sanxing Group's plan to create magic is also him.
It is equivalent to that he is the godfather of these two big plans, and these young people in front of him
were created by him.
Now actually blocking their way.
Isn't this ridiculous?
...
"Puff!"
Lucifer's tattoo flashed, and the terrible power surged, and he abruptly tore the person in front of him.
"Boom!"
The flames of the hell witch burned all of them to death.
Not everyone is as capable of absorbing flames as Levi Garrison.
After they meet, most of them will be burned and there will be no more residue left.
The clown emperor and the sea monster also used their own methods to torture and kill the people in
front of them.
The top ten masters sent by the men in suits also showed their abilities, killing their opponents one by
one.
One minute.
In less than a minute, all these young people were killed.
There is no way to fight back against these perverts of Lucifer.
When Lucifer and others approached Li Chengmin and Levi Garrison again, both of them were shocked.
People?
What about those young people?
So fast?
Didn't stop it for a minute?
Is the speed a bit too fast?
"Looking for them? Dead!"
Lucifer grabbed a head and threw it at Li Chengmin's feet.

“Hiss!”
He took a deep breath.
No one knows the strength of this group of young people better than her, it’s really too strong.
Not to mention that you can beat Lucifer, but you can hold it for an hour.
Who would have thought that the whole army would be wiped out in less than a minute.
too strong.
People like Lucifer are really too strong.
“Levi Garrison, according to Erudia’s statement, you are exhausted, and today you will undoubtedly die!
No one can save you!”
Lucifer sneered.
The Great Clown looked at Li Chengmin again, “Don’t worry, after the end, we will bloodbath the
Sanxing Group!”
“Stop them!”
Li Chengmin was shocked when she heard that, she used her privileges and immediately mobilized the
masters of the Sanxing Group to stop it.
In an instant, tens of thousands of strong men appeared.
“No! If you can’t stop them, don’t sacrifice in vain!”
Levi Garrison shouted.
With the patience of these few people, another 100,000 people will still be unable to stop them.
“Then what should I do now?”
Li Chengmin was anxious.
She didn’t want Levi Garrison to die.
“Let me think of a way again!”
Sitting there, Levi Garrison’s brain was running fast, trying all kinds of ways.
Review all the ancient books that the master gave him.
Think about the strategy against the enemy.
…
“Don’t move! No one can move!”
At this time, the senior officials of the Sanxing Group received the news, and they came forward one
after another and ordered all the masters of the Sanxing Group to stop them.
Levi Garrison was completely exposed to Lucifer and the others.
“It’s over! I really can’t live anymore today!”
Levi Garrison sighed.

For a while, he really couldn't think of any countermeasures.
Lucifer and his men are too strong.
Many things are of no use to them at all.
It is impossible to figure out a way to deal with them in such a short time!
"What to do? What to do?"
Li Chengmin was even more anxious like an ant on a hot pot.
Soon Lucifer came to Levi Garrison's presence.
"Levi Garrison say goodbye to the world! You are dead!!!"
Lucifer asked Levi Garrison to die in the same way as Richard, to avenge him.
Lucifer's tattoos all over his body were activated, bringing together the power of horror and evil.
He charged a blow to make Levi Garrison's soul fly away.
He didn't give him any chance to survive…
Levi Garrison also slowly closed his eyes.
In my mind is the mother, Zoey, Levilia and the others… "Goodbye! I really can't do anything this time!"
The Return of the God of War [The Protector] Chapter 2163
Seeing Levi Garrison's appearance, Lucifer was already smiling.
Levi Garrison gave up!
Beating such a person to give up or to despair is a matter of accomplishment for everyone.
Lucifer he did it.
But when he was about to kill Levi Garrison with one move, suddenly Levi Garrison opened his eyes with
a hideous expression.
Lucifer's smile disappeared, and his face froze even more.
not good!
By the time he realized it was not good, it was too late.
How could someone like Levi Garrison give up?
He will never give up in his life!
I just thought that the mother, the child, and the wife were real, but it was fake that he gave up
resistance and waited for death.
Because he wants to play his value at the last moment, the last game before death.
He will desperately want to die with Lucifer.
This was the only thing he could do before he died.
Levi Garrison, this man will never give up simply!
Lucifer saw Levi Garrison's intentions, but it was too late.
Levi Garrison was about to fight his life and die with him.

This is a vicious technique of taboo art, a move for forcibly changing one's life.
Levi Garrison is crazy!
Everyone saw that Levi Garrison was crazy, but they were helpless.
"Boom!"
…
Levi Garrison suddenly stuck to Lucifer.
Lucifer couldn't get rid of it at all, and slammed Levi Garrison's body with a blow. Levi Garrison's blood
splashed, but he just didn't let go.
"Bang!"
"Bang!"
……
Levi Garrison suddenly exploded blood holes one after another, but Lucifer would also have one more
blood hole correspondingly.
Life for life! ! !
Levi Garrison wanted to change Lucifer away with his last breath…
"Bangbang…"
Everything happened between the flashes of lightning, and everyone had no time to react.
Levi Garrison and Lucifer have fallen.
Blood holes appeared in their bodies.
A smile appeared at the corner of Levi Garrison's mouth, and he succeeded.
Lucifer was replaced at the end of his life.
Worth it! ! !
This is the last thing he can do!
" King's Landing!!!"
"Lucifer!!!"
Li Chengmin and the clown emperor shouted one after another.
Levi Garrison didn't wake up after falling to the ground, and Lucifer was the same.
Levi Garrison desperately used the taboo technique to be so terrifying!
"Levi Garrison is dead, and Lucifer…" The
clown emperor reported the news to the man in the suit.
"Trash! A bunch of trash! Levi Garrison is like that, can he still kill Lucifer? What did you eat??"
Opposite Lei Ting was furious.
"Wait, let me see how far Lucifer is? Huh? There is hope! Hurry up and bring Lucifer back, he can be
saved! Levi Garrison is dying!"

said the man in the suit.
The Great Clown and the others took Lucifer and left without even looking at Levi Garrisonli and the
others.
"Sanxing Group will wait until later to deal with it! Save Lucifer first!"
…the
ruins are all over.
Only Li Chengmin, who was crying, and Levi Garrison, who couldn't wake up anymore, were left.
Levi Garrison closed his eyes and raised the corners of his mouth.
At the last moment, he was smiling.
But he didn't expect it anyway.
After Lucifer was brought back to the laboratory of the gods, the man in a suit directly handed him over
to the most terrifying doctor in the laboratory of the gods.
After which a check is completed, sneered "For you, he really died, but for me he is still alive! Even dead,
I can transform back! Let him another way to live!"
This The man in the suit said that if Richard's body were there, he could really save him.
Even if it can't be saved, it will let him live in another way.
This is the doctor who personally created the god-making plan!
He is horrible!
too strong!
This was something Levi Garrison could not predict.
Lucifer, who was desperately killed, was rescued.
As for Levi Garrison, Li Chengmin hurriedly let people check to make sure that he was breathless. Unlike
the suspended animation on Golden Harbor Island, this time he went to die for the same…
The Return of the God of War [The Protector] Chapter 2164
Levi Garrison is dead!
Recall that this news was during the Battle of Golden Harbor Island half a year ago!
It caused a huge sensation at the time!
Erudia wailed up and down!
The enemy is happy!
But now that the news of Levi Garrison's death has appeared again!
what's the situation?
Levi Garrison is dead?
Didn't Levi Garrison die long ago?
Why is there still news now?

Soon a series of news came out!
Levi Garrison did not die in the First World War on Golden Harbor Island. He was a fake death and
deceived everyone.
Then the news continued.
The guardianship of the Erudia Sun Stone and the destruction of the bases of the Gods Laboratory
around the world, until the recent killings of Richard and the major spokespersons were all done by Levi
Garrison.
It's all Levi Garrison! ! !
After knowing the truth, the parties shook.
It turned out that Levi Garrison didn't die, but guarded Erudia secretly.
He has been fighting against Richard!
The major gods and generals of Tiance Mansion also understood.
Why do some people say that they are not as good as Levi Garrison?
Why did Tianji Pavilion ask them to save people at the last moment?
It turns out he is Levi Garrison!
But what's the situation now?
Soon everyone learned that the strong in the Lab of the Gods suddenly returned to the star country to
kill Levi Garrison by surprise.
Under the circumstances of being poisoned and besieged by the masters, Levi Garrison finally lost to
death.
But in the end, he died with a strong man.
…
Many people almost fainted when they knew about Qinglong.
I thought he was safe.
Knowing that he is Levi Garrison.
But everything is too late.
Li Chengmin cried loudly.
She didn't care about Sanxing Group's accusations.
Now that Sanxing Group discovered that she was hiding Levi Garrison privately, this was a felony.
But she only hopes that Levi Garrison is alive, nothing else matters.
The senior management of Sanxing Group decided to destroy Levi Garrison's body, and Li Chengmin was
also forcibly separated.
But after a dazed effort, one person appeared.
"He, you can't move!"

Soon, under their noses, Levi Garrison disappeared, and this person also disappeared.
"What's the situation? What's the situation?"
Everyone only felt very dreamy, and Levi Garrison disappeared without seeing one person.
It was not someone else who took Levi Garrison away, but Huoyun Cthulhu.
After he learned the news of Richard's death, he has been paying attention to Levi Garrison.
Knowing that Levi Garrison was safe, he also left, but what he didn't expect was that the Lab of the Gods
returned and killed him.
"You can't die!"
Looking at Levi Garrison's body, Huo Yun Cthulhu was anxious.
After a while, a group of people hurriedly arrived.
Ancient races and forces!
They arrived immediately after receiving the notice from the Huoyun Cthulhu.
"Yes… is it him?" The
crowd swallowed fiercely, looking at Levi Garrison uncertainly.
"You can find something on him!"
Huoyun Cthulhu said that someone carefully searched for Levi Garrison.
Soon the black token was searched out.
"Puff!"
"Puff!"
…
Seeing the black token, everyone fell to the ground one by one.
All tears filled their eyes and wept with joy.
This token means too much to them.
If you hold this token, even if these people are allowed to die, they will have no hesitation.
"Really! It's confirmed this time! Really!"
everyone shouted excitedly.
"Save him! Must save him!"
Huo Yun Cthulhu shouted.
"Yes! We must save him! Even if we exhaust all the means, we must save him!"
"In a word, even if all of us are dead, he can't die!"
…
Levi Garrison's condition made these people crazy. .
They will do everything possible to make Levi Garrison come alive.
Just do it!

Everyone started to take action.
“Huh? Strange! He…”
Someone soon discovered the problem.
“What’s the matter? What’s the matter?” Everyone gathered around.
The Return of the God of War [The Protector] Chapter 2165
“Impossible!!!”
the person exclaimed.
He comes from an ancient race and is good at magical medicine.
“What’s wrong??”
Everyone became more and more puzzled.
“He was obviously dead just now, and now he has a breath, and his body is recovering on his own!”
This person looked in astonishment.
It looked like a ghost.
“Impossible!”
Others were also shocked. “Doesn’t that mean you didn’t die at all?”
Hearing this news, everyone cried with joy.
“It’s great, it’s great!”
The man continued to shout, “Something’s wrong, something’s wrong, this is terrible! He is not only
recovering, but also recovering like a phoenix nirvana! He seems to be stronger and more terrifying!”
Everyone feels carefully. write.
The aura on Levi Garrison’s body is indeed getting more terrifying!
Is there such a thing? ? ?
If you don’t die, can you recover?
Is it stronger?
Who is going to make sense!
…
“What’s the situation?
Everyone is well-informed, can you tell me what this is?” Everyone was puzzled.
“Forbidden art! It’s the reason why he used the forbidden art!”
“Yes, I heard that Mr. Forbidden art has a spell that all ends together! It is only used when you are on the verge of the most dangerous moment!
But it seems that this taboo technique does not end up at the same time! It is just testing whether you
have the determination to truly die with others! Most people dare not try it easily! After all, there is no
such courage!
But once you try it, you don’t actually end up all together! And a taboo technique for Nirvana rebirth! “

This person glanced at Levi Garrison. "Now it looks like this is really the case!" "
That's great!" It's great that he can live! "
...
Lucifer was not dead, everyone didn't expect it. But
Levi Garrison was not dead, and everyone didn't expect it. In
front of the attic of Tiance Mansion's Tianji Pavilion.
Several great gods were kneeling.
"Sir, you know Levi Garrison a long time ago. Are you still alive? "
They asked.
" Yes. "
Then why didn't you tell us earlier?" "The
great gods will be very puzzled. An
angry voice came from the attic of the Tianji Pavilion, "I need to explain to you when I wait to do
something?" "Do
n't dare, don't dare!" The juniors are just wondering! "The
great gods immediately changed their expressions.
Whatever they want, even the gods can't intervene, let alone them.
"Senior, the news just came that Levi Garrison is really dead, the Gods Lab... "
Soon, everyone passed the news to Tianji Pavilion.
"We already knew it!" This is his destiny, let him go! I'm just waiting for Erudia to have more such
characters! "
In addition, did you see the Lab of the Gods this time, right?" very horrifying! "
Be more prepared, you are too far behind!" We don't want to wipe too much ass! "
The great gods will tremble with fear, "Understand, understand!"
After the great gods will leave.
The voices of several old men in the attic of Tianji Pavilion echoed.
"Forbidden technique! Reappeared!"
"Will he die?"
"Difficult, hard!"
...in the
laboratory of the gods.
"The ancient ethnic forces are active, what makes them like this?"
asked the clown emperor.
"Well, I also found out that the old guys I knew before have come out to breathe! It's not easy!"

“The news of these guys is not easy to find! One by one is tight-lipped! They won’t reveal it at all!” The
man in the suit sighed. “So we have to hurry up! Hurry up and get the upper hand and control
everything in our hands!” The
clown emperor was silent.
What the people in front of me are talking about are the future plans of the Lab of the Gods.
This is the real secret.
The secret is what the gods’ laboratory is going to do? ? ?
“Come on, I’ll arrange a task for you, and do it right away!” The man in the suit suddenly thought of
something and arranged a task for the clown emperor.
The Return of the God of War [The Protector] Chapter 2166
The clown emperor left immediately after receiving the task.
News came from the laboratory soon after.
Lucifer was rescued and returned.
The doctor took action.
Lucifer was rescued abruptly.
The man in the suit showed a smile: “If he takes action, there is nothing that can’t be saved!”
“Well, I’m starting to work on my plan!” The
man in the suit no longer pays attention to other things.
I don’t know what the future plans of the Gods Lab are.
In short, it’s crazy.
…
“Huh?”
“Am I still alive???”
Not long after, Levi Garrison woke up.
Not only that, he found that his physique changed and strengthened again, and his strength also
increased.
wrong!
It’s a taboo technique!
He immediately thought of the taboo technique of dying together!
That’s not going to die together!
Just let you use it in times of crisis, more precisely, it is an unbreakable taboo technique.
It turns out that there is a hidden mystery in this taboo technique.
Of course Levi Garrison is excited to be alive.
“I’m still alive! Even I didn’t expect it! Haha…”
Levi Garrison laughed out loud for a moment,

as if everything was clear.
At this moment, he knew how reluctant he was to bear his mother, child, wife, and them.
And those brothers…
"Huh? Someone outside???"
Levi Garrison noticed someone outside.
When he opened the door, he was taken aback by the scene before him.
Because there were hundreds of people kneeling outside the room.
What's happening here?
Levi Garrison was dumbfounded.
"You are…"
Levi Garrison couldn't help asking.
"I'll be here as early as possible, waiting for you to wake up!"
everyone said together.
"Waiting for me to wake up? So you saved me?"
Levi Garrison asked.
"No, we're just trying our best! The main thing is you, sir! To be exact, it has something to do with your
husband's use of taboos!"
Someone said below.
Levi Garrison was shocked.
Even the taboo technique is known.
Could it be that the trouble of running out of taboos that Master said is coming?
"Who are you?"
Levi Garrison asked curiously.
But these people are not enemies.
Otherwise he won't live.
This group of people will not guard here!
"Sir, let's ask you first, where did the black token on your body come from?" The
kneeling hundreds of people raised their heads and stared at Levi Garrison curiously and nervously.
Levi Garrison replied: "My master gave it to me!" But
then Levi Garrison felt that something was wrong, and changed the conversation: "No, it should be said
that I just treat him as a master. He never admits it, and doesn't like me like this. Call him!"
"Boom!!!"
Hearing Levi Garrison's answer, everyone knelt on the ground and kowtow.
"First worship-worship heaven and earth!"

“Second worship-worship God order!”
“Third worship-worship Mr. Bai!” The
crowd knocked three heads on the ground.
Levi Garrison understood that the second head was knocked to Master.
Is this all related to Master?
“This is…”
But he said that he just called Master himself, but he didn’t admit it.
“No, sir, he can pass the divine order to you, and give you the taboo technique! You are his disciple! Still
the only one! He has never confiscated his disciple!”
“Yes, you are his descendant! ! This token alone is enough!”
“All of us recognize you! There are others also recognize you!”
… the
crowd said in a few words.
Levi Garrison also confirmed that these people came because of the master.
Know their identities even more.
Ancient forces from all over the world.
How old is it to say?
I have never heard of it before.
Some are so old that they are even comparable to the Erudia Baolong clan.
Existed for too long, too long.
But it goes back to the time when Tiance Mansion was established!
Even the time when Tiance Mansion was established was their younger brother.
“By the way, having said so much, where is my master sacred?”
The Return of the God of War [The Protector] Chapter 2167
This is Levi Garrison’s curious question.
The reason why these ancient forces and races are so crazy is their master.
Everything about myself is given by the master.
He is too mysterious…
to this day, there are still all kinds of mysteries.
Especially seeing these ancient races and forces rushing crazy, this made Levi Garrison even more
curious.
Obviously these people know the identity of the master.
“Sir, don’t you know??”
Everyone looked at Levi Garrison in amazement.
“Master never told me his identity! I really don’t know anything!”
Levi Garrison said.

Everyone looked at each other and couldn't help saying: "Yes! According to his character, it would be
wrong to tell you."
"Mr. Actually, we don't know a lot! He is not something we mortals can know, nor dare to know. ! " "
he's a strange man! Back in my day, he is the same God exists! all of us in the presence of more or less
got his grace! " "
Yes, if he did not, we would have this family Perished! He is the creation god of our clan!"
"The same is true for us! For many years, we have always wanted to see him again!"
"He is the lifelong belief of our clan! Our clan is worshiping him!"
...
Levi Garrison completely underestimated the madness of this group of people.
Whenever I mentioned Master, this group of people went crazy.
The point is that they worshipped the master as if they were a god.
I don't know what the master did.
Are these ancient races crazy to such an extent?
It's hard to imagine!
What kind of existence is Master in their time?
What level is it in your own time?
But after asking for a long time, I didn't get any important information.
Because the master is also very mysterious in the eyes of these people, and it can even be said that he
passed by in a flash, leaving little things and impressions.
But everything is vital to these ancient races and affects them.
"Sir, do you know? We really want to call him master, but we are not qualified!"
"Let's put it this way, as long as he wants to take slaves and shout, those old guys in this world can fight
for a few months, even one Years!"
"Want to be his servant, line up? Where
do we go!" "We can only call him a god!!!"
"There is no god in this world, but he is a god to us!"
...
Levi Garrison felt shocked again.
crazy!
All are crazy!
How strong are the men called gods by these ancient races?

“In fact, we shouldn’t call you a sir. You are the inheritor of God! But we dare to call you sir!”
“As for the specific situation of that person, you have to dig a little bit! I guess he didn’t explain to you. ,
I probably don’t want you to know too much, so get involved too much!”
…
The meaning of these people is very simple.
They also knew some things about Master, but they couldn’t tell, they had to rely on Levi Garrison to dig
it out by himself.
But there is one thing, they will fully obey all the orders of Levi Garrison in the future.
As long as Levi Garrison has something to do, they will help immediately.
God order came out.
Quartet ancient tribe surrendered.
This is a good thing for Levi Garrison.
Today is also the tip of the iceberg of the real situation of Master.
Finally, the evil god Huoyun approached Levi Garrison.
“Please rest assured, Mrs. Zhou was rescued by me and she is very safe. I can take you to see now!”
Huoyun evil god said.
“You are in the same vein as my practice. It seems that you are also related to the master! You
deliberately let me go that day, did you find the token?”
Levi Garrison had already thought of everything.
Huoyun Cthulhu nodded: “That’s right.”
“Then tell me about your relationship with the master, I also really want to know your secrets.”
Levi Garrison asked.
The Return of the God of War [The Protector] Chapter 2168
Actually, Levi Garrison would like to know why Huoyun Cthulhu wanted to form the Black Sun
organization?
Why target the Erudia martial arts world?
There are a few more words to let Richard unconditionally trust, why are these?
Why did it suddenly disappear in his time?
Everything is a mystery!
“In fact, sir…no, I am not qualified to call him appearing, God! God has the grace to recreate me!”
“Basically, like people outside, he is our creator God! He gave us Life!”
The

Huoyun evil god was extremely excited when he mentioned Levi Garrison's master.
That kind of reverence and awe and gratitude are carved in the bones.
Levi Garrison listened carefully without interrupting.
"Actually, I come from the Baolong clan!" The words of Huoyun Cthulhu shocked Levi Garrison.
This…
he actually comes from the Baolong clan?
It's so shocking!
Huoyun Cthulhu actually came from the Baolong clan? ? ?
I don't know how many people are surprised when it spreads out!
"Go on!"
Levi Garrison couldn't help stabilizing his emotions.
"The Baolong clan and the Tiance Mansion are stricter than you think. There are too many rules! In order to preserve the pure blood inheritance, they will never allow their members to marry foreigners! Otherwise, they will kill them!"
"My mother is a foreigner," Or a secular ordinary person! I met and fell in love with my father and got me! But according to the strict rules of Tiance Mansion and Baolong clan, my parents must die! Plus, my father's lineage is only marginal, and there is nothing at all. Right to speak! My parents can only die…"
"They ruined everything about me, and even they want to get rid of me! My martial veins were abolished, and my veins were broken! At my most desperate moment, it was God who appeared and saved my life, and Pointed me!"
"This is what you know, sir-not breaking, not standing, and pursuing the ultimate strength and speed!"
This is why the Huoyun Cthulhu will use the same technique as Levi Garrison, and imitate him to frame him.
Sure enough, they are in the same vein!
"From then on, I vowed to make them pay! Let them know that I was wrong! So I started the era of evil gods that belonged to me, and there are 13 evil gods under my command! I want to be strong enough to threaten them, and strong enough to make them. Fear!"
Huo Yun Cthulhu's face changed.

“But in the end, I found that my own power was insignificant in front of them! What is the era of evil
gods, but people are not willing to take a look at you!
I have done so much, and I don’t even have the qualifications to let people take a look! What I have
Power can’t hold anyone’s finger!”
Levi Garrison asked, “That’s why you disappeared?”
“Yes, that’s right! I thought I was able to fight them, but I didn’t expect to be as small as an ant in front
of them. ! So I immediately disappeared and left Erudia!”
“However, Tiance Mansion and Baolong clan have always been my enemies, and I will not give up! I
have been trying to make myself stronger for the past few years, strong enough to fight them!”
Levi Garrison looked at him indifferently: “So you established the Black Sun Organization to target the
Erudia Martial Arts Realm, and framed me to cause civil turmoil, all for revenge?”
Huo Yun Cthulhu looked guilty: “Yes! They are too powerful.” , I can only unite with other people to use
conspiracy to strike and target!”
“That’s why you and Richard and the others cooperated?”
Huoyun Cthulhu nodded, “Yes, I can’t rely on myself, I can only rely on Richard. Delai fulfills my dream!
Because Tiance Mansion is my enemy, Richard has no doubt about my cooperation with him!”
“I did help Richard a lot during this period! Including watching the Tiance Mansion and their
movements! This may be difficult for others! But it is easy for me, because I know them!”
The Return of the God of War [The Protector] Chapter 2169
Actually, Levi Garrison would like to know why Huoyun Cthulhu wanted to form the Black Sun

The Return of the God of War [The Protector] Chapter 2170
This is why the Fire Cloud Cthulhu was able to stare at the Tiance Mansion when Richard was
transporting the Sun Stone in Erudia.
…
Basically, Levi Garrison understood the secret of Huoyun Cthulhu.
It's actually very simple.
Huoyun Cthulhu wants to take revenge…
"You're right to take revenge ! But it's not right for you to hurt the innocent! If it weren't for my special

status, you would still not stop!”
Levi Garrison said.
Huo Yun Cthulhu listened obediently.
“From now on, I will not stop you for revenge, but if you hurt the innocent and threaten Erudia, I will
definitely kill you!”
Levi Garrison said.
Huoyun Cthulhu nodded.
He was willing to let Levi Garrison let him die only by the kindness of that person.
“By the way, where is this?”
Levi Garrison asked after talking with Huoyun Cthulhu.
“Mister, this is still in Star Country, we haven’t left!”
Huo Yun Cthulhu replied.
Levi Garrison smiled helplessly.
It seems that everyone now uses the Star Country as a base.
Fights and troubles are all here.
It’s absolutely absolutely.
After Levi Garrison was alive this time, he planned to go back to see the child’s mother and them.
As for Zoey, Levi Garrison also knows where she is now.
The Bible Organization!
According to the people of Underworld God, Zoey is safe now.
After watching his mother and Levilia, Levi Garrison will go and pick up Zoey.
Under the leadership of Huoyun Cthulhu, Levi Garrison saw his mother.
“Go, mom, let’s see Levilia!”
No one doesn’t want her daughter.
Levi Garrison wanted very much.
But according to the current situation, in fact, Levilia is the safest in Tiance Mansion.
She was guarded by a group of ancestors, and she had no worries all her life.
And with her talent, under the guidance of this group of ancestors, it is estimated that Levilia will be
able to be alone when she comes out of the mountain.
This is why Levi Garrison never disturbs Levilia.
But after this “death”, he missed it so much.
You have to take a look at Levilia.
But where is Tiance Mansion?
How can Levi Garrison see Levilia?
Others may not know.

But Huoyun Cthulhu is here!
He used to belong to the Baolong clan of Tiance Mansion.
Even marginal figures.
But I must know where.
Tiance House.
The strongest Guwu institution in Erudia!
Not only is Erudia's highest combat power, but also where Erudia's many secrets are located.
It is also a mysterious place to the extreme, comparable to the 51 Special Zone of the War Eagle Nation
and the headquarters of the Gods Laboratory and so on!
These places hide the great secrets of the War Eagle Nation.
It may affect the whole world…
but the world only knows that there is this place, but they don't know where it is.
The same goes for Tiance Mansion and Baolong clan.
There are other countries and other forces who don't know how many years they have been searching,
and they have never found it.
Now Levi Garrison stepped into the Tiance Mansion.
He was taken aback.
A town full of modern technology appeared before his eyes!
In his impression, Tiance Mansion should be an ancient mansion or something.
Ancient buildings are everywhere.
But all this subverted Levi Garrison's imagination.
The location of Tiance Mansion turned out to be a modern style!
totally unexpected!
It seems that Tiance Mansion is not completely divorced from the modern world, let alone concealed
from the world.
They are always staring at the changes in Erudia.
I am afraid that the strong inside are also the combination of ancient martial arts and modern
technology.
It can even be said that Erudia's strongest modern technology is also in their hands.
They control the strongest combat power!
Has been in control, whether it is the past, the present, or even the future.
Huo Yun Cthulhu saw the strangeness of Levi Garrison, and couldn't help saying, "Mr. See it, this is the
power of Tiance Mansion! No one can know how strong they are!"

Standing at the gate of Tiance Mansion.
Levi Garrison stepped on the ground, "Levi Garrison is here to visit!"
The Return of the God of War [The Protector] Chapter 2171
The language is not surprising and endless.
Levi Garrison shouted in this voice.
The entire Tiance Mansion was shocked.
Levi Garrison?
The name of the person, the shadow of the tree.
Who is Levi Garrison?
Even everyone in Tiance Mansion has heard of it.
Even the seniors of Tianji Pavilion said that you are not as good as Levi Garrison.
So when the name came out, everyone in Tiance Mansion was shocked.
Isn't the key that Levi Garrison is dead?
How could he still be alive?
Dead again and again, why are you still alive?
Also found Tiance Mansion.
Soon the strong of Tiance Mansion appeared one after another.
Among them were some people Levi Garrison had met before, but they were all marginal figures in
Tiance Mansion.
The real Tiance Mansion also came after hearing the news.
Here are the four great generals who are currently coordinating the overall situation.
In fact, there are twelve great generals in Tiance Mansion, arranged according to the zodiac signs.
The four great gods who came are the tiger head god, the horse head god, the monkey head god, and
the dog head god.
These are the twelve powers besides the helm of Quetian Ce Mansion.
"Levi Garrison?? Are you still alive? How could it be possible? Didn't you die with Lucifer in the Lab of
the Gods?"
Seeing Levi Garrison alive, everyone was extremely shocked.
Levi Garrison smiled, "No way, Lord Yan won't accept me!"
"You? Fire Cloud Cthulhu! Presumptuous, you dare to come here?"
Soon everyone in Tiance Mansion locked the Huoyun Cthulhu next to him.
The reason why Huoyun Cthulhu can get away with it.
It was not that Tiance Mansion was unable to handle him, but that he was far from qualified to let them
pay attention and specifically arrest him.
But you are here directly.

Everyone in Tiance Mansion was extremely angry.
“No wonder you can find here, it turned out to be you!”
Everyone quickly understood why Levi Garrison could come here.
The Huoyun Cthulhu stared at them, his fists clenched.
Levi Garrison hurriedly said, “Today is my business, it has nothing to do with them!”
Everyone focused on Levi Garrison, “What’s the matter with you?”
“I’m here to see my daughter!”
Levi Garrison said.
Emma was even more eager.
It’s been a long time since I saw my granddaughter.
Horse Head God will directly refuse, “Non-Tiance Mansion personnel are not allowed to enter! Please go
back!”
Tiger Head God will even say, “No! The address of Tiance Mansion has been exposed! They want to
leave so easily!
” They have to wash away the memories in their minds! Sign a series of agreements! As for him, kill him
without mercy!” The
Tiger Head will stare at the Fire Cloud Cthulhu.
Today he personally delivered it to the door, and they will not let it go.
“What? I came to see my daughter, can’t it?”
Levi Garrison heard a little angrily.
When I see my daughter, I have to get their consent.
“Today, I will see my daughter no matter what! And he is with me, whoever dares to move him is to be
my enemy, Levi Garrison!”
Levi Garrison glanced at the four gods.
Now Huoyun Cthulhu has completely listened to him, and will serve Erudia in the future.
Such a character was killed here, what’s the matter?
Levi Garrison’s simple words angered everyone in Tiance Mansion, and even provoked Tiance Mansion.
“According to what you said, you can’t even let you in!”
Tiger Head was also angry.
“First, Tiance Mansion is not your home. If you want to enter, just enter and leave if you want!”
“Secondly, your child is the top secret of Tiance Mansion
. You can’t see anything!” “Third, you dare to protect He is the enemy of Tiance Mansion!” The

other people also said coldly, "Listen to us, quickly wash away the memory and leave, we don't
embarrass you mother and son! Of course, it depends on Levilia's face!"
"If it's something else ! Don't even think about leaving! You should do it yourself!" The
implication is simple.
Levi Garrison don't want to take the initiative to see Levilia in this life.
Levi Garrison went even more horizontally, "Then what if I have to see it today?"
The Return of the God of War [The Protector] Chapter 2172
If you are polite to Levi Garrison, he will also be polite to you.
But you have to cross with him, he is even more cross than you!
What happened to Tiance Mansion?
Everyone in Tiance Mansion didn't expect Levi Garrison to be so mad… he
didn't even put Tiance Mansion in his eyes.
Also instantly angered the four great generals.
Dare to provoke in Tiance Mansion and kill without mercy!
"Kill!" The
most hot-tempered Tiger Head God slammed Levi Garrison with a furious punch.
The world changed color under a punch.
In a small space, everyone knows how terrifying this punch is.
Under his control, the power of this punch will only explode in this tiny space, and will never spread to
other areas.
It's not scary to hit a lethal explosion, the scary thing is that he can control it!
Control the lethality within this extremely small range.
Neither Levi Garrison nor Huoyun Evil God had seen this move before.
Worthy of being Tiance Mansion!
They are really strong!
It's just that I don't want to expose his hole cards!
Now the Tiger Head God General's punch is enough to explain how strong Tiance Mansion is.
The eyes of the evil god Huoyun were about to fly out.
too strong!
Terrible sense of oppression!
He is now an ant in the eyes of Tiance Mansion, let alone a long time ago.
The tiger head god will now be able to crush him with this punch.
He didn't even have a chance to fight back!
He was too naive before.

Feeling the danger coming, the three of them already felt the breath of this punch in the small space.
That terrifying breath is like a hot flame about to melt people away.
Emma feels the strongest!
That is deathly suffocation!
The tiger head god will want several people to die.
One shot is an extinction killer move!
Levi Garrison was the only one in the field who didn't rush at all.
"Boom!"
He also slammed up with a punch.
"Bang!" There was
a dull sound.
The movement was not big, just because both of them controlled it.
Control all power in a small space.
Will not make too much noise.
But with a punch, Levi Garrison had nothing to do.
Easily resolve this punch by the Tiger Head God.
The audience was shocked!
This is the head of the tiger!
Among the twelve great generals, the force value is the first few.
It is also extremely terrifying in Tiance Mansion.
He is a top killer when he shoots.
It was easily blocked by someone.
This is incredible! ! !
For a long time, even though the outside world has taught Levi Garrison how to be a god, savior and the
like.
But everyone in Tiance Mansion didn't take them seriously.
It's not that they hold high.
Mainly, they have always existed like gods.
No matter how powerful Levi Garrison is, they can only be human.
Some miracles that people do are routine operations in the hands of gods like them.
So no one saw Levi Garrison in his eyes.
Especially some people say that Tiance Mansion is not as good as Levi Garrison.
This makes them angry and even resentful.
Seeing Levi Garrison here today, many people are actually quite cool.
Because finally had the opportunity to teach Levi Garrison a lesson, let the world know how powerful
Tiance Mansion is.
Let everyone know that Levi Garrison is vulnerable.

In particular, Levi Garrison angered Tiance Mansion and made everyone more excited.
Sure enough, in the end, the tiger head will make a move.
But the result?
He was easily stopped by Levi Garrison.
Incredible!
It turns out that mortals can really challenge God?
So Levi Garrison is really so strong?
This is still skipping the too many powerhouses in Tiance Mansion, and directly doing it with the gods.
Shock!
The complexion of the four great gods also changed drastically one after another.
This this… the
tiger head will be crazy.
For him, it was a shame to him not to beat Levi Garrison to death with one punch!
Now it has been taken over.
The Tiger Head God General has become angry!
"You're looking for death!!!"
Tiger Head God will roar.
He wants to show his true strength to wash away the shame!
Levi Garrison must die!
"I'm going to see my daughter today, whoever stops me, I will do it!"
Levi Garrison was also angry.
The Return of the God of War [The Protector] Chapter 2173
The battle between the two sides is about to start!
Either you die or I die!
Today is the busiest day in Tiance Mansion in such a long time!
A worldly mortal came and directly challenged the gods!
It's incredible!
Many people looked at the tiger head god general with admiration.
Today I was fortunate enough to see him really make a move…
Both sides came hard, it must be Mars hitting the earth.
But just at the very moment, a voice came-let him in!
"Boom…"
This sound almost didn't scare the Tiger Head God General to the ground.
Female ancestor!
Who would dare to mess with this?
The other three great generals and everyone also changed colors.
This person has spoken.
Who would dare to stop?

Everyone automatically gave way.
Let the three of Levi Garrison enter.
Soon Levi Garrison saw Levilia.
I haven't seen him for a long time, Levilia has grown up a lot, and his body is even more ethereal.
Like a little fairy.
The most terrifying thing is the strength of Levilia.
How did it become so strong? ? ?
Both Levi Garrison and Huoyun Cthulhu were dumbfounded.
How can a child be so strong?
Is this the strongest talent plus Tiance Mansion?
All the elements are mixed together to create such a powerful existence!
"Dad, several masters have said that when Levilia comes out, it will be the time when the world is
invincible!"
Levilia said to Levi Garrison proudly.
If other children say such things, they would laugh out loud.
But this is Levilia.
No one doubted her words!
"Dad, mom and grandpa, why didn't they come?"
Levilia asked curiously.
Although she is very sensible, she misses her family very much.
"Mom has something for the time being, I will take them to see you next time!"
Levi Garrison held Levilia tightly in his arms.
This child has suffered too much!
Other children of the same age are in kindergarten and have a carefree childhood.
But Levilia is different!
Practicing martial arts here, suffer from the hardship that an adult can't eat!
Her identity is different, she wants to carry more.
Emma was already crying in silence.
There were also tears in Levi Garrison's eyes.
"Levilia, do you hate mom and dad?"
Levi Garrison asked.
Levilia shook his head, "No, Levilia knows that Mom and Dad are doing great things! Levilia wants to
help you too!"
"Grandma, Dad, don't worry, Levilia will be very good! But you should always visit Levilia. , Otherwise
Levilia will miss you!"

Hearing this, Levi Garrison raised his head, not letting tears flow out.
The more sensible Levilia is, the more distressed he is.
Soon after, several of Levilia's masters all came.
Among them is the grumpy female ancestor! ! !
Seeing her, the great gods and others all disappeared, avoiding them far away.
I was afraid to provoke her.
Seeing Levi Garrison, the female ancestor said, "Last time I knew you were…"
Levi Garrison was shocked.
He knew that the female ancestor was referring to the last time she swept through Li Songkui and other
pure energy bodies, when Levi Garrison was in the dark.
Originally he was going to make a move, but he didn't expect the female ancestor to come.
It turns out that the female ancestor had long discovered that she was in the dark.
fear! ! !
Looking at the female ancestor and Levilia's other masters, Levi Garrison was horrified.
These ancestors are too strong, right?
I don't know what level the master is?
Is it equal to them or above them?
In this regard, Levi Garrison was very curious.
"You are very good! But Levilia, you can't take it away! We have the final say when she leaves!"
said the female ancestor domineeringly.
Levi Garrison smiled, "Senior, I didn't plan to take Levilia away, Levilia is the safest here! I don't worry!"
The
female ancestor nodded approvingly, "Is a smart person! Unlike those people!"
Levi Garrison hesitated. ,
Said , "Senior, I have a request!" "Say!"
The Return of the God of War [The Protector] Chapter 2174
Can my mother stay here, take care of Levilia's daily life, and be with Levilia!"
Levi Garrison said.
Levilia is too lonely alone, and his mother is also lonely outside, and there is danger.
It's better to take care of Levilia here and kill two birds with one stone.
"Okay, no problem! Little things!" The

female ancestor agreed.
Levilia and Emma both smiled.
“Grandma can accompany me every day, I hope my parents will also accompany Levilia…”
Levilia looked at Levi Garrison eagerly.
“Levilia don’t worry, when Dad finishes his work, he will definitely come back to accompany you! And
bring mom and grandma to all of them!”
Levi Garrison promised.
Levilia immediately smiled: “Daddy is sure, but you can’t lie to Levilia!”
…
Levi Garrison didn’t stay long in Tiance Mansion, and he was about to leave soon.
After all, he is not an insider of Tiance Mansion.
Can’t stay for too long.
Finally, Levi Garrison left with Huoyun Cthulhu.
“No one can touch the two of them!”
This was an order from the female ancestor herself.
Wait until the two are far away.
A voice came from the Tianji Pavilion.
“Heaven is really going to change this time! This little guy will disturb the situation!”
“His identity is revealed, everyone can’t sit still! It’s wonderful!”
“I don’t know if we can bear it… “
The little guy in their mouth is not Levilia, but Levi Garrison.
Soon the tiger head god will wait for the four gods to be summoned in front of the Tianji Pavilion attic.
…
“We have to prepare early! The handsome man is still in retreat! Even I can’t detect where he is!”
” I have to find a person to preside over the overall situation!”
The old man in the Tianji Pavilion quickly explained the matter. And requested that Tiance Mansion
needs a person to preside over the overall situation.
The tiger head god general immediately said: “The god commander is not there, in fact, there are
several big god generals who can preside over the overall situation. But the dragon head god general
and several people are also retreating! But I have a personal choice-the son of the god commander-the
young commander of the sky can barely be able to do so.

Take it !" "He should be in the depths of the Northern Icefield at this moment? Let him go out!" A
voice came from inside.
"Yes! Where is he going to retreat for thirty years! It is still three years away!"
"Let him leave early! Come back to preside over the overall situation!"
"Understand!"
"There are also gods and other masters who can be contacted. Something big is about to happen! It's
even a matter of life and death!"
Hearing the words of the predecessors of Tianji Pavilion, several great gods would be shocked in a cold
sweat.
What exactly is going to happen.
How about making such a big move? ? ?
To put it bluntly, the current Tiance Mansion is actually a bit imaginary.
In addition to the four great generals and some masters.
The rest of the strong are either in retreat, or can't meet at all and don't know where they are.
But as soon as the Tianji Pavilion's order came out, it was to return all the strong.
This is a big move.
...
Levi Garrison couldn't even think of it himself, just because he came to Tiance Mansion once would
cause such a big event.
But this is just the beginning.
There is a chain reaction everywhere.
He was on the way to find the Bible organization with Huoyun Cthulhu.
He didn't know that a series of
things had happened.
somewhere.
"The order of the gods has appeared! Someone has used the taboo technique! We have to do it too!
Obliterate everything!" The
trouble is coming!
Here comes the real trouble!
Levi Garrison is in big trouble after using the taboo.
This is also the reason why the master did not allow Levi Garrison to use the taboo technique as a last
resort.
Once used, they come.

Levi Garrison faces a greater crisis!
At this moment, the Great Clown appeared in the tomb area on the outskirts of the Sunburst Empire in
Western Continent.
Eerie and infiltrating.
Even if the sun is in the sky.
It's also scary.
After the great clown arrived, he even excavated in this tomb area.
He dug up almost several tombs the size of a football field.
He is still digging deep.
I don't know what I'm looking for…
The Return of the God of War [The Protector] Chapter 2175
This is the task that the man in suit gave to the clown emperor. After receiving it, he rushed here nonstop.
After some searching, the position was finally locked.
Dig here.
Soon the great clown emptied the entire tomb area.
All collapsed directly.
But I haven't found what the clown emperor wants.
The clown emperor digs deeper and has been digging to a depth of hundreds of meters.
It was getting more and more gloomy inside, and a horrible breath was spreading.
What is even more bizarre is that when the bright sun is in the sky, it suddenly turns into a cloudy sky
with dark clouds.
From a distance, the cloud seemed to be stained with a strange red.
It's like blood.
Creepy and horrible!
Lightning rages from time to time.
But it just doesn't rain.
The bloody clouds cover the sky and the sun…
If it is according to Erudia folklore, it is an ominous omen.
There are absolutely bad things happening.
Facts have proved that this is indeed the case.
What the clown emperor did was not a good thing at all.
What he was looking for was originally a murderous thing!
When the excavation was nearly 200 meters, the underground turned out to be a small palace.
The temperature here is unimaginable.
Ordinary people have long been frozen into popsicles when they entered.
The breath here is terrifying to the extreme…

A bloodthirsty breath that soars to the sky permeates…
If it is released, it will definitely burst and cover.
There is nothing in the little palace.
Only a metal coffin is placed in the center.
This coffin is engraved with ancient text symbols, which is extremely strange.
Even though it is dilapidated and covered with dust a long time ago, it presents a kind of extreme
danger.
Even if the Great Clown faced this coffin, he was a little bit scared in his heart.
He took a deep breath!
"This??"
When the clown emperor wanted to lift the coffin easily, his face changed drastically.
Because this metal coffin is unbelievably heavy.
Originally made of metal, the clown had already estimated that it was very heavy.
But the weight now is more than ten times that of this metal.
Where does this weight come from?
From what's in the coffin.
what exactly is it?
Will it be so heavy?
Unimaginable weight beyond common sense!
However, despite the weight of the metal coffin, the clown emperor finally carried it out abruptly.
After all, the Great Clown is a super power!
When the onlookers watched the Great Clown come out with a coffin, everyone was terrified.
They fled one after another… But what
no one noticed was that the gaseous matter emitted from the metal coffin was absorbed by everyone
around.
At the same time, the breath of these people was absorbed by the coffin.
The breath of the two parties seemed to be exchanged.
It's just that one person is one person, and the other is the coffin.
After a minute, these people began to change.
Their faces were pained, their complexions grim, and their veins violent.
Everyone was struggling with their faces under their covers.
Soon they were pale and black, and they felt like a corpse.
In the end, blood flowed out from the eyes, nose and mouth, one by one fell down, and all died

suddenly.
Blood stains appeared on his body, as if it had been corroded by burning.
The method of death was tragic and weird.
Everyone around was not spared.
All dead.
The most important thing is that the surrounding animals also died, the same way of death.
The great clown passed by carrying the coffin all the way, and people around him died in large areas.
He didn't do anything, it caused such a big lethality.
unimaginable.
But when he arrived at the designated place, he put the coffin in a car.
The great clown drove to the port.
After arriving at the port, the coffin was quietly loaded in a cruise ship.
This cruise ship is not a cargo ship.
It is a cruise ship on a popular tourist route.
The above is full of tourists from all over the world.
I don't know where the Great Clown is going to transport the coffin… The most important thing is that the Great Clown is not on a cruise ship…
The people on the cruise ship don't even know what will happen…
The Return of the God of War [The Protector] Chapter 2176
The great clown did not leave the empire that the sun never sets.
Instead, he came to an old abandoned castle.
The castle was full of weeds, and crows stood on the bare branches.
The crow made a harsh sound, which made people feel flustered and terrified.
When the clown emperor stepped into the abandoned castle, countless bats flew out all over the sky.
At this moment, a blood moon hung in the air.
The blood moon seemed to be dripping blood.
Everything seems unusual.
Soon after, the clown emperor came out of the castle carrying a metal coffin.
It is basically the same as the previous one.
This time, the Great Clown transported the coffin to the airport.
Then he left again.
Go to an experimental base.
To be precise, it is a place guarded by countless ancient strong men.
After the great clown arrived, he started to kill.
Kill from start to finish.
Massacre the entire base.
It turned out that this experimental base was guarding a metal coffin.

However, unlike the previous two, this coffin was connected to a tube and directly connected to the
coffin.
They are experimenting with the contents of the coffin.
But in the end he was taken away by the clown.
This coffin was sent directly to Golden Harbor Island in Erudia as a cargo.
The great clown did not stop.
He finally came to the northernmost area of Western Continent, where there are ice and snow, and ice
fields everywhere.
He found another metal coffin deep in an ice field.
He carried the metal coffin and left step by step.
Finally, the metal coffin was thrown in the heart of the empire that never sets.
After doing all this, the Great Clown smiled: "Everything is under the control of the Lab of the Gods!
Destroy it!!!" Then
he left contentedly.
Completed the task assigned to him by the man in the suit.
God knows what kind of disaster these four coffins will bring… The cruise ship is sailing from the Empire of the Sun to the Kangaroo Country in the South.
This way will dock in many countries and regions.
After all, this is a tourist route.
The coffin was loaded in the cargo hold.
Soon after, several crew members came to check the cargo and check for leaks.
As soon as they entered the cabin, several crew members felt the eerie atmosphere and the extreme
temperature.
"This…this is summer…"
Everyone couldn't help but shiver.
But they still count the goods.
"Boom boom boom…"
But at this time there was a dull noise in a place, and something was shaking vigorously.
Several people gathered together, their eyes locked on a huge wooden box.
It was shaking here.
"What's in it? Is there a living thing?"
"And this box is not ours, right? I don't remember it!"
…

Everyone was puzzled.
The bottom of my heart became more and more flustered.
“Go and open it!”
Several people pulled out their weapons, and one of them slowly stepped forward and tried to open the
wooden box.
“Kacha!”
As the wooden box opened, a metal coffin was exposed in front of everyone.
Everyone was shocked.
When did a coffin appear here?
How is this going?
Everyone was frightened and sweated.
“Is it moving just now?”
Someone asked a terrifying question.
“This…”
“Immediately notify the captain and tell him the situation here!”
Everyone was about to leave.
At this moment, the metal coffin suddenly burst into a terrible suction.
All seven or eight crew members were sucked away.
“Papa, papa, papa…”
Seven or eight people were attracted to the metal coffin.
“Ah!!!”
…
They let out a scream. Their bodies quickly shriveled.
The blood was all absorbed by the coffin.
In the end, seven or eight mummified corpses fell to the ground, and their deaths were terrible, and the
blood was sucked up.
“Boom…” The
coffin shook very badly.
The symbol above turned out to be dazzling after being injected with blood.
“Kacha!!!”
Finally, the coffin burst open…
The Return of the God of War [The Protector] Chapter 2177
The huge movement caused the entire cruise ship to shake.
Almost overturned!
The tourists on the cruise ship screamed.
“What’s the situation?” The
captain and crew panicked.
Although sailing on the sea, the sea is calm and there are no small waves.

How could there be such a big shaking?
"It seems that there is something wrong with the cargo compartment. Several colleagues have lost
contact…"
"Go and see what's going on?"
…
But dozens of people who went to inquire about the situation never came back, and there was no
feedback.
The captain and others panicked.
"Quick! Seal the cargo hold!!!" The
captain has rich experience, knowing that something is wrong with the cargo hold, and wants to seal the
cargo hold immediately.
He led everyone to the cargo hold entrance.
At this time, a big smell of blood came.
It made everyone almost vomiting.
Just when the cabin was about to be sealed, something suddenly came out…
"Ah!!!" The
captain and the others screamed hysterically.
They seemed to see something terrifying.
"Ahhhhh!!!"
Then they kept screaming.
But this time the scream was not because of shock, but because of death…
Soon everyone who saw the contents of the coffin died.
The tourists are still trembling, they are waiting for the explanation given by the cruise ship.
What the hell was the shaking just now.
But in the end, he didn't wait for an explanation, and waited for his death.
Something terrifying appeared in front of them, and a cruise ship tourist was frightened and fleeing
everywhere.
But the last one is not left.
All turned into
corpses … Finally, the cruise ship carried the corpses to a small island in the southern continent…The
sun never sets at an international airport in the Empire.
In the aisles for baggage consignment.
A coffin appeared.
Everyone was surprised to find that they couldn't lift it at all, as if there were hundreds of tons.

I want to throw the coffin away, but I can't lift it.
But soon these staff members fell to the ground one by one, becoming mummified corpses.
Everyone didn't know what was going on…
The people who came to inquire about the situation soon died one by one.
……It
was a small piece at first, and then spread rapidly.
The more deaths, the more.
Finally, the metal coffin burst.
The scary creature inside came out…
He rushed into the airport, and countless people fell.
More deaths are spreading.
This place has become a purgatory on earth
…
There is also a coffin placed in the central area of the sun never set empire, which also exploded after a
period of time.
The contents also ran out.
Just right in the center, there are many people.
Massacres continue…
death.
Death is everywhere.
The sun never sets the empire has no idea what happened.
Still checking what is going on… I
don't know what the Great Clown brought out.
It's horrible.
When the cruise ship docked at the port of the small island according to the pre-set route, someone was
still greeted in advance.
They couldn't contact the cruise ship in the first place.
As soon as the cruise ship docked, they immediately checked the cruise ship.
But this check was shocked.
The full cruise ship is all
corpses … the corpses whose blood has been sucked up.
too terrifying!
But what they didn't know was that the nightmare had just come!
"Run! Run!"
Someone was alert and wanted to run ahead.
But in the next second, a terrifying breath came to his face.
"Ah!!!"
Then there was a scream.

Finally, the creatures in the coffin disembarked and landed on the island.
The result can be imagined.
There is no living mouth.
The whole island is reduced to hell.
There have been countless casualties…the
method of death is tragic, and they are all the same.
They all turned into mummies…
but some survivors fled immediately in a cruise ship.
What I don't know is that the terrorist creatures have also followed…
On the other side, Erudia Jingang Island.
The sky is gray.
This is dawn.
The goods sent by the empire that the sun never sets have arrived…
The Return of the God of War [The Protector] Chapter 2178
This shipment belongs to the gambling king's clan.
People from the family of gambling kings now receive goods at the port.
The cargo ships are all sealed, so there is no abnormality on the ships.
And because the goods are all ore and the like, the weight is very heavy.
So there is no doubt.
It's just heavier than the conventional one.
"Shipping back!!!"
Under the command, the goods were shipped back one by one.
For the time being, no clues were revealed.
Everything seems normal.
However, even though the news of the disaster that happened in the
empire that never sets, the news
was blocked again and again, it gradually spread.
After Levi Garrison and Huoyun Cthulhu left Tiance Mansion, they
wanted to go to the Bible organization
to find Zoey.
This time even the Huoyun Evil God shook his head.
Because I don't know where the Bible organization is.
"How can this be good?"
Huoyun Cthulhu bluntly said that the degree of mystery of the Bible
organization may be no less than
that of the Gods Lab.
"I have a way!"
Levi Garrison smiled.
The Fire Cloud Cthulhu immediately looked over.
"The Bible organization has always wanted me to join them. If the news
that I am alive is released, they
will definitely come to my door!"

Levi Garrison said.
“Yes, we don’t need to look for it ourselves, they will deliver it to the door personally!”
Huo Yun Cthulhu nodded.
What we need to do now is to let the Bible Organization know that Levi Garrison is still alive!
This matter was done by the Huoyun Cthulhu.
He wants to release news to the Bible organization through the dark web to let them know that Levi
Garrison is still alive.
I have to say that the dark web is a magical existence.
So far, no one knows who is behind the dark web?
And the dark web knows everything…
So Huoyun Cthulhu can directly send news to the Bible organization, and no one else knows.
“Mister is done!”
“But I just got news that an unknown creature has attacked the Empire in the sun never set, causing
disasters! There are countless casualties! I don’t know what it is…”
“It seems that there is news that it was installed in ancient Something in the coffin appeared…”
…
If it was before, Levi Garrison might be very curious about it.
But nothing is strange in the current era.
Especially the emergence of a group of ancient racial forces, there is no secret at all.
Levi Garrison didn’t care much either, and sighed: “I just hope it wasn’t because of the problems caused
by the
use of Taboo …” But he understood that it would be very difficult after using Taboo.
This is why he hurried to find Zoey.
It’s best to send everyone related to him to Tiance Mansion.
This way he will have no worries.
“For his affairs, those ancient races know more! After all, I and them are not of the same era! I don’t
know what will happen… But as long as the husband gives an order, I am willing to go through fire and
water!”
Huoyun evil god gave Levi Garrison Express your stance.
“Okay!”

“Now I’m waiting for the Bible organization to come and find me! Where would it be better to go? How
about Golden Harbor Island!”
Levi Garrison decided to wait for the Bible organization to come on Golden Harbor Island.
After all, Golden Harbor Island is a bit cleaner.
Inside Erudia, it may cause unnecessary trouble.
now.
Located in a processing factory of the King of Gambling Family.
This ore material was shipped.
Soon the workers opened the sealed package, revealing large wooden boxes.
“Boom!”
A terrifying and cold breath came to his face.
Everyone couldn’t help but shudder.
But everyone didn’t care.
Remove all the outer wooden boxes.
The other boxes are normal.
Suddenly someone shouted: “Quick! Look here!”
Because the wooden box fell off, the metal coffin was exposed.
Everyone was shocked to see the metal coffin.
The processing plant
immediately notified the person in charge of the gambling king family…
After the metal coffin was
exposed, there was an abnormal movement…
Everyone still didn’t know what was going on, someone wanted to take it away…
The Return of the God of War [The Protector] Chapter 2179
By the time the head of the gambling clan arrived here, the processing plant was already full of corpses.
But there is no trace of fighting…
These people have no blood, and they have become corpses.
too terrifying!
A coffin was placed in the field.
This surprised everyone.
“Stay away, there is a problem with the coffin! Immediately notify the gambler…”
These people reacted quickly.
But it’s still slow.
They inhaled the gas leaking from the coffin.
Soon there was a corresponding change.
To the final death.

The processing plant is reduced to hell…
But fortunately, the processing plants of the gambling kings are all automated production, with very few
people.
Otherwise, something big will definitely happen!
The gambling king and He Qingxue also came as soon as they received the news.
The monitoring in the processing plant was also called.
After seeing the strange death, everyone was dumbfounded.
coffin!
There is a problem with the coffin!
They suddenly thought of what happened in the empire that the sun never sets.
It seems to be because of the metal coffin!
Now the metal coffin has appeared on Golden Harbor Island…
"Grandpa, look!!!!"
He Qingxue suddenly exclaimed.
Because the metal coffin moved and shook sharply during the surveillance, the contents inside seemed
to break free.
"Bang!" The
coffin was torn apart in an explosion.
The stuff inside came out! ! !
"Buzzing…"
"Zizizi…" But at
this time, there was a sound of electric current burning.
Snow flakes appeared on the monitoring screen, which was blurred.
"Pop!" In
the end, it turned black directly.
I can't see anything…
"No, the circuit in the processing plant is burned out! I don't know why…" At
this time, the news came and everyone was shocked.
The circuit is broken?
"It must have something to do with the things in the coffin! It may have affected the magnetic field and
current…"
"Is there any news from the empire where the sun never sets? What is it?" The
gambling king was anxious.
"No, the sun never sets the empire to block the news! Resolutely not let you tell what it is…" The

gambling king sighed: "Immediately summon all the masters of Golden Harbor Island, including Kyushu
Xuanzun! Hurry, hurry! This may be Golden Harbor. The disaster on the island!"
"We want to stop!!!"
... For
a while, all the masters of Golden Harbor Island gathered in the processing plant.
They are determined not to let anything happen to Golden Harbor Island!
No matter what is in the coffin, it is locked in the processing plant.
Don't let the contents cause disaster.
The gamblers are still very active.
All the people around the processing were evacuated for the first time…
and even no creatures could be seen within ten miles.
The next step is for them to solve the things inside.
The news of the appearance of the metal coffin also spread to Tiance Mansion Messiah and the others
for the first time.
The guardians stationed on Golden Harbor Island also rushed to help them.
Messiah and Tiance Mansion attached great importance to this.
While blocking the news, directly dispatched masters.
Tiance Mansion is now different from before.
Don't worry about issues such as revealing the hole cards.
Those who came were all direct disciples of the four great generals, extremely strong.
Golden Harbor Island became the site of the outbreak.
Levi Garrison and Huoyun Evil God are also coming to Golden Port Island.
After receiving the news that Levi Garrison was still alive, the Bible organization once again sent the
eighteen dark angels to Golden Harbor Island.
They are bound to take Levi Garrison back this time.
All of a sudden, the little Golden Harbor Island will have such a big wave.
the other side.
The clown emperor has returned to the laboratory of the gods.
The man in the suit smiled and said, "It's done well!"
"The three places have received feedback! The empire can't control the sun before setting!"
"Is there any news on Golden Harbor Island?" said the
clown.

“Just got the news that Erudia has blocked the Golden Harbor Island! It is estimated that something has
happened! Next we only need to watch a good show…Hahaha…” The man in the suit laughed.
The Return of the God of War [The Protector] Chapter 2180
Aren’t so many ancient races
showing up? I’ll let them all out to see!” The man in the suit showed a sinister smile.
It seemed that everything was under his control.
The clown emperor smiled, and the front of the conversation turned: “By the way, what happened to
Lucifer?”
“There is nothing that can’t be saved in his hands! Lucifer is about to change when he comes alive this
time!” The
man in the suit smiled.
The clown emperor sighed: “As expected of the scariest doctor! The design has participated in countless
renovation plans!”
“Haha, Levi Garrison is dead! Want to die together? How could it be!” The
man in the suit smiled: “Yes, they saw It’s just the tip of the iceberg!” The Great Clown also admired: “I didn’t expect that you even knew their whereabouts!”
“You still want to fight us! They don’t even know what we control…”
“That’s it. No one can stop the four coffins! I am looking forward to what will happen on Golden Harbor
Island now!”
…
Golden Harbor Island processing plant.
All the powerhouses of Golden Harbor Island gathered in the periphery.
People including Xuanzun Kyushu are here.
After all, it is about the survival of Golden Harbor Island.
According to the major event that happened in the empire before the sun never sets, that is the
catastrophe of extinction.
Everyone hopes that Golden Harbor Island is safe and secure.
All the strong men who can be named are here.
In addition to the guardians arranged by the Yanlong Guard of Tiance Mansion, everyone felt that the
power was enough.

The gambling king and Kyushu Xuanzun and other big guys began to command: "Some people stay
outside! One person goes in together!"
"Everyone gather together! Don't be scattered! Let's go in together!"
Under the leadership of Xuanzun Kyushu and other powerful people, hundreds of people entered
together.
Thousands of people remained outside.
…The
whole processing plant has a problem with the circuit, and now it's dark and silent.
As soon as he entered, a pungent bloody smell came to his face.
Everyone was a little panicked.
I don't know why, this darkness gives everyone an inexplicable fear.
People always fear the unknown.
What's more, everyone knows that there is absolutely something terrifying in it.
It is impossible not to be afraid!
Quiet!
Quiet is a bit too much!
The magic masters of Xuanzun Kyushu carefully felt the breath.
But nothing was noticed… The
entire processing plant seemed to have no living creatures…
"Go ahead!"
Everyone continued to go deep and soon came to the interior of the processing plant.
It was very close to the place where the coffin was placed before.
Along the way, no one found anything.
It seems that there is no danger.
But the more so, the less everyone dare to take it lightly.
Everyone is extremely nervous, even the martial arts masters are also sweating coldly.
The unknown great horror is too scary.
If it is general, it is easy to deal with.
Then the empire had already dealt with it if the sun didn't set.
How about blocking all news so far…
"Everyone should be cautious, I feel like I'm around, maybe we have been targeted!"
Xuanzun Kyushu reminded.
His whole body is tense.
…At

this time, the people guarding the outside of the processing plant suddenly found out.
“Look at it!!!” When
everyone heard the voice, they looked in midair.
It’s almost bright tomorrow.
But it turned black.
I don’t know when it’s dark.
Everyone even saw the blood moon hanging in the sky, as if dripping blood.
This, this…
Everyone was taken aback by the abnormal scene in front of us.
Something is about to happen…
“Everyone is careful, there may be
something wrong!” “Hurry up and remind the gambling king what happened here!”
… At
this time, Xuanzun Kyushu led everyone into the place where the coffin was placed not long ago.
“All cheer up!”
Kyushu Xuanzun reminded.
fear!
Everyone feels fear!
And the temperature here dropped suddenly, everyone couldn’t help but shudder.
The Return of the God of War [The Protector] Chapter 2181
“Ah!!!”
Just when everyone’s nerves were strained to the extreme, a scream suddenly sounded.
“Puff!”
Then blood spattered.
Many people were sprayed with hot blood.
At this moment, everyone was terrified.
Including Kyushu Xuanzun and his ilk.
“Ah!!!”
…
Without waiting for any response from everyone, another scream rang out.
Blood splattered.
…
“Open!!!” The
Gambler shouted.
“Pop!”
“Pop!”

…
They quickly turned on the lighting equipment, and the processing plant was all lit up for a while.
Not letting go of every corner.
Everything can be seen clearly now!
I also saw clearly what was coming out of the coffin…
"Boom!!!"
After seeing it clearly, everyone's scalp was numb, and their heads were about to explode.
what is this?
A figure in front of him was tall and straight.
"Ho Ho Ho…" He
let out a low beast-like roar.
Every breath has a pungent smell of blood…
Everyone finally sees the full picture of the terrifying creatures in the coffin!
Human body shape!
It's just that there are blood scars all over the body, especially the crisscross scars on the face, plus the
hair.
Looks terrifying like a beast!
Especially the corners of his mouth are full of blood, which is even more terrifying!
"Is this a human?"
Everyone was scared and sweating profusely.
Say no.
It's all human characteristics!
It can be said that it is, like wild beasts, it also sucks human blood.
What is this existence?
No matter what kind of creature it is, it presents the ultimate threat to everyone at this moment.
Even Xuanzun Kyushu was also afraid.
The one in front of you seemed to be like a demon!
"What the hell is this??"
Everyone was very curious.
After carefully distinguishing, the gambling king couldn't help saying, "I'm afraid this is not the legendary
Western blood family? That very ancient race!"
"What? Western blood family??"
After hearing the crowd, their faces changed drastically.
Ancient mysterious race.

Many people have only heard of legends and records, but have never seen them.
What's in front of you? ? ?
It's too late for everyone to think.
The terrifying alien in front of him has already started killing.
In front of him, people kept falling, being torn apart, and blood being sucked dry.
His speed is too fast for everyone to react.
If he hadn't killed directly by sucking blood, I'm afraid the loss would have been even greater.
…
"Everyone, take it with me!"
Kyushu Xuanzun was anxious.
Quickly shot.
Other masters also followed Kyushu Xuanzun's efforts, and all kinds of attack methods came out!
"Boom boom boom…" But
soon everyone discovered that no matter how powerful the attack means, hitting this terrifying alien
would not have any effect at all.
His body is unimaginably strong.
Xuanzun, as strong as Kyushu, couldn't hurt the terrifying aliens at all, and even said that he wouldn't be
able to move him at all.
This…
everyone was terrified by the terrifying aliens in front of them.
Is this physique too strong? ? ?
The gambling king became more sure of his identity.
This alien physique is unprecedentedly strong.
Kyushu Xuanzun's frantic attack completely angered the terrifying aliens.
"Roar!"
He roared in a low voice.
Unmatched adsorption power burst out on his body.
"
Puff !" "Puff!"
…
Many people cracked their bodies directly, and the blood was sucked away by the volley.
Soon one after another corpses fell to the ground.
The blood was sucked away directly.
Who has seen this method? ? ?
Everyone started to frighten…

this is no ordinary person.
They are all martial artists, masters of spells.
There is no power to fight back in front of the terrifying aliens.
Fall down one by one.
All turned into corpses.
Realizing that it's not good, it's too late.
It is basically impossible to evacuate.
"I'll stop him! You withdraw!"
Xuanzun Kyushu was about to fight to the death .
The others evacuated quickly. Can't stop this terrifying alien…
The Return of the God of War [The Protector] Chapter 2182
"Come on, beast!"
Kyushu Xuanzun was desperately determined.
He wanted to die with the similarities in front of him!
"Boom!"
"Boom!"
…
Kyushu Xuanzun's various spells!
Punch out all your strongest tricks!
Swearing to fight to the end with this alien…
A big battle continues…
Soon blood stains were added to the glass of the processing plant.
Kyushu Xuanzun couldn't stop it at all.
He died in battle!
…The
gambling king and the others have fled outside, but everyone's faces are pale and their nerves are tense.
What I saw today was enough to subvert their imagination.
The people outside immediately asked, "What's wrong? What's the matter?"
Everyone was in shock, just about to explain.
The apprentices of Xuanzun Kyushu made a sad voice.
"Master!!!"
Kyushu Xuanzun died in battle!
Everyone was dumbfounded now.
At present, Kyushu Xuanzun of Golden Port Island is still the top combat power.
He is dead.
How do other people play?
"This…" The
guardians were also panicked.

“The powerhouses of Tiance Mansion are already on their way, but there is not enough time… Maybe
they haven’t arrived yet, and Golden Port Island will become a hell!”
Everyone felt a sense of desperation and powerlessness.
“So we still have to rely on ourselves!!!” The
gambling king immediately ordered “Blow up here! Raised to the ground, I don’t believe it!”
Before coming, the gambling king had someone set up a detonating device here.
Detonate now!
“Boom…”
In the skyrocketing flames, the whole building collapsed and was razed to the ground.
A mushroom cloud rose up in the sky!
Amazing power!
All the masters are also forced to retreat abruptly!
Not only that.
This destruction explosion even shakes the entire Golden Harbor Island.
There are earthquake-like effects everywhere.
This explosion is terrible!
This was purchased from the Blackwater Company by the gambling clan, which is the Lab of the Gods.
It’s even to look at the cards!
At the time of purchase, the Blackwater Company introduced the power of this kind of thing.
As long as the gambling king’s dosage is enough, it will be instantaneous to blow up the Golden Port
Island.
The power is terrifying!
Specially for super-physical and super-hard materials.
To put it bluntly, powerful warriors and magic masters are going to die.
Under this kind of power, no matter what can be blown up.
Everyone breathed a sigh of relief.
Everyone’s complexion has also eased a lot.
But the next second, something was flashing in the thick smoke.
Everyone’s nerves tightened again.
Thousands of eyes stared at the dense fog!
I saw the dense fog gradually dispersed. A tall figure came out from inside.
He let out an angry roar, and a pair of blood-colored beast eyes stared at the Gambler and them.
fine!

He has nothing to do!
This degree of explosion did not hurt him at all.
What is his physique level?
Unheard of!
"This, this…"
Everyone was scared to cry.
Isn't it horrible?
The masters guarding the outside in front also saw clearly what this thing looked like.
shudder.
…
"Boom!"
Before everyone reacted, the blood alien disappeared, leaving a faint afterimage.
He was already in the crowd when he reappeared.
Start killing.
"Puff!"
…
"Uh!!!"
Blood splashed, and screams broke out.
This is exactly a killing machine.
All of a sudden, the crowd scattered, and the army was defeated.
*What the f*ck is this monster?*
There is no way at all.
Hit him, let alone hurt, this thing doesn't even hurt.
…In
an instant, hundreds of people fell and died tragically.
Many were directly sucked up blood.
"
Evacuate ! We can't stop it!" Someone wanted to evacuate immediately.
The gambling kings immediately stopped "No, if we withdraw! This thing will definitely enter the center!
At that time ordinary people will suffer! We must stop them!" "Yes, we have to stop him!"
The Return of the God of War [The Protector] Chapter 2183
Everyone knows what it means once it reaches a crowded place.
That is fall.
Become hell.
Isn't the sun not setting the empire like this?
This thing appeared in the center and the airport.
It became a disaster.
That's right.

The sun never sets the empire is now reduced to hell.
When the coffin was opened, the contents ran out.
Countless people were killed and injured.
Become a disaster.
One is already a headache.
Now the sun never sets, two empires have appeared.
It is simply a disaster in a disaster.
The sun never sets, the empire immediately dispatched countless warriors, super-powers, wizards, and
other powerhouses.
Even the Unsettling Excalibur Bureau, which is comparable to the Sky Shield Bureau of the Kingdom of
Warhawks, also dispatched the strong to encircle and suppress.
But go to one to die, go to a pair of deaths.
I can't stop it at all!
All tactics have been exhausted.
It is impossible to hold these two outliers at all.
Now the city has completely fallen.
In order to prevent the situation from expanding, the empire immediately blocked the news.
They are still investigating what this is?
Where did it come from?
…
There is also a cruise ship in the ocean at this moment.
When there were survivors on the island fled to the cruise ship, I didn't expect that thing followed.
Now the cruise ship is floating on the sea, I don't know where the destination is…
Once docked, it must be a disaster.
Especially relying on places with a lot of people, it is a terrible disaster.
……
Here is the Lab of the Gods.
Basically receive messages in real time.
Even if the sun does not set, the empire is blocked.
They also know.
"Now the Excalibur Bureau already knows what this is!"
" It is estimated that they will go and negotiate with them! The crisis of the sun will be resolved soon!"
The
man in the suit smiled.
Immediately, he changed his words and said, "As for Erudia, they estimate it will take a while!" The

clown hesitated for a long time and asked a question, "Does this thing end like this?" The
man in the suit shook his head, "No, no, no, no. That's easy! Wait and see!"
"Yes, let's see, where is the other one?"
"The direction is right again, heading to the Kangaroo Country in Southern Continent!"
"Hahahaha…" The
man in the suit smiled.
The clown emperor asked, "You said that the imperial organization will not take revenge? After all, I
snatched one from them!"
It turned out that the clown emperor was slaughtered at the secret base, and the coffin he brought out
was organized by the emperor.
For a long time, the imperial organization has been experimenting with the sleeping blood in the coffin.
This is one of their secrets.
Unexpectedly, he was familiar with the laboratory of the gods.
They also sent someone to snatch the coffin directly.
"It's possible! They will soon suspect us! But I have a way! Don't worry!" The
man in the suit held his winning ticket.
…The
sun never sets, the Excalibur Game is indeed as the man in the suit said.
They are looking for the same kind of blood to negotiate with these two aliens.
As the most powerful organization that never sets.
The Excalibur Bureau is the same as Erudia's Tiance Mansion.
They also have many secrets.
Such as the legendary blood family.
As well as other ancient races and aliens, they are all related.
Experiments are of course indispensable.
What they are doing now is to take the imprisoned blood race over, negotiate with the two, and make
them stop… The
Excalibur Bureau can quickly find out.
It is because this thing was active in areas where the sun never sets when it was old.
Not only did they keep records, they also arrested their kind.
But Erudia is different.
This thing came out in a daze.

No one knows what's going on on Golden Harbor Island.
Only after seeing it with my own eyes can I have some clues.
now.
Gamblers, they are facing the biggest crisis in history.
too strong!
The guy in front of him couldn't move at all.
He violently tore one person after another.
Hundreds of people are gone again… The rest is almost desperate.
The Return of the God of War [The Protector] Chapter 2184
Everyone knows that the army will soon be wiped out.
No one will be left.
This feeling of waiting for death is really uncomfortable.
The reinforcements are clearly here.
But time is not enough!
During the battle, everyone discovered that this terrifying alien was getting stronger and stronger.
After he sucked enough blood, his blood became stronger and his killing intent became stronger.
It felt like he hadn't fully awakened at first.
It takes enough blood to fully awaken.
Now everyone feels that he is a little awakened.
However, not awakening is so terrible.
If it is fully awakened, it will be unimaginable.
…
Levi Garrison and Huoyun Cthulhu arrived at Golden Harbor Island.
But because the two were on their way.
Coupled with Erudia's blockade of news, I don't know what happened on Golden Harbor Island.
But as soon as they got on the island, the two noticed something unusual.
"Something's wrong! Something seems to have happened!"
Huo Yun evil god said.
Levi Garrison frowned even more. "It seems that I feel an extremely terrifying existence… It's a bit like
me who has activated the forbidden killing technique…"
Levi Garrison sensed an extremely murderous existence.
He is very similar to the forbidden killing technique.
So his feeling is more obvious.
"Maybe something has happened! Hurry up and look for it!"
Levi Garrison and Huoyun Cthulhu immediately galloped.
…
The other side of Golden Harbor Island.
The eighteen dark angels of the Bible organization came together.

“Are you sure that Levi Garrison is on Golden Harbor Island, right?” the evil god asked.
“Yes! Yes! The exact news that I just got, Levi Garrison is indeed on Golden Harbor Island!”
“Okay, let’s go!”
“Huh?”
Soon the Eighteen Dark Angels also noticed the unusualness of Golden Harbor Island.
What a strong breath.
“Go, go and see! It should have something to do with Levi Garrison!”
…
near the processing plant.
The blood race is becoming more and more fierce.
While organizing a resistance, the gambling king gathered more people to come to support.
But the masters that can be summoned are actually cannon fodder.
There is no power to fight at all.
The purpose of coming is also very simple.
Just to delay time.
“Latest news!!!”
“The personal disciples of the four great generals of Tiance Mansion will arrive by flying vehicles, and
they will be there in one hour! We only need to last for this hour!” The guardians got the news, excitedly road.
But after hearing it for an hour, everyone looked desperate.
One hour! ! !
Just now so many strong people, including Xuanzun Kyushu, didn’t even hold on for ten minutes.
How can it be possible with people like them?
One hour is the same as death.
“Hold on! I must hold on! If you don’t hold on, ordinary people will die, and the entire Golden Harbor
Island will become a hell!”
The gambling kings are indeed fighting.
They tried every means to hold the monster.
This is a fierce battle.
Basically everyone knows that he will die and he is cannon fodder.
But most of them are reluctant to hesitate.
Because they know they are doing one thing-to protect the people who want to protect and protect!
Worth it if you die!
The corpses are everywhere…

heaped into hills.
Stumps and broken arms can be seen everywhere.
The blood drenched the earth.
But everyone just doesn't flinch.
"No! The gambling king wants to find a way! If this goes on, we will all have to light it up!"
"Yes! We are left with less than a hundred people! Sooner or later it will be finished!"
... the
rest will cry Out.
The gamblers are also anxious to die.
But now, there is really no way.
"Grandpa, I only hate that I am not strong enough…"
Even He Qingxue was participating in the battle.
"Hey!"
sighed voices.
...The number of
people is getting fewer and fewer.
Fifty.
Thirty.
Twenty.
... In the
end, only He Qingxue, the gambling king's team of less than ten people.
They all fell to the ground. Waiting for the slaughter of the blood race to come.
The Return of the God of War [The Protector] Chapter 2185
They tried their best to die to the last moment.
It's just a pity.
They only lasted more than twenty minutes.
It's not even an hour away.
Hate it!
I hate it!
Soon they will all be killed.
It doesn't matter if they die.
But when they die, Golden Harbor Island will fall.
Countless people will die because of this…
"Ah!!!"
He Qingxue shouted unwillingly.
"Boom!" The
blood race alien had appeared in front of He Qingxue and grabbed her.
He stared at He Qingxue.
Seems to be shocked by He Qingxue's stubbornness.

“Come on! I’m not afraid of you!” The
blood race’s alien eyes flushed, and he bit at He Qingxue.
“Boom!!!”
But at this moment, an unprecedented force blasted towards the alien species.
Bounce him abruptly.
He Qingxue was also released.
The sudden scene made everyone present dumbfounded.
What’s happening here? ? ?
When I watched it again, there were already two more people in the field.
One of them felt very familiar to everyone.
This…
isn’t this Levi Garrison?
“Ye…”
He Qingxue just about to exclaim.
But suddenly I felt something was wrong.
Isn’t Levi Garrison dead?
Although it was a suspended animation last time on Golden Harbor Island, he eventually died.
He can’t live.
But now it looks exactly the same.
Gambling kings, why not so.
But before he had time to inquire, the blood clan aliens over there let out an angry roar.
At this time everyone noticed that the blood alien was ejected just now.
This is unprecedented.
Before, they tried their best to keep this blood race alien from moving.
No matter how he attacked, he was as stable as a mountain.
But now he was ejected…
How strong are these two people?
Everyone seemed to be saved… The
blood race aliens stared at Levi Garrison and Huoyun Cthulhu.
He was ejected just now, and it is estimated that his face was greatly damaged.
The anger was extreme at this moment.
Levi Garrison and Huoyun Cthulhu stared at him, and Levi Garrison even asked, “Do you know what kind
of species this Lao Xie is?”
“If you guessed it correctly, it should be the blood of an ancient race in the West! But it doesn’t match
what I know. The same! Most of the blood clan members are handsome, so ugly is unheard of!”

Huo Yun Cthulhu Dao.
Everyone "...".
Is this crazy?
At this time, these two people even commented on the appearance of this blood race.
This is not taking him as a human being! ! !
"No! This is the blood clan! And it is the powerful blood ancestor in the blood clan!!!"
Another voice sounded.
Eighteen dark angels all appeared.
The eighteen people exuded a dangerous aura, so that the blood monsters were all taken aback, and
they turned their attention to the eighteen dark angels.
This surprised He Qingxue and the others.
Is there another strong person here?
Are they completely safe?
"Blood Ancestor?"
But when they heard the words of the dark angel, the gambling king and the Huoyun Cthulhu their
complexions changed drastically.
The blood ancestor is the most powerful existence in the ancient blood clan.
Legend has it that these blood races can live for thousands of years.
The physique is even more terrifying to the heavens.
But it can be seen from the place where the great clown brought these coffins out.
They have been hiding in those places for a long, long time.
It may be hundreds or even thousands of years.
Their appearance is a disaster.
"I didn't expect them to release the blood ancestors! There are already three blood ancestors already
known!" The
dark angel couldn't help saying.
Levi Garrison knew who they were talking about.
The Lab of the Gods!
They are really lingering!
Something frantic happened.
By now, everyone knows what keeps raging in the sun.
It is this thing in front of me.
Seeing everyone discussing, the blood ancestor felt that he had been ignored.
He became more and more angry. Finally, I caught sight of Levi Garrison!

The Return of the God of War [The Protector] Chapter 2186
After all, he knew that Levi Garrison had just knocked him off.
In addition, Levi Garrison has always ignored his existence.
So he killed Levi Garrison like crazy.
"Boom!!!" The
blood ancestor had extremely terrifying speed, and instantly appeared before Levi Garrison.
Grabbed him.
But this catch caught loneliness.
Only caught the air.
Because Levi Garrison avoided during the extreme operation.
This made the Scarlet Blood Ancestor's eyes suddenly widened, unbelievably full.
There are still people who can escape? ? ?
The same is true for others.
"Boom!"
Before the blood ancestor had time to think, Levi Garrison appeared behind him and kicked him out.
This is the second time the blood ancestor has been bombed out.
So shocked!
He Qingxue and the others were dumbfounded.
What kind of combat power is this?
But Levi Garrison was not happy at all.
Because he attacked twice, even though he was beaten out by the blood ancestor, it made him very
embarrassed.
But it's useless at all.
No injuries were caused to him.
Is this physique terrible?
The blood ancestor, who became angry and furious, killed Levi Garrison again and again.
However, Levi Garrison avoided it time and time again, and even fought back.
But no matter what trick Levi Garrison uses, the blood ancestor will not be injured.
Will only kill Levi Garrison even more angrily.
The blood ancestor went crazy, I don't know why the blood in Levi Garrison's body suddenly surged.
Feeling a terrible traction, blood is about to burst out.
The blood ancestor wanted to volley to suck out Levi Garrison's blood…
"Suck my blood? Dreaming! Mosquitoes can't do it, let alone you!"
Levi Garrison stepped forward abruptly.

The left hand pointed out.
It is the fingering to kill the pure energy body, which bases all the power on the burst of one point.
His right hand hit the blood ancestor's body one by one.
Contains multiple strengths in it!
This is a two-pronged approach!
"Boom!"
The outbreak based on a point was just about to begin, and it was abruptly disappeared.
As for the multiple strengths, it didn't break out at all.
Because the blood ancestor's physique can be said to be against the sky, the multiple strengths and the
burst fingering based on one point can't penetrate his body at all.
It is far from the effect of harm.
This is the power of blood ancestors.
Ignore all attacks.
However, Levi Garrison's strength also completely angered the blood ancestors.
He was really going crazy this time.
His eyes were red, as if blood was flowing.
Moreover, he is getting stronger and stronger.
Is gradually returning to his previous strength!
*"f*ck! This won't work!"*
Even Levi Garrison was stunned.
"Sir, let me help you!"
Huo Yun Cthulhu couldn't stand it anymore.
As for the eighteenth dark angels, they were watching the show nearby.
They will not take action in this situation.
The more embarrassed Levi Garrison, the better.
Seeing that the blood ancestor was about to attack Xiang Levi Garrison, Levi Garrison ran away
suddenly.
The blood ancestor immediately pursued it.
It's just that Levi Garrison ran in the direction of the Eighteen Dark Angels impartially.
They are still watching the theater.
Levi Garrison suddenly brought people over, and more than a dozen people were caught off guard.
Levi Garrison provoked discord together again.
Soon the Eighteen Dark Angels had no choice but to attack the blood ancestors.

The enraged blood ancestor can only fight desperately with the eighteen dark angels.
But Levi Garrison ran away instantly.
The eighteen dark angels wanted to retreat, but some of them were entangled.
Then I can only fight.
"Levi Garrison is here for your uncle!!!" The
Underworld God shouted and cursed.
Levi Garrison pitted them.
It is simply not human behavior.
They are all going crazy.
Levi Garrison smiled, he dodged aside, and took the injured He Qingxue away with Huoyun Cthulhu.
Levi Garrison was not ashamed of this.
Last time these guys also cheated themselves like this.
He also pit himself to death.
Not too much, right?
After setting up He Qingxue and the others, Levi Garrison and the others quickly returned.
Their purpose is to know the whereabouts of Zoey, so they have to go back to the theater. See if the
blood ancestors are great, or they are great.
The Return of the God of War [The Protector] Chapter 2187
The blood ancestor is really terrifying!
In the battle against the eighteenth dark angels, they did not lose sight of the wind.
But these eighteen people are also strong!
Can deal with blood ancestors without losing the wind!
After Levi Garrison and Huoyun Cthulhu came back, they watched the battle from the side.
The eighteen dark angels tickled with anger.
This bastard!
He was actually watching the battle!
"Aren't you coming to help? Now this is our common enemy!" The Underworld God and the others shouted angrily.
Levi Garrison and Huoyun Cthulhu had a leisurely look, "You guys fight first! I'll take a look!"
Levi Garrison was watching the show next to him, and he didn't even want to help.
Eighteen dark angels jumped with anger, but they couldn't help it.
There are too many of them to break away from the blood ancestors.
There must be a concerted effort!

As for Levi Garrison, they were certainly not watching the show, they were looking for the weakness of
their blood ancestors.
After looking around, it was concluded that there is no weakness.
There is no weakness at all.
The physique of the blood ancestor can be said to be immortal.
Similar to the pure energy body some time ago.
It's harder to deal with.
Pure energy bodies just disperse their energy directly.
But the blood ancestor in front of him was so hard that all the power tricks could not penetrate his
body.
So it won't cause any harm to him!
The only weakness that can be called the blood ancestor's offense is slightly insufficient.
Maybe it is the reason why he has not fully awakened his strength.
He is not rich in offensive methods.
For their own terrorism ability is still not in place.
The eighteen dark angels were helpless to him, but he couldn't hurt the eighteen dark angels.
But just like this, it also gave the eighteen dark angels enough coercion.
Once he was completely awakened.
Will not be able to imagine how terrifying!
The blood ancestor is now getting stronger and stronger, that is, getting stronger and stronger.
The eighteenth dark angels are already a little struggling.
"Don't come and help!!!"
everyone screamed.
"Let's do it!"
Levi Garrison and Huoyun Cthulhu chose to do it.
Twenty top powerhouses deal with blood ancestors together.
It is also unprecedented!
It is even more unexpected!
The eighteenth dark angels are the most bitter!
They just came to take Levi Garrison back.
Why did it become a coolie when I got here?
But when this happened, everything was a coincidence.
Twenty top powerhouses have all come up with housekeeping skills, and the blood ancestors will not be
so comfortable.
He will be screaming all the time.
I can't wait to suck all the blood of these people in front of me.

There is no way.
None of these people in front of you are easy to provoke!
Shot one by one is like a lunatic.
Although the blood ancestor's defense was at its extreme, his body was too strong to be injured.
But his offense is limited.
Get into trouble soon.
He wanted to continue to grow stronger, but he was firmly suppressed.
"Boom boom boom…"
He even flew out one after another.
But every time he flew out, he stood up quickly.
It can't cause any substantial harm at all.
"It's not a way to fight like this! We have to find a way to catch him! Otherwise, we have to be
consumed to death by him!" The
Evil God yelled.
"Yes, don't hide your hole cards. Who doesn't know who is who!" someone shouted.
It turned out that almost everyone was hiding their hole cards before, and none of them showed their
true strength.
In this situation, everyone must work hard.
Levi Garrison directly uses the killing forbidden technique!
The blood exploded with a killing air comparable to the blood ancestor!
When Chongtianyan came out, even the blood ancestor was stunned, looking at Levi Garrison
incredulously.
There seemed to be a strange color flashing in his dull eyes at this moment.
Seems familiar? ? ?
I was shocked by the murderous aura on Levi Garrison's body.
"Damn!!!" The
others were even more shocked.
Levi Garrison is too strong! As soon as his taboo technique is used, it is the rhythm of fighting against the
blood ancestors alone!
The Return of the God of War [The Protector] Chapter 2188
Twenty strong players shocked and shot together.
The blood ancestor was stretched out soon, showing a trend of decadence.
"Everyone, come on, he must be taken down!"
Everyone's offensive became fiercer.
…

Soon the blood ancestor was pressed into a hurry.
"Roar!!!"
He let out a roar into the sky, and terrible power erupted from his body, and abruptly shook the six dark
angels away.
After opening a gap, he didn't continue to attack, but ran away.
Finally plunged into the sea.
But before that, he turned and glanced at Levi Garrison.
The eyes were very complicated, doubtful, and curious…
"Chasing!" After the
crowd chased for a circle, there was no trace of the blood ancestor.
He did not hide on Golden Harbor Island.
Instead, he went to the depths of the western sea.
"It seems that this blood ancestor has awakened a little bit. It is not a beast that plays completely, but
he knows how to escape!"
Levi Garrison said in surprise.
In fact, he was even more confused about the blood ancestor's abnormal reaction to him.
It's a bit abnormal.
"Let's check all aspects of the loss first…"
Levi Garrison and the others approached He Qingxue and others, and told all the news here.
The audience cheered.
He Qingxue and the others also knew the true identity of Levi Garrison.
He is still alive!
This is the most exciting thing for them!
Later, after Levi Garrison counted the casualties and losses, he let the gambling king family take care of
the funeral.
Levi Garrison is about to discuss with the Eighteen Dark Angels.
"No, they are here!"
Levi Garrison sensed that someone was coming.
"You hide first, and I will find you later!"
Levi Garrison said to the eighteenth dark angels.
Eighteen people quickly took shelter.
One hour.
Eleven direct disciples of the four great generals of Tiance Mansion arrived.
As soon as they arrived, they came straight to the scene.
But after arriving.
Nothing.

Only the terrible ruins of the processing plant are left.
“Could it be??” The
first thing they thought of was that they didn’t block it and fell.
Terrorist aliens have entered the center of Golden Harbor Island.
But soon they saw Levi Garrison and his party.
“Huh? It’s you? Why are you here?”
These direct disciples of the Four Great Generals had long been upset with Levi Garrison.
He even said that he always wanted to beat him up.
Especially Levi Garrison was arrogant and domineering in Tiance Mansion.
In the end, he even retreated.
This made everyone more angry.
I’ve been holding a sigh of breath.
Seeing Levi Garrison here now, everyone was angry.
“This is the speed of your Tiance Mansion? It’s too slow! A little bit slower, just come to clean up!”
Huo Yun Cthulhu sneered.
“You’re looking for death!!!” One
sentence angered several people.
They will start to kill Huoyun Cthulhu and Levi Garrison.
There are female ancestors in Tiance Mansion.
Not here.
Don’t you let them come?
“Hold on!”
One of them stopped immediately.
“Everyone, stop first!”
“Then what you mean is that you have solved the horrible thing?”
He understood the meaning of Huoyun Cthulhu.
The Huoyun Evil
God looked at them with disdain, “Is it still waiting for you to come?”
Several people in Tiance Mansion
were angry.
But it was forcibly held down.
I was holding a grudge, but now I am being provoked again and again, and no one can bear it.
“What the hell is that?” the
leader asked.
“The blood ancestor in the blood clan of the ancient race! It should be the blood ancestor of the first
few generations! It is estimated that the blood ancestor within the five generations!”

Huo Yun Cthulhu explained.
“What? Blood ancestors???? Still within five generations! Hiss!” The head of the head changed a lot, and took a breath.
Obviously he knew what blood ancestors meant.
Something happened!
“Doesn’t it mean that this is also what appeared in the empire that never sets?”
He asked curiously.
“Basically it is! And there should be two in the empire that doesn’t set!”
Huoyun Cthulhu replied. The man took another breath.
The Return of the God of War [The Protector] Chapter 2189
Others who don’t know are all dumbfounded.
“Is the blood ancestor very powerful?”
someone asked.
As a result, everyone looked at him like a fool.
“It’s not just a terrible problem! If you tell the great generals, they will all feel terrified…”
Hearing this, the man closed his mouth obediently.
Stop talking.
Everyone knows that the blood ancestor is terrible!
It is the great horror that can make the gods tremble!
It turned out to be this kind of thing on Golden Harbor Island…
“Now that the blood ancestor is gone, you are fine, didn’t the blood ancestor be solved by you?”
everyone asked in astonishment.
“There is no solution! He ran away… The danger of Golden Harbor Island was solved!”
Levi Garrison said.
Huo Yun Cthulhu added, “We were beaten to be exact! That thing can’t be killed at all! It’s too strong!”
Everyone was taken aback.
Then they all reacted.
“After doing it for a long time, you didn’t solve the blood ancestor, so you let him run away? Did he
really run away? Maybe he is still on Golden Harbor Island? He may also go to other places in Erudia…”
“You know you are here. What do you do? Are you solving the problem? You have planted a hidden
danger! You have angered him! God knows how he will retaliate next?”
“Are you sure he escaped? Instead of hiding and seeking revenge? Instead of going directly into the
inland of Erudia? Can you be sure? Can you?”

…
These people are just like crazy, asking questions again and again.
Pushing everything on Levi Garrison and Huoyun Cthulhu.
Instead, they blamed them for not directly solving the blood ancestor, but for letting him run away.
Levi Garrison and Huoyun Cthulhu were dumbfounded.
At a loss.
They never expected this situation.
Can it be like this?
What a shame!
"Levi Garrison, I find that you are always in the front of this kind of thing. What kind of savior do you
serve? Wouldn't it work without you?"
"Now it's alright. You didn't solve the blood ancestor, but let him run away! Can you bear the
responsibility if something goes wrong?"
"You are destroying our plan of Tiance Mansion! To tell you the truth, we are an advance team! The
current principal of Tiance Mansion will come later! He wants to solve this personally. One thing!"
"Yes! The blood ancestor is very strong! No one can deal with it! But the marshal of Tiance can solve it!
He will handle the matter personally!
If he comes, the blood ancestor will definitely die! There will be no escape. The situation!
But now you are arbitrarily taking charge and feel that you can deal with it? Now, it has caused a
catastrophe!"
Confused.
Levi Garrison and Huoyun Cthulhu were all dumbfounded.
This, this… It was
obviously that they took action and tried their best to solve the danger of Golden Harbor Island.
How could it be their fault?
Obviously they came too late, but they blamed Levi Garrison.
Blame them for not solving the blood ancestor and let him go.
Can't understand!
"Are you okay? When you arrive, the entire Golden Harbor Island has fallen. It can even be said that all
the people on Golden Harbor Island have been killed! They saved the Golden Harbor Island! How come
you are so embarrassed?"

“Where were you when thousands of us were torn apart by our blood ancestors and sucked up the
blood? Where were you when the Golden Harbor Island was threatened?”
“Big talk? Who wouldn’t say it! I’ll say it too! Everything is. You are incompetent! That led to the blood
ancestors coming here! Everything is your incompetence! Only that makes Erudia fall into crises again
and again! It’s all your waste!”
He Qingxue cursed.
As soon as these words came out, everyone in the Tiance Mansion present blushed with thick necks.
It’s going to explode! ! !
He Qingxue smiled, “Listen to me, you are comfortable? Cool? Who wouldn’t say bad things?”
This group of people became more and more angry, and they wanted to kill He Qingxue. After all, I was
stabbed in the pain by her words.
The Return of the God of War [The Protector] Chapter 2190
He Qingxue continued to irritate them, “Why? You still want to kill me? Come on! Anyway, you are the
least capable! You can’t deal with blood ancestors, so you can only cast your anger on small people like
me! Kill it! This kind of thing is you The best one!” Now
, this group of high-ranking, “god”-like beings are going to explode.
But they can’t do it yet.
Can only hold back!
If He Qingxue is killed, everything she just said is correct!
They will not take the initiative to admit it.
Levi Garrison and Huoyun Cthulhu both wanted to laugh.
This group of lofty guys, who could not tolerate anyone in their eyes, were severely taught by a little girl.
But unable to refute.
I can only smash my teeth and swallow it in my stomach.
Extremely embarrassed!
The faces of more than a dozen people were as uncomfortable as eating flies…
Today they lost their faces!
“This matter is your business! It has nothing to do with me! I can only wipe up to here, and you can solve
the rest by yourself! Go!”
Levi Garrison left a sentence and talked to Huoyun Cthulhu Leave.
They have to look for the Eighteen Dark Angels and Zoey.

“Don’t go! You have to go after a major disaster?”
Someone wanted to stop.
The leader shouted angrily, “Stop it all for me, don’t you think it’s not enough to be ashamed?”
“I want to say a fact that you don’t want to admit! This time it really depends on Levi Garrison! If it
weren’t for him, I guess Golden Harbor Island is a dead island!”
“That is our responsibility! It is our late arrival! It is he who helped us take the responsibility!”
……
Hearing these ear-piercing words, everyone clenched their fists, their faces flushed, and the top of their
heads seemed to be smoking.
shame!
Great shame!
For the Baolong clan of Tiance Mansion.
Since birth, they have a sense of superiority.
This is their subconscious concept.
These ordinary people in Erudia are guarded under them.
All belonged to surrendering them… But
now ordinary people under their protection jumped out, doing all the earth-shattering things.
Grabbed one of their credits one after another.
They did everything that belonged to them.
They are out of balance.
Especially they are saying that Levi Garrison is better than them.
They don’t even admit it!
No matter how powerful Levi Garrison was, no one would sincerely convince him.
It will only deepen the hatred!
Dissatisfied!
Everyone is dissatisfied!
But they knew in their hearts that they really depended on Levi Garrison to come today.
They came too late.
Since then, their hatred and anger towards Levi Garrison has deepened.
In the future, they were determined not to allow Levi Garrison to steal the slightest limelight from them.
Each of them clenched their fists, and they vowed that they would never let such things happen again.
“Buzzing…”

Not long after Levi Garrison and the others left, a huge roar suddenly came from the sky.
A huge flying machine is coming.
Fall on Golden Harbor Island.
Everyone in Tiance Mansion immediately greeted him.
As the hatch opened.
The passage slowly spread.
An eternal figure slowly stepped out.
As soon as he appeared on the stage, a suffocating coercion swept over him.
It seems that a Taishan mountain has fallen on Golden Harbor Island.
The visitor wore a long gown.
Carry your hands.
Slowly walked down.
Like a god descending from the sky.
He has a cold face, a handsome and resolute face!
It seems to be around 30 years old!
Young Master Tiance!
At present, the helm of Tiance Mansion appeared.
He returned from the far north ice sheet ahead of schedule, just to control the situation.
Now that he heard that there was a major event in Golden Harbor Island, he came non-stop.
"What about that thing?" The
Marshal Tiance couldn't help asking.
"Enlighten the marshal, that thing is the ancestor of the ancient Western race blood family, it is
expected to be within the first five generations! But it has been beaten by Levi Garrison so far!"
Everyone immediately explained the situation.
"Levi Garrison? Is that the father of that genius child?" The young marshal Tiance obviously knew Levi
Garrison.
The Return of the God of War [The Protector] Chapter 2191
"Yes, that's right!"
"What about others?"
Tiance Marshal asked.
"Others have gone!"
"What? Already gone? I still want to see what kind of character can steal the limelight of my Tiance
Mansion again and again? I want to see what kind of strong can push back. Blood ancestor?"

Tiance Marshal said.
“Marshal! There is a Fire Cloud Cthulhu beside Levi Garrison, it may not be a rare thing for the two to
force the blood ancestor to retreat together!” the
others said.
Marshal Tiance frowned, “No, you are wrong! More than the two of them! I can smell a lot of people!
One, two, three…18!”
“There are also eighteen people !” !” As
soon as this word came out, everyone was taken aback.
There are still eighteen people?
They don’t know.
As expected to be the young master of Tiance!
The handsome man of Tiance Mansion in the future!
Sure enough!
Even know this!
But after hearing this, everyone felt relieved.
It turned out that a total of twenty strong men forced the blood ancestors back together.
Levi Garrison is not alone!
In this way, everyone’s hearts are much more balanced.
If Levi Garrison were really alone, they would have to die of depression.
“They have gone far! Follow me to find where the blood ancestors ran!” Tiance Marshal ordered.
“In addition, there is news that the blood ancestor has been repelled! If the news is released later, it is
the Tiance Mansion who repulsed the blood ancestor!”
Tiance Marshal ordered again.
Put all the credit on themselves.
“Ah? Does the marshal mention Levi Garrison?”
someone asked.
“What do you mention him for? Do you still want to shame Tiance Mansion? Isn’t it enough once or
twice?”
“What’s more, Levi Garrison’s daughter is from Tiance Mansion, and he is half the credit! We are also
reasonable and reasonable!”
After Tiance said this, no one had any objections.
But Levi Garrison didn’t care about it.
After all, in the eyes of outsiders, he is dead.
It is not good to say that he repelled the blood ancestors.
…

Soon news of Golden Harbor Island spread.
The world is shocked!
It turns out that the raging alien is the ancestor of the blood race! ! !
The empire couldn't keep it from setting the sun this time, and came out to speak out, sure to be the
ancestor of the blood race!
The catastrophe that claimed that the sun never sets will end soon!
But the world still shocked Erudia's strength!
Solved the problem in such a short time?
This is too scary, right?
"What?? The danger of Golden Harbor Island is relieved?"
"Where did the blood ancestor go ?? "
When receiving the news, the man in the suit looked surprised.
I thought that the blood ancestor would become a disaster for Erudia.
Didn't expect it to be solved so quickly?
Faster than the sun never sets in the empire?
In the end what happened?
"I don't know! The blood ancestor just ran away! I'm still investigating what it was like! I never thought
Erudia was the fastest solution!"
The man in the suit has a hint of anger. Such a good layout is solved like this?
"Can you force the blood ancestor back so easily? Unbelievable!"
"Mister has got the news again! It was Tiance Mansion who repelled it! I heard that Tiance Marshal, the
son of the helm of Tiance Mansion, came directly to Jingang Island! the blood progenitor repulsed! "
after listening male suit, his face relieved," Oh, well, no problem! " "
Heaven government policy really Canglongwohu, female ancestors unfathomable, now coming out of an
unknown strength Young Master Tiance! Normal, normal! Next, you only need to pay attention to who
of the Kangaroo country to know!" The
man in the suit said.
...
Furthermore, Levi Garrison came after the Huoyun Cthulhu left.
They joined the eighteen dark angels.
"You know the purpose of our coming, is to join the Bible organization!" The
eighteenth dark angels took a fighting posture.
Unexpectedly, Levi Garrison smiled, "Okay, I promised. Let's go, lead the way!"

“This…” Everyone looked shocked.
The Return of the God of War [The Protector] Chapter 2192
They even said they were dumbfounded!
Originally thought he would go back only after a fierce battle or something that threatened Levi
Garrison.
But he didn’t expect Levi Garrison to agree with just one bite.
Incredible!
Everyone looked at him incredulously.
So happy to agree?
What’s going on here?
unusual!
Absolutely not normal.
Seeing their doubts, Levi Garrison smiled and said, “To tell the truth, my wife is in your hands, can I not
agree?”
“A person who knows the current affairs is a good man! Dealing with smart people is refreshing!”
When Levi Garrison said the truth After the reason, everyone no longer doubted it.
Of course it is true.
Levi Garrison was dyed for plums.
“What about him?”
Everyone looked at the Huoyun Cthulhu.
“I am Mr.’s servant, wherever he goes, where do I follow!”
Huo Yun Cthulhu replied.
“Well, all right.”
“Go, let’s go!” The
group rushed to the Bible Organization.
…
On the other side.
The cruise ship that sailed on the sea for a long time finally arrived in Kangaroo Country.
No one knows about this cruise ship.
After drifting over, some people went directly up to check.
Who wants to have a blood ancestor inside!
The blood ancestor started killing.
From the cruise ship to the harbor, from the harbor all the way to the center of the city.
Numerous casualties.
There is no limit at all.
Kangaroo country quickly sent the strong to solve it.

But after going batch after batch, there is no way to solve it.
Kangaroo country itself is relatively weak in terms of warriors and superpowers.
So there is no way to get the blood ancestor for a while.
Their modern weapons and the major powerhouses have used them all.
It's useless!
The blood ancestor's physique is against the sky, no matter what tricks are of no use to him.
Moreover, his awakening time is longer and more terrifying.
Much better than Levi Garrison and what they saw on Golden Harbor Island.
Kangaroo country was at a loss for a while.
There is no way to deal with it!
At this time, the international community already knew about the disaster in Kangaroo Country.
Several neighboring countries and major forces that have good relations with the kangaroo will provide
support.
After all, the lips are dead and the teeth are cold.
If the Kangaroo country falls completely, it will be their turn.
But the same is still useless!
To die as much as possible.
Can't even fight a wave.
……At the time of
despair.
The kangaroo country had no choice but to appeal to the world for help, begging the powerful from all
over the world to come to rescue.
Once the prestige of the Kangaroo country is resolved, there must be a generous gift to send.
But after the call for help was sent, there was no response.
After all, everyone now knows that the blood ancestor is too strong.
Who is going to die?
Not a fool!
There are only a few places that really have the ability to deal with—Warhawk Nation, Erudia, etc.
Now the times are turbulent, and everyone is just taking care of their own affairs.
Originally, Messiah intended to ask Tiance Mansion to support it.
But he was rejected by the marshal of Tiance.
The meaning of Young Master Tiance is very simple-Tiance Mansion is only to protect Erudia, as for

other messy things, they will not take care of it, not to mention that this is out of the country.
They can't manage it anymore.
"
Take care of your own affairs!" Tiance Marshal warned Messiah.
…
Erudia doesn't care.
Other regions also have an attitude of managing their own affairs.
Wouldn't care about it at all.
The negotiations of the sun never set empire reached the later stage.
Although the situation was
basically stable, there was absolutely no experience in helping others.
…
Laboratory of the Gods.
They have been paying attention to the state of affairs in Kangaroo Country.
"Sir, now Kangaroo country is helpless! Asking for help for a long time, no one is going!"
said the clown emperor.
The male code name of the suit is Mr. x.
He sneered, "I just want this effect!"
"Help me get through the phone of the principal of Kangaroo country! I want to talk to them!"
Mr. X said.
The clown smiled, "Sir, I understand, you are asking to help solve their crisis! But you need conditions!"
Mr. X nodded, "Yes, if I can fulfill my conditions, I will help them solve it!"
The Return of the God of War [The Protector] Chapter 2193
Soon the Gods Lab contacted the Kangaroo Country.
At first, it is the laboratory of the gods, and the Kangaroo country attaches great importance to it.
"We can help the blood ancestors! But we have the conditions!"
Mr. X directly expressed his attitude.
"Okay! We can agree to any conditions!" The
Kangaroo country immediately agreed happily.
Mr. X smiled, "Don't agree so quickly! Let me tell you what the conditions are…"
"What?"
"I will help you resolve the crisis, and you need to open the doomsday seed bank to us!"

When Mr. X asked this question At that moment, the other side was silent for a while.
Kangaroo Nation's doomsday seed bank is notorious.
It stores all kinds of seeds, past and present.
There are hundreds of thousands of years old, millions of years old, and even millions of years old.
According to the grapevine, there are blood vessels of ancient seeds, gene banks and so on.
…
There are still many very rich resources.
Many countries do not have the unique resources of Kangaroo Country.
There are even many leftover civilization products… The
Doomsday Seed Bank is the cornerstone of the future of Kangaroo Country.
In fact, the Kangaroo country is considered middle among many countries.
It is impossible to enter the magic eye of the war eagle country.
Because the kangaroo country's doomsday seed bank is too rich.
The value is too high.
Therefore, many national forces are coveting it.
But the Doomsday Seed Bank is the most important thing in Kangaroo Country, and it is guarded by the
whole nation.
Even if it is as strong as the laboratory of the gods, it dare not collide easily.
The Doomsday Seed Bank of Kangaroo Country has been given by the Lab of the Gods for a long, long
time.
Over the years, they have obtained resources from many national forces such as the Doomsday Seed
Bank.
Now focus on Kangaroo Country.
But Kangaroo Nation regards this thing as more important than fate, and there is no chance at all.
Now there is finally a chance to negotiate.
"It's okay, I'll give you time to think about it slowly! As long as you can afford it!"
Mr. X smiled and hung up the phone.
Now is not the time for him to be anxious, it is the time for Kangaroo Country to be anxious.
The longer the time, the greater the harm of the blood ancestor.
The situation that Kangaroo Nation is least willing to see…
"Wait! They will call!"

Soon after, Kangaroo Nation called and started negotiations with Mr. X.
The Doomsday Seed Bank can be opened, but there is a time limit.
In the end, the two sides negotiated for three months.
"Three months is enough for us. With our technology, the entire seed bank can be copied!"
Mr. X agreed.
Ready to go to Kangaroo Country.
Mr. X brought the Great Clown and a wizard.
"No, let's go to Kangaroo country slowly! Let them bear the pressure again!"
Mr. X didn't want to solve the blood ancestors early.
It is slowly consuming.
... The
Kangaroo Nation has sent a message that the Lab of the Gods will solve the problem for them.
Many people were surprised.
They all understand that there is a high probability that the Lab of the Gods has reached an agreement
with the Kangaroo Country.
There must be some kind of benefit.
The Tiance Mansion was unbalanced.
Several representatives of Messiah directly blamed the Marshal Tiance.
"Marshal, now the times have changed! You don't just want to take action during the crisis in Erudia,
you also have to intervene in some affairs, you have to make arrangements in advance! In this way, you
can adapt to the changes of the times!"
"For example, the Gods Laboratory and Kangaroo China, the probability is that the doomsday seed bank
of Kangaroo Kingdom has been opened to the laboratories of the gods. If it is opened to us, it will
definitely be a huge help to us!"
...A
few words, the young marshal Tiance listened to it. .
"These words are correct! But now it's too late to say anything! I can only watch the Gods Laboratory
come!"
But he sighed.
...
On the other side, Levi Garrison followed the eighteen dark angels on the way to the Bible organization.

It just so happens that the Bible organization is also in Southern Continent. They passed by in Kangaroo
Country.
The Return of the God of War [The Protector] Chapter 2194
"Huh? What happened to Kangaroo Country?"
Everyone was shocked to see the devastated scene.
"Let me check…"
Huo Yun Cthulhu checked, and soon learned all the news.
"The blood ancestors are raging here, and the Kangaroo Nation has no strong people, so it can't be
suppressed. I don't know why the Gods Laboratory agreed to shoot!"
Huoyun evil god said.
The Underworld God smiled, "Your news is not complete. The Gods Laboratory agreed to take the shot
because it obtained the Kangaroo Country's Doomsday Seed Bank!"
"You…"
…
For these two former masters and apprentices Grade quarrel Levi Garrison was used to it.
"It doesn't matter to us, let's go ours anyway!"
Levi Garrison was anxious to see Zoey.
No interest in these things at all.
If Erudia's he would take care of it.
Kangaroo country, it's his shit.
Levi Garrison's idea more catered to the idea of the Eighteen Dark Angels.
They only wanted to take Levi Garrison back, so as not to have many dreams in the night.
"Go straight through from here!"
"Go!"
Everyone interspersed directly from the city.
But the more I went, the more secluded, and the last area in the center of the city, there was no sound
at all.
Not to mention someone is there.
An inexplicable fear is spreading.
"The busy people wait to evacuate…" At
this time, the helicopter hovered in mid-air and issued a warning sound.
It turned out that this area was a dangerous closed area, and everyone was evacuated.
As for the evacuation, the reason is simple.
The blood ancestor is here!

The helicopter quickly left after warning Levi Garrison and others to fail.
“Should we be so unlucky, did we run into the blood ancestor again?”
Mingxie said in surprise.
“What matters to us, let’s go with us…”
Levi Garrison and the others continued to walk, ignoring them at all.
“Boom!” The
next moment, a bloody smell surged into the sky.
Overwhelmed here.
At the entrance of the street not far away, the figure of the blood ancestor appeared.
Seeing Levi Garrison’s group, his eyes were shining.
Due to the evacuation of Kangaroo Country, after a long time, the blood ancestors have not seen
anyone, let alone suck blood.
Seeing Levi Garrison these big living people now, the blood ancestor was immediately excited.
With a proud cry, he rushed over immediately.
He wants to suck up Levi Garrison’s blood.
Levi Garrison looked at each other and sighed, “Hey!”
“We don’t bother you, do you still want to drink our blood?”
“What should I do? Brothers!”
“Beat him! What else?” “
…The
blood ancestors came to kill excitedly.
But the popularity in front of them changed suddenly.
They are not ordinary people.
But a powerful warrior.
This time, even the blood ancestors were dumbfounded.
None of the masters who came to stop him from the Kangaroo Nation is so strong.
“Boom!” The
blood ancestor was too late to react.
Levi Garrison fisted and flew away.
Other people also bullied themselves and did not give the blood ancestor a chance to breathe.
The blood ancestor was quickly beaten back.
Although he is stronger than Golden Harbor Island.
It doesn’t make much sense!
In the face of Levi Garrison’s lunatics, there was only one who was beaten.
After a while, the blood ancestor was beaten and was going crazy.

The blood ancestor is very smart, knowing that these people are not easy to provoke, and immediately
retreat.
"Want to run? It's not that easy!"
Before, both sides could keep the water in the water.
But now you provoke us and want to run? That's impossible!
A group of people all chased up, and it was bound to discuss an argument with the blood ancestor.
All parties in Kangaroo Country were dumbfounded.
The first time I saw someone who didn't run away from the blood ancestor, and the first time I saw
someone who could beat the blood ancestor away.
"Is this from the Lab of the Gods?"
someone in the Kangaroo country asked.
"No! I don't know my current identity! The Gods Lab hasn't come yet!"
"Okay, temporarily block the news! Let's see what the blood ancestor was chased into…" The blood
ancestor has never been so miserable…
The Return of the God of War [The Protector] Chapter 2195
Kangaroo country was stunned.
Many people saw the scene of the blood ancestors fleeing, and their eyes were about to fly out.
This, this…
is it still the blood ancestor?
Where does this fierce come from?
Beat the blood ancestor like this?
unimaginable!
Really absolutely!
The blood ancestor ran away from most of the Kangaroo country, and was finally caught up by Levi
Garrison and the others, beating him severely.
Blame the blood ancestor himself.
They obviously just passed by, and didn't plan to deal with you at all.
It just happens that you are crazy like catching up online!
Also suck the blood of others!
It was you who provoked you, who would you beat if you didn't beat them?
Twenty top powerhouses besieged the blood ancestors.
Twenty people had already had experience, and the blood ancestors were insufficiently attacked.
Then it can only be beaten.
Although the blood ancestor could not be beaten to death, he was frightened for a while.

Because he has nothing to do with these people.
Although his physique is against the sky, all kinds of strength can't penetrate.
But he hurts!
In the end, the blood ancestors fled like crazy.
Jump directly into the sea.
Never dare to appear in Kangaroo country anymore.
After he beat him away, Levi Garrison's popularity almost disappeared.
But they never expected that they would become the heroes of Kangaroo Country.
The representatives of Kangaroo Nation found Levi Garrison for the first time and thanked them for
lifting the crisis in Kangaroo Nation.
"We must repay you well! You are our hero!"
Levi Garrison did not refuse the other's kindness.
Claiming to be from Erudia, and let them know when needed.
It is equivalent to the kangaroo country owes Levi Garrison a kindness.
As long as he opens his mouth, the Kangaroo Country will help without hesitation.
Kangaroo Country naturally happily agreed.
He also wanted to hold a celebration for Levi Garrison and the others, but he refused.
He was still anxious to see Zoey.
…
Levi Garrison and his party left, and the Kangaroo nation cheered.
However, they closed the news temporarily.
And they kept sending out news that the blood ancestors were raging, and they were almost unable to
hold it…We
can't let the Gods Lab know about the situation here…It
took a long time for Mr. X to arrive slowly with people.
But what puzzled him was that there was no one from Kangaroo Country to greet him.
How is this going?
It stands to reason that this is the time when the kangaroo is in a national crisis, and it is not too much
for this group of people to kneel and beg to go by themselves.
There was not even a person to greet him.
It's weird!
What went wrong?
"Contact them quickly and let them come to see me!"
Mr. X was angry.

The clown emperor immediately contacted the Kangaroo country.
No one for five minutes.
No one for ten minutes.
Half an hour.
An hour passed before the Kangaroo country sent someone to come.
This makes Mr. X very angry.
When have they been so angry?
He suppressed his anger and asked in a cold voice, "What are you doing? I haven't seen anyone for so
long! Do you still want me to solve the problem???"
"We are dealing with some things!"
several people said.
"Handle things? Isn't the problem your country facing right now is the blood ancestor? What are you
dealing with?"
Mr. X is already close to a state of anger.
Several people looked at each other, and embarrassedly said, "It's nothing, just deal with some damage
to the casualties!"
"Are you sick? When are you doing these trivial things!"
"Blood ancestors are your number one major event. Ah! We are not far away to help you solve the
blood ancestors! What about you? You don't even greet you, don't know what to do!"
Mr. X yelled, "Do you still want me to help you solve the blood ancestors????? "
Nevertheless, the other side replied, "Oh, no, you don't need to solve it! You can go back!"
Mr. X "...".
The clown emperor "...".
...
Everyone in the Lab of the Gods was stunned. This……
The Return of the God of War [The Protector] Chapter 2196
They are dumbfounded.
They came so far.
Let them go back?
This...
everyone is going to vomit blood!
"Are you sure let us go back?"
Mr. X asked.
He stared at everyone in Kangaroo Country.

“Yes, you are going back! Just let you go back, didn’t you just hear it?” The
opposite said naturally.
I didn’t treat them as the same thing at all.
Mr. X is really angry.
“Okay, let’s go! Blood ancestors, go and solve it yourself! My Gods Laboratory will never interfere
again!”
Mr. X is determined to teach the Kangaroo country a lesson.
He is going straight away.
How come a few people in Kangaroo Country smiled and said, “Oh, blood ancestor, you don’t need to
solve it! He has been solved by us!”
“What???”
Mr. X and they turned their heads together.
“The blood ancestor is resolved? How is it possible? We haven’t taken any action yet?”
Everyone looked incredible.
“What does it have to do with you or not? You never think that only you can solve the blood ancestors in
this world?” The
representatives of the Kangaroo nation looked at them with disdain.
At this time, the Kangaroo country has released the news that the blood ancestors have been resolved.
The clown emperor quickly determined this matter.
Before they came, someone helped Kangaroo Nation deal with the blood ancestors.
Now the blood ancestor was beaten away and disappeared.
The crisis in Kangaroo Country has been lifted!
“Who? Who helped you solve the blood ancestor?”
Mr. X was very curious.
Others are no exception.
“This is confidential! We don’t actually know who it is! But we can tell you that it belongs to Erudia!”
“Boom!”
When he heard Erudia, Mr. X’s eyes fired.
“Erudia! It’s Erudia again!!! Damn!!!”
Mr. X shouted angrily.
The crisis on Golden Harbor Island was resolved so quickly.
By the way, the crisis in the Kangaroo country has also been resolved, and his plan has been directly
undermined.

He can't get the doomsday seed bank in Kangaroo country! ! !
Going crazy!
If he knew that everything was done by Levi Garrison, he would be even more angry.
"Please go back! As for our doomsday seed bank, no need to think about it! This blood ancestor incident
is inseparable from you! We all know it!"
…
Mr. X has been touched for a lifetime and can only be dingy. Leave.
As for the doomsday seed bank of Kangaroo Nation, they have to think of other ways…
On the other hand, Tiance Mansion Messiah already knows that the crisis in Kangaroo Nation has been
resolved.
"It was Erudia people who solved it? Who was it?" The
marshals of Tiance were guessing who made the shot…At
this time, an intelligence agent sent a message, "Everything was done by Levi Garrison! He relayed it to
Tiance Mansion," Let us take the initiative to take the credit!" In
one sentence, the people of Tiance Mansion would be blown up.
"He's a bastard! When did my Tiance Mansion need him to give us the credit?"
"Levi Garrison is really getting too much! He didn't put Tiance Mansion in his eyes at all!"
"How can we take the credit for this? Impossible!"
…
But at this time, the Tiance Marshal smiled "Okay!" We took the credit according to what Levi Garrison
said! After sending a message, we said that the blood ancestor crisis of the Kangaroo nation was solved
by us!"
"Marshal, this…" The
others were anxious.
Marshal Tiance smiled and said, "I didn't see it. Is this Levi Garrison ridiculing us on purpose? Then let's
follow what he said! I am really more and more interested in this Levi Garrison!"
"We will meet sooner or later ! Yes! Levi Garrison's Liangzi has been settled !"
…
Soon Tiance Mansion released the news that it was they who resolved the crisis in the Kangaroo Nation.

Many people are relieved.
Even Mr. X believed it.
Except for Tiance Mansion, no one else has this ability. As for Levi Garrison, who has done all this, is now
at the place where the Bible organization is located…
The Return of the God of War [The Protector] Chapter 2197
Even Levi Garrison didn't know where this was.
In short, it is the depths of Southern Continent.
A place where adventurers don't want to come to death.
It seems that because of the magnetic field, all modern technology and equipment have failed.
And this place is filled with dense fog, and the depth of coverage is unprecedented.
Obviously, even satellite devices cannot detect this.
If someone took it with him, Levi Garrison would definitely not be able to come to this place.
This is definitely not found on the map.
This is the missing piece of the world.
Both Levi Garrison and Huoyun Cthulhu were admired by the magic of nature.
Levi Garrison also found that the dense fog was full of poisonous, no matter what physique, as long as
he inhaled it, he would definitely die.
"It's up to you now! Can you get through here!"
Underworld God and the others smiled.
Presumably being able to pass this fog is also one of the tests.
But this can be difficult for others, but not for Levi Garrison and Huoyun Cthulhu.
After all, the two had a good relationship with the evil god of poison.
Where did you get a little poison power from the evil god of poison.
Although the poison in this thick fog is overbearing, it is hard to reach them.
The group continued on the road.
After passing through the dense fog, his vision finally widened.
But it just opened up a little bit.
Because they are in a dense forest.
The dense forest is filled with black fog, and it is still a place that satellites cannot explore.
…
Finally out of the dense forest, the eyes really widened.
This world seems to be dark.
Dim and dark, netherworldly.

There is a little faint light, but I don't know where the light comes from.
In the distance are rolling mountains, and you can vaguely see the castles.
Huo Yun Cthulhu was shocked by the scene before him.
Levi Garrison smiled, "Pretending to be a god! It's just looking for a good place!" What about the
Bible organization, but also to see people.
Eventually, Levi Garrison and the two were taken into the dark castle.
"From now on, you are a member of the Bible organization! By the way, you too…"
Although the God of Underworld is extremely reluctant to admit the God of Fire Cloud.
But when he followed Levi Garrison, he could only get him to join the Bible organization.
"Wait a minute, the Dark God will come soon!"
Mingxie Shendao.
Levi Garrison sneered in his heart.
hehe.
Dark God?
Bluffing?
He most wants to know where plum dye is now?
As long as he saw Zoey, he would immediately take her away.
Ghosts will join the Bible organization!
"Levi Garrison, you are finally here!!!" At
this time a majestic voice sounded.
You can't find the source of the sound at all.
This voice seems to be everywhere…
"And you, Huoyun Evil God, I wanted to find you to join the Bible organization back then! But you are so
mysterious that I didn't even find it!" The
Dark God's voice sounded again.
I have to say that Huoyun Cthulhu still has a few brushes.
The hiding technique is indeed in place.
"You are the God of Darkness?"
Levi Garrison asked.
"That's right! It's me! Now you finally want to join! Even if I know you don't really want to join, I even
want to know what you are going to do…" The
Dark God laughed.
Regarding this, Levi Garrison was not shocked.
It is easy for the other party to think of his purpose.
It was dyed from plums.

“Yes, I never thought about joining your shit organization! The purpose of my coming is very simple, to
take my wife back!”
Levi Garrison spit out all the words in his heart.
This made the Underworld God extremely shocked.
“Levi Garrison is here for you… didn’t you want to join? Then why did you promise us?” The
Eighteenth Dark Angels were almost dumbfounded.
“If I don’t agree to join, will you bring me here? Can I find it here?”
Levi Garrison said.
“Boom!!!”
Everyone understood.
Used by Levi Garrison!
“Hand over my wife! Don’t force me to razed this place to the ground by myself!” Levi Garrison roared.
The Return of the God of War [The Protector] Chapter 2198
Hearing Levi Garrison like this, everyone laughed instead.
It seemed that what Levi Garrison did was a stupid thing.
“Levi Garrison, you too can overestimate yourself?”
“I really think you can take people away here?”
“You really don’t know how deep the water of the Bible Organization is, you can’t hold it!”
…
The eighteen dark angels all smiled.
Not angry at all about Levi Garrison’s use of them.
Because in their opinion, Levi Garrison couldn’t take Zoey with him.
“I understand what you mean, when you get here, you know where plum dye is! But have you ever
thought that when you get here, you will never get out, and I will keep you here all the time!”
“You think you In controlling the situation, I don’t know that you have fallen into my trap! I deliberately
let them bring you here!” The
Dark God said with a smile.
“Boom!!!”
Levi Garrison’s face changed sharply.
“I can’t control you outside! But when you get here, you can’t escape!”
Dark God laughed.
“Rumble…”
Suddenly, there was a swaying movement, and a black gate fell tumbling down.
Everything here is closed.

What Levi Garrison and Huoyun Cthulhu didn't know was that another metal wall rose outside the
castle, enclosing the entire castle!
"Retreat!" The
Dark God gave an order, and the eighteen dark angels quickly retreated.
I don't know where I went.
In the dark castle of Nuo Da, there are only Levi Garrison and Huoyun Cthulhu.
As for the dark god, I don't know where.
Judging from the previous voices, the dark god seems to be everywhere.
On the mountains in the distance, it seemed to be beside Levi Garrison.
...
"Levi Garrison from now on, you will be trapped here forever! Until you sincerely want to join the Bible
organization!" The
Dark God left a word and disappeared.
There was no more movement.
"We seem to be fooled! This old guy just wants to trap us!"
Huo Yun Cthulhu said in astonishment.
Levi Garrison looked cold, "
Look for an exit first!" Levi Garrison and Huoyun Cthulhu began to look for an exit.
The entire castle is the size of four football fields. Levi Garrison and the two searched it, and they were
surprised to find it.
The whole place is more like a big square cage!
There is no exit at all.
There are smooth and flat metal walls everywhere!
The previous doors are gone!
This is an agency! ! !
But there is no trace of any mechanism inside!
Levi Garrison and Huoyun Cthulhu realized that this was a mechanism, and they hurriedly searched for
it.
"Levi Garrison is not struggling! This place has no institutions! It can't be opened either inside or
outside! The only way is to break the wall!"
"As long as you agree to join the Bible Organization, I will break it myself!" The
Dark God's voice again spread Come.
"I know you will struggle for a while! Enjoy it!" The
Dark God completely disappeared this time.

…
Soon Levi Garrison and Huoyun Cthulhu gave up.
This is a metal fortress.
There are no traces of gaps!
"For this plan, I can only use my fist to smash this ghost place out!"
Levi Garrison wanted to see Zoey's eagerness, he raised his fist and slammed out.
"Boom!!!" The
punch went down, and the entire castle was in a sensation, and the entire mountain range was shaking.
There was a wave of air in the air!
But the wall in front of Levi Garrison didn't move.
"Boom!"
Huoyun Cthulhu also concentrated his strength to bombard.
The walls are motionless.
Levi Garrison was like crazy.
"Boom boom boom…"
A fist hit the wall, but the surrounding mountains were destroyed.
The walls are still fine.
Only a few shallow fist marks are left!
The same goes for the Fire Cloud Cthulhu, no matter how you hit it, the wall will not move.
"The technique of taboo!!!"
Levi Garrisondang even used the technique of fingering taboo. To pierce the wall with one finger!
The Return of the God of War [The Protector] Chapter 2199
This is a fingering that concentrates all power on one burst!
Levi Garrison is going to break the wall!
"Chih!"
This finger is terrifying!
But it's still useless!
It just leaves a slightly deeper mark on the wall.
But this metal wall is a metre thick!
This little bit is ignored.
What's more frightening is that there is a thicker metal shell on the outer layer of the metal wall.
It's not worth mentioning.
The most important thing is that Levi Garrison punched the inner wall, and the power was transmitted
to the outer wall and dissipated.
The inner and outer walls are designed to eliminate power.

It was equivalent to Levi Garrison's punch, the inner and outer walls did not receive any force at all, but
were eliminated by the designed device.
Only a little mark can be left on the inner wall.
Levi Garrison and Huoyun Cthulhu were anxious.
Hit it with a punch.
I don't know how many punches I smashed.
Both of them are tired.
But the wall still doesn't move!
The fist marks are also shallow.
Basically it can be ignored!
Both stopped.
"What kind of metal is this wall? It won't deform after eating my strength?"
Levi Garrison asked in surprise.
The most frightening thing is that he can't use the taboo technique.
This mountain that lies in front of you can't use any means!
This made Levi Garrison very disappointed and surprised.
Taboo techniques are not easy to use?
This, this…
In his concept, the use of real taboos is invincible.
But now the taboo technique is not easy to use!
This is desperate!
The taboo technique he had always relied on didn't work anymore, which made Levi Garrison's heart
complicated.
Huoyun Cthulhu also shook his head, "I don't know! It may be a special metal! This is too hard! We have
tried all kinds of methods to hurt nothing!"
Huoyun Cthulhu touched the shallow fist marks." At this speed, we are beating day and night, it is
estimated that it will take ten years! But then we will be exhausted!"
"A direct attack is not good, we have to find a way!"
Levi Garrison sat on the ground, sneered." It's useless to find a way! This is not a mechanism! God of
Darkness has long thought of it!"
"The only way is to have enough power to destroy everything!"
"At present, our strength is not enough! We need to practice!"
He needs it now. Ascend, ascend to the extreme state.
Blast this place with the strongest force!
…
Levi Garrison was anxious to save Zoey and immediately began to retreat.

Fire Cloud Cthulhu can only protect Levi Garrison.
He actually wants to ask those ancient races to help.
But who can find it here?
The news can't get out either.
…
Outside, the Dark God and the Eighteen Dark Angels are looking at Levi Garrison.
"Then let Levi Garrison practice in retreat?"
Mingxie asked.
"Don't worry, he is just holding Buddha's feet temporarily! He is worried about Zoey, and soon he will
not be able to hold it! Wait! Sooner or later he will surrender to me!" The Dark God smiled.
…
Disappeared.
Levi Garrison just disappeared.
No one knows where he went.
The last clue was in Kangaroo Country.
Only a few people in Tiance Mansion knew about it.
Of course everyone else thought that Levi Garrison was dying.
Golden Harbor Island did not die, but died in Star Country.
The marshal Tiance sent someone to look for it, but there was no information.
The gambling kings also sent many people to look for it, but they couldn't find it.
Even those ancient races who had seen Levi Garrison were looking for him.
Can not be found.
Disappeared!
Levi Garrison has completely disappeared!
Three months.
Half a year.
A full year has passed.
There was still no news from Levi Garrison, and he never appeared again.
Levi Garrison never came out again and again to take credit for Tiance Mansion.
During this year, Erudia encountered many threats and incidents.
But it was all resolved by Tiance Mansion.
I never saw Levi Garrison appear again… "Disappeared! The big living man has disappeared…"
The Return of the God of War [The Protector] Chapter 2200
This makes everyone incredible.

It would be nice to say if Levi Garrison was dead, but they knew they were not dead.
This guy disappeared for a whole year.
This unscientific!
According to Levi Garrison's previous acting style, even if he disappeared, he would silently guard
Erudia.
Always protect Erudia, eliminate foreign enemies again and again, against the laboratory of the gods.
But not this year!
Azure Dragon (Qinglong) and the others did not receive any signal from Levi Garrison.
Disappeared!
Levi Garrison has completely disappeared!
Messiah prayed that Levi Garrison was still alive.
They all want to know what Levi Garrison did?
Why did it disappear?
No one knows now.
Levilia and Zhou Yingying may know.
But how many ancestors are there, who dares to ask?
Finally, the marshal Tiance visited the female ancestor in person.
For his face, the female ancestor asked Levilia and Zhou Yingying to see him.
But the two didn't know what he was doing.
It's just to reunite the whole family.
Marshal Tiance didn't take it seriously, only when Levi Garrison was about to die.
…
For Tiance Mansion, it is the same whether there is Levi Garrison or not.
Look, this hasn't been in Levi Garrison's year.
They can solve anything by themselves.
There is no need for Levi Garrison.
But in the year when Levi Garrison disappeared.
The world has changed too much.
Warriors, superpowers, and masters of spells are not uncommon.
And more and more, many ordinary people have also stepped into this ranks.
Almost everyone has to know something in order to adapt to this era.
The strong come out!
Various powerhouses have risen together, and various modern science and technology laboratories
have also emerged.

The signs of the ancient races are becoming more and more obvious.
The emergence of ancient races is no surprise.
The four blood ancestors summoned by the laboratories of the gods unexpectedly merged, and they
unified the blood races scattered in various places.
A powerful ancient race appeared.
It is said that the enemies of the blood race have also emerged.
As for the laboratory of the gods, it is getting stronger and stronger.
And the emperor organization gradually showed its domineering posture.
Erudia's Kunlun Industry has developed rapidly in accordance with the times. When these discoveries
are made by the Gods Laboratory, Kunlun Industry has grown into a super overlord!
All aspects have been developed to the top level!
In particular, Kunlun Industry combines Erudia ancient martial arts with modern technology and gene
technology to create a unique powerhouse.
It can even combine modern technology with Erudia's spells.
The effect is remarkable!
And modern technological mechas and ancient organ techniques can also be combined…
These are the results that even the laboratories of the gods envy.
The laboratories of the gods, large and small, have acted more than twenty times, wanting to get this
technology in their hands.
But it was either blocked by Kunlun Industry or Tiance Mansion.
Originally, these were all made by Levi Garrison.
But Levi Garrison hadn't appeared before, so they were very puzzled.
This is unscientific!
How could Levi Garrison not appear.
How did he disappear!
…
But all parties in the world are changing too fast.
Corresponding to the Kunlun industry in Erudia, Maya industry appeared in the West.
Stronger than ever! ! !
But Maya Industry did not appear suddenly.
It has been prepared for a long time.
It is said that the preparation of Maya Industry is the successor of the super financial family.
This kind of hidden world tycoons disdain to participate in various lists.

On the contrary, they have more money, control more forces, more resources…
…
the forces of all parties are fighting hard to win over resources.
Resources similar to the Sun Stone are now being snatched wildly.
It is no longer enjoyed by the family of the Gods Laboratory.
In short, the whole world is getting stronger.
Instead, the war has continued…
Almost every day.
The weaker ones can only be swallowed.
Some time ago, maybe everyone was forbearing, but after a year, they all let go… The
war was fought, and the heroes came together… All the famous people appeared…
The Return of the God of War [The Protector] Chapter 2201
Among them is a woman.
Nicknamed Empress.
Killed mad after he was born!
Behead the strong one after another.
Among them, there are many from the Lab of the Gods…
She is just like a lunatic, and she dares to move anyone.
Anyone dare to kill!
I don't know how many people have been shocked by the ferocious name of the Empress this year…
Everyone is timid to hear her!
The empress is not someone else, but Zoey.
In order to become stronger, to protect the one she loves, she keeps fighting and getting stronger.
Occupy a place in this era.
She is listed as one of the four fierce gods.
The rest are in Maya Industry and Kunlun Industry.
The last one is Lucifer from the Lab of the Gods.
In the same battle with Levi Garrison, not to mention that he was rescued by the terrorist doctor, his strength has
greatly increased.
But become bloodthirsty and love to kill.
The Lab of the Gods also let him go out and kill.
So he also became one of the four fierce gods!
These four people have never been defeated since they were born.
There are also a series of lists sent by organizations with good deeds from all sides!
Used to redefine the strength of these powerhouses!

But Zoey is on the list…
Zoey knew that Lucifer killed Levi Garrison, so she went to Lucifer several times.
But every time Lucifer avoided fighting.
Always avoid plum dyeing.
She even wanted to uproot the Lab of the Gods, but she also knew that she was not strong enough.
Need to continue fighting and continue to strengthen.
Now everything she did was to avenge Levi Garrison.
How did she know that Levi Garrison was locked in a dark cage by her master at this moment.
In fact, sometimes she was very close to Levi Garrison, but she just couldn't feel it.
Because the dark cage isolates everything.
…
In the dark cage on the other side.
Levi Garrison has been in retreat.
Sitting cross-legged is a whole year.
Even the Dark God was stunned.
I thought that Levi Garrison would soon be unable to hold on and surrender to him.
But who would have thought that sitting in this group would last for one year.
But Levi Garrison woke up once.
It's a punch against the wall.
This punch was the ultimate, and it punched a big hole in the wall.
But it is not enough for the wall, the damage is too small.
Levi Garrison continued to retreat…
This surprised the Dark God.
But he smiled, "It's still not enough! This is nowhere, at least ten years at your speed!"
In his opinion, Levi Garrison didn't open it anyway.
It was just this time that Zoey followed him.
The power of Levi Garrison's punch just now was terrible.
This area and even the forest in front were shaking.
"Who is Master locked in here? It's terrible, right?"
Zoey was actually curious about this dark prison.
I saw this horrible scene today.
The Dark God smiled, "One of my enemies!"
"Master, your enemy?"
This period of time passed.
No one knows how terrifying the Dark God is better than Zoey.

It is no exaggeration to call it God.
His enemy now appears…
unimaginable!
"Then why lock him up?"
Zoey asked curiously.
"I want him to surrender to me… soon! Do it again, he has to surrender to me…" The
Dark God has already agreed.
Levi Garrison only needs to come again and still can't get through.
Then he was in a hurry and surrendered to him.
…
Kunlun industry is now booming.
Relying on Kunlun Industry's technology, Common Killer has now reached a fairly strong state.
Azure Dragon (Qinglong) and the others have also become super strong.
On the one hand, it benefits from Levi Garrison's practice.
On the one hand, Kunlun Industry's technical support…
Kunlun Industry's research on pure energy bodies is also effective.
Basically, a pure energy body can be replicated.
But it is not recommended to try… But on this day, the Marshal Tiance suddenly issued an order to require Kunlun
Industry to belong to Tiance Mansion.
The Return of the God of War [The Protector] Chapter 2202
When Kunlun's industry was just developing, Tiance Mansion was not regarded as the same thing at all.
Not just them, everyone should not pay attention.
When Tiance Mansion sent pure energy bodies to Kunlun Industry, they still didn't understand.
But after the development of Kunlun industry, everyone was dumbfounded, and Tiance Mansion began to look greedy.
In particular, several advanced technologies of Kunlun Industry are not even possessed by the Gods Laboratory. It is
especially heard that Kunlun Industry has no real helm in the sense that they are all jointly controlled by several parties.
Tiance Mansion has long said that Kunlun Industry cannot be left alone.
Someone must control the development…On
this day, the Marshal Tiance finally started with Kunlun Industry.
Marshal Tiance went to Kunlun Industrial Headquarters in person.
All the high-level executives of Kunlun Industry were convened… The high-level executives of
Kunlun Industry soon gathered.

There are commoners to kill the gods, the literary family, and the Azure Dragon (Qinglong)…
After a glance, the young commander of Tiance said coldly, "For the stable development of Kunlun industry, for the
Kunlun industry to be stronger, and to protect Erudia. I decided to take over the Kunlun industry. ! Bring Kunlun Industry
into the
ranks of Tiance Mansion!" "Kunlun Industry has no leader, and it can't be ruled for a day. With a helm, development will
be better! It will be comparable to the world's top industries soon!"
"Secondly, this is Tiance Mansion. For the first time in history to be included in the power, it should be enough to give
you face! From then on, you are also a member of the Tiance Mansion!"
…
The meaning of the young commander of Tiance is very simple.
I am here to be your boss, to give you face.
You should kneel down and thank you.
No one in Erudia can refuse, right?
How can ordinary people have the opportunity to join Tiance Mansion?
It's impossible!
"I know you are very troublesome, and you have to sign a contract or something! I am ready here, I have signed it, you
only need to sign your own name!"
Tiance Young Marshal waved, behind him He immediately distributed several contracts to the top executives.
"Sign it!"
Tiance Marshal said.
But his smile soon disappeared.
Because no one in the room moved.
Not to mention signing, there is no one who went to look through the contract.
what happened?
The Marshal Tiance was stunned.
"What's the matter with you? Hurry up and watch the contract and sign it!"
Tiance Marshal urged impatiently.
"Sorry, I can't sign!"
"Yes, we can't sign! We don't look at it either!"
Others also expressed their opinions.
This made them even more angry.
"What are you doing? Why don't you sign?"
He wanted to know the reason.

“I’m sorry, the marshal! Kunlun Industry is not like you said that there is no leader! Kunlun Industry has always had a
master! And the establishment of Kunlun Industry was also operated by that person alone!”
Bu Yi Sha Shen said.
Others also followed, “Yes! Kunlun Industry has always had a person at the helm! And we only recognize him!”
“One more thing, Kunlun Industry is an individual and will not be included in any influence! We also have no obligation!”
“I let the marshal disappointed! Let you run it yourself! Please go back!”
……
Everyone gave an order to chase off the marshal of Tiance.
This made the Tiance marshal dumbfounded.
He was actually ordered to evoke a guest.
Where does this put his face?
“Who are you kidding? Do you think I don’t understand you?”
“Where do you come from the master of Kunlun Industry?”
Tiance Marshal sneered.
“You don’t know what the young commander knows, Kunlun Industry has many secrets you don’t know! Our master’s
identity is special, let alone be exposed casually!”
Commoner Killing God smiled. Marshal Tiance’s face changed slightly, and he forced him to ask, “Okay, then who do you
say your master is? I can’t tell the answer, I won’t leave!”
The Return of the God of War [The Protector] Chapter 2203
Several people hesitated to ask this question.
Say or not?
Seeing the affection of a few people, the Marshal Tiance thought of something, and couldn’t help saying, “Could it be
Levi Garrison?”
Actually, it was not difficult.
It’s easy to think of.
These high-levels of Kunlun Industry in front of them all have a close relationship with Levi Garrison.
There is someone behind them, it can only be Levi Garrison.
Everything makes sense.
Hearing what Tiance Marshal said, everyone’s complexion changed abruptly.
Seeing the looks of everyone, the marshal Tiance smiled.
Levi Garrison is definitely here now.
“Who am I supposed to be after doing it for a long time? It turned out to be Levi Garrison! I have to say that Levi

Garrison has a foresight! He actually built Kunlun Industry! It's not ordinary!"
After a few words of praise from Tiance Marshal, the conversation changed. "It's a pity now Levi Garrison has
disappeared for a year, and there is no sign at all! You know better than anyone what it means for Levi Garrison to
disappear for a year, right?"
"Boom!!!"
Everyone's expressions changed greatly when they heard this.
This sentence pierced their hearts deeply.
There is one saying, if Levi Garrison is dying, everyone is not worried.
After all, every time Levi Garrison dies in the past, he is actually not dead.
Has been silently protecting Erudia in secret.
He is dead, but everyone will feel more relaxed after hearing this.
But now Levi Garrison has disappeared… It's
still a full year…
This is more terrifying than his death!
One year of disappearance is too variable.
Levi Garrison had never done this before…
Disappearing for so long, it will really be gone.
Not showing up for a year, this is not his style.
It shows that something happened to him…
Kunlun Industry has secretly sent someone to look for it this year, and it has been searched almost all over the world.
There is no trace of Levi Garrison…
Although they don't admit it, they understand that Levi Garrison may really not exist this time…
"Levi Garrison has disappeared…it is equivalent to that he does not exist…the master of Kunlun Industry It's just name
but not reality!"
Tiance Marshal continued.
No one is going to refute!
"Since Levi Garrison has disappeared, why do you keep it? So I directly abolished Levi Garrison's status as the helm of
Kunlun Industry!" When the
Tiance Master said this, everyone was dissatisfied.
"No! Why do you abolish Mr. Ye's identity? He created it
alone !" "Yes! No one is qualified to abolish Mr. Ye's identity! We only recognize Mr. Ye as the helm of Kunlun Industry!"
…
each The top executives spoke with a firm attitude.
Marshal Tiance smiled, "Then what if I force it?"

“The big deal is that you will all be abolished, and I will control Kunlun Industry!”
Marshal Tiance won’t give up Kunlun Industry just because of a few words from the people in front of him.
He came to negotiate only out of courtesy.
In a hurry, they directly used force to wipe down these high-levels.
Take Kunlun Industry back directly.
“We won’t agree with it! It’s a big deal!”
“Yes, who is afraid of
whom ?” “No wonder your Tiance Mansion is inferior to Mr. Ye… Now it seems so!”
…After
a group of people expressed their views.
Marshal Tiance was already angry.
He sneered and said, “Okay, this is what you found yourself!” The rattling atmosphere was on the verge of breaking out.
In the end, Commoner Killing God hurriedly stood up, “Everyone, calm down! Don’t conflict! No matter what state Mr.
Ye is in, he doesn’t want to see us
fighting in the nest!” “It won’t be good for us to have a conflict!
Especially we will be. party suffer! ” “
do not care! days and then how government policy, is also a big summer!
no matter who we hire, are for the big
summer work! and not fall into the hands of other people! “
……
commoner to kill a god After the persuasion, everyone calmed down.
never mind.
Promise that Tiance is the marshal.
But they have conditions.
Tiance Mansion cannot be closed all the time, what do they want or do.
Marshal Tiance agreed. His goal was achieved, and Kunlun Industry got it…
The Return of the God of War [The Protector] Chapter 2204
“What a villain, taking advantage of Mr. Garrison’s absence! Forcibly snatching Kunlun Industry!”
“Don’t be sad, everyone! If Mr. Garrison is still alive! He will be back sooner or later! Then I will snatch Kunlun Industry!”
…
Everyone dare not speak.
After all, in terms of strength, Tiance Marshal is too strong.
It is easy to kill these people like Commoner Killing God.
So everyone can only endure it first.

Fortunately, it was all for Erudia…
but everyone found out later.
Kunlun Industry does not belong to Tiance Mansion.
It belongs to the individual of Tiance Marshal!
This involves the rules of the Tiance Mansion and Baolong clan.
This is a rule set for centuries and thousands of years.
They can't accommodate any forces to come in…
so everyone is fooled by the word game of the Tiance Major Commander.
Kunlun Industry can only go to his name, not Tiance Mansion.
In the future, it cannot be said that Kunlun Industry belongs to Tiance Mansion, it can only be said to be related to
Tiance Mansion!
This made them extremely angry.
Feeling deceived.
But Tiance Marshal is already at the helm of Kunlun Industry.
There is no way.
However, after the Tiance Marshal joined, there are certain benefits.
At least resources have improved a lot.
The era of coexistence.
All parties are thinking about the enhancement of the law.
These are no exceptions in the Lab of the Gods, and they are also absorbing and annexing more forces to join.
The imperial organization and Maya industry are not vegetarians.
Crazy plunder.
Even start with some small countries.
Wars are everywhere.
The cruel war allowed ordinary people to join the ranks of martial artists one by one.
To survive, you must become stronger!
…
Time goes by.
Soon, another year passed.
This year.
The world has discovered earth-shaking changes.
Even more terrifying than in previous years!
It can even be said that a qualitative leap has taken place!
Basically, it can be said that everyone has become a martial artist with supernatural powers … In addition to the previous homework, the children either practice martial arts, or practice spells,
awaken superpowers, and so on.
If you don't learn this, you can't help it. This is the development of the times.

If you want to survive, you must fit this era.
People's physique has been greatly improved, and diseases have been reduced a lot.
The current Institute of Medicine and Biology studies how to make people stronger.
Even to change the gene, change the bloodline and so on…
Corresponding to the various ancient martial arts schools, the Super Academy was born at the right time.
Some ancient cultivation methods, etc. have also become popular, or they can be learned in special places.
Modern technology has also improved rapidly…
Some products that were only used in major laboratories are now popular …
There are also some new energy materials appearing, even comparable to the resources of Sunstone.
Attracted everyone's berserk.
There are wars everywhere.
Chaos is everywhere…
but the most terrifying thing is that some ancient ruins have been excavated.
These ancient relics include ancient martial arts in the East, as well as civilization and technology…
many big powers, such as the laboratories of the gods and the Mayan industry.
Too many good things have been obtained in these ruins.
There are future science and technology, and there are also ancient martial arts…
Erudia also participated in a lot.
There are gains and losses.
There are no small collisions with the laboratories of the gods, the Maya industry, and the imperial organization.
Hundreds of times.
The loss is not small, but overall there is no threat to Erudia.
…
But this year more powerhouses have emerged.
The mysterious dark web is even more powerful.
It is the most authoritative among the major lists.
This list is called God List.
There are a hundred people on the list.
It records all the strong players that have been shot in the past two years!
Zoey is on the list and ranks eighth!
Qilin and White Tiger are also on the list.

A forty-seventh.
A seventy-ninth.
…… There is also an unexpected person on the list……
The Return of the God of War [The Protector] Chapter 2205
Nandi was the number one in the summer.
He has already disappeared from everyone's eyes.
But it seems to be a shot in Erudia Donghai.
I was listed on the dark web!
Nandi ranked fifth!
No one knows what happened in Erudia Donghai's battle, let alone what Nandi did in that battle.
But no one questioned the authority of the dark web.
After all, from the previous era to the present, the dark web is showing its strength and uniqueness.
But after Nandi was on the list, Erudia trembled.
No way?
Where did the Southern Emperor get squeezed…
They were all behind Levi Garrison and Common Killing God, a forgotten existence by the world.
Now it is fifth on the god list.
You must know that before the Commonwealth Killing God ranked second in the rankings, ahead of the Southern
Emperor.
But now the Southern Emperor God List is fifth, and the Common Killer God has not even made the list!
This gap is too big, right?
Some people even wonder if it was a mistake.
Finally, Tiance Mansion came forward, claiming that the Southern Emperor did indeed have the strength to rank fifth on
the God List.
At the same time, Tianji Pavilion updated the Big Summer Ranking.
Nandi ranked first…
It seems that Tianji Pavilion has known about Nandi a long time ago.
…On the
god list, Erudia is really on the list.
Qilin and Baihu finally made the list after thousands of hard work, surpassing the predecessors such as Commoner Killing
God.
Even Azure Dragon (Qinglong) Xuanwu is very close to this list.
Wen Lei has played, and she is also on the top of the gods list.
And He Qingxue didn't know what she had experienced in the past two years, she was also on the list.

It can be seen that these two years can give people opportunities.
Let how many ordinary people get a chance to leap into a dragon.
For this era, two years are long enough.
It won't be strange that anything happens…
Li Chengmin from Star Country is also on the list…
There are many acquaintances of Levi Garrison on this list, and of course many new people have emerged.
…The
Bible organization side.
The dark god has been paying attention to Levi Garrison.
This year has passed.
Levi Garrison didn't even move.
Abruptly closed for a year.
It's not like before, waking up with a punch and then continuing to retreat.
This time I have been in retreat.
"Okay, very good, I want to see how long you can last…" The
Dark God doesn't believe in this evil.
Zoey was curious about who was in it…
Levi Garrison had been in retreat at this moment.
Last closed for one year.
He tried to integrate everything he had learned, including the basic exercises and various taboo techniques, as well as
the things he created by himself.
Combining everything together, playing a trick that destroys the world, the result is still useless for the wall.
It can't be penetrated at all!
So this time in retreat, he abandoned all distracting thoughts, and forgot all the taboo techniques and all kinds of
miscellaneous things.
He only practices one thing.
That is the most basic exercise method!
The pursuit of the most extreme strength, the pursuit of the most extreme speed…
This most basic exercise can be said to have no end, and there is no mention of the day when it is finished.
Only the stronger day.
Because you have practiced to the extreme, you dare not say that your strength is the strongest and the speed is the
fastest…
So now Levi Garrison's retreat is pursuing this limit…
This retreat lasts for one year.
Levi Garrison didn't wake up yet.

But the dark god can afford it.
He has slowly honed Zoey into a killing machine.
Her humanity is getting weaker and weaker.
In his eyes there was nothing but hatred and killing.
Since plums came out of the mountain, almost all of them have been killing people and selling goods.
The biblical organization takes people's money and money to eliminate disasters for others.
"Sub dye your task to!"
"This is going to snatch the big Xia Kunlun Industrial Pharmacy! Get the agents, all have to kill!"
……
received a new task, plums dyed just under a trance.
This means that she has almost no concept of Erudia. Only bloodthirsty and killing.
The Return of the God of War [The Protector] Chapter 2206
It shows that the training of the Dark God is about to succeed.
Zoey is about to become a killing machine.
Hone for a while.
It is estimated that she would forget everything, only killing and bloodthirsty.
After receiving the task, Zoey immediately went to Erudia.
This medicine is newly developed by Kunlun Industry and has a peculiar effect on healing and saving lives.
Now it is sent from the northern desert to the Kunlun Industrial Headquarters Jiangbei.
The escorts are strong like Wen Lei.
Wen Lei is now the strongest of the gods.
It is naturally safe to be escorted by her.
Along the way, dozens of strong people came to grab it.
They were all beheaded by Wen Lei.
In this era, there are a lot of resources grabbing, no wonder.
Nowhere is safe.
Even if Erudia Frontier does its best to defend, there are always people coming in.
The only safety is the guarantee of strong strength!
Wen Lei and the others walked out of the desert without risk.
But at this time a dangerous breath came.
A figure appeared.
"It's the Empress!!!" The
Empress is so famous that no one knows.
Especially the eighth of the god list.

It is even more daunting.
This time, they panicked.
It's dangerous.
The Empress is here!
Who is not afraid?
Although Wen Lei is also the strongest of the gods, the gap is too big.
Wen Lei is ranked sixty-seventh and the Empress is eighth.
It's incomparable.
Zoey glanced at everyone indifferently.
The task entrusted to her was to take things away and all the people were killed.
But when he saw Wen Lei and Mia, Zoey was in a daze, and his killing intent was reduced a lot.
"Zi
Ran?? " "Sister-in-law?"
Wen Lei and Mia also recognized Zoey's dye.
Since Zoey was taken away by mysterious forces two years ago, he has never appeared again.
They have also looked for it.
No results.
But who would have thought that the fierce empress was her?
"Where have you been, Zoey these two years?"
"Why have you become a female emperor?"
they asked curiously.
"You are from Kunlun Industry? The medicine I want is in your hands?"
Zoey did not answer this question.
But asked indifferently.
Although she recognized Wen Lei and Mia.
Can be indifferent.
"Yes, that's right! Zoey, we are Kunlun Industry! Not only that! Kunlun Industry was founded by Levi Garrison!"
Wen Lei said.
Zoey denied, "Impossible!"
"How could it be possible to create Kunlun Industry! He and Lucifer died together! Unfortunately, Lucifer is alive again,
and I can't kill him now!"
Zoey yelled angrily.
Wen Lei and Mia said, "Levi Garrison is still alive… He is actually not dead!"
"He just disappeared… He has a high probability of looking for you! I feel that my brother is still alive! He will definitely
appear!"

Mia said.
It's just that Zoey didn't believe what the two of them said at all.
"No! King's Landing is dead! I live now to avenge
King's Landing!" Wen Lei and Mia were anxious, "You have to believe what we said! He really just disappeared, not
dead!"
"Master told me Levi Garrison is dead, I believe in Master's! I only believe in his! Only he can make me revenge! Now
what he arranges for me, I will do…"
Zoey is full of murderous intent.
There was a trace of madness in his eyes.
"Zoey, wake up, you are different now! You have changed! You wake up quickly! You can't kill anymore…"
"Yes…"
Wen Lei and Mia hurriedly persuaded.
"Now you give me things immediately, and I won't kill you!"
This is the only kindness of Zoey since he came out of the Bible organization.
"No! This medicine has a lot to do with it, and we definitely can't give it to you!"
"Zoey listened to our persuasion, don't continue!"
… Zoey was murderous, and said coldly, "Then I will take it myself!!!"
The Return of the God of War [The Protector] Chapter 2207
Zoey's murderous intent was violent, and Wen Lei and Mia were both scared as soon as they were displayed.
Is this the coercion from the eighth of the god list?
It's not a level at all!
"You guard the medicine and go first, I'll stop her!"
Wen Lei commanded.
Mia and the others could only leave first with the medicine.
"Want to run?"
Zoey rushed to catch up, Wen Lei stood in front of her.
During the days in Kunlun Industry, Wen Lei used ancient martial arts and modern technology to develop her potential
to a limit.
This is also an important reason why she was able to rank among the gods.
But against plum dyeing, it's not at the same level at all.
Soon Wen Lei was seriously injured and was beaten out.
Didn't stop many meetings!
Zoey also caught up with Mia and them instantly.
"

Hand over the things and spare you for not dying!" Zoey stretched out his hand.
Mia looked terrified.
But at this moment, a horrible breath came.
The powerhouse of Tiance Mansion is here.
The marshal Tiance personally led the team.
"We have been eyeing you long ago, Empress!"
Tiance Marshal sneered.
"The Marshal Empress Qiqi is actually Levi Garrison's wife, Zoey!"
Someone said Zoey's identity.
"Okay! Levi Garrison really has you! Haven't you been fighting for Erudia all your life? Are you not taking credit for
everything? Look at your wife! Become a murderer!"
Tiance Marshal laughed. .
Hearing that, Zoey's murderous intention is overwhelming.
That posture can't wait to fight the marshal of Tiance desperately.
But at this time, the voice of the dark god came from her ear, making her retreat.
Zoey obeyed the order of the dark god and immediately retreated.
Tiance Marshal and other strong men pursued for a long time, but let Zoey run away.
"Pass on my order! From now on, Zoey will be Erudia's enemy! He is the first most wanted enemy on the most wanted
list! If you see her, you will kill you without mercy!"
Tiance Marshal ordered.
From now on, Zoey will be the enemy of Erudia.
Everyone will kill when they see it.
"Levi Garrison, Levi Garrison, you can manage the affairs of the world, but you can't manage the housework! You really
laugh at me! If you have the ability, you can come out and solve Zoey!"
Tiance Marshal smiled.
In Tiance Mansion, Levilia is already an older child.
Whether it is appearance or strength, they are all top-notch.
Several ancestors were very satisfied with Levilia.
"If this goes on, you will be able to go out alone in another year!" The ancestors smiled.
"But I'm a little bit reluctant to leave Levilia! What a good boy! How dangerous is outside!" The
domineering female ancestor loved Levilia too much.
"No! Levilia still need to get experience, to battles! Do not hothouse flowers!"

“But before that we need to teach all this to teach her to ensure that she can later solve dangerous ……”
a few old The ancestor looked at Levilia with reluctance in his eyes.
Their lives have been boring for hundreds of years.
But after Levilia came, everyone’s life became brighter.
The smile on everyone’s face never broke.
…
Time continues to pass.
The world is changing more and more.
More and more ancient relics were discovered, and more and more ancient tribes emerged.
More and more wars are going on.
All parties are developing faster and stronger.
Compared with the past, it is still improving rapidly.
…
Three years, three years have passed.
It really has changed drastically!
These three years have really changed an era abruptly.
completely different!
This year has changed more severely!
If you have been isolated from the world for the past three years, you will probably be frightened if you come out
suddenly.
What surprised the God of Darkness was that Levi Garrison had been in retreat this time for two years, and he refused
to wake up.
He…
what is he doing? ? ?
Is this man crazy?
Three years have passed in a flash. He has been trapped for three years!
The Return of the God of War [The Protector] Chapter 2208
The dark god couldn’t figure out what he was doing?
But he can afford it!
Can Levi Garrison afford it?
He can’t afford it!
“Levi Garrison, don’t you surrender to me? Do you still want to be trapped?”
The voice of the Dark God echoed in the cage.
The Huoyun Cthulhu woke up.
But Levi Garrison still did not wake up.
He was immersed in his own world.

The Dark God couldn't help being surprised, and even the Huoyun Cthulhu himself was surprised.
What's wrong with Levi Garrison?
What is he going to do?
"Levi Garrison, you can retreat slowly! According to your strength, you can't open this place for a lifetime of retreat!"
The
Dark God smiled.
He was already disappointed with Levi Garrison.
Now Zoey meets his conditions.
He has been honed by the great demon of adults who are frightened by the wind.
He has no expectations for Levi Garrison.
He left Levi Garrison to fend for himself.
Starting today, the Bible organization will move away from here.
Go to another place.
Because in these years, a series of plans of the Dark God have succeeded.
No need to hide in this place anymore.
Everything here has been abandoned.
Including Levi Garrison's cage was also thrown here forever.
Levi Garrison will be locked here for a lifetime and will never be able to get out.
No one knows how strong this thing is better than the Dark God.
He also knew Levi Garrison's hole cards very well.
Even though Levi Garrison had an unusual talent, he couldn't face this stuff at all.
I really want to be trapped here for a lifetime.
The Bible organization moved, and the Dark God completely abandoned Levi Garrison.
Before leaving, Zoey was still curiously asking the dark god.
Don't worry about the locked up enemy?
"It's okay, he won't be able to get out in this life!" The
Dark God smiled.
... The
whole world is changing dramatically.
Earth-shaking changes have also taken place in the Star Country and East Island near Erudia.
Take Xingguo Sanxing Group as an example, they have planned for the future very early.
In the past three years, they have gained a lot.
Now it truly ranks among the top organizations in the world.

However, in the three years since Levi Garrison disappeared, Li Chengmin suffered a lot.
At the time of the Star Kingdom War, Li Chengmin's private hiding of Levi Garrison was completely exposed.
There is no need for the laboratories of the gods, and the Sanxing Group itself must severely punish Li Chengmin. The
senior leaders of Sanxing Group severely accused Li Chengmin face to face, "Even if we are not friends with the Gods
Laboratory, but we and Erudia are enemies! You are helping Erudia by helping Levi Garrison! You are a traitor of Sanxing
Group! You It is
the traitor of the star country !"
These words are still deeply engraved in Li Chengmin's mind.
She concealed Levi Garrison, which violated the taboo of Sanxing Group.
But she has a special status and cannot be killed directly.
Therefore, the Li consortium decided to expel Li Chengmin from the Li family status and expelled her from the Li family.
And abolish Li Chengmin's superpowers!
Finally, he was imprisoned in a small black house for ten years as punishment.
In the past three years, Li Chengmin was kept in the dark underground, suffering from loneliness and darkness.
People in the Li family often ask Li Chengmin if she regrets it, and let her out as long as she recognizes the mistake.
But Li Chengmin never regretted it.
She would do it again if she did it again.
She will always cover Levi Garrison.
For no other reason, Li Chengmin has long fallen in love with Levi Garrison.
After getting along for a while, Li Chengmin hopefully fell in love with Levi Garrison.
After knowing that Levi Garrison was dead, her heart was ashamed, and she didn't care how she was punished.
Especially after this matter was known to the senior management, he was even more angry.
Put her in custody and repent.
He used torture every day to punish her, make her confess, and make her confess her mistakes.
Li Chengmin is used to it.
But she is weak and can't hold on anymore… Not many days to live…
The Return of the God of War [The Protector] Chapter 2209

At this time, Li Chengmin's father Li Dong and others came to the place where Li Chengmin was detained.
This is an underground prison.
Li Dongzhong also had no right to open it, so he could only communicate directly with Li Chengmin.
"Daughter! Father won a chance for you!"
Li Dongzhong shouted.
"Now as long as you agree, you will be released, and you will be exempted from all guilt! You will also be restored to your Li family's identity!"
But Li Chengmin took a look and didn't have any interest.
"Now our Sanxing Group is cooperating with Maya Industry! As long as you marry Maya Industry! You can let you out!
This is your only chance! It's the opportunity I grabbed!"
Li Chengmin shook his head, "Father, you give up! I won't get married! I'll wait to die!"
"What? Are you still thinking about Levi Garrison?"
Li Dongzhong realized what he couldn't help asking.
"Yes, that's right! I just like Levi Garrison!"
Li Chengmin replied.
"You shameless! Levi Garrison is our Sanxing enemy! He has a wife, how can you like him?"
... As soon as Li Chengmin said this, everyone immediately drew insults.
"You are still thinking about him! He is dead!"
Li Dongzhong yelled with hatred for iron and steel.
"Then I won't marry forever and die with him!"
Li Chengmin had no choice but to give up.
"Let her die! Also used to warn everyone in Sanxing Group!"
...
But now Sanxing Group and Maya Industry are cooperating and no longer cooperating with the Gods Laboratory.
Maya Industry has become the big backer of Sanxing Group.
And in these three years.
On the contrary, the Lab of the Gods is very low-key. Except for Lucifer's activities in the first year, and after winning the title of the Four Great Gods, in the past three years, the Lab of the Gods has become more and more low-key... In the past three years, all parties have With rapid development, the original major forces are getting stronger and stronger, and more forces, such as Maya Industry, etc. have emerged.

However, the news of the Gods Laboratory is getting less and less, and the activities are getting less and less, and even
the mining of resources such as the sun stone is not involved.
After three years, the Lab of the Gods has completely faded out of the eyes of the world.
So many people do not know or forget the existence of the laboratory of the gods.
Many people are wondering what the Gods Lab is doing?
How could it suddenly disappear?
So that there is no news at all.
The Lab of the Gods simply disappeared.
unusual!
The forces that should have emerged most in this era have disappeared… what are they doing?
Tiance Mansion has investigated the Lab of the Gods more than once, but nothing has been found. The Lab of the Gods
has really disappeared.
Other major forces are also investigating the Gods Lab, but there is no result.
This reputed to be the strongest force in the world has disappeared in this terrible force…It is
not in line with common sense!
But after this era came, more forces emerged.
No one pays attention to the Lab of the Gods anymore.
It can even be said that those doglegs in the Lab of the Gods have also lost contact with the Lab of the Gods.
They can't contact the laboratory of the gods, let alone know where the laboratory of the gods is…
This is also the reason why Sanxing Group has invested in Maya Industry. Otherwise, once they betrayed, the Lab of the Gods would destroy them all.
It can be said that the Lab of the Gods has been replaced.
What Maya industry, imperial organizations, Kunlun industry, etc. replaced the status of the previous laboratories of the
gods.
The Lab of the Gods and their biggest opponent Levi Garrison disappeared together.
The two sides accounted for more than half of the major news that shocked the world three years ago.
But no one mentions them now!
They were completely forgotten!
The times are changing too fast.

What's more, the past three years have changed their appearance…
Someone has said that even if Levi Garrison is alive,
he will not adapt to this era…
The Return of the God of War [The Protector] Chapter 2210
Because there are too many strong people now, Levi Garrison's strength back then is not worth mentioning now.
For example, there are now accurate calculations of combat effectiveness.
If Levi Garrison, the top powerhouse, had a combat power of 10,000, it was estimated to be only five thousand in the
modern era…To
put it bluntly, Levi Garrison's strength in this era can only be considered medium.
Not even the top, let alone the top.
So some people say that Levi Garrison will not die, even if there is no news.
With his provocative and trouble-loving character, he could not survive for three days in this era, and he would have
killed all the new powerhouses.
So Levi Garrison's life is useless.
He is no longer the focus of this era, no one around him anymore, he no longer becomes the savior again and again!
In short, in this era, whether Levi Garrison was alive or dead, he had no sense of existence at all.
Tiance Mansion deeply agrees with this point.
Levi Garrison can't do it!
Can't get a foothold in this era!
But the Baolong clan of Tiance Mansion is different!
No matter how the times change, no matter how many strong outsiders, Tiance Mansion can still protect Erudia.
The strong of Tiance Mansion is like a cloud, and the young commander of Tiance suppresses one party.
But Levi Garrison couldn't…
not only that.
Many people say that the Lab of the Gods is also a thing of the past…
If it had n't disappeared quickly, it would have been destroyed by the mighty forces of Maya Industry.
To put it bluntly, the Lab of the Gods does not disappear, and can only be used as cannon fodder in this era…
But I have to say that people in this era are too strong… There are too many strong people.
Three years ago, the top powerhouse really couldn't adapt to this era…
it was not at the same level at all.

All parties have developed too fast in three years.
For example, the average strength of the strong in the first year is ten times stronger.
It may be thirty times the next year!
One hundred times in the third year!
Especially this period from the second to the third year is the most terrifying year.
The first two years may not have been a qualitative leap.
This year is a qualitative leap!
This range is simply terrifying to the extreme!
Two worlds are exactly the same as three years ago!
So the strong like Levi Garrison back then couldn't do it at all, he could only be medium.
It is even more difficult to enter the god list.
In other words, Levi Garrison was alive, or he would not be able to defeat Azure Dragon (Qinglong) Qilin and the others!
Because they have simulated the battle of Levi Garrison.
Qilin Baihu and the others can easily do what Levi Garrison did.
So they are better than Levi Garrison!
Even they think so.
But what excites Qilin and them is that they can represent Levi Garrison and inherit his will!
Come continue to protect Erudia!
Levi Garrison is always the boss in their minds!
But the times have changed, and they have progressed too fast, faster than they have been in the Rockets.
They are too strong now!
So while they respect Levi Garrison as the boss, they also know the fact that they are better than Levi Garrison.
"Boss, don't worry! Erudia has us! We can hold on! Boss, we are stronger than you! This era is ours! Boss, you can rest!"
This is a saying that Qilin and they often say.
There are a lot of people who are stronger than Levi Garrison in this era…
indeed.
According to Levi Garrison's strength back then, there were indeed too many people who were better than him.
He was eliminated by the times.
Even Qilin and the others have admitted this, which shows the horror of this era.
There are even many enemies who used to be Levi Garrison. After getting an adventure and becoming stronger in this

era, they want Levi Garrison to live, fight with him again, and completely defeat him.
…
once the lair of the biblical organization.
In a dark cage.
Huoyun Cthulhu's retreat is over.
He followed Levi Garrison to retreat for three years, and he was much stronger than before.
But still can't help the wall in front of him.
"Sir, how long are you going to retreat?" Huo Yun Cthulhu looked at Levi Garrison.
The Return of the God of War [The Protector] Chapter 2211
It's been three years!
Three full years.
No one understands this kind of pain better than Huoyun Cthulhu…
This dark prison is really too test for people.
Your state of mind, your strength, are the ultimate torture.
Even an old guy like Huoyun Cthulhu couldn't hold it anymore.
This kind of hopeless thing really makes people crazy.
For a long time, the Evil God Huoyun retreated for three months and then woke up.
He has never harassed Levi Garrison once.
But now he couldn't help it.
Can't stand this torture anymore.
He tried his best!
Now he just wanted to wake up Levi Garrison to see if he could do anything.
He wants to go out!
But Levi Garrison was in retreat, immersed in his own world, ignoring Huoyun Cthulhu at all.
"Sir? Mister, do you still have to retreat? How long are you going to do ?" "Will you have to retreat for several years?"
…
Levi Garrison still didn't respond.
After hitting that punch in the first year, Levi Garrison has been in retreat for the past two years.
There is no action.
Scared!
Huoyun Cthulhu is really scared!
Because after Levi Garrison's retreat, his breath was getting weaker and weaker.
Now Levi Garrison's body can be said to be completely devoid of breath!

This made Huo Yun Cthulhu very scared…
Other people's retreat aura is getting stronger and stronger, but Levi Garrison is getting weaker and weaker, and it's
gone now.
The Huoyun Cthulhu itself is an expert!
Of course he could find that Levi Garrison didn't deliberately conceal his breath, he just lost his breath.
Just like Taoist Nirvana and Buddha's passing away…
If Levi Garrison's aura gets stronger and stronger, Huoyun Cthulhu still holds a glimmer of hope.
But what happened to Levi Garrison now?
Is there any hope if this continues?
Huoyun Cthulhu was very anxious.
In the next few days, he was venting frantically…
using all kinds of tricks to bombard the wall in front of
him … He wants to
kill himself now…but even bombarding the wall to death is better than being tortured.
But no matter how the Huoyun Cthulhu tossed, Levi Garrison still did not wake up in retreat.
There was no breath at all, just like a dead man.
This made Huo Yun Cthulhu simply assume that Levi Garrison no longer exists.
Do your own thing.
…
The Dark God in the new place sensed everything that happened in the dark cage. He couldn't help but sneered, "It's a
dying struggle! No matter how long you stay closed, there will be no results!"
The evil god next to him asked, "Dark God, how can this dark cage be opened? You do not say there is no authority? do
not you rely on pure strength to open? "
I did not realize the dark God smiled and said," can not! You do not know where it come from the dark cage! I rely on
pure strength can not be opened! " "
What if leaf King's Landing surrendered to you, how do you open it?"
"Yeah, wouldn't it be impossible to open it forever?" the
others said one after another.
"No! I can open it with the help of an artifact!"
"I once got a magic sword from Erudia! With this magic sword I can split the dark cage! I used this magic sword to kill a
founder of the Gods Lab! So the Gods Lab is right I am still afraid!"

“But to be honest, I am also using the dark cage for the first time! It is a pity that Levi Garrison is not what I expected
after all! The dark cage is wasted!”
Dark God said.
The evil gods smiled and laughed, “That means that no one can open the dark cage except this knife, even if you rely
solely on fists like Levi Garrison?” The
Dark God meditated, “That’s right, but it’s also. Not all right! As far as I know, Erudia also has a magic sword, which is
comparable to the magic sword in my hand! With this sword, with my strength, you can also open the dark cage!”
“That’s still the same. Levi Garrison doesn’t have this divine sword, let alone your strength! He will never come out
forever!”
Mingxie God smiled.
“I’m not interested in Levi Garrison right now, but Erudia’s divine sword is said to be coming out…” The Dark God looked
longing.
The Return of the God of War [The Protector] Chapter 2212
“Then are we going to participate in the fight?” The
Underworld God asked.
The God of Darkness immediately said: “Of course! I searched for this magical sword for a long time, but now it finally
appeared. Is there any reason for me?”
“When the time comes, all of you will go! Zoey will also go! I will also when necessary. Will shoot!”
Dark God said.
The eighteen dark angels were stunned.
Since they knew the Dark God, he had never made a move.
This time it’s going to be shot?
Doesn’t this mean that the Excalibur is very important?
Its value is so great that even the Dark God has been coveted for a long time… that
‘s right.
In this era, weapons are equally important, even more important than before.
Not limited to modern weapons, there are many ancient artifacts that have been unearthed one by one.
The battle armors and various machines manufactured by major technological forces are indestructible and will not get
through at all.

But some people get ancient artifacts, such as Erudia's swords and swords, Western spears, etc., which are enough to
smash these indestructible armors.
With an ancient weapon, your strength will double.
So whenever the artifact comes out, it attracts frenzied snatches from all parties.
Rumor has it that the sun never sets, the empire's most powerful organization-Excalibur Bureau.
Its treasure is a sword inserted in a stone, called the sword in the stone.
The legend is a divine sword with the power to destroy the world.
But even if someone covets it, he dare not snatch it.
Who would be so stupid as to be an enemy of the most powerful organization of a powerful country?
However, in the past three years, various relics have been unearthed, and pieces of ancient weapons have appeared.
Many people have soared with the strength of ancient weapons and become extremely strong.
Of course, there are some terrifying ancient weapons, which are useless if the ordinary strong get them, and they can't
control them at all.
Because the ancient weapon itself is stronger than you!
You need to be stronger or match it, and be recognized by it to control it!
Such ancient weapons attract the existence of great power and terror…
Especially there are many such ancient weapons in Erudia.
Erudia's rich resources are not a boast!
The divine sword that will appear in Erudia in the mouth of the dark god will cause the biggest sensation (about ancient
weapons).
Great Xia Kunlun Industry.
today.
The marshal Tiance came to call all the high-level officials together.
"This is the first time I have convened a meeting since I took charge of Kunlun Industry for two years!"
Tiance Marshal smiled.
Many of the Kunlun industrial high-level people have already surrendered to Tiance Mansion, and they should be
convinced.
This person is too terrifying in terms of strength and skill.
Bring Kunlun Industry to its current height…
they serve!
However, Qilin, Commoner Killing God, they always believed that the Kunlun industry belonged to Levi Garrison.

They all developed to the present according to Levi Garrison's layout.
And the young master Tiance didn't do anything…The
Kunlun industry has developed to the present, it has nothing to do with him…
what he can do, they can easily solve it.
But the marshal Tiance still provided some help.
Qilin's becoming stronger still has something to do with Tiance Marshal…
"I am very happy to see you become so strong!"
Tiance Marshal smiled.
Hearing that, everyone smiled, and everyone was excited to become stronger.
"Especially Qilin, Baihu, you guys! It surprises me! They are all on the list!"
Tiance Marshal smiled: "This is the benefit of following me! If Levi Garrison is here, you can follow him, can you grow so
fast? ? "
Kirin heard Tiance said Marshal ye monarchs, but also just to mouth, day policy Marshal's voice came again:"? you talk
about now that he is not stronger than the leaf monarchs of the year, "
Kirin them silent, Nodded one after another.
This is the truth.
They are indeed better than Levi Garrison!
This cannot be refuted at all.
The Return of the God of War [The Protector] Chapter 2213
Following Levi Garrison, he really couldn't get to where he is now, and this has to depend on the young commander of
the sky.
The era of Levi Garrison has passed.
It can only be regarded as Qilin's belief.
"I know that Levi Garrison is your boss, and he holds a position heavier than the sky in your hearts! But at that time, Levi
Garrison suppressed the Quartet and acted as the savior again and again!
But you can't do anything. Don't you want to
catch up with him or even surpass him? Is it?"
Tiance Marshal made Qilin and the others silent again.
Kirin they acquiesced.
They were the most desperate when they had nothing to do and couldn't help.
At that time, they swore to catch up with Levi Garrison and to keep up with Levi Garrison's footsteps.
Levi Garrison has always been their weather vane.
They naturally want to surpass.

It's really exceeded now.
They reached another world, a world that Levi Garrison had never reached.
"Aren't you proving yourself now? Better than your boss! I really hope Levi Garrison will show up, knowing that you are
better than him! I believe he will be very happy too!"
Tiance Young Master smiled.
But what he actually said is very simple, that is, Levi Garrison can't do it!
But this is still very comfortable in Qilin's ears.
First: Did not insult Levi Garrison, but recognized Levi Garrison's position in their hearts.
Second: They also affirmed their strength.
"Do you still think that I am not suitable for the helm of Kunlun Industry?"
Tiance Marshal asked.
No one objected this time.
They even admitted Qilin.
"In addition to praising everyone this time, there is another important event to inform you!"
Hearing this, everyone cheered up.
"There will be an ancient weapon in some ancient ruins in Erudia…As soon as this ancient weapon comes out, it will
attract countless people! The big foreign forces will no longer care about their face, they will come to Erudia at any cost.
Snatch!"
Tiance Marshal glanced at it: "This ancient weapon is too important! So we must not fall into the hands of others!
Kunlun Industry must do its best to snatch it! I will help you in the dark!
This ancient weapon must stay in the hands of
others! Kunlun Industry! Understand?"
"Understand!"
Everyone nodded.
"Everyone, get ready! This battle may be extremely tragic! Even the strongest battle in the past three years! You must
be psychologically prepared!"
Tiance Marshal exhorted a few more words.
Everyone was puzzled.
What kind of ancient weapon is it that can attract such a big movement?
Because of the unicorn and the white tiger, they each got a worthy ancient weapon.
But where is this kind of influence?
What the hell is this weapon?

“Don’t worry! We will definitely keep this weapon! Let it stay in Erudia!”
“In this battle we fight for Erudia, this battle we fight for the boss! Boss, take a good look at our strength! “
…
Kunlun Industry and Tiance Mansion are actively preparing.
The rest of Erudia knew that the forces or people of this weapon were also preparing.
Not only that.
Soon the fact that Erudia unearthed a peerless weapon spread all over the world, and all forces were ready to move.
the other side.
Tiance Mansion.
Several great ancestors looked at Levilia lovingly.
“Is it time? Should you let Levilia go down the mountain and go around?” someone said.
“Yeah, the time has come! Levilia should go out and have a look! They are all grown up as big girls!” The
others also smiled.
“Hey!” The
female ancestor sighed with a look of dismay.
“It’s for Levilia to go out and go around, just so, isn’t that sword coming out? Levilia go to meet the world and join in the
fun!”
said the female ancestor.
The others nodded: “Yes! This is a good opportunity!”
Levilia also looked excited.
She can finally go out and find her parents.
The Return of the God of War [The Protector] Chapter 2214
Levilia packed up and left Tiance Mansion with his grandma.
This is almost the busiest day in Tiance Mansion.
Everyone is looking forward to this little ancestor coming out of the mountain.
However, at the same time, Tiance Mansion blocked the news of Levilia’s emergence.
Except for internal personnel, no one knows about it.
However, the female ancestor couldn’t stand it for only one hour after Levilia left.
She has no children in her life.
Suddenly a Levilia emerged from the lonely life, and he became splendid.
Now that Levilia is gone, she can’t stand it at all.
“No! I have to follow Levilia!” The
female ancestor couldn’t help it, and was about to follow.

Another male ancestor from the Baolong clan said earnestly: "You are not good like this. Can you protect Levilia forever?
You can't let her become a flower in a greenhouse!" The
other ancestors gave him a stare: "Okay. Then don't go, we'll all go!"
It turns out that the other people, like the female ancestor, are crazy.
For a few hours after Levilia left, they scratched their heads and went crazy.
Now I am waiting for someone to come forward and find Levilia.
When the female ancestor brought it up, she naturally responded.
The female ancestor looked at each other with the other ancestors, and immediately left, disappearing instantly.
"I..."
The ancestor of the Baolong clan was directly dumbfounded.
"Hey, hey, wait for me! I'll just say that! I miss you more than you!"
The ancestor also immediately followed.
Everyone in Tiance Mansion: "...".
When will these ancestors leave Tiance Mansion?
This was absolutely impossible before!
Several great ancestors immediately caught up with Levilia. After seeing Levilia, everyone breathed a sigh of relief and
smiled.
But they just follow from a distance, as long as there is Levilia in their eyes.
"Isn't this all right? We follow from a distance, don't appear in front of Levilia, and don't disturb her future life!"
"Yes! We don't interfere or interfere with everything about Levilia! Once there is a danger, Levilia will solve it by himself
, If she can't solve it or encounters life danger, we will take action again!
In this way, the purpose of Levilia's experience
is achieved, and we can also protect her!"
Hearing the female ancestor said.
The others nodded.
This method is good.
"You guys just don't know how to work! I stayed for too long, and my brain is rusty! I asked, is there any harm in your
experience like this?" the
female ancestor said domineeringly.
"No! It really doesn't affect it at all!" The
ancestors smiled like children.
They would be satisfied if they could see Levilia.
Levilia not only can experience, but they can take action at any time when it is dangerous.

He didn't know that Levilia was in danger, but in Tiance Mansion, he couldn't make a move because of the distance.
"What's more, we can also travel through great rivers and mountains. It's been a long time since we haven't come out,
okay?" The
female ancestor's words are justified and there is no reason for others to refute.
…
Under the invisible protection of several ancestors, Levilia started his experience.
These are definitely the strongest bodyguards… After
Levilia left Tiance Mansion, he first went to see his grandpa and grandma.
I learned that my father had disappeared for three years, and there was no news at all.
Even the uncles like Qilin have no news at all.
Even more terrifying is that his mother became Erudia's public enemy, the world's murderer.
This made Levilia almost collapsed.
"Mom, why have you become like this????"
"And where are you, dad? Come back soon!!!"
Levilia shouted.
…
In the dark cage of the old lair of the Bible organization thousands of miles away.
Huo Yun Cthulhu sat on the ground in despair, but at this moment he seemed to see Levi Garrison move?
I don't know if it is an illusion or true.
"Sir, are you awake?"
Huo Yun Cthulhu asked quickly.
The Return of the God of War [The Protector] Chapter 2215
Huoyun Cthulhu was going to despair.
But seeing Levi Garrison moving in a daze, he instantly ignited hope.
He hurriedly called Levi Garrison.
But Levi Garrison remained motionless.
He kept calling Levi Garrison without any response.
Did you read it wrong?
Is it wrong?
I… The
Fire Cloud Cthulhu is really going crazy!
This is equivalent to breaking a pot of cold water for the Huoyun Cthulhu.
It directly extinguished his hope.
This is also the most tormenting.

The hope was ignited, and it was extinguished in an instant.
The Huoyun Cthulhu lay on the ground again, giving up everything…
His brain was blank, and he completely emptied himself…
But he was right.
Levi Garrison did move just now.
But Levi Garrison was still in a state of retreat…
he hadn't woken up yet.
But it doesn't matter to the Huoyun Cthulhu.
He is about to die here…
…
the news of the Excalibur spread all over the world, and all parties felt the pressure.
Especially the pressure of Erudia's forces doubled.
After all, the unearthed divine sword was in Erudia, and they would definitely fight for it.
But now there are too many competitors, and the big foreign powers are also rushing in madly.
At this moment, it is located in the Garrison Clan's villa in Beijing.
The first family of this once era was extremely devastated after being swept by Levi Garrison.
Especially Ye Lingtian was banished to a small town in the north, and he would never take a step forward.
Patriarch Ye Kuanglan was devastated and sickened.
When the times change and opportunities come, the Garrison Clan is still in despair.
He was even humiliated and bullied by a lot of people. He was directly removed from the big clan in Beijing and became
the object of scolding.
But no one thought… In the
third year, the ancient Garrison Clan appeared.
It turned out that the Garrison Clan scattered everywhere in Erudia came from the inheritance of the Garrison Clan.
It's just the difference between thick and light blood.
However, the Jingcheng Garrison Clan is the most orthodox line of the Garrison Clan's ancient clan, and even said they
are the descendants of the Garrison Clan's exile.
The ancient Garrison Clan is super super strong!
The legend is comparable to the Baolong clan!
As old as the Baolong clan!
There are even rumors that the ancient Garrison Clan almost became one of the Baolong clan back then!

It was just because of many reasons that the ancient Garrison Clan lost the election and did not become one of the Baolong clan…
There is a saying: The ancient Garrison Clan is not afraid of the Baolong clan in Tiance Mansion!
The emergence of the ancient Garrison Clan made Erudia tremble, and the whole world was shocked.
After the ancient Garrison Clan came out of the mountain, they went to the Jingcheng clan as soon as possible.
When they saw the desolation and decline of the Beijing clan, they almost died of anger.
Their descendants turned out to be such a waste…
So, the ancient Garrison Clan members who came out of the mountain revived the Garrison Clan in Beijing.
They swept the enemies of the Garrison Clan in Beijing, plundering resources and status.
They also gathered all the Garrison Clan scattered all over Erudia.
The ancient Garrison Clan wants to build the No. 1 power in Great Xia!
For example, Ye Lingtian, his father, who was exiled by Levi Garrison, was also summoned back to the capital.
Originally Ye Lingtian was timid, but Levi Garrison had disappeared for three years, and the ancient Garrison Clan was super strong.
So Ye Lingtian resolutely left the confinement city and returned directly to the capital.
Ye Tianlin of the Garrison Clan in Beijing and Ye Kuanglan, the nominal grandfather of Levi Garrison, had their stubborn illnesses cured one by one.
The ancient Garrison Clan transformed everyone's physique and bloodline, taught them the supreme techniques of the ancient Garrison Clan, and quickly created the ultimate powerhouse.
Especially Ye Lingtian all turned into strong people.
Those young geniuses who used to be in the Ye family got the opportunity even more fiercely.
The Garrison Clan, which has been declining for a while, has become a super giant, not to mention adapting to this era, it has also become the top existence.
The horror of the ancient Garrison Clan is not in their own strength, but in control of everything!
They arbitrarily build the Garrison Clan into the top existence.
But in fact, what the ancient Garrison Clan came out of this time was only the tip of the iceberg…

The Return of the God of War [The Protector] Chapter 2216
The core and inner details of the ancient Garrison Clan have never come out of the mountain.
This time the ancient Garrison Clan came out to lead the team by Ye Wudao, who is known as the first genius in the clan.
To put it bluntly, a young man brought a team of young people out of the mountain.
Although they are ancient races, these young people are all in their teens and twenties.
In this way, a group of young people from the ancient Garrison Clan created the top-notch position of the Garrison Clan.
Who can imagine the true background of the ancient Garrison Clan?
That was the ancient race that almost became the Baolong clan back then.
God knows how powerful it is.
There are even rumors that there is a peerless existence in the ancient Garrison Clan!
The existence that the Baolong clan of Tiance Mansion must be afraid of!
The portrait of this existence is hung in the ancestral hall of the Garrison Clan in Jingcheng.
In fact, there are many portraits hung in the ancestral halls of the Ye ethnic group in Beijing.
Even Ye Kuanglan and Ye Tianlin don't know who they are…
These portraits are so ancient, some have fallen off, and they can't be seen clearly.
But they have been hanging here…
Until now they finally understand that this is the ancestors of the ancient Garrison Clan.
These portraits are all theirs.
These portraits are their family heritage, but they don't know it.
After Ye Wudao and others arrived, they pushed Garrison Clan to the top position of Erudia in one fell swoop.
Ye Lingtian also showed off his wrist, assisting Ye Wudao to expand his territory a little bit…make Garrison Clan more
and more powerful.
Ye Lingtian regained his former demeanor and became a hero of the generation!
The same is true for Ye Kuanglan!
came back!
Everything about the Garrison Clan is back!
This is much stronger than before!
The Garrison Clan now ignores everything and develops horizontally.

Ye Wudao even said that there is no fear of Tiance Mansion and Baolong clan.
Even if something really happened, he could settle it.
Not to mention the true background of the ancient Garrison Clan, Ye Wudao alone is an open existence.
After coming out of the mountain, sweep all opponents.
There are eight or nine masters on the list of gods killed by him.
He is the one who made the biggest change in the god list!
Because he kills a strong leader, a new leader must join, and the leader must be updated.
Ye Wudao is now the top three in the gods list!
Ye Wudao was too arrogant, no one looked at him, no one was afraid.
Who do you see!
Also had a slap with the marshal Tiance!
He is very ambitious.
He threatened to wait for his father's ancestors to push all the forces before they came out of the mountain, pushing the
Garrison Clan to the first place.
The meaning is simple, he wants the Garrison Clan to be invincible in the world.
Everyone can only open one eye to Ye Wudao's arrogance.
It's too strong after all!
Not only Ye Wudao is strong, but the other young people of the ancient Garrison Clan he brought out are also strong.
No one can do anything with him!
The Garrison Clan's expansion plan is still frantically continuing.
Achieve significant results.
The Ye people held a celebration banquet.
Ye Lingtian was still showing Ye Kuanglan and the others his strength. He laughed and said, "It is not an exaggeration to
say! Even if the peak of Levi Garrison is in front of me, I can punch him to death!"
Yes, Ye Wudao gave Ye Lingtianwu Opportunity.
Ye Lingtian is also a super strong now.
Hearing this, Ye Wudao not only asked, "I haven't asked a question all the time, what about Ye Chen? In fact, his father's
generation has noticed him a long time ago! He is a rare seedling! I haven't seen him for so long. How
strong are the seedlings that can be valued by the ancient Garrison Clan?
But after hearing this question, Ye Lingtian and others trembled fiercely, and the smiles on their faces disappeared.
"Chen'er… he died early…"

Ye Lingtian said sadly.
“Huh? What’s the matter?”
Ye Wudao looked surprised.
“He was killed by my other son, Levi Garrison!”
Ye Wudao’s expression changed wildly. “Is
that Levi Garrison who drove the Garrison Clan into hell with one hand?”
He knew Levi Garrison. “Yes, it’s Levi
Garrison!!!”
The Return of the God of War [The Protector] Chapter 2217
Ye Kuanglan and others gritted their teeth.
What Levi Garrison brought to them was destruction.
It was he who drove the Garrison Clan into hell with one hand…
Without Levi Garrison, their Garrison Clan would not decay, and would not become a rat crossing the street that
everyone yelled at.
During that time, they not only failed to reflect on what they had done to Levi Garrison and Zhou Yingying.
Instead, the hatred towards Levi Garrison is getting deeper and deeper!
Especially Ye Lingtian, who had been confined to a small town for a lifetime.
Now that they are strong, their first idea is to find Levi Garrison’s revenge!
But Levi Garrison has disappeared for three years.
Is gone.
They can’t get revenge!
So everyone has never mentioned Levi Garrison.
Today Ye Lingtian mentioned by chance that he felt that he was stronger than Levi Garrison at the time.
Now all Ye people thought of Levi Garrison.
The hatred deep in their hearts was all aroused.
At the mention of Levi Garrison, each of them blushed and his neck was thick and murderous.
“How dare he kill his own people?”
Ye Wudao’s expression was extremely gloomy.
“How dare he? How did he do this kind of deceiving the teacher and destroying the ancestors, and slaughtering the
same clan?”
Ye Wudao looked savage, and the flesh on his face was trembling crazily.
For this ancient tribe, family rules are the most important.
Especially within the clan must not kill each other!
This violated the strictest family rules!

“Not only that! He also forced Ling Tian’s wife Long Aoqing to death, and single-handedly shut Ling Tian in the northern
border forever, and threw our Garrison Clan into hell…”
Ye Kuanglan and others began to count all Levi Garrison’s crimes, a dozen of them.
For they can do nothing about before everything ……
“These scum How do I Yip with the children? How worthy Yeh? Sha Shasha !!!”
“Damn! It is an outrage! Ye Where is King’s Landing? I have always heard that he is a man of the past few years! Where
has he gone?”
Ye Wudao was completely irritated.
I can’t wait to kill Levi Garrison immediately.
Ye Lingtian said immediately: “Xiaozu, I have checked that Levi Garrison, the evil child, has disappeared for three years!
Most likely he is dead! He has never disappeared for so long!”
That’s right.
Ye Wudao’s seniority is very high.
Ye Kuanglan also called Xiaozu.
“What about the people related to Levi Garrison?”
“According to the family rules, others will be responsible for the mistakes made by Levi Garrison!”
Ye Wudao revealed a vicious look.
“! Levi Garrison-Jun monarchs daughter and his mother said to-day government policy”
Leaves no way nodded: “Government policy is that known as days of top talent?”
“Yes!” “This
can not move ah, the day the government is committed to protecting policy Yes! Others can’t move!”
Ye Lingtian said humanely.
“Who said that the Baolong clan of Tiance Mansion can’t move?”
Ye Wudao’s domineering words made everyone in the Garrison Clan excited.
Does the ancient Garrison Clan really have the ability to break the wrist with the Baolong clan of Tiance Mansion?
Ye Lingtian was very smart, and immediately saw the clues from Ye Wudao’s face.
Ye Wudao said that, just to not lose face.
But it’s actually not the same thing…
It just has the strength to attack Tiance Mansion and Baolong clan.
It’s not completely crushed.

Ye Wudao was nothing more than mouth-heavy.
Ye Lingtian said immediately: "Little ancestor, it is impossible to fight Tiance Mansion for a child! We will not move this child for the time being! But we can move Levi Garrison's wife!"
"Who is his wife?"
Ye Wudao asked.
"Zoey! But she is a murderous demon now! She is even Erudia's public enemy! Tiance Mansion ordered her to enter Erudia forever, violate and kill her!"
"Zoey now ranks eighth on the gods list. !"
Ye Lingtian immediately introduced Zoey.
Ye Wudao nodded: "Well, I know her! That's fine! Levi Garrison violated the family rules, and all punishments for his family will be the responsibility!"
The Return of the God of War [The Protector] Chapter 2218
Soon, the Garrison Clan sent a message that Levi Garrison and his family would be punished with the clan rules of the ancient Garrison Clan.
And list the top ten crimes committed by Levi Garrison!
After the news came out, it caused an uproar.
Levi Garrison, the former man of the world, was pulled out.
Enter everyone's eyes again.
"Haha, let me just say it! The Ye Family won't let Levi Garrison go! It was Levi Garrison who abolished the Garrison Clan at the beginning!"
"However, Levi Garrison had disappeared for three years! Even if he reappears, he is only a medium power. ! Appearing is a dead end!"
"Hehe, I am afraid that Levi Garrison would not even dare to come out after hearing the news from the Ye family!"
…
Many people think that the reason for Levi Garrison's disappearance is actually hiding.
Because he knows that this era has changed, he is no longer the top powerhouse in this world, he is only middle, even lower.
You must know that Levi Garrison had set up too many enemies before, and countless people wanted to get rid of them quickly.
If he appears now, I don't know how many people will come to kill him.
It can be said that as long as he appears, he will definitely die.

Therefore, many people think that Levi Garrison is actually hiding and dare not come out at all.
Many people agree with this statement.
After all, Levi Garrison is also a human, knowing that he will die when he comes out, so why come out?
These people think that this time Garrison Clan sends such a news, Levi Garrison will even hide.
Just as if he died himself.
"I think so too! Actually, Levi Garrison was not dead at all, but when he figured it out, he found that the world had
changed! He is dead! He can only hide!"
Tiance Marshal also thinks so.
"Yes, even Levi Garrison has come out! It's just that before anyone recognizes him, he hides again!"
Tiance Marshal smiled, "I hope Ye Wudao and the others can find out Levi Garrison! Let Levi Garrison suffer from this
era! The whipping!"
"Yes, I also saw how the former kings survived in this era?"
Others conformed.
There are many people who have this idea.
Those who have been suppressed by Levi Garrison or robbed the limelight by Levi Garrison strongly want to see how
Levi Garrison survives in this era?
Was he hacked to death as soon as he came out, or was he chased and killed all the way to escape?
It's fun anyway!
They really don't want Levi Garrison to die, they really want him to appear alive.
...The
Dark God heard the Garrison Clan issue a warrant to look for Levi Garrison, he couldn't help sneering twice.
Levi Garrison can't get out in this life.
It's useless to tell Ye Wudao where Levi Garrison is.
Ye Wudao couldn't open the dark cage either.
"God of darkness, the Garrison Clan should be dyed against Zoey next! She is the first to bear the brunt of Levi Garrison's
absence!"
Mingxie said. Dark God said, "Plum dyed to me is no longer worth it! She has done everything that should be done in the
past three years! Everything we get now is actually made by her! In these three years, other people in our Bible
organization

She never did it ! She did it all alone!"
Hearing this, the evil gods all smiled.
All they have now and the migration of the old lair by the biblical organization are the credit of Zoey.
"After we get the
divine sword, Zoey will be completely useless !" The Dark God sneered.
"God of darkness, you say, Ye Wudao dare not move Levi Garrison's child?"
asked the god Mingxie.
Others said, "Of course I dare not! Although the Garrison Clan almost became the Baolong clan back then, the strength
is terrifying! There are legends about the super power that can make the Tiance Mansion fearful! But because of this, it
fell out with the Tiance Mansion? No? It is possible!" The
Dark God suddenly changed his
words and said , "No! He dare to be this lunatic!" "And he can move Levi Garrison's child with a reasonable reason!"
"What reason?"
The Return of the God of War [The Protector] Chapter 2219
Underworld God and others looked over.
"You have forgotten one point-Levi Garrison's child has the blood of the Ye family! It is equivalent to the descendants of
the ancient Ye family!" The
Dark God said this, and everyone immediately reacted.
Ming Road Cthulhu "If leaf leaves no way to ancient monarchs of children Yip's family by blood, he can have a legitimate
reason to move?"
"Yes! This is crazy and once on day policy on the fight over the Young Marshal Now there is a valid reason, let alone the
Tiance Mansion! He even dared to directly ask the Tiance Mansion to have
someone !" "There is only one reason-the ancient Ye family wants to take the blood and go back for training! Just this
one reason. let the day government policy embarrassed! " "
I really do not think Yip ancient tribe difficult child, such a high talent why not train? how much hatred does not fit? just
a dead leaf Chen nothing! "
Ming Road Cthulhu .
"Well, that's probably the case!"
...
That's right.
Not what the dark god expected.

Ye Wudao is going to be ready to move you.
The reason is exactly the same as the Dark God said…
He has consulted the fathers of the ancient Garrison Clan, and they all agreed.
Such family geniuses absolutely must cultivate by themselves…
so they allowed Ye Wudao to bring Levilia back.
Who said he didn't dare to move Tiance Mansion?
He dare!
…
"When will we move Zoey and Levilia, Xiao Ancestor?"
Ye Lingtian and the others already knew that Ye Wudao was going to do it.
"I am still further detailing the whereabouts of Zoey, probably near the empire where the sun never sets! As for the
whereabouts of Levi Garrison's child and mother, we have already grasped the whereabouts of Levi Garrison's child and
mother! It just happened that the child was out of customs! Currently in the Jiangbei generation!"
Ye Lingtian's ability to do things Very strong, he was doing these things right away.
This is also the reason why Ye Wudao likes him as an assistant.
"Not for the time being!"
"I need greater assurance! So wait until I get the artifact that is about to be unearthed!"
Ye Wudao said.
Everyone in Ye Lingtian was very curious.
Ye Lingtian finally couldn't help asking, "What kind of artifact is Xiaozu? Now the whole world is clamoring crazy!"
"Okay, let me popularize it for you!"
Ye Wudao smiled, "In fact, there are two artifacts! One! A sword is called Heaven Sword and Earth Sword! It is a divine
weapon refined by Erudia's ancient weapon family! Can be called a weapon of heaven and earth, don't you imagine how
terrifying it is?
This sword is better than you Any weapon you have ever seen must be strong! Even as strong as you can't imagine! As
long as you have the strength to control these two artifacts, it will be invincible!
Unfortunately, the knife has been gone for a long time, and no accident should be in someone's hands. As for the
Tianjian soon to be unearthed! How
terrible are these two artifacts? My ancient Garrison Clan and Tiance Mansion and others will also fight with

all their strength!" Everyone was amazed.
I really want to see.
Even the ancient Garrison Clan wants to fight, how terrifying is that?
"For the unearthed sky sword this time, I am bound to win! Calling you this time is to arrange the deployment of the
fight for the sky sword! Everyone listens to my arrangements…"
Ye Wudao arranged a lot of things.
Let the Garrison Clan prepare.
"My Garrison Clan will win the Heavenly Sword!!!"
Ye Wudao was looking forward to it.
Once the Heavenly Sword is in hand, he is more certain to challenge the Tiance Mansion!
Go get Levilia back!
You don't even have to rely on the power of your father's generation!
With the Heavenly Sword, he can make the Garrison Clan the real overlord.
The Garrison Clan is called the first, and no one dares to be the second.
An explosive news came from the whole world on this day-the divine weapon Heavenly Sword will be born in Erudia
three days later.
Many people went crazy when the news came out.
Nowadays, there are more and more rumors about the divine weapon Tianjian.
Blow the heavenly swords into the sky. But it really is so scary…
The Return of the God of War [The Protector] Chapter 2220
There is one person who knows how terrifying the Heavenly Sword is!
That is the dark god!
Because the earth sword matching the sky sword is in his hand.
The dark god can say that no one understands the power of the sword and the sword better than me!
Even the dark cage can be split open, do you say fierce?
"Three days later is the day when the Heavenly Sword is born! I am bound to win the Heavenly Sword! You must fight
for it with all your strength!"
"From now on, you must enter the Great Summer!"
"Especially you! You must do your best!"
Dark God looked at Zoey asked.
Today's Zoey has been honed by the Dark God into the most perfect killing machine.
She has almost no emotion, the only emotion is revenge!
In the past three years, the Dark God has been instilling revenge on Zoey.
It is true that the Lab of the Gods disappeared.

But the concept that the Dark God instilled in Zoey was that he and Zoey eliminated the powerhouses in the laboratory of the gods one by one.
During the period, the Dark God arranged a lot of powerhouses who faked the laboratories of the gods and let Zoey kill them one by one.
Make her think she has revenge.
In the end, the Dark God brought Zoey to the fake Gods Lab headquarters.
Let Zoey see the destruction of the Lab of the Gods with his own eyes!
Let her think that Levi Garrison had revenge!
This makes Zoey more convinced of the Dark God and completely reduced to a murderous machine.
Also listen more to the words of the dark god.
It is even said that Zoey only listens to the words of the dark god.
Not only that.
Dark God also instilled other enemies for Zoey!
Many people in Erudia, such as Qilin, Azure Dragon (Qinglong), Common Killer God, and Tiance Mansion, were portrayed by him as hypocritical people, and they secretly framed Levi Garrison.
There is an inescapable responsibility for Levi Garrison's death!
So these people are now Zoey's enemies!
She wanted to kill these people long ago!
Originally, the marshal of Tiance had designated Zoey as Erudia's enemy.
Coupled with Zoey's various revenge and indiscriminate killing of innocents, she is now Erudia's public enemy.
If she hadn't been found, she wouldn't know how many times she would have been hunted down.
Not only that, but some big figures from all over the world were portrayed as enemies by the Dark God, and Zoey didn't know how many he killed.
Now she is the public enemy of the whole world!
He is also the most dangerous one on the list of gods.
Everyone gets punishable!
So now it is very difficult for Zoey to send out to perform the task.
Therefore, it is of little use value for the dark god.
Now he was going to use Zoey to dye one last time, and after winning the Heaven Sword, he gave up on her.
"This time the battle for the sky sword! The hypocritical guys in Erudia will definitely fight for the sky sword! At that time, we will join hands to wipe out these hypocritical guys!" The Dark God once again used Zoey.

There was light in Zoey's eyes when he heard that all those enemies were going to go.
That is the look of revenge!
Zoey didn't doubt the words of the dark god.
Because the dark god promised her to do everything before, she firmly believed that the dark god would not lie to
herself.
"Understood! I must win the Heavenly Sword for Master, and then kill all the hypocritical enemies!"
Zoey said.
Later, Zoey, the Eighteen Dark Angels and other strong men from the Bible Organization entered the Great Summer in
advance.
The dark god left only one underworld god.
Come for his use.
"God of Darkness, you also want to enter Erudia and participate in the competition yourself?"
asked the God of Darkness .
The Dark God shook his head, "No! I can go everywhere in the world! But Erudia is the only one I can't go!"
Underworld God was shocked when he heard it, and asked in surprise, "Why?"
"Because my greatest enemy is in Erudia." Xia! I can't go to Erudia without gathering all the swords and swords!"
Dark God explained.
"Huh?"
Underworld God became more shocked. He actually saw fear in the eyes of the dark god…
The Return of the God of War [The Protector] Chapter 2221
And this feared enemy?
Dare to enter Erudia?
Underworld God was shocked.
He knows how strong this is.
In the past three years, no matter how the times have changed.
He is always at the pinnacle just like the God who controls the world.
It can be seen from his apprentice Zoey.
But now he is afraid?
It shows how terrifying Erudia's enemies are!
No wonder the Dark God cares so much about the Heavenly Sword.
It turned out to be for this reason.
"Everyone only knows that the Heavenly Sword is powerful! But I don't know that I still have an Earth Sword in my hand.

In fact, there is a secret that almost no one knows. The combination of Heaven Sword and Earth Sword is the most
terrifying artifact! One plus one is greater than two. "
The sword of the earth is the sword of the netherworld, and the elements that merge into darkness! The sky sword is
the sword of the strong sun! The elements that merge into the sun! The fusion of the heavenly sword and the sword is
the fusion of Yin and Yang that Erudia demands! That's why There will be a qualitative change!"
Dark God explained.
"So the Dark God, you got the Heavenly Sword and Earth Sword, just want to combine them! Then go to Erudia?"
Mingxie asked.
The Dark God nodded, "This is one of my goals!"
"So I will keep you, and there are future tricks! So that I must get the Heavenly Sword!" The
Dark God also ordered the Underworld God task.
...As
the day when the heavenly sword is unearthed is getting closer, there are more and more rumors about the heavenly
sword.
Among them, there is a question in the world how strong is the Heavenly Sword?
There has been no definite answer to this question.
Many people just fight blindly for...
But today there is a vivid answer.
It is the Heavenly Sword that can kill the strong blood clan, even the blood ancestors! You can also beheaded!
Because the sky sword is the sword of the sun!
Specially restrain the physique of the blood race!
The news came out.
It caused an explosive sensation.
Since Xuezu was released three years ago, the superpower of the blood race has surfaced and appeared in the world.
Many people know the extraordinary talents of the blood race.
Especially those blood ancestors are immortal and can sleep for thousands of years or even longer.
Many powerful people have tried various methods and ancient weapons and modern technological weapons, and they
can't kill the blood ancestors at all.
There is no weapon or method to restrain the blood race.
They can't kill at all.

In the past three years, the blood clan has also become a super power.
The four blood ancestors are completely awakened, and almost no one can beat them.
Now the Heavenly Sword can slay the blood ancestors, explaining to everyone how powerful the Heavenly Sword is.
So more people wanted to snatch the Heavenly Sword.
For example, the enemy of the blood clan, the enemy of the blood clan, etc. have also joined the ranks of looting.
Not only that, even the blood race also joined the ranks of snatching.
This kind of weapon that can target their physique and kill their blood ancestors must not fall into the hands of other
people.
Instead of falling into the hands of the enemy and posing a threat to the blood, it is better to seize it yourself.
So the blood race also joined the ranks of the competition.
Even some big chaebols and old financial families have all joined the competition.
Although they can't use Heavenly Sword.
But they can use the Heaven Sword as a bargaining chip to trade with others, or use the Heaven Sword to hire some
strong men.
This made the competition for the Sky Sword reach a fierce stage.
It was also the biggest dispute in three years!
Originally, Tiance Mansion thought that the Heavenly Sword was stable and would stay in Erudia.
But it's getting worse now.
The Heavenly Sword gradually became a divine weapon that opened up the world.
It seems that the whole world is fighting for it.
Various alarms have been coming from Tiance Mansion.
Unidentified elements entered Erudia…to the
east, west, and south…
one by one…
The command from the Major Tiance was not to stop them and let them in.
Blocking now is too loss of strength.
It's better to keep it and come in together.
However, the Marshal Tiance also had a plan. His purpose for doing this is simple.
The Return of the God of War [The Protector] Chapter 2222
Deliberately letting everyone in is to write down everyone's identity information as much as possible.
This is equivalent to all being under the control of Tiance Mansion.

Those who came are still strong from all over the world.
This is conducive to Tiance Mansion's control of the future situation.
After all, knowing oneself and one another can survive a hundred battles.
"What? Zoey is here? Okay, always pay attention! Don't stun the snake!"
"There is a surprise this time, not only to win the Heavenly Sword, but also to get rid of many enemies!"
Tiance Marshal smiled.
...
On the other side.
Jiangbei.
Levilia has been with grandpa and grandma these days.
Hearing that the Heavenly Sword was born, Levilia also wanted to join in the fun.
This time she came out, she was experienced.
Just take this opportunity to see if I can find clues to my parents.
So Levilia also went to the place where the Heavenly Sword was about to be born.
But she didn't take her grandma and grandparents with them anymore.
Dangerous things after all.
Levilia may not be able to take care of it, so she went straight alone.
Seeing Levilia walking alone, the ancestors in the dark all sighed, "Levilia has grown up!"
They were also more relieved.
But also depressed.
Levilia growing up means to be separated from them.
"No way, Levilia has to shoulder some of the responsibilities she should shoulder! We can only help a little, we can't
protect her forever!" The
female ancestor sighed.
The place where the Heavenly Sword came out was in the snow-capped mountains in the northern boundary of Erudia.
A place of extreme coldness.
Because the Heavenly Sword is the sword of the most yang, it is actually in this kind of yin to cold place, so it can hide
without a breath, and it won't be discovered for so long.
Otherwise, the breath of the sword of the sun would have leaked out long ago.
Therefore, the Heavenly Sword will not be discovered for so long.
If it hadn't been for a certain energy organization to excavate energy materials, they would not have found it here.
But because the sky sword is in a very deep and deep place, it is not easy to dig, so the time of excavation has been

pushed back and forth.
This time has been confirmed.
At noon tomorrow, also when the sun is blazing, the Heavenly Sword will come out.
The day before, this area was full of countless strong people.
There are countless strong people coming.
More people gather.
Many people are already fighting and killing.
After all, there are people from all over the world, and it is easy to encounter their own enemies.
The Heavenly Sword has not yet come out, and the killings continue.
A corpse was placed everywhere…
like purgatory in the world…
but the real big powers appeared at the last moment, and would never have appeared the day before.
But many have already arrived.
It's just hiding in the dark.
Levilia also arrived here the day before.
Many people saw Levilia a little girl and wanted to bully her, but Levilia beat him back.
to be honest.
This is the one who can't be bullied this time.
Secretly followed several ancestors.
However, Levilia was still smart and low-key enough to hide himself without attracting much attention.
Otherwise she will be the focus early.
At this moment, the old lair of the Bible organization, the dark cage.
The Huoyun Evil God has passed out.
He couldn't live on such a life as good as death. After all the torture, he let go of himself and died.
Has been fainting for a long time.
His breath dissipated a little bit.
It was different from Levi Garrison's breath dissipating.
He is losing his vitality, and when he loses his breath, Huoyun Cthulhu will also die.
"Boom!"
But at this moment, Huo Yun Cthulhu suddenly felt a terrifying energy fluctuation.
He was immediately awakened in a fainted state.
Soon he knew where this energy fluctuation came from…
Levi Garrison next to him!

At this moment, Levi Garrison is like a round of hot sun, that terrifying energy is getting stronger and stronger, just as
the sun is getting closer and closer to the Huoyun evil god, and the heat is getting more and more terrifying… My God! !
!
The Return of the God of War [The Protector] Chapter 2223
Huo Yun Cthulhu felt that he was about to be melted by this terrible energy.
He couldn't bear it at all!
If nothing is guarded, he will disappear immediately.
Huo Yun Cthulhu was stimulated by this energy, and he also recovered.
He hurriedly used all his best to resist the terrible energy fluctuations emanating from Levi Garrison's body.
what happened?
What's wrong?
In the past two years, Levi Garrison's breath of retreat has become weaker and weaker, and in the end he has no breath.
Like the dead monk.
Huo Yun Cthulhu would not wake up no matter how he called, he would be Levi Garrison dying.
But how could such a powerful energy burst out of him at this time?
Incredible!
Is there any hope?
Is his retreat going to end?
But it was too late for him to think, and terrible energy bombarded him.
It directly made his throat sweet and full of bruises.
Huoyun Cthulhu was stunned!
This is just a breath overflow, it is such a terrifying energy fluctuation.
It is no exaggeration to say that Levi Garrison is like the sun.
The aura exuding from his body turned into terrible energy and burned and melted Huoyun Cthulhu.
"Ah!!!"
Huo Yun Cthulhu felt his body's skin cracking, his body's organs were about to explode, and his soul was about to be
pulled away.
He felt the extreme pain.
Huoyun Cthulhu was actually considered a two-year retreat.
Much stronger than before.
Now he does everything he can to block this energy fluctuation in actual combat.
"Puff!"

Although he was struggling to resist, the blood overflowed in the delicious food, more and more.
"Ah!!!" The
pain is getting stronger and stronger, and the soul will be torn apart.
The Fire Cloud Cthulhu used the strongest defense in his life to resist this energy fluctuation.
But he screamed louder and louder, and the blood was getting more and more, and there were wounds on his body.
…
Huoyun Cthulhu has never received this kind of death threat in his life.
But this is just the energy fluctuation of Levi Garrison's body.
If his real energy escapes, how strong will it be?
have no idea.
Anyway, the Huoyun Cthulhu must instantly shatter, turning into nothingness…
even a scum could not be left.
Unimaginable horror!
Huoyun Cthulhu's whole person was trembling, he was terrified, really terrified.
Levi Garrison's whole body is getting hotter and hotter, as if the sun is about to press on the Huoyun Cthulhu.
What Huoyun Cthulhu didn't know was that earth-shaking changes had taken place outside the dark cage.
Red lightning raged in mid-air, making terrible sounds.
It's as if the world is angry.
"Ah!!!"
Huoyun Cthulhu screamed hysterically.
His body is about to explode!
He is dying.
He actually wanted to die all the time, and finally let go of himself.
But now that he felt the energy fluctuations in Levi Garrison's body, he felt hopeful again.
He doesn't want to die!
He wants to live!
But the scorching energy in front of him tore him to pieces.
"Ah!!!"
At the moment when Huoyun Cthulhu's body exploded, all of the energy suddenly retracted, all of it retracted into Levi
Garrison's body.
In an instant, the pressure on Huoyun Cthulhu disappeared.
At the moment of life and death, the Evil God Huoyun was rescued.
"Huh! Huh!"

He gasped and gasped…
He had died once… At
this time, he saw Levi Garrison who was closed shut suddenly opened his eyes, and his eyes seemed to have lightning
lingering, as if The stars reversed and the universe shattered.
What kind of look is that!
This look seemed to penetrate his soul!
powerful!
too strong!
It's so outrageous!
This experience is unprecedented!
Transformed!
He felt Levi Garrison's transformation.
There was an ethereal aura on his body, as if it merged with everything in the world.
That feeling is very, very strange.
This feeling has only been experienced in Master Levi Garrison…
"Mr., your retreat is over?"
Huo Yun Cthulhu asked excitedly.
"Hmm!" Finally there was a response.
The Return of the God of War [The Protector] Chapter 2224
With this response, the Evil God Huo Yun waited for two years.
Finally heard Levi Garrison's voice.
Levi Garrison opened his eyes and stood up after speaking.
"It's been more than two years!"
Levi Garrison sighed.
The Fire Cloud Cthulhu rekindled hope and looked at Levi Garrison excitedly.
Judging from the breath that had just escaped, he was full of confidence in Levi Garrison.
"Sir, can you open it?"
Huoyun Cthulhu's voice was obviously trembling.
Levi Garrison smiled, "I'll try!"
"Stand behind me!"
Hearing the words, the evil god of fire cloud stood behind Levi Garrison.
"Boom!"
He smiled, raised his fist, and blasted out a flat punch.
But this seemingly ordinary punch has the power to surpass the limit of time and strength!
Unpretentiousness is the highest state!
This is Levi Garrison's pursuit of ultimate speed and strength for two years of retreat!

This punch seemed ordinary, but it was Levi Garrison's answer sheet for more than two years of retreat!
"Buzzing…"
Huo Yun Cthulhu's ears heard the trembling sound of time and space, feeling the terrible fluctuations, and this punch
actually became progressively stronger.
There was a wave of anger!
Huo Yun Cthulhu found out in shock that Levi Garrison's fist hadn't hit the wall yet.
The wall felt the terrible energy spread, and it was deformed and recessed in it.
This deformation is getting more and more severe!
"Boom!"
Until Levi Garrison slammed up, Huoyun Cthulhu's ears were deaf, his eyes were blurred, and his brain consciousness
was blank.
This punch seemed to beat the world into a state of chaos.
Let Huoyun Cthulhu's soul pull away…
When Levi Garrison slammed it down, lightning raged in the air outside.
"Crack!!!" It
broke.
The wall in front of Levi Garrison and Huoyun Cthulhu shattered!
Exploded!
The metal wall immediately outside was all shattered!
Levi Garrison's vision widened.
"Boom!"
"Kacha Kacha…" The
entire dark cage was shattered inch by inch, and in the end, the entire dark cage was blown to pieces.
There is nothing left.
With Levi Garrison's punch, the world collapsed and the sun and the moon reversed.
The dark cage was directly destroyed.
Although there is a device for transforming energy between the two metal walls of the dark cage, most of the power you
play will be transformed, and the metal wall will not be hurt at all.
However, this conversion device also has an upper limit. When the upper limit is reached, there will be energy that
cannot be converted.
Even the transformation device will explode…
Now Levi Garrison's punch is too powerful!
Strong enough to shock the world!

Directly exceed the upper limit and tolerance of the conversion device. "Kacha!" The
instant transformation device burst into pieces, directly turning into nothingness.
If the transformation device fails, then the two metal walls are directly bombarded by force.
Therefore, all the power of Levi Garrison's punch hit the two walls, which caused the two walls to burst.
With Levi Garrison's punch, the red blood cloud outside was directly dispersed.
The complex mountains also split in the middle.
The dense fog not far away was all dispelled… With a
punch, the place of purgatory was beaten into a blue sea and blue sky!
This is Levi Garrison's current strength!
The dark cage that the Dark God could only open with his powerful strength and the magical sword was blasted open by
Levi Garrison.
fear!
Horrible!
The Huoyun Cthulhu did not respond for a long time.
It feels like the soul is separated from the body…
He died again.
*Too f*cking strong.*
How can there be such a strong person?
Although Huoyun Cthulhu had seen Levi Garrison's master, he had even seen his shots.
But Levi Garrison was not as shocked!
He even thinks that Levi Garrison is stronger than his master now.
The Fire Cloud Cthulhu lay on the ground, breathing heavily, feeling the blue sky and white clouds.
It's been a long time!
The outside world is so good! Levi Garrison also looked up to the sky and yelled, "God of darkness, you can't hold me
down! I'm Levi Garrison out!!!"
The Return of the God of War [The Protector] Chapter 2225
Levi Garrison was trapped for so long for the first time.
More than three years!
It feels so good to see the sun again! ! !
Huo Yun Cthulhu laughed and looked at Levi Garrison and asked, "Mr. What is your current strength?"
Huoyun Cthulhu only knows that this dark cage is difficult to break, but he doesn't know how terrifying it is.

Levi Garrison shook his head, "I don't know, but I know I am strong! I feel like I can punch the world through with my full
punch!"
"This stuff can't hold you down, I don't know how strong you are!"
Huoyun Cthulhu was amazed.
Suddenly Levi Garrison and Huoyun Cthulhu looked at each other.
They realized a serious problem-where did the Dark God and the people from the Bible Organization go?
Why is there no news?
Just now he almost knocked the world down with a punch. Why didn't the people of the Bible organization move at all?
unusual.
"Go, go take a look!"
Levi Garrison and the evil god Huoyun immediately rushed to the castle of the Bible organization that had already
destroyed half of them.
After the two entered, they found that there was no one here.
There are no gasping creatures!
"Mister, judging from the various traces, no one here has been for a long time! It seems that a large-scale migration has
occurred!"
Huo Yun Cthulhu said after observing.
Levi Garrison's eyes lit up, "The probability is that the Bible organization has gone to other places, and we are
abandoned by the dark god! It is estimated that he thinks I will not submit to him! It is like a dark cage, keeping me in my
life!"
Levi Garrison quickly analyzed. The reason why the Bible organization left.
"But you didn't expect it? I came out!"
"Let's go! Let's go back!"
Levi Garrison couldn't wait to go back.
More than three years.
How is your family member?
How are you brothers?
He was very anxious.
Where did Zoey go by the Bible organization.
Anxious to death!
...
Here, Levi Garrison broke the dark cage.
If it had been some time ago, the Dark God would have foreseen it.

It was during the period when Huoyun Cthulhu went mad, he felt it, and he left something behind.
But now he has completely abandoned the dark prison.
In his concept, Levi Garrison can't come out forever, and this dark cage has no value anymore.
Throw it out like garbage!
So now even if Levi Garrison smashed the dark cage and turned this world of purgatory into a blue sea and blue sky, the
Dark God hadn't noticed it at all.
He thought that Levi Garrison could never come out.
…
Levi Garrison and Huoyun Cthulhu rushed all the way.
…
There is still one night before the birth of the Heavenly Sword.
The depths of the ice field in the northern boundary of Great Xia were full of people, and there were battles everywhere,
killing them so dimly.
And at the highest point of this snow-capped mountain range.
Almost half of Tiance Mansion, Kunlun Industry, and the powerhouses they belong to have already arrived.
The remaining half are lurking around in advance.
Although the strong from all over the world have come to grab it.
But after all, this is Erudia, the home of Tiance Mansion.
The Marshal Tiance must deploy everything in advance.
"Not only the Tiance Mansion, but the Baolong clan, I also mobilized the strong to help out! There are also the top ten
powers of Erudia. Except for the Ye Wudao of the Garrison Clan, I have contacted the other nine powers! Let's work on
the Heaven Sword. Stay in Erudia!"
Marshal Tiance smiled.
Commoner to kill God they nodded "Yes ah, big summer forces on you, for me up! Sword long stay in the big summer
you can!"
"No, although the words to say! But Sword fall into the hands of others, Can you rest assured? Owning the Heavenly
Sword will become the biggest threat! It is easy to be overwhelmed!"
"Especially if Ye Wudao of the Garrison Clan gets the Heavenly Sword, he will not put the Tiance Mansion in his eyes! Let
him take it! At that time, Erudia will have a bloody storm! Even it is difficult for us to stop him! I gave him a palm, I know
his strength!" Tiance Young Marshal began to give an example.
The Return of the God of War [The Protector] Chapter 2226

Many people nodded, "Yes, yes! If this leaves no way to fall into the hands of the Sword this madman! Put aside the
country of honor, the Sword greater threat in the hands of such a person leaves no way!"
"Yes , top ten forces big summer seems to cooperate with us, in fact, each dismal! Sword into the hands of these people,
the disaster will be endless! even we may not be able to stop! "
Ma Godhead days of government policy "Yes! To put it bluntly, the Heavenly Sword is both righteous and evil! Some
people have it in the hands of a
divine weapon to protect the people! But in the hands of Ye Wudao these people, it is an evil weapon that can be
charcoal!" How to define it? We don't know! Maybe Ye Wudao won't be a threat, but a blessing. I don't know this!"
"But the danger definitely exists! But we don't know where the danger comes from! We can only start from the source.
Put an end to everything!" The
Marshal Tiance glanced at everyone, and echoed, "The best way to put an end to everything is to control the Heavenly
Sword in our hands! This is the most correct way!" The
four great generals also said, "Yes!" To put an end to this danger! Let's control the Heavenly Sword in our own hands!"
Kirin (Qilin) Azure Dragon (Azure Dragon (Qinglong)) and Common Killing God were both stunned.
Obviously, it was the Marshal of Tiance who wanted to take the Heavenly Sword as his own, but he said it so highsounding.
But having said that, if the Heavenly Sword was in the hands of Major Tiance, it would be good.
At least the Tiance Marshal received the Heavenly Sword without causing disaster, and even more able to protect
Erudia.
So they won't say anything.
Support the marshal of Tiance to get the sky sword!
"But the marshal! There are too many forces robbing the sky sword this time, especially the masters like clouds! Are we
really good?"
Kirin (Qilin) asked.
"Yes, not to mention the big foreign forces, even Ye Wudao is very difficult to deal with! We are not sure, are we?"
Azure Dragon (Azure Dragon (Qinglong)) asked a sharp question.
Most strong people sighed.
Correct!

Not sure!
Especially Ye Wudao once had a slap against the Marshal Tiance!
Did not pay attention to Tiance Mansion in the slightest.
Not to mention so many other forces.
Even some horror guys who have been hidden from the world are here.
As a result, it is even more uncertain.
It's not that you can win it if you want to win the Heaven Sword!
This requires strength!
For everyone's questions, the young marshal Tiance and the four great gods all smiled mysteriously.
"You may not know that three years ago, the marshal was in danger and came out of retreat! He had been in retreat
somewhere before this!"
others explained.
Kirin (Qilin) quickly reacted, "
Could it be this place, right?" Tiance Marshal nodded, "Well, I have been retreating here before! But at that time I didn't
find the Heavenly Sword here! But I should have been affected by the sky. The nourishment of the sword!"
"This place is my father, that is, the god commander Tiance brought me to retreat! He
probably knows that the heavenly sword is here! But in order not to cause confusion, he didn't tell me!" "It should be
me who left the customs. Let this loose, and let the resource-mining team discover the existence of the Heavenly
Sword!"
...
"So that's it!" Then
everyone understood what was going on. Marshal Tiance smiled, "I retreat in this place for too long, no one is more
familiar with this place! Coming here is like coming to the world under my control! So I have an advantage over anyone!
Anyone, I Don't be afraid! Including Ye
Wudao and his like!"
"Plus your assistance! The Heavenly Sword must be ours!"
When he came to the place where he had been in retreat for a long time, the young master Tiance had a mystery of selfconfidence.
Heavenly Sword is bound to win!
"In addition, Zoey and his ilk will come! Kill them all at that time, and leave none!" A brutal touch flashed across the face
of the young marshal Tiance.
The Return of the God of War [The Protector] Chapter 2227

Others smiled, "I'm afraid it's killing Zoey, we can't get involved!"
Tiance Marshal nodded.
He knew that Ye Wudao and Garrison Clan would definitely kill Zoey.
It is not their turn.
Even Zoey is Erudia's public enemy, Erudia's top ten forces want to get rid of them quickly.
Killing Zoey will also add reputation to yourself.
Everyone wants to fight for this reputation.
therefore.
You really have to line up to kill Zoey!
Major Tiance has deployed everything. He wants to control the field and control everything.
This evening, everyone could already clearly feel the sun aura of the Heavenly Sword, and it was gradually sweeping
here.
It is obviously deep in the ice field, but everyone can't feel the cold.
It's weird.
Countless forces came quietly that night, and bloody battles continued.
The next day.
The day when the Heavenly Sword was truly unearthed is here.
One big force finally came.
The Garrison Clan, who claims to be the first force, is here.
Headed by Ye Wudao stood high, ignoring sentient beings, and didn't put anyone in his eyes.
The Garrison Clan powerhouse behind him is also coming menacingly.
Today, for this heavenly sword, he is also bound to win.
Immediately afterwards, the major forces appeared one by one.
Especially the ten top forces in Erudia, all came one by one.
These ten top forces, except for three, are directly ancient races, and they become the top in one fell swoop.
Most of the rest are the same as the Garrison Clan, with the support of the ancient clan or the big figures behind it,
which pushed the original clan to the top.
For example, Lin Haotian, the former royal family in Beijing, was still Zoey's righteous husband at the time.
Now people behind these families have emerged and pushed to the top in one fell swoop.
Of course there are new top forces emerging!
There are also alliance forces formed by uniting the powerful from all sides.
This force includes Levi Garrison's acquaintances-Shura God of War, Fan Shengnan and so on.

After this era comes, martial arts families with good foundations are more likely to take off and become popular.
Shura God of War and Fan Shengnan also got various adventures and became the top powerhouses in this world.
They even jointly prepared the Great Xia League.
Ranked among the top ten forces in Erudia!
It can even be said that among the top ten forces, the Great Xia League is the most threatening to Ye Wudao.
But once Ye Wudao had the Heaven Sword, the top ten forces would no longer be a threat.
Subsequently.
The imperial organization appeared.
This is the first to take its place after the disappearance of the laboratory of the gods.
All aspects are similar to the Lab of the Gods.
Focus on science and technology, own the top technology, and master super powerful power and economy.
Soon after, Sanxing Group also appeared.
They have also developed very quickly, with Maya Industry as their backing, and they have become the world's top
power in one fell swoop.
Representatives of Maya Industry also appeared immediately…
the great powers from all over the world appeared one after another…The exclamation continued.
Seeing such a strong person appear.
Many people feel cold.
Everyone originally came for picking up the leaks, what if they fell into their own hands?
But now that so many powerhouses have turned out, they have no chance at all.
It can be said that this time when the Heavenly Sword was born, nearly half of the powerhouses in the gods' list came.
How to play this?
Does anyone else have a chance?
impossible!
"Wow…"
"Look at it!!!"
…
Suddenly the atmosphere in the court changed drastically, and everyone exclaimed.
It turned out that the four blood ancestors of the blood clan came together.
Their arrival has scared many people.

After all, the Heavenly Sword is a weapon that can restrain them.
They will definitely come to snatch it!
"Look! The devil Zoey! She is here?"
Then someone saw Zoey appear.
One after another exclaimed. Zoey has been too famous in the past three years, and her appearance caused an uproar.
The Return of the God of War [The Protector] Chapter 2228
The other strong men of the Bible organization did not appear with Zoey.
They are all hiding in the dark.
After all, the Bible organization has not come forward in the past three years.
They used to be extremely low-key, and no one paid attention to them except the Lab of the Gods and Levi Garrison.
Even now, few people know about the Bible organization.
Now they attract attention with Zoey, and then the rest of the strong will attack together.
As soon as Zoey appeared, most of the forces in the field were very angry.
Most of the forces have an unshakable hatred with Zoey!
So when I saw her, I always braved the anger to the sky.
I can't wait to dye the plums and get cramped.
In the past three years, the Dark God used plum dye to kill too many people, and set up one enemy after another.
It can be said that Zoey is the one who has established the most enemies in this era!
These people could not wait to kill her immediately when they saw her.
"Xiaozu! Zoey is coming!"
Ye Lingtian and the others immediately looked at Zoey.
Ye Wudao glanced at Zoey, "Okay! I know! After getting the Heaven Sword, I will be the first to offer her the sword!"
"You look good, absolutely can't let her leave!"
Ye Wudao exhorted again. sentence.
In fact, most of the forces present are the same.
I want to kill Zoey.
Some wanted to kill Zoey after getting the Heavenly Sword.
Some wanted to kill Zoey in the process of snatching the Heavenly Sword.
…
But everyone's purpose is very unified-except for fighting for the Heavenly Sword, killing Zoey.
"Zoey, you are finally here! This time you still want to snatch the Heavenly Sword? You will definitely die!"
Tiance Marshal stared at Zoey closely. "Have I said that if you enter Erudia, I will kill you!" You asked for it! Today, you

can't live without Erudia!"
Wen Lei and the others looked complicated.
It is really embarrassing for them to face Zoey!
Isn't it killing?
Not letting go!
It is very difficult for public and private…
will they kill Zoey later?
Or help her escape?
Nothing works!
Zoey did not speak.
It just so happened that she didn't plan to go out alive today.
She wants to kill all the remaining enemies…
at a glance, they are all hypocritical enemies!
kill!
Kill all!
Help Master get the Heavenly Sword again!
She is also worth it!
"Mom…"
Levilia in the dark looked excited when he saw Zoey.
She almost yelled out loud.
If it hadn't been for the deep cultivation in Tiance Mansion these years, I was afraid that the moment Levilia saw Zoey
would have been unable to control it.
She can now see that there is obviously a problem with Zoey.
And she is going out to meet Zoey, and I guess I will cause a lot of trouble.
She wants to control it.
I'll talk about it later.
This embarrassed the ancestors in the dark.
"What to do? If something happens to Levilia's mother later, should we take action?" The grandfather
asked a sharp question.
"This…" The
other ancestors were also stunned.
They are very embarrassed due to their identity and overall consideration.
"We only look at Levilia's safety, other people have nothing to do with us! Only when Levilia is in danger will we take
action! This is the rule that we negotiated after we came out! It cannot be broken!"
someone said.
"But this is Levilia's mother. If something happens to her, how sad Levilia will be?" The
grandparents shook her head. "

Yes, Levilia is in danger, we must take action! Even the ancient Garrison Clan can't!"
"Well, well, understand!"
Everyone nodded.
The principle cannot be changed!
Others had an accident, even if Levilia cried loudly, they would not act.
The strong stepped out and surrounded this place tightly, everywhere.
Next, the Zhiyang breath became more and more
pure, and the Heavenly Sword was about to come out…
The Return of the God of War [The Protector] Chapter 2229
On the other side, Levi Garrison and Huoyun Cthulhu crossed all the way.
Walked past the place where the Eighteen Dark Angels took them.
This road is deserted.
Basically nothing has changed from three years ago.
But when they came near Kangaroo Country, Levi Garrison and Huoyun Cthulhu knew that the world had changed
drastically in the past three years.
There are too many strong people.
The kangaroo country, which was originally suppressed by the blood ancestors and helpless, is now full of strong people,
everywhere.
Levi Garrison's current perception is a bit exaggerated, and he has reached the point of insight into everything.
He closed his eyes to perceive.
As if the whole kangaroo country was in his perception.
Especially energy fluctuations can't escape his perception.
Every person and every creature emits so much energy.
Levi Garrison judges whether he is strong or not based on the amount of energy.
With this perception, he knew that this era had changed.
There are too many strong people.
Perhaps the self three years ago is really nothing in this era.
It is estimated that there is nothing I can do when encountering some things.
But three years later, when the whole world was in great development, Levi Garrison became stronger faster, reaching a
situation that no one could imagine.
Continue to shuttle in Kangaroo Country.
Levi Garrison and the two also encountered some short-sighted people who came to pick things up.
But without Levi Garrison's action, the Huoyun Cthulhu would be able to clean them up.

“Speaking of which, this kangaroo country still owes me a kindness! There is a chance that they will come back!”
Levi Garrison’s grievances were clear.
Remember these.
Soon, after getting in touch with something.
Levi Garrison and they learned about this era seven or seven eighty-eight.
Knowing that it was the day when the Heavenly Sword was born, all parties gathered.
He knew more about Zoey.
“I’m afraid this is the conspiracy of the Dark God! He originally wanted to hone me into a killing machine, right? But later
failed for various reasons! Even imprisoned me in the dark cage did not succeed!”
Levi Garrison probably knows everything.
Huo Yun Cthulhu also said angrily, “This man is damned!!!”
“Go, go to Erudia!”
Levi Garrison rushed towards Erudia with Huoyun Evil God .
…
“Before the birth of the Heavenly Sword, I will only say a word! It doesn’t matter if everyone competes with each other!
But if anyone threatens Erudia at all, I will definitely kill the Tiance Mansion!”
Tiance Young Master said coldly.
After listening, everyone began to wait.
“Kacha Kacha…” The
ice sheet began to shatter in a large area.
A wave of scorching aura bombarded straight into the sky.
Roads of dull thunder came in mid-air.
The Heavenly Sword is coming out.
Everyone already felt the domineering aura of the Heavenly Sword.
Too strong, too strong.
Excited, nervous.
Everyone is looking forward to it.
“Boom…”
After the mountain shook, the ice sheet completely collapsed, and the hot breath erupting from the sky sword instantly
evaporated all the water.
The heavenly sword in the depths is finally about to see the sun again!
“Coming out! Coming out!”
At this moment, everyone was crazy, jumping into the collapsed pit to compete for the heavenly sword.
Zoey rushed out first.

It turned into a streamer and disappeared instantly.
"Do you still want to fight for the Heavenly Sword?" The
voice fell, and the strongest jumped into the big pit one after another.
In addition to the Garrison Clan, the top ten forces in Erudia also jumped in.
The emperor's organization;
Maya industry;
Sanxing Group;
... all the
four blood ancestors also rushed down.
Not only that, the strong people who have been hiding in the dark for a long time can't stand it anymore.
One by one jumped into the big pit, for fear of lagging behind others.
The young marshal of Tiance who controlled the field made all the strong under his command ready.
Together with the major powerhouses of Kunlun Industry, they are also guarding everywhere.
This is his world, and the Marshal Tiance must firmly control it.
On the other side, Ye Wudao didn't rush.
"The first one won may not be able to take away the Heavenly Sword! I'll wait until they get tired before taking the
shot!" Ye Wudao arrogantly glanced at Young Master Tiance.
The Return of the God of War [The Protector] Chapter 2230
In each other's eyes, they are rivals.
Others, although the world's major forces are strong, half of the powers of the gods have come.
But neither of them paid attention to it.
The biggest threat is at the end.
Hundreds of thousands of people jumped into the deep pit where the ice sheet collapsed.
The pit is about three kilometers deep.
It stands to reason that the lower it gets, the colder it gets. People are instantly frozen into popsicles, and the depths of
two to three kilometers are even more cold than you can imagine.
But now it gets hotter as it goes down, as if approaching the sun.
Soon, everyone has seen the dazzling light from below.
Heavenly Sword! ! !
Zoey has seen the Heavenly Sword!
"Boom!"
Zoey rushed to grab the sky sword.
But the scorching heat from the sky sword repelled her burns.
Looking at the hand that was burned and unable to recover for a while.

Zoey was shocked.
“Chi!”
“Chi!”
“Chi!”
... the
other strong men went to grab the Heavenly Sword, but they were all burned.
It’s not close at all.
It is impossible to approach within tens of meters around the sky sword.
In particular, the Heavenly Sword also restrained the blood race. When the four great blood ancestors approached, the
sun’s breath of the Heavenly Sword was even more terrifying to the blood ancestors’ burns.
The four blood ancestors let out a scream.
shocked!
Almost everyone was dumbfounded.
He couldn’t even get close to the sky sword, let alone take the sky sword.
...
Then there were continuous attempts by the strong, but they were all burned by the aura of the sky sword and forced to
retreat.
And the aura of the sky sword is getting stronger and stronger!
If the Heaven Sword is taken away forcibly, it is estimated that it will be torn apart by the Sun Qi of the Heaven Sword.
This is equivalent to an indiscriminate attack, which no one can bear.
“I understand! The Heavenly Sword has been sealed here for too long! If the sword is unsealed today, the breath is fully
opened! This is also the strongest moment of the Heavenly Sword! We can’t bear the breath alone!”
someone said.
“Then what do we do? Do you wait
until the heavenly sword’s breath becomes weaker before taking it?”
“Yes, that’s all! Wait until the heavenly sword’s
breath becomes weaker! You can force the heavenly sword, unless it is stronger than the heavenly sword! No one can!”
...
Zoey started to worry.
In any case, she has to get the heavenly sword for her teacher.
At this moment, a figure appeared next to her.
Underworld God!
Before the Dark God sent almost all the strong men of the Bible organization, only the Dark God remained.

Because there are other uses.
Now is the time for the evil god to manifest its role.
He handed plum a special glove dyed.
This glove is made by the Dark God absorbing the dark to gloomy air current of the earth knife.
Specially used to take away the Heavenly Sword.
The dark god who owns the earth sword knows the sky sword better than anyone else.
To take away the Heavenly Sword, Zoey's level of power must rely on this glove to eliminate the sun's breath of the
Heavenly Sword.
Only in this way can I get the Heavenly Sword!
After Zoey reacted, he immediately put on his gloves and grabbed the sky sword.
"A fool? Want to shake the Heavenly Sword hard?" When
everyone saw Zoey grabbing the Heavenly Sword, they all thought she was crazy, and she was going to be shattered by
the sun's breath of the Heavenly Sword.
When the sun's breath of Tianjian hit Zoey, the gloves came into play.
The dark to yin breath erupted, yin and yang merged, and the deterrence of the sky sword was useless in an instant.
In the shocked eyes of everyone, Zoey pulled out the Heavenly Sword.
"Ah? This!"
Everyone looked incredible.
Zoey did it?
"Withdraw!"
Zoey rushed to the ground after receiving the order.
"Don't let him run! Don't let the heavenly sword fall into her hands!"
Everyone gradually reacted and immediately chased them.
There are also some people who block Zoey.
"The one who stops me will die!"
Zoey directly used the Heavenly Sword.
The Heavenly Sword's Sunshine Sword Qi blasted out, and the crowd blocking in front of him directly turned into blood
mist.
Know that these people are strong.
"The Heavenly Sword is terrifying!" Everyone was shocked by the power of the Heavenly Sword.
The Return of the God of War [The Protector] Chapter 2231
The power of the Sky Sword was heard and imagined before.
But this time everyone intuitively felt the power of the sky sword.
The dozen or so strong men who blocked Zoey just now.

If Zoey didn't have the Heavenly Sword, it would take at least ten minutes to kill.
With the Heavenly Sword, Zoey killed more than a dozen people with a single sword.
This is so delightful.
It also became more and more determined that everyone was determined to grab the Sky Sword.
In a small space, battles continue.
Everyone is crazy the same.
However, Zoey held the Heavenly Sword and was secretly protected by the major experts in the Bible organization, and
step by step, he slew out of the cave.
Zoey became more and more proficient in using the Heavenly Sword, and his power became more and more amazing.
The Heavenly Sword reached Zoey 's hands, which directly raised her to a higher level.
This is still the case without integration.
If you can really use the Heaven Sword, the power can be imagined.
All parties can attack and snatch again and again.
But no benefits were obtained.
The four blood ancestors were even injured by Zoey .
...On the
ground.
Marshal Tiance and Ye Wudao were all waiting.
There are even hundreds of powerful people waiting in the dark.
They rushed in without a single brain.
Anyway, the first one to rush in, may not be able to take away.
Also look at the timing...
Marshal Tiance and Ye Wudao stood at the entrance of the cave. They looked at each other and smiled and said, "Guess
who can take the Heavenly Sword out?"
"It's not Zoey , right?" The
two guessed at the same time that it was Zoey .
"Boom!" The
next moment, Zoey rose to the sky.
"Sure enough! Stop him!"
Tiance Marshal and Ye Wudao jumped up at the same time, and they each used a punch to forcibly bombard Zoey .
Zoey was forced to flee.
The four great generals, the strong man of Tiance Mansion, Kunlun Industry and the strong man arranged by the young
commander of Tiance took action together.

The strong Garrison Clan also shot.
They stubbornly stopped Zoey , blocking her escape route.
See the sky sword in Zoey ‘s hands.
At this time, the remaining strong men who were hiding in the dark couldn’t bear it anymore, and they all came out one by one.
Dyeing away at the plum.
Soon, those strong men who jumped into the depths of the ice sheet also rushed out.
The scene was chaotic for a while.
Thousands of powerful men are fighting each other.
Although the Heavenly Sword is a hot potato, Zoey will definitely attract the strongest attack when holding it.
To put it bluntly, they are all mobs.
I want to get it myself, everyone has an idea.
Thousands of powerful people rob things together, not a united force.
All individuals!
For a while, Zoey was really helpless.
It’s so cool to let Zoey kill with a heavenly sword in his hand!
Knowing that I can’t leave for the time being.
So Zoey seeks revenge from the “enemy”.
Killed all at once…
Ye Wudao, Tiance Marshal, these are also fighting on their own.
I feel that there are enemies everywhere, and I can’t kill them at all.
Not to mention touching the sky sword in Zoey ‘s hands.
…
“Strong! It’s worthy of being the Great Summer Sword comparable to my Dongdao Demon Sword Village Masaru! Strong enough!”
Several figures stood on the top of the mountain in the distance.
The young man headed praised.
He is a strong man from the East Island.
It only appeared in the past two years.
It is the representative of the ancient forces on the East Island!
He has a demon sword that is comparable to Erudia Tian’s sword, Mura Masa.
He is extremely terrifying!
Top three on the god list!
He was actually here long ago.
It’s just that when he came to Erudia this time, he didn’t come to fight for the heavenly sword, but just wanted to see the power of the heavenly sword.

There are still a few strong men like him.
They are all observing in secret, just want to see the power of the sky sword.
Levilia is also observing in secret.
Zoey is not in danger, she will not take action.
"Let Tianjian leave first!" At
this time, the strong man of the Bible organization wanted Zoey to take Tianjian away. They bludgeoned a hole…
The Return of the God of War [The Protector] Chapter 2232
Now all parties are fighting, it seems that the strong are like clouds, but they are not united and have different ideas.
Therefore, the biblical organization can easily open a hole.
Zoey glanced at the "enemies" and resolutely turned and left.
Upon seeing this, the Marshal Tiance exclaimed, "Everyone is not the time for us to fight each other! We should unite
and take back the Heavenly Sword from the Devil Head! Let's fight for us again!" The
Marshal Tiance said. With this, everyone responded with one hundred responses.
"Yes! The Heavenly Sword can fall into anyone's hands! But it must not fall into Zoey 's hands!"
"Everyone first take the Heavenly Sword from Zoey 's hands!"
"All of us must unite a little bit and kill Zoey first ! Sword of Heaven!"
…
