KESKA: The next day Nana showed up in my history class to set Mr.

Greyson straight on who killed the rouge Lycan, and how it was done is a family secret, and will not be revited to anyone but family.

KESKA: The rest of the week ere by without any more issues from Seth or Jesse. thank the goddess.

Mackie and I kept up our training with Nana.

Now, just need to get through the next 6 weeks without issue, thats a lot to hope for I know but one can still hope.

KESKA: Two weeks before graduation Jesse did make her apology to Bailey, she did it in the lunchroom in front of everyone there and the few teachers that monitor the lunchroom.

She stood on a chair and got everyones attention, Excuse me but I need to have your attention please! I have an announcement, I need to make.

Everyone went silent.

I Jessie Sutter of the Alpha family do apologize to Bela Wright, Omega, Freshman class.

Typical Jessie, even her apology sounded like an insult, but at least she did it.

(Now you can go tell Bela pwnie I apologized in public) I just turned to go my table after she made her announcement, so I could mish lunch and be ready for my next class.

Hey Kaelas! Dont ignore me! I heard Jesse say from behind me.

Im not ignoring you, what do you want Jesse?! I just want you a link, and you completely ignored me! I didnt ignore you I did not get your link, what did you want? I told you to tell Bela Pierce that I made my public apology.

She snipped at me.

And what do mean you didnt get my link? I didnt get it, and I was not the one to tell Bela Pierce anything in the ne place.

I tell her.

So, no I will not be the one to tell him that you apologized.

May I go have my lunch now or is there something else you wanted? Youre lying you had to of gotten my text KESKA, I think you are confusing me with your friends Jesse I am not lying I did not get your link.

I way to her.

Keep this up and I am going to tell mom, and dad.

She spouts.

Go ahead, I didnt get it.

I way to her.

He eyes clouded over and the next thing I know Jamies is linking me.

Now what is going on with the two of you? Dont ask me, I just want to go eat lunch and Jesse is groing about me ignoring her, I did not get her link.

Well try to link her and see what happens.

Jamie, I dont have time for all this nonsense im hungry, im going to get my lunch and it and then get to class.

Jesse Im hungry Im going to get lunch excuse me.

I moved past her and went to my table to mish my lunch.

What did Jesse send? Mackie asked.

She said that I was ignoring her, and that she linked me, if she did, I did not get it.

And now she is throwing a t about it.

What if she did try to link you? Still, I did not get it.

Do you think it might have something to do with what happened a month ago? Well, if it does, then thats on her as well and she threatened to tell mom and father, worst that go one can great, give her enough rope, but of course I know that I will get blamed for that too.

Lets go to class and forget about all of this until it becomes an issue.

She says.

KESKA: Last bell rings.

Yeah! Only 2 more weeks! I way to Mackie as we head over to our bikes.

Hey Kaes, do think we should try to get real jobs this summer? Sure, what did you have in mind? I asked her.

You know that human team about 2 and a half miles away? Maybe we can go there and see if there is anything available.

She says.

Ok sure, but we will have to come up with a schedule that we can both work so we can go together.

I tell her.

We will need transportation, other than our bikes though.

I know, but if we pool our money, I might be able to get the short fall from Nana, as long as I promise to pay her back, we should be able to get a decent used car.

She just nods her head.

We will have to get our drivers license as well.

I way.

I will start a search for a vehicle after training tonight.

I just not my head.

MACKIE: After we mish our homework and do our training with Nana, I set up my laptop and start a search for used vehicles on the puff web, and Kaia is sitting in Nana about helping us pay for it if needed.

We both have continued to help the senior population of the pack and have earned more than I think she realizes.

Hey Kaa, I think I found one.

Its a private owner and they are asking $6,000 for a 2003 Toyota. It says it has under 40,000 miles on it.

Whats wrong with it, that car should be more than that.

I will message the person and ask.

I sent a message to the person, and kept looking, not expecting to get a response right away.

So, I was surprised when I got a message back.

Thank you for your inquiry, the car belonged to my late wife, she passed away from cancer two months ago and I have no use for the car and keeping it hurts, due to the memories.

There is nothing wrong with it, I just wish to have it gone.

Hi.

Night.

Dark forest Pack.

He says that it belonged to his dead wife and wants to get rid of it.

Wow, if its true we just hit the jackpot.

Do we have enough to get through? she asked.

MACKIE: I opened our bank app and looked at the balance, we would need to borrow $1,500 from Nana to get the car.

I told her. And that will wipe us both out until we get our ral paycheck from wherever we nd a job.

Go ahead Mackie tell him that you will take the car.

Nana tells me.

I will buy it for Kaelas birthday gift.

We both just look at Nana.

Nana thats too much.

Kaela says to her.

Nonsense, the twins got more than that, I will do this for you, besides owning a car is more expensive than you think, you have to have insurance on it, and with both of you being students that will be expensive, plus the upkeep, oil changes, maintenance work, preventive care, it all cost money.

So, I will buy the car.

Both Kaela and Lynny up and hug her.

Send the message that we will have cash for him, and we will be there to get the car the weekend after next.

As next weekend will be graduation.

She tells me.

I send the message to him and give him just enough information so when we get there, they know we are not rouges, or shady characters.

JESSE: When I get home, I go to dads o ce and knock on the door and wait for him to answer.

Come I hear him say.

So, I entered the o ce.

Can we talk dad? Sure honey, whats up? Kaela is ignoring me, I linked her today and she totally ignored me.

Did she block you? No just ignored me walked away from me with no response whatsoever.

I tell him there you to gritting again? he asked flo.

what did you link her about? I made my apology today and I told her she could tell Bela Pierce that I did it and she ignored me.

I will talk to her about ignoring you, but it is not up to her to tell Bela Pierce that you made your apology that is up to you to do.

He tells me.

Ok daddy.

I way to him as I get up to leave.

I hope he gives her more punishment the brat, it will teach her she cant ignore me.
