Even Ye Wudao responded to this suggestion, "Attention, everyone, there are Zoey 's companions helping us! We can't
fight anymore! We will run away if we fight Zoey !"
" Go!" "
Together!"
…
joined together.
Except for Zoey 's side, the rest were basically teamed up.
Thousands of powerful people together pressed Zoey to dye them.
The pressure of plum dyeing increased immediately.
Despite the blessing of the Heavenly Sword, he could face too many powerful people at once.
She gradually lost support.
The biggest threats to him are Ye Wudao and Tiance Marshal.
These two outsiders want to come, but they won't cooperate anyway.
But at this moment, they even joined hands.
This is probably what the Dark God never expected.
He expects everything and arranges everything well.

Only did not expect that these two will cooperate together.
“Boom!”
“Boom!”
…
Ye Wudao and Tiance Marshal attacked Zoey one after another.
“Puff!”
Although Zoey is super powerful, he can face both of them attacking at the same time.
Suffered instantly.
“Hey!”
He was injured by the four great generals of Tiance Mansion again, and the Heavenly Sword in his hand flew out
instantly.
Immediately, thousands of strong men rushed over.
I saw the corner of Tiance’s mouth raised, and he smiled mysteriously.
At this moment, thousands of powerhouses suddenly felt the aura in this area changed.
They felt heavier than Wanjun coercion, and their actions and shots were restricted.
The combat effectiveness is greatly reduced.
All are limited.
“Hahaha…” The
Marshal Tiance smiled.
This was once his retreat place, he was familiar with everything, and he could control the area here.
This is his world, he can control everything.
Even Ye Wudao was restricted.
A step slower.
“Pop!”
The Major Tiance grabbed the Heavenly Sword in his hand.
Others still want to fight, Tiance Mansion, Kunlun Industry and Erudia’s top forces are all guarding Tiance Marshal.
They are also willing to guard the Kirin (Qilin) Azure Dragon (Qinglong).
They just saw scenes of killings.
This Heavenly Sword is just like something unknown, it can cause too many killings.
Might as well be in the hands of the marshal of Tiance.
It’s okay to satisfy his selfish desires.
At least he can be stronger and protect Erudia better.
“You…”

Ye Wudao didn't expect to be restricted in this place, he stared at Young Master Tiance angrily.
"Hahaha, you guys think too much! The heavenly sword is my Erudia! No one wants to take it away! This place is my
retreat, no one is more familiar with this place than me! No one here will be my opponent !" The
marshal Tiance laughed.
Everyone was silent now.
Although everyone wants to get the Heavenly Sword.
But just now, the marshal of Tiance's control over here was felt by everyone.
In addition, there are too many people guarding the marshal of Tiance.
There is really no way for a while.
Suddenly, the Marshal Tiance looked at Zoey and said loudly, "The first thing I did when I got the Heaven Sword—
Slaying the Devil Zoey !" What
Zoey did not expect was that the other members of the Bible organization had slipped away quietly.
Abandon her here alone.
"Agree! Kill Zoey first! We'll talk about the Heavenly Sword later!" Ye Wudao was the first to stand up and support.
The Return of the God of War [The Protector] Chapter 2233
"Zoey 's husband, Levi Garrison, violated the house rules of my ancient Garrison family! When Levi Garrison
disappeared, Zoey took over the family rules! I punish Zoey in the name of the ancient Garrison family, and die!"
Ye Wudao shouted.
At this point, he is not in a hurry.
Although Major Tiance had control over this place, the strength of the others was greatly reduced.
But how could everyone give up the fight for the Heavenly Sword.
Marshal Tiance is invincible in this place.
But he can't stay here all his life, right?
There is always time to leave, right?
As soon as he left, the Heavenly Sword could compete again!
It's better to kill Zoey these people at this time…
"I also support it!"
Erudia's top ten forces stated one after another.
Even if some forces have something to do with Zoey , they all expressed their opinions.
"Agree!"
"Agree!"

……All the
major forces on the scene expressed their opinions and killed Zoey first.
After all, the two purposes of coming here this time-Tianjian and Zoey .
"Kill Zoey !!!"
…
Tens of thousands of people in the field shouted to kill Zoey .
"Well, that's the case! I will sacrifice the
Heavenly Sword with her blood!!!" The Tiance Marshal yelled.
The heavenly sword in his hand seemed to resonate with a humming sound.
A terrible atmosphere of destruction permeated the audience.
Make everyone feel tight.
Is this the Heavenly Sword?
greedy!
Everyone is greedy!
Feeling the breath of the Heavenly Sword, Ye Wudao's eyes were almost shining!
"Zoey ! I will kill you with the Heavenly Sword today! To wash away your accusation!"
Tiance Marshal raised the Heavenly Sword to kill Zoey .
At this moment, Zoey was only slightly injured, and she still had the strength to fight.
After all, she is eighth on the god list!
Facing the swift attack from the young marshal of Tiance, Zoey fought hard.
Show everything that the Dark God taught her.
The powerful strength made everyone present stunned, even Ye Wudao squinted his eyes and re-examined Zoey .
Obviously Zoey is more terrifying than everyone thought.
Most of the people present wanted to get rid of it quickly, and wanted to kill the eighth on the gods list to improve their
reputation.
But now that Zoey 's true strength was revealed, everyone was dumbfounded.
Zoey was finally underestimated.
This woman broke out, she was invincible!
It is even stronger than holding a heavenly sword!
At that time, she just relied on the aura of the sky sword to oppress, her own strength did not show off.
Now it broke out completely.
"It's hard to kill this woman…"

Ye Wudao finally knew why Zoey had been listed as a devil, but he was still alive.
She is too strong.
Few people can kill her!
Other people think the same way.
If it is one-on-one, it is very difficult for Tiance Marshal to kill Zoey in a short time.
But the problem is that Marshal Tiance got the Heavenly Sword!
Moreover, he had been in retreat here for a long time before, nourished by the heavenly sword to the sun.
He has a certain connection with Tianjian.
It is easier to use the Heaven Sword than everyone present, and it is easier to use the power of the Heaven Sword.
Seeing that Zoey was so strong, the Marshal Tiance was resisting stubbornly.
He is also angry!
What he is practising is the Zhiyang technique, and his Zhiyang Zhenqi is surging like a sea.
Combined with the sword of the sun, it was like a god descending into the world for a while, killing all quarters.
One after another Zhiyang Jianqi swept Zoey .
As a disciple of the Dark God, Zoey practiced Zhiyin techniques and learned dark killing techniques.
But facing Tianjian and Tiance Marshal was restrained.
"Boom!" As
soon as the Heavenly Sword came out, Zoey was immediately burned by Zhiyang Jianqi.
The marshals of Tiance used sturdy moves with big openings and closings.
Zoey was directly suppressed, vomiting blood one after another.
"Boom!" With
another wave of swift and violent offensive, Zoey was directly blown out.
There were lots of scars all over his body. "Everything should be over!"
The Return of the God of War [The Protector] Chapter 2234
Zoey was beaten until he lost his temper, and had no strength to defend and fight back.
Lying there, can only wait for the arrival of death.
She has given up.
There is no hope of survival.
All her companions have given up on her.
The moment the Marshal Tiance obtained the Heavenly Sword, the Dark God ordered everyone in the Bible organization
to evacuate, no longer participate in the fight, and gave up Zoey alone.

Her value is gone.
… The
young commander of Tiance laughed. After using the Heavenly Sword, he felt that he was an omnipotent killer!
Invincible!
unstoppable!
Everyone also saw the true power of the Heavenly Sword!
This brought the combat effectiveness of the Tiance Marshal to an unprecedented height.
Ye Wudao began to look greedy.
Others are also greedy.
Even if you die, you must fight for the Heavenly Sword!
Can not give up.
"Zoey go to death!!!"
Tiance Marshal waved his heavenly sword and slashed at Zoey .
Zoey has closed his eyes.
In addition to these hypocritical enemies, the enemies who really killed Levi Garrison were also wiped out.
The Lab of the Gods was also destroyed.
She can feel relieved to see Levi Garrison below.
Heavenly Sword's edge is revealed!
To tear the plum dye.
Everyone started cheering.
The devil is finally dying.
The eighth of the god list has fallen.
Everyone is here to watch the excitement.
Wen Lei, Zhou Nanyan, and Kirin (Qilin) wanted to make a move.
But the four great gods will wait for the strong of Tiance Mansion to control them tightly.
Don't give them a chance to save people.
"Sister-in-law!!!"
Kirin (Qilin) and the others were desperate!
They watched Zoey going to die…
but because of the fact that Zoey was a devil, they were actually a bit hesitant.
It's right to protect Levi Garrison and his family.
But Zoey are all sinners, and all are public enemies of Erudia.
…
This is the root of their contradiction!
Tiance Mansion wants to finish everything today.
The Heaven Sword in his hand will never stop.
In despair.

“Boom!”
Suddenly a majestic blast came and hit the sky sword.
“Da da da…”
Tiance Young Marshal stepped back again and again, and cracks came one after another under his feet.
His face was unbelievable.
There are people who can push him back?
The same goes for everyone else present.
I don’t believe that someone will save Zoey at this time…
Kirin (Qilin) and the others showed a touch of joy, but they were also looking for who made the shot.
“Who?” the
marshal Tiance shouted.
Even Zoey is looking for who saved him?
At this time, a small figure appeared in everyone’s eyes.
A child? ? ?
Everyone was dumbfounded when the child appeared.
Can children come out of this place?
Or is it the kid who forced the retreat of Tiance Marshal?
Horrible!
“Levilia? What are you doing here?” The
young marshal Tiance recognized Levilia at a glance, and he thought that Levilia had gone to a far place after training.
I didn’t want to run here.
Levilia glared at him, did not speak, and went straight to Zoey .
“Mom!”
Zoey was taken aback first, and then he hugged Levilia in his arms.
“Levilia…”
She was honed into a killing machine, and it was true that she almost wiped out all emotions.
But it’s not that the six relatives don’t recognize it, you know it naturally.
The audience was shocked when the Tiance Marshal said the identity of Levilia.
“It turned out to be an unparalleled young genius in Tiance Mansion!”
“I heard that the young genius of Tiance Mansion had come out to practice! I didn’t expect it to be true!”
…
Ye Wudao carefully looked at Levilia “This Is it Levi Garrison’s child?”
Ye Lingtian and the others also had a difference, “They are all grown up like this?” As
soon as Levilia appeared, Tiance Marshal frowned, “What are you doing here? Go back! This is not your right place to

come. Yes!"
Levilia appeared, it is difficult for him to start.
He was also afraid of the ancestors behind Levilia.
Even if he is now in charge of Tiance Mansion, these ancestors would not listen to him at all. Maybe he came, and
people will save face.
The Return of the God of War [The Protector] Chapter 2235
Levilia shook his head stubbornly, "No! Mom can't die! Levilia won't let her die!"
"You…" The
Tiance Marshal became more embarrassed.
Do you really want to attack Levilia?
Will the ancestors behind her agree?
"Do you know how big a mistake your mother made? How many people did she kill? How much blood did she have on
her hands?"
asked Tiance Marshal.
Levilia shook his head, "My mother must have been framed! She is not such a person! What's more, I don't care about
anything else, I only know that there is me, my mother can't die!"
The ancestors in the dark were still worried.
The scene they expected still appeared-Levilia will eventually make a move.
If there is chaos in the future, do they really want to take action?
…
"Hahaha… really laughed at me! This female devil's daughter is the first genius of Tiance Mansion?"
"It turns out that Tiance Mansion is the training base of the Demon Head! It really laughs me to death! High-sounding
hypocrisy Tiance Mansion of Tiance Mansion!"
"Tiance Mansion, are you trying to protect this female devil?"
… For
a while, everyone shouted, which made Tiance Mansion's face completely lost.
Have something to do with the devil.
What a shame.
But in this way, Zoey will kill even more!
Use this to clean up the face of Tiance Mansion!
"Don't bullshit! This child has been disconnected from the outside world since joining Tiance Mansion! How is her
mother and what does it have to do with her? What does it have to do with my Tiance Mansion?"

“I declare it again! This female devil? She must die today! The Heavenly Sword in her hand must cut her head! No one
can stop it!”
The Marshal Tiance immediately stated his position.
“Haha, this kid is stopping, do you dare?”
“Don’t dare! Don’t you dare to do something with her?”
everyone laughed.
“What can’t I dare? Dare to stop me from killing Zoey , and die!”
Tiance Marshal was angered.
He just took a step, Levilia stopped in front of him, “If you want to kill my mother, first defeat me!”
“Boom…”
A terrible breath came out of Levilia, covering the audience.
Everyone has a tight heart.
Marshal Tiance felt unprecedented pressure!
This kid seems to be better than plum dye!
No wonder several ancestors would let her go down the mountain to practice.
It turned out that she had enough strength to let her out.
fear!
The young commander Tiance looked solemn.
Before Levilia appeared, he was the first genius in Tiance Mansion.
Now Levilia has snatched his fame, if it weren’t for her to be a child, Tiance Marshal would have wanted to try.
It wasn’t until today that Marshal Ce realized that he had despised it before, thinking that it was because the child
hadn’t taken it seriously.
But now I find that this kid is too strong!
“Major Tiance, do you dare to kill her! Slay Zoey again?”
…
Everyone began to encourage the marshal of Tiance.
But in the face of Levilia, Tiance Marshal did not do anything.
Even the four great gods were silent.
If they were known to the ancestors for their action against Levilia, they would not know how miserable they would end
up!
Dare not!
There was no action at Tiance Mansion!
“Hahaha… Don’t you dare?”
Everyone laughed.
At this time, Ye Wudao signaled everyone to be quiet.

He said coldly, "Now this child is preventing the Marshal Tiance from killing the devil! After all, this child belongs to the
Tiance Mansion! They are forgiven for not doing
anything ! Now we have to help!" "I'll help you. Give this child to me! It just happened that her father violated my
Garrison Clan's house rules! I also punish her! You come to kill Zoey !"
Ye Wudao stood up.
Marshal Tiance smiled.
This crisis was finally lifted.
He can't do anything to Levilia, but others can!
Ye Wudao directly killed Levilia fiercely. All of a sudden, he entangled Levilia and thoroughly exposed Zoey to the
marshal of Tiance.
The Return of the God of War [The Protector] Chapter 2236
The ancestors in the dark also became anxious, their hearts hanging in their throats.
They don't want to care about the situation of plum dyeing, and they don't want to know.
But Levilia's every move affects their hearts.
Everyone was nervous to the extreme, watching the battle between Levilia and Ye Wudao in horror.
Ye Wudao knows that Levilia is powerful, so his shot is a fierce move, and he won't have any reservations.
Levilia can only come up with real things to parry.
And she wants to protect her mother, so she is fully capable of fighting.
…
Looking at the super battle between Ye Wudao and Levilia.
Everyone was shocked.
This kid is so strong?
Hardly shake Ye Wudao this great god!
The whole world knows how strong Ye Wudao is.
But the child didn't let the wind fall in the slightest, which surprised everyone.
When she was fighting Ye Wudao, she could still faintly consider Zoey , which was even more shocking.
Even the Marshal Tiance stared at him for a while.
As expected of several ancestral religions, so strong?
According to this posture, Levilia can single him and Ye Wudao at the same time.
"Why are you still stunned? Go and kill Zoey ?"
Ye Wudao reminded dissatisfiedly.
The marshal Tiance who reacted immediately killed Zoey .

But Levilia went crazy, and after he forced Ye Wudao back, he blocked him in front of Marshal Tiance.
The terrible combat power is simply suffocating!
shocked!
unimaginable!
There is such a powerful force in this small body?
Worthy of being the unparalleled genius of Tiance Mansion!
…
The ancestors in the dark showed gratifying smiles.
I finally saw the side of Levilia's growth.
"Don't look at whose apprentice it is!" The female ancestor looked proud.
… For a while, Levilia blocked the joint attack of Ye Wudao and Major Tiance.
Of course, the young marshal Tiance had restrained himself, and he didn't dare to really attack Levilia.
He can't bear the anger of several ancestors!
…
"Hurry up, too! Take action together!"
Ye Wudao shouted.
Ye Lingtian, the powerful Garrison Clan, reacted and all killed Levilia.
Ye Lingtian understood everything in an instant.
Ye Wudao helped the young marshal Tiance stop Levilia and let him kill Zoey .
But the main reason was that Ye Wudao wanted to capture Levilia in order to coerce Tiance Mansion into surrendering the Heavenly Sword.
Just now how important Levilia is to Tiance Mansion, everyone sees it… a madman who is as strong as Tiance Marshal, he who doesn't put anyone in his eyes, he dare not see this child. Started, the entire Tiance Mansion was misfired.
It can be seen how high is the status of this child in Tiance Mansion?
Once she is captured, then the Marshal Tiance will have to change, or if not, he will have to change.
This is the best opportunity!
Whoever gets this child is equivalent to getting a heavenly sword.
Ye Lingtian sighed, as expected to be Ye Wudao, his mind turned so fast.
I'm afraid that even the Marshal Tiance didn't react, right?
After the strong Garrison Clan shot, he directly blocked Levilia.
…The other major forces also saw clearly the purpose of the young commander of Tiance one by one.

Understand the truth that the Heavenly Sword can be obtained by capturing Levilia.
"Let's go too! We must catch this kid!" The
other masters were all crazy, and began to join the battle group to attack Levilia.
They want to capture Levilia.
At a time, thousands of people attacked one king.
Now, no matter how strong Levilia is, there is no way to care about plum dyeing.
She cannot protect herself.
Ye Wudao and the others also became nervous.
Originally, he wanted to capture Levilia by himself, but this kid was too strong and really couldn't catch him for a while.
It's all right now, everyone has reacted.
It is difficult to catch Levilia now.
The Young Master Tiance also reacted, and the purpose of this group of people was to capture Levilia and exchange the
Heavenly Sword in his hand.
But he reacted slowly.
Forget it, kill Zoey first, right?
The marshal Tiance kills Zoey with a sword in his hand.
Stabbed with a sword!
"Puff!" The penetrating voice came, and the audience was shocked.
The Return of the God of War [The Protector] Chapter 2237
Shoot a bloody dart!
Zoey was pierced by the sky sword.
This time she didn't have any obstacles, letting the sky sword pierce in.
But the right shoulder was pierced, blood gurgling.
"Boom!"
Suddenly, Zoey 's eyes burst out with two rays of light, and a palm shot the Marshal Tiance out.
"Puff!"
Tiance Marshal was beaten to vomit blood.
He was shocked.
Zoey , who was dying, suddenly broke out of this kind of strength?
This is too scary!
The others present were also stunned.
Zoey 's fighting power exploded and was shocked.
"Too enchanting! The family is so strong! It used to be Levi Garrison! Now it is his wife and children's turn!"
"If Levi Garrison is still alive! I guess he will be ashamed to death? After all, he is too weak in this era. That's it! Two

women are required to protect!"
"But now Zoey is about to die, and Levi Garrison's backers are gone…"
"One thing to say! If it doesn't happen, Levi Garrison will be able to come back in this era. Live well! Such a strong wife
and children can protect him! He has no worries in his life!"
…
This is everyone's evaluation of Levi Garrison's family.
Even several ancestors think so.
If Levi were here, this home would be Levilia and Zoey .
He is the protected role.
They saw the power of Levilia, but now Levilia is facing the attack of thousands of powerful people.
Among them, there is no lack of super powers like Ye Wudao, and she has suffered too much pressure.
Worried!
nervous!
If Levilia has something good or bad, several ancestors are afraid that they will not forgive themselves in this life.
They stared carefully, for fear that Levilia would be hurt a little bit.
Everyone was so nervous that they sweated, their fists clenched tightly.
If Levilia's life is in danger, they must act at any time.
As for Zoey , they ignored it.
Life or death has nothing to do with them.
…
Levilia saw that his mother was injured, and roared to get away from the people in front of him.
But after all, there are too many strong people, she is helpless.
Levilia was crying, while fighting…
Zoey broke out terrible fighting power at the last moment, even going to fight back.
However, this also angered Marshal Tiance completely.
Soon Zoey couldn't stand it.
A sword was hit in the body, but it was not pierced.
"This…this is…I recognize it! This is the platinum armor that was excavated from the Dead Sea ruins in the Western
Continent last year! It is the invincible armor of the ancient Western race emperor, you can't wear anything!"
"Sure enough ! Horrible! Even the edge of the sky sword hasn't been torn apart!"
…
Seeing the platinum armor worn by Zoey , everyone was stunned.
This platinum battle armor is a defensive artifact.

Countless people competed last year, but they didn't expect it to be in Zoey 's hands.
This is an artifact that has been ranked top in the past three years!
Amazing defense!
The battle armor known as the number one defense!
There is still no weapon that can break this armor!
Now that the Heavenly Sword is facing the most defensive artifact, everyone is looking forward to the sparks that will
come out of each other.
Even the attention of several ancestors has come a little.
They were also shocked by this defensive artifact.
"Really?"
Tiance Marshal sneered.
The sky sword in his hand continued to swing.
"Clang!"
"Clang!"
... The
Heavenly Sword and the Emperor's Armor collided fiercely.
After three times.
"Kakcha!"
"Kakcha!"
"Kakcha!"
...There were
cracks in the emperor's armor!
"Bang!"
Finally, under the bombardment of the sky sword, the emperor's armor was completely shattered.
Zoey flew out completely.
This time she couldn't stop it anymore.
He vomited blood and was seriously injured…
"Is this the Heavenly Sword? The defensive artifact is broken!" "I must have the Heavenly Sword! The Heavenly Sword is
terrifying! I must get it!"
The Return of the God of War [The Protector] Chapter 2238
crazy!
Completely crazy!
It can be said that these people are all the same as being in a demon.
Was stunned by the terrifying strength of the Heavenly Sword.
All eyes revealed madness!
There are even a lot of people who are determined to die!
Even if you die, you have to get a heavenly sword!

To put it bluntly, almost everyone is now bewildered by the Heavenly Sword.
Heavenly Sword is also good and evil.
But now in this situation, the Heavenly Sword has enchanted everyone.
How to get the sky sword?
That must be to capture Levilia and force Tiance Mansion to surrender the Heavenly Sword.
This group of people attacked Levilia more frantically.
One by one was confused.
Can't stop it.
Zoey was also shocked.
She actually wanted to counterattack just now, killing the Marshal Tiance and fleeing.
This emperor's battle armor is her secret trump card and will not be used until the last moment.
In her expectation, the Heavenly Sword would not be able to split the Emperor's armor for a while, or even unable to
split it.
But I didn't expect the power of the sky sword to be so terrifying!
Her plan was shattered.
In fact, this dark god has known for a long time.
He dyed the Emperor's Armor for Zoey , and he knew the Heavenly Sword. He withdrew, obviously the Emperor's Armor
could not stop the Heavenly Sword.
The terrifying power of the Heavenly Sword is frightening.
Not only was it bewildered to everyone present, but even several ancestors couldn't help but sigh, "If it weren't for the
son of the handsome man, I would want to participate! This Heavenly Sword is too terrifying!"
Female ancestors sighed, "In fact, you have not really felt the power of the Sword! The man was in the hands of God
really block to kill God, Buddha kill the Buddha!"
"Really horrible!"
On the surrounding mountains, as well as The powerful people who watched the battle in the dark were all shocked by
the power of the heavenly sword.
Especially a genius from Dongdao, a smile appeared at the corner of his mouth, "Well, I can be the opponent of Demon
Blade Muramasa!"
These great abilities did not participate in the competition.
Either he has a comparable artifact in his hand, or he is afraid of showing up.

The horror of the Heavenly Sword greatly increased the confidence of the Young Master Tiance.
After he wanted to kill Zoey , he immediately went to help Levilia.
Can't let the plans of Ye Wudao succeed!
"Zoey , how can you hide this time?" The
marshal Tiance stabbed.
Zoey grabbed the sky sword.
But the Heavenly Sword was piercing her body bit by bit.
Zoey watched Tianjian's edge approaching him.
She was helpless.
This time there is really no post-recruitment.
"Mom!!!"
Levilia roared at this time.
"Puff!" At the
risk of serious injury, she abruptly opened a hole.
After a few tricks behind him, he vomited blood.
She is injured! ! !
For a long time, everyone wanted to capture her, so they didn't use their full strength, so Levilia was not seriously
injured.
But this time, in order to save Zoey , she gave it up.
Although Levilia was seriously injured, she finally rushed to Zoey and saved her life.
"Daughter!!!"
Zoey saw Levilia's injury, and his frozen heart seemed to have a heartbeat.
In addition to revenge, she has other feelings.
Seeing Levilia was injured, her heart hurts…
"Levilia!!!"
Seeing Levilia was injured, the female ancestor almost rushed out.
"Wait! Wait a minute! Levilia is in danger of life, we will shoot again! Now it is actually the best experience for Levilia!"
The
other ancestors rushed to her.
Of course others are also very anxious.
"Furthermore, these people don't dare to kill Levilia! They want to capture Levilia for the Heavenly Sword! We basically
don't need to shoot!"
You ancestor said.
The great ancestors began to look worriedly.
"Take it!!!"
Everyone is crazy now.

Only Levilia in the eyes!
Nothing else!
"Kill! Kill!"
A group of people rushed up.
Ye Wudao wanted to make a living.
In order to capture Levilia, he deliberately killed Zoey .
I wanted to attract Levilia to capture her…Ten
thousand people acted together, and the scene was chaotic for a while.
"Get out!!!" Suddenly there was a roar in the air.
The Return of the God of War [The Protector] Chapter 2239
"Buzzing…"
This sound was like thunder, and there was a trembling sound in the air, as if the whole world was trembling.
"Boom!" There was
even a terrifying force, like a Taishan palm pushing the ten thousand strong on the court away from Zoey 's mother and
daughter.
Including Ye Wudao and Tiance Marshal, as well as the four great blood ancestors, were all pushed away for at least a
hundred meters.
Incredible! ! !
Everyone in the audience looked incredible!
What kind of existence can virtually force tens of thousands of superpowers back?
What kind of amazing combat power is this?
unimaginable!
At this moment, not only the parties concerned were shocked.
Even the various powerhouses who observe in the dark are dumbfounded.
Including the genius from Dong Dao who was holding a demon sword, Muramasa…
and the super-powerfuls who hadn't shown up in the dark, were all shocked.
"This…what's the situation? When did the powerhouse emerge?"
"When did it appear? Where? Why don't I know?"
…
Everyone was surprised.
I only saw everyone being pushed away, but didn't see where the shot was…
Except for them, even the ancestors who were observing secretly were completely stunned.
When Levilia was in extreme danger, and they were hesitant to make a move, someone made a move.

But this person doesn't even know where the ancestors are, let alone see how to shoot these…
"Hiss!!!"
They all sucked in cold air.
fear!
so horrible!
They couldn't judge the strength of this person for a while.
They asked themselves if they could push back the tens of thousands of powerhouses in an instant when they went up.
I can't do it!
…
Levilia and Zoey were both stunned.
I thought it was a mortal situation, but I didn't expect someone to come out to save them?
who is it?
"Boom!"
At this moment, a figure fell from the sky, shaking with a big earthquake.
Everyone looked over.
It's just that he wears a mask.
He couldn't see his face at all.
The person, of course, is Levi Garrison.
He wanted to come out to save people directly!
It's just that Huoyun evil god handed him a mask for him to wear.
The reason is simple-now that the times have changed, Levi Garrison's sudden high-profile announcement is not
necessarily a good thing.
Secondly, he came out directly, the Dark God and his former enemies (because of the use of taboo techniques).
There is another one-Zoey is the public enemy of Erudia and even the world. Levi Garrison will show up directly to save
him. The problem is not easy to deal with!
Therefore, wearing a mask can avoid a lot of troubles.
Everyone understood when they saw people wearing masks.
This strong man is unwilling to show up!
Levilia and Zoey are both dumbfounded.
They don't know who is in front of them?
From his body, he could not feel a trace of the temperament of King's Landing at all.
After all, after three years of retreat, Levi Garrison completely transformed into another person.
The previous breath is gone.
There was an ethereal feeling all over the body now…

as if he didn't exist, and as if he was everything in the world.
"Who are you? Why are you blocking us?"
Ye Wudao was not afraid at all and asked Levi Garrison.
Levi Garrison didn't answer. He swept around and saw many acquaintances-Ye Lingtian, Ye Kuanglan and so on.
In this era, they all came out and acted as monsters again?
"I'm talking to you, didn't you hear it?"
Ye Wudao yelled frantically.
Marshal Tiance also said, "Senior, I don't know where you are? But now we are killing a big demon! I hope you don't interfere, please let me go!"
Although he doesn't know who is in front of him, you can give He feels like a peerless expert.
"Get out! Get out quickly!"
"We're not only going to kill this woman, but also to catch the child in exchange for the Sword!"
"Yes, everyone rushed to the Sword!"
"Who stopped dead!"
…… group People are like crazy.
The Return of the God of War [The Protector] Chapter 2240
Everyone stared at Levi Garrison with scarlet eyes.
No matter who he is?
As long as he blocks the way.
Then kill without mercy!
Heavenly Sword!
For the Heavenly Sword!
Everyone has a heavenly sword in their minds.
Marshal Tiance was silent.
What he has to do now is to kill Zoey Baojun.
Indirectly is to protect the Heavenly Sword!
…
Ye Wudao even urged everyone, "Attention, everyone, if you want to get the Heaven Sword, you must get rid of the person in front of you!"
"Kill, kill!!!!"
…
Everyone is as crazy, Qi Shouted together.
Enchanted!
They are crazy!
Everyone is lost…
even though the sky sword is the sword of the sun!
But at this time, it is evil!

It confuses everyone's mind, drives everyone crazy, makes the world flow into rivers of blood, bones into mountains…
What is this not evil?
If the Heavenly Sword is not unearthed, these problems will not exist.
"Heavenly Sword! Heavenly Sword! You are all crazy for the Heavenly Sword!"
Levi Garrison exclaimed dissatisfied.
"Boom!" As
soon as the voice fell, he turned into a flash of lightning and appeared in front of Major Tiance.
Levi Garrison grabbed the Heavenly Sword.
The marshal Tiance reacted and wanted to block Levi Garrison.
But he was empty.
His hands were even more empty, and the Heaven Sword was gone.
speed!
Levi Garrison's speed was unexpected, he transcended a limit, and was beyond the cognition of the young master of
Tiance.
Obviously it seems slow, he can react, he can block it.
But it happened to be half a beat slow.
This is the peerless expert.
The most terrifying thing is-this place can be controlled by the marshal of Tiance.
In the place where he retreats, everyone is restricted, and he can't exert his full strength at all.
All aspects are greatly discounted, even Ye Wudao and his ilk are no exception.
But after encountering Levi Garrison, nothing worked.
Levi Garrison ignored everything, and easily grabbed something from the marshal Tiance.
With such a flash of effort, the Heavenly Sword was in Levi Garrison's hands.
"Buzzing…" After the
Heavenly Sword reached Levi Garrison's hands, it began to tremble, becoming more and more intense, making a sound.
"Boom!"
"Boom!"
"Boom!"
…
the terrifying aura of the Heavenly Sword seemed to be completely released, and the aura of dying began to erupt.
Everyone felt a killing intent of destruction!

That is the fear from the depths of the soul!
Everyone was forced to retreat.
Everyone feels that if the Heavenly Sword at this moment releases its sword aura, it is estimated that everyone will be
beheaded.
Correct!
That's right!
Everyone present!
Including Ye Wudao and his ilk could not stop the horror of this sword!
The real power of the Heavenly Sword was urged!
"This…"
Everyone was shocked.
"I…"
Ye Wudao swallowed fiercely as he stepped back.
The current Heavenly Sword was when the murderous aura was the heaviest, and he also felt a little scared.
Young Master Tiance was even more dumbfounded.
Why did the Heavenly Sword get into Levi Garrison's hands, it was completely aroused, and it truly showed horror.
The sky sword in front, although terrifying, felt that everyone present could control it.
But after the terrifying power of the current Heavenly Sword came out.
I feel that no one can control it!
Including Tiance Marshal and Ye Wudao.
The breath of the sword can hurt them!
…
A group of powerful people in the dark also said, "Sure enough, the Heavenly Sword can be used by the Great God! Only
then can it exert its true power!" The
ancestors were also discussing.
"Did you see it? The sky sword in the hands of a real strong man is like this! I saw that person use it back then, it was so
terrifying!"
said the female ancestor.
"Do you think this person is just for the Heavenly Sword?"
An ancestor said.
"Yes! He may not be here to save people! He is for the Heavenly Sword!
The Heavenly Sword can exert its greatest
power in his hands!"
Everyone immediately reacted.
But they all misunderstood Levi Garrison.
Levi Garrison did not get the Heaven Sword to get it, but to… destroy it!

The Return of the God of War [The Protector] Chapter 2241
"It turns out that he didn't save people! He came for the Heavenly Sword!" At
this moment, everyone thought so.
Even Levilia and Zoey think so.
I thought it was to save them.
Now it seems that they are here to snatch the Heaven Sword…
Young Master Tiance and Ye Wudao are also dumbfounded.
Came to grab the Heavenly Sword?
Now that the Heavenly Sword is exerting its true power in his hands, this is definitely to grab the Heavenly Sword!
Everyone thinks so.
And Levi Garrison was too invincible.
Now that he has the Heavenly Sword, he is even more invincible. How can other people fight?
…
"Buzzing…"
The trembling of the sky sword became more and more intense.
The breath is getting more and more terrifying, covering the sky and the sun, covering every corner.
excited!
In the eyes of everyone, the Heavenly Sword was in Levi Garrison's hands, feeling the strength of the strong, it was
excited.
This is equivalent to a resonance!
The Heavenly Sword is just like a human being, and it truly reaches the hands of someone who can control it.
Can you not be excited?
But how do you know that Heavenly Sword is not excited, it is scared.
Because it felt a kind of suppression!
…
"Since the Heavenly Sword makes blood flow into a river, and the souls are charred! Return the artifact? It is an evil
thing! What do you keep this evil thing for?"
Levi Garrison shouted.
Holding the sky sword in his left hand!
His right hand stretched out two fingers and tapped on the body of the sky sword.
"Ding!"
With a sound, everyone lost their ears and their brains went blank!
It seems that everyone is deaf, and the brain is shattered.
"Om!"

A mushroom cloud that can only be formed by the explosion of a super weapon rose in the air.
A terrible shock wave dispersed.
Destroy all the protruding things around in an instant…
horror!
Terrible!
But the most frightening thing was that everyone saw that the Heavenly Sword instantly shattered under the knock of
Levi Garrison's two fingers, and cracks appeared.
"Kacha!!!" In
the end, the Heavenly Sword fell apart and broke into dregs…
Nothing!
The Heaven Sword is gone like this!
The Heavenly Sword was knocked off by Levi Garrison's two fingers…
Crazy! ! !
Everyone is crazy at this moment! ! !
This!
It is definitely the most shocking and terrifying thing they have seen in their entire life!
none of them!
Someone actually smashed the world's most powerful artifact, the Heavenly Sword, with two fingers…
this, this, this…
terrifying!
Unspeakably powerful!
This is completely beyond everyone's cognitive concept.
When everyone was still thinking about how to snatch the heavenly sword and let the heavenly sword exert greater
power.
Someone can destroy the Heavenly Sword…
This is unimaginable!
What kind of strength does this have?
The first person in history, right?
Zoey 's mother and daughter were dumbfounded, and
Ye Wudao was dumbfounded.
Marshal Tiance was dumbfounded.
…
Everyone is going crazy.
Everyone who was observing in the dark also had numb scalp, which was about to split.
hiss!
This…

this is not a question of whether it is strong or not.
This is a question of a higher latitude! ! !
Is he not a human? ? ?
No matter how the current times change, how many ancient races have emerged, and to what extent has modern
technology and gene technology developed.
But this level has never been seen before.
Various organizations have made evaluations, and at present, the Heaven Sword is the number one artifact.
Unstoppable!
The Heavenly Sword in the front also showed a terrifying side, easily tearing Zoey 's body's first defensive artifact, the
Emperor's Battle Armor.
But now the Heavenly Sword was broken with two fingers.
If everyone hadn't witnessed the whole process of the birth of the Heavenly Sword, they would have thought it was a
fake just now.
How could the Heavenly Sword be knocked off by two fingers?
Not to mention that no one believed it, that is, no one believed everything that was there and witnessed.
dream!
Everything is so dreamy!
Everyone is like dreaming…
not real!
Everything is too unreal!
Don't talk about these people, the Huoyun Cthulhu who knew Levi Garrison's strength was going crazy.
*"f*ck???? This f*cking??" This Heavenly Sword is more fragile than the dark cage…*
The Return of the God of War [The Protector] Chapter 2242
But in fact, it is not a question of who is fragile with the Dark Cage and the Heavenly Sword!
It is because of Levi Garrisonqiang!
Terribly strong!
"Grumbling…"
The ancestors in the dark swallowed wildly, shocked by the scene in front of them.
At first they felt that Levi Garrison still had the power to fight.
But after the sword of the day was broken, they shut themselves down.
They understand that no matter how powerful they are, it is impossible to break the heavenly sword.
The comparison between them and the sky sword is complementary.

The Heavenly Sword can almost exert its greatest power in their hands.
To put it bluntly, Tianjian is equal to them.
But the person in front of him was directly above the sky sword, so he could break the sky sword.
Not one latitude!
…
Silence!
Everyone present was silent.
All the strong, including those in the dark, were silent.
What kind of existence did they encounter?
Smash the first artifact Heaven Sword with bare hands with two fingers!
This is definitely the first person!
What god list?
As soon as this one appeared, he was above the gods' list.
He can slaughter the gods with a single shot.
Let me put it this way!
Putting this person on the list of gods is the biggest insult to him!
Because Shenbang can't describe his power at all!
The so-called god list means that the strong on the list are close to gods, or describe like gods.
But this one in front of you is "God"!
Above all else!
Fortunately, they thought that Levi Garrison was here to grab the Heavenly Sword…
Now think about
how ignorant he is… How can things like the Heavenly Sword be worthy of him?
After breaking the Heavenly Sword, Levi Garrison smiled and said, "You can't fight if I ruined it!" The
Heavenly Sword was ruined.
But no one feels sorry or otherwise.
Because facing this level of existence, there is nothing else in my mind!
Even the ancestors of Tiance
*Mansion have no idea… too f*cking strong!*
The idea in many people's hearts is that mother, I saw God today!
In front of Levi Garrison, the superiority of Ye Wudao and Young Master Tiance, the invincible and unconvinced aura was
gone.
The person in front of them is so strong that they tremble!
"I took the people away! Do you have any objections?"
Levi Garrison asked Levilia and Zoey to take him away.
silence!

Long silence!
How can anyone dare to object?
Who dares to say no word?
Isn't this looking for death?
Who dares to stop him?
These tens of thousands of people are not well-connected to kill!
"Okay, no objection, then I will take the people away!"
Levi Garrison left with Zoey and Levilia in full view.
Tens of thousands of people voluntarily gave way…
Even if Levi Garrison took the three of them away for a long time.
Everyone present was silent.
Dumbfounded!
Everyone is a walking dead!
Empty body!
But no soul!
Ye Wudao's expression was frozen, his eyes were hollow, and he didn't know what he was thinking.
Marshal Tiance was standing, his mind seemed to be the scene of Levi Garrison snatching the Heavenly Sword from him…
Azure Dragon (Qinglong), Kirin (Qilin) and the others were short of breath, and their eyes were full of madness.
I thought they were strong enough in this era, and they belonged to the top group of people.
But today I really saw the sky and the earth.
They are really small like ants.
What they didn't expect was that this person was Levi Garrison! ! !
Their boss!
…The ancestors were also silent for a long time.
"No, what about Levilia? Where did Levilia go?" The female ancestor reacted.
Levilia is gone.
Other ancestors also reacted.
They left immediately and went to find Levilia.
But Levi Garrison took the two of them and didn't go far, they were nearby.
Levi Garrison glanced at where they were hiding.
This surprised several ancestors.
Obviously the other party found them.
Levi Garrison discovered it.
But knowing that it was a few ancestors, he did not move.

“Thanks to senior for taking action! Dare to ask who is senior?” Levilia asked respectfully.
The Return of the God of War [The Protector] Chapter 2243
Zoey , who was seriously injured, also wanted to know.
The secret ancestors also want to know.
They don’t know why Levi Garrison is here now?
Destroy the Heavenly Sword?
Save people?
Or show off force?
Confusing!
Now that several ancestors are in the dark, and there are others, Levi Garrison naturally can’t tell Levilia’s true identity.
Levilia stood in front of Levi Garrison with a strong premonition.
She seems to know this person!
“You will know in the future! Go back! Save people!”
Levi Garrison then left.
Levilia was afraid that it would be dangerous to stay here, and immediately took Zoey away.
Now there are several people from the ancestors following, and Levi Garrison is very relieved of them.
On the ice field, Ye Wudao, the marshals of Tiance and his like reacted one by one.
Just as they were about to leave, when suddenly the sky came a voice
“Waste! Bunch of waste! I unearthed something
big summer also get round the nations barbarians rob? I’m no big summer yet?”
“Boom!”
Smell In other words, the four blood ancestors and the powerhouses of other countries trembled.
This is obviously warning them not to step into the summer!
The most shocked were Tiance Marshal Ye Wudao and the others!
These words stimulated them the most!
Especially the marshal of Tiance and the four
great generals … This is blaming them for protecting Erudia from disadvantages!
The Heavenly Sword belongs to Erudia!
It doesn’t matter if it falls into the hands of anyone in Erudia!
But you must not let anyone outside of Erudia grab it!
This is the principle!
This is the majesty of the great summer!
But the marshal Tiance didn’t do it, and let the foreign powers enter in droves!

They are all terrified!
It seems that this is Erudia's hidden super power, who can't stand it anymore, and specifically jumped out to show a
wave of force.
Declare to the world that Erudia can't mess with it!
Not to be insulted!
With the help of Heavenly Sword, a wave of super force is perfectly demonstrated!
Everyone understands!
This super strong is not trying to destroy the Heavenly Sword or save people!
He is showing the world-Erudia is the Eastern Dragon!
Although you are asleep, you can't move!
I have to say that this time played a huge role.
The four blood ancestors were so scared that they hurriedly left Erudia.
I'm afraid that the super strong will keep them in Erudia…
Soon news will spread all over the world!
On the day when the Heavenly Sword was born, Erudia suddenly appeared a super powerhouse, drank thousands of
people, and knocked off the Heavenly Sword with two fingers… The news spread, and everything was fried.
Heavenly Sword has been hyped up to the strength of the world's number one artifact!
It's so invincible that it can't be imagined… but
who would have thought that it would be knocked off by two fingers!
How strong is this person?
Erudia has become taboo again!
Taboos of this era!
The powerful in the new era are like clouds, everywhere… But
Erudia has a "god"!
Even if all the big forces have to be jealous.
Maya Industry, the Emperor's Organization, etc. originally set up plans one after another against Erudia.
But after this strong man came out, all plans were shattered.
Who would dare to go to Erudia?
Are you looking for death?
After the marshal Tiance returned, he immediately asked the old guys from the Tiance Mansion and the Baolong clan.
Who the hell is this person?
Does it have anything to do with them?
The answers that can be given are all consistent-Tiance Mansion and Baolong clan did not have any retreat

powerhouses.
“Is that the father?” The
marshal Tiance immediately thought of his father, the marshal Tiance.
“Can not! If God is handsome shot! Perhaps there is such a fighting force! He will never crack Sword! Sword quite closely
with the handsome God! He can not go to destroy the Sword!”
The four gods will immediately road.
“Who would it be?”
“I’ll go to the Tianji Pavilion for advice! The seniors of Tianji Pavilion may know!”
Then, the Major Tiance brought the four great gods and others to the Tianji Pavilion.
“Seniors, I have never asked you questions!” “Do you want to know who he is?”
The Return of the God of War [The Protector] Chapter 2244
As soon as Young Master Tiance said half of his words, he was interrupted by the boss of Tianji Pavilion.
They knew what Tiance Marshal wanted to ask.
“There is one thing! We know almost all the secrets before! We know if Levi Garrison died a few years ago, we know
everything! Let’s tell the truth, there is nothing in the world that Tianji Pavilion doesn’t know!”
“But this time, we I really don’t know who this person is? To put it bluntly, this person appears to appear out of thin air!
Doesn’t belong to this world! We can’t detect any of his
auras!” “Hiss!”
After hearing the words of the Tianji Pavilion boss, Everyone gasped.
What’s the matter?
Not even Tianji Pavilion?
What kind of existence is it?
And this force is rare in the world!
Young Master Tiance knows best…
“Fortunately! This person belongs to Erudia! If it weren’t for Erudia, I’m afraid it would be a disaster! If he makes a
move, who can stop it?”
Everyone breathed a sigh of relief.
…The
Dark God also knew about this.
“The Heavenly Sword was knocked off??” The
Dark God was also crazy.
At this moment, the Dark God felt that the knife in his hand was like scrap iron.

What's the use?
When encountering a strong person of this level, hasn't it been knocked off by two fingers?
Unimaginable horror!
The ground knife is his biggest hole card!
But now it feels like a discarded card!
The Dark God wants to take the Heavenly Sword back!
The sword and the sword fuse into an ancient artifact!
But now it seems that even the fusion of Heavenly Sword and Earth Sword is useless!
In front of that super strong man, it didn't play a role.
In your eyes, an invincible and invincible artifact can be inferior to a fire stick in the hands of others…
this level is beyond the world.
The realm is at another latitude.
who is it?
Who the hell is it?
The Dark God couldn't even think of who it was… He
could only be shocked by the extreme combat power.
"Zoey is so lucky? I just met a super strong Erudia who was born?"
"Where is Zoey ? Find out quickly!" The
Dark God said immediately.
If the plum is dyed to death, nothing will happen.
But Zoey was in trouble while he was alive.
She still knows many secrets of the Bible Organization…
Keeping it for a long time is a big hidden danger.
"I found it, currently Zoey was taken back to Jiangbei by her daughter to recuperate!"
Mingxie said immediately.
"Okay! Go to Jiangbei right now! Either bring Zoey back or kill it!" The Dark God is determined not to let Zoey stay in Erudia.
Underworld God set off with eighteen dark angels.
This trick is also very good.
When the foreign powerhouses wanted to escape from Erudia one by one, they sneaked into Erudia secretly.
…
Erudia Jiangbei.
Levilia brought Zoey back.
Almost the whole family gathered around.
They are mixed.
It is Levilia who is happy, and he is already able to be alone.
He is still the little ancestor dominated by everyone in Tiance Mansion.

But Zoey is the enemy of Erudia, the devil that everyone wants to kill.
But at this stage, Zoey and Levilia should be cured first.
What is interesting is that Li Wenhai and these people were all released by Tiance Mansion and Kunlun Industry.
After their experimental value is gone, these people are naturally useless, so it is better to put them back.
However, although they are pure energy bodies, they can only be regarded as moderately strong in this era.
Not top-notch!
Many organizations have already worked out how to target pure energy bodies. They dare not jump right now and are
only active in Jiangbei.
Now that they see the plums dyed back, they are a little scared.
If they were targeted, they would die without a place to bury them.
They have to hesitate their lives more than before.
"We suggest that Zoey leave Jiangbei as soon as possible! Levilia can stay!"
"If Zoey is here! It will bring us a catastrophe!"
…
Everyone must drive Zoey out.
"Who said that?" There was a cry.
The Return of the God of War [The Protector] Chapter 2245
Along with the voice, two figures appeared.
Levi Garrison and Huoyun Cthulhu.
This time they are in their true colors.
There is no more disguise.
In front, Levi Garrison shaped a military ceiling.
In fact, there are many benefits.
People all over the world only know that this person is strong, but they don't know who it is?
There is no information at all.
This way the more guessing, the more mysterious, and the more terrifying!
After all, it is equivalent to unknown territory!
Everyone is terrified and curious about the unknown…
Before they are absolutely sure, they dare not explore at all.
Erudia, where there are super powers now, is a taboo, an unknown territory.
No one dared to touch Erudia.
But now Levi Garrison wants to see his daughter's wife in his true colors.
Huoyun Cthulhu wanted to stop but didn't stop it.
He was also worried that he would let the Dark God know that they were out.

Levi Garrison said it didn't matter, he would kill the dark god sooner or later.
It doesn't matter to let him know
...
"Ye... Levi Garrison???"
Everyone was dumbfounded when he saw Levi Garrison.
"I...Isn't this dreaming?"
Forgotten!
Levi Garrison disappeared for more than three years, and no one has forgotten him.
Just in everyone's concept, this person no longer exists.
This is a state more terrifying than death.
After you die, at least everyone knows where you belong, and they often talk about it.
But it disappeared, no one mentioned it.
Now that Levi Garrison appeared at once, everyone was dumbfounded.
It all feels unreal.
It's like dreaming.
Levi Garrison is still alive?
He actually came back?
"What's the situation??"
Everyone looked incredulous.
"Dad!!!"
Levilia lost control and threw himself into Levi Garrison's arms.
"Boom!!!"
When Levi Garrison's face appeared in Zoey 's eyes, she was shocked.
The body trembled violently!
It seems that her worldview, outlook on life, etc. have all collapsed at this moment.
In the past three years, she has always been thinking about how to avenge Levi Garrison.
She was dazzled by hatred, and she was honed by the Dark God into the most perfect killing machine.
But when she saw Levi Garrison, all her beliefs collapsed.
Levi Garrison was not dead at all!
"Mom, I told you earlier that Dad is not dead, he just disappeared!"
"Now he is back!"
Levilia said excitedly.
Zoey got up with difficulty, her frozen heart loosened a little, and her face became much more normal.
"Where have you been in such a long world of
King's Landing ?" Emma asked excitedly.

Levi Garrison sighed and said, "I was trapped by someone else's design. I was trapped for three years!"
Now everyone knew where Levi Garrison had disappeared.
It turned out to be trapped.
Then everyone is even more sure that Levi Garrison's strength still stayed three years ago, in this era, he can only be
regarded as a medium power!
In this era, it is simply not top-notch.
"Levi has been here for three years, do you know how much this world has changed?"
Li Wenhai said with a smile.
Levi Garrison glanced at them, "The changes are indeed quite big, you have all been released!"
"Do you know Levi Garrison? You are not a strong one at all in this era!
How can you keep Zoey ? She is now Public
Enemy of Erudia is an out-and-out murderer!"
Everyone said one after another.
Levi Garrison sneered, "What? By fist!"
"Hahaha…"
Everyone smiled.
They all thought that Levi Garrison hadn't realized how far the world had developed…
After he got in touch, he would know what cruelty was.
What a sense of powerlessness!
Everyone wants to kill Zoey , he can't stop it at all.
Can only watch!
"Levi Garrison, you don't even know how weak you are in this world…"
"Hahaha…"
The Return of the God of War [The Protector] Chapter 2246
Originally, Li Wenhai and others wanted to drive Zoey out of Erudia directly.
But now that Levi is here, their thoughts have changed again.
They wanted Levi Garrison to watch Zoey being killed.
To let Levi Garrison know how far the world has developed and how strong are the strong? How small is he?
Zoey looked at Levi Garrison in amazement, "You…are you still alive?"
"Yes, I'm still alive! Everything is the dark god using you! Using your mentality to avenge me, temper you into a killing
machine! "
Levi Garrison explained.
Zoey , who has always believed in the God of Darkness, looked puzzled at this time.

Suspected unexpectedly.
Levi Garrison in front of him is not an impersonator, he is still alive!
This is the problem of the Dark God… "Maybe the master didn't know that you were alive! But he took revenge for you!
Together, I eliminated one enemy after another! Finally, I killed the Gods Lab! Now everyone! The Gods Laboratory has
indeed disappeared from the world! It was me
and Master to kill it together! I saw the destruction of the Gods Laboratory with my own eyes!" When
Zoey said this, Levi was taken aback.
"What? The Lab of the Gods disappeared? How could it be possible?"
Levi Garrison couldn't believe that the Lab of the Gods would disappear.
Judging from his general understanding of the development of this era, it is indeed earth-shaking.
It stands to reason that the Lab of the Gods is the leader of this era.
They have the background and so on, absolutely let them become the biggest beneficiaries of this era.
How could it disappear?
Is the darkness destroyed by God?
Less likely! Levilia on the side explained, "Dad, the laboratory of the gods has indeed disappeared! It has slowly
disappeared in the past three years! In the first year, there was still activity, and Lucifer, who died with you, was actually
not dead. He was in the first year. The activity was frequent, but it disappeared completely in the next two years ."
"You are completely forgotten like the
Lab of the Gods !" It is true that the Lab of the Gods disappeared.
But Levi Garrison affirmed that they were observing the entire world in secret, and the Gods Laboratory was definitely
brewing a big plan.
When they appear, any organizational power will be scum.
No one is their opponent!
What Maya industry, the imperial organization also replaced the laboratories of the gods, more powerful than the
laboratories of the gods.
It's all bullshit!
When the laboratory of the gods appeared, the world knew what was powerful.
Just like the disappeared Levi Garrison.
Once it appears, it is the ceiling of combat power.
Levi Garrison can foresee that the Lab of the Gods will be like him, and the King will return…

“Yes, that’s right! The Lab of the Gods was destroyed by me and Master! Regarding the fact that you are alive in Levi ,
the master may not know this. Matter! But the master paid a lot to get me revenge!”
“As for the master to use me, it is impossible!”
This is the power of the Dark God.
Mold yourself into the faith of Zoey !
Zoey would not doubt every word he said.
Others say that the dark god is not good, she will not believe it, but will be angry…
This is the situation now.
And what happened logically made sense…There
was no substantive evidence that the Dark God was using it.
So Zoey didn’t believe what Levi Garrison said.
Levi Garrison immediately denied “Impossible! How could it be possible to destroy the Lab of the Gods with you and the
Dark God! It is absolutely impossible! You have been cheated! He has been using you! This is absolutely the case!”
Destroy the Gods laboratory?
Are you kidding me?
Let me put it this way.
Levi Garrison felt that he couldn’t be destroyed with his current strength.
How can Zoey add darkness to God?
The Dark God is at best as he is now.
Not even as good!
“But I personally participated in the demise of the Lab of the Gods, and saw the fall of the Lab of the Gods with my own
eyes! How do you say this? Do you have evidence?” Zoey began to retort.
The Return of the God of War [The Protector] Chapter 2247
evidence?
Now even if Levi Garrison said flowers.
Even the laboratory of the gods appeared in front of her!
She would never believe it!
She would only say it was fake!
As soon as Levi Garrison appeared, she carefully observed it for a long time before she was sure that it was true!
Because she can’t overthrow the Dark God in her consciousness…
Therefore, under this concept, she will think about various possibilities… The
first consciousness is to maintain the Dark God.
Levi Garrison looked at Zoey seriously, “You are now brainwashed! You are controlled by him now, so quickly wake up!”

“Impossible! I am so sober! Except for you, Master is the best to me. People!”
Zoey said bluntly.
Levi Garrison shook his head helplessly, “Then do you know why I was trapped? I was trapped by the Dark God just because I went to find you! This trap was three years!”
“Boom!!!” At this moment, Zoey Ran suddenly trembles.
I thought that Levi Garrison’s remarks made her sound like something.
Once in the lair of the Bible organization, there were people struggling in the dark cage, making the ground shaken.
She also asked what happened to the dark god?
It was the enemy of the Dark God who was locked up…
Could it be her husband Levi Garrison?
Do not! impossible!
One thing is that Levi Garrison is not qualified to be the enemy of the Dark God.
Zoey knows best how powerful the dark god is.
No matter how the three years have changed, he is always at the top.
Levi Garrison’s strength is only worthy of being a disciple of the Dark God…
Secondly.
Zoey knows that no one but the Dark God can open the abandoned dark prison!
And she also heard the evil god said that the dark prison is not something that the dark god can open if he wants to open it.
He had to use an earth sword comparable to the Heavenly Sword to open the dark cage.
That is to say, without the sword and the sword, the dark god can’t open it.
If Levi Garrison was really trapped in a dark cage, how could he come out?
impossible things!
After thinking a little bit, Zoey “pushed” Levi Garrison’s lie.
“Okay, I am very happy to see you alive in Levi ! But please don’t slander Master! If it weren’t for him, I might have died early!”
Zoey said directly.
“Hey! Why don’t you believe me!”
Levi Garrison didn’t know what to say.

In this situation, even if the dark god is brought to Zoey and said he is using it.
Zoey wouldn't believe it.
The only way is to kill the dark god!
See how he brainwashed?
"Damn him? I want to kill him! Wait! I'll kill him soon!" After being trapped for three years, after Levi Garrison came out, the person who wanted to kill most was the Dark God.
"No! You can't kill Master! Of course you don't have this strength either!"
Zoey quarreled with Levi Garrison directly.
Levilia was anxious beside him, and didn't know how to speak.
"Anyway, mom and dad, don't worry, there is Levilia, it's really not possible, how many masters are behind Levilia!"
Levilia means very simple.
She came to protect Mom and Dad.
"Your family can stay in Jiangbei, but not at Li's house! Go back to your home!"
Finally, Levi Garrison took the family back to where he lived.
Zoey still blames himself for not helping Master snatch the Heavenly Sword.
"Mom, it would be nice if we could live! What more Heavenly Sword? Who can beat that senior?"
Levilia said.
"That's true!"
Zoey was convinced.
Not even the Dark God!
This one can only be killed by a spike!
Almost everyone has seen the highest value of force!
"Unfortunately, I didn't help Master complete the task! But anyway, I want to go back and give Master an explanation!"
Zoey said. Just as Levi Garrison was about to speak, a voice rang out, "We're here to take you back!"
The Return of the God of War [The Protector] Chapter 2248
Eighteen dark angels appeared together.
Underworld god led the team.
Hearing that Zoey also wanted to go back.
Underworld gods breathed a sigh of relief.
So much the better.
Lest there be a big battle.
"Who? You can't take my mother away!"
Levilia rushed to the front, staring at the 18 people in front of him.

The hearts of the ancestors in the dark also hung up.
If Levilia is in danger, they will take action at any time.
"Child, you can't stop it! Besides, your mother has to go back too!"
Underworld God smiled.
"The Dark God has been using you all the time! Seeing that the Heavenly Sword fails in the fight, I will abandon you
alone! If I'm right, these people were there before, right?"
Levi Garrison smiled.
Zoey couldn't refute it.
It was before, but after the accident, he ran faster than anyone else.
But she immediately explained, "That's because the master was afraid of the trouble and told them to flee first! Don't
let me take care of them and take them away!"
"Hehe, they appear this time to take you back and control you! I'm afraid that you will leak the secrets of the Bible
Organization! If you don't go back, they are here to kill you!"
Levi Garrison said.
Zoey 's face was full of disbelief, "Impossible! How could the master kill me?"
"Who is talking ??" The Dark God
yelled.
Because of the angle, everyone did not see Levi Garrison.
"Me!"
With the voice, Levi Garrison appeared in front of the Eighteen Dark Angels.
This almost frightened the eyes of the eighteen dark angels.
This, this…
Levi Garrison?
Levi Garrison, the big living person?
"And me!!!"
Huo Yun Cthulhu walked out from the other side.
"Boom!!!"
Shocked!
It was shocking!
Eighteen dark angels are going crazy?
This is real?
Why are Levi Garrison and Huoyun Cthulhu here?
They were much more shocked than the people who saw Levi Garrison before.
After all, they knew where Levi Garrison was before…the
dark cage!
That's a dark cage!

A trap that the dark god can't open!
It must be done with the help of a ground knife!
The dark cage is impossible to open!
The Dark God himself said that Levi Garrison would stay inside for the rest of his life, unable to come out.
The sturdiness of the dark cage and the special device make it impossible to break.
But now they saw Levi Garrison and the other two.
They came out of the dark cage…
crazy!
All crazy!
The scalps of the eighteen dark angels were numb, and their hairs stood up.
It's like hell!
See Levi Garrison here.
It was the most shocking thing in their lives!
The level of shock even surpassed the fact that the Heavenly Sword was knocked off by two fingers…
No one knows better than them where Levi Garrison and Huoyun Cthulhu are imprisoned…
"You, you, you…"
Underworld God trembles so much that he can't say a word.
"Are you really Levi Garrison?"
others asked.
"Who else could I be? Sorry, I came out! I didn't expect it, right?"
Levi Garrison smiled.
Huoyun Cthulhu also agreed with "Haha, a ghost place can't trap us!"
"Impossible!"
"It's impossible! No one can break that place!" The
Underworld Gods were unwilling to believe everything in front of them.
"Want to take my wife away? Impossible!"
Levi Garrison sneered.
But the Underworld Gods were frightened.
"Withdraw!" After
encountering Levi Garrison's incident, how could they bother to pay attention to Zoey .
Eighteen people were directly scared away.
Senseless.
Zoey and Levilia were dumbfounded.
Didn't you come to take people away?
How come it disappeared in a blink of an eye.
Even the ancestors in the dark are very curious.

Is Levi Garrison so scary?
On the other side, the eighteen dark angels returned to the latest lair of the Bible Organization as quickly as possible.
Tell everything to the dark god.
"What??? Did you see Levi Garrison???" The Dark God was going crazy.
The Return of the God of War [The Protector] Chapter 2249
This is the most incredible thing Dark God has heard in his life!
It is also the most impossible thing he thinks!
Did you see Levi Garrison?
Where did you see it?
Haven't they been sent to Erudia by themselves?
How could you see Levi Garrison?
impossible!
How could Erudia have Levi Garrison?
Absolutely impossible!
I read it wrong! ! !
Dark God does not believe it!
Even if you die, you won't believe it!
In his concept, no one can break the dark cage.
Unless you have his level of strength plus an artifact like a ground sword!
But Levi Garrison, who was in the dark cage, had neither his strength nor a ground knife in his hand.
What did he do to break through the dark cage.
It is impossible for him to
stay in seclusion for a lifetime… "Where did you see it?" The
Dark God asked tremblingly.
"Of course I saw it in Erudia! Let's take the plum to dye it back! In the end, Levi Garrison was also there." The
god Mingxie was shocked.
"Yeah! We saw Levi Garrison with our own eyes! It's him! That's right!"
"There is also the Fire Cloud Cthulhu! The two of them are together! It's them! I'm sure!"
… the
eighteen dark angels rushed to say.
Although everyone talked and talked, they were extremely frightened.
But the Dark God affirmed one thing-Levi Garrison came out! He came out of the dark prison!
"puff!"
After confirming this fact, the Dark God spouted blood.
Be anxious!
Even the dark god hasn't controlled it!

“No, I don’t believe Levi Garrison is out! I don’t believe it!” The
Dark God shook his head repeatedly.
Never believe that Levi Garrison came out of the dark prison.
“If you don’t believe the God of Darkness, you can go to Erudia for yourself! Levi Garrison and Huoyun Cthulhu come out
in Erudia!” The
so-called seeing is believing.
Everyone wanted the Dark God to go to Erudia and saw Levi Garrison come out with their own eyes.
Upon hearing Erudia, the Dark God showed a look of jealousy.
Without the fusion of the sword and the sword, the dark god would not and dare to step into the summer.
“By the way, let’s go and see if the dark cage is still there?”
Suddenly, the dark god thought of the old nest of the Bible organization.
Just go and see.
“Go!!!” The
Dark God immediately led the crowd to set off, and came to the lair of the Bible organization not far away.
“This…”
Everyone was stunned to see the blue sea and blue sky here.
“We… Did we go to the wrong place? It’s not at all…”
Today, the Blue Sea and Blue Sky Resort has nothing to do with the previous bible organization lair.
Everyone is wondering if they are in the wrong place.
“Impossible! This is it!” The
Dark God said affirmatively.
“Yes, it’s here! I found the ruins of the former castle palace!” The Underworld God exclaimed.
Soon everyone came to the ruins.
shocking.
a mess.
These ruins still weathered and disappeared…
as if they had been weathered for thousands of years.
With a little breeze, these ruins disappeared!
“This, this…”
Everyone exclaimed again and again.
Look at the mountains here are smoothed…
not smoothed, but smoothed!
That is to say, the original winding mountain range disappeared directly from the map…
This change is too great.
“Where is the dark cage??” The

dark god began to look for the dark cage excitedly.
But after looking for a circle, where there is a dark cage, not even a scum is left.
In the end, the dark god determined the location of the dark prison.
But now there is nothing left.
They confirmed the fact that the dark cage was broken! Levi Garrison and Huoyun Cthulhu are out! Underworld God,
what they saw in Erudia is true!
But a question emerged-how was the dark cage broken? Did Levi Garrison break this by himself?
The Return of the God of War [The Protector] Chapter 2250
silence!
Long silence!
Everyone was silent.
Have to accept this terrible and cruel fact!
In their eyes, the most difficult cage to break in the world was broken…
Then everyone watched the Dark God doing some strange behavior, but everyone understood that the Dark God was
looking for some clues to restore how the dark cage was opened. of!
…
"Huh! Huh…"
After a while, the Dark God gasped.
His eyes were full of horror and incredible.
This seems to be beyond the cognition of the dark god…
This frightened the eighteen dark angels.
To be able to transcend the cognition of the dark god, how terrible is it?
It's not what they can imagine anyway!
"He destroyed the dark cage with one move! Yu Wei changed this place with one move, smoothed out the mountains
and terrain, swept away all the smog, and turned this place into a blue sea and blue sky…"
One move!
Just one move!
What kind of concept is this?
Not only did one move to destroy the dark cage, but Yu Weibo also changed this place.
This is horrible!
Destroy a move!
The Dark God asked himself how he couldn't do this.
It is estimated that even holding a ground knife would take hundreds of knives to break the dark cage, but the overall
structure is still indestructible.

But this person's move…
"This move reminds me of the horrible existence of the two-finger knocking off the Heavenly Sword…"
The dark god swallowed fiercely.
Everyone can't imagine how terrifying this is.
It's even comparable to the one who knocked off the Heaven Sword with two fingers…
"It's even possible that these two are the same person!!!" The Dark God exclaimed.
"Hiss!"
Everyone gasped.
How these two overlapped…
that would be terrible too.
"Could it be… Levi Garrison…"
"Puff!" When these words came out, everyone was shocked to vomit blood.
"If this person is Levi Garrison, it makes sense! To save Zoey and his children, with the terrifying power of knocking off the Heavenly Sword, he can naturally open the dark cage!"
Thinking carefully.
Thinking about it this way, Levi Garrison is entirely possible.
He strengthened in retreat, opened the dark cage, and rescued his wife and daughter.
"It really makes sense ! But you have overlooked a question-Levi Garrison's strength…" "Three years ago! No, you all know what his strength was two years ago? The eighteen dark angels came out alone. His opponent! But with 18 people, Levi Garrison has absolutely no way to win!"
"This level of strength is almost incomparable to the Dark Cage, just like an ant! Levi Garrison can reach the sky in just two years! One level beyond me! Even several levels higher than me!"
"Is it possible?"
"If you say that you are outside, the times have changed in the past few years, and there are too many adventures!
Maybe Levi Garrison has bad weather, and it is not impossible to reach the sky in one step. ! But for the past three years he has been in a dark cage, and there is no opportunity at all! How could it be?" The Dark God was so excited that he kept analyzing and asking questions.
Everyone nodded.
Indeed it is!

No matter how you analyze it, it is impossible for Levi Garrison to reach the sky in one step, so strong!
Absolutely impossible!
As a strong man standing at the top, the dark god has so many knowledges that he has never seen any strong man.
What kind of rocket-like speed has never been seen?
But such a situation like Levi Garrison is absolutely impossible!
If there is a chance, Levi Garrison will not be able to ascend to the sky soon.
Must this time?
So the dark god says it is impossible!
This is not because the Dark God is comforting himself, but it is really impossible.
"But how did Levi Garrison leave? How did the dark cage open?"
Underworld God asked the most critical question. Everyone looked at the dark god and waited for an answer.
The Return of the God of War [The Protector] Chapter 2251
"Remember the fictitious death of Levi Garrison in the previous battle on Golden Port Island?"
Dark God asked.
"Remember!"
Everyone nodded.
Underworld God even said, "The whole world thinks that Levi Garrison is dead, but you say he is still
alive!"
"Yes, that's because I felt that Levi Garrison used a taboo technique. Although it is very weak, I still feel
it. ! Later, Levi Garrison completely ignored it and used the taboo technique!"
"Is there anything special about this taboo technique?"
everyone asked.
"Because it originated from one person! A person who prevents me from entering Erudia now!" The
Dark God suddenly looked ugly and became extremely terrifying and terrifying.
The evil god immediately said, "Doesn't it mean that you want to get the Heavenly Sword, and this
person is the one to deal with with the Earth Sword?" The
Dark God nodded, "Yes! Even I created the Bible Organization, the layout is for this person for so long!
" So what you mean is that Levi Garrison is his apprentice! You do everything possible to get Levi

Garrison to be your apprentice is related to this person?"
"Well, it is true! I want his apprentice to become mine! It's just a failure! up! "
everyone was shocked," Would not it be said that this is a dark cage leaves monarchs master broken? " "
there is this possible! but in my perception of his previous big probability impossible! " "
but then, these Years have passed, maybe he has any opportunities! Otherwise, how to break Levi
Garrison's dark cage? I now deeply suspect that he is the one who broke the
heavenly sword and broke the dark cage!" The Dark God was a little desperate.
If the person I want to target has such strength, then my efforts for so long have been in vain.
It is estimated that there is no way to integrate the sword and the sword.
If it is really him, then never want to enter Erudia again in this life.
However, compared to Levi Garrison breaking the dark cage by himself, God of Darkness is more willing
to believe that his master did it.
Levi Garrison did it.
Dark God does not believe it!
"But it can't be ruled out that Levi Garrison will do…There is still a trace of possibility…"
Someone boldly said the question.
In any case, it is everyone's analysis, but seeing is believing in the end.
It is still possible for Levi Garrison to break the dark cage by himself.
Can't say no.
Even the Dark God himself understands this truth.
"Is it true that Levi Garrison will know if he tests it?"
Dark God said.
"Do not you go to a big summer?"
Dark Lord shook his head; "In the past can not now not to test the monarchs leaves it very simple by
means of the hands of others!!!!"
"You listen to me arrangement……"
listening After the arrangement, everyone smiled.
"Well, this method can be done!"
…
Zoey and Levilia, who are far away in Jiangbei, are still thinking about the reason why the Eighteen Dark
Angels saw Levi Garrison suddenly ran away.

“I said that I was trapped by the Dark God. They thought they would detain me for the rest of my life! As
a result, I came out, so they were so shocked when they saw me, and then they fled suddenly…”
Levi Garrison explained.
But Zoey couldn’t hear it at all.
“The reason they are shocked is that you are alive. All of us have always thought that you are dead. Who
is not shocked when we suddenly see the big living person?”
Zoey said.
Just as the two of them debated fiercely, the underworld gods reappeared.
“What are you doing here?”
Levi Garrison said.
“Look, it’s definitely not for other reasons! I just left when I saw you alive!”
Zoey glared at Levi Garrison.
“Present the order of the dark god-from now on you will live with your family and you don’t need to go
back to the Bible to organize!” The
god of the evil spirit sent Zoey ‘s order to everyone in amazement.
Zoey was shocked and shocked, but nodded. But Levi Garrison thinks it’s not the same thing…
The Return of the God of War [The Protector] Chapter 2252
conspiracy!
This must be the conspiracy of the Dark God!
Now that these people have gone and returned.
The dark god must have known and accepted the fact that he came out of the dark cage…
but the dark god will definitely not believe that he can break the dark cage!
Let alone him, if Levi Garrison encountered such a thing, he would not believe it.
Even the Huoyun Evil
God who has experienced it together is still unwilling to believe in all this… Levi Garrison, who might
have been slightly stronger than him, is now a hundred times, a thousand times, or even a hundred
thousand times better than him…
Then why send someone to let Zoey instead? Stay in Erudia?
There is a conspiracy!
test!
I definitely want to test my own strength!

To determine if the dark cage was broken by himself…
As for the conspiracy, Levi Garrison couldn't think of it for a while.
But Levi Garrison didn't care.
He couldn't resist any conspiracy.
If you can't fight, you can directly show your true strength.
Now he doesn't care about anyone!
The good thing now is that Zoey won't bother to leave Erudia and ask Master for sin.
In this way, Levi Garrison could change her mind little by little.
It's time to spend some free time with my family.
It just so happens that Levilia can experience now, and can see the children every day.
…But the
good times didn't last long, and soon there was a big news in Erudia-the devil Zoey is now in Erudia
Jiangbei!
And Levi Garrison, the patron saint of Great Xia, is also back…
These two news came out.
Not to mention Erudia was shocked, even the whole world was shocked.
Especially after the news that Levi Garrison came back alive, everyone was crazy.
The name Levi Garrison once again entered everyone's eyes.
The king of the old age has appeared.
Many newcomers and newcomers who have only heard the legend of Levi Garrison want to come and
see what Levi Garrison looks like.
As for Levi Garrison's previous acquaintances, especially those acquaintances who have had
opportunities in the new era, are more eager to see Levi Garrison and want to compare with him.
Not to mention Levi Garrison's enemies, he wanted to see Levi Garrison all the time.
They want Levi Garrison to be alive more than anyone else, and have been longing for it all the time.
Levi Garrison's opponents wanted him to come back, and they wanted to prove that they were better
than Levi Garrison and let him know how weak he was in this era.
Everything he used to be proud of no longer exists…
Even Levi Garrison's brothers knew he was still alive, and they rushed over excitedly for the first time.
Kirin (Qilin), Azure Dragon (Qinglong) and them.

Also, Xiao Feng, the apprentice of Levi Garrison and others, as well as the masters he cultivated, are also
eager to see him.
All of a sudden came to Jiangbei one after another.
"Levi Garrison, did you finally show up? I also want to see how you are!"
Tiance Marshal and the others also rushed over.
"Levi Garrison has appeared!!!" The
Garrison Clan in Jingcheng was most excited by the news.
"Levi Garrison appears! Then you must follow the Garrison Clan's house rules! Let's go to Jiangbei! How
about I want to see Levi Garrison?"
Ye Wudao was looking forward to it.
...
Levi Garrison, the king of the old age, still caused an uproar.
He appeared, basically comparable to the birth of Heavenly Sword.
Countless people have gone to Jiangbei.
On the other hand, the news of Zoey in Jiangbei has been rendered more and more serious.
"The devil must die! She killed so many people in Erudia! How can she stay in Erudia safe and sound!"
"Yes! Zoey must die! She can't live!"
"We must give us an explanation! Our family members are all He died in her hands!"
...For
a time, the voice of killing Zoey became louder and louder.
Almost everywhere.
If you don't kill Zoey , everyone will petition.
Many people even petitioned the Tiance Mansion and other institutions to kill Zoey .
In short, Zoey cannot live in Erudia.
She must die!
Levi Garrison finally knows what the dark god's conspiracy is... Focus all the points on himself to test his
own strength...
The Return of the God of War [The Protector] Chapter 2253
First, let out the news that you are alive and reveal your current position.
Second, to incite emotions and make everyone hate Zoey , so as to kill her.
...
These two points are enough for everyone to target Levi Garrison.
By then the world will be enemies!
In order to protect Zoey , Levi Garrison must do something.

Facing the coercion of the entire Erudia and the whole world, Levi Garrison is bound to show his
strength.
When the time comes, the Dark God will know Levi Garrison's true strength.
In order to judge how Levi Garrison came out of the dark prison…
This is the test and plan of the Dark God.
Jiangbei has once again become a place of world attention.
Groups of powerful people came here and quietly blocked Jiangbei.
People from Jiangbei are not allowed to go out.
They are bound to leave Zoey here forever.
A person also wanted to let Levi Garrison
die tragically… not to die also let him know the cruelty of this world, let him know how weak he is in this
era!
There are many people who want to see how this former king was like.
Not only Erudia, people come from all over the world.
Therefore, the people who came this time were no less than the level at which the Heavenly Sword was
born.
Azure Dragon (Qinglong), Kirin (Qilin) and others arrived early.
Seeing Levi Garrison, everyone was extremely excited.
"Boss, you are still alive! That's great!"
Azure Dragon (Qinglong) and the others were extremely excited when they saw Levi Garrison.
Everyone gave Levi Garrison a big hug.
They have always regarded Levi Garrison as a vane of progress!
Gradually they have become spiritual symbols.
Whether Levi Garrison is strong or not, he is their boss.
The significance to them is extraordinary, and no one can replace it.
"Sir!"
Commoner Killing God also said hello.
"Levi !"
Wen Lei and Mia also rushed up.
They are all senior members of Kunlun Industry, and they came together in a team.
Now each is a giant on its own.
Either one is strong on the god list, or the strong one on the quasi god list.
It is said that the strong are like a cloud now, and the previous god list was only one hundred on the list,
which is far from being included.

Now a new god list is about to be launched, and there are a thousand people on the list.
But the end of the one-thousand-person god list is stronger than the previous one-hundred-person god
list.
It shows how terrifying the changes in the third year are.
If the Thousand People God List is launched, all these people will be on the list right now.
Levi Garrison looked around at the crowd and nodded in satisfaction.
"Yes! Too much progress one by one! Step into the ranks of the strong!"
Levi Garrison can clearly feel the Azure Dragon (Qinglong), Kirin (Qilin) and the others have changed
too much.
But there is a problem, the energy and elements in their bodies are very mixed.
It's even disorganized.
Explain that they have practiced everything in the past three years.
Use every method to improve yourself.
Instead, the basic exercises he gave them were abandoned.
However, what they don't know is that this basic exercise is the most powerful.
Levi also abandoned all cultivation when he was in retreat.
Pursue the ultimate speed and power.
So now Levi has come to this point!
It is no exaggeration to say, let your age be so powerful, there is no thing that Levi Garrison can't do
with a punch.
At the beginning, Levi Garrison also gave these brothers a lot of money, and taught them the most
precious things.
But now it seems to have been abandoned.
Everyone was very excited to see the boss's appreciative and satisfied look.
Being recognized is a great thing.
Especially recognized by your faith.
In the past three years, in fact, everyone sighed and wanted Levi to come back and let him see how
strong he was.
This is a kind of psychology that a child gains a reputation and wants to be seen by family and friends.
But seeing Levi Garrison frowning, everyone was puzzled.
"Is there anything wrong with the boss?"

Kirin (Qilin) asked. Levi Garrison sighed, "I don't need what I taught you?"
The Return of the God of War [The Protector] Chapter 2254
When these words came out, Kirin (Qilin) Azure Dragon (Qinglong) and others looked at each other.
Everyone is unwilling to face this problem.
Afraid of hurting Levi Garrison.
In the end, Kirin (Qilin) boldly said, "The boss said something you don't want to hear! The exercises you
passed to us are too basic!
In this cruel age, all kinds of ancient and modern exercises are flying all over the sky! Your skill Fa has
been eliminated long ago! It doesn't fit this era at all!" As
if afraid of Levi Garrison's anger, Azure Dragon (Qinglong) immediately added, "Boss! Kirin doesn't mean
anything else! The times are developing too fast! There are too many powerful techniques! You This
method of exercise has indeed been eliminated! For
example, the ancient exercise method that Kunlun Industry found from the ancient relics has increased
us tenfold, or even a hundredfold in one month! But your basic exercise method may increase by less
than ten after one year of cultivation. Double! We should be eliminated!"
Suzaku also echoed, "What's
more, the boss, our foundation is already good enough! This technique of yours is used to lay the
foundation! It is precisely because we have a good foundation! So we cultivate those ancient times. We
are advancing
at the same speed as riding on a rocket!"
Seeing Levi Garrison's gloomy expressions, they all said, "The boss is really developing the times too
fast! There are so many good things." That's it! I didn't mean to belittle you!"
"Hey!"
Huo Yun Cthulhu looked at the crowd and shook his head helplessly.
Secretly sighed, "Rapid development? You don't know what speed is called! In front of this, your
strength is not as good as someone sneezes!"
Wen Lei smiled, "Farewell to you! The main reason is that you don't understand this era! I listen to it.

Say that you have been trapped for three years! Everything about you still stays at three years ago! You
will understand when you learn more about this era!
Almost everything in three years has been eliminated! It is not just your practice! The science and
technology that Shen Lab is proud of are also eliminated! Compared with Kunlun Industrial's things, it is
pediatrics!"
"Take the pure energy body as an example! As soon as you came out three years ago, no one can do it!
But now the pure energy body has to stand up! Otherwise, you will die at any time!"
Wen Lei's explanation is very vivid.
Everyone nodded.
Everything was eliminated three years ago.
Including Levi Garrison and his techniques.
In this era, Levi Garrison's exercises are like aerobics…It
's useless at all.
"Well, I know! You all have the right to choose! What's more, you have become so much stronger! I
won't blame you!"
Levi Garrison said lightly.
"Boss, rest assured! We will continue to work hard! Let you be proud of us!"
"Boss, rest assured! With us, no one dares to do it to you! You used to lead us and protect us. We! Now
we are here to guard you!"
But this sounded harsh in my ears.
It seems to be saying that Levi Garrison is no longer good, and you are weak because you are eliminated
by the times. We will guard you from now on. Realizing that they had said something wrong, the Kirin (
Qilin) people immediately changed their words, "Boss, we didn't mean you are weak…but the times are
true! Boss, your strength is not considered the top power in this era! But don't be afraid, it should be
We
guard you!"
"And the boss, we believe in you, you will soon adapt to this era! You will also get some opportunities to
improve!"

“With your unparalleled talent and hard work, we believe that you will soon Become a top power again!”
This is a sincere blessing.
At this stage, Levi Garrison can only be regarded as medium.
But they believed that Levi Garrison’s talent would catch up soon.
But for the time being, it is not as strong as them, and it must be protected by them.
“Punch!” Huo Yun Cthulhu couldn’t help but laughed out loud.
The Return of the God of War [The Protector] Chapter 2255
It’s so funny!
This is the biggest joke Huoyun Cthulhu has ever heard in his life!
Someone is telling Levi Garrison to work hard!
Even Wen Lei and his sister Mia agreed, looking at Levi Garrison with hope.
Although Levi Garrison is no longer a top powerhouse in this era, they believe that Levi Garrison’s hard work, if the goddess of luck comes and get some opportunities, it might not be impossible to become a top powerhouse again.
Although hope is slim.
But there are still some.
Once they get the opportunity, they believe that Levi Garrison can grasp it better than anyone else.
After all, Levi Garrison has a good foundation.
Everyone smiled and looked at him expectantly.
This made Levi Garrison dumbfounded.
Everything they have for themselves stayed three years ago.
In the past three years, you have made progress, and I have also made progress.
How do you think I am stagnant?
I won’t do anything for three years?
If I don’t do anything, how can I get out of the dark prison?
The evil god Huoyun was provoked, and he shouted, “You don’t know what power is! You don’t know what power is!”
“People who go up the mountain laugh at the god who goes down the mountain? No! This is a god above the nine heavens! None of them is a mountain. God!” The image of the evil god of Huoyun tells the difference between Levi Garrison and them.

All of them are people going up the mountain, but Levi Garrison is a god above the nine heavens!
As soon as Huoyun Cthulhu said this, everyone present looked at him.
The look was like looking at an ignorant idiot.
"We admit that the boss was the world's top powerhouse three years ago! The power of one person is
fighting against the entire laboratory of the gods!
But you can't worship blindly! You have changed too much in the past three years! The strength of the
boss is the most medium! You have been imprisoned for too long, hurry up and get a good
understanding of this new era! "
Do you think you are also a top powerhouse?" Shall we make a move? "
Listening to Huoyun Cthulhu's words was uncomfortable, and everyone shot back mercilessly.
Huoyun Cthulhu's retreat was not effective because he was locked up, so the progress was not much
different from three years ago.
They weren't opponents at all against Kirin (Qilin) Azure Dragon (Qinglong).
"You…"
Huoyun Cthulhu was speechless for a while. I
don't know what to say.
Blame himself . He has been decadent in the past three years and his strength has not increased.
Otherwise, can he be bullied by these little boys?
Levi Garrison shook his head helplessly.
This group of brothers has abandoned their own practice.
But they are not to blame. If there is something "better", more efficient, and faster, they will basically
choose.
What 's more, these brothers have no temperament. Accept defeat!
Always thinking of becoming stronger, becoming themselves, or even surpassing themselves, they will
protect Erudia. When
encountering this kind of quick exercises and cultivation methods, they can definitely choose.
And they can endure more hardships than anyone else . .
Therefore, in order to progress so fast, basically a strong standings God.
Ye monarchs do not blame them.
everyone has the right of choice.
especially his brothers, he did not ask for too much.

but he now hopes Those apprentices and the secret team trained by themselves.
They shouldn't abandon them, right?
They all grew up relying on this basic exercise and the method of not breaking or standing.
At the beginning, Levi Garrison heard that this was the oldest exercise method, but he thought it was
the method that was not broken or established, and that it was the oldest exercise method.
Later he found out that he was wrong.
Not breaking or standing is just a practice method, and the oldest practice method is actually the basic
practice method that has been neglected.
The foundation is always being laid, so it is easy to be overlooked.
But in fact, the most basic of this school is the oldest and most powerful…
Soon, Xiao Feng and the others also came.
Levi Garrison's eyes lit up. Hopeful for my apprentice…
The Return of the God of War [The Protector] Chapter 2256
Xiao Feng and other hundreds of apprentices came together, as well as the secret team established by
Levi Garrison himself, and so on.
They don't need to hide now, they have all become strong on one side.
After Levi Garrison was gone, they also continued to gather together with Xiao Feng and others as the
leaders.
Make your own contribution to Erudia.
"Master!!!"
"Master!!!"
…
Xiao Feng and the others were extremely excited when they saw Levi Garrison.
No less than Azure Dragon (Qinglong) and them just now.
As soon as they received the news of Levi Garrison's return, they came from all directions.
"Yeah! Not bad! Not bad! Everyone has become a strong one!"
Levi Garrison praised with satisfaction.
Xiao Feng and the others, like Azure Dragon (Qinglong), have become top powerhouses.
Xiao Feng's strength is similar to those of Azure Dragon (Qinglong) Kirin (Qilin).
The boss dragon battle of the secret team is also very close.
……

This team will be placed three years ago, he is simply too exaggerated.
Why should Levi Garrison hide and tuck him and direct them to push directly.
Who is not convinced!
Even the laboratory of the gods can be swept away…
they have changed too much.
Seeing that his apprentices and his subordinates who had been trained with one hand became strong,
Levi Garrison was not happy at all.
Because his hopes were dashed.
None of his apprentices continued to use the basic exercises.
They were all abandoned.
The power in each body is chaotic and there are many elements.
Obviously, in the past few years, I have practiced a lot of things, taken a lot of medicine, and even
modified it with modern technology and genetic technology.
In short, all kinds of methods are used.
These key methods have allowed them to advance by leaps and bounds.
Therefore, it is regarded as a holy thing by everyone!
After all, the real effect has been seen!
Which one would you choose to grow tenfold in three years or one thousand times and ten thousand
times?
For sure the latter!
Everyone really made a profit!
Levi Garrison glanced at the past. They were all "powerful", but none of his apprentices insisted on using
his basic exercises.
He shook his head helplessly.
But don't blame them!
He himself used to be too, even though he did not abandon the basic exercises, he has been practicing.
But I didn't take it seriously, always pinning his hopes on taboos and treating his hole cards as taboos.
In this way, the subconscious will regard the taboo technique as a life-saving trump card.
As a result, it ignores the most basic exercises, resulting in not much improvement in strength, or even
stagnation.
The key master also told him not to use the taboo technique as a last resort, because there will be
unexpected troubles.

It wasn't until later that Levi Garrison understood that this was actually a difficulty set by the master
deliberately for him.
The taboo technique is powerful, which made Levi Garrison omnipotent three years ago.
But it also became a big mountain on his way forward.
Let him rely on taboo techniques.
…
Everything is a test for him!
Fortunately, Levi Garrison was trapped in a dark cage behind him.
I understand these truths.
These are good for you, but they are also your biggest obstacles.
Therefore, Levi Garrison abandoned all messy taboo techniques.
Specializing in the most basic things…
only today!
It's also a process of growth!
But Levi Garrison is different from them-they are now practicing quick methods.
Everything is for quick success.
Improve the most powerful force in a short time.
There is no process of accumulation and precipitation.
It will be disadvantageous for them in the future.
"Master, you…"
Xiao Feng carefully observed Levi Garrison.
He hesitated and stopped.
Originally, he heard from the outside that Levi Garrison was only considered middle in this era, but he
still didn't believe it.
He felt that in the past three years, Levi Garrison might also get opportunities to develop.
But no.
Levi Garrison's strength stayed three years ago, even worse.
"This…"
"What's wrong?"
Levi Garrison couldn't help asking, seeing the strangeness.
"Master…that your strength still stays in the past?" Xiao Feng couldn't help asking.
The Return of the God of War [The Protector] Chapter 2257
As soon as this was said, the faces of the others in the room changed.
All of them stared at Xiao Feng angrily.
All blaming him for talking nonsense.
Why did you say what was in your heart?

That's right.
Everyone thinks so!
Levi Garrison's strength still stayed in the past.
But just think about it.
Why did Xiao Feng say what was in his heart?
After all, that is also the master!
There is no stipulation that apprentices cannot be better than master…It is not always said that blue is
better than blue, but master also wants face.
Mentioning it again and again is equivalent to humiliating Levi Garrison.
Kirin (Qilin) and they are also very anxious.
They told Levi Garrison about this just now.
Could it be that Xiao Feng and the others have to come again?
Even Xiao Feng realized that he was speaking too bluntly.
After possessing a strong strength for the past three years, Xiao Feng no longer hides himself, does
everything more directly, and acts in a clean and neat style.
He was straightforward, and accidentally said what was in his heart.
For a while, everyone present looked at Levi Garrison nervously.
After all, Levi Garrison is also their old master father!
Hearing that, Levi Garrison smiled, "Does it feel much stronger than Master?"
"No…Master, I absolutely didn't mean it, you will always be the strongest in Xiao Feng's mind!" Xiao
Feng said
immediately.
"Yes! Master, you are the strongest in our minds! There is no one!" everyone shouted.
Of course, this is definitely against your will.
The main thing is to pay attention to etiquette and respect the teacher.
In the eyes of Xiao Feng, these people must be better than Levi Garrison.
"Master, rest assured, now we are all your pride! We can even take over your original mission!"
Xiao Feng said excitedly.
"Tell you the truth! I stood at the top three years ago, and I will still be at the top three years later!"
Levi Garrison said calmly.
Hearing this sentence, everyone looked strange.
But everyone didn't speak, but the same thought flashed in their minds-
Levi Garrison's mouth was hard,
and he was holding on! I don't want to be ashamed in front of my apprentices.

Several old ancestors in the dark also shook their heads helplessly, "I think he is not stubborn, but not to
save face! I feel that what he said is true! He really thinks so!"
"It is estimated that he hasn't realized the power of this era. Let's be cruel! Haven't figured out your
own strengths yet, let's have your true strength!"
…
I didn't say anything when I saw everyone.
Levi Garrison smiled helplessly, turned and left.
Everyone is just about to catch up.
Kirin immediately stopped "let the boss be alone!"
"You were too much just now ! Just think about some words in your own mind! In fact, everything you
say is like a knife!"
"You think the boss doesn't understand him Do you have the current strength? Do you think the boss is
inferior to you?"
"He just had difficulty accepting this fact for a while! After all, it is hard for anyone to accept this kind of
thing!"
"Not to mention that he was once the top powerhouse. ! Is it not uncomfortable to be eliminated by the
times now? You keep talking!"
……
Suzaku roared angrily.
"This is my fault! But in the future we can help Master! First protect him and his family! Then Master will
have some opportunities and opportunities to see if you can improve your strength?"
Xiao Feng made suggestions.
"Good, good!"
"Xiao wind this proposal can! No matter what, he is our most respected people! We must find a way!"
"But remember Well, after who do not talk nonsense!"
"You look at the The boss is forced to use this method to protect his face!"
… Everyone used Levi Garrison's phrase "I am still the pinnacle now" to save face.
The Return of the God of War [The Protector] Chapter 2258
Little does it know that this is true!
Huoyun Cthulhu had already described it.
God above the nine heavens!
Levi Garrison suddenly thought of a question-Levilia.

Just pay attention to my apprentices and brothers.
Now go and see Levilia, whether she has been using the most basic exercises.
When he found Levilia, Levi Garrison was surprised and happy.
Because she is practicing martial arts.
And what he practiced is the most basic exercise he taught.
Levi Garrison glanced.
It can be seen that although Levilia has several ancestral religions.
It can almost be said to be Erudia's most orthodox practice, which is different from Xiao Feng and the
others.
But Levilia is still practicing with his basic exercises, and has been working diligently to lay the
foundation.
"Dad…" As
soon as he saw Levi Garrison, Levilia stopped practicing martial arts and ran over excitedly.
"Levilia has been practicing the exercises his father taught?"
Levi Garrison asked excitedly.
After being disappointed for a long time, I finally found comfort in my daughter.
Levilia nodded fiercely, "Yes, Levilia has been practicing! Levilia believes that Dad will not lie to me, it is
the best for me!"
"Besides, the foundation of this exercise is the best, there is no one! You must continue to
lay the foundation of your monarch ! What's more, you have discovered some of the wonders of this
technique…" Levilia began to explain to Levi Garrison the mystery of the basic technique, which is also
Levilia's. New discovery.
Levi Garrison felt more frightened as she listened.
Levilia's talent is too terrible, right?
Levilia realized it unexpectedly.
This daughter is better than him! "However, several masters told me to give up this exercise! They said
that Levilia's foundation is good enough! I don't need to continue practicing! And the level of this
exercise is relatively low! They have more orthodox and stronger methods. Cultivation method! This
method is not necessary
, and practicing again is a waste of time!"

Levilia pouted.
Levi Garrison asked, "So you practice secretly?" Levilia nodded, "Yes! Levilia has been practicing secretly,
but in fact, Levilia understands that several masters have discovered that I'm secretly practicing this
technique. It's just that. Although this technique is useless in a short period of time, it has no harm or
side effects.
Let Levilia secretly practice it. Everyone keeps one eye open!"
…
The ancestors in the dark nodded in relief. .
That's right.
They had long discovered that Levilia was practicing secretly.
It's just that it's not harmful, so they let Levilia go to practice.
After all, everyone loves this child too much.
…
But at this time Levi Garrison stared at Leviliadao with a serious face, "Levilia, from now on you have to
give up all the exercises taught to you by several masters! Concentrate on practicing this basic exercise!"
"Maybe short. It won't be very effective within time! But if you have to abandon everything, you will
know my intentions if you specialize in cultivation."
"This…"
Levilia hesitated, embarrassed.
Although she believed in Levi Garrison, she gave up all the master's.
Is this a bit bad?
If you let the masters know, you will definitely be unhappy.
That's right.
When the ancestors in the dark heard Levi Garrison's suggestion, they were furious.
"Levilia believes in Dad, but some masters have practiced for so long. If they rashly abandon them,
Master and them will be unhappy! Dad, Levilia, practice everything!" Levilia said.
Levi Garrison smiled helplessly, "Levilia! I understand the friendship between you and the masters! But
now you need to abandon everything and practice the basic exercises that dad gave you!"
"Let's do it, dad won't force you! You think about it, and give me an answer tomorrow! You can agree or
disagree!"

Seeing Levilia embarrassed, Levi Garrison did not force her.
“Okay, Dad, I will think about it!”
Levilia nodded.
...
Levi Garrison had just left from here, and several ancestors greeted him.
“Levi Garrison, what are you
talking nonsense??”
The Return of the God of War [The Protector] Chapter 2259
“You actually let Levilia abandon everything we teach?”
Several ancestors approached Levi fiercely.
“Abandon what we taught and practice the most basic thing you taught her?”
“Levi Garrison, are you sick?” the
female ancestor roared.
Levi Garrison nodded, “Yes, Levilia has realized it now! You have to abandon the exercises you taught!
The only way she should go is to study what I teach!”
“Let’s put it this way, practice what you teach. , She can be very strong! But she can practice me! She
can be the strongest!”
“Punch!” The
ancestors immediately laughed.
Everyone looked at Levi Garrison like a fool.
Can you become the strongest by practicing what he teaches?
Isn’t it funny?
It was so laughable.
Several ancestors knew and studied the most basic exercises Levilia practiced.
It is very good to lay the foundation.
Even the best.
Levilia had just been sent, and when they checked Levilia, they also praised Levi Garrison for handing
over Levilia’s foundation so well.
Did not take any detours, did not waste Levilia’s talent.
But that is just a basic and easy-to-use exercise method.
The road behind Levilia is still long, and a corresponding higher-level exercise technique is needed later.
Laying the foundation is just the beginning.
It is the most useless thing for a genius like Levilia.
“I heard that this kid has been locked up for three years, is it a fool?”
“Do you think it was three years ago? Think he is a strong man?”
“Who gave you the courage to make Levilia give up our practice?”

…
Several ancestors were very dissatisfied with Levi Garrison's behavior.
"Levi Garrison is telling you the truth! In this era you are nothing! Your strength in this era is very weak!
It can only be regarded as medium! Your apprentice brothers are better than you! This is a fact, you
have to accept it!
" The magical exercises you regard as magical techniques can only be used for the basics, and it is not
worth mentioning in this era! To put it bluntly, it is just like the roadside stalls! There are as many as you
want!"
"Yes, not just for the basics
Do you have the best practice? Three years ago, how much did you want, not to mention now?" "I have
heard that many technology companies directly transform your body, so that you have the best
foundation and the best physique in an instant!"
… …
"Levi Garrison doesn't talk about this era, you thought you were the top power three years ago! But in
our eyes you are very weak! Your technique is not worth mentioning!"
"Look at the new era !" Coming, you have become a weak chicken! But we are still at the top! Just like
this, you want Levilia to give up our exercises?"
"You are not helping her! You are harming her!"
"This I don't want to hear it a second time!"
… The
ancestors were indeed angry.
Angry at Levi Garrison.
This time the Fire Dragon Cthulhu appeared, he told several of our ancestors Road, "I recognize you
strong! You can not rival Yip!"
"Well, again a madman! Is being held two crazy stupid! They I don't have a clear understanding of my
own strength!"
"We don't need us to help him recognize them, and soon others will help them recognize themselves!"
The
ancestors were referring to the powerhouses who came together immediately.

There are many enemies of Levi Garrison, who will definitely let Levi Garrison understand how weak he
is.
They don't need to act.
"Don't let us see you persecuting Levilia again…"
After warning, several ancestors disappeared from here.
Levi Garrison thought for a while.
He will not force Levilia on this matter and let her choose freely.
He won't blame it for what he chooses.
He never mentioned this matter to Levilia again…
"Look, the warning is still effective! It is estimated that Levi Garrison is afraid, so he won't mention this
matter to Levilia…" Several old ancestors only considered him to be Scared.
The Return of the God of War [The Protector] Chapter 2260
This is actually a father's love for his daughter.
No matter what his daughter chooses, he will support it.
"Dad, don't force Levilia for now, Levilia will consider it carefully!" Levilia said.
"No, I will support you whatever you choose!"
Levi Garrison touched Levilia's head.
The ancestors in the dark were happy when they saw it.
"Jun-Jun This child is really good, obviously heart has been selected, afraid of hurting his father's face,
deliberately think about it."
"Ah, that children want equal justice ah! Ye monarchs do not want to hurt! Children are good My child,
it's just such a father!"
…
Several ancestors sighed.
In their opinion, Levilia will definitely rely on their practice.
After all, what they teach ignores the development of the times.
No matter how the times change, they are the strongest.
…
Next, Levi Garrison saw old friends.
Three years have passed.
Things are wrong.
These people have all changed and become strong.
In addition to these people, there are many, many people.
They are all people who came to crusade Zoey and see Levi Garrison…
The call for killing Zoey in Erudia and the whole world is getting louder and louder.

The tragic killings caused by Zoey in the past three years have been revealed one by one.
Videos, pictures, text…
A complete description of Zoey ‘s killings.
Some people also made a list of deaths.
The number of people is shocking.
…The
situation is getting worse.
Zoey aroused public anger.
Become a public enemy of the world.
Everyone can’t wait to kill and then hurry up, can’t wait to dye plums and peel off the skin cramps and
drink up her blood.
The anger is the hardest to quell!
The situation got worse, and countless people petitioned Zoey to die.
Zoey was immortal, and the anger was unquenchable…
Looking at the development of the situation, Levi Garrison looked solemn and frowned.
He understood that all of this was deliberately instigated by the dark God behind the scenes that caused
the current state of affairs.
Although Zoey killed everyone, everything he did was instigated by the dark god behind him.
But Zoey killed someone after all!
She did kill the humans, and she couldn’t get away.
Must give an explanation!
“Have you seen? This is how your master plans everything behind the scenes, inciting the public to kill
you!”
Levi Garrison said to Zoey .
Zoey shook his head, “Impossible! Besides! I did all this for you! How could I kill so many people if it
weren’t for revenge for you? Are you talking ridiculously at this time? Even making up a master’s lie ! “
” hey! “
Ye monarchs sighed.
Overnight.
There are hundreds of thousands of strong people gathered in Jiangbei, and the number is still
increasing.
It is estimated that hundreds of thousands of people will come in the end.
Everyone formed an alliance of exterminating demons.

To hold a demon extermination conference in Jiangbei.
We want to dye plums and kill them!
…
Levi Garrison has been with Kirin (Qilin) and the others.
"Boss, it may be difficult for us to keep you and my sister-in-law at that time! But we should be able to
open a passage! Let you and my sister-in-law escape! Then you will stay away from Erudia and find a
place where there is no one to avoid the limelight!"
"Yes, boss, we Everyone is desperate to protect you from leaving! You believe in our strength!"
…
Everyone expressed their opinions.
Huo Yun Cthulhu looked at everyone with disdain.
This one needs your protection?
Levi Garrison interrupted, "By the way, Kunlun Industry is developing well now! But how did I hear that
Kunlun Industry has changed its owner? It is owned by the Young Master Tiance?"
"This…"
As soon as the question came out, everyone's expressions changed.
Changed. Commoner kill Shinto
"Mr. It's something I explain it …… day become the Kunlun industrial policy Marshal in fact, it is the best!
He helm effect Kunlun industry for all to see! Kunlun industry has become the leading force, each of us
become the top strong
person! "
Everyone nodded. I'm still very convinced by Tiance Marshal!
The Return of the God of War [The Protector] Chapter 2261
Anyway!
Let's talk about actual results!
Since Tiance Marshal took charge of Kunlun Industry, Kunlun Industry has indeed taken off.
Without him, there would be absolutely no Kunlun Industry today.
If anyone is in charge, Kunlun Industry will not be as strong as it is now.
Be able to become the world's top power, with the same reputation as Maya Industry and so on.
The main reason is that the young commander of Tiance has strong ability, hard wrists, big background,
high status…
No one will have this effect…

Therefore, everyone in Kunlun Industry is convinced of the young commander of Tiance!
Convinced!
Even if the thorns of the unicorns were unwilling at first, they were not easy to be sent under the fence.
Later, they were all convinced by the marshal of Tiance.
This man is really scary!
Even the unicorns can grow to where they are now, and the marshal of Tiance accounts for half of the
credit.
Marshal Tiance has never been stingy, giving Kirin (Qilin) their top-notch exercises and all the highest
medicines.
Will not mind the previous contradiction.
Until now, everyone believes that the boss of Kunlun Industry is the young commander of Tiance.
And Levi Garrison is just the founder.
The two have absolutely different concepts.
"Yes, the boss has one thing to say, Kunlun Industry can now become the world's top power, it depends
on the young commander of the sky!"
everyone said Qiqi.
Levi Garrison sneered, "So Kunlun Industry is now the young
leader of the Tiance strategy?" As soon as these words came out, the atmosphere on the court suddenly
became cold.
Everyone was silent all at once.
I dare not say one more word.
The Common Killer didn't speak anymore.
silence!
A long silence.
But Levi Garrison had already got the answer.
Silence is the answer.
"It's okay, everyone doesn't need to be so serious! I just want to ask!"
Levi Garrison smiled, "I'll ask you one more question-the marshal of Tiance is in charge of Kunlun
Industry! Do you serve it? Tell the truth! I don't want to see you. Silence!"
"This…" As
soon as Levi Garrison's question came up, everyone looked at each other.
The Common Killer came out first.
"Sir, I am convinced with him! I am convinced!"
Soon, Kirin (Qilin) and Azure Dragon (Qinglong) stood up one by one.

“I take it too!”
“Me too!”
...
Wen Lei also stood up, “It can be said that Erudia used to have you, now Erudia has a young strategy!
We are convinced by him!”
……
Everyone The marshal of Tiance is convinced.
“Well, since you are convinced, it’s fine! I’m still worried that if you don’t accept him, and then do things
under his hand, you will be embarrassed!”
Levi Garrison smiled.
Kunlun’s industry is developing well, and he is also happy.
It’s no problem for Tiance Marshal to take charge.
After all, it was Erudia’s power.
The stronger, the better for Erudia.
He would not care, but would clap his hands in applause.
But his question fell in the ears of everyone but it changed.
Everyone felt that Levi Garrison had lost his position as the helm of Kunlun Industry and was angry, but
he was powerless.
After all, it is impossible to fight back from the hands of the young marshal of Tiance.
“Sir, in fact, as long as Kunlun’s industry develops well, it doesn’t matter who is the owner! To get
bigger, the owner of Kunlun’s industry is the entire Erudia!”
Bu Yi Sha Shen also took the initiative to comfort.
“Yeah, boss, you have always been tired, it’s time to rest!”
Everyone didn’t want to see Levi Garrison work so hard again.
“I heard someone wants to take Kunlun Industry back?” At
this moment, a shout came.
Next second.
The figure of Marshal Tiance appeared on the court.
Behind him were the capable officers of the young commander of the sky, and the four great gods who
came personally.
Kirin (Qilin) and the others immediately explained, “Marshal, the boss didn’t mean that, he just asked!”
They were afraid of a conflict between Tiance Marshal and Levi Garrison.
After all, there has been before. “Really? I don’t feel like it? Does anyone want to take it back?”
The Return of the God of War [The Protector] Chapter 2262

Marshal Tiance walked up to Levi Garrison, staring straight at him.
“You think so? Levi Garrison?”
Everyone could tell that the Young Master Tiance was deliberate, and even said he was provoking.
The atmosphere in the court is fiery, and the atmosphere of tension is on the verge of triggering.
Ye monarchs bear day policy Marshal burning eyes, a light “for as long as the big summer, who sit at the
helm of the location does not matter! Even dogs and cats will do!”
“Boom!”
The word went out, There is a frying pan in the field.
“Are you insinuating? Who are the cats and dogs?” The
young master Tiance didn’t agree.
They pointed to Levi Garrison and shouted.
Many masters stared at Levi Garrison fiercely, murderously overflowing.
Kirin (Qilin) they sighed.
I have a headache.
They know Levi Garrison’s character too well.
Always be strong!
No one cares about it.
It’s an out-and-out thorn!
But the marshal of Tiance is also stinging!
These two thorns together, the matter is big.
No one will obey anyone!
But if it were three years ago, Levi Garrison could compete with the marshal of Tiance.
But now two people are not of the same magnitude, not of the same world.
If this fights, Levi Garrison will suffer.
Levi Garrison smiled, “Why are you sitting in check? I didn’t say you!”
“Is Levi Garrison now relying on teasing? You used to have a tough mouth and your strength, but now
you only have a tough mouth!”
Tiance Young Master sneered.
“Hahaha…Yes, now you only have a hard mouth! What’s your strength, huh, you can’t stand a blow!”
“Once Levi Garrison, you really wanted to be the savior, rushing to the forefront again and again,
grabbing all the credit. ! Finally, give the credit to Tiance Mansion hypocritically !” “Hypocrisy! You are really hypocritical! My dignified Tiance Mansion needs you to give
credit?”
…

Tiance people said one after another.
“Levi Garrison, go now! We will let you do all the things of being the savior! We are determined not to
grab it!”
“Haha, now Levi Garrison is afraid that he can’t do anything! With his strength, I am afraid that it will
come out. After Erudia was killed, he was killed!”
“Yes, he still wants to be the savior with his strength now?” The
four great gods will speak of Levi Garrison without concealment.
But none of Levi Garrison’s apprentice brothers who were present to refute.
This is indeed the case.
In terms of Levi Garrison’s current medium strength, being out of Erudia would be tantamount to death.
No one is protecting, absolutely not!
Marshal Tiance smiled, “Levi Garrison, even if I give you the position of the helm of Kunlun Industry, I’m
afraid I won’t be convinced!”
Marshal Tiance glanced at Kirin (Qilin) and the others, “I guess they won’t be convinced!” The position
of the person at the helm of Kunlun Industry is extremely important now, and it is directly related to the
future of Erudia. They definitely want to let the capable people sit!”
This time, Commonwealth Killing God, they were silent.
This is indeed the case.
Even if it was Kylin and the others, the hundreds of thousands of Kunlun Industry would not agree.
“I’m not interested in this! You take it seriously! I can rest assured if I leave it to you!”
Levi Garrison said.
“Hahaha… have you heard it? Levi Garrison is trying to find himself a step down! I really laughed at me!”
“Once the world’s top powerhouse, Erudia’s God of War of Kunlun, would he have such a humble time
when he was the king of the word side by side? ? “
……
everyone thought it was a leaf Dragon in fear, so compromise.
The Tiger Head of the Four Great Generals will stare at Levi Garrison.
“We met in Tiance Mansion three
years ago! Remember?”
“I want to continue our unfinished battle! But I I don’t want others to say that I bully you!”

Levi Garrison raised his mouth, "Let's go all of you together! Stop talking nonsense!" As
soon as this word came out, the tiger head became angry. "Levi Garrison, you asked for it! Let me try
you!"
The Return of the God of War [The Protector] Chapter 2263
Three years ago, the Tiger Head God General sighed and taught Levi Garrison a lesson.
How could he let go of this opportunity now.
It was made clear to bully Levi Garrison.
Especially, Levi Garrison is still so arrogant now.
No one will stop it.
As for Kirin (Qilin), they wanted to help Levi Garrison, but they were stopped by the look of Tiance
Marshal.
At this time, Huo Yun Cthulhu laughed.
Watching the tiger head ridicule wantonly "Stupid! Too stupid! Fight with your husband? You are too
weak! Don't save Grandpa by Calabash Baby! All of you, including your Tiance Marshal, come together!"
"Let Mr. Slap solves you! Don't waste time!"
Tiance Mansion fought with Levi Garrison, this is what Huoyun Cthulhu wants to see most.
He is still fanning the flames, burning the flames of war to the greatest extent.
Besides, he knew Levi Garrison's strength better than anyone else.
When Tiance Mansion meets him, it is no different from hitting a stone with a pebble.
He really wanted Levi Garrison to avenge him and embarrass Tiance Mansion.
It's not a matter of killing.
Let Tiance Mansion lose face…
Sure enough, Huoyun Cthulhu said that everyone in Tiance Mansion was angered.
"I don't know the heights of the two wastes! I will destroy them together!" The
tiger head god will be intolerable, and is about to do it.
"Hold on!!!" At
this moment, a shout came.
The terrible coercion directly calmed the anger of the tiger head god general, and his aura was directly
shattered.

A large number of people appeared immediately.
The Garrison Clan is here.
The leader was Ye Wudao, followed by Ye Lingtian, Ye Kuanglan and his ilk.
aggressive!
One is more arrogant than the other!
The head of the top ten forces!
They have arrogant capital!
"Senior Tiger Head, now is not the time to do it! Nowadays, there are not a few people in the world who
want to fight him!"
"If you beat him to death, wouldn't the other people be lonely! Everyone must be lonely!" Cool, isn't
it?"
Ye Wudao said with a smile.
The tiger head god general and everyone in Tiance Mansion all smiled after hearing this.
"Hahaha, it makes sense! There are too many people who want to kill Levi Garrison! I can't beat him to
death with one punch!"
Even the marshal Tiance gave Ye Wudao approving eyes.
"Although we have always been at odds, I will stand with you on this matter!"
Tiance Marshal said.
They know the killing order under the Garrison Clan.
Obviously, if Levi Garrison was in danger, Tiance Mansion would never interfere.
At this time, Levi Garrison and Ye Lingtian's eyes met.
Levi Garrison said coldly, "Do you still dare to come out? I have done my best to you!"
Ye Lingtian laughed, "Why didn't you dare to come out? Not three years ago! Three years ago, you were
the top powerhouse in this world, saying To be honest, I really dare not!"
"But it's different now! I have the ancestors of the ancient Garrison Clan behind me. What can I dare not
come out? What's more, I am better than you now! Even if I don't rely on the Garrison Clan, I can kill
you alone!"
Ye Lingtian was confident of his strength.
He even longed to be one-on-one with Levi Garrison one day, frustrating him fiercely and humiliating
him!

Release the anger held in my mind.
Regarding this, everyone else was silent.
Even for sure.
Ye Lingtian is extremely talented, and he is also an out-and-out madman.
In order to improve, the kind that can desperately work hard.
His current strength is the strength of the quasi god list.
If the new god list is released, he is the strength of the god list.
This is the top strength in the world.
Definitely better than Levi Garrison!
This is the truth!
"Punch! Another one that I feel is strong!"
Huo Yun Cthulhu couldn't help but laughed out loud.
Looking at these people is like watching clowns.
Too confident too?
Is the individual better than Levi Garrison?
Isn't this a big joke? In the ice field where the Heavenly Sword was born, why did you quietly make no
sound at all?
The Return of the God of War [The Protector] Chapter 2264
That person is also Levi Garrison!
Are you better than him as an individual?
How come tens of thousands of people were slapped and pushed away by others?
Everyone didn't take Huoyun Cthulhu seriously.
Levi Garrison smiled, "I'll give you another chance to go back to that place by myself! Don't force me to
catch you back by myself!"
Ye Kuanglan and the other Garrison family stared at Levi Garrison, "Levi Garrison, you are too
presumptuous."
Yes !!!" "Do you think it was three years ago? Did you take over my Garrison Clan? We Garrison Clan
originated from the Garrison Clan's ancient clan! We are now the head of the top ten forces! What
qualifications do you have to control the Garrison Clan?"
"It's the end of your own good days! If you violate the Garrison family's ancient family rules, you will
definitely die!"
... The
Garrison Clan really hates Levi Garrison.
One by one, my eyes are splitting!
The eyes can kill people!

Ye Lingtian sneered, "Levi Garrison, you want to hold me down for a lifetime, you have to have that
ability? Hahaha…"
Then Ye Lingtian said to Ye Wudao, "Little Ancestor, this is Levi Garrison, the monstrous sinner of the
Garrison Clan!"
Ye Wudao smiled, his eyes fell on Levi Garrison's body, "You are Levi Garrison! Although you have been
missing for three years, your legend has always been there. I often hear people say about you!"
"But I hear you all. It's doing something utterly conscience! Killed his own brother, and banned his father
for life! Throwing the family into hell again! You are deceiving the master and destroying the ancestor,
and destroying humanity!"
"According to the Garrison Clan's house rules! You! When Ling Chi is put to death! You can only wash
away your sins with thousands of cuts!"
Ye Wudao's face changed abruptly, and he sternly reprimanded.
"Hahaha…"
Levi Garrison smiled suddenly.
"Then did they talk about how to mutilate my mother and me back then?"
Levi Garrison asked rhetorically.
Ye Lingtian's face changed slightly.
Everyone at the scene also looked strange.
Everyone basically knows this.
According to the Garrison family's cruelty to Levi Garrison's mother and son, Levi Garrison's punishment
has been exhausted.
In the final analysis, the Garrison Clan is to blame.
… but
Ye Wudao nodded, "Well, I know."
"But what's the specific result? Are you dead? No! Neither does your mother! Not even lack of arms or
legs! To put it bluntly, Garrison Clan After doing so much, your mother and son did not
cause any substantial harm! But what about you to the Garrison family? Kill Damien, ban your father,
and throw the former first family into hell…"
"Levi Garrison, this is the fact. What's more, let me tell you that the Garrison Clan treats you mother and

child so much, in fact, to experience you! Since childhood, I have given you the strongest environment!
Isn't this, have you grown up?"
"Puff!"
Levi Garrison was vomiting blood.
This Ye Wudao's ability to reverse right and wrong is a match for his adoptive father's family!
Obviously persecuting babies, but they are said to be family experience!
Shameless!
What a shame!
"Levi Garrison you do not understand elder care and thought, but your dog bites Lu Tung-pin
ungrateful.This! Ye monarchs today I will not let you! Leaves millions of children of the family will not let
you!"
"Yes Severely punish Levi Garrison!"
"Severely punish Levi Garrison!"
...
everyone in the Garrison Clan shouted together.
Ye Wudao waved his hand to signal everyone to be quiet.
"According to the rules of the family, I should immediately execute Levi Garrison! However, the most
important thing at the moment is to kill the devil Zoey ! The family affairs of my Garrison Clan can be
solved later!"
Ye Wudao said in a high-sounding voice.
"Ye Shao really has a big picture!"
"I'm waiting to admire it!"
...
"Plums are dyed! Plums are dyed!"
Everyone started shouting.
More and more forces are also coming.
The villa of Levi Garrison was tightly enclosed.
There are three floors inside and three floors outside, all of which are people. You must know that
hundreds of thousands of people came here...
The Return of the God of War [The Protector] Chapter 2265
The whole world's anger towards Zoey has reached its maximum!
The whole Jiangbei was filled with the sound of crusade against Zoey .
Before the birth of Tianjian, he took Zoey and killed him.
But this time it was all dyed from plum...
Even Levi Garrison frowned.

I don't expect that things will evolve to such an extent…it's
getting harder and harder to handle!
Can't watch Zoey die, right?
impossible!
"Kill all of Zoey 's family! Kill all her children, including her!"
" Killing is justified! Zoey has killed so many people! Everyone related to Zoey should pay for their
lives!"
"Yes! Come to pay for your life!"
… the
voice is getting louder, and the people are getting more and more open.
Ye Wudao helplessly spread his hands. "Look, you don't need us to do it! Everyone's spit stars can drown
them!" Huo Yun
Cthulhu glanced at everyone and sneered, "A gentleman is here! Who can kill Miss Li? What a wishful
thinking!"
"Hahaha, let's wait and see!"
"Dad, come here!"
Levilia ran over at this time and called Levi Garrison to a remote place.
"What's wrong with Levilia?"
Levi Garrison asked.
"Dad will get messed up for a while, maybe I won't have a chance to say! Dad, I have already made a
decision!"
Levilia said.
The hearts of the ancestors in the dark followed.
But they are still very confident.
Levilia will definitely choose them.
Levi Garrison looked at Levilia lovingly, and smiled "Let's talk!"
"Dad, Levilia has decided, I will give up what you taught me!"
Hearing this, several ancestors cheered and laughed. Sound.
But the next moment, their smiles disappeared.
"But I don't use what the masters taught me!"
This sentence came out.
Several ancestors were dumbfounded.
"Huh?"
What happened?
Is a bowl of water flat?
Levi Garrison seemed to understand something, he smiled and said, "So you have to go out of your own
way? Create something by yourself?"

Levilia nodded fiercely. "Yes, Levilia will abandon everything next! Go your own way!" Create your own
exercises, create everything by yourself! I have a direction now!"
"Well, no matter what decision you make, Dad will support you!"
Levi Garrison touched Levilia's head.
With such a high talent, such a good foundation, plus a broad vision and rich insight, Levi Garrison
believes that she can go out of her own way.
After hearing this, several ancestors felt the same way.
"Yes! Levilia should go his own way! We restrict her too much, but will limit her upper limit! She is the
most suitable for creating everything!"
"This kid is too smart! There is no way to find a direction that suits him." I hurt my father and a few of
us!"
... The
ancestors were very pleased.
"Levilia, your masters are over there! Go and see them!" At
this moment, Levi Garrison pointed at a distance and said to Levilia.
"Huh?"
Levilia looked shocked.
She didn't find out by herself, how did dad find out?
The ancestors in the dark were surprised.
"It seems today that he leaves monarchs are known and can not be dyed plum out of here alive, we
deliberately expose the Jun-Jun away, so she is dangerous, do not let her see orphaned scene!"
Several of our ancestors Analyzing.
In fact, they were half right.
Levi Garrison just didn't want Levilia to participate…
Since Levi Garrison had said it all.
Several ancestors did not deliberately conceal it.
They took the initiative to come out.
"Master…"
Levilia ran over immediately.
"It turns out that you have been by Levilia!"
Levilia asked curiously. "By the way, how did Dad find you? Is Dad's strength comparable to several
masters?" Levilia began to look forward to it.
The Return of the God of War [The Protector] Chapter 2266
If my father's strength can rival several masters, how good would it be?
Dad will not be made fun of, and will not be embarrassed by the enemy.

But after hearing this question, several ancestors all laughed.
"No! Your father's strength cannot be compared with ours, nor is he discovering us! We took the
initiative to see him!" The
grandfather explained the story.
They only appeared because Levi Garrison asked Levilia to give up their practice.
"Oh, that's the case!"
Levilia's face quickly dimmed.
Her hopes were dashed.
She thought that Levi Garrison's strength was comparable to that of several masters.
"Levilia, let's leave!" After
several masters looked at each other, they decided to "help" Levi Garrison and take Levilia away.
"Ah? Levilia is still with mom and dad, mom and dad are in danger, Levilia wants to protect them!"
Levilia's face was firm.
"No, you have to leave! You can't participate!" The
ancestors couldn't help but said, forcibly taking Levilia away.
At this moment, Jiangbei has gathered hundreds of thousands of strong people, and the number is still
increasing.
Levi Garrison's villa became the focus.
There are people all around, densely packed with no gaps at all.
The old people before Levi Garrison appeared one by one.
The top ten forces of Erudia came first.
Levi Garrison saw many familiar faces, Fan Shengnan, Asura God of War, Seven Kills and so on.
They are all overlords of one party.
When the god of war saw Levi Garrison, his expression was complicated.
But he held his head high.
He had failed miserably against Shang Levi Garrison before, and he has been living in the shadow of Levi
Garrison.
But now he is completely reborn.
Facing Levi Garrison, he could finally raise his head and chest.
In fact, his heart is very refreshing!
He worked hard for several years, just waiting for this moment, just to prove that he was better than
Levi Garrison.
Now he just glanced at Levi Garrison and he understood.

Levi Garrison's strength stood still.
And he was already soaring.
There is no need to compare!
Comfortable!
I finally proved myself!
The god of war is breathing fast, his eyes are fiery at this moment.
Levi Garrison glanced at him and said with a smile, "Not bad!"
Compared to Xiao Feng, Kirin (Qilin) and the others, Levi Garrison admired the Asura God of War.
Because the strength in his body is pure!
Although it is also a quick method, it can be adjusted later.
The God of War Shura looked at Levi Garrison with a complicated expression, "I could have waited for
you to catch up! But you are sad today at this level! I hope you get through it!"
He actually hoped that Levi Garrison would be alive today, and then work hard. Chasing him…
Fan Shengnan and the others also simply communicated with Levi Garrison.
All of them were secretly refreshed in their hearts.
They all stood up in front of Levi Garrison.
The hostile forces or Levi Garrison once defeated even more.
They all came to see how Levi Garrison was doing.
"Haha, I heard that the Kunlun God of War has been trapped for three years, and his strength has
remained the same three years ago!"
"What's the matter with Levi Garrison? The whole world is progressing, why have you stopped?"
"You can beat you
now !" "Now there are simulation battle techniques! We have all simulated a battle against you, and you
lose. It's terrible !"
…
These old opponents and enemies were so excited to die when they saw Levi Garrison now.
"To be honest, you can't be our opponent for Levi Garrison now! You are too weak! It's too boring to
pick you as your opponent!"
…
Everyone ridiculed Levi Garrison frantically.
How ruthless Levi Garrison was oppressed at the beginning, now how crazy he is to vent.

“Hey! The world is like this! When you are at the peak, everyone is afraid of you! But when you are
down, those people used to step on it!”
Someone told a fact. Faced with the ridicule of hundreds of thousands of people, Levi Garrison said
faintly, “I have only one opponent from beginning to end-the laboratory of the gods. You are not
worthy!”
The Return of the God of War [The Protector] Chapter 2267
Levi Garrison added another sentence, “I didn’t mean anyone, I was talking about everyone present! In
my eyes, it’s all rubbish!” When
Levi Garrison said this, the audience exploded.
mad!
Too arrogant!
Levi Garrison has reached this level!
So arrogant!
Pointing to hundreds of thousands of people and saying it’s all rubbish!
For the sake of face, the kings of the past had no choice but to be hard-headed.
To be honest, Levi Garrison said that everyone is not worthy of being his opponent as rubbish, and
everyone is not angry.
Because everyone understands that this is Levi Garrison’s incompetent barking!
What else can I do if I have to be too hard?
In the face of the ridicule of everyone, unable to fight back, only to come back by verbal scolding.
Could it be that Levi Garrison would still kneel on the ground and beg everyone to let it go?
For his character, he would rather die than surrender.
Even if he killed him, his mouth remained hard.
Seeing Levi Garrison’s mouth hard, many people feel that Levi Garrison is a bit pitiful.
Especially Levi Garrison’s people here.
Almost with tears in her eyes, she didn’t dare to look at it.
They feel sorry for Levi Garrison.
If three years ago, encountering this kind of ridicule, Levi Garrison would have slapped him back.
But now he is not strong enough, even said he is far from enough.
There is nothing we can do about this situation.
Can only be stiff.

But for Levi Garrison, the Dark God is not afraid, nor is the ancestor of Tiance Mansion.
The only thing that made him feel threatened was the Lab of the Gods.
They disappear mysteriously, there is absolutely a problem.
When they reappear, they are afraid that it will be a shocking moment in the world.
Only they can be Levi Garrison's opponent.
"Hahaha… are you still talking about the Lab of the Gods? The Lab of the Gods is gone!"
"Levi Garrison, you have been imprisoned for three years, not knowing it's normal! We tell you that the
Lab of the Gods has actually been destroyed. It's annihilated in one fell swoop!"
"Yes, your wife was also involved in this matter! It was the Dark God who destroyed it!"
… When
Levi Garrison talked about the Lab of the Gods, everyone laughed.
The Dark God has obviously destroyed the Gods' Laboratory.
The top forces such as Maya Industry and the Emperor Organization have also confirmed them, and are
still participating in it.
As a result, now Levi Garrison pulled it out again.
Marshal Tiance smiled and said, "Three years ago, no one denied that it was the era of you and the Lab
of the Gods! But your era is over! You can't do it! The Lab of the Gods is over! It was easily destroyed by
people. Dropped!"
Levi Garrison smiled and said, "Actually, you are all deceived! This is the deception of the Dark God! Can
it be destroyed by him? Impossible! The
Lab of the Gods actually still exists, they are only temporarily hidden. A huge conspiracy is brewing! They
even say that they are controlling the earth-shattering changes in the world over the past three years!
You will understand when they come out again!"
"Hahaha…"
Hearing Levi Garrison's explanation, everyone laughed NS.
"Levi Garrison, are you an idiot? The Lab of the Gods is destroyed, something the whole world knows!
But you want to say that the Lab of the Gods still exists! But they are controlling the changes in the past
three years! They have that ability! right? " "

After all, that he did not understand this day and age, I thought of it three years ago, the gods laboratory
can control everything! monarchs it seems to have so that leaves a lot to accept beaten the world ah! "
…
Everyone laughs instead of anger.
Looking at Levi Garrison like an idiot.
"I know you won't believe it! But if you remember, the Lab of the Gods will return sooner or later! Then
you will understand that you are just a chess piece!"
Levi Garrison smiled.
He now feels more and more that the changes in these three years have sprung up the strong.
This is definitely a problem!
He just glanced at it, and there are various power elements intertwined in each person's body.
It's all exactly the same.
Obviously there is a problem. The first suspect is the laboratory of the gods.
The Return of the God of War [The Protector] Chapter 2268
How can there be such a coincidence…
Various ancient relics and ancient civilizations have been excavated, and modern technology has
developed like a rocket.
The strong are quick.
This obviously has a problem.
Levi Garrison felt more and more that it was a ghost in the Lab of the Gods.
However, according to the current situation, even if he broke the sky, no one would believe it.
…
"I see! It's time for Levi Garrison and Huoyun Cthulhu to know the cruelty of this era!"
"Yes, only by beating can they clearly understand how weak they are in this era?"
…
Everyone Thinking of doing it.
Suddenly, a powerful breath came.
They stood in front of Levi Garrison one after another.
"If you want to move the evil god, pass our level first!"
everyone shouted.

It turned out to be the seven evil gods under the leadership of Levi Garrison and Huoyun.
Sword evil god, poison evil god and them.
They have also jumped into superpowers, even more obvious than most of the people present.
Because what they originally practiced is "evil ways and crooked ways", to put it bluntly, what they
practice is extremely quick.
Now this era suits them too well.
However, Levi Garrison was very pleased that they stood on his side when they were enemies all over
the world.
What does it mean to be a universal enemy?
die!
Once they choose their side, they will face death.
It's nice to have these brothers.
Levi Garrison smiled at the corner of his mouth.
Of course, Kirin (Qilin) Azure Dragon (Qinglong) and Xiao Feng are actually on this side.
It's just that they will quietly open a way for Levi Garrison and Zoey to escape later.
It will not show up on the surface.
"Cthulhu! Don't worry! Unless we are stepping on our corpses, don't want to touch your hair!" The
sword evil spirit swept the audience.
"Let's see, what is called a gang of anger? Things are gathered together? There is a demon wife, and
now a group of crooked hands are coming down…"
"But it's too easy to kill you! Everyone should blame Zoey and his family first!"
Ye No way to suggest.
Day policy Marshal nodded "Yes! Before dyeing process plums! I am here to say a word on behalf of
government policy day! Plums and stained-day government policy does not matter ah! She is her child is
a child!"
"Yes, the days of government policy Regardless, let's rest assured! Kill this female demon first!"
…
Ye Wudao and Marshal Tiance responded with every word.
Hundreds of thousands of people shouted together to punish Zoey .
The terrible sound was like a thunder rumbling on top of the sky.

“Dear brothers, please give me
a lesson!!!” A voice sounded.
I saw everyone from Li and Zhao’s family came.
Li Wenhai these pure energy bodies also came tremblingly.
“Everyone, let me say this-anything Zoey did has nothing to do with our Li and Zhao family! She
disappeared three years ago! Never returned to the family again!”
“We didn’t even know that she became like this. We really don’t know! We sympathize with the victims
and their families!”
…
They want to have a clear relationship with Zoey .
“We can prove this! Zoey really has nothing to do with the family!”
Tiance Young Master said.
Looking at Levilia’s face, he didn’t want to kill him.
Ye Wudao suddenly stared at Li Wenhai and the others, “Okay, even if you have a clear relationship! So
how do you think Zoey should be punished?” The
words came out.
Li and Zhao’s family were dumbfounded.
How do they deal with it?
After all, Zoey is also a family member.
Is it going to be killed directly?
“Didn’t you say that it has nothing to do with her? Give you a chance to prove your innocence!”
Ye Wudao seemed to want to see this kind of family killing each other.
Deliberately leave the problem to them!
“Kill her!” A voice came from the crowd of Li Zhao’s family.
The Return of the God of War [The Protector] Chapter 2269
“Yes, kill her!”
“Zoey , this big demon , kills people like hemp! Treats life like grass! Damn!”
…
One person shouted, and the second person shouted.
Except for some elders, Li Wenhai and his like are all shouting.
They are scared!
Although they are pure energy bodies with super powers, they feel more fragile than ordinary bodies.
They are more afraid of death.
It’s the same as paper.
Life-saving is important at this time, what is Zoey ?
“That’s our granddaughter, how can we force her to die?” The

old lady and the others were naturally unwilling.
“Parents, if you don’t want to, our whole family will suffer along the way!”
Li Wenhai several people tried to persuade them.
Ye Wudao looked at the scene before him with a smile.
“Zoey hasn’t come out yet, please force her out!”
Ye Wudao shouted.
Li Wenhai, Li Songkui and the others rushed to the front and shouted.
“Zoey , don’t you come out to face it? This is all the catastrophe you caused!”
“Do you still want to hurt us? You are really selfish!”
...
Under the persecution of everyone, Zoey slowly walked out .
The eyes of her enemies burst into anger.
“Kill! Kill! Kill!”
...
Everyone was crazy.
These days of incitement, the whole world’s hatred for Zoey is deeply rooted.
Everyone can’t wait to be cramped!
Seeing Zoey , they felt as if they had fallen into a demon.
This is the anger of the whole world!
Now let Zoey bear it alone!
It shows that the incitement of the Dark God is successful.
At this moment, the Dark God and the Bible organization have been observing the situation here.
To test Levi Garrison’s strength, come with the biggest wave.
Drive him into the most dangerous situation-against the entire world.
Only in this way can he measure his true strength.
...As
soon as the plum dyed out, everyone finally understood what the anger of the whole world was like.
Faced with the condemnation of hundreds of thousands of people, Zoey was scared.
But seeing Levi Garrison here, anger shot into her eyes.
“Want to kill me? Come on! Take out your real ability to kill me!”
Zoey dyed his eyes at everyone.
“Have you seen it? This is the female devil! The murderous aura is so heavy at this time!”
Ye Wudao sneered.
“Kill her! Kill her!” The
crowd shouted after being emotionally mobilized.

The planned unicorns were sweating all over, holding hands tightly, and their legs trembling a little.
This time, they secretly opened a way for Levi Garrison and them.
Let them go.
“Zoey , come here!”
Levi Garrison pulled Zoey to him.
He looked at the people and said, “I am here to declare one thing to everyone! First of all, I admit the
killing karma created by my wife!
But the actual situation is-my wife was used by the dark god of the Bible organization! The people she
killed over the years were all arranged by the Dark God! My wife is now like this, all because of the dark
god! “
” Ridiculous! ! ! “
Levi Garrison was obviously the one killed by your wife. What does it have to do with other people?” “
Don’t worry about who plans it, I’ll just ask you, is it a man killed by a plum?” “
…
Under questioning, Levi Garrison was silent.
Regardless of the conspiracy behind it, who planned it, it was indeed Zoey who killed it.
“Look! You don’t believe what you say! You said that the dark god destroys the laboratory of the gods,
you don’t believe it! Now all these are the secrets of the dark god! It’s so funny! “
Levi Garrison can’t calm down this matter with a mouth!” “
Ye Wudao and they all smiled.
“Levi Garrison can’t escape Zoey today!” As for you, as long as you let go, you can save your life! Choose
for yourself! “After
hearing this, Zoey looked at Levi Garrison. Levi Garrison smiled, “Of course I choose to be with my
wife!” “
The Return of the God of War [The Protector] Chapter 2270
After seeing this, the dark God who is always paying attention to the dynamics is vaguely looking
forward to it.
The dark god wants Levi Garrison to sweep hundreds of thousands of people!
I also hope that his strength is mediocre… The

Dark God is called a entanglement.
The most critical moment is coming.
If Levi Garrison really opened the dark cage by himself.
Not to mention these hundreds of thousands, and there will be a few million more people who can do
nothing about him.
…
Hundreds of thousands of people in the field are staring at Levi Garrison.
"Levi Garrison seems that you are determined to die? That's good! You and Zoey die together!"
"Yes! Kill him and Zoey ! Only then can the anger be calmed!"
"Kill them!!!"
… …
But at this time Ye Wudao said, "It seems to kill Levi Garrison directly. It's meaningless. I always feel that
there are shortcomings. It is not refreshing enough!"
Ye Lingtian immediately agreed, "Yes! That's right! It seems that it is not enough! It almost means!"
"Yes, yes, yes…Anyway, letting Levi Garrison die directly, it really feels a little bit refreshed!"
…When the
two said these words, everyone agreed.
They all feel that it is really uncomfortable to get rid of Levi Garrison directly. It took so long for
everyone to see Levi Garrison and let him die like this?
Especially the opponents and enemies who had had a feast with Levi Garrison felt even more unhappy.
They waited for three years, and they waited for Levi Garrison to appear, defeat him fiercely, to wash
away the shame of the past, let Levi Garrison understand how weak he is in this era.
But if you kill him directly now, it really doesn't mean much.
Not good at all!
He died when he saw him, as if he had never appeared before.
Thousands of people want to humiliate Levi Garrison severely…
"Since Levi Garrison and Huoyun Cthulhu are so mad, ignore this era! I think it's better not to kill him all
at once!
Let's keep him and let him know slowly The cruelty of this era! Let him know that his strength is weak in
this world! Let everyone have a chance to vent!"
Ye Wudao made this suggestion.

Get a strong response from everyone.
Everyone had the same idea and would not let Levi Garrison die easily.
To humiliate and torture him slowly, everyone will do their best.
Let Levi Garrison kneel on the ground to admit defeat is everyone's ultimate goal.
Like Ye Wudao, a strong man at the level of Young Marshal Tiance didn't want Levi Garrison to be alive.
They were more like seeing Levi Garrison's embarrassment.
They want to completely destroy the pride of this former king!
Some people were psychologically distorted and wanted Levi Garrison to kneel in front of him and beg
to let him go.
... The
vast majority of people have the same purpose and quickly reached an agreement.
"But what about Zoey ? She must die! This demon can't live for a moment!"
Everyone's eyes locked on her.
Murderous.
"Then do it!"
Ye Wudao waved his hand.
Many masters in the field pressed on.
A big battle is on the horizon.
But at this time, Levi Garrison suddenly shouted, "Slow down!"
"What are you going to do?"
"Let me just say a few words! My wife was indeed used by the Dark God! All this was arranged by the
Dark God! But I admit to my wife's mistakes! There is no escape!"
"So I thought I implore you to change another way of punishing me, as long as you let my wife go! Let
her live!"
Levi Garrison said.
In fact, with his strength, once he fights, he can naturally kill hundreds of thousands of people.
No one is left.
But he is responsible.
To do it wrong is to do it wrong.
Zoey did kill a lot of people.
undeniable fact.
You must bear the consequences!
You can't put your own mistakes on others.
So Levi Garrison chose a new solution.

“No!”
Everyone immediately shook their heads.
“Hold on!” someone shouted.
The Return of the God of War [The Protector] Chapter 2271
Ye Wudao and others stared at Levi Garrison, “Levi Garrison, you mean to put the punishment on Zoey
on you?”
“Yes! As long as I don’t let my wife die, I will accept any punishment!”
Levi Garrison nodded. .
“No!”
Kirin (Qilin) and the others as well as the Evil Sword God all stood up.
Don’t agree to this!
They all want to kill with their own power.
Kirin (Qilin) and the others add the sword evil god, they should unite inside and outside, and it is not a
problem to make a way out.
At least temporarily let them escape.
But if they accept punishment, these people will not let Levi Garrison go.
Even the Huoyun Cthulhu looked different.
But he reacted quickly.
He had already felt Levi Garrison’s whole person.
“Retire all! Listen to me!”
Levi Garrison shouted loudly.
Kirin (Qilin) and the others can only stand aside, but they are ready to take action at any time.
“Okay, did you hear that?”
“Levi Garrison said, as long as Zoey is spared, he is willing to accept all punishments!”
“What do you think?”
Ye Wudao shouted at hundreds of thousands.
At this moment, everyone felt that killing Zoey was not that important.
The anger in front was clearly raging, but now I don’t think it’s interesting to kill Zoey …
this is the psychology of most people, it’s just a moment of feeling.
It seemed to be between punishing Levi Garrison and killing Zoey , the latter had no meaning at all.
What does it matter whether it is killed or not?
But to punish and torture Levi Garrison, everyone felt full of interest.
The main killing of Zoey was incited by the dark god.
Many people say it bluntly that others are doing what they are doing, and what they say is what they are
doing.

It's just being used.
In fact, does he really want to kill Zoey ?
Do not!
It has nothing to do with him!
…
So after Ye Wudao's proposal came out, everyone was silent.
"Also! But, there is a condition-in order to prevent Zoey from continuing to harm others, she must be
abolished by force! Let her become an ordinary person!"
Someone put forward a condition.
"Well, this condition must be met!"
Ye Wudao and others said one after another.
Levi Garrison covered Zoey 's mouth, and he nodded, "Yes! As long as you don't kill my wife!"
"You can accept any punishment?"
Someone stared at Levi Garrison and asked.
"Accept! This is an explanation!"
Levi Garrison nodded.
"Think everyone! How to punish him?"
Ye Wudao shouted loudly.
Everyone began to discuss.
The dark God who was watching the dynamics let out a long sigh of relief.
"The test came out! This is definitely not the dark cage that Levi Garrison opened by himself! Otherwise,
he will never compromise! I beg others to give a chance to let Zoey go!" said Dark God.
"Well, that's right! According to Levi Garrison's character, if he really had a terrorist force, he would
have driven these people home long ago! He has no strength now, so he compromised!"
"Hahaha… scared me to death, I thought he really opened the dark cage!" The
others were also relieved.
"Then someone else should help him open the dark cage… but as long as it's not Levi Garrison!"
Dark God sighed.
They analyzed everything.
But he didn't analyze Levi Garrison's behavior, he is a character who dares to behave.
Wrong is wrong.
Have to bear the consequences.
It doesn't matter how strong you are.

…
Zoey wanted to say something, but Levi Garrison covered her mouth.
“Leave everything to me! Let them come!”
…
Everyone came up with one method after another, but they almost felt something.
Either the punishment was not enough, or Levi Garrison would be killed directly.
They wanted Levi Garrison to live, and they had to torture and humiliate Levi Garrison.
At this moment, Ye Wudao smiled suddenly
, “Everyone, I think of a way of punishment! Absolutely!” “Ye Shao, what is it?” Everyone looked over.
The Return of the God of War [The Protector] Chapter 2272
“It’s very simple! Levi Garrison, stab yourself a hundred times!”
Ye Wudao sneered.
“Hiss!” After
hearing this, everyone gasped.
Stabbed yourself a hundred knives?
Unimaginable pain!
It hurts people to death!
This is an extremely painful torture…
“Your wife killed so many people, a hundred knives are considered light!”
Ye Wudao smiled.
After Kirin (Qilin) and the others heard about it, they were about to stop, but Levi Garrison agreed,
“Okay, no problem!”
“What do you guys say? A hundred dollars is enough? I think he can bear it with his physique!”
Ye Wudao Asked.
“Yes!”
“Agree!”
…
Everyone didn’t want to kill Levi Garrison all at once.
Want to torture him, see if he can stand it?
If he can’t bear it and is about to die, he can still be rescued and continue to torment.
Anyway, it was to make Levi Garrison feel the extreme pain!
All those present agreed to come down.
Levi Garrison was also determined, and no one could stop it.
“Okay, let’s start!”
someone shouted.

“Wait! The knife has to choose! This knife should be the most suitable! This is a weapon produced by
Maya Industry! It incorporates terrible elements! The
biggest feature is that one blow will not kill! But this knife will stay in your body Some substances will
slowly corrode your body! Until it festers completely!
No matter how strong you are! Even if a strong man in the gods list is stabbed by this knife, his body will
slowly be corroded! It’s just that the body festers for a longer time! “
A masked person suggested, and took out a gleaming short blade.
“Hiss!” “When it
comes to this knife, everyone at the scene chills.
Obviously they were all scared by this knife.
That’s right.
In the past, this weapon of Maya Industries has become an invincible artifact. It has
made many Powers and strong men are all trading treasures.
Many killer organizations in this era are equipped with weapons of Maya Industry.
As long as they are stabbed by such weapons and special elemental substances invade the body, it will
be over. There
is no solution yet. .
Kunlun Industry has also tried to develop antidote…
but little progress. It is
estimated that it will take a few years…
The weapon of Maya Industry is very insidious, shameless by many people, but also afraid. There is
a word circulating . ——As long as you are injured by the weapons of Maya Industry, the gods can’t save
them.
“Hahaha, good! Just use this knife! “
Ye Wudao and they all laughed.
Even if Levi Garrison survived the stabbing of a hundred knives. But special elements invaded his body, and his body would be corroded a little bit until it ulcerated.
But he wouldn’t die directly. .
Let him slowly suffer torture, humiliation and then die.
This is completely in line with everyone’s psychology.
Therefore, everyone agrees.
The masked person threw the knife to Levi Garrison.

Looking at his eyes, Levi Garrison felt that this person was a bit familiar, but he didn't know who it was.
Now I don't bother to think about other things.
Kirin (Qilin), they are nervous.
This knife pierced into the body, which meant that Levi was over.
The gods can't be saved!
But Levi Garrison kept all of them still and could only watch.
The only relaxed person in the field was the Fire Cloud Cthulhu.
He was doing nothing, even yawning.
"I will do what you say! But you must let my wife go as agreed!"
"Otherwise I won't let you go!"
Levi Garrison said it was true.
If this group of people turn back, he will take action.
"Don't worry! Tiance Mansion guarantees this matter!"
Tiance Marshal said.
As for Levi Garrison's threat, no one was at ease.
"Let's start!"
Hundreds of thousands of people stared at Levi Garrison.
"Well, today I will wash my wife's sins! I stabbed a hundred knives!"
"Puff!" The
voice just fell. Levi Garrison pierced his chest with a knife! ! !one looked over.
The Return of the God of War [The Protector] Chapter 2273
The blade was completely submerged in Levi Garrison's chest!
Splashing blood!
shocking!
Everyone has a numb scalp.
"Puff!"
When Levi Garrison pulled out the knife, the blade was completely green from black.
Obviously, the special element of this weapon had been left in Levi Garrison's body, and it had reacted
with the blood.
"Hahaha…"
Many people smiled cruelly when they saw this.
In this way, Levi Garrison's solution was announced.
Once this vicious weapon of Maya Industry pierces the body, if the special element acts, it will
undoubtedly die.
Watching the body corroded day by day, but there was nothing to do.
You can only die in pain.
Kirin (Qilin) and they were unwilling to watch it anymore.

They deeply understand what this knife piercing means… all of them are full of chagrin and self-blame.
They are getting stronger!
But what's the use?
The boss who they wanted to protect was suffering from such extreme pain,
"Go on! Go on!"
…
everyone urged.
"Puff!"
Levi Garrison raised the knife in his hand and dropped, the second knife pierced his chest, blood sputtering.
Everyone found that the color of the weapon was darker.
It shows that more special elements have invaded Levi Garrison's body.
pain!
At this moment, Zoey felt heartache, a feeling he hadn't had in three years.
She seemed to have recovered from the hatred.
"Boss!"
"Master!"
"Cthulhu!"
…
Kirin (Qilin) and they all shouted distressedly.
But Levi Garrison wouldn't let them take care of it!
At this time they also understood Levi Garrison's intentions, he wanted to bear everything for his wife.
Huoyun Cthulhu understands everything better.
It's not that Levi Garrison can't solve it, but he is responsible!
…
"Puff!" The third cut!
"Puff!" The fourth cut!
…
Sixty knives!
Levi Garrison's wounds were already covered with blood, and he became a blood man.
Hundreds of thousands of people present witnessed the whole process.
Everyone!
They all felt the extreme pain and torment, and they all imagined the feeling of so many stabbings on their body in a row.

Can't bear it!
Maybe it hurts alive!
Not to mention that this knife is still a special weapon of Maya Industry, which is more painful and
terrifying.
Everyone is thinking about the fact-if it is not possible to remove the pain nerve, few people can hold it!
But Levi Garrison's complexion was unwavering, and he didn't even blink his brows.
As if it wasn't him who stabbed!
"Man!"
"It's a man !"
"Although he is medium in strength! Few people can compare in this respect!"
…
Levi Garrison also conquered many people.
"Continue!" There
are wounds all over the body, and there is no place to puncture, what should I do?
"Puff!"
Levi Garrison stabbed in the other wounds.
"I…"
Levi Garrison gritted his teeth and didn't make a sound.
But other people looked uncomfortable and felt like they were tingling all over.
Isn't it too cruel?
A stab at the wound!
Can't stand it.
Even Ye Wudao Zhiliu gasped.
Obviously they couldn't make Levi Garrison hate so much.
But I feel refreshed!
They were really comfortable seeing Levi Garrison being tortured like this!
Seeing the former king suffer so much pain, no one is excited.
Levi Garrison continued to pierce the knife into the body again and again.
…
Seventieth!
… the
hundredth cut!
Levi Garrison stabbed a hundred knives!
"Da da da…" After
stabbing a hundred knives, Levi Garrison was already a little unsteady.

After all, this is a real one hundred stabbings on the body.
Someone hurriedly went to Fu Levi Garrison.
Levi Garrison waved his hand, and he stood firm again.
Spit out a mouthful of congestion, and looked at everyone with a smile.
The smile seemed to be mocking.
It seems to be saying that another thousand dollars will be fine!
"I'll go, this guy's life is too hard, right?"
Everyone was shocked. "But Levi Garrison is holding on!"
The Return of the God of War [The Protector] Chapter 2274
After everyone is gone, I bet that Levi Garrison will immediately fall down and roll and shout pain!"
Someone immediately agreed. "Yes, I also think that Levi Garrison is holding on! The former kings are
more worthy of face than anyone else?"
"Yeah, what ? Hundreds of thousands of people watch, he won't cry out in pain! Let alone fall down! He
wants to pretend to be shown to us!"
"I am looking forward to Levi Garrison's miserable appearance in private! And the special elements of
this knife are already there. Invading the body, Levi Garrison will surely be gradually corroded until
death!"
...they
thought of Levi Garrison's miserable look next, everyone laughed.
At this moment, Levi Garrison glanced at the audience, "I, Levi Garrison, have a word for words. I have
stabbed myself a hundred times!
Should you let my wife go as agreed?" If someone says nothing.
Levi Garrison will really get angry.
Charged up and slapped to death.
"This..."
Although some people want to go back, it's not easy to say it in front of so many people.
"Since you did it! We also fulfilled our promise! Let go of your wife!"
Tiance Young Marshal took the initiative to speak.
"Okay, we agree! This account has been written off!"
...
everyone agreed.
"Wait! Let me say a few words!"
Ye Wudao stood up at this time.
"Levi Garrison now we are talking about the hatred between Zoey and Erudia, and the hatred with the

whole world is resolved! Do you know what I mean?"
Ye Wudao asked.
"Well, I understand!"
Levi Garrison nodded.
Already knew what he was going to say.
"Listen to me, this is Zoey 's hatred with the whole world! We let him go! We won't kill her today!
But the private enmity between one of us and Zoey is still counted! If we want to revenge, we still have
to take revenge! Tiance You can't stop the mansion either!"
Ye Wudao said.
His meaning is very simple.
It is the public who kills plums today, everyone, and the whole world.
This is the hatred of the whole world, and it has nothing to do with private hatred.
Young Master Tiance nodded, "Well, I understand! We don't care about private enmity!"
This is the word game Ye Wudao played.
For example, the hatred between Garrison Clan and Levi Garrison, he has to continue.
But Levi Garrison didn't care about it.
Today, I stabbed myself a hundred knives and gave the whole world an explanation.
Levi Garrison sneered, "Okay, it's okay! But I have paid for my wife! As for the private vengeance, you
are welcome to report it! I'll wait!"
Levi Garrison will do it if he comes to avenge the private vengeance.
"Hahaha…"
Everyone laughed.
Just like Levi Garrison, you are welcome to take revenge?
I don't know how to die.
You can hardly protect yourself, and want to keep Zoey ?
Dream it!
What's more, you don't have that strength!
"Next, let's abolish Zoey 's skill! For the sake of justice, let Tiance Mansion execute it!"
Ye Wudao and the others would naturally not forget to abolish Zoey 's skill.
"I'm coming!" In the
end, the marshal Tiance personally abolished Zoey 's skills!
But seeing Zoey spit out blood, Levi Garrison felt relieved instead.
It is more likely that the plums will be dyed back.

“Well, everyone’s goal has been achieved! The punishment for Zoey and Levi Garrison is enough!”
Tiance Marshal shouted.
Hundreds of thousands of people slowly dispersed, half an hour.
Almost all disappeared.
But Levi Garrison and the others knew that many people looked like they had left, but in fact they were
hiding in the dark, observing Levi Garrison all the time.
Among them are Levi Garrison’s enemies and deceased people.
They wanted to see how long Levi Garrison could last, and even more wanted to see his miserable
appearance.
However, young marshal Tiance and Ye Wudao, with noble identities, really left.
Staying here to watch jokes is detrimental to your reputation.
They have been in control of Levi Garrison’s news anyway, and there are more opportunities to
humiliate and torture. “Haha… Levi Garrison is going to make a prototype, right?”
The Return of the God of War [The Protector] Chapter 2275
Now everyone is leaving.
In everyone’s opinion, Levi Garrison will definitely not continue to pretend.
Secretly everyone is waiting to see!
A smile appeared at the corner of Levi Garrison’s mouth, and he sat on the mat, letting blood drip and
drip.
In the eyes of others, Levi Garrison couldn’t do it anymore.
He could no longer stand.
Even if he can’t be strong anymore.
He has been holding on in front!
Now watching the people go, he finally couldn’t stand, and sat down on the ground.
He is the end of the battle.
“Is there any wine?”
Levi Garrison shouted.
After being detained for three years, I really miss this bite.
“Yes!”
Someone immediately brought spirits.
Levi Garrison gulped directly.
“See? Levi Garrison is no longer good! Now I want to use strong alcohol to relieve the pain!”

“Yes! I was pretending to be up front! To save face, I don’t want everyone to see him in
embarrassment!”
“Now his brother and apprentice We are still there, he is still pretending, waiting for these people to
leave, I guess they will make a scream like a pig?”
…the
people in the dark place were refreshed.
Suzaku was the first to watch Levi Garrison drinking strong wine.
She immediately took out a lot of medicines with the Kunlun Industrial logo.
“Boss, take it immediately. This is Kunlun Industry’s painkiller, especially useful! And this is a hemostatic
agent! There is also a healing agent! Both have incredible effects!”
Suzaku was excited to give Levi Garrison to take it.
In this era, ancient miraculous pill and modern medicine are favored.
For example, the medicine produced by Kunlun Industry may be exaggerated to come back to life, but
the medicine can basically cure the disease.
“Yes, boss, take it quickly!”
everyone began to urge.
They are very worried about Levi Garrison’s situation.
There was a saying, these brothers felt pain in their hearts when they saw Levi Garrison stabbing him
with a stab.
But Levi Garrison shook his head, “No need! I don’t need these!”
…
“Pretend! Start pretending again! In order to pretend to be a tough guy with his apprentices! No
medicine is
needed !” Do you still pretend?”
Everyone in the dark began to say that Levi Garrison was pretending again.
Everyone has been persuading Levi Garrison to take medicine, the Sword Evil God and them are also
persuading, even Zoey is also persuading.
“Sir, just take it! This is their heart!”
Huo Yun Cthulhu said.
He could see that if Levi Garrison didn’t take the medicine anymore, this group of people would have to
use tough methods to get Levi Garrison to take it.
Levi Garrison had no choice but to take the medicine.

The medicine is still effective.
Soon the blood stopped, and the wound was slowly healing.
However, because of the special weapons of the Maya industry, the healing speed is not very fast.
But it eased.
But what they didn't know was that it was the same for Levi Garrison.
He is fine at all!
It's just a bit of blood.
"Hey! The biggest problem right now is that Master was injured by the special weapon of Maya
Industry! The special elements have already worked in Master's body, and it will soon corrode the body
until it is completely ulcerated!"
Xiao Feng said one that caused everyone a headache. The problem.
Suddenly everyone's faces collapsed.
I don't want to face this problem, but we must face it all.
Once stabbed by a weapon of Maya Industry, he was declared dead and there was no way to save him.
Kunlun Industry has been studying solutions for a full year and invested a lot of resources, but no results
have been achieved.
This is true of other major forces.
At present, being stabbed by a weapon of Maya Industry is totally unsolvable.
"No! I'm damn my life and I have to find a cure!"
"Suzaku, hurry up and research! You must work out a solution!"
"We are all over the world to Zhao for a solution, I believe it will be possible!"
... Ye The apprentices of King's Landing, brothers and subordinates all made up their minds.
The Return of the God of War [The Protector] Chapter 2276
A solution must be found to prevent Levi from dying.
They give everything they can to protect Levi Garrison.
Everyone looked at each other and determined the next task.
"But everyone must first make sure-the matter of keeping the boss alive has not been resolved, or it is
difficult!
But we can delay the onset of the boss's injury and buy more time to find a solution!"
Azure Dragon (Qinglong)) has a clear mind ! , Very rational analysis.
Others agreed.

“Okay, let’s do this! First delay the onset of the boss’s injury! This is not difficult! Then find a solution!”
Everyone agreed.
…
The people in the dark laughed.
“Impossible! It’s a wishful thinking! Because until now, no one except Maya Industry knows what this
substance is…”
“Want to find a solution? Absolutely impossible!”
… But at
this moment Levi Garrison suddenly made a move. Waved his hand, “No! I’m fine! This injury can’t hurt
me!”
“No, Master, we are talking about the special element on this knife…”
Before Xiao Feng finished speaking, he was interrupted by Levi Garrison.
“I know. This little thing can’t
hurt me, and it doesn’t even hurt me at all!”
Levi Garrison didn’t joking.
With his current physique, he didn’t even know what level he had reached.
In the past three years, his strength has reached a position above the gods.
A punch casually is the ultimate speed and strength.
But to pursue the ultimate speed and strength, can ordinary physique work?
can not!
Three years ago, Levi Garrison’s physique couldn’t bear such a punch.
It is estimated that his body exploded at the moment when the power was gathered, and he couldn’t
bear it at all.
Because Levi Garrison’s physique became super powerful in the process of pursuing ultimate strength
and speed.
It can even be said that there is no fear of everything!
The knife stabbed on the body and did not harm Levi Garrison in the slightest.
The weapons of the Maya Industry could not cause any harm at all, and were dispelled after entering
the body, and even said that they could not penetrate at all.
Still want to corrode?
Less likely!
Levi Garrison’s physique was too strong to imagine, and it was definitely not something special elements
could corrode.

So Levi Garrison is nothing at all!
It's just that they don't understand at all.
"Master, don't hold on to it! You are all your own, so don't pretend! You are already very seriously
injured and dying! You have to pretend to be indifferent!"
Xiao Feng couldn't help directly. .
Others hurriedly said, "Yes, there are no outsiders now! Don't hold on! We know that in your heart you
represent Erudia, you must not fall, you must not show comfort!"
"But now No outsiders are gone, they are all your own! Your brother, your apprentice, your family! You
don't have to face us with a strong side!"
"You don't have to pretend, there are really no outsiders! The people lurking around are all driven
away!"
…
Kirin (Kirin (Qilin)) and the others deliberately drove away the people lurking around one by one.
They always thought that Levi Garrison was bracing and pretending!
But Levi Garrison didn't have it at all!
He's okay!
Levi Garrison was helpless.
The Huoyun Cthulhu on the side couldn't stand it anymore, he couldn't help but said, "Okay, okay, to be
honest, sir, there is nothing wrong with it! You don't need to use your medicine at all! You don't need to
find a solution, what should you do? Why go!"
Hearing the words of Huoyun Cthulhu, everyone was angry.
"You don't know how much damage this knife has done, let
alone the changes in this era! You should be with…" Someone excitedly wanted to talk about Huoyun
Cthulhu and Levi Garrison, but realized that he had missed it. Levi Garrison sneered, "You still want to
say that this era has eliminated me, right?"
The Return of the God of War [The Protector] Chapter 2277
"No! We didn't mean it! Boss just you don't know how powerful Maya Industries is!"
"Yes, we didn't mean it at all! What's more, the boss, your strength in this era is also mid-level! It's
impossible to eliminate it. !"
Everyone began to explain.
"Master, just listen to our arrangements! With us, you will be fine!"

Xiao Feng promised.
Levi Garrison's face changed, "You all leave first, I want to be quiet!"
"Boss…"
Everyone has to explain.
"Everyone! Can I do it alone?"
Levi Garrison yelled.
But everyone still stood hesitantly.
At this time, Commoner Killing God stood up.
"Everyone, let's leave first, let the gentleman be quiet! What's more, just after taking the medicine, the
injury has been stabilized, and there will be no life-threatening for the time being!"
Hearing Commoner Killing God said.
Everyone left one after another.
"You guys leave too!"
Levi Garrison ordered.
Sword Evil God and they also left together.
After coming outside.
The God of Common Killer glanced at the people and said, "Do you think your husband doesn't know
how powerful Maya Industry's weapons are? A smart person like him has understood since Ye Wudao
and the others chose this weapon!"
"And you think he doesn't Do you know the current situation? What is his physical condition, he knows
better than anyone!"
Commoner's words to kill the gods were simply inspiring.
"So the boss is now in a serious situation! It's just that he doesn't want us to worry, he deliberately
insisted on it! He kept saying that he was okay!"
Kirin (Kirin (Qilin)) reacted and said in surprise.
"Yes, it must be so!"
"I just don't want us to worry!"
"He should not be able to hold it now, so he will drive us away!"
Kirin (Kirin (Qilin)) sighed, "The boss in my memory was a broken bone, a bone branch. The person
who wants to go to the sky too! He doesn't want us to see his miserable side! But rest assured, boss! We
will do our best to keep you alive!"
"Yes! Let's arrange the division of labor! Let's act from now on!" "
Azure Dragon (Azure Dragon (Qinglong)) tasked these people.
Everyone worked hard for Levi Garrison to survive.

But after everyone leaves.
Levi Garrison smiled and stood up, like a okay person.
The wounds on his body also healed at a speed visible to the naked eye.
"Boom!"
His body exploded out of thin air, dispelling all the black matter.
This is a special element of Mayan industrial weapons.
He was forced out by Levi Garrison.
This is his horror!
The special element in Mayan industrial weapons is pervasive, once invaded, it will spread all over the
body.
Even the strong of the gods can't do it, once they are stabbed, they will undoubtedly die.
But Levi Garrison is above the god list!
This element cannot invade his body at all.
Levi Garrison stretched out his hand and touched the discharged substance, his brows frowned, "I
haven't seen this kind of poison!"
Levi Garrison was knowledgeable and learned all about the evil god of poison.
It's an exaggeration to say that I know the poison all over the world, but I have never seen this kind of
poison.
But Levi Garrison didn't need to know.
There is no threat to him anyway.
Huo Yun Cthulhu smiled, "These kids are all confused by these fancy things! I don't know that all kinds of
things can't resist Mr.'s punch!"
Levi Garrison looked at him and smiled, "You have to practice too, even if you improve your strength, So
as not to make people laugh!"
Huo Yun Cthulhu's expression was shocked, "Understood! I will improve as soon as possible!"
Now Huoyun Cthulhu already knows what is the most powerful.
"Mister, what are your plans next?"
Huo Yun Cthulhu asked.
"It is estimated that there are a lot of private revenge! But I will kill the dark god first!" Levi Garrison said
lightly.
The Return of the God of War [The Protector] Chapter 2278
Now the Dark God is the existence of the ceiling of combat power in this era.

It is rumored that he wiped out the Lab of the Gods!
This is also the biggest force to be wiped out in the new era!
Also the strongest battle!
therefore!
Dark God ranks first in the list of gods!
Therefore, when Levi Garrison mentioned that it was a dark God conspiracy before, it attracted strong
rebuttal and dissatisfaction from many people.
Because the Dark God is number one on the list of gods, in this age where the power is respected, the
Dark God is just like faith in many people's minds.
No one is allowed to say that he is not good at all.
But for Levi Garrison and Huoyun Cthulhu, is the number one in the god list a fart?
What is the God of Darkness?
"Okay! Sir, do you need me to go with you?"
Huo Yun Cthulhu asked.
"You'd better retreat and improve your cultivation as soon as possible!"
Levi Garrison said.
Huo Yun Cthulhu asked, "How does the gentleman find the place of the Dark God?"
Levi Garrison smiled, "Don't look for it! He will come to look for it!"
Levi Garrison changed into new clothes and covered his "scars".
In fact, the scars have completely healed.
After seeing it, Zoey subconsciously said, "Kunlun Industry's medicine is really amazing! I've heard of it
before! I didn't expect the wounds to heal in such a short time!"
Seeing the wounds healed, she didn't feel strange, but thought that It is the medicine of Kunlun
Industry.
In the past three years, Kunlun Industry's pharmaceuticals are particularly well-known and are among
the top in the world.
It's not just Zoey who thinks this way, others think the same way when they see it.
Including mother Emma, father-in-law and mother-in-law, etc.
But their eyes are a bit complicated.
The king of the past is worth one million.
But in this era when you can practice martial arts with your full name, one is completely useless, and
one day is short, and he will slowly die.
The world is impermanent, good luck makes people.

However, several elders could only sigh, "This is also good, you should rest too!"
Levi Garrison pulled Zoey back to the room.
"Wife, do you want to practice martial arts again?"
Levi Garrison asked.
"Impossible! I'm already a useless person!"
Zoey was hopeless.
"I happen to have a repair method here and the exercises you will practice in the future, so I promise to
get you back to the top!"
Levi Garrison excitedly gave Zoey the methods and exercises.
But after Levi Garrison left, Zoey threw it on the bedside.
She thought the same as everyone else. In this era, everything about Levi Garrison was eliminated.
No more practice!
On an uninhabited island in Western Continent, there is a huge base.
There are no living creatures in the sea a hundred miles around…
The Dark God of the Bible Organization is here.
Knowing that Levi Garrison chose this way, God of Darkness expressed relief at first.
As long as it is not opened by Levi Garrison.
But that night, the Dark God tossed and turned, unable to sleep at all.
He desperately wanted to know who had released Levi Garrison.
Soon, the dark god gathered all the people together.
The Dark God expressed his thoughts, "I want to know how he came out? Who helped him! Who else in
this world can break the dark cage?"
"I can't think of who it is at the moment! Someone is possible! He is the inventor of the dark cage , He
might have a key to open! But he is dead! I can't figure out who it is!" The Dark God is a little impatient now.
"This is easy to handle, don't you know if you catch him and ask?" At this time, Underworld God paid attention.
Dark God's eyes lit up fiercely, "Yeah, you'll know by catching Levi Garrison back and asking!" The
Dark God was mainly dazzled.
I didn't expect it for a while. "Go! Hurry up and get Levi Garrison back from me! There are many people
seeking revenge on him! Don't die!"
The Return of the God of War [The Protector] Chapter 2279
As expected by Levi Garrison, the Dark God was about to come to him.
He doesn't need to look for it, just wait for them to look for it.

In this way he can see the dark god and kill the dark god!
Advanced hunters often appear as prey!
The Dark God thought Levi Garrison was a prey, but he was actually a hunter.
God never thought of this dark.
…
Don't look at everyone now, but everyone is paying attention to Levi Garrison's situation.
Knowing that Levi Garrison would be fine for the time being, everyone sighed that Kunlun Industry's
pharmacy was powerful.
Such a serious injury actually stopped.
Kunlun Industry's pharmaceuticals have once again become a hot topic all over the world.
Even Kunlun Industry did not expect their medicines to be so terrible.
Although the medicines Suzaku brought are the best in Kunlun, they have countless experimental and
clinical data.
It's not so scary.
But they didn't think much about it, they were still good at being a potion.
In the past two days, everyone knows that Levi Garrison is guarding people by their side.
It was not easy to start, so the revenge did not come.
But soon a group of uninvited guests arrived.
Eighteen dark angels and hundreds of other strong men from the Bible organization came together.
Seeing them, Zoey excitedly asked, "Does Master have any new orders?"
"No! We are here this time, not for you! It is for him!" The
evil gods and their eyes fell on Levi Garrison. Body.
"Levi Garrison, come with us! You should guess the reason yourself!"
Underworld God smiled.
"It seems that the Evil God Huoyun is not there, do you want?" The others looked around, but did not see the Evil God Huoyun.
"Forget it, just take Levi back! The others don't matter!"
Mingxie Shendao.
Levi Garrison nodded, "Well, I know."
"Let's take him away, are you
okay ?" The Dark God looked at Zoey again.
"No! Master is so good to me and won't embarrass my husband! King's Landing, you can rest assured to
follow! With me, Master will not hurt you!"
Zoey still trusts the Dark God.

Levi Garrison smiled, "Okay, I'll go with them!"
"That's right! Those who know the current affairs are handsome! Don't do some indifferent resistance!
In our eyes, you are weak and weak now!"
Mingxie smiled.
In his opinion.
Levi Garrison was stunned, knowing that he didn't have the strength to deal with it, so he might as well
compromise.
"For ah, do not say you are seriously injured! What you did anything, nor any use! Any one of us, you are
not rivals! So you chose a smart move!"
"Ha ha ……"
large crowd With a smile.
Levi Garrison is like a lamb to be slaughtered.
Let them bully and take away.
Underworld God sighed that things were wrong.
Three years ago, they were equivalent to asking Levi Garrison.
Had it not been for that time plum was in the hands of the dark god, he would not have gone anyway.
And with his fierce temper, he started fighting long ago.
I will never get used to them.
But now, Levi Garrison had to compromise with reality.
Knowing that it's useless to resist, so if you don't resist it at all, just let them take it away.
Three years is not long, but it is enough to turn an invincible dragon into a docile kitten.
All of them are laughing.
Just as they were about to leave, a rebuke came.
"Let them go! Otherwise you can't do without here!"
Accompanied by the voice, the Sword Evil God and them appeared one by one.
Azure Dragon (Azure Dragon (Qinglong))'s division of labor is that the Evil Sword God is guarding Levi
Garrison's surroundings, after all, there are a lot of private revenges.
"It's you…"
Underworld God saw a few deceased people, he smiled.
"Go away, I'm fine!"
Levi Garrison said at this moment.
He finally attracted the bait of the dark god, how could he let it go?
The Return of the God of War [The Protector] Chapter 2280
In case the Sword Evil God was destroyed by them.

It's hard to find God of Darkness anymore.
But in the hearts of the Evil Sword God, they looked at Levi Garrison a little distressed.
First, Levi Garrison compromised, the unruly king fell and bowed his head to reality.
Second, Levi Garrison was afraid that they would be hurt, so he asked them to leave.
Levi Garrison is now protecting them.
"No! We have to protect you! No one is allowed to take you away!" But the
Sword Evil God did not let them.
"Yes! Resolutely can't let it!" The
evil spirits were like a rainbow, staring at the eighteen dark angels.
The more Levi Garrison was like this, the less they couldn't let them take it away.
The rattling atmosphere is on the verge.
Levi Garrison was called helpless.
It's so hard to be kidnapped quietly?
"Angel of death? Stop them!"
Underworld God gave an order.
Soon, black figures appeared in the sky, with black metal wings on their backs, majestic and mighty.
Hundreds of angels of death appeared, and together they killed the evil sword god.
The Angel of Death is a dead man of the Bible Organization.
This time I brought a hundred angels of death.
For a time, the Sword Evil God and the others were really entangled.
The Eighteenth Dark Angels took Levi Garrison and sneaked away from behind.
When the Evil Sword and the others smashed a bloody path and chased them up, there was still Levi
Garrison's figure.
Eighteen dark angels ran all the way with Levi Garrison, and quickly left from Erudia.
Shortly after.
They brought Levi Garrison to the sea of Western Continent.
An uninhabited island sits on the endless sea.
The home of the biblical organization is here.
Of course this is just one of them!
The sly old fox, the dark god, would not set up his nest in one place.
And in recent years, Zoey has used Zoey to fight in the South and North, and he has laid down a lot of

territory.
Of course, the god of darkness is on this small island now.
Soon Levi Garrison was taken to the base.
There are several locations in a huge place.
A figure stood on top!
"Come?"
a voice came.
"Dark God, I am waiting to fulfill my mission! Bringing Levi Garrison back!"
Ming Xie Shen and others shouted together.
"Very well, you all have merit! I will reward you!" The
Dark God slowly turned around.
Wearing a half-god and half-devil mask, the momentum is powerful, covering the world.
This was the first time Levi Garrison saw the true face of the Dark God.
It turns out that this guy is also wearing a mask.
It seems that he dared not show his true colors.
That's right.
In the biblical organization, including the eighteenth dark angels and other high-level people, have never
seen the true face of the dark god.
Including the great disciples of the Dark God, they have never seen the true face of the Dark God.
But Zoey has only seen it once.
It is also the key reason why she believes in the God of Darkness…
After Levi Garrison looked around and observed, a smile appeared on the corner of his mouth.
Before coming, he was still worried whether this dark god would be too terrifying.
After all, the dark god once said that it can open the dark cage.
After Levi Garrison looked carefully, he found that the Dark God was much stronger than Ye Wudao,
Tiance was less commanding, and the four great generals of Tiance Mansion were much stronger.
Completely above these people.
But it is far from enough to open the dark cage!
If the God of Darkness wants to open it, it may be necessary to use other tools or artifacts in their
mouths.
Furthermore, the dark prison has its own mechanism outside.
But in terms of strength, Levi Garrison was confident that he could turn the Dark God into a scum.

It's not a level at all.
How about first in the gods list?
God list is an insult to Levi Garrison!
The gods above the nine heavens will not participate in the list of mortals!
At this time, the Dark God approached Levi Garrison step by step, and said coldly, "Tell me, who opened
the dark cage?"
The Return of the God of War [The Protector] Chapter 2281
At this moment, Levi Garrison could obviously feel that the dark god's breathing was stagnant.
She is obviously nervous!
I want to know who opened it, and I feel scared…
Others are even more scared, almost suffocating.
This answer is too important to them.
Levi Garrison smiled and said, "Who opened it? It was me!"
But when Levi Garrison said this, everyone looked calm.
Obviously no one believes in him.
What are you talking about?
You are average, how can you open the dark prison?
"Levi Garrison is not that I don't believe you! It's that no one knows how terrible the dark cage is better
than me! You are locked in it! To be honest, you can't open it for a thousand years!" The
Dark God became a little impatient. The voice was suddenly lowered, "Say! Who helped you open the
dark cage?"
"Say! Speak out quickly! Otherwise, they will kill you!"
Underworld God and the others are also threatening.
Levi Garrison smiled helplessly, "I answered it a long time ago! I opened it myself!"
"You…"
everyone in the Bible organization was furious.
Levi Garrison was really stubborn.
They are all dying.
The mouth is still so hard!
The Dark God said, "I thought it was you! So I designed to test your abilities!"
"Even before you came, I thought it might be you! But I checked you carefully! Even this There are the
most advanced instruments of Maya Industry in the base, and you have already been scanned, analyzed
and tested! You can't!"

“In this era, you can only be regarded as medium strength! You are a thousand miles away from me! Not to mention opening the dark cage!”
Levi Garrison smiled. “Is it difficult to open the dark cage? Can’t you also open it? “The reason why Levi Garrison said this was because he wanted to know how the dark god can open the dark cage.
The Dark God didn’t notice at all, and sneered, “To be honest! There is no switch outside the dark cage! Me, I can’t open it with my own strength!”
“Huh?”
Levi Garrison was taken aback.
“But I have a ground knife in my hand! With my level of strength and a magical ground knife, I can barely open the dark cage!” The Dark God was cold and arrogant.
Seeing that Levi Garrison didn’t understand.
The Dark God specifically explained that “The Earth Sword is an artifact that is as famous as the Heaven Sword!”
“It’s just that the world doesn’t know it. Now the Earth Sword is the veritable first artifact in the world!”
Others boasted.
Levi Garrison frowned. “Is it amazing? It’s not something that can be broken with a finger!”
Levi Garrison discovered that the current person is purely sick.
Boasting a piece of waste to heaven and earth.
What artifact?
It’s all scrap!
Moreover, Levi Garrison had contacted the Heavenly Sword, he knew that if he was trapped in the dark cage, even with the strength of the Dark God, with the Heavenly Sword and Earth Sword in it, it would not be possible to open the dark cage.
The reason why the Dark God can barely open the dark cage with the help of the earth knife is because the Dark God is outside.
Outside the dark cage, the reason is that the energy transfer device between the two metal walls of the dark cage does not work.

This energy transfer device can only transfer and resolve the force received by the metal wall in the dark
cage, but not the force received by the outer wall.
Therefore, the dark god can open it outside by relying on the earth knife.
The Dark God himself understands a little.
It's impossible to open inside!
That's a
goddamn god!
The difficulty of opening inside is dozens or even a hundred times that of outside.
The energy transfer device is scary.
It is impossible to open the inside, and there is still a chance to open it outside.
Dark God himself can, and he thought of several possibilities.
So I have to call Levi Garrison to ask.
The Dark God said, "But the strong man who knocked the Heavenly Sword with two fingers you said can
open it! He can even open it inside!"
The Return of the God of War [The Protector] Chapter 2282
The Dark God added, "But I don't know who that person is! He should be the patron saint behind Tiance
Mansion and Baolong clan!"
"Levi Garrison, did you hear that? Only the one who knocked the sword off with two fingers can Open
the dark cage inside! If other people want to open it, they can only open it outside! The difficulty of
opening inside is a hundred times more difficult than opening outside!" The
evil god yelled, let Levi Garrison understand this fact!
Levi Garrison smiled, "Yeah, I'm the one who knocked off the Heavenly Sword with two fingers!"
"Pump!"
No one can believe Levi Garrison who runs the train with his mouth full.
It's impossible to think about it.
"Levi Garrison, my patience is limited! Don't tell me! I will kill people immediately!"
"I know you are not afraid of death, but what about Zoey? I want to kill her easily!"
Dark God sneered.
Upon hearing this, Levi Garrison's face changed.
Dark God they all laughed.
Sure enough, Levi Garrison's weakness is his family.

“Don’t worry! As long as you say it, I will let you go! I’m just looking for an answer!”
“To me, you have no experience in killing you like ants!”
This is the heart of the dark god.
Levi Garrison is really as easy as squeezing a mouse to the dark god.
His life is really not important.
The dark god only wants what he wants to know.
“I said it was me, you don’t believe me, what should I do? I’ll make up one temporarily!”
Levi Garrison smiled helplessly.
“Okay, you can make it up! We will believe it!”
Dark God, they all stared at Levi Garrison.
Today, Levi Garrison tells the truth, no one believes it. If you make up one, they will believe it.
“Wait, let me think about it… Actually, it was Tiance, the helm of Tiance Mansion who saved me! When
he was traveling in retreat, he happened to pass by wherever he went and saved me!”
Levi Garrison said casually. Come out a character.
The reason for talking about the superintendent of Tiance Mansion is because two days ago I heard
someone say that the last owner of the Heavenly Sword was the superintendent of Tiance Mansion.
Because he relied on the Heaven Sword too much, he gave up on it and sealed it in the depths of the ice
field.
So he temporarily pulled out the superintendent of Tiance Mansion.
I didn’t know that when he said the god of Tiance Mansion, the body of the dark god suddenly trembled.
There was a complicated look in the eyes under the mask.
“It’s… it’s him… it really is him… I guessed it was him…”
Out of control!
The Dark God is completely out of control!
Even Levi Garrison didn’t expect that his mother would say a name casually, God of Darkness is crazy…
Is it such a coincidence?
It just happened to be the result of the Dark God’s guess?
“It’s him! It’s him! I didn’t expect that after such a long time, the gap between me and him is still so big!
It must be him!
According to his strength, he can easily open the dark cage outside with the help of an artifact! And the

artifact level does not require a heavenly sword. The earth sword is such a top class!" The
dark god looked at the eighteen dark angels and said, "Do you know? The reason why I didn't dare to
enter the summer is because of him! I thought I could challenge him if I got the heaven sword and earth
sword combined with it. ! The result was shattered!"
"In recent years, I have used Zoey to plunder resources everywhere, lay down sites everywhere, and
constantly expand the strength of the Bible organization! I want to firmly control the world in my own
hands! Now one third of the world's The forces are under the control of the Bible organization!
I strengthen myself frequently, not just to be able to fight him! Enter Daxia again? "
But he actually opened the dark cage?" He opened it with bare hands, or with some kind of weapon…"
God of Darkness is crazy.
Levi Garrison is dumbfounded.
God of Darkness has a history with God of Tiance Mansion…
"Hey, what is your identity? "
Levi Garrison asked.
The Return of the God of War [The Protector] Chapter 2283
In the past, Levi Garrison felt that the God of Darkness was foreign.
But today he seems to understand that this guy belongs to Daxia.
Also has a close relationship with the gods of Tiance Mansion.
All of this has something to do with him!
He didn't even expect that the Bible Organization already controlled one-third of the world's power.
This is also terrible.
The threat of the Bible organization is second only to the laboratory of the gods, right?
This dark god has a lot to come!
The Dark God seemed to think of something and looked at Ye Qingfeng vigilantly.
"What do you want to do? Can you ask me about my identity?" The Dark God said immediately.
Others also bowed their heads.
Obviously they also want to know the identity of the dark god.
Levi Garrison smiled and said, "Okay, it doesn't matter! I don't want to say that I don't want to know!
Now I tell you, what are you going to do with me?"

Someone among the Eighteen Dark Angels immediately said, "Kill it, I have tolerated him for a long time!
"
Right! Kill it! I put up with him three years ago!"
...
Many people still hate Levi Garrison.
Tolerated his arrogance for a long time.
I wanted to kill it a long time ago.
Levi Garrison silently wrote down these people.
Underworld God glanced at Levi Garrison, "Let him go back! We already know what we want! There is
no need to kill him!"
Levi Garrison had no value in his eyes at this moment.
He didn't bother to kill.
"Yeah, it's not Levi Garrison before, now he wants to kill as much as he wants! I don't even bother to do
it!"
"Yeah, it's better to let him go! Levi Garrison has a lot of enemies! Let him appreciate the cruelty of this
era!"
"Also, he has been injured by Maya Industry's weapons. It will be a matter of time before death! Kill
now! On the contrary, he is cheaper!"
...
Many people think that Levi Garrison should be let go.
...
"But kill him directly, aren't we more refreshed?"
"Yes, kill him! Even if he has no power anymore! But this person has scheming and wrists, maybe he will
become a threat to us!"
...
So This group of people was divided into two waves, and they strongly discussed whether Levi Garrison
should die or live.
The two sides quarreled violently.
As if they were the gods in charge of human life and death.
They could decide Levi Garrison's life or death with a single thought.
It felt like Levi Garrison was an experimental mouse.
Let anyone play and be killed at any time.
Levi Garrison watched them arguing, he was really happy.
When did his wheel of life and death be mastered by a group of chickens?

It couldn't be like this three years ago, and no one can control it three years later!
But Levi Garrison thought it was funny and didn't interrupt.
Watching a group of weak chickens decide their own life and death is not uncommon.
The two groups of people broke into the blood and began to disagree.
Seeing Levi Garrison's heart tickled, he wanted to join.
He thinks he should kill himself!
…
Just as everyone was arguing fiercely, the voice of the Dark God rang out "Enough! Don't make any
noise!"
Everyone stopped and looked at the dark god.
Waiting for the decision of the dark god.
"Well, God of Darkness is your decision! Levi is about to die or live! You decide!"
Everyone looked at God of Darkness expectantly.
The Dark God is also thinking about this issue.
I want to kill Levi Garrison, but I don't want to kill…
It's very contradictory.
"I can't make a decision for a while! Why don't you lock up Levi Garrison first? Everything is considered
long-term!"
said the Dark God.
"Don't!"
Everyone objected.
I want to make a decision right away.
Underworld God suggested, "Why not do this! Let's vote to decide? More votes to decide Levi Garrison's
life and death!"
"Agree! Vote! Fair and just!" The
other side also agreed. The Dark God smiled, "It's really exciting to vote on a person's life and death!"
The Return of the God of War [The Protector] Chapter 2284
These members of the Bible Organization were all excited, and regarded Levi Garrison's life and death as
a game.
Try to think about it, isn't it exciting to decide the life and death of a former king?
Even the haze of the God of Darkness just swept away, and he actively participated in it.
"Okay, I'll be the referee! I'll count the votes!" The

Dark God said loudly.
Everyone wrote their answers on the slips of paper-dead or alive.
Except for the Dark God, there are a total of 4,323 in the base of this unknown island!
Among them are the core members of the Bible organization, as well as slave servants and so on.
The Dark God has everyone involved.
Everyone has the opportunity to vote, and everyone has the opportunity to decide the life and death of
Levi Garrison.
This is really exciting and fun.
There is no waiver of votes, so life or death can be separated!
Levi Garrison stood there without saying a word, waiting for them to vote.
He is like a slave to play with.
Be the fun of their game!
His life is just a tool for others to have fun.
"Well, the voting has officially begun!" The
Dark God yelled.
All the votes came together, and the dark god began to shout.
"Vote for death!"
"Vote for death!"
"Vote for alive!"
... The
Dark God looked very excited, and read out more than four thousand tickets one by one.
Someone is counting votes.
The number of votes for life or death rose almost flat!
It seemed that he was not at the end, and he absolutely didn't know what Levi Garrison's fate was in the
end.
Levi Garrison still didn't make a sound, his face was dull, and he didn't know what he was thinking.
In the eyes of others, most of Levi Garrison had already given up and was slaughtered by others.
"That leaves monarchs of it? But then talk to the gods contend laboratory man ah! A man to the gods
laboratory got burnt! Now reduced to how to decide the life and death by others?"
"Ah, that was then For a while! Levi Garrison can't help him! If he is strong enough, will it be our turn to
decide his life and death? Aren't we dead early?"
"Now he has no strength to fight, and we can only decide life and death!"

...
the eyes of all the people who cast their votes fell on Levi Garrison.
Levi Garrison smiled helplessly.
Naive!
How naive!
"Levi Garrison is really quiet now! Don't say a word! What about the violent temper in the past?"
"Yeah, when I called the headquarters three years ago, I had to fight the Dark God directly and
demanded to hand over the plum. Dyed!"
"The years are not forgiving! He has become like this!"
...
all kinds of sarcasm continued.
Voting is also continuing.
Dark God read the ticket, getting more and more excited.
It's been a long time since I was so exciting.
This kind of life-and-death game is so nervous that everyone is almost breathless, almost suffocating.
One thousand votes!
Two thousand votes!
Three thousand votes!
...
Four thousand votes!
...
Finally all the votes are counted!
Everyone stared at the dark god.
Waiting for the final result.
This moment is the most tense!
Levi Garrison is also looking forward to the final result.
After all, this is the time to decide fate!
The Dark God wiped his cold sweat, cleared his throat and said, "The final result is that 2,285 people
choose Levi to die!"
"So! Levi is dying! This is the final judgment result!"
...
"Okay!!!"
"Hahahahaha..."
"We won! Levi Garrison is dead!"
The part that chose Levi Garrison to die began to cheer.
As for Underworld God and others, their faces were a little dim.
They even wanted to see Levi Garrison's torment, and it was the most refreshing to die slowly.

“You chose to die, right? Very good! Then die!” Suddenly Levi Garrison’s voice sounded.
The Return of the God of War [The Protector] Chapter 2285
This sound shocked everyone present.
The originally lively field immediately calmed down.
Everyone stared at Levi Garrison.
Quiet to the point where the needle can be heard!
Levi Garrison’s smile was weird, and everyone was terrified.
The fear deep in everyone’s heart was hooked up.
As if Levi Garrison in front of him was a demon.
Even the Dark God felt a biting cold at this moment.
That is the purest killing intent!
Even the Dark God doesn’t know what’s wrong, it’s obviously an ant-like existence, how does it look
different now.
And Levi Garrison’s words are very simple.
They voted for the “death” decision… but
this death was not for him!
But to the Dark God and their more than four thousand people!
It turned out that Levi Garrison had been silently waiting for the result, which was what it meant.
Let them vote for their own destiny!
They voted to die by themselves, and chose to die by themselves!
They were voting for themselves! ! !
High-end hunters often appear as prey! ! !
Everyone regards Levi Garrison as a prey, and uses him to play a voting game to decide life and death.
But who would have thought that the more than 4,000 talents they voted are the real prey, and real
hunters have been waiting for them to vote for themselves.
“Boom!!!” After
understanding all this, everyone had a cold back and numb scalp, and a chill rushed from the soles of
their feet to the sky.
Are they the prey?
They just decided their own life and death?
Everyone looked at Levi Garrison incredulously.
Levi Garrison smiled and said, “You voted for death yourself, no wonder I!”
Levi Garrison’s smile was like that of a god of death.
Seeing everyone panicked, their whole bodies were trembling.
At this moment, they all felt death.

But after a while, the Dark God was the first to react.
“Sure enough, you still have some abilities! At least it can confuse people! Did you practice a little magic
magic?” The
Dark God stared at Levi Garrison.
Just now they were temporarily absent and fearful, and the Dark God thought that Levi Garrison could
not do it.
With his strength, he is no different from the ants.
It is impossible to make them fearful.
The only possibility is that Levi Garrison used a spell, which made them fear.
Apart from that, no one can think of anything else.
After being reminded by the Dark God, the haze in everyone’s hearts was swept away, and they were
not afraid.
It turned out that Levi Garrison had just used the illusion technique, no wonder he was so terrible and
scared everyone.
Everyone thought that Levi Garrison really had this strength!
“Haha, this Levi Garrison is still a little capable! Although the strength is medium in this era! But you all
just saw it, this kid has used a little illusion to fool us!”
“He has a lot of means, if he continues to keep it. , He is definitely a great threat!”
“So my proposal is correct! I must kill him!” said the
Eighteen Dark Angels who advocated killing Levi Garrison.
He is the archangel among the eighteen dark angels and the strongest among the eighteen people.
He is also a strong man on the list of gods!
Still ranked tenth!
The terrible combat power made Kirin (Qilin) and Azure Dragon (Qinglong) all look up.
It was almost equal to Ye Wudaozhiliu.
This time even the Underworld Gods nodded their heads, “Indeed! This time it is indeed our failure to
consider! Levi Garrison really wants to kill!”
“If you let him go back this time, this guy will not reveal our secrets! Indeed! It’s time to kill!”
…
even the Dark God stood up and nodded, “Levi Garrison is too scheming! Even if you are much stronger

than him, you may not be able to beat him!"
"Are you stronger than me?"
Levi Garrison smiled. He suddenly raised his fist and blasted out…
The Return of the God of War [The Protector] Chapter 2286
This fist Levi Garrison flicked without warning, and no one reacted.
The archangel standing at the forefront bears the brunt, his fist enveloped in his retina.
Just dumbfounded! ! !
Levi Garrison's punch came out like a heavy cannon, bombarding the archangel's chest.
"Boom!!!" With
a dull noise, the body of the archangel in everyone's eyes suddenly exploded, turning into a cloud of
blood!
"Shit!"
The blood mist splashed, and the faces and bodies of everyone around were splashed with hot blood!
Dumbfounded!
Underworld god dumbfounded!
Dark angels are dumbfounded!
Everyone present was dumbfounded!
Everyone stood there like walking dead.
Including the dark god was also stunned.
Incredible!
Horrible!
Subvert everything!
…Is it
normal for Levi Garrison to kill a person? normal!
Is it normal for Levi Garrison to smash people into blood fog? Also normal!
After all, Levi Garrison is not an ordinary person, no matter how weak he is, he is also a moderately
strong person in this era.
But the one that Levi Garrison smashed into a bloody mist just now was the strongest archangel among
the eighteen dark angels, and his combat power could rank among the top ten on the gods list!
What is the concept of the top ten in the gods list?
The top combat power of this era!
The top ten Zoey became a murderer, but in the end it was won by so many people.

Especially compared to Levi Garrison's medium strength, it was definitely one in the sky and one underground.
But such a strong man was blasted into blood mist by Levi Garrison's punch.
This kind of combat power, the words were spread out.
Levi Garrison must at least rank in the top three of the gods list.
Shock!
So shocked!
So that everyone can't relax!
The dark god's eyes widened, and his eyes were filled with inevitable shock.
This is simply against common sense.
impossible things!
How could Levi Garrison?
Not to mention that his strength stayed three years ago, completely eliminated by the present.
He is still stabbed with a hundred knives. It is still a special weapon of Maya Industry, and his strength is greatly reduced.
It is estimated that more than half of the four thousand people present can kill Levi Garrison.
But Levi Garrison blasted the archangel with a punch!
how is this possible?
Do not believe!
No one wants to believe it!
As if everything in front of me was a dream.
But the blood on the face is hot!
The archangel disappeared on the spot and I saw it with my own eyes!
It seems that this is the truth!
"Next!"
"Boom!"
Before everyone could react, Levi Garrison punched the second and second angel of the eighteenth dark angel.
"Pop!" It was like a big watermelon being exploded, splashing red juice.
"Next!"
"Boom!" The three angels were blown up.
...
Four angels!

Five angels!
…
Eight angels!
Soon the eight angels were blown up by Levi Garrison!
Everyone solves it with one punch, and there is no chance of resistance at all.
With one punch, the dark cage was broken!
Not to mention these weak chicken waste!
Isn't it one punch?
The blood spattered all over the base, and the pungent smell of blood was disgusting.
…
"Ah!!!"
The people who reacted fled around, looking at Levi Garrison as if they were looking at the devil.
There were screams.
Splashing blood!
Some strong men have already begun to fight back.
It was a subconscious reaction.
"Puff!"
"Puff!"
…
But Levi Garrison struck out with a punch, exploding the enemy in front of him.
The eighteen dark angels took turns to attack.
But the last one died!
The body exploded and burst into blood mist, leaving nothing.
Except for the evil gods, the other eighteen dark angels were all killed.
…
"Levi Garrison is not the strength of three years ago! He is super powerful!"
"He is not injured at all! Maya Industry's weapons are useless to him!"
…
everyone shouted loudly.
The Dark God also gradually reacted at this time.
"Boom!" An absurd and terrifying thought flashed in his mind.
The Return of the God of War [The Protector] Chapter 2287
Could it be that…
Is it true that what Levi Garrison said before is true? ? ?
He opened the dark cage?
Do not!
impossible!

Absolutely impossible!
The Dark God shook his head again and again, not believing this fact at all.
There is no such possibility!
He said it was saved by the superintendent of Tiance Mansion!
Then it must be him!
As for Levi Garrison's terrifying strength?
The Dark God judged that Levi Garrison must have been promoted with the help of the superintendent
of Tiance Mansion, and he would not stay three years ago.
It turned out that Levi Garrison had been hiding, he deceived the whole world.
"Kill him!"
The Dark God who reacted immediately ordered.
"I want to see how strong you are?" I
don't believe it!
Do not believe!
Killing the dark god doesn't believe it either!
The dark god only thinks that Levi Garrison's strength comes from the supernatural commander of
Tiance Mansion at most!
It has little to do with him!
The Dark God believes that a simple test can determine whether Levi Garrison has anything to do with
that man…
"Go! Go! Go!"
After receiving the order, the masters of the Bible organization all changed like individuals.
His eyes were hollow, only killing intent.
They had fled in all directions, but at this moment they all turned into dead men to kill Levi.
There were also a large number of angels of death.
Waving special metal wings!
Fierce!
"Boom!" But in the
next second, a death angel was caught by Levi Garrison.
"Shit!"
Levi Garrison forcibly pulled out the metal wings that merged the angel of death with the flesh!
"Uh!!!"
…… The
hysterical screams penetrated the entire island!

One!
Two!
Three!
...
The metal wings of the angel of death were all pulled out by Levi Garrison!
There were blood holes behind the angels of death, blood gurgling, making a screaming scream.
"Next!!!"
...
"Ah!!!"
"Ah!!!"
... The
death angels have no power to fight back in front of Levi Garrison, even if they are all controlled by
others, they can still do it. Feel the pain.
One!
two!
...
Ten!
... a
hundred!
...
Eight hundred!
...
Desperate!
Deep despair!
No one would have thought that the former king who was slaughtered by anyone would still be at its
peak today.
There is no power to fight back in his hands!
Punch!
Let your various angels have the ability to reach the sky, and use a variety of techniques.
But Levi Garrison is just a punch!
Sometimes, it will tear the angels abruptly!
Invincible!
No match at all!
More and more people are dead, and fewer and fewer people are standing.
The Underworld Gods made horrified sounds from time to time.
Looking at Levi Garrison, their hearts were already cold.
Originally thought Levi Garrison could be pinched by them.

You can do whatever you want, but who ever thought he was so terrifying. ...In the
blink of an eye, half of the more than 4,000 people have fallen.
The number of people continues to increase!
Layer after layer of blood!
...A
thousand people are gone again!
Only a thousand people are left!
Looking at Levi Garrison in horror, they didn't dare to step forward.
Even if they are controlled by others, one by one is dead.
But subconsciously they realized that the person in front of them was like a demon, and they couldn't
provoke them at all.
So they are all scared.
Ignoring the order of the dark god, he kept retreating.
The dark god was also shocked.
I wanted to test whether Levi Garrison's strength had something to do with the supernatural
commander of Tiance Mansion, but what I didn't expect was that Levi Garrison's style of play was so
simple and rude that there was no technical skill to be seen.
It is a very simple blow to blow the opponent!
Relying on the fastest speed and the strongest strength.
Especially after Levi came to this realm, everything was back to basics.
That's it!
There is no way to see what kind of exercises there are, and there is no shadow of anyone.
Desperate! Levi Garrison stared at the Dark God and sneered, "It's up to you to try it!"
The Return of the God of War [The Protector] Chapter 2288
I don't know why, at this moment, the Dark God has a feeling of being stared at by Death.
It seems that Levi Garrison is stronger than every opponent that Dark God has encountered before.
Of course it's just a feeling.
The dark god will not care.
"Okay, if Levi Garrison is like this, let me test how powerful you are!!!" The
Dark God uttered.
"Boom..." The
terrifying power in the Dark God erupted like a flood!

At this moment, the sky broke and the earth cracked, and the sun and the moon reversed.
The entire sea is boiling.
Even the surrounding countries felt this overbearing and strong momentum, and they were shocked.
It seems that I have never seen such a strong person before!
This is definitely the strongest shot in the history of Western Continent!
What is the strong one?
However, the terrible breath continues to rise!
A black air current erupted from the Dark God, filling the place.
In an instant this place plunged into darkness.
As if the sun disappeared.
A gloomy to dark breath obscured the sky, and everyone felt fear.
Cold sweat!
The cold invades!
The sound of howling ghosts and wolves came from my ears!
It seems that countless souls are crying in a deep and deep cry… The sight of a sea of corpses and a sea of blood emerges in front of them!
This moment is like hell.
The most horrified side was revealed in everyone's heart!
horrible!
fear!
For the first time, the Dark God displayed his full power!
The Underworld Gods were stunned.
There has never been such a moment!
Dark God will explode with all his strength!
They never thought that the Dark God would be so powerful!
What is it like to see the full dark God for the first time!
Satisfaction for the rest of my life!
It is worthy of defeating the existence of the laboratory of the gods with your own hands!
It's worthy of being the number one on the gods list!
Facing such a powerful dark god, Levi Garrison felt a little interested.
Everyone was too weak before!
What a strong man!
What Ye Wudao Tiance marshals and others are all scum!
Levi Garrison couldn't even mention the interest in killing them.
After all, who cares about an ant on the ground?
But now the Dark God showed his full strength, and a little aroused his interest.
"Sneez!!"

In the eyes of everyone, the Dark God slowly pulled out a long dark knife all over!
Ground knife! ! !
The earth sword as famous as the sky sword!
As soon as the earth knife came out, the momentum of the dark god became stronger and stronger, as if
to create a nine-nether hell!
Power doubled!
The whole sea area has become hell… The
surrounding countries are shocked!
How strong is this?
This, this…
Earth Blade Underworld Evil God, they also heard about it, but they saw it for the first time today.
The power is amazing to this point.
The sky sword is the scorching sun, and the earth sword is the nether hell.
The same horror!
Just as terrible!
But the point is that the Dark God has no idea how long it has been to get the sword.
The Dark God and the Earth Sword have completed the fusion!
The huge movement created now is the power of the combination of the dark god and the earth knife!
The fighting power of the Dark God is soaring!
Break through to another situation in one fell swoop!
This is much stronger than Heavenly Sword.
The Marshal Tiance only got the Heaven Sword, but he didn't fully control the Heaven Sword, it was still
far away.
So now the dark god who controls the sword is terrifying!
"Well! If you are outside, you can split the dark cage!"
Levi Garrison nodded approvingly.
"Okay! Levi Garrison will let you see! What kind of horror is the sword that smashed the dark cage! Let
you see what the power of the world's first artifact is! See if the disciple of Tiance Mansion can catch the
blow "The
Dark God is like the Demon God who rules the world.
"Come on! Come on!"
"Anyway, I've broken one of this kind of artifact!"
Levi Garrison smiled.
Attack suddenly.

Hit the ground knife with a punch.
“Crack!” ……
The Return of the God of War [The Protector] Chapter 2289
The sound of metal cracking is wonderful!
Especially at this moment.
It’s more beautiful!
“Boom!!!”
Then there was a huge movement of the sky collapsing.
The clouds in the sky were completely swept away, forming an air wave circle with a radius of at least
tens of thousands of meters.
Suddenly spread!
The terrible atmosphere continued to spread, and all creatures in the sky were crushed and destroyed.
The sea area where the island is located was forced to disperse, exposing the bottom.
The surrounding port and shore triggered a tsunami-like horror scene!
…
The power of this punch is too great.
At this moment, even the communication information of several countries around was affected.
The base station failed, the power grid was paralyzed…
Many technologies failed.
Half of the Western Continent is in chaos!
Just because of a punch!
People who don’t know think that a force organization has invented a destructive weapon…
unprecedentedly powerful!
In this era, what kind of powerhouse, what kind of weapon everyone has never seen.
The weapon that can instantly paralyze half of the Western Continent is unique!
impossible!
There is no such powerhouse…
no!
One time count!
The strong man who knocked off the Heaven Sword with two fingers when the Heaven Sword was born!
he can!
Other than that, no more!
Now this movement is too big, right?

But this was not the birth of a new weapon, it was just the aftermath of Levi Garrison's punch.
On the island.
Levi Garrison blasted out with a punch, and the first divine weapon broke into two halves…
"Puff!" The
Dark God felt the terrifying power and was directly shocked to vomit blood, and everything in his body
was destroyed at this moment.
That force annihilated everything.
Destroy everything!
To be exaggerated, no matter what is in front of you, as long as you suffer from this force, you will be
shattered!
Heavenly swords and swords are easy, let alone people!
"Kakaka…" What is
even more terrifying is that the half-cut knife held by the Dark God shattered at this moment…
horrified!
Extremely horrified!
Since the Heavenly Sword was smashed to pieces by two fingers, the same-famous Earth Sword was also
smashed to pieces with one punch!
This world is crazy!
Everything that no one dared to imagine happened at this moment.
However, the shock continued.
"Puff!"
"Puff!"
"Puff!"
… the
remaining thousand people in the field burst into pieces one by one.
Yu Wei is still there! ! !
Blood rain!
There was a rain of blood in front of the God of Darkness, showering the God of Darkness over and over
again.
In the end, except for the Underworld God, everyone else died.
"They voted for death. It has nothing to do with me. I just obeyed their will and sent them to see God!"
Levi Garrison said lightly.
The remaining Underworld Gods are going crazy.
They make out-of-control noises…you ca

n't cry anymore…
scared to pee?
Has been scared to pee seven or eight times!
The pants are soaked…
crazy!
They have never seen this kind of madness!
This is more terrible than death!
They had long wanted to die like the rest of the dark angels.
But Levi Garrison kept them, allowing them to see the whole process.
Watching the death of one person after another, seeing the sword breaking, seeing the Dark God
defeated… The
Dark God feels empty at this moment, and the body does not belong to him.
The dark god looked at Levi Garrison incredulously.
"You…you…you…" The
Dark God was so excited that he couldn't speak.
The meaning of the dark god is that you broke the sky sword with two fingers! You opened the dark
prison yourself!
"The reason why I didn't smash you with a punch! That's because I want you to know everything before
you die!"
Levi Garrison smiled.
"Wrong! Wrong! Everything is my fault!" The
Dark God yelled in horror.
Say something strange to Levi Garrison.
But Levi Garrison didn't care. With a single move, the mask of the Dark God fell off…
The Return of the God of War [The Protector] Chapter 2290
Seeing the face of the Dark God, Levi Garrison, Ming Xie Shen and others were all shocked.
Incredible!
It's incredible!
female!
The Dark God turned out to be a woman!
Everyone thinks that the dark god is a man!
Turns out a woman!
Outrageous!
It's too ridiculous!
Just because she is a woman, and Zoey has seen her real face, she is very convinced.

But Levi Garrison was also aware of the fact that she was a woman.
The earth sword can merge into the realm of the unity of nature and man, and it must be a woman.
In addition, when the Dark God said that Tiance Mansion was handsome, his tone was a little bit
resentful.
This shows that there is a story…
not many people are shocked.
The body of the dark god exploded suddenly!
The power left by Levi Garrison's punch was completely exploded in her body at this moment…
infinite doubts…
filled the minds of the Underworld God and the others.
But Levi Garrison didn't care much!
Who is the Dark God, and what does it have to do with the superintendent of Tiance Mansion? It's a
matter of him.
Anyway, he has revenge!
Kill it!
Dyeing for himself and for plum.
The dark god fell.
Levi Garrison's eyes gradually fell on the evil gods… The
evil gods were frightened, but now they calmly looked at Levi Garrison.
Anyway, it's a death.
They also want to be relieved now.
More than 4,000 people died, not a few of them.
"Do you know why I kept you until the end?"
Levi Garrison asked.
"No… I don't know…"
Everyone shook their heads.
"Because you have use value! I want to control the Bible organization! I want to become the new dark
god!"
Levi Garrison played with the half-god and half-devil mask in his hands.
The Dark God has never seen her face, and those who have been following the Dark God have never
seen her face.
Not to mention that the Dark God is actually a woman.
Now the true dark god is gone.
So everyone can be the God of Darkness.
As long as he has the strength of the dark god, Levi Garrison is much stronger than the dark god.

He came to be the god of darkness, and he couldn't even find it.
Before coming, Levi Garrison wanted to destroy the Bible organization directly.
But after I came, I discovered that the Bible Organization actually has one-third of the world's power.
This is huge!
The layout of the Dark God in the past few years has been like a huge net that weaves the whole world
together.
This is useful for Levi Garrison.
He can't do things by himself in the future, right?
Not to mention one-third of the forces!
Think about it, it's exaggerated!
So he temporarily changed his plan to take control of the Bible organization and replace the Dark God.
The Underworld God and the others quickly understood Levi Garrison's intentions.
"Choose! Either follow me or I kill you, anyway, killing you is easier than trampling on an ant!"
Levi approached.
Underworld God and they looked at each other…
just now they wanted to get rid of death.
But now there is hope for life.
Of course they have to choose to give birth.
"We are willing to follow you!"
Underworld God several people compromised.
And following Levi Garrison's more development, right now, this is the most powerful man on the
planet, right?
He controls one-third of the forces in this world, that's not bad!
Their future will take off! ! !
Everyone agreed.
Take Levi Garrison into the main control room of the base.
The core secret of the Bible Organization, the password to be opened turned out to be a facial scan.
To put it bluntly, it is the unique mask on the face of the Dark God.
After all, no one can take it off her face.
It is impossible to copy.
Needless to say, the details of the pattern on the mask, the mask material alone cannot be known.
In this way, Levi Garrison controlled the entire Bible organization in the main control room.

Become the new owner of the Bible Organization!
Seeing everything in the main control room, Levi Garrison was shocked. The biblical organization is really strong, permeating to the point of pervasiveness. it turns out……
The Return of the God of War [The Protector] Chapter 2291
Even the emperor organization is also in control of the Bible organization. This is easy to understand. For a long time, the Bible organization has been acting secretly.
On the surface, there must be some forces to do things.
The Emperor Organization is one of its right-handed assistants…
There are also the four major forces of Daxia's top ten forces, including the Daxia League, which is also
under the control of the Bible organization!
There are also various forces spreading across the four continents of east, west, north and south.
Almost the whole world has the footprints of the Bible organization. powerful!
It's so powerful!
The Lab of the Gods was to build a variety of bases, but the Bible organization controls a variety of
forces.
Levi Garrison doesn't understand what Maya Industry is like.
It's all saying that Maya Industry has replaced the position of the Gods' Laboratory.
But now it seems that it is the Bible organization that replaces the status of the laboratories of the gods!
This is too damn exaggerated.
Levi Garrison remembered all the forces in his mind, and he also remembered all the people in charge of
the Bible organization.
"Huh? God of Darkness had another apprentice?"
Levi Garrison saw an apprentice of God of Darkness.
"Yeah, yes! This apprentice is very mysterious! We can hardly see it! Miss Li is her new disciple, so we
are shocked!"
"This apprentice, nicknamed the second god, should be closest to Miss Li and the dark god. People!" The
Underworld God explained several people.
Levi Garrison touched his chin, "So I just need to prevent this apprentice from now on!"
"Yes! Except him! No one can tell it is you! And no one knows where he is except the Dark God!" The

crowd said.
Levi Garrison nodded, "Well, when I see this apprentice, I will just kill it!"
"Yes, master! Just now all departments have sent messages asking, what's the situation just now?"
Underworld God asked.
After all, Levi Garrison just punched, and half of the western continent was paralyzed.
"Pass it out! It's said that the dark god's practice resulted in an unimaginable situation!"
Levi Garrison smiled.
Soon, the news spread.
God of Darkness once again enshrines God!
Countries in the Western Continent are also relieved one after another.
Originally, the dark god is the number one in the god list!
The combat power of this era is at the ceiling level.
Now that his strength has greatly increased, it is normal to make such a movement.
However, the disturbance this time caused the Dark God to rise to the next level.
Taking this opportunity, all agencies jointly launched a new list of gods.
This time the list of gods has increased to a thousand people.
There are also 10,000 quasi gods who are strong.
The meaning of quasi-shenzhen strong people is very simple, if the god-strong people fall or regress,
they will directly ban them.
The competition is fierce.
Stagnant strength will be eliminated.
Your countless opponents are working hard, you can only be forced to make progress.
Let alone regress, even small progress will be eliminated.
Without exception, the dark god sits firmly at the top of the god list.
There was a faint trend of catching up before the second and third.
But after the movement of Western Continent came out, the Dark God crushed them without any
suspense.
Sit in the first position!
Many people call the Dark God the eternal God!
But how did they know that the dark god at this moment had changed, and it was Levi.
The dark god is one aspect.

What's more, the number of places in the god list has reached 1,000, and many people have been on
the list.
Everyone is cheering.
But a few are happy and some are worried.
For example, Zoey was kicked out of the gods list.
After all, she was abolished, and she had no strength.
It must be eliminated.
But more people cheered.
The excitement of being on the list of gods, even if you become the strongest person on the list of gods,
is counted as a kind of glory.
But these are not Levi Garrison's concerns.
He is concerned about another matter. "By the way, why was the nest of the Bible Organization moved
away?"
The Return of the God of War [The Protector] Chapter 2292
The Bible organization has been active in the dark. It doesn't really matter where the nest is.
But why did you move away suddenly?
This must be problematic.
During that time, Levi Garrison had been in retreat, and the dark cage isolated everything.
The inside didn't know what was going on outside.
So Levi Garrison didn't know what happened.
The evil gods said: "In fact, we don't know the specific reason! But according to our later speculation, we
found that the place should have been discovered!"
"Yes! It was discovered! The Dark God ordered it to be moved!"
Others The man nodded.
The evil god continued: "I have analyzed some reasons! I judge that the person who discovered this is
the god of Tiance Mansion!"
"Yes! This is a high probability that it is him! Look, when the master you mentioned the god of Tiance
Mansion At the time, the Dark God didn't feel any strangeness, so I took it seriously! There was no
doubt!
This situation can only show that the Dark God is not surprised that the gods of Tiance Mansion found
the dark cage! And if he believes so firmly, it means the last time he found it. It is the god commander of

the Tiance Mansion!" The
god of the underworld could not help but say: "One more thing! From then on, the god of darkness has
been so stubborn for Da Xia! Constantly enhance his strength, and also want to integrate the sword and
the sword. Entering Daxia! Planning and controlling Daxia's four top forces began from that time!"
"I know this! The Dark God said that because of the existence of a person, she can't enter Daxia! It is the
god of Tiance Mansion! Especially after meeting him, I guess this feeling is stronger!"
Levi Garrison also nodded: "Now it seems that the superintendent of Tiance Mansion found the dark
cage in the first place!"
"Wrong?"
Levi Garrison suddenly thought of God of Darkness. What
he said before he died… he reacted quickly.
It seems that the Dark God regards himself as the apprentice of the gods of the Tiance Mansion?
At the last moment, I realized that it wasn't… it
must be so!
But now it seems that the Dark God did all this because it
was probably related to the god commander of Tiance Mansion… After Levi Garrison figured out
everything, he returned.
"By the way, Master, I heard that Li Chengmin is now dying…Sanxing Group regards her as the biggest
traitor…" The
Underworld God provided Levi Garrison with information.
"Huh? She?"
Levi Garrison's expression changed.
Li Chengmin is a friend from birth to death.
Helped myself a lot.
There are difficulties now, but because of their own difficulties.
Levi Garrison had no choice but to manage.
Even a Sanxing Group in a mere mere daring to move my friend?
"But Sanxing Group is backed by Maya Industry…"
One person said of Maya Industry with a trace of dread.
Because the Dark God once said-in fact, the greatest threat to the Bible organization in this era is Maya
Industry.
So everyone has a trace of fear.

Underworld God glared at the man.
Everyone reacted now.
The current dark god is Levi Garrison!
He interrupted Heaven Sword and Earth Sword one after another, who could stand this strength.
Maya Industry is that dog?
Dare to bark in front of Levi Garrison?
Levi Garrison glanced at them and said, "Well, I'll go to the Star Country first!"
He was just about to feel the changes in this era, and to find some clues in the laboratory of the gods.
Levi Garrison always felt that the disappearance of the Lab of the Gods was not so normal.
They must still be there.
Something must be planned.
...
Star Country.
Where Li Chengmin was detained, several senior officials of the Sanxing Group were all present.
"She can't do it anymore! I can't even see the sun tomorrow!"
"Is it a pity to die like this?"
"By the way, let's experiment with her! It just happened that a new group of people arrived, and
Together, they will do the experiment!"
"It's considered a contribution to the Sanxing Group!"
"Well! Yes! Let her do the experiment!"
... The
recent experiment of the Sanxing Group wiped out humanity.
The Return of the God of War [The Protector] Chapter 2293
This is actually an experiment of Maya Industry!
Inject new drugs into people or various organisms to observe and test the changes in various functions
of the body.
After the Sanxing Group undertook this experiment, it created a bunch of monsters with neither humans
nor ghosts.
Now a small town in Star Country is completely reduced to a purgatory on earth, because Sanxing Group
threw all these experimental products into this town.
Then a special metal wall with a height of 30 meters was built around the town, and a metal dome was
built to wrap the whole town.

Don't let the monsters that are neither human nor ghost inside come out.
From a distance, it looks like a super large fortress.
This was built by Sanxing Group with a lot of money in order to trap these monsters.
If they are allowed to come out, it is estimated that the entire star country will fall.
Because these experimental products cannot be eliminated after being injected with Maya Industry's
medicine.
And the combat effectiveness is extremely strong! ! !
Strong enough to explode!
To sum up, it is the upgraded version of the previous pure energy body!
But their exaggeration is that their bodies are so hard that they are invulnerable.
Still the weapon and powerhouse of this era.
They couldn't penetrate their bodies…
Sanxing Group felt that it was in control at first. Without listening to Maya Industry's persuasion, it did a
lot of experiments, and it completely exceeded the standard.
But later when they found that they couldn't control it, and couldn't eliminate it, they panicked.
All the experimental items could only be thrown in this town, and a metal fortress was built to trap them
from coming out.
Sanxing Group is still doing experiments, studying how to control these experimental products.
But the effect is not great.
A lot of experiments followed one after another, all of which failed.
Guinea pigs are transported one by one to metal wrapped fortress town
……
resulting in a growing number of guinea pigs in the town, completely turned into hell.
On the one hand, Sanxing Group is also cultivating superpowers.
How to train?
Just throw these super powers into this hell.
See if they can come out alive?
Or set the time!
Three hours, or five hours… After the
experimental project started, Sanxing Group threw in nearly ten thousand strong people.
About seven to eight thousand people died in it.
Less than two thousand people survived.

And most of them were seriously injured.
Only a few hundred people experienced success!
Come out alive in this hell land, and the strength has been greatly improved.
The main thing is that the experimental items inside are too terrifying, cruel, bloodthirsty, and violence.
Most of the strong people thrown in are torn apart by them… The most terrifying thing is that no one of the nearly ten thousand strong can be in this hell. It lasted for
twelve hours.
The longest one is nine hours.
There are still a few eight hours, thirty or seven hours…
these people are now on the newly promulgated god list.
It shows how terrifying the monsters in this town are.
If there is no one to open it outside, it will undoubtedly die.
Won't survive.
Just because these experimental products are too strong and too strong, they are still a secret.
Maya Industry and Sanxing Group used various methods to keep secrets.
You must not let the outside world know before you do not control these experimental products.
Li Chengmin is going to die now.
Therefore, some people suggested that Li Chengmin should be taken to do experiments. After all, there
is a shortage of experimental products.
If people are recruited to do experiments on a large scale, it will definitely attract attention from the
outside world.
Therefore, Li Chengmin can make up for the lack of people.
"Okay!"
Li Chengmin was finally taken to do the experiment.
The laboratory was also chosen not far from the town wrapped in a metal fortress.
Like many people, Li Chengmin was put on various control chains and waited for the medicine injection.
However, Li Chengmin regarded death as home, and the big deal was death.
The other side.
Levi Garrison has already reached the star country.
He went straight to the headquarters of Sanxing Group.
The Return of the God of War [The Protector] Chapter 2294
Three years have passed.

Today's Sanxing Group headquarters is built like the future world in a sci-fi movie.
"Levi Garrison is here to visit!" A
shout runs through the headquarters of Sanxing Group.
After hearing the sound, many people all came.
The old people in the past stood up one by one.
"Levi Garrison? What a rare visitor!"
"Hahaha, did you come to see Li Chengmin?"
"It's a man, kind and righteous! Come to save her?"
...
The people of the former Sanxing Group were afraid of Levi Garrison. No, if Levi Garrison came like this
three years ago.
It is estimated that the senior management of Sanxing Group was so scared to hide.
But now, they didn't pay attention to Levi Garrison at all.
Three years have passed, they have become the world's top power, only Levi Garrison stagnated.
"Well, smart! I'm here to take her away this time! People, hand it over!" Levi Garrison said coldly.
"Hahahaha…"
Everyone in Sanxing Group laughed.
"Ye monarchs Hello great courage ah, dare to come here? This is your door you do not go to heaven,
hell no one to turn you partial break ah!"
"Right ah, Yangruhukou, it is not obvious came to be dead!"
… …
Everyone is happy.
Now that everyone knows Levi Garrison's strength, coming to the Sanxing Group for trouble is
tantamount to looking for death.
And there are many people in Sanxing Group who want to get Levi Garrison's revenge.
Even if Levi Garrison's strength is not strong, the former king is too famous.
If anyone kills him, his status and reputation must be improved.
"Since you came here by yourself, then kill you!"
Just as everyone was about to kill the killer, someone suggested: "Wait!"
"It's boring to kill directly! Let's torture him, right?
" How to torture?"
"Does it happen that we have a group of teams going to experience it? Just threw him in!" After

the man finished speaking, everyone's eyes lit up fiercely.
Everyone knew what it was referring to-the small town wrapped in a metal fortress.
That is in purgatory on earth!
"Do you want to see Li Chengmin?"
someone asked.
"Of course! Where are the people?"
Levi Garrison had already faintly guessed their plan.
After all, the distribution of the influence of the biblical organization is too wide.
Many of the Sanxing Group are undercover biblical organizations, not to mention that there are several
forces in the Star Country that are affiliated with biblical organizations.
I also heard a little about their experiments with Maya Industry.
"As long as you follow us obediently, I will take you to see Li Chengmin!" the man said.
Levi Garrison agreed: "Okay, I'll go with you!"
Soon, they took Levi Garrison to the experimental base around the small town.
Here, Levi Garrison met Li Chengmin.
She has not had time to inject the medicine.
"Since Levi is here, let him and Li Chengmin throw it inside, right?"
"Don't Li Chengmin like him? Let Li Chengmin just see him and have to separate from him again. !"
...
The senior management of Sanxing Group also immediately changed the plan.
Li Chengmin no longer injected medicine.
But to torture her and Levi Garrison.
Seeing Levi Garrison, Li Chengmin was extremely excited. At this moment, she was afraid of death.
She doesn't want to die, she wants to survive.
Therefore, Li Chengmin hysterically begged Sanxing Group to let her and Levi Garrison go.
"It's easy to let you live! Do you see the metal fortress in the distance?"
"As long as you two survive for three hours, let you live!"
...
Li Chengmin immediately agreed.
Someone else entered this time.
It is the experienced team of Sanxing Group.
The team is led by the strongman Li Dazhong. Li Dazhong is the record holder and stayed there for nine

hours.
This time, he will challenge for ten hours.
It happened that Levi Garrison and the two entered the metal fortress with them…
The Return of the God of War [The Protector] Chapter 2295
Levi Garrison listened to their arrangement and did not speak.
Levi Garrison has received news from this small town where all experimental monsters are placed.
Get a rough idea of the situation.
It is an experiment conducted secretly by Maya Industry, which was specifically conducted by Sanxing
Group.
In fact, he can completely slap Sanxing Group now.
However, out of curiosity, he wanted to see what the monsters in the experiment looked like?
What the hell are they going to do at Maya Industry…
He is guessing that maybe this has something to do with the Lab of the Gods?
Therefore, Levi Garrison was at their mercy.
Do not make any resistance.
Li Chengmin didn't know what was inside the metal fortress, she just felt the hope of life.
Go for it anyway.
Just now she heard others talk about Levi Garrison's return, and she knew that his strength in this era
was limited.
But she must seize this opportunity.
After all, Levi came to rescue her not far away.
Soon Li Chengmin's parents came secretly and stuffed her a few bottles of medicine.
Ask her to subdue secretly.
At that time, her physical condition will not only recover, but her strength will increase sharply, and
even her previous superpowers will be restored.
The parents naturally don't want their daughter to die.
There was no way before.
But now the senior management of Sanxing Group has spoken, and after three hours, he let Li Chengmin
go.
This was unimaginable before.
The senior management will not let it go.

Now that Levi Garrison is here, they only agreed to torturing Levi Garrison through Li Chengmin.
Li Chengmin's parents will immediately make arrangements.
Not only that, in the experienced team, they secretly bought into the power of the gods Li Dazhong and
others.
When the time comes, Li Dazhong and the others will help Li Chengmin survive three hours easily.
Let Li Chengmin survive.
The parents have told Li Chengmin everything, let her be smarter in it and protect herself.
As for Levi Garrison's life and death, it has nothing to do with them.
They even confessed to Li Dazhong and others that they would throw Levi Garrison inside and they
would just run out by themselves.
Before entering, a batch of laboratories, about hundreds of people, were injected with medicine.
Stay for a while and observe the condition of these experimental items.
"Ah!!!"
……
Everyone can't see the situation, but the screams can be heard clearly.
Levi Garrison and the others were standing in a base.
It's mess everywhere.
In a huge iron cage not far away, a man with disheveled hair was locked in a frantic movement.
He was chained all over his body, and his mouth was clamped by a special metal clip. He couldn't speak,
he could only make a whining sound.
Levi Garrison glanced over and felt familiar.
But I can't recognize who it is.
It seems that the guy inside knows himself and only started rioting after seeing himself.
The guy in the iron cage rioted wildly, making a loud noise.
"Do you know who it is?"
Levi Garrison asked.
Li Chengmin shook his head.
"I'm a traitor to the Sanxing Group!"
someone next to him said.
At the next moment, someone connected to the electric grid spread over the iron cage.
"Shit…" The
current flickered and sparks came out.

A terrible electric current hit the man, and soon he fainted after convulsing for a while.
Levi Garrison didn't think too much.
He followed the crowd preparing to enter the small town of purgatory on earth.
After half an hour.
The batch of experimental products just now seems to have failed.
They were packed into containers one by one, ready to be transported to the small towns of Purgatory
on Earth.
Levi Garrison also made a special observation.
But this group of people is no different from ordinary people, and there is nothing special.
"Go!"
Eventually everyone came to the purgatory-like town on earth.
After Li Dazhong, a master of the gods' list, arrived, he was actually in fear, and his palms were sweaty.
The other strong men were shaking with fright…ss with them…
The Return of the God of War [The Protector] Chapter 2296
There are dozens of them who have been in this place before.
Especially Li Dazhong, who is strong in the gods list, has entered this small town several times.
They know better than anyone how cruel it is.
It was the first time for the other one or two hundred people to enter. They were so scared when they
saw Li Dazhong, and they were all panicked.
The legs were trembling all the time, his face was pale, and the cold sweat continued.
As an absolute leader, Li Dazhong taught everyone experience before entering.
"Remember! Once you can't hold it! At the same time you run to the four doors, press the distress
signal again! There is hope that you can escape!"
Li Dazhong said.
The rule experienced by the strong is that if you can't hold it up, you can press the help button.
Sanxing Group will think of ways to save you.
For example, open the door, such as lead away the monster chasing you.
However, Sanxing Group cannot provide 100% guarantee.
There is not even a half probability.
That's because Sanxing Group does not have absolute control over these monsters.

When letting experienced powerhouses escape, they can only provide some assistance.
For example, opening the door…
and the door cannot be opened for a long time, after all, the monsters inside cannot be allowed to come
out!
That's it.
So many experienced people died on the way out of the gate.
Although the door was opened, they couldn't get rid of the monster, and finally they were torn apart.
…… After
Li Dazhong explained everything clearly, he led everyone in.
At the same time, the coma after the experiment was put in a container and thrown into the metal
fortress one step in advance.
"Okay, enter! Let's go!"
"Rumble…" As
the door was opened, Levi Garrison and the others were driven in.
Once entering the metal fortress, there is a feeling of isolation from the world.
It's like entering another world.
There is no darkness in front of me, only a faint light.
Barely able to see everything in front of me.
Quiet!
Surprisingly quiet!
Everyone's hearts are hanging in their throats, sweaty and tense, and trembling legs are normal.
The unknown is the most feared!
And everyone knew that this small town had to have at least tens of thousands of experimental
monsters… and became
more and more frightened.
Many people regretted it after they came in.
"No, I'm going back! I'm afraid! I don't want to die here!"
someone said.
Many people followed, because they wanted to leave because they were afraid.
Li Dazhong glared at them: "Impossible! It is clearly stipulated! Once you enter, the door will open
within an hour!"
This is to prevent such people from appearing and to force the rules.
Otherwise, they just came in and ran away.

Experience a loneliness.
Hearing Li Dazhong's words, everyone paled.
"Then we wait here! Wait an hour before the door opens!"
someone suggested.
Li Dazhong sneered disdainfully: "The group of monsters have a particularly keen sense of perception. It
is estimated that they have discovered us long ago and are coming to us! At that time, none of them will
survive!"
"The only way is for everyone to team up and kill them after an hour!"
"And tell everyone a bad fact! In order to prevent the monsters from going out! So these four doors are
either the one you want to open or the one!
The four doors from east, west, south, and north will open in one position every hour, that is, the door
with the least or no monsters!
When the time comes, those who can't hold it up will press the distress button, and they will get a
message—that door is open and you The best path from the current position to the gate and so on…"
"
Hi !" Everyone was shocked.
No wonder the standard of experience is based on time. It turns out that a door is opened randomly
every hour.
This way the greater the probability of death.
Li Dazhong's words made this group of people feel ashamed, almost desperate.
But now I can only harden my head and form a team to follow Li Dazhong.
The Return of the God of War [The Protector] Chapter 2297
Levi Garrison showed a smile.
This rule of Sanxing Group is very exciting and effective.
Opening a door in an hour is simply perfect.
Survival of the fittest!
This kind of experience can achieve the greatest effect!
This is much better than today's quick methods.
Whoever is strong can escape, whoever is strong can survive.
There is no fairness at all!
It depends on who is strong! ! !
Of course there is a small part, which may depend on luck.
Maybe there are a few people who are lucky, they just stay in the position where the door is opened,

and they ran out easily.
But after all, this is a minority of the minority.
Ninety-nine percent depends on strength!
Li Chengmin also became nervous.
I thought that my parents had arranged that they could take Levi Garrison away safely.
Now it seems that it is very difficult.
After all, Li Dazhong was not sure, let alone other people.
"You follow me! Be sure!"
Li Dazhong reminded Li Chengmin before setting off.
Everyone began to advance slowly.
Of course, there are dozens of people betting that the door behind will be opened in an hour. They will
hide nearby and wait for an hour.
Most of them left with Li Dazhong.
Along the way, everyone became more and more frightened.
There were bones everywhere, and stinking corpses.
And no corpse is complete.
It was torn apart and scattered everywhere.
Everyone can think of what kind of devastation they suffered before they were alive…
"Those monsters are terrifying! Once caught by them, their bodies can't be left intact! Even if it's me…"
Li Dazhong's words made everyone's heart. It was half cold.
But there is no way, you have to keep going.
Without taking a few steps, a super large container appeared in front of him.
They knew this container, it was thrown in earlier.
Li Chengmin almost became one of them.
"Generally, the reaction will not appear until one hour after being injected with the drug…according to
the time it should be…"
"We quietly walked around!"
Li Dazhong said vigilantly.
Everyone nervously followed Li Dazhong.
"Boom!"
Suddenly there was a huge noise from the container.
Everyone stopped.
All staring at the container.
In the next moment, the movement grew louder and louder.
"Boom!"
"Boom!"

…
Everyone clearly saw fist prints protruding outside.
More and more…
Apparently someone was bombarding inside.
"Kacha!"
"Kacha!"
…The
next moment, someone was tearing open the container.
With a harsh sound, the container was torn apart. All the people inside came out…
"Ah!!!"
When everyone saw these people clearly, they all let out screams.
Li Chengmin was also scared and screamed!
Obviously, everyone who came out was shocked.
…
And the thirteen people hiding in the abandoned house near the east gate are waiting for the opening of
the gate behind them in the next hour.
They feel that their position is the safest.
Hiding here, you will be able to escape after an hour steadily.
At this time, they heard miserable screams in the distance, and more than a dozen people smiled.
"Ha ha ha …… laughable, so you do not listen to us! This is just great, right? Go die in vain!"
"Yes ah! Standings strong follow God thought he was safe? The real danger comes, people Will take care
of you? Dreaming!"
… The
original tense atmosphere, after hearing the movement not far away, everyone breathed a sigh of relief.
They are all fortunate to hide here.
Otherwise, I'm afraid it would have been torn apart by the monster.
But what they didn't expect was that a bunch of things had come quietly behind them, staring at them.
"Huhuhu…"
These things panted, accompanied by a stench.
The Return of the God of War [The Protector] Chapter 2298
"I…" At
this moment, the thirteen people finally noticed something behind them, the stench entered their
noses, and they breathed on their heads.

At this moment, everyone's body was tense, cold sweat broke out, and their souls were frightened.
They slowly turned around, and they saw terrifying figures in their eyes.
"Ah!!!"
Everyone screamed in fright.
These people in front of them are actually monsters.
Their eyes are scarlet, and their faces are black and white, without any bloodshot eyes. The most
important thing is that everyone's body has doubled.
The arms and legs are as thick as a tree trunk…
they exudes a terrible breath.
After these people were injected with the medicine, they were just like variants.
Extremely terrible!
Otherwise, Sanxing Group will not lose control.
"Snap!"
"Sneer!"
…
One of them was suddenly picked up by the monster and torn in half abruptly.
Other monsters swarmed.
The remaining twelve people were torn apart abruptly.
None of them survived.
If you don't listen to the old man, you will suffer.
Li Dazhong has come in here many times.
He is experienced.
Know that these monsters can be found no matter where you hide.
As long as they smell a bit of vitality, they can definitely find it.
It doesn't matter where you hide.
The only luck is that the distance is too far to smell…
At this moment, Li Dazhong's large army encountered the same situation.
However, the monster he encountered was an experimental product that had just been injected with
medicine for an hour.
This is still the case of Maya Industry's improvement agents. They want to continue the experiment to
see if it can be controlled.
The result was miserable—uncontrollable.
After these experimental products mutated, their bodies swelled, their eyes were scarlet, and they
became more brutal.

It turned out that the container was not protruding and torn just now, which was not the initiative of the
experimenters.
It was caused by their soaring body, and the container could not hold up, and it broke.
This time the experimental product is not only uncontrollable, but also more powerful than the previous
experimental product variants.
The large army led by Li Dazhong happened to encounter them.
The result is heavy damage.
The general strong can't handle it at all.
Everyone's most ruthless move, hitting these mutants with powerful weapons in their hands, had no
effect at all.
Instead, if they were caught, there was no hope of surviving.
Will be torn on the spot, even every bone will be broken.
Only Li Dazhong, who is the strongest of the gods, can still play.
They forcibly cut a way out and beat these mutants into the air, and they killed their way out.
Li Dazhong took Li Chengmin and others to escape.
Levi Garrison was pulled by Li Chengmin and followed him to escape.
Levi Garrison was clearly studying these mutants just now…
he was taken away without warning.
The other strong players in the god list also showed their strengths and smashed out from all directions.
After all, there are still fewer mutants in the container, about a hundred.
Can't stop them.
In this wave, a dozen people were torn apart here, and all the others ran away.
The situation is much better than those of those who hid.
But the biggest problem is that the movement here completely shocked the entire town, and tens of
thousands of mutants all over the small towns came from all over.
Their first feeling is because of the sound, and the second feeling is of course the smell of people.
In just one round, everyone was dispersed.
Hundreds of people were divided into ten teams.
The number of people who followed Li Dazhong is quite large, there are more than forty people.
"Now is the most dangerous time! Thousands of monsters will come!"
Li Dazhong glanced at Li Chengmin and exhorted: "Follow me!"
Next.

Li Dazhong walked with everyone.
Originally, he was experienced, and would not hide when encountering monsters, but would rush to find
combat experience.
But now with Li Chengmin, he wants to get away as far as possible and wait for three hours to send Li
Chengmin out.
He can start killing unscrupulously…
The Return of the God of War [The Protector] Chapter 2299
I have to say that Li Dazhong has rich experience, every time he can avoid the monster group, or
encounter very few monsters, everyone can handle it.
But others are not so lucky.
Even if there is a strong player in the ranks of the gods, they will always encounter a group of monsters.
At the beginning, it may be dozens, then hundreds, or even thousands.
Those who are strong in the gods list have to avoid their edge and dare not make a head-on shake.
They also have to avoid as many monster groups as possible, and hide as much as possible.
However, other people are not so lucky, if they encounter a group of monsters, after being entangled,
they can't escape in time.
Then there is only death.
There will only be more and more mutants.
In the end, there may be thousands…it
is impossible to resist!
And the newcomers have also seen the terrible monsters.
Not to mention being wiped out, all kinds of attacks hit the monsters without any effect at all, let alone
penetration.
Their bodies will generally skyrocket and become indestructible.
I don't know what Maya Industry's medicine is, but it has such a miraculous effect.
The monsters in almost the entire town were in action.
Experienced people fell one by one…
Time also passed by one minute and one second.
It's an hour.
The west gate opened… After
the newcomers who came in got the news, they ran to the west gate immediately.
But they were followed by a large number of monsters, chasing after them.

“These idiots! Brought too much! Closed!”
Outside Sanxing Group immediately closed the west gate.
In the end only two people escaped.
No one else escaped.
Most of the people ran away, and a few were surrounded by monsters.
…
Levi Garrison wanted to see what these mutants had been injected, but Li Dazhong had too much
experience.
Every time he could avoid the monster, Levi Garrison couldn’t observe it.
Can only continue to walk with them.
time flies.
The strong are all practicing.
More and more people fell.
Two hours.
Seven people escaped.
…
Others either don’t go out and continue to practice, or they just don’t have the ability to escape.
In the laboratory of Sanxing Group, they analyzed some data.
“After the variants of the experimental product that just went in the container, it is really powerful!
Even the strongest of the gods is difficult to parry!”
“Look at the data! The four strongest of the gods are very difficult to deal with! Except for Li Dazhong,
no one else is good!”
“So the difficulty they face now is even higher! The current seven hours may be even more terrifying
than the past eight hours!”
… the
experimental product is getting stronger and stronger.
Everyone is mixed.
The worry is that they can’t control these mutants yet.
“What the hell is this Maya industry going to do? If this goes on, I am afraid that it will test out a group
of undead strong people. Who can stop it?”
“Yes, the problem that should be solved now should not be how to think about control. Are these
mutants? We have been working on this project!
Maya Industry seems to have no idea in this regard! They are still increasing the potion, and the mutants
they experimented with are getting stronger and more violent!

This is to create the most violent brain and the strongest physique! "
...
These experimenters began to guess that Maya Industry's experiments were not so simple.
"Do you think Maya Industry has long been in control of how to control these mutants?" Just didn't tell
us? "
Well, it's possible!" "
...At
this moment, the senior management came, and everyone stopped talking.
The time came to three hours in a blink of an eye.
That is the longest time that the senior management of Sanxing Group promised Li Chengmin to hold on.
As long as she survived, let it go. Passed her.
Li Chengmin in the metal fortress was excited and frightened.
Three hours finally arrived.
This time, the gate to the north was opened.
Li Chengmin drank the medicine given by his parents, and rushed to the gate with enthusiasm.
The Return of the God of War [The Protector] Chapter 2300
"Levi, three hours have arrived! As long as we rush out, we will be safe! They will let us go!"
Li Chengmin was very excited.
The parents' arrangement was indeed correct.
As long as you follow Li Dazhong, you can easily survive for three hours.
They weren't experienced, and as soon as three hours arrived, they rushed to the north gate.
During this period, Li Chengmin gave all the remaining medicine to Levi Garrison.
Let him take it in times of crisis, and he can become super powerful.
"Go! Follow me! Go to the north gate!"
Li Dazhong led the way, and Li Chengmin dragged Levi Garrison to follow.
...
About ten minutes later, everyone came to the north gate and opened a gap for only one person to pass
through.
"Let's withdraw first!"
Seven or eight people rushed out immediately.
Three hours is enough for them.
Of course it's also stained.
If it weren't for Li Dazhong, they would have died early.

“You leave too!”
Li Dazhong said to Li Chengmin.
“Go!”
Li Chengmin ran out excitedly.
“Bang!”
She received a huge force behind her, pushing her to a place several hundred meters away, directly out
of the gate.
“The door is closed!!!” After
Li Chengmin went out, the door closed quickly.
“You can’t go out!”
Li Dazhong stopped in front of Levi Garrison, blocking his way to leave.
Li Chengmin, who was already outside the gate, was dumbfounded when she saw this scene.
Levi Garrison hasn’t come out yet?
“You…what are you doing?”
she exclaimed again and again.
Li Dazhong said without looking back: “I promised your parents, only to send you out safely! My task is
completed! But he is not included in my task!”
Li Chengmin wanted to rush in again, but the door was already there. closed.
And there are more and more mutants coming around.
It is absolutely impossible to open the door again.
She could only watch Levi Garrison disappear before her eyes.
After Li Chengmin went out, her parents rushed over immediately.
“Fortunately, Levi Garrison appeared and saved you, otherwise you will become a monster too!” The
parents were very excited.
“Can I take his life for mine, can I live?”
Li Chengmin was about to cry.
“Anyway, Levi Garrison will definitely die, isn’t it the same if you die sooner or later?”
Everyone dismissed it.
The executives of Sanxing Group were all excited collectively.
“Levi Garrison, we finally waited for this opportunity! Think about how miserable it was by you in those
years!”
“Now it’s in our hands? Let me see how you escape from birth!”
“How is it possible to escape from birth? It depends on how long he can hold it?”
“Hahahaha…”

…
for them, it was so cool.
Torturing the king who had pressed them in the past is really the happiest time in life.
At the north gate of the metal fortress, Li Dazhong stared at Levi Garrison and the others.
"From now on, I will start acting alone! Don't follow me! Whoever follows me, who I kill!"
Li Dazhong stared at Levi Garrison: "Especially you! Never follow me!"
Li Dazhong wants to be true Started to experience it.
So definitely not let people follow.
He flew away from the other direction immediately.
Levi Garrison and twenty or thirty people remained.
"Rumble…"
came waves of shaking.
The hordes of mutants are coming.
There are thousands of them, and they are densely packed in all directions.
This frightened everyone.
"Run! Run quickly!"
But before leaving, they pushed Levi Garrison forward.
"Let him block us! Let's run first!"
Levi Garrison was pushed to the front.
All this group of people ran away.
Let Levi Garrison block them for a while.
Thousands of mutants rushed in front of Levi Garrison like crazy.
But Levi Garrison looked at them with a smile on his lips.
Li Chengmin's burden is finally gone.
He wants to see what these monsters are like…
The Return of the God of War [The Protector] Chapter 2301
Everyone ran away, and no one would care about Levi Garrison's life and death.
One by one, they were afraid that Levi Garrison would follow them and hurt them.
Soon, the huge group of mutant monsters drowned Levi Garrison.
"Hahahaha…"
Everyone in Sanxing Group laughed.
Levi Garrison was overwhelmed by the monster group, and that was bound to die.
It is estimated that not even a corpse will be left behind.
In the end they just want to see Levi Garrison's torn apart body…
No one pays attention to him…

Of course, once the gate of this metal fortress is closed, they can only be confirmed by the chip marks
left on the mutant monsters. The orientation.
After the experienced powerhouse enters, there will be corresponding chips and live devices on his
body.
Can know the situation inside in real time.
Originally, Levi Garrison had such a device on his body, but he threw it away early.
So no one knows what is happening to Levi Garrison now.
But before everyone knew that he had been submerged by a group of monsters, and he was absolutely
dead for a lifetime.
Li Dazhong and other strong men began to experience…
time passed by.
The fourth hour is here!
This time the gate to the south opened, and the powerhouses who lasted for four hours rushed here
one after another.
"Quick…look…that's…" At
this moment someone saw a figure not far away-Levi Garrison.
He was covered in blood, he didn't know whether it was his own or a mutant monster.
"This…"
Everyone looked incredible.
Levi Garrison actually used his own strength to hold on for an hour before coming to the south gate.
"We still underestimated Levi Garrison's strength, even if he is not the top strength! He is still medium!
Moreover, he has rich combat experience and deep scheming! It is not a problem to hold on for an
hour!"
"Not to mention these mutant monsters. The intelligence is not very high, Levi Garrison has a great
chance of surviving!"
"But how do you support him next?"
"Stop him! Don't let him come out! Close the door!"
…
Li Chengmin and they knew, she The parents asked, "Did you give Levi Garrison all the medicines we
secretly gave you?"

Li Chengmin knew that he could n't hide it , so he could only tell the truth: "There are six medicines in
total, and I only used one! The rest is all. It's given to Levi Garrison."
"No wonder! I said that Levi Garrison can't last an hour! It must have been after taking the medicine we
gave, that his strength soared and made a bloody path among the monsters!"
Everyone was relieved.
Moreover, this kind of medicine is made by Maya Industry, which can greatly improve the strength in a
short time.
It's horrible to terrible!
"Hmph, when he runs out of potion, what else can I do if I see him?"
Everyone did not believe in evil.
...
Five hours.
Very few people can survive this time.
...
Six hours.
The rest are basically the strongest of the gods.
But everyone found that Levi Garrison was still alive.
The whole audience was stunned.
Even the eyeballs of a few strong people in the gods list are about to fly out.
What strength is this Levi Garrison?
Is it the same as them?
But after hearing the explanation of the medicine, everyone was relieved.
After all, the potion is so overbearing, everyone has experienced it.
Levi Garrison can sustain it normally!
What's more, Levi Garrison's words started from the fourth hour.
After all, Li Dazhong protected them for the first three hours.
Levi Garrison lasted for three hours on his own.
"Well, you Levi Garrison, do whatever you want with the potion? Let me see how much you have left?"
Everyone outside does not believe in evil.
Seven hours.
It lasted for seven hours.
At the last moment, there were only seven people left, JiaLevi Garrison.
These six powerhouses in the god list want to continue to attack higher levels and last more time.
"Levi Garrison's potion should also be used up? Why is he still alive?"
The Return of the God of War [The Protector] Chapter 2302

“Do not be, ah, a drug also half an hour, he had four hours, a total of five agents how to hold?”
“Maybe not! Ye monarchs of this extremely cunning man! He could have any strategy, such as hide
Behind the strong of the gods!”
...
“Why not do this! Let Li Dazhong and other strong people leave! We will directly close all the doors and
never open it!!!”
someone suggested.
As soon as this suggestion came out, everyone’s eyes lit up fiercely.
“Yes! This is a good way! Keep Levi Garrison alone in the metal fortress for a day and night! I don’t
believe he will survive?”
“Okay, just do it!”
... As soon as the
plan came out, everyone took action.
The six Li Dazhong received the notice, came to the east gate that they opened privately, and all left.
“Boom!!!”
Finally the door closed.
“Kacha!”
“Kacha!”
...
All the facilities of the metal fortress were closed.
Because various devices are turned on, they actually have a certain inhibitory effect on these mutant
monsters.
What’s more, the top experts of Sanxing Group have placed various experimental equipment around the
metal fortress, specifically for experimenting how to control this group of mutant monsters.
But how to control it, there is no effect at all.
But the inhibitory effect is always there.
More or less have the effect of suppressing this group of mutant monsters.
Data shows that when all the experimental devices are turned on, the strength of this mutant monster
can only be used by 70% to 80%.
Not their complete strength!
The experimental theories created by Maya Industry itself are the most violent brain and the most
violent physique.

Now they are more or less restricted, so that their strength is greatly reduced.
Now that the equipment settings are all closed, the mutant monsters are not restrained at all.
They can play 100% strength!
The all-out mutant monster is super scary!
"My God!!!"
Li Dazhong was shocked when he saw it.
Never felt the strength of a 100% mutant monster…
Now that all the monsters are 100%, then he is also afraid.
"Maybe if I go in now, I won't be able to hold on for five hours! Even my life is in danger!"
Li Dazhong sighed.
"Well, we estimate it for three or four hours! It's really life-threatening! The strength of the mutant
monster with full force is far from what we can match! Kill and kill! You can't even hurt… How to fight…"
"This Once Levi Garrison was miserable! Tens of thousands of mutant monsters with 100% strength! He
has potions and it's useless! Not to mention it's gone!"
"Well! Don't open the door! Keep him closed for twenty-four hours!
" To be honest, the top ten on the list are not good, right?"
…
"Well, anyway, we close everything! We can wait until tomorrow to open it for Levi Garrison's corpse!"
Of course, after all the devices were closed, they couldn't know what was going on inside.
But everyone didn't want to look at it. There was already a picture in his mind, knowing that Levi
Garrison was being abused.
…
When Li Chengmin learned about this, he was directly frightened.
Sanxing Group is too cruel, right?
In order to torture Levi Garrison, he actually used this method.
The metal fortress is closed for twenty-four hours. How can this be sustained?
No one can survive twelve hours!
What's more, they are all monsters with full force now!
The time is greatly reduced, and I have never lasted five hours.
This is to make Levi die without a corpse!
Li Chengmin fainted directly.
…In the

metal fortress.
Levi Garrison also noticed that these mutant monsters became more irritable.
Obviously someone out there used a method.
But to him, it doesn't matter.
He smiled at the dense monsters in front of him.
Now these irritable mutant monsters basically all gathered around him.
"Who said they can't kill?" Levi Garrison sneered.
The Return of the God of War [The Protector] Chapter 2303
"Boom!"
Levi Garrison suddenly shot, grabbing a mutant monster in front of him.
"Bang!" With a
punch, the mutant monster exploded directly, splashing blood.
What can't be killed?
Why are their bodies indestructible and impenetrable?
With Levi Garrison's punch, it still smashed into slag?
If Li Dazhong saw such a strong man in the list, he would have to kneel on the spot.
They have been here several times.
The most they can do is to lightly injure these mutant monsters. Most of the time, they can't hurt their
bodies at
all.
Instead, he was smashed by Levi Garrison's punch.
This, this…
"Sneer!"
Levi Garrison tore another abruptly.
Seeing the companion being torn in half, the eyes of these mutant monsters changed.
It is probably shocked!
Because it has never happened before!
But these mutant monsters were all excited when they saw Ye Qingfeng, and they all rushed forward
one by one.
"Come on!"
Levi Garrison was also excited.
He has also thoroughly studied these mutant monsters. It is probably Maya Industry who wants to
create new races!
The most violent brain!
The strongest physique!
Invincible combat power!

…
Don't say all these things go out, just go out for one or two thousand, it is definitely a disaster!
The star country has to fall in half!
If all were released, the star kingdom would have to be destroyed.
It is estimated that the Sanxing Group and the Star Country's god list powerhouses are powerless and
unable to solve them at all.
Maya Industry Research has ulterior motives!
It is still absolutely confidential!
But for Shang Levi Garrison, these mutant monsters are no different from ordinary people.
No one could stand Levi Garrison's punches and kicks.
Not enough to see in front of Levi Garrison!
Basically kill as many as you come!
Thousands of mutant monsters pounced on Levi Garrison again and again, and they were completely
violent and completely crazy.
To tear up Levi Garrison in front of him, tear his flesh into powder, and break the bones one by one…
But on the
contrary, Levi Garrison smashed them to pieces with a punch.
Flesh and bones are all broken into scum!
one hundred!
two hundred!
…A
thousand!
…
Two thousand!
… The
mutant monster is disappearing at a terrifying speed…
Five thousand!
In the blink of an eye, the mutant monster has been beaten in half…
… the
data is still increasing…
"Boom!!!"
With Levi Garrison's punch, a mutant monster was blown up in the head.
All the mutant monsters have fallen…
Either they were all beaten to death, or the stumps and arms were everywhere…
Thousands of variant monsters were all killed by Levi Garrison without exception.

No one is left.
However, half an hour has just passed!
This is still the case when Levi Garrison wants to play, otherwise I am afraid it will be solved faster!
Levi Garrison sat on the ground, bored to study the blood of these mutant monsters and so on.
He wanted to know what the medicine of Maya Industry was…
time passed by.
Four hours have passed since all devices were shut down.
The people outside were really excited and excited.
"You said Levi was dead?"
someone asked.
"Absolutely dead! He can face tens of thousands of mutant monsters! They are all 100% mutant
monsters! Who can stop this?"
"Yes! And this is not something that can be done by hiding! These mutant monsters They are not
unconscious bloodthirsty monsters! They are smart! You can find them wherever you hide!"
"Do we need to restore the device now, open the door to see?"
"No need! Just close it for a day and night! We There is no doubt that Levi Garrison will die!"
"Okay! We will collect Levi Garrison's body tomorrow!"
…
Everyone laughed. They were already looking forward to sending out the news of Levi Garrison's corpse
fragmentation.
The Return of the God of War [The Protector] Chapter 2304
Closed for twenty-four hours.
Levi Garrison could not survive.
This is the truth.
Li Chengmin didn't speak anymore… But
when the person who was locked in the iron cage with disheveled hair heard the news, it seemed that
his eyes became much darker.
It seemed that Levi Garrison's death hit him hard.
"Who is this person?"
Li Chengmin asked.
She also noticed the change in this person.
"Traitor
Li Shiji!" Li Chengmin's father said.
"Ah? It's him!"

Li Chengmin was surprised.
It turned out to be Lee Seki who followed Richard in the Lab of the Gods! However, after Li Shiji was killed, he also stayed in the laboratory of the gods.
But later the Lab of the Gods disappeared, and he had nowhere to go, so he could only return to the
Sanxing Group.
The Sanxing Group, which has already cooperated with Maya Industry, treated him as a traitor and
directly locked up and tortured him.
Lee Seki hasn't moved around all the time.
Until he saw Levi Garrison, he went crazy before, and was finally stunned by the high-voltage current.
I guess Li Shiji has something to talk to Levi Garrison.
But now there is no chance.
"Hey!"
Li Chengmin was also desperate.
Levi Garrison couldn't be alive anymore.
But she won't be dead or alive this time. She wants to survive, she wants revenge, and also prevents
Sanxing Group's brutal experiments.
…
Soon after, someone in Maya Industry was asking about the progress of the experiment, and it was
necessary for Sanxing Group to send in the data of the latest batch of experimenters.
"Sorry we are…"
Sanxing Group told Maya Industry about Levi Garrison.
"Okay, very good! This method is good!"
Maya Industry also strongly agreed.
…
Time passed by every minute and every second.
Levi Garrison has used the method of the poisonous god sect to extract the medicinal substance from
the blood.
He wants to take it back to study!
The handsome man of Tiance Mansion?
interesting!
But what Levi Garrison was more concerned about was where the Gods' Laboratory had gone… I
guess the Tianji Pavilion of Tiance Mansion might know it.
He wants to go back and inquire later.

Thinking about it, Levi Garrison fell asleep.
Sun and moon rotation.
Soon it was bright, and the twenty-four hours was about to come.
Everyone from the Sanxing Group came outside the metal fort and waited.
"No, Levi Garrison obviously has no bones, even the bones are scum! Why are we all running so
excited?"
"Yes! Levi Garrison will not be left, we will not see anything. Arrived! Why are you still so interested? All
gathered early in the morning?"
... After
someone asked this question, everyone was stunned.
That's right!
Can't see anything?
Why do you want to come?
And all know the result, Levi Garrison will undoubtedly die!
"That's because too heavy leaf monarchs in position in our hearts! He is the enemy of our country star,
but also the Sanko Group's enemy! He died of natural importance!"
"Unqualified even see a little residue is also very excited Yes!"
...
someone explained.
Everyone is indeed in this way.
"Okay! Now
let's open the device!" "Kakka…"
Soon the various experimental devices of the metal fortress all opened one by one.
"Look at what's going on?"
someone shouted.
"According to the markings on these mutant monsters, they are grouped together at the west gate!
Almost, no, they are all here! All the mutant monsters are gathered here!"
"Presumably Levi Garrison died here too!"
"Open the west gate. Be careful, and be prepared to close at any time!"
...
Hundreds of people from Sanxing Group gathered at the west gate, and they wanted to look at the
conditions inside.
They don't even know what they are expecting…
"Boom…" The
metal gate to the west opened slowly.
"Oh…"

A pungent bloody smell came.
Everyone almost vomited.
The door was completely opened, and everyone suddenly saw a figure standing in front of it. Behind him, the bones become a mountain…
The Return of the God of War [The Protector] Chapter 2305
That's right.
It is indeed a mountain of bones!
The corpse, stumps and broken arms were stacked together to form a mountain.
As for the blood to wash this place over and over again… the smell of blood is even more overwhelming, almost disgusting everyone.
The marks on these mutant monsters show that they are all gathered together, which is how they were gathered together.
But none of this scared everyone.
It was the standing man who really scared everyone! ! !
Levi Garrison!
Standing is Levi Garrison!
At this moment, everyone felt that the world had collapsed.
How could he still be alive? ? ?
"Boom…"
Everyone only felt that five thunders rushed to the top, and countless sky thunders smashed down.
Everyone was bombarded with incomplete skin, burnt on the outside and tender on the inside.
This… this is definitely the most incredible thing everyone present has ever encountered! ! !
He is still alive! ! !
He survived the twenty-four hours alone, and if the previous time is added, it would be thirty hours!
The highest record was nine hours before!
But before the mutant monsters were restricted and could only play 70% to 80% of their strength.
Nine hours is a big discount!
So Levi Garrison accomplished a miracle! ! !
But the most important thing is not here!
The most important thing is that all mutant monsters are dead!
They were all killed by Levi Garrison and left here.
And many of them are probably not left behind, all of them blasted into powder.

Only half is placed here.
Because the door has been opened for a while, such a big movement, according to the past, if the
mutant monsters were alive, they would have all arrived long ago.
For such a long time, there is no movement at all.
The only possibility is that Levi Garrison will kill all mutant monsters.
This this…
impossible!
This is absolutely impossible!
No one wants to believe all this.
But I saw the facts before me…
At first, I thought that Levi Garrison could hold it down because of the medicine Li Chengmin gave.
Now think about the potion for farts!
It's all bullshit!
For Sanxing Group, none of the mutant monsters here can be beaten to death.
You can't even hurt it.
Li Dazhong, the strongest of the gods, can't do it!
Not to mention killing all tens of thousands of monsters!
For a while everyone was immersed in the shock!
One by one, they looked like walking corpses… they were
stunned.
shocked.
It took a long time for no one to react…
"How did you open the door? I was ready to punch it open! Ah…"
Levi Garrison stretched out and yawned.
He also just woke up, just ready to punch through here and leave.
Unexpectedly, the door was opened.
"It's good to sleep here, it's quiet…"
Levi Garrison smiled.
It's just that everyone in front of them was stunned, as if they were all frozen.
It took a long time to wake up.
"Forget it, ignore you, I'll go and take a look outside!"
Levi Garrison smiled and left from here.
Most of the people are still there in the nearby Sanxing Group's experimental base.
Seeing someone back.
They subconsciously asked, "How? Did you see Levi Garrison's body? How about the others? Why didn't
they come back?"

Someone also asked , "How can I see the body! These mutant monsters are violent! If Levi Garrison is
alone, It is estimated that even the bones are powdered, let alone a complete corpse!"
Levi Garrison smiled and said, "Levi Garrison's corpse has not been seen, but a living person has seen it!"
"Huh?"
At first glance, everyone felt like it was. Nothing strange.
But after a few seconds, everyone was very surprised.
"I didn't see the corpse, did Levi Garrison, a living person?"
"How is it possible? How could Levi Garrison live?"
... After
speaking, they all looked over.
"Ye… Levi Garrison… it's… you!" After seeing Levi Garrison's face clearly, all of them exclaimed in
exclamation.
The Return of the God of War [The Protector] Chapter 2306
How could he still be alive?
This is impossible!
"Alarm! Alarm! First-level alarm!!!"
The first-level alarm was sounded at the experimental base.
"Boom!" But
under Levi Garrison's punch, the entire base's facilities were completely destroyed.
...
"Don't run!"
Levi Garrison warned.
A few hundred meters away, when someone ran away, Levi Garrison stretched out his hand and
grabbed it.
...
The person directly exploded into blood mist.
Several people ran away and were blasted into dregs by Levi Garrison's volley.
Everyone was honest now and didn't dare to run away.
One by one was silent.
Soon after, the group of senior officials of Sanxing Group and experts such as Li Dazhong reacted.
"
Where are the people?" They rushed into the metal fort and looked for it.
From this look, everyone almost didn't pee!
Inside is the purgatory on earth!

That's a miserable one!
Just by looking at these, everyone can think of what a tragic battle was experienced last night!
Of course it is a unilateral massacre! ! !
"Puff!"
Li Dazhong was anxious, spouting blood.
He really couldn't imagine what kind of powerhouse could slaughter tens of thousands of mutant
monsters in a short time.
He can't kill any of them! ! !
Although these mutant monsters have limited combat power, they can't match the power of Li
Dazhong.
But they can't be eliminated at all, and their defense power is even more terrifying than the strongest of
the gods.
Thousands of them are even more impossible!
Let me put it this way!
Shut down a thousand strong men and tens of thousands of mutant monsters in the metal fortress.
The final winner is definitely the mutant monster.
Although it may be against these strong players, mutant monsters can't kill them, but they can consume
the strong players alive.
The mutant monsters can't be destroyed at all, and they have unlimited physical strength, just like
Xiaoqiang who can't kill them.
But who would have thought that one person would kill all the monsters of so many variants.
Everyone is going crazy one by one.
"Levi Garrison!!! Levi Garrison is not the strength of three years ago at all! He is stronger than the first in
the gods list now!"
"Three years have passed, the times are changing, everyone's strength is skyrocketing, but his
improvement is even more terrifying. We are all scum!"
"I now suspect that he is the one who knocked the Heaven Sword off with two fingers!"
...
Everyone reacted one by one.
Know how powerful Levi Garrison is now.

Li Chengmin cried with joy. Not only did Levi Garrison not die, he became extremely powerful now.
This is the best news for her.
"If you can move, roll over!" At
this time, Levi Garrison's voice came from everyone's ears, which exploded like thunder.
Everyone knew that in front of Levi Garrison of this level, there was absolutely no escape.
One by one obediently walked over.
However, some people wanted to use the communicator to send out signals secretly, to send out Levi
Garrison's true strength.
"Boom!"
"Crack!"
……
But his communicator exploded in an instant.
An invisible force directly shredded people…
Blood splashed on everyone around.
Everyone was shocked now.
No one has other careful thoughts.
After all, life is important, and even worse, I was frightened.
No one has any other ideas.
Everyone came to Levi Garrison and knelt down one after another.
"Spare! Spare…"
These people all squatted on the ground, kowtow fiercely.
With the current Levi Garrison's finger, the Sanxing Group can be destroyed.
He is too strong!
Li Dazhong was even more excited, "I have never seen a strong
man like you! I am willing to follow you to seek a higher martial arts realm!" Li Chengmin looked at Levi
Garrison excitedly.
"Haha…Aren't you trying to kill me? Are you trying to torture me?"
Levi Garrison slapped him to death.
"Kaka…"
Li Shiji in the iron cage not far away slapped frantically at this time.
"Huh?"
Levi Garrison walked over.
Opened the cage.
Recognize Li Shiji.
"Laboratory of the Gods…" Li Shiji said.
The Return of the God of War [The Protector] Chapter 2307

Levi Garrison hurried forward to listen.
"What's wrong? What's wrong with them?"
Li Shiji whispered in Levi Garrison's ear.
Everyone looked at it suspiciously.
...
I don't know what I'm talking about.
From beginning to end, Levi Garrison's expression was cold, and he nodded occasionally.
"Well, I see!"
...
Levi Garrison nodded.
"Have you been waiting for me and want to tell me this?"
Levi Garrison asked.
"Well, I'm waiting for you. It's useless to tell other people!"
"Well, I'll take care of the rest! You can just stay to assist Li Chengmin!"
Levi Garrison looked at Li Shiji.
Li Shiji nodded fiercely.
"Kill!"
Levi Garrison started the killing to the high-level officials of the Shang Sanxing Group, and left none of them.
Anyone who knew was killed by him.
In the end, Li Chengmin's family and Li Dazhong were left.
Even Levi Garrison personally went to the headquarters of Sanxing Group to reorganize the entire organization, completely turning it into Li Chengmin's.
Levi Garrison looked at Li Chengmin and said, "You will be in charge of the Sanxing Group in the future!
Other people will assist! As for all the news that happened today, the cooperation with Maya Industry continues, what do they want to do?"
"Understand!!!"

“Don’t worry, I won’t be vague about Maya Industries…”
Li Shiji gave Levi Garrison a relieved look.
It is estimated that there is a connection with Maya Industry in their conversation.
After solving the Sanxing Group’s affairs, Levi Garrison returned to Daxia.
He did not appear directly, but was observing Zoey in secret.
The exercises and repair methods left to her, Zoey has been throwing in the corner, and it is useless at
all.
Perhaps her thoughts are the same as those of others, that Levi Garrison’s notions have stayed three
years ago.
What he gave was useless at all.
I don’t even have the idea of giving it a try.
Instead, Levi Garrison saw that Zoey was using some extreme methods and medicines to restore
himself.
The advantage of this is that it may restore the martial arteries of plum dyes that have been abolished,
but the disadvantage is the quick and extreme method, which will leave a lot of hidden dangers that will
damage plum dyes in the future.
“Da da da…”
When the footsteps sounded, Zoey was taken aback.
When she looked up, her face changed drastically.
“Master…Master…”
Because she saw the dark god.
Of course, this dark god is Levi Garrison wearing a mask of gods and demons.
Because the mask of the Dark God is unique, no one can recognize it as long as he wears the mask.
Even Zoey, who has seen the true face of the Dark God.
“Master, you… didn’t you say that you can’t enter Daxia? Why are you here?”
Zoey was shocked.
“I’ll see you and go to Tiance Mansion again!”
Levi Garrison said.
“What about my husband? What’s wrong with him?”
Zoey worried about Levi Garrison.
The reason why Zoey used extreme methods to restore his combat power was to rescue Levi Garrison

himself, for fear that something might happen to him.
“It’s okay, he will be back soon!”
Zoey nodded in relief.
Master never lied to her!
“By the way, I have been observing for a long time! Your method is too extreme to use!”
Levi Garrison said.
Zoey asked in surprise, “Then how do I regain my strength, Master? I have been abolished now!”
Levi Garrison said, “It’s very simple! Use the method and exercises your husband gave you, and you can
recover! And in the future you will have to Keep practicing, you can’t practice anything else, including
what I taught you!”
“Ah? This… he is just…”
Zoey didn’t believe in the exercises and methods given by Levi Garrison at first.
So subconsciously want to refuse.
Levi Garrison himself stayed three years ago, can his method work?
“Master, I know you have other
ways to recover me! I don’t want to use what he gave me, I think it’s useless!”
The Return of the God of War [The Protector] Chapter 2308
Levi Garrison “…”.
His things are useless?
The dark god, the number one god, was killed by him.
He killed tens of thousands of mutant monsters that could not be solved by the powerhouse of the gods.
His method is useless?
The exercises are useless?
…
You are great, who can open the dark cage?
You guys are great! Who can interrupt the sword and sword?
Levi Garrison had no choice but to say, “Well, you choose for yourself! But I suggest to use the exercises
your husband taught you!”
…
“Understand, Master! But I will restore my strength in my own way! I still don’t want to believe the
three. Things from a year ago! Eliminated is eliminated! There is no need to guard some old things!”
Zoey finally chose to give up Levi Garrison’s method.

She wants to use modern extreme methods to recover!
Levi Garrison nodded, "Okay! Respect your choice!"
Now no one trusts his practice except Huoyun Cthulhu, but Levi Garrison doesn't say anything, respects them.
Choose whatever you want…
After leaving Jiangbei, Levi Garrison went straight to the capital.
Tiance Mansion!
This is his purpose!
Levi Garrison sneaked into Tiance Mansion quietly.
He went straight to the Tianji Pavilion.
When Levi Garrison appeared, several people in the Tianji Pavilion were shocked.
I guess I didn't even notice that Levi Garrison's level would appear.
"You?"
Levi Garrison now appeared in the image of an expert who knocked off the Heavenly Sword with two fingers.
This surprised everyone in Tianji Pavilion.
However, Levi Garrison also concluded that several members of Tianji Pavilion didn't know their identities or where they had gone.
It seems that the dark cage has the function of isolating everything.
Even the elders of Tianji Pavilion couldn't figure it out.
"I have one thing-do you know the whereabouts of the Lab of the Gods…" As soon as Levi Garrison said this, everyone in the Tianji Pavilion remained silent for a long time.
"I don't know… but it was definitely not destroyed by people like the outside world…" "But I just divination, there must be a disaster in the future! In the past three years, there have been various foreshadowings…the disaster is approaching…"
Tianji Pavilion replied .
After getting an answer, Levi Garrison left.
Leaving this time, he swaggered away.
What does Tiance Mansion have?
He comes as he wants, and leaves as he likes.
Soon, everyone in Tiance Mansion discovered him.
After recognizing it, everyone's eyes will fly out.
This… why is this guy here? ? ?

The major gods and generals, as well as the masters of the Tiance Mansion, are saluting.
If someone else suddenly appeared here, they would have been arrested long ago.
It's a capital crime to break into Tiance Mansion without permission.
But now this one appears, who dares?
After receiving the news, the Marshal Tiance hurried over.
Kneeling in front of Levi Garrison and saluting, he also invited Levi Garrison.
"No need!"
Levi Garrison refused.
"Dare to ask who is the senior?"
Tiance Marshal said with courage.
Other people also watched.
Especially looking forward to it!
"I said I was Levi Garrison, do you believe it?"
Levi Garrison sneered.
"Haha, seniors, don't be kidding you! You are a master of the Great Xia Yinshi! Even the Baolong clan of
Tiance Mansion doesn't know your identity, why is it Levi Garrison?
Don't be kidding!"
Tiance Master couldn't help but Said with a smile.
"Really?"
Levi Garrison smiled and left Tiance Mansion.
Some people still want to ask.
The young commander of Tiance interrupted, "This expert mentioned Levi's arrival. This obviously just
doesn't want to say! I don't want anyone to know his identity!"
"Well, it's reasonable! It's true!"
"Don't treat this one. Be curious!"
……
Although several great gods will say so, how can the young commander of Tiance not be curious?
After Levi Garrison left.
Marshal Tiance came to the Tianji Pavilion in person.
"He just came to you, you should know his identity, right?"
Tiance Marshal asked.
"I don't know, but he looks like a person…"
"Who is it?" The Tiance Marshal became more and more curious.
The Return of the God of War [The Protector] Chapter 2309
"Levi Garrison!"

The name came out from the Tianji Pavilion, and Tiance Marshal trembled.
"Impossible? How could he be Levi Garrison?"
Naturally, the marshal Tiance didn't believe it was Levi Garrison.
"We said it's just like! Because the only person who was interested in the laboratory of the gods was
Levi Garrison!"
said the senior in the Tianji Pavilion.
...
Master Tiance understands what he can't help saying: "So which senior came to inquire about the Lab of
the Gods just now?"
"Yes!"
"It's definitely not Levi Garrison! Then I'm relieved! It is estimated that this senior has a heart for Da Xia.
! Thinking ahead, thinking about Daxia's future! Didn't it just teach us on the ice sheet before?"
...
Tiance Marshal said.
"Although our Tianji Pavilion must not interfere with Tiance Mansion's affairs, but now that we have
caught up, we remind us… the disaster is coming, and everyone will not be able to hide it! Prepare
early!" said
the old senior of Tianji Pavilion.
Young Master Tiance looked confident: "Don't worry, I am here, it will be fine! Everyone has seen my
ability! Kunlun Industry is my answer sheet! I will control the situation in Daxia!"
"There is also Ye Wudao. I will not be hostile to them! I will lower my posture and take the initiative to
unite with them! If there is a problem! I can basically use the top ten powers of Daxia!"
…The
young commander of Tiance started. Outline his grand blueprint.
It's just that all the seniors in the Tianji Pavilion are silent and
don't know if they are there anymore.
After Levi Garrison left, he did not return to Jiangbei directly, but came to Kunlun Industrial
Headquarters.
Levi Garrison was stopped by the head office.
"Scan failed!!!"

It turns out that Kunlun Industry has a biological scanning device.
Everyone who enters will scan it.
People who are not inside Kunlun Industry will not be allowed to enter.
"Dididi…" The
alarm sounded.
The purple and red lines all fell on Levi Garrison's body.
That is clearly the aiming device of the weapon.
Once Levi Garrison has any changes, I am afraid that many weapons will disassemble Levi Garrison on
the spot.
"Who?"
Several people surrounded Levi Garrison.
"The founder of Kunlun Industry!"
Levi Garrison said lightly.
When this word came out, everyone was taken aback.
"Founder
?? " "Isn't that the young master of Tiance? There is only one master and founder of Kunlun Industry!"
"What the hell are you?"
…
Everyone looked at Levi Garrison with disdain.
"Catch him up!"
"Dare to pretend to be the founder of Kunlun Industry?"
…
Everyone wanted to arrest Levi Garrison.
At this time, a group of people came out.
"What? Brother? Why are you?" A
surprised voice sounded.
It turned out to be Mia.
"Leader Zhou? Do you know him?"
everyone asked.
"This is my brother!"
Mia pulled Levi Garrison: "Brother, what are you doing here?"
"I have something, I need you!"
Levi Garrison said.
Watching Levi Garrison and the two leave, these guards said.
"Yes, I seem to have heard that it is indeed the founder! But Kunlun Industry was brought up by the
young commander of Tiance. What does it have to do with him?"
" I'm here now? It is the founder of Kunlun Industry? Who? I will admit it!"

“Levi Garrison has been eliminated by the times, and now I guess I want to find Kunlun Industry as a
backer!”
…
Everyone was talking about it.
After Levi Garrison’s arrival, the senior officials of Kunlun Industry were stunned.
However, due to Levi Garrison’s identity, everyone stood up.
“Sir, why are you here?” The
Common Killer also greeted him.
“Yes, why are you here?”
Everyone’s expressions changed.
I am very curious why Levi Garrison came here.
“Do you want to know the progress of solving the special materials of Maya industrial weapons? Is there
a physical problem?”
someone asked.
“No, I need your help!”
Levi Garrison said.
“What’s busy?”
The Return of the God of War [The Protector] Chapter 2310
Everyone looked at him more and more puzzled.
“At present, Kunlun Industrial’s technology can basically monitor most parts of the world, right?”
Levi Garrison asked.
The team leader in charge of science and technology nodded: “No problem! Kunlun Industry can
monitor 73% of the world! Ninety% of the area can be accurately monitored…”
“What are you going to do?”
Levi Garrison directly stepped forward and controlled it by himself:
“Leave everything to me!”
…
His purpose is simple-to check whether there is any abnormality in the world.
The main purpose is to capture the movements of the Gods Lab.
Although they disappeared, there is no reason not to do something.
…
Now that you have done something, there will definitely be clues left, and it is impossible to have no
traces at all.
“This…” The

other executives looked embarrassed.
“Let him do it himself!”
“We are all out!”
Common Killer drove everyone else out.
Leave Levi Garrison alone in the main control room.
Levi Garrison began to manipulate, looking for clues.
Levi Garrison was investigating for an entire hour.
But it really made him find some clues.
In particular, Levi Garrison found out that there was movement in Daxia…
This base still belonged to Kunlun Industry…
At least Levi Garrison knew a lot of things he wanted to know.
The senior officials of Kunlun Industry waited outside anxiously.
Someone secretly told the marshal of Tiance.
“Da da da……”
In the corridor, there were waves of footsteps.
Marshal Tiance is here!
Aggressively brought many strong people to come.
“Marshal, are you here?”
Seeing him, many people greeted him.
The Common Killer also greeted him.
“You put Levi Garrison in?”
Tiance Young Marshal asked coldly.
“I…”
“Boom!”
Tiance Marshal said involuntarily, blasting out with a punch, smashing the Common Killer God directly
into the air.
“Puff!”
Common Killer fell heavily to the ground, vomiting blood.
“Boom!” The
marshal Tiance blasted open the door of the main control room again.
“Levi Garrison, what are you doing here?”
Tiance Marshal scolded.
Inside, Levi Garrison was still looking for clues, just as he hadn’t heard the sound, he ignored the young
master Tiance.
“Stop!!!”
“Hurry up and stop for me!!!”
Young handsome Tiance stepped forward angrily, shouting to stop Levi Garrison.
But it just so happened that Levi Garrison also checked.

The arrival of the Marshal Tiance didn't affect him.
Marshal Tiance scolded: "Do you all know what you have done? This is the most important place of
Kunlun Industry! There is no one!"
"You are equivalent to opening the brain of Kunlun Industry to others!!!"
"Do you know what Levi Garrison is looking at? My Kunlun Industry's most secret thing! Look at it for
yourself! These data, the detailed parameters of the location of these bases…and these most advanced
technology, genetic technology… Confidential things…"
"Let's see for yourself!"
… Look at it
, Levi Garrison is really looking at these materials.
At this look, everyone was frightened.
There was a thump in my heart.
"Plap!"
"Plap!"
"Plap!"
……
Major Tiance's subordinates slapped a few slaps on the faces of several high-level Kunlun Industry
leaders.
"Levi Garrison, you are really good! Use these relationships to go to Kunlun Industry to peek at the most
secret things!"
Tiance Marshal sneered.
"I think Levi Garrison wants to improve his strength, right? He came to Kunlun Industry deliberately to
steal the most secret techniques and techniques, even stealing medicine!"
"Levi Garrison really didn't expect it! Are you in the business of stealing? Want to secretly learn my
Kunlun industry's strongest exercises and techniques?"
"You helped him steal! All are guilty!!!"
… The
few marshals of Tiance accused Levi Garrison of stealing.
The Return of the God of War [The Protector] Chapter 2311
"Yes! Levi Garrison came to steal the exercise potion!"
"Yes! He already understands what this era is like, knowing that he has been eliminated! The
former king is absolutely unwilling! Want to return to the top again! The best ! The way is to get the strongest promotion method of this era! Improve your strength to the

highest level in a short period of time!"
"So Levi Garrison, you just started working on Kunlun Industrial's idea, and you went straight to steal
it?"
……
...
Everyone Against Levi Garrison.
Hammering Levi Garrison was here to steal…
Kunlun Industrial's senior executives heard this, and they all felt reasonable.
...
Just now, Levi Garrison's behavior was abnormal, and he stayed alone in Kunlun Industry's most secret
main control room for a full hour.
It has to be doubted what he is doing.
After listening to the analysis by Tiance Marshal, they all understood.
Levi Garrison was here to steal a way to increase his strength…At
this time everyone saw the box of potions in Mia's hand and instantly understood.
The
inside should be combined with the outside… But how did they know that the medicine Mia took was
used to suppress the special elements in Levi Garrison's body.
But at this moment, everyone regarded it as a potion given to Levi Garrison to improve his strength…
but Commoner Killing God did not agree.
He knew Levi Garrison well.
The Lord who would rather stand dead than live on his knees!
Even if he was down, he would never be able to steal.
What's more, he is so arrogant that it is impossible to practice even if someone else gives him it, let
alone steal it.
Hearing this, Levi Garrison just sneered: "Is this rubbish in my eyes?"
"Hahahaha…"
Most of the people present laughed.
The marshals of Tiance laughed especially exaggeratedly.
"Garbage stuff? Kunlun Industrial's products are not the top-notch in the world! They are easily ranked
in the top five! Do you think this is rubbish? You really
laughed at me…" Tiance Marshal sneered.
The others also looked angry.
Levi Garrison said that everyone couldn't bear it.

This is an insult to Kunlun Industry, but also an insult to them!
"Speaking of Kunlun Industrial's garbage, do not pee and take pictures of yourself? Don't you know how
many catties you are? Levi Garrison, you are the most unqualified person to say this!"
"The garbage in your mouth, you still Didn't it come to steal?"
…
"I steal these things? It's nonsense! I'm looking at other things…"
Levi Garrison dismissed it.
Marshal Tiance looked at Levi Garrison and shook his head helplessly.
Not long ago, the predecessors of Tianji Pavilion also said that a Tongtian might be a bit like Levi
Garrison…
Bah!
Where does it look like?
Levi Garrison, who is stealing now, has a bit of superior demeanor?
Goodbye!
What a shame!
"Read in the person you are proposed the creation of Kunlun industry, plus you are familiar with so
many people, I'll give you a face shall not be held responsible! But just this once! Whenever there is a
next time, I will not Qingrao!"
Tiance The young commander said coldly.
"The marshal is magnanimous! This can give Levi Garrison a horse!"
"Levi Garrison, do you steal the fun? Don't you thank the marshal?"
……
Everyone praised.
The marshal Tiance glanced at the audience again: "If anyone brings irrelevant characters in the future,
he will violate the regulations! Severe punishment!" At
this time, Levi Garrison saw Bu Yi Killing God's face miserable, and the corners of his mouth were full of
blood. .
He stepped forward and asked, "Who did it?"
"I… it's okay… I accidentally injured my practice…"
Bu Yi Sha was panicked and naturally didn't dare to tell the truth.
But Levi Garrison's gaze fell on the young marshal Tiance: "He did it?"
"I did it! He put you in and broke the rules, so I did it. What's the matter?" The
young marshal Tiance confessed directly. .
"Boom!!!" The

two looked at each other, and the atmosphere of tension was on the verge of breaking out.
The Return of the God of War [The Protector] Chapter 2312
Levi Garrison stared at the young marshal Tiance hard, and said coldly, "What's the matter? Of course it
is to fight back!"
He said this.
The atmosphere in the field became more and more tense.
The people here laughed.
Levi Garrison is clearly looking for death!
Dare to call back?
...
"Come on! I want to see how you can fight back?"
Tiance Marshal didn't believe in this evil himself.
Just as Levi Garrison was about to do it, Common Killer stepped forward to hug him, and Mia also
grabbed him.
...
"Don't sir!!!"
They stopped Levi Garrison firmly.
Because they understood that once Levi Garrison started with the marshal of Tiance, he would definitely
die.
There is no way to survive!
"Marshal, today's affairs count as my responsibility alone, you can punish me whatever you want!" As
he
said, the commoner killer general Levi Garrison abruptly pulled away.
"Marshal, don't be angry! Levi Garrison is just stubborn now!" the others persuaded.
The young marshal Tiance sneered, "Oh, Levi Garrison has no right to make me angry now!"
" Yes , it's ants! How could I make you angry!"
...
coming outside, Commoner Killing God persuaded me, "Sir. I know they misunderstood you, but this is
not the time to compete against time! will not be necessary! " "
Besides, I really take a beating all right after all …… violated the provisions of the Kunlun industry! " "
Okay! "
commoner kill God are After saying this, Levi Garrison was no longer able to say anything.

“Brother! These medicines to delay your physical condition were originally going to be delivered to you
personally! Take them! Sister Suzaku and they are developing more powerful medicines! I will deliver
them to you in a few days!”
Mia handed the medicines to you. Levi Garrison.
He also explained why Azure Dragon (Qinglong) and Kirin (Qilin) were not there because they were
running around for him, looking for a solution.
“Actually, you don’t need to work, I’m really fine…”
Levi Garrison said helplessly.
“Brother, don’t be stunned! It’s about this time, let’s work hard together! Don’t worry, we will definitely
be able to save you!”
Levi Garrison laughed bitterly.
He knew it would be useless to say anything else.
“That’s right! I found that Kunlun Industry has a base in the northern border! The code name is Xuelong!
Immediately stop all the actions of the base! And where is listed as a forbidden place, it is best to be
imprisoned! Otherwise, something will happen!”
Levi Garrison said.
Commoner Killing God and Mia looked at each other and nodded.
When the two went back, they told the marshal of Tiance about all this.
Tiance Marshal sneered, “You believe what Levi Garrison said? It’s just nonsense! Don’t pay attention!
Let me see what can happen?”
Kunlun Industry didn’t care about it.
Xuelong base Levi Garrison thought it was okay, but what he didn’t expect was that this base was
actually one of the bases where the Gods Laboratory excavated solar stone energy in Daxia.
It was also the only base that was not discovered at the time, and it remains today.
After leaving Kunlun Industry, Levi Garrison did gain a lot.
But it is still a bit regrettable.
Although the Bible organization secretly controls one-third of the power!
But super powers, such as Kunlun Industry, are not in control.
Otherwise he can get more…
After returning to Jiangbei.
Zoey looked calm.
Levi Garrison asked curiously, “Aren’t you worried about me?”

“Master has been here and said that you are fine and will be back soon.” Zoey explained.
Levi Garrison was surprised, “Do you believe in your master like that?”
“Of course! Apart from my family, the one I trust most is the master!” Zoey said.
“I still said that, she is lying to you! She is using you!”
“Impossible! Master won’t lie to me!!!”
Zoey immediately shook his head.
Levi Garrison no longer struggled with this issue.
Because he sensed that someone was coming and was approaching here.
Trouble coming…
The Return of the God of War [The Protector] Chapter 2313
Levi Garrison didn’t say anything.
But Zoey continued to argue with Levi Garrison.
“Trust me! Master is absolutely fine!”
“Why don’t you believe me? If it weren’t for Master, I might have died early!”
Levi Garrison looked helpless.
He had no choice but to say, “Dark God, is she a woman?” The
...
words are not surprising and endless.
When Levi Garrison said this, she was dumbfounded.
“How do you know?”
...
Zoey looked astonished, astonished.
Looking at Levi Garrison incredulously.
Before Levi Garrison said all kinds of things, she wouldn’t believe it.
But now that Levi Garrison said this, she was shocked.
Because Levi Garrison’s really got the point.
The dark god is female!
She has seen her looks!
This is something that no one else in the Bible organization knows about.
It’s a secret among secrets.
How did Levi Garrison know?
“Trust me now?”
Levi Garrison smiled.
“No…no, how did you know that she was a woman? This is confidential, logically, no one knows!”
“Quickly tell me how did you know?”
...
Zoey was still urging.
At this time a group of people appeared in the yard.

These people have different skin colors, but Levi Garrison has seen some faces.
Previous opponents.
There are those from the War Eagle Nation, and there are those from the East Island Nation…
I used to be suppressed by Levi Garrison until he didn't dare to go out at all.
But in three years, they have received various opportunities and their strength has been greatly
improved.
I wanted to find Levi Garrison early and tortured and humiliated him.
Today, they came quietly.
"Da da da…"
Another sound of footsteps sounded, and another group of people came.
There are hundreds of masters.
"Zoey, you will definitely die today!" A
rebuke sounded like a thunder.
Come to take revenge! ! !
The two waves of people, as one, have laughed, "even a small gathering place for almost six God
standings strong and twenty-three quasi-strong standings God!"
"Ye monarchs to you, and plums post transfection Give it to us! Hahaha…"
In the eyes of the two groups, Levi Garrison and Zoey were already prey.
"I have a news, don't you know! This time the new god list is released! Accompanied by the quasi god
list, a total of 10,000 people are on the list! Levi Garrison is also there, and he is ranked 8765! "
Ah? I really don't know! But this ranking is okay! Levi Garrison is also ranked in the middle! At least he is
the top eleven strong!"
"But I heard that this ranking is based on Levi Garrison's three years. He is ranked in this position by
strengthening a lot on the basis of his! So the various structures actually overestimate Levi Garrison's
strength!"
"I don't know if my quasi-god of more than 3,000 can beat him? Hahaha ……"
"Can I try the more than 900 people on the list of gods?"
Zoey panicked when he saw two waves of masters attacking.
She subconsciously moved, but she had just been scrapped, and she had used many extreme methods,

but she hadn't recovered yet.
This action actually hurt himself.
"Hahaha…"
Everyone smiled upon seeing this.
"Only you are left, Levi Garrison! Let us know what kind of strength the king was three years ago?"
Everyone is eager to try, wanting to use Levi Garrison as the cornerstone.
Want to use him to become famous.
For a time, everyone couldn't pick out who to fight with Levi Garrison.
Because I want to go!
"Come on!
Let's go together!" Levi Garrison hooked his finger.
He also turned to look at Zoey and said, "Don't you ask me how do you know that your master is a
woman? Because I saw her true face, I killed her!"
Levi Garrison was about to show his true power.
"Go! Destroy him first!"
All the strong were irritated. Determined to let Levi Garrison know how terrifying the powerhouse of the
gods is now.
The Return of the God of War [The Protector] Chapter 2314
A person ranked more than 8,000 on the quasi god list dare to be so arrogant?
The ranking is still overestimated!
Basically, he is floating on the quasi-god list of ten thousand…
how to fight them?
It's ridiculous!
"Boom!"
…
"Boom!"
…… When the
six powerhouses of the gods list and the more than 20 quasi-shenzhen powerhouses took action, it was
earth-shattering.
…
"Has Levi Garrison seen it? This is the strong man on the list!"
…
Everyone sneered.
Levi Garrison stood still, as if he was frightened and dumbfounded.
In everyone's eyes, Levi Garrison saw the power of the modern gods, realized his gap, and shut himself
down.

Cool! ! !
Levi Garrison's former enemies were really laughing.
Finally let Levi Garrison know his gap, and finally saw his dumbfounded look…
He is no longer arrogant!
He is autistic!
But how did they know that in Levi Garrison's eyes, they couldn't even compare to an ant.
Even the first in the gods list!
He can easily kill it!
What's more, there are more than nine hundred on the God List! ! !
Just as Levi Garrison was about to make a move, a scolding sound came out, "Dare to move my master!
Kill without mercy!!!"
Xiao Feng appeared!
A punch!
A shock wave was overwhelming.
Directly knock out all the 30 or so people who did it! ! !
"Puff!"
"Puff!"
…
even the more than nine hundred strong men on the god list couldn't bear it, all vomiting blood.
The face is incredible!
"It's Xiao Feng!!!"
"The forty-fifth strong man in the god list! One of the top existences in this world!"
…
These people recognized Xiao Feng at a glance.
Every face comes with fear.
That is deep fear and fear from the depths of the soul!
Who is the scariest in this era?
The strong on the god list!
The higher the ranking, the more terrifying!
Xiao Feng is one of them!
"Master Xiao Feng, we were wrong…we have eyes but no beads…"
Everyone knelt on the ground begging for mercy.
Don't dare to speak more.
Xiao Feng looked smug, enjoying the pleasure brought by this kind of strength and status.
In fact, it is not his turn to take action now, as long as this face is shown, the opponent will be frightened

and all knelt on the ground begging for mercy.
Where is it necessary for him to act in person?
After possessing such a position, Xiao Feng looked at Levi Garrison for the first time.
Some juniors show off their achievements to their elders, wanting to be complimented…
"Master, am I good now?"
Xiao Feng asked with a smile.
Levi Garrison nodded, "Well, yes!"
"Master is different from before! The current god list and quasi god list are too authoritative! At
present, there has been no mistake in the power of the list!"
"Basically, the rankings are true! No fake! And it's for the whole world!"
"Now I don't need to do things! Just show my status as a god! Everyone immediately surrendered to
me!"
Xiao Feng explained .
The meaning is very simple.
As long as he brushes this face, the whole world has to make way for him.
"Right, right, right… Master Xiao Feng is right! It is true! We are scared when we see Master Xiao Feng!
Where can we still dare to do it?"
"Today this matter is ours! Master Xiao Feng, we must take it. Treasures will pay for compensation! I just
ask you to bypass our lives!"
…
Xiao Feng enjoyed the flattery brought by this status.
It is simply not too cool to have this effect in front of the master!
After the advent of the new era, he wanted to tell Levi Garrison all the time-Master, I am better than
blue because of blue.
Now finally has a chance.
How can he not get excited?
"Who is bullying my master? Looking for death!!!"
Another strong man came.
"This is Yuan Hanwen of the one hundred and twenty-seven of the gods !" "Zhai Xiaokong of the one hundred and eighty-eight of the gods !" "This is the 287 of the gods…"
"This is the six hundred and five of the gods. The fourteenth…"
… Levi Garrison's apprentices came one by one.
The Return of the God of War [The Protector] Chapter 2315

The people who came to humiliate Levi Garrison and kill Zoey were frightened.
It turns out that Levi Garrison's apprentices were so terrible back then?
The per capita ranking is strong! ! !
Almost all apprentices are in the forefront of the god list or quasi god list!
To be honest, according to the current results, Levi Garrison has been upbeat.
But Levi Garrison is not happy!
...
what's the function?
It's a quick fix!
The most important thing is that the brothers and apprentices of Levi Garrison work hard and earnestly.
...
Cultivation is never ambiguous, and I do it desperately.
But this will be deceived instead.
Obviously it was the quick success of exercise potions that allowed them to improve in a short period of
time, and it was easy for them to mistake them for their hard work.
So they will not have any doubts about it.
Just treat it as hard work by yourself!
"There are still us!!!"
...
voices came.
Kirin (Qilin) and Azure Dragon (Qinglong) appeared one by one.
There are sword evil gods and them!
Today is their agreed day!
Let's check Levi Garrison's current physical condition together, and then summarize the methods and so
on.
"The thirty-nine unicorn of the
gods list !" "The white tiger of the forty-three gods list!"
...
the appearance of these people scared everyone even more.
This time, all those who appeared on the god list were strong, and they were all ranked high.
At least ranked in the top five hundred! ! !
fear!
so horrible!
Originally thought that Levi Garrison had been abandoned in this era.
But where I can think of it, this group of people maintained Levi Garrison in such a way.

With them, who would dare to move Levi Garrison a finger again. horrible!
too terrifying!
These people all knelt on the ground, shivering and urinating in terror.
Xiao Feng was scared and urinated.
This time, so many strong people on the list of gods, their souls are all scared.
"Get out!!!"
"Who dare to run to move my master and kill Wu Sha! When chasing to the end of the world, I Xiao
Feng will definitely kill him!"
"There are still us!!!" The
major gods said that this is the case. People are terrified.
One by one was so scared that he didn't dare to come again.
Zoey said with lingering fear, "Fortunately you are here, otherwise we are really in danger."
"With me, what can be dangerous?"
Levi Garrison said with disdain.
He is ready to shoot.
As a result, the apprentice brothers all came.
Disrupt again.
"You…don't you know that there were just six strong people on the god list? Can you handle it?"
Zoey glared at Levi Garrison.
"Master can't say that! Master is still very strong!"
Xiao Feng turned to look at Levi Garrison and said, "After the release of the new god list, I see you are on
the list too! Master! More than 8,000 on the quasi god list!"
Others said, "Yes! This is already a good ranking! It is already above the middle level!"
Kirin (Qilin) several people immediately interrupted, "What are you talking about? For the boss, more
than 8,000 on the quasi god list is not bad?"
"You are too small boss! Even if the boss is now in this ranking! But soon he will take a step. Step
forward!"
…
Xiao Feng looked at Levi Garrison and said, "Master, I believe you will adapt to this era soon! Your
strength will gradually improve! I hope you will cross the hurdle of the quasi god list as soon as possible
and enter "God list!"

Kirin (Qilin) said, "Yes, yes! With the boss's qualifications, if you get good resources, your strength will
be improved quickly! It's not impossible to surpass us!"
Levi Garrison shook his head, "No need! What kind of shit god list. I don't need to go! It's useless if you
go!"
The dark god who was the number one in the god list was easily killed by him.
This kind of weak chicken list also matches?
"Don't tell me, let's check the physical condition of the boss?"
Suzaku suggested.
Soon everyone began to check Levi Garrison's physical condition to see if Maya Industry's weapons had
attacked. "Huh? Something is wrong!"
The Return of the God of War [The Protector] Chapter 2316
"How do you say?" As
soon as Suzaku said this, everyone surrounded him.
I'm nervous.
Thought something happened.
Suzaku frowned, and said in amazement, "Impossible! How could this be?"
"What's the matter ?? "
...
Everyone became more and more nervous.
"The boss's body isn't in any condition at all, okay! It's okay! It's like Maya Industry's weapon has
failed!"
Suzaku said in surprise.
...
She scanned Levi Garrison's body with an instrument and found that any place was good.
No special elements were found.
This is against common sense.
"Ah? What's going on? Impossible!"
"Once you are injured by a weapon of Maya Industry, special elements will inevitably occur in your body
and corrode a little bit. No one can hide it! Even if it is the number one in the gods list. Dark God is no
exception!"
"No matter how powerful the boss is, it is impossible to hide from it!"
...
This made everyone embarrassed.

They are all analyzing what is going on.
"Now I think it should be Kunlun Industry's inhibitory agents
that have worked ! For the time being, it suppresses the reaction of special elements!" "For Kunlun
Industry's inhibitory agents, we have been working on it for a long time! There is still a certain guarantee
in terms of effect. ! I am sure of this!"
Suzaku said.
At this point in the analysis, everyone showed joyful expressions.
"It's great!"
"If the drug has an inhibitory effect, it can give us enough time to solve the problem from the root
cause!"
"Yes, this is great! We can have plenty of time to find the ultimate solution!"
"If you don't look for it, I don't know. There are many forces that are studying the eradication method!
Many have achieved good results. I believe that if there is enough time, a solution will be found!"
"So boss, you don't have to worry, we will definitely let you live!"
...
Levi Garrison smiled helplessly, "In fact, you don't have to worry about me, you waste it for me. Time is
up. I don't have anything! Isn't that special element just poison? This kind of poison can't
hurt me!" Xiao Feng said immediately, "Master, you're all right now! It's because the inhibitory medicine
of Kunlun Industry is working! Sooner or later, this element will be immune to the potion, and the
potion will not be able to stop it!"
"Yes, it's because of taking the potion now! So it's okay! You just listen to us!"
...
Levi Garrison was helpless.
How to explain, they won't listen.
And he didn't take any medicine at all.
"Boss, I think taking advantage of this time! You can improve your own strength to see, I think the
suppression of special elements is also useful!"
Azure Dragon (Qinglong) said.
As soon as the words came out, they immediately got the support of others.

“This is a good method! Two birds with one stone! Not only will the boss’ strength be improved, but also
the boss will restrain the special elements by himself!”
…
Azure Dragon (Qinglong) glanced at everyone and said, “So, now is the time for everyone to play
together…”
“Huh?”
Everyone was taken aback.
I don’t know what Azure Dragon (Qinglong) means.
I saw Azure Dragon (Qinglong) took out a few books and handed them to Levi Garrison, “Boss, this is the
exercise and auxiliary method that I practiced! I also brought the medicine and so on! You should be
quick to practice! You don’t understand. You can ask me!”
Everyone understands.
It turned out that Azure Dragon (Qinglong) took out his own stunts and handed them to Levi Garrison to
improve his strength.
Seeing all this, everyone was stunned.
Azure Dragon (Qinglong) did not reserve anything, and took everything out.
“Me too!”
Kirin (Qilin) said, taking out his stunt.
“And me…”
Xiao Feng also took out everything.
…
Everyone took them out one by one, without reservation.
If this is let outsiders know, it is estimated that they will be shocked to explode.
This is the unspoken secret of a group of strong people in the gods, it is their stunt. In the end, it was all
for Levi Garrison.
The Return of the God of War [The Protector] Chapter 2317
These are the secrets of the stunts of the strongest players!
Priceless!
It can even be said to be priceless!
I don’t know how many people want it!
It is estimated that if one of these books is spread, it will attract tens of thousands of people to fight for
it!

Now Levi has the stunts of dozens of powerhouses in the gods list before he arrives!
...
The exercises, auxiliary methods, some modern techniques, medicines, and artifacts add up to a
thousand pieces.
This group of brothers and apprentices really had no reservations about Levi Garrison.
Everything is taken out.
...
"Boss, you can hold these things too! You can save your life at critical moments! Or increase your
combat effectiveness!"
"Yes, sometimes we can't be by your side in time! We have to rely on these to save our lives! Otherwise
it will be dangerous!"
They again Bring out some life-saving things.
Now they are really worried about Levi Garrison.
I was willing to take out everything.
Try every means to ensure the safety of Levi Garrison and make him stronger.
"The boss has so many skills and skills, there is always something suitable for you! We believe that with
your qualifications and hard work. You will soon be on the list of gods! We are waiting for you to surpass
us!"
Everyone looked expectantly. Levi Garrison.
Although the god list is what a weak list!
Levi Garrison is already strong enough to override everything.
But he really felt the hearts of his brothers and apprentices…
In any case, they were all on his side.
It's great to have them! ! !
"But I really can't use it!"
Levi Garrison said helplessly.
He didn't want to hurt the hearts of these brothers.
But he really doesn't need it.
Don't watch these things spread out casually, it will cause a sensation in the world.
But here in Levi Garrison, it's really no different from garbage.
At this time, Zoey's voice sounded, "Don't give it away! He doesn't like it! He won't practice these! What

he practiced is what he did three years ago! He also asked me to practice! Said this is what The best
method! There is no one!"
Hearing this, everyone was taken aback.
Everyone knew what Zoey said.
After all, three years ago, everyone was the beneficiary of this exercise.
At the beginning, Levi Garrison gave everything to them and taught them everything without
reservation.
They all got a lot of benefits.
Especially Azure Dragon (Qinglong) Kirin (Qilin) and the others jumped into powerhouses, keeping up
with Levi Garrison's footsteps.
But in this era, it is really unnecessary to mention that exercise.
That's obviously for laying the foundation!
Especially after each of them has laid the foundation, then practice this basic exercise, which is of no use
at all.
The effect is very slow!
Not even effective!
In this era where everyone has the opportunity to become a peerless master, practicing this kind of
exercise again is simply waiting to be eliminated.
That classic sentence stagnates is a step backwards!
In this era, progress is a little slower, that is, regress!
"Boss, we have to tell you the fact that that technique is enough to lay the foundation! But it is indeed
eliminated! In this era, it is completely dead!"
"And this method of laying the foundation can now find tens of thousands of methods. Come, and be
more scientific and reasonable!"
……
Kirin (Qilin) is humane. Xiao Feng also stared at Levi Garrison eagerly, "Yes, Master! Things from three
years ago are indeed eliminated! You should look forward! You can no longer guard the things in the
past! One of these exercises is better than anything else. Yours is a thousand times stronger!
You choose one to practice!"
"Yes! You choose one to practice! We guarantee that your strength will improve! Don't play virtual!
Strength can't be improved, you come to us!"

…
Everyone persuaded.
“Forget it, I’ll accept it for him! I will slowly persuade him to practice! It’s impossible to convince him for
a while! He has a stubborn temper and a good face!” Zoey dyed his voice and accepted everything.
The Return of the God of War [The Protector] Chapter 2318
“Well! Sister-in-law, we will also find a way for you to recover! I hope you can recover your strength as
soon as possible! You should also persuade the boss to let him use it quickly!”
Everyone breathed a sigh of relief.
As long as the plum dye accepts it.
In their opinion, Levi Garrison would definitely use it.
He can’t save face in front of their brothers and disciples…
“That’s right! Elder sister-in-law, someone will come to avenge personal revenge in the future. If we are
away, you can directly report our identity!”
…
“We should not keep some tokens to prove our identity. Now I don’t know that there are more people
who have a relationship with the boss! As long as they see the token that proves our identity, they will
probably not move!”
…
Kirin (Qilin) and the others left a bunch of tokens that could prove our identity.
…
Now they are the strongest of the gods!
In this era, the list of gods is above everyone.
As long as the gods are mentioned, who is not afraid?
“Okay,
yes !” Zoey took all the tokens to prove his identity again.
“Well, in this case, we can rest assured! Everyone will continue to find a solution according to the
division of labor!”
Azure Dragon (Qinglong) everyone left again.
Everyone is going to keep busy, looking for a solution for Levi Garrison.
… After
they left, Zoey said to Levi seriously.
“I know you are arrogant, especially now that your apprentices teach you exercises or something, you

definitely can't accept it!"
"But you shouldn't let them down! Let's do this! Don't learn their exercises alone! You You can combine
everything they have! Take the best and get rid of the dross! Come out of your own way!"
"I believe you have this ability! You can definitely do it!"
…
Zoey's suggestion is very sincere.
It not only lived up to Kirin (Qilin)'s good intentions, but also did not embarrass Levi Garrison, but also
improved his strength.
Three birds with one stone! ! !
If it had been in the past, Levi Garrison might actually do this.
Combine various exercises together.
He did this before, evolving many of his own stunts through taboo techniques.
Even in the dark cage, he integrated the taboo technique and other things he had practiced.
But finally found that this road can be super powerful.
Can't become the strongest!
It's the same now.
If Levi Garrison went to combine all these skills and skills, he would create something powerful and his
strength would be raised to a terrifying level.
But it can't be the strongest! ! !
Zoey looked at Levi Garrison and smiled. "Try it, you can accept my method! It's nothing shameful! If
you create it, it will be your own thing!"
"No need!"
"I don't need these!"
Ye King's Landing directly refused.
Zoey asked, "Should you continue to practice what you did three years ago?"
Levi Garrison nodded, "Yes, that's right. Just practice my own way! Practicing miscellaneous things is not
necessarily a good thing!"
Zoey Reluctantly shook his head, "Well, I respect your choice! I hope you can achieve results! Although
the hope is slim…"
"When the master meets, you still want me to practice your exercises… But she also respects my

choice… Let me choose! I still choose my own method! So I also respect your choice!"
Levi Garrison smiled "Yes, okay."
"By the way, did you see the real face of the master? She must be the one who looks at my face! She will
show her true face! It's also because I didn't embarrass you!"
Now think about it, for Ye. King's Landing knew the true face of the Dark God, and she quickly figured it
out.
It's because of her.
After Zoey confessed some things, he ran to recover.
Levi Garrison just wanted to check, but received a message from the Underworld God and the others.
problem occurs……
The Return of the God of War [The Protector] Chapter 2319
Someone challenged the dark god!
After the announcement of the new god list, the Dark God still ranks first!
And because Levi Garrison's punch made a huge movement in the Western Continent, it made the dark
god aloft.
But after all, some people still can't bear it!
Feel the list is unfair!
Challenge the Dark God directly!
...
Come to compete for the first position in the gods list!
There are four people who are going to challenge the Dark God this time!
God's list is ninth, God's list is seventh, God's list is fifth, and God's list is fourth…
...
They find the Bible organization to challenge.
But today's god of darkness is Levi Garrison.
The Underworld Gods were helpless, they could only tell Levi Garrison everything and asked him what
he meant.
"Okay, very good! Promise their engagement! Send out a notice to the whole world again, find me to
challenge together!"
Levi Garrison said.
"Understand!"
Then, the Bible organization issued a message in the name of the Dark God-all those who would
challenge him will come in three days!

At present, there are already four top ten powerhouses who have come to challenge…As
soon as the news came out, the world was a sensation!
It is very likely that a new pattern will appear…
If there is a hidden master who defeats the God of Darkness, it will be a new history…
But in the eyes of 99% of people, the God of Darkness is the role model.
The first is invincible.
After Zoey learned the news, she sneered, "No one knows how terrifying Master is than I do! No one can
beat her! No one! No. 1 in the God List is No. 1 in the God List! The assessments of major institutions will
not make any mistakes. Yes!"
Levi Garrison shook his head helplessly.
unbeatable?
Why was he beaten to death with a punch?
But what she said was true.
Now I am the God of Darkness.
It is indeed invincible.
Levi Garrison didn't take all this seriously, so many people were fine.
Anyway, it was a punch…
"What? You don't believe it?"
Levi Garrison sneered when he heard it.
Zoey couldn't help but stared at him and asked.
"I…I believe…"
Levi Garrison nodded helplessly.
The Dark God is him now, how could he not believe it?
Zoey looked proud, "Master will have no opponents that can't be defeated! You wait to hear the news!"
Levi Garrison "…".
He still spends his thoughts on practicing basic exercises and finding traces of the Gods' Lab… But the
outside world has already fried the pot.
For the dark god, everyone has never seen a shot.
This was the first time…
Levi Garrison
didn't even look at the techniques left by Xiao Feng and the others… But he didn't look at it, it didn't
mean that others didn't.
People from Li and Zhao's family came secretly, and they were already in the room starting to choose
their skills.

This is the strongest of the gods!
It's like a peerless baby…
but you can't ask for it…
Now there are thousands of pieces in front of you, all of this is crazy.
"This is mine! I fancy it first!"
"I want this one, you go and pick others…"
…
Li and Zhao's family are all crazy, robbing magical artifacts and so on frantically.
All of them are exposed…
"Do you think that Levi Garrison is brain-depleted? Do you want to use the top-level exercises? Practice
the broken things three years ago?"
"Absolutely! Just sick! These are the top-notch ones. What is he pretending? I think his own things are
better than these?"
"Hehe, it's ridiculous! Pick one out of it, which is hundreds of times stronger than his technique…"
……At
this moment, Zoey left. Come.
She stared at the crowd angrily, "What are you doing? Quickly put it down! This is what they left for
King's Landing! You can't take it away!"
She stopped the crowd. "Zoey! Levi Garrison is not a fool to practice! Let it go for nothing, isn't it a
waste? It's better to give it to us!"
The Return of the God of War [The Protector] Chapter 2320
Others also echoed "Yes! He doesn't practice! Such good things can't be left in vain!"
These rubbish that Levi Garrison didn't want.
Respected by them as a holy thing!
The top stuff!
After seeing it, all eyes were shining, just like crazy.
This is mainly because these things are considered treasures in this era.
…
Can it be crazy?
"What's more, we are all a family! Who practiced is not the same?"
"It's only Levi Garrison who doesn't know the goods! Don't you want this top-notch thing?"
…
…
Everyone is ridiculing Levi Garrison while dividing up these good things.

“Sub-dye, you do not want to practice it leaves monarchs? As good as this! These things given to us, let’s
go practice! We quickly became strong, posterior lobe monarchs know the effect will practice!”
“Right, right This is the reason! Besides, good things should be shared together!”
“If we are strong, we can also protect you! Otherwise, we are too weak, and it is always cumbersome
and not good!”
……
Everyone said this, Zoey It feels reasonable.
A strong family does have many benefits.
Besides, if she wanted to stop, she couldn’t stop it.
After the group of people was divided up, they ran away.
Zoey can’t go back one by one.
And now Zoey’s strength hasn’t recovered, and he won’t be forced to come.
Can only watch.
Zoey told Levi Garrison about the things being divided up.
“Hey! It doesn’t matter! I don’t practice anyway! But I failed Xiao Feng and the others! I will compensate
them in the future!”
Levi Garrison said.
Levi Garrison’s compensation is absolutely beyond their imagination.
Compared to the things they gave, it was simply the difference between the sky and the underground.
Zoey nodded, “Well, I won’t tell Kirin (Qilin) about this!”
“Yeah! Good!”
…
Soon three days passed.
Levi Garrison left with an excuse.
In fact, he ran to fight as the dark god.
At this time, Xiao Feng and a few people appeared.
On the one hand, they wanted to see Levi Garrison’s situation, but the most important thing was to see
if Levi Garrison was practicing what they left behind.
They secretly searched for a circle, but they didn’t find the techniques and skills they left behind.
In addition to the excuse that Levi Garrison left, everyone thought that Levi Garrison went to retreat to
practice.
“Hahaha, Master chose our practice after all!”

“This is a good thing! Hahaha…”
Xiao Feng and the others laughed loudly.
“Actually, Master has a good grasp of the situation and everything in this era, as well as his own
knowledge! But after all, I still can’t help you!”
“But think about it! Whose master, in turn, wants to follow his disciples to practice, and they have to
give them to his disciples. What do exercises give?”
“Isn’t it! It’s very difficult to pull down the bottom! In fact, you and I may not be able to do it!”
“But we are fortunate that the master is still practicing! I heard from the master that the master is very
likely to leave. One way-fusion of the various exercises to form your own system and things…”
“Well, I am looking forward to it! I am very optimistic about Master! I will try to see him surpass you and
me on the list of gods as soon as possible!”
…
These apprentices are very happy.
Xiao Feng quickly told Kirin (Qilin) Azure Dragon (Qinglong) the news.
Others are also very happy to hear.
After all, they are all for Levi Garrison now.
Levi Garrison is good, everyone is happy.
Everyone began to sigh, “Soon, I am afraid that there will be one more name from the past on the list of
gods!”
…
They look forward to Levi Garrison’s listing.
However, at this moment, Levi Garrison, who is the number one in the gods’ list, came to the Bible
organization and accepted the challenge of many people.
In addition to thirteen strong men on the god list, twenty-eight strong men who were not on the god list
and quasi god list also came to challenge.
They are the ultimate powerhouses who have never appeared in the public eye… A big battle is on the
horizon.
The Return of the God of War [The Protector] Chapter 2321
The world’s most eye-catching battle!
When these twenty-odd strong men who never showed up appeared, the world was shocked.
powerful!

Unprecedentedly powerful!
Not inferior to the strong of the gods!
Excited!
...
No one thought that so many powerful people would suddenly appear to challenge the top of the gods
list!
They estimate that they want to become famous now, and the best way to become famous is to
challenge the most authoritative list of this era.
Directly challenge the first person on the god list!
...
But the real thing is still the top ten three of the gods.
The ninth blood ancestor on the god list!
The seventh East Island Ghost Blade!
The dark overlord Josa, the fifth on the god list!
Mayan industrial barbarian king of the fourth in the gods list!
…
After all, they have been famous for a long time!
And it's at the top of the list!
Other people are strong, but they don't know each other.
So the focus is on them.
The venue for the battle was chosen somewhere in the Western Continent…
Many people watched the battle, and almost all the eyes of the world gathered here.
In the anticipation of all the people, the Dark God appeared.
"Let's go together! I don't have so much patience!"
Levi Garrison said coldly.
A glance at the past, there is no one that can match the dead Dark God.
There is no one who can fight!
Levi lost interest when he came here!
Let's go together, forget it!
"Arrogant! I'll challenge you!"
The blood ancestor, the ninth on the god list, could not bear it, and rushed up immediately.
The terrible breath and power shocked the audience.
"Get out!"
Levi Garrison blasted out with a punch.
"Bang!" The
blood ancestor was blown out in an instant.
His body was torn apart and exploded… and

disappeared before everyone's eyes! ! !
"Hiss!!!" There
was a gasping voice all over the room.
How strong is the blood ancestor?
Everyone has seen it in the past few years.
The fully awakened blood ancestor is simply an unbeatable existence!
In other words, it is unkillable.
The reason why he ranks ninth on the list of gods is because he can't be killed at all, and others can't
help him.
The blood ancestor's body was so hard that the artifact could not penetrate, let alone other things.
But today, he was beaten by Levi Garrison.
The body exploded directly.
Shock!
The world is shocked!
No one thought that this kind of thing would happen… the
dark god is so strong? ? ?
The other three powerhouses of the gods list and the other unknown powerhouses to be challenged all
trembled in their hearts.
"I'm coming!"
Dongdao Ghost Blade, the seventh best player, shot.
He is known for his ghostly skills… But as long as
you have all kinds of strange skills, Levi Garrison is just a punch.
"boom!"
The ghost blade played all kinds of tricks, and was fisted by Levi Garrison.
The dark overlord Josa, the fifth in the god list, also played a long time, and was also punched out by
Levi Garrison.
The Mayan industrial savage king, fourth on the god list, everyone thought that even if he was lost, he
could hold on under Levi Garrison for a while.
But it's still a punch!
It seems that everyone is equal in front of Levi Garrison.
Ordinary people who don't know how to practice exercises are the same as the top powerhouses of the
gods.
Because they were all killed with a punch…
Levi Garrison used the same effort…
"Let's go on together! I'm impatient!"

Levi Garrison hooked his fingers, leaving more than 20 unknown strong men. As well as the nine
strongest gods all rushed up.
“Bang!”
“Bang!”
…
Levi Garrison all punched.
After dozens of seconds, no one was standing.
All were beaten out.
But Levi Garrison also killed the blood ancestor.
There is no reason for him. The blood ancestor escaped from him three years ago.
He is also taking revenge… the
rest will let you be conquered by one punch!
Shocked!
The whole world is shaking!
I thought this battle would be fierce…
Where did you know it would be so short? All thirty or forty strong men fell for more than a minute.
Boring!
dull!
This battle is simply boring!
It doesn’t mean anything… Not even the simplest counterattack!
The Return of the God of War [The Protector] Chapter 2322
In front of the dark god, everyone is equal, after all, no one can get a punch.
No matter if you are fourth or twenty-seventh on the list!
all the same!
“Hey! No one can fight a little bit! Don’t challenge me with this kind of garbage next time!”
Levi Garrison left after leaving a sentence.
It can be seen that he was disappointed…
…
yes.
Levi Garrison was very disappointed.
I thought there was someone who could play a little bit…
…
Isn’t this era boasting so much?
Everyone is going to go to heaven?
Isn’t it the one to kill with a punch?
Now this kind of challenge is really wasting his time.
But the whole world is crazy…the

gap!
For the first time, the world knows that the gap between the first and the first in the gods is so big… It
can even be said that the first in the gods is not in the same world as other people…
Maybe the second and third of the gods are a little closer, but the meaning is not Big.
The first dark god is too strong.
It's totally different from other people!
Feeling high above!
For the first time, let the world, let the strong of the gods, feel insignificant.
It turned out that it was just the reason for the ranking, giving everyone the illusion that they were not
far behind the Dark God.
For example, the fourth and the first in the god list are too close.
But the truth is farewell!
There is no comparability at all!
At no time has everyone been so firm in the accuracy of the gods' list.
It turns out that the dark god can be ranked first, it is true!
There is nothing false!
The list of gods selected by major institutions is the most authoritative!
No flaws!
Since then, everyone's trust in the gods list has become more than before!
There will be no more doubts.
Basically, one's own ranking knows one's exact strength.
I will never go to leapfrog challenges to prove myself!
That's boring and stupid!
God list is authority!
Which is the number one!
No one will have any doubts at all!
"You said…Is the Dark God at the same level as the existence of two fingers knocking off the Heavenly
Sword…"
Someone raised a terrible and bold question.
"That can't! The gap is still there! But it may have the power of a battle! People are a world!"
"Yes! The Dark God is definitely not an opponent! But at least they are at the same level as him!"
…
Darkness God's battle shocked the world.
As a result, the god list has not changed at all.

The dark god still sits firmly on the top!
"No, no, there are people who question the authority of the god list? Did they really go to challenge the
first place in the god list?"
Tiance young commander sneered.
The list of gods is ranked by major institutions, including Tiance Mansion. After all, this kind of organization can collect information from all over the world and can basically cover
every strong person.
The Marshal Tiance naturally believed in the gods' list.
"But the marshal said that the Dark God's combat power is beyond the predictions of our top ten
organizations! And much stronger…" At
this time, the subordinates said something unusual.
Marshal Tiance frowned and nodded, "This is indeed! The previous evaluation of the power of the Dark
God was not so strong! He seems a bit abnormal this time! Too strong!"
"I heard, ex. A few days, there was a big shock in the Western Continent, as if it was the Dark God who
broke through! This time it was a small test for him!"
"Yes, and no one except the Lab of the Gods could let the Dark God use his full strength! We treat him
It's normal for his combat power to be vague at all!"
…
Others all analyzed.
Marshal Tiance nodded, "Well, it is!"
On the other side.
Beijing Garrison Clan.
"Xiaozu is too strong? I don't know how you face the Dark God?"
Tyrone Garrison (Ye Lingtian) wanted to know. Ye Wudao shook his head helplessly, "No! I am definitely
not the opponent of the Dark God!"
The Return of the God of War [The Protector] Chapter 2323
"I thought I could challenge the God of Darkness, but now I think about it, let's forget it! My god list is
eighth! I am not an opponent at all! This list is authoritative!"
"Today I have seen the authority of this list. ! I originally thought that Young Master Tiance was ranked
sixth, and he should be between me! This kid should be stronger than me!"
"But in a word, the Dark God is not in the same world with us at all!"
… …

Hearing Ye Wudao's words, Tyrone Garrison (Ye Lingtian), Ye Kuanglan and others gasped.
"Is the Dark God so terrifying? This is not at the same level as the other powerhouses in the god list…"
…
Tyrone Garrison (Ye Lingtian)'s face was pale.
"What crazy and absurd thing hasn't you seen now? Forgot the existence of the two-finger knocking off
the sky sword?"
"As far as I know, the earth sword, which is as famous as the sky sword, is in the hands of the dark god
and is used as a magic weapon card. Who is strong and who is weak, can you tell at a glance?" After
…
Ye Wudao reminded him, everyone's expressions changed wildly.
really.
Compared to whoever said it, the Dark God is really nothing.
"I have to work harder! Fight for an early battle with the Dark God!"
"But I want to tell you one fact-in fact, among the ancient Garrison Clan, the Dark God is not the top
one. Waiting for the ancient Garrison Clan You knew it when you were really born!"
Ye Wudao said.
"So strong? God bless my Garrison Clan…"
Tyrone Garrison (Ye Lingtian) and the others were full of expectations.
"Yeah! Of course!"
Ye Wudao smiled.
"By the way, when will Xiaozu go find Levi Garrison?"
"Didn't you let the Garrison Clan issue a killing order? It's time to find him…"
Tyrone Garrison (Ye Lingtian) said.
Now he is eager to show Levi Garrison a wave of force.
After the new god list is updated, he is ranked 78th!
Thousands of gods, this ranking is super powerful.
"That's right! It's not good for Levi Garrison to live too freely!"
"But he got a weapon of Maya Industry, and the next thing is torture! We don't need to do it anymore!"
Ye Wudao sneered.
"That
's true ! Kill him directly, but it will make him cheaper!" "But his children can be brought back to the

Garrison Clan for training! Just follow the name of the ancient Garrison Clan, Tiance Mansion and
Baolong, as you said. The whole family can't stop…"
Tyrone Garrison (Ye Lingtian) suggested.
"Well, this is true! Immediately send the Garrison Clan's power to find where this child is. My Garrison
Clan's blood will definitely be recovered!"
… The
Dark God's shocking battle caused a super sensation all over the world.
After Levi Garrison finished all this, he returned to Daxia.
Zoey greeted him immediately.
"Have you seen the news? Master has swept everything with top combat power! The fourth and fifth of
the gods list can't
beat the master's punch…" Zoey excitedly showed off the master's achievements to Levi Garrison.
Levi Garrison nodded with little interest, "Well, I know."
He did everything.
Don't you know?
"I will recover as soon as possible, strive to enter the gods' list, and chase in the footsteps of the master!
You have to be together…"
Zoey is now much more normal than at the beginning.
But the obsession with the Dark God is still deep…
Levi Garrison had to take his time.
Now, confessing everything, she wouldn't believe it at all.
"Look at my recovery almost halfway now…It won't be long before I can fully recover…"
Zoey is also an extremely independent person.
She was looking for various ways to recover herself… and
now she has begun to see results…
"Hey! What should you do? Have been guarding things from three years ago? But Xiao Feng and their
stunts have been divided up. It is estimated that it will be difficult to come back now!" "Why not? Let's
compete! Three months later, I will surpass you on the quasi god or god list…"
The Return of the God of War [The Protector] Chapter 2324
Zoey looks forward to looking at Levi Garrison with excitement!
Levi Garrison doesn't take it seriously at all. "
Okay ! Okay !" "Well, let's start now! Let's see who will be higher in three months? I haven't recovered

yet! You are on the quasi god list eight thousand six hundred and seven. Fifteen! See who has made the
most progress by then, and who has made the highest progress!"
Hearing Levi Garrison's promise.
Zoey was full of power in an instant.
She mainly wanted to use three months to give Levi Garrison a head!
...
Let him understand the cruel reality! ! !
Let him know that it is impossible to progress by relying on that basic exercise method, and it is
impossible to adapt to this era.
In three months, she will not be able to fully recover, but she will be stronger than before!
...
She conservatively estimated that in three months, at least rushed into the top 30 of the gods list!
By the time she leaves estimated at more than 8,000 monarchs or quasi-God hovered standings, and
even can be said that Ye monarchs have retreated more than nine thousand ……
After all, everyone in this crazy era of progress, progress is slow, then it Will be eliminated.
If Levi Garrison continued to practice that basic exercise, three months would basically have stagnated.
This is a great step backward!
It is impossible for him to continue to rank in more than eight thousand.
Three months later, he is most likely to fall out of the quasi god list…
But Zoey wants to use this cruel fact to make Levi Garrison sober…
Let him put down and put down his self-esteem!
Come slowly accept this era, adapt to everything, and then seek powerful methods.
Zoey was forced to use this method.
Relatively speaking, she knew Levi Garrison and knew that his temper was very tough.
This method is necessary to make him sober.
When Zoey told Xiao Feng Kirin (Qilin) the news to them.
Everyone also agreed.
And a thumbs up to Zoey.
They all say that this method is good for her!
Use the most practical data to make Levi Garrison sober…
Levi Garrison didn't take this as a matter of all…

Not to mention that he is above the list of gods, it is his vest-the dark god is the number one in the list of
gods .
What's the comparison? ? ?
But Levi Garrison didn't refuse, as Zoey was happy.
For the next time, he was still using all his power to find the whereabouts of the Gods Laboratory.
On the other hand, he is also practicing the most basic exercises.
study without limit!
The secret of this technique is that it can be stronger…
Levi Garrison didn't know where the end point was.
Originally, he thought it was used to lay the foundation.
But now it can continue…In
this period of time, there are very few people who avenge personal revenge, or not.
After all, there are so many powerhouses guarding the gods.
If there is no absolute strength to crush Xiao Feng, this group of strong gods, you can't dare to touch
Levi Garrison.
On the other hand, many people are waiting for the special elements of Mayan industrial weapons on
Levi Garrison to take place.
But it has never been, Levi Garrison has been doing well.
This makes everyone very confused.
No one can be safe after being hit by a Maya Industrial weapon.
Not to mention a month has passed.
Levi Garrison is still fine…
Not only is the outside world curious, but Suzaku is also curious.
Is it all right?
How can this be?
Isn't it terrible?
But they figured it out themselves.
That is the progress of Kunlun Industrial Pharmacy, which can completely suppress the onset of
elements for the time being.
From the past few days, it has been raised to one month or even longer.
…
Everyone knows that it is the dominance of Kunlun Industrial Pharmacy.
Has been helping Levi Garrison to renew his life and prevent him from getting sick.
Garrison family and Levi Garrison's enemies were very upset when they heard this.

They were still waiting to see Levi Garrison's miserable appearance… the result was suppressed by the medicine.
"I can't go on like this… I think I will destroy all these medicines, right?" Ye Wudao sneered.
"This method is feasible!" Tyrone Garrison (Ye Lingtian) and the others agreed.
The Return of the God of War [The Protector] Chapter 2325
Kunlun Industrial Headquarters.
Mia and his assistant came out with four password boxes.
This is a batch of medicaments newly developed by the experimental team of Zhuque and Kunlun
Industry for Levi Garrison.
Priceless!
It also costs a lot!
The most precious medicinal materials are used.
…
Nothing survived.
Only these are currently produced.
In the eyes of Suzaku, these medicines were for Levi Garrison's life.
…
Can't stop for a day!
Because the production cycle is very long, it takes about fifteen days.
Even if the speed is fast now, it will take more than ten days.
Therefore, it must be produced all the time.
They were really desperate to develop and produce medicines at all costs… After
Mia and the others got the new medicines, they immediately went to Levi Garrison.
Just after leaving the Kunlun Industrial Base, a group of people appeared.
Each of this group wore a mask.
A group of people surrounded Mia.
"Give us the boxes in your hands, and you leave!" The
headed masked man said coldly.
"No! This box can't be given to you!"
Mia looked around vigilantly, and at the same time wanted to quietly send a distress signal.
Now they regard these medicines as more important than fate.
"I won't give it to you if I die!"
"You run back with the potion, and I will stop them!"
Mia quietly signaled to the others.
"Do it directly! Don't give them a chance!"
…

This group of masked people did it directly.
It was abrupt to snatch the potion.
Mia resisted strongly.
But the masked people in front of them are too strong, far beyond them.
"Not good! They are all strong in the god list!!!"
Mia reacted, but it was too late at this time.
All the medicine boxes in their hands were snatched away.
After this group of masked people got the potion box, they didn't take it away, and directly shattered on
the spot.
All the potions were destroyed…not
even a small tube of potions was left behind.
All ruined.
This group of people moved quickly. After destroying the potion, they left immediately, disappearing
without a trace.
They really came for the potion!
After destroying the potion, he immediately withdrew.
"Boom!!!"
Mia's face was pale, and his head almost burst.
"Puff!"
She fell to the ground with a butt, and went stupid.
The others are the same, standing still, like walking corpses.
Seeing the broken potion, everyone was stunned.
This broken piece is not a potion!
This is hope!
This is Levi Garrison's fate! ! !
Mia sat slumped on the ground and did not respond for a long time.
Mia was still sitting on the ground until Suzaku and the others came.
"How is it? You are not injured? Are you all right?" The
first time Zhu Que asked about Mia's condition.
"Sister Suzaku…we are fine…just slightly injured…but…but the potions were all destroyed by them!
Nothing left!!!"
Mia cried directly while holding Suzaku.
"All the medicine is gone…"
"Da Da Da…"
Kirin (Qilin), Azure Dragon (Qinglong) and the others staggered and almost fell to the ground.
Tiger (Baihu), Xuanwu and others broke out in a cold sweat.
The medicine is gone.
It means that Levi Garrison's hope is gone!

Without the inhibitory effect of the medicament, Levi Garrison's physical injury would immediately
occur.
So far, the element of Mayan industrial weapons in Levi Garrison's body has never occurred.
No one knows how serious the element will be if it has no inhibitory effect.
Is it a minor attack or is it directly fatal?
No one knows.
And it has never happened. Once it happens, everyone is afraid.
There is no estimate at all.
It is very likely that the long-term suppression has caused the elements to spread all over the body,
making the attack even more terrifying.
"The medicine is gone…no…" "Is the boss in danger?"
The Return of the God of War [The Protector] Chapter 2326
The problem with Tiger (Baihu) came out.
Everyone was dumbfounded.
Don't know how to answer this question.
Suzaku explained professionally, "From the beginning, we used potions to suppress it! It has lasted for
dozens of days! Presumably now special elements have invaded every part of the body! At
this time, once an attack occurs, it will be extremely scary, and it may even be It's fatal! And it's still a
high probability of fatal possibility!" After
Suzaku said this, everyone's expressions grew gloomy.
...
This means that if there is no medicine, Levi Garrison will have a high probability of death.
This is a situation that no one wants to see!
It's true this time!
...
Unlike before, Levi Garrison alone can control the situation and escape from death to death again and
again.
In this era, no one can retreat from the Mayan industry's weapons.
no one!
No one can do it!
"How many potions are there now for the boss?"
Azure Dragon (Qinglong) asked.
"If it's correct, there are none! Today's quantity is over! There is no inventory at all, and every time it is

over, I will immediately make up for it! But this time this problem happened…"
Mia cried into tears people.
"What should I do now?"
Azure Dragon (Qinglong) asked a question that everyone was afraid to face.
Zhuque pursed her lips. "Now I expect the boss's toxins will not occur… Then I will try my best to
produce new potions in the shortest time!"
"How long do you probably need? The fastest! The fastest! How long!"
Azure Dragon (Qinglong) asked anxiously.
"Generally the time is fifteen days later! Fastest ten days or so! If I were doing everything, the fastest
the fastest nine days!"
"I can not go beyond nine days!"
"The main thing is that the boss can not take the drug a few days, the situation No one knows how far it
will deteriorate.
Therefore, the potion I produced this time needs to be stronger and more domineering, at least twice
stronger than the previous potion! It is possible to suppress the situation of the boss!
So it will take longer. ! Otherwise I can finish it in seven days!"
Suzaku said.
"Okay! From now on we will fully cooperate with you! What do you want! We all cooperate!"
Azure Dragon (Qinglong) and the others were anxious.
Suzaku looked serious, "I need the best biomedical laboratory in Kunlun Industry! That is the level 6! I
need permission! Only in this I can complete it in nine days!"
"This…"
Everyone's expression changed.
This laboratory is the highest level of Kunlun Industry.
Even if they have no authority to use this group of senior officials.
You must apply to the marshal of Tiance, and you can use it after all the senior leaders agree.
But at this moment, everyone can't take care of that much.
"Use! Start the laboratory immediately! Let's carry it if there is anything!"
Azure Dragon (Qinglong) said humanely.
After arriving at the Kunlun Industrial Headquarters, the Azure Dragon (Qinglong) people directly used

the laboratory forcibly, and even equipped Suzaku with the best experimental team.
Bring in all the medicine resources you need…
All processes are simplified!
Strive to produce the medicine in the shortest time!
"From now on, Mia Tiger (Baihu) and Xuanwu, you are guarding Suzaku! Follow all her arrangements!
Meet all her requirements! Let's go back and look at the boss! Prevent other situations from appearing!"
After
Azure Dragon (Qinglong) divided his work, everyone began to act. NS.
…
At this moment, the Garrison Clan in Beijing.
"What kind of medicine should I take to suppress Levi Garrison now? Don't you wait for death?"
Tyrone Garrison (Ye Lingtian) sneered.
It turned out that Tyrone Garrison (Ye Lingtian) led someone to destroy the potion.
The masters of the Garrison Clan's god list were all taken by him.
"I just got the news that Zhuque and the others have opened the Kunlun Industry's highest-level
laboratory and are accelerating the production of medicines for Levi Garrison! But the fastest time is
nine days!"
Ye Wudao sneered. "Nine days he will definitely have an attack…"
The Return of the God of War [The Protector] Chapter 2327
Ye Wudao smiled.' "No, no…I won't give him a chance! What if he survives nine days?"
"I want Levi Garrison to have no hope at all! Make him desperate!"
Ye Wudao's face Full of viciousness.
Tyrone Garrison (Ye Lingtian) understood what, and subconsciously asked, "Does Xiaozu say that they
will not let them produce potions? Do not let potions come out from the source?"
"Yeah! That's right!"
Ye Wudao nodded.
…
"But we can't intervene in the Kunlun Industry affairs? Especially Zhuque and the others are very high!
We can't control it anymore…"
Tyrone Garrison (Ye Lingtian) raised a question.

“Are they more capable than Marshal Tiance? And they used the highest-level laboratory privately
without notifying Marshal Tiance!”
...
Ye Wudao sneered.
Tyrone Garrison (Ye Lingtian) became more and more puzzled, “But Young Master Tiance can’t control
us anymore, how can he listen to us?”
“Hahahaha…”
Ye Wudao suddenly laughed.
“Don’t you know? Actually, I have already turned the enemy into a friend with Marshal Tiance. We have
reached a consensus in private and worked together. In this era, win-win cooperation is the best! As
long as I tell him, He will definitely do it!”
“And the Marshal Tiance doesn’t have a cold with Levi Garrison! If you know that Suzaku is using the
highest-level laboratory to develop medicine for Levi Garrison, I’m afraid it will be mad!”
Tyrone Garrison (Ye Lingtian) immediately started to hear it. Laughed.
“I’ll contact Young Master Tiance! I don’t want Levi Garrison at all!”
Ye Wudao sneered.
...
On the way to Jiangbei.
Kirin (Qilin), Azure Dragon (Qinglong) and their faces were gloomy.
Some things are being analyzed.
“Listen to Nan Yan that the ones who destroy the potions are the strongest of the gods! In fact, we can
all come out with the reasoning, but it’s not the time for revenge for the time being, let’s wait until the
boss is better!”
Qi Lin said coldly.
“Yeah. When the boss is better, take revenge again!”
Azure Dragon (Qinglong) nodded.
“Also, I have sent someone to search for other suppressive potions. I hope there will be news!”
Azure Dragon (Qinglong) cannot pin his hopes on Suzaku alone.
They wrote down the hatred.
Levi Garrison was dumbfounded when he saw these people running around.
what’s the situation?
“Boss, are you okay??”

Several people saw Levi Garrison and looked anxiously at Levi Garrison.
“Ah? What’s the matter? I’m fine!”
Levi Garrison was completely confused.
“It is estimated that the effect of the medicine is still there, and it is estimated that there will be a
reaction tomorrow…”
Azure Dragon (Qinglong)’s faces were gloomy.
“Ah? What’s wrong? What happened?”
Levi Garrison was shocked by their expressions.
I thought
someone had something wrong… “The medicine is gone … The medicine just produced for you was
completely destroyed by someone, and there is nothing left…”
“In the next nine days, there will be no medicine to restrain you… …”
“It is very likely that the elements in your body will occur, and no one knows the specific
consequences…”
…The
Azure Dragon (Qinglong) people told the truth, their faces were extremely embarrassed, as if the sky
had fallen.
“Huh!”
“What am I supposed to do? I thought something was wrong and scared me to death!”
Levi Garrison let out a long sigh of relief.
“Isn’t it a big
deal?? ” Azure Dragon (Qinglong) and Kirin (Qilin) were stunned.
Looking at Levi Garrison incredulously.
“Of course, I’m fine again! This is nothing… Don’t worry, I can’t explain it clearly…”
Levi Garrison looked helpless.
“Boss listened to us, you are okay, that’s because Kunlun Industry’s pharmacy has been suppressing the
use of special elements! So you are okay… Now if there is no medicament, it is estimated that it will
happen soon…”
Azure Dragon (Qinglong) was anxious. road.
“I hope you can survive the next nine days, Boss! Suzaku is already desperate…” They only expected Levi
Garrison to be able to hold on and the elements would not occur.
The Return of the God of War [The Protector] Chapter 2328
But just looking forward to it.

The probability of an attack is almost 100%!
The probability of a serious attack is 80%.
The possibility of serious death is 50%…
so it is very difficult for Azure Dragon (Qinglong) and the others.
It can only depend on luck.
…
Hope Levi will be lucky!
Through these nine days!
Wait for Suzaku's potion to complete.
…
Levi Garrison smiled, "Don't worry, I don't have anything! It's a hard Suzaku!"
"If it's okay, I'm going to bed, and you guys leave too!"
Levi Garrison turned and left.
"No…no! Boss, Azure Dragon (Qinglong), I thought of a way to completely prevent him from attacking!"
Kirin (Qilin) suddenly said.
"What?"
Azure Dragon (Qinglong) immediately looked over anxiously. "In these nine days, the boss will be frozen!
We can find a top-notch device and let Levi Garrison freeze in the dormant cabin, so that his body will
stop everything! After nine days, open the dormant cabin and come out. The medicine is
on!"
Kirin (Qilin) said excitedly about the plan.
"This method can be done!!!"
"Immediately do it! I didn't expect it!"
Azure Dragon (Qinglong) was so excited that he was about to cry.
Finally found a way.
"Hey, it's okay! No! I'm okay…"
Levi Garrison said next to him.
But this group of guys didn't ask Levi Garrison's opinion at all, they just made their own opinions.
These devices are not difficult for them.
I got it overnight.
Levi Garrison almost pushed and shoved and installed it into the dormant cabin device.
Soon the program starts, and Levi Garrison will soon be dormant and frozen.
All functions of the body will cease.
In this way, special elements will not occur.

When I saw the program was over, I opened it and breathed a sigh of relief.
In this way, Levi Garrison would be fine.
It should last until nine days later.
In fact, Levi Garrison was not dormant at all, as long as he wanted to, the dormant cabin was useless to him.
But these days he just calmed down to cultivate.
Just retreat…
"Tell Suzaku to them, you can make potions with peace of mind!"
Azure Dragon (Qinglong) and the others smiled.
Kunlun Industrial Headquarters, the highest level of 6 biomedical laboratories.
Suzaku breathed a sigh of relief when he got the news.
…
"Huh? Why did you come, Young Marshal?" The guard at the headquarter gate was shocked when he saw the Young Marshal Tiance arrived.
It's midnight.
The Marshal Tiance never came at this time before.
"I'll come over and take a look!"
Tiance Young Marshal said with a cold face, and led his subordinates all the way to the 6th laboratory.
After coming outside, Xuanwu and Tiger (Baihu) were taken aback.
The two of them turned pale.
They were waiting for Suzaku's dispatch, but they didn't expect to wait for Marshal Tiance.
"Young… young marshal…" the two greeted awkwardly.
Young Master Tiance sneered and asked, "Level 6 laboratory is activated?"
"Well, Young Master, it is activated! Someone is working on it!"
Young Master Tiance's face became extremely gloomy. "I remember to start this. This laboratory needs to notify me, and then call everyone to a meeting to vote, right?"
"Yes! This is the only level 6 laboratory! It must not be used for major events! What this laboratory does is generally at a national level. Experiment!" the subordinate immediately replied.
"Then what are you doing now? Without my authority, no one notified me, no high-level voting, you opened it privately, what are you doing??"

Tiance asked directly.
Tiger (Tiger (Baihu)) and Xuanwu lowered their heads, cold sweat ticking.
“Report young marshal! Suzaku team leader started the laboratory to develop medicine for Levi
Garrison! Because the highest-level laboratory can greatly shorten the time!”
someone reported.
“Asshole!!!” “I opened this laboratory for a Levi Garrison???”
The Return of the God of War [The Protector] Chapter 2329
Marshal Tiance suddenly raised his tone.
Xuanwu and Tiger (Baihu) were taken aback.
The two dared to speak more and more, cold sweat kept dripping…
something went wrong!
This time it was a big deal!
Mainly they opened this laboratory privately.
…
It is indeed a violation of the rules of Kunlun Industry!
“The marshal was not our intention! It was the team leader Suzaku, the team leader Azure Dragon
(Qinglong), they used the laboratory forcibly! They also warned us to keep it secret and can’t tell
anyone!”
“Yes, the marshal, I dare not tell you! I’m really afraid of them!”
…
… the
people in charge of this laboratory immediately filed a complaint.
“Unreasonable!!! Kunlun Industry belongs to Daxia! Kunlun Industry belongs to everyone! It is not your
private industry!”
“Open the door to me!!!”
Tiance Marshal shouted.
“This…”
The people in charge of the laboratory hesitated.
Because Xuanwu and Tiger (Baihu) stopped at the door.
They dare not.
“Get away!!!” The
marshal Tiance pushed the two white tigers away.
“Boom!”
“Bang!”
He stepped forward, straight kick the door flung open.
In an instant, everyone in the laboratory was stunned.
Their experiment was abruptly interrupted.

Suzaku also turned her head blankly and looked at it.
When everyone saw the marshal Tiance, they were all in a cold sweat.
"Who gave Suzaku the courage to use this laboratory? Has my consent been obtained?"
Tiance Marshal looked straight at Suzaku.
"Boom!"
Suzaku was startled at once.
His body was trembling, his face was pale, and his cold sweat broke out.
She almost fell directly to the ground.
"I, I, I..."
She didn't know what to explain.
She was caught by the marshal of Tiance on the spot, and she didn't know what to do.
Don't dare to look up!
"Who asked you to use it??"
Tiance Marshal said furiously.
"Listen to us, young commander! We have no choice but to inform you!"
"The medicine we developed for the boss was destroyed. If there is no medicine to take, the boss will be
in danger!"
"So we must hurry to produce new agents come in the shortest possible time. Therefore, unauthorized
use of a laboratory ..... "
.....
Tiger (Tiger (Baihu))li horse began explained.
"Boss? Who?" The
marshal Tiance frowned.
"It's Levi Garrison!" the
others answered.
"So you used this laboratory for Levi Garrison and for personal matters???" The
young commander Tiance was completely angry.
"Have you forgotten what this laboratory is for?"
"This is the highest-level laboratory. It should be used only when a major crisis or the highest-level
experiment occurs in Daxia!"
"Now you have to activate this laboratory for your own selfish desires? Just for one person, a person
who is of no value to Daxia, to activate this laboratory?"
"You are too selfish too!"
...
Tian Marshal Ce was completely angry and shouted at everyone.

Suzaku lowered their heads and did not dare to speak at all.
They are all wrong…
“Get out! Get out of here! From now on, this laboratory can’t be used! Kunlun Industry and the
laboratories and teams affiliated to the major forces can’t be used by you either! “
You can no longer use any resources to develop medicine for Levi Garrison! His life and death has
nothing to do with us!”
“If anyone violates the rules, I will kill who!!!”
… As
soon as this was said, the Tiance Marshal was equivalent to a sentence. Levi Garrison was sentenced to
death.
No way to survive!
This is a dead end, and Suzaku can’t produce medicine for a while.
To find the right laboratory and team, there are resources and so on.
I’m afraid it won’t last a month.
But at that time, Levi Garrison was afraid that he would have rotted to death long ago…
“Boom!!!” At
this moment, for them, the sky had fallen.
The Return of the God of War [The Protector] Chapter 2330
There is no hope at all!
“Puff!”
Suzaku collapsed directly to the ground.
His eyes were hollow, like walking dead.
Tiger (Baihu) and Xuanwu still wanted to intercede, but Tiance Marshal directly refused: “This matter is
not discussed! I won’t save Levi Garrison! Let’s not let you use Kunlun Industry a little bit of resources!”
“Come on, you guys. Stare at them all the time for me! Any whereabouts should be reported to me from
time to time!” The
…
young commander Tiance left angrily.
In fact, Levi Garrison is optional for him.
It doesn’t matter if Suzaku uses the resources of Kunlun Industry to rescue them.
…
But they were so courageous to use this laboratory to save Levi Garrison at all costs.

Come to rescue a dead person!
Moreover, in their minds, Levi Garrison was always the boss, even if his strength was destroyed.
They have never admitted their status as the head of Kunlun Industry…
This is the reason why the Tiance Marshal is angry.
Following the flow of the boat, he agreed to Ye Wudao's request.
Things that kill two birds with one stone!
The Commander Tiance gave the order, which basically blocked the possibility of the medicine being
produced in a short time.
For at least one month, or even three months, the potion could not be available…
Azure Dragon (Qinglong), they just sent Levi Garrison into the dormant cabin, and they were happy.
Suddenly received this bad news!
They were all dumbfounded.
The medicine is gone?
Doesn't this mean that Levi's hopes of life are gone?
They were shocked.
Is this someone specifically targeted?
They all locked the news, how did the Marshal Tiance know?
But now is not the time to think about it.
How to remedy the problem next!
Azure Dragon (Qinglong) deserves to be the backbone of the group.
For the first time, he didn't collapse like the others, but he was extremely calm.
"Now the resources of Kunlun Industry are not available, even domestic ones. We have to find a way to
go abroad! Use all the connections to let Suzaku start to develop medicine as quickly as possible!"
"And we didn't hear that there are many Are the forces developing a solution to the Mayan industrial
weapons? I think they may have inhibitors, we can ask them to buy…"
"Next I will arrange tasks…"
Azure Dragon (Qinglong) immediately arranged everyone's tasks to try to remedy them.
Kylin is arranged in a protective dormant cabin.
Kirin (Qilin) felt very aggrieved and thought it was the most useless.
Now Levi Garrison's dormant cabin is freezing, it's okay at all.
He temporarily brought in his men to watch.
He ran abroad to find a potion for suppression…
They immediately got busy again.

The other side.
Ye Wudao laughed loudly after knowing the command of the young marshal Tiance.
"But Azure Dragon (Qinglong) and the others have begun to remedy it… have already sought medicine
abroad…"
Tyrone Garrison (Ye Lingtian) said.
He stared at Azure Dragon (Qinglong) and their movements all the time.
Ye Wudao sneered: "Daxia is no longer possible. I used means to lock up all of Daxia's resources! They
don't want to produce a shred of potion in Daxia! If you are abroad, just keep an eye on it and destroy it
more! "
Understood! They can't get or produce potions anyway!"
Tyrone Garrison (Ye Lingtian) and others nodded.
"Yes, that's right."
" Yes , we just got news that Levi Garrison has been frozen by Azure Dragon (Qinglong) and the others in
the dormant cabin! This is to ensure that the situation does not occur…" someone said.
Ye Wudao and Tyrone Garrison (Ye Lingtian) were both taken aback.
"This is indeed a good way! Azure Dragon (Qinglong) has a set! They actually used this technique…"
Ye Wudao sighed.
"By the way, where's the address? Did you find it?"
Ye Wudao asked.
"I've found… the address is…" The
subordinates said everything.
Ye Wudao smiled: "Levi Garrison, I won't give you any way out! This time I personally go to close his
dormant cabin! Let him completely perish!"
The Return of the God of War [The Protector] Chapter 2331
"So, that's great! They find the dormant cabin, and we destroy it! This thing is scarce everywhere, how
long do I think they can last?"
Ye Lingtian also smiled.
Ye Wudao also smiled: "Do you know why I reuse you so much? Because you look like me!"
Ye Lingtian also smiled.
"In fact, Levi Garrison can easily kill us! But we just don't! Because of this, the feeling of hope but instant

despair is the most tormented! With physical torture, Levi Garrison will die in fear, this That's what I
want!!!"
Ye Wudao looked grim.
...
Ye Lingtian was also full of excitement.
The two sides are indeed the same.
Late at night.
...
Ye Wudao appeared where there was a dormant device.
Kirin arranged for dozens of quasi gods to guard.
But these people are like ants to Ye Wudao.
He easily passed everyone and directly entered the base of the dormant cabin device.
This place was explored in advance, and there have been undercover agents among these guards.
So Ye Wudao entered the dormant cabin unobstructed all the way.
After opening, Ye Wudao entered.
Looking at Levi Garrison lying inside, he smiled.
"Levi Garrison violated the Garrison family's house rules! I will torture you slowly! And your daughter, I
will capture the Garrison family! With my Garrison family's blood on his body, I deserve to win the
Garrison family honor!"
Ye Wu Road coldly said.
He slowly closed the dormancy chamber device.
All effects are lifted.
He also quietly messed up and damaged the dormant cabin.
It's not obvious on the outside.
In fact, Levi Garrison in the dormant cabin knew everything.
But he ignored it.
Ye Wudaozhiliu was in the eye, no different from the ants.
He didn't even bother to punch someone who was killed by a punch.
Therefore.
Levi Garrison ignored Ye Wudao the whole time.
Feeling the temperature rise in the dormant cabin, Levi Garrison smiled:
"It's not that cold anymore!"
After
Ye Wudao finished all this, he quietly left.
No one noticed during the whole process
...

Because of the dormant cabin, Kirin (Qilin) and Azure Dragon (Qinglong) ordered no one to approach.
So no one went to watch it.
Therefore, I don't know the situation inside.
Time passed day by day.
Azure Dragon (Qinglong), Kirin (Qilin), they were frantically trying to remedy it.
The medicine they found was more or less close to what was produced by Kunlun's industry.
Phoenix (Suzaku) and the team finally found a suitable laboratory, but the resources have not yet been found.
And in the process, they were hindered by numerous obstacles, doing anything unsuccessfully, there were external factors interfering.
Phoenix (Suzaku) probably calculated it. In this case, it would be at least fifty days after the next batch of medicines were produced… which meant that Levi had to stay for fifty days.
But at this stage, there is no other way.
Can only wait for the miracle to appear…
"What if there is a potion for direct treatment?" everyone sighed.
"The once-and-for-all method is definitely good, but no one has said that a real solution has been developed yet…"
Azure Dragon (Qinglong) looked helpless.
Nine days passed in the blink of an eye.
All return.
After all, the dormant cabin was set up for nine days.
It started today, and everyone is eager to know how Levi Garrison is now.
What's more, everyone has found some methods and medicines more or less.
Come and try to see if it works.
"Huh? Where's the unicorn?" When everyone arrived, they found that it was someone else guarding the dormant cabin.
It's not a unicorn.
At this time, Kylin returned from another direction.
He also went to find a way.

“Kirin, do you know that your task is the most important thing! It’s okay, if there is something, you only
ask!” The
Azure Dragon (Qinglong) people realized something was wrong.
“It’s okay recently?”
Kirin (Qilin) asked the others.
“It’s okay…”
Everyone shook their heads.
The Return of the God of War [The Protector] Chapter 2332
Kirin (Qilin) breathed a sigh of relief, “Look, you are worrying too much! It’s okay at all!”
“Let’s go check it out!”
Azure Dragon (Qinglong) entered the dormant cabin anxiously.
“Boom!!!”
Everyone was dumbfounded when they came inside.
The dormant cabin device simply stopped operating.
...
“Someone would have closed the hibernation pods !!!”
“Eight days !!! sleep pods have a full stop eight days!”
……
...
Dragon voice hoarse screaming.
The unicorn is like thunder.
I thought it would be okay to call his subordinates to look at it, but no one knew that the device was
shut down just as he left.
“No, the interior of the dormant cabin device has been destroyed!” someone exclaimed.
“Why Boss little reaction at all? Should sleep pod for a close, he could wake up ah?”
“Their look! Not open the cabin to sleep!”
“That is a full brother lying on the inside Nine days? Let alone the elemental attack, even boredom can
make people suffocate!”
“Look at the boss now, will something go wrong? Look motionless! So many days!”
Bad news!
One bad news followed by bad news!
...
Everyone gave Kirin (Qilin) a fierce look!
If he was there.
Can it be like this?

Kirin (Qilin) was silly.
Sitting on the ground, like a puddle of mud.
His mind is blank!
If something happened to Levi Garrison because of this, he would blame himself for a lifetime! ! !
He would even commit suicide on the spot to make amends…
"This can't be blamed on the Kylin, it must be a problem with the guards! First, this place is hidden and
few people know. Second, it is impossible to enter easily, even the strong. The guards. There are
traitors…"
Xuanwu analyzed.
"I killed them!!!"
Kirin (Qilin) was completely angry.
"Look at the boss first…"
Everyone forcibly broke the dormant cabin device and released Levi Garrison.
Just as they were about to check Levi Garrison's situation, a voice sounded.
"It's so noisy, and let people not sleep!"
Levi Garrison stood up and looked at everyone speechlessly.
"Boss, are you okay? Are you okay?"
…
looked at Levi Garrison in shock one by one.
"What can I do? Do you expect me to have something?"
Levi Garrison glanced at everyone speechlessly.
"Boss, haven't you seen any health problems in the past few days?"
everyone asked.
"No, don't you think I'm good? It's okay at all!"
Everyone was shocked.
Levi Garrison really didn't look like something was going on.
This is not something that can be pretended.
Everyone can feel the breath of Levi Garrison…
as surging as before.
So he is really fine.
"But just in case, let Phoenix (Suzaku) check it out for you first. Let's rest assured!"
Azure Dragon (Qinglong) suggested.
"Okay, let's check it out."
Levi Garrison didn't want to be surrounded by them and said that something was all right.
Just let them check it.

Phoenix (Suzaku) immediately brought equipment and checked Levi Garrison's physical condition.
Half an hour later, Phoenix (Suzaku) said in surprise, "Weird! Really weird! For nine days without the
restraint of the medicine, the body of the boss is so good! There is no trace of elemental effect?"
" Those who do n't know think that there is no weapon of China Maya Industry at all. ..."
Hearing this, everyone else was shocked.
"Impossible! How could it be okay? This is absolutely impossible!"
...
Everyone didn't believe it.
Levi Garrison smiled helplessly, "Now that I know I'm okay? Because the toxins on the weapon can't
invade my body..."
"Ah? Impossible! Boss..."
"If you really can't invade the body, it's really true. It's against the sky!"
...
Everyone was shocked and suspicious.
"I seem to know the truth..."
Phoenix (Suzaku) suddenly smiled.
"What?"
Everyone gathered around.
The Return of the God of War [The Protector] Chapter 2333
"I found that the boss has residual medicine in his body, and there are a lot! I understand why the boss
hasn't had an attack in the past nine days! The residual medicine still has an inhibitory effect! The effect
of this medicine is even better than we thought!"
Phoenix (Suzaku) explained.
Levi Garrison looked helpless.
That's because these boys forced him to take medicine all day long, and he couldn't vomit anymore.
You can only drink it.
But his body can't tolerate these foreign substances now.
...
So they are all left in the body.
He must be forced out every short time.
This time it hasn't had time to be discharged.
...
Phoenix (Suzaku) found it.
I mistakenly thought that these medicines suppressed it.

“That’s really great! The boss’s luck has always been good! This is so lucky!”
Everyone showed a look of ecstasy.
“Now with the medicine and methods we found, it is absolutely okay to keep the boss from attacking for
a period of time!”
Phoenix (Suzaku) said in surprise.
“This is really great!”
Levi Garrison smiled bitterly: “I’m really fine! You don’t have to toss about it!”
“Boss, just listen to our arrangements! By the way, you have recently practiced these exercises, which
also has a restraining effect. !”
…
Everyone did what they should do.
“On the one hand, we continue to restrain, on the other hand, Phoenix (Suzaku) produces medicine…”
Looking at this group of good brothers, good apprentices, and good subordinates.
Levi Garrison was a little touched.
They really do everything for themselves!
But what he said now, these people didn’t believe it either.
After waiting, just make up for them.
…
“What? Levi Garrison is okay? What’s the matter?”
Ye Wudao and Ye Lingtian were shocked when they found out.
For nine days, Levi Garrison stopped abruptly without taking any medicine.
“How is this possible? How can there be nothing wrong with the weapons of Maya Industry? Even if I
was stabbed, I would definitely die!”
Ye Wudao’s eyes were full of disbelief.
“Yeah! It’s not possible! It stands to reason! What they saw was a corpse that was extremely
decomposed! It turned out to be okay?”
Ye Lingtian didn’t believe all this either.
They clearly cut off all Levi Garrison’s life.
As a result, Levi Garrison changed his fate against the sky!
Nothing at all!
How is this possible?
No one wants to believe it!
“Impossible! There must be a reason! Maybe they are alive!”

Ye Wudao said.
Ye Lingtian nodded: "There is such a possibility! But then I see how he can survive it! It will take dozens
of days for Phoenix (Suzaku) to produce the potion!"
Although Tiance Marshal did not ask about this.
But what is the matter.
He knows it all.
"Levi Garrison's fate is too hard, right? It's all right? Nothing at all?" After
knowing the situation, the marshal Tiance was stunned.
"What's the situation?"
He had the same idea as Ye Wudao. He was hit by a weapon of Maya Industry, leaving a dead end.
Tiance Mansion has nothing to do!
"Phoenix (Suzaku) said that it seems that Levi Garrison has residual medicine in his body, which has
always been inhibiting!"
someone explained.
"That is to say that Levi Garrison will still have an attack next?"
Tiance Marshal asked.
"Yes, yes! Absolutely! Let's wait! Some people estimate that it will only take three days!" the
others said.
"Okay, then let's wait and see! I don't believe it! Levi Garrison is okay!"
Everyone did not believe in evil.
Must wait for Levi Garrison's injury to strike.
…
In fact, Phoenix (Suzaku) is also very nervous here.
Indeed.
The residual medicine and various methods would last Levi Garrison for three days at most.
What should I do in three days?
That is a problem!
Three days soon arrived.
Everyone is guarding Levi Garrison on this day to see if he will have an attack.
Everyone was so nervous to sweat…At
this moment, the Sword Evil God and others came back.
"Good news! Great news!!!"
Sword Evil God said excitedly.
The Return of the God of War [The Protector] Chapter 2334
The Sword Evil God was panting for breath.

Obviously went a long way.
It is estimated that after learning the news, they came non-stop.
Tell everyone the good news as soon as possible.
"What's the matter?"
Everyone got together one after another.
...
Even Levi Garrison came here with great interest.
Want to know what's good.
"We have found a solution to the Mayan industrial weapons!" The
...
Sword Evil God breathed heavily and said a shocking thing.
"What??? A solution has been found???"
Everyone present was shocked.
Their eyes are about to fly out!
Because this thing seems to everyone, it is absolutely impossible to achieve at this stage!
But now some people say yes.
How can you not be shocked?
"What's the solution? Say it! Say it!!!"
Everyone was excited.
Tears filled his eyes one by one, unprecedented excitement.
Who is not shocked about this?
Even Levi Garrison was a little curious.
What is the solution to the weapons of Maya Industry?
He has looked at the special element, a toxin that he has never seen before.
Neither he nor the poisonous god could develop an antidote.
"What? Say it!"
Levi Garrison also urged.
"The solution is that someone has discovered a substance that can dissolve this special element! After
repeated experiments, this new substance can dissolve the special element of Maya industry!"
The Evil Sword said excitedly.
"What???"
Everyone was shaking with excitement.
"There is this kind of substance? It's amazing, isn't it? The first time I heard that there is a substance that
can dissolve the special elements of the Mayan industry!"
"Where was it discovered? Who discovered it? Hurry! The boss has hope of surviving. That's great! The
boss is so lucky, the boss won't die!"

…
Sword Cthulhu explained: "It is the doomsday seed bank of Kangaroo Nation. They found it in the deep sea under the sea near Kangaroo Nation. This rare substance! A test found that it has a dissolving effect on Maya Industry's weapons! It's amazing!"
"But this deep-sea substance is extremely rare! They have spent a lot of time searching in other sea areas, and almost nothing! In total! It may only be a few hundred grams. It is regarded as a treasure by the Kangaroo Kingdom, and it is stored in the Doomsday Seed Bank!" The evil god of poison then said a piece of news that made everyone's heart cool.
The solution is there.
The new substance has been found.
But it's too scarce.
It is regarded as a treasure in the Doomsday Seed Vault.
Once placed in this place, it is difficult to do.
It's hard to get!
The faces of the people who had just been excited turned gloomy.
Still a problem!
The Evil Swordsman said helplessly: "After learning the news, we contacted the Kangaroo Nation as soon as possible, and wanted to get this material at any cost! But they rejected it on the spot!"
"Yes, we negotiate in good faith! They made a request, but this group of people wouldn't get in! They didn't give us any chance at all! They drove us away!"
"We didn't have time to think of his way, so we ran to you first, tell you the news, and take a look. What can you do?"
……
Hearing this, everyone's hearts were cold again.
How is this whole?
I was given hope and despaired instantly.
People treat this substance as a treasure.
It must be difficult to get!
You have to come up with things that people like and feel beyond the new material value.
"Don't be discouraged! Now that the new substance has been found, the next step is to get it!"

“Think about it, or discuss with the Kangaroo country! They must have weaknesses! They must have
what they need! We just take Just come out!”
Azure Dragon (Qinglong) looked at the people and said: “This is a solution to the boss’s situation, once
and for all! We will do whatever it takes! Understand?”
The Return of the God of War [The Protector] Chapter 2335
“Yes! This opportunity is rare! We have to fight! No matter what conditions the other party offers! We
have to agree!”
Everyone made a concerted effort.
“By the way, this news has just been discovered! I guess other people will soon find out that it might be
necessary to stop the boss at that time! Even get this substance first! At that time, it will be completely
over!”
Sword Evil God said.
“So from now on, we must be ahead of them and get the new substance first! It’s urgent! Let’s go
directly to Kangaroo Country!”
“For the sake of nights and dreams! Boss, you go directly to Kangaroo Country with us! After you get the
new substance, use it directly. ! In order to prevent other situations from appearing!”
...
...
Azure Dragon (Qinglong) and the others arranged in an orderly manner, and Levi Garrison didn’t even
have a chance to interrupt.
“Okay, let’s set off now!”
...
Everyone was about to set off immediately.
But at this moment, Phoenix (Suzaku) held his cell phone gloomily and exclaimed: “No! Dark web has
released news…”
“What?”
“Dark web released news, saying that the Doomsday Seed Bank of Kangaroo Nation has found restraint
in Maya. The deep-sea material with special elements on industrial weapons is now available! And there
are detailed information and experimental data! Now the whole world has spread crazy!!!”

When Phoenix (Suzaku) said the news.
Everyone shook their hearts.
I'm really afraid of what will come…
just to talk about it, you have to be one step ahead and take the advantage of knowing the news first.
In a blink of an eye, the advantage is gone.
Now as soon as the dark web news is released, the whole world knows it.
And it's the big news that blasted the world!
Almost every corner in the shortest time!
"Dark Web???"
Levi Garrison muttered silently.
Three years ago, the dark web was a mysterious existence.
No news can escape the dark web.
To be honest, the dark web is the top power in the world… I didn't expect the dark web to be so strong after three years.
As soon as there was news over there, the dark web knew it immediately.
I don't know what kind of existence is controlling the dark web…
"Do you know what the dark web comes from?"
Levi Garrison asked.
"The boss is at this juncture, you are still entangled in the dark web! Let's think about how to get the new substance!"
"Now the news comes out! It is estimated that many people have gone to the Kangaroo country to get the new substance! Maya Industry They will definitely go too! After all, they don't want other people to know how to restrain themselves!"
"There are boss opponents who will go as soon as possible! Even if they don't get it, they will be destroyed! After all, they can't let the boss get it!"
……
Indeed.
They are right.
Ye Wudaozhi and his ilk rushed to Kangaroo Country immediately after learning about this.
They would never let Levi Garrison get a new substance.
He must die!
Even Marshal Tiance is very interested.
"Forget it, we don't need to go, many others have gone! Levi Garrison don't want to get this new substance!"
…

Maya Industry.
The major forces of the East Island countries.
The major forces of the Eagle Nation.
…
One by one, they went to Kangaroo Country.
This new substance will directly affect the new situation in the future and the status of Maya industry
and so on.
A group of people also went to join in the fun.
The leaders of some big forces have already discussed with Kangaroo Country.
…
Although hope is slim, Azure Dragon (Qinglong) and the others set out with Levi Garrison.
Speed of life and death.
They have to work hard.
Get this new substance at all costs.
Levi Garrison was very moved.
Everything is in my heart.
"Do you really want this new substance?"
Levi Garrison asked suddenly.
"Huh?"
This made everyone stunned.
"Of course I do! Boss, you don't want to, this is something to save your life!"
everyone replied.
"By the way, I remember, three years ago, I helped the Kangaroo country beat the blood ancestors, and
they owed me a kindness! Let them take this thing back!"
The Return of the God of War [The Protector] Chapter 2336
Levi Garrison said this.
Now these brothers and apprentices care about themselves so much and work hard for themselves.
He really couldn't stand it.
I don't want them to worry about themselves so much.
So simply take advantage of the kindness owed by the Kangaroo country to exchange for the new
substance.
In this way, the brothers and apprentices know that they are in good health.
…
I won't continue to worry about it, and revolve around myself.

This is what Levi Garrison thought.
“It turns out that it was the boss that you resolved the crisis in Kangaroo Nation! It was said that it was
Tiance Mansion. It seems that you did it, and then Tiance Mansion took the credit!”
...
Everyone was shocked.
“Yes, that’s right! I fought off the blood ancestors of Golden Harbor Island and Kangaroo Country! I
helped them resolve the crisis, and they owed me a kindness! No matter what the conditions are, they
can agree!”
Levi Garrison smiled.
“Okay! That’s great! Kangaroo country owes you a kindness, so they have to get new substances out!”
“Huh!”
Everyone breathed a sigh of relief.
With Levi Garrison’s relationship, they would take it out anyway.
Now everyone’s haze was swept away.
Everyone went to Kangaroo Country with ease.
On the other hand.
Many forces have already arrived in Kangaroo Country.
Negotiate with representatives of Kangaroo Country.
However, the Kangaroo country still refused.
They are unmoved by any conditions.
After all, this new substance is too important and too scarce.
In so many places in the world, only kangaroos are owned.
The value is too precious.
Coupled with the weapons that can restrain the Mayan industry, it solves a problem that has headaches
all over the world.
Therefore, the new substance has become a hot commodity.
It’s no less than the divine weapon Heavenly Sword before.
Many people went directly to looting after discussing it incorrectly.
There are also some who use force directly, or sneak in secretly, wanting to steal new substances
directly.
But what no one had expected was that in everyone’s eyes, the relatively weak Kangaroo country would
emerge with dozens of strong men comparable to the forefront of the gods’ list.
Kill all of these people who came to steal, leaving no one behind.

For the first time, Kangaroo Nation demonstrated its superior combat power and shocked the world.
So they are so strong?
All the people or forces who had ideas about the Seed Bank of Kangaroo Doomsday were all shocked.
In this way, who would dare to grab it directly!
Ye Wudao was also there at the time, and he was directly suppressed by the mysterious powerhouse of
Kangaroo Country.
Everyone then realized that there are still many strong players in this world who have never taken a
shot.
Therefore, all of them are dumbfounded.
The kangaroo country is deeply hidden.
Not only does it have this new substance, but it also has such a terrifying guardian of the strong.
It's getting harder and harder to get affirmation.
Unless the kangaroo country can not refuse conditions.
Otherwise, no one can think of this material.
"What about you, are you also here to ask for this material?"
The representative of the Kangaroo Nation looked at Ye Wudao and the others.
Ye Wudao smiled, "You have misunderstood, in fact, we are here to discuss other things with you!"
"Other things?"
Everyone was taken aback.
"We are not interested in this new substance! But we must ask for something-don't give it to Levi
Garrison! Don't! We agree to any conditions! Don't give it to Levi Garrison!"
Ye Wudao and the others were excited. The reason they came here was to stop Levi Garrison.
Don't let him get new substances.
"It turns out that it was for this reason…"
The representatives of Kangaroo Nation smiled and did not speak.
Levi came on the way for a group of people.
Encountered batches of interceptions.
This is Ye Wudao's arrangement.
But everyone settled it calmly.
Anyway, don't worry now.
Kangaroo country owes Levi Garrison a kindness.
You can go anytime.

The new substance is in their bag.
Ye Wudao, how quickly they go? ? ? It's not useless!
The Return of the God of War [The Protector] Chapter 2337
Azure Dragon (Qinglong) and the others also found out what happened that year.
Levi Garrison, who fought off the blood ancestor, was called a hero by the Kangaroo Kingdom.
There will also be a celebration.
But Levi Garrison refused.
The Kangaroo Kingdom promised Levi a condition-owing him a kindness, as long as Levi Garrison
opened his mouth, the whole Kangaroo Kingdom would help him without hesitation.
Compared with all the efforts of a country to complete a kindness, the matter of taking out new
substances is too simple.
...
Although the value is precious.
But it's easy to complete.
And according to Levi Garrison's situation, only less than half of the new substance is needed.
...
For Kangaroo Nation, it will kill two birds with one stone.
Not only has it returned Levi Garrison's kindness, but also can continue to keep the new substance in
the seed doomsday library.
Very simple thing.
Therefore, Azure Dragon (Qinglong) and others looked so relaxed.
Come to Kangaroo Country in no hurry.
Compared to Ye Wudao's speed, Levi came to the Kangaroo Country where a group of people arrived
six hours later.
"Unexpectedly, this old kangaroo country has changed so much! Especially in the past, there was no
strong man who was bullied by a blood ancestor to almost wiped out. But now you look at this powerful
aura!"
"Just got it ." According to the news, the Kangaroo Doomsday Seed Bank guards more than a dozen
powerhouses in the forefront of the god list! I am afraid that they are stronger than the strongest
unicorn, the evil sword god, and Xiao Feng among us!"

…
Everyone began to discuss the top of the Kangaroo nation. The strong.
Levi Garrison smiled.
When he came out of the dark prison, the first place to set foot in the inhabited place was Kangaroo
Country.
At that time, as soon as he felt it, he discovered that there are indeed many strong people in Kangaroo
Country.
There are dozens of them with aura stronger than Kirin (Qilin).
Levi Garrison guessed that the emergence of these powerhouses should have something to do with the
Doomsday Seed Bank.
Because he felt the power of the doomsday seed bank.
There are many unknowns in it.
It is not surprising that there are so many strong people.
"You are finally here!"
At this moment, a joking voice sounded.
Ye Wudao, Ye Lingtian and his party appeared.
"It's much slower than we thought! You don't seem to be anxious at all!"
Ye Lingtian smiled.
Ye Wudao even directly said, "How can the wastes I arranged have the strength to stop you for so long?
Are you deliberately slowing down?"
Ye Wudao's eyes fell on Levi Garrison's body, "Could it be that you want Levi to die? Deliberately
delaying time? Don't want him to get a new substance to save his life? Hahaha…"
"Hahaha…"
Ye Lingtian and the others all smiled.
But everyone glanced at him contemptuously, "What do you know? We are not in a hurry." Tiger (Bai
Hu) smiled, "Ye Wudao is not afraid to tell you! Three years ago, the boss ran away the blood ancestor
and solved the danger of Kangaroo country! They owed the boss. A kindness, no matter what the
conditions, as long as the boss opens his mouth, Kangaroo Nation will do everything
to fulfill his request!"
"What???"
When Ye Wudao and others heard the news, they were shocked.
This is something they never expected.

Levi Garrison is so kind to Kangaroo!
The Kangaroo country owes Levi a condition!
Now as long as Levi Garrison speaks, isn't that new substance in his hands?
No wonder just Kangaroo country representatives will reveal strange smile it ……
thousand million count, did not think anything about it.
Seeing Levi Garrison and his party leave.
Ye Wudao ordered, "Go, let's follow. Once they get the new substance, we will grab it or destroy it!"
They have been following in the dark, following Levi Garrison's group.
Levi came to the agreed place with them.
The representatives Bogut and Nelson in front of them were the two who made the promise. Levi
Garrison said, "Three years ago, I solved the crisis of the Kangaroo country and smashed the blood
ancestors! Your Kangaroo country owes me a kindness, and I have come to honor it!"
The Return of the God of War [The Protector] Chapter 2338
Ye Wudao secretly began to get nervous.
I'm afraid no one thought of this scene.
Levi Garrison actually begs the kangaroo.
Then they are about to get the new substance.
Ye Wudao was already arranging how to snatch or destroy the new substance.
It was mainly Levi Garrison's masters like Kirin (Qilin) who were all there.
...
It's also a bit difficult to snatch.
…
Levi Garrison looked at the representatives of Bogut and said, "This kindness can't be owed by you all
the time! Now you can divide the new deep-sea substance discovered by you into two hundred grams
and give it to me! Don't make it difficult for you, the matter between us is wiped out!"
...
Kirin (Qilin) and they all looked expectantly at Bogut and others.
Ye Wudao also became nervous.
People from other major forces panicked when they heard that the Kangaroo Nation owed Levi Garrison
a kindness.

Now it's time for the new substance to return to Levi .
Everyone looked at Bogut and other Kangaroo delegations with breathlessness.
"Grace? What kind of gratitude?" But
Bogut suddenly said something like this.
Confused!
Everyone is dumbfounded!
Especially Levi Garrison, Azure Dragon (Qinglong) and others were completely dumbfounded.
Don't admit it? ? ?
Don't know? ? ?
If others said they didn't know, Levi Garrison would still understand.
But Bogut was the person who witnessed the events back then, and even the party who verbally owed
Levi Garrison.
How could he not know?
There is another Nelson, who wanted Levi Garrison to be called the hero of Kangaroo country, and he
also threatened to celebrate Levi Garrison with a nationwide celebration.
Should he remember?
Levi Garrison looked at Nelson slowly.
But Nelson also agreed, "Yes! What kind of kindness? Why don't I know, what is this man talking
nonsense?"
Nelson and Bogut looked at each other and said in unison, "Yes, I don't even know what he is talking
about." What?" The
two looked at the people behind them again, and asked aloud, "By the way, do you know what
happened?"
"I don't know!!!"
Everyone shook their heads.
"Boom!!!"
Levi Garrison and Azure Dragon (Qinglong) were going to burst into anger.
Deliberately!
Bogut, Nelson, these people are deliberate! ! !
How could the person not know?
Amnesia?
It's absolutely impossible!
They just pretended not to know on purpose!
"Who are you? We know? We have met?"

Bogut looked at Levi Garrison and asked suspiciously.
"This is the famous Levi Garrison, we know, but we haven't seen it, we've never seen it before, this is
the first time I've seen you?"
Bogut and Nelson sang together. Levi Garrison was not angry but laughed instead. He looked at the two
and smiled, "Listen! I am Levi Garrison! The blood ancestors accidentally landed in Kangaroo country!
Massacre in Kangaroo country! When you are driven to a desperate situation, when you have nothing to
do, yes I appeared, beat the
blood ancestor, and saved you!"
"In order to repay you, you have to hold a celebration, but I refused. But you said that you owe me a
kindness! As long as I speak, no matter what the conditions are, you will come without hesitation. Help
me finish!"
"Now I just want you to repay the kindness! Just give me a little new substance! Understand?"
Azure Dragon (Qinglong) and others agreed, "It was the boss who helped you solve the national crisis
and beat the blood ancestors! You owe the boss a kindness! Hurry up now!"
Everyone also felt more in the mirror.
After investigating now, this is indeed the case.
Kangaroo country owes Levi Garrison a great kindness.
Also promised by these two representatives.
Now people are coming to honor their kindness.
But no one thought that Bogut and Nelson said, "Fart!!! When did you Levi Garrison help us solve the
crisis? You are really shameless! Why are you everywhere? Do you dare to take any credit for it? "
Speaking is not surprising and endless.
The words came out. Exploded…
The Return of the God of War [The Protector] Chapter 2339
"That crisis was indeed the arrival of the blood ancestors, killing many people, and the fall of many
cities! What kind of shit is the person who can solve the crisis! We solved it by ourselves! It was solved
by the guardians of our doomsday seed bank!"
"Everyone has seen the strength of the guardian of the Doomsday Seed Bank! Solving a blood ancestor

is not a problem, right?”
Bogut asked.
“Yes…” The
others nodded.
Everyone has seen how strong the guardian of the Doomsday Seed Bank is.
...
The side shows that the Kangaroo country has the strength to solve the crisis on its own and does not
need to rely on others.
“At that time, we also requested the Warhawk Kingdom and the Lab of the Gods! They asked for the
Doomsday Seed Bank to be opened! But then the Doomsday Seed Bank was not opened because the
crisis was resolved when they came.”
Nelson explained.
...
“Yes! We can testify to this! The Lab of the Gods did return without success!”
A group of people nodded.
“So, what’s the matter with Levi Garrison in this? You’re a shit!”
“You still want to come and cheat us?”
“I heard that you got a weapon from Maya Industry. Time is running out! Did you hear that ? We
discovered the substance that dissolves the elements of the Mayan industrial weapons, and we ran
around right away?”
Bogut and Nelson did not admit it at all.
Don’t admit that there is such a thing.
This was something Levi Garrison had never expected.
I even said that I never thought about it before I came here.
I think Kangaroo Country will definitely repay this kindness.
This thing is too simple.
It’s true that you want new substances.
But a little bit…
How do you know that this group of people reversed right and wrong, and didn’t admit it at all. They
didn’t admit that there was such a thing.
The ungrateful dogs!
“One more I don’t know, and another one? Did the two of you personally say that you owe me a
kindness? Are you going to repay me with a celebration?”

Levi Garrison questioned.
“There is no such thing! We have never met you! This is the first time we have met!”
“There is still a solution to the crisis in my kangaroo country, it is not you at all! Why do you have to lie?”
…
Two People immediately refuted and refused to admit it.
“The eyes of the masses are sharp! Ask the thousands of people in Kangaroo Country, and you will know
who the savior is! Who saved the Kangaroo Country in times of crisis! Ask them…”
Levi Garrison said coldly.
“Okay, let me ask them!”
“Who solved the kangaroo country crisis three years ago?”
Bogut asked at the thousands of people who were watching.
“It’s us! It’s the guardian of the Doomsday Seed Bank!”
“It’s ourselves…”
… the
uniform shouts rang out.
The thousands of people in Kangaroo Country are the same as Bogut.
No one admitted that he owed Levi Garrison’s kindness back then.
All the population is wrong, upside down the facts!
Everyone is ungrateful!
The whole kangaroo country is ungrateful!
He didn’t want to admit that Levi came to save the Kangaroo country back then.
This is an ungrateful country…
When Levi Garrison was strong, he regarded him as a benefactor, a hero, and a celebration!
But now Levi Garrison is no longer a top powerhouse, and has been seriously injured, and time is
running out.
This country directly abandoned the promise of the year.
He didn’t admit everything and treated Levi Garrison as the same thing.
Because in their opinion, the kindness is now repaid, and there is no benefit.
Levi Garrison was already too weak.
They are so powerful that they don’t need Levi Garrison at all.
Why do you still pay for this kindness?
Levi Garrison, who had no value at all, would not pay him back if he didn’t pay his kindness.

Moreover, the value of this new material was so high that Levi Garrison had suffered too much.
Therefore, the Kangaroo nation reached an agreement.
Resolutely refuse to admit that Levi Garrison saved the Kangaroo country.
Don't admit it to death. Leave this thing alone…
The Return of the God of War [The Protector] Chapter 2340
Now Kangaroo Country does have many super powers.
There is no shortage of gods and others.
The overall strength of Kangaroo Nation has also risen from the middle to the forefront.
But they really couldn't solve the blood ancestors back then.
A country is helpless.
There is no one who can solve it.
…
Any guardian of the doomsday seed bank is a bullshit!
The powerhouses they have now are the powerhouses bred from the Doomsday Seed Bank in the last
three years.
They had a fart for three years!
…
"Okay! Very good!"
"Ingredient!"
"Words are unbelievable!"
"Smelly shameless!"
"You are ugly and ugly, right? You have to be shameless! You are no different from beasts! Why not!"
Levi Garrison sneered.
He thought of a story about a farmer and a snake.
The farmer rescued the snake, and the snake killed the farmer…
What is the difference with the group of people in Kangaroo Country now?
People like Bogut Nelson are dogs!
"Levi Garrison, do you dare to insult us? Insult us? This is the Kangaroo country! Are you looking to die?"
Bogut and others were angry when they heard the scolding.
To do it.
Levi Garrison smiled, "I will give you one last chance!!!"
"If you admit and apologize, I will assume that what just happened hasn't happened!"
"Hahahaha…"
Everyone laughed when they heard it.
They all looked at Levi Garrison with idiot eyes.

If it is strong enough, there is no need for him to threaten it. Kangaroo country has long admitted that it
owes a kindness and has taken out the new material obediently.
But Levi Garrison's strength stayed three years ago.
More than 8,700 on the quasi god list!
It's no different from a weak chicken!
Not to mention that time is running out.
Who would take his threats seriously?
"Get out! Get out!"
"You came here to rub? Our kangaroo country doesn't have a life-saver like you!"
...
Bogut and the others directly wanted to drive Levi Garrison away.
"Okay, I've given the opportunity! You don't want to give you a chance! You can..."
Levi Garrison sneered.
He naturally did not allow the Kangaroo Country to act like this.
Do this in front of him Levi Garrison.
Just looking for death! ! !
"Hahahaha..."
Seeing all this, Ye Wudao and Ye Lingtian walked out of the dark.
Laughing loudly.
"Levi Garrison, didn't you say that you are the benefactor of the Kangaroo country? Why don't people
recognize it? No one in a country recognizes it!"
"It's really laughing at me. If there is nothing, don't tell a lie! Is it all right now? Let's They pierced it on
the spot! They have to be kicked out!"
"It's really a shame to have a surname with you!"
...
Everyone laughed presumptuously.
"Okay, I'll come to pick up things in person at night!"
Levi Garrison left after leaving a sentence.
"Wait! There is not much time left for you!"
Azure Dragon (Qinglong) and the others glared at Bogut and the others, and left one after another.
"Hahaha..."
Everyone present laughed.
"Just you want new substances like this? Dream! Anyone can take it, but you Levi Garrison can't do it!"
"We just don't admit it, see what you can do?"
Bogut and the others sneered.

“Well, knowing that Levi Garrison will not be able to get the new substance anyway, I’m relieved. Let’s
leave!”
Ye Wudao and his party left.
Groups of forces have left.
...
But what everyone didn’t expect was that Levilia also came to Kangaroo Country.
She did not show up during this period of time.
But she has been practicing and looking for a solution to Levi Garrison’s body.
When she heard that the kangaroo had a solution, she rushed over immediately.
I ‘m ready to do it…
“Huh, Levi Garrison is not a good thing at all!”
“Sure! It was not in vain to save us back then, just waiting to get our benefits and let us repay the
kindness!”
“Not all savers are. Is it selfless? How come there are people who take the initiative to repay the
kindness?”
... Bogut and others are still chattering.
The Return of the God of War [The Protector] Chapter 2341
They didn’t treat Levi Garrison as the same thing at all.
I just refused to admit it.
What’s the matter?
Nothing will happen!
Levilia in the dark is also very angry.
This group of people is too shameless.
...
Next, she must act to get the new substance in her hands.
The ancestors in the dark have been watching.
“Damn! This group of people in Kangaroo Country are so shameless? I just shot it out and forget it!!!”
The
...
grumpy female ancestor almost couldn’t help it.
“Let’s take your time, we are out of season!” The
other people immediately grabbed them.
“It looks like you need to snatch new substances! I’m a little worried!” said
several ancestors.

“Yes, although during this period of time, Levilia is invincible during his training! No one can beat! But the Kangaroo country is like a cloud! We are barely able to make shots…not to mention Levilia…”
Several ancestors Worried.
“We have been guarding Levilia for so long, and we have never made a move! But this time, it seems that we must make a move!” The female ancestor also said.
…
On the other side.
Levi Garrison and the others did not leave.
Instead, live in a manor.
Seeing Levi Garrison’s angry look, everyone was persuading him.
“It’s okay! I’ll kill them tonight! Don’t even try to run any of them!”
“It’s not that simple not to return what I owe Levi Garrison!”
Levi Garrison sneered.
Azure Dragon (Qinglong) after they came out.
Everyone discusses.
“Kangaroo country, they bully people so hard, they don’t admit it, they turn right and wrong! Can’t bear it!”
“Hmm, what do you see the boss angry like?”
…
“I can’t bear it! I must seek justice!
” Um, good! Let’s go together! First grab the new substance directly!”
Everyone hit it off.
They set off together to the Kangaroo Doomsday Seed Bank.
Although the kangaroo country burst into the strong.
But Azure Dragon (Qinglong) and they are also masters.
None of them are vegetarian.
It is also a group of strong men on the list of gods.
After coming to the Doomsday Seed Bank.
A group of people rushed directly.
But the Doomsday Seed Bank was well prepared, teams after teams of masters appeared from all directions.
Surround them directly.
After a fight, Azure Dragon (Qinglong), Xiao Feng’s expressions changed drastically.
There are so many strong kangaroos?
One by one sturdy and terrible!

The strong on the opposite god list level is obviously stronger than them.
It is estimated that there are more than ten people who can be ranked in the top 30 of the gods!
Their highest is more than 30 of Kirin (Qilin)…
they can't match at all.
Gradually everyone fell into a disadvantage.
Many people are injured.
"It's not a way to go on like this…"
"Withdraw! Everyone withdraw first!"
…
But when everyone was about to evacuate, they suddenly found that this group of people was blocking
the escape route.
The unicorns are in danger!
"Boom!"
"Boom!"
……At the
moment of crisis, terrible air currents shot out from the dark.
Abruptly opened up a way out for them.
Everyone fled immediately.
While the strong men of Kangaroo Nation were pursuing them, several strong men in the dark again
attacked and blocked them.
Wait to come to safety.
Several people are waiting for them.
It is Levilia and her several masters.
Just now, the situation was in crisis, and Levilia was originally rescued by himself.
But the ancestors were not relieved, and they shot together.
"It turned out to be Levilia and the legendary ancestors! Thank you! If it weren't for you, we would stay
here!"
Everyone thanked.
"Go back! You can't handle it here! Think of other ways!" said
several ancestors.
"Okay, understand!"
Azure Dragon (Qinglong) and the others left immediately.
After returning to the manor, he found Levi Garrison waiting for them.
"What are you doing by yourself?"
Levi Garrison asked.
But seeing everyone hurt, his face changed.
"They did it?" The

crowd was silent and did not speak.
“Well, I see, go out!”
Levi Garrison said lightly.
The Return of the God of War [The Protector] Chapter 2342
He wanted to wait a while before going.
But these dog things hurt his people.
It’s strange that Levi Garrison is not angry.
Be sure to turn the Kangaroo country upside down tonight!
Kill!
Kill!
...
Kill!
This bunch of dog stuff!
Ungrateful?
...
Is it easy to be annoying when I am Levi Garrison?
I can save you from fire and water!
It can also instantly turn this place into purgatory!
“Boss, what are you going to do?” The
injured Phoenix (Suzaku) wanted to stop Levi Garrison.
But Levi Garrison left with a cold face.
Did not speak.
“Let Master go! With Junior Sister Levilia and the ancestors of Tiance Mansion, Master must be fine!”
Xiao Feng said.
“Yes! The boss is fine! Let him go!”
Everyone felt reasonable.
With Levilia and several ancestors, Levi Garrison was absolutely fine.
They had just been seriously injured, and they were all healing.
But what they didn’t know was that after they left, Levilia forcibly broke into the doomsday seed bank.
As a result, the opponent’s master is like a cloud.
No matter how you perform, you are always close.
Can’t attack for a long time.
She can only evacuate.
Several ancestors were not able to shoot because of their status.
They will only take action when Levilia is in danger.
But if you take the initiative to go to the Doomsday Seed Bank to take out the new substance, it’s a bit
wrong.
After all, they represent Tiance Mansion.

If they were directly involved, they would probably be laughed at by the world. "Evacuate first, Levilia!
Wait for us to figure out a solution for you! Hard grabbing still won't work! If it doesn't work, we will
offer a condition that they can't refuse! We will negotiate with them tomorrow! What they want, as
long as we have it, Take
them all out !"
Several ancestors left with Levilia first.
They promised to take out everything to let Levilia exchange for new substances to save Levi Garrison.
Levilia then left.
Waiting for tomorrow to come to negotiate in person.
Just after they left, a figure suddenly appeared.
Levi Garrison!
With a cold face, he came step by step.
In front of the Doomsday Seed Bank, there are more than one hundred thousand strong people!
Among them, Bogut, Nelson and others are in charge.
The powerhouses comparable to the gods' list are also on the list.
During this period of time, there are still quite a few people hitting new substances.
Especially when Azure Dragon (Qinglong) and the others just killed so many masters, the Kangaroo
country was also a little flustered.
Hastily mobilized all the strongest masters in Kangaroo Country here.
Swear to guard the doomsday seed bank.
The power of the whole country comes to guard a place.
It's really scary!
Plus its own master is like a cloud!
Kangaroo Nation showed all the strong this time, which has a shocking meaning.
This powerful force, even the world's top forces must tremble!
This time the shock is enough!
No one will underestimate it in the future!
There will be no more ideas for the Doomsday Seed Bank.
This is also the reason why Levilia could not penetrate.
The ancestors did not dare to say that 100% of the new substances could be taken out of these forces.
This is one of the reasons why they don't do it!
"This time, there shouldn't be anyone coming?"

“Who would dare to come! Just now a bunch of strong people on the gods list were all injured and
retired!”
“Let’s put it this way, even if the top strong people of the gods list come together, You may not be able
to get benefits!”
“Whoever comes this time is a fool!”
…
Bogut, Nelson and others are still discussing.
At this time, a figure appeared in front of him.
Levi is here.
They also saw clearly.
“Hahaha…”
Seeing Levi Garrison, everyone laughed.
Especially Bogut smiled happily.
Today’s Levi Garrison is in his eyes, just like a fool.
Dare to come here at this time?
Why are you here?
Sent to death?
“Hahahaha…”
Bogut leaned forward with a smile, his stomach aches.
“Levi , what are you doing here?”
Nelson smiled.
The person next to him stepped forward and sneered, “Did you come back to take revenge for you?
Hahaha…”
“Pop!” At this moment , Levi Garrison suddenly slapped him into blood mist.
The Return of the God of War [The Protector] Chapter 2343
Horror!
Horror!
The blood mist exploded in front of everyone!
Especially Bogut, Nelson and the others are the closest!
The blood splashed all over their faces.
Everyone was surprised by the hot liquid!
…
Silence!
The audience became silent!
No one thought that Levi Garrison would suddenly do something.
…
Although the person who was slapped to death by Levi Garrison was weak, he was at the bottom of the

quasi god list.
But it was quite shocking to be photographed into blood mist in an instant!
“Kill him!”
Bogut who reacted immediately ordered.
Dare to kill in front of them, Levi Garrison is looking for death!
“Yes! Kill him!”
Nelson and the others also shouted.
Dozens of strong men all rushed up.
“Boom!”
“Pop!”
“Bang!”
……
Ye monarchs slap a few punches thrown out, dozens of strong spot turned into Xue Wu!
There is no resistance at all…
dumbfounded!
Everyone was dumbfounded this time!
They looked at Levi Garrison in disbelief.
It is not surprising to kill a strong man!
But he killed dozens of people…
“Go! Come on! I don’t believe it! Even Levi Garrison would dare to offend our majesty?”
Bogut was a little angry.
Send more and more powerful men to rush up.
Levi Garrison walked step by step.
But no matter how many powerhouses rushed, they turned into blood mist under the slap of Levi
Garrison!
Surprised!
Everyone looked solemn.
It might have been said that the strong one sent out is not as good as Levi Garrison.
But now?
Most of those sent out are better than Levi Garrison!
“I’ve given you a chance! I’m not using it!”
Levi Garrison sneered, slapped to death one after another.
“Not good!”
“Not good!”
…
“Levi Garrison is hiding his strength!!!”
Bogut and Nelson reacted quickly.

Levi Garrison's current strength is definitely not shown by the more than eight thousand quasi gods.
At least it has to be at the forefront of the quasi god list!
"Really? Then I'll kill him!"
One of the guardians of the doomsday seed bank who was comparable to the gods' list showed a
grinning smile and walked towards Levi Garrison step by step.
In his opinion, no matter how strong Levi Garrison is, he can't compare with the strongest of the gods.
"
Pop !" "Pop!"
... It's
just that he was shot and exploded by Levi Garrison like a watermelon in an instant.
...
Everyone was stunned at this moment.
The strong of the gods were killed like this?
How strong is he?
Bogut and Nelson's brains are blank.
Can't react at all.
"Kill!!!" The
other big powers slammed Levi Garrison one by one.
The dignity of their Kangaroo country would never allow Levi Garrison to be so provocative.
These powerhouses comparable to the gods' list have all come up.
"You just injured my apprentice brother and them?"
Levi Garrison asked coldly.
"That's right! That group of wastes dare to grab the deep-sea matter! If it weren't for them to run fast!
They are all going to die here!"
"What? Do you still want to stand up for that group of wastes?"
……
This group of gods is the strongest person at all. Didn't pay attention to Levi Garrison.
"Oh! Then all die!"
Levi Garrison's voice fell.
Then started the killing.
This group of strong people on the gods' list has turned from unparalleled into shock, horror, and
despair…
one.
Two.

…
The powerhouses of the god list were photographed into flesh by Levi Garrison one by one.
Their terrifying combat effectiveness, in front of Levi Garrison, was no different from ordinary people.
They were all slapped to death.
There is no combat power at all.
In an instant, hundreds of strong men all turned into mud!
But the more people fall, the more shocked the Kangaroo country!
They are going crazy one by one!
This is the strongest in their country!
These are the guardians they are proud of!
But at this moment, all were slaughtered.
The most important thing is that the man in front of him was slapped to death with one slap…
No matter how strong he was, he was slapped to death with one slap.
"That's it?" Levi Garrison glanced at everyone in Kangaroo Country.
The Return of the God of War [The Protector] Chapter 2344
A person is provoking a country…
Who can bear this?
"No! It's about the dignity of my kangaroo country! We must take him down!"
"We can't bear this breath!!!"
"Kill! Must kill him!"
…
…
these powerful groups of Kangaroo country , It can be considered spine.
They killed Levi Garrison one by one.
One hundred thousand strong are dispatched together.
…
That was shocking.
"Huh?"
Levi Garrison smiled contemptuously.
Don't look at the crowds.
But there is no one who can fight!
All cannon fodder!
This battle lasted for about half an hour… At the
end, there was only one person standing in front of the Doomsday Seed Bank.
The empty space in front was full of people.
While screaming miserably one by one, they all fell to the ground and rolled!

One hundred thousand strong!
Not at a single station!
The one hundred thousand strong were defeated by Levi Garrison alone.
Levi Garrison still kept his hands.
Can't catch it all in one go.
Otherwise, the powerhouse of this country will be wiped out in his hands.
No one will be left.
The rest of Bogut Nielsen and others trembled constantly.
They had long been drenched in cold sweat over and over again.
Water dripped all over.
Especially the pants have been wet over and over again.
Accompanied by a smelly smell.
It was a mixture of urine and sweat…
They were scared to pee and cry… How
do they think that Levi Garrison is so strong today…
Who said that Levi Garrison's strength stayed three years ago?
Who ranked Levi Garrison in the quasi god list more than eight thousand seven hundred?
This is the goddamn best combat power, right?
Who said he was going to die with a Mayan industrial weapon?
…
Bogut and the others are going to explode.
Also regretted to death.
The reason for not admitting that Levi Garrison saved the Kangaroo country three years ago.
It's because there are too many Levi Garrisons now, even if they pay back the kindness, it will be of no
benefit and useless.
Therefore, it is the same to pay the kindness or not.
But who can think that Levi Garrison is so strong?
Strong enough to wipe out the kangaroo country!
At least the 100,000 strongest in Kangaroo Nation are not his opponents alone.
Levi Garrison walked step by step in front of Bogut and Nelson.
"Now? Don't you admit that I saved the Kangaroo country three years ago?"
Levi Garrison asked.
"Puff!"
"Puff!"
…
Bogut and others all knelt on the ground and nodded fiercely.
"Admit! Admit!"

“You saved the Kangaroo country three years ago!”
“We are nothing! It’s our fault! Please don’t remember the villain’s fault!”
“Grandpa, you will be the grandpa of all of us from now on! Grandpa!”
…
They kowtow, begging Levi Garrison for forgiveness.
Levi Garrison smiled, “I have given you a chance, I don’t want it! A bunch of dog stuff!”
“Kill!”
Levi Garrison didn’t keep any hands on the dog stuff like Bogut.
An electric light flashed.
Immediately, blood arrows shot out.
Bogut and others fell apart and died directly…
“Ingredient, that’s the end!”
Levi Garrison said coldly. The
living people were silent.
They cannot forget today.
“Do you know what to do?”
Levi Garrison asked.
Everyone nodded fiercely.
Levi Garrison left.
As for everything that happened here.
No one knows.
Levi Garrison is the big boss of the Bible Organization, and he can block it with a word.
When Phoenix (Suzaku) saw that Levi Garrison came back safe and sound, no one said anything.
With Levilia and several ancestors, Levi Garrison is absolutely safe.
They ignored Levi Garrison and continued to heal his injuries.
Levi Garrison went straight back to sleep.
The next day.
Everyone was awakened by a knock on the door.
Everyone was scared.
All gathered at the door.
“Hello, I am Stevens, the representative of Kangaroo Nation! I am here to deliver the new deep-sea
substance! This is all the quantity!” Everyone “…”.
The Return of the God of War [The Protector] Chapter 2345
The words came out.
Azure Dragon (Qinglong), Xiao Feng, Sword Evil God and others were all stunned.

The new substance they had spared their lives to grab last night was actually delivered to the door
obediently today.
What is going on here?
The world has seen how powerful the kangaroo is.
There are so many powerful men directly guarding the doomsday seed bank. This attitude and
determination is to prevent anyone from getting the new deep-sea material.
...
They are at all costs!
Let no one get the new substance!
But who could have imagined that someone was here today.
...
They all think it is fake.
But Stevens in front of him is the leader of Kangaroo Country, and his status is not comparable to Bogut
and Nelson!
Identity will not be false!
He can directly open the doomsday seed bank.
Have this permission!
And Phoenix (Suzaku) checked the new deep-sea material, which was true.
Did they really send the new substance?
Why is this?
What happened last night?
Why did an earth-shaking change happen overnight.
"Is this true?"
Everyone looked incredible.
All this is too dreamy.
It feels so unreal!
"It's true! I'm waiting to send all the new deep-sea substances on behalf of Kangaroo Nation! Secondly,
Kangaroo Nation will publicly apologize to Mr. Levi Garrison! Three years ago, he really saved the
country! It was he who killed the blood ancestor! Now! We have already punished Bogut and others! All
death penalty!"
...
When Stevens said this.
Everyone was stunned.
What happened?

Not only let Stevens personally send the Deep Sea New Substance, but also publicly apologize to Levi
Garrison!
Not normal!
Everything is not normal!
Why on earth?
Kangaroo country can completely eliminate all of this!
With their such strength, they can completely rely on this matter and refuse to admit it.
Anyway, you and others have nothing to do.
Phoenix (Suzaku)'s revenge yesterday is the best example!
In any case, there is nothing to do with others.
You can only be sulking.
But everything is too abnormal today!
It's all against common sense!
"Be sure to tell Mr. Ye! We are wrong! There will be no next time! In the future, there will be no
ungrateful things and people in this country! I promise!"
Stevens said in horror.
After sending the new substance, he fled away like wind.
For fear of staying here too long, Levi Garrison came out.
This made Azure Dragon (Qinglong) and the others more and more puzzled.
What happened?
Let the Kangaroo Country be like this?
Looking at the new substance in their hands, a group of people fell into contemplation.
At this time, Levi Garrison walked out of the room, stretching his waist.
"Did they bring things here?"
Levi Garrison asked while yawning.
"Huh? Boss (Master) how did you know?"
Everyone became more and more confused.
It can even be said to be shocked!
How did Levi Garrison know?
"Because I asked them to send things! The main reason is to make you feel at ease, and all the people
who hurt you will be killed by me! Revenge for you!"
Levi Garrison said casually.
It seems to have done something ordinary to no more ordinary.
But this word came out.
Azure Dragon (Qinglong) and the others exploded…
"This…"

Everyone looked at Levi Garrison dumbfounded.
What is going on?
Could it be that Levi Garrison did it?
This is impossible!
This is what it is now.
Must be to overwhelm a country!
You must know that the kangaroo country masters are like clouds, and they are even more powerful
than one hundred thousand.
Among them, the strong people who are comparable to the gods, Azure Dragon (Qinglong), they have all
experienced, they are very strong, and they are all injured.
If you want to beat the kangaroo country, it must be at the forefront of the gods list, or even the top
three…
or the first level of the gods list!
It is possible to do it only if the dark god himself takes the initiative!
"Boss, you did all this?"
The Return of the God of War [The Protector] Chapter 2346
Xuanwu asked tentatively.
Others are also curious.
Levi Garrison briefly described how to crush a country… After talking, everyone basically believed it.
But at this moment, Azure Dragon (Qinglong) suddenly thought of something.
After everyone looked at each other, they all understood each other.
…
Levilia and his masters!
It was they who saved themselves last night…
Why did Levilia and several ancestors appear?
…
Isn't it just to help Levi Garrison get the new substance?
They definitely want to shoot!
But after all, they are the ancestors of Tiance Mansion, so it's definitely not appropriate to grab them
directly.
After suppressing it by force, let them send it by themselves.
Understood!
Everything is understood!
All this is done by Levilia and several masters!
Levilia has no ability to overwhelm a country!
But several of his masters are fine!

Although these few are not on the god list, who dares to provoke them?
It is absolutely possible to join forces with a few!
After understanding what's going on.
Everyone smiled.
Levi Garrison saw what they looked like and also knew what they were thinking.
But he doesn't care.
As long as they are at ease.
"Now that the new substance is in hand! The boss will take it immediately!"
"Quickly, to prevent nights and dreams!"
Everyone took out the new substance and immediately gave it to Levi Garrison.
In order to make them feel at ease, Levi Garrison took the new substance obediently.
Seeing the new substance being taken, everyone breathed a sigh of relief.
After installing the remaining deep-sea material, he began to celebrate and cheer.
"Our hard work for such a long time was not in vain! The boss's illness was finally cured!"
"This time it's done once and for all! The boss's illness is completely cured!"
"The emperor is worthy of painstaking efforts! I said that the boss will not die! Yes!"
…
Everyone cheered, but Azure Dragon (Qinglong) was still very calm.
"Phoenix (Suzaku), just to be on the safe side, you should check the physical condition of the boss!"
Azure Dragon (Qinglong) said.
Phoenix (Suzaku) immediately began to check.
…
About an hour later.
Phoenix (Suzaku) surprisedly said: "It seems that the new material is working! The boss's body is in good
health, and there is no bad situation! The elements of Mayan industrial weapons have been completely
wiped out! The boss has finally returned to normal!"
Phoenix (Suzaku) said.
The field boiled directly.
Everyone cheered and celebrated wantonly.
It's all

supposed to be new substances that dissolve the special elements of the Maya industry… But how did
they know that Levi Garrison was good in the first place.
But at that time, it was a psychological effect for Phoenix (Suzaku), and there was no problem during the
inspection, but Phoenix (Suzaku) always thought that there was a problem, but it was a hidden danger,
and it didn't happen.
Now that he took the new substance, Levi Garrison was in the same situation, but in her mind, there
was no problem at all.
Levi Garrison smiled helplessly.
I'm fine, it has nothing to do with this deep-sea matter.
But Azure Dragon (Qinglong) and all of them thought it was this substance that healed themselves.
But Levi Garrison didn't care, as long as they were at ease.
"Well, we will return immediately from now on! We must protect the remaining new substances!"
Everyone immediately returned.
"After the boss goes back this time, you will have nothing to do with your practice! You and your sisterin-
law are still competing! Two months are left? You must beat her in the rankings!"
"Yes! Once the sister-in-law recovers, That strength will definitely take off! The top of the gods list is
scheduled! You must not be left behind by your sister-in-law! Hurry up and integrate our various
practices to form your own system! Amazing everyone!"
Azure Dragon (Qinglong) said with a smile.
The others also nodded: "Yes! Boss, we are all optimistic about you! We are full of expectations for
you!" They
are all looking forward to the birth of a strong man.
"Okay! Let them rank!"
How could Levi Garrison care about the shit god list.
The Return of the God of War [The Protector] Chapter 2347
Soon, Stevens of Kangaroo Nation held a press conference to publicly apologize to Levi Garrison and
admitted that it was Levi Garrison who rescued Kangaroo Nation from danger three years ago.
And give all the deep-sea matter to Levi Garrison to repay Levi Garrison's kindness that year.

As soon as the news came out, they exploded.
The weird thing is that the attitude of Kangaroo Country the day before is completely different from
today.
How tough and arrogant the day before, no one took it seriously.
But today I apologized.
...
Unbelievable.
What happened last night?
Everyone is sure that something must have happened.
...
But what exactly is it?
It seems to be blocked.
There is no way to find out!
Everyone puts all hope on the dark web.
However, there is no news on the dark web… The
most terrifying thing is that Levi Garrison has obtained the new deep-sea substance.
Doesn't it mean that he is going to be fine…
Ye Wudao, Ye Lingtian and others are dumbfounded.
I thought that this Kangaroo Nation would never let Levi Garrison have any chance!
He must die!
But who would have thought that the Kangaroo Country apologized and admitted the next day, and also
sent a new substance.
Levi Garrison was fine at once.
All the work they have spent all this time was wasted.
"It seems that to let Levi Garrison abolish, it has to rely on other methods…"
Ye Wudao and the others are already thinking of a new way.
How to deal with Levi Garrison next.
The same goes for others.
I thought that Levi Garrison would definitely die.
I didn't expect to survive on the new substance.
Some people heard that Levi Garrison and his party had a new substance in their hands, and they
wanted to act.
But Azure Dragon (Qinglong) moved quickly and returned to Daxia long ago.
"What about these new substances?" After
coming back, everyone began to struggle with this question.

“Kangaroo Nation has the full authority to give the new substance to the boss, and the boss will arrange
these new substances! We can’t take them away!”
Azure Dragon (Qinglong) said.
Levi Garrison smiled and said, “This thing is of no use to me! Take it away! What do you want? Just
throw it away!”
“Okay, boss, let’s take these substances back and study them! The value of matter in the world today is
too high! Especially the value of research!”
“Furthermore, I don’t know how many people want to make this new material idea! Even if you bring
the boss with you, it’s probably hard to hold! At that time there will be a bunch of them. strong to grab,
calling such life-threatening! ” “
indeed! easy to get hold hard! in the Kunlun industry is the safest! ” “
every man innocent pregnant bi against himself! boss took in danger, I’ll still worry, it’s the safest to take
it back!”
…
Everyone was also worried that things might be dangerous to Levi Garrison.
Therefore.
Bringing to Kunlun Industry is the safest way.
When Azure Dragon (Qinglong) and his party brought new deep-sea materials to Kunlun Industry.
Found that the marshal Tiance was waiting.
“Deep-sea matter got back?”
Tiance Marshal asked with a smile.
He was full of excitement when he heard that all the new substances in the deep sea had been brought
back.
As for what Levi Garrison’s life and death has to do with him?
Can Levi Garrison’s life be compared with this new deep-sea substance?
Stop kidding!
So he ran to meet him personally!
“Here, I brought it back! This is the boss’s own! But he let it to us!”
Phoenix (Suzaku) took out the new substance.
“What does it have to do with him? This is after the Kangaroo Nation was suppressed by several
ancestors, and then apologized and sent new substances! In the final analysis, this is the credit of my

Tiance Mansion and Baolong clan! They got it! With Levi Garrison Is there a penny?"
Tiance Marshal asked rhetorically.
At this time, everyone was silent.
One says one.
It is true.
The reason why Kangaroo Nation did this, no one else knows why.
They know it.
It was the ancestors behind Levilia who made the shot.
Directly suppress the new substance from Kangaroo Country.
The Return of the God of War [The Protector] Chapter 2348
"Speaking of it, Levi Garrison has to thank Xiatian Cefu! Although it is because of his daughter's face!
After all, it was the work of several ancestors!"
Tiance Young Master smiled.
"Well, I really have to thank you! We thank Tiance Mansion for the boss!" everyone said.
"Since the new substance belongs to Tiance Mansion! Give it to me?"
Tiance Marshal snatched it from Phoenix (Suzaku).
...
"This…"
Everyone felt something was wrong.
But what's wrong in detail, but I can't tell.
...
Finally, this new substance was taken away by the marshal of Tiance.
He took it for special research.
But all for Daxia.
Everyone also endured it.
But this time when he came back, Azure Dragon (Qinglong) and the others found that everyone in
Kunlun Industry seemed to be watching them consciously or unconsciously.
Marginalizing them!
It seems that they are narrowing down their authority step by step, and they are going to be completely
emptied.
…
But the rest of the day was calm.
While Levi Garrison was searching for the traces of the Gods' Laboratory, he was still cultivating.
Fifteen days later, Zoey recovered.
Turned out!

Ranked among the gods with superb fighting power!
Next, because of Zoey, the list of gods is updated from time to time.
Zoey's ranking changes almost every day.
A month later, Zoey has reached the top 100 position on the god list.
But Levi Garrison's location changed at night.
Since the injuries of the special elements of his Mayan industry were healed, Levi Garrison's combat
power has also changed.
His ranking has gone from more than 8,700 on the quasi god list to 6,338!
"The boss is good! Progress! Super progress! A full advance of more than two thousand! If this
continues,
it is just around the corner to step into the gods list!" Everyone was very pleased.
The improvement of so many names shows that Levi Garrison is really suffering.
Really working hard.
Everyone's hard work was not wasted!
Of course, this progress is worthless compared to Zoey.
It can even be said to be scum.
No comparison at all!
The difference between heaven and earth!
In less than two months, Zoey didn't make it to the quasi god list, and he was directly in the top 100 of
the god list.
The span is too big.
This is the most terrible!
Zoey was also very happy to see Levi Garrison's progress.
"Keep on working hard! Take your time! I believe you will enter the god list sooner or later!"
"I will wait for you to challenge me at the top! Remember our agreement, there is still one month left!"
Zoey smiled .
To be honest.
She was very disappointed.
Originally thought that Levi Garrison could make rapid progress and could bring her a little pressure.
The two urged each other to encourage progress.
But not at all!
Too much difference!
Zoey originally thought, Levi Garrison would at least have to be in the top one thousand on the quasi

god list, right?
But I can't give myself any pressure…
It's no different from waste.
Now Levi Garrison can't give her any pressure anymore.
The only pressure may come from Levilia.
Zoey fought with Levilia once.
There is still a gap between her and Levilia.
But she wanted to stand fast to the top with Levilia, waiting for Levi Garrison to slowly climb up.
You can even climb halfway up the mountain.
He is no longer needed.
…
Azure Dragon (Qinglong) and the others called Levi Garrison to their side with earnest and earnest
words.
"Boss, we boast that you are boasting you! But we must also recognize the fact!"
"We already know that all the skills and skills left to you have been divided up by the Li and Zhao family.
You are practicing the basic skills of the past. "Fa!"
"But do you see it now? After practicing the old-fashioned exercises, you only improved two thousand
on the quasi god list! And the sister-in-law, who represents everything in the new era, directly reached
the top 100 on the god list in the case of disuse. ! Which one is strong and which one is weak, can you
tell at a glance?"
"This shows that the old-fashioned things in the past have really been eliminated…it can't be compared
with the modern things at all!"
The Return of the God of War [The Protector] Chapter 2349
"Yes! That's true! You and my sister-in-law, one is a representative of the old era, the other is a
representative of the new era! In two months, the competition between you has been set high!"
"It's really one. The sky, the underground!"
"Boss, we want you to be more sober, recognize and respect reality! Abandon what should be
abandoned! Give up! Give up!"
"Concentrate on practicing the things of the new era, I believe you will be better than your sister-in-law!

After all, where is your talent and experience! This is by no means comparable to others!"
"Boss, listen to our advice! Hurry up and let us reach the peak of strength as soon as possible! Don't
worry us!"
… …
…
Everyone is persuading Levi Garrison.
Levi Garrison sneered: "What do you know?" The
so-called quasi-shenzhen rankings were actually released by one hundred institutions all over the world.
…
But wherever they want it, half of the institutions that make the rankings of the gods are controlled by
the Bible organization.
Therefore.
Levi Garrison can control the ranking of the gods.
His own ranking on the quasi god list is simply inaccurate.
He told these institutions, just fill in a ranking.
It won't affect anything.
But everyone else's rankings are accurate.
All are supported by accurate data and analysis.
Only Levi Garrison filled it out blindly…
"Boss, we know you are still not convinced! Let's give another example!"
Kirin (Qilin) pointed at a distance and said: "Partition the Li and Zhao family of all the skills and skills!
They! After obtaining these new era cultivation methods! Now it is completely reborn!"
"One of the strong talent Li Songkui Meng Fei Zhao Jun and Zhang Wentao month there! God is already
a list of former quasi-hundred! Especially Li Songkui quasi-eighth standings God! God is very close to the
list! God at any time to get into the list!"
"Also There are people like Li Wenhai and Li Wenfei, what are they? Now they are ranked in the top
1,000 on the quasi god list! You know, they have not even been in the quasi god list before! Now they
are all top powerhouses!"
…
After the Li and Zhao family divided up the top exercises of this era, their strengths have undergone
qualitative changes.

All are advancing by leaps and bounds!
“There are two other people, you didn’t expect it! Boss, your father-in-law! My sister-in-law has chosen
the most suitable exercises for them! Now two people, one is the 987th in the gods list, and the other is
the 996th in the gods list!
” They were all ordinary people before! But because they have practiced everything in the new era!
They have grown to this point! You have to obey the modern methods!”
…
Levi Garrison really didn’t know about this.
But after knowing it, he was not very surprised.
It’s normal for this kind of quick system to build a strong one within two months.
It is not unusual.
In short, these are rubbish to Levi Garrison.
He doesn’t like it at all!
“Boss, think about it, you can’t even compare this rubbish! Don’t you make people laugh when you
spread it out?”
“In order not to make people laugh, you should hurry up and practice what you are now!”
… the
crowd said.
Levi Garrison smiled and said, “It’s all a bunch of ants! Hey, your vision is a bit narrow after all!”
“We are narrow?”
Hearing this, everyone was taken aback.
Do the top dozens of powerhouses in the gods list have a narrow vision?
Who has a broad vision?
There is no one, right?
“Boss, you are good at everything, but you are too stubborn!”
Everyone said one after another.
“You and your sister-in-law are going to lose completely during the March period!”
Levi Garrison smiled and said, “Isn’t this one month left? Don’t worry!”
“Levi Garrison is ready to lose! You guys! What’s the use of mentioning the period of March?” At
this moment, a voice came.
The Return of the God of War [The Protector] Chapter 2350
Li Songkui and his party appeared.

Today, they are already strong in the quasi-sacred list, and they are very close to the list of gods.
That is, this group of guys are so talented.
Otherwise, it will definitely be able to rush to the god list.
After all, what they have is a quick method for a group of strong people on the list of gods.
You can rush to this position casually.
...
But now they are showing off to Levi Garrison.
"Ye have heard these monarchs of the top exercises to you, you do not practice! We are here to thank
you!"
"If you let it out, how can we present achievements? I'm about to enter a list of God!"
...
"Again Look at you, you are still hovering in the quasi god list! You are not our opponent! You want to
compete with Zoey? Are you worthy?"
…
Li and Zhao's family laughed.
Azure Dragon (Qinglong) didn't say anything.
It is true.
Today's Zoey is comparable to the strongest of them, let alone Levi Garrison.
Not a person of the world at all!
It can be said now.
The three-month period for two people is a joke.
At this time, Li Wenyuan and his wife had also appeared.
These two people are the biggest surprise.
From the most inexistent ordinary person, he has become the strongest of the gods!
Li and Zhao are now the two most lofty ones.
After they arrived, Li Songkui and others voluntarily gave way.
The two walked up to Levi Garrison, looked around, and sighed at the same time: "Hey!"
"Levi , it's not that we dislike you! But…"
"You are really a bit weak now! Levilia and Zoey are not compared with us, just compared with us, are
you far behind?"
Li Wenyuan said.
"You used to be the king, one of the best in the world! How can you be stagnant now?"

“The point is not that there is no way to improve, but that there are thousands of ways! You don’t
choose one! I have to practice what you used to do!”
“Isn’t it! There are so many ways to cultivate! You see, after we practice, we are all strong in the gods
list! With your talent, whatever you want?
Right ? And we also heard from Zoey that you can integrate thousands of exercises together and
become your own thing? Why don’t you practice?”
Mother-in-law persuaded patiently.
Li Wenyuan even said: “Levi Garrison, are you at all incapable of pulling the bottom? Do you think this is
an apprentice, given to you by your former subordinates!
But I want to tell you that this era is the era of the weak and the strong! Face is the least valuable thing.
Strength is the kingly way! Strength is your only confidence to survive!”
“Practice! Give me practice right away! All the exercises will be given to you! The three-month period for
you with Zoey is here! It is impossible to exceed her! But! I want the distance between you to be very
small!”
…
Li Wenyuan and his wife told Levi Garrison a lot of truth.
They are senior enough.
The strength is also enough!
Levi Garrison smiled: “Parents, don’t worry! I have my own way! And if Zoey, she can only look up to
me! As for me to super her, it’s a joke!”
“Stubborn!”
“Play the piano to the cow!”
“It is said that our old people are stubborn and conservative. It turns out that Levi Garrison is more
stubborn and conservative than anyone else!”
“Since you want to continue practicing your old methods! Then you practice! Then the gap between you
and the son will be getting bigger and bigger, especially when the March period comes, see who is
ashamed?”
…
Father-in-law The mother-in-law didn’t care about Levi ‘s arrival.
Zoey didn’t say no to Levi Garrison during the whole process, but instead always encouraged him to

inspire him.
Because she knew it was not the time to persuade Levi Garrison.
In any case, he couldn't listen to it.
The best way is to let him fully recognize the gap when the March period arrives, and then he will catch
up.
"Levi , I am waiting for three months!"
The Return of the God of War [The Protector] Chapter 2351
Fact!
Only cruel facts can make a person sober!
Zoey wanted to use this to make Levi Garrison thoroughly recognize the gap!
Only the desperate situation and cruel facts can make him put down, he can focus on progress, and he
can practice the techniques left by the apprentices.
Otherwise you just persuade and ridicule.
It doesn't work for Levi Garrison!
...
The so-called penny stumps heroes!
Now Levi Garrison has a bit of strength, he is considered a strong man on the quasi god list, and most
things can still be solved by himself.
In addition, a group of brothers and apprentices of the strong gods are guarding her, and the daughter
of a super strong is also guarding her.
...
He will not encounter any setbacks now.
Therefore, you can be conservative and don't have to think about how to improve crazy.
Only cruel facts and desperation can push him.
After waiting for a month, Zoey will let him understand his situation first, and then stop his brothers
from guarding him.
Let Levi Garrison know the difficulties and know that death is coming.
Then he will work hard.
Will abandon everything!
In short, Zoey is looking forward to a month later.
"Well, I'll wait for a month!"
Levi Garrison smiled.
In the following days, all parties are working hard to practice.
Everyone in the Li and Zhao family also found a clean place to continue practicing.

Azure Dragon (Qinglong) and the others have been wasting too much time with Levi Garrison recently.
Therefore, after Levi Garrison was fine, he immediately went to practice and improved.
Levi Garrison continued to practice and search for clues.
A few days later.
Li Chengmin contacted him.
Claiming that there was movement in Maya Industry, they sent people to Sanxing Group to collect the
experimental data of all the mutant monsters.
As for the mutant monster locked in the metal fortress before the Sanxing Group experiment, they
didn't even look at it.
It seems to be not interested at all.
Because Levi Garrison killed all the mutant monsters, none of them remained.
If Maya Industry wants to see it, Li Chengmin has to find other ways to find a bunch of people to disguise
these mutant monsters.
But representatives of Maya Industry didn't even look at it.
Perhaps in their eyes, the experimental data is the most important.
"I guess that they took the experimental data, it should be that the mutant monster's experiment has
made a major achievement! It is estimated that there will be actions next!"
Li Chengmin said.
Levi Garrison also agreed with this statement.
Now it feels that the behavior of Maya industry is more and more like the previous laboratories of the
gods.
The things they do and their styles are very similar.
There is no definite evidence to show the relationship between Maya Industry and the laboratories of
the gods.
But there are some clues.
They look so alike.
In fact, when there was no progress in the investigation during this period, Levi Garrison was directly
comparing the similarities between Maya Industry and the Laboratories of the Gods.
Plus what Li Shiji said to him.
It made him believe that there was something tricky in it.

In particular, Maya Industry has been developing variants of Living Dead with the help of Sanxing Group,
which is certainly of ulterior motives.
And the experiment must be more than Sanxing Group.
Maya Industry also controls many forces.
Sanxing Group is just one of them.
Levi Garrison can easily find this point because of the huge power distribution of the Bible organization.
This project is extremely important for Maya Industries.
It should take a lot of effort.
It is not yet clear what the purpose is.
But as soon as the news of Li Chengmin came out, Levi Garrison thought it was possible.
"Okay, next, I want to see what Maya Industry is going to do?"
Levi Garrison kept Li Chengmin and the major forces of the Bible Organization paying attention.
A few days later, Maya Industry released a news that shocked the world!
As soon as it came out, the whole world exploded.
Including Zoey, Azure Dragon (Qinglong) Xiao Fengzhi and his ilk were all excited.
The Return of the God of War [The Protector] Chapter 2352
Not just them!
The big powers of the world's major forces were alarmed.
All the people who had been retreating did not retreat, but all ran out.
There is no other reason.
Because Maya Industry brought shocking news.
They will launch a series of challenges!
...
Here, your strength will increase substantially.
Specifically for some strong people who encounter bottlenecks.
Maya Industry has launched a series of challenges before, and it has indeed allowed many people to
progress and grow.
...
Even Azure Dragon (Qinglong) has participated in the challenge of Maya Industry.
It's all life and death challenges.
There is a high probability of death.
But if you want to survive, your strength will be greatly improved.
After all, real combat is the fastest way to progress.
In addition, all kinds of improvement methods are quick.

Therefore, after taking part in several challenges, the strength improved super fast.
The most important point is the Maya Industry Challenge series, which is too professional.
Use the top technology to set up a variety of suitable challenges.
There are those that improve defense, offense, offense and defense, and even assassination…
only you can't think of it, nothing they can't do.
Whether it is special or comprehensive.
You can take part in the challenges of Maya Industry to improve.
It is a pity that Maya Industry's Challenge Series has only been launched once in the past three years.
That was also the beginning of the new era.
Maya Industries is launched.
No one went there at first.
But after someone tasted the sweetness, everyone rushed to it.
One by one, rushed to participate.
Azure Dragon (Qinglong) and the others only got a qualitative leap at that time!
It's not just them.
It should be said that seventy to eighty percent of the powerhouses in the God's List have taken a leap
after taking part in the challenge of Maya Industry.
Even Zoey has participated in this challenge.
Strength is also advancing by leaps and bounds!
So now that Maya Industry has a challenge series, Zoey is no longer closed.
Ran out directly.
That time, it only lasted three months.
If you want to participate in the future, there will be no chance.
Everyone has been waiting for Maya Industries to launch new challenges.
But it hasn't happened.
This time it finally came.
And stronger than before!
Suitable for stronger people to participate!
When Levi Garrison heard this, the corners of his mouth raised, "Fox tails are finally about to be
revealed? I know what the challenge is!"
Levi Garrison guessed that Maya Industry challenged the mutant living dead this time!
Will fight directly with the challenger!

Levi Garrison quickly contacted Li Chengmin, and the other party had the same idea.
This challenge must be set up with variants of the living dead.
But no one knows the reason for the specific challenge.
You have to wait until the challenge begins before you may be able to know.
"Although I don't agree with many things in the new era, I have one thing to say, their actual combat
experience is indeed sufficient!"
Levi Garrison nodded.
Azure Dragon (Qinglong)'s quick solution is to improve quickly.
But they also participated in many actual battles.
It's a battle of life and death.
This is worthy of praise and advocacy!
The challenge of Maya Industry will be carried out in the virgin forest somewhere in the Western
Continent in three days.
You can participate in the registration now.
For a while, the whole world went crazy.
Participate in the registration.
Just as Levi Garrison was thinking about Maya's industrial intentions.
Zoey and his apprentice brothers came to him one after another.
"What are you doing?"
Levi Garrison was taken aback.
"Get ready, let's take part in the challenge of Maya Industry! There is less than a month left. If you want
to surpass me, you have to participate in this cruel training!"
Zoey said.
This time the challenge of Maya Industry, Zoey can both improve.
Levi Garrison could feel despair and despair in advance.
She discussed with Azure Dragon (Qinglong) and the others.
Once in the primeval forest, they left Levi Garrison alone to hone. Only then will he understand
everything if he feels the danger…
The Return of the God of War [The Protector] Chapter 2353
Only when he was in desperate situation would Levi Garrison know how weak and helpless he was.
His little strength is simply not enough to survive, let alone protect other people.
Only at this moment would Levi Garrison wake up.
Only then will he abandon the old things, accept new things, practice, and strengthen himself… As

soon as the Maya Industry news was released, Zoey immediately began to discuss with everyone.
Everyone agrees that this method is good.
...
To challenge, you must take Levi Garrison with him.
"You have to go! If you don't go, we have to take you too!"
"There is also Levilia going too, are you sure not to go?"
...
Zoey said directly.
In fact, Levi Garrison originally planned to find out.
Let's see what Maya Industries is going to do.
The best way is to go deep into it, and even treat yourself as a prey, in order to understand the situation
most truthfully.
Levi Garrison is worried, how can I go?
No, a bunch of tool people are here.
"Okay, I'm going to participate!"
Levi Garrison said.
"Okay, you are ready to prepare, we will set out now!"
everyone said.
Levi Garrison couldn't help asking, "By the way, are there many people signing up this time?"
"Are there many? Boss, let's put it this way! In addition to the top ten on the list, there are nearly a
thousand strong and quasi-skilled players on the list. The ten thousand strongest on the god list have
basically signed up! The rest of the strong must add up to tens of thousands!"
"To sum up-almost all the top and middle-class strong in this world have gone! The top strong I have
also gone a lot…"
"It is estimated that after this challenge is over, I am afraid that the God List and the Quasi God List will
be greatly updated!"
…
Everyone is looking forward to it.
They all want to further improve their strength, and the ranking of the gods is also further improved.
"Basically the strong in this world will go?"
Levi Garrison frowned and touched his chin.
Doesn't this mean that Maya Industry can control the information and data of most of the world's

powerful players?
What strength?
What speciality?
…The
advantages and disadvantages will all be exposed under the eyes of Maya Industry.
The projects they set up challenges must be able to control all of this.
Then think about it, this is super scary!
Take control of all the powerhouses in the world.
Once targeted, it's too easy.
According to your shortcomings…
Once there is a large-scale war or other, these strong people are no different from the dead.
At this time, Levi Garrison felt vaguely guessing the purpose of Maya Industry.
As for the challenge estimate, it is also very simple.
Everywhere in the virgin forest, mutant living dead are put in.
Manipulate these variants of the living dead to experience the strong, and at the same time, you can
fully get the information you want, that is, the strengths and weaknesses of the strong.
Layout!
This is setting up a shocking overall situation!
The more this happened, the more Levi Garrison had to find out.
But before that, he has to do something.
Just as all parties are enthusiastically signing up to participate.
However, one by one, big powers announced their withdrawal from this challenge.
Including super-top forces such as the imperial organization!
Almost a third of the forces announced their withdrawal from this challenge!
This is an order from Levi Garrison to let all the forces and strong people that can be controlled by the
Bible Organization to withdraw from the challenge.
The reason is simple, he does not want Maya Industry to collect information about these powerful
people.
One-third of the forces withdrew at one time, which was indeed shocking enough.
The world was shocked.
However, all the top powers understand that these are controlled by the Bible organization.

It is normal for this mysterious force to make this move.
After all, no one knows what the dark god is thinking.
And the dark god is the number one god, and no one will doubt it.
It's just that what they didn't expect was that the Dark God was already Levi Garrison… After
everyone was ready, they set off together to the virgin forest in the west.
The Return of the God of War [The Protector] Chapter 2354
"This time, nearly one-third of people quit! But it is estimated that more than 20,000 people
participated in the challenge!"
"But this is a good opportunity for us! The more people who quit, the greater our challenge will be. The
harder the more exciting, the more good it will be for our experience!"
"Yes! It must be! When encountering difficulties, the number of people decreases, and the requirements
for everyone are correspondingly higher!"
…
Then, Another news came out.
The strong from all sides of the Kangaroo country will not participate in this experience.
…
None of them will come.
This puzzled everyone.
Previously, due to the new substance in the deep sea, everyone knew that kangaroos had many strong
players.
…
But why did you still not participate in such a good opportunity?
What everyone didn't expect was that it had something to do with Levi Garrison.
Along the way, Levi Garrison also learned about the mechanism of the challenge.
Once it starts.
Maya Industries will not provide any help.
This is different from Sanxing Group's experience in the metal fortress, where the gate opens every
hour.
You can escape if you regret it, or if you are weak.
But the challenge of Maya Industry, as long as you enter, there will be no way out and no one will save
you.
It's useless if you regret it.

The only way to survive is to kill it abruptly.
Still cruel!
Levi Garrison was thinking about a question.
Perhaps Maya Industry will use this challenge to directly wipe out these top powerhouses, rather than
simply collecting information.
Is there any relationship between the purpose of Maya Industry's challenge at the beginning and the
challenge now?
No matter what, you can understand it only after you really enter.
However, the style of Maya Industry is more and more like the laboratory of the gods.
Before coming to the virgin forests of Western Continent, many people had already arrived.
Levi Garrison met many acquaintances.
Many enemies have come to participate.
They saw Levi Garrison was among them.
They discussed one after another.
It is estimated to take advantage of this opportunity to kill Levi Garrison inside.
Once in it.
Perhaps the protection of Azure Dragon (Qinglong) and others would not be too timely.
At that time, they had a chance to kill Levi Garrison.
While improving himself, he smoothly killed Levi Garrison.
Kill two birds with one stone! ! !
And many of them have heard of Zoey's plan.
After they enter the primeval forest, they will not always protect Levi Garrison.
They want to create a desperate situation for Levi Garrison.
In this way, they have more opportunities.
Everyone is looking forward to getting rid of Levi Garrison.
I heard that many people wanted to deal with Levi Garrison.
Zoey and they got more and more excited.
After all, the more dilemmas created for Levi Garrison, the easier it is for him to wake up.
The more that can create desperation, the better!
Of course they will also protect Levi Garrison's safety.
When he is most dangerous, everyone will appear.
But at that time everyone's goal has been achieved…
they will unanimously ensure the safety of Levi Garrison.
"Dad, mom…"

Soon after, Levilia also came.
After this time of tempering, the little girl is simply heroic!
The strength is also terrifying!
Not surprisingly, several ancestors followed in secret.
"Levilia, come here, mom tells you something!"
Zoey called Levilia aside.
The main thing is to talk about the plan for Levi Garrison.
I hope Levilia will not follow Levi Garrison and not interfere in this matter.
"So after entering the virgin forest, you go to experience! Run far away! Leave us
alone !" "If you blindly protect your father, it will not be good for him! We finally found such a good
opportunity! But! Don't worry, we are at the critical moment!"
Zoey said.
Levilia nodded: "Okay, mom, I understand!"
"But mom, if there is danger, you can call me at any time! Levilia is strong now!"
The Return of the God of War [The Protector] Chapter 2355
Another group of people came.
He even ran to say hello to Levi Garrison.
It turned out to be Li Dazhong of Sanxing Group and other strong people on the list of gods.
They also came to experience.
Seeing Levi Garrison, several people were scared to death.
But still came over to say hello.
...
There is no doubt about the relationship between Sanxing Group and Levi Garrison.
"By the way, sir! Miss Li Chengmin asked me to tell you that she is ready for everything! Maya Industry
will be tested all the time! This is a chip, you can contact her anytime!"
Li Dazhong secretly asked Li Chengmin to take the chip Give it to Levi Garrison.
...
Levi Garrison didn't know the purpose of Maya Industry.
After he goes deeper, someone outside will have to stare.
Of course, the biblical organization will be activated, and a huge force will always be watching Maya's
every move.
However, Maya Industries also needs to be monitored internally.
The best internal undercover agent is Sanxing Group.

Li Chengmin is ready.
“Well, good. I know!”
“If there is any danger after entering, please find me at any time!”
Levi Garrison said.
He didn’t want Li Chengmin to be available.
He wants to protect the safety of the strong like Li Dazhong.
“Okay, okay!”
This greatly benefited Li Dazhong and others.
The promise of this great god.
It is equivalent to crossing out their names on the Hades’s Life and Death Book…
Wait until everyone arrives.
The challenge officially begins…
According to the different challenges of each person, they are sent to the designated area.
There are challenges that are biased towards offense, and there are challenges that are biased towards
defense…
and Zoey, with their superb strength, chose the challenge of offensive and defensive integration.
Still the highest level of challenge!
This means that the difficulty encountered is super difficult!
Of course, all areas are in collusion.
Sometimes you will also enter other areas…
“Let’s go! Go in!”
A group of people enter the virgin forest.
The virgin forest of this western continent is too big.
More than 20,000 people entered, and it would not seem crowded at all.
Instead, they are scattered one by one, and the distance between them will be very large…
after entering the designated area.
Zoey immediately proposed: “In order to improve our combat effectiveness, let’s all act alone!”
She looked at Levi Garrison again: “Levi , you also act alone!”
Levi Garrison hesitated, “Is this bad? What if you act alone? You have crossed too much between each
other, if there is any danger, I am afraid that I will not be able to save you in time!”
This is what Levi Garrison worried about.
The true purpose of the Maya Industrial Challenge is not yet known.
In case it is really to use these mutant monsters to kill all the strong.
Plum dyeing them will be dangerous in an instant.

If Levi Garrison ran to rescue one by one at that time, he might not be able to take care of some people
because of the long distance.
This is something he doesn't want to see.
What he thinks is the best of these people, who are not far away from him.
Once in danger, he can be saved the first time.
But Levi Garrison's worrying words changed their meaning in everyone's ears.
Everyone thought that Levi Garrison was afraid.
For fear of going alone, it is dangerous.
Unwilling to be separated from everyone.
It is also high-sounding that everyone should not disperse, but protect everyone.
"Punch!"
…
Many people are holding back, not letting themselves laugh.
One says one.
Today's Levi Garrison disappointed everyone.
He was actually scared.
He clearly knew that his strength was weak and he knew that he was in danger.
But why do you still practice the old things conservatively, instead of practicing the more advanced and
terrifying things now?
Zoey felt much more comfortable.
Because Levi Garrison already showed signs of fear.
This is a good thing!
This has a great effect on his awakening.
Next, as long as he encounters a desperate situation, Levi Garrison will completely wake up.
When she thought of this, she strengthened this idea even more.
The Return of the God of War [The Protector] Chapter 2356
"No! Everyone must act alone!"
"This is the fastest for everyone's growth and improvement!"
"Parents, you must also separate and practice separately! I tell you from the experience of people who
have passed over! This is the best way to improve. Hurry!" When
Zoey said this, he was approved by Azure Dragon (Qinglong) and the others.
"Yes, we have participated once, and we know the doorway! Experience alone is the best! However, if

you encounter danger, you can send a message for help, and then everyone will help each other to
rescue each other!"
Azure Dragon (Qinglong) said.
...
Let everyone put down the grudge.
All agree to the plan of individual experience.
"I still don't agree! It's too dangerous! I can't take care of it then!"
...
Levi Garrison still shook his head.
"
Hahahaha ..." Li Songkui and they all smiled at this time.
"Levi Garrison, Levi Garrison, are you afraid? You want us to follow you to protect you, right?"
"You still protect us? Do you have that strength? You are absolutely afraid!"
"Get out if you are afraid of death ! No one here is following to protect you!"
"Yes, get out if you're scared! No one is stopping you!"
...
laughed.
Everyone started laughing.
Many people let Levi Garrison get out!
"No! He is here to challenge the experience! Can't let him go back!"
Zoey refused.
"Let's do it! If that's the case, let him die!"
Li Songkui and others don't care.
They just couldn't understand Levi Garrison's big talk.
"Come on, from now on, everyone will act alone!"
Zoey shouted.
Levi Garrison sighed helplessly, "Okay, then I will try my best to protect you!"
He couldn't go far, he wanted to look at these people all the time.
Forget it!
Take one step, count one step!
There is no way now.
If it doesn't work, Levi Garrison will use the power of the Bible organization.
Anyway, he had arranged for Underworld God and a large number of powerful men to be outside.
While observing the dynamics of Maya Industry, you can also rush in to save people at a critical

moment!
In this way, Levi Garrison entered the primeval forest alone.
But he is always watching the plums around them.
He immediately felt everyone's position.
This perception surprised him.
It turns out that Zoey and the others are not very far away from them, and they are all hovering around
them.
The furthest Xiao Feng, Kirin (Qilin) and other fighting madmen are also within a hundred miles.
The others are closer.
Zoey was about 30 miles away from Levi Garrison.
The others were within thirty distances and a hundred miles away…
Levi Garrison laughed when he noticed everyone's location.
He immediately understood Zoey's purpose for bringing him here.
It must be to make themselves feel desperate, and after a great realization, give up their own exercises
and practice modern exercises…
Therefore, although they say they act alone, let them play.
But in fact, they have not gone far.
Instead, they were distributed around Levi Garrison's left and right sides in an encircling formation,
protecting him tightly.
Guarantee his safety!
It made him feel desperate, feel the helpless situation without strength.
But at the same time to ensure his safety.
A group of cute guys!
Levi Garrison smiled.
Although these guys are so harsh.
But in fact they were protecting him
one by one …In this way, it would be good for Levi Garrison instead.
It is convenient for him to protect the plum from dyeing them.
All within a hundred miles.
Once someone has an accident, Levi Garrison will arrive as soon as possible.
If the distance is far away, he may really not care about it.
"Huh!"
Levi Garrison breathed a sigh of relief.
Next, he can do his own thing with peace of mind.
Let's see what the group of Maya Industry is going to do… In the primeval forest, 20,000 people enter together. Everything that is unknown and terrifying is waiting for

them…
The Return of the God of War [The Protector] Chapter 2357
But after entering this time.
Everyone feels that it is different from the previous challenge.
It used to be a targeted special challenge.
It is offensive and defensive and so on.
You can improve your weaknesses.
But this time after entering the primitive deep forest, everything seems to be random.
…
No matter what you are here to challenge, the challenges and crises you may encounter are the same.
The weak and the strong may encounter the same.
This is the random challenge!
…
Everyone has the same probability of encountering danger.
This is not controllable by man!
Think about it too.
With such a large virgin forest, how can Maya Industry control every detail?
It may not matter to the strong!
The higher the difficulty they face, the better!
But for a slightly weaker person, that would be cruel.
It is very likely that they will not be able to get out.
This is not Levi Garrison's feeling, this is the intuitive feeling of everyone after entering the primeval
forest.
This challenge is definitely different from the past!
Levi Garrison was observing and thinking.
For the time being, he must not reveal his strength.
What if Maya Industry is the laboratory of the gods?
In that case, Levi Garrison was exposed in advance, and it was absolutely impossible.
You have to be cautious.
"Are you sure? Levi Garrison's location?"
"I 'm sure! It's 70 kilometers southeast of us!"
"Okay, we don't care! Go straight through and kill Levi Garrison!"
"It is said that Levi Garrison's fate is hard, I want to see how he escaped this time?"
…
This group of people, enough There are more than seven or eight hundred strong people.

They were all defeated men of Levi Garrison before.
Outside the primeval forest, they were discussing how to get rid of Levi Garrison.
After entering the forest, the first thing they had to do was to get rid of Levi Garrison.
"Quickly, quickly! Charge!!!"
"At that time, Levi Garrison will definitely be protected! Half of us will entangle them, and half will kill
Levi Garrison!"
These powerhouses are going crazy to Levi Garrison. Rushed in the direction.
But Levi Garrison had noticed it as early as when they had changed.
He smiled.
There are so many people who are causing trouble.
When this group of people approached, Zoey Azure Dragon (Qinglong) and they also noticed it.
But they wanted to deliberately create a dangerous situation for Levi Garrison, so they kept one eye
open.
Instead of getting in the way, he let the way and stayed away.
As long as Levi Garrison is under their control.
Zoey looked into the distance and sighed: "I hope you are strong enough to bring him a desperate
situation and wake him up!"
Soon the seven or eight hundred powerhouses passed Zoey's path easily.
Within a few minutes, they surrounded Levi Garrison round and round.
"Levi Garrison, Levi Garrison, finally let us catch you? How can you run away this time?" The
group of people saw Levi Garrison as if they saw a prey.
"Give you a chance, get out! Don't bother me!"
Levi Garrison said coldly.
"Damn! Looking for death!!! Let's go together! Kill him!"
Levi Garrison's words angered everyone.
Everyone's crazy shock.
Levi Garrison's eyes flashed and his momentum changed.
"Boom!"
He slammed a punch.
The foremost strong man who ranked more than 800 on the god list was blasted into pieces!
Then he showed no mercy at all.
To the enemy of the past, kill the killer!
"Boom!"

“Boom!”
...
terrible punch after punch.
These people fell one by one.
The screams of killing pigs echoed in the virgin forest.
This group of enemies is going crazy.
Who can think that Levi Garrison is so strong?
If you knew it, who would be asking for trouble?
“No, something happened! Let’s hurry over!”
Zoey’s heart was tight, and he rushed out immediately.
The same is true for others.
The Return of the God of War [The Protector] Chapter 2358
Because this posture is too big!
The desperation is probably caused by Levi Garrison.
But the danger is also instantaneous.
If they rescued a little later, Levi Garrison might be in danger.
So now that there is such a big movement, Zoey and others are desperate to go.
For fear of being a little late, it would be completely over.
...
Levi Garrison is really killing him now.
Regardless of.
None of the enemies in front of you will let go!
...
This group of people were dumbfounded.
There is no chance to beg for mercy.
Levi approached the killer, but he didn’t give it a chance.
Of course, Levi Garrison had checked it a long time ago, and there was no one around him to monitor,
nor did the instruments exist.
Therefore, he can display his strength unscrupulously.
“Puff!” As
the last person fell, all seven or eight hundred enemies died.
None of them are alive.
“Da da da…” At
this time, footsteps sounded.
A group of people appeared in front of Levi Garrison.
But it wasn’t plum that dyed them.
But Li Dazhong of Sanxing Group and hundreds of people!
This group of people are dusty, ragged, and their faces are covered with blood.
Apparently, just experienced a terrible battle.

It is estimated that they have encountered challenges in the primeval forest.
If there should be any information, I will inform myself as soon as possible.
"Mr. I…"
Just as Li Dazhong was about to say it, he froze when the words came to his lips.
They came because of plum dyeing.
Azure Dragon (Qinglong) and others are also really fast.
In the shortest time, all came.
"Boss (Master), you… are you okay?"
Everyone asked anxiously.
Levi Garrison smiled: "It's okay, they are all dead!" Then
everyone looked at the corpses on the ground.
It was the people they had deliberately let through just now.
Looking at the blood on Levi Garrison's body, it was obvious that he had just experienced a battle.
But in the end everyone's eyes rested on Li Dazhong and others.
They are also ragged and bloodstained.
Obviously after a great battle.
Look at the corpses all over the ground.
Everyone would have thought that these people were killed by Li Dazhong and the others.
Levi Garrison's luck is too good, right?
How come there are people coming to rescue!
It happened to have a good relationship with the Sanxing Group, and Li Dazhong, such as the
powerhouse of the gods, came to rescue him when he was in danger.
But they completely misunderstood.
The blood and battle marks on Li Dazhong and them are in another place.
Zoey's face changed a little.
He deliberately created a desperate situation for Levi Garrison to wake him up, but he did not expect Li
Dazhong to accidentally rescue him and destroy it.
It's really hard!
How did Levi Garrison save so many people?
Fortunately, he has already dismissed Levilia.
Otherwise, Levilia must be the first to rush out to save the old father.
"Mr. Li Dazhong, can you say a few words to you…"
Zoey said.
"Okay…"

Li Dazhong looked around, and after getting permission from Levi Garrison, he followed Zoey to the side.
Zoey told Li Dazhong of the plan.
"Puff!"
Li Dazhong almost spat out blood.
"Protect him??"
Li Dazhong asked in shock.
How dare you?
How dare he protect Levi Garrison with his broken strength?
Crazy!
I have witnessed the scene where he slaughtered tens of thousands of variants of the living dead alone.
Li Dazhong couldn't even think of Levi Garrison's strength.
I can only say that, the first person in history!
"Yes! I ask Mr. Li Dazhong that you can no longer protect him from this moment! Help him! Don't do it
even if you watch him die! I beg you! If he doesn't pass this level, it's better to be alive than to die.
That's it…"
Zoey said sincerely.
"Protect him? How dare I? Miss Li, don't you know his strength?"
Li Dazhong asked back.
The Return of the God of War [The Protector] Chapter 2359
"Clear! He is my husband, of course I know his strength! A little bit stronger than three years ago! But it
is only more than 6,000 on the quasi god list!"
Zoey said.
Li Dazhong was just about to say that the corpses all over the ground were actually killed by Levi
Garrison alone.
But Zoey directly said: "Please!"
"Well, okay!"
Li Dazhong also anxiously told Levi Garrison about the matter, so he could only agree to Zoey first.
...
Zoey went back again.
You can see Levi Garrison's relaxed look.
It didn't create a desperate situation for him just now.
...
Blame this Li Dazhong!
"Well, let's continue to act alone!"
Zoey said.

“Miss Li, I will leave with a few words to Mr. Ye!”
After Zoey and them left, Li Dazhong leaned forward.
Said to Levi Garrison: “Mr. Ye, we have encountered mutant living dead…”
“Sure enough! As expected! But these mutant living dead should be controlled by Maya Industry, right?”
Levi Garrison asked.
“I don’t know at the moment. But the strange thing is that these mutant living dead are wearing battle
armor and helmets. If we didn’t know in advance that they were mutant living dead, we really wouldn’t
be able to find them!”
Li Dazhong said.
Others echoed: “It is certain that this group of mutant living dead is still strong! Not necessarily weaker
than what we encountered! Do not rule out the possibility of control!”
Levi Garrison glanced at them.
From the injury, it can be judged that they all suffered just now.
“It seems that Maya Industry really challenged the mutant living dead! But they put on the battle armor
again, which obviously doesn’t want others to know!”
Levi Garrison touched his chin and pondered.
This group of guys must have no deep meaning.
“Is it possible that the armor they wear can have a controlling effect?”
Levi Garrison asked.
“It’s possible!”
Li Dazhong nodded.
“Okay, let’s go ahead! If you have any new news, you don’t need to come to me directly if you contact
me with the communicator!” After
Levi Garrison’s instructions, Li Dazhong and other strong people all left.
Levi Garrison set foot on the road again.
He asked Li Chengmin, the underworld god and the others about what they were observing outside,
while looking for traces of the mutant living dead.
After a while.
Azure Dragon (Qinglong), who was a hundred miles away from Levi Garrison, suddenly changed his face.
Several mutant living dead in battle armor appeared in front of him.
These guys rushed up as soon as they saw Azure Dragon (Qinglong).
“Is this a challenge?”
Azure Dragon (Qinglong) rushed up excitedly.

But a few minutes later.
Azure Dragon (Qinglong) was already retreating backwards.
There were scars all over his body.
This group of mutant living dead is too powerful, Azure Dragon (Qinglong) can't kill at all.
Besides, there are several.
Azure Dragon (Qinglong) had just gone through life and death, almost dying.
The Kirin (Qilin) people who came from the surroundings immediately joined the battle group.
As soon as they played against each other, they felt the power of these "battle armors".
Although they are strong in the gods list, they have nothing to do with the strong in the armor for a
time.
"This…what's this?" What's
more terrifying is that more and more mutant living dead gather.
It was just seven or eight, and there were hundreds of them in a blink of an eye.
It is still increasing.
Although Kirin (Qilin) and the others are all gathered, they are all strong on the list of gods, but they
have suffered a lot from these mutant living dead.
All injured.
Not only that.
The strong who entered the range of experience have encountered the "battle armor".
Same as Levi Garrison expected.
This experience is exactly this group of mutant living dead!
For a time, the strong were killed and injured countless.
Even the strong on the god list are injured, let alone the strong on the quasi god list.
Just ran to die as cannon fodder!
Next.
Xiao Feng and the others met.
They also encountered the sword evil god.
Zoey also met a group…
The Return of the God of War [The Protector] Chapter 2360
Almost the strong who entered the virgin forest encountered mutant living dead.
The challenge of Maya Industry this time is to throw a group of people into the virgin forest and fight

against the mutant living dead!
The strong people of the god list disagree, but get excited.
But a simple fight, the strong of the gods are dumbfounded.
These men in battle armor are too strong.
It can't be beaten at all…
…
Many people are injured in front of these things.
Even if it is Xiao Feng, Zoey and other top powerhouses.
If you are besieged, you will also be injured.
…
Everyone ran into trouble for a while.
This time the challenge came by surprise.
Totally invincible!
If this were to kill a bloody road abruptly, the strength would definitely be greatly improved!
But everyone noticed something abnormal.
The challenge this time seems to be different.
There seems to be a conspiracy…
Where did Maya Industry find so many powerful people?
Even the strong of the gods have nothing to do!
Doesn't it mean that Maya Industry is going to be above the gods' list?
Everyone has no time to think, and hastened a desperate struggle with these "battle armors".
Soon, the powerhouses of the god list discovered that these powerhouses wearing battle armor just
couldn't kill them…
no matter what kind of attack they were, they were useless!
But the good news is that this group of mutant living dead have limited attack methods.
For the strong of the gods, if it is not for a large number of siege, it is difficult to get them injured.
But it is also very difficult for them to kill!
What Levi Garrison was worried about happened…
Everyone around him was in danger.
Fortunately, if everyone is close to him, he can save him.
Levi Garrison felt it for a while.
Azure Dragon (Qinglong)'s injuries were not small, but now they have all arrived at Kirin (Qilin).
Several people are fighting together, and there is no life-threatening for the time being.
Although other people have also encountered mutant living dead, they are not life-threatening for the

time being.
Zoey, the sword evil god and the others are fighting to the death.
Levi Garrison did not choose to intervene for the time being.
This kind of actual combat is the fastest for them to improve…
If they can overcome this level of difficulty on their own, they will definitely improve rapidly.
However, Levi Garrison didn't know how many of them had been killed because of this difficulty that
others seemed to be unable to overcome.
Faced with this hard-won challenge, Zoey and the others are doing all they can to fight.
In order to improve in the limit.
"Not good!" But
suddenly they thought of a question-Levi Garrison!
Everyone is in danger now.
What about Levi Garrison?
He will definitely encounter such an undead super power!
This is far more terrifying than the desperation they had predicted in advance.
It is a desperate situation beyond their control!
Once Levi Garrison really encountered this kind of undead monster, then it was death.
"Quick! Everyone, save Levi !"
Zoey immediately wanted to get rid of these mutant living dead and rescue Levi Garrison.
Other people also reacted.
They ran to rescue Levi Garrison…
But these mutant living dead seem to deliberately block their direction.
This adds a lot of difficulty to them.
Everyone is even more crazy to rescue Levi Garrison.
Levi Garrison was strolling, but several variants of living dead in battle armor did appear in front of him.
A familiar breath came.
Levi Garrison smiled.
"It's not the first time I killed someone like you, I've killed tens of thousands of them!"
This group of mutant living dead, when they saw Levi Garrison, they rushed over like crazy.
Levi Garrison was about to move.
The voice of the evil gods and theirs came from the communicator.
"Master, don't move! This group of mutant living dead have communication devices! They can scan

everything back to the system! There is even an analysis system! Perform combat evaluation and
analysis on you!"
Levi Garrison smiled, "What about me? Do? Stand still?"
"Well, we're thinking of a way! Wait a minute!"
Underworld God and the others anxiously said.
"It's okay, take your time!"
The Return of the God of War [The Protector] Chapter 2361
Levi Garrison smiled: "I'm fine after a few blows!"
Today's Levi Garrison has a terrifying combat power, destroying the world with one punch.
However, to withstand the power of this attack, his body was also indestructible.
While practicing the ultimate speed and ultimate strength, he creates the strongest physique invisibly.
At least Levi Garrison believed that at present, there should be nothing that could hurt him.
Even the previous divine weapon, Heavenly Sword and Earthly Sword, could not penetrate his body.
...
Not to mention other things.
Let these guys hit a few punches, what's wrong?
The mutant living dead came and attacked Levi Garrison one after another.
...
Levi Garrison resisted appropriately a few times.
Then suffered a crit from the mutant living dead.
The terrible attacks all fell on Levi Garrison's body, trying to tear him apart.
"I said you are still okay? I can't hold it anymore!"
Levi Garrison urged.
For Levi Garrison, the attack of the mutant living dead didn't cause any substantial harm.
Can't even talk about tickles!
But he couldn't hold it back.
I wanted to tear up this group of monsters a long time ago.
It was exactly what Levi Garrison expected.
Maya Industry cannot monitor every corner of the virgin forest.
They can only make a fuss about the mutant living dead and the strong who participate in the challenge.
Now, as long as he kills the mutant monster, Maya Industry must know right away.

“Wait! We are trying!”
Underworld God and the others said.
It is still difficult to interfere with the devices on these variants of the living dead.
After all, Levi Garrison’s true strength cannot be exposed!
“Bang bang bang…” The
mutant living dead gathered more and more, and they couldn’t attack for a long time. Seeing that Levi
Garrison was okay, all of them were angry.
Attacks are becoming more frequent and brutal!
Levi Garrison was really angry.
Give a face?
Anxious, Lao Tzu in this virgin forest tore all of you to pieces one by one!
“Okay!”
Levi Garrison’s tone was already extremely angry.
The Underworld God and the others haven’t returned the news yet, and there is sparse movement
around.
They are here with plum dyeing.
Azure Dragon (Qinglong) and others, Sword Evil God and others, Xiao Feng and others also rushed from
all directions for the first time.
They just arrived, and the first sight was that mutant monsters were besieging Levi Garrison. Dozens of
monsters gathered together to rip and eat Levi Garrison.
“Boom!”
Everyone’s brain buzzed, and Levi Garrison was in extreme danger as expected.
If everyone comes back later.
I’m afraid that even Levi Garrison’s complete body will not be seen.
Just fought against this group of mutant monsters, they all know how powerful they are.
So many besieged Levi Garrison together.
Where can he survive?
Anxious!
Everyone is in a hurry!
“Levi !!!”
“Master!!!”
“Boss!!!”
…
Zoey everyone rushed forward immediately.
“Boom!”

“Boom!”
“Boom!”
……
Everyone showed their best, forcibly, all the living dead who besieged Levi Garrison’s mutants were
blown away.
Rescue Levi Garrison!
Levi Garrison was about to cry.
The idiots of the evil gods are too inefficient.
Hurry up, Zoey and the others ran to save themselves.
Let them mistakenly think that they are being bullied by the mutant living dead, let them mistakenly
think that they saved themselves.
Seeing Levi Garrison’s ragged clothes, Zoey cried.
Fortunately, they responded promptly and rescued quickly!
Otherwise, Levi Garrison will definitely die!
They were negligent.
Did not give Levi Garrison enough protection!
“Evacuate! Take the boss to evacuate here first!”
Azure Dragon (Qinglong) ordered.
Fortunately, the primeval forest area is large enough.
Soon everyone fled to safety.
Everyone cheer for each other.
“We saved Master (the boss) again!”
Everyone looked very excited.
Levi Garrison shook his head speechlessly.
The Return of the God of War [The Protector] Chapter 2362
This is even more inexplicable.
After all, let them see with their own eyes that they were almost torn apart by the mutant living dead.
He must have been bullied because he thought he was inadequate.
They are all to blame for the evil gods!
If it was resolved earlier, I would shoot all these things to death. How could there be such a thing?
Levi Garrison looked upset.
...
If the evil gods were in front of him, Levi Garrison would have to kick them.
Levi Garrison’s annoyed look fell in the eyes of everyone, changing his meaning.
It made everyone think that this was the reality that Levi Garrison deeply realized that his current

strength was very weak and inadequate. He had no choice but to resign himself to the dangerous and
desperate situation.
...
After all, the former king slaughtered the Quartet, he has always been the savior!
But now that he is in danger, there is no way to solve it.
In the end, it was rescued by someone!
People can only wake up in this kind of adversity!
Only then can you abandon the past and cultivate the present.
Although Levi was in danger just now.
But Zoey achieved their goals.
Let Levi Garrison truly feel the life and death, he will wake up!
Cruel facts are always more convincing than preaching!
"We are all responsible for this matter! We didn't do a good job of guaranteeing it! It almost put you in
danger..."
Zoey blamed himself .
But with a smile on her face, she turned her words, "Levi , do you understand the difference between
the past and the present?"
Levi Garrison nodded, "There is indeed a gap! Give me a few like this before, and it will destroy the
world. !"
Levi Garrison meant that there was no such experiment before.
There are a few before, enough to kill everything.
But in everyone's ears, it meant that Levi Garrison had already admitted the gap between the past and
the present.
He began to slowly accept and this era.
Aware of my shortcomings, I have to give up everything before.
Zoey smiled, "So, after you go back, you will have to practice modern techniques! Realizing the gap, you
have to work hard!"
Xiao Feng smiled, "Yes! Master! Look at the undead monsters just now! , You can't solve it at all! We're
okay, we can barely handle it! It's not nice to say that the master was saved by the apprentice! You
improve as soon as possible!"
They are explaining a fact!
When encountering a powerhouse of this level, Levi Garrison was completely unsuccessful, and could

only be beaten and abused.
But they can solve the problem and highlight the heavy siege.
This is the obvious gap!
If Levi Garrison wants face, he will practice hard when he goes back to improve his strength as much as
possible.
Instead of being saved by apprentice brothers like this!
No one can save face!
This is still a great realization, it is impossible.
What disciples' exercises, what brothers' exercises…
These are not ashamed.
It is the most embarrassing to be solved by the apprentices again and again!
Seeing Levi Garrison, Zoey smiled with satisfaction.
I feel that the plan has been completed.
Levi Garrison had already awakened.
"Since our goal is achieved! Then, Levi can't act alone anymore!"
Zoey said.
"Ah? Sister-in-law, what should we do? We can't everyone around the boss alone, right?"
Kirin (Qilin) asked.
This time everyone has two goals in the primeval forest.
One has been reached.
Next, everyone wants to experience it.
It is impossible to turn around Levi Garrison alone…
After all, this opportunity is too rare!
Zoey smiled, "I thought about it before I came here!"
"How to say?" "Let's take turns! All of us are in groups, three people! Each group will spend about half a
day with King's Landing! One group! Take turns! Except for a group to protect King's Landing, everyone
else can freely exercise and experience! Wait until your group time to meet!"
Others said, "Understood!" "No, I want to act alone!"
The Return of the God of War [The Protector] Chapter 2363
At this time, Levi Garrison's voice suddenly sounded.
Everyone looked at him puzzled.
Having just experienced the desperate situation of life and death, he has to act alone.
Is it sick?
Or is it not enough?
He hasn't realized that he is weak yet?

...
But how is it possible!
Levi Garrison was bullied like that just now.
He would be torn apart by those monsters… How could
...
Levi Garrison act with everyone? He had other things.
"No! The previous action alone requires you to experience life and death, understand your weaknesses
and recognize your current strength! You don't need it now, it's too dangerous for you to go alone!"
"Listen to my arrangements! From now on, everyone will be in groups. Me, Phoenix (Suzaku) and the
evil god of poison are a threesome! Let's start!"
"Others experience freely! After six hours, everyone will signal to join together!"
"Okay, let's go !"
Finally.
The trio of Zoey Phoenix (Suzaku) Poison Cthulhu first protected Levi Garrison.
The others are also divided into groups.
They are a group of one super strong and two strong!
Everyone dispersed.
Levi Garrison was helpless.
Follow Zoey in a group of three.
Sure enough, without going out a few steps, there were mutant living dead appear on the face.
Zoey smiled upon seeing this: "Look, if you act alone! You may be in danger of your life right after you
leave! Follow us is the way to live!"
"Yes, boss, you have to follow us! Here There is danger everywhere!" Phoenix (Suzaku) said.
The evil god of poison also said: "Cthulhu, these guys are too evil! My poison is useless to them! Still
have to be careful!"
Levi Garrison smiled: "What's so scary about this, I killed this thing. There must be more than ten
thousand!"
"You…"
Everyone looked at Levi Garrison strangely.
It is not a question of doubt or doubt.
It's an impossible question!

This variant of undead monsters should be the first time in the world, right?
No one has seen it before!
I have never heard of such existence!
Where will Levi Garrison meet?
Three years ago?
If he had seen these undead monsters early, he would have died early!
He was trapped for another three years.
Where do you encounter these monsters and kill tens of thousands of them?
How is it possible?
They haven't tried this kind of monster.
One by one powerful is dying!
They can't kill one anyway!
Can only fly them…
kill tens of thousands…
unimaginable!
Unless…
unless it must be the kind of existence that knocks off the Heaven Sword with two fingers!
Otherwise, it is impossible!
Levi Garrison's bragging skills are really amazing!
Dare to blow this kind of thing!
Killing one is bragging!
After all, Xiao Feng Kirin (Qilin), who was at the forefront of the gods' list, couldn't do it.
Killing tens of thousands is a blow to the sky!
The three looked at him weirdly.
"It's okay, your boss told a joke, adjusting the tension!"
Zoey smiled.
"Yes, such a tense atmosphere, relaxed and relaxed!"
Phoenix (Suzaku) smiled.
Upon hearing this, Levi Garrison was upset.
"Since you don't believe it, then I will kill a few for you!"
Levi Garrison said coldly.
"This…"
Wen Yan.
Zoey's complexion changed drastically.
They really thought Levi Garrison was joking.
Unexpectedly, he came for real…All
three of them were dumbfounded.
Don't know what to do for a while?

I don't know what to say.
Can only watch…
Levi Garrison stepped forward.
Several variants of living dead thousands of meters away, rushed like crazy.
"Sister-in-law, look…"
Phoenix (Suzaku) is asking if she wants to make a move, or what to do…
"Look first!"
Zoey wanted to see what medicine Levi Garrison sold in the gourd.
What if he could really kill these monsters?
Not necessarily…
Zoey chose to stand still and watched Levi Garrison act.
The Return of the God of War [The Protector] Chapter 2364
Seeing a group of monsters rushing, Levi Garrison smiled.
A bunch of scum!
"Have you got it done? I should be able to kill now, right?"
Levi Garrison asked the Underworld God and the others through the communicator.
"Still not working! Give us a little more time! Maya Industry is too powerful!" The
depressed voice of the evil god came.
…
Levi Garrison was really angry.
Compared with the Phoenix (Suzaku) and the Western Heavenly Kings.
This Underworld God is just a waste.
…
Can't handle it for so long?
Haggling!
Levi Garrison is going to scold his mother!
The Underworld God couldn't handle it, and Levi Garrison couldn't make a move.
It was directly exposed to Maya Industry.
So it can't be shot yet.
Levi Garrison wanted to curse the street, several variants of the living dead already rushed over.
Their desire for blood is terrible!
Seeing that the distance between the two sides is less than ten meters.
The three of Zoey also became nervous, their hearts almost hanging in their throats.
The three of them are nervous and ready to rescue them at any time!
But at the same time, there is a trace of expectation-what if Levi Garrison violently slays these

monsters?
Under this kind of ambivalence, they stared at Levi Garrison.
Five meters!
At this moment, Levi Garrison suddenly turned around: "Run!!!"
"Puff!" The
three of Zoey almost spurted blood.
Waited for a long time, and looked forward to it for a long time.
The result is running?
But Levi Garrison ran away.
They can only run!
Disappointed?
Not really!
In the beginning, I had almost no expectations for this matter, so I was not disappointed!
"Let me just say it! How could he have the power to kill this undead monster! Just kidding, to adjust the
atmosphere for everyone!"
Zoey smiled helplessly.
"The boss must see that we are all there, so I tried a sense of danger!"
Phoenix (Suzaku) said.
"Well, indeed, at least we are a guarantee!"
Everyone ran and chatted.
Levi Garrison was silent all the time.
What a shame!
What a shame!
It's all to blame for the evil god!
This kid has lost himself twice!
The purpose of Zoey's grouping was to protect Levi Garrison in a trio, so they encountered these
mutants and tried to avoid them as much as possible.
Only when they are alone, they will face head-on with these mutant living dead!
Levi Garrison was thinking about how to break away from these people and start acting alone.
Now Maya Industry's intentions are still unclear…
Lee Chengmin and the others have no definite news outside.
Dodging all the way, soon six hours passed.
It's time for plums to dye these three groups.
It's time to switch to the next group.
The second group is the Kirin (Qilin) with the evil spirits and the apprentice Zhou Ke before Levi
Garrison!

“Be careful… try to dodge, don’t touch…”
Zoey was passing on some experience to them.
“Understood!” The
three Kirin (Qilin) nodded.
Levi Garrison was still thinking about how to get rid of these people.
At present, there is really no good way.
Can’t get rid of.
“Okay, let’s start. Boss, let’s go!”
Kirin (Qilin) said.
…At
this time, the experience in the virgin forest was cruelly going on.
It can be said that there are countless casualties.
And on the aircraft carrier somewhere in the sea.
Maya Industries is observing all developments.
“Isn’t Levi Garrison dead yet?”
A senior member of Maya Industry suddenly found the trace of Levi Garrison and asked in surprise.
“No…no… Levi Garrison has a large number of strong gods guarding him! No matter how he can’t die!”
a subordinate said.
“Really? That being the case! Next, we will dismantle all the strong men who guard Levi Garrison! I don’t
believe that Levi Garrison can’t be killed!”
“Tell my order! Send ten thousand variants of the living dead! Send Levi Garrison over! The
powerhouses around him are all taken apart one by one!”
…
This is what Levi Garrison never expected.
Maya Industry actually “helped” him…
The Return of the God of War [The Protector] Chapter 2365
What do you want?
Levi Garrison never expected it!
But the original intention of Maya Industry was to let him die!
Maya Industry did not attack Levi Garrison before, it was because Levi Garrison was hit by the elemental
effect.
After being cured by the new deep-sea substance, now they have a chance, they naturally want to kill
Levi Garrison.
now.
…
The Kirin (Qilin) trio and Levi Garrison avoided together.

Seeing that the three of them were covered in blood, Levi Garrison asked, "Are they all injured?"
"Well, a little injury! Not enough!"
...
Kirin (Qilin) didn't care.
"If we blindly avoid it, in this virgin forest, the strong of the gods will still have a great advantage! Almost
100% can avoid this undead monster!
But we are here to experience and improve! Head-to-head with them, thinking about how to defeat
them instead of running away! It's normal to get some injuries!" The evil god and apprentice Zhou Ke also said.
The evil spirits, who are known for their physical skills, have actually practiced offensive methods in this
era.
Perhaps in his opinion, it is more useful.
Levi Garrison nodded.
This is indeed the truth.
It's not the metal fortress of the Sanxing Group, it's just such a big place, and it will be surrounded over
time.
But this virgin forest is too big and too big.
Even if you throw in millions of variants of the living dead in it, you can't make waves.
Not up to the level of intensiveness.
If you want to escape, the strong man at the top of the gods list is easy to do.
Not to mention now, it is estimated that the number of variants that Maya Industry has invested in will
be more than one hundred thousand living dead.
Not even yet.
It's easy to run away!
But many strong people come from experience and must be positive and strong, and they will definitely
not escape.
So far, he is still wondering what exactly is the purpose of Maya Industry? What are they going to do?
"By the way, let me take a look!"
Levi Garrison suddenly thought of something and began to check the wounds of Kirin (Qilin) and
others.
After checking one side, he breathed a sigh of relief.

It doesn't seem to be what he thought…
At first, Levi Garrison thought of a possibility-
Maya Industry used these variants of the living dead to injure all the strong men who came to challenge.
The wound is a special element that invades them, so that everyone is equivalent to death.
Then Maya Industry itself controls the solution to this element.
In this way, most of the strong people who are equivalent to the quasi-shenban are under their control.
They use the antidote to control these people for their use.
Therefore, Levi Garrison quickly checked whether their wounds were invaded by this special element.
The result is not!
It is estimated that it will be more difficult to do this…
the offense of the mutant living dead is limited, and once the mutant living dead uses this special
element, it will be quickly discovered.
If the whole world knows it, then Maya Industry will become the world's public enemy.
Will be opposed by the whole world.
This is not a good thing for Maya Industries.
So they can't risk it!
Then Levi Garrison was wrong.
This is not the purpose of Maya Industry.
So what will it be? ? ?
Levi Garrison's head is big.
"Boss, what are you thinking about? Do you have a solution to this undead monster?"
Kirin (Qilin) thought Levi Garrison was thinking about it.
Levi Garrison said without looking up: "Yes! What is this, I don't know how many I have killed!"
Kirin (Qilin): "…".
Demon God: "…".
…
They shouldn't ask.
Levi Garrison can only brag.
"Exactly… what is it?"
Levi Garrison touched his nose.
"Rumble…"
But at this moment, the earth trembled suddenly.
It's like a galloping army.

From a distance, they saw a huge movement in the woods ahead, and a large number of mutant living
dead attacked…
The Return of the God of War [The Protector] Chapter 2366
It was not just Levi Garrison who appeared in front of them with a large number of mutant living dead.
Zoey, Xiao Feng, Azure Dragon (Qinglong)…
Hundreds or even thousands of variants of living dead appeared in front of everyone.
Before everyone was surrounded, there were at most hundreds of variants living dead.
Hundreds of them this time!
The most important thing is that everyone has so many in front of them!
…
Plus everyone is separated!
For a while, Zoey and others were trapped by hundreds of mutant living dead.
"No! Be careful, everyone!"
…
Azure Dragon (Qinglong) shouted.
"The boss must be dangerous! With so many monsters, the three of them can't be protected by the
unicorn!"
"We try to get closer to the boss, and besides, everyone is strong in gathering together!"
……
Everyone agrees with Azure Dragon (Qinglong)'s ideas and commands.
But when it started, everyone was dumbfounded.
Everyone is besieged by hundreds of mutant living dead.
It's hard to protect yourself!
It is different from the variants of the living dead in the Sanxing Group's metal fortress.
They are like wild beasts.
No thinking, no organization.
But these mutant living dead in front of them are obviously controlled by Maya Industry, so they can do
whatever they want?
If it is a group of uncontrolled mutants living dead, then everyone is easy to escape.
But now they are controlled by Maya Industry, and they cooperate with each other tacitly to maximize
their respective advantages.

Zoey these strong men are locked up, unable to move even half a step.
And everyone quickly became dangerous.
I can't even take care of myself, let alone save Levi Garrison.
How could it be… the
other side.
In front of the four of Levi Garrison, a total of two thousand variants of the living dead appeared.
There are also variant living dead appear on the left, right and back.
A total of four to five thousand variants of the living dead.
Surrounded them tightly.
*"f*ck! This…"*
Kirin (Qilin)'s body trembled a little.
The other two are even more scared.
What is this going to do?
None of them can be killed.
Thousands of them…
Levi Garrison looked cold.
More than this have been killed.
Not to mention these things.
But Levi Garrison laughed suddenly.
Great opportunity!
This is an excellent opportunity for him… he
can go out alone…
"Boom…"
Everyone can't think about it.
A large number of mutant living dead on the opposite side all rushed over.
"The left is the weakest! Boss, we cut a hole from the left, you must rush out!"
Kirin (Qilin) immediately found the weak spot.
He took the lead and slammed out from the left.
After Zhou Ke broke.
As for the demons and evil spirits, they used the ghosts and charms to send Levi Garrison out.
Subsequently, three people blocked it.
Levi Garrison observed.
Most of the mutant living dead rushed straight towards themselves.
The rest entangled Kirin (Qilin) and the three of them.
And the plums around them are the same, these variants of the living dead are just entangled.
And they weren't aiming at killing people, and another attack was limited.
You may be seriously injured, but you will not die.
For them, this is the best opportunity for experience.

There is no life-threatening words.
Levi Garrison still didn't choose to shoot.
It seems that this group of mutant living dead are coming for themselves, they are deliberately
manipulated.
Maya Industry wants to die by itself!
Levi Garrison left immediately.
Temporarily came to an area farther away than plums dyed them.
But if it is rescued, he will show up for the first time.
Two or three thousand variants of the living dead still followed him behind him.
Is searching for him carpet-like in this direction.
Levi Garrison had already turned on the signal-shielding instrument at this time, so that he was not
under the surveillance of Maya Industry.
"Huh? People? Why did Levi Garrison disappear suddenly? Did he run away?"
Soon, Maya Industry was in chaos.
Can't find Levi Garrison.
The Return of the God of War [The Protector] Chapter 2367
"Impossible! Where can he rush to in such a short time? He must have found a place to hide!"
"Find! Use all equipment to find him! Levi Garrison must die! I have endured him for a long, long time.
That's it!"
... On the
aircraft carrier, the senior officials of Maya Industry were deeply distressed by Levi Garrison.
And listening to the words, he is Levi Garrison's acquaintance!
The enemy for a long time.
...
On the other large screens, images and information data are continuously transmitted.
"Hahaha... This time we have forced out Kirin (Qilin), Xiao Feng, and Zoey's tricks... all have been
transmitted! It is equivalent to saying that the current Kirin (Qilin) powerhouses, they have no
reservations for us! This It kills two birds with one stone!"
Someone surprised.
...
The man nodded: "Well, not bad!"

“It’s just a pity… 1/3 of the strong have all withdrawn. They are all related to the Bible Organization. Did the Dark God guess that we all intended? So let Everyone has withdrawn?”
Someone asked.
“It’s possible! Without the Bible Organization, we lost one third of our data all at once! This is extremely unfavorable for us!”
“To this day, we still don’t know the true identity of the Dark God. Where is it sacred?”
… While Maya Industry was discussing matters , Levi Garrison was hiding in a towering tree.
The following is the mutant living dead crowd that rushes past.
As long as he wants, these people don’t want to find him.
“Is the master here? We are ready, we can temporarily shield Maya Industries’ devices! Or let their signal feedback be delayed!” At this time, the voice of the evil god came.
Levi Garrison looked helpless.
Why did this kid go early… It ‘s just fine when he’s alone.
“Okay! Let’s start! I’ll do a few research studies! You can shield the interference!”
Levi said.
At the moment.
The following variants of the dead crowd slowly passed by.
Levi Garrison swooped down suddenly.
Grabbing the two of them, they dragged away quietly.
The mutants of the Living Dead weren’t spotted at all, and they were still moving forward.
These two variants of the living dead still want to fight back.
Levi Garrison used force, the terrifying force penetrated the body through the battle armor, and directly killed the two variants of the living dead.
Came to a quiet place.
Levi Garrison took down the devices on the two variants of the living dead, scanned them with the instruments they carried, and sent them to the Underworld God and Li Chengmin.
What is the purpose of Maya Industry now… I ‘m afraid that it can be known by analyzing this device…

After receiving the data, Li Chengmin and the evil god and others went to study.
Levi Garrison was watching Zoey and their movements while waiting for the results.
…On
the aircraft carrier of Maya Industries.
"What's the matter? Haven't you found Levi Garrison?"
Several senior executives looked a little crazy.
"Yeah, I still haven't found Levi Garrison! I feel like he should be hiding! Although his strength is average,
he has rich experience and is the most cunning old oil in this group! If he hides, it is really difficult to
find! "
They searched all the places they could find, and there was no figure of Levi Garrison at all.
"Now! We have to rely on others to find them! Although we can manipulate these variants of the living
dead, they are not humans after all, their brains are just full of violence, and their IQs are still not high
enough!"
"Didn't Sanxing Group have one or two hundred people in it? Give them the green light all the way, and
quickly find someone for me! As well as the people we mingled in, let me find Levi Garrison!"
"Then encourage those who have hatred with Levi Garrison to find it! I don't believe it. To him!"
…For
a time, Levi Garrison was everywhere in the primeval forest.
But he is waiting for Li Chengmin and the others to give the result, what exactly is Maya Industry going
to do…
The Return of the God of War [The Protector] Chapter 2368
After waiting for ten minutes.
The result is here.
"Maya Industry is collecting information and data! All the information and data of everyone who
participated in the challenge has been collected by them! Including everyone's exercises and stunts… As
long as all the means displayed in the face of mutant monsters are included…"
Li Chengmin told Levi Garrison the results of the analysis.

“That is to say, the purpose of Maya Industry this time is to collect all the information, skills, skills,
offensive and defensive methods of everyone…no, it should be offensive methods…”
Levi Garrison understood.
...
Maya Industry takes advantage of the challenge of everyone.
After encountering the mutant living dead, almost no one will run away.
They all choose to attack directly.
...
Maya Industry is collecting offensive methods!
The offensive skills of the strong men equivalent to two-thirds of the gods’ list and the quasi-shen’s list
are all exposed, and they are completely controlled by them.
So what do they collect these offensive methods for?
Levi Garrison understood.
This is an offensive method used to enrich the variants of the living dead!
The defense of the mutant living dead is the topmost, and none of the masters of the gods can be killed.
The only thing missing is that the offensive methods are not rich enough.
No threat to the real powerhouses!
No matter how large the number is, as long as they are not trapped in prison, the strong can still escape
easily.
But if you have the offensive methods of these strong men, it will be different.
Offense and defense are the most terrifying.
You can’t beat me to death.
You still can’t beat me!
How to play like this?
This is the real purpose!
Collect as much as possible the offensive methods of the strong in this world to equip the Army of the
Living Dead.
That would be an unimaginable combat power.
Who can stop it?
Fortunately, Levi Garrison ordered in advance that the strong one-third of the forces controlled by the
Bible organization all withdrew.
Otherwise, it would be terrible…If
Maya Industry can get all these, then the Legion of the Living Dead will be extremely powerful.

The threat to the world is too great!
Another point is that after they have collected enough information about the strong, all the strengths
and weaknesses equivalent to everyone are exposed, and they are all under their control.
That is to say, strong people like Xiao Feng, Kirin (Qilin), and Zoey are completely useless for Maya
Industry.
Everything about you is controlled by them.
They can specifically target you, and your combat effectiveness is equivalent to zero!
It's no different from ordinary people.
And it's not one or two people.
This is the strong two-thirds of the god list and the quasi god list!
This is terrible!
Of course this is not important!
The important thing is that they will create an invincible army of the living dead!
Coupled with the special weapons of Maya Industry, who can be the enemy?
But all this was a joke to Levi Garrison.
He is only interested in the purpose of Maya Industry.
This behavior really resembles the laboratory of the gods.
However, there is still no evidence that they are similar to the Lab of the Gods…We
have to continue to look for it!
What is Levi Garrison going to do next?
Now that I know the purpose of Maya Industry.
Then Levi Garrison would stop it.
Let Zoey give up the challenge and don't expose yourself.
At this time, Li Dazhong began to contact Levi Garrison.
Claim that he got the order.
"What? Does Maya Industry have to kill me? Still saying that I am an old enemy?"
Levi Garrison smiled.
"It's interesting, interesting…" In
this way, Levi Garrison connected Maya Industry to the Lab of the Gods.
"Okay, leave here temporarily!"
Levi Garrison left temporarily.
Soon after.
Groups of people came here.
Even Zoey and others who stood out from the siege also converged here.

But no one saw Levi Garrison's figure.
Only two variants of the living dead were seen falling to the ground.
"What? This monster was killed?"
"How is this possible? Who killed it?"
When the mutant living dead was destroyed, everyone was shocked. Can anyone kill this thing?
The Return of the God of War [The Protector] Chapter 2369
During this time, they are all dealing with this stuff.
Take out all your best and take out all the housekeeping skills, you can't kill one!
Exhausted all kinds of methods will not work!
Even Azure Dragon (Qinglong) and Tiger (Bai Hu), together with four or five powerhouses of the gods,
could not kill one of them.
The top 30 or 40 of their gods are not good!
How could anyone kill it?
...
Impossible!
The hundreds of people present were stunned.
All think so.
...
How could anyone kill this thing?
It's impossible!
Whether they are strong or not, they think so.
The monsters under these armors are unkillable!
But the fact is that someone did kill two!
It's alive in front of everyone's eyes.
This is true!
A fact that everyone sees!
"Who did this on earth? This… Doesn't it mean that there is a strong man among us who can kill this monster?" Someone told a terrible fact.
However, there were the top 30 or even the top 20 powerhouses on the gods list.
Everyone understands the fact-they simply can't kill these monsters!
Unless the top ten of the gods…
no!
Maybe the top ten on the god list is not good either!
Maybe it's at the level of the first dark god on the list of gods!
The strongest person who came to challenge this time was only the thirteenth on the god list.
It is impossible to kill such a monster!
Now the mutant monster is killed!

That means that they have mixed in with super strong…The situation is much more terrifying than before!
Everyone was shocked!
Are all wondering what kind of strong can kill monsters?
"By the way, where's the boss? It's important for us to find the boss!"
Azure Dragon (Qinglong) and the others still care about Levi Garrison's situation.
"Yes, where is Levi Garrison?"
Other people also reacted.
Everyone came to Levi Garrison.
Unexpectedly, I encountered this situation halfway through.
"Find! Keep looking!"
Whether it is a corpse or a living person, everyone must find it.
Zoey, they were trembling and sweating nervously.
They most hope that Levi Garrison can hide now…
Everyone has begun to find Levi Garrison again.
Looking along the way, everyone was surprised to find more and more variants of the living dead lying on the ground.
All were killed.
The head exploded, and the body exploded.
And the armor is intact, and the inside has become muddy… for sure!
Everyone is sure now!
There must be a super power coming in… It is estimated that their purpose is not a challenge at all, it should be something else…
Levi Garrison is naturally the one who did these variants of the living dead.
Now the Underworld God and the others can help, so Levi Garrison basically saw one kill one.
Never get used to faults anymore.
So this way, variants are everywhere.
The method of death was tragic and heart palpitating!
The more you look for Levi Garrison, the more trembling in everyone's heart.
"What? Two living dead were killed?"
Maya Industry also received the news.
Originally, they couldn't know that the mutant living dead had been destroyed, but they arranged a lot of undercover agents among these strong men.
So they also received the news.

“There are variants of the living dead being killed? How could it be possible?” In
Maya Industries’ aircraft carrier base, everyone was going crazy.
As the maker of the mutant living dead, no one knows how hard it is to kill the mutant living dead better
than them.
They know much better than Sanxing Group!
To be able to kill the mutant living dead, that strength is too super terrifying!
At least none of these people who came to the challenge could do it.
How could such a strong man suddenly pop up?
“Check! Check it out for me! Who the hell is…”
Everyone in Maya Industry was very curious.
“Four more were found!”
“Seven more were found!”
… There were constant news reports, and after a while, the mutant living dead fell down hundreds of
times…
The Return of the God of War [The Protector] Chapter 2370
“Here! Who is in the crowd? We don’t even know! What exactly is this person doing?”
“Send out all the forces we can to find out, Levi Garrison doesn’t care about it for now!”
…
Maya Industry wants to Anxious.
I immediately tried my best to find someone.
He did all this.
…
Mutant Living Dead, the more he kills, the better.
Next, it’s best to let Zoey a variant of them that the living dead can’t touch.
As long as you can’t meet the mutant living dead, you won’t expose your own things.
…
The plans of Maya Industry will naturally be destroyed.
I don’t know, he may not care.
But knowing the purpose of Maya industry, it must be managed.
Zoey and the others searched for a long time, and finally saw Levi Garrison in a dense forest swamp
area.
Levi Garrison just finished solving several variants of the living dead.
As soon as they fell, they fell into the swamp, sinking deeper and deeper.

“Puff!”
“Puff!”
...the
surface of the swamp, gurgling bubbles.
Obviously something is sinking.
After Zoey and others arrived, they all stared at the bubbling bubbling of the swamp.
In addition, Levi Garrison was covered in blood, and they all thought that Levi Garrison had just killed
someone.
He also threw people into the swamp.
After all, Levi Garrison had many enemies, and it was normal for a few to come out.
But what they didn’t expect was that there were mutant living dead in the swamp.
But it is impossible for everyone to take a look.
Even the swamp is useless for everyone.
“Boss, why did you hide here?”
Azure Dragon (Qinglong) asked.
Levi Garrison shook his head, “I didn’t hide, I just came here and cleared all the obstacles! You guys
shouldn’t encounter mutant living dead along the way, right?”
“Yes, that’s right.”
Everyone looked at each other.
That’s true.
Along the way, it was really half a variant that the living dead hadn’t seen.
The only ones I saw were destroyed and wiped out.
“I cleared it all away!”
Levi Garrison smiled.
That said.
People will not believe it more and more.
I took a look at the mountainous landforms here.
So suitable for hiding.
Levi Garrison either hides in the swamp or hides in other places, it is easy to avoid the mutant living
dead.
He has been hiding here all the time, and indeed he hasn’t encountered it.
“It’s great that you’re okay, I just worried about us!”
Everyone breathed a sigh of relief.
“You are all here, right? Is there any contact information for other people?”
Levi Garrison asked.

“Yes, we have the contact information for 70 to 80% of people!”
Phoenix (Suzaku) nodded.
“Okay, now you contact everyone who can be reached! Let everyone quit the challenge and withdraw
from the primeval forest! Hurry, hurry!”
Levi Garrison ordered.
“Huh?” But
this surprised everyone.
“Withdraw from the challenge? Withdraw?”
Everyone found a little bit of fun from the challenge and just adapted to the rhythm of life and death.
In the first battle, everyone improved too much.
After finding Levi Garrison, he planned to continue to fight hard and continue to improve.
At this time, I told everyone to withdraw and withdraw… Everyone
has to doubt this, right?
“What’s the matter with the boss? Why did you let us withdraw from the challenge?”
Everyone looked at Levi Garrison in confusion.
“Yeah, we are all able to practice, and we have improved a lot! It is a bit bad to quit because of
unknown!” It can be
seen that everyone is unwilling to quit.
“It’s not just you withdrawing, but everyone withdrawing from now on! Hurry up! Notify others! I’ll
explain to you later! It’s too late!”
Levi Garrison didn’t want everything about these strong men to be exposed.
Now is the most important moment.
“No! We can’t quit! This is a once-in-a-lifetime opportunity! I have never improved so fast, I absolutely
can’t quit!” Zoey said suddenly.
The Return of the God of War [The Protector] Chapter 2371
She didn’t want to hear Levi Garrison’s reason.
Refuse directly!
She doesn’t want to quit! Xiao Feng, Zhou Ke and a group of apprentices also expressed their views,
“Master, we can listen to you if it’s other things! But we have been waiting for this opportunity for three
years. We don’t want to miss it, let alone give up halfway! Master, we are just like Master,
Don’t withdraw! Never withdraw!”

Although the Sword Evil God, Kirin (Qilin) and others remained silent. But they chose Zoey here.
...
As for Li and Zhao, everyone in the family has tasted the sweetness of the challenge, and their strength
has soared.
Under such a great opportunity, how could it be possible to withdraw and evacuate?
Levi Garrison didn't even want to listen to any reason.
...
Even if Levi Garrison said about breaking the sky, they would not listen. It's not helpful for others to say more.
What they want is personal experience!
At present, there is a danger of death, and the probability is not small. But in the desperate situation of life and death, everyone grows fast, and their potential is stimulated
fast.
In just such a half-day, everyone's improved efficiency is stronger than in the past few months!
How can you withdraw from a once-in-a-lifetime opportunity?
"Don't rush to refuse, listen to what the boss said?"
Azure Dragon (Qinglong) controlled the situation, looked at Levi Garrison and said, "Boss, if you don't
have a reason to persuade everyone, no one will withdraw from this challenge!"
Azure Dragon (Qinglong) meant that Levi Garrison had to say that he couldn't wait to explain it later.
Now explain that everyone doesn't want to listen, let alone the future.
"This is the conspiracy of Maya
Industry! They use these variants of the living dead to fight against you, drive you into a desperate
situation, let you perform all your best, and display all the tricks without reservation! So Maya Industry
can steal you
All our skills! "It
looks like you are fighting them, but in fact they are collecting your combat power information…"
Up to now.
Levi Garrison can only explain. But when
this explanation comes out, it seems pale and weak.
No one believes it. !

Li Wenhai Road directly on the spot "Ye monarchs you do not grandstanding! Maya Industry even has a
lot of such perverted monsters. What do we want our exercises to do? "
Don't say it belongs to us ordinary people, it is the exercises of the top fifty strong people in the gods
list. It is normal for Maya Industry, right? Not top-notch, right? "
Others agreed." Yes, what do they want our exercises to do? Nothing to do in your idle time? "
That's because they want to enrich the offensive methods of these mutants of the living dead!" Create
them into an invincible army of the living dead! "
Levi Garrison said.
"Puff!" "
Now, everyone laughed even harder.
"Levi Garrison, are you treating us as fools?" Are you sure that the offense of this group of monsters is
very weak, and we need to use our techniques to enrich their offensive methods? "
Yes, Levi Garrison, are you sure?" ? ? "
……
almost everyone present in the leaves looking at Harborside.
Ye monarchs shot forehead.
He forgot a thing.
These variants of the Living Dead attack of their own, weak weak, may depend on Who ……
for Other people are absolutely invincible to the people in front of them!
Even to Zoey, who is a strong man on the list, they are also threatening, not super strong, but not weak
at all?
So Levi Garrison said now , Used to enrich offensive methods.
They naturally don't believe it!
That's also because the target group of Maya Industry is not the majority of people at all.
They are aimed at the top dozens of the top powerhouses in the gods list.
At present, with a variant of the immortal system of the living dead, plus the most violent brain, if you
have suitable offensive methods.
You can easily kill the strong people in the forefront of the gods.
…
Therefore, everyone was stunned by what Levi Garrison said. Everyone thinks that Levi Garrison is blind.
The Return of the God of War [The Protector] Chapter 2372

“Levi Garrison, are you saying that these monsters are weak? Well, I’ll find one and fight with you to see
if its offensive is weak?”
Li Songkui said dissatisfied.
“Ye monarchs of what you do not know your own strength? Said this variant of the monster offensive
game needs rich!”
“Do you really think one is a ah! Say such things out!”
……
this time Zhao Jun Fei suddenly shout “I...I understand!”
...
“What?”
Everyone looked at Concubine Zhao Jun.
“Levi Garrison must be scared! He
...
just asked everyone to withdraw and evacuate!” “Just now you encountered a scene surrounded by
hundreds of monsters. The group of Levi Garrison Kirin (Qilin) is even more difficult, surrounded by
thousands of monsters! Levi Garrison must be surrounded by thousands of monsters! I was scared at
that time! It’s not surprising to want to evacuate now!”
Zhao Junfei’s explanation made everyone feel reasonable.
Levi Garrison must be scared.
Want to leave here.
Just said a reason for such an absurdity!
“Then tell me, why Maya Industry held this challenge, and what are they for?”
Levi Garrison couldn’t help asking.
But now, everyone can’t listen to his words.
“Anyway, whoever is afraid will withdraw. We won’t leave anyway!”
“So
are we !” “There are still us……”
……
Everyone expressed their opinions one by one.
“Furthermore! We have gone deep into the virgin forest. Now if we evacuate, it will take more than a
long time. Do you dare to say you won’t run into this mutant monster?”
Someone told a fact.
If we withdraw now, it will be difficult.
“Just withdraw from this route! I have just cleaned up all the variant living dead on this route! If

everyone wants to retreat, they must be safe and sound!"
Levi Garrison said.
He was just making preparations.
"Hahahaha…"
But when you say that, no one believes it anymore.
If Levi Garrison had this ability, he wouldn't be scared away.
"Then what should I do now? If the boss is scared, should we send the boss out?"
Azure Dragon (Qinglong) asked.
The brows also clustered.
He is also very embarrassed about this matter.
If you send Levi Garrison out.
Everyone has lost too much.
At least half of them had to escort Levi Garrison.
Others are also embarrassed.
He would rather bring Levi Garrison by his side, and follow the same grouping as Zoey before.
He didn't want to send Levi Garrison out now.
It takes too much time to go back and forth.
Everyone is unwilling.
"Since you are afraid of King's Landing, then you hide first. Anyway, you just hid here, the mutant
monster didn't find you at all!
Let's continue to participate in the challenge! After our challenge is over, we will come here and take
you. Leave! Or if you are in danger, send a signal and we will appear immediately!"
Zoey said.
"Yes, let's arrange some people around to participate in the challenge, so that we can support at any
time!"
Azure Dragon (Qinglong) suggested again.
"Okay. Okay. I agree to do this!"
"I agree too!"
…
At this moment, for them, time is pressing, regardless of whether Levi Garrison agrees or not.
They execute directly.
After letting them hide here, they all left immediately.
Levi Garrison sighed helplessly.
Now, at least half of the information and data of the 20,000 strong have been collected by Maya

Industry.
Levi Garrison would never allow them to collect the rest of the information data.
Regardless of the strong or the weak.
No matter who is behind Maya Industry?
It's the Lab of the Gods that is better!
But Levi Garrison was embarrassed at this moment.
I directly said the reason, but few people believed it.
No one even believed it.
So how to stop it?
This is where he worries.
Touching his chin and thinking for a long time, Levi Garrison smiled suddenly. There is a solution…
The Return of the God of War [The Protector] Chapter 2373
That is to solve the problem from the root!
After Levi Garrison went out, he killed all these mutant living dead.
See one kill one.
Let Zoey not be able to touch any of them, then see how Maya Industry collects the remaining
information and data.
Killing all the variants of the living dead is still quite difficult.
Too much, or to kill soon.
…
The underworld god Li Chengmin's shielding interference couldn't keep up.
And over time.
Levi Garrison will definitely be exposed.
…
In that case…
Levi Garrison thought of a way.
He slowly took out a black mask from his body.
The mask of the demigod and devil.
Mask of the Dark God!
Putting on this mask, no one knows his true identity, and will think about the dark god.
He will never be exposed.
At this time, Levi Garrison was wearing a mask, he could do whatever he wanted, and he could kill.
If there is any question in Maya Industry, they will think about the dark god.
The Dark God has this strength, as well as motivation and reason.
They absolutely never expected Levi Garrison to come from him.

As for the fact that Levi Garrison himself was found in the marshland, the Mayan industrial spies who
were among the strong gang had long exposed the marshland to the Mayan industry.
"Okay, Levi Garrison has a hiding place, but now the focus is not on him, it is the strong man who can kill
the mutant living dead! Anyway, Levi Garrison is hiding there and can't run away! Just kill him in the
end!"
"Now that the strong man who can kill the mutant living dead has a clue?"
Asked the Maya industrial executives.
"No, there is no clue at the moment! We are still investigating! Once the strong man makes another
move, there must be a clue!"
…
Everyone knows about Levi Garrison's hiding in the swamp.
But he is a small role now, no one cares.
Now Levi Garrison appeared wearing a half-god and half-devil mask.
"Kill!!!"
After encountering the mutant living dead this time, he unscrupulously tore directly.
"Boom!"
"Sneer!"
"Kacha!"
…… The
unbridled, murderous Levi Garrison was terrifying.
These mutant living dead are in Levi Garrison's hands, just like paper tigers.
It shatters with a light touch.
One!
Two!
… a
hundred!
Mutant living dead, Levi Garrison really saw it destroyed, saw it killed.
Don't you want to collect information data?
Then I can kill all of them, right?
…
Five hundred!
…A
thousand!
…

Two thousand!
…
Three thousand!
Levi Garrison's mutant living dead are falling more and more.
The number is increasing.
That is, the virgin forest is too big.
Otherwise, Levi Garrison would definitely be able to make corpses all over here, and there were corpses
everywhere.
…
Soon, the number of mutant living dead fell to five thousand.
Killed so many.
Levi Garrison also found a problem!
The previous variants of the Sanxing Group's laboratory were stronger… that was because they were uncontrolled, their strengths were completely released, and under the
urging of the most violent brain, they were able to save everything.
Now that the variant living dead of Maya Industry is under control, it is impossible to use its full
strength.
So be weaker!
Levi Garrison was like a god of death descending in the virgin forest, and quickly killed more than 6,000
mutant living dead.
In the end, these mutant living dead were afraid that Levi would come.
Seeing other people, no matter how strong you are, whether you are in the top dozens of the gods or
not, they will all rush forward in desperation.
Bite your blood and flesh directly.
But now after seeing Levi Garrison, I'm scared!
This group of mutants are scared of the living dead.
Not controlled by the Maya industry, it makes a sound of fear.
As soon as he saw Levi Garrison, he turned around and ran.
That is a kind of suppression from the depths of the soul!
They are terrified!
Levi 's presence in front of him is like a god! Seeing this scene, everyone was dumbfounded.
The Return of the God of War [The Protector] Chapter 2374
Because there are still a lot of strong people who have challenged and experienced around, and the
number is still quite large, probably hundreds of thousands.

Everyone was wounded, and they had just fought against this group of mutant living dead, and survived
nine deaths.
I thought I avoided them and could rest for a while.
Unexpectedly, thousands of variants of the living dead rush to come.
I thought it was for everyone.
Unexpectedly, these mutant living dead seemed to be frightened.
...
One by one fled frantically and ran past them.
Ignore their existence completely.
This has caused the mentality of many strong people to collapse.
...
Is he not even an opponent in the eyes of these mutant monsters?
Didn't they see it before, so they rushed over to bite?
What's going on now?
See how the mutant living dead screamed and ran away.
It's hard for everyone to imagine, there is something that can scare them?
How is this possible!
When they saw the figure behind, everything understood.
These mutant living dead are afraid of him!
Because everyone felt terrible murderous aura from this person…
like Shura from hell!
It seems to be the god who is in charge of the life and death of all living beings!
The terrible killing intent on him!
Anyone who sees it has to lie down and worship.
"Puff!"
"Puff!"
…
Under such terrible pressure, these masters fell to the ground one by one.
Shortness of breath, I can't even gasp.
It seemed that an invisible hand was strangling their throats.
This is the momentum!
As soon as the momentum is on, sentient beings creep.
Levi Garrison stepped in front of them and headed straight for the mutant living dead.
Under their noses, hundreds of variants of the living dead were torn apart with bare hands.
It was spread in the virgin forest before that there was a top-notch strong man who was able to shred
the mutants of the living dead.
At the moment.

They finally saw it!
“God, I saw the ceiling of combat power! My God! There is no regret in this life!”
Countless people sighed like this.
...On
the aircraft carrier of Maya Industries.
“What? The mutant of the Living Dead Army was afraid of being beaten? It ran away? Was beaten to
death?”
When the senior officials heard the news, they went crazy.
“Impossible! The setting of mutant living dead is the most violent brain! Fear and fear are impossible!
They are not human! They have the most violent brain, these things cannot be felt!”
“They will run away? Isn’t it? Possible thing! We don’t believe it! Our experimental product, we can
make this guarantee! Do you know what the most violent brain means? Fear can only be the fear of
others…”
...
Several experts in Maya Industry, resolutely Don’t believe the mutant living dead are scared.
Also ran away!
Both theory and practice are impossible!
“I know you don’t believe it! But we have evidence! There are live videos and photos!” The
others immediately projected the video.
In the video, the picture returned in real time.
The mutant army of the living dead fled.
A look of horror appeared on their faces, and they also made screams that resembled human beings and
did not belong to them.
While running, he looked back.
This made several experts vomit blood on the spot!
Their most proud and perfect work!
I was scared to fear!
The living dead variant, which had no shortcomings before, now has shortcomings.
“I see! It means that the other party is super terrifying and powerful! The suppression of the depth of
the soul and the breath! Makes them all scared!”
someone shouted.

At this moment, they all want to know what kind of existence it is that can scare the mutant living dead
into this…
"Cut the screen to the back!"
a high-level commander ordered.
Soon the picture cut to the back of the escape from the Legion of the Living Dead.
A figure chased unhurriedly.
When I saw the mysterious mask of demigod and devil on his face.
The whole audience was silent. He is the dark god! ! !
The Return of the God of War [The Protector] Chapter 2375
Found it!
Got it!
Who is the existence that can kill the mutant living dead!
Dark God!
God list first!
Previously, all parties speculated that the one who could kill the mutant living dead must be the top few
of the gods!
...
Not even the first few!
Only the legendary dark god can do it!
In fact, everyone didn't guess who it was.
...
But what kind of combat power, everyone understands, it is the first level of the gods.
It is the dark god who has recently expressed his power!
For a long time, the dark god has been ranked first in the god list.
But the specific combat power is being analyzed by all forces.
According to the previous analysis, the Dark God ranks first, not much better than the second and third.
So the number one in the god list is definitely not the overlord of the crushing level!
It can even be said that there are people who can challenge and shake this position at any time.
But recently, the Dark God first made a movement that shocked the entire Western Continent.
Later, he accepted the challenge of many strong men and eliminated them all in one move.
After the real shot, everyone was scared.
Including Maya Industry!
Because after the Dark God shot, it was beyond everyone's expectations.

Why is he so strong?
It's totally different from everyone's imagination!
For the entire list of gods are crushing levels!
Previously, in everyone's analysis, the battle power of the first in the Dark God God List was about 1.5
times that of the second and third, or about twice.
But after he was shocked and shot, this data has changed drastically!
The true strength of the Dark God may be more than a hundred times that of the second and third of
the god list…
This stunned the great forces of Maya Industry.
I always feel that something is wrong…
Although the Dark God has always been mysterious, they are all under their surveillance.
He has a general understanding of his strength… But when
he came out this time, he was at least a hundred times stronger, or more.
What is going on here?
This makes everyone very strange!
And according to the major experts in the Maya industry on the strength of the body and brain of the
variant living dead.
It was impossible to directly kill the top three combat powers of the previous gods, and could only
destroy and damage them by a large margin.
But now the Dark God, the number one in the gods list, is too terrifying.
It's not at the same level as the previous ranking first.
He could kill the mutant living dead…
Who can kill the mutant living dead in this world now, except for those who are hidden from the world.
On the bright side, there is only the God of Darkness…
"It's him! It really is him!"
Many of the senior leaders of Maya Industry have actually guessed that it is the God of Darkness.
After all, before the Bible organization allowed one-third of the strong to withdraw, but it was his order!
So everyone has a prediction in mind.
But when they saw the Dark God with their own eyes, everyone still wiped a sweat.
It's horrible!
It was the first one that could kill the mutant living dead, and it could scare this group of machines full of
violence into this.

It's horrible! ! !
This taught Maya Industry a lesson!
Their variant of the living dead is not perfect!
Let alone the problem of insufficient offense, the key is that the problem of defense and physical
strength is not perfect!
"What the hell is the Dark God going to do? Is he determined to do it with us?"
"We haven't offended him? There's not even a conflict at all?"
...
Maya Industry was afraid of the Bible Organization from the beginning, so It has always been an evasive
attitude.
Can not contact without contact, let alone contradictions.
"Yeah! There is no hatred between us, what is he doing?"
"Could it be that our intention was exposed? Came to stop it?"
"But it has nothing to do with him, right?" "Strange, really. It's so weird! I always feel that something is
wrong, and I can't tell. What's the problem?"
The Return of the God of War [The Protector] Chapter 2376
Maya Industries is in doubt.
I think something is wrong.
What they think is wrong is that the dark god is not what it used to be, but Levi is here.
Unfortunately, who can know this identity?
Everyone didn't even know who the God of Darkness was before.
...
Not to mention who it is now…
Anyway, they are wearing unique masks!
At this moment, Levi Garrison was still chasing two hundred mutant living dead to fight… After
...
all, all these mutant living dead fell…
Levi Garrison searched for mutant living dead in other places.
Yes.
This time Levi Garrison noticed a large group.
There must be at least a thousand.
It is also a group that has just been scared away by themselves!
But at this moment, these mutant living dead are fighting fiercely with challenging masters!
It turned out that the Legion of the Living Dead was scared away by Levi Garrison, and they fled in one

direction.
How do you know that hundreds of powerful people appeared in front of them, blocking their way.
In themselves, they have no desire to fight and want to escape as soon as possible.
But these people entangled them tightly and blocked the way.
This mutant of the Living Dead is all angered!
*We the f*ck can't beat Levi Garrison, can't we still beat you?*
Can you bully me?
Therefore, the irritated variants die, and the brain is flooded with violence again.
One by one went crazy.
Everyone in front of you will be torn apart!
This battle can be regarded as the most intense one!
"What's the matter? Why did the monsters we encountered suddenly became so much stronger?"
Zoey let out a surprised voice.
She got too many scratches on the back of her arm.
"Yeah! This group of monsters is just like leveling up! It's much stronger than the ones we encountered
before!"
"We have a sudden increase in pressure! We have to find a way to withdraw! Our challenge is almost
enough! Let's continue. Maybe you can't go!"
Azure Dragon (Qinglong) and Sword Evil God also said.
It turns out that this group of people is Zoey everyone.
After they went out to experience the challenge, they found a terrible situation.
Nowadays, the living dead are no longer an activity of a few dozens of people. Once they appear, they
will be hundreds or thousands.
As a last resort, they no longer act alone, all gathered together to challenge thousands of variants of the
living dead.
In the first few waves, they were relatively difficult, and they were basically able to cope with it.
But the mutant living dead army encountered this time was terribly strong.
It is a level stronger than the previous ones.
Suddenly, all of them were in trouble.
Everyone has been hurt to varying degrees.
And the number of variant living dead is increasing.
At least two thousand!

If they don't leave again.
I really couldn't leave…
even fighting madmen like Xiao Feng, the Sword Evil God, and Kirin (Qilin) Tiger (Bai Hu) all put forward
the idea of leaving.
There is still a difference between Gang and Silly!
They are just just, but not stupid.
If you continue, your life will be lost here!
"Withdraw! Withdraw!"
"Everyone opens the gap and prepares to escape!"
…
Everyone is ready to escape.
"Don't let them live! Resolutely crucify them here!" The
seniors of Maya Industry were angry because of the dark god.
They happened to be irritated by the plum dye again.
Make up your mind directly and not let Zoey them live.
"Da da da…" A
sound of footsteps sounded.
All the mutant living dead around came.
The number is increasing, basically more than three thousand.
The gap where Zoey and the others were about to escape was blocked.
Resolutely not allow them to withdraw.
"No, this is over! We provoke something we shouldn't provoke!"
Everyone tried to break through, but they all failed.
Also suffered more serious injuries!
"Everyone, work hard, maybe half of the people will die here today!"
Everyone is determined to die.
"Boom…"
But at this moment, there was a wave of restlessness in the Legion of the Living Dead.
"Master??" Zoey exclaimed.
The Return of the God of War [The Protector] Chapter 2377
Does Zoey want to die?
Don't want to die!
Now she has slowly recovered.
With children, a husband, and a family, she didn't want to die.
Especially in the current situation, she was still thinking about Levi Garrison hidden in the swamp.
Don't want to die.
…
But is there a way?
There seems to be no way!

There are more and more variants of the living dead, and more and more crazy.
...
One is stronger than the other!
They have no possibility of breaking through!
Can only fight to the death.
But at the very moment, the mutant army of the living dead suddenly began to restlessly.
The mutant living dead in the southwest seemed to be under some attack, one by one fleeing…
but more mutant living dead blocked them.
There was a mess for a while.
Everyone stopped and looked to the southwest.
Want to know what happened?
At this look, Zoey almost knelt down.
Because somewhere in the southwest, there is a figure standing on a branch of a big tree-wearing a
unique mask.
"Master!!!"
Zoey exclaimed after recognizing the dark god.
This shocked everyone else.
The dark god appeared? ? ?
Could it be that the mutant living dead they saw were killed by the Dark God!
"Boom…" As
soon as "Levi Garrison" appeared, these mutants were scared.
Started to run around in a panic… Running in
all directions!
See this scene.
"Hiss!"
Everyone took a breath!
This, this…
he actually scared away the mutant living dead?
Unimaginable!
It is simply unimaginable!
What kind of powerhouse is it that can scare these living dead into this?
If you don't see it with your own eyes or hear it, no one will believe it.
"This is my master!!!"
Zoey dyed his face proud.
Loudly introduced them to Azure Dragon (Qinglong).
Showing her master!

The mutant living dead who are now going to escape have all experienced Levi Garrison's massacre,
either injured or seen with their own eyes.
But there are still some variants of the living dead who have never seen Levi Garrison at all.
Seeing him, there was no response at all.
Therefore, some of the living dead want to run, and some do not.
The scene is getting chaotic!
Levi Garrison started suddenly.
He stepped forward and grabbed a mutant living dead, scoffed and tore his armor and armor in half!
...
Silence!
At this moment, the scene became extremely silent.
Silent.
Everyone was silent.
Including Azure Dragon (Qinglong) and the others, as well as the mutant army of the living dead!
All dumbfounded.
It is estimated that most of them are the first time I saw the shredded mutant living dead!
All immersed in this shock.
Someone can really kill the mutant living dead on the spot!
It's incredible!
Moreover, the Dark God is number one on the list of gods, but few people see him take action.
Everything stays in the legend!
Now it was the first time I saw the Dark God take action, and everyone was shocked!
Strong!
Too strong!
It's so strong that the scalp is numb!
I also saw the gap between myself and the combat power ceiling!
"This is the strength of the master!!!"
"Have you seen King's Landing? This is the horror of the master! Why should I practice your things? I just
practice what the master gives me!"
"Master, the disciple is proud of you ! You are the strongest in the world!"
...
Zoey burst out emotionally, yelling unscrupulously.
This is the apprentice's worship of the master!

Others also looked at Zoey enviously.
The master who has the number one on the god list, the ceiling of combat power in this world!
Who doesn't envy?
If you are guided by the Dark God, your strength will improve by leaps and bounds, right?
"I heard that in the beginning, the Dark God wanted to train the boss! It was only rejected by the old
Dalian Fan! The Dark God was so angry that he locked the boss for three years!" Right?"
The Return of the God of War [The Protector] Chapter 2378
"At least much taller than me! He is more talented than me, and all of his experience is better than me!"
Zoey still convinced Levi Garrison in some aspects!
The Azure Dragon (Qinglong) people also nodded, "The top ten of the lower limit of the gods! The
second of the upper limit of the gods, infinitely close to the dark god!"
"The probability is the second of the gods! The future may be blue and better than blue! The boss does
not cherish it!"
"Yes, I also heard the boss say how to use the dark god… Do you think the sister-in-law is good?"
"Hey! It should be that the boss is destined not to shine in this era! Therefore, he cannot worship the
dark god as his master! "
...
...
Everyone talked about it.
"Indeed, he didn't have the life to become Master's apprentice! It is estimated that all the good luck will
be given to me!"
...
Zoey smiled.
Now, who in the world does not want to be a disciple of the Dark God?
Who can refuse?
Even if people like Xiao Feng have no ideas, they want Master Levi Garrison to improve quickly and
teach them more.
Everyone's time to speak, Levi Garrison has already killed hundreds of variants of the living dead.
This kind of invincible monster, especially in a violent state, is unbeatable.
It cannot be destroyed at all.

But under "Levi Garrison", it was no different from ordinary people.
Solve one with one trick!
One hundred!
Two hundred!
...
Five hundred!
...
Thousands!
...
Under everyone's eyes, Levi Garrison killed thousands of mutant living dead without much effort.
"Puff!"
Everyone is about to vomit blood.
"Great God, please take our knees! Worship! Too much worship!"
"You are a god! The strongest combat power in this world!"
...
Azure Dragon (Qinglong) and the others were completely excited.
Is it the greatest honor in this life to see such a strong player taking action?
They also clenched their fists tightly and vowed to work harder!
Where is the limit of the strong?
There is nothing impossible, only unexpected!
The limit is right now!
It is worth their lifetime to catch up!
As for the most exciting thing, Zoey was dyed…
from time to time to shout to the people around her-this is her master!
Especially seeing the dark god so powerful.
I feel more and more that she chose the right way!
It's right to give up Levi Garrison's ancient techniques!
"Afterwards, I beg to see if Master can accept King's Landing as an apprentice…"
Zoey smiled.
Others immediately agreed with "Yes, this method is good!"
"Master does not learn our exercises! In the final analysis, we are not strong enough! We do not have
enough power! Can't convince him!"
"But the dark god is different! There is something that sweeps everything. Strength and conviction! If he
accepts the master as his apprentice! The master will definitely agree, and he is even overjoyed!"
Xiao Feng said.

“Yes, what Xiao Feng said is indeed the case! No matter in the past or now, the Dark God is a top-notch
existence! If he accepts Master as his apprentice, Master will definitely agree!”
others said one after another.
“Once the boss is accepted as an apprentice by the existence of the Dark God, I believe that the boss will
be the boss soon after the second place!”
Everyone has inexplicable confidence in Levi Garrison.
Of course, more of it is actually having faith in the Dark God!
The dark god in the field is still showing great power!
The mutant army of the living dead was defeated!
At this time, the mutant living dead who were afraid of and those who were not afraid were afraid of
Levi ‘s arrival.
All run wildly! ! !
“Want to run? Is it that easy?”
Levi Garrison took the lead and caught up.
Anyway, he was just for destruction.
Kill all the variants and live dead talents!
Levi Garrison ran after him.
Zoey followed closely with them.
Enjoy the feeling of chasing mutants of the living dead!
Everyone enjoys the process of following the strong to attack… Azure Dragon (Qinglong) Kirin (Qilin)
exclaimed, “I think we followed the boss like this back then…”
The Return of the God of War [The Protector] Chapter 2379
Things are right and wrong!
Now.
The scene is almost the same, but the person who can take the lead has changed.
It’s no longer Levi Garrison…
everyone sighed, Levi Garrison once again showed his power and killed many mutant living dead.
The number of variant living dead is decreasing sharply…
…
Every time it decreases by five hundred and five hundred…It
‘s terrifying!
When the mutant living dead encountered Levi Garrison, he was hit by dimensionality reduction!
…
There is no possibility of surviving!

No matter how many they came, they were all killed by Levi Garrison alone.
"What to do? What to do now?" On
the aircraft carrier of Maya Industry, the executives and others were all panicked by Levi Garrison.
Completely messed up!
They are going crazy!
Everyone was at a loss for a while.
There was not much information and data, and the news of death came one after another.
And every news of death is in the hundreds.
"What should we do? What should we do now?"
" What should I do ?"
Everyone had no idea.
"Listen to me! Retreat from now! Let all variants of the living dead quit! The challenge is suspended! All
activities have been cancelled!"
"Hurry up and give orders to every place!"
… As
soon as the Maya Industrial Headquarters message was sent out.
All the variant living dead began to retreat from the primeval forest…
and then the news of the challenge stopped spreading to the challenger one by one…
"What? The challenge stopped? Why… How did it stop?"
Many people who didn't know were dumbfounded when they received the news.
Zoey soon received news from them.
The challenge has stopped!
The mutant living dead have all withdrawn from the primeval forest…
Others don't know the reason, they still know a little.
It must have something to do with the Dark God!
His massacre of mutant living dead directly caused the Mayan industry to cease.
Now that the challenge ceased, the mutant living dead all retreated.
Then there is no point in everyone staying here.
But before leaving, Zoey must ask the Dark God to ask clearly.
Zoey led everyone to follow in the footsteps of Shang Levi Garrison and stopped him.
"Something?"
Levi Garrison said with a gloomy expression.
"Master, I have a few questions to ask you…"
Zoey said.

Levi Garrison laughed helplessly.
Zoey never dreamed that he was her master, right?
"Speak?"
Levi Garrison was curious about what she wanted to ask.
"Master's first question-why do you want to kill all these monsters? It is also because of you that Maya
Industry directly stopped the challenge!"
Zoey asked.
"First, these variants of the living dead want to kill you, and I will save them.
Second, from my point of view, no matter what Maya Industry does with them? They want to kill or
hone the army of the living dead! They are all threats to me. I must stop it!"
Levi Garrison analyzed this matter from the perspective of "Dark God".
Hearing this, everyone feels reasonable.
It is true, no problem.
But this is not the same as Levi Garrison stopping them, letting them withdraw from the challenge and
withdraw.
Now although the Dark God has done something to prevent them from improving, everyone has no
complaints. Instead, they have to thank the Dark God for his life-saving grace.
No one said no.
But Levi Garrison did this thing, everyone would ignore him.
Instead, he said he was afraid!
In fact, it's all the same thing.
But if two people with different identities do it, the effect is completely opposite.
This is the best example!
Even they will put the Dark God on the spot as a great hero to stop the evil intentions of Maya Industry,
save them, and block the disaster.
"Master, I still have my brother's request…"
Zoey smiled.
"What?"
"Can you accept my husband as a disciple?" Zoey hesitated and said it out.
The Return of the God of War [The Protector] Chapter 2380
At this moment, everyone else stared at Levi Garrison.
Their bodies were trembling.

All are waiting for the answer from the Dark God!
Because this matter is too big!
Being accepted as an apprentice by the Dark God is equivalent to reaching the sky in one step, and your
life will be completely changed!
Fly over the dragon gate and become a chance to be the master of the world!
...
Just because of the dark God's word "good".
Everyone is waiting.
This is an opportunity for everyone!
...
If it weren't for the face and knew that it was impossible, Azure Dragon (Qinglong) and the others would
all want to try to worship the God of Darkness as a teacher…
"Accept Levi Garrison as an apprentice?"
Levi Garrison smiled.
"Yes! I ask Master you to accept him as a disciple!"
Zoey pleaded.
"Where do I dare to accept him as an apprentice? How can I? If you accept him, you must have the
strength to accept him? Hahaha…"
Levi Garrison laughed a few times.
Turn around and leave!
Not to mention the former dark god, he is not qualified to accept him as an apprentice!
Not even by yourself!
His master is the only one! ! !
Seeing the "Dark God" leaving behind, everyone was dumbfounded.
Hearing this to everyone's ears, it's just like yin and yang!
In irony Levi Garrison!
Said that he was not qualified to be an apprentice at all!
"It's over! This time is completely over! It turns out that the master has always known everything! King's
Landing is completely asssed by him!"
"It is estimated that the dark god knows that the boss is rotten to the bone! Knowing that he pretends
to be high! It is estimated that he is a very annoying person! How is it possible to accept disciples?"
everyone said.
Xiao Feng sighed, "I thought that Master could worship God of Darkness as his master. As disciples, we

can get a little closer! How do you know that God of Darkness doesn't like Master at all! Hey!"
Sword Evil God and others also said, "Isn't it right, we too I want to rub a little. There is no chance now!"
"It's really impossible! May I persuade the master again?"
Zoey pursed his lips.
"Forget it, the Dark God is definitely not willing to accept the boss as an apprentice at all. If you say too
much, it is not good! Let this matter go!"
"Anyway, the boss feels desperate this time and knows that his strength is useless. Now! I'm afraid of
this kind of place, and I understand that I can't do anything! After I go back, I think the boss will
definitely work hard! He has more opportunities!"
... When
everyone started discussing Levi Garrison, Zoey patted his forehead,
"That's right." , Levi !"
Levi Garrison was still hidden in the swamp.
Maybe there will be danger…
"Go find the boss!"
A group of people all rushed to the swamp.
...On
the aircraft carrier of Maya Industries.
"Then our plan failed?" the
staff member sighed.
"No, it's half done! Didn't you collect half of the information?"
"However, the sudden appearance of the Dark God is indeed a trouble! He and the Bible will prevent us
from becoming our biggest obstacle! If we want to continue, we must You have to get rid of him!"
"But this is too difficult, isn't it? His combat power is desperate!"
"Who can get rid of him??"
...there was
silence.
Everyone on the aircraft carrier was silent.
No one can get rid of it!
No one at all!
"By the way, Levi Garrison, do you want to kill? Anyway, other things can't be done now!"
Someone asked another question to break the deadlock.
"It's easy to kill Levi Garrison, but the Dark God may still be in the virgin forest. If you don't encounter

him well, all of us will die in it! Let's retreat first! Don't let the Dark God find the door…"
Maya Industry was scared by the power of the Dark God and fled.
Marshland on the other side.
Zoey and they hurried over.
Everyone breathed a sigh of relief when they saw a figure from behind.
Levi Garrison is fine.
"Huh???" But when this back figure turned around, everyone was shocked.
The Return of the God of War [The Protector] Chapter 2381
Dark God? ? ?
Why is he here?
Shouldn't it be Levi Garrison here?
How could it be him?
And the backs of Dark God and Levi Garrison are too similar, right?
It's exactly the same!
...
Everyone was in a trance.
"Anything?"
Levi Garrison asked.
...
"I…we are looking for someone…then we leave first!"
everyone said tremblingly.
Who can afford this?
Everyone looked around, and Levi Garrison was not here.
Is he in danger, or ran away?
Furthermore, the presence of the dark god here means that there are variants of the living dead here.
Well, most of Levi Garrison…
thinking of this possibility, everyone was frightened in a cold sweat.
"I know who you are looking for! He has left the primeval forest! Waiting for you where you left off!"
Levi Garrison couldn't help but say in order not to worry everyone.
He was going to just come here to wait for them.
It's just that there was a little obstacle on the way. When they arrived, Zoey and the others had already
arrived.
He didn't even have the effort to take off the mask.
"Thank you, Master!!!"
Zoey and the others were surprised and ran away quickly.
Went to see Levi Garrison.
In their opinion, it must be the Dark God who rescued Levi Garrison!

And the whereabouts are so detailed!
More sure.
After Zoey and they left.
Levi Garrison also left.
But he came from another direction.
After confirming to bypass Maya Industry's surveillance, Levi Garrison fled.
When Zoey and the others withdrew from the primeval forest, Levi Garrison was really waiting for them.
"It's okay, let's go back. If you stay here, there will be
more fortunes!" Everyone left without staying too much.
…On
the aircraft carrier of Maya Industries.
"It's strange to say that the Dark God has always been under our surveillance! Why did he disappear
suddenly?" The
surveillance team was all surprised.
"Normal! The Dark God is so strong! It was deliberate to let you detect it!"
said the senior.
"If there is a dark god, our next series of plans will be difficult to implement! But they can't be
eliminated! Hey…it's hard to do…"
Everyone's expressions grew gloomy.
"Who said we must get rid of it? Cooperation is okay! We can find the dark god to cooperate!"
"After all, we have a lot of bargaining chips in our hands…"
" Cooperation is okay ! It is indeed possible!"
"Then we will have two tasks. ——First, talk to the Dark God about cooperation; second, analyze the
collected data to enrich the attacking methods of the living dead!"
But everyone's expressions are still gloomy.
I thought it would be invincible to create a Legion of the Living Dead, even the top ten of the gods had
nothing to do.
Push and crush this world horizontally.
Let everyone have nothing to do!
But this time, it was detected.
For the real strong, it is useless at all.
They can only come slowly step by step.
…
This challenge is halfway through, and it's over.

However, the God List and the Quasi God List have also undergone major adjustments.
However, due to the large number of participants, there was no major adjustment.
Basically, they are hovering in a few.
However, Zoey has made great progress.
From the top 100 on the list of gods, directly into the top 50 of the list of gods!
It was not much different from Kirin (Qilin), the Evil Sword God, and Xiao Feng.
The Li and Zhao family who followed went through nine deaths, and those who survived grew rapidly.
The increase in combat power means that the ranking is also improving.
All were delighted.
On the contrary, Levi Garrison's ranking of the quasi gods actually regressed…
That was because Levi Garrison did not perform substantively this time, and did not move at all.
With a lot of experience, his strength has improved by leaps and bounds.
Therefore, his ranking naturally fell. "Master, you have only half a month left in the three-month period
with your mother! Why has your ranking dropped?"
The Return of the God of War [The Protector] Chapter 2382
Xiao Feng looked at Levi Garrison suspiciously.
Full of worry.
"Yes, Master is already in the top fifty of the god list! Master, your quasi god list is ranked more than
7,900! This is completely the difference between heaven and earth!"
Zhou Ke said helplessly.
As Levi Garrison's apprentice, they didn't want Levi Garrison to be abused too badly.
It's a matter of face!
...
No one wants to be cruel!
Don't talk about comparing it with plums now.
Compared with Li Songkui, they are all in the sky and the other underground.
...
What's more, Zoey is terrible, right?
Has entered the top fifty of the gods list!
At her terrifying speed, entering the top 30 will definitely not be a problem in the next half a month.

The top twenty, the top ten, it is possible to return to the top!
In addition to her own hard work and excellence, the key is her master! That's the dark god.
This time the virgin forest battle, let everyone know how terrifying the Dark God is!
It is only natural for his apprentice to make progress so quickly.
"Don't tell me! The reason for the decline in the ranking of King's Landing is because he hasn't practiced
well before and has been practicing old things! This time he must wake up! Cultivating the current
exercises and combat skills must be extremely fast!"
Zoey looked at Levi Garrison said, "Let's do this for King's Landing, the March period is not fair to you!
Let's extend the time, half a year, or even a year! Let's compare when the time comes!"
Others nodded, "Yes, I think too. That's right! The time should be extended!" In the
primeval forest, after Levi Garrison felt desperate, the next step was to practice frantically and abandon
the old things!
Give Levi Garrison enough time, it might not be impossible to fight with plum dye.
Levi Garrison smiled, "It's okay, three months is three months! Don't change the set date! I don't need
that long!"
"This…"
Everyone looked at Levi Garrison with weird expressions.
This is the time, but still so strong?
It's not ashamed to extend the time, it's ashamed to lose to Zoey.
Especially with only half a month left, how to make up for such a big gap?
It is absolutely impossible!
Levi Garrison is either a lunatic!
Either you are a fool!
However, Zoey didn't say anything, and directly agreed, "Okay, the period of March is March!"
Anyway, she set the period of March, the first is to motivate herself to improve.
Second, and the main reason-Levi Garrison deeply realized his own shortcomings and weaknesses, so he
went crazy and strong!
Comparable, unimportant.
Mainly to make Levi Garrison improve.

Now that Levi Garrison is looking for abuse by herself, she can't help it.
For fifteen days, Levi Garrison couldn't change anything at all.
Anyway, if you want to abuse him, you have to abuse him more thoroughly and make him work harder
to adapt to this era!
This is what Zoey wants to see.
Zoey nodded, "Let's do it! I'll see the difference in fifteen days, but I want to see how far you can grow?"
"Hey!"
Xiao Feng and the others sighed.
This time people are going to lose a lot!
Than master?
It can't be compared at all!
Compared to apprentices, they are also hanging!
Sooner or later, Xiao Feng's position will have Zoey surpass…
Everyone went crazy and practiced…
because they had seen the ceiling of this world's combat power and knew where the limit was…
Zoey also walked up to Levi Garrison's presence. I choose your practice! I know that she is testing me,
sorry for King's Landing, but in the end I chose Master's practice!"
"The effect is, you can see it! I am making rapid progress! In addition, how terrifying the Master is, you
Although I haven't seen it with my own eyes, have you heard other people say it? How strong is the
number one in the gods list!"
Zoey was showing off his master to Levi Garrison. Levi Garrison nodded, "Well, the dark god now is
really amazing!"
The Return of the God of War [The Protector] Chapter 2383
Because it's me!
Can it be great?
Levi Garrison added something in his heart.
But this sounded like an ambiguity.
Zoey asked puzzledly, "Then you weren't great before?"
"Yes! You understand what I mean! She was really weak before!"
…
Levi Garrison nodded.
"Pump!"
Zoey smiled immediately.
…

“My master has always been strong! You say this as if you have fought against each other!” The
Dark God is invincible in Zoey’s mind.
It is the existence of faith!
Levi Garrison said that she was weak before, and Zoey naturally refused to agree.
“Not only did I fight, I also killed…”
Levi Garrison did not continue.
Going on, it hurts peace.
“Don’t talk about this kind of thing next time, it won’t be heard well by others!”
Zoey was slightly dissatisfied.
… In the
next few days, Levi Garrison couldn’t find anyone.
Because he was thoroughly investigating the relationship between Maya Industry and the laboratories
of the gods…
more and more felt similarities.
This made Zoey overjoyed them.
I thought it was this challenge that inspired Levi Garrison, making him completely crazy.
“Actually, I don’t have to compare results, all to motivate him to work hard! Isn’t the effect coming
now?”
Zoey was very satisfied.
Azure Dragon (Qinglong) and Kirin (Qilin) are also very satisfied.
“By the way, we are going to give the boss a gift! When the boss leaves the customs, let’s find him!”
Zhu Que said with a smile.
“What gift?”
Everyone asked curiously.
“It’s not that Maya’s weapons are indestructible, but are there special elements? All forces are studying
countermeasures! At present, there is no solution except for deep-sea precursors! Although there is no
solution, there is a way to prevent it!”
“Kunlun The industry has developed a special battle suit that combines modern technology and ancient
mechanics! Not only can it prevent the penetration of Mayan industrial weapons, but also prevent the
intrusion of special elements!”

“The most important point is that this special battle suit can hold it. The horror blow of the top five on
the god list! The data can even be accurate to the second and third horror hits of the god list!”
…
“What???”
When Phoenix (Suzaku) said this, the audience was boiling. NS.
And this kind of suit?
Can hold the second and third attacks of the gods?
What kind of suit is that?
There is also the prevention of the intrusion of Mayan industrial elements…
If this spreads, I am afraid that the whole world will be a sensation, right?
This is a super great masterpiece!
Except for being ranked first in the gods list, everyone else is immune to attack.
Unimaginable!
Of course, the number one on the god list is too strong, and no one takes him to make a fuss at all.
After ten years of research, I didn’t understand it.
However, you can study the second of the gods list, and you can only start from the second study of the
gods list.
This is promising.
Don’t even think about being number one on the god list.
There is no hope! “However, at present, whether there is an effect that can block the second and third
attack levels of the gods is still in the experimental stage, and it is necessary to find volunteers to wear
special suits for testing! It is currently uncertain! Maybe the volunteers are in danger! Now volunteers
are all Not many
!”
Phoenix (Suzaku) sighed.
Now this special battle suit is just an experiment with the top 30 and top 20 attacks of the gods.
As for going further, the top ten or even the top five of the gods list are all theoretical.
Everything is still in the experimental stage!
Marshal Tiance is still looking for volunteers.
He is not allowed to participate in the experiment…

“From our relationship, you should be able to get a special battle suit! At this stage when the boss is not
up, it can play a big role! It can save your life!”
“See you When the boss has worked so hard, let’s give him one!”
“Well, we must fight for one!”
... For Levi Garrison, Phoenix (Suzaku) and the others are willing to fight for Tiance Marshal.
The Return of the God of War [The Protector] Chapter 2384
A few days later.
Levi Garrison appeared.
The reason is not that there are any major findings.
It was because the Bible organization contacted Levi Garrison.
Said Maya Industry wants to meet him and talk about cooperation!
Levi Garrison just appeared.
...
As for the matter with Maya Industry, Levi Garrison must consider thinking about it before replying.
Zhuque found Levi Garrison with them.
“The boss sees that you have been working hard recently, how much has your strength improved?”
...
Kirin (Qilin) asked.
Azure Dragon (Qinglong) immediately said, “It doesn’t matter how much your strength improves, just
work hard!”
“Boss, come with us to the Kunlun Industrial Headquarters. We have prepared a gift for you!”
everyone said excitedly.
“Okay!” In the
end, even Zoey and Xiao Feng went with them.
Everyone has a keen interest in Kunlun Industrial’s special battle clothes.
After arriving at Kunlun Industrial’s laboratory, everyone was about to go in.
The marshal Tiance appeared.
Recently, he was looking for volunteers to experiment with the defensive power of the special suit.
So these days are at the headquarters of Kunlun Industry.
“Huh? What are you doing here?”
Tiance Marshal asked curiously.
“Marshal, let’s get the battle clothes, you promised!”
Azure Dragon (Qinglong) said humanely.

After seeing Levi Garrison, the marshal Tiance sneered, "Do you want the battle clothes for Levi
Garrison?"
"Yes…" The
expressions of Azure Dragon (Qinglong) and others changed.
At this time, it is useless for them to quibble.
"I thought this battle suit was for your own use, so I agreed! I knew it had nothing to do with you, it was
for outsiders. I definitely wouldn't agree!"
Tiance Marshal said.
Azure Dragon (Qinglong) had nothing to say.
It is true.
This time, the special uniforms can only be allocated to personnel within Kunlun Industry.
No outsider!
Levi Garrison seems to be an outsider in Kunlun Industry!
according to rules!
You definitely can't get a battle suit!
Phoenix (Suzaku) couldn't help but say, "Young Marshal! No outsiders! But our boss is not an outsider!
At least he is the founder of Kunlun Industry! How can we be regarded as insiders!"
Several other people immediately said, "Yes, young marshal, boss. No matter how they are considered
to be the insiders of Kunlun Industry."
Tiance Marshal smiled, "You are a bit far-fetched? Do you want everyone in Kunlun Industry to vote to
see if there are many people who recognize him or those who don't. More?"
Hear this.
The complexion of Azure Dragon (Qinglong)'s people changed.
If they vote, 70% to 80%, or even more, would think that Levi Garrison is not an insider of Kunlun
Industry.
The young marshal Tiance said, "However, since he really proposed the founding of Kunlun Industry, I
decided to give a face!"
"Thank you, Marshal!!!"
Everyone quickly thanked.
"Don't be too busy, thank you! Conditionally!"
"I haven't been looking for volunteers recently? Where is the defensive power used to experiment with

the suit!"
...
Hearing this, everyone's expressions changed. .
Sure enough, nothing good!
"Let's do this, as long as Levi Garrison is a volunteer and wears a special uniform to conduct defensive
experiments! The special uniform will be given to him for free!"
Tiance Marshal sneered.
"Marshal, this is not good! Life is in danger! In case you can't bear the limit! That kind of person will be
torn apart!"
Azure Dragon (Qinglong) and the others immediately refused to agree.
Day policy Marshal nodded "Yes ah, I know. So hard to find volunteers! Available for experiments!
Experiments must be dressed by real people, have the best results!"
"It does not work! Life-threatening not to participate in the! Battle No more clothes!"
Zoey Xiao Feng and they also didn't agree.
Marshal Tiance sneered, "Okay, it's okay, don't force it!"
"It's okay, I promise! Shall I try this suit?"
Suddenly a voice sounded.
Levi Garrison!
He agreed.
If this suit is successful, it will be good for Daxia. Why can't he try?
The Return of the God of War [The Protector] Chapter 2385
In fact, what is hard or not, and how strong is its defense.
Just use his fist to test it!
See if you can withstand his punch or finger!
If you follow Levi Garrison's standards, then Heavenly Sword and Earth Sword will not be qualified!
After all, my finger was knocked off...
How can there be quality and defense?
...
"Okay, do you want me to directly smash the battle clothes in your mouth?"
Levi Garrison asked seriously.
He thought the test was this!
...
"No, what did you test? Didn't you hear clearly? You were told to put on a special suit and then be
attacked to test the defense of the suit, understand?"
Tiance Young Master sneered.

“Let’s go,
let ‘s go! Haw!” Levi Garrison is also mainly for the brothers, just wear it, it doesn’t matter.
If you attack the test, you can hurt him, Kunlun Industry is awesome! ! !
“Boss is dangerous, we don’t want it anymore!” It
was originally for stability.
I want to add a layer of protection to Levi Garrison’s safety.
But this price is a bit high.
Haven’t enjoyed the protection yet, but have to face the danger ahead of time.
“It’s okay! Let me try it!”
Levi Garrison smiled.
After arriving at the specific laboratory, Levi Garrison put on a special uniform.
It was different from the heavy armor he imagined.
This battle suit is even thinner than ordinary clothes.
The weight is also very light, it is very comfortable to wear, without a little cumbersome feeling.
“Yes! Yes!”
Levi Garrison praised it from the bottom of his heart.
Now this technology has one thing to say, but it does have two effects.
“There are still shortcomings! It can’t be compatible with offensive technology and can only play a
defensive role!”
Tiance Young Marshal looked a little sad.
“Defensive is actually offensive!”
Levi Garrison said lightly.
The Young Master Tiance smiled suddenly, “Listen, the king-level speaking means you have a level! It’s
all right!”
Levi Garrison put on a special uniform and went to a very large laboratory.
This laboratory is located hundreds of meters underground.
After arranging Levi Garrison to stand at the designated position, all the others left.
“Boom!” After the
laboratory door was closed, everyone looked at Levi Garrison inside through the glass.
Everyone’s fists were clenched and they were extremely nervous.
Levi Garrison looked calm, observing the structure of the laboratory.
Five hundred meters in front of him, there are several huge openings.
“Marshal, everything is ready! Do you want to start the test?” the

laboratory staff asked.
“Okay,
let’s start!” Tiance Marshal said.
“So what is the level of attack?” the
laboratory personnel asked.
Generally, there is a fatal blow at the 30th rank of the god list, the first 20 and so on…
Now Kunlun Industry is trying to try the top ten rank of the god list!
“Set it directly to the highest! Imitate the full blow of the second and third on the trance list! Come to
attack Levi Garrison!”
Tiance Young Commander said coldly.
Since there are volunteers to test, why not test the limit directly?
Everyone doesn’t know how strong is the number one on the god list.
Marshal Tiance can’t do it either!
But the second and third in the god list, he can simulate the setting according to his own strength and
the strength of many people.
The deviation will not exceed one percent!
Just imitating this horrible blow requires a lot of energy materials!
Only when converted into super energy will a powerful blow come together!
“Okay? Marshal, this is a bit too far! The most extreme at once?
Take it slowly! The first ten, and then extend it slowly, right?” This frightened Azure Dragon (Qinglong)
and the others.
After all, this is a test.
Testing means risk!
In case the special battle clothes were torn, Levi Garrison would be in danger.
“We won’t do experiments anymore, and we won’t need our uniforms! Let the people out and let’s go!”
Zoey got angry and was about to move the door. It’s just that the marshal Tiance stopped her, “No, it’s
already started, I can’t quit!”
The Return of the God of War [The Protector] Chapter 2386
Finally, free volunteers used it.
How could he let it go?
“Start!” The
Marshal Tiance stopped and shouted again and again.
The next moment, the laboratory directly starts the test.
“Buzzing…”

...
Soon, everyone heard a terrible boom, as if the whole world was shaking.
"Ka Ka Ka…"
Layers of armor appeared outside the laboratory, protecting the laboratory to death.
...
This is a double guarantee!
Fear that everything will be destroyed by a powerful blow!
At this time, the huge hole in front of Levi Garrison burst into flames, making a terrible sound of sonic
boom.
There are super-high-grade energy materials converging inside, which will finally be transformed into
super energy beams!
Basically, it can simulate the blow of the second and third strongest in the god list!
This is the power of modern technology!
It can simulate such a strong energy beam!
This was impossible before!
In the past, it was Xu Zhengjie's killer weapon at most!
It's too much stronger now!
It's not a level at all!
…
Feeling the shaking of the earth and the mountains, everyone is trembling.
This makes everyone fearful!
That was a blow that made the soul tremble!
For them, it is completely crushing level!
Plum dyeing won't work!
Kirin (Qilin) Xiaofeng can't do it!
Not even the others!
Even the marshal Tiance met this terrible power, only to bow down!
This is unimaginable!
Suddenly everyone lost confidence!
To this suit!
"Buzzing…" The
trembling voice grew louder and louder.
In the final device, the energy has been converted and converged into an energy beam!
"Boom!!!"
Finally this energy beam shot towards Levi Garrison! ! !
As soon as this energy beam came out, it was as dazzling as the scorching sun, making it impossible to

look directly at it.
Even more afraid of confrontation…
Everyone closed their eyes at this moment!
But Levi Garrison smiled, this energy beam was too weak for him.
Not enough tickling!
Not even a blow from the dead Dark God!
But the young master Tiance and Zoey were scared like that.
A group of people who have never seen the world!
Levi Garrison shook his head helplessly.
Now he mainly wants to directly test the defensive power of this suit?
Can it be carried?
"Boom!!!"
Soon, the energy beam hit him.
"Bang bang bang…" A
series of explosions sounded, and the laboratory was almost torn apart. If it weren't for the laboratory's
location deep underground, I am afraid that this movement would have attracted Quan Daxia's
attention.
The terrible sun shines like a radiant, so that everyone can't open their eyes.
The power is really terrifying!
Wait until everything stops.
Everyone looked at the laboratory in surprise, only to see where Levi Garrison was standing safe and
sound.
The special suit on his body is also nothing.
"Successful! We succeeded!"
Seeing this scene, everyone was surprised and delighted.
Laughing!
This special uniform can hold the third and second powerful blow on the God List!
This may trigger a major turning point…a
new chapter!
Tiance Young Marshal's strength is very strong, but according to the gods, there is still a gap between
the top five and the top three.
But if he had this suit, he could break his wrists with them.
With this level of battle clothes, the future sentence of Kunlun Industry has become different.
This thing has become a bargaining chip!
Will bring many unexpected benefits!

The future pattern depends on who has more chips!
This will undoubtedly become a major winning weapon for Tiance Young Marshal!
Zoey and they were also very excited.
Levi Garrison is fine.
Did not suffer any damage!
You can also get a special suit for nothing!
"Marshal, we have to say what we say! The boss has tested, then give him a battle suit!"
Azure Dragon (Qinglong) said humanely.
"No problem, I'm the one who speaks!" At
this moment, Levi Garrison took off his battle clothes and walked out. "Is it awesome? Do you want me
to test it?"
The Return of the God of War [The Protector] Chapter 2387
Looking at a group of people who have never seen the world.
Levi Garrison couldn't help it anymore.
I want to test them in person.
Let them know that this battle suit is as weak as paper!
It splits as soon as it is torn!
Marshal Tiance sneered, "How do you test it?"
...
"Of course you just tore it in half!"
Levi Garrison said.
"Hahahaha…"
...
Only when these words came out, the marshal of Tiance and the people from Kunlun Industry all
laughed.
Looked at Levi Garrison like a fool.
Only idiots would say such things, right?
Normal people can never say this.
Don't look at the lightness of this battle suit, but the material is the top, the rarest and most rare!
This material alone exceeds the aerospace level.
What kind of high temperature and low temperature can withstand.
The sharp matter and the attack of the strong man of the gods can all withstand it.
Especially the use of modern science and technology and ancient secret techniques are combined to
create, becoming more and more invincible.
Let me put it this way!

In Kunlun Industry, no one can tear it apart.
Even if we exhaust all the methods, we can't destroy any weapons installed by Kunlun Industry.
Throw this battle jersey here and let you destroy it, and the people present can't do anything about it.
The test just now proves this point.
There is nothing to do with a powerful blow.
Let alone rely on manpower.
That's a joke!
Therefore, when Levi Garrison's words came out, everyone laughed like this…
This sounds very mentally retarded… But
that is for them…
Levi Garrison is a godlike existence!
"I don't believe it?"
Levi Garrison was about to tear, and Zoey and others hurriedly stopped him.
"It's okay, let's leave! Marshal, we have taken the battle clothes away, thank you!"
Zoey was afraid that Marshal Tiance would regret it.
Limara took Levi Garrison and left with his battle clothes.
Others followed and left.
Marshal Tiance is now focused on the results of the special battle clothes, so where is Levi Garrison?
It doesn't matter to him wherever he goes!
"Why don't you give this uniform? Anyway, I don't need it!"
Levi Garrison intends to give it to his apprentices, brothers.
Who needs who to wear.
It's really useful for them!
At least the people on the list of gods can't hurt them, except for themselves!
"No! You should keep the boss yourself!"
"Yes, everyone has spent so much effort to make you safe, Master!"
…
Everyone naturally refused.
Zoey smiled, "Let's do it! Let's give this suit to the person who needs it most?"
"Huh?"
Everyone was taken aback.
I don't quite understand the meaning of plum dye.
"Sister-in-law, what do you mean? Who is the person who needs the battle clothes the most?"

Xuanwu urn asked in an angry voice.
“Of course it is the weakest person in the room! Let’s just follow the rankings of the gods and quasi
gods? Whoever ranks the lowest, then who is the person who needs the battle clothes the most! How?”
Zoey said.
“Agree! So convinced! Everyone doesn’t have to fight!”
Everyone understands Zoey’s intention.
First, I want Levi Garrison’s men to make a special uniform.
Second, continue to stimulate Levi Garrison.
“Okay, let’s compare…”
Everyone said their rankings.
In the end, everyone’s eyes fell on Levi Garrison’s body.
“The boss is ranked more than 7,000 on the quasi god list, and is the lowest ranking! Give the boss!”
Everyone was convinced.
Levi Garrison had no choice but to accept the battle clothes.
Take it back.
After arriving at his residence, Levi Garrison took up his battle clothes and observed.
“It seems that it can be stronger! It’s not in a perfect state now…”
Levi Garrison exerted force with both hands.
“Shhhh…” The
special battle suit instantly fell apart and turned into ragged pieces…
He just tried it, but he didn’t expect it to be more fragile than he thought.
At this moment, Zoey walked
in and just saw this scene…
The Return of the God of War [The Protector] Chapter 2388
“Boom!!!”
Zoey was dumbfounded.
Seeing the special battle suit turned into pieces, she almost staggered to the ground.
Was it shattered like this?
What’s going on?
“This…what’s going on?”
…
Zoey asked tremblingly.
“I tore it off!”
Levi Garrison said.
…
“Really? I don’t believe it!”
Zoey shook his head directly.

If she came in a little earlier, she would be able to see the scene where Levi Garrison was tearing his
battle clothes apart.
But she was a little slower.
When I came in, I only saw a scene where the battle clothes had been broken into pieces…
so she would never believe that Levi Garrison tore it to pieces .
"I understand!"
Suddenly, Zoey exclaimed.
"What do you understand?"
Levi Garrison was curious.
"The reason why the suit is torn apart is that it has been damaged to a great extent in the previous test.
At that time, it was actually broken, but it was almost! The surface is intact, and the inside has been
completely destroyed!"
"If it is You tore it by yourself with brute force, it can only be in two! How could it be torn apart?"
Zoey analyzed.
Levi Garrison smiled, "That's because I have great strength! I can tear it easily!"
"No! It must be that the suit can't bear this strength! It's broken long ago!"
Zoey thought of something more, and looked in astonishment. He asked Levi Garrison, "Did you know
that the battle suit was broken? So I deliberately said that I have to test it by myself and tear it apart!"
Zoey suddenly thought that Levi Garrison had to test his suit in front of everyone, and he would tear it
by himself.
At that time, everyone didn't take it seriously.
Now it seems that Levi Garrison knew that the battle suit was shattered a long time ago, so he could
take advantage of this opportunity to show off and pretend to everyone.
Just before it started, I was pulled away by myself.
"You are kind of naive in Levi Garrison! You have this kind of idea!"
"However, it is also good. At least I helped Kunlun Industry to measure the limit of this battle suit! I
immediately told them to go!"
Zoey ran away, Lian Levi Garrison No opportunity to explain was given.
"I…"
Levi Garrison was helpless.

The suit was good, but he just disliked it and tore it a bit.
"Let her go!"
Levi Garrison shook his head helplessly.
Zoey will definitely pass the wrong information to Kunlun Industry, making them think that the defense
of the suit is not good enough, and they can't stand the limit!
But this may also be a good thing!
Because in the future, Kunlun Industry will continue to strengthen the quality of battle clothes and
improve defense.
Make something better.
It's not necessarily a good thing…
Yes.
As Levi Garrison thought, Zoey shattered his battle clothes in time and passed the news that he had not
endured the limit to Kunlun Industry.
Marshal Tiance and everyone else believed it.
After all, the materials and all aspects of the suit are too precious.
Too rare!
It's a loss for experimentation!
Secondly, there are no volunteers to test again, especially in the case of this failure.
They can't test it!
I can only bury my head and continue to raise the limit of the battle suit…
But in order to thank Zoey, the marshal Tiance gave her another battle suit.
Had it not been for Zoey's news, he would probably be wearing a battle suit to challenge the top of the
gods.
In that case, it is likely to be lost!
As everyone knows, what Zoey delivered was the wrong message.
Zoey returned with another battle suit.
Levi Garrison was completely helpless.
No way.
He can only wear it!
The next step is to discuss the meeting with the head of Maya Industry.
Levi Garrison thought about it and asked the people from Maya Industry to come to Daxia to meet.
The news came out.
Many people were shocked.
When the Dark God meets the senior leaders of Maya Industry, how could the place be chosen in Daxia?

The reason Levi Garrison gave them to the Underworld God is very simple-I don't bother to run! Let them come to see me!
The Return of the God of War [The Protector] Chapter 2389
This is definitely not an eight-stroke thing!
A leader of the Mayan industry, a leader of the Bible organization.
The meeting was chosen in Daxia…
No one understands this!
No one in Maya Industry understands it.
Even many people in the Bible organization don't understand it.
…
Why choose Daxia?
Moreover, many confidants of the dark gods in the Bible organization know that the dark gods dare not enter Daxia in a short time.
But now you are going to Daxia?
…
But everyone can understand this a little bit.
After all, the Dark God is too strong now.
Suppress the god list!
It even pressured Maya Industry to negotiate… The two sides chose Jiangbei for the position of the Daxia negotiations.
This makes everyone focus on Jiangbei.
Zoey was very excited.
Master must have chosen Jiangbei for the negotiation location because of her.
"It's a pity, if Master can accept you as a disciple! In the future, you must be the second existence on the gods list!"
Zoey looked at Levi Garrison and exclaimed.
"But she is not willing to accept you as an apprentice anyway! You still have to rely on yourself! Practice! Your daughter Levilia has already walked out of her own way!"
Zoey still has confidence in Levi Garrison.
As the period of March is getting closer and closer.
Zoey believes that Levi Garrison will realize…
Levi Garrison sneered, "I have only one master, and no one else is qualified to be my master!"
What's more, the God of Darkness is himself!
The meeting between the Dark God and the head of Mayan Industry in Daxia is definitely an unprecedented event.

After receiving the news, Tiance Mansion was also lost in thought.
Such a big event is held in Daxia, and it is mainly at the juncture, which may be more sensitive, and
secondly, it is the God of Darkness.
The young commander of Tiance and several great generals have vaguely heard of the legend of the
dark god.
It seems that the Tiance Mansion has explicitly forbidden-the dark god shall not enter the half-step of
the great summer.
But what is going on is still not clear to everyone.
Now the problem arises-is it to stop the Dark God? Or should he not stop him and let him enter Daxia?
But if you want to stop it, can you really stop it?
The God of Darkness is the number one combat power on the gods list, if you want to stop it, you may
not be able to stop it!
So they are struggling with this problem.
Soon, the negotiated date agreed by both parties arrived.
The leader of Maya industry came to Jiangbei under the escort of a large number of masters.
Their aircraft carrier is waiting on the open sea.
Almost all the masters that can be brought.
After all, Daxia and the others were most afraid…On the
Bible organization side, Levi Garrison was the only one.
Just the night before the meeting, the Underworld God came to Jiangbei in a hurry.
"What are you guys looking for me for?"
Levi Garrison asked curiously.
"We forgot to tell you one thing! The God of Darkness was afraid of Daxia before and didn't dare to
come to Daxia! Especially before the fusion of Heavenly Sword and Earth Sword, she would not dare to
appear in Daxia! Said she was afraid of being alone! "
Now that you appear in Daxia in the image of a dark god, you are afraid that you will attract this person,
even a big power!"
Underworld gods are humane.
"Even though we know that your strength is not afraid of everything! But after all, it is better to be
careful!"

Levi Garrison smiled, "Well, okay, I know it all. It's okay, just let me see who it is? Maybe it can help me
uncover a lot. Secret!"
"That's good! But be careful!"
everyone said.
"I just want to see who the head of Maya Industry is…"
This is the purpose of Levi Garrison's promise to negotiate.
If the leader of Maya Industry is one of the gods' laboratories, then it proves that his idea is right!
The laboratory of the gods still exists in the world.
"Levi Garrison…Levi Garrison…" At
this moment, Zoey's voice came.
She walked straight to Levi Garrison's villa. "Huh? Why are you here???"
The Return of the God of War [The Protector] Chapter 2390
Zoey saw a few people from the Underworld God, which was extremely different.
After all, I had never received any news from them before.
"Huh? Master? Why are you here?"
Zoey saw another figure wearing a mask.
Just now, Levi Garrison knew that he couldn't hide, so he put on the mask.
"It turns out that you arrived early, Master, and I thought you would come tomorrow!"
…
Zoey was surprised and delighted.
"I have something to discuss with them, you go out first!"
Zoey left.
…
Levi Garrison instructed the Underworld God to stare at the situation outside.
Let them leave quickly.
After a while.
Plum dye returns.
"Huh? What about people?"
Zoey looked puzzled.
Levi Garrison was stunned. "Who is it?"
"Master had a meeting with you just now…"
Zoey said bluntly.
"Then why didn't I see it?"
Levi Garrison asked deliberately.
"With the master's cultivation, she doesn't want you to see it, you absolutely can't see it!"

Zoey was proud of his face.
Zoey looked at Levi Garrison again and said, "Believe it or not, Master is definitely still here, but we can't
find out."
"I believe it!"
Levi Garrison didn't believe it.
He is indeed here…
"Hey! What if the master stayed in our house forever? In that case, no one in this world would dare to
provoke us?"
Zoey sighed.
"It's okay, it's the same with me! No one dares to mess with our family!"
Levi Garrison smiled.
"You… I'm waiting for this day… I hope to hurry…" When the
two people were walking in the villa courtyard, they suddenly heard noises outside.
The two went out to take a look.
Many people came outside the villa.
Levi Garrison and Zoey knew many of them.
For example, Fan Shengnan, Shura God of War and his seven kills,
broken army, greedy wolf and others.
There are also many familiarities before.
They now seem to be the Daxia Alliance, one of the top ten forces in Daxia, right?
It is the powerful forces from all sides in Daxia gathered together to form a super powerful force that
was used to fight against some ancient tribes.
It can even be said to be the first of the top ten forces in Daxia.
There is no fixed leader, there are six heads.
Fan Shengnan and Shura are two of them.
"Why are you here?"
Zoey asked immediately.
Watching everyone vigilantly.
"If there is no accident, it should have come to me!"
Levi Garrison smiled.
He had already guessed the reason why Daxia League came here.
Not only that.
There are still many forces that rank behind.
Should have come with the Great Xia League.
"You guessed wrong this time, we really didn't come to you! We even said that it has nothing to do with
you!"

Asura War God said with a proud face.
They are now the top powerhouses in the gods' list, even a little better than Kirin (Qilin).
Shura God of War and Fan Yanan didn't put anyone in their eyes.
Saying hello to Levi Garrison is purely for the sake of face.
"Kunlun God of War, let's just call you like this! Now your era is completely gone! It's no longer where
everyone calls you!"
"In the past, our boss regarded you as the goal of our life."
" But now, for you, we have not even any interest! let alone other people. " "
because, according to the strength of the qualifications you even do not have a dialogue with us! "
Qisha, breaking the military greedy wolf trio mercilessly road.
These three are also on the list of gods.
Although behind!
But that is also a god list!
Fan Shengnan looked at Levi Garrison with a complicated expression, "I heard about you! You have to
work hard to seize the opportunities of this era!
There are more than 7,000 on the quasi god list, which is indeed a bit too low!" "What's the need? Help,
even though, for example, exercises, I will give it to you!" Asura War God also nodded, "I am willing to
help too!"
The Return of the God of War [The Protector] Chapter 2391
"No matter what era, you should be a king-level existence! Not like now…More than 7,000 in the quasi
god list, it is a joke to spread out! I am ashamed of you!"
Asura war god said helplessly.
"That's true! Many people who don't know you can't understand why the 26th strength of our boss, the
leader of the gods, used to target you in the past! It is really shameful to say it!"
"And your apprentice, brother , Your subordinates, and even your wife and daughter, are the top
superpowers on the god list!
You can't beat everyone around you! We also heard that your father-in-law and mother-in-law are on
the god list, even your grandparents are ranked better than you High?
How did you do it? They give you

so many modern techniques. If you don't practice, why do you have a face?"
"We beg you, hurry up and work hard to become stronger! You are not ashamed, and we are ashamed!
your relevant people will be ashamed of! reduced to this former king how it! " "
...
even the elderly and infirm do not like! you're alive What does it mean? when you want to waste it? "
……
seven killed, several people mercilessly breaking the military The accusation of Levi Garrison.
...
Zoey didn't stop it.
Instead, she needed such a person to stimulate Levi Garrison.
Only when Levi Garrison is hit to the end, will Levi Garrison hit the bottom and rebound!
And these people in the Seven Kills speak more directly!
Almost every sentence is like a knife, and the knife sees blood!
This kind of stimulation is the best!
Because they don't need to care about Levi Garrison's emotions, so they can't stop talking.
This is a huge blow to Levi Garrison!
It's good for him too!
Perhaps the desperate situation encountered in the virgin forest is not as good as the few words of the
seven kills breaking the army now…
"Although it is saying that, but we hope you can get rid of the status quo as soon as possible and
become a top powerhouse! I am waiting for you to surpass all of us! If you need help, just ask us!"
Shura God of War said.
Fan Shengnan nodded, "Need help, please find us at any time. But we have other things now…"
Levi Garrison ignored them and turned to enter the villa.
Zoey asked, "What's the matter with you? I see if I can help!"
"We heard that your master, the Dark God, is here…We want to see you!"
Fan Shengnan stated his purpose.
Originally, many forces in Daxia were controlled by the Bible organization.
Especially the Great Summer League was organized by the Dark God.

Xiuluo and Fan Shengnan are now greatly improved in strength, relying on the Dark God and the Bible
organization.
There are others too.
In addition to the Great Xia League, there are dozens of great forces who also come to see the God of
Darkness.
After all, the Dark God and the Bible Organization gave them everything.
Now the Dark God has come to Daxia, and they should see him.
"Okay, let me ask Master to see if she can see you!" After
Zoey dyed back, he shouted to the villa, "Master, there are a bunch of people outside wanting to see
you, can you see it?"
"See you!" "A
voice came from Levi Garrison's villa.
Plum dyed his face with surprise.
As expected, the master was still in Levi Garrison's room.
Sure enough, my guess was correct.
As for where Levi Garrison went at the moment, she was not interested in knowing.
And the master responded aloud, maybe Levi Garrison is under control now, he is sleeping!
Zoey hurriedly came outside and told Shura the news that the Dark God wanted to see.
Everyone looked excited.
Follow Zoey into the villa.
Levi Garrison's villa.
He is sitting.
It's just that there is an extra mask on the face.
No one doubted his identity!
"Meet the Dark God!!!"
Shura, Fan Shengnan and everyone all knelt to the ground.
The dark god is equal to the teacher, and they naturally have to kneel. The people behind became more
and more crazy.
The Return of the God of War [The Protector] Chapter 2392
One by one, they were crawling on the ground like devout believers, their eyes full of madness.
Seeing the Dark God with their own eyes has already brought tears to their eyes.
As if seeing a god! ! !
But the dark god is the god!

First, give everyone present magical powers to make them so powerful!
Second, control one-third of the world's power!
...
Third, the first in the gods list, the invincible combat power everyone is terrified!
Isn't this a god yet?
Dark God is definitely the idol belief of Shura God of War, Fan Shengnan and others!
...
Especially in the eyes of people like Shura who worship the strong, they are even more gods!
Shura, who had always been cold, was not calm when he saw the Dark God.
The eyes are full of heat and madness!
"My greatest hope in this life is to follow you!"
...
After seeing the Dark God, everyone revealed their own voices.
Levi Garrison looked helpless, "I'll just say you are here to find me?"
"Huh?"
Hearing this, everyone was taken aback.
What does the dark god mean?
correct!
It should be the dark god who knew they were coming.
It's like a god!
Control everything!
God-like existence!
"Being a member of the Bible Organization is the smoke from my family's ancestral grave!"
"Yes, even forces of the Maya industry level are helpless. They have to negotiate with you!"
……
Everyone was delighted and excited.
I don't know what to say.
Looking at the major forces of Daxia.
Levi Garrison understands something. Why does the Bible organization madly control so many forces in
Daxia?
It seems to be in the layout!
The plan of the dark god sooner or later should be to enter the summer, so these people are planning
ahead.
Dark God manages such a big game.

What is she afraid of?
What makes Daxia afraid of her?
But it doesn't matter!
Levi Garrison wanted to see what is sacred?
The Asura War God group came to find the Dark God, and nothing else except flattering and awe.
Levi Garrison was tired of listening.
"Let's go if it's okay, I'm going to rest!"
Levi Garrison waved his hand impatiently.
Everyone immediately left obediently.
But everyone was hovering at the door.
"What do you think of the face under the mask of the Dark God? Young handsome? Or middle-aged? Or
old?"
"I think it should be a young man! At least the face looks very young!"
...
Everyone is discussing the Dark God Real face.
But everyone thinks that the dark god is male.
They all start from a male's point of view.
Zoey covered his mouth and chuckled aside.
Except for her, no one knows what the face under the mask looks like in this world, right?
It's a girl!
No one thought of it, right?
At this time, Fan Shengnan resolutely said, "I think the Dark God is a woman! Judging from her previous
style of doing things, she is very delicate! Not male! Definitely female!"
"Ah?"
Fan Shengnan said.
Everyone looked at her strangely.
"How can it be a woman? Impossible! God of Darkness knows that it is a man in the whole world!!! You
ask other people, is it a man?" He was
immediately rebutted by everyone.
The whole world thinks that the dark god is a man!
All think so.
"No, no, I just observed it carefully, and based on her previous style of doing things, she has a
70-80 % probability of being a woman!" Fan Shengnan still observed the details.
Zoey nodded approvingly.
"It's a man! I bet you, it must be a man!"

“Female! I think it’s a woman!”
… At
this time everyone quarreled.
Zoey said helplessly, “Well, let me tell you! The God of Darkness is a woman!”
Suddenly, there was silence in the field, and there was no sound.
“No! It’s a man!”
“To be exact, it was a woman before, but now it’s a man!” Another voice came!
The Return of the God of War [The Protector] Chapter 2393
Hearing the sound, everyone looked over.
Even Zoey looked over.
Levi Garrison was happy.
*I’m the f*cking god of darkness!*
Do you know me personally?
I am a male or female, don’t I know?
…
Levi Garrison came out…
Everyone’s expression changed.
Because Levi Garrison came out of the room where the Dark God was just now.
…
Seeing everyone’s misunderstanding, Zoey immediately explained:
“Master does live in his villa, but we
can’t find the exact location!”
“Don’t listen to his nonsense! I’ve seen Master’s true face! Don’t be jealous! Don’t quarrel!”
“Master is a woman’s matter, you must not spread it out!”
Zoey also warned.
Everyone nodded in unison: “Yes!”
Soon.
The next day’s negotiation meeting will be here.
The delegation of Maya Industry came to Jiangbei from the open sea.
In a pavilion in the heart of the lake.
Levi Garrison was wearing a mask and was waiting.
He wanted to see who it was…
Soon, everyone came one by one.
The leader of Maya Industry is not a single person, but a group of people.
There are about seven or eight people.
More than twenty people followed.
It is estimated that it is also the core high-level.

A large number of masters followed, and hundreds of them were ambushed in the dark.
It seems they are all a bunch of guys who are afraid of death.
Send out, there are so many people to protect!
Afraid of yourself?
Still afraid of Daxia?
Seven or eight leaders sat in front of Levi Garrison and greeted him.
"Huh?"
Seeing these people.
Levi Garrison couldn't help being taken aback.
Did you guess wrong?
Does Maya Industry have nothing to do with the Lab of the Gods?
Why don't these people know me?
In other words, I have never seen it before.
Could it be that they are really new big forces.
Not right!
There must be something wrong!
It's impossible to say that it doesn't matter at all!
"Dark God thank you for agreeing to the invitation…" The people of Maya Industries began to negotiate.
Probably it is to let the dark god and the Bible organization not interfere in the Mayan industry. Any
conditions can be opened!
Even Maya Industry can also alliance with the Bible Organization…
"Dark God, you have to know, once, you join us! Who can stop us in this world? Even Daxia, we have to
walk sideways!"
Levi Garrison smiled .
"The alliance is not impossible, but you have to let me know your details, at least a little sincere! The
Bible organization under me, although it controls one-third of the world's power, can be said to be a
mob! What do you want to know? , I can say…"
Levi Garrison smiled.
"Dark God, what is your details, we still know a little! You personally killed one of the founders of the
Lab of the Gods back then!
Now it seems that your strength has reached the point where no one can beat it! It is estimated that
when you chose Daxia for the negotiation this time, which demonstration did you provoke?
After all, before you but can not enter the big summer …… "

he said several senior Maya industry.
Ye monarchs surprised a moment.
These guys, it seems that the original dark God than their own understanding of it.
" Oh yeah …… we are now more I have come to understand that the destruction of the Lab of the Gods
was not because the Lab of the Gods was weak, but the God of Darkness was too strong! "
" Yes! At that time we still had all kinds of suspicions! It may be the scheme of those guys! Only by
allowing the Dark God and the Bible Organization to destroy the Gods Lab so easily… Now everyone
understands it, especially after the Dark God can kill the mutant living dead, we understand! "
…
Listening to the chat among the senior leaders of the Maya industry.
Stormy waves surged in Levi Garrison's heart.
What? The
laboratory of the gods was really destroyed???? The
dark god did not lie?
Is it true that they brought Zoey to them ? God laboratory is gone?
The Return of the God of War [The Protector] Chapter 2394
Originally, he really thought that this was what the Dark God used to deceive plum dye.
Didn't expect this to happen?
However, Levi Garrison found it impossible. With the power of the God of Darkness and the biblical
organization, even if it was to destroy the previous laboratories of the gods, it would be difficult.
Not to mention that the Lab of the Gods is just the tip of the iceberg that everyone sees.
Impossible!
Even if the laboratory of the gods was destroyed, it is probably deliberate.
…
Deliberately let the dark god, let others mistakenly think that the laboratory of the gods was destroyed.
The people of Maya Industries had the same suspicions as their own at first.
Feeling that the strength of the dark god is not enough, the laboratory of the gods was deceived to
death, deliberately destroyed and disappeared.
…

But after seeing their strong strength, they all believed it.
Levi Garrison shook his head with a wry smile.
Hey!
Kind of blame yourself!
The current dark god is not alone with the previous one!
The combat power is not of the same level at all.
The current dark god is him, and he may be destroyed if he has strength, but the previous dark god can't
do it.
She can't do enough to destroy the laboratory of the gods!
Your suspicion is right!
The Lab of the Gods did it deliberately… but
Levi Garrison was embarrassed to say it directly.
He could only follow Maya Industry's meaning: "Well, I destroyed the Lab of the Gods with my own
hand! Many people did not believe it! But it is old history, and few people know it."
"But I listen to you. I just said that it seems that the demise of the Lab of the Gods has
something to do with you?" Levi Garrison wanted to test the details of this group of guys.
The words came out.
Dozens of people laughed.
"Let's say the Dark God, you are the last to destroy the Lab of the Gods!
But this is half of our credit!
Without our foreshadowing and action, you are afraid it will be difficult to destroy the Lab of the Gods!"
Someone said with a smile.
"Huh? Your actions? What actions? I'm afraid it's your identity… I have repeatedly investigated Maya
Industry, but there is no clue. Are you related to the Lab of the Gods?"
Levi Garrison suddenly looked at the crowd and asked.
Everyone looked at each other and all smiled.
"It does matter! We used to be people from the Lab of the Gods…" As soon as he said this, Levi Garrison clenched his fists, his eyes shot sharp gazes.
His killing intent enveloped everyone.
At this moment, everyone in Maya Industry felt like an ice cave.
The blood boiled all over, the pressure doubled every inch, and everyone seemed to explode.
Is this oppression from the gods?
Everyone panicked.

Looking at Levi Garrison incredulously.
No wonder the Dark God is number one on the god list, no wonder he can kill the mutant living dead.
Too strong!
"Don't get me wrong, God of Darkness…we…we were from the Lab of the Gods before, but all of us here
violated the rules of the Lab of the Gods and were designated as traitors, some were exiled to the wild,
some He was kept in prison and tortured…"
"To put it bluntly, we are the traitors of the Lab of the Gods! We used to work for them, but we were
not as good as the pigs and dogs! Our group of traitors secretly contacted and prepared to overthrow
the Lab of the Gods! "
Because we know the core of the laboratory of the gods and basically know everything! So we quickly
formulated a rebellion plan and implemented actions!"
"Finally, we dismantled the Lab of the Gods from the inside, and used the Dark God, you and other
forces to destroy the Lab of the Gods from the outside! Under the attack of the inside and outside, the
Lab of the Gods was destroyed…"
"But at first we all felt that The Lab of the Gods is deceived, how can it be easily destroyed. Our strength
does not seem to be enough!"
"Later, after knowing your terrifying power of the God of Darkness, we determined that the Lab of the
Gods was destroyed!"
…
shocked!
The Return of the God of War [The Protector] Chapter 2395
After Levi Garrison listened, he was only shocked!
The source of Maya Industry is finally known…
It turned out to be made up of traitors in the Lab of the Gods…
"Actually, it is not all traitors. There are those who are unsuccessful, some have been suppressed, and
some are acting as cows in the Lab of the Gods. Ma…Everyone is extremely angry at the Lab of the Gods!
They all want to replace the Lab of the Gods and walk its way!"
…
When it comes to the Lab of the Gods, everyone is angry to death.
…

Levi Garrison smiled and asked: "So the current Maya industry is actually made up of the old foundation
of the Gods Laboratory?"
"Yes, that's right. I have to say that the advanced point of the Gods Laboratory was just a few years ago.
Technology and technology are now at the top level! Today, the technology and technology owned by
Maya Industry are all leftovers from the laboratories of the gods!"
"At present, the most famous is the special elements on Maya industrial weapons and variants of the
living dead! This actually comes from the gods. One of the most terrifying doctors in the laboratory is his
research and invention!"
...
...
Levi Garrison seemed to think of someone.
A slightly heard one.
"Is it the one who created the god-making plan in the past?"
Levi Garrison asked.
Everyone nodded immediately: "That's right, it's him! This scariest doctor is too powerful! Now half of
Maya Industry's technology comes from him!"
"Three years ago, I still remember that Levi Garrison and Lucifer died together. Later, the doctor quickly
resurrected Lucifer! But Levi Garrison also woke up at last!"
"Well, the doctor said that if Richard had not been blown up, he could also be resurrected. There are
many more!"
"It feels like this doctor is a perfect combination of technology and witchcraft… he is terrible…"
Levi Garrison was already shocked when he heard that Lucifer was quickly resurrected.
At that time, Levi Garrison made a sigh of relief, just to die with Lucifer.
Resurrected so easily?
How scary is this doctor?
"The special elements used on our weapons are left behind by him! The whole world has been looking
for a solution for so long to no avail!"
"There are also variants of the living dead, which are also the technical potions he left behind… They are
just controlled. The method did not remain… we did it after a long time experiment… and then our

improvement!”
“But we looked at his original plan, the variant of the living dead plan he is going to be used on large
beasts! We are not as powerful as him and can only be used on humans…”
“Apart from these, many other things in Maya Industry are derived from the foundation of the Gods
Laboratory! The new era is coming, various opportunities continue, and various relics and civilizations
appear… …But we did rely on the foundation of the Lab of the Gods to mix up to now. This is what
makes us different from other forces…”
“They emphasize quick success, and each improvement in strength is just like riding on a rocket.
However, we are not the same. , Rely on technology and ancient methods, and pay attention to actual
combat!”
…
listening, Levi Garrison laughed.
“So you held two challenge series, on the one hand, to enrich the offensive methods of the variant living
dead; on the other hand, I am afraid that it is to compare the gap between the strong in Maya industry
and the strong in the new era?”
Levi Garrison asked.
“Yes, that’s right! After all, we are still on the old road! It is different from the new era! The first
challenge is to record the initial state…”
“The new era is like opening a Pandora’s box. All kinds of opportunities are everything. I ran out. All the
major forces have benefited!”
…
“I am more confused, the new era is coming… seems to have come suddenly?”
Levi Garrison frowned.
“Yes, we have also studied this…”
The Return of the God of War [The Protector] Chapter 2396
“But I can’t find the source, just like it suddenly appeared! Suddenly it changed into a world!”
“Ordinary people are all martial arts, super powers. The strength of the previous martial arts suddenly
skyrocketed… I don’t know. Wherever it started… the whole world suddenly changed…”

“To be exact, it should be after Levi Garrison disappeared… the whole world changed… Except for Lucifer
and other people in the Lab of the Gods, everyone was active for a year. There is no sense of
existence…”
…
abnormal!
Not normal at all!
Suddenly the world has changed!
A lot of quick skills and skills appeared!
All kinds of medicines and techniques to transform the human body or other have appeared!
The advanced and developed technology for decades has appeared without warning!
…
Is this possible?
Where do they all come from?
Obviously someone is manipulating it!
Levi Garrison thinks so!
There must be a black hand controlling everything secretly!
He firmly believes that it is the laboratory of the gods!
The new era is the masterpiece of the Lab of the Gods…
“It is also with the advent of the new era that we can cooperate with the inside and outside, and kill the
Lab of the Gods! Otherwise, we will hardly have a chance…”
Maya industry executives exclaimed.
They would also like to thank the arrival of the new era in order to get rid of the Lab of the Gods.
Levi Garrison shook his head helplessly, and sneered in his heart: “You are actually deceived! The New
Era is made by the Lab of the Gods…” It
can even be said.
The new era is an experiment in the Lab of the Gods!
Keep the whole world firmly in their hands.
It’s like Kirin (Qilin) and Xiao Feng who practiced them all for them.
Just like the lab mouse.
They can trample to death at any time.
When the Lab of the Gods returns, then it is time for disaster.
Furthermore.
What kind of existence is the Lab of the Gods that can make a group of traitors rebel?
It’s absolutely impossible!

Thinking too much.
But everyone was skeptical before.
Now that he turned into a dark god, no one doubted it anymore.
Absolute strength can conceal all suspicions…
This time the negotiation meeting, Levi Garrison is truly a worthwhile trip.
Knowing the origin of Maya industry, it is more and more certain that the initiator of the changes in the
new era is the laboratory of the gods.
Next, we must fully guard against the laboratory of the gods…
"Dark God, in order to show our sincerity in cooperation! We can also tell you a secret…"
the leader of Maya Industry said.
"Ah? What's the secret?"
Levi Garrison was taken aback.
Are there any secrets?
"Dark God, do you also know the purpose of our primeval forest challenge? In order to collect the
offensive methods of all parties.
This time we got half of the data! After our investigation and in-depth research, we found that the
strong men of this challenge, no matter where they came from, The sources of what they practiced are
all highly overlapped! They just evolved into tens of thousands of ways…"
Levi Garrison was surprised: "Could it be that they are actually practicing the same thing?"
Xiao Feng and the others had given himself the technique, but Levi Garrison didn't even look at it.
"Yes, it can be said that it is the same kind of quick-made thing…"
"And if you practice it to a certain level, it may be backlash…Practicing these techniques will eventually
lead to destruction."
Levi Garrison couldn't sit still.
"What? Will backlash? Eventually perish…"
Levi Garrison was shocked.
Could it be that Zoey, Kirin (Qilin) and the others practiced quick skills.
Will eventually perish?
Then I must stop them! ! !
"Okay, let's cooperate! I will mention a few of the conditions later!"
Levi Garrison eagerly promised to cooperate.
After that, he hurried back to his residence.
He is not the image of the dark god, but the image of himself.

“Zoey, gather everyone together! I have something big to announce! Quick! Give it to me!”
The Return of the God of War [The Protector] Chapter 2397
Levi Garrison was really worried.
If it is really as he thought.
So much trouble!
The Lab of the Gods has always existed!
They are experimenting with the whole world!
They made everything in the new era…
ancient relics, ancient civilizations, various exercises, various advanced technologies…
everything comes from the laboratories of the gods!
So everything makes sense!
The poor people are so stupid that they really think that a new era is coming. After getting some
benefits and sweetness, all of them are crazy.
Kylin and they are typical representatives!
Think about it this way.
Maya Industry is now one of the top powers.
At the world’s leading level… But
the technology they depend on for their livelihoods turned out to be the remnants of the laboratories of
the gods two or three years ago… For
example, special elements, the whole world is helpless…
Mutants of the living dead can’t be killed…
Just the old things before. , But slapped the new era fiercely!
What ancient everything is eliminated… It’s
all a bullshit!
In fact, everything is an experiment in the laboratory of the gods!
What they had before was even more advanced and terrifying than the terrible new era!
Will such a powerful laboratory of the gods be eliminated?
How is it possible?
Who has this ability?
There is a problem when I think about it!
Also, the blood clan was awakened at the beginning, and it is estimated that many ancient clan have
also been awakened.
Everything is the action of the laboratory of the gods.
It is probably their plan.
The traitors of Maya Industry thought it was they who overthrew the Lab of the Gods.

Little do they know that they are pawns!
Maybe the people in the Lab of the Gods instigated them, and every step they took was designed by the
Lab of the Gods.
Now Levi Garrison became more and more suspicious that everything was the action of the Lab of the
Gods.
They released a lot of advanced things to change this era.
Also, the original hope to get the Doomsday Seed Bank is enough to explain everything…
"Ah? What's the matter?"
Zoey was frightened by Levi Garrison's sudden panic movements.
"Hurry up and gather people together! I'll tell you something later!"
Levi Garrison urged.
Soon.
Zoey summoned all those who could be summoned.
In addition to Azure Dragon (Qinglong) Kirin (Qilin) they are in Kunlun industry.
Xiao Feng and the Evil Sword God are all here.
"What the hell is the master calling us so anxiously?"
Everyone thought something big had happened.
"Hurry up, give us all your exercises and abilities! What you gave before has been divided up by those
people. I'm not coming back!"
Levi Garrison said anxiously.
He wants to study their exercises again to see if they are the same as Maya Industry said.
If you practice it to a deeper level, you will be backlash…you
can hear Levi Garrison's words.
Everyone was stunned.
This is such an urgent event? ? ? ?
Everyone really thought something serious happened.
Zoey and others secretly squeezed a cold sweat…
"The master gathered us in a hurry for this???"
Zhou Ke looked incredulous.
"Yes, that's it! Get out all your exercises quickly!"
Levi Garrison was rubbing his hands anxiously.
Everyone still doesn't understand.
At this time Xiao Feng laughed and said: "Good thing! Good thing! Great thing!"
"Huh?"
Everyone was taken aback first, and then they all reacted.

“It’s a good thing! It’s a good thing indeed!”
Zoey and others laughed.
For a long time, they have been attacking Levi Garrison with verbal satire, and they also created despair
for him in the virgin forest, just to make him wake up, know his shortcomings, and adapt to everything
in this new era.
Yesterday, several old acquaintances were bluntly ironic…
Now it seems that Levi Garrison can’t bear it anymore.
Completely awakened!
I guess I want to go crazy and improve myself!
Now he has taken the initiative to ask them for the new era exercises!
This is a good phenomenon!
Isn’t it what they want to see?
The Return of the God of War [The Protector] Chapter 2398
Levi Garrison didn’t know they had misunderstood.
I thought I had used these exercises to practice.
“Congratulations, Master for awakening! This is my exercise and combat skills for you! I hope Master
will take off soon!”
Xiao Feng took out all the things at the bottom of his box.
“And mine! Master!”
Zhou Ke also took it out.
“My!”
Sword Evil God !
Poison evil god!
Demon God!
……
Everyone handed over all of their own exercises one by one.
Levi Garrison took everything away.
“From now on, I want to retreat. Don’t disturb me by anyone!”
Levi Garrison also exhorted.
“Hahaha…”
Everyone laughed.
“It seems that Master is really anxious! I want to increase the fastest speed!”
Xiao Feng smiled.
“Yes, after getting these exercises, I went to retreat non-stop! Let us not bother, I guess I want to save
face! Hahaha…”
“Brothers, once the master gets serious! Then he will improve soon! Very much! Soon everyone will be

able to see him on the list of gods!"
"We, we have to hurry up! Don't let the master surpass us!"
…
Levi Garrison's unintentional act moved everyone.
One by one, they gritted their teeth, and then they will go crazy and practice, guarding their rankings,
and not letting Master surpass them.
Zoey smiled sincerely when he saw this scene.
This is what she wants to see!
Levi Garrison is finally on the way!
This is the best news she has heard…
As for the March period, there are still ten days!
In ten days later, Levi Garrison would definitely lose miserably.
But now that Levi Garrison started practicing these exercises, the result was different.
Ten days may improve very high!
Entering the god list is a bit exaggerated!
But if you enter the top three thousand of the quasi god list, there is still a chance…
After all, the practice of this era is to improve fast, and the speed is the same as riding a rocket.
"These ten days are really exciting! I am even more looking forward to it than before!"
Zoey smiled.
In the original March, she just wanted to see how miserable Levi Garrison was and how far away from
herself.
The bigger the smaller! ! !
But now it's different!
What she wanted to see was how small the gap between Levi Garrison and herself was in the end, the
smaller the better.
So she looked forward to…
even if they didn't collect the unicorns.
But Levi Garrison also collected a lot of skills of the gods and quasi gods.
On this day and night, he carefully studied all the exercises.
I didn't miss a little detail.
He wants to see if the major discoveries of Maya Industry are right…
outside at this time.
The story about the cooperation between the Dark God and Maya Industry has spread.
These two forces are united, and everyone must be afraid…

As for Zoey, they don't care about this.
They only care about Levi Garrison's condition.
Because Levi Garrison was uncharacteristically.
Along with Kirin (Qilin), Azure Dragon (Qinglong) and the others hurried over.
Everyone surrounded Levi Garrison's house.
Even Fan Yanan and Shura are here… They all
want to know what kind of excitement Levi Garrison is getting, why suddenly want to drive…
They said before that they can help!
Now I ran to ask Levi Garrison if he needed help.
Everyone sits together and speaks freely.
Exchange the experience of the exercises with each other.
At the same time, everyone looked forward to Levi Garrison.
Can he create a myth in this new era?
"I'm looking forward to it! He was once known as the opponent of my life! If he didn't do anything in
this era, I believe many people would feel boring!"
Shura said.
"Yes, now the boss has practiced well, let's wait. Within half a year, a king will come!"
Azure Dragon (Qinglong) smiled.
"Why are there so many people?" At
this moment, a voice sounded.
Levi Garrison came out.
The Return of the God of War [The Protector] Chapter 2399
He just came out of the villa.
After spending a whole day and night.
He finally found the answer! ! !
Maya Industry's data analysis is right!
Thousands of skills are actually the same, coming from the same source.
It's just ever-changing and evolving into different ways.
There are eastern ancient martial arts forms, western superpower forms… but
it's actually a kind of thing! ! !
You can discover the essence by peeling off the cocoon!
As a result, the essence of everything is the same!
And Levi Garrison researched to practice every exercise to the extreme…
Sure enough, it will be backlashed…
The end of all the exercises is backlash!
After all, it is a quick way, without a certain foundation.

When you practice to the extreme, there is no foundation to support you, and you will naturally be
killed by backlash.
It is estimated that these exercises are just experiments. People only need to collect data and don't care
whether you die or not…
But the creators of these thousands of exercises are also powerful people…
Obviously it is a quick method, but it has evolved into thousands. Gongfa. Here it is.
Levi Garrison became more and more convinced that all of this was the plan of the Gods Lab!
Therefore, these exercises must not be practiced!
He naturally can't control everyone in the world.
But he can control one-third of the control of the Bible organization… and his own brothers and apprentices.
It is also controllable!
After verifying everything, Levi Garrison hurried out.
I just saw so many people here.
Levi Garrison was surprised.
Then he smiled.
"Okay, it's better for everyone to get together! I won't go look for them one by one!"
"Huh?"
Hearing Levi Garrison's words.
Everyone was taken aback.
I don't know what Levi Garrison is going to do?
"Why did you leave the customs? Is there any problem? Still need help?" Zoey asked in surprise.
It stands to reason that Levi Garrison would take at least ten and a half days to retreat.
How come out day and night.
"Kunlun, I heard that you have already started to practice! Do you need my help? I can give you all of my
exercises!"
Asura War God said.
"It's
okay as well as ours!" Seven Kills, Breaking the Army and they also began to express their opinions.
Azure Dragon (Qinglong) saw Levi Garrison's strangeness, and asked curiously: "Boss, what's wrong with

you? I think your complexion is a bit wrong! Isn't something going wrong????"
"Ah? Something happened?"
Everyone felt Ye There is something wrong with King's Landing.
The complexion is terrible.
Did something really happen?
Hundreds of eyes stared at him.
Levi Garrison nodded: "Something has happened! It is indeed something wrong !" "Ah? What's the matter?"
Everyone became more nervous.
"There is a problem with your practice! Everyone has a problem!"
Levi Garrison even looked at Asura God of War and Fan Shengnan and said, "Even yours have
problems!"
That's right!
Although the god of war, they belong to the Bible organization!
But the God of Darkness only pointed out one or two things, and what they practiced is still a product of
the new era.
Including plum dyeing too.
She has practiced a lot of things, taught to her by the Dark God, and also have the exercises she has
obtained herself in the new era.
Especially after it was abolished this time.
Zoey's practice is the quick success method of the new era.
That's why the recovery is so fast, and the improvement is so fast.
At best, the God of Darkness will guide and train.
It's not her thing at all to practice…The
Dark God is very sinister, he just wants to train Zoey into a machine.
How can you take out all your hole cards and teach Zoey…
"Listen to me, from now on, give up your practice! The sooner you give up, the better!"
"Yes! Everyone in the room must give up! ! Give up quickly!" The words are not surprising and endless.
As soon as Levi Garrison said this, the field immediately became silent.
Confused!
Everyone is dumbfounded!
Everyone looked at him incredulously!
The Return of the God of War [The Protector] Chapter 2400
Puzzled!
Deeply puzzled!
Especially Shura God of War and Fan Shengnan.

It's even more embarrassing!
This person suddenly said-let them give up the practice of cultivation?
Why? ? ?
Zoey, Azure Dragon (Qinglong) and the others were not so surprised!
After all, Levi Garrison said before, let them practice his basic exercises!
Abandon all their current exercises and tactics, etc…
I don't understand it!
It was okay at the beginning!
After all, Levi Garrison still didn't understand this era, and his thoughts remained three years ago.
But at this moment, let them give up their current practice.
Why?
Didn't he wake up suddenly?
Didn't he practice hard?
How could they suddenly come out and make them give up?
Don't understand!
Everyone looked at him suspiciously!
Levi Garrison looked at everyone, "Let's put it this way, I have studied for a day and a night, and I have
studied all the things you gave me! I found two major problems…"
"What???"
Everyone looked over.
"The first one-don't look at your diverse skills! In fact, it is a kind of thing in essence! It is a quick way!
Not surprisingly, yours is the same as theirs…"
Levi Garrison looked at Xiang Xiuluo God of War and Fan Shengnan and others.
It means that theirs is the same as the others in the room.
"What? Master, what do you mean is that all of us here practice a kind of exercise??"
Xiao Feng's eyes were about to fly out.
"Ah? Is this possible?"
Zhou Ke and others also stared.
Levi Garrison nodded, "Yeah! That's right! It's a quick way! It's just evolved into a thousand exercises by
an expert! There are so many different kinds of skills to adapt to! All of you practice the same thing!"
"Fart!!!"
"It's ridiculous! Kunlun, how could we practice the same thing? It's not that we haven't played against
each other!" The
God of War refused to agree.

Kirin (Qilin) also immediately said, "Yes, I fought with Asura God of War! The exercises of the two of us
are completely different!"
"Yes, we have fought against each other! I haven't found out who has the same exercises! "
And the place where we get the exercises is different! It's like the unicorn was found in the Xishu area of
Daxia! I am the Western Deep Sea! He is in the Arctic area…"
…
Everyone started to debate.
Their sources, attributes, etc. are all different.
Levi Garrison insisted on saying that it was the same…
Everyone was a little angry.
Zoey stared at Levi Garrison angrily.
What happened to him in this retreat for a day and a night?
"Come on! Tell me about your reasons! Why do you think it is the same?" The
God of War asked Levi Garrison.
"This… hey… with your strength, it is difficult for me to explain to you…"
Levi Garrison wanted to explain.
But the strength of this group of people is too weak!
I don't understand the explanation at all!
If they could understand it themselves, wouldn't they have discovered the problem early?
Why wait until now? ? ?
Levi Garrison sneered helplessly, "Your strength is too weak! I can't explain to you! You can't see the
essence!"
Or he has the technology of Maya Industry for data analysis.
But this is also difficult.
It can't be achieved for a while.
"Well, well, we are too weak to explain, are we?"
Shura God of War sneered.
"Then you said two questions? Come on! The second one!"
Asura asked the God of War.
"If you all practice the exercises to the end, it will be destroyed! After you reach a certain height, you
will encounter backlash! All will die!"
"So, from now on, you must give up the exercises! Not persuasion! Forced! Compulsory! You give up!"
Levi Garrison solemnly instructed.
"This…"

Everyone was dumbfounded!
But how could they believe Levi Garrison?
The Return of the God of War [The Protector] Chapter 2401
First of all, everyone's various exercises are actually one thing in nature?
This is totally untrue!
A group of strong people at the forefront of the gods' list can't see it, but you can see it with more than
7,000 people on the quasi-shen's list?
Isn't this a bullshit?
A kindergartener came to educate a group of doctors?
What group of doctors can't see, you can see it as a kindergartener?
He also said that a group of doctors were too weak and would not understand it!
Isn't this a joke?
And the end of all exercises is destruction!
Will you encounter backlash after reaching a certain level? ? ?
Isn't this nonsense?
Now more than 90% of the people in the world are practicing the new era exercises.
But I have never heard of someone being backlashed…
you might say that you didn't get home!
But the top 30 powerhouses in the gods' list should all have practiced their respective techniques to the
point of perfection, right?
How do you say this?
How come they haven't been beaten back yet?
How come it hasn't perished!
The two points raised by Levi Garrison are without logical basis at all.
It was all his personal imagination and convulsive words.
How does this make everyone believe?
Even if he is Levi Garrison!
Levi Garrison saw what everyone looked like, and knew that it was useless to say that for a long time.
Also understand that it is impossible to prove it now!
Said they would not understand it themselves!
In particular, the end of the major exercises is destruction, which is even more impossible to verify.
At present, Kirin (Qilin) and the others still haven't reached that level.
Levi Garrison also suddenly thought of another question-it seems that the top ten powerhouses in the
gods list are not relying on opportunities or exercises in the new era.

For example, the dark gods before, such as the marshal of Tiance, such as Ye Wudao and his ilk.
They are not saying that they rely on the opportunities of the new era to gain improvement.
What they rely on is all their original techniques…
and Levi Garrison has observed that this is the case for the top ten or even the top twenty of the gods
list.
It does not rely on these quick methods of the new era…
This actually shows a problem-the quick methods of the new era actually have an upper limit!
At most, it will be in the top 30 of the god list, and it will be difficult to move forward.
Basically, the limit of the quick method is more than twenty on the god list.
As for why Zoey was ranked in the top ten of the gods before, it was because she was honed by the dark
god before.
It has little to do with the fast-track method of the new era.
Not right!
Levi Garrison suddenly thought of a serious problem!
Doesn't it mean that Kirin (Qilin) and the others have almost arrived?
They are almost on the edge?
The upper limit of this rapid success method is so high!
Basically it's over.
After going to the primeval forest this time, many people have made great progress, especially Zoey and
his ilk.
But Kirin (Qilin) and Azure Dragon (Qinglong) are still hovering in their respective rankings.
They have not improved much.
It is enough to show that the limit of the quick method has been reached.
"Kirin, Tiger (Bai Hu), Xiao Feng, Xiaojian, you people are determined not to continue practicing! If you
guys practice again, there will definitely be problems!"
"Others estimate that they are not at the limit, you are indeed fast!"
Levi Garrison turned to look at the God of War and Fan Shengnan. "And you two too! Stop as soon as
possible! Otherwise, you will encounter a backlash!"
"This matter is extremely urgent! I can't explain it to you for a while! But if you want to believe me! Give
up immediately! I am saving you! I am not harming you!"
Levi Garrison said solemnly.

Fan Shengnan sighed and said, "Of course we know that you can't harm us! But now you have no basis
at all! Let us give up our respective exercises? Is this a bit unsatisfactory? I want a basis!" Shura God of
War sneered " Are you afraid that you won't catch up with us, and deliberately said so badly that we
give up?"
The Return of the God of War [The Protector] Chapter 2402
Azure Dragon (Qinglong) immediately said, "Asura God of War, my boss is definitely not such a person!
He said that, there must be his reason! I decided to trust the boss once! I will not practice! I give up!"
Azure Dragon (Qinglong) said, everyone was stunned. NS.
Azure Dragon (Qinglong) unexpectedly gave up.
He chose to believe in Levi Garrison at the last moment.
Although this is Levi Garrison, his boss.
But this requires a lot of courage!
It is difficult to give up your own practice!
Seeing Azure Dragon (Qinglong)'s main mindset, Zhuque and Kirin (Qilin) also subconsciously expressed
their views, choosing to believe in Levi Garrison and abandoning their own techniques.
Azure Dragon (Qinglong) stopped them at this time.
And secretly winked at them.
"Everyone must follow your inner thoughts! Don't follow blindly! The boss believes him! But you have to
make a decision based on the actual situation…"
Azure Dragon (Qinglong)'s words, everyone understood the meaning.
In fact, Azure Dragon (Qinglong) didn't believe Levi Garrison's words very much.
He has the same idea as everyone.
People who believe in Levi Garrison don't believe in this matter of exercises.
Because there is no basis!
But now the boss begged them to give up.
Azure Dragon (Qinglong)'s IQ was very high, so he naturally didn't want Levi Garrison to be
embarrassed.
So he stood up and took the initiative on Levi Garrison's side, unconditionally trusting him, and willing to
give up the practice.
In fact, he didn't want to!

But in order to alleviate the situation, not to embarrass Levi Garrison and not to embarrass everyone.
So he chose to sacrifice himself to save everyone!
He can give up the exercises without practicing, or even become an ordinary person.
But other people continue to practice, don't give up!
I have to say that Azure Dragon (Qinglong)'s trick is very good.
Save everyone!
It won't make Levi Garrison feel embarrassed and lonely, and it won't make everyone feel embarrassed.
A fearless spirit!
Everyone cast their appreciative glances at Azure Dragon (Qinglong) one after another.
Really deserves to be the big brother!
Although Azure Dragon (Qinglong) is not the strongest among everyone, it is the one with the most
control and leadership qualities.
He is making decisions on all matters!
"Boss, it's not that we don't believe you, but you have no basis! Azure Dragon (Qinglong) is on your side
now! We can see, what problems do we have when we continue to practice?"
Kirin (Qilin) said one by one.
They will continue to practice the exercises.
See if there is a problem like Levi Garrison said, it will encounter backlash and go to extinction.
The Commoner Killing God also stood up, "Mr. Ye, you have pointed me! I can be regarded as an old
world! But I really can't find the problem, your statement really has no basis!"
But Zhenger eight classics believe that Levi Garrison also has it. .
Wen Lei and Mia stood up at this time.
"We trust our brother unconditionally! We give up and don't practice!"
The two people didn't have as many ideas as Azure Dragon (Qinglong).
Just simply believe in Levi Garrison.
I believed in Levi Garrison before.
I still believe in Levi Garrison!
Levi Garrison felt more relieved when he saw this.
He also understood Azure Dragon (Qinglong)'s thoughts…
but he didn't want to watch his brothers, his apprentices were going to perish! ! !
What if he can't control it and save them?

This is something he doesn't want to see.
No one in the room can die!
But now they don't listen to them, and they can't force them to do it.
"Let's do it! Does Kunlun Industry have a large-scale laboratory? You can convert various exercises into
data and analyze them in a unified way! See if it is harmful? Just look at what I said."
Levi Garrisonti Made a suggestion.
Maya Industry can do it.
As long as Kunlun Industry does it, it can be researched out.
"Is this really okay?"
Azure Dragon (Qinglong) asked.
"Yes! Collect everyone's exercises and convert them into data!"
Levi Garrison said. "no!!!"
The Return of the God of War [The Protector] Chapter 2403
At this time, a different voice came out.
Everyone looked over.
It turned out that Xiao Feng made the noise.
"Huh? No?"
Levi Garrison asked.
"The boss gave you our exercises, we have no complaints! But we can expose our exercises cards to
others, no! This is equivalent to giving all our strengths, weaknesses and lives to others! We are not at
ease! Even if it is Kunlun Industry!"
Xiao Feng said frankly.
"Yes, we don't worry about giving everything we have to others! We are insecure! Don't worry!"
Other people also expressed their opinions.
Kunlun Industry is not owned by Azure Dragon (Qinglong).
They are naturally uneasy.
Upon seeing this, Azure Dragon (Qinglong) immediately said, "Let's do it! I will collect some more
exercises from a few of our brothers and sisters, about one to two hundred. It should be okay if it is
transformed into data research?"
Levi Garrison nodded, "It should be okay! The base is small, but the effect is definitely the same!"
"Okay, then we will prepare! Other people don't have to worry!"
Azure Dragon (Qinglong) took Kirin (Qilin) and the others away.
Come outside.

Several people immediately asked, "Azure Dragon (Qinglong), do you really want to collect our exercises
for research?"
"Do you really believe what the boss said?"
...
Azure Dragon (Qinglong) smiled and said, "Of course not! Only temporarily deceived." Boss! If I don't do
this, everyone in the room will not agree. Where can I put the face of the boss?"
"So you first sacrificed to stand on the side of the boss, and then you agreed to the data analysis, all in
order to stabilize the boss! "
Everyone exclaimed.
Azure Dragon (Qinglong) analyzes for everyone, "This is the case, we can't do data analysis and
research! Because it is impossible at all! If there is a problem, with the strength of your god list, it must
have been discovered early.
Not the boss. I found it! The boss has limited abilities now, how could he have penetrated to the end of
thousands of exercises?
Otherwise, how could the boss only be ranked in the quasi god list more than a few thousand!!!"
Phoenix (Suzaku) asked worriedly, "Then if the boss knew We didn't do it at all. What should he do if he
blames it?"
"Now I have given up everything, and I will concentrate on practicing only the basic exercises that the
boss gave me! I don't care anymore. Once the boss is blamed, I will take everything. Take all
responsibilities!"
Azure Dragon (Qinglong) said helplessly.
"Hey, it's because of you, Azure Dragon (Qinglong)! Sacrificing you alone to save all of us!"
Kirin (Qilin) patted him on the shoulder.
"It's okay! Among us, I have the lowest martial arts talent and the weakest strength. My sacrifice is
worth it! You have to practice hard! Without me, you are still under a lot of pressure!"
Azure Dragon (Qinglong) smiled.
"Well, we will work hard! Practice our respective exercises to the limit! Let the boss see if the end of our

exercises is perished!"
Everyone was very confident.
To prove it to Levi Garrison!
On the other side, Levi Garrison immediately began to give orders to the Bible organization in the name
of the Dark God.
Let the one-third of the forces controlled by the Bible organization give up the exercises step by step.
But there are too many forces and numbers.
It's impossible to achieve it all at once.
You have to take it step by step.
Especially many people will doubt it.
For example, the Shura God of War of the Great Xia League and others would definitely not believe it.
And I have said this, if it is forced to come, it may make them suspicious.
Therefore, Levi Garrison did not give this order vigorously.
It was quietly letting the Underworld Gods implement it little by little.
It is also to prevent the "Laboratory of the Gods" or others from knowing.
Everyone gave up quietly, on the surface or externally, they said they were practicing.
As for the Daxia forces in the Daxia League, Levi Garrison thought for a while, but don't notify him for
the time being. "What the hell are you doing?"
The Return of the God of War [The Protector] Chapter 2404
After everyone left, Zoey began to question Levi Garrison.
"Everyone kindly handed over all the exercises to you, so that you can quickly improve in your practice!
But you are good, saying that practicing these exercises will be backlashed and destroyed. You are
hurting everyone's hearts!"
"Look ! Watching Azure Dragon (Qinglong), in order to protect you, is willing to give up everything!
Everyone is thinking about you. How about you? Do you think about it for everyone?"
Zoey dyed and stared at Levi Garrison.
Levi Garrison argued, "It is because I think for everyone that I let everyone give up! Otherwise, everyone
will be backlashed and eventually perished!"
"You are completely nonsense, there is no basis at all! And you It is to persuade everyone from the
perspective of the commanding heights…"

“But are you strong enough to stand on the commanding heights? Do you have that ability? Besides,
there are problems with the cultivation method, so many powerful people will not find out by
themselves? Did you find out? Have you read these exercises? Have you studied them?”
Levi Garrison nodded, “I spent a day and a night deducing all the exercises! I have deduced every one to
the extreme, so I Said that all exercises are actually a kind of thing!”
“Just you???”
Zoey expressed deep suspicion.
These exercises, the unicorns ranked in the top dozens of gods, Xiao Feng and other super powers did
not say that they have fully understood them and deduced them to the extreme.
You say that you are all six to seven thousand on the quasi god list to the extreme?
Isn’t this a joke?
It’s ridiculous!
It’s absolutely impossible!
“Don’t everyone believe me except Mia and Wen Lei? Do you not believe me or what I said?”
Levi Garrison said helplessly.
“I don’t believe you, it is based on many factors. You have no evidence to persuade people, your
strength is not strong!” “If you say that my master, the Dark God, deduces all the exercises to the
extreme and analyzes them thoroughly! She said that all the exercises are actually in fact. They are all of
the same kind. She said that the end of this technique is backlash and destruction! Then everyone must
believe it! But your
strength and your current status, no one will believe it!”
Zoey said a fact. .
It was because Levi Garrison was not strong enough.
The status is not high.
What you say is not convincing!
“Okay!”
Levi Garrison looked helpless.
If he explained everything as the dark god now, everyone might give up.
But if it is really the ghost of the Gods Lab.
Then it will startle the snake.

It is estimated that it will cause a lot of trouble!
“Do you have any plans? You say this on purpose?”
Zoey asked curiously.
“What plan can I have?”
Levi Garrison was in a bad mood.
“I advise you to practice steadily, there are only eight days before our March period!”
Zoey wanted Levi Garrison to be more steadfast.
Levi Garrison ignored her.
Go straight outside and relax by yourself.
“Boom boom boom…”
Several figures suddenly appeared .
“Who can protect you from Levi Garrison this time? Die!”
It turned out to be Levi Garrison’s enemy.
After the virgin forest failed to kill him.
They have been following Levi Garrison to Daxia.
In fact, Levi Garrison always followed a lot of people.
Levi Garrison knew it a long time ago, but just ignored it.
Where does he have time to deal with some bugs… But
this time a group of people jumped out.
“Go away, I’m annoying! If you bother me again, kill them all!”
Levi Garrison said impatiently.
“We’ll just kill you!”
Everyone immediately rushed forward.
“Plap!”
“Plap!”
…
Levi Garrison was completely irritated, and after slapped him, none of the dozens of strong men
remained.
It was all photographed into blood fog.
This small episode did not affect Levi Garrison’s continued walk.
Eight days passed in a blink of an eye.
It’s time for Zoey and Levi Garrison to come to the March period. At this time, everyone went to see Levi
Garrison’s ranking and was shocked…
The Return of the God of War [The Protector] Chapter 2405
Can’t find it!
He is no longer on the list of ten thousand quasi gods! ! !
Everyone looked at it dozens of times carefully, and there was no Levi Garrison’s name…

Everyone looked at each other, and at the same time, a thought flashed – Levi Garrison had withdrawn
from the quasi god list.
In this day and age, a little slower progress is a step backward!
Because your competitors are too cruel!
They practiced day and night, improving like a rocket!
You practice slowly, even standing still.
Isn't this a step backward?
Sooner or later, I have to be eliminated!
In the new era, everyone can practice, and each one can improve rapidly.
God list and quasi God list may be updated in real time!
Everyone is not surprised that Levi Garrison has fallen out of the quasi god list.
After all, Levi Garrison has been practicing his past exercises most of the time.
As long as you practice past things, you are regressing!
Such as Azure Dragon (Qinglong).
This time he completely gave up his practice and chose to sacrifice himself to protect everyone.
In the past eight days, he started to practice what Levi Garrison taught him.
So Azure Dragon (Qinglong) has made no progress at all.
Strength stays in place.
Look at the top of the gods.
Azure Dragon (Qinglong) stepped back from 564 on the God List to 578!
In just eight days, it regressed so much.
Because the entire list of gods is improving all the time.
Once you stagnate, you must fall out of place.
Azure Dragon (Qinglong) looked at the rankings of the list and couldn't help but sighed: "Hey! It is
estimated that it is only a matter of time before I withdraw from the list !"
Kirin (Qilin)'s subconscious way.
Seeing Azure Dragon (Qinglong)'s face ugly, Kirin (Qilin) realized that he had said something wrong.
Azure Dragon (Qinglong) shook his head: "It's okay! When I made this decision! This result was already
expected!"
"As long as you stay steady or move forward!"
Everyone started to check their rankings, Kirin (Qilin), Xiao Feng and the others There was almost no
difference before.

At most, go forward or back one or two.
All fluctuate within the normal range.
In fact, they didn't realize that almost everyone was at the limit.
It will be very difficult to estimate further up.
But they didn't realize this problem, and they thought it was very normal.
"Zoey! The 34th place in the god list!!!"
Seeing Zoey's ranking, everyone took a breath.
Too horrible, too exaggerated!
Three months ago, Zoey was just a man who was abandoned!
Three months later, he directly reached the 34th place on the God List!
And she is still moving forward!
This surprised the Kirin (Qilin) and them all!
Facing Zoey, they felt a deep sense of powerlessness.
It's no better than plum dye.
Too enchanting!
so horrible!
Not surprisingly.
Zoey can get back to the top ten on the god list again!
And the top ten of the current god list is different from the previous god list.
Not a concept!
It's too much.
"I remember the boss said before that our upper limit is just like this! No matter how difficult it is to
move forward! No, my sister-in-law is soaring!"
"Yes, sister-in-law is now practicing things from the new era…" someone said.
But what they didn't know was that Zoey was because the dark god laid the foundation and tempered
her enough.
The quick method also had an impact on her, but after all, it did not have such an impact on Kirin (Qilin)
and the others.
"Don't listen to his nonsense! His words do not represent authority!" Zoey said.
"Sister-in-law, you are ranked thirty-fourth this time! The old Dalian quasi god list has all fallen out. This
time you can defeat him severely! I feel ashamed for the boss!"
"Yes! This is the deepest for the boss!" Shock! He will hide in shame, right?"
…
everyone laughed.

“Go, let’s find him!”
Zoey was about to find him .
“Hold on! Look at it!!!”
someone exclaimed.
The Return of the God of War [The Protector] Chapter 2406
Ah? What are you looking at? What’s the matter?”
Everyone stopped and turned to look at Phoenix (Suzaku) in a daze.
Phoenix (Suzaku) suddenly pointed to the last name on the god list!
“Everyone, look at the name of the boss!!!”
Everyone looked over.
Sure enough, at the end of the god list, the name of the thousandth place turned out to be Levi
Garrison! ! !
“Boom!!!” At
this moment, everyone was struck by lightning.
Everyone looked carefully and repeatedly confirmed.
It’s Levi Garrison’s name! ! !
Everyone clicked on the name again, and all the information was presented!
This is the Levi Garrison they are familiar with!
That’s the man!
There are also reasons for Levi Garrison to be on the list-a few days ago, that is, eight days ago. Levi
Garrison used his own power to kill the six powerhouses in the top 100 and the 14 powerhouses in the
top 300.
The key is that of the six top 100 quasi gods, three of them are directly in the top three.
That is, the top three substitutes of the god list!
Levi Garrison killed them all, so he ranked the thousandth on the god list.
Reasonable!
No one knows about it.
I don’t even know when it happened.
Even Levi Garrison didn’t know it.
At the beginning, when he was forced into anxieties, Levi Garrison had no choice but to take a shot and
filmed all of them to death.
Never thought that this scene would be seen.
As a result, a new assessment of his strength was carried out, and the ranking rose.
Come directly to the god list!

Even if Levi Garrison controlled one-third of the power organization, it was useless.
Besides, he himself doesn't know yet…
"This…"
Everyone was stunned.
Is this the boss they know?
How short is it like sitting on a rocket…
"If I'm not wrong, ten days? Ten days ago, the boss was still on the quasi-shenzhen list six thousand and
seven, and now he is directly on the gods list? This span is enough. There are six to seven thousand
people! How did he do it?"
Tiger (Bai Hu) asked sharply.
This question is also a doubt in everyone's mind.
"Yes, how did you do it?"
Everyone looked at each other.
At this time, Xiao Feng suddenly became happy: "I know where the problem is? Ten days ago, Master
suddenly collected the exercises of all of us and studied them for a day and a night! Then he told us that
this exercise cannot continue. Practice again…"
Xiao Feng reminded.
Everyone reacted immediately.
"In other words, since then, the boss has actually studied our exercises for one day and one night!"
Azure Dragon (Qinglong) said.
"Yes, we underestimated the boss at the beginning. I think he is a quasi-skilled player who is ranked
thousands of people, how could he thoroughly study our advanced techniques in a short time!
Don't forget! The boss is a peerless genius! He was talented before! Above all of us, it is far from what
we can compare!"
"He can definitely do it day and night! Absolutely can penetrate the exercises! Now he is on the list of
gods is the best example! He has this strength!"
… …
Everyone said one after another.
"Haha, I said before that once the boss gets serious and practices the exercises of this era, he will reach
the peak as quickly as possible! I was right? The pace of progress of the former King Tianjiao, do you feel

it? “
Kirin looked excited.
“Hiss!”
Everyone gasped, seeing how terrifying Levi Garrison was.
Said it was ten days.
In fact, it is less than two days!
It took just one day and one night to study the exercises of the new era with all his strength, and he
reached such a field.
This is definitely a genius among geniuses!
It can completely crush plum dye!
“The boss finally got the hang of it! He finally made progress! Waiting for this moment, too long, too
long!”
Everyone was extremely excited.
Isn’t this what everyone wants?
After waiting so long, just waiting for him to take off.
“But I have a question. Why does the old meeting say that the exercises will backfire and perish?”
The Return of the God of War [The Protector] Chapter 2407
Phoenix (Suzaku) asked a very sharp question.
“Does the boss really understand all of our exercises, and everything he says is true?”
…
Phoenix (Suzaku) said .
Everyone fell silent.
A long silence.
I really don’t know how to explain this problem for a while?
Zoey said: “I think he is afraid that we know that his exercises are specially used to cover up, right? He
guesses that he also understands in his heart that we will not believe what he said! Let alone believe
that the exercises will be reversed. The end is perishing…
He said so, do it! He wants to let all of us know that he hates our exercises! He doesn’t want to practice
our exercises! This way all of us will naturally not think that he is practicing our exercises. That’s it!”
Zoey explained.
Everyone understands.
This is Levi Garrison deliberately creating an illusion.
In fact, he has been practicing…

“If you don’t believe me, let’s go to the place where Levi Garrison retreats!”
Zoey led everyone to the basement where Levi Garrison retreats.
I saw that the table in the basement was filled with the analysis of the techniques of all of them… There
were papers everywhere, densely packed…
Everyone was shocked when they saw it.
It turns out that Levi Garrison has been studying.
And this analysis, this insight… terrible!
He is really thorough!
More thorough than each of them understands!
Really deduced every exercise to the extreme…
If it weren’t for his own strength, he couldn’t hold it!
Otherwise, in the shortest time, I’m afraid that Levi Garrison can rise to the strongest level.
The top three on the list of gods cannot be overstated.
“I see! The boss said that thousands of exercises are actually one kind! I think he meant to integrate
thousands of exercises into one’s own thing!”
“Look for yourself, the boss does so much. Analyze, every subject is deduced to the extreme, isn’t it just
to integrate everything?”
Kirin (Qilin) laughed.
They had predicted Levi Garrison’s path of cultivation before.
It will merge all their disciplines together and become their own thing.
It was just that the Li and Zhao family divided up the exercises.
“That’s it! He quickly integrated all the exercises into his own thing! When we found out that he
practiced, there was no evidence! At that time, the things he created by himself had nothing to do with
us!”
They analyzed everything clearly.
All in a good mood.
After all, he has created his own exercises and has entered the gods list.
They are more excited than anyone else.
They saw everything they wanted to see.
“Believe it or not, I will pierce him later, and he will definitely say that he is practicing his previous basic
exercises?”
Zoey smiled.
“Yes, that’s for sure! Master (the boss) will definitely answer that way!”
Everyone laughed.

“Then Azure Dragon (Qinglong) will continue to sacrifice himself and cooperate with the boss?”
someone asked.
“No need, right? Everyone knows the truth!”
Most people don’t think they need to continue to sacrifice themselves to cooperate with Levi Garrison’s
exercise.
Azure Dragon (Qinglong) shook his head: “No, for the sake of the boss’s steady cultivation, don’t expose
his lies! I continue to sacrifice myself, it doesn’t matter! Anyway, you can protect me!”
“And sacrifice me, and return the boss for the king! Worth it!”
Everyone was moved by the fearless spirit of Azure Dragon (Qinglong).
But Azure Dragon (Qinglong) is the leader and the brain in the team!
He is not the main combat power.
So it doesn’t matter!
After everyone came out of the basement.
I saw Levi Garrison coming back from outside.
Seeing everyone there, Levi Garrison didn’t feel much shock.
After all, today is the three-month period for him and Zoey to bet.
Come compare who has made more progress than these three months…
“The period of March is here…Come on, I lose!”
Levi Garrison said.
The Return of the God of War [The Protector] Chapter 2408
“No, you actually won!”
Zoey suddenly said, making Levi Garrison stunned.
“I won?”
Levi Garrison looked incredulous.
“Aren’t you in the top dozens of the gods list? How can my quasi gods list a few thousand can compare
to you?”
Levi Garrison asked in confusion.
“No, Master, you are not on the quasi god list!”
Xiao Feng reminded.
Levi Garrison smiled bitterly, “Look, I even fell out of the quasi god list, how can I compare with you?”
“But master, you are on the god list! Although it is the end, it is also the god list!”
Xiao Feng said. .
Levi Garrison was shocked.
Are you on the gods list?
What happened to those guys?

“Boss, you secretly killed a group of super powers in the quasi god list, and you didn’t tell us! Your strength is okay!”
Kirin (Qilin) and others smiled.
Levi Garrison just remembered the weak chickens who slapped them to death that day.
Actually a little capable?
Push him directly to the position of the gods list?
“Master, have you secretly practiced the exercises we gave you? You have improved so fast because of our exercises, right? Have you finally tasted the sweetness of the new era exercises? Cool! You are directly on the list of gods!”
Xiao Feng asked deliberately.
Levi Garrison shook his head, “No! What I have been practicing is the basic exercises from the past! You all know it!”
“Hahaha…”
Hearing this answer.
Everyone laughed.
Sure enough, it was in plum dye.
Levi Garrison didn’t admit it, and what Zoey said was the answer.
“Huh? Can’t the boss? You practice the basic exercises in the past, you can directly become the strongest of the gods?”
Everyone said that they didn’t believe it.
Levi Garrison sneered, “Azure Dragon (Qinglong) keeps practicing, and finally can beat the second punch to death!”
“Haha, isn’t it? Come on, Azure Dragon (Qinglong)! Try to kill the second punch!”
Everyone began to laugh. Azure Dragon (Qinglong).
Now Levi Garrison’s answer is exactly the same as the previous analysis and prediction.
He refused to admit it.
I will only say that I am practicing the previous exercises!
“As for you, I’d better give up the exercises as soon as possible and practice the basic exercises I gave you like Azure Dragon (Qinglong)!”
Levi Garrison warned seriously.
“Well…we must…”
Everyone agreed.

They felt that they were cooperating with Levi Garrison in acting.
You are practicing yourself, and you told us not to practice…
Everyone laughed hard, afraid that they would laugh out loud.
Everyone looked through Levi Garrison…
Everyone said in their hearts-Boss, just continue to pretend! We all know everything!
When Levi Garrison saw everyone suffocating, he thought that everyone didn't believe it.
He hurriedly performed a few tricks, which shook the ground.
"Let's take a look, does this have anything to do with your practice?"
Levi Garrison wanted to prove it for himself.
Everyone shook their heads in unison, "No!" But what
everyone thought was – you have integrated thousands of exercises and become your own.
It will definitely leave no traces!
How could we see…
Levi Garrison didn't know what everyone thought, let alone that they had analyzed it.
So they all think that he is secretly practicing the new era exercises, just hiding it.
"It's okay, keep going! Come on! You guys too! Don't want to be overtaken by your old master, so rush
to practice!"
Zoey left everyone.
Levi Garrison didn't care too much.
He is investigating recently unearthed ancient ruins, the land of ancient civilizations.
This is where the Kirin (Qilin) and the others get their adventures and exercises.
These places are the most direct.
Maybe you can find clues in the laboratories of the gods, or even direct evidence.
"The first step seems to be in Daxia!"
Levi Garrison left Jiangbei, wearing the mask of the Dark God, he was going to Daxia League.
Join them to go to the ancient ruins of Zhao…
"I have been waiting for you for a long time!"
Halfway through, one person blocked the way!
The Return of the God of War [The Protector] Chapter 2409
Strong!
Super strong!

It is even said to be the strongest opponent Levi Garrison has ever encountered!
Levi Garrison has encountered him so far, and he can really be regarded as an opponent.
Actually not at all.
Reluctantly calculated.
Just a few.
The original dark god can barely count.
Levilia's masters are also counted.
This is basically the top combat power in the world at present.
The young commander of Tiance and the great gods of Tiance Mansion are not counted at all.
However, when I went to Tianji Pavilion, it was estimated that the few people in there had to be
counted.
Levi Garrison checked, there were only weak energy fluctuations in those few people, just like ordinary
people.
But he understands that these people are not simple.
But no threat to him!
It's just this person who appeared in front of me at this moment!
The person who can really do something!
Strong!
More than the dark god, more than the masters of Levilia!
Levi Garrison's mind is truly the number one existence on the gods list!
This person Levi Garrison didn't know him.
An elegant middle-aged man, wearing a blue gown.
It's just a close look at his eyebrows and he feels familiar.
It seems a bit like someone.
correct!
Young Master Tiance! ! !
Then he should be the handsome man of Tiance Mansion!
The helm of Tiance Mansion!
Finally saw it!
He took the initiative to find himself, and it was him who showed grievances with the Dark God!
He was also the one who prevented the Dark God from stepping into the realm of Daxia!
The dark god is also afraid of him!
It is because of him that he wants to get the fusion of Heavenly Sword and Earth Sword!
The commander of Tiance Mansion is very strong and very strong…

to the point of heinously strong!
With the strength of the God of Darkness, he had to integrate the Heavenly Sword and the Earth Sword
to be able to fight him.
This is the ceiling of combat power!
Young Master Tiance, according to your father is much worse!
"You shouldn't have come!"
Tiance Mansion superintendent said.
"Boom!"
Levi Garrison did not speak.
Hit it directly!
He didn't want to know what kind of grievances the dark god had with the god commander of Tiance
Mansion, and he had to get through if he blocked his way!
The superintendent of Tiance Mansion was stunned for an instant.
It was estimated that Levi Garrison would suddenly make a move.
His arms crossed in front, and the terrible air current was surging, forming a substantial shield.
Block Levi Garrison's fist.
"Kacha!" But the
shield shattered before it lasted for long.
"Boom!" The
terrifying force bombarded him, and the commander of Tiance Mansion retreated dozens of steps.
Every step you take is deeply imprinted under your feet.
The ground was completely cracked.
There was a deep shock in his eyes.
Is this the dark god he knew?
An unremarkable punch drove him back…
How is this possible?
As before, there was a huge gap between the strength of the two.
This also caused the Dark God to still dare not step into the Great Summer.
Everything she did was to return to Daxia.
Against yourself!
Unless she integrates Heavenly Sword and Earth Sword, there is no chance.
However, the reality is that God of Darkness makes an easy punch, but he can't stop it?
How is this possible?
No wonder there are more and more legends about the Dark God recently.
Her combat power has also been described more and more exaggerated!

At first, the superintendent of Tiance Mansion didn't take it seriously, but now he believes it a bit.
The dark god didn't know what had gone through, which caused his strength to grow to a terrible
situation.
"Very well, you have made a lot of progress! Let me try your real hole cards!" The
Tiance Mansion god commander's entire popularity changed.
He seemed to be shining directly on Levi Garrison under a fierce sunset.
That terrible temperament is like the most terrifying flame, which will burn people.
The energy of a star seemed to be fused into his hands!
Terrible and terrifying!
The sun aura revealed by the god commander of Tiance Mansion at this moment was far more terrifying
than the Heavenly Sword.
This man is above the first artifact!
Levi Garrison remained unchanged.
Still blasted out with a punch! ! !
"Boom!" The two powers fought against each other, the sky fell apart and the earth cracked, the sun
and the moon reversed…
The Return of the God of War [The Protector] Chapter 2410
Puff!" A
bloody arrow shot.
"Da da da…" The
handsome man of Tiance Mansion withdrew dozens of steps before he stabilized his figure.
He wiped the blood from the corner of his mouth, and his eyes were filled with inevitable shock.
His internal organs seemed to have been cut through thousands of times, and he was so hot and painful.
Even the whole body will be broken and exploded!
With just one punch, he was seriously injured!
At this moment, he felt death coming.
The superintendent of Tiance Mansion has never been defeated!
Be the helm of Tiance Mansion!
In addition to the leadership ability, it has to be terrifying strength!
Back then, a Heavenly Sword was in hand, and I don't know how many powerful enemies had been
killed.
Even Levilia's masters can only bow down to the wind.

Especially after he was in retreat for so many years, the affairs of Tiance Mansion were completely left
alone.
His strength has reached an unprecedented realm!
The result was still defeated!
It was also defeated by the defeated generals who had been completely crushed by him in the past,
because he warned that he had not dared to step into Daxia for decades.
What has she experienced?
Why is it elevated to this situation?
It seems that she hasn't made all the effort…
If she punches again, she will definitely die.
She was still looking at her former love and spared her life!
But how did he know that the dark God nowadays was no longer the one he knew.
This is Levi Garrison!
"Huh?"
Levi Garrison made a surprised voice.
The superintendent of Tiance Mansion took him with a punch, only to be injured instead of dead.
Despite the punch just now, it was still more casual.
But the god of darkness, the monarch and the master.
It is definitely mortal!
But the superintendent of Tiance Mansion held on… it
shows how strong he is!
The man who can bear Levi Garrison's punch!
Can you hit a second punch?
Excited!
Finally there is an opponent who can resist a bit of beating!
Of course, it was far from Levi Garrison's peak.
If Levi Garrison took a punch to open the dark cage, then others would not be able to play.
Just as Levi Garrison was about to hit the second punch, the god commander of Tiance Mansion
suddenly coughed up blood and said, "I lost! I'm not your opponent!
Another punch, I will definitely
die!"
Give up!
The superintendent of Tiance Mansion has surrendered!
If this were made known to the Tiance Mansion and the Baolong clan, it would be shocked to drop their
jaws.

The handsome man would admit defeat?
This is something that everyone thinks is impossible anyway!
People can lose!
It's not a god, how can it be invincible all the time?
But admitting defeat is another matter.
If you let everyone know that Tiance Shenshuai surrendered, it would be crazy.
Tiance Shenshuai lost because he felt a deep sense of powerlessness against Levi Garrison at this
moment.
I can't win!
The strength gap is too big!
It's like a moat!
He had to admit defeat!
He didn't want to.
No way!
I really can't beat it!
If you continue to fight, he will undoubtedly die!
The superintendent of Tiance Mansion surrendered, but Levi Garrison didn't say anything.
Passed directly beside him.
"I…" The
superintendent of Tiance Mansion looked complicated.
From then on, Da Xia was free from the God of Darkness.
"She seems to be a little different…" The
commander of Tiance Mansion could not find a familiar breath from the Dark God.
"Could it be that after her strength has grown, the whole person has completely changed?" The
god commander of Tiance Mansion was full of deep doubts.
More frustration and defeat.
After several decades of retreat, it was the first time to shoot, and it was so disastrous.
Also conceded.
The commander of Tiance Mansion returned to Tiance Mansion…
As for Levi Garrison, he went to the Great Xia League.
Find people like Asura God of War…
Let them inquire about some ancient relics and the like…
Although everyone is very curious about what the Dark God is going to do.
But who dares to disobey the order of the dark god?
It can only be executed obediently!

Everyone found an ancient relic covered by snow-capped mountains in the north.
"The Dark God really has discovered! Come and see!!!" There are really important discoveries.
The Return of the God of War [The Protector] Chapter 2411
"It seems that this place is an ancient relic discovered by Kunlun Industry.
Tiger (Bai Hu), Commoner
Killing God, they get the opportunity from it! Their exercises come from here!"
Just now, several people from Xiuluo introduced this ancient relic to Levi Garrison.
next moment.
Some people shouted that there was a major discovery.
"You wait, I'll go in!"
Levi Garrison didn't want Shura and the others to know a lot, so they waited outside.
After coming to the ruins.
Sure enough, there are important discoveries.
It turns out that there are artificial traces in this ruin…
as long as you carefully investigate and identify it, you can find the problem.
The man-made traces of this ancient relic are too obvious.
Someone deliberately created this ancient relic and placed various treasures, medicines, exercises, etc.
in it.
It is not left over from ancient times at all.
It was entirely artificial…
mainly before the Kunlun Industry excavated it, it was dazzled by various treasures.
No one surveyed and studied carefully.
Therefore no problems were found.
In addition, there were various relics dug up all over the world at that time, and no one would doubt it.
The most important thing is that at that time the whole world was in war, fighting everywhere, and at
war.
Everyone is eager to improve their strength.
At exactly this time, ancient relics and ancient civilizations came into being.
After everyone got the opportunity, their strength improved rapidly.
I only know that the potions in the exercises can make people go crazy.
Who cares when this ruin is?

It can only be said that everyone in the world has been dazzled by the immediate benefits!
Ancient ruins, ancient civilizations and many opportunities are controlled by humans!
Earlier, Levi Garrison had speculated that the Lab of the Gods created a new era.
There is substantial evidence now.
There is evidence that the ancient ruins were man-made and manipulated.
Levi Garrison took a deep breath.
Fortunately, Maya's industrial data analysis revealed the problem of Gongfa, which made him realize
this problem.
Otherwise, it will be difficult to find.
If this news is released now, it is estimated that many people will not believe it.
But when the ancient relics are everywhere, the ancient civilization is found to be artificial, then the
whole world will be shocked!
There will even be turmoil.
The most important thing is to stun the snake.
No matter whether this man behind the scenes is the Lab of the Gods or not, Levi Garrison didn't want
to startle the snake.
For the time being, this news still needs to be blocked.
No one can tell.
"From now on, any secrets found here must be kept! Otherwise, there will be no mercy!"
Levi Garrison came out of the ruins.
Several people from the Asura War God stepped forward and immediately asked, "God of Darkness,
what did you find?"
"You shouldn't inquire about my affairs!"
Levi Garrison glared at the Asura people.
Everyone was shocked.
After being shocked enough, Levi Garrison believed that these people would not say a word outside.
After driving from here, Levi Garrison personally checked several places that had opportunities.
After a closer look, the result is the same.
They are all made by man.
He gasped.

Let the Underworld God and the others search these ancient relics all over the world and give him
accurate data.
He believes that if he continues to search step by step, there will be major discoveries.
Thus.
The more you can't practice your exercises!
But I said it myself, they won't listen.
If it is the dark god identity, go and say these things.
Absolutely inappropriate!
what can we do about it?
Levi Garrison was in a dilemma.
The other side.
The superintendent of Tiance Mansion was actually seriously injured by Levi Garrison's punch.
However, he took special drugs and soon recovered from his extremely serious injury.
And the aura was even more terrifying than before the injury…
He definitely didn't want to go to Tiance Mansion in an injured manner.
After all, after a few decades of absence, how can you come back and be seriously injured? Soon, the
superintendent Tiance came to the gate of Tiance Mansion.
The Return of the God of War [The Protector] Chapter 2412
"Stop! Who are you?"
Soon, the guards of Tiance Mansion stopped him.
"I am…"
Tiance God Commander was about to speak.
One person rushed out from behind and shouted, "God handsome! Join the handsome!"
At the same time, he knelt to the ground with a puff.
"The god commander? What? The god commander is back?"
"The god commander of Tiance Mansion is back!!!"
"The god commander is back!!!"
…
Soon, voices resounded through Tiance Mansion.
In every corner, someone heard it.
For a time, Tiance Mansion was a sensation.
Even many strong people who retreat have come out one after another.
The twelve great gods originally had only four in office, but the god commander returned.
All twelve gods will come out.

They are in retreat, just waiting for the moment when the commander returns.
Even some ancient characters have all come.
Not only that.
The strong men of the Baolong clan who received the news have also come one after another.
This is definitely the biggest thing in Tiance Mansion in recent decades!
At the time, Tiance Shenshuai left and disappeared for decades.
Many people actually oppose it.
After all, he is the helm of Tiance Mansion.
The country cannot be left alone.
The same goes for Tiance Mansion.
The leader must be there.
But the god commander of Tiance Mansion insisted on leaving, that was to improve his strength to an
unprecedented level.
He is to improve his strength!
I gave up everything and left!
When he left, the god commander of Tiance Mansion said a word-he returns, it is the time of
invincibility.
Such as the return of Ce Shenshuai today.
Everyone understands that Tiance is invincible…
otherwise he won't come back…
"Worship to the gods!!!"
"The gods are invincible in the world!!!"
…
Everyone fell to the ground, Qi Qigao. Shouting.
This is their leader!
This is their strongest!
Tiance is handsome, the world is invincible!
"God handsome, you don't know how long we have been waiting for this moment… ooh…" The
great gods burst into tears in their eyes.
Because it is very likely that Tiance Shenshuai will not come back!
It's too hard to be invincible!
Maybe chasing a lifetime, dare not call it invincible!
Even in the past or in the new era, who would dare to call it invincible?
There is no strongest, only stronger…
Invincible is too difficult!
Before, everyone had already planned that Tiance Superintendent would not come back.

They have been training the marshal of Tiance, hoping that he can take over in the future and become
the new leader of Tiance Mansion!
Tiance Mansion spent a lot of resources on him!
Even before leaving, the Marshal Tiance put a lot of effort on him, leaving a lot of things…
The place where the Marshal Tiance retreats was the place where the Heavenly Sword was sealed.
This was deliberately made by the Tiance God Commander, using the sun's breath of the Heavenly
Sword to temper the Tiance Young Master!
…
All of this is to prepare for the fact that Tiance Shenshuai can't come back!
Everyone didn't even expect this day.
Although there are many people waiting!
But today Ce Shenshuai is back.
That he is invincible!
Of course not invincible in the true sense!
But within the current scope, in his own cognition, God Commander Tiance is invincible among all the
strong men he knows, including some invisible ones.
He will go out!
He will come back!
"Father!!!"
"Puff!" The
young marshal Tiance knelt before the marshal.
Tears filled his eyes.
There were three loud knocks.
"Father, the child has been waiting for this moment for too long and too long!!!"
Tiance Marshal cried like a child.
"Father!!!"
A young woman appeared.
He was the handsome young daughter of Tiance, and she cried into tears.
"Welcome to the return of the
handsome man !" "When the handsome man returns, it is the moment of invincibility!"
…
Tiance Mansion shouted together.
"Get up! Get up…" The
commander pulled everyone up one by one.

Marshal Tiance said excitedly, "Father, you are back, that means you are already invincible!"
"Puff!"
Tiance Shenshuai is staggered… He has just been defeated!
The Return of the God of War [The Protector] Chapter 2413
"Yes, father, you said it at the beginning! You are not invincible, you are not coming back! Father, you
are amazing! The world is invincible!"
"My father is invincible in the world!" The
little daughter also said excitedly.
The face is full of pride!
The same is true of Tiance Marshal.
Proud!
The day of dream has finally arrived!
My father is invincible in the world!
He has imagined the scene of walking sideways!
He was still afraid of many people before.
But now that his father came back, no one of him was afraid.
"Puff!"
"Cough cough…"
"Cough cough cough cough…"
Hearing this, Tiance Shenshuai covered his mouth and coughed, his body trembling fiercely, becoming
more and more intense!
Every time they say a word of invincibility, the god of heaven will cough.
In the end, I kept coughing and couldn't stop.
The whole person's complexion turned red, and the tears kept streaming.
"Father, what's wrong with you?"
"What's wrong with you, handsome?"
Everyone hurriedly gathered around and looked at him with concern.
"I…I cough cough, I'm fine… cough cough…"
No one thought that there was an existence like an invincible god in the world.
Cough like this?
It's almost like death.
This spread out, it is estimated that people will laugh at death!
Invincible?
Before he was sure to come back, he did think so!
He made a comprehensive analysis based on his own combat power and the strong men of this era.
He is invincible! ! !

After all, the Dark God that he has been holding down is already number one on the god list, and his
combat power is on the ceiling.
The list of gods is the most authoritative!
In particular, the Dark God is overwhelming everyone on the list of gods, and there is no opponent in the
true sense.
But the Dark God has been suppressed by him for many years.
Then he is invincible!
The hidden world powerhouse in Erudiaa, as well as the powerhouse of the Baolong clan of Tiance
Mansion.
He knows everything.
On the bright side, he is invincible!
So he decided to return to Tiance Mansion!
I just heard that the Dark God was haunting Erudiaa recently.
He went straight to find the trace of the dark god.
Unexpectedly, I found it.
The result was completely defeated.
Crush yourself in all directions!
Let him have no chance to resist!
He surrendered directly!
This is his most humiliating day!
He has been a Tianjiao since he was a child, and he has high hopes from anyone.
The single purpose is invincible and invincible!
Stand at the top of the planet!
But he lost miserably this time.
That deep sense of powerlessness!
It is beyond words!
Invincible?
Invincible ass!
I almost got killed when I came back!
If it weren't for taking the most precious medicine, I was still seriously injured.
"Well, don't talk about it, I'm fine!"
Tiance Shenshuai, who was slowing down, said quickly.
"Okay, that's good! Come here! Send out the news of my father's return and the invincibility of the
world! Let me see who dares to despise my Tiance Mansion for half a minute??"
Tiance Marshal said immediately.

This is the biggest news of Tiance Mansion in decades, and it is also the biggest thing of Erudiaa.
He needs to promote it!
"Puff!"
"Da da da…" It's
just that when the god commander Tiance heard this, he staggered and almost fell to the ground.
Invincible?
Your mother is invincible!
And let the whole world know that they are invincible!
Angry!
At this moment, Tiance Shenshuai was so anxious that he almost vomited a mouthful of blood.
Rebellious child!
Rebellious child!
Which pot does not open and which pot?
This was the most humiliating and humiliating thing in his life, but he was repeatedly exposed to scars!
Repeatedly!
I also need to inform the whole world…
Tiance, the superintendent, has a feeling of letting go !
I beg you to stop talking!
He is about to cry!
"Well, God handsome, you just played against someone?" At
this time, a voice came from the Tianji Pavilion.
"Puff!"
Tiance Shenshuai's head was about to explode.
Someone mentioned…
"I…I…"
Tiance God Commander could only admit it.
After all, the seniors of Tianji Pavilion are not simple.
The Return of the God of War [The Protector] Chapter 2414
"You can see that you have experienced a big battle, right?"
said the senior in the Tianji Pavilion.
"Yes! I met a super strong!"
Tiance Shenshuai nodded.
"Ah? The battle will go as soon as you leave the level! Then the other party must be super super strong,
right?" The
little girl was surprised.
The young commander of Tiance said cleverly, "If I'm not mistaken, my father's opponent should be the

dark god who is the number one in the gods, right?" The
god of Tiance Mansion "...".
Are you smart?
Do you know that it is the dark god?
Rebellious child!
What a rebellious child!
Tiance Shenshuai is really going to explode!
This Nizi always poke his wounds, one cut is one cut!
The other great gods immediately echoed, "Yes, we have heard that the God of Darkness has an
affiliation with you! You gave him a ban—you must not step into the summer for life! But recently, the
God of Darkness has frequent activities in the summer. Go in and out of Jiangbei!"
"Presumably, after the handsome man came out, the first target must be the dark god! Needless to
say, the handsome man must have just fought against the dark god!" "Hey handsome, did we say that
right?"
...
several great generals With a smile on his face, he looked at Tiance Shenshuai with a full face inviting
credit.
At this moment, Tiance Shenshuai had the urge to slap a few times.
Oh shit!
A bunch of idiots!
ill!
Keep mentioning!
Looking at other people, they are all looking at themselves.
Tens of thousands of people looked at themselves together, expecting an answer.
"Yes, I did fight against the Dark God just now! I was a little embarrassed to make everyone laugh!"
Tiance Shenshuai
said embarrassedly.
"Father, are you defeating the dark god who is the number one god on the list today?"
Tiance Marshal asked deliberately, cleverly.
His meaning is very simple-to tell the truth about defeating the Dark God!
He wants everyone to know that his father defeated the recently invincible Dark God!
In the past, it might be nothing to defeat the dark god.

But today's dark god is boasted to a myth!
Of course, the things that the Dark God has done are more shocking, completely at the level of gods.
Anyone wants someone to beat him!
In other words, he is not convinced at all!
Especially Tiance Marshals and his like, hope that the people of Tiance Mansion can defeat him!
Now his father has done it.
Being a son is proud.
Now I just want to hear my father say it out loud! ! !
Young Master Tiance looks forward to it!
The same is true for others!
This is the pride and pride of the entire Tiance Mansion!
But Tiance Shenshuai looked at his son's face and really wanted to tear it apart!
Slap severely, then sew the mouth!
What he fears the most, what he doesn't want the most, he just mentions something… But at
this moment , everyone is looking forward to hearing them out!
If you say you fail, everyone will be lost.
Even Tiance Mansion and Baolong clan will be hit hard, and even become a shame!
Be laughed at by the whole world!
He can never tell the truth!
"Yes! I defeated the God of Darkness!"
Under the "persecution" of the crowd, the god commander Tiance said the answer against his will.
But at this point, he didn't want to disappoint everyone.
Only one step can be counted as one step.
"Hahaha…what is the top of the list of gods! What is above the list of gods! My father is above the list of
gods!"
"As invincible in the world, my father created the law of invincibility!!! "
Major Tiance is more excited than anyone else.
Others are also very excited.
This is the most boiling and bursting day in Tiance Mansion in decades!
Not to mention the return of the handsome, he directly defeated the dark god.
"I need someone to be quiet, I have other things!"
Tiance Shenshuai hurriedly made excuses to leave.
Hide by yourself.
If you stay longer, the ghost knows what will happen.

“Isn’t it right? God of Darkness?” When he
calmed down, Tiance Shenshuai realized that something was wrong.
The Return of the God of War [The Protector] Chapter 2415
He has been dazzled by failure!
Haven’t thought about some problems.
As soon as he calms down now, he can easily spot the problem.
The identity of the dark god is not clear to others.
Can he not know?
The Dark God was once his junior and she has always admired him.
However, God of Darkness later married the mother of the Marshal
Tiance, but soon died unexpectedly.
The Dark God took this opportunity to be with Tiance, the superintendent, and had a son.
But in the end, Tiance Marshal learned that Marshal Tiance’s mother was actually killed by the Dark
God.
Angrily, he severely wounded the Dark God.
For the sake of a child, she didn’t kill her.
However, expelling her from Erudiaa will keep her from stepping into Erudiaa for life.
Otherwise, kill without mercy! ! !
Because of hatred, the Dark God will endlessly expand his power overseas and improve himself.
The reason is that one day, I can step into the great summer openly, sit on an equal footing with Tiance
Mansion, and have a direct dialogue with Tiance Superintendent.
She sighed for this.
Zoey these are her chess pieces!
But I didn’t expect Levi Garrison to appear and kill her.
Tiance Shenshuai naturally knows how much this woman hates herself!
That kind of hatred is unimaginable!
If she defeated herself, she would definitely say “You are nothing more than this!” But
the dark god he had just met didn’t say a word from beginning to end.
Just start playing!
Even if you beat yourself, turn around and leave.
Say nothing!
This woman hated herself for decades.
How could there be no response after defeating yourself? ? ?
This is not normal!
Not normal at all!
If she beats herself, she doesn’t know what the hell she will be excited.

How can you calm down like this?
wrong!
What's wrong…
Could it be that it's not really a dark god at all.
It's just wearing a mask!
Suddenly, Tiance Shenshuai realized this problem!
Furthermore, he is too familiar with the true dark god, his junior sisters.
As long as she embraces the mentality of revenge, her strength will increase, but there will be limits
after all, and she will not be able to reach the realm of invincibility.
In other words, he will always be crushed by him.
right!
The true dark god cannot beat himself!
absolute!
That is for sure!
Moreover, the Dark God has been obviously active recently, and the Bible organization under his hands
has been a lot of actions.
This is obviously inconsistent with the previous dark god.
The strength is not in line!
According to the previous analysis of combat power given by various agencies, the Dark God is similar to
the second and third place on the list of gods.
But now it has changed completely, completely crushed.
wrong!
Substitution!
The Dark God has changed!
The dark god I just met is fake!
Not his sister!
The one who really occupies the top of the list of gods is the false dark god!
As for where did your junior sister go?
It might be dead… something
must have happened!
Before, when Tiance was traveling, he had been to the headquarters of the Bible Organization.
It was the dark cage that held Levi Garrison.
He has seen it.
He must have someone in it!
Also try to open!
But he also knew what the dark cage meant.
That was something from Erudiaa…

At that time, he knew that Junior Sister was moving.
He later returned to the headquarters of the Bible Organization.
At that time, Levi Garrison had already left, the dark cage was broken, and everything was completely
changed.
Only then did he know that something serious happened to Junior Sister…
Now, when combined, the false Dark God now has a high probability of being the one who broke the
dark prison.
Most of his junior sisters are already dead.
This invincible being put on a mask and pretended to be the God of Darkness.
He is the one who just played against him!
No wonder one punch can knock yourself off in seconds!
And it took a little bit of force to see him!
That is the existence that can open the dark cage…
"Hiss!!!"
Tiance Shenshuai took a breath and broke out in a cold sweat.
The Return of the God of War [The Protector] Chapter 2416
horrible!
fear!
No wonder the Dark God can be so terrible!
It turned out to be this one!
Who is he?
Tiance Shenshuai woke up in shock.
It is also a foreboding of the gap.
The opponent can break even the dark cage inside.
One him… a
hundred are not enough for him to stuff his teeth.
But having said that, how did this kind of existence be kept in a dark cage by the younger sister?
If you had this level of strength before entering, a thousand juniors wouldn't work!
Unless there is only one possibility… the
strength of those who are locked in a dark cage is improved inside!
Before being imprisoned, his strength was not as good as the junior sister.
Oh my god!
What kind of genius is it that can go from being inferior to junior's strength to breaking the dark cage?
unimaginable!
Given him a thousand years, it is probably impossible to open it from the inside!

who is it?
Who is Junior Sister Guan?
You have to check it out!
Worthy of being a god-skilled Tiance.
Power strategies all exist online.
Soon the analysis reached this point…
…
outside.
"Father is really weird! What happened to him?"
"He is invincible when he comes back? He is invincible after defeating the Dark God? We say that he is
invincible. He seems to be unhappy and in pain!"
Marshal Tiance and his sister looked puzzled.
"Maybe this is the loneliness of the invincible powerhouse! He is invincible, and you feel excited! But
who can understand his pain? The loneliness of no opponent…"
Several great generals said.
"Haha, too…"
"Then I'll post the news!"
…
Today's times are different.
In the past, the Tiance Mansion and others had to hide from the world, hiding as much as possible.
But now everyone knows it.
Soon, Tiance Mansion sent out the news-Tiance God Commander returned from retreat and directly
defeated the dark god who is the number one in the gods list. He is already invincible in the world!
As soon as the news came out, the whole world was shocked.
The god of the sky strategy defeats the dark god? ? ?
The news spread all over the world for a while!
"Too can Pale Ba? God this darkness are defeated! Tiance God is much more handsome and strong?"
"Sure enough, the big summer Canglongwohu! Really forbidden!"
"After the encounter was dodging the big summer go!"
……
the world Being shocked, there is nothing more exciting than Young Master Tiance.
This is his father!
But the most shocking was not others, it was Levi Garrison…
He knew about the return of the God Commander Tiance earlier than anyone…

But why the news came out, why was he defeated?
So shameless?
Tiance Shenshuai himself had given up!
Turn your head and say you beat yourself?
Also propaganda around the world!
The return of Tiance, the master, is already invincible in the world.
Levi Garrison "…".
He didn't even dare to say that he was invincible, the defeated general of Tiance God Commander, this
little scum, dare to say that the world is invincible?
Don't say anything else!
Levi Garrison didn't know the strength of his cheap master.
But absolutely above oneself.
He cannot be invincible.
This scum is even less likely to be…
he can only sneer.
the other side.
After Tiance Shenshuai calmed down, he immediately came out.
When he knew that Tiance Mansion had spread the news of his return to invincibility all over the world.
He fell directly to the ground with a puff.
Everyone was taken aback.
Originally, he wanted to lie and stabilize himself temporarily.
But I didn't expect myself to kill myself.
The backhand put all the news out.
Now the whole world knows, and the dark god knows too.
I don't know how he will…
Thinking of this, Tiance Shenshuai was shocked in a cold sweat.
It feels close to death.
Looking at these people, the marshal Tiance, he has the heart to kill.
"Father, what's the matter with you?" The
marshal Tiance and others were incredible.
"Quickly check it out for me, who has the Dark God imprisoned in recent years?"
Tiance Superintendent asked.
"Huh? It's Levi Garrison!"
The Return of the God of War [The Protector] Chapter 2417
Young Master Tiance answered puzzledly.
Others also answered: "Yes! Levi Garrison is off! Levi Garrison has been imprisoned for three years!
After

he comes out, he can't keep up with the times!" "He has been ranked thousands of quasi gods! Now he
is starting to practice the new era. after the exercises, progress quickly, God has entered the list,
although the end "!!
Tiance God handsome excited:" he himself admitted it is "? "
to Yes, he said that God is darkness off!! He is three years! Because his wife Zoey is the apprentice of the
Dark God!"
"I also heard that Levi Garrison persuaded his wife to sever the relationship with the Dark God. He kept
saying that the Dark God was using her! He also shut him down for three full years!"
……
Everyone was talking babbledly.
But after hearing this, Tiance God Commander has already dealt with the matter!
Levi Garrison is now the God of Darkness, the one who broke the dark cage!
The existence of the force value at its peak!
He was also the one who cut off the two fingers of the Heavenly Sword as soon as he appeared on the
stage.
He did it just to save his wife.
In fact, the three identities are the same person!
Soon, Tiance Shenshuai sorted out everything.
Now Levi Garrison wears this mask, which means that the real dark god is dead.
Although the Dark God was killed, the god commander Tiance didn't have any waves in his heart, and
there was even a hint of relief.
He can't kill Junior Sister, and it's not bad for someone to kill him now.
The wife's grudge is reported!
Confuse!
The audience was very puzzled.
What did Tiance Shenshuai ask this for?
"Father, what do you ask this for?"
Marshal Tiance asked suspiciously.
"It has nothing to do with you!"
Tiance Superintendent asked again: " Right , Levi Garrison? Isn't it the former king of the word side by
side? Also the father of that little genius?"

“Yes! It’s him!”
Everyone nodded.
“No wonder, his child, it’s normal to have this talent!”
Tiance Shenshuai sighed.
Everyone feels very strange.
“Father, why are you so curious about Levi Garrison? It’s just a cripple! He is talented? I can hit him with
one finger!” Tiance
Marshal was dismissive of Levi Garrison.
After all, according to the ranking of the gods, he is one of the top ten, and Levi Garrison is the last.
There is absolutely no comparability between the two!
“It’s you?”
“Can you compare with him?”
Tiance, the superintendent, was about to vomit blood.
Levi Garrison just defeated himself!
He is invincible in the world.
Are you a scum in a scum, compare with others?
“Huh?” The
Marshal Tiance was stunned.
The others were also stunned.
Shen Shuai seemed to be very optimistic about Levi Garrison, and he did not hesitate to demean his son.
“Dad, how does Levi Garrison compare with me? He is like an ant! Your son has made a lot of progress
over the years!”
Tiance Marshal argued for reason.
I don’t want to admit that I am worse than trash in front of my father!
Tiance Shenshuai looked at him suspiciously.
It means you can’t! ! !
“Yeah! Levi Garrison is incomparable to me! But his child, that talent is indeed terrifying! Now it is said
that abandoning everything about the religion of several ancestors and breaking out a way by himself! It
turned out to be a success! The strength of that child It shouldn’t be under me at the moment!”
This is the only time when Tiance Master is jealous of a child.
But no way.
The talent gap is too big.
She can create her own way.
He can’t!
Humbled!

“Well, that kid’s talent is unparalleled! There is currently no comparable!”
Tiance Shenshuai nodded.
He understands better.
This child is Tiance Mansion and Erudiaa’s future!
But we can’t talk so far at the moment.
It seems that such a talent is useless in front of her father.
“Where does Levi Garrison usually live?”
Tiance Marshal continued to ask.
“Huh? Father, why are you asking this?”
“I’ll apologize!”
The Return of the God of War [The Protector] Chapter 2418
The language is not surprising and endless.
Tiance Shenshuai said this.
Everyone froze in place.
Such as being struck by lightning.
Apologize?
Tiance Shenshuai apologized to Levi Garrison?
What’s wrong?
What everyone thinks is totally incredible!
Why should I apologize to Levi Garrison?
“I see! Father must be because of the Dark God! He apologized to Levi Garrison!”
“If it weren’t for the Dark God, Levi Garrison would not be shut down, and his wife would not be used as
an apprentice!”
“Father no ! the nerve, I already know the darkness of God and your relationship up! she’s your junior
sister apprentice! you …… “relevant period
……
day policy Marshal said.
In his opinion, his father must apologize for the things of the dark god.
Tiance Shenshuai looked at his son, he was really angry.
As much as you know!
Xiaozui keeps talking nonstop!
“Don’t worry about it, tell me where Levi Garrison lives?” Tiance Shenshuai was
really impatient.
Each of these guys seemed to be sick.
“Father, Levi Garrison has been in Jiangbei! Do you want me to take you there?”
Tiance Marshal took the initiative to invite Ying.

The god commander Tiance glanced at him: "No! I can go alone!"
But at this moment, the god commander Tiance suddenly saw his little daughter.
This little daughter was an orphan he picked up when he was traveling and practicing, and she looked
pretty talented.
Deliberately accepted as a goddaughter.
Sent to Tiance Mansion when he was more than ten years old.
Twenty now!
Tiance Shenshuai comes from the Xuanyuan clan.
The youngest daughter named Xuanyuan Qingya.
"Let's go, Qingya will go with him as my father!"
Not knowing what he was thinking, Tiance, the superintendent, took his little daughter with him.
Although Xuanyuan Qingya was puzzled, she still followed her father.
"After my father came back this time, how come he has changed himself. I don't understand him a bit!"
Tiance Major murmured to himself.
"Yes, it is already invincible in the world! Obviously defeated the dark god who is the number one in the
gods! Can you give people a feeling of caution and fear in everything?"
Everyone was also puzzled.
can not read!
I really don't understand it!
Obviously won, how is it like losing!
Shortly after.
The two men came to Jiangbei.
Found the residence of Levi Garrison's family.
"May I ask who you are looking for!"
Zoey just happened to ran into them.
Not only asking.
"Hello, Madam Ye, we are from Tiance Mansion, look for Mr. Levi Garrison!"
Tiance Shenshuai laughed.
Xuanyuan Qingya looked dumbfounded.
The dignified Tiance Mansion is a supernatural commander, defeated the first in the gods list, and is
invincible in the world.
He was so humble to Zoey.
When it spreads out, Tiance Mansion will be laughed to death.
Xuanyuan Qingya immediately said, "Father, why are you doing this?
What is her status, what is your

status!”
“Don’t talk nonsense!”
Tiance Shenshuai gave his daughter a stare.
“Okay, come in!”
Zoey didn’t say anything.
Let two people in.
Arriving outside Levi Garrison’s villa, Tiance Superintendent asked his daughter to wait outside.
The God of Tiance entered the villa nervously.
Levi Garrison had discovered Tiance Supernatural Commander early.
Was wondering why he came to him.
There is no reason.
He didn’t show his true colors.
“Who are you? What are you coming to do with me?”
Levi Garrison asked deliberately and tentatively.
“Sir, there is no need to pretend! I already know who you are! You are the dark god now! You are the
one who broke the dark prison! The person I met not long ago was also you!”
“If I guessed correctly, sir should Killed the real dark god, right?”
Tiance Shenshuai said.
“Huh?”
Levi Garrison was taken aback for a while.
Tiance Shenshuai seems to have two moments, and he actually knows his true identity.
This is the first to know everything.
admire!
Something!
It is estimated that he knew the true dark god and calculated it.
“What are you coming to do with me?”
The Return of the God of War [The Protector] Chapter 2419
Levi Garrison asked with a smile.
This is the first person who truly knows his true strength except for the Huoyun Cthulhu.
Although the Underworld Gods know that they are strong, they don’t know how strong they are.
But Tiance Shenshuai obviously knew completely.
“Mr. Garrison, I’m here to apologize to you. The news from Tiance Mansion was not my intention! But I
was also out of my own desires and did not say what I lost to you! That led my rebellious son to think
that I defeated you. Already invincible in the world…”

Tiance Shenshuai bowed deeply.
Levi Garrison smiled: "What am I supposed to be! It doesn't matter! I don't care about these false
names! Besides, who dares to call them invincible? There are still many Crouching Tigers, Hidden
Dragons in this world! No one dares to say that they are absolutely invincible! "
...
At this moment.
Zoey and others outside already knew the identity of Tiance's supernatural commander.
This shocked them extremely!
This is the invincible powerhouse who defeated the Dark God!
Existence truly above the gods!
Lord of Tiance Mansion!
No wonder his daughter is so arrogant and doesn't put anyone in the eye.
At first, many people wanted to teach a lesson, but after knowing their identity, everyone was so scared
that they almost knelt on the ground.
Xuanyuan Qingya was also confessed by everyone.
Everyone shouted and embraced.
More and more let you know that the god of Tiance came to Jiangbei, and Levi Garrison was at home.
In particular, the Li and Zhao family are the most active.
All come.
Not to mention a relationship with the gods of Tiance, it is good to get acquainted with each other.
It will be nice to spread out in the future.
The invincible God of Heaven has come to our house!
"Why are you here?"
"Aren't you here too?"
"We are here to see the invincible powerhouse in the world!"
"So are we! This is the number one in the world! Even the Dark God has been defeated!"
...
Everyone is going crazy.
Seeing them, Xuanyuan Qingya smiled.
Be proud of my father from the bottom of my heart!
I am the number one daughter in the world!
Shortly after.
Xiao Feng and the others came too.
The Evil Sword God also came.

Even Azure Dragon (Qinglong) Kirin (Qilin) and others are here.
Who doesn't want to take a look at the invincible people in the world?
In an instant, the villa surrounded hundreds of thousands of people.
In the villa.
Tiance Shenshuai told the love, hatred and hatred between himself and the Dark God.
Let Levi Garrison understand the whole story.
"You don't need to be nervous, I don't blame you! If I want to kill you, you can't escape at all!" Tiance
Shenshuai was
excited: "Thank you, Mr.! Sure enough, the experts are indifferent to fame and fortune!"
"I think Mr. A lot of actions…what is your husband looking for? Is it related to the Lab of the Gods? Does
your husband need my help?"
Tiance is a wise man.
Some problems can be analyzed from Levi Garrison's recent actions.
This is invisible to others.
I have to say that he can become the master of Tiance Mansion, apart from his strength, it is strategy
and leadership.
Levi Garrison smiled.
It's really great to deal with smart people.
"Yes! I'm investigating the changes in Zhushen's laboratory and the new era…"
Levi Garrison probably talked about what he was going to do with the god commander Tiance.
"Sure enough, I also find it strange! I have a lot of clues…" The
Tiance superintendent communicated with Levi Garrison.
Over the years, he also paid special attention to the laboratories of the gods.
There are many clues discovered by him.
These are still very useful to Levi Garrison's current plan.
Levi Garrison had a conversation with the superintendent Tiance for half an hour.
"As long as your husband has a word, I will immediately help!"
Tiance Shenshuai said.
"I really need your help! Next, I will give you some tasks that you need to complete in secret! It is not
difficult to complete as you! But you have to do it in secret!"
Levi Garrison smiled.
Reaping such a capable cadre is really a godsend to Levi Garrison.

No one thought that the master of Tiance Mansion would also do something for Levi Garrison.
The Return of the God of War [The Protector] Chapter 2420
Everything is for Erudiaa! I will die!" Tiance Shenshuai naturally agreed.
Levi Garrison did all this for Erudiaa and for the world.
He has no reason not to help.
Of course, another important reason is that Levi Garrison is very strong.
The two parties reached a cooperation.
This is of great help to Levi Garrison's next plan.
For example, in case of an accident, Levi Garrison needs to use the power of the Tiance Mansion.
According to the past, there was no way.
Marshal of Tiance would never agree to the kind of stubborn goods.
Now that he is here, it's much easier to handle.
What Levi Garrison wanted to do, one sentence.
"Mr. Garrison, I still have an unsympathetic request…"
Finally, the superintendent Tiance showed an embarrassed expression.
"Ah? Say it!"
Levi Garrison wanted to know what the request was.
Is it so hard to tell?
"I hope sir, no, the king can marry my little daughter side by side!" "My little daughter is an orphan
picked up during these years of experience. She is currently 20 years old and looks good! Very talented,
she should be at present. God is the strength of the top ten list! is the day the government policy of little
princess! may shine on identity and on the strength of word alongside the king
a lot worse! but can barely! "
……
this is the day God Shuai policy with a small daughter The reason for coming.
Levi Garrison must have been who he was back then…
If the youngest daughter married him, the benefits would be unlimited.
The first Levi Garrison was completely tied to Tiance Mansion, and he was a family.
Second, with the talents of Levi Garrison and his youngest daughter, the child born may be more
talented than Levilia. This is the future of Tiance Mansion and the future of Erudiaa.
…

Basically, if Levi Garrison was with his little daughter.
The foundations for the present and future of Tiance Mansion and Erudiaa have been laid.
It is absolutely not a problem to protect Erudiaa for hundreds of years!
Of course, there is also the selfishness of Tiance Shenshuai.
I hope my youngest daughter will marry better. If you want to marry, you will marry the best.
After the request came out that day.
Levi Garrison was dumbfounded…
Marry his daughter to himself?
Are you crazy?
He looked at Tiance God handsome and said, "Hey, did my brother make a mistake? I have a family! My
children are all that old! The future of your Tiance Mansion! Isn't it funny to marry your daughter to me
now? "
What's the matter? You are more conservative than mine! It is true that one person is enough for an
ordinary person in his life! But with your existence, three wives and four concubines are normal! It
doesn't matter if you marry a few more!"
"Say Be vulgar, give birth to a few more geniuses!"
Tiance Shenshuai laughed.
Levi Garrison "…".
One says one.
Except for Zoey, he didn't think about other women.
Especially after having Levilia.
It is even more unacceptable to let him marry one now.
"One word side by side king, don't be anxious to refuse, my daughter is outside, come out and have a
look…"
Tiance God Commander did not give Levi Garrison a chance to refuse, and directly pulled him out.
The outside scene shocked the two of them.
Why are there so many people?
Densely packed.
Surrounded everywhere.
Seeing Tiance the supernatural commander came out, everyone gathered around.
Positively greet Tiance Shenshuai.
Everyone saw him come out side by side with Levi Garrison.
There is only envy, jealousy and hatred for Levi Garrison.

The god commander Tiance talked to him for such a long time…
"It must be because of Levilia's face! Levilia is the future of Tiance Mansion, and several ancestors will
follow in his experience! As the head of Tiance Mansion, the god commander returns. Naturally, I pay
attention to it! Levi Garrison is also normal!"
Li Songkui and others said sourly.
"Hey! He just gave birth to a good daughter! Why don't we have this luck! The children born are more
stupid than the other!"
Everyone was helpless.
The superintendent Tiance took Levi Garrison and came to Xuanyuan Qingya. "This is the little girl!"
"Qingya, I decided to marry you…Mr. Garrison…"
The Return of the God of War [The Protector] Chapter 2421
Regardless of everyone's dumbfoundedness, Tiance God Commander directly cuts first and then plays.
Looking at Levi Garrison, he said excitedly: "Mr. Garrison has agreed! As long as you agree, I will
immediately arrange the marriage for you!" The
words are not surprising and endless.
As soon as the words of the handsome man came out, the whole audience was quiet.
To the point where the needle drop is audible…
numb!
Everyone is numb!
Incredibly looking at the handsome talents of Tiance.
silence.
A long silence.
No one speaks at all!
"What? Marry the handsome daughter to Levi Garrison???"
This decision was too sensational.
It seemed as if a bomb fell, bombarding this place to pieces.
Everyone is tender on the outside and tender on the inside.
Unbelievable!
Everyone was stunned.
Especially Zoey, his face was full of disbelief.
Looking at Levi Garrison in shock.
Did he promise to marry another woman?
No wonder it has been so long in discussing with Tiance Shenshuai!
"Boom!"
The blow was a bit big for Zoey.

For a moment, she was anxious and her heart was sweet.
If she hadn't forcibly endured it, she would vomit blood on the spot.
Ha ha!
Compared with Xuanyuan Qingya, he was indeed inferior.
No one has a high background, no one is strong, and no one is young.
If Levi Garrison marries Xuanyuan Qingya, it is estimated that he will soon become ashamed.
One is the little princess of Tiance Mansion, and the other is the king of the word side by side. What a
match!
He is now adapted to this new era.
In the future, it must be the top ten existence on the gods list.
Don't let me be normal!
Zoey staggered, if it weren't for Wen Lei and Mia.
I'm afraid I will fall to the ground on the spot.
"Why is my brother doing this? What did you promise?"
Mia stamped his foot in a hurry.
"Man! Haha…"
Wen Lei also sneered.
Others were also extremely shocked!
How did Tiance marry the youngest daughter to Levi Garrison?
How can this be!
However, Li and Zhao's family soon thought of a possibility—the reason Tiance, the superintendent,
wanted to marry his youngest daughter to Levi Garrison was because he wanted them to give birth to
one or more geniuses.
Levilia is the best example!
It has become the future of Tiance Mansion.
Who doesn't want to have more such geniuses?
Now that Tiance is back, after knowing this, he naturally wants to cultivate a few more geniuses.
The best way is for Levi Garrison to give birth to a few more and deliberately marry his daughter to him.
The children born in this way are all from the Tiance Mansion, and he can directly train them.
It doesn't have to be so troublesome for others.
have to say.
This one of the reasons really made them guess right.
However, in their view, Levi Garrison was regarded as a tool for giving birth.

Little did he know that Tiance, the superintendent, was to tie up Levi Garrison.
Azure Dragon (Qinglong), Xiao Feng, and the Evil Sword were all stunned.
It was also strange to look at Levi Garrison.
"Boss (Master) how did you become like this? My sister-in-law (mother) will never leave you! She turned
into a murderous demon because she avenged you! But you abandon your wife of chaos and want to
marry someone else?"
Disappointed!
This group of brothers and apprentices were completely disappointed with Levi Garrison.
Why is this man like this?
It's horrible!
"This beast! It's not a human being!"
The elders of Li and Zhao's family were completely angry.
Cursed at Levi Garrison.
Levi Garrison was completely stunned.
When did I agree?
Is this person sick?
Levi Garrison really wanted to punch Tiance to death now.
Cut first and play later?
The key point is that Levi Garrison can't explain it clearly now.
That's what Tiance Shenshuai said!
Keep your promises!
Can such a person tell lies?
impossible!
His words are like a king, and he even speaks with the law.
How can you lie?
To say that Levi Garrison lied too!
So his explanation is useless at all.
"Who is my father marrying me? Levi Garrison? Just him? He is also worthy?"
A voice of disdain sounded at this time.
The Return of the God of War [The Protector] Chapter 2422
Xuanyuan Qingya looked at Levi Garrison disdainfully.
With a scornful face, he said with a sneer: "Levi Garrison is not the one-thousandth person on the gods
list, and I am the top ten on the gods list! What does he compare to me?
Secondly, I am young and have not yet been married. And he is not only married, The children are all

that old. I can't marry a married man!
Third, father, do you know why everyone calls Levi Garrison? A tool for giving birth!
No matter the strength, potential, status, background or age, these don't match! Levi Garrison You want
to be beautiful, but the toad wants to eat swan meat, it's impossible!"
Because Tiance Superintendent said that Levi Garrison had already agreed.
Even Xuanyuan Qingya thought that Levi Garrison forced herself to marry herself, and the toad wanted
to eat swan meat.
After all, such a sentence is easy to misunderstand.
Obviously, it was Tiance God Commander who begged Levi Garrison to marry his daughter.
But when these words were said, it was like Levi Garrison begging to marry the little princess of Tiance
Mansion.
Begging to be the same…
totally different meaning!
Levi Garrison was going to explode.
Tiance God handsome this dog thing!
I really want to throw it in the trash…
You wait for me!
Wait secretly.
See how I beat you this dog!
"Puff!"
Hearing his daughter say this, Tiance Shenshuai was about to vomit blood.
Toad wants to eat?
Daughter, don't you know!
You are the toad!
People are swan!
Only Xuanyuan Qingya looked at Levi Garrison proudly.
In the eyes of her and even most of the people present, Levi Garrison was not worthy of Xuanyuan
Qingya anyway.
Levi Garrison's only advantage is the tool for giving birth.
At least his genes are powerful, and his offspring are likely to be geniuses.
Especially the good combination with Xuanyuan Qingya's gene can give birth to a genius.
But a man becomes a tool for giving birth, which is a shame!

Xuanyuan Qingya is the little princess of Tiance Mansion, how could she marry a married man with
children!
“Father, it’s not just that I don’t want to bear this shame! I don’t think Tiance Mansion can bear this
shame! If it spreads out, I will marry a man with a wife and children! It is estimated that Tiance Mansion
will be ridiculed.
Right ?” Xuanyuan Qingya had a very clear mind, and used the reputation of Tiance Mansion to
overwhelm the superintendent of Tiance.
The handsome Tiance looked at his daughter and said, “Daughter, you have to listen to your father! My
father is for your own good. Marrying Mr. Garrison will do no harm! Believe me, he is definitely your
best husband-in-law candidate. You may not see it now, but you will understand in the future!”
Tiance Shenshuai was very uncomfortable.
Does a woman compare to him in strength?
It’s ridiculous!
This one easily defeated your father!
He is an invincible existence in the world!
Once his true strength is announced, the world does not know how many women want to marry him.
By the time you can’t cry!
“Father, I heard you right! But everything else is okay! This thing is not good! I will not marry Levi
Garrison anyway!”
“Father, I know what you mean, I will marry Levi Garrison and we will have children. Come down a
peerless genius! You are good for Tiance Mansion! But you can’t sacrifice my happiness!”
Xuanyuan Qingya had a firm attitude.
Never give Tiance God Shuai any chance.
She looked at Ye monarchs sneered: “!?!!! Levi Garrison you give up on this heart of it I can not marry
you did not have this qualification you in front of your wife’s face promised to marry me, you’re stinking
shameless”
stay Next sentence.
Xuanyuan Qingya ran away.
embarrassment!

Everyone related to Levi Garrison felt extremely ashamed.
What a shame!
I was scolded by someone pointing his nose!
Nothing is more embarrassing than this.
Zoey cried directly.
Yes.
Levi Garrison promised to marry someone in front of her.
Too insulting.
Tiance Shenshuai was also a little dumbfounded.
A word of unintentional transgression can cause such a big reaction.
The Return of the God of War [The Protector] Chapter 2423
Suddenly he felt cold all over, and a feeling of death came.
It's like being stared at by death!
He turned his head to look, and Levi Garrison, who was not far away, stared at him.
Murderous in his eyes!
He could already feel Levi Garrison's body surging like the stars shattering, and that sub-coercion was
pressing towards him.
He already felt a sense of powerlessness!
"Then what, I...I'll take a step first, I'll go see my daughter…"
Tiance Shenshuai realized that he had said something wrong.
Immediately made an excuse and left.
If I don't leave again, I'm afraid I won't have a chance to leave in this life.
He left, Levi Garrison quickly wanted to catch up.
But at this time everyone stopped him.
"Why? Go to Tiance Mansion to marry someone? Levi Garrison, why are you so shameless?"
Li Wenhai shouted angrily.
Li Wenyuan and his wife could not wait to smoke Levi Garrison a few times.
In front of them and their daughters, marry other people.
Isn't this slap them in the face?
"What do you mean, Levi Garrison? Do you feel that you have entered the gods' list and adapted to the
rhythm of this era! You are about to abandon your wife and daughter? Seeing that they are the little
princesses of Tiance Mansion, you want to marry someone?"
"No. Wrong! Tiance Shenshuai agreed! But do you think that people are looking at you? But you are
treated as a tool for giving birth! People ask you to marry because you can give birth to a genius! Do you

really think you are a human being? "
Li Wenyuan and his wife reprimanded coldly.
The others stared at Levi Garrison angrily.
One after another disappointed in him.
Even apprentices…
They also understand the reason.
Levi Garrison knew the cruelty of this world.
There has been a huge gap with the past.
Even if it is now on the list of gods.
The drop is still big, and he is still far away from his peak in the past.
So what should I do?
With a good opportunity like Tiance Mansion, how could Levi Garrison let it go?
In Azure Dragon (Qinglong)'s eyes, Levi Garrison was no longer that Levi Garrison.
"No, listen to me to explain…"
Levi Garrison said helplessly.
"Explain, explain what a fart! The facts are in front of you, do you need to explain?"
Li Songkui and the others scolded.
"Wait! Let him explain! I will listen!"
Zoey's voice sounded.
"Okay, let me explain to you. It is Tiance, the superintendent who brought his daughter to come to me
and beg me to marry his daughter! They said that they don't care about everything and only hope that I
married his daughter. He also said that it is normal for a man to have three wives and four concubines. "
The key is this kid lies! He said that I agreed to marry his daughter, but I didn't agree at all! He took me
out to see his daughter, and I couldn't stop him!"
Levi Garrison explained.
"You said Tiance God handsome begged you to marry his daughter?"
Zoey asked with a sneer.
"Yes, that's right! It can be said that at all costs!"
Levi Garrison nodded.
"He also said that he lied and said you agreed to marry his daughter?"
Zoey continued to ask.
"Yeah! This kid lied! He knew that he was wrong, and was afraid that I would beat him, so he ran away
immediately!"
Levi Garrison nodded.

“Puff!” At
this moment, everyone was about to vomit blood.
Tiance, the superintendent, afraid of being beaten?
Fear that Levi Garrison ran away?
“Levi Garrison, you bastard stuff! Stop bragging, stop lying, okay?”
Zoey was completely angry.
“God day policy handsome afraid you beat him? I’m sorry! But he just beat God first list, he will have to
master the dark better than me God ah. Why should he be afraid you beat him?”
“There were days making a handsome word of God Jiuding, the person who speaks the decrees will lie?”
“If you don’t agree, he will lie and say you agree? Don’t be funny! How can he lie with his identity?”
“Levi Garrison, I beg you, don’t Play this set! What’s the point to lie! Manly man, dare to behave! If you
do, just admit it generously!”
The Return of the God of War [The Protector] Chapter 2424
“Don’t lie blindly, spill someone dirty on others! Admit it generously! Don’t make me look down on
you!”
Zoey cried with anger.
Just as Levi Garrison thought.
Once Tiance Shenshuai said this.
No one would believe what he said.
After all, where is the status of Tiance’s supernatural commander?
With his identity, his fixed mindset is to keep his promises.
Never lie!
Especially for Levi Garrison not to lie!
Does he need to use such despicable means for such trivial matters?
In summary, Levi Garrison was lying.
Even if Levi Garrison shouted the god of Tiance and explained it to everyone, it was useless.
The thinking is set.
No one will believe it.
“Yes, Master, if you have done it all, you just admit it openly! Now everyone knows what’s going on! It’s
useless to pretend to be!”
Xiao Feng said in an angry voice.
Others also said one after another, “Yes! I did it, why don’t you dare to admit it?”
“I did it, I admit it!”

Levi Garrison was a little angry.
The key explanation is unclear. "It's a pity, Levi Garrison, you want to marry someone. But the little
princess of Tiance Mansion doesn't look down on you at all! People said, you have a wife and a
daughter, and you think about others, you are shameless! The key is Zoey right in front of you. Promise
to marry someone! It's really shameless
!"
Everyone sneered.
"Brother, you really did not do this thing right! Hurry up and apologize to your sister-in-law!"
Mia didn't want the matter to make a big deal, and stood up and asked Levi Garrison to apologize.
"Yes, boss, quickly apologize to my sister-in-law! Men will make mistakes! If you apologize, she will
forgive you!"
Everyone urged Levi Garrison.
Zoey was very angry.
But she was also waiting for Levi Garrison to apologize.
As long as Levi Garrison apologized, she would forgive.
She was stunned when Levi Garrison.
But Levi Garrison glanced at everyone and said, "I'm right! I apologize!" In a
word, Levi Garrison angered everyone present.
Is he determined to abandon his wife?
Want to marry the little princess of Tiance Mansion?
disappointment!
Full of disappointment!
Refusing to even apologize!
Isn't this more ghostly?
Zoey cried directly…
"Okay, then I'll give you freedom! Why do you want to go?"
Zoey said angrily.
But Levi Garrison left directly. "Okay, I will leave first, and I will explain when I come back!" Levi Garrison left in front of everyone.
Everyone "…".
Everyone is numb.
Levi Garrison really left?
Let him go?
Isn't this obviously Tiance Mansion?
"How did he become like this?"

Everyone was deeply puzzled.
“Mother, don’t worry! Once he has a different intention, I will stand on your side and cut off relations
with him!”
Xiao Feng and the others began to express their opinions.
“And me! If he really does his own way! Then we really have to sever relations with him!”
“We will always be on your side! Don’t worry!”
Everyone should support Zoey.
“Thank you everyone! But it’s okay! The big deal is divorce! What have you never experienced in this
era? Are you afraid of divorce?”
Zoey disapproved.
“If this is the case! Divorce is OK! We all support it! Plus Levilia is also big, it doesn’t matter!”
Li Wenyuan and his wife said.
“Yes, get a divorce if it’s a big deal!”
“We all support it!”
Xiao FengAzure Dragon (Qinglong) and the others also support it.
“Hey!”
Mia stomped anxiously.
Explain things clearly in one sentence.
Levi Garrison had to make such a big noise.
She left immediately and ran to find Levi Garrison.
Let him come back and explain things clearly.
Divorce is absolutely impossible.
the other side.
It hasn’t been long since Tiance’s superintendent and his little daughter arrived at Tiance Mansion.
Levi Garrison arrived.
“Let Tiance marshal get out and be beaten!” Levi Garrison’s voice resounded in Tiance Mansion!
The Return of the God of War [The Protector] Chapter 2425
This is the first time in history that someone ran to Tiance Mansion and clamored!
This is Tiance Mansion!
The strongest Furutake institution!
The strong inside is like a cloud!
Now, the Tiance god commander has returned, and the twelve gods will all retreat and gather together.
The real core power of Tiance Mansion is there.
Why would anyone come to provoke?

Is this disgusting with one's own life?
Soon all parties shook and came out one by one.
Thousands of powerful people surrounded Levi Garrison to death.
The anger value soared one by one!
Those who provoke Tiance Mansion, die!
"Damn, Levi Garrison really thought I didn't dare to touch you, did you? Kill!" The
Tiance Marshal heard Levi Garrison provoke his father, and he was completely angry.
I have endured it several times before, but now I am provoking again and again.
He can't stand it.
Xuanyuan Qingya also sneered: "Levi Garrison, after being rejected by me, you were furious? Did you
come to Tiance Mansion to make trouble?"
In Xuanyuan Qingya's view, Levi Garrison wanted to marry her, but she refused, so helpless. Use this
method to make trouble.
"You make me look down on it even more! Provoking Tiance Mansion is looking for death!"
Xuanyuan Qingya also followed out.
Levi Garrison became more and more angry as he watched more and more powerful people gather.
If today, Tiance Shenshuai would not give him a good explanation.
He doesn't mind showing a wave of force to suppress Tiance Mansion!
Let them know who is the king of this world!
After the Marshal Tiance rushed out, he directed at Levi Garrison to kill.
"I don't know what I can do!"
Just as Levi Garrison was about to do something, the superintendent Tiance suddenly appeared and
stopped his son.
"Everyone goes back! There is a misunderstanding about this matter!"
Tiance Shenshuai said.
"Father, what's the misunderstanding? It's not like Levi Garrison provokes my Tiance Mansion once or
twice. Let me kill it!"
Tiance Young Master said coldly.
Tiance Shenshuai looked at his son strangely.
Those eyes seemed to say-just you?
Even your Lao Tzu was hanged and beaten by others.
Do you still want to kill him?
Don't you eat the rice?

It's just to make you eat too full to have this kind of unconstrained idea.
"Yes, Levi Garrison is no longer provoking once or twice…"
Others also said one after another.
They also couldn't understand Levi Garrison a long time ago.
"Hurry up and get me back! I am a superb commander in Tiance Mansion, or are you a superb
commander? Do you want to rebel?"
he said.
Everyone went back one by one.
Tiance Shenshuai also wiped cold sweat.
I'm all for your good.
If you push this one in a hurry.
Once he shot, how could you guys stop him?
Isn't all of them looking for death?
I saved you guys! ! !
"All go back!!! Hurry up!"
Tiance Shenshuai drove away.
Finally, Major Tiance and Xuanyuan Qingya also left.
In an instant, only Levi Garrison and Tiance Shenshuai were left in the field.
The god of Tiance waved his hand, and an invisible wall of air current formed behind him.
This is to prevent others from hearing his speech with Levi Garrison.
"Why are you the king of the word side by side… why are you here?"
Tiance Shenshuai asked tremblingly.
"Are you embarrassed to ask? Do you still have a face? Just talk nonsense if there is no thing! Now it
makes me almost break with my family! Let me lose everyone in front of my apprentice brothers!"
Levi Garrison roared angrily.
"I'm just unintentional, and I said more! In fact, it's because my little daughter can marry you! I have no
other ideas!"
"Please forgive me!"
Tiance, the superintendent, began to apologize to Levi Garrison. .
"One word side by side, you will marry the little girl, right? I beg you!"
Tiance Shenshuai even bowed, begging Levi Garrison to agree.
"Didn't your daughter refuse it? Didn't you say that I am not worthy of her?"
Levi Garrison sneered.
"Bah! Don't you want to listen to her nonsense? But the word side by side king do you mean to agree?"

The Return of the God of War [The Protector] Chapter 2426
Tiance Shenshuai looked at Levi Garrison with joy.
Waiting for his answer.
Levi Garrison was going to explode.
Is he really handsome this day, is he really stupid, or is he pretending to be stupid?
on purpose?
Can't understand human words?
Angry!
Levi Garrison was really angry.
The superintendent Tiance immediately felt the majestic coercion and sharp killing intent on Levi
Garrison's body.
He panicked immediately.
"Boom!"
Levi Garrison didn't give him any opportunity to explain.
With a punch.
"Puff!"
Tiance Shenshuai opened his mouth and spit out blood.
"Puff!" The
whole person couldn't bear the huge pressure, and fell to the ground.
"Kacha!"
"Kacha!"
His knees plunged into the ground.
The whole person was very embarrassed.
If he hadn't set up a wall of airflow in advance, he was afraid that the entire Tiance Mansion would have
been destroyed by half.
"Kacha Kacha…" At
this moment, Tiance Superintendent only felt that the veins of the organs in his body burst open every
inch.
Thin bloodstains burst on the body's surface,
as if he was about to explode at any time.
The body suffers the most pain.
He hadn't experienced it in his entire life.
This is the feeling of death.
Death really came.
Tiance's handsome face changed drastically.
He realized his mistake.
Forced Levi Garrison to the point of murder!
At the moment his body exploded, Levi Garrison regained his strength.

“I think you are doing things for Erudiaa, and spare your life! I will kill you next time! Big deal, I will do it
in the position of the god commander of Tiance Mansion!” After the warning, Levi Garrison left.
Tiance Shenshuai collapsed to the ground.
With this punch, Levi Garrison almost killed him!
He is really seriously injured now, a little closer to death.
He really understood one thing-Levi Garrison absolutely couldn’t talk nonsense in front of him.
Otherwise, your life will not be guaranteed!
Now the dying appearance of Tiance God Commander, if it is let others see.
He can’t afford to lose this person himself.
Was beaten like this.
Helpless, he could only take out the exquisite wooden medicine box again.
There were originally three pills inside!
These are the three supreme sacred medicines developed by the Tiance Mansion and the Baolong clan
in conjunction with major medical families in Erudiaa!
The effect of the medicine is very simple-almost has the effect of resurrecting the dead.
Can lift the dying person to the peak state in an instant!
It is also an instant boost of human skill to the extreme! ! !
Even if he is a god commander at the level of Tiance, he can also improve his skill, surpassing his peak by
a lot!
But the supreme medicine means scarcity!
You need the treasures of heaven and earth to be able to refine!
And the refining method is harsh!
Three pieces were refined in total!
The purpose is to save life and protect the future use of Tiance Mansion!
Of the three supreme sacred medicines, one of them was to be given to Levilia as agreed.
The remaining two are for the gods of Tiance!
The past few decades.
These two supreme holy medicines are not used at all.
In Tiance’s mind, he basically didn’t use this supreme holy medicine in his entire life.
After all, these three supreme sacred medicines have already experienced the masters of the eighth
Tiance Mansion.
None of them are used.

I certainly won't be able to use it this year.
That was true before.
But since I came back this time.
In a short period of time, he actually took two pills!
One word left for Levilia.
Then he is gone!
What will he give to others if he succeeds to the throne of the next Tiance Mastermind?
If there is a valid reason, use this supreme holy medicine.
The old guys from Tiance Mansion and Baolong clan also closed one eye.
But in this situation, where does he have the face to say?
Speaking out, not only embarrassed myself, but also embarrassed Tiance Mansion!
We can only solve the current situation first and take a step by step.
Tiance Shenshuai took the supreme holy medicine without hesitation.
The power of the medicine travels throughout the body.
Soon his broken muscles and veins and organs all recovered at the fastest speed, and the blood marks
on the body surface healed at a speed visible to the naked eye…
The Return of the God of War [The Protector] Chapter 2427
"Boom!"
The momentum of his whole person went straight into the sky.
As if to tear the day apart.
In a blink of an eye, he returned to normal, and his strength and momentum rose to be stronger than his
peak.
He is now like a giant walking mountain.
With every step taken, the land is broken, and the universe loses its color.
"Boom!"
When he lifted the airflow on the wall, the pressure on his body was like Taishan pressing down, slowly
spreading towards the entire Tiance Mansion.
Everyone felt the terrible pressure and could barely breathe.
"Strong! Too strong! Worthy of being a handsome man! Worthy of being invincible in the world!"
"It is estimated that the handsome man just wanted to teach Levi Garrison a lesson. He didn't do it
directly, just exuding momentum! Let Levi Garrison understand that Tiance Mansion is not to be messed
with! Let him know that Tiance Mansion is a god-like existence!"
"Where is Levi Garrison?

I'm probably scared off! I don't dare to come to Tiance Mansion again in the future!" "But Levi Garrison
left, I'm a bit unhappy, I want to directly He is killed!"
…
"Cough cough cough…"
Hearing the various voices beside him , Tiance Shenshuai coughed violently.
Don't leave soon.
the other side.
Xuanyuan Qingya told her brother everything.
Levi Garrison came too fast before, and he hadn't had time to talk about it.
"What? Marry you to Levi Garrison? Wishful thinking!" The
young commander Tiance was instantly angry.
"Is he Levi Garrison worthy of marrying my sister? What qualifications does he have? Except as a tool for
childbirth, what else? What's the use? And there are wives and daughters, such a person allows my
sister to marry, I will not agree to a hundred !"
Xuanyuan Qingya looked at her brother moved.
"Yes, he is not worthy! Even if he does not have a wife or daughter, he is not worthy!"
Tiance Marshal nodded fiercely: "Yes, that's right! He just doesn't deserve my sister!"
"Bah? Who deserves? Go? Your sister is not good enough!" At
this time, a cold shout came.
Tiance is here.
He had just taken a rare and precious pill, and his body was like a dragon and a tiger, exuding the might
of the sky.
The momentum is too strong.
It is like a walking Mount Tai, giving people a suffocating coercion.
This frightened everyone.
At the same time, Tiance Marshal and Xuanyuan Qingya were proud of Tiance Marshal.
This is their father!
Too strong, too strong!
"My boy congratulates my father on the great accomplishment! Just this coercion can crush me!" The
Tiance marshal was full of excitement.
"Father is terrible! No one in the world is your opponent!"
Xuanyuan Qingya also smiled.

“I…”
It’s a pity that Tiance is in pain.
His face twitched fiercely.
In a short period of time, two of the three magical medicines were gone!
It is no exaggeration to say that these two supreme holy medicines are worth more than a big country!
One is enough to cause chaos in the world.
“Father, did you do something with Levi Garrison?”
Xuanyuan Qingya asked Tiance Shenshuai with blood stains, and she quickly asked.
“Huh? Father, did you kill him?”
Asked the marshal Tiance.
Tiance Shenshuai gave his son a fierce look.
*There are so many f*cking words!*
I really want to sew my mouth!
I’m going to have the damn ability to kill him…
I absolutely ran out and walked sideways now, and if anyone is unhappy, I will just kill him!
Why be so embarrassed and miserable?
The superintendent Tiance quickly skipped this topic, and said to Xuanyuan Qingya: “Daughter, the road
for your father has already been paved for you! Next, you will rely on yourself!”
Xuanyuan Qingya said with a dazed expression, “Father, what’s the way? “
Next, you need to pursue Levi Garrison by yourself! Let him marry you! It depends on your own ability! I
can’t help much!”
Tiance Shenshuai said.
Now if he gets involved too much in this matter.
Levi Garrison would really kill him.
I can only rely on my daughter to pursue Levi Garrison and impress him!
“What? Let me take the initiative to pursue Levi Garrison???”
Xuanyuan Qingya and Tiance Marshal both looked incredulous.
The Return of the God of War [The Protector] Chapter 2428
“Father, are you sure you made a mistake? Let me take the initiative to pursue him?”
Xuanyuan Qingya asked again uncertainly.
“Yeah! This is your last and only chance! Do it right away! If it’s late! It’s estimated that someone will
grab it!”
Tiance Superintendent urged.

“No, father, what is so good about Levi Garrison? Why do you want to marry his younger sister? Do you
want to take the initiative to pursue it?”
Tiance asked in a puzzled manner.
“Okay, please shut up! Please get out!”
Tiance Shenshuai directly drove Nizi out.
Now I don’t want to listen to him at all.
Marshal Tiance looked dumbfounded.
I always loved my father before, but after coming back this time, he seemed to be a different person.
“Father, I know your reason! You matched me and Levi Garrison in this way, because his genes are good,
and the child born is likely to be a genius! But doesn’t Tiance Mansion use this method to make people
laugh?”
“Father, you are not. If you want to cultivate geniuses, why not let Levi Garrison and his wife Zoey give
birth to a few more? This won’t affect anyone! It’s a multitude of things in one fell swoop!”
Xuanyuan Qingya came up with an idea.
“Hey!”
Tiance Shenshuai sighed.
Do you really think I want a baby?
“You do not understand my intention daughter! I once heard you okay?”
Tiance God handsome good-naturedly.
This kid really doesn’t understand.
You do not agree.
A great opportunity will be missed.
“It’s not impossible for my father to promise me! But always let me know the reason, right?”
Xuanyuan Qingya still needs a reason.
What did Tiance Shenshuai think of, he couldn’t help but said, “Let’s do it, you first get in touch with Mr.
Garrison, I think you will understand his extraordinaryness soon, and then you will know my intentions!”
“Ah? “
This is the task I entrusted to you! Contact with Mr. Garrison for a month! Can this be done? If you don’t
want to, then forget it!”
Xuanyuan Qingya agreed, “Okay, this Yes!”
“Then you go find him now! Remember to observe carefully! You will get the answer soon!”

Xuanyuan Qingya left Tiance Mansion to find Levi Garrison.
Marshal Tiance still looked confused.
the other side.
Levi Garrison came back.
Hundreds of people looked like murder, staring at Levi Garrison.
That means it seems to say-do you still have the face to come back?
"Let me explain…"
Levi Garrison was interrupted by Li Wenyuan as soon as he finished speaking.
"No need to explain! You divorce Zoey!"
"The times have changed, and none of you can rely on anyone. Since you have a better way out, just get
a divorce! We choose to set you free!"
Others said one after another." Yes! Divorce!"
Azure Dragon (Qinglong), Xiao Feng, Sword Evil God and they all started talking, "Boss, if that's the case,
let's get a divorce! We respect your choice!"
…
"Boom!"
Everyone divorced themselves, and Levi Garrison was embarrassed. .
These are the people I trusted the most before!
"Hey, hey, calm down! Let me explain! It's true that Tiance Shenshuai wanted to marry his daughter to
me! But I didn't agree at all! It was Tiance Shenshuai who said nonsense, not to mention his daughter
could not agree. There is nothing between us!"
Levi Garrison explained.
But this explanation is pale and weak.
Zoey smiled, "Do you think everyone will believe it? Tiance will lie? His status and status will lie for you?
You don't want to think about it, how is it possible?"
" What did you just do?"
"Just now I went to find Tiance Shenshuai! In order to punish him, I wounded him! He is dying now…"
The
words are not surprising and endless.
Levi Garrison said this.
The whole audience was stunned.
"What? You wounded Tiance Superintendent? Stop blowing!"
Everyone didn't believe it. "If you don't believe me, you can follow me to have a look!"
The Return of the God of War [The Protector] Chapter 2429

Levi Garrison said helplessly.
He really wanted to pull everyone over and take a look.
"Okay, let's go and see how you wounded the god of Tiance!"
Everyone agreed.
Everyone wanted to expose Levi Garrison's lies on the spot.
No one will believe it.
At this time, Mia suddenly ran back.
"My sister-in-law is real! My brother really hurt Tiance, the handsome! I saw it with my own eyes!"
Mia said breathlessly.
Mia immediately ran to look for him after Levi Garrison left in front.
Just when he caught up with Tiance Mansion, Levi Garrison had already started.
And he also discovered her coming, but he just ignored it.
Therefore, she happened to see the scene where Levi Garrison injured Tiance's superintendent…
"Sister-in-law must not divorce! My brother did not lie! Everything must be controlled by Tiance
superintendent! It has nothing to do with my brother!"
…
Mia's crazy defense Then, express everything she saw.
But no one here believed her!
Everyone would speak to Levi Garrison only to prevent her brother and sister-in-law from getting
divorced.
After all, what she said is completely impossible!
Even if you say that Levi Garrison is currently in the top ten of the gods list, no one will believe it.
Not to mention hurting Tiance Shenshuai.
This is absolutely impossible.
"Nan Yan, don't look at him! We all think my sister-in-law is doing this right!"
Everyone didn't want to listen to Mia.
Even Zoey felt that Mia was helping her brother to speak.
"Okay, if you don't believe me, then go!"
Levi Garrison was about to go out.
A cold voice came, "No need to go!"
"Huh?"
Everyone looked intently, and it turned out that Xuanyuan Qingya was here.
Everyone looked at her puzzled.

“My father was not injured at all! His aura swept across the entire Tiance Mansion! More terrifying than
the peak! I just saw it with my own eyes!”
Xuanyuan Qingya explained.
“Haha, sure enough! Levi Garrison, what else do you want to say?” When everyone heard Xuanyuan Qingya’s explanation, they all laughed.
For them, Xuanyuan Qingya’s words are facts.
What’s more, what Xuanyuan Qingya said was really true.
Where is Tiance Shenshuai a little bit injured?
“Huh?” Now
it was Levi Garrison’s turn to be surprised.
And Mia.
She saw Levi Garrison’s punch with her own eyes.
How could Tiance Shenshuai be okay?
It must be impossible!
“Impossible? He just took that punch from me, and his death is also a serious injury, how could it be
okay??”
Levi Garrison was also very surprised.
It suddenly occurred to him that the first time he met him, the superintendent Tiance was seriously
injured.
But when he came to Jiangbei to look for himself just now, he was all right.
It didn’t look like he was seriously injured at all.
Judging from what Xuanyuan Qingya just said, Tiance Superintendent is fine at all, and his aura is
stronger than before?
Mostly there is some kind of help.
Let him erase his injury instantly and restore his peak state.
Not to mention the helm of Tiance Mansion, this thing is easy to do.
It’s even more unexplainable now.
But Levi Garrison didn’t bother to explain.
There are too many explanations, no one believes, why bother?
Mia was anxious beside him.
It’s just that she said Po Tian, no one would believe it.
“Levi Garrison, you have nothing to say, right? You have to be bragging? You can’t brag about
everything!”
“The princesses of Tiance Mansion have said that the gods are okay, what reason do you have?”
…

everyone Laughed one after another.
In their opinion, Levi Garrison's lie was self-defeating.
Xuanyuan Qingya sneered at Levi Garrison and said, "I really didn't expect you to tell such a lie? I'm
speechless! How did you think about hurting my father?" Levi Garrison looked at her and asked, "Why
are you again? coming?"
The Return of the God of War [The Protector] Chapter 2430
"Levi Garrison, you know
why you asked ! The little princess of Tiance Mansion must have come for you!" "It's ridiculous,
deliberately asking why they are here?"
Everyone sneered again and again.
"It was my father who asked me to observe you for a period of time, saying that you are extraordinary!
Me, I specially came to see what is extraordinary about you! So that my father can dispel the idea of
marrying me to you!"
Xuanyuan Qingya sneered.
"Don't worry, I won't marry Levi Garrison! You don't have to divorce or anything! Even if Levi Garrison
wants to marry me, how can I agree! How can he be worthy of me?"
Xuanyuan Qingya dyed them with Zoey again Said.
Tell everyone that it is impossible for her to be with Levi Garrison.
No matter what Levi Garrison thinks, she won't agree.
But the more she said that, the more angry everyone was at Levi Garrison!
"Levi Garrison, we need to be calm and calm! It just so happens that you don't need our protection
anymore! Let's practice for a while!"
Zoey asked.
"Yes, we support my sister-in-law! Let's calm down with each other for a while!"
"Although Princess Tiance Mansion said so! But this means that she will be with you for some time in
the future!"
"Separate, must be separated!"
...
Then , Most people left.
Only Levi Garrison were left.
Mia pulled La Levi Garrison's arm, "Brother, what do you do? Think of a way!"
"It's okay! Let's do it for now!"

Levi Garrison said.
“You won’t go?”
He looked at Xuanyuan Qingya again.
Xuanyuan Qingya looked cold, “Father asked me to observe you for a while, so I will stay here. See what you can do to reach the sky!”
Regardless of Levi Garrison’s face, Xuanyuan Qingya moved in directly.
Mia watched nervously.
It means to let Levi Garrison find a way.
“Let her go!”
Levi Garrison ignored it.
Just hate the old guy Tiance Shenshuai even more!
Just hit it to death again.
He didn’t even have a chance to take medicine!
The next few days.
Xuanyuan Qingya lived in the villa.
Soon, she found the Huoyun Cthulhu in the basement of the villa.
Perceiving his body’s faint, weaker and weaker aura, and she saw that Huo Yun Cthulhu practiced very basic exercises.
“This can be done? It’s ridiculous!”
Xuanyuan Qingya sneered, “I can’t learn the supreme exercises of Tiance Mansion, but now there are so many exercises outside of the new era. You can practice any of them. Practice this kind of most basic! It’s purely sick!”
“It’s not as good as someone else’s one month after ten years of hard training here!”
Xuanyuan Qingya was completely dismissive of Huo Yun Cthulhu’s practice.
Mia next to me said, “I had the same idea as you. I think this practice is the most useless and a waste of time. Until I see my brother’s true strength! This is the real way to be strong, and I am now Practice like this!”
Xuanyuan Qingya looked at Mia in surprise, “Your brother’s true strength?”
“Well, that day, I saw my brother defeat your father with my own eyes!” Mia said bluntly.
Only Xuanyuan Qingya became angry immediately.
“Okay, don’t say it! The little girl still lied! It’s exactly like your brother!” Xuanyuan Qingya said angrily.

Father is her pride.
But the existence of invincibility.
How can it be defeated?
Especially Levi Garrison!
The most unlikely!
...
Levi Garrison has been busy investigating various ruins these days, and news is constantly coming.
The remains of forgery are increasing.
"Master, just received the latest news appeared in the remains of a large party somewhere in the
mountains Xiaxi a lot of people said to have been secretly fighting out of a terrible magic -!!!! King Kong
is not bad magic,"
"will Wouldn't it be fake? Send someone to investigate immediately!"
Levi Garrison felt that the ruins may still be fake now. When I first came out, maybe I could find more.
The Return of the God of War [The Protector] Chapter 2431
For example, this relic was artificially forged.
Then when it was first opened, if you check it carefully, there will be more clues.
There are even people who forge ruins in the dark, so there are more discoveries.
Maybe he will go straight to Huanglong!
Find the man behind the scenes in one fell swoop!
Levi Garrison immediately arranged for the people of the Great Xia League to search for it.
At this time, many people knew about the news from the ruins.
For example, Kunlun Industry, as well as the major forces of Erudiaa, have to go there.
Even if the Kirin (Qilin) heard them, they would go for a break.
The crowd quickly assembled in Jiangbei, ready to set off to snatch the remains.
Even Xuanyuan Qingya was interested and prepared to go with Azure Dragon (Qinglong) and the others.
"No need to go, this is a fake ruin at all! Going is a waste of time!" When everyone was about to go, Levi Garrison stopped them.
According to Levi Garrison's recent summary with the Bible Organization.
Eighty to ninety percent of this ruin is fake!
"Huh? Fake?"
Everyone was stunned.

Looked at him incredible.
“Because several of the ruins were fake before! Anyway, I can’t explain it to you for a while!”
“Anyway, you believe me, the ruins must be fake! If you go, you will be fooled!”
Levi Garrison seriously Looking at everyone.
Everyone on Zoey didn’t believe Levi Garrison anymore, but Xuanyuan Qingya suddenly stopped them.
“Okay, then we will believe him once! My father said he was extraordinary, but I want to see if what he said is true this time?”
Xuanyuan Qingya really wanted to see if there was anything extraordinary about Levi Garrison.
This happens to be an opportunity.
“Brother, what do you think?”
Xuanyuan Qingya looked at Marshal Tiance.
“Okay, just one ruin! Let’s just listen to Levi Garrison, and everyone will not go! See if this ruin is fake!”
Tiance Marshal said too forcefully.
After a word, no one intends to fight for the relic.
All the major forces retreated, and Kirin (Qilin) and the others did not go.
Everyone bet on whether what Levi Garrison said was true.
“Damn, you finally believe me!”
Levi Garrison ordered his men to check the ruins again.
Resolutely not let go of any one person and one detail.
Soon it will be the day when the ruins are excavated.
What makes all parties strange is that the major forces and super powers of Erudiaa did not participate.
The foreign superpowers who came to snatch it all laughed.
I thought I was here to join in the fun, but I couldn’t get it.
This is just great.
You can really have it.
Soon after, news came that the magical power of King Kong in the ruins was stolen by the East Island powerhouse.
The other treasures in it were also divided up.
After careful investigation, the result came out-this ruin is real.
It was really unearthed.
It was completely different from what Levi Garrison thought.
“Master, there are still some real ruins in all parts of the world! However, artificially forged ruins

account for most of them!”
said the evil god.
“However, a group of mysterious people appeared in this relic battle! The energy fluctuations on their
bodies are completely different from those of others! But they left too fast, and the people I sent out did
not keep up!”
said Underworld God .
Ye monarchs surprise “would not also want to say that behind these sites, or at least know what ruins
……”
“Yes, almost, I was the next check!”
“But I heard that the door does not break the magic really Is super powerful! The one who is expected to
get will soon kill the Quartet!”
Underworld God sighed.
“Hey!”
Levi Garrison let out a long sigh.
Unexpected.
Unexpectedly, this ruin turned out to be real!
Not fake!
But the good news is that I finally heard some clues.
“Bang!” But the
next moment, Levi Garrison’s door was blasted open with a kick.
Xuanyuan Qingya and others rushed in. Yelling at him…
The Return of the God of War [The Protector] Chapter 2432
Levi Garrison, didn’t you say that this ruin is fake? Why is it real????”
“Yes! Fake? You explain to us…”
…
Everyone stared at Levi Garrison and accused.
This incident was indeed beyond Levi Garrison’s expectations.
In the past, this relic is absolutely fake!
If you go to waste time, don’t talk about it, but will be used as pawns by others.
But I didn’t expect it to be true!
“I expect something went wrong with this matter…”
Levi Garrison said.
“Hahaha…”
Xuanyuan Qingya and they all smiled. “Father said you have something extraordinary? Where is the
extraordinary? I believed you once. What happened? You lied to us like this? I am also stupid! You said

that the ruins are fake, and there is no basis at all, so I believe it? I also asked my brother and others to
believe in
you once."
...
Xuanyuan Qingya became angry.
"Does Levi Garrison know the consequences of doing this? You lied that most of Erudiaa's forces did not
go! Even me and Kunlun Industry did not go! It is tantamount to handing over the ruins to others!
Directly let the foreign forces divide it up! " "
this is a big summer exhumed the remains of ah, to be carved up various foreign powers! I do not know
how many people want to joke we? I will even become a shame and Kunlun industry! " "
you make magic masterpiece also allow people to be taken away, the whole Blame you! I don't know
how much Erudiaa's loss will be!"
"Secondly, do you know what the concept of King Kong's magical power being robbed by foreign
powerhouses? They will in turn deal with Erudiaa's people! Erudiaa will be overwhelmed by the time, no
I know how many people will die under the magical power of King Kong's incorruptibility..."
"And all this is to blame Levi Garrison! Blame him for passing false news to us, telling us that the relics
are fake! That's why the King Kong is not bad and the power is taken away by foreign forces! In the end,
Levi Garrison is Erudiaa's sinner! Sin! Unforgivable!!!"
...The
marshal Tiance and others who followed have accused Levi Garrison.
Put all the charges on Levi Garrison's head!
Azure Dragon (Qinglong) couldn't stand it, and couldn't help but ask,
"The marshal isn't...it's not that
serious?"
"It's not that serious yet? Tell you the truth! Once the King Kong is not bad and the magical skill is
practiced! It will challenge everyone on the list of gods. ! It can even be said that even the attacks of the
Dark God and my father can't break through the incorruptible body of King Kong..."
Tiance Marshal explained.

“Hiss!”
Everyone gasped.
It turns out that King Kong is not bad and the magical power is so powerful?
“Well, once the magic power of King Kong is not bad, the physique will become the body of King Kong!
Immortal! It can resist any attack in the world! Even the sword and the sword can’t break open!
I haven’t heard of any way yet. It can break through the undamaged magic power of King Kong! This is
not comparable to the variants of the living dead in Maya Industry!
In addition, once you enter the non-destructive body of King Kong, your attack power will be maximized,
and no defense can stop King Kong. Bad magic attack power!”
Commoner Killing God explained in more detail next to him.
“Therefore, if you get the perfection of the magical power of King Kong is not bad! It is possible to
challenge the dark god and the god of heaven!” After
this explanation.
Everyone knew what was lost.
It’s terrible that King Kong is not bad!
As soon as you get it, you can challenge the ceiling of battle power!
This is even more powerful than the heavenly sword and earth sword…
Day policy Marshal sighed, “also blame me! King Kong is not bad magic too much! I also think it’s
impossible to be tapped at will, so just listen to the leaves monarchs words! Think it is a fake!”
“Young Marshal this matter How can I blame you? Levi Garrison deceived everyone! I deceived
everyone! Even the marshal deceived, and the marshal ordered not to participate in the relic battle!”
“Yeah, everything is to blame Levi Garrison! He bears all the consequences!”
The Return of the God of War [The Protector] Chapter 2433
Major Tiance’s men accused Levi Garrison one after another.
“Yes, but for him, it does not break the magic is the big summer! Add at least one God of the top three
large strong summer!”
“Is Ye monarchs, King Kong is not bad not only lost the magic, it also In the hands of our enemies! Soon
the enemy will use it to kill us!”

“Levi Garrison will soon become a sinner! Erudiaa will suffer because of you!”
…
Everyone looked at Levi Garrison, really I’m going to hate it to death.
Why is everything going horizontally?
The key is still wrong.
Especially plums dye them.
When everyone had to go to the ruins, Levi Garrison had to stop it.
Then the lie…
does it make any sense?
Will you be a clown?
“This is indeed a mistake in my prediction, I’m sorry to everyone! But if there is any problem, I will be
responsible for it!”
Levi Garrison said.
“We also don’t want to hear you explain Levi Garrison! Tell me what should I do now?”
Xuanyuan Qingya asked.
Others are also aggressive. “Yes, what do you want to do?”
” What should I do? Isn’t it just that King Kong is not bad for magical skills? If you dare to make trouble
in Erudiaa, I will kill it!”
Levi Garrison looked calm.
What King Kong is not bad for magic?
*It’s all f*cking blowing!*
Can you stop me from punching?
I will give you the truly supreme magical technique, and I won’t practice it!
I think it’s useless!
On the contrary, he is so obsessed with these various things!
A group of guys who have never seen the world!
“Don’t blame your brother, although my brother made a mistake in this wave of judgments. The
consequences will not be serious! Once Erudiaa is threatened, my brother will definitely kill him!”
Mia said next to him.
“Hehe, does he kill King Kong to destroy the great master of magic? Wishful thinking! He is the
thousandth on the god list! Not the first on the god list! It’s impossible to be the first on the god list!”
Tiance young marshal roared.

“Okay, brother, something has happened! It’s useless to say more! It has something to do with us! We must actively prepare! If that person practiced the King Kong not bad magical skills, he will definitely come to Erudiaa to show off his power!”
Xuanyuan Qingya said .
Marshal Tiance and the others nodded, “Well, that’s right! I want to send more people to observe, if there is a change, everyone will act together!”
Everyone left.
Zoey and Azure Dragon (Qinglong) gave Levi Garrison a desperate look.
It was because of his eloquent words that forced Erudiaa to face such a big threat, and even lost her peerless magic.
…
Xuanyuan Qingya didn’t leave.
She has her own plan.
Her first inspection of Levi Garrison has failed.
If it fails again, she will be able to deal with her father.
At that time, in front of the facts, my father wouldn’t say anything.
“Sometimes I don’t know where your self-confidence comes from. My father’s invincible world is not as confident as you!”
Xuanyuan Qingya sneered.
“That’s because he was scared by me! How can I be confident!”
Levi Garrison said lightly.
Mia was afraid of the conflict between the two, and quickly pulled Levi Garrison away.
“Okay, sister, you can practice hard too! Wait for you to practice for a while! It is estimated that you can also punch through the incorruptible body of the King Kong!”
Levi Garrison touched his sister’s head.
Mia believed in this.
Now she specializes in the basic exercises taught by Levi Garrison.
Xuanyuan Qingya saw that she and Huoyun Cthulhu were practicing, and she sneered, “Two fools!”
…
Levi Garrison was not busy.
Continue to analyze with Underworld God and them.
“I seem to know something. Didn’t you say that there were mysterious people in the ruins? And the

biggest thing about the ruins this time is the magical power of King Kong… then it might be…”
Levi Garrison suddenly flashed an idea in his mind. .
“What?” The Underworld God and the others asked.
The Return of the God of War [The Protector] Chapter 2434
“It has something to do with the mutant living dead! The executives of Maya Industry said that the
experimental plan for the mutant living dead was a plan left by a horror doctor in the laboratory of the
gods. Originally, this experiment was to be used on large biological beasts!
” The goal of this plan is to create an immortal physique! The mutant living dead has done very well! But
it is not perfect!”
Hearing Levi Garrison’s analysis, the evil gods immediately reacted.
“Therefore, they came to this ruin to check the vajra indestructible power! If the vajra power is used in
the experiment, the plan of immortality will be perfect! To find this magical power is to strengthen it!”
“Yes! Wait for me to follow. Maya Industry inquires…”
Levi Garrison asked the Maya Industry executives again as a dark god.
The answer is that the magical power of King Kong is not bad cannot be used on mutant living dead.
But if the plan of the laboratory of the gods is not necessarily.
Which doctor who designed the experiment is super scary, maybe it can be used.
clue!
Another clue!
The group of people whose energy fluctuations were found to be obviously different by the Underworld
God is likely to belong to the Lab of the Gods.
“Continue to check! I believe that sooner or later I will have enough clues!”
Levi Garrison ordered.
The next period of time was rather unremarkable.
Everyone is practicing crazy.
Xuanyuan Qingya has also been by Levi Garrison’s side.
Under her observation, Levi Garrison didn’t have anything extraordinary.
As for Mia and Huoyun Cthulhu who practiced the basic exercises hard, they really haven’t made any
progress at all.

Especially the Huoyun Cthulhu, the aura on his body is getting weaker and weaker…
it feels like it won't be long before he will die.
But where does she know.
The Huoyun Cthulhu was just getting started like this, similar to Levi Garrison who was in the dark cage
at the beginning.
This means that he has taken another step towards success.
But starting today, there are constant news.
Those strong men who got the rest in the ruins have digested the exercises and medicines they got after
this time of cultivation.
The strength is advancing by leaps and bounds.
Gradually emerging around the world!
The quasi-sacred list rankings and the rankings of the gods list have undergone tremendous changes!
Levi Garrison, who was in a stable ranking, suddenly fell to the seventeenth position on the Quasi-God
Ranking!
This also means that someone replaced him to enter the god list, and many people suddenly rushed in
front of him.
The fact is that a total of thirteen people rushed into the list of gods.
Instead of the thirteen people in the gods list, they fell to the quasi gods list.
Among them, several people surpassed some of the people who fell off the god list, so Levi Garrison
ranked seventeenth on the quasi god list!
Shocked!
It was shocking!
Everyone understands that this is just a change brought about by the exercises and the treasures of
heaven and earth in the ruins.
Thirteen people were pushed into the gods list in an instant, and I don't know how many people were
allowed to climb all the way on the quasi gods list! ! !
The most terrifying thing is that Hirai Musashi, who has grabbed the magical power of King Kong is not
bad, is challenging the powerhouse in the East Continent!
His ranking soared all the way, and he kept improving!
Now he has reached the fifty-fiftieth on the list of gods.
His ranking continues to rise…

He challenged the strongest players in Dongdao, Star Country, and neighboring countries.
Let him reach the top 30 of the gods list in one fell swoop…
At this time everyone was shocked.
Especially everywhere in Erudiaa, I dared to know the terrible aspect of King Kong's magical power.
In a short period of time, people can be pushed from a few thousand on the quasi god list to the top 30
on the god list.
But everyone knows that Hirai Musashi's true strength is not only in the top 30 of the gods…
but he is slowly challenging…
the longer he is, the more adept his King Kong is not bad, and the ranking will follow. Soaring!
His true strength is comparable to that of the gods! And Hirai Musashi's next goal is Erudiaa…
The Return of the God of War [The Protector] Chapter 2435
Panic!
Erudiaa panicked after learning the news!
Things may be more terrible than they expected!
Progress is too fast!
It was easy to practice if King Kong didn't destroy magical skills, but there was too much room for
improvement.
But what everyone didn't expect was that it was Hirai Musashi's master-Takitani Kuroki who was even
more terrified!
The king of the new era of Dongdao!
The sixteenth existence on the God List!
In fact, the magic power of King Kong is not bad is obtained by him.
Now his apprentices rely on King Kong's incorruptible magic power to kill the Quartet, steadily rushing
into the top 30 of the gods list.
So what about him as a master?
This is the one who can really challenge the first place in the gods list and the gods of Tiance!
The bad news one after another shocked the world!
Soon news came out that Takitani Kuroki will enter the summer with his apprentices and challenge the
great powers.
Especially the strong of the gods!

Erudiaa's god list powerhouses, Kirin (Qilin), Tiger (Bai Hu), Xiao Feng, they are all after thirty.
Zoey, the twenty-seventh place before thirty!
Ye Lingtian God List twenty-fifth!
The twenty-third, twenty-two, twenty-one, and nineteenth of the god list are all strong in Erudiaa!
Among the top ten forces in Great Xia, the ancient Lingnan tribe is the 17th on the list of the Lingnan
Kings!
The sixteenth of the Thunder God list of the top ten forces of the ancient Northwest Lei Clan!
Qingcheng Yijian's Taoist Sword is the fourteenth on the list of Li Taoist doctors!
Thirteenth on the God List!
God list twelfth!
Xuanyuan Qingya ranked tenth!
Ye Wudao is eighth on the list of gods!
Tiance young marshal is sixth on the list of gods!
Buddhism diamond dragon monk god list fourth!
... I
have to say that the strongest people in Erudiaa are like clouds.
The top 30 seats in the god list occupy a lot of them.
But these people are the targets of the two masters and apprentices of Takiya Kuroki!
"Levi Garrison's retribution is coming! Now people have practiced the magical power of King Kong not
bad! Come to Erudiaa!"
"King Kong is not bad magical power, that is my Erudiaa method, now people use Erudiaa method to kill
Erudiaa! The people of Xia, come to challenge Erudiaa's strong, and finally insult Erudiaa!"
"It's all to blame! If it weren't for you! Erudiaa will rise up a super strong, even comparable to the dark
god, directly Ranked first on the list of gods!"
"Does Levi Garrison know what kind of opportunity you let Erudiaa miss?"
...
The "disaster" that everyone predicted is coming.
Everyone came to accuse Levi Garrison.
I really have to blame him, this can't happen without him.
It can also produce a peerless powerhouse.

Xuanyuan Qingya looked at Levi Garrison and sneered, "This is what makes you extraordinary? Is it going
to cause trouble? Will it usher in disaster?"
Disappointed!
Many people are disappointed in him.
It was because of what he said that it became the situation in front of us!
Now there are overwhelming voices mocking Erudiaa…
Let the things left by the ancestors be left to outsiders, and let outsiders beat yourself back…
Shame!
The source of shame is Levi Garrison!
"Don't worry! The challenge is nothing, just let him challenge! If they have any threats, I will kill them at
any time!"
"Whether it was before, now, or in the future. I am Erudiaa's patron saint! Hmm!"
Levi Garrison looked cold.
Didn't pay attention to these so-called enemies at all.
"Punch!" After
hearing this, everyone laughed out loud.
Erudiaa's patron saint?
Hahaha!
This joke is too big!
The patron saint of Erudiaa, what kind of concept is that!
Can help Erudiaa solve all dangers and obstacles!
No fear of everything!
Even with the invincible existence of God Commander Tiance, he dare not say a word about Erudiaa's
patron saint.
The real patron saint of Great Xia is Tiance Mansion and Baolong clan!
Levi Garrison said that he can be alone?
Isn't that ridiculous?
"Levi Garrison, let's go busy first. If it really becomes a disaster in the end, we will be the first to take
your sacrificial saber!"
…
Everyone is going to prepare. But what is curious is that the god commander Tiance ordered the Baolong
clan of Tiance Mansion not to participate in this matter.
The Return of the God of War [The Protector] Chapter 2436
This makes everyone very curious.

It seems that in these two events, Tiance Superintendent was standing with Levi Garrison.
Xuanyuan Qingya didn't understand, what did his father like about Levi Garrison?
Is there really something extraordinary about his?
But this time is also a good opportunity!
In the end, she would push Levi Garrison out and let him fight against Takiya Kuroki.
See if he is bragging?
Do you have the ability to get rid of the enemy!
If it is true, then it shows that he is extraordinary.
If it's fake, then he'll die.
Xuanyuan Qingya has made a decision!
Test Levi Garrison through this time!
…
Soon, the two masters and apprentices of Takiya Kuroki entered the summer.
The two began to challenge!
Hirai Musashi began to challenge the powerhouse after the 30th in the God List!
Azure Dragon (Qinglong), Kirin (Qilin), they are all in the list… the challenged Kirin (Qilin) naturally agreed, and they would never back down.
Soon a piece of news came.
Azure Dragon (Qinglong) loses!
Phoenix (Suzaku) loses!
…
Kirin loses!
Poisonous God defeated!
Sword Evil God defeated!
…
Zhou Ke defeated!
Xiao Feng is defeated!
…
Hirai Musashi relied on the magical power of King Kong not to be bad, and swept the big summer gods.
None of the powerhouses in the god list related to Levi Garrison fell.
The Asura War God of the Great Xia League, Fan Shengnan, and the Seven Kills Broken Army were all
defeated…
and the rest of the gods who Levi Garrison didn't know were all defeated!

This time, the master and apprentice of Takiya Kuroki is here to defeat all the powerhouses in Erudiaa!
They are like a rainbow!
Hirai Musashi challenges first!
Swept all the powerhouses after the 30th in the god list with the momentum of destruction!
None of them are left!
Without exception, all are defeated!
In the face of King Kong's not bad magic, all the strong have nothing to do.
I can't beat it at all… the
whole world is shocked!
Erudiaa has fallen into the biggest dilemma since the new era…
has also been challenged by the strong before.
Where can you be so embarrassed?
Now he was beaten to the point where he couldn't breathe!
Next, Takiya Kuroki began to challenge the top 30 powerhouses in the god list!
Zoey is the first to bear the brunt!
Zoey has made rapid progress recently, from 34 to 27!
She was the first to be challenged!
But when encountering a stronger King Kong not bad magical skill, there is no power to fight back at all!
This is more perverted than the mutant living dead!
The mutant living dead is a terrible defense, unable to be defeated or penetrated.
But Takitani Kuroki is a defensive and offensive one.
All are equally strong!
Encounter can only be desperate!
Plum dyed!
The second one is Ye Lingtian!
Ye Lingtian was also knocked down and could not fight back!
defeat!
Twenty-third defeat!
Twenty-two defeats!
Twenty-one defeat!
Nineteen defeats!
The 17th strongest of the ancient Lingnan tribe is defeated!
The sixteenth thunder day defeated!
Fourteenth defeat!
Twelfth defeat!
Eleventh defeat!

Ye Wudao, who is eighth on the god list, was also challenged!
In the end, Ye Wudao was defeated!
The sixth major Tiance marshal in the gods list played with all his strength, but he fully studied with the
major powers of the Tiance Mansion for a whole night, how to target the King Kong not bad magical
skills.
He persisted longer than everyone else.
But in the end it was defeated!
After his tricks were displayed, he still failed to break
the indestructible body of the King Kong… Finally, the King Kong Dragon Monk, the fourth in the god list,
was also found!
The immortal golden body cultivated by the dragon monk is similar to the magical power of the
impervious vajra to a large extent…
Although the immortal golden body of the dragon monk
has the same degree of defense as that of the impervious vajray… Degree of attack power.
Therefore, in the end, the King Kong Dragon Monk, who was fourth on the god list, also failed…
Erudiaa was shocked!
The world is shocked!
Even strong men like Tiance Marshal and King Kong Dragon Monk were defeated.
Who else can stop him?
Erudiaa became a joke directly!
shame!
The shame brought to everyone this time is huge!
After all, this is Erudiaa's magical skill!
"By the way, there is only Xuanyuan Qingya who is the tenth in the gods list, go and challenge her!"
Takigani Kuroki stared at the little princess of Tiance Mansion. But Xuanyuan Qingya was with Levi
Garrison at the moment.
The Return of the God of War [The Protector] Chapter 2437
Those who have been defeated are all gathered in Levi Garrison's villa at the moment.
They blamed Levi Garrison.
"Levi Garrison sees it now? The consequences have already occurred!"
"Erudiaa has become a joke, and everyone is shamed! It has become a shame!"

“All the masters of Erudiaa have been swept away without exception! No one can now. Stop him! These
days are the most humiliating and darkest moments in Erudiaa!”
…
Even Marshal Tiance and others also rushed to “Do you recognize Levi Garrison? Is this your fault?”
“If it wasn’t for you to stop him? Tell us that it’s fake. Will the magical power of King Kong not be bad fall
into the hands of others? Now people use the magical power of King Kong not bad to sweep Erudiaa and
insult Erudiaa! Trample our dignity! Trample Erudiaa’s martial arts!”
“But originally the magical skill of King Kong is not bad is Erudiaa, obviously we can get it!”
“Now it has become a magical skill for others to kill our own compatriots!”
…
Everyone stared at Levi Garrison and accused.
All their negative emotions, such as their anger, unwillingness, and shame after failure, were vented on
him.
Yes.
This matter has something to do with Levi Garrison.
He made a mistake in his judgment.
But you can’t blame him all!
If they themselves are strong enough, this kind of thing will happen?
To put it bluntly, isn’t he incompetent?
Now it’s incompetent barking!
Also looking for Levi Garrison to come and let out his anger.
Levi Garrison smiled.
It’s not bad that Erudiaa, a group of Tianjiao elites, suffer.
Lest one by one thinks he is the best in the world.
Every day he clamored about his ranking in the gods list, this one is in the top fifty, this one is in the top
thirty…
all of them have remained madly unchanged.
This is all right, let the family do it.
Are all of them honest?
What kind of sacred list? When encountering King Kong, it is not bad for magical powers, and all of them
are defeated?
How about the practice of bragging about the new era all day long?
Now King Kong is not bad, but the magical power is ancient.

Everyone was so abused by the ancient exercises.
So Levi Garrison felt it was a good thing to be swept away.
At least it can hone them.
Frustrate everyone's spirit!
But it is indeed a shame for the young marshal Tiance and Ye Wudao!
It made people so abused that there was no way to fight back.
Young Master Tiance was defeated, but Tiance Mansion couldn't make a move, so he broke his teeth
and swallowed it in his stomach.
But Ye Wudao couldn't bear the shame.
The soldiers have already been moved to the ancient Garrison Clan…
Others can only be trampled on their dignity and shame, but there is no way to return.
"You have to take the main responsibility for Levi Garrison this time!!!
You die a hundred times is not
enough to calm the anger!"
everyone scolded.
"Then what if I kill all their masters and apprentices?"
Levi Garrison asked with a smile.
"All killed?"
Everyone laughed.
Now that Takitani Kuroki masters and apprentices are so powerful, the losers here know better than
anyone! ! !
The dark god and the god commander of the gods, who are the number one on the gods list, are not at
the level, and no one can help them to get their masters and apprentices!
Even the second and third on the god list will not work!
They can't stop them from mentoring!
Levi Garrison said to kill them all?
It's ridiculous!
"It's not good! Takiya Kuroki is going to challenge the little princess of Tensakufu! He is coming here!" At
this time, someone heard the news.
"What? Takiya Kuroki is here?"
"Quickly, quickly, run!"
"Quickly! Don't see him again!"
It was the losers who heard that these two were coming, and they immediately felt like they were
coming. The mouse ran around in fright like a cat.
They couldn't stay in this place for a moment.
They don't have the courage to face Takiya Kuroki again!

They have been deeply frustrated!
Can't raise his head anymore.
Scared!
I'm really afraid of Takiya Kuroki!
Scared of being beaten. It's already engraved in the soul…
The Return of the God of War [The Protector] Chapter 2438
The same goes for the marshal of Tiance.
I was so scared to be beaten by Takiya Kuroki.
This is also the first real failure in his life.
The various techniques of Tiance Mansion were used, and all the secrets that were not passed on were
used.
But in the face of King Kong is not bad magical power, it is still unable to break through.
What kind of despair is that?
He was completely afraid of being beaten by Takitani Kuroki.
As soon as I heard the name, I shuddered and sweated.
"Sister, don't worry, Takitani Kuroki is just talking with you, and won't kill you!" After
leaving a word, the Marshal Tiance ran away.
Others were more serious than Tiance Marshal, their faces were pale and bloodless, they were all wet
with cold sweat, and they were limping when they walked.
Just hearing the name, I was scared to death, and my soul was frightened.
In the blink of an eye, all the people who came to condemn Levi Garrison ran away.
They really don't have the courage to face Takiya Kuroki anymore!
Goodbye, it is estimated that they will be depressed for a lifetime.
Scared away!
Just hearing Takiya Kuroki's name made everyone scared away.
Levi Garrison really wanted to say something–this is it?
"Hey, don't go. I'll show you how I beat their masters and apprentices? Don't go…"
Levi Garrison also wanted to hold a few acquaintances to see.
It's just that each one is like a runaway horse, and everyone can't hold it.
"You go to die alone, we are afraid of Takiya Kuroki…"
Everyone ran away.
In a blink of an eye, only Xuanyuan Qingya and Levi Garrison were left in the field.
Mia and Huoyun Cthulhu were also there, but they didn't hear anything outside the window, and they
were practicing in retreat.

“Afraid of this? I really
laughed !” Levi Garrison was happy. He touched his chin and said, “I have to find a reason to kill this
master and apprentice later! What is the reason? Come to Erudiaa to make trouble? It seems to be a
pure challenge, and there is no murder or charity? These reasons seem to be insufficient. … By the way,
there is
…”
Levi Garrison had already thought of how to find excuses to deal with the two of Takiya Kuroki later.
“Why don’t you talk?”
Xuanyuan Qingya has been very quiet today, and Levi Garrison didn’t hear her much.
Turning her head to see, Xuanyuan Qingya’s face was pale, and her body was trembling violently, as if
she had suffered a serious illness.
She is also scared!
The performance of so many people just now, especially her brother’s demeanor.
She was deeply stimulated.
What a proud man, Marshal Tiance!
Never defeated.
Except for his father, no one is in sight.
afraid?
There was no such word in the dictionary before!
But now facing Takitani Kuroki like this…It
can scare him like this, which shows how terrifying Takitani Kuroki is.
So Xuanyuan Qingya also began to be afraid.
She is the last one to be challenged.
It is equivalent to Erudiaa’s last line of defense.
If she loses, then the powerhouses of the gods who represent the entire Erudiaa will be completely
swept over again.
She was carrying too much weight, plus everyone was frightened like this.
This made Xuanyuan Qingya so scared to collapse.
The whole person must be dead.
Levi Garrison “…”.
Feel sorry!
No one has come yet, so scared?
What about the pretentiousness of the previous one?
Isn’t it amazing?

Isn't your father invincible?
Why are you so scared one by one?
And the reason why your father told Tiance Mansion to ignore this matter was that he knew he would
do it sooner or later.
He is not a threat at all!
So I can rest assured.
A bunch of idiots don't know anything.
"It's not you who are being challenged. Of course
you are not afraid!" "You don't even know what kind of existence you are facing!"
Xuanyuan Qingya saw it
soon after.
Both Levi Garrison and Xuanyuan Qingya felt the movement.
"Boom!"
A terrible coercion struck.
It was as if a star fell, and Jiangbei would be destroyed. Xuanyuan Qingya's body trembled more and
more severely.
The Return of the God of War [The Protector] Chapter 2439
She seemed to be so weak that she could not stand firmly, and the cold sweat penetrated her whole
body.
Be timid before fighting!
Xuanyuan Qingya had already lost thoroughly.
Not to mention fighting against Takitani Kuroki, even fighting against Hirai Musashi will undoubtedly
lose.
"This…Is this the oppressive feeling that King Kong is not bad for the divine art?"
Xuanyuan Qingya was already trembling, terrified to the extreme.
That's right.
Takiya Kuroki and his apprentice Hirai Musashi are here.
So that there is no one around Levi Garrison's villa.
No one even watched the battle secretly.
The magical power of King Kong is not bad has brought too much deterrence to everyone.
Everyone is scared.
And everyone knows the result.
Xuanyuan Qingya will undoubtedly lose!
There is no gold content in the first battle, it is the same whether you look at it.

Everyone was terrified of their ridicule of Erudiaa next.
The powerhouses on the Erudiaa God List have been swept over again… and soon the God List will begin to be updated again…
Not surprisingly, Takitani Kuroki will come to the second place on the God List.
He is already the second strength of the gods.
Next, it is estimated that he will challenge the first place in the gods list!
The future is hard to say!
But now it's the second place in the real gods list.
"Boom!"
With a sound, two people equipped by the Toshima samurai arrived.
"Xuanyuan Qingya, the little princess of Tiance Mansion, tenth in the gods list! Higashishima Takiya
Kuroki is here to challenge!"
Takiya Kuroki put on a challenging posture.
Levi Garrison was about to speak, but was angrily pushed aside by Xuanyuan Qingya.
"I…I accept the challenge!"
Even though he was afraid, even though he knew that he was invincible, Xuanyuan Qingya still got on.
Under the influence of fear, Xuanyuan Qingya only played half of her strength in this battle.
Was easily defeated by Takiya Kuroki.
Looking at Xuanyuan Qingya who was lying on the ground and vomiting blood, Takitani Kuroki sneered,
"Impossible! Rubbish! All rubbish!"
"You are still the little princess of Tence Mansion ! You have Erudiaa's orthodox magic! Rubbish?
Rubbish!"
Hirai Musashi also laughed, "Is there no one in Erudiaa? Really no one! All the strong on the god list have
been swept away by our masters and apprentices, and there is no one that can beat! A bunch of
rubbish!
" From now on, when you see Higashishima warriors, you have to call grandpa obediently, and then
kowtow to detour! Otherwise, I will fight once!"
Takiya Kuroki also nodded, "Well, I declare that from now on, Erudiaa will be stepped on by me. All the
opponents on the god list were defeated by me!"
"Of course, the Baolong clan of Tiance Mansion cannot make a move. If they make a move, they will be

shameless! If you compare, we are better than the gods! This is recognized by the world! "
Hirai Musashi also added.
"I just want to use Erudiaa's magical powers to beat them down and beat them to fear and fear! When
they hear my name, Takiya Kuroki, they
feel frightened and piss out of fear!" "I want my name Takiya. Heimu has become the nightmare of the
entire Erudiaa! It has become a taboo that they are afraid to mention! As long as I come to Erudiaa in
the future, I will be closed from house to door, and there is no one on the street, and the children dare
not cry… "
Takiya Kuroki said domineeringly.
"Master, you have done it! In fact, the young master Tiance was here just now! But as soon as they
heard that you were coming, they were so frightened that they all ran away! Immediately after the news
spreads, you will become Erudiaa's forbidden master. Devil!"
Hirai Musashi brags beside him.
Xuanyuan Qingya who fell on the ground shed tears of humiliation.
At this moment, all her dignity was trampled on, and she
would lose face in seeing people in the future.
Even less dare to see Takitani Kuroki.
"Leave, Erudiaa is too vulnerable to a single blow, there is not a single one to fight!"
Takiya Kuroki and his apprentice turned to leave.
"Wait!"
"When you are in your kitchen, come as you want, leave as you want?"
Levi Garrison's voice suddenly
sounded.
The Return of the God of War [The Protector] Chapter 2440
Hearing the sound, Takitani Kuroki and Helai Musashi stunned.
Anyone else? ? ?
They didn't notice Levi Garrison's existence from beginning to end…
only Xuanyuan Qingya was in their eyes.
Even the retreat Huoyun Cthulhu and Mia didn't even notice.
The breath on them is too weak and weak, no different from ordinary people.
Since they are ordinary people, they are just like reptiles and ants on the ground.
I definitely won't go take another look.

Therefore, from the beginning, the teacher and apprentice Takitani Kuroki didn't regard Levi Garrison as
a person at all, and simply ignored it as if it were air.
Such people do not even have the qualifications to make them ridicule!
That's the case with the smallest person-people don't even have the qualifications to look at you.
But hearing the sound at this time made the two of them very surprised.
"Huh? There are still people?"
Hirai Musashi asked suspiciously.
Takitani Kuroki also began to observe Levi Garrison's arrival.
Xuanyuan Qingya lying on the ground also looked at Levi Garrison in surprise.
At this time, he stood up, didn't he look for death?
It could have been safe and sound.
Stupid waste!
"Master, I remember! He is Levi Garrison! In the past, I drove in and out of Dongdao, so that my
Dongdao warriors couldn't lift their heads and suffered humiliation!"
"But when the new era comes, he is completely rubbish! Now! It seems to be ranked seventeenth on
the quasi god list!"
Hirai Musashi looked at Levi Garrison and said his identity.
As the first-class enemy of the East Island countries, Levi Garrison is unforgettable by many people!
It can even be said that it is engraved on the genealogy!
Future generations must kill this person!
"It's him! They all call him the king of the past! But the quasi god list is just like the ants! I am not
qualified to kill me!"
Takiya Kuroki didn't put Levi Garrison in his eyes at all.
"Hey, what do you mean?"
Hirai Musashi looked at Levi Garrison and asked.
"This place is my home! Did you come and go with my consent? You still wounded someone at my home
and just left?"
Levi Garrison asked coldly.
Hirai Musashi's eyes lit up.
He heard that Levi Garrison was questioning.
"What are you doing?"
"According to my rules, you have to leave something…"
Levi Garrison said.
"What's left?"

Takitani Kuroki was also interested, wondering what this ant was going to do.
"Leave your dog's life!!!" The
words came out.
Except for Levi Garrison, all three people present were all stunned.
Want to save Takiya Kuroki's life? ? ?
How dare you? ? ?
What's in your head?
Xuanyuan Qingya is going crazy!
idiot!
Complete idiot!
What has become of Takitani Kuroki's strength, swept Erudiaa's god list, and became Erudiaa's
nightmare.
Is Levi Garrison going to provoke?
Isn't this going to die?
Father always said that he was extraordinary, Xuanyuan Qingya didn't notice it at all.
There are many stupid things.
The behavior now is super stupid!
"Hahaha… want our lives?" It is
estimated that neither Takiya Kuroki nor Levi Garrison would be able to say this.
Can't help being surprised.
"Well, trespass into my residence! Just die! This is my rule!"
Levi Garrison thought about this reason for a long time!
"Which one will die first?"
Levi Garrison stared at the two.
"Looking for death!!!"
Hirai Musashi rushed forward without saying a word.
To kill the powerhouse of the gods, he didn't even want to use the magical power of King Kong not bad.
After all, it's just ants!
Hirai Musashi used the identity of a Samurai Higashishima, fast as lightning, and his body is as ghostly as
a demon.
To kill Levi Garrison with one blow!
It's just that Levi Garrison's mouth is smiling.
At the moment when Hirai Musashi's thrust came, he blasted out with a punch.
"Kacha!"
"Bang!"

Hirai Musashi's body exploded in front of Takiya Kuroki and Xuanyuan Qingya, spraying blood mist.
Nobody!
Hirai Musashi was gone on the spot!
The Return of the God of War [The Protector] Chapter 2441
What is Hirai Musashi's strength?
After the thirtieth gods list, he can easily sweep.
Even if he doesn't use King Kong to damage his magical skills, he will be at the forefront of the gods' list!
Xuanyuan Qingya didn't have the confidence to kill within dozens of moves!
But Levi Garrison
was blown to death with a fist… it was really shocking!
Xuanyuan Qingya's body was trembling when she saw the scene where no one else was.
I thought of what my father had told Wan Qiang.
There
is something extraordinary about Levi Garrison… just enough punch! ! !
This punch is definitely the forefront strength of the gods!
It turns out that this is what my father said!
The extraordinary thing is that Levi Garrison has the forefront strength of the gods!
Sure enough, I was wrong!
It turned out that Levi Garrison was so strong that he didn't even notice it.
But… is it useful?
Now he can face the strong man who can match the top of the gods list and the gods of the gods-
Takitani Kuroki.
Just now, he swept all the powerhouses in Erudiaa with the magical power of King Kong's
incorruptibility.
No matter how strong Levi Garrison is, it is estimated that it is only the top 100 on the list of gods.
It's too far behind this one.
In fact, he was far worse than Hirai Musashi just now, but he was underprepared, seriously
underestimating Levi Garrison's strength, and was killed before he could use the magical power of King
Kong.
If he used King Kong to not destroy magical powers, Levi Garrison would undoubtedly die.
Still the same…

Although it gave myself a hint of surprise.
But Levi Garrison's ending is still dead!
Levi Garrison killed Hirai Musashi, but instead angered Takitani Kuroki!
Sure enough, Takiya Kuroki saw his apprentice killed, and he went crazy.
"Boom…" The
terrible aura on his body revealed, swallowing the mountains and rivers with anger, sweeping the world.
"Okay, you! Dare to kill my apprentice! Or sneak attack and kill my apprentice! He doesn't even use the
magical power of King Kong! You killed him by sneak attack! Erudiaa is really despicable and
shameless!!!"
Takiya Kuroki Roared angrily.
*Levi Garrison was speechless, and sneered; "Can you guys from East Island have a f*cking face? Sneak*
attack? Didn't we just smash it upright? Just because he didn't use King Kong's magical power, I
attacked?"
"You really are. Strange! Everything must be done according to your rules? This is a damn battle of life
and death! I still have to persuade him to use the power of King Kong? Just stand aside obediently and
wait for him to kill me. It is fair?"
Levi Garrison was really angry.
This is the case in this country.
Every time a martial arts competition or a life-and-death battle, various rules must be set to play Lai Lai!
What he just did is a sneak attack?
"Despicable race!!!"
Levi Garrison sneered.
The apprentice Takitani Kuroki has just died and is now being satirized by Levi Garrison's words.
He is really going to explode! ! !
"Today you must die without a doubt!!!"
"No one can save you!"
"I will show you the seventh layer of the magical technique of King Kong is not bad!!!"
Takiya Kuroki shouted.
King Kong is not bad magic power is divided into nine layers!
The ninth floor is the highest!
Basically, the people who practiced up to the seventh floor are all water chestnuts, and almost no one

can touch the eighth and ninth floors.
Takitani Kuroki has been in contact with the seventh floor in a short time, which is really rare.
But he is not proficient in controlling the seventh floor.
It is estimated that it can only be used once in ten days.
Even hurt yourself.
During this period of time, he has swept the Erudiaa Gods list of the strong, and the most used is
actually the fifth layer of King Kong's incorruptible magic.
Basically everything can be swept.
He used the sixth layer only when facing the Marshal of Heaven and the King Kong Dragon Monk!
No one of these gods can force him to use the seventh layer.
So he won very easily, so he gave them great fear to the young masters of Tiance!
One by one was scared like that!
But now when Takitani Kuroki confronts ShangLevi Garrison, because of his anger, he actually directly
used the seventh layer of King Kong not bad magic!
The Return of the God of War [The Protector] Chapter 2442
He wants to make Levi Garrison's death so thorough, there is absolutely no possibility of surviving!
No chance at all!
"The seventh layer…hiss…"
Xuanyuan Qingya sucked in a cold breath, her eyes full of unresolved panic on her face.
On the sixth floor, her brother was beaten to autism.
How strong is the seventh layer? ? ?
unimaginable!
Many people have said that.
Once Takiya Kuroki uses the seventh layer of the King Kong is not bad magic, it is completely possible to
challenge the first and the gods of the gods.
And there is a half chance of winning!
See also how angry Takitani Kuroki was.
Levi Garrison really has a way of angering others!
Xuanyuan Qingya had imagined Levi Garrison's tragic death!
"Boom…"
When Takiya Kuroki's seventh floor of the King Kong non-destructive power was displayed, a breath of
silence immediately hit the audience.

Even the sky changed color, black clouds pressed down the city, and the day suddenly changed to night!
Surrounded by flying sand and rocks, strong wind swept across, the entire Jiangbei City seemed to be in
disaster.
In a big storm!
As for Takiya Kuroki, the clothes on his body were shattered immediately!
The body grew bigger and thicker out of thin air, and the knotted muscles were sharp and angular!
Previously, Takiya Kuroki clearly met the standard size of Higashishima people at a meter and five
meters, but at this time he soared to a burly man of 1.92 meters.
The most important thing is that he turned into golden color!
The whole person is like metal casting!
The whole body is made of gold!
It is ten million times harder than gold!
His body showed seven apertures with different color depths!
King Kong is not bad for the seventh layer of magical arts!
"Clang!"
"Clang!"
...
He moved casually, and his body made a huge, clear sound of metal clashing.
"Boom!"
"Boom!"
...
And cracks appeared constantly under the feet, and then spread and shatter.
this moment.
Xuanyuan Qingya felt the terrifying aura from Takigani Kuroki's body that was similar to that of God
Commander Tiance.
That means destruction!
powerful!
That's too strong!
This was a level higher than when he dealt with her brother and the King Kong Dragon Monk.
At this moment, Takiya Kuroki is really killing the Buddha when encountering the Buddha, and killing the
God when encountering the gods!
Sweep everything!
No one can stop!

“You are very fortunate to be the first person to die under the magical power of the Seventh Layer of
Vajra!”
Takitani Kuroki showed a grim smile.
Looking at Levi Garrison is like looking at a skeleton!
“I’m going to die! I’m going to die!”
Xuanyuan Qingya didn’t even dare to look at it.
Today’s Takitani Kuroki’s Diamond Indestructible Power is known as the most indestructible shield in the
world.
Even the sword and the sword are helpless.
At the same time, the attack of King Kong is not bad magical power is also invincible in the world!
Have invincible power and the most terrifying penetration!
No matter what is in front of you, it can be broken!
“Kill!”
Takitani Kuroki launched an attack, smashing Levi Garrison with a lightning-quick speed.
“Clang!” He
let out a violent cry.
Can be the next second.
Takiya Kuroki and Xuanyuan Qingya were stunned.
Things weren’t what they thought…
Levi Garrison didn’t explode on the spot, didn’t turn into blood mist, didn’t break into fleshy mud and
bone residue…
Not even a trace of cracks in his body.
On the contrary, he has nothing to do.
The complexion didn’t change, and the corners of his mouth were smiling.
It seemed that this devastating punch had no effect on him.
It plays the role of tickling!
Takiya Kuroki was dumbfounded.
An unbelieving punch hit Levi Garrison’s body.
“Clang! Clang! Clang!”
He blasted a hard punch with the indestructible body of King Kong.
He slammed Levi Garrison’s body fiercely.
Takitani Kuroki has the feeling that he is also hitting the undamaged body of King Kong!
It seems that Levi Garrison is also the impeccable body of King Kong.
It can’t be beaten at all!
With hundreds of punches, Levi Garrison did not change.
Takiya Kuroki was a little anxious.

At this time, Levi Garrison suddenly said, "It's me!!!"
The Return of the God of War [The Protector] Chapter 2443
"Impossible? Levi Garrison's physique is too defying, right? There is nothing wrong with this kind of
smashing!"
"His physique seems to be more terrifying than the undamaged body of King Kong?"
Xuanyuan Qingya came to a conclusion.
What kind of physique is this god?
You won't die like this?
impossible!
I am dreaming!
There is no King Kong that does not break the body with magical power!
Rao is the immortal golden body of the Vajra Dragon Monk.
That is the ultimate body protection magic that can't be beaten at all!
The marshal of Tiance possesses the unspoken secret of Tiance Mansion-body protection magic.
Can't stop it!
Why did Levi Garrison stop him?
impossible!
Before Xuanyuan Qingya was shocked, Levi Garrison uttered a word, and he started.
"Huh?" At
this moment, Takitani Kuroki felt that Levi Garrison was about to attack, and he was already panicked.
Looking at Levi Garrison incredulously.
It turns out that Levi Garrison is also a master of defense!
This defensive physique is no less than the immortal golden body of the Vajra Dragon Monk!
But compared to his indestructible King Kong body, it was more than a little bit worse.
He quickly backed away!
Let's make adjustments!
Golden light bloomed on the body, emitting a dazzling light.
At the same time, the metal clanging sound is endless.
The violent breath swept across.
The seven apertures on the body began to flicker, and the surface of the body was flowing with gold-like
air flow!
If this is to superimpose the defense of King Kong's indestructible body to the most terrifying state!
King Kong's indestructible body has come to the top!

Defense first!
The world's invincible shield!
From a distance, it looks like a gleaming golden Buddha!
"Come on!"
"I want to see how you can break my indestructible body?"
Takitani Kuroki laughed.
Xuanyuan Qingya was dumbfounded.
The condition of Takitani Kuroki at this moment is comparable to when his father came back two days
ago.
You must know that Tiance Shenshuai just finished taking the supreme holy medicine at that time!
too frightening!
Takiya Kuroki completely ignored Levi Garrison's attack!
Levi Garrison didn't pay attention to it at all!
"Boom!" But
Levi Garrison slammed a solid punch on the seventh-layer King Kong Undestructive.
"Clang!!!" The
immortal body of King Kong is immortal, like a punch on the hardest metal in the world.
"Huh! I just said it's okay? I want to break my King Kong is not bad… um… no…"
Takiya Kuroki suddenly saw his body split apart.
One after another cracks appeared on King Kong's body.
The fine cracks are getting denser and thicker.
Takiya Kuroki watched his body crack slightly.
The sound of creaking creaked in his ears.
He even noticed that his brain was cracking a little bit.
*"Ahhhh

several heavy dull sounds, it suddenly exploded with a "bang".
It's like popping a watermelon.
It's gone on the spot…
even worse than his apprentice's end!
The apprentice is sprayed with blood mist at least.
But Takiya Kuroki's diamond indestructible body exploded, leaving nothing behind.
Levi Garrison sorted out his clothes, and said faintly, "That's it. Isn't it stronger than the dark cage?" You
must know that Levi Garrison is still improving now, stronger than before.
He was not interested in anything that was not as strong as the dark cage.
"Is anyone practicing to the ninth level of the Immortal King Kong body and let me try a punch?"
Levi Garrison was looking forward to this.
Even if Takiya Kuroki had reached the seventh level, the indestructible King Kong body was easily broken
by Levi Garrison.
King Kong is not bad and magical defeat!
Takiya Kuroki defeated!
Levi Garrison looked at Xuanyuan Qingya again, "What do you say about this wave?"
The Return of the God of War [The Protector] Chapter 2444
"Aba Aba Aba…"
Xuanyuan Qingya babbled unconsciously.
She was so shocked that she couldn't even speak a normal sentence.
Shocked!
It was shocking!
She actually watched Levi Garrison blast the seventh layer of the King Kong Indestructible Body into
dross with a punch!
Then he has the strength…
unimaginable!
Finally know why his father is going to marry her to Levi Garrison?
Still unscrupulous!
Push hard!
It's not that Levi Garrison is a tool for giving birth, and the probability of offspring being a genius is high.
That's because he is strong!
Strong to the point of invincible in the world!
No wonder my father let himself come to observe his extraordinary place, this is extraordinary!

And Levi Garrison and Mia both said that their father was beaten and beaten by him.
It seems to be true!
Levi Garrison has the ability to easily blast Takiya Kuroki into slag with a single punch, so there is a high
probability that he is better than his father!
Father is not invincible.
Levi Garrison is invincible in the world!
At this time, Xuanyuan Qingya was able to associate everything before, and what Levi Garrison said
turned out to be true.
Except for the ruins, he was all right.
It is estimated that the matter of the ruins was originally true, but Levi Garrison made a mistake in his
prediction.
At that time, Levi Garrison said that it was okay. He would solve the consequences and he would be the
patron saint of Erudiaa.
It's just that no one takes it seriously!
It seems to be true now!
The father is very hardworking.
I knew Levi Garrison's true strength for a long time, and it was right to let myself marry Levi Garrison
with a heart-to-hearted attitude!
Now that Levi Garrison has this strength, what does it mean to have a wife and daughter?
This kind of overlord should marry a few more rooms!
It's me who doesn't deserve it!
…
Xuanyuan Qingya has been in shock.
Levi Garrison has a cheat book in his hand-King Kong is not bad magic!
He began to look back.
At the same time, his body is changing rapidly.
The surface of the body is flowing with a golden air current, and the body seems to be transparent.
Xuanyuan Qingya could see the golden yellow metal liquid flowing
with his naked eyes… At the same time, there was smoke from above his head!
level one!
The second floor
…the
seventh floor!

…The
eighth floor!
…The
ninth floor!
"Buzzing…"
Levi Garrison's body trembled, and there was a huge golden phantom on the surface.
It turns out that the highest state of King Kong's non-destructive divine art is no longer a physique.
Instead, it produces a golden shield to protect the body…It is equivalent to having a double!
It's just that they haven't been to this state, so they can't comprehend it at all.
In a few moments, Levi Garrison had realized the magical power of King Kong's indestructibility to the
highest level!
"It's okay!"
Levi Garrison complimented earnestly.
Xuanyuan Qingya looked silly.
Now Levi Garrison doesn't use his previous exercises, just to go out with the power of King Kong is not
bad, he is already invincible in the world.
My father and the dark gods can't stop them!
Levi Garrison put away the magical power of King Kong's non-destructiveness.
You have to find a good seedling to spread the magical power of King Kong not bad.
My apprentice brothers are not considered!
…
In fact, the outside world has been waiting for news after Takigani Kuroki entered Jiangbei.
For a long time, I haven't seen Takitani Kuroki coming out of Jiangbei, or even Levi Garrison's villa.
This is not normal.
The challenged Xuanyuan Qingya was only the tenth on the god list, and Takigaya Kuroki could clean her
up in less than a minute.
It's been more than half an hour now, why haven't there been any movements.
Did something else happen?
Marshal Tiance and Kirin (Qilin), Xiao Feng and the others are hiding somewhere in Jiangbei.

Seeing that Takiya Kuroki did not come out.
Marshal Tiance immediately worried about his sister.
She shouldn't be caught by Takitani Kuroki…
this thought came up.
Marshal Tiance ran to Levi Garrison's villa immediately.
Others also rushed up.
But when I came to the villa, it was quiet.
Xuanyuan Qingya lay down on the ground.
"Where are the people? How about them?"
Tiance Marshal asked.
"Dead! Where is it!"
Xuanyuan Qingya pointed to a pool of blood…
The Return of the God of War [The Protector] Chapter 2445
What?" The
words are not surprising and endless.
When Xuanyuan Qingya's words came out, everyone went crazy.
died?
Is Takiya Kuroki and Peacei Musashi dead?
Or are there no bones?
impossible!
Absolutely impossible!
How could these two die?
This is something they can't believe!
Dealing with a Xuanyuan Qingya, these two people died?
Xuanyuan Qingya was so injured, it was obviously defeated by one move.
She can't kill people!
How can it be?
No one will believe this!
But…
if they are not dead, where are they?
The whole world is staring at Jiangbei, staring at Levi Garrison's villa.
From the beginning to the end, Takiya Kuroki master and apprentice
never left.
Where did they go?
"Find someone! Hurry up!"
Everyone started looking in Levi Garrison's villa, turning upside down
inside and out.
Zoey even turned some hidden areas in the villa inside and out.
No one at all!
There is no trace of the two of Takiya Kuroki!
"The brothers waiting outside didn't find any trace of the two! They didn't
leave at all! They are here!"

Azure Dragon (Qinglong) said.
"How is this possible? Where did the people go? It's impossible to disappear out of thin air, right?"
Everyone looked puzzled.
There were only four people in the field, Levi Garrison.
The other two are still in retreat.
Did Takiya Kuroki disappear out of thin air?
"Sister, where are the people? Where are they?"
Tiance Marshal asked frantically.
"It's here, you don't believe it until I say it several times?"
Xuanyuan Qingya said helplessly.
"Ah? Is it real?"
"Yes! They are dead! Really dead! They were beaten to death by two punches!"
Xuanyuan Qingya said.
Hearing this, everyone had to believe it.
The only traces in front of me were large patches of blood and a little debris, such as clothes.
"This scum! This clothes pattern, and this broken samurai sword… It belongs to Master Takiya Kuroki!"
Everyone began to judge the blood stains and debris on the ground.
It is still vaguely judged that it is the teacher and apprentice of Takitani Kuroki!
It means they are really dead! ! !
"Boom!!!" After
knowing this fact, everyone was struck by lightning and almost fainted one by one.
I feel like I'm still dreaming.
So powerful master and apprentice are all dead?
Not to mention Takitani Kuroki, if Hirai Musashi used the Vajra Indestructible Power to reach the fourth
floor, he would definitely be able to leave in Erudiaa safely.
No one can stop it!
Not to mention Takitani Kuroki who can reach the seventh floor.
His King Kong indestructible body can't be broken at all…
even if the gods of the sky will not be able to!
Not to mention killing him… But
now that the bloody facts are in front of us, the two of them are really dead.
This is the truth!
No matter how powerful the King Kong was or how badly the magical powers were boasted, they were

all dead.
A question also appeared immediately-who killed the teacher and apprentice Takiya Kuroki?
Could it be Xuanyuan Qingya?
impossible!
Although Xuanyuan Qingya was in the top ten of the gods list, how could she have the ability to kill these
two.
"Who? Who killed Takitani Kuroki?" I
couldn't imagine.
Even the marshal of Tiance couldn't think of anyone with such skills.
Everyone looked at Xuanyuan Qingya.
She must have seen the scene where the two were killed!
I must know who it was…
"Yes, who killed them, Miss Qingya? You still suffered such a serious injury!"
Everyone is eager to know who killed them.
Hundreds of eyes swept over, Xuanyuan Qingya smiled, she looked at Levi Garrison not far away and
said, "It's him!"
"Huh? He? Levi Garrison?"
Everyone looked at Levi Garrison in surprise.
"Yes, I killed it!"
Levi Garrison admitted.
"Boom!!!" It
exploded!
The whole audience exploded.
Everyone "…".
Silent!
The Return of the God of War [The Protector] Chapter 2446
Levi Garrison killed it?
Levi Garrison, the thousandth place on the god list, killed Takiya Kuroki, who was close to the first place
on the god list?
How can it be! ! !
This is the most unlikely thing!
Everyone on the scene would not believe that Levi Garrison killed him!
Never believe it!
No one believes it!
"Oh… I understand! Everyone come to me and listen to me!"
Tiance Young Marshal gathered everyone together.
"What's the matter with the marshal? Did Levi Garrison really kill

him ?" someone asked.
"Think about it with your toes, this is also impossible! Levi Garrison can kill him? Haha, my sister is more
likely to kill him than Levi Garrison."
Tiance Marshal denied directly.
"Then…what's going on?"
Everyone stared at him.
"Takiya Kuroki must have defeated my sister, and she can tell if she is injured! That means Master and
apprentice Takiya Kuroki has swept all the powerhouses in Erudiaa! If this matter is passed out! It will be
a big one! The shame of Xia!"
Tiance Marshal analyzed.
Everyone nodded.
If this matter becomes true, each of them will not be able to look up.
This is a matter of common prosperity, shame and shame!
Erudiaa will be trampled by Dong Dao, unable to lift her head.
Marshal Tiance looked at the people and said, "As a Erudiaa, no one wants to see this, right? The same is
true for those invisible seniors? For example, which two-finger knocked off the existence of the
Heavenly Sword! What do they think about this?"
"It must have killed Takiya Kuroki, not letting him leave Erudiaa!"
Other humane.
"Yes! So it must have been made by a hidden veteran! Although the magical skill of King Kong is not bad,
it is an invincible technique! But Takitani Kuroki is barely able to display the seventh layer, he is not
proficient, and it is not the invincible King Kong is not bad. Body. Therefore, the old senior with the
power of heaven can still be killed!"
"Maybe this old senior was the existence of the two-fingered sword that day! They must not allow
Erudiaa to be insulted by the foreigners! So they shot and killed. ! " "
there are days of government policy and Paul Long family that they will not allow this to happen, be sure
at all costs Heaven Takitani dark wood! even said that government policy will not participate in the
matter of days before his father, can In front of Erudiaa's shame, nothing counts!"
After hearing what Tiance Major Marshal said, Zoey glanced at Levi Garrison and said, "So now they

have been ordered by someone. You can never tell the truth, even if you say it. You killed yourself, and
you can't tell who really did it!"
"Yes! It must be so! Anyway, there is no proof! As long as they are tight-lipped, where does anyone
know the situation? The shame Erudiaa faced is also solved!"
Azure Dragon (Qinglong) sighed. "Next, the powerhouses of the East Island may come to find out the
real situation. The bosses are a bit dangerous and we need to protect them."
Tiance Marshal nodded, "Yes, we must protect them. The real situation cannot be said. ! We can't even
ask ourselves! We unanimously acquiesced that Levi Garrison killed it!"
"Understood!"
Everyone nodded.
Levi Garrison looked helplessly at Xuanyuan Qingya.
The two of them already knew what their plan was…
but that's fine.
Save a lot of trouble.
Otherwise, someone will always ask what is the situation? Who killed people?
At the same time, the dark web sent a message-Takiya Kuroki and his apprentice Hirai Musashi
encountered a mysterious strong man in Erudiaa, and the King Kong's indestructible body was broken to
death…
As soon as the news came out, the whole world became a sensation.
Levi Garrison frowned.
The speed of this dark web is too fast, right?
The Young Master Tiance here also just learned about it, and the news came out over there?
The dark web is not easy!
In his mind, he is no less than the Lab of the Gods…
Maybe the dark web even knew that it was his own hand… It
's terrible to think of this…
The Return of the God of War [The Protector] Chapter 2447
But when Takiya Kuroki died, he finally became Erudiaa's fig leaf.
Keep the last dignity!
However, after this time, Xuanyuan Qingya's attitude towards Levi Garrison changed drastically.
After all, I saw the style of Levi Garrison's punch!
Did not leave, but lived here in Levi Garrison.

He took the initiative to take care of Levi Garrison.
This frightened Levi Garrison.
Try to keep your distance!
"The next step is to pass on the magical skill of King Kong's incorruptibility… the candidate is… selected!"
Levi Garrison finally came to the Tiance Mansion and found the God of Tiance.
"One word side by side, I know that King Kong is not bad, and the magical skills can't stop you!"
Tiance Shenshuai looked happy.
In the past two days, he has been studying how to break the seventh layer of the diamond is not bad
magic.
He should barely be able to break open…
"Are you going to try?"
Levi Garrison said suddenly.
"Buzzing…" There was a
trembling sound.
"Clang clang!"
More metal roars resounded.
Levi Garrison's whole body turned golden, and turned into an incorruptible body of King Kong.
Seven apertures flicker…
Seventh floor! ! !
"Ah? The seventh layer of the King Kong Indestructible Body?"
Tiance Shen Shuai was numb.
How long has it taken Levi Garrison to reach this level?
But this opportunity is not many, he must grasp it.
The god commander Tiance immediately used all his best to attack the impervious body of King Kong…
"Boom!"
"Boom!"
…the
god commander Tiance made a terrifying and crazy attack.
Attacks like floods are endless.
Finally, the seventh layer of the Immortal King Kong body showed some signs of breaking open…
But this was Levi Garrison standing and letting him fight. If he were to attack with the Immortal King
Kong power, this situation would not happen.
To sum up, the god commander Tiance used all his best to break through the seventh layer of the

impeccable diamond body, but he himself had to pay an extremely heavy price!
If the unskilled seventh-layer diamond doesn't damage the magical power, he can overcome and suffer
a bit more serious injury.
"Now…"
Levi Garrison's momentum suddenly changed.
The world faded, and a terrible coercion shocked the world.
The indestructible body of Levi Garrison's King Kong became more and more shining, and the golden
color became heavier and heavier, emitting a dazzling light.
There was even golden liquid metal flowing on the body surface…
There were eight circles in the aperture!
The eighth layer of King Kong is not bad for magic! ! !
"This…"
Tiance Shenshuai was dumbfounded!
Rumor has it that there are eminent monks in ZhongErudiaa who have reached the eighth level, and
they are truly invincible in the world.
Nothing can break open!
Now he saw with his own eyes that facing the eighth-layer King Kong is not bad magical power, he felt a
deep sense of powerlessness in his heart.
I really can't beat it!
In the face of the trembling eighth-layer King Kong indestructible body, he could only admit defeat.
Not even the courage to step forward!
"Now…"
"Boom!" There was
a dead silence, an aura of annihilation of sentient beings.
As if to hell…
the breath of death is spreading.
"Boom!"
The pressure
of the sky collapsed suddenly…It was as if the sky in front of you collapsed directly, pressing on you!
That is a direct suffocation, the gods surrender, the coercion of the gods at dusk!
The ninth layer of King Kong is not bad for magic! ! !
Nine apertures are like nine rounds of scorching sun!
A golden phantom appeared!

In fact, if you look carefully, there are nine phantoms, which are getting lighter and lighter…
Nine avatars!
Every double body is dozens of times stronger than the eighth-layer King Kong indestructible body!
Oh my god!
What did i see?
The ninth layer of King Kong is not bad for magic!
As the helm of the strongest ancient martial arts institution, he is familiar with the world's exercises.
According to records, no one has reached the ninth level, only the eighth level.
There were only two people…
Now Levi Garrison easily reached the ninth level!
unimaginable!
It is simply unimaginable!
"A word side by side king, are you sure you want to pass on the magic power of King Kong not bad to the
dog?"
The Return of the God of War [The Protector] Chapter 2448
Tiance the god commander asked uncertainly.
Now I have seen the true miracle of King Kong's incorruptible power.
He feels his son is unworthy!
Levi Garrison nodded, "Well, I have repeatedly compared the candidate! He should be the most
suitable!"
First, the Tiance Master has been practicing the orthodox method of Tiance Mansion, which is not the
same as the quick method of the new era. Any relationship.
Second, the exercises he practiced are all masculine and strong! It just fits in with the magical power of
King Kong's non-destructiveness, and it gets twice the result with half the effort and the potential is
even greater. Can hit the seventh floor, even the eighth floor!
Third, the position of Tiance's marshal is mainly to guard Erudiaa. This kind of exercise works better for
him than for others.
…
Thinking about it again and again, Levi Garrison felt that it was the best choice to pass on the power of
King Kong not bad to the marshal of Tiance.
"It's great!!!"

Although Tiance Shenshuai felt that his son was unworthy, if he was a son, he would be happy as a
father with confidence.
"Then I thanked the king for Inuzi!" Tiance Shenshuai
bowed slightly.
"Go and call people! I have to change my image too! It may not be a good thing for him to recognize
me!"
Levi Garrison exhorted.
Shortly after.
Tiance Marshal came here with his son, Tiance Marshal.
At this time, Levi Garrison was the image of a strong man who knocked off the Heavenly Sword with two
fingers that day.
"Ah? See predecessors!!!"
Tiance Marshal was so excited, he immediately knelt and saluted.
The heart is even more turbulent!
It really is him!
He had predicted to everyone that it was probably the Takitani Kuroki killed by this senior, but now it
seems that it is definitely him!
Being able to meet this existence is really a dream come true.
"From now on, you should be called Master!" Tiance Shenshuai
reminded him next to him.
"What? I heard you right? Father, what are you talking about? Say it again…" The
young commander of Tiance was going crazy.
Almost sat down on the ground.
"You heard that right! The person in front of you will become your master! He will teach you the magical
skill that King Kong is not bad! You were chosen by his thousands! Don't you bow your head and
salute?" Tiance Shenshuai
explained.
"What? You want to teach me that King Kong is not bad? You want to accept me as a disciple? I, I, I…"
The
Tiance Marshal was so excited that he was incoherent.
His complexion was flushed, and he coughed again and again.
This is his most exciting moment!
First of all, the existence of this two-fingered Heaven Breaking Sword becomes a master!

Secondly, we must teach the power of King Kong not bad!
Mrs. Surprised!
"What are you doing in a daze? Why don't you salute?"
Tiance Shenshuai said dissatisfied.
This kid really doesn't deserve it!
"Pump!" The
Marshal Tiance immediately knelt to the ground.
He saluted Levi Garrison, "Master is here! Please be respected by the disciple!"
Seeing the young master Tiance kowtow to himself.
Levi Garrison feels a little weird…
Is this still the invincible Tiance Young Master before?
Become your own apprentice?
Also kowtowing frantically!
Still excited like this!
"Yeah! Reluctantly accept you as a disciple! Next, I will pass on to you the power of the King Kong is not
bad!"
Levi Garrison handed the secret book to the young marshal Tiance.
Marshal Tiance took off his hands.
"I watched it again and I have already reached the ninth level!"
Levi Garrison said lightly.
"Puff!"
Tiance Marshal fell directly to the ground.
The ninth floor?
The realm that no one has reached in the legend?
"I have notes on each layer, so that you can practice better, faster and more efficiently! Avoid a lot of
detours! I'll take a look at the results of your cultivation in a while!"
Levi Garrison left after making arrangements.
It's just not long after returning to Jiangbei.
Levi Garrison saw the Marshal Tiance coming.
After obtaining the cheats, he did not immediately practice, but ran to Jiangbei to show off.
"Come, come, everyone get together! I have a big thing to say!"
said the marshal Tiance.
Everyone got together and waited for the marshal of Tiance to say something important.
"You got the magical skill that King Kong is not bad!"
Levi Garrison's voice sounded at this time.
The Return of the God of War [The Protector] Chapter 2449
The language is not surprising and endless.

Levi Garrison said this.
The Marshal Tiance was completely stunned.
The words that came to the throat stopped abruptly.
Looking at Levi Garrison incredulously.
How did he know? ? ?
This thing has just been experienced not long ago.
Except for his father…
Could it be that Levi Garrison's identity is…
which senior?
His master?
Marshal Tiance looked at him incredulously with a horrified face.
wrong!
correct!
My sister knows it!
I just told my sister.
This kind of joyous event must be shared with his relatives for the first time.
So Xuanyuan Qingya knew.
Now Levi Garrison knows that his sister definitely said it!
Otherwise this matter cannot be explained.
Thinking clearly about this, the Marshal Tiance didn't care much.
"Yes, that's right! The good news is that I got the magical power of King Kong not bad!" The
young commander of Tiance excitedly took out the secret book for everyone to watch.
"Really, it is true that King Kong is not bad magical skills!!!"
Everyone was shocked.
All looked at Marshal Tiance in amazement.
"Marshal King Kong is not bad, how did you get the magic?"
Everyone looked at him curiously.
"Senior passed it to me…"
Young Master Tiance said with a proud face.
"Senior? Which senior?"
Everyone looked at him in shock.
"Remember the senior who struck the Heavenly Sword with two fingers? It was he who killed the master
and apprentice of Takitani Kuroki! King Kong's incorruptible magical skill fell into his hands. Now he has
thousands of choices, chooses me, accepts me as his apprentice, and teaches My magical skill!" The
young commander Tiance got more and more excited as he spoke.
Others naturally looked envious.

“My master just watched it once, and took the ninth level of the highest ninth level of the King Kong
Unbreakable Magic Technique!”
… The
Young Master Tiance was bragging to everyone about how powerful the master was.
Xuanyuan Qingya and Levi Garrison disagreed.
The two who knew the truth would only think that Major Tiance’s behavior was a bit naive.
Even ridiculous.
The two ignored the others at all.
Doing my own thing.
“This is the soup I made specially! It contains a lot of herbs from Tiance Mansion…”
Xuanyuan Qingya actually cooked the soup for Levi Garrison herself.
“Huh?”
Levi Garrison was taken aback.
After this war, Xuanyuan Qingya’s attitude changed a hundred and eighty degrees.
This made Levi Garrison a little uncomfortable.
It’s better to get along with the previous model.
But now there are many things that are not used to it.
Marshal Tiance still kneels and kowtows to himself…
“Would you like me to feed you? Come, I will feed you!”
Xuanyuan Qingya wanted to feed Levi Garrison herself.
This made Levi Garrison almost stunned.
Zoey just saw this scene.
Shocked!
It was shocking!
It’s incredible!
No…
Xuanyuan Qingya is so annoying, so I am not used to seeing Levi Garrison.
Now he is making soup for him, and he has to feed it himself?
Did Xuanyuan Qingya tell lies before?
In fact, she wants to marry Levi Garrison?
But it’s impossible!
Zoey clenched her fists subconsciously, wondering why her heart began to become tense.
Others quickly saw the incident and were very puzzled.
It seems that Xuanyuan Qingya is different from Levi Garrison…
This is all about feeding the soup in person, incredible!

Seeing many people watching, Levi Garrison took the soup and drank it.
"Drink slowly! What else…"
Xuanyuan Qingya said quickly.
He also wiped the corners of Levi Garrison's mouth with the kerchief… tenderly.
Surprisingly gentle.
Marshal Tiance has never seen his sister so gentle.
My sister has always been very grumpy.
Many people in Tiance Mansion will walk around when they see it.
Is this sun coming out from the west?
It's too abnormal.
It can even be said that it is incomprehensible.
The marshal Tiance didn't even talk about cows, looking at his sister, he was lost in thought.
"Sister, what are you doing? Make soup for him yourself? My brother has never drunk the soup you
made yourself!"
Young Master Tiance wanted to know why.
The Return of the God of War [The Protector] Chapter 2450
"It's very simple. After experiencing life and death, we are friends! What's wrong with making soup for
friends?"
Xuanyuan Qingya explained.
Xuanyuan Qingya had her own careful thoughts.
She would not tell the truth.
Otherwise, Zoey would never have contact with Levi Garrison.
It is normal for a Tianjiao like Levi Garrison to have three wives and four concubines.
After the marshal Tiance showed up, he went to practice.
Others also dispersed.
Although Zoey was puzzled, she also left.
…
This time the killing of Takiya Kuroki was a big deal.
Especially in the East Island, things are even more troublesome.
After all, Takiya Kuroki is going to be the number one in the gods list!
Now he died for no reason, and I don't know who killed it.
Anyone must be angry.
They strongly asked Erudiaa to give an explanation.
No one cares at all.
Now the powerhouses of the East Island have gathered together to discuss this matter.

“No accident, it must be Erudiaa’s super powerhouse! Mr. Kuromu has not practiced the King Kong
incorruptible magic to the highest level! It is normal to
be killed!” “But who is this person? Is he on the list of gods? The powerhouse? If not, then Erudiaa is
unreasonable and bullies people!”
“Tiance Superintendent also said that Tiance Mansion and Baolong clan will never participate in this
matter! If not, are they saying nothing? So we must check this out! Let Erudiaa give an account!”
“That’s right! Hei Mu Jun finally challenged Xuanyuan Qingya! Besides her, there was also Levi Garrison!
They must have witnessed everything, knowing that Who killed Mr. Kuroki!”
“Then let’s go to these two people to ask clearly! Act now!”
…
Soon, the six strongest gods on Dongdao went to Erudiaa.
Among them, there is the peerless genius of the Demon Sword Village, who is seventh on the list of
gods!
The remaining five are in the top 100 on the list of gods.
They can be said to be the strong ones who are dispatched, and they must know the situation from Levi
Garrison.
Soon they came to Jiangbei and hung around in an ambush.
Levi Garrison noticed their arrival the first time.
He deliberately dismissed all the others.
Only he and Xuanyuan Qingya, and Mia in retreat.
Xuanyuan Qingya was still puzzled, why did Levi Garrison want to leave others?
Are there other ideas?
“Preparing to mop or something! Need to be cleaned later!”
Levi Garrison said.
“Huh?”
This made Xuanyuan Qingya more confused.
What are you going to do?
But she still prepared it obediently.
In the evening, after confirming that no one is around, the strong people of the East Island God List
immediately went to the villa.
“Boom!” The
six powerhouses filed in.

They tightly surrounded Levi Garrison.
“Who are you?”
Xuanyuan Qingya immediately started.
The official descendant of Yaodao Village, seventh on the God List, immediately started.
The sword is in the shadow.
He quickly suppressed Xuanyuan Qingya and controlled her.
As for Levi Garrison, they didn’t take it seriously.
How could a person on the quasi god list compare with the top 100 on the god list?
“Well, you are so smart that you didn’t resist! Resistance is a dead end! It’s better to be obedient!”
Seeing Levi Garrison sitting and not struggling, the demon sword village official nodded in satisfaction.
“You are from Dongdao? What are you doing here?”
Xuanyuan Qingya said coldly.
“Why are we here for? You must know better than anyone else?” The words came out.
Xuanyuan Qingya reacted.
I also understand why Levi Garrison asked her to prepare the mop before.
Why!
This group of people really hit the gun.
You dare to come to provoke this…
also courageous.
“Say! Who killed Takitani Kuroki-kun and Heiji Musashi-kun that day?”
“Speak out and spare you a dog! Don’t say, kill without mercy !”
Levi Garrison said immediately, “Don’t do it, I say, I say !”
“Actually I killed it!”
The Return of the God of War [The Protector] Chapter 2451
“Huh?”
Levi Garrison clearly said the correct answer.
But this group obviously didn’t believe it.
“Boy, do you dare to play with us? Do you want to die?”
“Give you another chance, say it! Otherwise, I will kill you!”
everyone threatened.
Levi Garrison said helplessly, “You don’t believe me, I really killed people!”
“Damn, kill Levi Garrison directly! I can’t
stand it anymore!” A strong man on the list can’t stand it anymore.
He immediately drew out the samurai sword and slashed directly at Levi Garrison’s head.
It’s not just him.

It should be every East Islander who hates Levi Garrison.
I can't wait to kill it right away!
Anyway, kill Levi Garrison, and Xuanyuan Qingya can ask!
This person hurt the killer, but the others did not stop it.
"Kacha!!!"
But when this person slashed Levi Garrison's body, the knife suddenly broke!
"Clang…"
At the same time, a metal-specific voice came out.
Everyone took a look.
I don't know when it will start, Levi Garrison's body has turned golden!
Invulnerable! ! !
Seven apertures of different shades emerged!
"What? Isn't King Kong ruining magical skills?"
The heir of Demon Dao Cunzheng recognized it at first sight.
The other five people were also stunned.
"King Kong is not bad magic????"
Dumbfounded!
Completely stupid!
In any case, I can't figure out why Levi Garrison's knowledge of King Kong is not bad for his magic?
Can't figure it out!
Their brains are about to explode for a while, and they can't think of a reason.
Why does the person in front of you know that King Kong is not bad for magical power?
It's impossible anyway!
I can't figure out the explosion of my head!
Why?
I didn't wait for everyone to think.
Levi Garrison started to do it.
"Boom!"
"Clang!" A
punch directly blasted the head of the person who had just killed him with the knife.
Blood splattered!
"Go! Together!" The
other four people reacted.
Immediately drew a knife to kill Levi Garrison.
Although the four of them are all top 100 strong men in the gods list, they are no different from ordinary

people against Levi Garrison, who is on the seventh floor of the King Kong non-destructive magic arts.
"Clang clang!"
... The
sharp weapon slashed on the body, only making a metallic sound.
But there is no substantial harm!
The seventh layer of King Kong is not bad!
There is no way to break it!
Even the true descendants of Demon Blade Village can't do it!
Not to mention other people!
"Boom!"
"Boom!"
...
facing the four of them, Levi Garrison didn't leave a hand at all.
Blast their heads directly.
The remaining members of the Demon Blade Village were scared and silly.
Wherever I am in the mood to ask, I will run away immediately.
"Huh? Since you are here, you still want to
leave ?" Levi Garrison would not give him any chance.
Since the people from the Demon Blade Village have tried their best, they can't defeat the magical
powers of King Kong, only death!
"This King Kong is not bad magical power is pretty easy to use... In this case, I don't need to punch
anymore! No one is my opponent for the King Kong is not bad magical power, let alone forcing my real
fist!"
Levi Garrison smiled. laugh.
He felt the joy of King Kong's not bad magic!
In the end, a few pools of blood were left in the yard.
Levi Garrison glanced at Xuanyuan Qingya, "Did you wipe the yard?"
"Okay!"
Fortunately, Xuanyuan Qingya prepared the mop in the morning, and soon the yard was wiped clean.
As if no one had been here.
Soon dark online but came the six eastern island of the mysterious disappearance of God's master list
news ……
a time of major institutions re-updated list of God.
After all, six people disappeared and died.
Then there will be a new quasi god list powerhouse to enter the god list.

Levi Garrison also moved from the 17th to the 11th position on the quasi god list.
Dong Dao was terrified.
First, Takitani Kuroki was killed.
Now the six masters of the gods list disappeared in Erudiaa for no reason.
Erudiaa became a forbidden place.
After hearing the news, Marshal Tiance and others immediately came to Levi Garrison's villa.
They are here to check the situation…
"
Where is the person?" Everyone asked.
The Return of the God of War [The Protector] Chapter 2452
"Who is it?"
Xuanyuan Qingya pretended not to know.
"The strongest of the six major gods of the East Island has mysteriously disappeared, and they must
have come to Erudiaa! And I inferred that I have come to you!"
said the Tiance Marshal.
"But there really isn't anyone here… You look for it, where are there traces of people who have been
here?"
Xuanyuan Qingya said.
Everyone looked around, and there was indeed no trace.
This matter can only be dismissed.
"It may be that my master took the shot, he certainly does not allow these foreign nations to provoke!"
Tiance Master said
.
"Forget it, let me tell you good news? After the transformation, Kunlun Industrial's special battle suit has
been successfully tested! It is ready to use!"
Tiance Shaoshuai changed his words .
"But, I can't use it anymore. I have already practiced the magical power of the King Kong incorruptibility
to the fourth level. Although it is a bit imperfect, I can barely perform it! I am already invulnerable!"
Tiance Young Master directly in front of everyone. , Exercising the magical power of King Kong is not
bad.
This surprised everyone.
They looked at him with envy and jealousy.

“That’s it? You dare to show it ashamed? To tell the truth, you almost look at Takitani Kuroki! It is
estimated that you are not at home!”
Levi Garrison’s voice suddenly sounded.
Everyone was taken aback.
Even Marshal Tiance looked at Levi Garrison incredulously.
This tone is normal only when his master said it!
How could it be Levi Garrison?
He was about to refute Levi Garrison, when his sister’s voice rang,
“Brother, you are really far away!
Takiya Kuroki has reached the seventh floor in a short time! In the same time, it is estimated that you
will be on the fifth floor.” Good practice!”
“This…”
Tiance Marshal could only give up.
Seeing the apprentice Master Tiance, Levi Garrison suddenly heard something.
“By the way, where are the arrogances of Erudiaa? What is the Valkyrie Zhongqiu, what is the
descendant of the Sword Fairy Gemini, etc.? They seem to have never appeared in the new era… Is
something wrong?”
Levi Garrison asked. .
Levi Garrison had considered them when he wanted to choose King Kong not to be bad for the
descendants of the magic arts.
After all, these are the arrogances he personally brought.
Once saved the face of the Erudiaa martial arts world!
The World War I shocked the world!
But there seems to be no news.
This group of Tianjiao, logically speaking, will be more like a fish in the water in the new era.
But none of them are on the list of gods.
Seeing the young master Tiance now, I suddenly remembered.
“You mean them! Erudiaa’s hundred geniuses! They are Erudiaa’s future hope just like Levilia!
Therefore, after the new era entered, they were taken away by the old seniors of the Baolong clan. It
will be carried out. An absolutely sealed plan!
Different training instructions can be customized according to each person’s difference! Carefully guided

by the strong men of the Baolong clan! This is to ensure the future of Erudiaa! What they learn is also
the most orthodox Baolong clan exercises. Once they come out, it may be better than the presence of
the poor! "
Tiance Marshal thought about the next" think, now the plan is dying! has been two years! "
" so! I said how these bastard I can't see it anymore. Anyway, I'm still their teacher…"
Levi Garrison smiled.
Hearing the whereabouts of these students, Levi Garrison was still in a good mood.
At least they have not been harmed by today's fast-track methods.
What they practice is orthodox exercises.
Even the methods that I taught them to guide them are still being used!
Day policy Marshal smiled "Now that would have said here, that I say so, right?"
"After the group who Tianjiao training program, I am afraid that you do need it!"
"Ah?"
Everyone is For a moment.
I don't know what Tiance Marshal is going to say…
Everyone looked at him in doubt.
Marshal Tiance looked at Levi Garrison again, "Yes, I still need you…"
The Return of the God of War [The Protector] Chapter 2453
"Ah? What about me?"
Levi Garrison was also puzzled.
"In order for this group of Tianjiao to adapt to the new era better and faster, and to know what level of
their own strength is! You need to test them one by one…"
Tiance Master explained.
"For example?"
Zoey asked.
"We will set the quasi god list and the strong in each position of the god list! Let them challenge one by
one! Until the final defeat, so that they can understand everything in the new era, and they can also
know that their strength is in the god list or the god list. list the first few rows …… "
" understand! is to get us to give these Tianjiao practiced hand! us as levels get them to break! let them
know a few two kilograms! " "

for example, I list one hundredth of God, they beat I am, then the strength must be within the top 100
of the gods list! Failure means that it is not the 100th level of the gods list!"
Tiance young commander nodded: "Well, that's right! Generally set to about 10,000 on the quasi god
list. The powerhouse of the quasi god list is five thousand, and the quasi god list is in the top 100…"
"Actually, the challenge of the quasi god list can not be set at all…It is not a big problem for these
hundred tianjiao to break into the god list casually. …Just let them see the approximate strength of the
quasi-shenzhen list, and have a general understanding of this!"
"However, the top fifty of the quasi-shenzhen list is more important. This belongs to the reserve army
that enters the list! Let 's roughly check whether they have it. The qualifications to enter the God List!"
"Think twice, everyone thinks it is better for Levi Garrison to be stuck in this position to challenge! He is
the eleventh in the God List, and the most suitable candidate!"
Levi Garrison was dumbfounded: "Ah. Are you sure?"
Let him be this?
Aren't anti-aircraft guns hitting mosquitoes?
The challenge of the top fifty powerhouses in the quasi god list is the easiest one for the Tianjiao.
After choosing Levi Garrison, it will be the most difficult!
It is even more difficult than the top ten on the god list, and even more difficult than the first on the god
list!
It's a lot more difficult!
That's why Levi Garrison asked uncertainly. Choosing him was equivalent to blocking everyone's way
from the beginning.
"OK! You will be the first level of their real challenge! That's it!"
Tiance Master said.
"Secondly, there are a few of the Li and Zhao
family at the end of the god list. You just represent the threshold of the god list! As the second level!"
"The fifth hundredth of the god list, Zhou Ke and others, come to pass!"
"The god list 300 The fourth level!"
"The fifth level of the 100th in the God List !"
…

“After entering the top 100 in the God List, you will be carefully divided! Kirin (Qilin), Xiao Feng, you will
all accept the challenge!
According to my estimation, these hundred tianjiao There will be 30 to 50 people who will enter the top
100 of the gods list. Therefore, the first 100 must be carefully divided.
Every strong player in the field must play! Even I will play at that time!”
It’s all arranged.
Just waiting for this group of Tianjiao to come out to challenge.
Levi Garrison doesn’t matter anyway!
At that time, all a hundred students will be knocked down directly.
Keep them out of the list of gods.
Doesn’t that mean that none of them are qualified to enter the gods list.
Anyway, Levi Garrison doesn’t care!
Who let them choose themselves to challenge?
But it’s not bad to temper these little guys.
At first he thought that these little guys were all harmed by the Gods Lab.
A few days later.
The top-secret plan of the first phase of the Baolong clan is over.
This group of Tianjiao have left the customs.
Mainly this time to test their strength!
After the inspection, they will continue the top-secret plan again.
“It’s been almost three years! I don’t know what happened outside?”
“But I heard that many strong people have been born now, ranked by gods and quasi gods!”
“Listen to several masters saying that most of us People should be in the top three hundred on the list of
gods, and nearly one-third are in the top 100 on the list of gods!”
“I am really looking forward to it!”
… After
more than a hundred Tianjiao came out, they looked forward to them.
The Return of the God of War [The Protector] Chapter 2454
“Now I feel that I am a hundred times stronger than three years ago…”
“Isn’t it time to meet Buddha and kill Buddha?”
All of them sighed like this.
“It’s better to keep a low profile. I heard that earth-shaking changes have taken place in the past three
years! The strong outside may be like a cloud! We are no match at all!”
accompanied by a nice voice.
Two fairy-like figures appeared.
Fu Jia and Ning are still there!

They are also super strong now, ranking in the top ten among more than a hundred people.
"Well, the two sisters are right! Let's keep a low profile, maybe we will fail when we challenge us at the
beginning?"
Another female voice came.
Many arrogances are silent and even fearful.
Valkyrie Zhongqiu!
The most dare not to mess with women!
"Well, low-key! Forbearance! Forgot what the master taught you? What are you crazy?"
Two more people walked side by side.
The strongest Gemini!
It comes from the ancient Shu school.
The two of them used to be the strongest, and now they are still the strongest among more than a
hundred people.
"Understand!" The
others nodded.
In front of these two.
They dare not make any mistakes.
Under the leadership of more than a hundred people, they came to an underground secret base in
Tiance Mansion.
Here is a huge enclosed space.
Major Tiance has already brought Levi Garrison and others here to wait.
There are also some strong quasi gods.
Seeing Levi Garrison, more than a hundred people immediately surrounded him.
"Teacher…Teacher, where did you disappear?"
Everyone asked eagerly.
Gemini, the Valkyrie Zhong Qiu and the others also surrounded them.
Ning still and Fu Jia looked at Levi Garrison with complicated expressions.
They have different feelings for Levi Garrison.
"Not bad! They have grown up! Very good!"
Levi Garrison took a look and knew how strong everyone was.
Very strong!
Better than he thought!
Especially they do not rely on speed to succeed, which is even more rare!
Each of them has a very good foundation and practiced the orthodox exercises. The future can be

expected!
“Levi Garrison is so popular?”
Seeing this scene, the marshal Tiance said disdainfully.
“This is the personality charm of the boss! You can’t be envious! Everyone respects him! No matter
strong or weak!” the
others said.
Gemini and the others don’t know much about the outside world, so they couldn’t help asking:
“Teacher, you are also one of our challenges today?”
“Yes, yes!”
“The teacher should be the last level?”
This It is everyone’s unanimous idea.
In the past, Levi Garrison was the king and the strongest!
Now he must be too!
Then he is the most difficult last level!
Everyone would like to know where Levi Garrison is on the gods list now?
Not the first, at least the top three!
“No! No! Your teacher is not the last level, on the contrary, he is the first level! That is, the easiest
level!”
Tiance Master sneered.
“Huh? The first level? No?”
Hearing this result, everyone was dumbfounded.
Looking at Levi Garrison incredulously.
“Teacher, is this true? Are you the first level?”
Everyone stared at Levi Garrison.
I would never believe it!
What happened in these three years.
How could Levi Garrison be the first level?
“Teacher, what is your ranking on the god list?”
asked the Valkyrie Zhong Qiu.
“God’s list? Sorry! Your teacher has not entered the God’s list! He is now ranked eleventh in the God’s
list! He is considered to be the better in the reserve team of the Gods list! So he is the first level to test
whether you have a god The qualifications of the ranking!”
Tiance Marshal said.
“What? Didn’t you make it to the god list?”
Everyone looked incredible.
Before, Levi Garrison was the ceiling of combat power.
Can’t even enter the god list of a thousand people now?

Is this too shocking?
"His time has passed! Your teacher is now slightly stronger than the weak!"
The Return of the God of War [The Protector] Chapter 2455
"No… can't it?"
Zhong Qiu looked incredulous.
She couldn't imagine that Levi Garrison couldn't even enter the list of a thousand people.
The same is true for others.
What kind of list, even their teachers can't enter.
This is impossible!
No one believes it.
Marshal Tiance was very angry.
Why are these people still not believing it, and still defending Levi Garrison so much?
What kind of ecstasy soup did Levi Garrison pour them?
Why do they have such a high status in their hearts?
"You listen up! Now before God did not list one thousand Ye monarchs! He is a quasi-tenth standings
God!"
"Do not believe, you look up the list!"
Day policy Marshal choice but to put God standings And the quasi god list for everyone to see.
After reading the list, everyone was shocked.
"The teacher's wife, brothers and apprentices are all gods, and the teacher is on the quasi gods. What
happened?" The
strongest twin star said the doubts in everyone's mind.
Marshal Tiance explained: "That's because your teacher was locked up…"
After listening to the explanation, everyone understood.
The dividends of the new era, the teacher has not caught up at all.
He can only be on the list of gods now only if he catches up desperately.
But after thinking about it, everyone is still very excited.
After all, I have to challenge the teacher of the year.
If you win, you will feel a sense of accomplishment.
At the same time, I also want the teacher to report on the results of their training…
"Next, I will show the powers of the major rankings of the Quasi-God Rankings, and let you know the
general strength of the Quasi-God rankings…"

Tiance Major General arranged the major powers of the Quasi-God rankings and began to demonstrate.
This link has not been challenged.
Just let everyone know the basics.
Seeing the demonstration of the strongest of the quasi gods, the strongest Gemini, more than a
hundred princes, all laughed.
At first they will be nervous, expecting that the god list will be strong enough to explode, and they may
not be able to enter.
It now appears that there is no problem at all.
The quasi god list is too weak for them.
It seems that there is no problem for everyone to enter the god list.
All of them were happy.
"Now that you know the general strength of the quasi god list, it is nothing to you?"
"So, next, you will challenge from the first level! That is, your teacher Levi Garrison!"
"Look at it ." Do you have the strength to enter the list of gods!"
"Challenge one by one, until you click!"
...
"Levi Garrison is here! It's up to you to test the students!"
Tiance Marshal said with a smile.
He had imagined the scene of Levi Garrison being abused by his students later.
A hundred students are better than him!
Just think about the picture and it's exciting!
Didn't Levi Garrison want to be strong?
Then it will give him the biggest blow!
Let his only fig leaf torn.
The students who were taught by themselves were defeated one by one.
That shame!
It will be unbearable!
Although Xiao Feng Zhouke and his apprentices are better than him, they are all talking about it, and
they have never had the experience of fighting against each other.
If you really fight against each other to defeat, that will bring Levi Garrison's greatest shame!
Especially for a face-saving person like him!
Young Master Tiance just couldn't understand Levi Garrison's arrogance.
This time he was designed to challenge, and there are also reasons for this.

“Well, I’m coming!”
Levi Garrison stood up.
“Okay, you guys are ready! Next challenge one by one! Let’s start!”
Tiance Marshal flashed again.
Give up the battlefield to everyone.
But one hundred Tianjiao, no one will do it.
After all, Levi Garrison is their teacher.
I really can’t do it.
Especially knowing that Levi Garrison’s current strength stayed three years ago, weaker than any of them.
Everyone dared not make a move anymore.
“This…”
Everyone hesitated.
“Shoot! Come, use all your strength to hit me!”
Levi Garrison urged.
The Return of the God of War [The Protector] Chapter 2456
Still no one!
No one wants to be the first!
“Shoot! Listen to my orders!”
Levi Garrison shouted.
“Zhong Qiu, you come first!!!”
Levi Garrison designated one person.
After hearing this, the Valkyrie Zhong Qiu immediately stood up.
“Okay, teacher! I won’t keep any hands! Be careful!!!”
Zhong Qiu said.
Immediately kill Levi Garrison.
“Desperate legs!!!”
“Rumble…”
Zhong Qiu attacked, sweeping out his whip leg.
Between the legs, there was a crackling sound like thunder and lightning.
The terrifying aura seemed to destroy the entire base.
Raising hands and feet is an aura of destruction.
This is a shocking move by a senior of the Baolong clan.
Between one leg, the world is ruined.
“This…”
Everyone’s complexion changed drastically when this trick came out.
So strong!
Zhong Qiu is enough to bring enough pressure to the people like Tiance Marshal!
She is at least one of the top 100 in the gods list!
“Not good!”

Everyone's complexion changed drastically.
When Zhong Qiu went down this leg, Levi Garrison was injured if he died.
This trick is definitely not something he can bear!
Zoey and they all started to panic.
Some people even closed their eyes.
Dare to watch the next miserable scene.
"Don't worry, if Levi Garrison is injured! I will treat him with the best medicine from Kunlun Industry!
Make sure that he is cured!"
The words of the Tiance Marshal made everyone a little more relieved.
"Boom…"
Zhong Qiufeng's leg slammed, lightning and flint bombarding Levi Garrison's body.
Suddenly there was a movement of the sky breaking and the earth cracking.
If it weren't for the special design of the base, I'm afraid it would collapse in an instant.
At this moment, most people closed their eyes.
I don't want to watch this scene.
But when everyone opened their eyes, they just saw Zhong Qiu being bounced out…
"Da Da Da Da Da…"
Zhong Qiu withdrew at least a few dozen steps before stabilizing his figure.
Her eyes were full of weirdness.
Didn't you say that the teacher is a quasi god?
Why not only block one's fierce blow, but even flick oneself?
impossible!
Hundreds of Tianjiao were stunned!
Could it be that the teacher's master is still there?
This is a good thing for everyone!
"What's the matter? Why did Levi Garrison block this blow? How could this be possible?"
Everyone couldn't understand that Levi Garrison could block this blow.
I really can't figure it out!
Young Marshal Tiance suddenly said, "I know, I know."
He walked up to Levi Garrison and said, "Are you wearing a special clothing made by Kunlun Industry?"
This word came out.
Zoey and they immediately understood what was going on.
It turned out to be the function of a special battle suit.

In the simulation experiment, the special battle suit can block even the second attack on the gods list.
No matter how strong Zhong Qiu is, he hasn't reached that level yet.
Everything is understood.
Levi Garrison said helplessly, "Well, I
'm wearing it!" Kunlun Industrial's special battle suit, which he wears as a vest, also has functions such
as automatic cleaning, which is not too cool.
If the marshal Tiance knew that the special battle suit was worn by Levi Garrison as a vest.
I'm afraid I'm going to die alive.
"I'll explain to you that Levi Garrison is wearing a special uniform of Kunlun Industry…" The
Tiance Marshal introduced the special uniform to the hundred Tianjiao.
Everyone gasped again and again.
I sigh that the development of the outside world in the past two or three years even has this kind of
battle clothes.
"Levi Garrison, for the sake of truth, should you take it off? Don't worry, I will treat you with the best
equipment and medicine once you get injured!"
"You still have to go all out, but you have to end it!" Tiance
Marshal said Both parties urged.
Levi Garrison helplessly took off the special battle clothes.
The point is that Zhong Qiu was shocked and flew out just now, it has nothing to do with the special
uniform, it is himself.
It's the same whether you wear a special battle suit or not.
Anyway, with the hundred rascals in front of him, Levi Garrison made up his mind to teach a lesson… He
wants to show his true strength and tell the little guys that he has to continue practicing!
The Return of the God of War [The Protector] Chapter 2457
Hundreds of Tianjiao looked at the stubborn teacher in front of them, and felt a little pitiful.
With the special suit just now, he can ignore everything and accept their challenges one by one.
But now the special battle clothes are taken off.
Levi Garrison's only hole card was gone.
Then, they will be able to fight them with real strength.
But where is the opponent?
Zhong Qiu alone was enough to cause him serious injury.

Even if you click to the end, you have to get a little bit injured.
With so many people taking turns to challenge again, it would be difficult for Levi Garrison to leave here
alive.
But he was still stubbornly accepting the students' challenges.
The tall body looks lonely, making people feel distressed.
"Teacher, be careful, I won't keep my hands!"
Zhong Qiu said, staring at Levi Garrison.
"Come on, it doesn't matter!"
Levi Garrison was ready to take the move.
At the very moment when Zoey suddenly yelled, "Wait! Wait a minute…" As
soon as Zoey said this, everyone looked at her.
I don't know what she meant.
"Marshal, gather your people, I have something to discuss with you!"
Zoey said.
In the end, except for a hundred Tianjiao and Levi Garrison in the field.
The others gathered together.
"What's the matter?"
Marshal Tiance asked dissatisfiedly.
"Marshal, I want to ask all of you one thing…"
Zoey said.
Everyone's face changed.
What does it mean?
Everyone looked at Zoey in confusion.
"The next challenge my husband will undoubtedly lose! Anyone can see that the strength of those 100
Tianjiao is definitely at the forefront of the gods! It is definitely not my husband's opponent!"
Zoey explained.
"Well, yes, so what?"
asked the marshal Tiance.
"But the people he lost were all his students! One hundred, defeat him one by one! What a shame to
him! My husband is so strong! This kind of thing happened to him. It's more uncomfortable than letting
him die!"
"If the scene where he was defeated was seen by so many of us familiar with him, it would be another
blow to him! I'm afraid he can't bear it, and will do something extreme. Come on!"

“So I ask you not to watch the game! Let my husband and his students secretly compete? Anyway, we all
know that my husband will definitely lose!”
Zoey said his request.
“Yes! Don’t let the boss suffer double humiliation! No one can bear this! Must support!”
“Yes, we can’t watch the battle!”
…
Azure Dragon (Qinglong) and the others supported one after another.
Marshal Tiance thought for a while, and a smile appeared on the corner of his mouth.
“Well, I agreed, not watching the battle! Close this base completely and let their teacher learn from each
other on their own, right?” The
Tiance Marshal only wanted to embarrass Levi Garrison.
He didn’t even think about driving him to death.
It was easy to kill him, but there were too many people related to Levi Garrison.
It’s hard to control them.
Even this hundred arrogance is not easy to control!
If Levi Garrison has something to do, too much is involved.
He can only agree.
After everyone came back, Major Tiance said, “Next, you will close the challenge yourself! Send a signal
after the challenge! We won’t watch the battle!”
Zhong Qiu, Gemini and they quickly understood the intention of Major Tiance.
Avoid double blows to their master.
“Yes, we agree!”
Everyone nodded.
“Boom…”
Soon, a shield appeared around the base, completely sealing off the base.
Nowhere was left.
They are waiting outside.
“Everyone, get ready, it’s estimated that the battle will be over soon! Next time I will challenge you!
Finally, I will go!”
Young Master Tiance’s eyes were shining, “It just so happens that I use King Kong not bad magic power
to practice. Practice them!” “The command given above is to practice them at all costs!”
The Return of the God of War [The Protector] Chapter 2458

Looking at the students in the base.
Levi Garrison was amused.
Now, he doesn't need to hide it.
It's time to play tricks…
"Teacher, then I'm here?"
Zhong Qiu couldn't help reminding.
"Hold on!"
"Huh?"
Everyone looked at Levi Garrison in confusion.
"To save time, let's go together!"
Levi Garrison said.
"Ah? This…"
Everyone was stunned.
Go together?
Is the teacher so crazy?
But this is in line with Levi Garrison's style, but his strength can't keep up.
"Teacher, I'm here, hi!" The
Valkyrie Zhong Qiu immediately started.
A heavy kick slashed towards Levi Garrison.
A little better than the one just now!
Levi Garrison watched Zhong Qiu's kick, and he said, "It's too slow, too slow…"
"Boom!"
He avoided this kick easily.
"Kacha…"
Zhong Qiu stepped on the ground fiercely with a frustrated foot.
"The strength is OK!"
Levi Garrison glanced at it.
The next moment, he braved golden light all over his body.
It bursts into light and emits a crisp metallic sound.
The six apertures were blinking.
King Kong is not bad for magic! ! !
Sixth floor!
According to Levi Garrison's estimation, no one in the room could break the seventh floor!
The sixth floor is impossible!
After all, Takitani Kuroki defeated all the powers of the gods list by virtue of the sixth layer of King
Kong's incorruptible power.
No matter how strong they are, they are at the level of Young Master Tiance.
This… what is this?

Everyone was dumbfounded to see this scene.
“Let me test how many catties you bastards are?”
Levi Garrison directly killed the Valkyrie Zhong Qiu after using the Vajra Invincible Power.
“Clang!”
“Clang!”
…
Zhong Qiu realized Levi Garrison’s power and used his best, but every move hit Levi Garrison with a
metallic sound.
But it can’t cause any harm to him.
But as long as Levi Garrison attacked, Zhong Qiu was beaten out immediately.
Later, he killed Xiang Ning still and Fu Jia.
Although the two are strong, they are invincible.
…
Another one!
again!
…
Next, one hundred Tianjiao were taught by Levi Garrison one by one.
Finally, only the strongest Gemini was left!
The two are the strongest!
It is indeed different from the previous Tianjiao.
They can stay under the sixth layer of the King Kong Undamaged Divine Art for longer, and even have a
faint tendency to break the sixth layer.
Especially when the two of them join forces, they tend to break even more.
But after all, it was almost!
“Bang!”
“Bang!”
Finally, Levi Garrison flew the two of them out.
So far, a hundred people have been educated by Levi Garrison.
Everyone’s eyes were filled with inevitable shock, and they looked at Levi Garrison incredulously.
how come?
how come?
Shock!
Isn’t it said that Levi Garrison is a quasi god?
It’s not even a gods.
As a result, they slammed all of them, even the Gemini and the Valkyrie were invincible.
what happened?

“I know! The teacher’s strength has been there, but the group of people don’t know, the outside world
doesn’t know. I thought the teacher stayed three years ago!”
“The strength of the boss is at least the top five of the gods! He is this. We are always close to breaking
the golden body together!”
Gemini said.
“You are right, but not completely right!”
Levi Garrison said.
“You all come together!”
Levi Garrison said.
A hundred people attacked Levi Garrison at the same time.
“Buzzing…”
Seven apertures flickered!
King Kong is not bad for the seventh layer of magical arts!
More than a hundred people teamed up and could barely deal with the seventh layer of King Kong is not
bad magic!
“Boom!!!” A
breath of silence.
Levi Garrison displayed the eighth layer of King Kong is not bad magic.
“Slap!”
“Slap!”
……
Hundreds of Tianjiao were all shaken out.
“This…this this…”
Everyone looked at Levi Garrison incredulously.
This is too powerful, right? ? ? The world is invincible!costs!”
The Return of the God of War [The Protector] Chapter 2459
At this moment, everyone felt that Levi Garrison was stronger than the masters they had secretly
trained in the Baolong clan.
Even a lot stronger!
Just tell us this is the quasi god list?
Still the first level?
simplest?
Are you kidding us?
The first level gives us the most difficult intensity?
However, this is not the limit!
Levi Garrison’s breath is still soaring!
Still climbing rapidly!
“Buzzing…”

King Kong is not bad for the ninth layer of magical skills!
Nine phantoms appear!
Especially a round of scorching sun hung high behind Levi Garrison.
The indestructible body of King Kong that cannot be broken at all!
An aura that made heaven and earth tremble and surrender overwhelmed the audience!
Everyone feels that their bodies are going to be crushed!
This is definitely better than the masters of their Baolong clan, and much stronger!
The group of people outside also didn't understand the teacher's true strength.
The teacher deceived the world again!
As soon as the ninth layer of King Kong is not bad, the heaven and the earth surrender, and the universe
bows its head!
scared!
Everyone was scared!
*Too f*cking strong!*
No one does not tremble!
This is definitely the strongest person they have ever seen, not one of them.
"Teacher, what's the matter with their ranking of you?"
Zhong Qiu asked.
"Because I haven't appeared in the past three years, they thought I was eliminated by the times! If
everyone didn't know where you went, they would think that you were eliminated. Your strength stayed
at three years ago! You don't know that you are still strong!"
Ye King's Landing explained.
Everyone nodded in relief.
Mainly everyone is not in this era, and doesn't know what you have done…
"Teacher, is your strength so strong? Unbelievable!"
said the strongest Gemini.
Levi Garrison shook his head, "No! This is a technique I got two days ago! Just practice it, and I will reach
the highest level! I am actually much better than this, right?" The words are not surprising and endless.
Levi Garrison said this.
This group of apprentices are really going to vomit blood.
Is a single exercise that you practiced at random is heinously strong?
If he doesn't know how strong his true strength is?
unimaginable!

Everyone was shocked in a cold sweat.
The people outside are really idiots!
The teacher was also arranged for the first level.
It's ridiculous!
"Actually, my strength comes from the basic exercises that I have taught you! You should practice it
from time to time. It is true that this exercise is slow to produce results! But it is still good to stick to it!"
"For you, I don't Worry, what you are practicing is the orthodox technique of the Baolong clan, no
problem! Come on!"
Levi Garrison said.
Everyone was immersed in the shock.
No one thought that the reason why Levi Garrison was so powerful was that all of them had the basic
techniques to practice.
I didn't expect it!
This basic exercise is stronger than the magical power of King Kong not being bad?
Levi Garrison smiled, "Everyone still pay attention! King Kong is not bad for me, just use the novel toys,
just brush it! My main practice is this basic exercise!"
"Understood!"
Everyone nodded.
"I actually tested it for you just now…"
"But if you want to practice with them, you can do it! Try their strength!"
Levi Garrison said.
Obviously it is a challenge for a hundred people.
But Levi Garrison ended the battle in the shortest time.
"Okay,
let's go out!" Hearing Levi Garrison's words, everyone signaled.
When the marshals outside Tiance received the signal, they were all very surprised.
"It's over so soon?"
"This group of Tianjiao is really fast! The abuse of Levi Garrison is fast enough!"
"It's ten times faster than I expected ! I didn't expect it to be solved in a few minutes!"
Everyone laughed.
"Rumble…" The
door was opened along with it.
Everyone saw hundreds of Tianjiao and Levi Garrison.

“Huh? Why is Levi Garrison okay?” Everyone was surprised.
The Return of the God of War [The Protector] Chapter 2460
In everyone’s imagination, Levi Garrison should be dying.
But the fact is that Levi Garrison has nothing to do.
“You really don’t hurt your teacher at all…”
someone said.
Zoey secretly breathed a sigh of relief when he saw that Levi Garrison was okay.
If Levi Garrison is seriously injured.
Then hit him.
But now I saw Levi Garrison’s face serious.
She also understood that Levi Garrison must be extremely sad when he was defeated by a hundred
students in turn.
Don’t even want to say anything!
“May I go now?”
Levi Garrison said.
“Yes! Come on, the special suit is for you!” The
Marshal Tiance gave the special suit to Levi Garrison.
Levi Garrison accepted it.
A good vest.
Why not?
Seeing Levi Garrison’s back, everyone sighed.
I felt the sadness in Levi Garrison’s heart.
Was defeated by the students!
It’s actually a cruel thing!
Gemini, the Valkyrie and they all looked at Levi Garrison’s back.
Complex look!
They were wondering how powerful Levi Garrison is?
It’s so strong?
That strong King Kong is not bad, the ninth layer of magical skills is like a toy to him?
This, this…
But their expression fell in the eyes of other people.
It was as though sorry for Levi Garrison.
“Come on! Your challenge continues!”
“I should have known what the qualifications for entering the gods list are…” The
Tiance Marshal directly ordered the challenge to continue.
There is no opportunity for everyone to speak.
“Why don’t they ask who is defeated?”
Fu Jia wondered.

“Yes, why don’t they ask who is defeated…”
Hundred Tianjiao was very puzzled.
But in the eyes of Tiance Shao, Levi Garrison is bound to lose.
There is no need for any negotiation at all!
No need to ask!
The challenge continues in this way.
The second hurdle is the challenge of the threshold of the god list.
Levi Garrison’s father-in-law and some members of Li Zhao’s family belong to this level.
The fierce challenge begins.
Soon after, Hundred Tianjiao all passed this level.
Next is the third level led by Levi Garrison’s apprentice Zhou Ke and others, the fifth hundredth in the
god list.
It took some time this time.
But Hundred Tianjiao still passed with difficulty.
Explain that all of them are in the top five hundred of the gods.
continue.
The top three hundred on the god list!
All members passed.
…
Chase all the way.
Finally reached the hundredth on the list of gods.
This level stopped forty-eight people.
Fifty-two people entered the top 100 on the list of gods.
This surprised and delighted the Baolong clan and Tiance Mansion.
The focus of the next plan is there.
It is to let the forty-eight people who were blocked from the top 100 enter the top 100 level of the gods
list.
Just continue to strengthen the others.
The challenge continues.
Tiger (Bai Hu), Xuanwu and they played one by one.
There are losers and there are victorious ones.
Kirin (Qilin), Sword Evil God, Xiao Feng and others will soon appear on the stage.
They stopped many people.
Zoey also stopped many people when he appeared.
Xuanyuan Qingya also stopped many people.
In the end, only eight people passed the challenge to the level of Young Master Tiance.
“Has it been difficult?”

Tiance Marshal asked.
“No, easy, too easy…”
everyone replied in unison.
Ever since the hardest Levi Garrison, passing any level is easy.
too easy.
Even those who are blocked by Tianjiao think so.
It’s much easier than playing King’s Landing.
King’s Landing was completely crushed.
Now the two sides are playing inextricably.
Even if you lose, it’s just a bit of a loss.
It’s not too easy.
This answer was obviously beyond the Tiance Marshal’s expectation.
“It’s difficult, it seems you are very easy!”
“Then I will personally give you strength!”
“I will show you that King Kong is not bad for magic…”
The marshal of Tiance immediately performed the fifth layer of the magical power of King Kong is not
bad.
“Puff!” At
this time, all the hundred Tianjiao in the audience laughed out loud.
The marshal of Tiance was stunned. What are you laughing at?
The Return of the God of War [The Protector] Chapter 2461
The others are also dumbfounded.
what happened?
They all laughed.
Is it so funny that King Kong is not bad?
King Kong is not bad, of course not funny!
And also very serious.
But they just saw that Levi Garrison performed the magic power of King Kong not bad, and he went
straight to the highest ninth floor!
That power, that pressure!
Everyone is still vivid!
It was as if Levi Garrison wanted to destroy the world after showing it.
No one can stop!
Now, Tiance Marshal is showing the fifth layer of King Kong is not bad magic… After
everyone sees it, it’s like a joke.
Therefore, everyone laughed without holding back.
After laughing one by one, they looked serious and couldn’t raise any interest.
I didn’t expect it when I hit other people before.

This made Tiance Young Marshal feel a blow to his self-confidence!
what happened?
They have to perform the magical power of King Kong not being bad, why do they look like this?
wrong!
Looking at them, you know that King Kong is not bad for magical power… but
logically they shouldn't know.
They are not the same from ancient people like Ye Wudao, and they train in a closed manner.
Where would I know that King Kong is not bad for magic?
You should have never heard of it, right?
They should all look strange!
It seems that I have not only heard it, but even experienced the same.
How is this going?
Just as the marshal was about to think about it that day, the Valkyrie Zhong Qiu immediately moved.
Kill the marshal to Tiance.
Tiance Marshal King Kong's Immortal Body Protector!
"Clang!"
blocked Zhong Qiu's blow.
However, Zhong Qiu's face showed joy.
This is too far behind the teacher's magical power of King Kong is not bad.
What the teacher showed just now, even the top-notch is something they can't break anyway.
But now Tiance Young Marshal's King Kong is not bad magical power seems to be broken!
Subsequently, Ning still Fu Jia and others tried one after another.
Neither party got any benefits!
This group of Tianjiao is very strong, and the fifth-layer King Kong is not bad magical skill of Tiance
Marshal does not have the momentum of crushing.
"Together!!!" The
strongest Gemini joined forces to attack.
"Boom!"
"Boom!"
…
after a fierce fight.
"Kacha!" With
only a crack, Gemini actually broke through the fifth-layer diamond impervious body of Major Tiance.

However, the strongest Gemini also suffered a lot, and suffered a lot of injuries.
After all, this is a magical skill that King Kong is not bad!
The reason why they broke was because they had accumulated a lot of experience during the previous
battle against Levi Garrison.
The two of them joined forces to fight it out, and there was a faint tendency to break through the sixth
layer.
But in the end it was almost.
But the fifth layer can still be broken.
The marshal Tiance saw that King Kong's indestructible body was broken open, and became angry from
shame.
Shame in front of so many people.
"Damn it! Come on!"
He gave up the not-so-pure Vajra not bad magical skill, and should use his own practice to teach Gemini
a little lesson.
"Marshal! No more! We just test their strength! Know a rough ranking! You don't have to fight to
death!"
Seeing that the marshal Tiance was angry, the seniors of the Baolong clan appeared on the stage.
Stop the Marshal Tiance!
"Yes, enough is enough!"
Others also discouraged.
The marshal Tiance gave up.
"Marshal, your King Kong is not bad magical skill is too bad for home! It's too far away! It's really not
good, you can ask our teacher to learn it, he will also be the ninth level of the highest realm!"
Gemini sneered road.
Zhong Qiu's other people also said: "Yes, let our teacher learn!"
"Our teacher's King Kong is not bad magical skills are invincible in the world! What are you doing?"
Hundreds of heavenly arrogants shouted.
This made the marshal Tiance embarrassed to death, wishing to find a seam to get in.
Shame!
Be accused in person!

“Huh? Levi Garrison can also do not destroy the magic power of King Kong?”
Many people were surprised.
The Return of the God of War [The Protector] Chapter 2462
“Of course he won’t! Can’t you tell that these rascals are insulting us! Let me go and learn from Levi
Garrison that King Kong is not bad, what is the insult?” Tiance Master’s dissatisfied voice sounded.
He really thought that Gemini was insulting him, and they all went with Levi Garrison to learn the magic
of King Kong is not bad.
“This
day , there will be King Kong not bad magical skills, except for my master!” Tiance Marshal said
seriously.
Hundreds of Tianjiao didn’t know about Tiance Marshal’s worship of Levi Garrison as his teacher.
So Zhong Qiu immediately retorted: “Impossible! Our teacher will too!”
“Yes, our teacher will too! Compared to his King Kong is not bad magical skills, you are not even a fart!”
… I
am afraid that if we go on, both sides may Fight.
The seniors of the Baolong clan immediately took away a hundred Tianjiao and continued to conduct
closed top-secret training.
I will come out to test later… The
young commander of Tiance is going to explode…
Without the prestige in front of these hundred Tianjiao, the indestructible body of King Kong has been
broken.
What a shame!
Levi Garrison on the other side still appreciates this Tianjiao closed plan.
Be regarded as a targeted layout.
Secretly train more than a hundred seedlings to deal with the future.
This is actually the idea of Tianji Pavilion.
Tianji Pavilion said earlier that the Baolong clan of Tiance Mansion lags far behind compared to the
laboratory of the gods.
You have to look forward and you have to layout.
This is one of the initiatives.
Levi Garrison was not far away from this base.
But waiting for someone.

Soon after, the marshal Tiance appeared unhappy.
Seeing Levi Garrison's back, his eyes lit up fiercely.
"Master… Master… Why are you here?" The
marshal Tiance came to the front excitedly, half kneeling on the ground.
That's right.
Levi Garrison appeared in the image of his master at this moment.
"Why are you talking about? Idiot! Trash! Shame!"
"Don't mention that you are my apprentice anymore! I can't afford this person!"
Levi Garrison said coldly.
The young commander of Tiance was personally selected by him.
I thought it was the best choice.
But I didn't expect that this kid would have nothing to do and practice hard all day after getting the
magical power of King Kong is not bad.
Show off everywhere, pretend to be coerced everywhere…
Regarding the power of the King Kong is not bad as the capital of bragging.
Instead of using it to arm yourself.
I also want to use the imperfect fifth-layer diamond incorruptible magic power to disarm.
The result was broken by Gemini.
"Huh?" The
young master Tiance realized something, and his face changed.
"Master, I'm ashamed of you…" The
Marshal Tiance was about to cry.
"Do you know where you are wrong?"
Levi Garrison asked.
"Understood…I will never show off with my magic skills anymore…"
Tiance's young commander bowed his head.
"Okay, let's give you a task! Before you have mastered the seventh floor proficiently, don't say you have
practiced the magical power of King Kong!"
Levi Garrison said.
Why!
It's still not good in all respects!
If it's Levilia, he will go directly to the task, let Levilia train to the ninth floor…
after he leaves.
Levi Garrison was thinking.
Does the Lab of the Gods follow the same routine as the Baolong clan?

Everyone conducts closed and top-secret training, just as if they disappeared.
From time to time, do they come out to test the strength of the world today…
Maybe it is really possible… The
last time King Kong was born without a bad magical power, it was definitely a good opportunity.
I just don't know in advance.
Is there a way to attract this group of people out?
Levi Garrison is thinking about methods.
"Bang!" At
this time, the door was blasted open.
Zoey hurriedly came: "The big thing is not good! Levilia has an accident!"
"Ah? How could Levilia have an accident? Didn't all her masters follow?"
Levi Garrison said.
"But now it's Levilia and her masters…just now the secret order of Tiance Mansion…"
The Return of the God of War [The Protector] Chapter 2463
"Boom!!!"
Levi Garrison's face changed drastically when he heard the news.
Even the few masters who followed have had an accident together?
That was a big trouble this time.
"What's the matter?"
Levi Garrison was anxious and asked immediately.
"According to the secret order of the Tiance Mansion, Levilia experienced an inexplicable and powerful
attack somewhere in the deep mountains of the Western Continent! Now that he has lost contact, not
only her, but even several ancestors have lost news… "
Now I suspect that something happened to them…"
Zoey was about to cry.
Others followed suit.
"This…not to mention how strong Levilia is, even a few old ancestors have had an accident! What kind of
opponents have you encountered?"
"I will definitely die this time! What kind of strong strange things in this era? It's normal to come out!
The ancestors are not opponents and it is normal, this is over!"
Everyone was ashamed.
Everyone knows the strength of these ancestors better than anyone else.

Although not on the list of gods.
But everyone knows that several ancestors are at least the top three on the gods list.
It is even comparable to the number one Dark God and Heavenly Commander of this level.
Four or five people of this level have had an accident.
How strong is that opponent?
despair!
Completely desperate!
"Zoey, you have to be prepared…maybe Levilia will never come back…"
Zhao Junfei reminded several people.
"Puff!"
Zoey got black in front of his eyes and sat down directly on the ground.
She almost passed out.
If Levilia did anything, she would definitely not be able to accept it.
People will fall apart!
She glared at Levi Garrison and yelled: "It's all to blame! We have let you practice the new era exercises!
You must not listen! If you start practicing, with your qualifications, now you are at least the top three of
the gods. ! You can save people now!"
"What about you now, you can't even enter the god list! Your daughter has an accident, what can you
do to save?"
"You are an incompetent father! You were not omnipotent before. Can't it? Now your daughter is going
to die, are you capable of saving it? Do you have a little qualification?"
"The key is that we let you practice a long time ago, you just don't listen! It's conservative! Stubbornly
choose your past path! Now, when you need your strength, can you get it out? Can you save Levilia
back?"
…
Zoey was in a state of desperation, just as crazy at this moment.
Spread all the qi on Levi Garrison alone.
"Don't blame Zoey for talking about you! Blame you! Even my daughter can't handle it! It's really sad!"
"Yes, you should listen to us earlier! With your current strength, can you still go see your daughter
what's wrong?" You are too weak now, I guess
you can't even see the last side of your daughter!" "You are not a qualified father! You are not worthy!"

…
Li Zhao and his family scolded one after another.
“The boss is not that we say you, this matter does have something to do with your strength! In this era,
only if you are strong enough can you protect the person you want to protect!”
“Yes, everyone wants to be strong, only You are conservative and study the past! You don’t have any
desire to strive upward!” “Hey! Once you have something to do with Master, you are afraid that you will
blame yourself for a lifetime!”
Xiao Feng Kirin (Qilin) and others also said Levi Garrison mercilessly. .
After they finished talking, they went to persuade Zoey to dye it.
“Sister-in-law! From now on, we will all be dispatched! We must find Levilia back!”
“There are also strong men from the Tiance Mansion and Baolong clan who have also taken action! We
are going to find Levilia together!”
“Don’t worry. , There is still a glimmer of hope! Tiance Mansion is still discovered quickly!”
Everyone said.
At this time, Levi Garrison’s voice sounded: “I’m going to bring Levilia back! Don’t worry!”
But no one paid attention to Levi Garrison.
The audience, they knew that Levi Garrison was the least likely to bring back Levilia.
The Return of the God of War [The Protector] Chapter 2464
No matter how loud Levi Garrison shouted the slogan.
It is impossible for him to save people back!
Why?
He’s only a few catties!
Even several ancestors lost contact, most of them were killed.
Can he go?
Unless you have the best talents, or lower the standard, at least the top five of the gods!
Saying these things, everyone can still believe it.
But you Levi Garrison, a player who is nothing, who would believe this?
So they ignored it at all and didn’t even look at it from start to finish.
As if he was air.
Zoey, who calmed down, nodded immediately: “Okay, let’s look for it now! Thank you for your help at
the critical moment!”

“Sister-in-law, don’t worry, we will fight it! As long as Levilia is alive, we will definitely bring it back! We
will immediately contact other helpers. !”
Everyone said.
This time.
Various institutions of the Tiance Mansion and Baolong clan were dispatched one after another.
However, the marshal of Tiance is practicing in retreat, not bad magical skills of King Kong.
He was silent for the time being.
Tiance Shenshuai just sent someone.
He did not act either.
He knew that Levi Garrison would make a move, not much more than him.
In case there is really something that can’t be solved, he can do it again.
But he sent all the things he could!
Kunlun Industry and other major forces, he has arranged everything he can arrange.
All the major forces in Erudiaa have gone to find people in a mighty manner.
This shocked all foreign countries.
What happened in Erudiaa?
Make such a big move.
Thousands of people plus information from major organizations and even major foreign forces.
If you find someone, the power is still enough.
Even more than enough!
But everyone knows that this time is too dangerous.
Levilia and her masters are more wicked than auspicious.
Those are the ancestors of Tiance Mansion and Baolong clan.
Their strength is epoch-making!
But this time it was still in danger.
That shows that the opponents they encountered were too strong to burst.
Even if they find it, it won’t help.
Can you save people back?
The possibility is too small!
Even those who go there have to catch a small life!
Zoey also took this into consideration.
“I still have someone to ask!”
Zoey exclaimed.
Everyone asked: “Who?”
“My master is the Dark God!”
There was a light in Zoey’s eyes, it was hope.

“Ah? God of Darkness! That’s great! I didn’t expect it just now!”
“The God of Darkness is number one in the gods list! The ceiling in the true sense! Only lost to the God
of God! If he would make a move , The hope is great!”
“What’s more, the Bible organizations he controls are spread all over the world! This is so easy to use!”
“In that case, let’s go to the Bible Organization as soon as possible and ask for the help of the Dark
God…”
…
in Zoey When the people went to the Bible organization in a mighty manner.
Levi Garrison had already arrived here.
He wants to use all the forces of the Bible organization to find his daughter’s whereabouts.
After all, one-third of the forces in the world are quicker and more effective to find.
“The master is narrowing the scope, and within half an hour, he will definitely be able to find the place
where the little princess disappeared!” It could be
seen that Levi Garrison was going crazy.
Underworld gods did not dare to neglect.
Do your best to search, not let go of a trace.
It really sent all the people who could be sent out.
Everything that can be used is used.
“Yeah! Good!”
So far, Levi Garrison hopes that Levilia and the others are okay.
There must be no accident!
Definitely not!
Levi Garrison prayed silently.
Now he is more anxious than anyone else.
In the base, he paced back and forth.
Like ants on a hot pan.
At this moment, others ran in.
“What’s the matter? Panicking?”
“God of darkness, Zoey wants to see you!”
This made Levi Garrison stunned.
“Let her in!”
The Return of the God of War [The Protector] Chapter 2465
After the plums were dyed, they explained their intentions.
Pray for the dark god to save the king!
Levi Garrison smiled helplessly.

This is his child, how could he not save it?
Now I'm thinking of a way to find Levilia.
Seeing that Levi Garrison didn't speak.
Zoey immediately fell to his knees and pleaded: "Master, please! Save my child!"
Azure Dragon (Qinglong) Kirin (Qilin) and others also pleaded: "Senior God of Darkness, please! Now
you are the only one who can help you Rescued people!"
"Yes, Tiance is not handsome! Only you! You are the number one in the gods list!"
"We ask you! We promise you any conditions!"
...
everyone bowed together, Ask the dark god to take action.
Levi Garrison shook his head helplessly.
Before I said to save people, no one of you paid any attention to me.
Now come and beg me one by one.
"Well, I will do it!"
Levi Garrison said.
"Master..." At
this moment, Underworld God quickly ran in.
But seeing so many people there, the Underworld God still shut up.
He was looking at Levi Garrison's eyes to see if it was said in the presence of so many people.
Levi Garrison shook his head: "You leave first! I will save people later!" After
getting an affirmative answer, Zoey and others left.
They are also going to find Levilia.
After everyone left, the evil god immediately said: "Master, I found it!"
"This is the specific location! The little princesses have lost contact since they entered here! So far, no
news has come out!" The
evil god brought the map and pointed it to Levi Garrison.
"There are complex mountains and large virgin forests! Satellites cannot detect the real situation inside!
This is a dangerous place that
has never been conquered by humans. For a long time, this place has been forbidden. Because it is too
dangerous, No matter in the past or the present, no one wants to go here. In other words, almost no
one who goes here comes back alive." The
God of Underworld explained.

“Well, it seems that it is because it is a forbidden area and the difficulties are so difficult that Levilia will
go here to experience!”
Levi Garrison said.
The evil god patted his forehead and said: “By the way, I also found an interesting thing! This place was
once named Forbidden Area No. 76 by the Gods Laboratory! It hasn’t been explored so far. It is
estimated that there is something in it that makes them jealous. .
so this is where the laboratory did not detect even the gods understand! danger is yes! now the little
princess who suffered a possible danger even the gods are afraid to laboratory detection …… “
” I am about to leave now …… “
Levi Garrison approached.
“Master, do you need me to send a large number of powerful people to accompany you?” The
Underworld God has just dispatched nearly a million powerful people from all major forces.
As long as Levi Garrison gave an order, he immediately opened up.
Levi Garrison shook his head: “No! If the enemy is beyond the level of Levilia’s masters, it won’t help
how many people you send there.”
“Wait for me to hear? I will notify you if there is news!”
Then, Ye King’s Landing took the bible organization’s aircraft to the place where Levilia had disappeared.
Looking at the rolling mountains and virgin forests.
Levi Garrison plunged in and disappeared quickly.
Underworld gods can only wait silently outside.
Shortly after.
Tiance Mansion also found the location of Levilia’s disappearance.
Zoey and they came here one after another.
At the same time, Zoey hurriedly contacted the Bible organization and got in touch with the evil god.
“Underworld God, I have found the place where my child disappeared. Can I let Master leave now? I will
tell you the specific address…”
Zoey said quickly.
“You are too slow! The master has found the location long ago, and he has already entered.”
Underworld God said.
“Huh?”

Zoey dyed a look of surprise.
The Return of the God of War [The Protector] Chapter 2466
“It is estimated that you can’t catch up with the master’s speed at all! You can feel relieved in your
heart. If you find someone with his strength, you can bring it back with a high probability!”
said the evil god.
“Thanks…thank you…”
Zoey was about to burst into tears.
It turns out that Master attaches so much importance to Levilia’s affairs!
Already gone early?
I am really grateful to Master!
Sure enough, people who treat themselves well will help you at a critical moment.
This is the hardest time for
me … Master has made a move…
Now in this situation where life and death are unknown, my master has left without hesitation.
You must know that several of Levilia’s masters have disappeared inside.
It is very likely that there are super strong players in it, and they are not the same.
Even if the dark God enters, it is life-threatening.
Maybe you will lose your life in it.
But they did not hesitate to agree, and went quietly first.
This is to treat yourself as a pro-disciple!
Before the loss, Levi Garrison kept saying that Master was using himself to train himself into a killing
machine.
Everything she does is for herself!
Never regarded you as a real apprentice!
But now?
When they were the most dangerous, they rushed to be the first!
She really wants Levi Garrison to show up next to her, pointing to Levi Garrison and shouting: “This is
what you said to use my master? It was her who took action when I was most in distress! She is more
effective than your father!”
“For my request, can someone who doesn’t care about his life be the one who takes advantage of me? I
have never seen her have any bad times since I have been apprenticeship!” But
where did she know.

The dark god is Levi Garrison!
For the children, the first ones to definitely rush out are the parents!
Not by others!
"Sister-in-law, shall we enter together?"
Kirin (Qilin) suggested.
Everyone is ready.
"Wait! Sister-in-law, do I have to inform the boss of this matter?"
Azure Dragon (Qinglong) asked.
"Yes, this matter should be notified to Master! After all, he is the father! If this matter is not notified to him, I am afraid it will be a problem in the future."
Xiao Feng also felt that this was more secure.
Everyone is staring at Zoey, waiting for her answer.
Zoey sneered: "I should have notified Levilia that he is missing here! But is it useful to notify him? Can he save Levilia or something ?" " What can a person who can't get in the gods list do? Tell him Coming here will only add to the chaos! Should we save the emperor by then, or will we save him?"
... the words came out.
Everyone was silent.
It really is!
It's useless to inform Levi Garrison!
It will only add chaos!
What do you want him to do?
"Okay, then I won't notify him! Let's save people!"
"But before going in, each of us here can be equipped with a special Kunlun Industrial suit! A total of two hundred sets! Tiance Mansion and Kunlun Industrial are very Attach importance to Levilia, and take out all the wealth of the family!"
After getting the special armor, everyone quickly put on it.
Finally, a large number of people poured into the mountains.
Start looking for Levilia... on the other side.
Levi Garrison has been in for a long time.
Sure enough, this place is extremely dangerous, with all kinds of natural poisonous fog everywhere.
If you are not careful, you will suffer...
"Where is Levilia? Where is it?"
Levi Garrison looked anxiously.

His consciousness is fully open, and he is detecting energy fluctuations.
But this place is too big.
There are more undetectable places…
and this place is weird and deep.
It's like a huge abyss in the depths.
Can't see the head at all…
worry!
Anxious!
Levi Garrison looked like crazy.
A large area was swept out.
Levi Garrison found nothing.
A little desperate!
At this moment, Levi Garrison looked to the ground and his face changed drastically.
He has made a major discovery!
The Return of the God of War [The Protector] Chapter 2467
Scorched earth! ! !
The scorched earth burned by a super flame! ! !
It didn't take long to see the traces!
And looking at the traces of flames, it looks like a flame of real gas!
Levi Garrison continued to deepen.
Traces of fighting!
He saw it!
I know more or less about Levilia and her masters.
Even Levi Garrison checked their energy fluctuations.
The marks of fighting caused by this scene are theirs!
There are also traces of flames, which belong to a certain master Levilia.
The flames shot out with a powerful infuriating energy…
Levi Garrison studied the fighting traces at the scene and basically imitated the battle in his mind.
But soon the problem appeared.
Who is the enemy? ? ?
Because he imitated the battle scene, Levi Garrison found that only Levilia and the others were fighting,
but there was no trace of the opponent.
How did they do it?
What's the trick?
What kind of power?
…
All information is missing!
In the battle with Levilia and the others, these people seemed to be non-existent.

But there is no unreasonableness.
Levilia, what are they fighting?
Air?
impossible!
strangeness!
Levi Garrison's expression immediately became solemn, the more weird, the more it showed that they
were in great danger.
But the good thing is that there are clues, and he can look for it along the way.
no!
I can't look for it openly.
It would be troublesome in case it is targeted by the enemy.
Levi Garrison wore the mask of the Dark God, and as a concealed identity, ghosts walked through the
mountains and deep forests.
Although Zoey and the others entered this area in large numbers.
But one by one is the same as headless flies.
Looking for no clue at all.
No clue was found, no one saw it.
This made Zoey more and more panicked.
Pin everything on the Dark God!
"Thinking about it now, it's no use telling the boss on this occasion! What to look for? You can't find it at
all!"
"Believe it or not if the boss came with him, he would be gone! Now we have to find him.
Yeah !" "Yes, yes, yes! The boss is a person who doesn't take the usual path and is good at breaking the
rules. If he were there, he would have been messing up and borrowing!" ...After
everyone came here, they knew not to take it. The benefits of Levi Garrison.
...
Now the whole world knows about Zoey's big moves.
But what are you doing?
Still no one knows.
But this is no secret from Maya Industries.
They have been staring here.
"Hehe, dare to go to Forbidden Land No. 76?"
"It's just

looking for death!" Maya Industry is formed by a group of traitors in the Lab of the Gods.
They still know most of the things in the Lab of the Gods.
Such as No. 76 Forbidden Land!
"The Gods' Laboratory used to survey and dig for plundered resources all over the world. There is
almost no place in the world that they don't look at! The resource potential of Forbidden Land No. 76 is
among the best in the world, and resources that are much more terrifying than the Sun Stone are
available here.
Yes . The Lab of the Gods will definitely not let it go! But why didn't the Lab of the Gods conquer here?
That was because something went wrong soon after the survey and mining started, and even the Lab of
the Gods couldn't solve the problem. Then, against 76 The mining of the forbidden area also stopped.
No one knows what happened, but the secrets were sealed up!"
The top of Maya Industry explained.
"To blame, the children of Levi Garrison and the ancestors of Tiance Mansion are too arrogant and think
they can go anywhere! They are wrong! That's a place that the Gods Lab dare not touch!"
"We Just wait for a good show! No one who enters will come out alive!"
…
Levi Garrison followed the traces all the way to find.
He found that the traces of the fight between Levilia and several masters had been there.
They fought all the way.
"Not good…this…"
The Return of the God of War [The Protector] Chapter 2468
Levi Garrison's face suddenly changed drastically.
The body trembled.
He found a major problem.
This route!
It's not that Levilia and the masters fight and charge all the way!
They are running away!
All fights are done to escape!
But the route to leave the deep mountains and deep forests was blocked, and they could only escape to
the depths of this area.
After analyzing and understanding all this.

They also understood the route that Levilia and the others escaped.
Just follow this trace and go deep.
But who is the one who made the shot so far?
No trace of them exists!
But as long as the shot is taken, how could the trace be non-existent.
And it's not like being destroyed.
immediately.
Levi Garrison speeded up and rushed to the depths.
After a while.
In an area, Levi Garrison felt a strong breath.
It's so powerful that it can't be added!
It may be at least at the level of Tiance Shenshuai!
The few breaths left behind are strong enough to shock people.
Suffice it to show what kind of powerhouse Levilia and the others have encountered.
Levi Garrison saw blood in this area.
Apparently someone was injured.
Is it Levilia?
Levi Garrison was anxious.
The faster the foot.
But he was still analyzing.
There is no trace before.
But this time there was obviously a strong aura left behind, and it seemed that they were encircling,
driving Levi Garrison and them to the depths.
May not be able to deal with it all at once?
So to be surrounded?
After all, Levilia's masters are not vegetarian.
They may be slightly weaker than Tiance Shenshuai, but not much weaker.
Especially there are several of them!
Levi Garrison accelerated the pursuit.
"Huh? There are still traces…"
Levi Garrison still found a trace in the jungle.
It's just that the speed is trembling.
…
Then Zoey has a large number of strong men behind them, and tens of thousands of people have
already penetrated into the hinterland.
They did not leave too far, and basically gathered together for a carpet-like search.
"Boom!!!"
But at this moment, a terrifying invisible air current bombarded his face.

Raze here to the ground.
They indiscriminately attacked plums coming from the front.
"Puff!"
"Puff!"
"Puff!"
...
Many people didn't hold on at all, and their bodies exploded directly.
The blood spattered, and there was no bones left.
"Puff!"
... the
slightly stronger ones were also severely injured.
That is, Zoey and the others wore special battle clothes in advance to avoid injury.
Otherwise they are also in danger.
This wave of airflow alone injured half of the search army.
Shocked!
Everyone is dumbfounded!
What's in this place?
This turmoil alone hit half of the people!
If it continues, I am afraid that all of these people will die here.
Scared!
Everyone is scared!
The point is that you don't even know where this airflow comes from.
too frightening!
Otherwise, Levilia and the masters will not disappear!
Everyone can't stop now.
No one wants to die in vain.
Especially the unknown fear is too scary.
"Warning! This is warning us not to go in! Everyone calm down first!"
The god of Tiance Mansion shouted.
"I'll just go in, everyone don't follow, lest you make unnecessary sacrifices!"
Zoey quietly touched in from another direction.
After Azure Dragon (Qinglong) and the others looked at each other, they also entered one by one.
They all gave it up.
To be together to death.
Levi Garrison continued to deepen.
In a very short time, he has come to the depths of this area.
During this period, because he could hide and avoid, he didn't encounter any danger along the way.
After reaching the depths, Levi Garrison felt the energy fluctuations again.

Feel… here…
feel it!
The energy fluctuations of Levilia and her masters…
Levi Garrison felt it and knew the specific direction.
"Hmph, I want to see what is bullying my daughter? Looking for death!"
Levi Garrison rushed immediately.
The Return of the God of War [The Protector] Chapter 2469
despair!
For Levilia and several masters, it was really desperate.
The opponent they met was too strong.
Immune to all attacks, and has lightning speed and unmatched power.
If it weren't for a few masters who were super powerful and tried their best, they depended on the
strength of their magical secret methods to hold them tightly, and it took two days and one night to
come.
But now the masters have run out of oil and their lamps have dried up.
Everyone was seriously injured, almost dying.
It's like a burning candle.
Either the oil runs out and the lamp dies, or it goes out as soon as the wind blows!
They are desperate.
"This…this is definitely the most powerful opponent we have ever encountered! Even stronger than
those deep-hidden ancient races in Erudiaa! What kind of race are they? I can't beat them at all!"
"What kind of strong in my life? I have never seen it before! This is the first time for such a difficult
enemy!"
"It's defeated, really defeated, but can't be beaten! Really can't be beaten!"
… The
ancestors were desperate.
Because they tried their best to take out everything they should take.
Not only couldn't hurt the opponent at all, but couldn't even break through.
"It's a pity that Levilia…it doesn't matter if we are dead, but Levilia is dead…hey…"
"Blame me! You have to let Levilia come here to practice, otherwise nothing will happen!"
"You don't have to blame yourself ! Ah, who could have expected such a powerful existence here…

Besides, isn't that the way experience is? Life and death depend on the sky…"
…
Several ancestors are blaming themselves.
Levilia immediately comforted: "It's okay! A few masters! Levilia is not afraid! Levilia will fight them to the end!"
" Here … they are coming…" The ancestors were already desperate.
Soon, dozens of figures appeared.
They float in midair like gods.
Wearing a golden sacred battle armor and a golden helmet on his head, he is as majestic as a god!
There is indeed a sense of oppression of the gods in them!
As if they are above human beings.
Hundreds of figures appeared on the ground all around… Surrounded by several people!
The weird thing is the way they appear!
Suddenly appeared out of thin air, just like an invisible person, suddenly showing itself.
This is how everyone appears.
Appear out of thin air!
It looks like a golden liquid hatched!
This may be the reason why Levi Garrison could not find the slightest trace of fighting before looking for it.
They may all be invisible, and they can't see the traces or directions of their shots at all…
"Boom…" After they arrived, a powerful breath was overwhelming.
It is necessary to tear people apart and squeeze them into mashed flesh.
"You are rare human beings who can escape here…" The head of the person, there are ten metal wings behind the golden armor.
Like an angel!
Moreover, this metal resource may be a specialty of this region, which the outside world does not possess.
There is a faint golden light flowing on the body surface…
That is the power that can destroy the sky and the earth.
No wonder the Lab of the Gods wants the resources of this place!
Just throwing this metal to the outside world will cause looting, right?
The terrible coercion is pressing one after another!

The old ancestors trembled.
Levilia is ready to fight.
Several ancestors pleaded: "We have a request-let our apprentice be spared, it doesn't matter if we
die!" The
ancestors wanted to exchange their lives for the survival of the monarch.
"No!"
"Any intruder, the human beings who see us will die!"
"Intrude into our god's domain and want to go out alive? It's ridiculous!"
These guys even claim to be gods.
Shen Shen's coercion is a brainstorming attack on Levilia.
"Come on! I'm not afraid of you!"
Levilia also fully displayed his strength.
All these aliens in front of them are scared.
They can't imagine that human children have such power?
The Return of the God of War [The Protector] Chapter 2470
But surprise is surprised!
They moved their hands without mercy.
Although Levilia tried desperately, her attacks were of no use to these aliens.
Soon Levilia was beaten out.
Lost combat effectiveness.
This group of self-proclaimed gods seems to be able to control everything.
Under their special control.
It seems that everything is under control.
Levilia and several ancestors were frozen, and they couldn't move their hands and feet at all.
It seems to be controlled by an invisible chain.
"I will kill her first, and then you!"
One person is holding a golden crossbow, and the long arrows are also made of special metal, and there
is a blue flame on the body!
Watching an arrow shoot!
Several ancestors are desperate.
But they can't move.
Can only watch Levilia being shot and walking in front of them.
This is the biggest blow to them, and the most desperate moment is this.
"Swish!" An
arrow came through the air, breaking the sound barrier, at a speed that cannot be described in words.
Levilia felt the breath of death, and she closed her eyes subconsciously.
She also didn't extravagantly beg her parents to come to their rescue.

Because it's impossible!
"Boom!"
She already felt the temperature of the arrow flames, as if she was going to burn her to death.
Just at the juncture.
Suddenly a figure appeared in front of Levilia, grabbing the arrow that was burning with flames.
"what???"
The group of self-proclaimed gods in front of them were dumbfounded.
Every eyeball will fly out.
My jaw dropped in shock!
How can this be?
How could he hold the arrow?
Impossible!
The flame above the arrow is burning!
Taken in this place with an unquenchable flame!
This kind of flame can burn through no matter what object!
Not to mention the human beings in their mouths, that is, they dare not come into direct contact with
them.
For such a long time, the powerhouses who broke into their forbidden land were all super powerful, but
no one could stop the flame!
There are many burn marks on the bodies of the old ancestors lying on the ground now, and they were
burned by this kind of divine flame!
No object or creature can stop this flame!
They can't do it themselves!
But now the human being suddenly appeared in front of him, actually holding a long arrow braving the
flames of the gods with his bare hands!
Incredible!
They can't figure it out!
According to their expectations, this person's arm and even his entire body would be burned by the
flames of God.
The results were unexpected!
fine!
He has nothing to do!
"Pop!"
He squeezed with his hand, and the flames went out.
The arrow burst even more!

Several ancestors and Levilia looked at the tall figure in front of them, and they were all shocked.
They were surprised and happy.
I didn't expect that in this situation, someone would come to rescue!
The guys who claim to be gods are all watching Levi Garrison warily.
As soon as Levi Garrison approached this hand, they were shocked.
At least Levi Garrison was stronger than those lying down.
They were looking at Levi Garrison, and Levi Garrison was also looking at them.
It's really different!
The parts they wear, and even their body structure, are very different from those of external humans.
It's even completely different!
There is a terrifying power stored in their bodies.
Let them have powerful strength and immune defense…
Their physique seems to be unbreakable, immortal.
Because Levi Garrison could perceive that they can repair infinitely…
this special power comes from their blood, it is innate, not acquired.
The inheritance comes from their ancestors.
It's not too much to claim to be a god…
a race much stronger than humans!
The resources they have are also more powerful!
In short, too strong!
Completely superior to mortal latitude!
They are estimated to be able to do some incredible things, they are gods to mankind!
Looking at them, Levi Garrison felt a little familiar.
As if I have seen it somewhere!
"Right, I thought of it!"
The Return of the God of War [The Protector] Chapter 2471
Destroyer!
The only person who succeeded in the God-making Project in the Lab of the Gods-Destroyer!
Levi Garrison dare to be 100% sure-the prototype of the Destroyer definitely came from here!
The God-making plan of the Gods Lab is to create these existences.
But these guys in front of them are not comparable to the Destroyer…
after all, it is a test product.
It's still a god-making plan decades ago.
That means that the Lab of the Gods had been in contact with this race in the early days.

Forbidden Land No. 76, the Underworld God said that the Lab of the Gods would not dare to explore it.
That means they met.
It is estimated that I have suffered a lot and learned of the existence of this race.
So inspired, want to create this race-like existence?
Therefore, there was a plan to create gods.
According to the time given by the evil god, the exploration of the forbidden area No. 76 was also
decades ago.
The time is all right.
So the god creation plan is to make humans into this race?
However, it is estimated that the resource consumption is too large.
This plan can be difficult to succeed!
Therefore, the destroyer is the only one who succeeds.
But the Destroyer is too far away.
Levi Garrison just feel it casually.
The weakest guy present is hundreds of times stronger than the Destroyer.
Especially those guys with wings behind the armor, stronger!
The more wings, the stronger the strength!
In particular, which of the ten wings is even more outrageous.
It would be really inconspicuous if you throw Tiance Shenshuai here!
In terms of pure strength, anyone who goes out here will make the gods tremble.
It is not too much for them to call themselves gods.
It's a god-like existence!
"Humans, you dare to break into the realm of gods! Looking for death!" said the
ten-winged "God" coldly.
"It seems to be another human powerhouse! Interesting, are we going to hunt again?" The
other gods laughed.
Several ancestors cautioned: "!!!! Mr. they are not what God is a strong race but this race was really too
powerful immune to all attacks that they can repair the terrible attack at an alarming rate, speed,
terrible ……"
a few old The ancestor was afraid that Levi Garrison would suffer, and reminded him next to him.
"Huh, humans! Compared to you, what are we not gods? It's just that we can't leave this place!
Otherwise, this world would already belong to us!" the

group of "gods" shouted.
The ancestors immediately bowed their heads.
They admit this!
Once these guys go out, humans will suffer.
"It's okay! We have no actual conflicts. After all, we broke into other people's territory and just
apologized and left!"
Levi Garrison smiled.
"Want to leave? Impossible! Those who are good at killing will not be spared!"
said the "Gods".
Levi Garrison smiled and said, "It seems that it's not that easy to go straight! Then kill you all!" The
words are not surprising and endless.
Levi Garrison said this.
Everyone present was stunned.
Including Levilia and several ancestors, they are all dumbfounded!
"Kill all these gods in front of you? How is this possible?"
Several ancestors fought them one by one.
Even if it is the most powerful existence of Tiance Mansion, such as Tiance Superintendent, it is
impossible to kill one of them.
Let alone kill all.
impossible things!
He underestimated these people.
When the "gods" heard this, they all smiled.
No human being has ever clamored with them like this!
Even the most powerful humans in ancient and modern history are nothing but ants to them.
Kill as you want.
"To be honest, humans, you are a bit capable!
You can hardly die without death!" "But you can't even kill us, or break our armor! This is the most
powerful metal here! It contains divine power! Metal, it can't be broken! Let alone kill us!"
They sneered.
"Really? In my opinion, it's just broken copper and broken iron!"
Levi Garrison was happy. yes widened.
The Return of the God of War [The Protector] Chapter 2472
"So arrogant! Interesting human! I am interested in this god!"
A "god" with six wings was delighted.

“Yes, it’s been a long time since I have seen such a powerful and interesting human being!”
“The boring life is finally a bit fun!”
“What to do? Or continue to hunt humans as prey? This seems to be stronger and can sustain even
more. Long time?”
“Come on! I think so too! This human being is stronger, and it must be more interesting to hunt!”
…
These gods began to explore how to kill Levi Garrison.
He wanted to be hunted as prey!
It turns out that none of these gods can leave here.
Although I don’t know why.
Therefore they are boring.
Finally, Levilia and several masters came.
They only hunted them as prey on a whim.
I don’t want to kill it directly.
But to play a little bit, to make Levilia and the others collapse, to make them struggle, and fight against
the trapped beasts.
Otherwise, Levilia and several ancestors will never last two days and one night.
If they really want to kill, they may not be able to hold it for a few hours!
After they have played enough, they will kill Levilia and others.
Now Levi Garrison is here, they want to hunt Levi Garrison as prey!
Levi Garrison looked at them with joy.
These armors on the body are indeed stronger than those from the outside world.
But there is not necessarily a King Kong that is not bad and powerful…
“Then let’s start! The hunt begins! No one can kill him all at once!”
Just when these “gods” are about to begin.
A figure appeared out of thin air.
“Humans have entered our territory again!”
He is here to report the situation.
“Is it strong?”
asked the god with ten wings.
“Weak! Very weak! A group of ants!” The
ten-winged god glanced at everyone and said, “Who will solve it?”
Silence!
All the “gods” were silent.
There is no “god” who wants to solve this group of people.

The main reason is that they are too weak and have no interest in challenging at all.
Now another powerful human like Levi Garrison appeared for them to hunt and play.
Everyone wants to participate, so they won't deal with a few rookies.
So no one goes!
If they were to let Zoey know this sentence, they would probably collapse.
They are the top 100 strong men on the list of gods, one by one, they are strong to death, and they want
the wind and the wind to rain and the rain outside.
But in this place, it is as weak as an ant.
No one wants to kill them…
even the qualifications to shoot!
This is the level gap!
One is in the sky and the other is underground.
No matter how powerful the underground crawlers are, the heavenly dragons are not interested in
killing you at all.
I don't want to take those two steps!
Hearing this, Levi Garrison felt tight in his heart.
Knowing that plums dyed them.
Seeing that no one answered the ten-winged "god", he not only said:
"Forget it, hunt him first! Finally
deal with those insignificant humans!"
"Okay!"
Hearing this, other "gods" All showed ecstasy.
They really don't want to clean up a few ants.
Where is Levi Garrison coming to be interested.
"Humans! We give you a chance! You can take them for a long time! We will chase you again!"
The "gods" were full of interest in Levi Garrison.
Even let him escape for a long time first.
"Dare you guys for half a day? Don't be afraid that I will just run away with them…"
Levi Garrison said lightly.
"Oh, it's impossible! This is the realm of the gods, under our control. You can't escape!"
Levi Garrisonle said: "Just so, I don't like to run away! Solve you directly, let's go sternly!
" Arrogance! You
are looking for death!" The gods were angry.
But at this moment, Levi Garrison stared at the "god who shot Levilia."

“Boom!”
He suddenly appeared in front of him and hit him with a punch.
The armor of the “God” burst, and the body exploded…
The Return of the God of War [The Protector] Chapter 2473
This scene happened before all the “gods”!
The “God” armor they are proud of is made of the most indestructible metal in this area.
This metal itself contains terrible energy, destroying the world.
They are called supernatural power in it!
In the past history, mankind is impossible to break!
Not even the strongest!
Even decades ago, the Lab of the Gods took a fancy to this resource and wanted to exploit it, but they
killed it.
This is the armor that their gods deserve to wear!
God’s armor, can mankind break it?
can not! ! !
Ten thousand is impossible!
But this is not the case.
There really are human beings, and this unmatched armor is exploded with a punch!
The moment the battle armor was crushed, everyone’s hearts would be broken.
Turns out it is not indestructible!
It will burst when you encounter the strongest power!
Besides, why did his body burst into pieces?
They call themselves gods.
Have the physique of God!
It is immortal!
No matter what kind of attack they encounter, they are immune…
and their physique has an unimaginable repair ability and can recover in the shortest time, no matter
what kind of trauma they encounter!
That sounds scary!
But this is indeed a talent of others!
It cannot be broken at all, and it cannot be destroyed.
So it makes sense for them to call themselves gods!
But none of these worked under Levi Garrison’s fist.
One by one couldn’t be broken, but under Levi Garrison’s punch, they shattered one after another!
The armor burst to pieces, and then the “God” physique exploded.
And the terrible repairs did not appear.

Instead, they burst directly, the broken mirror rerounded, and scattered into countless fragments…
The blood in their bodies was golden…
No more!
This "god" was gone on the spot!
He was the one who almost shot Levilia, Levi Garrison couldn't have kept him alive!
He was the first to have an operation!
Ha ha?
God!
But so!
Levi Garrison snorted coldly.
*Isn't it f*cking stronger?*
What kind of god is it called?
You are gods, what is Lao Tzu?
God God?
In essence, you are also human, but the race is stronger.
He has incredible powers and superpowers from birth.
What big tail wolf do you pretend?
At this moment, the world is silent, and everything is silent.
It seemed that even the crawling sound of small insects in the deep forest could be heard.
shocked!
The people and the "gods" present were dumbfounded!
The eyes of Levilia and the masters are about to fly out…
After two days and one night of fighting, no one knows how strong these "gods" are.
Levilia and the masters have also experienced the variants of Maya Industry.
That is also unkillable.
But compared with the god in front of him, he was completely a younger brother.
Not an order of magnitude at all.
Just like the sky, it cannot be broken.
This is the sky above human beings, and you can't conquer it at all.
But the master who suddenly appeared now blasted a "god" with a punch…
This shocked them too much!
So that everyone is sluggish!
My brain is blank, I can't even think about it.
Even more shocking are these "gods" in front of you!
It's not just the compatriot who died.

It is a heavy blow to their cognition and worldview!
It is equivalent to telling them that what they have been adhering to the truth is wrong!
It's like telling everyone that the earth is not round, it is flat!
Subvert everything you know!
Can not accept!
The gap is too big!
It's really unacceptable!
How could their god's body be broken…
can't die!
Absolutely not!
Every "god" has an incredible look on his face.
Because what Levi Garrison brought to everyone was too shocking.
Levi Garrison was stunned when he saw these guys, and he said coldly: "Who is next?" The
arrogant words blasted into the ears of the gods.
The Return of the God of War [The Protector] Chapter 2474
They are still waiting for the fragments on the ground to recover, who will soon reshape their bodies.
But time passed by minute by minute, and the miracle has never been born.
On the contrary, the golden blood is rapidly drying up.
Once the blood of this race penetrates the earth, it will become the best nourishment and nourish the
earth.
Where the blood was sprinkled, plants grew at a speed visible to the naked eye.
Seeing this scene, these "gods" are desperate.
This means that the companion will never come back again.
He is really dead!
At this time, Levi Garrison's arrogant words sounded, angering all the "gods".
"You are looking for death!!!"
"You are offending the majesty of God!!!"
…
They were all angry.
Screaming at Levi Garrison.
Levi Garrison looked like a dead body in their eyes!
"Kill him! Kill him directly! I don't want to play a hunting game! Kill!"
Really angry.
One by one, I don't want Levi Garrison to live one more second!
Several "gods" immediately killed Levi Garrison.

“Haha…” A
bloodthirsty arc swept across the corner of Levi Garrison’s mouth.
Strike out suddenly!
He is late, but faster than these gods!
“Boom!”
He punched the head of a “god”, even the metal helmet and head!
The body is still squirming, but the head is falling apart a long time ago.
“Hiss!”
All the people present took a sigh of relief.
What kind of power must this be?
“To deal with this group of aliens! The complicated tricks and magical skills are useless at all! You need
the purest power!”
The masters of Levilia gradually understood this truth.
…
“Boom!”
Without waiting for any reaction from others, Levi Garrison blasted Yishen’s battle armor away from his
chest, and at the same time a basketball-sized blood hole appeared in his chest.
The god fell to the ground, pained to death, his blood was fading fast.
The most frightening thing was that he discovered that his body was unable to repair itself.
No matter what method he uses, his body cannot be repaired.
As before, this blood hole can be recovered in less than ten seconds.
“No! It’s impossible!”
he yelled frantically.
He even felt a scorching flame in the blood cave, tearing his body to a large extent.
The pain that had never been experienced before struck him, and it hurt him to death.
…
Then several more gods were powerfully killed by Levi Garrison!
However, the strength in this race is still at a low level.
Because there are only two metal wings behind, just like the god Levi Garrison killed in front of him.
All are relatively low-strength.
“I’m coming!”
Another figure flashed out!
Not enough this time, he has four metal wings!
The strength is much stronger than the guys just now!
Both power and speed are much stronger than just now.

“boom!”
But Levi Garrison’s speed was faster, and he hit this “god” with a fist.
“Bang!”
This time he let out a dull sound.
But the result surprised the audience.
The “god” with four metal wings is all right at all.
Not only that.
Even the armor on his body is intact!
It’s okay at all!
Seeing this scene, the four-winged “god” shouted: “You are the most powerful human being I have ever
seen! But in front of God, you are still far from enough! You can only kill them and meet me at this level.
Yes, there is a dead end! Your attack is useless to me! Look, even my armor can’t be broken!” It’s
not just that he is excited.
The rest of the “gods” were all excited.
Although very powerful.
But they are not at the same level!
The four-winged god can take care of him.
Levilia and several masters not only sighed.
“He’s already guarding the sky enough, and he’s also a human being who has killed gods!”
“It’s just that compared with the powerful gods, the level is not enough!”
Levilia several masters sighed.
But at this time, Levi Garrison said, “Don’t worry, let the true energy fly for a while!”
The Return of the God of War [The Protector] Chapter 2475
“Huh?”
Everyone was taken aback.
I don’t know what Levi Garrison is talking about?
What does “Let the true spirit fly for a while” mean?
The most dumbfounded were the “gods”, and they couldn’t understand the meaning of Levi Garrison’s
words.
“Boom!” In the
next second, there was a sudden explosion from inside the body of the four-winged god facing Levi
Garrison.
However, this is only the beginning…
“Boom!”
“Boom!”

“Boom!”
…
The sound of continuous bombing came from his body.
More and more dense, more and more powerful, the power is getting bigger and bigger.
His chest, stomach, head, legs, and arms exploded one after another.
Burst from the inside out!
It’s different from Levi Garrison’s killing other gods just now!
It was exploded from the outside to the inside!
This time it exploded from inside to outside!
There was a scream of hysterics.
His body was torn apart by the explosion, and finally the battle armor also split and burst into pieces.
Shocked!
It was shocking!
Everyone watched the four-winged god be blown to death alive!
Was bombed…
what’s the matter?
What’s the matter?
Didn’t he just block this human’s attack?
Isn’t it immune?
How can this happen again?
How did they know that Levi Garrison used multiple vigorous methods.
Although Levi Garrison practiced this basic exercise wholeheartedly.
The small tricks that can be used before are still used in combination!
Isn’t this a surprise victory?
Confused!
Everyone is stunned!
If this goes on, no one can stop it?
“Kill! Kill him for me! Let’s go together!”
…
More and more gods with four wings, even five wings and six wings, all went into battle to kill Levi
Garrison.
This time they realized the power of Levi Garrison.
Must be killed!
Don’t give grandpa to grandpa by gourd baby one by one!
But let’s go together!
“The more you gods, the more excited I will be!”
Levi Garrison smiled.
He clamored early on that all their “gods” had gone together.
Now it’s finally here.

Levi Garrison hid and released himself.
Since the dark prison came back, all the opponents, including the gods of the sky, the dark gods and the
like, have been solved with one punch.
It's not interesting at all.
But now it's different. A group of strong men offered Levi Garrison to come to fight.
He can let go!
From there to find this kind of opportunity?
…
But the result of Levi Garrison letting go was that these gods were miserable.
"Boom!"
"Boom!"
……
Their bodies exploded one after another!
Falling down one by one!
Originally, the number of their race was not many, just a few hundred.
In an instant, hundreds of gods fell under Levi Garrison's fist.
Levi Garrison was going to kill the clan.
First of all, if they dare to kill Levilia, then they must kill Wuxian.
Secondly, the existence of this level is offended, and if it is not killed, it will become a major disaster in
the future.
In summary, Levi Garrison must uproot this race and completely destroy it.
"Break it for me!!!"
Levi Garrison smashed a full punch to the "gods"! ! !
This punch is comparable to the punch he used to open the dark cage!
You must know that since he came out, no one has forced him to use this punch.
Now this punch comes.
"Boom…" This punch
blasted out, the mountains and rivers faded, the sun and the moon were dull, the universe was
reversed, the stars shattered… the
most powerful punch!
"Kacha!"
"Kacha!"
"Kacha!"
…

The gods that stood in front of Levi Garrison's presence shattered one by one, fell apart, and turned into
powder on the spot!
Under the power of this punch, no matter what, nothing can be endured!
Touch the fist power, it is crushed!
Not to mention taking the punch head-on.
After Levi Garrison's punch, the remaining gods almost all died.
Only ten of the most powerful are left!
But they were also impacted indirectly!
Three hundred and sixty-seven great gods were bombarded with a punch by Levi Garrison… The
audience was silent…
All were immersed in this ultimate punch!
The Return of the God of War [The Protector] Chapter 2476
unimaginable!
Regardless of Levilia and several masters, or the remaining ten "gods".
Never seen such a strong punch!
This is a punch that destroys the world!
A punch that no god can resist!
Over three hundred "gods" so strong were turned into scum by Levi Garrison's punch.
Who will believe it?
Randomly picked out a few masters who can hang Levilia!
These more than three hundred were blasted to death by Levi Garrison's punch.
How strong is he then?
How strong is it?
In contrast, Levi Garrison is the god, right?
Instead, these "gods" are humans, even ants and reptiles.
Even human qualifications are not enough.
A dozen "gods" are still in shock.
This time they encountered an unprecedented catastrophe, the catastrophe of God!
"Who is he?"
This is what Levilia's masters desperately want to know.
"The mask I'm wearing should be the dark god on the list of gods… He is still his mother's master…
Maybe it was his mother who asked him to come to rescue…"
Levilia said.
"Dark God? He is the number one in the gods list. How can he have such strength? I don't believe it! I

don't believe it when I killed him! I also heard that he has a relationship with the gods, at most it is
almost the same as the gods? "
Yes, everything he just showed, it's terrible! Even if the existence of the two-finger knocking off the sky
sword is not his opponent!"
"But the Dark God has always been wearing a mask, who really is, no one knows… "
But there may be an answer later, maybe we will see the true face!"
Several ancestors analyzed.
… In the
field, more than ten ultimate gods have slowed down.
They stared at Levi Garrison tightly.
The least of them has eight wings, and the strongest ten wings.
Outrageously powerful.
Any one of them can use the head of a talented person like Tiance as a ball to kick it!
In terms of strength, they are indeed like gods above all living beings!
But Levi Garrison is stronger!
Levi Garrison is above them!
At this point, they unanimously chose to join forces to deal with Levi Garrison.
Just now Levi Garrison's punch completely shocked them.
They had to put aside their noble dignity and supernatural power to jointly deal with Levi Garrison.
In fact, this is a great shame for them.
It won't be washed away for a lifetime.
A group of gods were killed by a human to the point where they could not fight back, almost killing the
clan.
This is the greatest shame!
Now their many great gods will join hands to deal with a human being.
It's shame and shame!
But in order to keep the race from being destroyed, they can only join forces.
Let's kill Levi Garrison first!
I'll talk about it later!
"Kill,
kill, kill !" "He must die!" "Avenge
for them!"
"Our Protoss must not be destroyed!"

More than a dozen superpowers each displayed their abilities, and Levi Garrison's pressure doubled in
an instant.
This was the first time he felt pressure after coming out of the dark prison!
For the first time, I felt that I had to deal with it a little bit seriously… the corners of his mouth were raised !
"Come on, it's the last battle!"
Levi Garrison was excited.
"Boom!"
"Boom!"
"Boom!"
…One after another
powerful attacks came.
"Clang!"
"Clang!"
"Clang!"
… It
can hit Levi Garrison, just like hitting metal.
At this time everyone saw Levi Garrison's whole body was golden.
There are still seven apertures blinking!
He became a golden man.
"Ah? It's the magical skill that King Kong is not bad! The seventh floor!" The
female ancestor exclaimed.
"How can he not ruin the magic power of King Kong?"
everyone exclaimed.
They had a lot of knowledge and knew at a glance that Levi Garrison was using the magical power of
King Kong.
In fact, Levi Garrison had long wanted to try how strong the King Kong is not bad at the eight or nine
levels.
It's just that no one has practiced, let him practice boxing.
Now this is a good opportunity to practice with these "gods"…
The Return of the God of War [The Protector] Chapter 2477
"Come, see if your divine armor and divine body are strong! Or my King Kong is not bad and strong!"
Levi Garrison smiled.
When the "gods" hit Levi Garrison with no effect.
They were even more shocked.
"What
?? " "Human beings actually have a physique comparable to gods?"

“Impossible! I must break it!”
… The
gods were provoked and displayed more powerful attacks to break Levi Garrison’s King Kong Not bad.
“Kacha!”
“Kacha!”
…
Sure enough, under the powerful attack, the King Kong indestructible body shattered little by little.
Nearly invincible in the outside world, even the gods and the like of the heavenly strategy must
desperately to the seventh layer of diamond is not bad magic.
In the hands of these “gods”, it is still easy to break open!
Just when these gods were about to smile, Levi Garrison’s body let out an extreme roar.
An aura of destruction burst out.
His incorruptible body is becoming more and more dazzling!
There are eight circles of light flashing!
King Kong is not bad for the eighth layer of magical arts! ! !
At present, the outside world knows that only two people have achieved the highest level of practice.
Levilia’s masters were all stunned…
“Clang!”
“Clang!”
…
Sure enough, the eighth layer of King Kong is not bad for the magical powers, and this group of “gods”
can’t help it.
It’s very difficult to deal with.
A powerful attack hits the body, and it has no effect at all.
“This is the same physique as our Fusion Armor! It’s too strong! How can human beings have the means
to approach gods?”
These gods were even more surprised.
“We must break open! Fuse all our divine powers to break it!” After the gods discussed, they wanted to fuse all the divine powers of a dozen or so gods to defeat the eighth
layer of the incorruptible body in one fell swoop.
“God’s power!”
“God’s power!”
…

Soon their divine powers merged and turned into a single attack, blasting towards the indestructible
body of King Kong.
“Click!”
“Da da da da da…”
Levi Garrison’s impervious diamond body was immediately torn apart, and the whole person was
repelled hundreds of meters.
Just stabilize the figure!
“It’s normal to claim to be a god! The eighth floor is completely unstoppable!!!”
Levi Garrison sneered.
“So, what about the ninth floor?”
Levi Garrison’s voice just fell.
“Boom!”
A breath of hell flooded the entire area.
The world has changed.
Thunder and lightning were surging, and black clouds were everywhere.
The world became grayish white, as if the end of the world had come.
“Buzzing…”
Amidst waves of trembling.
The terrible coercion filled out heavily, and even forced more than ten people to withdraw.
It was as if there was an invisible wall blocking them in front of them.
However, Levi Garrison’s Immortal King Kong body changed.
Nine golden phantoms appeared, firmly protecting Levi Garrison’s body!
“This…Is this the ninth-layer King Kong indestructible body? It’s terrible, right?”
Levilia’s masters were dumbfounded as if they had never seen the world.
They kept exclaiming…
“We really underestimate cunning humans! There is such a powerful technique!”
they said.
“Kill! He must be killed!”
More than a dozen gods started to attack Levi Garrison just like crazy.
“Om!”
But the “gods” were immediately blocked by the first phantom!
They displayed the divine power that they had just attacked the eighth-layered indestructible body,
which was useless at all.
Unbreakable!
shocked!

This is just the first phantom body!
There are nine ways!
The body can only be reached after the Nine Dao…
"Kill!!!"
More than a dozen gods are really crazy.
Their last fight is bound to break the ninth layer of the King Kong Indestructible Body!
"Boom!"
"Boom!"
…
Here, the sky is broken.
That scene is something that Levilia's masters have never seen in their entire life… see the world!
"Boom!"
Finally the first phantom broke open!
"Chong! Keep going!"
The Return of the God of War [The Protector] Chapter 2478
More than a dozen gods tried their best to take out everything they could.
Even some of their artifacts were all taken out.
Vigorously impact the phantom before Levi Garrison's presence!
"Boom!" The
second phantom broke!
"Boom!" The
third phantom broke!
…
"Boom!" The
sixth phantom broke!
But the seventh phantom stopped here.
Can't move forward anymore.
Can't break!
It can't be broken!
All the divine powers of all the gods gathered together and blasted out, but it still couldn't be broken!
The seventh phantom cannot be broken at all!
No matter how hard they tried, it was of no avail.
This is their supernatural power!
Levi Garrison smiled.
The result of his test appeared!
If you let these gods come to face him alone.
They can definitely break the eighth layer of the Immortal Diamond Body.
However, the nine phantoms on the ninth floor can break through at most two phantoms if one is

concerned with personal ability.
Most of them can only break open a phantom!
Only with the combined power of a dozen of them can they break through the sixth phantom!
powerful!
These "gods" are really damn strong!
But the body of King Kong is stronger!
This highest state, as a result, even this group of gods could not be defeated!
Who created this magical power of non-corruption of King Kong?
So strong? ? ?
If according to them, they are gods!
Then the eighth-level practitioners of King Kong Uncorrupted Divine Art are close to the gods.
The ninth level is god, even super god.
"Well, everything should be over!"
Levi Garrison said coldly.
"Boom!"
Suddenly the seventh ghost burst out with unmatched power.
Sweep to more than ten gods.
"Boom!" The
eighth phantom also burst into power.
...
These gods are like papers, encountering these two powerful and terrifying waves.
Can't hold it at all.
The body suffered heavy injuries one after another.
...A
moment later.
There are more than ten gods lying on the ground...
They have lost their fighting power and are dying.
There is no way to recover, at least not in a short time.
Levi Garrison didn't kill them directly.
Instead, he came to them and peeled off the god armor one by one.
The metal of this god armor is very interesting, can be turned into liquid, can be blended into flesh and
blood, and can play an invisible effect.
Why is Levi Garrison willing to break such a good thing?
In fact, he was very distressed by the fact that there were so many broken pieces in front of him.
However, considering that he could not take it away alone, they broke them one by one.

Just leave ten pieces now.
Not only that.
Levi Garrison also took away all their artifacts and everything.
For example, bows and arrows that can brave the flames of the gods…
he may not be able to use them, but others can.
"Humans are humans! Cunning! Shameless! Robbers!" The
group of gods watched Levi Garrison snatch all their belongings, and yelled at them one by one.
"Bang bang bang…" But the
next moment, they exploded one by one.
The "god" here is, to be precise, a powerful race.
The same race as the ancient clan that I have been talking about was killed by Levi Garrison.
No one left!
After Levi Garrison collected everything, he was about to leave.
At this moment, Zoey and others arrived.
They felt the atmosphere of the war just now, and they were all frightened.
Seeing Levilia and the others, Zoey immediately rushed forward.
"Levilia, you scared mom to death…"
"Senior, you guys…"
Everyone started to check the situation of Levilia and several masters with concern.
It's just that their eyes have been on Levi Garrison.
"Master, thank you! If it weren't for you, Levilia and the others would be done!"
Zoey immediately knelt to the ground, thanking Levi Garrison.
Others also thanked the "dark god".
But they don't know what happened just now, or they would be shocked to death.
"Mother Levilia, do you really think this is the dark god? Is it really your master?"
Suddenly the grandfather asked aloud.
The Return of the God of War [The Protector] Chapter 2479
"Huh?"
Zoey's face changed suddenly, and he looked at the female ancestor incredulously.
Others were also surprised.
This is the Dark God!
Who else could he be?
This is what they personally invited to the headquarters of the Bible Organization!
Not him, who can it be?

“Wo…Why did my ancestor say this?”
Zoey asked cautiously.
“Do you think the Dark God has such a great ability? Do you think your master can save us?” The
female ancestor asked again and again.
“This…”
Zoey hesitated.
Yes.
In terms of strength.
Levilia’s masters are not necessarily worse than the Dark God.
It’s even stronger.
But why did Levilia’s masters fail to do so, but the God of Darkness must come to save them?
The logic doesn’t make sense! ! !
Looking at the dark god not far away, Zoey felt strange.
As if this is not her master.
But she knelt down and invited it again!
Furthermore, if it weren’t for her master, if this was a false dark god, how could he have come to such a
dangerous place for her.
They are not fools!
Thinking of this, the doubt is immediately dispelled!
As for strength, it is that everyone underestimates the strength of their master.
She is stronger than everyone thought!
That’s it!
Zoey looked at several old ancestors and said, “She is my master! I believe her!”
“Then have you seen the true face of the Dark God?” The
female ancestor asked another sharp question.
Zoey nodded, “I have seen the master take off the mask and saw her true face! This is what I believe in
her!”
“Ah? Have you seen the true face of the Dark God?”
This time it is Levilia’s turn. Several of the masters were surprised.
If Zoey has never seen the face of the dark god, there are countless possibilities.
The dark god can be anyone.
But seeing it is different…
“Yes! She has seen my true face!”
The voice of the Dark God came not far away.
Whether it is the original dark god, or the present.

Zoey has seen his true colors.
“Since it’s okay, then I will leave first!”
All the “gods” here were slaughtered by him alone.
Levilia and the others will not be in danger anymore.
So Levi Garrison left first.
What else Levilia and the ancestors wanted to say, but Levi Garrison’s figure had disappeared.
They always feel abnormal.
Before coming here, they knew that Tiance had come out of the mountain.
And defeated the dark god!
If you want to say that, isn’t Tiance Shenshuai stronger?
But Tiance Shenshuai is their junior, and they have personally pointed it out.
They can predict that the future will definitely be a top-notch existence, but they will definitely not be
able to slaughter the “gods” wantonly.
This is totally impossible!
There are too many doubts…
not to mention his own terrifying power, killing more than 300 “gods” with one punch.
The power of King Kong alone is not bad enough to stand alone in the world.
That is the ninth layer of King Kong is not bad magic!
“Master…”
Zoey wanted to thank Master in person, but Levi Garrison disappeared.
“Forget it, it’s the same when I go back to thank you!”
Zoey held Levilia tightly in his arms.
Others still look around.
They can still feel an extremely strong aura rushing around, and if they are not careful, they can strangle
people.
Before this breath, everyone felt extremely small.
Everyone check the traces.
Obviously there has been a decisive battle here.
It’s just that there are too few traces.
What about the enemy?
There are no traces of the enemy…The
only thing left is a little bit of golden blood, and most of it has been absorbed by the earth.
“Dare to ask your ancestors, what has happened to you?”
Dragon Head God would not help asking.
The Return of the God of War [The Protector] Chapter 2480

All the others looked over.
I desperately want to know what happened, what is it that even a few ancestors can't cope with it, so hurt like this?
Especially this powerful breath, golden blood stains, and a series of traces, all revealing mystery.
No one wants to know.
They were considered to have seen the power of "God", and when they were about to enter, a powerful force swept across.
The people who hurt nearly half of them…
"They call themselves gods! They are the most powerful race we have ever seen! Including Erudiaa's super ancients, it can't be compared! We seldom suffer from people in this life. We ate this time. A big loss, and almost died!" The female ancestor sighed.
"What??? So strong?"
Everyone was going crazy.
Even the ancestors of Tiance Mansion and Baolong clan said that they were the strongest, and everyone knew what it meant.
"God?"
Everyone was shocked when the title came out!
It's a lot like God.
But it was the first time I met someone who claimed to be a god.
How powerful this is!
Levilia also said, "If you take one out alone, it may sweep the gods list! Let alone hundreds!"
"Then how did you get out of trouble? How did the master do it?"
Hearing this, Zoey was also a little skeptical. .
Can the Dark God alone deal with it?
"Okay, don't ask more! Knowing too much is not good for you! This is the end! No one can talk about it anymore!"
"Moreover, we must not pass on the injured thing!" The grandfather's ancestor strictly forbids it, and is present. No one can reveal too much about this matter.
Fortunately, it was Azure Dragon (Qinglong), Xiao Feng and the others who were infected with Zoey.
They are all their own, and it is easy to keep secrets.
Eventually everyone left from here.

There is no danger along the way.
After coming to the outside world, the army was amazed.
They are all wondering what happened.
After taking the secret medicine specially made by Tiance Mansion and Baolong clan, several ancestors
and Levilia have almost recovered.
It's not like someone who has been injured at all!
The most incredible thing is Maya Industry…
"How is it possible? How could they come out alive after they broke in? Still safe and sound?"
Especially the several high-levels are even more incredible.
This is forbidden area No. 76.
Even the Lab of the Gods is scared.
In the end what happened?
Levilia and several ancestors did not continue to practice, but returned to Tiance Mansion.
They had to tell Tiance Mansion about such a big thing.
Levilia followed his mother back to Jiangbei.
"Levilia, wait a minute… I'll see if your father is there."
Zoey did not let Levilia enter the villa immediately.
now.
In the villa in Jiangbei.
Levi Garrison is studying the major artifacts of the gods.
Zoey and his party walked in.
"Levilia has an accident, can you still be able to stay?"
Zoey scolded.
Originally Levilia was rescued, and she was still in a good mood.
But after coming in, I saw Levi Garrison not talking, still playing with objects leisurely.
Her fire slammed up!
It's maddening!
"Levi Garrison, what do you mean? Your daughter is in dire straits! Her life and death are unknown! You
can't find
it anywhere? You are playing leisurely here?" "Are you still not a human? Do you treat Levilia as your
daughter? Is it your own flesh and blood?"
Zoey ran away on the spot.
Others also echoed, "Levi Garrison is too much, you are too much! It turns out that everything you said
before was pretending! Did you pretend to go to Levilia? The result?"

“Oh, I see! You are Levilia not want to die? so no children, you will be able to marry a logical day
government policy little princess? ” “
Ye monarchs you really too vicious, right? this insidious strokes are absurd? Do you want early Let Levilia
die?”
… After
someone said this, Zoey’s body trembled violently.
Looking at Levi Garrison incredulously.
If what they said was true…
Then Levi Garrison was really ruthless to the extreme… But
what he did in front of him, wouldn’t it be obvious?
The Return of the God of War [The Protector] Chapter 2481
Levi Garrison looked up at Zoey, “Because Levilia is no longer in danger, why am I not coming back?”
“Well? How do you know that there is no danger?”
Zoey was taken aback.
“Because I save people!”
Levi Garrison said lightly.
“Fart!”
Li and Zhao shouted in unison.
“That is obviously the Dark God, saved by Master Zoey! What does it have to do with you?”
Everyone immediately retorted.
Levi Garrison smiled. He looked at Zoey seriously and asked, “I really don’t think your former master has
this ability, right?”
“Huh?”
Zoey was in a daze.
Why does anyone ask this kind of question?
She really doubt the key ……
“Ye monarchs you pull it! God save Jun-Jun darkness, we saw the scene! There are a dime a relationship
with you?”
Everyone with eyes to see the real .
How can you not believe what Levi Garrison said.
“Levilia come in! Don’t stand outside…”
Levi Garrison suddenly shouted.
Zoey looked at him in surprise.
It seems that Levi Garrison has a feeling of strategizing.
He looked relaxed and happy, as if everything was under his control.
Levilia ran in after hearing the sound.

“Dad…”
Seeing Levi Garrison, she threw into her arms and cried nonstop.
Levi Garrison touched her head, “Little girl, it’s normal to encounter some difficulties! But you have to
believe that Dad can be by your side at any time! Don’t be afraid!”
The crowd sneered, “It’s really shameless. ! If Levilia depended on you, he would have died today!”
“Obviously it was the Dark God who made the move, but he grabbed the credit!”
Originally, Zoey wanted to ask why Levi Garrison was here…
But Levilia was here , she didn’t continue to say NS.
Zoey and others gathered afterwards.
“I feel insignificant this time? Just a breath of others can crush us all! Even though we don’t know what
happened to Levilia and the others, it’s outrageous!”
“Don’t look at what gods we are here. The top 100, the top ten of the gods’ list… The majesty is not
good! In front of the real strong, you are not even a fart!”
“So we have to work hard, and it is not enough to look at the gods’ list! We must put our own merits.
The method is so good! No matter what method, potion or other is used, it must be improved in a short
time!”
Kirin (Qilin) said to everyone.
Everyone clenched their fists tightly.
They must practice their quick methods to the extreme.
This time they were stimulated.
Many of the extreme methods that they didn’t dare to use in the past, they have moved a little now and
want to use them.
Improve your strength at all costs!
“It’s right to increase your strength quickly! It won’t happen, right? After all, the boss reminded before
that all the exercises we practice are actually one! The end is backlash and destruction!”
Phoenix said cautiously.
“Don’t worry! It’s okay! You really believe what the boss said!”
“He is nonsense, without any basis! Don’t take it seriously!” the
others said immediately.
Phoenix continued, “But the boss asked Azure Dragon (Qinglong) to go to Kunlun Industry to analyze it. I
think it might be the same thing…”

…
Just when everyone was arguing.
Azure Dragon (Qinglong) came forward and said, "This matter will stop here!"
"I will sacrifice alone! You can practice! I have been practicing the basic exercises given by the boss, and
practice crazy day and night! As a result, have you also seen progress? Almost nothing! I'm about to fall
out of the gods list! Hey!"
"In everything, we speak with the facts! This technique has no effect at all! Maybe a master who has
practiced for decades and a hundred years can become a master! Can the current situation allow it?"
Everyone nodded. "Understand!"
Everyone was very moved.
Azure Dragon (Qinglong) did not hesitate to sacrifice himself for Levi Garrison's emotions.
The Return of the God of War [The Protector] Chapter 2482
After staying with Levilia for a while.
Levilia described to Levi Garrison everything he encountered in it, "Dad, let me tell you that those gods
are amazing! The weapons and so on on their bodies have special powers…" When
Levilia reminded Levi Garrison, Levi Garrison remembered that place.
Possess abundant resources.
Such as Shenyan, Shenjia and other resources…
They are full of treasures, even blood.
As long as people drink it, it is estimated that they will gain endless power, and even awakening
superpowers is not necessary.
It seems we have to go!
Such a good resource need not be used in vain!
If it's late.
May be preempted by others.
the other side.
Maya Industries attaches great importance to this matter.
Especially for Levilia and several ancestors who were not injured.
"We have repeatedly confirmed that they were not injured at all! They don't look like they were injured
at all!"
The spies sent out by Maya Industry were batch after batch.
The results are the same.

Levilia and her masters were not injured at all!
“I found it! I found it!” At
this moment, an executive from Maya Industry hurried over.
“I found the dusty archives of the Lab of the Gods! About Forbidden Land No. 76!”
He carried a pile of yellowed archives.
“Although it is incomplete! But it probably records what is in the forbidden area No. 76…”
the senior said.
“It says in the file! There are some super powerful races in this world! For example, the ancient races
and sects in the East, as well as the blood races in the West, and so on. Many of the members including the Lab of the Gods are heterogeneous races! Not tolerated by the
world! And there is a powerful race in Forbidden Land No. 76! They call themselves gods! It does have
the same power as a god! There is only one dead end against them!
The Lab of the Gods calls this race the most powerful race in the world! none of them! “
Because of the existence of God, no one dared to break into the forbidden area on No. 76!” Even the
Lab of the Gods! Can only give up the idea of mining resources! Even if it contains the world’s top
resources…”
“However, based on the information of encounters and fights, the Lab of the Gods decided to start the
god-making plan! In order to create the existence of this race! That is God! “
But it ended in failure!” Only the destroyer succeeds! But it’s a far cry from these! “
…After
reading the file, everyone gasped.
” Understood ! Everything is understood! If it weren’t for this incident, we wouldn’t have been able to
investigate the forbidden area No. 76! “
The gods who don’t even dare to provoke the Lab of Gods, if other people encounter it, it will be a dead
end!” “
…
Everyone was shocked in a cold sweat.
“Then it shows a problem-the ancestors of Tiance Mansion did not meet these gods at all! If you meet

them, it must be a dead end! Not to mention no injury at all! "
Good luck!" I didn't even meet these gods! "
…
This is their unanimous idea. If you
encounter a god, you will die.
But their idea is also right.
Without Levi Garrison, there is a dead end.
" Right , I heard that they also invited the Dark God to find them! It means that the dark god has not
encountered these gods either! "
Speaking of God of Darkness, I suddenly had an idea…"
A senior suddenly showed a sinister smile.
"What do you think?"
Everyone looked over.
"Aren't we trying to get rid of the Dark God? This is an opportunity!"
"We forged a top-secret file on Forbidden Land No. 76 in the Lab of the Gods, which has the most
abundant resources and all kinds of treasures! He was right! The Lab of the Gods is so interested,
he will definitely go!" "Plus he has been to Forbidden Land No. 76 before, and he has not encountered
danger. Under this temptation, he will definitely go deep into Forbidden Land No. 76… To the god, he
must die!"
"This move is a second, use the god of the forbidden area No. 76 to kill the dark god…"
The Return of the God of War [The Protector] Chapter 2483
Although Maya Industry cooperates with the Dark God.
But it is also helpless.
All the time.
The dark god is still in their eyes and thorn in the flesh!
People who dream to get rid of!
On the surface of cooperation, in fact, secretly I have been thinking about how to get rid of him.
It's just that the Dark God is too powerful, and they really don't have much chance.
But suddenly No. 76 forbidden ground came out.
Let them find the archives and find out the great secret.
How can such a good opportunity be let go?
They want to kill someone with a knife!
Get rid of the dark god!

“Quickly, forge a fake file! We immediately contact the Dark God! Hope to lure him into the bait!”
…
soon.
Levi Garrison received a secret telegram from Maya Industrial’s senior executives.
Ask him to go to a narrative.
Levi Garrison happened to be going to Forbidden Land No. 76, so he agreed.
The two sides met somewhere in Western Continent.
After meeting.
The executives of Maya Industry were straightforward and told Levi Garrison of the fabricated matter.
And gave him the file.
Levi Garrison couldn’t help being taken aback when he got the top-secret files of the Lab of the Gods.
He reacted immediately.
He smiled.
These guys want to calculate themselves!
Want to kill someone with a knife?
Have to say that this file is really forged?
There is no trace of fraud!
Forbidden Land No. 76?
Does anyone know what’s inside better than himself?
Isn’t it dangerous at all?
“This place has always been listed as a forbidden place, but it is actually smoke bombs released by the
Gods Lab! They do not want other people to enter…”
“Dark God as a partner, we don’t want to monopolize this resource, we want to talk to you Let’s share it
together! What do you think?”
… the
Maya industrial executives looked hypocritical.
“But you need the God of Darkness to enter with our people to find the resources… It may need to go
deeper…”
“You can’t say that there is no danger, there must be something in such a big place, so God of Darkness,
if you go out, absolutely Foolproof…” It
just so happened that Levi Garrison was about to enter here.
He agreed.
It’s also a fun for yourself!

And a bunch of free coolies!
No need for nothing!
"Okay, I will enter with your people. After I find the resources, I want 70%!"
Knowing what they want, Levi Garrison specially cooperated with them in acting.
When the strategy succeeded, the senior leaders of Maya Industry all laughed.
Sure enough, the dark god was fooled.
What they take advantage of is poor information.
They know what's in the forbidden area No. 76, others don't know, including Levi Garrison.
Little did he know that Levi Garrison knew better than anyone in the world what was in Forbidden Land
No. 76…
that group of gods were all killed.
Poor Maya Industries thought that only they knew what was inside.
Also borrowed the knife to kill people to deal with Levi Garrison.
"Then it's not too late for the dark god! Let's enter?"
Several Maya industrial leaders said Qiqi.
"Then do you want to be together?"
Levi Garrison asked deliberately.
"No…no need…we're just a bunch of waste, it won't work if you go! It will become a burden to you, let's
send some strong people to go with you!"
Finally, Maya Industry sent nearly tens of thousands of people to follow Ye King's Landing enters
together.
The good name is-mining resources.
Almost tens of thousands of people are cannon fodder, and they don't even know what's in the
forbidden area No. 76.
They just went to die.
The main reason was to bring Levi Garrison into the depths and encounter the death of the gods.
Poor these people don't even know.
Watching Levi Garrison enter the forbidden area No. 76, the executives of Maya Industry all smiled.
"This time the Dark God is not so lucky! The route I arranged for them covers almost the entire area of
No. 76, and they will definitely meet those gods!"

“The Dark God will definitely die! Hahaha, let’s wait for the good news. !”
The Return of the God of War [The Protector] Chapter 2484
Anyone who knew about this in Maya Industry was waiting for the news of Levi Garrison’s death.
But how did they know that Forbidden Land No. 76 was the safest place. none of them!
The “gods” inside have been cleaned up.
Seeing a group of coolies, Levi Garrison laughed.
He is more familiar with this place than anyone, including Levilia and several ancestors.
He entered here in a familiar way.
According to energy fluctuations, Levi Garrison found out where resources are everywhere.
Has a more terrifying energy resource than the Sun Stone.
A small stone contains energy that could destroy a small town.
Everyone was stunned.
It is a thousand times stronger than the energy contained in the Sun Stone.
This is unimaginable!
No wonder this race is so powerful, let alone their own strength.
Just weapons and equipment are built with these resources.
Thousands of times more than the outside world, even more!
This is the coercion of God!
After seeing these resources, everyone’s eyes are shining.
This is terrible…
so much stronger than the Sun Stone…
“Don’t worry, this is the beginning…”
Levi Garrison successively found resource locations everywhere.
Let this group of coolies mark and test.
Time passed by every minute and every second.
Levi Garrison found one resource location after another…
and the senior Maya industrial leaders outside were anxiously waiting.
“It’s been an hour, haven’t you met yet?”
…
“Three hours!”
…
“Five hours!”
“Wait, I guess Levi Garrison hasn’t found the place of the gods. ! ” “
God is certainly there …… but for gods laboratory experience they can give up the resources of the land
it? ” “

I guess these could be sleeping God! several fathers day government policy is not safe out yet?
Description encounter them more difficult to! gods laboratory can then further explore and develop
these areas was encountered! ” “
now monarchs never quite leaves, it is not deep enough! and movement is not big enough! Once large
Large-scale exploration and mining, no surprises! Wait, they will meet!”
… the
Maya industrial high-level pacing waited back and forth.
As for the forbidden area No. 76, it was almost searched by Levi Garrison.
Search all places with energy resources.
“Fortunately there are you!”
Levi was happy.
He also brought people, let the Underworld God bring tens of thousands of cronies to mine resources.
Obviously this place is too rich in resources, and this manpower is far from enough.
Fortunately, there are coolies from Maya Industries to help.
Just enough manpower…
Thank you Maya Industry!
Soon thousands of resource points were found one by one.
Levi Garrison also found the metal resources refined by their god armor.
I don’t know what kind of metal, but it is definitely harder than any metal outside, and it contains energy
that destroys the earth.
No wonder this kind of metal is called a god armor!
This is comparable to the seventh or even the eighth layer of the King Kong is not bad magic.
It is by no means comparable to the special battle clothes of Kunlun Industry and the variants of Maya
Industry.
Levi Garrison’s eyes suddenly became hot.
According to his expectation, the Lab of the Gods is also doing all kinds of tactics.
He must make preparations in advance to fight against the laboratory of the gods.
Now I don’t know how strong the enemy is.
Then he can only imagine that the enemy is stronger.
Therefore, these resources must be used.
Create pieces of invincible armor!

It will definitely come in handy when it comes to dealing with the Gods Lab.
Levi Garrison went to the place where he fought the gods step by step with everyone.
He wants to see if there is anything missing.
They came too quickly for plum dyeing that day.
Levi Garrison didn't check many things carefully.
"Ah? Here???"
Levi Garrison was dumbfounded when he arrived.
The Return of the God of War [The Protector] Chapter 2485
Because it has changed a lot! ! !
That day, the densely-vegetated places were all dead, all the exotic grasses were wilted, and the big
trees' leaves were all withered…
at least one kilometer in a radius turned into a barren land.
Even some vegetation has
turned black… as if this place has been radiated by toxins!
But it was still good at the beginning.
It didn't happen anymore!
Blood!
Levi Garrison immediately understood!
The blood in this race possesses terrible energy, after their blood falls to the ground.
These vegetation have been absorbed, but the energy in the blood is too domineering.
Far from being able to bear these vegetation.
They all "burned" to death.
So that it has become like this now…
"Huh? Why is there such golden blood…" The
Underworld God exclaimed.
Everyone found a drop of golden blood in some depressions or other places one after another.
In some places, blood still gathers together.
The blood is so distinct that it will not evaporate or penetrate the earth.
After a lap, there was a lot of blood.
That day, the gods who were crushed by Levi Garrison were afraid that only two-thirds of their blood
disappeared.
The rest are around here.
"Collect it! Hurry up and collect all the blood! There may be underground, collect them all with an
instrument!"

Levi Garrison said excitedly.
This is a good baby!
To be precise, these guys are all treasures!
It's just that I was impulsive at the time, and it all burst.
Otherwise, there are more treasures that can be unearthed.
"Ah? Master, what do you want this blood for?" The
Underworld God asked in a puzzled way.
"You drink a drop and try!"
Levi Garrison waved his hand, and a pill of golden blood pierced into the mouth of Underworld God.
He swallowed it in one bite.
At first, Underworld God was puzzled, but soon, his face changed.
Become extremely red.
As if it was cooked.
He started to smoke all over his body!
There is a majestic and terrifying energy fluctuating in his body.
All the people around were forced to retreat.
Everyone looked at the Underworld God incredible.
His current aura alone is dozens of times stronger than before.
Is this the energy brought by a drop of blood?
"Ah!!!"
Underworld God roared in pain.
He feels his body is about to explode!
He struggled frantically, and everything around him was destroyed.
Everyone started to hide!
He is crazy!
The breath is getting stronger and stronger!
"Try to fuse it!!!"
Levi Garrison's voice rang in the ears of Underworld God.
The evil god immediately tried to fuse it.
After a while, Underworld God's breath gradually weakened, and the whole person became quiet.
In the end, it returned to normal.
But he was already at least ten times stronger.
Now that the blood is completely integrated, the energy is used by himself.
Originally
, the Evil God might be similar to the Sword Evil God and his ilk… But this time, the Evil God was directly
ranked in the top ten of the god list.
If the blood is completely integrated, it is estimated to be the top five!
horrible!
too frightening!

This blood is far more terrifying than the most powerful medicine circulating outside.
Go straight to the sky in one step and transform one person into a strong one!
Knowing the power of this golden blood, everyone immediately began to work.
Collect it all drop by drop.
Search carefully again, for fear of missing any drop.
"Master, look at us…" The
evil spirits and the wind evil spirits also looked at Levi Garrison eagerly.
"Okay, one drop for each of you…"
Levi Garrison gave each of them one drop.
And teach them the method of integration.
The five quickly merged.
At this time, Levi Garrison had six more powerhouses who were comparable to the top ten of the gods.
It is also convenient to do things in the future.
"Other people can't! Take blood directly, I'm afraid it will burst with energy! This blood is diluted, or it
can be made into medicine!"
Levi Garrison glanced at other people.
"Huh? It's not right…"
The Return of the God of War [The Protector] Chapter 2486
The Existence That Even Levi Garrison Feels Pressured

View, Guo Xiaoli Moheng, Yu Yiyi Chuyao, Zhao Sanliang Zhou Nianqing, Ye Nuan Tengyao Farming the
Animal World
At this moment, Levi Garrison noticed the strangeness around him.
There is a strong energy fluctuation not far away.
This energy was similar to the gods he had encountered.
And it's stronger than the strongest one I met that day!
Is there really a god?
Didn't kill him that day?
According to their metal wings, the maker of this energy wave must have at least twelve metal wings.
"So strong… so strong energy fluctuation…"
Everyone panicked when the earth was trembling.

Not only them, but also the high-ranking Maya industry who were observing outside were excited.
Found this huge energy fluctuation.
They are all excited.
"Come, here, finally here! They have met a god…"
"Levi Garrison, I still see how you escape this time?"
…
Now the senior leaders of Maya Industry are all in their spirits.
Everyone was so excited to death.
…
This side.
Levi Garrison also became cautious.
Step by step to the center of energy fluctuations.
After arriving, Levi Garrison could see clearly.
Not a god…
but a spar!
This spar actually contains super terrifying and invincible power!
Beyond all the gods that Levi Garrison killed that day…
this is…
Levi Garrison understood…
The race that was slaughtered by himself that day, after all
their bodies exploded, they all became nothing… But the energy in their bodies rarely gathered to form
this crystal…
This is the terrible thing about this race.
Even if you die, your body is ruined.
Their energy will gather together.
too frightening!
Even Levi Garrison wondered, is this the way this race wants to reproduce the sky?
Let the energy gather together, sooner or later, through other people or creatures to reproduce their
race?
At present, this crystal has almost absorbed…
Of course not all the energy has been collected, and a lot of it has been dissipated.
But if the energy contained in this crystal is placed on a "god".
So at least it can be a battle with Levi Garrison, the ninth layer of the King Kong Unbreakable Divine Art.
It won't be completely broken!
It may break the seventh phantom, or even the eighth phantom!

Levi Garrison stretched out his hand to grab it, and the crystal began to struggle fiercely, releasing
unparalleled power to fight Levi Garrison.
"Boom…" The
entire forbidden area No. 76 was bombarded… as
if the end was coming.
The six Underworld Gods who are relatively close, even though they have just increased tenfold, or even
more.
Can be before the bombardment of this level of energy.
All were beaten up!
One by one was seriously injured!
Only Levi stayed on his face!
"Presumptuous!"
Levi Garrison felt the pressure for the first time.
Before so many gods did not put pressure on him.
But the energy in this crystal gave him a lot of pressure! ! !
Struggling for so long for the first time!
But the more it struggles, the more excited Levi Garrison becomes!
"Boom!"
Finally, Levi Garrison exerted his force and squeezed hard.
This crystal is completely solidified.
Levi Garrison's strength still needs to be stronger!
Suppress it!
powerful!
too strong!
The evil gods really saw how powerful Levi Garrison was.
Today is the real shot.
It doesn't count to kill the dark god that day!
They were too lucky to have made the decision to follow Levi Garrison.
"Okay, no problem!"
Levi Garrison wondered how to deal with this crystal next.
Fuse it yourself?
Will draw a powerful force!
But no need!
Levi Garrison doesn't want to accept external forces, he can practice it himself!
To others?
Especially for Levilia?
No need!
Levilia is taking his own line now…
if external force is given, it will not be good for her to grow up.

Furthermore, she couldn't bear the energy of the whole crystal.
Neither can other people!
What to do then?
"Yes!!!"
Suddenly Levi Garrison thought of a good way.
The Return of the God of War [The Protector] Chapter 2487
arms!
Turn this crystal into a peerless weapon!
Contains all the power!
As for the materials, there is no need to look for them, and the metal resources here can be used.
Only this kind of metal can withstand this power and be tempered into a weapon!
Other materials are unbearable, and it is estimated that they will burst as soon as they are refined.
This weapon will become the world's first!
What a sword and sword!
All of them are younger brothers…
If this weapon is successful, if someone has the strength to use it, it is estimated that it can break
through the ninth layer of the magical power of King Kong!
And after being a weapon, you can even use it yourself!
Play more power!
You can also dye them with Levilia plums.
They can also use it…
it's definitely a life-saving use!
Anyway, the benefits are unlimited!
Levi Garrison learned the ancient methods of refining weapons in the ancient books left by Master.
It can be refined on the spot!
"We have everything! Only the flame for refining…the general flame is not enough…"
"By the way, Shenyan!"
Levi Garrison remembered, among the weapons of the gods that day, there were those with flames.
That kind of flame is the most powerful he has ever seen.
This flame must also exist in this place…
"Look!"
Next.
Levi Garrison began to search for this kind of divine flame all over the mountains and plains.
Finally found in a volcanic crater.

The flames in the crater burn all year round and will never go out.
In fact, it is the burning material issue…
The resources in this place are too terrifying, and the energy contained in it is unimaginable.
Therefore, the burning flame will never go out, because the burning material has been supplied…
"Okay… what a powerful flame…" The
evil gods exclaimed.
Levi Garrison began to refine the refined metal…
This metal is too special, it can be transformed into a liquid, and it can temporarily become invisible,
that is, invisible!
This is also the reason why there was no trace of the group of people in the first place.
They wear this kind of metal armor, which can become invisible.
In this way, no traces can be seen.
Like a ghost.
Levi Garrison used the purest metal to refine it.
In order to achieve the best state of the metal.
Otherwise, I can't bear this energy.
After tempering to the most extreme state of the metal, Levi Garrison took out the crystal and punched
it into the metal.
Let the crystal and metal blend perfectly in the flames of God…
"It's still too strong, there is a little leftover!" The
crystal energy is too strong, and the metal still can't fully bear it.
Levi Garrison took out one-fifth of the crystals.
The remaining four-fifths are fused with metal…
"Boom boom boom…" In refining
.
Terrible energy fluctuations cause natural changes.
The wind roars!
Ten thousand beasts are running!
The world has changed color!
Thunder and lightning!
…
is a movement that no one has ever seen before!
After all, this weapon is too strong and too strong…
If it weren't for Levi Garrison's forcible pressure, it would be a trivial matter to destroy Forbidden Land
No. 76!
"Hahaha…"

“It’s really a god! The movement made is so big…”
“Hahaha, no matter how strong the dark God is, can he cope with the gods?”
… The
key is that they are afraid of the cannon fodder sent out before they enter After the forbidden area No.
76, all contact was severed.
The group of cannon fodder could not contact them, nor could they contact the cannon fodder.
Although Maya Industry does not know what happened inside.
But with such a big movement, everyone can imagine what happened inside.
Must be turned upside down, right?
No matter how strong the Dark God is, he must die!
Levi Garrison uses ancient methods to temper a peerless weapon.
There was too much movement.
Levi Garrison was also afraid that the outside world would know.
Hastily blocked this place, using power to raise an invisible wall to block it!
“Boom!!!”
After a while, a sword took shape!
Levi Garrison held it in his hand, feeling that he could pierce the sky with a sword!
The Return of the God of War [The Protector] Chapter 2488
too strong!
Stronger than he expected!
The key is that this weapon has the characteristics of this metal!
It can be transformed into a liquid…
or it can be transformed into an invisible state, directly invisible!
Convenient to hide!
It’s so practical!
The only shortcoming is that the remaining one-fifth of the energy crystals cannot bear it!
Unable to play to the maximum power!
Nothing!
The remaining energy crystals are still useful!
It really doesn’t work!
Let Levilia build a weapon for them!
“What is the name of this sword? It was used to deal with the laboratory of the gods! That is the
catastrophe of the gods! Then call it “the gods”!”
“The gods are out! Killing the gods is like slaughtering a dog!”

Levi Garrison said coldly.
He really wants to try the power of this weapon now!
It's a pity that there is no opponent!
The only opponent, those gods were all killed by himself.
No opponents are met here.
Let alone go outside!
It is estimated that under this sword, the gods of Tiance were killed on the spot!
"Hey! Loneliness! The loneliness of no opponent! There is no object to try the sword!" At
this time, Levi Garrison wanted to make the Lab of the Gods emerge quickly.
Bring more powerful opponents.
Let him practice sword, right?
Have pity on the child…
Underworld God and the others are nearby, listening to Levi Garrison's words, they are about to vomit
blood.
But what he said is to try!
There is really no opponent!
After the casting of the God Jie.
Already spent two days and one night!
Look at the flames in front of you!
Levi Garrison wanted to take it away!
But this flame took away by the roots, and only a part of it could be taken.
It's fine too!
Next, Levi Garrison didn't idle either, using metal resources to temper some weapons.
After going out, I will give it to my brothers and apprentices.
However, one-fifth of the crystals are still unused.
Regardless of the fact that there is only one-fifth of the crystal, if it is tempered into a weapon, Levi
Garrison from the outside world can't think of one that can use it.
The power is too domineering and too strong to activate him at all.
This is also the reason why Levi Garrison didn't use one-fifth of the crystal to refine weapons as a gift
from the king.
The Maya Industry outside thought it was crazy inside… It
was two days and one night, and no one came out.
This must have encountered God!
No one will stay alive.

As everyone knows, these people who went there have been mining resources in these two days and
nights, they have been mining crazy!
Even the Underworld God and they mobilized many people from outside to enter.
In Maya Industry's view, this is going to save people.
The distress signal from them!
So a large number of masters entered, let's save people.
Otherwise, why do they enter desperately?
"Look! God of Darkness, they must have met God… now they are all dead…"
"God of darkness, don't you want to divide it into seven or three? We don't want it anymore, and give it
all to you!"
"It shouldn't be certain now? Let's wait and see! Waiting for a week, I'm afraid that all will stay inside…
…"
The senior officials of Maya Industry simply came to the gate of No. 76 Forbidden Land and waited.
I also waited when I went back.
Wait here too!
But the mood is different… I
can't see anyone waiting here for a week.
They were sure that the Dark God was dead…
"It's not enough, let's send in some more mutant living dead to see the situation!"
Maya Industry sent thousands of mutant living dead in again.
All disappeared…
none of them came out.
They became more and more certain that the Dark God had encountered the God…
time passed by.
One week passed.
Still no one came out!
"Let's go?"
"I feel a bit wrong, wait three more days!"
"Actually, we have already won! But why not wait another three days?"
For
these three days, the senior leaders of Maya Industry were almost opening arty to celebrate the God of
Darkness. die.
Three days later, the carnival really did not move.

Everyone is about to leave…
"Rumble…"
Suddenly, Fang made a huge sensation…
The Return of the God of War [The Protector] Chapter 2489
Hear this movement.
The executives of Maya Industry stopped one after another.
Subconsciously turned his head and looked at the deep forest not far away…
"Boom…" The
movement behind him grew louder and louder.
The earth was shaking, and the stones on the ground were shaking up and down.
The deep forest in the back was also swaying with visible movement.
The movement of a major earthquake.
Everyone was shaken so badly!
"What is this…" The
first thought of the senior leaders of Maya Industry was that the god of Forbidden Land No. 76 came
out?
For a while, everyone had the idea of running away.
But each of his legs seemed to be built with lead, and they couldn't run at all!
Can only look dumbfounded!
In the forest in front of him, a group of figures quickly appeared.
Overwhelming, densely packed, thousands of meters long teams appeared at once…
This is too shocking!
"Huh? Isn't that our person?"
Someone from the Maya industry exclaimed in exclamation.
Everyone looked carefully and saw that the large number of people on the left were their cannon
fodder!
All are alive!
None of them died.
On the contrary, none of the mutant living dead sent out came back!
Look at the right side, isn't it the tens of thousands of people that the Bible organization went in for
reinforcements some time ago?
Why did they come out alive?
Looking at the approximate number, they don't seem to have fewer people at all!

Looking at the middle, there are tens of thousands of people that the Dark God brought in at the
beginning.
It seems that there is no less…
what's going on?
what happened?
Haven't they already encountered God?
How come back all alive?
impossible!
Some time ago, there was such a big noise, it was definitely the god inside.
No strong man in the outside world can make such a big noise.
They have been in there for ten days, it is impossible not to meet God…
fake!
What I saw before my eyes is fake!
No one can come out alive!
But everything I saw in front of me is the truth!
There is nothing to do if you don't believe it.
Soon after, tens of thousands of people completely came out of the forest.
A piece of black crushed.
The team in the middle separates even more.
Several people came out.
The headed one is the Dark God!
He is alive!
He is still alive!
The leaders of Maya Industries are going crazy!
How can he live?
Isn't it…
Didn't you meet God?
But there is no reason!
How could the top-secret files in the Lab of the Gods be fake?
If there is no god in it!
How could the Lab of the Gods let go of this place?
Without God's words, how could they start the God-making plan?
unreasonable!
It's too unreasonable!
What is wrong with that link?
The top-secret files in the Lab of the Gods are absolutely true…
What if the gods are really asleep?
Before they could think about it, Levi Garrison and his party had already arrived on the court.
"Oh! Knowing that we succeeded! Also specially opened arty to celebrate? The red wine is not bad…"

“But you guys are immoral. They started eating and drinking before we came…”
Levi Garrison and others After arriving, grab the wine on the table to drink.
Many people even started to mop up the rest of the food.
Seeing the high-levels of Maya Industry was frightened…
this, this…
are all alive?
unimaginable!
Ye monarchs heavy pat on the shoulder and one of them laughed “Gods laboratory archives really true
ah! Resources too rich! I decided this place in the future is mine! I will not give you a Chengdu!”
“For ah , The harvest is so great! I have never seen such a wealth of resources!”
Others also sighed.
Even the group of cannon fodder sent out by Maya Industry sighed, “This is better than all the resources
used by the Gods Laboratory! I have never seen it! I’ve seen the world!”
The senior leaders of Maya Industry were silent collectively.
They no longer care about resource issues.
I can’t figure it out, why are people still alive…
The Return of the God of War [The Protector] Chapter 2490
“In… Is there nothing in it?”
Someone couldn’t help but ask.
“No! There is nothing inside! We thought there was any danger, but there was nothing…”
The cannon fodder sent by Maya Industry also said one after another,
“No! There is no danger!”
“These ten days are good. It’s safe, there is no danger at all! I don’t know why the Gods Laboratory
didn’t mine?”
Everyone was puzzled.
“Okay, let’s leave first…”
Levi Garrison led the brigade and left with great strength.
He left this time to deploy the Bible organization and completely occupy this place.
For example, all kinds of large-scale machines for mining resources must be brought in, and the defense
system must be installed.
The ten-day task this time is to determine all the areas where the resources are located, without missing

one.
But none of the senior leaders of Maya Industry left…
they were still struggling with this issue.
Why is the dark god okay?
This is impossible!
It's impossible!
But everyone said again…
"Do you think there really is no god… Or that the god of Forbidden Land No. 76 has left after so many
years! Or the god is asleep and doesn't exist anymore."
"Otherwise, Levi will come to them. It doesn't make sense to not meet it! This is absolutely impossible!"
"Well, it's probably not there anymore!"
Everyone was discussing.
"If this is the case, then it can't be cheap, Dark God, how can such a wealth of resources be allowed to
swallow him? There are many treasures in it…"
one person said.
"What do you mean?"
"We personally organize people to go inside and see… First, to solve the doubts in our hearts, and
second, we need to get rich resources!"
Soon, the seniors of Maya Industry organized a team for curiosity. The team entered forbidden area No.
76.
They explored it cautiously…
"It's too quiet, right? Let alone a god, even a bug can't be seen!"
"In this case, doesn't it mean that there is no god at all… No wonder they can find it." Ten days…"
Everyone relaxed a lot.
Soon, they found a resource point marked by the Bible organization.
The resources are abundant and visible to the naked eye.
A small stone possesses such terrifying energy!
This makes everyone salivate… The
Dark God wants to be swallowed by one person, impossible!
Everyone keeps looking.
Discovered one after another marked resource points.
Everyone's eyes are shining…
"There is no doubt! If these resources are all used by us, no one in the world will be our opponent! Our
Maya industry will become the world's largest power! There is no one! "
Everyone is going crazy.

Now they don't want to cooperate with Levi Garrison.
Don't say that 70% is given to Levi Garrison.
They don't even want to give it 10%!
Swallow!
Must swallow it alone!
The only condition is to get rid of the dark god!
How to get rid of it?
This is a big problem!
"As far as we know, Daxia's Heavenly Strategy Superintendent is the only existence that can defeat the
Dark God! If we ask him to take action, there is still hope! Big deal, the resources here are allocated to
him by 30%!"
"Well, this method is feasible. As long as you can get rid of Levi Garrison, it doesn't matter if you spend
some money! We will design and design again at that time! Let the world become the common enemy
of the Dark God!"
"The Dark God must be eliminated at all costs, so that this place can belong to us forever… …" After
everyone discussed it, they continued to explore inside.
Soon after, they saw a figure far away.
"Huh? Dark God? Why is he here?"
Levi Garrison's voice came at this time, "I've been waiting for you for a long time! Don't you want to
know why I didn't die?"
The Return of the God of War [The Protector] Chapter 2491
The language is not surprising and endless.
Everyone felt a little strange when Levi Garrison said this.
Something seems wrong.
They want to know why the dark god is not dead?
Could it be…
Before they could think about it, Levi Garrison smiled, "Are you always wondering why I didn't die? Have
you been wondering why I didn't meet God?"
Everyone felt like they were about to explode when the words came out.
NS.
really!
He got it!
He even knew the things of God!
wrong!
How did he know?

They haven't shown the real top-secret files to God of Darkness.
That's a fake…
"God… God how did you know… You can't know… Did you overhear it?" The
seniors of Maya Industry asked tremblingly.
"Of course not! You asked me how I knew God? That's because I met!"
Levi Garrison said lightly.
"Ah? Have you met? No…you unexpectedly met…Sure enough, the top-secret files of the Gods Lab are
true! There are gods…"
the senior officials of Maya Industry exclaimed one after another.
No one doubts whether Levi Garrison's words are true or false.
Because he can tell God, it means he really knows.
But another question emerged…
If Levi Garrison had encountered a god, how could he come out of the lake unscathed?
This is impossible!
Absolutely impossible!
No matter how strong the dark god is, how can he sweep the gods? He is human after all!
That's a god!
According to the records of the Gods Laboratory!
Is the omnipotent god!
How can he live?
"Are you wondering, why did I meet God and come out alive?"
Levi Garrison saw the doubt in everyone's mind.
"Yes, yes! Now that you have met a god! It's impossible to live!"
Everyone nodded fiercely.
"That's because I slaughtered all the gods!" The
words came out.
It was like the sky was rolling, and it was going to smash everyone into pieces.
It was shocking!
Slaughtered?
How can this be?
"In fact, the ancestors of Tiance Mansion met the gods before, and they were seriously injured! If I
didn't help them, they would definitely die!"
Levi Garrison smiled.
"No! They are not injured, we have repeatedly checked…"
Maya industrial executives were unwilling to believe everything in front of them.

“It’s still too young, drink some healing potion, will you recover soon? Does Tiance Mansion have no
such foundation?”
Levi Garrison sneered.
“Ah? Did we get deceived?” The
executives of Maya Industry looked incredible.
“Yes, you have been deceived! You have been deceived! I knew you were going to kill me with the help
of the God of Forbidden Land No. 76! But I just came back to mine resources, so I promised you…”
After listening to Levi Garrisonsuo Say.
One by one was struck by lightning.
It turned out to be under the control of Levi Garrison!
“Actually, I don’t have to hide from you, I just think it’s fun!”
“The god inside was killed by me a long time ago, I’m afraid of a hammer!!!”
Levi Garrison looked at the crowd as if he was looking at a group of prey.
“It was really killed by you…”
“I don’t believe it! How could it be that even the Lab of the Gods was regarded as a taboo god?”
“Yes, don’t believe it! You must be scaring us…”
Everyone They all have a look of disbelief.
“Then call them out! Doesn’t God exist?”
Levi Garrison said.
“This…”
Everyone hesitated.
God exists!
But now the gods do not appear life and death.
Then it means that Levi Garrison was really beheaded…
“You are haggling. If you have any questions, go to Hades to ask!”
For these people, Levi Garrison didn’t leave any hands.
Kill all!
Don’t leave one!
Now they have little use value, and Levi Garrison can control the Maya industry by himself.
What do you use them for?
The Return of the God of War [The Protector] Chapter 2492
After spending a little more effort, Levi Garrison completely controlled Maya Industry secretly and
locked it firmly in his hands.
As for this group of decision makers, they were originally puppets.

They may set up Maya Industry because of the deliberate promotion of the Gods Laboratory behind.
However, Levi Garrison did not say anything about controlling the Maya industry.
He also used Maya Industry to investigate the Gods' Laboratory.
In addition, it is possible that the forbidden area No. 76 was leaked, and it was known to the Gods
Laboratory.
Maybe they will make big moves next.
In this way, the Lab of the Gods might have an idea about Forbidden Land No. 76 and will send someone
there.
Therefore, Levi Garrison must arrange the defense system and monitoring system.
Like Skynet, staring at Forbidden Area No. 76.
Whenever there is a turmoil, you will know immediately.
It can be said to be Levi Garrison's strategy-waiting for the fish to get the bait!
Deliberately use the resources of Forbidden Land No. 76 to attract the bait of the Lab of the Gods!
Once there is a clue, it is easy to handle, and you can check it step by step…
After the arrangements are made together, Levi Garrison is ready to return to Daxia!
"Boom!" On the
way, Levi Garrison made the "Divine Tribulation" appear in a solid circle.
A sword shining with golden light trembled and roared.
The terrifying energy inside is like a scourge, seeking to release and vent.
"Ah! What a pity, what a pity, I can't find a person to try the sword…"
Levi Garrison said helplessly while looking at the divine robbery in his hand.
Levi Garrison urgently needs an opponent.
The Lab of the Gods will appear soon!
When you were away, I didn't even have an opponent!
Levi Garrison wanted to differentiate himself to try the sword!
There is such an ancient technique of hand-to-hand combat!
Fight yourself!
This can be a try!
However, after a long time, it will be boring…
Or the little scum, the young marshal of Tiance, hastened to the ninth level of the King Kong is not bad!

But it's impossible!
This little scum is impossible!
I can't find an opponent at all!
"Hey, if you try the sword, you still have to go to the Baolong clan of Tiance Mansion! Gather all their
masters, shouldn't it be a problem
to try the sword ?" Levi Garrison really racked his brains to try the sword!
Thinking of any way!
…
Recently, when Levi Garrison was doing things in Forbidden Land No. 76, a big event happened in Daxia.
Almost all the ancient clans and schools supported by the top ten forces in Daxia emerged.
I don't know why…
especially the Garrison Clan in Jingcheng has become extremely arrogant recently…
because the real masters of the ancient Garrison Clan are here…the master of
Ye Wudao and several elders are here.
The most important thing is that there is one more person here.
Ye Zhantian, the "killing god" of the ancient Garrison Clan!
His "killing god" name exists in the legends of Tiance Mansion and Baolong clan!
Back then, it was said that the great powers of the Baolong clan couldn't hold their heads up, and the Tiance superintendents and others suffered losses in his hands… You know
that the ancient Garrison Clan almost became one of the Baolong clan back then… …
But there has been a change… the
change is this "killing god" Ye Zhantian!
The three ancient tribes competing at the same time were all slaughtered…
angered all parties.
The quota was cancelled!
He may not be the strongest of the ancient Garrison Clan, but he is the fiercest and most fond of killing…
ever since this killing god came to the Garrison Clan in Beijing.
Ye Wudao, Ye Lingtian and the others are even more arrogant!
No one is in sight!
Kill all enemies who didn't dare to move before!
Recently, I heard that Levilia and Levi Garrison are about to start.

The elders of the ancient Garrison Clan were very curious when they heard such good seedlings shed
outside.
I want to get back to Garrison Clan training!
"Kill the God" Ye Zhantian was very interested in Levi Garrison who violated the family rules.
Since he came, he has made many shots.
His legends are everywhere in Daxia… There is a
lot of noise.
Levi Garrison was excited when he heard it.
"The sword tester is here…"
The Return of the God of War [The Protector] Chapter 2493
Levi Garrison was immediately excited.
The whole person laughed.
Others can't understand his joy at all!
I don't know what he is smirking… in
order to try the sword!
Levi Garrison thought about all the people who should think… The final decision was to go to Tiance Mansion, find the gods of Tiance and a large number of masters, and
let them unite to block his own sword…
But that is not interesting, and it is a bit bullying!
But this is all right.
An ancient Garrison Clan appeared suddenly!
There is a strong like Ye Zhantian, just can use it to try the sword.
By the way, know how to know the background of the ancients…
God is good to me!
He even sent
someone up to try his sword… Looking at Levi Garrison smiling there, everyone looked at him strangely.
Why did Levi come out during this time?
Be like a fool after coming back.
What happened?
What happened to him?
Keep giggling!
The key point everyone just said was "Kill the God" Ye Zhantian!
What everyone describes is how brutal and bloody!
Such a killer was about to come to him, and everyone couldn't laugh.
Only Levi Garrison smiled like this…
can't understand…
can't figure it out at all!

“Ye Wudao has already given an ultimatum! Three days later, he will definitely come here! First, take the
Levilia away and bring her to the ancient Garrison Clan for training! Formally include her in the ancient
Garrison Clan!
Second, Ye Zhantian wants to deal with you, the boss, based on the family method of the ancient
Garrison Clan! “
Azure Dragon (Qinglong) said.
This is the news that everyone has just received. The Garrison Clan is about to take Levi Garrison’s knife.
There is Ye Zhantian, the killing god, plus Ye Wudao’s master and several elders.
They can be said to be nothing. Fear of the Baolong
clan of Tiance Mansion, forcibly to take the monarch away. As for Levi Garrison to be dealt with by the
family law of the ancient Garrison Clan, it is impossible to live. After receiving the news, everyone gathered in Jiangbei. It
happened that Levi Garrison also came back.
Everyone’s expressions were extremely gloomy. But
who would have thought that Levi Garrison would laugh in excitement after listening. It
seemed as if he had heard a happy event.
This made everyone very confused. Everyone was
shocked and curious. Looking at him…
“Aren’t you afraid? “
Plum dye asked.
” What are they afraid? “
Levi Garrison was about to try their swords.
What’s so scary?
“This time is different!” We can keep you before! It can even save you! But this time the strong from the
ancient Garrison Clan came, and I have seen them take action… at least at the level of my master Dark
God or Tiance God Commander…”
“Especially who kills the god Ye Zhantian, he is even stronger. …I feel no one can match him! “
Their arrival has made the list of gods all messed up…At present, major organizations are discussing
changing the list of gods!” There are too many such strong people, and the god list is not accurate at
all…”

“Fight against them! We currently have no way…unless…Tiance Mansion and Baolong clan…”
Zoey analyzed.
Everyone agrees that Zoey’s analysis is correct!
No one can help a powerful enemy.
Regardless of what kind of gods they are all strong.
Encountering Ye Zhantian, the “killing god”, is just cannon fodder!
“Then what should I do now? Is there any way? If we try hard, we won’t be enough to watch it several
times!”
“We can’t protect it at all ! We have to find a way…”
everyone said.
This time out of channels Jun-Jun “The only way! Now you tell me that my father flew to-day
government policy! As long as we are not alone in day out government policy, war days leaves no way!”
“In any case my master and The gods and commanders must protect us! No
matter how courage the ancient Garrison Clan is, they would not dare to directly break into the
important people of Tiance Mansion, right?” Zhan Tian dare not take this risk! Unless he is crazy…”
The Return of the God of War [The Protector] Chapter 2494
As soon as Levilia said this, he immediately got everyone’s approval.
“Wonderful! Levilia’s method is great, isn’t it?”
“As long as you enter Tiance Mansion! Ye Zhantian wouldn’t dare to be ten daring!”
…
Everyone looked at Levilia in surprise.
All applauding for her!
“The only two uncomfortable points. First, you have to bow your head to Tiance Mansion. After all,
people have to bow their heads under the eaves! If you are humble, Tiance Mansion will agree.
Second, it is estimated that you will have to stay in Tiance Mansion for a long, long time!”
“As long as Ye Zhantian doesn’t leave, you can’t leave Tiance Mansion! Forever! Unless you can improve
your combat power to the point where you can defeat Ye Zhantian and fight against the ancient
Garrison Clan…”
Levilia looked at Levi Garrison seriously. road.

Plums, who flew dye Road "on! Anyway, you have nothing to hide days of government policy, slowly
raise your strength, when you retreat!"
"Right ah, retreat a few years, you're the boss Return of the King pinnacle! With leaves The ancient clan
settle the account!"
"Yes, Master, we trust you! Give you five years, and you can definitely challenge the ancient Garrison
Clan!"
...
Everyone is always encouraging Levi Garrison.
Xuanyuan Qingya was among them.
She actually wanted Levi Garrison to stay in Tiance Mansion for a few years, away from Zoey.
She has a chance!
But let this one escape?
Is there a mistake?
Let him go to Tiance Mansion, is Tiance Mansion to protect him, or does he protect Tiance Mansion?
In the eyes of many people.
Levi Garrison will definitely agree.
According to everyone's analysis, Levi Garrison still has a good impression of Xuanyuan Qingya.
Wouldn't it be better to go to Tiance Mansion like this?
In addition, Tiance Shenshuai is more optimistic about Levi Garrison.
He will most likely agree.
But Levi Garrison shook his head and touched Levilia's head and said,
"Dad can't go! Dad is not afraid.
Why do you hide?"
"Not only I don't hide, you don't hide! You are here! I see who dares in this world Move you?"
To Levi Garrison's domineering declaration.
Xuanyuan Qingya's body trembled.
Levi Garrison's image in her heart is super tall.
But to others, it is ridiculously naive!
Levi Garrison still wants to protect Levilia?
it is ridiculous!
You can't enter a god list, but Ye Zhantian makes the god list chaotic as soon as he appears.
Let all agencies re-customize the existence of the god list...
completely incomparable!
"Levi Garrison, I found out, you are really awkward!"

” I’m not afraid of anything! But do you have the ability to solve it? Do you still want Levilia to suffer and
suffer with you? Impossible!”
“If you don’t go to Tiance Mansion, Levilia must go! He can’t have an accident!”
“I don’t worry about Levilia falling into the hands of the ancient Garrison Clan! She can’t have an
accident…”
“Levilia from this moment, you go to Tiance Mansion! Don’t worry about you. Dad, they are amazing…”
Zoey sneered.
Levilia helpless.
Only one person can go to Tiance Mansion.
But she would not give up Levi Garrison.
After she goes back, she asks the God-skilled Tiance and several masters to rescue him…
“Three days after Levi ‘s arrival, the ancient Garrison Clan came to the door! I hope you will be a little
bearer at that time and face them instead of running away! Other people are involved…”
Zoey roared angrily.
She was afraid that Levi Garrison said so now.
At that time he turned and ran.
Throw everyone down and let these people
suffer for him… “Don’t worry! I won’t run! I’ll take care of the Garrison family’s affairs…”
Levi Garrison took the initiative.
Wait until everyone is gone.
Levi Garrison immediately found Xuanyuan Qingya.
“Hurry up and make sure for me, where are the Garrison family Ye Zhantian people?”
“I can’t wait to see him! I can’t wait for three days! Go now!”
“I want to try the sword with them… …”
Levi Garrison said excitedly.
This makes Xuanyuan Qingya very strange…
Why is Levi Garrison so impatient and excited? Can’t wait for a moment…
The Return of the God of War [The Protector] Chapter 2495
Quickly, quickly! My divine calamity is already hungry and thirsty!”
Levi Garrison urged.
He couldn’t wait for a long time to have this kind of sword tester!
Be stronger!
The stronger the better!

It is best to be able to kill indiscriminately within the Baolong clan of Tiance Mansion!
Powerful to be even more terrifying than the gods in the forbidden area No. 76!
It's better to give yourself the biggest threat…
It's fun to try the sword like this…
Although I don't quite understand why Levi Garrison is so excited.
But Xuanyuan Qingya immediately used the relationship to check the whereabouts of these people.
Soon Xuanyuan Qingya discovered the existence of Ye Shen Ye Zhantian.
"He is not in the capital! He is in Lingnan!"
"Quickly, go directly to Lingnan! I can't wait!"
Levi Garrison and Xuanyuan Qingya went straight to Lingnan.
Lingnan at this moment is in chaos.
Since the arrival of the killing god, the entire Lingnan has been in panic.
Because when the god of death Ye Zhantian arrived, he directly slaughtered the ancient Yu clan of
Lingnan.
Just because the Yu clan had provoked Ye Wudao and said some bad things about the ancient Garrison
Clan…
Although they were all ancient clan, there was still a gap between them.
Yu Clan is better at crafting weapons, medicines, and organs.
Budo is not top-notch!
So let Ye Zhantian destroy the clan easily!
At this time, the entire Lingnan trembled.
I'm afraid of getting into this killer god!
Ye Zhantian is bloodthirsty!
No one can stop after the madness!
In the ancient Garrison family, he was actually locked up.
The ancient Garrison Clan locked him up in a dark cage for fear that he would go crazy and become
uncontrollable and become an unstoppable demon.
That's right!
It is the same thing that the dark cage where the Dark God locked Levi Garrison at the beginning.
However, their dark cage has mechanisms that can be opened from the outside.
So you can control Ye Zhantian!
With Ye Zhantian's strength, no matter how strong it is, it is impossible to open the dark prison from
inside.

Because the dark cage came from someone, it is impossible to break it anyway!
I don't know why, this time the ancient Garrison Clan sent him out.
It is estimated that the great changes in the outside world have caused the ancient Garrison Clan to
become interested in the secular.
Only then will people be sent… where
Ye Zhantian, the killer god, has gone through, the lives have been disgraced.
All that should be avoided.
The previously lively major cities of Lingnan were empty.
For fear of encountering Ye Zhantian.
This homicide does not require a reason, only depends on the mood.
I don't know how many people fell under him.
Ye Zhantian yelled, "From now on, my ancient Garrison Clan has conquered Lingnan! Those who are not
convinced stand up?"
Hearing Ye Zhantian's announcement, everyone was powerless, daring to be angry but not daring to
speak…
Who dares Provoke him!
After learning about Lingnan's affairs, Ye Wudao, who was far away in the capital, made Ye Lingtian
excited.
Begin to celebrate with fireworks…
Conquering every inch of land is Ye Zhantian's task after he comes out!
He wants to challenge the masters from all over Daxia, it can be considered as a shock to the Quartet!
Let everyone fear the Garrison Clan from the bottom of their hearts!
In the future, the entire Daxia will be the place they have conquered by the Garrison Clan!
This is the true head of all races!
I used to be bullshit!
"Levi Garrison wait! You are going to perish soon!"
They are looking forward to the day when Levi Garrison will be tried.
…
On the other side.
Ye Zhantian left Lingnan.
Begin to drive towards the Shifang Mountains in
southern Xinjiang … There are Miao people in southern Xinjiang who are good at Gu poison.
He wanted to take a challenge…

but when he came to the middle of the road, two young men, a man and a woman, blocked his way.
"Huh?"
This made Ye Zhantian very puzzled.
When others saw him, it was like a mouse saw a cat, avoiding them far.
But the two people in front of them are posting up instead.
The same as someone who came specifically to find him.
"You…"
Ye Zhantian was about to say something . But the person on the other side made a strange move…
The Return of the God of War [The Protector] Chapter 2496
The two young people are naturally Levi Garrison and Xuanyuan Qingya.
After searching for a long time, they finally determined Ye Zhantian's route and ran into him.
At this moment, Levi Garrison took out a huge photo.
He took the photo and walked to Ye Zhantian's face, carefully comparing it.
This directly made Ye Zhantian stunned!
"Well, that's right! It's you! Ye Zhantian! Can't be wrong!" After confirming that it was the person he was looking for, Levi Garrison tore off the photo.
"You…"
Ye Zhantian was surprised.
No one has ever dared to do this in front of him…
Even in the ancient Garrison Clan, no one dared to do this to himself.
Even on the first day, Ye Wudao avoided himself from a distance…
never dared to speak within half a meter of himself.
But today this young man is unusual…
"Are you here to find me?"
Ye Zhantian asked tentatively.
"Yes! I'm looking for you! It's hard to find this!"
Levi said.
"What are you looking for me for? You were sent by
Ye Wudao?" Ye Zhantian thought there was something important to inform him.
Levi Garrison sneered, "Ye Wudao is a fart? I have something to do with you!"
"I played a sword recently! I want to find someone to try the sword! I heard that your kid is quite
capable, so I came to you to practice. Sword!"
"Puff!"
"Cough cough cough cough…"

Hearing what Levi Garrison said so calmly, he was directly shocked to Ye Zhantian.
Coughing non-stop!
Tears came out…
It's hard to imagine that a peerless master would cough like this… It 's shocking!
too exaggerated!
Ye Zhantian never expected that one day he would become a tool man.
There is a Maotou boy who wants to use him to practice sword…
This is too unbelievable.
Things that have never happened before!
He was also unheard of!
He is very strong, but can this be a reason to practice sword?
What kind of sword do you have?
If you let others know, you will probably drop your chin!
Such a provocation to kill Shen Ye Zhantian!
Use him to practice swords? ? ?
Didn't wake up?
Still dreaming?
Ye Zhantian's body was trembling, but he couldn't get angry even though he wanted to be angry.
I even wanted to laugh a little.
It has always been a murderous image in anyone's mind.
Everyone must be afraid of him!
The Garrison family also kept him in a dark cage… After coming to the world, he became even more unscrupulous.
No one can help him.
However, someone who provokes him…
"Who are you… Who are you? From the Tiance Mansion? Or from the Baolong clan?" According to Ye Zhantian's analysis, Levi Garrison should have a very background.
As soon as he checked, Xuanyuan Qingya who was next to him was from Tiance Mansion's kung fu, and even had something to do with Tiance Superintendent.
But Levi Garrison couldn't tell.
Therefore, he judged that Levi Garrison was from Tiance Mansion or Baolong clan.
Levi Garrison shook his head, "Neither! Just use you to practice swords! What is it for? What do you do to investigate the account?"
"Don't worry! I'll keep it up! Just try the sword with you! I will never kill you! Or seriously hurt you. Yes! I can guarantee this! My friend can

also testify!"
Levi Garrison said seriously.
Xuanyuan Qingya next to her also nodded seriously, "I testify! He will never kill you or seriously hurt
you!"
"Puff!"
"Hahahaha…"
Ye Zhantian was amused .
This situation has never happened before!
An unprecedented first experience!
Someone promised not to kill him, hahaha…
Isn't this a guarantee he gave to other people before?
Of course, this is after the opponent becomes his prey…
Doesn't this mean that he is the prey in the eyes of others?
Is it someone's tool toy?
That's why they guarantee this?
provocative!
The biggest provocation!
Now any words of Levi Garrison have become the sharpest weapon, violently provoking Ye Zhantian!
"Very well, boy, you have become the first person I want to kill the most!"
The Return of the God of War [The Protector] Chapter 2497
Ye Zhantian was completely angered!
With his murderous heart, no one can save Levi Garrison.
Not even the king of heaven, Lao Tzu!
"What are you talking about so much nonsense? Come on now! My sword is already hungry and
thirsty!"
Levi Garrison couldn't help it.
But his behavior provoke Ye Zhantian more and more.
"Ah!!!"
"I will definitely kill you!!!" After
Ye Zhantian got angry, his momentum skyrocketed!
It's as if Thor's Hammer is about to crush the darkness…
terrible!
too frightening!
Xuanyuan Qingya felt the terrifying pressure like the sky collapsed, and her body was trembling
uncontrollably.
This is comparable to the aura of her father taking the supreme holy medicine!
Doesn't that mean that Ye Zhantian is a bit better than his father…

even more than…
after all, the supreme holy medicine is terrible!
Ye Zhantian stabilized his father!
Levi Garrison also noticed that Ye Zhantian was better than Tiance God Commander…
it was comparable to the God of Forbidden Land No. 76…
and Levi Garrison could feel the energy fluctuations in his body.
He can become stronger with his fighting spirit and emotions!
It is the best candidate to try the sword!
"Die!"
Ye Zhantian struck down with a punch.
It was as if a Taishan mountain blasted Levi Garrison to pieces by a huge oppression.
The terrifying power and aura directly blocked Xuanyuan Qingya, unable to move…
If she had nothing but death to Shangye Zhantian.
Maybe you can't even practice resistance.
This time I really knew Ye Zhantian's power.
It is indeed the existence that changes the rules of the gods as soon as it appears!
"Well…"
Levi Garrison was excited.
"Boom!!!"
Ye Zhantian smashed a sturdy punch, but was blocked by invisible power just before Levi came.
He couldn't move forward for half a minute anymore, and was blocked tightly.
Block it out of thin air?
There is no real object at all, how did it do it?
Just as Ye Zhantian was puzzled, fluctuations began to appear in front of him, like a stream of water,
gradually showing up.
A long sword finally appeared!
Divine Tribulation has appeared!
It was this sword that blocked his punch!
The power of a punch just now encountered this sword, as if a mud cow entered the sea… it was
gone in an instant!
"Boom!!!"
Suddenly the Divine Tribulation trembled, and the terrible power shook Ye Zhantian away!
"Buzzing…"

Shen Jie began to tremble, roaring excitedly.
Levi Garrison was also very excited.
I finally found someone who could make do with the sword!
"Come on!"
Levi Garrison slashed out with a sword out of thin air!
Did not add any strength and skills.
It is completely God's own power! "
" Presumptuous! ! ! "
Ye Zhantian also put away his contempt for Levi Garrison.
After the sword appeared, he knew it and was extraordinary.
This sword is terrifying.
His figure skyrocketed!
The momentum is like a dragon and a tiger, assaulting the sky!
……
"Boom!"
"Boom!"
"Boom!"
……
Next is the boom!
I have to say that Ye Zhantian is very strong, allowing Levi Garrison to test the performance of the sword
one by one.
Including the use of the power within the
tribulation ... Levi Garrison was just trying the sword, and didn't want to kill him.
Therefore, the two have been in a stalemate…
Levi Garrison is fine, but Ye Zhantian is anxious.
Faced with a junior in this place, he had been fighting for so long, but he couldn't attack it for a long
time.
If this continues, it will definitely become a shame!
"No!!!"
"Isn't he going to try the sword? I ruined it! Defeat him!"
Ye Zhantian had no other thoughts in his mind.
Just want to defeat Levi Garrison.
"Boom!!!"
He suddenly pumped from his body.
A crimson war knife appeared…
"This knife is called Killing Blade! It is contaminated with the blood of thousands of creatures! It is the
most terrifying weapon! The gods of Tiance held the Heavenly Sword and lost to me!

” Today I will take the killing knife to destroy your weapon!” “Come on, tell me the name of your
weapon!”
The Return of the God of War [The Protector] Chapter 2498
After Ye Zhantian pulled out the killing knife, his entire popularity skyrocketed dozens of times.
Personal combat power is at its peak!
That’s right!
Ye Zhantian, who is holding a killing knife, is afraid of everyone in the Garrison Clan!
This is his most terrifying time!
No one can beat it!
At the beginning, the ancient Garrison Clan was able to lock it, first of all, it was successful after he
designed his knife.
Otherwise, it is estimated that he can’t be put into a dark prison!
When the killing blade appeared, Xuanyuan Qingya only felt dizzy and even blank in her consciousness.
Through the knife, she saw the scene of thousands of creatures struggling and the sea of blood, and the
roar of countless resentful spirits could be heard in her ears.
She felt like her soul was sucked into this knife.
As expected to be the killer that defeated the Heavenly Sword!
Faced with Ye Zhantian pulling out the killing knife, Levi Garrison just smiled, “Want to know the name
of my sword? Do you deserve it?”
Tell the truth!
Divine Tribulation is known as the Tribulation of the Gods!
It is aimed at the gods of the gods laboratory!
Ye Zhantian is indeed unworthy! ! !
But Levi Garrison is very interested in killing the sword!
Much better than Heaven Sword and Earth Sword!
Add another sum for yourself to try the sword!
very nice!
Ye Zhan is really good!
Raise your brains and come up with everything to try the sword for yourself!
What a great person!
“Give me to die!!!”
Ye Zhantian has been angered to the most terrifying level.
Holding a killing knife to destroy Levi Garrison.
“Come on!”

Levi Garrison waved out with the Divine Tribulation!
“Clang!!!” The
two artifacts slammed together, making a sharp sound.
If Xuanyuan Qingya hadn’t resisted strongly, she was afraid that she would vomit blood on the spot.
“Boom!”
“Boom!”
… the
surrounding mountains and peaks were all flattened!
The woods burst into pieces…
“Kacha!!!”
Immediately, a clear voice came out.
A weapon is broken!
Ye Zhantian’s face was unbelievable, and the killing knife in his hand was broken in half!
Lost? ? ?
“Puff!” The
next moment, Shen Jie rushed through the broken killing knife, and slashed Ye Zhantian with a sword.
Suddenly blood spurted out.
It was completely absorbed by the divine calamity!
Divine Tribulation was beating with excitement, and it made a roar of swords…
This was the first time Divine Tribulation had seen blood!
It’s a good time to open the seal!
Successfully tried the sword!
Levi Garrison can also be regarded as a stop!
Otherwise, this sword would definitely kill Ye Zhantian!
“Boom!!!”
Despite this, the tremendous pressure of Shen Jie suddenly bends Ye Zhantian’s waist, causing him to
directly kneel to the ground.
Both knees plunged deep into the ground.
Kneeling in front of Levi Garrison!
“Well, the sword test was successful! Not bad!”
Although the target of the sword test is not so perfect!
But after all, he managed to reluctantly try the sword and succeeded.
Especially the appearance of Killing
Sword , to make up for Ye Zhantian’s lack of strength… Otherwise, Levi Garrison will try the sword and
get to Tiance Mansion.
Convene a large group of masters… it

would be troublesome to think about that!
And the effect will not be good!
The effect of Ye Zhantian's sword test this time was really great!
Even Divine Tribulation is trembling non-stop!
Obviously Shen Jie was also excited.
I also feel that the sword test was successful!
"The guarantee I said is here, I won't kill you or hurt you seriously! I've got you a little bit injured!"
"Give him some medicine from the Tiance Mansion!"
Levi Garrison shouted at Xuanyuan Qingya.
Xuanyuan Qingya obediently took out a bottle of medicine and threw it to Ye Zhantian who was kneeling
on the ground!
After doing all this.
Levi Garrison and Xuanyuan Qingya left.
But Ye Zhantian, whose knees were sinking into the ground, was about to cry!
His face was pale and bloodless, and his eyes were all blank and loose after the defeat…
His whole human soul was not possessed… It was
like a walking corpse!
This is the most terrifying state of human beings…the
heart is lost…the
human heart is dead !
The most collapse is but this…
"Ah!!!"
"I was defeated!!!"
"Puff!"
Anxious fire attacked his heart, and a mouthful of blood spurted out!
"I…oo…"
Cried! Ye Zhantian cried!
The Return of the God of War [The Protector] Chapter 2499
right!
That's right!
Ye Zhantian made Levi Garrison cry!
A generation of killing gods actually cried!
unimaginable!
If this matter spreads out, who will believe it?
He was beaten and cried…
cry like a child, as if a lollipop was robbed…
especially to be known by the people in Lingnan just now, afraid that he would drop his chin?

He cried?
How can this be? ? ?
humiliation!
Wronged!
emptiness!
lonely!
A deep sense of powerlessness!
…
This is how Ye Zhantian feels now!
He was so helpless and wronged!
Being played as a toy by others, but there is nothing I can do about it!
Lost!
He unexpectedly has one day of defeat!
Lost to a young man!
Everything that I am proud of is so vulnerable in the hands of others…
This is the
strength, and so is the weapon!
The gap is really too big…a
sense of powerlessness!
A deep sense of powerlessness!
Your enemy is standing in front of you, and you do your best, let alone kill him, it is impossible to get
close!
What's more, you know that your enemy is so powerful that you can't match it in your life…
Just defeating him, even the power of a finger is useless!
What kind of despair is that…
Looking at the medicine bottle on the ground, the picture just now appeared, and the words just now
sounded in my ears.
He is getting more humiliated!
Crying louder!
"Brother, why are you crying? Isn't it just a little skin trauma? Just go to the hospital to bandage and
bandage!"
"It's really not a man! Just a little bit hurt, crying like this?"
"Not as good as my kids… …Cry so loudly?"
…People
passing by saw where Ye Zhantian was kneeling and crying and couldn't help but say.
The words of these people came to Ye Zhantian's ears.
He cried more loudly…

“Trash! What a trash! You cry for this injury?”
“I don’t brag about it! I don’t even cry like that when I see the god of death Ye Zhantian?”
“Me too! Will you cry even if you get hurt? It’s not a man!”
…
More and more people around began to despise Ye Zhantian!
After crying enough.
Ye Zhantian finally stood up.
Now that he is in this state, go to the ten big mountains in southern Xinjiang…
Ye Zhantian picked up the broken killing knife and left dingy.
He returned to the capital…
the capital was bustling at night.
The Garrison Clan bought all the fireworks in the capital and set them off…
there are fireworks all over the capital in the sky…and it’s so lively!
But after Ye Zhantian saw it, he was not happy at all.
On the contrary, the humiliating eyes are all red…
“Huh?? How did you come back, ancestor?”
“Brother, why did you come back?”
… In the
Garrison Clan mansion, seeing Ye Zhantian coming back, everyone immediately surrounded him.
But the range is within one meter.
Only a few elders who came from the ancient Garrison Clan with Ye Zhantian dare to stand closer to
him.
It was Ye Longtian who called Senior Brother Ye Zhantian, who was also Ye Wudao’s master!
Ye Wudao, Ye Lingtian and the others leaned over.
All of them looked at the Killing God in fear.
Even if they belong to the same clan, they are also afraid…
This is different from other people…
But Ye Zhantian at this moment, everyone can see that something is wrong.
The usual hostility and murderous intent on his body is completely gone.
It feels easy to get close…
and everyone faintly feels that he is sad, as if he has been humiliated…
How is this possible?
Will Killing God Ye Zhantian be humiliated?
Who would believe it?

Ye Long day looked at him and asked, "Brother in the end how? Lingnan you not to conquer the land, to
go ten southern mountains, went on to conquer the Hmong do? How come back?"
"Yes, we see that you do not seem to mind high ...Difficult... Did something happen..." the
others asked tremblingly.
For fear of angering this killer god!
Everyone was looking at him in unison. If something goes wrong, there must be a demon!
The Return of the God of War [The Protector] Chapter 2500
At this moment, Ye Zhantian suddenly raised his head, his eyes shot sharp gazes.
Everyone was shocked!
"Nothing!"
"Besides, can you talk about my business?"
Ye Zhantian said.
Everyone in the Garrison Clan shuddered with fright, shuddering!
"For the time being, Garrison Clan is low-key! Don't open up the land anymore, conquer this place, I
want to rest!"
Ye Zhantian left a sentence and left.
He originally thought that when he came out, he would definitely sweep everything.
But who could have imagined that such a strong person would appear in just a few days and be forced
to subdue him!
It seems that this secular world still has a lot to provoke.
Everyone was dumbfounded.
This is not like Ye Zhantian's style at all!
He wants to keep a low profile?
unimaginable!
But this is his order, everyone must obey it!
"Master! The day after tomorrow is the time to clean up Levi Garrison and Levilia, Uncle He..."
Ye Wudao said.
"Well, I'll remind him later..."
Ye Longtian nodded.
"That's right! Master still has that thing...you too..."
Ye Wudao stopped talking.
"Don't worry! Leave it to me!"

Ye Zhantian came to rest in his yard, but Levi Garrison's shadow was always in his mind.
Who is he?
Why is it so powerful?
And where did his weapons come from?
Is it so strong?
……
At this moment.
There was a sound of footsteps.
Ye Longtian is here.
He was the only one among so many people present who dared to come to Ye Zhantian.
After all, the relationship between brothers and sisters.
"What are you doing here?"
Ye Zhantian is very annoying now, and said irritably.
Ye Longtian didn't mean anything, and directly said, "Brother, I'm here to find you two things——First,
deal with Levi Garrison and take away Levilia. The day after tomorrow…"
Ye Zhantian nodded, "Well, I know, personally. I will go! Levi is here to see how arrogant is? And how
high is the child's talent…"
"There is one more thing?"
"The second thing is that I am innocent and Ye The descendants of the clan all want to see and see your
killing sword… You can satisfy their curiosity…"
Ye Longtian said.
"What? Kill the knife… Puff through…"
Ye Zhantian staggered directly to the ground when he heard the word "Kill the knife".
The scene he didn't want to recall in his whole life suddenly appeared in his mind…
Which pot should be opened or not…
This just
stabbed Ye Zhantian's weakness… A stab stabbed his wound fiercely.
"Ah? What's wrong with brother? It seems that you are very excited when you mention Killing Blade?
Did something happen?"
Ye Longtian saw a clue.
Ye Zhantian shook his head, "It's okay…just thinking that these children are so courageous, they want to
see my killer…"

“They are just curious, what does the legendary killing knife look like…Would you like to satisfy their
curiosity? I have promised them, it’s not easy to shirk…”
Ye Longtian looked at the brother pleadingly.
Ye Zhantian was forced to be helpless and had no choice but to agree.
If you don’t agree, I’m afraid the juniors will become more suspicious!
Soon, Ye Longtian gathered Ye Wudao, Ye Lingtian and others, and brought them to Ye Zhantian’s yard.
Everyone gathered in a group, looking at Ye Zhantian expectantly.
“Everyone, be careful! Brother’s killer killed thousands of people and gathered too many resentful
spirits! Standing too close makes it easy to lose yourself and be controlled by the killer…”
Hearing Ye Longtian’s reminder.
Everyone took a few steps back.
“Okay, I’ll take out the killing knife and take a look!”
Ye Zhantian took the killing knife out unhurriedly.
The terrible breath immediately swept the audience.
“Ah? What’s the matter with brother? How did the killing knife break? When did it break?” Ye Longtian’s
startled voice came out…
The Return of the God of War [The Protector] Chapter 2501
Other people, including Ye Wudao, had never seen Killing Dao.
But Ye Longtian still met them!
At this time, the killing knife that Ye Zhantian took out turned out to be broken!
What happened?
Could it be that what happened to Ye Zhantian?
All the killing knives are broken?
As soon as he came back, everyone felt his abnormality!
Combined with the killing of the knife, I’m sure something must have happened.
“Ah? How did the killing knife break? Did you not tell us something?”
Everyone asked.
At this moment, Ye Zhan really wanted to tell the story of how easily he was defeated.
But then I think about it-I represent the ancient Garrison Clan and want to conquer Daxia.
If this matter is said!
It will be a heavy blow to the ancient Garrison Clan!
Everyone’s spirits might be gone.
It can even be said that it directly hit the Garrison Clan’s vitality!

Besides, it has a great influence on his own face…
The king of beasts who used to be the king of tigers roars in the mountains, but he was beaten into a
crying sick cat…
He is also a face-saving person!
I don't want the family, the younger generations are disappointed in myself…
"I will explain the matter of killing the knife and the sudden return of me…"
Ye Zhantian said, "Actually, I broke the knife by myself… Over time, I was too murderous and committed
too many crimes of killing karma! If I continue to kill like this, I am afraid I will become a devil and
become a machine completely!"
"In order to reduce my killing, I deliberately cut off the killing knife. Come back again, be quiet for a
while!"
Ye Zhantian made up his reasons.
Everyone believes it!
After all, no one can defeat Ye Zhantian in the recognition of Ye people!
No one can cut off the killing knife!
This is absolutely impossible!
therefore.
Everyone believes this reason!
"Then Uncle, you don't even go to sanction Levi Garrison the day after tomorrow?"
Ye Wudao asked hurriedly.
He wants to give Levi Garrison and Tiance Mansion a prestige!
If Ye Zhantian didn't go, wouldn't his plan fail?
Ye Lingtian and his ilk also became nervous immediately.
But I can't interrupt their plan…
Ye Zhantian shook his head, "No, I will go! Levi Garrison must be punished! His children must also be
taken away, Tiance Mansion…" When it
comes to Tiance Mansion, Ye Zhan Tian's face changed.
Although he didn't know who Levi Garrison was, he was from Tiance Mansion next to him!
"Tiance Mansion, let's talk about it! Anyway, after the sanctions on Levi Garrison, I need to be quiet for
a while!"
Ye Zhantian needs to stay in seclusion for a period of time to soothe the hurt in his heart.

Levi Garrison's sword test brought Ye Zhantian great pain.
"That's really great!!!"
Ye Wudao and the others got excited immediately after getting an affirmative answer.
Next, everyone began to appreciate the research to kill the sword.
"It's terrifying? It's a weapon that is more powerful than the sword and the sword!"
"Don't
talk about the complete killing knife, it's this half. Looking at the whole world, who dares not accept it?"
"I'm going, I heard countless complaints. The sound of the struggling spirit, my soul was almost sucked
in…"
"Horrible! Terrible! This is the strongest weapon I have ever seen! No one…"
…
Everyone began to praise how powerful the killing knife was… It's just that Ye Zhantian avoided far away.
I don't want to hear the slightest praise about the killing of the sword… the
killing of the sword has been defeated!
The failure was a mess!
"Okay, don't watch it! Get out of here!"
Ye Zhantian couldn't listen anymore when everyone continued to praise him.
If this continues, he can't help but beat others.
Therefore, quickly drove everyone away!
Put away the "shame" killing knife.
"Uncle Uncle remembers to sanction Levi Garrison the day after tomorrow!"
Ye Wudao did not forget to remind him.
"If you want to blame Levi Garrison, you will be unlucky!!!" Ye Zhantian wanted to cast all the anger on
Levi Garrison.
The Return of the God of War [The Protector] Chapter 2502
After visiting the killing knife.
Everyone sighed!
Especially Ye Wudao and Ye Lingtian and his ilk.
For their strong heart is reinforced!
"Hey! Takitani Kuroki is dead too fast! I defeated me at the beginning, I took a sigh of relief! Move

directly to the ancients to rescue soldiers! If he lives! His diamond body can block the killing knife?
Impossible !"
Ye Wudao sighed.
In fact, Ye Zhantian and the others came to kill the gods, and it also had something to do with Ye
Wudao's relocation of soldiers.
"That's for sure! No matter how hard he encounters the killing knife, he still has a dead end!"
Ye Lingtian and the others nodded one after another.
"It would be great if I had a killer at the time! Takitani Kuroki still wants to beat me? Impossible!"
Ye Wudao has a obsession with killing a sword.
I want it!
Ye Lingtian asked curiously, "Little ancestor! Why didn't you choose to kill the gods to be your master?
Although the ancestor Ye Longtian is also strong, he is not at the same level as
that of killing the gods!" Everything about his practice is for killing! The family is afraid that I will become
a monster! So I won't let me learn from him!"
"Hey, but I really want to worship him as a teacher! Only by worshipping him as a teacher! I can have
the chance! Defeat the Marshal Tiance! I heard that Marshal Tiance is practicing King Kong not bad
magic
skills recently! If I get the killing sword and worship the god of
death as my teacher, then I can defeat the marshal Tiance… otherwise the gap between me and him will
only be It's getting bigger and bigger!"
Ye Wudao said his thoughts.
He has always regarded Tiance Marshal as his opponent!
"Or! It is possible for me to worship the Dark God as my teacher! Despite the rumors, the Dark God lost
to the God Commander Tiance, but I heard another version. The Dark God won…"
Ye Wudao said.
Ye Lingtian comforted, "Little Ancestor is in no hurry! Let's wait for Levi Garrison to be sanctioned!"
"Yeah!"
… At
this time, Levi Garrison actually did not return to Jiangbei.

He knows again through intelligence.
There is a temple in the depths of the snow-capped mountains in the north.
There is an indestructible bell in the temple!
He specifically ran to split…
he heard some indestructible armor and so on.
Levi Garrison ran to experiment one by one…
Two days have passed back and forth… It
will soon be time for the Garrison Clan to punish him.
At the gate of the Garrison Clan in Beijing, a large army gathered.
Ye Zhantian, who had been slowing down for two days, was in a good mood.
Follow the big army to Jiangbei!
Great summer sensation.
Everyone is trembling!
Levi Garrison, who was related to Tiance Mansion, was about to move after all!
There is a killer!
Who is not afraid?
On the other side, in Jiangbei Villa.
After sending Levilia to Tiance Mansion, Zoey and the others returned.
After the result came, Levi Garrison was not there.
Just got the news that Garrison Clan's large force is coming soon.
Zoey and others are going to die of anger.
"Let's see! Levi Garrison ran away! How awesome he was when he said it? He asked Levilia to stay too.
Who would dare to touch his daughter as a genius? The result? After the mouth addiction, the man ran
away and disappeared! "
Everyone sneered.
"It seems that after we left, he and Xuanyuan Qingya left. I don't know where they went… if they don't
come back now, then he won't be back."
"Immediately! The Garrison Clan and the Killing God are here! The person involved is not here!" It's up
to us to bear everything!"
"So, Levi Garrison is really not a human being!"
…
Li and Zhao's family was going to be furious.
"I have to say, the boss is too much! Besides, it was predicted that he was right! Many people had
predicted that he was going to run a few days earlier, and he really ran away!"

Azure Dragon (Qinglong) and the others said dissatisfiedly.
Xiao Feng and the others were also very angry.
"I really want to sever the relationship between the teacher and the apprentice…"
Even Levi Garrison's closest person lost confidence in him.
"Report! Garrison Clan has entered Jiangbei! Coming soon!" The news came, and Zoey's face was ugly. "Everyone leave! I will take care of my husband alone!"
The Return of the God of War [The Protector] Chapter 2503
Zoey didn't want to see other people, because of Levi Garrison's reasons, he was hurt by the slightest.
So she has to face it alone!
Anyway, this situation is not once or twice.
"Parents, grandparents, you all go! Hurry up! Get out of here! The sooner the better!!! I won't be able to leave any more late!"
Zoey urged.
Li and Zhao heard the words and ran away immediately.
Join Telegram Group For Fast update
This matter has nothing to do with them, why are they waiting to die here.
Levi Garrison's own affairs ran away by himself.
Why are they waiting here?
Join Telegram Group For Fast update
Not stupid…
Li and Zhao's family listened very much to Zoey's words, and ran away one by one.
Next, Zoey looked at Azure Dragon (Qinglong) and the others and said, "You too, leave now? This matter has nothing to do with you! Once the Garrison family gets angry, none of you can leave!"
Azure Dragon (Qinglong), Xiao Feng and the others immediately stated, "It's okay! This is the boss's. It's our business!"
"Besides, we can make my sister-in-law in danger alone? We are with you!"
"Yes! We are together! Everyone advances and retreats together!"
…
everyone shouted.
Zoey was moved and sobbed quietly.
These brothers and apprentices of Levi Garrison were all good…at the critical moment, no one was afraid to shrink back.
Knowing that the enemy is coming, but still facing with myself!

“I know what your character is! I am very grateful to you too! But this time he caused the disaster! There
is no need for you to pay for his mistakes! Leave quickly! I don’t allow you to stay here!”
“He ran away by himself, you don’t have to bear anything here for him! People don’t necessarily accept
your love! Leave me quickly!”
Zoey said.
“No! Abandon him! If you, Master, are someone we respect! We won’t abandon you here alone!”
Xiao Feng said.
The others nodded.
“You call me sister-in-law, call me mother-in-law, you have to listen to me! Leave! Get out!”
Zoey was mad and forced everyone to leave.
Azure Dragon (Qinglong), Xiao Feng and the others had no choice but to leave.
“Want to run? No one can run away!!!” At
this moment, a humming sound came.
Ye Wudao was already standing on the height of the villa.
“I knew you were going to run away! I had already laid a net in Jiangbei!”
Ye Wudao laughed.
On the other side of the gate, I saw a group of people slowly retreating back.
It was the Li and Zhao family who ran away just now.
Unexpectedly, they didn’t even leave, they were all driven back one by one.
I saw Ye Lingtian alone forced them back!
There is a strong momentum for a man to be invincible!
“Actually, Xiaozu and I have been in Jiangbei long ago! They just set off from the capital this morning just
to kill the gods!”
Ye Lingtian explained.
“What to do? Do you want to kill it?”
Everyone looked at each other!
“Want to kill? Ha ha ha…”
Ye Wudao smiled.
Suddenly he fell from a height, half-kneeled on the ground, and shouted, “Welcome Uncle!!!!”
Outside the villa, a group of people came.
The Ye people have arrived.

Killing god Ye Zhantian, Ye Longtian and other masters are all in… The terrible pressure is like the pressure of a mountain.
Everyone in Zoey felt the majestic pressure, his legs and feet couldn't move, and even breathing was
difficult.
Especially after Ye Zhantian glanced at the audience.
Everyone feels that the scalp is numb, and a chill rushes from the soles of the feet to the sky!
The blood freezes like an ice cellar…
Is this the coercion to kill the gods?
Zoey swallowed fiercely!
so horrible!
Sure enough, it is the existence above the gods list!
too frightening!
Not what they can contend!
Ye Zhantian was frustrated and depressed these past few days, and he just needed to vent.
Therefore, his breath is full, covering the audience! It's so crushing that everyone is going to explode,
and the bones are going to be broken…
The Return of the God of War [The Protector] Chapter 2504
After Ye Zhantian arrived, he said coldly, "Where are Levi Garrison and his children? Come out!"
"Today the ancient Garrison Clan is here! Two things!"
"First, take my blood of the ancient Garrison Clan, Levilia Bring her back to train! Don't let her continue
to wander outside! Such a good talent is wasted!"
"Secondly, Levi Garrison killed his brother and imprisoned his biological father! He also sent the family
to hell! Repeated violations of the Garrison Clan rules! The heinous crimes committed are enough for
him to die a hundred times! This time, he will be punished!"
Ye Longtian said beside him.
Many members of the Garrison Clan were trembling, and they had waited too long this day.
In their opinion, it was Levi Garrison who personally drove them into hell, causing them to roll down
from the altar.
Holding a breath for a long time, I can finally vent today.
"Are you ready to ambush your sins?"
Ye Wudao pointed to everyone.

Plum leaf fight looked stained Heaven "First, how my daughter had kind of life she has the right to selfselection!
Now she had in the days of the government policy! If you have the ability to go find someone
to-day government policy it!"
"Heaven Cefu…cough cough…"
Ye Longtian and the others changed their expressions when they heard this name.
They are not afraid of this existence, but they are afraid.
Although this is a bit contradictory.
But it is so.
They were not afraid but they were afraid…
the feeling was very subtle…
Ye Zhantian's body also shook slightly, but immediately he roared, "What's wrong with Tiance Mansion?
After solving the problem here! I will go to Tiance Mansion." VIPs! I think who can stop me?"
This is actually the onset of sequelae after being defeated by Levi Garrison!
He was so stupefied like this!
He has suffered all the humiliation!
This is more painful than death!
Don't be afraid of death!
What else is there to be afraid of?
In order to vent his anger, he decided to fight it out!
Die to die!
Even if you die, you have to touch Tiance Mansion!
He was in a state of madness to a perverted state… he was completely free…
He was in a state where he was free, like a demon god descending into the world!
It shocked the audience! ! !
Everyone feels a sense of oppression from the depths of their souls…
this breath alone can crush them! Not to
mention head-on head-on…
that's impossible!
Powerlessness!
That is a deep sense of powerlessness!
But Zoey was in a cold sweat and gasped, "Second! My husband Levi Garrison has left! I will take care of
all his affairs!"
"Levi Garrison ran away?"

Ye Wudao asked.
“Hahaha…really ran away!”
“I really laughed at me! Shocked tortoise! Greedy for life and fear of death!”
… As
soon as I heard Levi Garrison ran away.
Everyone laughed.
“So persuaded? Just ran away?”
Ye Zhantian sneered.
“Uncle uncle heard your prestige! Who is not afraid? Not just Levi Garrison ran away! Even the group of
people present are also running away! But we just happened to be stopped by us! Otherwise, there will
be no one in this place!”
Ye Wu Tao explained.
Zoey said coldly, “I will always be there! My husband is not here! I will bear the consequences! I am not
your opponent! If you want to kill, you have to kill you!”
Ye Zhantian glanced at everyone, “Levi Garrison is not there. Right? All of you are related to Levi
Garrison, right? Okay! Then you will bear the heinous crime of Levi Garrison! None of the people present
will be alive!” The
words came out.
Li and Zhao’s family was scared and crying.
“Puff!”
Li Songkui, Li Wenhai and others knelt to the ground one after another.
“Please kill the god Mingjian! We have nothing to do with Levi Garrison!”
“We always hate him! He must die!”
“Yes! Levi Garrison will pay for his actions!” “Just kill the god and let us go, Let’s go and arrest Levi
Garrison right away! I beg you to let us go! This matter really has nothing to do with us…”
The Return of the God of War [The Protector] Chapter 2505
Look at the selfish performance of Li and Zhao’s family.
Everyone can only sigh.
They are not to blame for the plum dyeing.
After all, this matter really has nothing to do with others!
It’s all about Levi Garrison alone!
There is no need to take his life for Levi Garrison!
What they did is right!

Support!
At this time, Ye Lingtian also said, "The ancestors have always been at odds with Levi Garrison! This
matter has nothing to do with them!"
Ye Wudao also agreed, "This is indeed true! They hate Levi Garrison!"
Hearing this, Ye said. Zhan
Tian said coldly, "Okay, as long as they kneel down and knock three beeps! I will let them go!" Hearing
Ye Zhantian's words, everyone was released!
Li and Zhao's family immediately knelt on the ground, and began to bang their heads at Ye Zhantian.
In order to survive, they could have done nothing at all.
What is it to just kowtow now?
What's more, Ye Zhantian's seniority is so high, even Li Tianhao has to call out the existence of Xiaozu.
What is it to kowtow to him?
"Okay, you're all right! Get out of the way!"
Ye Zhantian said coldly.
Li and Zhao's family all dodged aside…
Zoey took a deep breath, "Can you let them kowtow too, so as to avoid death?"
She didn't want Xiao Feng and the others to die in vain.
"No! Master, let's advance and retreat together with you! Afraid of what they do? The big deal is to do
it!"
"Yes, we are not vegetarian!"
"Even if he is a tiger, he has to break a few teeth!"
…
Everyone expressed their views.
Zoey couldn't stop it even if he wanted to.
"Good! Very good! I appreciate it!"
"Then all die!"
Ye Zhantian said coldly.
Ye Wudao laughed and said, "When can you hide Levi Garrison? Since you abandoned them, kill them
first!"
"Come on! Let's see how strong the Garrison Clan is!"
Everyone has done it. Well prepared for battle!
It's a desperate battle!
now.
Tiance Mansion.
Levilia is already anxious like an ant on a hot pot…

She knows that the Garrison Clan has already been crushed by a large army at the moment, and the
mother and the others are in danger.
The father is not there, and the mother is solely responsible for it.
She went by herself and was definitely not Ye Zhantian's opponent.
Therefore, she asked for help from the gods of Tiance.
The result was rejected by Tiance Shenshuai.
His reason is simple-they don't interfere with this matter, and they can't handle it.
Only if Ye Zhantian called Tiance Mansion, they would take action.
Things outside have nothing to do with them.
Not only that.
The god commander Tiance also gave an order not to let anyone help.
Several masters including Levilia could not leave Tiance Mansion either.
In this way, Levilia could not invite any reinforcements to save people.
Tiance Shenshuai also trapped her.
Don't let her leave Tiance Mansion.
Levilia is about to explode, but there is no way.
…The
field has entered a white-hot state.
Zoey and the others were already looking at death and they were ready to fight Ye Zhantian desperately.
"Levi Garrison, you have no conscience! Where did you go???? Leave your wife and brothers and
apprentices behind to face the difficulties!"
"You are really not a human! You and other women ran for a happy life! But you want something else!
People bear your fault! You beast!"
"Levi Garrison has an accident with my daughter today, and I will definitely take your head in the
future! You are not a thing!"
"Yes! If you are a man, Levi Garrison! Come out and bear it!"
…
Seeing the crisis, Li Wenyuan and his wife felt sorry for their daughter and shouted angrily.
Ye Wudao and Ye Lingtian laughed after listening.
"Only you are fools! Levi Garrison is a smart person! When I heard that the ancient Garrison Clan
wanted to do him, I guess the escape location and route had already been designed!"
Ye Lingtian sighed, "I guess when I heard the strength of the ancestor, I immediately scared away. I don't

dare to fight!" "Does Levi Garrison have the strength to fight with me?"
The Return of the God of War [The Protector] Chapter 2506
At this moment, a voice came from far and near.
Like the thunder in the depths of the void.
This voice seemed to burst into everyone's ears suddenly.
It shocked everyone in the audience.
It's really like a thunder.
Ye Lingtian and Ye Wudao almost jumped up in fright.
Zoey, Xiao Feng, Azure Dragon (Qinglong) heard familiar voices, their expressions changed drastically.
"Boss!"
"Master!"
"He's back ????? "
"We blamed him!"
...
Knowing that Levi was coming back, Xiao Feng and the others cried with joy.
I really want to cry.
When Levi came back, it was different.
Even if he doesn't have the strength to solve everything in front of him.
At least stand with
everyone and go forward and retreat together... Even if everyone is dead, they are still smiling and
walking the Huangquan Road!
Zoey laughed when he heard a familiar voice.
he came!
He was not absent at the last moment!
Even death is worth it!
...The
Garrison Clan members also changed color one by one...
just now they were still ridiculing Levi Garrison.
As a result, someone suddenly appeared!
"Huh? This voice?? At least a hundred miles away..."
Ye Zhantian and Ye Longtian were the most sober people in the field.
They were surprised to find that this voice came from at least a hundred miles away...
Calculate according to the distance!
This person is still outside Jiangbei! ! !
fear!
Isn't it horrible?
Feel the pressure!
Everyone's faces have changed!

“Huh? Why does this sound sound a bit familiar…”
Ye Zhantian muttered to himself.
Hearing this sound, I felt very familiar, as if I had heard it somewhere.
Want not up ……
“Ye monarchs come! Ye monarchs turned out to be!”
“Boss he did not run away! He comes! I will not let anyone boss a slander again!”
“Yes! Who then slander Master one, I told He desperately!”
…The
people around Zoey became excited.
Zoey straightened his waist and faced Garrison Clan.
She was not afraid at first, but now she is not afraid!
The Li and Zhao family standing nearby also looked ugly.
Originally they believed that Levi Garrison would never come back, who would have thought that he
would come back at the last moment.
But they are also mocking Levi Garrison’s brain disease!
Isn’t it just to die when you come back at this time?
The brain is sick!
People like Li Songkui, Li Wenhai and others still couldn’t understand Levi Garrison, Zoey, and Azure
Dragon (Qinglong)’s death.
They don’t think it’s worth it…
“What’s the situation?”
Ye Zhantian couldn’t help asking when seeing everyone’s changes.
“The ancestor is Levi Garrison who is back…it just so happened… I originally wanted to solve this group
of queen ants, and then look for them!”
Ye Wudao said immediately.
“Ah? Come back? Exactly! I’m really curious about what kind of Levi Garrison who committed the
heinous crime?”
Ye Zhantian was very curious.
The others, Ye Longtian, were also very curious.
“Well, don’t move them first, just wait for Levi to come! It seems that this kid has two chances!”
“It’s better to be stronger, otherwise it’s too boring…”
Garrison Clan decided not to do it for the time being.
Waiting for the arrival of Levi Garrison.
According to their judgment, Levi Garrison was outside Jiangbei and it would take a while to come here.
But the next moment, two figures already appeared.

*“f*ck, I went to the depths of Antarctica! Hurry up, I’m still late!”*
Levi Garrison’s voice had already been heard before the person arrived.
In the past three days, he and Xuanyuan Qingya ran around the world.
They are everywhere.
Isn’t this?
All came back in a hurry!
“Well, it’s too tiring to rush back like this…”
Xuanyuan Qingya also said.
“Huh?” The
more familiar…
this woman’s voice is also so familiar!
It was only for a while that Ye Zhantian’s mind was confused.
I really can’t remember who it was…
With the voice, Levi Garrison and the two walked in.
“I heard that someone wants to punish Lao Tzu, Lao Tzu see who it is?”
Levi Garrison said arrogantly.
The Return of the God of War [The Protector] Chapter 2507
Levi Garrison’s arrogant appearance had to be before, so he was so angry that Zoey could stain them.
The incompetent yelling who thinks it is the weak… But
now it is arrogant, in everyone’s opinion, it is very domineering and mighty!
Is a kind of unyielding performance!
Seeing Levi Garrison, Ye Wudao, Ye Lingtian and others were extremely angry.
Everyone in the Garrison Clan clenched their fists subconsciously when they saw this familiar face!
They will never forget this face.
Ye Longtian watched them one after another.
Including Ye Zhantian’s eyes also swept over.
He happened to look at each other with Levi Garrison.
The eyes are facing each other, as if everything is frozen.
Ye Zhantian was stunned, his whole body motionless.
“Boom!!!”
His pupils suddenly enlarged, looking at Levi Garrison carefully.
Confirm again and again! ! !
He looked at Xuanyuan Qingya next to him again, and carefully and repeatedly confirmed.
His breathing is getting faster and faster, and his chest rises and falls sharply.
At last it was so nervous that it was suffocating!
I’m going to cry!

The blood color on Ye Zhantian's face disappeared completely, and his face was extremely pale, whiter than a piece of white paper…
His whole body was wetted with cold sweat earlier, and his clothes were soaked.
His face was covered with fine cold sweat, and his head was still breathing.
It's them!
It's them!
Ye Zhantian was so scared that his soul was not possessed, and he was going crazy.
His face was full of horror… the whole person was shaking.
But everyone's attention was on Levi Garrison, no one paid attention to him.
I didn't see him so terribly frightened…
"It's you! Are you here to try the sword again?"
Levi Garrison said with a smile.
"Kacha!"
"Pouch!" As soon as Levi Garrison said this, the chair Ye Zhantian was sitting on suddenly burst.
He sat on the ground staggeringly … The huge movement attracted the attention of the audience.
Everyone looked at him without blinking.
What's wrong?
The quality of the chair is so bad?
It broke apart all at once?
But the point is that someone with such a strong killer would still sit down on the ground… I can't understand it!
unimaginable!
There will be this scene!
A strong man who overwhelmed the gods' ranking actually broke his chair and sat down on the ground…
"I, I, I…"
Ye Zhantian stammered and made a trembling sound.
He sat on the ground and backed away in horror.
Even more, he dared not look at Levi Garrison and Xuanyuan Qingya.
"What's wrong?"
Everyone is wondering what happened to Ye Zhantian?

Why are you so frightened?
Could it be that Ye Zhantian was thrown to the ground for fear of losing talent?
But indeed!
Ye Zhantian fell to the ground, it is indeed insulting to kill the gods! unusual!
It's abnormal!
But not really!
A generation of killer gods will fall?
Still scared like this?
Levi Garrison sneered, "Is your mental quality so bad? I don't think about you. Look at you like that!"
Xuanyuan Qingya echoed, "Well, I was so scared that I was so scared!"
"Levi is here for you. Hugh is rampant! What does this have to do with you? Are you scared? Do you
have that ability?"
Ye Wudao said immediately.
"Yes! Levi is here for you tortoise with a shrunken head! Only then did you appear!"
Ye Lingtian also mocked.
In order to avoid embarrassment, everyone quickly helped Ye Zhantian up.
Ye Longtian saw a hint, and quietly leaned in Ye Zhantian's ear and said, "Brother is okay…"
Ye Zhantian calmed down his emotions as much as possible, and said in a low voice, "I…I'm okay… I
might be too murderous. Heavy influence…"
"That's good! I don't seem to be normal lately! It should be that your practice may be on the verge of
getting into trouble…"
Ye Longtian said.
"It should be so!"
Ye Zhantian lowered his head, not daring to look at the two Levi Garrison.
He didn't dare to tell everyone that it was because he was afraid of Levi Garrison. Seeing that Ye
Zhantian was okay, Ye Wudao immediately pointed to Levi Garrison and said, "Uncle, this is Levi
Garrison! This is the person we want to sanction!"
The Return of the God of War [The Protector] Chapter 2508
Not only Ye Wudao, but also Ye Lingtian and other Garrison Clan members excitedly shouted, "Levi
Garrison, your death date has come! The ancestors of the ancient Garrison Clan have listed your heinous

crimes! You must be punished!"
"Sanction Levi Garrison ! ! "
" Ye sanctions monarchs! "
……
people have shouted.
Seeing Ye Zhantian still bowing his head, Ye Wudao pushed him immediately.
"Uncle, look, this is Levi Garrison! It was he who killed Ye Chen! It was him…"
"Pop!" It's
just that Ye Zhantian suddenly slapped Ye Wudao's face.
This slap is too powerful.
Ye Wudao flew out with a slap.
Destroying a large piece of woods behind…
"Puff!"
"Puff!"
…
Ye Wudao, who fell to the ground, trembled violently, fell to the ground and rolled, turning round and
round!
Blood was gurgling in his mouth…
His face was bloody … His
muscles and veins were broken…
Half dead!
Ye Wudao was slapped and half dead by the killing god!
This is due to Ye Wudao's strong strength, otherwise he will definitely die under the unreserved blow of
Killing God!
Ye Zhantian was really angry!
Could he not know Levi Garrison?
That was the person he was most afraid of, and the first person to defeat him!
In the end, where did Ye Wudao keep pushing!
Ye Zhantian was completely enraged, and he didn't leave his hand with this blow!
Almost killed Ye Wudao!
Senseless!
Everyone in the room was dumbfounded!
No one thought that Ye Zhantian would do it, but Ye Wudao would still fight it!
Why?
What's the matter?

Everyone does not understand!
Even the ancestors of Ye Longtian didn't understand it!
Will Ye Zhantian beat Ye Wudao?
impossible!
Zoey, Azure Dragon (Qinglong) and Li Zhao's family became even more confused.
Ye Zhantian didn't deal with Levi Garrison, so he hit Ye Wudao?
Are you still so cruel?
Ye Wudao was going to be beaten to death, right?
Why is all this?
Could it be that killing God is moody?
Is your temperament hard to figure out?
Ye Longtian was about to ask the reason, but Ye Zhantian suddenly got up!
"Huh?"
Everyone wondered what he was going to do?
"Pop!"
Ye Zhantian suddenly came to Ye Lingtian, slapped Ye Lingtian's face with a slap.
"Puff!"
Ye Lingtian flew out directly, like a kite with a broken line.
This slap was not as fierce as the killing of the gods just now.
But Ye Lingtian's half-life is also going to be taken!
"Pop!"
Killing God didn't stop.
Another slap slapped Ye Tianlin away!
"Slap!"
Another slap slapped Ye Kuanglan away!
...The
killing god is still going on!
Slap and slap on the face of every member of the Garrison Clan!
And these people are the people who just called out to punish Levi Garrison!
Judging from the posture, Ye Zhantian would not let anyone go.
Ten!
...
Twenty!
...
Fifty!
...
one hundred!
...
Three hundred!

…
Four hundred and eighty-six people!
In addition to Ye Zhantian and other Garrison Clan members, a total of 486 people came!
None of the 486 people are standing now!
Ye Zhantian tirelessly slapped one by one, and slapped all the more than four hundred people away.
Everyone drew half to death…
Without the magic medicine, people like the Garrison Clan would have to cultivate for several years
before recovering…
Even after recovery, whether the strength can reach the previous level is a question.
In particular, Ye Wudao and Ye Lingtian were the most injured in the front!
They may still be life-threatening…
Even if they recover, their strength will not be able to return to their peak state in a short period of time.
Need to come to rescue… the
key is not to figure it out!
Everyone can't figure it out!
Why did Ye Zhantian do it?
Instead of hitting Levi Garrison, all the Garrison Clan members were drawn once! ! !
I can't figure it out after racking my brains!
The most dumbfounded is Zoey and the others…
It seems that after Levi 's arrival, this murderous god's temperament has changed drastically! Ye
Zhantian scanned the audience, "Who would dare to say another sentence of sanctions against Levi
Garrison? Who else?"
The Return of the God of War [The Protector] Chapter 2509
The audience is dead!
silence!
Everyone fell silent.
Where else would anyone dare to speak?
All the people who had just spoken fell to the ground and rolled in pain, dying…
no one dared to say anything while standing.
shocked!
Everyone in the
room is numb… Everyone has a question in their minds-why? ? ?

Why
did Ye Zhantian act on his own people for no reason… he didn't show any mercy at all, and he almost
killed Ye Wudao.
Didn't he come to deal with Levi Garrison?
After seeing Levi Garrison's temperament, why did he act on people like Ye Wudao?
unusual!
It's abnormal!
Everyone can't understand it anymore!
I don't understand the reason at all…I can't understand it
!
Everyone looked at Levi Garrison subconsciously!
There is no reason…
Levi Garrison can't let Ye Zhantian beat Ye Wudao and the others… It's impossible!
What magic can he have?
He doesn't have this background and strength either?
Is it Xuanyuan Qingya?
Do not!
Ye Zhantian also said just now, he didn't put Tiance Mansion in his eyes.
A Xuanyuan Qingya would not let people have such a big reaction… I can't figure it out!
Zoey's heads exploded, and they couldn't think of a reason.
Even Ye Longtian's elders of the ancient Garrison Clan can't figure it out…
That's right!
Ye Zhantian had an uncertain temperament, and he was easy to go and kill.
But they get along with Ye Zhantian day and night, and he goes crazy, no one can stop him.
But I never deal with my own people!
He has always had this sense!
I love Ye Wudao even more…
How can I make a heavy hand?
Impossible… If
something goes wrong, there must be a demon!
But what was the specific situation, they saw it
all at once… "Go! Go all!"
Ye Zhantian left.
Go faster and faster, and finally run.
Instantly disappeared without a trace… It

was like seeing a natural enemy, running as fast as
they could… Ye Longtian and the others were dumbfounded, but they still followed immediately.
"By the way, they will all take it away!"
… In the
end, nearly five hundred Garrison Clan members helped each other to leave.
As for Ye Wudao, Ye Lingtian was dragged away like a dead dog.
Even if people have been away for a long time, everyone is still in a daze.
What happened?
Have such a big change?
Didn't you come to sanction Levi Garrison?
Levi Garrison is fine, why did he leave?
Did not understand!
No one really understood this wave!
Azure Dragon (Qinglong) frowned and analyzed, "I guess that Ye Wudao and the others went on their
behalf and didn't see clearly their status, came to command and order to kill the gods… I guess this kind
of behavior angered the gods…"
This said.
Everyone immediately thought that Ye Wudao, they were really dominating Ye Zhantian, they frantically
told him that it was Levi Garrison, and they frantically asked Ye Zhantian to sanction Levi Garrison.
Such behavior angered Ye Zhantian is also normal.
Everyone thinks Azure Dragon (Qinglong)'s explanation is reasonable.
Ye Wudao and others violated the majesty of the god of death, and the god of death taught them.
Feeling embarrassed in front of outsiders, so he left.
The analysis is too reasonable.
Absolutely!
Thinking of the scene of just killing the gods, everyone felt shocking.
Everything is terrible!
If Ye Zhantian started to attack them, none of them could escape.
It can't fight at all.
"Do you think Ye Zhantian will come back again?"
Kirin (Qilin) asked.
This is also what everyone is worried about…
This time the crisis has been avoided, but what about next time?
Following the Garrison Clan's style of doing things, he would never let Levi Garrison go!

“No!” The
voice sounded, but Levi Garrison said.
“Why?”
Everyone asked puzzledly.
“Because he is afraid that it will be too late, let alone trouble me!”
Levi Garrison said.
“Ah? Afraid? What is Ye Zhantian afraid of? He is not even afraid of Tiance Mansion?”
Everyone became more confused. “He is afraid of me!”
The Return of the God of War [The Protector] Chapter 2510
“It’s because I’m afraid of me! When I saw me, I beat Garrison family! Then I ran away dingy!”
After hearing Levi Garrison’s explanation, everyone was stunned.
Will the killer be afraid of Levi Garrison?
How can it be?
This is impossible!
Ye Zhantian’s strength, everyone has just experienced deeply.
For the strong of the gods, it is a spike!
Ye Wudao’s level was slapped like that.
Levi Garrison couldn’t even compare to a bug in the face of Killing God.
Everyone just assumed Levi Garrison was joking…on the
other side.
Ye Longtian’s analysis was similar to Azure Dragon (Qinglong).
There is a high probability that Ye Wudao’s behavior on behalf of others infuriated Ye Zhantian!
After the Garrison Clan returned to the capital.
The members of the clan were shocked and frightened.
Why did he go out to punish Levi Garrison, but brought back a bunch of wounded?
At this moment, Ye Zhantian spoke.
Bring everyone together.
“I want to say two things…”
“First, use all the medicines brought out by the clan on them! I will personally treat Wudao, Ling Tian
and the others!” The
words came out.
Everyone was surprised.
What exactly is Ye Zhantian doing?
I just wounded everyone, and after I came back, I have to spend a lot of effort to save?
What are you doing?
The key is not in line with Ye Zhantian’s style!

If he did something wrong, he would kill the wrong person.
It's even more impossible to come back to save someone like this.
This is not his style!
strangeness! too weird!
Ye Wudao and Ye Lingtian, who were dying, did not understand the act of killing gods.
It seems that after Levi Garrison came, he changed…
You are angry to vent to Levi Garrison!
What are you doing to vent to us?
Save us after it's done?
Is it idle?
"Secondly, from now on, all the members of the Garrison Clan will stay honestly, not to trouble Levi
Garrison and Levilia! Let me know, kill without mercy!"
Ye Zhantian said .
Immediately, many people asked, "Why?"
"Levi Garrison is a sinner of the Garrison Clan, and deserves to be punished by all the rules of the clan!
And Levilia is my Garrison Clan bloodline, how can I be cultivated by others?"
Even Ye Longtian didn't understand. NS.
"Do you dare to question my decision??" As
soon as Ye Zhantian said this, the voice of doubt immediately disappeared.
Everyone shut up obediently.
"Listen! My decision is also the decision of the ancient Garrison Clan! I don't want to hear the voice of
questioning and questioning…"
No one in the Garrison Clan dared to question or other.
Healing the wounded hastily… After
Ye Zhantian returned to his detached house, he began to gasp for breath.
He even sat down on the ground, his whole body was wet with cold sweat…The
whole body was trembling with both legs, and he couldn't stand up.
The front is really strong support!
Forced him to finish fighting everyone in the Garrison Clan, and forced him to return to the capital.
After separating from the Garrison Clan, his tone came to an end.
Finally couldn't hold it anymore.
He never thought that Levi Garrison was the one who tried the sword…
How powerful Levi Garrison was, it was definitely not something he could detect.
But he can easily defeat himself.

As long as that sword is a little bit harder, he will undoubtedly die!
too frightening!
Fortunately, he responded quickly.
Smoking Ye Wudao and the others one by one…
and escaped as quickly as possible.
If I continue to stay there, I really don't know what will happen.
Ye Zhantian couldn't imagine…
He felt a little moist in his eyes … He
cried again!
Did God play with me on purpose?
The enemy I have to deal with turns out to be the one who defeated me?
The more Ye Zhantian thought about it, the more frustrated he was, and he couldn't make a sound of
crying.
The whole person was struggling to get up,
but he failed several times… he felt a little peeing even more.
To be scared to pee.
A figure in the distance was watching here, and he walked step by step.
"Brother, I found out that something was wrong with you a long time ago, what the hell is going on, tell
me!"
It turned out to be Ye Longtian. "Don't hide it from me!"
The Return of the God of War [The Protector] Chapter 2511
"You…when did you come?"
Ye Zhantian asked tremblingly.
He was so nervous and afraid that he didn't even notice Ye Longtian.
This was impossible before!
If Ye Longtian were the enemy to assassinate him, he would definitely succeed. Ye Longtian sighed,
"Brother, actually, I have already noticed that you are abnormal! Killing the knife broke your
explanation, right? You have a logical error! You know the material of the killing knife better than
anyone else? It is indestructible. ! Even you
can't interrupt it.
I guess, your killing knife was interrupted by someone, right?"
Although Ye Longtian felt that this might be almost zero.
But it is still possible!
He asked subconsciously.
Unexpectedly, Ye Zhantian nodded, "Yes, that's right! I didn't break the killing knife myself! I didn't
break it by myself! It was interrupted by others!"

“Ah?”
“Really?”
Ye Long The sky was shocked and scared.
Was it really interrupted by someone else?
“He has an Excalibur that is a hundred times stronger than mine, and can easily cut it off! This is not the
key! It is his strength! He can easily defeat me! It feels useless at all. The power of one defeated me!”
“The reason he was looking for me was to try the sword…”
…
Ye Zhantian told Levi Garrison all about the fact that Levi Garrison asked him to try the sword.
Ye Longtian was shocked…
this, this… will
Ye Zhantian lose?
He really couldn’t think of anyone else from the ancient Garrison Clan who could deal with him?
There is such a person in the world who can easily defeat Ye Zhantian.
“Do you know who defeated me?”
Ye Zhantian asked.
“Sho… shouldn’t it be Levi Garrison?” For some
reason, Ye Longtian came up with this name in his mind.
“Yes! It’s him!”
Ye Longtian understood after hearing this.
Everything is understood.
Ye Zhantian understood a series of abnormal actions…
In fact, he didn’t really want to kill Ye Wudao and the others.
He is protecting the Ye people!
If it hadn’t been for him to protect like this, I’m afraid the Ye people would have finished it today.
Even the ancient Garrison Clan will be implicated.
Wise move!
Now think about what Ye Zhantian has done absolutely!
“I really didn’t expect the secular Garrison Clan to have such an existence against the
sky ! Even the ancient Garrison Clan is an absolute leader! I can’t think of who can be his opponent…” Ye
Longtian gasped.
Ye Zhantian nodded, “It’s terrible because it’s unfathomable! Even I can’t detect where his limit is… Hey,
I’m such a waste… I haven’t defeated, but this defeat is so complete!

” Actually, brother, you don’t need to be depressed! Think about it this way, Levi Garrison is the blood of
Garrison Clan! In fact, you have lost to your descendants, and you are not an outsider…”
Ye Longtian comforted.
Hearing this, Ye Zhantian’s eyes lit up, “Yes! He has to call me ancestor according to generation!”
He felt a lot more cheerful.
“But he is so powerful, why doesn’t everyone know? Ye Wudao, fools like that, still want to use him with
a knife?”
Ye Longtian thought for a while and said, “It should be that he has any plans. I don’t want to reveal his
strength for the time being! Then we must keep secrets for him and not destroy his affairs!”
“Well, this is certain!”
“Since I am Garrison Clan has such a powerful younger generation, if he comes to the Garrison Clan,
wouldn’t my Garrison Clan directly oppress the Tiance Mansion Baolong Clan!”
Ye Zhantian nodded fiercely, “That’s for sure! He wants to join the Garrison Clan. Ancient Clan! My
Garrison Clan has swept the world invincible!”
“The Garrison Clan has such a bloodline, we should immediately tell the Garrison Clan! Let the whole
clan have a meeting, and then take out the highest etiquette of the Garrison Clan to take people back!”
Ye Longtian’s proposal, Ye Zhantian agreed, “This kind of offspring should please come back at all costs!”
The Return of the God of War [The Protector] Chapter 2512
After knowing Levi Garrison’s true strength.
Ye Longtian desperately wanted Levi Garrison to return to the Garrison Clan.
But it is not force, but the highest etiquette.
It is necessary to use the best thick conditions to attract Levi Garrison back.
Soon Ye Longtian told several elders who came to his colleagues about this matter.
After they knew it, they were shocked.
They have the same thoughts as Ye Zhantian.
Please go back Levi Garrison.
Restore him as a child of the Garrison Clan!

“That way! You two quickly tell the patriarch from the Hui clan… Let all who have the right to speak
come here!”
“We, immediately go to discuss with Levi Garrison! See if he has any conditions…”
Ye Longtian arranged Rear.
The two elders rushed back to the ancient Garrison Clan as quickly as possible.
“I will
heal people first! Otherwise, they will die…” Ye Zhantian and Ye Wudao and Ye Lingtian later healed
their injuries.
The two of them were the most injured… and
both were dying.
Ye Zhantian also tried their best to heal them.
Take out all the best medicine.
Soon after, the two were out of danger.
Ye Wudao even got sane and woke up.
“Uncle Uncle I won’t blame you! You taught me, of course you have your reason!”
“Uncle Uncle waits for my recovery, I will sanction Levi Garrison! A little Levi Garrison is not worth your
shot! I didn’t realize it. A little…”
Ye Wudao said.
He thought that Ye Zhantian beat him because of his overkill.
Take the god of death to punish Levi Garrison…
“Boom!!!”
Hearing Levi Garrison’s name.
The expressions of the two changed immediately.
Where are you stiff, do not speak…
“Master, what’s wrong with you, Uncle? Did I say the wrong thing?”
Ye Wudao asked suspiciously.
Ye Lingtian, who woke up next to him, also agreed, “Yes! That’s right! Levi Garrison’s small character, no
matter where the two ancestors get the shot, let’s deal with it!” It became more stiff.
The faces of two people!
“Bang!”
“Bang!” In the
next second, Ye Wudao and Ye Lingtian knocked Ye Wudao and Ye Lingtian unconscious with one punch.

“Shut up, isn’t it good to be in a coma? You just talk a lot of nonsense!” The
two were furious.
After treating the two, they set off again for Jiangbei.
At this time, news of the patriarch and elder group of the ancient Garrison Clan had arrived.
Ask the two to negotiate first!
They came here afterwards… The
patriarch and the great elder issued an order-no matter what Levi Garrison asked for, they must agree!
This time, Levi Garrison must return to the Garrison Clan!
For example, you can kill Ye Lingtian and Ye Wudao…
any condition can be met!
All can be discussed!
After receiving the order from the patriarch, the two became more confident in this negotiation.
When the two came to Jiangbei.
Frightened the guards outside.
In the villa.
Levi Garrison and the others are still together.
“It’s not good! The big event is not good!”
“Our spies just came to news! Said that the killing god Ye Zhantian is returning to Jiangbei! He is
currently coming here!!!”
This word came out.
There was dead silence in the villa.
Silent.
Everyone thought that the Garrison Clan might come again.
But I didn’t expect the speed to be so fast… At
this time everyone looked at Levi Garrison, “Didn’t you say that Ye Zhantian was afraid that you would
not dare to come? Why did you come so soon? Your lie is self-defeating!”
Zoey went on It was a sneer, “Levi Garrison is not embarrassed? Isn’t he slapped? People are not afraid
of you! They are here again!”
“Before everyone cooperated with you in acting to satisfy your vanity! Don’t be addicted! Others are not
used to you!”
Levi Garrison also A little confused.
It stands to reason that Ye Zhantian didn’t dare to come.
Why does this kid dare to come.
Even Xuanyuan Qingya was extremely puzzled.

Ye Zhan is really not afraid?
Dare to come?
"What to do?"
"It seems too late to run, people seem to have arrived!" Zoey sneered,
"People are afraid of Levi
Garrison, let's see if Levi Garrison can scare away…"
The Return of the God of War [The Protector] Chapter 2513
Levi Garrison really wanted to know why this kid came…
If he came to make trouble, Levi Garrison would not keep his hands.
It's okay to talk about other things…
but if you make trouble, forgive him for not having the guts!
"Garrison Clan Ye Zhantian, Ye Longtian is here to visit!!!" A
voice was already heard from the person outside.
Hearing these words, Levi Garrison had already roughly understood Ye Zhantian's intentions.
This is the meaning of visiting, not looking for something.
But when Zoey heard these words, they changed their tastes-in the eyes of everyone, they were
arrogant and domineering.
After all, let the killer come to visit, they can't even think about it, how can they be qualified.
"Come in!"
Levi Garrison responded.
Everyone glanced at Levi Garrison.
Are you so brave?
Are you not afraid of death at all?
After getting a response.
Ye Zhantian and Ye Longtian entered.
Zoey and the others were serious about it, like an enemy…
staring at the two.
"The rest of you leave first!"
Ye Zhantian said after taking a look at Zoey.
With a hint of order.
But he glanced at Levi Garrison subconsciously.
Seeing that he looked normal.
He let out a long sigh of relief.
"Huh?"
Everyone was taken aback, but no one moved.
Why do they allow Levi Garrison to be here alone…
no!
Never leave!
Everyone regards death as home!

“Hehe, we need to ask him something… If we really do, do you have any relationship with whether you
are there or not?”
Ye Longtian looked at everyone with a sneer.
Ye Zhantian also said coldly, “Hurry up! Do you have to force me to ask you to leave?”
Zoey and the others hesitated as soon as these words came out.
Looking at each other, a thought flashed in his mind…
If the killing god wants to do it, it is indeed the same whether they are there or not.
All are cannon fodder!
The gap is too big.
If they are here to kill Levi Garrison, why bother talking nonsense with them and just do it directly.
The reason for this is probably because there is something to ask Levi Garrison.
It’s probably their Garrison Clan’s own business.
In any case, Levi Garrison’s body is flowing with Garrison Clan blood.
This is undeniable.
“Well, let’s go out first! Call us directly if something happens!”
Zoey could only withdraw from the villa with everyone.
Leave the place.
“Miss Xuanyuan…”
Zoey was about to call out Xuanyuan Qingya.
“No, she can stay!”
Ye Zhantian said immediately.
After everyone left, Ye Zhantian could no longer pretend.
“Whhhhhh…”
gasping for breath.
The two bowed and bent over at ninety degrees, facing Levi Garrison’s respectful
saying , “Grandmaster is here, please be respected by us!” They put aside their identities, and only
talked about their strength!
“Let’s talk about it, what’s the matter? Do you want me to return to the Garrison Clan? To be precise, it
is the Garrison Clan ancient clan!”
Levi Garrison said.
“This…”
Ye Zhantian glanced at each other.
The eyes are full of shock.
Does he know?

“This… is indeed… Grandmaster. It was a misunderstanding before! We listened to the nonsense of
some juniors!” “We investigated the course of the matter. Ye Chen was wrong first, and tried to kill
Grandmaster and repeatedly. His mother! He is more than guilty! The Garrison Clan in Beijing has
committed all kinds of evil deeds! Enough to exterminate them!
Grandmaster, you are already too kind!
Everything is done by themselves and cannot live!”
Ye Zhantian said.
Levi Garrison and Xuanyuan Qingya both laughed.
This era is the law of the weak eating the strong!
If Levi Garrison is not strong, will all this happen?
will not!
I don’t know Levi ’s strength, all of them are his faults, all his crimes, and he will be cut out!
But after knowing Levi Garrison’s strength, he confessed his crime instead!
In this era, there is no right or wrong. Only strong and weak…
The Return of the God of War [The Protector] Chapter 2514
“We already knew it was wrong! Do we need to annihilate the Jingcheng Garrison Clan? As long as you
have a word from the Grand Master, we will do it right away! Erase the Jingcheng Garrison Clan!”
Ye Longtian said.
Levi Garrison’s smile grew stronger.
He kept saying that the blood of compatriots in the clan should never be touched.
Now, in order to please myself, I don’t hesitate to destroy the family… ridiculous!
Extremely ridiculous!
“Maybe Grandmaster, if you want them to confess, I will immediately let everyone from the Garrison
Clan in Beijing come! Kneel in front of you and your mother to confess!”
Ye Zhantian asked again.
Now they are cautiously pleased Levi Garrison.
You can basically agree to whatever you want.
“Don’t be haggling… you just want me to return to the Garrison Clan?”
Levi Garrison sneered. “Yes, yes, yes! We…not only us! We have notified the patriarchs and elders of the
ancient Garrison Clan and all high-level leaders! They all want you to return to the Garrison Clan! Now

the patriarch is coming with everyone On the way! The patriarch will personally invite you to return to the Garrison Clan!"
"The patriarch said to show our sincerity! Please join the ancient Garrison Clan at all costs!"
"Yes, Grandmaster, you can mention any conditions, and we must meet them!"
… …The
two immediately said.
"The conditions must be mentioned… I'm just afraid that you are not qualified to agree…"
Levi Garrison said.
"Ah? A condition?"
"As long as you always put it forward, I'll definitely agree to it! You hurry up…" the
two couldn't wait to say.
As long as Levi Garrison joins the Garrison Clan, the Garrison Clan will take off.
Ignoring all the ancient tribes, ignoring the Tiance Mansion and Baolong clan…
They are so eager…
If they persuade Levi Garrison to join, they will have infinite merit in the family!
"The conditions are very simple! If you let me join, I will be in charge of the Garrison Clan! I will control
the Garrison Clan and all the Garrison Clan in the world!"
Levi Garrison said.
The language is not surprising and endless.
When these words came out, Ye Zhantian and Ye Longtian's eyes almost flew out.
In charge of the Garrison Clan?
Isn't that to become the patriarch of the Garrison Clan?
What a lion!
Ye Zhantian's arrogance is arrogant, and he didn't put anyone in his eyes.
But the patriarch never thought about…
"Is this condition a bit too much, right? We never thought you would mention this condition…this…" The
two were dumbfounded.
"Didn't you just say that you can do everything? Now? Can't do it?"
Levi Garrison sneered.
"I won't change the conditions! If you don't agree to it, there will be no way!"

“Before Tiance, the superintendent took the initiative to give me the position of the superintendent in
order to allow me to join the Tiance Mansion, and I refused!”
“Now I come. When the Garrison Clan is at the helm, it gives you enough face…”
Levi Garrison said indifferently.
In this regard, Ye Zhantian had no doubts.
They have checked it out.
Next to Levi Garrison was the daughter of Tiance Shenshuai.
The superintendent Tiance might really let him be the helm of Tiance Mansion.
“Guru, not that we do not agree, we are not the key-day policy of the government in power, and this
thing we have to look for the patriarch to discuss them!”
“Yes, and so after consultation, we give you a satisfactory answer!”
Did this thing Unable to agree.
I can only go to other people in the Garrison Clan.
“Then get out! If you can’t agree to this condition, don’t come to me!”
Levi Garrison drove the two away.
The two left dingy.
Zoey and the others came in hurriedly, and she asked anxiously, “What’s wrong? What are they looking
for alone?”
“Yes, boss, did they treat you like that?”
Everyone asked with concern.
“Boss, tell me, what is going on?”
Everyone urged.
Levi Garrison said, “They came to beg me to join the Garrison Clan!”
“Ah?”
Everyone looked incredulous… Ye Zhantian came to ask Levi Garrison to join the Garrison Clan?
The Return of the God of War [The Protector] Chapter 2515
impossible!
What’s the identity of Levi Garrison?
Ye Zhantian personally invite!
It’s absolutely impossible!
“What’s the matter? Don’t be kidding…”
Zoey naturally didn’t believe it.
“That’s right! They’re here to invite the Hui Garrison Clan in
King’s Landing !” Xuanyuan Qingya suddenly said.
“Huh?” At
this time, everyone was stunned.

No one believed what Levi Garrison said.
But when Xuanyuan Qingya said that, everyone believed it.
Think about it again, why Ye Zhantian wants to spread them out…
it must be something within the Garrison Clan!
And don't you want outsiders to see the picture they invite Levi Garrison?
As for Xuanyuan Qingya's presence, the reason is her identity-Tiance Mansion.
I got it!
Zoey looked at each other with everyone… he
immediately thought of the reason.
The reason why the ancient Garrison Clan allowed Levi Garrison to return may have something to do
with Levilia…
Although Ye Zhantian said he was not afraid of the Tiance Mansion and the Baolong clan… but
everyone understands that I still dare not stand up against the ancient Garrison Clan. Just!
You should know that there are actually several Baolong clan, not one clan.
The combined strength is not comparable to the Garrison Clan…
they still dare not move.
Don't even dare to snatch Levilia out of Tiance Mansion!
They want to be fair and honest, and reasonably and legally to get the ruler.
First of all, you have to deal with the relationship with Levi Garrison.
As long as Levi Garrison joins the ancient Garrison Clan, it is equivalent to officially acknowledging the
identity of Levilia.
In this way, the ancient Garrison Clan can
bring the monarch back and cultivate by himself… It is actually because of Levilia that Levi Garrison
joined… After
knowing this, no one is asking more…
"You still agree! This is good for you and Levilia! As for the question of where Levilia is going to be, you
can ask the Garrison Clan to discuss with Tiance Mansion! You have to get rid of the relationship…"
Zoey persuaded.
She didn't want Levi Garrison and Levilia to have an accident.
The Garrison Clan is too strong.
Joining them is also a good thing…
"Look, I'll join if they can promise me…"

Levi Garrison said lightly.
"You dare to mention the conditions! Be careful not to die…"
Zoey said.
She looked at Xuanyuan Qingya again, "With Ms. Xuanyuan participating, it must be a tripartite talk! I
can rest assured… you can figure it out… I won't interfere…" on the other side.
Brother Ye Zhantian returned to the Garrison Clan in the capital.
I just met everyone from the ancient Garrison Clan…
there were hundreds of people in front of me!
They are all high-ranking members of the ancient Garrison Clan…
even a few old ancestors who have been in seclusion from the world have come…
These are the existence of Ye Zhantian and they have to call grandfather, which shows that the seniority
is high.
Hearing that the descendants of the Garrison Clan had such an existence, everyone couldn't sit still and
all ran to greet them.
An old man headed by him is domineering and majestic.
The patriarch of the ancient Garrison family-Ye Qingtian!
The unique existence among the Garrison Clan!
He was the one who put Ye Zhantian in the dark cage at the beginning!
People who can suppress Ye Zhantian!
The elder Ye Fengtian, the second elder Ye Qingtian, and the third elder Ye Wangtian… the
four patron saints of the
ancient
Garrison Clan … the gatekeeper of the ancient Garrison Clan … Basically all the high-level Garrison Clan
came…
Compared with these people, Ye Longtian's identity is considered backward.
Their names are all in the sky!
It means that they are gods second only to the sky…
"Huh? Why are you back? Did something happen?"
Ye Qingtian couldn't help asking when seeing everyone.
"Nothing happened! Levi Garrison put forward the conditions, but we can't meet them…"
Ye Zhantian said helplessly.
Everyone smiled curiously, "There are conditions you can't meet. I want to know what are the

conditions?”
“Levi Garrison wants to take charge of the ancient Garrison Clan and all the Garrison Clan in the world! I
want to take your place!”
Ye Zhantian looked at Ye. Qingtian said. As soon as these words came out, there was silence…
The Return of the God of War [The Protector] Chapter 2516
The reaction of this group of people was even more intense than that of Ye Zhantian and the two of
them just now!
One face changed wildly!
“Presumptuous! Is the position of the patriarch of the Garrison Clan that his junior covets?”
“Yes! That’s right! It’s the blood of the Garrison Clan who is still living outside! The blood is mixed and
muddy! Want to be in charge of the Garrison Clan? Dream, right?
” No one of the ancient Garrison Clan dared to covet the Garrison Clan so much, right? Is he looking for
death?”
…
Levi Garrison’s condition angered many Garrison Clan people.
The patriarch Ye Qingtian’s face also changed, and he could see that he carried a trace of anger.
“Push your nose and face?”
Ye Fengtian asked.
Ye Zhantian said, “I think it can actually be agreed! As long as he joins the ancient Garrison Clan, he will
sweep everything!”
“After all, he is too strong! With his joining, the Garrison Clan can be raised to a higher level!”
Ye Longtian He echoed, “Yes! He is too strong! I think this condition can be agreed!” The
words came out.
Everyone is even more angry.
After all, they are not the parties.
I didn’t understand Levi Garrison’s true strength, everything was heard.
What’s more, they are a big family, with unique pride and dignity!
I think I’m only weaker than the sky!
Now it is a shame for the ancient Garrison Clan to give up the position of the clan leader to a junior with
impure blood!
In any case it is impossible!

It is impossible to ask a junior to join the family at such a high price.
It's a shame to spread it out!
Garrison Clan will never look up!
So when Ye Zhantian said this, everyone was angry.
"Ye Zhantian what are you doing? How could you give up the position of Patriarch to a little boy? You
are sick!"
"What happened to you after Ye Zhantian came out this time? The whole person has changed! I see fear
in your face! Is this still you?"
...
Ye Fengtian said several people.
"Hehe, you haven't seen his strength! When you see it, you are more embarrassed than me! I guess the
entire ancient Garrison Clan can't stop it!"
Ye Zhantian sneered .
Everyone shook their heads, "I don't believe it! We don't believe it! How could it be so powerful!"
Ye Qingtian nodded, "Well, I don't believe it either! If the clubhouse leaves clan one-on-one, we might
all lose! But we need all of us. If people add up, he can win? Impossible!"
"Yes! Not to mention the entire Garrison Clan, we are present with nearly a hundred people teaming up
and anyone can win?"
Everyone said.
"This Levi came to us to treat people with courtesy, he made such an excessive request! Why not? Let's
join hands to capture him back to the ancient Garrison Clan. If you don't agree, you have to agree!"
Ye Wangtian said.
"Okay, I agree!"
Ye Qingtian promised to come down, "Lift first and then soldier! If he doesn't eat etiquette, we will force
him to surrender! Big deal, let's go together!" With
this idea, everyone went to Jiangbei aggressively.
They wouldn't believe that Ye Zhantian said that Levi Garrison could be a man against Garrison family...
impossible thing!
"Okay, I want to see how you suppressed him!"
Ye Zhantian was happy.
This group of people didn't believe in themselves.
So just right!

I just took you to…
Ye Longtian didn't say anything.
He knows that persuasion is not good…
no one in this group listens.
One by one, arrogantly dying…
Ye Zhantian led the team and everyone followed.
All arrogantly excited.
Thinking of the way to abuse Levi Garrison…
"Here is someone…"
Levi Garrison felt that he was coming, so he summoned Zoey and them and told them to leave first.
Knowing that it was the Garrison Clan's matter, Zoey didn't say anything.
Leaving with everyone.
soon.
In Jiangbei Villa.
Only Levi Garrison had a few people.
Levi Garrison was sitting there.
Shen Jie hovered in front of him, sending out a series of metallic colors.
Slight energy fluctuations come out. He is waiting for the arrival of the Garrison Clan…
The Return of the God of War [The Protector] Chapter 2517
The divine calamity at this moment is meek like a child in front of Levi Garrison!
If it weren't for the actual situation, even Xuanyuan Qingya would think it was a very docile weapon!
But actually ruining the world…
Soon, Xuanyuan Qingya already felt the oppression.
People from the ancient Garrison Clan are here.
"Buzzing…"
Shen Jie felt the oppressive breath, and suddenly trembled with excitement.
"Levi Garrison! The ancestors of the ancient Garrison Clan are here! You junior, don't you come out on
your knees to greet you?"
A stern shout came.
All the Ye people waited outside the villa for Levi 's arrival to greet them.
It's just that Levi Garrison closed his eyes to rest his mind, and didn't pay any attention.
Ye Zhantian sneered and said, "If you want to invite him, you have to go there yourself…wait for him to
come out to pick you up! Impossible!"

“If he is smart, he should know what the situation is now! He will definitely come out and kneel to meet
our ancestors. Yes!”
“Yes, I believe Levi Garrison is a smart person! He will make the right choice!”
Ye Qingtian said.
They call themselves their ancestors.
Waiting for Levi Garrison to handle it and kneel to greet him.
If they enter directly, it would be a shame for them!
So everyone is standing there and waiting!
“You wait, we are going in first.”
Ye Zhantian and the two entered first.
“Boss! Trash! Was scared like this by a junior?”
Everyone scolded.
Ye Zhantian, who felt that he hadn’t put anyone in his eyes, was embarrassed by Garrison Clan!
After Ye Zhantian entered.
I saw the sword of “Divine Tribulation” at first sight!
“Boom!!!”
A terrifying breath came across.
“I…”
Ye Zhantian was inexplicably afraid of Divine Tribulation. He
knelt down directly…
and he felt that the divine calamity was even more majestic and terrifying than before!
If Ye Longtian faced Divine Tribulation for the first time, under the terrible pressure, it seemed that an
invisible big hand would crush him to the ground.
Ye Longtian also knelt to the ground…
terrible!
He finally knows what kind of peerless artifact the brother is putting in front of…
this, this…
completely invincible!
Ye Qingtian and others outside were still waiting.
five minutes!
No one came out.
For ten minutes, no one came out.
They were already anxious, looking at each other, doubts flashed in their eyes.
“Don’t worry, I believe that smart people make smart judgments!”
Ye Qingtian felt calm.

twenty minutes.
Someone could not help but rushed in.
But Ye Qingtian said, "It's okay, wait a while! Levi Garrison, this is your last chance to redeem yourself! I
gave the opportunity, and it depends on whether you can grasp it…"
"Well, just give this kid one last chance! I hope he can wake up and quickly come out and kneel to meet
us!"
Everyone in the Garrison Clan is still dreaming, waiting for Levi Garrison to greet us.
But half an hour passed quickly, and no one came out.
Now, everyone can't wait any longer.
One by one, his complexion turned red, and he was extremely angry.
This is a humiliation they have never experienced before, and there are people who don't give them
face.
Still a junior of the Garrison Clan!
Isn't this looking for death?
"Levi Garrison's opportunity has already been given to you! This is what you asked for! We will never
spare you!"
"Go, rush in! I want to see Levi Garrison's few jins…"
In Ye Qingtian Under the leadership of Garrison Clan, the senior officials of the Garrison Clan entered
the villa in unison.
One enters the villa.
Everyone saw Ye Zhantian who were kneeling on the ground.
They are getting more and more angry!
"Shame! You are the shame of the Garrison Clan!"
"Ye Zhantian, you actually kneel down to a junior! You are really the biggest shame of the Garrison
family! Are you ashamed?"
Ye Fengtian and the others shouted.
They were full of anger, and their blood surged and exploded with anger.
At this time, Levi Garrison
smiled, "Don't worry, you will kneel as well!"
The Return of the God of War [The Protector] Chapter 2518
The words came out.
Everyone was taken aback.
In any case, they never thought that Ye Zhantian would kneel down for Levi Garrison!
Like a dog!

“Ye Zhantian, your behavior is to add humiliation to the Garrison Clan! You don’t deserve to be in the
Garrison Clan!”
Ye Qingtian, the chief of the Garrison Clan, said coldly.
After they finished training Ye Zhantian, they all looked at Levi Garrison.
“Are you Levi Garrison?”
Ye Qingtian asked.
“Well, it’s me!”
“Bold young man! The ancestors who saw you dared to sit? Hurry up and kneel down! Otherwise, the
highest clan rule of the Garrison Clan will take care of you! Let you die!”
“Yes! You didn’t come out to meet the ancestors.” We have violated the clan rules! Now kneeling and
confessing, we might let it go!”
… the
elders of the elders scolded one after another.
In their opinion, Levi Garrison violated serious family rules.
It is already a heinous crime…
“Also! Let me introduce you! This is Ye Qingtian, the lord of the Garrison Clan! You must knock for
ninety-nine bangs! To get his approval!”
Everyone began to introduce Ye Qing again. The identity of the day!
“I don’t like the tone of your speech, just kneel and talk to me!”
Levi Garrison frowned and said calmly.
“Let’s kneel??”
These old guys seemed to hear the biggest joke in the world.
I was stunned!
How is it possible to let them kneel in front of a junior?
It’s absolutely impossible!
Levi Garrison stopped talking!
“Ding!”
A flick of your finger on the divine calamity!
“Boom!!!” In an
instant, a breath of death erupted, like Shura’s rebirth in hell.
The world changed color at this moment.
“Buzzing…”
Shen Jie trembled, making a terrible sound.
Suddenly lifted off!
“Boom!”
“Boom!”
… the
sword of Shen Jie was activated abruptly!

The terrible energy burst out inside…
swept across the army!
Destroy all bodies!
The majestic breath was overwhelmingly suppressed.
Everyone present seemed to be carrying a Tarzan on their backs…
Everyone's complexion changed drastically , they were extremely red, and even cold sweats!
This breath was pressured, and everyone could only use their best efforts to resist…
"Puff!"
Finally someone couldn't help but bend their waist under abrupt pressure and fell directly to the
ground.
"Puff!"
"Puff!"
……If
there is the first one, there will be a second one.
The senior members of the Garrison Clan couldn't bear the overwhelming pressure, one by one they
knelt to the ground.
The rest of the people used their greatest strength to resist, but their expressions were painful to the
extreme.
They felt that the breath was being compressed a little bit, and they wanted to crush all the internal
organs, veins and blood vessels in their bodies…
"Puff!"
"Puff!"
…
Still going on.
Kneeling down one by one, both knees fell into the ground.
…
Thirty!
…
Fifty!
…
Eighty!
… In the
end, there were only a dozen people left, the strongest dozen.
They are still resisting.
"Puff!"
… But

Shen Jie's breath coercion is too strong, and it continues to increase.
…
Seven or eight people are kneeling to the ground again!
Only Ye Qingtian were left!
They are still going on!
Still desperately resisting!
"Puff!"
"Puff!"
…
At the end of the resistance, they vomited blood, and many parts of their bodies were crushed and
crushed!
Some people suffered extremely serious internal injuries!
The organs in his body were crushed…
"Puff!"
Ye Wangtian fell to his knees.
"Puff!"
Ye Fengtian fell to his knees.
"Puff!"
Ye Qingtian fell to his knees!
"Ah!!!"
Ye Qingtian displayed all his strength to resist!
It actually made the divine calamity tremble!
But then, Shen Jie became more and more excited, and even stronger power broke out in the sword!
"Puff!!!!"
Ye Qingtian didn't bear it after all, and fell on
her knees… His knees smashed the ground directly… Seeing hundreds of people kneeling on the ground,
Levi Garrison smiled and said, "It looks more comfortable! "
The Return of the God of War [The Protector] Chapter 2519
Shocked!
It was shocking!
Even though Ye Zhantian knew that all the masters of the Garrison Clan added up to be no match for
Levi Garrison!
But who would have thought it would be so miserable?
Don't say it was a fight with Levi Garrison.
No one can stop the coercion of this sword!
What's more, the breath and energy of this sword have not been fully released…
maybe it is one percent, or even less than one thousandth…

this sword will overwhelm everything!
Not even this sword can survive.
Let alone move his master!
Not qualified at all!
How strong is Levi Garrison?
unimaginable!
He could control this sword anyway…
"Kacha!"
"Kacha!"
…
Under the pressure of this sword, everyone could clearly hear the sound of bone cracking.
Especially the organs in Ye Qingtian's body were greatly shattered…At this moment, it was not Mount Tai that everyone was carrying.
It's the collapsed sky…
Everyone has really reached a critical point. If there is more pressure, everyone's body will probably
explode! ! !
Everyone's face is full of horror, and their eyes are full of unbelievable! ! !
powerful!
too strong!
Levi Garrison is the strongest person they have ever seen!
none of them! ! !
They finally understood everything Ye Zhantian said…
It's all true!
Even more exaggerated than Ye Zhantian said!
They don't even talk about dealing with Levi Garrison, even his sword can't deal with it!
No wonder Ye Zhantian, who is known as the killing god, is so proud and so arrogant that no one takes it
seriously!
I was scared like that…
everything is for a reason!
After seeing Levi Garrison, they understood everything!
Understand why Ye Zhantian wants to let Levi Garrison return to the Garrison Clan at all costs!
He even gave him the position of patriarch… to be
honest!
This time is completely honest!
This group of ancestors of the Garrison Clan, one by one, like children who did wrong, kneeled in front
of Levi Garrison obediently.

“Now? Is it awesome? Are you still arrogant?”
Levi Garrison asked.
silence!
Everyone was silent.
They even lowered their heads, not daring to look at Levi Garrison!
“What do you want to say? Is he deaf or dumb?”
Levi Garrison suddenly raised his tone and shouted.
“No…no…”
everyone said in horror.
“Well, I like this tone! Keep it up!”
Levi Garrison nodded in satisfaction.
It’s
okay to negotiate with him, but you have to kneel and talk… “Let’s go, are you considering the
conditions I said?”
Levi Garrison asked.
“Conditions? What conditions?”
Most people did not react.
Ye Zhantian immediately reminded, “If you want this one to return to the Garrison Clan! You must hand
over the power of the Garrison Clan to him!!!”
Ye Zhantian reminded everyone immediately.
Ye Qingtian’s complexion changed drastically, and it was as uncomfortable as eating a fly.
The Garrison Clan has never been threatened by anyone, and such a thing has never happened.
The ancient Garrison Clan has always been aloof, no one accepts except for the sky above him!
In particular, it is even more impossible to hand over the position of the patriarch of the ancient
Garrison Clan!
This is a shame to the ancient Garrison Clan!
But what should we do about this situation now?
Ye Qingtian deserves to be the patriarch. He immediately returned to normal. He couldn’t help saying,
“Jun’s Landing! We haven’t considered this matter! After all, it’s a matter of great importance and we
need to negotiate and decide! It’s not something that someone can decide!”
Ye Fengtian and the others immediately. He echoed “Yes! We need everyone’s agreement! It can be
finalized!”

“When we go back, we will discuss clearly, and give you another answer!”
...
Levi Garrison looked at them with a smile.
But the next moment, Levi Garrison’s complexion changed suddenly, and he roared, “I didn’t discuss it
clearly! What are you doing here? If you can’t make up a perfect reason, don’t even want to leave!!!”
Levi Garrison suddenly became angry and smashed everyone. Scared.
The Return of the God of War [The Protector] Chapter 2520
Everyone was sweating profusely and almost suffocated.
They didn’t come to discuss with Levi Garrison at all, they wanted to use force to take down Levi
Garrison.
“I…we…we are here to discuss!”
“I think! As long as you return to the ancient Garrison Clan! It is the best choice to hand the ancient
Garrison Clan over to you!!!”
Ye Qingtian Suddenly the conversation turned around.
Ye Fengtian also agreed, “Yes! The patriarch must be the strongest. You are so young, and you probably
have a lot of potential! You are in charge of the Garrison Clan, not only sweeping everything now, but
also in the future!”
Ye Qingtian “Well, I agree. Levi is the master of the ancient Garrison Clan!”
Ye Wangtian “I have no objection!”
“We agree too!”
Ye Zhantian and Ye Longtian also immediately agreed.
“I agree too!”
“Me too!”
“Me too!”
...
Everyone here agreed one by one!
In any case, they dare not say a “no” at this time!
Besides, Levi Garrison is so strong, who would dare to oppose Garrison Clan in charge?
Not to mention being strong, but so young.
It must be better than Ye Qingtian to be the master of the house!
“Since you have agreed to this condition! Then I will reluctantly agree!
From now on, I will be the master

of the Garrison Clan! The Garrison Clan and all the Garrison Clan must listen to me!"
Levi Garrison said.
"Meet the Patriarch!!!"
"Meet the Patriarch!!!"
…
Everyone kowtows at Levi Garrison, no one dares to say anything else…
"You may not know the personality of my Levi Garrison, who asked me to join, and in the end I became
the helm! For example, the Bible Organization! I have been wooing me since before. Now, I am the God
of Darkness…
and Maya Industry. Cooperate with me and want to control me and kill me. Now Maya Industry is mine
too!"
Levi Garrison sneered.
"Hiss!"
Everyone gasped.
The ancient Garrison Clan knew about the Bible Organization and Mayan Industry, and they were two
forces that were a little afraid of them except for the Chotian Ce Mansion.
Levi Garrison's meaning is very simple, let them understand that you are not the first to be like this!
"Where are the tokens of the Patriarch of the Ancient Clan of the Garrison family? Give me all the most
confidential things, including exercises and ancient prescriptions…"
Since he wants to be in charge, Levi Garrison needs to be the most comprehensive!
At the same time, Levi Garrison took the divine calamity back.
The pressure on everyone is instantly relieved!
Everyone stood up one after another.
Ye Qingtian stepped forward and handed a palm-sized jade seal to Levi Garrison.
"Master, which is the ancient tribe of Tianyin Yip! It can come up with the disposal of anyone Yip ancient
tribe and leaves the family! There it will be able to recognize the identity of your home Lord!"
"At the same time, each step down before any master of the house, will put Half of his own power is
poured into it! The Sky Seal can also be used as an artifact! The power is unprecedented! No one can
match!"

Ye Qingtian explained.
Levi Garrison grabbed the Heavenly Seal, and he smiled, "Unparalleled in the past? No one can rival?" To
put it bluntly , the Heavenly Seal is similar to the crystals of "God" power gathered in his hand.
But by comparison, even in front of one-fifth power crystals, this Tianyin couldn't even be compared
with the younger brother.
It's too weak…
and half the power of each Patriarch…
He can easily squeeze it and explode…The
Heaven Seal is here, and it will not become the Garrison Clan's biggest hole card artifact.
It was a status symbol…
Ye Qingtian and others told Levi Garrison all the things about the Garrison Clan.
They also handed in these exercises…
Although they don't know what Levi Garrison is going to do…
but they know that with Levi Garrison's strength, they will definitely be inferior to these exercises… In
about an hour, Levi Garrison has a good grasp of the Garrison family.
The situation of the ancients.
The ancient Garrison Clan is very strong!
In the future, it will definitely be a great help for Levi Garrison!
"The Patriarch, what should we do next?" Ye Qingtian asked.
The Return of the God of War [The Protector] Chapter 2521
There is one thing to inform you-except for you, there is no need to reveal the identity of my Patriarch
to others! So as not to disturb my plan!"
Levi Garrison said.
Because I don't know the specific situation of the enemy.
Therefore, Levi Garrison could only accumulate strength quietly to prepare for emergencies.
It is not yet possible to reveal his identity as the Lord of the Garrison Clan.
So as not to let the "enemy" know.
Make corresponding targeting…
"Understand!"
Everyone nodded in unison.
"You go back first! When I have time, I personally go to the ancient Garrison Clan once! By the way, take
Levilia back to see!"

Levi Garrison said.
Ye Qingtian and the others nodded in unison, "Understood!" At this time, they no longer entangled with Levi Garrison's hatred, but looked forward to the bright future of the Garrison Clan!
There is such a strong Levi Garrison and an eternally talented Levilia to join.
It's hard for the Garrison Clan to not want to rise!
After everyone left.
Plum dyed them back.
"How's the talk?"
Zoey asked with concern.
"Well, I have joined the ancient Garrison Clan! Including Levilia!"
Levi Garrison said.
"That's really good… I'm sure there will be less disputes in the future! At least Ye Wudao and Ye Lingtian dare not target you. You can even say that the Garrison family will be your backer in the future…"
Zoey's face was full of smiles.
In this way, the big problem of her headache was finally solved.
Several people in Azure Dragon (Qinglong) sighed, "Hey, things are impermanent! I want the boss to step on the Garrison family and throw him into hell! Unexpectedly, after a few years, he joined the Garrison family. The Garrison family became the backer of the boss… It's really embarrassing. "…"
"Therefore, there is no absolute in everything… Only by bending and stretching can you become a big cause…"
In their opinion, Levi Garrison had succumbed to the former enemy.
This is actually a very humiliating thing!
It is a shame for those who are rather unyielding!
They are not ashamed to explain directly, they can only say that they can bend and stretch.
In fact, this is a shameful practice!
I would rather die than succumb to the Garrison family!
Not afraid of death, or what the Garrison family would do…
Even they were ready to regard death as home , but Levi Garrison gave in.
This is not the boss they knew…
Could it be that the boss had to bow his head for the sake of reality… I don't want his wife and children to suffer, and I don't want this group

of brothers to die!
Why!
Everyone began to think about Levi Garrison in the past!
What a beauty that is!
If the Garrison family was forced to join in this way, I'm afraid it would have started early.
Now I can only swallow my breath and join in…
Hey!
Times have changed!
People have also changed!
The edges and corners are smoothed!
Levi Garrison joined the Garrison Clan that they didn't expect anyway… But how did
they know that Levi Garrison was not actually joining, but taking over!
Levi Garrison smiled and said, "From now on, Levilia will be the little princess of the Garrison Clan!"
"That's for sure! With Levilia's talent, aren't all the little princesses going everywhere?"
Zoey subconsciously said.
But how did she understand what Levi Garrison meant.
What he meant was that he was the Patriarch, Levilia was his daughter, and naturally the little princess.
"By the way, you joined the Garrison Clan, Ye Lingtian of the Beijing Garrison Clan, and Ye Wudao do
they know?"
Zoey suddenly thought of this question.
In fact, the Garrison Clan directed against Levi Garrison and it was Ye Wudao's provocation.
The true ancient Garrison Clan are all on top, so how can they bend down to deal with Levi Garrison!
To resolve the crisis, these people must be resolved.
"They? Are they still recovering? I don't know!"
Levi Garrison said.
"Well, now you start to go to the capital immediately with me!"
Zoey urged.
"Ah? What are you going to do in the capital?"
Levi Garrison was stunned.
Everyone is a little confused. "Of course I went to tell the Garrison Clan in Jingcheng, tell Ye Wudao that
they have joined the Garrison Clan! You are not allowed to bully you in the future!"
The Return of the God of War [The Protector] Chapter 2522

Zoey urgently wanted everyone to know that Levi Garrison had joined the Garrison Clan.
Especially Ye Wudao few people.
"Yes, my sister-in-law is right! Let them all know that the boss is already a member of the Garrison
Clan!"
"Hey, in this case! Then you can only rely on the name of the Garrison Clan to protect the boss…"
Since Levi Garrison has joined in with the humiliation. Garrison Clan, they are not good to say anything.
"Well then, let's go to the capital!"
Levi Garrison agreed, he was mainly afraid of trouble.
It will be annoying to be harassed by Ye Wudao again in the future.
It's better to tell them to join the Garrison Clan to avoid trouble.
Everyone immediately set off for the capital.
Among the Garrison Clan in Beijing, Ye Qingtian and the others just came back.
This group of ancestors sent out, but Ye Wudao and the others were shocked.
What happened during the time they were in a coma?
Even the Patriarch and them are here?
The entire group of elders gathered…
The top leaders of the Garrison Clan are here…
Unimaginable!
"What's wrong?"
Ye Wudao stood up under Ye Zhantian's treatment.
"If you shouldn't inquire, don't inquire…"
Ye Zhantian said irritably.
Thinking of Levi Garrison's advice, everyone still didn't speak.
But before everyone's butts were hot, Levi Garrison and Zoey came.
After Levi Garrison arrived, he directly shouted, "Come and gather from the Garrison Clan in Beijing, I
have something to announce!"
Everyone was stunned.
Is Levi Garrison so arrogant?
Dare to bring it to the door by yourself?
Seeing Levi Garrison, Ye Zhantian wittily took everyone to the detached courtyard where he lived.
he is very smart.
Knowing that if Levi Garrison had something to do, he would definitely notify them, no, order them.
It must have nothing to do with them now…

Ye Wudaozhi and his ilk saw this group of ancestors leave.
They all smiled. "A Levi Garrison wants to see the ancestor of the ancient Garrison Clan? He is not
qualified! Did you see it?"
"Why did you come, Levi Garrison ? " Ye Wudao
asked.
The Garrison family stared at Levi Garrison vigilantly.
"Let me do it!"
"
Everyone, please put away your hostility! We are not here to fight! We have something to announce!"
Zoey said, before everyone put away their weapons and tried to kill.
"Ladies and gentlemen, announced it! My husband leaves the monarchs and their daughter Levi -Jun has
joined the race! The future is a leaf of the family! Also please a lot of care!"
Language does not startle.
Zoey said this.
Everyone was stunned.
"What? Levi Garrison joined the Garrison Clan?"
"When did we know what happened?"
...
"Impossible! We don't know. Why did you say that Levi Garrison joined the Garrison Clan? Who admits
it? "
Ye Lingtian questioned.
"It was the ancestors who recognized it! They let Levi Garrison join the Garrison Clan!" At
this time, a person hurried over, and he was here to convey Ye Zhantian's meaning.
"Huh? Ye's ancient clan recognized it?"
Now, everyone has nothing to say.
Ye Lingtian was stunned.
Ye Wudao had nothing to say.
Although he is the number one genius, he is not in charge.
"How come Levi Garrison and other criminals who are rebellious to join the Garrison Clan?"
Everyone was a little puzzled.
"I see! It must be the ancestors who want to draw his daughter in! Letting him join is actually an
additional condition!"
Ye Wudao suddenly exclaimed.

“Yes, that’s right! The child Levilia has to stay in the Tiance Mansion! In fact, the ancestors have nothing
to do! It is difficult to bring Levilia back! If there is such a perfect solution, why not do it?”
“The only price It is to let Levi Garrison join the Garrison Clan to eliminate the heinous crimes he
committed before! This is not a price to the ancestors, and it is not a condition!”
Ye Lingtian analyzed. Ye Wudao rejoiced, “Levi Garrison is so smart, using his daughter to resolve his
hatred with us!”
The Return of the God of War [The Protector] Chapter 2523
“Levi Garrison Tiance Mansion and many people say that you are a tool for childbirth! It seems right!”
“You actually used your daughter to eliminate hatred, and joined the Garrison Clan you dreamed of!”
“I finally know you. How treacherous, I didn’t make such a condition before! It was not until all the
ancestors of the ancient Garrison Clan came to talk about joining! In this way, they have a more right to
speak!”
…
The Garrison Clan and Zoey present. , Azure Dragon (Qinglong), they all agreed.
The reason why Levi Garrison was able to join the Garrison Clan.
That’s because Levi Garrison used Levilia as a condition to negotiate with the Garrison Clan.
If he joins, Levilia will naturally become a member of the Garrison Clan!
Does the ancient Garrison Clan have any reason not to agree?
Ye Wudao looked at Levi Garrison and said, “To tell the truth! You have been waiting for Levi Garrison
for a long, long time! Joining the ancient Garrison Clan, it is a matter of supreme glory!”
“Count you smart! Now you are a member of the Garrison Clan, We really can’t move you! Next, pray
that you don’t violate the clan rules, or you will be punished as well!”
Levi Garrison smiled.
Don’t say he violated the clan rules, even if he tore the clan rules.
Who dares to condemn him?
Ye Qingtian?
Do you dare to lend him ten thousand courage? At this time Ye Lingtian said, “Levi Garrison, since you

have joined the Garrison Clan! That is the blood of the Garrison Clan! Whether in public or private, my
blood is flowing through you! I am your father! Hurry up and kneel down and kowtow to me and call my
father. I will
recognize your son's identity!"
Ye Kuanglan said several people, "Well, now that you have joined the Garrison Clan! The ceremony of
acknowledging the ancestors and returning to the ancestors is still necessary! Kowtowing the tea and
changing the name is indispensable! You have to call me! grandfather!"
Ye Wudao was reminded, and he immediately said, "I can say that the Garrison Clan is a top-ranked
clan! I didn't want to enter! A ceremony of joining the clan must be held! You have the recognition of
your elders! Only then can you truly recognize your identity as a Garrison Clan! "
It is certainly not appropriate for the ancestors to personally recognize you as a member of the Garrison
Clan! You are far from qualified! In that case, let us come! According to my seniority, I am still a young
ancestor! I will preside over the ceremony of joining the clan… … "
Ye Ling-day, who immediately echoed," Yes! it was presided over by Xiao Zu! elect nine elders involved!
" "
By the time the leaves monarchs to nine elders bowed salute, offer tea to the call! recognized nine
elders considered the Clan!"
"I've forgotten it, tomorrow will be a good day! Tomorrow morning the ceremony of joining the clan will
be held!"
Ye Wudao nodded, "Well,
yes, yes ! Then it's set!" He even looked at Levi Garrison and smiled."
Levi Garrison, how about you join
the clan? I'm your elder! Will you call your ancestor if you don't see me?"
"Come on, call ancestor, let me listen?"
Ye Wudao's ears moved to Levi 's presence.
"Don't force me to slap you! He slaps you and you are seriously injured, and I slaps you to death!"
Levi Garrison said coldly.
Ye Wudao knew about Levi Garrison fanning him in Ti Ye Zhan Tian.

This sentence instantly angered Ye Wudao, and he said coldly, "If you don't call my ancestor today, this
is not over!"
"Yes! You must call your ancestor! Otherwise, you can't enter the clan ceremony! We don't recognize
you as a Garrison Clan member! "
Everyone became tough.
But he didn't see that Levi Garrison was already angry.
He was about to lift up his slap and slap it down fiercely.
Zoey knew what would happen if this slap was taken…
He quickly stopped Levi Garrison and pushed him aside.
"Patter…"
With this push, several ancient books fell to the ground on Levi Garrison's body.
Everyone looked around.
Ye Wudao subconsciously bent over and picked up a copy of "Basic Garrison Clan Practice?"
"This is also the Garrison Clan's practice!"
"This is the same!" "Hahaha… Levi Garrison, you even hid me Ye The supreme clan practice!"
The Return of the God of War [The Protector] Chapter 2524
Ye Wudao laughed.
It's like discovering some new continent.
"I had any brains! Just how he joined the family leaves this condition is that simple thing! There are
other conditions that he coveted my family leaves the supreme Gong!"
"With his children in exchange for not only qualified him into the family, but also In exchange for the
Garrison Clan's supreme cultivation technique!"
"Levi came to your city mansion really too deep! I never thought of the cultivation technique before!"
…
Everyone looked at Levi Garrison's face changed.
Everyone in the Garrison Clan despised more and more.
Levi Garrison, a big man, actually used his daughter as a tool to exchange a lot of items and make
conditions!
"You're really not a human! Trade your own daughter! It's really unlucky for your daughter to have a
father like you!"
…
But Zoey's eyes changed when they looked at Levi Garrison.

At first everyone thought that Levi Garrison had completely surrendered to the Garrison Clan by joining.
Now it seems that Levi Garrison has to bear the humiliation and put forward many conditions that are
beneficial to him.
For example, get Garrison Clan's supreme cultivation technique to make him stronger as soon as
possible.
Although it is using his daughter Levilia.
But it's good to have this heart.
"No wonder! I said you can't suffer if you join the Garrison Clan! It turns out that you need a technique!"
Zoey also said.
Ye Wudao smiled, "More than that! I smelled the scent of medicine specially made by the ancient
Garrison Clan! There should be supreme medicine!"
Zoey reached out and touched Levi Garrison's body as she felt a few medicine bottles.
Just smelling the scent of medicine is refreshing.
"Haha, sure enough! Levi Garrison, I said you would squeeze your daughter's value to the maximum!
Sure enough, so many magical drugs!"
"You are no different from selling
your daughter ..." "If your daughter knows, you can trade her for her.
With so many things, what would
she think..."
...
Everyone looked at Levi Garrison in disgust.
The conditions are good.
But changing so many things is really too much.
I completely use Levilia as a tool.
Too hateful!
Zoey was also very angry.
But she made Levi Garrison agree to join the Garrison Clan.
She is not good to say anything...
"Okay, okay! Don't mention this again! Don't be angry! You will be a family from now on! Let's not talk
about two families!"
Zoey relieved Levi Garrison.
"A man? It is not too it! No ceremony conducted into the family, who admits he is a leaf tribe ah!"
"Yes! No ceremony will not be the family!"

……
all shouted.
Zoey hurriedly said, "Please rest assured! Tomorrow's clan ceremony we will come! Not only that, I will
bring my daughter Levilia! Let her participate in the clan ceremony together!"
"Let the child come together! This Yes!"
Ye Wudao said.
Zoey quickly pushed Levi Garrison, "Hurry up and agree to participate!"
But Levi Garrison was unmoved.
This group still want to embarrass themselves?
In a hurry, I expelled them directly from the Garrison Clan!
Lao Tzu is now in charge of the ancient Garrison Clan!
Throw your nose on your face one by one?
Isn't it looking for death?
"Boss, what are you doing in a daze? Hurry up and agree to it!"
Azure Dragon (Qinglong) and the others were anxious.
"You endured even the enemies of the year, but you couldn't beat them and you joined! You have
endured the humiliation so much, are you afraid of losing something?"
"When you agreed to join the Garrison Clan, you actually bowed down to them and knelt down. That's
it! So it doesn't matter whether you kneel and kowtow to them! You are already kneeling!"
"Now that you have reached this point, you should continue to bear the humiliation!"
…
They persuaded them one after another.
In their opinion, Levi Garrison had already knelt down when he agreed to join the clan…
Levi Garrison took a deep breath, "Okay, I promise to participate in the clan joining ceremony!"
But tomorrow, Levi Garrison will be sitting in a chair, and Ye Wudao Zhiliu was kneeling on the ground…
the ceremony of joining the clan?
Ha ha! Let's become a demarcation ceremony!e!"
The Return of the God of War [The Protector] Chapter 2525
"Okay, then we are ready to join the clan ceremony! It will be held tomorrow!"
Ye Wudao smiled at Levi Garrison, "Don't be arrogant, this ancestor is your decision!"
They all left.

In fact, Ye Zhantian of the Independent House knew everything.
"Levi Garrison, your temper is still igniting! People have to bow their heads under the eaves!"
"You surrender to the Garrison Clan, it is equivalent to kneeling, and now you want to stand and eat, it's
impossible!"
"You Only keep forbearing, keep kneeling…until the day when you become stronger and stand up on
your own…"
Zoey said.
Others' voices were also cold and indifferent, "Since I chose to surrender, I will bear the humiliation
honestly! I think about it, and I want to take it again!"
They don't want to call the name directly, which probably means setting up a memorial arch…
Levi Garrison is really embarrassed. .
Laozi is in charge of the ancient Garrison Clan, okay?
Not to join!
It is a direct takeover!
Is he still kneeling?
He dared to kneel, but who can bear this group of people?
Zoey contacted Levilia on the same day and took him back from Tiance Mansion.
It was the next day in a blink of an eye.
"This is something within your Garrison Clan, we outsiders are not suitable to participate! Let's leave!"
Zoey said actively.
She left the Garrison family house with everyone.
She was afraid that staying here would embarrass Levi Garrison and embarrass him.
After all, Levi Garrison wanted to kneel down for so many people, and he was once his enemy.
At this most humiliating moment, Levi Garrison definitely doesn't want people he knows to see…
Therefore, Zoey immediately took people away.
"You…"
Ye Wudao looked dumbfounded.
He wanted Levi Garrison to lose face in front of this group of people, but now he has all gone.
And the reason is particularly good-it is not the Ye people.
He could not refute it yet.
But this is all secondary.

The important thing is that Levi Garrison, a stubborn guy, will kneel in front of him and call his
ancestors…
it's cool to think about it!
What a proud fellow Levi Garrison is!
Known all over the world!
Let him kneel and kowtow to call ancestors!
This is something to brag about!
The ceremony of joining the tribe was held in the ancestral hall of the Ye tribe in Beijing.
There are four chairs next to the hall of the ancestral hall, and one chair in the middle.
This belongs to the nine elders!
The middle position belongs to Ye Wudao!
He is a young ancestor, the highest standing!
The next seat belongs to Ye Lingtian and the others.
Elect eight elders to accept Levi Garrison's salute!
Soon, everyone gathered.
Ye Wudao didn't sit down, but stood at the door and waited.
"Where is Levi Garrison? Hasn't he come yet?"
Ye Wudao looked around.
Another half hour passed.
Levi Garrison came slowly with Levilia.
Levi Garrison even had a steamed bun in his hand, where to eat it…
He seemed to regard the ceremony of joining the clan as a matter of fact.
"Levi Garrison, what are you doing? The clan ceremony! This is the clan ceremony! You are late!"
"Twenty full minutes!"
"Do you want to join the Garrison Clan? Just say it if you don't want to join! I thought you were.
Kuaibao! I can't leave you!"
Ye Wudao roared wildly.
Everyone else looked at Levi Garrison in disgust.
Was he late for such an important moment?
Sin is unforgivable! ! !
This is not putting them in the eyes
at all … Everyone has already thought about it after looking at Levi Garrison.
The initiation ceremony must make things difficult for him later…
Set rules for him!
"Oh, late? I went to bed a little late, what's the matter?"
Levi Garrison sneered.

“You still dare to be confident? How could I still give birth to you? I don’t dare to say that you have my
blood in the Garrison Clan!”
Ye Lingtian said angrily.
Levi Garrison ignored him, but walked straight into the hall of the ancestral hall.
Sit directly in the center of Ye Wudao’s chair. He cocked Erlang’s legs and looked at everyone, “Shall we
start?”
The Return of the God of War [The Protector] Chapter 2526
“Why are you daunting?”
When Levi Garrison sat on Ye Wudao’s chair, everyone was shocked.
Everyone was stunned.
Looked at him incredulously.
Ye Wudao stood at the gate of the ancestral hall, just like a fool.
There seems to be something wrong with his mind.
Why did Levi Garrison get on his seat?
Why is this?
Senseless!
Everyone is dumbfounded!
“What are you doing in a daze? All kneel down!”
Levi Garrison shouted.
This made everyone wake up in a shock.
“What are you doing, Levi Garrison? Is this where you should sit? This is the position of the ancestor!
Get out of me quickly!”
“You unfilial offspring! You are playing with fire!”
“Levi Garrison, are you brains?” There is a problem? The ancestral hall is so daring to go wild like this?
Are you looking for death?”
“You should kneel! You are not qualified to sit!”
…
Everyone who reacted was anxious.
Yelling one by one.
I can’t wait to take Levi Garrison alive…
His behavior is to provoke Garrison Clan’s majesty!
It looks very serious in them!
Ye Wudao took a deep breath, “Levi Garrison, you have to be clear about your position, you want to
participate in the clan ceremony! Not us!”
“This position is mine! You should kneel here! Hurry up and kneel here, I forgive your ignorance! Don’t

be conceited!"
Everyone shouted, "Levi Garrison kneels!"
"Levi Garrison kneels!"
…
Levi Garrison smiled, "Who said that the ceremony of joining the clan? This is not what I came to
participate in!"
"Ah?"
Now the others became more confused.
I don't know what Levi Garrison is talking about…
Even Levilia looked at him strangely, not knowing what he meant…
"I obviously attended another ceremony, that is, someone will be expelled from the Garrison Clan!!! "
Levi Garrison sneered.
"Someone will be expelled from the Garrison Clan?"
Ye Wudao said subconsciously.
"Yes, that's right! Someone will be expelled from the Garrison Clan!"
Levi Garrison nodded.
"Could it be you?"
Ye Lingtian asked.
Levi Garrison smiled and said nothing.
But this smile looks weird.
Also very provocative.
"Bring me down, you!!!"
Ye Wudao directly wanted to make a move.
It's just that suddenly a voice blasted like a tearing sky.
"Ye Wudao still doesn't kneel down!!!"
"Boom!!!"
This sound was like thunder, with terrible pressure.
"Puff!"
Ye Wudao knelt to the ground subconsciously.
Under terrible pressure!
At the same time, he also heard that it was Ye Qingtian's voice!
"And Ye Lingtian, Ye Kuanglan…you all kneel down for me!"
Ye Qingtian's voice continued to explode.
"Puff!" Unable to
endure the powerful pressure, Ye Lingtian and the others knelt down one by one…
They looked painful and felt terrible oppression.
And the children of the Garrison Clan outside the ancestral hall heard Ye Qingtian's voice, and they all
knelt to the ground one by one.

In the entire ancestral hall, only Levi Garrison was sitting alone.
Levilia stood beside him.
All the others fell to their knees…
This scene was extremely shocking!
Isn't it Levi Garrison's ceremony for joining the clan?
How did it happen?
It was not Levi Garrison who was kneeling, but people like them…
can't understand!
I can't figure it out at all! ! !
Accompanied by the sound of intensive footsteps, Ye Qingtian and other ancestors quickly came to the
court.
Everyone looked at them without understanding.
At this time, Zoey outside Ye's ancestors' house and they heard Ye Qingtian's movement.
"
Should something happen? The boss is very likely to have an accident…"
"Let's go in and see if
something happens, we will try to stop it!!!"
…
Zoey and the others entered madly.
Quickly came to the ancestral hall.
After arriving at the ancestral hall, everyone stopped. Seeing the shocking scene in front of me…
The Return of the God of War [The Protector] Chapter 2527
Why are they all kneeling on the ground!
What are they doing?
Hundreds of Garrison Clan in Beijing actually knelt in front of the ancestral hall.
There are even people kneeling in the hall of the ancestral hall!
What is this for?
"Is it worshipping the ancestors? Visiting the ancestral hall?"
Someone wondered.
"Look inside!"
Xiao Feng exclaimed.
Everyone looked over.
I saw one person sitting in the middle of the ancestral hall-Levi Garrison.
Next to him stood a bewildered Levilia.
Looking at it from this angle, it was as if everyone was bowing to Levi Garrison! ! !
How is this going?
Why did they kneel down for Levi Garrison?

I can't imagine it because of emotion or reason!
These people who kneel down are all taller than Levi Garrison!
Even Ye Lingtian wouldn't kneel down to Levi Garrison… I
can't figure it out, I really can't figure it out!
It doesn't make sense!
No reason for them to kneel to Levi Garrison!
"Boom!" In the
next moment, a series of majestic breaths hit.
Ye Qingtian and the others appeared…
a coercion that obscured the sky and the sun struck, causing Zoey and the others to kneel and worship.
"Is this the ancestors of the ancient Garrison Clan?" This
is the first time they have seen so many terrifying things!
It is equivalent to a bunch of killer gods!
To be weak is not a bit weak!
At this moment, everyone understands that God List is a fart!
Just picking out a few of these people will be able to chop the god list alive.
too frightening!
"I understand, they must be kneeling because of these old ancestors!"
Azure Dragon (Qinglong) said.
Everyone nodded and agreed.
Because there is really
no reason why these people gave Levi Garrison to kneel…The people haven't arrived yet, Ye Zhantian
roared, "You want to be drawn by me again, right?"
Seeing Ye Qingtian and others walking, especially watching. Ye Zhantian looked angry.
Ye Wudao was scared to cry.
"Patriarch! Uncle, I was wrong! It's all my fault! I shouldn't be in charge! The Garrison Clan hasn't yet my
turn to be the master! Everything is my fault!"
Ye Wudao immediately apologized.
"And we were also wrong…"
"The matter of Levi 's entry into the clan was decided by your ancestors! But we set up a ceremony of
entering the clan to deliberately make things difficult for him!"
"When are we qualified to make claims? Especially? Did the ancestor decide something?"
"We are guilty! We are guilty!"
"Papa……"
They began to slap themselves fiercely.

In particular, Ye Lingtian had their faces smashed in order to express their attitude.
They all thought that Ye Qingtian let them kneel down, and blamed them for making their own way, and
throwing aside the decision made by the ancestors, and they held the ceremony of joining the clan by
themselves.
It's another act of Yue Chu on behalf of Pao!
Do things beyond your status and responsibilities!
Just as Ye Zhantian went to deal with Levi Garrison not long ago, they didn't know their status, they
decided to let Ye Zhantian deal with Levi Garrison…
Ye Wudao also thinks so… The
fault can only be this…
And this time it's worse than before!
In front of him was Ye Zhantian, now Ye Qingtian and even the entire Garrison Clan!
After Ye Qingtian's group arrived, they stared at Ye Wudao, "Well, you are indeed wrong! And
you are so wrong!" "In the Garrison Clan, you have a voice? What right do you have to influence the
Garrison Clan's affairs? "
Especially in front of the Lord of the Ancient Garrison Clan, what qualifications do
you have ?" Hearing Ye Qingtian's reprimand, everyone was trembling.
But they all understood it wrong.
The head of the ancient Garrison family is Levi Garrison!
"We were wrong! Ask the Patriarch to punish!"
"We were wrong…"
Ye Wudao did not admit their mistakes, and accepted all punishments.
In this situation, you can only admit your mistakes, and this is the only way. Ye Qingtian shouted, "Okay!
Then I will announce the punishment when I choose…"
The Return of the God of War [The Protector] Chapter 2528
As for the punishment Ye Wudao can think of, it is nothing more than the few rules of the family.
Put him in confinement for up to three years!
It's too simple…
but it was the first time Ye Qingtian and the others were punished.
A little nervous.
"The punishment is from now on, Ye Wudao, Ye Lingtian… These nine people are expelled from the

Garrison Clan! They have nothing to do with the Garrison Clan!"
"As long as we find that you play the banner of the Garrison Clan again, then kill Wuxian. !"
...
"Boom!!!"
When Ye Qingtian announced the decision, the audience was silent.
No one thought that the punishment turned out to be this…
directly expelled Ye Wudao and others from the Garrison Clan!
Incredible!
Ye Lingtian was stunned.
Ye Wudao was stunned.
Even others, such as Zoey, were stunned.
Why?
Because of this incident, the first day of the ancient Garrison family was expelled from the family!
Is it too sloppy?
If only Ye Lingtian and them were expelled, everyone would understand.
This group of people violated the Garrison Clan's majesty and deserves heavy punishment.
But adding Ye Wudao, everyone doesn't understand.
At this time, Ye Wudao, Ye Lingtian and their minds came to mind what Levi Garrison said before-I did
not come to participate in the clan ceremony, but the clan removal ceremony. Someone will be expelled
from the clan?
How did he know?
wrong!
conspiracy!
It's all Levi Garrison's conspiracy!
I don't know what ecstasy soup he poured into this group of ancestors!
Why?
Ye Wudao especially wants to know why?
He was dumbfounded!
This kind of mistake is not even called a mistake, it's just embarrassing Xia Levi Garrison.
Did not desecrate the authority of the Garrison Clan…
The ancestors who stood in front of the key point loved him the most…
Especially Ye Qingtian, who cultivated him as a generation!
As a result, he made such a decision for Levi Garrison?
"Why is the Patriarch?"
"Why is Master?"
"Why is Uncle?"

…
Ye Wudao looked at the familiar faces and asked why in confusion…
"How can there be so many whys! Violating the family rules! You should be subjected to it."
Punishment! You have been expelled from the Garrison Clan! You are not from the Garrison Clan
anymore, get out of here!"
Ye Qingtian said angrily.
Even his master Ye Longtian expelled, "Hurry up! It's good to leave you a life!"
Ye Wudao slowly stood up and looked at Ye Qingtian. "Excuse me, Patriarch, expel me from the clan, yes
Who specifically violated the house rules? Say it, I am convinced!"
Ye Wudao is very smart, knowing that there is no such rule in the house rules.
Intentionally let Ye Qingtian speak out.
Ye Qingtian was happy, "Sorry, I added it! I ask you, does the Lord of the ancient Garrison Clan have the
right to change or add clan rules?"
"Yes!"
"Yes!"
everyone shouted.
Now Ye Wudao had nothing to say.
"Okay, I admit it! You have this child as the cornerstone of the future, so you are willing to give up on
me, right? Okay! I'm leaving! There is a day you regret!"
"Levi Garrison, you wait! I will keep this account. Right!"
Ye Wudao sneered.
In their opinion, it was definitely Levi Garrison who forced the patriarch to expel himself from the family
based on the monarch.
Because of Levilia's talent and potential, he could definitely be the future of Garrison family.
Then it's the same whether he needs it or not.
Ye Lingtian followed Ye Wudao and left the Garrison Clan in a daze.
"Hey! Do it yourself! Disciple! Who made you offend someone you shouldn't offend!"
Ye Longtian looked at him reluctantly.
Ye Qingtian looked cold, "Whoever dared to do anything against the patriarch in the future will end up
like this!"
…

walking on the streets of the capital.
Ye Wudao and his party were lost.
“Little ancestor, where are we going now? We listen to you!”
Ye Lingtian asked.
“If you want the Garrison family to regret, we can only make ourselves stronger! We have to take refuge
in the big forces!”
Ye Wudao said. He and Ye Lingtian looked at each other, “Relying on the Bible Organization to find the
God of Darkness!!!”
The Return of the God of War [The Protector] Chapter 2529
“Huh? The Bible Organization?”
Ye Kuanglan and others looked surprised.
Join another organization just after leaving?
“Today’s affairs are inseparable from Levi Garrison! I must make Levi Garrison pay a painful price!!!”
Ye Wudao was really trembling with anger, and his hatred for Levi Garrison reached its maximum.
It may have been that Levi Garrison was arrogant in the past.
But now I really have an unshakable hatred with Levi Garrison!
At least in his opinion, such a great hatred! “And the ancient Garrison family! How much did I pay for
them? When I was the first genius in the family! Everyone pampered me and loved me! Now there is a
more promising one, just kick us. It’s open… Garrison family, you will regret it
!!!”
“When I am very strong in my cultivation, you will know what a talent is! What is a crushing! That kid
can be crushed with one finger!
I will Let everyone in the Garrison Clan understand that expelling me from the Garrison Clan is the worst
thing they have done in their lives!”
Ye Wudao shouted up to the sky.
Ye Lingtian also agreed, “Yes, that’s it! Make them regret it!”
“But the best way to make them regret is strength! With unmatched strength, you can make the
Garrison Clan regret it! Then, we need to join the big power! “
understand all this vitality and leaves few people asked,” why is the Bible that the organization does? big
summer there are a lot of big forces! “

they used to be in the big summer, and this case was expelled from the race, struggling to go outside.
"Because the biblical organization is so powerful, the Dark God in particular is even more outrageous!
Everyone says that the God of Heaven has won the Dark God, but as far as I know, it is not the case! It is
the Dark God who won!
And Levilia and several of her masters mysteriously disappeared in the West. In fact, they encountered
an extremely powerful existence, and they were saved by the God of Darkness alone! "
That's why we are the only choice to seek refuge in the God of Darkness!" If I worship the dark god as a
disciple, I can reach the peak in a very short time! "
Ye Wudao said.
"Well, leave for the Bible Organization immediately!" "
Ye Lingtian nodded.
Both of them looked like heroes and thought about the same thing. The two went straight overseas.
Among the Garrison Clan.
Zoey and both of them were stunned.
Even after a long time, they were still shocked.
Garrison Clan He actually expelled Ye Wudao from the clan… It
's incredible.
That's the first genius of the Garrison Clan . If he says to expel him, he is expelled?
"I have to say that the master still has the means. Make such a decision! " Xiao Feng exclaimed. The
Sword Evil God nodded, "Yes!" He should use Levilia as a tool to design and challenge Garrison Clan and
Ye Wudao! "Azure Dragon (Qinglong) Kirin (Qilin), they all smiled, "Well! You, to be exact, we all
underestimate the boss! In addition to the use of force, his strategy is also unique! Familiar with all kinds
of warfare, all kinds of conspiracy and tricks! In those days on the battlefield, the
enemy was often defeated by tactics and soldiers, without a single pawn! "
Although this ancient Garrison Clan is powerful, according to strategy, the boss is their ancestor!" Design
it casually, and part of their family will fall apart! The design allows Ye Wudao to leave. It is simply too
simple…"

“Especially with Levilia as a bargaining chip, it is easy to grasp the entire Garrison Clan! “
…
Because it was something within the Garrison Clan, Zoey and the others had to leave.
He also took Levilia away.
After all, the ceremony of joining the clan Sun was held.
At this time, Levi Garrison was still sitting in the ancestral hall.
“Levi Garrison, you are presumptuous! Do you still dare to sit?” It was Ye Mingchen who Ye Wudao brought out at the beginning.
Also a Garrison Clan genius!
“Pop!” Ye Qingtian, who was next to him, suddenly slapped him away.
The Return of the God of War [The Protector] Chapter 2530
Ye Mingchen fell heavily to the ground.
Everyone looked at Ye Qingtian puzzledly.
Would you rather let Levi Garrison sit, and have to fly other people?
why is that?
Especially Ye Mingchen was even more puzzled.
At this time, Ye Qingtian spoke again, “Didn’t I say that you don’t want to be troublesome in front of the
lord?”
Ye Mingchen looked at him aggrievedly, and I didn’t make trouble in front of you.
I’m talking about Levi Garrison! ! !
“Boom!!!”
At this moment, Ye Qingtian suddenly fell to his knees.
“Puff!”
“Puff!”
…The
other ancestors also fell to the ground one by one.
Surprised!
The others were shocked.
Why are the ancestors kneeling down?
It shouldn’t be!
Even if this is the Garrison Clan’s ancestral hall!
But the ancestors in the ancestral hall are lower than these people!
These people are even in the portrait of the ancestral hall.
How could they kneel down to themselves or someone lower than their own…
It’s not impossible!
But some people found out…
They weren’t the offerings in the ancestral hall…

but Levi Garrison sitting in the field!
“Meet the Patriarch!!!”
everyone shouted.
Patriarch? ? ?
Is Levi Garrison the Patriarch?
At this moment, everyone seemed to be clear.
It turns out that Ye Qingtian said before that he was not qualified in front of the Patriarch…
This Patriarch did n’t mean him, but Levi Garrison!
He also said that the Patriarch could change the clan rules at will, to expel Ye Wudao and the others
from the clan.
This Patriarch is Levi Garrison!
The members of the Jingcheng Garrison Clan are going crazy.
Not only has Levi Garrison joined the clan, he is also the clan leader!
This is too scary!
“Announce, this is the master of the ancient Garrison Clan and even all the Garrison Clan!”
“The reason why I let you know the identity of the Patriarch is to make it easier for him to do things for
him! Someone in the ancient clan has to do things, and there are also people in the secular world to do
things! “
Ye Qingtian asked.
“Understand!”
everyone shouted.
On the other side, Ye Wudao and his team finally found a certain base of the Bible organization.
This base is in charge of the evil god!
The evil god knows Ye Wudao, and he looks a little wary when he looks at a few people.
Order thousands of strong men to surround them!
“This lord, don’t be nervous! We are here to join the Bible Organization!”
Ye Lingtian explained quickly.
The evil spirits looked astonished, “Take refuge in us? Really? Ye Wudao, you are the first genius of the
ancient Garrison Clan! How can you take refuge in us?”
“It can even be said that in the eyes of the ancient Garrison Clan, we It’s a crooked way! How could you
join us, don’t laugh!”
Let alone the evil spirits, no one else believed it.
“That’s right, we have been expelled from the Garrison Clan…”

Ye Wudao said about his expulsion from the Garrison Clan.
Everyone checked it and it turned out to be true.
"So we come to join the Bible Organization! Don't worry, we are not a waste of rice buckets! Joining the
Bible Organization will also increase your strength!"
"And to show my sincerity, I specially bring some meeting gifts! But we must meet the Dark God and his
old man. "
The most important thing is that the purpose of my coming this time is to worship God of Darkness as a
teacher! If I don't see him, I can't kneel here forever!"
Ye Wudao fell to the ground with a puff.
"And me, I also want to worship the dark god as a teacher!"
Ye Lingtian also knelt to the ground.
The two of them just knelt straight like this.
Alarmed the audience.
Everyone was stunned.
I also saw the determination of the two.
This kneeling is one day and one night.
When Levi Garrison heard the news, he was shocked.
After going round and round, these people still return to their command?
The key is that they still worship themselves as a teacher?
Interesting!
Levi Garrison decided to go there in person.
"God of darkness is here…" Ye Wudao, who had been kneeling for a day and a night, heard the light in
their eyes.y.
The Return of the God of War [The Protector] Chapter 2531
At the moment when they saw "Dark God", Ye Wudao and the two were excited.
"Dark God, I am willing to worship you as a teacher! As long as you are willing to accept us as disciples, I
am willing to pay all the price!"
Ye Wudao said directly.
Levi Garrison was happy, and wanted to know what price he had to pay.
"Huh? How to say?"
Dark God asked.
"As long as you accept me as a disciple! I am willing to Yip ancient tribe of exercises, mixing drugs law,
all of these methods offer the mixing device! Unreserved! This is the most ancient family Yip, I promise!"
Leaf Wudao's eyes were full of madness.

In order to join the Bible organization, he turned over all the most supreme core techniques of the
ancient Ye clan.
It shows his determination and sincerity!
"Hahahaha…"
Levi Garrison smiled.
This Ye Wudao is indeed crazy!
And Ye Lingtian also had scarlet eyes, that was a desire for super strength!
In order to become stronger, these two people really do everything.
They will do everything crazy.
"The supreme technique of the ancient Ye family? If this is spread out, I am afraid that the whole world
will be mad! That scene is no less than when the Heavenly Sword came out…"
Levi Garrison smiled.
"Yes, yes! This is the supreme technique of the ancient Ye clan! When you reach the extreme level, you
can fight against the Great Summer Cebu!"
Ye Wudao said immediately after being recognized.
"Boom!!!"
But at this moment, Levi Garrison suddenly burst into a terrible air current, forcibly pushing everyone
out for tens of meters.
A scorching breath blasted the audience.
Like a scorching sun…
The breath rushed to the body, tearing human skin inch by inch like a blade.
What a terrible sun current!
It was like the aura from the Heavenly Sword back then.
Chunyang Zhenqi? ? ?
Ye Wudao was dumbfounded immediately.
Others may not recognize it.
He recognizes it!
This is the core technique of his ancient Ye clan!
Only the members of the ancient Ye clan can step on this journey by cultivating pure Yang Zhenqi.
In the future, all members of the ancient Ye clan will rely on pure Yang Zhenqi to practice various
techniques and skills.
This is their core basic technique!
Family regulations-no one should disclose the core skills!

The pure Yang Zhenqi made by the dark god in front of us is extremely pure!
In other words, Ye Wudao had never seen such a pure pure Yang Zhenqi.
Not even Ye Qingtian and his like!
"You…how did you know my Ye Clan's core practice?"
Ye Wudao asked inexplicably.
Ye Lingtian is very clever and has roughly guessed it.
Of course Levi Garrison will.
The ancient Ye clan had given everything to him.
Ye Wudao would like him.
Ye Wudao can't, he can too!
"I can do a lot… Boom… clang…" At
this moment, Levi Garrison's body suddenly turned golden, making a metal clash.
"What? King Kong is not bad for magic????"
Ye Wudao's eyes were about to fly out.
How can this dark god do everything?
too frightening!
so horrible!
Never seen such a powerful person!
Now Ye Wudao's mind is no longer about how Levi Garrison obtains the Ye Clan's exercises and King
Kong's non-destructive magic.
He only knew he was right!
The Dark God is much stronger than them, and more powerful than the whole world imagined!
He is unfathomable!
All the world knows is the tip of the iceberg!
Ye Wudao excitedly yelled, "I knew you weren't defeated by Tiance Shenshuai!"
"He? Too weak! Unbearable! I don't bother to care about who beats me!
No opponent in my eyes… …"
Levi Garrison said.
Both Ye Wudao are going crazy!
It's crazy!
Isn't it too powerful?
This is what they want! ! !
"Please accept us as disciples…"
"I can do whatever I want to go through fire and water…"
"Bang bang bang…" The two knelt on the ground, slamming their heads at Levi Garrison frantically.
The Return of the God of War [The Protector] Chapter 2532

God's will make people!
Levi Garrison sighed as he watched the two men kowtow.
It's so amazing!
Marshal Tiance became his apprentice, and now Ye Wudao and Ye Lingtian are also begging to accept
apprentices!
But this time is the occasion of employing people.
What's more, Ye Wudao is very strong and determined.
You can use them for many things.
Accept disciples, yes!
Levi Garrison will also give them pointers and teach them something!
Let them improve in a short time and reach a height that outsiders can't imagine!
No matter how good they are, Levi Garrison will firmly control them.
"Come on, tell me why you worship me as a teacher?"
Levi Garrison asked.
"We want to become stronger! We want the ancient Ye clan to know that they are wrong! I want them
to regret!!!"
Ye Wudao shouted almost madly.
"Well, yes! Very real idea! I have accepted you as apprentices! And I will guide you and teach you the
exercises. Let you take off! Get what you want as soon as possible!"
Levi Garrison looked at the evil spirit again, "Now we are Are there any larger forces that are left
unattended?"
Levi Garrison knew that the Bible organization had too many forces.
His confidant is not enough to look after him.
"Even though the Maya industry is now under our control! There is no real caretaker! The people sent
are not strong enough! Can't achieve the effect of suppression…" The evil god said.
"Huh?"
When Ye Wudao heard that Maya Industry was also controlled by the Dark God, both of them went
crazy.
Breathing is visibly rapid.
What kind of existence did they worship as their teacher?
But thinking of the strength of the Dark God, everything was relieved.
Hahahaha…
they even laughed wildly in their hearts.
They joined the strongest force in the world!

none of them!
Their master is even more invincible!
The name alone is enough for the Ye Clan to regret…
If their strength takes off again, it will be unimaginable!
"Being my apprentice, you have to do things for me! From now on, Maya industry will be under your
secret control! Understand?"
Levi Garrison asked.
"Master, rest assured, we will make the best order!" the
two promised.
They are completely crazy.
In a disguised form, they are already the masters of Maya Industry.
Levi Garrison also believed that they would do a good job. Driven by their interests, Ye Wudao and the
others might do better than Underworld God.
"In order for you to do things better, let me teach you two artifacts!"
Levi Garrison gave the artifacts brought by Forbidden Land No. 76 to the two of them.
They all got excited to death when they got the artifact.
This is more powerful than Ye Zhantian's killing sword…
They have the urge to rush to Ye Clan Xiansha now…
After leaving here.
Levi Garrison went to Forbidden Land No. 76.
Mining here continues…
The resources in this place are too rich.
According to estimates, with the speed of the current mining team of the Bible Organization, it is
estimated that the mining will not be completed for hundreds of years.
But Levi Garrison's temporary focus is not here.
It's fishing…
If according to his prediction, the Lab of the Gods still exists, it must be eyeing here.
After all, this was their forbidden place back then…
and even checked the identity of the "Dark God" over and over again.
They have no reason to give up here…
Levi Garrison deployed all the elites of the Bible organization here in Forbidden Area No. 76, which is
called a net of heaven and earth.
Always staring at the forbidden area No. 76 and the surrounding changes.
"Is there anything unusual recently…"
Levi Garrison asked.
"Dark God, there is nothing unusual!"

Levi Garrison decided to observe it himself tonight.
Sometimes something is not observable by the machine.
In the dead of night, Levi Garrison was in the position of a secret whistle.
Almost all locations are covered.
There was no abnormality in the first half of the night. But in the middle of the night…
The Return of the God of War [The Protector] Chapter 2533
The net under the arrangement of the sky and earth did not find anything.
everything is normal.
But Levi Garrison's face changed.
Levi Garrison clearly felt the movement of the wind and grass.
Even if it is faint, it is smaller than the movement of a butterfly flapping its wings.
But nothing fell into Levi Garrison's ears.
Now Levi Garrison's consciousness has been swept away, and everything in the world is under his
control.
He could feel even the worms in the deep forest crawling…
Levi Garrison could feel it when there were such weak energy fluctuations.
No wonder those modern instruments can't find it.
Because the machine has scope, minimum and maximum.
Obviously, this weak energy fluctuation is not within the range of the machine.
So these days have passed, and everyone still hasn't noticed at all.
Levi Garrison's nets of heaven and earth are actually useless at all.
"I saw you…"
Levi Garrison locked a few figures at a glance.
To be precise, they are ghost-like figures…
Like the gods in Forbidden Land No. 76, their bodies can be completely hidden without a trace.
If it weren't for Levi Garrison, they wouldn't have been spotted at all.
First of all, they can control the body to emit almost no energy fluctuations.
Even the terrifying advanced machines or super masters of the new era can't notice it.
In addition, their bodies are like ghosts… In
this way, the chance of finding them is almost zero!
Although Levi Garrison laid out the net, he found nothing.
This is also normal! ! !
Levi Garrison immediately leaned forward.
After being near.
Levi Garrison saw clearly.

The way this group of people hide their bodies is still different from that group of gods.
They are almost transparent, and they can't see clearly in the dark…
Transparent? ? ?
Pure energy body! ! !
Levi Garrison immediately thought of Xu Zhengjie's pure energy body!
Although Richard made a bunch of pure energy bodies later, they were all low-end versions.
No one is really close to Xu Zhengjie!
After all, that kind of super-energy particle was discovered by Xu Zhengjie naturally, and Richard and the
others were artificially imitated and manufactured.
The power is different…
Levi Garrison has never seen what Xu Zhengjie's pure energy body looks like…
But these figures in front of him are completely one level higher than the pure energy bodies of people
like Li Songkui…
At least they are super strong!
In this era of the gods list is the first few levels!
Maybe they are really close to Xu Zhengjie!
And Levi Garrison was sure that these people were random spies, not really masters sent.
The real master is close to Xu Zhengjie, and even reaches the level of Xu Zhengjie directly!
Since it is a pure energy body, who else is there in this world?
The Lab of the Gods!
Levi Garrison is sure!
They are the people in the Lab of the Gods!
Excited!
Levi Garrison became excited all at once!
The long-lost opponent finally appeared!
No one knows how he feels at the moment… It's so
excited that it explodes…
Levi Garrison has always been in a state of invincible loneliness that is overwhelmingly high.
Now the opponent is finally here.
Can you not be excited?
Levi Garrison almost laughed out loud.
But he wants to know where the lair of these guys is.
therefore.
There has been no movement, just quietly following them.

These ghost-like figures shuttled through the forbidden area No. 76, as if they were recording
something…
Levi Garrison had not been alarmed.
Until dawn, these figures left.
Levi Garrison immediately followed.
He is bound to follow a few people to find the current lair of the Gods Laboratory… These
guys must be hiding somewhere.
Along the way, the speed of several figures was very fast.
However, Levi Garrison kept locked in their presence.
A few hours later.
Levi Garrison stopped with a look of surprise.
"Why are they here????? Shouldn't they!"
The Return of the God of War [The Protector] Chapter 2534
Because the place I came is Daxia!
Levi Garrison was so shocked.
These ghostly figures plunged into the territory of Daxia.
"No… they found me… deliberately led me to Daxia!"
Levi Garrison immediately wanted to understand.
If it is another location, it may really be the current lair of the Gods Laboratory.
But if it's Daxia, it's definitely not!
I deliberately guided myself!
Except for this reason, Levi Garrison couldn't think of anything else.
He could only secretly sigh that the Gods' Laboratory was really terrifying…
actually found himself.
It seems that these guys found themselves early in the morning.
Always guide myself to Daxia.
If you continue to track down, these people will definitely flee and will not gather together.
Levi Garrison immediately chased after him.
As expected, these people were dispersed after entering Daxia.
Several people fled in several directions…
Levi Garrison smiled.
Sure enough, as he expected.
This group of people discovered them long ago.
If you keep chasing it down, you won't be able to find the lair.
Even catching a few people is useless.
After all, this group of people discovered him, and it is estimated that they have already taken

countermeasures.
Levi Garrison tentatively pursued it in one direction.
This person actually ran to the capital…
and then disappeared…
"Sure enough, there are two boys, and I discovered myself early…"
Levi Garrison muttered to himself.
He thought that the other party had made a countermeasure to get away.
What Levi Garrison didn't expect was that the other party didn't find him.
With his current strength, how could someone discover him!
With these pure energy bodies, how could it be possible?
What he didn't expect was that these people didn't deliberately lead him to Daxia.
It's that they wanted to go back to Daxia…
because their lair was in Daxia… The
so-called most dangerous place is the safest place… The
current lair of the Gods Laboratory is actually in Daxia!
This is something no one can think of!
After the Lab of the Gods was hidden, the Lair was built in Daxia…
Even if everyone knew that the Lab of the Gods still existed, they would not be able to find it.
As for entering Daxia, several people dispersed and went in different directions.
That's because there is more than one lair in the laboratory of the gods.
If they are scattered.
If it's exposed, it won't be all exposed.
Only one place can be exposed.
It's also convenient to do things…
Even Levi Garrison didn't expect it… the
other party didn't find him, and the lair was in Daxia.
They disappeared in the capital because they entered the nest of the capital…
If Levi Garrison pursued it a little more carefully, I was afraid that he would find out.
But who would have thought that Lao Lao was here…
Levi Garrison then returned to Jiangbei from the capital.
He is a little depressed.
I found the traces of the laboratory of the gods.
It is estimated that the Lab of the Gods will not go again.
Therefore, Levi Garrison never went to the forbidden area to guard No. 76 again…
As a result, in the middle of the night, a few ghostly figures appeared in the forbidden area on the No.

76, and they continued to explore the forbidden area.
They didn't even know that Levi Garrison had discovered it long ago, so they continued to explore.
But Levi Garrison thought that he would startle the snake and continue to guard in the future.
After a period of exploration in the Lab of the Gods, many secrets have been discovered in Forbidden
Land No. 76.
It's just that Levi Garrison didn't know all of this.
He thought these people wouldn't dare to go…
he was just intensifying his efforts to explore everywhere!
A few days later.
A big event happened.
It can be called another revolution in the new era!
It is closely related to almost everyone!
After this matter came out!
Exploded!
The whole world is blown up!
Levi Garrison was also shocked after seeing this. "Isn't it? Even the dark web came out?"
The Return of the God of War [The Protector] Chapter 2535
Because this time, the dark web unites major institutions around the world to redefine the list of gods! !
!
A Conferred God Platform will be built on the top of the world, the top of the country's first peak!
On the stage there will be a stone monument towering into the clouds and reaching a hundred meters
long!
This is the closest place in the world to the sky!
Means to ascend to heaven and conviction!
So the stele is named Fengshen Bang!
Everyone on the list will have their names engraved on this stone tablet.
There are 1,000 places on the Fengshen list!
However, the Dark God ranks first in the list of conferred gods with a terrifying force! ! !
The four characters of Dark God were carved on the top of the stone tablet, and they were already
submerged by clouds and fog, and they couldn't be seen at all.
Means that it has reached the sky!
Now Shenbangqian are basically unfamiliar names, and they are all members of the ancient tribe who

suddenly emerged. For example, Ye Qingtian and his ilk.
Or some hidden powerhouses in the West, some tribal powerhouses in the virgin forest.
There are members of the super ancients in Daxia, as well as the big powers in the West.
This time basically everyone can make the list!
Even the masters of Tiance and Levilia's masters are also on the list!
In the past, the rule of the god list was that this person must have been shot, and the record must be
analyzed comprehensively to be on the list.
No matter how good you are, you won't be on the list.
But this time is different.
The dark web united with major organizations to conduct a comprehensive analysis of the power of all
the strong people that can be unearthed from the world, and then rank them to decide whether to
enter the god list!
As for the data and combat power of these powerhouses, they all belong to the dark web!
I have to say the power of the dark web!
In addition to the stele, there are ninety-nine steps in the Conferred God Terrace!
The names of a hundred people are engraved on each step!
These ninety-nine steps are the quasi god list!
From the first level to the ninety-ninth level, and then to the stone tablet, it means to ascend to heaven
and entrust the gods!
The ninety-ninth step is the closest to the Conferred God List, and is also known as the Near God!
After the redefinition of the gods list, the whole world exploded.
Before the god list, the quasi god list was ranked, many people felt that it was not big, and even felt that
there was no sense of substitution.
There is very little motivation!
But now it's different.
Shenbang and quasi-shenbang are concretely expressed in the form of stone tablets and steps.
And it's still located on the Conferred God Stage on the top of the world.
Once on the list, that is to overlook the whole world.
Especially the strong people on the top of the stone stele are equivalent to stepping on the entire world!
Even the ninety-nine steps are above all beings!

Thus.
The name engraved on a stone tablet or ninety-nine steps will become a kind of supreme glory!
As long as it is mentioned, everyone will be enthusiastic!
Will frantically do whatever it takes to increase strength and hit the list!
Especially on the stone tablet, the part that enters the cloud has become the goal that everyone yearns
for!
Try to think about it, your name is engraved on the highest point in the world!
What a glory it is to connect the heaven and the earth, the place flooded by clouds and mist!
It's an inspiration to everyone!
It is also an encouragement to the ninety-nine steps of the quasi god list!
This means that the strong of the gods are stepping on their names and stepping on their faces to step
on the Feng Chan platform!
The name engraved on the ninety-nine steps is an honor and a shame!
Who can allow his name to be trampled on?
Who can allow his name to be on the steps?
All you can do is punch!
Step by step up the ninety-nine steps, directly to the Conferred God Platform, directly to the Conferred
God List, and stand at the highest point!
But then again, although it is a ladder, it is also the ladder of the highest peak in the world, and it is the
highest place in the world!
This is glory! ! !
So after the new god list was defined, the whole world exploded.
Of course, it was mainly because Ye Zhantian and others suddenly appeared, so that the previous god
list could not be predicted!
Therefore, the gods must be redefined. Levi Garrison was very interested.
Was he on the steps or on the
stele?
The Return of the God of War [The Protector] Chapter 2536
The Dark God is number one!
Daxia Yizhi Grandmaster (the mysterious man who pointed the Heaven-Slicing Sword!) ranked second!
At the same time, this one-finger master possesses the magical power of King Kong, which is said to
have reached an incredible level.

The new head of the ancient Ye clan ranks third!
His identity is unknown, but his strength can surpass, and he overpowers Ye Qingtian and Ye Zhantian to
become the Patriarch of the ancient Ye clan!
When the new list of gods was released, the world had exploded.
Everyone knows the first and second and is familiar with it.
But the sudden emergence of the new Patriarch of the ancient Ye clan shocked the whole world.
Especially Ye Wudao and Ye Lingtian, who currently control Maya Industry.
It was even more surprised.
They are all wondering if they were expelled from the family, whether it has something to do with the
new owner?
Who is this new owner?
Why don't they know?
For a while, Ye Wudao wanted to use his contacts in the ancient Ye clan to find out.
But they are more excited!
Because their master of the Dark God is the number one in the gods list today!
They are the top apprentices on the god list!
…
Looking at the top three rankings of the God List, Levi Garrison was lost in thought.
His three identities are all ranked in the top three…Where is
his identity?
Find a circle.
Nothing on the gods list!
This dark web has vast magical powers, and even these triple identities are refined.
Do you know who you are?
Do you know that these three identities are actually the same person?
If you know it, it's dangerous.
Fortunately, Levi Garrison initially judged that the dark web should not be the same force as the Lab of
the Gods.
Levi Garrison continued to read the list on the ninety-nine steps.
Still no one!
After all, this redefined god list and quasi god list are powerhouses that encompass the whole world!

Whether it has been shot or not, it is in the public eye or hidden from the world.
The strong ones that have not been counted have very small deviations.
This is the truly authoritative list!
This is the real gods list.
From the previous gods list to some powerful people in the back, they are always above the gods list.
God's list can no longer summarize them.
Therefore, according to Levi Garrison's previous strength, it is normal for him not to be on the quasi god
list.
It is estimated that the difficulty of getting on the quasi god list is the same as the difficulty of getting on
the god list before…
or even a little bit higher.
Levi Garrison continued to look at the god list and the quasi god list.
Ye Qingtian, Ye Zhantian, and the talents of Tiance are also listed!
In addition, the hidden powerhouses of all major Western forces have been unearthed one by one.
Basically, the new gods list are all unfamiliar names.
Once in the top ten of the gods list, only the top three are still a little higher.
The rest are basically at the end.
Ye Wudao, Tiance Marshal, they only entered the god list… but
this is more glorious than the previous top ten in the god list!
As for Xuanyuan Qingya once was in the top ten of the gods list, none of them made it into the gods list,
and fell into the quasi god list…
Unexpectedly, the God of Underworld, God of Violence, and God of Wind from the Bible organization
were ranked in the top 100 on the list of gods.
At the beginning, the Evil Sword God, Xiao Feng, and Kirin (Qilin), who were similar in strength to them,
and even stronger than them, all fell out of the gods list and were above the quasi gods list.
Only on the 97th step!
There is still a certain gap from the ninety-ninth step of the highest level!
That's because the Underworld Gods took the blood of "God" in Forbidden Land No. 76, and their
strengths soared one by one!
It's not just the evil gods.

There are many mysterious powerhouses in the Bible organization who have also made the list!
Many are on the list of gods!
This made Levi Garrison a headache.
This was his secret weapon, all of which were exposed one by one.
But Levi Garrison also feels good.
His subordinates are crazy about this list, and his three identities are still the top three. At this time,
Zoey Lopez asked Shang Levi Garrison to "follow us!"
The Return of the God of War [The Protector] Chapter 2537
"Where are you going?"
Levi Garrison asked curiously.
"Go to the top of the world to see the monument and the gods!"
"Now that the gods list is redefined, everyone wants to go to the top of the world to inspire
themselves…"
Zoey Lopez looked forward to several people.
really!
The new way of building the new god list on the top of the world really has a strong motivating effect on
the powerhouses all over the world.
Everyone is crazy!
They all take their own name engraved on the stone tablet as the ultimate glory!
Even if it is carved on the ninety-nine steps!
Will be trampled on!
But that is also glory!
Symbolically speaking, that is a step close to the sky!
Everyone is going crazy and engraved on it.
"The boss believes in us. When you see a towering stone monument, you will be crazy! You will not
attack at all costs! Go strong!"
said Kirin (Qilin) several people.
"Okay, then I'll go and see with you…"
The main reason why Levi Garrison came here was to see what the dark web built.
Maybe you can find some clues on the dark web…
"Hey! I didn't expect me to fall into the gods list! Ranked on the 97th step!"
Sword Evil God sighed.
Xiao Feng also looked unhappy, "I am also at level 97! Quasi-God Ranking! Who has suffered such

humiliation?"
Kirin (Qilin) Tiger (Bai Hu) nodded, "and us…"
They were immersed in the huge gap. Haven't come out yet.
Zoey Lopez is a bit stronger, at the 98th step, a little closer to the god list.
This is basically the best among them.
At this time Azure Dragon (Qinglong) said, "You should be self-sufficient! Are you still in the past? Now
the quasi god list is also a kind of glory! Your name is engraved on the steps! That is the step to the sky!"
"Yeah, let's put it this way, the times have changed again! Strong people like Ye Zhantian are all forced
to be on the list. It is normal for us to fall behind! Even if the world was originally not dominated by us!
Just
before The list of gods makes us feel very powerful! In fact, it is not…"
Azure Dragon (Qinglong) nodded
in agreement, "You are satisfied! At least your names are engraved on the steps of ascending to the sky!
It is still close to the ninety-nine level! Me! Now, not only has it fallen out of the god list, but also the
quasi god list! Even the first step is
a position beyond my reach!" As
he said, he glanced at Levi Garrison subconsciously.
Since he abandoned his own practice and practiced Levi Garrison's basic practice, his strength stayed in
place.
I can only watch other people surpass myself one by one!
Only he knew this kind of grief.
Levi Garrison smiled, "Azure Dragon (Qinglong) only needs you to practice hard! Soon your name will be
engraved on the stone tablet by them!"
"
Understood , boss." Azure Dragon (Qinglong) laughed miserably.
He would not believe what Levi Garrison said.
How can this be! ! !
Soon after, the group came to the top of the world.
This peak may be difficult for ordinary people to climb before!
But for the current group of strong people, it is simply too simple.
Tens of thousands of people have gathered here, and the number is still increasing.
It will soon exceed one hundred thousand, and the mountains and plains will be full of people.

However, most of the people who came were those who hadn't been on the quasi-sacred list, or were
quasi-sacred list.
The reason they came here was to look at the stone stele on the Conferred God Platform, and inspire
themselves to engrave their names on it.
As for the person whose real name was carved on the stone tablet, almost none came.
Tens of thousands of people stood under the steps of ascending to the sky, looking at the sacred
Conferred God Platform solemnly and solemnly.
Where are the hopes and goals.
No one will step on the steps for fear of blasphemy.
But suddenly one person stepped up the steps.
Levi Garrison! "Levi Garrison, what are you doing?"
The Return of the God of War [The Protector] Chapter 2538
Seeing Levi Garrison stepping on the steps, tens of thousands of people present yelled like crazy!
Everyone wants to stop, but there is no chance.
Levi Garrison has stepped on it!
Because this step of ascending to the sky, although it is to be trampled underfoot.
But that is also glory!
Those who can step on it unless they have the strength to cross over, such as those super powerhouses
with names engraved on stone tablets.
Otherwise, how can other people dare to step on this level?
This step is sacred and solemn in everyone's mind!
Especially the strong quasi gods whose names are engraved on the steps do not allow people weaker
than them to step on their names!
This is absolutely not allowed!
Even if the strongest of the gods stepped up the steps, they would be dissatisfied and angry.
Not to mention people who are weaker than them!
Resolutely not!
This is a shame to them!
It's trampling on them!
This group of strong men is going crazy.
But helplessly, Levi Garrison has already set foot on it.
The blink of an eye has crossed dozens of steps.
"Boss"

“Levi Garrison!!!”
…
everyone shouted loudly.
Levi Garrison was just as crazy.
As if ignoring the rules of this world.
Put all the world’s authority under your feet.
madman!
Totally madman!
“Stop him…”
Some quasi-god leaders wanted to stop them, but it was too late.
Levi Garrison’s steps were not slow, he easily crossed the ninety-nine steps to the position of the
Conferred God Platform.
These quasi-shenzhen powerhouses immediately stopped, and Levi Garrison stepped onto the stage of
conferring gods like crazy.
But they can’t!
That’s not where they can set foot.
Unless their name is engraved on the stone tablet, they are eligible to step in!
On the contrary, none of these quasi-god leaders dared to set foot.
They could only watch Levi Garrison board the Conferred God Platform alone.
“Levi Garrison, you are offending the majesty of this world! You are trampling on everyone, you are
looking for death!”
everyone scolded.
But Levi Garrison ignored it.
He walked freely on the stage of conferring gods.
He was observing
this place … It is said that this place was built by the dark net, and the steps, the stone monument of the
Conferred God Platform, were all made of special materials.
After all, the names engraved on the steles and steps are not static.
It needs to be updated all the time, and other names will be engraved.
Therefore, a special material is required, and the engraved name can be removed and then other names
can be engraved.
Levi Garrison observed for a while and found that the material was indeed special.
A new material that hasn’t been seen before.
He turned around and took a look.

Standing on the Conferred God Platform, there really is a feeling of standing on the top of the world,
with a panoramic view of the mountains and rivers.
Nearly one hundred thousand people under the steps are extremely small…
Everyone's cursing voices continue… They
all say that he will never be qualified to step on this conferred god platform.
Levi Garrison was happy.
I'm not qualified?
The top three on this stele are me!
Am I eligible?
Next, Levi Garrison looked at the stele.
The names above have been scanned one by one.
There are many acquaintances.
But most of them are unfamiliar!
In the end, Levi Garrison jumped up a little bit directly on the stone tablet, just to see the names of each
one…
Seeing Levi Garrison stepping on the stone tablet slowly leaping up, the people below were really
furious.
Levi Garrison not only insulted the ranks of the quasi-sacred list, but also insulted the stele of the gods
list!
To put it bluntly, Levi Garrison has already caused public outrage.
Disrespectful behavior!
The stele is very high, and the high part is submerged into the cloud.
Soon Levi Garrison's figure was also submerged in it and disappeared from everyone's eyes.
Soon after, Levi Garrison came to the highest point of the stele.
He saw the first three names, Dark God…
Levi Garrisonle.
"Boom!"
Levi Garrison jumped up and stood on top of the stone tablet.
There is a feeling of king over the world.
But when he looked down, the smile on his face was gone, replaced by panic. He saw…
The Return of the God of War [The Protector] Chapter 2539
He saw his name engraved on the back!
Not the Dark God, nor the new Patriarch of the ancient Garrison clan.
It was the three words Levi Garrison…

His name was also engraved.
It is not carved on the front of the stele, but on the back of the stele.
On the back of such a big one, there are only three words for Levi Garrison!
This is what no one expected… The
biggest secret of the stele lies in the back!
However, the stele and even the steps are too sacred to the powerhouses all over the world!
The more powerful they are, the more they respect the stone monuments, and they dare not cross the
thunder pond for half a step…
not to mention going to the back of the stone monument, even those with the front side of the stone
monument do not dare to look at it…
that is for them. Holy and inviolable.
Going to the back of the stele, I can't even think about it…
Unless there is someone like Levi Garrison who doesn't abide by the rules, he will climb up
unscrupulously and observe everywhere.
If he hadn't stepped on the top, he wouldn't have seen the side behind…
Besides, this stone tablet was standing on the corner of the mountain, and the back side could only be
seen if you stepped on the top of the stone tablet.
You can't go around.
After all, the stone stele was built on the edge, and that side was a cliff of ten thousand feet… and
clouds and mist…
To see the back of the stone stele, you have to step on it like Levi Garrison.
To be able to see it!
But stepping on the stone stele means ignoring everything, ignoring the gods, and ignoring the world.
Can such a person find others in the world?
almost none!
Only Levi Garrison dared to do this…
It happened that he discovered this great secret…
understood!
Everything is known!
The meaning of his real name engraved on the back is to indicate that his strength is above the gods!
Beyond everything!
And this is created by the dark web.

That means that the dark web knows its true strength, and all its secrets are invisible.
After knowing this.
Levi Garrison laughed instead.
He came with Zoey Lopez for this reason.
Just to find relevant clues on the dark web to see if you really know your identity and strength.
It seems to be true now.
In this way, Levi Garrison was relieved a lot.
This shows that the dark web knows its strength and identity from the very beginning.
But it didn't explode for so long.
This shows that the dark web has been focusing on information collection and news events all over the
world.
It does not belong to that party, and it will not have anything to do with the Lab of Gods.
They are more in a neutral position.
It's like a hundred Xiaosheng in the world.
The Return of the God of War [The Protector] Chapter 2540
Know everything, know everything.
But they won't do anything…
just collect information.
They all knew about Levi Garrison, but they didn't expose it.
It is estimated that the dark web still knows what is going on in the Lab of the Gods, but they did not
explode.
Their existence is just to collect precise information to do these rankings and so on…
It will not affect others.
For example, engraving Levi Garrison's name on the back…
"Huh? No! There are other names…"
Levi Garrison carefully observed the back again.
More than his name!
There are also some ancient alphabetic codes. These… are
clearly the names of gods in Western mythology…
Most likely, the names of
gods are used as codes… The laboratory of the gods? ? ?
Levi Garrison is strange!
The more you look down on the back of the stele, the more names you see.
It seems that they belong to
the laboratory of the gods…

Only Levi Garrison's name is at the highest point on the back.
That shows that Levi Garrison is still strong!
He is still number one!
But the only thing may be that the Lab of the Gods is much stronger…
He understands the truth that two fists are harder than four hands.
It is now confirmed that the Dark Web knows everything about the Lab of the Gods.
If you find the dark web, don't you know where the Gods' Lab is?
But this idea popped up.
Levi Garrison became more and more tangled.
The dark web even knows its own identity and strength!
If you are looking for the Dark Web, it may be a bit more difficult than looking for the Gods Lab.
It can only be said that the fate…
But this also affirmed the existence of the Lab of the Gods.
And the names of many of them are engraved on the back of the stele, indicating that they are superior
in strength and surpass this new era.
The Lab of the Gods is almost as powerful as I imagined…
All the preparations I made were correct.
Next, let's continue…
Levi Garrison Linle.
That is, I dared to step on the top of the stele and saw the scene on the back of the stele.
If it were other people, it would be impossible to see it.
It is estimated that the guys in the Lab of the Gods, who are hiding in hiding, don't even dare to look at
it…
or that the current gods are not threatening to them.
They can easily control it!
After writing down the names on the back, Levi Garrison slowly jumped off the stele.
Standing on the Conferred God Stage.
The people below have gathered hundreds of thousands…the crowd is crowded, and they are still yelling.
Especially after seeing Levi Garrison, this group of people went crazy.
As if to eat him…
The Return of the God of War [The Protector] Chapter 2541
Levi Garrison stepped down the ninety-nine steps.
This is tantamount to an insult to all members of the quasi-sacred list…
"Has the boss been stimulated to do such an irrational thing?"
Someone said.

“It’s possible that after I came to this place, I was so irritated! I can’t wait to engrave my name on the
stone tablet! You say that the boss is the former king, isn’t it even more crazy?”
Kirin (Qilin) said.
Xiao Feng nodded, “My desire to win and lose is strong enough. Coming here, I can’t wait to become
stronger right away and tell everyone that you are all weak. The boss is a person with stronger desire to
win and loss, so I must understand this move. Ah!”
“Well, the new God List is too stimulating. I didn’t think it before, but now engraving the name on it
makes people tremble! Everyone wants to be on the list with a broken blood!”
Everyone Said one after another.
Everyone is not surprised by Levi Garrison’s special behavior.
After all, the stimulation was too great.
Everyone wants to step on the steps to the highest point.
It’s a pity that everyone wants to be a step again…
Most of the people present didn’t even have the chance to be a
step … The steps are the glory!
In everyone’s minds, Levi Garrison couldn’t even become a step.
But to trample on the stele.
Who can bear this?
Therefore, when Levi Garrison stepped on the last step.
Tens of thousands of people all rushed over to devour Levi Garrison alive.
I want Levi Garrison to give an explanation.
Otherwise, I will never let him go!
“What qualifications do you have to climb the steps? What qualifications do you have to step on the
Conferred God Stage? What qualifications do you have to jump up to the stele?”
Everyone asked again and again.
Everyone in the world is working hard, relying on their true strength to climb the steps, and relying on
hard work to step on the stage of conferring the gods.
Everyone is like this.
But it happened that some people cheated and cheated on the stage of conferring gods.
This is why everyone is angry!
It’s like an exam. Everyone is studying hard for the college entrance examination.

As a result, Levi Garrison cheated suddenly and entered the best university, still in front of everyone.
Can everyone not be angry?
"You must give an explanation!!!"
Everyone scolded.
Step by step, everyone came to Levi Garrison.
Zoey Lopez can't stop these people…
at least you have to face tens of thousands of powerful…
"Levi Garrison, you just have to kneel under the first step and knock your head against the monument
for ten times, and we will forgive you. ! " "
Yes, you just make things blasphemy! now we must repent! kowtow apology! "
……
everyone snapped.
Let Levi Garrison make amends!
The Return of the God of War [The Protector] Chapter 2542
No one was satisfied with Levi Garrison's behavior.
All of them are as crazy as they are.
I want Levi Garrison to apologize!
Only by kneeling down and confessing, can everyone's hatred be relieved.
Levi Garrison smiled, "The reason why I climbed the steps and stepped on the stele was because I was
above the top! A trivial god list is not enough to sum up my strength!"
"You fart!!!"
"Yes, you have it !" What qualifications are above all living beings?"
… As
soon as Levi Garrison said this, everyone went crazy.
Enraged!
Completely irritated!
Levi Garrison not only trampled on the sacred things in everyone's hearts.
It is still ironic and insulting now.
Who is not angry?
"Forcibly let him kneel and kowtow!!!"
Everyone was about to do it.
"Wait!"
Levi Garrison said.
"What else do you want to say?"
everyone asked.
"How can I step on the ninety-nine steps and step on the top of the stele?"
Levi Garrison asked.
"Well, it stands to reason that no one can!"

“But the dark god who is the number one in the gods can barely step on the stone tablet, after all, he is
the number one!”
“Yes, if the dark god stepped on the stone tablet! Then everyone will not say a word!”
…
everyone said one after another .
“But what if I am stronger than the dark god? Am I above the gods?”
Levi Garrison sneered.
The Dark God is nothing more than his identity.
It’s just that Levi Garrison said this.
Everyone present laughed.
Uncontrollable crazy laughter.
The posture of laughing to death!
Is there anyone in this world better than the dark god?
impossible!
Do not make jokes!
If the previous god list is the first, it is not necessarily the strongest in the world.
After all, there are many strong players who have not yet been summarized and included.
But this time, all the strong players on the list of gods, without exception, have been collected.
The deviation rate is less than one percent.
Therefore, the dark god is the strongest!
It can be called invincible in the world.
In the end, Levi Garrison said that he was stronger than the Dark God.
Who will believe it?
This is a big joke!
“Levi Garrison is nothing else, you say you are better than the Dark God!”
“But your name is not engraved on the stone tablet! The first name on the stone tablet is the Dark God!”
“Yes, we can’t see Levi Garrison’s name. Engraved on it!”
…
everyone said one after another.
“Of course my name is engraved on it! But it is engraved on the back!”
Levi Garrison said.
“Back? Hahahaha…”
The Return of the God of War [The Protector] Chapter 2543
Everyone smiled.

After a long time, Levi Garrison pulled out his name and engraved it on the back.
Who would believe it?
"Can Levi Garrison make up a lie that looks more like it? Also engraved on the back?"
Everyone laughed.
"Is my name engraved on the back? Go and see for yourself, don't you know?"
Levi Garrison sneered.
Everyone was stunned for a moment.
Yes.
Did Levi Garrison lie?
Now just go to the back and take a look.
This is enough to prove everything.
But with so many people in the audience, no one was willing to take a look at the back.
What a sacred existence is that?
According to the construction of this stele, the back is completely on the side of the mountain cliff.
If you want to see it, you have to step on the stone monument.
That is equivalent to stepping on the head of the Dark God, Daxia Yizhi Grandmaster, and the new
master of the ancient Garrison clan.
To see…
Who would dare to be there?
Or who dares in the whole world?
To step on the top of the stone tablet is tantamount to challenging the dark god and the powerhouses
of the entire god list.
Just to prove whether Levi Garrison's name is engraved on the back.
Who dares to do this?
Is it worth it?
And everyone knows that Levi Garrison's name is definitely not on the back.
Why should I lose my life for something illusory?
"Levi Garrison, you are so insidious, knowing that we can't step on the stone tablet, deliberately saying
that there is your name behind!" "Levi Garrison must kneel down, no one believes you!"
Naturally, no one would believe it, but Levi Garrison was forced to kneel down forcibly.
Even Zoey and the others felt that Levi Garrison was a bit unreasonable.

Back?
How can it be?
It's absolutely impossible!
"If it doesn't work, you just apologize? After all, you angered the crowd!" Zoey said.
Hundreds of thousands of people forced Levi Garrison to kneel and apologize.
It's a moment of jeopardy.
Levi Garrison was happy, "Don't believe me? I will pull out the stone tablet and show you the back!" As
soon as Levi Garrison's words came out, everyone took a cold breath.
Also pull out the stele!
This is disrespectful!
"Levi Garrison, are you
looking for death?" Everyone was angry.
At this time, powerful auras swept across the audience like they covered the sky and the sun.
The strong on the true god list is here.
Many of them have never been seen before.
It can be seen that the redefinition of the god list this time has attracted all this group of hidden guys.
They directly stepped onto the ninety-nine steps and came to the Conferred God Platform.
The Return of the God of War [The Protector] Chapter 2544
They looked at the names on the stele in front of them.
This has also caused an impact on them!
This is the ranking of the steles on the top of the world, representing the strongest on the planet.
Who doesn't want to engrave his name on the top?
Everyone can see most of the names on the stele.
Only the upper part of the stele can not be seen under the clouds.
These strong people in the god list jumped up to see the rankings above.
Write down the names of the former powers one by one.
Especially the top ten and top three.
But even if some of the strong are super strong, they dare not take any further step to provoke the dark
god and step on the stone monument.
As for the back, who would dare to look at it?
"Levi Garrison saw it? No one of so many powerful men dared to look at the backside! Would you let us
see? Crazy?"
Someone said.

At first, everyone thought that the strongest of the gods would not come?
As a result, hundreds of strong men of the gods came.
It shows the attraction of the Conferred God Platform…As soon as they come, everyone's attention is on these people.
No one paid attention to Levi Garrison anymore.
Everyone is working hard to remember the appearance of these strong gods in order to prevent offense in the future.
…
"Let's go, it is not suitable to stay here for long!"
Levi Garrison and his party left.
Everyone was silent along the way.
Levi Garrison knew that they were all inspired.
Everyone wants to engrave their names on the steps, but Zoey and his ilk don't want their names to be stepped on.
They hope to appear on the stele.
But what Levi Garrison is thinking about is what kind of existence is the dark web?
Isn't it too magical?
Know the information about yourself and the laboratory of the gods?
Such a character Levi Garrison can only think of one person at present-his own cheap master.
If the dark web was established by Master, how good would it be?
Regardless of whether the dark web is neutral or what it is, Levi Garrison must find out.
Otherwise, the existence of the dark web is like a knife you know, there is no danger for the time being.
But I don't know when, this knife may rest on your neck, or even pierce your heart with a single knife.
"Is it shocked? I want to stand at the highest point! This is my goal!"
Zoey said in a low voice.
But who can feel the flame burning in her heart.
The same goes for everyone else.
Azure Dragon (Qinglong) sighed.
He was also motivated.
But he promised Levi Garrison that he could only practice his basic exercises.
In this way, let alone the stone stele of the gods, he has completely lost fate with the quasi gods of the stairs.

The emergence of the new god list has brought a huge shock to the world, and things are happening
everywhere.
Two figures appeared in the capital this night.
One is a middle-aged man with a plain appearance, but he is on the list of new gods.
In front of him, there was a man in a suit and leather shoes, which formed a strong contrast.
Mr. X of the Gods Lab! He appeared…
The Return of the God of War [The Protector] Chapter 2545
No one thought that this one would appear in the capital.
But there were strange faces in front of him.
It is estimated that no one has seen it.
But if the Tiance master of Tiance Mansion or some old seniors were there.
It is still recognizable.
Because this is the inheritor of another peerless magical skill that is as famous as the magical skill of King
Kong is not bad.
In fact, if the two exercises are cultivated to the extreme, they can check and balance each other.
It's not enough to make a gong method the most powerful…
As the name suggests, the Dafa of Absorbing Gong is to suck away the true energy of other people's
exercises.
But it is not only that easy, but it can also absorb all kinds of energies between the heavens and the
earth and transform them into their own.
However, the biggest problem with the Dafa of Absorbing Gong is that if it draws in other people's gong
power or strength too much.
It's easy for one's own body to be unable to hold it, so it explodes directly.
Or there are many types of power drawn, and they may be mutually exclusive. If they are too mixed,
they can hurt themselves, severely cause death, and blow up the body.
Therefore, the self-cultivation level is not enough, or the body is not strong enough to integrate the
absorbed power for self-use in time.
So it's easy to happen…
if you want to let the absorption Dafa reach the eighth or even the ninth level of King Kong's nondestructive
magic.

Then these issues must be resolved.
Otherwise, you won't be able to practice the Dafa to the extreme, and at most six layers will be crushed
to death.
To put it bluntly, the Dafa of Absorbing Gong is even more difficult than the magical power of King Kong
not being bad.
You need to constantly improve yourself by absorbing the skills of others, but once you reach the limit,
you can't do it anymore.
This is the problem faced by every generation of Dafa inheritors…
The one in front of Mr. X in the Lab of the Gods is no exception.
Since the inheritance of Dafa, he has been practicing quietly, hoping to reach the highest state of Dafa.
But just a few questions became his powerful stumbling block.
But when he was desperate, a mysterious man approached him.
Claiming to make him stronger…
solve all problems…
that person is Mr. X!
Mr. X smiled and said, "This day has finally come. Now I will help you solve all the problems in your
body, no matter how many people's skills you absorb in the future, how powerful and mixed strengths.
Your body can support it now. Live!
In addition, we have also transformed your body. You can digest and fuse all the absorbed power in one
minute! This is the modern technology that you once despised!"
The owner of Suction Dafa does not refute at all.
Because it is true.
These few problems in cultivating the Dafa of Absorbing Gong were indeed solved by the laboratories of
the gods.
They used terrible modern technology to transform his body and directly solved all the problems.
He knew that the heirs of the previous Suction Dafa all ended up sucking too much gong and strength,
and couldn't bear it, so they exploded and died.
The other two repelled each other because of the sucked power, and died in the end.
Especially after practicing the Dafa, people will become greedy.
I want to absorb the skill of more people, I want to become stronger.
But these problems cannot be solved at all.

He still heard that someone solved this problem for the first time.
Really realized in myself.
He has now practiced between the sixth and seventh floors.
You should know that the seven previous successors of Gong Gong Dafa have only practiced to the sixth
level at most.
"From now on, you will start the unbridled way of the king! You can suck whoever you want, and as
much as you want! There is only one purpose-to become stronger! To become the strongest!"
Mr. X said lightly.
A look of hope.
"Understood! Now I can suck infinitely and merge infinitely! Soon I will sweep the gods list…" The
eyes of the heirs of the Sucking Gong Dafa were full of bloodthirsty rays.
"Well, as for the way you repay is very simple, get rid of a few people…"
The Return of the God of War [The Protector] Chapter 2545
Mr. X's face is full of killing intent. "Although the new list of gods announces a lot of powerhouses, they
are all under our control! Even the gods and the like who are as powerful as the Tiance Mansion are
familiar to us. Can control…but only…"
"The top three of the gods! We can't control it at all! You don't even know who it is?"
"Daxia Yizhi Grandmaster and the new master of the Ye clan, we have clues, but we have to look it up.
At the time, I was met with resistance! So that I still don't know my identity…"
"The God of Darkness is even more exaggerated. We already know that God of Darkness has changed
people. Before, God of Darkness was a handsome junior. But now the God of Darkness. Obviously it's
not her, but someone else. But I don't know who it is…
Now the Dark God is so powerful that it makes people scalp numb, and the Bible organization is so
strong that it is terrifying. The
only one who knows the clue is the greatness of the Dark God. The apprentice, the son of God of
Darkness. He should know who the God of Darkness is, but we have been looking for him for a long
time…"

“These three directly pose a direct threat to us and cannot control them at all. So before we implement
our plan. , These three are either in control or die!”
The person on the other side raised his head and looked at Mr. X. “So you want me to get rid of them?”
Mr. X nodded. You will be able to kill them soon! Without any obstacles, you only need to use the
Absorption Dafa to increase crazy!
We have calculated that you can definitely kill these three people in three months!”
“Yeah ! , Almost! Next I will challenge the strong one by one! I will suck all their skills away! About half of
the god list is almost the same… It just happens that my becoming stronger, no matter how fast, is a
gradual process… even if I do , No one has found your head…”
Mr. X nodded, “Well, you are very smart. You are the warrior of Daxia, and you are slowly becoming
stronger, and the new god list has led to the birth of many strong people. . No one will doubt us!”
“Okay, I understand, then I’ll go…”
Mr. X looked at his back, and he smiled.
“After preparing for so long, I finally start to slowly close the net…”
He smiled.
At this time, a person appeared on the side and said coldly, “Isn’t Levi Garrison not killing?”
It turned out to be Lucifer who had come back from the dead.
Lucifer is now heinously powerful…
“Levi Garrison? Hahaha, now does Levi Garrison have the right to be our enemy?”
“Will God care about a humble mortal?”
Mr. X sneered.
Today’s Levi Garrison is completely inconspicuous.
The gap is too big.
They checked Levi Garrison and it was not worth mentioning at all.
How can they be their opponent?
Moreover, Mr. X compares himself to a god. He is really saying that he exists like a god.
“I just can’t swallow the breath back then! He actually died with me…”
Lucifer is a very vengeful person.
“Actually, if you confess to him, killing Levi Garrison is really a trivial thing to suck up, but if it is too
deliberate, it may expose us…”

Mr. X said.
Lucifer nodded, "That's true! There is no need to expose us for Levi Garrison! After all, he is too weak
now. Killing him is no different from trampling to death an ant on the ground. You say that I am not
interested in killing him anymore. , Too weak…" As he
said, Lucifer trampled an ant on the ground to death.
"Except for the three Dark Gods, what I am most worried about now is Forbidden Land No. 76. The gods
in that place will not disappear for no reason…"
Mr. X said.
But at this moment, he received a major message…
The Return of the God of War [The Protector] Chapter 2547
The clue they sent out was that the group of "gods" on No. 76 was gone. All dead.
Is equal to extinction!
But the energies of this group of gods all converged into crystals, which were controlled by the Bible
organization.
"If this is the case, let the Dark God live even more! I am not curious about his identity anymore. I just
want him to die!"
Mr. X said coldly.
"Of course we want this crystal too! We have to think of any way to get it!"
Lucifer said.
"Well, we must not let it go! But now we still wait for him to get rid of our three opponents!"
… The
Lab of the Gods officially surfaced again and began their official plan.
It's just that no one else knows.
Even Levi Garrison didn't know.
Although he has been looking for the laboratory of the gods, but the direction is wrong.
The next day.
Levi Garrison witnessed the birth of a group of perverts…
If it was said that the Kirin (Qilin) group was cultivating mad, now they are perverted.
Abnormal to the extreme!
In a word-either die or practice!
Whenever Levi Garrison saw them, everyone was practicing.
They were thoroughly stimulated.

The new god list seems to have some kind of magical power, and it is enough for people all over the
world to go crazy.
Everyone will improve at all costs.
What kind of medicine
is used … whatever method is used…
Just to improve!
The same is true of plum dyeing them!
Under this almost abnormal practice.
They are improving rapidly, and they are much more terrifying than before.
One by one is about to come to the peak of their respective exercises.
Seeing them improve, Levi Garrison was not happy at all.
The faster you improve, the closer you are to extinction.
After all, they will suffer backlash and perish if their techniques are practiced to the extreme.
Levi Garrison definitely couldn't stand it.
Helpless, Levi Garrison could only gather everyone together.
"It's time for you to stop…"
Levi Garrison said with a complex expression.
"Stop?"
Everyone looked puzzled.
Azure Dragon (Qinglong) immediately guessed Levi Garrison's intention, "Boss, do you want to say that
their exercises are almost at the end of their practice? Are they going to suffer a backlash?"
"Yes! In less than a month, basically everyone will practice the exercises? The end is over, then it is
perished. I don't want to see your sacrifice…"
Levi Garrison said.
The audience was silent.
Obviously no one would believe his words…
Levi Garrison realized something and looked at Azure Dragon (Qinglong), "Did you not promise me Azure
Dragon (Qinglong) to collect everyone's exercises for experimental data analysis? Did you not do it?"
"I… "
Azure Dragon (Qinglong) was stunned.
He really didn't do it.
I never thought this thing was true.
There is no need to do it.

Now that Levi Garrison was exposed on the spot, he still felt very ashamed.
I feel like I have done something wrong.
“Boss, don’t blame Azure Dragon (Qinglong)! We didn’t give him the exercises! We don’t think it is
necessary! What you said can’t be true!
Each of us has different attributes, how can it be the same? And this The practice till now has no side
effects at all. How can it be said that the end of the practice will be ruin?”
The Return of the God of War [The Protector] Chapter 2548
Everyone spoke for Azure Dragon (Qinglong), which also showed that they would not believe what Levi
Garrison said.
“On the contrary, we practiced our own exercises and made great progress! We can keep up with the
times! And in order to comfort your emotions, Azure Dragon (Qinglong) gave up his own exercises and
practiced the basic exercises you gave him. He is still standing still!
” The boss has to give evidence in everything, right? We saw a lot of things, but you negated it in one
sentence!”
…
Levi Garrison said helplessly, “Azure Dragon (Qinglong) has not made much progress, because his heart
is too impetuous, and he hasn’t practiced well at all.” As for you, I don’t believe I can, but can you take a
little time to do an experiment…”
Levi Garrison is not just saying nothing, nor is it a word of denial.
Long ago, he told Azure Dragon (Qinglong) their verification method.
Maya Industry can do it.
Kunlun Industry can also do it.
It’s just that Azure Dragon (Qinglong) didn’t verify it themselves, they kept blaming Levi Garrison for
saying no proof!
“As long as Azure Dragon (Qinglong), do what I said, you already know that what I said is true or false!”
Levi Garrison said.
Azure Dragon (Qinglong) “This…”
“Boss first, don’t say that Azure Dragon (Qinglong) is impetuous and unreliable. Can anyone on the
scene be at ease? The brothers and sisters who used to be the starting line have all taken off, and they

only have to stand on their own feet. Who is not in a hurry? ah? ” “
Did not you say Dragon impetuous not reality? Wen Lei and Zhou Nan smoke should be very hard, right?
they are practicing your exercises, they have progress? ” “
after this a new god list released, I I haven’t seen their names on the God List and the Quasi God List!
This is not a question of Azure Dragon (Qinglong) at all!”
“Boss, we have been accommodating you, we are really tired. Especially Azure Dragon (Qinglong), as the
big brother among us, is for everyone. , Sacrificed himself, he has been paying silently!” “Boss, we
believe in you! But at this point, don’t make trouble, okay? This is our most critical stage! If we practice
the exercises to the highest level, our The strength will undergo earth-shaking changes! We are going to
be on the list of gods
!”
…
Everyone sincerely said to Levi Garrison.
The purpose is simple, don’t let Levi Garrison disturb them at this juncture.
Zoey Lopez also said, “One said one, they really paid too much for you… Especially in this era, you can
get to this point, you can’t do without them! Stop it! Don’t bother us anymore, go on like this, yes. No
one is good!”
“Okay! Then you continue…”
Levi Garrison could tell that everyone’s heart was determined.
No matter what they say, they won’t believe it.
They don’t even have the energy to do experiments to verify the truthfulness of Levi Garrison’s words.
They only think about one thing now-to improve their strength.
They are almost perverted, and can even be said to be crazy.
Their current state is madness.
No one can disturb their cultivation… If
Levi Garrison forcibly stops it, it may cause a lot of trouble.
Even brotherhood breaks!
Levi Garrison knew that they wouldn’t die until the Yellow River.
You will not repent until you reach any point.
Just let them go.
What Levi Garrison has to do is to rescue them when they get to which step…

Of course, he still has to slowly figure out a solution.
Because Levi Garrison didn't know what the end was ruined, in case he couldn't solve it by himself.
Therefore, he must think of a one-size-fits-all solution.
Come and prepare early…
Can't you really watch them die, right?
Although each stubborn is dying, he is more stubborn than a cow.
But Levi Garrison must be saved.
no way.
They are all their own…
Seeing that everyone is going to retreat.
Azure Dragon (Qinglong) also let out a long sigh.
The Return of the God of War [The Protector] Chapter 2549
Everyone just said something to Levi Garrison because they were anxious.
Maybe it hurt Levi Garrison.
Levi Garrison left without saying a word.
With less than a month left, he wanted to find a solution to this group of people being backlashed.
Can't stay there anymore.
You have to act quickly.
Seeing Levi Garrison leave without saying a word, Azure Dragon (Qinglong) knew that Levi Garrison must
be angry.
Those words just now were really too heavy.
Anyone must be angry.
But these guys are practicing at a juncture, so how can they think of other things.
After they leave the customs, Azure Dragon (Qinglong) will educate them one by one. "By the way, the
boss said that the experimental data can analyze the problems of our exercises. Should I try?"
Azure Dragon (Qinglong) knew that the boss said it was not the first time.
Said it several times.
As long as the data analyzes the various exercises, the results can be obtained-whether the thousands of
exercises are the same thing, whether the end of the exercises is the end, and it will encounter backlash.
Would you like to try it?
Everyone doesn't believe in the boss.
They all blamed him for negating everything in one sentence.
But in any case, he has verified the method.
Regardless of whether this method can be verified in the end.

But they didn't even have the courage to verify it!
Try it, try…
Anyway, I am impetuous now, and I can't practice anything.
He had to accept the fact that his strength had stagnated. Why do n't you spend half a month studying and analyzing it carefully… What if it really is what Levi Garrison said?
Maybe it can save Kirin (Qilin) and the others…
Azure Dragon (Qinglong) immediately collected hundreds of exercises and went to the Kunlun Industrial
Laboratory for closed-door research.
After all, it is a waste of time.
Maya Industry is unique in this kind of data analysis, so the speed is fast.
Kunlun Industry was the first contact, and it took a long time.
About half a month!
Next, everyone trained frantically, Levi Garrison went to find a way to rescue, Azure Dragon (Qinglong)
went to verify.
During this time, the world is undergoing major changes.
Because of the excitement of the new god list, every powerhouse is crazy.
Challenge each other and fight each other…
The rankings of the gods and quasi gods are updated every day.
Fortunately, the material of the dark web building stele is very special, which can be erased at any time,
and it can also be renewed at any time.
Otherwise, at the current rate, new stone tablets have to be replaced every day.
During this time, a strong man turned out.
Some have been on the list of gods and quasi gods before.
There are also those who are not on the list.
Suddenly came out and challenged a strong person.
Everyone wants to climb to a high place.
Daxia is here.
Seven or eight super powers also emerged.
Among them is who has the Dafa of Absorbing Gong.
He soared all the way from the sixty-three steps of the Quasi-God Ranking… and
soon came to the position of the ninety steps…
However, all the people he challenged lived and died, and none of them survived.
After all, after meeting him, he will be absorbed by Dafa to clean his gong and body.
There is no doubt that you will die if you meet him.

And every time he finishes challenging one person, his strength is bound to increase greatly.
Because it is to absorb and integrate the skills of others…
can it not be strong?
The Return of the God of War [The Protector] Chapter 2550
Fortunately, this is an era of the weak and the strong.
Everyone fights for the ranking of the gods, and countless deaths and injuries every day.
The killings he caused were also easily covered up, and no one would pay attention.
And his ranking is not very high, so naturally he can't attract much attention.
After all, there are too many strong people who have emerged, and there are many people who are
more radiant than him.
Instead, he was in the low-key ranks, and few people paid attention.
This is also in line with Mr. X and his philosophy. It slowly develops, and by the time others discover it, it
is no longer controllable.
At that time, he already had the strength to challenge the top ranks of the gods, and sucking can get rid
of the top three.
Therefore, such an environment is too suitable for his development.
One week passed.
He has already reached the 95th step.
In fact, every time he crosses a step, he has to absorb the skill of dozens of people.
Now his strength can almost directly challenge the ninety-ninth floor or the end of the god list.
But he still followed his steps and challenged them one by one.
On the one hand, it is low-key and does not attract too much attention.
On the one hand, it is also to absorb the skill of more people to strengthen oneself.
Although these quasi gods are already very weak to him, it would be terrifying if their skills were
accumulated together.
He can't waste it in vain.
He still fights steadily.
Soon I came to the position of the ninetieth step. The next challenge is Kirin (Qilin) and the others…
Chen Kong, the successor of Suction Dafa, went to Jiangbei to visit according to the list.

After arriving, they were told that Kirin (Qilin) and others were all practicing in retreat.
"It's not too late to retreat after accepting my challenge…"
Chen Kong smiled.
"Are you afraid that after they succeed in retreat and increase their strength, you will not be afraid of it?
So you have to challenge now?"
Wen Lei of the guard sneered.
"Well, it doesn't matter, I will challenge them again when they succeed in their retreat. Let's skip them
temporarily!"
Chen Kong smiled and left.
In fact, it doesn't make much sense to challenge this group of quasi gods, just to absorb their skills.
If he forced his hands to absorb his power, something might happen, causing other people's attention.
Then the gain is not worth the loss.
Chen Kong is still playing steadily.
Only dare to absorb the skill of the person who is challenging.
If he let go and smoked everybody, it would be easy to be noticed by institutions such as Tiance
Mansion.
Therefore, Zoey Lopez dyed them from one difficulty.
Otherwise, if Chen Kong is challenged, he will definitely die.
Wen Lei and the others did not expect that this seemingly ordinary person would soon become an
existence that disturbs the world!
Next, Chen Kong still looked for the strong on the quasi god list to challenge.
Of course, many strong people came to him to challenge him. After all, he saw that he had a good
record, and that he played steadily and steadily, and he was almost at the forefront of the quasi god list.
The fate of everyone is the same!
Being soaked up alive…
Chen Kong knew he would be exposed sooner or later, so he needed to speed up.
Stand firm before you are completely exposed.
At this time, the Lab of the Gods also helped behind.
They sent hundreds of strong men to challenge the quasi-shenban of the gods, and the city was full of
troubles.

In fact, it was to cover Chen Kong's progress.
The Return of the God of War [The Protector] Chapter 2551
In this way, the attention is shifted to other people, but Chen Kong is the lowest-key.
Levi Garrison is most likely to notice.
But Levi Garrison is now busy finding a way to save Kirin (Qilin) and the others, where he can take care
of the others.
Besides, it wasn't the whereabouts of the Gods' Laboratory appeared, and he didn't bother to take care
of it.
Besides, he really didn't want to know the changes in the god list.
No matter how you change it, it will be earth-shaking.
The first three are his three identities!
This will not change!
No matter how strong, can there be a forbidden area of No. 76?
Can a punch be solved?
It really doesn't work!
Two punches!
Levi Garrison, the only one who could find the problem, didn't bother to take care of it.
So Chen Kong was given enough time to develop.
The dark web may know, but they are neutral and will not take the initiative to report Chen Kong's
strength.
And now the major rankings are changing due to challenges, not real strength to determine the ranking.
To put it bluntly, the dark web just counted all the strong at the beginning.
But today's ranking changes are all made by the major institutions themselves.
The fundamental challenge situation and so on are all re-ranked…
Ten days have passed.
Chen Kong has come to the challenge of ninety-nine steps, only one step away from the god list.
Fifteen days have passed.
Chen Kong officially entered the end of the god list.
Now, no matter how low-key he is, he still has to attract a small part of the attention.
But it has not attracted the attention of the whole world.
There is still a certain amount of time, he can still develop and continue to improve.
In addition, the people sent by the Lab of the Gods are diverting attention.

Chen Kong can continue.
It is estimated that when he truly enters the top 100 of the gods, he will attract attention from all
parties.
But this is not Chen Kong's goal.
What he hopes to draw full attention to is the top ten of the gods…
Then he needs to absorb more people's skills…
he needs the Gods Lab to suck him!
It's not human skill, even all kinds of energies are fine!
…
Chen Kong is working hard here.
Kirin (Qilin) and the others are also working madly, and they are about to come to an end.
At this time, half a month has passed since Azure Dragon (Qinglong)'s experimental data analysis… The
result is out!
"Boom!!!!"
Looking at the result in front of him , Azure Dragon (Qinglong) was really struck by lightning!
The face is incredible!
real!
It turned out to be true!
What the boss said is true!
After the most meticulous data analysis-the hundreds of exercises in the new era he searched for are
actually just one! ! !
It's just that the evolution is more complicated, causing thousands of illusions.
In fact, it is one kind!
But usually it is not visible at all.
Even if you cultivate yourself, you can't see it.
Only by experimenting with data like this, and comparing each practice method, can it be analyzed.
What the boss said turned out to be right!
He was wrong!
We all blamed him!
The boss was right from the beginning!
The solution was given to us, but no one verified it.
It's been so long if I make a mistake…
The Return of the God of War [The Protector] Chapter 2552
"But Team Leader Azure Dragon (Qinglong), as for the end of these exercises, we will encounter

backlash and destruction. We can't test it at the moment! This result should be false, right?"
"Yes, the same method is There is no problem! But the end of the exercise is destruction, it should be
fake!"
…
several experimenters couldn't help but say.
"Not necessarily! Continue experimenting! After decomposing these 100 exercises, simulate and
practice to the most extreme state and then observe and analyze…"
Azure Dragon (Qinglong) ordered and continued the experiment.
This time it is more complicated.
It will take about half a month.
However, Azure Dragon (Qinglong) had heard from Levi Garrison before that they might not have much
time left, and they would be training to the end within a month.
Then you have to speed up and analyze the data before they reach the end of their cultivation.
Otherwise it's really troublesome.
If what Levi Garrison said was false, that would be great.
But if it is true, this group of people will perish.
He needs to shorten the time.
In his opinion, Levi Garrison was injured and had given up.
It's all up to him now.
He ran to say it was useless now, and said it was useless.
They have to throw real evidence on their faces, and this group of people will believe it.
Otherwise, they would never stop practicing.
Azure Dragon (Qinglong) and the team continued to experiment without stopping.
Fortunately, today, Marshal Ce is also in retreat, otherwise it will be a lot of trouble.
In the next half month, Azure Dragon (Qinglong) will be compressed in about ten days.
These ten days.
Chen Kong's strength increased wildly.
Although he ranks in the top five hundred of the gods.
But his true strength is already in the top 100.
In ten days, he has risen by a full five hundred rankings, which is about to arouse the attention of all
parties.

Even if the Gods Lab deliberately concealed it, how to attract attention and put smoke bombs.
The name Chen Kong has been remembered.
Many people are beginning to investigate Chen Kong's specific identity and how he became stronger
and progressed so quickly…
Soon the Dafa of Absorbing Gong will resound all over the world!
It's probably less than three days since Chen Kong resounded throughout the world.
Within these three days, Chen Kong had to reach the peak state.
Only in this way can we protect ourselves.
In order to achieve the strength that the Gods Lab wants…the
last moment.
Fight! ! !
There is only that way.
Next, Chen Kong started crazy behavior.
The Return of the God of War [The Protector] Chapter 2553
He actually had four hundred people in a fight at the same time.
With the exception of the top 100 on the God List, Chen Kong invited all those ranked higher than
himself.
When the four hundred people on the god list appeared, they were all dumbfounded.
Isn't it a one-on-one challenge?
Why are there so many people?
"Is he crazy?"
"Does he have to challenge four hundred people alone?"
"This is the top five hundred strong people on the list of gods!"
…
Everyone is going crazy.
I don't know what Chen Kong is going to do.
But it's not just four hundred of them.
More and more people appeared.
There are quasi gods, and some are not.
Soon tens of thousands of people appeared here…
It turned out that Chen Kongyue fought the 400 people in the top 500 of the gods, and deliberately
designed to find tens of thousands of strong people. He wants to suck enough at once!
That's right!
With three days left, he must be exposed.

The next step must be a lot of difficulties, so at this point, Chen Kong wants to raise his strength to the
most extreme state.
Suck!
Suck as much as you can!
No need to cover up this time, it sucks to the extreme in one go!
That's why he arranged such an appointment!
As for the other tens of thousands of people, it was arranged by the Lab of the Gods.
The number is still increasing.
In total, more than one hundred thousand people were required to let Chen Kong suck alone.
Not only that, the Lab of the Gods also arranged a lot of energy cores.
It contains super terrifying energy, which is specially used by the Gods Laboratory.
You can think about how powerful it is.
They just swore to the death to create a super strong.
So it is at all costs!
Seeing Chen Kong's appearance, the four-hundred-hundred strongman naturally looked disdainful.
A person who has just entered the five hundredth, challenge so many at once?
What is it not to seek death?
Any one of them can deal with it!
Chen Kong didn't talk nonsense, and did it directly.
When a fight, everyone panicked.
His own power will be sucked away out of thin air…
there is no power to parry at all.
It is the same whether it is more than 400 in the god list or more than 100 in the god list.
In front of Chen Kong, he could only watch his own
gong power being sucked away… "This is… This is Daxia's assimilation of the magical skills of King Kong
and King Kong!"
"It turned out to be the Dafa of Absorbing Gong! My God! Quick retreat! Quick retreat!"
…… The
strong people of the gods know what this is, and immediately retreat.
Many of them are strong in Daxia or Dongdao.
I know how strong the Dafa of Absorbing Gong is.
I didn't want to fight anymore, I just wanted to retreat.
"The eighth level of Suction Dafa!!!"

How could Chen Kong leave without permission?
The Return of the God of War [The Protector] Chapter 2554
He immediately activated the highest level he has achieved so far-the eighth level!
You know, no one has ever practiced Dafa to this level!
That is, the Lab of the Gods solved all the problems before Chen Kong got to this level.
The eighth layer is to absorb everything!
Anything can be sucked…
without fear of everything!
Suck whatever you want.
The most important thing is to be able to integrate!
……
"Boom!"
…… As
soon as the eighth layer of power absorption Dafa was performed, the world changed color.
A terrible suction envelops the four hundred gods and the one hundred thousand strong behind…
everyone is sucked by the terrifying suction!
It's like a small bug falling on a spider web, which can no longer break free, and can only be eaten away
a little bit.
This is the eighth level of absorption, which can be absorbed by 100,000 people at the same time.
If the seventh floor won't work!
"From now on, let me dominate the world on your behalf!"
Chen Kong was like a panic, his face full of madness, roaring loudly.
This is the terrible thing about Suction Dafa!
It can suck infinitely, theoretically it is invincible!
As long as you can absorb it, you can suck infinitely…
This is the most terrifying!
"Ah!!!"
Chen Kong yelled, and began to frantically absorb the skills of others.
"Ah!!!"
"Ah!!!"
……The
other people looked hideous, their veins violent.
The body quickly dwindled, until it turned into a withered bone…
was sucked dry!
one!
two!

…
Ten thousand!
…
Fifty thousand!
…
One hundred thousand!
…
Soon there were only four hundred strong players standing in the field, and behind them were large
corpses.
It's all absorbed!
They are stronger and last longer.
But it's useless.
Sooner or later it will be absorbed.
…
"Forgive us! Forgive me, I would like
to serve you as the Lord!" Someone began to subdue.
But Chen Kong was already on his head, enjoying the impact of power.
"Impossible!"
…
In the screams, Chen Kong absorbed all the four hundred gods! ! !
"Boom!!!"
He burst out with an aura that seemed to be able to tear apart this planet… "I'm invincible!"
The Return of the God of War [The Protector] Chapter 2555
Chen Kong yelled frantically, a terrifying aura raging.
Everything around was smoothed, the foundation was collapsing, the mountains and rivers were
collapsing, the sky was overturned…
He absorbed the strongest force ever!
Terrible to the extreme!
Feeling the terrible energy in his body, Chen Kong really felt that he could tear everything apart.
That's really invincible! ! !
He looked at the energy nuclei sent in front of him again, and absorbed all the energy nuclei in one
breath.
The power in Chen Kong's body became stronger now.
At least twice as strong…
He immediately used the method taught in the Lab of the Gods to quickly absorb the fusion power!
Because of too much absorption.

Therefore, it takes time to absorb and integrate.
The problem that could be solved in tens of seconds before, this time spent several hours.
After absorbing and fusing all the absorbed energy, Chen Kong's eyes were brilliant.
Thunder and lightning rumbling in the sky.
Chen Kong's body is the breath of dying!
Invincible!
Completely invincible!
The world has never seen such a strong man!
As soon as his breath was released, everyone would worship.
That is a kind of coercion like a falling sky!
satisfy!
So satisfied!
It was also a solid foundation for this period of time, so that this time it was too successful.
Far beyond Chen Kong's expectations!
He is already unimaginable!
It is much better than the results predicted by the Gods Lab!
Originally thought it was so crazy.
It is necessary to absorb some of the skills of the top 100 in the gods list to be able to deal with the top
three of the gods list and help them get rid of the thorns in the eyes and the thorns in the flesh.
But now, Chen Kong is enough now.
His current strength is definitely above the gods!
The top three on the god list are definitely not his opponents!
And then, Chen Kong didn't need to hide it.
He can continue to improve his strength unscrupulously, and he can suck whoever wants to suck!
Kill whoever is upset…
This is the confidence of a powerful force!
He doesn't have to worry about it, he is invincible anyway.
You can move whoever you want…
The name Chen Kong is known to everyone in the world overnight! ! !
He turned out to be the successor of Suction Dafa!
Absorb the skills of the four hundred gods and one hundred thousand people overnight!
Be famous overnight!
The person who makes the strongest on the god list and quasi god list disappear the most!
Basically let the god list and the quasi god list redefine…

he killed almost half of the people!
It's really a battle to become a god!
Everyone quickly searched for the powerhouses Chen Kong had challenged before, only to find that all
of them had been sucked up to death.
It turns out that the strong man who really turned out to be born is Chen Kong!
The others are all scumbags, scumbags!
Chen Kong is invincible to the extreme!
It was shocking!
The whole world is scared!!"
The Return of the God of War [The Protector] Chapter 2556
It is impossible to imagine the power of the four hundred masters of the god list in one breath…
the existence that has made the most change in the god list!
Who is not surprised?
One by one, Chen Kong is taboo!
Hide as far as you can!
It's not just the underdogs!
Even the strong people in the gods list are afraid…
especially those in the top 100 of the gods list, the most feared.
They were afraid that Chen Kong would make trouble for them next…
all of them avoided.
Even Ye Qingtian and his ilk secretly sighed badly.
They naturally know what the Dafa of Absorbing Gong is…
Now he can absorb the gong power of so many people in one breath, basically reaching the highest
state of Dafa of Absorbing Gong.
It is equivalent to the ninth level of the highest realm of King Kong's non-destructive magic.
Who can stop this?
All major forces are amazed!
The key was never discovered before, and Chen Kong suddenly rose up.
When everyone found out, he had grown to this point.
"I don't know what Chen Kong is going to do next?" Chen Kong's sudden birth made the whole world
panic.
His ranking on the God List also came directly to the fourth position!
According to everything he shows now.
The gods of Tiance, Ye Qingtian, and Ye Zhantian are definitely not opponents.
Only the top three of the most mysterious gods might be the enemy…

but because the true situation is unknown.
Therefore, first raise Chen Kong's ranking to fourth…
As a result, everyone becomes more and more afraid.
This is the official ranking, and the rest of the god list powerhouses know that they are not Chen Kong
opponents.
For fear of being sucked away, all of them closed up.
As far
as they can hide… Because in this long time, they heard Chen Kong destroy one power after another.
He was still sucking…
When Wen Lei and the others knew that the person who challenged that day was Chen Kong, they
almost sat down on the ground…
Wen Lei remembered that her words were very rude…
Oh my god!
It turned out to be the top existence!
I also know that he was anxious to attract people back then!
It just so happened that Zoey Lopez and they all closed up.
Are these guys too lucky?
If I had met him early, I would have died early.
No one will stay!
…The
panic!
Really the whole world is immersed in this panic atmosphere!
Chen Kong was like a big devil, it was terrible.
See who sucks who!
No one can stop it!
However, Tiance and Ye Qingtian have a relaxed look…
Even though they know that they are invincible, there is one person who will not be afraid of Chen
Kong!
They still do their own thing…
don't take Chen Kong to heart.
But others don't know.
They place their hopes on something illusory–that is, someone gets the magical power of the King Kong
not bad, and they have practiced to the highest ninth level.
The Return of the God of War [The Protector] Chapter 2557
As a matter of fact, the magical power of King Kong is not bad and the Dafa of Absorbing Gong is made
by one person.

These two exercises are not a relationship of mutual restraint.
But it is the existence of checks and balances.
It won't make a certain practice invincible in the world, and it can't be solved.
Therefore, if the King Kong does not destroy the magical skills to the extreme, you can absorb the Dafa
in one battle.
This is also the reason why the Gods Lab sent people to search for the magical power of King Kong…
because they knew that if they were sent out to absorb the successors of Dafa, the only possible threat
was that the King Kong would not damage the magical power.
So they wanted to take back the magical power of King Kong in advance.
But it failed.
But I heard that the King Kong is not bad magical power in the hands of the marshal Tiance, for him to
practice.
They know that Vajra is not bad for the cultivation of divine art, which is as harsh as the Dafa of
Absorbing Gong.
If some problems are not resolved.
Wandering at the sixth floor at most, unable to break through to the seventh floor.
Let alone the eighth and ninth floors.
And even if you are too talented to solve all problems, your cultivation is still very slow.
It is estimated that it will take ten and several decades to reach the ninth level.
And if the Dafa of Absorbing Work solves those problems, it will be very fast, as long as you keep
sucking.
They expected three months, and the result was reached within one month.
Therefore, the Lab of the Gods directly excluded the magical power of King Kong's incorruptibility.
No one has reached the realm of fighting against Dafa in such a short period of time…
not a threat!
Dafa is invincible!
Everyone does not understand this truth, but this is the last hope.
Without King Kong's non-destructive magic, Chen Kong could not be stopped at all!

But after inquiring Tiance Mansion, I learned that Major Tiance had just reached the sixth floor, and he
was still unstable… It is
estimated that the body of King Kong was not bad, but Chen Kong was sucked up.
fear!
The unknown is the most feared!
Chen Kong was born in such a sudden, no one knew what he was going to do…
this was the most feared!
Everyone is waiting…
waiting for the arrival of a disaster… But in Kunlun Industry, after the Azure Dragon (Qinglong) team has
been fighting day and night, the experimental data that simulates every exercise to the end is coming
out…
It turns out!
Levi Garrison was right from the beginning!
Thousands of exercises are actually a kind of thing, and if each exercise is practiced to the extreme, it
will be backlashed and eventually destroyed.
Sure enough, the end is destruction!
After knowing the result.
"Puff!"
Azure Dragon (Qinglong) sat down on the ground and gasped.
correct!
What the boss said was right!
Think about it!
That's the boss, how could it hurt them?
The boss has always been doing his best to them!
But why don't people like yourself believe it?
Seeing some results right now, I feel that the boss is wrong.
They have already given a verification method!
Why not verify it yourself?
Have to procrastinate again and again?
"Papa…"
Azure Dragon (Qinglong) backhanded himself twice in the face!
remorse!
In fact, he decides whether to verify or not.
As a result, he chose everyone's suggestion instead of verifying it.
This has caused something to happen now…
The Return of the God of War [The Protector] Chapter 2558

before they always said-you can always trust that man!
But after the advent of the new era, everyone is in control of a powerful force, no matter what everyone
says.
In fact, he was disdainful of Levi Garrison in his heart.
So what he said and what he did, everyone actually didn't approve of it.
Until now.
Azure Dragon (Qinglong) just wanted to sigh—the boss is the boss, and things are like gods!
no!
They estimate that they will soon reach the end of the exercise.
I can't let them happen!
You have to stop them quickly!
Azure Dragon (Qinglong) ignored the exhaustion for a month, swallowed a tube of medicine, and
headed straight to the north of the river.
At this moment, near the major retreats in Jiangbei, the breath is gushing and majestic!
This will herald the birth of a lot of powers of the rank of gods…
especially the birth of Chen Kong in these two days, resulting in the fall of nearly half of the powers of
the gods.
If the retreat is over, they will be able to come to the list of gods.
The people around have already felt the breath of a group of strong gods…
It is rare to
see so many strong gods at once… It can be seen how hard Zoey Lopez and Kirin (Qilin) are, striving to
maximize their strength in the shortest time…
Of course, there are not a few people like them all over the world. After being stimulated by the new
god list, they practice madly and assiduously one by one.
At this time, Azure Dragon (Qinglong) quickly came to Jiangbei and found Wen Lei who was in charge of
protecting the law. They immediately said, "Hurry up and let everyone in the retreat stop! Hurry up!
Something is going to happen!" After
coming to Jiangbei, Azure Dragon (Qinglong) has already felt a strong breath. .
This must be the rhythm of the accident.
They are almost at the end of their training…

If they stop it at this time, there is still a glimmer of life, and everyone will die in half a day! ! !
"Is it true
that what he said is true?" Wen Lei couldn't help asking what he realized.
"Yes! The boss is right! Quick! Let's stop them! It's too late to be slow!"
With the efforts of Azure Dragon (Qinglong) and Wen Lei, some of the people who were in retreat were
awakened.
But Kirin (Qilin) and Tiger (Bai Hu) are already in a state of madness, and their eyes seem to be red.
But a larger part of the people did not leave the customs at all and continued to practice.
They have come to the most critical juncture.
No matter what big things happen outside, they won't come out.
It can be said that they have fallen into a state of extremes, just as enchanted.
Can't wake up at all!
The only people who woke up were Azure Dragon (Qinglong) forcibly awakening them.
"Kirin, stop! What the boss said is right! All the exercises are the same! And if all the exercises you have
practiced to the end, you will encounter backlash and eventually perish!"
"I spent a month's work. Time to do the experiment, now all the results come out! What the boss said is
right!" "This is the result of the experiment I made! We wronged the boss! He was right from the
beginning! We wronged him…"
The blue dragon sounded like thunder, resounding across the sky.
Fall into everyone's ears.
He wants everyone to know that it is wrong!
Apologize to Levi Garrison!
Also give up the practice at hand!
But the result was not what he thought…
Everyone was shocked or annoyed…All
the people present were silent.
The Return of the God of War [The Protector] Chapter 2559
"This matter… I'll talk about it later…"
Kirin (Qilin) said lightly, turning to leave.
"Why are you going to Kirin (Qilin)?"
Azure Dragon (Qinglong) shouted quickly.
"Of course it's cultivation! I just missed it! I'll talk to you when I'm done!"

Kirin (Qilin) said without looking back.
“I’m going back too…”
Tiger (Bai Hu) also turned and left.
“I’m going back too…”
Even Zoey Lopez and the others turned and left.
It seemed that the important news that Azure Dragon (Qinglong) just said had no effect on them at all.
It can even be said that their left ear goes in and the right ear goes out.
I didn’t take it seriously.
Azure Dragon (Qinglong) was anxious, and immediately ran forward, stopping everyone, “You can’t go
back! Not only that, but also shout out everyone else!”
“Why?”
Everyone looked at him puzzled.
“I just said! What the boss said is right! If you practice your respective exercises to the end, you will
suffer backlash, and all will die!”
“You don’t believe what the boss said! You should believe what I said. Right? This is the result of the
experiment! See it for yourself!”
Azure Dragon (Qinglong) confidently threw out the experiment report.
He believed that everyone would give up after seeing the results of the experiment!
After all, facts are the most convincing!
“Boom!!!” But what
no one thought was that Xiao Feng blasted out his palm, directly blasting the experiment report into
shards!
“This…”
Azure Dragon (Qinglong) was dumbfounded!
Don’t even look at it?
Broken directly?
They don’t even have the courage to take a look?
This scene seems familiar…
Levi Garrison tried hard to persuade them and let them do an experiment.
But everyone was indifferent and didn’t even have the courage to do experiments to verify it.
It’s exactly the same as it is now.
“Azure Dragon (Qinglong), you are for us, everyone understands! But now we are seeing everyone
succeed in breaking through and entering the gods’ list! So you are imbalanced in your heart, saying

something fundamentally impossible to confuse us, let us stop!"
"I tell you, At this moment, no one can stop me, whoever stops me, who I kill!!!"
Xiao Feng is as crazy as he is.
The eyes were full of killing intent.
"What about you?"
Azure Dragon (Qinglong) looked at the others again.
Everyone didn't speak.
Can all choose to stand with Xiao Feng!
Now they are in a state of madness. To put it bluntly, they don't recognize them.
Who blocks and kills who!
Anyone's stopping, in their view, is destroying and not wanting them to become stronger!
No one can do it!
They have reached the final moment!
I can't stop Heavenly King Lao Tzu coming!
Express attitude, everyone has to turn around and leave.
But how could Azure Dragon (Qinglong) watch them go to death…
Azure Dragon (Qinglong) hurriedly went up to stop it.
The next moment, Kirin (Qilin) and the others started.
Forcibly suppress the Azure Dragon (Qinglong), and overwhelm the Azure Dragon (Qinglong) to the
ground.
Immediately, everyone directly locked Azure Dragon (Qinglong) and the others.
Don't let them come out to stop.
The Return of the God of War [The Protector] Chapter 2560
Seeing everyone leaving behind, Azure Dragon (Qinglong) slapped madly.
But it was useless at all.
I can't get rid of the shackles at all!
And time is passing fast!
Even if he regained his freedom, he couldn't stop it.
His strength is far from enough…
At this moment, no matter what results he produces, no one will believe it.
Now they only believe in everything they see.
They will believe it only if they see themselves being taken back by their own eyes.
There is no other way.
Azure Dragon (Qinglong) is angry.
If you do experimental verification a few days earlier, you might be able to stop it.

It's a pity… I
blame myself!
Everyone is going to perish now… Azure Dragon (Qinglong) was so anxious that he was crying…
At last Azure Dragon (Qinglong) fainted.
He can't stop it.
No one understood the grief in his heart.
th.
This is the state of Azure Dragon (Qinglong) at this moment.
Time passed by every minute and every second.
Soon half a day passed.
Everyone can already feel that the powerful aura is about to explode, reaching its peak state.
…
Xiao Feng is cultivating in the deep forest not far from the villa.
His breath was violent and domineering, rushing straight into the sky.
He seems to see a ray of light from the darkness, as long as he catches this ray of light, he can
completely tear the darkness…
this is to be able to practice the exercise to the end…
"Boom!"
Caught!
Grab the ray of light!
He pulled hard, and the light quickly tore the darkness apart.
There was light in front of him…but the
next second, the light incarnate swallowed the sky and swallowed him.
"Puff!!!"
Xiao Feng sprayed out a mouthful of blood.
At this moment, he finally understood.
What Levi Garrison and Azure Dragon (Qinglong) said were right!
When their exercises are practiced to the extreme, they will be backlashed, and they will die!
I'm wrong!
But at this time it is too late to regret!
Xiao Feng felt his consciousness gradually disperse, his body was light and fluttering, and his soul
seemed to be getting out of it a little bit.
destroy!
Is this destruction?
At the same time, Kirin (Qilin), Tiger (Bai Hu), Zoey Lopez, and the Evil Sword also reached this state.
Practicing their respective exercises to the most extreme state…

As a result, they all suffered backlash…
Then, one by one, the others practiced the exercises to the most extreme state.
All suffered a backlash…
This should also be the first group of people in the world who used the new era exercises to reach the
end of their practice.
Others may use the same technique as them, but they are not as hardworking and talented.
Can train to the end in such a short time…
"Puff!"
fell down.
Falling down one by one.
At the last minute, everyone knew they were wrong.
Everyone's last sentence is the same.
"Boss, I owe you an apology!"
…
The Return of the God of War [The Protector] Chapter 2561
People have clearly stopped them one by one, but no one appreciates them.
Shortly after.
The majestic breath of Jiangbei has disappeared.
Everyone was surprised.
Isn't a group of strong people on the list of gods about to be born?
It was clearly at the peak of the breath just now, so why did the kung fu breath disappear in the blink of
an eye…
What's going on?
Did it all fail?
Everyone does not know.
But Azure Dragon (Qinglong) and the others understood what was going on, everyone suffered a
backlash…
"I killed them! I did it! It's all my fault! If I verify it sooner, I can stop this catastrophe! !"
Azure Dragon (Qinglong) yelled like crazy.
This is the greatest catastrophe for him!
none of them.
Everyone in the Li and Zhao family was also wondering why the breath was gone.
They came to everyone's retreat place one after another.
Everyone was lying on the ground, without aura…

“Dead! All dead!”
“No one survived!”
“What Levi Garrison said is true! If these techniques are practiced to the extreme, they are perished. !”
“They are all taken back!”
everyone exclaimed.
Now everyone in the Li Zhao family was dumbfounded.
They are also practicing these exercises.
“It seems that we need to abandon our exercises, and we absolutely can’t practice it anymore!”
…
Everyone was afraid that they didn’t expect it, Levi Garrison stopped it for a long time.
The person who should be stopped did not stop, but stopped everyone in Li and Zhao’s family…
it is true!
at the same time.
Located in the capital, in the secret base of the Lab of the Gods.
“Mr. X! The hundreds of exercises in our forged ruins have been practiced to the end, and they have
suffered a backlash!”
“At the same time, the experimental data has been transmitted…” Several experimenters reported to
Mr. X.
Mr. X stood up abruptly and went to check.
“Yes! They are the first group to practice our design exercises to the end! They all perished despite the
backlash! But their experimental data is too important for us!”
“Hurry up and conduct a comprehensive analysis… Ha Haha…”
Mr. X’s face was full of excitement.
No one would have thought.
All the relics of the new era were forged by them.
The opportunities for everyone in the new era, including exercises, medicines, etc., are all designed and
arranged by the Gods Laboratory.
They are working on an unprecedented plan…
Currently only Levi Garrison is suspicious.
Others don’t say they found out, and they don’t even have an idea in this regard.
There is also Maya Industry.
In fact, it is also the plan of the Lab of the Gods.
They were the one who contributed to it.

Using these traitors from Maya Industry, they did a lot of things.
Including experiments on variants of the living dead.
A large amount of data for the laboratory of the gods.
There are others…
Now every plan in the Gods Lab is proceeding in an orderly manner.
No wonder Mr. X is so excited…
"Next, we will only wait for Chen Kong to completely wipe out the three most threatening opponents…"
Mr. X smiled brighter and brighter.
…
Zoey Lopez and others have indeed suffered backlash and perish.
But Levi Garrison would never let them die so easily…
soon.
Levi Garrison appeared beside the fallen Zoey Lopez and others.
The Return of the God of War [The Protector] Chapter 2562
In order to prevent accidents, especially to prevent the detection of the Gods Laboratory.
Levi Garrison made a special appearance in the image of a dark god.
According to his guess, no, he was sure that the exercises were done by the Gods Lab.
Now that Zoey Lopez and the others are facing backlash, the Lab of the Gods definitely knows.
Maybe someone has been sent to observe now.
Therefore, he must not show his true colors.
Levi Garrison holds a special medicine in his hand, which is a "magic medicine" developed by the best
scientific research team of the Bible Organization by fusing the blood of the "God" and other substances
in the forbidden area No. 76.
Not only can this backlash problem be solved, it's an exaggeration to say that there is no problem in
curing all diseases.
But it is expensive!
Priceless!
After all, the golden blood of those "gods" in Forbidden Land No. 76 is used a little less.
There won't be any supplements!
And the development is also costly.
After all, the effects of blood and other substances are amazing. It is necessary to give full play to the
greatest advantages and reduce energy loss…
This is too troublesome…

A series of causes this medicine to become invaluable!
If someone knows the effect, I'm afraid it will be snatched wildly.
After Levi Garrison took the medicine to Zoey Lopez, Zoey Lopez's breathing soon became stable and his
complexion became ruddy.
It turns out that when these exercises are practiced to the extreme, they will encounter backlash, and all
the power will be swallowed.
The data of the Lab of the Gods comes from this.
It is equivalent to Zoey Lopez and they are now all useless.
There is no power in the body.
They were all eaten away.
If it weren't for Levi Garrison, even the vitality of life would have been eaten away.
Therefore, the medicine Levi Garrison brought was to supplement their vitality and power.
The time is just right.
Levi Garrison had already arrived just after they had just been backlashed.
Just to add…
Fortunately, the Li and Zhao family brought everyone together.
After taking the medicine for Zoey Lopez, Levi Garrison was Kirin (Qilin), and Xiao Feng and the others
took the medicine one by one.
"Hey! A group of naughty guys! I will wipe your ass in the end!"
Levi Garrison said helplessly at the crowd.
A group of people is still too awkward!
…
Time passed by every minute and every second.
About ten minutes later.
Everyone opened their eyes one by one.
"What's the matter?"
"Aren't we all dead?"
"Why are we still alive?"
Everyone stared at each other. "We should be saved! Who saved us?"
Everyone reacted quickly.
Someone must have saved them.
Everyone can feel that there is a terrible medicine surging in their bodies.
They are full of strength and
are still strengthening.
This is definitely taking some kind of medicine.

Fortunately, this medicine has diluted the blood of the "God" a lot, otherwise, just give it a little bit.
Enough to blow them up.
You must know that the evil gods who swallowed a drop of "god" blood are among the top 100 in the
gods list today.
This is still not assimilated at all…
They have been guessing for a while whether they rescued them!
To save them all, no one knows the difficulty better than themselves!
"Huh? Why are you all alive?"
The Li and Zhao family who returned were dumbfounded.
When they just lifted it, all of them were breathless.
How come they all survived when they came back.
"Someone should have saved us! Didn't you see?"
The Return of the God of War [The Protector] Chapter 2563
Zoey Lopez asked immediately.
"I didn't see who it was!"
"We didn't meet anyone when we first came here, and we saw that you are already awake!"
Everyone shook their heads.
…
On the other side.
The imprisoned Azure Dragon (Qinglong) was still crying bitterly.
He blamed himself that he killed everyone.
At this time, Levi Garrison came.
"What are you crying for?"
Levi Garrison shouted.
"Boss, I killed them. I didn't believe you and didn't have the first time to verify… They are all dead…"
Azure Dragon (Qinglong) cried even harder.
"Dead shit! They are all alive!"
Levi Garrison let them out while cursing.
"Ah? Still alive?"
Azure Dragon (Qinglong) looked incredible.
"Yes, they are still alive! I saved them!"
Levi Garrison said.
"Boss, you… did you really save them?"
Azure Dragon (Qinglong) had a trace of suspicion.
Wen Lei hurriedly said, "He can know the problems and defects of the exercise method, how can it be
cured?"
"This is also…"

Levi Garrison suddenly became mysterious in Azure Dragon (Qinglong)'s eyes.
At this time, Zoey Lopez and his party returned.
"You really saved us??"
Zoey Lopez and others asked.
Levi Garrison suddenly rose up in their eyes.
Don't say anything else.
Just encountering everything about this exercise in advance is enough!
Everyone looked at Levi Garrison.
The eyes are full of worship.
"Well, it's the Dark God to be exact! He saved you!"
Levi Garrison prevented the spies from the Gods' Laboratory in secret, and could not directly admit that
he did it.
But he is also a dark god.
It was the Dark God who saved them.
There is nothing wrong with it!
"It's Master! As expected, only Master has this strength!"
Zoey Lopez almost cried with excitement.
Everyone was also shocked…
deserving of the dark god on the list of gods!
Saved them in an instant.
It's amazing and terrifying!
"I told you to give up a long time ago, and you will die one by one! Don't hit the south wall or give up?"
Levi Garrison looked at them speechlessly.
"Furthermore, the results of the Azure Dragon (Qinglong) experiment have come out. Don't look at
them one by one?"
Facing Levi Garrison's accusation, everyone bowed their heads.
Azure Dragon (Qinglong) stepped forward to make the siege, "Boss, don't blame them. They have
reached the peak of their exercises, and they will inevitably enter a state of madness! It's normal to
ignore me!"
"If it were me, I would not want anyone else." Bother me at a critical moment!"
Hearing this, Xiao Feng took the initiative to apologize to Azure Dragon (Qinglong).
Said that he was anxious at the time and said something irrational.
"It's okay, as long as you are okay!"
Azure Dragon (Qinglong) said quickly.

At this time, Zoey Lopez looked at Levi Garrison and asked, "By the way, how did you know that there
was a problem with these exercises from the beginning?" Everyone came over as soon as he came out.
The Return of the God of War [The Protector] Chapter 2564
Everyone wants to know urgently.
Why does Levi Garrison have the ability to be a prophet?
"We know that you will spend time deducing every exercise to the extreme and come to the same
conclusion. But how did you know before that?"
Zoey Lopez added.
"It's Maya Industry!"
"At the beginning of the Maya Industry Challenge series, all of you went. Fighting against the mutant
living dead, they actually collected all of you information!"
Levi Garrison explained.
"Yes, it seems to be the case!"
Everyone nodded.
"In fact, in order to enrich the offensive methods of the mutant living dead, they can collect as many
exercises as they can collect. But after their experimental analysis, they came to these two conclusions
surprisingly…"
Levi Garrison said.
"So this is the secret that Maya Industries accidentally discovered?"
Everyone was relieved.
"Yes, that's right."
"Then how did you know, Master?"
Zhou Ke asked subconsciously.
Xiao Feng slapped him, "Forgot what the boss did before? It started as an agent. In terms of collecting
intelligence, if the boss himself goes out, it will be at the originator level!"
Everyone had no doubt about this.
Knowing some news, it must be too easy for Levi Garrison.
Zoey Lopez nodded.
She also suddenly remembered that Levi Garrison had said that the God of Darkness was a woman.
It seems that it was also collected from intelligence.
I have forgotten that he has this ability.
In the past, he led troops to fight, and infiltrated behind enemy lines and so on…

“We blamed you, I apologize to you! I will definitely listen to what you have to say in the future!”
Zoey Lopez apologized actively.
Others also apologized.
“Boss!!!”
“Master!!!”
“Master!!!”
“We were wrong!”
…
Everyone bowed and apologized.
Levi Garrison looked at them helplessly.
It’s really awkward when it’s awkward!
He can’t wait to slap a few times!
But is there any way?
All of them!
You have to be pampered…
“Just pay attention next time! You don’t need to believe what I say! But if you have a way to verify the
authenticity, you must try it!”
Levi Garrison said helplessly.
“Understood!”
Everyone is also very guilty.
Plum dyed shouted “We apologize to the monarchs, we must also thank for saving the Master! I want to
master some close by, and we thank it!”
“Thank God for saving the dark !!!”
all directed at Shouted from a distance.
In their opinion, the dark god will definitely hear it.
But it’s true.
The dark god will surely hear it.
And people are right beside.
“No thanks, no thanks…”
Levi Garrison waved his hand.
Everyone didn’t take it seriously, just as he was joking.
The Return of the God of War [The Protector] Chapter 2565
“Let’s talk about it, what do you plan to do next?”
Levi Garrison asked.
“Next we will look for some orthodox exercises! We have to continue to practice! This kind of quick
success will definitely not be practiced!”
“Yes! There are many ancient forces emerging now! Let’s join some, and we will definitely get the

opportunity to practice. ! Our path is definitely not only here! We still have to grow!"
…
Everyone said their plans.
However, none of them mentioned Levi Garrison's basic exercises!
After all, Levi Garrison's basic exercises are too ineffective…
I can't see any improvement, who practiced it?
Especially in this fast-paced era, accidentally falling behind.
If you keep practicing that basic exercise, you don't know where you are behind…
Therefore, no one mentions Levi Garrison's exercises.
Levi Garrison looked at everyone with a wry smile.
Now everyone's heart is too impetuous.
Even if you know the harm of the quick success method, you still think about how to improve in a short
period of time.
They are not suitable for practicing basic exercises at all. Only by abandoning all distracting thoughts and
practicing wholeheartedly will it be effective!
For example, I was like this at the beginning.
The practice is too complicated.
Too dependent on the taboo technique!
Use taboo as a life-saving technique!
Especially the sentence Don't use the taboo technique to drag Levi Garrison for how long…In
this way, Levi Garrison has always regarded the taboo technique as a life-saving method, and will never
use it when it is not a last resort.
The two come and go, affecting his mood and habits and so on.
Subconsciously feel that the taboo technique is the strongest!
In fact, everything was set by the cheap master for him.
Only to see through everything, to abandon distracting thoughts and mess.
One mind to practice basic exercises!
That is the strongest!
Now Huoyun Cthulhu and Mia are fully committed, but Wen Lei is full of joy and anger, and is also
suitable for practice.
All three of them are effective…
because they are taking an extreme route.
So the more they practice each person's breath, the weaker.
This is actually a sign of becoming stronger!

As for Azure Dragon (Qinglong), he has been fishing for three days and drying the net for two days.
Practicing this, looking at that, and thinking about other things…
He has too many thoughts , and his mind is completely out of this technique.
This will definitely not have any effect!
As for everyone in front of them is impetuous, it is impossible to practice their own basic exercises.
Now Levi Garrison also wants to understand.
If it is imposed on them, they will not be able to practice.
You can't do it wholeheartedly at all!
For the time being at this point in time, this basic exercise is not suitable for any of them.
Have to think about other things.
Find some suitable exercises for them…
there is it!
Suddenly Levi Garrison's eyes lit up.
Thought of a great way!
It's not just them.
There are others.
It will be all right!
The Return of the God of War [The Protector] Chapter 2566
"Alright! You will find the exercise that suits you! I will not force you to practice my basic exercises!"
Levi Garrison said.
Everyone was cheering.
There will be no need to cover up in the future.
Practice whatever you want.
No need to look at Levi Garrison's face.
Levi Garrison looked at Azure Dragon (Qinglong) again and said, "Oh Azure Dragon (Qinglong), you don't
need to practice anymore! Practice whatever you want! Don't show it to me! I don't like you to comfort
me!"
Azure Dragon (Qinglong) said excitedly, "Thank you, boss!"
"Don't thank me, you are not suitable for practicing my basic exercises. I shouldn't impose on you!"
Levi Garrison said.
Everyone left with satisfaction.
Planning to find a new exercise right away.
Then, a news shocked the world.

Nearly half of the exercises in the new era are actually the same thing. If you practice it to the extreme,
you will encounter backlash.
As soon as the news came out, the whole world became a sensation.
After all, Zoey Lopez and the others had spread all the facts that they had practiced their techniques to
the extreme and encountered backlash.
At this time, everyone began to give up the exercises they had obtained.
If there is the first, there will be the second.
Everyone gave up one by one.
In the end, except for a small number of people who were stubborn or holding a fluke mentality, they
basically gave up.
Of course, there are still a large number of people who still haven't given up.
It's too difficult for them to practice to the extreme, and they won't even reach it for a lifetime.
Therefore they are not dangerous.
Why not continue to practice…
But there are still many people who give up anyway.
The plan for the Lab of the Gods is still a big blow… There
is a lot of experimental data missing…
"God of Darkness! God of Darkness! First save people! This news was exposed again!"
Mr. X was going to die of anger. NS.
"Mr. X turned out to be made by the traitors of Maya Industry. Now that the Dark God controls Maya
Industry, he naturally knows all this…"
Lucifer said.
"The Dark God can't stay! You must not stay! All die!"
"Tell Chen Kong, act now, you must kill these three people!" Mr. X can't wait any longer, and the Dark
God three must die.
Chen Kong still hasn't been idle these days.
Still absorbing the power of others or various resources and energy.
He is absorbing.
He is still getting stronger!
Next, he wants to go to Forbidden Area No. 76 to take some…
After all, I heard that where resources are rich, any stone contains terrible energy.
He has to become stronger!
To break through to the ninth floor!

He wants to suck the sky and the earth…
and the ninth level of the highest realm can suck power in the air.
A few hundred meters, a few kilometers away, they can still suck you clean.
At this moment Chen Kong received the order!
"Never mind! You can get to the ninth floor by sucking the three of Dark Gods clean!"
Chen Kong actually regarded Levi Garrison as a test stone.
I want to use him to break through to the highest realm of Dafa absorption.
The Return of the God of War [The Protector] Chapter 2567
The next day.
When Kirin (Qilin) and the others set out to find new exercises.
Xuanyuan Qingya and Levilia actually came.
"Wait a little longer! Wait a few days for an important event to be announced! It has something to do
with the exercises! So you don't have to run around looking for it!"
Xuanyuan Qingya said.
Levilia also nodded, "Yes! Make sure that all of you have the exercises! And it is the most orthodox! It is
much better than you go out and find yourself!"
"So now you wait! Don't run around! There will be good news soon! …"
Hearing this, everyone did not run around, but waited quietly.
I'm all wondering what a good thing is.
But Xuanyuan Qingya and Levilia also knew a little bit of fur.
What they didn't know was that everything was arranged by Levi Garrison.
The important news to be announced was also arranged by Levi Garrison…
Just as everyone was waiting for the good news, there was a shocking news.
Since becoming the fourth on the list of gods, Chen Kong just disappeared.
Everyone can hide as long as they can.
No one knows what he is going to do next?
But today everyone finally knows.
Chen Kong finally revealed his next step.
He actually challenged the top three of the gods at the same time!
Not to challenge one of them alone!
He is going to challenge the Dark God, Daxia Yizhi Grandmaster, and the new master of the ancient
Garrison Clan at once!
Fight against three people at the same time! ! !

As soon as this challenge was issued, the whole world was shocked!
Exploded!
It's going to burst everywhere!
so horrible!
No one has ever imagined such a day!
Soon after the establishment of the new god list, someone even challenged the top three of the god list
at once!
crazy!
Everyone is almost suffocated!
Isn't it terrible?
One pick the top three of the gods?
If others challenge like this, everyone must be overwhelmed!
But this time is different!
Chen Kong is too powerful!
Absorb the power of one hundred thousand strong and four hundred gods in one go!
How strong does he have to be?
Since he dared to challenge the top three of the gods at once, it shows that he is confident and
confident.
anyway.
This battle is absolutely unprecedented!
Every battle before the return was not as strong as this one!
The past and the present!
The most shocking battle!
For a while, everyone looked forward to it.
No matter who wins or loses, it will be a battle recorded by mankind!
The location of the decisive battle was chosen next to the Conferred God Platform on the top of the
world…
Countless people rushed to the top of the world for a while!
For fear of going late, there will be no good place to watch the game.
This battle is bound to become a classic.
Only once in a lifetime!
To miss is to miss…
and for Zoey Lopez and the others, it is also about the God of Darkness.
The Return of the God of War [The Protector] Chapter 2568
They want to see it even more.
"I hope that Master will not be defeated! But the opponent is too strong!
Not necessarily!"

“His Gong Gong Dafa is theoretically invincible! Unless the Dark God is much higher than him.
Otherwise, he will be sucked clean!”
“So This battle is very difficult, even if there are three people!”
…
Everyone is in sorrow.
Especially plum dye.
“Chen Kong? What is it?” Levi Garrison’s voice came out at this time.
Listen to this.
Everyone laughed.
In today’s world, if you dare to say what Chen Kong is, Levi Garrison is the only one, right?
He is as mad as ever!
He is still living in his own time!
This is also good.
“Boss, you haven’t paid attention recently! Since the new god list came out, strong people have
emerged from all over the world! And Chen Kong is the strongest one! He is the successor of the Dafa of
Absorbing Gong… Not bad magical skills with King Kong…”
Everyone immediately explained Chen Kong’s experience to Levi Garrison.
I thought Levi Garrison would look shocked after listening.
As a result, he was calm, “Oh, the fourth place on the gods list. Let me just say, why would I not know if I
rush to the front?”
Levi Garrison meant that the top three are all him. If one of the identities is broken, he is sure Will know.
But to everyone’s ears, Levi Garrison seemed to despise Chen Kong.
“The boss is the fourth in the god list! This is different from the fourth in the past god list! The past ten
thousand and ten thousand may not be as good as the current one!
And the Dafa he practiced is uncertain! So His strength may be the first in the gods list! This time he will
not necessarily lose in a one-to-three match!”
Everyone began to argue.
Many people are optimistic about Chen Kong!
“Pick three at once?”
Levi Garrison was happy.
Shouldn’t he be the one who picks three, and one picks 30,000?
Now it’s the other way around.
Let the family choose three… the

top three on the god list are all self!
Does this Chen Kong still want to challenge three himself at once?
What a laugh!
Chen Kong, this will be the most daring thing you can do!
But Levi Garrison was not angry, but smiled.
He is interested!
In addition to the forbidden area No. 76, there is finally one that can play a little bit.
Is it as famous as King Kong is not bad?
And about to reach the highest level?
interesting!
interesting!
After sucking so many people's skills, I hope not to let me down!
Let me get a punch!
Don't ask for two punches!
Levi Garrison just wanted to punch out heartily!
"Okay, I promised…"
Levi Garrison shouted excitedly.
He was talking about agreeing with Chen Kong's challenge.
This surprised everyone else.
"Ah? You agree? What do you agree with?"
Zoey Lopez asked puzzled.
"I agree to go to the top of the world with you! Go and see what Chen Kong does?"
Levi Garrison said.
"Huh!"
"I almost thought Chen Kong challenged you in your tone just now. Did you agree?"
Zoey Lopez said.
Everyone feels this way.
"Okay, then let's go together!"
Everyone prepared and immediately headed to the top of the world.
Soon there will be news from all over the world.
The Dark God, the master of Yizhi and the Lord of the ancient Garrison Clan accepted Chen Kong's
challenge…
The Return of the God of War [The Protector] Chapter 2569
It was shocking for a while.
This made Chen Kong and the laboratory behind the gods breathe a sigh of relief.
They were afraid that some of the three would not agree…
Looking forward to it!

Everyone is looking forward to this battle!
Not to mention the results of the battle, it is enough to make people curious enough to refer to the
identity of the master and the new master of the ancient Garrison Clan.
This time, isn't it true that the truth has come to light.
This is what the Lab of the Gods expects…
They all have information for them, which is equivalent to being in their hands.
But the identities of the top three on the list of gods have been unknown.
They want to know!
This time Chen Kong challenged them.
Ten thousand steps back and said, if Chen Kong loses, then at least the identities of these three will be
known.
Still not at a loss!
For the Lab of the Gods, as long as they control this person's information, it is equivalent to control this
person.
Only the unknown is extremely threatening to them.
For a time, the top of the world became the focus. People from all over the world are rushing here…
Levi Garrison and the others are fast.
First came to the top of the world, but found a good position in the north.
The angle is excellent!
You can just see the designated battlefield next to the Conferred God Platform!
Everyone is looking forward to…
Breathing is a little difficult.
"When did it start?"
Levi Garrison asked and asked .
"Boss starts tomorrow! Everyone is coming to grab the spot today…"
"I don't know when Chen Kong and God of Darkness will come
. I'm really looking forward to it…" "Yes, I also want to know Master Yizhi and Garrison Clan Who is the
master of the ancient clan…"
Everyone was talking in a frantic manner.
Levi Garrison also stopped moving.
He has another plan in his mind.
But first have to see Chen empty, look at this kid how few two kilograms
……
top of the world face the mountains a few people are converging more and more ……

fighting since the conflict are also many ……
possible in order to compete In an excellent viewing position, thousands of people were killed and
thousands of corpses were left behind.
Especially the stronger forces or people directly rob…
Others have a cold expression.
It's no wonder that.
This is the era of the weak eating the strong!
Weak will be beaten!
May be killed for an absurd reason at any time!
This kind of thing is too common!
Levi Garrison's position is actually excellent.
Many people want to grab it.
However, seeing Levilia Xuanyuan Qingya and the apprentice of the Dark God in their camp…
none of them could provoke him.
As a result, no one came to harass…
it also stopped.
The Return of the God of War [The Protector] Chapter 2570
Soon after, some quasi-god like forefront, and even the strong of the gods came.
Everyone wants to watch this battle.
The night passed quickly.
The second day.
Everybody is here!
Tiance is handsome!
Ye Qingtian, Ye Zhantian and the strongest combat power of all countries have appeared one after
another.
Almost the top 100 powerhouses in the gods' list are here.
Who wants to miss such a masterpiece?
The tense atmosphere has been spreading in the field.
This battle is about future changes!
May enter a new era!
It's about the first line of lettering on the stele!
Is it the Dark God, or the new Chen Kong?
Time passed by every minute.
The time for the engagement is getting closer and closer.
But the four have not yet appeared.
Everyone is nervous and expects it to burst!
"Is anyone scared and afraid to come?"
Someone asked a question.

Zoey Lopez said arrogantly, "Don't worry, Master must be there! Maybe he came yesterday! He won't
be afraid of a Chen Kong!"
" Yes , the methods of the Dark God are beyond our imagination! So far! So far, the existence that makes
me feel the most mysterious! It is also the existence that has defeated the gods of Tiance! There is a
reason for him to be ranked first in the gods! I think he can win!"
"Now let's see how strong the other two can be?"
...
Everyone was discussing.
They just couldn't see anyone, and they were all wondering if the three of them were afraid and didn't
dare to come.
After all, Chen Kong is different from other opponents.
He may not be as strong as you, but he can suck up your skill.
This is something everyone must be afraid of.
"Fart! They are here long ago!"
Levi Garrison couldn't listen.
Can't help cursing.
He's here.
It is equivalent to three people coming.
And it came yesterday.
Now the kid Chen Kong is not here.
"Huh? It's all here? Impossible!"
Everyone looked around in surprise.
"Yes! These are all god-level, we don't notice it is normal! What Levi Garrison said is right!"
Others also said.
Zoey Lopez and others also supported Levi Garrison. "The God of Darkness is definitely here!"
"Boom!!!"
Just then.
A violent breath swept the audience.
The top of the world seemed to be swaying, and the sky was full of snow.
If it weren't for the strong pressure, I'm afraid there will be avalanches everywhere… Chen Kong is
here…
The Return of the God of War [The Protector] Chapter 2571
This is completely different from the Chen Kong you have met before.
Chen Kong now is terrible.
The breath on his body rushed into the sky, as if to tear everything apart.

He is like a round of fierce sunset, radiant and terrifying, making it impossible to approach!
Just walk at will, like an ancient god.
It is so admirable that I can't help but kneel down to worship!
This is the ultimate performance!
Any move can cause mountains, cracks and rivers to collapse…
"Before I was worried that Chen Kong was too arrogant and challenged the top three of the gods alone!
Now it seems that he is qualified!"
"That's right! I'm really looking forward to it more and more! One-to-three!"
"If Chen Kong sucked all the top three of the gods list, what realm would he reach???"
… As
soon as Chen Kong appeared, the crowd was completely exploded. NS.
It's boiling everywhere!
"It's too strong, isn't it? Is that what it's like to practice the Dafa to the ultimate state?" The
god commander Tiance sighed.
He should have been fortunate enough to have seen the highest state of Sucking Gong Dafa and King
Kong Undamaged Divine Art.
"It's too strong! It's definitely not what we can compare! The result of our match is to be sucked up
alive!"
Ye Qingtian said humanely.
Ye Zhantian shook his head: "No, he hasn't reached the highest level of the ninth level! But it's just one
step, a very small step. It's almost piercing the window paper!"
"It's so terrifying, if Is it worth it to get him to the highest level?"
Everyone shook their heads helplessly.
But then Tiance Shenshuai smiled vaguely.
But he chose the wrong opponent.
Whoever doesn't say anything else means that the King Kong is not bad magical skill has reached the
highest ninth level in just a few hours.
You must know that King Kong is not bad for divine gong and the Dafa of Absorption is practiced to the
highest level.
But who does not break his hand magic is fundamentally toy ah, like sideline ……
"Chen empty too strong! I would serve him as a universally invincible!"

“Ah then, he has always been a pick three wins! One of the words No one is his opponent!” The
top one hundred powerhouses in the gods list repeatedly sighed.
Chen Kong is too powerful now.
If you let them meet, everyone can’t wait to run right away.
It’s not an opponent at all.
Encountered only those who were sucked!
All the strong people in the top 100 of the god list were scared, not to mention the others.
But everyone’s expectations are getting higher and higher.
The pinnacle of battle!
The Return of the God of War [The Protector] Chapter 2572
Dark God, the three of them will show up quickly!
This battle is unforgettable in my life…
“Is this the coercion from the Xeon?”
“Hiss!!!”
Kirin (Qilin) and the others began to breathe in cold air.
Even though they were far away, they still felt oppressed, as if they were about to squeeze them into an
explosion.
too strong! ! !
This is everyone’s feeling, as if a mountain has been crushed down invisibly, and people are crushed into
mud!
Everyone started to have difficulty breathing.
Everyone realized after the start, they were shocked in a cold sweat.
At the beginning, Chen Kong went to them specifically, but everyone was in retreat and didn’t deal with
it.
Otherwise, Chen Kong’s current strength would belong to all of them.
They must have all been sucked up, leaving only an empty shell.
The most shocking people are Wen Lei.
I saw Chen Kong alone half a month ago, but now I see Chen Kong, he is a “god”.
Great changes!
Absorbing power is indeed the fastest and craziest method to improve!
This is faster than any exercise in the new era!
“This…I believe that he and the master have the power to fight!”
Before, Zoey Lopez was convinced of the power of the Dark God, and felt that Chen Kong could not win
anyway.
Now that Chen Kong appeared, she changed her mind.

It's too powerful!
"There's a fight! The weak is dying!!!"
Suddenly, a voice rang out from time to time.
Everyone is Levi Garrison!
But everyone is not surprised that Levi Garrison can say such a thing.
It would be strange if he didn't say a word!
In the past, Levi Garrison always sang this sentence against everyone…
But as soon as this was said, Zoey Lopez immediately covered Levi Garrison's mouth…
"It's me who is weak! Master Chen Kong is strong enough to pick the top three of the gods. …"
Zoey Lopez was afraid of being heard by others, especially Chen Kong.
Isn't that troublesome?
weak?
Chen Kong is weak?
You can say that everyone present is weak!
But you can't say that Chen Kong is weak!
If Chen Kong is weak, there will be no strong in the world.
How strong is he?
Still weak?
He is weak, what are these people present?
However, it is indeed weak for Levi Garrison! ! !
He was a little disappointed!
To be exact, I was disappointed!
The Return of the God of War [The Protector] Chapter 2573
Hearing that he sucked so many people's skills and a lot of energy, he was looking forward to it…
As a result, after Chen Kong had just arrived, Levi Garrison took a look.
I was immediately disappointed…
what are they all about?
Can't you attract a little bit of the strong after attracting hundreds of thousands of people?
Challenge yourself with the skill of sucking a bunch of chickens and dogs?
Don't look at sucking so much.
But all sucking is rubbish!
Let me put it this way.
Throw this kid to the former forbidden area No. 76, and suck a few "God" skills!
If he draws all the powers of the gods together, then he will definitely have a battle with himself.
Can even force one's true strength to come!
But now…

challenge yourself by sucking a bunch of rubbish?
It's ridiculous!
Levi Garrison admitted that he was indeed better than Ye Qingtian, Tiance God and so on.
It's almost reaching the highest state of Dharma absorption.
The contrast is the highest state of King Kong's non-destructive magic.
But it hasn't arrived yet…I
won't have any interest until Levi Garrison!
If this is the case…
Levi Garrison killed easily!
It's even easier than killing the "God" on the spot.
He is just a middle-to-high god, not even the top…
disappointment!
Too disappointed!
Levi Garrison's main annoyance was that he came here a day in advance and waited, expecting to meet
a good opponent.
It turned out to be like this…
Levi Garrison wanted to leave on the spot.
Challenge a fart!
Just like this, I want to challenge three selves!
It's ridiculous!
At this time, Chen Kong has already come to the decisive battle area on the top of the world!
He has his hands on his back and is arrogant.
After a glance around, he said coldly: "Dark God?
One Finger Grandmaster? The
new master of the ancient Garrison Clan?
What about you guys? ? ? "
This shout was like a billowing thunder.
Many people were vomiting blood.
But after this shout, no one responded at all. The
three of the dark gods did not show up… The
court was silent.
Zoey Lopez and so on. People face great changes one by one.
The Return of the God of War [The Protector] Chapter 2574
Shouldn't people have arrived here?
Why haven't they appeared yet?
Is there any change?
"Huh? People? How about the three of you? Haven't you all accepted my challenge? "
Chen Kong was happy, and he started shouting with a laugh.

His mission is to kill three people, where can they not show up? As soon as these words went out, no one responded.
"Hahahaha…hasn't he appeared yet?" Still afraid to show up? "
Chen Kong raised his tone.
"Do you think you are afraid of the top three on the gods list… I never came…"
"It's possible!" It is probably afraid of Chen Kong's absorption of power, no matter how strong it is, you
have to shrink back a bit! "
No wonder Chen Kong can pick three!" He has this strength! You look at the top three regard the God to
frighten …… "
……
everyone began to talk.
This time even dyed plums are afraid to refute refuted.
In case the master really afraid of it?
" The three of you to the dark God Should you shrink your head? "
Quickly come out and fight with me!" "
Chen Kong began to yell frantically.
"Are you afraid of me?"
"It's ridiculous! The top three of the dignified gods are afraid to come!"
"If you are afraid, what do you agree to do with me?"
"Come out, I know you are already here!" If you don't want to fight, just kowtow to me!"
…
Chen Kong yelled frantically.
But none of the three of Dark God appeared!
No one showed up no matter how screaming, irritating, or insulting!
"It seems that the three dark gods are determined and will not come forward… Maybe this ranking is
unnecessary for them, and it is right to live…"
Everyone sighed.
Chen Kong was a little confused.
He wants people to show up quickly and kill them one by one.
What's going on here?
No one came out…
Even the laboratory of the gods that had been observing was dumbfounded.
Especially Mr. X and them.
This is the moment waiting!
Get rid of their big troubles!
But the person does not show up.

What can you do?
They are in a hurry.
Chen Kong was too anxious.
He could only threaten: "Well, since you don't show up… I can only ruin your names on the stele!
Stomping on your names with your feet severely…"
The Return of the God of War [The Protector] Chapter 2575
Chen Kong wanted to use the most humiliating way to cite three. People come out.
It's just that there is still no response in the field.
But at this time, Levi Garrison in the crowd said helplessly: "What about this kid? I'll go to the
bathroom!"
Levi Garrison left the crowd, and everyone didn't pay attention.
There are not many people around to take care of it.
Not to mention the others, they didn't even see Levi Garrison's disappearance.
After such a stimulus, the person still did not appear.
Everyone is anxious now.
Can the top three of the gods list appear?
People are forced to do this.
Not showing up yet?
Even Tiance Superintendent and Ye Qingtian were anxious.
What is Levi Garrison doing?
When faced with such an arrogant opponent, shouldn't he jump out and slap to death?
I'm afraid it's impossible!
They still have a little understanding of Levi Garrison's strength!
He is definitely not weaker than the current Chen Kong…
He has no need for timidity at all!
According to his personality, one of these three identities had already taken Chen Kong to the ground.
I'm so clamored now, I haven't shown up yet.
I really can't understand…
Everyone subconsciously looked in the direction where Levi Garrison was.
Just where is Levi Garrison?
Where did Levi Garrison go?
Why did he go?
Is it really gone?
Doesn't it seem to come out directly to accept the challenge?
Everyone looked at each other, wanting to see the answer in each other's eyes.

No one came out for a long time.
Chen Kong was anxious.
"I won't come out, right? I'll step on your name on the gods list first, and then dig out a little bit! Three
cowards!"
Chen Kong furiously said.
He leaped and reached the Conferred God Stage not far away!
"Boom!"
He suddenly rose into the air and headed directly to the top of the stele!
Soon to the highest point…The
top three letterings of the gods list are right in front of his eyes!
It's so dazzling!
He wants to destroy it now!
But he wanted three real people to come out,
"Boom!"
Finally, he stood firmly on the stone tablet.
"Give you one more chance! If you don't want to be laughed at by the whole world! Come out
immediately!"
"In ten seconds, I will destroy your names!"
"This is your last chance!"
"Otherwise you will become The shame in this world!"
Chen Kong wanted to force people out.
I won't be in a hurry.
If you can extend the time, extend the time.
This coincides with Mr. X's idea…
"Three!"
…
He started to count down, but suddenly he glanced at the back of the stone tablet.
There seems to be… there are words?
Chen Kong stopped the countdown and began to look behind the stele…
"Ye…"
"Ye what??"
The Return of the God of War [The Protector] Chapter 2576
You must know that you can only see the back when you step on the stone tablet.
But no one has ever qualified to go up.
I dare not.
Chen Kong is the only one.
After boarding, the secret was immediately discovered.
He tried to look behind.

“Levi Garrison…”
When trying to read the last word clearly, a voice sounded: “Chen Kong!!!”
Chen Kong immediately retracted his gaze and jumped down from the stone tablet.
One person was already standing on the Conferred God Stage-Underworld God.
Underworld God is the tenth on the list of gods.
He is qualified to stand here.
Chen Kong immediately smiled when he saw the evil god.
I want to deal with the matter here first, and then later look at the meaning of the words engraved on
the back of the stele…
Anyway, don’t worry!
“I know you, the capable man of God of Darkness! Why? Are you going to challenge me?”
Chen Kong sneered.
“No! I am confident, but I also know myself, I am not your opponent!”
“I am here to convey the meaning of the dark god…” the
evil god said.
The words came out.
The eyes of everyone in the audience swept towards the evil god.
What does the dark god mean?
“Okay, you say! This tortoise dared not come to see me! Isn’t it afraid of me?”
Chen Kong sneered.
Mingxie Shenle: “Afraid of you? Only you? Are you worthy?”
Chen Kong was about to get angry.
Underworld God took out a box and handed it to him.
“Boom!”
Before Chen Kong took the box, he already felt the terrible energy fluctuations in it.
This is more energy than anything he has encountered!
It was a hundred times stronger than what the Gods Lab gave him…
this…
he was already shaking.
Because I practiced the Dafa of Absorbing Gong, I wanted to absorb it all when I encountered such a
strong force.
The key is the most powerful energy he has ever encountered.
Everyone else was surprised.
What exactly did Underworld God give him?

Make Chen Kong so excited?
Everything seems to be inconsistent with common sense…
"This is the crystal of Forbidden Land No. 76, which contains unimaginable energy! It is a powerful force you have never seen before!"
said the evil god.
"The Dark God feels that you are too weak to be his opponent! I hope you are stronger and draw a little more powerful power instead of sucking some garbage! You are too weak for him!
" He wants you to absorb all the energy in the crystal as quickly as possible! To strengthen yourself! In addition, the forbidden area No. 76 under the jurisdiction of the Bible organization can also be opened to you! It has rich resources and energy! You can absorb as much as you can…"
Underworld God explained.
At this time Chen Kong was already immersed in joy.
Holding a crystal in his hand, I can't wait to start sucking now.
With this terrible power, he can break through to the highest state of Suction Dafa…
or even reach the peak of the ninth level…
At this time, he could only break through the highest realm in his mind. As for killing the three dark gods, he had long forgotten.
The Return of the God of War [The Protector] Chapter 2577
People can kill later.
What's more, he broke through to the highest state of Dafa, wouldn't it be easier to kill the three dark gods?
"Okay! Then postpone the day of the decisive battle! When I completely absorb the crystal energy and break through to the highest level, I will come and find the Dark God three!"
Chen Kong looked at everyone: "Because I have something else temporarily with the Dark God! So the decisive battle is delayed. Three days later!" After the explanation, Chen Kong hurriedly left and went to Forbidden Land No. 76.
I want to quickly absorb the energy in the crystal, and strive to reach the highest state of power absorption Dafa.

Everything else is forgotten.
Does the inscription on the back of the stele have anything to do with him?
Underworld god left with a smile.
shocked.
Everyone present was dumbfounded!
what happened?
Chen Kong suddenly postponed everything?
what happened?
"Ahem…"
Levi Garrison came back from the toilet at this time.
He was actually going to give the Underworld God crystal just now.
Chen Kong was too weak, he didn't want to give it to himself.
This crystal was the remaining one-fifth of Levi Garrison's tempering "Divine Tribulation".
But this fifth of the energy is also unimaginable in the world.
Seeing how happy Chen Kong got it, I forgot about it.
Obviously the energy contained in the crystal is beyond his cognition… It is
stronger than all the energy he has seen!
That's why he is so crazy!
Of course, from Levi Garrison's point of view, he is too weak to be so crazy!
That's right.
Levi Garrison just disliked him for being too weak.
I want to improve him, and even open the forbidden area No. 76 for him to strengthen.
In order to push his strength to the highest level in one breath!
In this way, Levi Garrison was interested in fighting him.
Not too weak.
Raised to the highest level, at least Levi Garrison can blast out a hearty punch…
Who knows the loneliness of invincibility?
In order to find a decent opponent, Levi Garrison made the opponent stronger at all costs and allowed
him to practice to the highest level of Dafa.
No one understands Levi Garrison's good intentions.
In order to have an opponent, hesitate to rack his brains for the strength of the enemy.
One thing-do whatever it takes to make Chen Kong stronger!
"What's the matter?"
The Return of the God of War [The Protector] Chapter 2578
Everyone was wondering.

I don't know what it means at all.
Moreover, they were too far away, neither the Underworld God nor Chen Kong heard what they said.
Without knowing what happened, Chen Kong left after a while.
Not only do they want to know, even Mr. X in the Lab of the Gods and the others urgently want to know.
Why did Chen Kong postpone?
And left?
Zoey Lopez discussed it for a long time, and the argument was inconsistent.
"You are talking about why Chen Kong left?"
Levi Garrison asked.
"Yeah! Don't you know?"
Zoey Lopez snorted coldly.
Levi Garrison smiled: "Of course! The Dark God thinks he is too weak…"
"Huh?"
Everyone was taken aback.
"Is he too weak?"
"Is he still weak?"
Everyone was shocked.
"That's not right, if the Dark God directly said he was weak, afraid that Chen Kong would get angry on
the spot? How could he leave? Impossible!"
Xiao Feng asked.
"That's because…"
Levi Garrison was about to speak when the Underworld God's voice sounded: "That's because my
master wants to make him stronger! He gave him a crystal containing terrifying energy, and opened the
forbidden area No. 76. The resources of, let him absorb energy and continue to be strong. Breaking
through the limit and reaching the strongest state…" After the Underworld God explained this, everyone understood.
It turned out that Chen Kong was busy improving.
No wonder it left in such a hurry.
What?
The dark god dislikes Chen Kong and weak?
Still struggling to make him improve?
What is this operation?
Dark god arrogant?
Or is he too confident in his own strength, for him, Chen Kong is too weak?

Or is there another reason?
"It is possible that Master really feels that Chen Kong is weak, and they are a bit bullied by taking the top
three shots together. That's why Chen Kong can improve!"
Zoey Lopez said.
"Well, this may be there! After all, the top three strengths of the gods list are unfathomable. No one
knows how strong they are… They think Chen Kong is nothing but a junior, and he is another person! It
doesn't hurt to improve him…"
Most people think so.
"Forget it, wait three more days! If Chen Kong becomes stronger, then this battle will definitely be more
beautiful!"
"Well, yes, good food is not afraid of late!"
…
Everyone decided not to leave.
Continue to wait for the arrival of the decisive battle…
"Well, yes, wait, I'm looking forward to it too!"
Levi Garrison was lying in the makeshift room with a look of expectation.
The Return of the God of War [The Protector] Chapter 2579
He hoped that Chen Kong could become stronger and break through to the highest level.
In other words, Levi Garrison expected more than anyone present!
After Chen Kong left.
Almost everyone did not leave.
After all, as soon as he left, his position would be occupied again.
Next, the battle for territory or the vendetta will continue… This
is the case in the world with warriors!
Levi Garrison started to fall asleep…
Zoey Lopez and the others were anxiously waiting for the start of the decisive battle.
On the one hand, they were thinking about their own practice…It is impossible for them to all walk out their own way like Levilia.
They really want to know what Tiance Mansion's next plan is?
What did Xuanyuan Qingya let herself and others wait for… The
Gods Laboratory…
"Mr. X finally found out! Chen Kong delayed and left because of the Dark God…"
Lucifer told Mr. X all the information he found.
"What? A crystal containing energy? Isn't it the result of the energy of Forbidden Land God No. 76?"

Mr. X was shocked.
The whole person jumped up all at once.
"Yes! It should be!"
"Not only that! The Dark God also opened the forbidden area No. 76 to Chen Kong, allowing him to
absorb resources at will!"
Lucifer said.
"Ah? Dark God is he crazy? I have never seen such a thing! Make his opponent stronger? Chen Kong has
all such important crystals?"
Mr. X and the others found it incredible.
This is completely impossible!
Unless the dark god is crazy.
"I heard that the Dark God thinks Chen Kong is too weak and wants to improve him and let him reach
the highest level before he fights!"
"Now the outside world is spreading like this! Spreading the God of Darkness so wonderful…"
Lucifer said.
"Nonsense!!!"
"The Dark God is powerful! But he is not sick!"
"Think about it for yourself, do you think that the enemy is weak and racked your brains to let him
improve to deal with yourself?"
"Let me give an example-at the beginning Levi Garrison! We are definitely better than him, but do you
think about letting Levi Garrison improve and become stronger to deal with yourself?"
Hearing Mr. X asked.
Everyone shook their heads.
"That won't be true! We are not fools! Levi Garrisonxiu wants to be improved a little! Wouldn't he be
pissed to death if he improved to deal with us?"
Mr. X nodded, "Well, this is the logic of normal people! God of Darkness It can't be a brain damage,
right?"
"That must not be! If a brain damage, how can it be so strong?"
everyone said.
"Then it shows that there is a problem…"
Mr. X began to analyze.
"Suppose the dark god thinks Chen Kong is too weak, let him raise him to the highest level and fight

again! That's true. But what about the other two? They also think Chen Kong is weak? They haven't
appeared from the beginning to the end…"
After x With such a reminder from the husband, everyone responded quickly.
That's true.
I didn't even see the new Patriarch of the ancient Garrison Clan and Master Yizhi…
The Return of the God of War [The Protector] Chapter 2580
Can the Dark God represent them?
No way!
None of them expressed their opinions!
That means there is a real problem!
"Mr. X, do you know the truth?"
Lucifer asked.
"Since these two people did not express their views and allowed the dark god's behavior! Then there is
only one possibility-they are afraid!"
"Not only the Garrison Clan Patriarch and Yizhi Grandmaster are afraid, even the Dark God is afraid!
They know the weird and terrifying of Sucking Gong Dafa. They know they are invincible and are likely to
be sucked up. Therefore, they have been unable to escape!"
Hearing this, Lucifer raised a question: "What about the actions of the Dark God? Sent Chen Kong.
Crystal, forbidden area No. 76 has been opened?"
Everyone looked over.
"There is only one reason-the dark god is actually cheating on Chen Kong! He is giving him a gift!"
"The energy contained in the crystal is terrifying, but everyone can draw very little! But the absorption
of power is different! It can be completely absorbed! The Dark God At this point, sending the crystal to
Chen Kong…
actually, there are two points…"
Everyone became more and more puzzled: "Then…the two points?"
"Point 1: Give Chen Kong such an important gift, and open the forbidden area No. 76, allowing him to
break through to the highest realm of Gong Dafa! Just based on this situation. Mind, how did Chen Kong
kill the Dark God three?" As
soon as Mr. X said this, the audience was in an uproar.

Yes!
Then I thought about it, this is the great kindness!
It is even said that Chen Kong's cultivation to the first eight levels of Dharma Dafa is not as important as
the last step!
Dark God is great kindness to him.
At that time, Chen Kong was embarrassed to kill him, and he would also like to thank the Dark God.
A grievance can be easily resolved.
"Secondly, after absorbing energy, Chen Kong can easily break through to the highest realm! He was
promoted to the top of the gods list naturally! Overwhelming the three dark gods!
But the dark gods must not be ashamed…because Chen Kong was improved after being given crystal
energy by them… to be bigger, they made it with one hand. They pushed Chen Kong to the top of the
gods list with one hand…"
"I see! This is not the same as directly defeating him." This way, you don't need to do it! The Dark God
trio made him sit on the top of the god list, and the three of them naturally retreated to the second
place…"
Lucifer said immediately.
"Well, that's it!"
"This is a strategy devised by the Dark God… It resolved a battle and saved the lives of the three! It also
made the three of them famous! What a resourceful!"
Mr. X sneered: "Believe it or not, the three dark gods will still not appear after three days!"
"Believe! It must be so!"
Everyone nodded.
The Return of the God of War [The Protector] Chapter 2581
"But what I'm afraid of right now is that Chen Kong is really bewildered by the kindness… Then he won't
attack the three dark gods… He may no longer listen to us when he reaches the highest state…"
Mr. X not only sighed.
"Yes! Now this kid has entered the forbidden area No. 76! And has blocked the contact with us! I am not
good at sending people into the forbidden area No. 76…"
Lucifer said angrily.

“Let’s take a look at that time! If he can’t get rid of the three dark gods, it will be a waste to us! We can
support him up with one hand, and we can destroy him at will…”
A murderous intent flashed in Mr. X’s eyes.
Lucifer and they all laughed.
Chen Kong is extremely powerful to the outside world, but for the Lab of the Gods, he can still be killed…
It
shows how terrifying the Lab of the Gods is…
Then the whole world began to circulate that the three Gods of Darkness are actually Afraid of Chen
Kong’s news…
Everyone began to analyze.
It makes sense more and more!
The Dark God was giving gifts to Chen Kong…
but at this time Chen Kong was immersed in his own world, absorbing energy frantically.
What surprised him more and more was that he sucked so crazy, but the general energy of the crystal
remained unchanged.
It’s like sucking a few drops in the ocean…
He is getting more and more excited…
If this crystal makes him suck it out, what would it be?
Then he sucked more and more crazily…
“Kacha!”
“Kacha!”
…
Lightning raged in the air, and the world changed color.
Heralds the birth of a super strong man.
Suck!
Suck crazy!
“boom!!!”
In the end, Chen Kong stepped into the highest realm of Gonggong Dafa-the ninth level!
Sucking the sky and the earth…
His body is like a whirlpool, and the energy of the entire forbidden area No. 76 is continuously flowing
into his body.
Can be sucked far away! ! !
This is the highest state of the Dafa of Absorbing Gong!
Chen Kong continued to suck frantically to consolidate the realm of the ninth level!

…
Time passed by every minute and every second.
Finally, three days have come.
Chen Kong suddenly opened his eyes, and there seemed to be lightning raging in his eyes.
He has come to a whole new level…
"The strongest I am here!!!"
After Chen Kong came to the ninth floor, he obviously felt different from before.
It seems that the whole world is stepping under his feet, and any creature is an ant…
He controls the world as a whole…
In fact, this is the feeling of a "god"!
Like the group of "gods" in Forbidden Land No. 76…
because they are too strong, they feel that they are the gods who control the world.
The Return of the God of War [The Protector] Chapter 2582
Chen Kong feels this way now.
Even the three of Dark Gods are not that interested… It
may have been a challenge before, but now when he reaches the highest level, it is like dealing with
three ordinary people.
There is no interest or pleasure anymore…
after he comes out.
He was contacted by the Lab of the Gods.
He must kill the three dark gods…
don't let your hands down because of some things.
Chen empty answer is simple: "!!! Do not worry, I'll get rid of the three men on when I became the
strongest, see the blood, I Lian Ji Gong magic Dacheng I must kill a few people"
get After Chen Kong answered in the affirmative, the Lab of the Gods was relieved.
This way they can save a lot of trouble…
Chen Kong left step by step.
He held the crystal tightly in his hand and exclaimed: "What is this? The energy contained in it is too
strong? Just like this, I only absorbed a quarter of it! It will take a while if I absorb it all!"
Chen The news of the emptiness spread quickly all over the world…
it boiled again.
The focus is also on the top of the world!

Everyone cheered up and waited.
The noise outside awakened Levi Garrison.
“What’s wrong? Did something happen?”
Levi Garrison asked.
“Chen Kong is out! It is said that he has broken through to the highest level of Dafa absorption!”
Zoey Lopez said.
“Hey, now it is rumored that the master gave the crystals to cheat him. It’s scary. Then Chen Kong won’t
do it!”
“Yes! I think it makes sense! Why else make your enemy stronger! No matter how strong you are, you
can’t do this.
Right ?” “Yes, the dark god is powerful, but it’s not enough for that?”
“He must be afraid of Chen Kong, showing weakness to Chen Kong…”
Kirin (Qilin) and the others analyzed.
In this regard, Zoey Lopez, the apprentice, didn’t say anything.
“Fart! Just him?”
“Help me up and see how much Chen Kong has made?”
Levi Garrison looked forward a little.
If Chen Kong absorbs all the energy of the crystal, plus the resources of No. 76 Forbidden Land.
He should be able to reach the top level of Suction Dafa…It’s about the same level as
the seven or nine phantoms on the ninth level of the Diamond Undestructive Divine Art.
This will make Levi Garrison interested…
so he is looking forward to it.
“Everyone said so! It is said that today, the Dark Gods will still be the head turtles, and they dare not
come forward!”
“Yes, I am also sure that the Dark Gods will not come out! Finally, I directly announced the Chen Kong
God List. First! Everyone can get to the table!” The
others said one after another.
The Return of the God of War [The Protector] Chapter 2583
Levi Garrison ignored them and came out of the room.
The outside is completely messed up.
Chen Kong also came on foot.
The aura on his body has converged a lot, but he has an invincible posture on his body.
He really got too much stronger.

It's completely reborn!
The eighth and ninth layers of Gonggong Dafa are completely two worlds.
Now Chen Kong is stepping into the ranks of the strong.
To all beings, it is a posture of contemptuousness.
"Huh!!!"
Even though his aura receded, the coercion that everyone felt was no less than that of the day.
Chest tightness, shortness of breath, and even suffocation.
It is as if Chen Kong is a black hole, just standing here will draw everyone in.
Everyone has already felt this trend of being sucked…
Everyone's complexion changed drastically, and cold sweats broke out.
I was shocked by Chen Kong…
Various exclamations continued.
"That's it? That's it?" But
then a different voice sounded.
Levi Garrison!
It was Levi Garrison who made the sound naturally.
His face is full of anger!
After seeing Chen Kong, he was completely desperate.
Just do it for a long time?
The key is to take a posture of looking at the world?
What to install?
Waste one!
Levi Garrison is really going to explode!
He is really looking forward to it!
Forget it the first time!
But this time he prepared so much for him, and waited for him for three days.
The result is waiting for this.
Can Levi Garrison not be disappointed?
The crystal absorbed a quarter…
all the absorption was barely enough, and in the end he absorbed a quarter…
Although he had practiced to the highest level of Suction Dafa.
But this layer is also different… the
number of phantoms after the ninth layer of the King Kong Uncorrupted Divine Art is the same…
One phantom must be the weakest, and nine phantoms must be the strongest.
Now the realm of Chen Kong's Suction Dafa is like the first phantom of the ninth layer of the King Kong

Uncorrupted Divine
Art. How can this make Levi Garrison happy?
Even the stronger gods in Forbidden Area No. 76 are incomparable.
What a fart?
Sure enough, the higher the expectations, the greater the disappointment.
Levi Garrison was going to be numb.
What he was expecting from the beginning was that Chen Kong could practice to be equivalent to the
seven or nine phantoms in the ninth layer of the King Kong Undestructive Divine Art… and the
result was a phantom level!
waste!
It would be a waste to give you this crystal!
Lao Tzu gave you three months to estimate that you can finish it?
But where does Levi Garrison have so much patience…
wait another three months?
*Go f*ck!*
The Return of the God of War [The Protector] Chapter 2584
Everyone looked at Levi Garrison in surprise.
Why can't he be so angry and disappointed?
It seems that Chen Kong is too weak…
impossible, right?
How strong is Chen Kong?
Still weak?
Talk about it?
Everyone looked at him weirdly.
This person hadn't started the fight yet, but Levi Garrison was so angry.
Chen Kong came little by little to the place of the decisive battle.
The people around were shocked, scared and admired for the strong…In just three days, Chen Kong was completely reborn.
If this continues, he will be invincible in the world?
Anyone can be his opponent?
It may be several decades before he can wait for someone who can draw with him-the young master of
Heaven who practiced King Kong's magical skills.
otherwise.
No one will be his opponent in this world!
This is truly invincible in the world!
Chen Kong glanced at the stone stele not far away, and he smiled.
For this ranking above, he is now desperate.
No interest at all.
After all, he is already the strongest.

“Dark God, you three should show up? Since you think I am weak and made me stronger, now I am
really stronger! Come on!”
“But I tell you, don’t think about sending me crystal energy before. , And opened the No. 76 forbidden
area to me… Don’t think I’ll appreciate you letting you go!”
“None of you can avoid fighting with me! Unless I beat you head-on! I won’t give up!”
Chen Kong’s also stated Attitude.
Must come to the challenge.
He won’t think about the sentiment of sending crystals…
Seeing this, everyone in the Gods Laboratory was relieved.
Thus.
Save too much trouble.
But as soon as Chen Kong said this, there was no response.
“Ha ha ha …… with us predicted, three of darkness God can not come!”
“That’s certainly ah! That sent energy crystals can curry favor with Chen empty, people know that the
slightest regard for mutual affection!”
“Laughable I’m going to be a turtle!”
…
Everyone began to laugh.
Mr. X in the Lab of the Gods also laughed.
Sure enough, it’s like a god!
“Aren’t you coming out yet? Are you really afraid of me? Am I that powerful?”
“A bunch of trash! Turtles with shrunken heads! Rubbish!”
…
Chen Kong couldn’t see anyone out.
Started all kinds of insults and mockery.
Many people can’t listen anymore.
“There is so much nonsense, I solved you with one punch!”
Suddenly Levi Garrison rushed towards Chen Kong under the eyes of everyone.
The Return of the God of War [The Protector] Chapter 2585
Senseless!
Everyone was dumbfounded.
Looking at Levi Garrison incredulously.
What is he doing?
Chen Kong is so provocative, if you want to say that you can’t help it, it should be the three dark gods!
Does this have anything to do with you, Levi Garrison?

Why are you rushing out?
shocked!
Zoey Lopez and the others were stunned.
The brain is blank…
Otherwise, they would definitely stop Levi Garrison.
You can rush out, but Chen Kong is the one you rushed!
The super power of the ninth layer of power absorption!
That's invincible in the world! ! !
Brain twitched?
Go in front of others?
When Levi Garrison rushed out, it caused a chain reaction.
Everyone exclaimed.
Seeing Levi Garrison come out, everyone is going to explode…
What is this?
Does anyone dare to challenge Invincible in the world these days?
This is either a lunatic or a fool!
Nothing else is possible!
Levi Garrison rushed out suddenly, scaring many people.
But some people were delighted.
Ye Qingtian and the others.
Finally waited until this moment…
He is finally going to make a move…
They also couldn't understand where Chen Kong clamored for a long time…
"Huh? How did he rush out?"
"Sick brain?"
"Thinking that I am the God of Darkness…"
Those who were familiar with Levi Garrison were dumbfounded.
Ye Wudao, Ye Lingtian and others laughed: "Levi Garrison, you have a brain disease! Does our master's
affairs need you to come forward?"
"Our master is invincible! This Chen Kong waits, master must disdain him! I think he is still too weak
today to come out!"
"Sure! You and I have really seen the power of Master, this Chen Kong is really nothing…"
…
Ye Wudao and Ye Lingtian are now the masters of the Eight Classics!
I think their master is invincible!
it's the best!
No one can blaspheme!
Especially when I saw Levi Garrison rushing out to replace their master.

Even more angry…
I feel that Levi Garrison is insulting their master!
Little did they know that Levi Garrison was their master!
Even the laboratory of the gods that secretly observed was taken aback.
The first thing they thought in their minds was not that Levi Garrison was crazy.
But is Levi Garrison the God of Darkness?
After all, they acted carefully, thought carefully, and were inexplicably vigilant and even fearful of Levi
Garrison.
Their first thought was – Is Levi Garrison the God of Darkness? Or one of the three?
The master of the ancient Garrison Clan is also possible, after all, Levi Garrison is a member of the
Garrison Clan.
…
They were numb for a while.
shocked.
If it really is, it's over…
They can allow anyone in this world to be strong, even if they can continue to keep the top three of the
gods.
But Levi Garrison is never allowed to be strong!
Levi Garrison being strong is the most terrifying thing for them!
It can even be said to be a disaster!
The Return of the God of War [The Protector] Chapter 2586
Anyone can be strong, but Levi Garrison alone can't! ! !
At this moment, Mr. X and their moods are extremely complicated…
Hope this is fake!
It was not Levi Garrison who rushed out!
But Levi Garrison rushed out…
There was a lot of noise in the crowd, and there was great movement.
Chen Kong also saw an arrow-like figure burst out in the distance! ! !
He was also excited…
Could it be that the dark god is coming?
But he glanced away.
The energy fluctuation of Levi Garrison's body was too weak, and there was no aura at all.
Except that the speed is slightly faster.
There are no other highlights.
Where is the Dark God?
But he smiled.

Someone finally dared to stand up and challenge him.
Even knowing that he is so powerful.
"Well, then I will treat you as an opponent!"
Chen Kong takes it seriously.
The suction power is turned on, and the rushing Levi Garrison must be sucked dry.
"boom!"
Soon, Levi Garrison came with a fist and bombarded with a dull sound.
This punch can only be said to be unpretentious!
Especially in Chen Kong's eyes!
Weak too weak!
It is also very weak in the eyes of other people!
Everyone could see that Levi Garrison was a punch with all his strength!
He had been brewing this punch from the beginning.
You must know that his initial position was tens of thousands of meters away from Chen Kong…
He prepared a distance of tens of thousands of meters…
Just hit his ultimate punch!
But this punch is too weak and too weak for everyone…
There is no momentum at all, the strength is average, and the speed is slightly better.
There is no such thing as earth-shattering…
At most, you can fight against the strong ones on the quasi god list…
Chen Kong, who can be used to deal with the world's invincible, is simply joking!
Everyone is watching a joke!
How did you hit Chen Kong with such a soft punch?
Zoey Lopez who wakes up are all anxious.
Levi Garrison's fist was unremarkable, and he even struggled to deal with them. Are you sure he can kill
Chen Kong?
But it is too late to stop.
Looked at the banging punch.
Chen Kong suddenly grabbed Levi Garrison's fist, extremely relaxed!
"I just heard other people say that your name is Levi Garrison, right? I remember you, you are the first
to challenge me!"
Chen Kong sneered.
In his opinion, the speed of this punch is almost like a snail crawling…
Ants not worth mentioning!
The power of this punch…well…this power…
What?

This power?
This this this…
This punch…
"boom!!!"
At this moment, Chen Kong's face changed drastically, and his face was full of shock and consternation.
Eyeballs are going to stick out…
Only after real contact do you know the power of this punch…
The moment I grabbed Levi Garrison's fist…
Chen Kong felt the terrifying energy converge a little burst, about to penetrate into his body…
This terrible power is dozens of times stronger than the crystal he has absorbed!
But he couldn't breathe after only a quarter of it…
The Return of the God of War [The Protector] Chapter 2587
It is the most terrifying power he has ever seen!
This punch is based on a little burst!
It's an invincible punch!
Chen Kong finally understood why this punch looked so soft, without any momentum, without power,
and with a slightly faster speed.
There was even a scene that caused earth-shaking…
That's because Levi Garrison compressed the power of a punch to one point and did not show any
power at all.
This punch is the strongest!
Isn't that?
Although Chen Kong did not reach what Levi Garrison expected, he was angry.
With the help of a distance of tens of thousands of meters, Levi Garrison made a hearty punch!
Also base the power of a punch on one point…
It broke out completely when it hit Chen Kong…
Chen Kong still actively wants to suck!
It's too late to retreat at this time!
Chen Kong's pupils contracted, his glasses enlarged, and his face was unbelievable.
"boom!!!"
The terrible power has penetrated into his body!
This is unprecedented power!
This is the most powerful force!

Chen Kong understands that even if he absorbs this power, his body will explode…
This is definitely beyond the scope of tolerance…
Although the previous Gods Lab transformed Chen Kong's body to help him solve the problem of
strength endurance!
But Levi Garrison's power of this punch is of another latitude.
Not within the calculations of the Gods Lab…
Can't bear to absorb it!
What's more, at this moment, it is being attacked by such a force…
After the power penetrated into the body, the appearance was temporarily unaffected…
But the body was devastated and destroyed, and all organs of the internal organs burst into pieces in an
instant…
destroy!
This punch represents destruction!
"boom!!!"
In the next second, a hole of blood exploded in Chen Kong's chest.
"boom!"
It's another blood hole!
"boom!"
"boom!"
…
Then blood holes began to explode everywhere in the body.
In an instant, Chen Kong was already battered.
"No, you are Levi Garrison…"
Just at the last moment.
A forgotten name appeared in Chen Kong's mind!
The name engraved on the back of the stele-Levi Garrison…
He didn't see the last word that day, so he was called away by the evil god.
Now they know that the word is pro.
Levi Garrison! ! !
He needs to instantly understand the intention behind the stone stele-it means to be above the gods'
list!
"It's me! How?"
Levi Garrison frowned, feeling a little strange.
But he quickly guessed.
Chen Kong should have seen his name behind the stele.
But he felt something was wrong…

“Hahaha……”
Chen Kong suddenly laughed.
He also didn’t expect such a powerful existence in this world! ! !
He thought that except for the freaks in the Lab of the Gods, he could control the world.
Unexpectedly!
Unexpectedly!
The key point is that he had heard that Levi Garrison was the greatest enemy and threat of the Gods Lab
before!
The Return of the God of War [The Protector] Chapter 2588
I thought that after this era came, Levi Garrison was no longer.
They don’t want to kill.
too weak.
Rachel of the Gods, Mr. X, don’t you think of it?
Levi Garrison is still your worst enemy! ! !
Ha ha ha ha……
“Levi Garrison!”
“Levi Garrison!”
…
“boom!”
“boom!”
…
“what!!!”
While chanting Levi Garrison’s name silently, Chen Kong’s body exploded one after another.
In the end, the whole body was shattered…
Dissipated in heaven and earth!
The whole person was blown up directly…
Only the crystal fell into Levi Garrison’s hands.
Shocked!
It was shocking!
Everyone watched Chen Kong explode a little bit…
Just because of Levi Garrison’s punch?
silence!
Everyone is silent at this moment!
Only the screaming wind blew, and there was no other sound in time.
I can’t even hear the breath.
Shocked!
It was shocking!
This is the most silent moment in everyone’s life…
Because they saw an incredible battle!

Levi Garrison blasted Chen Kong to death with a punch!
This was expected by Tiance Superintendent and Ye Qingtian.
No matter how arrogant and powerful Chen Kong is, he can't stop Levi Garrison from punching!
But others are different! ! !
Ye Wudao and Ye Lingtian were stunned!
Zoey Lopez was stunned.
Kirin (Qilin) Xiao Feng, they all stunned!
…
Everyone present was stunned.
Each one looks like a stone statue…
not moving at all!
It was shocking.
Everyone was immersed in the scene just now!
Can't wake up temporarily.
"It's over! It's over! Levi Garrison…"
The Lab of the Gods was the most shocked, one by one was silent.
The last thing they want to see happened!
From the moment Levi Garrison rushed out, he felt something was wrong, and he moved in the
direction they least wanted to see.
Now he killed Chen Kong directly! ! !
Directly present the worst situation!
I don't want Levi Garrison to be strong, but he is the strongest…
Really helpless!
And everyone saw Levi Garrison beat Chen Kong to death with a punch!
Furthermore, they modified Chen Kong's body, and his body strength reached the best level. It was by
no means to absorb too much power and energy, unable to digest and merge, and thus burst his body.
This situation is impossible!
In the concept they set, Chen Kong smokes as much as he wants.
It will never be blown up!
The Return of the God of War [The Protector] Chapter 2589
That can only be said that Levi Garrison exploded with a punch!
When was Levi Garrison so strong?
His punch just now was unremarkable!
The expressions on the faces of the members of the Gods Lab solidified.
Levi Garrison is so powerful, plus the top three on the god list.
Will become a threat to the Lab of the Gods…
The court was silent for several minutes.
Someone reacted.

“Did Master just kill Chen Kong with a punch?”
Xiao Feng asked weakly.
With his utterance, everyone gradually became sober.
Shocked!
Shocked too much!
Levi Garrison killed Chen Kong?
This is a question and a fact.
But can it be wrong if hundreds of thousands of people have seen it with their own eyes?
Why can Levi Garrison defeat Chen Kong with such a normal punch?
There is only one answer-return to the basics.
The more powerful, the more unpretentious.
That punch just now reached a realm that no one can imagine…
The fact is that Levi Garrison really defeated Chen Kong!
seeing is believing!
Everyone sees it now.
This is the fact!
No amount of sophistry!
Levi Garrison’s brothers and apprentices all looked at him blankly.
It turns out that Levi Garrison in their minds is still there!
He is still invincible!
I don’t know why, everyone is trembling.
Especially Zoey Lopez, she was re-evaluating Levi Garrison.
Levi Garrison was a bit strange at this moment.
“Levi Garrison really defeated Chen Kong???”
Zoey Lopez muttered to himself.
“Wrong!”
“My boss, Levi Garrison, personally defeated Chen Kong!”
“The boss is number one in the world! The boss is invincible in the world!”
Azure Dragon (Qinglong) Kirin (Qilin) and others began to shout.
“Master is invincible in the world! Master is still the king of this world!”
…
At this time, Xiao Feng, Zhou Ke and other apprentices also began to shout.
“Levi Garrison! Levi Garrison! Levi Garrison…”
The Evil Sword and the others roared and shouted one after another.
Soon one pass ten, ten pass a hundred.
The mountains and plains are calling Levi Garrison’s name!
Defeat Chen Kong!
He is the well-deserved number one on the god list! ! !

Chen Kong could not scare the three of Dark Gods, but was defeated by Levi Garrison.
The first everyone in this god list is convinced!
The audience shouted first in the gods list!
Tiance Shenshuai joined them, shouting loudly.
From now on, Levi Garrison can't hide…
The laboratory of the gods was directly numb.
The three threats were not eliminated, but a bigger threat came…
If Levi Garrison joins forces with the three of them.
That can really directly threaten the Lab of the Gods…
"I'm waiting to congratulate Daxia and Wang on the top of the list of gods!"
"Congratulations……"
The parties began to congratulate Levi Garrison.
Ye Wudao and Ye Lingtian cried directly.
Levi Garrison brought them too great a blow.
Not only swept them, but also swept their master Dark God.
This is a great shame!
Congratulations…
The underworld gods are very puzzled…
In fact, Levi Garrison could not reveal his identity, he could kill Chen Kong with the Dark God or any
identity.
But why did he take this risk to kill Chen Kong.
Don't understand!
They don't know Levi Garrison's thoughts!
On the one hand, Levi Garrison was really angry, and Chen Kong was so disappointing.
So much has been prepared specifically for him, and this is the result.
On the other hand, Levi Garrison had consideration.
He has been looking for the laboratory of the gods, but there is no substantive clue.
He had been hiding his strength for a long time, for fear that the Gods Laboratory would know.
The Return of the God of War [The Protector] Chapter 2590
But the more so, the Lab of the Gods couldn't take him seriously, and he didn't have any clues.
therefore!
He decided to do the opposite!
Thoroughly expose your powerful strength!
If the Lab of the Gods still exists, they will know it for the first time.

The Lab of the Gods knew that if they were strong, they would become a threat to them.
Then they will think about how to get rid of themselves.
In this case, shouldn't the Gods Lab send someone to take action?
They have to show up!
You have to do something!
This is not exactly what Levi Garrison wanted!
It turned out that Levi Garrison showed his strength in public to force the gods to come out of the
laboratory.
Let's not say whether I can cope with the forced out of the laboratory of the gods.
To understand a little bit of the enemy…
But Levi Garrison really did it.
Demonstrating their strength to the Lab of the Gods has become a major concern for them…
He didn't think that Chen Kong was sent by others…
Soon, the news that Levi Garrison defeated Chen Kong spread all over the world!
This former king once again became the god of war in everyone's mind!
Become the object of discussion for everyone!
The key to Levi Garrison being the number one on the gods' list is something everyone didn't expect.
Isn't he weak?
Isn't it even the quasi god list?
Why is it suddenly the first strength in the gods list?
Is it possible that the dark web also has a time of missteps?
Is this list still authoritative?
But where did they know that Levi Garrison's name had been engraved long ago.
The dark web won't miss it!
There will be no fakes!
After Levi Garrison walked down, Zoey Lopez looked at him with a complicated expression: "So you have
always been so strong? Why didn't you tell us?"
Levi Garrison smiled: "I told you! You just don't believe me!"
"Master, can I ask the source of your strength? What kind of exercise did you practice to make you so
strong?"
Xiao Feng couldn't help asking.
"That's the basic exercise! The pursuit of the ultimate strength and speed!"

Levi Garrison approached.
“Oh oh oh…”
Everyone suddenly realized.
“Then boss, you told us to abandon other exercises, the reason for practicing this exercise is that?”
Azure Dragon (Qinglong) asked.
“Otherwise? I will hide privately?”
Levi Garrison smiled.
“Then let’s start practicing now!!!”
The crowd was excited.
From being dismissive at the beginning, to forgetting at the back, now I have to start practicing again…
It is completely opposite to the previous attitude.
After seeing Levi Garrison defeating Chen Kong, everyone wanted to practice again.
Everyone looked at each other and saw shame in each other’s eyes.
Everyone blushed.
“No need, your mentality is unstable, you can’t practice!”
Levi Garrison refused directly.
The Return of the God of War [The Protector] Chapter 2591
They have one idea a day, and their attitude of following the trend is not good at all.
What’s more, he has plans to launch it soon.
This group of people can find a method suitable for their contact.
“The world is invincible! The world is invincible!”
…
In the end, Levi Garrison returned to Jiangbei surrounded by everyone.
“Master!!! Tomorrow, we will see that the first name on the stele is Levi Garrison!”
“Yes! Soon the ranking of the steles will change! The Dark God will become second, and you will become
number one!”
“Tomorrow I will return to the top of the world to witness the moment when the boss reaches the top
of the gods list!”
“I want to go too! I want to go too!”
…
Everyone was excited.
We are all looking forward to the change of the stele the next day! ! !
not only.
On this day, powerful people or forces from different parts of the world came to bow to see Levi

Garrison.
The gates of Jiangbei Villa are broken.
Too many people came to visit.
On this day, dozens of trucks were collected for gifts…
Everything is still going on.
Hearing that Levi Garrison was number one on the gods list, everyone came to show his favor.
The leaders of many countries have come in person.
This is the number one in the gods list.
If you get annoyed, you may destroy the country at any time…
Everyone is scared!
In this regard, Levi Garrison didn't care at all, nor was he interested.
He only cares about being attracted to the laboratory of the gods…
Wrong.
At this moment, Mr. X and the group of Gods Laboratory are having a meeting together.
"Levi Garrison is so powerful! He can't stay! We must hurry! Even if the plan is revealed in advance, we
must get rid of Levi Garrison!"
"Yes, Levi Garrison's threat is too great! He must be removed as soon as possible!"
…
Everyone said one after another.
Mr. X nodded: "Well, make a plan as soon as possible to kill Levi Garrison! Within three days, I will
definitely do it! It really won't work, I will do it myself…"
Levi Garrison's prediction was wrong.
Within three days, the Lab of the Gods is about to do it.
The next day.
Ten o'clock in the morning is the day when the god list is updated.
Thousands of people gathered on top of the world.
Although you can know the ranking of the gods from other places.
But they have to witness!
Witness the moment when Levi Garrison came to the top of the god list…
Soon the new rankings of the gods were announced…
Someone used power to remove the clouds and mist from the upper layer of the stele.
The ranking of the gods on the stone tablet is completely and clearly presented in front of everyone.
Everyone looked at…
"what???"
But the next second, the audience was in an uproar.

Everyone was horrified and unbelievable.
It seems to have seen the most shocking scene in the world…
That's because the ranking of the gods list has not changed at all!
The Dark God still ranks first!
His name is high above!
Daxia Yizhi Grandmaster and Ye Family Patriarch are ranked second and third!
There is no Levi Garrison's name in the first three at all!
what happened?
what happened?
…
Everyone is dumbfounded.
At a loss?
Why is the god list updated?
The Return of the God of War [The Protector] Chapter 2592
How could Levi Garrison's name be in the top three?
Could it be…
Everyone quickly thought of a possibility-can it be said that no matter how strong Chen Kong's strength
is, he can't compare with the three of Dark Gods!
Therefore, if Levi Garrison defeated Chen Kong, he could not make it into the top three of the gods list!
But everyone has seen Chen Kong's strength with his own eyes…
How strong is that…
Isn't it enough to rank in the top three of the gods?
This is impossible!
But this is the only reason why Levi Garrison is not in the top three…
Since it is not in the top three, it may be fourth, fifth, etc…
Everyone looked at each other, obviously the same ideas.
Continue to look on the stele…
Um?
The fourth is not Levi Garrison!
The fifth is not Levi Garrison!
Not the sixth!
…
No tenth!
Keep watching!
…
The hundredth is not!
…
After watching the top 100, everyone was dumbfounded.
impossible?

Levi Garrison's name is not on the list at all!
How is this going?
The record of defeating such a strong man like Chen Kong, at least how many can he make it to the top?
It's impossible that the first 100 can't get in, right?
Keep watching!
Is it still in another location?
Everyone is staring at the god list again!
The first two hundred!
…
The first five hundred!
…
I carefully read all the rankings on the god list and confirmed again and again that there is no name Levi
Garrison at all!
Strange!
too weird!
Shouldn't Levi Garrison be ranked first on the god list?
Why is there no place for a thousand people on the God List?
Is it to say that it is divided into the quasi god list for the sake of low-key?
Everyone began to observe the steps.
Carefully read it again.
There is no Levi Garrison's name on the ninety-nine steps!
Now everyone was more surprised.
There is no Levi Garrison on the God List.
There is no Levi Garrison in the quasi god list.
Where is Levi Garrison?
impossible!
Levi Garrison killed Chen Kong in front of so many people, how could he not be on the eighth list?
This is absolutely impossible!
Soon the fact that Levi Garrison was on the list spread all over the world, and the whole world was
shocked.
Almost everywhere are analyzing the reasons why Levi Garrison is not on the list…
The dark web has never given any answer to this matter!
…
"Impossible! The boss defeated Chen Kong himself, how could he not be on the list?"
"I think this dark web is deliberately embarrassing my boss! My boss is invincible in the world, how can I

not be on the list?"
"I seriously doubt the credibility of this list now!"
...
Kirin (Qilin), Azure Dragon (Qinglong) and the others are fighting for Levi Garrison.
Levi Garrison smiled helplessly.
Actually, I was on the stone tablet!
But he is above the gods list!
The dark web list is fair!
"We are not convinced! The boss's name must be carved on the stone tablet! The boss will always drop
God!"
The Return of the God of War [The Protector] Chapter 2593
"I think it may be that the dark web has made a mistake, or there is still no time to update the list. Let's
wait!"
Azure Dragon (Qinglong) and Zoey Lopez are more sensible.
Where would Levi Garrison care about these?
He was waiting for the arrival of the Lab of the Gods.
According to his expectation, after the Lab of the Gods knew his true strength, he should soon come to
avenge him.
At this moment, the Lab of the Gods is also very confused!
God list has changed?
Does Levi Garrison have the first place?
How can it be?
They had the same idea as everyone, seeing Levi Garrison kill Chen Kong with a punch.
This combat power is invincible in the world!
Not to mention the first in the gods list.
The top three of the gods list are more mysterious, maybe it is really better than Chen Kong.
Even so, Levi Garrison is at least fourth!
What is Chen Kong doing? He is better than Tiance and Ye Qingtian!
Still no!
"Could it be that the list of the dark web is not updated in time? Have to wait?"
Lucifer et al.
Mr. X is thoughtful, he frowned and said: "I don't think this is necessarily the case! There may be other
hidden reasons! But I can't tell where the problem is?"

“Yes, there is indeed a problem with this matter… but I really can’t tell the details…”
Lucifer and others also nodded.
“By the way, where’s the crystal? What about the crystal fused with Forbidden Land God #76? Is there
any information? Is it absorbed by Chen Kongquan, or is it left?”
Mr. X suddenly thought of something and couldn’t help asking.
“No! I don’t know if they are completely absorbed by him at the moment! But he must have sucked a
lot. After all, he has broken through to the highest level of suction power…”
Lucifer was humane.
“Then let’s wait now! See if the list of gods will continue to be updated!”
“I think we will know the cause of the matter soon…”
Mr. X said.
“What about the plan for Levi Garrison?”
“After all, if you deal with Levi Garrison, it may be a move to move your whole body… Maybe we will be
completely exposed… I think it is better to pause, wait and see what the gods list is…”
Lucifer suggested.
“Okay, if that’s the case, then first suspend the plan for Levi Garrison! Let’s talk about it when the
matter of the ranking of the gods is completely resolved!”
Mr. X ordered.
Next, the whole world was analyzing the reasons why Levi Garrison was on the list.
Everyone thinks it is impossible!
Where is the problem?
Many people began to question the dark web and major institutions.
But the dark web still has no reply.
“Now it seems that I can only continue to wait… Maybe the update of the god list is slower! Wait and
see!”
This is everyone’s unanimous idea.
Wait and see.
See if the list will continue to be updated…
after one day.
Everyone pays attention to the god list again.
No changes! ! !
“wait!”
Another day.

The god list still has no changes.
…
Now everyone has waited for five days.
There is still no way to rank the gods.
To say that the dark web may have forgotten to update the list.
The Return of the God of War [The Protector] Chapter 2594
However, the quasi god list is changing and updating, some people are ranked first, and some people are
ranking down.
This shows that the dark web is updating the list in real time, not forgetting or deliberately not updating
it.
The world is a sensation again!
Obviously the list continues to be updated!
But why didn't you see Levi Garrison's name?
He should be number one on the gods list!
Why didn't he make the list?
Thousands of people doubt…
Levi Garrison's brothers and apprentices are even more upset…
I feel that the dark web is deliberately targeting Levi Garrison.
Invincible tomorrow, but can't even enter the quasi god list.
Is this unclear bullying?
Soon more and more people joined the ranks of fighting the injustice for Levi Garrison!
One by one strongly requested to update the god list and put Levi Garrison in the first position of the
god list!
The authority of the dark web is no longer needed.
People's eyes are sharp!
Everyone knows that Levi Garrison is the number one level in the gods list!
He is not number one on the gods list, can anyone be there?
Some people still clamored that if they were not convinced, the three of Dark Gods would come out and
fight Levi Garrison.
There is no response.
Everyone was yelling—the Dark God trio were scared. This clearly shows that Levi Garrison is the
number one!
Even the people in the Lab of the Gods joined the ranks.
I feel that Levi Garrison should be placed at the top of the god list…
Give a definite answer, they are easy to do…

Under the persecution of the whole world, the dark web finally issued a statement…
As soon as this statement was made, the whole world was shocked!
The dark web released a statement-the god list and quasi god list listed by the dark web in conjunction
with major organizations are fair and just, and there will be no mistakes!
No one who has the strength on the list will fall!
Anyone who is not strong will not be able to make the list!
There is no problem with the current ranking of the gods list and the quasi god list!
Exploded!
The whole world is blown up!
The dark web clearly stated that there is no problem with the ranking of the gods!
Dark God is the first!
The strong will not miss it?
The firmness of strength will not make it to the list?
What's the meaning?
Levi Garrison is not on the list, doesn't it mean that he is not on the list?
But how is this possible?
Levi Garrison personally defeated Chen Kong, but everyone saw it with their own eyes!
He is weak?
How can it be?
Can't this strength be on the list?
Isn't this an insult to the strong?
But the dark web clearly stated that there is no problem with the ranking of the gods, and the
implication is to say-Levi Garrison has no strength on the quasi gods list, and no strength on the gods
list!
What's going on here?
Everyone can't figure it out for a while!
Levi Garrison clearly defeated Chen Kong, but he was said to be on the list by the dark web?
Is this contradictory?
where is the problem?
How do they know that Levi Garrison's name itself can be carved on the stone tablet, or on the back,
above the gods.
If he put his name on the list of gods, it would be a step backward.
He is actually the strongest ranking in the true sense.

They are already the highest, so what else?
It's not that his name doesn't appear on the list of gods, it's because his name has long been on the
stone tablet, the highest position, and it can't be changed anymore…
What's more, the top three of the gods list are all Levi Garrison.
No matter how exclusive he is, he is always number one!
The Return of the God of War [The Protector] Chapter 2595
Because there is no problem with the ranking of the dark web.
It is absolutely fair and just!
But other people didn't know about the back of the stele and couldn't understand it for a while.
Chen Kong, who was probably dead, could understand.
After the dark web statement came out, all parties were dumbfounded.
I'm thinking about what went wrong…
Puzzled!
Levi Garrison clearly beat Chen Kong to death with a punch, but he was defined by the dark web as
being unable to make the list.
This is too contradictory…
Can't figure it out at all!
Levi Garrison's brothers and apprentices also couldn't figure it out.
"Why? I feel that the dark web is really deliberately targeting the boss!"
"This is completely contradictory! I see, this list is the pheasant list! It doesn't matter if you don't make
it!"
…
Everyone is angry.
Zoey Lopez Azure Dragon (Qinglong) was calm, and they found Levi Garrison.
Ask about this.
"What the hell is going on? Do you know it yourself?"
Zoey Lopez asked.
"The dark web list is wrong!"
Levi Garrison smiled.
"Then why is your name not on the list?"
"I said it a long time ago, that's because my name was carved on the back of the stele! And the top three
of the gods are me! It doesn't matter…"
Levi Garrison explained seriously.
But everyone looked at him in surprise.
This explanation is simply too absurd.
No one will believe it!

However, everyone dare not doubt Levi Garrison's strength!
But this explanation is too much…
"Where is the problem? I can't figure it out!"
Zoey Lopez rubbed his head.
"Yeah, my head is going to explode! I can't figure out this question…"
Others also clutched their heads, all wanting to explode.
They looked at Levi Garrison helplessly.
Now it seems that I don't even know…
Levi Garrison was also very annoying.
The Lab of the Gods is late to come.
Could it be that they are so much stronger than themselves that they can't pose any threats…
Or what's going on?
In the next day or two, the whole world was analyzing the issue of Levi Garrison's listing.
All kinds of reasons come out.
But there is a reasonable explanation…
But just as everyone went crazy, someone suddenly asked a question that shocked the whole world…
The problem is that it is not Levi Garrison who may have killed Chen Kong!
After this question came out, everyone suddenly realized.
Yes!
Everyone has been entangled with Levi Garrison and killed Chen Kong with a punch!
But the existence is not the case where Levi Garrison killed Chen Kong…
It has nothing to do with his punch!
Chen Kong practiced but absorbed power, and there was a lot of uncertainty!
For example, unable to absorb too much skill, such as unable to integrate and digest after absorbed skill,
etc.
Also, I sucked too much and couldn't melt and burst myself directly…
After thinking about it this way.
Everyone is in a hurry!
There is another explanation for Chen Kong's death-he absorbed too much power and energy, his body
couldn't bear it, his muscles and veins were torn apart, and he died by bursting directly.
What's more, the scene at that time was clearly seen by everyone!
Chen Kong exploded blood holes one after another, and finally his whole body burst to death.

This is like a situation where the body is bursting by absorbing too much skill and energy!
It's exactly the same!
The probability is sure!
Chen Kong's death has nothing to do with Levi Garrison, he happened to catch up with a punch!
Chen Kong died because he absorbed too many people's skills and energy and couldn't bear to expose himself.
It was Levi Garrison who ignited the fuse and caused Chen Kong to use suction power, which caused his body power to explode and die.
Although the chance of a coincidence that Levi Garrison happened to catch up is very small, there will be some after all!
Since the dark web has declared this way.
That shows that Levi Garrison is really a coincidence, he has no strength, and just happens to meet Chen Kong who has absorbed too much and bursts! ! !
For a while, the whole world was spreading this conclusion madly…
Everyone feels this way more and more!
It totally makes sense!
After the Gods Lab got this information.
Mr. X immediately said: "Impossible!!! I personally modified Chen Kong's body! There will be no problems! He can withstand as much power as he can absorb!"
He affirmed: "Chen Kong definitely didn't have the strength to withstand his body and died of selfexposure!"
"There is no problem with how much he sucks! We have modified this!"
At this time Lucifer had different opinions: "No! Not necessarily!"
"What did the Dark God give him? The crystal condensed by the power of Forbidden Land No. 76… Let him absorb the energy of Forbidden Land No. 76…"
As soon as Lucifer reminded him, Mr. X immediately understood.
"Yes!!! That is the power of God in the crystal! We are thinking about the power of human beings, no matter how strong the skill is, how great the power is. Chen Kong's physique absorbs without pressure!
But that is the power of God! It must be beyond the limits of Chen Kong's body! It's normal for him to not bear to expose himself! "

Mr. X exclaimed: "Understood! Everything is understood! This is the conspiracy of the Dark God!
Deliberately gave the crystal to Chen Kong! Let Chen Kong absorb it, and opened Forbidden Area 76!
Where did Chen Kong have seen such a powerful energy, immediately postponed the day of the decisive
battle, and ran to Forbidden Land No. 76 to absorb it…"
"Yes, that's wrong! The Dark God is to allow him to absorb enough energy, so that his body can't bear it,
and finally burst into death!"
"No wonder the Dark God never appeared! It turned out that he planned everything secretly! It was he
who designed it to get rid of Chen Kong without blood!"
Analysis by Lucifer et al.
In the end, it came to the conclusion that it was the Dark God who designed Chen Kong to absorb the
crystal energy with suction power, surpassing the limit of his body, and finally died.
Levi Garrison actually happened to use a punch to cause a big energy explosion in Chen Kong's body.
His strength can't even make it to the quasi god list.
This conclusion came out.
The whole world understands.
There is absolutely nothing wrong with it, and any question can be explained.
*"Levi Garrison? Still number one on the god list? A sh*t that can't even make it on the quasi god list!"*
"Go! Take back all the gifts we gave!"
The Return of the God of War [The Protector] Chapter 2596
After everyone knew the "truth", they were angry!
Everyone thinks that Levi Garrison is deceiving people! ! !
Everyone else thought he was the one who killed Chen Kong, thinking that he was the number one
strength in the gods list!
But doesn't he know it himself?
I must understand how many catties I have…
Levi Garrison is the only one who knows the truth!
He knew that Chen Kong had exposed himself to death, but silently admitted that he was murdered.
Come to receive worship and gifts from all over the world!
Come and enjoy the thrill of status!

Thousands of people regard him as the number one in God's list, and he chooses not to tell the big
truth.
Instead, choose the default…
By default, he is number one on the gods list!
Shameless! ! !
Pretend to be number one in the gods list and enjoy the worship and courtesy of thousands of people.
What do you want, or what you want to do.
As long as Levi Garrison said a word, countless people from all over the world will rush to send it to do it.
When you go to any corner of the world, it is the status of the leader of the country to treat you.
Thousands of people kneel to you…
Not only that, even the people around you will rise up.
The so-called one person will be able to ascend to heaven!
These days, Li Songkui and Zhao Junfei were rushed by countless strong men to flatter themselves.
All kinds of natural treasures, all kinds of magical artifacts and medicines are delivered in one go.
They have been assisted by big men and powerful forces, and they have superb status and become the
existence of masters.
They are now flaunting their might, wherever they go, and countless people follow.
All the powerhouses on the gods list bowed to them and called out Miss Li Shaozhao.
Levi Garrison is addicted and not addicted, I don't know, anyway, the Li and Zhao family are completely
addicted.
Before they gave up the quick success method, they were melancholy and had no power to practice.
In the past few days, thousands of exercises are left to their choice.
Everyone in the Li Zhao family chose several powerful exercises.
Had it not been for Azure Dragon (Qinglong) Kirin (Qilin) and the others had been instructed by
Xuanyuan Qingya, Tiance Mansion had a big move.
Otherwise, they will also get the exercises.
In terms of relationship, they are closer to Levi Garrison.
There are more people cheating on them.
But everyone is still able to hold onto their hearts and did not accept these things…

The gifts received by Li and Zhao's family were horrible.
Several warehouses couldn't fit them, so they started buying factories to install them.
In the past few days, Levi Garrison has collected dozens of trucks and filled up several warehouses.
This is still forced.
Most of them were rejected by Zoey Lopez.
Otherwise, the gift will really become a mountain!
In terms of money, it is no longer possible to predict.
But now it came out that Levi Garrison was not the first in the gods list.
Everyone is angry!
I think Levi Garrison deceived everyone!
Early in the morning, hundreds of thousands of people flooded into Jiangbei.
They are all here to denounce Levi Garrison!
The door of Jiangbei Villa is full of eggs and vegetables, just like a garbage dump.
"Levi Garrison, you shameless thing! You still dare to pretend to be No. 1 on the gods list? Do you have
that strength?"
"Come out! Give me back the things I gave!"
"If we don't come out again, let's flatten here…"
…
The Return of the God of War [The Protector] Chapter 2597
After some clamor.
Someone found the place where the gifts everyone gave was stored.
Everyone rushed over.
Forcibly divided the treasures of heaven and earth, and took back all the things that he had sent out.
Also wreaked havoc!
The scene was chaotic.
The Li and Zhao family also suffered.
Those big men and powerful forces who regarded them as guests came to the door one by one.
Before each nodded and bowed, they knelt to greet them.
Now meet and shoot directly.
Beat everyone in Li Zhao's family with a swollen nose…
If you didn't deliberately endure it, you might kill it on the spot.
In the end, he took back all the treasures given to them.
"I blame Levi Garrison! It's all Levi Garrison! This is a scourge!!!"
Li Songkui and others fell to the ground, shouting.
Everything about Levi Garrison, they only have bad luck!

In the villa.
Zoey Lopez and Azure Dragon (Qinglong) looked gloomy.
Two days ago, it was still heaven, but today is hell…
"It's fine now, how many enemies have we set up for us this time?"
"Now the whole world is in an enemy's posture! If they attack, we will have no strength to resist?"
…
Everyone is sulking.
Li Wenyuan and his wife even said: "You know tomorrow morning that you didn't kill Chen Kong, why didn't you say it in person? It's acquiescence!"
"Do you want to secretly wear the top hat of the gods list and eat and drink?"
The old man and the others said angrily: "Isn't it? If the dark web really ranks him first! Who would doubt his strength? That is the number one in the gods? Even if anyone doubts, dare not to challenge it?"
"Sure! If it is not exposed! Who would doubt that he is the number one in the gods! After all, people all over the world saw it with their own eyes that day!"
…
"I have to say the horror of the dark web! People all over the world have been deceived by Levi Garrison! The dark web knows the truth! He is not on the list of gods!"
"The dark web is really powerful! I said before that they are the wild list! Now it seems that they have a lot of magical powers, and they won't make any mistakes!"
Kirin (Qilin) said several people.
At this time, Levi Garrison's voice sounded: "The dark web is really powerful! They even know my true strength!"
"Ha ha ha ha……"
When Levi Garrison said this, everyone laughed.
"Levi Garrison, are you mentally ill? Can you be unclear about your true strength on the dark web? You can't even make it on the quasi god list!"
"Yes, there is still a face to say? How mysterious are you who don't know? Can you hide it from other people or the dark web?"
…
Levi Garrison said this.

It was strongly refuted by everyone.
But Levi Garrison meant that the dark web knew his powerful strength and engraved his name on the
back.
He also ranked his three identities in the top three of the gods list!
"The dark web is fair and just! The reason why you didn't see my name on the stone tablet! That's
because my name was carved on the back of the stone tablet long ago, which means I'm above the
gods!"
Levi Garrison said lightly.
"Blow! You keep blowing! Return the back of the stele?"
"Chen Kong climbed to the top that day, as if he still looked at the back, why didn't he say your name?"
...
Everyone didn't believe it at all.
The Return of the God of War [The Protector] Chapter 2598
"I hope you will be more down-to-earth! The current form of the gods list is really exciting, especially for
you! How to deceive everyone in this way!"
"But you have never thought about it! In case Chen Kong was not blown up that day, then he will blow
you up! You will die! You are lucky, but are you a little wrong?"
"I still have Levilia, and my parents, how worried should they be?"
Zoey Lopez said from another angle.
"We can understand the mood of the boss! He is the top of the world in the past! He is also anxious for a
while and wants to climb to the top soon! Only when he did such an extreme thing! He will fight against
Chen Kong..."
Azure Dragon (Qinglong) couldn't help saying.
Levi Garrison glared at him: "You understand what a fart!"
"Snapped!"
"哢嚓!"
"boom!"
...
At this moment, suddenly the glass of the villa was bombarded, and pieces began to shatter.
Even rotten eggs were thrown in.
The huge movement continued, and even the walls were hit hard.
Like to collapse at any time.

It turned out that the crowd outside was not too popular, and they began to smash things at Levi
Garrison's villa.
Now the outside yard was in a mess and smelly.
The shouting and cursing are also continuous…
What's more, come to splash dung water…
Everyone was furious.
Li Wenhai was even more miserable and was thrown directly into the toilet.
"You're looking for death, right? I will fulfill you!"
At this moment, Levi Garrison no longer thought about the Lab of the Gods anymore.
I just want this group of people to pay a painful price! ! !
"boom!!!"
Levi Garrison came to the world like a god of death.
Everyone in the villa was shocked.
Looking at Levi Garrison in a daze!
The aura on him is terrible!
There is a posture of looking at the world before!
"What are you going to do?"
Zoey Lopez asked.
"Of course it is to solve these people outside!"
Levi Garrison said coldly.
"Are you crazy? We can't hide these people in time! Do you still want to provoke?"
"They are all angry now! Once you go out, all of us will suffer and we can't stop them!"
Zoey Lopez grabbed Levi Garrison tightly and prevented him from taking a step.
"Levi Garrison, sit down for you! Even if I am the father-in-law!"
"Today this must be endured!!!"
Li Wenyuan was furious.
*"Oh SH*t!"*
Levi Garrison cursed.
He has no idea now.
As long as he goes out, everyone will stop him!
Useless!
Aggrieved!
Whoever of you can go and take a look behind the stele?
And the Lab of the Gods still can't come out?
…
After "venting" enough, the outsiders left one by one.

Levi Garrison's villa completely turned into a mess.
Even the courtyard walls need to be renovated…
"I have written down today's grudges, and I, Levi Garrison, will not take revenge overnight!"
Levi Garrison said coldly.
"How about you jot it down? There are many of them who are strong in the gods. Can you still find someone to avenge?"
Everyone takes it seriously.
The Return of the God of War [The Protector] Chapter 2599
Soon after, Levi Garrison directly ordered: "Order the Bible Organization, Maya Industry, the Great Xia League, the Ye Family Ancient Clan, and the Sanxing Group! To those who are presumptuous in Jiangbei today, pay them ten times the price!"
Levi Garrison's simple command shocked the whole world.
In every corner of the world, there are strong people mobilizing.
Thousands of powerful people are dispatched in an organized manner…
Make a global move…
Oster is the bishop of a certain religious cult in the West. His strength is unfathomable and he ranks among the top 100 on the list of gods.
Just now he took someone to humiliate Levi Garrison in Jiangbei and was ready to go back.
At this time, a group of people appeared in front of them.
The strong men of the Bible organization headed by the evil god…
"Take it!!!"
Underworld God shot directly.
Soon all the people in Oster knelt on the ground!
"I love to throw rotten eggs, right? Very good!"
Under the command of the evil god, everyone stuffed the smelly eggs and the smelly garbage into the population of Oster and others.
The sound of nausea and retching is everywhere!
…
Things like this are happening all over the world!
Evans, the helm of Poseidon Industry in the war eagle country, and a group of his men.
Being poured over and over again by buckets of dung water!
A certain kendo field in the island country was directly flooded by a few carts of garbage…

Hundreds of people are eating mountains of rubbish in a garbage dump in a certain place in Star
Country…
"Eat! Give it to me! If you don't eat all of it, you will die!"
Ye Wudao, who controls Maya Industry, said loudly.
A certain big force in Daxia was intruded by a group of uninvited guests and quickly controlled them.
Now the members of this force are jumping into the cesspit, jumping again and again!
Some people were disgusted on the spot!
You must know that there are no lack of gods and quasi gods among them!
The ancient Garrison clan shot directly and eliminated several big forces.
Eleven strong men on the list of gods were slain!
…
More and more things are happening all over the world!
Someone discovered that all of these insulted people had gone to Jiangbei the other day to insult Levi
Garrison…
Now they have suffered one by one!
Ten times the humiliation was given back to them!
This is the end of angering Levi Garrison? ? ?
Frightened silly!
The big action that stirred the whole world was too shocking!
"It's the Bible organization, people like the ancient Garrison clan do it!
Are they making their heads for
Levi Garrison?"
"What's the matter?"
"If the Dark God is Zoey Lopez's master, it can be understood for her. But what about the ancient
Garrison clan? How come they are also out?"
"Then it should be the dark god and the masters of the ancient Garrison clan that Levi Garrison came
out to induce Chen Kong's body to burst and die, right?"
"Well, that's the high probability! Even though the Dark God designed Chen Kong! But it's not known
whether Chen Kong will explode or not, Levi Garrison just detected it…"
…
The truth of the matter is revealed.
It's the dark god and they stand up for Levi Garrison.
Although these people are solved one by one.
But Levi Garrison was still very depressed.

At this time, there was a message—the Forbidden Land Observation No. 76 found a lot of clues.
Levi Garrison immediately arrived at Forbidden Area No. 76.
Sure enough, I saw a lot of figures from the testing equipment.
Someone is observing Forbidden Area No. 76.
And there are more in-depth clues…
Someone entered the forbidden area No. 76 to try to find and contact Chen Kong!
Perhaps due to the emergency, the figures of these people were completely exposed to the observation
of the monitoring station.
not only.
Three days later.
That is to say, after Chen Kong's successful retreat, someone contacted Chen
The Return of the God of War [The Protector] Chapter 2600
Kong in Forbidden Area No. 76.
The figure has not disappeared, all have been recorded…
Levi Garrison was stunned when he watched the video.
wrong!
wrong!
He was so wrong!
I thought they would never send someone to continue after being discovered by myself last time.
this……
Could Chen Kong…
Levi Garrison suddenly realized a major problem–
The most frequent and intensive period of time was Chen Kong's three days of retreat in Forbidden Area
No. 76! ! !
That shows a problem-they didn't come for restricted area No. 76.
It's from Chen Kong! ! !
Who is the one who has been observing Forbidden Land No. 76?
People in the Lab of the Gods!
This group of people belong to the Lab of the Gods!
Chen Kong is from the Lab of the Gods! ! !
Even if it is not directly affiliated, it is related to the laboratory of the gods…
Levi Garrison has heard from many people that it is difficult to practice the exercises, it will burst
because of too much absorption, or melt and digest.
There has always been no one who can solve this.

within a short period.
It is absolutely impossible!
But Chen Kong reached the highest level in just one month!
Even if he absorbed the crystal energy, he would not be blown up!
It shows that several difficulties of power absorption have been solved.
Then the biggest possibility is that his physique has been transformed! ! !
Who made it?
The Lab of the Gods! ! !
Thinking of this, Levi Garrison was shocked in a cold sweat.
Wan Wanzhen thought that Chen Kong turned out to belong to the Lab of the Gods!
I also recalled the process of Chen Kong's rise. At the beginning, it was very low-key, and someone
deliberately covered him.
At the beginning, everyone else was in their heads, and Chen Kong didn't have a chance to come up…
Even after entering the list of gods, there are people who are covering…
This is very similar to the working style of the Lab of the Gods!
All this is to cover Chen Kong, allowing him to grow rapidly.
When everyone reacted, he was already strong.
Therefore, he absorbed the skills of four hundred gods and more than 100,000 people in one wave…
The Lab of the Gods! ! !
Levi Garrison was surprised and happy!
I'm still looking for it, I don't think people are right under my nose.
And why should he single out the top three on the gods list?
Mostly the task of the Gods Lab!
Understood!
It must be that the Lab of the Gods does not know the identities of the top three on the list, and wants
to get rid of them all at once with the help of Chen Kong's hands!
Levi Garrison fought against Chen Kong!
Knowing that he is not a challenge to the top three of the gods, but a mentality to kill directly!
"Ha ha ha ha……"
Levi Garrison smiled.
The Lab of the Gods!
Don't think of it!
Chen Kong exposed your whereabouts!
However, on the one hand, it also showed the power of the Gods' Laboratory, capable of transforming
Chen Kong.

“It seems that in order for you to show your feet! I have to plan ahead!”
Levi Garrison contacted the superintendent of Tiance.
The next day.
Release a message that shocked the world…
00…..
The Return of the God of War [The Protector] Chapter 2601
After Zoey Lopez, Kirin (Qilin) and the others got this information, they went crazy one by one!
It turned out that Xuanyuan Qingya and Levilia asked them to wait for this message!
Surprised and happy!
In fact, this is what Levi Garrison had thought about long ago!
One, continue to reserve strength for yourself!
Although he controls many forces now, it can be said that he is a mob.
If you encounter a super strong, all will be cannon fodder!
There is no real super power!
At present, only the ancient Garrison clan and the Underworld God can be used.
The same goes for Maya Industries!
The power is huge, but there is a lack of real powerhouses.
He needs to nurture the super strong!
Come to expand the depth of your power to deal with the future situation!
Secondly, it happened that Zoey Lopez and the others had no exercises to practice, so I found a good
place for them.
This was Levi Garrison’s thoughts before.
I wanted to prepare slowly and then announce the message.
After all, it takes a lot of time.
But now when Levi Garrison knew about the relationship between Chen Kong and the Lab of the Gods,
he couldn’t wait.
Now that the Lab of the Gods is very curious about the identity of the three dark gods, and even wants
to kill them.
Therefore, Levi Garrison hurriedly asked Tiance Mansion to release the message.
On the one hand, it leads to the laboratory of the gods, revealing more clues.
On the other hand is to speed up the speed of cultivating super strong…
The existence of the Lab of the Gods has now been confirmed, they are behind the scenes, and they are
super powerful!

It can be seen from Chen Kong that they have the ability to surpass all beings!
Therefore, Levi Garrison needs to speed up preparations!
Not only set up Kunlun College, but also let the Bible Organization speed up the use of the forbidden
land resources on No. 76!
This is the only advantage…
Zoey Lopez and they gathered for the first time.
This is a great opportunity for them!
"What about the selection criteria? Not everyone can go?"
Azure Dragon (Qinglong) raised a question.
Everyone looked at Levi Garrison subconsciously.
Everyone present is qualified, but Levi Garrison is not necessarily…
The Return of the God of War [The Protector] Chapter 2602
Everyone hopes that everyone will join Kunlun College together!
Especially this time everyone saw that the God List was very stimulating to Levi Garrison.
For the sake of fame, they all embarked on a crazy path.
At this time, Levi Garrison needs this opportunity more than anyone else!
"I don't know at the moment…"
"There is no specific selection criteria! But at least it has to be a quasi-sacred list or a gods list, right?"
"I heard that this opportunity, after the top 500 in the gods list, will all have the willingness…Who
wouldn't want to have access to the strongest opportunity?"
Everyone said one after another.
"It doesn't matter! Sign up first! Then let Miss Xuanyuan Qingya and Levilia plead! Maybe everyone is
in…"
Zoey Lopez said.
In her opinion, as long as Levi Garrison is thrown in, as long as the master takes it with him.
Everything will settle down.
Everyone quickly participated in the registration!
As for the selection criteria, there is still no one.
Just to say that the list of selected candidates will be announced at Kunlun College in two days.
In these two days, Kunlun College was actually quickly completed near Kunlun Mountain in the north…
According to the previous words, you may prepare slowly.
At this time, Levi Garrison's announcement was too abrupt.
Everyone is not ready.

It can only take two days to hurry up!
As for why there are no selection criteria?
That's because Kunlun College, to put it bluntly, that is, Levi Garrison and the others have to personally
choose it.
First, choose the right one!
Second, the people who are selected are their own people, or those who can be cultivated into their
own people. Can't breed a group of white-eyed wolves? People learn your skills, and in turn beat you
and kill you.
The third and most important point-
According to Levi Garrison's prediction, the Lab of the Gods must be involved.
Of course, they will not come directly by themselves, they will definitely send some chess pieces to join
Kunlun Academy.
Then investigate the dark god, the master of Yizhi, and the master of the ancient Garrison clan.
This is an opportunity for them.
It is also an opportunity for Levi Garrison.
As long as you keep an eye on these chess pieces, you don't have to worry about not finding the Lab of
the Gods.
Not setting standards is to give the Gods Lab a chance.
The Return of the God of War [The Protector] Chapter 2603
Together in Levi Garrison's control.
One day passed.
Hundreds of thousands of people enrolled in Kunlun College…
The number is still rising…
This is all self-knowing!
I feel like I can do it with my own strength!
If you add those who are self-aware, there are millions of people, tens of millions of people are also
possible.
After all, the names of the three dark gods are too big.
There is also such protection as the ancient Garrison clan of Tiance Mansion, everyone will be crazy!
When Levi Garrison got the list, he was happy.
There are too many people, right?
It is too difficult to filter one by one.
But otherwise, the Lab of the Gods will not be hooked.

Levi Garrison arranged for people to screen overnight, and he was also looking at famous orders and
using the intelligence system to analyze them one by one.
Zoey Lopez felt very strange when they saw Levi Garrison doing this.
"You…what are you doing?"
Everyone did not understand.
Levi Garrison's behavior is weird.
What is he doing with the application list of Kunlun College?
"Knowing yourself and the enemy, the so-called never end in a hundred battles!"
Levi Garrison replied.
Everyone: "…".
What is the use of Levi Garrison in studying his opponents here?
Strong is strong!
If you are weak, you won't be selected!
"Go to Kunlun College with us the day after tomorrow, you should see you on the list too!"
"We have signed up for you! I don't know what the selection criteria of Kunlun College are, what if you
are there?"
Zoey Lopez said.
"what?"
Levi Garrison was stunned.
They really consider it for others.
Levi Garrison ignored them and continued to check the list.
Live alone…
No one is left behind.
According to his screening criteria, Levi Garrison will go to special mark.
Further in-depth research…
Somewhere in the capital.
Mr. X gathered with everyone.
"Our people have already been inserted, don't worry, they can't find out!"
"And it's easy to pass the selection! All of us have potential! As long as these people enter Kunlun
Academy! I will find clues sooner or later…"
"After all, the three of Dark Gods are going to come forward to lead the apprentice! As long as they
show up, we will know who it is…"
Lucifer et al.
Mr. X was more cautious and calmly said: "But I'm thinking about one thing. Chen Kong just died, and

Tiance Mansion has hurriedly established Kunlun College. Is there any necessary connection?"
The Return of the God of War [The Protector] Chapter 2604
Lucifer thought for a while and said: "I guess it was Chen Kong's appearance that made them feel
threatened. If the Dark God does not plan to kill, there may be no way to deal with it! Therefore, they
must unite to deal with Chen Kong's appearance. ..."
"It seems to be the establishment of Kunlun College, but in fact they are united with each other?"
"Think about it too! The top ten of the gods are basically united. This is a terrible force!"
"If this continues, they are bound to be the greatest threat to us! They must be eliminated!"
"Pass my order! Whoever finds out the specific information of these three first! Reward Sun God
One!!!"
Mr. X gritted his teeth.
Upon hearing Sun God No. 1, Lucifer and the others showed eager eyes.
This thing has a fatal temptation to them.
Let alone other people.
"Understood! Immediately convey it!"
...
Levi Garrison studied all night and selected a group of people who had no problems! ! !
Everyone's point of view is to choose the person with the problem.
Levi Garrison is the opposite!
Pick people who have problems!
But Levi Garrison was right!
Since it was a person sent by the Lab of the Gods, there must be no problem at all.
Can find out and count them as losing.
Therefore, Levi Garrison thought in the opposite direction and screened out those who did not have any
problems.
Nothing can be found!
The more innocent the better!
It's best if you can't find anything!
In fact, there are not many people after such screening.
Levi Garrison could determine the approximate range.
After discussing with the Underworld God and the others, the Kunlun Academy's selection list was finally

determined.
Kunlun College has hundreds of teachers in total, each of whom can teach up to 100 people in theory.
So there are only less than five thousand people on the list.
After getting the list, Tiance Mansion immediately announced what was set on the list.
Will be announced at Kunlun College tomorrow!
This message came out.
The whole world is alarmed.
The Return of the God of War [The Protector] Chapter 2605
Zoey Lopez and the others hurriedly took Levi Garrison to the Kunlun Academy in the Kunlun Mountains
in the north when they were excited.
The same is true for others.
Especially those who feel that they have a high probability of being selected…
Go to Kunlun College non-stop.
Soon Kunlun College was surrounded by people.
All are waiting for the announcement of the famous single! ! !
The next day.
Finally the highly anticipated moment has arrived!
The selection list of Kunlun College was announced-
It is not selected by strength!
It is selected based on potential…
"Kirin, White Tiger, Xiao Feng, Sword Evil God… under Ye Zhantian!"
"Azure Dragon (Qinglong), Xuanwu, Zhou Ke, Commoner Killing God…Tiance Shenshuai!"
"Zoey Lopez, Phoenix (Suzaku)…Twelve god generals of Tiance, Dragon God generals!"
…
Knowing that he was selected for this sect.
Zoey Lopez was very excited.
Dragon God will be the only woman in the top ten on the god list, and the sister of Levilia and Nv
Master!
Everyone in their presence has a good place to go.
Even Li and Zhao's family were selected.
After all, Levi Garrison didn't want them to make trouble.
Simply send them here and let people manage them better.
Everyone's whereabouts are resolved, and the rest is Levi Garrison.
Can't wait for a while.

But the next moment when Levi Garrison's name appeared, the whole audience exploded…
The Return of the God of War [The Protector] Chapter 2606
Zoey Lopez and the others have been waiting hard for Levi Garrison to be selected as apprentices by a
certain boss.
Even more than she expected.
Levi Garrison has acted a little crazy recently.
She wanted Levi Garrison to settle down…
If there is a good master, that would be great.
But the list was announced little by little, and her heart became colder and colder.
Everyone around her was selected.
Even Li Songkui was chosen.
Levi Garrison is still not mentioned.
She was in a hurry…
Don't be the last one!
If the selection criteria were not based on strength, Levi Garrison would have a good chance.
He has great potential!
At least 80% bigger than the people present.
Compared to potential, there are really few who can compare to him…
Other people, Azure Dragon (Qinglong), have the same idea.
All are waiting for Levi Garrison! ! !
I have been waiting for an hour.
The list was almost finished, and no Levi Garrison's name appeared.
Who is not in a hurry?
They were so nervous that their palms were sweating!
"Okay, the last group of people next!"
"A total of eighty-seven people!!!"
When this voice came out.
The audience was a little excited.
So far, a tutor has accepted the most disciples once.
"Begin to announce the list-Jiao Tianyu, Ning Jinye, Chen Qizheng, Yin Zhengping… Eighty-seven Zheng
Wenbo!"
The list of eighty-seven people has been read.
"boom!!!"
Zoey Lopez they directly desperate.
There is no name Levi Garrison at all!
This is the last batch!
Levi Garrison missed the big opportunity…

Nothing!
Now they and Levi Garrison are completely in two worlds!
The gap between Levi Garrison and them is getting bigger and bigger…
Just as everyone was sentimental, Kunlun College continued to announce:
"These 87 people will be
selected under the word "Daxia" under the king's family!!!"
The language is not surprising and endless.
The Return of the God of War [The Protector] Chapter 2607
Everyone was dumbfounded when he said this.
Daxia is the king of the word side by side?
Familiar and strange!
Isn't that Levi Garrison?
What? ? ?
The last mentor turned out to be Levi Garrison!
Are you mistaken?
Everyone is dumbfounded!
There was an incredible look in the eyes!
Zoey Lopez and the others were stunned.
The 87 selected Jiao Tianyu were directly petrified, as if they were struck by lightning!
Kunlun College is supreme in everyone's mind!
It is the place of sacred yearning!
I thought that after being selected, he could reach the pinnacle of life!
who knows……
The instructor turned out to be Levi Garrison!
Levi Garrison who doesn't know…
Shocked the world a few days ago!
If it was a few days earlier, everyone would be happy.
At that time, Levi Garrison was recognized as the number one in the gods list, and he was selected as a
student. Who was not excited?
But now everyone is not happy at all…
Because Levi Garrison's true strength was announced…
He can't even enter the quasi god list.
What qualifications does he have?
Many of Jiao Tianyu and others are quasi-shenbian existences.
Even Yin Tianzheng is a godsend.
Let someone who is much weaker than them guide them, who can bear it?
Senseless!
Exploded!
The whole audience is going crazy!
When will Levi Garrison become a mentor?

Unbelievable!
He is totally unqualified!
The name of the word side by side king is a bluff!
It is of high status!
But that is the past!
There is no use at all now!
…
There was loud noise in the court.
The Return of the God of War [The Protector] Chapter 2608
Part of it was sorrowful and shocked, and part of it was questioning…
Zoey Lopez and the others had never expected that they would hear Levi Garrison's name in this way.
His name is actually in the mentor! ! !
There is no way to believe it.
This was announced by Kunlun College!
"boom!!!"
Everyone suddenly thought about where Levi Garrison took the Kunlun College application list to study
carefully these past two days.
Thinking about it now, he is selecting students!
Explained!
Everything is understood!
"I'm not convinced! Why is Levi Garrison a mentor?"
A voice of opposition sounded.
"Yes! Why is Levi Garrison a mentor? Give us a satisfactory answer!"
With the first, there is the second.
Everyone questioned one after another!
Regarding everyone's questions, they even agreed with Zoey Lopez!
I thought that Levi Garrison would be struggling to be a student, and Kunlun Academy had no chance
with him.
But who ever thought that Levi Garrison turned out to be a mentor!
Eighty-seven students with the largest number were selected!
It's so unexpected!
Zoey Lopez, they are all surprised and broken!
Incredible? ? ?
A person who can't even make the quasi god list, why should he become a mentor?
You must know that the mentors just announced are all in the top 100 on the list of gods!
There are also some terrifying magic masters!
Unheard of by everyone!

But as long as you check, you will know how terrifying they are!
Some are not even on the list of gods!
In terms of strength, they are not as good as the students present.
Because they are big bosses who research magical medicine or magical tools!
No one is unconvinced!
But why is Levi Garrison?
Dissatisfied!
Everyone is dissatisfied!
…
Among the crowd, the noise is getting louder and louder.
"Kunlun College, please give us an explanation!"
"Why can Levi Garrison be a mentor? Why? Please tell me the reason!"
Everyone shouted.
In fact, the most embarrassed person is Jiao Tianyu and other 87 people!
Fortunately, I came to register and wanted to join Kunlun College.
The Return of the God of War [The Protector] Chapter 2609
After finally joining, the tutor is Levi Garrison…
Right now, many people just want to leave.
But……
This is again the only opportunity to join Kunlun College…
Give up, it may be completely absent.
If you join, even if the instructor is Levi Garrison, there are other opportunities!
Tangled ah!
Too tangled!
Just as everyone asked Kunlun College, Azure Dragon (Qinglong) said:
"Calm down, everyone! Only said
that my boss is a mentor!
But I don't know what he is directing… There are people who have instructed the development of
potions and refining artifacts… Maybe my family's boss teaches theory…
For example, war command…
In today's world, he says it's second, who dares? Say first…"
After Azure Dragon (Qinglong) said this, the whole audience was quiet.
Yes!
Levi Garrison may be guiding the war command…
It doesn't have to be martial arts!
"what???"
Jiao Tianyu and others were surprised.
They are here to improve their strength, let them learn how to command war?

Funny?
They hurriedly asked: "Do we have a chance to learn other things after joining Kunlun College?"
In order to join Kunlun Academy, they temporarily endured it.
As long as you can learn later!
The Kunlun Academy official stepped up and explained: "Tell everyone- the king will not guide the war
command! He teaches martial arts!"
As soon as this word came out, the whole audience would explode.
Levi Garrison teaches martial arts? ? ?
Not teach others?
What qualifications does he have?
"Give us an explanation…Why does he teach martial arts! Has he entered the gods list?"
Everyone refused to agree.
"You didn't hear it wrong! The word side by side king is instructing martial arts! His guidance is very
simple—instructing the students the most basic exercises! That is, the same word side by side king has
been invincible in the past! This basic exercise is slow! But the tall buildings rise on the ground! The
foundation is very important!
What's more, if he insists on this basic technique, as long as he keeps on practicing without distraction,
he will eventually achieve supreme accomplishment!
Because this basic exercise pursues the ultimate speed and strength! When these two are investigated
to a certain level, absolutely ignore all the bells and whistles! "
"This is the decision of Kunlun College! All interpretation rights belong to us! Whoever has objections
can withdraw at any time! We don't need people to join!"
The Return of the God of War [The Protector] Chapter 2610
After the official explanation, the audience was in an uproar.
"this……"
Kunlun College enforces regulations, who dares to oppose?
I dare not speak anymore!
Despite being dissatisfied with Levi Garrison!
"I probably understand! Kunlun College wants the present and the future…not to mention absolute
control over the future! At least it will keep a card for the future!"
"That's right! How fast the times change! The past can't be abandoned! In case Levi Garrison's set is

used in the future!”
…
Everyone is analyzing.
Trying to figure out the intention of Kunlun Academy!
After finally discussing this result, everyone agreed that this was the case.
Kunlun College must be exposed to the most advanced things, and it must not leave the foundation and
the past behind.
No need to invest too much anyway!
Just Levi Garrison and 87 people!
“Okay, that’s it! If you don’t want to join, you can mention it now!”
The matter of selection is finalized.
Jiao Tianyu and other eighty-seven people stood together with a look of entanglement.
I want to quit directly, but I am not willing to enter Kunlun College!
“Brother Jiao, congratulations! Enter the most promising group of Kunlun Academy!”
“Hahaha… for sure! The group with the most potential in the future! But right now, you have practiced
his techniques…all of you can’t enter the quasi god list!”
“Isn’t it… even his brothers and apprentices don’t want to learn it! What Azure Dragon (Qinglong) used
to be similar to others. After changing back to his practice, now he can’t enter the quasi god list!”
“I can’t believe it… but I came to Kunlun Academy as a mentor! It’s a big laugh!”
…
Zoey Lopez felt embarrassed by listening to the broken words next to him.
But this is the case.
None of them would practice Levi Garrison’s basic exercises.
There is really no effect at all!
Azure Dragon (Qinglong) is the best example!
Even Huoyun Cthulhu and Zhou Nanyan had no effect at all.
Especially the aura on Huoyun Cthulhu’s body is getting weaker and weaker…
Eighty-seven people are going to be “scoured” now.
The Return of the God of War [The Protector] Chapter 2611
Zoey Lopez looked at Jiao Tianyu and others with sympathetic eyes…
“Hahaha… Although we may not be able to enter Kunlun Academy! But we are luckier than you!”
“At least we can continue to grow stronger! You can only lay the foundation in place!”

“I was so ridiculous, I entered Kunlun Academy, but I didn’t make it completely!”
…
Some people who entered Kunlun Academy actually began to mock Jiao Tianyu and others.
“Hey!”
Jiao Tianyu and the others sighed.
They are really miserable.
Except for the title of Kunlun Academy, the others are really not as good as being selected!
“I really can’t stand it! I want to retire…”
Some people can’t help this humiliation and want to quit.
“Hold on! Wait for me to ask again!”
Jiao Tianyu ran to the person in charge and couldn’t help asking, “Once we join, is it possible to change
to another tutor?”
“It’s possible! But it’s not something you can change if you want! Only after the instructor contacts the
students, can you really understand the potential characteristics of the students!
If the King of Words Side by Side feels that you are not suitable for practicing his basic exercises, then he
will arrange you to other suitable instructors! It’s not just the word side by side, but the other mentors
are the same! “
“There is another item-the college will have a big competition every year! If one year passes, you will
not have any improvement. You can apply to other tutors…”
Hear here.
Everyone ignited a glimmer of hope!
There is still a chance!
The chances are a little slim at first.
Everyone prayed that they were not suitable for Levi Garrison’s practice, so they were thrown out.
Although it is very slim, everyone is praying.
But no matter how bad it is, you can wait until a year later.
One year later than the others, but everyone can wait.
As long as there is hope, just stay in Kunlun College!
finally.
The selected students have entered Kunlun College.
One by one was elated.
But Jiao Tianyu and other 87 people are sad…

They are almost crying…
It seems that suffering is coming!
Everyone is extremely reluctant!
The Return of the God of War [The Protector] Chapter 2612
The others were drawn to Kunlun College, and they were all above them.
They are just inferior.
I dare not look at people, so I can only lower my head.
Stand in groups of instructors on the huge square of Kunlun College!
The students under the other tutors held their heads tall!
A pair of students wishing to let the whole world know who they are…
But the eighty-seven people of Jiao Tianyu lowered their heads, not looking at the left and right sides,
for fear that others would know that their mentor was Levi Garrison.
Soon after, a tutor appeared.
The gods of Tiance, Ye Zhantian, and Ye Qingtian and others appeared one by one.
Exclamation broke out from the audience.
And Jiao Tianyu only envy in their eyes!
Are they too lucky?
Their mentors should be these people! ! !
The result was Levi Garrison!
Who do you want to reason with?
"Ha ha ha ha……"
Others watched them laughing presumptuously!
"The only team where the instructor is not as good as the student! It's so laughable! What can an
instructor who is weaker than the student teach?"
"Why don't I become a student for you? I am at least one of the more than nine hundred strong people
on the list of gods!"
"I think it's OK! Hahaha…"
…
Hearing all kinds of ridicule, Jiao Tianyu and the others couldn't wait to find a place to get in.
But they are powerless to refute!
Because they are right!
In this case, it is better to find someone to be a mentor, who is better than Levi Garrison!
Amidst the noise, Levi Garrison appeared on the stage.
The whole audience was sighing!
Although Kunlun College explained.

But there is no one who thinks that Levi Garrison is worthy to be a mentor!
In the end, several heads of Kunlun College appeared.
These people are highly respected and are the masters of Levilia.
They announced some caveats!
He also said that the Dark God is the dean of Kunlun College, and the other two are the deputy deans.
"Dare to ask you mentors, why didn't the dean and two deputy deans show up?"
"Yes, how can they not attend this important moment?"
The Return of the God of War [The Protector] Chapter 2613
Everyone shouted.
Many of these were spies arranged by the Gods' Laboratory.
Their purpose is the three dark gods.
It's a bit anxious to see no one now.
Just yell with everyone!
"Actually, the dean and the two deputy deans were here long ago…"
As soon as this word came out, the whole audience made a noise.
Everyone is watching around.
Looking for the traces of the three.
Levi Garrison, who was standing in front, was speechless.
Muttered to himself: "Come and come, look here! Here! Three people are here!"
It's just that no one believes it!
Let alone three people.
No one can be!
Everyone watched everyone present.
But Levi Garrison was ignored.
"Don't look for everyone! The dean will just see you! It's not easy for you to find him! Even under your
nose, you won't know it!"
Tiance Shenshuai smiled.
Everyone sees that the desire of the dark god is shattered, but some people continue to ask: "Teacher,
do the dean and the two vice deans personally guide the students? Most of us are here for them!"
"Yes! We actually all miss their students!"
Everyone shouted.
"Have a chance! Only students with outstanding performance can be personally guided by the dean!
However, the general direction of each student is personally controlled by the dean!"

“So every student dean is staring at him… he will personally grasp your potential and talent…”
Tiance Shenshuai said this.
It makes Jiao Tianyu and the others ignite their confidence!
It’s easy for them to stare at the dark god, and they work hard to behave.
Let the dark god see their excellence.
Only in this way can I change my mentor!
Jiao Tianyu and others clenched their fists subconsciously, staring at Levi Garrison in front of them!
Everyone’s goal is the same-to replace Levi Garrison!
“That being said! But following a good mentor, we make rapid progress and perform well! There is a
high probability that the dean will be favored by them! But some people…”
The Return of the God of War [The Protector] Chapter 2614
Someone sneered at Jiao Tianyu and them.
Imply that they will never make it out!
Think about it, everyone’s heart is cold.
Wrong!
How do you get ahead under Levi Garrison?
The weakest tutor!
A mentor who can’t even enter the quasi god list!
Can only be guided by theory?
Can teach a group of strong people, unless there is a miracle!
Everyone looked at each other.
This can only be done first!
Let’s take a step later and take a look…
Next, the superintendent Tiance explained some miscellaneous matters.
Such as housing, training venues.
Almost every instructor’s subordinate is assigned a “luxury house” and an advanced training venue.
Many instructors use the combination of ancient martial arts and technology…
to be honest!
They have good food and everything is good.
As for Levi Garrison’s group, it is in the most remote area of Kunlun College.
Where the environment is complicated, it is already in the hinterland of the snow-capped mountains.
What they are going to do is penance!
This made the audience burst into bursts of laughter.
Everyone is laughing.

They are embarrassed even Zoey Lopez.
Levi Garrison is obviously not qualified to be a mentor here…
This is a joke at all!
They even dare not say hello to Levi Garrison in the college.
I don't want other people to know my relationship with Levi Garrison.
They are like this.
Jiao Tianyu and the others were even more angry.
Everyone is not afraid of hardship, let alone poor housing.
What I am afraid of is being treated differently!
The same are mentors!
Why people divide good things are good things.
The Return of the God of War [The Protector] Chapter 2615
But Levi Garrison's Landing couldn't fight for it.
It is the area with the worst environment.
How did they know that Levi Garrison gave them the quietest place to practice.
In the depths of the snow-capped mountains, the temperature is extremely low.
You can let them meditate and abandon all distracting thoughts.
The environment is complex and few people come.
This creates the best environment without interruption.
This is the best place to contact the basic exercises.
In fact, Levi Garrison wanted to lock them up in a dark cage.
It's terrible that they don't understand, but go astray.
Therefore, I chose the best environment to practice them.
But now it seems that everyone is not satisfied with this new environment.
Longing for everything from other people!
The others laughed to death.
"But that's okay! Arrange them in the corner! This way we won't be able to see them! They are
definitely downgrading Kunlun Academy! I feel ashamed to be with them here!"
…
Hear insults.
Jiao Tianyu and the others are really angry!
What did they do wrong?
Nothing to do!
Selection is not for them to decide!
They are all innocent!
They are just not lucky to be selected by Levi Garrison…
We will be criticized now!
Shamed and insulted by everyone!

They just don't have a way!
And can't fight back!
Otherwise they can say something-waiting for the big competition a year from now, we will slap you in
the face!
Will defeat all of you!
But with such a mentor now, how can you compare with others a year from now?
They are almost standing still, while the others have a rocket-like speed increase.
How do they fight?
Cried!
Scolding and scolding can't go back.
Fighting is even more impossible!
Aggrieved!
One by one, weeping, followed Levi Garrison to their training base.
After putting objects from various places in the room, everyone gathered at the training ground.
Each of them looked embarrassed and looked at Levi Garrison angrily.
The temperature around is getting colder.
Levi Garrison smiled: "Do you think I am not qualified to teach you? The strength is not even as good as
you?"
The Return of the God of War [The Protector] Chapter 2616
Everyone present was taken aback.
No one thought that Levi Garrison would say this.
Did you admit it?
"Yes! We just don't accept it!"
"I think you are not strong against us! You are not qualified at all!"
Ning Jinye was the first to stand up.
He is a strong man on ninety-nine steps, only one step away from the god list.
He was naturally upset that a person who couldn't even enter the quasi-god's ranking was his mentor!
"I'm also not convinced!"
Jiao Tianyu hesitated and stood up.
"I'm also not convinced!"
Yin Zhengping also stood up.
He is the strongest of the gods.
He should be the most unconvinced!
Then everyone stood up one by one.
Are not convinced!

“To be honest, if it weren’t for the name of Kunlun Academy! We would have run away long ago!”
“Well, we chose to stay! It’s to change mentors! We will endure the humiliation!”
“If you are lucky, we may change to another tutor soon! If you are not lucky, we will have to wait a year later!”
“This is the only hope we have left!”
...
Everyone expressed their truest thoughts in their hearts.
They are not satisfied!
Seeing their excitement, Levi Garrison was happy.
He looked at two of them: “Why don’t you Chen Qizheng and Zheng Wenbo speak? What do you think?”
“Um?”
This made everyone in the audience stunned.
Levi Garrison knows them?
Especially Chen Qizheng and Zheng Wenbo.
“There’s nothing to say! Since the deans and high-levels of Kunlun College recognize you! Then you are qualified to be the tutor! No matter what you teach, we just study it seriously!”
“Yeah! It’s our life whether the opportunity is good or not! But Kunlun College has made such an arrangement, naturally there is his reason! Even if we are to be the future reserve army, we can only follow the arrangement!”
Chen Qizheng and Zheng Wenbo couldn’t help saying.
Levi Garrison knew all the student information this time.
The 87 people he chose are really the most suitable for basic exercises.
These people are very down-to-earth, even if they are just a tendon, they will be hard at it if they take care of one thing!
Even if you break the south wall, you won’t return!
In particular, Chen Qizheng and Zheng Wenbo are more practical and have been practicing hard qigong.
Reluctant to give up day and night, never give up.
This time I heard all kinds of masters come forward, and then they came.
It is easy for them to have no distracting thoughts, practice only one exercise, and single-mindedly.
There may be differences in talent, but the direction is definitely right!
There is no shortcut to the strong one!

You have to be down-to-earth and go for it step by step.
Rao is Levi Garrison's talent, and it took three years to achieve something!
I am most afraid of being lonely!
For example, Azure Dragon (Qinglong) and a group of people, now they only want to become stronger!
Their advantage is that they can practice hard.
But the shortcomings are too impetuous, it is easy to have one idea a day.
The Return of the God of War [The Protector] Chapter 2617
You can't do it wholeheartedly!
Therefore, Levi Garrison must specifically select them to practice this exercise.
In fact, these eighty-seven talents are the strong people Levi Garrison wants to cultivate!
Don't look at other people's behavior, worship under the door of so and so.
But to put it bluntly, they are all foils!
The cultivation of the real strong is here…
This is the seedling chosen by Levi Garrison to build a super strong!
As for the identity of the three dark gods in the later period, they will give pointers…
It is based on what they are practicing.
It can be said that the upper limit is Ye Zhantian and Ye Qingtian.
In Levi Garrison's eyes, it was just a bunch of trash.
How can the upper limit be this high?
Others stared at Levi Garrison and said, "Since they arranged you to be a mentor! It shows that what
you teach is useful! It may not be used temporarily, but it will always be useful!"
"Yes! The strategic vision of Kunlun College is not what we can think of! What we can do now is to
practice!"
…
Levi Garrison looked at them and nodded: "Well, there are still smart people!"
Levi Garrison liked this kind of obedient.
If you ask you to practice, just practice!
Haw, asked a lot of questions, self-righteous, thought it was smarter than others or something.
He looked at Jiao Tianyu, Ning Jinye and others: "I always think I'm smarter than others, don't you? All of
them are very arrogant and arrogant, right?"

“you……”
The crowd was indignant.
Levi Garrison smiled and said, “Want to let the trash outside teach you?”
“this……”
Everyone was shocked as soon as Levi Garrison said this.
Arrogant!
Too arrogant, right?
Openly say that the other tutors of Kunlun College are rubbish?
That’s the talents of Tiance, Ye Qingtian, and Ye Zhantian!
They are all rubbish!
Is there anything that is not rubbish in this world?
Levi Garrison is too crazy, right?
Actually say they are rubbish?
Don’t you understand what kind of stuff you are?
Even a person who is not on the quasi-shen list laughs at the top ten of the gods list is rubbish?
People who go up the mountain laugh at the god who goes down the mountain?
The Return of the God of War [The Protector] Chapter 2618
Do not!
Levi Garrison couldn’t climb the mountain at all.
He can only stay at the foot of the mountain all his life…
“Levi Garrison, you have to be responsible for what you said! Do you dare to say that other mentors are
rubbish? Do you understand that you are looking for death?”
Yin Zhengping immediately said.
“Don’t you know your own strength? Dare to say that other mentors are rubbish? Where is your
confidence?”
Others also said.
“Wrong! In my eyes, they are rubbish!”
“Not only did I say this to you, I also said the same in front of them!”
Levi Garrison sneered.
Oh my god!
Everyone is going to explode!
Where did you encounter Levi Garrison with such a stiff mouth!
They can’t wait for a lesson!
“Levi Garrison, have you been immersed in the scene on the day of Chen Kong’s death? Think you
defeated him with your own hands? You should be number one on the gods list?”
Jiao Tianyu didn’t speak at first.

Finally couldn't help it.
"Isn't it? I killed Chen Kong! I am the strongest!"
"And you should call my teacher, not my name!"
Levi Garrison said lightly.
"You are crazy! How did Chen Kong die? Does it have anything to do with you? You know it better than
anyone else!"
"You see, this is a lunatic! I would rather quit than this lunatic teach me!"
Yin Zhengping roared angrily.
"My dignified person on the gods list, how can I let a person who is not on the quasi god list be a
mentor? I'm not convinced!"
"I want to quit!"
Yin Zhengping shouted.
Zheng Wenbo and Chen Qizheng immediately discouraged them: "Calm down! This is the chance to
enter Kunlun Academy! If you quit, there will be no chance!"
"I would rather leave than be here with him!"
Yin Zhengping said coldly.
"Well, let's go! Is there anyone else who wants to go, together!"
Levi Garrison shouted.
"I'm going!"
"Me too!"
...
Six other people stood up.
Others hesitated, but finally held back.
They chose to stay at Kunlun College.
"You are not leaving, are you? You will regret all of them!"
Yin Zhengping laughed.
A group of seven people left here.
Watch them leave.
Levi Garrison was happy instead.
"Sure enough, you can't withstand a little test, is this exposed?"
Levi Garrison muttered to himself.
The Return of the God of War [The Protector] Chapter 2619
It turned out that Yin Zhengping and the four people who left were all on Levi Garrison's list of spies.
Their information is too clean.
Levi Garrison has always been the object of suspicion.
He deliberately selected these people into his team for the convenience of observation.
But wherever I wanted it, I left without even starting.

The intention is too obvious.
I know that in my team, it is difficult to get in touch with the Dark God trio or the high level of Kunlun
Academy.
Why not leave!
The purpose is too obvious, but it exposes oneself.
And Levi Garrison predicted that they would never really leave…
Wrong.
After this group of people left.
Go looking for other opportunities!
They were carefully cultivated by the Lab of the Gods, how could they give up this opportunity in vain!
They have a mission!
Must stay here!
"Brothers, we can't leave in such a wasteful way! We have to find a way to join other sects!"
"Listen to us! As long as we kneel for three days and three nights! I don't believe the Kunlun College
senior management will ignore it!"
Yin Zhengping said.
"Okay, we listen to you!"
Shortly after.
Yin Zhengping led six people directly on the square in the center of Kunlun College.
Just begging Kunlun College to give them another chance to join others.
This scene caught the attention of others!
Soon, it caused a lot of people's onlookers.
Everyone is very sympathetic!
I also admire it!
With so many people, they would rather quit Kunlun Academy than under Levi Garrison's door!
Most people can't do it!
"Brother! Admire you guys! Great!"
"If you want me, you may not be able to do it! I don't want to lose this opportunity!"
"Levi Garrison has no chance at all! But everyone has to endure it?"
…
Everyone expressed their admiration for Yin Zhengping.
"Let's go ask the mentor and put them under the sect!"
"Yes, everyone asks their mentors! These men can't leave like this!"
…
Because they did what others dared not do.

Everyone admires it very much.
Take the initiative to contact their respective mentors and bring them under.
Everyone is busy.
Kneeling Yin Zhengping showed a strange smile at the corner of his mouth.
Send away a few Plague Queens here.
Levi Garrison laughed instead.
The Return of the God of War [The Protector] Chapter 2620
It might have been due to the identities of a few people, so he couldn't disclose too much.
This is just great.
All the spies ran away.
Just left the best place!
Because they always wanted to check Levi Garrison!
As a result, he left directly from Levi Garrison's side.
He can cultivate and guide a group of superpowers!
As for the few guys who ran away, Levi Garrison believed that they would still stay.
"Okay! Let's get started!"
Levi Garrison looked at everyone.
But everyone was numb.
Extremely reluctant!
"Is there anyone who refuses to accept me?"
Levi Garrison asked.
"Even though you are my teacher! I also respect the arrangement of Kunlun College! But I still refuse to
accept you! I will never accept you!"
Ning Jinye said.
Everyone nodded: "Yes, no mistake! We are all the same!"
"The reason why we stay here is just the sign of Kunlun College, it has nothing to do with you!"
"Although under your door, we will never convince you!"
Jiao Tianyu even more said: "There is only one way to convince me-to use real power to make me shut
up!"
"Yes, beat us! Let's take it! Otherwise, we don't know what to practice? We have regressed after
training for a long time! No one can bear it!"
"Well! The way to make our service is very simple! It is better than us! Qualified to teach us!"
Others also said.

A group of people seemed to vent their emotions.
Clamoring…
Levi Garrison smiled: "Then how to convince you?"
"Very simple! Beat us! Pick the strongest among us! If you can beat! We will convince you!"
Ning Jinye said.
He looked at Jiao Tianyu and said: "Jiao Tianyu is the strongest of the gods, he is the strongest among us
80! You fight him! As long as we defeat him, we will convince you!"
"Yes! Defeat the strongest Jiao Tianyu! We will convince you!"
Everyone shouted.
Even Jiao Tianyu looked at Levi Garrison and said, "Come on, Teacher Ye! Let's have a game! You win,
we all convince you!"
"I'm afraid you dare not come!"
Jiao Tianyu said excitedly.
The Return of the God of War [The Protector] Chapter 2621
bring it on!"
Levi Garrison agreed.
Just as Jiao Tianyu was about to do it, Levi Garrison changed his voice and said: "Wait…"
"What's wrong?"
Dozens of eyes stared at him stubbornly.
"What's wrong? Do you want to regret it?"
"Are you scared?"
"It's nothing if we are afraid! Anyway, apart from our disapproval of you, you are still our mentor! Same
but guide us!"
"Yes! As long as you are soft, I will spare you this time!"
…
Everyone asked.
"No, I mean let you go together! Don't let him go!"
Levi Garrison said.
"Um?"
The words came out.
Everyone was stunned.
What?
It's not enough to single Jiao Tianyu, we have to challenge them all!
Too arrogant, right?
It's exactly the same as scolding other people for trash before.
"Well, this is what you asked for! I will never keep my hands! It's none of my business to kill you!"

“Yes! We will do our best! We will do our best! You are dead and injured, regardless of our business!”
…
Everyone was excited for a while.
They will give the heaviest hand to Levi Garrison’s Landing!
It’s best to take advantage of this opportunity to get rid of Levi Garrison, and Kunlun Academy can give
them a new mentor!
Everyone looked at each other.
It’s all an idea!
He severely injured Levi Garrison and prevented him from assuming the position of a mentor.
So they can change mentors.
But these guys are pretty good.
No plan to kill Levi Garrison, but just wounding!
They want what they want, but they don’t want to hurt others.
Levi Garrison smiled and said, “It doesn’t matter! Come together! Do your best!”
“Okay, then you be careful!!!”
Eighty people including Jiao Tianyu were inexplicably excited.
For their purposes, they must fight hard!
“kill!!!”
Everyone shot at the same time.
Extremely shocking!
Levi Garrison looked at them and shook his head helplessly: “Too slow, too light, too weak…”
“boom!”
The Return of the God of War [The Protector] Chapter 2622
Levi Garrison punched out!
“Puff!”
“Puff!”
…
With a punch, the coercion seemed to fall down.
Eighty people in Jiao Tianyu still didn’t come into contact with this punch, and the momentum alone
couldn’t stop it.
Everyone’s shoulders are pressed down like a mountain.
Simply can’t hold it.
One by one fell to his knees.
The knees press the earth and sink into it.
“boom!!!”
But the force of a punch blasted towards their rear!

This does not know how many times the speed of sound is exceeded, the sound barrier has been broken
long ago.
Everyone is staring.
“哢嚓!”
Under everyone’s eyes, the power of this punch directly blasted a high mountain behind.
A passage opening abruptly blasted out of the endless mountains.
It can be vaguely seen that it is a huge fist mark!
The environment here is harsh, with endless super-high mountains behind them, covering the sky and
the sun, towering into the clouds.
At least more than a kilometer.
There is no sun at all on this side, it is full of ice and snow.
But with such a punch by Levi Garrison, the mountains on this side were directly opened up!
Just hit a big gap!
Look silly!
Jiao Tianyu is stupid!
Ning Jinye is stupid!
…
All eighty people are stupid!
The terrible air flow rushed straight into the sky, spreading beyond the surrounding area.
It’s like a shock wave.
Destroy the world!
Disturbed the depths of the snow-capped mountains…
One punch!
Horrible!
“Rumble…”
Not only that.
The entire Kunlun College was shaking vigorously, shaking vigorously, as if a major earthquake was
coming.
And everyone heard a boom before, like a billowing thunder in the depths of the sky.
“Puff…”
The kneeling Yin Zhengping were directly knocked to the ground.
“what happened?”
“What happened?”
…

They are messed up.
The whole Kunlun College was in chaos.
Both the academy and the tutors rushed for a long time, asking what happened?
"Who can tell me what happened?"
…
The Return of the God of War [The Protector] Chapter 2623
chaos!
The entire Kunlun Academy is in a mess!
Up to the instructor, down to the student.
One by one was panicked and ran around everywhere.
All looking for what happened…
The point is that even the instructor doesn't know…
This matter is complicated.
This fluctuation is too big and too big.
As if to overthrow the entire Kunlun Academy!
This movement can be felt as well as the outside world.
The people who had just come to participate in the selection did not leave too far, and were shocked by
the movement.
"Something happened to Kunlun Academy! Such a big movement?"
"How do I feel that someone killed Kunlun College directly?"
Everyone said one after another.
"Look at the Kunlun Mountains… look at…"
Someone shouted at this time.
Everyone looked far away.
A huge gap appeared in the Kunlun Mountains not far away.
Located in the middle of the mountain range, it looked like it had been chiseled out abruptly!
Especially from a distance, the gap is like a fist.
"I'll drop a boy!! Isn't it someone blasted it out with a punch?"
"The more you look at it, the more it looks like a fist! It's just a punch to protect the unevenness…"
Everyone is discussing crazy.
All were scared into a cold sweat.
This is also terrible!
If this is true!
What strength will that be?
This is an endless mountain range, which was blasted into a big gap.
Unimaginable punch!
People outside know what happened.
As for Kunlun College, there is a mess.

They are too close.
Instead, I didn't see this scene.
Everyone is searching frantically, wanting to know what happened.
They looked embarrassed.
Kunlun College has just started its first day!
Such a big thing happened!
He can't afford it!
I can't afford to lose this person!
Shame!
"Hurry up and send someone to find out what's going on… Hurry up…"
They immediately sent a brigade to investigate the matter.
The students are even more panicked!
"This kind of movement on the first day was too exciting, right?"
Zoey Lopez and they were a little scared when they got together.
Never seen such a movement.
The movement was bigger than when Chen Kong died.
…
And at the moment.
"accident scene"……
Eighty people including Jiao Tianyu knelt on the ground, motionless.
Everyone is like a sculpture…
In other words, like the walking dead, the soul is lost…
The Return of the God of War [The Protector] Chapter 2624
What did they see? ? ?
In their eyes, the qualified and inferior instructor, Levi Garrison, cut off the Kunlun Mountains from the
middle with a punch…
What kind of terrifying power is this?
The key, they could see, Levi Garrison just punched at will.
It is estimated that the force will be retracted and then the force will be retracted…
It is estimated that there is no one-tenth of a normal punch with him!
Otherwise, not to mention the power of a punch, just the air current that swayed out, it would be
enough to crush and crush them.
Chen Kong?
What a fart! ! !
Encountered Levi Garrison…
wrong! ! !
At this time, a terrible and crazy idea flashed in the minds of Jiao Tianyu and others…
Didn't Chen Kong meet Levi Garrison that day?

It's the same punch!
Chen Kong exploded.
But then everyone said that Chen Kong exposed himself to death by inhaling too much skill.
But now…
Here comes the answer!
Chen Kong…he was beaten to death by Levi Garrison!
The truth is!
It turns out that Chen Kong's death is really like this!
seeing is believing!
What they saw before was wrong, Levi Garrison did blow Chen Kong to death with a punch!
But why doesn't it appear on the stone stele of God's List.
Everyone heard that the name of "Levi Garrison" was carved on the back of the stone tablet.
But there is no one to see it!
Now it seems that what Levi Garrison said is true!
…
Understood!
Everything is understood!
Kunlun Academy has gathered so many top-notch experts, and there is no reason to let a person who
can't make it on the quasi-god list be a mentor!
According to Zheng Wenbo, Kunlun College's arrangement is reasonable!
It really makes sense!
Damn it makes sense!
They made it!
Make a big profit!
I thought I had entered the worst guide.
Unexpectedly, it is the strongest!
Just Kwang Levi Garrison is here, and all the other guides combined are probably not opponents!
Good luck!
They are so lucky!
The Yin Zhengping who ran away just now were brain-disabled!
They abruptly threw away the great opportunity…
If Yin Zhengping is not convinced, you will know if you challenge it.
Thought of this.
Everyone laughed.
It's all fate!
They are destined to be brilliant and prosperous!
Yin Zhengping and the others have this fate…

The Return of the God of War [The Protector] Chapter 2625
Everyone stared at him.
"Practicing this technique of mine! I will accompany you through it, and I can give you pointers! But I
can't guarantee how fast the improvement is! It may be two or three years faster, and it may be ten
years slower… …"
Hearing that, many people's expressions changed drastically on the spot.
In this age of rocket-like rise, who can wait ten years?
According to what people say now-ten years later, whether this world will exist or not will be another
matter!
It's hard to survive!
If everyone else is expected to hear this, they are frightened.
However, the group of people specially selected by Levi Garrison was still calm, they were originally
ascetic.
Keep the attitude that one thing never ends…
"Slow results are sure! But persevering will definitely have unexpected results! There is no problem
with slamming the people outside! But first you have to get it down…"
"So I will give you one more choice-you can quit from me! Of course, instead of quitting Kunlun
Academy, I will arrange for you to go to other tutors… I will also give pointers to other exercises…"
"what?"
The audience was in an uproar.
Everyone didn't expect Levi Garrison to give such a choice…
"Now, let's start to choose…If you want to quit, just stand by…"
Levi Garrison said.
But everyone was kneeling steadily, and no one stood up!
Everyone's eyes are full of perseverance!
It's all in a posture to the end!
Not to mention ten years, even twenty years, they will endure it!
No one is willing to quit! ! !
"Okay, three minutes have passed! No one has chosen to quit! Then you have no chance to quit!"
Levi Garrison was still very pleased.
No one has quit!
"Okay, very good! The next hundred li will be where you suffer!"
"Get up all!"
Levi Garrison smiled.

Everyone stood up.
At this moment, a group of people hurried over.
"Something happened… Something happened…"
Headed by the gods of Tiance, they are amazingly handsome.
"Is there anything wrong with you here?"
Seeing that Levi Garrison's group of people were so calm, Tiance God Commander couldn't help asking.
"Look at it!!!"
Ye Zhantian suddenly pointed to the Kunlun Mountains in the distance…
Everyone looked around.
It also instantly understood that the huge movement just now came from here, right?
"What's wrong? I punched it. Is something wrong?"
Levi Garrison asked.
"No…nothing… let's go one step ahead…"
The Return of the God of War [The Protector] Chapter 2626
Tiance Shenshuai almost fled.
This made Jiao Tianyu and the others dumbfounded.
Levi Garrison scared them like this with a word?
Isn't it horrible?
It seems that they all know Levi Garrison's strength!
"So there was a mess of porridge outside…"
"They couldn't think that the movement came from here!"
…
Jiao Tianyu and they all laughed.
After all, in Kunlun Academy, they are the most undervalued!
"Okay, next I will teach you the most basic exercise! Go, follow me to the depths of the snow-capped
mountains!"
Levi Garrison took everyone to go.
"Teacher Ye! Is your name really carved on the back of the stone tablet?"
Chen Qizheng asked.
Levi Garrison did not conceal: "Yes, no mistake! Chen Kong saw it that day, so he kept calling my name
when he died!"
"Yes, yes, I heard it! I thought he knew you… Now it seems that he saw the name behind the stele!"
"Teacher Ye, do we have a chance to go and see behind the stele? It is also an inspiration to us!"
Zheng Wenbo pleaded.
"Okay, yes! When I finish teaching you! I will take you to see it together tomorrow!"

“Okay, thank you Mentor Ye!”
…
now.
The Kunlun Academy is still messed up.
“Okay, okay, I know the truth…”
After Tiance Shenshuai and his party arrived, they announced to everyone.
“Huh? What’s the matter?”
Everyone looked over.
“It was caused by the practice of the dean and deputy dean…”
Tiance Shenshuai replied.
Anyway, the three people mentioned are all Levi Garrison.
Nothing wrong.
“What? The dean and the vice dean have this movement when they practice?”
“My God! Too strong, isn’t it? This is definitely above Chen Kong!”
“I want to be an excellent disciple! I’m attracted by the dean or deputy dean!”
…
Knowing that this is a movement made by the dean and vice dean.
It is a great encouragement to everyone! ! !
One by one clenched his fists in a desperate posture!
Even Zoey Lopez looked excited.
She secretly vowed that she would return to the door of the dark god through her true power.
Now she dare not mention that she is a disciple of the Dark God.
What a shame.
The gap between the two sides is too great.
“Okay, everyone has nothing to do, go back to their respective doors!”
Commander Tiance commanded.
The Return of the God of War [The Protector] Chapter 2627
“Look at the handsome, all of them have been kneeling! It’s too pitiful!
They didn’t do anything wrong,
but they were selected by Levi Garrison! It’s a shame to be expelled from Kunlun Academy directly
now!”
“Why don’t you arrange it and put them under other tutors! They are very talented! Yin Zhengping is a
strong man on the list of gods!”
“Yes, we beg you for them!”
…
Many people began to plead with the gods of Tiance.

Tiance Shenshuai sighed and looked at Yin Zhengping and the others:
“Forget it! Brother Qingtian,
Brother Zhantian, you will take two! I will take three! Let’s divide it!”
As soon as Tiance Shenshuai said these words, Ye Qingtian and the two agreed.
“OK, alright!”
“Papa……”
There was rounds of applause among the crowd.
“Yin Zhengping, congratulations to the seven of you! I got a better chance!!!”
Everyone congratulated Yin Zhengping.
“thanks, thanks……”
Yin Zhengping and the others were surprised and delighted.
Finally joined the others.
Especially for the four of Yin Zhengping, they have a mission.
Now the task can continue.
They can check the identity of the three dark gods.
Moreover, it is a rare opportunity to worship the gods and handsome men of Tiance, and it is easier to
come into contact with the three dark gods.
“A bunch of idiots! Don’t come out with us! Where are Levi Garrison’s brains?”
“Come out with us! Isn’t it just to worship other people?”
…
Zhu Shaoyuan, the other three who are not spies, sneered.
They feel that the most correct decision in their life is to follow Yin Zhengping!
He who stayed in Levi Garrison became a “fool”.
The seven went to the three men of Tiance Shenshuai respectively.
On the first day, the respective instructors gave a brief talk.
Then comes the free time.
It is also to let everyone know Kunlun College faster!
Everyone started to wander around Kunlun College, going everywhere.
But the place everyone wants to go most is where Levi Garrison’s team is!
After visiting all the places in Kunlun College, all the students went to the location of Levi Garrison’s
team in unison.
Soon everyone came to this place.
But they didn’t think that Jiao Tianyu had already started practicing.
One by one, they danced so vigorously.
…
“Hahaha……”

Everyone laughed when they saw what they were practicing.
"You are really practicing this basic stuff? My dog doesn't learn it!"
Everyone laughed.
Zoey Lopez and Azure Dragon (Qinglong) both have ugly faces.
Seeing these people practicing, I felt very uncomfortable.
The Return of the God of War [The Protector] Chapter 2628
I always feel that Levi Garrison is misleading his children!
So many good seedlings have been delayed!
"Huh? Yin Zhengping, why are you still here?"
When Jiao Tianyu saw these seven people, everyone couldn't help being taken aback.
Yin Zhengping looked arrogant.
"Okay, I'll give you an official notice… Don't get angry when you hear it!"
Yin Zhengping and Zhu Shaoyuan introduced the seven people: "With our unremitting efforts, the seven
of us have been recruited by the gods of Tiance, the god of killing Ye Zhantian, and the lord of the
former leaf clan!"
"Well, the opportunity is won by yourself! Who told you not to leave? As soon as we left, we went to
other people's doors."
…
With pride and pride, the seven men held their heads up.
They can't wait to see the complex expressions of regret and envy on Jiao Tianyu's eighty faces.
Not going with them will be the last thing this group of people regret?
But the next moment, they were all stunned.
The smile on his face disappeared, his expression stiff, and he looked at everyone in front of him
incredibly.
Because after Jiao Tianyu and the 80 of them listened, they looked indifferent.
The expression remains unchanged, not at all changed.
Instead, they stared at them one by one.
As if to say: That's all? Then what?
impossible!
This is impossible!
Shouldn't they regret anger and pain?
Shouldn't they be mad with envy and jealousy?
How come there is no reaction at all?
One by one seems to have experienced the destruction of the world.

These things do not interest them at all…
“Did you hear that? The seven of us were hired by the gods of Tiance! You regret to envy you!”
Zhu Shaoyuan shouted unwillingly.
“Ha ha ha ha……”
But after listening, Jiao Tianyu and others laughed.
Laugh crazy!
Senseless!
Everyone was completely dumbfounded!
It is not only Yin Zhengping and Zhu Shaoyuan who are confused.
Thousands of students who came with them were all dumbfounded…
It shouldn’t be like this!
Shouldn’t this group of people regret and envy it when they hear that their companions have a better
future?
Why is there a little reaction?
Are you still laughing crazy now?
And looking at their smiles, they are completely mocking and disdain!
And it’s not pretended!
That is ridicule and disdain from the heart!
They were completely dismissive of Yin Zhengping joining other mentors!
Don’t talk about regret and envy.
Now this smile looks like Yin Zhengping and the seven people have lost a great opportunity!
They are the ones who admire jealousy and regret!
not understand!
No one understands!
I thought that Jiao Tianyu’s eighty people were in a particularly bad state, and they were crying and
eager to die.
Most people actually came to see them making jokes.
Who can think of the result.
They are in such a good state.
Senseless.
No one knows what to say…
The Return of the God of War [The Protector] Chapter 2629
“Are you making a strong face and laughing? Nothing! Don’t hold back! Who in the entire Kunlun
Academy doesn’t know your tragic experience!”
“Stand on such a mentor! I can only say that you are bad luck! What does it have to do with your own
strength! You still have a relationship to worship other people!”

“Don’t stand firm, just cry out if you want to cry!”
…
Everyone said.
Jiao Tianyu said: “Nothing, no need! I think Teacher Ye is very good! I will learn from him! I won’t join
other teachers!”
Zheng Wenbo also echoed: “Well, Tutor Ye is the best! Kunlun College I only recognize Tutor Ye!”
“And me! I only recognize Teacher Ye!”
“Me too!”
…
Eighty people present expressed their opinions one by one.
And it could be seen that they wanted to talk to Levi Garrison from the bottom of their hearts.
Rather than being arrogant with everyone!
“Um?”
Silly!
Everyone is stupid!
In the end what happened?
Make these people so convinced of Levi Garrison?
This is unscientific!
What kind of magic power does Levi Garrison have that makes these people so convinced?
unimaginable!
Chen Qizheng sneered: “Yin Zhengping, you will never think of what you missed…”
“what?”
This made Yin Zhengping stunned.
Does Levi Garrison really have anything to say?
Make this group of people so convinced?
Did you really miss something?
Other people think the same way.
But soon, they reacted.
impossible!
Just now everyone saw that they were practicing the most basic exercises.
It’s not useful at all!
Either these people were confused by Levi Garrison’s words, or they had compromised the facts now.
There is no other way without compromise.
Can only pretend to be indifferent!
“Wait! Give me two years! I will step on all of you!”

“Well, this exercise is stronger than you can imagine! We need time to prove ourselves! Give us two or
three years, and give you a miracle!”
…
Facing the students in the entire college, Jiao Tianyu and the others have a strong momentum.
Want to stand out from the crowd.
Put others underfoot.
So subconsciously say some bold words.
“Ha ha ha ha……”
But everyone laughed when they heard it.
Some people laugh so that their belly is about to split, and some even fall to the ground and roll in
disregard of the image…
“Give you two or three years?? Hahaha… the day lily is going to be cold, right?”
“To tell the truth in two or three years, maybe Kunlun Academy is dead, who do you prove it to?”
“Now this era is fast-paced, don’t you not know it? Maybe there will be one wind direction in two or
three months, two or three years is simply too long!”
…
Now Yin Zhengping and the others are relieved.
I thought Levi Garrison really had something to convince this group of people.
Now it seems that it is the temptation of language.
Draw them a pie, describing a good future.
The Return of the God of War [The Protector] Chapter 2630
In this era, talking about the future is the most useless.
The future of this era has shrunk to half a year.
All year is luxury.
To sum up, Levi Garrison still has no abilities.
It scared them just now.
I really thought Levi Garrison had the ability to reach the sky…
not worried.
Now I am completely relieved.
“Nothing! We believe in Teacher Ye! The future is ours!”
Jiao Tianyu’s eyes flashed firm.
Fortunately, Levi Garrison asked them before, whether to choose the present or the future.
If it hadn’t been for some psychological struggle before.
Now that everyone has raised this issue, they may really struggle.

But Levi Garrison had let them struggle long ago.
So now they have a calm look.
“Fools! A bunch of fools!”
“Just follow Levi Garrison so willingly?”
“Ho ho, watch it! When our strengths are advancing by leaps and bounds, and their strengths remain
unchanged, I see them panicking?”
“Or in the Big Competition a year later, do they regret it? By then, there will be no one who can beat
them! I’ll be equal to 80 of them by myself!”
…
The crowd looked at them as if they were looking at idiots.
Zoey Lopez felt more guilty in the hearts of several people.
I always feel that Levi Garrison is delaying others.
I’m totally sorry.
Zoey Lopez has an impulse, so I can talk to Levi Garrison.
Let him give up his status as a mentor and don’t delay these people.
What a good seedling, it was too wasteful to hand it over to Levi Garrison.
He can’t teach anything now, only let people practice his most basic exercises.
They have been persecuted for a long time.
Especially Azure Dragon (Qinglong) has fallen a lot.
Finally, they escaped from Levi Garrison’s “devil’s claws”, and now others were caught by Levi Garrison.
Replaced them.
They really don’t want to see Zoey Lopez!
“I feel ashamed of them…”
Azure Dragon (Qinglong) said.
However, Jiao Tianyu’s faces were calm, and they were not shaken by their words.
Everyone was not paying attention to them, and began to turn around in this place.
“Huh? What is that?”
Someone finally saw the cut-off gap in the Kunlun Mountains in the distance.
Pointing to where, surprised speechless.
Everyone also looked over.
Shocked!
It was shocking!
Never seen this before!
Everyone knows the Kunlun Mountains, and when they came to Kunlun College before, everyone could

see it from a distance.
But now there is such a big gap…
man-made?
“boom!!!”
Suddenly everyone thought of one thing!
The Return of the God of War [The Protector] Chapter 2631
Kunlun College turned upside down just now!
It should be where the movement came from, right?
Oh my God!
how did you do that?
“Could it be that the dean and deputy dean practiced qigong?”
Everyone couldn’t help but be surprised when he thought of what Tiance Shenshuai said.
“Gosh! How did this happen? I can’t imagine!”
Everyone present was shocked by this powerful force.
I only know that the top three of the gods are super strong.
No one has ever seen how strong it is.
And Chen Kong is also very strong.
Feel his powerful aura.
But I have never seen how strong he really is!
Everyone has never experienced the crash of the real powerhouse.
Seeing this amazing destructive power now, everyone is dumbfounded.
“I guess the dean and the two deputy deans should have such a destructive force with a full blow! It is
absolutely impossible for one person!”
Yin Zhengping said.
“Well, for sure! A person can’t have this kind of destructive power!”
It was the Asura God of War who was speaking, and he was now under the sect of Tiance Shenshuai.
“Well, think about it, it’s impossible for one person! Why didn’t you just come out and wipe out Chen
Kong?”
Everyone is analyzing.
And very sure!
I feel that a person’s destructive power is impossible to achieve this.
“Definitely not alone!”
Thousands of people agree this way.
“It’s too strong for three people to hit it like this in one blow?”
“Yes, even three people! Super powerful!”
“It would be so cool if I go to be a teacher under them…”
…
Everyone said one after another.

“Ho ho… who said three people?”
Suddenly a voice rang out of time.
Everyone look at it.
It’s Jiao Tianyu.
Immediately afterwards, Ning Jinye, Zheng Wenbo, and Chen Qizheng also said: “Yes, who said the three
people?”
The rest of the people also said one after another: “Speaking of three people, which one of your eyes
sees three people?”
Face the questions of these people.
Everyone is a little confused.
If someone else said it.
They certainly don’t believe it.
But what these people said in front of me.
That’s different.
They have been here, they probably saw something…
Or witness it with your own eyes!
“boom!”
The Return of the God of War [The Protector] Chapter 2632
Yin Zhengping and several people suddenly thought that people like Jiao Tianyu might have witnessed it
with their own eyes, and their expressions changed drastically.
“So it can be seen here! This angle is completely possible!”
“My God, they can really see it here! So lucky, aren’t they?”
At this moment, everyone is a little envious of this group of people.
At least I saw how the Kunlun Mountains were faulted…
Seeing this scene, I have no regrets in my life!
“Jiao Tianyu, say it! Did you see it? You must have seen it…”
Yin Zhengping couldn’t help but shouted.
Others also looked over.
Urgently want to know what the result is.
“Of course I saw it! We saw clearly…”
Jiao Tianyu and the others laughed.
And a look of pride.
The demeanor of Levi Garrison’s punch was still deeply imprinted in their minds!
They are proud of their mentors!
This look of them fell into everyone’s eyes, as if they had really seen them before.
“How many people are they???”
Zhu Shaoyuan asked nervously.

“Are there three people?”
Even Kirin (Qilin) couldn’t help asking.
“Of course not! It’s a person!”
Jiao Tianyu said.
“hiss!”
one person?
This sentence completely pierced everyone’s psychology.
Isn’t it shocking?
Can one person make such a big movement?
How strong is he?
unimaginable!
“Who is it? Who is it?”
Yin Zhengping grabbed Jiao Tianyu’s shoulder and shook it vigorously.
“Have you seen the true face of the person who shot it? Which one?”
Everyone is excited.
Hurriedly shouted.
They all wanted to know which of the three of the Dark Gods was.
“I won’t tell you!”
Jiao Tianyu and others refused.
This makes everyone angry.
But I was worried.
I really want to know who it is…
Especially Yin Zhengping seemed extremely anxious.
The task of these spies is to find out the identities of the three dark gods.
They didn’t want to let go of any clues.
Very few spies seem to be more anxious than anyone else!
Even they themselves don’t even realize…
In addition to Yin Zhengping, there are others…
There is a pair of eyes in the dark to write all this down!
“Please leave, we are going to start training!”
Jiao Tianyu didn’t want to cause too many changes to let everyone retreat.
“Okay, let’s go! Didn’t you just see it? What’s the use?”
“Can you still worship someone’s door?”
The Return of the God of War [The Protector] Chapter 2633
“Impossible! You will never have a chance! And we will have a great chance to enter!”
Everyone sneered.
It’s just that Jiao Tianyu and the others were unmoved and ignored them at all.
They continue to practice their…
Everyone feels boring.
“A rubbish brought a group of rash men! Nothing saved!”

“Same as your destiny, you can only stay in this corner after all! Forever!”
Everyone left one by one.
When everyone left.
Several people from Yin Zhengping went and returned.
“Jiao Tianyu as long as you tell me what you saw, and you want to go to that tutor, we will make arrangements for you!”
“We know that you guys don’t want to stay under Levi Garrison’s door for a long time, just tell us what you saw, that’s it!”
…
It turned out that Yin Zhengping wanted to show what Jiao Tianyu and the others saw.
He even put forward all the tempting conditions one by one.
Jiao Tianyu and the others have already noticed something unusual. In order to know what they saw, they asked this question?
There is definitely a problem.
Jiao Tianyu and the others are very smart, and a few of them looked at each other and said: “Okay, I’ll tell you!”
“In fact, all of this is done by our teacher Ye!”
“Yes, it was actually Mentor Ye who did it!”
…
A few people told the truth.
“Don’t mess with it! How is Levi Garrison possible?”
Heard this answer.
Yin Zhengping naturally didn’t believe it.
I think Jiao Tianyu is playing with them…
You don’t want to say anything.
Even if you say you did it yourself, it is more reliable than Levi Garrison!
“Okay, are you kidding us? I don’t want to say, are you? You will regret it!”
Yin Zhengping left a few words and left.
Today this clue is too big.
They will run wildly looking for clues in such a hurry.
Actually it’s a bit revealing…
After they left.
Levi Garrison appeared.
Jiao Tianyu immediately told Levi Garrison of their discovery.
“Okay, I get it. You don’t need to bother about it!”

The next day.
Levi Garrison assembled his team.
Everyone stood neatly.
Set off for the door mightily.
Everyone was shocked.
"I heard that Levi Garrison is going to take them to the top of the world to see the inscriptions on the
stele!"
"No? No? No? A person who is not even a gods can take someone to see it?"
"I said that Levi Garrison couldn't teach anything, so he did something boring!"
...
Jiao Tianyu and others sneered: "You don't even know what we are going to do?"
"A bunch of fools!"
Looking at everyone, they are still very happy in their hearts.
All of them are like fools.
Just as everyone was about to walk out of the gate of Kunlun Academy, a figure suddenly rushed out.
Stop Levi Garrison and his group at the door.
Don't let them leave!
The Return of the God of War [The Protector] Chapter 2634
This person is Zoey Lopez!
Everyone didn't understand Levi Garrison's behavior of taking everyone to the top of the world.
Zoey Lopez couldn't understand either.
She couldn't help but ran out to stop people!
"I beg you at King's Landing, don't delay people! Obedient, we are not a mentor! We just do our own
thing! Don't mix this!"
Zoey Lopez begged bitterly.
"Yeah, Boss! We don't take that porcelain job with that diamond diamond! Are our strengths as a
mentor?"
"Yes, let's quit! I'm not a mentor anymore! Don't delay others!"
"What a good seedling, just wasted like this!"
Kirin (Qilin) and the others couldn't bear it, they couldn't help but say.
"Ha ha ha ha……"
The others laughed.
"Even your own female brother thinks that you are not qualified, do you have the right to be a mentor?

Do you have that strength?"
"I don't take a piss to take pictures of myself, is it a mentor?"
"It's so ridiculous! The senior academy also has a problem! Just because he is the king of the word side
by side! Just wasting so many seedlings?"
...
Everyone is unfair.
This is the unanimous voice of everyone-the removal of Levi Garrison's position as a mentor.
"Yes, I suggest Kunlun College to remove Levi Garrison from his mentorship!"
Yin Zhengping was the first to stand up.
"I agree!"
Zhu Shaoyuan came out second.
"Me too!"
"Me too!"
...
Next, more and more people agreed to remove Levi Garrison's mentorship.
Zoey Lopez and the others yelled, but their psychological thoughts were the same.
Levi Garrison must be dismissed as a mentor.
I think he is qualified!
This is misleading people!
Thousands of people shouted.
To remove Levi Garrison's mentorship!
...
"If Teacher Ye is qualified, do you have the final say?"
"Yes, it's wrong! Kunlun College's decision is also your turn to point out?"
"We know whether he is qualified or not! If he is not qualified, then no one at Kunlun College is
qualified!"
Levi Garrison did not make a statement.
But Jiao Tianyu and the others stood up one after another.
They had seen Levi Garrison's ability with their own eyes.
Is he qualified?
It's ridiculous!
"Um?"
This time it was everyone's turn to be surprised.
Why do they maintain Levi Garrison so much?
This is unscientific!

I don't know what kind of drugs Levi Garrison has given them, but they are so obedient!
It's incredible!
What is the reason?
"Jiao Tianyu, do you have a problem with your brain?"
"We did this for your good! You know?"
"Knock Levi Garrison out of Kunlun Academy! So you can go to other tutors! It really doesn't work, I'll
arrange a good tutor for you!"
Yin Zhengping hurriedly shouted.
"Yes! We are for your good! We are helping you get rid of the sea of suffering, you know?"
"Are you willing to be students under someone who is inferior to you?"
"Following Levi Garrison, you have done nothing. We are helping you. You have to cooperate with us!"
...
Everyone shouted.
"Ho ho, no need! I think Teacher Ye is the best!"
Jiao Tianyu said.
"Well, we think Teacher Ye is the best!"
Everyone expressed their opinions.
"Even if Teacher Ye is a sea of bitterness, we are willing to jump! What kind of pain we will bear, and
Teacher Ye can't hinder you! Why force him to leave?"
"That's wrong! Don't worry about it! To put it bluntly, we would rather be scammed by Teacher Ye! We
also have nothing to do with you!"
Eighty people made such a statement.
Aroused public outrage.
"You are just a bunch of brain-dead idiots! Your brain is broken! Follow Levi Garrison well, there will
never be a day!"
In everyone's eyes, people like Jiao Tianyu's brains are broken.
Levi Garrison said: "Don't pay attention to them, let's set off."
The Return of the God of War [The Protector] Chapter 2635
In the end, Levi Garrison brought everyone to the top of the world in a mighty manner.
In the ridicule of everyone.
He took everyone on the Conferred God Platform.
Originally, this is disrespectful to some people who are not strong enough.
But Levi Garrison ignored everything.
Facing the stele, everyone was somewhat in awe.

If Levi Garrison is not, then they are disrespectful to the stele.
But when they climbed up the stone tablet and saw the lettering on the back, they were shocked one by
one.
"Except for my name, everyone else will be the enemy of the whole world. You remember them all!"
"To be honest, my purpose in nurturing you is for them! Or in other words, to deal with them
specifically!"
Levi Garrison said.
Everyone looked solemn and stared at the name behind the stele.
"You must remember that as a student of my Levi Garrison, your enemies can only be these! As for the
other people in Kunlun Academy, even other instructors. They are not worthy of being your opponents,
don't shame me in the future!"
Levi Garrison instructed.
The reason why he brought these guys here was to let them see if their names were engraved on it.
On the one hand, it is to broaden their vision, let them understand their mission, and know what kind of
enemies they will deal with in the future.
Rather than playing with the gangsters of Kunlun Academy.
Don't get the direction wrong.
The target is not them.
After knowing his mission, Jiao Tianyu's temperament changed.
Calm and restrained!
In other words, I am indifferent to worldly things.
After all, one by one knows what his opponents in the future are like, and in this way, many things will
be underestimated.
However, the fact that Levi Garrison led the academy to arbitrarily climb the stele caused dissatisfaction
among too many people.
They are all accusing Levi Garrison's behavior.
the other side.
The Lab of the Gods began to gather what the various spies found.
To sum up, the Dark God trio are stronger than imagined.
Maybe Chen Kong is really no opponent.
This makes the Lab of the Gods very puzzled.
"The Dark God and the three of them just don't want to show up. The identity of these three people is

not suitable for showing up! They would rather kill Chen Kong than come out!"
Mr. X and others began to analyze.
"The more this happens, the greater the threat to us. It's a pity that we don't know anything!"
Lucifer sighed.
"Let's talk about this Kunlun Academy first, they are bound to cultivate a large number of strong people,
this is also a threat to us!"
"If you get rid of it all at once…"
A cold light flashed in Lucifer's eyes.
"They want to get rid of, but the meaning of getting rid of it at the moment is of little significance. And it
is easy to expose ourselves, we still have to get rid of the three dark gods!"
"I feel that the current investigation is still not strong enough, we have to rely on our old friends!"
Mr. X smiled.
"Aren't you talking about the Sky Shield of the Eagle Nation? Didn't we have long been out of contact?
Did you get in touch again?"
Lucifer asked.
"Of course! The New Era War Eagle Nation and Sky Shield are extremely low-key, but its intelligence
capabilities are still the world's top…"
"I contacted the Sky Shield a long time ago! Let them find someone for me… Then they can help me find
information about the three dark gods… I think there should be some information…"
After listening to what Mr. X said.
Lucifer asked immediately: "Is this…"
At this moment, Mr. X suddenly received an encrypted call.
"It's from the Sky Shield, I'll answer the phone first!"
Lucifer quieted down.
Mr. X began to answer the phone: "Ah? What? The person has been found, right? Well, good! Bring it to
Daxia right away, and I will connect with you! Hurry, at the fastest speed!"
The Return of the God of War [The Protector] Chapter 2636
"Could it be the great disciple of the Dark God?"
Lucifer asked.
"Yes, it's wrong!"

“In fact, this big apprentice is the son of Tiance Shenshuai and Junior Sister!”
“Everything was found by the Sky Shield! So now the only person who knows the identity of the Dark
God is him!”
Mr. X said.
Shortly after.
The agent of the Sky Shield Bureau brought a person who also wears a mask to the secret place.
Great apprentice of the dark god.
“Who is the God of Darkness today?”
Mr. X asked directly.
“I’m checking who he is? Some months ago, someone broke into the headquarters of the Bible
Organization! Killed my mother, the former Dark God, and killed thousands of senior leaders! Great
cleaning for manipulation!
As far as I know, people like the evil god and the evil god know the identity of the true dark god! Now
the Bible organization, except for the Dark God, is controlled by these people! Maya Industry is
controlled by Ye Lingtian and Ye Wudao…
I suspect that the Dark God comes from Daxia and is related to the Baolong clan of Tiance Mansion…
Now it seems as I expected, they started Kunlun Academy together! “
The great apprentice of the Dark God explained.
“As expected of you, some information may not be found out by hundreds of thousands of people who I
sent out! You said that, I have explained many questions in the same way!”
The Black Hawk agent of the Sky Shield exclaimed.
“hiss!”
However, several people in the laboratory of the gods were all sucking in cold air.
The dark god is indeed a fake.
And for them, if this pretending dark god is Daxia, the threat is the greatest.
It is the situation they most want to see!
Just as everyone saw with their own eyes that the person who killed Chen Kong was Levi Garrison.
The Black Hawk agent of the Sky Shield Bureau also nodded: “According to a lot of information, this dark

god has a high probability of Daxia!"
"It's over! This time is over! The three most uncertain are Daxia's!"
"Hey!"
"In our eyes, the Tiance Mansion and the Baolong clan are not even threats. After all, they all
understand! In the past few years, we have been targeting the two existences of Daxia… Now even the
three people of Dark God cannot solve it, we What are you talking about to deal with them?"
Mr. X's complexion is ugly.
"Daxia two kinds of existence? Is there something more powerful than Tiance Mansion and Baolong
clan?"
Agent Black Hawk quickly grasped the point.
He was surprised.
After all, he is the boss of the intelligence department of the Warhawk Nation Sky Shield.
Control the world's best intelligence.
But I don't know that these two types exist.
"Yeah! This is something that you and others don't know about!"
"That's wrong! Daxia still has two types of existence, but it's just not coming out. If you want to come
out, it's more terrifying than the Baolong clan of Tiance Mansion…"
The Return of the God of War [The Protector] Chapter 2637
"It can be said that the disappearance of the laboratory of the gods has a direct relationship with them!"
"They are the enemy in our imagination!"
"For you, they are equivalent to dark Internet cafes, mastering all the information in the world!"
Mr. X explained.
Lord Tiandun's Black Hawk agents heard bursts of breath.
The great apprentice of the Dark God also opened his eyes.
Who would have thought that Daxia still existed like this?
But Daxia has been the most shining existence since ancient times…
Not long ago, the power of absorption and the magical power of King Kong not bad came from Daxia.
"Next, you need to check more! The identities of these three must be found in the shortest time! We
need to do it as soon as possible!"
Mr. X, they can't wait any longer.
"Understand! I want to investigate too! I have to know who he is, I can't get revenge. It's up to you!"

The great disciple of the Dark God, pinned all hopes on the laboratory of the gods.
Mr. X smiled: "By the way, wait a minute, I have an idea…"
"What idea?"
"Does Tiance Master know of your existence?"
Mr. X asked.
The dark god disciple nodded: "I should know, but he doesn't know who it is, and he hasn't looked for
it!"
"If you can't find any other clues, you can go to him! He is the helm of the God of Heaven, and he
probably knows who these people like the Dark God belong to!
Others may be tight-lipped! But you are his son! If you forcefully avenge your mother, Tiance
Superintendent may not tell you all, and may reveal some clues…"
The great apprentice of the Dark God immediately understood what Mr. X meant.
"I see!"
"Waiting for my good news!"
He left immediately.
"As for the current master of the ancient Ye clan, your Sky Shield can start from other people, such as
members of the ancient Ye clan, etc.!"
Mr. X asked.
"clear!"
Agent Black Hawk was about to leave.
But was stopped.
"I can't let you do things in vain. I have prepared some equipment for the Gods Lab! The kind that can't
be found outside! It's completely above the world!"
When Mr. X said this, Agent Black Hawk's eyes lit up.
All the things in the Lab of the Gods are definitely good!
Especially now that the secretly developing Gods Laboratory has no idea what the situation is.
Finally, Agent Black Hawk took away the equipment with satisfaction and even excitement.
Mr. X made several preparations.
The spies who entered Kunlun College were also ordered to actively search for clues.
And the best way is to get the top spot.
Become an excellent student, so that you can get close to the three dark gods.

Close contact will definitely know a little bit of information.
“Kunlun College made such a big move on the first day it opened! What kind of existence does this have
to be?”
“This is obviously a punch! The fist marks are too obvious!”
Lucifer and the others looked at the pictures of the fault in the Kunlun Mountains and were deeply
shocked.
Can’t accept this scene in front of me!
“Will Mr. X have this possibility…”
Lucifer asked.
The Return of the God of War [The Protector] Chapter 2638
“what?”
“Could the Dark God be Daxia’s two types of existence?”
Lucifer’s face was serious.
“Do not rule out this possibility! He is too powerful! There is such a possibility!”
the other side.
Levi Garrison returned to Kunlun College with a large team.
Everyone looked at them as if they were looking at a group of fools.
“Obviously it is the best academy in the world, but because of their existence, it is downgraded!”
…
Whenever Levi Garrison and his party passed by, the voices of this kind were endless.
But Jiao Tianyu didn’t care.
When they came to the academy and looked at other people, they had a feeling of looking at little kids.
For their ridicule, I didn’t bother to refute it.
Their vision and future plans have all changed.
In the future, there is no such thing as Kunlun College.
This group of people is even less worthy of being their opponent.
There is no idea to let them take a second look.
This also couldn’t ridicule Levi Garrison.
He organized everyone to start practicing.
He also started practicing.
Now the critical moment.
He seemed to be in an arms race with the Lab of the Gods.
Can’t let go of a moment.
The next few days.
The entire Kunlun College began to enter the teaching stage.

The tutors began to personally guide, and the academy was full of enthusiasm.
After Levi Garrison finished practicing by himself, he guided his students again.
Next, he began to wander around the academy.
He first observed in Ye Zhantian's team…
On the one hand, it is to select good seedlings, on the other hand, it is to screen out the spies.
Behind Ye Qingtian's team…
Next, Levi Garrison went in and out of the ranks of other mentors.
Observe all students one by one.
Therefore, Levi Garrison's behavior looks a little weird.
"Levi Garrison, what are you doing? Are you stealing a lesson?"
The Return of the God of War [The Protector] Chapter 2639
Finally someone couldn't help but ask.
This is asked by Yin Zhengping.
In fact, he asked what was in the minds of most people present.
Many people were observing Levi Garrison and thought he was a little sneaky.
Even Zoey Lopez felt that Levi Garrison might have come to learn.
But everyone can't say it directly.
After Yin Zhengping put it forward, everyone responded.
"Yes, I see him standing here for a long time, and has been sneaky!"
"Not only that, he goes back and forth in almost every team…"
"The observation is very careful. Every student has to observe for more than one minute. Isn't this
stealing learning?"
…
Everyone surrounded Levi Garrison.
Zoey Lopez looked at each other, and an idea came to mind—could it be that Levi Garrison came in as a
mentor, in fact, to learn something.
It is reasonable for him to patrol the audience as a mentor.
Directly learn, he can't pull it off.
But when he learned secretly, no one said anything.
When Yin Zhengping said this, they felt that Levi Garrison was going to learn secretly.
Facing everyone's questions, Levi Garrison sneered, "I need to learn from them? Are they worthy?"
The students are going to be angry.
But the gods and the gods of Tiance made everyone quiet.
No conflict!

The students don't know, how could they not know?
Their bit of breaking power is not worth learning by Levi Garrison at all.
Levi Garrison showed a deep smile, took a deep look at the crowd, and left.
"Let's see! Levi Garrison smiled like that, it shows that he learned it secretly! It's shameless!"
"A dignified instructor, even stealing a lesson! Shameless!"
"This is not fair to us!"
...
The emotions among the trainees are very high.
But Levi Garrison was happy to see such emotions, the more ups and downs, the more he could detect
the spies.
Just now Levi Garrison almost observed many people for at least one minute.
Indeed found a few good seedlings!
It is not suitable for practicing his exercises, but other exercises can be practiced. He needs to guide and
guide, and future achievements can be higher than those of Tiance Shenshuai.
It can be regarded as reaching the standard of a super strong in his mind.
Of course, Levi Garrison also discovered some spies such as Yin Zhengping.
Although there is no conclusive evidence, it is basically true.
But they progressed too slowly.
Of course, it was also the reason why they couldn't reach the three of Dark Gods.
Levi Garrison decided to add fire to them!
night.
He gathered Tiance Shenshuai and others together.
Simply talked about some of my own plans.
Implemented the next day.
the other side.
The agents of the Sky Shield and the great apprentice of the Dark God have already begun to act.
The Return of the God of War [The Protector] Chapter 2640
Especially the Black Hawk agent was going to send someone to Daxia and went directly to Ye's family to
start inquiring about clues to the new owner of the ancient Garrison Clan.
The great disciple of the Dark God first searched in the Bible organization.

The Kunlun College, which was most hopeful by the Gods Laboratory, has no clues for a long time…
The contest between the two sides is ongoing.
The next day.
In Kunlun College, Tiance Shenshuai summoned all the trainees and mentors to hold a meeting.
"In order to motivate students! Kunlun College decided to launch a reward mechanism!"
"Compare once a month! First, divide the individual ranks of the trainees. Second, divide the ranks of
the teams!"
"The students who get the first place will get the supreme artifact! This artifact is forged by the Dark
God! The power is terrifying!"
"The top three in the team will get a lot of resources, such as potions, artifacts, etc.! All the resources
that can strengthen your strength!"
…
As soon as this message was announced, the whole audience exploded.
Everyone has heard of the artifact forged by the Dark God.
But I have never seen it with my own eyes.
Can only yearn for.
Now there is a chance to get it.
Who is not excited?
Everyone is as if they were beaten up…
"In order to inspire everyone! The dean has sent an artifact for everyone to see!"
The next word from Tiance Superintendent completely made the entire Kunlun College boil.
Can you see the artifact at the scene?
Can still test the power?
soon.
Someone brought a long box of modern technology.
After entering the password.
The long box opened.
A shining blue crossbow popped out of it!
"boom!"
At the same time, a terrible force radiated from it, squeezing the audience.
Even Ye Qingtian's faces changed drastically.
They all felt a coercion.
Ye Zhantian gritted his teeth.
Just this divine tool is more powerful than his sword.

What Levi Garrison took out was indeed a good thing.
Let's put it this way, as long as you can fully control it, your strength can be raised to a higher level!
But this is not so easy to control.
Even Tiance Shenshuai and others can't say 100% control.
Except for Levi Garrison, there should be no one who can exert the greatest power of the artifact in the
field.
The Return of the God of War [The Protector] Chapter 2641
But even one percent of its power is uncommon in the world.
There is also a mezzanine inside the long box.
Twenty arrows are neatly placed in the mezzanine!
It's made of special metal from Forbidden Area No. 76, and it contains terrifying energy.
An arrow was shot, destroying the world.
The Heavenly Sword and Earth Sword was a fart?
Seeing the artifact coming out, everyone clenched their fists tightly, and there was a trace of madness in
their eyes.
Who doesn't want to get it?
"Now we choose a student to try!"
"Xiao Feng!"
Tiance superintendent finally chose Xiao Feng to try the artifact bow and crossbow.
"good!!!"
Xiao Feng excitedly agreed.
Rushing to the front, tremblingly took out the crossbow from the box.
Everyone else looked enviously!
Tiance Shenshuai flashed, and retreated to a hundred meters away from Xiao Feng.
"Come, take an arrow! Attack me!"
Tiance is so handsome.
"what?"
This made Xiao Feng stunned.
"Wrong! Do your best to pull out an arrow to attack me!"
Tiance Shenshuai said very affirmatively.
Xiao Feng tremblingly grabbed the crossbow, the weight of the crossbow apparently stunned him.
Is this too heavy?
Like the weight of a hill!
He took another bow and arrow from the mezzanine and put it on the crossbow.

“Then be careful! I’m going to start!!!”
Xiao Feng’s momentum was shocked, and he wanted to leave the bowstring.
But with this start, he almost staggered to the ground.
too heavy!
Can’t open it at all!
Sure enough, the artifact is not easy to control!
It’s invincible if you control it!
“what!!!!”
Xiao Feng pulled the crossbow again and roared into the sky.
His aura continues to rise, and his strength continues to increase.
The whole person seemed to burst.
He is using all the strength of his body to pull out this arrow…
“Rumble…”
Even the earth was trembling, making a loud noise.
However.
The bowstring was only pulled halfway, so I was dissatisfied with it!
It shows how powerful this artifact can be controlled!
“Whoo!”
The Return of the God of War [The Protector] Chapter 2642
Xiao Feng reached the maximum and shot this arrow violently.
This arrow swept across the mountain with the force of a tsunami.
That is lightning speed, no one can capture it.
In an instant appeared in front of the God Commander Tiance.
After the contact, Tiance Shenshuai’s face changed drastically.
He underestimated the enemy.
I thought that even if it was a divine tool, Xiao Feng’s use of this level would not cause him much harm!
result!
Now it is a direct threat to life!
“Ah!”
Tiance Shenshuai scolded, and tried his best to resist.
“Chichichi…”
Tiance Shenshuai has been going backwards.
It stopped after a few kilometers, and the offensive of the arrow was resolved.
The whole person is extremely embarrassed!
Amazing!
It was shocking!
Zoey Lopez, Azure Dragon (Qinglong), Kirin (Qilin) and others clenched their fists tightly!
They must be the first and must get the artifact!

too frightening……
But Levi Garrison dismissed it with a smile.
It's boiling!
Because this is an artifact that everyone has never seen before, and has never seen such a power.
Too eager!
After seeing the true power of the artifact, everyone was ecstatic.
Who doesn't want to get it?
Xiao Feng, a quasi-sacred leader, even threatened the god-skilled Tiance after using the artifact.
And it wasn't pretended by the gods of Tiance, the true power is like this.
And everyone can see that Tiance Shenshuai has underestimated the enemy.
Who doesn't want to get such an artifact?
In addition, everyone is training hard here, and the strength has reached a certain level.
Not to mention full control of the artifact, half or one third.
All of them can directly challenge the top ten of the gods.
There was a fiery look in everyone's eyes, an almost crazy look.
Not only the students, but also Ye Qingtian's expressions changed drastically.
Levi Garrison still has such a good thing?
I want to come, more than one or two…
this is too scary.
Levi Garrison also deliberately observed the changes of the students.
Especially the spies Yin Zhengping looked different from others after seeing the artifact.
They tend to be more surprised and fearful.
Surprised and feared why the Dark God has such an artifact…
This look is different from what other people expected.
Levi Garrison knew it at a glance.
The Return of the God of War [The Protector] Chapter 2643
Apart from them, there are still many people in the field.
Of course, some are extremely hidden and not easy to find.
Levi Garrison smiled.
It seems that this fire is wrong…
"Everyone has seen it? There are many opportunities to get the artifact in the future! Where is the
dean?"
Tiance Shenshuai smiled.
This makes everyone crazy.

I became more and more curious about what kind of existence the dark god is.
Even Zoey Lopez now suspects that the dark god has changed a person…
My master could not have this ability in the past!
Even said that the difference is too far.
For Yin Zhengping and the others, the God of Darkness became more and more mysterious.
The more so, the more distressed they are.
There are no clues at all.
"In addition to personal rewards, there are team rewards! They are also resources provided by the Bible
Organization of the Dark God!"
"This will greatly enhance your strength, and you must know it yourself!"
…
The whole team is full of vigor and vigor.
One by one seems to be crazy.
"Let's work hard together! Let's not talk about the individual performance, our team must be in the top
three and strive for the first place!"
Azure Dragon (Qinglong) shouted.
"Yes, we will be the first if we want to be!"
Shura God of War and they all expressed their views one by one.
All the teams in the field are cheering wildly.
They were roaring one by one.
The sounds gathered together, all resembling thunder.
All of them showed great effort.
Every team is enthusiastic.
Only Levi Garrison's team was quiet as usual, and quiet enough to be heard.
Everyone looked calm and calm.
There was even a trace of disdain in his eyes.
As if the artifacts in front of me were all pediatrics.
Since they saw Levi Garrison's shocking punch, the movement of the artifact tossed out was not worth
mentioning at all.
They looked at other students as if they were watching a group of buns who had never seen the world
before.
Where is one by one twitter.
It's like the guys who have just met the world.
Not to mention Levi Garrison.
He looked at the crowd with a high air, as if mocking.

soon.
Everyone noticed the extremely quiet team from the hot environment.
Why are they so quiet?
Everyone is very puzzled.
The Return of the God of War [The Protector] Chapter 2644
This is not in line with ordinary people's thinking.
"Impossible! Who is not excited to see this artifact? Even if you see these instructors are a little crazy!
Why are they so calm?"
"How did they do it?"
Everyone said one after another.
All eyes were on Levi Garrison's team.
"I know why they are calm…"
Zhu Shaoyuan said to everyone: "Think about it, everyone, only the first in the academy can get the
artifact. Can any of them do it?"
"Impossible! No one can do it! They will only be in the bottom line!"
"That's not enough, the artifact is completely unfavorable with them! Secondly, the team performance,
how many do you think their team can rank in all the teams?"
Zhu Shaoyuan continued to inquire.
"Don't think about it! They will definitely be the bottom! All the time in the future, they will definitely be
the last one! Just fight for the second one!"
"Sure! They are definitely the last one! You can tell without comparison!"
"Give them the number one from the bottom directly, there is no one in the options!"
…
Everyone said one after another.
"Well, in this way, the rewards of team performance will have nothing to do with them!"
"It means that the reward system proposed today has nothing to do with them! So why should they be
as excited as we are?"
"Why should I get excited about something that has nothing to do with me? The way they are now is the
most normal!"
After listening to what everyone said, everyone felt very reasonable.
On the contrary, Levi Garrison's team is like this, which is the most normal.
"Hahaha……"
Everyone laughed.

“I feel sorry for them! The academy’s rewards are so good, in the end it has nothing to do with them!”
“Like we can at least fight for it! Individuals can’t, there are teams to fight for! But they can’t do
anything!”
…
At this time, someone suggested: “Since there is a reward system, there should be a punishment
system, right?”
“The bottom three in the team’s performance, and the bottom ten who are behind in personal
performance should be punished! This can also be a reverse incentive! Otherwise, those who are at the
bottom will feel at ease and have been motivated all the time! Be content with the status quo!”
“Yes! If there is punishment, there must be an incentive system!”
…
Everyone agreed.
“I will announce another academy’s decision-due to the special nature of the sect of One Word Side by
Side, they will not participate in the monthly assessment! They will directly participate in the
competition one year later!”
Tiance Shenshuai said again.
As soon as this decision came out, the audience was in an uproar.
Everyone was shocked.
But think about it.
They are the default one from the bottom. What is the difference between participating or not?
At most, suffer more insults and ridicule.
The Return of the God of War [The Protector] Chapter 2645
Just don’t participate.
This decision was also what Levi Garrison meant.
Compared to other people, this practice is indeed slow.
Especially the monthly assessment, which greatly affects their rhythm.
So it’s better not to participate at all.
Anyway, Levi Garrison’s students wouldn’t need those rewards!
Levi Garrison noticed a detail.
Such a good opportunity for ridicule, Yin Zhengping and the others stopped ridiculing.
Attention is all on the artifact.
Levi Garrison didn’t understand their thoughts.

Want to know more information about the Dark God.
At the moment, the artifact is the entry point.
They are bound to work on the artifact.
Such as stealing to study…
"A year from now, you will honestly be the last one!"
After the crowd clamored, the audience dispersed.
Under the protection of everyone, the artifact was also taken away.
Finally put it into the secret laboratory of the college.
"Tutor! Don't worry about the safety of the artifact? We are afraid of someone stealing such a terrifying
artifact!"
Yin Zhengping came forward and said.
Levi Garrison was happy.
Is this kid not tricking himself?
Also actively asked, is this trying to rule out your own suspicion?
"No! The laboratory where the artifact is stored is the safest place in Kunlun College! Let me put it this
way, no one can open it except our own! Don't worry, it is extremely safe!"
Tiance Shenshuai said.
"That's good, we are relieved!"
afterwards.
Tiance Shenshuai and Levi Garrison gathered together.
"Dean, do you say they will do it?"
"Yes, would it be too obvious to do this!"
Tiance Shenshuai asked several people.
"They are now eager to find clues, how could they not do anything when such an important thing
appears? Even if they are exposed, they have to do it!"
Levi Garrison smiled.
"But are we too strict in guarding the artifacts? In addition to human guards, there are eight locks in the
laboratory! I doubt if they can open them?"
The point that Tiance Shenshuai is worried is not unreasonable.
They made a mistake, but they couldn't open the laboratory. Can't get the artifact.
Levi Garrison smiled: "Then we can't control, we can only say that they are rubbish! We can't even get
the artifacts! Not only can we not relax, but we must strengthen supervision!"
The Return of the God of War [The Protector] Chapter 2646

“That’s right, once we relax, they might think it is a trap we set deliberately! The harder the better!”
Other humane.
“Eight of us will guard tonight!”
Levi Garrison picked eight mentors to guard them personally.
…
Capital.
In the base of the Gods Laboratory.
Mr. X has obtained complete information.
“This artifact is so powerful, it should be able to explain the identity of the dark god…must be brought back!”
“Send my order and let everyone act at all costs! Even if it’s all exposed, you must get the artifact!”
“Go, send them all the equipment!”
Mr. X directly gave the death order.
After receiving the order, the spies of Kunlun Academy dispatched one after another.
But for the sake of security.
They still retained a dozen people.
It can’t be exposed at all.
The remaining dozens of people swiftly acted together.
Levi Garrison retreats to the north of the laboratory.
Early on, he noticed that seventy or eighty auras came from different directions.
He quickly locked everyone in.
They are well-trained, some are exalted, some are responsible for vigilance, some are responsible for responding…
And they used unprecedented equipment.
It is not in this new era.
Then there is only one possibility-the equipment of the laboratory of the gods.
“Um?”
Levi Garrison suddenly noticed.
Their bodies are transparent, like ghosts.
Just like the pure energy body that he had hunted down in Forbidden Area No. 76 before.
They not only created a pure energy body, but also created ghostly transparent equipment.
Hardly reveal any energy fluctuations.

Don't talk about ordinary people, they don't even think about observing it even if the gods are
handsome.
Twenty or thirty ghost bodies approached the laboratory.
Skip the eight mentors and their guards, and enter the outskirts of the laboratory.
Of course, the other seven mentors and guards were really skipped, they didn't even notice.
But Levi Garrison had a panoramic view of everything.
Even if he sits on a boulder and closes his eyes.
He clearly felt that someone had passed him and raised his middle finger towards him.
The Return of the God of War [The Protector] Chapter 2647
It seemed that he was despising such an important artifact and sent Levi Garrison to guard it.
There is no difficulty in breaking through the line of defense.
Levi Garrison made a special note of this person, named Fan Zhisheng.
Dozens of ghostly figures sneaked into the laboratory.
They used the equipment of the Gods Laboratory to unlock the eight locks of the laboratory and
successfully found the location of the artifact.
Replace the artifact.
After getting the artifact, everyone left immediately.
Now everyone fled from Levi Garrison's direction.
After all, in their opinion, Levi Garrison's breakthrough in this direction is the easiest.
When passing by Levi Garrison, everyone smiled meaningfully.
In Levi Garrison's opinion, these guys are despising themselves.
But this is different from what he thought.
They laugh like this, but they have other ideas.
After this group of people came out, the reception team immediately responded.
Finally, the release group and the alert group left one by one.
There are no traces left.
But where do they want it.
Levi Garrison actually left marks on them one by one.
This is the tracking chip developed by the strongest team of the Bible Organization.
It's actually a drop of liquid.
After entering the body, it will dissipate.
Follow it up.

Now Levi Garrison's men have locked dozens of them and are tracking them all the time.
Including where they go.
Can be noticed.
Levi Garrison smiled.
At this time, no one else discovered that the artifact had been stolen.
If there is no advance notice from Levi Garrison.
I am afraid that it will take a long time for them to find that the artifact has been stolen.
"As expected of the Lab of the Gods, this set of equipment is still advanced, and it was stolen without
knowing it…"
Levi Garrison smiled.
After hearing Levi Garrison's notice, everyone knew that the artifact had been stolen.
"too horrible!"
Even Tiance Shenshuai wiped cold sweat.
If it weren't for Levi Garrison's presence.
The laboratory of the gods came out.
Tiance Mansion and Baolong clan might not be able to cope with it.
Unless it is Daxia's two types of existence…
"Dean, now? What should I do?"
Everyone asked.
"Wait!"
The Return of the God of War [The Protector] Chapter 2648
Levi Garrison smiled: "Wait for them to send back the artifact!"
"Ah? They will send it back? Impossible? How can the stolen artifact be sent back?"
Everyone is puzzled.
Ye Zhantian said: "They just check it out, find some clues, and they will definitely send it back!"
Levi Garrison smiled and went to contact the Bible Organization to see the tracking situation.
…
Everyone knows to send it back.
But I didn't think they would transport the artifact out of Kunlun Academy at all!
After getting the artifact.
The detective Yin Zhengping scanned the artifact in all directions at the fastest speed.
This is an instrument specially equipped by Mr. X.

Scan the artifact directly, and send the analysis of the data, image, and material to it.
There is no need to deliver things personally.
After the artifact data is passed.
The laboratory of the gods began to analyze.
The result came out in a few minutes-
The structural components, power, etc. of this artifact are most likely to be the same as the artifacts
used by the "Gods" that the Gods Lab encountered in Forbidden Area No. 76.
At least 90%.
The only difference is the forging technique…
However, there is not much information about the No. 76 forbidden area they have collected before…
It is basically certain that this artifact is used by the "God" in Forbidden Land No. 76.
"But this doesn't explain anything, at best, it means they have found the artifact used in Forbidden Area
76! After all, the Dark God now has this place!"
"Yes! This artifact does not explain anything? And I heard that the Dark God has many other artifacts,
which means it was picked up!"
"You said that the dark god is the god who came out of the forbidden area No. 76?"
Lucifer had a bold idea.
Mr. X echoed: "Mostly! We guessed wrong before! We all guessed on Daxia! But I ignored Forbidden
Land No. 76! Why is Forbidden Land No. 76 a god? That's because they all left!"
"If this is the case! It would be terrible! More serious than any result we thought! The God of Forbidden
Land No. 76 will be our biggest obstacle!"
Levi Garrison also didn't think that this group of guys had been involved in Forbidden Land No. 76 after
analyzing for a long time.
…
the other side.
Levi Garrison is tracking the whereabouts of these spies.
It turned out that they were motionless.
It's in Kunlun College.
Never left at all.
"Huh? What's the matter?"

Levi Garrison looked surprised.
That means that the artifact has not left Kunlun Academy.
This is how the same thing?
And it's been a long time to see them send the artifact.
what happened?
The Return of the God of War [The Protector] Chapter 2649
He also wanted to track these people and find the whereabouts of the Gods' Laboratory.
It turned out to be like this…
Time passed by every minute.
The person Levi Garrison was staring at was always at Kunlun College.
Never left at all.
Other people who have not been marked can also do nothing.
It's as if the artifact has never left.
But I never saw the artifact sent back.
This is completely different from what Levi Garrison predicted before.
How did he know that the Lab of the Gods had instruments for scanning artifacts.
"What should we do now?"
The others started to panic.
Can't help asking Levi Garrison.
"Wait! There is no other good way!"
Levi Garrison approached.
He was thinking about what was going on.
Mr. X on the other side is still continuing to analyze.
"If the Dark God came out of Forbidden Land No. 76, how could it have something to do with Daxia?
Why set up Kunlun Academy, and what is he doing?"
"In terms of race, the gods that came out of Forbidden Area No. 76 are more biased towards us! To
cooperate, you should cooperate with countries like the Warhawk Nation.
How could it be Daxia?"
…
Everyone can't figure it out.
Mr. X looked serious: "This is what we should check next!"
"The Dark God has already made a major breakthrough here! Let the Sky Shield and the others speed
up! Quickly find out the master of the ancient Garrison Clan!"
…
The whole night passed.
Artifacts have never been sent back.

The dozens of people marked by Levi Garrison have never left Kunlun College.
This is very strange, making Levi Garrison very puzzled.
Do they think that the artifact has taken over?
Or there are other ways to get out of here.
After waiting all night for no results.
Levi Garrison decided to return.
This hunting operation is a failure!
There are still many shortcomings in what I have prepared.
To continue from other aspects…
Just after Levi Garrison left.
Suddenly someone shouted: "The artifact is lost!!!"
When the students heard this sound in the place where they were staying, they stood up one by one.
All gather outside.
And one by one, the message that the artifact was lost was conveyed.
One pass ten.
The Return of the God of War [The Protector] Chapter 2650
Ten pass one hundred.
…
Soon the whole college knew.
Thousands of students all gathered together.
The mentors were all taken aback by this battle.
They also gathered quickly.
The students and instructors gathered in the place where the artifacts were stored.
Even the gods of Tiance were dumbfounded.
They also did not release the message that the artifact was missing. Who sent it?
There is a problem with this.
But so many students have come.
At least give them an explanation.
"Teacher, see if the artifact is there…"
Everyone hastened to urge.
Faced with the urging of so many people, the superintendent Tiance could only bring everyone to the
laboratory.
The place where the artifact was placed, after the box was opened, there was another weapon in it, not
a artifact at all.
Obviously it has been swapped.
At this point, Tiance Shenshuai seemed to understand something…

They were calculated.
“Sure enough, the artifact was lost!”
“Hurry up and find it! The artifact has been contracted!”
…
This time the crowd burst.
In everyone’s mind, this artifact is just like yours.
Lost, absolutely unbearable.
“We must find the person who stole the artifact, and we must absolutely punish it!!!”
Everyone shouted.
“That’s not right! You said yesterday that the mentor, the artifact is definitely not to be thrown away!
Unless you are…”
“I think the instructor who guarded the artifact last night had a word side by side, right?”
“Yes, I’m sure! I saw the king guarding the artifact side by side!”
“Now that he is not here, it shows that he is suspicious…”
Someone said suddenly.
Index the flame on Levi Garrison’s body.
“That being the case, let’s go to Master Ye and find out, don’t we know?”
“good!”
Everyone responded.
Thousands of people rushed to Levi Garrison here.
At this time, Levi Garrison had just arrived at the station.
“Teacher Ye, when was the divine tool here with us?”
The Return of the God of War [The Protector] Chapter 2651
Jiao Tianyu held the artifact and looked at Levi Garrison in surprise and asked.
Others also said one after another: “Yes, I don’t know what’s going on. Get up early in the morning, the
artifact is here! Very strange!”
“We haven’t moved at all! Besides, if the artifact is hidden in the laboratory, we also don’t have the
ability to take it out!”
…
Everyone was surprised.
Levi Garrison took over the artifact.
Looked carefully.
suddenly.
He has a bad feeling!
not good!
The artifact was actually sent back.

It's just that they haven't been sent back to the laboratory.
But sent to myself.
It suddenly appeared in Levi Garrison's mind that when the group of guys left last night, they looked at him meaningfully.
At that time, Levi Garrison thought they were laughing at that he couldn't find them.
Now it seems that there are other ideas.
They were trying to send the artifact to themselves, and then they were arranging the artifact by themselves.
All this is already in the calculations.
No wonder the artifact has not returned yet.
The reason is here.
not good! ! !
"boom!!!"
Levi Garrison's body trembled suddenly.
At this moment, a large number of people rushed in.
Levi Garrison also held the artifact in his hand.
Everyone saw it at a glance! ! !
"Hahahaha… Am I wrong? Levi Garrison stole the artifact! He also bought a fake one!"
"Everyone gets the money! See what else he can refute!"
"I have to say that Levi Garrison is stupid. He stole the artifact and hid it, and even showed it to everyone! Didn't this come to the door by himself?"
…
Thousands of people saw it with their own eyes.
A hundred mouths can't argue!
Even Levi Garrison laughed himself.
It turns out that these spies are secretly thinking about the Fa, what about themselves?
But a little too naive, pediatric stuff.
But hear here.
Jiao Tianyu and others immediately began to defend: "Everyone is misunderstanding! We saw the artifact here when we got up in the morning! I don't know who put it here!"
"Instructor Ye just came back! He didn't steal it!"
"Yes, besides, he has no motivation to steal, he doesn't like this stuff…"
…
"Ho ho, do you fart? Still motivated?"

“What is the power of the artifact? Everyone saw it yesterday! Who is not greedy! Even the major
mentors are unavoidable. As for you, you are the group that is the least likely to get the artifact. Your
mentor is greedy for the artifact, so I changed the package!”
The Return of the God of War [The Protector] Chapter 2652
“And he was the tutor to the guard last night, he can do it very easily!”
“Tiance God Commander said that outsiders can’t steal the artifact! Unless you are! This just shows that
Levi Garrison did it!”
“Furthermore, we have seen all this with our own eyes! Do you still have to quibble?”
…
Everyone said this, no matter how Jiao Tianyu and the others argue, it will be futile.
After all, the lost artifact was found here, and Levi Garrison took it personally.
Nothing is useful!
“Levi Garrison was secretly learning our exercises a few days ago, and it is not weird to steal the artifact
now!”
“He is so weak, he can understand if he wants to be strong!”
…
Everyone said one after another.
They look ugly after plum dyeing.
Looking at Levi Garrison incredulously.
Did he really steal the artifact in order to become stronger?
It’s not that they don’t believe in Levi Garrison, but the evidence is solid.
Also, stealing the exercises was also caught on the spot.
Everything is ironclad proof.
…
Immediately, someone changed their words: “But Levi Garrison stole the artifact and is still a mentor!
The academy will give you an explanation! Otherwise, it will be difficult to convince the crowd!”
“Yes! Give an explanation! Stealing artifacts should be dealt with!”
“Levi Garrison is still a mentor, so he deserves to be more guilty!”
…
Everyone shouted.
It means to force the palace.
They were stunned.
Don’t know how to deal with it.

They realized it later, and it was only later that they understood all this.
But everything is too late.
"Everybody gets the loot! Seen by everyone! Levi Garrison is stealing!"
Yin Zhengping shouted.
This is directly deciding Levi Garrison to death.
There are all personal and physical evidences, and there are motives…
The dozens of spies from last night showed successful smiles and looked at Levi Garrison, the scapegoat.
"Levi Garrison, what do you have to say? We listen to your sophistry!"
Thousands of eyes stared at Levi Garrison.
It seemed to melt him.
"I have nothing to say! As you can see, things are in my hands!"
Levi Garrison smiled.
But even if he took it back, it was called taking it.
Because this is his thing!
Jiao Tianyu and the others wanted to argue, but they didn't know what to say.
A hundred mouths can't argue!
"Since Tutor Ye admits it himself! Then the academy should punish accordingly, right?"
"Yes, Teacher Ye has a special identity, so he deserves to be more guilty!"
"Punish, punish!"
The Return of the God of War [The Protector] Chapter 2653
Thousands shouted.
Zoey Lopez and Azure Dragon (Qinglong) bowed their heads one after another.
It feels very embarrassing.
Can't wait to find a seam to drill in.
They didn't want to admit their relationship with Levi Garrison.
What a shame.
All of them lowered their heads, not wanting to say that they knew Levi Garrison.
He actually did such a thing!
"this……"
Tiance Shenshuai several people are embarrassed.
How dare they punish Levi Garrison?
But in order to quell public anger, a series of measures must be taken.
"This matter is of great importance. After we discuss it, let the dean and deputy dean make a decision!"
Tiance Shenshuai said.
He wanted to use the gimmick of the dean and deputy dean to suppress this group of people.

As a result, everyone did not agree.
“No! This evidence is conclusive and must be dealt with! Otherwise, it will be difficult to convince the
public!”
“Aren’t the results obvious? What else is there to discuss?”
…
Under the lead of these spies Yin Zhengping, Levi Garrison was to be punished on the spot.
“Dispose of it on the spot! I think the thief is just a three-handed act! So, cut off his hands! Let him kneel
in front of the gate of the academy and confess all day and night, and this matter will be resolved!”
Someone shouted.
Levi Garrison recognized this person as Fan Zhisheng from last night!
“Okay, that’s it!”
…
A hundred responses.
Each one had to punish Levi Garrison in this way.
Fan Zhisheng sneered.
A look of success.
“Did you say you want to cut off my hands? Make me kneel?”
Levi Garrison’s eyes fixed on him.
“Yes! Wrong! This is the price you paid for stealing!”
Fan Zhisheng sneered.
Levi Garrison did not speak.
He just stepped forward step by step and came to Fan Zhisheng.
Fan Zhisheng also smiled.
Looked at him disdainfully.
“Snapped!”
“boom!”
“boom!”
Suddenly, Levi Garrison made a move.
First, he slapped him severely with a slap, then knocked him to the ground with a punch, and kicked Fan
Zhisheng more than ten meters away.
shocked!
The whole audience was stunned!
The Return of the God of War [The Protector] Chapter 2654
No one thought that Levi Garrison would suddenly do something.
Fan Zhisheng was even more stunned.
It stands to reason that he is at the forefront of the quasi god list, and he doesn’t know where he is

stronger than Levi Garrison.
But who would have thought that he could not fight back.
"Puff..."
Fan Zhisheng gurgled blood after falling to the ground.
Was beaten to death.
He would never have thought that Levi Garrison had been eyeing him last night.
Starting from the vertical middle finger, Levi Garrison wanted to beat him a long time ago.
Now he jumped up to catch up by himself.
Levi Garrison will naturally not let it go.
It took a few minutes for everyone to react one after another.
"Levi Garrison, what are you doing?"
"How do you hit someone?"
...
Several spies with Fan Zhisheng shouted subconsciously.
"Snapped!"
"Snapped!"
...
Levi Garrison slapped their faces again.
Senseless.
Someone speaks again.
Levi Garrison slapped again.
soon.
There was silence in the field.
No one dared to speak.
Speaking must be drawn!
But not everyone smokes Levi Garrison.
They were all participants in the theft of artifacts last night.
"Are you looking for death? Think we can't beat you?"
Many people will fight back.
At this time Fan Zhisheng raised his hand and shouted: "Don't! Wait a minute! Don't get caught!"
"He hit us like this, nothing more than forcing us to shoot! Once we do it, the nature changes! He is the
tutor of Kunlun College anyway, we hit the tutor, we are guilty, and he can use this to offset it. NS!"
After hearing what Fan Zhisheng said, everyone nodded in agreement.
They were amazed at the depth of Levi Garrison's strategy.
Actually use this kind of aggressive method.
Levi Garrison is happy: "You think too much, I just want to hit you!"
The Return of the God of War [The Protector] Chapter 2655

“Boom boom…”
With that, Levi Garrison stepped forward and kicked Fan Zhisheng.
Fan Zhisheng gritted his teeth, his face full of anger.
Although he endured the pain, he swore to the death not to fight back.
Levi Garrison didn’t get used to him, punching and kicking.
If it weren’t for Tiance Shenshuai to stop him, or Fan Zhisheng would be beaten to death.
“Calm down! Calm down!”
Tiance Shenshuai waved his hand.
“Teacher, Levi Garrison committed the crime of theft and beat someone again. He must be punished
severely!”
Everyone shouted.
“Shut up to me! When did you decide at Kunlun College? This matter is decided by the dean and the
others! No one can mention it again!”
“Come here, take the artifact away!”
…
With such a tough attitude, the gods of Tiance dared not speak.
Soon everyone dispersed.
“That’s the end of the matter? Is there any more?”
The students who left were very angry.
Still discussing this matter.
“Let the dean think about making a decision. Isn’t it obvious? That’s the end of this matter.”
Humane.
“But… But Levi Garrison stole something and was hit by us! This is nothing?”
“I’m not convinced!”
“I’m also not convinced!”
…
Not only the spies in the Lab of the Gods, but also many others find it unfair.
“You are not convinced! Talk to the gods and the gods of Tiance!”
“Don’t you still see it? Kunlun Academy tried to protect Levi Garrison! Besides, the artifact was also
found! This matter is gone!”
Yin Zhengping said.
The injured Fan Zhisheng also echoed: “Yes! Wrong! We underestimated Levi Garrison’s status! His
status in Kunlun College and even Daxia is very important!”

“Don’t say anything else, the identity of the king of the word side by side is bigger than the sky! As long
as he doesn’t do anything to damage Daxia or pierce the sky, they can all be guaranteed!”
“After all, in the past, the king of the word side by side was Daxia’s savior! The status in their hearts is
completely different!”
“It’s not a person who can’t even make it on the quasi god list in our concept!”
This time, everyone knows one thing-Levi Garrison’s status is too high and too high!
It is estimated that Levi Garrison can be exchanged for Daxia’s treasures!
Afterwards, these spies told the matter to the Lab of the Gods.
The Return of the God of War [The Protector] Chapter 2656
Shortly after.
Several people from Tiance Shenshuai approached Levi Garrison.
“Now it seems that they designed it early in advance and put the artifact with me. I stole the frame!”
“Then it means that the artifact didn’t leave at all last night and has been in Kunlun Academy!”
Levi Garrison analyzed.
“But if the artifact is not taken out, how do the people behind them know?”
Tiance asked the superintendent.
“It’s scanned! There are advanced equipment for scanning, and the data can be transmitted over, no
physical objects are needed!”
Levi Garrison has roughly understood everything.
Levi Garrison smiled: “If I guess wrong, now their equipment is still in Kunlun Academy… Then they will
find a way to send it away…”
“Yes, if they have such a scanning instrument! It will never be safe to put in Kunlun College! Sooner or
later they will be discovered! For this reason, they will definitely send it away!”
“We just need to stare! See who they have given these instruments to by then, and then see where the
final equipment will be. There will definitely be clues!”
“I immediately arranged people to stare at them!”
…
There was a glimmer of hope that Levi Garrison would never let it go.
But he once again sighed that the Gods Lab was cautious in doing things.

Originally this was a great opportunity, but I didn't realize it at all.
After Levi Garrison explained to them, he just returned to the station.
Zoey Lopez and his party approached him.
"Is there anything? If you don't practice hard, what are you doing here?"
Levi Garrison asked.
In fact, these days, Levi Garrison is very happy instead of being with Zoey Lopez and them.
"Let's discuss one thing with you!"
Zoey Lopez said with a complicated expression.
"In fact, we all discussed for a while, and finally a show of hands voted. Everyone unanimously agreed
on this decision!"
Levi Garrison smiled: "What the hell is going on, just talk about it!"
"I……"
Zoey Lopez hesitated but couldn't say it.
"Madam, let me talk about it!"
Having felt Xiao Feng of the divine tool, the whole person is extremely confident.
Before that, he didn't dare to say that to Levi Garrison.
After feeling the peerless power, I am full of confidence.
He stood up and said: "Master! We just discussed and made a decision-we all unanimously recommend
that you resign as a tutor! Leave Kunlun College! This is not for you!"
"Master, we know you very well. You don't like rules and regulations. You like freedom! Kunlun College
is not suitable for you either as a tutor or a student!
If you continue to stay in Kunlun College, many things will happen! And you're also mischievous! You
can't rely on being meritorious to Daxia and having a high status, you can behave in Kunlun students!
What happened this time is just a wake-up call, if you don't leave, more and bigger things may happen!
It will be troublesome if you can't collect it at that time! "
The Return of the God of War [The Protector] Chapter 2657
After Levi Garrison listened, his expression was grave: "Is this the opinion of all of you?"
Zoey Lopez and others immediately nodded: "Yes, not wrong! We have discussed it unanimously!"
"Now, please take the initiative to leave Kunlun College and resign from the position of instructor!
Otherwise, you may be kicked out at that time, or more serious!"
…

Everyone said.
They are all well thought out.
Levi Garrison staying here is not good for him, nor good for them.
Has been affecting them.
"Thank you for your suggestion, but I don't accept it!"
Levi Garrison turned and left.
"you……"
Plums can't make them angry.
But there is no way.
He still has to go to business, where there is no time to gossip with them.
Sure enough, Levi Garrison had just returned to the station.
He received a message from the Underworld God.
"Master! Agents of the Sky Shield of the Warhawk Nation were found around the Daxiaye Clan! A total
of 17 people! I have sent someone to arrest them!"
"Are the Sky Shield Bureaus here? Sure enough, they couldn't help it!"
Levi Garrison was surprised and happy.
"Yes! You know that the Sky Shield Bureau hasn't set foot in Daxia for four years. This time it suddenly
sent seventeen people, which is incredible!"
"So I was arrested immediately!"
…
the other side.
The Tianshield Bureau knew about the arrest of the seventeen agents for the first time.
Agent Black Hawk was anxious.
Mr. X was immediately contacted.
"The matter is urgent! Don't let people be interrogated! Otherwise, something big will happen! It must
be rescued immediately, the sooner the better!"
"It is more difficult to rescue with my current ability, Mr. X, can you send someone there?"
Agent Black Hawk asked.
"I thought of a good way…"
The Return of the God of War [The Protector] Chapter 2658
Mr. X said.
Not only the Black Hawk agent is curious, but the people around Mr. X are also curious.
What is the solution…
"They arrest people, and you arrest people too!"
Mr. X smiled.

The Black Hawk agent was dumbfounded, and asked in disbelief: "Catch people? Who are we catching?"
Lucifer was even more confused: "Mr. X, you mean to catch people and change it, right? But it doesn't
work to catch anyone! Really valuable and useful people can't catch it!"
"Well, if I can catch the gods of Tiance, I can definitely exchange my people back! But how can I catch
someone of this level?"
Agent Black Hawk looked distressed.
"It's enough to catch one person!"
Mr. X sneered.
"Who?"
"Levi Garrison!"
"Huh? Levi Garrison?"
The Black Hawk agent and Lucifer and others are incredible.
Agent Black Hawk expressed doubt: "Can it work? What is the value of a Levi Garrison? Can I get back to
the seventeen agents of mine?"
"If I had thought the same before, but the message from the spies not long ago… Levi Garrison was in
Daxia and had a very high status in Kunlun Academy!
We have always underestimated Levi Garrison's status, and countless people protect him just by the
name of the king.
Even if his strength is not enough now and can't keep up with the times, but for Da Xia, he is a symbol of
spirit! Daxia people are superstitious about this! Therefore, his status is much higher than we thought.
As long as you catch him, let alone change your subordinates, you can change to other people! "
Mr. X said.
"Yes, this time the theft of the artifact is so big, it's gone. It shows his status."
After hearing this, Agent Black Hawk nodded immediately: "Okay, I'll send someone to catch Levi
Garrison!"
The Eagle Nation Sky Shield was idle for a moment.
The Black Hawk agents immediately summoned eight top presences.
"Agent Polar Bear, Agent Blade, you lead the team. Be sure to bring Levi Garrison back!"
The eight agents took the fastest flying boat and arrived near Kunlun College at the fastest speed.

…
In the Kunlun College resident.
Levi Garrison was waiting for Garrison clan to send the captured agents.
He will interrogate himself.
The waiting process was long and he was boring.
Follow the Wind Cthulhu to ask the spies of Kunlun Academy whether to transfer their equipment…
Feng Xie Shen was arranged by him around Kunlun College.
After all, this is a very important place.
Someone must be in charge.
"Master, the person who transferred the equipment can't see it. But I saw other people! First wait for
me to scan and inquire…"
Various equipment was installed around Kunlun College, and the agents sent by the Tiandeng Bureau
just broke into the surveillance area.
The Return of the God of War [The Protector] Chapter 2659
They didn't think of it anyway.
I was discovered as soon as I arrived at Kunlun College…
After all, I don't know all of this.
"I found out, these eight are the top agents of the Sky Shield! The ones headed by are Polar Bear and
Agent Blade…"
Feng Xie Shen passed the information of the eight people to Levi Garrison.
Levi Garrison looked at the information and was stunned.
What are they doing here?
They definitely came to Daxia to rescue the seventeen agents.
But what are you doing here?
Is it possible to predict that people will be sent here in advance?
So come here?
impossible!
People are still in transit, it is impossible for anyone to know.
They must have something else…
Levi Garrison would not think about grasping himself anyway!
Someone in the world dare to come and arrest yourself?
"Pay close attention! See what they are going to do?"
Levi Garrison didn't let the grass start scared the snake.
"clear!"
soon.
Eight agents including Polar Bear entered Kunlun College.
A message from the Wind Cthulhu came.

“Master, there seems to be something wrong, they are heading towards you! Maybe they are heading
towards you!”
“what?”
“Come for me?”
Levi Garrison was stunned.
I don’t know what these eight people are doing.
But he is also curious about what they are doing here?
The Wind Cthulhu sent a message, but it took only a few dozen seconds.
Levi Garrison noticed the approach of the eight people.
They are fast, and they have great ways of hiding their bodies.
At least no one else at Kunlun College found out.
The eight polar bears think that they are seamless, leaving no clues or making any movement.
Mysteriously approached Levi Garrison’s residence.
It’s like appearing out of thin air.
Entering Levi Garrison’s residence, Agent Polar Bear showed a disdainful smile.
He even felt that the Black Hawk sent eight of them to join hands to catch Levi Garrison.
It is enough to catch Levi Garrison alone…
Levi Garrison pretended to sleep to see what they were going to do.
“Wake up! I know you are pretending!”
The polar bear snorted coldly.
Levi Garrison smiled, opened his eyes, and sat up.
“Who are you? What are you doing here?”
Levi Garrison asked immediately.
Agent Blade sneered: “Take you to a place! Just your strength, give up resistance! Otherwise, it will be
the pain of flesh and blood!”
In their opinion, Levi Garrison is too weak.
There is no power to fight at all.
“take away!”
The Return of the God of War [The Protector] Chapter 2660
They didn’t think of it anyway.
I was discovered as soon as I arrived at Kunlun College…
After all, I don’t know all of this.
“I found out, these eight are the top agents of the Sky Shield! The ones headed by are Polar Bear and
Agent Blade…”
Feng Xie Shen passed the information of the eight people to Levi Garrison.

Levi Garrison looked at the information and was stunned.
What are they doing here?
They definitely came to Daxia to rescue the seventeen agents.
But what are you doing here?
Is it possible to predict that people will be sent here in advance?
So come here?
impossible!
People are still in transit, it is impossible for anyone to know.
They must have something else…
Levi Garrison would not think about grasping himself anyway!
Someone in the world dare to come and arrest yourself?
"Pay close attention! See what they are going to do?"
Levi Garrison didn't let the grass start scared the snake.
"clear!"
soon.
Eight agents including Polar Bear entered Kunlun College.
A message from the Wind Cthulhu came.
"Master, there seems to be something wrong, they are heading towards you! Maybe they are heading
towards you!"
"what?"
"Come for me?"
Levi Garrison was stunned.
I don't know what these eight people are doing.
But he is also curious about what they are doing here?
The Wind Cthulhu sent a message, but it took only a few dozen seconds.
Levi Garrison noticed the approach of the eight people.
They are fast, and they have great ways of hiding their bodies.
At least no one else at Kunlun College found out.
The eight polar bears think that they are seamless, leaving no clues or making any movement.
Mysteriously approached Levi Garrison's residence.
It's like appearing out of thin air.
Entering Levi Garrison's residence, Agent Polar Bear showed a disdainful smile.
He even felt that the Black Hawk sent eight of them to join hands to catch Levi Garrison.
It is enough to catch Levi Garrison alone…
Levi Garrison pretended to sleep to see what they were going to do.
"Wake up! I know you are pretending!"
The polar bear snorted coldly.
Levi Garrison smiled, opened his eyes, and sat up.

“Who are you? What are you doing here?”
Levi Garrison asked immediately.
Agent Blade sneered: “Take you to a place! Just your strength, give up resistance! Otherwise, it will be
the pain of flesh and blood!”
In their opinion, Levi Garrison is too weak.
There is no power to fight at all.
“take away!”
The Return of the God of War [The Protector] Chapter 2661
“Yeah, you have to be strong, and we can hate you when you are strong! You are weak like ants now, we
torture you and kill you can’t get any pleasure!”
…
Everyone’s thoughts are the same.
Levi Garrison is too weak now.
There is no sense of accomplishment at all.
Levi Garrison was happy.
“Then you can try!”
Levi Garrison smiled.
“Don’t worry, what you once brought to us will definitely be returned! Especially the thing that you flew
in and out of the Eagle Nation alone, we have to restore it back!
Wait, in the near future, there will be a world-destroying powerhouse from the War Eagle Nation
suddenly come to Daxia, do what you did in the War Eagle Nation back then! “
Agent Black Hawk said.
Levi Garrison’s heart was shocked.
In recent years, the Eagle Nation has been too low-key, and he has a little ignored.
They must also be laying out.
They have always been known as the most powerful force on the planet.
Their dream of dominance must have been there.
Maybe this enemy is stronger than the Lab of the Gods.
In the past, the War Eagle Nation and the Lab of the Gods were not subordinates, they were a
cooperative relationship.
To put it bluntly, for Levi Garrison.
Just two powerful enemies!
not good!
Levi Garrison’s face changed.
Are they going to repeat what they did in the Eagle Nation?

Then this person is super strong!
But Levi Garrison had observed the god list.
There is no such character in the war eagle country on the god list!
It is estimated to be the dark sign of the war eagle country.
This is the most terrifying point.
The dark web claims to have collected all the powerhouses in the world.
It seems that there are still gaps!
Um?
wrong!
Is it behind the stele?
Many names are engraved on it!
Levi Garrison knew about it.
But most of them don't know.
He always thought it belonged to the laboratory of the gods.
But now I think it might not be!
It is a group of heterogeneous beings who are beyond the gods.
Among them, I am afraid that there is a transcendent existence of the War Eagle Nation!
It seems that you have to check all these people when you go back, anyway, the list is in Levi Garrison's
mind.
At this time, Levi Garrison feels in danger
But the good thing is that the powerful hidden danger of the war eagle is known in advance.
It can be dealt with in advance.
The Return of the God of War [The Protector] Chapter 2662
It won't happen suddenly, you don't have any preparations on your side.
"Don't worry! It will be spectacular and tragic!"
Agents Black Hawk smiled.
They are already looking forward to that scene.
"Don't talk nonsense, let's talk about it, why did you catch me? It's not like killing me against me…"
Levi Garrison asked.
"Of course! Killing you is too ridiculous! I want you to see Da Xia being killed insane!"
Agent Black Hawk sneered: "I caught you in exchange for the seventeen subordinates I was arrested in
Daxia!!!"
"It is said that you are like this now, and your status in Daxia is particularly high! It would be great to
replace people with you!"

At this time, Levi Garrison finally understood why he was arresting himself.
It's a substitution!
Also know that your status is particularly high?
It must be because stealing artifacts in Kunlun Academy is nothing but making others feel that they have
a high status.
But it must be the spies from the Lab of the Gods who sent this message.
Thinking about it now, the Sky Shield Bureau and the Lab of the Gods must be cooperating.
It was a suspicion before, but now it is a real hammer.
This is equivalent to a home delivery by Tiandeng Bureau.
There is no need for Levi Garrison to look for it by himself.
"Ha ha ha ha……"
Levi Garrison couldn't help laughing.
Everyone was stunned.
Can he still laugh?
What is he laughing at?
Everyone looked at Levi Garrison in confusion.
"Why? Are you ridiculing the fact that you can change people?"
Black Hawk asked.
Levi Garrison continued to laugh.
The Tianshield Bureau delivered it to the door on its own. What else did the seventeen people do?
Those seventeen people are the subordinates of Black Hawk.
Interrogating them for a long time, at best, it was just to confess the Black Hawk.
Now the Black Hawk and even the Sky Shield are in front of them.
Seventeen people are the same whether or not.
So Levi Garrison was laughing at this thing.
"Call me Kunlun College immediately! Tell them about the exchange!"
The Black Hawk arranged immediately.
Soon, they contacted the superintendent Tiance.
Asked to release seventeen people to exchange for Levi Garrison.
As for why Levi Garrison was arrested, the reasons given were also absurd-Levi Garrison might endanger
world peace.
Tiance Shenshuai also laughed.
The Return of the God of War [The Protector] Chapter 2663
He also said why Levi Garrison had disappeared.
It turned out to be taken away by this group of people.
"At least let me know that the king is alive side by side, right?"

On the communicator side, Tiance Shenshuai said.
Heard this.
Black Hawk they breathed a sigh of relief.
It was also certain that Mr. X did not lie to them.
Levi Garrison's position is indeed very important.
Substitution is imperative!
"Come on, tell him!"
Black Hawk handed the communicator to Levi Garrison.
Tiance Shenshuai asked: "Change or not?"
"Of course, change! Do you want to see me die in their hands? Hurry up! Hurry up! Send people back!"
Levi Garrison urged.
In the eyes of the Black Hawks, they looked like they were afraid of death.
"Okay, got it! Come on, I'll talk to Tianshield!"
The superintendent Tiance understood what Levi Garrison meant.
This sentence came out.
He knew that these seventeen people were totally useless.
"Tiance, the supernatural commander, you first send the seventeen people back. After confirming that
they are correct, we will release Levi Garrison!"
Black Hawk said.
Tiance Shenshuai deliberately said: "Ah? Then you won't regret it? I sent the people, but in the end I
sent Daxia side by side with Wang Zhen."
"Don't worry! He is too weak for us, he can be caught all the time! I won't fail to keep my promise!"
Black Hawk looked at Levi Garrison with disdain.
In their eyes, it is indeed the case.
Anyway, Levi Garrison was too weak, and he would catch him whenever he wanted to.
There is no need to do anything to lose face.
What's more, he still wants Levi Garrison to see the next thing alive…
Levi Garrison has been closed for a while, and it doesn't mean anything.
The plan of the Sky Shield Bureau was to release Levi Garrison next and then catch him back.
Then let it go, and then catch it back.
Provocatively despised Levi Garrison and Daxia again and again!
This is much more interesting than staying closed all the time.
After the negotiation.
The superintendent Tiance immediately found the seventeen agents who had been arrested.
Send someone to send them back to Warhawk Nation!

About seven or eight hours later.
Seventeen agents successfully reached the War Eagle Nation and were picked up by the Sky Shield
Bureau to the designated location.
It is confirmed that they have not been interrogated, and no information has been disclosed.
The Sky Shield Bureau, especially the Black Hawk agent, let out a long sigh of relief.
The Return of the God of War [The Protector] Chapter 2664
He must not expose any information in the Lab of the Gods…
Never let the world know that the Lab of the Gods still exists…
"Next, it's time for us to let go!"
Agent Black Hawk returned to the base where Levi Garrison was detained.
He rushed his hand and ordered: "Open the locks on him! Send him back to Daxia!"
At this moment, Levi Garrison smiled mysteriously at them suddenly.
"No trouble, I'll open it myself!"
As soon as the voice fell, Levi Garrison tried hard.
"boom!"
"哢嚓!"
"哢嚓!"
The terrifying force directly shattered the locks that Sky Shield Bureau thought "it would be impossible
to open it anyway."
Shattered before everyone's eyes.
The scene suddenly became quiet…
Agent Black Hawk was stunned.
Agent Blade was stunned.
The polar bear agent was stunned.
…
Everyone present was stunned.
Everyone's eyes are cracked, their scalp bursts, and the whole person is going crazy.
Oh my god!
Oh, God!
What did they see?
What did they witness?
Is all this true?
Are you dreaming?
"Papa……"

Others slapped themselves severely.
Make sure you are not sleeping or dreaming.
All this is true!
"Really, my God, all this turned out to be true!"
Unbelievable!
unimaginable!
No one knows the horror of this shackle better than them.
This lock is the trump card of the Sky Shield.
He actually has nothing to do with the Lab of the Gods.
It's Tianshield's own thing.
As for the technology, I don't know where Tianshield got it.
It may also be developed by yourself!
The material is even more rare!
You can't find it in the world at present!
I don't know where the Sky Shield Bureau got it.
But they have done a lot of testing.
Once a person is locked, it cannot be opened at all without the help of external force.
The Return of the God of War [The Protector] Chapter 2665
When Chen Kong wreaked havoc before, they tested according to Chen Kong's power.
Can't open it!
Therefore, as long as they are trapped by these locks, even the top three powerhouses of today's gods
will not be able to break free.
So this shackle is their treasure of the town.
But the difficulty lies in if the locking device is installed on another person.
This is the hardest point…
Over the past few years, the Sky Shield of the Eagle Nation has been extremely low-key.
This trump card will never be exposed.
Therefore, the shackles were named "Kisshen No. 1" by them.
But what do they see now?
Levi Garrison's wrists and ankles used a little bit of force, and he directly shattered the "Kisshen No. 1".
What powerful force must this be? ? ?
unimaginable!
God descends?
Was he shattered?
Can someone shatter this material?
Unheard of!
Can this device be broken?

Unbelievable!
wrong!
Isn't this Levi Garrison?
Isn't he not even on the quasi god list now?
This strength?
Are you sure you can't make it to the quasi god list?
This power can't hold him on the damn god list!
He is above the gods list!
Who gave the fake information?
Who said Levi Garrison couldn't do it?
Can everyone be bullied?
Want to catch people back again and again?
Why did you catch it back?
Do you have this qualification?
"boom!!!"
Everyone's heads are going to explode.
I want to understand some things.
Especially the eight agents who had arrested Levi Garrison.
Finally understood why Levi Garrison didn't resist at the time.
Follow them obediently.
That is because he deliberately.
Deliberately caught by them, let's see what happened.
be cheated!
Agent Black Hawk even thought that the 17 of his men were actually caught by Levi Garrison.
He even thought of the conversation between Tiance Shenshuai and Levi Garrison.
Tiance God Commander was actually not to see Levi Garrison alive, but to ask for his opinion.
He even understood what Mr. X said-why Levi Garrison still has a lofty status, that is because of his true
power.
…
Everything is figured out!
Understood!
It seems that there is no interrogation of 17 people, but in fact, all of them are exposed here.
The Return of the God of War [The Protector] Chapter 2666
The interrogation of 17 people could not produce this effect…
After Levi Garrison opened the locks, he sat down in the position.
Smiled and looked at everyone.
Agent Blade was about to press the alarm button.

Agent Black Hawk stopped.
“no, do not want!”
“Even if the entire Sky Shield Bureau knows it, it can’t stop him! And the result is worse! Sky Shield
Bureau will disappear from this world, and we will all die! Pressing it at all won’t work!”
Agent Black Hawk explained.
Now that Levi Garrison has the ability to smash “Shen Shen No. 1”.
Eliminating the Tianshield Bureau is not a problem.
Levi Garrison smiled: “Well, he is a smart man! Knows how to judge the situation!”
“Since you were deliberately arrested by my people, you must have other purposes! It’s too easy for you
to kill us!”
The Black Hawk agent said, “Actually you caught the 17 of my men, right?”
“Well, it’s wrong! I caught it! I really didn’t expect you to catch me to replace them?”
“This should be told to you by the Lab of the Gods, my status is very high and I can change people.”
Hear here.
Agent Black Hawk understands.
Levi Garrison really knew everything.
“Could it be that the dark god…”
When Agent Black Hawk spoke, he realized Levi Garrison’s expression.
Where is the mysterious person?
Isn’t it all Levi Garrison?
The former Levi Garrison was overwhelmed!
It is the greatest enemy of the Eagle Nation and the Lab of the Gods!
Now too!
“Ha ha ha ha……”
Agent Black Hawk smiled suddenly.
You would never have thought of the Lab of the Gods, Mr. X, that Levi Garrison, whom you overlooked,
already knew your existence, right?
The three people you are looking for are actually Levi Garrison alone!
After thinking about it, it’s kind of ridiculous!
By now.
Levi Garrison already knew.
The Black Hawk agent no longer hid it, and took the initiative to say:
“Yes, it’s wrong! The Lab of the

Gods still exists! Recently they contacted me and asked me to check the information of the ancient clan
masters of the Garrison clan…
You should be familiar with the people who have joined me, Lucifer and Mr. X back then! them……"
Agent Black Hawk told Levi Garrison all the content of their messages.
Levi Garrison smiled: "Okay, it's all old friends! Where are they?"
"At this point, I have to say that the Lab of the Gods is really wise! They are in Daxia Capital! Right under
your nose…"
Agent Black Hawk said this.
Levi Garrison almost jumped up in shock.
"Just in Daxia?????"
The Return of the God of War [The Protector] Chapter 2667
This is what he didn't think of anyway.
Understood!
Levi Garrison thought of the few pure energy bodies he had pursued from Forbidden Area No. 76
before.
All the way to Daxia.
He thought it was those people who discovered him and deliberately led him to Daxia.
After arriving in Daxia, he left in several directions.
Finally, I pursued a person who arrived in the capital and disappeared…
Thinking about it now, no one found him at that time, and they weren't deliberately leading him away.
They go back to Daxia purely where they are going.
As for why they have to be separated after arriving in Daxia.
That's because there is more than one base, scattered everywhere.
Beijing is one of them.
Figured out!
It's really amazing!
The laboratory of the gods after disappearing turned out to be in Daxia.
Who can think of this?
Levi Garrison couldn't help but admire again and again.
"What do I need to do next? Lead them out and catch them all in one go?"
Agent Black Hawk asked.
Levi Garrison shook his head: "No need for now! You pretend that nothing happened! Continue to keep
in touch with the Lab of the Gods! I will say when I need you!"
I don't know how powerful the Gods Lab is now.
If you act rashly, there may be crises.

With the cards in his hand, except for himself, no one can be sure whether it can fight against the Lab of
the Gods.
It is best to destroy the Lab of the Gods by yourself.
If it can't be destroyed, what should I do?
Levi Garrison wants to make sure nothing goes wrong.
Next, you need to continue to cultivate and continue to strengthen your strength and hole cards.
In order to fight against the laboratory of the gods.
On the one hand, we must slowly understand the laboratories of the gods and know what level they are
now.
What conspiracies are they doing and so on.
Only by knowing yourself and the enemy can you survive a hundred battles.
To deal with a weak enemy, one punch, but an enemy with uncertain strength, Levi Garrison would
never fight an unprepared battle.
Levi Garrison suddenly looked at Black Hawk: "Of course you can also? Tell the Lab of the Gods about
me…"
The Black Hawk agent shook his head: "I'm not stupid! I just want to live! Tell them, then I really will die.
If you are chased by both of you, we must die!"
Agent Black Hawk is a smart man.
After weighing the pros and cons, it is natural to choose to compromise with Levi Garrison.
"Just be afraid of death, just be afraid that you are not afraid of death! Then my business will be
difficult!"
The Return of the God of War [The Protector] Chapter 2668
Levi Garrison smiled.
"Of course I won't be 100% assured of you! My people will be like ghosts, staring at you and your family
all the time! And you are the same!"
Levi Garrison glanced at everyone.
This frightened Daxia very much.
I'm most afraid of the feeling of knowing someone is staring at you, but not knowing where you are, and
feeling that you are always there.
And they believe Levi Garrison can do it.
But in fact, how do they understand, that's what Levi Garrison said.

He wouldn't send anyone around them at all.
But just such a sentence, firmly grasp their psychology.
A word calmed them.
"The equipment on your body belongs to the laboratory of the gods, right?"
Levi Garrison looked at Agent Black Hawk and asked.
"Well, it is!"
"Your equipment is obviously different from others! Give me the equipment! I will study it!"
Levi Garrison said.
Black Hawk very obediently gave Levi Garrison the equipment.
In the end, Levi Garrison was sent back to Daxia in the name of the Sky Shield Bureau.
After Agent Black Hawk, he immediately contacted the Lab of the Gods.
Tell Mr. X that this method really works.
"Mr. X, Levi Garrison is completely different from the past…"
Agent Black Hawk said deliberately.
"Yeah, he was our worst enemy in the past. Now it is definitely different. I have no interest in killing him!"
Mr. X obviously did not understand Agent Black Hawk's suggestion.
But think about it, how can you think about it in other ways?
"If you want to check next, you have to be more careful! Now the ancient Garrison clan should notice you!"
Mr. X is still very disappointed.
It is equivalent to nothing done by the Sky Shield Bureau.
You can only rely on the great apprentice of the dark god.
the other side.
After Levi Garrison was sent back, Zoey Lopez still surrounded them.
Look at whether Levi Garrison has any accidents, whether there are any injuries.
Many people came to see Levi Garrison's jokes.
But only Levi Garrison's students were calm.
Who dares to catch this?
No one really thinks that this can be taken away, right?
Although they don't know what happened, they are sure that he was arrested deliberately.
Levi Garrison brought his team back to the station.
"Practice! Continue to practice for me! Then you will all retreat, and nothing can disturb you!"

Knowing that the Lab of the Gods was in Daxia, Levi Garrison knew that time was running out.
Must hurry up.
Then let them practice with all their strength, and absolutely can't be disturbed by anything.
He also found Tiance Shenshuai and others.
"By the way, how did that kid's King Kong not be bad magical skill practice?"
Levi Garrison asked.
The Return of the God of War [The Protector] Chapter 2669
If Tiance Young Master's King Kong is not bad, it will definitely be a great help.
Tiance Shenshuai shook his head: "I don't know either."
"Let's go, come and see with me!"
Levi Garrison and the two came to the place where Tiance God Commander practiced.
I heard a buzzing trembling sound from far away.
This breath…
It's almost the eighth floor!
It can be seen that the Marshal Tiance is very hardworking.
After receiving Levi Garrison's guidance, after such a short period of time, they all began to hit the
eighth floor.
This was unimaginable before.
Tiance Shenshuai smiled.
I am very proud of my son.
But Levi Garrison frowned.
This speed is still too slow.
If you hit the ninth floor now, it's almost…
But only the eighth floor.
At the moment when the young commander of Tiance hit, Levi Garrison appeared in the name of his
master and personally guided a lot.
This is infinitely beneficial to Tiance Marshal.
After all, Levi Garrison was the one who cleared the magical power of King Kong not bad!
Instruct the young marshal of Tiance not to make detours, and do it in one step…
He easily hit the eighth floor!
But the eighth to ninth level is the most difficult…
In a short period of time, Levi Garrison's requirements were still not met…

“It’s too late! I wanted to train for a while before picking seedlings for guidance! Now I must plan
ahead!”
“Pass on, and the competition will be held in seven days. I will select the seedlings as the three of the
dark gods! I will personally guide!”
Levi Garrison said.
“clear!”
The handsome Tiance nodded.
After the news spread, Kunlun College was about to explode.
It’s been a month since they came.
What is waiting is that the dean and the two deputy deans pick someone to personally guide.
This moment is finally coming.
One by one excitedly yelled.
This makes the spies in the Lab of the Gods also look forward to it!
Finally, I can come into contact with the three dark gods…
At this moment they have been waiting for a long time.
After Levi Garrison watched the Marshal Tiance, he went to see Ye Wudao and Ye Lingtian.
I have to say that the talents of the two people are very high.
After Levi Garrison’s guidance, the two improved quickly.
These two people have the hope to become the super powers Levi Garrison needs.
But it still takes some time.
But Levi Garrison’s sense of crisis is full.
He is thinking how to create a super strong in the shortest time?
At present, the Underworld God and the others are still good enough, but these people are taking the
blood of the No.76 Forbidden Earth God.
The Return of the God of War [The Protector] Chapter 2670
But the difficulty is that they cannot fully absorb these forces.
Not enough!
The number of super powers is far from enough.
Regardless of the large number of people he controls now.
But after the real war, it was all cannon fodder.
There must be a super strong to support the scene!
In order to build the strong.
Levi Garrison decided to use all the resources of Forbidden Land No. 76…
Yes, there is one more person.
to this end.

He specifically ran to Jiangbei.
Look at the situation of Huoyun Cthulhu, Zhou Nanyan and Wen Lei.
The Huoyun Cthulhu now had a very weak breath, and he was still retracting a little bit.
Like a swaying and burning candle, it is about to go out.
This shows that Huoyun Cthulhu really got in.
He is about to transform and become a super strong.
It is the powerful boost Levi Garrison wants!
After so long, he really got in.
Although his talent is limited compared with Levi Garrison.
But seeing it, he inspired his potential and talent.
Be the strongest in his field.
Once he successfully retreats, he may not reach the level of Levi Garrison.
It is easy to sweep the gods.
This is the only point that makes Levi Garrison pleased…
Zhou Nanyan's breath now becomes weaker as she loves her body, so she has also touched the
doorway.
Really understand the essence of this basic exercise.
However, there is still a certain distance from the Fire Cloud Cthulhu.
Need to continue.
According to this speed, the possibility of helping Levi Garrison is very rare.
Compared with the two, Wen Lei had just stepped in with one foot.
Some time ago, she was delayed a lot of time because she was protecting the law for everyone.
A super strong (Huoyun Cthulhu) has it.
Levi Garrison could breathe a sigh of relief.
But it's not enough.
There are no more than a dozen powerhouses of this level. Where can you dare to break your wrists
with the Lab of the Gods?
A quick way?
It is possible to reach this level of quick success method, Levi Garrison has only heard of suction
*power**.*
*Absorbing power** can absorb a lot of power in a short time to reach the point of being a strong*
person.
*But he has no suction power in his hands**!*
This definitely won't work.
Otherwise, you don't have to suck anything else.

It is absolutely not a problem to directly absorb all the energy in the crystal and create three or four
strong ones.
Um?
Crystal energy?
Levi Garrison suddenly thought of a wonderful way!
The Return of the God of War [The Protector] Chapter 2671
Before, Levi Garrison had been entangled in how to make people a peerless powerhouse!
But none of them will work!
*They don't have power absorption** to absorb power.*
Levi Garrison also couldn't inject crystal energy into their bodies.
It's okay if you can bear it, but if you can't bear it, it will explode one by one.
He can't experiment with people.
No one!
He dare not go even if Tiance is handsome and so on!
But Levi Garrison just changed his mind, not necessarily the super strong must be human!
Can start in other ways.
For example, machinery can even be carried out on the living dead, a variant of Maya Industry.
There are a lot of them and they can be used for experiments.
And once you become a super strong, you can control it.
Not as complicated as people.
I also have my own ideas.
After thinking of this.
Levi Garrison immediately came to the mysterious base of Maya Industry.
"Calling all the variants of the living dead, I have an urgent need!"
Levi Garrison gave an order.
All variants of the living dead are arranged.
A full 300,000 variants of the living dead.
The quantity scared Levi Garrison.
It can be seen how frantic the Maya Industry was before…
Under the special training of Maya Industry, this group of living dead has mastered offensive skills and
has super combat effectiveness.
This is a terrible force that cannot be ignored.
But it didn't work for Levi Garrison.
The Lab of the Gods had known this kind of existence for a long time, and there was no threat to them.

Moreover, the original experimental plan to create the living dead belongs to the laboratory of the gods.
Their plan was to use it on super-sized creatures, but it was only used by Maya Industry on humans.
But now to Levi Garrison, nothing matters anymore.
He didn't think of what he was going to do in the laboratory of the gods.
In the next few days, Levi Garrison personally checked the physique and other various conditions of each
mutant living dead.
In the end, three hundred and sixty-five qualified ones were selected.
Next, Levi Garrison started planning directly.
Combine the crystal energy and the various energies of Forbidden Land No. 76, including the golden
blood of the gods and so on.
Inject them a little bit into the bodies of these mutant living dead to see how they endure.
Then phase out and pick out the best.
In the blink of an eye, seven days passed.
The Return of the God of War [The Protector] Chapter 2672
Three hundred and sixty-five living dead have been eliminated to less than fifty.
But it will continue to be eliminated.
the other side.
Levi Garrison asked the Bible Organization to use the metal and other resources of the No. 76 Forbidden
Land to create several combat machines.
Infused with terrible energy, even equipped with a divine tool refined by Levi Garrison.
No matter what level the technology of the Gods Lab has reached.
Levi Garrison's theory is that the robots developed by the Bible Organization can not use high-tech, but
the only point: the combat effectiveness should be super strong.
You can gather majestic energy and use artifacts!
So these machines are violent fighters!
It is worthy of the resources of No. 76, which can really meet the requirements of Levi Garrison's super
power.
People can't exert their power.
But these machines can.
Especially with some artifacts refined by Levi Garrison, the power is even more terrifying!
There are a total of four such fighter machines.

Levi Garrison named them the Four King Kong.
As for the variant living dead.
Levi Garrison expects that there will eventually be eliminated and the remaining thirteen.
Enter his real super power plan.
These thirteen will use up the remaining crystal energy.
Levi Garrison had roughly judged which thirteen it was.
Numbered them early.
Number one to number 13.
This time it is really to build a super strong at all costs.
Fortunately, the forbidden area No. 76 is supported by huge resources.
Otherwise, Levi Garrison has no idea.
With these super powers, Levi Garrison's heart is quite stable.
Seven days are up.
Levi Garrison asked Kunlun College to pick seedlings.
The rule of selection is to compare each other first to show their talents.
All the students in the morning stood on the playground, waiting for the start.
For everyone, this is an opportunity!
Whether you want to improve your strength, or a spy in the laboratory of the gods.
Looking forward to it!
Soon, all the mentors came to the court.
Levi Garrison was among them.
"Huh? What about Levi Garrison's students? Why is he alone? How about the others? Don't they
participate?"
"Yeah, this is the best opportunity for those people!"
"Aren't we here just to be the disciples of the dean and deputy dean?"
"Now everyone has only been here for a month. Even if we have expert advice, the gap with them is not
that big. This is the time with the smallest gap between us and their only opportunity. If we miss this
time, we won't be the next time!
The gap between us will grow bigger and bigger in the future! They don't have the slightest chance! "
…
Everyone said one after another.
Yin Zhengping and the others sneered: "Don't think about it! They won't come! This is a group of
stunned greens! All of them are a tendon! I really gave up such a great opportunity for Levi Garrison!"

“Fool! What a fool!”
The Return of the God of War [The Protector] Chapter 2673
Listening to everyone’s discussion, Zoey Lopez felt very uncomfortable in their hearts.
Sure enough, Levi Garrison delayed them all.
This kind of opportunity does not come.
They wanted to talk to Levi Garrison and let all the people come to participate.
Although the chance is slim, if you don’t come, there is really no chance at all.
That was an opportunity for the dean and the two deputy deans to personally pick someone.
They just gave up?
This renunciation meant that their career at Kunlun College was completely abolished.
There will no longer be any opportunities.
He could only be planted in Levi Garrison’s hands all his life.
It’s all a bunch of poor people!
Guilt!
Zoey Lopez and several people plan to compensate them a little in other ways, and they can’t delay
them in vain.
At first, everyone wanted to give Jiao Tianyu and the others an injustice.
But at this moment, everyone is thinking about how to play.
Regardless of other things.
“Except for the one word side by side without participating in the king’s sect, everyone else must
participate! This time the main individual battle, show your talent! Then the two began to fight…”
Tiance Marshal announced the start.
Thousands of people began to fight in the huge square.
The tutors took their seats in the seats arranged in advance.
The students all looked nervously at the instructor’s seat.
Looking forward to the appearance of the dean and deputy dean.
After all, they are here to pick someone today.
Don’t know if they will appear directly?
Or choose in the dark?
But after a while, everyone was disappointed.
Only one seat of the instructor is vacant.
And this seat belongs to Levi Garrison.
But Levi Garrison stood up and walked to the front anxiously, watching.

From time to time, he would intervene in the battle, observe closely, not to miss any details.
The next battle was fierce, and everyone was struggling to show themselves.
But Levi Garrison was the busiest.
He has to observe closely in almost every team's battle.
His busy identity can be seen everywhere.
The gods of Tiance and they knew what Levi Garrison was going to do, so naturally they looked calm.
But others saw Levi Garrison's weird behavior.
I remembered that some people said that Levi Garrison was stealing school, but now it seems to be the
case.
He was on the scene with the identity of a mentor, and he was openly stealing!
Unfortunately, there is no way for him.
Everything about the artifact last time is gone.
What can this be considered?
Zoey Lopez was watching Levi Garrison while they were fighting.
Know that Levi Garrison is a person who wants face.
The Return of the God of War [The Protector] Chapter 2674
Improve yourself in this way.
Some people can tolerate it.
But some people can't tolerate it.
Especially I don't know where the dean is observing.
Fan Zhisheng was eager to win, and scolded Levi Garrison and said, "Can you go farther? It has affected
my performance!"
For spies like Fan Zhisheng and Yin Zhengping, they must show themselves, they must show themselves,
and let the dark gods choose.
Only this can accomplish their task.
But Levi Garrison walked around, distracting them.
Fan Zhisheng couldn't help them anymore.
Then more people stopped and accused Levi Garrison of affecting them.
One by one, they blushed and shouted Levi Garrison to get out.
Levi Garrison glanced at Fan Zhisheng and said, "Don't worry, I won't choose you anyway!"
"You…who do you think you are? You didn't choose it! You said I couldn't get it if I didn't get it?"
Fan Zhisheng was going to explode.
"Get out! You disturbed us too much!"

Others shouted.
“If you can’t even stand this interference, how to choose you? Can you guarantee that there will be no
interference when you encounter enemies in the future? Let you fight one-on-one? Can you still let the
enemy not interfere with you? ?”
It doesn’t matter if the spies say that.
But some people said that, Levi Garrison was very angry.
Can’t even stand this interference?
How to bear the burden?
No matter how talented he is, he is just a glass man.
Can’t become a device.
Levi Garrison would not choose them.
On the one hand, Levi Garrison was observing them, and on the other hand, Levi Garrison was observing
others.
Those who are completely unaffected…
“Levi Garrison is not what I said about you! Where are all the tutors sitting there! Only you have to run
over to join in the heat? Do you choose a time even if you steal your studies?”
“First, you are disrupting the performance of the students; second, the dean and the two deputy deans
are picking people, and you are also influencing them!”
Shura God of War also said.
He even stared at Levi Garrison and said: “Don’t tell me that you can’t stand interference on the
battlefield! If you encounter interference like yours on the battlefield, I will definitely kill you first! Then
kill the enemy! But now You can’t kill again!”
After hearing the words of the God of War, everyone felt reasonable.
Refute Levi Garrison one by one.
The Return of the God of War [The Protector] Chapter 2675
“Don’t talk to us about your set of theories! It’s not you who are choosing people! It’s the dean and the
deputy dean who are choosing people!”
Levi Garrison smiled.
It’s a coincidence.
It is he who is choosing people.
The reason why he is interspersed among the people is actually to choose people.
The deeper he goes, the more careful he is.

“Okay, everyone, don’t quarrel. Don’t forget, the dean and deputy dean may be watching. If you stop, it
may affect performance…”
At a critical time, Zoey Lopez reminded him.
Everyone reacted.
One by one quickly joined the battle like crazy…
At this moment, Levi Garrison is not important anymore.
He doesn’t affect it anymore.
Where is he important to the dean.
The inspiring battle continues.
Everyone struggled to express themselves.
Levi Garrison finally observed it.
This time, I got a comprehensive understanding of every student.
Also selected the right person in mind.
It is impossible to create the super power you want.
But there is hope for the quasi-superpower.
This month, their respective tutors have passed on their utmost knowledge.
The corresponding foundation has been laid.
Next, Levi Garrison only needs to point them to special training.
Practice their respective exercises to the strongest position.
That is to say, the master of Tiance, Ye Zhantian and the others.
The field is still going on.
Everyone’s performance is too strong.
Some people started out one-on-one.
To the back is one-to-many…
Especially a few spies, in the end directly confronted hundreds of them.
Look at the posture and wait for one to deal with all.
But where do they know, what they are doing now is useless.
No one saw it at all.
The person who was observant had already turned around.
Levi Garrison turned and walked out of the crowd, standing on a high place, shouting: “Okay, let’s go
here!”
The Return of the God of War [The Protector] Chapter 2676
But after Levi Garrison shouted out, everyone didn’t react in any way.
Still fighting.
Seeing this, Levi Garrison couldn’t help raising his tone and shouting:
“Stop! It’s all over!”
This sound is very penetrating.
Enough to hear the entire Kunlun Academy.
When everyone in the fight heard it, they stopped one after another.
stunned.

Everyone looked at Levi Garrison incredulously.
“Levi Garrison, did you deliberately?”
“I really want to kill you! Are you deliberately making trouble?”
…
Seeing that it was Levi Garrison shouting, no one agreed.
I felt that Levi Garrison was sabotaging on purpose.
“The selection is over. If you continue to fight, who are you calling?”
Levi Garrison sneered.
Everyone was about to condemn.
The superintendent Tiance stood up and said: “Wrong! It is indeed over!”
“The selection list for the dean and deputy dean has come out! I will announce it later! Those who are
selected can directly report to the dean and deputy dean!”
Tiance Shenshuai continued.
This word came out.
No one pays attention to Levi Garrison anymore.
Don’t even know when he left.
All of them just think about whether they have been selected…
Excited to the extreme!
“Next, I… wait a moment…
Um? It seems that there is no need to announce it! “
When Tiance was about to make an announcement, he realized that Levi Garrison didn’t give him a list
at all.
Just as he was melancholy, he glanced.
But saw a scene in the field.
He smiled.
It turned out that Levi Garrison had arranged it a long time ago.
“Ah? No need to announce? What’s the matter?”
All the students in the field were dumbfounded.
They are scared.
Could it be that something has changed?
But don’t!
One by one looked at Tiance Shenshuai with worry and fear.
“No need to announce it!”
The handsome Tiance nodded.
“Touch your face! The red blood is chosen!”
Tiance Shenshuai continued.
He just glanced.
It was found that some people in the crowd were marked with red blood on their faces.
The Return of the God of War [The Protector] Chapter 2677

It must have been left by Levi Garrison just now.
Those with red blood are selected!
As soon as Tiance Shenshuai said this, the crowd immediately exploded.
"Wow, I don't have it on my face! You have it on your face!"
"I have it on my face, this is blood!"
"I smell blood! I have it on my face!"
"He has it on his face too! Where's mine? I don't have it!"
...
There was chaos among the crowd.
But after all, few people have blood on their faces.
There are basically one or two for each door, rarely more than three.
It is estimated that the total number does not exceed one hundred.
This is a preliminary screening.
Levi Garrison has to be phased out.
In the end, it is estimated that there will be one third left.
This is the super strong reserve team!
There are blood-marked people in the crowd, and one by one, happiness has blossomed.
Everyone around looked enviously.
And it's not about who is strong and who is weak.
See who is suitable and who has the potential.
"I don't have one!"
Fan Zhisheng wiped his face and looked in the mirror again.
Repeatedly confirm that he is not the one chosen.
Did Levi Garrison really get it right?
There are also people like Yin Zhengping who have not been selected!
But Shura God of War was selected, and Levi Garrison looked around and found that he was very
suitable for Ye Zhantian's set.
It is possible to become Ye Zhantian.
Kirin (Qilin) and Tiger (Bai Hu) were also selected, and they fit Ye Qingtian's set.
Azure Dragon (Qinglong) and Xuanwu were also selected, suitable for some sturdy and violent exercises
in Tiance Mansion.
...
It wasn't Levi Garrison's partiality, this opportunity was all given by everyone.
Xiao Feng and the Evil Sword God were also selected.
They are suitable for some of the Garrison family's techniques, and they can become quasi-super
powers if they practice well.

They were not selected by Zoey Lopez.
Because of the cultivation method, Levi Garrison was not able to teach a lot, so he still gave it to his
instructor.
Suddenly a terrible question appeared in everyone's mind.
How did the blood marks on their faces come from?
Just thought of this.
Everyone's look changed drastically.
Showed a look of horror.
It's like hell.
You know, the dean and the deputy dean never showed up.
The Return of the God of War [The Protector] Chapter 2678
How could he leave a blood mark on the face of number one hundred and ten silently?
This is also amazing.
unimaginable!
Everyone has a numb scalp.
A cold air blasted directly from the soles of the feet to the heavenly spirit cover.
The whole body's blood is clotting.
Incredible!
The silent appearance of people can still be understood.
But there is blood mark on the face, how can no one notice it.
This is amazing.
Dean, in what state did they appear?
Ghost?
Or is it a god?
Said to observe in the dark, in fact, like Levi Garrison, he carefully observed from close to them.
So they know the characteristics of each individual.
Think of someone watching you by your side, but you don't know it.
Even if he leaves a mark on your face, you don't even know it.
How terrible is this?
If you kill them, you won't know how to die if you die.
Thinking of this, everyone shuddered.
The fear deep in my heart was all hooked out.
Horrible!
How did it do it?
This is far beyond their cognition.
Thousands of strong people don't even know it.
They don't even know how daunting the tutors are.
This is too powerful, right?

They only knew that the god list was actually faulty.
Between the third and the fourth is like a moat!
How strong are the Dark Gods?
How high is the ceiling of Shenbang?
The spies in the Lab of the Gods were the most shocked.
The stronger these three people are, the more disadvantaged they are to the Lab of the Gods.
But where do they want it.
Often the most unbelievable thing is the simplest and simplest way-Levi Garrison observes the distance
one by one.
It's like destroying the enemy's network system.
Generally, you have to ask advanced hackers to hack the network…
But the simplest and most effective way is to unplug the enemy's power…
I bought the security guard who managed the switch and pulled the switch.
The network system is self-defeating.
…
However, the stronger the Dark God trio, the more excited the selected students.
It means that their upper limit will be higher and higher.
They were not selected despite Yin Zhengping and Fan Zhisheng.
But there are still other spies selected.
There are seven in total.
This of course was deliberately selected by Levi Garrison.
The path of Black Hawk Agent alone is not reliable.
He also needs to start with these people.
Multiple choices will not work, and fewer choices will not work.
The Return of the God of War [The Protector] Chapter 2679
Seven or eight are most suitable.
"Okay, you guys are going to prepare and report to the dean and them!" Tiance Shenshuai said.
"Although you have been selected, don't be proud! It's just a preliminary screening! Will continue to be
eliminated!"
"Others still have opportunities! Entering Kunlun Academy means more opportunities!"
He also comforted others.
Zoey Lopez clenched his fists, a little annoyed.
This time she was not lucky enough.
I feel very upset.
Others who were not selected were also very upset.

“We have been mocking Jiao Tianyu and the others. Now that we can’t make it, aren’t we the same as
them?”
“That’s still different! We are just not selected by the strongest! But our tutor is still in the top ten, and
we are still strong!”
“They are completely abolished! How does it compare to us?”
…
“Come, come, all the selected people are in line!”
Under the organization of Tiance Superintendent.
All people with blood marks on their faces stand in line.
“Teacher, where are we going now?”
One of the spies Yang Yaofeng asked.
“You can go in this direction, and you will understand when you reach the end!”
Tiance Shenshuai pointed a direction.
“Huh? There? Isn’t there where Levi Garrison and his students are? Where are we going to do?”
Everyone was surprised to find that the direction that Tiance God Commander was pointing was where
Levi Garrison was…
Could it be…
Everyone thinks of a possibility!
The dean is related to Levi Garrison?
After all, only Levi Garrison had been to the scene just now, and he had observed them carefully.
If it is him, then everything makes sense.
But they don’t believe it!
I’ll understand when I see it.
But for the spies, no matter who they are, it will do.
They only need the information of the three dark gods.
Nothing else matters.
Levi Garrison is also good, so are cats and dogs.
As long as you can make a deal.
With a sense of anxiety, the team set off and headed towards each other.
Soon, everyone passed the place where Levi Garrison’s students practiced.
Go deep into the snow-capped mountains.
“Everyone is there, right?”
A voice came.
The Return of the God of War [The Protector] Chapter 2680
On the peak not far away, a figure appeared.

Dark God!
He was wearing his iconic mask, and standing there, a powerful coercion struck him.
The crowd was a bit out of breath.
Later, two figures appeared.
Same powerful!
"Is this the top three on the gods list? My God, the first time I saw it!"
"We should be the first wave in the world to see three people on the same stage, right?"
...
Everyone was extremely excited.
Even suffocated.
The spies called out one after another.
It's been a month.
Finally, I'm about to see the true appearance of these three people.
Finally there is a clue.
You can talk to the Gods Lab.
"Huh? Three people??? Really three people showed up together?"
On that day, when the Ce Shen Shuai saw three figures appearing at the same time, they were all
shocked.
They knew that these three people were actually Levi Garrison.
I thought it was still Levi Garrison who appeared alone.
Unexpectedly, there are three people.
Incredible.
Who are the other two?
The other two, they certainly don't know who they are…
Because one of them was selected by Levi Garrison from the mutant living dead.
He plans to eventually create thirteen superpowers, numbered one to thirteen.
The one standing to his left is number one now.
The other is a robot that everyone can't think of.
It is one of the Four King Kong.
Due to advanced technology, the appearance of the four diamonds is no longer a mechanical surface,
but a human appearance.
Levi Garrison has instilled the ideas of the ancient clan master of the Garrison family and the master of
Yizhi in the robot and Mutant One.
From now on, these two are the second and third on the list of gods.

In addition, Levi Garrison also instilled the skills of the major instructors of Kunlun College.
Therefore, they can directly guide these students.
Let the students practice their respective exercises to the highest level.
No less than his personal guidance.
Of course there is no difference between this and himself.
In layman's terms, these two were controlled by Levi Garrison.
Plus the combat power value is super high.
Nothing will be exposed at all.
One more point-Levi Garrison certainly knew that several spies had been selected.
He must give these guys some clues to confuse the Gods Lab.
The Return of the God of War [The Protector] Chapter 2681
As for the positioning of Variant One and King Kong One.
Levi Garrison packed them into the "gods" of Forbidden Land No. 76.
Even the appearance is very similar.
Originally, what they injected into their bodies was the energy left behind by the gods, and the various
resources and materials used were all from the No. 76 Forbidden Land.
In particular, the material of the four great diamonds is made of metal materials used by the group of
"gods".
Therefore, it is logical for the god to be packaged as Forbidden Land No. 76.
Levi Garrison wanted to use this to confuse the laboratory of the gods and divert their attention.
Focus everything on the forbidden area No. 76.
Coincidentally, it happened to be the God of Forbidden Land No. 76 because of the Gods Experiment.
Otherwise, it is impossible to explain why they disappeared collectively.
This is what Levi Garrison thought of.
It happened to be right.
Everyone looked over.
When I saw the faces of the two deputy deans…
Everyone was taken aback.
They are very puzzled.
"Huh? It always feels a bit wrong?"
"The two vice yards seem to be different from ours, but I can't tell you the details…"
"Well, it's different from the East and West…"
…
Everyone has such doubts.

It must be different.
Levi Garrison was built in accordance with the god of Forbidden Land No. 76.
Therefore, everyone will be very confused when they see it.
Even if you can't see clearly, it's just a rough idea.
But the outlines are different.
"Next we will guide one by one! Come to us if you hear the name!"
Of course, Levi Garrison would not arrange for everyone to guide together.
To be guided one by one.
Of course it is to target the spies.
Levi Garrison's first choice was Shura God of War, he was the most suitable Ye Zhantian technique.
This person hit Levi Garrison with a heavy punch.
Facing the dark god, only promise.
However, Levi Garrison gave him all his strength to make him reach the realm of Ye Zhantian as quickly
as possible.
…
Next, Levi Garrison, King Kong One, and Variety One each select students.
Guide one by one.
There are seven spies in total.
Levi Garrison chose a spy—Jiang Sisen.
The other six spies were all selected by the other two.
Levi Garrison sincerely wanted to leave them a clue.
Naturally, I won't choose too many to come to my side.
For the time being, I still can't give too many clues.
After Jiang Sisen arrived, he knocked on the sidelines, always looking for more clues.
Levi Garrison let him find it.
Anyway, his purpose is not here.
What makes Levi Garrison more gratified is that these seedlings can create a reserve team of quasistrong
players.
Especially after the special guidance, I was even more gratified.
This group of seedlings are very savvy.
The Return of the God of War [The Protector] Chapter 2682
Soon after the first special training ended, everyone returned to their respective teams.
One month later, he trained again.
Everyone has gained a lot.

Including this group of spies too.
They also get the clues and information they want.
After returning to their respective teams, they became the envy of thousands of people.
But everyone didn't have time to show off, so they immediately plunged into their own practice.
It is equivalent to retreat by yourself.
After all, the three of Levi Garrison arranged different tasks for each of them, which must be achieved in
one month.
soon.
They are looking for Shang Levi Garrison.
At this time, No.1 and King Kong have already left.
They were very curious about the identities of the other two, but Levi Garrison didn't have much to say.
Just to tell everyone that you will know later.
After all, the super strong is his real trump card.
For the time being, it's better not to let people know.
"If there is no accident, the seven spies will definitely report the situation to the Gods Lab tonight! They
should leave Kunlun College to report the situation in person!"
Levi Garrison analyzed.
This is different from the last artifact scan.
It takes several people's information to summarize and supplement to know everything effectively.
But now several people are not together.
Moreover, Levi Garrison deliberately asked the academy to strengthen management, and some of the
equipment could not be used at all.
Must leave the oral report.
"If this is the case, then we will put more fire!"
Levi Garrison smiled.
"problem occurs!!!"
"An enemy invaded!"
In the middle of the night, Kunlun College was suddenly broken with a sound.
"Rumble…"
Next came the earth-shaking movement.
The mountain collapsed, and an avalanche occurred in the snow-capped mountains at the rear, which
was overwhelming.
A violent force swept everything!

The whole college was in a mess.
There is chaos everywhere.
The tutors also ran out one after another.
Evacuate everyone and leave.
The seven Jiang Sisen took advantage of the chaos and left Kunlun College and went straight to the east.
Not far away Levi Garrison appeared.
He wants to follow this group of people.
Go and take a look at an old friend in the Lab of the Gods.
Soon after, I arrived in the capital…
The seven Jiang Sisen were supported by Mr. X.
Where did Levi Garrison not know the four opponents of Lucifer, the Great Clown, the Sea Demon, and the Hell Witch?
The Return of the God of War [The Protector] Chapter 2683
He was locked in a dark cage and played against the most powerful opponent.
He died with Lucifer.
As a result, they are living well!
Levi Garrison was very excited when he saw them…
These four people are not as powerful as they can imagine now.
They are returning to their ancestors little by little, returning to the appearance of their original ancestors.
They have the power to destroy the world in that way.
They are returning to their ancestors…
It will become stronger and stronger.
But what made Levi Garrison feel curious was the man with a full-length suit and a burst of stature, who wanted to tear his clothes, but with a gentlemanly demeanor.
Suit thug!
This word came out of Levi Garrison's mind.
Get the best interpretation in this person!
Elegant, gentleman, but violent and bloody!
"This is Mr. X, right?"
Levi Garrison said to himself in his heart.
Quietly write down the appearance of Mr. X.
What does x mean?
Uncertainties!
Dangerous and mysterious.
It's like a bomb, I don't know when it will explode, or it may not explode.
But once it explodes, it will be devastating.

This is Mr. X!
“You finally have a message?”
Mr. X and they are also very excited.
This is the first time to get intuitive information.
Jiang Sisen stood up: “Let me come first! It is the Dark God who guides me! He has been wearing a mask,
and I can’t see clearly…I have almost no clues here, and I have to continue…”
“But one thing… he has a breath that makes me very uncomfortable! How should I say? It’s as if he is a
god!”
“The feeling of the gods?”
x The freshman looked thoughtful and looked at each other with Lucifer.
I don’t know what I’m thinking.
“what about you?”
“We are guided by the Garrison clan master and Daxia Yizhi Grandmaster! These two people are
weird…”
“Even though their faces are vague and shrouded in a mist, it gives us the feeling that they are not
human, and their temperament seems to be different…”
“It’s an exaggeration to say that none of them belong to the same race!”
…
The remaining six people said all the information they found.
After listening to them, Mr. X, everyone’s face was filled with inevitable shock.
Because from the key information they revealed, a conclusion is drawn—the three Gods of Darkness are
most likely to be the gods of Forbidden Land No. 76!
It coincides with their previous conjecture!
it’s the same!
That being the case!
That shows that the probability is right!
Really the gods of Forbidden Land No. 76!
“Let me just say it! How can those gods be so powerful that they perish for no reason?”
“Yeah, how could God of Darkness take over for no reason, and divide up all the resources!”
“Now there is a reasonable explanation-they are not dead at all, and they are in control of all this!”
The Return of the God of War [The Protector] Chapter 2684
Several people exclaimed.

“I finally understand! The daughter of Levi Garrison and the ancestors of Tiance Mansion left unscathed
in Forbidden Area No. 76. Everyone is speculating about this.
Some people say that the Dark God himself rescued them! Save the fart!
The Dark God is forbidden area
No. 76…”
After a reminder.
Jiang Sisen suddenly realized it.
Understand everything.
Everyone also understood.
Why did the ancient Garrison clan such a powerful race suddenly change their clan owners?
That’s the God of Forbidden Land No. 76.
Naturally changed hands.
Mr. X touched his chin and said, “I just didn’t expect them to get in touch with Da Xia. I still can’t figure
out why they have a relationship with Da Xia? One is in the East and the other is in the West. !”
“why???”
No one can figure out this question at all.
Levi Garrison in the dark was about to laugh out loud.
I didn’t expect such a coincidence.
He deliberately led everything to the forbidden area No. 76.
I wanted to do a lot of foreshadowing to convince the Lab of the Gods a little bit.
But who could have imagined that the Gods of the Lab of the Gods originally thought of the gods of
Forbidden Land No. 76.
It just hit it off!
Levi Garrison doesn’t need to do so much anymore.
The little clues revealed now are enough to convince them that the gods of Forbidden Land No. 76 did it.
After all, the clues that Levi Garrison revealed, let’s talk more, definitely not many.
These are the looks and temperament.
But it is too specific.
These features of appearance are exactly what the god of Forbidden Land 76 originally looked like!
I have seen a few of the Gods of Forbidden Land No. 76 in this world.
Except for Levi Garrison, Levilia and others, it is the laboratory of the gods.

So when telling the Lab of the Gods this look is equivalent to telling them that this is what the gods did
in Forbidden Land No. 76.
"You all go back! Continue to check the information! This time, you did a good job! I have many
rewards!"
Mr. X sent these people away.
"Mr. X is likely to be the god of Forbidden Land No. 76, what should we do next? How should we deal
with it?"
"Or are we sure?"
Asked the clown emperor.
The strength of the god in Forbidden Land No. 76 is only known to high-level officials like Mr. X.
"Have!"
Mr. X said very firmly.
"call!"
Levi Garrison in the dark took a long breath.
It's better to be stronger than the god in Forbidden Land No. 76.
Otherwise it would be too boring.
If Levi Garrison heard Mr. X say that he could not deal with the gods of Forbidden Land No. 76.
Then he will rush down immediately.
I wiped out the laboratory of the gods with my own power.
Leave none!
The Return of the God of War [The Protector] Chapter 2685
That way, Levi Garrison would also die of anger.
He prepared so much, and it turned out to be useless.
But they can handle it!
Then this imagination space is big.
It may just be able to handle it!
It may also be restrained!
It may also be a complete abuse…
He is looking forward to this answer.
It's easy to deal with!
Mr. X said quietly: "Since encountering the gods of Forbidden Land No. 76 decades ago, the Gods
Laboratory has started a god-making plan! However, this is only one of the plans for Forbidden Land No.
76!"
"Remember our scariest doctor? When he knew this race, he personally went to Forbidden Area No. 76

to capture a few gods back for experimentation. To study their physique and bloodlines…"
"It is still decades old for us to be the research object, of course there is no threat! But…"
"What worries us is why the gods of Forbidden Land No. 76 disappeared? Why are they now becoming
dark gods? What does they have to do with Daxia? This is what really threatens us!"
…
After Mr. X finished speaking, everyone suddenly realized.
"Yes, there are many things we don't know about, and we can't act rashly! We have to continue to
investigate, what is their intention…"
Lucifer was humane.
"Tiance Mansion and Baolong are not worth mentioning on paper, but they are still threatening, and
they don't know what trump cards and secrets are hidden! Now they are mixed with the ancient
Garrison clan in Forbidden Land No. 76… People have a headache!"
"If we don't find out what they are going to do, we dare not do it! We do it in advance without telling it,
what if it is a trap?"
Mr. X is really a headache.
Levi Garrison wanted to laugh in the dark.
Nothing else.
These are all Lao Tzu!
I killed all those things in Forbidden Area No. 76.
Suddenly Mr. X thought of something.
"By the way, since we don't know what they are going to do, then we will work harder to implement the
plan ahead of time! Once the plan is implemented, many things will be exposed…"
Mr. X said.
The faces of several people changed.
"Plan ahead? Are you sure?"
Lucifer the Great Clown and they were all sucking in cold air.
It can be seen how terrifying this plan is!
The Hell Witch also said: "The first three years have said that it is the arrival of a new era! That is
actually false! It is the fact that we have entered the development of telling and we are secretly
manipulating, creating the illusion that a new era is coming!

But once this plan is launched, the world will enter a new era! Truly enter a dark age of chaos like
purgatory! Everything will change! If you don't grasp it well, destruction is also very possible! "
Levi Garrison was shocked when he heard it in the dark.
What kind of plan is it?
So scary?
Push the world directly into a new era?
And the three of Lucifer were so scared.
what exactly is it?
"There is no way! The enemy's identity is unclear, so we must plan!"
"Thanks to the various experimental data of Maya Industry! This is how the plan can be advanced. If
they are unsuccessful… how can they be advanced?"
"That group of fools really thought we disappeared, and we are still here as traitors!"
…
Levi Garrison didn't listen to the following words.
Just heard the experimental data of Maya Industry.
So their plan to bring the world into the dark age has something to do with Maya Industry?
I have to go through all the experimental data of Maya Industry.
"Next, I will ask the chief priest for instructions! Let them advance the plan! Implement it in three
months!"
Mr. X said.
"The main priest?"
Levi Garrison wrote it down silently.
Presumably this should be the real authority of the Gods Laboratory!
Mr. X is not the mastermind?
To put it bluntly, it's also a part-time job!
Before the battle with the Lab of the Gods.
The Return of the God of War [The Protector] Chapter 2686
Levi Garrison must know the specific situation of the main divine division, and the combat power must
be clear.
Immediately, a few of them returned.
Levi Garrison still caught up.
He wants to find the base of these guys in the capital.
…
Track, track all the way.
Damn it!

Damn it!
Levi Garrison was shocked.
Isn't the guts of the Gods Lab too courageous?
The base in the capital was actually in the most dangerous place-the station of Yanlongwei.
It seems to be the place where Yanlongwei came out, but in fact there is a laboratory of the gods
hidden.
They once again explained that the most dangerous place is the safest place!
Not only in Daxia, but also under Yan Longwei's nose.
The highest institution of Daxia!
But think about it!
If the Lab of the Gods wants to continue to develop in Daxia, it must not be exposed.
Must avoid anyone's discovery.
So just build it directly under Yanlongwei's eyelids.
This is equivalent to the existence of the highest level of surveillance.
If even they can hide, then other people will not be able to find out.
This is the power of the Lab of the Gods.
Thinking about it, my scalp feels numb.
There is a huge base hidden under the Yanlongwei station.
An experiment is being carried out every day.
It may still be a ruining experiment.
No one noticed Yan Longwei on the ground.
If they hide here, who can find, who can find?
I don't even think about it at all.
Who is so brave!
This is the Lab of the Gods.
After finding the specific base location, Levi Garrison did not go deep.
If you don't know the Lab of the Gods now, if you are too impatient, you will lose all your efforts if you
are found out.
Mr. X couldn't find it.
Doesn't it mean that the main priest will not find out.
Anyway, the location of the laboratory of the gods has been determined, and there will be opportunities
in the future.
Levi Garrison left in a hurry.
The next plan is very simple-
First, continue to stare at the base in the capital.
Second, excavate other bases one by one.

…
After all, according to analysis, the Gods Laboratory will not have only one base.
There are everywhere in Daxia.
But now Levi Garrison is a little worried…
Maybe the gods' laboratory has an internal response.
A traitor has emerged from Daxia.
This must be inevitable.
The Lab of the Gods is powerful and wrong.
But such a quiet activity in Daxia.
There must be an internal response.
And it is very powerful, with a very high status.
Fortunately, those with high status knew very little about Levi Garrison's true strength and plans.
Tiance Shenshuai these are still reliable.
Otherwise, it will be a big trouble.
The Return of the God of War [The Protector] Chapter 2687
Next, Levi Garrison would pay more attention.
There are definitely traitors among them.
Levi Garrison did not return to Kunlun College, but went straight to the Maya Industrial Headquarters.
After I arrived, I asked the headquarters to come up with the data of all the experimental projects as the
dark god.
It now appears that the technology owned by Maya Industry is still an experimental project, which was
deliberately done by the Gods Laboratory.
Maya Industry came to carry out some small experiments, and obtained data for the Gods Laboratory.
…
It took a long time for Levi Garrison to go through all the experiments of Maya Industry.
Then analyze them one by one.
Look at the most likely kind of experiment that has something to do with the plan of the Lab of the
Gods…
"Huh? Or the experiment of mutating the living dead?"
At the end of the analysis, Levi Garrison found that the experiment of mutating the living dead was the
most likely.
Earlier, Levi Garrison had heard from the traitors in the Lab of the Gods that this plan was used on huge

creatures, and this was the original plan of the Lab of the Gods.
They just can't be realized, they can only be used on people.
However, a lot of data and examples are drawn.
It must be of great help to the experiment.
therefore.
Levi Garrison's preliminary judgment-the Lab of the Gods used this kind of experiment to create giant
creatures one by one.
Once these giants appear, it is a disaster for this world.
The sheer size alone is enough to destroy one city after another.
The key is the experimental plan and special technology of the Lab of the Gods, making these giants like
mutants of the living dead.
It has the characteristics of immortality and powerful attack power.
The variants of the living dead made by Maya Industries have such power.
It is conceivable that the technical experiment of the Gods Laboratory is definitely more powerful.
They solved what Maya Industry solved, and they solved what could not be solved.
Under the same circumstances.
The manufactured products must be dozens of times stronger than Maya Industries, or even hundreds
of times more powerful.
Especially used on giant creatures.
Those Big Macs are simply world-destroying existences…
No wonder Lucifer and several people said that it would lead directly to the dark age of purgatory.
That's for sure!
The number is not yet known.
In case there are too many.
All over the world, it is a disaster, and it will soon turn the world upside down and devastated, just like
purgatory.
This really entered the dark age.
The scary thing now is that I don't understand these Big Macs at all. To what extent can they be
terrifying?
Levi Garrison may cope.
But if there are too many, it will appear all over the world.
He will not take care of it.
If the Gods Lab dispatches real masters again, he may be entangled.
So if you deal with this, I hope you can't put it on his own combat power.

What's more, Levi Garrison didn't fight a battle that was unprepared.
He has always prepared for a rainy day.
You have to prepare in advance.
Prevent this from happening.
But there is a possibility…
The prediction was wrong.
The plan of the Lab of the Gods is not to use the mutant Big Mac.
But the other way.
Once this is wrong.
The consequences are unimaginable.
On the one hand, Levi Garrison will prepare in vain, and on the other hand, he will not have time to deal
with unexpected situations.
So first you need to bet!
The Return of the God of War [The Protector] Chapter 2688
Was it the way he predicted.
Secondly, after betting, how to deal with it, especially persuading everyone to deal with it together, is
even more difficult!
For a time, Levi Garrison's scalp numb.
This matter is too difficult.
For example, the bet is right.
The plan of the Lab of the Gods is to mutate the Big Mac.
But in what way to prevent it?
Although Levi Garrison has a lot of experimental data, what kind of specific things are.
No one knows.
This is a test of speculation. If the speculation is similar, it is better to choose the right way to prevent it.
If you choose the wrong way, even if you make the right bet, it is useless.
Move the whole body by pulling a hair.
At that time, Levi Garrison will be infamy!
too difficult!
But Levi Garrison has to do it anyway!
Since you want to bet, try to bet right!
Collect more information on these.
Then analyze more and work out a variety of prevention programs.
This crisis must be resolved at that time!
Everything takes time, and he will continue to investigate the Gods Laboratory.
This is just the beginning!
But time is running out.

According to them, it will start in three months.
Time is very tight anyway.
There is not much time left for Levi Garrison.
Next.
Even if there is no more information!
He still has to bet!
Even if you don't know what it is, you have to go your own way to prepare preventive measures.
After copying all the experimental data of Maya Industry, Levi Garrison left and did not return to Kunlun
College.
But came to the war eagle country.
Why is the War Eagle Nation, once known as the strongest armed force, so low-key in this era.
But this time after Levi Garrison came.
After feeling it carefully, the surface of the War Eagle Nation was calm, but secretly it seemed something
was wrong.
What a big conspiracy is brewing.
The Key Sky Shield seems to be cooperating with the Lab of the Gods.
But from the Sombra's agent, it was learned that they had only recently contacted the Lab of the Gods.
That shows that the series of measures and low-key actions of the War Eagle Nation have nothing to do
with the Lab of the Gods at all.
But fighting against Eagle Nation gave Levi Garrison an incomparably powerful feeling, and even the
invisible threat was much greater than the Lab of the Gods.
Is this because the Eagle Nation is secretly developing itself? They hide a lot of hole cards and are not
known by anyone.
Don't even know about the Lab of the Gods?
Or is there a strong support behind the War Eagle Nation?
These are all possible!
Quiet!
The entire Warhawk Nation is too quiet!
Quiet too much!
The Return of the God of War [The Protector] Chapter 2689
This must show that there is a problem!
With the advent of the new era, in addition to individuals, countries and major forces are flourishing.
The war is continuous…

However, the most militant warhawk country in the past never participated in the war, and even did not eat the fat of its mouth.
Do not participate in anything.
If it weren't for the provocations of other countries and the Nation of the Eagles had to fight back,
everyone would think that the Nation of the Eagles had faded out of everyone's sight.
Levi Garrison think about it now.
It's because the Eagle Nation is too quiet.
That's why it's abnormal.
Just like himself, he was low-key on the surface and ignored.
But secretly, look at it.
In addition to being strong, he has also cultivated so many strong people and created many plans.
Presumably the same is true of the War Eagle Nation. On the surface, it is low-key to death, but it is secretly suffocated.
Anyway, Levi Garrison listed the War Eagle Nation as an enemy no less than the Lab of the Gods…
Be on guard at all times.
If you deal with the laboratory of the gods in the future, it may be possible for the War Eagle Congress to act, and you will be attacked by the enemy at that time.
Even Levi Garrison felt that the Eagle Nation wanted to swallow Daxia and the Lab of the Gods in one bite.
Their dream of being the overlord has never stopped…
Next, Levi Garrison will also pay more attention to the War Eagle Nation.
Such as places such as the mysterious 51st District of the War Eagle Nation.
Soon after, Levi Garrison found Agent Black Hawk and others.
This surprised them.
Their whereabouts are absolutely confidential.
Levi Garrison found it so easily, it means that he has placed people beside him, staring at them all the time.
It turns out that Levi Garrison didn't talk about it casually.
It is true that people are inserted to stare at them all the time.
Terrible.
Everyone couldn't help but shudder.
As a result, they became increasingly unwilling.

“Good cooperation!”
Levi Garrison smiled.
They are saying that Sombra didn’t disclose the information.
“I still want to live…”
The shadow smiled: “What is Mr. Ye looking for?”
“Fresh! I need to know more about the current laboratory of the gods!”
Levi Garrison approached.
Agent Black Hawk flashed a strange color: “But Mr. Ye, I can’t contact them actively! I’m afraid it will be
exposed!”
The implication.
It was his words without clues.
It is difficult to talk to the Lab of the Gods.
“Don’t worry, I’ll give you the clue! This information is for you, there are photos and other things in it!
Take this to the Gods Lab!”
The Return of the God of War [The Protector] Chapter 2690
“As for the weapon that the Gods Lab gave you, my people are still studying it. I have to return it to you
after a while!”
Levi Garrison handed the information prepared in advance to Agent Black Hawk.
“Mr. Ye needs to know what, I can click on the side to ask, or try other means…”
Agent Black Hawk is very smart, and he doesn’t need Levi Garrison to say, he knows it in his own mind.
Levi Garrison smiled: “I guess you know what I want to ask.”
“It should be asking how to deal with it now that you know who the top three are on the list?
What is the next plan of the Gods Lab? “
Agent Black Hawk said.
“Well, it’s wrong! I’ll leave it to you!”
…
Shortly after.
Agent Black Hawk contacted the Lab of the Gods and said that he had important clues here.
Mr. X personally chose the location to meet him.
“This is what my subordinates found at the base of the Bible Organization on Apocalypse Island in the
Western Continent… Their armors are so strange… I’ve never seen it before… You are so
knowledgeable…”

Agent Black Hawk gave the photos and other information to Mr. X.
In the photo and video, in a place similar to a secret warehouse.
There are many weapons on display, as well as a few special armors.
It seems different from what everyone perceives.
Others can't tell.
But Mr. X can't see it.
This battle armor belongs to the group of gods in Forbidden Land No. 76.
Exactly the same.
Decades ago, when the Lab of the Gods first explored the forbidden area No. 76, it was the weirdo in
this armor that caused the Lab of the Gods to lose so much! ! !
There are some weapons in the video…
Don't think about it!
Definitely the god of Forbidden Land No. 76! ! !
This is the cleverness of Levi Garrison.
If other people wanted to deliberately give clues like this, they might pretend to be a few gods from
Forbidden Land No. 76 in it.
But that might leave flaws.
So much the better.
Leave it to the Lab of the Gods to reverie endlessly.
Let them analyze for themselves.
No one can easily overthrow what they have analyzed.
This is the cleverness.
"Mr. X, what is this?"
Sombra asked.
He really didn't know what it meant.
"Forbidden Area No. 76, don't you know?"
Agent Black Hawk nodded: "Well, it's taken over by the Dark God!"
Next, Mr. X explained what a wave of gods in Forbidden Land No. 76 was all about.
Hearing that, the Black Hawk agent was amazed.
"So…the top three of the current god list and the Bible organization are all the gods of No. 76 forbidden
land?"
Agent Sombra deliberately guided.
The Return of the God of War [The Protector] Chapter 2691
"Ten of the best! The clues I got before show that it is them! Now looking at your information, it is likely
to be them!"
Mr. X sighed.

“Then they are so powerful that even the Gods’ Lab can’t do anything about it?”
Sombra asked.
“That’s not…”
“But you all call them gods, how do you deal with them?”
Agent Black Hawk asked Levi Garrison’s first question.
Mr. X glanced at him and said, “Sombra, you are a loyal partner! I can tell you!”
“The gods in Forbidden Land No. 76 are powerful! But we are not vegetarian! There is a doctor named
Dark Doctor in the Lab of the Gods! No one knows in the Lab of the Gods! He was extremely terrifying, too many people or other creatures died under his scalpel. When he
encounters something he is interested in, he will catch it and start anatomy and conduct all kinds of
weird experiments!
He created plans after the Lab of the Gods! His research on the human body or biology has reached the
extreme!
Can transform an ordinary person’s physique to the level of heaven! Lucifer and Levi Garrison died back
then. He was obviously dead. It was the Dark Doctor who rescued him and brought him back to life!
Of course these are all pediatrics, his ideas and methods are not something we can figure out! “
“Speaking of which, everyone may not believe it! The Dark Doctor is the only ordinary person in the
main divine division! With a scalpel, all the gods laboratory recognized the existence of a god!”
Mr. X mentioned Doctor Dark, his voice trembling and admiring.
Agent Black Hawk was shocked.
Resurrection is here!
Mr. X looked at him and said: “Tell you something you know… The weapons that Maya Industry had
previously made the world helpless, the special substances on them were developed by him at will 40
years ago…”
“hiss!”
Hear here.
Agent Black Hawk sucked in a cold breath.
This is too scary, right?

You know, there are no people talking about developing effective solutions.
This is super scary.
"There are also experiments on the variant living dead of Maya Industries, all of which are simplified
versions of his research! The same in pediatrics!"
Mr. X looked proud and proud.
Agent Black Hawk has already felt the horror.
"But what does this have to do with Forbidden Land No. 76?"
Agent Black Hawk asked.
"Since we learned about the existence of Forbidden Area No. 76, the Dark Doctor infiltrated Forbidden
Area No. 76 alone in the early years, and he captured four gods back!"
"what???"
It was the Black Hawk agent's turn to be surprised.
this……
too scary!
"After he came back to his senses, he carried out various experiments such as anatomy! He studied this
race so thoroughly that it couldn't be more thorough!"
"Their pros, cons, and various characteristics are clear! Therefore, they withdrew from the God-Making
Project! You know that was thirty years ago! It's even harder to imagine now!"
"If you confront the gods of Forbidden Land No. 76 now, Doctor Dark alone will probably have dozens of
ways to deal with them! Then they will all become the test subjects of Doctor Dark!"
Mr. X said.
Agent Black Hawk has been in shock.
This is also terrible.
A dark doctor will solve a powerful race.
Still called God.
"Let's put it this way, the god of Forbidden Land No. 76 still doesn't know Doctor Darkness about all
aspects of his body structure! To put it bluntly, Doctor Darkness is the nemesis of this race!"
"So, no one should provoke the Dark Doctor or provoke the Lab of the Gods! If you betray you, I will
hand you over to him. I guess he will transform you into a crocodile, a sheep, and be alive by wild
beasts. Eat…"

After Mr. X finished speaking, the Black Hawk agent couldn't help fighting a cold war.
If it falls into the hands of the dark doctor.
Definitely more terrifying than what Mr. X said.
The point is that he is now a traitor.
So I became more and more afraid.
Mr. X saw his fear and patted him on the shoulder: "Don't be afraid! The Lab of the Gods is stronger
than anyone imagined! What's more, he just entered the main division of the gods!"
"I won't ask, the more you know, the worse!"
"I don't know what plan I need to help next?"
The Black Hawk agent hurriedly changed the subject and proceeded to the second question Levi
Garrison wanted to ask.
The Return of the God of War [The Protector] Chapter 2692
Mr. X nodded admiringly: "Smart man!"
"But there are plans for the next step! And time is running out! It's estimated to be less than three
months!"
Upon hearing this, Agent Black Hawk's expression changed slightly.
Levi Garrison really got it right.
They really have big plans!
"Do you need my help? If you don't need it, I won't ask more!"
The Black Hawk agent has been holding his feet.
"Of course! I need you to open all energy power stations to me…"
Mr. X said this.
Agent Black Hawk's face changed drastically.
This thing is a bit exaggerated.
"Don't worry, I won't make any movement! Just borrow the location of the energy power station!"
Seeing Agent Black Hawk still frowning, Mr. X continued: "Don't use it for other purposes, just hide
something!"
The Black Hawk agent's brain is running fast, and he wants to know what the Gods Lab can hide in the
energy plant.
"Okay, you can tell me when the time comes! I still have this privilege! You can arrange what you want
to hide without knowing it!"
Agent Black Hawk agreed.

Mr. X smiled and said, "I hope that no one else in the Sky Shield will know, after all, you know too much
now! These are all secrets in secrets!
If you dare to leak out, then the person who came to you is Doctor Dark! I don't need to describe him
too much, right? "
"I understand this! I'm afraid of death!"
Agent Black Hawk calmly.
"Okay, I like to deal with smart people!"
Mr. X is very satisfied.
It is precisely because the Black Hawk agent is calm and afraid of death.
So they don't have any doubts.
Agent Black Hawk returned smoothly.
Lucifer the Great Clown and others, all appeared.
"Now it's basically certain that it is the group of guys in Forbidden Land No. 76…"
Mr. X nodded: "Well, that's wrong. Next, you only need to determine the list of all the gods in the
forbidden area No. 76! The current known is the top three of the gods!"
"As long as you are sure, you can let the Dark Doctor take action and destroy them one by one!"
But soon he changed his words: "Unfortunately, what is the relationship between the God of Forbidden
Land No. 76 and Da Xia, we still don't know what it is!"
"Maybe someone can…"
The clown emperor reminded.
Mr. X's eyes lit up fiercely: "You are talking about the great apprentice of the Dark God!"
"Yes, now we all know who the Dark Gods are, and he doesn't need to continue investigating. You only
need to know from the God Commander Tiance, what is the relationship between Daxia and Forbidden
Land No. 76…"
Said the clown emperor.
"Yes! Contact him quickly! As long as we resolve this doubt, we can deal with the group of guys in
Forbidden Land No. 76!"
Mr. X said.
Lucifer exclaimed: "Three months, it should be almost the end! Doctor Darkness is needed to speed up
the experiment!"
Mentioning this, Mr. X smiled mysteriously.

“Don’t worry about this! Doctor Dark is beyond everyone’s expectations! The plan may have to be
carried out in advance, shortened to two months!”
The others were surprised: “What? Shortened to two months?”
“Well, that’s wrong! As soon as I heard that the plan was to be implemented, Doctor Dark was full of
enthusiasm and directly advanced the time! Two months is a definite time, and it may be advanced. One
and a half months is possible!”
Mr. X was inhaling as he spoke.
The Return of the God of War [The Protector] Chapter 2693
Obviously, the Dark Doctor’s ability made the laboratories of the gods and even the main brain
organization, the main divine division, feel scared.
The strongest ordinary person in the Lab of the Gods!
“Remember the blood ancestors that were dug up?”
Mr. X turned around and said.
The clown nodded: “I know, I dug it out myself!”
“What’s wrong? Has something happened to the blood ancestor?”
Everyone looked at Mr. X in confusion.
The clown is the most curious.
They dug up the blood ancestors.
It’s just that the blood ancestor opened up a new era, causing chaos everywhere.
Other than that, it seems to be of no use.
The presence is not great.
They haven’t paid much attention to it.
Now why did Mr. X suddenly mention the blood ancestor?
“Actually, it was Doctor Dark’s idea to dig out the bleeding ancestor!”
Mr. X’s words made everyone breathe.
Doctor Dark?
Doesn’t it mean that Doctor Dark is studying the blood race?
Dark doctor’s style, when you see a strange race, you will be caught for anatomy and research.
None of them will be let go.
Now it seems that the blood race has suffered…
When encountering the dark doctor, he can only be caught with his hands.
“Yes, that’s wrong! In fact, these blood ancestors were dug up, on the one hand, it is to create chaos and
open up a new era. The most important aspect is that Doctor Dark wants to experiment with this race!”

“You don’t know much! In addition to the blood ancestors of these later generations, he has also
captured the blood ancestors of the earlier generations! He has conducted long-term research on the
blood of this race and other secrets!”
Listening to what Mr. X said, everyone was amazed.
“Wrong! The blood race has too many secrets! If you study it clearly, it may not be much worse than the
group of gods in Forbidden Land No. 76!”
“Yes, it would be unimaginable to master the secrets of the blood clan for us to use!”
…
Seeing everyone discussing, Mr. X couldn’t help but smile.
“He Zhixue clan, and several powerful races have also been studied by him. It is said that these races
have been thoroughly studied by him now!”
“The most terrifying thing is the results that Doctor Dark will research, that is, the secret traits of these
races, which will be used in our planned experiments!”
“It’s his master plan-the super race plan, including the creation of super humans, super creatures, etc.!”
Hear the words.
Everyone was shaking.
“Such a fast speed has been studied clearly? Can it be used in the new plan? Don’t those Big Macs have
to be more powerful?”
“Think about it, the trait of the blood race is used on the Big Mac. Isn’t that a sweep?”
Everyone is shocked.
“Listen to Doctor Dark, there should be no weakness at the moment! Maybe it’s too big to be the only
weakness!”
At first it sounds a bit funny.
Being too big, how could it be a weakness?
But it is indeed a weakness.
If someone predicts in advance and builds huge tall buildings, they can keep these giants out.
Due to their size limitations, they can’t get over much taller than themselves.
The Dark Doctor can’t avoid this.
The Return of the God of War [The Protector] Chapter 2694
These giants are too big and require terrifying energy.

If you support them to leap, you can't imagine how much more energy will be added.
Their energy resources are not enough.
After all, the Lab of the Gods is now hiding in hiding, secretly conducting experiments.
It can't be swaggered.
Therefore, the Lab of the Gods is now very short of resources.
Otherwise, you can't send people to the forbidden area No. 76 over and over again.
In fact, it is the resources of the Forbidden Land No. 76…
"Doctor Dark is really scary, can this work?"
Everyone was shocked.
I remembered that Doctor Dark had said-he wanted to make each of the Gods' Laboratories a god-like
existence.
No one would think this is a joke.
He is so good.
"Well, the Dark Doctor's planned experiments are relatively advanced! So our March plan was directly
mentioned for two months! It can even be premised!"
"All of you are ready to prepare too! Say hello to the Black Hawk, and then we will quietly hand over,
and then hide everything in the energy plant…"
With an order from Mr. X, everyone went to prepare.
On the other side, Black Hawk approached Levi Garrison.
Doctor Dark? So scary?"
After Levi Garrison listened, he exclaimed.
It seemed that he was contending with people like Lucifer.
It was actually fighting against Mr. X and Doctor Dark.
Lucifer was saved by him?
All experimental plans are him!
so horrible!
Even the god of Forbidden Land No. 76 has studied it clearly and has directly become a natural enemy.
"The only ordinary person in the main divine division?"
Levi Garrison touched his chin.
Fortunately, there is no such thing as taking the Lab of the Gods lightly.
This opponent is very strong.
The strength is that Levi Garrison doesn't know their configuration.
For example, how many strong players are, how strong are they, and what cards are there…
None are clear.

However, relying on this god to deal with the forbidden area No. 76 is not enough to be afraid of.
If the Lab of the Gods could easily kill the gods in Forbidden Land No. 76, it would be a big threat to Levi
Garrison.
However, if you rely on the Dark Doctor's method to deal with it, it is really not a fear.
"The second thing-they really have to plan! I don't know the specifics, and he can't tell me!"
"But he is asking me for one thing-I need to open up all the energy power plants in the Eagle Nation!"
"As we all know, the energy power plant bases of the Eagle Nation are the most in the world!"
Agent Black Hawk's words came out.
Levi Garrison looked shocked: "So, what does he want this to do with his plan?"
Agent Black Hawk touched his chin. "He said he wanted to hide something…I also don't understand a
little bit. What is hidden requires an energy power plant?"
Levi Garrison was happy: "I need to open up all the energy power plants in the War Eagle Nation, or is it
just hiding something?"
"Now it seems that he either hides a lot of things, or hides something super large!"
Agent Black Hawk agreed and nodded fiercely.
In this case, it was very similar to what Levi Garrison had guessed.
It's a super big Big Mac.
Levi Garrison continued to analyze: "Why hide under the energy power plant? What are the
characteristics of energy power plants?"
Agent Black Hawk said: "Since it is an energy power plant, it has huge energy, large fluctuations, and
close living.
The Return of the God of War [The Protector] Chapter 2695
The electromagnetic anomaly produced is obviously different from other places. "
Levi Garrison nodded: "In this case, I hide the items with huge energy and electromagnetic abnormality
in the energy plant, do they overlap and no one can see it?"
"Yes, at best, the electromagnetic and energy fluctuations are more severe. Others are not abnormal at

all. Electromagnetic energy fluctuations are normal at the base station of energy power plants. It is not
surprising that it is strong or weak!"
"No one will pay more attention or find anything, because this place is inherently abnormal! There are
too many of these things, they are the same! Even if you use professional equipment to detect, the
frequency will not change!"
"Moreover, energy power plants are built in sparsely populated places, even under the sea, or under the
ice sheet! It's even more likely to be noticed!"
...
After listening to the analysis, Levi Garrison exclaimed: "It's amazing! I actually thought of hiding these
giants under the energy power station! So that the energy and electromagnetic and various frequencies
of both sides overlap, no one can find it, let alone Everyone didn't know it! This way, it can be well
hidden!
When the time comes, these giants will appear in every corner of the world silently, making people
caught off guard. It was a disaster at that time! "
Agent Black Hawk also understood all this.
She was in a cold sweat.
The Lab of the Gods was really terrifying.
Everything is under their control.
"Then I bet right!!!"
Levi Garrison exclaimed.
Now that the bet is right, preventive measures must be started next.
It's a little easier.
At least the first step is right.
And there is so much information.
There are many preventive measures.
However, Levi Garrison came forward directly to behead these giants, even if he had this strength.
This measure is the most inferior.
It is the most unusable!
It is absolutely impossible for him to kill and kill these giants silently.
As long as he kills, he will definitely expose himself.
In the beginning, Levi Garrison wanted to use it to deal with the true core of the Gods Laboratory, Mr. X,
they didn't even use it.

He had to do it when he was dealing with the chief priest.
If it is exposed at this time, it will fall short of success.
If Levi Garrison's plan does not include himself.
Unless it is a last resort, he will never expose himself.
So he has to prevent to solve this disaster.
First, at least know that these giants are going to hide there, and then arrange for these energy power
stations.
Know where they are, understand them first, and then take action.
If they can be destroyed, they will be destroyed as much as possible. If they can't be destroyed, they will
be destroyed, trapping them all in place.
Without destruction, there is no disaster.
This move is very difficult.
You have to guard against both sides.
First, this is the territory of the War Eagle Nation, and it is also a secret place. It is easy for the war eagle
nation to find out.
Second, the Lab of the Gods is so powerful and cautious that you can't deal with them in a sloppy
manner. It is easy to be discovered, and then all previous efforts will be abandoned.
Second, build fortifications in advance and deploy targeted defenses against these giants.
For example, build unattainable buildings to keep these giants out.
The Return of the God of War [The Protector] Chapter 2696
The best way is to build such tall buildings on land, blocking the Big Macs, and letting their range of
activities only be at sea.
This move is more difficult.
Move the whole body by pulling a hair.
Once you want to use it.
Too much manpower and material resources are needed…
The cost and effort is unimaginable!
Don't talk about the whole world.
Just Daxia.
If you want Daxia to avoid danger, you have to build a towering city wall on Daxia's vast border to block
the Big Mac.
It's the entire border!
The land in Daxia is vast, too big and too big.
The border is too long and too long.

If towering city walls were built around it, it would be an unimaginable investment.
The materials used to construct the city walls have to be completed by the whole nation!
Not even enough!
After all, today's city walls are not those that can be easily completed like stones, but need to be hard
enough to withstand majestic attacks.
Then the material needed should be top metal or top material.
It must be the rarest resource.
If you use such materials to construct the city wall, you really need to unite the whole Daxia.
Almost this top-level material has to be hollowed out, or even excavated or purchased abroad, in order
to meet the demand.
The power of the whole country is not necessarily enough.
It's hard and hard.
Secondly, the construction of defensive walls requires a lot of mechanical manpower.
This need is also super super big.
Every aspect of demand is like a bottomless pit.
Only when you have been madly invested can you have a chance.
Another point is time.
If a defensive city wall is built around Daxia Land in more than ten years or seven or eight years,
fortunately, it can be completed with a little hurry.
But now there is only less than three months.
And if you want to finish it before, then you only have two months.
In two months, all aspects of the cost will be greatly increased.
Resources, manpower, technology, etc. will increase by tens of times, hundreds of times!
It really needs the power of the whole country to do it!
The critical time is too short.
This is impossible!
Things that the entire nation cannot possibly accomplish.
If Levi Garrison proposes now, how many people will do it?
Who can afford this kind of risk?
Let alone whether I believe Levi Garrison's prediction is coming.
Just believe it.
To build defensive walls.
It takes the power of the whole country to build it. Who will start this?
If it succeeds in the end, you are the hero who sings for a thousand years!

But if you fail, you will be a sinner through the ages!
No one is willing to take this risk!
The real one affects the whole body.
Once this matter starts, there is no way to go back, all have to be invested.
The Return of the God of War [The Protector] Chapter 2697
There is no turning back.
Started to give up and will become a sinner.
Giving up halfway is still a sinner.
It is still a sinner if it is not completed in the prescribed time.
If it is constructed, the result is not defensive, and it is still a sinner.
If it is constructed, there will be no expected thing to happen at all, the biggest sinner.
Want to criticize everybody.
Even death can't offset everyone's hatred.
...
This is something that must be successful and must come in handy!
The price is too great!
Let me put it this way.
If Daxia really builds the defensive model that Levi Garrison envisioned.
Then, all walks of life in Daxia will stop everything.
Don't think about development in a country.
All the power is put into this, it is possible to complete the construction in two months.
It is equivalent to everyone in Daxia doing nothing for the next two months.
Accompany you to build this.
It also means that it is very difficult.
First you have to convince them!
Convince thousands of people to be with you.
As for how to avoid the sight of the Lab of the Gods, this point does not need to be considered.
It is not so obvious that the city wall is built directly.
You can divert your attention and build others.
Even building walls underground and using devices.
When disaster strikes, the city wall will rise from the ground, just towering high on the ground.
Compared with the power of the whole country to build a city wall, this is not a problem.
Even if the Lab of the Gods guessed it, it is impossible not to plan.
Two months are too short, and it is estimated that they will not be able to react.
There is no reaction time, all this is fine.

“call!”
Levi Garrison took a long breath.
What should I do at this juncture?
Dry! ! !
Anyway, he must be the one who is most at risk!
The next step is to persuade Daxia’s prestigious people to agree to this matter and start mobilizing
everyone to start action.
time is too short.
It must be done right away.
Even if it is vague information.
After waiting for the exact information, it is estimated that more than a month has passed.
There was really no chance at that time.
So we must speed up!
“Next, you continue to contact the Lab of the Gods, if you have any information, come to me!”
Levi Garrison left the war eagle country.
Go to Daxia.
Agent Black Hawk looked at Levi Garrison’s back, lost in thought, and the expression on his face was
thought-provoking.
He did not return to Kunlun College.
After all, Tiance Superintendent and Tiance Mansion are different in nature.
There is little chance that they will come in handy.
Levi Garrison came to Yanlongwei.
Found a former principal-Hong Qingcang!
Yan Longwei didn’t know Levi Garrison’s strength right now, just like everyone else.
After all, in this new era, Levi Garrison had very few dealings with them.
Not even there!
It’s just that Levi Garrison listed the title of king side by side.
The Return of the God of War [The Protector] Chapter 2698
“A word side by side, you came in such a hurry? Did something happen?”
Hong Qingcang and several high-level officials gathered around.
“Listen to me! One hundred thousand in a hurry!”
“If you believe me, immediately do what I say…”
Levi Garrison hurriedly said the plan again.
“What? The whole nation will build a defensive wall! At least three hundred meters high???”
“What are you doing???”

“Are you kidding me?”
“It is at least three hundred meters, if conditions permit, four to five hundred meters is best!”
Levi Garrison said with a serious face.
According to the analysis of the data he obtained from Maya Industry, in the plan of the Dark Doctor of
the Gods Laboratory, the height of these giants was sixty meters.
But this was the plan three or four years ago.
If it is now, Levi Garrison predicts that it is definitely seventy to eighty meters.
It is even possible to hit 100 meters.
He has always been cautious. In order to ensure defense, he directly set the height of the Big Mac at
about 150 meters.
In this way, even if Doctor Dark’s plan is advanced, one hundred and fifty meters is definitely the limit.
It will never exceed this height.
Therefore, Levi Garrison had to set twice the height to build the defensive city wall.
Only in this way can the Big Mac be stopped.
If you are sure to be foolproof, a height of four to five hundred meters is the best.
But it will cost more.
The difficulty directly increases many times.
“King of the word side by side, don’t be joking! I have a vast area in Daxia. What a huge amount of work
it is to cast a circle of protective walls around it! Unheard of! First in the ages, right?”
“The key is to use new materials and to cast a height of 300 meters!”
“The most terrifying thing is two months! How is this possible?”
Hong Qingcang exclaimed again and again, saying that it was impossible.
“Yeah! Such a large amount of work! Everyone in the Dragon Kingdom puts down everything they have
on hand and builds the city wall for the protection of the country, so there is a glimmer of hope for
completion, right?”
“Isn’t it? At that time, the various industries of the Dragon Kingdom will stop operating, and all the
people will put aside the things and lives at hand, and join them! The entire Dragon Kingdom is
paralyzed! Remember! It is the true Dragon Kingdom!”

“This move is too big! There is no such move in the past, I have never seen it before! The power of the
whole country to do one thing is unheard of!”
…
The other senior Yanlongwei also exclaimed.
This thing is too big.
They were almost scared to death when they heard it.
Let alone execute it!
Even a few years ago, the dominance of the alliance besieged Daxia, the national disaster was not as
important as it is now.
That is a piece of cake.
It’s not worth mentioning at all.
“It is precisely because I have thought about it, so I came to you! Only you can call on all the power of
Daxia to do this!”
“In three months, the whole world will face disasters! I may not be able to take care of other people!
But I have to protect Daxia! Otherwise, after three months, disasters will come and Daxia will be
devastated!”
The Return of the God of War [The Protector] Chapter 2699
“At that time, the Lab of the Gods came in full swing, and there will be no one to stop! Now is our only
opportunity! We must prevent it in advance!”
“There is not much time left for us! Two months must be completed! Steps must also be completed!
This is the only hope to save Daxia!”
Levi Garrison insisted.
At this time, another person, Xiao Liejun, stood up.
He and Hong Qingcang had two more, they were the four chiefs of Yanlongwei.
“One word side by side, don’t get excited! Let me ask you a few questions!”
Xiao Liejun said.
“Okay, ask!”
“First, why do you insist on building a national defense wall with all the power of the country?”
“Because disaster is coming soon!”
“Can you tell us what kind of disasters you need to work so hard to mobilize, and the power of the
whole country?”

Seeing everyone watching.
Levi Garrison can only tell the truth: "Because the Lab of the Gods still exists! It's…"
Levi Garrison wanted to say-right under his feet, right under Yan Longwei's eyes.
But he was afraid that after speaking out, someone couldn't help but inquire patiently.
This will happen instead.
And I can't say too much.
What if the wall has ears?
Yan Longwei must be a traitor, but what about the people below?
"Maya Industry is their guise. They are about to create a giant with a height of hundreds of meters, and
there will be no one to stop by then!"
"It is estimated that the plan of the Lab of the Gods is to use these giants to invade every place. At that
time, it will be too late!"
"Not only that! The laboratories of the gods will also appear! They are even more powerful than you can
imagine! At that time, it will definitely be a real disaster!"
Levi Garrison said excitedly.
Xiao Liejun smiled and said, "The word side by side king is a bit alarmist, isn't it? A giant with a height of
100 meters? We also have it!"
"Yes! Wrong! Our scientific research team has long developed a hundred-meter fighter machine! Kunlun
Industry and Wenjia have developed a robot war beast that is 100 meters high! The tallest one is 150
meters long. !"
"These Big Macs are powerful! But there are still some shortcomings! It's terrifying, but it's definitely
not a disaster! It's even more impossible to let the power of the entire country build the wall of the
country!"
Another leader, Jiang Ye, also said: "Moreover, according to many sources of information, the Lab of the
Gods has been destroyed! They can't exist! One word side by side, you are a conspiracy theory!"
"I heard that you don't practice anymore, do you specialize in these conspiracy theories?"
Everyone chuckled.

“How can the Lab of the Gods be destroyed as easily as you think! And their Big Mac is absolutely
different from what you think! It can’t be dealt with at all, it can be a disaster!”
Levi Garrison said helplessly.
Think about it and know, how could the Lab of the Gods disappear?
It’s under your feet!
“Okay, be quiet first! I’ll ask him questions!”
Xiao Liejun looked at Levi Garrison: “The second question-how did you know that the Lab of the Gods
did not disappear? And know about the Big Mac? Is there any substantive evidence?”
Others also watched.
“I have met the people in the Lab of the Gods, and have heard the plan from them! Some informants
have learned about it… It is roughly concluded that this disaster will come in three months!”
The Return of the God of War [The Protector] Chapter 2700
Levi Garrison never dared to say more.
Since the Lab of the Gods can set up the base under the feet of Yanlongwei.
It is not difficult to insert some eyeliner spies in Yanlongwei.
Even they can control some of Yanlongwei’s people and use them for them.
Therefore, Levi Garrison can only say something general.
This is still only in the presence of high-level officials.
“So to put it bluntly! You still have no substantive evidence! Especially for this disaster, you are more
guessing, just hearing the plan is determined?”
Xiao Liejun questioned Levi Garrison with reason and evidence.
“Yeah, if it were only like this! We would never believe it! Let alone do such absurd things!”
“Presumably, the king of the word side by side also knows what it means once it is started. It is because
of your guesses that you will do it with all the power of the country. Do you think it is possible?”
Others also said.
“In a word, believe me once! When did I miss it before? Everything I did was right?”
Levi Garrison said.
Everyone looked at each other.

In the past, Levi Garrison was Daxia's savior, saving Daxia from fire and water again and again.
He never missed it.
But this time…
It's really too big.
The power of the whole country!
All Daxia must stop and do something that Levi Garrison guessed!
The risk is too great.
And once it started, there were too many problems.
It's easy to fall into a dead end.
It is possible to ruin Daxia.
Who dares to take this risk?
And so far, it seems absurd!
It's all Levi Garrison's words…
Plus Levi Garrison's various actions in the past three years.
It can be concluded that he is very unreliable recently.
Without strong support, his whole person has changed.
He doesn't even listen to his wife and brothers…
Suddenly ran over now, telling them to activate the power of the whole country to build the city wall in
two months.
There will be disaster in three months…
The Lab of the Gods still exists…
…
Everything sounds so absurd.
It's like a whimsical child.
how?
Do you have the ability to predict the future?
Or come back from the future through rebirth?
neither!
Levi Garrison didn't even have any evidence!
Everyone looked at Levi Garrison and was silent…
Xiao Liejun squirmed his throat and pursed his lips and said, "I believe you very much! Even this time, I
still believe what you said! After all, you have always had a keen eye and an instinct to be one step
ahead!
But it's a big deal, if you want to implement it! I must see substantive evidence to prove that everything
you say is true! Be accurate! Instead of guessing! Even if the guess is correct!!"
The Return of the God of War [The Protector] Chapter 2701

Substantial evidence must prove that this matter is true! We will start the plan to do what you said!
Otherwise, nothing is possible! "
Others felt that Xiao Liejun's words were reasonable, and they all agreed.
"You also know that Yan Longwei's decision is related to Da Xia's destiny! It is not sloppy, it is that no
problem can be raised! Nothing is allowed!"
Jiang Ye even asked again and again: "If the nation's strength is activated to build the national defense
wall, who will bear the responsibility if there is a mistake? If it is out of touch with the times and
disconnected from other countries in the world, who will bear it?
What if you are suddenly attacked by enemies or mysterious forces?
In case of a major mistake, the entire Daxia will be ruined? Who will bear the risk?
Besides, your guess is wrong? The disaster did not happen, but the entire Daxia was greatly injured.
Who will bear it?
Two months is short, but for a country, if it is stranded for two months, it is out of touch with the times
and it is likely to be eliminated…
Have you thought about all these risks? Just guess there! Who dares? "
Hong Qingcang also agreed and nodded: "Yes! It's hard to manage Daxia to this day, but it can't be
ruined in our hands! We can't bear this responsibility! Let alone become sinners through the ages!"
Levi Garrison can actually understand them.
This matter is too big and too big.
A decision may lead to an eternal mistake!
All will be stinking for years!
He is also betting!
It is normal for these people to dare not make decisions.
"There is another way! That is, you have to solve or protect the risks we raised in advance! Otherwise,
don't think about it!"
"Furthermore! Even if the disaster really comes! Those Big Macs are indestructible! But Daxia is united
and can fight foreign enemies together! You may not lose!"
"Who in the world is not afraid of the united power of Daxia? That is invincible!"
"What's more, our Tiance Mansion Baolong clan is so powerful. Now there are Kunlun Academy and the

top three of the gods. Who can be the enemy?"
Xiao Liejun's statement is reasonable and well-founded.
It was difficult for Levi Garrison to continue to persevere.
"Hey!"
Levi Garrison sighed.
This is the information gap!
You know too much, but how can you make others believe in the future!
Even if you say Po Tian, no one believes it.
Especially what Levi Garrison is going to do this time is so big…
It is unimaginable!
It is even more impossible!
"One word side by side, I think your current state is not suitable for participating in great events in
Daxia! You should rest a lot!"
The implication of Xiao Liejun's words was that Levi Garrison had mixed up with him when he was
leaving.
Especially this kind of undesirable thing.
Levi Garrison guessed completely.
To say an exaggeration is that Levi Garrison has delusions of persecution…
"How sure are you sure about the word side by side?"
Suddenly someone appeared.
Looking at Levi Garrison seriously and asked.
Lu Xiong, one of the four leaders!
Lu Xiong was born as a soldier.
Once was an invincible killer in the army!
Hot-tempered, vigorous and resolute.
He believed in Levi Garrison.
Because he had a similar experience with Levi Garrison in his career.
He foresaw the enemy's plan in a month, but no one on his side could listen.
All feel too absurd.
Too unreasonable.
As a result, the battle suffered heavy losses.
Fortunately, Lu Xiong did his best to make arrangements in advance, which reduced casualties.
Otherwise it will be a big defeat.
Lu Xiong now only has eight fingers, and the two fingers were interrupted by that battle.
Therefore he has a nickname-Eight Fingers God of War.
He hadn't talked a while ago and had been observing Levi Garrison.

In fact, this matter is also extremely absurd to him, and it is really too risky.
But he saw the helplessness in Levi Garrison's eyes…
He is exactly the same as he was back then.
So he felt the same way, and felt that Levi Garrison might be right.
Levi Garrison turned around and looked at him and said, "To be honest! Seventy to eighty percent!"
The Return of the God of War [The Protector] Chapter 2701
"But! Just follow my plan! Disasters can be prevented! But the risks and losses you mentioned all exist!"
After hearing what Levi Garrison said, Lu Xiong's brows clenched.
Levi Garrison meant to say that according to his plan, whether this disaster comes or does not occur.
It can be prevented!
But all kinds of risks exist!
This is equivalent to betting again.
But putting aside the risk, Levi Garrison is still sure!
Lu Xiong could see this.
"Do you dare to bet?"
Lu Xiong asked.
Levi Garrison nodded: "I dare to bet! Even if I am a sinner through the ages, I dare to bet!"
"Okay! Just wait for your words! Then I, Lu Xiong, will support you unconditionally!"
Lu Xiong said.
"Lao Lu, calm down! Do you know what you are doing?"
"You have to understand your identity, you are not suitable for making such a decision!"
The others are anxious.
Shouted immediately.
"I know! My bet is on him! I will take it if something happens! I am willing to take any responsibility!"
Lu Xiong said calmly.
"No! You can't bear the responsibility! You bear thousands of people! It's the entire Daxia! What are you
responsible for? Death? Is it useful?"
Xiao Liejun said.
The others also said: "Yes! Once this matter starts, there is no way back! No one can afford to take
responsibility!"
Lu Xiong still unswervingly supported Levi Garrison: "I choose to trust him! I have intuition, and he can

turn the sky over! He can definitely!"
"Then let's vote for Yanlongwei internally! Fair and just!"
Hong Qingcang proposed.
"Okay! Voting is fair and just!"
Everyone agreed.
"you……"
Lu Xiong glared at the crowd fiercely.
Isn't this obvious?
Do I still need to vote?
"Okay, support the king's raise of the word side by side!"
Hong Qingcang shouted.
Only Lu Xiong raised his hand in the court.
Everyone else looked at each other.
"Well, don't support the raising of the hand of the word side by side king!"
"Wow!"
"Wow!"
…
Everyone raised their hands one by one.
The situation is obvious.
The results of Yanlongwei's internal voting that Daxia decided on came out…
Of course it does not support Levi Garrison!
"I tried my best… I have no idea…"
Lu Xiong looked at Levi Garrison helplessly.
"One word side by side, this is the result! No one can support you!"
Everyone said.
"Nothing! I'm satisfied with one vote!"
Levi Garrison smiled.
"But it is possible that what the king said side by side is also possible. Next, we will send people to
investigate and find clues…"
Xiao Liejun's words were comforting.
After leaving Yanlongwei.
He took a deep look.
What should I do next?
Let the disaster come?
Regardless?
The Return of the God of War [The Protector] Chapter 2703
That definitely won't work!
The only way out of retreat is for him to shoot directly!

He and the super powers he cultivated, who were originally going to be given to the chief priest of the
Gods Lab, were exposed in advance.
Used on these giants.
no!
I still have to defend myself!
Fortunately, I still control the Bible organization and the ancient Ye clan!
Although it is impossible to build a defensive wall around Daxia.
However, relying on the human resources in his hand, Levi Garrison still has no problems in building
several safety islands.
Save people as much as possible!
Otherwise, what else can he do?
I can only rely on my best efforts…
But he wanted to ask the gods of Tiance about their thoughts, to see if there was any good way, and if
they could get a little help or something.
the other side.
The great disciple of the Dark God came to Daxia after receiving the information from the Gods'
Laboratory.
And went to Kunlun College.
When Ce Shenshuai saw him that day, he was also taken aback.
After knowing it was his own child.
There was a thump in his head.
"I just want to know the God of Darkness today, who is the one who killed my mother…"
"You tell me one to five! Who is the murderer of my mother???"
"At this time, you won't lie, right? Of course you can lie to me! After all, you never had this son in your
heart!"
The big disciple of the Dark God gritted his teeth and questioned Tiance, the master.
he is very smart.
After saying this, Tiance Shenshuai was under a lot of psychological pressure.
After all, it involved him deep in his heart.
One is a younger sister, and the other is a son.
Even if the younger sister is the one who killed his wife.
But the child in front of him is his own flesh and blood.
The appearance of this one was completely unexpected by the superintendent Tiance.

really.
The words of the great apprentice of the dark god came out.
Even Tiance Shenshuai's body was trembling, and his face was tangled.
I can't say it!
Don't say it!
"You hesitate? Will you participate in my mother's death, right?"
The great disciple of the dark god poke the gods of the sky with a word.
"No! I don't know! When I came back from retreat, she…she was gone!"
Tiance Shenshuai's voice trembled.
"Then tell me who he is???"
The great apprentice of the Dark God suddenly raised his tone.
Tiance Shenshuai said painfully: "I can't say it! It's not good for you! You can't get revenge! Don't think
about it!"
"Even if I die, I have to take revenge!"
The great disciple of the Dark God persists.
"I killed it! What happened?"
On the day when the strategy master was entangled.
A figure appeared.
It was Levi Garrison who had just rushed back.
He had received the message some time ago-the former great apprentice of the Dark God had secretly
investigated in the Bible organization.
He had guessed that this kid was inseparable from the laboratory of the gods.
Unexpectedly, he would come directly to ask Tiance the superintendent.
This is a good way.
The Return of the God of War [The Protector] Chapter 2704
"you……"
Seeing Levi Garrison who appeared as a dark god, he was really frightened.
Back again and again.
"Don't you want to know who I am? Come, follow me!"
Levi Garrison directly asked him to leave.
"Please don't kill him!"
Tiance Shenshuai shouted anxiously behind him.
After all, this is his flesh and blood.
Brought the former great apprentice of the dark god to a remote place in Kunlun College.
The big apprentices began to tremble.
He could obviously feel the powerful aura of Levi Garrison's body.
revenge?

That is absolutely impossible!
Moreover, his words of revenge were for Tiance Shenshuai.
Belongs to Kou Hi.
Really let him take revenge, he dare!
Especially after seeing Levi Garrison.
Give him ten courage!
"I won't kill you for the sake of Tiance's handsome face!"
"But if you want revenge, please remember this face!"
Levi Garrison slowly took off the mask.
The big apprentice swallowed fiercely.
Looking at the face under the mask.
He also hardly remembered this face.
He can't get revenge.
It can only be pinned on the laboratory of the gods.
The big apprentice couldn't help asking: "By the way, I have a question!
Why are you cooperating with
Tiance Mansion? What is the relationship between you?"
Previously, this was a concern of the Gods Laboratory.
Now he is also very confused about this.
Tiance Shenshuai won't avenge himself, but why does he get involved with the new Dark God?
"Come here, I will tell you quietly…"
Levi Garrison beckoned.
The big apprentice heard the words and moved his ears over.
After listening to Levi Garrison's words.
His whole face changed drastically.
The eyes are full of disbelief!
"Understood!"
After he listened, he said three words faintly.
Then he left.
Levi Garrison looked at the back of him leaving with a smile.
After dealing with this matter.
Levi Garrison gathered the gods of Tiance and the others together.
Told them about this.
Everyone looked embarrassed: "There is one thing to say, this matter is too much. The power of the
whole country! It is normal for Yanlongwei not to agree!"
"Yeah, who is sitting in that position! I'm afraid of making such a decision! After all, it's desperate!"
"This matter, I am afraid that our Tiance Mansion is also powerless! After all, we are only the highest

ancient martial arts organization, and cannot call on Quan Daxia's power! If you really want to call, it must be the Yanlong Guard!"
"Yes, it is estimated that Yan Longwei will not adopt our suggestion!"
…
"I want to hear your opinions!"
Levi Garrison looked at everyone.
"It's impossible to build a national defense wall! I can only think about it from other aspects!"
"Use our existing power to create as many buildings as safe islands and the like! If there is a problem at that time, more ordinary people can be brought here!"
Upon hearing this, Levi Garrison nodded: "Yeah. This is in my plan!"
"Secondly, you and the super-powerful seedlings that you want to build must not be exposed before this incident. If the disaster you said is coming, and the Big Mac strikes! We will gather people to deal with it!"
"With our strength not to mention extinction, there should still be hope to resist, right?"
"Yes! Let's be the defense wall at that time!"
The gods of Tiance said the plan.
"That's all! I hope you can stop it!"
Levi Garrison sighed.
The Return of the God of War [The Protector] Chapter 2705
I just hope that the Big Mac made by the Dark Doctor can be weaker, not so strong…
He didn't want to see the brothers of Tiance Mansion all sacrifice in order to resist the Big Mac.
Human flesh walls are still undesirable!
He will continue to collect information and continue to prepare…
Minimize casualties.
Now the next step is to establish a safe island!
Although he controls the biblical organization.
But if enough safety islands are to be built, human resources are still insufficient.
After all, the major forces are strong, and using them to build a safe island is really overkill.
Fortunately, Tiance Mansion and them support…
the other side.
The former great apprentice of the Dark God has joined Mr. X.
"What? Did you see clearly?"

Everyone was shocked.
"Yes, that's wrong! The Dark God made me remember that face! I looked very carefully! It looks exactly
like the one you describe! In his eyes…his nose…"
The big apprentice began to describe to everyone the appearance of the dark God he saw.
They were all surprised by Mr. X.
Sure enough…
This time it is really sure!
The gods in Forbidden Land No. 76!
Wrong.
The face that Levi Garrison showed to the big apprentice was actually the face of No. 76 Forbidden Land
God.
He is not clear about the purpose of the big apprentice.
When the big apprentice said this.
Everyone posted it subconsciously.
Mr. X almost posted it on his body.
These days, since I know that it is forbidden land No. 76 what the gods have done.
They have been wondering why they would cooperate with Daxia.
It was not the god of Forbidden Land No. 76 that threatened them.
After all, Doctor Dark is their natural enemy, and facing the God of Forbidden Land No. 76 is an
indiscriminate massacre.
So they never worry about this.
But why the God of Forbidden Land No. 76 cooperated with Daxia.
Before they can figure it out, this is the most terrifying thing they fear.
Like a thorn in the eye.
If you do not take it off.
Mr. X can't even sleep well.
This is what I even think about when I have nightmares…
"what reason?"
So the big apprentice said this.
Everyone got together.
Very curious.
"The reason why the gods of Forbidden Land No. 76 cooperated with Daxia is superficial! In fact, they
want to slowly swallow Daxia!"
Now the great disciple of the dark god has finished speaking.
Everyone present gasped.
Ambitious!

The gods in Forbidden Land No. 76 are really not fuel-efficient lamps!
Think about how many forces controlled by the Bible Organization, Maya Industry, etc., they all won.
Now even the ancient Ye clan was taken by them.
The God of Forbidden Land No. 76 has been expanding his power and territory…
Now cooperate with Daxia.
This purpose is obvious. The god of Forbidden Land No. 76 is raising his own power, and when the time
is right, he will swallow Daxia in one bite.
Next are other countries…
Mr. X laughed straight out: "Hahaha…understood…I'll just say, how can they cooperate with Daxia? It is
the most necessary to cooperate with War Eagle Nation, and the least should be to cooperate with
Daxia. It turned out to be the reason for the cooperation! They are so ambitious!"
Others also understood.
Everyone knows that forbidden ground No. 76 is playing a big game.
"Let me just say it! The guys in Forbidden Area No. 76 call themselves gods! How can they be willing to
survive in a world ruled by ordinary people. They must dominate!"
The Return of the God of War [The Protector] Chapter 2706
They couldn't think of it anyway.
This is what Levi Garrison said casually.
The great disciple of the dark god believed.
Everyone in the Lab of the Gods believed it.
All think that is the case.
The big stone in Mr. X's heart was put down, and the whole person was even more ecstatic: "This is a
good thing for us! This threat is completely absent! The threats I expected have been resolved!"
"Then we can ask the Dark Doctor to strike one by one against the gods in Forbidden Land No. 76?"
Lucifer and they couldn't wait.
I want to quickly determine the list of gods in No. 76 Forbidden Land, so that I can catch them all in one
go.
Mr. X shook his head: "No, no, no…As long as we know everything about them, they will no longer be a
threat. We can do it anytime!"
All the time.

The threat to the Lab of the Gods is that they don't know who the top three of the gods are, and there is
a lot of room for imagination.
Therefore, it poses a threat.
But now they know it all right.
Then these are no longer threats, you can do it anytime, not in a hurry.
"What's more, we now know their purpose! They are now ambitious and want to swallow Daxia! In fact,
their purpose is similar to ours! Why should we get rid of them?"
Upon hearing this.
Everyone nodded: "Yes, now they are my invisible ally! We are all dealing with Daxia!"
Mr. X looked sinister: "Not only will we not get rid of them, we will help them! It would be great if
Daxia's two types of existence can be drawn out!"
"They fight each other half to death, we sit on the mountain and watch the tiger fight, and then sit back
and reap the benefits of the fisherman! Wouldn't it be better?"
"Hahaha…wonderful!"
"That's right! Let Daxia and No. 76 forbidden land fight each other, it is us who profited!"
"If Daxia's two types of existence can really be drawn out, that would be great! It would be best if the
detective of No. 76 Forbidden Land can get rid of the reality or get rid of it!
Even if it cannot be removed, it will leave us with a lot of information, and we will fully understand
Daxia's two types of existence! Kill two birds with one stone! "
…
Everyone praised Mr. X's wonderful plan.
The great clown looked at Mr. X: "What should we do now? Is the plan going on normally?"
Mr. X looked forward first, the big apprentice of the dark god and said: "Next, you must always dangle in
front of the gods and the gods! You must even take revenge frequently! Collect more information for us! We not only help you avenge, but also make you stronger! "
After the former disciple of the dark god left.
Mr. X then continued: "The plan cannot be heard by outsiders!"
"The plan remains the same! Next, we will use the plan to plunge the entire Daxia into hell! Once the

entire Daxia is in chaos, the opportunity will come. At that time, the gods in Forbidden Land No. 76 will
definitely be lured to take action in advance to swallow Daxia. summer……"
"When they both lose and both lose, we will shoot again!"
Mr. X has already imagined the picture.
"Hahaha…absolutely! The Big Mac experimented by Doctor Dark, plus these guys in Forbidden Land No.
76, Daxia can't bear it…"
"Tiance Mansion and Baolong Clan, they absolutely can't keep it! Now Kunlun Snow College and other
seedlings cultivated, Daxia thinks it is for her own cultivation, but she does not know that they are all
forbidden areas in Renjia No. 76…
The Return of the God of War [The Protector] Chapter 2707
When Da Xia was hollowed out, his stomach and back would be attacked…"
Everyone laughed.
"It feels like those two types of existence are not far off the field, and our chances of winning will be
almost 100% by then!"
Everyone is very confident.
"If that's the case! Then I must notify the chief priest, notify the dark doctor! Let them speed up a little
bit! The time must be shortened to one and a half months!"
Mr. X again ordered: "Let the black eagle of the Sky Shield come to see me! I want to investigate
whether the energy power station can hide these giants… First test with a few similar giant creatures!"
"Okay, understand!"
Mr. X gives an order.
Everyone immediately executed it.
They want to speed up.
I want to make Daxia mess up ahead of time, and let the gods of No. 76 Forbidden Land do something.
When Doctor Dark heard it for a month and a half, he became more and more crazy, and directly
agreed.
All parties in the laboratory of the gods are busy.
the other side.
Levi Garrison also secretly used a force in the Bible organization.
Come to build a safe island.

Four places were selected, and four islands were planned to be built first.
There is really not enough manpower.
And the Bible organization is actually a mob.
Can't stand together.
It would be bad if Levi Garrison did a lot of fanfare.
Known by too many people, this matter is even revealed.
But the four islands are far from enough.
A safe island is estimated to be tens of thousands, with the limit of 100,000.
Where are four enough?
Hundreds of them can at least top one.
So Levi Garrison was very sad.
With the help of Tiance, it is still possible to build twenty or thirty.
However, if there are hundreds of them, Daxia's power must be used.
Otherwise it is absolutely impossible!
In the early stage, Levi Garrison also participated in the design of the safety island.
After all, the data is in his hands.
What materials need to be used to resist the attacks of the Big Mac.
These are all he is checking.
The metal resources and other substances in Forbidden Area No. 76 are of course okay.
But what if it is replaced with other materials?
Which one needs to be used?
It's impossible to use all the resources of Forbidden Land No. 76 here, right?
You know, the resources of Forbidden Land No. 76 are Levi Garrison's material support against the
laboratory of the gods.
It is impossible to use them all here.
Levi Garrison wanted to use other materials instead.
In any case, it is best to use the power of Daxia.
There are many problems.
Levi Garrison needs to do it personally.
The time is too short.
Every second must be counted.
…
In the hinterland of the Arctic ice sea, seldom populated.
The howling hurricane swept through everything.
Large chunks of ice floes above the sea are floating, and the environment is extremely harsh.
But there are still people here.

The Return of the God of War [The Protector] Chapter 2708
There are still quite a few people who are looking for strange travel.
Large cruise ships cannot come here, after all, there are too many ice floes.
But their cruise ship stopped far away, and they came here in a small boat.
"The front can't continue! That's the territory of the War Eagle Nation!
Maybe there is a secret base!
Don't break through! Otherwise, you will all be captured and experiment…"
Heard this.
These tourists have regarded the front as a forbidden place.
Don't dare to go one step further…
However.
Many people choose to wear tools and dive in this place.
I want to see what different scenery I can see when I dive to a position of one or two hundred meters.
After all, this is the North Pole, or the sea of ice.
It must be different from other places.
"Puff!"
"Puff!"
…
Dozens of people jumped into the ice sea one by one and dived into the ice sea.
Sure enough, the scenery below is beautiful.
Icebergs sinking to the bottom of the sea are faintly visible.
The diver can't help but take out the equipment to shoot…
"Rumble…"
But at this moment, there was a sudden earth-shaking movement from the bottom of the sea.
The entire bottom of the sea is shaking.
The sea churned, forming one after another whirlpool.
A huge force came and almost knocked everyone out.
The earth is shaking and the mountains are shaking.
"Buzzing…"
At the same time, a huge whistling sound hits, like shattering the eardrum.
"Has the submarine volcano erupted?"
"Or is the tsunami coming?"
…
There was too much movement.
So that everyone thought it was a disaster.
Fortunately, everyone's equipment is very professional and can escape in time.

But everyone was really frightened.
Just as they were about to escape, it suddenly became dark in front of them.
It seems that there is a huge object covering the sky and the sun.
"Rumble…"
At the same time, more and more movement came.
Everyone was almost washed away by the vortex.
"Look! That is!"
"God, what did I see???"
…
At this time, everyone was in the sea and saw a huge monster moving at a rapid speed.
It is hundreds of meters long, and at least 100 meters high.
"This, this…what kind of creature is this, my goodness! It's terrible, isn't it?"
Everyone was terrified when they saw such a creature for the first time.
The camera equipment they brought quickly recorded this scene.
The Return of the God of War [The Protector] Chapter 2709
However, the giant creatures are not limited to this one.
There is…
One, two, three…
Twenty in full.
Wrong!
Twenty giant creatures drove to the War Eagle Country Energy Power Station not far away in the sea.
To test whether it can be hidden underneath.
Twenty behemoths will leave clues even if they pass under the seabed.
However, around this is the energy power station of the War Eagle Nation.
It is normal to produce some energy fluctuations.
The anomaly in this place, everyone will naturally be attributed to the territory of the war eagle country.
As long as the Eagle Nation has no problems on its own, of course others have no problems.
To find anomalies, it must be discovered by the Eagle Nation.
However, the Black Hawk agent had already arranged this matter.
…
soon.
These diving enthusiasts, upload the video.
In small circles began to discuss…
The influence is also expanding further.
Quite a few say that this video was made by myself.
Not real shot.

After all, there is no evidence to show the appearance of such giant creatures.
Twenty at a time, in an orderly manner.
So most people think it is fake.
But some people say it is true.
Some people with strong technology found that this video did not contain any artificial traces, and it was
actually shot.
Capital.
In the Yanlongwei base.
The four leaders happened to be together.
At this time, Cao Zhiguo, the second in command of the Yanlongwei Intelligence Department, hurriedly
arrived with his computer.
"Maybe the king is right to say the word side by side…"
"What's wrong???"
The expressions of the four of Xiao Liejun changed drastically.
Recently.
They never mentioned Levi Garrison again.
Lu Xiong just paid attention to it.
When I mentioned it now, the faces of the four and the others in the room changed wildly.
"Someone photographed terrifying giant creatures while diving under the depths of the Arctic ice sea…
It's almost the same as the description of the King of Side by Side…"
Cao Zhiguo quickly put the computer on the table and played the video.
Seeing the giant creature in the video, everyone was stunned.
Does the giant creature described by Levi Garrison really exist?
Was it still photographed?
Lu Xiong was thrilled: "The size, height, and appearance are all the same! What the king said side by side
is true! He really has the ability to predict!"
Originally, he supported Levi Garrison from the bottom of his heart.
The Return of the God of War [The Protector] Chapter 2710
Now that I have substantive evidence, I want to support Levi Garrison more and more.
The three of Xiao Liejun looked serious, and he asked, "Have you verified the authenticity of the video?"
"Well, it has been technically appraised, and the video is not fake! It is real!"
Cao Zhiguo replied.
"real?"

Lu Xiong's eyes lit up.
"The video is real! But this matter needs to be checked!"
"Old Cao, take someone to investigate! Who did it? When? Where? Everything must be checked
clearly!"
Xiao Liejun and the others will not turn to support Levi Garrison just because of a video.
Even if the video is real.
This is too sloppy.
You must find it clearly.
"This is definitely a problem…"
"I just received a message that all the videos released on the Internet have been forcibly deleted!
Nothing is left! Nothing is seen…"
"Someone used means to delete everything… It's too fast… We only got this video for a few minutes…"
Cao Zhiguo just received the message.
"So fast?"
"Then you need to check it more quickly! Hurry, hurry…"
Under the order of Xiao Liejun.
Cao Zhiguo immediately went to investigate…
About half a day's work.
Cao Zhiguo returned in a hurry.
"The evidence is destroyed! Nothing is left! All the people who filmed the video are dead, and no
complete body can be found…"
"All clues are broken…"
Cao Zhiguo's face was gloomy.
Lu Xiong also frowned: "The more this is, the more it explains the seriousness of the problem! It also
shows the accuracy of what the king says! We should prepare early! Follow what the king says!"
Lu Xiong no longer wanted any substantive evidence.
I believe Levi Garrison is here.
I want to start preparing immediately.
What are you doing?
This thing must be true now…
Xiao Liejun, Hong Qingcang and Jiang Ye looked at each other.
"No! Still can't be too hasty!"
"This matter must have definite evidence, otherwise it can't be carried out!"
Xiao Liejun rejected Lu Xiong's proposal.

Jiang Ye suddenly thought of Levi Garrison: "By the way, this time there is a video thing! Isn't the king
staring side by side all the time? We call him to investigate!"
"If he can produce substantive evidence, he can also prove himself!"
The other two nodded: "Well, yes, please come side by side with the king!"
The Return of the God of War [The Protector] Chapter 2711
Levi Garrison had been busy with the safety island. After receiving the message, he realized that the Lab
of the Gods had already moved.
The four heads of Yanlongwei asked him to investigate this matter.
He quickly questioned Agent Black Hawk.
The explanation given by the Black Hawk agent: "This is just an advance performance in the Lab of the
Gods, to see if these giant creatures can be hidden under the energy power station… Or after hiding,
check the energy fluctuations, electromagnetic fluctuations, etc…."
Actually it is not officially started.
It's just an experiment.
Therefore, Agent Black Hawk did not tell Levi Garrison.
It's not that he is selfish.
Instead, I feel that this matter is irrelevant.
It's just that he and Levi Garrison's expectations are more certain.
"I see!"
The same is true for Levi Garrison.
It only confirmed his expectations.
However.
This incident happened to be evidence and showed it to Yan Longwei.
Yan Longwei just asked him to investigate this matter.
"Then what is the result of your experiment?"
Levi Garrison asked.
"After a test, there is no problem…"
Agent Black Hawk answered.
"What about those giant creatures?"
"Let me take care of it in fragments! I am about to deal with it myself! After all, this matter can't be
sloppy…"
When Levi Garrison heard this, he immediately said, "Give me your address, and I'll be right there! Don't
destroy all the giant creatures! Save me one!"
Shortly after.
Levi Garrison came to the designated place in secret.

All giant creatures are dead, and this is just an imitation, which can be understood as a robot.
There are no other functions, just to test it.
"I need this one… I will take it home first!"
Levi Garrison used a transport plane to transport this behemoth back to Daxia.
"Boom…"
Throw it in front of everyone.
Xiao Liejun and the others were dumbfounded.
"Really are!"
They watched carefully back and forth.
"This is just a fake! It's just to test some things…"
Levi Garrison explained something.
Until now.
Everyone already believed it.
"There are more clues of this kind. I can bring them if you want! But at that time, if you believe me, it
may be too late!"
Levi Garrison said.
Lu Xiong said: "I support you! What are you guys doing in a daze? Isn't it obvious?"
"What else can you believe?"
Lu Xiong shouted.
The others hesitated.
This is not the first two days.
It's really substantive content.
It's not Levi Garrison's words.
But if you want to agree.
It's still too difficult.
The power of the whole country.
That's horrible.
They dare not.
Without that courage and courage.
Bet Daxia's fate on it.
Absolutely dare not.
Even if disaster strikes, they fail.
Not willing to start the plan ahead of time.
"Hurry up and speak! Show your attitude! What are you doing?"
"It's all this time!"
…
Lu Xiong urged dissatisfiedly.
The Return of the God of War [The Protector] Chapter 2712

The three of Xiao Liejun glanced at each other and said: "Sorry, one word side by side! Although these
evidence proves what you said, it is not enough to enable us to start the nationwide plan! Not enough!"
"I understand this! After all, I have to bear too much!"
Levi Garrison nodded.
"But…"
The three looked at Lu Xiong.
"Since we know this is true, we won't be prepared for it at all!"
"We decided to let Lu Xiong assist you. The city wall can't be built! However, safe islands and the like
can be built! The power of the whole country is impossible! But Lu Xiong can mobilize a lot of power!"
"It is still possible to make the safe island you mentioned! It can play a big role at that time!"
In the end, the three chose a compromise method and made some defensive measures.
But not the power of the whole country.
"OK, alright!"
Levi Garrison agreed.
He brought this giant creature to show Yan Longwei.
Don't ask for the power of the whole country to build a defensive wall.
I want to fight for a strength to create a safe island.
Now the goal has been achieved.
He is still very excited.
In addition, it was Lu Xiong who supported him from the beginning.
They can build hundreds of safe islands…
This reached Levi Garrison's plan.
After Yan Longwei agreed.
Lu Xiong immediately went to make arrangements.
Come and help Levi Garrison build a safe island.
The first step is manpower and material resources. Including machinery and so on.
The second step is to select a site and build the location of the safety island.
The third step is the issue of materials for the construction of the island.
…
Moreover, everything is done in secret.
This means that the difficulty is greatly increased.
Especially the time is short.
Even if Lu Xiong came to help, the difficulty was not small.

But in this respect, after Lu Xiong came, his strength was definitely much greater than Levi Garrison.
The number of islands can also rise.
This is a great thing!
Lu Xiong's execution was very strong, and he immediately started to act.
After Levi Garrison's various investigations.
Hundreds of locations for establishing safety islands were selected.
Seventy islands are located in Daxia, or around Daxia.
The remaining thirty are a little further away from Daxia in case of emergency.
In terms of manpower, Lu Xiong has all the arrangements in place.
A large number of people signed a two-month non-disclosure agreement, and they didn't even know
what they were going to do.
Everything needed by a large number of people is also arranged.
The number of machinery to be built, etc., is insufficient.
And Lu Xiong couldn't do it with fanfare.
After Daxia assembled a part, it ordered a part from other countries.
Each country orders a small amount, so that the movement will not be too big, and it will not be
doubtful.
As for the materials used for construction, Levi Garrison and his men have found substitutes after
researching.
But it is also precious metals and other materials.
Such resources are limited.
Daxia alone is far from enough.
Need to order from other countries.
And it has to cost sky-high prices.
"I'll fix it!"
"If I ordered under the name of Daxia, they wouldn't doubt it. They just thought we were building some
base!"
...
Next, Lu Xiong used a huge price to order enough resources.
It's really a big price
After all, such resources are scarce in every country.
If you want to order, you have to pay a lot of money.
Today's era is more than just money to buy things.
Just like this time.
The Return of the God of War [The Protector] Chapter 2713
Most of the resources are in exchange.

In exchange for this scarce resource, we must come up with what people need.
They are basically things of equal value.
Therefore, in this wave, in terms of resources, Lu Xiong is almost a nationwide power.
All opened the treasury in exchange for resources…
Really save it!
After Yan Longwei's other three leaders learned about this.
My heart is bleeding!
It hurts!
Just so helpful, it costs so much.
At least it hurt Da Xia's vitality.
If we talk about the power of the whole country, it's even more exaggerated.
They now expect all of this to come in handy.
If you don't use it, you will die.
Then they will be Daxia's sinners…
At least to bear the infamy of the ages.
Although Lu Xiong said that he was carrying all this alone.
But then they will inevitably be involved.
Now I hope my efforts will not be in vain.
After everything is ready.
Together, Lu Xiong and Levi Garrison began to secretly build a safe island.
Yan Longwei and the major institutions are also idle.
Block all information and not let it out.
Everything is in full swing.
Levi Garrison's super power plan is also in progress.
Although Tiance Mansion and Baolong clan did not help in this matter.
But then they are going to be the human body guarding the country wall.
It is also actively preparing.
…
A huge storm is about to hit.
For anyone, it's a race against time.
It's the same even for the Lab of the Gods.
Doctor Dark is experimenting day and night…
All parties are cooperating.
…
This time.
Instead, the whole world fell silent.
There is nothing at all.
Calm and calm.

In this case, you don't need to think that there must be a problem.
The next thing is squally rain…
Everyone is tacit.
All major powers and forces are aware that something will happen next.
But what is the specific thing, but I don't know.
But everyone has to take precautions…
It is precisely because everyone is preventing and preparing in advance.
Therefore, the secret safe island plan of Lu Xiong and Levi Garrison was covered up so that no one would
discover it.
It is good for them!
The Lab of the Gods will not be idle either.
They sent more spies to various parties to inquire about the situation.
They must be in the most advantageous position before they appear.
Therefore, do any deployment in advance!
The Return of the God of War [The Protector] Chapter 2714
Report Mr. X! Forbidden area No. 76 has changed, and the Bible organization is frantically mining the
resources inside! It is estimated to be used to make armor weapons! The speed is several times faster
than usual!"
"And the Bible organization is also secretly carrying out some big moves, accelerating the reserve of
resources, design and manufacturing, etc…"
At this time, the spies reported the anomaly in Forbidden Area 76 to the Lab of the Gods.
"Hahaha… It seems that the gods in Forbidden Area No. 76 also understand the situation! They are also
accelerating their preparations! Ready to act, and swallow Daxia in one bite!"
"Wonderful, enjoyable, really enjoyable!"
"I can't wait to see the God of Forbidden Land No. 76 suddenly revert to the scene of Daxia!"
Mr. X was very excited.
Lucifer said: "That's wrong! In fact, the group of guys in Forbidden Area No. 76 are strong enough, and
they are backed by such a huge force as the ancient Garrison Clan of the Bible organization! They could
have taken action against Daxia long ago!
Now it's just waiting for an opportunity! A time for chaos in the world!
If the world becomes more chaotic, the better, and the better it will be for them to take action! "

Mr. X nodded approvingly: "Wrong! The more chaos, the more it will stimulate them to take action!
Now they also smell something unusual, so speed up the preparation!"
"In that case! Let's add a few fires! Let him burn more and more!"
Lucifer and the Clown the Great came over: "How do you say? Should we prepare in advance?"
"Come on, then let's create a little panic trouble for them in advance!"
...
After hearing what Mr. X said, everyone nodded in approval.
The persecution of the situation.
Let all parties treat it seriously.
Daxia had been preparing, but there was nothing.
It's just that the rest of the country's forces are in a state of coercion, and they have also taken some
measures.
Levi Garrison knew the next situation well.
I have to face up with the Lab of the Gods!
I don't know how strong the main priest is.
He also had no bottom in his heart.
So he will continue to strengthen himself.
Although the basic exercises have been practicing.
But recent things have been delayed.
Anyway, the plans are proceeding in an orderly manner.
It has been more than ten days, and everything is almost the same.
It didn't make much sense for him to keep staring.
therefore.
Levi Garrison decided to go into a one-month retreat.
He faintly felt that if he retreats for another month, he can still improve to another level.
Because he already felt it.
I have a sign of entering the next stage.
Must retreat, which step to take.
When the time comes, I will have more confidence in the Lord God Division.
And the final battle still depends on him.
Don't place too much hope on others.
After explaining everything well.
Levi Garrison went to retreat.
Lu Xiong and Tiance Shenshuai stared at him, and he was relieved.
But a lot of this incident reached Yan Longwei's ears.
"What? The plan he came up with, he went to retreat by himself?"
"What can he shut down?"

“Throw the mess to Lu Xiong! I said he was unreliable!”
“Where is the person? Where is the other person? Find it quickly? How do I feel suspected of him
throwing the pot?”
Xiao Liejun and the others immediately panicked.
Such a big thing, he even ran away.
The person is gone.
How can this work?
The Return of the God of War [The Protector] Chapter 2715
I can’t find it! I don’t know where he is in retreat! Even Chief Lu Xiong doesn’t know where he is…”
“It’s just that before he retreats, he explained to the head of Lu Xiong about the safety island! Let him
do it within a month!”
…
“It’s over! This is completely over!”
“Something is going to happen! Levi Garrison ran away, there is definitely a problem!”
“I feel that he may not be in retreat, but there are other things!”
…
Everyone hesitated.
“Then what shall we do now?”
“Do you want to stop planning?”
…
Jiang Ye asked.
“We have all reached this point and stopped. That’s not good! The loss is too great!”
“In this way, the plan continues! Then we send someone to find Levi Garrison! One more time to pay
close attention to the developments of all parties in the world!”
“There must be no accident! Don’t let Levi Garrison throw the pot!”
Xiao Liejun and Hong Qingcang said.
It’s not just Yanlongwei.
It was everyone who was building a safe island, after they learned that Levi Garrison was in retreat.
One by one was irritable.
They were all saying that Levi Garrison had fooled them.
Let them run as coolies and build the so-called safe island without knowing what they are going to do.
There is also a specified time, which must be completed within two months.
They were too tired to die, but Levi Garrison ran away by himself.

I don't know why I went.
Tell them to go to retreat.
But what is Levi Garrison's strength, don't you know?
What kind of retreat?
What's the use of your retreat?
Everyone felt that Levi Garrison was an excuse.
He is probably running off now.
As a result, many of the construction personnel of the safety island were coaxed.
Everyone must strike.
Some people even urged the overthrow of the built safe island.
In the end, it was Lu Xiong who went out in person and suppressed this group of people.
Otherwise, I really don't know what will happen.
Anyway, Levi Garrison suddenly disappeared.
Everyone is very emotional.
Think about it, too, the first person to make such a major decision ran away.
Whoever has to doubt it.
Fortunately, there is no need for Levi Garrison at Kunlun College for the time being.
Otherwise, it will explode.
Levi Garrison wanted to get there, so he shut himself up.
Caused such a sensation.
The matter of his retreat was also known to Tiance Shenshuai.
Because the former great apprentice of the dark god came to harass every day, he also knew about this
matter.
He immediately found the Lab of the Gods and told Mr. X.
"Hahaha, sure enough, in this situation! The gods who forced the forbidden area No. 76 are ready to do
it!"
"Now the Dark God and they are all in retreat, indicating that they are really preparing to deal with Da
Xia, and they are going to swallow Da Xia in one bite!"
"I seem to have seen Da Xia being besieged by the Big Mac and the No. 76 Forbidden Area…"
Nothing is more exciting than Mr. X and the others.
Explain that everything they did worked.
Forced to force the forbidden area No. 76 to start ahead of time, pushing this era into the dark ahead of
time.

“I heard that Daxia is also preparing. The masters of the Tiance Mansion and the Baolong clan seem to
be gathering, and the strong ones who retreat have all come out.”
The big apprentice revealed another message.
“Daxia is sure, Daxia’s decision-makers have a good sense of smell. I definitely noticed it.”
“In that case, let’s attract a wave of their attention!”
Mr. X already has a plan.
Located in a resort island in Western Continent.
When thousands of people were playing on the beach, suddenly the sea trembled and whirlpools
appeared.
Then amidst the waves of shaking mountains.
The Return of the God of War [The Protector] Chapter 2716
A giant creature appeared.
…
Soon after, the island was trampled by giant creatures…
On the vast sea of Northern Continent.
Several 10,000-ton cargo ships were suddenly overturned by the emergence of giant creatures…
A behemoth suddenly appeared in the rainforest of a certain country in the Eastern Continent…
…
Soon, the emergence of the three giant creatures was agitated.
This time more people saw it.
There are news reports everywhere.
Even the Sky Shield and Agent Black Hawk were dumbfounded.
If these giants are to appear, shouldn’t they come to yourself first?
what happened?
Came out by himself?
The Black Hawk agents were terrified.
I wondered if I had been exposed.
Why doesn’t the Lab of the Gods find themselves to hide these Big Macs first?
He tempted Mr. X and them quickly.
Knowing that it was just an advance exercise, he also didn’t care about it.
But when he wanted to tell Levi Garrison this message, he found that no one was found.
I can’t find it anyway.
But it was not important to come to this information, he didn’t continue to look for it.
After all, the real thing hasn’t started yet.

…
now.
Yan Longwei's meeting room.
The four heads are all there.
The three of Xiao Liejun specifically asked Lu Xiong to also participate.
"The content of the meeting is the issue of Safety Island and Levi Garrison…"
"Up to now, Levi Garrison still hasn't found it. This is a big trouble!"
Xiao Liejun looked at Lu Xiong and said, "The content of today's meeting is whether the safe island
project should continue…"
"Of course we have to continue! The King of Words is going to retreat! He hasn't disappeared! And the
danger still exists, you all know about this!"
Lu Xiong said directly.
Jiang Ye said: "I think I need to reconsider! Let's stop for a while, and talk about it after I find Levi
Garrison!"
"Yes! I think so too! He is now throwing this mess at us! Do we need to go on stupidly?"
Hong Qingcang also opposed this matter.
Lu Xiong directly rejected their thoughts: "No! The king gave me an explanation before the retreat! You
can't stop! It won't work for a moment!"
"Lu Xiong is not your business alone, but the entire Yanlongwei's business! Do you understand? There
are some things that you can't make a decision!"
…
The two parties quickly quarreled.
"The big thing is not good! The giant creature appeared! This time it really appeared…"
At this time, Cao Zhiguo of the intelligence team hurried over.
Pass the message you just received to everyone.
"Giant creatures appeared in three places…"
"After inflicting huge losses, I left. I am missing now! Many forces and strong men have been tracking
them…"
…
After seeing the news.
Everyone's complexion changed drastically.
Especially, Lu Xiong laughed loudly and said, "Look! You guys have to stop? It's just ridiculous! The king

has disappeared side by side! But these dangers are still there!"
"Now? Do you still have to stop? Do you have to find someone first?"
Everyone was speechless when Lu Xiong said this.
They can't even stop.
After all, the situation is different.
"This time we have no foresight! We are thinking too casually! Lao Lu, you have to continue! You even
have to speed up a little bit! If this continues, something may really happen!"
Xiao Liejun frowned and said.
At the same time they sent someone to continue to stare at this matter.
Lu Xiong left and continued to take charge of the safety island.
…
And the whole world panicked because of the three giant creatures that suddenly appeared.
The Return of the God of War [The Protector] Chapter 2717
Sure enough, the silence some time ago was unusual.
Something must happen next.
Sure enough, it's coming.
However, everyone knows that this is just the beginning.
There will be more fierce follow-up.
Everyone began to prepare for defense.
Specifically for this kind of giant…
Especially Xiao Liejun and the others continued their meetings after Lu Xiong left.
"Now everyone can see that the situation is crisis, Daxia is easily affected! If the giant creature just
appeared in Daxia, disaster has already occurred!"
"So we can't just pin our hopes on Lu Xiong's safety island! We have to use our strength to deploy
defenses on the coastline!"
"The steel city wall mentioned by the king of the word side by side is definitely not possible! But we can
deploy weapons and firepower on the coast! The strong will be in the rear! In addition, the Dragon Clan
of Tiance Mansion will definitely take action!"
"In this way can we be sure of everything!"
Xiao Liejun said to everyone.
"Okay, understand! We can't sit still! We must take the initiative!"
"I don't believe it! With our advanced weapons and technology, can't deal with this giant creature?"
"When the time comes, direct fire cover! Give them a pot of steel hot pot!"

“I don’t believe it! Are you afraid of anything?”
“With our strong strength, we don’t need to defend at all! Direct attack! Attack is the best defense! We
will eliminate these giants by then! Is it necessary to build the Great Wall?”
…
After Yan Longwei voted and decided, he immediately began to act.
One by one, powerful mysterious weapons and super powerful firepower were all transported to the
coastline and border lines.
Deployed quietly.
In this era, weapons rarely come in handy.
But everything is changing.
Technology is also advancing.
The weapons are still terrifying…
Although Yanlongwei’s firepower deployment was carried out quietly, there were SSS-level secrecy
orders everywhere.
But the laboratory of the gods happened to be in Daxia.
All bases are in Daxia.
So Daxia has the wind and grass, they all know.
Although Yan Longwei’s movements were secret, they were right under their noses.
They have arranged a lot of eyeliner in Daxia long ago.
Therefore, as soon as there is a movement, they know it clearly.
Of course they know about such a large deployment.
Although it is not clear.
It’s generally clear.
“Daxia’s execution power is far beyond our imagination! Even the ordinary people who are ignored by
us are extremely powerful!”
“Yes, in our eyes, the opponent has always been like Tiance Mansion!”
“Yanlongwei is so strong as expected! Once this firepower is displayed, it will be absolutely terrifying!”
Mr. X and others were amazed.
“It’s a pity, we all know about their deployment plans! They are not a threat to us at all!”
“Moreover, they deployed this way in advance, which is equivalent to completely exposed to us!”
“We must not let that become an obstacle to Forbidden Area 76! We are going to get rid of it!”
They all laughed, the great clown.

…
Everything is under the control of the Lab of the Gods.
This is the most terrible!
Ten days!
It only took ten days.
Yanlongwei deployed all firepower on the coastline.
“哨哨哨……”
They also arranged mechanical beasts with a height of one hundred meters and mechas with a height of
one after another.
Xiao Liejun didn’t believe it anymore.
These giant creatures can touch their mechanical war beasts
Weapons and ammunition are even more abundant.
It can instantly turn the sea in front of it into fiery magma…
There were no problems for several hours.
one day.
Two days.
…
On the fifth day.
Unknown fluctuations occurred in the waters of the East China Sea in Daxia.
“A situation in the East China Sea has been monitored!”
“It has been monitored that frequency fluctuations have also occurred in the South China Sea…”
…
Then there were abnormal situations everywhere!
The Return of the God of War [The Protector] Chapter 2718
All the bases on the coastline of Daxia have detected changes in the front!
The frequency fluctuations are particularly severe…
According to this frequency, the body should be huge.
Terrible energy fluctuations were also monitored, as if a tsunami was coming, like a submarine volcano
erupting.
“Come! They are here!!!”
“Hurry up and sound the alarm!!!”
“Dididi…”
There were piercing sirens all over the long line of coastal defense.
The sound was harsh.
The defense line entered the state of preparation for the first time.
“Ready to fight!!!”
“The parties are ready to fight!!!”

…
Suddenly, the defenses on the coastline were all ready.
Just wait for the "enemy" to come.
All are serious.
Nervous and excited.
After all, it is an unprecedented enemy, and there is no specific way to deal with it before.
No one knows it.
There is tension and fear!
However, Daxia is a predator, all of them are full of enthusiasm, and are afraid of nervousness, and think
of a bloody battle later, there will be battles to fight, all of them are too excited.
The front-line combat headquarters set up by Yanlongwei.
Also received a message from the front.
"Is it so fast? Are we still investigating the three giant creatures that appeared a few days ago? I just
found a little brow, and that's it!"
Xiao Liejun and the others were stunned.
I was shocked too!
"Quick, quick! Let's go straight to the front line! Inform Lu Xiong! Let him be prepared! No matter how
far the island is built, be prepared to respond!"
"In addition, evacuate people as much as possible! Let them prepare to go to the safe island! Especially
those within 300 kilometers of the defensive line, evacuate immediately! Let the security team that we
arranged in advance take action!"
"Let the reserve team advance fifty kilometers, ready to support at any time!"
"Let the dark whistle and dark team be prepared… they are our bottom line!"
"Tell the information to Tiance Gods and Shuai them! Let them be ready to support them at any time!"
…
"The death squad rushed to the front line with us! Hurry, hurry!"
Several leaders of Yanlongwei personally led the death squad to the front line to command.
For a time, the entire Daxia exploded.
There is chaos everywhere.
But fortunately, preparing in advance can reduce a lot of trouble.

After receiving the message, the Tiance superintendent at Kunlun Academy panicked.
The main Tiance superintendent is the most nervous, and something big has happened.
But Levi Garrison is not here.
Without a backbone, how can we fight this battle?
"Quick, quick! Ready to support!"
The superintendent Tiance first sent the emergency team prepared in advance.
He also hurried to find Levi Garrison.
However, I really don't know where the retreat is.
He could only search for places where Levi Garrison might retreat.
…
Throughout Daxia, preparations were being made for the battle everywhere.
Lu Xiong's safety island is only half built.
But it's needed at this time, he can only listen to the arrangements and prepare to pick up people…
This is not only the case in the waters in front of Daxia.
There have also been abnormal fluctuations in many waters of Western Continent and Northern
Continent.
The situation is exactly the same as Daxia encountered.
Fortunately, the abnormality of the previous days made them also prepared and immediately responded
positively.
The Return of the God of War [The Protector] Chapter 2719
Prevent being trampled by giant creatures.
After all, the three giant creatures appearing all over the world are too terrifying.
Wherever I go, it is destruction.
In the end, I couldn't find where they were going…
As soon as it appeared this time, I don't know how many there were, and I don't know the specific
combat power…
panic!
Panic everywhere!
The Tianshield Bureau also received the message for the first time.
They immediately sent someone to investigate.
Agent Black Hawk took the lead and rushed to the front to investigate.
The Lab of the Gods did not inform him again…
This may have to happen!

“This…what’s going on?”
He really doubted again whether he was discovered by the Gods Lab.
Agent Black Hawk was worried, so he hurried to investigate.
…
Soon, he figured out what was going on.
Smoke bombs in the laboratory of the gods!
It’s not really a Big Mac!
But a smoke popped up from the Gods Laboratory.
There is chaos everywhere in the world.
All of them went crazy, and immediately went to work with these giant creatures.
Especially for Daxia, the strongest firepower is deployed, waiting for the arrival of the Big Macs.
To expose all the hole cards.
A posture to destroy all these giant creatures.
An unprecedented battle is coming.
Can’t stop it!
no!
Not at all!
Everyone is fooled!
This is the smoke bomb from the Lab of the Gods!
The Lab of the Gods doesn’t even contact me…
That means it is fake!
This is definitely a conspiracy!
Agent Black Hawk started looking for Levi Garrison to tell Levi Garrison the message.
Coincidentally, Levi Garrison was in retreat and didn’t even know about it.
How did he know that there are still so many flower bowels in the Lab of the Gods…
Smoke bombs were released again and again.
Make the situation serious again and again.
The main purpose of the Lab of the Gods is to stimulate the gods of Forbidden Land No. 76 to take
action.
Agent Black Hawk couldn’t find Levi Garrison at all, and he couldn’t say anything about others…
Worry!
Agent Black Hawk started looking for Levi Garrison overwhelmingly.
But there are no results.
He didn’t know Levi Garrison as well as Tiance Shenshuai.
At least others know where the possibilities are.

But Agent Black Hawk is really hitting like a headless fly…
Don't talk about finding it, I don't know where to find it…
Fortunately, the smoke bombs released did not cause much loss.
Otherwise it will be troublesome this time.
The Black Hawk agents were finally desperate.
Don't look for it anymore.
The Return of the God of War [The Protector] Chapter 2720
But at this time, the Lab of the Gods suddenly came to him.
Mr. X personally led the team and appeared.
"Mr. Black Hawk, you seem surprised?"
Mr. X smiled.
"No, no, I thought you did it in advance!"
Agent Black Hawk wiped cold sweat.
he is very smart.
Know what the Gods Lab came to him.
What does it mean…
I'm afraid their action is about to begin.
While the whole world is in chaos, wars are breaking out everywhere, and everyone's attention is on
this abnormal situation.
The Lab of the Gods secretly hides the giant creatures that are actually planned under one energy power
station.
Unconsciously!
It really is a conspiracy!
First release smoke bombs to disturb everyone's sight, and then secretly hide all the real Big Macs under
the energy power station.
"Mr. Black Hawk is in trouble! Please!"
Mr. X smiled.
At this time, Agent Black Hawk was equivalent to being controlled.
No messages can be sent.
It can only be done according to the intentions of the Gods Lab.
"Okay! I'll arrange it right away!"
The Black Hawk agent began to use his privileges to contact all the eyeliners arranged in advance at the
major energy power stations.
Permission is coming…
Soon, the Lab of the Gods began to act.
Ship huge containers to energy power stations all over the world.
With the help of Black Hawk agents, they obtained permission to hide all the Big Macs under the energy

power station.
That's it!
That's it!
This time is completely over!
The plan of the Lab of the Gods was ahead of Levi Garrison and his prediction.
A lot in advance.
Now the Big Mac has been hidden.
It is estimated that action will be taken soon.
But at this time Levi Garrison couldn't find it.
At the most critical moment, people are gone.
The trouble is big.
The smoke bomb is a conspiracy, but the loss will not be large, or even there will be.
But it's different now.
Soon the real plan of the Gods Lab came.
Who can stop it then?
Although these Big Macs are packed in containers.
But Agent Black Hawk had been in close contact and felt the majestic energy.
It's terrifying to the extreme!
"Mr. Black Hawk, please cooperate with us from now on until our plan is over!"
The Lab of the Gods is also very cautious.
He also took care of the Black Hawk agent.
For fear of leaking out the information.
Agent Black Hawk is anxious.
One of the containers is broken.
He happened to see the Big Mac inside.
It is not the same level as the smoke bomb.
Too much too much.
Levi Garrison's predictions were correct.
This kind of giant is so powerful that it makes people fearful!
In fact, even if he is looked at, he can send out a message.
But Levi Garrison couldn't find anyone.
I don't know where to retreat.
He has no idea.
Something is going to happen now.
He foresaw it.
The point is that the plan of the Lab of the Gods is too fast.
Three-month plan.
It's been more than a month earlier.

Not even a month and a half?
Who can stop this?
Who can predict?
The Return of the God of War [The Protector] Chapter 2721
This speed is too exaggerated.
The Black Hawk agents were directly numb.
Directly shortened the time by more than half? ? ?
If he hadn't really seen those Big Macs, he wouldn't believe it all.
It was also predicted by Levi Garrison…
Two months is fast enough, right?
I want something faster than a month and a half…
In fact, even Mr. X is numb.
The entire man's laboratory of the gods, including the main divine division, is boiling.
I didn't even think that Doctor Dark could still be ahead, and it was completed in less than forty days.
So they plan ahead.
First, the smoke bomb was released, and then all the real Big Macs were hidden.
This trick is simply absolute.
Originally, the Lab of the Gods was still entangled-how to hide these giants under the energy power
station without being discovered by anyone.
It just so happened that Mr. X was going to release this smoke bomb.
So it's a great opportunity!
Now all parts of the world are in turmoil.
Someone there will pay attention to other things.
This time period.
All the Big Macs planned by the Lab of the Gods have been hidden.
Just waiting for the start of the master plan…
After doing all this.
Mr. X also sent someone to observe and search cautiously from other angles to see if he could find it.
After confirming that it was correct, he left.
As for the Black Hawk agent, he was completely put under house arrest.
This plan is not only involved now.
And the timing of the start of the plan has changed early.
All the Black Hawk agents knew about the smoke bombs in advance.
He couldn't let it go.
"Don't worry, Mr. Black Hawk, when we succeed! You are the hero, and you will never be wronged!"
Mr. X smiled.

Everything is under his control.
The Black Hawk agent who was put under house arrest smiled: "Levi Garrison, Levi Garrison, I can't help you this time! I'm not to blame!"
"I wanted to use your hand to severely damage the Lab of the Gods and hurt both of you! Now I am afraid Daxia will be hit by the Lab of the Gods!"
"I can't send a message right now! But that's okay! Daxia is also my enemy! The more ruthless the Gods Lab, the more excited I am! You fight each other, whoever hurts, I am happy!"
Agent Black Hawk raised Erlang's legs.
He did things for Levi Garrison, but he didn't mean the same position.
Both sides are enemies, for him.
Either loss will do.
He just needs to keep his life.
Others do whatever you like.
After thinking about it this way, Agent Black Hawk would not be depressed.
Instead, there is a trace of excitement and anticipation.
…
After leaving here.
Mr. X directly ordered: "Let's get started! Make this world mess, make this world crazy!"
Situations are about to arise everywhere…
Daxia, Kunlun College.
Tiance Shenshuai and others searched for a long time.
Eventually all came together.
"No!"
"I don't have one here either!"
"No one can be found at all!"
…
The location of Levi Garrison's retreat has always been a mystery.
No one can find it.
"Now, give up! It would be futile to find someone again!"
The god commander Tiance said: "The king said that he came to deal with the true core of the Gods Laboratory. When dealing with these giants, he cannot reveal his strength. So in any case, these Big Macs should be dealt with for us! He is or not, it is all us! Do you understand me? "
"Understood!"

Everyone nodded fiercely.
The Return of the God of War [The Protector] Chapter 2722
So! He's not here! It's just a lack of command! We are still us! We will participate in this battle!!!"
"Give my order-disaster is coming! The Baolong clan of Tiance Mansion should shoulder the heavy
responsibility of protecting the country! Now the immediate combat power of Tiance Mansion and
Baolong clan is set out with me!!!"
The superintendent Tiance ordered.
Except for the advance team sent out in advance, this time, the Tiance Marshal personally led the Tiance
Mansion's large forces to the front line of defense.
now.
Coastal defense is on the front line.
All firepower is configured, just waiting to fire.
In particular, the death squad organized by Yanlong Guard is already at the forefront.
Always be ready to charge!
Xiao Liejun's combat philosophy is to take the initiative to attack.
Defense is not enough!
The death squad is one of their big kills!
Not to mention the strength of each of them, they also carry powerful weapons and artifacts.
When the time comes, if the giant creatures are too terrifying, they will choose to die together.
The powerful weapons and artifacts they carry can do this.
Xiao Liejun's idea is that with powerful firepower coverage and the death squad's charge, at least half of
the giant creatures will be wiped out in one wave.
"All parties are ready! Our fighters are all dispatched! Just waiting for your order…"
The three heads of Xiao Liejun were serious about it.
"Are we late?"
A voice came.
The god commander Tiance came here with a large number of strong men.
"Hahaha…great! It's too late!"
"Our monitoring department found them very early and far away…it will take some time for them to get
here! But it's fast too, within a few minutes!"
Xiao Liejun explained.
A bright smile appeared on everyone's face in Yan Longwei.

Although the deployment is tight.
But they still had no idea in their hearts.
But this is all right.
After the great masters of Tiance Mansion and Baolong clan came.
That's a different situation.
"Not only that! The masters of the ancient Garrison clan are here too!"
"We will also come with secret foreign aid! We are on the way! If it goes well, we can attack inside and
outside!"
Tiance Shenshuai smiled.
Although Levi Garrison was not there.
But he can still use it.
Garrison clan and other forces.
The foreign aid he talked about was the Bible organization led by the Evil God and others, and the Maya
industry led by Ye Wudao and Ye Lingtian.
After contacting them.
These people will also come to support one after another.
As for Levi Garrison's real super hole cards, he can't move.
Originally, Levi Garrison didn't plan to use it here.
"Okay! Great!!!"
"We have such a strong configuration, I don't believe they can become a disaster for Daxia? Can they
step on the defensive line under our feet? Impossible!!!"
Xiao Liejun is very popular.
Now I am fully confident.
"According to the message-Western countries have already fought against each other! The Eagle Nation
has also participated in it!"
At this time, a message came from the rear.
Every other place is fighting.
"It seems that this is a worldwide event! It is not specifically aimed at our great summer!"
"I just said that the king thinks too much about the word side by side, and always feels that only Daxia is
the enemy! No, the whole world is suffering!"
Several people discussed with dissatisfaction.
"Come! Coming! Approaching!"
At this time, the monitoring department issued a message.
The Return of the God of War [The Protector] Chapter 2723
It is expected to reach the attack range in two minutes! The number is uncertain! There are hundreds of

them…”
The monitoring department has already monitored it from the sea.
They are actually super fast, and they arrived in the blink of an eye.
“All ministries are ready!!!”
“Everyone listens to my orders!!!”
Xiao Liejun looked serious.
Everyone behind him was nervous enough to sweat.
After all, the enemy is unknown.
No one knows how powerful it is.
“One minute!!!”
Time counts down.
It was like a death bell ringing.
Millions of soldiers on the defensive line were so nervous that they held their breath, and there was a
faint sound, to the point where the needle dropped.
You can see how nervous everyone is…
“Thirty seconds!”
“Twenty seconds!”
…
“ten!”
“Nine!”
…
“three!”
“two!”
“one!”
…
“Rumble…”
Amidst the shaking of the earth and the mountains, huge figures emerged from the sea.
The height is about 100 meters and the length is hundreds of meters.
The huge body is as big as a mountain.
The shadow of the figure fell on the sea, and it was all black all at once.
too frightening!
Scared everyone!
When the behemoth emerged, the entire line of defense was shocked.
“hiss!”
Gasping and surprise sounds endless.
The oppression brought by giant creatures is too much.
Anyone must be horrified.
Even the talents of Tiance, the supernatural and handsome, changed their expressions and paid more
attention to it.

“Call me!!!”
The moment Xiao Liejun saw the giant creature, he immediately ordered.
“Boom boom boom…”
“Chichichichi…”
…
All deployed modern weapons opened fire.
“Rumble…”
The power is terrifying!
It is completely devastating!
In an instant, the sea in front of him turned into a sea of fire, like billowing magma after a volcanic
eruption.
The key is not just a small sea area.
It is the entire sea area in front of the Daxia Coastal Defense Money that has become a sea of flames.
It’s like boiling a pot of steel soup with cannonballs…
The scene is particularly spectacular!
The battle is terrifying to the extreme!
Even the Lab of the Gods was stunned…
If you don’t rely on the strong, is Daxia terrifying to this point with modern weapons alone?
Sure enough, no enemy can be underestimated.
Yanlongwei and modern warriors faded out of everyone’s eyes.
But once a war is fought, they are still strong enough to explode.
This firepower turned the sea area in front of the thousands of miles of coastline into a sea of fire, which
is too terrifying.
The terrifying fire bombarded the bodies of these giant creatures.
“boom!”
These giant creatures can’t bear the mighty power.
One by one was bombed into the sea.
Immediately drowned in the sea of fire.
The Return of the God of War [The Protector] Chapter 2724
A miserable and angry voice came out, as if the sky was thundering.
The tremor made the world buzzing.
…
Waves of firepower slammed, and the sea of flames continued to expand.
Hundreds of giant creatures were all flooded in front of them, and they couldn’t move forward at all.
Moreover, he was extremely embarrassed and hurt a lot.
I can’t stand up at all…
“Hahaha……”

“I’ll just say it! No matter how powerful it is, it must be afraid!”
“Our powerful weapon passed by, and a hole was still penetrated!”
“The word side by side Wang is too alarmist! The description of this thing is too powerful!”
Seeing the effect, Xiao Liejun laughed.
The others were also encouraged, and one by one began to relax.
It’s not as nervous as it was at the beginning.
“Go on! Do them for me!!!”
“Go ahead!!!”
Xiao Liejun shouted.
at the same time.
Tens of thousands of new fighters roared in the air.
“Rumble…”
Waves of coverage bombing were carried out on the sea ahead.
Weapons are pouring down like money.
The sea of flames continued to expand, and even flames rose on the sea.
This group of giant creatures are once again devastated…
Numerous casualties…
The momentum was completely suppressed.
Death squad! Come on!!!”
“Our mech legion is on!”
Xiao Liejun gave an order.
“Let’s join us too! Reduce casualties a little!”
Masters such as Tiance Shenshuai also rushed out to kill the sea ahead together.
The death squad rushed to the forefront frantically…
Followed by the Mecha Legion.
Including various super armors of 100 meters in size, and mechanical beasts!
Also moving quickly.
They are not lost to those giant creatures in size.
The superpowers such as the Tiance Shenshuai who set off at the end are the first to reach the
battlefield in the sea ahead.
“Roar!!!”
…
Each behemoth struggled and came out of the sea.
Fight with the people who have been killed.
But the first ones to come out were all bruises all over.
The coverage firepower just now made them complain.
To the new force of God, the God of God, is simply defeated.
One by one fell quickly.

Even the body was torn apart.
The death squads are like lunatics, and they will never leave any way for these giant creatures to
survive.
Brutally tore their bodies to pieces…
Various armors have also been put into battle, completely suppressing these giant creatures.
Soon it showed a one-sided situation.
"That's it? That's it?"
"Hahaha……"
"I feel that we have sent so many people out, it's totally overkill!"
Seeing the previous battle, Xiao Liejun and the others laughed.
So easy?
The Return of the God of War [The Protector] Chapter 2725
Did they prepare for so long?
Feeling prepared for nothing.
But at this moment, a sudden change was discovered ahead.
A giant creature unexpectedly emerged from the waters behind the Daxia team and attacked them.
"what?"
"this?"
…
Everyone is dumbfounded.
When did you go to the back?
And where did they come from?
Wasn't it all in front just now?
Everyone knows that when the cover bombing was just carried out.
Some giant creatures are on the sea, but more are hidden below.
Let the giant creatures above take the damage and cover them.
They quietly go around behind.
These are all new forces.
For a while, it caused a lot of trouble to the death squads and the people of Tiance Mansion.
"Support! Support now!"
Xiao Liejun's expressions changed.
It is still stronger than imagined and difficult to deal with.
They did so much preparation, but it was still in vain.
Use it all.
"Kill! Kill me!"
Tiance Shenshuai took the lead.
A large number of people charged behind.
…

This battle was so dark that the sun and the moon turned upside down, and the mountains and rivers
turned pale.
Both sides are injured.
Available at the end.
Under the leadership of Tiance Superintendent.
This battle is won!
Annihilate all the giant creatures, leaving no one behind.
In the end, more than a dozen of them were captured and taken back.
Despite the casualties, it was much smaller than expected.
The death squad only suffered a third of the casualties.
There were fewer other casualties.
To know.
Yan Longwei's previous expectation was that the death squad would not withdraw alive…
All the mecha legions were destroyed.
I didn't expect to win so easily…
They are not even hurt at all…
"Hahaha… I said it earlier! With Daxia's current strength, these giant creatures are not afraid at all!"
"Have you seen the king of the word side by side? We have defeated these giant creatures! They are not
as powerful as you described! They are also flesh and blood, and they can still be killed! One shot can
still blast through!"
"They can't work!!! There is no need for a safety island to prevent, let alone a protective wall to block
it!"
"They were defeated by our own hands! Hahaha…"
Xiao Liejun and the others yelled extremely domineeringly.
"Neither can you say that! At least the King of Words side by side discovered these giant creatures in
advance! Let us be prepared!"
There is someone on the sidelines.
"That's true! But these giant creatures are really not strong!"
The Return of the God of War [The Protector] Chapter 2726
Yes! It's a bit weak at all! It's not worth sending so many masters!"
"For the masters of Tiance Mansion, they are just like weak chickens! Let them be dispatched, it's really
a shame!"
"This is a thousand miles away from what Levi Garrison described!
That's it? Need a city wall to block it?

What kind of brain can say this kind of thing?"
"Don't build those safe islands! It's a waste to build them! Tell Lu Xiong they don't do it! They are all
doing useless work!"
"If we really listened to him, the whole country will build the national defense wall, then we will lose a
lot! For these weak things, the whole country's power? It's ridiculous!"
"Next time there is such a false message, don't let Levi Garrison say it! It's wrong that he knew it in
advance, which is a bit of credit.
But think about it, everyone, even if he says, we can't make a temporary response! "
"This must be! With Yan Longwei's ability, temporary deployment! The effect is the same! At most one
hour!"
…
After winning, everyone thought Levi Garrison's original description was too funny.
It's not in line with reality at all.
One by one blamed Levi Garrison.
Master Taixing moved the crowd.
Obviously a small matter, but coaxed such a big movement.
Thinking of what he said before and his plan, he almost laughed out loud.
These giant creatures are indeed terrifying, but they are far away from the power of the whole country
to deal with…
It's ridiculous!
They are discussing one by one.
I feel that Levi Garrison has made a fuss too much.
…
At first some people were arguing, followed by more and more people.
It's going to be a frying pan at the end.
"Well, let's just say a few words! After all, he is still good for Daxia!"
"One word side by side Wang Zhen is wrong! He has been playing for Da Xia! Everything is for Da Xia!"
"And he predicted the arrival of giant creatures right!"
Xiao Liejun calmed everyone down.
Tiance Shenshuai also said: "Yes! It may be that the king made a mistake in the judgment of the word
side by side! This kind of mistake sometimes happens!"
"But! As long as there is nothing to do with Daxia! No matter how much preparation, I would rather

waste all preparations! Just ask for stability!"
Heard this.
Everyone nodded their heads one after another: "This is indeed! We hope that we can't use it! In this
way, none of these things will appear! We have no casualties at all!"
"I have to say! It's better to be prepared than not prepared! It's just that the word side by side is too
exaggerated!"
"He shouldn't be blamed, he has merit! But the loss is huge, there is no merit, and there is no mistake!"
...
Everyone was relieved.
Also gradually quieted down.
"Okay, now start cleaning the battlefield and check the casualties!"
"At the same time, let the rear notice to cancel all operations! Let Lu Xiong also cancel the operation and
stop the construction! Let him come to us! We told him to stop building the island in person!"
Xiao Liejun ordered the order.
After Tiance Shenshuai heard this, he actually wanted to stop it.
The safety island must continue to be repaired.
He thinks Levi Garrison's statement is still wrong.
After all, he knew Levi Garrison's true strength.
Even if this is the actual situation this time.
But he felt it was wrong to listen to Levi Garrison's words!
But this matter has little to do with him, and he is embarrassed to say.
After all, according to his status, he is similar to the few leaders in front of him, or even lower.
Can only give up.
"Since there is something wrong here! The three leaders, I will take them away first!"
The Return of the God of War [The Protector] Chapter 2727
Tiance, the superintendent is about to take people away.
"Okay! Thank you!"
Immediately, Tiance God Commander led a large army to leave.
"Rumble…"
At this time, there was a wave of shaking and shaking.
The surface of the sea not far away was already boiling.
"A powerful enemy is coming!"
"A powerful enemy is coming!"
"Attention please!"
The sirens sounded loudly, resounding across the entire defensive line.

“Ready to fight!”
“All are ready to fight!”
Xiao Liejun and the others panicked.
Shouted immediately.
Everyone prepares again, this time it is more terrifying than before.
After all, this is an unexpected situation.
“Could it be that what the king said side by side is right? This giant creature is too strong for us to deal
with? There will be even more powerful ones in the future?”
Jiang Ye said this.
No one refuted it.
Waiting silently.
This may really be the case.
In this case, it would be very troublesome.
But everyone responded quickly.
All the defensive lines once again entered the first-level combat readiness state, looking at the sea not
far away.
There seemed to be two directions of huge movement.
The momentum is a bit big.
It may be a bit more difficult to deal with than the giant creature just now.
“You are too sensitive! That is not the enemy, it is our reinforcements!”
“The east side is the Bible organization, and the west side is the Mayan industry!”
Tiance Shenshuai quickly explained.
He glanced over, and he could see clearly those people who had come.
“Ah? What? It’s reinforcements, it’s your own people, I’m scared to death!”
“Hahaha, let me just say it!”
Xiao Liejun and their tense nerves all relaxed.
“It’s our reinforcements! Don’t worry, everyone!”
“It’s reinforcements! The enemy is all wiped out! It’s impossible to recover!”
“Everyone retreat, it’s our reinforcements!”
…
Shouting on the defensive line.
Everyone is relieved now.
soon.
Two waves of teams arrived one after another.
It can be seen that Levi Garrison had arranged.
Both sides took out the most elite trump card to support…
The powerful artifacts alone can be seen.

This is to take out all the assets of the family!
Wrong.
The Bible Organization and Maya Industry were arranged by Levi Garrison to deal with the Big Mac.
After the evil gods received the message for the first time, they immediately brought their talents.
The evil spirits and the evil spirits looked different: "Huh? Where are those Big Macs? Where are they?
Are they here?"
Ye Wudao and Ye Lingtian, who led the team on the other side, were also astonished: "Yeah, why didn't
you see it? I thought you guys broke the ground?"
They are still watching carefully around.
This observation.
Everyone's complexion changed drastically.
The sea is a mess, blood, remnants, etc…
The Return of the God of War [The Protector] Chapter 2728
Almost covered the sea.
The Underworld God was surprised: "No? Have you already solved all the Big Macs, have you?"
The words came out.
Everyone gasped.
Ye Wudao and the others were shocked.
Xia Liejun and the others smiled: "That's right, it's wrong! We have just solved it! The battle is over!"
"Look here, it's the giant creature we caught!"
Hong Qingcang pointed not far away.
After seeing the Big Mac, the Underworld God and the others opened their mouths wide, and their eyes
were full of weirdness.
this……
Is this Daxia too powerful, or these giant creatures are too weak.
You must know that after they learned the information, they also came with the determination to die
together and not leave the battlefield alive.
As a result, they came to support and they ended the battle.
This is too exaggerated.
They are equivalent to a trip for nothing.
Coaxing to play?
"No, are you too strong, or are they too weak? I didn't come all the way, but supported? Why don't you
go back?"

Ye Wudao and they were also very depressed.
Originally, during this period of time, he and Ye Lingtian and the others had greatly increased their
strength, and they were holding artifacts, wanting to show their power.
Let the world know how good they are!
As a result, there was no chance of performance at all.
Isn't this pissing them off?
Tiance Shenshuai smiled and said: "You guys are late, you can't catch up!"
"But tell the truth! A bit weak! We all have lost much!"
"Of course the premise is that when the Yanlong Guard puts all his firepower on, this place has become
a sea of flames! It is everyone who underestimates the terrible nature of modern weapons!"
After listening to what Tiance superintendent said.
The evil gods felt that something was wrong.
They couldn't believe what Levi Garrison said.
Levi Garrison said that once such a giant appeared, it would be absolutely catastrophic.
But now the fact is that Daxia Yanlongwei and Tiance Mansion can easily solve it.
Even dispatching a powerful person of the level of Tiance Shenshuai, there is a feeling of overkill.
Where is the problem?
Is Levi Garrison wrong?
They still believe in Levi Garrison.
Absolutely what he said is true.
Then there must be some…
But Ye Wudao and the others are different, and they all have regrets.
It is a pity that they have not caught up with this battle.
"Hey, I thought there was a big battle! We came to support the loneliness!"
"Is this thing so weak? It's worth so much excitement? Who said this thing is so powerful!"
Ye Wudao asked.
"It was the king who first discovered this giant creature side by side, and he said that this thing is
extremely powerful, and it is necessary to build a defensive wall on the coastline of Daxia…"
Someone in Yan Longwei told everyone the matter.
"Hahaha…you dare to believe what Levi Garrison said?"

“It’s strong enough to need a 300-meter wall to block it? Now, didn’t you solve it easily?”
“He’s just alarmist! You really believe it! Coaxing such a big battle! Anti-aircraft guns hit mosquitoes?”
“Everyone must not tell me about this in the future! Otherwise, it will damage my reputation of Daxia!”
Ye Wudao sneered.
Others also echoed: “Yes! The fact that the king predicts the message side by side must not be spread! It
is blocked for me!”
But everyone refuted it.
This is the case!
These giant creatures are afraid that they don’t even have one percent of the strength that Levi Garrison
said.
What he said would become a disaster as soon as it appeared.
The Return of the God of War [The Protector] Chapter 2729
The results of it?
It made everyone excited.
Make one plan after another.
Finally so weak…
Coax it to play?
Only the death squad and the masters of Tiance Mansion resolved it.
We must know that Yanlongwei has deployed the largest number of teams on the defensive line.
As a result, there is no chance to be put into use at all.
And there are millions of reserve teams in the rear.
There are hundreds of thousands of warriors in the dark group, dark whistle and so on.
Not even more useable.
There are also reinforcements from the Bible Organization and Maya Industry. They are too far away
and come a little slower.
The battle ended.
It’s so funny.
Speaking out will make people laugh.
I think Daxia is sick!
Soon news came from all over the world.
Everyone won.
After the real power of various countries was deployed, this giant creature was completely defeated.
Especially the Eagle Nation solved the battle as quickly as possible.

The disasters all over the world were removed instantly.
However, the preliminary preparations are far greater than the combat needs…
The most unbalanced is Daxia.
They prepared too much, too much, and this is the result? ? ?
"Waste! Too much waste, right? It seems to be ready, but in fact the loss is too great!"
"Who should I look for in this wave of losses? It's not necessary at all!"
Ye Wudao shouted.
Hear Ye Wudao say so.
Xia Liejun and the others were even more depressed.
The loss is too great!
Not to mention everything that was prepared.
The loss on the safety island is too great.
Human and financial resources are sky-high!
And the materials used to build the island are all traded.
The resources for the construction of safe islands were obtained in exchange for precious resources
after the treasury was opened.
The loss is too great.
The point is now not the previous resources.
It is now a semi-finished product, which is equivalent to processing.
To exaggerate it is a waste product.
If you don't use it to build a safe house, it's all wasted.
Distressed!
Xiao Liejun heard someone mention this.
The heart is really bleeding!
The safety island and all kinds of preparations are really costly.
Especially Lu Xiong is really willing to spare it!
Take out all the belongings he can take.
Just believe in Levi Garrison and fight it out at the end.
This time although it is not about the power of the whole country.
But at least a quarter of the power of the treasury and so on…
It hurts vitality…
Especially not available now.
It's even more damaging.
The loss is too great.
Indirectly weakened Daxia's national power…
The problem is big and big!
"Then Daxia can only reduce the loss as much as possible now…All the safety island projects have been

stopped! Those unused materials can be sold quickly, and they can be used in other places…
In short, reduce losses as much as possible! Levi Garrison has already pitted you, so he can only wipe his
buttocks! "
Ye Wudao said.
Xiao Liejun nodded their heads: "It can only be so! The best way to reduce losses now is to stop the safe
island project!"
"Really ridiculous, half of the establishment of such a large project is about to stop!"
"Ye Wudao, if you don't know how to speak, don't say it! Everything is linked to others!"
Underworld god roared.
Want Ye Wudao to know the true identity of God of Darkness, can he still laugh at him?
"What do you mean, I said Levi Garrison is getting in your way?"
Ye Wudao naturally refused to agree.
He also has a bad temper.
"Are you looking for death?"
The Return of the God of War [The Protector] Chapter 2730
Seeing that the two sides were about to start a big battle, Xiao Liejun and the others hurriedly stopped
it.
"Everyone is on the same front, so there is no need to hurt peace!"
"Since there is nothing wrong! Then everyone should leave!"
"Our line of defense will also be withdrawn! Everything must go back to the past!"
…
Xiao Liejun and the others have already planned to withdraw their troops.
After all, it has been won.
"Ah? Head Xiao, you want to withdraw? Withdraw all the deployed coastal defense lines?"
The Underworld Gods were obviously panicked.
This is a big deal.
Withdraw without thinking?
"Ah? Of course it was withdrawn! We all won this battle! Why do we still have such a long defensive
line? It will be a loss for a moment!"
Xia Liejun subconsciously said.
"Ah! No! Now the danger is still not completely eliminated! What if another Big Mac strikes? And even

stronger than these! Withdraw the defensive line, isn't this opening the door?"
Underworld god said his worries.
Tiance Shenshuai also nodded.
Although Levi Garrison estimated that the situation did not appear.
But still can't be taken lightly.
What if it's a smoke bomb this time?
Where is the real main dish in the back?
At this time, all the defensive lines are removed, which is equivalent to inviting people in.
After all, everyone still believed Levi Garrison's words.
Xiao Liejun laughed helplessly: "The so-called hearing is false, seeing is believing!"
"These giant creatures are dead! We also caught a dozen of them… We are going to show the King Side
by Side a good look at that time! Let him see how strong these giant creatures are? Didn't they all be
wiped out by us? so much?"
"What's more, these giant creatures are not only aimed at Daxia, but the Eagle Nation and other places
have been attacked! They have all been wiped out!"
"They are really not as powerful as the one-word side-by-side king described! They are really average!"
"Besides, if you don't stand at our angle and position, you don't know how great the loss will be if you
don't withdraw the defensive line and stop the safety island!"
…
Several people spoke their thoughts.
Feng Xie Shen stood up and asked again and again: "But have you ever thought about where these giant
creatures come from? Do they still have? If so, how many more? Is it stronger? Will they come again?
Attack?"
Everyone was silent now.
Just fell into joy, not thinking about these issues.
But these do indeed exist.
No one can guarantee that there is or there is…
And this situation is very likely to be discovered!
"this……"
Xiao Liejun's trio showed hesitation and embarrassment on their faces.
This question really comes to the point.
They really didn't think about these things.

I just feel that I have won, and I don't need to do anything else.
The problems of the main wind evil spirit hit the key point one by one.
They can't answer
Even Ye Wudao and Ye Lingtian stopped talking.
The Return of the God of War [The Protector] Chapter 2731
After all, these questions of Underworld God are too sharp.
No one can guarantee…
As decision makers, Xiao Liejun and Hong Qingcang's brains are running fast, weighing the pros and
cons!
Don't withdraw, the loss is big.
Withdraw, if something happens, the loss may be even greater.
Even the gate of Daxia was lost, and the whole Daxia fell into disaster…
That is, what Levi Garrison said will happen.
Then they can't bear the responsibility even more.
Feng Xie Shen continued: "Before these problems are clear, if I want to withdraw suddenly, something
may really happen!"
This time, Xiao Liejun and the others were even more embarrassed.
"Does everything continue? I can't afford the loss! It's too difficult!"
"Is there any compromise?"
…
Several people are very depressed.
"I have an idea! You don't need to withdraw, everyone will wait and see! Wait a few days!"
"In addition, don't be idle these few days. Hurry up and investigate the origins of these giant creatures.
You can contact other countries to investigate together!"
"I believe there should be an answer in a few days! If there is no follow-up danger at that time, you can
withdraw everything with peace of mind!"
"You should be able to afford the losses these days!"
Tiance Shenshuai came forward and suggested.
Hearing that, everyone's eyes lit up fiercely.
"This idea is okay! Let's wait and see for a few days, and thoroughly investigate the matter! If you then
withdraw, then every aspect has been taken into account!"
"Furthermore, we have been able to bear the losses for more than a month. Can we still bear the losses
in the past few days?"
"Okay, thank you Tiance! That's how we come!"
Xiao Liejun and the others agreed.

Soon Yan Longwei continued to evacuate, but left half of his defense.
The rear also left the reserve team.
In this way, even if something happens, it will be the first time.
Second, they dispatched intelligence agencies and began to unite with other countries to investigate the
source of these giant creatures.
See if someone is controlling it?
A great war all over the world is over…
Everyone is cheering.
I feel that the times have changed.
Humans have no choice but to see giant creatures appearing in movies and TV series of the past.
But the fact is easy to solve…
Kill as many as you come.
…
the other side.
In the capital base of the Lab of the Gods.
"Did you figure it out?"
Mr. X asked the professional department of the Gods Laboratory.
"Well, 80% of Daxia's deployment has been figured out! There may be a little error, or some hole cards
may not show up! But we can analyze the top of the ten, and they are all under our control! Xia is no
longer afraid!"
…
After listening, Mr. X and they all laughed.
The plan was perfect this time!
Kill two birds with one stone.
Even several carvings!
The Return of the God of War [The Protector] Chapter 2732
He not only figured out Daxia's deployment, but also hid the real Big Mac, and stimulated the gods in
Forbidden Land No. 76…
"Well, in the end Maya Industry and the Bible Organization have come to support!"
Lucifer said.
"It's a pity that Daxia's combat effectiveness is too strong, and it will be over when they arrive!"
"If Daxia is in a stalemate when they support it, maybe they might do it! Attack Daxia directly!"
Clown the Great, they really thought Maya Industry and the Bible Organization were the gods in

Forbidden Land No. 76.
I thought it was really fake to support.
Actually want to do something against Daxia.
When Mr. X heard it, he smiled directly: "Hahaha… laughed to death, did Maya Industry and the Bible
Organization really come to support it hypocritically?"
"But it's true?"
Mr. X is still more cautious, asked.
Several people nodded: "Of course! The Bible Organization and Maya Industry have taken out their hole
cards! All the artifacts and armor are carried… I think they are ready to fight Daxia… But there is no
chance to make a move… "
Mr. X nodded: "In fact, their purpose is the same as ours, to figure out Yanlongwei's hole cards and
firepower allocation…"
"This is because Daxia won. If these giant creatures could pose a threat to Daxia, Maya Industry and the
Bible Organization would have done it early!"
Others also said: "It is estimated that these guys in Forbidden Land No. 76 have already been gearing up
in secret!"
"Although they don't do anything, it is good for them. At least they can figure out the firepower
allocation of Daxia. It will be more beneficial to them when they next act!"
"Daxia is going to be over, hahahaha…"
…
The conspiracy succeeded.
Everyone in the Lab of the Gods was laughing.
"I heard that Daxia has started investigating the giant creatures! It will take a few days! However, I have
already arranged it! Lead them in other directions!"
"As for you, just continue to prepare! Soon our real plan will begin!"
Mr. X sneered.
"Okay, got it!"
…
the other side.
After Lu Xiong received the notice.
He hurried back and joined Xia Liejun and the others.
"What? I'm halfway through the construction of the island, let me stop? I won't do it!"

“After paying so much, it’s all about the bones! Has this stopped?”
“No! Resolutely not!”
When Lu Xiong heard that he wanted to abandon the safety island project, he firmly refused to agree.
“But you have to respect the facts! Judging from the current situation, there is no such thing as the
powerful Big Mac that the king said side by side. We can solve the problems that have emerged right
now!”
“In that case, do we still need to waste it? It’s already a big loss!”
Xiao Liejun’s attitude was very hard.
Lu Xiong had a fiery temper, and he firmly believed in Levi Garrison.
Especially the plan is halfway through.
He is even more reluctant to give up.
The two sides quarreled violently.
The Return of the God of War [The Protector] Chapter 2733
Jiang Ye hurriedly came out to complete the round: “Old Lu, it’s not for you to stop forever! It’s just a
temporary stop! Now I have gone to investigate, and soon the results of the investigation will come out!
At that time, I will decide whether the island needs to be built!”
Lu Xiong nodded: “If this is the case, I will accept it! If this is the case, I will definitely stop! I also want to
reduce the loss for Daxia! But if it is true as the word side by side king said, you have to give me more
strength! “
…
In the end, everyone reached a settlement.
For everyone in Daxia these days, they are all uneasy.
Especially the defensive line and the monitoring station, dare not close their eyes, waiting for the
invasion of powerful enemies at all times.
Xiao Liejun’s few talents were not well rested, and they didn’t close their eyes for days and nights.
The results of the investigation came out.
These giant creatures come from the depths of a sea area.
Here is rich in energy materials, especially the anomalous electromagnetic force.
It’s easy to breed such a behemoth.
Of course, they are allowed to wander around, but there are behind the scenes who are attacking each
country-the Rock Experimental Group from the Warhawk Nation.

They have been studying this kind of creature or other secret weapons.
It is a great threat to the whole world.
After the investigation was clear, the major countries jointly eradicated it.
At this point, the crisis of giant creatures has been completely resolved.
There will be no more articles.
There will be no situation that Levi Garrison said.
After getting the survey results, Xiao Liejun and the others laughed.
"Remove the defensive line immediately…"
This is the fastest and most desired order given by Xiao Liejun and others…
The moment they received the message, they immediately ordered it.
"We must stop the construction of the safety island immediately! Try our best to reduce losses!"
"Let Lu Xiong come over immediately! Hurry up!"
…
Soon, the orders came to the forefront.
The soldiers on the defensive line have been closed for days and nights.
They have been nervous, always waiting for the arrival of the war.
The war did not wait until the end of the retreat order.
"Good! Great! We won!!!"
"Withdraw! Withdraw!"
"Everyone sing!!!"
…
As soon as the results came out, everyone felt relieved.
Singing and quitting.
On the long coastline, the scene of collective retreat is still super spectacular.
This also means that Daxia really won.
The people also began to cheer…
No need to continue to live in panic.
The retreat was too fast.
Within a few hours, the coastal defense line retreated across the board.
Nothing is left.
The speed is so fast that everyone jokingly calls it "Daxia Speed".
But after they learned about the evil gods and gods of Tiance, they couldn't be happy at all.
Hidden danger!
What a hidden danger!
The withdrawal was too fast…
After all, Levi Garrison said that this thing is very strong, and he has been worried about it.
Levi Garrison's such terrifying strength all said so.

That means there is a real threat.
The Return of the God of War [The Protector] Chapter 2734
Now that Daxia suddenly withdrew such a strong line of defense, it was tantamount to widening the
country's gates and letting the Big Macs in.
But they are not decision makers after all.
There is no way to stop this.
In the previous words, Xiao Liejun and the others would listen to their opinions and discuss them.
But after the results of this investigation came out, Xiao Liejun and the others didn't even say hello, they
just gave orders.
They value the survey results very much.
They would not believe what Levi Garrison or others said before the iron proof.
"what should we do???"
They are also helpless.
"For today's plan, we can only focus on a little bit of movement everywhere. If there is an abnormality,
we will prepare in advance!"
"Secondly, we are waiting for Mr. Ye to come out! I hope there will be no accidents during this time!"
...
In the Yanlongwei base.
Lu Xiong sat with a pale face, and everyone else was smiling.
In the face of this investigation result, Lu Xiong had to suspend the safety island project.
After all, he failed the bet with everyone.
Levi Garrison's prediction was wrong.
None of these safety islands are used anymore.
Why build it with such a big loss?
"Lao Lu, you should be happy at this time. Don't say that the Great Xia crisis is resolved! We can still
reduce the loss! Good thing, this is!"
Everyone said.
Lu Xiong grinned reluctantly: "Of course I am happy that there is something wrong with Daxia! But I
have a hunch that something is going to happen!"
"The safety island is half built, but it's a pity..."
"You and the king of the word side by side as the leader of Daxia, be more sensitive and think long-term

is a good thing! But we must also respect the facts! We can solve this disaster, and we have found the
source, and dealt with the source. Something happened…"
Xiao Liejun said.
"Well, okay! The Safe Island project is abandoned, I will listen to you all!"
Lu Xiong said.
"Okay, then give the order-the safety island project is stopped! All manpower is recalled! All machinery
and other resources are shipped back!"
"As for the materials and resources that are not available, they must be sold out to reduce our losses!"
"Especially the part of the materials we exchanged for precious resources by opening the treasury, we
must find a buyer to sell it! Try every means to reduce the loss!"
…
Yanlongwei immediately issued the order to terminate the safe island project.
The people who are working on the safe island project are in an uproar…
Great! This project has finally ended, we can go back!"
"Yeah, don't continue to work here!"
"I said earlier what is the use of building this thing? It's not useful at all!"
…
After receiving the retreat order, the construction personnel frantically vented their dissatisfaction.
They wanted to withdraw long ago.
For a long time, almost everyone felt that building this thing was useless.
Just because of what Levi Garrison said, Daxia was so excited.
Send them to build a safe island day and night.
As a result, it cost such a big price.
In the end it was not useful at all! ! !
Everything is in vain.
All of them were furious.
The key is that they all know that Levi Garrison ran away at the last moment.
The person is gone.
But let them continue to do this and that…
So now hearing the order to terminate the plan, everyone who is happy will jump up.
Don't forget the last few words of burying injustice Levi Garrison.
"The word side by side king, your prediction is right, but you bet wrong! These giant creatures are not as

strong as you think!"
"It may seem to you to be very strong, but your strength is already out of style!"
...
Lu Xiong's people were evacuated.
The Return of the God of War [The Protector] Chapter 2735
But there are still some secretly built by the Bible organization.
They were dumbfounded.
To build or not to build?
All the troops ran away.
Keep them?
They immediately contacted their superiors, the evil gods, wind evil gods and the like.
Tell them about this.
"You can't go! A safe island must be built!"
"Listen to our mistake! The safety island is absolutely necessary!"
...
After the evil gods knew about it, they immediately ran to stop it.
Others don't know.
Can they not know?
This is what Levi Garrison said!
That must be right!
There will be no problems.
Now that they suddenly withdraw, that's no good.
But where everyone in Daxia will listen to him?
They all left without looking back.
"Stop all of us, no one is allowed to leave!"
Underworld gods are really anxious.
Hastily stopped people.
"Hey! There is no way! Now in this situation we can only withdraw…"
"I'm sorry, I can't fight side by side with you…"
A voice sounded.
Lu Xiong came to the court helplessly and apologized to everyone.
In his position, he can't tolerate his arrogance, and can only rely on true evidence.
He himself was helpless.
He believed that Levi Garrison was going to retreat.
Now, even if the people of the Bible Organization say that they are breaking the sky, it is useless.
"Hey, all right! Let's build the rest by ourselves!"
Underworld gods are also very helpless.
But there is no way.

This is the case.
“Well, head Lu, give us the materials and resources that have not been used up, and we will continue to
come…”
Lu Xiong looked embarrassed: “Huh? This horror doesn’t work! You guys are a step late!”
“In order to reduce losses! All remaining materials, even if they have been processed into semi-finished
products, must be shipped back to Daxia. The requirement is to reduce losses at all costs! Even the pots
and pans must be brought back. !”
“If it weren’t for the fact that the island has been built in half, it has already taken shape! It is estimated
that it will be destroyed, and the substances in it will be extracted and taken away!”
…
Lu Xiong reluctantly left with everyone and a large amount of resources.
The dark gods and their faces changed drastically.
Leave nothing?
All human and material resources should be removed.
“Then what shall we do now???”
Everyone asked.
“Our pressure is even greater, dozens of times greater!”
“Listen to my orders now! Hurry up and continue! Within the specified time, you can build as much as
you want!”
“They are gone, we can only do our best!”
…
The evil god looked into the distance and sighed: “I hope that the master will not have trouble before he
leaves the customs!”
However, we were supposed to deal with the next thing! The master won’t be on it!”
“Once there is danger, we have to work hard!”
Feng Xie Shen and several people are ready.
“Hahaha, Daxia has withdrawn the defensive line! Everything has been withdrawn!”
“They thought it was really over! But the facts are in front of them, and it must be over if it doesn’t
end.”
“I have to say that Mr. X’s plan is wonderful!”
The Lab of the Gods got the message for the first time.

The Return of the God of War [The Protector] Chapter 2736
Everyone laughed and bloomed.
The situation they expected came.
Now the gate of Daxia is wide open, and there is no defense at all.
And just after the victory of a big battle, everyone is in a very relaxed state.
Many people even went on vacation or celebration.
At this time, the defense was even more slack than before.
Once the war starts again, they will not be able to react…
This is the most terrible.
"Mr. X, shall we act now?"
Everyone can't wait.
Want to act immediately.
Everyone doesn't want to let go of such a good opportunity.
"Don't worry! Even though the gate of Daxia is open now, it is a good opportunity for us to attack!
But…it is said that some people still feel that the danger is not eliminated…"
"They will still stare! Especially at this time the Daxia State Gate just opened! It is even more when they
are staring! According to general thinking, we will naturally attack at this time!"
Hearing what Mr. X said, everyone nodded.
Although it has little influence on the final result.
But it may be hindered halfway.
If someone is staring, it will be reported to Yan Longwei and Tiance Mansion as soon as possible.
Everyone can see how strong the fighting power of Yan Longwei and Tiance Mansion are before.
The Lab of the Gods also wanted to minimize the losses in all aspects.
Strive to win Daxia with the utmost confidence.
So be cautious and cautious.
Mr. X is always a prudent person.
He smiled and said, "I will give them two more days to observe…"
"If there is no situation, they will be confused, confused, and somewhat slack. That is the best time for
us to attack! It's just a month and a half!"
Mr. X has set the time for the offense.
Everyone looked at each other with anticipation.
They have been holding back in the dark, and have long wanted to appear in the light.
It's finally coming.

Two days later.
They will appear in this world, opening their way to dominance.
The moment of supremacy they had always imagined was finally coming.
"Haha, I also want to thank War Eagle Nation! They stretched their hands too long! Energy power plants
are spread all over the world, everywhere! This is too conducive to our plan!"
"Especially there are quite a few around Daxia. There are seventeen energy power stations in the Star
Country, the East Island countries, and the nearby Warhawk Country… We have the most Leviathan (the
evil monster in the Bible! The Gods Lab is the Big Mac). The code name for!) is hidden here! It is for
Daxia…"
"Once we plan to open it, Leviathan will be able to reach the coastline of Daxia within an hour at the
slowest. If it is faster, half an hour will be enough!"
"This is too critical for our plan. It is enough to catch Da Xia by surprise. The speed of the blitzkrieg gives
Da Xia no time to fight back… When the time comes, the group of gods in Forbidden Area No. 76 will
make another move. Da Xia will have no chance. Any way out…"
…
Mr. X is too confident about this.
Everyone present laughed.
The Return of the God of War [The Protector] Chapter 2737
All are looking forward to two days from now.
The right time and place and…
It seems that everything is on the side of the Gods Laboratory.
Daxia is bound to lose…
Two days later, a real disaster is coming.
But Daxia withdrew everything.
The safety island project has also stopped…
But no one knew what was going to happen next.
The Black Hawk agent under house arrest tried to break free, but Mr. X did not give him a chance.
Especially at this juncture.
Mr. X came specifically to the place where the Black Hawk agents were under house arrest.
"Mr. Black Hawk wants to thank you, our plan will finally begin!"
"Just two days later, you will see the destruction of a super country!"
Mr. X made an explosive gesture.

Agent Black Hawk's body trembled slightly.
Sure enough, it's about to start…
The Lab of the Gods is terrible.
The key is that Levi Garrison is in retreat, and has no idea what the Gods Lab planned in advance.
But what does it have to do with him?
It's good for the two sides to fight!
It's best to lose both!
But the situation in Daxia is not good now, showing a one-sided state of affairs.
In this case, Daxia will not cause much loss to the Lab of the Gods.
This is not so good…
Agent Black Hawk thought that the result was a situation where Daxia and the Lab of the Gods were
both defeated…
This is what is most beneficial to War Eagle Nation…
But now, Da Xia Ming was about to be violently abused by the Gods Lab, and even swallowed it in one
bite.
Although for the Eagle Nation, there is one less enemy.
But the greater threat is still there…
And according to this situation, there will be almost no loss in the laboratory of the gods…
At most, all Leviathans have been wiped out.
But this actually doesn't hurt the foundation of the Gods Lab…
It doesn't even constitute harm!
It is equivalent to a complete laboratory of the gods!
The Return of the God of War [The Protector] Chapter 2738
This can't work!
On the surface, although the Eagle Nation and the Lab of the Gods are partners.
But secretly, each other is the enemy.
Agent Black Hawk didn't want this situation to happen.
He is struggling.
Tell Levi Garrison this message.
Levi Garrison is so powerful, if he prepares to deploy in advance, he will surely inflict heavy damage on
the Lab of the Gods.
Both sides lose out, this is a great situation.
When the time comes, the Eagle Nation will reap the benefits of the fisherman…
therefore.

Now I have to find ways to spread the message, let Levi Garrison know.
Even if you don't let Levi Garrison know, others will do.
correct.
Hasn't Levi Garrison been putting people around him all the time?
I should have found out this time?
wrong!
Let the pit!
Levi Garrison was just a warning, and there was no manpower arranged by them at all.
This is over.
The message can't get out at all.
Before Levi Garrison's retreat.
Said to him-let him have something to contact the god of evil of the Bible organization.
But he can't get out now.
Wan Wanzhen thought that the Lab of the Gods would put him under house arrest…
Difficult!
This is really difficult!
The Black Hawk agent's brain is running fast, trying to send the message out.
Is there any way to notify the evil god.
"Mr. Black Hawk is afraid that we will deal with the War Eagle Nation?
Impossible! We must concentrate
our efforts to deal with Daxia! The Leviathans hiding in various energy power stations must gather at the
fastest speed to attack Daxia. There are Time takes care of others!"
Mr. X smiled and said: "So you don't even think about sending the message to the Sky Shield Bureau and
the War Eagle Nation! What a bad influence!"
The Return of the God of War [The Protector] Chapter 2739
He thought that Agent Black Hawk looked thoughtful and wanted to send a message to the Sky Shield.
"Huh? I don't have any…"
Agent Black Hawk was taken aback.
Explained hurriedly.
Mr. X smiled and left.
However, he ordered his subordinates to strengthen the guards and was determined not to let the Black
Hawk agent send out any messages.
If necessary, you can kill it directly.
This is of course a last resort.

Now the Black Hawk agent is still famous.
When the time comes, he can quietly activate the energy power station with his authority.
In this way, all giant creatures like Leviathan can be shipped out.
If you kill him, it will be a little troublesome at that time, and it may be exposed…
This is a last resort!
Agent Black Hawk sweated coldly.
Thought for a long time.
I really can't think of other ways.
He also understands that Mr. X's defense is really impossible now.
He simply gave up.
I can only pray that Levi Garrison will go out early, and when he finds that he can't get in touch with him,
he will understand the anomaly.
So he can prepare in advance.
I can only pray.
…
Mr. X, who left the place of house arrest, sneered.
"Sure enough it is him!"
It turns out that the Gods Laboratory has found safe islands and other items.
The Return of the God of War [The Protector] Chapter 2740
Although the safe island was carried out in secret.
But the Lab of the Gods has too many eyeliners in Daxia.
It is normal to know this message.
Now that the safety island has been built.
This shows that Daxia has responded in advance.
Then why do they want to build a safety island?
I must have received some of the information before I started to respond.
Who revealed the information?
Agent Black Hawk!
The motivation is also very simple!
I want to see the Lab of the Gods and Da Xia fight each other, and there will be a situation where both
sides will suffer.
therefore.
Mr. X will put the Black Hawk agent under house arrest.
Let him not send out any messages.
It can't be given to the Sky Shield Bureau and the Eagle Kingdom, let alone Da Xia…

From the moment he decided on his own plan, his performance can illustrate this point even more.
therefore.
The Lab of the Gods was right, but not completely right.
Ignore the character on Daxia's side-Levi Garrison.
…
Although Daxia has already withdrawn.
However, the Bible organizes the evil gods and the others, according to Levi Garrison's orders.
Build a safety island.
Observing is still observing.
Levi Garrison confessed to them, paying particular attention to the major energy power plants of the
War Eagle Nation.
When the time comes, the Lab of the Gods will hide all the Big Macs here.
The Return of the God of War [The Protector] Chapter 2741
Therefore, they stared at it tightly.
No matter how clever the techniques of the Gods' Lab were, it was such a large body and there were so
many in number.
Once you want to hide underneath, there must be clues.
The evil god sent manpower to stare at all the energy power stations.
…
But how did they know that Leviathan was all hidden underneath during the previous chaos.
Now they are staring, that is lonely.
Can't see anything.
In addition, Levi Garrison explained the evil god.
Once the Lab of the Gods had an action, the Black Hawk Specialist of the Sky Shield of the Eagle Nation
would send a message to him.
Now he is staring hard, and the Black Hawk agent sends a message.
That is double guarantee.
Underworld God breathed a long sigh of relief.
After the Daxia defensive line withdrew, the Lab of the Gods did not attack directly.
That shows that this matter is still eased.
At least extend the time to wait for Levi Garrison to come out.
"Master, go out! I foresee something bad! Hurry up!"
This is the wish of many people.
One day passed.
Nothing happened to the Underworld God.

Agent Black Hawk did not send a message, and there was no trace of the Big Mac.
He became more concerned.
After all, according to time, there is still a month and a half before the time to go to the Lab of the Gods
to act.
Levi Garrison was fully aware of the dangers, so he advanced a month and stuck in time for two months.
In this case, there are still sixteen days left.
That's more worry-free.
The Return of the God of War [The Protector] Chapter 2742
The god commander Tiance is also sending people to stare at him, for fear that the enemy will attack as
soon as the defensive line is withdrawn.
But nothing happened after one day passed.
I'm afraid it will attack at night.
Stared at it all night.
Still nothing.
One day and one night after the defensive line was withdrawn, nothing happened.
Yan Longwei and all parties dispelled his doubts.
Announced that nothing happened.
The best time for the enemy to attack has passed.
There must be something wrong.
Even if the gods of Tiance were still suspicious, they had to admit what Yan Longwei said.
indeed so.
Not offensive for such a good opportunity.
It's even more impossible next.
There is only one day left.
Levi Garrison, which many people are looking forward to, still has no exit.
I couldn't find where Levi Garrison was in retreat.
Fortunately, no one knows the specific deadline, if only one hour is left.
It is estimated to be anxious to death.
Instead, everyone in Daxia became more and more relaxed.
Internal complaints against Levi Garrison grew louder.
I feel that Levi Garrison's false information has caused Daxia to suffer a huge loss.
It even hurt Da Xia's vitality.
Someone has calculated it.
Even if the island stops, all the remaining resources and materials will be sold.

In total, Daxia Treasury lost one-seventh of its resources…
This is already badly injured.
The key is no accident.
The Return of the God of War [The Protector] Chapter 2743
If you fight against the enemy, you will have lost so much.
After all, everything is used for ideas.
But just a word from Levi Garrison, the loss was so big, nothing came in handy.
This is depressing.
Therefore, many people complained particularly about Levi Garrison.
Even spread to Kunlun Academy.
Let Zoey Lopez be criticized for them.
Kunlun College was cut off from the world, because they practiced madly and ignored the outside world.
Therefore the information is difficult to know.
They just learned that such a big thing happened in Daxia and even the whole world.
The most important thing is that all of this has something to do with Levi Garrison.
No wonder everyone can't see Levi Garrison during this period of time.
It turned out to be busy with other things.
The key is that after he provided false information, the person disappeared.
"What is he doing? What is he doing every day?"
"Just because of his words, Daxia Treasury lost one-seventh of its resources…it hurt the root…"
…
Plum dyed them one by one and couldn't be angry.
Many people pointed at them.
Let them suffer.
Since entering Kunlun College.
Just because of Levi Garrison, how much slander did they receive?
Every day is pointed and pointed.
Now this situation is more slanderous to them.
All of them were very aggrieved and uncomfortable.
They obviously don't do anything, why should they be ridiculed and humiliated.
Some people even speak bluntly-saying that they are the culprit responsible for Daxia's huge losses!
It's Daxia's sinner!
The Return of the God of War [The Protector] Chapter 2744
Be responsible for this matter.

…
Why?
They don't do anything? ? ?
Who are you going to talk about?
Can't find Levi Garrison!
the other side.
In order to reduce losses, Daxia Yanlongwei is selling resources and materials.
It can be considered to be able to recover a little loss.
However, many countries and forces are watching Daxia's jokes, deliberately holding prices or
equivalent exchange values.
Daxia suffers a lot…
It is too much lower than expected.
If this is sold rashly, the loss will be too great.
So Daxia is waiting, choosing the most suitable buyer, and then selling these things.
But everyone colluded and made it clear that they would pit Daxia together.
Prices on each side are kept extremely low.
Let Daxia have no choice at all…
In the end it can only be sold at a low price…
Just when Daxia gave up hope, a group of mysterious people suddenly appeared.
It claims to need these substances to be sold in Daxia's hands.
And buy them all at a relatively high price.
It's okay to exchange other resources for…
Although this price is still much lower for the value of these material resources.
But now and then, now the whole world is madly lowering prices on Daxia.
The price they have now proposed is double the price.
For Daxia, this is nothing but charcoal in the snow!
Yan Longwei didn't even think about it, and directly agreed to cooperate.
Sell all the resources and materials that are not used up.
In exchange for other scarce resources…
But how did they know that these people were sent by Mr. X…
The Return of the God of War [The Protector] Chapter 2745
Underworld God and others immediately got together.
"What's wrong? Did they act?"
Several people asked quickly.

“There was no action! However, suspicious persons were obviously found near the Energy Power Plant
of the War Eagle Nation…They were sneaky and seemed to be stepping on the same thing!”
According to reliable information, they did find people around.
It was Lucifer them.
They were going to check Leviathan’s situation, and they didn’t expect that the people arranged by the
Underworld God would be tracked down.
Misunderstanding that they are doing preparatory work, stepping on or something.
In fact, they hid it a long time ago and just came to check it.
The evil god suddenly realized, and sneered: “That means they are about to start preparing! Soon they
will hide those Big Macs! Now it’s just the preparation stage…”
“We still have time! This is a good thing! It was wrong with the owner’s estimate! About two months!
Now they are starting to prepare, and in a few days, almost all the Big Macs can be hidden under the
energy plant!”
…
After analysis, everyone thought that Lucifer and the others appeared just for preparation.
“Well, you guys keep staring! It is estimated that they will be transporting those Big Macs and hiding
them quietly!”
Underworld God ordered everyone to keep staring.
As for Daxia, no one was staring at all, and no one paid any attention.
A lot of people are holding a celebration banquet, and there are scenes of singing and dancing
everywhere.
…
Not only did the Gods Lab prepare everything.
Still thinking about how to strengthen, and strive to avoid the slightest omission.
They are still perfecting various preparation activities.
In fact, in the eyes of the Gods Lab, the real enemy is not Daxia or the God of Forbidden Land No. 76.
Those are the two types of existence in Daxia.
Everything they follow is to prepare for these two types of beings.
If they do not show up, it is naturally good.

But if it appears, then the Lab of the Gods will definitely go all out to fight it.
…
The current thinking is how to reduce the loss as much as possible!
"By the way, I also thought of a way!"
"It can greatly reduce Daxia's combat power!"
The Return of the God of War [The Protector] Chapter 2746
Mr. X suddenly thought of something and couldn't help exclaiming.
"what?"
Everyone looked over.
"How about letting Tiance God Commander lose his combat power?"
The words came out.
The whole audience is going to explode.
"It would be great if the god commander of Tiance really loses his combat power! Basically, the god
commander of Tiance is the ceiling of Daxia's combat power, of course, if those two types of existence
do not appear…"
Everyone was excited.
"Well, I will let his great apprentice of the Dark God go to him, and use his mother to drag the goddess
of Tiance! Attract him to places other than Daxia… Even if he knows that Daxia is in trouble, he will run
again. It's hard to support!"
Hearing what Mr. X said, other people said one after another: "When the time comes, we will stop
again. This strongest combat power will be of no use!"
"Hurry up and do it!"
…
After receiving the order, the former great apprentice of the Dark God immediately came to Kunlun
College to find the God of Heaven Strategy.
Claiming to go with him to see his mother's grave.
Tiance Shenshuai couldn't bear it after all.
Follow him to the Western Continent, on a small island next to the headquarters of the Bible
Organization.
This is where the tomb of the former dark god…
Tiance Shenshuai Ren was transferred out of Daxia, this goal has been achieved.
Not only reduced the strongest combat power.
He is also a strong leader and commander.

If he is not there.
Relatively speaking, Tiance Mansion and Baolong clan will be very chaotic.
"Next, start the dead men we trained in Daxia! Let them enter at the right time, and try to hold Daxia's
masters as much as possible!"
"Twelve o'clock has passed! The countdown for the next six hours begins…"
The time since the total attack of the Gods Lab was launched.
Only six hours left…
The celebration banquet of many people in Daxia is still going on. They will have a good day and night.
Never go home until dawn!
Some people even hired yachts and ships to hold banquets on the sea…
Many people even shouted at the sea: "Aren't there giant creatures?
Come on! Are there any more?
Jump out! Come on!"
The Return of the God of War [The Protector] Chapter 2747
"A group of defeated generals, come and kill you once!"
"Just do you deserve us to build a safe island?"
One by one arrogant and domineering.
Don't take everything into consideration at all!
But this is the mental state after the big victory, everything is normal.
…
But this is the epitome of Daxia everywhere.
Almost every place is extremely lax.
Various banquets were also held to celebrate.
Ordinary people, or warriors, or strong people are celebrating…
As for continuing to guard?
impossible!
The whole world thinks that the giant creatures are wiped out!
What's more, they were wiped out with their own hands!
There is nothing more convincing than seeing the destruction with your own eyes!
No matter how much Levi Garrison said, can it compare to what they met in person?
So what you say in everyone's ears is not useful now!
Everyone only recognizes what they see…
After all, as the saying goes, hearing is false and seeing is believing.
"Another day! Still nothing happened!"
"I think the monitoring department can be reduced by half! Let's return to normal levels!"

In the Yanlongwei base.
Everyone breathed a long sigh of relief.
As decision makers, they certainly cannot relax 100%.
They still sent someone to stare.
But on the first day, that is, the best time, nothing happened.
Now two days have passed, and there is still no situation. This high probability means that it is safe.
This is simply anything unexpected happened.
You can't just suffocate one out, right?
That can't be!
"Okay, I'm going to rest!"
Xiao Liejun and the others went to rest.
The Return of the God of War [The Protector] Chapter 2748
They have been blindfolded for a long time, let alone a good night's sleep.
Now that the situation is unreliable, they can finally rest assured.
In this situation, the Lab of the Gods is simply too satisfied…
It's slack everywhere, it's just great.
Late at night.
The Leviathan in the special container under the Energy Power Plant of the War Eagle Country began to
stir.
According to the time of Doctor Dark's potion, the effect of the medicine was over at this time, and they
all regained consciousness.
All aspects are recovering a little bit.
There is not much time to attack.
Although they are restless, the energy and electromagnetic fluctuations that can be emitted are all
covered by the energy power station.
The only person who can find anomalies is the personnel of the Warhawk Nation Energy Power Plant,
which has the authority of Black Hawk agents.
Even if they find out, they will open one eye and close the other.
Others don't even want to find out.
In this regard, the Gods Laboratory is very relieved.
Except for the war eagle abroad, others don't want to find out.
However, it is impossible to find out if the Eagle Nation is biased.
"Confirm again! Leviathan related devices are all ready! Nothing happens!"
The system has been installed in the special container of Leviathan.
Then all open at the same time.

Through the instructions sent in advance, all Leviathans were led to Daxia and launched a fierce attack
on Daxia.
It can be said that everything is ready, just wait for the time to come.
Time passed by every minute and every second.
It's three o'clock in the morning.
There are still three hours.
Everyone in the Lab of the Gods was so nervous that they were sweating coldly.
Even if Mr. X had been drenched with cold sweat long ago.
Too nervous.
The Return of the God of War [The Protector] Chapter 2749
At this time, he was still thinking about it, there was no good work there, and there were no details that
needed to be strengthened or missed.
…
time flies.
Three more hours passed.
"everything's ready!"
"Confirm that it is correct!!!"
"action!!!"
Mr. X gave an order.
The real action of the Lab of the Gods is here…
At the headquarters of the Gods Laboratory, Doctor Dark presses the button.
The special container device hidden under hundreds of energy power stations in the War Eagle Nation
suddenly opened.
The Leviathans (giant creatures) that had been awakened a long time ago and returned to their peak
state in all aspects were all released.
According to the instructions, all converged to one destination-Daxia.
The scary thing is that the Leviathans actually dived into the deep sea.
In this way, even if there are terrifying energy fluctuations and electromagnetic abnormal frequencies,
they cannot be discovered in the first time.
Or it's hard to find.
Even if it receives frequency fluctuations from the deep sea, it will be a long time later.
During this time, Leviathans are afraid that they have already come to Daxia.
At that time, it didn't make any sense to find out.

The oceans that seem to be calm on the surface are actually undercurrents surging below.
Big Macs are advancing rapidly…
A terrible disaster is coming…
The closest to Daxia, the containers under the 17 energy power stations in several neighboring countries
such as Xingguo and Dongdao were also separated at the same time.
The giant Leviathan inside was released.
All are approaching Daxia quickly…
They are too close to Daxia.
The nearest energy power station to Daxia can be reached in thirteen minutes at the speed of the
Leviathans.
The sea in front of the Daxia coastline was calm, with no ripples.
Cruise ships stopped on the sea.
There is already no loud music in front of it.
The Return of the God of War [The Protector] Chapter 2750
All those celebrating the party were either drunk or couldn't bear the sleepiness.
There were a lot of people lying on the deck…
The pungent smell of alcohol permeates a large area of the sea.
To celebrate the victory, this group of young people came here in a group to release themselves.
A dozen cruise ships are connected side by side.
Most of the people have fallen asleep on the deck, but there are still some people who are holding
bottles and drinking.
Roaring frantically at the sea, as if expressing his posture against the sea and the sky.
"Come on! Isn't it awesome? Come on! Kill me!"
"Didn't Levi Garrison say that there are more terrifying things that cannot be eliminated? They are all
out!"
"I also said it would become a disaster. I want to see what a disaster looks like…"
…
They were drunk and yelled while they were drinking.
He even threw the wine bottle into the sea.
"Rumble…"
But at this moment, the area between the deep sea and the shallow sea below the sea surface suddenly
burst into terrible movement.

It's like an undersea volcano has erupted.
Terrible fluctuations and energy spread crazily in the sea, sweeping across the land.
When all creatures in the sea encounter this crazy wave, they are immediately shattered and torn apart,
turning into a cloud of blood!
This is true of the entire sea!
"Puff!"
"Puff!"
…
Soon the anomalies derived from these fluctuations came to the surface of the sea.
Bubbles with big mouths formed one by one.
It's as if the sea is boiling!
Immediately afterwards, the entire sea surface turned blood red…
The blood from the corpses of sea creatures stained the entire sea area red.
Like a sea of blood in hell.
The pungent smell of blood will fill the whole world and pollute all places…
"Um???"
The Return of the God of War [The Protector] Chapter 2751
At this time, the drunks carrying wine bottles on the deck of the cruise ship rubbed their eyes and
looked forward.
"Huh? Why is the sea bubbling?"
"Also, is it red? Did I drink too much? Why did the sea turn red?"
"And this smells so bad!"
…
Quite a few people have already issued questions.
"What the sea is red? Are you damn drinking too much?"
"Don't you want to drink it? The sea is bubbling and all these words come out!"
"Hurry up and drink!"
A few drank more and turned around, urging their companions to drink.
But they knew that a hill-like head came out of the water behind it, as high as the deck, looking at them.
"boom!!!"
When I saw the huge head emerging from the front.
The big mouth of the blood basin, the sharp teeth like downturned, the face covered with scales and
corners like steel bars…

The few people standing in the front were frightened.
I woke up as much as I drank at this moment…
“Patter!”
“Patter!”
…
All the wine bottles and glasses in their hands fell to the ground!
Everyone was horrified, and they were speechless in surprise.
The body has been trembling!
Some people were even scared to pee their pants on the spot.
Everyone understands at this moment!
Levi Garrison’s prediction is correct!
Disaster is coming!
The Return of the God of War [The Protector] Chapter 2752
The real disaster is coming!
The Big Mac that appeared in front of them was definitely much stronger than the ones they had seen
or even killed before!
It’s not a level at all!
“What’s wrong?”
“How did you do this?”
The drunks with their backs were very curious when they saw the incredible expressions of their
companions.
Even the wine woke up a bit.
“Uuuuu…”
The comrades in front of them crazily pointed at the Leviathan behind them!
But one by one, because of the shock, the vocal cords were damaged, and there was no sound at all.
“What’s wrong?”
“Is there anything behind?”
…
These drunks turned their heads subconsciously.
“boom!”
When seeing the Big Mac behind him, someone was frightened and passed out.
“my God!!!”
At this moment, all the drunks were sober up.
so horrible!
Their expressions are even more exaggerated than those in front of them!
“This is… really here???”

They didn't even think that they just arrogantly called for people to come out.
I didn't think it really came! ! !
What Levi Garrison said is right!
The real disaster will indeed come!
All they encountered were smoke bombs!
The regret is over!
At this time their brains are blank.
I don't even have the consciousness to send the message…
"Boom…"
But the next second, the entire cruise ship began to tremble and was overturned directly.
The people lying on the deck woke up one by one.
Unexpected response.
The cruise ship was overturned and sank directly to the bottom of the sea.
"boom!"
…
One ship.
Two ships.
…
In the bursts of howling ghosts, more than a dozen cruise ships were overturned and sank to the
bottom…
Soon there was no sound.
Then all the cruise ships and speedboats on this sea area suffered.
They have all been swept away.
The Return of the God of War [The Protector] Chapter 2753
I also blame these young people for being bold enough to celebrate in their own homes.
Specially went to the high seas to celebrate.
They were the ones who didn't support Levi Garrison's statement.
Going to the high seas deliberately to vent their dissatisfaction with Levi Garrison in this way-they just
want Levi Garrison to understand that there is a Big Mac appearing there? What disaster is there?
Everything you predicted is wrong!
But who can think of it!
Join Telegram Group For Fast update
It's really coming! ! !
What Levi Garrison said is right!
regret?
Join Telegram Group For Fast update

There is no regret medicine in this world!
Since you have chosen to contempt, you have to pay the price!
Successfully cleared the obstacles on the high seas!
And the Leviathan's offense has officially begun! ! !
They dived into the sea again and attacked the Daxia coastline.
It will enter the Daxia sea area in one minute…
Although Daxia withdrew the defensive line, the personnel and equipment at the monitoring station
were all stopped by half.
But there are still hundreds of monitoring stations.
Once there is an abnormality, it will still be found.
A monitoring station is built on the seabed between the high seas and the Daxia waters.
"Huh? There seems to be something abnormal?"
The personnel in the monitoring station suddenly discovered violent electromagnetic fluctuations and
an abnormal increase in energy.
"No! Something will happen…"
But at this time, mysterious people suddenly appeared behind them.
"Puff!"
"Puff!"
…
A few blood arrows shot sharply, and they fell helplessly.
The message of the anomaly in the sea was finally sent out…
This is the No. 98 submarine monitoring station.
There is a problem.
There are also adjacent numbers 96, 97 and so on, but anomalies have been found.
But their experience is the same.
I didn't wait for the message to be sent out, and all of them suffered.
All other monitoring stations encountered the same situation.
The Return of the God of War [The Protector] Chapter 2754
Although the anomaly was detected the first time.
I don't know what happened. Other people appeared in the monitoring station, and all the monitoring
personnel were wiped out.
No one is left.
Yes!
All the monitoring stations used in the sea area encountered exactly the same situation.
One by one death!

The transmission of the monitoring station was immediately interrupted, and there would be no
feedback to Daxia headquarters at all.
Hundreds of monitoring stations failed at the same time…
It is equivalent to useless.
Wrong!
All this is arranged by the Lab of the Gods!
Send people to pay attention to the major monitoring stations early, and when the operation is
underway, the monitoring stations will be destroyed one by one.
Let it fail!
Originally, the monitoring stations were very secretive.
Even if the Lab of the Gods and the Nation of the Eagles go to find it, it is basically impossible to find
them all.
It's not bad to find a quarter.
But when the smoke bomb was released last time, Daxia exposed all the deployment, including
firepower configuration, monitoring configuration, transportation configuration, medical configuration,
and so on.
It is equivalent to being transparent to the Lab of the Gods.
There will be no more secrets!
It seems that the last time Daxia was a complete victory!
In fact, the loss was a mess!
Almost everything is exposed!
Everyone is just a small move, but you even hand in the big move.
Therefore, the Lab of the Gods will also know that the monitoring station will find anomalies, and if
Daxia knows it in a short time, it will quickly establish a defensive line.
After all, in the last battle, Daxia let the world know what Daxia speed is.
That's terrifying!
It is bound to cause huge troubles to the plan of the Gods Laboratory.
Therefore, these monitoring stations have long been targeted by dead men arranged by the Gods
Laboratory.
Once an abnormality occurs, they will immediately take action to destroy everything in the monitoring
station.
The Return of the God of War [The Protector] Chapter 2755
In this way, hundreds of monitoring stations failed.
Large quantities of Leviathan entered the Great Summer Sea…

Other Leviathans scattered around the world are also moving quickly in the deep sea, arriving in Daxia at
the fastest speed.
Surveillance in many countries is gradually still able to find anomalies.
But the most powerful brain in the Lab of the Gods-God's Brain.
Arranged long ago.
He invaded major satellite systems early in the morning.
At this time, unusual frequency signals began to be released.
Let the major countries and forces shift their attention to space.
Start to examine what anomalies appear in space.
How can there be time to examine the situation in the deep sea…
In addition, the frequency jammer set by the brain of God is activated in various sea areas around the
world.
It can greatly interfere with the sea monitoring station.
In this way, no one would be able to find the Leviathan marching in the deep sea at all.
No other countries will.
Let alone Da Xia…
The only country where anomalies can be found-the war eagle country.
But this time the Eagle Nation chose to be invisible and transparent, not participating in anything, and
not making a sound.
As long as it has nothing to do with yourself.
Then there will be no action.
A total of 3,000 Leviathans from all over the world are gathering together in a frantic direction.
Leviathan has gathered in the Daxia Sea.
About to resist the coastline of Daxia.
For all this.
The Lab of the Gods is quite satisfied.
Mr. X also deliberately let go of Agent Black Hawk.
"Well, Mr. Black Hawk, you are free now! Your value has been reached!
You can give you anything you
want! Of course, you have to swallow Daxia!"
Mr. X smiled.
"Hey!"
Agent Black Hawk took a long breath.
This is over!
The Eagle Nation will face an unprecedentedly powerful enemy!
The threat is far above Daxia!
This is the most terrible!

He was not released until now.
To no avail!
Even if he informs Daxia now, it will be futile.
People still don't believe it!
And in terms of time, it's not enough.
How horrible Mr. X is.
It must count every minute and every second to you.
Next, he couldn't go back alone, it was someone who sent him back to Warhawk Nation.
The Return of the God of War [The Protector] Chapter 2756
It seems that he will be released after the operation is completely over.
So everything is not useful!
But the only hope is the few confidants of Agent Black Hawk.
If he can't be contacted in these two days, some measures may be taken.
Wrong.
After the Black Hawk agent was put under house arrest.
Several of his confidants immediately realized that something was wrong…
Agent Black Hawk is not a good stubborn, nor is his confidant.
Several people combined with the time and place of the Black Hawk agent's disappearance and so on.
Finally realized that Agent Black Hawk was under house arrest by the Lab of the Gods.
The Lab of the Gods is afraid that it will attack in advance.
These confidants knew about the relationship between the Black Hawk Agent and the Lab of the Gods
and Levi Garrison.
From the standpoint of the War Eagle Nation, they naturally hope that Daxia and the Gods Lab will kill
each other.
After realizing that there was a major problem, they immediately went to the Bible organization to find
the evil god.
"Something may be going on!!! Agent Black Hawk is under house arrest! We can't find anyone else, let
alone receive any information!"
"According to our inference, the last time the giant creatures raged! The Lab of the Gods had taken
advantage of the chaos to hide all the real giants under the energy power station…
It was a smoke bomb last time! The first step is to find out the various deployments of Daxia! Second,

take advantage of the chaos to hide the Big Mac! Kill two birds with one stone! "
"Although the Black Hawk has disappeared! His authority still exists everywhere in the Warhawk Nation!
This is definitely the Lab of the Gods that controls everything behind!"
…
At this moment, the Underworld God who was in a relaxed state jumped up after a few strokes.
No wonder his people stared at the major energy power stations of the War Eagle Nation, but there was
no problem.
It turned out that they had been hiding a long time ago, and they couldn't even stare at them wherever
they were.
No wonder the message from Agent Black Hawk was never received. It turned out to have been under
house arrest a long time ago.
"But my people found someone dangling near the energy power station yesterday! According to logic,
they should be stepping on the spot, thinking about how to hide the Big Mac underneath!"
The evil god began to say.
He couldn't believe it, everything was silent?
How can it be?
The Return of the God of War [The Protector] Chapter 2757
Several people glared at him and said, "It is also possible that they are here to check and make sure they
are correct!"
Feng Xie Shen exclaimed: "Yes! This is the last inspection before the general attack! After all, we saw
suspicious figures appearing in all energy power stations yesterday!"
"This is checking! Confirm that there are no problems!"
The confidant of the Black Hawk agent said: "Hurry up and take precautions! It is very likely that you will
act soon! Or you have already begun to act!"
"Just now we received a message that we found obscuration jammers in the waters near the Eagle
Nation! They are in large quantities!"
"Not only that, there is also an anomaly in space! Countries are reviewing the specific situation! This is
likely to be the smoke bomb in the laboratory of the gods!"
…

After being reminded.
Underworld gods panicked them.
“Hurry up and gather all forces, including notifying Maya Industry to support Daxia right away! Hurry up!!!”
“Connect me to the Yanlongwei Intelligence Department!”
Soon, the Underworld God contacted Cao Zhiguo.
Tell him what happened.
Cao Zhiguo shook his head: “Impossible!”
But in the next second, the intelligence department on his side sent a message that something went wrong.
“Cao Group! It’s not good! Something big happened!!!”
Several people rushed in in a hurry.
“what?”
Cao Zhiguo’s face changed drastically.
The Underworld God over there also heard it.
The secret road broke with a sound.
Since it’s all here.
Then it shows that the situation is much worse than imagined.
“boom!!!”
Cao Zhiguo’s face changed drastically.
“what’s the situation???”
He could no longer talk to the Underworld God at this time.
Hurry to ask what happened.
“Our monitoring stations in the Daxia sea area suddenly lost contact. I don’t know what happened!”
“It’s all monitoring stations! All lost contact!”
The intelligence department said.
“Huh? When did it happen?”
He began to hurriedly ask.
“Four or five minutes ago!”
Someone said.
The Return of the God of War [The Protector] Chapter 2758
Another person immediately said: “No, we found that they lost contact four or five minutes ago, and their accident may have been earlier. Estimated in seven or eight minutes!!!”
“Seven or eight minutes? No! Something is going to happen!!!”
Cao Zhiguo reacted immediately.
Combined with the evil god who was talking to him, he knew immediately that something big was going

to happen.
“I understand the situation of the evil god! There must be something wrong this time! I immediately
contacted a few leaders!!!”
Cao Zhiguo has no other concerns.
Go straight to the other people’s station.
“It’s not good! Something happened! Get up!”
…
Fortunately, the places where the leaders of Xiao Liejun lived temporarily were all together.
After Cao Zhiguo ran into trouble.
After pulling out a throat.
Everyone walked out wearing clothes and yawning.
“What’s wrong? What’s the matter?”
“What did Old Cao do early in the morning? It’s been almost two months. The first time I slept well, I
was disturbed by you again!”
Several people were extremely upset.
There are others who are also very puzzled.
Cao Zhiguo’s always calm person, how could he go crazy this time?
“Something happened! Something happened! All of our hundreds of monitoring stations in the ocean
failed!”
“There is also the Underworld God telling me something is going to happen…”
“It’s too late! Hurry up and start the highest level of response! Immediately lay out the defensive line on
the coastline! Take out all our hole cards!”
“Quickly, quickly, it’s too late!!! The word side by side king predicted is right!”
Cao Zhiguo went crazy and asked Xiao Liejun and the others to respond quickly.
“Is there anything else???”
Although Xiao Liejun and the others did not have the first time to respond. Can immediately come to the headquarters command room.
“Give me the observation post of the East China Sea and the South China Sea!”
Xiao Liejun immediately connected the front observation post.
Put aside those monitoring stations.
The Return of the God of War [The Protector] Chapter 2759
The forward observation post is the only hope in front of the Daxia coastline…

“I am Yanlongwei Xiao Liejun! Are there any abnormalities in the area monitored by your ministry?”
Xiao Liejun asked.
“There is nothing abnormal in my department! I checked one side just now!”
“My ministry has not found any abnormalities!”
“My department too…”
…
The forward observation posts in front of the coastline all sent messages. No abnormalities were found.
“good!”
Hear here.
Everyone breathed a long sigh of relief.
If it is true according to what Cao Zhiguo said, the coastline may have been lost.
But there are no words.
fine.
“But… something really is going to happen… The information I’ve collected is…”
Cao Zhiguo was anxious.
Definitely something big happened.
“Head Cao, did you talk about the monitoring station?”
Cao Zhiguo nodded subconsciously: “Yes! What’s wrong?”
“Just now our hundreds of monitoring stations have been restored one by one…”
Someone said at this time.
At the same time, the master control room had a message: “Monitoring Station No. 98 just responded
to the message, saying that an anomaly that suddenly appeared in space affected the frequency and
signal of the monitoring station!”
“96 recovery!”
“97 recovery!”
…
One by one, the information of the recovery of monitoring stations came.
Hear good news one by one.
Xiao Liejun’s frowning brows gradually unfolded, and the tense atmosphere disappeared.
It turned out to be a false alarm.
“Haha, a false alarm! Nothing happened!”
“Scared me to death, thought something happened!”
The Return of the God of War [The Protector] Chapter 2760

Everyone said one after another.
Only Cao Zhiguo stood there dumbly at a loss.
At this time, professionals began to explain: "It was the space that found anomalies! Abnormal
fluctuations occurred ahead! Research institutes and scientists in various countries, including mine in
Daxia, are inquiring and studying what is going on!"
"Yes! The abnormal fluctuation in space just now has a great impact…it is no surprise that the
monitoring station was affected!"
Everyone began to say.
Xiao Liejun smiled: "It's all a false alarm! You don't need to be tight, just do what you should do!"
He looked at Cao Zhiguo again and smiled: "Old Cao, don't you worry now? The coastline is not
happening! The monitoring station has also been restored! Everything can find its source!"
"As for the people in the Bible Organization, they are all predictions, and they can't produce substantive
evidence at all!"
"But……"
What else does Cao Zhiguo want to say.
But in the face of the facts, I really don't know how to say it.
The abnormality of the monitoring station was resolved and explained perfectly.
"Old Cao, go and rest!"
Xiao Liejun and the others left after checking the situation.
After all, nothing happens.
Is it because something has to happen, so that everyone has to be happy?
Cao Zhiguo was still sleeping there, and he quickly contacted the god of Underworld.
Ask about the specific situation.
The situation was so urgent just now that he didn't hear much.
He also fed back the information here to the Underworld God.
"Huh? It's all back to normal? Is something wrong? And the frontier observation post can't find the
problem?"
Underworld God was surprised.
"My situation here is complicated! Let me tell you roughly… In short, immediately notify Daxia to make a
comprehensive defense, just like the last time! Then notify Tiance Mansion and so on! Be prepared!"

“Hurry up! Hurry up! It’s too late to explain! It’s just a few minutes!”
…
Underworld God has realized the complexity of the situation.
Hastily urged.
“I also feel something is going to happen! Let’s fight for it again!”
After Cao Zhiguo hung up.
First, he sent out all his intelligence teams to investigate the situation ahead.
He sent a few henchmen to contact Tiance Mansion.
Finally, he approached Xiao Liejun and the others again.
“I would rather believe it! If you don’t believe it, there is nothing!”
Cao Zhiguo strongly demanded.
“What’s the matter with Lao Cao? Didn’t I say, don’t discuss this matter anymore?”
“If you want us to act, come up with substantive evidence! You can’t just guess! Everyone is not a
prophet!”
…
The Return of the God of War [The Protector] Chapter 2761
Several people were very angry.
“Nothing is the best! Just in case!”
“What if they do it seamlessly, including space anomalies! Are they all done?”
Cao Zhiguo said.
In fact, Lu Xiong wanted to support Cao Zhiguo’s remarks.
But after all, he still didn’t say anything.
In his position, he still cannot easily state his position.
“Old Cao! Do you know the scale of this space anomaly? It makes all research institutions in the world
crazy and can affect certain things in the world!
If someone really has this kind of technology! How come we are not opponents of others! Besides,
people don’t need to deal with us in such a sneaky way! “
Xiao Liejun said.
Hong Qingcang and Jiang Ye even said: “Impossible! I don’t believe that others have such a technology!
It can create anomalies in outer space! It also makes scientists all over the world crazy, and the source
cannot be found for a time!”
“So everything is a coincidence! It has nothing to do with other people! Besides, we have eliminated the
danger! We only believe in the facts we see…”

Everyone is talking about this.
Cao Zhiguo is not good to say anything.
Anyway, the Underworld God told him that he had already begun to act.
Leading everyone came to support.
Even more shocking than last time.
"Forget it, I can't be idle either! If something happens, it is estimated that something will happen on the
front line! I can help in front!"
Cao Zhiguo immediately packed his things and took people to the front.
But others don't care.
After all, none of the situations mentioned occurred.
What are you worried about?
Nothing happens!
Even Cao Zhiguo's behavior seemed to them a bit stupid.
What are you going to do?
Free time every day!
Only toss people!
The last one who was so idle was Levi Garrison!
After causing such a great loss to Daxia, the others disappeared.
I haven't found it yet.
Doesn't show up yet.
Cao Zhiguo now looks exactly like Levi Garrison!
After starting the action.
The Lab of the Gods is always staring at the situation.
They first restored the major monitoring stations and sent a recovery message to Yanlongwei.
In fact, all of them are arranged by them.
The Return of the God of War [The Protector] Chapter 2762
Secondly, Leviathan did not directly attack, but hidden, giving a false signal to the forward observation
post.
The front observation posts are connected to each other, and the defense is tight to the point of leaking
water.
The Lab of the Gods cannot penetrate and control at all.
It is not the same as a monitoring station.
The monitoring stations are highly private and there is no communication between them.
This will have the opportunity to penetrate it.
There is no chance like a frontier observation post.
"Hahaha… or the God of Forbidden Land No. 76 is amazing! Actually acted! Ready to move closer to

Daxia!”
“Hahaha! God’s brain is blundered! The calculation is wrong! Forbidden area No. 76 is moving much
faster than he expected!!!”
Mr. X smiled: “It seems that Forbidden Land No. 76 is a bit more powerful than Daxia, and a little more
sensitive! They have already noticed that it was a smoke bomb last time, and they just waited for us to
act…”
“Great, we really have the right time and place! Everything is on our side!”
“Definitely so! They acted in advance, how will Daxia come back this time?”
…
When the Underworld Gods organized elites and trump cards to come here to support, after receiving
the information, the Gods Laboratory mistakenly thought it was Forbidden Land No. 76, after
understanding everything, it was about to take action against Daxia.
“Daxia, Daxia, your real crisis is here!”
…
A large number of Leviathans have entered the vicinity of the Daxia Sea.
Daxia’s front observation post is already close at hand.
“There seems to be something abnormal!!!”
The observation tower placed in front finally found an abnormality.
“boom!”
But suddenly a Leviathan came out and surfaced.
The one-hundred-meter-high body appeared at once.
“what???”
The observation post found it for the first time.
“laugh!!!”
A beam of energy suddenly ejected from Corleviathan’s mouth.
This energy beam is unprecedentedly powerful and cannot be manufactured by existing technology at
all.
Only this level of the Gods Laboratory.
“Boom…”
The observation post in front was directly destroyed!
No messages are sent.
People have no reaction time at all.
at the same time.
The Return of the God of War [The Protector] Chapter 2763

One by one Leviathan appeared in the sea.
Terrible energy waves exploded from their bodies.
Destroy the frontier outpost observation stations one by one.
Hundreds of huge super creatures suddenly appeared in the calm waters just now!
Each body can spray energy waves, destroying everything.
This is really shocking!
The point is that they are not savage creatures.
It is man-made.
Everything is in order and coordinated properly.
At the same time, they surfaced and destroyed all front observation posts!
"Rumble…"
In the great movement.
Leviathans hit the coastline!
The coastline of Daxia is calm as usual.
Especially in the morning…
However, many fishing boats have already begun to move out.
Various boats stop at the coastal wharf, which is extremely crowded.
There are still traces of the previous defense positions remaining in the sea ahead…
But everyone's face is filled with the joy of victory…
Isn't ordinary people trying to be safe and happy?
At this moment, there are still three ships patrolling the Daxia waters.
Although the defensive line has long been withdrawn.
However, there are still daily patrols.
The three ships are on daily patrols.
"Huh? What's the situation ahead?"
The patrol ship seemed to notice an abnormality in the front tower.
"It doesn't seem to be right? Thirty nautical miles ahead should be the No. 3 tower? Why isn't it?"
"Impossible! Such a high guard tower disappeared when it disappeared?"
…
The guards of the ship were all dumbfounded.
"Not only number three! Number one and number two have also disappeared!"
"Something will happen!!!"
…
"Rumble…"
At this moment, the wave of the earth's shaking and the swaying of the mountains came.
"Something went wrong! Send a signal quickly!"
Shouted the captain.

Immediately press the button to send out an abnormal signal! ! !
“Boom…”
The Return of the God of War [The Protector] Chapter 2764
As soon as the signal was sent, the ship was hit.
Turn over and sink directly.
The other two ships were also the same, in the rapid impact of Leviathan, they were directly knocked
over.
…
The speed of the Leviathans did not decrease at all and rushed directly towards the coastline.
“Wow!”
“Wow!”
…
A Leviathan emerges!
Two hundred meters long, up to one hundred meters!
When I got out of the sea, my body trembled, and the water on my body was overwhelming, like a
torrential rain.
The second Leviathan.
The third Leviathan.
…
Hundreds!
…
Three hundred!
More than 300 Leviathans all surfaced.
However, this is not all.
There are also Leviathans converging continuously in the rear sea area.
After more than 300 Leviathans surfaced, they looked like mountains.
More than three hundred mountains suddenly appeared in the sea.
This scene is also very spectacular!
“Huh? What is that???”
The fishermen who were about to go to sea suddenly covered the sky and the sun.
It was early in the morning, and the sky was getting brighter.
But suddenly it was dark.
When I looked again, there were already hundreds of mountains ahead, covering all of them.
Become dark!
“Then… what is that??”
Many people were shocked when they saw the sight in front of them.
“Boom…”

In the next second, these "mountains" all started to move.
It rushed towards the coastline at a very fast speed.
"run!!!"
Although I don't know what it is, everyone understands that something big happened.
The Return of the God of War [The Protector] Chapter 2765
One by one hurried to the coastline.
"problem occurs!!!"
"Something happened!"
...
They shouted as they ran.
Soon there was a mess on the coastline, and all the people fled.
"boom!!!"
These fishermen have just left.
The first Leviathan has arrived, with a huge foot stepped on it.
"哢嚓!"
"Patter!"
...
Those boats parked on the coast were trampled and sank to the bottom.
"boom!"
"boom!"
...
Energy waves burst out of these Leviathans, destroying everything around them wantonly.
Soon there was a mess here.
Become a purgatory on earth…
After clearing all the ships and other obstacles in the harbor, the Leviathans landed directly.
This wave was caught off guard.
Leviathans effortlessly came directly from the sea to the land of Daxia.
When the Leviathans set foot on the harbor.
Everyone in the distance can see clearly…
This giant creature is too scary.
It looks too much like the one that Da Xia Zhu killed before.
But it is obviously much stronger than the previous one.
Breathing alone can cause huge damage.
"Something happened! The disaster is coming!"
Everyone ran away.
The people beside the coastline ran away madly.
The guards near the coastline ran over immediately after the anomaly occurred.

But they are not many.
Only a few hundred people.
They immediately used advanced weapons to attack Leviathan not far away.
"Da da da da…"
"Boom boom boom…"
The Return of the God of War [The Protector] Chapter 2766
The powerful firepower is intertwined into a firepower net, covering Leviathan.
According to the previous battle.
These giant creatures are powerful and powerful, but they will be pierced in one shot if they encounter
the terrorist weapons of modern technology.
They have actually participated in the war, they are very experienced and know where to fight.
Especially now hundreds of people gather together.
Plenty of firepower.
They do not need precision strikes, only firepower coverage.
Poor means precise strikes, and rich means firepower coverage.
All fear comes from lack of firepower.
Nowadays, the soldiers are strong and powerful, and the firepower is abundant.
They will not be afraid of the Leviathan in front of them!
The weapon in his hand poured out powerful firepower to wrap the Leviathan.
…
Can be a few seconds later.
Hundreds of people were stunned, and their eyes were filled with unresolved shock.
Nothing! ! !
Such fierce firepower, hitting Leviathan, could not cause any damage.
The terrifying scales on Leviathan's body are like the toughest armor in the world, immune to all attacks.
Even if it leaves a little scar on them.
But no!
Nothing at all!
They were able to destroy the previous Big Mac's weapon, which was not useful for Leviathan.
At this time, the first thought that came to their minds-Levi Garrison was right! ! !
The real disaster has come.

They are still comparing the smoke bombs released by the Lab of the Gods to the present, can they be a
good thing?
The giant creature like the smoke bomb before.
As much as you want, Doctor Dark can cultivate it for you!
It's too easy for him!
As for the giant creature code-named Leviathan, it was developed by Doctor Dark.
Never mind that it only took a month and a half to start the plan.
But the preparation before, no one knows.
The Return of the God of War [The Protector] Chapter 2767
Including Dr. Dark's anatomical research on the blood race, and the anatomical research on many
races…
Including his research and extraction of genetic specimens of ancient giant creatures in the world's
major national seed banks.
Use high technology to restore these ancient giant creatures.
Previously, the Lab of the Gods was very concerned about the Doomsday Seed Bank in Kangaroo
Country, because the collection of ancient creatures in Kangaroo Country's Doom Seed Bank was
relatively complete.
It is what the Gods Lab wants most!
Doctor Dark had already salivated.
But later because of Levi Garrison's destruction, there was no success in winning the Doomsday Seed
Bank.
In fact, they were preparing for the production of Leviathan…
It can be seen how long the preparation time is.
Moreover, the development is also complicated, and the bloodline traits of the blood race and various
strange races are all used in it.
It was restored with the genes of ancient giant creatures.
It also incorporates a variety of advanced technologies and materials.
Just created the invincible Leviathan.
You can't kill it at all.
Even if the scales on its body surface are knocked out, they have all the characteristics of blood and
race, and they can't kill them at all.
Even Doctor Dark injected them with the genetic seed of Forbidden Land God No. 76…

More unkillable!
And the offense is strong enough to explode.
They contain too much energy and weapons.
The attack method is rich, and the destructive power is amazing.
After all, this is the proud work of Doctor Dark!
It also consumed all resources and created more than three thousand…
It really emptied the bottom of the laboratory of the gods.
"boom!!!"
Leviathan began to fight back, an unmatched shock wave erupted from his body.
They directly destroyed the temporarily formed positions.
"Retreat! Retreat quickly!"
Everyone already knows what level Leviathan is…
A hundred times stronger than the previous one!
Knowing that I am out of enemy!
Everyone retreated!
The Return of the God of War [The Protector] Chapter 2768
The snipers on the heights began to cover.
And hope to find out the weakness of Leviathan.
But soon they were locked by Leviathan.
"boom!"
"boom!"
…
Leviathan sent tracking weapons directly on his body, directly destroying high-rise buildings.
Are there shortcomings?
This is the ancient giant creature that incorporates the highest modern technology!
Can't beat it!
Can't help it!
"withdraw!"
"Let everyone withdraw!!! Hurry up!"
…
For a while, people in the towns in front of the port quickly evacuated.
Fortunately, there has been a large-scale evacuation experience before.
It's completely used this time.
Evacuate as quickly as possible.
Soon, the port fell.
"Boom…"
One by one Leviathan landed, and the earth began to shake like an earthquake.
Strong waves came in bursts.

All the buildings in the port were destroyed and everything became incomparably messy.
"Hahaha, Leviathan has landed! It has landed!"
Cheers came from the laboratory of the gods.
The most difficult part of attacking Daxia is how to break the coastline and land on Daxia land.
But now the most difficult problem is solved so easily.
"More than 500 Leviathans gathered from Dongfang Continent resisted the Daxia coastline in nine
minutes!"
"Thousands of Leviathans gathered from the Western Continent can arrive in fifty minutes at the
slowest time!"
...
Leviathan's speed is too fast.
The whole world gathers together, and it takes no more than two or three hours at most.
Hearing this satisfactory message, Mr. X they all laughed.
"More than three thousand Leviathans, enough to drink a pot in summer!!!"
Mr. X looked at the intelligence personnel again: "Where did they go to Forbidden Land No. 76? How
long will it take?"
"According to their speed, they should definitely be able to come before our last batch of Leviathan
arrives!"
The Return of the God of War [The Protector] Chapter 2769
Mr. X nodded heavily: "Okay! That's great! I believe that now they have learned about the loss of Daxia
coastline! It is estimated that they will not hesitate to enter Daxia with the help of the name of support.
Xia's fatal blow! Da Xia will be the scene of being attacked by the enemy!"
"Pass the order on and let all our dead men get ready! Coax them all over Daxia! Make Daxia
disconnected from end to end!"
"Secondly, let the Dark Doctor and his legion prepare to deal with the group of guys in Forbidden Land
76!"
"You pay close attention to Da Xia's every move! Your mission is not other, you are staring at Da Xia's

two types of existence, whether you want to come out of the mountain! Once you are out of the
mountain, send a message to the chief priest! Let them appear!"
As the commander-in-chief of the early stage, Mr. X sorted out all actions and plans.
…
Leviathan's speed is too fast.
Break through the port.
Break through the town.
Destroyed too much.
For a time this has become hell.
Landed effortlessly…
Giant creatures with tall mountains flooded the sky and the earth, and the scene was too scary.
The key is still increasing.
More and more, more and more.
They have command and discipline to attack Daxia inland from all directions.
They are too powerful.
There is no need to concentrate all the power to attack a little.
They are divergent, attacking the cities of Daxia.
Daxia must be messed up from the inside out.
…
"Oh no!!!"
"Something happened! It really happened this time!"
The message from the front finally reached the rear.
Cao Zhiguo's intelligence team discovered Leviathan on the front line, and it was immediately
transmitted to Cao Zhiguo.
at the same time.
Yanlongwei headquarters was flooded with alarms.
"Didididi…"
The harsh sound has never been cut off.
Distress signals are sent everywhere along the coastline of Daxia!
The Return of the God of War [The Protector] Chapter 2770
One after another, tens of thousands of urgent distress signals resounded through the master control
room.
It tests the carrying capacity of the machine!
Panic!
The entire control room panicked!

Everyone was paralyzed and completely relaxed due to Cao Zhiguo's drama not long ago.
But the next emergency signals came.
Everyone panicked.
correct!
Cao Zhiguo is right!
Levi Garrison is even more right!
"The frontier observation post found an anomaly! An anomaly was found!"
"The three coasts of the East China Sea are all lost!"
"The three coastlines of the South China Sea are all lost!"
"Urgent! Urgent! Unknown giant creatures have breached the coastlines and landed!!! Great losses
have been caused ahead!"
"Our department is organizing the evacuation! A large area has been abandoned!"
"Our team has already fought against the unknown giant creatures! This group of monsters can't kill at
all, and they can't hurt them at all! They have rich attack methods…They are a hundred times stronger
than the giant creatures we defeated before!"
"Our team has encountered three giant creatures and is fighting to the death. Our team has suffered
heavy losses! We are ready for the entire army to be overthrown!"
"One hundred thousand in a hurry! Our city is being attacked fiercely by giant creatures! Our 18,000
people are ready to sacrifice! Swear to live and die with the city!"
"Help! Base City No. 18 is lost! Unknown giant creatures are still attacking!"
"Help! Base City No. 27 is lost!!!"
"The latest news! More than a thousand of these giant creatures have landed! They are not gathered
together! They are more than a hundred units, attacking the city in all directions of Daxia!"
"Help! Help! Pray to construct a defensive line immediately! Block all the giant creatures!"
…
The urgent messages are really one after another.
The alarm sounded dididily all the time.
The sound is like the bell of the countdown to death, striking in everyone's heart.

Everyone was sweating, their bodies were trembling, their legs were weak, and they were even unable
to walk.
"Something happened! Hurry up and call the leaders! Hurry up!"
"Something happened! Hurry, hurry!"
...
It's messed up!
Yan Longwei was in a mess.
Completely messed up!
There are sounds everywhere.
One person is at a loss.
When Cao Zhiguo received the message from his subordinates, he immediately speeded up and rushed
to the front line.
The Return of the God of War [The Protector] Chapter 2771
Fortunately, he arranged for the intelligence team to go to the front line in advance.
Know the situation earlier and deploy earlier.
"Quickly evacuate people and retreat! Hurry up! I'll be there soon!"
Under the organization of specialized personnel, the effect is still good.
The crowd can be evacuated in time.
Reduce losses as much as possible.
At least it can help a little bit.
...
After Yanlongwei's chaos.
Several leaders and high-level officials all came.
"What happened? What happened?"
From a distance, they saw the entire Yanlong Guardian in chaos and chaos.
Xiao Liejun hurriedly shouted.
Everyone immediately came to the master control room.
When they saw the messages sent from the front lines, everyone felt like a bolt from the blue.
"boom!!!"
Everyone was shocked in a cold sweat!
The bodies of Xiao Liejun and the others were even trembling vigorously.
"This, this…"
They didn't expect this to happen!
Soon after Cao Zhiguo finished coaxing.
Did the situation really happen?
"Doesn't that mean that everything Old Cao said before is correct!"

“The sudden failure of the monitoring station is a problem! The space anomaly is also a problem!”
“In addition, what the Bible Organization said is right!”
…
At this time everyone gradually reacted.
It turns out that everything Cao Zhiguo insisted just now was right!
“Old Cao took someone to the front early! Hey!”
…
Lu Xiong slapped the table fiercely: “The word side by side is right!!! You guys don’t listen!!!”
He questioned everyone: “See it now, right? Is he right???”
Senseless!
Silly!
crazy!
Numb!
Like being struck by lightning!
Xiao Liejun, Jiang Ye, Hong Qingcang and others stood there, like walking dead!
“Rumble…”
Their minds have been buzzing.
At this moment, it was really a bolt from the blue.
Everyone was bombarded to the point of being exhausted!
The anomaly Cao Zhiguo discovered is correct!
The evil gods and their repeated insistence are all right!
The Return of the God of War [The Protector] Chapter 2772
The word side by side king predicted right at the beginning!
There is no slight deviation!
The defensive wall he advocated is even more correct!
If everyone had listened to him at the beginning, a three-hundred-meter-long defensive wall has long
been built on the coastline of Daxia!
Keep all these giant creatures out! ! !
Where can they log in so easily?
Impossible!
If it doesn’t help!
They created hundreds of islands, enough to evacuate most people.
Furthermore, if the defensive line is still there, it is not as good as the national defense wall, which can
be completely resisted for the time being!
Not as passive as it is now.
Everything is their problem!
…

People are so insistent, but they have to rely on what they see in their eyes and refuse one after
another.
Lu Xiong's temper came up: "Let me just say it! Believe in the king! He made a mistake that time? You
are to blame for this thing! You bear all the responsibilities!"
"Now that there is a problem, isn't it more serious? It used to be a problem of excessive losses, but
now? It is a problem of the survival of Daxia!"
"I want to ask, which one can bear the responsibility??"
Facing Lu Xiong's questioning, everyone bowed their heads, not daring to say anything.
Even Xiao Liejun told them to shut their mouths obediently.
I didn't say a word.
"If they insisted on it, maybe…"
Suddenly someone whispered.
Lu Xiong glared at him fiercely: "What? Persevere? Did you give a chance? Don't say a word side by side!
Did you give a chance to Lao Cao and I? We have been insisting, how about you? Vote!
But the truth is often in the hands of a few people!
Besides, if we have suffered a huge loss, we can recover slowly. If we have to wait until this situation
exists, is there nothing we can do? "
"Fuck!"
Xiao Liejun slapped himself several times.
"It's all my fault! Everything is my fault! I am the sinner of Daxia!"
Others also regretted it.
Very regretful.
The regretful intestines are going to be green.
"Perhaps the word side by side king is not a retreat at all, he was run away by you!"
Lu Xiong shouted.
Hong Qingcang and Jiang Ye were crying with regret.
"I'm wrong!"
"It was my fault!"
"I regret it! I apologize to the king side by side! I apologize to everyone!"
…
"Okay! Stop shouting! Now all we have to do is to support as soon as possible! Hurry up and deploy
defense and counterattack!"
"Quickly, quickly, give me action!"

“If Daxia really has a problem, let me see who of you still has the face to live??”
The Return of the God of War [The Protector] Chapter 2773
This time.
Yanlongwei initiated the highest level of emergency response.
All the soldiers mobilized are mobilized.
At this time, don’t hide it anymore.
All weapons and trump cards were taken out.
Several giants similar to Kunlun Industry have also assisted.
Take out everything you can take out!
Xiao Liejun directly led the death squad, mecha legion, and a large number of masters to the front line.
Xiao Liejun’s team was considered a quick reaction team, contacting the front line as quickly as possible,
thus stifling the situation.
Jiang Ye led the reserve team and a large number of people raised by the collection to the front line,
sending teams one by one to where needed to deploy defensive positions.
Jiang Ye’s team is the strongest and the largest.
Whether he can prevent it depends on whether he can use all the weapons and deploy them.
Xiao Liejun’s team is all about giving him time.
As for Hong Qingcang, he activated all the dark sentry teams in Daxia. On the one hand, he provided
support and assistance to the front line, and on the other hand, he was collecting intelligence to find out
the enemy’s situation. Another aspect is to prevent the enemy from sneaking attacks from within.
Finally, it was Lu Xiong’s task to evacuate the masses to the greatest extent possible and protect them
from persecution.
Although the island was built halfway, it stopped.
But they continue to build the Bible Organization.
There are at least twenty or thirty.
Look for another safe place.
It should be dealt with for a while.
Not to mention that all people were successfully evacuated.
But at least it can hide a little, and the rest must be in the inland city.
In fact, it is still very dangerous.
It also depends on the previous combat situation.
The more difficult Lu Xiong felt, the more Levi Garrison’s predictions sounded.

What if there was a defensive city wall?
How many if there are hundreds of islands?
How much loss will that reduce?
How many will survive without being injured?
But now that everything is useless.
Everything is in vain!
Can only do as much as possible.
Reduce as much as possible…
In addition to the safety island mission, Lu Xiong is also responsible for liaising with the Tiance Mansion
and the Baolong clan.
And other major forces.
Contact as much as possible.
For example, the Bible Organization, Maya Industry…
and many more!
All can be contacted!
Lu Xiong quickly passed the message to Tiance Mansion, Baolong Clan, and Kunlun Academy.
Next, he contacted the evil god of the Bible organization and others.
But found that they could not be contacted at all.
The group lost contact.
I can't get in touch anyhow!
"Where are they!"
Lu Xiong was so anxious that he sweated coldly.
If there is no such powerful help, then Daxia will undoubtedly lose!
Their support is very necessary!
The Return of the God of War [The Protector] Chapter 2774
But at this moment, it's not just that he can't contact the Underworld God.
No one else can be found.
…
"It's not good, it's not good!"
"All the people of the Bible Organization and Maya Industry are gone!"
"What are the gods of Forbidden Land No. 76 doing? Why did they suddenly disappear? What are they
doing? Did we make a wrong prediction?"
…
At this time, spies in the Lab of the Gods suddenly discovered that the group of people from the Bible
Organization had disappeared.
Suddenly no longer under their surveillance.
It was originally on the way to Daxia.
Suddenly disappeared.

This scared many people in the Lab of the Gods.
If it is not planned, it will be troublesome.
Everything that God's brain does is useless.
After all, the early Leviathan offense is not important at all.
The later stage is the highlight.
If Maya Industry and the Bible Organization were not involved, then something big would happen.
For a while, Lucifer and the Great Clown panicked.
This is an extremely bad message!
"Check it out! Check where they went!"
Everyone is anxious.
Immediately send someone to investigate.
I must find out!
"Nothing! It's a good thing that they disappeared at this time!"
Mr. X pretends to be a mysterious way.
The others were stunned and smelled incredible: "Huh? Good thing? How is it possible?"
"Now Daxia is in dire straits…all busy dealing with Leviathan! If these guys from Forbidden Land No. 76
suddenly appear from somewhere, thunder strikes. How much does Daxia lose?"
"For example, this place is the central capital of Daxia?"
As soon as Mr. X said so.
Everyone was shocked in a cold sweat.
"If the God of Forbidden Area No. 76 next attacks Daxia Capital, then the possibility of Daxia's collapse is
too great!"
"Maybe when the No. 76 forbidden area was started, the guards of Daxia Capital were already slack, and
all the top powerhouses in the city were dispatched to the front line. By then, the capital will be
unguarded!"
"If Forbidden Land No. 76 breaks through the capital and the Yanlong Guard, Daxia will lose half!"
Everyone said one after another.
Lucifer's face was full of horror: "Wonderful! This trick is really amazing! Even we don't know where
they disappeared, and Daxia will never know where they are!"
"So what are you worried about? Daxia should be worried! It's a good thing that they disappear! When
they reappear, it will be Daxia's end!"
Mr. X is already looking forward to it.

...
The news of Daxia's death spread to Tiance Mansion and Baolong clan.
It also caused chaos.
At the same time, Tianji Pavilion already knew the general information, and gave the Tiance Mansion
how to deal with this giant creature.
Almost all Tiance Mansion was dispatched.
The Return of the God of War [The Protector] Chapter 2775
The Baolong clan also mobilized half of their forces.
The Baolong clan didn't dare to dispatch all of them.
Although it is called the Baolong clan, there are actually several branches of the Baolong clan, each of
which holds the ultimate secret of Daxia.
This secret is scattered, let each vein guard a little.
Together is the ultimate secret.
This is the historical mission of the Baolong clan!
As important as protecting Daxia!
So they have to guard this secret.
Cannot send all the power.
Even in their opinion, this matter is not as important as protecting the ultimate secret!
Sending half of it is already very impressive.
Even they sent all the geniuses planned by the genius, including Valkyrie, Gemini, Fu Jianing and others.
However, the power of Tiance Mansion and Baolong clan not only reacted quickly, but also went directly
to the front line to support them.
The next important force must be arranged by the commander-in-chief.
Only in this way can the greatest value come out!
So this group of people went straight to Kunlun College.
They are looking for the gods of Tiance.
Let Tiance superintendent preside over the overall situation.
Kunlun College information is blocked!
When I learned that such a big thing had happened.
Everyone was taken aback.
"I declare that from now on! All students will also go to the battlefield! Show your talents! I will use
what you have learned in the past few months! Use this actual combat to test you!"
As a guide, Ye Qingtian gathered everyone together.
Tell them all of the decision to go to the battlefield.
This is simply a great opportunity for everyone!

Let them show their skills.
All of them are not only afraid of fear, but screaming with excitement!
This is not only true for ordinary students!
Even the group of spies in the laboratory of the gods is something to be excited about.
They can continue to make contributions!
Hidden in this powerful team, report the trends and the number of people allocated anytime and
anywhere.
…
Ye Qingtian also specifically instructed: "Of course, except for the students under the king's family side
by side! They will stay in the academy! Don't disturb him! The rest! One of them counts one! All follow
me!"
After listening, everyone laughed.
"Let's see! The waste instructor brings a group of waste students! It is not useful at the critical
moment!"
"I'm really laughing at me! What's the use of practicing that? It won't be useful when Daxia really needs
you!"
"It's useless if you let them go, it's all cannon fodder!"
…
After knowing that this group of people would not go, a round of mocking and cursing voices appeared
everywhere.
Zoey Lopez felt more guilty in their hearts.
Levi Garrison really delayed this group of people.
When it comes in handy, it doesn't have the ability to go.
Simply sad.
The Return of the God of War [The Protector] Chapter 2776
And where did Levi Garrison go?
How can people not be found!
"By the way! How is Tiance handsome? What about people? Why is he missing? Find him quickly!"
The large forces of Tiance Mansion were assembled.
It turned out that Tiance was missing.
"It won't work if he isn't there! He wants to preside over the overall situation, only he can completely
control anyone!"
"If you change to another person, you won't be convinced!"

Everyone began to look for the gods of Tiance.
the other side.
The former great apprentice of God of Darkness brought Tiance to the grave.
The big apprentice was crying and coaxing.
Tiance Shenshuai was a little overwhelmed.
"Okay, after watching your mother, I should go back too!"
Tiance Shenshuai turned and left.
It's just that the big apprentice hugged his leg tightly: "Seeing this, can you go back safe and sound?
Don't you want revenge? Do you still want to cooperate with my murderer's enemy?"
...
The former great apprentice of the dark god is noisy and noisy.
He abruptly dragged the Tiance superintendent.
After a group of people in the Cebu received the news of the accident that day.
The first time to find Tiance superintendent, let him preside over the overall situation.
But Tiance God and handsome man disappeared.
Like Levi Garrison before, I don't know where he went.
Finding a circle is totally unpopular.
"Contact! Hurry up and find a way to contact him!"
"Quickly, quickly! No matter what method is used to quickly find the handsome guy!!!"
...
Anxious.
Everyone is anxious.
Crazy looking for the gods of Tiance.
In the end, several great generals of Tiance Mansion still contacted the great commander of Tiance.
This is the special communication method within Tiance Mansion, which is different from modern
technology.
It seems to be an ancient secret technique.
Members of Tiance Mansion can communicate secretly and pass messages and so on.
With this secret technique, he finally got in touch with the god commander Tiance.
Tiance Shenshuai was still wondering.
After all, this kind of magic cannot be used when it is not a last resort!
Used now.

It is estimated that something will happen.
Tiance Shenshuai asked suspiciously: "What's the matter? What's the matter?"
The Return of the God of War [The Protector] Chapter 2777
"The great thing is not good! Something has happened! The prophecy of the king's side by side has come
true! Daxia is under unprecedented attack…"
"Where are you? Please come back quickly to support the overall situation!"
"Daxia is messed up, messed up everywhere!"
"Hurry up, a little later, something serious will really happen! Besides, you are still extremely powerful!"
…
The voices of Ye Zhantian people next to him came: "Great! Mr. Ye is gone! Can't even disappear with
you! Come on! Daxia needs you!"
"This time the giant creature is too terrifying! It can't be killed at all! You are coming!"
"I believe they have plans for the next step! You can't do it!"
…
Hear the anxious tone of the other side.
Tiance Shenshuai realized that something was wrong, and even these few were so weak, then I believe
the situation is really serious.
After hanging up.
Tiance, the superintendent is about to leave.
But the big disciple of the Dark God stopped him: "Where are you going?"
"Something happened to Daxia! I'm leaving!"
Tiance Shenshuai didn't explain much at all.
About to leave.
"No! I think you just want to make an excuse to leave! She tore it all, can't you accompany her any
more?"
The big apprentice stubbornly stopped in front of Tiance Shenshuai.
Looking at him, Tiance Shenshuai suddenly trembled and understood something.
"You… shouldn't you know in advance, right?"
"You brought me here on purpose? Right!"
…
Tiance Shenshuai suddenly understood everything.
Levi Garrison also reminded him before retreating.

To prevent this kid…
Levi Garrison should have known that this kid was a spy in the laboratory of the gods.
Because he is his own flesh and blood, although he has been on guard, he can't fail to see him, right?
This time he even offered to see his mother as an excuse, and he couldn't refuse it at all.
Unexpectedly, this was a conspiracy at all.
Just to lead him out of Daxia.
The Return of the God of War [The Protector] Chapter 2778
He was unable to reinforce in time when he was killed in Daxia.
What a conspiracy.
"Yes! Wrong! It's a conspiracy against you! My purpose is to lead you out of Daxia!"
"You are with my mother-killing enemy! How can I endure it? You can't avenge my mother! Then I can
only rely on the hands of other people!"
The big apprentice suddenly looked up to the sky and laughed.
Tiance Shenshuai's face changed, and he was a little distressed.
"Didn't I tell you earlier to give up hope of revenge? You can't imagine his strength! No one can take
revenge!"
Tiance Shenshuai shouted.
That's Levi Garrison!
"Do not!!!"
"The Lab of the Gods can! They can avenge me!"
The big apprentice shouted.
"Okay, don't coax, I'm back to Daxia!"
Tiance Shenshuai stopped talking nonsense with him, turned and left.
"Don't bother in vain! You won't be able to return to Daxia!!! They won't let you go back! Haha…"
The big apprentice suddenly laughed.
"what?"
Tiance's handsome face changed drastically.
Yes!
Since it led him out of Daxia.
It is absolutely impossible to let him go back.
"Tiance Mastermind stay here!"
At this time, another voice suddenly sounded.
Tiance Shenshuai turned around and saw that there were two more people behind him.
And his own flesh and blood has been controlled.

“If you don’t want to die with your own bones, Tiance, the superintendent, just stay here obediently,
then don’t go!”
“Of course, if you don’t regard him as a son, you can leave at any time!”
The weapons of the two are already on the neck of the big apprentice.
As long as they exert a little force, the great disciple of the Dark God will die immediately.
The former big apprentice of God of Darkness looked at Tiance Shenshuai with a successful smile.
He seemed very happy to see the embarrassed look of Tiance Shenshuai.
It is an exciting thing to choose between Daxia and her own flesh and blood!
Now he wants to see how he chooses the Tiance Mastermind?
“You despicable!!!”
Tiance Shenshuai gritted his teeth.
He didn’t expect this situation to happen at all.
The Return of the God of War [The Protector] Chapter 2779
“Choose Daxia! It doesn’t matter if I die! What is the difference between my humble life and the wild
dog on the side of the road! You should save Daxia’s thousands of lives! There is no need to consume it
with me!”
…
not only.
The big apprentice of the Dark God began to use words to stimulate the gods of the sky.
Tiance Shenshuai’s complexion flushed, and his heart was clearly struggling.
He definitely wanted to return to Daxia quickly and save Daxia from the fire and water.
But here is the flesh and blood, I have been owed all the time.
It’s really hard to choose.
…
The big apprentice of the Dark God has been irritating, and he wants to see the struggling look of the
gods of the sky.
The stimulation is getting stronger and stronger.
At this time, the two who captured him couldn’t stand it anymore.
What if he really irritates Tiance Shenshuai when he leaves?
This brain damage is still in this constant stimulation!
“Puff!”
They couldn’t stand it anymore and gave him a knife directly!

Splashing blood!
“Shut up! Don’t fucking talk anymore!”
The sudden knife caught the Dark God apprentice directly stunned.
The opposite Tiance Shenshuai was even more dumbfounded.
Although this knife didn’t pierce the vital part.
Can illustrate a problem-they dare to do it!
“Tiance is a handsome man, if you go one step further! I will kill him directly!”
The man said.
At this time, the great disciple of the Dark God stopped talking.
Tiance Shenshuai was also stunned, and he didn’t dare to walk around.
He is tethered to death.
He just wanted to leave, thinking that the few people in front of him were acting.
Can be seen after real hands-on.
Only then did I understand that it was not acting.
If they leave by themselves, they will really kill…
Frozen for a while.
He was completely controlled.
This is Mr. X’s strategy.
Using the psychology of the two, easily locked the strongest master, unable to support.
…
“Tiance Shenshuai is temporarily under control! He shouldn’t be able to come back before Daxia is
destroyed!”
At this time, the message has reached the laboratory of the gods.
“That’s great!!!”
The Return of the God of War [The Protector] Chapter 2780
“The great fighting power is reduced, and the Great Summer Crisis is coming!”
“It’s time to activate our dead men scattered all over Daxia!”
Give an order.
There are dead men appearing everywhere in Daxia.
“Then what about us? When will we act?”
Lucifer the Clown and the others have long been itchy.
“Don’t worry! Wait for the God of Forbidden Land No. 76 to come out! Let’s make plans!”
“Remember, our opponents are either Daxia and No. 76 forbidden area after losing both! Or it is Daxia’s
two types of existence! Before that, we won’t need us to make a move!”
“Even if your hands are itchy, there is no way!”

Mr. X exhorted.
The Hell Witch couldn't help asking: "Mr. X has been listening to you about Daxia's two types of existence? Are these two types of existence? Really so powerful? It makes the chief priest so jealous…"
Mr. X smiled and said: "Actually, the presence or absence of these two categories is another matter!
They live in legends! I just listen to rumors! I don't know exactly what they are!
It's just that the main gods have never come forward, just because they are afraid of these two types of existence! Even if it is a legend! But in case it really exists! This battle is to see if we can force them out, right? If there is none, it will be even better! "
Everyone was fascinated.
I also secretly hope that there will not be, but the legend is the best.
"Okay, let me tell you about the two types of existence in the legend of Daxia…"
…
While the core of the Lab of the Gods was waiting.
Daxia is even more messy…
Next, a large number of dead men appeared everywhere in Daxia, and they began to launch various attacks and destruction.
At the same time, the team that went to the front line to support was also attacked and harassed by a large number of dead soldiers.
Make it difficult for them to move fast…
Signals for help and support were sent everywhere.
One team after another sent a signal.
Said that they were attacked by the enemy and were unable to move forward.
In particular, the obstacles suffered by the large forces led by Jiang Ye were most obvious.
"Lao Hong! These questions are up to you! Use the secret whistle and secret team to wipe out all the harassing enemies! Otherwise, my large forces will not be able to go to the front line to support!"
Jiang Ye spoke with Hong Qingcang in person.
This is his task!
It must be done!
"Okay, I'll do it as soon as possible!"

Hong Qingcang could not guarantee either.
Mainly chaos!
Everything is messed up!
The defense lines outside were breached, and the bases were lost.
The key is now even the city bases inside Daxia are all messed up.
You can't care about it from end to end!
What's more terrifying is that the other party seems to know all their deployments and conduct
targeted attacks or sabotage.
It seems that based on the previous information, these giant creatures also seem to know their
firepower configuration, including those weapons stored in bases and various secrets.
They will attack important places accordingly!
They already understood that the previous wave of giant creatures' attacks were smoke bombs.
All the arrangements of Daxia have been tested out.
It means that all secret weapons and secret bases are transparent to them…
This is a very unfavorable situation!
Bad news!
one by one!
The Return of the God of War [The Protector] Chapter 2781
Tiance is not here…
Tiance Mansion Baolong is a group of dragons without a leader…
There is turmoil inside again…
Everything is in chaos!
At this moment.
Xiao Liejun led the death squad, stormtrooper, and mecha legion to the forefront.
But the front line is already far, far away from the coast…
That shows that a large area has been captured and occupied.
All buildings have been flattened and everything has become messy.
Looking at the hellish scene before him.
Xiao Liejun and the others were shocked.
He was going crazy.
What kind of decision did I make everywhere!
This loss…
This is much bigger than the safe island…
"I'm coming……"
Waiting for them to be shocked.
The Leviathans came.

Regret!
Looking at the devastated world, Xiao Liejun really started to cry.
This is inseparable from him!
You can even blame him directly!
He has always insisted that speculation does not necessarily happen, and there is no evidence to prove
the principle of never making a move.
In any case, he feels that he is right!
But now he was wrong.
Sometimes I really have to believe that small group of people!
They are the masters of truth! ! !
If you don't believe me, there is no way!
Don't believe it, it will hit you in the face with a bloody reality!
"hiss!"
See Leviathan coming from not far away!
He took a deep breath!
This is exactly what Levi Garrison described!
Especially the height is only 100 meters!
The defense wall of exactly 300 meters can block…
The body shape and even appearance are roughly the same.
They are mighty and domineering, and their scales refract light, which makes people unable to open
their eyes.
And at a glance, it can be seen that this is a combination of ancient creatures and modern technology.
They seem to have various devices and weapons?
This is more similar to what Levi Garrison said!
The Return of the God of War [The Protector] Chapter 2782
It was too late for Xiao Liejun and they regretted how much.
One by one Leviathan struck.
"Build a position! Ready to fight!!!"
"The expendables are ready! The Mecha Legion will first send out small and medium-sized mechas for
testing!"
Xiao Liejun gave an order.
Hundreds of small and medium mechas rushed out.
However, even small mechas are almost 40 to 50 meters in height, and medium mechas are almost 70
to 80 meters in height.
The size is almost comparable to Leviathan.
In the previous battle with that group of giant creatures, these mechas made great contributions.

In a one-on-one situation, it won't let the wind fall, and it can even fight back.
Now that I can't figure out these giant creatures, I can only detect them by the mecha first.
The mecha group was very fast, and they encountered dozens of Leviathans in the blink of an eye.
Here Xiao Liejun and the others are waiting anxiously.
They hope this group of giant creatures are as weak as the last time they encountered…
"boom!"
"boom!"
…
Soon the mecha group launched an attack to wipe out all Leviathan.
But everyone was surprised to find that all the attacks were useless against Leviathan.
Not even one of their scales can be scraped off.
Let alone hurt them.
Does the attack work?
Sure enough, the information received before is the same!
The group of giant creatures in front of you is far more than before…
Waiting for the mecha group to respond, the Leviathans rushed forward.
They lifted the mecha directly into the air, tearing it into pieces.
The small mecha is crushed with one foot…
The mecha group has no combat effectiveness in front of them…
Soon hundreds of mechas became a pile of scrap iron…
The current is still sizzling…
shocked!
Xiao Liejun and the others were completely dumbfounded!
These mechas use the most advanced aerospace-grade materials and are developed by major
technology companies such as Kunlun Industry.
Arguably the strongest metal…
The Return of the God of War [The Protector] Chapter 2783
But in front of this group of giant creatures, it was easily torn apart.
It's as easy as tearing up a piece of paper.
In this case.
How strong is their combat effectiveness?
unimaginable!
Everyone was poured with cold water.
Everyone's body was trembling.
Everyone's scalp was numb, and a chill rushed from the soles of their feet to the sky.

All blood will be frozen…
What are they going to face? ? ?
Before, everyone in the death squad was screaming, not afraid of death or difficulty.
But after seeing the power of Leviathan in detail, they changed.
All of them were trembling unexpectedly.
"boom!"
"boom!"
…
The Leviathans' movements did not stop, and their weapons fired directly.
Bombarded towards the front position.
"Rumble…"
"Rumble…"
In a sound of earth-shattering.
The temporarily formed position was shattered unexpectedly.
The casualties are not small! ! !
Xiao Liejun and the others were stunned.
So strong? ? ?
There was no time to react, and a large number of Leviathan shocked in front of him.
There are more to come.
This is the place with the most Leviathans in the first line.
There are almost seven or eight hundred.
This is the key goal of the Gods Laboratory.
Therefore, the largest number of Leviathans were sent here, which is regarded as a major battlefield.
The rest of the Leviathans were divided into groups of hundreds.
To attack the major cities and bases in Daxia…
At this moment, Leviathans from all over the world have gathered.
All landed on Daxia's land.
Looking at the dense Leviathan, covering the sky and covering the sun.
Xiao Liejun and the others really panicked.
"Build a position again!"
"Secondly, all fire cover! Call for air support!"
"Evacuate all the people behind! The farther the better!"
"We must hold on to this line of defense! We must not fall before the arrival of large forces!"
"Once we fall here! It's equivalent to opening up the entire Daxia! They can go north to the capital, or go
south…"
"A hundred kilometers to the rear, we will construct a position again! That is our last line of defense!"

The Return of the God of War [The Protector] Chapter 2784
Know the importance of sticking to this one.
therefore.
Xiao Liejun wanted to organize people desperately.
“boom!”
“boom!”
“boom!”
…
This time, he used almost all his weapons.
Thousands of fighters in the air were also dispatched.
All kinds of ammunition poured down…
This posture is no less than the first covered bombing on the coastline.
This area must be razed to the ground.
They have to fight for opportunities to build positions.
Countless ammunition bombarded the Leviathans.
They are all heavy weapons, their power is terrifying to the extreme.
“Buzzing…”
Looking at the pouring fire, an energy shield appeared on the surface of this group of Leviathans,
emitting strong light waves.
“boom!”
“boom!”
…
The pouring gunfire can only blast on the energy shield, and all of it is blocked.
Leviathan could not be hurt at all.
Not to mention how hard their own scales are, even this shield can’t break through.
Cover bombing did not hurt the slightest.
The most frightening thing is that this group of Leviathans actually gathered together to prop up the
protective shield together.
This way they can’t be hurt.
This is the consequence of the exposure of Daxia’s various firepower and secret weapons.
It is because of the exposure.
The Gods’ Laboratory will set up targeted defenses.
So that the firepower that destroyed several cities is completely useless at this moment!
Therefore, the cover bombing did not have any impact on the Leviathans, they are still advancing.

The artillery was still advancing through the sky, and the distance from them was getting less and less.
"this……"
See the coverage of the firepower in use.
Everyone is really scared now!
Levi Garrison was wrong!
This is a disaster!
No one can stop it!
But they do not believe it!
It is said that this kind of giant creature can be easily stopped by their mecha.
But the fact…
It seems that this giant creature has no flaws!
"Head! Can't stop it at all! It's less than a thousand meters away from us!"
The people in his team were anxious.
"Why don't we go to the death team? We can delay a little bit!"
The captain of the death squad asked.
"No! You have to come later! Only when you discover their flaws, you will have the opportunity to make
use of their value! It's a waste now!"
Xiao Liejun yelled: "Order! All the mecha legions are dispatched! All parties cooperate with the mech
legions!"
"We must hold on! We must hold on to the big troops! We must hold on to the powerhouses of the
Baolong clan of Tiance Mansion!"
Under the order of Xiao Liejun.
The Return of the God of War [The Protector] Chapter 2785
The mecha legions all rushed to the forefront.
This time it was all large mechas and mechanical war beasts.
There are two hundred meters in height.
The rest are over one hundred meters.
Much stronger than the previous small and medium mecha!
After they pounced.
Fight with the Leviathans.
The rest of the ministries are cooperating with the Mecha Corps.
This time, at any rate, it was temporarily stalemate with Leviathan.
It's not as embarrassed as it was before, and it was torn when he went up.
The large mechas and mechanical beasts are still useful…
Coupled with the harassment and cooperation of various ministries.
For a time it really hindered the progress of Leviathans.

But everyone understands that it will not last long.
It will be captured soon.
Taking advantage of this time, everyone moved quickly.
Build a real position!
"Quickly, quickly! Seize the opportunity!"
Xiao Liejun personally supervised the work and began to build the base.
This is the only chance.
Must be grasped.
It is indeed a quick reaction team.
On this knot of bones, a position has really been built up.
This is not like a temporary position that has just been bombed.
It is a position built up with equipment and devices!
It is the real steel line of defense!
Can be used to resist!
Half an hour!
The steel line of defense is well cast!
"Withdraw! Let the Mecha Legion withdraw!"
Xiao Liejun gave the order immediately.
Soon, the Mecha Corps withdrew.
But after withdrawing, everyone was even more dumbfounded.
It's a quarter!
In a short period of time, the mecha legion would withdraw a quarter back?
The other three quarters have all been accounted for…
No matter how strong the mecha and mechanical beasts, they can't stop Leviathan.
It's all turned into scrap.
Even a quarter of the return was severely injured.
This is still in the case of the cooperation of the various ministries, otherwise, the Mecha Legion will be
overthrown.
"I can see it! Our mechas and mechanical beasts are not at the same level as giant creatures! They have
no flaws!"
"Our mecha legion can only delay their advancement, but cannot inflict damage on them! Let alone
destruction!"
…
Faced with such a situation, Xiao Liejun was already in a cold sweat.
"Head Xiao! It is estimated that our weapons and all aspects of deployment, the enemy has long known
clearly! Last time the smoke bomb detected everything about us!"

“So our weapons and various offensive methods are ineffective against them!”
Someone said.
Why doesn’t Xiao Liejun understand this question?
Everything about them is now transparent to the Lab of the Gods!
People have thoroughly studied your weapons a long time ago.
The Return of the God of War [The Protector] Chapter 2786
Also know your defense clearly.
You have to come up with secrets, which have never appeared before!
“Pull out all our secret weapons or the most powerful weapons! All of them cooperate with each other!
Keep the enemy at a distance of 500 meters! We must not let them over!”
Xiao Liejun gave the order.
“Your group! Be sure to scan the creatures in all directions to figure out their structure! Find out their
shortcomings!”
Xiao Liejun said to the other technicians in the command room.
Immediately, one by one flying machines the size of flies flew out.
Scan Leviathan in all directions at close range!
Various other instruments have also begun to scan.
Strive to scan the Leviathan as quickly as possible to find out the shortcomings.
front.
After the new weapons of the defensive position were taken out, they began to attack the front.
These weapons are really effective.
Although it was not enough to cause a big blow to Leviathan, they blocked their way firmly.
Even the protective shields were knocked off one by one.
Even the scales on Leviathan’s body were damaged.
Everyone was relieved to see the effect.
Next, rely on these scientific geniuses to analyze Leviathan and find out the shortcomings.
The two sides can be in a stalemate.
Xiao Liejun ordered other places to follow this method.
Keep the Leviathans out before the big troops come!
But every area is a bloody battle, with countless casualties…
Tiance Mansion and Baolong clan are still in a state of no leader.
There is no real commander.
Ye Qingtian and Ye Zhantian are fine, but they belong to the ancient Garrison Clan after all.

How could a "regular army" like Tiance Mansion and Baolong clan listen to them?
So everyone basically acted separately.
The ancient Garrison Clan and many arena forces form a team.
Tiance Mansion and Baolong are a group.
The Kunlun Academy followed Tiance Mansion.
At the beginning everyone set off together.
But in the end they were separated because of the lack of organizers.
The spies in the Lab of the Gods are trying their best to persuade everyone to unite and gather together
for the greatest power.
It's absolutely impossible to separate.
But in fact, their purpose is to report everyone's traces to the Gods Laboratory at all times.
If separated.
They can't know the traces of other teams!
They can only be in the ranks of Kunlun College.
They can't be in other teams.
The great gods and ancestors of Tiance Mansion have a tough attitude:
"You ancient Garrison Clan and
other ancient forces must listen to us! Otherwise, don't come with us!"
The violent tempers of Ye Qingtian, Ye Zhantian and others also came up.
"Go to the side! Do you deserve it too? Without you, we can still do it!"
"We are more giant creatures than one who kills?"
Both sides are completely on the bar.
finally.
The Return of the God of War [The Protector] Chapter 2787
Divide into two teams and support forward from two directions.
The spies in the Lab of the Gods were depressed.
According to this.
They can only send the whereabouts of a team in time.
The whereabouts of the rest of the Garrison Clan's ancient clan are nowhere to be seen.
If both teams go together.
The Lab of the Gods can catch these two parties in one go.
But now it can be reduced a bit!
The spies used various methods to pass all their whereabouts to the laboratories of the gods.
the other side.
Mr. X they received the message soon.
"Okay! Now they are all dispatched from the Tiance Mansion!"

“I heard the spies say that the ancient Garrison Clan, the Great Xia League and other forces have parted
ways with Tiance Mansion! This makes our spies depressed!”
Hear here.
“Ha ha ha ha……”
Everyone laughed.
The ancients of the Garrison Clan must have scored points!
Because they are forbidden area No. 76 at all!
These forces of the Great Xia League are even more biblical organizations…
How could they come and support them with Tiance Mansion!
Their goal is also Daxia.
Ready to give Daxia a fatal blow at any time!
“Hahaha… the situation is too favorable for us! Forbidden area No. 76 is about to start!”
“Let the order go on! Let Leviathan fully attack and break the defense line of Daxia’s rapid reaction
team! Only if it is defeated, the No. 76 forbidden area will attack!”
“Secondly! mobilize our dead men! And send some people from the laboratory to ambush, prepare to
ambush the reinforcements of Tiance Mansion! Don’t ask for them to be wiped out! Just trap them!”
“Tiance Mansion and Baolong clan masters are like clouds, they are not so easy to deal with! We need to
send more power! Except for the two types of forces that target Daxia, all the rest are dispatched!”
“It is bound to stop them in this position! Use our spies to cooperate with the outside! It must be
successful!”
Mr. X began to line up.
“Understood! Leviathan will soon show their truly powerful side!”
“Before it was an appetizer! Now is the real offensive side!”
The Gods Laboratory immediately started all aspects of the plan/
…
At this time in the front-line command room.
The Return of the God of War [The Protector] Chapter 2788
Head Xiao is not good! The big thing is not good!”
Suddenly, bad news came from the command room.
“What’s wrong?”
Xiao Liejun was also panicked.
“We just carried out a comprehensive scan of these creatures! We found that they have no weaknesses

at all!"
"You can't find a weak place all over! It seems that the other party is intentional, and has long noticed
that we are scanning this! Therefore, there is no weakness!
However, we found that these giant creatures all have a core. And the core should be the brain of this
kind of creature, and also the source of energy, right in the middle of their body! But it is also the
hardest place to attack the whole body!
The core can only be reached after all the scale shields in the body are broken! It is estimated that the
other party deliberately hid the core in the most difficult place to attack!
So it can be said that they have
no shortcomings at all! "
High-tech talent began to explain.
"Then can our existing weapons hurt their core?"
"All weapon configurations!"
Xiao Liejun also added.
"Difficult! Almost impossible! It is difficult for our arsenal to damage the core!"
"It's not good to say! When we can hurt their core, it is estimated that our entire army will be
overthrown!"
The words of a few people.
The entire command room was covered with clouds, and everyone looked gloomy.
"Okay, I see, come with me!"
Xiao Liejun led everyone out of the command room.
At this time, someone said: "There is another terrible thing-even if their bodies are damaged, it is
useless at all!
Because their core has a magical healing and restoring ability! There are many materials on them that
we have never seen before! It is estimated to be the reason for the recovery! "
But at this point, no one has heard it.
"I still try!"
After coming outside, Xiao Liejun had a gloomy face.
Although it is bad news.
But it is also good news.
At least know how to destroy these giant creatures!
Even if it is almost impossible!

“Do you think this will work? Let’s use all the firepower to knock out all their protective shields! It’s best
to knock out or loosen the scales on their bodies, even if they are damaged to a point!”
“Then we used all kinds of tiny machines to bombard themselves!”
“If I send a death squad to bomb them in turn, I can’t shake them?”
Xiao Liejun glanced back and said, “It would be great if someone like Tiance Mansion was there. I would
like to cooperate with my plan!”
“But now we have to rely on ourselves!”
…
Leviathan had already launched attacks again and again, but they were all blocked by solid positions…
This can also comfort Xiao Liejun a little bit.
“Well, we can plan… Arrange a death squad to attack… Now the position is still stable, we still have
time!”
Said the death squad captain.
The Return of the God of War [The Protector] Chapter 2789
But at this moment.
The Leviathans in front suddenly stopped attacking.
They began to line up into a team.
A group of one hundred Leviathans, a total of eight groups all stand.
“Buzzing…”
Suddenly, the sound of shaking mountains came.
The sky is shaking!
Everyone was shaken.
As if a magnitude ten earthquake is coming…
I saw the energy of the blue light beams converging on the Leviathan’s body, and they passed one by
one.
In the end, they all passed to the front Leviathan.
It is equivalent to a Leviathan possessing eight energy light waves at the same time!
The top one hundred accumulate eight hundred energy light waves, and the scene of the earth shaking
and the mountain shaking for a time.
“boom!”
“boom!”
“boom!”
…
A hundred Leviathans in the front emitted energy shock waves together.

“Rumble…”
“Rumble…”
In front of the terrible energy wave, the base was instantly destroyed.
Countless weapons and chariots all fell apart.
Under this offensive.
No defense can stop…
Even Xiao Liejun and the others were caught in a sea of flames…
This time the attack directly penetrated the position.
Numerous casualties!
“Save Head Xiao!”
Everyone rescued Xiao Liejun from the sea of flames.
“Withdraw! Quickly withdraw!”
Xiao Liejun shouted.
“Buzzing…”
Sure enough, Leviathan’s second wave of attacks came again.
Still the same way.
“Rumble…”
On the basis of the original, another wave of the strongest attack.
Directly razing the town from the ground, a huge pit appeared in front of him.
The Return of the God of War [The Protector] Chapter 2790
The loss is even greater…
withdraw!
withdraw!
Xiao Liejun and the others evacuated hurriedly.
However, this wave of losses is heavy and it is an unpredictable loss…
Xiao Liejun was about to cry.
Not only the position they held, but other positions on the same front, they all encountered the same
attack from Leviathan.
All have been breached.
The real power of Leviathan is reflected!
After this line of defense was broken.
It is equivalent to truly opening the gate of Daxia Country.
Everything becomes simple next.
Leviathans can go north or south.
It can also be advanced in parallel.
Wherever you go, you will surely suffocate life.
The most important level is lost.
“It’s me who doesn’t use it! Everything is my fault!”
The most important level is lost.
Xiao Liejun could not shirk the blame.

He cried directly.
No one knew better than him what it meant next.
This group of Leviathans are rampant, and can be directly pressed to the capital.
If the capital falls…
That's a big problem.
"Support! Request support!"
Xiao Liejun was crazy.
"Keep going!"
After the Lab of the Gods knew the results, they continued to let Leviathan press on.
This is the proud work of the Dark Doctor, and it incorporates many technologies that are beyond the
world in the laboratories of the gods.
There are no shortcomings!
It was dubbed the "Hexagon Behemoth" by the Lab of the Gods!
It means that every aspect is invincible!
"Are there any messages from Maya Industry and the Bible Organization?"
Mr. X asked.
"It's still useless! It stands to reason that they should have arrived! But now they are still nowhere to be
seen!"
The others answered.
"In this case, the more we can explain our guess! They must attack Daxia!"
Mr. X feels relieved.
The intelligence officer asked: "By the way, our people are almost assembled! The secret powerhouses
from other bases in Daxia are the only way to gather the reinforcements of Tiance Mansion! Do you
want to take action?"
Mr. X looked at the map and finally determined a good location: "Snipe the reinforcements of Tiance
Mansion at Langya Mountain in the north!"
The Lab of the Gods not only has a base in Daxia, but also has bases in the north, west, south, and even
the waters of the south.
All bases add up to seven.
But what reminded Levi Garrison was that the main priest was not in the capital base.
But in other places.

Although the base in the capital is the headquarters!
Now in order to snipe the reinforcements of the Baolong clan of Tiance Mansion, they have mobilized a
lot of powerhouses from other bases of the Gods Laboratory.
Shouldn't have come forward.
But to maximize the effect.
Still used.
Now the Langya Mountain in the north is full of strong and trained dead men in the laboratory of the
gods!
Just waiting for reinforcements from Tiance Mansion to come here.
The Return of the God of War [The Protector] Chapter 2791
They don't just want to stop them, try to eliminate them as much as possible!
A bloody battle is imperative!
now.
The trapped Tiance Superintendent was still in a stalemate.
His brain is still the thinker.
And the great disciple of the dark God God in front of him no longer knows how many wounds there are.
Obviously both sides have experienced struggles, and Tiance Shenshuai has the idea of going away.
Therefore, they would stab his flesh and blood with a single knife.
The dark god apprentice grinned and said, "Go! I'll die with another one!"
Wrong.
It only takes one knife.
He must die!
struggle!
Tiance is struggling intensely…
To go or not to go?
Going can save Daxia.
But his own flesh and blood will undoubtedly die!
These two are cruel and will definitely kill them.
Just now he watched this group of guys stabbed the big apprentice more than ten times with his own
eyes…
"Don't kill him! I won't leave!"
Tiance Shenshuai is really going crazy.
…
Everything is in accordance with the expected development of the Gods Laboratory.

Even the momentum is better.
At this time, all parts of the world almost knew the news of the giant creatures attacking Daxia.
The whole world is in an uproar!
After all, a few days ago, all parts of the world were attacked by giant creatures.
Now I heard that Daxia was attacked again, and it was such a powerful time.
The whole world was shocked.
Panicking everywhere!
Even fell into panic.
After all, the giant creatures this time are terrible.
Even Daxia couldn't stop her, and she was losing ground.
Now the loss is too great.
How can other countries not be afraid?
The Black Hawk agent has been escorted to the Warhawk Nation.
In Mr. X's opinion, he has no threat.
Can be let go.
After returning to the Sky Shield Bureau.
Agent Black Hawk didn't expect the boss of the Sky Shield Bureau Smith to find him.
"Nothing! Let them kill each other!"
Agent Black Hawk was surprised.
It seems that the Sky Shield Bureau already knew that he had used the authority for the Lab of the Gods
to hide Leviathan under the energy power station.
The Return of the God of War [The Protector] Chapter 2792
Seeing the Black Hawk agent surprised, the head of the Sky Shield Bureau said: "We all know about your
secret contact with the Lab of the Gods… Including the last time you came back from catching Levi
Garrison, we all knew about it. You did it all for The Lab of the Gods…"
After listening.
Agent Black Hawk breathed a long sigh of relief.
As expected, the senior officials of the Sky Shield Bureau knew that they had secretly contacted the
Gods' Laboratory.
He knew the existence of the Lab of the Gods in advance.
But listening to the voice did not know Levi Garrison's true strength.
So Agent Black Hawk deliberately kept an eye on it.
I just talked about the Lab of the Gods, but nothing else about Levi Garrison in particular.

After all, the more you say, the faster you may die.
There is also a skill that can use Levi Garrison's secret as a lifesaver!
After all, there are not many people in the world who know Levi Garrison's true strength, right?
It's even two or three.
This is equivalent to controlling a big secret in the world.
It can really save your life when it's critical.
Therefore, Agent Black Hawk did not speak out.
Even if the opponent is the head of the Shield Bureau.
"So, don't worry, this is a good thing for us! It would be nice to let them lose both!"
The head of the game Smith said.
Agent Black Hawk pursed his lips: "But from the current situation, Da Xia is the one to be abused! At that
time we will have to face a powerful and terrifying enemy-the Lab of the Gods! That is much more
threatening than Da Xia. !"
Suddenly, the head of the game, Smith, smiled mysteriously: "So in your eyes, our Warhawk Nation is
weaker than the Lab of the Gods? Think that we all rely on the development of the Lab of the Gods in
the past? I feel that although we are cooperating, we are always inferior. At the end of the God Lab?"
The head of the game Smith said so.
The face of the Black Hawk agent changed drastically.
Is it not?
Isn't it right for the Lab of the Gods to be strong?
The Warhawk State has its current status, and the Lab of the Gods has made great contributions!
Could it be…
Suddenly a shocking and important idea flashed through the mind of the Black Hawk agent.
Startled him in a cold sweat!
The head of the bureau, Smith, smiled and said: "Actually, you cooperated with the Lab of the Gods
early in the morning, and we knew about the open permissions! And you think about it, if we didn't
allow it on purpose, would you have enough permissions to easily turn on all energy power plants? "
Hear here.
Agent Black Hawk understands.

In fact, his own authority is not enough, all this is allowed by the Sky Shield Bureau and even the War
Eagle Nation!
They did it on purpose!
Pave the way for the laboratory of the gods and let them surface to deal with Daxia…
In fact, Tianshield is the real behind-the-scenes!
It is estimated that even the Lab of the Gods didn't even think of it!
This will be the situation!
The Black Hawk agent looked at the head of the bureau, Smith, and swallowed fiercely: "Could it be…"
"Yes! Nothing wrong is what you think!"
The Return of the God of War [The Protector] Chapter 2793
In fact, since the Lab of the Gods first disappeared, we knew it! The turmoil in the past few years was
caused by them! Didn't you find that our Warhawk Nation is very low-key in the past few years? Doesn't
it seem to be involved in anything? Isolated from the world…"
Hearing the head of the game, Smith said so.
Agent Sombra reacted.
It is true.
"That's when we are developing ourselves while looking at what the Gods Lab is going to do? We have
been waiting for them!"
Agent Black Hawk nodded heavily: "Understood, everything is understood!"
"Tell you one more secret-our War Eagle Nation is…"
The head of the game, Smith, leaned into the ear of the Black Hawk agent and whispered.
"what???"
Agent Black Hawk's face changed drastically.
Eyeballs are about to fly out.
Even if the head of the game Smith finished.
He was surprised for a long, long time…
Can't react for a long time.
But after knowing this.
He became more grateful that he didn't tell Levi Garrison's true strength.
This is likely to become a weapon for him in the future!
"Now we just need to sit on the mountain and watch the tigers fight!"
The head of the game, Smith, smiled sinisterly.
…
the other side.

The big troops Xiao Liejun was waiting for did not arrive.
That's because they are all blocked.
Unable to move forward normally.
Even the air support was disturbed and attacked…
Jiang Ye's army encountered a little harassment, and immediately began to make a detour.
In this way, the journey would be too far.
So that I still can't make it…
The point is that these dead men linger like flies.
Wherever you go!
Go horizontally, right?
There are few others!
You don't know where…
There is no way!
The speed of travel is extremely slow.
At most, it is air support, and the transport force has reached a point.
But this does not quench thirst at all.
Xiao Liejun and the group have retreated to a position a hundred kilometers away.
This place happened to be the general base of the Southern Territory Theater.
Everything is in the configuration.
And has a natural advantage!
Everything is ready!
Can block one block!
But the easiest level before has been broken.
The position here can only stop them from continuing northward.
The Return of the God of War [The Protector] Chapter 2794
But there is no way to go south.
therefore.
Xiao Liejun's request is for other reinforcements to support the southern defense line!
It means that people who can support it all gather on the southern route.
After all, the southern line is wide open.
There is no defense at all!
They want to guard the northbound area.
"Brothers, this is the only pass to the north! We can't retreat anymore!"
"Even if we all die here, we can't retreat! All of us will be crucified here!"
Xiao Liejun had already prepared everyone in advance.
With the idea of overthrowing the whole army.
Unless they are dead.
Otherwise, don't even think of Leviathan.

The desperate defense of Xiao Liejun led the team to the Gods Laboratory.
The strategy of the Lab of the Gods is for 800 Leviathans to continue northward and go straight to
Huanglong!
Now Xiao Liejun's desperate fight will definitely form a huge obstacle!
"How come the forbidden area No. 76 is still not shooting? Is it still waiting?"
"Are they also worried about Daxia's back-and-forth moves and hole cards? It seems that our
excitement is still not enough!"
"Only when Xiao Liejun's level is completely broken, Daxia will completely collapse, and then the
forbidden area No. 76 will also be shot!"
Mr. X thought for a while and said, "It's time to start the undercover we arranged in Daxia, and give Xiao
Liejun an inside and outside attack from the rear!"
Wrong!
There is still an undercover in the Lab of the Gods in Daxia!
Otherwise, the Lab of the Gods would not be able to establish the base in Daxia.
No one would respond internally.
The Lab of the Gods cannot establish a foothold in Daxia.
There are still so many bases…
Undercover, the laboratory of the gods has always been reserved for use.
Now it finally comes in handy.
This is something Xiao Liejun can't imagine…
He knew that someone inside was harassing support.
But I didn't think there was an undercover agent, but it was still behind me.
This is something I didn't think of anyway.
A big battle is coming.
…
Jiangbei.
In a secret manor.
This manor is still a bit close to Levi Garrison's villa.
Many people gather here quietly.
The undercover of the Lab of the Gods in Daxia.
Soon tens of thousands of people gathered in the manor.
It's not just this manor.
The Return of the God of War [The Protector] Chapter 2795
There are other places.
A total of tens of thousands of people gathered.

Also carrying heavy weapons.
Even though the power is not very strong, if you want to attack Xiao Liejun's back suddenly, it will
definitely become a serious blow.
Achieve a situation of pinching inside and out!
Originally their role is to surprise!
This is a force that cannot be ignored!
This group of people all wearing masks, gathered together for a meeting.
"Just received the order, we will attack the southern border theater defense line next! We will
completely defeat Xiao Liejun's department from behind!"
"After the Lab of the Gods wins Daxia, we will be the heroes! This land will be controlled by us!"
"Victory! Victory!"
...
A group of people were excited.
The ultimate madness appeared in everyone's eyes!
Obviously these betrayers are waiting for this day!
However, this group of betrayers are not actually Daxia people.
Just the Gentiles living in Daxia.
One by one, it was unpredictable.
Grace will revenge!
Daxia provides them with everything.
Give them a second home.
Not thinking of waiting for the traitors one by one, at a critical moment, Da Xia will be severely cut.
They always want to overthrow this place and become the masters of this land!
"Yes?"
But at this moment, an abrupt voice sounded.
Everyone was stunned.
When did someone show up?
Who is this?
do not know!
"You bothered me to practice!!!"
Don't talk nonsense here.
Kill directly!
"boom!"
He threw just a punch!
This punch is earth-shattering!
Shocked!
Howling heaven and earth!

Great potential!
The power of a punch is terrifying!
Directly razed this manor to the ground with a destructive posture!
It swept tens of thousands of people directly…
Tens of thousands of people were killed and injured, and the wailing voices continued…
Can be very fast.
There was no sound at all.
Only the scene where bones become mountains and blood flows into rivers!
They never thought that someone would wipe out all of them with a punch.
None of them are left.
All killed!
No one thought of this!
The Return of the God of War [The Protector] Chapter 2796
soon.
Several other secret gathering places where Daxia undercovers were slaughtered.
There is no last one left.
And the way is the same!
After the mysterious man appeared.
Kill with a punch!
This way they have never heard of it!
The time is so short that they can't even make any response, let alone spread the message.
After all, the arrival of others is a destructive bombardment!
Same as a weapon of destruction.
Where can they spread the message.
After this person killed these undercover agents.
Then left quietly.
After returning to the villa where Levi Garrison lived before, continue to practice in retreat!
Fire Cloud Cthulhu! ! !
Wrong!
At this point in time-he just ended the first phase of retreat.
The whole person is advancing by leaps and bounds, and a qualitative change has taken place!
He was the first one to truly benefit from this basic exercise since Levi Garrison!
The first one to really practice the effect!
This was also the day when I was in the dark cage and saw Levi Garrison's transformation.

Let him work hard!
Originally, Huoyun Cthulhu was a very talented person.
Otherwise, he wouldn't be selected by Levi Garrison's cheap master to teach something.
Plus he has been practicing this basic exercise.
Therefore, under the influence of many factors, Huoyun Evil God is bound to make a difference.
This time I practiced for more than half a year.
The Huoyun Cthulhu has undergone a qualitative change!
Although not as perverted as Levi Garrison to the extreme.
He now feels like Xiaoye King's Landing!
If Levi Garrison is the god above the nine heavens!
Then he is the one who went up the mountain, and he is already on the top of the mountain!
I don't know how many people are forced out!
After the retreat is over.
Huo Yun Cthulhu just wanted to test how strong he was.
Feeling of myself, although I can't open the dark cage of that day.
But leaving a deep fist mark on it is not a problem.
It happened that Levi Garrison explained…
There is the emergence of this group of undercover agents.
Huoyun Cthulhu just tried a small knife!
He is cruel by nature.
The start is more ruthless than Levi Garrison!
A punch was blasted, and there was no life left.
He is almost at full strength now.
Therefore, the power is so terrifying.
Easily solved all the undercover.
They are not allowed to send any messages.
This is the most terrifying.
The Return of the God of War [The Protector] Chapter 2797
Especially the Lab of the Gods does not yet know that the undercover agents have been completely
overthrown.
They are waiting for the undercover to be in place, attacking at the same time as the positive Leviathan.
Leviathan is now waiting…
But who would have thought that the undercover agents had been wiped out.
What made the Lab of the Gods and Mr. X even more unimaginable is coming-Da Xia is about to fight
back.

Langya Mountain in the north.
The army of the Lab of the Gods has long waited in ambush.
According to the information returned by the spies, the support force of Tiance Mansion will arrive here
in ten minutes.
"Attention everyone! Attack in ten minutes!"
They are slowly waiting.
Shortly after.
All the troops of Tiance Mansion came.
Appeared in their sight.
Just as the ambush of the Lab of the Gods was about to start, suddenly the Tiance Mansion's support
army changed its course.
Senseless.
Everyone was dumbfounded.
The strong and dead men in the laboratory of the gods were dumbfounded.
What's happening here?
Suddenly changed course?
They passed by a lonely trail nearby.
It is equivalent to bypassing Langya Mountain in the north.
There is absolutely no entry into their ambush…
What's wrong?
It's all this moment.
Everyone was deeply puzzled by the occurrence of such a thing.
Especially the spies in the Kunlun Academy team were even more confused.
They keep sending signals.
When he was about to enter the ambush, he suddenly changed his route?
Why is this?
Isn't their efforts wasted?
"Why? Why did you suddenly change your route?"
The spies are not calm anymore.
Especially Yin Zhengping, Fan Zhisheng and others.
They all jumped out one by one.
They are all shouting why they have to change their routes.
"If you don't walk from Langya Mountain! Then our time will be at least doubled!"
"We were already very slow! How much do we have to sacrifice for one minute and one second?"
"Time is life! I don't agree to a detour! I suggest passing through Langya Mountain!"
The Return of the God of War [The Protector] Chapter 2798

After a few people advocated, many people came forward.
They have supported Yin Zhengping's remarks.
I feel that taking a detour is a waste of time.
Now they are all going to support urgently.
Not every second of time can be wasted.
Yin Zhengping and Fan Zhisheng saw the effect and immediately continued to instigate.
It turned out to be like this.
Many people feel that the detour is unreasonable.
Even the senior officials of Tiance Mansion and Baolong clan felt unreasonable.
What a waste of time.
Begin to question several great generals.
"There may be danger in it!"
The Dragon Head God will say coldly.
"How is it possible? If there is a danger, let's send a small group of people to check it out… After making
sure that there is no danger, everyone will pass!"
Someone suggested.
Many people think this method is good, and it is really too expensive to take a detour.
Therefore, everyone is more inclined to walk Langya Mountain.
Cut the time in half!
It's just that the Dragon Head God suddenly laughed a few people.
This made the detectives such as Yin Zhengping and Fan Zhisheng chill all over.
Perceived something unusual.
Could it be that they…
A bad idea popped up in their minds.
Others are more puzzled.
What are they laughing at?
"You said to walk in Langya Mountain?"
"Then do you know that Langya Mountain is full of enemies in ambush?"
"Yes, the enemy who is likely to swallow us in one bite!!!"
The language is not surprising and endless.
The words came out.
The others were terrified.
The most shocking is the spies lurking in Kunlun Academy!
be surprised!
Shocked!
What? ? ?
Tiance Mansion knows that Langya Mountain has an ambush?

How can this be?
How did they know?
This is impossible!
Can't figure it out!
Everyone really can't figure it out for a while!
The reinforcements of Tiance Mansion have always been in a normal state.
How could this be so?
Most people still don't believe: "Ah? How did the Dragon Head God know that there are enemies in
ambush in Langya Mountain?"
The Return of the God of War [The Protector] Chapter 2799
At this moment, Yin Zhengping, Fan Zhisheng and others felt that someone was watching.
The Dragon Head God smiled and said: "It depends on them!"
Everyone's eyes were fixed on these spies.
"what?"
Everyone became more and more confused.
What is going on here?
After all, they didn't know anything about spies from beginning to end.
Zoey Lopez opened their mouths wide.
One after another was shocked in a cold sweat.
So spies existed from the beginning…
Oh my god!
"In fact, since the establishment of Kunlun College, we have been mixed with enemy spies!"
"The one who stole the artifact that day was not the King of Words, but the spies! They blamed the King
of Words of Side!"
…
After listening to this.
The spies closed their eyes in despair.
It seems that they were discovered early.
Others are shocked!
It turns out that Levi Garrison was wronged…
How much insulting him and taunting him!
For this, how much did he endure?
Zoey Lopez and both of them felt guilty. After all, they had been angry with Levi Garrison because of this
incident.
It turns out he was wronged!

The Dragon Head God will stare at Yin Zhengping and said: "Yin Zhengping was the first to be exposed!
You want to get in touch with the dean and the deputy dean too! Immediately break away from the
king's side by side! After all, in your opinion, the side by side is the king. The least likely to be in contact
with the dean and deputy dean!"
...
Hear here.
Yin Zhengping was in a cold sweat.
He was exposed early in the morning.
"And the rest of you we all know! Fan Zhisheng, Jiang Sisen..."
The Dragon Head God will call this group of spies one by one.
At the same time, the powerhouses of Tiance Mansion and Baolong clan immediately controlled all
these dozens of spies.
To prevent them from escaping or sending out information.
"It turns out that we were discovered early in the morning and have been under your control?"
Jiang Sisen and the others were terrified.
Where do you want to get Daxia and still have this hand.
The calculation is in front of the laboratory of the gods.
"Of course! In other words, a very important purpose of establishing Kunlun College is for you!"
The Dragon Head God will laugh.
"what???"
"Could it be that everything we do next is deliberately permitted by you! It is in your plan?"
Everyone is really scared to pee.
This is a deep scheming.
"Yes, you are checking us, in fact we are checking you too! Follow you to find some clues..."
After listening, everyone almost fainted.
"So as soon as we set off, do you also know that we send our whereabouts in real time?"
Jiang Sisen and others continued to ask.
The Return of the God of War [The Protector] Chapter 2800
"Of course I know! Otherwise, how do we know that Langya Mountain has enemies all over the
mountain!"
The Dragon Head God will smile.
"you……"

Jiang Sisen and the others are going to explode.
This feeling is too unpleasant.
"Could it be that you quarreled with the ancient Garrison Clan at first, but it was actually intentional?"
Fan Zhisheng asked.
He had already thought of what was going on.
"Of course! The national disaster is the head! What are the differences! Who has the same command? If
not, how can you mislead you? How can you ambush so many people in Langya Mountain?"
After listening to this.
Everyone realized that they had been fooled.
It seems that they are ambushing Tiance Mansion, but in fact, Tiance Mansion is ambushing them.
"Then what about the strong people of the ancient Garrison Clan?"
Yin Zhengping asked.
The Dragon Head God will glance into the distance: "If there is no problem, they should be located to
the north of Langya Mountain!"
"boom!!!"
Jiang Sisen and others are about to explode.
All this is a strategy of others!
Tiance Mansion used them to release their whereabouts and chose to ambush in Langya Mountain.
But where I can think of it, everything is actually other people's tactics.
People are going to swallow their people in Langya Mountain!
I also deliberately separated from the ancient Garrison Clan, and everything was in exercises…
But now they understand it is too late.
Sending messages can't be sent.
Nothing else can be done.
"Report the Dragon Head God General, the ancient Garrison Clan sent a message that they have reached
the north of Langya Mountain! You can start at any time!"
At this time, a message came from his subordinates.
"Okay, everyone prepare! A general attack will be launched in five minutes!"
Know what's going to happen next.
Jiang Sisen and the others were so anxious that they were about to cry.
They caused everything!
They are about to cause the complete destruction of everyone.
But they can only watch…

now.
The powerhouses ambushing in Langya Mountain are also wondering.
Why did the reinforcements of Tiance Mansion suddenly change their routes?
This is impossible!
The Return of the God of War [The Protector] Chapter 2801
But they can't act rashly yet.
Have to wait for a message from the spies.
"Wait again! After waiting for ten minutes, if there is no message, we will take the initiative!"
Everyone settled down.
Waiting quietly.
One minute.
Two minutes.
...
five minutes.
"Shoo, hoo…"
Suddenly a signal bomb lifted into the air and exploded brightly in the air.
"Kill!!!"
"Rumble…"
Then came the screams of killing all over the mountains and the shaking of the earth and the shaking of
the mountains.
In their eyes, figures appeared in the south and north!
It's killing here!
There is an ambush among them!
They are being made dumplings!
This is what they never thought of anyway!
what's the situation?
What's wrong?
Langya Mountain is very steep.
Things are extremely narrow exits.
Now the export of things has long been blocked.
On the north and south, reinforcements from the Tiance Mansion came to kill again.
They have nowhere to go.
Can only resist!
But when the incident happened suddenly, they were caught off guard.
Numerous damages in one time.
This is not a mechanized team led by Xiao Liejun.
This is really super strong!
Among them, Ye Qingtian and Ye Zhantian led the team.

Strong and terrible!
The screams shook the sky for a while, the blood dripped, and the bones became mountains…
It's only a matter of time before the team ambushing in Langya Mountain in the Lab of the Gods is
completely overthrown…
The other side.
The Lab of the Gods had just notified the undercover army behind Xiao Liejun's department.
Listen to the offensive signal from his side and attack again.
Of course, how did they know that these undercover army had all been eliminated and suppressed.
"Let the Leviathans attack!"
Give an order.
The Leviathans began to charge Xiao Liejun's battlefield!
Everyone in Xiao Liejun's department regards death as home!
Ready for the entire army to be overthrown!
"Want to break through here, have you asked me?"
At this moment, a figure suddenly appeared!
The Return of the God of War [The Protector] Chapter 2802
This is something that no one thought of.
Including everyone in Xia Liejun's department.
All dumbfounded!
Know that reinforcements are coming.
No one can think of it!
Who is this?
But when this person landed.
Everyone see it clearly!
Young Master Tiance! ! !
In times of crisis, he had to go out!
But it just so happened that he also completed the retreat!
For him at this stage!
It is impossible that King Kong does not destroy the ninth layer of magical power!
He can only stabilize the eighth floor in a purely pure state, which is considered a success!
Now he has initially achieved the task assigned to him by the "Master".
Daxia needs him again!
Marshal Tiance is here!
There was cheers from the audience!
Although there is only one person, Tiance Young Master, everyone seems to have taken a reassurance.

“Buzzing…”
There were trembling sounds between heaven and earth.
The terrible fluctuations caused the Leviathans to stop for a while.
I saw the marshal of Tiance turned golden, and even more halo appeared!
King Kong is not bad for magic!
Eighth floor!
This is the supreme realm!
Where can anyone reach this state?
Seeing everyone exclaiming again and again.
This also makes everyone confident.
The Marshal Tiance single-handedly killed directly to the Leviathan group.
The Leviathans also began to attack the Marshal Tiance, and the huge claws crashed down.
Before Xiao Liejun’s mecha army could not withstand such a blow.
But when it hit the young commander Tiance.
Just clang.
Did not cause any harm!
Leviathans are originally intelligent creatures, self-conscious.
They were also very surprised when they saw that Wu did harm to the marshal of Tiance.
On the contrary, the terrible power erupted from the young commander of Tiance, and he overwhelmed
a Leviathan.
This is something that has never happened before!
“boom!”
“boom!”
…
The Leviathans began to attack the Marshal Tiance frantically, using all means and weapons.
Even the energy beams bombarded one after another.
It’s just that the marshal of Tiance has the eighth layer of diamonds that are not bad, and he is not afraid
of their attacks.
One person temporarily blocked the Leviathan’s offensive.
The main reason is that the Leviathans were unable to break through his incorruptible body.
But the problem also appeared.
The Marshal Tiance couldn’t really hurt Leviathan!
Not to mention the destruction of Leviathan.
They are too strong.
It’s as if they also have the incorruptible body of King Kong.

…
The Lab of the Gods looked at the situation here, too, especially anxious, if Leviathan's attack did not go
smoothly.
The undercover army in the rear could not attack either.
No legal action is also allowed on the No. 76 forbidden area.
Waiting for this wave!
"Nothing! No matter how powerful he is, he can't last long!"
"King Kong is not bad at the eighth level of the magical skill, and the defense is amazing. Leviathan has
nothing to do with him! But he can't hurt Leviathan!"
"He can't stop it for long! He will be captured soon!"
"Let Leviathan attack quickly! At the same time let the undercovers attack from behind!"
Mr. X is very calm.
But what he said was wrong.
Tiance Marshal only temporarily stopped Leviathan by virtue of his fierce life.
But he will not cause fatal damage to Leviathan after all, plus there are too many Leviathans.
A full 800.
A tall individual.
Marshal Tiance really can't stop it for long!
Soon Leviathan rushed past Major Tiance's defense.
He really couldn't stop so many at once.
The Return of the God of War [The Protector] Chapter 2803
"Fire!"
However, the Marshal Tiance immediately sent a signal to Xiao Liejun and the others.
No matter what the strength of the weapon, he couldn't hurt his King Kong indestructible body.
Therefore, coverage fire bombing can be carried out with confidence.
And Tiance Marshal did his best to stop them!
"Boom boom boom…"
Xiao Liejun gave an order.
Countless weapons all fired.
After all, this is the southern base, and everything is ready.
Everything is matched, and the weapons and equipment are mature.
I don't know how much stronger than the position built before.
So all kinds of weapons came out.
They can also cooperate with each other to form a line of fire after another.

Covered bombing against Leviathan.
This was also the most violent bombardment.
Leviathan was really blocked!
Under this artillery fire, even the scales of the Leviathans were somewhat damaged.
"Destroy all Daxia's bases…Don't leave any of them!"
Mr. X was angry and ordered directly.
Before, they figured out all the deployment configurations of Daxia.
For example, major bases and various airports are all under their control.
All deployments in the current Southern Territory Theater are transparent to them…
For example, what weapon is in that position, even the command room.
therefore.
Mr. X is about to paralyze all the bases in the Southern Territory Theater.
By then, the weapon that Xiao
Liejun's most relied on will be equivalent to more than half of its failure.
The weapon system they are best at will not come in handy.
"Boom boom boom…"
The Leviathans began to fight back.
A terrifying wave of energy began to bombard and destroy the base.
Many weapon systems were destroyed one by one.
Xiao Liejun suffered heavy losses here…
The death squads have been gnashing their teeth, they have always wanted to go up and show their
skills.
But there is no chance.
Xiao Liejun's face was full of pain…
Seeing that the base is half destroyed.
Mr. X remote command: "Quick, quick! Let the undercover army start attacking from behind!"
He was thinking about the scene of the No. 76 Forbidden Land God immediately appearing in his mind.
At this moment, Lucifer sent a message: "Mr. X seems to be a little bit wrong! I just contacted the
undercover behind, but I can't get in touch!"
"Yes! All the undercover agents have lost contact! Lost!"
A bad news came.
"Ah? What's the situation? Lost the connection? Isn't the contact still in front?
Why did you lose contact all of a sudden? what's the situation? "
Mr. X was stunned.
There was a thump in his heart.

This is going to happen.
“Check it out! Go check it out for me! Something is going to happen!”
Mr. X’s face changed drastically.
“By the way! What happened to the Battle of Langya Mountain? What stage is it going on?”
Mr. X asked.
He felt that something might happen.
Everything must go wrong.
“Yes! Our spies in Kunlun Academy have been receiving information for a long time! What’s the
situation?”
“Not only that, even the army ambushing in Langya Mountain has no news, will something really
happen, right?”
Everyone was panicking.
“check!”
“Quickly check it out for me! If something goes wrong, it will be troublesome…”
…
The haze hung between the people in the laboratory of the gods.
In fact, they are now at the base in Beijing.
Have been waiting.
They can’t go out until there are results.
But now everyone has the urge to go out.
…
However, after a few minutes.
Suddenly, the earth-shaking shout came.
The rear of the base in the southern theater.
A large number of people are here! ! !
The army led by Jiang Ye is here!
At first they encountered a wave of attacks, and they had to change the route and then change the
route.
But later, these dead men seemed to have evaporated.
All disappeared one by one.
At first they thought it was the Anbu led by Hong Qingcang.
But Hong Qingcang also wondered that he and Anbu could solve at most one-third.
There is no way for most of them.
They are also very puzzled.
The Return of the God of War [The Protector] Chapter 2804
Why did so many dead men suddenly disappear…

The army led by Jiang Ye didn't have time to think about it, and was eager to support it south!
No, it's already here!
When I saw that the undercover army appeared behind, it was Daxia's supporting army.
The Lab of the Gods is completely dumbfounded…
what's the situation?
Didn't they send so many dead men to harass?How can they come here?
This is incredible.
"Where is the problem? What is the situation? What's the matter?"
Mr. X kept asking questions.
It's just that no one responded.
Everyone is in silence.
Da Xia actually has the momentum of the reverse!
"Even if their reinforcements arrive? Can they stop Leviathan? Launch all the Leviathan and attack me
crazy!"
shouted Mr. X.
"Yes! Understand!"
The Leviathans immediately launched the strongest attack.
Some attacks that have never been used are all used.
Although Daxia reinforcements have arrived.
But the loss is quite tragic!
Such an unprecedented attack method made Daxia unable to defend at all.
Leviathans are advancing quickly.
On the contrary, it is faster than before.
This is also the strategy of the Gods Lab.
In the absence of a large army, Leviathan is absolutely not required to be truly powerful.
Now I have encountered a large force.
Immediately use Leviathan's devastating means!
Perform a terrible blow.
So that Leviathan pressed up across the board.
Xiao Liejun's tribe and Jiang Ye's tribe converged, but they were beaten into an army.
unimaginable……
"Right! What about Langya Mountain? What happened?"
Mr. X sees the effect of the attack here.
Immediately asked about the battle situation in Langya Mountain.
"There is still no message! But it should have been a match! I guess there is no time to respond to us!"
"Yes, there is a high probability!"

…
The battle at Langya Mountain was quite fierce.
In addition to the dead men, there are also strong men from the major bases of the Gods Laboratory to
participate.
But they were made dumplings.
Numerous casualties.
A few hours later.
The whole army was overthrown.
However, Tiance Mansion and the ancient Garrison Clan were also badly injured.
Despite the attack again, the opponent is the powerhouse of the Gods Lab, although not the main force,
it is also super strong.
This battle was fought down.
Even Ye Qingtian, Ye Zhantian and others were injured.
Let alone other.
Even the students of Kunlun College were a little depressed.
I thought that after a few months of tempering, their strength has greatly increased, and then they will
definitely kill the Quartet when they come outside!
However, everyone who encountered the powerhouses in the laboratory of the gods was injured, even
struggling.
If it weren't for the top powerhouses in Tiance Mansion, they are here.
I'm afraid they will have to explain all of them here.
But they are still useful and contributed a lot.
After the injury, everyone looked depressed.
Your own strength is so weak?
How did they know that as soon as they came out, they encountered the most difficult enemy!
They have performed very well…
It can even be said that they can survive in the hands of this group of people.
It is already something worth showing off.
Yin Zhengping and the others were frightened.
They watched as the ambushing army was killed…
"Well, now we support to the front line! Hurry, hurry!"
After counting the casualties, everyone rushed to the front without stopping.
Here is the laboratory of the gods.
Soon I received a message from Langya Mountain.

“The big thing is bad! A message comes from Langya Mountain! Ask for support!”
“They were attacked from both sides by the army of the Tiance Mansion and the ancient Garrison Clan!
There were heavy casualties!”
“The Langya Mountain army is about to be overthrown…”
…
Only then did they receive an urgent message.
However, this is at least half an hour ago.
That means that at this moment, the army ambushing in Langya Mountain has been completely
overthrown.
Everyone’s faces are as deep as water.
I didn’t expect such a thing to happen.
I was actually under the control of others…
What a shame!
More and more bad news…
Mr. X is going crazy.
The Return of the God of War [The Protector] Chapter 2805
what happened?
All his efforts have been abolished?
What happened to Langya Mountain?
How come the whole army is overthrown?
It shouldn’t be!
impossible!
The spies have been reporting their whereabouts.They also sent the powerhouses in the laboratory of
the gods, although they were all marginal.
But that is also quite powerful!
How come the whole army is overthrown?
Can’t figure it out!
Can’t figure it out at all.
“Now it seems that Daxia is prepared! Especially Tiance Mansion! They probably knew about this group
of spies and deliberately used them to discover us! I guess the Langya Mountain ambush was exposed
early! It was attacked!”
“By the way, didn’t the ancient Garrison Clan separated from them early? It stands to reason that they
have come to support long ago! But there is no such thing!
That can only show one problem-the ancient Garrison Clan and Tiance Mansion are acting, they are

deliberately separated, creating a false impression, in fact they are aiming at our ambush in Langya
Mountain… Now this situation is definitely destroyed by these two parties. NS! "
…
Soon, everyone analyzed it.
This is probably the case.
Mr. X was furious: "Damn it!!! Daxia is actually prepared???"
All this was beyond their expectations.
Up to now.
The model made by the brain of God is completely wrong.
"Just received the message…The undercover army we arranged behind Xiao Liejun's department has
been overthrown…"
"A total of seven strongholds, all died tragically, and no one survived!"
"From the traces of the scene! Either Daxia used a destructive weapon to give a destructive blow, which
caused the entire army to be overthrown! Or there was a super power to destroy everything! At
present, it is more inclined to the latter situation! "
"After all, there is no trace of a destructive weapon being activated!"
…
Hear here.
Everyone was shocked in a cold sweat.
too frightening!
Another bad news!
"Could it be Daxia's two types of existence?"
Lucifer asked.
"It shouldn't be… but this possibility is not ruled out!"
Mr. X's face was pale.
Cold sweat broke out, and his whole body was shaking.
Their layout in the rear has all been wiped out.
This is over.
How to do?
"It really doesn't work, shall we come forward? Swallow Daxia in one bite!"
The clown emperor, Lucifer and others are eager to try.
They have long wanted to go out for a fight.
Just suffer from no chance.
"Yeah, we are in the capital now! How about directly taking the empty capital?"
Said the sea demon.

“No! The more so, the less we can go out! Da Xia feels a little unfathomable now! I don’t know what
other cards they have!”
“What’s more, we won’t be able to use the capital! All firepower will be attracted to us at that time! The
acquisition of the capital should be handed over to Forbidden Land No. 76! We only came out to harvest
after they lost both sides!”
Mr. X killed everyone’s thoughts.
Let them all stay honestly.
“So far, in our layout, only the Tiance superintendent has been led out to come in handy!”
Mr. X began to sigh.
Fortunately, the layout has been so long.
This turned out to be the end in the end.
“Fortunately, we have an invincible army of Leviathan! So far, Daxia has no way to do it!”
“Next let Leviathan go crazy! Launch an unprecedented attack!”
…
After receiving the order.
Leviathan released more and more hidden skills.
Daxia suffered heavy losses here.
Seeing that the base in the Southern Territory Theater could no longer be defended.
Almost everyone is desperately resisting…
Now the Leviathan they see is the real Leviathan, and the offensive methods are full.
Even the marshal of Tiance, who possessed the incorruptible body of King Kong, was beaten steadily.
The Leviathans are equipped with new weapons from the Lab of the Gods.
Terrifying!
The Return of the God of War [The Protector] Chapter 2806
At this time.
“Report! We found the trail of Forbidden Land No. 76! They finally appeared! And they appeared
directly in the southern border of Great Xia!”
The Gods Lab received the message.”Yes?”
That’s great.
When everyone heard the god of Forbidden Land No. 76, everyone went crazy.
Finally waited until this moment.
They disappeared for so long and really appeared.

“I want to come to Maya Industry and the Bible Organization, partly in the southern border, and partly
in the capital!”
Hearing this group of people appeared, Mr. X felt a little more relieved.
“Okay, inform Doctor Dark and his legion that they are ready. The God of No. 76 has appeared!”
“God? What if your natural enemy nemesis is an ordinary person? I don’t know if you know whether it
will collapse in the future?”
Mr. X smiled and said.
“But let’s take a look at the performance of No. 76 Forbidden Land God? They will definitely appear
behind Xiao Liejun’s and Jiang Ye’s!”
Everyone in the Lab of the Gods was very sure.
After all, in their expectation, the God of Forbidden Land No. 76 would appear behind Daxia in a surprise
attack.
On the one hand, it is the capital, on the other hand, it is the marching army.
absolute! ! !
They are all waiting!
“That’s right! Where is the specific location of the Forbidden Land God No. 76?”
Mr. X asked.
Intelligence personnel are just about to locate.
Suddenly the situation was discovered at this time.
Behind Leviathan’s army, majestic figures suddenly appeared!
They are like superheroes!
Fall out of thin air!
They are holding a handful of “artifacts” in their hands!
The biblical organization led by the evil god and the Mayan industrial army led by Ye Wudao appeared.
Disappeared for most of the day, suddenly appeared, turned out to be behind the Leviathan army!
This appearance caught everyone off guard.
The evil gods brought out all the artifacts.
In addition to the artifacts that Levi Garrison personally refined, there were also all artifacts that they
refined using advanced technology later.
This is an artifact refined from various resources in Forbidden Land No. 76!

It was exactly the same as that used by the gods in Forbidden Land No. 76 at the time…
The power is huge, the artifact is out, and the sky is broken!
Underworld God and others suddenly appeared, directly using the artifact.
A series of powerful attacks began to bombard these Leviathans from behind.
"Shit!"
"哢嚓!"
"Patter!"
…
Under the powerful power of the artifact, the scales on Leviathan's body were cut apart, or burst into
pieces under the powerful power.
The body under the scales was also greatly damaged!
Many Leviathans roared after being attacked.
"Boom…"
Many Leviathans also fell directly.
Some have their heads directly knocked out by powerful artifacts, or their limbs are knocked out.
In short, under a powerful attack.
The Leviathans have suffered heavy losses!
This is also unprecedented!
See this scene.
Everyone was dumbfounded.
This is unprecedented!
Xiao Liejun and the others were excited.
Fighting with Leviathan for a long time, apart from knocking down the protective shield and hindering
them from moving forward, it did not cause any substantial damage at all.
But now, as soon as the reinforcements appeared, they caused such a heavy blow to Leviathan!
Thousands of soldiers were stunned.
They had never seen Leviathan's scales being cut apart.
Finally see what's under the scales…
There was no chance at all before.
excited!
So excited!
Seeing Leviathan so embarrassed, everyone shouted.
On the other hand, look at the laboratory of the gods.
All of them are stupid.

In their eyes, “the group of gods in Forbidden Land No. 76” appeared.
But the result did not follow what they thought, this group of people appeared behind Da Xia to attack.
Instead, he appeared behind their Leviathan to attack, causing huge losses!
All of them were stunned for a while.
At a loss!
In particular, Mr. X was standing there like a zombie.
Why? ? ?
Why is it all?Can’t figure it out!
I really can’t figure it out!
Why?
Shouldn’t these gods of Forbidden Land No. 76 want to swallow Daxia in one bite?
The Return of the God of War [The Protector] Chapter 2807
Shouldn’t we attack Daxia at this time?
Why did you start with Leviathan instead?
Shouldn’t this be a once-in-a-lifetime opportunity for the guys in Forbidden Land No. 76?
How could they?
Did you wear a pair of pants with Daxia?
impossible!
Wearing a pair of trousers, he also formed a Bible organization to quietly expand its forces and cultivate
its own seedlings in Daxia!
The Key Gods Laboratory has sufficient evidence to prove the existence of Forbidden Land God No. 76
and their motivation to swallow Daxia in one bite.
Everything is justified.
But what is happening now is against common sense.
Makes them confused.
A group of people looked at the real-time images sent back, all in a state of confusion.
I can’t react for a long time…
In the battlefield.
The sudden appearance of reinforcements dealt a heavy blow to Leviathan, and almost all Leviathan
suffered injuries to some degree.
The opportunity is here!
Xiao Liejun’s eyes lit up! ! !
“The death squad listened to my order and rushed forward! Dry all your weapons on their wounds at

close range!”
“Remember! Minimize casualties! If you don’t have to be a last resort, don’t choose to die together!
Now we have a great chance of winning!”
…
“Brothers charge! It’s time for us to do our best!”
Thousands of people in the death squad rushed up.
Like a scourge!
“The other ministries started to cover! Don’t let Leviathan have a chance to fight back!”
Xiao Liejun and Jiang Ye organized a large force to cover.
Several more robots were dispatched.
Follow the death squad to act together.
After the death squad arrived, they desperately touched Leviathan’s body at close range.
Throw in all the destructive weapons equipped in advance, or tie them to the wounds of the Leviathans.
“boom!”
“boom!”
…
In the next broad battlefield, various explosions broke out.
One by one Leviathan was severely damaged.
The robots on Daxia’s side are directly attached to Leviathan, and these small machines have their own
explosive devices to destroy them.
It exploded directly.
Another wave of losses…
With the cooperation of the death squad and the Bible organization and other reinforcements.
Leviathan’s army suffered too much damage.
Was beaten to no resistance.
Of course, thanks to the power of the artifact!
Otherwise, Daxia has no way to deal with Leviathan.
Even a strong man like Tiance Shenshuai couldn’t hurt Leviathan at all.
But the evil gods are different.
First of all, they drank the blood of the gods, and their physique and strength changed in every way.
The second is this powerful artifact, it’s terrifying, everything can be cut.
No fear of Leviathan’s defense at all.
The most important thing is the artifact!
Ye Wudao and Ye Lingtian held the artifact, they were invincible, pressing Leviathan to fight!

In the Battle of Langya Mountain, didn't Kunlun Academy possess a magical tool?
That artifact has brought great fighting power to Kunlun College!
Shooting too many powerhouses in the Lab of the Gods!
Not the key to turning the tide of the battle!
But at least it can account for one-fifth of the role!
Originally considered in the Lab of the Gods, these artifacts would become the key to killing Daxia!
I didn't expect to use it on them.
"Brothers! The shortcoming of these giant creatures is that they have an energy core, right in the middle
of their bodies! Only by destroying the energy core can they really be destroyed!"
Xiao Liejun and others immediately reminded.
"Everyone hears it? Hit the energy core!"
Next, everyone worked together to fight Leviathan's body and fight to get rid of the energy core.
But at this time Leviathan also began to fight back.
Daxia was also seriously injured.
But at least the one who has the upper hand!at the same time.
The other two thousand two hundred Leviathans were in groups of one hundred, raging in various
places in Daxia.
Although there are not so many gatherings at once.
But a hundred of them are also strenuous to deal with.
Daxia suffered heavy injuries everywhere.
Was breached one line after another!
But soon the reinforcements from Tiance Mansion and the ancient Garrison Clan came.
They also dispersed, cooperating with Hong Qingcang's Anbu and other strong men to defensively block.
Just when the Leviathans launched the most violent attack.
Suddenly shouts came from behind.
Immediately after heavy firepower came, they began to bombard the Leviathans from the rear.
The Return of the God of War [The Protector] Chapter 2808
There are more and more people in the rear, and more and more various fighters and various machines.
And the flag is flying…
Judging from the banner!
There are star countries, mainly the Samsung Group led by Lee Sung Min and the major forces.

There is Dongdao, all kinds of strong come out together.
There is a giant elephant country!
There is a war bear country!
There is a war leopard country!
...
One after another foreign reinforcements arrived.
They also took out their hole cards and the strong to support Daxia.
Although Leviathan is strong.
The number of available reinforcements is large, and the weapons are complex, many of which are
unknown to the Gods Laboratory.
It can threaten Leviathan to a certain extent.
shocked!
Completely dumbfounded!
Daxia was also dumbfounded here.
When did the foreign reinforcements come? ? ?
Especially seeing Star Country and East Island, I was even more dumbfounded.
These have always had a bad relationship with Daxia.
At the time of Daxia's crisis, if you don't stab in the back, can you still come to support?
An unprecedented first experience!
therefore.
They are dumbfounded.
Seeing more and more reinforcements in the rear, they are going crazy.
Even the war Eagle Nation sent people?
What's the situation? ? ?
Is this the whole world coming?
Why did they come to support?
It's incredible!
There is no reason!
the other side.
The Lab of the Gods did not respond to the sudden attack on Leviathan by the Bible organization.
Now another bad news is coming!
Countries all over the world have united and started to support Daxia.
Whether it is a good friend with Daxia or a bad friend, even the warhawk country, which has always had
hatred, has come to support it!
Incredible!
unimaginable!
After the support army from all over the world came.

Give Leviathan a heavy blow and suppress all Leviathan for a while.
Xiao Liejun's department even informed Leviathan's core weakness.
Now everyone went crazy and started attacking Leviathan.
Leviathan must be destroyed.
Leviathan fell into a besieged situation…
"puff!"
The anxious Mr. X couldn't help it anymore and spouted out a mouthful of blood donation.
The situation has taken a turn for the worse.
Completely reversed.
They began to fight back.
This is what the Lab of the Gods didn't think of anyway.
Leviathan failed.
So how do they plan to proceed.
Everyone's body is shaking.
Planned for so long.
Unexpectedly, it was such a result.
No one wants to bear it!
crazy!
Everyone is going crazy!
Mr. X's complexion is extremely pale…
This is already a defeat for him!
It was a complete mess.
If the two types of existence in Daxia's legend appeared, give them such a blow.
They can accept it.
But now all this is unacceptable.
"What shall we do next?"
Lucifer began to ask.
"First, tell the chief priest immediately about this matter!"
"Second, let all Leviathans retreat! Assemble in this position of the sea!"
"Third, we are all dispatched! Dare to support Daxia, I will let you know what a massacre is!"
Mr. X was completely angry.
The Return of the God of War [The Protector] Chapter 2809
He led the core members of the Lab of the Gods (except the main God Division) from the secret base in
Beijing.
That is below Yanlongwei.
But at this time, there was a voice: "I finally came out. It's been a long time for you!"Wrong!
It was Levi Garrison who made the sound!

Why did he go during this time?
It's a mistake in retreat!
However, the location of his retreat is very particular, just near the base of the Gods Laboratory!
Below the Yanlongwei base!
Today's Levi Garrison has passed the level of superficial fist and kicks for this basic exercise, and has
further penetrated into the realm of mind.
Therefore, he will not make any movement, and others will not be able to find him.
But on the contrary, if there is any movement in the laboratory of the gods.
He can still find out.
After all, it has always been.
The purpose he arranged for himself was to stare at the laboratories of the gods and use all his power to
deal with the main gods.
In his opinion, the main divine division is definitely in the base of the capital.
So he arranged everything else to other people, and he only needed to stare at the base in the capital.
Therefore, he retreats here.
So no one can find Levi Garrison!
If you could find the location of Levi Garrison's retreat, then you would have found the base of the Gods
Laboratory earlier.
This is actually a super difficult thing!
After the accident.
The gods of Tiance can't find it…
He explained everything before the retreat.
But where he could think of it, just a wave of trials in the Lab of the Gods disrupted all his plans…
The safety island stopped.
The defensive line was withdrawn.
Daxia was still slack throughout, and took his previous words and instructions as wind.
Lead to such serious consequences now!
However, Levi Garrison also expected to fail.
Originally, the plan for the Lab of the Gods was three months, but he moved the time forward to two
months.
In his plan, no matter how soon it is, it will not be more than two months.
But where can I get the horror of Doctor Dark!

Exceeding everyone's expectations, even the main divine division.
It turned out to be one and a half months ahead of schedule.
The plan was opened in a month and a half.
In fact, when the Leviathans attacked aggressively, Levi Garrison felt it.
He woke up.
The retreat is over!
From that moment on, he knew that he had made a mistake.
The other party planned ahead.
However, in his vision, even if all the safety islands were not repaired, they would still be in trouble.
The other defenses are almost ready.
But he checked and found that he was very wrong.
Daxia is all messed up.
Those Big Macs all attacked and came in.
And the safety island stopped long ago…
After checking Levi Garrison, he knew everything.
I also knew that Agent Black Hawk had lost contact.
But he knew it too late at this time.
From the time he noticed the Big Mac, it had already entered the Great Summer…
All he can do is try to remedy it as much as possible.
However, he was already at the main base of the Gods Laboratory, and he couldn't leave.
He wants to stare at the true power of the Gods Lab.
So he can only think of other ways.
He has not been able to contact the Underworld God and Ye Wudao.
But he can still contact…
In other words, he can control it!
The thirteen variants on the thirteenth, there are four King Kong.
Although all of them are not together.
However, King Kong No.1 and Mutant No.1 happened to be in Daxia because they pretended to be the
deputy chief.
Therefore, who solved the harassing dead men that everyone wondered…
Hong Qingcang's dark part was only solved a little bit.
Of course it is King Kong One and Variant One.
These two are in the category of super powers.
It's no problem to deal with some dead men's spies without knowing it.
No one even found out, even in the laboratories of the gods.
After all, it was originally used to deal with the laboratory of the gods.
As for the undercover army gathered in Jiangbei, it was the Huoyun Cthulhu that Levi Garrison had

explained before the retreat.
Once there is a danger, it can be resolved appropriately.
Just as this group of undercover agents gathered in Jiangbei, Huoyun Cthulhu took action and solved
them all.As for the support of the Bible Organization and Mayan Industry, etc., it is normal.
Before Levi Garrison retreat, he explained clearly.
It is for them to do their best to deal with this disaster.
Use all the cards that should be used.
The ancient Garrison Clan and Tiance Mansion are also normal here. The ambush of encircling and
annihilating the enemy is their own strategy.
After all, the Kunlun Academy spies were aware of these people, except for the gods of Tiance, the
Dragon Head God.
Their own decision!
As for the joint support forces of countries around the world, this was also arranged by Levi Garrison.
Temporarily arranged.
The Four King Kong are originally robots.
Intelligent!
Levi Garrison transmitted orders to them and asked them to use smart means to gather decision-makers
from various countries for a meeting.
Briefly describe the matter clearly.
The general idea is that this group of giant creatures are of unknown origin, numerous in number, and
powerful enough to be invincible.
Now they are dealing with Daxia, but after swallowing Daxia, it is inevitable that they will not cause
threats and damage to other countries.
Maybe it will level all countries one by one!
And to put it bluntly, this group of giant creatures can even level off in Daxia, let alone other countries.
The Return of the God of War [The Protector] Chapter 2810
Especially a few neighboring countries are even more afraid.
The flames of war have spread to them.
This group of giant creatures suddenly turned…
They still understand the truth about lip and tooth cold.
In addition, the origin of this group of creatures is unknown, and it is not known who is behind the
scenes, or that there is no behind the scenes at all.

Levi Garrison and Zhanying Nation knew that it was the laboratory of the gods behind them, but the
others didn't know.
So this is the point of panic.
No one can guarantee that it won't hit him.
Another point is that the interests of all parties are involved.
If Daxia exists intact, it will restrain many forces and keep the situation in a peaceful state.
Once Daxia has a problem here.
Many problems may arise.
It will involve all aspects of interest issues, and even survival issues.
Therefore, for many parties, Daxia must have nothing to do!
For example, the nearby East Island, Star Country and so on.
They first stood up and said that they must support Daxia!
With the first, there is the second.
More and more forces expressed their support for Daxia.
The rest must be involved.
Supporting Daxia is actually to protect yourself…
Daxia's hostile forces actually don't need support, but what can all parties do if they look at you?
You can't antagonize everyone, and you can't vote if you vote.
Can only promise to support.
The most depressing is the war eagle country!
They don't even need to fear the Lab of the Gods, let alone Leviathan.
But with all the forces in the world looking at you, you can only agree to support.
Otherwise, it is inevitable that everyone would not suspect that it was the ghost of the Warhawk Nation,
and these Leviathans were made by the Warhawk Nation.
In order to avoid becoming a public enemy of the world, the Eagle Nation had to agree to support it.
They don't want to be put on a hat!
I don't want to be a public enemy…
Therefore, it will happen later that the major countries and forces around the world come to support
Daxia.
In fact, all of this was a meeting that Levi Garrison arranged for King Kong on the 2nd, 3rd and 4th to
convene the major decision-makers from all over the world.
Let them have no reason not to come to support!
This is what Levi Garrison is so good about!
Calculate every party, even if it is a war eagle country!

So that they can't refuse support!
…
The whole world is coming to support.
It is easy to suppress this group of Leviathans.
…
After Levi Garrison's retreat ended.
The strength of the whole person has gone up to another level.
Especially when this kind of crisis is coming, it puts Levi Garrison under pressure, and it is easier for him
to improve and break through.
It is a bit unimaginable that Levi Garrison is so strong that he can continue to be strong.
If Huo Yun Cthulhu knew this, I would be shocked to drop his chin.
Can it continue to grow stronger?Although he is also practicing this exercise, he knows that this exercise
has an infinite end.
But in his opinion, the end should be Levi Garrison's realm.
He is working hard in the direction of Levi Garrison.
But if he knew that Levi Garrison could still make a big improvement, he was afraid that he would
collapse.
After the retreat, Levi Garrison stayed at the base of the Gods Laboratory.
He was waiting for the real action of the Gods Lab.
Especially the main priest behind.
He had long wanted to meet the Dark Doctor for a while.
Now it's finally time to wait.
As soon as the base of the Lab of the Gods was opened.
Mr. X led all the troops and equipment in the Lab of the Gods to be dispatched…
Levi Garrison stared in the dark, and looked forward to it.
Want to see how strong the main priest is?
Is it truly capable of being called the gods?
He is ready to shoot.
The "Divine Tribulation" in his hand is already hungry and thirsty.
This artifact was cast to deal with the laboratory of the gods.
It means the catastrophe of the gods!
He is ready for a big battle.
At the same time, he has sent instructions to make the variant No. 13 and the Four King Kong rush here.
Meet this big battle.
Time passed by every minute and every second.
The large forces in the Lab of the Gods left the base one after another.

…
After half an hour.
Levi Garrison was disappointed.
Where is the main priest?
People?
The Return of the God of War [The Protector] Chapter 2811
Why isn't it coming out yet?
Although the team of the Gods Laboratory is super powerful, it is stronger than the ancient Garrison
Clan of the Baolong clan of Tiance Mansion.
Picking out one at random will make it too strong.
All the major forces in Daxia are crushed and killed…
Powerful ones comparable to Mr. X, and Lucifer the Clown the Great are even more dominant.
Even some of their weapons are terrifying.
The overall combat effectiveness is terrifying to the extreme.
This is also the reason why Mr. X has been so slow to take action.
Because they are too strong, they don't want to expose their strength in advance.
It is enough to deal with these Leviathan legions of Tiance Mansion.
Their group of powerhouses and the main gods are waiting to deal with Daxia's two types of legendary
existences.
It won't be wasted at other moments.
It can be seen how strong they are.
But right.
Far from achieving what Levi Garrison wanted!
Levi Garrison was going to deal with the chief priest, that was the opponent he wanted.
Therefore, Mr. X's group is meaningless to him.
He also cannot expose force in this place in advance.
Wasted on them.
Where is the main priest?
come out faster!
Levi Garrison waited anxiously.
Ten minutes passed.
It seemed that all the army of the Gods Laboratory had come out in the capital base.
There are no more people.
This disappointed Levi Garrison.
Sure enough, waited for a while.
No one came out.

And Mr. X led the army and a large number of equipment to evacuate.
Could it be said that the main gods will not come out?
Levi Garrison is unwilling!
The real threat to the Lab of the Gods is still the chief priest!
Nothing else to be afraid of!
In other words, Levi Garrison can solve it.
therefore.
Levi Garrison thought about it.
Started to jump down.
After wandering in the capital base of the Gods Laboratory for a while, quietly entered it.
He wanted to see if the main priest was among them…
Along the way.
Was shocked by this underground castle.
advanced!
Technology!
…
This is unprecedented.
Even Levi Garrison felt like seeing the world.
Too advanced.
The ten streets of the world's major countries…
But along the way, the equipment was emptied.
It seems that they are going to abandon this base.
Nothing will be left…
Is the main priest really not here?
Levi Garrison began to tremble a little.
He went deep all the way.
It looks like emptying everywhere.
The chief priest even couldn't even see the roots.
Soon he probably walked the entire base all over.
Came to the main control place.
Levi Garrison examined it carefully.
Suddenly, his face changed drastically."not good!"
Levi Garrison's eyes widened, and his hair stood up! ! !
He saw a device similar to the detonation countdown in the main control place!
The Lab of the Gods is about to abandon this base.
They are completely emptied!
In order to erase all traces, we must destroy this place!
"They want to destroy this place!"
Levi Garrison understood.
But this time is already slow.

The countdown has come.
He can't avoid it!
"No, they are going to destroy the entire capital!!!"
At the moment when the destruction was approaching, Levi Garrison understood.
After the withdrawal of their large forces from the Lab of the Gods, they not only wanted to erase the
traces of the base, but also to destroy the entire capital.
So the detonator they left here is too horrible.
The power of this weapon is unprecedented!
Levi Garrison felt the terrifying energy, this is the power that can turn the entire capital into purgatory!
"Rumble…"
In bursts of earth-shattering explosions, this base was destroyed.
This huge explosion.
Make the entire capital shake, everywhere like a big earthquake.
Every corner of the huge capital witnessed this big explosion.
The Return of the God of War [The Protector] Chapter 2812
The flames blazed into the sky, and the smoke enveloped most of the capital!
Shocked!
It was too shocking!
Everyone has never seen such a scene!
What is this doing?
It's messed up!
Everything is messed up!
There was noise everywhere in the capital, and everyone stood on the street, witnessing this shocking
scene.
The day turns into night in an instant, and the smog is too exaggerated.
In an instant, most of the sky above the capital was enveloped, and it turned into night.
Except for the soaring flames, everyone can't see anything else.
"Rumble…"
But waiting for everyone's reaction, another round of bombardment came.
The earth shook more terribly, and I don't know how many people were overturned directly to the
ground.
Everyone has experienced that kind of shaking.
It seems that the world is divided into two.
On the surface, it's okay, but in fact, the inside of the ground under the feet has been shattered.

That's how it feels!
Next, an exaggeration appeared, cracks appeared in countless places in the capital!
Below the surface of the capital seems to have suffered a devastating blow…
The evacuated Gods Laboratory saw scenes from the real-time feedback from the capital, and everyone
couldn't help but smile strangely.
Wrong.
Now they are about to surface.
This base is going to be abandoned.
So they are going to be destroyed.
As for destroying the capital at the same time, it will be beneficial to the laboratories of the gods
without any harm.
But Mr. X was surprised when he looked at the current state of the capital.
its not right!
It stands to reason that power is more than just this.
At least it can overturn the capital…
Is something wrong?
At the beginning, the destruction device was arranged according to the power of destroying the capital.
But at this time, Mr. X's mind was in other places, and he didn't think too much.
"The power is a bit small, but it has brought disasters to the capital and wiped out our traces!"
"Well, that's it! Our goal is achieved!"
The others are the same, seeing the capital exploded, they didn't want to think about it too much.
Wrong!
The explosive power that the capital now exhibits is far from what they expected.
It can't even be compared.
The power they estimated was to destroy the entire capital city from the inside to the outside, leaving
no place where one inch was completed.
It is to erase the capital from the map!
But now only the base has been destroyed, and the surrounding area has been affected. The smoke has
indeed enveloped more than half of the capital.
But this was a thousand miles away from what was expected.
Where is the problem?

Of course it was Levi Garrison!
Had it not been for Levi Garrison, the capital would have been wiped out…At a critical moment, Levi
Garrison discovered the conspiracy of the Lab of the Gods.
It was too late for him to escape.
The destruction device has been activated.
Especially he knew that the power of destruction could wipe out the entire capital.
He can't retreat!
At the moment of the explosion, Levi Garrison showed the might of the gods!
With a terrifying punch, the power of the explosion was blasted into the earth.
Let the power of the explosion blast into the earth.
Despite this, it was still not completely offset, and a part of the power came out, destroying the base of
the Gods Laboratory.
The entire capital city was shaken, and the sky was covered by smog.
But there is still no substantial power.
The disaster did not happen.
That's because most of the power was offset by Levi Garrison's punch, or broke into the earth.
This was the result of the second wave of tremors in the capital, which was more exaggerated than the
first.
At least there were cracks in various parts of the capital…
That's because Levi Garrison blasted the energy released by the explosion into the earth, raging in the
earth, and triggered the movement of the mountains and the tsunami.
Although the capital is now devastated.
But there are almost no casualties!
Levi Garrison saved the entire capital by his own power.
If Levi Garrison's retreat was elsewhere, the capital must be wiped out.
After all, the plan to erase the capital was arranged in advance.
As long as they abandon this base, they will immediately destroy the capital.
Fortunately, Levi Garrison was here.
Otherwise, Da Xia would really be stabbed with a severe knife.
Although the power of this explosion is terrifying.
But Levi Garrison came out like someone else.
The Return of the God of War [The Protector] Chapter 2813

Not to mention that his physique has reached the point where it is against the sky, even if the diamond
is not bad, it can be blocked.
Isn't the main priest here? ? ?
Levi Garrison also heard about the several bases of the Gods Laboratory in other places in Daxia.
The capital of the capital does not exist, so the other bases will not exist.
Where are they?
This was the point that made Levi Garrison jealous.
In his plan, he was used to deal with the chief priest.
The main divine division can't come out, he is determined not to reveal his strength.
Now that he lost the clue of the main gods once again, Levi Garrison was very depressed.
The fear has to continue!
The ruthless man who wanted to talk for a while–the Dark Doctor didn't even come across it.
Where are they all?
However, the headquarters of the Lab of the Gods have been evacuated, and they will definitely make
big moves.
Got to keep up.
At this time, the variants on the 13th all expired, and all the four King Kong have arrived.
Levi Garrison led them to set off together.
No one would have thought that these mutants and mechanical talents were Levi Garrison's biggest
killer move.
Look at the frontline battlefield again.
The main battlefield.
Leviathan was attacked completely but the momentum could not be reversed.
Da Xia, together with the reinforcements, slashed their bodies as much as possible to destroy the core.
However, after the Leviathans received the order to retreat, all the Leviathans actually retreated.
They retreated too fast.
Let the strong people of the Bible organization not react.
"Press it up! Hurry up!"
…
Xiao Liejun and Jiang Ye immediately gave the order, and they all pressed on.

Underworld God and they rushed out first.
Keep staring at the Leviathans to see where they are going to retreat.
This scourge must be eliminated.
Resolutely cannot keep.
at the same time.
On various battle lines in Daxia, the Leviathans who were suppressed by Daxia and the World Support
Coalition began to retreat collectively.
Everyone has the same idea.
Resolutely eliminate all Leviathan.
Resolutely cannot let go of any one.
So it all came up.
Soon, Daxia regained all the lost territory.
This greatly boosted Daxia's morale!
After chasing Leviathan all the way, he came to the coastline of Daxia.
The Leviathans at this moment have all entered the sea.
I don't know what they are going to do…
At this time, three thousand Leviathans had already gathered in the designated waters of the East China
Sea.
After receiving a new round of instructions, they began to move.
"Buzzing…"
Amidst waves of energy fluctuations.
The wounds on these Leviathans are healing quickly.
The knocked-out head, legs and other parts also grew out magically.
Kung fu in the blink of an eye.
All three thousand Leviathans returned to normal.
This is something that no one thought of.
Leviathan can recover instantly.
This is the power of Doctor Darkness, which was taken into consideration when Leviathan was built.
Therefore, all aspects of materials and genetic technology used to make up for this defect.
As long as the energy core can continuously supply energy, this group of Leviathans can recover
immediately.
not only.
This group of Leviathans can supply each other and recover each other.
Originally on the front battlefield, they can be restored.
The Return of the God of War [The Protector] Chapter 2814
As long as it doesn't hurt the energy core, everything is fine.
How can I recover quickly.

This is the terrible thing about Leviathan.
The Gods Laboratory reserved this hand exclusively.
Don't expose it yet.
Wait until the critical moment to use.
I must be able to hit the opponent by surprise!
This trait was actually discovered by Xiao Liejun's subordinates.
It's just that when they said, they had already left.
Then the command post was bombed off, and all the researchers who discovered the characteristics of
Leviathan were sacrificed.
Xiao Liejun and the others didn't know.
At the moment Daxia coastline.
Daxia's large forces and allied forces from all sides came together.
After a brief greeting.
Everyone started to stare at the Leviathan ahead.
"Report! There are still two hundred nautical miles ahead! All the giant creatures have gathered
together! I don't know what they are doing?"
At this time, a message was sent from the front.
Locked the position of the Leviathans!
Three thousand Leviathans gathered together, which is too exaggerated.
The area occupied can be too large.
Such a large area of the sea is all occupied by Leviathan.
People who don't know think that aliens are coming.
After locking the position.
Everyone posted up.
I want to know what it is like!
All the major reinforcements allies also got together.
"Detector One! Move up and see what's going on??"
Xiao Liejun immediately ordered.
He turned to his allies and said, "This thing must be eliminated!
Otherwise, it will not be good for
everyone! It will be a disaster for the whole world!"
"Well, it must be destroyed! Otherwise, it will be destroyed one by one!"
"Fortunately, there is this opportunity to let all of us join hands!
Otherwise, there is really no way to
deal with it, and it will be difficult for even the great power of Daxia!"
"I don't know who suggested that everyone support Daxia together! This proposal is wonderful! Support
Daxia is to protect yourself!"
...
The reinforcements from other countries nodded fiercely.

I think it is very correct for everyone to support this decision together!
But they have never thought about who proposed it?
Who is leading this!
But at this stage, no one has ever thought about it.
Ignore this.
When everyone remembers later, I'm afraid they will startle in a cold sweat.
I am also afraid that the War Eagle Nation is wondering who is taking the lead.
Using some psychological techniques, the whole world has been covered in everything.
The key point is that no one knows the source of these Leviathans…
Today, everyone is united to wipe out these Big Macs.
All fear comes from lack of firepower!
But now it is equivalent to the world united together.
The firepower is too much.
None of them are afraid.
The Explorer 1 in Daxia in front has gone deep, very close to the position of the Leviathans.
Soon they conducted an observation scan of the Leviathan army.
"It's not good! The big thing is not good! The Leviathans have recovered themselves!"When the current
party's message comes.
The audience was silent.
The Leviathans actually recovered.
Not to mention the recovery of the wound, even the head and torso that had been knocked out grew
back.
This is also terrible!
It means that everyone did nothing the same just now!
"They still have the ability to recover quickly on their own?"
"In this case, it will be even more difficult to eliminate!"
"It was difficult to touch its core, but now the difficulty has risen sharply!"
The faces of Xiao Liejun and others were full of gloomy expressions.
Jiang Ye glanced at everyone and said, "Even if we are all together! It is very difficult!"
"No matter what it is, we will destroy it if we try our best!"
"It really doesn't work, we all will adjust weapons or something! Let's do it together, I don't believe it
anymore!"
…

At this moment, even the reinforcements of the Eagle Nation have been mentioned in the front.
Before they came to support, they were forced to join.
But now they figured it out clearly, Daxia and the Lab of the Gods were both enemies.
It's the same with everyone.
The Return of the God of War [The Protector] Chapter 2815
Especially now it can cause both sides to lose out.
Why don't they do it?
Furthermore.
If Big Mac Daxia or these people can't be eliminated.
In the end, they had to destroy the Eagle Nation.
Then it will be their problem.
It might as well be wiped out now.
Even if it can't be eliminated, it is better to understand all aspects and discover all the shortcomings.
Prepare for the future.
"Yes! Let's do it together!"
"One word-don't let it live!"
"rush!"
...
Everyone is united.
Pressed up towards the sea area ahead.
Leviathan has officially assembled in the sea ahead.
The army of the Gods Laboratory evacuated from the capital has fled from the sea and arrived on the
sea islands arranged in advance.
Mr. X is always paying attention to the situation of Leviathan and Daxia.
"What happens next? Are they pressing on?"
Lucifer asked.
"Let all the Leviathan army press on!!!"
"This time without reservation! Kill! Kill me!"
Mr. X suffocated his anger.
"In addition, the Dark Doctor is notified that the plan is temporarily cancelled! The situation has
changed! We have not yet confirmed the existence of the God in Forbidden Land No. 76!"
The others nodded: "Understood!"
"Is there any message from the main priest?"
Mr. X asked.
"No! I don't know what the main gods mean! But I feel that they will make a decision soon!"

“Okay, solve here first! See how the battle is going!”
“In addition, quickly find out what the Bible Organization and Maya Industry are all about? And how did
Da Xia fight back! Check it out for me within an hour! Otherwise, you guys will stop living!”
He was really angry.
This failure is unacceptable.
Things that had been laid out for several years were so defeated.
He was about to cry.
Where is the problem?
He should be considered exhaustive.
Everything is calculated in.
And the plan is ahead of schedule.
From three months to two months, and then to one and a half months.
Then even more early…
Every step is seamless, how can it fail?
What’s the difference?
Check it out immediately!
Especially how each change happened!
Anyone who is ginseng and who comes in must be found out one by one!
The God of Forbidden Land No. 76?
The two types of existence in Daxia legends?
Pooh!
I can’t even see the shadow!
He hates and is angry!
Why did the situation become like this!
“I want the world to know the craziest and most dangerous appearance of Leviathan!”
Mr. X is almost abnormal.
…
After the Leviathans received the order.
start to act.
this time.
A total of three thousand Leviathans gathered together and lined up one after another.
It was so terrible last time when 800 animals were together.
This time there are three thousand!
However, this is not the most terrible!
The most frightening thing is that they have begun to change!This time Leviathan began to undergo a
qualitative change.

The scales on their bodies suddenly disappeared, and they were strangely integrated into their bodies.
It is equivalent to an extra layer of protective film on the Leviathan body surface!
The blue energy liquid began to glow in the body surface membrane, flowing back and forth, all over the
body.
In the case of the naked eye.
These Leviathans turned out to be bigger again.
The height has reached 120 meters!
The length has also increased by forty or fifty meters!
The body looks like a full circle!
The Return of the God of War [The Protector] Chapter 2816
Seeing Leviathan's body shape change from a distance.
Everyone took a deep breath.
There was extreme horror in the eyes…
too frightening!
Just a lap larger, its combat effectiveness will be greatly improved!
These Leviathans have been directly upgraded and come to a whole new level.
However, it is not only a lap bigger,
No one thought that the scales on their bodies actually contained terrifying substances.
Now it has become a body protective film.
The energy liquid in the film has the function of destroying corrosion.
Once it is attacked, there is no
place to die.
Just like the special weapons of the Maya industry, once the special substances on them are
contaminated, there is no longer any way to survive.
At that time, the whole world was helpless!
Now these scales contain upgraded special substances.
After all, it was developed by the Dark Doctor.
Not only does it cause super serious damage to the human body, it also damages all other weapons and
buildings.
More powerful!
At this time, the world coalition forces in front were already less than ten kilometers away from the
Leviathan army.
They began to bombard Leviathan with various weapons.
For a time, the front was turned into a sea of flames again.

Various secret weapons were useful to Leviathan before!
But now that the Leviathan has evolved, the secret weapons of various countries have failed.
Hit them, it won't work at all.
This surprised everyone.
Then the Leviathans began to accelerate.
This speed makes everyone unimaginable.
How much energy does such a big body get so fast?
But the Leviathans actually moved at such a speed.
Suddenly, it appeared before the world coalition forces.
The reinforcements of the major countries and forces are all on advanced aircraft or maritime vehicles.
Even many reinforcements are wearing various special armors.
"boom!"
"boom!"
"boom!"
…
After the Leviathans arrived, they attacked directly.
The membranes of their bodies suddenly ejected energy liquid, which first produced an explosive effect.
Immediately afterwards, the special material turned into a torrential rain and swayed on the equipment
or people of the reinforcements.
In the next second, the corrosiveness of the special substance was revealed.
No matter what material is made of equipment and equipment, as long as they are contaminated by this
special substance, high-strength corrosion will occur immediately.
"Shit…"
Everyone saw the reinforcements' weapons, aircraft, and maritime vehicles all corroded…
Suddenly no longer.
Even if the reinforcements were wearing secret armor, they were corroded, and then their bodies.
"what!!!"
…
There were screams everywhere.
Heavy losses ahead!
at the same time.
The reinforcements who rushed up wanted to destroy the Leviathans at close range.

As a result, the thin film on the Leviathan body sprayed out special substances…
They may be super strong and unmatched.
Maybe the battle armor can reach the standard of aerospace, and there will be no damage from the
friction of the atmosphere.
However, when encountering this kind of material, it was all corroded, and no matter how strong the
combat power was, it could not be used.
Now the situation is Leviathan, let alone hurt the core.
You can't even touch it.
You will die at the first touch.
This wave of reinforcements basically lost a third of their strength.
shocked!
Everyone was completely dumbfounded.Leviathan is now technically invincible!
I have to say it!
Even if you encounter it, you can recover instantly!
What's more, after getting bigger, the combat effectiveness also soared!
It can't stop it at all!
How to do?
Everyone panicked!
"Not good! This material is very similar to the material on weapons before Maya Industries! But it's an
upgraded version!"
…
Someone quickly tested these substances.
Get this conclusion!
"what???"
Everyone was shocked again.
Previous studies on the special materials on Maya industrial weapons were not clear.
In addition to the deep-sea material dug in Kangaroo Country, there are no ways to deal with it.
Now comes the upgraded version again.
Isn't this asking them to die on the spot?
The Return of the God of War [The Protector] Chapter 2817
"withdraw!"
"Hurry up!"
…
At this point, if you don't withdraw, you will die!
The supporting armies began to withdraw one by one.

But the Leviathans continued to press up.
There are also many weapons that have not been used, and they are used against the escaped
reinforcements.
Leviathan's speed is too fast.
There were even a lot of people who directly trampled reinforcements to death.
The casualties are increasing.
But there is no way to fight back…
Now Daxia is just changing the situation.
But the crisis has not diminished at all.
The threat is even greater.
"Let's go!!!"
Underworld gods led the masters who were holding artifacts or god armors and started attacking.
Other things can't stop it.
But they believe it.
The armors and artifacts created by the metal resources of the forbidden area No. 76 cannot be
corroded.
The Underworld God has just tried it with the special material brought by the forward team.
"boom!!!"
The evil spirits rose from the ground, holding a crossbow!
Suddenly shot an arrow!
"Shit!"
Sure enough, the artifact is still useful.
Directly penetrate the film of Leviathan and cause no small damage.
Although compared to the damage caused before, it cannot be compared.
At least it works!
Others are also working hard!
For example, Ye Wudao, Ye Lingtian and others rushed forward.
Holding the artifact in hand, they showed their posture against the sky.
The liquid sprayed by the Leviathans could not cause damage to these war armor artifacts.
This makes Mr. X angry!
"It's them again! What the hell is going on in Forbidden Land No. 76?"
…
But the problem is that the number of artifacts and armors is still too small.
Although it works, it is almost trivial.
It just boosts morale.

Let everyone here know.
Can cause damage to Leviathan…
But it doesn't work.
I saw the Leviathan that was hit recover quickly, and even the companions next to him were helping it to
recover.
If this goes on, even if they suffer various injuries, it is useless.
If the core cannot be destroyed, there is no way to prevent their recovery.
There is no difference between being injured and not being injured.
"Buzzing…"
next moment.
The three thousand Leviathans began to gather all the energy and focus on the first row.
Xiao Liejun and the others had seen this tactic with their own eyes.
"withdraw!"
"Quickly disperse! Quickly disperse!"
"Everyone spread out! Avoid being set on fire!"
…
Xiao Liejun's department began to shout hysterically.
Let everyone retreat and disperse, don't pile up together.
Now everyone, boats, etc. are all gathered together.
This kind of letting Leviathan set fire is very dangerous.
Chaos started here.
One after another scattered around.
Some even dive directly into the sea.
…
The scene and its chaos.
"Buzzing…"
Fortunately, it takes a while for all Leviathans to gather energy.
Amidst the earth-shaking sound, the gathering was finally over.
"boom!"
"boom!"
"boom!"
…
The super-strong energy wave carries out a cover-destructive bombardment on the front.
"Rumble…"
This wave of offense can be called epic…The tremendous power flattened everything in the sea ahead!
Even the terrible power is like steaming the sea water to dryness.
The Evil God and others at the forefront realized the danger.

Immediately use the divine weapon divine armor or the like to start the defense.
The Return of the God of War [The Protector] Chapter 2818
"puff!"
"puff!"
…
But this wave of attacks is too strong!
Many of them were directly beaten out.
Suffered a lot of injuries!
Even Ye Wudao and the others were injured in varying degrees!
Fortunately, the divine weapon and armor blocked their power…
However, there is nothing wrong with the evil gods.
Because they had swallowed the blood of the race in Forbidden Land No. 76, their physique was against
the sky.
It can be blocked.
It can also be immune to special substances!
In addition, the King Kong, the young master of Tiance, also blocked all this!
…
The laboratory of the gods on the remote island also analyzed and scanned the group of the evil gods in
front…
This is a device specially given to them by the Dark Doctor to test whether it is the god of Forbidden
Land 76!
"Wrong! They are the gods of Forbidden Land No. 76! The blood in their bodies has a reaction with
Doctor Dark's equipment! They are the gods of Forbidden Land No. 76!"
Before, it was judged by the artifact and the god armor!
Now it's a real hammer! ! !
How do they know which race of the Underworld God they just swallowed, and they didn't expect the
blood of this race to be so overbearing, which directly changed the blood physique.
Created an illusion!
"Huh? This…"
Mr. X became more and more incredible.
what happened?
Forbidden Land No. 76, these guys are willing to help Daxia?
Shouldn't they take advantage of this good opportunity to swallow Daxia in one breath?

what happened?
Incredible!
There had been a change before, and he once suspected that it might not be the god of Forbidden Land
No. 76, and that they had made a wrong judgment.
But now the evidence of the real hammer has come.
He was puzzled again.
More incomprehensible.
The head is about to explode!
…
the other side.
Leviathan concentrated energy waves after bombarding the front.
Most of the front was destroyed.
This wave of Daxia and reinforcements all over the world have suffered more and more damage!
This can't stop it at all.
Although they retreated or scattered in advance.
But after all, someone can't escape!
This is all destroyed…
The sea is in a mess, and the blood has dyed the sea red.
The wailing and screaming kept on.
"Continue withdrawing!"
Xiao Liejun and the others have no time to grieve!
Withdraw immediately.
Because the second wave of attacks is coming again.
"Buzzing…"
"Rumble…"
Sure enough, the Leviathan's second wave of concentrated attacks came.
They are lined up, and the attack range is too wide.
There is no way to avoid it.
Heavy casualties!
There is no way!
There was no way to deal with this Leviathan for a while.
This is the horror of Doctor Dark.
It not only integrates the blood genes of various creatures and races, but also uses technology beyond
the world.
Leviathan moved forward while conducting an indiscriminate coverage bombardment.
Daxia and the World Allied Forces have no way at all.
It's not close at all.
Even if it gets closer, it won't help.

It is as strong as an artifact and cannot penetrate Leviathan's body to reach the core.
therefore.
They can only retreat again and again.
Soon came the landing on the coastline.
Everyone's face is as sinking as water.
They understood that this time Leviathan's attack was completely different from the last time.
Their so-called position and the so-called defensive line cannot stop Leviathan at all.
Once Leviathan landed, Daxia suffered.
Countless people will die.
Many city bases will disappear from the map.
"calm!"
"Be calm!"
"There must be a way!"
The Return of the God of War [The Protector] Chapter 2819
Everyone is actively thinking of ways.
But at this point, what is a good way to do it? ? ?
Leviathan pressed up.
It's less than five kilometers from the coastline…At this distance, they can attack again.
Sure enough, the buzzing trembling sound came again.
They are going to attack the coastline once.
"Withdrawal…"
Everyone can only continue to retreat.
Where can there be other ways.
"Rumble…"
The coastline was hit by destruction.
lost heavily.
Looking at the unstoppable Leviathan, everyone in the Gods Lab showed a crazy look!
"This time you finally know how powerful Leviathan is?"
"Since tactics can't work! Then we have to use absolute force to make you surrender!"
Seeing that it worked, Mr. X yelled frantically.
There are no hidden cards.
It's better to come directly!
Up to now, all plans have failed.
It is inevitable that the Lab of the Gods will be exposed!
It's better to fight directly in the name of the Gods' Laboratory and fight directly…

Leviathan is too powerful now.
After this round of attacks, prepare to land directly.
Leviathan's strength is beyond everyone's expectations.
Even the Eagle Nation was a little confused.
They sent the real-time situation back to the Tianshield Bureau.
The Sky Shield and other institutions of the War Eagle Nation are also studying in depth.
Want to find the shortcomings of Leviathan.
I am also glad that they came to support…
It's better for the whole world to deal with it together than for the Eagle Nation to deal with it alone.
…
Seeing Leviathan attacked, everyone had nothing to do.
Ye Qingtian said, "It would be great if we could attract these giant creatures to the dark cage left by our ancestors!"
"But these guys are too big, and there are so many! Where can they be?"
Ye Zhantian, who had been locked in a dark cage, said.
If there is such a big dark prison.
Put all these Leviathans in, none of them can get out.
No one knows the dark cage better than they do!
"Let's do it again!"
"Never let them land!"
…
The Underworld God and others as well as the major powerhouses of Tiance Mansion shouted.
"Let's go assault! Let's fight!"
…
They are also a little impatient and crazy.
The tasks that Levi Garrison gave them were not completed well.
What faces do they have? ? ?
"Okay! Let me keep up with the death squads! We can't at sea! What about the sea! We attack from the sea!"
Xiao Liejun and the others also sent all of them out.
Even if all the sacrifices were made, Leviathan would be traumatized.
"Let's rush forward too! At least we can understand the shortcomings of this group of creatures!"
Powerful reinforcement organizations and death squads from various countries also rushed up.
…
They are trying to win each other's lives.

The leaders of Xiao Liejun got together and quickly thought of a plan to find a way.
If there is no plan within half an hour.
I am afraid that all these people who are going to charge will die!
“Find a way! Hurry up! Find a way quickly!”
Xiao Liejun shouted.
The more anxious, the more confused his mind.
The whole person is going crazy.
The others are not much better.
At this moment, Lu Xiong hurried over with his subordinates.
He is responsible for evacuation.
These safe islands are used.
But it’s not enough.
Others can only say that temporary arrangements are secured.
He rushed to support him to see if there was any help.
“What situation has deteriorated again?”
Lu Xiong was dumbfounded.
I thought that after regaining the coastline.
An advantage has been formed.
Didn’t expect this to get worse?
“What is the current situation…”
Lu Xiong asked.
The Return of the God of War [The Protector] Chapter 2820
Everyone told him all about Leviathan’s upgrade and evolution.
“Now we can’t fight at all, and we can’t defend it! It’s easy to be captured next!”
“We have no way at all!”
“The elders of the ancient Garrison Clan also said that it is best to find a place to trap them! Think of a
solution…”
Jiang Ye subconsciously said.
Lu Xiong’s eyes lit up fiercely, “What? Trapped? I have a way!”The words came out.
Everyone gathered around.
“any solution???”
Everyone’s eyes are like hungry wolves who have been eating meat for several days.
Eyeballs are about to fly out.
“Do you still remember my Atlantis Sea plan fifteen years ago?”
Lu Xiong looked at the others and asked.
Hong Qingcang nodded immediately: “Of course I remember! This plan is also known as the East China

Sea Dragon Palace Project! It was hosted by my previous big brother!"
Several other people also nodded.
This matter was unheard of by most people present.
However, the heads of Yanlongwei knew all about it.
Lu Xiong nodded: "That's the legendary 99 Ocean Project! Eight hundred thousand people have been
missing for six years in my Daxia! I don't know my relatives, but my friends can't find it. A person who
has evaporated is actually for this plan!"
"I know! This plan was later shelved for various reasons, and half of it did not continue! The main reason
was that the technology, resources and money were not up to the requirements at the time! I had to
give up!"
...
Most of the people present were still dumbfounded.
"What the hell is this Atlantis plan?"
This is your question.
"Actually, it involves a lot! But it is probably to build a super large base on the seabed for deep-sea
exploration, etc.!
In layman's terms, it is to create an underwater kingdom like Atlantis! "
Lu Xiong said.
"As far as I know, the main structure of the Atlanstis project is still complete! As long as you enter here,
you will get lost without a map, you can't get out at all!"
"And as for the specific sea area of this plan, no one knows except for the archived files!"
...
Hearing what Lu Xiong said, Xiao Liejun had already reacted.
"Do you mean we brought all these giant creatures to this place, and then trapped them?"
Xiao Liejun asked.
"Yes, exactly!"
"It can't be said to be trapped forever! But at least it can be trapped for a while!"
"As far as I know, the super bases planned by Atalantis are closed! Even they are difficult to break.
Besides, the place is mysterious and you can't find it at all!"
"Even if they are controlled behind the scenes, the signal information will be interrupted when they

reach that place, and they can no longer be controlled! For a while, we can completely control it!"
Lu Xiong finished explaining in this way.
Everyone's eyes lit up fiercely.
There is hope.
Temporarily trapped.
Everyone think of a solution!
"I immediately asked someone to bring the files about the Atlantis project! I'll know the location of the
sea floor soon!"
"The next difficulty is how to attract this group of guys to the designated location!"
Lu Xiong said.
Finished.
He went directly to the file.
Take charge of this personally.
Xiao Liejun frowned and said softly, "Now it is actually beneficial to our plan! I think everyone can see it
now—
These giant creatures are gathered together, they have to concentrate their strength, so they will not
separate! As long as we are attracted, we will all follow! "
"But the difficulty is how to attract them?"
"If someone manipulates them, it will be even harder!"
"Even the impossible!"
The others immediately said.
"Actually, this question is simple! How is the situation now?"
Xiao Liejun asked.
"We are completely crushed! We can't beat it, and we can't help it! Although everyone went up and
tried desperately, it was not effective at all! All they can do is delay a little time!"
Everyone sighed.
This kind of battle is extremely uncomfortable.
"On the contrary, it will be easier to attract them!"
Xiao Liejun smiled suddenly.
Let everyone feel inexplicable.
One after another looked over.The war god Levi Garrison is in front of the absolute power of Zoey Lopez
Chapter 2704, is there a conspiracy?
Xiao Liejun explained: "Since the situation is like this! What do our enemies think?"

“Of course, we don’t fear anything, just let this giant creature army crazily crush and open the way! No
matter what defense is used!”
“I see! Head Xiao’s point is that even if we have any conspiracy, the enemy is not afraid at all!
In the eyes of the enemy, strength decides everything and smash all conspiracies! Even if they know that
we are a conspiracy, they will come to see what is going on! Because I’m not afraid! “
Xiao Liejun praised: “Yes! Our enemies have this kind of psychology! As long as we attract, they will
come with a high probability! Even if they deviate from their offensive line, it doesn’t matter. After all,
Da Xia is already in their eyes. Eat it!”
After the plan is confirmed.
Xiao Liejun immediately contacted Ye Qingtian and others in front of him.
Tell them the plan.
Let them not come for real, pretend to harass, and delay time.
The other side.
The Return of the God of War [The Protector] Chapter 2821
Lu Xiong quickly transferred to this top-secret file.
Seeing the content of the “Atlantis” project took a deep breath.
But now is not the time to look at the plan.
He quickly determined the location.
It is matched with the current map again to determine the location accurately.
So as to plan the route and how to enter when the time comes.
After solving a series of problems.
It’s been twenty minutes.
Even if the front is changed from desperate tactics to harassment tactics, there are still heavy
casualties…
“Next, we need to go to this place together. The route has been planned. Let’s escape together! Attract
all these giant creatures here, and then trap them!”
Xiao Liejun and others immediately told Ye Qingtian ahead of him.
Then everyone started to flee towards the planned route.
Of course not inland, but at sea.
Except for Xiao Liejun and others who occupied the rear, everyone else began to flee to the designated
place.
Especially Ye Qingtian, who took the lead, suddenly fled to the east.

The others followed immediately.
For a while, the Leviathans were all dumbfounded.
At a loss.
According to their combat position.
Why did this group of people ran over to the right suddenly?
This is unreasonable.
Next, more and more people ran away.
shocked!
Soon, the Leviathans were empty.
No opponents.
Except for the coastline ahead.
It's not just that they are dumbfounded.
Together with Mr. X in the laboratory of the gods at the back, they were all dumbfounded.
"What's the situation? What is this doing?"
"Why did they all escape?"
"Is this their conspiracy? Want to distract Leviathan?"
"Yes! It's mostly a conspiracy!"
...
Everyone discussed.
"Huh! Even if it is a conspiracy? Now they have no way to deal with Leviathan. In the face of absolute
crushing power, all conspiracies are useless!"
"Want to trap Leviathan? Is there any place in this world that can trap Leviathan? Or three thousand!"
The words came out.
Everyone feels reasonable.
"Yes, we should follow up and see!"
"Look at their conspiracy?"
"What's more, I think the people who took the lead in the escape were the ancient people of the
Garrison Clan and the Bible organization! I have reason to suspect that they are going to reunite with
other gods in Forbidden Area No. 76!"
Mr. X's eyes lit up: "It makes sense! Now their only way is the God of Forbidden Land No. 76! Even
though we have seen them, the truly powerful ones still haven't appeared! Now they are probably going
to reunite!"
"Then we can't let them go! Even if the Daxia coastline is close at hand! It's already our Chinese food,
and it's not too late to eat again later!"

“Let all the Leviathans follow at full speed! Hurry, hurry! Don’t lose it!””Remember! Keep up! But don’t
attack! Don’t disturb them!”
“The goal of Leviathan’s army is to find out what they are going to do?”
Mr. X also specifically ordered.
Xiao Liejun and the others are actually betting.
Bet that the Leviathan army will follow.
If he can’t keep up, Daxia will be miserable.
Saw the Leviathan army stopped there.
They were sweating nervously.
They were relieved to see the Leviathan army moving.
be cheated!
The fish is hooked!
They are half done!
The next step is to see if everyone can attract the Leviathan army to the designated position.
…
“What is this?”
Levi Garrison, who was not far away, was stunned.
He followed Mutant 13 and the Four King Kong all the way to the sea.
He let the others continue to find the Lab of the Gods.
He observed the situation in the dark.
As for him, he knew the power of Leviathan for a long time, and he swept the suppression all the way.
So he was looking for an opportunity to take action.
Everyone can’t deal with this kind of knotty.
Then Levi Garrison also had no idea.
Can only be shot.
Expose is exposed, can’t just watch this country be destroyed!
The future can only be said later!
Just when he was about to make a move.
The group of people suddenly fled in another direction, and all the Leviathans also chased up.
What’s the situation?
He was dumbfounded.
What conspiracy and tricks are these people doing?
However, he can only follow.
See what’s going on.
After escaping in the sea for a while.
Everyone began to use the underwater vehicle to sink into the sea and ran to the deep sea.
I have to say that the modern technology is superb.

This kind of underwater vehicle has no pressure in the deep sea.
The large forces in front are escaping desperately, following the planned route for improvement.
All Leviathan troops from the rear kept up.
The evolved Leviathan is also very fast, chasing in the deep sea.
Of course Levi Garrison followed last.
He became more and more curious about what the hell are these people doing?
Time passed by every minute and every second.
A sense of tension permeates everyone's heart.
But the Lab of the Gods is curious.
They are curious about where they went?
Although the Lab of the Gods has explored many places, the world is so big and there are still many
unknown areas.
For example, they don't know where they are going now!
Xiao Liejun and the others are nervous!
I am nervous about whether this plan will succeed…
Levi Garrison followed all the way.
Soon after coming to an area, it was completely dim.
Obviously it has come to a particularly deep sea.
The Return of the God of War [The Protector] Chapter 2822
But there were no obstacles along the way.
Even if there are deep-sea creatures, it is too late to run against Leviathan…
At this time.
The signals from Ye Qingtian and their large forces in the front were all cut off…
I can't get in touch with the outside world at all.
But they are not nervous at all.
Because Lu Xiong's plan had been explained in advance.
After arriving in this area, the magnetic field changed significantly, and no signal could be transmitted.
Because of this mystery, the location of the Atlansti plan was chosen below…
Just let outsiders find it!
However, Lu Xiong has already planned the road map for them in detail!
Then just follow the road map.
This sudden change did not affect them in the slightest.
They are still moving forward.
However, when Leviathan came to this area, the signal suddenly failed in all aspects.

The Lab of the Gods suddenly lost contact with Leviathan.
shocked!
"what happened?"
"We can't control it?"
"Can't get in touch?"
...
This time, no matter how the Lab of the Gods operates, they can't get in touch with Leviathan, let alone
control it.
shocked!
"Where did they go?? Not good! Something is going to happen!!!"Mr. X immediately understood.
I thought that I was not afraid of all conspiracies, but this situation would happen where I could
imagine...
This is a big conspiracy!
"not good!"
