was still stuck just now, but the body had been blown up, and they were all dead.
Shocked!
So shocking!
This punch really seems to be able to open up the world and bombard everything!
These gods are really miserable!
Blast one by one!
Explosion in a large area!
Thousands of explosions disappeared!
The entire plateau has been covered with blood mist on a large area, forming a
wonderful scene!
It's like a plan of the gods to scavenge living things.
They descended on the means of the gods and carried out a mass scavenging plan
of the creatures.
Hundreds of thousands, hundreds of thousands, disappeared in an instant.
Now Levi Garrison's punch also played the role of disappearing instantly.
What everyone saw was that so many gods evaporated in an instant, and it seemed that it had nothing to do with Levi Garrison's punch.
After this fist was bombarded, Levi Garrison's front, that is, on both sides of the
Great Rift Valley, turned out to have no gods.
All the gods have disappeared.

Under Levi Garrison's punch, all were torn apart and disappeared.
nothing is left…
The sword just cut off a section of the team.
But now this punch directly made all the gods in front of Levi Garrison disappear.
Not one is left.
They were actually lucky, after all, they all died without even feeling the pain.
Without even a scream, he was already dead.
At least not suffering any pain.
Everyone leaves this world in excitement.
It was a team that couldn't see the end just now, but now it's clean and there's
nothing.
Empty to the extreme!
It's hard to imagine how so many people disappeared in an instant!
You can't make a movie like this, do you?
It's so scary!
Silence!
The whole place was silent.
The Return of the God of War [The
Protector] Chapter 3374
/ The Return of the God of War [The Protector]
Silence, the needle drop can be heard.
Levi Garrison once again made the whole world quiet and shut up.
Directly hit the world to close.
That's it!
"Pfft!"
"puff!"
More and more people fainted.
There are many people who are directly scared to death again!
It held up the shock of Levi Garrison's sword just now, but after all, it did not hold
up the horror of Levi Garrison's punch.

The liver and gallbladder were directly split, and he was scared to death on the
spot.
And there are still quite a few, and they are scary in all directions.
Whether it is Levi Garrison's enemy or not, he will be scared to death.
"Uuuuuu…"
Cried!

Many people cried.
Even crying and peeing were performed together.
Fear that the body is out of control…
The top officials of the Siberian Union cried without exception.
And they almost didn't have anyone standing, their bodies were out of control,
their legs were weak, and they couldn't stand at all.
Some were lying down, some were sitting, some were lying down, and some were
twitching violently…
All in all frightened.
Even the super-god Titan God of War was trembling in the face of such a situation,
unable to stand at all.
Breathing heavily, I'm going crazy! ! !
According to Levi Garrison, like a god and a devil, his heart is really going to
explode.
What kind of existence is this offending!
The thousands of super gods guarding around are also full of fear…
I thought that the super god plan was successful, and they would be the top
existence in this world.
That is true invincibility!
But now that he has seen Levi Garrison's ability, who is invincible?
Invincible?
They are invincible ass!
In front of Levi Garrison, it was still an ant, something that could be trampled to
death.
The one who dares to say invincible?
Even the three strongest super gods think so.
In front of Levi Garrison, they were just pretending to be grandsons.
Even the strongest one has yet to measure its combat power.
Now his combat power is actually measured.
He is nothing!
He's just a bigger ant!
Levi Garrison is the master!
They also plan to guard the Hydra to improve their momentum.
But now, they are definitely the first to run.
However, it may be possible to escort the dog stuff like Hydra to Levi Garrison

first!
Protecting the Hydra?
Too high to see them!
They are bullshit!
What are they protecting?
They are also on the verge of collapse!
As for the six heads of Hydra and the other hundreds of members, all of them are
standing.
But everyone was stunned.
Like a walking dead, like a thousand-year-old sculpture.
The body does not move, the expression does not change, the brain consciousness is blank, and everyone has no thoughts.
Really frightened by Levi Garrison, all aspects of his body functions were temporarily stagnant.
Including brain thoughts and nerves and other aspects!
It's all temporarily stopped!
They stood there like dead things!
The people watching the ceremony were also frightened to death and fainted a
lot.
Especially the Apocalypse Empire and the Black Dragon Kingdom.
It was only now that they understood that their enemy was such an existence
back then.
Only then did they realize how daring they were back then!
Really newborn calves are not afraid of tigers!
Imagine what happened to them, it seems that they are too happy now, right?
That loss is a piece of shit!
They can even go brag later!
Apocalypse Empire: I'm not bragging? When I beat Levi Garrison, he killed all our
gods! Are we crazy?
Heilongguo: I cheated Levi Garrison over and over again! Do you know Levi
Garrison? right! We cheated on him!
Xingguo: I provoked Levi Garrison! suit?
Others: I have seen Levi Garrison, are you envious?
…
"How much did he destroy with this punch?"
This is what everyone is curious about.

Many people are already counting.
I want to know how many gods Levi Garrison killed with this punch!
The Return of the God of War [The
Protector] Chapter 3375
/ The Return of the God of War [The Protector]
In a short period of time, the specific numbers are certainly impossible to count.
But here comes the rough data.
Before Levi Garrison killed more than 100,000 gods with one sword.
They still have more than 400,000 gods left, and there are more than 100,000
detours from Levi Garrison's left to outflank the back.
There are more than 100,000 detours from the right, outflanking the back.
Levi Garrison was surrounded on both sides, and there was no gap.
But the front still left the most but the god team, at least more than 200,000.
That is to say, Levi Garrison killed more than 200,000 gods with this punch! ! !

fear!
fear!
Oh, God! ! !
this this this…
After the statistics, no one can explain this result!
how come?
how come?
200,000 gods were just punched by one punch?
Cried!
Really scared to cry!
No wonder Levi Garrison's eyes were clean all at once.
All the teams just now disappeared.
It turns out that he is directly 200,000 gods…
"I saw it! I finally have how strong Mr. Ye is!!! I will die without regrets!"
Doctor Dark, who has been drenched in cold sweat over and over again, couldn't
help but let out such exclamations.
"You are the god in my heart!!!"
The mind of God is constantly making gestures of worship.
"Pfft!!!"
And the enemies of the group of Hydra also fell to the ground one by one, worshipping Levi Garrison.

Just to express the highest respect in their hearts.
This is beyond the meaning of revenge, it is the fear of the gods!
In front of Levi Garrison, these people are called gods, which is an insult!
"Twenty thousand…"
The Titan God of War recited this number silently, his face pale and bloodless.
how could this be?
Ah? ? ?
More than 200,000, plus the previous 100,000!
A total of more than 300,000!
That is more than 300,000 well-equipped gods!
Not Chinese cabbage!
That's it?
"Ugh…"
The Titan God of War actually hugged his head and cried, and his emotions were
completely out of control.
Helpless as a child!
His pupils contracted, his eyes squinted.
It's a harbinger of mental disorder, utter madness.
"Ah ha ha ha ha ha……"
Suddenly, the Titan God of War burst into laughter again, his mood was abnormal,
and he was irritable and happy.
"Uuuuuu…"
But the next second I cried again.
…
crazy!
Totally crazy!
In fact, in the realm of Titan God of War, it is difficult to go crazy.
After all, the mental strength has reached the top.
But now this matter is beyond his limit.
Directly scare people crazy! ! !
As soon as the wave came down, there were few normal senior officials of the
Siberia Union.
Someone in the Hydra team actually moved.
The chief asked, "How many gods did Levi Garrison kill with one punch!"
The second head replied: "It seems to be 200,000, right?"
The big head nodded calmly: "Oh, two hundred thousand!"
But immediately, the expressions of several people changed again:
"What? Two

hundred thousand?”
“puff!”
“puff!”
“puff!”
The crowd could not accept this fact and vomited blood.
They had just woken up a little, and their minds were blurred again, and they
became muddy again.
That is, consciousness is blank!
“Why do I feel that this punch is not his limit?”
At this time, one of the three strongest super gods muttered to himself.
And the strongest one is already full of frenzy, and his eyes are full of madness
and heat.
He said coldly: “Of course not! He is far from doing his best!”
“He is not of the same latitude as us! Far from it!”
“What? Hiss…this…”
The other two are going crazy.
Heart ashes!
It doesn’t matter if people die.
But it’s hard to do when the heart is dead.
Now these people in the Siberian Union are heartbroken.
He was beaten to death by Levi Garrison.
Think of the Siberian Union as a person, but now he is not possessed, leaving only
an empty shell.
The Return of the God of War [The
Protector] Chapter 3376
/ The Return of the God of War [The Protector]
Killing 100,000 gods with one sword is enough to shake the whole world and
knock the whole world to annihilation.
Now that he has killed 200,000 gods with one punch, Levi Garrison once again
shocked the world.
The whole world is going crazy! ! !
Crazy!
There are people all over the world who are scared to death and faint.
This is what Levi Garrison never thought of!
How can you scare people to death?
Only then did everyone understand…
Why does Levi Garrison dare to challenge the entire Siberia Union alone?

Join Telegram Group For Fast update
Everyone ignored it before.
Everyone thinks they are smart and know how to analyze the situation and analyze the pros and cons.
But they all forgot, Levi Garrison is notoriously resourceful!
You idiots can think of it, people can't think of it?
Levi Garrison is deeper and more comprehensive than you think!
There is only one reason why he dares to come so unscrupulously!
He ignores all dangers!
He has this strength to make him feel confident!
In the eyes of Zoey Lopez and the others, Levi Garrison is not a reckless person.
If he dares to come, he may have already planned it.
Even if you can't get revenge, you can get out.
They also analyzed what Levi Garrison's layout is?
What layout can deal with the entire Siberian Union!
It's just that they all understand now – there is no layout, some are just invincible
strength.
After Levilia heard the news, his face was full of excitement: "I knew Dad could!!!
I never worried about Dad! He must be able to!"
The mother and daughter cried with joy!
Not only did Levi Garrison come back, but he came back with a victory!
"This……"
When the major factions of Zhenmo Division knew of Levi Garrison's hard power,
they were also silent.
Even if everyone calls the existence of "God", in their view, it is entry.
But the figure of 200,000 also made them terrified!
The strength of many of them is just the super gods created by the War Bear
Kingdom.
This amount is also of the Arabian Nights level.
At the beginning of killing 100,000 gods, they all felt that Levi Garrison was
relying on the power of the "Ancient Sword".
Now that their hard power is shown, they are all silent.
But on second thought, if Levi Garrison was not strong, he would not be able to
use this "Ancient Sword".
Not everyone can use this ancient sword.

At this time, a question came from the major factions: How is Levi Garrison's
roots?
Has anyone tested it?
The result is nothing!
Everyone's attention was on the Azure Dragon (Qinglong) Five and Levilia.
Levi Garrison has never been paid attention to at all.
But Xu Qingya and the others are dumb and can't tell how hard it is to eat Huanglian.
They tested it!
It's the worst root bone they've ever seen.
The spirit word in Linggen's spirit bones has nothing to do with him at all!
Even if they gave Levi Garrison the top-level Qi refining technique, he couldn't
use it.
He is a pure physique.
But who would have thought that pure body cultivation would be so powerful!
Even those old guys were interested in Levi Garrison.
Wouldn't it be a pity that this kind of root bone was not transplanted?
Levi Garrison is so strong, indicating that his daughter's roots are even stronger.
Now more and more people are beating Levi Garrison's daughter's roots…
They have already started searching in the mountains and plains of Daxia.
When Levi Garrison was fighting in the Zhanxiong Kingdom, they took Levilia's
idea.
If Levi Garrison came back, it would be too hard to win, or even impossible, and
he would have to take his life.
Therefore, they are desperate to find Levilia.
He had to get it before Levi Garrison came back.
Even if it is to measure the roots of Levilia!
In short, do it when Levi Garrison leaves.
Otherwise it's too dangerous.
Levi Garrison actually expected this, so he would find a hiding place in advance to
hide Levilia and the others.
Now, even if these people are looking for a broken head, they cannot find Levilia.

The Return of the God of War [The
Protector] Chapter 3377
/ The Return of the God of War [The Protector]
Just like when they were looking for the Azure Dragon (Qinglong) Five.
Can't find it anywhere!
This is also the reason why Levi Garrison is at ease to come to War Bear Country!
He had already expected it!
If you fight here, your strength will definitely be exposed.
At that time, some hidden dangers will emerge.
Some may be greedy Levilia's talent, and some may be afraid that they are too
powerful, and then want to restrict themselves.
Then he must attack his weakness, that is, family and friends.
So he hid his family and friends in advance.

Don't give any enemy a chance!
Resist all hidden dangers!
Fortunately, Levi Garrison arranged in advance, otherwise there would be an
accident.
Of course, due to various factors, Azure Dragon (Qinglong) and the others did
not follow Levi Garrison's advice and had already been deceived by leaving this
place.
This is what Levi Garrison never thought of.
He explained it all.
Of course things are changing!
If all goes well, that's not normal.
Zoey Lopez now also understood Levi Garrison's advance layout, and she began
to insist that everyone should not leave.
Just worried about the situation of Azure Dragon (Qinglong) and the others.
She can't take anyone to look for it either.
That could lead to more trouble.
She can only pray that Azure Dragon (Qinglong) and the others will be fine.
After Levi Garrison's strength was exposed, the effect became stronger and
stronger.

The Sky Shield Bureau, who was always concerned about everything, was also
shocked by Levi Garrison's world-shattering combat power.
One by one was too frightened to speak.
If the forces behind this do not act, it will be enough to crush them.
I wonder if the forces behind them can stop Levi Garrison's terrifying combat
power?
Agent Blackhawk is the most excited, and the bet is right.
Whoever wins, he has a great future.
But now he also wants to know whether the forces behind him can solve Levi
Garrison, or how big the gap between the two sides is.
How far is Levi Garrison according to them?
The Black Hawk agent subconsciously looked at the representative of the forces
behind him.
It's just that the representative of the forces behind him suddenly looked at Agent Black Hawk with a strange look and said, "I'm afraid I already know who
robbed the magic medicine of the Great Summer Doctor and killed our messenger!"
Agent Blackhawk blurted out, "Could it be Levi Garrison???"
The messenger nodded: "Yes! That's him! Now, it seems that his daughter's
poison must be solved! Otherwise, he will not come to Zhanxiong Nation desperately to take revenge!"
"Yeah, why didn't I think of it! His strength is enough to confuse everything! Then
he must have stolen the magic medicine!"
Agent Blackhawk exclaimed subconsciously.
At this time, everyone suddenly realized.
It turned out that they couldn't find the murderer. It turned out that the murderer Levi Garrison was the first to let them rule out.
How can we find the real murderer?
"So Levi Garrison is our enemy?"
He probed cautiously.
"Isn't Levi Garrison our enemy from the beginning? He is an old enemy! It's not
bad for this or two hatreds!"
said the messenger.
Even the head of the bureau, Smith, senior Nielsen, and others also deeply

agreed.
Levi Garrison has always been their enemy.
He has been an enemy since the days of the Lab of the Gods.
Just lived till now.
Nothing has actually changed!
Levi Garrison has always been the person they wanted to get rid of!
Agent Black Hawk couldn't help but ask, "Then how sure are we to deal with Levi
Garrison?"
He especially wanted to know whether the forces behind him were crushing Levi
Garrison's strength, or something else.
This question also aroused the interest of Smith and others, and they also eagerly wanted to know, is it difficult to deal with Levi Garrison?
Hearing this question, the messenger was obviously stunned.
did not answer immediately.
"This……"
The Black Hawk agents were immediately stunned.
If so, is there a problem?
They desperately want to know the answer.
The Return of the God of War [The
Protector] Chapter 3378
/ The Return of the God of War [The Protector]
The messenger thought for a while and said: "Actually, it is not difficult to deal
with Levi Garrison! But there are some things that don't need to be attacked!"
"I'll give you a task now…"
"The Sky Shield Bureau immediately dispatched to Daxia, and be sure to bring
back Levi Garrison's wife or daughter! At least one! At least one who can restrain
Levi Garrison!"
The messenger suddenly gave an order, which caught the Sky Shield Bureau off
guard.
what's the situation?
Agent Blackhawk almost burst out laughing.
It's not hard to say.
But now he is going to kidnap Levi Garrison's daughter and wife.
What does this mean?

They are not sure to solve Levi Garrison easily!
In his opinion, the forces behind him can definitely solve Levi Garrison.
No matter how powerful Levi Garrison is, he can't compare to a force.
But it's not that easy.
There may be a huge price to pay! ! !
This price is something they are unwilling to bear for the time being!
Maybe they have their own difficulties and other constraints.
Unwilling to use all the power to deal with him.
Therefore, I want to use other methods to contain and deal with Levi Garrison.
Such as arresting his daughter and wife.
Anyway, for the Black Hawk agents, the bet is definitely the right one.
He is very excited!
Afterwards, the powerhouses of the Sky Shield Bureau set off, brought the high-tech equipment provided by the forces behind them, and went to Daxia to
look for Zoey Lopez and Levilia.
that's it.
Daxia is full of people looking for Levilia and Zoey Lopez.
Thanks to Levi Garrison's foresight, he hid people in advance.
Otherwise it's really all trouble.
…
The effect brought by Levi Garrison is still causing chaos all over the world.
Those forces that once stood with Daxia have left after the recovery of the spiritual energy, but now Levi Garrison has shown his world-shattering combat
power.
They also poured in, got close to Da Xia again, and stood on the same front as Da
Xia.
Levi Garrison's punch not only destroyed 200,000 gods, but also destroyed the
world situation.
…
On the battlefield at the moment.
Levi Garrison has no gods in front of him.
None of them!
On the other hand, there are still a lot of gods to his left and right and behind.
There are more than 200,000 in total.

It's just that according to what Levi Garrison said before, there is no one blocking
the way.
He could just rush over there.
But Levi Garrison turned around slowly. Glancing at all the gods, he said, "Will
you continue to stop me?"
Originally, Levi Garrison wanted to kill them all.
It's just that there is nothing in front of him.
These people are behind him.
So he asked.
Originally, the gods behind him and left and right were desperate to kill Levi
Garrison.
As a result, he was stunned by Levi Garrison's punch.
Of course a lot of people were killed and injured.
They couldn't even get close to Levi Garrison.
Especially after seeing Levi Garrison smashing the 200,000 gods in front of him
with one punch, they were completely silent.
The more than 200,000 gods behind and left and right were all stunned in place,
not daring to move at all.
They are also sculptures.
One by one, motionless and expressionless.
The brain also temporarily stopped working, and everything went blank.
They are more intuitive than everyone else.
The gods in front could even see the excited and warlike expressions on the faces
of those companions before their bodies were smashed. They could see clearly.
are imprinted in their minds.
Or twice in a row.
The first time is enough to shock!
They also want to make a wave based on the number of people.
But after this punch, they were all dumbfounded.
Were they afraid of death before asking?
None!
There is no one who is afraid of death!
But after this experience, who is not afraid of death?
They don't want to just disappear!
Even thinking about the meaning of standing here.

What is it for?
Is guarding Hydra worth it?
Why should Hydra let them guard?
Is it related to them?
It's the super gods that really matter, right?
The Return of the God of War [The
Protector] Chapter 3379
/ The Return of the God of War [The Protector]
Before, they felt invincible.
But now, the thinking has changed.
They feel like they are gunfire!
Standing here is to die in vain!
In front of Levi Garrison, the data is useless at all.
No matter how many gods come, they will die.
Thinking about this…
It means that Levi Garrison punched their souls with one punch!
"Huh? No response? Do you still want to stop me?"

Levi Garrison raised the tone, like a Hong bell banging.
Terrible sound waves rippled through the crowd.
Everyone reacted one by one!
stop?
Block what?
you are dad!
You are grandpa!
Who dares to stop you?
"what!!!"
Everyone who woke up saw Levi Garrison's face and let out a shrill scream.
"Ha ha ha ha……"
And the equivalent of some people started laughing wildly.
"woo woo woo woo……"
Others began to cry out loud.
…
Crazy!
One by one became crazy!
Everything just exceeded their psychological limits.
As for Levi Garrison, it has become their nightmare.
What's stopping you?
Everyone is crazy!
"Pfft!"
"Pfft!"

“Pfft!”
...
A considerable number of people fell to the ground one by one after meeting
Levi Garrison’s gaze.
“Don’t dare! We don’t dare!”
“No more! No more!”
“Surrender! We all surrender!”
...
These people have all surrendered!
Levi Garrison is so strong, do you still dare to fight?
Dare to stop it?
You can die if you want!
“Clap! Clap!”
“Clanging clanging…”
Then came the sound of weapons falling to the ground, and the movement became louder and louder.
“Run! Withdraw!”
A larger number of people threw away their armor and fled.
For fear of running late, Levi Garrison was bombarded and killed.
More than 100,000 people fled together, the scene was too shocking!
The situation in the field is a mess!
Some go crazy, some surrender, some run away…
That is, no one dared to lean on Levi Garrison’s side.
No one dared to stop Levi Garrison!
Conquered!
Completely overwhelmed!
Although the Siberian Union is usually belligerent, each one is full of blood.
But he was still defeated by Levi Garrison.
Hit them to death.
Levi Garrison shattered everything they were proud of with one punch.
Five hundred and seventy thousand gods were completely trampled by Levi
Garrison.
Hundreds of thousands of gods ran frantically to the left and right behind.
The gods who surrendered and knelt saw Levi Garrison nodded and fled.
By the way, I took away all those crazy and stupid gods.
The speed of escape is also astonishing.
Although there are more than 200,000 gods in total, the speed of escape is too
fast!

Soon after, even the gods on the left and right behind Levi Garrison disappeared.
There is none!
The front is already gone, and the front and back are also gone.
So many gods are gone.
On such a large plain, Levi Garrison was the only one.
It only took ten minutes before and after the 570,000 gods occupied the place
and only one figure remained.
too fast!
In a blink of an eye, all the gods of the Siberia Union were overpowered by Levi
Garrison.
This also means that the final battle is over.
The rest of the super gods are probably the same.
Where dare to step forward.
Everyone in the field watching everything began to go numb.
Levi Garrison, who watched helplessly, walked step by step below.
soon after.
Levi Garrison walked to the other end.
Above is the review table.
On the reviewing stand, all members of Hydra are present.
Levi Garrison smiled at them and said, "You let me have the ability to kill you! I'm
here now!"
After he glanced at the audience again, he shouted: "I said, I want to kill the
Hydra! No one can stop it! I will destroy the Hydra in front of you!"
"Come on! Protect them! Come on!"
"I killed them, who has an opinion?"
The Return of the God of War [The
Protector] Chapter 3380
/ The Return of the God of War [The Protector]
Not long ago, Levi Garrison said something like this.
It's just that no one would believe it at that time!
They all think this is nonsense!
They all feel that it is absolutely impossible for Levi Garrison to take revenge on
the Hydra today!
It's the same with the sun coming out of the west!
Contrary to everyone's perception!
It's like telling you that the world is not a sphere, but a plane!

No one will believe it!
Even at that time, everyone thought that Levi Garrison would be scared to death.
Join Telegram Group For Fast update
And the answer given by the Siberian Union at the time was to do everything
possible to protect the Hydra.
There are 570,000 gods on the road of Levi Garrison's advance, not to mention
that all the super gods are placed around the Hydra, forming a copper wall and an
iron wall, just to wait for Levi Garrison's arrival.
He also provoked Levi Garrison in every possible way!
After all, at that time, they also thought that no one in the world could deal with
them, and no one could move the Hydra under their noses!
No one in this world can!
But just ten minutes passed.
Everything they believed in was broken!
More than half of the 570,000 gods died, and all the rest ran away!
The super gods guarding around the Hydra were trembling one by one, as if they
had seen a natural enemy.
There are not a few people who are scared to pee their pants and cry.
Even the strongest three are too scared to come out now!
They don't want to die!
Look at the high-level executives of the powerful Siberia Union at the beginning,
all of them are full of high spirits.
It was almost enough to engrave "I am the first in the world" on my face.
Arrogant, domineering, ignoring everything, they are the masters.
But now, few are standing.
Half of them even fainted and scared to death.
Even the Titan God of War, who is himself a super god, is crazy!
So when Levi Garrison said these words, the audience fell silent.
Before, they had 570,000 gods and a group of super gods to protect them.
But now there is nothing.
There really isn't a single card in hand.
What's more, if there is any, it is also invalid to Levi Garrison.
It doesn't work at all.
What are they using to protect Hydra now? ? ?
Sorry!

Really regret it!
Levi Garrison warned it a long time ago, but they didn't listen at all.
Later, after repeated warnings, they asked them to hand over the Hydra, otherwise the consequences would be at their own risk.
But where did you think it would be like this at the time?
How could he expect Levi Garrison to be so powerful?
If they had known, they would have handed over Hydra long ago.
Although Levi Garrison's warning later gave a deadline, he even took action
against some enemies and the organization of revenge Hydra.
In fact, a careful investigation can always find some clues.
It's just that they were immersed in their powerful strength at the time, still busy
with the super god plan, and ignored everything else.
Not to mention Levi Garrison's warning.
This has led to bad results for now.
More than 300,000 gods are gone…
The rest are actually all scrapped, and it doesn't make any difference whether
they die or not.
It is equivalent to the collapse of the god system of the Siberian Union.
Really regret it!
It's too late to cry!
It just confirms what Levi Garrison said – I will kill you to the point where you
can't find any regrets.
After the deadline for the warning came, Levi Garrison said that it was useless for
them to regret now.
Isn't that what it is now?
Sorry I can't find it anywhere!
How many people have gone crazy!
The rest of the normal high-level people really want to cry without tears.
They looked at the Hydra and were about to explode with anger.
"Hydra, Hydra, what are you doing to provoke Levi Garrison???"
Disaster!
This wave is the ultimate disaster for them!
That's right!
It's a witness to history!
But this day is not what they want to see!
The Return of the God of War [The
Protector] Chapter 3381

/ The Return of the God of War [The Protector]
Accompanied by Levi Garrison, he walked to the reviewing platform step by step.
Everyone is going numb.
“Pfft!”
“Pfft!”
…
People kept falling down, or passed out.
“Ah!!! hoo hoo hoo…”
When the Titan God of War saw the familiar face, it seemed like he had opened a
Pandora’s box.
He was completely insane.

Dropped directly from a height.
With a thud, he fell to the ground.
He was completely insane, his intelligence was gone, and he couldn’t control his
body at all.
If he hadn’t had a super strong body and fell from a height, he would have fallen
to his death on the spot.
Some other high-level executives were also frightened and fled around.
The remaining normal high-level people wanted to escape, but found that their
legs were filled with lead, and they didn’t obey at all.
“Pfft!”
“Pfft!”
…
Finally, the legs became weak, and one by one fell to the ground, or crawled to
the ground.
Seeing Levi Garrison coming, they even lowered their heads and covered their
eyes.
Don’t say looking at each other, just don’t dare to look at Levi Garrison.
“what!!!”
Scared more and more.
Seeing Levi Garrison coming, he wanted to escape in fear, but his body wouldn’t
obey.
It is even more impossible to drive Levi Garrison away!

Under this kind of oppression, people go crazy.
At this moment, Levi Garrison is like a god and a devil, and it is terrifying to the
extreme!
Who is not afraid to see it?
Soon this effect is passed on to the super gods!
Levi Garrison smiled when he saw them: "By the way, are you still in it? Your
strength should be stronger, I don't mind playing with you for a while!"
As soon as Levi Garrison said these words, he directly scared the super gods in
front of him.
What is stronger?
Although we are super gods, what is the difference between gods and super gods
in front of you?
There is no difference!
It is the same with those children who are helpless.
"We dare not! We dare not!"
"We are nothing! Beg the king for mercy!"
"It has nothing to do with us, they have nothing to do with us!"
…
terrified.
These super-gods are going through the most terrifying psychological torture.
They all fell to their knees, and they didn't have the courage to fight Levi Garrison at all.
Even if some of them are not afraid of death at all.
But I am afraid of Levi Garrison.
This is actually quite contradictory.
But the truth is, you let him die, he dares!
But you asked him to rush over to deal with Levi Garrison, he didn't dare at all.
This also shows how terrible Levi Garrison is.
It can scare people like this!
They don't deserve the words super and god at all.
They tried their best to distance themselves from the Hydra…
They hate it!
If their strength is weak, it is estimated that they all fainted from fright, or frightened crazy?
Instead of this now, come to face Levi Garrison completely awake.
This is an extreme pain!

Pain worse than death!
They couldn't hold back.
All super gods chose to surrender to Levi Garrison.
Not to mention fear, they also worship a strong man like Levi Garrison!
At this time, Levi Garrison shouted at not far away: "How about the three of you?
Do you want to come and try?"
"Boom…"
At this moment, the sky fell for the three strongest super gods.
They thought that when they were hiding in the dark, Levi Garrison could not find
out.
However they were wrong.
As the strongest players in the audience, how could they not be discovered?
They were noticed by Levi Garrison from the beginning.
At that time, Levi Garrison hoped that they would kill him!
But they have been protecting the Hydra all the time, and they never came.
This makes them really regretful.
Although the quantity of the previous ones is in place, the quality is not enough.
Those attacks don't even count as tickling!
The tickling he expected was from these super gods.
The Return of the God of War [The
Protector] Chapter 3382
/ The Return of the God of War [The Protector]
They just never showed up.
Especially these three have been hiding in the dark to observe.
This makes Levi Garrison very regretful!
After all, at the beginning, his excitement came from the number of gods on the
one hand, and these super gods on the other hand.
After being named by Levi Garrison, the three strongest super gods naturally
couldn't sit still.
Appeared from the dark and came to Levi Garrison at the fastest speed.
Pay homage to Levi Garrison.
"King side by side, how dare we fight you! In the past, you were the overlord of
the times! We admired you very much! Now you are stronger! We admire it all!"
All three were shocked.

I was afraid that Levi Garrison would make a move.
Dare to say anything.
Seeing that a group of super gods were not as bold as those before, Levi Garrison
not only sighed again and again.
"Hey! No meaning! No meaning at all!"
I thought the most enjoyable battle was on these super gods, but these guys just
surrendered and stopped fighting.
What's the point?
What a disappointment!
"Go away!"
With a word from Levi Garrison, these super gods took the initiative to dodge
aside.
So far.
All the fighting power of the Siberia Union was defeated by Levi Garrison alone.
Levi Garrison alone defeated the first place in the power list!
Put it under your feet!
No objection!
Levi Garrison was not in a hurry to walk to the Hydra team, but looked at the
group of senior officials of the Siberia Alliance behind him, and sneered: "Aren't
you going to protect them? Protect them! Ignore my warnings, right? I am now
Someone here, stop me?
Prove to the world that no one can move the Hydra? come! Aren't you the strongest? Can't I come here? I'm coming! you stop talking? "
…
In the face of Levi Garrison's questioning, all the sober high-level executives
lowered their heads and dared not speak or look at each other.
Their bodies were shaking violently, and they cried with fright, but they covered
their mouths without making a sound, and their tears kept falling.
As for the body has long been wet with cold sweat over and over again.
And scared to pee, over and over again.
It's just that no one dared to answer Levi Garrison's questions.
They regret it!

I'm so sorry!
Why shelter the Hydra?
Why?
That's right!
Hydra has given great help to the rise of the War Bear Kingdom!
But so what?
The foundation of the rise may collapse in Levi Garrison's hands in an instant.
Everything that Levi Garrison had worked so hard to buy for a year was ruined in
a second.
dare not!
They don't dare to do anything now!
Enjoy!
So much fun!
The Dark Doctor and the Brain of God were so excited that they jumped up!
It can oppress the strongest Siberian alliance to such a degree.
Can you be upset? ? ?
How long have they waited for this moment?
expect!
Been looking forward to it!
Now finally see it!
In the past few days, I have been up all night, isn't that the moment I've been
waiting for?
Waiting for it!
And the enemies of Hydra also cheered at this moment.
Celebrate this great moment!
Their monstrous blood revenge can finally be avenged!
Under the leadership of Levi Garrison, they can take revenge on Hydra.
Weeping with joy!
This is an unforgettable moment!
Levi Garrison looked at a group of high-level executives, and he sneered again
and again: "That's it? After a long time, this is it? It really doesn't make any sense
at all! I'm not enjoying it at all!"
Hearing Levi Garrison's words, everyone went crazy.
Isn't that fun?
More than 300,000 gods have been eliminated, still not enough?
What else?

How did they know that Levi Garrison needed quality!
Quantity alone is not enough!
Otherwise, it would be all weeds, and Levi Garrison would have no meaning to kill
him!
Next, Levi Garrison turned his head to look at Hydra!
The time for revenge has come!
The person he wants to kill, even the king of heaven can't protect him!
The Return of the God of War [The
Protector] Chapter 3383
/ The Return of the God of War [The Protector]
Next, all attention was on Hydra.
Hundreds of Hydra did not escape, or had other strange behaviors.
They just stood there in unison.
Everyone seems to be frozen.
not moving at all!

The look hasn't changed!
Eyelashes do not blink, heart does not beat!

Those who didn't know it thought it was hundreds of stone statues, which were
originally dead objects.
But these hundreds of people are actually big living people.
Don't look at them like this, but they are actually alive.
They only temporarily entered a state of self-closure after witnessing such shocking events.
It's just a coincidence that all of them got into this state.
It can be understood as frightened, frightened.
My mind couldn't turn around for a while, and my conscious thoughts stayed…
Now Levi Garrison stood alone in front of them.
This is a scene they never imagined!
They are guarded by the War Bears and the Siberian Alliance.
It is impossible for any enemy to appear within a hundred meters in front of
them.
But all this was broken by Levi Garrison.
He stood in front of Hydra!
Helpless!
Really helpless!

At the beginning, there was no way, just thinking about the experimental products that we can't get, and no one can get it, we want to destroy it.
It just so happened that the strongest poison was successful, so he experimented
with his daughter.
But who could have imagined the consequences?
He can really get his revenge back!
He really has this power!
This is of course not what everyone in the world thought of.
Who would have thought that Levi Garrison had such strength?
It can really step down here! ! !
They had imagined how to torture Levi Garrison before.
They even feel that the entire organization is already a god, and they don't need
anyone else's protection, they can run amok, and others can't do anything about
them.
Next, they have to start the super god plan.
The plan is to turn each member of Hydra into a super god.
In this way, no one dared to touch them.
Levi Garrison and the like, they can solve it by themselves.
now what?
Everyone is standing in front of you!
It's just that everyone in Hydra was frightened.
"Boom…"
A stream of air rippling from Levi Garrison's body. Scan them directly.
Pulled everyone out of self-isolation.
"Pfft!"
"Pfft!"
…
When their consciousness came back, they wanted to control the body, but found
that the body was soft and could not be controlled at all.
So, one by one, they fell to the ground softly.
At this time, various phenomena such as urinating pants came one after another.
Weeping, wetting our pants, fainting, one by one.
"Huchihuchi…"
The six leaders in the front, gasping for breath, widened their eyes and saw that
it was Levi Garrison.
Levi Garrison was right in front of them.

When did he arrive?
“puff!”
“puff!”
...
The big leader immediately spurted out a mouthful of blood.
The rest of the others also attacked their hearts and spewed blood.
Shocked!
So shocking!
This is the darkest moment they have ever experienced.
It is also a time of life and death!
Hydra is a malignant tumor that has existed for hundreds of years.
It’s just that no one has a way to get them.
Especially after they had a big backer like War Bear Kingdom, they were even
more unscrupulous.
The enemy is also helpless to them.
But who would have imagined that day?
Levi Garrison got rid of their backers alone.
Came here!
Levi Garrison looked at them and sneered: “Not long ago, you guys seem to be
barking fiercely? What is the dog barking? Let me kill you? I’ll come here if I can?”
A few words from Levi Garrison made this place seem like a cold winter, as if
returning to the scene of Siberia’s ice and snow before the aura revived.
“Okay, I’ll listen to you, I’m here now!”
The Return of the God of War [The
Protector] Chapter 3384
/ The Return of the God of War [The Protector]
That’s right!
Didn’t you bark provocatively and let me kill you?
good!
Now here I am!
Hydra people are like dumb people eating yellow lotus, they can’t tell the pain.
Isn’t that what they said?
Who would have thought you were here!
They thought they couldn’t come no matter what, so they dared to be so provocative.
Otherwise, if you lend them ten thousand courage, they will not dare to bark and

provoke them.

Who would have thought this could happen?
He really is here!
Right now, right in front of them!
"Crazy? Aren't you?"
Levi Garrison sneered.
It's just that everyone didn't dare to look up at him at all.
All bowed their heads, their bodies trembled, they urinated their pants madly,
and sweated over and over again.
They looked at the person who passed out not far away, and they were really
envious.
Even the dead they are envious.
At least not to face Levi Garrison like this now, right?
Because they can predict what will happen next!
It's not scary to die.
Because you don't feel anything anymore, your consciousness is scattered.
The process of waiting for death is the most terrifying.
They really want to pass out, or go crazy, or run away.
It's just that they are all awake now, so Levi Garrison will not give them any
chance.
They want to faint and kill themselves without any chance.
They can only face the most terrifying thing in this world – Levi Garrison!
They really want to call Levi Garrison to give them a treat!
Just kill them all!
"My daughter has no enmity with you, right?"
Levi Garrison asked.
silence!
Still silent!
More than hatred!
Neither of you know each other at all!
In other words, Hydra had no grievances with all these enemies before.
The two sides did not have any intersection at all.
It's just that Hydra, for their plans, did not hesitate to cast a magic hand…
Levilia is one of the epitome.
If they didn't provoke them, they were given the strongest poison.
"Such a small child, such a strong poison? Do you have children of your own? How
can you do it?"

“And over the past few hundred years, how many millions of people have you
killed? Tens of millions?”
“It’s nothing to do with you, right? It doesn’t bother you, right?”
…
Faced with Levi Garrison’s repeated questions, everyone was going crazy.
But no one dared to answer!
Because they can’t really answer.
Because they are bloodthirsty, they grab what they want, and kill those who
don’t like it.
They will never understand this one.
For killing so many people.
They won’t regret it either!
Even if they regretted it to death, they only regretted provoking Levi Garrison,
and regretted poisoning Levilia.
They never repented or even thought about their innumerable crimes.
They didn’t even have the slightest sense of killing so many people.
Kill, kill, so what?
Did they kill more people?
Their benevolence and morality are long gone, their feelings are indifferent, and
their blood is cold.
Regret is impossible!
It’s just that he is afraid of Levi Garrison now.
At this time, the two doctors in the dark and the hydra enemies who came to
watch the ceremony also came here one after another.
Come witness this moment of revenge Hydra.
They wept with joy.
This moment has finally arrived.
Hydra is finally over.
Who doesn’t yearn for this moment?
“Brothers, our revenge is about to be avenged! Are you watching?”
Many of these people are friends with the extreme revenge elements like the
previous No. 8.
Thinking of these friends now.
They were agitated.
The same is true of the Dark Doctor and the Brain of God, who are so excited that

they cry.
Mainly this matter carries their hard work and hard work together.
To be completed, naturally excited.
Levi Garrison looked at the Hydra crowd in front of him: "Today, I will do justice
for the sky! Kill you bastards! I will remove the Hydra!"

Scared!
Levi Garrison is so oppressive, they are really afraid.
"Pfft!"
…
Many people couldn't hold on any longer and fell to their knees directly.
"Spare us! We beg you! Spare our lives!"
"Father!!! No, Grandpa! Forgive me! We are afraid!"
"We are just chores, made by several leaders! It has nothing to do with us!"

Human nature is the most untested.
The six leaders turned their heads and looked at the loyal subordinates behind
them in disbelief.
Those who swore poison, drank all blood and wine, and even cursed, pushed
them out in order to survive.
Of course, it was mainly because Levi Garrison was too scary.
They didn't know at all what method Levi Garrison would use to kill them.
The waiting process was horrible.
Scared them to collapse.
So beg for mercy!
"I beg you! Forgive me! Grandpa!"
…
More and more members began to beg Levi Garrison for mercy.
This made the six leaders explode with anger.
In fact, they also have the idea of surrender.
But if they were more awake and understood, it was no use surrendering.
Levi Garrison won't let you go because of this.
He will still kill you.
So surrendering and begging for mercy is useless!
Seeing this, Levi Garrison was immediately happy.

“Okay! Then I ask you, who gave my daughter the strongest poison in the first
place?”
Levi Garrison asked.
“he!”
Everyone pointed to the two leaders in unison.
Even the dark doctor pointed to the second leader!
At the beginning, he just watched the second leader take the strongest poison
for Levilia, but there was no way to stop it.
This is the pain in his heart all the time!
I often dream of this scene.
The second leader was pointed at by so many people, he was dumbfounded!
Was he the first to be shot?
At this time, he found that the other five leaders, his best eldest brothers, all
pointed at him in unison.
At this time, in order to survive, they pushed him out?
Or, everyone doesn’t want to be the first to die.
He was really stunned.
“I, I, I… Mr. Ye, please listen to my explanation. Although I took the poison, the
idea was proposed by the big bosses. The poison was also provided by them, and
several of them are related!”
The two leaders are in a hurry, and they want to pull the leader and several
people into the water.
Now the other five are in a hurry.
They also pointed to the second leader, saying that he was the one who gave
Levilia the poison.
The second leader wanted to say something, but Levi Garrison had already
walked in front of him.
Putting his hand on Er Zou’s shoulder, the Er Zou only felt that a hundred thousand mountains were pressing down on him.
He’s about to collapse.
He was the first in the audience to come into close contact with Levi Garrison!
“Uuuuuu…”

He started sobbing, sweating all over his body and peeing his pants.
This is the most terrifying moment he has ever experienced in his life!
He really wanted to die on the spot.
Death Levi Garrison is terrible.
It is so.
Levi Garrison walked up to him, looked at him and sneered: "Want to see your
body torn apart?"
"what???"
The second leader became confused, he didn't react when he heard this sentence,
and asked subconsciously.
"Well, don't worry, I'll be slower! I'm sure your body is torn apart, but your
consciousness still exists, your visual senses, and even pain nerves are still effective…"
Levi Garrison smiled.
That smile was like a demon.
Everyone was shivering.
They really wanted to run away.
But the whole body is weak, and it is impossible to escape.
"Well, feel it!"
Levi Garrison looked at the two leaders and smiled.
The two leaders were still carefully mulling over Levi Garrison's words.
He reacted in hindsight.
I know what Levi Garrison means.
"No…don't…don't! I don't want! Don't…"
The Return of the God of War [The

/ The Return of the God of War [The Protector]
The two heads went crazy.
Shaking his head again and again.
He didn't want that, not at all.
"Give me a treat! Kill me directly! I don't want this!"
…
He begged out of control.
It's just that Levi Garrison ignored him at all.
"boom!"
He gently patted the second head, and everyone heard a muffled sound.

Immediately afterwards, a cracking sound of "squeaky" came.
"what!!!"

The two leaders have made a shrill scream!
That is a kind of pain that penetrates deep into the bone marrow and is imprinted
on the soul!
Everyone present felt the same.
It's like it hurts on them!
The two heads looked at their own body with a pair of eyes in horror.
Accompanied by the terrible pain and the tearing and pulling sensation, he actually saw what Levi Garrison said-the body gradually fell apart…
First the chest, then the stomach, then the legs…
It was cracking a little at a speed visible to the naked eye.
It stands to reason that if there is a crack, it should be cracked immediately on
the spot.
But now the speed of his body's cracking is very slow, as if it were controlled by
humans.
Enough for the two leaders to see clearly for themselves.
The more and more terrifying pain hit, coupled with the fear of seeing the body
split with his own eyes, made the two heads roar like crazy.
But he couldn't control all of this, he could only watch helplessly.
He couldn't run even if he wanted to, because of the split body, he couldn't control it.
Only consciousness exists, visual effects, and pain and fear.
crazy! ! !
Everyone around was amazed!
This is definitely the most terrifying way to die that everyone has ever seen, bar
none.
This is absolutely the worst thing the deceased has ever experienced.
In a burst of mad screams, everyone and the second leader watched their bodies
torn apart.
…
This short one minute is the longest time everyone has experienced.
longer than a century.
Slowly, the screams became weaker and weaker.
In the end, there was no sound.
And the second leader also witnessed his own body disappear.
In the end, I realized that nothing existed.

In fact, he died a long time ago, but he witnessed the process of his own death.
This is the scariest thing.
…
prostration!
Dehydrated!
Everyone in Hydra is dehydrated!
Logically speaking, they are all gods.
Dehydration is impossible for them.
But it still happened.
This is the extreme fear, which is fed back to the body from the spiritual level,
causing such a situation.
Death is not scary!
What is terrifying is the death that Levi Garrison brings to you!
"Who brought up the matter of poisoning my daughter?"
Levi Garrison asked.
"It's him!!!"
Everyone pointed to the big leader.
The dark doctor naturally knew that and pointed to No. 1 at once.
In particular, the remaining four leaders are particularly active.
They pointed at the big head and shouted.
Although everyone is not afraid of death.
It is Levi Garrison who can bring death.
They don't want to die so early!
Want to drag!
The chief panicked.
If you want to scold someone, it's too late.
Because Levi Garrison's eyes were already fixed on him.
"The big boss, right? The boss of Hydra! Everything is under your control!"
"I originally wanted to keep you until the end before killing, but now the general
trend is that everyone wants you to die first, and I will fulfill everyone's wishes
first!"
Levi Garrison said lightly.
The Hydra people began to cheer, just because they were not the ones who died
first.
They started celebrating.
They were so frightened by Levi Garrison.

The big head looked at Levi Garrison and said with a smile: "Mr. Ye, I was wrong, I
was really wrong! I realized that I was wrong, and I will treat you as a bull and a
horse in the future…"
This was his last chance, so all the good things were said.
Levi Garrison looked at him and asked, "I believe you can see the scene where
your head exploded?"
The Return of the God of War [The
Protector] Chapter 3387
/ The Return of the God of War [The Protector]
"what?"
The big head couldn't help but be stunned, and quickly realized what Levi Garrison meant.
Did you see the scene where your head exploded?
How is this possible? ? ?
but!
This is Levi Garrison!
Didn't the two leaders just see the scene where their body was split?
So, is it possible for him to see his head explode?
"what!!!"

Thinking of this, the big boss could no longer bear the fear in his heart, and let
out a hysterical scream.
crazy!
Really straight crazy!
His seven orifices began to bleed, his organs rapidly failed, and his tendons and
veins were broken.
It scare people like this!
Levi Garrison didn't even do anything, he had already scared the big head into
this.
The pain and torture he is enduring now is not much weaker than that of the two
leaders just now.
Even stronger!
The key point is that Levi Garrison hasn't done anything yet!
Just say something!
He is like a demon…

“boom!”
At this time, Levi Garrison suddenly had a cold glow in his eyes.
He punched the big boss directly.
The big leader’s consciousness and vision stopped for a short time, and he saw
blood and unknown liquid splashed in front of his eyes.
Is this something in your head?
no more!
That’s all there is to the big boss.
Levi Garrison looked at it and said lightly: “Oh, I don’t seem to be able to do it!
Sorry, I didn’t let you see the scene where your head exploded!”
The remaining Hydra members are really tortured!
To die immediately turned out to be the happiest thing for them.
“Who’s next?”
Levi Garrison asked.
“he!”
“he!”
“he!”
…
The Hydra was even more confused, pointing at each other.
The remaining four leaders were the most accused.
This kind of death moment, they must come first.
messed up!
Totally messed up!
“Okay, next one! Who developed this most powerful poison? Can you say who is
the main developer?”
Levi Garrison asked.
“It’s the four heads, and him! And him! There’s…”
Finally, everyone identified the four leaders and six people.
This is the important existence of Hydra.
The strongest poison was researched together by them.
During the period of War Bear Country, they also developed a lot of poisons and
the like.
Specifically for the gods!
It can directly erode the spiritual roots and bones of the gods, causing a fatal
blow to the gods.
In the strategic plan of the War Bear Kingdom, it is to use this poison to destructively attack the gods of other major forces.

The gods of other forces are directly extinct.
Even the group of Hydras offered a strategy-to the gods or god potentials of
other forces, even children and babies, and even pregnant women.
They all use this poison to directly erode their roots, making it absolutely impossible for other forces to appear.
The possibility of destroying the gods from the root!
I have to say, this is in line with Hydra's style – cruel to the extreme!
It's just that their plan has not been implemented yet, so Levi Garrison killed him.
The four leaders stared at Levi Garrison nervously.
The death of the chief leader and the second leader just now has brought them
extreme fear.
Not sure what will greet them next?
"It's the strongest poison you've ever developed? You have the ability!"
Levi Garrison praised.
If nothing else, from a technical point of view, these people are top-notch.
The four leaders and a few people only have fear, so you can't think that Levi
Garrison is really praising them, right?
"You guys are good at poisons, aren't you? Presumably you are also often testing
poisons yourself, right? I think your bodies are already immune to all poisons!"
Levi Garrison laughed.
"No, no, we don't have any! We're not!"
Seemingly realizing something, the four leaders and several people began to yell
wildly.
They have never tried drugs themselves.
They're all random people who come to test the poison…
The Return of the God of War [The
Protector] Chapter 3388
/ The Return of the God of War [The Protector]
Otherwise, where did so many of their enemies come from?
That's how it came.
They kill innocent people.
How many innocent lives were killed!
Too many people died in their experiments.
They haven't tried any poison themselves.
Their bodies are very fragile and can't stand any tossing.

Especially poison.
This is different from the Evil God of Poison who study poison in Daxia.

They're all testing their own drugs.
"Those who study poison must have a poisonous body long ago, and they must be
invulnerable to all poisons!"
Levi Garrison smiled and said: "So next, I will give you a poison, which I collected
some time ago. The name is "Shenxian Cry"."
"As the name suggests, after taking this poison, it will be so painful that even the
gods can't bear it, and can only cry, and can only be hurt to death!"
"This poison is also known as the most pain-producing poison in the world! In fact,
it does not poison people to death, but it hurts people to death! It lasts for a long
time, not instantly, but a little bit! I have tortured you enough, made you suffer
enough, and then died."
...
Levi Garrison took this poison out.
This is the poison listed in the Poison Sutra, which he collected on purpose.
This is no longer necessary.
He explained the poison to the four leaders in detail.
"Fairy cry!!!"
Everyone present couldn't help shivering.
Even Levi Garrison said it was so painful.
That is the most painful.
The dark doctors are beginning to be afraid.
He had heard a little about this poison, and tried to mix it. He knew the power of
the low-end version.
Those who can make a super-powerful xinxing and physique suffer to death.
Not to mention the complete poison of Levi Garrison!
"Fairy cry???"
Several people from the four leaders responded.
The most painful and painful poison.
Don't they have it too?
And it has been used countless times.

They also deliberately take people or animals to watch them die and have fun.
This poison doesn't deplete your organs or anything, just creates extreme pain.
This description of Levi Garrison is not wrong.
It is indeed a poison that even gods can cry in pain!
After smelling the smell, they understood.
Exactly like their poison!
It's a thing!
Levi Garrison looked at their expressions and understood everything: "Haha, it
seems that you know this kind of poison, so it's better! I believe, there's nothing
wrong with you!"
"Ah? No no no… I… give me a treat!"
"Please, kill me directly? Give me a treat!"
…
Anxious.
These people immediately pleaded for death.
After all, they have experienced the horror of this poison countless times.
The scenes of the painful death of those they mutilated are now replaying in
their minds like a movie.
They don't want to endure that extreme pain!
One of them also wanted to commit suicide.
Just how could Levi Garrison let him succeed?
He wanted to kill himself, but found he couldn't control his body, he couldn't
even bite his tongue.
You can only grow your mouth and make a whimpering sound.
Levi Garrison took advantage of the situation and stuffed the "cry of the gods"
into his mouth.
Others, the four leaders, were not spared either.
Levi Garrison forcibly stuffed all the "fairy crying" into it.
Several people wanted to vomit, but couldn't do it at all.
Levi Garrison didn't give them a chance!
Only let the "fairy cry" bloom and melt in their bodies.
Let them feel the most extreme pain of "fairy cry".
After taking the "Cry of the Immortals", the four leaders suddenly remembered
something.

This poison they can unlock!
Because this poison was developed by them, they will naturally develop corresponding antidote and detoxification methods.
Although this poison is powerful, it is actually very easy to solve…
The Return of the God of War [The
Protector] Chapter 3389
/ The Return of the God of War [The Protector]
Poison can be unraveled!
But it needs an antidote, or some tools, the environment and the like.
If they were in their laboratory, it would take less than half an hour for them to
unravel this poison.
But now they have nothing around them.
This is another sad event.
The helplessness of knowing the detoxification method and knowing how to
solve it, but unable to solve it.
This is another blow.
And they were familiar with the mechanism of the poison, like when did the first
wave of pain come?
What is the intensity of the second wave, how painful or when is the strongest,
and when is the pain to death.

…
They all know this.
It's even more painful! ! !
"what!!!"
This kind of fear, they are no less than the previous big head and the second
head.
For them, this is another means of torture.
But even more terrifying!
And because of their own factors (familiar with the poison and know the solution), this matter is more painful.
"what!!!"
Soon, the fairy cry began to play a role.
The first wave of pain came.
This wave of pain feels like 100,000 silver needles are stabbing your body organs,
and it continues, wave after wave, stronger than wave after wave.

The four leaders immediately let out a terrifying scream.
In the first wave of pain alone, one person died.
He can't stand it!
The remaining four leaders held on, but they envy the man who died on the spot.
…
Next, the whole world was filled with their shrill screams.
Because their throats could not bear the screams of this level, their vocal cords
shattered directly, and even cracks appeared in their throats.
And because of the pain, they scratched themselves with scars all over their
bodies.
The second wave of pain came.
Worse!
No matter how painful they are, the people who watch them feel the pain to the
point of collapse.
To faint immediately.
Not to mention them.
For them, the second wave of pain was the same kind of colic pain that the body
organs split hundreds of thousands of cracks in an instant!
The third wave!
Fourth wave!
…
The strongest wave is coming!
I don't know how long it took, and the four leaders and several people all died of
pain.
Their bodies have completely festered, and they were caught like this by themselves…
And the rest of the people all stood like sculptures, but their minds were still
buzzing.
There were still the screams of the four leaders just now.
People are dead.
The screams continued.
They had just seen the most terrifying thing in the world.
They feel more and more that death is a very happy thing.
For others, death is so easy.
Why is death so hard for them?

It is simply difficult to climb to the sky!
so horrible!
This is hell!
Everyone doesn't know how to die!
"Next……"
Next, Levi Garrison punished all members of Hydra one by one.
made them suffer and suffer.
I regret coming into this world.
Want to simply die?
It's not that simple!
miserable!
It can even be said that it is extremely miserable!
However, the dark doctor and the enemies of the Hydra showed no sympathy at
all.
I don't think Levi Garrison has done too much.
After all, Levi Garrison's punishment today may be the epitome of every day in
the past few hundred years of Hydra.
If they weren't so cruel, how could there be so many enemies?
What Levi Garrison did was nothing compared to what Hydra did.
Levi Garrison has been kind enough to them.
At least let them die today.
Instead of tormenting them for a while and then letting them die.
When Levi Garrison tortured Hydra, those enemies of Hydra only felt refreshed!
"Success! Finally succeeded!"
The Return of the God of War [The
Protector] Chapter 3390
/ The Return of the God of War [The Protector]
The crowd hugged and cheered.
They were all laughing wildly.
How long have you waited for this moment.
The Hydra was finally wiped out.
This dark force that had been entrenched for hundreds of years was finally wiped
out.
No matter who they are, they are very excited.
This is a big event that is celebrated all over the world!
Cool!

“My guilt towards Mr. Ye and Levilia is gone now!”
Doctor Dark also cried with joy.
The Brain of God sat on the ground and felt that everything was empty.
As if life had no meaning.
Because they have achieved the goals they have pursued so far.
Don’t know what to do next?
“Hydra is destroyed!!!”
This message swept like a hurricane, and in an instant, the whole world knew it.
Levi Garrison successfully wiped out the poisonous tumor of Hydra.
In front of everyone in the Siberian Union!
Who can stop the people Levi Garrison wants to kill and the forces that he wants
to destroy?
The whole world is shocked!
Shocked everywhere!
All parties reacted strongly!
he made it!
Did the most incredible thing!
It’s the most impossible thing to do!
Levi Garrison turned to look at the senior management of Zhanxiong Nation and
roared at them: “Did you see it? You can’t protect Hydra! I got rid of them! I killed
them all! When I killed them, what about you guys? ?”
“Trash! It’s all a bunch of trash! Fight with me, Levi Garrison, do you have that
ability?”
silence!
Head down!
surrender!
Levi Garrison forcibly crushed the entire War Bear Country with one person’s
strength!
After Levi Garrison succeeded in revenge, he also frantically vented his emotions.
He was also depressed for a long, long time.
In addition, he has actually been depressed before.
accumulated a lot of emotions.
Now it’s finally a one-time vent in an open and honest way!
At this moment, he felt comfortable and transparent.
It seems that even the strength has improved!

That's the benefit of venting!
...
"Levi Garrison is still my war eagle's enemy after all, hey!"
The head of the War Eagle Shield Bureau, Smith, could only sigh.
The Black Hawk agents specially observed the messengers of the forces behind them.
The man's face became sad, and his brows were tightly twisted into a Sichuan character.
It seems that Levi Garrison's threat is very big.
It was so big that even the forces behind the War Eagle Nation began to have a headache.
However, they are now sending people to arrest Levilia Zoey Lopez and others, trying to restrain Levi Garrison.
However, the Black Hawk agents have quietly spread the message.
Zoey Lopez was informed in advance of them.
Of course, even if he didn't tell the message in advance, it wouldn't help.
Can't find where Levilia and them are at all.
It is useless to go.
Look at the major factions of the Zhenmo Division again, after knowing the power of Levi Garrison.
The speed is getting faster and faster, and before Levi Garrison arrives, he will attack Levilia.
Even if you can't do it, at least you need to know the specific roots of Levilia.
If Levi Garrison returns, everything will be difficult.
After Zoey Lopez and the others received the news of Levi Garrison's successful revenge, they began to celebrate one by one.
Now also know the benefits of their hiding here.
She has already received the message from the Black Hawk agent.
Knowing that there are people looking for them everywhere now.
Even the War Eagle Country has come.
Not to mention the major factions of the Town Demon Division.
It's right to hide here.
No trouble to Levi Garrison.
solved his worries.

only……
It's just the five Azure Dragon (Qinglong) people, and everyone is extremely
worried.
There might be danger now.
But at this time, the more they can't leave.
To go out is to cause trouble.
I can only pray that these five people are all right.
Or Levi Garrison came back quickly!
And Xu Qingya and the others are still frantically looking for the five Azure
Dragon (Qinglong) people. The longer it takes, the more worried they will become.
This is going to happen!
Haven't found it for so long.
It is estimated that people have already begun to transplant the root bone.
Done!
Done!
The Return of the God of War [The
Protector] Chapter 3391
Xu Qingya and the others were desperate.
Don't say you can't find it now.
even if found.
Also to no avail!
If it was them, then Azure Dragon (Qinglong) and the others were already in
danger.
It is estimated that the root bone transplantation is in progress.
It's no use looking for it now…
Everyone else is slow!
As if he had received some message, Xu Longri couldn't help but be surprised:
"The five Azure Dragon (Qinglong) people turned out to be the legendary Five
Elements Spiritual Roots, and each of them is a spiritual root of one attribute!
The five together are the Five Elements Spiritual Roots and Spirits. bone!"

"What? It turned out to be the legendary Five Elements Spiritual Root Spirit
Bone?"

“I finally know why they appeared! It turned out to be the Five Elements Spiritual
Root Spirit Bone!”
Xu Qingya and the others exclaimed in surprise.
Everything is clear.
“It’s our own clumsiness! I thought that the legendary five elements of the spirit
bone would only appear in one person, but I never thought that the combination
of the five elements would be the five elements of the spirit bone!”
Xu Longri sighed.
“Yeah, in fact, we should have thought of it. After all, the five people cooperate
so well, and they have each other’s attributes, so they can still be found! Hey, it’s
too late to say anything now!”
Xu Qingya shook her head helplessly.
Several people sighed: “For others, it is possible to arrest five people and dig out
their root bones, but it is useless! At most, the spiritual bones of a single person
are more powerful, but there will never be a five-element spiritual root spirit.
bone.
But for them, it is really possible to fuse the five human root bones together to
form the legendary Five Elements Spiritual Roots and Spiritual Bones! Once they
are targeted, they will never escape! Even if Levi Garrison is there, they will do it!
“
There is nothing they can do about it.
Not even anyone could be found there, let alone anything else.
They understand that the Azure Dragon (Qinglong) Five are completely finished.
At this time, in fact, the major factions of the Zhenmo Division are looking for
Levilia all over the mountains and fields, and they are also looking for the Azure
Dragon (Qinglong) five.
Even before Levi Garrison’s combat power was exposed, they had been looking

for the Azure Dragon (Qinglong) Five.
The previous five disappeared and reappeared.
But now it has completely disappeared.
Don't know where to go.
Everyone has heard that someone has succeeded.
Therefore, everyone became more and more anxious, and it was necessary to find
the five Azure Dragon (Qinglong) people.
At the same time, Levilia is also the focus of the focus.
The major factions of the Town Demon Division found that some Western faces
were looking for Levilia and others in the mountains and plains.
This made everyone realize how intense the competition was.
There are many, many opponents, not even Daxia's.
Now they are afraid that the group of Niubi Laodao from Tianshi Mansion will
also participate.
Those guys are the toughest!
So look for it as soon as possible.
It's just that the five Azure Dragon (Qinglong) can't be found. The five of them
have appeared, at least there are some clues to look for.
It's just Levilia, who has disappeared for a long time, and no one knows at all.
Couldn't find it.
Everyone felt that they had turned all the possible places upside down, and there
was still no one there.
What exactly is going on?
What about people?
Where did you go?
Can't find it at all!
This is the same for the Sky Shield Bureau.
Except for Levilia who could not find them, Zoey Lopez, who was related to Levi
Garrison, could not find any.
They are like the world evaporated.
At first, I thought that there was an inner ghost, and the information was leaked
in advance.
But when I inquired later, many people in Daxia were also looking for them, and

they could not find them long ago.
Otherwise, they wouldn't be able to explain it.
So, everyone can only continue to search.
At this time, knowing that Zoey Lopez and others who were looking for them
frantically, felt more and more that Levi Garrison was powerful.
Not only is it powerful enough, but it can also predict the occurrence of various
situations in advance.
Absolutely!
In Zoey Lopez's view, Levi Garrison has set an example for Levilia in many ways.
Levi Garrison now represents an era in the world!
Who in the world does not know you?
The Return of the God of War [The
Protector] Chapter 3392
Levi Garrison is really too powerful, so powerful that countless people directly
surrender.
But his power also threatened the existence of some forces.
Such as his hostile forces.
And there is hatred!
Despite this period of time, Levi Garrison has liquidated a lot.
But there is still a group of forces that have not been liquidated.
Of course, this is also because Levi Garrison has not yet found out the specific
identities of this group of forces.
That is the mysterious force that controls the genius doctor Yan Zangsheng and
the secret lock box.
Levi Garrison's power is obvious to all, and the whole world is afraid.

They also became afraid.
At the beginning, I never thought that Levi Garrison would be so powerful, so he
was so targeted.
Immediately dumbfounded now.
Once their identities are exposed, they will be in danger one by one.
Not to mention that the Hydra is so cruel, right?
But at least it may be destroyed by Levi Garrison!
Therefore, before Levi Garrison came back to find them, they also had to move.

Their actions are also very simple, that is, to restrain Levi Garrison.
For example, catch Levilia, Zoey Lopez, etc.
So this group of people also joined the search for Levilia, Zoey Lopez and others.
This has led to more and more teams looking for people.
There are even conflicts everywhere.
Da Xia was in a mess, and the Tiance House Baolong Clan, as well as the Tianshen
Division under its jurisdiction, were all stunned.
what happened?
How did Daxia become like this?
Only they don't know anything?
It looks like everyone is in danger.
So the Tianshen guards of the Tenshin Division were all dispatched, and began to
inquire about what was going on, and to prevent some conflicts.
But this way, it's actually more messy.
Does anyone know what they are doing?
This is what no one thought of.
The rest of the world was stunned by Levi Garrison.
There is no action whatsoever.
As a result, Daxia was in chaos.
It's a mess.
However, this is only part of the Levi Garrison effect.
The Levi Garrison effect continues!
Daxia Longhu Mountain.
Furious wind roll!
Thunder and lightning!
On the top of the mountain, a dazzling light seemed to tear the sky apart!
This place is the location of the legendary Tianshifu!
Still the same!
The Tianshi Mansion is in a small independent world, and the world cannot touch
it.
However, the Tianshi Mansion on Longhu Mountain is only the headquarters of
the "Tianshi Mansion".
The Tianshi Mansion is also divided into several divisions, scattered around Daxia.
Today, a Celestial Master appeared here.
That's what caused such a phenomenon.
As for the reason for it, it was related to Levi Garrison.

That is, Levi Garrison's amazing combat power attracted them.
Otherwise, these celestial masters will not come out.
For what reason, no one knows.
Not only Longhu Mountain, but also some other holy places, and places that are
also affiliated to the Tianshi Mansion also have old Tianshi.
It's all about the Levi Garrison effect.
Their reasons are also unknown.
But they won't go to catch Levilia like the guys from Zhen Mosi.
For the time being they don't know what to do?
But there was a thunderous explosion, which coaxed people into panic.
Da Xia was even more chaotic.
…
Levi Garrison, who was thousands of miles away, naturally didn't know all this.
Now he stepped on the Siberian Union and took revenge on the Hydra.
Feeling empty inside.
Rather uncomfortable.
As if everything was done, and as if nothing was done.
Now everyone regards him as the most terrifying devil, the most terrifying existence in the world.
But in fact, he is just an ordinary person!
Just a husband!
Just a father!
Those who knew him would never be afraid of him.
The Dark Doctor and the Brain of God sat on the ground and looked into the
distance.
Levi Garrison also walked over and sat with them.
The three of them are like top-flight teenagers!
Looking forward to the future!
"What do you want to do next?"
Levi Garrison looked at the dark doctor and asked.
The Return of the God of War [The
Protector] Chapter 3393
Doctor Dark smiled: "In the past few months, Hydra has been my inner demon!
Today my inner demon has been lifted! I have also let go of it all!"
"Actually, I should have died a long time ago. It's a new life! I have learned a lot
and solved a lot of doubts! It seems that I am not interested in everything!"

“Next, I will quit and not participate in anything, that is, the seclusion that Daxia
masters like! Find a place where I am alone! Even you can’t find it! Don’t worry
about me, I won’t care about you! Until I am sick and dying!”
Levi Garrison patted his shoulder: “Okay, I support you! It’s time to rest! You’ve
been tired for so long!”
“What about you? Brother?”
Levi Garrison likes to call God’s Brain a brother.
After getting along for so long, everyone knows that the IQ of God’s brain is
beyond the sky.
But he is actually a very simple person.
And the Dark Doctor and God’s Brain are actually pretty good.

Good character in every way.
It’s just that the position was really different before.
With the wrong object.
“I will continue to do research! My dream is far from complete!”
The Brain of God sighed.
However, his dreams and research also require platforms, resources, manpower,
equipment and so on.
A lot of things are not studied just because he can study them.
Levi Garrison naturally understood this and thought for a while: “Then I’ll leave
you here, don’t they have the Arctic Fox Industry? They also have the Siberia Star!
Both parties are your platform! I will do my best for you. One person serving!”
The Brain of God nodded in surprise: “Yes!”
“Don’t worry, if I say a word now, they will treat you like a father! Your words are
the decree of the law! They don’t dare to disobey!”
Levi Garrison said.
After hearing about it, the senior officials of the Siberia Union immediately
agreed to arrange it and implemented it immediately.
At the same time, seeing Levi Garrison’s terrifying eyes, they all ran away in
fright.

For fear that Levi Garrison would be angry.
Leave quiet space for the three of them.
The rest were also driven away.
Those corpses or others were also quickly cleaned up.
In a blink of an eye, only the three of Levi Garrison were left here.
Sitting on a mountain, looking into the distance.
Rarely quiet.
People can't help but have the urge to lie down on the lawn and take a nap.
"What about you? Mr. Ye?"
The two doctors in the dark looked at Levi Garrison.
They were very curious whether Levi Garrison would use his extraordinary and
invincible strength to unify some forces and swept the world.
The corner of Levi Garrison's mouth evoked a touch of benefit, and suddenly
there was a hint of yearning on his face.
"Me! Go back this time! It's almost like you, Lao Hei! I'm going to live in seclusion
too! Just spend a quiet little life with my wife, children and family!"
"I don't want to pursue any ultimate power anymore, I don't want to live so tired!
I just want to live my little life! Accompany my children to grow up! Accompany
my mother and wife!"
"If my other relatives and friends are willing, I will pick them up too. Let's find an
ideal place to live together! Stop chasing worldly fame and fortune! I'm really
tired! I really need to rest! Not only The body, and the heart that runs around!"
...
Hearing Levi Garrison say this, Doctor Dark was actually very yearning. He
laughed and said, "If it was me yesterday, then I would join you and live with you!
But now I just want to be alone!"
"Since I joined the army, I just wanted to stabilize the world and let everyone in
the world live a happy and prosperous life! I also yearn for it myself! But I found
it difficult to live a small life for ordinary people!"

“It should be fine now! I’m taking my family to seclusion! I won’t be involved in
anything! Unless there is a crisis in Daxia, I’ll take action!”
The Return of the God of War [The
Protector] Chapter 3394
“Otherwise, I will not appear, and if nothing happens, I will always disappear!”
“It should be a wonderful thing to live an ordinary life with relatives and friends!
I’m really looking forward to it!”
“It’s alright now, I’ve solved the matter! And I still have the ability to dominate
everything! Living an ordinary life shouldn’t be a problem!”
…
Levi Garrison’s face was full of yearning.
The whole heart has already flown back to Daxia.
“That’s great! Maybe I want to live like this in the future!”
The brain of God smiled.
“Yes! Soon, you will definitely have a family too!”

Levi Garrison smiled and stopped when he looked at Doctor Dark.
This guy wants to be alone.
It was useless to tell him that.
Then the three of them talked for a long time.
the highest point in Siberia.
…
“Okay, it’s time for me to go back too! Let’s part now!”
“Hopefully we will meet again in the future!”
The three finally parted here.
Doctor Dark was aimless and chose a direction to leave behind Levi Garrison.
He doesn’t even know where he will go.
Just need to find a place for one’s seclusion.
The brain of God remains here, and he will become the biggest king here!
Even if they don’t admit it on the surface, in fact everyone knows who to listen
to.
The remaining more than 200,000 gods will also be loyal to him.
He let the left, that group of people would never dare to go to the right.
“Daxia, I’m back!!!”
Levi Garrison returned to the big summer that he was thinking about.
In fact, he had been in Daxia the day before.

But this return to Daxia is different from the previous one…
This time it's "home".
The home that represents happiness and hope!
Therefore, Levi Garrison is more excited to go home than anyone else.
In his mind, he even began to imagine how the happy little days would pass in the
future?
Fishing every day, drinking tea, and drinking occasionally?
Watching Levilia grow up?
Take care of your mother and other elders?
…
The corners of Levi Garrison's mouth couldn't stop rising when he thought of
these beautiful pictures.
But the ideal is beautiful, the reality is cruel.
In particular, people of Levi Garrison's status cannot have a clean life.
You don't get involved in anything, you don't trouble anyone.
But someone is looking for trouble for you, and things will involve you.
It is impossible to be quiet!
In fact, Levi Garrison also had a slight hunch. He heard Xu Qingya talk about the
Demon Suppression Secretary before.
He knew that Zhen Mosi was not a good thing, and it was a hidden danger in his
heart.
Therefore, before leaving, they hid Levilia and the others, and repeatedly instructed the five Azure Dragon (Qinglong) people.
Aren't you just afraid of something going on?
If something happened in his absence, then all the things he dreamed of would
not come true.
You can also get yourself into trouble.
It's time for another battle.
He also had to be very experienced and hid all his relatives and friends one by
one.
I have already explained it over and over again, and it is impossible for them to
run away from leaving before I come back.
Then, no matter how powerful the enemy is, no matter how hard they work, they
will never find them.

Before Levi Garrison was a little worried about the five Azure Dragon (Qinglong)
people, he knew that these five people didn't believe what he said, and they also
had their own opinions, and even felt that he treated them as children.
But Levi Garrison also knows that even if these people have their own opinions,
they will not go against their own will, and they have promised themselves that
way.
They would never leave their hiding place half a step.
The five are still very indulgent!
However, the reality is that the five people left shortly after entering the hiding
place.
Something happened now.
Xu Qingya and the others searched for a long time and couldn't find anything.
Of course, this is what Levi Garrison didn't think of.
Soon, Levi Garrison arrived in Daxia.
The day he longed for is finally here!

The Return of the God of War [The
Protector] Chapter 3395
/ The Return of the God of War [The Protector]
"Um?"
As soon as Levi Garrison entered Daxia, he felt something was wrong.
His face changed!
One after another powerful breath scurried around in Daxia!
The whole summer was a mess, and it seemed that many people were looking for
something.
Levi Garrison can feel a strong breath…
This is definitely wrong.
At first, Levi Garrison was flustered and a little scared.
But soon, Levi Garrison laughed.

Isn't that what he predicted?
Once his combat power is exposed, it will definitely cause such trouble.
Levilia, Zoey Lopez will definitely become a target.
Found by a lot of people!
It's just that there are some forces that Levi Garrison didn't think of.

The situation of Azure Dragon (Qinglong) and the others was something he
hadn't predicted.
Levi Garrison feels very lucky now.
Fortunately, I hid Levilia and the others in advance.
Otherwise, it will be troublesome now.
Levi Garrison had a smile on the corner of his mouth, happy for his advance
layout.
After he went deep into the summer.
Soon came into contact with several waves of forces.
Isn't it just looking for Levilia and Azure Dragon (Qinglong)?
Exactly as he predicted before!
Before, many people had a wait-and-see attitude towards the Azure Dragon
(Qinglong) Five, and they still wanted to wait, or prepare for it.
But now that their strength is exposed like this, if they don't act now, as long as
they come back.
They will have no chance at all!
So, take advantage of them before you come back.
"Ha ha……"
His smile deepened.
Fortunately!
He had already taken control of everything, and had already arranged everything.
Otherwise, no matter how strong you are now, if these weak spots are taken
away by others, or hurt.
There's nothing he can do.
It can even restrain him!
Let him have a powerful strength, and there is nowhere to display it.
There is one more point – he has shown such extraordinary strength, and it is
estimated that many people in the town magic department are attacking his own
roots.
However, the idea of testing your own root bones, or even hitting your own
root bones, is not that simple.
First of all, you must be stronger than me, Levi Garrison!
I am not obedient to stand, let you come!

I don't have a bad temper at all!
But Levi Garrison believed that none of the major factions of the Town Demon
Division should be able to do this.
This is a point he is quite confident about.
Feel free to come if you want to beat yourself up!
The big deal, he waited for the people of Zhen Mosi to come, and cleaned them
up one by one before starting the life he longed for.
Everything that hinders him is destroyed.
He is a principle – if I don't mess with you, don't mess with me!
At this time, he received a message from the Black Hawk agent.
The Black Hawk agent knew that he had left the War Bear Country and immediately contacted him.
"Congratulations to Mr. Ye who is invincible in the world!"
"Even the forces behind War Eagle are not sure to deal with you! Their current
solution is to use your family or other parties to constrain you!"
"But don't worry, Mr. Ye, I have informed Miss Zoey Lopez and the others in
advance before the Sky Shield Bureau set off! I promise not to find it!"
Hearing what the Black Hawk agent said, Levi Garrison smiled: "That's right! I'm
not afraid of them!"
"However, thank you for sending a message in advance! Although it is not necessary!"
"Don't worry, Mr. Ye. If there is any news here, I will tell you in advance! But if
you have anything, remember me!"
Agent Blackhawk smiled.
In this regard, Levi Garrison is of course happy.
Both sides use each other.
This is actually more reliable than many relationships.
At least he has placed an eyeliner on the forces behind the War Eagle Nation,
once they have any action or something, he will know.
Although you want to live the life you want, you still need to understand these
forces in advance.
Therefore, Levi Garrison asked the Black Hawk agents to quickly investigate the
details of this force.

He needs to know about it in advance.
Levi Garrison continued to walk towards Levilia and their hiding place.
On the way, they met Young Marshal Tian Ce and his group.
He is leading the Celestial Guard to investigate the situation and prevent some
conflicts from happening.
Seeing Levi Garrison this time, his expression was complicated, and he was even
embarrassed to the point where he wanted to find a crack to crawl in.
The Return of the God of War [The
Protector] Chapter 3396
/ The Return of the God of War [The Protector]
He would never have thought that Levi Garrison was so powerful, but he had
always been his master.
Some time ago, when his father Tiance Shenshuai told him all this.
He still doesn't believe it!
But he remembered from the clues and probably knew that it was Levi Garrison.
It's just that he couldn't bear all this in his heart and didn't want to believe it.
Levi Garrison, who had been targeted by him in various ways and regarded as his
opponent before, suddenly became his master!
It feels a bit cheap!
Always a little unacceptable!
But his own skills, in this era, are all Levi Garrison.

Thinking about being targeted by the gods of the Star Kingdom last time, it was
Levi Garrison who finally called out the master!
He is also slowly trying to accept this master.
Especially after Levi Garrison's shocking World War in Siberia, he was also
stunned.
It seems that it is not bad to have such an invincible master?
He's completely overwhelmed!
But seeing Levi Garrison, he was still very embarrassed.
He lowered his head and hid in the team, not daring to look at Levi Garrison, the
whole person looked very embarrassed.

It was embarrassing to use my feet to pull out a house with three bedrooms and
one living room.
"Twinkle, bitches!"
Levi Garrison dragged Marshal Tian Ce in front of him.
The most embarrassing moment for Marshal Tiance came.
"What are you doing?"
Levi Garrison asked.
The young commander Tiance looked at Levi Garrison tremblingly, stammering:
"Master… Master… The five Azure Dragon (Qinglong) people are gone, as well as
Junior Sister Levilia, and Mommy, all of them are gone! The entire Great Xia
Chaos is gone! Together, we are maintaining order!"
Hearing this, Levi Garrison smiled and said: "Don't worry, they were all hidden by
me! They are safe now!"
"That's good! I'm still afraid that Junior Sister Levilia and the others will have an
accident! This way, I can feel a lot more at ease!"
Not wrong.
The team led by Marshal Tian Ce was not meant to maintain order.
Instead, they are looking for Levilia and Azure Dragon (Qinglong).
He really thought something was wrong with them.
He was relieved to hear that there was nothing wrong.
"Okay, keep going! I have something to do!"
Levi Garrison patted him.
"Understood, Master… Master!!!"
Marshal Tiance nodded fiercely.
The name finally made sense.
Equally embarrassing were Ye Lingtian and the others.
They now also know that they once worshipped the Dark God as their teacher,
and who would have thought that their master turned out to be Levi Garrison!
This is outrageous!
It stands to reason that with such an invincible master, one could laugh in a
dream.
But they are different.
With such a master, he is not happy at all.

They don't even want to admit that they have a mentoring relationship with them.
Now what Levi Garrison did in the past, the layout is no longer a secret.
A lot of things have been exposed one after another!
Everyone understands that Levi Garrison was very powerful in the past, and he did many things.
It's all he is guarding!
His previous strength was so powerful and terrifying to the extreme!
It's just that due to the powerful existence of the Gods Laboratory, they have to hide their strength.
Many people admire Levi Garrison to the extreme.
It was only now that he felt that his power could control everything, and he did not stand up.
Really every era, he stands at the top!
But with great power comes great responsibility and more trouble.
But now Levi Garrison thinks it's time to stop and control all troubles.
It's about to be a beautiful little day.
He left excitedly.
"Hey, the young marshal is wrong! I just said that everyone was hidden by him?"
"But the five Azure Dragon (Qinglong) people appeared again before!"
The Return of the God of War [The Protector] Chapter 3397
/ The Return of the God of War [The Protector]
Someone next to him reminded him, which made Marshal Tian Ce immediately wake up.
That's right!
The five Azure Dragon (Qinglong) people disappeared for a while.
But then they appeared again.
But then disappeared again.
Before that, the major factions of Zhenmo Division were looking for the five Azure Dragon (Qinglong) people.
problem occurs!
I'm afraid something is wrong!
As the boss of the Tianshen Division, Marshal Tiance knew the extent to which

the major factions of the Zhenmo Division were interested in the Azure Dragon
(Qinglong) Five during this period.

He was also worried about the accident and reminded the five Azure Dragon
(Qinglong) people.
It's just that the Azure Dragon (Qinglong) five are the strongest in the Heavenly
God Division now, even if he is the boss, there is no way.
If people don't listen, they won't listen.
Now if you analyze it carefully, something may happen.
Even Junior Sister Levilia and Mommy are going to have an accident, and the
hiding place that Master just said will be exposed.
Something happened!
Immediately.
They immediately chased in the direction of Levi Garrison.
It's just that Levi Garrison's speed can't be compared with them?
He doesn't know where he is?
They absolutely can't keep up!
"That's it! Hurry up and chase in this direction, and tell my master! The others will
go to Azure Dragon (Qinglong) and the others with me!"
Marshal Tian Ce immediately assigned the task, and everyone started to act.
And in the name of the Tenshin Division, he told the Tenshen Guards in Daxia
about the situation – the Azure Dragon (Qinglong) five people had an accident,
and immediately went to find them.
The news of the accident of the Azure Dragon (Qinglong) five people is not only
in the gods.
Now it has begun to spread among the major factions of the Town Demon Division – an accident happened to the five Azure Dragon (Qinglong) people.
In their view, it must be someone else who succeeded.
They can list the list of people who may succeed.
Both thought so!
Xu Qingya, who knew the inside story, knew that they were completely over.

How could it be possible to meet that group of people?
It's a trivial matter to have the root bone dug away, it's okay to live!
Now they only need to pray that the five Azure Dragon (Qinglong) people will
save their lives. As for keeping the spiritual roots and bones, that is impossible!
The major factions of the Town Demon Division can't keep it, let alone encounter
these devils…
Levi Garrison walked fast all the way.
Just about to get to the hiding place.
Someone stopped him in front of him.
He is a handsome little Taoist priest with an ethereal aura all over his body.
But it's terrifying!
It is as if the heaven and the earth are one with him, and he can mobilize all the
power of the heaven and the earth for his use.
It sounds a bit similar to Levilia's self-created practice, which is to use the elements of heaven and earth.
But Levilia uses the elements of heaven and earth for his own use, and forms
power attacks after refining.
And the little Taoist priest in front of him is obviously directly mobilizing the
power of heaven and earth to crush you.
For example, mountain terrain, direct mobilization to suppress you.
Such a difference!
powerful!
Strong!
Stronger than the strongest super god in the previous War Bear Kingdom!
But Levi Garrison was not interested.
He now only wants to live an ordinary life and does not want to participate in
other things.
"Who are you? What are you doing?"
Levi Garrison asked angrily.
It's annoying for someone to block the way.
"Pindao wants to challenge the king side by side!"
The little Taoist explained his intention directly.
"No interest! I don't want to fight anymore! Fight to find someone else!"
Levi Garrison went straight away, not interested at all.

Levi Garrison had already guessed it in terms of the little Taoist priest's clothing
and strength.
He must be from Tianshi Mansion!
If it was before, Levi Garrison would really be interested.
Even if you want to take the initiative to contact and inquire, it is not impossible
to fight.
Especially during the time when Levilia was poisoned, he was more eager to meet
people from Tianshi Mansion and Zhenmo Division than anyone else.
It's just that they don't show up when they should.
It doesn't need to appear now, but it appears one by one.
Also come to trouble you!
Levi Garrison was going to leave, but the little Taoist stopped him, how could he
let him go?
The Return of the God of War [The
Protector] Chapter 3398
/ The Return of the God of War [The Protector]
It was not easy to have such a challenge opportunity, and he would never let it
go.
"boom!"
There was a terrifying aura from his body, and there was a faint sound of thunder.
The whole person is arrogant like a war fairy!
In fact, Tianshi Mansion is not absolutely legendary!
Many magic masters that Levi Garrison met before Daxia were actually inherited
a little by Tianshifu.
At least it's similar!
But now the most orthodox is coming!
Those techniques are all pediatrics!

The real spell can mobilize the power of heaven and earth!
The master of magic that Levi Garrison had encountered before was just taking
advantage of the situation.
To put it bluntly, it's all fake.
Far from being able to do this step!
Now this little Taoist priest is wild, as if the world is angry.

Heaven and earth are with him.
He is angry!
Heaven and Earth are angry!
That's what it feels like!
But the more he is like this, the more he can make Levi Garrison angry.
It's actually not good!
Very bad for him!
"Don't stop me, because you will die!"
Levi Garrison's face was as cold as ice, and as soon as he spoke, the temperature
around him suddenly dropped to the lowest level.
A murderous intent permeated the sky.
The little Taoist couldn't help shivering.
His terrifying aura seems to be a little insufficient in front of Levi Garrison?
Kind of scary!
As expected of just defeated so many gods!
However, his eyes lit up.
Levi Garrison's threat not only made him flinch, but even more excited.
Super powerful!
Exactly in line with his standards!
He is bound to challenge Levi Garrison!
Even though Levi Garrison had just defeated 570,000 gods in the War Bear
Kingdom!
Exaggerated to the point of unimaginable for the world!
But to them, the gods are just seedlings with spiritual roots and bones.
How strong is it, and how is the quality?
they do not know.
Here, too, they have their own standards.
But I don't know what standard these people have here…
And Levi Garrison was too easy to deal with that group of people, and he didn't
seem to have shown the ability to defy the sky or anything.
They are not very clear about Levi Garrison's strength, nor do they judge well.
Therefore, Levi Garrison is invincible against the sky, targeting the world, not
them.
Otherwise, where would they dare to challenge?
Now I just feel that Levi Garrison is extremely powerful, so I am here to challenge!

“Okay! Let’s solve you then! It’s also a warning to others!”
Levi Garrison didn’t plan to leave.
If it is not resolved, it is estimated that more and more people will challenge
themselves or find trouble in the future.
Then kill a shocker.
“You can challenge! But it’s agreed in advance that once you challenge it, it will
be a life-and-death battle! Until you die!”
Levi Garrison said directly.
The little Taoist’s face changed.
Never thought that Levi Garrison would be so cruel?
The death party is here!
Obviously once challenged, either he will die, or Levi Garrison will die! this……
He was cornered.
He originally just wanted to challenge, but he didn’t want to die.
But now, if this is not the case, he will not be able to step down at all.
Levi Garrison directly gave him a dead end!
His throat was squirming, his lips were lightly opened, and just as he was about to
agree, he heard an old, but loud and thunderous voice from afar – come back
quickly!
Hearing this voice, he looked tangled, looked at Levi Garrison regretfully, then
looked into the distance, and sighed: “Hey!”
Then the whole person disappeared in an instant.
“baffling!”
Levi Garrison snorted coldly and left here.
However, the breath that this kid showed just now was quite enough.
If it was before, Levi Garrison was really interested in fighting a battle and trying
this brat.
But after revenge on Hydra, his mood has changed.
Not interested in it at all.
He doesn’t care who he just said!
No matter what their purpose or whatever!
What he didn’t know was that all the sects of Tianshi Mansion came out for him.
Little Taoist is just one of them.
The Return of the God of War [The

Protector] Chapter 3399
/ The Return of the God of War [The Protector]
the other side.
In a certain mountain village in Daxia.
Xiao Feng is with his goddess, Qianqiu.
Gong Qianqiu came from the faction of the West Pavilion of Zhenmo Si.
Since Xiao Feng told Gong Qianqiu that Azure Dragon (Qinglong) and a few
people came out, the relationship has become much closer.
"How is your junior sister's roots? Do you know?"
Gong Qianqiu asked suddenly, that charming look directly made Xiao Feng sink.
Xiao Feng swallowed and shook his head: "I don't know! No one seems to have
tested it! Junior Sister Levilia has been taken by Master to detoxify! There is no
time to test the root bone!"
"But I heard that your junior sister is very talented, she should be higher than you,
right?"

Miya Chiaki asked.
She had already measured Xiao Feng's root bone, which was of the highest
quality.
Very close to Azure Dragon (Qinglong) and theirs.
Therefore, Gong Qianqiu also passed on Xiao Feng the technique of refining Qi.
However, it has always been Xiao Feng's appetite!
Give him a little favor, make him feel hopeful, and suddenly disappear for a long
time.
Until now, after Xiao Feng controlled the information of Azure Dragon (Qinglong)
and several people, Gong Qianqiu began to see him.
Xiao Feng nodded fiercely: "That's for sure! Although the evaluation system of
the Tiance Mansion is different! But I can be sure that my junior sister Levilia's
talent is so strong! Let's just say, Azure Dragon (Qinglong) and the others are
incomparable! This point I'm sure!"

Gong Qianqiu's peach blossom eyes were full of radiance.
Xiao Feng was interested in seeing the goddess, and he continued: "Not only that!
Recently, I discovered a big thing by practicing the technique of qi refining!"
"what?"
Gong Qianqiu became more interested.
"Didn't my junior sister Levilia create her own exercises before? She went her
own way! I have learned about the exercises she created by herself, which is to
use the elements of heaven and earth for her own use!"
"I didn't think there was anything before, but recently after practicing the Qi-refining technique you passed on to me, I found out that she created the Qi-refining technique herself? It's almost the same! There's no difference!"
Hearing this, Gong Qianqiu was shocked: "What? Created the technique of
refining Qi???"
She was stunned!
In her impression, the technique of qi refining or other inheritances of the Magic
Division should be isolated from the world.
Before they appeared, the techniques of qi refining could not exist.
But she created it herself?
That is the posture of defying the sky!
This talent alone is enough to make people drool.
Made countless people crazy!
This has to make people wonder how far her root bone can reach?
Maybe it can be comparable to the legendary Five Elements Spiritual Root Spirit
Bone?
Spiritual roots and bones that did not even exist in legends? ? ?
Once this bursts out, I don't know how many people will go crazy?
Now looking for the five Azure Dragon (Qinglong) people and getting their Five
Elements Spiritual Roots and Spiritual Bones, all of them have gone crazy.
Here's another more powerful root bone, is it still good?
Everyone wants a root bone transplant, right?
And there is another point, since she can create her own qi refining technique, it
means that her root and bones will match their training system.

That is, the spiritual roots and bones they imagined will not deviate.
It is the most terrifying kind of spirit root spirit bone!
Just thinking about it now, Gong Qianqiu couldn't hold back anymore.
The body was shaking slightly.
She trembled a little when she spoke: "Then your junior sister's root bone is
really the best of the best! I really want to know what your junior sister's root
bone is like?"
"But I can't cause you trouble, making it seem like I'm trying to beat your junior
sister! Hey!"
Hearing this, Xiao Feng immediately said: "How come? This is impossible!"
"You see that after knowing the roots of Azure Dragon (Qinglong)'s few people,
you not only did not take action, but also went to protect! How could you possibly make up your mind, my junior sister?"
"Furthermore, in fact, I really want to know how my junior sister's roots are now?
I seem to have heard someone say that someone has taken the test last time!"
Xiao Feng said.

/ The Return of the God of War [The Protector]
"Who?"
Miya Chiaki asked immediately.
"It seems to be from Beige. I can't remember the name. It seems to be Xu or
something…"
Xiao Feng touched his head and said.
"Xu Qingya, right?"
Miya Chiaki asked immediately.
"That's right, that's the name!"
Xiao Feng nodded immediately.
Gong Qianqiu's breathing immediately became rapid, and he asked: "Then what
did they say when they measured your junior sister's root bone?"

"I don't know the specifics, and I didn't pay attention! It seems to be pretty

good!"
There were two cold glows in Gong Qianqiu's eyes – OK, Xu Qingya! You went to
test her roots.
Now that nothing has come out, it can only explain one thing – this girl's root
bone has reached the level of defying the sky.
Xu Qingya and the others are hiding!
As a result, Gong Qianqiu's curiosity became heavier.
She just happened to have learned that Levi Garrison was conferred a god in the
first battle of Siberia!
Such a defying father, his daughter will definitely not be bad.
Now she even wants to know how Levi Garrison's roots are.
I'm afraid it's also a sky-defying level, right?
There is also the information that Levi Garrison is invincible in Siberia, she did not
tell Xiao Feng.
That being the case.
She also has to know what Levilia's roots look like as soon as possible.
To what extent?
But saying no to Xiao Feng directly, there are too many flaws.
It's not good if you are suspected.
Gotta find a way!
correct!
Got it!
"Something is bad!"
"Xu Qingya and the others tested your junior sister's bones, but they didn't say
anything! Then they must be trying to beat your junior sister's idea!"
"Think about it. After the five Azure Dragon (Qinglong)'s root bones were tested,
everyone knew about it. But now only Xu Qingya and the others have tested your
junior sister's root bones, but no one knows. What does this mean?"
…
In the exaggerated sound of Gong Qianqiu adding fuel to vinegar.
Xiao Feng also panicked.
Sister, is there going to be an accident?
In the past, Xiao Feng could definitely find the problem.
But now the goddess is telling him, and he has no doubts.
What Gong Qianqiu said was right.

And the analysis is so eloquent!
“But my junior sister and the others are hiding in a hidden place! Before that, the
five Azure Dragon (Qinglong) people were also hiding there! So when everyone
looked for it, they didn’t find it!”
“This was arranged in advance by the master. Before the master left, the location
was told to me, let me hide it!”
Xiao Feng said.
“Huh? Is there a hiding place to hide?”
The clever Gong Qianqiu immediately understood.
Why can’t I find anyone, it turned out to be hidden.
She pretended to breathe a sigh of relief: “Fortunately, hide it, otherwise it will
be dangerous!”
“However, as far as I know, people are looking for your junior sister all over the
mountains and fields now! Because your master is in Siberia…”
At this time, Gong Qianqiu told Xiao Feng about Levi Garrison’s invincibility.
“I guess everyone wants to find your junior sister before your master comes back,
so they do it!”
“Although the location is hidden, it is impossible for so many people to look for it.
What if they find it?”
…
When Gong Qianqiu said this, Xiao Feng immediately panicked.
Don’t be afraid of 10,000, just be afraid of what happens.
He immediately became worried.
You must see with your own eyes that there is no risk!
“I will immediately go to the hiding place to take a look. I can only rest assured if I
personally confirm that this place is not dangerous!”
“If there is danger, I can also help!”
Xiao Feng was about to leave immediately.
But he then stopped, looked at Gong Qianqiu and asked, “Qianqiu, are you willing
to go with me? If it happens to be nothing, you can look at the roots of the junior
sister!”

Gong Qianqiu smiled sweetly: "Are you so assured of me? I still can't!"
Xiao Feng immediately stated: "I trust you unconditionally! You are my family!"
"That's good! I'll go with you!"
The two then rushed to the hiding place.
At this time, Levi Garrison had already arrived at the hiding place.
He didn't know what had happened yet…
The Return of the God of War [The
Protector] Chapter 3401
/ The Return of the God of War [The Protector]
"I am back!"
Levi Garrison shouted.
Hearing Levi Garrison's voice, everyone appeared one by one.
Seeing that Levilia, wife and everyone are all right.
Levi Garrison also breathed a sigh of relief.
After all, just now, he was still a little worried.
Although this place is hidden, what if someone discovers it?
The doubts are now dispelled.
His tense nerves relaxed.

"Um?"
Levi Garrison glanced over, as if a few figures were missing.
"Huh? Why are there fewer people? It seems to be Azure Dragon (Qinglong) and
the others?"
Levi Garrison frowned immediately.
At this time, Zoey Lopez said immediately: "Not good! King's Landing! Azure
Dragon (Qinglong) and some of them may have an accident!"
"Ah? What's the matter? Didn't they come with you at all?"
Levi Garrison's face changed wildly.
"They came with us at the beginning, but they left shortly after they came!"
"Say you take care of them like children and protect them all the time! But in fact,
they can handle everything on their own! They can handle anything!"
"And they also said that they know better than you. The people of Zhenmo Division are in contact with them every day, and they have their own judgments!"
…
Zoey Lopez told Levi Garrison everything they said at that time.
"Bullshit!!! It's just bullshit!!!"

Levi Garrison was angry.
The terrifying aura swept the audience.
Everyone couldn't help shivering.
For fear of being burst into blood mist by this terrifying breath on the spot!
Wasn't he just trying to persuade him to be afraid of this happening?
He actually knew that the five people were dissatisfied, but he thought that the
five people would be obedient and hide it if they accommodated him.
It's just that they can't hold back!
I'm all for you!
This is not moral kidnapping!
It's really going to happen!
Just a few people didn't listen!
Didn't this happen?
Understood!
Why are so many people outside looking for the Azure Dragon (Qinglong) Five?
They are looking for Levilia and looking for Azure Dragon (Qinglong) five people
are actually different…
Levilia, they can't find it at all.
However, the five Azure Dragon (Qinglong) people should have been killed, and
they were controlled by a certain faction of the Zhenmo Division. Other factions
could not find someone who succeeded.
Levi Garrison was about to explode.
But there is no way!
"Actually, after the five Azure Dragon (Qinglong) people were found hiding
outside, they were looking for them all over the mountains and plains! But Azure
Dragon (Qinglong) and the others thought that those people were looking for
them to protect them! They didn't harm them! In addition, the outside was in
chaos, so they wanted to Go out and preside over the situation!"
Zoey Lopez continued.
Levi Garrison was furious: "What kind of overall situation do you need to be in
charge of? It shows you?"

“We are worried that something will happen to them, but we don’t dare to go out,
for fear of causing trouble! After we go out, it is estimated that it will become
more and more chaotic!”
“I don’t know what they are like now? Hope it’s okay!”
Zoey Lopez and the others were also depressed.
“You did the right thing! Now outside, not only looking for the five of them, but
also Levilia, you, and any of you!”
“Once you go out, anyone is in danger! It can even be said that anyone who has
something to do with me, Levi Garrison, is in danger!”
“Not only are all parties involved in the Daxia Town Magic Division, but many
foreign forces are also participating!”
Levi Garrison nodded approvingly.
At least these people didn’t make trouble for themselves!
This is a rather gratifying thing.
Otherwise, it’s all messed up, and he doesn’t know who to save if he wants to
save people.
Totally can’t save it.
Levi Garrison thought for a while and sighed: “Hey, it must have been a while!
Plus the five Azure Dragon (Qinglong) people are so frantically looking for
outside! It seems that they are more fortunate than fortunate!”
Levi Garrison just blamed his anger, but now he still feels distressed.
Those are his good brothers, who have accompanied him countless times in the
struggle in the war.
They are like this now, why doesn’t Levi Garrison feel distressed.
The Return of the God of War [The
Protector] Chapter 3402
/ The Return of the God of War [The Protector]
In case something goes wrong!
Maybe Levi Garrison will feel guilty!
I can only pray that there is nothing wrong with them, and then look for them
immediately and save them.

“Then let’s find it as soon as possible! They must not be in trouble! Don’t be in
trouble!”
Zoey Lopez was about to cry.
“Okay, let’s find it! Follow me! Don’t leave me!”
Levi Garrison no longer left them here, and followed him to find them together.
Let them stay here, or what if something happens again?
Just then.

Xiao Feng hurriedly brought Gong Qianqiu here.
However, Levi Garrison and the others have just left, and there is no one here.
Coming to this place, Gong Qianqiu was surprised.
No wonder no one could be found.
It was hidden here!
Levi Garrison is really amazing!
Not only is the strength so exaggerated, but even the city is so deep.
Who could have imagined such a place?
“Huh? What about people? Why aren’t there?”
Gong Qianqiu said suspiciously.
“But there are still residual breaths, which proves that they have just left! Didn’t
you say that they will always hide here?”
Gong Qianqiu began to question Xiao Feng.
Xiao Feng looked around and said, “No! My master is back!”
“Let us all hide here before and wait for him to come back!”
“Now there are no traces of fighting at the scene, and no other traces! That
proves that my master has returned, and they left with my master! It’s time to
find the Azure Dragon (Qinglong) five!”
As long as Gong Qianqiu is not involved, Xiao Feng’s IQ is still online, and he will
analyze it soon.
“Let’s go, let’s find our master! They should be able to keep up!”
Xiao Feng said immediately.
This made Gong Qianqiu stunned, and she couldn’t help but say: “I can’t go! Can
you go by yourself?”
For her, once Levi Garrison comes back.
Then no plan can be implemented.

Although I don't know how strong Levi Garrison is, he has already left a shadow in
the major factions of the Town Demon Division.
Besides, he also has an ancient divine sword!
Who is not afraid?
At least Gong Qianqiu felt that he could not cope, and was even afraid to meet.
Moreover, he was relatively empty in his heart and did not dare to see Levi
Garrison.
She can control Xiao Feng, but not necessarily other people.
If it is exposed by Levi Garrison, it will be troublesome.
Since Levilia can't get his hands on it for the time being, then we'll talk about it
later.
Long line for big fish.
There is no need to expose yourself now.
"It's okay!"
"You are your own, and I want to show you my master and my master!" Xiao Feng said.
"No! Your master is in such a hurry to find someone, I'm afraid there is danger!
You hurry up, hurry up and find Azure Dragon (Qinglong) and the others!"
"As for me, go back to the West Pavilion immediately! Then do my best to find
Azure Dragon (Qinglong) and the others, hurry up! Azure Dragon (Qinglong) and
the others are really going to have an accident!"
"Furthermore, I'm going to see your master and the others now. They thought I
had other ideas, and it even had something to do with the disappearance of
Azure Dragon (Qinglong) and the others. After all, I'm from the Town Demon
Division. It's not suitable to see them for the time being!"
Gong Qianqiu urged.
But these two words made Xiao Feng moved!
Gong Qianqiu is putting himself in his shoes and thinking of him.
Much more than he thought.
"Okay!"
Xiao Feng nodded fiercely.

Then left and went to find Levi Garrison and the others.
As long as Gong Qianqiu didn't return to the West Pavilion, he would call in
people to help Xiao Feng and the like.
That's what she said.
Besides, the forces behind her also want to get the five Azure Dragon (Qinglong)
people.
If they found Azure Dragon (Qinglong), how could they tell Xiao Feng and the
others.
She just immediately released the message – Levi Garrison had returned, with
Levilia Zoey Lopez and others by his side.
This message is not only to the forces behind her, but also to the major factions
of the entire town of Demons.
Let everyone know that Levi Garrison is back.
Levilia also appeared.
Hurry up if you want to make up your mind.
The Return of the God of War [The
Protector] Chapter 3403
/ The Return of the God of War [The Protector]
She didn't know Levi Garrison's true strength.
But she wanted to be tested.
Once Levilia appears, there must be some people who can't help but make up
their minds.
At that time, some factions of Zhenmo Division will definitely fight against Levi
Garrison.
So isn't there an intuitive evaluation of Levi Garrison's strength?
According to the standards of their Demon Suppression Division, everyone can
see at a glance what strength Levi Garrison should be.
Gong Qianqiu just sighed: "Hey, although I was the first to know the whereabouts
of the Azure Dragon (Qinglong) Five, I was still a step ahead!"
Obviously, the forces behind Gong Qianqiu did not kidnap the five Azure Dragon
(Qinglong) people.
Still being preempted.

“But the next gentleman, I’m bound to win!”
Gong Qianqiu’s eyes were filled with a firm look.
With Xiao Feng as a springboard, it is still very easy to do.
the other side.
Levi Garrison and the crowd have already gone to the Azure Dragon (Qinglong)
Five.
There are many of them, and their speed is not very fast.
Soon after, Xiao Feng was staring at him.
Xiao Feng repeated his analysis of the situation.
This made everyone more and more worried, and it was probably certain-the
Azure Dragon (Qinglong) five people were really in danger.
Xiao Feng also mentioned several possible locations.
This is what Gong Qianqiu told him.
“Then look for it!”
Just as everyone was about to appear, a group of people appeared.
It was Master Tiance who came to tell Levi Garrison the news.
“After the five Azure Dragon (Qinglong) people reappeared before, they first
came to the Tenshen Division. It seems that a group of people came! They followed the group and left!”
Several heavenly guards explained the situation.
“Go, go to the Tenjin Division!”
Levi Garrison’s face was tense.
Lead the crowd to Tenjinji.
At this moment, Tenjin is also in a mess.
“Um?”
After arriving, Levi Garrison still sensed a few wisps of breath. Although it was
weak, he still felt it.
As long as he encounters this kind of breath again, he will definitely find it.
Of course no one else can feel it.
Because those people are super powerful, they can restrain their breath and
leave no traces.
However, Levi Garrison’s strength was unexpected, and he still found these
breaths.

“But it has been so long, and the five Azure Dragon (Qinglong) people are more
fortunate and less fortunate!”
The Heavenly Guards were a little numb.
This is definitely going to happen.
They told the story that many people from the town magic division came to find
the Azure Dragon (Qinglong) five people one by one.
“It seems that they have long been eyeing the Azure Dragon (Qinglong) five, they
are just preparing to make a move!”
“Look! Look for it immediately!”
Levi Garrison’s heart also sank to the bottom.
Going out to look for it.
But at this time, Xu Qingya and the four found Levi Garrison.
“One word side by side king, you are finally back, something happened to your
brothers!”
“Hey, it’s our fault, we’re a step behind! In fact, we came here not long ago, and
they were taken away! We’ve been looking for it, but we couldn’t find it at all!”
“The person who took them must have come for the root bone transplant!”
Xu Qingya said directly.
“Boom!!!”
This message was a bolt from the blue for Levi Garrison.
There is a glimmer of hope ahead.
But after hearing the affirmative words of Zhen Mosi, Levi Garrison was completely desperate.
cut off any possibility.
Most things have already happened by now.
I guess I can only pray that I don’t lose my life.
Just live!
I don’t care about the root bone!
Their faces turned pale when plum dyed them.
At the beginning, they blocked all kinds of things, but they couldn’t stop them.
They could only watch Azure Dragon (Qinglong) and the others leave.
I didn’t think it really happened.
“We also learned not long ago that in fact, the spiritual bones of the five Azure

Dragon (Qinglong) people are the legendary five-element spiritual bones!"
"This has not even appeared in the various top-quality bones of Zhen Mosi! It
must have attracted the attention of many people!"
Xu Qingya told Levi Garrison another message.
The Return of the God of War [The
Protector] Chapter 3404
/ The Return of the God of War [The Protector]
Only now did Levi Garrison and others understand how powerful the spiritual
roots and bones of the five Azure Dragon (Azure Dragon (Qinglong)) people are?
Then it means that the Azure Dragon (Azure Dragon (Qinglong)) five people are
finished.
It's impossible to be unscathed!
"But there is still hope!"
Xu Qingya threw out a little more hope.
This made Levi Garrison and the others immediately excited, and they looked at
Xu Qingya and asked, "What do you say? Do we still have time?"
Xu Qingya nodded: "Well, listen to me!"
"Although each of the five people represents a spiritual root and a spiritual bone
of one attribute, in order to have the greatest effect, all five spiritual roots and
spiritual bones must be fused. This is impossible for ordinary people in the town
magic department! Or 90% Many people can do it! But it doesn't rule out that
others can't do it! Some people can!
In fact, those powerful characters have long seen that this is the Five Elements
Spiritual Roots and Spiritual Bones! It's just that he didn't act, trying to figure out
how to fuse the five spiritual roots and bones together? This is quite difficult! "

"Because transplanting a root bone requires a lot of money, it is a kind of sorcery

in itself! Transplanting your spiritual root and spiritual bone to another body is
equivalent to grafting your talent to others, which is a stroke of luck! Then you
should also Pay the corresponding price!
Few people can do this kind of sorcery! Such people are called bone masters!
But in the Demon Suppression Division, some big forces are still privately supporting such people! Generally not! Not only does it mean that there are none!
"
"But even these specialized bone masters can't transplant root bones so easily!
First of all, you need a top-level broken spirit knife, which is specially used for
digging root bones! Second, there are various tools, which are also rare! There
are other preparations. Work wait!"
"The most important thing is that these five elements of spiritual roots and bones are not on one person, but distributed on five people. It is very difficult to
just dig out! But after all the five people's spiritual roots and bones are dug out,
they are perfectly fused together. , and then transplanting the root bone to another person is even more difficult!"
"Let's put it this way, it's a thousand times more difficult than a normal root bone
transplant! It also takes a lot of time to do this! So we still have hope!"
…
Xu Qingya explained the matter as quickly as possible.
Everyone understands the principle.
Then there is hope.
Just find the Azure Dragon (Azure Dragon (Qinglong)) Five as soon as possible.
Maybe the root bone transplantation is in progress, not to mention whether the
root bone can be saved or not, at least it is not a problem to save the lives of the
five Azure Dragon (Azure Dragon (Qinglong)) people.
This is the best news Levi Garrison has heard so far.
There is still hope!
Find it now! ! !

At this time, Xu Longri thought of something and couldn't help but say, "But they
are…"
He wanted to tell the origin of the group, but Xu Qingya immediately covered her
mouth.
"Okay, nothing! Let's go find it!"
Xu Qingya said.
Fortunately, Levi Garrison and the others didn't notice Xu Longri, which made Xu
Qingya heave a sigh of relief.
The three of Xu Longri looked at each other, and the same expressions flashed on
their faces—that is, they were determined not to tell Levi Garrison and them
about this group of forces.
This is the secret of the town magician.
The identity of this group cannot be said!
Levi Garrison didn't notice other people at all, he just wanted to find someone.
"This group of people still has residual breath. If I detect their breath, I can find
someone!"
Levi Garrison said.
"But this breath is very weak, and in such a big place, I don't know where to find it
at all?"
Xu Qingya and the others can also detect the breath, only those who encounter
these breaths can find it.
Where to find it directly?
"I can! I'm very sensitive to all kinds of breaths and energies! I'll try…"
Next, Levi Garrison stood on the spot and turned on his perception.
Try to find the breath as much as possible.
In an instant, his perception spread directly from here.
The Return of the God of War [The
Protector] Chapter 3405
/ The Return of the God of War [The Protector]
Levi Garrison does not know how to refine Qi.
It doesn't know the magic of Tianshifu.
He is purely perceptive, and can almost perceive all the power and breath.
And it's very broad.

It feels that the mountains and rivers in the great summer are under his control.
At this moment, Levi Garrison's whole person exudes light, like a god!
"found it!!!"
Levi Garrison's eyes were full of radiance, and he shot out a series of electric
lights!
He still sensed the breath.

And it's strong!
Maybe it's their lair or something.
It's not far from Tenjin.
It is also not within the scope of the major factions of the Town Demon Division.
Because they also understand that other major factions of the Town Demon
Division will also look for it.
How could it be possible to act in the territory under their noses.
So it has to be hidden somewhere else.
The four Xu Qingya were stunned.
Does this work? ? ?
Levi Garrison seems to be stronger than they thought.
A pure body cultivator actually tyrannized to such a field.
Can you feel this breath?
It was so scary.
Before he could be surprised by Levi Garrison's tyrannical strength, he had
already headed to his destination.
The crowd immediately followed.
However, at this time, I met a group of strong people on the way, from a certain
faction of the Zhenmo Division.
When they saw Levi Garrison, their eyes lit up fiercely.
They immediately stopped Levi Garrison.
"Levi Garrison hand over the ancient sword!!!"
One of them even roared.
"Go away!!!"
Levi Garrison's voice was like a thunder robbery from the Nine Heavens God.
A terrible aura swept the audience.
"puff!"
"Boom!"

“Crack!”
...
The group of people in front of them were directly thrown out, and they all vomited blood and became a mess.
That is, their physique is strong, otherwise they will all die.
They opened their eyes wide and looked at Levi Garrison in disbelief.
Extremely powerful!
Ignore everything!
They watched in shock as Levi Garrison left under their noses.
I really never thought that Levi Garrison would be so strong and crush them
directly.
They still underestimate.
Levi Garrison is now in emergency care, and someone is blocking the way, how
can he not be angry?
He still stayed.
Otherwise, all these people will die! ! !
Levi Garrison really ran all the way with the crowd, and could not wait to arrive
immediately.
Seeing Levi Garrison’s anxious look, Xu Qingya pursed her lips.
She couldn’t bear it.
One thing she didn’t tell Levi Garrison.
That is, people who have been dug out of their roots cannot survive.
Because once the root bone is opened, it is equivalent to the place where the
vitality of life is stored.
Now the bones are gone, and the vitality of life is gone.
Then people are sure to die.
It’s just that she didn’t say anything, for fear that Levi Garrison’s hope would be
extinguished on the spot.
Not wrong.
In Levi Garrison’s view – there is nothing wrong with losing the root, as long as
the person is alive.
But he was wrong.
There is no root, and people are about to die.
At this moment, it is located on a mountain top somewhere in the northeast of
Daxia.

Here is the fire pulse!
In other words, this is a crater, and there is strong magma below.
There are dozens of figures standing around, all of them wearing black robes,
they can't see their faces at all.
But everyone's breath is powerful to the extreme!
At least they must be at the level of the three strongest super gods in the War
Bear Kingdom.
On the top of the mountain, there are also a dozen figures, and they are busy.
The reason for choosing this place is because the fire pulse is used to maintain
the human body, to keep the spiritual roots and bones in an active state, and
there will be no necrosis or failure.
There was a large stone bed, and five people were lying on it, it was Azure Dragon (Qinglong) and the others.
They never thought anything would happen.
This group of people deceived them to this place in the capital on the grounds of
helping Levi Garrison.
By the time they found out, it was too late.
The strength they think they can control everything is actually very weak, so
weak that they can be crushed casually.
The Return of the God of War [The
Protector] Chapter 3406
/ The Return of the God of War [The Protector]
At that moment, they knew that everything Levi Garrison said was right.
They really can't!
In this world, they are still far from being able to be independent.
Their power is limited to the Tenjin Division.
Outside, it's really worthless.
By the time everyone reacted, it was already too late.
Only at this time did they realize that the factions of Zhen Mosi were aimed at
their roots.
I also understand that Levi Garrison's layout in advance is correct, just to prevent
such a situation from happening.
Regret!

Very sorry!
But there is no regret medicine in this world!
If they don't listen to Levi Garrison's words, they will pay the corresponding
price.
The price is still heavy!
And only then did they realize how terrifying their roots were.
Those who deal with them every day, the people who call them brothers and
sisters, are all for their roots.
I didn't do it for the time being because it was too difficult to transplant the root
bone.
Especially when their five-element root bones are excavated and fused together,
it is almost impossible for them to complete.
After being brought here, a dozen people were already waiting for them.
These people either have scars on their faces like devils, or they are blind and
deaf, and people with fewer legs and fewer arms.
Bone Master!
Specializing in this insidious deed!
got punished!
Paid the price!
Just like many fortune-tellers who make good calculations, although they are
accurate, they occasionally pay a price.
Many people are disabled by themselves, and there are even disasters to their
family members.
What the bone master is doing is transplanting root bones, which is equivalent to
transferring other people's innate luck, and it is normal to pay a price.
Therefore, bone masters are very rare in the major factions of the Suppression
Division.
But someone will definitely do it.
There are actually ten bone masters in this force that Xu Qingya and the others
are afraid of to death.

It is estimated that they would not have thought that there would be so many.
When the five Azure Dragon (Qinglong) people were brought here, the ten bone
masters began to act.
To transplant the root bone.
A young man was lying on a stone bed not far away, looking at the five Azure
Dragon (Qinglong) people with ferocious excitement.
Obviously, the root bones of the five Azure Dragon (Qinglong) people will be
transplanted to him!
He is ready.
The bone master did not let the five Azure Dragon (Qinglong) pass out, and they
had to be awake so that the spirituality of the root bones could be maintained.
When they are awake, use tools such as a broken spirit knife to dig out their root
bones little by little.
During this period, the five Azure Dragon (Qinglong) suffered the most extreme
pain and torture to the greatest extent.
These bone masters didn't let them pass out at all and stayed awake at all times.
Therefore, they have been guarding this endless pain.
He watched helplessly as the bone masters dug out all their root bones with the
Broken Spirit Knife.
Then they fused the root bones of the five people using secret techniques and
tools.
It was then transplanted into the body of the young man next to him.
The whole process was slow and it took a long, long time.
The screams of Azure Dragon (Qinglong) and the others have not stopped, which
means that they have died over and over again.
Sorry!
Just so sorry!
Why didn't you listen to Levi Garrison?
Why go it alone?
Did your sister-in-law persuade them that much?

Isn't it bad to be a kid?
Isn't it bad to let the boss protect you?
…
Several people lay there with miserable smiles.
All this is now the result of their own brewing.
No one else to blame!
Only they can blame themselves!
Now that the root bones have been dug out, no one cares about them.
They also felt that their bodies were extremely weak, as if the string of life had
been forcibly torn.
They are going to die.
Everything in the past is like a movie, constantly replaying in their minds.
Especially the shadow of the boss keeps appearing.
Everything is an omen before death.
They couldn't lift their eyelids.
boss!
If you have a chance!
We will be brothers in the next life!
Do not!
Must be a brother!
The Return of the God of War [The
Protector] Chapter 3407
/ The Return of the God of War [The Protector]
Their brains are extremely heavy, and their consciousness is a little bit slack.
Everything was blurry in front of him, and his eyelids were getting heavier and
heavier, almost unable to open.
The spiritual roots and bones were dug up, which was equivalent to directly
letting go of their life essence.
This is what life is all about, being dug away.
Not far from death.
The bone masters next to him are still busy.
But the Azure Dragon (Qinglong) five were like abandoned wild dogs, they gave
up when they used up.
…
Time is still passing, and finally this group of bone masters successfully fused the
five elements of spiritual roots and bones.

This is the most crucial step.
Then it only needs to be transplanted to the young man next to it.
Basically it has been successful.
Of the more than 20 people guarding outside, one of them suddenly changed his
face.
“It seems that someone is coming this way?”
he said coldly.
“impossible!”
“We didn’t notice it!”
…
The rest of the people felt it carefully and didn’t notice anything.
Maybe it’s too far away.
Maybe it’s because of their lack of strength.
But the person who just asked the question said coldly: “To be honest, I can’t feel
any abnormal existence around, but my hunch is very strong! It seems that someone is really approaching!”
“Ah? That’s not enough! They searched for so long and couldn’t find it!”
“No one can find this place at all, right?”
…
Others are confident about it.
It’s hard for other people to find it because of their manipulations in this place.
Otherwise, it won’t be found for so long.
“No! Get out! My hunch is too strong! I’m not afraid of ten thousand, just in case!”
“Now has come to a critical moment, no mistakes are allowed! There can be no
mistakes at all! It is very likely that the results will fall short!”
When this person said this, the others also felt reasonable and nodded.
Now has come to the most critical moment, so it must be evacuated, and the
place must be moved.
“withdraw!”
“Notify them!”
…
The group acted immediately and notified the bone masters.
They are ready to transplant the fused five elements of spiritual roots and bones
into their young master’s body.

After receiving the notification to retreat, they immediately stored the five elements of the spirit root and bones, and immediately retreated.
Soon, everything here is packed up.
Take everything that can be taken away from the field.
Only the Azure Dragon (Qinglong) five remained.
The robe powerhouses checked it again.
Before leaving, I saw the five Azure Dragon (Qinglong) people on the stone bed.
One of them couldn't help but ask, "What about them? Do you want to kill them?"
"Yes! Let's kill it! After all, they have seen us! Although they don't know our true
face! But those bone masters are not disguised, they have seen it!"
Another person also suggested to kill the five Azure Dragon (Qinglong) people.
Only the first person sneered: "Even if they see the appearance of the bone
master, it is useless! Originally, the whole town magic division bone master is
only those people! You can guess it! It's not a secret!
And we are never exposed, and they don't recognize us! What's more, these five
people are about to die! It's not our turn to kill! "
"Yes! Keep these five people, just to warn Levi Garrison! Let him know that he is
not invincible! He is nothing at all! We are waiting for him to take revenge!"
"Hahaha, we're not some Hydra! Besides, he doesn't even know who we are?"
"We just dug out his brother's roots. What can he do? Can't even control their life
and death?"
"Wait, as well as your root bone, and your daughter's root bone, someone will
have an idea!"
...
The men then fled quickly.
In a daze, the five Azure Dragon (Qinglong) saw the group of people flee.
But they can't do anything.
They can only wait to die!
The eyelids of the five people were also completely closed.
Consciousness gradually disappeared.

The Return of the God of War [The
Protector] Chapter 3408
/ The Return of the God of War [The Protector]
“right here!!!”
Shortly after.
Levi Garrison came here with a group of people.
Here is the breath of those people.
Even Xu Qingya felt it.
It’s just that the place is empty.
And it’s just gone.
not good!
It’s too late!

I’m late!
“Boom!”
Levi Garrison’s head was about to explode.
The same goes for everyone else – a bolt from the blue!
This time something really happened.
Xu Qingya and the others also looked heavy, and immediately followed.
Come to the top of the mountain.
Everyone soon saw the five Azure Dragon (Qinglong) people on the stone bed,
covered in blood, and the five people were no longer angry.
“I……”
Levi Garrison exuded a monstrous aura and rushed up.
“It’s still a step too late! The root bone was dug out!”
Xu Qingya said angrily.
“Hey!”
The three of Xu Longri sighed.
A glimmer of hope is still dashed!
They still underestimated that group, and they were going a lot faster than we
thought.
Regardless of whether their root bones were successfully transplanted, the root
bones of the five Azure Dragon (Qinglong) people were dug up.
Then five people will die.
This is the worst!
“Blue Dragon!”
“Phoenix!”
“Kirin!”
“White Tiger!”

“Xuanwu!”
Levi Garrison inspected the situation of the five people.
It’s just that the five people are almost out of breath, dying.
However, after Levi Garrison input power, the five of them reluctantly opened
their eyes.
Seeing Levi Garrison, the eyes of the five of them lit up fiercely, and their lips
were squirming: “Old… boss! I… we…”
“We’re… sorry for you… we shouldn’t… don’t listen to you…”
“In the next life, let’s… be brothers again!”
“Stop talking, it’s okay! You’ll be okay!”
Levi Garrison held their hands tightly.
He could feel that the life essence of these people was rapidly draining, and they
were almost gone.
Is this such a big side effect of digging out the root bone?
Is this straight to death?
He turned his head to look at Xu Qingya and asked, “Why is this happening?”
“Sorry, the king of the word! I didn’t tell you about this!”
“If the root bone is dug out, you will die!”
As soon as Xu Qingya said this, Levi Garrison’s head really exploded.
In his view, even if the root bone is missing, it is like missing an organ.
People will still live.
But I didn’t think it would be fatal!
This is beyond expectations!
He didn’t think of it!
“What? Dying?”
Xu Qingya nodded: “That’s right! They have opened the spiritual roots and bones,
that’s where the vitality gathers! If the roots and bones are gone, then the vitality will dissipate! Naturally they will die!”
“Why is this? Why?”
Xiao Feng cried directly.
Now that the five Azure Dragon (Qinglong) people are in this situation, they have
an inseparable relationship with him.
At the beginning, he secretly contacted five people, and the five people left the
hiding place, and they were inseparable from him.
even a large proportion.

Seeing a few like this now, he couldn't bear it anymore.
Zoey Lopez also cried.
Because they are treated as family!
"Uncle Azure Dragon (Qinglong), Uncle Kirin (Qilin), Aunt Zhuque…"
Levilia also burst into tears.
Everyone's heart sank to the bottom.
No one thought that the consequence of transplanting the root bone would be
death!
And it's still boring!
The kind that even the Great Luo Immortal can't do!
Xu Qingya said helplessly: "Mr. Ye's condolences!"
Levi Garrison was going to be angry, but Azure Dragon (Qinglong) touched him.
"Don't be sad, boss! We will meet again!"
"Goodbye boss! It's okay! We're not afraid!"
"Boss, live well! We will watch you from the sky!"
…
The five Azure Dragon (Qinglong) gathered their last strength and said to Levi
Garrison, speaking much more smoothly.
"I won't let you die! Absolutely not!"
Levi Garrison shouted madly.
The Return of the God of War [The
Protector] Chapter 3409
/ The Return of the God of War [The Protector]
Xu Qingya and the others said, "It's useless! Unless the magical medicine is
forcibly extended!"
What they mean is that Levi Garrison is leaving to toss.
There is no use in tossing.
Instead, he will go mad.
heard here.
Levi Garrison's eyes lit up.
He immediately took out half of the magic medicine left over when he was treating Levilia.
If all the magic medicine was used on Levilia, it would blow Levilia's body.
After all, such a strong medicine, the body can't bear it.

So there's a long piece left!
Never thought it would be used at this time!

Xu Qingya and the others were stunned.
What are you talking about?
Levi Garrison really has magic medicine!
What a surprise!
Involuntarily, Levi Garrison immediately divided it into five parts for the five
people to take.
Then input the power yourself to guide the medicinal power to hit the whole
body.
Even if there is only a small portion of each person, the medicinal power is
terrifying.
After all, it's not for detoxification or anything else, it's just to deliver medicinal
power and increase vitality.
So totally sufficient!
Soon, the five people changed, their faces became ruddy, and their spirits were
all recovering quickly.
come to life!
It is equivalent to snatching people back from the god of death.
Magic!
Everyone was stunned!
This can live on!
It's just outrageous!
"Yan Zangsheng, I thank you!"
Seeing this, Levi Garrison began to laugh wildly.
This magic medicine not only saved his daughter, but now he saved his brother!
Soon, the five Azure Dragon (Qinglong) people recovered.
Although still very weak, at least his life was saved!
"Boss, we're sorry for you! Woohoo…"
Phoenix was a woman after all, so she cried so hard.
The eyes of the four Azure Dragon (Qinglong) were also flushed, tears were
rolling, and they were sobbing softly.
In just one day, they experienced life and death parting.
Walked through the gates of hell.
And all because they deserve it!
Wouldn't it be better to listen earlier?
Must be rebellious?

Now they really feel sorry for Levi Garrison!
They feel that Levi Garrison has always been guarded by Levi Garrison as a child!
Everywhere is looking after them, calling the shots for them!
They are now the ace of Tenjinji, and the five are very strong, so their wings are
hard.
I feel like I can be the master, I can be alone.
I don't want Levi Garrison to continue to guard them.
to do something so stupid…
In the end, it was Levi Garrison who wiped their butts.
If it weren't for Levi Garrison, they would all be dead.
"Shame! Boss, we have shamed you!"
"We deserve it! It's all our fault!"
"You scold us!!! You hit us!"
…
Azure Dragon (Qinglong) said with their heads lowered.
They always wanted to share something for Levi Garrison.
In the end, it turned out to be the biggest burden!
Shame on Levi Garrison!
Their roots were dug out!
Will become the biggest joke!
And they're going to be crippled!
Completely rubbish!
They will be weak to the extreme, weaker than ordinary people.
A child of a few years could have killed them.
"It's okay! As long as you live! You are not wrong! It is someone else who is at
fault!"
"I understand your thoughts! I don't want to worry about you too!"
"Don't think about other things, as long as you live, everything has hope!"
Levi Garrison said while holding the hands of the five people.
The five people cried and cried.
Levi Garrison looked at Xu Qingya again and asked, "Can they solve this situation?"
Xu Qingya shook her head: "Their root bones are estimated to have been transplanted! It's useless to find them! Unless someone else's root bones are dug
up and transplanted to them!"
"If you plan, it's easy to do it with your strength!"

What Levi Garrison wanted to say, Azure Dragon (Qinglong) refused directly: "No!
We have experienced this kind of pain, and we must not let other innocent people suffer this kind of pain for ourselves! Even if I die, Azure Dragon (Qinglong) will not go to this kind of thing. Do!"
The Return of the God of War [The

/ The Return of the God of War [The Protector]
"Yes, no! We don't do such wicked things!"
"Why should our pain be borne by others?"
...
Xu Qingya and the four were taken aback.
They got it.
Why do this group of Levi Garrison care so much about them, and why do they
respect Levi Garrison so much?
Why does their group look so sparkly?
Why would they all die for each other or something!
Because they are worth it!

They are perfect in every aspect of character, charisma.
What kind of strength, what kind of thing, it doesn't matter to them.
Especially in Zhen Mosi, they rarely see such people.
Or basically invisible.
That is an environment where the strong eat the weak!
You are weak and should be bullied!
You are weak but your roots are good, so sooner or later you must be dug up.
No one will do justice for you!
If they have the strength of Levi Garrison and the others, it would not be difficult
to find a few good root bones for Azure Dragon (Qinglong) and the others, and it
would not be difficult to transplant root bones.
It is estimated that it is impossible to reach the Five Elements Spiritual Roots, but
other excellent root bones are still very easy.
But they won't do it, they won't bully the weak or anything.
This is where they feel different.
So the four were stunned.
Xu Qingya and the others in the North Pavilion are a little better, and they can

still see the human touch.
Others are intriguing, cannibalizing people, eating meat without spitting out
bones in a hell-like environment.
"It's nothing! What is the root bone? Let's take other paths! I don't rely on the
root bone, so I'm still not good?"
"The most important thing is to live!"
Levi Garrison won't care about others, as long as the brothers are safe and sound.
The Azure Dragon (Qinglong) five also held Levi Garrison's hand tightly.
"Let's go, let's go back! Let's find a place isolated from the world to cultivate
well!"
Levi Garrison said.
Others also came to help and took the five away.
The five also subconsciously wanted to get up and leave.
But they couldn't move.
The body is completely out of control.
Consciousness and body are not on the same line at all.
And then, Levi Garrison and the others found out.
The five Azure Dragon (Qinglong) people have no ability to act.
Just lay there, motionless.
Couldn't move at all.
This is still in the state of the life-sustaining medicine…
fear!
Everyone realized the problem.
It's just a matter of life now.
But the five people have been deprived of any mobility, let alone living like a
normal person, it is impossible to move.
Levi Garrison took advantage of the situation to carry Xuanwu on his back, but
Xuanwu suddenly made a grinning sound: "Hey! Hiss! Hiss! Old… Boss, I hurt, I
hurt…"
Even though Xuanwu is tall as a mountain, he is actually the youngest of the five,
but he is a simple and honest boy who has always been taken care of by everyone.
Because of enduring the pain of the root bone being forcibly dug away, Xuanwu

was extremely weak.
Even if the magic medicine lives on.
But the body is still weak!
That is the root of man—the root bone has been dug away.
It is equivalent to the third prince of the dragon who was pulled out of the dragon tendon in the myth.
Really hurt.
In fact, they are very painful now, especially when they move like this, it is even
more painful.
Only then did Xuanwu reveal a child-like fear.
Of course Xuanwu is a tough guy!
Everyone can't bear to see it, how painful it is to make the tough guy Xuanwu like
this?
Xu Qingya sighed: "Hey! This is actually nothing, the most painful process is the
process of digging out the root bone! In order to maintain the activity of the root
bone, it will never make people faint!
The root bone was dug out in the process of sobriety! I don't know what kind of
pain they went through! It stands to reason that many people will die of pain
after being dug out! "
Hearing this, Levi Garrison could also imagine that the five Azure Dragon (Qinglong) people experienced devil-like pain.
How did you endure it?
His anger also burned to the extreme!
The Return of the God of War [The

Root bone grafting is extremely cruel!
inhuman!
Let Xuanwu so far, can see what kind of pain he has endured?
That is a cruel means of destroying the soul!
These beasts! ! !
Do you have to dig out the roots of others?
Don't have one yourself?
Levi Garrison's heart is bleeding!
He couldn't even imagine what kind of pain the brothers had endured!

“Clap clap clap…”
Levi Garrison clenched his fists tightly, and the knuckles made a terrible sound.
This place also seems to be cracking.
And it was originally a volcanic eruption, with hot fire veins underneath.
At this moment, because he couldn’t bear Levi Garrison’s anger, the magma
began to roll, and an abnormality appeared.
The long silent volcano is about to erupt.
Levi Garrison was furious, and the mountains and rivers moved.
Zoey Lopez and the others are also very distressed. How proud were Azure
Dragon (Qinglong) and the others in the past?
Now that it’s like this, it’s hard for them to accept it, right?
It hurts like this, let Xuanwu be like this?
They must feel ashamed, right?
It is estimated that they cannot accept this kind of gap!
They will feel it is waste, is a burden!
Shame on Levi Garrison!
Xiao Feng even blamed himself to the point of hitting his head to death.
If he hadn’t contacted the Azure Dragon (Qinglong) Five, this would not have
happened.
Even if his original intention was to protect the five, he was afraid that something would happen to the five.
But what happened was that it had something to do with him.
And he was the one who led the five people out of the hiding place.
Otherwise they won’t come out!
Xiao Feng slammed the big stone violently, his hands were already bloody.
“The boss is embarrassing for you! But it hurts…it really hurts, I don’t want to do
this, I don’t want to!”
Xuanwu burst into tears.
“Boss, we will be your burden in the future, we will not live up to our expectations!”
“I’m sorry, boss, let you see us like this!”
“What a shame! We are a shame! We deserve it!”
…
Several people were madly blaming themselves, and felt extremely embarrassed.
This time everyone’s faces became more and more embarrassed.

Seeing them like this made everyone feel uncomfortable.
It was really the Azure Dragon (Qinglong) five people who were emotionally
collapsed and couldn't control themselves.
"No problem! Who lost?"
"It's a shame for you to be silent and fall!"
"Don't want to embarrass me! Just listen to me! Hurry up and recover! Find
*revenge on the enemy! Don't let the enemy succeed! You have to f*ck them!"*
Levi Garrison shouted.
Hearing this, the five of them were much quieter, and there was a gleam of light
in their deadly eyes.
They also have hope.
The five people clenched their fists tightly!
But Levi Garrison didn't mention this matter, let alone who did it?
I didn't even ask Xu Qingya…
The stimulation to the Azure Dragon (Qinglong) five has been enough, and they
have calmed down their emotions.
Again, it's irritating and will make them lose control again.
The belief in my mind now is revenge!
But if you mention it too much, I am afraid it will remind them of the scene of
purgatory-like torture.
Definitely going to get out of hand again!
So Levi Garrison won't mention it again, just treat it as nothing happened.
After all, now they are not only traumatized physically, but also severely traumatized psychologically.
The psychological damage may be more serious.
After all, he can resolve physical wounds, but not psychological ones.
"Okay, take someone away!"
In the end, the five were picked up by Levi Garrison and his party.
But when he was about to leave, Levi Garrison instructed Xu Qingya and the
others: "Follow me! I have something to ask you later!"
Xu Qingya nodded her head.
They understand what Levi Garrison wants to do?
The root bones of the five Azure Dragon (Qinglong) people were dug out, and
this matter must not be forgotten.

He will definitely get his revenge!
Hydra is not like that!
but……
Although they knew who moved the hand, they didn't want to say it.
Resolutely can't tell Levi Garrison!
The Return of the God of War [The

/ The Return of the God of War [The Protector]
fear!
Deep fear!
Because they can't tell!
Definitely can't say!
Once they say something, that's it!
Not only will the four of them die tragically, but even the North Pavilion may be
implicated, and they will all be slaughtered!
There will be none left!

If they speak out and are found out, it will really be like this!
Even if the North Pavilion is a big front-line faction in the Town Demon Division,
it will still be slaughtered.
This is the strength of those people!
They are powerful and cruel.
They are really scared!
The major factions of the Zhenmo Division are all afraid of the wind, and there
are taboos that they do not want to mention.
Those who oppose them regret coming into this world!
All to die for!
Therefore, they dare not mention it!
Levi Garrison may destroy them, he has this strength.
But before that, that group of people will definitely destroy the North Pavilion!
They dare not gamble at all!
Both sides are ruthless!
But in their opinion, there is more ruthless than Levi Garrison!
They choose the other side!
Xu Qingya hurriedly hinted at several people with her eyes, signaling them not to

talk nonsense.
The other three also understand that this is about everyone's safety.
Not only themselves, but the entire North Pavilion.
will be in danger.
Levi Garrison took everyone to the place where they were hiding before.
Now the five Azure Dragon (Qinglong) people need to be quiet and cultivate, and
it is best not to be disturbed.
After returning, Levi Garrison immediately found a bunch of heaven and earth
treasures, and screened out the heaven and earth treasures that were useful to
the five Azure Dragon (Qinglong) people.
They are specially responsible for taking care of Zoey Lopez.
After being safe.
Levi Garrison came outside and called Xu Qingya and the others in front of him.
"You guys should know who did it? It feels like you know!"
Levi Garrison questioned them directly, his eyes burning as if penetrating their
hearts.
Everyone has a feeling of being seen through.
Xu Longri and several others felt guilty, and they didn't dare to look directly at
Levi Garrison.
"This… we…"
They began to hesitate and panic.
Or Xu Qingya was used to seeing strong winds and waves, she said directly:
"Yes!"
"Who is it??? Tell me!"
Hearing this, Levi Garrison was excited.
Immediately staring at her, a terrifying breath erupted from her body.
It is like a desolate beast that has been dormant for thousands of years!
At this moment, Xu Qingya felt that the blood was turbulent all over her body,
her meridians were also expanding, and her organs were about to explode.
Such horror has never been encountered before!
But even so, Xu Qingya still thinks that group of people is more ruthless!
Compared with Levi Garrison, Xu Qingya and the others couldn't provoke those

people even more!
Xu Qingya stared at the huge coercion and said to Levi Garrison: "One word side
by side king, listen to me – in fact, the people who transplanted the root bone
can easily guess the major factions of the Zhenmo Division! Because there are
special transplants The professional existence of the root bone is called a bone
master!"
"Bone masters are doing shady activities, and they have to pay a huge price!
Therefore, there are only a few bone masters in the town! Everyone can basically
guess that they must be the ones who want to transplant the root bone!"
"It must be some of these bone masters who dug out your brother's root bone!
These bone masters are very easy to find, and if you catch all the bone masters,
you can't go wrong!"
"But we don't know the mastermind behind hiring these bone masters to transplant the root bone, let alone who they transplanted the Five Elements
Spiritual Roots to?"
…
I have to say that Xu Qingya is very smart, but she doesn't seem to say anything.
But it dispelled Levi Garrison's suspicion.
Although she said that the bone masters were the ones who did it, they were
actually the ones who did it, but they were not the real murderers.
But someone else!
Bone masters are just tools, they are hired and used.
"Okay, I see! No matter who is behind the scenes, the bone masters can only be
those people, right?"
The Return of the God of War [The
Protector] Chapter 3413
/ The Return of the God of War [The Protector]
Levi Garrison's expression softened a lot.
This made Xu Qingya and the others nodded hurriedly: "Yes, that's right!"

“You don’t know who is behind the scenes?”
Levi Garrison continued to ask.
“Yes! We still know about bone masters! I really don’t know the mastermind
behind the scenes! And they are much stronger than us!”
“One step before we go, they flee, enough to say this!”
Xu Qingya said with deep fear.
Levi Garrison’s eyes shot cold light: “Okay, let’s arrest all the bone masters in the
Zhenmo Division first! I personally interrogate all the bone masters, I don’t
believe that I can’t find out who is behind the scenes?”
“You list all the bone masters! I don’t need you to look for it, I will find it myself!”

“I owe you a favor! Let’s do it as soon as possible!”
Xu Qingya agreed: “Well, okay, but it’s not that easy to have a complete list of
bone masters, we have to check it out, and we also need to ask for some old
seniors from the North Pavilion! We need to wait for a while with the king! “
“Okay! It’s okay! I’ll wait for you!”
After Xu Qingya and her party left from here, they all breathed a sigh of relief.
“It’s so dangerous, if Levi Garrison was a little bit stronger just now, I’m afraid I’ll
say it all!”
Xu Longri patted his chest.
“I want you to be smart, little junior sister! Otherwise, we really have to tell
them!”
Xu Qingya also frowned: “Although everyone knows that there are only so many
bone masters, it is not an easy task to list their complete list!”
“But since I promised others, I have to help them do it!”
“This is, although we can’t say who is behind the scenes! But we can still provide
the list of bone masters!”
Xu Qingya and her group also left immediately.
After they left, Xiao Feng appeared in front of Levi Garrison.
“Pfft!”

He knelt down directly in front of Levi Garrison.
Levi Garrison was immediately stunned.
"What are you doing?"
Levi Garrison asked.
"Master! It's all my fault! I killed Azure Dragon (Qinglong) and the others!"
"If I hadn't contacted them secretly, they wouldn't have left here! They'll definitely wait for you to come back, let alone this kind of thing!"
"It's all me! Everything is my fault! Master, hit me! You scold me!"
"Clap clap clap…"
Xiao Feng slapped himself hard.
Levi Garrison quickly stopped him: "What does this have to do with you?"
"It's not your problem at all. You are also well-intentioned, not to frame them!
How can you put the blame on yourself? You see, we don't blame you!"
Xiao Feng was about to cry.
"Because no one blames me, I feel more and more guilty! In any case, this matter
is inseparable from me! I have a great responsibility!"
"I'm sorry for them!!!"
…
Xiao Feng really blamed himself.
"Xiao Feng! Get up! It's okay! If I said you were wrong, you are right! You don't
have to blame yourself at all!"
"What we need to do now is to help the five Azure Dragon (Qinglong) recover,
and on the other hand, find out who is behind the scenes, understand? Everything
else is useless!"
"What's more, this matter has nothing to do with you!"
Levi Garrison forcibly pulled Xiao Feng up.
"Okay, I know! I'm also very familiar with the people from the Town Demon
Division! I'll also look for the list of bone masters! The number of people is
great!"
Xiao Feng's face was firm.
"Well, good, but you must be careful! Especially when dealing with people from
the Town Demon Division, be careful!"

“Don’t look at Xu Qingya and they are good people, but maybe there is also Xiao
Jiujiu in my heart! Keep an eye on everything!”
Levi Garrison reminded.
“Master, I know, I will definitely do it!”
Xiao Feng heard this.
Next, he will be careful when dealing with the people of Zhen Mosi.
Except for one person – Gong Qianqiu.
The Return of the God of War [The
Protector] Chapter 3414
/ The Return of the God of War [The Protector]
He would not think that Gong Qianqiu was the person from the Zhenmo Division.
I will only think that Gong Qianqiu is his own.
However, he did not tell Levi Garrison about Gong Qianqiu.
Next, he has to find some treasures from heaven and earth to restore their bodies to Azure Dragon (Qinglong).
Looking for Gong Qianqiu’s list of bone masters.
Come to Tenjinji.
At this time, Xiao Feng saw that there were several heavenly guards gathered
next to him, talking about gossip.
He stopped, wanting to hear what it was.
“Do you know? The roots of the five Azure Dragon (Qinglong) people were all
dug away!”

“I know! I also know that the five Azure Dragon (Qinglong) people were originally
hidden by the king side by side. Later, Xiao Feng contacted them in a secret way
and called them out abruptly. As a result, the five Azure Dragon (Qinglong)
people were cheated!”
“That’s right, Xiao Feng seems to be bewitched by the demon girl! He harmed his
own brothers, and the five Azure Dragon (Qinglong) people are miserable!”
“Now the entire Tianshen Division knows that Xiao Fengkeng harmed his own
people! Is the daughter of Tianjiao of the Zhenmo Division you can play around?

Ridiculous!”
…
Hearing this, Xiao Feng’s mentality exploded.
He really wanted to go up and beat these people.
But he held back.
Originally, after being appeased by Levi Garrison, his state of mind was much
better.
Now I am looking for the treasures of heaven and earth to restore the Azure
Dragon (Qinglong) five people and the list of bone masters.
But after being mentioned by these people, his mentality completely exploded.
The feeling of guilt and remorse immediately came to my mind.
to the point of being uncontrollable.
Does the entire Tenjin Division know about this?
Although Levi Garrison and the others don’t say it, they don’t blame themselves!
But this thing is really about yourself!
Originally, people were hiding it, but I let them out by myself.
Although the intention is not bad.
But he has his own desires.
It was Gong Qianqiu who asked him to go, and he felt that his responsibility was
even greater.
Of course, in his heart, this matter has nothing to do with Gong Qianqiu.
Everything is his fault.
He blamed himself even more.
You Qi was very angry when he heard the word demon girl.
But what’s more angry is his self-blame, it’s him who made Azure Dragon (Qinglong) five people like this.
When those people saw Xiao Feng looking here, they quickly left with a guilty
conscience.
But this made Xiao Feng more self-blame and sad.
When passing by other people next, everyone in groups of three or five watched
him muttering something in a low voice.
From Xiao Feng’s point of view, they were all talking about him.
He is getting more and more guilty!
Almost to the point of incompetence.

Whenever he saw someone looking at him, he felt that he was talking about him.
He started to get suspicious.
People were also stunned.
As long as someone looked at him one more time, it felt like they were talking
about him.
The words kept repeating in my mind—
It was Xiao Feng who killed the five Azure Dragon (Qinglong) people!
It was Xiao Feng who was bewitched by the demon girl!
…
These words repeatedly exploded in his mind!
The guilt is getting deeper and deeper!
More and more self-blame!
When he came to the remote place, he vented frantically.
People who do it themselves are not ghosts or ghosts.
He also vomited blood frantically.
I even had hallucinations—
Levi Garrison and Zoey Lopez are all blaming themselves.
Even Azure Dragon (Qinglong) and the others accused him with pale faces,
everything was his fault.
At this time, Gong Qianqiu appeared.
There was a sneer at the corner of her mouth.
She actually paid attention to Xiao Feng for a long, long time.
It just didn't show up.
I have been watching Xiao Feng from being normal to now and being stunned.
She has been waiting for this moment too.
This is Xiao Feng's darkest and most remorseful moment.
As long as he appears at this time, it will be the light that cuts through the darkness in Xiao Feng's life!
He will also become his most trusted person!
The man who controls him!
From now on, Xiao Feng will be at the mercy of her.
What she tells Xiao Feng to do, Xiao Feng will do.
Achieved an invisible control!
This woman is extremely smart, and the city is also extremely deep…

The voices of everyone blaming him filled his mind, and those voices were getting faster and louder.

His head was about to explode.
"Don't do this! Xiao Feng, calm down! Don't do this!"
Gong Qianqiu appeared at this time and hugged Xiao Feng tightly.
I don't know what method she used, but Xiao Feng actually gradually calmed
down.
Xiao Feng looked at Gong Qianqiu, and there was a warm current in his heart.
Never thought that at the most helpless and painful moment, she was standing
beside him and accompanied him.
"What should I do? Everyone is blaming me! I killed Azure Dragon (Qinglong) and
the others! I killed them!"
"Everyone looks at me like that! They must be saying behind my back that I
scolded me and blamed me!"
"Although my master has other things not to mention, they must be blaming me
in their hearts!"
…
It's hard to find a person to talk to, who is also my favorite person.
Xiao Feng's suppressed feelings erupted again under control.
Like a child, helpless talk.
I have to say that Gong Qianqiu didn't do anything, just listened quietly to Xiao
Feng's talk.
Let Xiao Feng feel safe and rely on.
Subconsciously, Gong Qianqiu is already his harbor.
In layman's terms, it was completely emotionally controlled by Gong Qianqiu.

“Okay, what should I say about this matter? I won’t say that you are not wrong at
all like your master. It has nothing to do with you!”
As soon as these words came out, Xiao Feng felt different, and he couldn’t help
raising his head to look at Gong Qianqiu.
Because this is the answer he heard different.
Now his acquaintances are all the same words – you are not wrong, it has nothing
to do with you, don’t blame yourself…
In fact, hearing this, he felt more and more guilty.
Now Gong Qianqiu’s words are different, but it makes his eyes light up.
Gong Qianqiu stared at him and said: “This matter is inseparable from you! It is
even said that you account for a large proportion! It is not too much to say that
you harmed Azure Dragon (Qinglong)!”
“Although it was your unintentional fault, it has already caused the most terrifying consequences! It is directly related to you!”
“Boom!!!”
Xiao Feng’s mind just exploded.
This is the first person to point out his problems in person since the accident.
Just insist that this matter has something to do with you.
It’s your result!
Hearing this, Xiao Feng not only did not feel depressed or angry, but felt at ease.
Because it was his responsibility to take this matter, it has always been the reason for his self-blame.
The more others said no, the more he felt guilty.
But when others say yes, he can’t tell the solid feeling.
This feels a lot better.
After all, Xiao Feng was the same as Levi Garrison.
All are courageous!
I want to carry everything on my shoulders.
All the credit for the good things are given to the brothers, but the bad things
are all on their own.
They are all of this character.
So now that the responsibility is placed on his head, Xiao Feng can’t say how
comfortable it is.

Obviously, during this time, Gong Qianqiu had already taken Xiao Feng.
Find out about his temperament.
Eat to death.
But more than that.
She has a lot of methods.
She added: "I am also responsible for this matter! If I don't bring it up, you can't
go to them!"
"So the responsibility for this matter is the two of us! Don't say that I have no
responsibility! I only speak with facts! It's the responsibility of both of us!"
Hearing this, Xiao Feng felt more comfortable and at ease.
The Return of the God of War [The
Protector] Chapter 3416
/ The Return of the God of War [The Protector]
At this time, she bluntly said that it was Xiao Feng's responsibility to cause such a
disaster.
Although Xiao Feng was calm, his heart was still uncomfortable.
All five Azure Dragon (Qinglong) became like that, all because of him.
At this time, he needs someone who can accompany him and even share the
pressure and responsibility for him.
It just so happened that Gong Qianqiu was actually involved in this matter. She
said that she was also responsible. In fact, she shared the pressure and
responsibility for Xiao Feng and gave him enough security.
In this way he is no longer alone to face this responsibility.
But someone shares.
Moving!
So impressed!

Xiao Feng looked at Gong Qianqiu excitedly!
This is definitely the best gift God has given him.
Appeared at his most desperate moment!
It's his goddess, it's his angel!
At this time, it was time for Gong Qianqiu to let Xiao Feng die, and he did not
hesitate at all.
"Don't worry! I will always be with you! Let's face this responsibility together!"

“Since it has happened, we are powerless! Next we have to face it!”
“The first thing we need to do is to restore the five Azure Dragon (Qinglong)
people to make up for them! Second, we want to find the murderer who injured
them!”
“I won’t sit idly by, I will always be by your side to do these things!”
…
In fact, Xiao Feng had heard what Gong Qianqiu said before.
It was Levi Garrison who told him.
almost exactly the same.
But for Xiao Feng, Levi Garrison had long forgotten what Levi Garrison said, and
couldn’t remember a word.
Or if you don’t feel anything, it’s just normal comfort.
But Gong Qianqiu’s words made him remember deeply, as if every word was
engraved in his mind.
One could even say this – never forget it!
Sometimes the truth is really better than the routine!
Now Gong Qianqiu’s routines and tactics have squeezed Xiao Feng to the death.
“Well, okay! I understand! I will definitely let Azure Dragon (Qinglong) and the
others recover! I will also avenge them!”
There was a firm look in Xiao Feng’s eyes.
Xiao Feng also held Gong Qianqiu’s hand tightly and said: “Thank you for being by
my side at this time! If there is no you, I may go crazy!”
“If it wasn’t for you, I might not be able to live! Maybe I would die today!”
Gong Qianqiu smiled: “You just need someone who understands your heart, can
listen to you, and share your loneliness and emotions!”
“With me here, you must not have other ideas!”
Xiao Feng nodded fiercely: “Don’t worry! I won’t do that again!”
He also showed a cheerful smile.
He has met someone who truly understands and shares his pain and joy.
He recognized Gong Qianqiu.
If there is no Gong Qianqiu, he can’t imagine how dark the next days will be.

He did not express it, but wanted to silently guard Gong Qianqiu for a lifetime.
"By the way, next, I will look for treasures from heaven and earth. And my master
wants to know the list of all bone masters in the town of magic, this…"
When Xiao Feng said this, Gong Qianqiu immediately took over the conversation:
"No problem! Leave this to me! I'll use my connections to find it! There are so
many bone masters in the Zhenmo Division, and they should be able to gather
together in a short time!"
"Then trouble you!"
"I am also responsible for this matter, and I should do my part! As I said, I will face
it with you!"
"Okay!"
Xiao Feng was moved: "It's so nice to meet you!"
Subsequently.
Xiao Feng went to find the treasures of heaven and earth.
Looking at the back of Xiao Feng leaving, Gong Qianqiu immediately smiled.
This person will be the strongest pawn in her hands!
"I hope you can bring me some surprises! We can't get our hands on the five
elements of spiritual roots and bones! We can only see Levi Garrison and his
daughter!"
Gong Qianqiu sneered.
Just like a changed person.
Cold as frost, ruthless extinction!

However, after Xiao Feng was "cured", he was in a good mood.
Returning to the Tenjin Division, I saw people next to him looking at him, and
even talking about him.
I don't think so anymore.
Yes!
Just say it!
That's right!

This is my responsibility!
I think!
This is the power Gong Qianqiu brought him.

Somewhere in summer.
With the efforts of more than ten bone masters, the Five Elements Spiritual Root
Spirit Bone was finally transplanted into the young man's body.
And it blends perfectly!
It worked!
Everyone laughed!
And the young man with five elements of spiritual roots and bones laughed wildly.
"Hahaha… I succeeded! I will be promoted to the top!"
A terrifying aura erupted from his body, swallowing the heavens and the earth
angrily.
"How can the legendary Five Elements Spiritual Roots and Spiritual Bones appear
in those low-level people? It should appear on me!"
"It's a waste to appear in a low-level ethnic group! How old are you, you still don't
know what your roots are? It's a waste!"
"But well, this legendary bone belongs to me, and only on me can it be fully
utilized!"
The young man roared.
But he was right.
It is indeed a bit of a waste to have this level of spiritual roots and bones on the
five Azure Dragon (Qinglong) people.
Because the five Azure Dragon (Qinglong) people have reached this age, they
only know about the root bone.
Everyone's Zhenmo Division has measured the root bone since he was born, and
he has been practicing since he was a child.
Azure Dragon (Qinglong) and the others are equivalent to wasting nearly thirty
years.
It is indeed a waste of time!

“Young master! How do these bone masters deal with them?”
The dozens of black-robed men approached the young man and couldn’t help
asking.
“Kill them all!!!”
With the young man’s order, dozens of people in black robes slaughtered these
bone masters.
These bone masters never thought they would be killed.
First of all, they could have just accomplished what was almost impossible—the
root bones of the five people were dug out, fused into the five elements, and
then transplanted to the young man.
There is no credit, and there is hard work, right?
Do not!
Great credit for this!
How did you kill them?
Secondly, the bone master is a very small and unique existence in the town of
magic, in fact, there are very few.
But someone uses their words, their status is supreme.
No one ever thought of killing them.
If you kill them, who will you look for in the future for root bone transplants?
But the gang killed them.
It was only when the bone masters were dying that they understood – who were
they?
They are different from others.
They are brutal.
It’s weird not to kill people.
Only now did they understand this truth.
He thought that because of his special identity, there would be no danger to his
life.
But it was all too late.
In this way, more than ten bone masters were all killed.
But they didn’t destroy the bodies, they left them all.
“Haha, young master! If the master knows, he will be very happy!”
“Your talent plus the five elements of spiritual roots and bones! The future is still

good? Maybe it will even surpass the master or even the old master!"
Dozens of people made courtesies to young people.
"Well, I started to retreat, and I want to completely turn the five elements of
spiritual roots into my own in the shortest possible time!"
"Beyond my father is my goal! I used to be almost innately talented, but that was
irreparable with hard work! But now I have the five elements and spiritual bones,
I believe I can catch up with my father!"
The young man had a longing look on his face.
Then, his face changed, becoming cruel and bloodthirsty.
He ordered to dozens of people in black robes: "What about you, keep an eye on
Levi Garrison Zhen Mosi for the time being!
It seems to me that there are some people from Zhen Mosi who have a close
relationship with Levi Garrison and the others! They might not know we did it,
but they might guess!
If anyone reveals our existence! Not even suspicious! Kill them all for me! Not a
single one is left! "

Protector] Chapter 3418
/ The Return of the God of War [The Protector]
A bloodthirsty and terrifying look flashed in the young man's eyes.
A terrifying aura is surging.
"clear!!!"
Everyone nodded in unison.
They were a little more excited about the matter of slaughtering someone at
every turn.
…
At this time, while taking care of the Azure Dragon (Qinglong) five, Levi Garrison
also began to work on the Demon Suppression Division.
Start to check the information of the major factions of the town magic division.
If you want to deal with the Zhen Mo Si, you must first understand the Zhen Mo
Si.

Before that, in fact, he was not interested at all, and just wanted to live his own
life.
Even if he encounters the little Tianshi of Tianshifu, he doesn't care at all.
But some people would not let it.
Then he will fight!
Hit until no one dares!
The Town Demon Division is still very complicated.
The Zhenmo Division is an institution established in the pre-Qin era!
This demon actually means aliens, and the organization of the Suppression of
Demons is responsible for suppressing aliens.
They inherit the most powerful pre-Qin Qi refining technique!
Levi Garrison guessed that that era should also be an era full of spiritual energy.
Only then will the technique of refining Qi prevail!
Otherwise, if there is no spiritual energy, the upper limit is not high.
For example, the exercises created by Levilia himself use the elements of heaven,
earth and all things for his own use.
But after all, it is not as good as spirit.
Later, the Zhenmo Division fell apart for no apparent reason, and even disappeared to find a trace.
Levi Garrison guessed that in the later period, the spiritual energy was gradually
exhausted, and the Zhenmo Division began to fall apart, forming various factions
to find a suitable place for them to live, and these inheritances had to be cut off.
However, they found a suitable place for them to continue the technique of qi
refining.
The outside world of the Qi refining technique was completely cut off.
It is estimated that it is related to this, which caused the inheritance fault.
The Tiance Mansion had heard of the legend of the Demon Suppression Division,
but they did not have any evidence or clues.
They all talk about the technique of refining qi, but they don't even see the remnants at all.
However, the exhaustion of spiritual energy was Levi Garrison's guess.
Perhaps there are other reasons why Zhen Mosi is now living in a small

independent world?
The information he has found so far is far from enough.
It can even be said that there is a big secret in the town magic department, which
is beyond the reach of Xu Qingya's level.
Not to mention Levi Garrison, an outsider.
There are many factions in Zhen Mosi, except for the largest five pavilions – the
five pavilions of the east, west, north, south, and middle.
Xu Qingya and the others are the North Pavilion, and Gong Qianqiu is the West
Pavilion.
In addition, there are many factions, and the things they are good at are different.
There are also those who are good at organ art, Levi Garrison immediately
thought of Tianji lock.
The Wufang Pavilion is stronger and more comprehensive.
It is worth mentioning that at that time there was still a different force that could compete with the Demon Suppression Division, and the Suppressing Demon Division could not suppress the suppression even with all its strength…
This alien force has survived.
"Huh? Could it be this alien force?"
Seeing the information here, the first thought in Levi Garrison's mind was that
this alien force had transplanted the roots of the five Azure Dragon (Qinglong)
people.
Since they exist, it is very possible.
However, he saw that Wufang Pavilion was also possible.
Before, Levi Garrison wanted to analyze and determine the murderer from the
major factions.
But looking at the data now – it seems that all major factions are possible.
Now we still have to wait for the list of bone masters to come out and arrest
these bone masters one by one.
Then come the interrogation.
Xu Qingya and the others are looking for them.
Gong Qianqiu is also trying to find it, and if she finds it, it will be more conducive

to the implementation of her plan.
“I heard that there are still many people who are starting to beat me and Levilia’s
roots?”
“Well, fine, then come on!”
Levi Garrison sneered.
Now the Five Elements Spiritual Roots and Spiritual Bones have been one step
ahead.
Next, the major factions of the Town Demon Division seem to have begun to
fight against him and Levilia.
Levi Garrison dares to promise – whoever dares to attack their father and daughter, he promises to make this group of people regret coming into this world!
The Return of the God of War [The
Protector] Chapter 3419
/ The Return of the God of War [The Protector]
not only.
There are also many people who are very interested in Levi Garrison’s “Sacred
Tribulation”.
They all thought it was an ancient sword.
The key unknown is fear and curiosity.
They all thought that Divine Tribulation was an ancient divine sword, but they
didn’t know what it was?
therefore.
Very curious!
all want!
If it weren’t for Levi Garrison’s strength, it is estimated that someone would have
come here long ago.

In fact, the major factions of the Zhenmo Division are now staring at Levi Garrison.
Just missing the first shot.
No one dares to be the first to do it.
It’s okay to win, but what if you lose?
Although Levi Garrison showed terrifying combat power in the War Bear Kingdom, what is his specific strength?
Nobody knows.

Therefore, none of them dare to take risks!
They are all thinking of others, so they know how strong Levi Garrison is.
Everyone held their breath to see who would be the first to do it.
But they believe that there will be people who can't hold back, and eventually
someone will do it.
This day will come sooner or later.
Everyone is looking forward to it!
Levi Garrison is a treasure all over their body!
Not only the ancient sword.
And such a demonic daughter?
You are also strong!
In the eyes of the major factions of the Town Demon Division, this is a shining
treasure.
Who is not jealous?
But Levi Garrison is also waiting for them to die.
On this day, there was a person visiting.
This made Levi Garrison very surprised.
It turned out to be Yan Zangsheng!
Before, he did not detoxify Levilia!
Do not!
It should be impossible for anyone related to him to be healed!
It's just for yourself.
When he sees people who are related to him, he will avoid them far away.
He is incompatible with himself.
Even if he finally got the magic medicine and detoxified.
But in fact, it has little to do with Yan Zangsheng.
How did you come to the door now?
This surprised Levi Garrison.
Yan Zangsheng naturally knew Levi Garrison's doubts.
He took the initiative to explain: "Mr. Ye, I'm sorry! I had nothing to do before!
You have a daughter, and I also have a daughter!"
"If I detoxify your daughter, then my daughter will die!"
"Our daughter is about the same age. Seeing your daughter is like seeing my
daughter. I really want to save your daughter, but I have no way…"
Levi Garrison actually guessed this possibility.
After all, according to what he knew, Yan Zangsheng was not a bad person.
I have no grudge against myself.

There must be someone behind him who is manipulating him.
“Okay, it’s okay, it’s over!”
“But is it all right now?”
Levi Garrison asked.
Yan Zangsheng smiled: “After knowing your strength, they dare not! But I won’t
tell you their identities!”
“Well, I’ll find out myself! You don’t need to tell me!”
Levi Garrison nodded.
In fact, he has never forgotten this group of forces.
The way he targeted him at the beginning was to prevent him from detoxifying
his daughter.
Of course he wouldn’t let it go.
Check it out and definitely deal with it.
Yan Zangsheng explained his purpose: “I just want to see the five adults in Azure
Dragon (Qinglong) and see if they can help. We were very familiar with each
other before!”
“Okay!”
Levi Garrison did not stop him, but Yan Zangsheng was well-intentioned.
And it can be said that the five Azure Dragon (Qinglong) became gods because of
Yan Zangsheng.
Yan Zangsheng opened up the root bones for them, and was able to absorb the
spiritual energy and become a god.
After Yan Zangsheng arrived, he carefully checked the five Azure Dragon (Qinglong) people.
He also brought a lot of magical medicines, all of which were used for the recovery of the five Azure Dragon (Qinglong) people.
Yan Zangsheng came outside and approached Levi Garrison and said, “They will
eventually return to a situation that is a little worse than ordinary people! But it
is impossible to restore their strength!”
“It’s okay! It’s good for them to become ordinary people! No need to participate
in these disputes!”
Levi Garrison said.

Their revenge will be avenged by themselves, and the Zhen Mosi will be pacified
by himself!
The Return of the God of War [The
Protector] Chapter 3420
/ The Return of the God of War [The Protector]
Yan Zangsheng looked at Levi Garrison and said, "Side by side as king, I actually
understand your thoughts! You also want to live an ordinary life without competition!"
"I used to think so too! And I still do! But my quiet days are finally broken!"
Levi Garrison looked at him with interest.
"Existence like you, it is even more impossible to live such a life! Or it is difficult!"
"Your ability and your sense of responsibility will cause you to be in constant
trouble!"
Yan Zangsheng sighed.
"If that's the case, then I'm not strong enough! Don't worry, I'll make it happen!"
Levi Garrison is very confident.
Only he is powerful enough to be invincible in the world, and only his fierce name
suppresses everything.

Who would be afraid?
Who would dare to trouble him then?
Who dares to trouble the people around him?
If you are not afraid of death, just come!
Yan Zangsheng seemed to understand something, so he couldn't help but smile
and said, "That's right! Only if you are not strong enough, you will be restrained
by others!"
"King side by side, in the next period of time, I will come to check the situation of
Azure Dragon (Qinglong) brother and the others! Do my best to help them! I also
think about it, can I solve the problem of their root bone being dug out from
other aspects. defect!"

Hearing this, Levi Garrison said gratefully, "Thank you!"
"No, no! Hey, I feel guilty for not saving your daughter before! This can be
considered a make up!"
What Levi Garrison thought of, he couldn't help asking: "By the way, it seems that
you know the root bone and the aura very well! In fact, you already knew that the
gods are related to the root bone?"
Yan Zangsheng didn't hide it either, and nodded: "Yes! I know! The way to create
a god is actually very simple! Unblock the blocked or covered bones! You can
absorb the spiritual energy and become a god!"
Levi Garrison's face changed slightly, he took a deep breath and asked, "Then you
have something to do with Zhen Mo Si?"
Yan Zangsheng shook his head: "It doesn't matter to be exact! But it actually
does matter!"
"Um?"
Levi Garrison was stunned, what kind of statement is this?
Before he checked the information, he felt that there was a direct fault in the
inheritance of Zhenmo Division.
In the secular world, there are no clues and traces of Zhen Mosi at all.
Doesn't look exactly like that now?
Yan Zangsheng sighed: "We also have our rules, I can't say more. I hope Mr. Ye
can understand!"
Levi Garrison immediately thought that there was a high probability that Yan
Zangsheng belonged to a certain organization.
And it was this organization that controlled him to target himself.
"Well, well, it's okay, I'll know it myself!"
Levi Garrison nodded.
"Then, Mr. Ye, I'm leaving first. If you need any help next, you can come to me!
However, you must be careful of all kinds of troubles! There will be more to
come!"
Yan Zangsheng left first.

Sure enough, Yan Zangsheng expected.
Not long after he left.
There is trouble coming.
At this time, Levi Garrison did not return to the hiding place.
Still outside.
At this time, he felt that three powerful auras were locking on him, super here.
powerful!
Stronger than ever!
Far beyond the strongest super god in the War Bear Kingdom!
Can be called strong by Levi Garrison, but few.
Levi Garrison, a person from Zhen Mosi and Tianshi Mansion, did not encounter
many.
But these breaths that came to him.
For the four of Xu Qingya, they are ants, and there is no comparison at all.
These three auras can be compared with the little Taoist priest who stopped him
in the Tianshi Mansion.
Stronger than a little Taoist.
But three at a time appeared.
Still shocked!
The people of the town magic division!
Levi Garrison can tell from their breath.
good!
Just in time!
Levi Garrison was trying to kill a few Demon Suppression Divisions to shock him.
Isn't this delivered to your door?
good!
You will be the first batch of people I kill to suppress the magic division!
The Return of the God of War [The
Protector] Chapter 3421
/ The Return of the God of War [The Protector]
"boom!!!"
Levi Garrison was surrounded by terrifying killing intent that could not be resolved!
His eyes narrowed slightly, like a reborn Asura in hell.
Is he waiting for the people who killed the Demon Squad now?
Just waiting for the first person to come!
Never thought it would be so fast!

Still so strong?
This makes Levi Garrison very interested!
In fact, the little Taoist priest from the Tianshi Mansion was very strong.
According to his strength, he was enough to make Levi Garrison interested. It's
just that Levi Garrison ignored it at that time.

Now come three stronger ones at once.
Levi Garrison was naturally interested in killing.
"Let me see those unlucky bastards!"
Levi Garrison is still looking forward to it.
Soon, three old men came here.
The clothes on their bodies and the breath on their bodies belong to the Demon
Suppressing Division.
These three have great backgrounds.
They are the three saints of the North Pavilion of the Suppressing Demon!
Heavenly Saint;
holy;
Holy man!
It is Xu Qingya and their ancestors!
An ancestor that even Xu Qingya can't get in touch with!
Whether it is status or strength, they are the strongest in Beige!
It is the supreme existence of the North Pavilion!
They also knew about Levi Garrison because of Xu Qingya and the others.
It's just that Xu Qingya and the others don't know it.
After the three saints came, they all laughed when they saw the murderous Levi
Garrison.
Sure enough, it did not disappoint them!
But looking at this murderous look, don't you think they are here to deal with
him?
Thinking of this, the three saints couldn't help but smile.
They are different from the other people in Zhen Mosi who have an idea for Levi
Garrison!
Their status is so high and their strength is so strong, there is no need to do these
things.
They are even more disdainful to do such a trivial thing as a root bone transplant!

“Don’t be nervous, little friend!”
“We are not malicious!”
“Do you look like we’re doing it?”
Sansheng smiled.
Levi Garrison can also feel their kindness and amiability.
It doesn’t appear to be malicious.
Levi Garrison also restrained his killing intent.
“What are you doing here?”
Levi Garrison asked directly.
“We are the Town Demon Division…”
The three of them wanted to report their own family and directly reveal the identity of the Three Saints of the North Pavilion.
But Levi Garrison interrupted directly: “Tell me directly what you are doing here?”
“It’s not us… we have to let you know about us…”
The three were puzzled and wanted to continue their introduction.
It was only interrupted by Levi Garrison again: “Don’t talk nonsense! Aren’t you all from the Town Demon Division? Why do you say it directly?”
“Okay! Ye Xiaoyou, we heard about you recently! You seem to have an ancient sword!”
Among them, Tiansheng just opened his mouth, and Levi Garrison said directly:
“Well, there is a sword! Is it a direct grab? Come! The sword is on me!”
Earth Saint and Human Saint quickly said: “No, no, no, no! Little friend, don’t get me wrong! We are not interested in ancient swords or anything! We have it ourselves!”
“Then it should be looking at my root bone or my daughter’s root bone, and want to transplant the root bone? Do you want to dig out my and my daughter’s root bone?”
Levi Garrison sneered.
Very bad tone.
Isn’t that what they are for?
Could it be anything else?
The three of Tiansheng looked at each other and laughed.
“Ye Xiaoyou really misunderstood us. What the three of us have are the

legendary spirit bones! The five elements are a little stronger than us! The difference is not very big! There is no need for us to transplant the root bones.
Own!"
"What's more, there are only two of you and your daughter, and the three of us
are not enough! We won't even try to beat you!"
The three quickly explained.
"Then what are you doing here?"
Levi Garrison was a little confused.
He must be ready to kill.
As a result, these people don't fight you at all.
What's going on here?
The three of them wanted to look at him and smiled, and finally Rensheng said,
"I'll do it!"
The Return of the God of War [The
Protector] Chapter 3422
/ The Return of the God of War [The Protector]
"The purpose of our visit is very simple. The three of us are going to accept you
as our apprentice at the same time! We will cultivate you as a successor! In the
future, Beige, you will be the master of the house!"
Human Saint announced this decision later.
The faces of the three saints showed arrogance and pride.
Everyone is supreme!
As if the three of them announced this decision, it is a great honor!
What a great honor to be the inheritor of the Three Sages of Heaven, Earth and
Man in the North Pavilion!
Smoke rises from ancestral graves!
The real glory of the ancestors!
But it is.

Just ask-
North Pavilion, no!
Who does not want to be the apprentice of the Three Saints of the North Pavilion?
There are too many people begging to be their apprentices.
But no one is qualified!
Being their apprentice is too hard, too hard!

Becoming a disciple of the Three Saints is itself the highest honor!
Therefore, they are proud to say it!
because!
In their opinion, there is no one in this world who can refuse to become the
disciple of the Three Saints!
This is also the reason why they wanted to report their family name in the first
place.
As long as they say the identity of the three saints of the North Pavilion!
If Levi Garrison understands, it is impossible to refuse!
Levi Garrison looked at the arrogance of the three!
He was stunned.
It was as if he immediately knelt down and kowtowed to his teacher.
This seems to be something that I can't help but dream of.
"Ye Xiaoyou, tell you the truth! The three of us have never accepted a direct
disciple!
You will be the first! You should understand what it means! This is definitely the
first time ever!
For you, it is also the supreme honor! And there's no harm in being our apprentice! "
Sansheng said to Levi Garrison with a glorious face.
Tell him bluntly – being our apprentice is the greatest honor in your life!
The reason why the Three Saints in the North Pavilion did not accept disciples
was that there were no seedlings that they liked!
Before that, there were several good seedlings in the town of magic.
It is a pity that the major factions such as the South Pavilion, the West Pavilion,
and the East Pavilion have taken the lead.
Take away these seedlings that represent the future.
In particular, the mortals from the East Pavilion, the mortal opponents of the
Three Saints of the North Pavilion, have even snatched away the most enchanting geniuses of the two Demon Suppression Divisions in the past few
hundred years!
They have a legendary root bone that is no less than the five elements!
Originally, these two were the first to be discovered by the Three Saints of the

North Pavilion, and they were going to join the North Pavilion.
The North Pavilion provides the most powerful protection, for fear that the two
of them will be captured and transplanted.
In the end, no one thought of being secretly pried away by the East Pavilion.
These two also betrayed the Three Saints of the North Pavilion!
Finally, I bowed to the old guys from the most powerful Dongfang Pavilion in
Wufang Pavilion.
This Beige Sansheng is so angry that he blows his beard and stares!
But there was no way.
On the other side, the apprenticeship ceremony has ended.
They are already late.
Later, the other factions also found rare geniuses one after another.
Only the North Pavilion does not have it!
The Three Saints of the North Pavilion still haven't found a direct disciple!
The North Pavilion has also become the weakest among the five pavilions, and
has no future.
In the future, every side of the family will have such a top genius born out of
nowhere.
There is not one that North Pavilion can get!
How can we compare the future with others!
They can protect the North Pavilion for a while, but they can't protect it forever!
The future is still young!
If the North Pavilion is weak, it will be swallowed up in the future.
It is not that the Three Saints of the North Pavilion do not accept descendants. In
fact, they have been looking for them for so many years.
Just can't really find the right one.
There is no right to be their apprentice at all!
Therefore, after entering the worldly world.
All parties began to look for seedlings with good roots.
In fact, to put it in layman's terms—that is, all parties in the town of magic are
competing in arms!
Both are storing up chips for the future, and both are competing against each
other.

If anyone has a slow reserve, or if the reserve is insufficient, they will definitely
be swallowed up by other forces.
The Return of the God of War [The
Protector] Chapter 3423
/ The Return of the God of War [The Protector]
The Three Saints of the North Pavilion can only pin their hopes on the outside
world.
They have also been looking.
In fact, he first stared at the five Azure Dragon (Qinglong) people.
They have long known that the five Azure Dragon (Qinglong) people are the five
elements of spiritual roots and bones.
It is a pity that the reason for their delay in taking action is that these five elements of spiritual roots and bones appear in one person, but in five people.
If this is cultivated, it is actually extremely difficult, and it is far from being able
to catch up with the enchanting geniuses of other factions.
This also requires the cooperation of five people to exert the greatest effect.
There are too many uncertainties.
So the price/performance ratio is not high.

They are under consideration.
It was Levi Garrison's daughter's talent that interested them.
Even, Xu Qingya and the four went to see Levi Garrison for the test, which was
instructed by the three saints of Beige behind her back.
Of course, Xu Qingya and the others did not know that it was instigated by the
Three Saints of the North Pavilion.
Just thought it was her father.
After Xu Qingya and the others took the test, they were even more shocked.
Although Xu Qingya and the others don't know what the root bone is, they only
know that this root bone is much stronger than them.
Definitely a legendary root bone.
This made the Beige Sansheng very surprised!

However, how did they know from Xu Qingya and the others that Levi Garrison's
roots were not good at all.
It is a pure body repair!
There are also a lot of pure body repairs in Zhenmo Division, specializing in body
training.
There are also many strong ones.
But the upper limit is not high.
Although it is very strong, it will not be the strongest!
Therefore, a pure body cultivator is not very important in the town magic department.
Of course in terms of potential and future.
If you are a strong person with pure body cultivation, why don't you dare to pay
attention to it?
Based on the comprehensive evaluation, the three saints of the North Pavilion
naturally chose Levilia at the beginning.
Originally, the Three Saints of the North Pavilion had already come to Levi
Garrison and Levilia.
Just happened to meet Levi Garrison to avenge Hydra.
They can only wait for a while!
But they never thought that the wait would give them a huge surprise!
That is Levi Garrison showing his absolute strength!
What happened to pure body repair?
Pure physique cultivation is strong enough!
And Levi Garrison is still so young, he has such strength.
Prove that this pure body cultivation is different from other body cultivation.
They are in need of the future!
But if you have Levi Garrison, you will be guaranteed now and in the future.
One could even say so.
If you have Levi Garrison, doesn't Levilia also have it?
The future is more secure!
This is a double-edged sword!
The future is also guaranteed!
A sure-fire deal!
Therefore, they only need to accept Levi Garrison as a disciple.
You don't have to take the trouble to accept the monarch as a disciple,

Harvest Levi Garrison has both!
In the end, Levi Garrison performed against the sky and was selected by them.
Others are staring at Levi Garrison because they want to transplant his root
bone.
But the three saints of the North Pavilion are looking for him for the future of
the North Pavilion!
They are so confident about it!
Who doesn't want to be the apprentice of the Three Saints in the North Pavilion?
Who can refuse this honor?
In the future, he will be able to take charge of the entire North Pavilion!
Will not refuse!
And in their opinion, they can make Levi Garrison stronger.
Although Levi Garrison behaved enough to be evil and defying the sky.
However, they believe that the outside world is a wild way after all, and there is
no best way to cultivate pure body, or there is no such thing as heaven and earth
treasures.
They have the orthodox body cultivation method, as well as the most orthodox
medicine pills.
They can train Levi Garrison systematically.
Make him stronger.
Strong enough, but can be stronger, the upper limit can be higher.
This is their confidence.
This is also the point they think Levi Garrison will not refuse!
The Three Saints of the North Pavilion have come to invite you to be your apprentice. Do you have any reason to refuse?
The other major factions are all accepted by an old guy as an apprentice.
All three of them receive one at the same time!
Isn't this the supreme glory?
The three of them looked at Levi Garrison expectantly, waiting for his answer,
even imagining that he would kneel down and kowtow and call their master.
The Return of the God of War [The
Protector] Chapter 3424
/ The Return of the God of War [The Protector]

“By the way, we still have to introduce! The three of us are from the North Pavilion of the Town Demon Division, and everyone calls us the three saints of the North Pavilion! I am a heavenly saint, he is an earthly saint, and he is a human saint!”
“Although our three old guys in the North Pavilion are hidden behind the scenes, we are actually controlling it! Even the Pavilion Master of the North Pavilion will listen to us!”
“The three of us don’t say that we are the strongest in the entire town, but at least we are in the front!”
Tian Sheng touched his long beard and said modestly.
The Earth Saint and the Human Saint immediately added: “When our apprentice is not at a loss, we will push your pure body cultivation path to the extreme! We have the most orthodox method of body cultivation, and there are also pills that are specially helpful for pure body cultivation. Medicines and treasures from heaven and earth! You can still be stronger!”
“Not only that! Your daughter and relatives and friends will also be nurtured! It’s not a loss for us to be our apprentice! It’s good to have face, and to have benefits!”
…
These three actually don’t know how to draw big cakes.
Just telling the truth.

It’s about the benefits of being their apprentice.
They are almost begging Levi Garrison to be their apprentice now.
In the past, others begged them to be apprentices, but now they are begging Levi Garrison to be apprentices!
They all pulled down their old faces like this.
Who can refuse?
All three stared at Levi Garrison.
waiting.
“You guys have been chatting for so long, just want to be my master?”

Levi Garrison asked with a black line on his face.
He was speechless.
Anyone else take him as an apprentice?
The three saints of the North Pavilion subconsciously said: "Yes, I just accept you
as a disciple! Hurry up and agree! We will hold a teacher apprenticeship ceremony!"
They hurriedly urged.
"Come on! Accept me as an apprentice? But how can a master be weaker than his
apprentice?"
Levi Garrison's abrupt sentence sounded, and all the three saints in the North
Pavilion were stunned.
This sentence sounded like a shocking thunder in the ears of the Three Saints of
the North Pavilion.
Is the master weaker than the apprentice? ? ?
Is this possible?
"No way? No way? You don't think you're better than me, so you accept me as
your apprentice, right?"
Levi Garrison asked.
"Isn't it? There's nothing wrong with accepting you as an apprentice with our
strength and identity, right?"
The Three Saints of the North Pavilion said subconsciously.
"It's not a problem to accept me as an apprentice, but you are at least stronger
than me to accept me as your apprentice? Weaker than your apprentice, how can
you have a face as a master?"
Levi Garrison looked at the Three Saints of the North Pavilion in disbelief.
Is there something wrong with these three immortals?
Don't you realize that they are weaker than yourself?
Still think they are supreme?
Invincible world?
"Huh? How?"
"No problem!"
"There's nothing wrong with us accepting you as an apprentice…"
The three were a little stunned by what Levi Garrison said.
Until now, they didn't know what was wrong with them.

They are the strongest in the North Pavilion and the highest in the North Pavilion.
There should be no problem in accepting a junior as an apprentice.
The results now confuse them.
Where is the problem?
"Yes, we are right, we just accept you as our apprentice! In the future, you will be
the direct disciple of the Three Saints of the North Pavilion! It's only a matter of
time before you take charge of the North Pavilion!"
"We're not wrong about anything else! We've been thinking about it for a long
time!"
...
The three saints in the north pavilion all began to become confused.
Levi Garrison looked at them and didn't speak, but frowned, almost twisting into
a Sichuan character.
Is there something wrong with these three?
Can't react to this?
Seeing Levi Garrison's idiot-like eyes, the three of them reacted one by one after
realizing it.
"As if he meant to be better than us? Or what?"
"Yes, it seems to be right! He said that the master is weaker than the apprentice!"
Several people muttered to themselves.
"What? Does he mean better than us?"
The three woke up with a start.
Levi Garrison sneered: "Well, that's right! I'm just better than you!"
The Return of the God of War [The
Protector] Chapter 3425
/ The Return of the God of War [The Protector]
"What? You are better than us? How is that possible?"
The Three Saints of the North Pavilion exclaimed.
If Levi Garrison was stronger than them, why would they come to accept apprentices?
Levi Garrison is stronger than them, and they came to worship the master.
rather than for apprenticeships.
They didn't even think about it.
how could it be possible!
"Okay, how about my punch?"

At this moment.

Levi Garrison no longer talks nonsense.
Directly punched in the past!
From his point of view, these few people were somewhat seriously ill.
It doesn't matter how much he explains.
They will continue to be so confused, Levi Garrison will be pissed off.
That being the case.
Then tell them the answer directly.
I am stronger than you!
Lao Tzu's fist is harder than yours!
Want to accept Lao Tzu as an apprentice?
Dream it!
Are you eligible?
"Boom!"
Levi Garrison's fist is the violent meaning of overturning mountains and rivers.
A terrifying force swept through like a hurricane.
Enveloped by a terrifying aura.
The Three Saints of the North Pavilion reacted immediately.
Their brains may be seriously ill, but their strength will not be adulterated.
All felt threatened.
An unprecedented dignified expression appeared on his face!
They haven't had this feeling in years.
After all, there are very few people who have threatened them!
This punch is terrifying!
Tear everything!
The earth couldn't bear it, and it kept splitting, forming a big crack.
There are circles of terrifying airflow fluctuations in the air, expanding outward,
forming a rising mushroom cloud! ! !
Covering the Nine Heavens and Ten Earths!
However, the power of this punch is not these terrifying breaths and external
manifestations.
It is the power of one punch!
This is the most terrifying!
In other words, if the power of this punch were not condensed, the power displayed would be much more shocking than it is now.
It seems that the power of this punch is not as strong as that when he killed 200,000 gods with one punch that day!
But this punch is actually stronger!

The power is actually condensed and concentrated!
After the power of this punch comes, it will fully bloom.
"Boom…"
The power of a punch is like a star exploded!
When they came into contact, the expressions of the three people changed drastically.
They were ill-prepared and now is in a hurry.
You can't take the initiative to resist!
get hurt!
"Get out of the way!"
"Hey!"
"Hey!"
…
The terrifying airflow is scurrying everywhere, as if tearing and penetrating this
space.
They used the ultimate qi refining technique to evade the punch with speed.
The three of them tried their best to avoid the power of this punch.
The three were smashed apart abruptly, and after landing, their feet were full of
cracks.
Their bodies were roaring with blood.
Some signs of injury!
But this was enough to make Levi Garrison's mouth rise.
No one could escape his punch before!
Just die!
It's just that now someone is dodging and making him feel funny!
Zhen Mosi is really not covered!
In the eyes of the whole world, he was already invincible when he suppressed the
gods of the Zhanxiong Nation.
But in fact, it doesn't seem to matter to the Tianshi Mansion of Zhenmo Si.
Still someone can do this.
Although not much.
But some of them must have done it.
Like the three in front of you.
After avoiding it, the three saints in the North Pavilion were stunned.
Unbelievable!
Levi Garrison is so strong?
its not right!
Although he performed amazingly in the War Bear Kingdom!

But in the eyes of Zhen Mosi, he is only very strong, but he is not invincible.
There is still someone in the town demon who can deal with him!
What he can do, someone can still do.
At most, he is similar to the geniuses who have been fully cultivated by the major
factions.
For example, the two geniuses that Dongfang Pavilion pryed from them.
They took Levi Garrison as a disciple and wanted to train him.
The target is the top geniuses of the major factions.
The Return of the God of War [The
Protector] Chapter 3426
/ The Return of the God of War [The Protector]
But Levi Garrison is now targeting these old guys!
It turns out that Levi Garrison is on the same level as them!
Those geniuses, what the hell.
In front of Levi Garrison is the younger brother!
Still a genius to compare with Levi Garrison?
What to compare?
With just one punch, he even threatened the Three Saints of the North Pavilion
at the same time!
Almost hurt them!
This directly matches the ancestors of the major factions!

This is too exaggerated!
But the doubts of the Three Saints of the North Pavilion deepened.
"No… Didn't you show your specific combat power before? How can you be
stronger?"
"Yes! Isn't your strength already fixed? Two hundred thousand gods with one
punch!"
"You don't even use the ancient sword, how can you have such strength?"
…
The three looked at Levi Garrison in disbelief.
At this moment, they have too many questions.
They also specifically observed it.
Levi Garrison is very strong.
But that's the limit.
But what about now?
Invincible pose!

Could it be that he didn't do his best in that battle!
This……
"boom!"
Thinking of this possibility, their heads would explode.
Not to mention how strong Levi Garrison is?
But now at least we can fight against them!
Just now, despite Levi Garrison's unexpected punch, there was an element of
sneak attack.
But strong enough.
It is estimated that it is impossible to accept apprentices.
Levi Garrison is almost the same as them.
But stronger than them, but not.
At this time, Levi Garrison smiled: "Those people can only prove that I am strong,
but they can't prove how strong I am, and even say that it is far from impossible!"
The implication is that they only have so many gods, and they are only so strong
together.
It doesn't match my combat power at all!
I killed two hundred thousand with one punch.
It's not that I can kill 200,000 with one punch.
Yes they only have two hundred thousand.
understand?
It's not the same thing at all!
In layman's terms, just like some super academic masters, others get a perfect
score of 100, which is their limit.
And these Xueba exams get a perfect score of 100 because this paper is only 100,
which is far from their limit.
Until now, the Three Saints of Beige did not know this principle.
It is so!
The three of them blushed.
Unspeakably embarrassing.
Pi Dian Pi Dian came to accept others as apprentices, but they turned out to be
on the same level as him.
Embarrassed!
They're going to be a joke!
But Levi Garrison is stronger, and they are even more happy.

This doesn't need to be cultivated, and getting the North Pavilion directly is a big
killer.
Levi Garrison is ruthlessly crushing the geniuses of other major factions. Isn't it better?
He also has a gifted daughter!
"It's abrupt! Brother Ye! We didn't investigate this matter clearly!"
"Sorry! It's our fault! We are not qualified to accept you as our apprentice!"
Sansheng immediately apologized.
Levi Garrison sneered: "It's almost! It's good to know!"
But the three of them immediately changed their conversation: "But the North
Pavilion needs you! I still hope that Brother Ye can join the North Pavilion!"
"Huh? I still want to join, but I want to see, in what capacity do I join?" Levi Garrison asked.
"The three of us can accept apprentices on behalf of our teachers! Brother Ye,
you will be the junior brother of the three of us! You are the ancestor of the
entire North Pavilion! You have the same status as us!"
"You can still enjoy the resources of the entire North Pavilion! We admit that you
are strong enough! But there is still a little gap between us! But we are willing to
help you and reach our level as soon as possible!"
"That's right, the major factions of the Town Demon Division are not easy! You
can't be invincible! There are many benefits to joining the North Pavilion!"
…
Levi Garrison had no idea that the Three Saints of the North Pavilion had come to
accept a teacher and apprentice.
Made him bewildered.
He smiled: "It seems that I haven't played enough! Next, I'll let you guys see if I'm
invincible?"
The Return of the God of War [The
Protector] Chapter 3427
/ The Return of the God of War [The Protector]

If you don't hurt these people, they will continue to do this!
He even came up with a set of tricks for taking apprentices on behalf of teachers.
That being the case!
Then fight to let them know that their master is not qualified to accept him as an
apprentice.
Levi Garrison stopped talking nonsense with them and started fighting directly.
"Boom!!!"
The terrifying sound of a sonic boom was heard once again with a shocking
punch.
There is a circle of airflow that covers the entire area in the sky!
The terrifying sonic boom resounded in the sky, like the thunder of the nine heavens.

This punch is several times faster than the punch just now! ! !
"hiss!"
The Three Saints of the North Pavilion also instantly sensed the crisis, and this
punch was absolutely terrifying.
beyond their expectations!
This child is more powerful than they imagined!
Just now, I felt that compared with the three of them, it seemed to be a little
worse.
But now, not necessarily!
This punch is too hard!
Their faces were dignified to the extreme!
The speed of this punch is too fast!
They can no longer use the speed to escape, like before.
If you abruptly want to escape quickly, then you will be seriously injured!
Blocks any route they dodge!
Only to meet this punch head-on!
"boom!"
"boom!"
"boom!"
...
The three no longer looked down on Levi Garrison, and immediately showed their
unique skills.

The terrifying technique of refining Qi was displayed.
In front of the three people not only formed the armor made of qi, but also the
attack formed by the technique of qi refining slammed into this punch.
"boom!!!"
The attacks of the two sides converged fiercely, and the punch that the Three
Saints of the North Pavilion did not think of was far beyond their imagination.
The speed and power of this punch are beyond their cognition!
But what I didn't expect was that this punch contained a mystery, and it actually
contained multiple strengths.
One weight is stronger than one weight!
However, it is the first force that makes them panic now!
However, the second force is coming soon!
"boom!"
They barely blocked the first force.
But the second force is coming!
The technique of qi refining was disintegrated in an instant!
"Crack!"
Then came the third force!
The armor condensed by the Qi refining technique in front of them also shattered.
"boom!"
"puff!"
"puff!"
"puff!"
The fourth force came, and the Three Saints of the North Pavilion had no power
to fight and were blasted out.
However, without waiting for the reaction of the Three Saints of the North Pavilion, the fifth force has arrived.
It gave them a fatal blow!
But the three people's physiques are against the sky, and they are barely blocked.
Although seriously injured, at least not dead.
However, the sixth force broke out again!
Also the strongest blow!
A power like a star exploding!
They can't hide, they can't stop it, even if their physique is against the sky, they

can't do it!
The sixth power is the ultimate power of Levi Garrison's punch, which brings
together the most explosive and terrifying power.
Once they come into contact, they are sure to die!
The eyes of the Three Saints of the North Pavilion are full of horror!
Never thought!
Totally didn't think of it!
Levi Garrison will be so powerful!
This strength can already kill the three of them in an instant!
Not to mention that they are not qualified to be apprentices, even their masters
are not qualified to accept others as apprentices!
This is the same level as their master!
powerful!
too strong!
They didn't even think that because of an apprenticeship incident, they fell here!
Never thought that Levi Garrison would kill them with one punch!
Unwilling!
Not reconciled!
They are unwilling to die here, but there is no way.
They have no way to block the sixth power of this punch!
They could already imagine what would happen to the North Pavilion after the
three of them died.
It must be eaten by other major factions, and all the people in the North Pavilion
will die tragically, and even if they don't die, they will become slaves.
Miserable to the extreme!
The Town Demon Division is a cruel environment where the strong eat the weak!
The Return of the God of War [The
Protector] Chapter 3428
/ The Return of the God of War [The Protector]
But they have nothing to do!
Who asked the three of them to provoke Levi Garrison?
Getting killed is normal.
The sixth layer of power has not yet arrived, but the breath that can be displayed
is like thousands of blades tearing their bodies inch by inch.
The scorching pain hit them, and they were in excruciating pain.

Soon, the sixth force bombardment came.
Like a scorching sun, it will burn them to pieces.
The Three Saints of the North Pavilion have closed their eyes in despair!
They are sure to die!

But when the sixth force smashed them to pieces, it stopped and was forcibly
withdrawn by Levi Garrison.
"Um?"
Soon, the three of them noticed the difference.
Opening his eyes, he just saw Levi Garrison taking back the sixth power.
Shocked!
So shocking!
They naturally know the difficulty of this, and it is much more difficult to collect
than to put.
Especially with such a strong power, it is too difficult to recover.
So Levi Garrison's real strength is still beyond their imagination.
"You…you won't kill us?"
The Three Saints of the North Pavilion looked at Levi Garrison suspiciously.
"If you hit me with a bone or weapon idea, I will kill you! If you accept apprentices,
I will not kill you! But don't bother me!"
"Let's go! If you come to bother me next time, it won't be so!"
Levi Garrison said coldly.
The three saints of the North Pavilion were stunned for a while, but said nothing,
and the three staggered away.
They don't dare to come to Levi Garrison anymore.
One is really afraid, afraid that Levi Garrison will kill them.
Second, they are all injured and need to go back to recuperate.
But after leaving, they all laughed.
"This time, the Tianshi Mansion of the Town Demon Division is going to be hot!!!"
The three laughed wildly.
Obviously, Levi Garrison's strength exceeded their expectations.
But now Zhen Mosi has something to do with him again.
This is the grandson monkey who coaxes Tiangong!
Now the Town Demon Division is going to be in chaos.
Levi Garrison was also a little depressed.

I thought I could kill a group of powerful people from the Demon Suppression
Division, but I didn't think that they were here to accept apprentices, and there
was no malicious intent.
And because of Beige's words, Xu Qingya and the others have helped Levi Garrison for the time being.
So he didn't kill him.
"But the next person is not so lucky!"
Levi Garrison sneered.
The Three Saints of the North Pavilion are not interested in their "God's Tribulation" and their roots.
That's because of their high status and strength.
These are not needed.
But I can't stand other people's ideas.
In the entire town of Demons, there are not many like the Three Saints of the
North Pavilion.
Most of them will still make up their minds about these.
the other side.
In a deep mountain, after entering, it is a magnificent building.
This is where the North Pavilion is located.
The three saints of the north pavilion forced themselves to come to the north
pavilion.
At this time, Xu Liejun, the master of the North Pavilion, met the Three Saints of
the North Pavilion.
"Three Saints, this is…"
After seeing the three saints, Xu Liejun was shocked.
The Three Saints of the North Pavilion were seriously injured? unimaginable!
For a long time, this kind of problem has not appeared at all.
Besides, who can be the opponent of the Three Saints of the North Pavilion?
And hurt them like this?
Absolutely impossible!
It is extremely difficult for the entire town to find such a person, right?
Unless it is the existence of those few legends that disappeared, is it possible?
After all, the Three Saints of the North Pavilion were not alone, but all three.

If you can hurt three people at the same time.
Can you do it only if the masters of the major factions of the Town Demon Division work together?
How can this happen?
Xu Liejun immediately asked.
It's just that the Three Saints of the North Pavilion are embarrassed.
Going to accept apprentices, but being beaten like this.
Fortunately, I didn't say anything about going to accept apprentices in advance,
otherwise I would be embarrassed to die.
"Don't ask any more! From now on, the three of us will retreat for healing! You
take control of the overall situation of the North Pavilion!"
The Three Saints of the North Pavilion left a sentence and hurriedly went to
retreat.
Xu Liejun was puzzled.
Who was injured?
But what's even more serious is that there is a pair of eyes staring at here in the
dark…
The Return of the God of War [The
Protector] Chapter 3429
/ The Return of the God of War [The Protector]
What the Three Saints of the North Pavilion are most afraid of now is that someone knows about their injuries.
After all, the potential crisis is too great for Beige.
There is no one to support the scene!
It is very likely that the North Pavilion was destroyed.
For the time being, they were seriously injured, and even if the North Pavilion
was violated, there was nothing they could do.
But what are you afraid of.
At present, in the eyes of the Three Saints of the North Pavilion, only the Lord of
the North Pavilion knows about their injuries.
But it never occurred to me that there were still people witnessing this in the
dark.
Naturally, they also knew about their injuries.

This is about to cause a catastrophe to the North Pavilion.

the other side.
In addition to asking Xu Qingya and the others to find the list of bone masters,
Levi Garrison also dispatched his own strength to investigate the Demon Division
and try to find the murderer as much as possible.
Even because of the shortage of manpower, he also asked the Black Hawk agents
to provide assistance, and asked the Siberia Star to help.
It also carried a large amount of advanced equipment to assist in the investigation.
Cha Zhen Mosi's words, everything is too difficult.
In Da Xia's case, there are few powers he can use.
Not strong enough!
are too weak!
The Tenjin Division, who can be used a little, has long been under the control of
the Zhenmo Division.
Besides, let them find out nothing.
The main reason is that the Town Demon Division is very unfamiliar to everyone,
even Levi Garrison.
You can't find out if you want to check, where are they operating, and who are
they? Are there those people? What forces are there?
And so on for details.
These are all unknown, and they all have to be controlled temporarily, which
greatly increases the difficulty.
Secondly, the Zhen Mo Division is very strong. If you take them out individually,
they are all in the category of super gods.
After all, for Zhen Mosi, the gods are the entry point, and they have touched the
threshold of the spiritual roots and bones.
A super god is someone who has achieved a little after mastering the method of
cultivation.
And inside the Demon Suppression Division, all of them have been practicing the
technique of qi cultivation for many years.
Is that not strong?

Now you basically hear their information from the legends, and even their strength is much stronger.
How to check this?
Even if Levi Garrison now has the help of Black Hawk agents and Siberia Star, it is
actually difficult.
Very tough!
Even a lot of people will be sacrificed!
It may take a long time to find out anything.
Not to mention finding out who the murderer is…
Unless he exposes himself.
However, it seems unlikely at present, this party is very low-key after the root
bone is transplanted.
No information was revealed.
Moreover, Levi Garrison heard from Xu Qingya that even if the root bone was
successfully transplanted, it could not be used immediately.
You must first adapt to the new spiritual root and bone, and then you can use it.
This takes quite a while.
So Xu Qingya guessed that the murderer would disappear for a while, and completely adapt this new spiritual root and bone to her own.
Only after you cultivate to a certain level will you come out.
Otherwise, there is no point in transplanting the root bone.
This makes it more difficult to find.
In this regard, Levi Garrison was very melancholy.
Several days in a row.
The people who were sent out to check the information found nothing.
There is no clue at all.
There is only one way to go – to find the bone master.
Let's start with the bone master.
Apart from that, there is no other way.
Levi Garrison was also anxious.
"That's it, don't go to investigate the murderer specifically, at least check all the
major forces of the Town Demon Division!"
Levi Garrison can only understand Zhenmosi first.
This task is arranged for everyone.
If it really doesn't work, Levi Garrison can only go to Zhenmo Division to check it
himself.

Anyway, this murderer must be found, he must not run away.
This hatred can't just go away.
I will kill you even if you are the king of the Demon Suppression Division.
Treating my brother like this, I can't let you go!
That's all.
It doesn't matter how long it takes.
I can wait!
The Return of the God of War [The
Protector] Chapter 3430
/ The Return of the God of War [The Protector]
Xu Qingya and the four of them also sincerely helped Levi Garrison.
It didn't take long to get a list of thirteen bone masters.
But that's not all, they are still investigating.
Next, Levi Garrison also has an additional task – to start looking for these bone
masters and control them.
This made Levi Garrison feel a little relieved.
Best if you can find it.
Otherwise, do you want him to push the entire town magic division horizontally?
That is the last resort.
If you can't find it.

Then Levi Garrison will really come to this point, and directly push the entire
Zhenmo Division and ask for someone from the entire Zhenmo Division.
I don't care how many factions your Town Demon Division is divided into, whether it's irrelevant or not.
Since you are called Zhen Mosi, then I think you are together.
I'm going to force you to hand over people yourself.
With a pair of iron fists, I call for you to hand over to the Demon Suppression
Division, and if you do not hand over, you will be killed in a river of blood.
Whether you are involved or not, whether it has anything to do with you or not.
It doesn't matter if you go and find people.
Otherwise I will kill!
A pair of iron fists dare to change the color of heaven and earth!
However, this method is a bit cruel and will involve many innocent people.
Therefore, it was not at the last minute, and Levi Garrison could not use it.
But it is not ruled out.

To ask the whole town magic division.
At this time, Xige Palace Qianqiu also achieved results.
I don't know what method she used, but she found the list of all bone masters in
the Zhenmo Division at one time – forty-three in total.
She called Xiao Feng to her and gave him the list.
"It took me a lot of effort to find this! But it's not all! Only a list of thirteen bone
masters! Hope it works!"
"I will continue to work hard in the future! Let's make up for our mistakes together!"
Miya Chiaki said.
She did not give all the list to Xiao Feng, but only part of it.
This is her method.
If you give it all to Xiao Feng at one time, it may make Levi Garrison and the
others suspicious, and they will doubt themselves.
Secondly, by giving it multiple times, Xiao Feng can see his fortune and hardship
and make Xiao Feng trust him more.
It's good to have complete control over him.
In addition, Gong Qianqiu deliberately dressed up, people looked haggard and
disheartened.
At first glance, there is no need to run around for this matter.
This made Xiao Feng not only moved, but also a little distressed.
How can you be yourself?
Let Gong Qianqiu be like this for himself?
The hand holding the famous bill is shaking.
"Qianqiu I…"
Xiao Feng had a thousand words stuck in his throat, unable to speak.
This is the best man for him.
To accompany him at such a critical moment, to help him so, to make up for his
mistakes.
Without her, Xiao Feng couldn't imagine what would happen to him.
It was Gong Qianqiu who made him look up now!
In his whole life, he thought it was Gong Qianqiu!
Regardless of whether he can be with Gong Qianqiu in the end, his life will be
lived for Gong Qianqiu in the future.
He firmly grasped the famous list and made up his mind.

Now even if Gong Qianqiu told him to die, he would die without hesitation.
Don't even ask why…
Because she is Gong Qianqiu, let him die, and he will die without complaint.
There will be no other doubts!
This is Gong Qianqiu's control in place!
This is terrible mind control!
To control a person's mind and emotions to the death.
Even if Xiao Feng knew that Gong Qianqiu had hurt him now, he would not think
it was Gong Qianqiu's fault.
It's just ripping at yourself!
"Hurry up! I think your master needs this list now!"
Gong Qianqiu immediately urged.
"Okay!!!"
Xiao Feng nodded fiercely.
Emotions are high.
"By the way… you stop first!"
Gong Qianqiu remembered something and couldn't help shouting again.
Xiao Feng, who had already left, couldn't help but stop.
Looking at Gong Qianqiu, he asked, "What's wrong?"
The Return of the God of War [The
Protector] Chapter 3431
/ The Return of the God of War [The Protector]
"Don't tell your master that I exist, just say that you found it yourself! Otherwise,
your master or others will see that I have ulterior motives!
He must be vigilant now, and he is wary of anyone from the Demon Suppression
Division. Now is not the time to expose our relationship! Don't do the opposite! "
"After this matter is completed, I will go to see Master with you! It's too early to
speak, and it will easily affect our relationship!"
Gong Qianqiu spoke earnestly.
This made Xiao Feng even more moved.
Isn't Gong Qianqiu's move to see his parents?
This made Xiao Feng feel warm.
Gong Qianqiu chose to be by his side when he was most difficult.
Wouldn't this be more indicative of her wanting to be with him?

And thinking about it so thoroughly, I thought about how to get along with Master and the others in the future.
There is a woman like this, what can the husband ask for?
Thinking of this, Xiao Feng was elated and overjoyed.
"You still think well! Don't worry, after this incident, I will take you to see my
master and the others officially! They are all very nice! They will definitely like
you very much!"
Xiao Feng forcibly suppressed the joy in his heart, and he was already looking
forward to that moment–Master, Master, and the others madly praised Gong
Qianqiu.
"Then I'm looking forward to it! Hurry up and go!"
Gong Qianqiu urged.
After Xiao Feng left.
The smile on Gong Qianqiu's bright face disappeared immediately.
Instead, there was a frightening look on his face!
Gong Qianqiu sneered: "I already know who dug up the roots of the five Azure
Dragon (Qinglong) people! They can't afford to offend anyone, including Levi
Garrison!"
"But before that, I will definitely get the roots of Levi Garrison's daughter!!!"
"You have to find a way to test Levi Garrison's daughter's bones first! Those
bitches in the North Pavilion have known about it for a long time, but they never
said it! It's a bit difficult to start with them! You still need to find it yourself!"
"I still have to rely on Xiao Feng as a tool! It shouldn't be difficult! Others can't
get close to Levi Garrison's daughter now, but I can! Hahahaha…"
Gong Qianqiu's whole person became gloomy and cold, and bloodthirsty rays of
light shot out from his eyes.
Xiao Feng is her tool!
She has now completely controlled Xiao Feng through her routines and advanced
seduction techniques.

Didn't Xiao Feng listen to him obediently?
Levi Garrison is powerful, and others cannot get close.
But I have Xiao Feng's big resentment!
Approaching Levi Garrison's side was not easy.
Isn't it easy to get what she wants?
Xiao Feng did not know and could not get rid of it.
It can only be said that Gong Qianqiu's methods are too advanced. It happened
that Xiao Feng encountered such a predicament again, and it was easy for her to
take advantage of it.
On the other side, Xiao Feng immediately handed over the list of bone masters to
Levi Garrison.
Levi Garrison also immediately took over the list of bone masters, and there were
thirteen people on it.
But there are five that overlap with the list that Xu Qingya and the others found.
In fact, this is also a deliberate arrangement by Gong Qianqiu.
Because she heard that Xu Qingya and the others were also looking for a list of
bone masters, she knew in advance who Xu Qingya and the others had found on
the list.
Therefore, when giving Xiao Feng the list, she deliberately arranged five repetitions.
In this way, Levi Garrison's doubts can be dispelled, and he won't think too much
about it.
It has to be said that this woman has calculated every step.
The key is that Levi Garrison doesn't know that there is such a number one
person at all at present, and he can't doubt these and those innocently.
In addition, Gong Qianqiu has calculated every step.
Levi Garrison is only on the list of bone masters, and naturally he will not think
much about it.
After five were excluded, the other eight were identified.
"Good job! Go and stare at these eight people right away! Find them for me!"
Levi Garrison ordered Huoyun Evil God and the others.

The Return of the God of War [The
Protector] Chapter 3432
/ The Return of the God of War [The Protector]
"Also notify Xu Qingya and the others! There is no need to look for these eight
bone masters! We have already found them!"
Levi Garrison said again.
Next, if Xu Qingya and the others work harder.
It is estimated that all bone masters can be found.
For now, there seems to be a lot of hope.
"Xiao Feng can indeed! Many people can't do this!"
Levi Garrison patted Xiao Feng's shoulder heavily.
"Master, I am also some friends to help find it together!"
Xiao Feng smiled.

"Still be careful, be careful! But you did a good job!"
Xiao Feng was praised.
He was finally able to make a contribution.
I can make up for my guilt.
This made him even more moved.
It all depends on Gong Qianqiu!
He also gave the five Azure Dragon (Qinglong) people the treasures of heaven
and earth that he had searched for during this period of time.
The five Azure Dragon (Qinglong) people lying on the hospital bed also recovered well, and their complexion looked much better.
They also smiled at Xiao Feng and asked him to be careful and so on.
This made Xiao Feng feel more comfortable.
All this was brought by Gong Qianqiu.
If it wasn't for her, she would probably have spent her time in endless self-blame.
He wanted to say on the spot that he had the best girlfriend.
But remembering Gong Qianqiu's advice, he still held back.
"Master, I will continue to look for it!"
Xiao Feng said.
"Well, be careful in everything, and have little or no contact with the people from
the Town Magic Division!"
Levi Garrison warned again.
This made Xiao Feng feel that Gong Qianqiu was simply too smart and thought
too long-term and thoughtful.

This has long been thought of.
Sure enough, the master has almost reached the point of being a bow and snake
shadow to the people of Zhen Mosi.
Those who mentioned the Town Demon Division became vigilant.
If he said what he said now, he really had to make Master suspect.
It was a good thing, but being coaxed is not good.
How did he know that everything was in Gong Qianqiu's calculations.
Next, Levi Garrison did not continue to stay in this hidden place, but swaggeringly appeared in the Deity Department.
Instead of looking for it like this, it is better to take the initiative to lead them
out on their own.
Now he also lacks a deterrent to the town magician.
It would be better to wait openly and honestly for the arrival of the people from
the Town Demon Division.
After all, there are a lot of things about themselves that attract them.
The calamity alone made this group of people unable to bear it.
Now he has determined that all the members of the town magician think this is
an ancient sword.
He was afraid that these people could not find his whereabouts.
*After all, everyone can't be like the **oss of the Three Saints of the North Pavilion.*
How could you find Levi Garrison so easily?
Therefore, he directly released the whereabouts.
After hearing that Levi Garrison was in the Tianshen Division, the major factions
of the Demon Town Division were immediately excited.
Levi Garrison's whereabouts were finally confirmed.
But it's still the question – who's going to be the first?
Who will be the first to test Levi Garrison?
Let's see what kind of existence he is in the standard of the Town Demon Division?
Everyone still waits and sees each other, or hopes that others can be the first
bird!
Just like that, no one went there.
But in the end, someone couldn't hold back.
Of course they didn't go alone to test Levi Garrison.
Instead, it began to unite the major factions.

Let's go to the head office together, shall we?
It may be difficult to deal with Levi Garrison alone, but together, there will be no
problems.
In this way, no one needs to be the first bird, and no one needs to sacrifice.
Everyone's goals have been achieved.
Everyone agreed to this proposal and chose to unite.
Rather than wait and see, unite together!
Even if Levi Garrison goes against the sky, they can suppress it!
As a result, thirteen small factions other than the big faction Wufangge were all
united.
Aggressively came to the Tenshen Division and came to Levi Garrison.
"finally come!"
"There are still many people in this world who are not afraid of death! Zhen Mosi
is no exception!"
Levi Garrison sneered.
The Return of the God of War [The

/ The Return of the God of War [The Protector]
Hundreds of people showed up at the Tenjin Division, which shocked the Tenjin
Division.
This group of people made no secret of their breath and released it completely.
The terrifying aura swept over the Tenjin Division like a natural disaster.
It made everyone gasp for breath, and even felt like their bodies were about to
explode.
Not only that, many of them have "pets".
Their pets are extremely powerful beasts!
Ferocious beasts began to go mad, baring their teeth and grinning, eager to
devour all the living things here.
These beasts are much stronger than those in the forbidden area!
But it is the pet of this group of people, just think about how powerful they are.

They just want to tell Levi Garrison that you can't compare with Zhen Mo Si!
Tian Shenwei was frightened.

All trembling!
Each of them is a god-like existence to them.
The weakest is also the level of Xiao Fengtiance's Major Marshal.
Many are stronger than the Azure Dragon (Qinglong) Five.
There are many stronger ones.
The super gods created by the War Bear Kingdom are simply too weak compared
to these people.
Even the strongest three, compared with these people, still have a gap.
After all, the Zhenmo Division has a special cultivation method, and the gods are
only beginners, and they are qualified to practice the technique of qi refining.
I have talent in this area, but I haven't practiced or polished it yet, it's still far
from it.
And their super god just optimized the root bone to the limit and did not use the
root bone.
In fact, it can be regarded as entry-level, but it's just a good foundation, and
there is no substantial cultivation.
The strength is easily capped.
There is still a big gap between the two.
So this group of people is very strong.
And gather so many people at once.
Hundreds of people came to the Tenjin Division, and the Tenjin guards immediately began to hide.
For fear of affecting them.
Hundreds of people united, magnificent, and crushed everything.
They came alone and might be afraid of Levi Garrison.
But everyone united, unafraid.
"Where's Levi Garrison? Come out quickly!"
A loud shout, like rolling thunder, spread to every corner of the Tenjin Division.
At this moment, Levi Garrison was sitting on the main seat in the hall of the
Tenshen Division, waiting for the arrival of this group of people.
Now all the guardians of the gods in the gods have run away.
They started searching, and it was easy to find Levi Garrison's location.
"Levi Garrison is in the hall!!!"
I don't know who shouted, this group of people ran into the hall like crazy.

Seeing Levi Garrison sitting and drinking tea leisurely, everyone was angry.
You know they're coming, but you don't come out to greet them?
Is the shelf too big?
Do you really put yourself first in the world?
So arrogant?
You may be invincible outside.
What killed 200,000 gods with one punch.
But the so-called gods are beginners.
There are not many who can do this in Zhen Mosi.
But in the Town Demon Division, you can be considered the strongest at most,
but not the top.
Hearing their voices, how dare you sit here?
Clearly didn't take them seriously!
"Levi Garrison, what do you mean? You know we're coming, but you don't come
out to greet us?"
The person who came directly shouted angrily.
Levi Garrison frowned, very incomprehensible.
*Who the f*ck are you?*
I don't even know you!
Welcome to your mom!
Who are these dudes?
There is no one normal in Zhen Mosi!
"Now that you see us, you are still sitting, not standing up? Levi Garrison, you
don't put us in your eyes at all?"
Seeing that Levi Garrison was still sitting, the group became even more angry.
In their view, they are high above the existence like gods.
They are top-notch in terms of status and strength!
These ordinary people from the outside world, when they see them, they have to
kneel and salute!
This is the bare minimum!
The Return of the God of War [The

/ The Return of the God of War [The Protector]
They are superior!
Occasionally rewarding them with a little medicine pill, or a low-level qi refining

technique, is the greatest gift.
During this period of time, Zhen Mosi has been in and out of the outside world, is
it all like this?
But Levi Garrison sat motionless.
It's not taking them seriously.
Even after they said this, Levi Garrison still didn't react, and looked at them with
mad eyes.
It makes them uncomfortable.
This look seems to be mocking them for being fools.
Can't stand it!

Are they fools in Levi Garrison's eyes?
Can't stand it!
Why is he like this?
Shouldn't they look at Levi Garrison like a fool?
"Levi Garrison, aren't you getting up soon??? Are you deaf?"
One shouted angrily.
"Huh? This is… this is the ancient sword!"
Just as everyone was about to get angry, they saw a sword on the table beside
Levi Garrison.
Isn't this the ancient divine sword that everyone is thinking about?
Isn't one of your goals this ancient divine sword?
In other words, many people did not come for the roots of Levi Garrison and
Levilia at all.
They are here for this ancient divine sword!
In the previous battle, they could see that although Levi Garrison had this sword,
he did not know how to use swordsmanship and could not use the true power of
this sword.
This drives everyone crazy!
Who wouldn't want to get this sword to gallop?
A large part of them came for this sword.
They also know their own strength, even if Levi Garrison and his daughter's roots
are against the sky.
They can't eat it either.
But there is still a little hope for the ancient sword.

Suddenly, the eyes of hundreds of people lit up.
All eyes are fixed on "God's Tribulation", his eyes are as hot as the blazing sun!
It's like seeing some peerless beauty.
It's just that the harazi flowed out.
When I saw it, I couldn't move.
Levi Garrison took a look at their greedy expressions.
Knew it!
Those goddamn guys!
You really want my sword!
After seeing the calamity, everyone looked at each other and started their plan.
"Huh? This sword is so familiar!"
one of them said.
Another person immediately echoed: "Yes, yes, I also feel very familiar, as if I've
seen it before!"
"Have you all forgotten? Isn't this the ancient divine sword lost by Zhen Mo Si
some time ago? Many people are still looking for it!"
Levi Garrison watched them act here.
Are all the strong now like this?
I don't have the ability to fart, but each acting is better than the other?
Let's change careers and become actors one by one!
The two people in front showed a look of sudden realization: "Yes, isn't it? It
turned out to be the lost ancient sword, why is it here?"
In an instant, the eyes of hundreds of people fell on Levi Garrison.
"Did you steal this ancient divine sword, Levi Garrison, from my Demon Suppression Division?"
"The Town Demon Division lost an ancient sword some time ago! It turned out to
be stolen by you!"
"Now everyone has stolen money! Let's see what sophistry you have!"
The words were not astonishing, and the whole audience was stunned as soon as
these words came out.
The surrounding celestial guards were dumbfounded.
Can you still do this?
Directly say that Levi Garrison's divine calamity was lost by them?
Directly made Levi Garrison a thief!
This is to forcibly take Levi Garrison's divine calamity as his own.

With this gimmick!
It would be best if Levi Garrison handed over obediently.
If Levi Garrison didn't hand it over, they would use this as a reason to start a war.
Force Levi Garrison to hand over the robbery.
That is, grab it!
Never thought!
I really didn't think so!
There are so many shameless people…
Levi Garrison also smiled.
Couldn't help but applaud.
It's a good excuse!
Divine Tribulation was stolen by yourself?
puff!
The tea in Levi Garrison's mouth was about to spray out.
Funny!

/ The Return of the God of War [The Protector]
Sure enough, it's still the same sentence – there are no shameful ones, only more
shameless ones.
Sure enough, these people are more shameless than each other!
Can you say something like stealing the ancient sword? ? ?
If it wasn't for Divine Tribulation, it was forged by itself, rather than obtained by
accident.
He was a little suspicious, was this sword the so-called ancient divine sword of
Zhen Mo Si?

shameless!
It's super shameless!
No one else from the Zhenmo Division could see that they were really thick-skinned!
Shameless to a level.
Want to forcibly take away your own divine robbery?
If it's anyone else, it's really not your opponent.

It will be eaten alive by you.
But you got the wrong person this time.
who I am?
Levi Garrison!
The three saints in the North Pavilion were almost killed by themselves.
You guys dare to provoke me?
Of course, Levi Garrison is not a person who likes to brag, and he will not say such
words as defeating the Three Saints of the North Pavilion.
"Hahaha……"
Levi Garrison smiled instead of anger.
This made everyone in the town magic division bewildered.
"Levi Garrison, what are you laughing at?"
"We discovered the theft, don't you admit it? Our evidence is conclusive! The
evidence is there!"
"The ancient sword is physical evidence, and all of us are witnesses! Do you still
have the face to smile?"
The crowd yelled.
Levi Garrison asked with a smile, "By the way, were your ancestors born robbers?"
"What do you mean???"
Everyone's eyes widened, and the killing intent was monstrous.
Isn't Levi Garrison humiliating them sincerely?
"Okay, since you said that this sword of mine was lost by the Town Demon Division, but do you know what it is called?"
Levi Garrison asked.
A sudden question made everyone in the town magic department stunned.
They really have no idea what to call this?
After all, it's not really lost by Zhen Mosi!
But in the face of Levi Garrison's pressing question, everyone had to say it again.
So the gossip started.
"This sword is called Long Yin Sword!"
"This sword is called the Celestial Sword!"
"Longyuan Sword!"
"Blue Cloud Sword!"
…
As a result, the calibers were not uniform, and everyone said the names of dozens of swords at one time.
messed up!

Everyone is messed up!
The awkward atmosphere is self-evident.
Everyone was stunned, looking at each other, embarrassed beyond words!
Isn't this self-inflicted?
Levi Garrison exposed them all with a simple question.
They don't even know what this sword is called?
Let everyone choose names temporarily, and everyone has no time to discuss.
Isn't that the case?
Gossip, the answer is not uniform!
Disgraceful lost!
Everyone dared not look up.
The atmosphere was embarrassing.
However, some people still knew, and one of them immediately shouted: "Have
you all forgotten? This ancient sword is called Divine Tribulation! It means the
catastrophe of all gods!"
"It has been enshrined in our wolf temple before! It was just stolen by someone
accidentally!"
This person is the leader of the Wolf Temple, he couldn't help but say.
"Yes, yes, this is the calamity! We forgot for a while!"
"It's from the Wolf Temple! It's confirmed! It was stolen from the Wolf Temple!"
"Levi Garrison, what else do you have to say? Isn't Shen Jie wrong?"
Everyone began to question Levi Garrison again.
Levi Garrison smiled: "No problem, this sword is indeed called Divine Tribulation!
But do you know who named this sword?"
"I took it! It was the sword I prepared for the laboratory of the gods! It means
their catastrophe!"
Hearing the Gods Laboratory, everyone in the Zhenmo Division was dumbfounded.
The Gods Lab knows about the Demon Suppression Division and the Tianshi
Mansion, but the Demon Suppressing Division doesn't know them.
"Levi Garrison, don't talk nonsense!"

“What’s your name? This is an ancient sword. What does it have to do with you?
When this sword was born, your ancestors didn’t even come out.”
“You stole this sword! Return it now! Maybe we can spare you one more time!”
The crowd immediately yelled.
“By the way, what about your daughter? Hand over your daughter too!”
Everyone suddenly thought that they didn’t see Levi Garrison’s daughter. Suddenly remembered now.
Levi Garrison smiled, but he wanted to see, what name did these people use to
beat his daughter’s idea?
“What happened to my daughter? Why let her out?”
Levi Garrison asked.

“You still have the face to ask? You pretend to be confused, right? Don’t you
know what your daughter did?”
The leader of the Wolf Temple immediately shouted angrily.
“I ask you, is your daughter’s self-created technique similar to the Qi-refining
technique of the Magician?”
Someone asked directly.
As soon as this matter was mentioned, Levi Garrison felt proud.
This is what he is proud of!
“Well, it is! Many people say that!”
Levi Garrison nodded.
“Hohohoho, that’s not like! That’s the technique of refining qi!”
“What is your daughter’s self-created practice like a Qi-refining technique! It’s
obviously a Qi-refining technique that your daughter stole from the Magic Town!”
“Isn’t it stolen together with the divine robbery in your hands? Not to mention
the ancient sword of divine robbery that was lost in our wolf temple back then,
and a heaven-level qi refining technique was also stolen!”
“Isn’t it obvious now? You stole the divine calamity and stole the technique of qi
refining for your daughter! Everything is right!”
…

Hearing this, everyone nodded in unison: "So that's what happened? No wonder!
Everything makes sense!"
"I'll just say, how could someone create a Qi refining technique?"
"It's impossible even for the geniuses of the great powers in our Demon Suppression Division? Can a small child in the world create his own qi-refining
technique?"
"It turned out to be a thief! He stole the technique of refining Qi and said it was
his own creation! How shameless is this?"
...
"Thief!"
"Thief!"
"Thief!"
...
Everyone shouted in unison.
Levi Garrison really couldn't help applauding them.
In order to occupy one's own divine calamity and gain the foundation of Levilia,
trumped-up charges can be arranged on his head.
Stealing divine robbery and qi refining techniques by yourself? ? ? ridiculous!
Really funny!
And what they said made sense.
Yes!
Levilia is just a child, no matter how you think about it, it is impossible to create a
sky-defying technique of qi refining.
And how could he have such a terrifying divine sword in the secular world?
These two things can still be involved, and people who don't know the truth will
really believe it.
After all, logic and objective facts make sense!
"Clap clap clap…"
Levi Garrison began to applaud them.
"This will kill me? I stole the sword, and I stole the technique of refining Qi?"
Levi Garrison asked.
"Of course! Or what do you think?"
The crowd nodded.

“Then according to you, what should I do?”
Levi Garrison asked cautiously and tentatively.
This look made everyone stunned, did Levi Garrison recognize it?
Compromise like that?
They are an imposed charge that anyone can see.
But no one dared to dismantle them because they were afraid of their power.
Presumably, so did Levi Garrison.
I can see it, but there is no way, they can only compromise due to their coercion.
I don’t think there is any way.
Thinking of this, they all laughed.
Didn’t think of the mighty Levi Garrison, didn’t he give in to them?
That’s why I’ve never met a ruthless person before!
Not so much?
Everyone began to disdain Levi Garrison.
“What you have to do now is to immediately hand over your sword, no, hand over
our Sword God Tribulation!”
“Hand over your daughter again!”

“What are you going to do with my daughter?”
Levi Garrison asked knowingly.
“What else? Your daughter stolely learned the secret secret of our Demon Suppression Division – the technique of refining qi!”
“So we have to abolish her qi-refining technique! I want to eradicate the traces of
qi-refining technique from your daughter!”
Levi Garrison smiled: “Oh, so, I thought you were going to beat my daughter’s
roots?”
When everyone heard Levi Garrison’s words, they always felt that something was
wrong.
It seems to be a bit yin and yang.
It always felt as though I was mocking them.
But aren’t they just trying to beat your daughter’s roots?

Their plan is simple.

Let Levilia come here first, and then test what legendary level her root bone is.
Everyone already knows that Azure Dragon (Qinglong) and their five elements
have been dug up.
A respected senior said that the root bone of Levi Garrison's daughter may be
above the five elements.
Therefore, people from the major factions of the Town Demon Division all want
to know what the roots of Levilia are.
Even if they also understand that they will never be able to compete for this
root.
But I still want to know what the root bone is.
hurry!
Who can be in a hurry?
A five-element spirit root spirit bone has already turned the town magic division
upside down.
If there is another Levilia's anti-sky root, then the Zhen Mosi will really change.
Many people are making up their minds.
However, afraid of Levi Garrison's strength, those real bigwigs still did not act.
Are still watching.
Also waiting to see their results.
They understand that the big guys are watching them at the moment.
Waiting for their results!
Even if they can't get Levilia's root bones, it is a credit for them to find out what
the root bones are.
"Levi Garrison, what are you talking about? Why don't you hand over the sword
and your daughter quickly?"
Everyone couldn't bear it any longer and couldn't help but force.
Levi Garrison smiled: "My daughter, come later! As for the sword, it's here, you
can get it yourself!"
Levi Garrison seems to have completely compromised.
"You Wolf, go get the sword!"
The leader of the Wolf Temple sent his eldest disciple, You Lang, to get the

sword.
The ghost wolf is tall and tall, and behind him is a hill-like beast—the wild wolf.
The momentum of one person and one beast overwhelmed the audience.
Those Heavenly Guards who were hiding all around were shivering, and the
powerful momentum overwhelmed them.
Even against the three strongest super-gods in Zhanxiong Nation, it is still a lot
stronger.
Youlang walked to Levi Garrison step by step with a grim expression.
Youlang is also a well-known genius in the Demon Suppression Division, and
many people have high hopes.
Not to mention that people are powerful, they are also very arrogant.
It could even be said to be arrogant.
Except for a few top geniuses from that big power, he didn't put anyone in his
eyes.
So he was never satisfied with Levi Garrison!
He felt that everything Levi Garrison did, he could too.
Levi Garrison saw this ghost wolf looking at him with terrifying eyes, as if he was
his old enemy.
He didn't know that he thought he killed his parents or did something wrong.
The key is that he doesn't even know this ghost wolf at all.
Why do you hate yourself so much?
Are you sick?
Youlang quickly came to Levi Garrison and cast a provocative look at him.
Even the fierce beast behind him grinned at Levi Garrison, opening his bloody
mouth to provoke.
Just like everyone and beasts have their faults, they even challenged Levi Garrison.
Youlang subconsciously went to grab the "Sacred Tribulation" next to Levi
Garrison.
Just when he touched the calamity, Levi Garrison caught the calamity one step
earlier.

This made people very puzzled.
What is Levi Garrison doing?
Youlang frowned even more, looking at Levi Garrison in disbelief.
"What do you mean? Don't you want to give it?"

The ghost wolf suddenly raised his voice and asked with a bang.
The aura on his body also exploded, as if he wanted to crush Levi Garrison.
The giant wolf behind him grinned again at Levi Garrison to provoke and warn.
It seems that as long as the wolf gives an order, this giant wolf will tear Levi
Garrison into pieces, swallow it alive, and turn it into food.
Hundreds of people in the back also looked at Levi Garrison with puzzled faces,
wondering what he was going to do?
Isn't it obvious that the gods must be handed over?
Are you going to regret it now?
Youlang stared at Levi Garrison, trying to penetrate Levi Garrison with his eyes.
Levi Garrison looked at him the same way.

"Give me the sword! I don't want to say it a second time!"
Ghost Wolf warned.
The giant wolf behind him also roared, like Hong Zhong Da Lu.
All the buildings behind Levi Garrison were crushed.
Levi Garrison didn't say anything, just looked at the wolf.
But suddenly, only a clanging sound was heard.
Levi Garrison pulled Shen Jie out with one hand.
A cold glow bloomed like a scorching sun.
All vision and even consciousness are affected.
Subconsciously to block this dazzling light…
"Hey!"
"Hey!"
But at this moment, bloodthirsty killing intent flashed in Levi Garrison's eyes.
He raised his sword and fell, directly severing the arms of the ghost wolf at an
incredible speed!
"Ugh!!!"

The next second, a heart-piercing scream spread throughout the entire Tenshin
Division.
The ghost wolf lay directly on the ground and rolled around.
He didn't even see how Levi Garrison did it!
Everyone reacted one by one.
Levi Garrison started.
Directly cut off the arms of the ghost wolf!
Everyone in the audience was dumbfounded.
No one thought that Levi Garrison would suddenly act!
The leader of the Wolf Temple is going crazy!
That was his most beloved apprentice, and the future of the Wolf Temple!
Just got his arms cut off? ? ?
Levi Garrison, I'm going to kill you! ! !
The Temple of the Wolf exploded with rage.
However, the ghost wolf's "pet" was also extremely angry. Seeing the owner's
arms were cut off, it immediately rushed up.
Looking at the giant wolf rushing towards him, Levi Garrison said coldly, "It was
you who barked and grinned at Lao Tzu just now?"
"Chichichi…"
I saw Levi Garrison sitting motionless, but the divine robbery in his hand drew a
sword light.
"Roar!!!"
The giant wolf let out a roar, and the moment his body touched the sword light,
bloodstains appeared on his body, and they were torn apart.
The blood rained on the spot, and the limbs were separated.
Turned into a lump of minced meat!
It doesn't matter if a person yells at himself, and a beast slaps his nose on his
face?
Why is Levi Garrison not angry?
In fact, he has endured it several times.
The ghost wolf on the ground was about to struggle, but Levi Garrison stepped
on his head and fell to the ground again.
No matter how hard he struggled this time, he couldn't get up.
Can only let out a shrill scream.

Seeing that the people in the Wolf Temple were annoyed, they stepped forward
one after another, staring at Levi Garrison, just waiting for the leader's order to
start the war.
They are not afraid of Levi Garrison.
The reason for hurting the ghost wolf and his beast.
It's just relying on the divine power of "Sacred Tribulation".
What specific strength is not sure?
"What do you mean, Levi Garrison???"
"Aren't you going to give us the stolen robbery?"
"What are you doing now??? You cut off my apprentice's arms!!!"
The leader of the Wolf Temple roared at Levi Garrison.
"Levi Garrison doesn't even kneel down and apologize!!!"
"Stealing the ancient sword of Zhen Mosi, and stealing our Qi-refining technique!
How dare you hurt someone? How unreasonable!"
...
Up to now, they have given Levi Garrison trumped-up charges.
Levi Garrison laughed, and with a force on his feet, Youlang's head exploded, and
he died tragically on the spot.
"Hoho, to be reasonable, we are stupid and like to kill people!"
Levi Garrison said coldly.

This has exploded all the popularity of the Wolf Temple!
Levi Garrison must die!
The body of the leader of the Wolf Temple is shaking even more, this is his favorite apprentice.

The Temple of the Wolf can only be regarded as a medium force among the major
factions of the Town Demon Division, and basically survive in the cracks.
Until the ghost wolf appeared, it gave them great hope.
Therefore, the Temple of the Wolf made every effort to cultivate the genius of
the ghost wolf.
As long as the ghost wolf takes shape, the wolf temple will definitely have a
place in the town of magic in the future.
But now…
Hope was completely dashed.
The leader of the Wolf Temple now regrets it. He shouldn't have let the wolf go
to get the sword just now, he should have sent someone else.
"Levi Garrison, you must die today! No one can save you!"
The leader of the Wolf Temple shouted.
"Kill kill kill!!!"
The Wolf Temple went up and down, shouting in unison.
The leader of the Wolf Temple even said to everyone: "Have you not seen clearly?
Levi Garrison will not hand over Shen Jie and his daughter! He did it on purpose!"
At this time, everyone gradually reacted.
They were tricked by Levi Garrison.
Levi Garrison's murder just now can explain everything.
Not wrong.
Face these shameless people.
Levi Garrison won't talk any more.
We are stupid and have no way of reasoning, just kill people directly.
"What are you waiting for? Let's go together! Take down Levi Garrison directly!"
"At that time, we can get his divine calamity and his daughter! We can even get
Levi Garrison's roots!"
…
By this time, the leader of the Temple of the Wolf was no longer secretive.
directly revealing his true nature.
"What else are you pretending to be? Aren't we here for the root of the ancient
sword and Levi Garrison's daughter? Take him together!"
he shouted loudly.

“Okay!”
“Stop pretending! Showdown! Take Levi Garrison together!”
“We are here for Levi Garrison and his daughter Gengu!”
...
The other major factions also did not pretend to be, and directly exposed their
true nature.
“Then let’s take down Levi Garrison together! It is claimed to be that he stole the
ancient sword and the technique of qi refining from Zhen Mosi! Only then will we
punish him and his daughter!”
The group showed their blue-faced fangs.
Don’t look at the mouth full of benevolence and morality.
But Zhen Mosi is a ruthless and cruel existence.
The people inside are ruthless executioners.
There is always such a thing as killing Yuebao.
Much crueler than outside.
These people are really cruel!
“Levi Garrison, just wait to die! We will dig out your bones alive! Let you suffer!
Let you suffer like hell! I will make your life worse than death!”
Everyone stared at Levi Garrison.
The leader of the Wolf Temple even said: “I don’t want anything today! I only
want Levi Garrison’s life! You dig the bones, I only want his life!”
“I will not let him die easily, I will let him suffer to death! And his relatives and
friends, I will torture them to death!!!”
The Wolf Temple hated Levi Garrison extremely!
I can’t wait to eat Levi Garrison’s flesh and drink Levi Garrison’s blood.
They have already thought of hundreds of ways to torture Levi Garrison.
Levi Garrison looked at them and said with a smile: “Actually, your face looks
quite comfortable! It’s even a little cute! You just looked so sane, it made me
sick!”
“Levi Garrison hopes that you will be able to say such things in the future!”
The Return of the God of War [The
Protector] Chapter 3440
/ The Return of the God of War [The Protector]

The thirteen factions of Zhen Mosi, with hundreds of people, took a step forward
in unison.
There are not many people, but they are all strong.
It is equivalent to the combat power of thousands of the strongest super gods in
the War Bear Kingdom.
Their Qi refining techniques have been displayed one after another.
The terrifying airflow was impacting, and the entire Tenjin Division was razed to
the ground in an instant.
They also all know that Levi Garrison is strong and has the "Ancient Sword" in
hand.
They also saw the scene of killing the ghost wolf just now.
Although the incident happened suddenly, it was an attack.
But there is no absolute strength, how can it be easy to succeed?

The ghost wolf is the top among their group of people.
That means Levi Garrison is extremely strong!
Everyone didn't dare to care, they just wanted to act together.
It is to bully Levi Garrison by relying on too many people.
"Let you, the frog at the bottom of the well, know that there is a heaven beyond
the sky today!"
They always believed that Levi Garrison could only show off his power on a small
stage, thinking that he was invincible in the world.
But in fact, on the big stage of Zhen Mosi, he is nothing.
They are going to let Levi Garrison know his weakness and hit him hard.
This is their pride.
They always think that they are high above, and the world is only ordinary people.
How can ordinary people be stronger than them?
The strong will have it, but it doesn't matter to them at all.
Now that they are joining forces together, it has already given Levi Garrison
enough face.
But Levi Garrison was still sitting, and he looked like he was ignoring everyone.
Does he really think he is invincible?
This kind of action undoubtedly angered everyone in the town magic

department!
The will to kill!
"kill!"
The Wolf Temple was eager for revenge, and the first one rushed out.
All the others rushed up.
Their ever-changing qi-refining techniques were displayed, and they were full of
attacks.
Hundreds of attacks hit Levi Garrison one by one.
It's just that Levi Garrison sat there all the time and didn't take them seriously.
He even picked up the teacup and continued to drink tea.
In the face of hundreds of attacks, Levi Garrison stood still, but the teacup shook
slightly, causing a slight fluctuation.
This wave can spread out, but it is the power that evolves into stormy waves.
"Boom!"
With a loud bang, hundreds of attacks were directly defeated.
surprise!
So surprised!
Levi Garrison is so strong?
So easily defuse the crowd's attack?
Stronger than they thought!
"Everyone has to work hard! He's hard to deal with! We have to get rid of him!
Otherwise we're all in danger!"
The leader of the Wolf Temple immediately shouted.
The Return of the God of War [The
Protector] Chapter 3441
/ The Return of the God of War [The Protector]
Now, everyone realizes the seriousness of the matter!
No longer hiding and tucking, they have taken out all their housekeeping skills
without reservation!
If they want to kill Levi Garrison in one hit, they must take it.
Otherwise there will be trouble.
It is formed by a series of powerful attacks, killing Levi Garrison.
The art of refining Qi is indeed infinitely mysterious.
Using the elements of heaven and earth to condense Qi, the power is extremely
fearful.

When the technique of refining qi reaches a certain level, it can condense and
transform into shape.
The condensed gas evolves into a concrete object!

Such as swords, such as shields and so on.
This time, they really fought hard.
All kinds of Qi refining techniques are displayed.
Levi Garrison was still sitting, not only did he have a nervous and fearful look on
his face, but a smile appeared on his face.
After he took a sip of tea.
Shake the teacup gently, and the tea inside spills out.
Not only did it fall to the ground.
Instead, it turned into a drop and suspended in front of Levi Garrison.
It's too easy to do this with Levi Garrison's strength, his strength is too terrifying.
Can control everything.
Looking at the people of Zhen Mosi who were killing in front of him, Levi Garrison gently flicked the water droplets floating in front of him.
"boom!"
After flicking the water droplet, the water droplet flew out instantly like a shell
out of the chamber.
The speed is so fast that it is beyond the limit, directly tearing the air and pulling
out a wave of air.
This drop of tea shot out as fast as lightning, carrying the energy of terrifying
tearing.
Can hit everything!
Even if there are mountains in the ten directions ahead, they will be blasted
through by water droplets!
When the drop of tea was shot out, the speed and strength reached the limit.
It's as if everything around you is frozen, whether it's time or space, etc.!
A drop of tea shoots out, and the world seems to be turned into a black and
white background!
I only saw the horrified expressions on the faces of the people of Zhen Mosi!

They only felt that the pressure on their bodies suddenly became stronger, the
blood flowed back, and the major organs of the body were compressed.
It feels like your body is going to explode anytime, anywhere.
What is terrifying is that this drop of tea is shot out, and their Qi refining technique seems to be locked and cannot be used at all.
The elements of heaven and earth and the power of heaven and earth cannot be
borrowed at all, and the surrounding aura is also evacuated in an instant.
The environment in this area is exactly the same as it was before the aura recovery.
A drop of tea is shot out, and it has the power to destroy the world!
It's so terrifying!
Everyone wants to avoid it, to avoid its edge, but there is no chance at all!
The first to bear the brunt is the Great Elder of the Wolf Temple, whose strength
is second only to the Great Chief.
Moreover, he majored in the powerful physical cultivation technique of the Wolf
Temple.
Of course, it is not pure physical cultivation like Levi Garrison, but a physical
cultivation technique combined with the technique of qi refining.
He was so hard that he could block any attack.
However, in the face of this drop of tea, he had no chance of blocking it.
Only hit the front!
Take it abruptly!
"Roar!!!"
He roared, his body condensed, his body suddenly doubled, and his defense was
astonishing to the extreme.
Soon, the water droplets will shoot!
"Pfft!"
But no one would have thought that this drop of tea directly penetrated his body!
His powerful body was like tofu, and it burst open lightly.
This is what no one thought of!
"boom!"

/ The Return of the God of War [The Protector]

Immediately, his indestructible body exploded, and it exploded into a cloud of
blood on the spot!
Horrified!
Shocked all over!
This drop of tea is so terrifying?
underestimate!
Underestimate Levi Garrison!
He is stronger than he imagined, and he didn't do his best in the battle of the War
Bear Kingdom!
They all underestimated Levi Garrison!
He is so powerful that he should be the same as the old guys from the major
factions!

It's not something they can handle alone.
Fortunately, they came together.
There is still hope!
Otherwise, many people will die.
However this is only the beginning!
After all, Levi Garrison had a lot of water droplets scattered from shaking the
teacup just now.
Now break it down and appear in front of him one by one!
"boom!"
"boom!"
"boom!"
...
Levi Garrison continuously bounced the water droplets suspended in front of
him.
Half a cup of tea, there are almost hundreds of water droplets.
In almost an instant, it was all ejected by Levi Garrison with his fingers.
Heaven and Earth seemed to be unable to withstand this terrifying power, and
even made a deafening shocking sound.
The aura within the stronger range has been evacuated!
A drop of water pierces through ice and flames, becoming the most terrifying
weapon in the world!
Invincible!

I do not care who you are?
No matter what defense you have?
All pierced!
This degree of exaggeration seems to be able to penetrate the sky for you!
Hundreds of drops of tea shot out in unison, targeting everyone in the town
magic division.
It's too late for them to escape!
Can only take it abruptly!
Fight!
A firm look flashed in everyone's eyes, and they wanted to fight Levi Garrison to
the death.
It is obviously a drop of water, but it is as shocking as a peerless magic weapon.
The powerhouses of the Town Demon Division tried their best.
Either attack through attack, attack through defense, or join forces.
Some even put their own beasts in front of them to block the blow for themselves…
In short, in an instant, everyone tried their best to block this fatal blow!
"Pfft!"
But these hundreds of drops of tea are indiscriminate crushing attacks.
It doesn't matter what tricks you have.
Attack is not good, defense is not good either.
At the forefront of the team, the Temple of the Wolf, eager for revenge, unleashed its strongest attack.
He didn't want to block the drop of tea, but attacked Levi Garrison.
Now he only has Levi Garrison in his eyes.
Just a drop of tea instantly defeated his powerful attack, and then pierced through his body with unabated speed.
The leader of the Wolf King Hall let out an exclamation, and the first one fell
down.
The body exploded quickly.
"Pfft!"
The second person was pierced!
The body also exploded immediately!
"Pfft!"
The third person was pierced!
Blood splattered!
"Pfft!"
"Pfft!"

“Pfft!”
…
Next, a drop of tea was densely covering everyone present like a bullet.
One by one, they pierced through the bodies of these powerful sectarians, and
only saw a bloodline shot.
Almost in an instant, the hundreds of powerhouses present at the Demon Suppression Division were all pierced by water droplets!
Everyone stopped in an instant, and the picture was frozen at this moment!
Everyone has an incredible look on their faces!

/ The Return of the God of War [The Protector]
In fact, their lives were ended in an instant, but their consciousness didn’t keep
up, or they stayed for a short time.
They all looked at Levi Garrison in disbelief.
Never thought that Levi Garrison would kill them in this way!
Water drop kills? ? ?
Unheard of!
Even the ancient divine sword in his hand is useless!
They died so miserably!
Unwilling!

They shouldn’t have come to test Levi Garrison’s true strength!
I ended up putting myself in it!
They are cannon fodder!
I thought that after they came, they could easily take down Levi Garrison.
You can also get Levi Garrison’s ancient swords.
But I didn’t think that they all fell here.
This is a disaster for them!
All planted!
“Bang bang bang…”
The next moment, their bodies all exploded in an instant, turning into blood mist!
The sky is raining blood!
The scene is amazing!
The people from the thirteen factions led by the Temple of the Demons of the
Town of Demons have been wiped out!
Not a single one is left!

Levi Garrison is not an unreasonable person. If you come to make friends, even if
you accept apprentices, I will not kill you.
But you have the idea of destroying me, and the idea of my
daughter, and you have to dig out my roots.
If I hadn't resisted and fell into your hands, the end would have been extremely
miserable.
Then I can only kill you all.
If I don't kill you, you must kill me and torture my relatives and friends.
Levi Garrison slowly drank the remaining tea, as if nothing had happened.
Or, to him, it was as if he had done a small thing.
Gradually, the Heavenly God Guard, who was hiding all around, slowly came out.
They looked at Levi Garrison in awe like a god.
It was only a matter of time before Gui kowtowed a few times in front of Levi
Garrison.
too strong!
Originally, in their opinion, it must be Siqiang Zhenmo.
No matter how strong Levi Garrison is, he is just a wild way.
People are orthodox!
As a result, the battle stunned them.
Levi Garrison showed his invincibility!
Use half a cup of tea to kill the top 100 thirteen factions of the Suppression Division!
powerful!
He is unbelievably strong!
At this time, Levi Garrison got up slowly and said to the heavenly guards, "Let's
just clean up here!"
"I'm sorry, because the fight has ruined your Tianshen Division! Do you want me
to send someone to repair it for you?"
Levi Garrison asked.
"No! No! We'll do it ourselves!"
Tianshenwei shook his head frantically one by one.
Levi Garrison then looked around, and he sneered: "Don't look, you will be the
next to die!"
"Boom…"

After he finished speaking, he lightly stepped on the ground, and a terrifying
wave blasted around.
Swept through everything with a destructive momentum.
Not wrong.
There are still many people watching in the dark.
After the arrival of the thirteen factions of the Wolf Temple, it almost attracted
the attention of the entire town magic division.
All the major factions have sent people to inspect, wanting to see what Levi
Garrison's strength is.
If Levi Garrison is strong, at least he has a number in his heart.
If Levi Garrison is weak, then when the thirteen factions of the Wolf Temple
snatch Levi Garrison's treasure, they can also participate in time.
Therefore, there are not a few people watching around.
Even more than a hundred people.
After all, every major faction has sent special spies to inspect the specific situation.
I thought it was the thirteen factions of the Wolf Temple that crushed Levi Garrison.
But who would have thought this would be the result?
Even if Levi Garrison showed great strength behind him, in the eyes of everyone,
it would definitely be a fierce battle.
It doesn't matter who has the last laugh.
The results of it?
Crush!
The Return of the God of War [The
Protector] Chapter 3444
/ The Return of the God of War [The Protector]
All-round crushing!
Levi Garrison easily killed more than 800 people from the thirteen factions of the
Wolf Temple with half a cup of tea!
Simply unimaginable!
After knowing that Levi Garrison was powerful, they were all fortunate.
Fortunately, they didn't go down to test Levi Garrison for the first time, otherwise they would be cannon fodder.
After calming down, they were ready to leave, and immediately informed the

major factions of the Town Demon Division.
They thought that Levi Garrison didn't find it at all.
But after hearing Levi Garrison's voice, they understood.
It turned out that they thought it was well hidden, but in fact, Levi Garrison had
already discovered it.

Just know when it's too late.
Levi Garrison stepped on the ground, and the shock wave had spread from the
ground to all directions.
"boom!"
"Crack!"
...
The spies everywhere shattered and exploded one by one, and even the trees
and jungles were completely leveled.
At this moment, almost all the spies around were hit by this shock wave.
One by one burst into a cloud of blood.
For them, it was a devastating blow.
In the end, only three people survived, and they fled immediately.
However, the three were also seriously injured.
Almost fell here.
This is Levi Garrison's intention, otherwise, no one will tip off the news, and no
one will know the situation here.
He also wanted someone to tell the whole story, so that it would have a deterrent effect on the Town Demon Division.
If he wanted to kill them, Levi Garrison would have killed them all long ago.
Fight to Fame! ! !
Although Levi Garrison had many moments of World War I consecration, especially the shocking World War I on the Siberian Plateau not long ago.
However, this time, the World War I Conferred God was in the circle of the Town
Demon Division.
Immediately, it caused a huge sensation.
Levi Garrison used half a cup of tea to instantly kill 879 people from thirteen
factions headed by the Temple of the Demon Suppressing Wolf!
Bring the whole town a big shock!

In other words, Zhen Mosi, who has been living in a small independent world, has
not experienced such a shocking thing for a long time!
The key to killing these powerful people turned out to be people from the secular world!
Within the Demon Suppression Division, everyone feels superior to themselves.
People in the secular world are nothing but immature monkeys!
To Levi Garrison, people in the secular world are collectively referred to as
monkeys by the Town Demon Division.
The purpose of humiliation is obvious!
But compared to them, what is this not a monkey?
Just a bunch of ignorant monkeys.
Isn't it just having spiritual roots and bones, and it turns out to be called a god.
Too ignorant.
Haven't seen the world at all.
But now the "monkey" actually killed more than 800 of them.
This is simply unimaginable!
It's a shame even for the entire town magic division!
How can this not be shocking?
Those who had previously dismissed Levi Garrison also began to pay attention
one by one.
Is he so strong?
The method of key murder is also unheard of!
Stunned!
For the entire town magic division, it is too shocking.
Levi Garrison is much stronger than everyone imagined!
This monkey is defying the sky! ! !
The strong man of Zhenmo Division was killed by the monkey, who would believe
it?
The key is to kill so many strongmen of the town magic division in this way.
It is unimaginable!
Shame is indeed lost home!
Killed by the monkeys they despised and despised!
But now there is a question for everyone in the town of magic-
The key is how strong is Levi Garrison?

So far, everyone understands that Levi Garrison is definitely not doing his best!
Can they handle it?
The thirteen factions of the Temple of the Wolf are not trifles, they represent
the middle power in the Town Demon Division.
All of them were slaughtered like this?
Then Levi Garrison's strength has not yet been measured, and no one knows
where the specific limit is.
This completely shocked the major factions of the Town Demon Division.
Those who had already made up their minds on Levi Garrison had to give up.
How is this done?
Can't beat it at all!
How could he rob his Divine Sword and his daughter!
Shocked!
Even the big faction Wufangge was suppressed.
Levi Garrison is a complete battle to fame.
Facing the first battle of the Town Demon Division, he could be considered to
have handed in a satisfactory answer.
The Return of the God of War [The
Protector] Chapter 3445
The direct crushing performance tells the Zhenmo Division – Levi Garrison is not
easy to offend, and neither can you!
Anyone who hits his head will already have an end.
Equivalent to these people in the Temple of the Wolf.
No bones left! ! !
The shock is completely shocking to the Zhen Mo Division!
Let them understand that Levi Garrison cannot be treated like a monkey.
He had to pay enough attention to increase his risk factor to the most terrifying
level.
But at the same time, Levi Garrison brought shame to the town demon Si Tianda.
They have never suffered at the hands of monkeys.

It turned out to be a huge shame this time.
Give up on this?
impossible!

They will definitely find the shame they brought to the Town Demon Division.
However.
For the time being, there will definitely be no action.
Levi Garrison is too fierce.
Directly called Zhen Mosi to shut up.
not only.
This also greatly shocked the forces behind the War Eagle Nation.
In fact, they can be considered to have investigated the Town Demon Division,
and their nature is similar to their existence.
The strength is estimated to be similar.
Watching the battle between Zhen Mosi and Levi Garrison is actually looking at
the gap between himself and Levi Garrison.
It's just that after the result came, they were all silent.
Sure enough, Levi Garrison's strength was not the limit in the first battle of the
Siberia Alliance.
Now the middle forces of Zhenmo Division have not measured Levi Garrison's
limit.
It scares them.
If this goes on, how can we deal with Levi Garrison?
Agent Blackhawk was about to burst out laughing.
Bet right!
As long as he works for Levi Garrison next, he will have a bright future.
The message also reached the North Pavilion.
The North Pavilion was sensational.
Xu Qingya and the others didn't think that Levi Garrison had cultivated to such a
level as a pure body?
And the Lord of the North Pavilion is even more depressed.
The three saints in the North Pavilion were severely injured, and such an invincible existence appeared in the secular world.
This is changing too fast.
Not only that, some radicals in the North Pavilion also wanted the Three Saints of
the North Pavilion to go out and teach Levi Garrison a lesson.
This was stopped one by one by the Lord of the North Pavilion.
The Three Saints of the North Pavilion are unable to protect themselves.
To teach others a lesson?

…
After getting Levi Garrison to kill more than 800 people from the thirteen factions of the Wolf Temple, Gong Qianqiu couldn't help but be surprised.
She is very aware of the strength of these people in the Wolf Temple.
She has even been in contact with Youlang, the arrogant of the arrogance.
Now they were all killed instantly.
How strong is this Levi Garrison?
She was sweating all over her body.
I'm also glad that I didn't act rashly, otherwise my life would not be guaranteed.
Fortunately, he had already made a comprehensive plan so that he would not be
exposed. Taking advantage of Xiao Feng, Levi Garrison did not know his existence.
Otherwise it will be difficult.
But Levi Garrison is strong, doesn't that mean that his root bones and his daughter's root bones are strong?
The Return of the God of War [The
Protector] Chapter 3446
This made Gong Qianqiu even more excited.
Isn't this exactly what you want?
If you can get their root bones?
Hey-hey!
unimaginable!
That must be more terrifying than the legendary Five Elements Spiritual Root
Spirit Bone!
Luckily, plan ahead yourself.
Arrange such an important chess piece as Xiao Feng.
Will it come in handy next?

Although Levi Garrison was so powerful, she did not dare to collide head-on.
But she can act in private.
Now for Gong Qianqiu, her goal is not just Levilia.
And Levi Garrison!
Although Levi Garrison's force value is against the sky, it is comparable to a god!
But she can use shady tricks!
Levi Garrison can still be taken down with a strategy.
However, Levi Garrison is more difficult to deal with, and he has to think of a

good strategy and the like.
However, everything has to be done on Xiao Feng, with Xiao Feng as a chess
piece.
Next, Gong Qianqiu found Xiao Feng.
First, congratulations on how brave Levi Garrison is.
They all beat Zhen Mosi to the point of autism.
Xiao Feng was naturally happy when he heard the praise of Master's greatness.
"Yeah, before I thought it would be useless even if Master found all the bone
masters! But now that Master has this strength, I can rest assured! The five Azure
Dragon (Qinglong) people can get their revenge!"
Xiao Feng's face was full of pride, and his eyes were full of determination.
Gong Qianqiu's eyes turned and he couldn't help asking: "But Xiao Feng, your
master is so powerful, your strength seems to be… I'm sorry, I said the wrong
thing."
Gong Qianqiu hesitated, for fear of hurting Xiao Feng's heart.
Xiao Feng didn't understand, he smiled and said: "Haha, it's okay, I understand
what you mean.
Although I am the eldest apprentice of Master, I can be regarded as the best
among the apprentices. But the gap is too big, but it's my own fault…"
"Huh? Blame yourself? Why?"
Gong Qianqiu looked at him puzzled.
Xiao Feng shook his head helplessly: "It's my fault that I didn't choose the path
that Master gave me! So the gap is getting wider and wider! With my current
strength, if I told people that I was Levi Garrison's big apprentice, I guess no one
would believe me. The master is so strong, why is the apprentice so weak?"
"What paved road? Speak clearly! I don't even understand what you're talking
about?"
Gong Qianqiu's breathing became rapid, and his voice trembled slightly.
It was as if he had caught some great secret.

The road paved for the apprentice is most likely Levi Garrison's powerful secret.
If mastered the secret?
Wouldn't that stop Levi Garrison?
Can even become Levi Garrison?
Xiao Feng smiled and said: "This, it's actually very simple! What Master taught us
is actually a simple basic exercise! To put it simply, it is the pursuit of the ultimate speed and power! The most basic exercise!
But we need to practice hard and practice day and night! To achieve something!
Looking at the dazzling quick-fix methods at that time, you can become a strong
person in a few months! Who would want to practice this kind of basic exercises
that may not be effective after ten years of hard work!
Back then, Azure Dragon (Qinglong) and I both chose the quick way, leaving
behind the basic exercises that Master gave! Where can I imagine that Master's
basic exercises can adapt to every era! "
Thinking of this, Xiao Feng was also full of regret.
If you insist on it all the time, maybe the gap between you and Master is very
small.
Hearing this, Gong Qianqiu couldn't help but be shocked.
An ordinary basic practice, Levi Garrison has reached this point?
This is impossible!
Absolutely impossible!
Ordinary exercises are used to lay the foundation, how can it be so powerful?
In her cognition, this situation is impossible!
"However, there are also those who have been cultivating hard with Master! The
guys from Kunlun Academy in the past are now better than me! There is a Huoyun
Evil God who has been cultivating this basic technique for a long time. His strength Super strong, it is estimated that you are not an opponent!"
Xiao Feng looked at Gong Qianqiu.
The Return of the God of War [The
Protector] Chapter 3447
Hearing what Xiao Feng said, this shocked Gong Qianqiu.

Her strength is super powerful. Apart from Levi Garrison, there are other "monkeys" in the secular world who are stronger than her?
It seems to mean a lot to hear this!
The key is to rely on a basic practice.
How is this possible?
Gong Qianqiu said suspiciously: "So your master is so strong that you rely on this
most basic practice to pursue the ultimate in strength and speed?"
Xiao Feng replied subconsciously: "Yes, he has come this far because of this
practice!"
Those in the know all know that Levi Garrison's exercises are not secrets at all.
His practice is almost public, and everyone can practice it.

It's just that it can't achieve the level of Levi Garrison.
But Gong Qianqiu didn't believe it.
She thought it was impossible.
With such an ordinary practice, how could it be possible to instantly kill more
than 800 strong people from the Demon Suppression Division?
Absolutely impossible!
Even the most enchanting geniuses in the Demon Suppression Division and those
ancient legendary powerhouses would not be able to do this.
Therefore, she firmly believed that Levi Garrison must have reservations.
This common practice is just a smoke bomb.
He deceived Xiao Feng and all the apprentices, but this guy is stupid.
Gong Qianqiu looked at Xiao Feng, and couldn't help but scolded a few words in
his heart. But she wanted to tell Xiao Feng the truth.
That's how you get the secret.
Gong Qianqiu explained: "Actually, your master's cultivation method is called
pure body cultivation in Zhenmo Division, which is to quench the physical body to
the extreme, and pursue the most powerful strength! But this kind of pure body
cultivation is too limited! You can become a strong person. , but it can't be among
the top! The strongest is even more impossible!"
"Huh? Is it?"

Xiao Feng was taken aback.
“Perhaps in the previous environment of heaven and earth, you thought that
pure physical cultivation could be the strongest! That is because there was no
spiritual energy here before, and you could only take the road of physical cultivation. But the current environment is absolutely impossible!”
“And your master is too strong! Strong to a certain extent! You know it too!”
…
When Gong Qianqiu said this, Xiao Feng was a little dazed.
Thinking about it carefully, it seems that something is really wrong.
Master is too powerful.
“But Master really practiced this basic exercise, this is something we all know!”
Xiao Feng said.
“No no no, have you ever thought about this question! Why is he so fast in practice? He hasn’t practiced for a long time, right? He wasn’t very strong from
the beginning, right?”
“Are you guys less talented than him? Isn’t that right? Especially how talented are
the five Azure Dragon (Qinglong) people?”
“But look, your master’s practice is effective, and you have practiced for a long
time, right? Why isn’t it effective?”
“Talent and hard work can be compared, but why is the gap so big? There must be
a problem!”
“What would be the problem then?”
…
After Gong Qianqiu’s analysis, Xiao Feng was confused.
The key point is that she also analyzes it well.
Come to think of it, that’s really the case.
“The key is where is the problem?”
Xiao Feng didn’t understand either.
“So, I guess your master has a secret and should keep it from you!”
Gong Qianqiu said directly.
As soon as these words came out, Xiao Feng was a little reluctant to listen.
“Impossible! It’s impossible for Master to have reservations about me!”
He is very determined.

Levi Garrison is the person he respects the most, and no one can say that about him.
Not even Gong Qianqiu.
"No, I mean there is no such possibility!"
Gong Qianqiu realized that he had said something wrong and immediately apologized: "I'm sorry, I don't mean to be suspicious of your master! I can't slander him, he is your master, and he is equivalent to my master!"
"It's okay, Qianqiu! I'm also a little excited! You are also kindly analyzing it! There's nothing wrong with it!"
Xiao Feng's expression softened immediately.
The Return of the God of War [The Protector] Chapter 3448
"Maybe Master's talent is too terrifying? As far as I know, Huoyun Evil God has practiced this basic practice for a long time than Master, but according to Master, it is still far behind!"
Xiao Feng explained.
Gong Qianqiu was stunned: "Ah? Fire Cloud Evil God is older than your master's practice of this basic practice? This basic practice is not your master's own?"
This time it was time to discover the great secret.
It shocked Gong Qianqiu.
Xiao Feng said: "Yes, I heard that my master also has a master. His master gave instructions to the Huoyun Evil God! It was much earlier than when I met my master!"
But this information is simply a big secret to Gong Qianqiu.
It can be said that she can use this secret to exchange some resources with Zhen Mosi.
And an invaluable resource.

These resources are not the treasures and spiritual stones that everyone is looking for now.
She can exchange for processed treasures of heaven and earth, such as medicinal

pills.
Or processed spirit stones, spirit fluids that form a liquid state, and so on.
It is an unimaginable resource from the outside world.
"It turns out that your master also has a master. I thought she created it by
herself?"
Gong Qianqiu suddenly realized.
Xiao Feng smiled: "My master didn't create it by himself, but my little junior
sister has gone out of her own way and created her own qi-refining technique!"
"Xiao Feng, it may not be the case!"
Gong Qianqiu's words made Xiao Feng suspicious.
"You said that the master will not hide anything from you, and I will tell you
everything! But what about your master's master? What if he has any secrets that
he will not share? Or, what about the unique tricks that can only be passed on to
your master? "
Hearing this, Xiao Feng seemed to remember something.
Master seemed to have many forbidden techniques before, but he did not teach
them at all.
Only pass them on the most basic exercises.
The forbidden technique was never mentioned.
And Shen Jie, they now know that it was also forged by the master himself.
It is an ancient forging technique, and now the people of the town magic division
think it is an ancient sword?
There are also some medical skills, even Poison Levi Garrison understands.
This shows that Master knows many, many things.
Basic exercises are just one of them!
It seems to be a secret!
Seeing Xiao Feng's suspicion, Gong Qianqiu knew that his goal had been achieved.
She continued: "And your little sister created her own qi-refining technique. At
first glance, there is nothing wrong with her. After all, she is extremely talented,
but think about it carefully. What about the technique? Isn't it a bit too

coincidental?"
This sentence will make Xiao Feng suspicious.
Yes.
How could there be such a coincidence?
Levilia just created the technique of refining qi by yourself?
Gong Qianqiu continued: "By the way, and your master killed the thirteen factions of the Wolf Temple this time, using one hand of tea to kill people! This is
actually the Qi refining technique of my Demon Suppression Division! Condensing Qi and transforming into shape!"
"If it's pure body cultivation, it's a strong body and powerful force! But it's
definitely not this kind of volley condensing water droplets to kill people! This is
the technique of refining qi!"
Xiao Feng was even more stunned.
It was something he hadn't thought of anyway.
Master actually knows how to refine Qi?
"If you don't know how to refine Qi, it's not difficult to kill so many strong people
in Zhen Mosi!"
"At least if it is pure body cultivation, then the battle must be particularly tragic!"
...
Next, Gong Qianqiu continued to guide, and Xiao Feng completely began to
doubt.
Xiao Feng couldn't help but said: "Is it possible that this is the case? The little
sister's qi-refining technique was guided by the master? And the reason why the
master is strong is not purely physical cultivation, he can also refine the qi technique?"
Seeing that the goal was achieved, Gong Qianqiu nodded: "Well, this possibility
cannot be ruled out! Of course, we are just guessing!"
But Xiao Feng felt more and more that this statement was true.
The Return of the God of War [The
Protector] Chapter 3449
"Perhaps your master didn't tell you because he was afraid that you would be in
danger! After all, mastering the art of qi refining is a big deal!"

“Maybe it will bring disaster! If this is the case, don’t blame your master! Or, the
one you should blame the least is your master!”
…
Gong Qianqiu played to the extreme, she was clearly leading it, and now Xiao
Feng was suspicious of it.
In turn, be a good person and let Xiao Feng not blame Levi Garrison.
It’s just that Xiao Feng didn’t realize it at all.
He also smiled and said, “Don’t worry, Master, I won’t blame me!”
Gong Qianqiu remembered something, and couldn’t help but continue: “Your
master is so good! I remember when your master went to Zhanxiong Kingdom to
fight, did you repeatedly remind the five Azure Dragon (Qinglong) people to hide?
Just for fear that someone will dig their roots. bone?”
“Yes!”

Xiao Feng nodded.
“Then your master must have a very good understanding of Zhen Mosi. He even
knows about the root bone transplant, and he predicted that the five Azure
Dragon (Qinglong) people were the target in advance. This does not mean that…”
Gong Qianqiu was halfway through speaking and looked at Xiao Feng carefully.
Xiao Feng sighed: “Yes, Master seems to have the ability to predict the future! He
has expected all this!”
“By the way, I still remember that your master knew about our existence before
the Demon Suppression Division was still a legend? Didn’t you dress us up to
scare away the lab of gods?”
Gong Qianqiu has done research on everything about Levi Garrison.
Now take this out and deliberately guide Xiao Feng.
“Yes, that’s true! At that time, Master came up with the concept of Suppressing
Demons and the Heavenly Master’s Mansion!”
Xiao Feng suddenly realized.
Indeed it is.

Taking all of this into consideration, doesn't it mean that Master has long known
about the Suppressing Demon Division, and that he has long been able to refine
the technique of qi!
This basic practice is just a cover.
Levilia's self-created practice is also a pretense, but it is actually the technique of
qi refining that he taught.
"Your master is really a monster. We never imagined that such an unparalleled
powerhouse would appear in the mundane world!"
"I think he must have a legendary spirit bone! And your little sister must also be a
legendary spirit bone! I don't think the town magician can find a second one!"
...
Gong Qianqiu finally brought the topic to the point she wanted.
"When you say this, even I'm a little curious. I want to know that Master and
Levilia are He Linggen Linggu?"
Xiao Feng couldn't help but say.
"However, Xu Qingya from the North Pavilion tested the bones of my master
before, but no information came out after that. I don't know what the bones of
Master and Levilia are!"
"But I heard people say that Xu Qingya and others seem surprised! It seems that
my master's roots are beyond their expectations!"
...
Hearing Xiao Feng say this, Gong Qianqiu has already written down Xu Qingya
and several others.
She must know some information from Xu Qingya's mouth.
This bitch must have found something incredible.
But she has to do both.
First, learn from Xu Qingya and the others the roots of Levi Garrison and Levilia.
Then go through Xiao Feng and see how to get it.
"Just in time, I found the list of six bone masters! Send it to Master!"

“By the way, let’s see if Master needs help. If there is any news from the Town
Demon Division, I will tell you immediately.”
Gong Qianqiu gave Xiao Feng the list of bone masters.
“OK!”
Xiao Feng naturally trusts Gong Qianqiu extremely.
“By the way, just wait a bit longer. I’ll check first. Is there any movement from the
Zhen Mo Division? Will it target your master or something?”
After a few hours.
Gong Qianqiu asked Xiao Feng to find Levi Garrison after confirming that Zhenmo Si had done nothing.
He hurriedly took the list of bone masters to find the master.
He never thought that he would meet Xu Qingya and a few people this time.
They also came to send the list of bone masters.
The Return of the God of War [The
Protector] Chapter 3450
“What a coincidence, you guys have also come to send the list of bone masters!
Me too!”
Xiao Feng smiled.
But what a coincidence.
Everything was deliberately arranged by Gong Qianqiu.
She had asked Xiao Feng to send the list of bone masters a few hours ago, but
she stopped temporarily.
That’s because her subordinates reported that Xu Qingya and the others also
sent Levi Garrison the list of bone masters.
She deliberately delayed Xiao Feng for a few hours so that he and Xu Qingya
could meet.
In this way, Levi Garrison’s attention will definitely be on the list of bone masters.
There will be no doubt.

She just wants to eliminate any possibility of exposure.
Levi Garrison was only on the list of bone masters, and immediately picked up the
lists of both parties.
Sure enough, there are repetitions, which can more dispel doubts.

As for the repeated names, it was also deliberately arranged by the woman Gong
Qianqiu.
"The king of the word side by side, there is only one batch left, give us a few days
to find it!"
Xu Qingya said.
During this time, they were really trying to find a list of bone masters.
"Okay, I owe you Beige a favor! You can come to me for help when you are in
danger!"
Levi Garrison promised.
He also injured the Three Saints of the North Pavilion before.
Feeling weird now.
Just give them a promise!
In this regard, Xu Qingya and the others naturally accepted it readily.
Next, Levi Garrison arranged for someone to inquire about these bone masters.
"Everyone, I'll take you down the mountain!"
Xiao Feng was hospitable and sent a few people down the mountain.
After contacting Xiao Feng, Xu Qingya's expressions changed.
Xu Longri asked, "Have you been in contact with people from the West Pavilion?"
Xiao Feng didn't feel special, and immediately said, "Yes, what's wrong?"
"Are you still a woman?"
A strange color flashed in Xu Qingya's eyes.
"Yes, you all know this?"
Xiao Feng was slightly surprised.
"Stay away from her, you can't afford this woman, you can't even play!"
Xu Qingya reminded.
Xu Longri even warned directly: "Brother, listen to me! Just cut off contact! It's
good for everyone! Otherwise, you will end up miserably in the end!"
The other two were asking who they were at first, but after Xu Longri told them
quietly, the two of them whispered, "It turns out that it's this woman, so you
have to stay away! Otherwise, you don't know how she died in the end!"
Several people looked at Xiao Feng in surprise.
It is estimated that Xiao Feng and this woman will not be involved.

It stands to reason that Xiao Feng would definitely not be able to get into the
eyes of this woman.
But what's going on here?
Figured it out.
This is Levi Garrison's apprentice!
It's normal for that woman to see it.
Hearing these words, Xiao Feng was not angry.
And with a smile!
"Hoho, if you didn't help my master, I'm afraid I would have done it! I don't want
to hear such words next time! Otherwise, don't blame me for turning my face!"
Xiao Feng said coldly.
Xu Qingya took a deep look at Xiao Feng and sneered: "We just remind you, don't
listen to it, what does it have to do with us?"
"Yes, do it yourself! Keep your eyes open!"
Xu Longri patted Xiao Feng on the shoulder.
Then a few people left.
If Levi Garrison is in this situation, they may have to remind them in many ways.
Xiao Feng's words, remind me, if you don't listen, forget it.
They don't have much to do with them, and they don't need to take care of other
people's family affairs.
Seeing the backs of several people leaving, Xiao Feng smiled.
"Want to sow discord? It won't work for me!"
He had already expected this scene!
Even their reminders, those words, he had already guessed them.
Because before, Gong Qianqiu had instilled similar thoughts on him.
Tell him that the major factions of the Demon Suppression Division are not
compatible, and they all want the other party to die.
Infighting is also constant.
Their Wufang Pavilion, especially the West Pavilion and the North Pavilion,
became even more conflicted.
The Return of the God of War [The
Protector] Chapter 3451
/ The Return of the God of War [The Protector]
There have been disputes for many years.

Whenever there is a chance, they will attack the opponent.
She also had disputes with some young people in the North Pavilion, and had a
big fight.
So she told Xiao Feng that she would meet people from Xige in the future.
The other party can easily judge that he is in contact with her, and may insult her,
tell her what is wrong, and make Xiao Feng cut off relations with her.
The purpose is to sow discord, the West Pavilion and the North Pavilion are
feuds.
Seeing that I wish the other party would die.
They must use such means.
"It's still Qianqiu's cleverness, and he expected all this! Otherwise, these people
will make me suspicious, which is disrespect to Qianqiu!"

"Fortunately, there are advantages to avoid these things from happening!"
Therefore, Xiao Feng didn't care about Xu Qingya's warning just now.
Because Gong Qianqiu said it in advance, almost even the words of the reminder
were exactly the same, and it was predicted by Gong Qianqiu.
She designed the meeting between the two parties, where would she not think
about what would happen later?
This is a woman who counts every step of the way.
Able to anticipate possible situations and add them to their own plans.
After all, everything is under her control.
If there is no arrangement in advance, Xiao Feng may be suspicious after hearing
it.
After all, they are the people of Zhenmo Division. They say this, it may be that
Gong Qianqiu's reputation is not very good.
But now Gong Qianqiu has already instilled such thoughts, he will not take it
seriously.
They only thought that it was Xu Qingya's method, and they even became wary of
Xu Qingya and others.

There must be something wrong with them being so diligent and helping them so
much.
Be on guard!
According to what Gong Qianqiu said, everyone in the Zhenmo Division is insidious and cunning.
Now he doesn't believe anyone except Gong Qianqiu.
After returning to the stash.
Levi Garrison has also just finished the task of tracking down the bone master.
Seeing Xiao Feng smiled: "Okay, you are about to catch up with the North Pavilion of Zhenmo Sibei!"
Xiao Feng's face was gloomy: "Master, I think Xu Qingya's group needs to pay
attention, you should also know what kind of people the Zhen Mosi group is.
They help us so much, I'm afraid they have other purposes?
We can't believe the people of the Town Demon Division! How can they easily
help us without talking in their own nests? There is no gratuitous benefit! "
Levi Garrison nodded: "Well, in fact, I also kept an eye on it. I don't fully believe
them. Everyone is in a relationship of mutual interest. They help me, and I promise to help them once."
Levi Garrison is of course measured.
However, when Xiao Feng said these words, his eyes lit up.
Levi Garrison also patted Xiao Feng on the shoulder: "Well, it's good for you to be
so vigilant. Of these people, I feel most at ease with you. You will definitely not
suffer from being so guarded by the Zhenmo Division."
He was afraid that these people around him would suffer in the hands of the
Suppressing Demon Secretary.
In particular, Xiao Feng has a lot of dealings with Zhen Mosi.
Even if he is looking for a list of bone masters now, he is still dealing with the
town magician.
He was even more afraid that he would suffer.
But what Levi Garrison didn't think about was Xiao Feng's defense against

everyone in the Demon Suppression Division.
But the only thing not to guard against Gong Qianqiu.
Moreover, Xiao Feng's remarks completely made Levi Garrison feel at ease with him.
He is so alert, why is he still worried?
He didn't even ask how the list of bone masters came from.
After all, according to his previous experience, Xiao Feng was the one who reassured him the most among these apprentices.
He is the most rational!
Not even like Azure Dragon (Qinglong)!
It's just that Levi Garrison never thought that Xiao Feng was defeated at the emotional level.
Xiao Feng did not leave directly.
Instead, he chatted with Levi Garrison.
"By the way, Master, Junior Sister Levilia is actually practicing the technique of qi refining, right?"
Xiao Feng asked tentatively.
The Return of the God of War [The Protector] Chapter 3452
/ The Return of the God of War [The Protector]
Levi Garrison shook his head and explained seriously: "Actually it's not! It's just the same as the technique of qi refining! There is still a difference! I think Levilia's technique is more powerful and has more potential! The upper limit is higher! "
This point, Levi Garrison can not talk nonsense.
Zhen Mosi's qi refining technique still has to rely on abundant aura and a lot of heaven and earth treasures to practice.
The principle is that it is similar to Levilia's practice.
However, Levilia's self-created exercises can still be practiced when the spiritual energy is exhausted and the environment of heaven and earth is harsh.
It is to use the elements of heaven and earth to strengthen oneself.
However, the Qi refining technique of Zhen Mosi may not work.
Therefore, Levi Garrison feels that the exercises created by Levilia have an upper

limit!
But these words were different in Xiao Feng's ears.

Xiao Feng's expression changed.
Not wrong.
He was testing Levi Garrison.
If Levi Garrison said that Levilia practiced the technique of refining Qi, then he
would have no reservations about him.
After all, he and Gong Qianqiu had discussed that what Levilia practiced was
actually the technique of qi refining.
He was looking forward to Levi Garrison saying yes to him!
But it happened to say something different.
According to the analysis Gong Qianqiu gave him, then the master is really
reserved for himself.
Knew it!
The master actually kept a secret.
But he wouldn't blame the master, after all he did nothing wrong.
Xiao Feng just smiled and said nothing.
But I still have a different feeling in my heart.
"Master, you are busy first, I will continue to look for the list of bone masters,
remember to protect the little sister, there are really many people who have the
spirit of the little sister!"
Xiao Feng did not forget to remind Levi Garrison.
"Don't worry, Levilia, I will take good care of you!"
Levi Garrison nodded.
And asked Xiao Feng to pay attention to safety.
Xiao Feng reassured him too much.
Not long after, a message came from the Town Demon Division.
Thirteen factions, including the Temple of the Wolf, were only poured out by
masters last time, but they did not go out in full force.
So their base camp is still there.
It's just that so many masters have been lost, and the thirteen factions such as
the Temple of the Wolf exist in name only. There are no masters in charge, and
only incomplete power is left.

In the environment of Zhen Mosi, the weak and the strong.
The weak will be eliminated.
Now the thirteen factions of the Wolf Temple have each lost more than half of
their strength, and the rest cannot be held.
No, it was immediately swallowed up by the other major factions of the Town
Demon Division.
It was eaten cleanly, leaving nothing behind.
As soon as the news spread, everyone knew the cruelty of Zhen Mo Si and the
fact that the major factions of Zhen Mo Si were not compatible.
This time it really interprets that the Town Demon Division is really just a code
name, not a group.
When Xiao Feng knew the news, a smile appeared on the corner of his mouth.
Zhen Mosi is just as Gong Qianqiu said – cruel to the extreme!
The weak eat the strong, and they both want each other to die.
If that side is a little weaker, it will be bullied and even swallowed.
If you are not careful, you will become their pawn!
"Xu Qingya, how many of you still want to sow discord between me and Qianqiu?
You guys are really insidious!"
Xiao Feng smiled.
Fortunately, Gong Qianqiu told himself in advance, otherwise he would be fooled.
By then, neither side will be well.
It will even cause a fight between Levi Garrison and Xige.
The North Pavilion is a good place to sit and reap the benefits of fishing!
Almost fell for it!
After Xiao Feng saw Gong Qianqiu, he told her all about it.
"Fortunately, you informed me in advance of what might happen, otherwise I
would really be fooled! At that time, there may be irreparable mistakes due to
this misunderstanding!"
Gong Qianqiu just smiled, but she hummed coldly in her heart – Xu Qingya, you
bitch, I want you to look good sooner or later!
It actually reminded Xiao Feng.
She had only foreseen this possibility.

Turns out it didn't really happen.
Make her angry.
The Return of the God of War [The
Protector] Chapter 3453
/ The Return of the God of War [The Protector]
Even thinking about how to get revenge.
Of course, they will not attack Xu Qingya and the others for the time being.
Because they have to help Levi Garrison find the list of bone masters.
At least this has to end.
At that time, she will definitely start with Xu Qingya and the others.
And Gong Qianqiu is now keeping abreast of Xu Qingya and their dynamics.
She knew exactly what they were doing, or finding those bone masters.
There is no other reason, she also has an internal response in the North Pavilion.
And more than one.

All are male.
The way to control them is almost the same as that of Xiao Feng, even a little
simpler than Xiao Feng.
After all, Xiao Feng has experienced a lot with Levi Garrison, and his vigilance is
relatively high.
If it wasn't for the accident of the five Azure Dragon (Qinglong) people, Xiao
Feng blamed himself for this gap.
Otherwise, Gong Qianqiu may not be able to succeed.
But for men like Beige, her emotional and mental control is much easier.
Just a little trick, let these men die for her.
Even let them betray Beige on the spot, at all costs.
The North Pavilion has an inner response, so Xu Qingya and the others know their
actions.
She can only prepare one step ahead, and the list of bone masters given twice in
a row has duplicates.
Of course, Gong Qianqiu not only has internal support in the North Pavilion, but
also other major factions have internal support.
There are so many men "controlled" by her.

Especially the geniuses of the major factions.
In fact, from the moment you were born, you have basically been cultivating, and
your xinxing is still very simple.
It is very easy to be confused and manipulated by Gong Qianqiu.
The secluded wolf who was beheaded by Levi Garrison was bewildered by her.
Even the elders of some major factions and other experienced veterans were
controlled by her.
The old can't stand the charm, let alone the little ones.
But there are no airtight walls under the sky.
She is still casting a large area of net, no matter how flawless the method is,
there are still flaws.
Someone will still know.
It's just that there is no specific violation of their own interests, so there is no
investigation.
But there are still many people in Zhen Mosi who know this woman's methods, so
Xu Qingya and the others will remind Xiao Feng.
It's just that Xiao Feng has already stepped up.
Is it that easy to stop?
Not to mention listening to other people's advice.
This is impossible!
"Hey!"
Xiao Feng suddenly sighed.
"What's wrong? Is there something wrong?"
Gong Qianqiu immediately asked with concern.
"Sure enough, my master has concealed something from me! He actually said that
the younger sister is not practicing the technique of refining qi…"
Xiao Feng repeated the conversation with Levi Garrison to Gong Qianqiu.
This shocked Gong Qianqiu greatly.
Is the upper limit of this self-created practice really higher than that of Qi refining?
She thought about it carefully, it seemed that when the spiritual energy was
exhausted before, Levilia was already using this technique, and it was already
very powerful.

After all, it was just the beginning, and now it seems that there are resources
such as spiritual energy, and it has reached a very high level.
According to Levi Garrison, the upper limit of this exercise may be higher.
Gong Qianqiu's eyes were hot.
Now it's not just the idea of hitting Levi Garrison and Levilia's roots.
Now there is a practice created by Levilia himself.
Thinking of Levilia's self-created exercises, she couldn't help but raise the corners of her mouth.
Seeing Xiao Feng looking at him strangely, Gong Qianqiu immediately reacted.
"No… You shouldn't be so suspicious of Master, what if it's really different? It's
just the same principle!"
Gong Qianqiu said deliberately.
She was clearly the one who led Xiao Feng here.
As a result, she is now a good person in turn.
"But…but according to our analysis, this is how it is, master…hey!"
Xiao Feng hesitated.
Even if he doubted in a thousand ways, he still dared not say a word to Master.
At this time, Gong Qianqiu's eyes lit up fiercely: "By the way, I have a good way to
verify it!"
The Return of the God of War [The
Protector] Chapter 3454
/ The Return of the God of War [The Protector]
Xiao Feng looked over immediately: "What can I do?"
"You can directly ask your little junior sister to teach her the exercises she created and see if she can give it to you! If it is given to you, you won't know if
you practice it yourself? Why do you have to be so suspicious?"
Gong Qianqiu said, in fact, at this time, she was already fighting Levilia's idea of
creating his own exercises.
Xiao Feng nodded: "This method is indeed possible! I have the opportunity to ask
the younger sister? And the younger sister is very selfless, and she is definitely
willing to teach me the self-created exercises!"
"Master taught this well. We don't have any secrets with each other. We'll share

it with each other!"
Gong Qianqiu smiled and said: "It seems that your relationship is so good! I am so
envious! I want to integrate into it as soon as possible!"
She never thought that Xiao Feng would say that Levilia would give him the
exercises directly.
She thought it would take a lot of effort, and she was even calculating in her
mind, how to obtain Levilia's practice.
I never thought that I didn't need anything, I could get it directly.

Does this make people happy?
Xiao Feng got the exercises, doesn't that mean she got the exercises?
She also deliberately hinted at Xiao Feng – expressing that she wanted to become his woman as soon as possible, so as to integrate into his circle.
This made Xiao Feng agitated.
How could he not understand such a hint.
He couldn't wait, and even wanted to take Gong Qianqiu to see the master and
them immediately.
It's just that Gong Qianqiu has been vaccinated in advance, and he can't do it yet.
Xiao Feng can only say regretfully: "Come on, when the time is right, I will take
you to see Master and the others immediately!"
"Okay, then let's move on quickly, I'll find the list of the remaining bone masters!"
Gong Qianqiu said at the same time.
Xiao Feng was pinched to the death.
Next, she plans to have people keep an eye on Xu Qingya and the others, waiting
to start at any time.
You must know the roots of Levi Garrison and his daughter.
Zhen Mosi was really shocked by Levi Garrison this time.
And when I heard that Levi Garrison was looking for the murderer who dug out
his brother's roots, he was also panicking at the Demon Suppression Division for
a while.
Want to know who moved the hand?
So quickly, without leaving any traces.

Apart from Xu Qingya and the others, there were still people who guessed who it
was.
It's just that their reaction was the same as Xu Qingya and the others at the time.
were all intimidated.
They don't dare to mention those people, they can't afford it!
For the time being, they stopped various plans for Levi Garrison and planned to
take a long-term view.
However, the footsteps of the major factions did not stop.
Although they are no longer looking for Levi Garrison, they are still searching for
other seedlings.
The birth of Levi Garrison's father and daughter made them understand that
these "monkeys" in the outside world also have amazing talents!
If you look carefully, you can still find treasures.
This time they are no longer limited to Daxia.
But to the world.
They specifically look for those gods to examine their spiritual roots and bones.
In particular, the Siberian Union, which has the largest number of gods, has
naturally become the most concerned existence.
Become the target of the major factions of the Town Demon Division.
Originally, the Siberian Union had so many gods and wanted to fight it.
Even if we were bullied by Levi Garrison.
You can still be bullied.
As a result, this resistance was crushed in almost all directions.
This let them know the power of Zhen Mosi, and why they dared to provoke Levi
Garrison when they knew that Levi Garrison was strong?
This is far from what they can handle.
Therefore, he can only be bullied by the Town Demon Division.
Zhen Mosi came here, and he really found a treasure.
Those super gods are really excellent.
In particular, the three strongest root bones are not at the legendary level, but
they can be regarded as super first-class root bones in the town of magic.
Of course, if such a root bone is dug out, it will not work if it is transplanted.

One level off.
The Return of the God of War [The
Protector] Chapter 3455
/ The Return of the God of War [The Protector]
At least it must be close to the root bone of the legendary level.
Otherwise no one would take the risk.
This superb, superb root bone is a genius worth cultivating!
But it's a good thing for them. If it is a quasi-legendary-level root bone, then
none of them will end well.
have to be transplanted.
all die.
It's much better if you cultivate it now.
But gradually everyone discovered that it was not just the scrambled seedlings of
the Town Demon Division.
Another group of mysterious forces is also robbing these gods.

Specially selected seedlings!
There are still many battles with the major factions of the Town Demon Division!
It's just that this group of people is extremely powerful. Rao is the major faction
of the Zhenmo Division, and they can only barely fight a tie.
This group of people is still very strange, covered in high-tech equipment, and
the power within the body is also very special.
In short, Zhen Mosi has never met.
However, the other party is very strong, and the two sides are vying for each
other.
Next, they encountered each other all over the world, and the collision continued
to escalate.
This group of mysterious people is none other than the forces behind War Eagle
Nation.
They also rely on the spiritual veins to survive. In fact, to put it bluntly, they all
rely on the spiritual roots and bones, which are all the same thing.
It's just that they use superb scientific and technological means and Western

cultivation methods to stimulate the potential of the human body.
to be honest.
In any case, there are potential treasures hidden in the human body, and it is to
see who can open the treasures.
Zhen Mosi is the practice of Qi refining, which is further strengthened.
And they do it in other ways.
To put it bluntly, it's all the same thing.
In fact, they also have a set of root bone grafts.
And it's more mature than Zhen Mosi's.
They have high-tech supports that make it easier to get hold of.
Of course, this is the result of numerous experiments.
I don't know how many people died to have such a technology.
It's not like the town magician needs a bone master to do it.
Now, the forces behind War Eagle Nation also need some good seedlings.
I didn't care at first, but then the Zhenmo Division took action.
They also came to grab it.
Hence the current situation.
The two sides struggled to get to grips with each other.
They searched all over the world, and they really found some heaven-defying
roots.
Although each side found only two or three, none of them survived.
The roots were all dug up!
Terrible.
The message was actually sent to Levi Garrison from the very beginning.
not only.
Now the Siberian Union actually obeys the mind of God, and he also sent a
message to Levi Garrison.
It's just that none of this has anything to do with him.
Levi Garrison read it as a joke.
He now wants to get the list of all the bone masters and arrest them for interrogation.
Other things have nothing to do with him.
Of course, he would not let go of those who controlled Yan Zangsheng at the
beginning.
It's just that the focus is now on Zhen Mosi.
Check it out as soon as you have time.
Can definitely find out.
…

Just when the master of the North Pavilion was investigating whether the three
saints of the North Pavilion were injured, there was also a crisis quietly approaching the North Pavilion.
In a certain faction of the Town Demon Division.
"What? The Three Saints of the North Pavilion were seriously injured?"
One person asked uncertainly.
"Yeah! This is the information I bought at the ghost market at a huge price! It's
true!"
"The three saints in the north pavilion were seriously injured accidentally, and
someone witnessed it! Now the three saints in the north pavilion are in retreat to
heal their injuries?"
Others nodded: "Yes, I heard this, the Three Saints of the North Pavilion did pass
down a message in the North Pavilion – closed indefinitely!"
"Then let's not leave Ten! Maybe something really happened to the Three Saints
of the North Pavilion!"
"But who has the ability to injure the Three Saints of the North Pavilion?"
"There aren't many townsmen, right?"
Someone asked suspiciously.
"It doesn't matter who injured them now? And we must quickly determine whether the three saints of the North Pavilion are injured?"
"If he is really injured, then it is a great opportunity for us to swallow the North
Pavilion!"
The Return of the God of War [The

/ The Return of the God of War [The Protector]
The ghost market is a special existence in the town of magic.
In fact, it is an exchange.
It can trade various resources, trade artifacts, and even sell intelligence and so
on.
Now the news that the three saints in the North Pavilion were injured has been
sold many times in the ghost market.
That is to say, many people already know the news that the three saints in the

North Pavilion were injured.
As a result, more and more people are just around the corner.
The North Pavilion is also in an unprecedented crisis.
It's just that even the Lord of the North Pavilion does not know that the North
Pavilion has been targeted.
What all parties have to do now is to make sure that the Three Saints of the
North Pavilion have been seriously injured.

As long as the authenticity of this matter is determined, then they will attack the
North Pavilion and swallow the North Pavilion.
…
the other side.
Gong Qianqiu can't wait to get Levilia's exercises.
Originally, she thought that the next time she would give the list of Xiao Fenggu
masters to Levi Garrison, it would be a little later than Xu Qingya and the others.
But now she can't wait.
So she decided to take a risk and give Xiao Fenggu master the list in advance.
Don't care about Xu Qingya anymore.
This time, Gong Qianqiu was so fast, Xiao Feng was full of surprises.
"This is what I did my best to find! I can't find anything else! That's all I can!"
Gong Qianqiu said helplessly.
Of course she wouldn't give Xiao Feng all the lists at once.
still a part.
As for the rest, I will leave it to Xu Qingya and the others.
Even if Xu Qingya and the others couldn't find it, she would secretly reveal it to
them at that time.
In her plan, Levi Garrison had to get the list of all bone masters.
It's best to find out the murderer who dug out the bones of Azure Dragon (Qinglong)'s five people.
It's better to have a conflict with Levi Garrison, otherwise she can't plan.
Gong Qianqiu disheartened and handed the list of bone masters to Xiao Feng.
"Thank you! You are so tired!"
Xiao Feng looked a little distressed and held Gong Qianqiu's hand tightly.

Gong Qianqiu shook his head: "It's okay! Let's be faster, and we can make up for
our faults sooner! Hurry up and take it to Master! But it's a pity, this is the result
of my best efforts! I can't find it anymore!"
"It's nothing, there are Xu Qingya and the others, they should find almost the
rest!"
"By the way, you have to be very careful about what you say after you go. Don't
doubt Master! He can't hide it! I think Levilia's practice is self-created, and it has
nothing to do with Qi refining! You have to pay attention Proportion!"
Gong Qianqiu did not forget to remind him.
Gong Qianqiu's words seemed to make him pay attention to his sense of proportion, but in fact he reminded Xiao Feng to quickly find Levilia and ask her
to create her own exercises.
With so much foreshadowing, she just wanted Levilia's own practice.
"Well, I know! I would never doubt Master, just as I would never doubt you!"
Xiao Feng said sincerely.
Although he said this, he already had an idea in his heart – I'll go to Levilia later to
see the exercises she created.
Seeing Xiao Feng's thinking look, Gong Qianqiu knew that his goal had been
achieved.
Just a reminder in reverse, Xiao Feng will definitely do it.
I have to say that this woman has high-level means.
It was clear that she first began to suspect Levi Garrison.
As a result, until now, Xiao Feng is suspicious and has a grudge in his heart.
Instead, she became the one who persuaded Xiao Feng not to doubt.
Soon after, Xiao Feng approached Levi Garrison.
"Master, this is the list of bone masters that I did my best to find! This time there
are only three! I have no choice for the rest! It's up to Xu Qingya and the others!"
Xiao Feng handed the list to Levi Garrison.
"Xiao Feng is worthy of you! I found three more so quickly! You are so efficient!

And I can rest assured that you will not suffer!"
Levi Garrison praised Xiao Feng generously.
"Okay, you've been busy for so long, go and rest!"
"Master, I'll go see Azure Dragon (Qinglong) and the others first!"
The Return of the God of War [The
Protector] Chapter 3457
/ The Return of the God of War [The Protector]
"Master, I..."
Xiao Feng hesitated.
"What's up?"
Levi Garrison looked at him suspiciously.
Originally there were some questions, he wanted to ask Levi Garrison directly.
But thinking of Gong Qianqiu's reminder, he still held back.
"It's okay, I'll go see them first!"
Afterwards, Xiao Feng first came to see the five Azure Dragon (Qinglong) people.
Under the careful care of the Azure Dragon (Qinglong) five people, they recovered well.

They are all already trying to move their bodies.
Of course the physical damage is huge.
Digging out the root bone is equivalent to having the soul of a warrior removed.
I can't support my body anymore.
Seeing that they are recovering so well, plus I have found so many lists of bone
masters.
Guilt is almost gone.
He also brought various tonics to the Azure Dragon (Qinglong) five.
These are all given by Gong Qianqiu.
It is an elixir made by Zhenmo Division using various heaven and earth treasures.
It is more effective than taking Tiancai Dibao directly.
After leaving here.
He subconsciously looked for Levilia.
In an open space, I found Levilia who was cultivating.
"Senior Brother Xiao Feng, are you here?"
Levilia was still very excited to see Xiao Feng.
After taking a careful look at Xiao Feng, he couldn't help but say, "Junior Junior
Sister is getting stronger and stronger!"

“Senior Brother Xiao Feng has won the prize!”
Levilia smiled.
Next, Xiao Feng was stunned on the spot.
Don’t know how to speak.
“Brother Xiao Feng, what’s wrong with you?”
Levilia saw the difference and couldn’t help asking.
“I……”
Xiao Feng wanted to say it directly, but when the words came to his lips, he
couldn’t say anything.
“Senior Brother Xiao Feng, if you have something to say, just say it…it’s okay…”
Levilia couldn’t help saying.
Xiao Feng finally summoned the courage and said, “Junior Sister Levilia! Then I
said it! I want to see your own exercises? Can you teach me a paragraph?”
After speaking, Xiao Feng felt much more relaxed.
“Just teach me one paragraph! One paragraph is fine! Not all of it!”
Xiao Feng was also afraid that Levilia would be suspicious, so he couldn’t help but
add.
“That’s it!”
“Senior Brother Xiao Feng, it’s okay, I’ll teach you all the exercises I created! It’s
okay, it’s all a family!”
“Dad often said that Senior Brother Xiao Feng worked hard and studied hundreds
of exercises! If the exercises I created can make you stronger, Levilia is still very
happy…”
Levilia smiled.
“This……”
Xiao Feng didn’t expect this result, he felt very embarrassed.
But Levilia then handed over all the exercises to him.
He also reminded him of some essentials, or how should he practice in this place?
It’s almost a gift!
No reservations at all!
This is what Xiao Feng never thought of…
Originally thought that Levilia would treat the self-created exercises as a big

secret, and would not give himself anything.
Can't think of it as a gift.
He even told him how to practice and avoid detours.
It is equivalent to giving him this exercise completely, just hope that he will
become stronger as soon as possible by practicing this exercise.
Xiao Feng panicked.
He instantly felt that he should no longer doubt Master, and he should not look
at Levilia in this way.
It's just that it's too late to regret it now.
Levilia has already given him the exercises.
"Senior Brother Xiao Feng, go and practice! If you don't understand anything, you
can ask me!"
Levilia is still pure-hearted.
And this is my own family, and there is no defense.
She had long heard that Senior Brother Xiao Feng was a martial arts madman, so
she didn't need to chill the Senior Brother's heart.
The key is not the slightest hesitation.
He thought that Xiao Feng asked her for exercises to improve himself.
Judging from the hesitant look just now, he must have mustered up a lot of courage.
"By the way, Junior Sister Levilia, you…"
As soon as Xiao Feng spoke up, Levilia laughed: "I promise not to tell Dad! Of
course I won't tell anyone!"
Levilia also thought that Xiao Feng was playing with his self-esteem and didn't
want his father and others to know that he wanted to practice the exercises.
It's about his face.
The Return of the God of War [The
Protector] Chapter 3458
/ The Return of the God of War [The Protector]
In fact, apart from this, Xiao Feng was also afraid that Master and others would
suspect him.
It would be even worse if Gong Qianqiu was exposed in advance.
It might even cause conflict.

Let the master think that Gong Qianqiu instigated himself to deceive Levilia's
own creation.
This is what he doesn't want to see!
That was his main fear.
But seeing Levilia say this, he was relieved.
He is very smart and understands that Levilia has misunderstood.
But this is better.

Levilia will definitely not say it!
Master, they won't know.
Xiao Feng has obtained all the true inheritance of Levilia's self-created exercises.
He came to a remote place and started to run the exercise to see if it was the
same as the Qi-refining technique.
At the beginning, the operation is really exactly the same as the technique of
refining Qi.
But then he gradually realized that something was wrong.
The technique of qi refining is condensing qi, which requires a lot of spiritual qi to
support it.
But Levilia's self-created exercises seem to be able to use the elements of heaven and earth to achieve the effect of "condensing qi".
It's like what the master said!
The principle is similar, but the upper limit of the exercises created by Levilia is
higher.
Do you really doubt that you are wrong?
But he was a little unsure?
After all, it is only running by oneself, which is equivalent to starting to practice.
It is impossible to practice Levilia to a very high level in a short period of time.
Still can't figure out the real mystery of this practice.
So not sure!
Not sure what to do then?
correct!
Find Qianqiu!
Not to mention she is amazing, she is also well-informed.
Her own qi refining technique was taught by her!

So, Xiao Feng left here.
For him Levi Garrison is still very relieved, even if he sees that he is powerful, he
will not ask.
Among these people, Xiao Feng was the most reassuring to him.
Xiao Feng quickly found Gong Qianqiu.
This surprised Gong Qianqiu.
Got it so soon?
She thought she would have to wait a long time.
Haven't thought that the front and back feet will be successful?
No wonder Xiao Feng was so confident before.
"Qianqiu! My junior sister Levilia actually passed on everything about the practice to me! I really didn't think of it! Now I feel that my suspicion is wrong at
all! Neither she nor the master will hide it!"
"Especially after I briefly ran her self-created exercise, it felt different from the
Qi-refining technique! But I'm not sure! I came to see you specially!"
"You are strong and experienced. Maybe you can figure out the problem as soon
as you practice this technique! Come on, I'll pass on the technique created by
Junior Sister Levilia to you!"
Next, Xiao Feng will directly pass the exercises to Gong Qianqiu.
He almost didn't have any thought and hesitation, and he was about to pass it on
to Gong Qianqiu.
Because it is my own.
He doesn't think about it.
But Gong Qianqiu interrupted immediately and said hesitantly: "Is this not good?
You Levilia and Junior Sister just passed it on to you, but that doesn't mean it can
be passed on to others! No! Absolutely no!"
But Gong Qianqiu's consideration made Xiao Feng more at ease.
She thinks about herself everywhere.
Can such a person have a bad mind?
impossible!
She may have bad thoughts, but she can't!
If she really wanted this practice, she wouldn't stop her at all.
Gong Qianqiu blocked it like this, and Xiao Feng felt that he could teach Gong

Qianqiu this practice.
As everyone knows, this is also one of Gong Qianqiu's routines.
It's actually very simple, but Xiao Feng can't see it now.
"Haha, Qianqiu, you are indeed very thoughtful! If it was someone else, I would
naturally not teach it! But you are your own! Levilia is your junior sister, she is so
good, it's nothing to pass on to you!"
Xiao Feng said excitedly.
Gong Qianqiu's eyes lit up, suppressing his inner excitement, and said with a
smile: "That's right! In the future, everyone will be a family! There is nothing to
hide between each other! I am also willing to give everything I have learned. for
you all!"
"So, don't hesitate! I'll teach you!"
Xiao Feng urged.
The Return of the God of War [The
Protector] Chapter 3459
/ The Return of the God of War [The Protector]
Gong Qianqiu was still a little bit twisted: "No matter what my purpose is, but
after all, I still learned the exercises of Junior Sister Levilia, and I still feel
ashamed! When we meet in the future, I will give her a big gift!"
"Okay!"
Xiao Feng nodded approvingly.
Xiao Feng began to hand over the exercises created by Levilia to Gong Qianqiu.
Levilia has no reservations about him, and he has no reservations about Gong
Qianqiu.
Even the essentials of cultivation and precautions were all taught to Gong Qianqiu.
When Gong Qianqiu accepted this practice, his heart was extremely shocked.
This is so different!
Can you do this?
Join Telegram Group For Fast update
Can that be?
OMG!
This……

The mysteries are endless!
...
That's pretty much the whole of her mind.
She has a wealth of experience and has practiced many Qi-refining techniques of
the Demon Suppression Division.
And because of her rich means, all the major factions have men under her control,
so she knows all the secret skills of the major factions.
She has dabbled in all kinds of Qi refining techniques!
She even knows a lot of earth-level and even heaven-level qi refining techniques.
But she was still shocked by Levilia's technique.
Therefore, when she accepted this practice, she immediately understood.
This is actually really different from the technique of refining Qi.
Go deeper!
Just like what Levi Garrison said.
There is no spiritual energy to continue to practice.
Use the elements of heaven and earth to strengthen yourself.
If there is spiritual energy, then the absorption speed of this technique is several
times that of other high-level Qi refining techniques.
Got treasure!
Gong Qianqiu's eyes brightened fiercely.
When Xiao Feng finished teaching the exercises, she took a long breath.
Got!
She has obtained this peerless technique that is enough to subvert the entire
town magic division!
Zhen Mosi still has a lot of heaven-level qi refining techniques, and she can only
touch a little.
She still can't reach the strongest ones.
For example, the qi-refining technique of the master of the Wufang Pavilion, or
even stronger, the big men behind them, such as the qi-refining technique of the
Three Saints of the North Pavilion, are even less accessible.
But now she doesn't need it.
With Levilia's self-created technique, what kind of heaven-level qi refining technique does she need?
Isn't this stronger?

If she practiced this technique to the point of perfection, she would have a place
in the future town magic division.
If you get the root bone of Levilia or Levi Garrison again, transplant it to yourself.
Then she couldn't imagine.
Maybe she is the most powerful of Zhen Mosi!
She forcibly suppressed the excitement in her heart and began to run the exercises according to Xiao Feng's instructions.
She got more and more excited about this run.
The mysteries are endless.
As if she was one with heaven and earth!
She has an inexplicable connection with the elements of heaven and earth.
There is a very natural charm!
This is also the biggest difference between Levilia's self-created exercises and
Qi-refining techniques.
The foundation of the technique of qi refining is to condense qi, but to reach the
advanced realm, it is with the help of the power of heaven and earth.
It is also the same place as the principle of Levilia's self-created exercises.
All use the power of heaven and earth.
But now Gong Qianqiu found the difference.
The high-level Qi refining technique relies on the power of heaven and earth.
Even the advanced techniques of the Tianshifu are the same, relying on the power of heaven and earth.
remember!
Is the help!
And Levilia's self-created method is to directly use the power of heaven and
earth, and there is no need to borrow it.
Because she has been integrated into the universe.
There is such a feeling – she is the perfect fusion of all things in the world.
The power of heaven and earth is actually her own power.
rather than borrowed.
That's the biggest difference!
Now she finally understands what Levi Garrison said, why he said that the upper
limit of the exercises created by Levilia is high.
The reason is here!
Once you practice the exercises created by Levilia, it is simply infinitely

mysterious.
Miya Chiaki was completely immersed in it.
And all the elements of heaven and earth around her are drawn by her, and they
all come around her.
Xiao Feng was stunned!
Sighing at Gong Qianqiu's talent, he entered so quickly?
Far better than myself!
It has just been running for half a day, and there is no effect at all.
The Return of the God of War [The
Protector] Chapter 3460
/ The Return of the God of War [The Protector]
Not wrong.
Gong Qianqiu is not only an old man.
A top talent.
Cultivation is naturally fast!
"Chuck…"
There were bursts of thunder in the air.
This made Gong Qianqiu wake up.
Looking at the surprised Xiao Feng in front of him, Gong Qianqiu was a little
flustered.
But she used a method to make herself spit out a mouthful of blood.

The whole person's face became extremely pale.
This frightened Xiao Feng.
"What's wrong with you, Qianqiu? Are you okay? Don't scare me?"
Xiao Feng was in a hurry, and he spoke with a trembling voice.
Gong Qianqiu shook his head: "I'm fine!"
"What happened to you?"
Xiao Feng was in a hurry.
Gong Qianqiu said immediately: "I'm sorry! Junior Sister Levilia's self-created
practice is too mysterious! I was immersed in it! This practice is so amazing, if it is
practiced by people with insufficient cultivation or insufficient talent, it is easy to
go crazy. .I almost went crazy just now!"
"I don't dare to touch this practice anymore! With my talent and cultivation base,
this practice is definitely not something I can practice!"
"If you touch it, you will go crazy and die! It's a warning just now!"

Gong Qianqiu coughed up blood while explaining.
So pretending to go crazy is because Xiao Feng wants to see it with his own eyes.
Let him know that even if he has obtained Levilia's cultivation technique, he
cannot cultivate at all because of his madness.
Even if someone finds out that Gong Qianqiu is practising Levilia's own exercises
in the future, Xiao Feng can reply – it is impossible.
My family Qianqiu can't practice this method at all, her talent and cultivation
base are not enough, once she practiced it, she would go crazy.
I saw with my own eyes that she practiced Levilia's self-created exercises and
went into trouble, and she vomited blood and hurt like this.
She can't practice!
The woman's scheming was extremely gloomy.
It really counts every step of the way.
Take all possible future situations into account.
Xiao Feng also completely eliminated his doubts, so he didn't have to worry
about handing over Levilia's self-created exercises to himself.
"However, I can still touch the edge! You are indeed blaming Master! What he
said is true!"
"Junior Sister Levilia's self-created practice is different from the Qi-refining
technique! It's more subtle and more difficult to practice! The upper limit is also
higher! It's suitable for people with super talent and super strength!"
"I'm still barely able to practice advanced qi-refining techniques, but this
self-created technique of Junior Sister Levilia is far from enough!"
Miya Chiaki said.
While dispelling Xiao Feng's doubts, he also did not forget to clear his suspicions
that he wanted to practice this technique.
"I see! I'm sorry Master! I shouldn't doubt Master!"
Xiao Feng's face was full of guilt.
"But don't apologize to Master, fortunately no one knows about this, so we
should assume that it never happened!"
Gong Qianqiu asked.

Xiao Feng still listened to Gong Qianqiu's words, and couldn't help but nodded.
Gong Qianqiu also specially warned: "In addition, the matter of Junior Sister
Levilia's self-created practice must not be spread, and you should not tell anyone!
Otherwise, it will bring disaster to Junior Sister Levilia!"
Moving!
Only full of emotion!
Xiao Feng smiled.
Gong Qianqiu has completely integrated him into his big family.
Start thinking about each of them.
"But Junior Sister Levilia's miraculous practice will be exposed sooner or later!
You have to pay attention then!"
"This is undoubtedly adding pressure to the master! We need to share the pressure on him!"
Gong Qianqiu thinks very far.
This made Xiao Feng very satisfied and cool.
The perfect helper.
Everything that can help you.
Gong Qianqiu was not in a hurry to ask Xiao Feng to help inspect the roots of Levi
Garrison and Levilia.
It seemed too rushed.
But now that there is such a mysterious practice, it is no different from obtaining
a legendary spiritual root and bone.
Now she is very satisfied.
Of course, it won't be so satisfying in the future.
She also wants Levilia's roots.
The Return of the God of War [The
Protector] Chapter 3461
/ The Return of the God of War [The Protector]
After sending Xiao Feng away.
Gong Qianqiu couldn't wait to find a hidden place to start practicing.
With Levilia's special instructions and instructions.
Gong Qianqiu's cultivation is simply even more powerful.
After Xiao Feng returned to the base camp, he met Levilia.
"Senior Brother Xiao Feng is still practicing the exercises I created?"
Levilia asked.

Xiao Feng remembered the scene where Gong Qianqiu's practice room went into
flames and vomited blood.
Gong Qianqiu's talent and cultivation are not enough!

Not to mention himself.
He hurriedly shook his head: "No, your exercises are not suitable for me at all!
Senior brother still doesn't practice!"
a few days later.
Xu Qingya and the others lived up to expectations.
Finally, the list of bone masters was compiled.
Of course, Gong Qianqiu's secret help is indispensable.
Deliberately left traces of the list of bone masters for Xu Qingya and the others
to find.
Looking at the assembled list of bone masters, Levi Garrison's eyes lit up.
Immediately locked all bone masters.
The previous bone master has long been stared at.
Just waiting for the final closing action.
Now the list of bone masters is all there.
"Let's start! Once you enter the scope of the town magician, you need a few more
help!"
Levi Garrison left Xu Qingya and several others behind.
They can also be of great help.
The next action begins.
Levi Garrison personally came forward to arrest people.
With the help of the bone master list, that is, the detailed information and Xu
Qingya.
These bone masters have nothing to hide.
All were caught.
Levi Garrison also did not interrogate.
He wants to arrest all the bone masters.
So there are traces of Levi Garrison and the others everywhere.
The good bone masters who were hidden were all found out.
After going back and forth, almost all the bone masters were caught by Levi
Garrison.
But there are ten left.
Despite having their details, and wherever they hide.

But I searched around and couldn't find it.
This made Levi Garrison and the others a little anxious.
Could it be that these dozen or so bone masters were murderers?
If you can't find them now, that's the problem.
Even Xu Qingya and the others were a little panicked.
what happened?
Can't find anyone?
At this time, Gong Qianqiu, who was watching everything in the dark, was also
anxious.
She naturally hoped that Levi Garrison would find all the bone masters, and even
find the murderer.
It's to her advantage.
It's just that there are a dozen or so left that can't be found.
She was also a little flustered.
Miya Chiaki also immediately began to act.
What Levi Garrison couldn't find, she had to find it.
To this end, Gong Qianqiu began to instruct those from the major factions controlled by him to help her find it.
Levi Garrison and the others followed Xu Qingya to find it repeatedly, but they
still couldn't find it.
Of course, Levi Garrison was not familiar with Zhen Mo Si either.
Otherwise, it wouldn't be so embarrassing.
As for Xu Qingya and the others, after all, they are not so powerful.
may not be able to find…
So now in an awkward situation.
Xiao Feng always wanted to come to Gong Qianqiu, and wanted Gong Qianqiu to
find it.
But after thinking about it, he didn't say anything.
However, Gong Qianqiu is indeed very powerful, and he really found the whereabouts of the remaining bone masters.
This time, she didn't tell Xiao Feng directly, so it was exposed directly.
She gave up all her previous efforts, and even everything was over.
Levi Garrison will not let her go.
Instead, he continued to guide Levi Garrison and his party.
Mainly to guide Xu Qingya and the others, after all, they are the Suppression
Magic Division.
It's normal to find something.

Go directly to guide Levi Garrison, Gong Qianqiu dare not.
She has a shadow on Levi Garrison.
It is even said that the entire town magic division has a shadow.
Now Levi Garrison has actually stretched out his hand within the scope of the
Zhenmo Division.
But still no one cares about it.
That is to be afraid of Levi Garrison.
That's all.
To stop is to die, who would dare?
Finally, Gong Qianqiu led Xu Qingya to a place.
Here are the whereabouts of the dozen or so bone masters.
"What? It turned out to be…"
The Return of the God of War [The
Protector] Chapter 3462
/ The Return of the God of War [The Protector]
When everyone came here, they were immediately stunned.
He looked at the scene in front of him in disbelief.
Because there are only a dozen corpses in front of everyone.
Nothing else!
Are the remaining bone masters all dead?
Fortunately, these bodies were not completely destroyed.
Not wrong.
Gong Qianqiu discovered the whereabouts of these bone masters one step earlier.
But it also surprised her.
Join Telegram Group For Fast update
They all died.
However, she still guided Levi Garrison and the others to come here.
"identifying!"
The crowd began to confirm the identities of the deceased.
After spending a lot of time, the identities of all bone masters were finally confirmed.
That's right!
It was the remaining dozen or so bone masters they were looking for!
Are they all dead?
Boom!
This is bad news for Levi Garrison.
Basically, it can be concluded that it was these dozen or so bone masters who dug
out the bones of the five Azure Dragon (Qinglong) people.
But they were killed.

Obviously, the other party didn't want people to know that it was them and destroyed all clues.
It means that everything Levi Garrison and the others are doing now is in vain!
Looking for a list of bone masters for a long time is of no use at all.
Levi Garrison had already thought of this question before, and he had guessed if
he was the murderer.
He will also destroy all clues, including these bone masters, will kill them all.
That way you can't find it.
Of course, aside from one situation, the murderer is very powerful and unscrupulous.
There's no way you can look for it.
But the possibility of this situation is relatively small, if it is really strong to this
level, it will not be sneaky.
But Xu Qingya and the others in Zhen Mo Si told him that the bone master was a
special existence in Zhen Mo Si.
Although it is despised by others, if you kill it directly, it means killing one less.
After all, there are so many.
Therefore, in a certain sense, the bone master actually has a very noble position.
Offered by many people.
When not in use, they are nothing but a wild dog.
But when it comes to use, they are supreme.
Therefore, there is an unwritten rule in the Demon Suppression Division – bone
masters are absolutely not to be killed.
If you kill it, there will be no bone master when you need it.
There is no bone master willing to take action.
Xu Qingya and the others had never heard of any bone killer.
Not once.
But now the murderer has killed all the dozen or so bone masters.
Unexpected.
Levi Garrison looked at Xu Qingya and the others, as if waiting for them to
explain.
This also shocked Xu Qingya and several others.
Even more than ten bone masters were all killed.

impossible!
Desperate?
What's happening here?
Boom!
But when you think about who did it?
Xu Qingya and the others were relieved.
Those people are lunatics, they are desperate to do things, and there is nothing
they dare not do.
But there are doubts-
According to their unscrupulous behavior, they would definitely not kill the bone
master on purpose.
They will even bragly show off that the Five Elements Spiritual Roots and Spiritual Bones are obtained by them.
This is their style.
But this time, all evidence and clues were destroyed.
Why are they so afraid?
Are you afraid of Levi Garrison?
This is impossible!
These people are not afraid of everything!
Levi Garrison will definitely not be afraid!
After all, Levi Garrison was called a more powerful "monkey" in the Town Demon
Division.
These people are not afraid.
But now that they are timid and destroying evidence, there must be a problem.
Is there someone behind them? ? ?
It's not just them who transplant the root bone?
Or is there another reason?
But it's definitely uncharacteristic.
There is definitely something else hidden in it!
Xu Qingya guessed in their hearts.
But they were determined not to tell Levi Garrison who did it.
Those forces also know how close they are to Levi Garrison.
If you let them know it's you who leaked the information, that's the end of it.
The Return of the God of War [The
Protector] Chapter 3463
/ The Return of the God of War [The Protector]
I am afraid that the entire North Pavilion will suffer disaster.

Even their ancestors, the Three Saints of Beige, couldn't hold back.
Of course, they still don't know that the three saints in the north pavilion are
seriously injured…
They didn't dare to say it at all.
But Levi Garrison looked at them now, waiting for them to give an explanation.
Xu Qingya said helplessly: "No matter what, we never thought that someone
would kill the bone master! Maybe it should be because of your strength!"
"Until the murderer has completely merged with the five elements, he will never
reveal himself!"
On this point, Xu Qingya was really right.
Naturally, transplanting to the legendary spirit root spirit bone is not to show off,
but to cultivate it first.

Once you have obtained such a good spiritual root, you must quickly use it.
"Then our clues are completely cut off? How can we continue to search like this?"
Levi Garrison frowned into a Sichuan character.
Xu Qingya and the others didn't dare to speak.
Isn't that the case?
What clues are there?
"Maybe it's just an accident. These bone masters didn't attack the five Azure
Dragon (Qinglong) people? What about the other bone masters?"
A question was raised.
"Then bring all the bone masters to the five Azure Dragon (Qinglong) people and
let them identify them! That's the only way. For now, this is the only way to use
it!"
Levi Garrison said.
There is no way, the clue is broken.
It can only be found in the person involved.
"Well, this is fine! Bring all these corpses!"
Soon a dozen corpses were also removed.
Levi Garrison took the remaining dozens of bone masters to the base camp and

asked Azure Dragon (Qinglong) and the others to identify them one by one.
Before Levi Garrison was afraid of affecting Azure Dragon (Qinglong)'s mentality
and recovery, he never mentioned what happened that day.
Once mentioned, it is estimated that the five Azure Dragon (Qinglong) will go
crazy.
As for the bone master or other murderers, he didn't mention it at all.
But now the Azure Dragon (Qinglong) five people have almost recovered.
Levi Garrison felt that this matter could be mentioned.
The Azure Dragon (Qinglong) five experienced everything.
Naturally, he knew it was those bone masters and murderers.
Maybe it can provide some clues.
You can even use modern technology to find some profilers and professional
painters or technicians. According to Azure Dragon (Qinglong)'s memories, they
can completely describe the murderer's face.
You can also use some technologies to restore the memory scene of Azure Dragon (Qinglong) and the others, and everything can be seen at a glance.
This is something Zhen Mosi would never have thought of anyway.
...
Soon, Levi Garrison found the five Azure Dragon (Qinglong) people.
"Can we get straight to the point now?"
As soon as Levi Garrison said this, the five Azure Dragon (Qinglong) people
responded.
They were all shocked.
Several people looked at each other in dismay, and a look of determination
flashed in their eyes.
Now they are recovering both physically and mentally.
Then the account will be settled.
Can't just forget about it!
"I have already captured all the bone masters of the Town Demon Division.
Please identify them. Did any of them attack you at that time?"
Levi Garrison said bluntly.
Although the Azure Dragon (Qinglong) five people trembled slightly.
But still nodded.

They were still a little bit afraid of the torture that day.
After all, he was tortured like hell.
Soon a famous bone master was brought in.
Although this group of bone masters either had lame legs or no arms, or they
were ugly with scars all over their faces.
But there are still differences.
Azure Dragon (Qinglong) identified them one by one.
no!
no!
…
Not yet!
Dozens of bone masters have been seen once.
Not one is not.
Levi Garrison and their faces darkened immediately.
Hope not.
At the beginning, they also expected that among these dozens of bone masters,
they would do something to Azure Dragon (Qinglong).
So they can find out.
But disappointed.
These bone masters are not, isn't it the next corpse?
resignedly.
They had to move the bones of the bone masters.
Let Azure Dragon (Qinglong) five people identify.
The Return of the God of War [The

/ The Return of the God of War [The Protector]
See the bodies of these people.
The faces of the five Azure Dragon (Qinglong) people changed wildly.
His body began to tremble, his face was full of horror, and his eyes showed fear
and pain.
Obviously, the faces of the dozen or so bone masters were deeply imprinted in
their minds.
Or in their sleep.
become their lifelong nightmare.
Whenever I recall it, or dream about it.
They will all suffer.
So seeing the faces of these bone masters, they went mad.

After all, it was these bone masters who dug the bones out of them in a cruel way.
Or keep them awake.
You can say that.
The appearances of these dozen or so bone masters are really engraved in the minds of the five Azure Dragon (Qinglong) people.
Even Azure Dragon (Qinglong) knows how many eyebrows they have!
That's it!
Out of control!
Levi Garrison still didn't expect it.
I thought they could handle it!
After seeing the results, it was still out of control.
But the results are obvious.
These killed bone masters are the bone masters who really attacked Azure Dragon (Qinglong).
The clues are also cut off immediately.
After taking the body out.
Only then did the five Azure Dragon (Qinglong) people calm down a lot.
"Boss, I'm sorry, we lost control…"
The Azure Dragon (Qinglong) five blamed themselves.
Levi Garrison frowned and said, "I should be the one who is sorry! I underestimated the pain you suffered, and thought you would be able to stand it!"
Really underestimated.
Never thought that the five Azure Dragon (Qinglong) people were hurt so deeply!
They have become their nightmare demons.
But the more this is the case, the more Levi Garrison will let them face it.
Otherwise, this demon cannot be eradicated.
This will have a great impact on the Azure Dragon (Qinglong) Five in the future.
Even if they don't practice martial arts, being a normal person is cruel.
Therefore, we must face it!
To eradicate the evil nightmare!
To face this situation – even if these things are mentioned in the future, the five Azure Dragon (Qinglong) people can still talk and laugh, and they don't care at all.

“You still need to face it! I don’t want this to become your nightmare! There is still a chance! If it’s too late and it’s ingrained, then there’s nothing you can do!”
Levi Garrison said solemnly.
The Azure Dragon (Qinglong) five also realized the seriousness of this matter.
The scene that just got out of control, they themselves knew the seriousness of the problem.
The five of them looked at each other, and finally nodded heavily.
“Boss, we all listen to you!”
“Vengeance is important, and our inner demons are also very important!”
There was a firm look in the eyes of the five people.
“Okay, the next process may be very painful, but I have to grit my teeth and stick to it!”
“You must persevere! You must survive! There is no such thing as failure!”
…
Levi Garrison cheered them on.
Shortly after.
Levi Garrison found a bunch of modern technicians.
There are profile books, painters, psychological masters, and so on.
A series of instruments have also been moved.
It is necessary to conduct psychological counseling for the five Azure Dragon (Qinglong) people, and at the same time recall everything that happened at that time, and present those murderers.
This move by Levi Garrison was unknown to the Town Demon Division.
Xu Qingya and the others are like bumpkins who have never seen the world, they are very curious about everything.
They were thinking that this thing could find the murderer? impossible!
After all, the small independent world where Zhen Mosi lives was isolated from the world before.
I really don’t know anything about modern stuff.
What they despise can come in handy at the moment.
This is not possible with the technique of qi refining.

Levi Garrison said to them: "Today, I'll let you see your vision! Let's see what the
murderer looks like for a while, and I will show you all!"
"Huh? Let us see the murderer's appearance directly? How is this possible?"
Xu Qingya and a few people didn't believe it.
Even Azure Dragon (Qinglong) and the five of them are vivid and memorable.
But the murderer's appearance is fully displayed?
That is absolutely impossible.
The Return of the God of War [The
Protector] Chapter 3465
/ The Return of the God of War [The Protector]
How could it be possible to visualize the thoughts of the five Azure Dragon (Qinglong) people in their minds.
They are unheard of.
This method is simply insane, isn't it?
At this time, the master of psychology has already guided the five Azure Dragon
(Qinglong) people, which can be regarded as the beginning of preparations.
"When you're ready, let's start!"
That's it, when everything is ready, it's time to start.
Next.
It was the beginning of the pain of the five Azure Dragon (Qinglong) people.
Soon they were hypnotized.
Join Telegram Group For Fast update
Gradually, I began to recall the original scene.
Including when he was in Tenjin.
In the Tenjin Division, one after another, all the townsmen came to them to test
their roots.
These all appear in their memories.
The five people were actually in pain.
But Levi Garrison knew that this was just the beginning, if it came later.
That's their real difficulty.
The psychiatrist here succeeded in hypnosis, and the five Azure Dragon (Qinglong) had already begun to recall.
The five people are also connected to the instrument, and it is converted into

some kind of information and sent out, which is convenient for others to refer to.
On the other hand, after receiving the information, with the efforts of everyone.
These faces that appeared in the memories of Azure Dragon (Qinglong)'s five
people, through various means, even appeared on the screens with the cooperation.
Not just the faces, but the clothes and other characteristics of everyone at the
time, and even the environment.
All restored.
In this regard, Levi Garrison and the others remained calm.
But Xu Qingya and the others couldn't calm down.
"my God!!!"
"This is from the South Pavilion…"
"The West Pavilion…"
Because when they saw these people on the screen, they recognized them immediately.
This is the person from Zhen Mosi!
They can guarantee that Levi Garrison has absolutely never had contact with
these people, let alone seen them.
Now it is so clearly presented.
Surprised them! ! !
Is this the "artifact" of the secular world?
It seems they have been underestimating before.
There is still merit.
Eye-opening!
Several people showed surprised expressions, as if they had never seen the world.
Watching everyone else is watching all the fuss they look like.
Xu Qingya and the others also felt embarrassed.
She quickly explained: "We all know these people, and they are all from the Town
Demon Division!"
"Well, that's fine! Go on!"
Levi Garrison said.
Xu Qingya and the others were shocked.
If things go on like this, maybe the real murderer will come out later.
Thinking of this, they couldn't help shivering.
Because restoring the memory content, the speed is still not fast.

Of course, this is the fastest in the professional field.
Levi Garrison gathered the top experts in all aspects.
The Azure Dragon (Qinglong) five people are also more and more painful, and the
memories are also presented little by little.
It mainly includes where they have been and who they have seen.
These are all restored.
Xu Qingya even saw their own portraits appear.
This surprised them.
Time passed by minute by minute.
Almost during this time, all the people who had been in contact with Azure Dragon (Qinglong)'s five people showed up one by one.
There are still many people looking for their town magician.
But each is suspect.
Including Xu Qingya and the others, they are all suspects in theory.
So Levi Garrison's face turned gloomy.
It's not easy to find either.
Another person was very anxious.
That is Xiao Feng.
He was afraid that Gong Qianqiu had also come to find the five Azure Dragon
(Qinglong) people and tested their root bones.
In this case, the master will immediately be regarded as a suspect.
Even if not.
But appearing here, it means that at least they have ideas about the roots of the
five Azure Dragon (Qinglong) people.
He's scared.
After appearing like this, he still brought Gong Qianqiu to see Levi Garrison.
Once it appears, I am afraid that it will be guarded by everyone.
Even the further back, the less Xiao Feng dared to look.
He is also not sure now whether Gong Qianqiu has looked for Azure Dragon
(Qinglong) or not.
The Return of the God of War [The
Protector] Chapter 3466
/ The Return of the God of War [The Protector]
At this time, Xiao Feng even closed his eyes.
For fear of seeing Gong Qianqiu appear here.
That problem is really big, and you can't wash it out even if you jump into the

Yellow River.
Xiao Feng's strangeness was noticed by Levi Garrison.
However, he thought it was because Xiao Feng couldn't see the Azure Dragon
(Qinglong) five people endure such pain, so he closed his eyes.
After all, he had always felt guilty about it.
It doesn't matter.
Time passed by every second.
A picture is clearly presented.

If time permits, this group of people can get the dynamic out.
"etc!"
After a while, Levi Garrison screamed in surprise.
Even Xu Qingya and the others almost couldn't hold back their exclamations.
Because the last group of forces that found the Azure Dragon (Qinglong) five
people appeared in the picture.
That is the real murderer.
They were uniformly wearing black robes, and they couldn't see their faces at all,
which seemed a little weird.
Even compared with the rest of the Zhenmo Division, it seems out of place.
Seeing this group of people, Xu Qingya and the others have already made up
their minds.
Although it was probably assumed that it was them before.
But where can you see the picture directly?
Xiao Feng was frightened by everyone's exclamation.
I thought it was Miya Chiaki.
He even had the illusion that everyone was staring at him now.
He opened his eyes immediately.
It turned out that no one saw it.
Instead, look at a few mysterious black-robed men on the portrait.
He breathed a sigh of relief.
"Focus on these people!"
Levi Garrison said.
He took a deep look at Xu Qingya and the others.
However, they were not identified on the spot.
Instead, keep waiting.
At this time, after recalling these black-robed people, the five Azure Dragon

(Qinglong) people had completely fallen into a state of madness.
They were dozens of times, or even hundreds of times, more intense than the
previous situation.
Physical data skyrocketed.
They are suffering a great deal of psychological pain.
Seeing this, in fact, it is already close to ten.
The murderers are likely to be these people.
In the face of the rest of the Zhenmo Division and these people, the five Azure
Dragon (Qinglong)'s reactions were completely different.
Emotions are too high.
There's definitely something wrong with that.
Xu Qingya and the others were also shocked.
Didn't think that these things in the secular world actually showed the murderer's appearance?
This is too amazing!
Although I couldn't see the specific face, I showed all the body shape and clothing.
This is what they look like!
"Keep going!"
...
With the efforts of all parties, everything continues.
The psychological torture of the Azure Dragon (Qinglong) Five has just begun.
Then comes their biggest ordeal.
It's okay to survive in the past, but if it doesn't survive, it is estimated that this
life will be abolished.
Levi Garrison was actually very worried.
No one can say that.
But there is no way.
This level has to be their own way!
In the memories of the next few people, it is completely these people.
The environment also changed immediately.
The previous memories were all in the Tenjin Division.
But the next environment seems to be leaving from Tenjinji.
Everyone also understands that there is a high probability that the five Azure
Dragon (Qinglong) people were taken to other places from the Tenjin Division.

Finally, the environment changed to the place where they had been, that is, the
place where the root bones of the five Azure Dragon (Qinglong) were transplanted.
Here, they began to suffer the most.
Under the hypnotic state, they were irritable and restless, and they couldn't hold
back at all.
They will recall the most terrifying scenes of their lives.
Can you not be so excited?
In the portraits, there are also portraits of the murderers.
From a few people at the beginning, it became a few dozen people later.
They are all in uniform, although their faces are not clearly visible.
But some details are fully revealed.
After all, they remembered the scenes at that time too deeply.
No detail was spared.
So now the details are out…
The Return of the God of War [The
Protector] Chapter 3467
/ The Return of the God of War [The Protector]
Broken spirit knife, and other tools, etc.
All are presented one by one.
Anything in the memories of the Azure Dragon (Qinglong) Five can be presented.
This shocked Xu Qingya and the others.
Now they were all dumbfounded.
Levi Garrison can really find the murderer.
Boom!
Suddenly thinking of something, they couldn't help breaking out in a cold sweat.
This was obviously found by Levi Garrison himself.

Don't let them blame themselves for leaking it out.
As a result, the North Pavilion suffers.
They are very afraid of this.
According to this posture, it can really be found out!
At this time, the torture of Azure Dragon (Qinglong) and the others also reached
the level of real pain.
Painful to die.
Many people were in tears when they couldn't watch it.

Levilia clenched his fists tightly, cheering Azure Dragon (Qinglong) and the
others.
Xiao Feng felt extremely guilty. After all, it all had something to do with him.
He finally couldn't help but said, "Let me help them! I really can't stand it anymore!"
"No! This level must be up to them! No one can help them!"
Levi Garrison stopped him.
Everyone can only watch.
This may be a silent prayer.
Nothing else can be done.
The most terrifying scenes in the memories of the five Azure Dragon (Qinglong)
people appeared.
In addition to those black robes, there are also bone masters.
When everyone sees it, isn't it the bone masters who died?
Right!
The other party really wants to destroy all the evidence!
At this time, it was also the most struggling and tormenting moment in Azure
Dragon (Qinglong) and their memories.
That is, the process by which the bone master digs out their root bones.
The hellish torture begins…
But Levi Garrison frowned.
I thought that after these bone master portraits appeared, Azure Dragon (Qinglong) and their pain would reach the maximum.
They can get through this.
In the end, no one thought that this was just the beginning.
Not the most painful place!
The Azure Dragon (Qinglong) five people are getting more and more painful.
Simply out of control.
It looks like they are having a hard time getting through this!
It hurts!
Levi Garrison clenched his fist tightly.
The others were also grim-faced, staring intently.
"What's going on? Could it be that what makes them most afraid is still behind?"
Levi Garrison couldn't help muttering to himself.
Others are also extremely worried about the situation of Azure Dragon (Qinglong) and the others.

But everyone couldn't help, so they could only watch.
It's all up to them!
Sure enough, Levi Garrison guessed it right.
It is not these bone masters and those black-robed people who are most afraid of
the five Azure Dragon (Qinglong) people.
But people who want to transplant their root bone!
He is also the young master in the black robe!
This is the biggest shadow of Azure Dragon (Qinglong) and the others!
Even if it was a glimpse, it was deeply imprinted in their minds.
After all, their root bones were taken away by this man and transplanted into his
body.
Soon, the appearance of this person in the memories of the five Azure Dragon
(Qinglong) people appeared.
Xu Qingya and the others also understood what was going on.
They were also horrified.
Could it be that the person who has transplanted the root bones of the five Azure Dragon (Qinglong) people will appear directly?
They began to feel uneasy.
Breathing was also heavy and rapid.
Who is the one?
Now they feel that there are people behind that power!
Just don't know who?
But the person who can control this group of forces should not exist.
And there is another important reason…
So they were a little scared.
For fear of seeing familiar figures or faces.
Levi Garrison and others were also nervous.
*There is a feeling of directly knowing **oss.*
For some reason, the shadow of Gong Qianqiu suddenly appeared in Xiao Feng's
mind.
Even he himself was startled.
He didn't dare to look at it.
If so, that would be too exaggerated!
He didn't even dare to think about it.
The five Azure Dragon (Qinglong) were also in extreme pain, and let out a heart-piercing scream.
"Huchihuchi…"
Someone was already breathing heavily.

Finally, after a lot of calls, it appeared.
The Return of the God of War [The
Protector] Chapter 3468
/ The Return of the God of War [The Protector]
This real root bone grafter has appeared!
Everyone looked over.
Staring at the slowly forming portrait!
"what?"
As soon as the portrait came out, everyone exclaimed.
Disappointing is only the back!
Not positive!
From the memories of Azure Dragon (Qinglong)'s five people, the real murderer
only has his back.
Can't see the front at all.
Join Telegram Group For Fast update
Levi Garrison was also relieved at this point.
If the Azure Dragon (Qinglong) five people really see his front, the Azure Dragon
(Qinglong) five people can't be alive.
People cut the weeds on the spot!
Will you still leave the Azure Dragon (Qinglong) five people waiting to be rescued by yourself?
This is impossible!
And from the perspective of getting rid of these bone masters, the other party
will not leave any useful clues.
Therefore, it is normal that the five Azure Dragon (Qinglong) people have not
seen his back!
But what's interesting is that this back is not wearing clothes.
After all, the root bone was to be transplanted at that time, and his own had to
be dug out so that the five Azure Dragon (Qinglong) people could be transplanted to his own.
So the characteristics of the back are fully presented.
In particular, there is a pattern on the back—the pattern of a giant python swallowing the sky.
This attracted Levi Garrison's attention!
What does this pattern represent?
a force?
Or some totem?

As long as you know the meaning of this pattern, you will definitely be able to
find someone!
"Um?"
After seeing this pattern, Xu Qingya and the others were also quite puzzled.
I don't even know who made this pattern.
It seems that this pattern has never appeared before.
This time they really don't know.
They know the identity of the black-robed man.
But they really don't know this person and the pattern behind them.
And the pattern of this giant python swallowing the sky has nothing to do with
the forces of the black-robed people.
People's totems are not like this.
Who is it?
And from the portrait, it can be seen that the group of people in black robes
respected this person very much.
It is also in the process of protecting the root bone of the transplant.
Who can command this group of people?
This is beyond the scope of their imagination!
Perhaps their fathers and even the ancestors of the Beige Sansheng should know
about it?
This is by no means a character they can touch!
In an instant they had chills down their spines because things might be more
serious than they thought.
More involved!
They regret it a little bit.
If I knew earlier, I wouldn't be involved in this matter.
It might be over now.
Everyone is thinking differently now.
After confirming that it was not later, Xiao Feng secretly cursed himself.
What happened to yourself?
He even dared to doubt Gong Qianqiu.
You shouldn't have any bad thoughts about her.
I am so bad that I dare to doubt Gong Qianqiu.
He couldn't wait to slap himself a few times.
His heart was full of guilt towards Gong Qianqiu.
People help you so much, if it weren't for them, you might be dead.

As a result, you still doubt people?
Xiao Feng, you have to die!
I swear by Xiao Feng that I will never doubt Gong Qianqiu in the future!
Xiao Feng silently swore in his heart!
After Levi Garrison studied the giant python swallowing the sky pattern for a
while, his eyes fell on Xu Qingya and the others.
"Do you know this pattern?"
Levi Garrison asked.
Xu Qingya shook her head: "I really don't know, I haven't seen it anyway!"
Xu Longri and the others also shook their heads.
I don't know at all about this.
"But if you crack the pattern, you will know who it is!"
Xu Longri said something nonsense.
Levi Garrison rolled his eyes at him: "I can't see the backs of everyone in Zhenmo
Si, right? They have to be naked! How is this possible?"
"We'll go check this pattern next! It must be from the town magician!"
Xu Qingya promised immediately.
They just wanted to leave quickly, lest Levi Garrison ask these black-robed men
again.
But what are you afraid of.
Levi Garrison pointed to the portraits of the people in black robes and asked,
"You don't know the totems, but do you know the clothes of these people in
black robes?"
The Return of the God of War [The
Protector] Chapter 3469
In an instant, Xu Qingya and the others were stunned.
In particular, the three of Xu Longri didn't know what to say.
How could they not know each other?
Or rather, they knew it before.
The three Xu Longri were at a loss.
Don't know how to tell at all.
Being stared at by Levi Garrison this time, they are full of flaws.
I also knew it was exposed.
Definitely can't hold it.

Levi Garrison would never believe it.

Unless they tell the truth!
At this time, Xu Qingya stood up: "Yes! We know who it is…"
The three of Xu Longri looked at the younger sister in disbelief.
admit it directly?
How dare you?
"But we can't say it! Please understand us with the king! If we say it, not only will
we die, our family will die, and even our home will be destroyed!"
"Please, don't force us to say it! We will die if we say it!"
Xu Qingya began to plead.
The three of Xu Longri also reacted and began to plead with Levi Garrison
together.
"Please don't force us to say it! Please!"
"We'll just kneel down for you! Just don't force us to say it!"
…
shocked.
Everyone in the audience was shocked.
She looked at Xu Qingya and the others in disbelief.
what's the situation?
How are they so frightened?
Are these black robes so scary?
How could you scare them like this?
You know who it is, but you dare not say it?
Simply unheard of!
Because everyone didn't know how terrifying this force was, they couldn't feel it,
so they were surprised.
How afraid of this power are they?
They have to kneel down to Levi Garrison so that he doesn't force them to speak
out.
Kind of incomprehensible!
Not right.
Xiao Feng sensed something was wrong.
Because of Gong Qianqiu's indoctrination, he has always been hostile to Xu
Qingya and others.
In particular, Xu Qingya and the others helped them so much.
He always felt that there must be some purpose.
He's even investigating.
Now this made him even more suspicious.

Obviously you know who the murderer is?
Still hiding.
Use this method to get the master to let them go.
There must be ghosts in it.
This was just in time for Xiao Feng to be so suspicious.
This time, the more he felt that what Gong Qianqiu said was right.
These people must have ulterior motives to sow discord.
"Master, I'm afraid they have ulterior motives!"
Xiao Feng couldn't help but reminded.
"It's okay!"
The corner of Levi Garrison's mouth rose, but a smile appeared.
It seems to have hit a rough patch!
To frighten these people into this, it means that the opponent is very strong.
It can be seen that several people are not pretending or anything.
It's the fear in the bones.
But the person who transplanted the root bone is estimated to be stronger than
this group of people, who ordered the group of black-robed people.
Interesting.
But I definitely want to get you out one by one!
"good very good!"
"Okay, I won't force you!"
Levi Garrison smiled.
Xu Qingya breathed a sigh of relief and said, "Although we won't say the word
side by side king, you can find out soon! Zhen Mosi knows a lot of them! Although
there is no specific appearance, but according to these clothing characteristics,
many People know who they are!"
"But we really can't say it! If we say it, then we will be in a disaster! Of course, we
really don't know the pattern of this giant python swallowing the sky, and it is
estimated that there are few people who know the magic department!"
Hearing this, Levi Garrison nodded.
This woman, Xu Qingya, is very smart, so she kept her hands.
Know that you can find out as soon as possible.
In fact, it had nothing to do with her speaking on the spot.
You can also find out yourself.
But it can keep them safe.

“Okay, I won’t force you! Leave, this matter has nothing to do with you!”
Levi Garrison did not persecute them anymore.
The Return of the God of War [The
Protector] Chapter 3470
this this this…
tell them to leave?
No!
Xiao Feng looked anxious.
How can you let them go?
This is clearly a bunch of liars!
They are clearly ghosts now!
I can’t wait to leave immediately.

Xiao Feng wanted to say something, but was stopped by Levi Garrison’s stern
eyes.
He could only give up.
Now he really wants to tell the “secret” that Gong Qianqiu told him, so that the
master knows the true face of this group of people.
But I was afraid that Gong Qianqiu would be exposed in advance.
He hesitated for a long time, but still didn’t open his mouth.
“Side-by-side with the king, then we will meet again! Thank you for not forcing us!
Please be careful, they are not easy! It is not something that our North Pavilion
can deal with! If you find them and deal with them, please pay the greatest attention!”
“It’s basically impossible for us to meet in the future. Goodbye!”
After clarifying.
Xu Qingya and the others are about to leave.
Levi Garrison nodded.
He is also interested in being able to scare the North Pavilion into such a force.
You must also pay attention to it.
Xiao Feng snorted coldly in his heart – just pretend!
Would you still leave so easily?
Is this playing tricks again?
Because Gong Qianqiu added fuel to him before.
So how Xiao Feng sees Xu Qingya and several people now is not pleasing to the

eye.
What they do, there is a sense of conspiracy.
Especially now that this kind of thing happens.
He was even more suspicious.
They clearly knew who this group of people was, but Xu Qingya and the others
didn't say anything, and they even gave the reason.
Others are inevitably skeptical.
What's more, Xiao Feng, who is always targeting them and looking for trouble
with them.
Xiao Feng didn't look right.
There must be a conspiracy!
But the master let them go, and Xiao Feng had no way to stop it!
"Okay, then Master, I'll send them off! You take care of Azure Dragon (Qinglong)
and the others!"
Xiao Feng took the initiative to ask Ying.
Levi Garrison nodded.
Afterwards, Xiao Feng sent Xu Qingya and her party outside.
At this time, he suddenly sneered: "Don't think I don't know what you guys are up
to!"
"Isn't it the bones of my master and sister, and my master's sword?"
"Isn't that what you all pretend to help my master?"
Xiao Feng's yin and yang aura made Xu Qingya turn around.
They probably didn't expect Xiao Feng to say such a thing.
It seems that Xiao Feng didn't listen to their advice last time.
"Still with that woman?"
"Remember what I said, she will hurt you sooner or later, even your master and
your sister!"
"Yes, she is the one who really wants your master and sister's roots and your
master's ancient sword!"
"You can have a snack! You are the one who was deceived!"
Xu Qingya said several people.
"Hahaha……"
Only Xiao Feng smiled directly.
In his opinion, isn't this just sowing discord?
Even said that they are still sowing discord?
This low-end trick works once or twice.

Why do you still use it?
He was clearly talking about their problems.
As a result, they were able to get involved with Gong Qianqiu.
This is obviously the transfer of contradictions!
Gong Qianqiu is not here.
She didn't tell herself anything.
Not to mention the basics of the master and junior sister. Instead, they are all
thinking about themselves and for the sake of master and junior sister Levilia.
Can such a person have a bad mind?
Furthermore.
Gong Qianqiu is his own family.
Will my family be harmful to my master and my sister?
Will not!
And in the memories of Azure Dragon (Qinglong) five people just now, Gong
Qianqiu's figure has not appeared.
On the contrary, Xu Qingya and the four of them had found the five Azure Dragon (Qinglong) people very early on and tested their bones.
Isn't it easy to judge?
If Gong Qianqiu really had an idea, he would have come to test the roots of the
five Azure Dragon (Qinglong) people. The master and the younger sister are all
things later.
The Return of the God of War [The
Protector] Chapter 3471
/ The Return of the God of War [The Protector]
Moreover, Gong Qianqiu never came with him to see the master and the others.
He was afraid of bad influence. He had never even been here for the first time.
As a result, Xu Qingya and the four were surrounded by Master almost all the
time.
Everyone knows Sima Zhao's heart!
In terms of credit, Gong Qianqiu has done no less than you.
These people have found half of the bone master list.
People don't ask for anything in return.
Master also gave you a promise.
You have other ideas.

Can't I tell who is good and who is bad?

He understands that there is no good person in Zhen Mosi.
There is definitely a purpose.
In particular, Xu Qingya and the others did their best to help, this is no purpose,
who would believe it?
Xiao Feng looked at the four of them and sneered again and again: "Do you really
think this method of sowing discord is very high-level? It's too low-level! Children
can see it at a glance!"
"If you want to sow discord, can you do something better next time? Don't be so
obvious!"
"Wake up! You are fascinated by him!"
Xu Qingya urged.
Xu Longri also said: "You don't know, this woman lives by sucking blood. You will
be sucked dry by others!"
"That's right, none of the men targeted by this woman will end well!"
"Hoho, I'm awake, my master can tell the difference between an enemy and a
friend, and I can tell even more clearly!"
"You are so provoking discord, that is, we are going to cause civil strife, and even
involve my master and the others, right? You can make plans, right?"
Xiao Feng sneered.
A look that sees through them.
It was mainly Gong Qianqiu who instilled his ideas and had preconceived notions.
Therefore, no matter how Xu Qingya and the others reminded them, in his view,
they were all sowing discord and conspiracy!
Several people looked at Xiao Feng helplessly.
There is no cure.
terminally ill!
Completely fascinated by that woman.
But it has nothing to do with them at all.
They are now involved in such a big whirlpool.
In line with the principle of one less thing, they will not care.
"Okay, don't talk nonsense with you, it has nothing to do with us!"

Xu Qingya and the others are about to leave.
“Wait, did I let you go?”
Xiao Feng said coldly.
The four stared at Xiao Feng: “Your master told us to leave, what? You want to
stop us?”
“Just you?”
In terms of strength, Xiao Feng can’t compare to them.
Xiao Feng sneered: “Are you afraid? Why don’t you dare to tell us the identity of
the man in black robe?”
“If I tell you, we will all die, and our North Pavilion will also be destroyed!”
Xu Qingya said.
“Hahaha, who would believe this kind of nonsense? Your North Pavilion is a major
faction of the Suppressing Demon Division! I don’t believe you can easily destroy
you! You make up a lie and make it a reasonable one, right?”
Xiao Feng shook his head, firmly in disbelief.
He knows the town magician very well.
How many factions can destroy the North Pavilion?
Especially to scare them like this, let alone.
Xu Qingya snorted coldly: “It’s okay for your master to believe it, it doesn’t
matter if you don’t believe it!”
Xiao Feng smiled directly: “I really think my master will believe you? He actually
wants to see what your next plan is!”
Xu Qingya and the others were really helpless.
The extent to which Xiao Feng was controlled by Gong Qianqiu was more serious
than they thought.
They don’t argue now, it’s pointless at all.
“In order to prove your innocence, tell me the identity of the man in black robe,
and I will believe you!”
Xiao Feng’s eyes swept across everyone’s faces.
“Why are we telling you? What does it have to do with us?”
Xu Qingya retorted.
There was a playful smile on Xiao Feng’s mouth. He smiled and said:
“It’s not that

you don't want to tell us, it's that you have ghosts in your heart! There are tricks!"
"The reason why you dare not tell us the identity of the man in black robe, I think
it has something to do with you at all?"

"The root bones of the five Azure Dragon (Qinglong) people were dug up by the
people in your North Pavilion, right? That black robe is your North Pavilion! So
everything makes sense!"
"According to the memories of the five Azure Dragon (Qinglong) people, you
have looked for them before and tested their roots. Isn't your move for the roots
of the five of them?"
…
"This……"
Xu Qingya was taken aback for a moment.
They really couldn't figure this out.
It did appear in the memories of the Azure Dragon (Qinglong) Five.
But it was not the point that Xiao Feng used to attack.
"And have you tested the bones of my master and sister? You are the only one
who knows the bones of both of them!"

Xiao Feng continued.
Xu Qingya and the others were powerless to refute this.
This time indeed.
"And those bone masters may have been killed by you, and you have destroyed
all the evidence! But I never imagined that we still have such a way to restore
their memories, right?"
Xiao Feng was stunned when he saw several people, and the more he talked, the
more vigorous he became.
"You are the murderers, don't hide it! I have seen through you all!"
Xiao Feng sneered.
"you wanna die!!!"

Xu Longri and the others were provoked, and they were about to act.
At the critical moment, Levi Garrison's voice came.
"Xiao Feng, let the guests leave!"
Xiao Feng sighed helplessly and could only let them leave.
"But you wait, I will investigate you next! I will expose your conspiracy, I will
know the trick, and you will be punished!"
"I have a lot of evidence and clues now, and I will soon know whether the pattern
of the big python swallowing the sky has anything to do with your North Pavilion!
Let me find out, you will be miserable!"
Xiao Feng warned.
Xu Qingya and the others were very helpless: "Hey, you have reached the point of
incomprehension! Keep your eyes open! I hope that the king of the word side by
side will not be affected! You can expose this woman as soon as possible!"
When they mentioned Gong Qianqiu, Xiao Feng became anxious.
They were afraid that this group of people would report to Levi Garrison and tell
him Gong Qianqiu.
This is absolutely not possible.
Thinking of this, Xiao Feng warned a little frantically: "And if you dare to tell her
to my master and slander her in front of my master or others, I will kill you!"
He was afraid.
Xu Qingya and several people could see it.
They just smiled contemptuously: "It's none of our business? We're too lazy to
care!"
"I now hope you are killed by that woman! That's cool!"
"Wait, there will be a day when your kid will cry!"
A few people left with a few harsh words.
This made Xiao Feng very angry.
This group of people is still slandering Gong Qianqiu.
How can he not be angry?
"Okay, then let's wait! Why don't we stay silent and see what the time says?"
Xiao Feng wants to show them the time proof that he and Gong Qianqiu will last

forever.
Their truth will defeat all slander.
Gong Qianqiu must withstand any test!
After he had doubts in his heart before, this time he firmly believed in her.
"childish!!!"
Although Xu Qingya and the others left, their voices still came from a distance.
This made Xiao Feng even more angry.
But he hurried back.
Let's see how the Azure Dragon (Qinglong) Five are doing.
The appearance and characteristics of the murderer are all out.
The Azure Dragon (Qinglong) five also endured great pain.
But they still survived.
Face the pain.
In the face of the most terrifying things in your heart, treat it as the most commonplace.
When I see these nightmares again in the future, I will laugh indifferently.
They succeeded in this one.
Successfully eradicated the nightmare in my heart!
But the pain they endured just now is in everyone's eyes.
are distressed for them.
"It's good for the next time, it's good to recover slowly, you have survived the
most difficult inner demon!"
The Return of the God of War [The
Protector] Chapter 3473
/ The Return of the God of War [The Protector]
"As for me, I'll seek revenge for the murderer! You all recover well!"
Levi Garrison was still in a good mood.
Their inner demons were eradicated, and the clues to the murderer were again.
But the next step is how to find the murderer?
Originally, he wanted to directly warn the entire town magic department, show
these evidences, and let them hand over.
In this way, even if no one handed it over, they can still know who these murderers are.
However, Xu Qingya and several people reacted abnormally, their fear, their
unease.
Levi Garrison can feel it.
It is not easy to explain that the murderer is not easy.

And judging from the various destruction evidence of the other party, the other
party does not want to expose it for the time being.
So, what Levi Garrison is looking for with great fanfare.
Instead it doesn't work!
It will startle the snake!
Especially if the pattern of the big python swallowing the sky is exposed, the
other party might take some measures to make this important clue lost.
Therefore, Levi Garrison must not act in publicity.
What does he have to think about?
correct.
Xu Qingya from the North Pavilion were all the best.
But I can go to your ancestor, the Three Saints of the North Pavilion.
These three old guys should know everything they know, right?
Levi Garrison secretly made up his mind.
Anyway, everyone's next task is to find the murderer.
Xiao Feng also went to find it.
Others may be running around like headless flies.
But his direction is very clear – looking for Gong Qianqiu.
He is well-informed and knows many things.
He is now eager to know whether the pattern of the big python swallowing the
sky has anything to do with the North Pavilion.
They were in such a hurry to leave, and he felt that the designation had something to do with this matter.
Maybe he ran back to destroy the evidence.
After leaving base camp.
The depressed Xiao Feng went to Gong Qianqiu.
It's just that Gong Qianqiu at the moment is busy studying the exercises created
by Levilia himself.
Closed directly.
So when Xiao Feng came to look for it, Gong Qianqiu was not there.
People can't even get in touch.
"Huh? Where's the person? Why can't I get in touch?"
This is the first time this has happened.
Xiao Feng's face changed.
Is it…
As soon as any signs of doubt appeared, he immediately patted his head.
"How dare you doubt Qianqiu? Are you still human?"

Xiao Feng started to scold himself.
In the past, Xiao Feng's actions, as well as the movements of Xu Qingya and the
others, were clearly in Gong Qianqiu's control.
For example, before Xiao Feng came, Gong Qianqiu knew it.
She made arrangements in advance to prepare these.
But now she is addicted to cultivating Levilia's self-created exercises, thinking
about hurrying to practice and reaching the highest level.
Where else would you care about other things.
So much so that she doesn't know what's going on outside.
that's it.
Xiao Feng waited without complaint.
Wait and wait.
A whole day has passed.
"It should be something wrong with her!"
Xiao Feng found a reason for Gong Qianqiu himself, but he would never doubt it.
Just when Xiao Feng was about to leave, Gong Qianqiu came in a hurry.
This made Xiao Feng's eyes light up fiercely.
Almost cried.
He finally waited.
Just say something happened?
Gong Qianqiu quickly explained to Xiao Feng that he went to the West Pavilion
and did not come back in time.
He also apologized to Xiao Feng.
Xiao Feng grabbed her hand and said excitedly: "No, don't apologize to me! You
never have to apologize to me! If either of us made a mistake, that person must
be me!"
Xiao Feng has been controlled to such an extent.
In his heart, Gong Qianqiu couldn't be wrong.
"Okay, I also believe that you will not make mistakes, and you will never have to
apologize to me! Next time this happens, I will notify you in advance!"
"You are in such a hurry to find me, I'm afraid there is something urgent, right?"
Miya Chiaki asked.
"Yes, I'm here to tell me that my master has found the murderer who hurt the

five Azure Dragon (Qinglong) people!”
As soon as these words came out, Gong Qianqiu was greatly shocked.
Found it so soon?

Protector] Chapter 3474
/ The Return of the God of War [The Protector]
its not right.
The dozen or so bone masters were all silenced.
She saw it with her own eyes.
How can the murderer be found?
There are no other clues.
In fact, she really wanted to help Levi Garrison find the murderer, which was
better for her.
It’s just that there really isn’t even the slightest clue.
Found it so quickly now.
Make her a little disbelieving.

What speed does this have to be?
Xiao Feng immediately introduced their methods, and Gong Qianqiu spent a lot
of time as soon as possible to understand everything in the secular world.
But this is never heard of.
She was amazed.
Can you express people’s memories?
How is this possible?
Xiao Feng quickly explained it, and also said everything about who has been to
the town magician.
Even who they went to the West Pavilion, they all said one by one.
Now Gong Qianqiu believes it.
It felt amazing.
Is there such a way in the secular world?
It came out directly.
not only.
When Xiao Feng left, he took a lot of portraits.
There are specific photos, as well as sketches drawn by profilers and painters,
etc.
Show them all to Gong Qianqiu.
All-round vivid display of the murderer’s appearance.
In particular, every detail of the man in black robe is shown.

But mostly it's their clothing.
"This……"
When Gong Qianqiu saw the portraits of the people in black robes, he immediately widened his eyes and trembled.
"What… what's wrong?"
Xiao Feng saw the abnormality and couldn't help asking.
Could it be that I wrongly blamed those people in the North Pavilion?
Is what they say true?
Are the people in black robes really scary to the extreme?
Gong Qianqiu naturally recognized it.
Even Xu Qingya and the others can know, why doesn't she know?
In other words, these black-robed people, Zhen Mosi knows a lot of people.
Gong Qianqiu was surprised in his heart: it was them! No wonder! Except for
them, no one dares to act so fast!
If it is their words, those bone masters can understand that they are killed.
However, in front of Xiao Feng, Gong Qianqiu still pretended not to know him
well.
"Where have you seen this black robe? I can't remember it for a while!"
Gong Qianqiu muttered to himself.
Xiao Feng immediately told about Xu Qingya and the others.
"I have a question now – is this group of people really that scary? Can they really
scare people to such an extent?"
Xiao Feng asked.
He still felt that Xu Qingya was a ghost.
Gong Qianqiu shook his head: "That's definitely not the case, how could it be
possible to destroy the North Pavilion? How strong is the North Pavilion, I can't
think of someone to destroy it!"
"There are also the three saints of the North Pavilion above the North Pavilion,
and they are also the top powerhouses in the entire town and magic department.
How could it be possible to say their names and destroy the North Pavilion,
bullshit!"
This time Xiao Feng became more determined, Xu Qingya and the others were

just messing around.
Absolutely impossible.
“I’m really not sure about the identity of this man in black robe for the time being.
I have to go back to the West Pavilion to ask Master and the others! I’ll give you
an answer when it’s confirmed!”
Gong Qianqiu wanted to tell Xiao Feng directly, so the credit was hers.
But she is also afraid of this power.
Not wrong.
This power is exactly what Xu Qingya said, and it is really terrifying to the extreme.
No one dared to mention their names.
Anyone who mentions it will die.
and everyone else will die.
Even the entire West Pavilion will suffer.
It’s that serious.
She also understands that people like the Three Saints of the North Pavilion may
not be able to stop it.
First of all, she had to make sure that this force was well known and she didn’t
know her relationship with Xiao Feng.
And after telling Xiao Feng, will it be discovered that it is him.
She has to balance.
Another one is Xiao Feng’s side, and he can’t tell it right away.
“Okay!”
Xiao Feng nodded.
“But these black robes are not the masterminds, they are serving one person!”
Xiao Feng said.
“Ah? Anyone else?”
The Return of the God of War [The
Protector] Chapter 3475
/ The Return of the God of War [The Protector]
This made Gong Qianqiu stunned.
Is there anyone behind this group of forces?
This is too incredible.
“The portrait of the mastermind is here, only the back! There is no front!”
Xiao Feng hurriedly took out the back image.
Gong Qianqiu’s eyes were also immediately attracted by this back view.
The back is nothing special.

Only the pattern of the giant python swallowing the sky on the back made Gong
Qianqiu stunned.
It's like I've seen it anywhere!

This time she really didn't know her.
But it's so familiar.
She really seems to have seen it somewhere.
She tried her best to remember, but she just couldn't remember.
But she was sure that she had never seen this pattern before.
After all, she has dealt with all the three religions of the Zhenmo Division.
No one she has seen.
The chances of seeing this pattern are also great.
Like Xu Qingya, they just don't know it at all, but she is very familiar with it.
"This pattern is a bit familiar, and I'm going to ask Master and them!"
Miya Chiaki said.
This made Xiao Feng smile.
Knew it.
The same person from the town magic department.
The answer is completely different!
Xu Qingya and the others either didn't want to say it, or they didn't know.
Look at that, Gong Qianqiu's family will not refuse directly, and they are a little
familiar, and they have to ask her master for confirmation.
"Okay, those in the North Pavilion are still trying to sow discord! I'm afraid they
will tell the master to slander you! If you don't see the master and the others,
you will have left a bad impression!"
Xiao Feng said angrily.
Gong Qianqiu also thought of this possibility.
Plan for yourself.
Then the next few people must be eliminated.
Just now, the list of bone masters has been completed.
Then she will start with Xu Qingya and several others.
All the roots of Levi Garrison and Levilia were dug out from their mouths.
"I think they must have a purpose, for the sword of my master! For the roots of
my master and sister!"
Xiao Feng was still talking about Xu Qingya's problems.
After hearing this, Gong Qianqiu's eyes lit up.

These are all she wants!
Including that sword!
If you get the roots of Levilia or Levi Garrison, and then rely on Levilia to create
his own exercises and this sword, then he can really be invincible in the world.
Gotta take it slow!
If you act rashly on your own, you can't.
After all, Levi Garrison was too strong.
First, you have to find someone who can restrain Levi Garrison.
This group of forces that just dug out the roots of the five Azure Dragon (Azure
Dragon (Qinglong)) people is extremely terrifying and powerful, not to mention
that they have the mastermind behind this giant python swallowing the sky, and
it is necessary to be stronger.
They can definitely contain Levi Garrison.
At that time, you can do it yourself, Levilia's root bone and Levi Garrison's
ancient sword.
will be hers.
So she has to plan carefully, it is best to let Levi Garrison and his enemies meet
first.
Shen Jie's sword is easy to handle, then follow Xiao Feng to their base camp to
steal the sword, and then put the blame on others.
The difficulty lies in the foundation of the king.
It is too difficult to transplant the root bone.
Even now people don't even know what they are.
She got busy right away.
While busy practicing Levilia's exercises, he has to do other things.
Next, she will activate the chess pieces under her control, and will attack Xu
Qingya and several others.
At the same time, we must return to the West Pavilion to confirm as soon as
possible what the pattern of the python swallowing the sky represents.
At that time, the identity of the black-robed man will be revealed, and the blame

will be placed on other people, so that the black-robed man's forces will think
that it is someone else.
That way she won't be involved.
She had to arrange it carefully.
Can't get in touch with myself.
Before leaving, she also said affectionately to Xiao Feng: "This time it's my fault,
next time I won't! I'll let you know in advance if anything happens!"
"Okay, I understand! Don't worry about me if you're busy! I'll always trust you! I
won't let anyone slander you!"
Xiao Feng naturally understood.
The Return of the God of War [The
Protector] Chapter 3476
/ The Return of the God of War [The Protector]
After saying goodbye to Xiao Feng, Gong Qianqiu immediately rushed to the
West Pavilion.
It's just that on the way, she got a major message——
The three saints in the north pavilion were seriously injured, and the north pavilion was in jeopardy, and many forces were already preparing to attack the
north pavilion.
Although this information is top secret in the ghost market, Gong Qianqiu does
not know any information.
The group of men controlled by her was eager to rush to send messages to her.
A flash of coldness flashed in Gong Qianqiu's eyes: "As long as it is determined
that the three saints of the North Pavilion are injured, it is imperative to divide
the North Pavilion!"
The Beige family has a big business, who doesn't want to get a piece of the pie?
Gong Qianqiu also thought.
In Town Demon Division, Wufangge is a big faction.

If you divide it up, you won't go directly, and you don't care about face.
But if it's private, there's no shortage of means.
However, the other four pavilions will not participate openly.

Then, another message came——
Some people can't stand it anymore and are going to challenge the Three Saints
of the North Pavilion.
After all, he had to act immediately while the Three Saints of the North Pavilion
were seriously injured.
If the Three Saints of the North Pavilion are successful in healing, how can they
still have a chance?
This kind of thing has to be early!
They must attack the North Pavilion while they are healing!
This group of people said it was a challenge, but in fact they were testing whether the three saints of the North Pavilion were injured?
The one who went to challenge is also the powerful character of Zhen Mosi.
Because once the temptation comes out, they will do it on the spot.
I don't want to wait a minute longer.
now.
In front of the main altar of the North Pavilion.
The master of the North Pavilion, Xu Liejun, was surrounded by strong people
from the North Pavilion.
And there are dozens of people in front of them, they suddenly came, and those
who named them wanted to challenge the Three Saints of the North Pavilion.
The face of the master of the north pavilion changed greatly. Today, suddenly a
group of people came to challenge the three saints of the north pavilion?
This is not normal.
Follow these lords in front of you.
Many are not strong on their own.
There are only a few who are stronger than himself. If you see the three saints of
the North Pavilion at ordinary times, you will be scared to pee your pants.
Today came the challenge.
Could it be… Could it be that the injuries of the ancestors and the others have
been exposed?
But only I knew they were hurt.
How did other people know?

And during this time he realized something was wrong.
There are more and more spies near the North Pavilion, as if they are staring at
something.
And his old friends and the like have also been visiting frequently recently. I
don't know why?
Even some friends of the ancestors even came to visit.
It was as if the major factions of the Town Demon Division were all focused on
the North Pavilion.
Didn't they deal with Levi Garrison in a unified way before?
How did everything change overnight.
The focus has all shifted to the North Pavilion.
Everything shows that the situation is not right.
The Lord of the North Pavilion even wondered what happened.
Could it be the message that the ancestors were injured?
*Now it seems that ** is not far from ten.*
At this time, his subordinates reported: "Pavilion Master! Just found out that the
ghost market is selling a message – saying that our three ancestors were seriously injured!"
"boom!"
Hearing this message, the Lord of the North Pavilion trembled.
Knew it!
The message is exposed.
Otherwise, these people would not come.
At this time, the owner of the Tiger Temple said coldly: "Hurry up and let the
three saints of the North Pavilion come out! I want to challenge the Tiger Temple!"
"And our Eagle Temple will also challenge!"
"And us!"
"US!"
...
Dozens of people threatened to challenge the Three Saints of the North Pavilion.
"You dare to challenge the three ancestors of my family? Can you be my opponent? If you want to challenge the ancestors, you must pass me first!"
The Lord of the North Pavilion sneered, disdainful of these people.
"Xu Liejun, let's go, we are going to challenge the three saints of the North

Pavilion, it has nothing to do with you! Hurry up and let the three saints of the
North Pavilion come out!"
"Yes! Let the three saints of the North Pavilion come out, we have to challenge
them!"
"We won't dare to come out because the three saints of the North Pavilion are
afraid?"

/ The Return of the God of War [The Protector]
"Hahaha… If the Three Saints of the North Pavilion were to be tortoises, wouldn't that be a joke?"
…
They satirized and provoked repeatedly, and the Lord of the North Pavilion was
already on the verge of rage.
They came prepared.
It is to test whether the three saints of the North Pavilion are really injured.
Next, they will take measures against the North Pavilion.
These people are here to try.
It is estimated that there are more people behind them, and now there are also
pairs of eyes staring here in the dark.
As long as it is determined that the three saints in the North Pavilion are seriously injured, all factions will act immediately.

Will swallow the North Pavilion alive.
And if the three saints in the north pavilion are seriously injured, the two fists in

face this persecution.
He immediately said: "The three ancestors of my family are retreating, I'm afraid
they won't be able to respond to your challenges! But you can challenge me!"
In fact, everyone is also observing Xu Liejun's reaction.
See if he has a panicked look or something.

So as to determine whether the three saints in the north pavilion are injured.
"Hahaha……"
The master of the Tiger Temple immediately smiled.
"Retreat? I don't think so? Are you recovering from a serious injury?"
The head of the Tiger Temple said suddenly.
"Ah? The Three Saints of the North Pavilion are actually injured? It's incredible!"
Others quickly joined in.
The master of the Tiger Temple said: "Yes! The Three Saints of the North Pavilion
did not know who they fought, and they were seriously injured!"
"What's the matter? I thought the Three Saints of the North Pavilion were a
tortoise!"
"Hahaha, it turned out to be injured! Then we will condolences to the next three
seniors!"
…
Xu Liejun trembled, the point came.
But they were right, the Three Saints of the North Pavilion were injured.
Also seriously injured.
In a short period of time, it is impossible to recover at all.
The master of the Tiger Temple suddenly stared at Xu Liejun and asked, "Is that
so? The master of the North Pavilion? Are the three ancestors of your family
seriously injured?"
"Fart! Let me ask who can hurt the three ancestors of my family!"
"The three ancestors of my family are in retreat, don't talk nonsense when you
wait for the ants! If you anger the three ancestors of my family, you all have to
die!"
…
The people behind the Lord of the North Pavilion did not know that the three
saints of the North Pavilion were injured.
So they couldn't help roaring.
This sentence made the master of the Tiger Temple and the others all stunned.
Yes.

Looking around, who can hurt the Three Saints of the North Pavilion?
Injuring one of them is difficult to reach the sky.
Not to mention three at once!
They also feel that no one can do it.
Can't think of anyone who can hurt these three.
But this information was bought from the ghost market, and the accuracy is
extremely high.
And now the North Pavilion is secretive.
If the three saints of the north pavilion were really not injured, it is estimated
that the master of the north pavilion would have been killed long ago.
He is like this now, which means that there is a ghost in his heart.
The Lord of the North Pavilion said: "It's ridiculous, I don't know where you heard
the news, who can hurt the three ancestors of my family? How is it possible!"
"My ancestors are really in retreat! If you anger them, you will really die!"
The Lord of the North Pavilion looked at them firmly, and sneered: "The three
ancestors of my family are retreating in the back mountain at the moment. If you
feel that the three of them are injured, then you can challenge!"
"You guys get out of the way, don't block it! It's the ancestors who are going to
challenge, let them go!"
The Lord of the North Pavilion asked the powerhouses of the North Pavilion
behind him to make way.
It also closed the trapped dragon formation in front of the North Pavilion.
This is a formation that terrifies everyone.
Except for the Three Saints of the North Pavilion, the trapped dragon formation
in front of the North Pavilion's main hall was also feared by everyone.
The Great Array of Trapped Dragons in the North Pavilion Hall is notoriously
fierce.
Now the Lord of the North Pavilion has closed the trapped dragon formation.
Up to now, the Lord of the North Pavilion can only use this extreme method to

restrain these people.
Otherwise there is no other way.
The Return of the God of War [The
Protector] Chapter 3478
/ The Return of the God of War [The Protector]
He wants to pretend to be calm, not afraid of any temptation from them.
As long as there is no ghost in their hearts, this group of people will naturally be
afraid.
Sure enough, saying that, it worked wonders.
The owner of the Tiger Temple and the others were all stunned.
Don't know what to do for a while?
The main reason is that the Lord of the North Pavilion is too calm, doesn't it look
like he is injured?
He doesn't care at all!
And open the way for them to challenge!
Even the sleepy dragon formation was withdrawn!

This is their only lifeblood apart from the Three Saints of the North Pavilion.
They had long wanted to rush to the North Pavilion to test the Three Saints of
the North Pavilion.
But it was because he was afraid of this sleepy dragon formation that he took no
action.
Now the Lord of the North Pavilion calmly withdraws the great formation.
Doesn't that mean that he is very confident, and the Three Saints of the North
Pavilion are not injured at all.
The Sleepy Dragon Great Array was not there, but the Three Saints of the North
Pavilion were not injured.
If the Three Saints of the North Pavilion are only in retreat and are not injured,
then they rush up and die?
There is only a 1 in 10,000 probability of that kind of situation, and they don't
dare to gamble.
If you gamble, you have to take your life as the price.
Who dares?

Seeing this, the Lord of the North Pavilion couldn't help but breathe a sigh of
relief.
He was really afraid of this group of people rushing up.
He is also gambling!
If you lose the bet, it's over.
However, seeing the hesitant expressions of the Temple Masters of the Tiger
Temple, he felt much more at ease.
"Come on, the road is open for you! Go to challenge as soon as possible! Saying
they are closed, you must not believe it!"
The Lord of the North Pavilion continued to stimulate the road.
In this way, the people like the temple masters of the Tiger God Temple are even
more afraid.
Hesitating and hesitating, no one stepped forward.
"I'll only give you thirty seconds. After thirty seconds, the sleepy dragon formation will reopen! You'll have no chance!"
The Lord of the North Pavilion began to count down the time.
It quickly counted down tens of seconds.
"ten!"
"Nine!"
...
two!
one!
But at this moment, several black shadows jumped out from all around, turned
into streams of light and rushed into the North Pavilion hall, directly crossing the
position of the trapped dragon array, and they went straight to the place where
the Three Saints of the North Pavilion retreated.
In an instant, the masters of the Tiger Temple and the others were stunned.
The Lord of the North Pavilion was even more stunned.
It never occurred to me that the Lord of the Tiger Temple and the others were
stunned, but there were still people in the dark.
They must have been waiting.
The reason why he didn't take action immediately was because he was afraid of
the trapped dragon.

Now that I have closed it to the big formation, isn't it just as they wished? Done!
It's over now!
Blame it all on yourself!
The Lord of the North Pavilion was about to explode with anger.
Did you give this group of people a "green channel"?
"Hurry up and close the trapped dragon formation, and the North Pavilion will
enter a state of combat readiness!"
He was in a hurry and shouted immediately.
The few shadows just now reached the rear, and they can definitely find out the
injury of the ancestor.
The breath of each of them is not under their own.
Therefore, the serious injury of the three saints in the north pavilion is a sure
thing.
He has to take responsibility for the safety of the North Pavilion.
Therefore, we must immediately start the sleepy dragon formation.
No matter how stupid the temple masters of the Tiger Temple were, they all
reacted at this time.
They were stunned by the Lord of the North Pavilion just now!
The fact is that the three saints of the North Pavilion were injured.
"Let's go together! Prevent them from starting the sleepy dragon formation
again!"
"The three saints in the north pavilion are seriously injured! It's at this moment,
everyone, to divide up the north pavilion!"
The master of the Tiger Temple and the others rushed up immediately.
At the same time, figures appeared in the dark, and they also came towards the
North Pavilion.
They have been waiting for this moment for a long time.
Who doesn't want to divide up the North Pavilion?
A large number of masters appeared around the North Pavilion and began to
attack the North Pavilion.
"Hold on!"
The Lord of the North Pavilion took the lead, and was the first to stand in front of

the North Pavilion's main hall to respond to the enemy.
At the same time, seven or eight men in black had already crossed the North
Pavilion's main hall and came to the rear of the North Pavilion where the Three
Saints retreated.
The crowd attacked directly.
To put the Three Saints of the North Pavilion to death.
The Return of the God of War [The
Protector] Chapter 3479
After the North Pavilion Three Saints were exposed, they had no choice but to
fight back.
Although they were seriously injured, their temporary fighting power still existed.
Deal with seven or eight masters together.
But after such a dozen, their injuries have been exposed.
If the three saints in the North Pavilion are not injured, these seven or eight
masters are afraid that they will die within ten moves.
Therefore, these people immediately released flares.
Send out the fact that the three saints in the North Pavilion were injured.
Outside the North Pavilion main hall, the moment I saw the flare.
The masters of the Tiger Temple and the others were completely excited.

"The Three Saints of the North Pavilion are indeed seriously injured! This is a
fact!"
"Let's rush together, this is the best time to destroy and divide the North Pavilion!"
"Everyone, don't let them start the sleepy dragon formation!"
…
All parties became excited and began to violently attack the North Pavilion Hall.
And the rear heard the news, and more and more people got a piece of the pie.
The news that the three saints in the north pavilion were seriously injured spread
throughout the entire town.
More and more experts are rushing here.
The North Pavilion will face the greatest crisis in history.

They are helpless and will face the attack of the entire town magic division.
As soon as Gong Qianqiu returned to the West Pavilion, he received a message
that all parties had begun to attack the North Pavilion.
The West Pavilion side was also not to be outdone, and set off immediately after
picking the right man.
But they are all disguised.
Can't show that they are from the West Pavilion.
Gong Qianqiu didn't care about anything else, it was important to divide up the
North Pavilion first.
She also joined the team.
She began to contact the men under her control, and quickly inquired about the
whereabouts of Xu Qingya and others.
She wants to catch a few people and ask Levi Garrison and Levilia's roots.
This may be more important to her than those treasures in the North Pavilion.
It seems that Gong Qianqiu is acting alone, but in fact there are hundreds of
people serving her.
And it has penetrated into the major factions.
the other side.
Xu Qingya and the four finally returned to the North Pavilion.
There was a terrifying scene in front of him—the North Pavilion was being attacked from all directions.
After inquiring, I learned that the Three Saints of the North Pavilion were seriously injured.
The parties began to carve up the North Pavilion.
It's getting dark everywhere now.
"The North Pavilion is over!"
"How to do how to do?"
Xu Longri and several people began to panic.
For a while I didn't know what to do.
Now the entire North Pavilion is in crisis, isolated and helpless.
Even if he wanted to go to the outside world for help, no one could come out.
The four of them are okay outside.
Can also help.
For example, Levi Garrison!

They remember that Levi Garrison gave them a promise!
can help them once.
Now is the best chance to make it happen!
Calling Levi Garrison, there is still hope to solve this crisis.
"By the way, let's go to Levi Garrison! As long as Levi Garrison comes, the crisis
can be solved!"
Xu Qingya's eyes lit up, and she immediately thought of Levi Garrison.
"Yes, Levi Garrison! He can definitely save us!"
"Fortunately, he gave us a promise before!"
The three of Xu Longri reacted immediately.
This is their only hope.
Now the three saints in the north pavilion are seriously injured.
The North Pavilion is in an unprecedented crisis.
Those allies in the past, etc., not only will they not help you at this time, they may
even give you a knife in return.
They couldn't think of anyone else, so they could only ask Levi Garrison for help.
"Let's go, let's go to the King of Side by Side for help!"
"Quick, quick, only he can save us!"
Xu Qingya immediately rushed back with the three of them, wanting to ask Levi
Garrison for help.
But not a few steps.
But was suddenly stopped by a group of people.
They couldn't help but talk, and immediately started.
Xu Qingya and the others began to fight back.
"We must go out and ask for help! Otherwise, the North Pavilion will be in
trouble!"
"Little Junior Sister, we will cover you out!"
The three of Xu Longri began to cover Xu Qingya.
The four are not weak, but the opposite is stronger.
They were able to fight for a chance at first, escorting Xu Qingya away.
The Return of the God of War [The
Protector] Chapter 3480
But soon more and more people were following them.
People come from all over the place.
They are gradually at a disadvantage.
Gradually it was unbearable.
It is basically impossible for the four of them to break through.

“Fight! We must let the little junior sister stand out and ask for help!”
The three of Xu Longri went crazy, they would rather be seriously injured than
kill Xu Qingya.
In this way, a bloody path was cut out.
However, the three were also seriously injured.

But it can be regarded as a bloody path for Xu Qingya.
“Little Junior Sister, go! Leave us alone! The North Pavilion is important!”
The three Xu Longri shouted.
“Be careful!”
Xu Qingya was helpless and could only escape.
But just after escaping from the encirclement, a figure appeared in the slanting
stab, and slapped Xu Qingya with a heavy palm, knocking her out.
The three of Xu Longri also suffered heavy blows and flew out one by one.
After falling to the ground, streaks of cold light were already on their necks.
“Damn it! Still failed!”
After the three of Xu Longri fell to the ground, they couldn’t help smashing the
ground.
It all fell apart.
Xu Qingya slowly raised her head!
Looking up, it turned out to be Gong Qianqiu.
I never thought that it was her who gave me a slap at the critical moment!
It was she who ruined their hopes!
“It’s you?”
Xu Qingya and the others recognized Gong Qianqiu.
Isn’t this the woman who controlled Xiao Feng to death?
“Who are you looking for to save the North Pavilion? The North Pavilion is on its
way! The fall of the Three Saints of the North Pavilion means that the North
Pavilion is about to collapse, and it is useless for anyone to come! My West
Pavilion just joined the war! The East Pavilion is also here. !”
Gong Qianqiu sneered.
“you……”
Xu Qingya and the others wanted to refute, but they were powerless.
This is the situation in the North Pavilion now.

There is no hope of turning to Levi Garrison for help.
"I've been waiting for you for a long time! Take it away from me!"
Gong Qianqiu gave an order.
The four were quietly taken away.
The North Pavilion is now in crisis, no one is paying attention to them.
Done!
Done!
It's over now!
Even the only chance to ask for Levi Garrison's help is gone!
It's all blame palace Qianqiu!
If it wasn't for her, at least Xu Qingya escaped.
Only a few people later found out that everything was arranged by Gong Qianqiu.
The masters who stopped them just now are all!
"I heard that you are still talking ill of me in front of Xiao Feng? We will count our
new and old grudges together later!"
Gong Qianqiu looked at them coldly and ruthlessly.
In this regard, Xu Qingya and the others are not afraid.
The key is that they are afraid that the message will not be sent out.
No one is going to save Beige.
It doesn't matter if they die or not, the North Pavilion cannot be destroyed.
Their families, brothers and sisters are all there.
But they are controlled by Gong Qianqiu, don't even think about escaping to
report.
Only left to fate.
Perhaps, this is the life of the North Pavilion!
God's will, no one can stop it.
the other side.
Xiao Feng returned to the base camp.
All parties are now looking for the killer.
Only the master did not move, he was a little puzzled.
It stands to reason that after the master knew the clues to the murderer, he should have started to act immediately.
But now it has not moved.
This shows that there is a problem.
Just when he asked aloud, Levi Garrison moved.
Left base camp with a few portraits.
In order not to frighten the snake, Levi Garrison went directly to the North Pavilion to ask the three saints of the North Pavilion.
If the three of them want to know, they will know everything.

This is one step.
If you open up to find it, you will really be shocked.
Although this party is very powerful, they are all cautious now, and they cannot
tolerate Levi Garrison being careless.
Must be quiet.
Just know the three saints of the North Pavilion, just ask these three old guys
directly.
The reason why he didn't set off directly.
That's because he asked people to find the location of the North Pavilion.
Now that I found it, it's natural to go.
Levi Garrison went to the North Pavilion alone.

/ The Return of the God of War [The Protector]
Xiao Feng also asked the others, "Why did Master go?"
"I do not know!"
Everyone shook their heads.
At this time, Xiao Feng had an idea in his mind.
The master has now left.
Do you want to test Levilia's root bone?
I and Gong Qianqiu are very curious about this.
If Master doesn't leave, he definitely won't have the chance to test.
Now is the perfect opportunity.

As for the methods of testing, Gong Qianqiu had already taught him.
I have to say that Gong Qianqiu really thinks very far!
Every possibility came to mind.
In case Xiao Feng had the opportunity to test the root bone himself, he also
thought of this situation.
So he was taught how to test the root bone in advance, and even the tools were
given to him.
How to do?
Do you want to test?
The idea suddenly came
But he hesitated.
I always feel that it is a bit bad to directly test Levilia's roots.
It doesn't matter if you let others know.
Senior Brother Chi Levilia has nothing to do with his roots.

But if it was involved with Gong Qianqiu, others thought it was Gong Qianqiu's
idea of hitting Levilia.
Absolutely not!
If Qianqiu didn't even see Master, they would have left a bad impression.
Besides, I just asked Levilia about her self-created exercises, and then went to
test her bones.
What should I do if Junior Sister Levilia has doubts?
"What's wrong with Xiao Feng? Look at you in a daze alone!"
At this time, Zoey Lopez's voice came.
Xiao Feng was startled.
Fortunately, I didn't go to test the root bone, and my wife is still there.
"Master, I'm fine!"
...
Xiao Feng quickly prevaricates the past.
As for the test of Levilia's roots, I'll talk about it next time.
But that's not a good opportunity.
the other side.
Gong Qianqiu and her people have brought Xu Qingya and the four to a secret
stronghold.
Throw the four on the ground.
"Snapped!"
"Snapped!"
"Snapped!"
Gong Qianqiu immediately slapped Xu Qingya's face several times in a row.
When Xu Qingya was pumped, her skin was split open and her flesh was blurred.
"Crackling!"
Several Xu Longri were severely beaten by others.
Injury after injury!
"I'll let you talk shit!!! Go everywhere to slander me! Talk to Xiao Feng madly!!!"
"Bitch! Slap! Slut! Slap! Slut…"
Gong Qianqiu slapped Xu Qingya's face one by one.
It's just that Xu Qingya looked at her disdainfully and didn't say a word.
There was even a mocking smile on the corner of his mouth: "Are you afraid?
Gong Qianqiu! Afraid that Xiao Feng will see through your true colors!
Afraid that

Levi Garrison will know you!”
Gong Qianqiu was stabbed by a sentence, and she became even more angry.
Isn’t it just afraid that Xiao Feng will see through it, and that Levi Garrison will
know?
“I admit that you are indeed very powerful, and you have completely controlled
Xiao Feng! The highest level of control! But guess what we told Levi Garrison
about you?”
Xu Qingya laughed.
She wants to make Gong Qianqiu chaotic, and use words to stimulate her severely.
But soon she was disappointed.
I didn’t see what she wanted to see from Gong Qianqiu’s face.
Gong Qianqiu seemed to grasp their psychology.
“You didn’t tell Levi Garrison!”
Gong Qianqiu said bluntly.
Xu Qingya panicked in her heart, just about to quibble, only to hear Gong Qianqiu
say: “The reason is very simple – you don’t look down on me, a woman like me
with a very bad reputation is not worthy of you to mention it! This matter is not
at all harmonious. It doesn’t matter to you, you are too lazy to tell Levi Garrison!
Just a few words casually!
In general, this is none of your business, and you probably feel disgusted to
mention my name! You guys have always prided themselves on being righteous
and righteous, and you’re not going to run off to give Levi Garrison a small report!
“
Shock!
Shocked!
Xu Qingya looked at Gong Qianqiu in disbelief.
Is this woman too scary?
Only then did they realize the true horror of this woman.
The Return of the God of War [The
Protector] Chapter 3482

/ The Return of the God of War [The Protector]
"And I expected that you would remind Xiao Feng, I told him about it a long time
ago. So when you reminded him, he would not doubt it. He would only think that
you were sowing discord! And I have been staring at you, bone. The list of teachers is also. Every time I deliberately give Xiao Feng the list is repeated with
you…"
all hit!
Gong Qianqiu controlled their psychology clearly.
The four Xu Qingya were stunned.
No wonder this woman is so powerful.
Not ordinary people.
This can be clearly analyzed.
Accurately control the psychology of each of them.
Even this woman had long predicted that they would remind Xiao Feng, and had
already indoctrinated and brainwashed Xiao Feng.

And the list of bone masters…
Now they understand why Xiao Feng was controlled like that, it's really not Xiao
Feng's fault.
Blame this woman for being so powerful.
If she targets several of her own people, they can't bear it.
Sorry!
They should have told Levi Garrison about this earlier.
Otherwise, there would be no such calamity as it is today.
It never occurred to me that the only hope for the North Pavilion was in this
woman's hands.
Not reconciled!
But what can be done?
The North Pavilion is about to be destroyed!
No one could survive.
Gong Qianqiu laughed and said: "It's useless for you to regret now. If you tell Levi
Garrison earlier, it will definitely be okay!"
Xu Qingya has already guessed: "Tell me! Gong Qianqiu! What are you arresting
them for? There must be a purpose, right?"

“Tell me what level Levi Garrison and his daughter’s spiritual roots are! Tell me specifically!”
Gong Qianqiu suddenly restrained his smile, the whole person became gloomy and terrible, and the killing intent that could not be solved was lingering all over his body.
This is completely two extremes from the person Xiao Feng is familiar with.
“Hahaha… I knew you would ask this! But we don’t know!”
Xu Qingya directly refused.
“Snapped!”
Gong Qianqiu slapped her fiercely.
“Bitch! You are the only ones who have tested the roots of Levi Garrison and his daughter! Tell me you don’t know? Tell me now!”
Gong Qianqiu’s face was ferocious and terrifying.
“If you don’t say anything, I will kill your senior brothers first!”
Gong Qianqiu was sinister and vicious, he pulled out a knife, and it was a knife on Xu Longri’s shoulder.
Xu Longri immediately let out bursts of screams.
Xu Qingya’s face changed immediately: “Gong Qianqiu, stop!”
“Hurry up! Otherwise I’ll stab him again! Pfft!”
Gong Qianqiu stabbed Xu Longri again.
“You… I said! I said!”
Xu Qingya was really frightened, and immediately gave in.
“Tell you the truth! Your idea is wrong! Don’t think about Levi Garrison’s roots!”
Xu Qingya said helplessly.
“why?”
Gong Qianqiu asked curiously.
Although he is interested in Levilia’s root bone, and Levi Garrison is too strong, his root bone is not easy to make up his mind.
But she still wanted to know why.
“Because Levi Garrison can be said to have no roots! He is a pure body cultivator!”
Xu Qingya almost came out of the tray at this time, and she didn’t dare to say anything.

Just when the words came out.
Gong Qianqiu didn't believe it at all.
"Impossible! How could he have no bones? Pure body repair? Impossible! How can
a pure body repair be so strong?"
"And isn't he using tea to condense water droplets is the art of refining qi? You
tell me he has no roots? Bitch, who are you deceiving?"
"Pfft!"
Gong Qianqiu was angry, and stabbed Xu Longri directly in the body.
Don't say she doesn't believe it, it's just that everyone present doesn't believe it.
Levi Garrison has become so strong.
No root bone?
Who will believe it?
This is completely impossible, as soon as I heard it, I knew it was Xu Qingya and
the others who lied.
Don't tell them the truth at all.
So Gong Qianqiu was angry.
"Don't don't… We're telling the truth! It's true!"
Xu Qingya said immediately.
The Return of the God of War [The
Protector] Chapter 3483
/ The Return of the God of War [The Protector]
And Xu Longri and the others are also saying that this is the truth.
"At this time, do we still dare to lie to you?"
"I tested Levi Garrison's root bone, what does his root bone say? If there is a root
bone, it is the worst! Just like a dry tree trunk, don't even try to absorb a little bit
of spiritual energy! This is no root Bone!
But I can see that he is really a pure body cultivator! Strong physique, rare in life.
I have never seen such a strong physique!
He had no defense against us at the time, but if we attacked, he might not even
hurt his skin! "
…
Originally, Gong Qianqiu didn't believe it.
However, it has already arrived at this time, and they dare not tell lies.
She still believed.

After all, Levi Garrison is an outlier.
She is only guessing that Levi Garrison will be able to refine Qi.
Maybe it's really pure body repair.
It's just that everyone's concept of pure body cultivation remains on the people
of Zhen Mosi.
They represent the limit of pure body cultivation.
As a result, Levi Garrison's strength turned out to be pure physique cultivation.
They certainly won't believe it.
But now that I think about it, Levi Garrison, the "monkey", has threatened the
entire Town Demon Division.
So many strange things happened to him, it was very common.
For example, now he has no bones and is a pure body cultivator.
"Okay, I reluctantly believe that Levi Garrison has no roots!"
"What about his daughter?"
This is what Gong Qianqiu is most concerned about.
Because it was what she wanted the most.
According to the exercises created by Levilia himself.
This should be the most suitable for Levilia Linggen Linggen.
If she has it, she will be more handy in cultivating this self-created practice.
The upper limit is higher!
When it came to Levilia's roots, her eyes suddenly became hot.
"this……"
Xu Qingya was obviously hesitant.
Not only her, but the other three also hesitated.
They know what Levilia's roots are.
And it became their secret.
Not even the people in the North Pavilion told it.
Otherwise, Zhen Mosi will set off a bloody storm again.
After all, Levilia's talent is too monstrous and exaggerated.
At the beginning, they didn't dare to be too exaggerated in front of Levi Garrison,
for fear that Levi Garrison thought they had something else and killed them all.
But in fact, Levilia's root bones are the strongest they have ever seen, and even
the five elements of spiritual root and bones can't be compared.

They just told Levi Garrison that Levilia's talent was only as strong as it should be,
and did not say anything specific.
But it's actually too exaggerated.
They were shocked at the time.
They also realized that they should not test Levi Garrison and Levilia's roots.
Because once they know this secret, it will bring them the calamity of death.
After all, someone will definitely come to them after they know that they have
tested the bones of Levi Garrison's father and daughter.
Just like the current Gong Qianqiu.
Isn't that so?
Gong Qianqiu is a ruthless person, she will not let others lead her by the nose.
She has all the initiative in her hands.
"Pfft!"
Suddenly she raised a knife and pierced Xu Longri's throat.
Xu Longri splashed blood, covered his neck and his eyes bulged out, looking at
Gong Qianqiu in disbelief.
He never thought that Gong Qianqiu would suddenly kill him!
The three of Xu Qingya never thought of it.
Gong Qianqiu will suddenly kill.
"Brother!!!"
They let out hysterical screams.
They are all crazy.
I can't wait to tear Gong Qianqiu apart.
"Tell me right away! Or I'll kill them both!"
Gong Qianqiu held a long knife on the necks of Xu Hushan and Xu Langhai.
"I said! I said everything! You don't kill them!"
Xu Qingya was anxious.
He said quickly, his voice hoarse and trembling.
"As long as you let them go! I'll say anything!"
Xu Qingya was really scared.
This woman is so vicious!

Protector] Chapter 3484
/ The Return of the God of War [The Protector]

“Otherwise, it’s useless for you to kill all three of us. It’s hard for you to know
what her root bone is now!”
However, Xu Qingya still has conditions.
She didn’t want to see the two of them killed again.
So, want to talk about conditions.
“Pfft!”
It’s just that Gong Qianqiu is not the master who can negotiate conditions at all,
and she saw her wielding a long knife and directly cut off Xu Hushan’s left arm.
For her, the most hatred for others to negotiate terms with her.
And if the three of you are dead, wouldn’t she know the roots of Levi Garrison’s
daughter?
Do not!

She will also know through Xiao Feng.
It just needs to be carefully arranged.
“I said! Please don’t do it again!”
Xu Qingya couldn’t take it anymore.
Gong Qianqiu is too vicious.
She won’t give you any chance at all.
She would only kill first and then negotiate conditions.
Xu Qingya can’t afford to gamble.
The big brother is gone.
She couldn’t watch the other two senior brothers die.
She immediately began to say: “According to our test, the root bone of Levi
Garrison’s daughter Levilia is even worse than that of the five elements! It is
estimated that all the legendary root bones of Zhenmo Division are not as strong
as hers!”
When Xu Qingya said this, Gong Qianqiu’s eyes lit up fiercely.
“Say it! Say it! What is the root bone!”
Gong Qianqiu immediately urged.
“This kind of root bone is unheard of, and we have never seen it before! We are
also well-informed, and we all know the five elements of the root bone! But the
first time we saw the root bone of Levi Garrison’s daughter, we were all

dumbfounded. !”
“Later, I thought about it carefully. The root bone of Levi Garrison’s daughter is
very likely to be a kind of root bone recorded in ancient books that has never
appeared in the Zhenmo Division – Devouring the Spiritual Root Spiritual Bone!”
“This kind of root bone, as the name suggests, devours everything, devours all
things, devours the aura of the weather, and devours all elements!”
…
Hearing this, Gong Qianqiu’s eyes lit up fiercely.
Yes.
Isn’t Levilia’s self-created practice this characteristic?
The condensed qi of the qi refining technique actually uses the elements of all
things for its own use.
And Levilia Gongfa is to become one’s own thing.
It seems that it can devour everything, not only spiritual energy, but all elements
of heaven and earth.
Now I finally understand.
This exercise is actually best described by the word swallowing.
is to devour everything.
Everything else is absorption, hers is swallowing, more domineering, more powerful!
Then her root bone is naturally devouring!
Everything makes sense.
Xu Qingya continued to explain: “Therefore, her rate of absorbing spiritual
energy is dozens, even hundreds of times faster than ours! If she fully utilizes her
root bone, it is possible that the rate of absorption is thousands of times faster
than ours! Cultivation The same is true for the speed of molding!”
“I have seen her absorb all the resources piled up in the blink of an eye! This is
definitely the strongest spiritual root and spiritual bone! And she also has her
own exercises, which completely fit her root bone! She cultivates Get up too fast!

Even if the top geniuses of Zhen Mosi are brought out, they are not as good as
one-tenth of her! This is the terror that devours the spirit root and spirit bone! I
thought it just appeared in the Arabian Nights, but I never thought that it really
existed in reality! "
…
Hearing it, Xu Qingya was still shocked and had lingering fears.
Simply terrifying to the extreme.
They were so shocked at the beginning, they just pressed it down forcibly, for
fear that Levi Garrison would have any idea.
Scared to think about it now.
Gong Qianqiu was the most excited.
All figured out.
This practice method itself is against the sky.
If there is another swallowing root bone, wouldn't it be against the sky?
It is entirely possible to win the first place in the town magic division.
must get!
Find ways to get it!
Fortunately, I planned ahead of time…
If she gets Levi Garrison's ancient sword again, she will be completely invincible.
The Return of the God of War [The

/ The Return of the God of War [The Protector]
"Ha ha ha ha……"
Gong Qianqiu laughed excitedly.
Like a crazy madman with the same hair.
Anyone who sees it will be afraid.
Xu Qingya looked at her in horror. She was obviously of the same age, but she
was so terrified?
Gong Qianqiu looked at her and said: "It's useless! Even if you know the roots of
Levi Garrison's daughter? Can you get it from Levi Garrison?"
As soon as these words came out, Gong Qianqiu's smile disappeared.
The whole person was also stunned.
Emotions froze on his face.

This is indeed the biggest problem.

With Levi Garrison around, it is almost impossible for her to get the roots of
Levilia.
Even if she is resourceful, she can't come up with a good solution now.
I can only hope that after Levi Garrison finds the murderer, he can restrain him,
and then he can do it himself.
Undoubtedly, Xu Qingya's question hit the nail on the head.
Seeing her like this, Xu Qingya was still very happy.
She couldn't help sneering and said, "And Levi Garrison's daughter's self-created
exercise is also against the sky. It is the most suitable exercise for her to devour
the root bone, but can you get it?"
She wants to take the opportunity to attack Gong Qianqiu.
To let her know even if she knows everything, so what? Can't get it at all!
With Levi Garrison, everything is impossible!
"Hahaha…is that so?"
The next moment, I saw Gong Qianqiu smile, showing an inexplicable smile.
Seeing that everyone was stunned.
Gong Qianqiu began to run Levilia's own creation method, and the surrounding
elements of heaven and earth were absorbed by her.
Especially the aura, the aura in this area was instantly evacuated.
It seems that there are tens of thousands of masters to absorb it together.
Everything is horrible.
Do not.
No, it should be devoured.
Seeing this scene, Xu Qingya and the others were dumbfounded.
Isn't this a practice method created by Levi Garrison's daughter?
How did she do it?
At this time, she understood that she still underestimated this woman.
Her methods are too powerful.
It must be Xiao Feng!
She must have confused Xiao Feng and let Xiao Feng get Levilia's self-created
exercises.
so horrible.
There's nothing she can't do!
Looking at the woman, several people were startled in a cold sweat.
Even Levilia created his own exercises to get it.

Then it may not be necessary to obtain Levilia's roots through Xiao Feng next.
No one can get the roots of his daughter from Levi Garrison.
They firmly believe this.
But……
There are spies by his side.
Still his eldest apprentice, his best apprentice.
With Xiao Feng, everything is possible.
And Gong Qianqiu has so many methods.
Maybe, it will really make Gong Qianqiu this woman get the roots of Levilia.
horrible!
This made them recognize a brand new Gong Qianqiu!
Xu Qingya looked at her incredulously: "You…you are really terrifying, you have
calculated every step!"
Gong Qianqiu sneered: "Just think I'm a shameless bad woman? What are these
men? They're nothing but my pawns? Xiao Feng is under my firm control!
I want to try Levi Garrison when I have a chance to see if I can control him! When
the time comes, I will use him to make the entire town magic division mine! "
Gong Qianqiu's ambition is really big.
It turned out to be Levi Garrison's idea.
But she was right.
If you really control Levi Garrison, it is really easy to destroy the entire Zhenmo
Division.
Xu Qingya smiled: "You want to beat Levi Garrison? Stop dreaming! He is not Xiao
Feng!"
"Just die! And I think Levi Garrison will see through your tricks sooner or later!
You want to get his daughter's roots, I don't think it's possible!"
"There may have been a chance before, but since the accident of the five Azure
Dragon (Qinglong) people, his vigilance is too high! Even if you control Xiao Feng,
you may not be able to get his daughter's roots!"
…

Xu Qingya was powerless to refute, and could only rely on this to attack Gong
Qianqiu.

"Really? You don't believe it?"
"Pfft!"
Gong Qianqiu stabbed Xu Langhai with a knife.
Xu Qingya was anxious: "Don't, don't hurt my senior brothers! I'm willing to die
for them!"
"But don't kill them!"
"I believe in you! You can definitely do it!"
She also understands that Gong Qianqiu will never let them go.
Let them go out, do you wait for them to report to Levi Garrison?
She only hopes to keep the two senior brothers alive!

But Gong Qianqiu is vicious and sinister.
She was really afraid that this woman would accidentally kill the other two brothers.
"Hoho, I wanted to kill you guys directly!"
"But what about you, this rebellious look has me interested, and I decided to let
you live first! Let you see with your own eyes that I got the root bone of Levi
Garrison's daughter and Levi Garrison's ancient sword! "
"I'll even show you how I manipulated Levi Garrison to my advantage!"
Hearing this, Xu Qingya breathed a sigh of relief.
Did they temporarily survive at the hands of this vicious woman?
But it is also her tool, in order to satisfy her selfish desires.
Maybe life is better than death!
"Come on, shut them up. I'm going to the North Pavilion to share the treasures!"
Gong Qianqiu laughed.
Xu Qingya and the others thought of the North Pavilion, and their expressions
dimmed for a while.
Know that the North Pavilion is completely over.
They are still alive.
Very unpleasant.
"Heaven wants to destroy the North Pavilion, there is no way!"

Xu Qingya let out a long sigh.
Now, Bei Ge has nothing to do.
In front of the North Pavilion.
Killed in darkness.
The North Pavilion suffered heavy casualties.
But the North Pavilion is a big faction after all, and the background is there.
Although the opponent is a coalition of all parties.
But it was also severely injured, and the damage was not small.
However, the North Pavilion was the one that was besieged after all.
In a short period of time, half of the power has been killed and injured.
Together with the master of the North Pavilion, he was also seriously injured.
The trapped dragon formation in front of the key north pavilion could not be
opened, and the truly destructive weapon would not work.
Now more and more enemies have rushed to the front of the North Pavilion.
As long as the North Pavilion is breached, then the North Pavilion is basically
over.
Now there are more and more experts looking for trouble with the Three Saints
of the North Pavilion.
Among the seven or eight masters before, the Three Saints of the North Pavilion
could barely cope.
But now there are hundreds of masters coming to attack them.
And the number is still increasing.
Soon the Three Saints of the North Pavilion were stretched thin.
Now they are really alone.
It will make the heavens not work, and the earth and the earth will not work.
Where do they see no hope at all?
I don't even know who to turn to for help!
This group of people from Zhen Mosi is even more impossible!
Those old friends, it's good not to stab you.
Not to mention supporting you.
Especially with such a big faction as the North Pavilion, there are a lot of things,
who doesn't want it?

“Kill! Hurry up and take down the North Pavilion! Prevent more people from
coming to divide it up later!”
In front of the North Pavilion main hall, the hall master of the Wolf Temple
couldn’t help shouting.
This time, everyone was attacking the North Pavilion frantically, as if they had
been beaten with blood.
The leader of the Lord of the North Pavilion could only defend hard, but he
couldn’t hold it any longer.
At most, hold on for another half an hour, and the North Pavilion will completely
collapse.
The Three Saints of the North Pavilion were also seriously injured under the
continuous and sleepless attacks.
Been beaten out many times.
The three of them looked sad: “I didn’t think that the North Pavilion would be
destroyed in the hands of the three of us! I’m ashamed of Master!”
They also wouldn’t blame Levi Garrison for hurting them.
If they hadn’t run off to accept apprentices, would they have been injured by
others?
At this time, Levi Garrison came to the vicinity of the North Pavilion.
From a distance, it is known that the North Pavilion is currently engaged in a
great battle.
This is comparable to the battle of so many gods in the War Bear Kingdom at that
time.
It was so dark that it was going to destroy this area.
After all, they are all experts in the art of refining Qi!
The Return of the God of War [The

/ The Return of the God of War [The Protector]
But this made Levi Garrison very unhappy.
He came to work with the people in the North Pavilion, and he encountered such
a thing.

You can call, but can you not call when I'm doing errands?
do not care!
"Just don't disturb me!"
Levi Garrison continued to walk forward, frowning tightly.
Gradually, he came to the periphery of the battlefield, where a large number of
masters were still ambushed.
They are all here to divide up the North Pavilion.
It's just that they didn't act in advance. They waited for the fall of the North
Pavilion before rushing over.

But I didn't expect that a person would suddenly appear at this moment.
terrified them all.
It means that their hiding is directly exposed.
extremely detrimental to them.
Levi Garrison has naturally seen them long ago, but this has nothing to do with
him.
As if he didn't see it, he just walked over.
If you don't disturb him, he won't take action.
"kill him!"
A flash of coldness flashed in the eyes of this group of people, and they all moved to kill.
Levi Garrison ignored them, but this group of people would not let Levi Garrison
go.
What if they went out and exposed their location?
"kill!!!"
Four or five masters at one time, all rushed to Levi Garrison.
"Take it! I don't mess with you, so don't mess with me!"
Looking at the masters killed around, Levi Garrison was angry.
Since you mess with me, I'm not used to you anymore.
"Snapped!"
In the face of a master who rushed to kill, Levi Garrison slapped the master out,
and instantly slapped the master into blood mist.
"Snapped!"
"Snapped!"
"Snapped!"

...
A few slaps were thrown out again, and the rest of the people were instantly shot
into blood mist by Levi Garrison.
stunned.
Hundreds of masters hiding here were stunned.
Didn't think that this random person passing by was so strong?
"Isn't it the North Pavilion reinforcements?"
This is the unanimous thought of everyone.
If it is Beige reinforcements, then he must not be allowed to pass.
"superior!"
Hundreds of masters were dispatched in unison.
now.
They have been exposed, so there is no way but to kill Levi Garrison.
"You have disturbed me, and even more wrong people!"
Levi Garrison shook his head helplessly.
But, there is no way.
Hundreds of masters have rushed to come.
He couldn't just sit still.
"Snapped!"
"Snapped!"
"Snapped!"
...
What followed was a unilateral crush without any suspense.
After blinking.
Only a few hundred corpses were left in the place.
In fact, Levi Garrison doesn't care about them at all, as long as they can't kill
them, they won't die.
Everything is their own fault.
After dealing with these people.
Levi Garrison moved on.
But then, I encountered another force hiding here.
They are of the same nature as the group just now.
They are all waiting for the final admission to get the benefits.
As a result, they were smashed by Levi Garrison and they hid nearby.
They are all the same, and they have murderous intentions for Levi Garrison.
The result was obvious, all of them were beheaded by Levi Garrison.
Levi Garrison came this way.
Bodies were left everywhere.
Anyone who provokes him is destroyed.

As a result, all the forces hiding around here were gone.
Not a single one was left.
Just because everyone has murderous intentions for Levi Garrison.
No one said how to let Levi Garrison go, they all killed him.
Then Levi Garrison will not let go.
Levi Garrison also experienced the cruelty of Zhen Mosi.
If you don't want to get involved, it's a dead end.
No one thought of this.
The thousands of people who were ambushed here were all killed.
Finally, Levi Garrison passed through the outside area and saw the North Pavilion
Hall from a distance.
An earth-shattering fight is underway.
"Damn, don't kill the three saints of Beige, or who should I ask?"
A cold light flashed in Levi Garrison's eyes.
Dare to kill the three saints of the North Pavilion, he will kill everyone.

the other side.
After Gong Qianqiu got what he wanted, he immediately rushed to the North
Pavilion.
Soon, they came to the place where Levi Garrison passed by not long ago.
As a result, there are corpses everywhere.
"Huh? This is? We people from the West Pavilion! What's going on? Are they all
dead?"
Gong Qianqiu's surprised eyes were about to fly out.
It never occurred to me that the six hundred masters of the West Pavilion who
were ambushed here all died.
She came here to join them!
And then act on the North Pavilion…

All of them died horribly!
"It looks like a unilateral crushing massacre!"
"Who is it? Could it be the North Pavilion's foreign aid? But I can't think of any
foreign aid in the North Pavilion! I can't wait to stab the North Pavilion, don't
help!"

Several others said.
Gong Qianqiu frowned, she couldn't figure out who it was?
According to Xu Qingya and the others, their only hope is Levi Garrison.
But Levi Garrison didn't know the situation here at all.
Besides, what does the battle between the Zhen Mosi factions have to do with him?
He certainly won't be involved.
Others she can't think of.
Furthermore, even if there are foreign aids in the North Pavilion, it is nothing more than those who have experienced outside the North Pavilion.
They are clearly in control of their strength.
It is impossible to slaughter the six hundred masters of the West Pavilion so easily.
These six hundred masters were carefully selected by Xige.
"There's more ahead!"
The next second, someone exclaimed.
Gong Qianqiu immediately brought people forward.
Sure enough, the area ahead was also full of corpses.
Not to mention there are thousands of people.
The way to die is almost the same.
It's a one-sided slaughter!
"This is from Nange… their people are also dead?"
Several people in Gong Qianqiu were terrified.
"hiss!"
Everyone took a breath.
What exactly is going on here?
If the North Pavilion really received some powerful foreign aid, wouldn't their plan fall short?
This can't be done!
"You hurry up to inform the West Pavilion and tell them that something else has happened! Let's go ahead and see!"
Miya Chiaki immediately ordered.
The crowd started to move forward again.
Sure enough, there were corpses all over the place.
These masters who were hiding around were all killed.
"This is from the East Pavilion, so many people died? All of them were killed!"

“Looking at the traces, it should have been a long time since he was killed!”
Gong Qianqiu and their faces became more and more gloomy.
The North Pavilion has strong foreign aid, which is not good for them or for the
West Pavilion.
It’s hard to wait until this day.
“This is the person from the middle cabinet, and they also sent people, a group of
sanctimonious guys!”
Gong Qianqiu sneered.
All along, Zhongge has maintained the most benign image.
Do not participate in the battle between the various factions of the town magic
division.
As a result, someone secretly came.
But who killed them?
Along the way.
The powerhouses who were ambushed around the North Pavilion were all slaughtered.
Not one is left.
Who will it be?
Can’t figure it out!
Gong Qianqiu prayed that it was best to divide the North Pavilion, not the strong
aid of the North Pavilion.
In that case, the North Pavilion will still be destroyed, and they still have a chance.
“Let’s follow up, shall we?”
Gong Qianqiu and his party walked towards the North Pavilion Hall.
the other side.
Just when Levi Garrison arrived near the North Pavilion Hall.
The Three Saints of the North Pavilion have fallen to the ground for the seventh
time with serious injuries.
There are more and more experts coming to besiege them.
There are hundreds now.
Still high level.
However, the Three Saints of the North Pavilion are indeed arrogant, and despite
being seriously injured, they are still brave and invincible.
Dozens of masters were killed and more than 100 were wounded.

If it weren't for more and more opponents, they would not necessarily lose.
But now they really have nothing to do.
All the tricks of the hole cards have been used, and they can only wait to die.
And in front of the North Pavilion.
Half of the steps that are several kilometers long have been breached.
The Lord of the North Pavilion led the rest of the North Pavilion to guard the
upper half of the front steps of the main hall.
The Return of the God of War [The
Protector] Chapter 3489
/ The Return of the God of War [The Protector]
There are people down there.
The North Pavilion has endured a frantic blow for nearly an hour.
North Pavilion has lost two-thirds of its people.
Only one third is left, and everyone is injured.
Many were seriously injured.
"The pavilion master has counted, we have less than 10,000 people left, and our
enemies are as many as 50,000 or 60,000!"
"And it's still increasing!"
"And there are still many masters hiding around. They only wait for the North
Pavilion to break through before attacking! It is estimated that all the enemies
add up to 70,000 or 80,000 people!"
"Our damage is too serious. The other party only needs a collective attack. We
can't stop it! The North Pavilion is about to fall, and we are going to die! The
North Pavilion is going to be destroyed!"

Hearing this series of messages, everyone in the North Pavilion was dead.
Despair spreads in everyone's heart.
Many people sobbed softly.
North Pavilion is going to be like this?
The Lord of the North Pavilion had a calm expression on his face, and couldn't
help but ask, "How are the three ancestors?"
"The three ancestors can't hold it anymore! Hundreds of masters are besieging

them now! The three ancestors' injuries are getting worse!"
"But they are also powerful, and they can still deal with it even if they are seriously injured! But now they are almost out of ammunition and food!"
"Heaven is going to destroy the North Pavilion, we have nothing to do!"
...
Everyone was groaning.
This is the ending they don't want to see, but cannot change.
The North Pavilion will be destroyed like this.
All the ancestors died in battle.
They also all died.
"But everyone remember it to me, only those who died in the North Pavilion
were killed, and none of them surrendered!"
"Kill! How many can be exchanged!"
The Lord of the North Pavilion shouted.
"Kill kill kill!!!"
Everyone in the North Pavilion shouted and killed!
They are going to die!
Even if it fails, it will not be easily captured here!
As for the steps below, the open space in front of the Beige Hall in the front and
rear is densely packed with experts from all major factions.
They will also carry out the last wave of attacks to completely capture the North
Pavilion.
To this end, the temple master of the Tiger Temple also shouted: "What's hidden
in the dark, come out quickly! We know that you are in the dark, and you have
reached this stage. Do you still need to cover up?"
"Everyone is from the Suppressing Magic Division, who doesn't know who! Why is
it so hypocritical? There are people from the Sifang Pavilion in the east and west,
right? There are others, come out! You have seen enough of the drama!"
"It's time for you to contribute, it's enough for us to be cannon fodder!"
...
Not wrong.
That sentence – what virtue is Zhen Mosi, who doesn't know?
Everyone knows that there are masters in the dark.
So at this time, everyone called everyone else to come out.

It's just that after the Tiger God Temple's master shouted, there was no response
at all.
No one responded, and no one came out.
It's not that they don't come out.
But they were already dead.
Otherwise, it will come out.
After waiting for a while, no one came out.
"Forget it, Tiger, they won't come out! They will just sit back and enjoy the
success! They will appear one by one when we capture the North Pavilion!"
"Anyway, our strength is enough now, and we don't need them. We can take this
place with one wave of attacks!"
...
The head of the Tiger Temple said: "Brothers and tigers, follow me and take
down the North Pavilion! Let's divide up everything in the North Pavilion!"
"Kill kill kill!"
Everyone also shouted in unison.
They were imposing, and their fighting spirit was boiling.
Their momentum is too great.
One wave will take the North Pavilion.
Both sides had the best preparations for a desperate fight.
Just when the head of the Tiger Temple ordered an attack, a voice suddenly
sounded: "Don't fight, don't fight! Give me a way first, I'll pass by! Let me go over,
I have something to do!"
The Return of the God of War [The

When the words came out-
In an instant, tens of thousands of people on both sides were stunned.
Face full of disbelief.
Did anyone pass by at this time?
And let them stop and fight again?
First time encountering this kind of thing.
And call to stop and call again?
Senseless!

Everyone present was completely stunned.

Incredible.
Can this kind of thing happen?
Is this man sick?
Make them wait a while and then fight?
Can't you see such a big battle?
You have nothing to do from here?
No way anywhere else?
Are you passing by and have to go here?
There are so many places around, so many roads!
Just right here?
Can't so many people see it?
Not to mention so many people fighting!
Can't the eyes see?
Do you have to come here?
Aren't you afraid of being accidentally killed?
Both sides were completely speechless, and they were looking for the source of
the sound everywhere.
Finally, the eyes gradually fixed on the bottom.
"Hey, let it go! Let it go!"
At this moment, everyone saw a figure in the team on the left below forcibly
squeezed out a passage.
To find a way on the thousand-story steps in front of the North Pavilion Hall?
Start finding your way in a crowd?
It's a good way to find it.
Is this a brain disease?
Levi Garrison was still pushing and shoving the people on both sides and was
walking towards the upper steps.
He seems to be going through the North Pavilion Hall!
"Huh? Who is this?"
The head of the Tiger Temple said in doubt.
All of them were dumbfounded and said they didn't know each other.
This seems to be theirs.
because it is consistent with their goals.
All have to pass through the North Pavilion Hall.
But the difference is that this person looks sick.
Tell them to stop for a while?

“Who is this?”
The Lord of the North Pavilion on the upper steps was also stunned.
Never saw this man at all.
Before, their concept of Levi Garrison was rather vague.
This time Levi Garrison came to find the three saints of Beige to act in a low-key
manner, so Levi Garrison deliberately disguised himself.
It is normal for these people not to know each other.
The people around the Lord of the North Pavilion are also trying to identify them,
saying that they have never seen this person at all.
Who is it?
This is the same for both parties.
It is impossible to tell whether it is friend or foe.
That’s because Levi Garrison has nothing to do with any of them at all.
“Yes, you stop like this for a while, and then you can fight when I get there!”
Levi Garrison just pushed and shoved people away, moving step by step.
Everyone in the audience stared at him.
Soon came to the blank space where the two armies faced off.
As a result, Levi Garrison had to continue to advance and came to the team of the
remnants of the North Pavilion.
“Come on, let it go, and you all let it go!”
Levi Garrison waved his hand, but everyone in the North Pavilion refused to let
them die.
Levi Garrison was firmly stopped.
They only think that Levi Garrison is the enemy of the North Pavilion, and they
want to break the North Pavilion so that they can enter the North Pavilion main
hall.
How can they make it?
“Get out!!!”
Everyone shouted at Levi Garrison.
“Are you the one who wants to invade the North Pavilion? Are you with them?
Just come to fight, what the hell?”
Lord Bei said coldly.
However, the master of the North Pavilion saw the clue, and all the people below

the temple masters of the Tiger Temple were stunned.
I don't know the person in front of me at all.
Most likely they are not together.
"Xu Liejun, are you kidding me? Is this your plan to delay time? Even the foreign
aid you invited?"
"To be honest, we don't know this person at all! Besides, the situation is like this.
We will kill you directly and directly capture you. Do you need to use people to
play this kind of trick?"
When everyone heard the Tiger God Hall's master, they couldn't help but explain.
With that said, everyone understands.
People don't need it at all.
As long as you kill it directly, why bother?
But they don't know this person either.
Besides, how could one person save the entire North Pavilion?
The Return of the God of War [The

/ The Return of the God of War [The Protector]
This is absolutely impossible!
Even if this person is so powerful that he can be compared to one of the three
saints in the North Pavilion.
But still useless.
It doesn't work at all in its current form.
A single stone cannot fill the ocean at all!
As for the conspiracy?
They have nothing to do now.
Where is the need for tricks?
What's more, how long can this delay be delayed?

It's no use procrastinating.
Without strong support, the North Pavilion will eventually fall.
It can even be said that as time goes by, more enemies will come.
This is of no use to the North Pavilion.
The longer you delay, the worse you die!
The owner of the North Pavilion, Xu Liejun, also sneered: "We North Pavilion are
fighting to the death, there is no need to play this kind of trick, we don't know

this person!”
“Yeah, even if our North Pavilion were killed in battle, we wouldn’t play such
careful tricks.”
The owner of the Tiger God Temple couldn’t see the dazed state of these people
in the North Pavilion.
It seems that just like them, they don’t know this person at all.
What is this guy doing?
Levi Garrison waved his hand: “I don’t know you and neither of you! Don’t be
suspicious!”
“Then what are you here for?”
The Lord of the North Pavilion asked.
“I came to the Three Saints of the North Pavilion to ask some
questions…”
Levi Garrison said lightly.
“Isn’t that coming to trouble me in the North Pavilion?”
The people in the north pavilion suddenly became angry.
After working for a long time, are you still here to make Beige’s idea?
Now, they can’t let it go.
Who do you think it was?
The result is exactly the same as the thieves below.
“Hahaha……”
The master of the Tiger Temple and the others laughed immediately.
“Isn’t it just someone who wants to get a piece of the pie after working for a long
time? What did I think it was?”
“Really, I thought that Beige was coming for reinforcements.”
…
this moment.
Everyone understands.
“But boy, hurry up and come back! Do you understand?”
“We’ve been fighting here for a long time, and we haven’t seen you. When the
benefits are divided, you’re in the forefront? How can there be such a good
thing?”
“Yes, get down quickly, now get to the back! I will not let you share any benefits
today!”
“Otherwise, I will chop you into minced meat on the spot!”

The master of the Tiger Temple was immediately angry.
“Get off!”
The tens of thousands of people behind them also shouted in unison.
“Go back! Go back! Go back!”
The remnants of the North Pavilion also shouted in unison.
It is bound to force Levi Garrison to retreat.
They will never be abused by the enemy in any way.
Levi Garrison is insulting them now!
No one can stand it.
Levi Garrison shouted at the people in the north pavilion: “I just want to ask the
three saints in the north pavilion to ask some questions, you all give way! I will
leave immediately after asking the question, and I will never participate in any
disputes between you.”
Not wrong.
Levi Garrison was too lazy to take care of it.
Who’s dead and who’s living his shit?
But this behavior completely angered Bei Ge.
This is undoubtedly an insult to them.
What’s more, the Three Saints of the North Pavilion are now in jeopardy.
Can I answer your question?
You have to find a better reason.
“You still want to fight the idea of the three ancestors? No way!”
A cold glow appeared in the eyes of the Lord of the North Pavilion.
At this moment, a subordinate rushed to report.
“But it’s not good. Now the three ancestors are attacked by the enemy, and they
can’t hold it anymore! Do we want to send people to reinforce? At least save the
three ancestors?”
“As long as the three ancestors are there, the North Pavilion will not be destroyed!”
He leaned in front of the Lord of the North Pavilion and whispered.
Several people around looked at the master of the North Pavilion and said,
“Pavilion master, let’s rescue the three ancestors! They are the most important!”
“And we have just counted the number of people, and the four sisters Xu Qingya

have not come back! The seeds of my North Pavilion are still there! If you add the
three ancestors! My North Pavilion is still there!"
The Return of the God of War [The
Protector] Chapter 3492
/ The Return of the God of War [The Protector]
The master of the North Pavilion shook his head: "It's useless, now there are
enemies around the North Pavilion! We can't keep it, and the three ancestors will
surely die! The North Pavilion is also bound to lose. Let's not waste time."
"Yes! Since they are determined to destroy the North Pavilion, they must have
set up a net of heaven and earth, and no one will escape! Even the ancestors of
other factions are watching secretly, but they just don't make a move."
"But if the three ancestors want to escape, they will never miss this opportunity!"
The end is already doomed.
Your Excellency North understands this truth.
Now they only have the situation to perish.
No other miracle could have happened.
There was no miracle.
There is no hope.

This is the cruelty of the Zhen Mosi environment.
You will be beaten if you fall behind.
The situation that the North Pavilion will die has already been created.
There is only bloody battle to the end.
But at this time, suddenly several people in the North Pavilion stood up.
"Everyone, we are willing to surrender, and we also know where the hidden
treasures of the North Pavilion are! As long as you don't kill us, we will surrender
and tell you all the secrets of the North Pavilion!"
There were many people behind them following them, and they all stood up
together.
These people stood up.
Xu Liejun's expression changed immediately, and he roared: "Third Junior

Brother! Seventh Junior Brother, Eighth Junior Brother, Ninth Junior Brother,
what are you doing?"
The interior of the North Pavilion also began to be chaotic.
Everyone looked at each other.
Just now was supported by a belief, but I am not afraid of death.
But once someone surrendered, everyone couldn't hold back.
Like a ball, it was deflated all of a sudden.
After all, who is not afraid of death?
You know it's a dead end, why do you have to die?
This kind of death is meaningless.
There is no meaning at all.
You are dead and no one will remember you.
There's no one to collect your corpse.
Such a tragic death.
In addition, the disciples and forces of these four people all stood up.
The field was even more chaotic.
These four are the junior brothers of the Lord of the North Pavilion, and they are
also very powerful in the North Pavilion.
Controlling a lot of power, it is also very appealing in the North Pavilion.
Just seeing this situation, the masters of the Tiger Temple and the others all
laughed.
"Hahaha, okay, okay, you are welcome to surrender!"
The master of the Tiger Temple and the others immediately agreed.
With this group of people around, it will be much easier to divide up the North
Pavilion.
Even if they captured the North Pavilion, it would be extremely difficult to enter
the North Pavilion or other buildings.
Maybe the North Pavilion is now full of organs, and if they go in rashly, there will
be countless casualties.
After all, the trapped dragon formation in the North Pavilion is notorious.
If you can't keep them together, they also have heavy organs in other places.
With this group of people around, we can solve these crises and find a lot of
hidden treasures.
and reduce their casualties.

Killing two birds with one stone, why not do it?
“Okay, you can stand up now!”
The master of the Tiger Temple and others immediately agreed.
Seeing their promise, the four immediately came out with their confidants.
Immediately more than a thousand betrayed and surrendered.
This was undoubtedly a huge blow to the remnants of the North Pavilion.
The point may be that this is just the beginning.
Xu Liejun shouted angrily, “Traitor! You are not worthy of being Beige disciples!”
“My North Pavilion is nothing like you! You are the shame of the North Pavilion!”
The other Beige disciples also began to curse: “Traitor! A group of traitors!”
“You have thrown away all the faces of Beige! Shame! Shame!”
...
Everyone went crazy.
It’s just that these few people looked at them with a sneer and said, “Okay, you
are noble! We are shameful, right?”
“But we can live! You just wait to die! You all die noble, let us live humble!”
The Return of the God of War [The
Protector] Chapter 3493
/ The Return of the God of War [The Protector]
But as soon as it came out.
The remnants of the North Pavilion were half heartbroken.
Although these people are shameful, they can survive after all.
And they all have to die!
Up to now, they don’t even know what is the meaning of such clinging?
I saw these four people with more than a thousand people, standing next to each
other.
Although they surrendered, they became traitors.
But they will all survive.
At this moment, isn’t it just asking for one to live?

Even the four of them shouted at the North Pavilion remnant camp: “Is there
anyone else? Isn’t it good for everyone to live first?”
Shake the military’s heart.
Xu Liejun was about to explode with anger, and angrily scolded the four: “If

Master knows that the four of you are so angry, will you be worthy of Master?"
But the four of them all laughed: "I'm going to die, why do you think so much?
Brothers, live with me!"
"I want to live!"
Someone in the North Pavilion remnant army couldn't hold back and ran out
immediately.
In an instant, hundreds of people became traitors.
Xu Liejun was about to faint from anger.
anger!
Furious!
But there is no way.
Although the remaining people are still holding on, their mentality has actually
changed.
The body is also shaking.
The hand holding the weapon is no longer tight.
How to fight like this?
"Stop! Stop for me!"
Xu Liejun couldn't help shouting.
Seeing Bei Ge himself in such a mess.
All the factions below laughed out loud.
Everyone is laughing.
The North Pavilion is so fragile now!
The master of the Tiger Temple smiled and said, "Is there anyone else who surrendered?"
"You all know how it will end. If you stick to it, you will end up dead!"
"Why? Learn from them and stand up, so you don't have to die!"
At this time, the four people in the North Pavilion also shouted: "Yes, stand with
us, you don't have to die! Why? It's meaningless for you to die."
The master of the Tiger Temple smiled and said, "It's pointless for you to stick to
the point. The three saints in the north pavilion are going to die, and the north
pavilion is going to die! What is the meaning of your sacrifice?"
"How great you think you are, you are actually touched by yourself! No one will
remember you!"
…

Under the persuasion of the master of the Tiger God Temple and the others,
many people in the North Pavilion began to waver.
Everyone hesitated.
Yes.
Who doesn't know the result?
It's a dead end.
But what is the point of their clinging?
The North Pavilion is going to be wiped out by the entire army, and there is not
even a person who will carry their bodies and erect a monument.
What's the point of dying like that?
Knowing the ending, but still being so stupid.
Why bother?
"Clap, clap, clap…"
One person started to stand up.
They chose the path of surrender.
"I'm sorry, Pavilion Master, I don't want to die, I want to live!"
"I'm sorry, Pavilion Master, I just want to live, I'm not worthy of being a disciple
of the North Pavilion!"
"I am ashamed of Bei Ge and Master's training, but I want to live!"
…
More and more people stood up.
They all ran to the camp next to them just to survive.
The Lord of the North Pavilion saw this situation, but was powerless to stop it.
Can only watch.
As a result, nearly half of the people ran away.
"You all go too, just live!"
Xu Liejun said.
I want to keep everyone else alive too!
After all, this is the case, and it doesn't make any sense for everyone to die.
It's just that the people behind him are still firm in their beliefs: "No, I will
definitely live and die with the North Pavilion! Definitely not a traitor! We will
live and die with the North Pavilion!"
This moved Xu Liejun very much.
At the critical moment, most people still choose to fight to the death.

*“I said are you F*cking annoying? Can’t I see you standing here? Get out of the*
way!”
At this time, Levi Garrison couldn’t bear it anymore.
The Return of the God of War [The
Protector] Chapter 3494
/ The Return of the God of War [The Protector]
He was really angry.
The group ignored him.
To play this kind of thing?
Where one by one persuades to surrender.
Completely ignore him!
You can beat you, but you give me way out of the way
“Get out of the way for Lao Tzu, and then you can fight as much as you want!”
“You are wasting too much time!”
Levi Garrison couldn’t help but said angrily.

I’m almost out of patience.
Levi Garrison’s voice made everyone notice him.
Everyone looked over.
There is one more person here.
“Go away! Didn’t I tell you to go to the back?”
The master of the Tiger Temple couldn’t help roaring.
“Yes, hurry up and get behind! Don’t think about the benefits of the North Pavilion at all! Otherwise, it will kill you!”
...
Everyone also shouted in unison.
The remnants of the northern pavilion in front were already very angry, but now
that Levi Garrison came out to coax them like this, they were even more angry.
“Go back quickly! Who wants to make way for you!”
they also shouted.
The master of the North Pavilion was also angry: “You get out of the way! Come
here if you have the ability, and I will kill you first!”
Levi Garrison has now become an enemy on both sides.
They are all mocking and insulting Levi Garrison.
“Very good! If there is no way to go, I will open it with my fist!”
When Levi Garrison’s face changed, he was about to act.

If they don't go, the Three Saints of the North Pavilion will be beaten to death.
He's out.
"open circuit!"
Levi Garrison stepped on the steps.
"Boom…"
The power to tear the earth came from the ground.
"Crack!"
"Crack!"
…
The steps in front were torn apart directly, extending all the way to the north
pavilion above.
"what!"
At the same time, there was a burst of screams.
Under the impact of this kind of force, all the northern pavilion remnants were
blasted to both sides.
It was as if there was an invisible big hand, forcibly pushing all the remnants of
the North Pavilion away.
Of course, this is also because Levi Garrison saw that Xu Qingya had helped
several people, and he came to the Three Saints of the North Pavilion for help.
Otherwise, these people would not end up like this.
Even a master like the Lord of the North Pavilion is completely useless in the face
of such power.
"puff!"
He was blasted straight out.
He vomited blood.
There are still many strong people in the Beige remnant army formation.
As a result, Levi Garrison stepped on it so lightly, and all flew out.
No match at all.
Not one level at all.
stunned.
The people next to him who had surrendered or the temple master of the Tiger
Temple below were all stunned.
Never thought that Levi Garrison would have such a shocking combat power.

Simply.
They fought for so long in the North Pavilion hall, but they were trampled by
someone with such a light foot?
Don't look at the remnants of the North Pavilion, there are only a few thousand
people left, but they are still masters, and they are preparing for a bloody battle
to the end.
If everyone wants to fight, it is not so easy.
At least they all pay a certain price and time.
Even the last wave of attacks.
But it's too easy now, isn't it?
Step on it, and everyone is gone?
Isn't this too outrageous?
"hiss!"
Everyone started to take a breath.
Everyone was dumbfounded.
The Lord of the North Pavilion was the most shocked.
What's the history of this?
How could it be so powerful?
I'm afraid this is at least the same level of combat power as the ancestors, right?
But it seems like I've never seen this person before.
Not like the top geniuses of the major factions.
Who is it?
Everyone is guessing that he should be the top expert of a certain big faction.
Didn't you just say it?
Directly to the Three Saints of the North Pavilion!
"Hahaha… Why does the pavilion master? Look at your hard work, what is the
result? It's so vulnerable!"
"It's long overdue for us to surrender, at least we can save our lives! Is it a shame
now?"
…
Several junior brothers of the Lord of the North Pavilion laughed loudly.
At this time, Levi Garrison suddenly looked at them.
The Return of the God of War [The
Protector] Chapter 3495
Looking at them with straight eyes, the four people were terrified.

I couldn't help trembling.
But what are they doing?
"Is it your turn to speak?"
Levi Garrison's voice just fell, and he slapped the sky and threw it out.
"puff!"
"puff!"
"puff!"

An invisible force swept out directly.
The four junior brothers of the Lord of the North Pavilion were hit hard, and they
flew out on the spot, their faces were full of flesh and blood, and one face was
bloody.
"Boom..."
At the same time, the terrifying force blasted all the Beige disciples who surrendered behind them.
Each of them was severely injured, and their bodies curled up after falling to the
ground, twitching one after another.
"A group of traitors dare to talk nonsense?"
Levi Garrison said coldly.
He hates traitors the most.
Still chattering in front of him.
"Okay!"
The temple master of the Tiger Temple and others below shouted.
Isn't that what they were with?
They are all here to destroy the North Pavilion.
So they applauded and cheered.
"And you! I have endured you for a long time!"
Levi Garrison turned around and stared at the temple master of the Tiger Temple.
"boom!"
Levi Garrison immediately punched out.
"puff!"
Although the temple master of Tiger Temple tried his best to resist.
But it was still smashed into pieces by a punch.
The blood mist exploded!
No one dared to speak now.
It seems that anyone who dares to speak will be targeted.
But nonetheless.

Levi Garrison still looked at the tens of thousands of masters who attacked the
North Pavilion.
"You all told me to get out of here just now?"
Levi Garrison's terrifying eyes swept over.
*Just like the emperor of the heavens in the dust, he made Bahuang ** bow down*
to Chen Chen at a glance.
Feeling Levi Garrison's gaze, these people were so frightened that they almost
knelt down.
A glance straight into the soul makes their bodies almost explode.
"No…no…nothing…"
Everyone started shaking their heads.
How dare they?
If you had known Levi Garrison's terrifying strength earlier, who would dare?
Don't say sarcasm, it's all right to run over and knock one.
as it is now.
"Master! We are all a group! We are all here to capture the North Pavilion! There
is no need for a conflict!"
"Yes, boss, in fact, it is enough for us to clean up these remnants of Beige, where
do we need you to take action!"
"You just need to deal with the Three Saints of the North Pavilion!"
…
This group of people began to draw a relationship with Levi Garrison.
"Who the hell is with you! You are here to kill the three saints of the North Pavilion, I just came to ask them questions! Can it be the same?"
Levi Garrison couldn't help cursing.
"Hahaha, the master knows it! Everyone is like this! Come and borrow something
from the North Pavilion and ask the three saints of the North Pavilion a few
questions…"
This group of people thought that Levi Garrison was an implicit statement, and
deliberately shook his wit.
"get out!!!"
Levi Garrison was angry.
"boom!"

A power like the overturning of the Tianhe erupted from his body, and he directly
pressed it across.
"puff!"
"puff!"
...
These people in front of them couldn't stop this terrifying power at all, and they
flew out one by one.
Tens of thousands of masters were crushed at this moment!
Shocked! So shocking!
Under the impact of this force, tens of thousands of strongmen of the Town Demon Division were unable to resist all of them.
No matter what kind of means he uses, what kind of divine weapon he uses, what
kind of qi refining technique he has.
Nothing can stop this terrifying power!
After just one wave of shocks, all the masters were hit.
No one is standing anymore!
All were seriously injured and fell to the ground convulsing.
Stunned again.
No one would have thought that it was just the tip of the iceberg.
Now is the real ultimate combat power!
too terrifying!
Who is he?
North Pavilion strong aid ah?
But even the people from the North Pavilion fought together!
Are you here to destroy the North Pavilion?
As a result, the army that attacked the North Pavilion was swept away!
Who is he?
How do you see who beat whom?
The Return of the God of War [The
Protector] Chapter 3496
For a while, everyone couldn't figure out Levi Garrison's true identity.
Neither side is this.
How can people judge?
And this combat power seems to be inferior to the three saints of the North Pavilion.
This is at least the first few levels in the town magic division, right?
They had never heard of such a character.
Or maybe it's the ultimate powerhouse hidden by Zhen Mosi.
Not the kind they can touch.

After all, the Town Demon Division is so big, and there are some hidden masters
that they don't know.

Their behavior is not something that anyone can suspect.
These heavenly and earthly treasures of the North Pavilion are not necessarily
attractive to others.
Levi Garrison watched as there was no one standing in the field. Whether it was
in front of him or behind him, there was an avenue to the sky.
He nodded in satisfaction.
"That's right! Do you want to get out of the way?"
"I've already made way for you all, so I don't listen to each and every one of them.
Do I have to force me to do it myself?"
Levi Garrison was speechless.
Tens of thousands of people around sighed one by one.
are regretting.
Shouldn't mess with him.
At this time, the remnants of the North Pavilion could not defend the North Pavilion.
These people also cannot attack the North Pavilion.
One by one lying on the ground, they were all seriously injured and could not
even stand up.
Not to mention anything else.
Everyone could only watch Levi Garrison enter the North Pavilion hall.
Can't do anything.
Now everyone can't judge who is good and who is bad.
I don't know how things ended up going?
Neither side can move at all now.
The following tens of thousands of masters could not attack at all.
But the Lord of the North Pavilion and these people are not happy at all.
Because they understand that in addition to these people, there are many masters who are ambush in the dark.
They are all waiting for the final chance to divide up the North Pavilion.
After the group of people beat the North Pavilion, they will act again.
Now is their best time!
This time they just don't attack themselves.
The North Pavilion is still going to be destroyed.
The ending is exactly the same.

It's just that there are fewer people who divide it up.
Immediately, the group of people who were lying in ambush was about to come
out.
Why!
They were also desperate.
Before, they could fight in person to stop it.
Now, all I can do is watch.
The enemies from all sides attacking the North Pavilion below also sighed.
It is clear that the North Pavilion was shot down by them.
Now when it comes to sharing the benefits, they can't even stand up.
This time, I can only sneak those guys cheap and secretly.
Immediately they will come out to carve up everything in the North Pavilion.
Are they impatient?
Will it come out immediately?
Both sides are waiting for the arrival of the secret group of people.
It's just that no one came out at all.
unusual!
Not normal at all!
It stands to reason that they are secretly paying attention to all this all the time.
As long as there is a situation, they will act immediately.
Why wait until now?
It should be that Levi Garrison left on the front foot, and they would immediately
kill on the back foot.
The result was no one!
unusual!
Are they afraid of who just now?
possible!
But everyone waited for a while, but still no one came out.
It was quiet all around.
Terribly quiet!
This……
Both the Lord of the North Pavilion and those who attacked the North Pavilion
were puzzled.
Why is no one here yet?
What are they afraid of?
Or is there no one at all?
impossible!

The group of people had already been in ambush all around.
In other words, the North Pavilion is surrounded by people.
There can be no one.
But they never came out, what are these people doing?
The Lord of the North Pavilion is also anxious, and the people who attack the
North Pavilion are also anxious.
Why haven't you come out yet?
They are all ready.
Where did these people die?
But after waiting for a while, still no one was seen.
They were even more confused.
What are they waiting for?
But at this time, a sparse voice came.
"someone is coming!"
Tens of thousands of people watched in unison.
The Return of the God of War [The
Protector] Chapter 3497
It's just that there aren't many people coming.
Only a few dozen people.
The leader is naturally Miya Chiaki.
They walked all the way from outside the North Pavilion, and there were corpses
everywhere.
Can't figure out what happened?
Who killed it?
How could so many masters die.
When they approached the vicinity of the North Pavilion Hall, they became even
more puzzled.
It stands to reason that the war should be in a state of white-hot at this moment.

But why is there no movement at all?
Quiet to die.
Even scared them all.
Never dared to move forward.
Hide in the dark and observe for a long time, after confirming that there is no
danger.
They dared to come out.
As soon as Gong Qianqiu and others came out, they were frightened by the

scenes in front of them.
Not a single one of so many people was standing.
All fell to the ground, each severely injured.
No matter which side of the camp, why is it like this?
It's a bit puzzling.
Besides, as far as Beige is concerned, how could it be possible to draw a tie with
the coalition armies of the major factions.
And it's too coincidental.
People on both sides were not dead, they were badly wounded, they lost their
fighting power, and they couldn't stand up.
What a coincidence.
Is it…
Gong Qianqiu suddenly thought of the fact that the masters of the major factions
of the Zhenmo Division who were ambushed in the dark were killed along the
way.
Is it related to this scene?
Is that person or force doing all of this?
Gong Qianqiu was surprised to see them, and they were also very surprised to
see Gong Qianqiu.
"People from the West Pavilion!"
Everyone recognized it.
"What's the matter? You have this number of people in the West Pavilion? And
what about the masters hidden by the major factions in the dark?"
Someone couldn't help but ask.
Gong Qianqiu said coldly: "There is no one hiding in the dark now, all of them
have been killed! I walked all the way, and I didn't see a living person! All dead!"
"hiss!!!"
After hearing this answer, everyone gasped.
I also instantly understood why after waiting for a long time, no one came.
They are all dead!
What are you doing out there?
As for who was killed?
Everyone can guess!
The one who knocked over all of them just now.

“How about you? What’s the situation?”
Gong Qianqiu also asked curiously.
“A peerless expert came, severely injured both of them, and they all lost their
combat effectiveness!”
“If there is nothing wrong, those people in the dark were killed by him!”
Everyone explained.
“what???”
Gong Qianqiu is going crazy.
How powerful is this?
Too exaggerated, right?
Killing so many masters is already amazing.
So many people are hurt by him now.
This is basically the ceiling level of Zhen Mosi’s combat power, right?
“Then do you know who he is?”
Miya Chiaki asked.
“I don’t know, I’ve never seen it before! Maybe it’s an expert who can’t hide in the
world! He’s here to find the Three Saints of the North Pavilion! It is estimated
that he will protect the North Pavilion!”
“You guys, it’s best not to go to the North Pavilion! If you encounter him, you will
be in trouble, and everyone will die!”
Hearing the reminder, Gong Qianqiu immediately shivered.
Although she obtained Levilia’s cultivation technique, she still did not reach that
level.
She was still afraid of death.
“Then let’s observe and observe first! Don’t act in a daze!”
Gong Qianqiu looked depressed.
I thought the North Pavilion would die.
And she also personally cut off the only hope of the North Pavilion – Levi Garrison.
So that Xu Qingya and several others could not go to Levi Garrison for help.
Never thought that anyone else would come to rescue Beige.
Unexpectedly, the hope of the North Pavilion still appeared.
who?
Who is it?
the other side.
Levi Garrison entered the North Pavilion Hall.

There are indeed many organs in the North Pavilion hall.
But he couldn't stop Levi Garrison's iron fist.
Not long after, he came to the place where the Three Saints of Houshan North
Pavilion were staying.
Now the three of them can't hold it anymore.
are going to die.
"Go away! They can't die!"
The Return of the God of War [The
Protector] Chapter 3498
Hundreds of people who besieged the Three Saints of the North Pavilion heard
Levi Garrison's scolding, and immediately stopped in fright, turning their heads
to look at Levi Garrison.
And the three saints in the north pavilion are already dying, almost dying.
*"You F*cking F*cking F*ck these three old guys?"*
Levi Garrison was a little angry.
As soon as they heard the familiar voice, the corners of the blood-filled mouths
of the three people in the North Pavilion showed a smile.
They are going to survive.
The North Pavilion will be fine.
It never occurred to me that Bei Ge's last hope was actually an outsider.
It was an outsider who saved Beige.

Hundreds of masters all looked at Levi Garrison in unison.
These hundreds of masters are different from the rabble outside.
Although this group of rabble is also very strong.
However, hundreds of their masters are used to deal with the three saints of the
North Pavilion, and their strength is powerful.
Each of them has the strength not to lose to the temple master of the Tiger Temple!
"Who are you, kid?"
The crowd asked.
"Kill your people!"
Levi Garrison's voice fell, and everyone was boiling.
All looked at Levi Garrison in disbelief.
"It's up to you…"
Just as soon as the first person's words came out, his whole body exploded.

Turned into a cloud of blood!
Shocked!
The other hundreds of people were all dumbfounded!
What means is this?
Which one of the Qi refining techniques?
The volley shattered a master!
This is at least a heaven-level qi refining technique!
Shocked!
"Everyone be careful, this person is not simple!"
All the masters reacted and started to attack Levi Garrison.
"Boom…"
"Boom…"
Levi Garrison walked forward step by step, and there were waves of fluctuations
under his feet.
"Buzzing…"
Makes bursts of waves.
"Pfft!"
"Pfft!"
…
Anything touched by the waves of fluctuations, the body exploded with a bang.
These rushing masters all turned into blood mist.
Not even the corner of Levi Garrison's clothes was touched.
The remaining masters found that something was wrong and wanted to escape.
But he wanted to avoid but found that his body could not move at all, and where
he was fixed, his legs seemed to be pressing against the mountains in the ten
directions.
It can only be impacted by waves of fluctuations.
"puff!"
"puff!"
"puff!"
…
One by one they exploded.
Less than a few dozen meters away, when Levi Garrison stepped in front of the
Three Saints of the North Pavilion.
All the hundreds of people are dead.
They were shattered by shock waves.

The Three Saints of the North Pavilion were once again speechless in surprise.
OMG!
How strong is he?
These hundreds of masters, even if they are not injured, will take a while to deal
with.
The result is so complete?
So shocking!
"A little later, the three of you really have to hang up!"
Levi Garrison looked at them and said.
The three saints of the North Pavilion all laughed.
They were lucky too.
"I came to you to ask a few people!"
Levi Garrison stated his purpose.
"Um?"
The three were stunned.
Levi Garrison took out the portrait.
"I can't see the face clearly, but do you recognize the clothes on this body?"
"The younger generation of your North Pavilion knew about it before, but they
didn't dare to tell me what they said would bring disaster to the entire North
Pavilion! But now, it seems that if you don't tell me, there will be disaster?"
Levi Garrison said.
"what?"
The three saints in the north pavilion looked at them all in unison.
After seeing these portraits, their expressions immediately changed.
However, unlike the panic of Xu Qingya and the others, they were more shocked.
After all, at their level, they are rarely frightened.
They couldn't be more familiar with it!
"Know?"
Levi Garrison asked.
"Well, know!"
The Three Saints of the North Pavilion nodded.
"Tell me about them!"
Levi Garrison sat down.
Tian Sheng began to say: "Do you know the meaning of Zhen Mo Si?"
Levi Garrison looked at him: "How do you say?"

“It’s to suppress aliens and aliens! This devil refers to aliens!”
The Return of the God of War [The
Protector] Chapter 3499
“And this group of people is the biggest mortal enemy of the Demon Suppression
Division, and also the strongest alien race! Even stronger than the Demon Suppression Division, they can’t suppress it. The two sides fought to the death
for a long time! They have been fighting hard!”
“Later the spiritual energy was exhausted, and the Zhenmo Division hid in a place
with spiritual veins. The same is true for this alien! It also hid!”
Levi Garrison listened carefully.
The Earth Sage suddenly sighed: “Hey! But the Demon Suppression Division has
gradually broken apart from the original divisions and evolved into independent
factions, until today you see all the forces! That is, it is a mess of sand, and it is
completely powerless to fight against this alien race! “
“Fortunately, this alien race has gradually weakened, and it no longer has the
strength of the year. Therefore, they dare not rashly attack the Demon Suppression Division, even if they know that it is already scattered. But if the
Suppressing Demon Division unites again, they will definitely be destroyed. .
Although the various parties of the Zhenmo Division are divided, in fact, when it
comes to the overall strength, it is stronger. Because after the differentiation,
the major factions of the Zhenmo Division are all barbaric and strong.
It’s just that it’s difficult to integrate all the factions into a whole. The Town
Demon Division is just a title, and it’s a bygone era.
This alien race naturally sees it thoroughly, otherwise the divided town demons
will be defeated by them one by one! “
Rensheng also said: “But in fact, the Zhenmo Division may no longer gather. Not
only will they not gather, but one by one, they hope that all parties will be destroyed.

This has led to the arrogance and domineering of this alien race. Although it can't
compare to the whole of the Town Demon Division, if it is one-on-one, no one can
be an opponent!
Moreover, they were violent and bloody, and they slaughtered the whole clan at
any time, and the major factions of the Demon Suppression Division were very
afraid. If a single faction provokes them, it is the end of the clan! "
Levi Garrison has a general understanding: "No wonder your juniors in the North
Pavilion are so scared, just recognizing them and frightened like that, it seems
that it will really bring disaster to the North Pavilion!"
The three saints of the North Pavilion nodded: "Yes, with the three of us, we
can't stop it! You…should…I can't say that…"
When it came to Levi Garrison, the three saints of the North Pavilion wanted to
say that Levi Garrison should not do either.
But just now I saw the magical side of Levi Garrison.
Nor can they judge—
Can Levi Garrison deal with this strongest alien race?
"Where do they usually operate?"
Levi Garrison asked.
"Before, they still had fixed local activities! But for the past ten years, they have
been hidden. Few people have seen them! Those juniors in my North Pavilion
probably only heard about it from ancient books or rumors!"
The Three Saints of the North Pavilion said.
Levi Garrison said with a smile: "Maybe they were taken away, and now they are
serving one person!"
The Three Saints of the North Pavilion immediately said: "Impossible! Absolutely
impossible!"
"With the strength of this group of people, who can recover them? Unless the
entire Suppression Division adds up, they can be suppressed."

“I can’t think of anyone who can take them back? It’s absolutely impossible!”
“It is impossible to be recovered!”
…
From the decisiveness of the Three Saints in the North Pavilion, we can see how
powerful this alien race is.
“But it is true, they are serving one person! That is, the one who transplanted the
bones of five of my brothers!”
Levi Garrison took out the portraits of the man again.
“No one else knows the pattern of the giant python swallowing the sky behind
him. You should know it, right?”
Levi Garrison asked.
The Three Saints of the North Pavilion stared at the pattern of the back carefully.
The three of them showed a look of horror this time.
“Impossible! How can this totem still appear?”
The Three Saints of the North Pavilion were a little puzzled.
But what makes Levi Garrison happy is that they obviously know this totem.
This surprised him.
The Return of the God of War [The
Protector] Chapter 3500
“We know this pattern! It’s an alien race that has been wiped out by the Demon
Suppression Division! At that time, the alien race was completely wiped out, and
all were wiped out. It’s impossible for anyone to survive! This totem has disappeared for so long, it’s impossible. Appear again!”
The Three Saints of the North Pavilion were puzzled.
“But now it has indeed appeared! And those people are under his orders!”
Levi Garrison said with certainty.
“If it is really this totem, then it is indeed possible for those aliens to obey him!”
Human Saint said.
Heavenly Sage and Earth Sage sighed and said: “There is a giant python swallowing the sky in the Demon Suppression Division, but you and I have never
known about it. I am afraid there is a conspiracy in it, and it may even overthrow

the entire Demon Suppressing Division! We are like this now. Fighting with each
other, doesn't it give others a chance?"
"Brother Ye, don't worry, this matter is handed over to the three of us! We must
find out who the big python swallows the sky totem!"
The three looked at Levi Garrison and said.

"Okay, then I'll check this strongest alien myself! Now that I know who it is, it's
easy to handle."
"Before your juniors were afraid to say it, it would destroy the North Pavilion!
But I'll just wait for them to come! It's good to come!"
A flash of coldness flashed in Levi Garrison's eyes.
He doesn't care about the strongest alien race.
If you hurt his brother, you must bear the corresponding price!
"But Brother Ye, I have a request! I still need you to help us in the North Pavilion!"
Beige Sansheng looked at Levi Garrison and said.
"Well, I promised your juniors a promise! You can come to me for help at the
most dangerous time! Now I will honor this promise!"
Levi Garrison agreed.
Obviously, the North Pavilion is now completely unguarded.
There are a lot of treasures inside.
But Gong Qianqiu did not dare to take a step forward.
This made them angry.
If that person wasn't there, the treasures in the north pavilion belonged to their
west pavilion.
But now the fat is clearly in my mouth, and I can't eat a single bite.
Depressing!
How dare they act without knowing the identity of that person?
"Has he not left yet?"
Gong Qianqiu said worriedly.
A few spies have just been sent out to keep looking for information.
"No! But everyone inside was killed!"
Hearing this news, Gong Qianqiu became more and more frightened.
"Who on earth is it?"
Gong Qianqiu wondered.
They have analyzed a circle just now, who is it?

But there is no analysis at all.
No matching characters found!
"Senior Sister Qianqiu, there is a letter for you!"
At this time, he brought a letter.
Gong Qianqiu's face changed.
This method is to contact her urgently.
At present, only a few people know about Xiao Feng.
Is it Xiao Feng?
Gong Qianqiu hurriedly opened the letter, and she was stunned when she saw the
content.
Xiao Feng's message is very simple – claiming that his master has left and is going
to the North Pavilion.
Xiao Feng was afraid of an accident, so he asked her if she would be in danger.
It turned out to be Levi Garrison.
I'll just say it.
So many people were stunned that they couldn't recognize who from the Zhenmo Division shot.
It turned out to be the "monkey" outside.
But it's too strong, isn't it?
Suppressing tens of thousands of powerful magicians.
Levi Garrison might be a bit stronger than she thought.
Gong Qianqiu couldn't help shivering.
His combat power has reached the ceiling level.
The key point is that he "has no bones", according to Xu Qingya and the others, it
is pure body cultivation.
The power has reached the top and the most extreme!
This is someone who he absolutely cannot afford to offend, nor dare to offend.
If he knew, he had been calculating that his apprentice was beating him.
The consequences would be unimaginable.
She didn't dare to think about it any longer, and she was trembling all over.
But he had to face this person himself.
After all, he has to fight his ancient sword and his daughter's root bone!
The Return of the God of War [The
Protector] Chapter 3501
/ The Return of the God of War [The Protector]
But it will be more difficult to think about.

In fact, now is a good opportunity.
He has come to the North Pavilion, and he can use Xiao Feng to take Levilia
down.
But she dared not.
She wasn't fully prepared.
After all, it takes a lot of time to transplant the root bone, and there are various
preparations.
Now Levi Garrison also knows a lot about Zhen Mosi, and he knows all bone
masters.
It's too risky to do it myself.
And the hiding place is easily revealed.

It is estimated that as soon as he acted, Levi Garrison came to the door.
Now is an opportunity, but not a good one.
Still waiting!
He has only just practiced Levilia's exercises not long ago.
Its own strength is not enough.
It will be good until she fully integrates Levilia's exercises and reaches a certain
level.
Otherwise, even if she successfully transplanted the root bone.
But can't hold it.
After all, his power is limited.
Although she can control many men for her use.
But in the face of such Levi Garrison, she has no way to stop it.
You must strengthen yourself immediately.
One is that Levi Garrison must be restrained.
Otherwise, her actions cannot be carried out.
"By the way, what did Levi Garrison come to do with the Three Saints of the
North Pavilion?"
This is what makes Gong Qianqiu puzzled.
She didn't know the origin of the Three Saints of Beige and Levi Garrison.
Not even knowing they knew each other.
"Could it be that…he came to ask the Three Saints of the North
Pavilion?"
Gong Qianqiu had a preliminary judgment, and it was correct.
Other than that, she couldn't think of anything else.
Um?

The Three Saints of the North Pavilion were injured?
Now everyone in the town of magic knows that the three saints in the north pavilion are injured.
But I don't know who was injured.
Everyone is suspicious.
I can't think of who actually hurt the Three Saints of the North Pavilion.
Now Gong Qianqiu seems to understand a little bit.
The three saints in the north pavilion were injured, did they go to see Levi Garrison?
Then Levi Garrison got to know them!
Now Levi Garrison has come to ask them about the murderer who hurt the five
Azure Dragon (Qinglong) people.
Case solved!
It's Levi Garrison!
I have to say that Gong Qianqiu was smart and immediately judged it.
The people they considered before were all from the Demon Squad, and they
never thought about the monkeys outside.
But it was just ignored.
Now she was sure that it was Levi Garrison.
Is it too strong?
The three saints of the North Pavilion are not opponents!
Gong Qianqiu's expression also became solemn.
The opponent is too strong.
Fortunately, she arranged Xiao Feng, and now Levi Garrison trusts Xiao Feng very
much.
Otherwise, she would have no chance at all.
Looks like it needs to be set up well.
to have a chance.
But another thing that makes her happy is that the root bones of the five Azure
Dragon (Qinglong) people are strong enough.
It will definitely make Levi Garrison drink a pot.
At this time, people from the West Pavilion came one after another.
This is the person who came to support after receiving the notice from Gong
Qianqiu and the others.
"Um?"
They were all stunned in unison.
The scene in front of them exceeded their expectations.

“But isn’t this our chance? Let’s divide the North Pavilion from the West Pavilion!”
The eyes of the masters of the West Pavilion all shone brightly.
Are impatient.
Isn’t this a great time?
“Get out! Hurry up! The North Pavilion can’t move, whoever moves will die!”
Gong Qianqiu immediately urged.
There is Levi Garrison, the killing god, in it.
Who dares to touch the North Pavilion?
Whoever touches it will die!
“Let’s all evacuate, I’ll just observe here! Go back and tell the master and them
that there is a strong foreign aid coming to the North Pavilion, and no one can
move the North Pavilion any more!”
Gong Qianqiu asked.
Her status in the West Pavilion is not low, and people still listen to her words.
After hearing this, the group immediately left.
She stayed and continued to observe.
But don’t get too close.
For fear that Levi Garrison would find out.
“That’s right, Xiao Feng!”
After observing for a long time, Gong Qianqiu suddenly thought of Xiao Feng.
“Then I have to tell Xiao Feng the information as soon as possible!”
The Return of the God of War [The
Protector] Chapter 3502
/ The Return of the God of War [The Protector]
After Gong Qianqiu arranged for someone to stay here, he immediately went to
Xiao Feng.
Shortly after.
Levi Garrison also walked out of the North Pavilion.
Tens of thousands of eyes were watching him in the field.
“Listen clearly, I will cover the North Pavilion from now on!”
“roll!”
Levi Garrison’s mouth burst into thunder, and a powerful wave rushed towards
the surroundings.
“puff!”

“puff!”

“puff!”
...
The hidden spies around them exploded one by one.
This is a warning!
It’s also a deterrent!
No one can move the North Pavilion!
Now everyone is helpless.
Just this person is stronger than the Three Saints of the North Pavilion.
Who dares to provoke?
At present, the top powerhouses of the major factions are out, and there is no
way.
There may be no benefit at all.
The top of the town magic division must come.
The crisis in the North Pavilion was actually saved by one person.
depressed!
Very depressing!
The remnants of the North Pavilion began to cheer.
The Lord of the North Pavilion was in tears, and they were about to cry.
The North Pavilion crisis was lifted.
This is a big surprise.
And the faces of those who betrayed the North Pavilion a moment ago turned
green.
Never thought such a reversal would occur.
In the blink of an eye, the crisis in the North Pavilion was lifted.
Where does this get them?
Now, everyone has recovered a lot.
Although there is still no combat power, at least there is no problem with the
action.
Those who attacked the North Pavilion below heard Levi Garrison’s warning, how
dare they continue to stay.
One by one they immediately fled.
Tens of thousands of people fled, and the scene was spectacular.
The four junior brothers of the Lord of the North Pavilion were completely stunned.
Don’t know how to be okay.
The group is gone.

What about them?
go?
Or stay in the North Pavilion?
But they have already betrayed Beige!
Dilemma now.
The Lord of the North Pavilion and others looked over.
Now they were even more embarrassed.
Can only squeeze out a smile: "Senior brother! We were wrong! We were confused for a while!"
Others also said: "Pavilion master, we just want to live! We have no intention of
betraying the North Pavilion!"
"Ask the pavilion master to give us another chance!"
"Yes, brother, we are still from the North Pavilion! Just think we are wrong!"
"You can't drive us away, can you? The North Pavilion will be rebuilt soon. It's the
time to hire people, we can't be missing!"
...
The group began to shamelessly plead for mercy.
This made the Lord of the North Pavilion a little hesitant.
There are not many people left in the North Pavilion now.
If these people are driven away or killed, then the North Pavilion will really be
useless.
But at the most critical moment in the North Pavilion just now, this group of
people betrayed.
what to do?
How?
When they were hesitating, Levi Garrison's voice sounded: "One infidelity, no use
for life! Kill without mercy!"
Levi Garrison's voice seemed to wake up the Lord of the North Pavilion.
right!
It's all this time, why are you still so hesitant?
It's going to be rebuilt anyway.
Can't you just leave them?
Besides, it is also a group of people with different hearts.
Next time there is a crisis in the North Pavilion, they will still betray.
"Kill them!"
The Lord of the North Pavilion gave an order.

Soon these traitors were drowned in it.
Originally, everyone did not recover much, and Levi Garrison was in charge.
These traitors did not dare to resist at all.
It didn't take long for them to be wiped out.
The traitors were all executed.
The North Pavilion will also be rebuilt.
the other side.
Gong Qianqiu has come to Levi Garrison near their base camp.
All the information about the man in black robe on the portrait was handed over
to Xiao Feng.
Xiao Feng immediately checked.
"After I returned to the West Pavilion, I immediately inquired about the whereabouts of the man in black robe from the seniors, and I sent it to you quickly!"
"Ah? Master has gone to the North Pavilion. As far as I know, the North Pavilion is
currently fighting. I don't know the specific situation."
Gong Qianqiu said with a worried look.
The Return of the God of War [The
Protector] Chapter 3503
/ The Return of the God of War [The Protector]
"Ah? The North Pavilion is chaotic? Master shouldn't be in danger, right?"
Xiao Feng immediately said worriedly.
Gong Qianqiu glanced at him and said with contempt in his heart: "He still uses
you to worry? How unconfident you are of your master!"
Your master's combat power is going to go against the sky.
A single faction of the Town Demon Division was brought out, and none of them
were his opponents.
He is no less dangerous than this strongest alien.
Does he need you to worry?
"Definitely not! Master is so strong, your worries are unnecessary!"
Miya Chiaki said.

"That's true! Master is so strong, who will be his opponent?"
Holding the information on the strongest alien race, he couldn't help but say:
"Master will definitely be very happy to see this when he comes, thank you

Qianqiu!"
Gong Qianqiu suddenly remembered something, and immediately asked: "By the
way, Master has left, do others know the information?"
Xiao Feng shook his head: "I don't know if other people know."
"Then Junior Sister Levilia, did Master take it away?"
Gong Qianqiu's eyes became hot.
"No, Junior Sister Levilia stayed here!"
Gong Qianqiu clapped his hands: "It's broken! I heard that someone knew about
the master's going to the North Pavilion! If someone is malicious and starts with
Levilia and Junior Sister, it will be troublesome!"
"Really? That won't work! Junior Sister Levilia is determined not to have an
accident!"
"Qianqiu, I'll go see Junior Sister first! You leave first!"
After Xiao Feng was reminded like this, the whole person became anxious.
Immediately go to see if there is anything wrong with Levilia.
"Okay, hurry up and go!"
Xiao Feng left in a hurry.
However, Gong Qianqiu did not leave, but secretly followed Xiao Feng.
Now that Levi Garrison is away, it's a good opportunity for her.
Of course, she definitely wouldn't dare to transplant Levilia's root bone.
This is an opportunity, but not a perfect opportunity.
Not enough to act.
But for her, there is one more thing she can do – that is to figure out the structure and environment of Levi Garrison's base camp.
If you know yourself and your enemy, you will be able to fight a hundred battles.
Find out everything about this place, including the place where Levilia is staying,
where Levi Garrison is staying, and the various facilities in the environment.
Easy how to get in, or how to escape.
How to enter and escape in the shortest time.
Prepare for future action.
I have to say that every step of Gong Qianqiu is solid.
Prepare well in advance.
Otherwise, she would not have succeeded so easily.
It's just that Xiao Feng doesn't know anything.
I only think about Levilia.

Gong Qianqiu followed behind him.
She also knew that Levi Garrison was strong and deliberately concealed her
breath without revealing any clues.
Otherwise, Levi Garrison will definitely be exposed.
Xiao Feng immediately went to the place where Levilia practiced and retreated.
This place is actually very hard to find.
Except for Levi Garrison and Zoey Lopez, few people came.
Gong Qianqiu was fortunate to follow Xiao Feng.
Otherwise, when she came to this place, even Levilia couldn't find it there.
Not to mention avoiding Levi Garrison.
The location of Levilia was temporarily recorded.
Then, knowing that Levilia was okay, Xiao Feng went to other places, and Gong
Qianqiu followed him all the way.
Almost turned the base camp for half a circle, and some hidden places have
arrived.
In the end, Xiao Feng came to the place where Levi Garrison was staying. He
didn't leave again. It was estimated that he would have to wait until Levi Garrison
came back.
"Isn't that the ancient divine sword?"
Seeing Shen Jie casually put aside, Gong Qianqiu's eyes lit up fiercely.
Everyone is going crazy.
It is only Levi Garrison who does not take divine robbery as a thing.
The people of Zhen Mosi were going crazy to get Levi Garrison's calamity.
She never imagined that Levi Garrison was so confident.
When I went to the North Pavilion, I didn't even bring the ancient sword?
This is how confident you are in your own strength.
This is a waste of money!
The Return of the God of War [The
Protector] Chapter 3504
/ The Return of the God of War [The Protector]
Such a good ancient sword is not used?
Isn't this a waste?
How did she know that this was just a murder tool for Levi Garrison.
It is not because of this sword that he can enhance his strength or anything else.

He could completely replace the sword with a stone and a leaf.
Even the last tea was fine.
That's all.
It's just that Levi Garrison's realm is something they can understand?
What they think of as treasures.

In fact, in Levi Garrison's eyes, it is worthless.
Seeing the calamity, Gong Qianqiu's eyes immediately heated up.
She was moved.
I want to take the gods as my own.
Think about it, with such a sword in front of you, who can't be tempted?
Gong Qianqiu subconsciously breathed quickly, and his face was about to turn
red.
She really has an urge to rob God directly! Own it!
But she abruptly held back.
Still can't be impulsive!
This is not a good opportunity!
She has to wait for the best time to steal the robbery, and also get Levilia's roots.
But not now.
She was simply incapable of coping with what was to come.
Once you steal it, once you do it to Levilia.
Will be met with mad revenge from Levi Garrison.
She couldn't handle it.
Therefore, each step must be carefully calculated.
But it was good news for her.
It can be seen from the robbery being thrown aside at will.
Levi Garrison didn't take this sword very seriously.
I won't even look at it for ten days and a half.
Then it's easier for her to get.
If she was secretly swapped, I'm afraid it wouldn't be so easy to find out.
In the future, this sword will be yours!
It seems that we still have to rely on Xiao Feng!
Gong Qianqiu still forcibly held back.
Awaiting follow-up plans.
She carefully observed where Levi Garrison was staying.
Now several important locations for Gong Qianqiu are already known.
After leaving here, I walked all the other areas again.
The environment and the road are all written down.
Levi Garrison's base camp has no secrets to her at this moment.
Gong Qianqiu left with satisfaction.

Knowing everything about this place will make things easier in the future.
Wait.
I'll be back here sooner or later!
At that time, she will take the sword with her and also have the root bone transplanted.
Soon after, Levi Garrison returned to the base camp.
It's just that when he came, he felt different.
It wasn't that there was any breath that made him feel it.
After all, Gong Qianqiu was very smart to erase the breath and any traces.
But Levi Garrison's keen intuition told him that someone had come.
Not right!
Except for my own people, no one else will come to this place.
But now it gives him the feeling that someone has been there!
"Huh? It's weird!"
Levi Garrison frowned, trying to figure out what was wrong.
"Master, you are back!"
Xiao Feng immediately greeted him.
"Huh? Why does it feel like people have been here before?"
After returning, Levi Garrison always felt like an outsider had been there.
Then he mentioned it to Xiao Feng.
Xiao Feng immediately panicked.
Fortunately, Gong Qianqiu was only on the edge.
Didn't come to base camp.
He took a deep breath.
In fact, he also wanted Gong Qianqiu to come to the base camp, but Gong Qianqiu
was afraid that something might go wrong.
Now that I think about Gong Qianqiu, I still expected it in advance.
Fortunately it didn't come.
Otherwise, the master would have noticed it.
It wasn't clear at the time.
Xiao Feng immediately explained: "I knew that after you left, Master, I was afraid
that Junior Sister Levilia would be in danger, so I checked it everywhere, maybe
there is a breath left?"
"I've been here all the time, and no outsiders have entered! I'm sure of this!"
"Well, I can rest assured that you are here!"
Now Levi Garrison is very optimistic and believes in Xiao Feng.
Well done in every way.
Maybe he was too cautious and too nervous.

Levi Garrison did not pursue it any further.
The Return of the God of War [The
Protector] Chapter 3505
"Master, the identities of these people in black robes are actually very easy to
find! Anyone with a little experience in Zhen Mosi knows! I have already found
out their identities! They are the strongest aliens who are the enemy of Zhen
Mosi…"
Xiao Feng immediately gave Levi Garrison the information that Gong Qianqiu
brought.
In this regard, Levi Garrison has no doubts at all.
After all, they learned from the Three Saints of the North Pavilion that the identity of the black-robed man is known to many people in the Town Demon
Division.
Just didn't dare to say it.
It is not unusual for Xiao Feng to find out secretly.
"Master, I have already found out the identity of the man in black robe! But the
big python swallowing the sky pattern still doesn't know what it means. It is
estimated that few people know it. They have never seen it!"
Xiao Feng said with a little regret.
"I already know the identities of these people. As for the totem of the giant python swallowing the sky, I also know it, but I am still investigating!"

Levi Garrison said lightly.
"What? Master, you are amazing! So you went to the North Pavilion for this!"
Xiao Feng was amazed.
the other side.
Gong Qianqiu returned to the place where Xu Qingya and others were imprisoned.
Xu Qingya and the three were taken aback.
Logically speaking, Gong Qianqiu couldn't have come back so early.
Now she should be dividing up the North Pavilion.
What's going on here?
"You North Pavilion really survived! Someone rescued the North Pavilion!"

Gong Qianqiu looked at them and said.
“what???”
This surprised Xu Qingya and the three of them with joy.
“The North Pavilion has been saved!”
They almost cheered.
“Well, that’s right! Levi Garrison went to the North Pavilion and asked the three
ancestors of your family to inquire about the whereabouts of the murderer. He
happened to encounter the crisis in the North Pavilion and solved it easily!”
“What? Levi Garrison!”
Xu Qingya and the three of them never thought that in the end, the North Pavilion crisis was resolved by Levi Garrison.
Really the only hope.
“I have to say, Levi Garrison is too strong! Stronger than your three ancestors!”
“Do you know how the three ancestors of your family were injured? They were
injured by him!”
“I can also guess the reason! The Wufang Pavilion and even the major factions
have outstanding geniuses, and the ancestors of each family have outstanding
talents, but you are the only one in the North Pavilion. The three ancestors of
your family have taken a fancy to them. Levi Garrison, trying to accept an apprentice, was injured!”
…
Gong Qianqiu began to describe how powerful Levi Garrison was.
But Xu Qingya couldn’t help but smile and said: “Gong Qianqiu, Levi Garrison’s
strength is not a good thing for you! The stronger he is, the harder it is for you to
start your plan!”
This is another thing that makes them happy.
“Pfft!”
Suddenly Gong Qianqiu stabbed Xu Hushan with a knife.
The latter grimaced in pain.
Xu Qingya and the two were also anxious.
“Really? That’s right! The stronger Levi Garrison is, the more detrimental it is to

me! But my Gong Qianqiu is just a person who likes challenges!"
"I'll let you take a good look at how I attacked Levi Garrison step by step and got
what I wanted!"
"Tell you the truth! I just walked around Levi Garrison's base camp! I am familiar
with and know everything inside!"
"I also found that the ancient divine sword was thrown aside by him at will. When
I have a chance, I will transfer this sword!"
…
"you……"
The three Xu Qingya were not very popular.
"Also, I will make arrangements slowly, and then strengthen myself, and practice
the exercises created by Levi Garrison's daughter to the highest level as soon as
possible! In this way, I will be able to officially act! Wait for the root bone of Levi
Garrison's daughter to be transplanted to me. Body! Levi Garrison couldn't help
me at that time!"
Listen to Gong Qianqiu's words.
Although absurd.
But Xu Qingya knew that this woman would do it.
She is amazing.
Either way.
"By the way, Levi Garrison should already know who the murderer is. Next, he will
be restrained by the strongest alien race! Then my chance will come!"
"I won't kill you! I will let you witness the moment I successfully attacked Levi
Garrison!"
"Ha ha ha ha……"
Gong Qianqiu laughed.
The Return of the God of War [The
Protector] Chapter 3506
"you……"
Xu Qingya and the others are really helpless.
This woman is not removed.
The crisis in the North Pavilion is still there.
Even Levi Garrison will suffer!

The strength is powerful, but she can't stand the insidiousness of this woman.
She is scheming.
Taking everything into account, Levi Garrison Linkong has a whole body of
combat power, and it is estimated that it is not useful at all.
This woman is more of a threat than anyone else.

If only they could get out.
Inform Levi Garrison that Levi Garrison can definitely take care of this woman!
But Gong Qianqiu will never give them this chance.
On Levi Garrison's side, it will be easier to handle after knowing who these
people are.
Start searching right away.
And there was a lot of commotion in the entire town magic division, which made
it clear that Levi Garrison was looking for this strongest alien!
The message is all over the place!
In addition, there was a mysterious master who just kept the North Pavilion, so
the entire town magic department is now very hot.
The message spreads ten, ten to a hundred.
in some hidden place.
"What? Levi Garrison actually knew our identity? How is this possible?"
The group of black robes were amazed.
They left no clues.
How could Levi Garrison know their clues?
"Did someone say it? It's possible that the people in Zhen Mosi still know about
us!"
one of them said.
"No reason! We've been staring at it! No one told Levi Garrison our identity!"
"It seems that he found it himself!"
...
The speed of this alien race is also very fast.
It was soon found out what was going on.
"It was Levi Garrison who used the memories of those five people to actually

restore our appearance! Now the entire town magic department is full of our
portraits!"
They even got a clear portrait.
When they saw the figures of their own people, they were all terrified.
How is this possible?
"This method is unheard of! The monkeys outside are quite intelligent!"
The people in the town of magic think that they are the center of the world, and
that all species outside are undeveloped monkeys.
This is the sense of superiority.
And this alien is even more superior.
"No wonder! With our portraits, it's easy to find out our identities. Ask the town
magician who many people know."
Everyone understands.
"Then do you want to tell the master and the young master them?"
someone asked.
"The young master is retreating, completely integrating the five elements of
spiritual roots and bones. Don't disturb! As for the master's words, we don't need
to inform us! He must have known it long ago!"
The first one sneered.
"Since Levi Garrison already knows our identity, and is frantically inquiring about
our whereabouts! Then we will let him know how powerful we are!"
"Okay, yes! It's just that we still don't know where Levi Garrison is hiding! The
five Azure Dragon (Qinglong) people were hiding there, and we couldn't find it!"
"Then let's start with others first! On the other hand, find where Levi Garrison is!
After finding it, we will give you a hard blow!"
...
Soon the aliens had chosen their target.
Originally, I wanted to directly confront Lord Bei.
But they were also afraid that Levi Garrison would wait for them in the North
Pavilion.
So they chose other factions of the Town Demon Division.
At the same time as shocking Levi Garrison, it also shocks Zhen Mosi.

The one chosen by them was the Tiger Temple.
The Tiger Temple suffered heavy losses in the Battle of the North Pavilion, but it
was okay, and most of its strength was still there.
But after one night, all 6,000 people in Tiger Temple were slaughtered.
And the death is tragic!
The corpse is separated!
The heart is dug out!
…
Judging from each corpse, it is known that it was brutally murdered.
Everyone knows who's out.
The entire Town Demon Division instantly spread in fear.
The nemesis of Zhen Mosi – the strongest alien!
They are warning!
Warning the town magician!
Even more warning Levi Garrison!
The Return of the God of War [The
Protector] Chapter 3507
Because this alien race was so terrifying, it slaughtered the Tiger Temple overnight, still using this cruel method.
The key is that no one knows when they shot, and there is no trace left.
The entire Tiger Temple was slaughtered overnight, and no one found it.
I didn't know until morning.
The key point is that many people from Levi Garrison and Zhen Mosi are looking
for them.
They dare to come out and kill.
It shows how powerful and how arrogant they are?
For a time, the entire town magic division began to stir.
The strongest alien has appeared again.

This is their nightmare.
Unless the entire town magic division unites, otherwise, there is no way to fight.
But now that the various factions of Zhen Mosi have ghosts in their hearts, how
can they gather together.
It would be too easy if the strongest aliens had to be defeated one by one.
Certainly for these small factions.
It's a bit difficult for a big faction.
In this Demon Suppression Division, except for one of the forces, that is, the

original main body of the Demon Suppressing Division. They will also be a little
afraid.
The strongest alien race of other forces is not in the eyes.
Including such a big force as Wufangge, they didn't take it seriously.
If you say it will die, it will die.
It is also the reason why Xu Qingya and the others are deeply afraid.
Some small factions have begun to form groups.
Even the major powers are starting to unite with each other.
The Town Demon Division is completely messed up.
The shadow dominated by the strongest alien has returned again.
Clouds hang over.
Fear comes.
No one would dare to look for this strongest alien.
Soon Levi Garrison also knew about this.
What didn't he understand, the other party was frantically provoking him and
warning him!
Levi Garrison soon came to the Tiger Temple.
"hiss!"
Seeing the scene in the Tiger Temple City, everyone was taken aback.
Simply terrifying!
Because of the whole city, there are corpses hanging all over the place!
Densely packed, everywhere.
The corpses of more than 6,000 people were all hung up!
What a miserable sight it was!
The key point is that some people's bodies are still intact, many people are missing arms and legs, their internal organs have been dug up, and so on.
Bodies hang all over the city, like dried beef.
Terrible.
It's like hell on earth!
They not only kill, but abuse!
There is no humanity at all!
Of course this is also a warning and a deterrent!
The purpose is to let Levi Garrison see how powerful and cruel they are!
Let him know what's going to happen to them?
Everyone was shaking.
In particular, the people who knew the most powerful alien from the Demon
Suppression Division were even more frightened.
This strongest alien is too terrifying.
Offending them will be tragic.

Xiao Feng and others, who followed Levi Garrison, looked even more gloomy.
In the face of such provocation, who is not angry?
And now all kinds of rumors show that this alien is super powerful!
Whether it can avenge the Azure Dragon (Qinglong) Five is a question!
This made their hearts instantly froze.
Especially Xiao Feng clenched his fists tightly.
After all, he also knew from Gong Qianqiu how difficult this strongest alien race
was.
How difficult it is for them to get revenge.
After all, this strongest alien is not the previous Hydra.
They are the existence that the entire town magic division is afraid of.
The power is terrifying.
Teachers may not be able to do it!
"Good! Good! Demonstrate for me?"
A cold light flashed in Levi Garrison's eyes.
Immediately, the corners of his mouth rose, revealing a smile.
"But at the same time, you are also afraid of me! If you are not afraid of me, why
bother with this kind of warning and shocking drama? Shouldn't you come to me
directly?"
Levi Garrison said this.
Everyone was taken aback.
Yes.
Why did he attack Tiger God Palace instead of Levi Garrison?
Although his base camp could not be found, Levi Garrison began to come openly.
That proves that they are also afraid of Levi Garrison…
Because he is not a member of the Town Demon Division, it is impossible to
estimate his strength.
The Return of the God of War [The
Protector] Chapter 3508
In one night, Levi Garrison can easily do this kind of drama to make the Tiger
Temple disappear?
So it doesn't deter him!
As for cruelty?
Neither!
In a sense, Levi Garrison was more cruel than them!

These are useless!
The point is that this deterrent warning is naive.
Come find yourself directly?
Don't you dare?
Join Telegram Group For Fast update
Levi Garrison said this.
Everyone was dumbfounded.
I have never seen anyone dare to provoke this most powerful alien like this!
But on second thought, what he said was the truth.
If the strongest alien race is not afraid of him, why not come to him directly?
Instead, he made a big circle to deter Levi Garrison.
To put it bluntly, isn't he afraid of Levi Garrison?
This is not dare!
"Don't play this little trick next time! Come to me directly! Of course, if you're
afraid, don't tell me!"
Levi Garrison sneered.
No one thought that this would not only ridicule him.
Instead, he was mocked.
This matter quickly spread to the ears of this alien.
They all jumped like thunder!
Who were they afraid of?
No one is afraid!
No matter how powerful Levi Garrison is, they are not afraid!
It's just that Levi Garrison is unpredictable, and their master does not want this
alien race to collide with Levi Garrison temporarily.
Otherwise, they would have looked for Levi Garrison long ago.
Why use this method to intimidate him?
But after Levi Garrison's remarks came out, they all exploded in anger.
This is a naked provocation!
This is provoking them!
I would like to ask the major factions of the Town Demon Division, who would
dare to provoke them?
None!
Now it's being provoked by a monkey outside.
How can you not be angry?
"How about we rush out and kill this Levi Garrison directly?"
The people of this alien race began to move.

There was a flash of coldness in his eyes.
“No! The master explained it! I can’t fight Levi Garrison for the time being!”
The first person directly refused.
“If that doesn’t work! Let’s trouble the people around Levi Garrison!”
“Hurry up and find the location of Levi Garrison’s base camp! Then move Levi
Garrison away from the mountain, and we will take the opportunity to deal heavy
damage to his base camp!”
“But the difficulty is how to find Levi Garrison’s base camp!”
…
People started to get into trouble.
“We can go to the ghost market to issue a reward, and someone will know!”
Soon this alien race secretly went to the town of ghost towns and released a
message.
The ghost city is the most well-informed place of the town magician, and for
them, they can only think of this way.
…
Next, the ghost market was overwhelming and went to find the location of Levi
Garrison’s base camp.
While Levi Garrison was mocking and exciting, he was also frantically looking for
this strongest alien.
the other side.
Because of the failure to carve up the North Pavilion, Gong Qianqiu continued to
devote himself to the itinerary of practicing Levilia’s self-created exercises.
This time she will be in a big retreat.
Levilia’s absorption speed of this technique is terrifying, hundreds of times faster
than her other techniques.
Therefore, the resources required are also massive.
However, getting all kinds of resources is too easy for Gong Qianqiu.
As long as she said a word, countless men would send it to her.
Everything you need.
What do you want.

Before the retreat, Gong Qianqiu used the means to get a lot of resources.
This resource is much more terrifying than what the outside world was fighting
for.
The resources that the outside world is fighting for are actually raw materials.
The resources of the Town Demon Division are processed with these raw materials, such as refining into various medicinal herbs, and extracting the purest
spirit crystals, which are easier to absorb and have better effects.
Gong Qianqiu really used a lot of resources in this retreat.
These resources are more than all the resources of a small faction combined.
She is crazy and wants to improve as soon as possible.
Just a week later.
Gong Qianqiu actually used up all the resources.
The Return of the God of War [The
Protector] Chapter 3509
And her strength is also advancing by leaps and bounds, and she has made a
qualitative leap directly.
She couldn't imagine it.
Perhaps her three or five years of penance could not compare to this week.
This practice is really terrifying.
As long as the resources are sufficient, it will be improved to the extreme!
What makes her depressed now is the lack of resources.
Rao is because she has great powers and feels that resources are a problem.
She didn't care about it before.
Thinking of so many resources, it will take at least a few months.

But who would have thought that it would be used up in a week.
These resources she spent a lot of connections to get.
Absorbs so fast, lifts so fast.
It was a surprise for her, but also a worry.
It is not an easy thing to get so many massive resources in the future.
Even need to get together.
Fortunately, I have people in all the major factions of the Town Demon Division,
so resources are not difficult for the time being.
But the future is hard to say.

She immediately began to arrange for someone to help her search for massive
resources.
At this time, there was also a new result in the search for the location of Levi
Garrison's base camp in the town of ghosts.
The four of Xu Qingya from the North Pavilion had been to Levi Garrison's base
camp several times and knew where it was.
But the four of Xu Qingya in the North Pavilion had long since disappeared, and
they did not return to the North Pavilion, nor did they appear in the Battle of the
North Pavilion a few days ago.
Their whereabouts are unknown.
Therefore, it is now a matter of finding the four Xu Qingya.
After Gong Qianqiu left the customs, he dealt with all the trivial matters aside.
Especially Xiao Feng comforted him.
She couldn't wait to come to the place where Xu Qingya and the three were
imprisoned.
She is here to show off her power.
After seeing the three of Xu Qingya, Gong Qianqiu immediately burst into full
breath.
Show great strength and momentum.
Xu Qingya and the others were stunned.
How long has it been?
Gong Qianqiu has risen to this point?
Originally, Gong Qianqiu was very strong, much stronger than them.
But now this strength, directly surpasses the Lord of the North Pavilion, right?
Wouldn't it be at the level of the Three Saints of the North Pavilion to let her
practice again?
At present, Gong Qianqiu's strength is comparable to those of the top geniuses
in Wufang Pavilion.
this this this…
They were stunned and terrified.
It's only been a few short days.

There is such a qualitative leap!
Is this the horror of Levilia Gongfa?
Gong Qianqiu looked at them and laughed: "See? How strong I am now! This is
the horror of Levi Garrison's daughter's practice!"
"If I get her Spiritual Root and Spiritual Bone and the Ancient Divine Sword in the
future, I think I can fight Levi Garrison!"
Xu Qingya and the others might not have believed it before, but now they do.
According to this growth rate, Gong Qianqiu will be able to fight against Levi
Garrison sooner or later.
Moreover, the combat power is not what Gong Qianqiu is best at, and these
strategies are what she is best at.
Who can fight this?
Done!
Done!
It's over now!
This woman may subvert the entire town magic department.
No one can take revenge!
They always want to avenge Xu Longri's revenge.
But no chance.
It's hard for other people to do it, right?
If she is allowed to grow like this, no one will be her opponent anymore.
Not to mention revenge.
If you see her, you have to run!
Everyone must die!
At this time, his subordinates came to tell Gong Qianqiu a message-Ghost City
was looking for Xu Qingya and a few people, and wanted to know where Levi
Garrison's base camp was.
"Huh? What do you mean? This alien race is going to attack Levi Garrison's base
camp?"
Miya Chiaki asked.
"Yes! Now Levi Garrison is frantically provoking and looking for this alien! They
want to take revenge! They want to find the people around Levi Garrison to start!

But they have never been able to find it, and now they are asking for help in the
ghost market!"
Said the subordinate.
Gong Qianqiu's eyes lit up.
She immediately laughed.
"Didn't God help me?"
The three of Xu Qingya reacted immediately.
not good!
This woman is going to plan.
The people around Levi Garrison are in danger.
The Return of the God of War [The
Protector] Chapter 3510
Xu Qingya has already guessed what Gong Qianqiu's next plan is.
Can get everyone involved.
Including the strongest alien and Levi Garrison.
In the end, she was the one who benefited.
Everyone else will become her pawn and be used by her!
She occupies the right place and the right place!
What can one do?
Gong Qianqiu slowly looked at Xu Qingya and the three of them. She smiled and
said, "Have you seen it? My chance has come again! God is standing by my side!
With luck, can I still lose?"
"You… shameless!"

Xu Qingya scolded immediately.
But there is no way.
This woman seems to have everything.
Even God seems to be helping her now.
"First of all, I will tell the alien race the location of Levi Garrison's base camp!
Secondly, when they attack Levi Garrison's base camp, I will sneak in and steal
Levi Garrison's ancient sword!
In the end, I will blame all this on you and the strongest alien race! No one
suspected me at all! "
Xu Qingya was going crazy.
If something goes wrong, they can only take the blame.

Because only they were the only ones who had been to Levi Garrison's base
camp.
Gong Qianqiu has been there, but no one knows.
In addition, the strongest alien race is frantically looking for them in the ghost
market, in order to find the whereabouts of Levi Garrison's base camp, so that
everyone will think that it is them.
Hammer to death!
Besides, they are locked up now, and no one can find them.
In this way, it is more certain that they are hiding in a guilty conscience.
A hundred mouths do not argue.
There isn't even a chance.
Hammer directly to death.
They must carry this pot to Gong Qianqiu.
"Hahaha… I now know that the strongest aliens are avoiding Levi Garrison!
Maybe as Levi Garrison said they are afraid of him! But I just want to give them a
chance to contact!
In this way, someone will restrain Levi Garrison. I'll make the flames between
them grow! I can also continue with the next plan! "
"I don't think about Levi Garrison's daughter's roots for the time being, the
chances are still not good! But I have to decide on the ancient sword!"
Gong Qianqiu never thought of such an opportunity.
It fits her plan perfectly.
Gong Qianqiu looked at them and sneered again and again: "I'm sorry, I want you
to take the blame! Anyway, if you stay here and can't get out, just take the blame!"
"Gong Qianqiu, you must not die!"
The three of Xu Qingya cursed angrily.
"Hahaha……"
Gong Qianqiu left with a big smile.
She's about to act.
The first thing is to find Xiao Feng.
It started to instill in him that Xu Qingya and a few others were not.
Tell him that Xu Qingya and several people have disappeared now, and they don't

know what conspiracy they are planning.
When the North Pavilion was in a disaster, these four people disappeared. They
must be people who are greedy for life and fear of death.
And she emphasized that Xu Qingya and the four were the only members of the
Demon Suppression Division who had been to Levi Garrison's base camp.
This is giving Xiao Feng a vaccination.
At that time, when the base camp is exposed, the first thing Xiao Feng thinks of
will be Xu Qingya and the others.
Exactly!
"In addition, I heard that you are very worried about not being able to take
revenge now! It's okay, we are not in a hurry, we can't take revenge for the time
being! But it's best not to pin your hopes on others, we must strengthen ourselves!"
"This is a Heaven-level Qi Refining Technique and two local-level Qi Refining
Techniques! I got it at a huge cost! You hurry up and practice it! Quickly raise your
cultivation base!"
Gong Qianqiu gave Xiao Feng the technique of refining Qi.
Xiao Feng took it over tremblingly.
"You also use this resource! If you don't have it, ask me for it! In short, improve
your strength as soon as possible! I will also improve my strength! Let me help
you!"
"We want revenge! It's better to take revenge on your own!"
Gong Qianqiu looked at him firmly.
Xiao Feng also received the signal, with a firm look on his face.
The Return of the God of War [The
Protector] Chapter 3511
"Don't worry! I will be stronger!"
"I want to be worthy of you!"
"I want to avenge Azure Dragon (Qinglong) and the others!"
Xiao Feng was extremely firm.
"Okay! I'll hurry up to practice too, you hurry up and practice too! Find a quieter
place!"

Miya Chiaki said.
"If you don't dislike it, I have a quiet place, I will practice with you, and I can guide
and guide you!"
Gong Qianqiu looked at Xiao Feng expectantly.
Hearing this, Xiao Feng burst into ecstasy.

Where don't you agree?
Simply overjoyed.
He could not ask for such an opportunity!
He wished he had such an opportunity.
When I hear it now, the whole person is excited to death.
"Okay, no problem! I told Master that I'm going to retreat!"
Now that Levi Garrison is at the base camp, he is still relieved.
After saying hello to Levi Garrison, he immediately left with Gong Qianqiu and
went to practice in a quiet place.
In fact, this is also part of Gong Qianqiu's plan.
The purpose of her move is also very simple – to support Xiao Feng.
Soon, she will tell the strongest alien about the Levi Garrison base camp.
At that time, the strongest aliens will definitely come to the base camp to find
trouble with others.
If Xiao Feng was there, he might be killed.
That's a loss for her.
She still wants to keep Xiao Feng to deal with Levi Garrison, to get Levilia's
spiritual roots and bones.
Xiao Feng is a super critical tool.
Therefore, he can't do anything.
Therefore, Gong Qianqiu thought of taking Xiao Feng away before the strongest
aliens attacked Levi Garrison's base camp.
Soon after, Gong Qianqiu brought Xiao Feng to the retreat.
Xiao Feng immediately threw himself into the practice with great joy.
At this time, why do you have to show Gong Qianqiu.
Gong Qianqiu was relieved.
She also started to practice with the resources she found, and frantically improved her strength.
Her plan will start in ten days.
At that time, she will tell the strongest alien race the location of Levi Garrison's

base camp.
The ghost city is still secretly looking for the whereabouts of Xu Qingya and the
others.
Just can't find it at all.
This made the strongest alien extremely depressed.
Levi Garrison wandered outside every day, but they couldn't go and warn Levi
Garrison directly.
The only way to find him is from the side.
But the base camp could not be found.
All in vain.
On this day, someone in the ghost city suddenly released a message – claiming
that they knew the Levi Garrison base camp that the strongest aliens wanted to
find.
So, this alarmed the strongest alien.
Immediately ran to the ghost market and contacted the person selling the information.
The person who sells the information is naturally Gong Qianqiu.
Another ten days have passed, and her strength has grown by leaps and bounds.
Therefore, she feels that the best opportunity has come.
"The location of Levi Garrison's base camp is in this place. This is the map! And
some approximate maps!"
"Don't worry, we've been to this place several times before, there's nothing
wrong with it!"
Gong Qianqiu did not communicate directly with them, but disguised himself.
When the strongest aliens heard it, wasn't this Xu Qingya and the others?
In the end, the transaction between the two parties was successful.
The strongest aliens successfully got the position of Levi Garrison's base camp.
Gong Qianqiu also got some of these resources.
It is more in line with the needs of Xu Qingya and others.
No one will doubt it.
After getting the location of Levi Garrison's base camp, the strongest alien went
to investigate.

In the end, it turned out that the location was correct.
Indeed it is.
Next, the plan for the strongest alien race is about to begin.
They are going to launch an attack on Levi Garrison's base camp.
In order to really shock Levi Garrison.
But before taking action, they had to lure Levi Garrison away.
The strongest aliens are known for being ruthless.
They will stop at nothing.
Even if you sacrifice a little of yourself.
As long as it can hit Levi Garrison hard, it doesn't matter if you sacrifice more.
After some discussion.
They quickly made plans.
To take a shot at Levi Garrison's base camp.
The Return of the God of War [The
Protector] Chapter 3512
Gong Qianqiu paid close attention to their every move.
She has to start planning too.
When the strongest aliens attacked Levi Garrison's base camp, they wanted to
steal the "God Tribulation".
Soon the strongest aliens made plans.
The first is to lead Levi Garrison away, and the second is to attack his base camp.
The difficulty lies in how to draw Levi Garrison out.
The usual way certainly won't work.
At present, only their strongest aliens can attract Levi Garrison to leave.
Unless their people show up in person.
Join Telegram Group For Fast update
Only then can Levi Garrison be attracted away.
But if people who go to attract Levi Garrison are found by Levi Garrison, they will
basically die.
This is to lose the price of oneself in exchange for the opportunity to attack Levi
Garrison's base camp.
If it were other forces, it would be impossible to sacrifice their own people.
No one is going.
I have to say that this alien is a savage race!
They are the ultimate insane and extreme.

Just in order to attract Levi Garrison away, and there is a high probability of
paying the price of life.
Not only was no one afraid, but everyone took the initiative to invite Ying to
attract Levi Garrison.
fear death?
They can't be!
This is an alien race that is belligerent to the extreme!
Because I went to attract Levi Garrison, I could have a fight with Levi Garrison.
This is what everyone wants to do.
If it wasn't for their master's restriction, I'm afraid they would have killed Levi
Garrison long ago.
Although it is attractive now, it may also pay the price of life, but isn't this an
opportunity to fight against Levi Garrison?
Even in their opinion, they will not lose.
So there are a lot of people who take the initiative to invite Ying.
In the end, the leader chose four people, ready to attract Levi Garrison.
And told them not to fight.
The main thing is to hold Levi Garrison for enough time, and try to come back
alive as much as possible.
The four agreed immediately.
It's just that their ideas are obvious.
How could they not be in love?
Their purpose this time is to kill Levi Garrison.
Let everyone know that "monkey" is a monkey!
Not fully evolved!
It's a savage species!
See how they brutalize!
The strongest aliens have also chosen a master who will attack Levi Garrison's
base camp.
A full eighteen.
They are all powerful and terrifying, and it is enough to deal with Levi Garrison's
base camp.
Although Gong Qianqiu doesn't know the specific situation here, he can roughly

guess the time of their actions.
This alien race is resolute and resolute, and since it has obtained the position of
Levi Garrison's base camp, it will definitely act on the same day.
Definitely won't wait until tomorrow.
So probably the time will be tonight to act.
Gong Qianqiu is also preparing.
Before going to Levi Garrison's base camp, she had to appease Xiao Feng.
Also make an alibi.
Let Xiao Feng think that she has been in this place and practiced with him.
Thus without any doubt, she went to base camp.
There is no doubt that she stole the "Sacred Tribulation".
Gong Qianqiu instructed Xiao Feng in a heaven-level Qi refining technique.
This is enough for Xiao Feng to study for a while.
After that, Gong Qianqiu left, but she arranged for a woman with a similar body
shape to practice at the other end.
Whether it is breath, strength, or body shape, they are exactly the same as her.
As long as Xiao Feng didn't look closely in front of him, he would never have
found it.
And when the two are cultivating, they cannot disturb each other.
Therefore, Xiao Feng could never find it.
Xiao Feng began to practice after comprehending the Heaven-level Qi Refining.
Looking at the "Gong Qianqiu" on the other end, he was already cultivating.
He smiled.
She has worked so hard!
He immediately clenched his fists and started to practice.
He works harder than Gong Qianqiu, and he wants to improve.
Make your strength completely worthy of Gong Qianqiu.
But how did he know that the person not far away in his eyes was not Gong
Qianqiu at all, but a substitute.
But he didn't find it at all.
The Return of the God of War [The
Protector] Chapter 3513

I have to say that Gong Qianqiu is insidious and cunning, considering every detail.
More precise control of Xiao Feng's psychology.
Don't talk about it for a while tonight, just lie to him that there is no problem for
a week and a month.
After appeasing Xiao Feng, Gong Qianqiu immediately rushed to the vicinity of
Levi Garrison's base camp.
Of course, don't get too close.
Even if she has an exclusive heaven-level Qi refining technique in Nange, it is
specially used to hide her breath and hide her figure.
When she hides, she becomes one with heaven and earth.
No one can find out.
When she secretly followed Xiao Feng to the base camp before, she used Nange,
a hidden breath-refining technique, to absorb all her breath.
Join Telegram Group For Fast update
In this way, even if Levi Garrison came, it would not be easy to find out.
The result is the same.
Levi Garrison just felt that someone was coming, but he didn't notice any breath.
But now that Levi Garrison is still in the base camp, Gong Qianqiu is still a little
afraid to challenge.
In case this qi-refining technique that hides the figure is of no use to Levi Garrison.
Then it's over.
Most of Gong Qianqiu's things come from men.
For example, this qi-refining technique, which hides the figure, was obtained
from an elder in the South Pavilion.
That elder is no better than Xiao Feng.
Smart to die.
However, Gong Qianqiu was still given the strategy, and he willingly presented
all the techniques of qi refining, treasures and the secrets of Nange.
Gong Qianqiu hid and waited for the action of the strongest alien race.
In the evening, the strongest aliens acted.
The four decisively showed their traces somewhere in the town magic department.

Levi Garrison knew about it for the first time.
After all, he scatters the net to find them.
Now I am familiar enough with the various factions of the Town Demon Division
to infiltrate my own people.
So as soon as there is a clue of the strongest alien race, Levi Garrison knows it
immediately.
"Huh? The trace is exposed. There is a problem!"
Levi Garrison can naturally perceive the problem.
But people have already exposed their traces.
Then he must have a look.
Look what the hell are these people doing?
Even if they know they have a conspiracy.
Before leaving, Levi Garrison went to Levilia's residence to see Levilia.
Seeing that Levilia was cultivating, he left with satisfaction and confidence.
"Levi Garrison has left!!!"
When Levi Garrison left, the strongest alien immediately knew the news.
"Action! Start action!"
All eighteen people sneaked into the vicinity of Levi Garrison's base camp.
Gong Qianqiu, who was hiding in the dark, also noticed that the strongest alien
was coming.
She was also very nervous, for fear of being discovered.
This group of aliens is not easy to mess with.
However, it is useful to use this qi-refining technique to hide the breath and hide
the body.
These people of the strongest alien race, passing under her nose, did not find
her.
the other side.
Levi Garrison quickly rushed to a deep mountain near the North Pavilion of
Zhenmo Si.
It was here that his people discovered the whereabouts of the strongest alien
race just now.
"Okay, then they're nearby! I'm looking for it!"
A cold light flashed in Levi Garrison's eyes.
Levi Garrison immediately went to find someone.

The four strongest aliens are actually nearby.
“Levi Garrison has already arrived, why don’t we go out directly!”
Some of the four could no longer hold back.
I have long wanted to fight Levi Garrison.
“The next thing we have is an opportunity! For the time being, let’s delay enough
time! Let them act over there!”
“We can’t go out. When Levi Garrison finds us himself, it is estimated that the
delay time will be almost the same!”
…
The four of them waited anxiously in the dark, delaying Levi Garrison’s time.
The four of them were excited at the thought of fighting against Levi Garrison
later.
the other side.
Eighteen masters of the strongest alien race have all come to the periphery of
Levi Garrison’s base camp.
They have a map of the base camp, and they have figured out everything.
Eighteen people were divided into six groups and attacked from six directions.
The Return of the God of War [The
Protector] Chapter 3514
Gong Qianqiu was also nervous.
She hopes that the other side of the strongest alien can hold Levi Garrison for
enough time.
This ensures that you can get the ancient sword.
“three!”
“two!”
“one!”
…
action!
Eighteen masters of the strongest alien race began to attack the base camp in six
directions.

There are still many people in the base camp.
Levi Garrison’s students and apprentices, as well as many brothers.
As soon as the group attacked, they immediately found out.

And sounded the horn!
“Looking for death! Dare to come here to be wild!”
Coincidentally, the Great God of Fire Cloud Evil God was also there.
He was the first to rush out and immediately fought against the alien masters.
Others also responded.
Follow Zoey Lopez and others to kill them all.
Everyone has improved a lot during this period of time, at least in front of the
alien masters, they still have a certain combat effectiveness.
Especially Huoyun Heretic God is strong enough!
However, the strongest alien masters are divided into six groups, and they are
purposefully targeting six areas.
As a result, the base camp was completely chaotic.
Everyone lost a lot.
A group of alien masters went straight to where Levilia was.
Gong Qianqiu has come to the base camp, watching the fierce battle.
She was still a little surprised.
I thought that these monkeys would be easily won by the strongest alien race.
The results did not expect to be so tenacious.
For the time being, it resisted.
But it doesn’t matter how much the damage is to her.
At least his purpose was achieved.
Levi Garrison has already contacted the strongest alien.
Next, the two sides are fighting to the death, containing each other.
It’s all good for you.
“By the way, the ancient sword!”
Taking advantage of the chaos between the two sides, Gong Qianqiu quietly
sneaked into the base camp.
Use Nange’s heaven-level qi refining technique to hide his aura and hide his
figure.
Step by step, he came to Levi Garrison’s residence.
This is also the place where the strongest aliens focus on attacking.
At this moment, Jiao Tianyu and others are fighting bloody battles with alien
masters.
Jiao Tianyu and the others were injured, but they could still bear it for the time

being.
As soon as he came here, Gong Qianqiu immediately looked for Levi Garrison's
divine calamity.
She is now praying that Levi Garrison did not take the sword away.
It really made her wish come true.
In the location of the corridor of the residence, Shen Jie was placed there casually.
"Sure enough! Hahaha…"
Gong Qianqiu laughed in his heart.
She moved to this position immediately.
No one found her the whole time.
Including alien masters.
In the end, she successfully got the divine robbery and put it in a sword box that
could also hide her breath.
Then left quietly.
There were no clues or traces left.
It was as if no one had been there at all.
But the divine robbery was stolen.
Gong Qianqiu left uneasy all the way.
She hoped that Levi Garrison would not come back for the time being, and delayed enough time on the other side.
As she said herself – even the heavens are on her side.
Levi Garrison never came back.
She got out of the base camp.
Got the ancient sword she wanted.
But she didn't leave immediately.
Instead, keep watching.
Want to see how destructive this group of alien masters can be?
The other thing is her concern.
How will Levilia be?
It would be bad for her if she was taken away by this group of alien masters, or if
she was injured and killed.
So she sees if she can help properly.
Levilia can be injured, but not dead, let alone taken away.
Levilia is very useful to her.
She absolutely couldn't leave at this time.
the other side.
A group of three alien masters approached Levilia.

In order to retaliate against Levi Garrison, the best way is to attack his family.
Especially Levilia!
If Levilia is taken away and her spiritual roots and bones are transplanted, that
will be the biggest blow to Levi Garrison.
So Levilia is the first target of attack.
The Return of the God of War [The
Protector] Chapter 3515
Levilia, who was cultivating, also naturally noticed the movement outside.
Just when he was about to support him, three alien masters attacked him.
When they saw Levilia, their eyes almost glowed.
Their task is to take away Levilia!
This is also the most critical part of this mission!
Therefore, the three sent to deal with Levilia are the strongest among the eighteen people!
"Take her down and take her away!"
The three masters immediately killed Xiang Levilia.
Levilia also used his own self-created exercises to fight back without showing
weakness.

"Boom…"
She directly used the power of heaven and earth to press the three alien masters
in front of her.
"Bang bang bang…"
A scene no one expected appeared.
The three alien masters were lost, and they all flew out.
He vomited blood, was seriously injured, and his eyes were full of disbelief.
The Levilia in front of him is like a demon.
Blend in with the world around you.
The earth underfoot, or the mountains, or even the firmament.
All for her.
Like a god, you can't look directly at it.
The three of them knew that they were careless.
Immediately use all his powers to continue to attack Levilia.
This cannot be treated like a child!
"Boom boom boom!"
But what no one thought was that the three of them flew out again.
And it's even worse than before!

It was only at this moment that they realized that this child was extremely powerful!
Just like her father!
It is invincible!
It was too late for them to escape, and Levilia's terrifying coercion had already
arrived, making them unable to move at all.
Outside Huoyun Evil God, Zoey Lopez and the others were injured.
After all, this strongest alien is too strong.
If they can hold out until now, it's already pretty good.
"Kill them!"
The fifteen masters of the strongest alien race directly started the killing, and
they wanted to slaughter all the people like Zoey Lopez.
Give Levi Garrison the strongest revenge.
Under their fierce attack, Huoyun Evil God and others felt the pressure.
Just when there was a crisis, Levilia appeared.
Not to mention throwing out the three alien masters, the terrifying aura enveloped the audience!
Let everyone present feel the terrifying coercion!
My heart is shaking.
This is?
At first they thought it was Levi Garrison who came back.
Such oppression.
But who would have thought that this was actually Levilia.
She is imposing, like a fairy!
A terrifying aura enveloped the fifteen masters of the strongest alien race.
"Go, take it!"
The militant alien race rushed up immediately.
But the fifteen people were still invincible.
It was all blasted out by Levilia.
Even Gong Qianqiu was stunned.
This little girl is so strong?
You are not your opponent!
She originally thought that her improvement in this period of time would be
against the sky.
The result is nothing compared to Levilia.
Fortunately, she still wanted to hit Levilia's roots before.
Now wake her up, she is too strong.
Even if Levi Garrison was not there, the idea of letting her go and attacking

Levilia was of no use.
Is she so strong?
How to transplant her root bone?
fortunately!
She couldn't help but pat herself.
Fortunately, this time, I didn't have the idea of playing the root of the king, just to steal the gods.
Otherwise, you will fail yourself.
Sure enough, luck is good, and God is on his side.
However, this made Gong Qianqiu sad, and it would be even more difficult if he wanted to make up his mind about Levilia's roots.
Gotta take the long view.
No one thought it would end like this.
Levilia showed great power, and this group of aliens were not opponents at all.
After they suffered consecutive failures, this group of aliens didn't wait any longer and hurriedly evacuated.
Levilia originally wanted to catch up, but considering the safety of others in the base camp, she still did not chase.
Immediately go to count the casualties.
The strongest alien escaped immediately, and the plan to retaliate against Levi Garrison failed.
Gong Qianqiu also left immediately, this adventure was too exciting.
The risk is too great.
The power of Levilia surprised everyone and changed the situation directly.
Let the plan of the strongest alien completely fail.
There was no revenge at all.
The Huoyun Evil God and the others suffered minor injuries, not heavy blows at all.
Everyone was staring at Levi Garrison, but ignored Levilia, a master.
Or not even thought about it at all.
Just think of her as a child, but she has a very high talent and has a terrible spiritual root and bone.
Just use her as a tool.
But who would have thought that a little girl could grow to such a degree?

The eighteen masters of the strongest alien race are far from being opponents!
This is outrageous too!
No one thought of it!
This time the strongest alien seems to understand a little – why the master doesn't let them touch Levi Garrison easily!
They didn't take it seriously at first.
Now I get it.
They underestimate the enemy.
Levi Garrison was stronger than they thought.
Even his daughter is so outrageous.
Fortunately, there was no direct contact with Levi Garrison.
This is the first time that the strongest alien has escaped in a long time.
Shame on them!
Also very shocking!
I also know how uneasy Levi Garrison is.
They finally got it.
Why did they have to be so careful when they dug out the bones of the five Azure
Dragon (Qinglong) people?
Because there is no certainty about the true strength of Levi Garrison, the monkey.
Gong Qianqiu was the most shocking.
The key is that her layout takes into account every detail.
But it never occurred to me to ignore a very important point – Levilia.
She didn't count her strength in it.
Only when she is a child.
At present, Levilia's combat power is also among the top in the Zhenmo Division.
Gong Qianqiu roughly estimated that Levilia's strength should be on the same
level as the ancestor of the West Pavilion.
That is, it is similar to the Three Saints of the North Pavilion.
That will make the strongest alien master so embarrassed.
Rejoice!
She didn't attack Levilia.
Otherwise, all her plans will fall short.
The bureau that had been arranged for so long was destroyed in one fell swoop.
So glad.
Fortunately, she didn't think it was a good opportunity, so she only took action

against the ancient sword.
She also ran away in despair.
In the base camp, everyone looked at Levilia in disbelief.
They got along day and night, and they never thought that Levilia had grown to
this point now.
They are still stuck at the point where Levilia only has talent.
But he never thought that Levilia had already fulfilled his talent.
so horrible.
Just now, Levilia is like a god descending.
Everyone was terrified.
As strong as her father was, so was she.
Levilia just smiled.
For her strength, her father knew.
Now that Levi Garrison leaves the base camp at will, he doesn't seem to be
worried about Levilia.
The reason is that he knows the strength of Levilia.
Can handle almost any exception.
So he was relieved.
It turned out that Levi Garrison left with confidence this time, knowing that
Levilia's skills could handle everything.
After knowing that the strongest alien master appeared, his first thought knew
that there was a plan.
Maybe it's a trick.
The other party is likely to know the existence of the base camp, to attract themselves away, and then attack the base camp.
But he couldn't figure it out, who else knew the location of the base camp.
It seems that only Xu Qingya and four people from Zhen Mosi have been here.
The three saints in the North Pavilion did not know that when they came to find
him, he was not at the base camp.
But the four should not reveal the location of the base camp.
So who will it be?
Therefore, Levi Garrison still firmly believes that no one knows about the base
camp.
In addition, he saw Levilia once before he left, and realized how far Levilia has

grown now, so he left with peace of mind.
Even if someone comes to attack, Levilia can completely deal with it.
As it turns out, it does.
Levilia can guard the base camp.
the other side.
After Levi Garrison spent some time, he still found the four masters of the strongest alien race.
The Return of the God of War [The
Protector] Chapter 3516
/ The Return of the God of War [The Protector]
When the four of them saw Levi Garrison, not only did they not retreat, but they
were extremely excited.
Finally had a chance to fight Levi Garrison.
At this time, they had actually received the message – that the delay was enough
and they could retreat.
Because something happened on the other side.
But the four ignored the order.
How could they leave so easily against Shang Levi Garrison?
"kill!"
The four desperately killed Levi Garrison.
It's just that when Levi Garrison made a move, the ground shook.

Where can the four be against each other?
Levi Garrison blasted the four out with just one punch.
There is no fighting back.
These four also knew how powerful Levi Garrison was.
Definitely not something they can provoke.
They underestimated Levi Garrison.
The monkeys out here are extremely powerful!
Not that they can fight!
The two sides are not on the same page.
Thanks to how powerful they thought the monkeys outside were, they were just
monkeys.
Everyone wants to fight Levi Garrison!
The result is their naivety.
The power of Levi Garrison was too unexpected.
"withdraw!"
The four were about to leave immediately.
But it was too late to run away now.

Levi Garrison has been eyeing them.
“No! Definitely can’t let him catch it! Self-destruct!”
The four realize the crisis.
“Bang bang bang…”
The next moment, the bodies of the four exploded one after another.
There was a cloud of blood on the spot.
This is the means arranged on them before they set off.
Once he can’t escape, he chooses to self-destruct.
Can’t be caught by Levi Garrison.
“This……”
Levi Garrison was annoyed for a while.
He had guessed that this group of people might be about to commit suicide.
So his mighty power controlled everything, preventing them from doing anything.
But they seemed to prepare in advance and let their bodies explode directly.
He couldn’t control it either.
Obviously the enemy is to lead him out, so that he can go to the base camp to get
revenge on himself.
But how can Levilia’s strength be something you can compete with?
Levi Garrison returned to the base camp unhurriedly.
It was exactly as he predicted.
Tune the tiger away from the mountain.
Sure enough, the group attacked the base camp.
But I have long been prepared, Levilia’s strength is enough to deal with everything.
During this time, he has been paying attention to Levilia’s growth.
With her self-created exercises and enough resources, it’s really fast.
In a short period of time, it was so tyrannical to this extent.
It was the most exaggerated thing he had ever seen.
Therefore, with her here, why is Levi Garrison worried?
He has already roughly understood the strength of all parties in the town of
magic.
Levilia’s strength is also considered top notch.
Therefore, he was very relieved.
“Dad, it’s a pity that Levilia can’t catch them!”
Levilia said with a bit of regret.
Levi Garrison smiled: “It’s okay! This group of people can’t be caught! They will

blow themselves up! They all succeeded in blowing themselves up under my
hands, obviously they are prepared!"
"However, Levilia makes Dad very proud! Finally, I can be on my own!"
Levi Garrison touched Levilia's head with relief.
"Are the others all right?"
Levi Garrison began to check other people's injuries.
"Everyone is okay, just a little bit injured! It's okay!"
Fortunately, after the inspection, everyone is fine.
"This base camp is now completely exposed! I'll check it first! If they leave
anything behind…"
Levi Garrison began to inspect every part of the base camp.
For fear of what these people have done.
But after a lap of inspection, he was relieved.
It is estimated that this group of people has no chance to arrange something.
Nothing is left.
The main reason is that Levilia is strong, disrupting all their plans.
Catch them off guard.
Levi Garrison and everyone walked all the way to his residence.
And the only place he didn't check.
"Huh? What about Divine Tribulation?"
At this time, Levi Garrison suddenly found that the gods were gone.
The Return of the God of War [The
Protector] Chapter 3517
/ The Return of the God of War [The Protector]
Although the robbery is just a tool for him.
He usually throws it aside at will.
But he clearly remembered that position.
When he left not long ago, he glanced at it and placed it at the door.
He remembered it well.
Once the calamity is gone.

He still knew right away.
Now the door is empty, and there is no shadow of the gods.
Then it is lost and stolen.
"What? Divine Tribulation lost???"
Everyone who heard the news was shocked.
Everyone began to search for the whereabouts of the gods everywhere.
I just looked around and found nothing.
Levi Garrison smiled: "Don't look for it, it must be lost!"

“I really never thought that this alien would come to this trick!”
Not only to retaliate against him, but also to steal his divine robbery.
“That’s this group of alien masters. They have a clear division of labor and are
divided into six groups to attack six places! This is all premeditated! It must be
one of the groups to steal the calamity!”
Others also spoke up.
Mainly because other than this group of alien masters, no one else saw it.
Even Levilia also said: “Well, I have observed, except for them, no one has come!”
The main reason is that Gong Qianqiu’s way of hiding his breath is too clever.
Able to sneak in unknowingly.
After coming here, all the breath was hidden.
It’s just that Levi Garrison felt that he had been there, but he couldn’t find out
the specifics.
Now everyone concluded that it was this group of alien masters who stole the
divine robbery.
They have to carry this pot even if they don’t carry it!
Mainly there is no third party present.
Levi Garrison’s eyes flickered with cold light: “Okay, very good. Dare to steal my
Levi Garrison’s things, have the courage!”
“But it’s the same sentence – you have the courage to steal, but you don’t have
the life to use it!”
Everyone felt Levi Garrison’s anger.
Although Divine Tribulation is the same as a pebble to him.
But it’s useless, it’s also his Levi Garrison’s thing.
Not everyone can use it.
Especially thieves!
Less likely!
Levi Garrison didn’t think that the popularity of Shen Jie was so high?
But it is indeed a good sword!
Especially the quenching chain when the spiritual energy is revived, so that the
gods are reborn.
Everyone in Zhen Mo Si thought it was an ancient divine sword.
Want to get one by one.

Levi Garrison looked up at the sky and said indifferently: "The key is how did this place leak out?"
"Besides our own people, only those from Beige have been here who know our base camp! There is no way that other people from the Town Demon Division would know about this place!"
The base camp was exposed, and Levi Garrison naturally suspected Xu Qingya and several others.
Mainly because no one else knows.
Do not doubt who do you doubt?
You can't expose yourself.
The people who live here can be trusted.
Even killing Levi Garrison would not believe it was his own.
There is no problem with my own people, but my own people have long been deceived.
At this time, several people from Ning Jinye came back.
Several people in Ning Jinye said: "I found it!"
"Mr. Ye, we just found out! How did the strongest alien get this address!"
"They are buying and selling information in the town of ghost towns! We found that only the four Xu Qingya from the North Pavilion have come to us! Therefore, we have been looking for the traces of Xu Qingya and a few people, and I don't know if they have found them. But they learned later. Our position, to get revenge!"
"Our people found Xu Qingya and the four, but they disappeared before the North Pavilion battle, and they have disappeared until now! I don't know where they are hiding!"
...
Everyone said coldly, "It's them! It's them!"
"Now the facts are in front of us! It was Xu Qingya who leaked our residence!"
"A few things with human faces and beasts' hearts! Thanks to us for trusting them! As a result, we sold our position after changing hands!"

The Return of the God of War [The Protector] Chapter 3518
/ The Return of the God of War [The Protector]
They had a purpose in the first place, and what they did was to deceive our trust so that they could come to our base camp!"
"I think what Xiao Feng said at the beginning! They were squeamish, and there is a problem at first sight! And if you help us like that, without asking for anything in return, there is a problem!"
"And they know the identity of the strongest alien race, but they don't want to say it! There's a problem with this!"
"We blamed Xiao Feng wrongly! Xiao Feng has been saying that these people have problems! But we didn't believe it, and we didn't pay attention! We shouldn't have let them go in the first place!"
…
Not only did they believe that Xu Qingya and several others leaked the location of the base camp.
They also felt that Xiao Feng was wrong and should have listened to him in the first place.
"Look for it! Find someone for me first!"
Levi Garrison was angry.

the other side.
Gong Qianqiu took Shen Jie to the place where Xu Qingya and several people were imprisoned.
She showed off the robbery before a few people: "Look, what is this?"
"Boom…"
Xu Qingya and several people's minds just exploded.
Did she really do it?
Isn't this the calamity of Levi Garrison?
This woman is so scary!
"Didn't you say that I can't attack Levi Garrison? He is very powerful, do I have nothing to do?"

“But now, I have his daughter’s invincible exercises, and even his ancient sword!
Will his daughter’s roots be far away?”
“Hahaha……”
Gong Qianqiu laughed wildly.
When Xu Qingya and the others were just locked up, they didn’t believe they
were beaten to death.
But Gong Qianqiu is now using the facts to tell them step by step that you have
to believe if you don’t believe it.
crazy!
They can’t imagine what heights this woman will reach next?
Even Levi Garrison is not her opponent, right?
So desperate and frightening.
“Right! Now Levi Garrison believes that the strongest alien stole his sword!”
“And you are also the ones who leaked their base camp! You have to carry the
blame if you don’t!”
Gong Qianqiu smiled sinisterly.
“You are shameless…”
Xu Qingya was completely angry.
They obviously never went out here, but they became murderers.
Take the blame for Gong Qianqiu.
This woman is so scary.
The game she set up involved Levi Garrison and the strongest alien race.
Treat both the strongest sides as pawns.
Guess who can do it?
There is no one!
“Next, Levi Garrison and the others will frantically look for you! Don’t worry, I will
hide you and not let you be discovered by them!”
“You don’t have to thank me, this is what I should do!”
“When necessary, I will kill you! Anyway, I will never let Levi Garrison and the
others find out!”
Gong Qianqiu laughed.
Xu Qingya and several people were about to vomit blood.
Gong Qianqiu will definitely swear to death that they will not be exposed.
Once they are exposed, Gong Qianqiu will be useless.

“Okay, I have to go and see Xiao Feng, and use Xiao Feng to be more sure that
you have leaked information!”
Gong Qianqiu walked away again.
Xu Qingya was so angry that she gritted her teeth.
After Gong Qianqiu hid the divine calamity, he returned to the place where he
retreated with Xiao Feng.
Xiao Feng is practicing hard.
At no point did he find that Gong Qianqiu in the distance was a substitute.
After Gong Qianqiu came, he secretly exchanged for the substitute.
In this way, Xiao Feng has no doubts at all.
Not even knowing the whole thing.
Soon after, the person she specially arranged came hurriedly.
Remind all the two people who are in retreat.
“No, something big happened!”
Xiao Feng immediately woke up from the retreat and came here quickly.
Gong Qianqiu also came here in a similar fashion.
“What’s wrong? What happened?”
Xiao Feng asked impatiently.
“Young Master Xiao Feng, hurry back, there was an accident at your base camp
and you were attacked by the strongest alien race. I don’t know what’s going on
now…”
The Return of the God of War [The
Protector] Chapter 3519
/ The Return of the God of War [The Protector]
As soon as the words came out.
But Xiao Feng was frightened.
“What? Something happened?”
Xiao Feng was surprised.
“Yes, since the exposure of the strongest alien race, hasn’t your master been
looking for it? So the strongest alien race is like revenge, trying to find your base
camp!
They released a reward order in the town of ghost towns to find the whereabouts
of your base camp, and finally found that Xu Qingya from Beige had been to your

base camp. Then they went to Xu Qingya and got the exact location, so they went
to attack…"
This man quickly told Xiao Feng everything.
And what he said was "facts".
Because that's how it is spread out there.

You can hear it wherever you go.
Xiao Feng immediately clenched his fists with anger on his face: "I knew they had
no good intentions!"
Gong Qianqiu had instilled this kind of thought in him for a long time before.
In his subconscious mind, the four of Xu Qingya were bad people.
Now there is such a fact.
He would even think that it was Xu Qingya and several others.
There will be no hesitation.
"Qianqiu really got us right! The North Pavilion guys really have a purpose!"
"But they have been helping my master and the others without asking for anything in return, so much so that everyone thinks they can communicate with
each other. Without thinking about it at all, I know they have a problem!"
Xiao Feng was so angry that he hit the wall.
"Xiao Feng, go back quickly! Let's see how Master and the others are doing? If
you need help, find me as soon as possible!"
Miya Chiaki said.
"Okay!"
Xiao Feng immediately returned to the base camp.
"How's Master doing? I'm practicing in seclusion, and when I heard something
happened, I rushed over immediately?"
Xiao Feng said in a hurry.
Levi Garrison glanced at him: "The strength has improved a lot, and the retreat is
effective."
"It's nothing, they can't succeed if you have the king!"
…
Everyone told Xiao Feng what happened.
Xiao Feng looked at Levilia in amazement, didn't he think she was so strong?

But on second thought it was correct.
He and Gong Qianqiu have both practiced Levilia's exercises, which are extremely
domineering.
It's easy to get carried away.
Their talent is not enough to handle.
You can understand how strong Levilia is.
"What? Divine Tribulation lost?"
When Xiao Feng knew that the divine robbery was lost, he was very angry.
"Xiao Feng, we really blame you in the wrong way. At the beginning, you said that
Xu Qingya had a problem, but everyone didn't believe it! Now it seems that you
are right! This group of people is contacting us with a purpose!"
"Then there must be a conspiracy to help us!"
...
Everyone said that Xiao Feng was wrong.
This made Xiao Feng feel a lot more at ease.
Because for sure he is sure Gong Qianqiu.
His biggest wish now is that Gong Qianqiu will meet everyone as soon as possible,
and then get everyone's affirmation.
Now this invisible affirmation also makes him very comfortable.
"Although we have nothing to do, it is also a huge loss for the divine robbery to
be stolen by the strongest alien race!"
Everyone exclaimed.
Xiao Feng shook his head: "No, I don't think it is necessarily the strongest alien
who stole the calamity!"
"Huh? How do you say it?"
Everyone came together in unison.
"First of all, the strongest aliens only know the approximate location, or they got
it from others! They definitely don't know where the calamity is. And their
purpose is just revenge! If they steal the calamity, there is a high probability that
it will be immediately. encountered."
"And Xu Qingya and the others are very familiar with many places in the base
camp. In particular, Master's residence is often here, and Shen Jie is also at

Master's residence. They must have known where it was."
"Furthermore, it must be profitable for them to help us so much! They dare not
fight the master's idea. Levilia's words are too hard to get, so only the gods! The
easiest thing to get is the gods!"
"They planned for so long, they must have come for this!"
...
That being said, everyone thinks it makes sense.
The Return of the God of War [The
Protector] Chapter 3520
/ The Return of the God of War [The Protector]
"They have been waiting for an opportunity, this time the strongest aliens are
going to take the opportunity to attack, isn't it a good opportunity for them?"
"Taking advantage of the gap between the strongest alien attack, they came
here and stole the robbery, and no one found it."
"And I heard that Zhen Mosi has a top-level qi refining technique that hides his
body and hides his breath. It is estimated that even the master can't detect it. If
they know this kind of qi refining technique, it is quite easy to steal the divine
calamity silently. ."
This was instilled in him by Gong Qianqiu.
It wasn't that the people who foreshadowed Xu Qingya were indoctrinated in
advance, hiding such clues in Xiao Feng's mind early.
So far, there is strong evidence.
With that said, everyone fell silent.
Seems like this is the case?
Xu Qingya and the others were probably the ones who stole the calamity.

Not the strongest alien!
"Hey, if only you had listened to me! It wouldn't be like this now."
Xiao Feng sighed.
Levi Garrison didn't speak the whole time.
He can't say whether it is Xu Qingya or not.
However, when dealing with him in the past, he felt that these people were not

bad.
But not 100% trust.
Maybe they're hiding too well.
But no matter what they say, those who steal his divine robbery will not end well.
all to die!
Everyone began to inquire about the whereabouts of Xu Qingya and several
others.
Of course, the search for the strongest alien race continues.
At this time, the news has spread –
The strongest aliens attacked Levi Garrison's base camp, and Levi Garrison's
ancient sword was also lost.
But the strongest aliens did not seek any benefits, but were defeated by Levi
Garrison's daughter Levilia.
At this moment, this alien race gathered together.
Everyone looked gloomy.
They have never suffered such a big loss!
The four masters who went to attract Levi Garrison all blew themselves up, and
the eighteen masters who attacked the base camp were also injured to varying
degrees.
Shame on them! ! !
"Now the whole town magic division is laughing at us!"
"We can't bear this kind of shame. When have we suffered such a big loss?"
...
Each and every one of these people was pissed off.
But helpless.
"Not only that, Levi Garrison's ancient sword was lost, and now it's our fault!"
"Everyone agrees that we stole Levi Garrison's ancient sword!"
"After all, we are the only ones present at this time! Who would have thought
that other people would steal the ancient sword?"
...
It's something they didn't even think about anyway.
Everyone looked at each other.
Anyone else show up?

And stole Levi Garrison's ancient sword!
And put the blame on them!
Mad!
The strongest aliens are going crazy.
I never imagined this would be the result!
"We want to retaliate against Levi Garrison, but we won't steal his sword! This
method is too low-level!"
"Who is it? They put the blame on us! Someone even plots against us?"
...
It was a super humiliating day for the strongest alien.
Not to mention being beaten by Levi Garrison and Levilia, there is still someone
who uses them as tools to frame the blame.
Not long after, the strongest aliens issued a statement-they would not be able to
steal from the gods.
They don't even have the idea of dead robbery!
As soon as the message comes out.
It further proved Xiao Feng's conjecture – it was not the divine calamity stolen by
the strongest alien race, but the divine calamity stolen by Xu Qingya and several
others.
"Have you seen it? This is why the strongest aliens made such a statement after
hearing the message and knowing that they had been wronged!"
"Since it's not the divine calamity they stole, then the result is obvious, it's Xu
Qingya and the others!"
Xiao Feng sneered.
"Yes, if it is the strongest alien race, they will definitely admit it! Because
stealing the divine calamity is a revenge strike for us!"
"Find Xu Qingya and the others as quickly as possible!"
The Return of the God of War [The
Protector] Chapter 3521
/ The Return of the God of War [The Protector]
After knowing this information.
Gong Qianqiu just smiled with satisfaction.
Everything is under her control.
In the end, the calamity of the gods will be carried on the four of Xu
Qingya.

Anyway, no matter how fights outside, it won't affect her.
No one would notice her presence.
She is the real manipulator behind it.
Everyone is a pawn!
"Ha ha ha ha……"

Looking at the arrogant Gong Qianqiu, the three of Xu Qingya were angry and
helpless.
This woman is terrifying.
Everything went according to her plan.
Everyone became her pawn.
The key point is that those big bosses will not think that such a small character is
controlling everything.
At present, Gong Qianqiu is a small role.
But Xu Qingya and the others knew that Gong Qianqiu would grow up soon, and
even be on the same level as Levi Garrison and the strongest alien.
Gong Qianqiu looked at Xu Qingya and sneered: "Fortunately, I didn't kill you
directly, otherwise you wouldn't be able to see my glorious process! You will be
the best witnesses!"
Now Gong Qianqiu is very confident.
But what made her depressed, or what was outside the variables was Levilia!
Levilia is too powerful!
There is already a vague gesture of Levi Garrison.
She is far from being an opponent right now.
Even if her strength is increasing rapidly now, it may be a hundred times faster
than before.
But you are growing, and Levilia is also growing.
She can collect massive resources, and so can Levilia.
Of course it's temporary.
For the time being, Levilia's resources can keep up with her.
But Gong Qianqiu's only advantage is resources.
After all, all the resources Levilia can have are raw materials, while her resources
are processed.

For example, Tiancaidibao can be directly transformed into elixir and the like.
The effect is better than the raw material.
And it can be said to have everything.
After all, her people infiltrated every faction of the Town Demon Division, which
meant that the entire Town Demon Division was supporting her.
And Levilia resources are scarce.
Of course it can't be seen for the time being.
For the time being, Levilia's resources are not lost to her at all!
Another is to increase the speed.
She is increasing rapidly, and Levilia is faster than her.
Not only does she have this miraculous technique, but she also devours spiritual
roots and bones.
The speed of Levilia's improvement may be dozens of times, or even hundreds of
times, that of Gong Qianqiu.
Levilia has become so strong now.
If this goes on, Gong Qianqiu will not be able to catch up to the death.
This is the biggest problem.
Even if she used a strategy to implicate Levi Garrison with an alien race, it would
still be of no use.
She is not Levilia's opponent.
To win Levilia, she must have strong foreign aid.
But this kind of foreign aid that can take Levilia is at least at the level of the
ancestors of the major factions, such as the Three Saints of the North Pavilion.
If you want to win it steadily, this kind of powerful foreign aid may not come with
one or two.
At least seven or eight at least.
But this kind of ancestor, there are not many big factions.
Where did she find so much?
Sad people!
That's what worries her the most!
Have to take the long view.
It looks like it can only be outsmarted.
Also make good use of Xiao Feng's chess piece.
"If only my training speed could catch up with her…"

Miya Chiaki sighed.
But this is impossible.
Her cultivation speed is so abnormal, how can she catch up?
But she still couldn't let go of the opportunity to practice.
You have to cherish the time and improve your strength as much as possible.
No, the men she controlled sent her a huge amount of resources.
This was enough for her to practice for a while.
Now it means that the resources of the major factions of the entire town magic
division are supporting Gong Qianqiu.
After a long time of consumption, her resources are much richer than Levilia.
And after using this resource too much, it may not have much effect.
After all, you are improving too fast, and when you reach a certain level, you will
need higher-level resources.
Levilia does not have it, but Gong Qianqiu has it.
The Return of the God of War [The
Protector] Chapter 3522
/ The Return of the God of War [The Protector]
There are various levels of elixir in the Town Demon Division.
She is just starting out now, and she uses relatively low-level medicinal herbs.
But she can get some top-level resources later.
It may be that any top-level medicinal pill will be a mountain of resources.
A protracted war is Gong Qianqiu's only hope now.
But Gong Qianqiu still doesn't want to delay it for so long?
Still have to solve it as soon as possible.
At the same time as she retreated and cultivated, she was also thinking of a way.
the other side.

Now all the spear points are directed at Xu Qingya and the others.
Levi Garrison couldn't sit still.
Come to the North Pavilion in person.
At this time, the North Pavilion is being rebuilt.
Looks like a waste of time.
Seeing Levi Garrison coming, the Lord of the North Pavilion and a group of
people all came out to greet him.
But seeing Levi Garrison's gloomy face, they were a little scared.

even know what's going on.
"Let the three saints of the North Pavilion come to see me!"
Levi Garrison said coldly.
"Okay!"
In the North Pavilion Hall.
Levi Garrison sat in the upper seat.
The Three Saints of the North Pavilion and the Lord of the North Pavilion are
listed on both sides.
"I want to ask where the four of your junior Xu Qingya went?"
Levi Garrison asked coldly.
"This……"
One question made everyone in the North Pavilion shudder.
Now, what are the things that the Town Demon Division is spreading, how can
they not know?
Everyone said that Xu Qingya and the four leaked the location of Levi Garrison's
base camp, and even stole the ancient sword.
At this time, Xu Qingya's father was also Xu Wankuo, the second junior brother of
the Lord of the North Pavilion!
He stood up and said, "The king doesn't know the word side by side, the little girl
and the three apprentices have long disappeared!"
"disappeared?"
Levi Garrison was taken aback.
Xu Wankuo said: "Before the North Pavilion crisis, the four of them went to find
you! It seems that I helped you find the whereabouts of those bone masters, and
I also provided a lot of help! Since then, they have disappeared…"
"In addition to the later Beige crisis, they never came back! Until now, we can't
contact them anyway!"
The Lord of the North Pavilion also said: "We even agreed that they may have
died in battle! It's just that we don't know. But it looks different now."
Levi Garrison frowned: "Have they never been to the North Pavilion? But after
helping me at the time, they all came back!"
"No! They are back! According to the time, when they arrived at the North

Pavilion, the North Pavilion was already besieged!"
Xu Wankuo nodded: "Yes, so we guess they may have died in battle!"
"No no no…" Levi Garrison shook his head: "They just came back to see the North
Pavilion being besieged. They are smart people and will not shoot blindly. It is
unlikely that they will die in battle."
"Yes, everyone in the North Pavilion was trapped at the time! The only seeds
were them! Only the four of them were outside, and they would definitely not
directly join the battle, but were thinking about how to find support…"
The Lord of the North Pavilion also began to analyze.
Levi Garrison said: "Before they left, I gave them a promise! I can help once in
danger! At this time, seeing that the North Pavilion is in danger, you should come
to me for help as soon as possible!"
"Ah? What else?"
Everyone was surprised.
But it's becoming more and more certain that everyone's guess is correct.
Levi Garrison nodded: "Well, that's right! Even if a few of them are plotting
against me, but at this moment, the first thought should be to save the North
Pavilion. But now, it's not logical!"
Xu Wankuo and the others immediately said, "Don't worry about the king side by
side, how can they dare to think about you, what qualifications do they have with
their strength? Even the three ancestors are not your opponents!"
…
After the analysis, everyone felt that Xu Qingya had no reason to reveal the
location of Levi Garrison's base camp, let alone steal his ancient sword.
"So now there's a problem! Why did they suddenly disappear? Why did this
happen?"
The Return of the God of War [The
Protector] Chapter 3523
/ The Return of the God of War [The Protector]
Levi Garrison frowned.

He has dealt with a few people.
I know a few people who are not thirsty even if they are thieves.
They also know their own strengths.
How dare you count yourself?
But this time all the evidence points to them.
They are the only people in the town of Demon Squad who have come to their
base camp.
The Ancient Divine Sword was not stolen by the strongest alien race, it could only
be them.
Outrageous!
Join Telegram Group For Fast update
Levi Garrison can't even imagine that there is a black hand behind the scenes.
If anything, that would be terrifying too.
He can't figure out how to do it?
There are no clues.
There is absolutely no proof of presence.
Run yourself and the strongest alien as pawns.
Familiar with their own base camp, familiar with everything about the strongest
alien race.
Can't seem to find such a person?
But it is indeed possible!
Levi Garrison immediately proposed the idea of this third party.
impossible!
There can be no such person in Zhen Mosi!
The Three Saints of the North Pavilion immediately denied it.
"It's impossible for a third party to appear! Anyway, I know that no one in the
town magic department can do this! No one has this strength!"
The Three Saints of the North Pavilion thought about all the great masters of
Zhen Mosi.
There is no one who fits it.
But they overlooked one point, the layout may be small characters.
Rather than the super-powerful bigwigs in their cognition.
This time, it is a layout where strategy outweighs strength.
Levi Garrison still agrees with the statement of the Three Saints of the North
Pavilion.

Because according to normal logic, to be able to do this, at least your strength is
against the sky, right?
Otherwise, how could it be possible to use Levi Garrison and the strongest alien
as chess pieces?
This is absolutely impossible.
It's no wonder Levi Garrison and the others don't understand.
Because according to common sense it is impossible.
And she didn't leave any evidence, she did everything perfectly.
In particular, Xu Qingya and several others were imprisoned.
It's not even clearer now.
The hypothesis that led to Levi Garrison's third-party manipulation was not true
at all.
"The most urgent task is to find Xu Qingya and a few people! Find them and
everything will be understood!"
Levi Garrison raised the point.
When looking for Xu Qingya and the four of them, Levi Garrison certainly wouldn't forget to look for the strongest alien.
However, after the strongest aliens suffered a loss in his hands this time, they
were much more honest.
Did not dare to come out easily.
Although it is a great shame for them.
But there is no way, Levi Garrison's father and daughter are too powerful.
If they don't use the top powerhouses in the alien race, there is absolutely no
way.
Next, Levi Garrison's search was even more intense, and he also used a lot of
people from the Town Demon Division.
He went directly to the major factions of the Demon Suppression Division and
suppressed them with absolute force.
If you don't help him find someone, you will be iron-blooded.
Everyone has no choice but to follow his will.
Almost the entire town magic division is looking for someone.
While rebuilding the North Pavilion, he was trying his best to help Levi Garrison
find someone.

Coax the town magic division uproar.
But Levi Garrison is like this, it is a shame for them.
In the entire town of Demons, these aloof gods exist.
He was commanded by a "monkey" outside!
Dao is against Tiangang!
Inverted!
Everything is reversed!
Looking for someone for Levi Garrison was forced to agree due to coercion.
But in their hearts they didn't agree.
Shame on them!
Being commanded by monkeys, who can bear it?
Soon someone couldn't take it anymore.
I want to oppose Levi Garrison.
Finally someone stood up.
"No way, how can I be dominated by a monkey like a dignified Demon Suppression Secretary? We have lost all the faces of our ancestors?"
One person stood up, and everyone stood up one after another.
There are actually many people who oppose Levi Garrison.
But the current form of the Suppression Division is that the major factions are
independent.
It is absolutely impossible to rely on one party's power alone.
We must all unite.
Now someone proposes to unite and deal with Levi Garrison's plan together.
The Return of the God of War [The
Protector] Chapter 3524
/ The Return of the God of War [The Protector]
Therefore, all parties responded.
They didn't want to find someone for Levi Garrison for a long time.
Why?
Can a monkey bully them too?
The major factions of the Town Demon Division have joined together to discuss
how to deal with Levi Garrison.
Secretly, the Zhenmo Division began to conspire against Levi Garrison's plan.
"Now this monkey is very strong, so strong that one of our factions is definitely
not an opponent, understand?"
"We have to unite! Let him know what a real Sorceress is!"

“The major factions have to come up with top experts to deal with Levi Garrison,
do you understand?”
Join Telegram Group For Fast update
…
First, some small and medium factions, they have alliances between them.
After joining forces now, the power will gradually become stronger.
More and more factions join in.
In just half a day, more than 30 factions have joined.
Not only that.
Now even the faction of the Suppressing Demon Chief can’t sit still.
Those ancestors or senior elders have always been silent on this matter.
Even at the level of the five-sided pavilion’s pavilion master, he would turn a
blind eye to this.
But the supreme geniuses of these big factions couldn’t sit still.
It would be a great shame for Levi Garrison to do so.
This is a humiliating question.
Coupled with the arrogance and arrogance of these supreme arrogances, it is
even more unbearable for this situation.
Since the older generation does not speak.
Then it’s up to them to solve this kind of thing.
In fact, they also really wanted to touch Levi Garrison.
Therefore, in the Wufang Pavilion, except for the North Pavilion, the arrogance
of the other four pavilions gathered together.
They want to unite to overthrow Levi Garrison.
Kill this monkey!
The top geniuses of the major factions all hit it off.
They all agreed to the plan.
And I just heard that other factions are also uniting, and they also want to target
Levi Garrison.
All parties simply unite.
To target Levi Garrison together.
This is much stronger than the forces that were united by the Wolf Temple.
The parties found a place to conspire.
Almost all the factions of the Town Demon Division were brought in.
The small and medium factions are led by the top powerhouses, while the large
factions are led by the top talents.

Their power has never been greater.
This is also much stronger than when he attacked the North Pavilion.
There are enough people attacking the North Pavilion, but there are not many
strong ones.
But this time, there is not much in the essence.
All of them are strong.
"I think our strength is almost enough now! A wild monkey is absolutely not
allowed to spread wild on our heads!"
said the crowd.
"Not only that, in order to increase the chance of killing Levi Garrison! We,
Wufang Pavilion, decided to take out all the artifacts of the town pavilion!"
The great arrogance of Wufang Pavilion said.
"What? Wufangge's artifact of the town hall?"
After everyone heard it, everyone's eyes lit up.
They all smiled.
In this way, their probability of winning will be greatly improved.
Even killing Levi Garrison is a sure thing.
Wufang Pavilion has the artifact of the town pavilion. For example, the artifact of
the town pavilion in the north pavilion is the trapped dragon array in front of the
main hall of the north pavilion.
Once the Difficult Dragon Great Array is opened, it will protect the North Pavilion from trouble.
If the trapped dragon formation was opened, those people would not have broken through it at all.
Therefore, when attacking the North Pavilion, everyone's first thought was to
destroy the opening of the trapped dragon formation.
It is because the power of the sleepy dragon formation is too strong.
The other four pavilions also have artifacts of the town pavilion!
The power is comparable to that of a trapped dragon.
And it is better than the North Pavilion Trapped Dragon Array. The trapped
dragon can only protect the North Pavilion hall and cannot be used in other
places flexibly.
But the artifact of the other four pavilions can be used flexibly!

Once the four town hall artifacts are used.
They couldn't figure out what chance Levi Garrison had to win?
No one would have imagined that the always discordant Town Demon Division
would unite because of their dealings with Levi Garrison.
The Return of the God of War [The
Protector] Chapter 3525
/ The Return of the God of War [The Protector]
And the power to crusade against Levi Garrison is getting stronger and stronger.
More and more people in the town magic department are also joining in
After all, now Levi Garrison brings shame to everyone.
Zhen Mosi was riding on his head by a monkey, making a fortune.
Who can stand it?
It is mainly the top genius of the big faction Wufangge who led the team, and
also took out the artifact of Zhenge.
They can join in.
will be reckless.
Otherwise, who would dare?

How powerful Levi Garrison is, everyone has begun to see it.
Even the strongest aliens suffered in his hands.
They had never heard of such ruthless people having suffered losses.
If you let them know that the North Pavilion was also kept by Levi Garrison, it is
estimated that they will go crazy.
Of course, some people now speculate that it may be Levi Garrison who kept the
North Pavilion.
But most people still don't know.
The ignorant are fearless!
They are not afraid.
There are big bosses from all over the world!
The conspiracy against Levi Garrison is also getting stronger and stronger.
In just one day.
The Town Demon Division has already had hundreds of forces involved.
At this time, Gong Qianqiu had already received the message.
It is heard that the experts from all sides of the Magic Town are going to target
Levi Garrison.

She got excited right away
Now as long as someone targets Levi Garrison, it will be beneficial to her.
But she quickly turned pale.
so what?
Even if these people really contain Levi Garrison.
There's nothing you can do yourself.
It's not Levilia's opponent at all.
Now it's not just Levi Garrison's problem.
Levilia is also a problem.
It would be best if this group of people could kill Levi Garrison.
But what if it can't be done?
Even if the arrogance of the Sifang Pavilion will bring the four artifacts of the
town pavilion to deal with Levi Garrison.
She is not very optimistic either.
After all, she knew that it was Levi Garrison who shot in the North Pavilion, and
Levi Garrison's combat power was more terrifying than everyone imagined.
But in the end, it's still good for people to contain Levi Garrison.
Especially this time they are going to use the four artifacts of Wufang Pavilion.
The town hall artifact is extremely terrifying.
Now Gong Qianqiu is a little looking forward to whether the four major town hall
artifacts can threaten Levi Garrison.
Or can you test out Levi Garrison's combat power!
It would be the best if he could beat Levi Garrison.
Of course, she wouldn't sit on the mountain and watch the tiger fight.
Some strategies will also be used appropriately.
For example, ambushing people secretly and attacking Levi Garrison while the
time comes.
The Town Demon Division also has a special killer organization.
It used to be a special assassination organization of the Town Demon Division,
but later it split out and formed a number of killer organizations.
The most famous ones are the Yama Hall, the Seven Killing Pavilion, the Rakshasa
Hall, the Red Leaf, and the Green Bamboo.
Among them, King Yama of the Ten Halls of Yama Hall is the most terrifying.

It's terrifying.
However, the price of the shot is very high.
At least the level of the Earth-level Qi Refining Technique will be shot.
As for the King Yama of the Ten Halls, the price would be huge, at least it must be
at the level of the Heaven-level Qi Refining Technique.
These killers are also crazy.
As long as you pay enough price, they will kill anyone.
For example, the ancestors of the major factions, they will try their best to kill.
"No, such a good opportunity is hard to find! I can't control the strongest alien
race! They are always variables, and I want to control the battle situation in my
own hands!"
"While they are attacking Levi Garrison, I will also help!"
"Ma Shan, you guys, go and contact Yama Hall, Seven Killing Pavilion, Rakshasa
Hall, Hongye, Qingzhu! At all costs, invite their top killers!"
"Of course other killer organizations are also fine, invite all of them to me,
remember, as long as the elites! I can bear any price!"
A cold glow flashed in Gong Qianqiu's eyes.
If Levilia plays with resources, she may feel guilty.
But please order the killer of Zhen Mosi, she still doesn't have everything.
The Return of the God of War [The
Protector] Chapter 3526
/ The Return of the God of War [The Protector]
He expects that Zhen Mosi can surprise him.
Even the North Pavilion drew his attention.
He was looking forward to it.
At the same time, vigilance has indeed decreased.
After all, they all know who the enemy is and when they will attack.
Coupled with the self-confidence of his own strength, it is natural to ignore
these.
He even had to go to sleep.
Just waiting for the enemy to come to him.
I have to say that Gong Qianqiu is very powerful and expected everything.

The only thing she couldn't grasp was Levi Garrison's strength.
In the end to what situation.

She had guessed everything else.
“Master! When the time comes, let your mother, Levilia, and sisters still hide?”
“It’s not about questioning your strength. If the main monarch and the others are
by your side, you may be distracted. In case the magic artifact of the Sifang
Pavilion is really powerful…”
Xiao Feng put forward this idea again.
Levi Garrison thought about it and nodded: “Well, it makes sense! Actually, I’m
not worried about Levilia’s strength. But I’m worried about other people, and
then I have to distract Levilia and me!”
“Master, when the time comes, I will fight alongside you with some brothers.
Let’s make some preparations and catch them off guard, shall we?”
Xiao Feng is also full of fighting spirit.
Levi Garrison waved his hand: “No, you hide with Levilia and the others, it’s
better for me to deal with it alone!”
“I… ok, Master…”
Xiao Feng originally wanted to stubbornly help Master, but thinking of his own
strength, he still held back.
He needs to get stronger!
This can help the master to bear more;
It can also avenge the Azure Dragon (Qinglong) five:
More worthy of Gong Qianqiu!
He’s still far from it.
You must follow Gong Qianqiu’s footsteps and train hard.
“Okay, you don’t have to hide elsewhere. I have already built an underground
palace in this place, you can just hide in it!”
Levi Garrison said.
“Ah? And the underground palace?”
Xiao Feng was surprised.
“Well, this is something I developed a long time ago, I thought it would not be
used, but I don’t think it is still used now!”
Levi Garrison smiled.
“Okay, everyone get ready, I’ll wait for the enemy to come next!”

the other side.
Gong Qianqiu felt that it was not enough.
It would be better if the strongest aliens could come.
But now she can't contact the strongest alien.
After all, the strongest alien race is too secretive now.
"Well, why don't you try to release a message in the ghost market and see if the
Xuanming aliens can come?"
This strongest alien race is called Xuanming Alien Race, but few people actually
know the name.
Just heard that it is called the strongest alien.
Gong Qianqiu is very understanding.
She even has some treasures from the Xuanming alien race.
Such as contact their token, mark and so on.
"If you disperse all these to the ghost market, I think the Xuanming aliens will
contact us! Tell them all the information about dealing with Levi Garrison!"
Gong Qianqiu still decided to give it a try.
The Return of the God of War [The
Protector] Chapter 3527
/ The Return of the God of War [The Protector]
This can increase a little more certainty.
I have to say that Gong Qianqiu's move still worked.
The message of the ghost city really reached the Xuanming alien race.
"What? Zhen Mosi wants to deal with Levi Garrison?"
After seeing these high-level members of the Xuanming Alien Race, they immediately became interested.
There was a burning look in his eyes.
How could they possibly have no idea?
A group of people shouted that they were going to kill Levi Garrison.
"But the master told us not to touch Levi Garrison for the time being! Let us be
honest!"

But some people put forward the master's advice.
Now everyone's face changed.
"However…the main force against Levi Garrison this time, the Sifang Pavilion has
taken out the artifact of the town pavilion! They are the main force! As for us, we

just need to find opportunities in the dark!"
one said.
"Yes, yes, we will observe it secretly when the time comes, and then make a
decision based on the situation!"
"If Levi Garrison is strong, then we won't take action. But once Levi Garrison is at
a disadvantage, hehe…"
"If we can't beat it, we won't shoot. If we can beat it, we will help kill Levi Garrison!"
"Yes! This is basically no loss for us!"
"We don't send many people out! Even if the master knows about it, he won't
blame it!"
Xuanming aliens are also involved.
They will send ten top experts to ambush in the dark.
It's time to see the situation.
These ten masters are far higher than the ones they sent to deal with Levi Garrison before.
Each of them also holds artifacts of the Xuanming alien race.
In the face of attacking Levi Garrison, they dare not and will not go.
If they can act as killers, secretly attack Levi Garrison or make up for the knife,
they are definitely first-class.
Gong Qianqiu also learned of the news that the Xuanming alien race was going to
take action.
What gave her a headache was not knowing when the Xuanming aliens would
take action.
She also cannot control this Xuanming alien.
She can infiltrate the major factions of the Zhenmo Division, but only the Xuanming aliens can't.
But the advantage is that the Xuanming aliens suffered a loss from Levi Garrison
last time.
This time they will definitely take the form of an assassination.
Not sure when, where or how.
But precisely this uncertainty is what Gong Qianqiu needs.
Because of this uncertainty, even she doesn't know, let alone Levi Garrison.
This can bring Levi Garrison the biggest threat.

Then cooperate with the assassins she invited and the secret shots of the masters of the eternal kingdom.
Greater grasp…
No one would have thought that Gong Qianqiu was the leader of the plan to
assassinate Levi Garrison.
The Return of the God of War [The
Protector] Chapter 3528
/ The Return of the God of War [The Protector]
However, there are factors other than the Gong Qianqiu variable.
That was the mysterious force that controlled the genius doctor Yan Zangsheng.
Since knowing Levi Garrison's strength, they have been in a state of avoidance
because they are afraid of revenge.
For fear that Levi Garrison would find them.
In fact, Levi Garrison is also looking for it, but the focus is now on the Xuanming
alien race.
Where can I take care of others?
Otherwise, these people would have been found long ago.
They also knew what would happen if they were found by Levi Garrison.
They were afraid of the day when Levi Garrison found them.

However, the news that Zhen Mosi wanted to deal with Levi Garrison secretly,
somehow reached their ears.
This immediately cheered the group up.
This is their turning point.
The best way to eliminate fear is to get rid of Levi Garrison.
Of course they don't have this strength themselves, but now they have a chance.
Zhen Mosi is going to deal with Levi Garrison.
This is their best chance.
They must unite with the major factions of the Town Demon Division and deal
with Levi Garrison together.
Only by killing Levi Garrison can it be done once and for all.
This is yet another factor of uncertainty.
Also a very powerful force.
The pressure on Levi Garrison's side is also increasing.
There is also the Eternal Kingdom dispatched this time, also quietly.

After all, they are not a frontal attack, but also a sneak attack.
They directly passed the Sky Shield Bureau, quietly sneaked into Daxia, and
deployed the required strength in advance.
Even the Sky Shield Bureau doesn't know about this.
Otherwise, the Black Hawk agents would have informed Levi Garrison long ago.
Gong Qianqiu also arranged his insidious layout one by one.
Just waiting to attack.
However, Gong Qianqiu had some doubts, and she could not contact Xiao Feng.
She also wanted to inquire about the situation on Levi Garrison's side.
But Xiao Feng actually disappeared.
Didn't even leave the base camp.
But for Gong Qianqiu, it is also beneficial.
Xiao Feng could not contact them, at least it means that Levi Garrison hid them.
Levilia is also hiding.
At that time, if Levi Garrison fails, Levilia will be safe.
She can still get Levilia through Xiao Feng.
In the blink of an eye.
It came three days later.
The masters of the major factions of the Town Demon Division have secretly
assembled.
The Return of the God of War [The
Protector] Chapter 3529
/ The Return of the God of War [The Protector]
Even the four town hall artifacts were all taken out!
Wufang Pavilion has five town pavilion artifacts.
East Sword!
West Gun!
South knife!
North Array!
Middle bow!
Dongge Town Hall Artifact – Suppressing Demon Sword!
The artifact of Xige Town Pavilion – the Son of Heaven Spear!

Nange Town Pavilion Artifact – God Weeping Knife!
The artifact of Zhongge Town Pavilion – Jiutian Bow!
Except for the trapped dragon formation in the north pavilion, the other four

pavilions of the town pavilion artifact can be used at will.
After all, the sleepy dragon formation is in front of the North Pavilion.
You can't take it with you!
This time, the genius of the Sifang Pavilion applied to the ancestors and borrowed all the four artifacts.
To deal with Levi Garrison together.
Not only that.
The geniuses of the Sifang Pavilion were also dispatched together.
There are ten unparalleled talents in Wufang Pavilion of Zhenmosi, and they are
known as the future of Zhenmosi.
Of course, only the North Pavilion does not have this kind of arrogance.
Originally found two of them, but they were pryed away by the strongest Dongge.
At present, the East Pavilion has four arrogances, and the other three pavilions
have two each.
Soon all the top ten arrogances came.
The East Pavilion has the largest battle, and the four Tianjiao are——
Dugu Tuo, Baili Wan'er, and Chu Xinghe and Chu Qingshuang were brought from
the North Pavilion!
The West Pavilion is Shangguan Tianfeng and Zhong Haiqiu.
The South Pavilion is Han Jiuxiao and Jiang Tianqiong.
The middle pavilion is Li Zhuyue and Xu Zhetian.
Ten Tianjiao came in unison, and they were the backbone of this operation.
He will lead the masters of the Demon Suppression Division to kill Levi Garrison.
The town hall artifact was also brought by them, and these Tianjiao carried
behind them.
These ten Tianjiao were extremely domineering, and their breaths swept the
audience.
Whoever saw it was amazed.
horrible!
Unless the ancestors of the major factions are at the level, no one can compare
to them.
Don't say anything about the ancestors of the small and medium factions.
Can't compare at all.

They are about ten people, but they are two decades old, but they are already
the top masters of the Town Demon Division.
There are not many people who can beat them stably.
As expected of the answer to the future of Zhen Mosi.
The strength of the top ten Tianjiao has been extraordinary, plus there are four
great artifacts.
Everyone is more stable.
This time the grasp is much bigger.
Coupled with the masters of the Magic Division, how could Levi Garrison not die?
They can't figure it out.
No matter how strong he, Levi Garrison, can he go?
Gong Qianqiu was also observing in the dark.
Now she just wanted to laugh wildly.
Before, although she was also a rare genius, her talent was excellent.
But compared with the top ten geniuses of Wufang Pavilion, it is still far behind.
After all, they are all geniuses.
In particular, Bai Xinghe and Chu Qingshuang, who had stolen the North Pavilion
from the East Pavilion, were strong enough to challenge one of the Three Saints
of the North Pavilion.
The gap between him and them is like a gulf that cannot be erased.
She could only look up, but there was no way to approach or catch up.
Because the more you catch up, the bigger the gap.
The growth rate of these ten people is the same as riding a rocket.
It is unique in the town magic division.
The prediction for them is that the future will be stronger than everyone in the
town magic department!
Chasing them is impossible!
Gong Qianqiu had never had such an idea before.
But now since she has Levilia's practice, she always wants to compare with the
top ten talents.
Now that the top ten talents are gathered together, she finally has a chance.
After this comparison, Gong Qianqiu's eyes showed ecstasy.

Since getting Levilia's practice, her strength has grown by leaps and bounds.
In the past, she could only look up to the eternal arrogances who were on the
same starting line.
Now, except for the strongest Bai Xinghe and Chu Qingshuang, she is sure that
everyone else will be able to draw a tie.
If she practices this practice for a while longer.
It is estimated that it will be able to catch up with the top Tianjiao.
This is the point of her ecstasy.
If combined with Levi Garrison's ancient sword, she will definitely be stronger.
And if she gets Levilia's roots, she will surpass these arrogances in minutes!
The Return of the God of War [The
Protector] Chapter 3530
/ The Return of the God of War [The Protector]
What a surprise!
Out of reach, she reached it easily.
Next, she will become the unreachable dream of this group of geniuses!
Will she have this day too?
Not by conspiracy, but by pure strength to be side by side with the top ten talents.
Of course, the top ten geniuses are super powerful, and this is beyond her surprise.
I thought I could surpass them after this period of growth.
Still no result.
If they take out the artifact of the town pavilion again, they will indeed be able to
fight against Levi Garrison.

This is what surprised her.
The main force against Levi Garrison this time is strong enough.
Unexpected.
Several Tianjiao from Bai Xinghe stood in the field, their faces were cold and
arrogant, and they all looked like I was number one in the world.
Although Levi Garrison is powerful.
First, they killed the thirteen factions of the Wolf Temple, and then let the Xuanming aliens suffer.
But they were not convinced.

Because they think they can do it too!
Even better.
In addition, there is a town hall artifact in hand.
None of them are afraid.
If it weren't for the sect bondage and exhortation.
These top ten geniuses all wanted to go to Levi Garrison alone for a while.
Even, they feel that it is shameful for the top ten talents to shoot together!
But there is no way.
Levi Garrison this monkey is quite powerful.
They have to come together!
Their strength, everyone present is convinced!
are led by them.
Just waiting for them to call the shots.
"Now a monkey outside is riding on our head to make a fortune, can you bear it?"
Bai Xinghe shouted.
"cannot!"
"Never let a monkey ride on our head of the town magician!"
Everyone shouted in unison.
"Then what should we do?"
Bai Xinghe shouted.
"Get rid of this monkey!!!"
Everyone shouted.
"Actually, Levi Garrison is not that strong at all. You see, none of the ancestors of
the major factions are here, right? That's because he is not worthy! We are
enough to deal with him!"
The top ten geniuses despised Levi Garrison.
And the masters of the Demon Suppression Division are also full of confidence,
and they don't take Levi Garrison in their eyes at all.
"Okay, then let's go!"
"I hope this Levi Garrison can be stronger, so that we can use the opportunity to
get out of the town hall artifact!"
The top ten talents are still proud.
Although they carry the four great artifacts of the town pavilion.
But in their view, they don't need it at all.
Wouldn't use it at all.
Can be used better.
Show them how powerful this monkey is.

Immediately, the team of Zhenmo Division quietly set off and slowly approached
Levi Garrison's base camp.
Gong Qianqiu also acted immediately.
The slayers she hired were also dispatched.
One by one, they were buried in the positions they had researched in advance.
However, the overall position is in the rear of the Suppression Division army.
At the same time, Gong Qianqiu also informed the Eternal Kingdom.
The people of the eternal kingdom are all in place.
The Eternal Realm is dominated by surreal technology.
Quite a few of them are elsewhere.
But once the war breaks out, their support can arrive within tens of seconds.
Even within seconds.
Their ultimate strength makes Gong Qianqiu very satisfied.
This is comparable to the power led by the top ten geniuses.
Secondly, what surprised Gong Qianqiu was that there was still a group of powerful forces ambushing around, and they also wanted to attack Levi Garrison.
Unexpected, yet delighted.
"It seems to be Levi Garrison's other enemies. Hearing that Levi Garrison was in
trouble, he immediately came to take revenge!"
Gong Qianqiu was full of surprises.
She set up her own game again.
At that time, use conspiracy and tricks to harm another wave of Levi Garrison.
"By the way, the Xuanming Alien Race has also sent a top expert, but it's not
clear where they are and when they will shoot!"
Another message came from the subordinates.
"Great, their uncertainty is the biggest threat to Levi Garrison!"
Gong Qianqiu sneered.
The Return of the God of War [The
Protector] Chapter 3531
/ The Return of the God of War [The Protector]
Soon, all the masters around Levi Garrison's base camp gathered to complete it.
They came with a bang.
These people consider themselves secretive.

But Levi Garrison, who was sleeping at the base camp, had already noticed it.
"It's finally here! Hope you don't let me down!"
Levi Garrison couldn't help sitting up and stretched.
As for Levilia, they all hid in the underground base of the base camp.
No one will know where they went.
Outside.

The troops from all sides of the Town Demon Division have completed the encirclement of Levi Garrison's base camp.
Looking at the base camp that appeared not far away, everyone in the town
magic division was excited.
But what makes everyone puzzled is that the top ten talents are not scattered in
every direction, but gathered together.
According to everyone's guess, if you want to attack Levi Garrison's base camp.
The top ten talents should be scattered all over the place, and then the four major artifacts of the town pavilion should be distributed in four directions, so as
to maximize their power.
It can also prevent Levi Garrison or those around him from escaping.
Just not there.
The top ten geniuses are all gathered together.
All of them looked poised, with their hands on their backs, and there was no
sense of urgency on the eve of the war at all.
They seem to be doing something trivial.
"Tiantianjiao, Chu Tianjiao, I think your top ten talents should be scattered
everywhere, and then arrange the four major town hall artifacts in four directions, so that you can deal a devastating blow to Levi Garrison!"
"That's right! It has to be like this. Once you attack Levi Garrison, you must kill
him with one blow. You shouldn't leave Levi Garrison any way back!"
"Although Levi Garrison is a monkey, he is not weak and cunning!"
...
Everyone looked at the top ten Tianjiao and suggested.
It's just that the top ten Tianjiao looked at each other in dismay, and then all
laughed.

“Haha, do you still use this against a Levi Garrison?”
“No, ten of us can be together! And I don’t think the artifact of the town hall
needs to be taken out! It is only used to stabilize the military’s heart, and it is not
useful at all!”
“To deal with him, it is estimated that two of our ten people will be enough!”
“Even Brother Bai and Beauty Chu have the strength to defeat Levi Garrison
alone!”
…
They are all arrogant and arrogant.
What they saw, experienced, understood, and came into contact with were unimaginable to other people present, and even said to be a fantasy.
Their circle and strength are things that this group of people can’t touch in their
entire lives.
In the eyes of these people, Levi Garrison is powerful, but how powerful. threat to them.
But in the real powerhouse circle of Zhenmo Division, Levi Garrison is nothing.
Their top ten talents come together, even if it is to give Zu Levi Garrison face.
This will also be Levi Garrison’s greatest honor in this life – let ten of them come
together to shoot.
“Later, don’t rob me! Let me kill Levi Garrison alone?”
At this time, Han Jiuxiao of Nange suddenly said.
Xu Zhetian of the middle pavilion immediately said: “That’s not possible! Levi
Garrison must be mine!”
Shangguan Tianfeng from the West Pavilion also said: “Mine! Don’t grab it! Give
me a face!”
“That’s not good! Everyone is here, how can you go all the way for nothing?”
Jiang Tianqiong and Dugu Tuo also participated.
This group of arrogance is blind to everything.
They all wanted to kill Levi Garrison alone, and they all started arguing.
…
The other people from the Town Demon Division were stunned.

what happened?
Levi Garrison was actually taken as prey?
The top ten talents are hunters.
In order to fight for the prey, everyone quarreled.
At this time, Li Zhuyue, the female arrogance of the middle pavilion, sneered:
"Okay, stop arguing!"
"If it's time to kill Levi Garrison, let's see who can kill him first! We haven't
beaten him for a long time! With this opportunity, let's see who kills Levi Garrison first!"
This time, Baili Wan'er and Zhong Haiqiu both nodded.
The Return of the God of War [The
Protector] Chapter 3532
/ The Return of the God of War [The Protector]
Female Tianjiao is no exception, and the fighting spirit has already ignited in her
eyes.
Even the first female Tianjiao Chu Qingshuang nodded: "Let's compare each
other? I won't give you any chance!"
arrogant!
confidence!
This is the attitude of the top ten geniuses.
They didn't take Levi Garrison in their eyes at all.
Just as the prey of their game.
It's not that they are arrogant, just looking at them, Levi Garrison's strength is
just that.
What Levi Garrison can do, they can do it easily.

How could they look up to Levi Garrison?
Of course, they didn't know about Levi Garrison's defeat of the Three Saints of
the North Pavilion and the forced retreat of tens of thousands of masters in the
North Pavilion.
At present, only Gong Qianqiu knows.
If they had to know in advance, how dare they be so arrogant?
Therefore, in their concept, Levi Garrison is strong.
But at most they are on par with them.
How to look high?

Not to mention that they carry the artifact of the town pavilion.
This is absolutely useless at all.
"Okay, let's get ready to attack!"
"Remember, you killed other people around Levi Garrison! Levi Garrison is ours!"
The ten arrogances gave orders to the Suppressing Demon Division army.
It also gave others a boost in confidence.
The top ten Tianjiao are so confident, proving that they have a great grasp.
At least their preparations will not fall short.
Of course Levi Garrison and the others wouldn't touch them.
It's all up to the main force to solve it.
"Okay, everyone prepare to attack!"
The top ten talents are lazy, where is the atmosphere before the war?
"Everyone, let's launch an attack, shall we? Hit him by surprise!"
"We rushed in from all directions and definitely caught him off guard!"
...
Everyone was excited and had already imagined the picture.
Levi Garrison was caught off guard by their attack.
It's just that the ten geniuses all laughed.
"It's ridiculous, we still have to attack? Is it shameful to spread it out?"
"Yeah, to deal with Levi Garrison alone, do we still have to attack?"
"No, attack directly!"
"We're going in righteously!"
...
After finishing speaking, the top ten Tianjiao have already stepped out.
Vigorously walked towards Levi Garrison's base camp.
The others just followed.
"Notify brothers in other areas to keep up!"
The shrinking encirclement of the tens of thousands of troops of the Town Demon Division.
Gong Qianqiu has been observing secretly.
The killers she arranged also came together.
Distributed everywhere, ready to attack Levi Garrison.
If the town magic division army has entered the base camp.
This group of killers will also come together and enter the base camp to ambush.
Only in this way can Levi Garrison be given the ultimate move.
Moreover, she was familiar with the terrain in the base camp, and had already
arranged it for these killers.

Let them be familiar with the base camp terrain, then hide and give Levi Garrison
the greatest damage.
And the eternal kingdom too.
Gong Qianqiu gave them all the maps here.
It's to make them higher offense.
The Xuanming Alien Race has a map here for a long time, so there is no need to
worry.
"The fun is about to begin!"
Gong Qianqiu is extremely looking forward to this.
However, Xiao Feng was puzzled by her, and she has not been able to contact her
until now.
Don't know where to go.
There is no sign of leaving.
Is it still in there?
This is Gong Qianqiu's doubts.
In fact, Xiao Feng also wants to contact Gong Qianqiu now, but he is just hiding in
the underground base, and there is no chance at all.
He is also thinking about Gong Qianqiu, if he rushes to contact him.
May expose Gong Qianqiu.
Might as well stop contacting.
"Boom…"
At this time, under the leadership of the top ten Tianjiao, the army of Zhenmo
Division has come to the base camp.
They were upright and upright, and they sent out a movement that shook the
earth and the mountains.
The place began to shake violently, birds and beasts scattered, and chaos was
everywhere.
The Return of the God of War [The
Protector] Chapter 3533
/ The Return of the God of War [The Protector]
The town magician is here.
Still came swaggeringly.
Levi Garrison had already noticed it.
He originally thought that the group of people from the town magic department

would attack him quietly.
Never thought of such a frontal attack.
"It's interesting, I hope your strength makes me more interesting."
Levi Garrison smiled lazily.
But it doesn't really matter at all.
The top ten Tianjiao stood in front of the base camp, and behind them were
densely packed devil-suppressing masters.

When Bai Xinghe waved his hand, they roared in unison.
"Roar!"
"Roar!"
"Roar!"
...
The army of the Suppressing Demon Division let out a roar, as if the Nine Heavens Divine Thunder descended, blasting over the base camp, buzzing.
It was as if a catastrophe had fallen from the sky.
Bai Xinghe was even more stunned: "Levi Garrison!!! Come out and die! The
Demon Suppression Division is here to kill you!"
The sound was so vast that it spread directly to every corner of the base camp.
Arrogant!
overbearing!
I'm here to kill you, not sneaking.
tell you directly!
I'm here to kill you!
This is the pride of the top ten arrogance.
Where the ten people stood, it was like a god standing in the dust.
"Boom..."
The aura on them instantly radiated.
Forming a series of terrible shock waves, it will directly destroy the entire base
camp.
The buildings in front of them were all destroyed to pieces.
The shock wave that could penetrate into it all disappeared.
However, Levi Garrison still did not respond, nor did he come out.
This made the top ten Tianjiao a little angry.
They all came.
Levi Garrison hasn't come out yet?
That's not taking them seriously!

They are the strongest arrogance of the Town Demon Division, the answer to the future.
A monkey outside ignored them like that.
How could it not make them angry?
"If Levi Garrison doesn't get out and die, we'll come in!"
Xu Zhetian roared.
Almost every Tianjiao face is covered with frost!
This kind of thing never happened.
No one dares not give them face!
"A mere monkey is so arrogant? How unreasonable!"
Dugu Tuo, the most grumpy among the top ten talents, was already angry.
"Boom…"
He suddenly punched.
Almost all base camps will be destroyed, and all living things will be wiped out.
A terrible breath pervaded.
He has already stepped out.
"I'll kill him myself!"
Dugu Tuo has already stepped out!
"No! I definitely can't let you take the lead!"
The other geniuses rushed out immediately.
After all, they are going to kill Levi Garrison in the competition, how can they let others take the lead?
"Attack! All-round attack!"
…
The army of the Town Demon Division sounded the horn of the attack, and from all directions, like a flood of beasts, they began to attack the base camp.
"kill!!!"
Tens of thousands of strong men attacked in unison.
It is much stronger than the force that attacked the North Pavilion at the beginning.
And the cohesion is too strong.
The last time everyone attacked the North Pavilion, everyone had a ghost, and everyone had their own little ninety-nine.
They all thought about how much benefits they could get from the North Pavilion.
But this time is different.
Everyone's goal is the same – to kill Levi Garrison.

Therefore, the Town Demon Division is united as never before.
In addition to the top ten Tianjiao leading the army, they will not calculate each
other, who will deal with Levi Garrison, afraid of death or something.
Instead, they scrambled to kill Levi Garrison, for fear that he would be killed by
others.
They all started rushing to kill Levi Garrison.
This unity makes them stronger and stronger.
Gong Qianqiu and various killers, as well as the eternal kingdom are also slowly
approaching.
Even ambush on the other side, that is, the group that controlled Yan Zangsheng
was quietly approaching.
Even the top ten experts of the Xuanming alien race came to the vicinity, but
they were not too close, and they kept waiting for the opportunity.
A war is imminent.
The top ten Tianjiao led the army into the base camp.
But instantly dumbfounded.
The Return of the God of War [The
Protector] Chapter 3534
/ The Return of the God of War [The Protector]
"Huh? What's going on?"
"Did we come to the wrong place?"
"It's even said that Levi Garrison got the information in advance and ran away? Is
this an empty city?"
...
It made the top ten geniuses and the masters of the town magic division bewildered.
Why is there no one in the base camp?
Let them all suspect that they are wrong.
There is no one in front of you!
How do they know that most of the people are in the underground space under
their feet.

"Shouldn't we have obtained a fake map? This is not Levi Garrison's base camp at
all?"

Li Zhuyue couldn't help but say.
Baili Wan'er shook her head: "I think there is a high probability that Levi Garrison
already knew the information and escaped ahead of time!"
"Well, there is a possibility! Although our organization is secret! But there are
many people, and the information is easy to reveal!"
"Yeah, the North Pavilion has a good relationship with Levi Garrison, maybe it's
the information disclosed by the North Pavilion!"
"It seems that there is a high probability that Levi Garrison should have run
away!"
...
The top ten Tianjiao immediately analyzed.
The message weighed on them.
How could Levi Garrison escape?
"Continue to look inside!"
Bai Xinghe shouted.
"Well, let's take a look first!"
The top ten Tianjiao were not willing to make such a vain trip.
Quickly move closer to the center and shrink.
The crowd continued to shrink the encirclement and walked towards the center
of the base camp.
Just walking all the way, there is no one at all.
Clearly a sign of escape.
This makes them very depressed.
After Gong Qianqiu in the back knew the news, he was also very depressed.
"Levi Garrison escaped? How is this possible?"
Gong Qianqiu exclaimed.
But now she can't even contact Xiao Feng
These people are like lost contact.
Maybe there is such a possibility.
Levi Garrison escaped.
Avoid its edge for now.
It would be great if I could contact Xiao Feng.
There are times when this chess piece fails.
Make her angry.
But that's the way it is now.
How can this be good?

If this is the case, your plan will not work at all.
How could Levi Garrison escape?
Have you overestimated his strength?
impossible!
Levi Garrison defeated the Three Saints of the North Pavilion and saved the
North Pavilion.
Even if the Demon Suppression Division's army is stronger this time, he won't run
away.
What's more, Levi Garrison, who she carefully studied and analyzed, couldn't
possibly be such a person.
Even if he is not an opponent, he will never escape.
There's definitely something wrong with this!
Gong Qianqiu's brain began to run rapidly, trying to find a way to make up for it.
After setting up such a big game, it is impossible to fall short like this.
The top ten Tianjiao led everyone to continue to the center.
They have been disappointed.
Today is destined to be a waste of time.
"So be it!"
"Levi Garrison must have escaped with everyone else!"
...
The top ten Tianjiao have all given up.
They looked depressed.
You Qi Shangguan Tianfeng scolded: "Waste Levi Garrison! As expected of an
immature monkey! Does this scare him away?"
"Yes, I really didn't think that Levi Garrison was a coward! He was scared away
when he heard us coming."
The top ten Tianjiao sighed again and again.
However, the rest of the Zhenmo Division said: "Everyone, think about it! I heard
that your top ten talents are coming together, and you are carrying the four
artifacts of the town pavilion. Who wouldn't be afraid to hear this?"
"A normal person would run away, right?"
"Now it seems that Levi Garrison is a normal person and knows that he has
escaped."

…
I have to say that this flattery is in the hearts of the top ten talents.
They are very satisfied.
In his opinion, Levi Garrison ran away when he heard ten of them were coming.
Jiang Tianqiong smiled: "That's right. Don't mention a monkey, even the top
existence of the Town Demon Division will run away when they hear our lineup?"
"Ha ha ha ha……"
"Who said I ran away?"
The Return of the God of War [The

/ The Return of the God of War [The Protector]
Suddenly a voice came.
The top ten Tianjiao and others were shocked.
All eyes are on.
I saw a figure in the small attic, who else could it be if it wasn't Levi Garrison? ? ?
Not running away?
The key is that they didn't even find it at all.
Such a big living person exists.
"Are they all here?"
Levi Garrison raised his eyelids and glanced at them lazily.

This look, in the eyes of the top ten talents, is extremely disdainful, and they
don't take them seriously at all.
One by one will explode.
No one has ever dared to ignore them like this!
In the Demon Suppression Division, even those ancestor-level existences, seeing
them is a three-point courtesy.
They are not only the answer to the future, but their current strength is also
comparable to that of their ancestors.
Therefore, Levi Garrison ignored them like this, but they were not used to it.
Just as they were about to speak, Levi Garrison's voice sounded: "Since you are
here, kneel down!"

The words are not astonishing, and the top ten Tianjiao are all stunned as soon as
these words come out.
The tens of thousands of experts in the town magic division behind him were also
stunned.
Is this the case?
Make them kneel?
"My residence was destroyed like this by you guys, why don't you kneel down and
apologize? I won't kill you in a while, but you still have to stay for me and repair
it!"
Levi Garrison explained.
Everyone knows why.
But the top ten geniuses were even more angry.
"Presumptuous! How dare a monkey speak madly?"
Shangguan Tianfeng roared.
Xu Zhetian, Han Jiuxiao and other Tianjiao were all angry: "Levi Garrison dares to
let us kneel, do you have the qualifications?"
"But you kneel down quickly, maybe I'll leave you a whole body!"
...
"Just a few little brats, I really don't want to kill you!"
Levi Garrison said lightly.
The top ten geniuses are indeed extremely tyrannical, and they have reached the
level of the Three Saints of the North Pavilion.
But so what?
Still can't stop him.
But his light-hearted look, his indifferent tone, and the content of his words.
It's like igniting the powder keg of the top ten talents.
fried!
Totally blown up!
No one has ever despised them so much.
Doesn't this mean that the monkey doesn't look down on them at all.
How can this be tolerated?
Zhong Haiqiu said coldly: "Levi Garrison, you are arrogant, but you also have to
have arrogant capital!"

Li Zhuyue also smiled: "You, after all, are a frog at the bottom of a well! You only
have such a wide horizon, and you are destined to be unable to see the world
outside in your lifetime. You will not understand the truth that there are people
outside people, and there are heavens outside of heaven!"
The female arrogances all spoke up, and Baili Wan'er also said: "That's right! You
have two strikes! You have defeated the thirteen factions of the Wolf Temple,
and killed the four masters of the Xuanming alien race! Don't think that you will
be lawless. Zhen Mosi stepped on his feet?"
"If you know what you have done, we can do it easily! There are many people who
are weaker than you, but there are also many people who are stronger than you!"
"Especially in the Town Demon Division, there are many, many people stronger
than you, but everyone is too lazy to take action, and you are not qualified to let
them take action!"
"We are here to kill you today. It is the most glorious and glorious moment in
your life! Remember this day!"
...
The top ten talents are still very confident in their own strength.
At least I feel that I am in the same league as Levi Garrison.
If they use their trump cards, Levi Garrison will definitely lose.
Not to mention ten people shot together.
"The strongest among the ten of us are Brother Bai and Damei Chu! Maybe you
can fight with us, but if you meet these two, you will only be killed in seconds!"
Jiang Tianqiong sneered again and again.
On the other hand, Bai Xinghe carried his hands on his back and was invincible,
and he never looked at Levi Garrison.
Chu Qingshuang was as cold as ice, as if ten thousand years of ice, exuding a

domineering and cold aura like a queen, Levi Garrison couldn't even get into her
eyes.
The Return of the God of War [The
Protector] Chapter 3536
/ The Return of the God of War [The Protector]
Just now, the rest of Tianjiao were mocking Levi Garrison.
The two were always silent.
Because in the eyes of these two strongest people, Levi Garrison is not qualified
to be an opponent at all.
After all, there are not many people who let them take a high look.
There are not many town magic divisions.
Hearing everyone say this, the two were even more proud.
Levi Garrison looked at the two, and suddenly thought of one thing, he asked
with a smile: "Are these two traitors of the North Pavilion? I heard that the three
saints of the North Pavilion trained you all, and they were finally recruited by the
East Pavilion. Pryed away by someone? Became a traitor?"
Sure enough, Levi Garrison said this.
Bai Xinghe and Chu Qingshuang could no longer be calm, a trace of anger
appeared on their faces, and they were so angry that they were going to go wild.

Levi Garrison's simple words directly hit the sore spot of the two.
The two most hated and most afraid of someone calling them traitors.
Their birth was not good, not from the big faction, but from the loose cultivator
family.
It was discovered by the Three Saints of the North Pavilion.
If it wasn't for their dedicated protection, these two would not have grown up at
all.
They have a root bone that is no less than the root of the five elements.
For others to find out, the root bone would have been transplanted long ago.
Their fate will be miserable, miserable.
It was the Three Saints of the North Pavilion who protected them and brought

them up.
They were cultivated in the early stage of the North Pavilion, and the three saints
of the North Pavilion spent a lot of time and resources on the two of them.
As a result, several ancestors from the East Pavilion came to dig people, and they
ran away immediately.
I think going to the East Pavilion is more promising.
This also caused the North Pavilion to fall directly into the ranks of future competition.
It is at the end of Wufang Pavilion.
This is something that everyone in the town hall knows.
But they are afraid of being told!
However, given the strong strength and background of the two, no one dared to
say it.
But Levi Garrison said it.
All of a sudden, it hit the deepest shame in their hearts.
They were angry.
The arrogance on his face is gone, and the cold look is gone.
In its place is anger!
Not only were they embarrassed, but the rest of Tianjiao and all the experts from
the Demon Suppression Division were embarrassed.
It's a fact after all.
But no one dared to say it.
There are people who are not afraid of death.
"you wanna die!!!"
"To be able to say these words is enough for you to die a hundred times!"
Bai Xinghe roared, his body lingering with an irreversible killing intent.
Chu Qingshuang also snorted coldly: "Levi Garrison will be punished for talking
nonsense! It will be irreversible!"
The two top talents are already on the verge of going wild.
In their eyes, Levi Garrison was already a corpse.
"Oh? Is that so? I stabbed in the sore spot? You admit to being a traitor yourself?"
Levi Garrison smiled.
Bai Xinghe couldn't bear it anymore, he suddenly lowered his voice and said
solemnly: "Levi Garrison is mine! The rest of you don't interfere!"
His whole body has risen with transpiring killing intent.

Levi Garrison beckoned: "Come on, let's go together! Let me clear the door for
those three old men!"
"Stop talking nonsense, let's get together with ten little brats!"
Levi Garrison's provocation made others unable to sit still.
"No! Didn't we agree? Kill Levi Garrison in the competition and see who kills Levi
Garrison first! I won't give you this chance!"
Others also spoke up.
Chu Qingshuang also nodded: "Well, now Levi Garrison is provoking ten of us!
Let's compare and see, who can kill Levi Garrison first!"
The top ten arrogances are all excited now.
Staring at Levi Garrison was like looking at his prey.
"kill!!!"
All ten people were angry.
"Boom…"
Amidst the shaking of the ground, Bai Xinghe, like a bolt of lightning, was the
first to kill Levi Garrison.
Not to be outdone, the others killed Levi Garrison almost simultaneously.
They are not uniting, but rushing to kill Levi Garrison.
The Return of the God of War [The
Protector] Chapter 3537
/ The Return of the God of War [The Protector]
There are tens of thousands of masters in the other town magic divisions to kill.
After all, except for Levi Garrison, there is no one else at all.
They can only watch the play.
Where are the fools standing one by one.
Let's see how long Levi Garrison can hold out under the ten arrogant men.
The war has begun.
This will also be the final main battlefield.
The killers invited by Gong Qianqiu were all in place, ambushing in the best
position.
The powerhouses of the Eternal Realm and their equipment have also found their
best positions.

Others, such as the masters of loose cultivators that Gong Qianqiu found, and the
mysterious forces who wanted to kill Levi Garrison (who had manipulated Yan
Zangsheng) were all in place.
The top ten masters of the Xuanming alien race also came to the best position.
Everything can be said to be ready.
Once the true combat power of Levi Garrison is tested, they will all start.
As for Gong Qianqiu, the leader of this war, he was observing everything in the
dark.
She is mainly looking for the whereabouts of Xiao Feng and Levilia.
As for the outcome of this battle, she will not come forward.
No one would contact her at all.
There will be no trace of her.
The battle on the field has already begun.
These ten geniuses are indeed super powerful.
The strength has reached its peak.
Everyone vaguely has the strength of the North Pavilion Three Saints alone.
For example, the strongest Tianjiao Bai Xinghe and Chu Qingshuang already
possessed the strength of the Three Saints of the North Pavilion.
I also have to say that they betrayed the East Pavilion, which is a correct decision.
Their upper limit in the East Pavilion is indeed higher than that in the North
Pavilion.
Now they are as strong as the Three Saints of the North Pavilion. What will the
Three Saints of the North Pavilion teach them?
Bai Xinghe was the first to rush to Levi Garrison. There was no fancy trick, just a
simple punch!
"Boom…"
Bai Xinghe ripped apart the sky and the earth with one punch!
Chu Qingshuang was half a position behind and came to Levi Garrison.
Pushing out a palm, the seemingly pure white and delicate palm, but pushed out
the earth-shattering terrifying force, as if the ten directions of the mountain

were pressed down.
Terrifying.
Although there is a gap between the other eight arrogances and these two extreme arrogances, the gap is actually not big.
They were half a position behind Chu Qingshuang, and only one position behind
Bai Xinghe.
Almost at the same time, all ten people arrived.
They are not fighting together, but fighting each other.
What everyone thought was to kill Levi Garrison by himself, so that no one else
would take the lead.
The attacks of the top ten geniuses attacked Levi Garrison at almost the same
time.
At this moment, the world paled.
The aura around him was completely drained.
The formation of air currents appeared in mid-air, and the mushroom cloud was
also rising.
Terrifying!
This will also be the time that Levi Garrison has faced the most masters.
The surrounding masters of the Demon Suppression Division sighed and said,
"Well, it's all over!"
Before I came, I thought it was going to be a battle.
But now it seems that the battle will soon be over.
Levi Garrison was absolutely unable to stop the attack and killing of the top ten
talents.
Even if they still don't have all the cards, but with this simple punch and palm,
even the top members of the Town Demon Division may not be able to stop it.
Not to mention Levi Garrison!
Miya Chiaki and others outside are looking forward to it.
Let's see if the top ten talents can discover Levi Garrison's true strength?
I hope to be able to kill in one hit and take down Levi Garrison directly.
Levi Garrison looked at the top ten arrogances who were killed, and smiled:
"There are still two brushes! There is no white expectation!"
"boom!"

Soon, Levi Garrison met the top ten talents.
Suddenly, there was a cracking sound, and sonic booms came in bursts.
The whole world was shaking.
The earth trembled and the sky hummed.
Everyone felt swayed and shaken.
The air rushing out turned into a shock wave to wreak havoc.

The Return of the God of War [The
Protector] Chapter 3538
Not only the base camp, but the entire area was affected and was about to be
overturned.
There were even many magicians and secret masters who couldn't bear the shock
wave and were injured by the bombardment.
The movement was too loud, too terrifying.
It looks terrifying.
Almost everyone knows the movement of this battle.
Everyone can't imagine how Levi Garrison can win under this kind of attack?
Not to mention that these top ten geniuses took out the four great artifacts of
the town pavilion!
That's the real devastating blow.
At this moment, everyone is eager to know, how was the first round against the
enemy?

Who has the advantage.
Facing the attack of the top ten talents, Levi Garrison showed a smile on the
corner of his mouth, but just waved his right hand.
A shocking force surged out like a tidal wave.
Instantly smashed all the attacks of ten people.
The faces of the ten people changed wildly, and they never thought that Levi
Garrison was so strong.
It was too late to escape.
"boom!"
"boom!"
"boom!"
...

I saw ten figures flying out like kites with broken strings.
There were also blood lines along the way.
The body of the top ten Tianjiao flew out hundreds of meters away uncontrollably, and finally hit the ground heavily, making a burst of movement.
It was like ten human-shaped artillery shells smashed to the ground, and there
was another wave of shaking.
The whole place was stunned.
Everyone's faces were incredible.
Who else could these ten figures belong to?
The top ten geniuses of Zhenmo Division!
"this……"
The whole place was silent.
Both the Demon Suppression Army and the secret masters were silent.
See you soon!
Everyone understands what kind of strength Levi Garrison is!
Still underestimated!
This is obviously above the top ten geniuses!
This is the top strength in Zhen Mosi!
Everyone was shocked.
Gong Qianqiu was also surprised.
This is also the first time she has seen Levi Garrison make a real move.
Can't see through!
He is so strong!
But the more this is the case, the less able Levi Garrison is to be alive.
His threat is too great.
For anyone present, Levi Garrison is the ultimate threat.
Absolutely cannot live!
If this chance, don't kill him.
There may be no chance in the future.
Gong Qianqiu remembered what Xu Qingya had said.
With Levi Garrison here, he would not be able to get the roots of Levilia anyway.
It now appears that this is the case.
He is too strong.
"That's all ten little brats?"
Levi Garrison sneered.
The eyes of the top ten Tianjiao who fell to the ground were full of incredible.
They raised their heads and looked at Levi Garrison in disbelief.
how come?

How did he do it?
They lost their first fight?
Although Levi Garrison was caught off guard, it was tantamount to an attack.
But they are so embarrassed, after all, Levi Garrison is strong.
They are defeated.
"He is a pure body cultivator!!!"
Bai Xinghe wiped the blood from the corner of his mouth and said coldly.
"What? Pure Body Cultivation?"
The rest of the geniuses were stunned.
Pure body repair is so strong?
Never seen it.
"I don't understand! He's too mysterious! But most likely it's pure body cultivation!"
Bai Xinghe said.
A look of cruelty flashed in Chu Qingshuang's eyes: "If that's the case, let's not
let him live! If he wants to live, there will be endless calamities!"
"Yes, we can't underestimate the enemy! We must come up with our own signature skills!"
"It really doesn't work! Just take out the artifact of the town pavilion!"
...
The eyes of the top ten Tianjiao have already revealed the will to kill.
The army of the Demon Suppression Division also understands this fact.
Levi Garrison must die.
Or in that case, it should be dead.
"Kill! Never let Levi Garrison survive!"
The top ten geniuses are no longer arrogant.
Don't care about joining forces to kill Levi Garrison.
Just thinking about how to kill Levi Garrison.
This is the number one priority!
"kill!!!"
Under the leadership of the top ten geniuses, the army of the Town Demon Division began to attack.
The Return of the God of War [The

"Kill!!!"
Tens of thousands of masters from the Demon Suppression Division attacked
Levi Garrison in unison.
This lineup is much stronger than the one who attacked the North Pavilion at the

beginning.
And unparalleled unity.
The gathered power is so terrifying!
There are masters everywhere.
All of them are practicing top-level qi refining techniques, and the terrifying
killing moves begin to impact.
It's like tearing Levi Garrison to pieces.
The top ten talents are also among them, ready to wait for the opportunity to
give Levi Garrison the strongest blow.

"Good come!"
Levi Garrison laughed wildly.
Suddenly, the fallen leaves scattered all over the place floated up, densely suspended around Levi Garrison.
At least 100,000 fallen leaves!
Like a golden bell, it enveloped Levi Garrison's whole body.
There was a throbbing sound.
"kill!"
Levi Garrison only heard a roar, and suddenly released all the fallen leaves
around him.
"Whoosh!"
"Whoosh!"
"Whoosh!"
...
A piece of fallen leaves, like a bullet shot suddenly.
But the speed is many times faster than bullets.
The power is even more earth-shattering.
A single leaf carries terrifying pure power!
The dense fallen leaves flew out and shot in all directions, indiscriminately!
"Boom!"
Looking at the falling leaves.
The first expert looked disdainful.
The long knife in his hand wanted to cut the fallen leaves in half.
"Hey!"
The light of the sword flickered, and he was confident that he could cut it with
one stroke.
"Clang!"

The next moment, the lasing leaves collided with the long knife, making the sound of metal clashing.
"Crack!"
This long knife actually had fine cracks.
Finally burst open.
At the same time, a force came from the blade.
"Clap clap clap…"
The man's arm exploded like a twist.
The whole person also suffered a terrible shock at the same time, and flew out
directly.
He let out a shrill scream.
Half of his body has been twisted into a twist, the flesh is blurred, and the bones
are dense.
Everyone can't imagine that a fallen leaf can be so terrifying?
Meanwhile, almost everyone else was attacked by fallen leaves.
A small piece of fallen leaves shot up, but it rolled with a force like the sky was
falling.
After everyone was attacked by the leaves, their faces changed wildly.
This power is like heaven!
I can't resist!
"puff!"
"puff!"
"puff!"
…
Some people burst into a cloud of blood on the spot;
Some people are torn apart;
Some were pierced by fallen leaves;
Some people's body is half shattered, and half is still preserved;
…

The scene is like Shura hell!
A piece of lasing leaves is too terrifying.

...
Pieces of fallen leaves shot up, and the top ten arrogances also showed dignified
expressions and resisted them one after another.

...
Except for Bai Xinghe and Chu Qingshuang, the other eight great arrogances
vomited blood.
I just felt the blood in my chest surging, and there was a buzzing sound from my
body.
Their faces changed greatly.
What kind of ultimate power is this?
This is too scary, right?
"Is this the technique of refining Qi?"
Xu Zhetian exclaimed in surprise.
Judging from Levi Garrison's method, it should be to control the air, turning
leaves into weapons to attack.
Everyone agrees with that.
Who said that Levi Garrison can't refine the technique of qi?

"Okay! Everyone must join forces!"
Other Tianjiao also understand this.
The power of Levi Garrison was unexpected.
Absolutely cannot keep him.
Otherwise, the disaster will be endless!
"Kill! Everyone joined forces to kill him!"
The top ten Tianjiao attacked first.
Their Qi-refining technique was directly turned into a substantive weapon, killing
Levi Garrison.
The rest of the Demon Suppression Division masters also showed their abilities

and killed all of them towards Levi Garrison.
“Kill!!!”
At this time, suddenly there was a thunderous scream from outside.
The densely packed strong man appeared again.
This made everyone present look stupid.
“Isn’t this the person from the Town Demon Division?”
The crowd wondered.
“But it can be seen that they are here for Levi Garrison! As long as you kill Levi
Garrison, you will be our comrades in arms! Everyone kill!”
The crowd reacted quickly.
There are many people who have to deal with Levi Garrison.
Now that there is such an opportunity, they will definitely come to kill Levi Garrison.
“Let’s go together! We must not give Levi Garrison any way to survive! If he
doesn’t die, we will die!”
This group of mysterious forces also used their ultimate power to kill Levi Garrison.
They were all crazy and came to kill Levi Garrison.
It means that the number of people in the army of the Demon Squad just now has
not decreased at all.
Gong Qianqiu laughed when he saw this scene.
This group of people may not be able to threaten Levi Garrison at all.
But they can play the role of confusing Levi Garrison.
It’s for your own benefit.
The easier it is for the people she arranges to attack the possibility of Levi Garrison.
Gong Qianqiu immediately contacted others: “Next, we will kill Levi Garrison at
all costs! Everyone pay attention to the timing of admission!”
The angels of the eternal kingdom have been observing the situation and are
always ready to enter.
“Next, there is a good time to enter! That’s when the top ten talents use the four
artifacts! This is the best time to enter! Everyone must pay attention!”
Miya Chiaki immediately reminded all parties of the time to enter the venue.
Now Levi Garrison is too powerful.

You must not wait until you have used the four artifacts of the town hall before
entering the venue.
What if the four major town hall artifacts are of no use to him?
At that time, re-entering the field has already missed the best time.
Therefore, it is necessary to enter the field when using the four town pavilion
artifacts, so as to ensure that the power of attacking Levi Garrison is maximized.
That's the key.
Absolutely can not waste Zhenge artifact.
I want everyone to cooperate with the killing power of the Zhenge artifact!
Next, everyone is waiting for this moment.
"I believe that experts from the Xuanming alien race can also find the right time
to enter!"
Gong Qianqiu's eyes were very firm.
The screams of killing in the field are shocking.
When the group came out, Levi Garrison was a little stunned.
what happened?
Anyone else?
But he figured it out right away.
There must be other people who want to kill themselves.
Will not miss this opportunity.
The top ten Tianjiao came first.
All of their strongest qi refining techniques were displayed.
It is bound to cause damage to Levi Garrison.
In particular, Bai Xinghe and Chu Qingshuang's qi refining technique was displayed.
Cover the sky.
It turned out to be pitch black, like an abyss.
Bai Xinghe's qi refining technique has condensed qi into darkness, covering
everything.
Make this area his own.
Chu Qingshuang's qi refining technique condensed into an invincible sword and
stabbed Levi Garrison directly.
The other eight Tianjiao were no longer rushing to kill Levi Garrison.
Instead, they attacked Levi Garrison in eight directions.
The ten people cooperated tacitly and did not leave the slightest chance for Levi

Garrison.

Bai Xinghe seemed to hold the power of overturning the galaxy and bombarded
Levi Garrison with a bang.
A sword condensed by Chu Qingshuang’s qi refining technique also stabbed Levi
Garrison.
The tricks of the other eight geniuses also hit Levi Garrison one after another.
This gave them hope.
Be able to defeat Levi Garrison.
Even the corners of Bai Xinghe’s mouth showed a smile.

This time, Levi Garrison was either dead or injured.
One on one, they are not rivals.
But how can Levi Garrison be an opponent when the top ten talents are united?
“Die!”
Bai Xinghe showed a hideous color, and the terrifying power was going to smash
Levi Garrison apart.
And Chu Qingshuang’s Sword of Refining Qi also stabbed fiercely.
…
“Um?”
But the next moment, Chu Qingshuang’s face showed surprise.
Because the invincible sword condensed by her qi refining technique was blocked,
she could no longer move forward.
Not to mention penetrating Levi Garrison’s body.
“this……”
Others have found it too.
Levi Garrison’s physical strength exceeded everyone’s expectations.
Any attack seems to be useless!
They encountered the same situation as Chu Qingshuang.
The power of the overturning of the galaxy in Bai Xinghe’s hand actually disappeared like a mud ox into the sea.
surprise!

Shock!
What's going on here?
Today, everyone is within easy reach of Levi Garrison.
You can even see the smile on Levi Garrison's face.
"You little brats, are you enough? It's my uncle!"
The corners of Levi Garrison's mouth rose, revealing a meaningful smile.
"Boom…"
Immediately, it was like a star shattered.
Levi Garrison's body is like a vast and boundless universe, bursting out with
terrifying power.
"puff!"
"puff!"
"puff!"
…
The top ten Tianjiao suffered from this terrifying force and were no longer invincible.
Not even a chance to block.
Everyone's body was thrown high and flew out.
The top ten Tianjiao flew out again and fell to the ground again.
This is still the case of Levi Garrison's mercy.
Otherwise, the top ten Tianjiao will definitely be smashed to pieces.
The town hall artifacts were not seen.
How could Levi Garrison let them die?
Shocked!
So shocking!
It was almost the most terrifying combined blow of the top ten Tianjiao.
May not be useful at all.
Levi Garrison couldn't be hurt at all.
So what level of horror does he have?
More terrifying than you might imagine.
In the town magic department, it is definitely in the top few.
No one can even do anything to him.
It's outrageous.
Who would have thought that a monkey outside was in such a situation?
Who would have thought of this?
The key point is that he can't even see through his tricks and strength.
Pure body repair?
Is there such a pure body repair?
At this time, the army of the Town Demon Division and the mysterious forces had
already arrived.

“Come on, kill yourself!”
Levi Garrison entered the battle group with a pair of iron fists.
“boom!”
“boom!”
“boom!”
...
His pair of iron fists are like magic weapons, unmatched.
Everywhere he went, there were corpses flying around.
The Qi refining techniques of these masters are useless at all.
The defense can’t prevent it, and the attack and kill are useless.
Apart from the large number of people, there is no advantage at all.
Tens of thousands of people are disappearing at a speed visible to the naked eye.
No matter how you unite, no matter how you form a battle formation.
There is nothing to do with Levi Garrison.
On the contrary, more and more people were killed and injured.
Levi Garrison has nothing else but to fight you head-on.
Directly to the bomb!
in a blink.
Half of them don’t have it.
The top ten Tianjiao were seriously injured, and they immediately took the panacea.
This was absolutely impossible before.
It’s a shame for them to take this elixir.
To deal with a monkey, do you still need to take an elixir?
Isn’t that a shame?
It’s rumored that they are still hanging out?
But now, there is nothing else to do.
The Return of the God of War [The
Protector] Chapter 3542
After taking the elixir, the ten Tianjiao’s injuries recovered quickly.
They also immediately gathered together.
Looking at Levi Garrison who was fighting in front of them, their hearts were full
of fear.
This is too strong!
If you don’t act, these people will be killed in front of you.
I thought it would be useful to combine so many masters.
Now it seems that to Levi Garrison, it is an existence like an ant.
Step on as much as you want.
There is no threat to Levi Garrison at all.

“what to do?”
Han Jiuxiao asked.
“Prepare to activate the town hall artifact!”
“Levi Garrison is too powerful! If you don’t use the divine artifact of the pavilion,
there is absolutely no way to take him!”
Bai Xinghe and Chu Qingshuang said in unison.
This is their only hope.
If the town hall artifact can’t do anything to Levi Garrison, they can’t imagine it.
therefore.
The Zhenge artifact must kill Levi Garrison.
Soon they found the attendants and took out all the four wooden boxes.
“Boom…”
Immediately, a vast breath rushed in.
Wufangge Zhenge artifact has not been used for a long time.
The previous use was when fighting against the Xuanming alien race.
put on hold for so long.
It’s that there is no one who is qualified to let the Town Demon Division dispatch
them.
Now Levi Garrison is the first.
“With the use of the four town pavilion artifacts, Levi Garrison is sure to die!”
This is their slaying belief.
Gong Qianqiu, who was observing secretly, was immediately excited.
“Come on! They are starting to use the artifact of the town hall! Let all parties
prepare! Ready to shoot!”
Gong Qianqiu’s message was immediately passed on to these allies.
The killer and the scattered repairers are all ready.
The gods of the eternal kingdom are all ready, and their high-tech battle suits
have been activated.
“Notify the reinforcements on the periphery to arrive within ten seconds! Let
them get ready!”
now.
The top ten experts of the Xuanming Alien Race have also come to the field, and
they have long been ambushed in the best place.

“Now it seems that everyone is waiting for the four town pavilion artifacts to be
activated, and we are ready to do it! This is a good opportunity for us to kill Levi
Garrison!”
All parties are ready to take action.
Gong Qianqiu’s subordinates came to report at night: “The organs and poison are
also ready! At that time, Levi Garrison will be attacked indiscriminately! As long
as he gets a little bit of it, he will be in trouble!”
…
The four artifacts of the town pavilion are about to come out, and the terrifying
movement is raging around.
They also felt Levilia, who was hiding in the ground.
Levilia’s little face tensed: “Dad may face the most difficult battle! I feel that
there are hidden masters in the dark!”
Xiao Feng was also anxious: “What should we do? Shall we go out and help
Master?”
“No! Just stay with me, we went, but it’s causing trouble!”
…
“boom!”
“boom!”
“boom!”
“boom!”
…
With four roars and explosions, all the four town pavilion artifacts were activated.
East Pavilion Bai Xinghe is holding the Demon Suppression Sword!
Xige Zhong Haiqiu holds the emperor’s gun!
Nange Jiang Tianqiong is holding the Weeping Sword!
The middle pavilion Xu Zhetian is holding the nine-day bow!
The four town pavilion artifacts were officially unveiled.
The four artifacts flowed with light, exuding unparalleled power.
“Clang, clang…”
“Buzzing…”
The four artifacts of the town pavilion seem to resonate with the heavens and
the earth, making a humming sound.

“Levi Garrison, we admit that you are very strong! Let us use the four great
artifacts! But today you will surely die!”
Bai Xinghe is holding the Demon Suppression Sword, crazy like a demon!
A terrifying aura is surging, and the whole person is disheveled, and the momentum is like a dragon.
The other three artifacts are also at their peak.
not only.
The rest of Tianjiao input their skills into Bai Xinghe several people.
Bring them to their peak.
It can also drive the four town hall artifacts to the most terrifying state!
One hit kill!
When the four artifacts of the town pavilion are released, Levi Garrison will
surely die!
The Return of the God of War [The
Protector] Chapter 3543
Bai Xinghe even shouted at the masters: “Everyone, please help us!!!”
Because it is too difficult to activate the Zhen Pavilion artifact.
Not to mention to exert the strongest power of the Zhenge artifact.
Even the top ten arrogances who are amazing in ancient and modern times!
With their strength, it is far from enough to unlock the true power of the Zhen
Pavilion artifact.
Unless it is used by the strongest person on each side, the real power can be
used!
However, reaching the strongest power is estimated to be impossible.
It is also possible for the trapped dragon formation in the North Pavilion. It only
needs enough spirit stones to burn to stimulate the ultimate of this formation!
The town hall artifacts of the other four pavilions are different.

The person who must use it has great strength.
Right now, Bai Xinghe feels that he can’t really unlock the strongest power of the
Demon Suppression Sword.
So call people to help yourself.
“Let us help the top ten talents!”
The masters shouted.

At the same time, it will transfer its own power to the top ten talents such as Bai Xinghe.
In addition to the Demon Suppression Division, the masters of the mysterious forces have also urged the practice techniques to transfer the skills to the top ten talents.
Their goal is to kill Levi Garrison.
This is the best chance for them.
We must do our best to kill Levi Garrison.
Otherwise, there is no chance!
After receiving the skills, the top ten Tianjiao were sent to the four Bai Xinghe holding the four town pavilions.
At the same time, they also transmitted their strongest skills to the four great talents of Bai Xinghe.
"what!!!"
The four arrogances of Bai Xinghe made a terrifying low roar.
As if the ancient gods were roaring.
Their muscles and veins soared, and their bodies grew a lot stronger.
Blue veins burst out on his face, and when his eyes were closed, it was as if divine light had suddenly appeared, and there was a scene of the destruction of the stars.
"Boom…"
A torrent of flames erupted all over the body, reaching the sky.
The earth shook and the mountains swayed, and the sky collapsed.
It feels like this momentum will cover the whole world.
"Crack!"
"Crack!"
"Boom…"
There were bursts of thunderous torn sounds in the sky, and terrifying lightning raged.
It's just too powerful.
These changes in the magnetic field led to this terrible scene.
The four arrogances of Bai Xinghe are as crazy as demons.
They are like gods descending!

The four artifacts of the town pavilion were also sensed and swayed wildly.
A terrifying air flow came out.
A terrifying force is sweeping.
These four artifacts of the town pavilion have been quenched and baptized by
the predecessors of the Sifang Pavilion, and finally put their skills into the artifact of the town pavilion.
As a result, the four town hall artifacts are getting stronger and stronger.
It depends on how much the power of the Zhenge artifact can be stimulated.
"Boom…"
The momentum of the town hall artifact continues to rise!
It also resonated with the vision of heaven and earth.
This town pavilion artifact can also use the power of heaven and earth!
Bai Xinghe and several people used the most terrifying and peak power to motivate the four great artifacts.
In a blink of an eye, the four artifacts of the town pavilion were activated, and
they soon reached their peak state.
The four artifacts of the town pavilion seem to be able to tear apart the world!
Even Levi Garrison laughed.
These four artifacts of the town pavilion are a bit interesting, and finally I can
make my own efforts.
Fortunately, there is nothing to look forward to in vain.
Come on stronger.
Gong Qianqiu and the others were also stunned.
The power of these four town pavilion artifacts is far beyond their expectations.
Much stronger than they imagined.
It's also in their favor!
"Ready! It's time to start!"
A cold glow flashed in Gong Qianqiu's eyes.
"I'm coming!"
"Ready to shoot!"
…
The masters in ambush are also in full swing.
Once the four town hall artifacts are activated, they will simultaneously shoot.
Give Levi Garrison the biggest kill!

Everyone is staring at the four artifacts of the town pavilion in the field.
The Return of the God of War [The
Protector] Chapter 3544
"kill!!!"
Bai Xinghe roared wildly.
Fight with the Demon Sword!
Attack Levi Garrison directly from the front.
Xige Zhong Haiqiu killed Levi Garrison from behind Levi Garrison with a spear of
the emperor.
Nange Jiang Tianqiong held the Divine Weeping Knife and slashed down from the
air.
The middle pavilion Xu Zhetian had already aimed at Levi Garrison in the dark
while holding the Jiutian bow.
Under the nine-day bow, no creatures survived.
Li Zhuyue of the middle pavilion put an arrow on the Jiutian bow.

When the Jiutian Bow was first refined, there were only nine arrows!
An extremely rare extraterrestrial meteorite was used.
The number is scarce, but the power is amazing.
After so many years, only two arrows were used!
An arrow is the time to kill the alien race of Sen Luo.
The other arrow was when he was at war with the Xuanming alien race.
Basically, one arrow killed an ancestor-level existence.
Seven arrows left!
This time brought three arrows.
He has paid enough attention to Levi Garrison.
This arrow Levi Garrison is either dead or injured!
He can't escape!
Although the three of Bai Xinghe directly attacked Levi Garrison directly.
But a few people know that the key lies in the Nine Heavens Bow.
Even if this arrow can't hurt Levi Garrison, it can bring him enough restraint.
Success or failure is here! ! !
Xu Zhetian had an arrow on his Jiutian bow!
Levi Garrison is about to be hunted!
The bowstring was gradually drawn by Xu Zhetian into a full moon shape. This
required his skill and the skill of ten thousand people to be able to do it!
It can also exert the strongest power.

“what!!!”
Even if Xu Zhetian has so many people’s power transmission now, it is very
difficult for him to pull up, and he let out a roar.
The ground beneath my feet appeared as fine cracks like spider webs, spreading
out for hundreds of miles!
Finally, he was full, pulled to the maximum extent.
His whole body burst into blue veins, like small snakes squirming.
There were even cracks all over the body.
This is the extreme power of the Nine Heavens Bow!
Who can bear it?
Even the top ten geniuses!
Electric lights flickered above the arrow, almost on fire!
This arrow destroys the world!
Nothing in the world can stop this arrow!
Killing is on!
Xu Zhetian is confident that with this arrow, whether it is an alien race or a god, it
can penetrate!
Not to mention Levi Garrison! ! !
The three arrogances of Bai Xinghe holding the Demon Suppressing Sword also
pushed the three Suppressing Pavilion artifacts to the extreme.
The attack and kill of the three will be the strongest move.
The four town hall artifacts have all been activated.
It’s a close call!
“kill!!!”
Hundreds of scattered cultivators arranged by Gong Qianqiu were dispatched at
this moment.
Kill Levi Garrison from different directions.
mutation!
This is what everyone present did not expect.
There are still people?
But everyone’s purpose is the same – they are all to kill Levi Garrison.
For the arrogance of Bai Xinghe, it is a help!
There are so many people who killed Levi Garrison.
At the same time, the top killers of the major killer organizations such as Yama
Hall, Seven Killing Pavilion, Rakshasa Hall, Hongye, and Qingzhu were all

dispatched.
It's just that they are not like the loose cultivators who are vigorously attacking
and killing Levi Garrison.
They are hiding in the dark, hiding their figures to kill Levi Garrison.
And most of the killers are hiding behind the loose cultivators to hide their stature.
No one thought of this.
Including these loose cultivators do not know.
There will be people hiding behind you.
It looks like one person, but it's actually two people.
Still caught off guard.
This move will definitely maximize the power of the assassination!
But it's just the beginning.
Next, the powerhouses of the Eternal Kingdom came.
Their strong men have a celestial physique, and their bodies have terrifying
power of various elemental attributes.
Not only that.
They also specialize in technology.
Whether it is a matching weapon, or a battle suit, it is unprecedented.
Completely improved several levels.
After all, it was researched by super spiritual veins.
The Return of the God of War [The
Protector] Chapter 3545
Not only that.
The advanced technological products of Eternal Kingdom are also fully invested.
They were originally in a base far away from here.
after receiving the message.
These aircraft and various high-tech weapons that the world has never seen
before actually arrived in a few seconds.
The most powerful attack on Levi Garrison is about to be launched.
Terrible weapons have long locked Levi Garrison.
These weapons contain the most terrifying aura, and when they are launched,
they will be transformed into the most terrifying power.
This is where the high-tech weapons of the Eternal Realm differ from the weapons of the world today.

Their powerful technologies are all based on super spiritual veins!

Any technological product has something to do with the spiritual veins.
The powerhouse of the eternal kingdom has emerged, and the power is even
stronger.
Even stronger than the army of the Demon Suppression Division led by the Ten
Great Talents!
It's something no one expected.
Everyone was stunned.
Where did this come from?
Many masters of the town magic division are confused, who is this?
They have never seen it!
But everyone can see clearly, they are all here to deal with Levi Garrison!
Everyone is on the same front!
I also understand – I heard that the Zhenmo Division was going to deal with Levi
Garrison, so everyone who wanted to kill Levi Garrison came.
It seems that Levi Garrison has quite a few enemies!
This is exactly what is best for everyone!
The more people who come to kill Levi Garrison, the better.
At this moment, everyone gathered the most powerful force to kill Levi Garrison.
Not only that.
The top ten masters specially selected by the Xuanming alien race also shot
together.
What they are waiting for is the opportunity of this moment!
finally come.
These top ten masters have more strength than the top ten geniuses, and they
go directly behind the top ten geniuses and become invisible.
Imitation of those killers in Yama Temple to give Levi Garrison the strongest
blow.
"Our tricks are also ready!"
Gong Qianqiu also arranged various hidden weapons and organs, etc., as well as
poisons.
Anyway, all the ways to deal with Levi Garrison are used…
Gong Qianqiu's face was cold, and he nervously observed the situation ahead.
Victory or defeat is at this moment.

gathered such a powerful force.
Only be allowed to win, not allowed to lose!
If this powerful force cannot win against Levi Garrison again, the consequences
will be unimaginable.
Just a moment.
The battlefield changed dramatically.
No one thought of it.
There are so many masters hidden in secret?
Are you waiting for this moment to shoot?
"Hahaha…Okay!"
"Good come!"
Levi Garrison laughed out loud when he saw this situation.
This situation is much better than he expected.
I thought it was the magic weapon of the town and the four town halls.
Now I don't think there are so many ghosts and ghosts.
Doesn't this make him a good fight at one time?
Very good!
Levi Garrison was just excited.
rather than fear.
If you let other people know about Levi Garrison's psychology, they are afraid
that they will collapse.
Under such pressure, how can you still laugh?
This is a lunatic! ! !
"Whoosh!!!"
Xu Zhetian of the middle pavilion held the Jiutian Bow, pulled it to the maximum,
aimed at Levi Garrison, and released it suddenly.
An arrow pierced through ice and flames!
This arrow shot out, as if the space was torn in half, and the whole world was
deformed.
"Boom…"
"Crack!"
"Zizzizi…"
What is terrifying is that this arrow is so powerful that it caused an inexplicable
burning scene between heaven and earth.
This is the aura between heaven and earth under this momentary squeeze, the

aura is also compressed to the extreme, all burst open, and there is a burning
scene.
Seeing the burning scene between heaven and earth, everyone was stunned.
Terrible isn't it?
This arrow has the power of ghosts!
Who can stop?
It is indeed an artifact of Zhongge Town Pavilion! ! !
The speed of this arrow really reached its limit, like a meteor streaking across the
night sky, and disappeared for a moment.
You can't catch the trail at all!
The Return of the God of War [The
Protector] Chapter 3546
Can't even see how to shoot!
When the trajectory can be captured, it is estimated that it is also the moment to
penetrate Levi Garrison!
This arrow is fired, which means that the general attack of all the masters has
begun.
"Clap clap clap…"
The arrow was fired, and thunder exploded in the sky, coming from the depths of
the sky.
The arrow is already on fire, and terrifying electric light and terrifying airflow
have emerged from the arrow body.
The power of the Nine Heavens Bow was thoroughly stimulated.
Especially hidden among the bows and arrows, the power of the sealed seniors
was also fully stimulated.
All terrifying forces gather on this arrow.

At this moment, the true power of the Nine Heavens Bow came!
Not only that.
Bai Xinghe and the others are actually waiting for this arrow!
All their foreshadowing in the early stage is for this arrow.
This arrow is the real protagonist!
It is best to hurt or even kill Levi Garrison.
If it can't be killed or injured, it can definitely contain Levi Garrison.

At that time, they will be able to make killer moves one after another!
Xu Zhetian was the last to do it.
However, Jiutiangong's bow and arrow were the first to arrive.
This arrow screamed and the heaven and earth changed color.
As if it can penetrate the earth!
Terrible! ! !
Xu Zhetian firmly believes that no matter what is in front of him, this arrow can
definitely penetrate!
"boom!"
This arrow shot at Levi Garrison with extreme speed.
He couldn't dodge at all.
Can only take it abruptly.
Being stared at by this arrow, how could anyone escape?
The speed of this arrow is unparalleled, and the eternal kingdom is amazed.
Even the strongest weapons they carry can't catch up with this arrow.
The speed is horrible.
Just like teleportation.
But in Levi Garrison's eyes, the arrow's speed actually slowed down.
As if to give a close-up.
"Boom…"
At the moment when the arrow was shot, Levi Garrison stretched out his hand
and grabbed the arrow in his hand.
Suddenly, the sky and the earth cracked, and the earth in a radius of 100 miles
was cracking open.
Like the roar of the ancient god of thunder.
And the phenomenon of burning between heaven and earth has also been swayed away!
Gong Qianqiu's eyes are about to fly out.
Is this too strong?
Can this be stopped?
He actually grabbed the Nine Heavens Bow with his bare hands?
This is too perverted! ! !
"Chichichi…"
Although the arrow was caught, the terrifying force was still sweeping, and it was
trembling and wanted to stab Levi Garrison.
It was just that Levi Garrison held it tightly, so that the arrow could not move at

all.
at the same time.
Bai Xinghe, Zhong Haiqiu and Jiang Tianqiong came from three directions.
Almost instantly.
Levi Garrison no longer has the possibility to escape.
Of course, he never wanted to hide.
In front of Bai Xinghe, holding the Demon Suppressing Sword, Levi Garrison shot
the Demon Suppressing Sword at an unimaginable speed with his empty right
hand.
A terrible force swayed away.
"puff!"
Gathering tens of thousands of people's skills, Bai Xinghe, who is crazy like a
demon, is actually discouraged.
It collapsed in an instant, vomited blood, and wanted to fly out.
Almost the same moment!
Levi Garrison didn't turn around, but his right leg kicked back.
He kicked the spear of the emperor that Zhong Haiqiu had stabbed.
"Boom… poof!"
The terrifying power directly knocked the Emperor Spear in Zhong Haiqiu's hand
into the air!
Jiang Tianqiong, who was above Levi Garrison, slashed down with the strongest
force with the God Weeping Sword in hand.
And Levi Garrison's right two fingers actually clamped the Divine Weeping Knife.
With a slight twist, Jiang Tianqiong was seriously injured and was about to fly
out.
In fact, these three people and Jiutian Bow Arrow were attacked and killed in an
instant.
It's just that Levi Garrison is too fast.
In an instant, the four ultimate moves were hit with a bang.
It seems to be one after another, but in fact it is a momentary thing.
The four Tianjiao holding the town hall artifact did not capture Levi Garrison for
the first time, and they were all blocked by him.

The Return of the God of War [The Protector] Chapter 3547
Shocked!
It's just too shocking!
In an instant, Levi Garrison took over the four artifacts of the town pavilion!
This is incredible.
It is already a miracle to be able to take over a large town hall artifact.
In an instant, took over the four great artifacts of the town pavilion?
This is simply a miracle of miracles!
Gong Qianqiu even suspected that Levi Garrison had the ability to pause time and freeze space.
Freezing the time, staying at just now, Levi Garrison took over the four artifacts one by one.

Otherwise, it is impossible!
how can that be?
But Levi Garrison blocked everything!
However, the real killer move was the assassination of the top ten experts of the Xuanming alien race hiding behind the Four Great Talents!
Almost they are synchronized with the attack of the Four Great Talents.
The time in between is negligible!
No time to react at all.
At the moment when Levi Garrison blocked the four sacred artifacts, the assassination of the top ten masters of the Xuanming alien race came.
They are just like the shadows of the top ten talents.
The top ten Tianjiao were caught, and they appeared instantly.
From all directions, shrouded killing Levi Garrison.
For Levi Garrison, it is to cover the sky and the sun.
There are no gaps.
There are enemies coming from any angle.
Covered tightly.
Not only that.
Hundreds of masters of loose cultivators came, followed by the ultimate move of the Eternal Kingdom.
There are also all kinds of killers overwhelming the sky, in a variety of ways

The Jiutian bow and arrow held by Levi Garrison's left hand was still raging,
trembling frantically, trying to pierce Levi Garrison's body.
Terrifying lightning flashes, and a terrifying force is hitting a crit.
The masters of the top ten Xuanming alien races came crashing down, leaving no
chance for Levi Garrison.
But at the critical moment, Levi Garrison let go.
"laugh!!!"
The arrow flew out immediately.
It was completely directed at Levi Garrison.
And the power is no different at all compared to when it was shot just now.
Because Levi Garrison just held down the arrow and did not remove the terrifying
energy it contained.
It is equivalent to just temporarily sealing and freezing the arrow.
Now released, the power is still exactly the same as before, without any reduction.
Even Levi Garrison added energy, and with a slight push, this arrow was even
more terrifying!
"boom!"
It was just that Levi Garrison suddenly tilted his head, and the Jiutian bow and
arrow were deflected and shot out.
"Pfft!!!"
But the Xuanming alien master behind Levi Garrison was not so lucky.
Under the speed and energy of this arrow, he could not escape.
What's more, all his attention was on Levi Garrison.
Notice the arrow there.
The nine-day bow and arrows slammed through the expert Xuanming Alien Race!
Died on the spot! ! !
However, the target of Jiutian Bow and Arrow is always Levi Garrison!
Whoosh!
After another turn, he shot at Levi Garrison.
This is so fast that there is almost no gap.
It's just that Levi Garrison is hiding again.
"Pfft!"
Another Xuanming alien powerhouse was pierced on the spot.
Next, Levi Garrison shuttled among the other eight Xuanming alien masters with

extremely fast movement.
Draw a route.
And Jiutian Bow and Arrow followed Levi Garrison through the crowd.
"Pfft!"
"Pfft!"
"Pfft!"
...
The eight Xuanming alien masters couldn't dodge the Jiutian bow and arrows, all
of them were pierced!
No one thought of this!
Levi Garrison would come to a trick to kill someone with a knife!
All ten experts of the Xuanming alien race were killed by Jiutian Gong?
This is so shocking.
The key is this is basically the most powerful killing move.
The masters of the top ten Xuanming alien races cooperate with the top ten
geniuses and the four great artifacts.
This is the strongest blow.
If this can't kill Levi Garrison, they can't imagine what to do.
But the attack is not over yet.
The next attack is here.
The rounds of attacks were airtight, almost instantaneous.
The Return of the God of War [The
Protector] Chapter 3548
First, hundreds of loose cultivators came to kill them.
Immediately afterwards, various aircrafts and other weapons of the Eternal
Kingdom attacked Levi Garrison with precision.
In front of Levi Garrison, Jiutian bows and arrows are still shooting at him.
"Snapped!"
It's just that Levi Garrison grabs it again.
Like his toy.
This time, Jiutian Bow and Arrow was much more honest, no longer attacking
Levi Garrison, but parked in Levi Garrison's hand honestly.
Everything was intentional by Levi Garrison.
He already had the strength to hold down the Jiutian bow and arrow.

Just didn't do it.
"kill!!!"

Levi Garrison released the Jiutian bow and arrow again.
“boom!”
He still flicked lightly at the tail, and Jiutian’s bow and arrow shot out in terror.
Straight to the sky!
This time, instead of shooting at Levi Garrison, it was shooting at the spaceships of the eternal kingdom and various high-tech products that shuttled through the sky.
These nine-day bows and arrows made Levi Garrison very satisfied.
The main thing is to be able to withstand extreme strength.
The terrifying power shot by the nine-day bow itself is still there, plus his bullet.
This maximizes the power of the arrow.
Levi Garrison, on the other hand, was facing hundreds of masters of loose cultivation.
The surreal aircraft in the Eternal Realm were bombarding Levi Garrison.
But suddenly they felt a terrifying force approaching, and everything around them was sealed off.
“Drip drip…”
Their instruments began to sound an alarm.
dangerous! ! !
“Buzzing…”
The defense systems of their various aircraft were subconsciously deployed.
In front of it appeared a mask of masks, engraved with various symbols and patterns.
A terrifying aura was impacting.
This is their shield against everything.
“Pfft!”
It’s just that after the nine-day bow and arrow came, it directly penetrated the mask.
“Pfft!”
“Crack!”
Simultaneously penetrate the aircraft directly!
Ripped it in half directly and destroyed it on the spot.
No matter what kind of defense system, no matter what kind of material.

In front of Jiutian Bow and Arrow, there is only one thing that can be pierced!
"Pfft!"
"Crack!"
...
Jiutian bows and arrows shuttled in mid-air, destroying the fleet of the Eternal
Kingdom.
No matter what kind of aircraft or high-tech product, it cannot stop this arrow.
They lost a lot.
Air support, all removed.
No one thought of this.
Jiutian bow and arrow turned out to be Levi Garrison's weapon?
Xu Zhetian and the others were dumbfounded.
And for the weapon attack of the eternal kingdom.
Looking at the weapon that came bombarding, Levi Garrison blasted it away with
his fist.
"Boom..."
There were explosions everywhere, and scenes of wild bombings were everywhere in the air.
The weapons of the Eternal Kingdom are really too powerful.
But Levi Garrison is stronger.
Bombard directly with fists.
At the same time, hundreds of scattered cultivators all attacked Levi Garrison.
"Although there are many people! It's also very surprising! But it's not strong
enough!"
Levi Garrison smiled.
Hundreds of loose cultivators came at the same time and killed him one after
another.
It's just that Levi Garrison's face changed, and a terrifying force suddenly swept
from his body.
"Buzzing..."
There was a tremor in the air.
"puff!"
"puff!"
"puff!"

…
They were not even ten meters away from Levi Garrison, and they all exploded
into blood mist at the same time.
These are also masters of loose cultivators carefully selected by Gong Qianqiu.
As a result, in front of Levi Garrison at this moment, he was like cannon fodder.
How many to die.
There is no fighting force at all.
But their only role is to help the assassins of Yama Temple as cover.
Many killers are like the shadows of loose cultivators.
"Chichichi…"
After the loose cultivators fell, these killers suddenly appeared like ghosts.
From all directions, he tried his best to assassinate Levi Garrison.
Not only that.
Even the killers came out from under Levi Garrison's feet, and they all killed Levi
Garrison.
The Return of the God of War [The
Protector] Chapter 3549
The top ten Xuanming alien masters are stronger than these killers!
They also imitated the tactics of these killers, hiding behind others to assassinate.
But there is a specialization in the art industry!
Killers are the most professional!
Maybe their strength is limited, but what they study every day is to assassinate
targets in various weird ways.
Therefore, this group of killers assassinated Levi Garrison from a tricky, bizarre,
pervasive, and everywhere angle.
The threat is no smaller than the top ten masters of the Xuanming alien race.
And the scary thing about them is that you don't know how they're going to kill
you.
Another point – they will not have direct contact with Levi Garrison.

Instead, use insidious tricks to kill Levi Garrison as much as possible!
Now there are killers everywhere, and they attack in an instant.

There are all kinds of hidden weapons, all kinds of poisons, all kinds of sinister
and sinister tricks to kill them all.
Overwhelming.
It's simply not enough to deal with.
It feels like a fallen leaf is also a killer.
A gust of wind is also a killer.
Even a speck of dust is a killer.
They know how to hide their bodies too well.
The most important thing is the red leaves in the sky and the green bamboo
everywhere.
This is the killer organization Hongye and Qingzhu.
These are all falsehoods.
What's more, hundreds of killers all attacked.
At the same time, Gong Qianqiu's various tricks came.
They are all insidious and ruthless organs, hidden weapons, and all kinds of
poisons.
At this moment, it's all used up.
It's the best time after all.
This is a sinister and ruthless attack.
In the area where Levi Garrison was located, all kinds of domineering poisonous
mists filled the air, and it was like a gust of wind and rain.
Various hidden weapons suddenly shot at Levi Garrison, as well as various organs.
With the attacks of hundreds of killers, as well as the attacks of the ground powerhouses of the eternal kingdom.
The threat is no less than before.
After all, they are all killers!
face such an attack.
Levi Garrison smiled.
"Buzzing…"
Suddenly there was a tremor around him, and waves of invisible forces formed
walls around him.
At least ten meters thick.
It was equivalent to a ten-meter-thick protective cover covering Levi Garrison's
entire body.
Including his feet and the top of his head!

They are all guarded!
Soon, hundreds of killers and various hidden weapons attacked.
Including the heads and tough weapons that popped out of Levi Garrison's feet,
they all wanted to tear Levi Garrison apart.
But the next moment.
"Bang bang bang…"
The killers at the feet of Levi Garrison found that their heads were sticking out,
but their bodies could not come out at all. There seemed to be an invisible wall
above their heads, blocking them.
They were exposed, and even the ultimate move was exposed.
Right at Levi Garrison's feet, he could no longer move forward, and could no
longer touch Levi Garrison in the slightest.
Watching helplessly, Levi Garrison, who was just a short distance away, had
nothing to do.
The same goes for killers from other parties.
The distance of ten meters is already the best distance for these top killers of the
Town Demon Division.
All kinds of killing moves were displayed.
"Bang bang bang…"
But the result is the same.
There is an invisible barrier in front of them.
Everyone seemed to be hitting the wall.
People can no longer take a step forward, and are blocked by death.
Even all kinds of weapons were blocked, unable to pierce this invisible wall at all.
Not only that, but all kinds of hidden weapons, organs, and even poisonous mist
were all blocked.
This invisible ten-meter power wall has become a gap that they can't cross at all.
No matter what kind of insidious tricks can't penetrate at all.
Not to mention approaching Levi Garrison.
fear!
Shocked!
No one thought it would be like this!
Everyone will be stopped.

The trick is useless.
And the powerhouses of the eternal kingdom began to attack the invisible wall.
It was a blast, but it didn't work at all.
The Return of the God of War [The
Protector] Chapter 3550
his……
She has prepared so many tricks.
Can't use it now?
This is not the point.
The key is that at this moment, both the killers and the hidden weapons are all
exposed.
Now it's dangerous.
These killers are relying on this chance.
There is absolutely no second chance.
Once exposed, it's over.

Just waiting to die.
really–
The killers under Levi Garrison's feet just showed up, all exposed.
I wanted to hide but there was no chance.
"Boom…"
"puff!"
"puff!"
…
The invisible wall hanging above their heads crashed down.
Their heads all exploded on the spot!
Dozens of killers fell on the spot.
There were also the killers who appeared ten meters above Levi Garrison's head,
and they were also instantly exposed.
They were also blocked by invisible walls, and the weapons in their hands could
no longer move forward at all.
"Boom…"
Suddenly the wall in front of them loosened, and their weapons and people fell.
Is it…
They have a surge of hope!
Did they break Levi Garrison's shield and could kill him?
But in the next second, they felt overwhelming coercion coming from all

directions.
They were crushed one by one into patties on the spot.
It turned out that there was no shield, but the power of the shield was all pressed
on them, covering them.
And the killers on the left and right just realized that they were exposed and
wanted to avoid the time to escape.
Suddenly, these invisible walls composed of pure power burst open in front of
Levi Garrison.
"Pfft!"
"Pfft!"
...
How can hundreds of killers withstand such coercion?
It exploded into a cloud of blood on the spot.
Hundreds of elite killers are all gone.
Even all kinds of hidden weapons were all smashed.
Invincible!
Simply invincible!
But this seems to have been a slow process.
In fact, it happened instantly.
And at this moment, Xu Zhetian drew his bow again.
This time, Li Zhuyue put all the remaining two bows and arrows on the Jiutian
bow.
"Help me!!!"
Xu Zhetian was crazy.
A secret method was used to maximize the potential of the whole body.
The earth shakes.
The powerhouses of other town magicians and mysterious forces all transferred
their skills to him.
At this moment, Xu Zhetian was really like a god.
The power he has now is several times that of before.
His body was almost unbearable, and his whole body began to crack, and bloodstains began to emerge.
After all, this time, two arrows have to be shot at once!
Soon, the Jiutian Bow was full to the full moon state.
The two arrows began to burst into flames, and the ground shook again, and the
space collapsed and collapsed.

“kill!!!”
He growled.
“Whoosh!”
“Whoosh!”
The two arrows shot at Levi Garrison at the same time.
This is their last hope.
If it fails this time, they can’t imagine it.
In order to contain Levi Garrison’s attention.
Bai Xinghe and the other three arrogances, again holding the three artifacts of
the town pavilion, attacked Levi Garrison.
They don’t want to hurt Levi Garrison.
Just want to contain Levi Garrison.
The point is still the two arrows of the Nine Heavens Bow!
They are buying time for the two arrows.
Since they were close to Levi Garrison, they arrived in front of Levi Garrison first.
Demon Suppression Sword, God Weeping Knife, Emperor Spear.
The three town pavilion artifacts reappeared!
This is also the sword that the three of Bai Xinghe pushed their own skills to the
extreme, and then launched a sword.
They vomited blood, and had blue veins all over their bodies, feeling like their
bodies were about to explode at any time.
Is to burn the price of life to wield the strongest move.
That is, the game of perishing together!
After this move, they definitely won’t be able to finish the second move.
There is simply no skill to urge the second move.
Therefore, this move is the last hope.
The Return of the God of War [The
Protector] Chapter 3551
They go all out.
They stabbed Levi Garrison one after another.
The decisive battle on the field came.
This is also the last chance to kill Levi Garrison!
There is nothing to miss!
In the face of the three attacks, Levi Garrison did not evade at all.
Let these three town pavilion artifacts stab yourself on your body.
“Clang!”
“Clang!”

“Clang!”
…
The sound of three metal clashes exploded, as if the whole world was shaking.
Everyone clearly felt that the sky and the earth were jumping.
It’s just that the artifacts in the hands of Bai Xinghe’s three people seem to be
stabbed on the hardest thing in the world.
completely blocked.
Look up.
Levi Garrison didn’t dodge in the slightest, and let his body be stabbed by the
three artifacts of the town pavilion.
only……
The three artifacts of the town pavilion could not penetrate Levi Garrison’s body
at all, but only stayed on the surface of the body.
The hardness of his body seems to exceed the sharpness of the three sacred
artifacts.
What? ? ?
next moment.
The three of Bai Xinghe are going crazy.
Because they saw that the three town hall artifacts were damaged to varying
degrees.
For example, the Suppressing Demon Sword is bent, and the degree of bending is
getting bigger and bigger, but it cannot penetrate Levi Garrison’s body.
And if you bend it further, it feels like the Demon Suppressing Sword is about to
break.
As for the tip of the emperor’s gun, it has been damaged and has been sunken.
The God Weeping Knife slashed horizontally, but it didn’t succeed. Instead, there
were a lot of blunt holes on the knife.
The hardness of Levi Garrison’s body has reached the extreme.
Levi Garrison smiled: “As expected of a town hall artifact, not bad!”
It stands to reason that after the blade slashes on him, it will definitely be broken
in half.

There are no results!
It's enough to show that this town pavilion artifact has two powers!
"Chichi!"
At this time, two nine-day bows and arrows also arrived as scheduled.
This is the last hope of everyone!
Bai Xinghe and the others are covering up so much for these two arrows!
Instead of being avoided by Levi Garrison, he was forced to follow!
"Clang!"
"Clang!"
...
Two Jiutian bows and arrows shot at Levi Garrison in unison.
Levi Garrison didn't block it, and of course he didn't deliberately block it.
Let the two arrows pierce through yourself.
It was just two arrows hitting Levi Garrison's body, and there were only two sharp
sounds.
It did not penetrate Levi Garrison, but left two white marks on him.
His body is too strong.
Not only can withstand his terrifying power.
The key is that when the super spiritual pulse erupts, his body is quenched by the
strongest spiritual energy storm.
It has the strength it is today.
These four town pavilion artifacts cannot be penetrated at all!
"Crack!"
"Crack!"
Not only that.
Two arrows were also broken.
The physical strength is terrifying.
crazy!
Everyone here is going crazy.
Dead silence.
No one would have thought this was the case!
At this moment they understood one thing.
Levi Garrison didn't say dodge, just stood here and let them kill, they couldn't kill
them.
The four artifacts of the town pavilion cannot penetrate his body, let alone others.
fear!
horrible!
Gong Qianqiu was about to cry.

Why is Levi Garrison so powerful?
Invincible!
God-defying!
The four town hall artifacts can't kill him, so who can kill him?
I can't imagine it!
At this moment, the entire Town Demon Division and the Eternal Realm were
silent.
They are also always watching this battle.
Seeing Levi Garrison like this, they were really scared.
All fell silent.
His pure body cultivation is so terrifying!
Simply lawless.
So many masters, so many tricks, and even the four major town pavilions have
come.
Still can't kill him!
How do I go on like this?
Anyway, this also declared their failure.
No matter what tricks are used against Levi Garrison.
A complete failure!
Despair spreads in everyone's heart!
This is not the most critical.
The Return of the God of War [The
Protector] Chapter 3552
The most important thing is that despite this, in the end they didn't even test
Levi Garrison's true strength.
Now everyone understands that there is still a long way to go before Levi Garrison's true strength.
This is completely against Gong Qianqiu's plan.
In Gong Qianqiu's view, even if Levi Garrison cannot be killed in this battle, at
least he can measure his true limit.
But there is none.
Far from there.
Now the four artifacts of the town pavilion can only leave white marks on Levi
Garrison.
As for the hidden weapon poison, these are useless at all.
It couldn't penetrate Levi Garrison's body at all.

For a while, Gong Qianqiu couldn't think of any way to kill Levi Garrison.
This is also the self-confidence-destroying blow of the top ten talents.
One by one was originally high above, and did not put anyone in his eyes.
As a result, after meeting Levi Garrison.
Only to find out that he is God.
The difference between ceiling and floor tiles.
It turned out that they were sitting in the well and watching the sky.
This psychological destruction is actually more serious.
Let them estimate that they will never be able to lift their heads again.
The road ahead is severely affected.
After all, such a seed has already been planted in my heart.
If you adjust your mentality, it is motivating.
If it can't be adjusted, it is a big mountain that can never be crossed, and it will
become their nightmare.
All the strong players in the field did their best.
It is not Levi Garrison's opponent at all.
Not to mention killing him.
The powerhouses of the Eternal Kingdom saw that the situation was not good
and wanted to flee.
But it was too late, Levi Garrison had already set his sights on them.
"kill!!!"
A loud shout.
The Demon Suppression Sword, the Son of Heaven Spear and the Divine Weeping
Sabre in the hands of the three arrogances of Bai Xinghe bounced off their hands,
flew out, and smashed into the crowd of powerhouses in the Eternal Kingdom.
And the Jiutian bow and arrow that had just been broken into four sections also
flew out and began to shuttle through the crowd of powerhouses in the Eternal
Kingdom.
"Bang bang bang…"
"Pfft!"
"Pfft!"
"Pfft!"
…
No matter how insane physique they have, or what high-tech suits they have.

In front of the four town pavilion artifacts, it is not enough to see at all.
They were all pierced!
The battle suit shattered and the body shattered.
Levi Garrison is able to block these four artifacts.
But no one else can.
In front of the four great artifacts, they are as fragile as tofu.
It penetrated with a single touch.
In the end, none of the thousands of powerhouses sent by the Eternal Kingdom
remained.
All were killed.
Of course, the heavyweight is that fleet!
But the fleet has long been wiped out.
Whether it was people or aircraft weapons, they were all pierced by Jiutian bows
and arrows.
Not a single one remained.
"Next, it's your turn!!!"
Levi Garrison took a fancy to the Suppression Army and the mysterious forces.
see.
They started to run away.
Escape all over the mountains and plains.
Only Levi Garrison smiled.
"Boom…"
He stepped on it, and the ground began to shake.
Terrible fluctuations rage across the land.
No matter where they fled, they were shocked by this terrifying fluctuation.
"Bang bang bang…"
No one can stand it.
One by one burst into a cloud of blood on the spot.
died!
All dead.
Except for the top ten talents in the field, all the other enemies who came to kill
Levi Garrison died.
Not one is left.
The whole army is wiped out!
The Eternal Kingdom played for the first time, and it also ended in complete
annihilation.
No one thought of this.

Gong Qianqiu's eyes turned black, and he was about to stand unsteadily.
What kind of monster is this?
How is he so strong?
Gong Qianqiu couldn't imagine it.
How could this make any sense to him?
I……
It's outrageous.
Xu Qingya and the others were right!
At this time, Levi Garrison shouted at the surrounding: "Friends who have been
observing in secret, why don't you come out to play?"
This voice scared Gong Qianqiu to the core.
The Return of the God of War [The
Protector] Chapter 3553
/ The Return of the God of War [The Protector]
This sound really scared Gong Qianqiu to the point of splitting his liver and
gallbladder.
don't find me!
It's not me!
If she is discovered and found by Levi Garrison now, then all her success will be in
vain.
This is what she doesn't want to see.
Levi Garrison is really too powerful.
Once encountered with him, he will surely die.
but……
Wrong!

It seems that Gong Qianqiu is in control of the situation on the field and is clear
about it.
In fact, she is far, far away.
In fact, it is her subordinates who control the situation, and then send the information back to her in a timely manner.
It is her subordinates who should be discovered now!
not her!
In addition, many people in the town of magic and the eternal kingdom are watching around.
In this way, many people came to observe.
But it's never myself.
Gong Qianqiu is very happy at this moment.

Fortunately, I arranged it in advance, hiding in a far place to observe.
Instead of dangling around Levi Garrison's base camp at close range.
Otherwise, it will be useless.
Sure enough, it was not what Gong Qianqiu expected.
In the next second, Levi Garrison burst into an unparalleled aura.
"puff!"
"puff!"
"puff!"
...
Everyone who was observing around exploded into a blood mist one by one!
Many of Gong Qianqiu's subordinates also died tragically.
This is the majesty of Levi Garrison!
No one can violate it!
Gong Qianqiu couldn't help shivering.
As long as you move forward a little, you are afraid that you will die.
Luckily didn't go.
survived.
Luck is indeed on his side.
Gong Qianqiu didn't care about anything else and fled immediately.
They just sent people to observe at a place far away from Levi Garrison's base
camp.
She herself dared not take the risk again.
Soon, Levi Garrison fought at the peak, defeated the Demon Suppression Division, the Eternal Kingdom and other masters spread throughout the world.
Everyone was silent.
The specific strength of Levi Garrison is being rearranged again.
Stronger than ever!
Peak to the extreme!
Who can be his opponent now?
unimaginable!
The Town Magic Division suffered heavy losses, and the Eternal Kingdom also
suffered heavy losses.
This is the first time that the key eternal kingdom has truly entered the WTO, and
the entire army has been wiped out.
Terrible!
Now everyone has a new understanding of Levi Garrison.
His strength is terrifying and desperate.

What if it's the Town Demon Division?
What about the eternal kingdom?
Not his opponent!
This can be regarded as a blow to the Xuanming alien race!
Originally, they were like the top ten geniuses, and they never put Levi Garrison
in their eyes.
But now, they have to pay attention.
Levi Garrison is too powerful.
may directly threaten them.
Zhenmosi is afraid of them Xuanming aliens, but Levi Garrison is not afraid.
What's more, he possesses such terrifying strength.
It didn't take them seriously at all.
It's a tough question for them all.
I sent so many people twice in a row, but it didn't have any effect.
Xuanming aliens are also afraid that the master will blame him.
They all told them not to provoke Levi Garrison.
The Eternal Kingdom is also a little desperate.
I already knew that dealing with Levi Garrison would have to pay a huge price.
Now I thought it was a good opportunity, but in the end, the whole army was
overthrown.
also exposed himself.
This time, he has completely forged a relationship with Levi Garrison.
All started to fear.
I'm afraid it will be Levi Garrison's revenge.
Who can stop it?
Levi Garrison's base camp.
There are only the top ten talents alive now.
But they were all injured to varying degrees.
The only Xu Zhetian who was not attacked by Levi Garrison was injured more
seriously.
After all, he endured unbearable strength to pull the Nine Heavens Bow, twice.
The second time, it was two arrows.
His body suffered horrific damage and was about to fall apart.
The top ten Tianjiao looked at Levi Garrison without any contempt or disdain.
The Return of the God of War [The

Protector] Chapter 3554
/ The Return of the God of War [The Protector]
There is only fear!
Deep-rooted fear!
They have never seen such a powerful existence!
This battle destroyed their self-esteem and even their souls.
Everything they were proud of was defeated.
It is no exaggeration to say that the top ten talents are now like walking dead.
The human soul is gone, and the spiritual energy is gone.
The eyes are full of emptiness.
After all, the top ten talents have never been defeated!

They cannot accept any failure.
This defeat is a complete collapse for their hearts.
The top ten Tianjiao looked at Levi Garrison dumbly.
They knew they were dead, too.
Levi Garrison will not let them go.
Their hearts are dead, and they are not afraid of death.
Waiting for Levi Garrison to kill them.
"I said, you repair everything that is damaged! When it is repaired, you can
leave!"
Levi Garrison's voice sounded, startling the top ten geniuses.
Levi Garrison didn't even kill them?
Are you going to let them go?
This is incredible too!
"You…you won't kill us?"
Shangguan Tianfeng asked.
Levi Garrison sneered: "If I wanted to kill you, I would have killed you early on!
What? Is it difficult to kill you? Isn't it a simple matter?"
Not wrong.
For Levi Garrison, killing the top ten talents is just a snap of his fingers.
"I'll leave a seedling for the town magician! Don't kill you! Hurry up and fix these
damaged places for me!"
"It's okay if you want to take revenge on me, go back and practice hard! You are
still far away!"
…
Levi Garrison's remarks made everyone's eyes shine.

Levi Garrison didn't even kill them?
Everyone wakes up.
Not to kill them, of course.
No need to seek death, right?
As a result, the top ten Tianjiao immediately got busy and repaired Levi Garrison's place as much as possible.
From now on, this place will be listed as a forbidden place where countless
people dare not come.
I couldn't find where Levi Garrison was before.
But what's the use of finding it now?
Tell you where Levi Garrison is, and you don't dare to come.
The top ten Tianjiao were busy for a long time, and finally the repaired place was
repaired.
But all ten people were injured to varying degrees, and now they all feel like they
are dying.
"When you're done packing, get out! Still want to stay and eat?"
Levi Garrison's voice sounded immediately.
"it is good!"
The top ten Tianjiao immediately fled.
For fear that Levi Garrison would leave them behind again.
"Wait!"
It was just that they had just run halfway when Levi Garrison's voice sounded.
This frightened a few people.
Could it be that Levi Garrison is going to regret killing them?
"Take all your rubbish!!!"
Then, Levi Garrison's voice sounded again.
"Huh? The trash we left behind?"
Everyone was stunned.
And nothing was left behind?
Not to mention rubbish.
"Four town hall artifacts!!!"
Bai Xinghe suddenly remembered.
What?
You actually said that the four town pavilions artifacts are rubbish?
Levi Garrison is the first person!
When they actually left, they thought of the artifact of the town pavilion and
wanted to take it away.

But dare not!
In their opinion, the four artifacts of the town pavilion are the treasures among
the treasures, and Levi Garrison is afraid to keep them.
They took it away, fearing to be courting death.
Therefore, they only left after leaving the four artifacts.
Even if Levi Garrison didn't want it, it was like a trophy.
It is reasonable to stay.
After all, they all failed.
But who would have thought that Levi Garrison would be disdainful of the four
artifacts of the town pavilion, and even considered it to be a garbage-like existence.
this……
Eye-popping.
Unexpected.
But think about it, with Levi Garrison's strength, he is fully qualified to treat the
four town pavilion artifacts as garbage.
The top ten Tianjiao quickly fled from Levi Garrison's base camp with the four
town pavilion artifacts.
The Return of the God of War [The

/ The Return of the God of War [The Protector]
After everything was quiet, Levi Garrison asked Levilia and the others to come
out of the underground base.
In everyone's opinion, it must be a mess here.
But when I came out, I was a little scared.
The base camp was clean.
However, there are also traces of damage, but the overall impact is not very
large.
It's very different from what they imagined.
What happened to the battle just now, although everyone has not seen it with
their own eyes, they can still feel it.
Levi Garrison actually won?
All had smiles on their faces.

the other side.

As soon as the top ten Tianjiao left, Gong Qianqiu received a message.
Now no one dares to stare at Levi Garrison's base camp.
Except for Miya Chiaki.
She still took the risk and sent people to watch.
"He actually didn't kill the top ten talents? This is a bit unexpected!"
Gong Qianqiu was surprised.
"Not only that, Levi Garrison doesn't even want the four artifacts! Throw it to the
top ten talents like garbage!"
Hearing the report from his subordinates, Gong Qianqiu's eyes lit up fiercely.
Gong Qianqiu asked with hot eyes: "What is the current situation of the top ten
talents? What is the degree of injury?"
"Everyone was seriously injured! The combat effectiveness is negligible for you!"
"Yes, Xu Zhetian in the middle pavilion feels like he is going to die! Bai Xinghe
and the others are also seriously injured!"
"It is estimated that Levi Garrison felt that killing them was meaningless, so he
let them go!"
...
Hearing that the Ten Great Talents were seriously injured, Gong Qianqiu laughed.
"This is my chance!"
"Not only can I get the four artifacts of the town pavilion, but it can also intensify
the hatred between Levi Garrison and the Zhen Mosi!"
"Go! Immediately leave!"
Gong Qianqiu seemed a little excited.
The top ten Tianjiao hurriedly left from Levi Garrison with the four artifacts of
the town pavilion.
Just want to return to their respective factions.
After all, not to mention that they are seriously injured now, they are still carrying the four artifacts of the town pavilion.
It is dangerous to be outside for too long.
Scary what to do.
"Whoosh whoosh..."
All of a sudden, a hidden weapon shot from the surrounding.
At the same time, there is a poisonous mist.

The top ten Tianjiao were seriously injured and tried their best to block the
hidden weapon attack.
But several people were also hit by hidden weapons.
But they are not so lucky to face the poisonous fog again.
Everyone was more or less contaminated by the poisonous mist.
This poisonous mist will not kill them on the spot, but it will affect their root
bones and limit their skills.
At the same time, a large number of masters appeared and directly attacked the
top ten talents.
Soon the top ten talents were defeated.
All ten people passed out.
"What should I do? Did you kill it directly?"
The subordinates asked Gong Qianqiu.
"No, take them all! Killing them will leave clues! Besides, they are useful to me!"
Gong Qianqiu gave an order.
The top ten Tianjiao were taken away one after another.
Finally came to Gong Qianqiu's secret base.
The top ten Tianjiao passed out, but Gong Qianqiu was still afraid that this group
of people would recover.
So with a vicious method, a special nail was used to hit the meridians, root bones
and every important part of the body.
Not only that, but the Ten Great Talents were locked and entangled with each
other with special chains.
In this way, their strength cannot be recovered, they cannot absorb spiritual
energy, and they cannot use their power.
After all, several people were seriously injured, but their skills were still there.
If it is not restricted, these ten arrogances will recover sooner or later.
Therefore, they can only be locked in this vicious method.
It means that their life gates are tightly controlled.
Gong Qianqiu, on the other hand, was fond of touching the artifacts of the four
town pavilions.
"Great! It's all mine!!!"

“Hahaha… and Divine Tribulation is also mine!”
Gong Qianqiu also took out the divine robbery and compared it with the four
artifacts of the town pavilion.
She was full of excitement, indescribable joy.
The Return of the God of War [The

/ The Return of the God of War [The Protector]
To say before that she can get the four artifacts of the town pavilion, don’t say
that other people don’t believe it.
She just couldn’t believe it herself.
In the previous West Pavilion, she had never even seen Tianzi Gun at a glance.
There is no right to place the forbidden place of the emperor’s gun.
That feeling is high above, she is like an ant.
Even looking at it is a heinous crime.
But isn’t it still in her hands?
Looking at the emperor’s gun, Gong Qianqiu smiled.
Wasn’t she playing with the artifact of Xige Town Pavilion?

Since Zhen Mosi came into contact with the outside world, her chance has come.
“Levi Garrison, I really have to thank you. If you hadn’t appeared, I would have
now? Four great artifacts and ancient swords, what do I want!”
Gong Qianqiu laughed wildly.
But soon, her face darkened.
Because the four town hall artifacts and the ancient sword are all in hand.
But no matter how powerful he is, he can only use one of them.
You cannot use all five at the same time.
Others need to cooperate.
If only these five weapons could be integrated into one.
Maximize power?
Wouldn’t it be better?
Gotta find a way to make good use of it.
Get these five artifacts, absolutely can not be used as decoration.
Looking at the top ten talents, Gong Qianqiu smiled.
Once one by one invincible, unattainable!
She is not qualified to stand with this group of geniuses.
Zhong Haiqiu and Shangguan Tianfeng from the West Pavilion have always

looked down on her!
Whenever she was in the West Pavilion, she always lowered her head to the two
of them.
In terms of resources, they were also suppressed by these two people.
*Even Zhong Haiqiu often insults her as a b*tch!*
Shangguan Tianfeng didn't give her a good face either!
In addition, other Tianjiao, such as Bai Xinghe, Jiang Tianqiong, Han Jiuxiao, etc.,
she has seduced them.
But all failed.
As a result, this group of geniuses were all immersed in cultivation.
Second, this group of geniuses can't look down on themselves.
Therefore, Gong Qianqiu only hates everyone!
"Snapped!"
She slapped Zhong Haiqiu hard on the face.
He directly woke up Zhong Haiqiu.
"you……"
Zhong Haiqiu's face was full of disbelief.
*"b*tch! Slap! Slut! Slap! Slut! Slap…"*
Gong Qianqiu slapped her face with a slap like a vent.
The huge movement woke everyone up.
"You! Gong Qianqiu!!!"
…
After the top ten Tianjiao opened their eyes, they saw Gong Qianqiu with disbelief on their faces.
Just as they were about to struggle, they found that their bodies couldn't use any
strength.
Every point of strength, the gate of life, is all locked.
Special nails were nailed into each place, and chains were used to entangle them
together and lock them tightly.
"Gong Qianqiu, are you mean? Are you not letting us go? Are you courting
death?"
Shangguan Tianfeng was used to scolding Gong Qianqiu in the West Pavilion, and
immediately roared.
"Pfft!"
It's just that Gong Qianqiu raised the Xige Town Pavilion's artifact, the Emperor's

Spear, and directly penetrated Shangguan Tianfeng's left shoulder.
"what!!!"
Shangguan Tianfeng let out a shrill scream.
What else did Zhong Haiqiu want to say, but Gong Qianqiu directly nailed her
palm to the wall!
Everyone was silent now.
I also know that these people are controlled by Gong Qianqiu.
Next, it can only be slaughtered by others.
"Top Ten Talents? That's all!"
Gong Qianqiu sneered.
Bai Xinghe had already noticed Gong Qianqiu's strength, and he said in amazement: "You… when did you become so strong?"
Today's Gong Qianqiu is no less than them.
It was even comparable to himself and Chu Qingshuang.
Gong Qianqiu sneered: "Who made you a frog at the bottom of a well? There's
another one out there who is more talented than you!"
She naturally meant Levilia.
"And this… This is Levi Garrison's calamity???"
"So you stole it!"
Bai Xinghe also recognized Divine Tribulation.
The Return of the God of War [The
Protector] Chapter 3557
Case solved!
Everyone is guessing, who has the ability to steal Levi Garrison's ancient sword!
It turned out to be Gong Qianqiu!
Xu Qingya was wronged.
It was her!
"Gong Qianqiu, you are so bold, you dare to steal Levi Garrison's sword? If you are
discovered by him, you will die without a place to be buried!"
Bai Xinghe said.
As soon as these words came out, Gong Qianqiu was frightened and trembled.
In the past, she would not be afraid of Levi Garrison at all.

But after the battle just now, she was deeply afraid of Levi Garrison.
As long as she heard Levi Garrison's name, she trembled in fear.
For example, it is mentioned now that her face is blue and her lips are white.

The picture of Levi Garrison coming to take revenge on her already appeared in his mind.
"But…but so what? According to the current situation, he can't find me at all!"
Gong Qianqiu began to pretend to be calm.
"Gong Qianqiu, you will be exposed sooner or later!"
Xu Qingya's voice came from not far away.
"Huh? Isn't this Xu Qingya from Beige?"
Bai Xinghe once again saw the three Xu Qingya not far away, all covered in injuries.
"Understood! I understand! These people disappeared because of Gong Qianqiu!"
"They took the blame for Gong Qianqiu! And the Xuanming alien race was also calculated by her! Levi Garrison's base camp was definitely revealed by her!"
…
Soon, everyone understood everything.
All of this was calculated by Gong Qianqiu.
It's everything she leads.
I also knew the horror of this woman.
He even dealt with Levi Garrison and Xuanming alien race.
has not been discovered.
This is something they are far from being able to do.
In particular, Zhong Haiqiu and Shangguan Tianfeng from the West Pavilion were even more unbelievable.
How could they never have imagined that this woman had so much energy.
After all, in the West Pavilion, she was ignored.
They never looked at them.
Now she has unparalleled strategies, and even her strength is on the same level as them.
This woman is horrible.
Zhong Haiqiu still couldn't hold back and asked: "You…how did you become so strong in a short period of time? I saw you make a move a month ago, and it wasn't very strong! How come you are stronger than me in a month… …"

Gong Qianqiu smiled: "I still want to thank Levi Garrison! I learned the exercises created by his daughter! The strength has improved by leaps and bounds! It is hundreds of times faster than me!"
"hiss!!!"
Everyone started to gasp for breath.
This is too scary.
"So don't think how powerful and talented you are! Compared with Levi Garrison's daughter, you are worthless! Her self-created exercises have given me the strength to rival you in a short period of time! What do you compare to her? "
Gong Qianqiu is going to hit this group of arrogance severely.
Make their faces swept up.
The top ten geniuses are silent now.
In fact, after fighting with Levi Garrison, they already knew that there is a reason beyond the sky.
monkeys outside?
Do not!
Now they don't dare to mention the word monkey.
They have been beaten to the core.
They understand that they are just sitting there watching the sky.
Therefore, now that Gong Qianqiu said this, they all bowed their heads in shame.
"Even I will surpass you soon! The top ten talents were trampled under my feet! Haha…"
Miya Chiaki's nature was exposed, and he laughed wildly.
"Gong Qianqiu, you are not going to let us go! If our people know that we have disappeared, they will definitely look for it! You will not be able to eat and walk around!"
Xu Zhetian began to threaten.
"Yes, you also stole the artifacts of the four town halls. You don't want to be the enemy of Wufang Pavilion, do you?"
"Once exposed, this is a heinous crime! You still let us be honest, and we may give you a way to live!"

“Now let us go quickly, we still have to discuss!”
The Return of the God of War [The
Protector] Chapter 3558
These arrogant people are still used to being arrogant.
At this moment, I even set the scene for Gong Qianqiu.
But Gong Qianqiu is a ruthless person.
Especially when you were all locked up by Gong Qianqiu, and you even made a
show for others.
Gong Qianqiu smiled coldly: “I’m not even afraid of Levi Garrison, I even dare to
bring his sword! I’m still afraid of you?”
As soon as the words came out.
The top ten Tianjiao were silent.
yes.
Even Levi Garrison is not afraid, what else is there to be afraid of?

Gong Qianqiu sneered: “What’s more, you know my secret now! I would rather kill
you than let you go!”
“boom!”
The faces of the top ten Tianjiao changed greatly.
not good!
Something is going to happen!
Since they were caught by Gong Qianqiu, then they have no good end.
“you……”
Seeing Gong Qianqiu looking at him, the top ten arrogances took a deep breath.
going crazy.
Shouldn’t she have the idea of hitting her own bones?
Gong Qianqiu smiled: “Now you all know, Levi Garrison is too strong! His
daughter is also strong, I have no way to do it for the time being! So I don’t want
to get her roots, but you…”
Gong Qianqiu looked at the top ten talents, and his eyes showed a fiery look.
“Your root bones are the best in Town Demon Division! Now I can transplant
anyone’s root bones!”
Gong Qianqiu smiled.

Zhong Haiqiu was already scared: "Don't joke! This kind of joke is not funny at all!
Qianqiu, listen to what Junior Sister said, don't push yourself to a dead end!"
Others immediately persuaded: "Yes, don't go to a dead end! Besides, if you want
to transplant a root bone, there are only so many bone masters. If you do it, you
will be found immediately!"
"Yeah, now the bone masters are those people. After Levi Garrison looked for
them last time, they were all exposed."
What they meant was that Gong Qianqiu could not find a bone master to transplant the root bone.
Gong Qianqiu suddenly smiled: "You don't have to worry about this matter! I
have a bone master specially trained!"
"What? Impossible!"
Everyone exclaimed that it was impossible.
Bone masters are to be condemned.
How can it be said that nurture means nurture.
Otherwise, there would not be only so many bone masters in the entire town
magic division.
Now I hear that Gong Qianqiu has his own bone master.
Of course everyone doesn't believe it.
"No! She has!"
Xu Qingya shouted.
"There are countless people who are obsessed with her by the entire town magic
department! Many of them are fascinated by her! Even if they die for her, it is
estimated that most people will not hesitate!"
Hearing Xu Qingya say, Gong Qianqiu smiled: "It's still this sister who knows me!"
"That's right! There are so many men who are crazy about me! As long as I speak! I
guess I can become a bone master willingly for me!"
"As long as I want, there are as many as I want, and it's not a problem to cultivate
a few!"
Not wrong.

With Gong Qianqiu's methods, these are all small things.
Take Xiao Feng, for example.
As long as Gong Qianqiu needs it, he can immediately become a bone master.
Don't ask why.
As long as Gong Qianqiu speaks, he will do it immediately.
There are not a few people who are deeper than Xiao Feng.
There is no need for Gong Qianqiu to say, it is only beneficial to Gong Qianqiu,
they will do it themselves.
fear!
horrible.
Now the top ten geniuses know that it is so terrible to control people's hearts.
Even the concept of everything they thought was controlled by strength collapsed at this moment.
"You guys, you're all rubbish! It was originally designed to use all your strength
to kill Levi Garrison! In the end, none of you can do anything!"
"But fortunately, your roots are good, and it's still useful!"
Gong Qianqiu looked at several people and sighed.
"What? You designed the assassination of Levi Garrison?"
Bai Xinghe seemed to have heard something incredible.
"That's not the case! You all proposed it yourself at the beginning! It's just that
after I knew it, I specially designed it! The other masters were arranged by me!
Even the eternal kingdom was arranged by me!"
Miya Chiaki said.
The Return of the God of War [The
Protector] Chapter 3559
Everyone understands.
It turned out that he was in control of the situation.
"But I was afraid that you would hurt my prey Levilia, so I told Levi Garrison the
information in advance!"
Bai Xinghe suddenly realized: "So when we went, we didn't see anyone else, but
you actually arranged it?"
"Well, that's right!"
Gong Qianqiu enjoys sharing her plans with others.
This kind of pleasure cannot be described in words.

Soon, she was swaying in front of the top ten talents.
Take a close look at the roots of this group of people one by one.

"It seems now that I don't even want to think about the roots of Levi Garrison's
daughter! I can only make up my mind on you!"
Gong Qianqiu tested the bones of ten people one by one.
She kept shaking her head.
Tianjiao is Tianjiao.
Oh shit!
One talent is better than the other!
The spirit root and spirit bones are more against the sky one by one!
All are legendary!
Exist in ancient books!
horrible.
People are more mad than people!
But immediately, she laughed.
But so what?
Now the top ten talents are not in their own hands?
She wants whose roots she wants!
But……
"Hey! Your spiritual roots and bones are excellent!"
"But after all, it can't compare to Levi Garrison's daughter swallowing the spirit
root and spirit bone!"
Gong Qianqiu sighed.
"What? Devouring spiritual roots and bones?"
The top ten Tianjiao exclaimed again and again.
All were frightened.
This kind of impossible spiritual root and bone is actually on Levi Garrison's
daughter.
"So what are you arrogant about? Compared to Levi Garrison's daughter, you
have no talent at all!"
"Now I'm cultivating Levi Garrison's daughter's self-created exercise, and it
already feels like swallowing it! But it doesn't match your root bones, or in other
words, your spiritual roots and bones are not worthy of this exercise at all! "
This is the reason why Gong Qianqiu is depressed.

She originally thought that there were ten great talents, and they could achieve
what she wanted with the combination of their roots and bones.
But still not!
If you want to be the strongest, you have to have Levilia's devouring spiritual
root and spiritual bone.
But now that Levi Garrison is so powerful, how can she get Levilia's roots?
That is absolutely impossible!
She didn't even think it was possible.
Unless the sky falls pie.
But she has never extravagantly asked for these illusory things.
You have to figure it out yourself.
"call!"
I heard that Gong Qianqiu looked down on the roots of these people.
The top ten geniuses breathed a sigh of relief.
Finally escaped.
But in the next second, their smiles froze on their faces.
Because Gong Qianqiu smiled and said: "I wonder if you have heard of a more
vicious method than transplanting a root bone?"
not good!
Something is wrong!
Something is going to happen!
The top ten Tianjiao all realized it.
Xu Qingya even guessed what it was.
"Have you heard of the practices of some foreign races in the past? They will dig
out the spiritual roots and bones of people, then grind them into powder, and
make medicines with the treasures of heaven and earth!
After taking it, it will strengthen its own root bones, and even some superb masters can create new root bones! "
A devilish smile appeared on Gong Qianqiu's face.
After saying this, the top ten Tianjiao have already begun to tremble.
This is too scary.
If so.
That's even crueler than a root bone transplant!
Also grind the root bone into powder to use as medicine?
hiss!
Thinking of this, everyone started to shiver.

And Gong Qianqiu can definitely do it!
This is the most terrifying thing!
The three of Xu Qingya sighed helplessly.
This time the top ten talents are going to be bad.
Gong Qianqiu exclaimed again and again as if he had discovered a new continent:
"Yes! I can completely transform my root bone into a devouring root bone! Even
if it is not as terrifying as Levi Garrison's daughter! But even half of it is enough,
at least It can match this technique!"
If it was before.
How can she transform her own roots?
But now it's different.
The Return of the God of War [The
Protector] Chapter 3560
The spiritual roots and bones of the top ten talents are all for their own use.
Using the root bones of these ten people can completely create a new swallowing root bone.
I just happen to know the master of this field.
hey-hey!
if(()) {}
Such masters are usually aliens.
However, the Town Demon Division did not catch all the alien races in one go.
There is still a lot left.
A lot of loose repairs are.
if(()) {}
It just so happened that she had a master who knew this.

Relying on the root bones of the top ten talents, extract the essence and create a
devouring root bone.
Thinking of this, Gong Qianqiu began to laugh wildly.
Done!
Geek!
The hearts of the top ten talents of Bai Xinghe sank.
It's over now.
In the hands of this witch, who can end well?
They will end up with a particularly tragic end.
"Ha ha ha ha……"

Looking at the top ten talents, Gong Qianqiu was already too excited.
if(()) {}
This is a tragic blow to the top ten geniuses.
It would be better if you just killed them.
But they can't accept the grinding of all their proud root bones into powder.
This is worse than death!
"Junior sister, please, please don't! Let us go!"
"Junior sister begging, we will treat you like a cow and a horse!"
Shangguan Tianfeng and Zhong Haiqiu have already begged for mercy.
The other arrogances began to soften.
Who is not afraid?
They can't imagine the scene where their root bones are poached and ground
into powder.
"Hahaha… But as long as the roots of one of you are useful, I won't do it! It's okay!
The future of my Gong Qianqiu has your credit!"
"I will keep you all the time until the day I see my peak!"
"Don't you want to defeat Levi Garrison? I will complete this matter! Carrying
your dreams!"
Gong Qianqiu laughed.
Gong Qianqiu still put his hand on Zhong Haiqiu's shoulder: "Don't worry, I can do
it! As far as the current practice is concerned, the speed of absorbing spiritual
energy is dozens of times faster than yours!"
Having said that, Gong Qianqiu also started the exercises created by Levilia
himself.
"Boom…"
Suddenly her right hand was like a black hole whirlpool, and Zhong Haiqiu began
to show a look of extreme pain.
Because her power is being swallowed by Gong Qianqiu.
Continuously, one-tenth of his power was lost in an instant.
This made Gong Qianqiu very horrified.
The expressions of other people also changed greatly.
This can devour the power of others!
*This is not the same as suction power**.*

In that case, if you absorb other people's skills, you still need to transform it into
your own.
Moreover, they often expose themselves because their bodies are limited and
cannot carry huge power at all.
Even after improvement, there is an upper limit.
But the magic of Levilia Gongfa is here, it is not to absorb the power, but to
swallow it.
After swallowing the power, it directly becomes one's own thing.
There is no need to transform again, or because the body is not strong enough to
bear it.
Because devouring skill will also enhance one's own strength.
Don't worry about bursting.
The more you devour, the stronger you become.
As long as there is a steady stream of power to swallow, then oneself will only
become stronger and stronger.
The most important thing is that other people are absorbing spiritual energy, and
this method is swallowing.
The speed and efficiency are naturally hundreds of times, thousands of times.
This made Gong Qianqiu suddenly enlightened.
It turns out that after Levilia's practice has a devouring nature, it can not only
devour spiritual energy, but also devour other people's skills to strengthen himself.
Even some other forces between heaven and earth can swallow it up and strengthen itself.
After knowing this, Gong Qianqiu almost showed ecstasy.
Levilia has devoured the root bone, and the speed of her cultivation can't match
her in her entire life.
But now she can devour other people's skills!
This is how she can catch up with Levilia and even Levi Garrison.
"Ha ha ha ha……"
Gong Qianqiu laughed like crazy.
I really didn't think of it, I just tried it and found this method.
The Return of the God of War [The

Protector] Chapter 3561
“what!!!”
Zhong Haiqiu’s face twitched and he let out an extreme scream.
My body was so painful that I wanted to move, but every joint or other place was
locked by special nails, so I couldn’t move at all.
She felt like she was going to be sucked dry!
if(()) {}
Gong Qianqiu stopped quickly when he saw this.
If he swallowed it again, he felt that even Zhong Haiqiu could be swallowed
whole.
Zhong Haiqiu couldn’t completely swallow it.
She is still useful.
if(()) {}
At least she had to remove her root bone, and then absorb her power.

Looking at the top ten talents, Gong Qianqiu is like looking at his prey.
Just devour ten people’s skills.
I absolutely surpass Levilia.
In order to confirm the phagocytic nature of the exercises.
She will not start with the top ten talents for the time being.
But there are others out there.
She slowly turned her head and looked at Xu Qingya and the three.
“not good!!!”
Looking at Gong Qianqiu’s devilish smile, Xu Qingya’s face changed greatly, and
they had realized something.
don’t want!
if(()) {}
Their bodies began to tremble.
But how could Gong Qianqiu stop.
Those who are targeted by her will not be spared.
Soon, Gong Qianqiu began to use the exercises for Xu Qingya and the three.
“Boom…”
Soon, the exercises started, and they began to frantically swallow the power of
Xu Qingya and the three of them.
In the blink of an eye, the skills of Xu Qingya and the three were completely
swallowed up.

The three of them instantly aged more than ten years.
Gong Qianqiu only left them a breath and hung his life.
She also wants these three people to see the picture of her future domination.
Can't kill for now!
"Hahaha……"
Gong Qianqiu felt her own strength, and she laughed wildly.
Gong Qianqiu became much stronger in an instant.
This is still the three of Xu Qingya.
If you devour a little more power from the strong.
So she doesn't know how powerful it will be?
Then her practice became easier.
When there is a strong person who can swallow it, swallow it, and if there is no
one, use massive resources to cultivate.
In this way, you will soon be able to catch up with Levilia's speed.
And now the top ten talents are under her control, and they can be swallowed up
at any time to strengthen themselves.
Other powerhouses are difficult for others, but they are still easy for Gong Qianqiu to capture?
She can devour as much as she wants.
"Hahaha……"
After seeing the strength of Levi Garrison just now, I felt that my strength was
too different from that of Levi Garrison.
That is simply irreparable.
But now that she understands the devouring nature of the exercises, she thinks
it's okay!
"By the way, I heard that the artifact of the four town pavilions is sealed with the
skills of the four pavilions seniors and some other essences?"
"Then can I swallow it too?"
Gong Qianqiu smiled.
Immediately, the target was eyeing the four artifacts of the town pavilion.
"Buzzing…"
"Clang! Clang! Clang…"
Soon, the four artifacts of the town pavilion trembled violently, and all the power and essence contained in it were swallowed up by Gong Qianqiu.
For her, the word of the artifact is already a disaster.
There are four other artifacts of the town pavilion that are of little use.

It can't be five in one!
It is better to devour the other four town pavilion artifacts to strengthen yourself.
After devouring the four artifacts, Gong Qianqiu found that his thinking was
right.
It can indeed be swallowed.
After all, the principle of Levilia Gongfa is to use the elements of heaven and
earth for one's own use.
To put it bluntly, it can devour everything.
Now the essence of the four town hall artifacts is being swallowed by her.
Everyone can feel that Gong Qianqiu's breath is rapidly becoming stronger, and
the whole body is surging like a sea.
In an instant, Gong Qianqiu surpassed Bai Xinghe and Chu Qingshuang, the
strongest among the top ten talents.
And her strength is still increasing.
"Crack! Kick!"
Even too strong force causes changes in the magnetic field, lightning and thunder in the sky, and bursts of visions appear.
The Return of the God of War [The
Protector] Chapter 3562
Seeing the top ten arrogances, their hearts trembled.
This is too scary, isn't it?
Soon after, Gong Qianqiu stopped.
Because the four town pavilion artifacts are too powerful.
if(()) {}
If she forcibly absorbs all of it, she is afraid that it will cause too much change.
This might be discovered by others.
This will be more than worth the loss.
She can either absorb it slowly or find a place like a secret room, no matter what
she does, nothing will change outside.
if(()) {}
After she stopped, the four artifacts of the town pavilion seemed to dim a little.

Of course, just a little bit of the essence has transformed Gong Qianqiu into a

superb master.
Far beyond the top ten arrogance.
Gong Qianqiu is now confident that he will fight against the Three Saints of the
North Pavilion.
It's three!
Not alone!
She felt that soon, if she swallowed her power again, her strength would surpass
that of the Three Saints of the North Pavilion and the ancestors of the West Pavilion.
"This is the most correct way to use this technique! Haha…"
Gong Qianqiu is sighing for the power he has obtained.
She will be the strongest in the end.
The top ten talents and Xu Qingya are really going to despair.
If They witnessed the process of Gong Qianqiu becoming stronger.
The point is that it's getting easier for her to become stronger now.
this is too scary!
After she devoured the skills of the top ten arrogances, and completely devoured the four sacred artifacts.
How powerful she will be, no one can imagine.
There may be a certain distance from Levi Garrison.
But probably not too far!
Gong Qianqiu looked at the top ten talents and smiled and said: "Start with your
root bones! I will go to the master to see if I can create a pair of devouring spiritual roots and bones!"
The top ten Tianjiao were desperate.
They will eventually become someone else's wedding dress!
But helpless.
After Gong Qianqiu left.
Li Zhuyue immediately said: "Can we save ourselves now? Looking at this situation, it is impossible to ask for help!"
Everyone began to think of ways to save themselves.
Just Xu Qingya smiled: "Everyone still has no idea, Gong Qianqiu's work has
always been seamless! What you can think of, she can also think of!"
"It's impossible to save yourself!"
Xu Qingya reminded everyone like a deflated ball.
That's right.
Gong Qianqiu has achieved this step, how can they save themselves?
Glancing at the chain on his body, it completely locked them.

How to save yourself?
“Now the distress signal can’t be sent out at all! Can we just wait for people
outside to find us and come to us to save us?”
Baili Wan’er was already scared.
Chu Qingshuang has seen the situation clearly: “Impossible! Gong Qianqiu has
already arranged it! I’m afraid she will blame Levi Garrison!”
“Because we disappeared from Levi Garrison, everyone else died, and it is normal
for us to die! No one would doubt it!”
“It’s not enough, there’s still a possibility! The only possibility is Levi Garrison!”
Chu Qingshuang suddenly exclaimed.
Bai Xinghe nodded: “Yes! If Levi Garrison knew that we disappeared, he would be
blamed for the disappearance of the four artifacts! He might investigate it!”
Xu Qingya also said: “Yes, and Levi Garrison’s ancient sword was also stolen, he
must be investigating! This is our only hope!”
Now everyone can’t do anything.
I can only expect Levi Garrison to find him.
This is the only hope.
There is little hope, but there is hope.
Otherwise they will be desperate.
Gong Qianqiu’s mind is now full of creating a new devouring spirit root spirit
bone.
She hurried to find someone in this area.
But just left here.
The subordinates came to report: “Master, Xiao Feng is looking for you!”
“Xiao Feng?”
Now that Xiao Feng is mentioned, her brows are furrowed.
Because she now almost gets what she wants.
Her goals are clear.
It seems that Xiao Feng does not have much use value?
The Return of the God of War [The
Protector] Chapter 3563
/ The Return of the God of War [The Protector]
After all, all she can get from Xiao Feng now is Levilia’s roots and information

about Levi Garrison.
But now, she doesn't necessarily want Levilia's roots.
And because Levi Garrison is too powerful, she is very difficult to get.
In addition, a replacement can be found now, and there is even the devouring
nature of the discovery method.
if(()) {}
This can be completely without Levilia.
She can be strong.
As for the information about Levi Garrison, she can still find it through other
means.
It is equivalent to saying that Xiao Feng is now a complete waste of chess.

"I can't see him! Let him look for it!"
Gong Qianqiu now only wants to devour the root bone.
Immediately refused.
"Okay, master."
But after walking out two steps, Gong Qianqiu immediately shouted:
"Wait!"
"I'd better go see him!"
Gong Qianqiu felt that it was too early to abandon this chess piece, not the time.
It can still be used in the future.
After all, he is Levi Garrison's apprentice.
This chess piece gave up, and she didn't know anything about Levi Garrison's side.
if(()) {}
For example, in this battle, where did Levilia and the others hide.
She doesn't know.
These have to be known through Xiao Feng.
In addition, in case the creation of the Devouring Root Bone is unsuccessful, or if
it does not have much effect.
Don't you still need Levilia's roots?
In addition, after swallowing it by yourself, after being strong, it is best to have
the opportunity to get the root bone of Levilia.
Even if she finds a master to create it, no matter how perfect it is, it can't compare to Levilia's natural devouring of spiritual roots and bones.

There is also an important point – if you give up the chess piece of Xiao Feng
now.
Then you will be exposed.
Maybe it will attract Levi Garrison's attention.
Levi Garrison's strength and tactics are all top-notch.
Maybe you'll find yourself soon.
Now even if he devoured all the power of the top ten talents and the four great
artifacts.
Neither is Levi Garrison's opponent.
She is not afraid of anyone in the town of magic now.
I am afraid of Levi Garrison.
Once Levi Garrison is staring at her, she will be finished.
Now is definitely not a good time.
Before she has the strength to fight against Levi Garrison, she must not be exposed.
Therefore, Xiao Feng still has to remain steady.
This pawn is still very useful.
"Oops! I overlooked a big problem just now!"
"I underestimate Xiao Feng! Don't look at his average strength, but he is someone close to Levi Garrison. Maybe he can do what no one else can do. For
example, kill Levi Garrison, or seriously injure him!"
"Or Levilia, he can deal with it too! I was careless! I almost missed this opportunity!"
After some analysis.
Gong Qianqiu felt that he was too hasty.
This chess piece cannot be given up for the time being!
soon.
Gong Qianqiu saw Xiao Feng.
She looked at Xiao Feng up and down, and asked anxiously, "Are you okay?
Master, are they okay? I heard about the battle just now, and the experts from all
sides went, it's terrible!"
Seeing Gong Qianqiu, Xiao Feng felt warm in his heart.
She is the one who cares most about her own safety.
He even cared about his master.
"Where have you been? I can't find you for days! Do you know how worried I am
about you?"

“But you disappeared for a long time! Just now, the masters of all parties attacked, and I was worried to death!”
...
Gong Qianqiu’s acting skills are first-rate, pretending to be angry, and coaxing
Xiao Feng into a stunned moment.
“I… it’s all my fault! I made you worry!”
“Actually, I haven’t disappeared! I don’t want to! It’s just that I can’t contact you! I
don’t dare to contact you!”
Xiao Feng said.
“Ah? Where have you been? Didn’t you disappear?”
“I heard that during the war, none of you were there at all, only Master was alone!
Where have you been?”
Miya Chiaki asked.

“Actually, we didn’t go anywhere! It’s just that the master’s base camp is unique,
there is a dungeon! We are hiding in it!”
Xiao Feng took everything out of the tray.
Gong Qianqiu suddenly realized.

In fact, there are other settings in the base camp.

A deep doubt was immediately resolved.
Xiao Feng continued: “Firstly, I can’t contact you, and secondly, I don’t dare. If
someone else finds out, they will recognize you as an enemy or something, which
is not good!”
A trace of panic flashed across Gong Qianqiu’s face.
There is indeed such a possibility.
In such an emergency, it is indeed easy to expose.

Fortunately, he instilled his thoughts into Xiao Feng in advance.
“That’s good! Worry about me! By the way, how is this battle, is Master injured?”
Gong Qianqiu asked like a little white.
Xiao Feng immediately began to brag about how powerful Levi Garrison was.
This made Gong Qianqiu a little uncomfortable.
if(()) {}
Levi Garrison is too powerful.
Like a big mountain blocking the front, it is impossible to cross.
This is her heart disease and her natural enemy.
Even if the two have never met.
Have never seen a formal face.
But Levi Garrison has planted an indelible seed in her heart.
When she thinks of Levi Garrison, she will be afraid.
Xiao Feng looked at her and said, “Qianqiu, thank you for giving this information
in advance! Otherwise, my master would not be well prepared!”
“This victory has your share of credit!”
“Really? That’s great! I can finally do something for you and Master!”
Gong Qianqiu pretended to be very surprised.
But she knew that this had nothing to do with her revealing the information in
advance.
Levi Garrison is strong!
This is impossible!
Even if you go to some masters, it will not help.
Xiao Feng looked at Gong Qianqiu expectantly: “Qianqiu, I think I can take this
opportunity to take you to see the master and them! What do you think?”
“what?”
Gong Qianqiu was stunned.
He never thought that Xiao Feng would suddenly make this request.
“I want to tell Master and the others that this time the message was revealed by
you! You helped us! And all the things before, it was you who helped us! I want to
formally introduce you to Master and the others! Let you truly integrate into us.
The big family!”
Xiao Feng spoke his thoughts boldly.
He had been looking forward to this day for a long, long time.

He felt that now was the time.
He looked at Gong Qianqiu expectantly, expecting her to agree.
This is Gong Qianqiu with a sneer: "You are hurting me!"
"Ah? How did it hurt you?"
Xiao Feng's expression changed immediately.
"At this time, take me to Master and the others! Who doesn't doubt it? Just now
so many people from the Demon Suppression Division attacked Master, and
Master is afraid that anyone from the Suppression Suppression Division is an
enemy? Many, but Master, will they believe it?"
"what?"
Xiao Feng was already panicked.
Thinking about it, it seems to be the case.
After the forefoot was over, he took Gong Qianqiu with him.
Who wouldn't doubt it?
Anything done before will be considered a conspiracy.
Even the exposure of the base camp and the loss of the gods will be placed on
Gong Qianqiu's head, which would be troublesome.
"One more thing, if you take me to see Master, then the Suppressing Demons will
treat me as a traitor! At this time, the Master and Suppressing Demons are incompatible! Are you giving me no place to survive? Both sides Is it okay to kill
me?"
Gong Qianqiu's tone became severe.
Xiao Feng immediately said: "Qianqiu is that I didn't think about it carefully, I was
wrong!"
But then Gong Qianqiu's tone softened: "Actually, I'm also looking forward to
meeting Master and the others, but it's not a good time!"
Gong Qianqiu is a slap in the face and another jujube.

Gong Qianqiu seemed a little distressed: "I have been waiting for a good time to
meet Master and the others. But the more I wait, the less there is!"

Seeing this, Xiao Feng immediately comforted Gong Qianqiu: "Qianqiu, don't
worry, there will be a chance!"
Gong Qianqiu was simply too smart, and easily resolved this request made by
Xiao Feng.
I want him to come back to comfort himself.

"I just feel so wronged. You have helped us so much, but you can't reveal your
identity! Hey!"
Xiao Feng felt a little distressed.
Gong Qianqiu smiled: "It's nothing, now is an important period! We are all trivial
matters! As long as the two of us can meet each other?"
Xiao Feng was overjoyed: "Okay!"

Gong Qianqiu is now anxious about other things.
I just want to get rid of Xiao Feng as soon as possible.
Xiao Feng was surprised: "Okay! Qianqiu, you must be careful! Don't expose
yourself again because of this!"
"Do not worry!"
Seeing Gong Qianqiu leave, Xiao Feng looked satisfied.
Now that the master is so powerful, the people he likes also like him.
Seems like it's bright in front of you.
Soon the news came out-
The matter of Zhen Mosi, the eternal kingdom and even the Xuanming aliens
joining together to kill Levi Garrison was completely exposed.
And the result is that the whole army is wiped out!
if(()) {}
Not a single one remains!
All were killed!
Including all the ten arrogances killed in battle, the four great artifacts of the
town pavilion are also left here in Levi Garrison!
After all, they didn't come back and disappeared, isn't that dead?

The Sifang Pavilion of Zhenmosi was in grief for a while.
The top ten talents, but their future!
It is even said that it is the answer of Zhen Mosi's future!
All dead?
But if you lose the battle, you will definitely not be able to live.
You all went to the murderer Levi Garrison.
Will they let you come back alive?
impossible things!
But after all, this is the future of the Town Demon Division!
The Sifang Pavilion waited for hundreds of years for these ten unparalleled
arrogances.
If other geniuses die, they die.
After cultivating it for another ten or twenty years, it will come back.
The key is that these ten people have waited for hundreds of years!
They died, and the Sifang Pavilion was distressed to death.
The group of ancestors went out one after another, and when they got this news,
they cried directly.
The top ten talents are their treasures, more important than their lives.
The Sifang Pavilion was a sensation.
The whole thing exploded.
All the powerhouses who have retreated or gone to other places have returned.
Not only the top ten Tianjiao died.
There are also four major town pavilions artifact are gone.
The explanation was all detained by Levi Garrison.
But how dare they come back?
Who dares to go?
The artifact of the town pavilion is also the same as the lifeblood.
This is to break the foundation of the Sifang Pavilion, and to break the future of
the Sifang Pavilion!
Completely push the Sifang Pavilion into hell!
crazy!
They are really crazy!
Who would have thought this would be the result!
"Clap clap clap…"
The great ancestors slapped the high-level officials of the Sifang Pavilion, causing them to tear their skin to pieces.
"Who told you to let them go? Why didn't you go by yourself?"
The ancestors were all mad.

I can't wait to kill these high-level people.
It was they who sent the top ten Tianjiao to kill Levi Garrison for the purpose of
training.
"Ancestor, we also… we didn't expect Levi Garrison to be so strong!"
"You know we won't send them if we kill them!"
"In this case, we are willing to apologize with death! But before we die, we hope
to kill Levi Garrison to take revenge! Otherwise, we will be unwilling to die!"
…
The senior members of the Sifang Pavilion said one after another.
"Yes! No matter what you say, it was Levi Garrison who killed the top ten talents!
He is our number one enemy!"
"He's too powerful! But so what? We must take revenge!"
Everyone quickly found the main contradiction.
That is Levi Garrison!
The Return of the God of War [The

/ The Return of the God of War [The Protector]
The ancestors of Sifang Pavilion also said angrily: "Yes! We have written down
Levi Garrison's hatred!"
"If this revenge is not repaid, we swear not to be human!!!"
"Is he strong? But when the whole town magic division unites? I see how he goes
against the sky?"
"Yes, the old guys from all the major factions have come out, what do I think he
will do to stop him?"
if(()) {}
This time, everyone understands that the major factions of the Town Demon
Division have lost too many people.
Although Levi Garrison is unprecedentedly powerful.
But this will also make the town magic division unprecedentedly united.
"Yes, if you let Levi Garrison go on like this, I'm afraid the entire town magic
department will be trampled underfoot!"

“Even if we don’t take revenge now! He will slowly destroy us!”
“So the Suppressing Demon Division must unite and return to the previous complete Suppressing Demon Division!”
…
Everyone said in a hushed voice.
However, several ancestors nodded after listening to it: “That’s right! We should
return to the unified state of the Town Demon Division! Otherwise, we can’t deal
with him!”
“This revenge must be avenged! Levi Garrison must die!”
Soon, the ancestors of the Sifang Pavilion and the high-level people all gathered
together and began to discuss.
“I think it’s time to find the gods! Let them take charge of the overall situation!
Let’s reorganize the Town Demon Division and unify all parties!”
“Now the Town Demon Division is facing the most difficult situation! The God of
Heaven must come out of the mountain!”
Several ancestors said.
if(()) {}
What is the God of Heaven?
In fact, it is the main brain organization of the Demon Suppression Division, that
is, the existence that truly holds power, to control the entire Demon Suppression
Division and issue all orders.
God Tianjian founded by the master of the town magic department!
It is also the organization with the strongest trump card of Zhen Mosi!
At that time, the Demon Suppression Division was torn apart. First of all, it was
the retreat of the Shentianjian, which led to the lack of a leader, and this made
the major institutions occupy the mountain one after another.
Up to now, Shen Tianjian is also hidden from the world.

Except for these ancestors, they don't even know where Shentianjian lives in
seclusion.
"Well, I agree! The town magician has come to a crisis moment, and Shen Tianjian
has no choice but to take care of it! We must get out of the mountains!"
"As long as the Shentianjian comes out of the mountain, he will be able to dominate the major factions of the Town Demon Division!"
...
No one thought that at this moment, the Shentian Prison would be moved out.
Don't know how long.
All parties in the Town Demon Division have never put forward a unified idea.
But at this moment, for Levi Garrison, it is going to be reunified.
Simply incredible.
In addition to this situation, even the full-scale attack of the Xuanming aliens
cannot make the Zhenmo Division so united.
It can be seen that they hate Levi Garrison to the extreme.
Mainly Levi Garrison is the monkey they identified!
The monkeys are so strong, they pierce their hearts.
"Okay, then let's all act!"
"A few of us went to Shentianjian, and the rest of you began to discuss the issue
of unification with the major factions!"
...
This time the town magician is really crazy.
Take out everything that can be taken out.
All parties are ready.
Next, you will see the appearance of the original town magician.
Levi Garrison will also be under the most terrifying pressure!
"Hahaha……"
Gong Qianqiu smiled.
This is what she wants to see.
She thoroughly intensified the conflict between Levi Garrison and Zhen Mosi.
Sure enough, the effect is much better now than she imagined.
The Town Demon Division is about to be unified.
The gods are coming out.
"I grew up listening to the legend of Shentianjian, but I have never been in

contact with Shentianjian! I don't know how many masters they have? Can I
swallow them?"
Gong Qianqiu looked longing and curious.
At this time, the message also reached Levi Garrison.
"What? The top ten arrogances are dead? The four town pavilions are also gone?"
"Is this black pot dumped on us?"

But we have let go of the top ten talents, and we have given them the four great

"Can this be counted on our heads? It's incredible, isn't it?"
Xiao Feng said depressedly.
Others were also full of anger.

The four town hall artifacts are greedy?
For Levi Garrison, it was thrown away like garbage.
Will he be greedy for this?
This is nothing at all!
How can you not be angry?
Xiao Feng was very angry: "Master, let me explain it outside! We let the people
go, and we also gave them the four artifacts! This kind of distorted fact is absolutely impossible!"
Just as Xiao Feng was about to leave, Levi Garrison's voice sounded: "It's useless
to explain, no one will believe it!"
Zoey Lopez and others said: "Yes, our explanation is weak! After all, people have
disappeared, and the four artifacts of the town pavilion can't be found!"
"Furthermore, the Town Demon Division now regards us as enemies. How can

they believe what we say? They won't believe it if you say Potian!"
"And there is no reason, everyone is dead, only the top ten talents are alive? Do
you think they will believe it? Maybe they will think that we are insulting them!"
if(()) {}
...
When these words came out, Xiao Feng was so angry that he smashed the wall.
"Damn, isn't that someone deliberately framed us and made us take the blame?"
Zoey Lopez analyzed: "It is estimated that the enemy of Zhenmo Division deliberately put the blame on us. The top ten talents were seriously injured. As
an enemy, they will not miss the opportunity!"
The others nodded one after another: "Yes! Who doesn't know that the Zhenmo
Division is not in harmony, they are enemies! Especially the top ten talents are
unparalleled, which makes many people jealous and envious! Who wouldn't start
when they encounter such an opportunity?"
"Not to mention the four artifacts of the town hall! It's trash to the boss, but it's
a treasure to everyone else!"
Xiao Feng suddenly asked, "Could it be Xu Qingya's people?"
As soon as these words came out, everyone turned their attention.
"The last time the base camp was exposed and the robbery was stolen was the
information they leaked. Even this time the masters were besieged because they
exposed our position!"
"It's only natural for them to kidnap the top ten talents and steal the artifacts of
the four town pavilions! The top ten talents are seriously injured, and they can
transplant their roots. And one more thing, it can intensify the conflict between
the master and the town magician!"
"They stole Master's divine calamity, but they are actually the most afraid of

Master! They don't want Master to die all the time, and now they use the Demon
Suppression Division to deal with Master in this way!"
…
Xiao Feng analyzed.
When analyzing Xu Qingya and the others, she had a clear mind and strong logic.
"It's possible! And it's a high probability!"
Others said in succession.
Levi Garrison frowned and said nothing.
Xu Qingya and several others were not in his consideration.
The doubts about going to the North Pavilion last time have been dispelled.
These people have nothing to do with that.
Xuanming aliens are also impossible!
After all, they sent someone here this time.
Others in Zhen Mosi are unlikely.
After being killed like this by themselves, they couldn't react.
What's more, the top ten talents disappeared around the base camp.
It stands to reason that, after being killed by himself like that, how could Zhen
Mosi dare to send people to hang around him.
impossible!
Since the last time when the gods were lost, Levi Garrison felt that there might
still be a powerful force.
It is different from Zhen Mosi and Xuanming Alien.
This force controls everything behind the scenes, intensifying the contradictions
between itself and the Zhen Mosi and the Xuanming alien race.
As expected, Xu Qingya and the four were in the hands of this force.
The Return of the God of War [The

This time, the masters of all parties came to kill him, which further confirmed this
point.
Someone is running this behind the scenes.
It is understandable that the masters of the town magic division are united together.
But later, the eternal kingdom behind the War Eagle Kingdom, the Xuanming

A group of rabble, but no one party is in chaos.
The cooperation is tacit, as if it has been practiced countless times.
Someone is definitely manipulating this.
And after the incident, Levi Garrison spoke with the Black Hawk agent.
This is the Eternal Kingdom acting on its own.
It directly crossed the Sky Shield Bureau.
If the Eternal Kingdom takes this opportunity to kill itself, it must first find the
Sky Shield Bureau.
Because the Sky Shield is the most familiar with itself.
But there is none.
That means someone else has contacted the Eternal Kingdom.
if(()) {}
This proves Levi Garrison's guess that there is still a party.
planned it all.
It even stole his own divine calamity before, and even exposed the location of
the base camp to the Xuanming alien race.
That makes sense.
Levi Garrison guessed that the location of his base camp should be known by
torture after catching Xu Qingya and a few people.
What kind of existence is this group of forces?
It seems that he is familiar with the Demon Suppression Division, the Xuanming
Alien Race, and the outside world, especially his own existence.
"But you offended me, Levi Garrison, you absolutely can't run away!"
A cold light flashed in Levi Garrison's eyes.
He will find out.
Now Zhen Mosi has forged a deadly revenge with himself, and he can't get an
answer from them.
But the eternal kingdom…

This group of forces has contacts with them.
You can start with Eternal Realm.
Looks like it's time to go to the Eternal Realm…
"Okay, no need to explain! Let's fight! You all should be careful recently and try
not to go out!"
Levi Garrison said.
He is not afraid that the Zhen Mosi will attack and kill him directly, but he is
afraid that they will use subterfuge to attack the people around him.
There are crazy rumors outside that Levi Garrison killed the top ten talents and
greedily lost the four great artifacts.
Hate is hate.
But in this way, who can be his opponent?
In fact, the fear of Levi Garrison is even deeper.
Gong Qianqiu, who controlled all this, smiled.
Her purpose has been achieved.
At this moment, in a place deep in the mountains, there are pavilions and pavilions.
Xuanming alien race, right here.
Several masterminds of the Xuanming alien race are standing here, and there is
an elegant middle-aged man in front of them.
"Clap clap clap…"
He was slapping this group of people hard.
But the masterminds of the Xuanming Alien Race didn't say a word and let this
person beat him.
Incredible!
If other people in Zhen Mosi see it, they will definitely feel incredible.
How can it be?
Xuanming alien race is the strongest alien race.
Not only obeying other people's orders, but now even getting slapped?
This is also incredible!
In the end, who can make the Xuanming alien race so obedient?
This is impossible!
But that's what happened.
"Did I ever tell you not to trouble Levi Garrison?"
The elegant middle-aged man said coldly.
The masterminds of the Xuanming alien race lowered their heads one after another, daring not to speak.

“You don’t listen to me, do you? Think you can do it? Can you kill Levi Garrison?”
the middle-aged man asked.
“We… we never thought that Levi Garrison would be so powerful! It’s our fault,
Master!”
Several people from the Xuanming alien race apologized one after another.
“Levi Garrison is of course strong, I have reminded you already!”
“From now on, I need all of you to disappear from me, absolutely not in front of
anyone’s eyes! Understand?”
The middle-aged man said.
Everyone nodded in unison.
The Xuanming alien race also disappeared.
The middle-aged man looked into the distance and sneered: “Levi Garrison still
wants to kill!”

I don’t know who can make them submissive and use it for him.
At this time, Gong Qianqiu came to a dead place.

He looked ferocious and frightening.
It was almost a white bone covered with a layer of skin.
Rao Shi Gong Qianqiu couldn’t help shivering.
She was terrified.
This is actually a different kind of Zhen Mosi.
Originally, he was the doctor of the Zhenmo Sitian Medical Supervisor.

But later, he studied crooked ways and embarked on an alternative medical way.
Make yourself a ghost or a ghost, and you won't say it when you are punished by

He was also expelled from the Heavenly Doctor.
He couldn't raise his head at all at the Town Demon Division.

Originally a master of honor and status, but now he has become a street rat.
However, he is in line with Gong Qianqiu's needs.
That is, he can develop a spirit root spirit bone.
It's just that the Bone Master's trace is elusive.
The entire town magic division knows no more than a handful of people.
But this is difficult for Gong Qianqiu.
She is so amazing.
In the shortest time, the bone master was found.
Master Bone's eyeballs turned, as if they could fall out at any time.
"What did you come to do with me?"
His voice was hoarse and depressed.
It was like the unpleasant sound of fingernails slicing through glass.
"I...I came to you because I wanted you to help me build a spiritual bone!"
Gong Qianqiu said bluntly.
Master Bone asked, "What kind of spiritual bone?"
He wasn't very interested in this.
"Devouring the spirit root spirit bone!"
"what???"
Hearing what Gong Qianqiu said, Master Bone's eyes lit up fiercely.
Everyone is going crazy.
"You mean devouring spirit root spirit bone?"
Bone Master is a little crazy.
For many years, no one has proposed to devour spiritual roots and bones.
"Are you crazy? There has never been such a root in the town demon!"
Gong Qianqiu shook his head: "It has already appeared! Presumably the master
has heard of Levi Garrison?"
The Bone Master nodded.
Levi Garrison swept the Demon Suppression Division like this, even if the guys in
the Demon Suppression Division who couldn't be hidden knew all about it.
"Her daughter is to devour the spirit root spirit bone!"

Miya Chiaki said.
Master Bone showed a surprised look: "What? It really appeared?"
"Not only that, his daughter created a set of exercises very early on, which is very
similar to the technique of refining qi! But there are actually essential differences! One is absorption, the other is…"
"Swallow!"
The voices of Gong Qianqiu and Master Bone sounded at the same time.
Apparently the bone master has figured it out.
"boom……"
The next moment, Gong Qianqiu has already started the exercise.
The death energy of this place was swallowed up by her terrifyingly in the shortest possible time.
Master Bone was dumbfounded.
This also proves everything.
"Now I have got her exercises, but I can't get her spiritual roots and bones. I need
the master to help me create a pair of devouring roots! It doesn't matter what
the conditions are!"
Miya Chiaki pleaded.
The bone master began to say: "Actually, all the types of spirit bones in Zhenmo
Division come from the Tianyi Supervision, and all the ancient books and materials you can find are compiled by us! What is the nature of devouring spirit
bones? I know that too!"
"But! Do you think it's possible for me to create a root bone above the legendary
level? It may require other excellent root bones to be ground into powder to cast
a root bone model, and then use various resources to build a little bit…
…"
"It is absolutely impossible to create a devouring spirit root spirit bone! Even a
legendary spirit root spirit bone can't do it!"

The bone master's words mean the lack of raw materials and various resources.

It's just that Gong Qianqiu suddenly smiled: "Master Bone, what if I have the
roots of the Ten Great Talents of the Sifang Pavilion?"
"what?"
This time, the eyeballs that Bone Master could easily fall out almost flew out.

The white skeleton was also shaking violently.
"The top ten talents of the Sifang Pavilion are incomparably talented, and each
of them has a legendary-grade spiritual bone! There are even two whose roots
are stronger than the five-element spiritual bone!"
Master Bone was breathing rapidly and spoke with a trembling voice.
Gong Qianqiu smiled: "Now the top ten talents are under my control! I can take
down their spiritual roots and bones at any time! I also have all the corresponding
resources! Can I build a pair of them with this master? Similar to devouring the
spiritual roots and bones?"

The Bone Master looked unbelievable.
He also knew about the battle between Zhen Mosi and Levi Garrison.
Who would have thought it was a woman!
She actually controls everything.
Soon, he also understood everything.
Knowing that these people were controlled by Gong Qianqiu.
Especially Zhen Mosi was played around by a woman.
He laughed!
"Hahaha… You group of idiots, Zhen Mosi, don't think of being played around by
a little girl!"
"I wouldn't do it if it was anyone else! But you control everything and play the
magician! I'll help you! Hahaha, this is an extremely crazy thing!"
if(()) {}
"You don't need to repay me, promise me that I will destroy the entire town

magic division after I become successful! I want to see them destroy with my own
eyes!"
Master Bone's tone revealed extreme madness.
Gong Qianqiu smiled.
In fact, she did not come blindly.
Before he came, he had already investigated this bone master.
Knowing that he had gone astray, he was expelled from the Heavenly Medical
Supervisor, and even more despised by the entire town magic division.
He cares about Wynn for the town magician.
It's the kind of heart that wants everyone in the town to die.
What he is doing now is what he thinks day and night.
Therefore, he will agree.
It seems that Master Bone wants to help Gong Qianqiu, but in fact, he is already
under Gong Qianqiu's control.
This is the power of Gong Qianqiu.
Both left and right, can control anything.
"Okay! That's what I thought too! I've deliberately done all this! I'm going to
trample the entire town magic division under my feet! Let those who look down
on people and speak ill of me die! I want those ancestors to crawl under my
feet. ..."
"Master, my current situation is..."
When Gong Qianqiu faced different people, he used different methods.
For people like bone masters, they have a lot of experience and a lot of experience.
If you deliberately deceive him, take advantage of him.
It will be discovered sooner or later.
So, to deal with a bone master like this – you have to give him everything without
reservation, and be honest with him.
This is the only way to control him!
Sure enough, after Gong Qianqiu explained everything, the bone master did not
have any guard against her.
"Child, next, I will do my best to help you create a pair of devouring spiritual
roots and bones! Strive to achieve the closest state to the original!"

“Let’s go, I can’t wait!”
After Master Bone has packed up everything, he will go to see the Ten Great
Talents.
“Master, I have another request! Although the place where I temporarily detain
the top ten talents is hidden, it is not conducive to our work! Sooner or later, it
will be exposed!”
Gong Qianqiu was mainly afraid that too much movement would attract the
attention of experts and even Levi Garrison.
“This is easy to handle! I have a place! Mass graves!”
The bone master sneered.
“What? The mass grave of the head of the Seven Jedi?”
Gong Qianqiu suddenly became interested.
The Thousand Corpse Pit is the head of the Seven Great Jedi Suppression Division.
As the name suggests, thousands of corpses are buried here.
Is a terrible Jedi!
The Return of the God of War [The
Protector] Chapter 3571
/ The Return of the God of War [The Protector]
In the corpse pit, the corpses of countless strong men from ancient times are
buried in the Zhen Mosi, which were built by foreign races!
The place everyone fears in the town of magic!
Although Gong Qianqiu has great magical powers, he can’t find where the corpse
pit is.
I never thought that Master Bone would know!
if(()) {}
“That’s great! As long as you get to the corpse pit, no one knows where it is!”
Gong Qianqiu was delighted.
Soon Gong Qianqiu took Master Bone to the place where the top ten Tianjiao
were imprisoned.
The top ten Tianjiao were horrified when they saw this.
if(()) {}
“You… are you a scum who was expelled by the Heavenly Medical Supervisor?”

Bai Xinghe and the others are still well-informed, and they recognized this bone
master at a glance.
“Hahaha… Did you see it? The whole town magician regards me as a scum!”
The Bone Master laughed.
This also strengthened his heart to help Gong Qianqiu.
“Well, the four artifacts of the town hall? Hahaha… You really got all the artifacts of the Sifang Pavilion! Haha, a bunch of trash! You can’t play with a girl!”
The bone master began to sneer.
I also believe more and more in Gong Qianqiu.
He began to look at the spiritual roots and bones of the top ten talents.
“Tsk tsk! It’s an incomparable talent! Thunder Spirit Root Spirit Bone? Sword
Spirit Root Spirit Bone? Sword Spirit Root Spirit Bone? Incredible! Incredible!”
The bone master was completely amazed by the spiritual bones of the top ten
talents.
if(()) {}
He turned to look at Gong Qianqiu: “Hahaha, this is completely safe! I was only
half sure before! Now as long as you can arrange other things, I am 80% sure!”
Gong Qianqiu was also immediately excited.
This is really good news.
But the top ten Tianjiao immediately panicked.
“I’ll tell you another good news, this girl…”
The Master Bone pointed at Chu Qingshuang and said, “Her spirit bones tend to
be devoured! You can rely on her spirit bones to build them, so you can be 90%
sure!”
“Hahaha… God help me too!”
Gong Qianqiu laughed.
No one would have thought that Chu Qingshuang’s spiritual roots and bones
were inclined to devour. This was the foundation.
It’s much easier to do with this foundation.

It is much easier than creating something out of nothing, and the success rate is
much higher.
Chu Qingshuang began to tremble violently, her face was pale and cold sweat
broke out!
At this moment, the top ten Tianjiao already understand what Gong Qianqiu and
the others are going to do.
They panicked immediately.
It really hurts more than they die!
But in this situation, they can't die.
Can only be at the mercy of others.
If the root bone is dug out, grind it into powder.
They can't imagine how crippled it would be!
They couldn't bear it at all.
"What are you going to do, Gong Qianqiu? I advise you to stop! Otherwise, your
end will be miserable!"
"Hurry up and let us go! Hurry up!"
...
The top ten Tianjiao began to warn.
They are crazy.
It's more of a fear.
After all, I am too afraid of Gong Qianqiu.
"Then take them to the mass grave! Let's do it ASAP!"
To be honest, at this moment, Master Bone is even more anxious than Gong
Qianqiu.
This is also what Gong Qianqiu wants.
The two acted immediately.
"No! No! No!"
Let the top ten geniuses roar wildly, but it is of no use.
Only to be taken away.
Xu Qingya's eyes were full of despair.
They have witnessed the growth of Gong Qianqiu step by step.
If this goes on, maybe Gong Qianqiu can really fight against Levi Garrison.
At that time, no one can do anything to her.
They couldn't imagine that step.
But what can they do?
The key is that now everyone does not know that it is Gong Qianqiu.

He would never have thought that it was only a small person in the West Pavilion
who controlled all this.
Although famous.
But according to everyone's impression of Gong Qianqiu, her strength is very
average.
Can only be regarded as medium.
Apart from the reviews, you can't think of anything else.
Especially in the eyes of high-level people and some big people, Gong Qianqiu is
not worth mentioning at all.
It doesn't even exist.
The Return of the God of War [The
Protector] Chapter 3572
/ The Return of the God of War [The Protector]
But it is this existence that controls everything.
Now Xu Qingya and the others pin all their hopes on Levi Garrison.
I pray that Levi Garrison finds the problem as soon as possible, finds that Gong
Qianqiu did everything, and finds Gong Qianqiu.
Kill her before she grows up.
if(()) {}
Otherwise, in the later stage, Gong Qianqiu will be very difficult to deal with.
Hope can only be on Levi Garrison!
"After I go back, I will study it carefully – what else do I need to create a pair of
devouring roots! Then you go to find it!"
The bone master thought for a while and said.

Soon, Gong Qianqiu moved his real base to the corpse pit, the head of the Seven
Jedi.

"Hahaha……"
After coming to the corpse pit, Gong Qianqiu's smile became stronger, this place
is too suitable for her cultivation.
Simply kill two birds with one stone.
the other side.
Levi Garrison is also not idle.

First, I went to the North Pavilion.
Tell them to find someone immediately, and tell them that there is power behind
it.
This frightened them.
After all, Xu Qingya and several others have not heard from them until now.
This is not a good thing.
if(()) {}
"I said, Mr. Ye, it's impossible for you! Even if you kill the top ten geniuses, you
will throw away the four great artifacts! Killing is killing for you! It is impossible
to say not to kill!"
Everyone began to marvel that there was still such a force behind Zhen Mosi.
"Can you think of who it is? Does the Town Demon Division have such a person or
power?"
Levi Garrison asked.
The Three Saints of the North Pavilion thought about it carefully and shook his
head: "We can't imagine such an existence!"
Levi Garrison was puzzled: "That's weird! It feels like there is one person controlling everything, but he just doesn't leave any clues and traces!"
"Mr. Ye, you have to be careful next time! The ancestors of the major factions
have all come out! Some of them have started to organize the unification of the
major factions of the Town Demon Division, and some of the ancestors have gone
to the Gods and Heavenly Supervisors! "
Xu Liejun, the owner of the North Pavilion, said.
"Shentianjian? What the hell is that?"
Levi Garrison frowned.
"Shen Tianjian is the main brain organization of the Demon Suppression Division!
It is also the controller of the Demon Suppression Division. If you want to unify
the Demon Suppression Division, you must find them!"
"There is the strongest person in the Suppressing Demon Division in the

Shentianjian! To speak of the Xuanming aliens, they are not afraid of anyone in
the Suppressing Demon Division! But they are the only ones who are afraid of the
Shentianjian!"
"Shen Tianjian has been hidden from the world for a long time, and it is estimated
that it will only become stronger!"
The Three Saints of the North Pavilion explained.
Levi Garrison said it doesn't matter: "Oh, it doesn't matter! I have no grudge
against them, but if you come to trouble me, kill one by one!"
Everyone in the North Pavilion was stunned.
I am afraid that he is the only one who dares to say such arrogant words.
You still think it makes sense!
"Okay, on the one hand, we are looking for this force, and on the other hand, we
will always keep an eye on the movement of the town magician!"
Levi Garrison looked at a few people: "You also be careful, don't let people
destroy it!"
"Don't worry, it won't! We have a lot of relationship with those in the Shentianjian! This thing won't happen!"
The Three Saints of the North Pavilion smiled.
Soon after, several ancestors of Sifang Pavilion found the hidden Shentianjian.
Shen Tianjian is in the deep mountains.
There are all kinds of buildings, pavilions and pavilions everywhere.
And misty.
It's like a fairyland!
After several ancestors from the East Pavilion and the West Pavilion came.
He shouted at the front: "The Zhenmo Division is in a disaster! I also ask the God
of Heaven to call the shots!"
"Please come out of the mountain, and unify the major factions of the Town
Demon Division! To deal with the disaster at hand!"
"Please come out of the mountain! Let the heaven fall!"
...
A sound like thunder, resounding in front.
There was just no response.

It made several ancestors a little anxious.
When just about to step in.
“What wind brought you two here?”
A voice came, like thunder.
Look again, a man in a long gown suddenly appeared in front of several ancestors.
The Return of the God of War [The

/ The Return of the God of War [The Protector]
Seeing the middle-aged man, several ancestors all changed color.
They all said respectfully: “Tokugu Tiansi!”
The person who came was Dugu Tuo, deputy Tiansi, one of the three major
powers of the Zhenmo Division.
The three major powers of the Town Demon Division, one Tiansi and two deputy
Tiansi.

A deputy Tiansi controls the God Tianjian, the main brain organization.

Dugu Tuo smiled.

“Dugu Tiansi! Dare to ask where Tiansi is?”
Several old ancestors looked into the distance.
Obviously, they came to meet the Lord of the Suppressing Demons – Tiansi.
“Tian Si has disappeared for a long time, and I don’t know where he went. I guess
he has hit the highest realm?”
Tokuto said.
Several ancestors were deeply shocked.
Because Tiansi is the master of the Demon Suppression Division, and also the
ceiling of the Demon Suppression Division’s combat power.
The strongest man.
He has always been elusive, and he should not know his whereabouts.
“As for Yufeng Tiansi refining medicine, he can’t come!”

if(()) {}
Tokuto said.
Yufeng Tiansi is the master of the heavenly medical supervisor, and his medical
knowledge reaches the sky.
But for several ancestors, as long as Dugu Tuo came forward.
He controls the Shentianjian, and as long as the Shentianjian comes out of the
mountain, he can dominate the Demon Suppression Division.
"Long time no see! Dugu Tiansi is stronger!"
The ancestor of the East Pavilion said.
"You're not weak either, you've all strengthened a lot. Why are you all so sad?"
Dugu Tuo asked.
"Tougu Tiansi doesn't know anything! There is a big incident in the Demon
Suppression Division. All our apprentices, the top ten geniuses, have been killed,
and the four town hall artifacts have also been occupied…"
Several ancestors explained the situation one by one.
Although they also understand – God Tianjian must know everything.
Although they are hidden from the world, they must know exactly what is going
on outside.
Even better than them.
How could it not know?
"Ah? What's the matter? What's the point? Is a monkey out there going to be
turned upside down?"
Dugu Tuo was extremely angry.
Several ancestors sighed: "But…but this monkey is too strong! I am afraid that
his strength is not a match for us!"
"We don't know anything about this monkey at all, and we don't know where he
got such a powerful strength!"
"So it is necessary to have Shentianjian take action and dominate the Demon
Suppression Division to deal with him! Otherwise, the entire Suppressing Demon
Division will be trampled under his feet!"
Dugu Tuo asked: "Are you sure you want Shentianjian to come out of the

mountain and rule the magic department?"
"Of course, this is the time already! The Town Demon Division will face the
greatest crisis in history!"
"Yeah, it must be unified! The other old guys have already contacted the major
factions to discuss the issue of unification!"
...
Several people said immediately.
Dugu Tuo sneered: "Shentianjian can come out of the mountain! I can also discuss
the unification of the Zhen Mo Division! But you must know that once the Zhen
Mo Division is unified again, it will definitely not be divided again! There is only
one chance!"
"this……"
Several ancestors were stunned.
Because now everyone is immersed in hatred.
Haven't thought about it.
The Town Demon Division is now torn apart into hundreds of factions, large and
small.
Everyone develops savagely.
Zhanshan is the king, and he is the master of his own house.
It was very comfortable and free.
But once the Town Demon Division is unified, all factions will be included in the
original nine institutions.
They must also obey the orders of the God of Heaven.
will also be bound.
This is what no one wants.
But once unified, there is no chance of breaking away.
After all, Tiansi agreed.
After reunification, whoever leaves will be killed directly.
Several ancestors began to look at each other.
Dugu Tuo smiled: "You guys think about it carefully!"
The Return of the God of War [The

/ The Return of the God of War [The Protector]
He wasn't in a hurry at all.
As if in control of everything.

“Dugu Tiansi, we have decided to unify!”
“In order to get rid of the monkey Levi Garrison, we risked it!”
if(()) {}
“After the unification, we will obey the command of the Shentianjian! We will
never think about anything else!”
…
This is everyone’s idea.
Levi Garrison must be killed first.

With these two things, the Sifang Pavilion can develop and have a future.
But now for the Sifang Pavilion, there is nothing left.
The future is gone, and the foundation is gone.
The eyes of several ancestors were dark.
They can’t find their way.
These are all gone, even more terrifying than their lives.
So what about accepting the unified leadership of Shentianjian?
At least I can kill Levi Garrison first!
“It seems that you hate this monkey to the extreme. I’m afraid that even the
Xuanming aliens can’t make the Suppression Magic Division unify? This monkey
did it easily!”
“Tsk tsk…I want to see how strong this monkey outside is!”
if(()) {}
Dugu Tuo sneered.
Several ancestors had a look of joy on their faces: “Does Dugu Tiansi mean to
agree?”
“Can you disagree? If you stay on the sidelines, the Zhenmo Si will not be destroyed in the hands of the Xuanming alien race, but in the hands of this monkey!”
“Shentianjian comes out of the mountain! We will unite the Suppressing Demon
Division and gather the strength of the Suppressing Demon Division to exterminate this monkey with all our strength!”
Dugu Tuo’s complexion suddenly changed greatly, and he suddenly lowered his
voice and said solemnly.

“Boom…”
A domineering aura rose into the sky, causing the world to change.
It also brought a suffocating coercion to several ancestors.
Dugu Tuo is so terrifying.
Let the faces of several ancestors change wildly.
I thought Dugu Tuo was not much stronger than them.
But I didn’t expect the difference to be so big.
Not only that.
Several figures came crashing down from a distance.
See these young people.
The expressions of several ancestors changed greatly.
It turns out that the Shentianjian has also cultivated several peerless talents.
I thought that their Sifang Pavilion had the top ten talents, and it was impossible
for the entire town magic division to have them.
But who would have thought that several Shentianjian would appear at once.
The weakest are actually the strength of Bai Xinghe and Chu Qingshuang.
Terrible!
This subverts their impression!
I thought that the God Tianjian was hidden and did nothing.
But who would have thought that they are also developing quietly, cultivating
Tianjiao, and developing their overall strength.
Much scarier than them.
But now is not the time to be surprised.
Shen Tianjian came out.
The Town Demon Division is going to be unified.
“Then we will go back and prepare immediately! Strive to unite the Town Demon
Division in the shortest possible time!”
Several ancestors were anxious for revenge, and immediately went to prepare
after getting Dugu Tuo’s answer.
This is going to be a complete mess.
God Tianjian came out of the mountain.
I don’t know how long it took to be separated from the town magic division to be
unified.
This is what no one thought of.
The key is because of Levi Garrison.

Dugu Tuo said to several arrogances of Shentianjian: "Next, when Shentianjian
comes out of the mountain, you should also go out and practice! Go down first!"
"Yes, Master!"
Several Tianjiao then left.
shortly after they left.
A charming and coquettish woman appeared, stood beside Dugu Tuo and said,
"It's not the best time for Shentianjian to come out of the mountain!"
Dugu Tuo looked into the distance and said, "I was waiting, but don't you think
now is an opportunity to come to the door?"
"I think someone is deliberately provoking hatred between the Demon Suppression Division and Levi Garrison! Instead, this is an opportunity for us! It is
logical to unify the Demon Suppressing Division!"
After a moment of silence, the woman said, "It seems to be too! This is what they
came for!"
"But what if Levi Garrison is too strong, even we can't control it?"
The woman asks a question.
"There is absolutely no such possibility in front of the Shentian Superintendent!"
The Return of the God of War [The
Protector] Chapter 3575
/ The Return of the God of War [The Protector]
There is a strong self-confidence in Dugu Tuo!
Knowing that Levi Garrison has become so powerful, Dugu Tuo is still so confident.
That God Tianjian may be more terrifying than imagined.
"Do I need to tell Yufeng Tiansi about this?"
the woman asked.
Dugu Tuo shook his head: "No need, he's all about refining medicine and won't
pay attention to these mundane things!"
"Furthermore, I can make the decision alone, I don't need anyone else!"
Dugu Tuo carried his hands on his back, his face full of conceit.
"By the way, how is my son?"

Dugu Tuo asked again.
The woman smiled: "He is very good, better than we thought!"

“Well, then I’m relieved!”
Dugu Tuo looked into the distance, and there were sharp edges in his eyes.
“I finally want to unify the Town Demon Division!”
Several ancestors of the Sifang Pavilion quickly gathered the Shentian prison out
of the mountain, and brought back the unified message of the Suppressing Demon Division.
Immediately, hundreds of factions of the Town Demon Division exploded.
In fact, most factions are definitely not willing to unify.
After all, no matter how small his own power is, he is still self-development, free
and unrestrained, and he is used to it.
After all, it has been a long time since the Town Demon Division was torn apart.
Now that we need to be unified again, everyone is unwilling to accept it.
But now there are two points –
First: Levi Garrison has insulted everyone in the Town Demon Division. This is a
matter of honor and shame for everyone.
Second: Shentianjian came out of the mountain, and the unification was prevented by the big factions, and the small and medium factions were not allowed to unify.
So they have nothing to do.
Can only helplessly join the ranks of the unified.
In just one day, the ancestors of Sifang Pavilion have organized nearly half of the
factions of the Town Demon Division.
There are also many factions who came to discuss matters of unification by
themselves.
After all, it is the general trend, and it is useless for everyone to struggle.
If it doesn’t keep pace with other factions, it is likely to be the target of public
criticism.
If you are not unified, the big faction will directly destroy you.
In particular, Shentianjian has come out of the mountain.
Who dares not obey orders?
Looking for death?
The next momentum is expected to be completed in a day’s time, and the unified
plan of the entire town magic division will be completed.
Just waiting for Shen Tianjian to come out of the mountain…

Now in the East Pavilion.
Representatives from all parties gathered to discuss the unification of the Town
Demon Division and how to deal with Levi Garrison.
Gong Qianqiu naturally would not miss such an important occasion.
She followed her master Gong Wenqian to the East Pavilion.
Seeing the representatives of all parties gathered, she smiled in her heart.
If all this is not her push, how could this be?
Next, the Zhenmo Division will officially start a war with Levi Garrison.
Will buy her a lot of time to rise.
No one will notice her.
Maybe she will find out, but at that time, she is afraid that she has already obtained the spirit bone and swallowed enough power.
No one could have gotten her.
Levi Garrison, you don't think about it, do you?
I have a great gift for you.
You will see the ultimate power of the town magician!
Not only that.
Gong Qianqiu has begun to have ideas for Shentianjian.
This is the only place in the town magic division that she has not penetrated.
After all, Shen Tianjian has never come out since she knew it.
But Gong Qianqiu felt that as long as she made good use of the gods, she would
be even stronger.
She would trample the entire town magician under her feet.
Including the gods.
When Shen Tianjian and Levi Garrison fight, there is only one person who will
benefit in the end—that is her!
"Why didn't Master see the people from the North Pavilion? Logically speaking,
the five factions of the Wufang Pavilion should all be present! This is the main
force of the Town Demon Division!"
Gong Qianqiu glanced around and couldn't help asking.
Gong Wenqian snorted coldly: "Beijing is very close to Levi Garrison now, I am
afraid that he will be a traitor of the Demon Suppression Division!"
"That's a shame!"
Gong Qianqiu cursed.
The Return of the God of War [The

/ The Return of the God of War [The Protector]
She had already said this to more than one person.
And everyone is a representative of various factions.
She didn't even look into it.
Just a reminder.
Let these representatives notice that the North Pavilion is not coming.
Next, they will naturally regard Beige as a traitor of the Town Demon Division.
She doesn't need to remind her too much.
This is Gong Qianqiu's plan.
First, get rid of Beige with the help of Zhen Mosi.

But she can't bring it up herself.
For the time being, she still has to keep a low profile, it's best not to let anyone
notice her!
Ignore her as an unknown pawn.
Therefore, it can only be brought up by others.
Therefore, Gong Qianqiu deliberately designed it this way.
Even his own master was counted.
The six ancestors of the East Pavilion presided over the meeting.
"It is estimated that the entire town magic division will be unified by this time
tomorrow!"
"When the time comes, Tiansi Dugu will bring Shentianjian out of the mountain!
Let's take control of the situation! At that time, everyone must obey the command!"
"No matter what, everyone's goal is only one – kill Levi Garrison first!"
The ancestors of the East Pavilion are very good at mobilizing the atmosphere,
and they go on with a few words.
Tens of thousands of people are already screaming.
"Kill Levi Garrison!"
"Kill Levi Garrison!"
...
The conference soon came to an end.
Just when everyone was about to disband.
Gong Qianqiu's master Gong Wenqian and several others stood up together.
"Wait! Ancestor, we have something to say!"

Tens of thousands of people in the field looked over in unison.
“What’s the matter? What are you going to say?”
Several ancestors asked.
“Ancestor, you said that all factions will be unified, I don’t think it is possible!”
Gong Wenqian said.
“Yes, impossible! There is one faction that cannot be unified!”
Others also spoke up.
“That’s the North Pavilion! The North Pavilion is so close to Levi Garrison now
that he has become the monkey’s lackey! They have already betrayed the entire
Town Demon Division!”
“Yes, there is no problem with the internal battles of the major factions of our
Demon Suppression Division, and casualties are fine. But now when we are
uniting against foreign enemies, Beige chooses to stand with foreign enemies.
This is betrayal!”
“The North Pavilion is really a disgrace to the Suppressing Demon Division! You
betrayed the Suppressing Demon Division, even if you are a foreigner from
Xuanming! Don’t they feel ashamed of being a monkey as a lackey?”
…
These people who were carefully designed by Gong Qianqiu, at this moment, all
spoke up.
All the contradictions are concentrated on the North Pavilion.
This really aroused everyone’s anger.
“Yeah, Beige betrayed the Town Demon Division!”
“Beijing is Levi Garrison’s lackey! It’s a disgrace to the Town Demon Division!”
“If you want me to see, the North Pavilion must be destroyed!”
…
Everyone started to talk about it.
All thinking about how to destroy the North Pavilion.
This is a shame!
No one can stand it!
“The Three Saints of the North Pavilion are really the ones who have lost all of

our Demon Suppression Division! Can you still surrender to a monkey?"
"I've never seen such a bony head! What a shame!"
Several ancestors sighed.
"I said that I always felt bad! It turned out that the people from Beige didn't
come! At such an important and critical moment, they didn't come. Is this a
complete betrayal of the Town Demon Secretary?"
"Okay! Since the North Pavilion insists on being someone else's lackey! Then
after the unification of the Suppressing Demon Division, the North Pavilion will
be the first to be destroyed!"
"Even after Dugu Tiansi hears it, it will be the decision!"
Several ancestors have made a unanimous decision.
"But don't spread the word about this matter yet! We'll talk about it when
Shentianjian comes out of the mountain! Then I'll be caught off guard by hitting
the North Pavilion!"
"Not only that, we have to send people to the North Pavilion! We deliberately
cooperate with them to discuss the unification of the Town Demon Division to
numb them!"
"Okay, understand!"
...
I heard that the North Pavilion has been targeted by all parties.
Gong Qianqiu laughed immediately.
As long as the North Pavilion is removed, one of Levi Garrison's eyes will be
knocked out.
Then he didn't want to know about Zhen Mosi.
The Return of the God of War [The

/ The Return of the God of War [The Protector]
In the past, the Town Demon Division was separated, and there were many
factions.
It doesn't matter whether the North Pavilion exists or not.
But now the whole town magic division is twisted into a rope.
And the next step is to deal with Levi Garrison in an all-round way.
This is not the same.

The existence of the North Pavilion is bound to provide Levi Garrison with information.
equivalent to his eyes.
Knock out the eyes, Levi Garrison won't know any movements of the Demon
Suppression Division.
At that time, Gong Qianqiu's operating space will be large.

Occasionally, Xiao Feng can be used to pass some messages to Levi Garrison.
She can control the situation.
Therefore, the North Pavilion must be removed.
At this moment, Bei Ge also roughly knew the movements of the major factions
of the Demon Suppression Division.
They are all unified.
Xu Liejun stood in front of the three saints in the North Pavilion and asked,
"What should we do now?"
"If we don't go to unification, we will definitely be regarded as traitors! I'm afraid
everyone will deal with us, and even the gods who came out of the mountain will
not let us go!"
"But if we join the unification, we will definitely have to deal with Mr. Ye! Isn't
this a dilemma for us?"
…
Xu Liejun and the others were all helpless.
Things made them not human either.
Isn't that the case with the Three Saints of the North Pavilion?
They are helpless now.
But at this moment, a long howl came.
Hearing the voice, the Three Saints of the North Pavilion smiled.
It turned out to be the three ancestors of Nange.
It is also the best relationship with them.
The Three Saints of the North Pavilion asked, "How are the three old friends?"
"Hey! What's the matter? The two disciples that the three of us carefully cultivated were beheaded, and the magic weapon of the pavilion was also lost!"
The three exclaimed.

“this……”
The Three Saints of the North Pavilion couldn’t help but stagnate.
Xu Liejun said immediately, “The three seniors are actually…”
He was about to express that this matter had nothing to do with Levi Garrison.
Just as he was about to say it, he was stopped by the Three Saints of the North
Pavilion.
“Hey, three old friends, we deeply sympathize with your experience!”
The Three Saints of the North Pavilion said immediately.
They knew what Xu Liejun was going to say.
It must be said that this matter has nothing to do with Levi Garrison or something.
You can tell other people this.
But I can’t tell the people in the town magic department, especially these few are
still victims.
I hate Levi Garrison to the core.
You have to say that Levi Garrison is right.
Then they can’t agree.
“Nothing goes without going to the Three Treasures Hall, three old friends, the
purpose of our visit is straightforward!”
“You must have heard about the unification of the Town Demon Division! We are
looking for the North Pavilion for this!”
The three ancestors of the South Pavilion said.
Hearing this, the Three Saints of the North Pavilion were taken aback.
It never occurred to me that the other factions of the Town Demon Division did
not regard them as traitors.
This is a good thing!
After all, they are also from the Demon Squad.
They definitely don’t want to be excluded by the town magician.
“Now there is an urgent need to unify the forces of all parties! Your North Pavilion must also set an example!”
The three said.
But for them, once the Demon Suppression Division is unified, then they are
going to kill Levi Garrison?
This makes it difficult for them.

The three ancestors of Nange saw the embarrassment of everyone, and they
smiled and said: "Actually, as long as you unite the Suppressing Demon Division,
you don't need to do anything? If you don't want to take action, then don't do it!"
"What we want is the unification of the town magic division! Not everyone is
going to charge!"
They came with a goal to stabilize the North Pavilion.
So everything is according to Bei Ge's thoughts and intentions.
"That's ok! Then we support the unification of the Town Demon Division!"
The Three Saints of the North Pavilion immediately agreed.
"By the way, tomorrow Shentianjian will leave the mountain, and representatives
from all parties will be sent to meet you! By the way, a unification ceremony will
be held! The three of you and the representatives of the North Pavilion will all
go!"
The three of the South Pavilion said.
"Don't worry, we'll all go!"
"Okay, after notifying you, we have to notify others!"

/ The Return of the God of War [The Protector]
The three ancestors of the South Pavilion left immediately.
This made the Beige Sansheng and the others have no doubts at all.
If someone else came to invite, they might still be suspicious.
But this is the best relationship among the Three Saints in the North Pavilion.
They invite, or rest assured.
And it's all according to their will.
Don't even think about it.
…
"Okay, the Three Saints of the North Pavilion have agreed!"

"Wait for tomorrow's grand ceremony for the unification of the demon division,
and kill the three saints of the North Pavilion and others!"

Bei Ge never thought that they had already set up a net of heaven and earth.
Now for Levi Garrison.
It is also quite difficult to find people.
In particular, how to find the Xuanming alien race?
Relying on the strength of his men is far from enough.
Originally, he could find it for him through the major factions of the Town Demon
Division, after all, they were familiar with it.
It's not possible now.
Zhen Mosi has completely become an enemy of himself.
This is no longer possible.
Azure Dragon (Qinglong) recovered well and came to Levi Garrison's side.
"Boss, if we don't look for it! It doesn't mean anything!"
Several people said.
After this period of recuperation, they have looked down on a lot of things.
"Azure Dragon (Qinglong) is unavoidable. If we don't find them! If we leave it
alone, they will think that we are easy to bully! They will think that we are weak!
They will continue to bully us!"
"The next one may be against Levilia, Xiao Feng and the others! Only by getting
rid of them completely can this kind of hidden danger disappear."
"And I, Levi Garrison, will never let my brother suffer! I have deprived my brother
of his roots, and I must avenge this revenge!"
Levi Garrison growled.
"Yes! This matter can't be let go! Master, leave it to me to investigate! I will find
out the Xuanming alien race sooner or later!"
Xiao Feng gritted his teeth.
"Okay, then we are not strong enough, you have to pay more attention!"
Levi Garrison looked at everyone and said.
The five Azure Dragon (Qinglong) shook their heads helplessly: "Unfortunately,
we can't do anything right now, let alone help you!"
"Uncle Azure Dragon (Qinglong), why don't I pass on all the exercises to you, so
you can try my exercises?"
Levilia opened his mouth.

Hear this.
Xiao Feng was immediately anxious: "No! Levilia's exercises are not suitable for
us to practice, we will walk after practicing…"
Suddenly realizing that he was leaking, Xiao Feng immediately stopped.
If he speaks out about getting into trouble.
That's all exposed.
It will even pull Gong Qianqiu out.
Others are afraid that they will think that Gong Qianqiu and himself have stolen
Levilia's exercises.
Seeing everyone looking at him, Xiao Feng hurriedly said: "Levilia, think about it?
How domineering your practice is! Azure Dragon (Qinglong) and the other five
are actually very weak, if you practice your practice, it may be counterproductive. !"
"What's more, the five of you Azure Dragon (Qinglong) only need to be raised
now, and the rest have us!"
Xiao Feng's reaction was fast enough, and a few words resolved the matter.
The five Azure Dragon (Qinglong) nodded: "Okay, we will take good care of it,
and we will not cause trouble for you!"
the other side.
Gong Qianqiu looked at the situation she was controlling, and she couldn't help
but smile.
In the mass grave.
The Bone Master has already started.
Gong Qianqiu also assigned him several assistants.
Among them there are bone masters, and there are also experts in medicine.
She had already sent someone to look for the items on the list the Bone Master
had given him.
The top ten geniuses have been controlled, and their roots will be taken down.
The pride that belongs to them will also be shattered.
They looked at Gong Qianqiu and Master Gu, and there was only fear in their

eyes.
“Please let us go! Please!”
Many people have already started begging for mercy.
Just Gong Qianqiu smiled: “Don’t worry! Everything about you will appear in my
body! I will chase your goals for you!”
“By the way, tomorrow I will bring some new people to meet you!”
In a blink of an eye.
On the second day.
Shen Tianjian came out.
All the representatives of the factions gathered together.

The Return of the God of War [The
Protector] Chapter 3579
The Lord of the Demon Suppression Division, Tian Si, was not present.
But Dugu Tuo can control everything.
In particular, the main brain organization, the God of Heaven, is here!
Then all factions of the Town Demon Division are recognized!
Will respect him too!
All five hundred and twenty-three factions of the Town Demon Division came.
Including Beige also sent people.
The three saints of the North Pavilion and the eight high-level officials of the
North Pavilion all came as representatives.

Seeing everyone from the North Pavilion, everyone breathed a sigh of relief.
Now the North Pavilion can be destroyed.
In particular, Gong Qianqiu was even more happy in his heart.
She also designed the next plan.
Tens of thousands of delegates gathered in front of the Devil Town Hall at the
former site of the Devil Town Division.
In front of the main hall, the powerhouses of Shentianjian were already full.
Dugu Tuo stood in the middle.
Looking at the tens of thousands of people in the field, Dugu Tuo’s clothes were
no wind, and he shouted: “Today, my town magic division is unified! Reinvigorate
the former glory!”

Tens of thousands of people below were excited.
They are all staring at the Hall of Zhen Mosi!
The sense of honor and pride that disappeared for a long time has returned.
Although the Town Demon Division has been separated for a long time, even
they are used to being free.
But now that they are gathered together, everyone's blood is boiling.
This is the pride of Zhen Mosi!
Many old people have nostalgic for the scene when the Suppressing Magic Division suppressed all kinds of aliens and pushed everything horizontally.
"Long-lost blood!"
Even the eyes of a group of ancestors shone brightly and their faces were red.
Tens of thousands of people began to cheer.
More and more people are getting infected.
"It is because the Town Demon Division is divided into hundreds of factions, and
they are not united. They will be bullied! They will be defeated one by one! Even
now, it's a monkey's turn to ride on our heads to make a fortune!"
"This time, the top ten talents of the Demon Suppression Division led tens of
thousands of masters to defend the dignity of the Demon Suppression Division,
but they were all slaughtered by a monkey from the outside world!"
"We can't bear this tone, so the Town Demon Division must be unified! Restore
the former organization! Become a whole so that it can resist any foreign enemies!"
…
Dugu Tuo is worthy of being a natural leader. Just a few words made everyone
emotional and full of blood.
"Unification!"
"Unification!"
…
Tens of thousands of people shouted, and the field was warm and spectacular.
"Then my representative, Dugu Tuo, in the name of Shentianjian, announced the

unification of the Zhenmo Division! Everyone will be included in the nine major
organizations in the shortest time! The heads of the nine major organizations will
also be decided as soon as possible!"
In the end, Dugu Tuo announced the unification of the Town Magic Division.
This is also the biggest incident of the town magic division in many years.
Everyone expected that there would be a day of unification of the Zhenmo Division, mostly because of the Xuanming aliens or other powerful aliens.
But it never occurred to me that it was because of a monkey outside.
Killing everyone will not think of it.
"When everything is confirmed, then we will do the first major thing after the
unification of the Demon Suppression Division – kill all the monkeys!"
Dugu Tuo did not forget to set goals.
"Kill kill kill!"
After the unification of the Demon Suppression Division, what everyone wanted
to do most was to kill Levi Garrison.
"Okay, you can ask me if you have any questions next!"
"Dugu Tiansi, I don't know why Tiansi didn't come?"
"And why didn't Yufeng Tiansi appear?"
Someone in the field still asked.
After all, that is the Lord of the Demon Suppression Division.
The Town Demon Division, who was not there, always felt that it was almost
meaningless.
There is also a deputy Tiansi who did not come, and everyone also felt that it was
bad.
"Oh, Yufeng Tiansi is refining a magic medicine! It won't come out for the time
being!"
"As for Tiansi, he left Shentianjian a few years ago and went to travel! This is his
own retreat! There is no information so far, maybe he is among you, or he may
have gone to the outside world a long time ago. Among the monkeys, it is possible!"
"Don't worry, with Tiansi's supernatural powers, they all know what we do!"

…
Soon, Dugu Tuo answered one question after another.
The Return of the God of War [The
Protector] Chapter 3580
“Okay, do you have any questions?”
“Then we have to do something next!”
Suddenly, Dugu Tuo’s eyes fell on the Three Saints of the North Pavilion.
“not good!”
When Dugu Tuo came over, the three saints of Beige realized that something was
wrong.
My heart sank.
Even Xu Liejun and the others panicked.
They also realized it!
not good!

They were fooled!
It’s because they didn’t think about it clearly, they trusted the Nange people too
much.
Their relationship with Levi Garrison was enough to isolate them.
They were also invited to participate, and they followed their wishes.
This is clearly a conspiracy.
But they didn’t realize it.
Because the few people in the South Pavilion have a good relationship with them,
they have no doubts.
The last time Levi Garrison came, he asked them to be careful.
As a result, the three saints of the North Pavilion didn’t care, they felt that the
three of them had recovered and were able to control the situation.
At least the whole body retreats without a problem.
But it’s too late to regret it now!
“Wow wow wow…”
The eyes of tens of thousands of people in the field also looked over.
Eleven people, including the Three Saints of the North Pavilion, became the
target of public criticism.
These eyes are full of danger.
The field was full of murderous aura.
Even the three ancestors of Nange showed inexplicable smiles.
As if to say – you’ve been fooled.

No one thought that the Suppressing Demon Division Unification Ceremony
would set up a killing game to wait for them.
Did not think of ah.
“In the days when there was no leader of Shentianjian, all the major factions
performed very well! But the North Pavilion really disappointed me! It turned out
to be a traitor! It was still a lackey for the monkeys outside!”
“Shame! A huge shame! The person who lost my Demon Suppression Division!
Everyone in my Demon Suppression Division is as noble as a god, how can I
submit to a monkey!”
“Since the establishment of our town magic division, there has never been such a
shame!”
“How do you say it should be?”
Dugu Tuo shouted.
“Kill! Kill! Kill!”
Thousands of people shouted at once.
“Okay! Then use their blood to wash away the shame!!!”
Dugu Tuo said coldly.
“You three old fellows are disgraceful, and you actually used monkeys as lackeys!
I bah!”
The three ancestors of the South Pavilion showed their true colors and began to
roar at the Three Saints of the North Pavilion.
“escape!!!”
The Three Saints of the North Pavilion knew that this battle was inevitable, so
they would have to strike first.
“Boom…”
The Three Saints of the North Pavilion are now back in strength, and with all their
strength, the ground is shaking.
Forcibly cut a bloody path.
Let Xu Liejun and the others escape.
“Remember to find Mr. Ye after you go out, so that he can protect the North
Pavilion, otherwise the North Pavilion will be completely destroyed!”

The three exhorted.
Under the unprepared attack of the Beige Sansheng, he really made a bloody
path.
This greatly changed the faces of the ancestors of all parties.
Never thought that the Three Saints of the North Pavilion had recovered so
quickly, this strength was simply terrifying.
Did they really let them escape now?
But Dugu Tuo, who was not far away, smiled.
Obviously, he was well prepared for this kind of breakthrough of the Three Saints
of the North Pavilion.
Xu Liejun's eight people had just left the crowd and were about to run away.
Suddenly, several young figures appeared inexplicably.
In the blink of an eye, all eight Xu Liejun were forced back.
The arrogance of the gods!
Seeing them, everyone gasped.
It never occurred to me that God Tianjian actually had a more terrifying Tianjiao
than the top ten Tianjiao.
This is no less than Bai Xinghe Chu Qingshuang.
After Gong Qianqiu saw them, his eyes brightened even more.
I don't know what the roots of these arrogant geniuses in Shentianjian are?
If you get their root bones, then absorb their power cleanly.
How nice would that be.
Now Gong Qianqiu has begun to make up his mind on Shentianjian.
After Xu Liejun was forced to retreat, he immediately fell into a circle.
Violent attacks from all sides came one after another.
The Three Saints of the North Pavilion were also trapped by the great ancestors
and could not escape at all.
What awaits them will be death…
The Return of the God of War [The
Protector] Chapter 3581
/ The Return of the God of War [The Protector]
"Seniors, let us come! Thank you!"
Several great arrogances of Shentianjian also want to experience.
Now the powerful Beige Sansheng is an opportunity!
They want to kill the three saints of Beige to test their strength.

“Okay! It’s over to you!”
Several ancestors stepped aside.
Several Tianjiao of Shentianjian attacked and killed the three saints of Xiangbei
Pavilion.
This made Gong Qianqiu’s eyes even brighter.
Wouldn’t it be more beneficial to my own plan?

The Three Saints of the North Pavilion and the arrogance of God Tianjian fought
in full swing.
As for Xu Liejun’s eight people, under the siege of many masters, they soon fell
behind.
In the end, everyone was hacked to death and turned into flesh…
Not even a complete corpse was left.
That’s what it’s like to be a traitor!
Gong Qianqiu watched the miserable end of several people, and only smiled.
Soon, the Three Saints of the North Pavilion were under the siege of the Tianjiao
of Shentianjian, and they were also stretched.
The arrogance of the gods are too terrifying.
A single person has the power to match one of the three North Pavilion.
There were even three more than that.
Plus the number of people.
The Three Saints of the North Pavilion could not hold on.
“Bang bang bang…”
After a while, the Three Saints of the North Pavilion flew out immediately.
They’ve held out long enough.
“Kill them!!! Don’t stay alive! Then we’ll go and destroy the North Pavilion!”
Dugu Tuo ordered.
The arrogances of Shentianjian started to kill one by one, besieging and killing
the three saints in the north pavilion.
Although the three resisted desperately, they flew out again and again.
Until they can no longer resist this wave of attacks.
“Boom…”
But at this moment, the square in front of the entire town hall collapsed directly,
and an earth-shaking change occurred.

Everyone hurriedly avoided.
Suddenly, figures appeared in the dark, and they ran away with the Three Saints
of the North Pavilion.
The person who suddenly appeared was extremely fast and disappeared in an
instant.
Not even the arrogance of the gods of the heavenly prison could catch up.
"Is this the former Shadowguard?"
Several great arrogances muttered to themselves.
The Shadowguard is affiliated with the Suppression Division.
Only a few dozen people.
Although their strength is not top-notch, their speed and movement technique
are top-notch.
Once they start, few can catch up.
Especially in this unexpected situation, it is even more difficult to catch up.
"No need to chase, since it was the Shadow Guard who shot, no one can keep up!"
Several ancestors also said.
"Send someone to find it for me immediately! I would like to know why the Shadowguard is helping them?"
Dugu Tuo was very puzzled.
"Others listen to my orders and destroy the North Pavilion first!"
"You guys go lead the team!"
Dugu Tuo ordered again, and let several Tianjiao of Shentianjian lead the team.
"clear!"
Many masters all set off to the North Pavilion.
I don't know when, Gong Qianqiu has disappeared from the crowd.
But she is a little person with no sense of existence in the West Pavilion.
Not to mention the big bosses of the entire town magic division.
No one knows if it will come or not.
Not wrong.
The collapse of the plaza and the rescue of the Shadow Guard just now were all
arranged by her.
The Three Saints of the North Pavilion were killed.
But she had to die in her hands.
rather than being killed that way.
How come the Three Saints of the North Pavilion and the others would never

have thought that they were saved like this?
They also immediately knew it was the Shadowguard.
Just why did the Shadowguard save them?
Do not understand!
But he finally breathed a sigh of relief.
Shortly after.
Somewhere, the Shadowguard stopped abruptly.
"We brought the person you want!"
Several shadow guards said.
"Okay, I'll give you what you want! Happy cooperation!"
When the Three Saints of the North Pavilion wanted to know who they were,
suddenly their eyes darkened and they fainted.
When I woke up, I found that I was in a dead place.
There are skeletons all around, densely packed.
"Is this the corpse pit of the head of the Seven Jedi?"
The Return of the God of War [The
Protector] Chapter 3582
/ The Return of the God of War [The Protector]
The Three Saints of the North Pavilion are still well-informed.
Recognized immediately.
When you look next to it.
Ok?
Isn't this the top ten geniuses?
Why are they all tied up here?
Look at this skeleton-like person again.
Isn't that some traitor from the Tianyi Supervisor?
What's up with the bone?

"Ancestor!!!"
There were people in front of them shouting piercingly.
Beige Sansheng looked at it and recognized it immediately.
It turns out that what Levi Garrison said was right.
Sure enough, there is a terrifying force in Zhen Mosi, which is secretly controlling
everything.
Xu Qingya was caught by them.
They are also the top ten talents.
They even saw Levi Garrison's divine calamity and the four artifacts of the town
pavilion.
Xu Qingya and the others were really desperate.

Gong Qianqiu is indeed magical.
Not to mention the arrest of the top ten talents, even the three saints of the North Pavilion are now tied up.
"How are you, the Three Saints of the North Pavilion!"
A voice sounded.
Gong Qianqiu was already standing in front of them tenderly.
"Ah you are?"
Beige Sansheng saw a completely unfamiliar face.
All dumbfounded.
A junior?
"Old Ancestor, she is Gong Qianqiu of the West Pavilion, everything is her…"
Xu Qingya quickly told the three saints of the North Pavilion about what happened.
"what???"
The three saints of the North Pavilion are going crazy.
It sounds like the Arabian Nights.
An unknown junior in Wufang Pavilion controls everything.
The strongest aliens, Levi Garrison and Zhen Mosi are all playing in the palm of
his hand.
Simply incredible.
If they hadn't seen so much, they couldn't believe it.
This turned out to be true!
"Shadowguard was also found by you?"
The Three Saints of the North Pavilion asked.
"certainly."
Gong Qianqiu smiled.
"But how? How can the Shadow Guard take action so easily? Especially in such a
dangerous situation, he has to be targeted by the Heavenly Superintendent!"
Beige Sansheng expressed disbelief.
"I have what they want, and of course they helped me!"
Seeing the doubts of the three saints in the North Pavilion, Gong Qianqiu smiled
and said: "I can say that I am the most powerful person in the town of magic. I
have everything, and it is not difficult to meet their needs!"
"this……"
The Three Saints of the North Pavilion were relieved.
People can do it all in front of them.

It is not difficult to let the Shadow Guard take action.
“Then why did you bring us here? Is it worth the cost?”
The Three Saints of the North Pavilion asked real doubts.
It’s just that Xu Qingya and the others had already expected something.
Shaking his head uncontrollably.
But what can be done?
“It’s a pity to kill you directly! I want your powerful skills!”
Gong Qianqiu sneered.
She doesn’t talk nonsense either.
Use the exercises directly to begin to devour the power of the Three Saints of the
North Pavilion.
“what!!!”
Soon the three of them roared.
But it was of no use at all.
The movement on Gong Qianqiu’s body is also getting bigger and bigger.
Fortunately, this is the mass grave.
Otherwise, in other places, I am afraid that it will be exposed.
After all, the power of the Three Saints of the North Pavilion is so powerful that
it explodes.
After some devouring, Gong Qianqiu’s breath became stronger and stronger,
reaching an unprecedented state.
And the three saints in the north pavilion have no voice of struggle.
The three had become dry skeletons.
Directly swallowed by her to death.
The three of Xu Qingya were already crying.
The same is true of the top ten talents.
The Three Saints of the North Pavilion are their fate.
“Ha ha ha ha……”
Gong Qianqiu, who gained powerful power, laughed loudly.
At this moment, she believed that Levilia was no longer her opponent.
Her next target is already – Levi Garrison.
the other side.
The tens of thousands of troops after the unification of the Town Demon Division
came from all directions.
There are not many masters in the North Pavilion, and they all went to participate in the Unification Ceremony.
But fortunately, the sleepy dragon formation is opening.
It will definitely cause trouble.

God Tianjian several great arrogances in front: "Leave the sleepy dragon array to
us!"
"North Pavilion, I, Levi Garrison, cover me! Who dares to move?"
The Return of the God of War [The
Protector] Chapter 3583
/ The Return of the God of War [The Protector]
The masters from all sides of the Demon Suppression Division were about to
move, but there was a voice, like rolling thunder.
The crowd was terrified.
The name of a man, the shadow of a tree!
Levi Garrison's name is now the nightmare of the entire Zhenmo Division!
Anyone who hears it will tremble in their hearts!
Especially now that this voice is called out directly.
It scares people even more.
"Huh? Levi Garrison?"
The eight arrogances of Shentianjian also stopped in unison.

Since Shentianjian was about to leave the mountain, the name they heard the
most was Levi Garrison.
have become their lingering shadow.
The eight arrogances of Shentianjian are also extremely proud, and everyone is
like Laozi's number one in the world.
Even more arrogant than the top ten geniuses of the Sifang Pavilion!
And no one else!
Except for Tiansi, Dugu Tuo and Yufeng Tiansi.
They don't care about anyone.
Even the ancestors of the major factions are not in their eyes at all.
After going out of the mountain today, they are also extremely arrogant.
But now I hear Levi Garrison.
They were a little panicked.
In their eyes, Levi Garrison is just a monkey.
They are still proud in their hearts, and they still do not take Levi Garrison in their
eyes.
After all, for them, it's just a wild way.
In the past, who did they care about you?
directly on.
Levi Garrison didn't take Levi Garrison seriously at all.

But now there is a foreshadowing!
The top ten talents of the Sifang Pavilion and the top ten experts of the Xuanming alien race, etc., all of them were killed by Levi Garrison.
You must know that even if the top ten talents of Sifang Pavilion are weaker than
them, they are not much weaker.
Bai Xinghe Chu Qingshuang was almost the same as them.
Half of the eight could not hold back these two.
Therefore, the eight of them also understood that the distance from Levi Garrison was still very large.
If they go directly, they will surely die!
In addition, Levi Garrison is so cruel, he will definitely not let them go.
Facing Levi Garrison, the arrogance of the eight great arrogances of Shentianjian
was gone.
Hearing Levi Garrison's name one by one, he was stunned.
The next moment, everyone saw Levi Garrison's figure slowly falling from mid-air,
stepping on top of the North Pavilion.
"Come if you are not afraid of death!"
Levi Garrison said coldly.
The reason why Levi Garrison was able to arrive at this time.
Someone must have told him secretly!
Gong Qianqiu revealed the information to Xiao Feng and told him that the North
Pavilion was in trouble.
Xiao Feng told Levi Garrison again.
When Levi Garrison came, it happened to catch up with the scene of the siege
from all sides of the town magic division.
Gong Qianqiu's purpose is very simple – to continue to intensify the contradiction
between Levi Garrison and Zhen Mosi.
It's best if the two sides fight directly!
No matter which side is injured, it is good for her.
It turned out that she wanted to use the Xuanming alien to contain Levi Garrison.
However, the Xuanming Alien Race can't control it, and they don't even know
their whereabouts.
However, with the development of the matter, Zhen Mosi has now become a

force to contain Levi Garrison.
Then the best way is to let the two sides fight and get into an endless fight.
Whether or not the arrogance of Shentianjian goes to war, it is acceptable to
Gong Qianqiu.
Fighting is the best, if you don't fight, you can continue to intensify conflicts.
Now Levi Garrison appeared in the North Pavilion.
The tens of thousands of masters of the Demon Suppression Division actually
stopped.
No one dared to take a step forward.
This is Levi Garrison's fierce power, and he forced everyone to be like this.
"this……"
Everyone looked at each other, everyone hesitated.
what to do?
"It's just a bunch of rubbish! This scares me? Is it still a man? Isn't the Town
Demon Division high above? You won't be afraid of me, will you?"
Levi Garrison was sarcastic.
"you……"
This undoubtedly hit everyone's self-esteem.
In particular, everyone in Zhen Mosi is extremely arrogant.
It's like stabbing a knife on them.
Everyone is furious!
The Return of the God of War [The
Protector] Chapter 3584
/ The Return of the God of War [The Protector]
Don't dare to be angry!
No one dared to take a step forward, and they were still confronting.
Even if he was so stimulated by Levi Garrison, he exploded with anger.
But still dare not step forward.
After all, they are afraid of death.
Don't look at how skilled they are.
It is enough to deal with the North Pavilion.
But for Shang Levi Garrison, the whole army is absolutely overwhelmed.
Those ancestors did not come, and neither did the strong men of Shentianjian.

They can't fight!

Therefore, they could only stare and get angry, but no one dared to step forward.
Everyone even looked at the eight great arrogances of Shentianjian.
"What do you think of the arrogance of the gods?"
...
Everyone is seeking their opinion.
See if they fight.
But I already have the answer in my heart.
Neither dare.
Just looking for an excuse to leave.
This problem was thrown to the eight great arrogances of Shentianjian.
The Eight Great Talents also began to hesitate.
One by one screaming.
They all cursed in their hearts – why do you leave this kind of thing to us?
"I think this matter should be considered in the long run! Now the three saints of
the North Pavilion have been abolished, and the North Pavilion has already
existed in name only! It's not too late to fight in the future!"
One of the Tianjiao said.
"Yeah, I think so too! Not to mention the fact that the Town Demon Division has
just been unified. At this moment, we should make internal adjustments! Instead
of starting a war, we will kill them when we are settled!"
"That's right! Don't look at the unification of the Suppressing Demon Division,
you think you can sit back and relax! Maybe the Xuanming aliens have been
staring in the dark!"
"Let's go back first!"
...
These geniuses are really good at finding reasons.
He quickly convinced himself and others.
They shouted at Levi Garrison who was not far away: "Levi Garrison, listen up!
Now the Shentianjian has come out of the mountain, and the Suppressing Demon
Division has been unified! Your doom is coming soon!"
Levi Garrison smiled: "Okay, then you come and kill me!"
"you……"
This genius was almost stuck.

“Levi Garrison will let you live a few more days! Just wait! We will kill you sooner
or later!”
“I’ll give you a chance today! Let’s take a look at this time!”
The arrogance of God Tianjian pretended to be calm.
Start to threaten Levi Garrison.
“Hahaha……”
Levi Garrison smiled.
“What if your strength was as hard as your mouth?”
Hearing Levi Garrison’s sarcasm, everyone couldn’t care less.
“Withdraw! Withdraw all of them!”
“Let Levi Garrison live a few more days!”
…
They were still stubborn, but they were retreating too fast.
The legs are like rockets.
Tens of thousands began to flee.
I was afraid that Levi Garrison would catch up.
“A bunch of trash!”
Levi Garrison sneered.
After running to the old site of Zhenmosi, I made sure that Levi Garrison was not
chasing after him.
Everyone took a breath.
Even the eight great arrogances of Shentianjian were soaked all over.
The cold sweat is still pouring out.
scared to death.
Hard-mouthed, hard-mouthed, but really scared.
If Levi Garrison takes action, they will never survive.
After all, before Shentianjian and the ancestors rushed over, Levi Garrison killed
them all.
Seeing that everyone around looked at them with strange eyes, several Tianjiao
said: “Remember, we gave Levi Garrison a chance!”
“Unification of the Suppressing Demon Division is to kill Levi Garrison! If we kill it
directly, what’s the point of the unification of the Suppressing Demon Division?”
“That’s true! Levi Garrison killed it directly!”
…
A group of people are still stubborn, still comforting themselves.

Levi Garrison in the North Pavilion knew that the Three Saints of the North
Pavilion went to the Unification Ceremony.
He let out a long sigh: "Most of them were killed! Hey! I've let them pay attention!"
the other side.
In the mass grave.
The Bone Master has already taken the first step.
The joint bone master began to take down the spiritual bones of the top ten talents.
Gong Qianqiu watched brutally from the side.
"No, I beg you, I really beg you…"
The doomsday of the top ten geniuses came, and they all cried.
The Return of the God of War [The
Protector] Chapter 3585
They kept begging Gong Qianqiu.
"Kill me! Please! Give me a treat!"
Bai Xinghe is also pleading.
His talent, his spiritual roots and bones are things that make him proud.
heavier than his life.
He can accept death.
But he couldn't accept that his spiritual roots and bones were poached by others.
This is equivalent to destroying his soul!
He couldn't accept it.

The same is true for other geniuses.
would rather die.
Unacceptable.
But how could Gong Qianqiu give them a chance?
"Pleading is useless! You are destined to pave the way for my Gong Qianqiu's
hegemony!"
Gong Qianqiu laughed.
"Please, please, please…"
The top ten Tianjiao have been pleading.
But in the end, with the screams, there was no sound.
Under the operation of the bone masters, the spirit bones of the top ten talents
were quickly taken down by the broken spirit knife one by one.
Chu Qingshuang's spiritual roots and bones were stored separately.
The rest of the spiritual roots and bones are placed together again.

At this moment, the top ten talents are like walking dead.
Although they are alive.
But my heart is dead.
The eyes are full of emptiness.
It's scarier than dying.
Their inner self-esteem completely collapsed.
Even if Bai Xinghe and the others were alive, they would never speak for the rest
of their lives.
The body is still there, but the soul has been stripped out.
Where the ten people are lying is already soulless.
Master Bone looked at the top ten arrogances, and couldn't help sighing: "As
expected of the top arrogance, this bone is legendary! Hahaha…"
"It's even better than I thought! Now you're very close to devouring your spiritual roots and bones!"
This is great news for Gong Qianqiu.
Next, she just needs to wait for a new pair of spiritual roots and bones to come
into her body.
"They can't die yet! Take care of them!"
Next, Gong Qianqiu used a large amount of heaven and earth treasures for the
top ten Tianjiao.
She will also devour the power of the Ten Great Talents.
Now the top ten talents are no longer struggling, and they are completely at the
mercy of Gong Qianqiu.
Their hearts are completely dead.
Shortly after.
The body of the top ten Tianjiao has recovered temporarily. After all, the spiritual root and bones have been taken out, and the impact is too great.
"Why don't I just wait and wait for them to recover!"
Gong Qianqiu felt that there was no need to worry for the time being.
Still want to wait for them to recover for a while.
After all, it had not been long before he devoured the power of the Three Saints
of the North Pavilion.
However, Master Bone said firmly: "No! Immediately! The faster we are now, the
better! After all, the road ahead is not easy! The Shentianjian has returned, and

you will not have many chances in the future. And it's hard!"
This reminded Gong Qianqiu.
Indeed.
Before the Zhenmo Division was torn apart, for her, opportunities were everywhere.
Want to penetrate into that is that.
But then God Tianjian took control, and the Suppressing Demon Division was
unified.
I have very few opportunities not to talk about it, and it is easy to reveal my fault.
The Magician will also discover the existence of third parties.
At that time, if you track down your own head, it will be over.
So the faster the strength increases, the better.
Listen to the bone master, directly swallow.
"That's good! Now I'll devour your skills!"
Gong Qianqiu began to use the exercises, aiming at the top ten talents and began
to swallow them.
"Boom…"
Soon, there was a burst of explosions in the sky.
The atmosphere of the entire mass grave has changed.
It seems that there are thousands of resentful spirits struggling.
What is terrifying is that the endless yin is also gathering in Gong Qianqiu's body.
He never thought of swallowing the power of the top ten geniuses, and in the
end, he could also swallow the endless Yin Qi of this corpse pit.
The movement grew louder for a while.
That is, there are few people in the mass grave.
Otherwise, it will definitely be exposed.
After all, the power of swallowing is too strong.
Caused the world to change.
In this way, Gong Qianqiu's momentum became stronger and stronger, and he
became more and more domineering.
The Return of the God of War [The
Protector] Chapter 3586
"Boom!"
There was a muffled sound from the corpse pit.
Gong Qianqiu succeeded.
She devoured the power of the top ten geniuses and the endless yin qi.

The whole person is like a tsunami.
The whole body is full of terrifying power and extreme breath.
The whole person is reborn!
The strength has come to the anti-sky level.
One level higher than before.

"Hahahaha… Now even the strongest ancestors in the East Pavilion are not your
opponents!"
"It is estimated that in order to win you, the Sifang Pavilion and the ancestors of
other factions must join forces!"
"It is estimated that your single combat power is not far from Dugu Tuo and
Yufeng! You can even fight!"
"Unless you are the supreme powerhouse of Shentianjian, there is no one in the
Town Demon Division who can do anything to you!"
Master Bone smiled happily when he looked at Gong Qianqiu.
The stronger Gong Qianqiu is, the more he can carry out the crazy revenge in his
mind.
"Don't worry! Wait for my devouring spirit root and spirit bone to complete! You
will instantly surpass Dugu Tuo and the others and become the well-deserved
number one of the Town Demon Division!"
"At that time, Levi Garrison, or Xuanming alien, will all be trampled under your
feet!"
said the bone master.
"Hahaha… So what does it feel like to control the ultimate power? It's really
cool!"
Gong Qianqiu couldn't help laughing.
"Don't worry, I am now carrying ten of you! I will fulfill your dream – to the top of
the town magic division!"
Gong Qianqiu looked at the top ten geniuses who were almost swallowed into
mummified corpses.
"However, you can't die! You have to watch me grow!"

Unlike the Three Saints of the North Pavilion, she devoured it directly to death.
But the top ten talents still have to witness her growth.
*To satisfy the different kind of ** in her heart.*
"It's over to you, they can't die for the time being!"
Gong Qianqiu said to the servant.
Xu Qingya and the others looked at Gong Qianqiu and were completely desperate.
How long has it been.
She has almost reached the top of the town magic department.
If the prison of God does not come out.
She is the well-deserved number one of the Zhenmo Division.
I used to think that her chasing Levi Garrison was a joke.
But in this short period of time.
She has reached this level.
This is very likely to catch up!
horrible.
Once the bone master creates a brand new devouring spirit root spirit bone.
Then Gong Qianqiu can really challenge Levi Garrison.
As if guessing the thoughts of Xu Qingya and several others, Gong Qianqiu
looked hungry and said with a smile: "You three are the first witnesses! I will let
you live to the end, and I am reluctant to kill you!"
"You're shameless… just wait! You're not going to end well! Levi Garrison will
take care of you!"
Now Xu Qingya and several people can still hope that Levi Garrison will find her
sooner, this is the only hope.
But if it takes a while, not even Levi Garrison will do.
She probably couldn't hold her back.
"Hahaha, I'm waiting for him! When he finds me, it's probably too late!"
Gong Qianqiu laughed.
Then, she looked at the four artifacts of the town pavilion.
"We will also swallow your essence together!"
Gong Qianqiu is also eager and wants to devour it all.
The result was just swallowed for a while.
Found that nothing could be swallowed.
This technique has an upper limit.
Her body can take it.

But at present, the level of the exercises she practiced has reached the top, and
she can't absorb more.
In particular, the four town pavilion artifacts contain the ultimate power.
It's okay to swallow a little power.
"This should be the root bone problem! If your spiritual root and spiritual bone
are of the devouring type, the cultivation technique can also reach a higher level!
You can devour more!"
The Bone Master explained.
The main Gong Qianqiu also swallowed too much.
The Three Saints of the North Pavilion and the Ten Great Talents.
This power is terrifying.
"Well, I'll finish it as soon as possible!"
The bone master immediately went to work.
Gong Qianqiu left from the corpse pit.
Go kill a few people she really wants to kill.
Before the strength was not enough, now the strength is enough.
The Return of the God of War [The
Protector] Chapter 3587
These people are the high-level leaders of the major factions of the Town Demon
Division.
When Gong Qianqiu looked for them, he just wanted to control them.
However, this group of people is difficult to deal with, so far Gong Qianqiu has
not won.
They even humiliated Gong Qianqiu at the beginning.
Make her hold a grudge.
But unfortunately the opponent is too strong.
There was no way she could kill.
But now it's different, she has great strength.
But now at this juncture, when the Demon Suppression Division is unified.

If Gong Qianqiu kills these high-level officials.
It's like throwing yourself into the net.
It will let the Town Demon Division, Shen Tianjian notice.
But this is not difficult for Gong Qianqiu, even very simple.
Now is the time of the unification of the Town Demon Division, and all parties are
in chaos.

Therefore, Gong Qianqiu used a strategy to cause infighting among all parties.
Then, she quietly found the high-level she wanted to kill.
Today's Gong Qianqiu is too powerful.
Killing these people unknowingly is as easy as the palm of your hand.
A total of dozens of people were all beheaded by Gong Qianqiu.
They don't even think about dying.
How did this unknown pawn in the West Pavilion have such strength in such a
short period of time?
Simply incredible!
Now Gong Qianqiu has come to the top level of Zhenmo Division.
After the small test, Gong Qianqiu was surprised and delighted by the powerful
strength he possessed.
However, this is just the beginning.
She will be even stronger.
Today, she lacks devouring spiritual roots and bones.
However, it can't swallow the level of the four major town pavilion artifacts, but
the others can still be swallowed.
Gong Qianqiu's strength is also getting stronger and stronger.
By the time Shen Tianjian sent someone to inspect the chaos, she had already
left.
And there is no evidence of alibi.
Because of the internal strife, dozens of high-level leaders died, and no one paid
attention.
After Gong Qianqiu left.
Muttered to himself: "I don't know how far I am from Levi Garrison now?"
She wants to practice with Levi Garrison now.
But still dare not.
Although she has top power.
Zhen Mosi has no one she is afraid of.
But Levi Garrison was still afraid.
"Alright, let's take a look at the tool man first to see if anything happens!"
Soon, Gong Qianqiu found Xiao Feng.
"Huh? Qianqiu, you…"
Xiao Feng looked at Gong Qianqiu left and right, feeling that something was

wrong.
“Ah? What’s wrong? Is there a problem?”
Gong Qianqiu looked suspicious.
I even felt exposed.
After looking around, Xiao Feng shook his head: “I can’t see it! I always feel that
you have changed, but I can’t tell what’s wrong!”
Naturally she changed.
Its own strength is dozens of times stronger.
Can it be changed?
Although she restrains her breath and hides her strength.
But how long has she been in control of this power just now, and she has not yet
fully grasped it.
Always something different.
If it is Levi Garrison or other masters, such as the ancestor of Zhenmo Si, he will
definitely be able to see through it at a glance.
However, Xiao Feng only noticed the difference.
But still can’t break.
“Oh, that’s because I’ve gotten stronger recently!”
Gong Qianqiu showed his strength a little, making Xiao Feng stunned.
He is also more and more excited, he has to work hard to catch up with Gong
Qianqiu.
“By the way, what happened to Master and the others, isn’t it affected much?”
“Now that the Shentianjian has come out of the mountain, and the Zhenmo Division has been unified, the nine major institutions are about to be restored!
Maybe the master will be in trouble in the future.”
Gong Qianqiu began to test Xiao Feng’s tone.
Xiao Feng said: “Actually, the unification of the Suppressing Demon Division has
little effect on Master, and even Master doesn’t even care about it!”
“What really makes Master care about is that there is a group of mysterious
forces that are different from Zhen Mosi and Xuanming Alien Race! They have
been controlling the situation for a while now! Master wants to find out this
group of forces!”

As soon as these words came out, Gong Qianqiu's face changed greatly.
The Return of the God of War [The
Protector] Chapter 3588
Sure enough, Levi Garrison was already staring at him.
He reacted too quickly.
Until this moment, there was still no movement from the Zhen Mosi side.
not good!
Being stared at by Levi Garrison is a very troublesome thing.
She is not afraid of anyone now, only Levi Garrison.
If Levi Garrison was looking for her specifically.
Still easy to find.
Xiao Feng continued: "And the disappearance of Xu Qingya's four people is
definitely related to this faction! The Xuanming alien race attacked our base
camp was also controlled by this force! They also stole the calamity!"

"Master even guessed! This group of forces is in the Demon Suppression Division!
It may not be some high-level people, but some people who are usually overlooked!"
"But one thing is very strange…"
Gong Qianqiu was anxious: "What?"
"One thing that makes Master puzzled is that these forces seem to be very
familiar with us! They are familiar with Master, Levilia, and everyone! They are
even familiar with the situation in the world, including the Eternal Kingdom
behind the War Eagle Kingdom!"
"From this point of view, it doesn't seem like it was done by the people in the
town magic department!"
"Beijing Pavilion is the one who is more familiar with the outside world among
the Suppressing Demons, but it is impossible for the North Pavilion! Other
members of the Suppressing Demons are logically not familiar with the outside
world at all! The people in the Suppressing Demons are all high above the ground
and pride themselves on being the best. Noble, is disdain to understand the
outside world!"

“But this may also be the powerful point of this force. They can put down their
noble figure and understand the low-level things they despise.”
…
Xiao Feng said all of Levi Garrison’s guesses.
Hearing Gong Qianqiu’s eyelids jumping, his whole body trembled.
These guesses are actually very close.
yes.
All the members of the Suppressing Magic Division prided themselves on being
noble, and none of them went to understand the outside world.
Not one is arrogant.
Even the top ten geniuses didn’t know Levi Garrison’s true strength when they
went to find Levi Garrison.
On the contrary, she is willing to let go of her body and understand everything
about the outside world.
So she is very familiar.
As for knowing Levi Garrison, it was entirely because of Xiao Feng in front of him.
Knew it.
She still underestimated Levi Garrison.
Levi Garrison has analyzed this step in such a short period of time.
Looking at Xiao Feng, Gong Qianqiu broke out in a cold sweat.
Lucky in misfortune.
She is very fortunate now.
That is, they did not go to see Levi Garrison with Xiao Feng!
If you expose yourself too early, then this is happening now.
Levi Garrison didn’t need to analyze, he just found himself.
“call!”
Gong Qianqiu looked nervous, panting heavily.
Can you not be afraid?
Almost exposed!
Levi Garrison is still too powerful.
She was so unknowing that she almost had to be guessed.
If this goes on, sooner or later, you will be exposed.
The speed of his own growth may not be faster than the speed of Levi Garrison’s
investigation!
I thought I had grown up before that.

Especially after devouring the skills of the Ten Great Talents and the Three Saints
of the North Pavilion, her confidence increased even more.
But it never occurred to me that the crisis was about to come.
Sooner or later they will be exposed.
It just depends on that time, whether I can grow to the point where even Levi
Garrison can't do anything about it.
crisis!
It's full of crises!
Now I am completely inadequate to deal with Levi Garrison.
It takes time for the bone master to create a devouring spirit root spirit bone.
It also takes time to transplant the root bone yourself.
It also takes time to get used to and fully master the new spirit root spirit bone.
It adds up to a long time.
Trouble yourself.
Levi Garrison might be able to find himself before this.
The more he thought about it, the more panic he became, Gong Qianqiu had
already begun to look pale and was sweating coldly.
"What's wrong with you, Qianqiu? Why are you so afraid of being like this?"
Xiao Feng noticed Gong Qianqiu's strangeness and couldn't help but ask.
"Ah I……"
Gong Qianqiu seemed to be incoherent.
The Return of the God of War [The
Protector] Chapter 3589
"Ah? Qianqiu, are you okay?"
Xiao Feng was startled.
What's going on here?
Scared like this?
Incredible!
Could it be… what's the problem?
At this moment, Xiao Feng always felt that something was wrong.
But I can't speak for a while!
"There are still forces that play the three parties of Master, Xuanming Alien Race
and Zhenmo Si among the applause?"

Gong Qianqiu also realized that he had overreacted, and if he went on, he would
be discovered.
She trembled immediately.
Put on a super scared look.
"Yeah! For now, 100%!"
Xiao Feng said with certainty.
"How come I don't know at all, and I can't imagine what kind of power can play
these three parties? It's impossible, right?"
Gong Qianqiu is still in shock.
Xiao Feng immediately dispelled all doubts and said with a smile: "It's because
this power is too hidden, let alone you, no one knows at all.
But now that Master has checked it, and it happens that the Suppressing Magic
Division is unified! The living space of this force is very small, and it is easy to be
found. "
Gong Qianqiu panicked.
indeed so.
Now it's not good for you in every way.
Levi Garrison has already been eyeing, and with his ability, he will soon be able to
find out his own.
No matter how much you hide, you can't avoid it.
This point, Gong Qianqiu is convinced in his heart.
Can't let Levi Garrison investigate like this?
Check it out, it's definitely going to happen.
He had to be distracted, someone had to hold him back.
For example, Xuanming aliens, such as the unification of the Zhenmo Division.
You must intensify their contradictions and make them fight.
Gong Qianqiu frowned, and he had already started to calculate in his mind, how
to target Levi Garrison.
"Huh? What's wrong with Qianqiu? What are you thinking? So ecstatic?"
Xiao Feng felt that today's Gong Qianqiu was abnormal.
A series of performances feel strange.
Is it…
Just as other thoughts came to mind, Xiao Feng immediately refused – no way! I

promised Qianqiu that I would never doubt her in the slightest!
not good!
Judging from Xiao Feng's tangled expression.
He might be suspicious.
Gong Qianqiu immediately panicked.
Once Xiao Feng had doubts, he immediately exposed himself.
You can kill him yourself.
But the one eye placed beside Levi Garrison was completely gone.
And if he died, Levi Garrison could find him faster.
no!
This is the last resort!
All parties are disadvantaged to themselves!
You still have to stabilize Xiao Feng!
"Xiao Feng…"
Gong Qianqiu suddenly winked, lowered his head and shouted shyly.
"what?"
Xiao Feng felt numb when he heard this voice.
"What's wrong? Qianqiu?"
Especially Gong Qianqiu's shy appearance now, he was stunned.
"me……"
Gong Qianqiu pretended to be reserved and was speechless for a long time.
But it made Xiao Feng anxious.
"If you have any questions, just say it directly!"
Gong Qianqiu bit his lip and said, "I'm so worried now!"
"What are you afraid of?"
Xiao Feng asked.
"You also said that this force is so powerful and mysterious! Playing all three
parties, I am afraid that one day I will be gone, or you will be gone…"
Gong Qianqiu expressed his concerns.
"this……"
Xiao Feng dared not deny it.
yes.
Even the master cannot understand this power.
It might be really dangerous.
You might not even see it.
There may still be this.
"I'm so scared now! I'm worried that this will really happen!"
Gong Qianqiu is so pitiful.
Xiao Feng blamed himself: "I'm still useless, my strength is not strong enough,

otherwise there would be no such worry!"
"I don't blame you! It's just that the situation is different now! Danger can
happen at any time!"
"Hey! Yes!"
Xiao Feng sighed.
"So I made a decision!"
The Return of the God of War [The
Protector] Chapter 3590
As soon as Gong Qianqiu said this, Xiao Feng immediately asked, "What decision?"
"I……"
Gong Qianqiu began to look shy again.
This Xiao Feng was so irritable that he was about to sweat.
"You said, it's almost killing me!"
Xiao Feng sighed again and again.
"Xiao Feng, there may be no chance in the future! So I want to give myself to you!
I want to truly become your woman!"
Gong Qianqiu summoned the courage and said it.
"what???"

At this moment, Xiao Feng felt that his ears were wrong.
What did he hear?
Gong Qianqiu is going to become his own woman?
this this this…
Like a thunderbolt.
Xiao Feng was bombarded so completely!
"Ah? Qianqiu, are you kidding? This…"
In this way, Xiao Feng can't be rectified.
He himself is a man of love, and the principle he follows has always been a matter
of course.
Now that Gong Qianqiu suddenly proposed it, he was a little overwhelmed.
"I'm serious! I've made this decision a long time ago! Now the situation is complicated, and it's very likely that we will really be separated. In order not to
leave any regrets, I will make myself your woman!"
Gong Qianqiu said firmly.
"But I'm not ready yet…"
As soon as Xiao Feng's words came out, Gong Qianqiu posted it all over.

…
I don't know how long it took.
Gong Qianqiu smiled: "I have no regrets now! I am your woman! You have to
protect me for a lifetime!"
Xiao Feng made up his mind: "Don't worry! Even if I die, Xiao Feng, I will protect
you forever!"
Gong Qianqiu said coquettishly: "Then if you listen to me in the future!"
"it is good!"
"Resolutely can't take risks with oneself, absolutely can't help but cherish one's
own life…"
Gong Qianqiu's methods were frequent, and Xiao Feng was pinched in a few
words.
"Okay, I will listen to you in the future! But I want to marry you and give you an
official name!"
Xiao Feng felt that he had to take this responsibility.
Gong Qianqiu gave everything to himself.
How can you let yourself go.
"But Qianqiu, now is not a good time to get married! Even if we get married, we
will be frightened. It may even become an opportunity for the enemy to attack!
Don't just start the wedding on our side, the enemy will kill you! I want to give
you a big wedding and let the whole world know that kind! "
Gong Qianqiu listened quietly and did not speak.
"So Qianqiu, I'll wait for Master to solve all the foreign troubles before I introduce you to Master and the others, and then we get married. Can you wait?"
Xiao Feng looked at Gong Qianqiu nervously.
Gong Qianqiu's eyes lit up.
How can you not wait?
All she wants is procrastination!
The longer you delay, the better!
"I can wait! I'm already yours anyway! The rest doesn't matter!"
Gong Qianqiu said excitedly.
"Qianqiu, you are so kind! I swear Xiao Feng will live for you in the future! You are

my most important person!”
Xiao Feng shouted.
Gong Qianqiu’s goal was completely achieved.
In the past, no matter how he controlled Xiao Feng.
But the most important person in Xiao Feng’s mind is Levi Garrison.
This is unshakable!
But now it’s different!
After he really became Xiao Feng’s woman, the situation changed!
From then on, he was the most important person in Xiao Feng’s mind.
Levi Garrison can only be ranked second!
That’s the most important thing to her.
Not only can it dispel all Xiao Feng’s doubts, but he will not say anything about
his own doubts.
At a critical time, Xiao Feng can even turn against Levi Garrison, for himself, he
can definitely stab Levi Garrison.
The weight in my mind has changed.
Next, whatever you want.
Xiao Feng will give it to himself.
It can be said to be give and take!
She controlled Xiao Feng tightly.
This is her most terrifying move.
In this way, Xiao Feng will not only not expose himself, but will try his best to
cover himself.
The Return of the God of War [The
Protector] Chapter 3591
“By the way, it’s better not to talk about our affairs for the time being!”
“I’m in a very difficult situation right now! The Suppressing Magic Division is
unified, and I’m about to deal with Master! But I’m from the West Pavilion! What
can I do?”
“If you let the Town Demon Secretary know about my relationship with you, I will
definitely be regarded as a traitor, and I will definitely die without a place to be
buried. The North Pavilion is the end! The three saints of the North Pavilion died
tragically because they became traitors… “

“Master knows that he will definitely kill me as a traitor. At that time, I will be the
enemy!”
Gong Qianqiu deliberately exaggerated the seriousness of the matter.
When he heard that Gong Qianqiu was in danger, this frightened Xiao Feng.
Now Gong Qianqiu is more important than anyone and everything.
In Xiao Feng’s mind, there is another level of existence.
“Don’t worry, I won’t say anything if I kill you! Including Master and the others!”

Xiao Feng has a firm face, this is his most important person.
This is Gong Qianqiu’s method.
After making herself become Xiao Feng’s woman.
That’s even more different.
Xiao Feng will always give up his life!
Getting him to keep some secrets was a snap.
In the past, Xiao Feng regarded Levi Garrison and the others as family members,
and Gong Qianqiu was also a member.
But now Gong Qianqiu became Xiao Feng’s family alone.
During this period, a huge transformation took place.
“Okay, go back! You’ve been away for such a long time, it is estimated that
Master will be suspicious, and you should stop looking for me next!”
Miya Chiaki said.
“Okay, I understand!”
Xiao Feng left immediately.
To Miya Chiaki’s words, he was obedient.
“Humph!”
Gong Qianqiu completely took hold of Xiao Feng.
Turning herself into Xiao Feng’s woman is her ultimate move.
But this is just Xiao Feng’s wishful thinking!
He felt that Gong Qianqiu had become his woman.
But it’s not!
In fact, everything Xiao Feng experienced just now was an illusion.
Gong Qianqiu did not really give himself to Xiao Feng.
Instead, he used illusion to make Xiao Feng mistakenly think that Gong Qianqiu
was his own woman.
Gong Qianqiu is too strong now, after using the magic, Xiao Feng can’t notice it.

“Xiao Feng, do you think you deserve me?”
Gong Qianqiu sneered again and again.
Don’t look at so many men who have a relationship with her.
But no one ever got her!
This is the horror of this woman.
Now Xiao Feng thought he got it, but everything was an illusion.
He didn’t know it at all.
The situation on Levi Garrison’s side was temporarily settled.
Then there will be the unified Zhenmosi and Xuanming aliens.
According to the intelligence of his subordinates, the Xuanming Alien Race has
not appeared since the last defeat.
It’s like disappearing.
Can’t get in touch in the ghost city.
This made her plan impossible.
What she wanted was to discover the place where Xuanming aliens were found,
and then reveal it to Levi Garrison.
Let Levi Garrison fight the Xuanming alien first.
As long as there is a unified Suppression Division, it will be quite easy to handle.
They themselves wanted to kill Levi Garrison.
Just escalate any conflict.
Eternal Kingdom will never participate in the attack on Levi Garrison again.
From the last time I went to contact, Gong Qianqiu found that they were very
cowardly.
Or they are unwilling to contribute and want to share the benefits.
After suffering a loss from Levi Garrison, they dared not come.
You can’t get in touch with them too much, it’s easy to be exposed.
What other forces can influence it?
correct!
Tianshi Mansion!
It exists as two legends alongside the Town Demon Division.
But it’s not actually the same age.
The two sides are not even related.
They don’t know each other.
It is also Gong Qianqiu who often investigates the outside world and is familiar
with each force.

As far as she knows, this group of Celestial Masters in the Celestial Master
Mansion may be even more ruthless than Zhen Mosi!
Fortunately, the Tianshi Mansion did not affect her.
Otherwise, she will also target the Tianshi Mansion.
But then I think about it, can I also swallow the heavenly masters of the Tianshifu?

Once the devouring spirit root spirit bone is successful.
There is no upper limit to what she devours.
Anything can be swallowed, and there is no limit.
At that time, you must devour as much as possible to reach your peak state.
Only in this way can he fight against Levi Garrison.
There are still many things that Gong Qianqiu has to swallow.
Advertisement
For example – Lingmai!
She felt that everything could be devoured.
Even the spirit veins will do!
Ever since I knew this technique was swallowed.
Advertisement
She thought that the spiritual veins would definitely be able to be swallowed.
She has already sent people to find the super-spiritual port of Zhen Mosi and the
location of the super-spiritual port of Eternal Realm.
As for the super spiritual veins of the outside world, she knows it.
Right in Antarctica.
If he can devour the super spiritual veins on which the Demon Suppression Division lives and the super spiritual veins of the Eternal Realm.
Levi Garrison is definitely not her opponent.
Thinking of this goal, Gong Qianqiu took a deep breath.
Start shivering with anticipation.
This is too scary.

Now Gong Qianqiu's plan is to delay Levi Garrison in all directions, and then
madly strengthen himself.
She also hurried back to the Town Demon Division.

to carry out her plan.
Next, messages from Levi Garrison continued to come out from within the Town
Demon Division.
Levi Garrison didn't take Shentianjian in his eyes at all, and he didn't take Zhenmosi in his eyes at all.
Think they are unified, or a group of rabble.
And was scared away by him.
With Levi Garrison covering the north pavilion, the Demon Suppression Division
didn't dare to do anything at all.
The arrogance of Shentianjian was also afraid of Levi Garrison to the point of
death.
Even the likes of Dugu Tuo are afraid of Levi Garrison.
Otherwise, why didn't he directly look for Levi Garrison after the unification of
the Demon Suppression Division?
Instead, it's too late?
Even the face north pavilion did not dare to destroy it!
…
Everything is Gong Qianqiu's plan, which is to intensify the contradiction between Levi Garrison and Zhenmosi.
Almost everyone in the town magic department was substituted into it.
Everyone is going to be pissed.
Even at the level of Dugu Tuo, his emotions were affected.
It shows that Gong Qianqiu has many outstanding means.
As for the eight great arrogances of Shentianjian, they are going to explode with
anger.
Because this sow discord is a fact!
They are just afraid of Levi Garrison!
That's why they are so angry!
This is the incompetent rage of the crowd!
"Wait, Levi Garrison! When my Demon Suppression Division is unified, I will
definitely kill you!"
Everyone has been looking forward to this moment.
"If you want to kill Levi Garrison this time, you must be fully prepared! Only
success is allowed, not failure!"

“If the situation like the last time happens again, I will always bear the shame! I
won’t be able to lift my head up again!”
“The nine major institutions must be complete! We will use the most terrifying
force to kill him!”
“For the time being, let’s hold back for a while! There is still a lot of trouble in the
unification of the Demon Suppression Division! After all are resolved, go kill Levi
Garrison!”
Tokuto said.
“clear!”
Everyone started to look forward to it.
Gong Qianqiu began to rely on her relationship to search for the whereabouts of
the Xuanming alien race.
He also had to use Xuanming aliens to deal with Levi Garrison.
However, Levi Garrison was not idle either, after leaving the North Pavilion.
He went straight to the War Eagle Kingdom, he was going to find the Eternal
Kingdom.
Let’s settle accounts.
Second, to find out who is in contact with the eternal kingdom.
Black Hawk agents have been waiting for Levi Garrison for a long time.
“Mr. Ye has already discovered the eternal kingdom after my long investigation!”
The Black Hawk agent said in an invitation-like manner.
“Okay, take me there! Today I’ll take a look at the eternal kingdom!”
Levi Garrison said.
Soon after.
The Black Hawk agents took Levi Garrison to the location of the Eternal Kingdom.
This is in the largest rainforest in the War Eagle Country.
This rainforest is a natural barrier.
It is not surprising that the Eternal Kingdom is hidden here.
After Levi Garrison arrived, he said loudly, “Levi Garrison is here to visit the
Eternal Kingdom!”
A sound penetrates the entire eternal kingdom!
Rolling like thunder!

No one thought of this.
Levi Garrison will hit the eternal kingdom!
Still suddenly.
After the last defeat, the Eternal Kingdom quietly disappeared from the public
eye.
The strength of Levi Garrison once again exceeded their expectations.
Before they had passed through the Sky Shield Bureau, they might be able to win,
but they would have to pay a heavy price.
Advertisement
But after this battle, they changed completely.
Maybe if you want to defeat Levi Garrison, you need to use the entire Eternal
Kingdom?
Maybe still!
In the past few days, even the lord of the eternal kingdom is blaming several
special envoys.
Advertisement
Now this is troublesome.
How is it good?
They were completely exposed in this battle.
Not to mention the loss.
Now all the world knows about the eternal kingdom.
The world is in turmoil right now.
Eternal Kingdom naturally wants to be the one who has the last laugh!
But now there is no chance.
He also established such a powerful enemy as Levi Garrison.
Advertisement
The previous words were fine, it was just a grievance between Levi Garrison and
War Eagle Nation.
It's not really that big of a deal with them.
But now they have completely become Levi Garrison's enemies.
They knew Levi Garrison very well.
Knowing that he must have revenge.

The high echelons of the eternal kingdom all gathered together to discuss how to
deal with the next situation.
Levi Garrison will definitely come to take revenge.
This is absolutely certain.
However, they discussed and analyzed. At present, Levi Garrison will definitely
focus all his attention on people such as Zhen Mosi and Xuanming Alien.
I won't be looking for them for now.
So they have full time to prepare.
Today, they are still discussing how to deal with Levi Garrison as always.
And they think that the eternal kingdom, although the world knows it, is still
hidden.
Can't find it for a while!
But no one thought that Levi Garrison's voice resounded in the sky above the
eternal kingdom like a thunderbolt on the ground.
all over every corner.
Everyone in the entire eternal kingdom knows that Levi Garrison is here! ! !
Everyone in the Eternal Realm panicked and fled everywhere.
Levi Garrison is too strong now, who is not afraid?
Panic!
The entire Eternal Realm panicked.
From a distance, the entire Eternal Realm is a mess.
The Blackhawk agents all laughed.
Who would have thought that this group of high-level guys would be so frightened?
But it also shows that Levi Garrison is too strong.
Bet yourself right.
"Activate the defense system immediately!"
Eternal Realm responded quickly.
"Boom…"
There was a sound of shaking the ground.
Immediately, an invisible mask instantly enveloped the entire eternal kingdom.
There is terrifying energy flowing on the mask, and there are ancient rune blessings on it!
The most important thing is that this mask is connected to the super spiritual
vein of the eternal kingdom!

Get a steady stream of psychic powers!
This mask is a big trump card of the Eternal Kingdom.
In fact, the mask is a giant device.
Has many functions.
Such as hiding the eternal kingdom!
Such as changing the gravity, magnetic field and other elements in the area.
For example, it can be used as a protective shield to protect the eternal kingdom
and block all attacks!
Now that they are in danger, it is too late for them to hide the eternal kingdom.
Only the defense function can be turned on to block Levi Garrison.
"Prepare! Prepare! All parties prepare to fight Levi Garrison!"
Soon, the entire eternal kingdom was in action.
Ready to fight Levi Garrison to the death.
"Don't worry! He can't open this protective cover!"
The Eternal Realm executives are very confident about the shield.
Although the shield is on, it's a shame for them.
Is the Eternal Kingdom so defensive?
Should not be afraid of anyone!
Do not use defensive mode at any time!
But in order to block Levi Garrison, they used it.
But the defense system is invincible!
It can block all attacks in the cognition of the eternal kingdom.

They have done hundreds of thousands of tests repeatedly, and no attack can
break the shield of the Eternal Realm.
Activable shields are a shame for them!
That is, when it is most dangerous.
In the perception of the eternal kingdom, they are unrivaled existences.
No protective cover at all.
who can hit them.

But the man still appeared.
That is Levi Garrison.
Swept through everything with a posture against the sky.
The eternal kingdom is also afraid.

Advertisement
Especially now that his sudden visit was thought to be looking for trouble.
The defense system was activated very quickly, covering the entire eternal kingdom in an instant.
Terrifying energy surged wildly.
The Black Hawk agent felt the surging power and was shocked.
"Mr. Ye, there's nothing we can do about it!"
The Black Hawk agent said tremblingly.
This defense system is too terrifying to break at all.
Levi Garrison stepped forward and said, "I'll try it!"
Levi Garrison was a little interested.
Advertisement
They fought with Zhen Mosi for so long.
Never encountered such an interesting thing.
That shield looks good.
Can you block yourself?
Just happened to be interested.
Originally, he actually came to ask the eternal kingdom how to contact the town
magic department.
Just say it clearly.
But they activated the defense system, which just made Levi Garrison excited.
Want to try it.
Just by breaking this protective cover, the Eternal Kingdom can listen to its own
words better.
"Buzzing…"
At this time, there was a sudden tremor between the heaven and the earth.
It was as if the heaven and the earth were shaking violently, and the space was
about to shatter.
It seems that the surrounding of the entire eternal kingdom is shaking violently.
Because Levi Garrison's punch is coming.
Before this punch was sent, it was earth-shattering.
It seemed that the earth could not bear the power of this punch.
"what???"
The expressions of everyone in the eternal kingdom also changed greatly.
Because before Levi Garrison dispatched this punch, they also felt a huge roar.

It seems to compress the entire territory of the eternal kingdom to the extreme.
They felt like their flesh and blood were about to be crushed.
Even consciousness will be crushed.
The terrifying power of the punch made everyone tremble.
Simply horrible!
"Don't worry! No matter how strong Levi Garrison is, how could he be able to
open this protective shield?"
"Yes! This is absolutely impossible!"
"As long as we curl up inside, Levi Garrison will have nothing to do with us!"
"When we have all our strengths ready, we can go out and fight back!"
…
The huge movement first caused a sensation, but then the Eternal Kingdom continued to be busy with its own affairs.
Begin to prepare in full.
It's time to fight Levi Garrison.
All kinds of advanced technology weapons and powerhouses are lined up one
after another…
And Levi Garrison is already in the sky.
Bang Long slammed down with a punch.
Everyone in the Eternal Kingdom below only saw the mid-air, and a heavy fist fell
slowly, like the fist of a god.
It was like the fist of a big mountain shrouded in the air, blocking the sky and the
sun, and everyone's heads were dark.
It's hard to imagine that a punch can cover up to such a degree.
The Black Hawk agent was even more stunned.
Levi Garrison is like the arrival of the gods in mythology.
This punch is unimaginable!
Bombarded with one punch.
The people of Eternal Realm have felt the terrifying and crazy energy.
Even though the protective cover is shrouded, everyone can already feel the hot
energy, as if there is fire everywhere.
"Drip drip…"
A terrifying siren resounded throughout the Eternal Realm.
The alert was issued because the defense system sensed danger.
And it's still rising.

“Danger!”
“Danger!”
...
The protective cover has activated the defense mode, constantly strengthening
the protective cover.
The linked super spiritual veins burst out terrifying spiritual energy to bless the
shield!
After the shield predicted the terrifying danger, it activated to the strongest
level.

The protective mask instantly turned into dozens of layers, protecting the eternal kingdom to the greatest extent.
“boom!”
A shocking sound exploded!
As if from the roar of the ancient god of thunder, the thunder of the nine gods
rolled!
A wave centered on Levi Garrison and spread out directly.
Until the entire War Eagle Country.
Advertisement
All were affected by this wave.
Terrifying!
It’s as if countless super weapons are bombing together, and it’s only the power!
“boom!”
Advertisement
Levi Garrison hit the protective cover with a punch.
Another dull sound.
The shield shook violently.
As a result, the entire eternal kingdom will be overturned.
More than just shaking.
Shake until the sky and the earth are upside down!
The sky is falling, the earth is sinking.
Everyone can’t control their bodies and fly in the sky, floating everywhere.
And many facilities and machines were all destroyed.
Advertisement

And this area actually rotates…
There are also all kinds of extreme weather all at the same time.
The loss is too great!
Mainly, this area of Eternal Kingdom is different from the outside world.
It's a whole new world they've built with giant devices.
Gravity, magnetic fields are all different from outside.
But at this time, the protective cover, that is, the giant device, took Levi Garrison's ultimate punch.
The balance is broken.
The gravitational field and magnetic field in this region of eternity are all disordered, and such a situation of upside-down chaos occurs.
so horrible!
horrible!
This is what the Eternal Kingdom never thought of!
Levi Garrison punched the balance of the Eternal Kingdom into this.
chaos!
There is chaos everywhere!
There is a feeling of doomsday.
As if the eternal kingdom was about to be uprooted.
Fortunately, everyone in Eternal Kingdom is lucky that the protective cover is not
broken!
It blocked Levi Garrison's punch!
"God! This is too scary, isn't it?"
"Levi Garrison's punch just knocked out 47% of the shield's energy in an instant!"
When the people who controlled the giant device knew this data, they were all
taken aback.
This was totally unexpected.
Because when they tested this shield, the current maximum attack could only
knock out 35% of the shield's energy.
But Levi Garrison is almost half punched now.
This is too scary, right?
Everyone broke out in a cold sweat.
No wonder it broke the balance of the Eternal Realm.
It turned out that this almost destroyed half of the energy.
All gasped.
But then they burst into laughter!
Because in their opinion, this punch is already the pinnacle of Levi Garrison.

Can't it be like this? ? ?
But no matter how extreme this punch is, after all, it can only knock out 47% of
the energy!
Although it was terrifying enough, it couldn't hurt the root of the protective
shield.
In order to affect the foundation of the protective cover, at least one punch has
to knock out more than 80% of the energy!
This protective cover will be broken in this way!
Otherwise it cannot be broken.
Some people may think that if one punch knocks out 47% of the energy, then two
punches can knock out 94% of the energy.
If there is a third punch, the shield will definitely shatter.
The normal way of thinking is this!
Forty-seven percent of the energy of this protective shield has been knocked out
by Levi Garrison with one punch, and only fifty-three energy remains.
But not!
After Levi Garrison knocked out 47% of his energy with one punch, the protective shield could be replenished instantly.
It is equivalent to a complete protective cover, 100% energy.
Because this giant device is connected to super spiritual veins, it continuously
provides huge spiritual energy.
The protective cover was just knocked off, and it was replenished immediately.
So there is no chance of a second punch.
Because the moment is 100% again.
It means that your second punch is still useless!
This is the power of the Eternal Kingdom device.

Hence the name "Eternal".
It means a steady stream of energy to support.
To break this protective shield, unless Levi Garrison can hit more than 80% of the
energy with one punch.

Otherwise it is impossible.
The energy is instantly replenished, and you don't have a chance to punch twice.
Even if the speed of these two punches is fast, it is almost useless if the connection time is not fast.
Advertisement
Because the "eternal" device is amazing.
Connecting to the super spiritual vein is one with the super spiritual vein.
"Hahaha… restore everything in the eternal kingdom!"
"The internal strengthening of the defense system cannot break the balance
because of its power!"
Advertisement
"Don't keep the protective cover shattered, and the eternal kingdom is over!"
…
They activated the other systems of the "eternal" device again, restoring the
balance within the eternal kingdom.
And with reinforcement, the situation just now will never happen again.
Soon, the Eternal Kingdom will return to normal.
"Then we are completely relieved! Levi Garrison's strongest punch can't open the
shield! He can never open it! Everyone can breathe a sigh of relief!"
"However, the plan to counterattack is still suspended. Although Levi Garrison
can't break the shield, his strength is still against the sky! He still knocked out
nearly half of the energy of the shield with one punch!"
"We can't compete with him head-on for the time being! As long as we don't go
out obediently!"
…
Advertisement
Soon the message spread throughout the eternal kingdom.
Everyone understands.
As long as they don't go out, Levi Garrison can't come in.
If you go out to fight against Levi Garrison, you will still suffer heavy casualties.
After all, he was terrifying.
Everyone just laughed at Levi Garrison who was blocked outside.
"Come on! Levi Garrison, you have the ability to come in!"

“Haha, do you know how good we are?”
“No one can break the protective shield of the eternal kingdom!”
…
After the high-level officials knew the result, they ignored it.
After all, Levi Garrison couldn’t break through the strongest punch.
After Levi Garrison had no choice, he could only leave.
The senior leaders began to discuss how to deal with Levi Garrison and the situation in the world.
Levi Garrison stood at a high place, looking at the protective shield below, he smiled.
“Ok, Ok!”
This is the hardest thing he has ever encountered.
His punch didn’t break it!
“Levi Garrison, give it up! Your strongest punch didn’t even knock out half of our shield’s energy!”
Arrogant words came from the eternal kingdom.
Even let Levi Garrison give up.
The Black Hawk agents wanted to tell Levi Garrison to give up.
This eternal kingdom is too strong.
This shield is simply amazing.
But Levi Garrison smiled and said: “Really? But who said it was my strongest punch!”
Upon hearing this.
The faces of the powerhouses in the Eternal Kingdom closest to Levi Garrison changed greatly.
Is it…
A bad idea popped into their minds.
They’re going crazy!
Is Levi Garrison still the strongest?
Seeing the smile on Levi Garrison’s face, they were going crazy.
“not good!”
Someone feels wrong.
felt terror.
Levi Garrison’s punch just now was the strongest punch ever since the aura recovered.

Including those who dealt with Zhen Mosi before, they have never used such a
super powerful punch.
This punch is beyond everything before.
But it is by no means Levi Garrison's strongest punch.
Not even close.
He just punched, just to test how strong this shield is.
And without using all his power!
With just one punch, he also knew where the limit of the protective shield was.
"Happy! Happy!"
"Let me really hit a punch!"
Levi Garrison laughed.
After all, this punch is going to make him really strong.
The expressions of everyone who controlled the "eternal" device changed drastically.
They have realized that something bad is about to happen.
Seems like he can!

Looking at the protective shield in front of him, Levi Garrison raised his fist.
This punch was an ordinary punch.
Like a punch from an ordinary person.
There is no boxing style of landslides, and there is no boxing force that destroys
the sky and destroys the earth!
The earth can't bear the power that this punch is about to blast out.
There was no sound or trembling between heaven and earth.
Advertisement
The Eternal Kingdom did not feel the pressure of the hot air and the fragmentation.
Not even the "Eternal" device detected any dangerous messages.
The punch swung lightly.
Like a joke.
Advertisement
This made everyone look dumbfounded.
That's it?
is it possible?
Is Levi Garrison kidding?

What everyone doesn't know is that this is Levi Garrison's trick.
Gather all the power in one point to explode.
It seemed that the punch had no power.
But in fact, all the power has been compressed and gathered.
So it can't be seen at all.
Advertisement
Everyone was taken aback just now.
I feel that Levi Garrison is about to deliver an earth-shattering punch.
But now seeing Levi Garrison throw this punch, everyone is relieved.
How powerful can this punch be?
Totally impossible thing.
"boom!"
But soon.
Levi Garrison's seemingly fluffy punch hit the protective cover.
Just when everyone was about to ridicule Levi Garrison that this punch had no
power at all.
Suddenly, the eternal device suddenly sounded an alarm.
"Dangerous! Dangerous!"
"The highest level of danger!"
…
Only at this time did the Eternal Device detect the danger.
But it was all too late.
Levi Garrison's compressed power to the extreme exploded on this punch.
"Boom…"
Immediately, the earth shook and the mountains shook, the sun and the moon
turned upside down, and the sky and the earth paled.
The earth was shaking, and there was a huge humming tremor in the sky.
"boom!"
In an instant, the balance of the eternal kingdom was broken again.
A violent breath and coercion swept the entire eternal kingdom.
Destroy everything in the eternal kingdom to the greatest extent possible.
Even tore the earth of the eternal kingdom into a thousand cracks.
Like to penetrate the earth!
The power is terrifying!
Terrifying!
"Drip drip drip…"
And at this moment, the blow that the protective cover took soared rapidly!
The energy of the attack that the shield encountered also rapidly increased.

Of course this is an instant thing!
“Crack!”
And the most terrifying thing was a cracking sound.
The shield appears to be broken.
And the power of this blow is monitored to be 120% of the energy of the shield!
That’s enough to destroy the shield.
That’s right!
when this sounded.
The protective cover was instantly destroyed and shattered directly.
“Crack!”
“Crack!”
“Crack!”
...
With a point, the place where Levi Garrison hit with a punch shattered.
Caused the entire shield to start shattering everywhere.
Instantly collapsed.
broken!
The shield is broken!
unimaginable!
One day, someone can break the protective shield they are proud of!
This is a devastating blow to the Eternal Kingdom!
But the power of this punch is not only that, the protective shield endures about
four-fifths.
And one-fifth of the power directly blasts the entire eternal kingdom.
As if to destroy this area directly.
But the eternal kingdom is still strong enough.
Countless strong men and weapons are all used.
Kankan blocked the remaining power of Levi Garrison’s punch!
But the eternal kingdom has been destroyed beyond recognition.
It turned out to be a country with highly developed technology and coexistence
with some ancient cultivation systems.
But because of Levi Garrison, there are ruins everywhere now, and the balance is
broken everywhere.
chaos!
Incredible chaos!
shocked!
Completely dumbfounded!
Levi Garrison is too strong, right?

What to do now?
Levi Garrison must be killed.
This will require the entire eternal kingdom to exert its greatest strength to contend.

The Eternal Kingdom needs a last stand!
After all, the shield of the strongest defense has been shattered.
The entire eternal kingdom has been completely exposed to Levi Garrison's eyes.
"Start offense mode!"
Soon the "Eternal" device had turned into an offensive mode.
Many kinds of the most terrifying weapons are all locked on Levi Garrison.
Advertisement
There are other weapons and powerhouses who have locked onto Levi Garrison
one after another.
Gotta fight him.
The powerhouses of the eternal kingdom are coming from all directions!
Defense is no longer enough, only attack.
Advertisement
To preserve the eternal kingdom.
You can only kill Levi Garrison.
"No one can invade the Eternal Realm!"
All the cards of the Eternal Kingdom were revealed.
There are giants like mountains, there are beasts that cover the sky and the sun,
and there are powerhouses who coexist with techniques and technology…
In short, there are weapons and powerhouses that the outside world has never
seen before.
The Eternal Realm shows their strength, their heritage.
This is no less than the Town Demon Division.
Of course, it is the unification of the town magic division.
Advertisement
And the eternal kingdom is one.
It's not like the Town Demon Division is torn apart.
They seem to be stronger overall.
I don't know if there will be an invincible powerhouse!

Countless powerhouses in the Eternal Kingdom watched Ye Lingtian slowly
descend.
officially set foot in their country.
Everyone was extremely nervous.
After all, Levi Garrison was too strong.
Leaving aside the previous battle, just smashing the protective cover really shocked the entire eternal kingdom.
Who is not afraid?
too strong!
This man is extremely dangerous.
Levi Garrison also smiled.
Make such a big battle?
Everyone is going crazy!
"Levi Garrison, we know that you are strong! But you have to bear the anger of
provoking the eternal kingdom!"
"Get out of here quickly, we'll consider letting you go!"
"We know that you are extremely powerful, and we will pay a very painful price!
But if my Eternal Kingdom does its best, you will surely die!"
...
Eternal Kingdom still doesn't want to fight Levi Garrison now.
Try to persuade him.
But if Levi Garrison wants to fight, it will be a bloody fight to the end.
"I'll come to you to ask a question, is it so nervous?"
Levi Garrison was helpless.
Indiscriminate, come to this set?
"Ah? Come to ask a question? This…"
Everyone was dumbfounded.
I thought Levi Garrison was here to take revenge.
They immediately activated the device and began to defend.
As a result, it took a long time to ask questions.
Who would have thought of this?
"You…you're telling the truth? Are you sure you want to ask questions?"
Eternal Realm is still a little scary.
Although they are not afraid of Levi Garrison, they cannot afford it.
After all, if you want to defeat Levi Garrison, you have to bear too much loss.
They don't want to have that loss.
They wanted to kill Levi Garrison, but they wanted to win it with minimal losses.

Instead of the current situation, a bloody battle.
That eternal kingdom will also be severely damaged.
If other forces come to you.
They have nowhere to live.
After all, there are actually forces that can threaten them…
They have other plans.
It is impossible to use all the power on Levi Garrison.
Therefore, their principle is not to fight if they can.
To kill Levi Garrison is also in the future, and it has to be a perfect plan.
Seeing their questions, Levi Garrison smiled: "If I really came to hit you, would I
need to inform you? Wouldn't it be better if I just hit you?"
When everyone heard this, they all reacted.
It seems so.
Levi Garrison said at the beginning that he was here to visit the eternal kingdom.
If it was really revenge, he would kill him directly.
Do you still need to shout?
Now everyone is relieved.
After all, now is the best way to avoid a fight with Levi Garrison.
"What do you want to ask?"
asked an envoy of the eternal kingdom.
"You came to kill me two days ago. Who from Zhen Mosi contacted you?"

"Ah? This…"
The leading executives only hesitated, and immediately shouted: "Who was the
person who contacted the Town Demon Division?"
Soon, an angel came to the front.
"It's the person from the Town Demon Division that I contacted!"
Levi Garrison asked directly: "Who is it? Describe the appearance of these
people!"
"There are six people from the Town Demon Division who contacted me, although we don't know who they are! They also tried their best to hide, but we
are not sure of their identities and will not act.
Advertisement

They also underestimated the strength of the Eternal Realm and thought we
wouldn't find them. I sent someone to investigate and finally found it.
The six people are from different factions of the Town Demon Division. They are
not very high-ranking positions, but they are all middle-level members of each
faction. They have certain rights and can know a lot of information…"
The angel explained.
This is similar to what Levi Garrison predicted.
Advertisement
The composition of this group of forces is likely to be like this.
There is no high level.
But at least it's the middle class, and the kind that doesn't attract people's attention.
Otherwise, it is impossible to act in such a situation without knowing it.
"It is precisely because the middle-level is persuasive that any information they
provide is true! Therefore, we will launch a plan against you and send people…"
Speaking of the back, everyone bowed their heads.
dare not say.
After all, they went to kill Levi Garrison.
This is their active provocation.

It's just that Levi Garrison didn't care about this, but said: "Give me all the
information about these people! I'll check!"
"Okay! Right now!"
Soon the envoy gave all the information of these six people to Levi Garrison.
"Is there anything else Mr. Ye needs our help?"
The Eternal Kingdom took the opportunity to court Levi Garrison.
But Levi Garrison sneered: "No!"
"Remember, I will remember you killing me! I won't expose the past!"
Levi Garrison changed his words, and his tone was extremely cold.
Let the people of the Eternal Kingdom tremble with fear.
"I'll settle this revenge! I'll come when I'm done with the Demon Suppressing
Division! I'll give you enough time to prepare and take out everything you can!

Even when I'm dealing with the Demon Suppressing Division, you can go and kill them. I!"
"But once I'm done with everything, I'm knocking on the door!"
"See you next time, I just want to completely destroy you!"
Levi Garrison said domineeringly.
Everyone in the Eternal Kingdom was stunned.
Is Levi Garrison so confident?
But when he thinks of his strength, he has this qualification.
When has the eternal kingdom ever been so threatened?
Is there any way?
There is no way.
Finally, under the horrified and puzzled eyes of everyone, Levi Garrison left.
"See you next time!"
A voice came from far away.
The faces of everyone in the Eternal Kingdom twitched fiercely.
Afraid!
Who is not afraid!
We all know what it means to see you next time.
"Have you heard? Levi Garrison will kill him sooner or later!"
"Prepare! All preparations! Gather our greatest strength to fight against Levi Garrison!"
"That's right! Now, always pay attention to Levi Garrison's movements! Once he fights the Demon Suppression Division, we must participate! We must kill Levi Garrison at the least price!"
...
The entire Eternal Kingdom began to be in chaos.
They all ran to make all-round preparations.
They also understand the most basic principle of survival – if the eternal kingdom is to survive, Levi Garrison must be killed.
Apart from that, there is no other way.
It's just that they never imagined that a country could be forced into such a state by one person?
the other side.
Although Gong Qianqiu told Xiao Feng that he would meet less in the future.

But she cares about the progress of Levi Garrison's investigation.
Let's see which step he has found, whether there is any threat to himself.
Therefore, Gong Qianqiu took the initiative to find Xiao Feng.

Being your own woman is really different.
"Master is not in the north pavilion now! Instead, he went to the eternal kingdom!"
Xiao Feng naturally knew everything about Gong Qianqiu.
Gong Qianqiu said in horror: "Ah? Going to the eternal kingdom? Will it be
dangerous!"
Advertisement
"There shouldn't be! I just don't know if Master can destroy the Eternal Kingdom
this time!"
Xiao Feng said.
Gong Qianqiu frowned.
She is not sure what Levi Garrison's purpose is now?
Advertisement
Is it to take revenge directly, to destroy the eternal kingdom?
Or go to the eternal kingdom to find out who contacted the last plan?
She can't be sure of that!
What if the question is who is contacting the eternal kingdom?
Even though his work is secretive, the subordinates who are sent to communicate
are also
encrypted layer by layer, hiding their identities to the extreme.
But Gong Qianqiu is still a little unsure.
Eternal Kingdom is not a fuel-efficient lamp either.
I don't think it's exposed, but what if this group of guys found out earlier?
Advertisement
"That's fine! I'm looking for you, I just want to tell you how the current progress
of the Town Demon Division is…"
Gong Qianqiu told Xiao Feng what step he took to unify the Zhenmo Division.

Xiao Feng nodded: "Okay, I get it. It doesn't affect us yet, so I won't tell Master! I
just know what I know!"
After Gong Qianqiu said goodbye to Xiao Feng, he left in a hurry.
"By the way, Levi Garrison is not here! The North Pavilion is left unguarded! Now
is the best time to attack!"
Next, Gong Qianqiu passed the news that Levi Garrison had left to the Town
Demon Secretary.
Then she goes to other things.
As soon as the Zhenmo Division got the news that Levi Garrison was leaving, he
died immediately.
"Quick, quick, stop the manpower, and make a quick decision! Quickly take down
the North Pavilion!"
For insurance.
The Town Demon Secretary immediately dispatched various experts to attack the
North Pavilion.
Take the North Pavilion with lightning speed.
Thousands of masters soon came outside the North Pavilion.
"attack!"
With an order, thousands of masters immediately attacked.
The faces of the hundreds of masters who rushed forward first were full of excitement.
The North Pavilion and the others have decided to eat.
"Bang bang bang…"
But no one would have thought that the hundreds of masters who rushed in first
were all exploded into a cloud of blood when they approached the North Pavilion.
This frightened all the thousands of masters behind.
All stopped.
Levi Garrison's voice sounded even more——
"I want to run wild when I'm not here? Looking for death!"
Hearing this voice, everyone was terrified.
"Levi Garrison is back! Withdraw!"
Immediately, thousands of masters from the Demon Suppression Division were
instantly defeated and fled away.

In an instant, it disappeared without a trace.
“A bunch of cowards!!!”
Levi Garrison said coldly.
He just came back when this incident happened.
Ok?
Not right!
This town magician must have received the message that he left to go to the
eternal kingdom, so he dared to attack like this.
He wants to directly attack the North Pavilion before he comes.
Then who revealed the message that he was going to the eternal kingdom?
You don’t have to think about it, it must be that force in the dark.
Disclosed the information about going to the Eternal Kingdom to the Zhenmo
Division, and they immediately attacked the North Pavilion.
But this power is too magical, isn’t it?
Except for my own people, other people should not know this information, right?
Judging from Levi Garrison’s analysis last time, he knew that this force knew
everything about him and himself.
The fact that he went to the eternal kingdom by himself now proves it even more.
This force seems to have eyes on his side.
Know everything about yourself.
But how is this possible?
No matter how powerful this force is, it is impossible to know everything around
him.
It’s hard to get to the sky just by getting close.
Is it your own?
But it’s impossible on your own!
On this point, Levi Garrison can guarantee that there are absolutely no traitors
around!

But besides them, who else can know where they are?
impossible!
It can only be exposed from the people around you!

There is another possibility – this power is so powerful that it is beyond one's
imagination!
But this possibility is still small.
But not ruled out.
Advertisement
After all, this group of forces is too powerful and controls all parties.
This general force is far from being able to do it.
However, this power was exposed this time.
Thinking that he was in control of his whereabouts, he took this opportunity to
destroy the North Pavilion.
Advertisement
Little did he know he came back early.
Just got stuck.
The North Pavilion did not say anything, but instead exposed himself.
"I will find out about you! This exposure gave me such a major clue! Haha…"
Levi Garrison smiled.
Never thought that this time there would be such a big harvest.
The reason why he came to North Pavilion is very simple.
Check the information of several people from the eternal kingdom.
Since it is the people of Zhenmo Division, it is mainly the people of Wufangge.
Advertisement
So it is best to ask the person from the North Pavilion to inquire.
Of course, among these people, there are no North Pavilion people.
The North Pavilion has no value for Gong Qianqiu to use now.
"You immediately check these people, their connections, and the people they've
been with recently! Report back to me in secret after you find them!"
Levi Garrison arranged it immediately.
The North Pavilion also has a special organization responsible for intelligence,
and they are also familiar with everything about the Town Demon Division.
Not only that.
Levi Garrison also arranged for his own people to check these people too.
To do both.
"Well, as for my whereabouts, just go back and ask me!"
After taking care of everything in the North Pavilion, Levi Garrison returned.

If hundreds of people died this time, the Zhen Mosi would not dare to come again
for the time being.
At this time, thousands of masters of Zhenmo Division hurriedly returned to the
ancient site of Zhenmo Division.
"The message is fake! We just arrived! Levi Garrison is here! Hundreds of us
died!"
They will send the message of failure.
At this time, the whole town magic division was a sensation.
Fake news?
But it was obvious that Levi Garrison had left and went to the Eternal Kingdom.
What is false information?
This matter soon spread to the ears of Shen Tianjian and a group of ancestors.
"What's so controversial about this matter? I don't think the information is false.
It should be that Levi Garrison just came back!"
An old man said.
"Well, agree!"
Everyone nodded.
But at this time, Dugu Tuo said, "Something's wrong!"
"What's wrong? Could it be that Dugu Tiansi's message is fake?"
A group of ancestors asked one after another.
Dugu Tuo shook his head: "No! The message is most likely true! It just happened
that Levi Garrison came back at this time!"
But then he turned around and said, "But… Levi Garrison left for the eternal
kingdom, how did our people know?"
"It stands to reason that Levi Garrison's whereabouts should be top secret. We
sent so many people out to stare at Levi Garrison, and we couldn't find anything,
right?"
Everyone nodded: "Yes! Our people are sent out, but they don't dare to get too
close to Levi Garrison at all. They can only inquire about useless information. As
for Levi Garrison's whereabouts, it is impossible!"

Dugu Tuo looked at the crowd and asked, "Then how did we know Levi Garrison's
whereabouts?"
"what?"
This question made everyone dumbfounded.
yes!
Although they sent experts to destroy the North Pavilion.
But who exactly sent the message, no one knows.
"Yeah, where did this message come from? Or who did it? Does anyone know?"
The ancestor of the East Pavilion asked.
Shake your head!
Everyone is shaking their heads!
At this point, everyone realized what the problem was.
Such important information, even they do not know.
Where did other people know about it?
Nor did they come back from the people they sent out.
This problem is troublesome.

"Go check it out – who sent the message that Levi Garrison was going to the
Eternal Kingdom first!"
The ancestors were anxious.
Immediately send someone to check.
Did a quick investigation.
The results were astonishing-
There is no one!
Advertisement
It's impossible to find out who was the first to send out the message!
The message that Mingming Levi Garrison went to the eternal kingdom is known
to everyone.
But when you went to check, you found that everyone didn't know how the message came from?
It's not the information that anyone from the town magic department inquired
about!
Advertisement
As if this message was like a ghost, it suddenly appeared in the Demon

Suppression Division.
There's definitely something wrong with that.
Now everyone understands what Dugu Tuo said at the beginning.
Yes indeed there is a problem!
Dugu Tuo smiled and said: "This message seems to have suddenly appeared
among us, and no one knows how the message came from! It's a bit like a ghost!"
"And during this period of time, don't you feel that there are emotions and messages against Levi Garrison every day? It's a bit abnormal!"
Everyone immediately understood and said: "Could it be that someone is deliberately intensifying the conflict between us and Levi Garrison?"
Dugu Tuo nodded: "Well, that's true! I didn't care about it before, but this time,
the news that Levi Garrison left and went to the eternal kingdom made me very
suspicious!"
"Do you still remember the last time that the top ten talents of the Sifang Pavilion brought people to kill Levi Garrison?"
Advertisement
Dugu Tuoyi reminded, and everyone immediately said: "Do you suspect that this
matter is also being pushed by someone behind the scenes?"
Dugu Tuo explained: "Our people went to kill Levi Garrison, I checked, and they
were all organized by my own people.
But the Eternal Kingdom; there are also some unknown forces in Daxia; as well as
the Yan Luodian, the killer organizations of the Seven Kills, and the Xuanming
Alien Race, why did these forces appear at the same time? "
"It stands to reason that even if they heard the news-someone wants to kill Levi
Garrison, they will kill together. There is nothing wrong with this! After all, Levi
Garrison has many enemies! Everyone knows it!"
"But didn't you find that in that battle, the parties cooperated tacitly, with the
main attack, the feint attack, the auxiliary, and the assassination… It was originally a group of rabble, but they cooperated as if they had been tempered
thousands of times…"

Dugu Tuo's analysis made everyone scream in shock.
Everyone just saw that the masters from the Zhenmo Division were all overthrown, and even the top ten talents were not spared.
All attention was on the hatred for Levi Garrison.
But he didn't notice them at all.
Dugu Tuoyi said that everyone felt that there was a problem.
"Not only that, there were all kinds of poison organs hidden weapons and so on
at that time, and they also cooperated with the masters of all parties! It is even
said that there has never been such a terrible cooperation!"
All the ancestors looked at Dugu Tuo in unison and exclaimed: "Someone is
controlling everything behind this!"
Dugu Tuo nodded: "Well, at first I just thought there was something wrong! But
today's news of Levi Garrison's whereabouts reminded me!"
"It now seems that, in addition to the forces of Zhen Mosi, Levi Garrison, and
Xuanming Alien Race, there is another force that controls the recent situation!"
"This force wants to get rid of Levi Garrison with the help of the Suppressing
Demon Division. That's why all parties cooperated to kill Levi Garrison! This is
definitely the fact that this force secretly united all parties and shot together!"
…
No one would have imagined that after the information of Levi Garrison's whereabouts was exposed this time, the Town Demon Secretary also began to
notice the possibility of another party's existence.
"That's right! My subordinates have also investigated! It was said that Levi
Garrison actually released the top ten talents and asked them to take away the
artifacts of the four town pavilions! I thought it was nonsense at the time, but
now I think about it…"
An ancestor of the South Pavilion said suddenly.
This made Dugu Tuo's eyes light up: "Then the top ten arrogances are likely to be

captured or killed by these forces, and the four sacred artifacts of the town pavilion are also taken away by them, and then all the blame is given to Levi
Garrison, which also leads to The unification of the Town Demon Division!"

In fact, Dugu Tuo was a little thankful for this force in his heart.
If there is no such power, how can he dominate the town magic division so quickly?
"That's right! If Levi Garrison really killed him, how could he admit it? He said that
if he let it go, he would definitely let it go!"
"And he didn't take the four great artifacts in his eyes at all!"
...
It all makes sense now.
Advertisement
It turned out that the town magician was used as a gunman.
Become the butcher's knife in the hands of others to kill Levi Garrison.
"But who is this force?"
"According to the current performance, this group of forces is familiar with Zhen
Mosi, Xuanming Alien Race, and also familiar with Levi Garrison and the Eternal
Kingdom. I can't think of such a force!"
Advertisement
...
Everyone began to analyze who this force was.
For Dugu Tuo, this force did help him invisibly, and even promoted his secret
plan.
But this force will definitely be found out.
Use them as guns.
That would be a big trouble.
"But such a force plays all parties in the palm of our hands, but we don't even
notice it? How did we do it?"
"Even if he is one of us, there should be some clues, right?"
Everyone began to wonder.
Advertisement

Dugu Tuo sighed: "I'm afraid it's that kind of little person, standing in front of you, you will ignore it!"
"Check! From now on, all parties will secretly check this faction!"
"They must be the people of the Town Demon Division, and there will be next actions!"
"Don't make any noise, pick out elite secrets to investigate!"
...
After Dugu Tuo ordered.
All parties began to secretly send people to investigate in the Town Magic Division.
Although this is a top secret operation.
But how powerful is Gong Qianqiu?
Got the message early on.
"What? Even the Town Demon Division suspects me! Something big has happened!"
Gong Qianqiu panicked.
This time the trouble is big.
Although she is super powerful now, it should be said that she is not afraid of everyone in the town magic division.
But if it goes on like this, many of her plans will be completely impossible.
Not only are all parties on guard, but they are still inquiring.
This greatly hindered her.
Why is this happening?
I'm too anxious!
She didn't think that Zhenmosi was going to attack the North Pavilion, but she didn't think that Levi Garrison was back.
Stealing chickens is not counterproductive.
As soon as this matter failed, all parties naturally began to doubt.
After all, this incident revealed a big clue – Levi Garrison's whereabouts!
It's something she ignored.
How could Levi Garrison's whereabouts be exposed so easily?
Now all parties dare not even approach the vicinity of Levi Garrison.
Not to mention that he knows Levi Garrison's whereabouts like the back of his hand.
That is impossible!
It exposed her instead.

As a result, the Town Magic Division is now speculating that there is a third-party
force.
And they have analyzed the top ten arrogant things.
Gong Qianqiu was really pissed off.
I didn't expect such a mistake to happen in such a hurry.
The key is not to calculate the time when Levi Garrison will return.
She felt that time was enough to destroy the North Pavilion.
But still a step too late.
After all, when she went to Xiao Feng to inquire about the information, Levi
Garrison had already left to go to Eternity.
Gong Qianqiu slapped his forehead fiercely.
"Right! Levi Garrison!!!"
Gong Qianqiu suddenly thought of a big thing.
Levi Garrison came back to the North Pavilion and had a head-on encounter with
the masters of the Zhenmo Division.
Then he must also know about the "whereabouts" leak.
Levi Garrison has long suspected that there is another power, and is in the inquiry.
Now that the whereabouts are leaked, he will definitely suspect his own people.
After all, only he knows his whereabouts.
Will it be suspicious of Xiao Feng? ? ?
Once she suspects Xiao limelight, isn't she going to expose it?
Everything will be lost.
Gong Qianqiu panicked immediately!
But now she has nothing to do.

Can't remind Xiao Feng at this time?
This is tantamount to exposing yourself!
There is nothing she can do.
I can only pray that Xiao Feng is not found.
After Gong Qianqiu did everything, he immediately hid.
Start preparing for what to do if Levi Garrison finds out.
Advertisement
Gong Qianqiu was extremely worried about this matter, and the cold sweat kept

breaking out.
Waiting for the final outcome of this…
When he was worried, Levi Garrison had already arrived at the base camp.
"Boss, Master, you are back…"
Advertisement
Everyone started to say hello.
"Go, get everyone together!"
Levi Garrison said with a cold face.
"Ah? What's wrong?"
Although everyone was curious, they listened to Levi Garrison's words and all
began to gather.
Soon, everyone gathered together.
Levi Garrison looked at them and said, "I believe in all of you, just as you believe
in me!"
After hearing this, everyone felt that something was wrong.
Because Levi Garrison has never said such words.
Advertisement
Especially Xiao Feng's heart skipped a beat, and he was startled.
"Boss, we all know this, no need to say it!"
Azure Dragon (Qinglong) said.
"Yes, what happened to the boss, you said!"
Everyone urged.
"My whereabouts in the Eternal Kingdom were leaked, and it was known to
outsiders! After receiving the news, the Town Demon Division immediately removed the North Pavilion!"
Levi Garrison said.
As soon as the words came out.
The pot exploded directly in the field.
"How? Boss, only we know your whereabouts!"
"And how long have you been gone? Did the message get out?"
"Could it be that it was leaked by our own people?"
…
Everyone began to discuss, and began to suspect each other.
But discussions come and go, everyone is reliable.
There can be no one who leaked the whereabouts.
No one will betray.
Everyone is sure of this.
Ok?

Leak whereabouts?
Xiao Feng's face suddenly changed.
When it comes to leaking Master's whereabouts, he is one of them.
But he just told Gong Qianqiu, not anyone else.
Gong Qianqiu is his woman, and this is his own.
impossible!
Levi Garrison continued: "It must not have been leaked intentionally by our own
people! I am sure of this!"
Hearing Levi Garrison's words, a touch of emotion flashed in everyone's eyes.
They believe in Levi Garrison, just as Levi Garrison believes in them! ! !
"But I guess someone among us leaked it out unintentionally! After all, we are
still in contact with the outside world and with the town magician! Unintentional
leaking of this situation must be very likely!"
"And not far from our base camp, there are spies from all over the world. I
suspect there may be unintentional leaks! Everyone think about it!"
"While I was out, did you have contact with anyone outside? Give me a thought…"
Levi Garrison said.
Everyone started trying to remember.
Levi Garrison said so.
Xiao Feng was a little flustered.
Although he firmly believes that Gong Qianqiu will never be such a person!
She is her own!
Just as important as Master!
Absolutely not!
But now if he told Gong Qianqiu, it would be equivalent to exposing her.
It was nothing to be called an enemy.
Xiao Feng was a little nervous.
Zoey Lopez suggested: "Everyone who has left the base camp during this time
should stand up, so that the screening will be more accurate!"
"what?"
Hearing this, Xiao Feng became more and more nervous.
After all, I went out myself.
Still many people know.
All the others stood up straight.

Xiao Feng seemed to be very guilty, but he stood up bravely.
If he said that he was twitching again, it would be exposed.
Zoey Lopez said: "You all talk about who you met when you went out, what you
talked about, and in a little more detail…"

The other people calmly explained what they had done and who they had met.
As for Xiao Feng, he became more and more flustered.
Still, he kept his composure and made an effort to think about something.
He must not be exposed.
Hold on!
Be sure to hold on!
Advertisement
He felt as if everyone was looking at him.
He kept his head down thinking.
Soon the other dozen people explained everything one by one.
Only Xiao Feng was left.
Advertisement
But it is impossible for the information or characters spoken by these dozen
people to leak information.
And it's all documented.
Since these people are not.
Then there is only one Xiao Feng left.
It can only be that he leaked Levi Garrison's whereabouts.
Everyone's eyes were focused on Xiao Feng.
Xiao Feng was extremely nervous.
Do you want to tell Gong Qianqiu?
Can not be done!
Advertisement
She can't be exposed for the time being.
Once exposed, they will definitely be regarded as enemies by Master and the
others.
That's a dilemma for yourself.
Certainly not exposed.
wrong!
Now this situation…

Xiao Feng suddenly thought of something.
Finished calling.
Everyone just finished explaining.
Justified, everything can be checked.
Now everyone has no possibility of revealing their whereabouts.
Then only you are left.
Master's whereabouts will not be revealed for no reason.
own words…
He only told Gong Qianqiu!
Is it really Gong Qianqiu?
A terrible thought came to mind.
In a short time, only Gong Qianqiu knew about this.
It is entirely possible for her to reveal the information.
ah?
A thought here.
Xiao Feng immediately broke out in a cold sweat.
no!
I definitely can't doubt Gong Qianqiu!
People have given themselves to you, but you are doubting them.
Xiao Feng, you are not human!
Even if it is anyone, it is impossible for Gong Qianqiu!
There is absolutely no way she can!
This is not the case at all.
Do you still doubt Gong Qianqiu?
Is it human?
You swore that last time!
I will never doubt Gong Qianqiu again!
how come?
Gong Qianqiu is now incomparably holy in his mind.
There is no room for him to have any doubts!
Once there is doubt, that is the injury to Gong Qianqiu!
Leave these thoughts behind.
Absolutely impossible!
This is her own woman!
how come?
"Xiao Feng???"
Suddenly Levi Garrison's voice sounded.
Xiao Feng woke up.
"Ah? Master!"
This time, everyone in the audience stared at Xiao Feng.
He is the only one left.
There is no possibility of anyone else's whereabouts being leaked.

And only Xiao Feng went out…
Who else but him? ? ?
"Xiao Feng, tell me! Who did you meet after you went out… Think carefully about
whether anyone has leaked it! And what did you do when you went out, tell them
all!"
Levi Garrison asked.
Xiao Feng first explained what he was doing.
The main purpose is to check some movements of the town magician.
Roughly said what Gong Qianqiu told him.
None of this is a problem.
"Then who did you mainly meet?"
Levi Garrison asked.
"This…I saw…"
Xiao Feng told several friends that Zhen Mosi knew before.
These are what many people know.
In particular, they were familiar with Azure Dragon (Qinglong) before.
"Is there none?"
Levi Garrison looked at Xiao Feng and asked.
For some reason, he felt a little abnormal.
It always feels like something is wrong.
Xiao Feng's brain is running fast, and now he must not reveal any clues.
Otherwise, it will be seen through at once.
Seeing Levi Garrison staring straight at him, Xiao Feng said decisively: "No! It's
just these people!"
"Then there is no one here, it doesn't feel like the information leaked by our
people!"
Zoey Lopez said.
But Levi Garrison still stared at Xiao Feng.

That look seemed to have seen through Xiao Feng's soul.
Xiao Feng felt fear and nervousness inexplicably.
Is the master doubting himself?
Mainly he has a ghost!
"Xiao Feng, a digression! You can always find out the relevant information of the

Town Demon Division, including the list of bone masters! I want to ask how you
found it? What channels are there, or who are there to help you or something like
that? ...”
Levi Garrison asked.
Advertisement
“boom!”
Xiao Feng’s head was about to explode.
At this moment, he felt that his whole body was about to explode.
Levi Garrison had never asked this question before, because he felt that Xiao
Feng had this ability.
Advertisement
But now this situation makes him have to guard.
Did Xiao Feng take advantage of it?
That’s why it was necessary to find out how Xiao Feng got in touch with the
people from Zhen Mosi and how to obtain information.
what to do?
what to do?
The information I found was all given by Gong Qianqiu.
If you check it hard, you can definitely find Gong Qianqiu’s head.
Even said that this thing is too good to check.
As long as Levi Garrison was serious and took this matter out to investigate, he
would never escape.
Advertisement
If it is found out, it is Gong Qianqiu.
It is even more unclear.
It’s a nail in the coffin!
Anyone would regard Gong Qianqiu as an enemy.
Now how to do?
Do you want to expose Gong Qianqiu?
Can you tell me directly about your relationship with Gong Qianqiu?
If you say that Gong Qianqiu is his own woman, he may avoid it for the time
being.
But next, Master must focus on inquiries.
Although everyone didn’t say it, they might regard Gong Qianqiu as someone
who took advantage of him.

This is what Xiao Feng does not want to see.
What he hopes is that everyone can accept Gong Qianqiu and treat her as a
family.
It's just that this kind of thing won't happen due to the relationship between
Zhen Mosi and them.
what should we do?
"Huh? What's wrong? Is there something wrong?"
Seeing Xiao Feng's delay in speaking, everyone stared at him.
There must be something wrong with this.
"Master! I remembered!"
Suddenly, Xiao Feng exclaimed.
"I met people from Zhen Mosi after I went out, and I bragged in front of them!"
When Xiao Feng said this, everyone looked over and said, "Huh?"
"When I went to inquire about the information, many people still recognized me!
They also said that we were in danger, and the Suppression Division did not say
anything! That eternal kingdom is also extremely difficult to deal with! Waiting
for our end is only death…"
"Then I brag, saying that Master is invincible in the world, and he is not afraid of
anything! Anything from the Eternal Kingdom of the Demon Suppression Division
must be settled one by one!"
"They definitely don't believe it! But I directly said that Master is going to the
Eternal Kingdom now and will destroy the Eternal Kingdom!"
"My friends won't leak it, someone else should have heard it!"
Xiao Feng also responded quickly.
He even gave a reason temporarily.
In fact, everyone can doubt his reason, and they will doubt it.
But the key point is that he took the responsibility for this matter on himself.
It's useless for you to doubt.
He himself admitted that the whereabouts were leaked out by him.
I have to say this is a really good reason.
You doubt, but you cannot doubt.
Because the facts are set!

“It’s all my fault! I leaked Master’s whereabouts!”
Xiao Feng blamed himself.
“It’s all my fault for being too high-profile! No matter where I go, I don’t take
anyone from the Demon Suppression Division in the eyes! I will say anything!
After all, we are not afraid! We are upright!”
Xiao Feng continued.
“Well, it’s okay, now we all know what’s going on!”
Levi Garrison said.
Although Xiao Feng just behaved abnormally.
But he would not doubt Xiao Feng!
He doesn’t doubt anyone around him.
No one will betray you!
This, Levi Garrison believes.
So he didn’t have to think about it anymore!
At first, what he thought was that Xiao Feng and the others leaked out unintentionally.

In fact, this is also the fault of Gong Qianqiu.
Hand over “self” to Xiao Feng and become Xiao Feng’s woman.
This made Xiao Fenghui go crazy, and he would go to protect her desperately.
Even if you take everything on yourself, you will never let Gong Qianqiu be
exposed.
After all, Gong Qianqiu is now the most important person in his mind.
The status has surpassed Levi Garrison.
Advertisement
If Gong Qianqiu hadn’t given himself to Xiao Feng.
Maybe Xiao Feng will think calmly, doubt Gong Qianqiu, and even expose Gong
Qianqiu.
This is also what Gong Qianqiu didn’t think of.
After making yourself a Xiao Feng woman, it will bring such benefits.
Advertisement
Before, between Levi Garrison and Gong Qianqiu, Xiao Feng still favored Levi
Garrison slightly.

And at this moment, doubts about Gong Qianqiu appeared in his mind.
If it was before, he would probably have said it, and even went to investigate it himself.
"Everyone should be careful in the future. If I'm not here and the enemy comes, you should take care of yourselves."
"It's best to hide in our underground base. This is our life-saving trick. You must not leak this underground base to anyone!"
Levi Garrison reminded.
As soon as the words came out.
Xiao Feng's heart skipped a beat.
He had already exposed this place to Gong Qianqiu.
Advertisement
Fortunately, Gong Qianqiu is his own, so don't be afraid.
Said the same as said nothing.
It seems that we need to speed up the solution, so that Qianqiu can meet Master and the others as soon as possible.
But he has a question – who leaked the whereabouts of the master?
Miya Chiaki is impossible!
He is certain of this.
Just as Levi Garrison believed him.
Not even considered.
"Well, alright, next, everyone should have less contact with the people from the Zhenmo Division! The Zhenmo Division is about to attack us in all directions!"
Levi Garrison warned.
Leaving from the base camp, he came to the North Pavilion again.
Because the North Pavilion's intelligence team had already found the person he was looking for.
"Okay, take me to see it!"
Levi Garrison set off immediately after arriving at the North Pavilion.
"Ok?"
"All dead?"
Soon, after finding the first person, everyone was stunned.
This person and related characters are all dead.
Not a single live was left.
Soon, find the second person.

The result is the same.
All the people involved are dead.
The third.
the fourth.
…
All the people I was looking for died tragically.
And their relationship network is also extinct.
Not a single clue remains.
"Hey, we came a step late, and we didn't gain anything at all!"
Several people in the North Pavilion sighed.
Levi Garrison smiled: "Who said there is no harvest?"
"Ok?"
Everyone else looked at Levi Garrison suspiciously.
Don't know what it means?
"Looking at this trace, they should have just finished killing people, and they
even had time to destroy the corpse! Only one step ahead of us!"
Levi Garrison said.
Someone in the North Pavilion reacted immediately and couldn't help but say:
"Boss Ye, do you mean that the forces that killed these people are around? Otherwise, they wouldn't be that fast!"
"Well, that's right! Don't think about it, it's the people from the nearby Town
Demon Division! It's impossible for other forces to be so fast, and it's only one
step ahead of us. The most important thing is that they are familiar with these
people."
Levi Garrison said.
Now it has been determined that this force is in the town of magic.
Levi Garrison said: "You will put together the location of the six people involved
in the accident, and see which one is the closest to the Suppressing Demon Division?"
Everyone in the North Pavilion immediately checked.
Soon the answer came out: "From the place where these six people and related
personnel died, the closest force to the town of demons is the West Pavilion.
Although it is now unified, most of the people in the West Pavilion are still in the

West Pavilion!”
“Only the masters of the West Pavilion can kill these people one step ahead of us,
and then hide them. It is difficult for other forces to do so!”

“However, this possibility is not ruled out. If they take risks, they can still do it!”
Several people in the North Pavilion analyzed.
Levi Garrison smiled.
Judging from his multiple judgments, the members of this group should be all
over the entire town magic division.
Only by all-round penetration can we achieve a control.
But these forces act cautiously and will never act blindly.
Advertisement
Not to take risks.
Therefore, it was definitely the people from the West Pavilion who killed these
people.
Even the leader behind the forces that Levi Garrison was looking for was in the
West Pavilion.
Levi Garrison came to the West Pavilion without saying a word.
Advertisement
Of course it came in secret.
He wanted to see who the West Pavilion was?
It’s just that everything is normal in the West Pavilion.
Rao was Levi Garrison’s investigation for a long time, but there was no clue or
gain.
“Huh? Something’s wrong!”
The West Pavilion is the closest comprehensive location. It is normal to run to the
West Pavilion to hide after killing someone for the first time.
But it shouldn’t be so normal, no clues are left.
Here’s what’s not right.
After all, the time is too short, they have no time to clean up, leaving some traces.
Advertisement

Now this situation can only illustrate one problem – maybe this group of forces
itself is based on the West Pavilion.
The mastermind is in the West Pavilion.
To do all this without leaving any clues.
If he hid in the West Pavilion in a panic, he would definitely find out.
Of course there is another possibility!
The hundreds of people who just died were all killed by one person.
This man is extremely powerful.
Kill everyone in an instant.
In this case, it is possible to be one step ahead of him.
And if you are alone, it is also very good to hide.
Besides, the strength of those who died is not low.
If a large number of masters are sent to kill, it is estimated that a lot of traces
will be left on the scene.
And Levi Garrison has seen the traces of the scene, and they are basically instant
kills, and there is no trace of resistance and fighting.
Now he judges that there is a high probability that one person will kill it directly.
After Levi Garrison came back, he warned everyone in the North Pavilion.
"Focus on Xige!"
"Next, you will secretly investigate the Xige to see who is possible, and give me
the list!"
Several people in the North Pavilion also smiled.
"Brother Ye, we just got the news. It turned out that just a while ago, Shen Tianjian suddenly ordered all the major factions to stand by, and no one can go
out. But they found that someone in the West Pavilion went out… specific We
are still checking the list…"
"This decision was actually made in a hurry, which caught everyone by surprise!
Now that so many people have died, it is estimated that the God and Heaven
Supervisor will investigate!"
Hearing this message, Levi Garrison also smiled.
"Hahaha… This force never thought of exposing so much…"
Levi Garrison actually wanted to thank the person who leaked his whereabouts,

which turned out to be a favorable clue.
Let the opponent make frequent mistakes and leave clues again and again.
He has a high probability of locking the West Pavilion now.
It was made by a master in the West Pavilion.
To be able to kill these people before him, then it shows that the strength is very
strong, at least it is one of the best in the West Pavilion.
It is estimated that it is comparable to the Three Saints of the North Pavilion.
This is actually very good to check.
But Levi Garrison was afraid that some people would hide their strength.
Obviously the strength is against the sky, but in fact he is a nobody.
You won't notice at all.
However, if we can find out who was out in the West Pavilion during this time,
there is still hope.
"What about these corpses, Mr. Ye?"
The people from the North Pavilion asked.
"I guess Shentianjian realizes that there is another power. After all, they have
been exposed this time. Send these corpses to Shentianjian! Let them check too, I
don't want to give this power any room to survive!"
Levi Garrison arranged.
At this moment, Gong Qianqiu is in the West Pavilion.
She killed all those people just now.
"It's dangerous, I was almost discovered!"
"Levi Garrison is chasing so tight!"

One thing after another was worrying her.
Xiao Feng is exposed or not, don't you know?
As a result, those who have been in contact with the eternal kingdom have already been targeted.
Although she guessed before, it has been arranged to kill everyone.
But he never thought that Levi Garrison would find him so quickly.
As a last resort, she could only go out in person and kill everyone.
Advertisement
If she kills the people she arranged before, she will definitely be caught by Levi

Garrison.
In this way, she was almost a step slower.
If it weren't for her strength now, she would be captured by Levi Garrison on the
spot.
She hid in the West Pavilion, and felt that Levi Garrison had definitely come to
her.
Advertisement
Fortunately, these six people's comprehensive location is closest to the West
Pavilion, and she is familiar with everything about the West Pavilion.
Otherwise, it will definitely be exposed.
"What? Shen Tianjian is so fast? Are you starting to make a list?"
Gong Qianqiu panicked.
Who would have thought that the Shentianjian would be so fast.
If you appear on that list.
Maybe something will be found out.
Therefore, absolutely not!
It doesn't bother her!
Advertisement
She is so in control of Xige.
Let some people do false evidence and provide proof that they have been in the
West Pavilion.
Gong Qianqiu quickly arranged this matter.
He was able to escape himself.
She was breathing heavily.
Who knew that a small mistake could have such a big impact?
Just about to be exposed.
one by one.
"I don't know what happened to Xiao Feng?"
At this time, Xiao Feng received a message.
Gong Qianqiu had already said that he would meet with Xiao Feng less.
Therefore, she and Xiao Feng have specific contact information.
Xiao Feng told Gong Qianqiu everything that happened.
This scared Gong Qianqiu into a cold sweat.
It was almost revealed.
But this way, doesn't it mean that Xiao Feng doubts himself?
Because apart from the people around Levi Garrison, only he knows the information of Levi Garrison's whereabouts.

“Don’t worry, Qianqiu, this matter has nothing to do with you, I will find out who
leaked Master’s whereabouts…”
Xiao Feng said.
Gong Qianqiu thought about it and said, “Xiao Feng, I actually leaked it out!”
“Ah? How?”
It made Xiao Feng surprised.
“It’s me trying to protect the master! I leaked my mouth and was known by others!”
“Someone told me that the master and you will be finished, the Suppressing
Demon Division will be unified, and the eternal kingdom will also kill the master!
I said that the master is not afraid, even he has already gone to destroy the eternal kingdom…”
“I’m sorry, I missed the point!”
…
Hearing this, Xiao Feng felt very familiar. Isn’t that what he said?
But this is what Gong Qianqiu said.
He was convinced.
And there’s a good reason for that.
In addition, Gong Qianqiu is not such a person, he believes.
Xiao Feng immediately comforted: “So that’s the case! Qianqiu has nothing to do,
pay attention next time. Don’t blame yourself, this has not caused us any loss!”
Gong Qianqiu stabilized Xiao Feng and still grasped it.
As long as he admits it, Xiao Feng will not think about it.
I won’t check anything.
“Xiao Feng’s situation will be even more dangerous in the future… The reunification of the Demon Suppression Division is basically completed, I am
afraid that they will assassinate these actions! I am here to investigate at any
time…”
“In this way, we will contact you once a day in the future, and I will tell you the
latest situation…”
Xiao Feng naturally agreed: “I understand!”
the other side.
After Shentianjian found these corpses, he immediately understood.

Begin to intensify the investigation.
After Dugu Tuo knew everything, he also smiled: "It's the people inside us! We
must find out as soon as possible!"
"And the last time the Three Saints of the North Pavilion were taken away by the
Shadow Guard, it was probably this faction that was at work!"
"Send some people to contact the Shadowguard to see who they have worked
with recently…"

Now for Gong Qianqiu.
It's a real crisis.
Levi Garrison and Shen Tianjian are both investigating.
Her next space will be getting smaller and smaller.
In particular, Xiao Feng's chess piece should be used with caution.
At most, it is to inquire about Levi Garrison's information, and it is no longer
enough to ask him to do anything more.
Advertisement
It was easy to be discovered by Levi Garrison.
After this exposure, Levi Garrison definitely raised his vigilance.
Will pay attention to all around.
What she needs now is to improve her strength.
Advertisement
That way you can protect yourself!
It is necessary to create a devouring spirit root spirit bone as soon as possible.
not good!
Now she can no longer intensify the contradiction between Levi Garrison and
Zhen Mosi.
After all, both parties knew of her intentionally intensifying plan.
If she had a plan, no one would believe her.
Instead, he exposes himself.
Another bad point is that both Levi Garrison and Zhen Mosi will stop temporarily.
Both of them will go after themselves with all their might.
Advertisement

In this way, no one can restrain Levi Garrison at all…
Totally detrimental to myself.
What about the Xuanming aliens?
If they were there, they could still contain Levi Garrison.
But they just disappeared out of thin air.
Found at all.
After coping with the search of Shentianjian, Gong Qianqiu immediately returned
to the corpse pit.
Let's see how the Bone Master is doing.
The top ten arrogances are dying and lingering on.
Their current state is that they only have empty shells, and their souls are long
gone.
When they saw Gong Qianqiu, they didn't react at all.
There was no change in human mood either.
That's what it's like to be dead!
Indifferent to anything and everything.
Some people live and die.
That's how they are.
Even in the face of their fear Gong Qianqiu is like this.
However, Gong Qianqiu is no longer their fear.
They have nothing to fear.
Gong Qianqiu is also not interested in watching them.
However, the three Xu Qingya next to them saw Gong Qianqiu's sorrow.
You know, Gong Qianqiu has never been like this for so long.
Something must have happened.
Think about it, there is a high probability that it was discovered by Levi Garrison…
Or have noticed her.
"Hahaha……"
"Let Levi Garrison find out, right? He has a sad face!"
"Don't struggle! Levi Garrison will find you sooner or later!"
Xu Qingya smiled immediately.
These words were like a knife, stinging Gong Qianqiu fiercely.
This is more serious than what Levi Garrison found.
Shen Tianjian also participated.
Her situation is very difficult.
"Clap clap clap…"
Gong Qianqiu came to Xu Qingya and slapped her in the face with a slap in the
face.

“Slut, slut, slut…”
Gong Qianqiu vented his anger fiercely.
Xu Qingya bleeds continuously, but she still smiled: “You only have this ability…
The more you hit me, the more afraid you are!”
“Let me guess where Levi Garrison and the others have come? Did you expose
something? Even the Town Demon Division found out?”
The more Xu Qingya analyzed, the more angry Gong Qianqiu became.
Most importantly, she was right.
Gong Qianqiu can only say coldly: “So what? After I succeed, they are not my
opponents!”
“Just wait and see, I will definitely succeed before Levi Garrison finds me!”
Gong Qianqiu ignored Xu Qingya and the others.
Instead, he came to the bone master to ask how the progress was.
“Three days! Three more days to complete!”
“Originally, it would take several months! Fortunately, this girl’s spiritual roots
and bones are devouring attributes, and if there is a foundation, it will be very
fast!”
said the bone master.
“it is good!”
Gong Qianqiu was immediately excited.
I thought it would take ten days and a half.
Did not think of three days!
For her now, time is life.
She could be exposed at any time.
As long as it has terrifying strength before it is exposed.
She will fear nothing.
Even if it is not as good as Levi Garrison for the time being.

After all, after possessing great strength, she has the strength to protect herself.
Even if I can’t beat Levi Garrison.
But I can still run away.
In the future, it’s okay to gradually become stronger.

Master Bone continued to laugh and said: "There is another advantage! Devouring the spirit root and spirit bones doesn't require you to spend time to
get used to it!
The adaptation process of devouring the root bone is just crazy devouring…"
Advertisement
Upon hearing this, Gong Qianqiu's eyes lit up fiercely.
And this good thing?
Generally, after the root bone is transplanted, it takes a lot of time to get used to
it.
After all, it's not in your body, it's from outside.
Advertisement
The time is uncertain.
Some people may be very fast, and some people may not be able to adapt for
several years.
Didn't think that the root bone of the devouring attribute would have this benefit?
Adaptation is devouring?
That's great.
It doesn't take time to get used to it.
God help me too!
Ha ha ha ha……
Gong Qianqiu smiled again.
Advertisement
Although there was a mistake this time.
But God is still on her side.
"You hurry up and prepare well, three days later, we will start to transplant the
root bone!"
said the bone master.
Gong Qianqiu also left from the corpse pit to prepare.
The process of transplanting the root bone may be a bit long.
She has to take care of everything outside.
Don't let her go to transplant the root bone, and her identity was exposed.
After returning to the West Pavilion, Gong Qianqiu received a secret and frantic
investigation by Shentianjian.
A large area is under investigation.
Thinking of something, Gong Qianqiu couldn't help laughing.

Now for her, there is another advantage.
That is, both Levi Garrison and Shentianjian thought that they were a huge force
with intertwined roots in the Demon Suppression Division.
There are many members, all over the major factions of the Town Demon Division.
But in fact it's just me!
As for her helpers, they are all men controlled by her.
These people don't even know what they've done, they don't even know their
plans.
I just feel that I have done a trivial thing for Gong Qianqiu.
No one else can find it at all.
Slightly suspicious, Gong Qianqiu dealt with everything early.
Now Shen Tianjian or Levi Garrison are conducting all-round investigations on
Zhenmo Division.
Their purpose is to find a lot of people.
But in fact, the power is dispersed, and it is not easy to find out.
This made Gong Qianqiu feel at ease.
"You didn't think about it, did you? I'm not complicit! I'm the only one!"
Gong Qianqiu sneered.
But she still had to contain Levi Garrison.
The best restrainer is the Xuanming alien race.
She has already sent someone to find the Xuanming Alien.
As long as you find the Xuanming alien, immediately send the message to Levi
Garrison.
In Levi Garrison's mind, he must be the first to avenge the five Azure Dragon
(Qinglong) people.
But the people who sent it sent messages one after another.
There are no clues at all.
The Xuanming alien race really seemed to have disappeared this time.
Even the ghost city with vast supernatural powers could not find any clues about
the Xuanming alien race.
"By the way, why is there still no information from the Xuanming Alien Race? This
is not in line with their style!"
"No matter how powerful Levi Garrison is, they won't be easily cowardly! Not to

mention disappearing! This is seriously inconsistent with the work style of the
Xuanming alien race!"
"Xuanming aliens have never been afraid of anyone, otherwise they would not
have fought with the Demon Suppressing Division for so long! Not to mention
afraid of Levi Garrison."
...
Confuse!
Gong Qianqiu frowned.
I can't figure out why this is?
"Why do you think someone is controlling the Xuanming alien race?"
As soon as this idea came up, Gong Qianqiu was shocked.
But how is this possible?
The Xuanming aliens in their peak period, but they would not take Zhen Mosi in
their eyes at all.
That was still the Suppressing Demon Division at its peak, much stronger than
the one after the unification now.
Such a Xuanming alien, who can control it?
Gong Qianqiu is still praying to find the Xuanming alien as soon as possible.

There is also a party that can contain Levi Garrison.
That is Tianshifu.
But it's too late.
Everything has to be arranged temporarily by her.
If it is used to intensify the contradiction between the two sides to deal with Levi
Garrison, it will be of no use.
Levi Garrison will not be fooled.
Advertisement
Ok? ? ?
Tianshi Mansion? ? ?
Gong Qianqiu's eyes brightened fiercely.
She was so excited that she was about to cry.
Advertisement

Who said Tianshifu couldn't contain Levi Garrison?
Although she didn't have any plans, she couldn't use some old-fashioned methods to make them enmity with Levi Garrison.
But you can let Tianshifu take the blame! ! !
Now Levi Garrison and Shen Tianjian are looking for a force to control the
situation.
Wouldn't it just be possible to put the blame on the Tianshi Mansion?
As far as she knows, all parties are not familiar with Tianshi Mansion.
Even Levi Garrison.
I don't know either.
If the blame is put on Tianshifu, Tianshifu can't make sense.
Advertisement
Even if Levi Garrison and Shen Tianjian finally found out that it was not done by
Tianshifu, Tianshifu was blamed.
But this query time is not a day or two on the line.
It will still take a while.
This bought time for Gong Qianqiu.
It would be even better if we could seize the opportunity and let all parties fight.
"Hahaha……"
Gong Qianqiu smiled immediately.
The back pot appeared.
Gong Qianqiu immediately thought about how to put the blame on Tianshifu.
It's actually not that difficult for her!
What's more, there are enough useful evidences and clues around her.
For example, the four town hall artifacts, such as the corpses of the three saints
in the north pavilion, and even the top ten talents.
With so much evidence, it is easy to attract the war to Tianshifu.
True or not, a temporary distraction is enough.
Then start with the corpses of the Three Saints in the North Pavilion…
Clues cannot be thrown out at one time, and need to be guided a little bit.
Soon Gong Qianqiu came up with a plan.
After she communicated with Xiao Feng on a daily basis, she began to act.
Xiao Feng was also relieved to know that the unification of the Zhenmo Division
had no plans to deal with them for the time being.
He also happened to meet the five cultivated Azure Dragon (Qinglong) people.

Seeing the five people, Xiao Feng always felt guilty.
There are only two things that concern him at the moment.
First, Gong Qianqiu.
The second is the injuries of the five Azure Dragon (Qinglong) people.
"Hey!"
Xiao Feng couldn't help but sigh.
The Azure Dragon (Qinglong) five immediately persuaded: "Xiao Feng, don't do
this! We are all fine!"
"By the way, your strength has improved very quickly recently. It looks like you
practice hard every day!"
Phoenix praised.
Xiao Feng clenched his fist tightly.
Improve quickly?
Far from enough!
He is still far from his goal.
Not only does he have to surpass Gong Qianqiu, he also has to protect Gong
Qianqiu.
That's far from it.
"It's still too slow, and the distance is far from being strong enough. I can't help
the master even if I want to!"
Xiao Feng let out a long sigh.
"Take your time! You're good enough!"
The five Azure Dragon (Qinglong) smiled.
Xiao Feng also comforted: "You guys are also recovering very quickly, and will
soon return to the previous level!"
"Well, let's work together! Don't be a burden to the boss! Help him!"
Kirin (Qilin) looked at Xiao Feng with gossip and asked, "By the way, how is that
girl and you two?"
As soon as the words came out.
The air seemed to freeze.
Xiao Feng was stunned on the spot.
yes!
No one knows about himself and Gong Qianqiu.
Azure Dragon (Qinglong) and the others know it.
They even mentioned it to the master.
It's just that the master and the others probably didn't remember it.

When I was with Azure Dragon (Qinglong) and the others in the Tenjin Division
before, they were very familiar with each other, and they were together every
day.
Therefore, Azure Dragon (Qinglong) and several people knew about his pursuit
of Gong Qianqiu.
Even a few of them have seen Gong Qianqiu's true face.
When extracting the memories of the five Azure Dragon (Qinglong) people, Xiao
Feng was afraid that Gong Qianqiu would appear.
startled him.
"Ah? This…"
Xiao Feng was in a dilemma.
How does this tell him to answer?

If he said that Gong Qianqiu was already his own woman.
I am afraid that the five Azure Dragon (Qinglong) people have doubts.
After all, the Town Demon Division is now all enemies.
With such a close relationship with Xiao Feng, wouldn't he use him?
"Shh!"
The eyes of the five Azure Dragon (Qinglong) people all looked over.
Advertisement
It seems that he noticed Xiao Feng's abnormality.
Not right!
Is there a problem!
Xiao Feng naturally understood this.
Advertisement
Even if the five Azure Dragon (Qinglong) people knew about this, they were
determined not to expose it.
In case, what they told the master.
That's it!
Others may not see it.
But the master can definitely see it at a glance.
"Is something wrong with Xiao Feng? What are you hiding?"
Xuanwu has become vigilant.
"No contact!"

Xiao Feng sighed.
Advertisement
"Ah? No contact? Didn't you want to live or die when you were in the Tenjin Division?"
"Yes, at that time you stopped cultivating, and you only thought about how to pursue others!"
Phoenix said again and again.
"I was chasing and chasing at the beginning, and found that the distance between myself and others was too great! No matter her status, her strength was far beyond me! At that time, I had already given up! I am not worthy of others!"
Xiao Feng explained.
Azure Dragon (Qinglong) looked at each other in dismay.
They all understand.
At the time of the Tenshen Division, everyone felt that the Zhenmo Division was superior and invincible.
They always feel inferior.
Xiao Feng continued: "After the master showed his strength and beat everything, this sense of disparity disappeared naturally!"
"But at that time, Zhen Mo Si was going to kill Master! Everyone in Zhen Mo Si was our enemy, how could I still pursue her?"
Azure Dragon (Qinglong) nodded: "That's true! Not to mention that everyone in the Zhenmo Division is not good. At this juncture, if you communicate with them too often, it is likely to be used! Look at the leak of the whereabouts of the boss this time!"
Kirin (Qilin) patted Xiao Feng on the shoulder: "Well done! Otherwise, your kid will be used!"
"It's okay for children to have a long relationship, but don't affect the overall situation! After the matter of Zhenmo Division is over, let's see if you want to

continue pursuing it! You have to let it go for the time being!"
Xiao Feng nodded: "I understand!"
Seeing the backs of the five Azure Dragon (Qinglong) leaving, Xiao Feng broke
out in a cold sweat.
Almost.
The five Azure Dragon (Qinglong) people were just as vigilant as their master.
It's just that they mainly focus on cultivating their bodies now, and they won't
worry too much about other things.
Otherwise, with their vigilance, they would have found out about themselves and
Gong Qianqiu earlier.
Not wrong.
Even if the five Azure Dragon (Qinglong) had doubts, they would not care.
In addition, now, except for Levi Garrison, Xiao Feng is in charge of everything
big and small.
They still believe it.
Like Levi Garrison, they believe in everyone.
Why!
This is the second time I lied!
Xiao Feng lied again.
"But for the sake of the future, it's worth it! What is a lie?"
"Furthermore, I'm also doing good for both parties! Avoiding the fact that both
parties are already enemies if they don't meet!"
Xiao Feng comforted himself.
These are extraordinary times.
Xiao Feng checked all around the base camp.
Prevent outsiders from hiding.
Soon he came to the place where Levilia practiced.
At this time, not only Levilia, but also Zoey Lopez and others.
It turned out that Levilia was teaching everyone the exercises she created.
Crisis time after time, everyone understands that they must become stronger.
You can't rely on Levi Garrison for everything.
The fastest way to improve now is Levilia's practice.
Levilia is generous, teaching everyone the exercises.
Xiao Feng was about to stop it after seeing it from a distance.

After all, when Gong Qianqiu inspected this exercise for him, he went crazy.
He didn't want others to get hurt as well.
But he held back.
If you want to stop it, you have to expose the fact that you took the Levilia Gongfa.

If you don't practice, how can you know that this practice method will go crazy?
If this continues, don't you have to expose Gong Qianqiu?
With Master's sense of smell, he would immediately doubt it.
So in order to protect Gong Qianqiu, Xiao Feng still didn't say anything.
Even if someone practiced this kung fu to the point of becoming insane and
injured.
After all, in his mind, Gong Qianqiu is the most important.
Advertisement
Everyone else can only lean back.
However, Xiao Feng was still a little worried.
He didn't leave immediately, but hid and watched from a distance.
If anything happens, he can help.
Advertisement
Not completely ignored either.
Seeing this, he was a little stunned.
It seems that Levilia has taught Zoey Lopez their exercises for more than a day or
two.
Zoey Lopez and others have been able to use this technique proficiently.
At least it has reached the proficiency used by Gong Qianqiu at that time.
Doesn't this mean that they are going to go crazy?
After Gong Qianqiu has practiced to this step, he has gone crazy.
They are in danger…
Xiao Feng immediately became nervous and stared at the field.
Advertisement
Zoey Lopez and the others started to practice using the exercises.
Time passed by minute by minute.
five minutes.
ten minutes.
half an hour…

No one had an accident, let alone go crazy!
Ok?
Not right!
When Qianqiu used this practice method, he had already gone crazy.
wrong!
Where is the problem?
Qianqiu himself said that this practice was too overbearing.
Only the physique of Levilia can cultivate.
Whoever cultivates will go into the devil's way.
Why are there not the slightest problems with the cultivation of Shi Niang and
these people?
In terms of strength, they are not as good as Qianqiu.
Even compared with Qianqiu's spirit root spirit bone, it is far worse.
But why do they have nothing at all when they practice Levilia's exercises?
Are the exercises taught by Levilia different?
But he looked closely, and it was exactly the same in terms of operation and
otherwise.
What part went wrong?
Is it just that Qianqiu has become obsessed with practice?
No one else will!
It shouldn't be.
Xiao Feng observed for a while.
Even some beginners practice Levilia's exercise method, and it is unimpeded, and
there is no problem at all.
This is so wrong.
Shall I try it myself?
Since Gong Qianqiu went into flames and vomited blood that day, Xiao Feng left
Levilia's practice behind and never practiced it again.
Now he couldn't help but have the idea of giving it a try.
Soon, he came to the place where he cultivated by himself.
Start running Levilia's exercises.
"Buzzing…"
For a time, the surrounding spiritual energy and the elements of heaven and
earth were swallowed by him continuously.
Xiao Feng was very nervous and careful.
For fear of going crazy.

Soon he came to the link where Gong Qianqiu's practice had an accident.
He became more and more careful, for fear of an accident.
But what he didn't expect was that this link actually passed smoothly.
Go in a deeper direction.
Soon, Xiao Feng felt that everything in the world was gathering towards him.
He is the center of this world.
Absorbing the endless spiritual energy between heaven and earth.
Gradually discovered the mystery of Levilia Gongfa.
The techniques of qi refining he practiced were all aided.
And the law of the monarch is to own it.
In fact, Gong Qianqiu saw it thoroughly, that is, swallowing everything.
This method is not to absorb, but to swallow.
Just practicing the Levilia Gongfa for a while, Xiao Feng is improving wildly.
Xiao Feng is the most savvy and most talented among Levi Garrison's apprentices.
After running Levilia's exercises, it is even more powerful.
In just half an hour, Xiao Feng's strength has risen to a higher level.
Xiao Feng's face was full of disbelief.
I never thought that Levilia's practice was so mysterious, and it would not be as
domineering as Gong Qianqiu said to make people go crazy.
"God! This…"
In order to make sure not to go crazy, Xiao Feng practiced several times in a row.
There are none.
"Could it be that Qianqiu lied to me in the first place?"

A terrible idea popped up involuntarily!
Xiao Feng himself was startled.
"Xiao Feng, what are you doing? You suspect Qianqiu?"
Xiao Feng blamed himself.
I can't help but think.
So many people have practiced without going crazy.
Advertisement
It's just that Gong Qianqiu can't do it after practicing?
You must know that Gong Qianqiu is stronger than them.
How can it go crazy?

And her way of exercise is not extreme, it is exactly what he is practicing now.
Advertisement
Exactly the same.
He didn't get carried away.
How could Gong Qianqiu?
Gong Qianqiu also said that this practice is extremely domineering, and whoever
practices it goes crazy.
But he just practiced meditation.
Where is the domineering?
Not at all.
Of course, the speed of absorbing spiritual energy is indeed domineering!
Is it Gong Qianqiu's own problem or is she lying to herself at all?
Advertisement
Xiao Feng tried hard not to doubt Gong Qianqiu, but the idea came out involuntarily.
He couldn't control it at all.
Could it be that Gong Qianqiu wanted to practice this practice secretly, but was
afraid that he would doubt it.
Therefore, he created a drama of going crazy and let himself know that only
Levilia can practice this domineering technique.
I will never doubt that she will practice this technique again!
It is even possible that at the beginning, I suspected that the master was hiding
secrets, and Levilia's practice was the technique of refining Qi, and all of this was
guided by Gong Qianqiu.
The purpose is to obtain the exercises created by Levilia himself.
If this is the case, her purpose has been achieved.
From beginning to end, Gong Qianqiu just wanted to get Levilia's exercises.
These are all fake.
I was also intimidated.
I thought only Levilia could practice.
…
The more Xiao Feng wanted to put these thoughts behind him, the more he thought about it.
Like going crazy.
Can't doubt Qianqiu!

She is your woman!
How can you doubt her?
Xiao Feng, you are not human!
Xiao Feng blamed himself.
But these thoughts lingered in my mind.
He was going to despair.
The more he thought about it, the more he felt that Gong Qianqiu had deceived him.
right!
He set out to find evidence against this idea.
correct!
If Qianqiu really practiced Levilia's technique, then after so long, her strength should be at its peak.
But he almost met Qian Qiutian.
Although she has been getting stronger, she is still at a normal level.
It is far from the strength of a martial art like Levilia.
And Gong Qianqiu went crazy that day and it was true.
She doesn't lie.
Could it be so?
Can't the people from Zhen Mosi practice?
After all, what they have cultivated from the beginning is different.
The physique is not even the same.
They can't practice.
On the contrary, he and Zoey Lopez can do it!
Absolutely!
Another point, according to Gong Qianqiu he knew.
This is a very straightforward person.
If she really wanted to practice Levilia's exercises, she would tell herself bluntly.
Don't beat around the bush to do this kind of thing.
…
After some psychological struggle.
Xiao Feng finally convinced himself.
"Xiao Feng's family treats you like that, you are the most qualified to doubt them!"
"You should be the one who stood up to defend her when others doubted Qianqiu!"
Xiao Feng blamed himself fiercely.
Putting these thoughts aside, Xiao Feng began to practice.

Because of the re-running of Levilia's practice, he discovered a new continent.
He can get stronger.
Can catch up with Gong Qianqiu.
It can also contribute to the master, and even avenge the five Azure Dragon
(Qinglong) people.
Too bad I didn't know.
Otherwise, if he had cultivated earlier, his current strength would have reached a
very high level.
As a result, Xiao Feng was going to practice Levilia's exercises like a madman.
Just as he was cultivating vigorously, a voice came: "When did you learn Levilia's
practice?"
This sound almost scared Xiao Feng to death.
"Master?"

Xiao Feng turned his head to look, not knowing when Levi Garrison had appeared
behind him.
He hurriedly said hello.
"Huh? You can also do Levilia's exercises?"
Levi Garrison asked.
"This… it was passed on to me by Levilia, and she also passed it on to the mistresses to practice! I want everyone to be stronger and help you!"
Xiao Feng said immediately.
Advertisement
"Well, practice hard!"
"Levilia, this method is indeed suitable for you! It's not like my basic method!"
Levi Garrison patted Xiao Feng on the shoulder.
After watching Master leave, Xiao Feng gasped heavily.
Advertisement
Can not be done!
Now every day I live in fear, when will it go on like this?
End it as soon as possible.
He really wanted to introduce Gong Qianqiu to everyone.

Let her integrate into this big family as soon as possible.
And Gong Qianqiu, who he was thinking about, was making various arrangements.
…
the other side.
God Tianjian is still supernatural.

I actually contacted the Shadowguard.
"I want to know where the Three Saints of the North Pavilion were taken by you
that day?"
The person from the Shentianjian questioned.
The shadow guard smiled: "I think you all know our rules, you can't say who the
employer is…"
"I can only tell you that the Three Saints of the North Pavilion are dead!"
A few people in Shentianjian were surprised: "Ah? Dead? Then why did you hire
you to save us? We also wanted to kill the three saints in the North Pavilion. Our
goals are the same…"
Shadowguard shook his head: "That's unknown."
"Who the hell hired you, we'll pay ten times their price!"
God supervises everyone.
The shadow guard shook his head: "Every line has its own rules! Not to mention
we don't know who the employer is…"
"It's just that the way they approached us was clumsy, as if they weren't from the
Demon Suppression Division…"
Hearing this conclusion, everyone was shocked: "What? Isn't it a member of the
town magician?"
"Yes! It's also our guess! After all, there are many people in the town of demons
who know that we exist. If they want to find us, they must go through the ghost
market! But these people don't know the ghost market…"
Shen Tianjian immediately brought the message to Dugu Tuo.
"Isn't it a member of the Town Demon Division? Are our suspicions wrong?"
"Not from within us at all? From outside?"

Even Dugu Tuo was suspicious.
“There is such a possibility! The other party is confusing us, thinking that they are
insiders of our Town Magic Division!”
“In the past few days, we have conducted a large-scale investigation of the people in the Town Demon Division, and we have found no one!”
“I’m just wondering if we’re going in the wrong direction? It’s impossible that no
one can find it! Is there only one or two people in this force? Impossible!”
“It now seems that it is possible for external forces to control everything! Let’s
fight in the nest!”
…
Chinese analysis said.
Dugu Tuo was puzzled for a while: “External forces? Now we have a clear
understanding of the major forces in the world, and everyone is involved in the
game! Who can control everything?”
“By the way, I suddenly remembered that there is an external force!”
“Before the monkeys in the outside world put this force and us as two legends!”
“They are the Tianshi Mansion!”
…
When the name came out, there was an uproar in the audience.
“After the aura recovered from the outside world, Tianshi Mansion and us actually appeared in the outside world together. It’s just that after so long, there
is no information from Tianshi Mansion, don’t you think it’s strange?”
“There is such a tyrannical force that all of us have ignored, and no one has
mentioned it at all. Does this mean that this force can be hidden?”
Everyone analyzed.
Think about it.
Seriously terrified!
How did such a large force achieve stealth?
Why did no one dare to mention it?
“I think it’s this Tianshifu that controls everything behind the scenes!”
“Well, if this powerful force is deployed, then everything makes sense!”

Although Dugu Tuo was still suspicious.
But this force can do it all.
If you say that some unnamed people in the town magic department control all
this.
Who believes?
How is it possible to have this ability?
There must be a superpower behind everything.
Advertisement
Everything is reasonable.
As for the inside of the Town Demon Division?
There must be people for them!
Others are also very sure: "Of course they must have an internal response in the
Town Demon Division, otherwise they can't do it!"
Advertisement
"Their purpose is to disintegrate the inner layers of the Town Demon Division,
and as a result, they didn't expect the Town Demon Division to be unified."
"Now they can only provoke a conflict between us and Levi Garrison, and let us
both kill and die, so they can take advantage of the fisherman!"
"Beijing actually doesn't have anything under this circumstance…"
…
Everyone understands.
Next, the people in the Suppressing Demon Division who were found were all the
inner responders of the Tianshi Mansion.
The ancestor of the East Pavilion said: "I now judge that the top ten talents and
the four town pavilions have been robbed by them."
"What do the three saints in the north pavilion say? What's the use of the three
saints in the north pavilion?"
A question was raised.
Advertisement
"Of course it's the Beige Zhenge artifact and all kinds of secrets! The Beige Three
Saints know almost all the secrets of the Zhenmo Division."

“In that case, doesn’t it mean that the bodies of the Three Saints of the North
Pavilion can be found in the Tianshi Mansion?”
Dugu Tuo immediately ordered: “Send someone to go to the Tianshi Mansion to
check and see if there are any corpses of the Three Saints in the North Pavilion!”
“The next focus will be shifted! Send half of the staff to investigate the Tianshi
Mansion!”
…
No one would have imagined that the investigation of the Shen Tianjian would
change its target so quickly.
All of this is actually under Gong Qianqiu’s control.
The Shadowguard was also arranged by her.
Although the Shadowguards can’t control them, they follow the rules very much,
as long as they give them what they want.
Then they will work for you.
Gong Qianqiu asked them to deliberately disclose information to the Shentianjian.
Guide Shen Tianjian to think about Tianshifu.
Then she left many more clues.
Next, Gong Qianqiu met with some people from the major factions of the Zhenmo Division alone.
These are the people she controls.
Many used the same method as Xiao Feng, fascinated them, and died.
As long as Gong Qianqiu said a word, they were willing to die for Gong Qianqiu.
“It’s time for me to need you… Of course you don’t have to help, I’ll find someone else.”
…
Gong Qianqiu said the same thing to everyone.
And he didn’t hide it, he probably told them what to do.
It’s the back of the pot!
Say it directly!
Instead, these people felt that Gong Qianqiu was sincere, and immediately agreed.
Gong Qianqiu asked them to do whatever they wanted.
These people have been carefully selected by Gong Qianqiu, and their love for

her is already terminally ill.
Each one is no less than Xiao Feng.
Even if she knew what she was going to do, she would stand by her side without
hesitation.
I have to say that Gong Qianqiu is too scary.
Obviously not a force, but there are so many people working for her!
More than that.
Gong Qianqiu also knew that the North Pavilion intelligence team was serving
Levi Garrison.
"Just in time, let me give Levi Garrison a message too!"
Gong Qianqiu smiled.
In the past two or three days, Gong Qianqiu arranged everything.
"The bureaus I set up are enough for Levi Garrison and Shentian to monitor for a
while!"
"This is enough for me to complete the root bone transplant!"
"The one who should be comforted the most is Xiao Feng!"
This time, Gong Qianqiu took the risk to see Xiao Feng.
It caused Xiao Feng to hallucinate again and became more dependent on Gong
Qianqiu.
Even more tightly tied his heart.
"Xiao Feng, after everything is over, I will give you a baby!"
Gong Qianqiu's words before leaving completely locked Xiao Feng.
He immediately looked forward to the future.
And more and more guilty.

Gong Qianqiu is like this.
He still doubted her before?
Xiao Feng swore that no one could slander Gong Qianqiu in the future.
If anyone else wants to slander Gong Qianqiu, he will go all out.
Even if this person is Levi Garrison!
Gong Qianqiu is above everything in his mind.
Advertisement
Whoever slanders, whoever dies!
After comforting Xiao Feng easily.
Gong Qianqiu went to the corpse pit.
Time is up.

The Bone Master is all done.
Just waiting for Gong Qianqiu to transplant the root bone.
Of course, before leaving, Gong Qianqiu also arranged everything in the West
Pavilion.
In the mass grave.
The bone master has refined a pair of devouring spirit bones that are very close
to Levilia.
Much better than Gong Qianqiu imagined.
It is mainly Chu Qingshuang's spirit root spirit bone, and the other nine legendary
spirit root spirit bones of Tianjiao are made of wear-resistant powder.
Even if it's not as good as Levilia's, it's not too far behind.
In addition, Gong Qianqiu has found the correct way to use the exercises.
Advertisement
For her, it was enough.
Gong Qianqiu will also transplant the root bones in front of the top ten talents,
completely destroying their hearts.
The top ten arrogances who were indifferent to everything at first, but now they
are not calm.
One by one went mad.
They were once again devastated inside.
"this……"
The three of Xu Qingya were also a little disappointed.
Originally, they expected that Levi Garrison would find him before Gong Qianqiu
transplanted the root bone.
It was still too late.
Look at Gong Qianqiu's confident look.
Xu Qingya had expected that Gong Qianqiu must have arranged everything.
For the time being, Levi Garrison and the others couldn't find it here at all.
hiss!
They gasped.
If Gong Qianqiu's root bone transplant is completed, will no one be able to stop
her?

After she devoured enough power, will Levi Garrison be her opponent?
Not necessarily.
Anyway, she knew that after the root bone transplant was completed, Gong
Qianqiu would truly be reborn!
The strength will reach an unprecedented level!
All preparations for root bone grafting are completed.
There were actually five bone masters involved.
People once again have to marvel at the power of Gong Qianqiu.
He even raised a bone master privately.
Soon after, the root bone grafting began.
The top ten geniuses are getting more and more crazy.
They couldn't accept that their spiritual roots and bones were transplanted into
other people's bodies.
The key is that the spiritual roots and bones of ten people are all transplanted
into Gong Qianqiu's body.
Xu Qingya could only pray that Gong Qianqiu would fail.
…
the other side.
The intelligence department of the North Pavilion told Levi Garrison the information.
"What? Shen Tianjian is checking the Tianshifu? Do you suspect that the Tianshifu
is behind everything?"
Levi Garrison was a little stunned.
If you think about it, it is indeed possible.
Can play all parties in the palm of your hand.
For the most part, it is a great power.
Think about it, how could some unknown people in the town of magic be able to
do it?
But Levi Garrison frowned.
According to his last inquiry, there is a high probability that it will be the person
from the West Pavilion.
But suddenly came to the Tianshi Mansion.
Not much is known about Tianshi Mansion.
But Tianshi Mansion is really possible!
But it's impossible!
After all, Levi Garrison couldn't imagine the motive of Tianshifu.

And for such a long time, the Tianshi Mansion has stopped him at the beginning.
At other times there was no movement.
Could it be used to block a gun?
This just found a little movement, just made progress, and the Tianshifu came
out?
This is not normal!
Levi Garrison suspected that it was the other party's smoke bomb.
The reason why Shentianjian did not suspect it was a smoke bomb.
The reason is the Tianshi Mansion that they analyzed by themselves.
Instead of Levi Garrison, someone told him directly.
In this way, Levi Garrison must be suspicious.
"Then you can go check it out, I'll still check Xige!"
Levi Garrison adopts a two-pronged strategy.
Do both.
"Could it be that this force has made a big move? It's the smoke bomb?"
"I'll go to the West Pavilion to see…"
Levi Garrison set off.
The Return of the God of War [The
Protector] Chapter 3619

Levi Garrison did not enter the West Pavilion openly and aboveboard, but sneaked in.
With his strength, no one would find out.
He wanted to find out everything in the West Pavilion as soon as possible.
Let's see if anyone in the West Pavilion has left, or if there is a big move.
This is what Gong Qianqiu did not expect.
She never thought that Levi Garrison would be so firm, so she directly confirmed
the West Pavilion.
Advertisement
The key is that the way Levi Garrison got the information from the Tianshifu
seems too simple.
If he found it himself, he might still believe it.
But this message is more like someone fed it directly to the mouth.
This made Levi Garrison doubtful.
Advertisement
Therefore, he is still firmly in the West Pavilion.
Tianshi Mansion is just a smoke bomb.
However, Shen Tianjian is naturally looking for Tianshifu.

Today, the appearance of Tianshi Mansion is no secret.
Everyone knows the main activity area of Tianshi Mansion.
The people sent by the Shentianjian soon came to this area and began to inquire
about the Tianshifu.
Gong Qianqiu deliberately left clues nearby, of course, making it difficult for
Shentianjian to find it.
If it's easy to find, it's a bit too deliberate.
The clues that Gong Qianqiu left behind will only allow them to find out little by
little.
Advertisement
At this moment, Shen Tianjian also discovered something inside the Zhenmo
Division.
"I found it! I found the inner response of the Tianshifu in the Town Demon Division!"
"At present, four main personnel have been arrested!"
"Yang Zhe from the West Pavilion, Zheng Feng from the South Pavilion, Chen
Hesheng from the East Pavilion, Wang Xingyu from the Middle Pavilion…"
The speed of Shen Tianjian is still fast.
The person who was arranged by Gong Qianqiu was found.
These people are willing to die for Gong Qianqiu.
Gong Qianqiu said what they did.
Now let them admit that they are spies of the Tianshi Mansion, and they have no
complaints!
Now God Tianjian is convinced of this.
Because the identities of the four are considered to have a certain status in the
Sifang Pavilion, not too high, but not too low.
This is the most suitable for introspection.
The masters of the Shentian Supervisor captured the four and escorted them to
the former site of the Town Demon Division.
This time Dugu Tuo came to interrogate himself.
"Dugu Tiansi has found evidence of the four people's contacts with the outside
world and how they communicated…"

Soon, others will find evidence one by one.
This further confirmed the fact that Yang Zhe and the four of them colluded with
the Tianshi Mansion.
"Bold! As a member of the Town Demon Division, he actually colluded with
outsiders!"
"Can you admit to collaborating with the Tianshi Mansion?"
Dugu Tuo's powerful coercion struck.
Almost crushed the four of them into mashed meat.
However, the four of them stood firm.
"What if you admit it? Kill us!"
The four of them will admit it for Gong Qianqiu.
Now they just want to beg for death to prove their love for Gong Qianqiu!
"It must be easy to die! But I won't let you die until you tell me!"
Dugu Tuo sneered.
"Speak! Tell everything about your collusion with the Tianshi Mansion!"
It's just that the four Yang Zhe are all in a state of begging for death: "We won't
say it, kill us! Even if we say it, we will die, it is better to kill us directly!"
"Okay, I have a way for you to explain everything!"
Dugu Tuo ordered: "Come here, take them to the Law Enforcement Prison! Let
them taste the most severe torture of my Town Demon Division, I won't believe
it or not!"
Hearing this, the four of them looked terrified.
The Law Enforcement Supervisor is the institution in which the Town Demon
Division is in charge of punishment.
There are all kinds of strange torture inside.
Anyway, no one who was sent to the law enforcement prison could come out
completely.
Soon, the four were escorted to the law enforcement prison.
Dugu Tuo began to wait for the message.
"Tougu Tiansi, and about 20 people have all been arrested, and they are all on
their way!"
"The characteristics of these people are also very obvious, their strength is not

very strong, and they are easy to be ignored. But most of their positions are to
control intelligence and the like."
The subordinates came to report.
"good very good!"
Dugu Tuo was clearly satisfied.

In such a short period of time, he had taken all the contents of the Tianshi Mansion.
"If our path is right, we've caught the big guy!"
"It will soon be clear that those people in Tianshi Mansion are controlling!"
Tokuto said.
But soon the news came…
"Dugu Tiansi is not good, all the inner should be killed on the way to delivery!
There is a mysterious master who shot in the dark, killing the inner should one by
one!"
Advertisement
"They move too fast, and our people can't stop it at all!"
…
"What? Neiying is dead?"
Dugu Tuo's face changed greatly.
Advertisement
He realized something and immediately exclaimed: "Hurry up! Those four people
were in danger just now!"
He hurried to the location of the law enforcement supervisor.
Soon came to the door of the law enforcement prison.
As a result, four bodies were seen.
All four Yang Zhe were killed.
"Who did it?"
Dugu Tuo asked coldly.
"Dugu Tiansi is too fast, they are all assassins!"
"It seems to be the killer of Yan Luodian!"
Advertisement
"Yes, I also feel that it is the killer organization of Zhen Mosi!"
At this time, people from other places also came.
All their escorts were killed.

“It can be roughly determined to kill Yan Luo Temple, Seven Kills, Hongye, these
killer organizations! They shot too fast, and they disappeared after killing people!
This is a premeditated plan!”
Some people began to ask suspiciously: “Dugu Tiansi, isn’t he from Tianshifu? You
see it’s the killer organization of Zhenmosi!”
“Yes, this has nothing to do with Tianshi Mansion, right?”
Everyone began to doubt.
Dugu Tuo glared at them: “If you were from the Tianshi Mansion, would you come
to kill people in an upright manner?”
“It’s the most correct thing to hire a killer from the Town Demon Division!”
Everyone just understood.
Originally, the suspicion of Tianshifu was fifty percent.
Now after these two things, it has come to 10%.
It is roughly determined that it is Tianshifu.
“Tianshifu is good! Dare to move the Demon Suppression Division? You are
courting death!”
Dugu Tuo was angry.
“Then what should Tiansi Dugu do? Go directly to the Tianshifu?”
The others asked.
How can the people in the town demons endure this?
“no!”
“This matter has to be discussed, and we have to continue to investigate! These
are not enough to be sure! What if we make a mistake?”
“What’s more, if we start a war, will Levi Garrison come to deal with us? What
about other forces?”
“As far as I know, the strength of this Tianshi Mansion may not be inferior to us at
all! If we force a war, we can only lose both!”
…
“Now our purpose is to first determine whether it is Tianshifu! We need all-round
evidence to prove this!”
Dugu Tuo is also a cautious person.
Although there is already a lot of evidence.

But he still didn't believe it.
Need to be 100% sure.
"Let's see if we can find anything around Tianshifu…"
Next, Dugu Tuo stepped up the search.
Two days later.
Sure enough, there are results.
The bodies of the Three Saints of the North Pavilion were found around the
Tianshi Mansion.
This time, the entire town magic division was shocked.
It turned out that the Three Saints of the North Pavilion were really captured by
the Tianshi Mansion.
Still a corpse.
When the body of the three saints in the north pavilion was brought back.
The whole town magic department is going crazy.
Looking at the corpse, it was obvious that he had been brutalized before his
death.
One by one is about to become a mummified corpse.
This time, everyone believes that seven seven eight eight.
The basic mountain must be determined to be Tianshifu.
"Not only that, they even sucked the power of the Three Saints of the North
Pavilion? This…"
Dugu Tuo said coldly.
the other side.
Levi Garrison also received the news that the corpses of the Three Saints of the
North Pavilion were found around the Tianshi Mansion…
"Huh? Something's wrong! If I were this faction, I would definitely burn the
bodies of the Three Saints of the North Pavilion…"
Levi Garrison was suspicious.

Throw it aside so openly?
Not quite logical.
Unless there is only one possibility – that the Tianshifu is overconfident and

never thought that someone would find them.
But the chances are still small.
Judging from the behavior of this force during this period.
They are careful and control every detail.
Advertisement
Definitely not just throwing the corpses of the Three Saints of the North Pavilion
outside.
This is most likely a problem.
Maybe it's a calamity!
And it's very likely.
Advertisement
He was still staring at the West Pavilion.
Look at it like this, throwing smoke bombs is to attract the attention of himself
and Shen Tianjian.
Then this force must have taken action, and something must be brewing.
Absolutely!
Levi Garrison felt as if he had caught something.
But at the same time uncertain.
Just keep an eye on the West Pavilion.
Unlike Levi Garrison, Shentianjian discovered all clues by himself.
So they are unlikely to be suspicious.
Advertisement
Especially when the evidence is in front of you.
In addition, the inner should also be found.
Are they unbelieving?
"Next, everyone will focus on finding the whereabouts of the top ten talents and
the four artifacts of the town hall! If it is them, I believe there will be an answer
soon."
"Remember, be stealthy. Don't let them know we're looking for them!"
"Before, we were all secretly searching outside, but this time we're going to
infiltrate the Tianshi Mansion!"
…
In order to be safe, Dugu Tuo personally selected personnel to search.
"If it is really the Tianshi Mansion, then we can unite with Levi Garrison and
destroy the Tianshi Mansion first!"
Dugu Tuo has already begun to think about the follow-up.

“Ah? Joining with Levi Garrison? Will he agree?”
Everyone was shocked.
Dugu Tuo smiled: “You might as well know Levi Garrison better than me, although I have never had direct contact with him!”
“Levi Garrison is a person who can’t tolerate sand in his eyes! If Tianshifu really
calculated him like this, he would never agree!”
Others immediately said: “Yes, and Levi Garrison’s sword was also stolen. If he
finds it, he will never let it go.”
“If we want to unite, it’s still very easy! Even when Levi Garrison and Tianshifu
will both suffer, we will take advantage of the fisherman!”
“That’s true…”
Everyone reacted.
Gong Qianqiu’s move is still brilliant.
It really diverted the attention of both parties.
Now she is quietly transplanting the root bone.
Everything is going well so far.
Gong Qianqiu’s root bone has just been removed, and the new swallowing spirit
root spirit bone is about to be transplanted to her body.
Xu Qingya and the others witnessed all this process.
Now has come to a critical stage.
The three of Xu Qingya only thought that at this time, Levi Garrison came to find
it, or Gong Qianqiu failed to transplant the root bone!
Just as Gong Qianqiu said, God has always been on her side.
All luck is on her.
Levi Garrison didn’t find it.
No accident happened.
Everything is going in a good direction.
Although the bone master is not involved in the root bone transplantation, you
can visit the whole process.
It’s like looking at art.
“Suppressing Demons! The Great Demon King is about to be born, and your
catastrophe is coming! Hahaha…”
The Bone Master began to burst out laughing wildly.
Although Gong Qianqiu said hello in advance.
But Xiao Feng still wants to meet and talk with Gong Qianqiu all the time.

After all, his dependence on Gong Qianqiu is getting deeper and deeper.
He still couldn't hold back and contacted Gong Qianqiu directly.
But can't get in touch.
Gong Qianqiu never replied to him…
This is not right.
Could it be that something happened to Qianqiu?
Xiao Feng's first thought was this…
After all, the last time Gong Qianqiu contacted him, it looked very wrong.
As if something was going to happen.
Xiao Feng didn't care at that time.
Now that I'm thinking about it wrong, this may be an accident.

no!
I have to check it out!
Xiao Feng was worried, but when he was about to leave.
Gong Qianqiu came here to move, and used a special method to ask Xiao Feng
what happened.
Xiao Feng immediately expressed all his worries and thoughts.
"Ho ho…"
Advertisement
Xiao Feng never thought that the person who contacted him on the opposite side
was not Gong Qianqiu.
But a man!
It is also Chu Wu, Gong Qianqiu's most effective assistant.
He is now temporarily in charge of all other affairs of Gong Qianqiu.
Advertisement
He is absolutely loyal to Gong Qianqiu.
Hearing Xiao Feng express his thoughts of these, Chu Wu immediately laughed.
"Look at this licking dog! Tsk tsk…"
"I really thought Qianqiu could be with you? Stop dreaming!"
"I don't even dare to think about her, she will be a top powerhouse in the future!"
…
However, Chu Wu still imitated Gong Qianqiu's tone to communicate with Xiao
Feng.

This was arranged in advance by Gong Qianqiu.
Let Chu Wu replace herself and communicate with the men she controls to prevent accidents.
Advertisement
And Xiao Feng is not the only one.
In the past half a day, Chu Wu has communicated with more than a hundred
people.
One by one, they were all fascinated by Gong Qianqiu.
Therefore, Chu Wu's task is also very heavy.
However, Xiao Feng is the key target, so he naturally wants to communicate
more and contact more.
He even had to go round and round to know some information about Levi Garrison.
Taking comfort from "Gong Qianqiu", Xiao Feng felt full of strength and continued to practice.
And Chu Wu came to comfort others…
Chu Wu was also a member of the West Pavilion.
He is also the son of Chu Changkong, the lord of the West Pavilion.
At his residence, no one else dared to approach.
Although the major factions have been secretly investigating recently.
But no one will find him here.
Finally, why Chu Wu willingly followed Gong Qianqiu, that is Gong Qianqiu's
method.
At this moment, Levi Garrison is in the West Pavilion.
Conduct a secret search.
It came to Chu Wu's residence.
He found that this person was using a secret communication method of Zhen
Mosi to communicate with outsiders.
In a short period of time, he was actually contacting dozens of people?
"Ok?"
This had to make Levi Garrison suspect.
Obviously, this is sending information to the outside world.
There's definitely something wrong with that.
Now Levi Garrison has a general understanding of the people in the West Pavilion.
"This is Chu Wu, the son of the Lord of the West Pavilion!"
"This identity is better hidden!"

“He is not a senior member of the West Pavilion, but he can always get in touch
with the senior management of the West Pavilion, and he knows some big secrets!”
…
Levi Garrison began to analyze.
But he felt that this man was not the mastermind.
It was too careless.
It’s easy to expose yourself.
There should be someone behind him…
Someone is controlling everything.
But there are people behind him, and it should be said that his identity must be
one level higher than him.
But this is not in line with what Levi Garrison guessed at the beginning.
If the status is too high, it will not work.
An identity like the Lord of the West Pavilion should be the limit.
“However, I’m eyeing you… I’ll find out what you’re doing…”
Levi Garrison sneered.
Next, he will interrogate Chu Wu and the people who contact him.
No one thought of this.
Especially Gong Qianqiu.
His right-hand man is exposed.
Time passed little by little.
There are more and more clues searched by Shentianjian.
Everything points to Tianshifu.
Levi Garrison also conducted a comprehensive investigation of Chu Wu.
However, Chu Wu was still careful and left no evidence.
It is still difficult for Levi Garrison to inquire.
A long search is also required.
And here is the corpse pit.
After the efforts of the five major bone masters, the devouring spirit bone was
finally transplanted into Gong Qianqiu’s body.
For the time being everything is normal.
“Only the last step, as long as the spiritual roots and bones start to run in your
body, it will be a success!”

Everyone began to look forward to this moment.
Master Bone watched without blinking.
Xu Qingya and the others also watched nervously.
But they expect failure!
They really hope that Gong Qianqiu will fall short at this moment.
However, God is really on Gong Qianqiu's side.
Advertisement
Levi Garrison didn't even come here at this time!
It didn't fail either!
In the end, the Devouring Spirit Root Spirit Bone was perfectly fused into her
body and started to run.
fit!
Advertisement
This is the benefit of devouring the attribute root bone.
After other root bone transplants, it takes a lot of time to get used to.
For example, the one who transplanted the root bones of the five Azure Dragon
(Qinglong) people has not shown up for a long time.
Just to get used to the roots.
It's not something in your body after all.
It is different to devour spiritual roots and bones.
There is no adaptation process.
You just devour energy directly is adaptation!
Therefore, the last step is relatively easy and simple.
Advertisement
Soon after, Gong Qianqiu recovered.
"Hahaha… I succeeded!"
Gong Qianqiu laughed wildly.
Master Bone stared at her nervously: "Are you feeling any discomfort?"
Gong Qianqiu felt it carefully, and said in surprise: "No! I feel that the swallowing
root bone and my body have been perfectly fused together!"
"I don't need to adapt at all!"
"what?"
The Bone Master and the others were stunned.
Is this too fast?
Although devouring spirit root spirit bones does not require adaptation.
Can it be perfectly integrated?
horrible!
"By the way, it must be the reason for your cultivation technique, which is why it

is so suitable for swallowing the spirit root and spirit bone!"
The bone master immediately found the reason.
Gong Qianqiu nodded: "It should be so! I have practiced this technique for a long
time, so that my physique has the attribute of swallowing, which is suitable for
swallowing the spirit root and bone!"
"Hurry up and show…"
The Bone Master is already impatient.
The others were also staring intently.
"it is good!"
Gong Qianqiu's eyes froze.
One-handed move.
The Suppressing Demon Sword, the artifact of the town pavilion, has already
come to her hands.
She started to devour.
"Buzzing…"
For a time, the Demon Suppressing Sword began to vibrate.
All the inner essence was swallowed by Gong Qianqiu.
And the speed of swallowing is dozens or even hundreds of times faster than the
speed of Gong Qianqiu before.
Just crazy! ! !
You must know that the Demon Suppression Sword contains the skills of the
predecessors of the past dynasties and the blessings of various powers.
Terrifying to the extreme.
As far as the power sealed in the Demon Suppression Sword is concerned, it is
much stronger than the combined power of the three saints in the North Pavilion.
After all, they also have to rely on the artifact of the town pavilion.
But now, with a Demon Suppression Sword, Gong Qianqiu devoured it in a few
seconds.
This town pavilion artifact instantly became scrap metal.
And Gong Qianqiu's momentum has been raised by another level.
The sky above the corpse pit is already a gathering of storms, the thunder bursts,
and the sky turns bloody.
There were even the faint voices of thousands of injustices struggling.

too strong!
Gong Qianqiu's strength has already aroused the anger of heaven and earth.
However, this is only the beginning.
Gong Qianqiu continued to devour.
Nine Heaven Bow.
Heavenly Gun.
God weeping knife.
One after another, the artifact of the town pavilion was swallowed by Gong
Qianqiu.
This is stunned.
This is too scary.
After devouring the four artifacts, Gong Qianqiu's strength has reached another
level.
The Bone Master was stunned.
With this kind of strength, according to his understanding, since ancient times,
there have been no more than five in the entire town.
Four have passed away, and now only one remains.
It is the Suppressing Demon Division Tiansi, the first person in the Suppressing
Demon Division.
But this is just the beginning of Gong Qianqiu.
Soon she could devour more.
It is easy to surpass the five strongest people in the history of the town magic
division.
Now, if Tiansi does not go out, Gong Qianqiu will kill him casually.
Gong Qianqiu felt that he was a god.
omnipotent.
Has the power to subvert everything!
The whole human nature has also changed a lot.

However, Gong Qianqiu was originally very calm.
Even calmer than many older guys.
If other people gain such a powerful power at one time, I am afraid that they will

not adapt.
But Gong Qianqiu didn't feel uncomfortable at all.
As if this kind of power was originally within her reach.
She already has that confidence.
Advertisement
"Have you seen it? I am the real genius! You are all trash!"
Gong Qianqiu shouted at the top ten Tianjiao.
There was a hint of anger in the lonely look of the top ten talents.
Everything they are proud of is now completely on Gong Qianqiu.
Advertisement
"But don't worry, I will chase for you what you want to chase! I want you to live
well! Come and witness the moment I reach the top…"
Gong Qianqiu looked at Xu Qingya and the others again: "You can live longer!
After all, you are the ones who witnessed my growth in the first place! I am
reluctant to let you die!"
The bone master also began to fantasize about his crazy plan to take revenge on
the town magician.
"Upgrade! Raise crazy! Absorb everything here!"
The bone master also laughed wildly.
Gong Qianqiu didn't stop, she planned to swallow all the Yin Qi of the Thousand
Corpse Pit.
Further boosting power!
"Boom…"
As soon as Gong Qianqiu devoured the practice, the yin qi that had gathered in
the corpse pit for unknown years was devoured wildly.

improve!
Crazy improvement!
Gong Qianqiu's aura continued to rise, as if a demon was born.
Everyone was stunned.
How could such a body contain such terrifying power.
The Yin Qi of the Thousand Corpse Pit is like a tsunami of rivers, and it continuously gathers into Gong Qianqiu's body.
horrible!
fear!
"Crack! Kick!"

Because Gong Qianqiu is too strong, the surrounding magnetic field has changed.
One after another lightning flashed around her.
This is the discoloration of heaven and earth!
In a short amount of time, the Yin Qi in the Massacre Pit was completely swallowed up.
The corpse pit, which was originally the head of the Seven Jedi, turned into a
pure land at this moment.
Even if the bones are everywhere, even if the resentment has accumulated for a
long time.
But after you see it, you won't be afraid at all.
"Crackling…"
Gong Qianqiu's body is still entwined with electric light.
Her eyes are like the ups and downs of stars, and the scene of the reverse of the
universe is being staged.
Heaven and Earth were even more furious.
Dark clouds, lightning and thunder, and heavy rain, as if the end of the world is
coming.
Lightning bolts converged on Gong Qianqiu.
A series of thunderous sounds exploded directly beside Gong Qianqiu.
The anger of heaven and earth seems to be mixed with Gong Qianqiu.
Her power has already caused the anger of heaven and earth.
It has reached the point where it affects the magnetic field and the force field.
"Hahaha……"
"my God!"
When Master Bone saw this scene, he was dying of joy.
In his understanding, Gong Qianqiu was too powerful and wanted to break the
shackles of cultivation, so it caused the anger of heaven and earth.
The last such person was Zhen Mo Si Tiansi.
It's what he saw with his own eyes.
"Ha ha ha ha……"
"If you continue like this, who can be your opponent?"
shouted the bone master.
Gong Qianqiu also laughed wildly.
Now she feels like a black hole.
Can devour all stars.

There is so much energy in her small body.
Gradually, the violent scene around her gradually calmed down.
Everything is gone.
The terrifying power of Gong Qianqiu seemed to have disappeared.
"Ok?"
The Bone Master was stunned.
How is this going?
Gong Qianqiu has clearly reached a very high level.
result?
It looks like a normal person now.
Seeing his doubts, Gong Qianqiu explained: "This is the mystery of the cultivation
method. It uses the elements of heaven and earth, and at the same time, it can
balance the power with the heaven and the earth. So I look like an ordinary
person."

fear!
Just horrible.
If this goes on, who can be Gong Qianqiu's opponent?
The top ten Tianjiao closed their eyes.
At this moment, they were completely desperate.
As for Xu Qingya, the three also called out.
Advertisement
Everything is too late.
Even if Levi Garrison and Shen Tianjian discovered that Gong Qianqiu was useless
now.
Even if Gong Qianqiu is not an opponent, there is absolutely no problem in
escaping temporarily.
The most terrifying point is that Gong Qianqiu can continue to devour and grow.
Advertisement
The way she gains power is too simple.
It's too easy for her to get stronger.
It is estimated that in one night, she can still be reborn.
This is the most powerful place in Gong Qianqiu.

It's over now.
No one can help her.
When Gong Qianqiu came out of the mountain, it was time for the chaos in the
world.
"Do you know what I want to do most now? I just want to fight Levi Garrison! See
how far I am from him!"
Gong Qianqiu said expectantly.
Advertisement
"Is this Levi Garrison so strong? You are so strong, and you are still afraid of him?"
The bone master asked in surprise.
"Yeah, I'm still a little afraid of him! According to my estimation, he is still
stronger!"
Gong Qianqiu's mind is still the picture of that battle.
The top ten arrogances have pushed the four great town pavilion artifacts to the
extreme.
Almost all his strength was exerted, but he was still beaten by Levi Garrison.
He is not afraid of the four sacred artifacts at all.
Therefore, Gong Qianqiu knew that he was still far from Levi Garrison.
"Then he's too scary!"
The Bone Master took a deep breath.
Gong Qianqiu picked up the divine robbery again and said with a smile: "This is his
weapon, but it is stronger than the four great artifacts! If the power of this sword
is to be exerted enough, it will be enough to destroy the world!"
"But that's it, this weapon is like a tool in his eyes. How powerful do you think he
is?"
Master Bone couldn't help shivering.
Gong Qianqiu nodded: "So I still need to keep improving before I can fight
against it!"
"But now that I'm like this, am I afraid that I won't be able to catch up with him? I
don't believe it, he's improving faster than me?"
After Master Bone understood this, he immediately began to laugh.

“That is indeed, your speed of improvement is the first person in history!”
“I don’t ask you anything else, I just ask you to stir up the Zhenmo Division! Leave
the Heavenly Medical Supervisor to me, and Yufeng to me!”
The bone master has been very much looking forward to Gong Qianqiu’s stirring
of the Zhen Mosi.
“Okay, I’ll go outside to check the situation first!”
The people arranged by Gong Qianqiu immediately gathered to explain the
situation to her.
Gong Qianqiu smiled after knowing that the Gods and Heavenly Supervisors were
staring at the Tianshi Mansion.
It seems to really work.
Diverted everyone’s attention.
Make sure she’s done with the root bone graft now.
Now, she is not afraid of anyone.
Without meeting Levi Garrison and Zhenmo Si Tiansi, no one can really help her…
“By the way, put the blame on the four major town hall artifacts to the Tianshifu!”
Gong Qianqiu ordered.
“clear!”
Now the four town hall artifacts have become scrap iron.
If anyone finds out, it must be believed that Tianshifu has sucked out the essence
inside.
“Wait a minute, you guys can use some tricks to let Tianshifu find the people of
the Shentianjian. It’s best to let the two sides fight, and then intensify the contradiction first!”
Gong Qianqiu asked again.
Next, Gong Qianqiu will go to the West Pavilion.
After all, she had disappeared for several days.
What’s more, she wants to ask Chu Wu and others how they are doing.
The important thing is to know through Xiao Feng what Levi Garrison is doing
now…
Are you also investigating the Tianshi Mansion?
Levi Garrison has been eyeing Chu Wu for several days.
There is a lot of general information.

Now it has been determined that Chu Wu is a member of this force.
And just now Levi Garrison made a major discovery.
Xiao Feng actually knew Chu Wu…

Protector] Chapter 3626

At that time, at the time of Tenjinji.
Xiao Feng had dealt with Chu Wu.
Of course it was because of Gong Qianqiu.
Chu Wu came to the outside world as a representative of the West Pavilion at
that time.
Last time Xiao Feng said that he bragged about leaking his whereabouts so that
others could hear.
Now Levi Garrison has a look.
Advertisement
Sure enough, this message was spread in the town magic department, and it had
an inseparable relationship with Chu Wu.
Although the Town Demon Division has checked who spread this information,
they are headless flies, looking everywhere.
Levi Garrison is now a clear target, and then finds it, so it is easy to find.
It's all right.
Advertisement
Levi Garrison also sent a message to Xiao Feng, asking him about Chu Wu.
This frightened him quite a bit.
I never thought that Master went directly to the West Pavilion to check, and even
stared at Chu Wu.
Chu Wu's identity, he knew.
Closely related to Gong Qianqiu.
At first, he treated Chu Wu as a rival in love.
After all, Chu Wu's strength and identity matched Gong Qianqiu's.
Oneself is far from enough.
But later he found out that Gong Qianqiu didn't like Chu Wu.
Advertisement
This reassured him.

However, the master is now investigating Chu Wu, will he find Qianqiu's head?
Xiao Feng began to panic.
However, he still told Levi Garrison everything he knew.
He is now praying not to find Gong Qianqiu.
Although this matter has nothing to do with Gong Qianqiu.
But once Chu Wu's words are found, Gong Qianqiu may be exposed.
So everyone will treat Gong Qianqiu as an enemy!
After Gong Qianqiu came out of the corpse pit, he soon discovered a phenomenon.
When Shen Tianjian tried his best to inquire about Tianshi Mansion, Levi Garrison
didn't have any information.
Just let the people from the North Pavilion go to check.
He doesn't seem to know where to go…
This is a problem.
correct!
Levi Garrison got the information passively, while Shen Tianjian actively found
the information.
This is fundamentally different.
Levi Garrison must be suspicious.
It is even good to judge that this is a smoke bomb, used to divert attention.
With Levi Garrison's wisdom, how could he not find the problem?
Even if he found it himself, he might be suspicious.
Now it's just that he deliberately leaked it to the North Pavilion Intelligence
Team, Levi Garrison will never believe this information!
It's a bad thing!
What if Levi Garrison really finds out.
That would be a big trouble.
I still don't have the ability to deal with him for the time being!
Although she is not so afraid of Levi Garrison now.
But for the time being, it is better not to have direct contact.
It's better to hide your identity and be a nobody, without any pressure.
It would be uncomfortable to be stared at by Levi Garrison all the time.
It will limit your development to a great extent.
"Let's ask Xiao Feng what's going on first!"
Gong Qianqiu then contacted Chu Wu in a secret way, telling him that he did not
need to contact Xiao Feng for the time being, or even other people, and asked

him to gather at a secret location.
She's already out.
Don't give the whole series to the two of them.
What Gong Qianqiu didn't know was that Chu Wu had been stared at by Levi
Garrison.
Although she contacted Chu Wu by secret means.
But this happened to be discovered by Levi Garrison.
I immediately knew that someone outside contacted Chu Wu.
Sure enough, after Chu Wu got the message, he immediately put down everything at hand.
He actually left his residence and went to the secret base.
This is what has been exposed.
Chu Wu is definitely going to find the person behind it.
"Let me see who is the big fish behind…"
Levi Garrison was happy.
There was indeed a major discovery.
Chu Wu quickly left the West Pavilion.
Be careful along the way, repeatedly confirming that you have not been found.
But how could he find Levi Garrison?
Don't say it's him.
Even if the Hungry Palace Qianqiu is being targeted by Levi Garrison at this
moment, he will not be able to find it.
After leaving the West Pavilion, Chu Wu immediately went to the secret location.
"This time, let me see how you can run?"
Levi Garrison smiled.

the other side.
Gong Qianqiu hurriedly found Xiao Feng.
Xiao Feng said dissatisfiedly: "Didn't you say we don't want to meet for the time
being? You have to take such a big risk? If someone finds out, it will be troublesome!"
"That is, the master is not there. If the master is there, I have come out like this
and have been discovered."

Xiao Feng is really anxious.
After all, Levi Garrison just asked him about Chu Wu.
Advertisement
This easily exposed Gong Qianqiu.
Now that Gong Qianqiu came to him, it was simply too dangerous.
Gong Qianqiu looked resentful: "I know the danger, but I miss you! I can't see you
for a day now, and I can't sleep…"
As soon as Gong Qianqiu said these words, Xiao Feng instantly disintegrated.
Advertisement
"I'm sorry! I'm blaming you! But I want to see you too, all the time!"
Xiao Feng embraced Gong Qianqiu in his arms.
Gong Qianqiu's body trembled, apparently not expecting Xiao Feng to act like
this.
She must be very upset inside.
What qualifications does a little Xiao Feng have to hug her?
Bad luck died.
Gong Qianqiu was extremely disgusted, even disgusting.
She can't wait to pat Xiao Feng into mud on the spot!
But have to endure.
Advertisement
Wait!
When I don't need you, I'll chop your dirty hands into mashed meat!
Gong Qianqiu's eyes flashed with ruthlessness.
This made Xiao Feng feel fear.
"Ah? What's wrong?"
Gong Qianqiu realized something and asked quickly.
"It's okay!"
Gong Qianqiu said deliberately: "By the way, I heard that the Zhenmo Division
has found out that force, which is the Tianshifu! They have found a lot of evidence, and the three saints in the north pavilion were killed by the Tianshifu!"
Xiao Feng nodded: "Yes, I also heard the message. But…"
"but what?"
Gong Qianqiu looked at him curiously.
"Master doesn't believe it! He thinks that this is a smoke bomb released by the
other party, attracting our attention! Someone is deliberately revealing

information to him! And the Suppressing Demon Sishen Tianjian is the clue he
found, so he believes it."
Xiao Feng explained.
Gong Qianqiu pursed his lips, as expected.
He knew that this trick could not be concealed from Levi Garrison.
Very dangerous.
Fortunately, the root bone transplant was successful.
If Levi Garrison finds it, it will be troublesome.
Still too anxious, there is no deployment.
Just trying to get attention.
Levi Garrison can be underestimated.
It didn't attract people's attention at all.
"Then master didn't go to investigate Tianshifu, what did he go after?"
Gong Qianqiu couldn't help asking.
Xiao Feng thought about it and said, "In addition, Master seems to have made a
major discovery. When everyone was looking for Tianshifu, he kept staring at the
West Pavilion!"
When Xiao Feng said this, Gong Qianqiu almost jumped up.
Five thunders hit the top!
a bolt from the blue!
She was completely bombarded!
this this this…
This is too scary, right?
West Court?
Has the goal been narrowed down to this point?
So shocking!
Gong Qianqiu almost had his eyeballs flying out.
Levi Garrison continued to stare at Zhen Mosi, she guessed it.
But she never thought that Levi Garrison was directly eyeing the West Pavilion.
Are you revealing yourself so thoroughly?
when?
"Huh? No! Was it the last time?"
Gong Qianqiu suddenly remembered that the last time he got rid of those who
were in contact with the eternal kingdom.
She did it all by herself, and finally escaped into the West Pavilion.
It should have been analyzed by Levi Garrison that he was in the West Pavilion at

that time.
Why!
He still underestimated Levi Garrison.
It can be said to be full of flaws!
Levi Garrison is too powerful.
After all, the location she chose at that time was the place closest to the West
Pavilion and the easiest place for her to hide.
If she had left a trace in the West Pavilion at that time, Levi Garrison might not
have doubted it.
But she didn't have any clues or traces left.
Just because it's so perfect.
So let Levi Garrison identify on the spot that he is from the West Pavilion.

After all, only people in the West Pavilion can be so familiar with the West Pavilion, and can disappear in the West Pavilion perfectly without leaving any
traces.
Just because it is too perfect, it is exposed.
Let Levi Garrison decide that he is from the West Pavilion.
Otherwise it can't be done.
Gong Qianqiu slapped his forehead.
Never thought that the perfection of hiding would be revealed instead?
Advertisement
No wonder Levi Garrison will be watching.
If she is Levi Garrison.
She will also be eyeing the West Pavilion.
Xiao Feng didn't care too much about Gong Qianqiu's surprised expression.
Advertisement
After all, Gong Qianqiu belongs to the West Pavilion.
Now that something happened to the West Pavilion, she would definitely be
surprised!
"West Pavilion? It's incredible! I never thought it was from the West Pavilion!
How could such a person exist in my West Pavilion?"
Gong Qianqiu pretended to be surprised.

A look of disbelief.
It seems that this kind of thing happened in the West Pavilion, which made Gong
Qianqiu heartbroken.
"If you let me know who it is, I will never forgive him!"
Gong Qianqiu roared angrily.
Xiao Feng also sighed: "I didn't even think it was Xige! This has a great impact on
you, I'm afraid you will be exposed…hey…"
Advertisement
Xiao Feng's appearance made Gong Qianqiu very scared.
Could it be that you have left something behind?
"Ah? Xiao Feng, make it clear, why did I expose it? What happened to Master in
the West Pavilion?"
Gong Qianqiu panicked immediately.
Could it be that Levi Garrison has really found himself.
But no.
If he was really exposed, Xiao Feng would definitely not be like this.
But in the end what step?
Xiao Feng would say so!
Gong Qianqiu is anxious.
Xiao Feng looked at Gong Qianqiu and said helplessly: "Master just contacted me,
and he actually asked me about Chu Wu!"
The words are not astonishing and she will die endlessly. As soon as these words
come out, she is really going crazy.
"what???"
"Chu Wu? Him?"
After Gong Qianqiu heard the name, his eyes flew out.
She was about to break apart.
Chu Wu?
Levi Garrison is eyeing Chu Wu?
This is almost equivalent to staring at herself!
Levi Garrison is too powerful, right?
What's the difference between exposing yourself and exposing yourself?
Xiao Feng is right, he is really going to be exposed.
However, what Xiao Feng said was exposure, because he was afraid of Chu Wu's
side and involved himself, so that Levi Garrison and the others knew the existence of his character.

But once it's really exposed, it's not that simple.
This is really going to be revealed.
Something is wrong!
that's not good!
Levi Garrison is too powerful, right?
Sure enough, it would be no good if he stared at the West Pavilion.
After so many days, Chu Wu was discovered by him?
This is too scary.
In fact, Gong Qianqiu is not organized.
Everything is controlled and managed by herself, and it is not a force at all.
It can even be said that Gong Qianqiu has no accomplices at all.
If you have to count, Chu Wu is the only one.
Chu Wu is like her eyes, a real capable man.
But now Chu Wu was being targeted.
It's too dangerous!
The key point is that Chu Wu knows most of his secrets. During this time, he has
been contacting people he controls.
If Chu Wu was caught.
Absolutely expose yourself.
What's more, the person to be traced is Levi Garrison.
He will never let himself go.
In an instant, Gong Qianqiu's body began to tremble.
I was in a cold sweat.
His face was pale, and the blood disappeared at a speed visible to the naked eye.
She had never been so frightened at this moment.
Even if her current strength is already against the sky.
But at this moment, she was really scared to death.
Originally, there was a deep fear of Levi Garrison.
Now that Levi Garrison was about to find her, how could he not be afraid.
Levi Garrison was her only nightmare.
The one she fears the most.
Now that Levi Garrison is staring at Chu Wu, she is about to cry.
It was so scary.
Seeing Gong Qianqiu shivering, Xiao Feng thought she was afraid that because of
Chu Wu, she would be involved and be mistaken by the master as an enemy.

Xiao Feng immediately comforted Gong Qianqiu: "Qianqiu, don't be afraid! I'm here for everything! If you are implicated and exposed, I will explain it to the master!"
"I will prove to them that there is nothing wrong with you! Even if I die, I will prove your innocence!"
This is Xiao Feng's last resort.
Gong Qianqiu knew that he had lost his temper, and nodded immediately: "Okay, you will protect me in the future!"
Gong Qianqiu was already thinking about a strategy.
If you really expose yourself.
Advertisement
Then the only winner is Xiao Feng, the chess piece.
She wants to control Xiao Feng and come to oppress Levi Garrison.
How did Xiao Feng know that Gong Qianqiu had murdered.
He is still analyzing: "I also think that Chu Wu has a high probability. He has been to Tianshen Division before, and he is familiar with everything about us!"
Advertisement
"By the way, I thought about it. The last time Master's whereabouts were exposed… He must have heard you say that it was exposed, right?"
Xiao Feng thought of something, and immediately questioned Gong Qianqiu.
Gong Qianqiu was still thinking about other things, but in front of Xiao Feng, he still had to continue acting.
Gong Qianqiu showed a look of sudden realization: "Yes, when I was forced to say that Master went to destroy the Eternal Kingdom, Brother Chu Wu was also present! It must be him!"
"Sure enough, it's him! I'll just say, this whereabouts will not be leaked for no reason!"
"He is the son of the Lord of the West Pavilion, and his identity is just enough to get in touch with high-level affairs, and he can hide his identity."

“It’s confirmed, he definitely did a lot of things. And there must be someone
behind him… maybe the Lord of the West Pavilion!”
…
Xiao Feng thought he had analyzed everything.

Gong Qianqiu didn’t listen to a word of his analysis.
Gong Qianqiu said anxiously: “Then Xiao Feng, if I am involved and exposed by
Chu Wu, then I will go back to the West Pavilion now to see the situation, and
don’t let the master misunderstand me…”
“It was nothing at all, but because of this incident, I was involved, and I mistakenly thought that I was with you, but I was actually using you!”
Gong Qianqiu is now anxious that Chu Wu is being targeted by Levi Garrison.
It happened that he gave Chu Wu an order to wait for him at a secret location.
Levi Garrison is now staring at Chu Wu, does it mean that his secret location is
about to be exposed.
Are you revealing everything about yourself?
That would be a big trouble.
If Levi Garrison came to the secret location, then he would really be exposed.
At least there are too many secrets hidden in the secret place.
For example, as a means of contacting the outside world and so on.
With Levi Garrison’s strength, it is enough to find out everything.
not good!
You have to go now!
Xiao Feng also immediately said: “Well, yes! Don’t let the master misunderstand!
If it really doesn’t work, I will confess to the master and introduce you first!”
Before Gong Qianqiu left, he exhorted: “Xiao Feng, just listen to me! Don’t act
without authorization, we have to unify your voice! I will let you confess, and you
will confess!”
Xiao Feng nodded: “Okay, I understand!”
“You go quickly!”
After Gong Qianqiu left.

Xiao Feng frowned.
“What’s going on? Qianqiu is so anxious to be like this? It’s as if she was exposed!”
Xiao Feng muttered to himself.
This is not normal!
Qianqiu was in such a hurry?
If she was simply exposed in advance, she wouldn’t be in such a hurry.
Even Xiao Feng could not help but doubt it.
Gong Qianqiu’s anxiety is too abnormal.
wrong!
Qianqiu must care about me too much, for fear that this matter will affect our
relationship.
That’s why it’s so stressful!
Unreasonably nervous!
Xiao Feng smiled.
He must be very happy to be so concerned by Gong Qianqiu.
After Gong Qianqiu left this place, he immediately took remedial measures.
“Chu Wu must not be discovered by Levi Garrison! Do not!”
Miya Chiaki prayed.

Don’t let Levi Garrison find out!
Absolutely not!
Gong Qianqiu is in a hurry!
She is now trying to contact Chu Wu by special means.
Soon after, Chu Wu came to the secret location.
This is where he and Gong Qianqiu often discuss things.
Advertisement
There are also many things hidden.
At this time, Gong Qianqiu actually used the most secret communication method
to contact him…
Chu Wu’s face changed wildly.
Because of this encrypted and re-encrypted contact method, they stipulated that
it can only be used when there is the most urgent matter.
Advertisement
Now Gong Qianqiu uses this method to contact himself.
Does that mean something is going to happen?

Chu Wu was sweating all over his body, and his body began to tremble.
An aura of danger came over him.
"Brother Chu Wu, listen! You are now being targeted by Levi Garrison! You are
determined not to run away! You have already exposed the secret location!"
"He's around you now!!!"
Gong Qianqiu's voice came immediately.
Chu Wu couldn't help shivering.
The whole person shivered.
Advertisement
It feels like being targeted by a poisonous snake.
Have you been targeted by Levi Garrison?
That's it!
It's over now!
"Brother Chu Wu, what should I do next, I don't need to tell you?"
"I'm sorry, Senior Brother Chu Wu! There's really no way! I didn't expect him to
follow you!"
Miya Chiaki said.
"Okay! I understand!"
"But I want to ask you one last question…"
Gong Qianqiu wondered: "What?"
"Are you really with Xiao Feng?"
Chu Wu asked.
Because during this time, he contacted Xiao Feng.
I also know that Gong Qianqiu has become Xiao Feng's woman.
During the contact process, Xiao Feng was always tired and crooked.
It made Chu Wu very upset.
Wondering if this is true…
Gong Qianqiu smiled: "Brother Chu Wu, do you think Xiao Feng is worthy of me?"
"At the moment, I don't think anyone is worthy of me! As for Xiao Feng, that's all
because I used illusions to confuse him! He wants me? Dream!"
Chu Wu at the other end laughed when he heard the affirmative answer.
I felt relieved immediately.
"Okay, I understand! Qianqiu farewell, but I regret not seeing the day you reach
the top!"
Chu Wu smiled.
"Senior brother farewell! See you in the next life!"

Gong Qianqiu also said goodbye immediately.
After breaking the contact, Chu Wu smiled: "It's worth it!"
At this time, Levi Garrison was outside this secret location.
Originally, in his opinion, when Chu Wu came here, there would definitely be
other people to meet him.
That person is mostly the boss, or even the target he is looking for.
But after waiting for a long time, no one showed up.
This is the problem.
After another wait.
What did Levi Garrison mean?
"not good!!!"
He rushed into the secret location immediately.
The result was a mess inside.
There were several corpses lying about, almost burning out.
There are many other things, the letters are all burnt.
Everything in the secret location that revealed clues was destroyed.
Oops!
I have been discovered!
Levi Garrison's face changed greatly.
Soon, he came to the innermost position.
It turned out that Chu Wu had fallen in a pool of blood and had already died.
As for the clues in the secret location, all the clues were destroyed.
Nothing left for me.
"this……"
Levi Garrison couldn't understand.
How did you expose yourself?
This is impossible!
How long has he been staring at Chu Wu?
Chu Wu didn't notice it at all.
Furthermore, with Chu Wu's strength, unless he appeared in person, he would
never have found himself.
But unexpectedly, he was exposed.
Chu Wu committed suicide.
Obviously, he knew that he was eyeing him, and he couldn't run away.
Only suicide.
This also shows a problem on the side, that is, Chu Wu didn't know that he was
staring at him before.
I only know now, then someone told him!

If Chu Wu knew before that he was being targeted.
Possibly committed suicide.
He would never come to this secret location to expose such an important place.
This is definitely problematic.
It must be after Chu Wu came here that he realized that he was being targeted.
Levi Garrison was annoyed that he was a step late, otherwise, Chu Wu could be
stopped.
Advertisement
Mainly, he thought that someone else would come here and join Chu Wu.
In fact, Gong Qianqiu was originally going to come here to join Chu Wu.
Levi Garrison's guess was right, and so was squatting.
just found out.
Advertisement
"Boom!"
Levi Garrison's face changed drastically.
Chu Wu definitely didn't discover it himself!
Someone told him!
Someone else knew that they were eyeing Chu Wu, and already knew that they
had come to a secret location.
But how is this possible?
He followed, and judging from his strength, absolutely no one found it.
Whether it's the Town Demon Division or the Eternal Kingdom, there is absolutely no way to find such a person.
If the opposing forces really exist like this.
Advertisement
Why hide and hide?
Just show up.
Judging from a series of measures such as destroying evidence, it is obvious that
I am still afraid of myself.
Ming didn't dare to come, only to be overcast.
But how did they find out about themselves?
impossible!
Absolutely no one can find out if you track it yourself!

Levi Garrison felt the energy fluctuations carefully, and there was no one around.
Definitely not someone who found himself.
Then only his whereabouts can be revealed…
But they don't even know Zoey Lopez's whereabouts.
I can't even say it myself!
correct!
Xiao Feng!
I asked Xiao Feng about Chu Wu not long ago!
Then only Xiao Feng knew about his staring at Chu Wu.
Could it be that Xiao Feng heard that he mentioned Chu Wu and went to the
West Pavilion to check on Chu Wu and these people?
That's how it was exposed.
Because of his trust in his own people, Levi Garrison's first thought was this.
Instead of thinking badly!
In Levi Garrison's mind, Xiao Feng definitely didn't reveal it himself.
There must be other reasons.
But it's useless now.
Chu Wu is dead.
Everyone else in this secret location is dead.
There is no evidence of any kind.
Levi Garrison can only try to find a little evidence in this location.
Disappointed!
Levi Garrison searched for a long time, but found nothing.
All were destroyed by Chu Wu.
Nothing is left.
After all, he was still a step too late.
"Ok?"
Suddenly, Levi Garrison thought of something and looked puzzled.
its not right!
Did Chu Wu commit suicide?
What kind of power is this?
Can Chu Wu commit suicide willingly?
Chu Wu's strength is not low, and his identity is not low.
Did you choose to commit suicide just knowing that you were staring at it?
All evidence was also destroyed.
Then commit suicide!
Is this discipline too strict?
This organization cultivates a group of dead men!
This is terrifying!

This force is more terrifying than imagined.
However, he was more certain that the leader of this force was definitely Xi Ge.
Just follow Chu Wu everywhere and you can find it.
And those people that Chu Wu contacted during this time, Levi Garrison also has
a lot of knowledge.
Maybe get some evidence from them.
However, after a preliminary analysis by Levi Garrison, all the attributes of this
group of people are disorganized.
For the time being, Levi Garrison couldn't find any unifying point.
Although Chu Wu died.
But Levi Garrison still laughed.
He must be getting closer to the truth.
This force is not far from being discovered.
West Pavilion, you can't escape!
the other side.
Gong Qianqiu secretly rejoiced that he escaped.
Almost.
It was discovered by Levi Garrison.
wheeeeeeeeeeeee…
She lay on the ground, gasping for breath.
It was just too dangerous!
Almost!
It was discovered by Levi Garrison!
In fact, when she told Chu Wu, it was a step too late.

Fortunately, she knew that Levi Garrison must be standing by and waiting for her
to go.
It just happened to use this time to let Chu Wu destroy all the evidence.
She also worried that if Chu Wu didn't die, it would be troublesome.
The period of time just now was the most struggling and painful time in her life.
I never thought that I would be so strong.
Also be afraid of Levi Garrison.
Advertisement
But there is no way.

He is strong.
I don't have any way to do it for now!
She looked at the sky and felt like she was after a catastrophe!
Advertisement
This time, he was out of danger and escaped from Levi Garrison.
But what about next time?
Can you escape by yourself?
It will be exposed sooner or later.
All you have to do now is to make yourself stronger.
As long as you are at the same level as Levi Garrison, you will not be afraid!
Ok?
wrong!
Xiao Feng! ! !
Advertisement
Something is going to happen!
After Levi Garrison knew that Chu Wu destroyed everything, he could quickly
analyze that it was Xiao Feng who leaked his whereabouts.
Then he is bound to find Xiao Feng.
Now Levi Garrison has become suspicious.
If Xiao Feng did not explain well, he might be exposed.
After all, Levi Garrison is too powerful.
If Xiao Feng was a little nervous, it would be exposed.
cannot!
I almost forgot about this.
Hurry up!
Gong Qianqiu was thinking of remedies immediately…
the other side.
The Shen Tianjian conducted a careful internal investigation of the Tianshi
Mansion.
But there was a major discovery.
I actually found the four great artifacts in the Tianshi Mansion…
This made the Shen Tianjian a sensation.
When the four artifacts of the town pavilion were placed in front of Dugu Tuo
and others.
This pissed them off.
In fact, the five town pavilion artifacts used to be the five treasures of the town
magic division.

Controlled by the gods.
It is the symbol of the town magician.
Now the four town hall artifacts have become scrap iron…
How can they not be angry?
Exploded!
"What's going on? What's going on here? Someone give me a reasonable explanation!"
Dugu Tuo almost roared and asked.
It made him so angry.
The four town hall artifacts were found, but the result was unprecedented disappointment.
Shame even!
This time everyone was frightened, all stood there without saying a word.
"I guess it should be that the Celestial Masters of the Celestial Master's Mansion
absorbed all the energy contained in the four town pavilion artifacts in order to
temper the instruments!"
"If the energy of the four town hall artifacts is injected into one magic weapon, it
will be invincible!"
The ancestors of the East Pavilion specially learned about the Tianshifu.
"Yes! The Heavenly Thunder Law of Tianshifu requires a powerful magic weapon
to provoke the thunder! The energy of the four town pavilion artifacts just meets
the needs of the magic weapon!"
…
Everyone analyzes.
Now it is determined how the four town pavilion artifacts are missing.
"If Dugu Tiansi had said it before, it would be true or false. But now that the four
artifacts of the town pavilion are like this, it means that it is the ghost of Tianshifu!"
"Well, for sure, this force is Tianshifu!"
"Tianshifu dares to move my Demon Suppression Division, courting death!"
…
The crowd was outraged.
This time, even Dugu Tuo didn't speak.
Because it really is.
Now it is definitely the Tianshi Mansion.

After all, the real evidence has been found.
"As for the corpses of the top ten geniuses, we haven't found them yet!"
"The intention of Tianshifu to move our top ten talents can also be imagined! It
must be to cut off the future of our town magic division!"
"Since they are going to target our Demon Suppression Division, they must be
all-round!"
...
"Damn it, Tianshi Mansion! We will definitely tear you apart!"
...
Soon, the news of finding the four artifacts in the Tianshi Mansion spread.
Many high-level officials of the Town Demon Division knew about it.
the other side.
After Levi Garrison tracked down Chu Wu to no avail, he returned to the base
camp.
Just happened to meet Xiao Feng who was flustered.
"Xiao Feng, stop! I want to ask you a few words!"
Levi Garrison said coldly.
His eyes were like fire, as if to penetrate Xiao Feng.

Panic!
Extremely panic!
Because Xiao Feng already knew what was going on from Gong Qianqiu, he was
afraid that Levi Garrison would find him.
Now he wants to come back and hide for a while.
Without thinking that there was no time to calm down, I ran into Master head-on.
Too bad.
Advertisement
Xiao Feng was going to be nervous.
This is the most stressful time ever.
Especially when he came into contact with Levi Garrison's eyes, Xiao Feng
seemed to be seen through.
I feel that all my secrets are in plain sight in front of Levi Garrison!
Advertisement

Levi Garrison was about to speak, but Xiao Feng spoke first.
“Ah? Master, I just happened to be looking for you!”
Seeing Levi Garrison, Xiao Feng gasped heavily.
Xiao Feng’s move is mainly against customers.
It was true that Levi Garrison had no idea.
Didn’t you find him by yourself?
Why did he find me?
“What is the matter?”
Levi Garrison asked in surprise.
Advertisement
“Master, I just found out important information… I found the four artifacts of the
town pavilion, and they are in the Tianshifu!”
“But all the energy contained in the four town pavilion artifacts has been absorbed, and now it’s just a pile of scrap iron!”
“The Suppressing Demon Division has been confirmed, and this force is the
Tianshifu! Master, you should have checked it wrong!”
“But there is a real problem with Chu Wu. I specifically checked Chu Wu. He is
likely to be a spy from the Tianshi Mansion! During this time, the Demon Suppression Division has discovered a lot of inner spy, and many died!”
…
Xiao Feng said excitedly.
These are what Gong Qianqiu taught Xiao Feng just now.
She knew that Levi Garrison would definitely ask Xiao Feng, which could not be
avoided.
Especially no matter what Xiao Feng said, Levi Garrison would be suspicious.
It is also easy to reveal flaws.
This time Chu Wu’s information was leaked by Xiao Feng, which is beyond doubt.
It’s useless to explain!
The key point is that this information leaked, and the time interval between Chu
Wu’s death was too short.
This is obviously related to Xiao Feng.
If Xiao Feng was not Levi Garrison’s apprentice, Levi Garrison would face each
other directly.

That is to say, Levi Garrison still believes in Xiao Feng, otherwise it will be over.
But it also depends on Xiao Feng, if any flaws are revealed, it will be troublesome.
Therefore, in this extreme situation, Gong Qianqiu thought of a trick.
Anti-customer main!
Does Levi Garrison want to ask Xiao Feng how Chu Wu's whereabouts were
leaked?
But I don't need you to ask, I just say it.
In addition, it happened that the magician of the town discovered the inner response and the four artifacts of the town pavilion.
Let Xiao Feng say it logically!
In this way, Levi Garrison is likely to believe it.
Even if he has doubts in his heart, this is his own apprentice, and he can't do
anything about it.
I have to say that Gong Qianqiu knows Levi Garrison's small team.
Know that they trust each other immensely.
That's why she came up with this method.
Due to the urgency of the situation, there is no time.
Gong Qianqiu did not have any information to explain to Xiao Feng why Chu Wu
was killed.
In fact, Xiao Feng was a little suspicious, but the situation was urgent, so his first
thought was to stabilize Levi Garrison first.
"what?"
After Levi Garrison heard it, his face was full of surprise: "Did you go to investigate Chu Wu?"
Xiao Feng nodded: "Yes, Master, you said there was something wrong with this
kid, I immediately went to check! Sure enough, it turned out to be the inner responder of the Tianshifu! It's not a good thing! At first, he called me a brother
and a brother!"
Looking at Xiao Feng's very determined look, it doesn't look like he is acting.
And what he found was quite reasonable.
The witnesses are all there.
It was just that Chu Wu was judged to be the inner responder of the Tianshi

Mansion.
Ok?
But Levi Garrison frowned, feeling that something was wrong.
It seems that Xiao Feng's set of rhetoric was specially prepared for himself,
specifically to explain the leak of his staring at Chu Wu!
It's all too coincidental.
The key point is that the rhetoric and evidence before and after this are just
right.
It also made Levi Garrison feel that something was wrong.

If something is wrong, there is only one possibility – that Xiao Feng is lying! ! !
Everything was leaked out by him, at least he knew the situation and had been
colluding with that force.
This can be huge.
However, it is impossible here in Levi Garrison!
Because he unconditionally believes in Xiao Feng!
Even if he felt something was wrong, he would never doubt Xiao Feng.
Advertisement
This is his most important apprentice, what reason does he have to doubt!
So he acquiesced.
no doubt!
The information that he was following Chu Wu was leaked by Xiao Feng.
Advertisement
But it was only leaked when Xiao Feng went to investigate Chu Wu…
Then it's all right.
As long as it is not a third-party force that directly finds itself tracking it.
Xiao Feng will be more careful next time.
"Xiao Feng, don't be reckless when you investigate anything in the future! Follow
my arrangements, don't reveal anything about me and whereabouts, understand?"
Levi Garrison instructed.
Xiao Feng nodded: "Master, I understand! Next time I do something, I will ask you
for instructions!"

“By the way, what are you calling me, Master?”
Xiao Feng asked again.
Advertisement
“Oh, it’s okay, Chu Wu is dead, you already know it, there’s no need!”
Xiao Feng took the initiative to say everything Levi Garrison wanted to ask.
What more can he say?
“Okay, Master, I’ll leave first!”
Xiao Feng left immediately.
Although Levi Garrison’s doubts were dispelled.
But he was terrified just now, and the whole person was holding on.
It’s almost unbearable now.
Looking at the back of Xiao Feng’s departure, Levi Garrison was thinking about
one thing – do you want to send someone to follow him?
See if he’s lying?
Or to see in the end he mingled with those people.
But after thinking about it, Levi Garrison still thinks it’s okay.
You shouldn’t be so suspicious of your apprentice!
If he really made a mistake.
Levi Garrison believed that he would definitely admit his mistake to himself.
But what he did not expect was that Xiao Feng had changed.
No longer the Xiao Feng of the past.
Levi Garrison smiled.
“The other party has escaped perfectly these times because they know what I’m
doing!”
“If I go about my whereabouts and what I do next, I won’t tell anyone, only I know!
I want to see how you escape?”
Levi Garrison immediately had an idea.
In the future, his whereabouts will never be told to Xiao Feng and others.
See how the other party knows?
But today’s God Tianjian has long been confused.
This is just a piece of evidence thrown out by the other party.
Not what they found.
Levi Garrison felt that he had to go to the Tianshifu.
explain the situation to them…
When will the other party act?
Just strangle to death!
Then this force will naturally reveal its true colors!

After making sure to get rid of Levi Garrison, Xiao Feng immediately lay on the
ground.
The whole person was sweating profusely, like being drenched in a heavy rain.
"Whoosh, whoosh…"
The whole person was breathing heavily.
Just now, he seemed calm, but he was actually holding on.
If there is a little more time, he will definitely not be able to hold on.
After all, he was lying just now.
He didn't even go to investigate Chu Wu!
He didn't even know that Chu Wu was a spy from the Tianshi Mansion.
All this was taught to him by Gong Qianqiu.
In order to protect Gong Qianqiu, he lied in front of his master.
This is the third lie, right?
But finally the master believed it.
Otherwise, it will be troublesome.
He really hoped that Gong Qianqiu could be in harmony with Master and the
others, and the two sides had already started fighting without meeting.
But the problem now is that after he told Gong Qianqiu that the master was
staring at Chu Wu, Gong Qianqiu left in a hurry.
Then Chu Wu died.
This information is only revealed by him.
No one else's.
That shows that Chu Wu's death is inseparable from Gong Qianqiu.
Just now I was thinking about how to deal with Levi Garrison, and didn't think
much about it.
But it's different now.

He began to doubt Gong Qianqiu.
This information must have been leaked by Gong Qianqiu.
Because the master stared at Chu Wu, Chu Wu died.
This is too coincidental.
Now he can't tell whether Gong Qianqiu and Chu Wu are in the same group, or
whether Gong Qianqiu leaked it out inadvertently.

Tangled ah!
Advertisement
Although he definitely believed in Gong Qianqiu, and swore that he would never
doubt Gong Qianqiu again.
but……
Now the facts are in sight.
What can he do?
Advertisement
No matter how much he likes Gong Qianqiu, the facts are in front of him.
He must be suspicious, right?
If Gong Qianqiu couldn't give a reasonable explanation, he would definitely
doubt it.
But how smart is Gong Qianqiu?
How could she not know Xiao Feng's thoughts?
How can there be no plans for the next step?
Soon, Gong Qianqiu contacted Xiao Feng.
"Xiao Feng is in a bad situation… I have an accident here…"
After receiving this message, Xiao Feng's face changed greatly.
Advertisement
"Ah? Qianqiu, what's wrong with you? What happened?"
Xiao Feng was about to explode.
"Didn't you tell my master to stare at Senior Brother Chu Wu? I came here to
check the situation, and then told my master Gong Wenqian!"
"My senior brother Chu Wu is dead! Everything belongs to my master Gong
Wenqian! I found out that she is with Chu Wu! They are the inner responders of
the Tianshi Mansion!"
"Now she knows that I have discovered her identity, and she is going to kill me! I
am injured, you are about to save me…"
…
As soon as he heard this news, Xiao Feng forgot all doubts.
There is only one belief – Gong Qianqiu must be saved.
"Huh? Do you want to inform Master?"
Xiao Feng muttered to himself.
He was afraid that if he went alone, he might not be an opponent.
But tell the master that Gong Qianqiu will definitely be exposed.
This is a big problem.

After weighing it again and again.
Xiao Feng decided to go alone.
Because of the practice of Levilia's exercises in the past few days, my strength
has improved rapidly, and I still have a certain degree of confidence.
After getting the location, Xiao Feng immediately went.
Not far from the West Pavilion.
Gong Wenqian and her seven or eight apprentices all stared at the opposite Gong
Qianqiu.
It turned out that Gong Qianqiu explained this matter to Xiao Feng clearly.
He directly revealed his identity to his master Gong Wenqian.
"Gong Qianqiu, ah Gong Qianqiu! I really didn't think it was you! It took me so
many years to cultivate you? You actually betrayed me?"
Gong Wenqian said coldly.
The other seven or eight apprentices also scolded Gong Qianqiu in various ways,
scolding her for shame.
"Take down what she's talking about first!"
Gong Wenqian gave an order.
Seven or eight apprentices immediately rushed to Gong Qianqiu.
But what is the strength of Gong Qianqiu today?
Not to mention the ancestors of the West Pavilion, even Dugu Tuo of Shentianjian was no match.
"puff!"
"puff!"
"puff!"
…
Soon these seven or eight people died tragically at the feet of Gong Qianqiu.
In Gong Qianqiu's eyes, they are just like ants.
There is no combat power at all!
Gong Wenqian looked unbelievable: "You… When did you have this strength?"
Gong Qianqiu smiled: "I just devoured the top ten talents, the power of the three
saints in the North Pavilion, and the energy of the four town pavilions!"
"It's you! It turned out to be the Tianshi Mansion you framed!"
Gong Wenqian now understands everything.
"Those people are willing to die for you? You vixen!"

“You did everything! Shameless! You are the real traitor of the Town Demon
Division!”
Gong Wenqian knew how her apprentice seduced men.
Even her husband was almost seduced by Gong Qianqiu.
Now that I think about it, everything works.
There is no inner response at all.
All died for Gong Qianqiu.
What Gong Wenqian didn’t understand was that Gong Qianqiu began to smear
the blood of several dead people on herself, not knowing what to do.

“You are…”
Gong Wenqian’s face was full of disbelief.
What is Gong Qianqiu going to do?
Gong Qianqiu ignored her, just wiped the blood carefully and pretended to be
seriously injured.
“Gong Qianqiu, what tricks are you going to play, a fox?”
Gong Wenqian was a little scared.
Advertisement
After all, Gong Qianqiu is too powerful now.
She didn’t dare to confront him at all.
While staring at Gong Qianqiu, Gong Wenqian wanted to escape.
Then tell all the things that Gong Qianqiu is the black hand behind the scenes,
and even tell Levi Garrison.
Advertisement
“run!”
Gong Wenqian’s heart fluttered, and she was about to run away.
But when she tried hard, she found that she couldn’t move at all.
The legs seemed to be locked in the ground, and if they wanted to move, they
had to have the strength to lift the ground up.
As for his body, the strength of a hundred thousand mountains was crushed, and
his whole body was about to collapse.
She couldn’t move at all.
She couldn’t even make a sound, but her throat was squirming, but there was no

sound.
She was completely controlled by Gong Qianqiu.
“boom……”

The next moment, a powerful suction hit, sucking her little by little in front of
Gong Qianqiu.
Seeing Gong Qianqiu getting closer, Gong Wenqian panicked.
But approaching involuntarily, she had no choice.
Soon, Gong Wenqian came to Gong Qianqiu.
“puff!”
Gong Qianqiu exerted a little strength, Gong Wenqian vomited blood, and there
were several bloodstains on her body, it seemed that she had gone through a
battle.
However, Gong Wenqian was still under her control.
Gong Wenqian is very curious, Gong Qianqiu can kill him directly, why should he
do this?
Soon, Gong Qianqiu looked pale, bloodless, and seriously injured.
Gong Wenqian seemed to understand a little.
Who is she going to show?
“boom!”
Suddenly, Gong Qianqiu fell to the ground.
Gong Wenqian, on the other hand, was being controlled, her body was slowly
facing down, and she was holding a sword in her hand, about to pierce Gong
Qianqiu…
If anyone else looks here.
This picture is that Gong Wenqian is about to kill Gong Qianqiu.
Just one step away, Gong Qianqiu’s neck was pierced.
this……
Gong Wenqian had realized her intentions, but she had no choice.
He couldn’t move his body at all, and he couldn’t speak.
Who is she going to act for?
At this moment, Xiao Feng arrived.
In the distance, I can see the corpses in one place, Gong Qianqiu who was pinned
to the ground, and Gong Wenqian who is about to pierce Gong Qianqiu!
“Xiao Feng save me…”

Gong Qianqiu pretended to be struggling to survive.
But it is not Gong Wenqian's opponent at all, and Gong Wenqian's sword is about
to pierce.
Save Gong Qianqiu! ! !
At this moment, Xiao Feng was completely furious.
There was only one thought in mind to save Gong Qianqiu.
"boom!"
Because of the recent increase in strength, Xiao Feng appeared behind Gong
Wenqian in an instant.
Suddenly, it seemed that all the elements in this area were used by him and gathered on him.
"boom!"
He riveted hard, and slapped it with a terrible palm.
"Chuck…"
"puff!"
In an instant, Gong Wenqian was photographed to pieces, bursting into a cloud of
blood on the spot!
"Huh? Levilia's cultivation technique…"
A trace of surprise flashed in Gong Qianqiu's eyes.
Logically speaking, Xiao Feng would not practice Levilia Gongfa again?
Why is he practicing now?
Much stronger than before.
"Qianqiu!"
Xiao Feng looked at Gong Qianqiu distressedly.
She was covered in blood, her face was pale, and her clothes were ragged, obviously seriously injured.
If you are one step late.
That's trouble.
So glad.
Just arrived!
And his strength has improved a lot recently.
Otherwise, Gong Wenqian couldn't really be killed.
Gong Qianqiu looked at him gratefully: "Xiao Feng, if there is no you today, I will
die!"
"Don't worry, Qianqiu, I will do my best to protect you for the rest of my life!"
Xiao Feng assured.

Now that he has practiced Levilia's exercises, coupled with Xiao Feng's high
comprehension, his strength has improved rapidly.
more and more confident.
"Are you all right? It hurts like this…"
Seeing Gong Qianqiu covered in blood, Xiao Feng was heartbroken.
He blamed himself very much, if he had come earlier.
Gong Qianqiu would not suffer such a serious injury.
Advertisement
"No, Xiao Feng, you came just right! If you had come earlier, if we fought head-on,
we would not be my master's opponent together! The moment she killed me just
now, she revealed her back to you… …"
Miya Chiaki said.
Xiao Feng didn't even think of this.
Have you seized the best time?
Advertisement
Ha ha……
Xiao Feng smiled.
But he knew that this good time was all arranged by Gong Qianqiu.
In her plan, Xiao Feng personally killed Gong Wenqian!
This will wash away all the suspects.
"Qianqiu, shall I take you to get medical treatment?"
Xiao Feng was worried about Gong Qianqiu's injury.
Gong Qianqiu shook his head: "No, if you take me for treatment, it will be bad for
the master to know."
"But Xiao Feng, I'm so sad! The master who raised me since childhood wanted to
kill me! I still can't figure it out!"
Advertisement
"I really didn't think that the master was the mastermind behind the scenes and
wanted to kill me… I'm in a bad mood right now, it's worse than death…"
…
Gong Qianqiu deliberately showed despair and sadness.
Xiao Feng pursed his lips: "Hey, who would have thought of this? Your master is
actually one of the masterminds behind the scenes!"

As soon as Gong Wenqian died, all Xiao Feng's doubts were dispelled.
First, Gong Wenqian is Gong Qianqiu's master, and even the master killed her,
this is absolutely true.
If acting, how could Gong Wenqian accompany Gong Qianqiu to act?
The key is also killed by himself.
This is the point.
Gong Qianqiu deliberately designed Xiao Feng to kill Gong Wenqian with his own
hands.
Killing it with his own hands, how could he doubt it?
Secondly, there is nothing more convincing than seeing it with his own eyes!
Gong Wenqian is killing Gong Qianqiu, Gong Qianqiu was seriously injured, this is
all true.
And then, it's the issue of Gong Wenqian's identity, which just happens to explain
Chu Wu's death.
After all, when Gong Qianqiu checked Chu Wu, it was like telling Gong Wenqian
their information.
"You better leave quickly. I'll deal with these corpses. We didn't have anything to
do, and then arranged for us…"
Gong Qianqiu urged.
"Ah, alright… you pay attention to your body… tell me anything…"
Xiao Feng hesitated.
Gong Qianqiu thought of something again, looked at Xiao Feng and asked, "By
the way, you can actually practice Levilia's exercises?"
Xiao Feng replied: "Yeah, I have never touched you before when you practiced
madness. But later, Levilia taught my wife and them this technique, so I tried it
out, you can practice…"
This shocked Gong Qianqiu.
It's also easy to reveal!
The more you practice, the more you know what the problem is.
In other words, Xiao Feng was completely under his control.
Otherwise, he would have questioned himself.

Gong Qianqiu said in surprise: "There is such a miraculous thing? You have
practiced without going into the devil?"
"No! We practiced and nothing happened! I suspect it has something to do with
physical fitness! Levilia Gongfa is self-created before the aura recovers, so it is
more suitable for ordinary people outside. As for you, you have been immersed in
aura. Under the circumstance, practicing this technique naturally feels extremely
overbearing…"
Xiao Feng also explained and took the initiative to get rid of the suspicion of
Gong Qianqiu.
"That's it! Do you want to try it out with the people from the Town Magic Division,
lest you think I'm lying… You still need to prove your innocence!"
Gong Qianqiu asked tentatively.
Xiao Feng immediately shook his head: "No need! I don't doubt you, you can't
lie!"

"Furthermore, this is a unique technique created by Levilia. We can practice it
ourselves. How can we pass it on to others?"
"Isn't that exposed?"
Gong Qianqiu smiled: "That's good! Just believe me!"
In fact, Xiao Feng didn't worry about it at all.
But now that he saw Gong Qianqiu so calm, he was even more relieved.
"Go back! But now it seems that the truth will be revealed soon. As soon as
everything is resolved, I will go to see Master with you and let Master preside
over the wedding for us!"

…
Gong Qianqiu drew a big cake for Xiao Feng, which almost made Xiao Feng jump

up with excitement.
Isn't that what he thought?
Enter the marriage hall with Gong Qianqiu.
Advertisement
So looking forward to this.
But before that, he had to protect Gong Qianqiu.
Don't let her be exposed in advance.
After Xiao Feng left.
Gong Qianqiu recovered.
Then, the tragic deaths of Gong Wenqian and several others were faked into the
illusion that they were killed by the Tianshifu.
With Chu Wu and their deaths, there is a reasonable explanation.
Shen Tianjian also quickly discovered.
They became more and more certain that it was the Tianshi Mansion.
Advertisement
God Tianjian is already planning how to take revenge on Tianshifu…
As for Gong Qianqiu, after going through this big crisis, what she needs most now
is to increase her strength crazily.
Otherwise, she will always live in the shadow of Levi Garrison.
Only by getting close to Levi Garrison can you be assured of worry-free.
The way she improves is natural and simple.
Just swallow it.
Find a variety of energy sources.
The next source of energy she looked at was in the Town Magic Division.
It is the source of energy that is controlled by Shentianjian and belongs to the
Zhenmo Division.
It is also the treasure of Zhen Mosi!
Has maintained the operation of the town magic division.
Including the five town pavilion artifacts are polished by the source of energy.
In Shentianjian's Town Demon Tower.
Legend has it that many alien powerhouses were suppressed here.
But in fact, this is the place with the strongest connection to the super spiritual
veins.
It is the best place to draw spiritual energy.
This energy core can continuously accumulate spiritual energy.
This is Zhen Mosi's trump card.
For example, when the aura is exhausted and the magician can't survive.

You can take out this energy core and use it.
to provide a steady stream of spiritual energy.
Over the years, this core of energy has accumulated energy unknowingly.
Without further ado.
Gong Qianqiu immediately came to the Zhenmo Tower controlled by Shentianjian.
Now, with her strength, she can easily surpass everyone.
Including Dugu Tuo.
Even if she can't win Dugu Tuo, at least she won't lose.
But the truth is that she is stronger.
Come to the town magic tower.
Empty.
After all, this is a forbidden place, and no one dares to come.
But even if someone dares to come, they cannot take away the energy core.
Because the spiritual energy contained in it is too domineering.
No matter how strong a person is, he can't control it.
It requires the cooperation of the top existences of the Digital Suppression Division to use the energy core.
Others, even if they are at the level of the ancestors of Wufang Pavilion, will not
be able to withstand the huge spiritual energy and explode.
The huge mechanism inside is working.
There is a red-colored energy core in the center of the organ, which contains the
ultimate energy.
As soon as Gong Qianqiu came, he was frightened.
The energy inside is too overbearing.
This is accumulated over the years!
It is absolutely comparable to a medium-sized super spirit vein.
However, Gong Qianqiu is staring at the super spiritual vein below the energy
core connection!
"If I forcibly devour the super spiritual veins, I won't say whether my body can
hold it or not. The movement must be too loud, and it will attract the attention
of everyone in the Suppression Division, and even Levi Garrison! Don't devour
too much by then, I will be caught killed."
So Gong Qianqiu decided to devour this energy core first.
Soon, Gong Qianqiu entered the agency.
Because she is too powerful.

So the terrifying energy in the organization is useless to her.
She directly began to devour this energy core.
According to her estimation, Devouring will definitely have the power to fight
against Levi Garrison!

Because the town magic tower is isolated from the outside world.
As long as you don't destroy the Demon Tower, there will be no movement outside.
Therefore, Gong Qianqiu's devouring was carried out quietly.
powerful!
Get stronger quickly!
Gong Qianqiu's breath is rising sharply!
Advertisement
Her strength is unimaginable!
Much faster than you can imagine!
And she is still in control, don't cause changes in the world because she is too
powerful, and spread everything out as much as possible.
"Clap clap clap…"
Advertisement
Thick clouds covered the entire area of the town, almost pressing down to the ground.
Lightning is raging one after another, and the gods thunder one after another.
There are also terrifying energies forming storms that continue to rage.
Gradually, the clouds turned red, as if dripping blood.
A scene of doomsday.
Everyone in the Town Demon Division has seen this scene!
"What's going on here?"
Everyone couldn't help but look up in the air.
I don't know what to do, but I have a bad premonition.
Advertisement
As if some catastrophe was about to come…
uncomfortable!
Extremely uncomfortable!
Bad omen!
Even Dugu Tuo and the others were a little flustered when they looked at the air.

“What’s the matter? Could it be that someone broke through to a very high realm
and caused the world to change?”
Dugu Tuo muttered to himself.
“Or there is a sky-defying level of spiritual roots and bones! Just like when Tiansi
appeared before, there was such a terrifying abnormality!”
Others spoke up.
Dugu Tuo and the digital powers of Shen Tianjian are observing and looking for
it.
“I can’t confirm the location for the time being…”
“Can’t find where the center point is!”
“But if someone breaks through to this level, there is probably no one who is not
his opponent! I feel that Tiansi is not an opponent!”
Just seeing the terrifying scene that shrouded the entire town of Demons, everyone would tremble with fear.
Dugu Tuo had a gloomy face and said nothing.
Yeah, that’s right.
If this is the birth of a master, he is definitely not an opponent…
“Go and find out what’s going on?”
“Especially to see if it has anything to do with the Tianshi Mansion. Their method
of Tianlei may lead to such a scene…”
Shentianjian immediately sent a large number of people to check what was going
on.
Because crimson shrouded the entire sky above the town magic division.
In addition, the power of terror is fluctuating.
So many people outside can feel it!
“Huh? Not good!”
Levi Garrison also noticed.
He is naturally more aware than others.
And determine the approximate location.
“The Town Demon Division…”
Levi Garrison set off immediately.
Soon to come to the town magic division.
He felt it carefully.
“it’s here……”
Levi Garrison locked the former site of Zhen Mosi and went straight away!
This is the difference between Levi Garrison and Dugu Tuo!

He could find out where exactly the eruption was coming from.
Inside the town magic tower.
Gong Qianqiu's devouring speed is also getting faster and faster.
She knew that although she controlled the vision, she couldn't hide it in the end.
will surely be discovered.
Especially a master like Levi Garrison.
You will definitely notice something unusual.
It is to devour the core of energy before Levi Garrison arrives.
devoured madly…
After a while.
Gong Qianqiu felt that he was reaching his limit.
Originally, she thought that there was no upper limit to swallowing this cultivation technique.
In particular, she has the spirit root spirit bone of the devouring attribute, and I
think she has no upper limit!
But now facing this core of energy, when three-quarters of it is absorbed, it can't
be swallowed.
It seems that it is the reason why swallowing the spirit root and spirit bone is not
in line.
If it is Levilia's native devouring spirit root spirit bone, it can achieve unlimited
devouring.
Now even if the devouring spirit bone created by Master Bone is very close, it is
still almost.
There is still a limit!
If you swallow too much, you can't stand it.
But just fine.

Gong Qianqiu devoured four-fifths of the core of energy.
She stopped.
If it is swallowed again, the speed will slow down, and it will not swallow much.
has reached her limit.
At this moment, Gong Qianqiu felt that he was truly reborn.

The whole person seems to be beyond the limits of human beings.
Advertisement
Be like a true god.
She has a feeling of being in control of the world.
Now with her strength, she can indeed achieve such a situation!
She was completely improved several levels than before.
Advertisement
It may have been just a little bit beyond Dugu Tuo before.
After devouring four-fifths of the core of energy, she strengthened too much.
Now at Dugu Tuo's level, she can completely crush it with one finger.
Dugu Tuo definitely has no chance of a second move.
Can't resist at all.
And before, although Gong Qianqiu was not afraid of everyone in the Demon
Suppression Division, if the Demon Suppression Division added up, she was not
invincible.
He didn't have the confidence of Levi Garrison at all.
But now she finally felt what Levi Garrison felt.
Ignore the magician at all.
Advertisement
Even if all the powerhouses of Zhenmo Division are added together, she is not
afraid.
If it is true, if she is unscrupulous, she can definitely kill all the strong people in
the Zhenmo Division!
But certainly not a reckless battle.
How is he better than Levi Garrison now?
Gong Qianqiu felt that he was no less than Levi Garrison now.
But she wasn't quite sure either.
What if it is still inferior to Levi Garrison?
She is now only 70% sure that she can fight Levi Garrison…
But what if it's not an opponent?
This will still happen…
When she is not sure enough, she will not fight Levi Garrison.
Not even to try.
If the temptation fails, Levi Garrison will definitely kill himself.
A powerhouse like Dugu Tuo can be predicted by everyone.
But Levi Garrison's strength is unfathomable, and no one knows what it is.
That's what needs to be tested.

But no one tried it out.
Unless Gong Qianqiu went to test it himself.
But she still dared not…
Unless she devours another super spiritual vein, she will dare to challenge Levi
Garrison.
She still feels like it's not enough!
She must have the strongest strength so that she is not afraid of Levi Garrison.
In addition, she naturally won't kill the people in the town of magic, she will only
swallow them all!
to increase her strength!
After swallowing, Gong Qianqiu left immediately.
When she came outside, she was still a nobody in the West Pavilion.
It's just that she already has the terrifying power that can destroy Zhen Mosi!
The death of Gong Wenqian and his party had nothing to do with her.
Sure enough, the entire town magic department is in chaos.
The superpowers she looked up to in the past are now frantically looking for
what's wrong.
Even Dugu Tuo was checking the situation himself.
Gong Qianqiu hid in the crowd, like a group of unknown people, no one would
pay attention.
It's an ant after all!
Gong Qianqiu completely concealed his strength.
No one paid attention to her little bastard.
She smiled immediately.
She would never have thought that this phenomenon that shocked the entire
town magic department was actually caused by her.
It's just that no one found out.
Even Dugu Tuo couldn't determine the approximate location!
At this time, Levi Garrison had already arrived at the Town Demon Tower.
He was sure that all the fluctuations just now came from here.
It's just that no one is there now?
what happened?
After he entered the Demon Suppression Tower, he quickly knew the function of

this device.
This is used to store spiritual energy.
After all, there is a super spiritual vein connected below.
Seems like someone is drawing a lot of energy directly?
After checking to no avail.
Levi Garrison came out immediately.
He felt that the man had not gone far.
Even nearby.
He appeared directly and aboveboard among the people of the Town Demon
Division.
The town magician was in chaos immediately.
No one thought that Levi Garrison would come.
"Among these people…"
Levi Garrison told him intuitively.
He immediately checked…

Levi Garrison's sudden appearance caused chaos in the Zhenmo Division.
No one thought that he would come suddenly.
I don't even know what his purpose is.
Everyone panicked.
If Levi Garrison came to fight directly, it would be a big trouble.
In fact, they are not ready at all!
Advertisement
Levi Garrison is here…
Everyone was overwhelmed.
We are waiting for the battle, and the experts from all sides have come.
Even the bosses of the Shentian Supervisor came one after another.
Advertisement
Everyone stared at Levi Garrison.
A war is imminent.
"Is this Levi Garrison?"
Dugu Tuo also stared at Levi Garrison from a distance.
Too bold.
Too arrogant!
Go directly to the town magic division base camp.
This doesn't take Zhen Mosi seriously at all…
But everyone didn't even dare to breathe, and stared at Levi Garrison with shortness of breath.

Advertisement
No one dared to act rashly until his goal was achieved.
Including Shen Tianjian too.
Before, they boasted all kinds of things and didn't take Levi Garrison seriously.
He also released wild words – if Levi Garrison dared to come, he would definitely
be killed on the spot!
But now, when Levi Garrison really appeared in front of them.
Everyone was dumbfounded.
dare not say a word.
The arrogant energy from before was gone.
Not even Dugu Tuo said a word.
All the ancestors and high-level executives looked towards Dugu Tuo and asked
for his opinion.
Dugu Tuo said in a low voice, "Let's hold back and see what he does?"
He was also a little nervous.
Although they never put Levi Garrison in their eyes, when Levi Garrison really
came.
Everyone was a little apprehensive.
As long as Levi Garrison didn't move, they didn't move.
Therefore, Levi Garrison was surrounded by a dense crowd of Suppressing
Demons, and they did not dare to act rashly.
They were all looking at what Levi Garrison was going to do.
It's just that Levi Garrison didn't care what they were thinking at all.
He just wanted to find people out.
Levi Garrison looked around and told him intuitively.
among these people.
Absolutely!
That person is definitely not far away!
It's just a matter of front and back with him.
This person simply doesn't have the time or time to escape.
Must be hidden in the crowd.
Levi Garrison began to rely on intuition to find who was in the dense crowd?
Levi Garrison was looking for someone, which also made everyone very puzzled.
What is he going to do?

However, Levi Garrison's eyes swept over, how dare everyone look at each other.
Invisible coercion struck, and everyone seemed to be seen through their eyes.
Everyone bowed their heads.
Although they are the town magic division.
They are very proud at heart.
In the face of Levi Garrison, he must not be weak in his aura.
Look straight at him!
Even overwhelm him!
But when Levi Garrison's eyes swept over, everyone didn't dare, and all bowed
their heads.
No one dared to look at Levi Garrison's sharp eyes.
Even the high-level officials of Shentianjian did not dare to look at Levi Garrison's
eyes.
horrible!
It can penetrate their souls at a glance!
Even Dugu Tuo seemed a little afraid to meet Levi Garrison's eyes.
Seeing that everyone around them lowered their heads, they dared not look
directly at Levi Garrison.
He was a little pissed.
But when Levi Garrison looked at his direction, he was a little flustered.
Would you like to meet Levi Garrison?
But Levi Garrison's eyes just skipped him!
but to other groups of people.
Suddenly, Levi Garrison's eyes fell in the direction of a crowd.
"Are you from the West Pavilion here?"
Levi Garrison asked aloud.
"Boom…"
Gong Qianqiu's head, who bowed his head in the crowd, was about to explode.
Did you notice yourself?
Although she lowered her head, she might feel that Levi Garrison was looking at
her position.
How did he notice it?
not good!
Something is going to happen!

He locked the West Pavilion, and there is a high probability that he will be able to
find himself.
"Yes, this is from the West Pavilion!"

Like everyone else, she slowly raised her head in horror.
Everyone was terrified.
He raised his head, but his eyes were dodging, and he didn't dare to look at Levi

Raising his head is no different from lowering his head.
At first glance, everything is normal.
When I saw myself, I was so scared that I didn't dare to look at myself.
But he was afraid that some people would hide.
He had to use some means to detect these people.
Levi Garrison's eyes swept across everyone's faces.

It also carries the overwhelming coercion, as if to squeeze everyone out.
At this moment, those who were swept by him felt the ultimate coercion attacking them.
To crush them into blood fog…
this……

Gong Qianqiu felt the overwhelming coercion coming, and she was stunned.
She knew that this was Levi Garrison's method.
Use this extreme force to oppress, to let yourself leak out.
Once you reveal any power.
Levi Garrison is definitely going to find out.
Levi Garrison's purpose is just like this, to directly give powerful power to force
everyone to a desperate situation, even to the point of death.
If someone feels death and wants to fight back or fight, they expose themselves.
This is Levi Garrison's purpose!
Nothing on the surface.
After all, everyone is terrified of themselves.
This person already knew that he was being targeted.
It must be terrifying now.
You can't see anything by that alone.
So Levi Garrison can only force this person to reveal his secrets.
The best way is to give the person a sense of death.
When near death, all actions must be taken.
Because no one knows whether Levi Garrison is a real murderer or a fake murderer…
After all, in front of such a strong man, a few lives are nothing at all.
Kill is kill.
If Gong Qianqiu didn't resist, Levi Garrison would really kill him.
But once she resists, she will expose her power.

Levi Garrison's overwhelming coercion was imposed on everyone. stronger!
There was a rumbling sound.
"Clap clap clap clap…"
Everyone's bones began to rattle, and even bloodstains began to appear on their
bodies.
"Puff puff……"
There was blood in his mouth.
Their bodies were subjected to extreme strength, and they were about to explode and crack.
And the pressure is getting bigger and bigger.

Gong Qianqiu was naturally attacked by this coercion, and her body was also

If you don't resist, you will face death.
Still a high probability of death.
In the end, he didn't even show his super strength, and he was afraid that he was
already dead.
But she naturally knew that Levi Garrison was testing.
The purpose is to force yourself to resist and reveal your strength!
what to do?
Gong Qianqiu is really at a loss…
Is it to resist or bear silently?
Like everyone else, she was suffering the most extreme pain and came to the
brink of death…
Take a gamble! ! !
Gong Qianqiu is also a person who does great things!
If you resist, you may not escape. If you escape, you will be chased and killed, and
I am afraid that sooner or later, you will be planted in Levi Garrison's hands.
It is better to bear it silently. Although there is a high probability of death, if he

survives, he will temporarily dispel Levi Garrison's doubts.
She still has opportunities and time to develop.
After weighing the pros and cons, Gong Qianqiu decided to endure.
Come for a chance!
"Kacha!"
"Kacha!"
...
The pressure given by Levi Garrison is getting bigger and bigger, the bloodstains
on their bodies are getting wider and wider, and the bones are even more shattered.
The internal organs of the body are slowly cracking open.
Seeing is not alive.
However, Levi Garrison did not intend to stop and continued to exert pressure.
"Ah!!!" A
shrill scream came.
dying!
All are going to die.
Gong Qianqiu and several people couldn't bear the extreme pain directly and
passed out.
Because Gong Qianqiu did not use her powerful strength, she is now as vulnerable as ordinary people.
She was completely unconscious.
Just like dead.
Everyone has come to the limit of life and death.
As long as Levi Garrison exerts one more force, they will surely die!
At this moment, the limit point has come.
Even Levi Garrison was shocked.
The limit of this death has come.
Didn't even make the slightest resistance?
Was this person strong-willed and went out of his way, or did he just find the
wrong person?
Levi Garrison began to doubt.
Should not be!
You're going to die, why don't you resist?
Unreasonable!
If this person is really strong enough, it is impossible not to resist.
You can really kill yourself!
never mind!

Just kill yourself!
Levi Garrison would rather kill by mistake than let it go.
At this critical moment, Dugu Tuo said, "Isn't that bad? Killing the people of the
Demon Suppression Division in front of everyone? Do you really think we are
easy to bully?
"
The entire Zhenmo Division glared at Levi Garrison angrily, "Stop! Quickly stop!"
The senior officials of Shentianjian were even more angry, "If you don't stop,
we'll have to do it!"
Although they kept saying that they would do it .
But everyone was still a little scared.
No one dared to rush up first.
Even Dugu Tuo is afraid.
Although what Levi Garrison has done is already frantically provoking the Town
Demon Secretary.
But fearing Levi Garrison's strength, they never dared to attack.
"Stop, Levi Garrison! This is not a place where you can go wild!"
Dugu Tuo warned again.
It's just that Levi Garrison ignored them at all.
He still said that, he would rather kill by mistake than let go.
As soon as Gong Qianqiu woke up, he felt that greater coercion was coming.
Death is coming!
Levi Garrison is going to kill them!
Will not let go!

what to do?
The moment of life and death has come!
Even if she resists now, she has no chance!
Just missed the best time!
Now even if she exposes all her strengths, it is useless.
It will definitely be directly crushed by Levi Garrison!

died!
She has no chance!

Now Dugu Tuo and others scolded him, but they couldn't stop him in the slightest.
Is she going to die?
Advertisement
She actually envisioned herself having many ways to die.
She had thought a lot about how to die in Levi Garrison's hands.
The most common one is that she and Levi Garrison will die until they die.
In the end, he couldn't beat Levi Garrison and died.
But no one thought she would die like this.
So frustrating! ! !
But she can't!
Can only wait to die!
"Stop! Stop!"

Dugu Tuo shouted hysterically.
discouraged.
But Levi Garrison didn't listen to them at all, and just wanted to kill a few people.
I'm not sure which one it is anyway, just kill them all.
"Boom!"
At the critical moment, Levi Garrison noticed that someone had disappeared…
Dugu Tuo and the others also found out.
There was a person hiding in the crowd, but suddenly disappeared.
Levi Garrison immediately chased after him, and let go of Gong Qianqiu and the
others.
The person who suddenly escaped and disappeared was the Bone Master.
Gong Qianqiu came to the Demon Suppression Tower, and he actually followed.
Just give her a look at the wind or solve some unnecessary troubles.
He never expected that Gong Qianqiu would be targeted by Levi Garrison.
And can't get out at all.
Until he was about to die, Gong Qianqiu did not choose to resist.
He understood Gong Qianqiu's thoughts.
But Levi Garrison was about to kill him.
Of course he couldn't stand idly by.
Gong Qianqiu is going to die, and his revenge plan is completely abolished.
Just when Levi Garrison was about to kill Gong Qianqiu.
He ran away immediately.
This also caught Levi Garrison's attention.

Levi Garrison immediately caught up.
Bone Master is also a powerful existence.
He is familiar with everything within the scope of the Town Demon Division.
So he ran away quickly.
Levi Garrison did not catch up.
"It's just a moment away!"
Just now, Levi Garrison's attention was all on Gong Qianqiu and others.
Master Bone escaped, and Levi Garrison was finally one position behind.
In addition, he is not familiar with the terrain of the Town Demon Division.
So the bone master escaped anyway.
After you can't catch up.
Levi Garrison returned.
After coming to the Town Demon Division, although Gong Qianqiu and the others
escaped this disaster, at least they saved their lives.
But it was also on the verge of dying, brushing shoulders with the god of death.
"I know it was your accomplice who just escaped, and you are still among them!
But I will find you!"
Levi Garrison shouted to the crowd.
Gong Qianqiu trembled in his heart.
Levi Garrison is indeed too terrifying.
It brought her extreme coercion and almost killed her!
I still know I'm in it now!
If Master Bone hadn't escaped in that kung fu just now, she would have been
washed.
Now, he must grow up as soon as possible before he can fight against Levi Garrison.
Otherwise, you will be led by the nose all the time.
There is always danger.
Levi Garrison glanced around again.
I feel that everyone is suspect, and everyone is not.
As for Gong Qianqiu, the group of people has been cleared of suspicion for the
time being.
After all, it didn't show any signs in the end.
To say that the moment the bone master escaped, it might be a cover for this

group of people.
But it's also the best time to escape.
After all, if you stay there, you will be exposed sooner or later.
"Don't worry, I'll be back!"
After the warning, Levi Garrison was about to leave.
But at this time.
The voice of the high-ranking Shentian Superintendent sounded –
"Isn't Levi Garrison suitable? He almost killed dozens of our people, and left after
saying that?"
"You are indeed powerful, but I am not a soft persimmon!"
…
"Swish…"
A powerful breath instantly locked Levi Garrison.
Even the likes of Dugu Tuo raised their eyebrows slightly, and their eyes kept
falling on Levi Garrison.
The tense atmosphere was on the verge of breaking out.
All that Levi Garrison did today was to trample the dignity of the Zhen Mosi
under his feet.
People who want to kill them in their presence.
This is the shame of Mr. Zhen Mosi.
Luckily it didn't kill.
Otherwise, it would be a shame for the gods and the heavens to supervise the
heavens.
Now some people are extremely angry with Levi Garrison!
Scholars can be killed but not humiliated!
What's more, Levi Garrison is just a monkey in the outside world.
The other major factions of the Demon Suppression Division are already used to
it.
How many have suffered from Levi Garrison's hands.
But the Superintendent of God does not have it.
Except for the eight great arrogances of Shentianjian.
Everyone else is facing Levi Garrison for the first time.
Naturally they couldn't take it.
If they hadn't received Dugu Tuo's order, they would have already started.
Now they can't stand it.
Levi Garrison was happy.

“Okay! Come on! Let’s do it! I just killed you all, so I’ll find someone!”
Levi Garrison is not a murderer.
If so.
He can directly wipe out the entire town demon, and kill them all without distinction!
No need to find anyone.
It’s absolutely right to kill them all anyway.
He didn’t want to kill.
But if someone wants to persecute him, that’s not necessarily the case.
“this……”
In this way, Levi Garrison directly frightened everyone.
They just watched, but no one dared to do it.
Dugu Tuo sneered and said, “I’ll give you a face today, as long as you apologize,
the matter will be over!”
Dugu Tuo still chose to endure for the time being, and it is not appropriate to
start a war with Levi Garrison!
They are not ready after all.
They all felt the coercion released by Levi Garrison just now.
This man is so powerful!
Even if they could kill Levi Garrison, they would have to pay the price of annihilation.
So they don’t want to fight.
It is impossible to kill Levi Garrison, but let the entire Zhenmo Division be gone.
This is what they don’t want to see.
After all, Levi Garrison was too strong.
They are afraid!
“Apologize? Impossible! Let’s just start fighting!”
“If you have the ability, you hit me and apologize!”
Levi Garrison laughed when he heard that he wanted to apologize.
He said arrogantly.
This made Shen Tianjian furious.
One of the elders pointed at Levi Garrison and roared, “Levi Garrison don’t be
ashamed! If you want to apologize, apologize!”
“Our patience is limited!”
“Boom!”
Levi Garrison suddenly burst into a majestic wave breath.
“Kacha!”
The right arm of the elder of Shentianjian exploded into a blood mist!

“Do you want to try another one?”
Levi Garrison roared.
“You… bang…”
The other elders were about to speak out, but it turned out that they exploded
into a cloud of blood.
“Who else?”
Levi Garrison injured one person and killed one person.
Completely stunned Zhen Mosi and everyone in Shentianjian.
Everyone looked at Levi Garrison dumbly.
Stop talking.
There wasn’t even a sound of breathing.
Scared!
What if Levi Garrison kills him in pain?
No one dares to provoke!
Dugu Tuo and the others were extremely angry, but this time they never dared to
move.
The hand with Levi Garrison just made the masters of Shentianjian feel unprecedented pressure.
Levi Garrison is too strong.
Definitely not something they can handle.
Or to pay a huge price.
“Is there anyone else asking me to apologize?”
“I can apologize, but you have to listen!”
“Want to kill me, right? Come on! Don’t be a coward!”
Levi Garrison exuded a powerful aura, and directly Xiang Shentian supervisors
pressed the past.
As if to say – come on! Let’s fight!
Bring out all your abilities.
“Boom…”
Levi Garrison exuded a majestic breath, which exploded like thunder.
This is seriously provoking the entire Shentianjian!
“Come on, fight! Don’t be a coward!”
Levi Garrison continued to speak irritatingly.

“This…”
Really embarrassed Dugu Tuo and the others.
call?

Basically have to pay the price of annihilation!
And it is possible that the entire army will be wiped out, and Levi Garrison has
not been killed yet!
If you fight, you will relieve your anger and wash away the shame.
Advertisement
But the price is too great.
Dugu Tuo has a high probability of watching Zhen Mo Si De be destroyed from his
own hands.
But if they don't fight, then Shen Tianjian and Zhen Mosi will be nailed to the
pillar of shame!
This will be the most embarrassing and humiliating thing for them!
Advertisement
none of them!
The entire town magic division was stunned by an outside monkey.
They couldn't explain it to the seniors of the Town Demon Division.
There is no way to explain to Zhenmo Si Tiansi.
It is even said that the honor and disgrace of Zhen Mosi will be ruined on them!
what to do?
To fight or not to fight!
Levi Garrison rode on their heads!
"Don't be a coward, come kill me and give you a chance!"
Advertisement
Levi Garrison continued to provoke.
It's just that everyone looked at Dugu Tuo in unison.
Waiting for an order from him!
As long as he gave an order, all the masters of Zhenmo Division would attack Levi
Garrison in unison.
End to death!
Of course, there are some people who want to stop fighting.
They are full of jealousy towards Levi Garrison.
Not at all!
They are too scared for Shang Levi Garrison!
It's better not to fight this battle.
Maybe 90% of the people who say they don't want to fight.
Only some militants want to fight.
Therefore, almost everyone stared at Dugu Tuo.
See what he means!

Seeing that no one was moving, Levi Garrison sneered, "If you don't fight, then I'll
leave!"
He left step by step.
There are so many people in Zhen Mosi that no one dares to stop them.
Can only watch.
Everyone is waiting for Dugu Tuo's order.
It's just that Dugu Tuo has not issued an order for a long time.
Gradually, Levi Garrison went farther and farther, and almost disappeared in
front of everyone's eyes.
Dugu Tuo still did not issue an order!
Desperate!
Everyone is desperate this time.
The battle still hasn't started.
Zhen Mosi was nailed to the pillar of shame!
This is inevitable!
Finally, everyone watched Levi Garrison leave.
The person who brought them shame swaggered away.
"Tokgu Tiansi, give your order!"
"Let's kill us!!!"
"We're not afraid of death! Just keep the dignity of the Suppressing Demon
Division!"
...
The belligerent pleaded frantically.
They are ready to attack.
Even a lot of hypocritical guys have started to fight.
Obviously they were afraid to die.
When Levi Garrison was here, their legs and feet trembled.
Now he is gone.
How dare you be so arrogant!
"No! I'm not sure! I can't fight a battle I'm not sure about!"
Dugu Tuo said.
As soon as these words came out, the field immediately quieted down.
yes!
Now, no one is sure about ShangLevi Garrison.
Not even a little bit!
This is also the key to everyone's fear!
But he stopped fighting because he was afraid.
I lost all the faces of my ancestors!
This is the biggest shame!

Zhen Mosi can't mix in the future!
Scared to fight by a monkey!
They are so high up!
Being trampled on by a monkey like this…
"All the responsibility today lies with me! I dare not! I am afraid of Levi Garrison! I
am afraid that the Suppressing Demon will not be guaranteed, and if I am afraid
of starting a war, all of you All will die…"
Dugu Tuo took all the responsibility on himself.
But this made everyone believe him even more!
This is actually a natural leader.
Obviously it was a loss, it was a shame.
But it was used by Dugu Tuo to win over people's hearts.
At this moment, everyone looked at Dugu Tuo excitedly.
It's just that Dugu Tuo showed a strange smile without a trace.
He did it on purpose…
In fact, he was taking advantage of this situation from scratch.
Fighting with Levi Garrison is secondary.
His main purpose is to win over people!
Although Tian Si is not here now, he can take charge of the head of the Demon
Suppression Division!
But in fact he is a substitute.
Many people still don't recognize him as the boss of the Town Demon Division!
More dissatisfaction!
But in the face of big things, he can't control it!
No one will really listen to him.
Right now, it's just that the Zhenmo Division is in danger, and everyone pushes
him out to solve the problem.
I don't think he is the boss of the Town Demon Division!
The backbone that everyone believes in is Tiansi!
He's just a deputy Tiansi!
Can replace a while, can handle some things!
But it can't make everyone feel at ease, let alone everyone's belief!
The concept is completely different!
And the Dugu Tuo faction has always wanted to take over the Town Demon
Division!

The battle between Levi Garrison and Gong Qianqiu made him take over the
Zhenmo Division in advance.
Now all he wants to do is to convince everyone of him!
It just so happened that Levi Garrison came.
He immediately used this opportunity to gain everyone's trust!
Complete control of the Town Demon Division!
Even if Tiansi comes back in the future, it will be useless!
Dugu Tuo bowed regretfully to everyone, "It's all my fault! I've shamed the Zhen
Mosi! I've shamed the Zhen Mosi!"
…
He alone took all the blame on himself.
Take responsibility!
This is the leader everyone wants!
Now most people are convinced of Dugu Tuo!
This is the backbone of the Town Demon Division!
With him and the Heavenly Superintendent around, everyone is extremely at
ease!
The backbone is not to order everyone to do something, but to take responsibility at the most dangerous moment.
Immediately, someone immediately said, "It's not that we are afraid of Dugu
Tiansi! It's to give Levi Garrison a chance to live first!"
"We have been in control of the Demon Suppression Division for so long, if we
kill him now, wouldn't it be very boring! Others also said, "
Yeah! It seems that we are cowarding him and dare not fight him! In fact, we are
letting him live!"
"Hahaha… Yes! We let Levi Garrison live!"
"Kill him directly !" He has no meaning at all!"
"Let him live longer!"
Everyone
said arrogantly.
Before, there was no sign of being afraid.
Even in this way to comfort and convince yourself.
It's not that they are afraid of Levi Garrison.
But they let Levi Garrison go.
"When we choose the time, we will kill Levi Garrison again!"
Everyone in the Zhen Mosi began to shout again one by one.

I didn't take Levi Garrison as a thing.
Dugu Tuo even said to the injured Gong Qianqiu, "Don't worry, I will avenge your
revenge!" A smirk
flashed at the corner of Gong Qianqiu's mouth.
She must repay this hatred!
If it wasn't for Master Bone today, he would really be beheaded by Levi Garrison.
She needs a crazy boost!
It's not entirely without gain today.
She felt that she had already touched the limit of Levi Garrison's specific strength.
It is to know his strength.
Gong Qianqiu was temporarily carried back to the West Pavilion to cultivate…
Levi Garrison brought heavy damage to everyone this time.
But in fact, for Gong Qianqiu, this is a small injury.
She can recover immediately…
but she will be acting for the time being…do
n't let her companions find out.
the other side.
After Levi Garrison went back, Xiao Feng asked anxiously, "Where have you been,
Master?"
"It's okay, I just went out for a walk!"
Levi Garrison smiled.
Sure enough, after not telling Xiao Feng his whereabouts, the other party didn't
even know he was going.
I almost got myself caught.
Can this be done?
Deliberately tell Xiao Feng his whereabouts, and then let Xiao Feng spread false
news.
Taking the opportunity to attract the other side?
This is definitely a good way.
But it is necessary to use Xiao Feng…
This makes Levi Garrison somewhat hesitant…

Using one's own apprentice is not good after all.

Levi Garrison couldn't do anything.
Although it is possible to take advantage of Xiao Feng, make sure you catch it.
But this method is not under consideration for the time being.
In the end, maybe it's okay.
However, the harvest was huge, and the enemy was in chaos.
Advertisement
He also exposed himself.
He didn't know the man who ran away.
But there must be someone in Zhen Mosi who knows it.
Ok?
Advertisement
Not right!
It seems that this person has absorbed a lot of accumulated aura energy?
Although I don't know exactly what's going on in the Town Demon Tower.
But when Levi Garrison saw those devices, especially when he saw the energy
core, he understood that it was for storing spiritual energy.
It's just that most of the aura in the energy core has been lost.
Only about a quarter of it remains.
Obviously, the huge fluctuation just now and the lack of stored aura are enough
to indicate that someone has absorbed it.
In a short period of time, it has absorbed so much stored spiritual energy?
Even Levi Garrison couldn't help but open his mouth wide, his face full of astonishment.
Advertisement
As far as he knows, it is impossible to do it according to the strength of the masters of the town demon.
Even if he just saw Dugu Tuo and others.
Neither have this ability.
Once they absorb so much energy, it is absolutely unbearable for the body.
To know that this stored energy is the most pure aura.
It's not the same as the spirit outside.
More terrifying!
This makes it even more unbearable for others.
Not to mention three-quarters.
Even if it is a quarter, someone will explode immediately.
Besides, it is impossible for them to absorb so much spiritual energy in a short
period of time.
He can't think of how to do it now?

Except for the great practice of suction power that I have encountered before.
But that set of exercises is obviously a lot lower.
He couldn't absorb the spiritual energy so crazy.
You can't absorb it like that.
correct!
I don't know if Levilia's practice is okay?
Levilia is the fastest absorbing spiritual energy he has ever seen…
No one!
But Levilia's practice can't reach it, right?
Levi Garrison will not interfere with Levilia, so he does not know the true core of
Levilia's practice.
Otherwise, he would immediately know that it was swallowed.
Levi Garrison's expression is a little more solemn, it seems that this enemy is a
growth type…
Rapid growth in a short period of time!
But this growth rate is a bit scary, isn't it?
In a short period of time, three-quarters of the energy in the energy core was
absorbed.
If this enemy continues to grow.
That's trouble.
He could feel that the enemy was already very strong now.
Although not his opponent.
But the strength is approaching itself.
According to this growth rate.
Next, the enemy looks for other sources of energy to boost itself.
If you don't pay attention, it may really grow up.
It is better to find out this enemy before growing up.
Otherwise, there may be trouble.
After all, I have never seen someone who absorbs energy so quickly!
This is definitely a tough challenge.
Soon, the news of Zhen Mosi was found out.
The person who escaped is a traitor to the Tianyi Supervisor!
It's been gone for years!
Levi Garrison frowned, this person is not bad.
It is obvious that he can escape from his hands.
According to the news of the town magician, this person has not appeared for a
long time.

Not sure why this is?
But what is certain is that he may have a tendency to take revenge on the Zhen
Mosi…
but Levi Garrison feels that this person is not what he is looking for.
There are others!
It's just that the dozens of people he intuitively locked on, even if they died, didn't reveal any clues.
This is impossible!
Are all facing death, do not do the slightest struggle?
That is impossible!
Levi Garrison can't even imagine it!
Levi Garrison can't imagine, who can have such a determined and bloody nature!
He obviously already has the strength to resist, but he doesn't have to come out
at the moment of death.
The Return of the God of War [The
Protector] Chapter 3652
In addition, at such a critical moment, there is no way to think, and any action is
subconscious.
No one can do it!
Therefore, this is the fundamental reason for Levi Garrison to dispel his doubts.
But he didn't expect Gong Qianqiu to be such a person who does big things.
In times of crisis, take a gamble!
Even if he knew that his test was over, he would kill him directly on the basis of
the principle that he would rather kill him by mistake.
Advertisement
Still no resistance.
Even if you die, you don't want to reveal the slightest.
It doesn't matter if you know you're dead.
All gave up.
Advertisement
This is what Levi Garrison did not expect.
On the other side, after the town magic division placed the wounded.
Someone asked: "No, why did Levi Garrison come here for no reason? He didn't
come to fight us!" " Huh

? Yes! Why did he come here?”
.
Just got carried away.
“Levi Garrison seems to be looking for someone in front of him!”
“And he seemed to be near the Demon Town Tower
before…” “There were also terrifying visions and energy fluctuations that happened before, and Levi Garrison came after him, which seems to be related… …”
Advertisement
Everyone’s analysis, everyone’s face is covered with frost.
“No, the Demon Suppression Tower!”
Everyone rushed towards the Demon Suppression Tower.
Dugu Tuo was at the front, after opening the Town Demon Tower.
Everyone started looking.
“Huh? There is a problem with the core of energy…”
Dugu Tuo saw the core of energy at a glance.
After all, this is the foundation of the Town Demon Division.
If the aura is exhausted, the energy core can release the aura, which is enough for
them to practice and use.
“Three-quarters of the pure spiritual energy is gone…”
“His!”
Someone gasped.
“Is this what Levi Garrison did?”
“He actually stole our energy core?”
Someone exclaimed.
“Crack!”
Dugu Tuo slapped his backhand.
“Idiot!!!”
Everyone else stared at him.
If it were other circumstances, Levi Garrison might really be.
But now the situation is clear.
Levi Garrison must have felt that powerful energy fluctuation before he came
here.
In this way, it is concluded that the source is in the town magic tower.
Levi Garrison is looking for this person.
“Ah? It’s incredible, isn’t it? Three-quarters of the aura of the energy core was
sucked away?”
Everyone couldn’t imagine it.

“It must have something to do with the terrifying vision of heaven and earth just
now!”
“Could it be that someone directly absorbed so much spiritual energy to strengthen their own strength and cause the vision of heaven and earth?”
As soon as the idea came out, everyone was shocked. Cold sweat.
How much spiritual energy the core of energy has, how many years it has accumulated.
Absorb three-quarters at once?
This is too scary, isn’t it?
How strong is this man?
Everyone also understands what Levi Garrison is looking for…
“Understood, this must be the Tianshi Mansion! Isn’t that how the four major
town hall artifacts were absorbed?”
“Tianshi Mansion has such an existence, we are probably in danger!”
Everyone immediately pointed their finger at the Tianshi Mansion.
This time, everyone looked at Dugu Tuo in unison.
Stop seeing him as a temporary fixer.
Instead, he truly became the leader of the Town Demon Division!
“There’s no reason, destroying the foundation of my Demon Suppression Division
will definitely not give up!”
“Is it the Tianshi Mansion, but we must discuss an explanation!”
Dugu Tuo’s face showed fury.
He also naturally understands that this moment is when everyone needs him.
He must lead by example!
“Okay!”
Everyone’s blood boiled.
The injured Gong Qianqiu was not idle, but contacted Xiao Feng by special means.
Gong Qianqiu injured himself and was almost killed by Levi Garrison.
“What?”
Xiao Feng’s expression changed greatly, he never expected that the master
almost killed Gong Qianqiu.
No wonder Master didn’t say a word after he left and didn’t say where he went.

But how dare you?
Almost killed Gong Qianqiu? ? ?
Xiao Feng was so emotional at this moment that he almost lost control.
That's his woman.
Almost killed by someone.
How could he not be angry?
Advertisement
If this really kills!
Then he can't imagine!
What will he do?
Is it to ignore the question, or to avenge the master?
Advertisement
He can't say for sure!
Although it is the master!
After all, Gong Qianqiu is his woman.
He was killed for no reason, could he not take revenge?
Even the master…
he's not sure how he will be!
But definitely not silent!
At least you have to ask your master to clarify!
"Is this unreasonable? Innocent people are going to be killed?"
Advertisement
"Isn't it found out in the end? Isn't this nonsense?"
…
Xiao Feng is very angry!
Although Gong Qianqiu did not die, he was seriously injured and passed away at
the gate of hell.
This is his anger!
Most importantly, for no reason!
Gong Qianqiu is not at all.
This is hurt!
Was wronged, almost killed.
How can this not be angry?
"How could Master do this? I almost killed you!"
Xiao Feng got more and more angry the more he thought about it.
"Xiao Feng, don't be angry, am I okay?"
Gong Qianqiu comforted.
At this moment, Xiao Feng is like an angry beast.
irritable!
Bloodthirsty!
Six parents do not recognize!

You can do anything for the people you love!
He will definitely run wild when he starts to go crazy!
"How can this make me calm down? I really want to go to Master and ask why?"
"Not only yours, but other people are all innocent and killed by Master. He is not
an indiscriminate killing of innocent people. "
Xiao Feng was so angry that he couldn't calm down for a while.
"Should I go to Master to have a theory? I can't bear this tone!"
Xiao Fengfeng was about to leave in anger.
Gong Qianqiu immediately stopped: "No! If you go to Master, you will expose me
immediately! Master will definitely think that I am a traitor and will immediately
kill me!"
"Don't believe this! Master doesn't know me now, but once If you know me, you
definitely doubt me, you don't need to ask for proof, you will kill me directly!"
This sentence made Xiao Feng calm down immediately.
He also understands this.
At first, the master was suspicious.
If they knew each other, they would kill them even more.
"It's also fortunate that you revealed my identity to Master! If Master knew
about my relationship with you, I would die today! It is because of this
relationship that I was identified as an enemy, and I was using you!"
"It happened before the key. Some things can involve me!"
Xiao Feng was anxious: "But all this has nothing to do with you? Everything can
be explained!"
"Yes, you can explain it! But can you explain it to Master and the others?"
"If you let them know about this, they will immediately treat me as a spy!
Fortunately, they don't know my identity!"
"Next Xiao Feng, you can't reveal my identity, even if the master asks, you can't
admit it, you have to try to avoid it…"
Gong Qianqiu asked.
She doesn't want problems with this critical node.
If Levi Garrison knew his identity, it would be over immediately.
"This…"

Xiao Feng hesitated a little more.
Originally, he wanted to take this opportunity to directly confess to Levi Garrison.
Officially introduce Gong Qianqiu to everyone, so as to avoid unnecessary misunderstandings.
But Gong Qianqiu said this, he couldn't help it.
"Okay, I understand!"
Xiao Feng said.
"Don't worry, my injury will be fine!"
Gong Qianqiu comforted again.
"By the way, Qianqiu, not only did he not tell me where Master is going or what
he did, but he also seemed to be avoiding me on purpose…"
Xiao Feng said suddenly.
Gong Qianqiu sighed: "In this case, the master should be suspicious!"

"Because these incidents have something to do with you, you leaked it out indirectly!"
"Of course he didn't suspect you, but he was just afraid that after revealing it to
you, if you leaked it out and affected his plans…"
"This It seems that someone was almost caught by the master once! What kind of
traitor of the Zhen Mosi! It really proves this even more!"
Gong Qianqiu analyzed.
Xiao Feng nodded: "Yeah, these few incidents really have something to do with
me! It's my problem!"
"I'm afraid I won't know what Master does or his whereabouts in the future, I'm a
little unhappy! The feeling of isolation!"
Advertisement
Xiao Feng was unhappy because of the feeling.
And Gong Qianqiu is unhappy that he will not be able to know any news about
Levi Garrison from Xiao Feng in the future.
Not to mention the whereabouts of Levi Garrison.
This is very bad for her.
Advertisement

If Xiao Feng is useful, she can know Levi Garrison's whereabouts in advance, so
she can deal with it calmly.
But not now.
A little bit desperate.
Xiao Feng's chess piece is going to be useless.
The chess piece that he laid the groundwork for really played a big role.
But eventually there will be a day when it will lose its effect.
I just didn't expect this day to come so quickly…
and sooner or later Xiao Feng would know his identity.
That's when it really doesn't work.
Advertisement
There is not much that Xiao Feng can do next.
At most, she provokes and turns against Levi Garrison to assassinate Levi Garrison.
As for everything else it's really useless.
She got everything she deserved.
For example, she also knew the location below Levi Garrison's base camp.
This pawn gives up?
Gong Qianqiu was a little hesitant.
But it won't focus on business.
But still keep it, maybe it will come in handy at a critical moment?
Only then will be treated coldly.
Practice when it works, and don't care when it doesn't.
"Xiao Feng, remember, now it's a sensitive period, maybe Master is watching you!
And I'm going to recuperate next, let's stop contacting first! To avoid unnecessary misunderstandings!"
Although Xiao Feng was reluctant to give up, he still accepted.
"Remember, you must not expose me! In addition to super emergency situations,
don't contact me! This will hurt me!"
"Okay, I understand!"
Gong Qianqiu seemed to think of something at this time, and asked again. : "By
the way, I feel that Master may use you! Maybe he will deliberately spread false
news or his whereabouts to you!"
"You must be careful to screen! If you are not sure, don't contact me! I became a
ghost!"

If before, Gong Qianqiu said that Levi Garrison would use himself.
Xiao Feng was absolutely angry.
But now that such a thing has happened, Xiao Feng thinks it may be.
The master is now staring at and doubting himself.
Then he said some extremely disgusting words to Gong Qianqiu.
After all, the two were in love.
But Gong Qianqiu was disgusted.
Finally broke off contact with Xiao Feng, Gong Qianqiu looked cold.
"Useless monkey, wasting my time!"
Gong Qianqiu said coldly.
Next, Xiao Feng's position will become weaker and weaker.
Until this pawn is discarded.
Xiao Feng naturally didn't know about this.
At this moment, Levi Garrison called everyone together.
Said there was something to tell.
Soon, everyone was gathered together.
Zoey Lopez and Levilia also came.
"The purpose of gathering everyone is very simple – next, we will face a new
enemy, and I don't know exactly how this force is! Anyway, it is approaching me
infinitely!"
"Next, you have to be careful, this force may come Take revenge on you, once I'm
not there, you will be in danger, be careful in advance…"
After the instructions, Levi Garrison's eyes fell on Xiao Feng again.
"Xiao Feng, I remember that you don't like a girl from Zhen Mosi?"
This is not because Levi Garrison deliberately doubts Xiao Feng.
I just paid more attention to Xiao Feng, watching him suddenly come out.
Everyone looked over.
Especially the Azure Dragon (Qinglong) five, they just asked Xiao Feng a question.
"boom!"
This was a bolt from the blue for Xiao Feng.
What are you afraid of?
The master really doubted himself.
Gong Qianqiu also expected it!
But Gong Qianqiu said that she must not be exposed!
For a time, Xiao Feng became nervous.
"I……"
He stuttered and couldn't speak.
This looks like a problem.

Levi Garrison's eyes immediately became a little deeper, staring at Xiao Feng.
Xiao Feng was dumbfounded.
Knowing what to say now is not enough.
There are flaws…
Master is so smart, you can see it!
Not really, just say it clearly.
Just when he was about to say it, the five Azure Dragon (Qinglong) smiled: "Boss,
you don't know, Xiao Feng has long since cut off contact with the woman in the
town magic department."
"We've seen that woman, and it's not easy to deal with! It's not something Xiao
Feng can handle! Besides, the Zhen Mosi is our enemy. Xiao Feng understands
this truth!"
"Yeah, Xiao Feng naturally understands that it is easy to be used! How smart he is,
he has not been contacted for a long time…"
"In special times, Xiao Feng is more alert than us…"
Xiao Feng also didn't think that Azure Dragon (Qinglong) and several people said
casually, and actually helped him to clear the siege.
Xiao Feng pursed his lips: "Yes, Master, I haven't been in touch…"
"I'm afraid of being embarrassed, so I've never dared to say it!"
"Oh, that's alright!"
Levi Garrison smiled.
Indeed, if it wasn't for Azure Dragon (Qinglong) and a few others, Levi Garrison
would be suspicious.
After Xiao Feng left from here.
It's dangerous in the dark.
It was almost discovered.
Sure enough, what Qianqiu said was not wrong.
Doubt yourself now.
Once Qianqiu is exposed, Master will directly treat him as an enemy.
So he will do his best to protect Gong Qianqiu.
In any case, Gong Qianqiu cannot be revealed.
They will even deliberately reveal information to themselves to draw people out.
Xiao Feng also knew that the master would not really doubt himself.

What he suspects is the person from the Town Demon Division that he knows!
Be extra careful next time.
Master is staring at himself, then he can't have any mistakes.
After the five Azure Dragon (Qinglong) left, Phoenix suddenly said, "Do you think
Xiao Feng is abnormal?"
"Ah? I don't feel it!"
Several others said in surprise.
Phoenix looked suspicious: "Anyway, I always think he's abnormal!"
"Just now, he is definitely not ashamed, but nervous, as if there is something
unspeakable!"
Kirin (Qilin) also said: "Yes, I didn't even notice if you didn't say it. The boss's
words just seemed to hit him! It's a bit abnormal!"
"Listening to what you guys said, it seems like this is the case! If it weren't for us
talking, I wouldn't know what Xiao Feng would answer…"
"It's all our fault for being quick…"
Several people responded.
Xuanwu urn said angrily, "Then shall we tell the boss?"
Azure Dragon (Qinglong) shook his head: "If there is no direct evidence, you can't
say anything! Tell the boss, as if we deliberately sow discord!"
"It's… We just think it's abnormal, it's not that Xiao Feng really has a problem."
"If it's really just our illusion, then the problem will be big!"
"Xiao Feng wants to avenge us so much, it's inappropriate for us to say that! It's
like we're blaming him! We must not say it!"
…
In the end, everyone agreed that it should not be mentioned.
Can not cause everyone's previous unhappiness and estrangement!
It is Levi Garrison who is so embarrassed!
But Phoenix felt that it was necessary to stare at Xiao Feng next.
See if your feelings are wrong.

She was sensitive and felt that there might be a problem with Xiao Feng, so she

had to keep an eye on it.
She even had to ask Tenjinji's friends.
Because as a woman, she has seen Gong Qianqiu, and this woman is not simple.
It seems that Xiao Feng is particularly infatuated with her!
It felt abnormal at the time.
But Xiao Feng later said that it was directly broken, and he was a little unconvinced.
Advertisement
Plus what happened recently, and Xiao Feng's nervousness when he mentioned
this woman.
There is something unusual everywhere.
Phoenix is a woman, so she is so suspicious that she thinks carefully.
On the other side, Gong Qianqiu was very nervous.
Advertisement
Although this time escaped.
But she knew she was still in crisis.
Even the crisis is not small.
Next, Levi Garrison will check himself in all directions.
The Bone Master is also exposed.
He was a big help.
And Shen Tianjian and Zhen Mosi couldn't hide it for long.
Soon they will know that there is an internal problem, and once they investigate,
their living space will be very, very small.
You have to grow up before you expose yourself.
Advertisement
The initiative must be fully in your own hands!
rather than being led away by others.
Otherwise, you will die miserably!
If Xuanming aliens are discovered, they can also resist for a while.
Otherwise, all attention is now on myself…
Trouble is not small…
Or do you want to improve yourself first?
Gong Qianqiu originally wanted to devour all the master skills of the Zhenmo
Division.
But it's not a good time. If you start a snake, it will be troublesome.
But Gong Qianqiu still has a way.
There are many treasures and medicinal herbs in the Shentianjian and Tianyijian.

Especially the Heavenly Medical Supervisor has stored all the magic medicines in
the history of the Zhen Mosi!
Many medicinal herbs are life-changing!
If you take one, your power will increase dramatically!
It's just that the magic medicines of the Tianyi Supervision are not for ordinary
people to take!
Like the previous Gong Qianqiu, I am afraid that if he just took a pill, he would
explode and die!
Can't stand it at all!
It was made with all the treasures collected by the town magician!
I couldn't bear it before, but now Gong Qianqiu can absolutely bear it.
To take all the magic medicine, her strength must be improved to a level.
At that time, it was really possible to wrestle with Levi Garrison.
Now Gong Qianqiu is a wounded person, but no one pays attention to him.
To check is to check others.
For the time being, she was cleared of suspicion.
Even if she goes out to do something, no one will doubt it.
After all, she is a wounded, and there is an alibi!
Others are still seriously injured, while Gong Qianqiu is fully recovered.
In the middle of the night, Gong Qianqiu left the old site of Zhenmosi.
Came to the place where Shentianjian has been hiding for all these years.
This address is naturally unknown to others, but it can't be concealed from the
powerful Gong Qianqiu!
Soon after, Gong Qianqiu came here.
Now with her strength, she can clearly feel the powerful breath or energy source.
She is very sensitive about it.
"Huh? It seems a little wrong? How can the God of Heaven exist so powerfully?"
"Impossible! I know all of their powerful existences, why are there so many?"
"Could it be that this is the background of Shentianjian?"
Gong Qianqiu didn't care about anything else.
Go directly to the Physician.
The day doctor is relatively quiet.
In the most secluded position of the Shentianjian.
No one exists.

That's because Tiansi Yufeng Tiansi of the Tianyi Supervision prefers quietness.
He has always been refining medicine alone, and he can't tolerate others' disturbance.
Therefore, Yufeng Tiansi was almost the only one in the hall of the Tianyi Supervisor.
Except for the two apprentices waiting outside, there was no one else.
After Gong Qianqiu came, he directly killed and swallowed the two.
Then he entered the hall of the Heavenly Medical Supervisor.
"Who?"
A cold voice came immediately.
"As expected of Yufeng Tiansi! Did you notice that?"
Gong Qianqiu smiled.
I thought I was sneaking in silently.
But I didn't expect to be discovered as soon as I came in.
Although Yufeng Tiansi is obsessed with refining medicine, his strength is not
bad at all.
It is said that it is even above Dugu Tuo.
It's just that he only refines medicine and doesn't care about other things.
Otherwise, God Tianjian is also under his control.
Even the next Tiansi is him.
Now Gong Qianqiu was shocked.
This Yufeng Tiansi is now the first person in the Zhenmo Division.
Dugu Tuo is no match.
Tiansi is not coming, he is the most powerful.
I didn't even think of it, I chose the most powerful one.
Yufengtian Sifeng is handsome, like a teenager.
But his eyes were staring at Gong Qianqiu.
Also noticed something was wrong.
"Who are you? What are you doing here?"
Yufeng Tiansi asked again.
"Nothing else, I'm just here to eat all the magic medicines in the Heavenly Medical Supervisor…"
Gong Qianqiu smiled.
"Can you eat all the magic medicines? Aren't you afraid of bursting yourself?"
Yufeng Tiansi sneered.
No one can swallow all the magic medicine here.
The most extreme fear is only three or four.
Absolutely impossible!

Gong Qianqiu sneered contemptuously: "Hoho, I just swallowed three-quarters of
the core of energy not long ago! It's okay to swallow all your magic medicine?"
"what?"
As soon as these words came out, Yufeng Tiansi's face changed greatly.
"It's you? It's you?"
Although he was concentrating on refining medicine, he knew exactly what happened outside.
"it's me!"
Gong Qianqiu's voice just fell, and the whole person moved immediately.
Suppress Yufeng Tianji with absolute power.
Although Yufeng Tiansi is strong, he is not at the same level as Gong Qianqiu.
Gong Qianqiu is now an existence close to Levi Garrison.
It is not something Yufengtiansi's level can fight against.
Yufeng Tiansi has no power to fight back at all.
In an instant, he was under control and couldn't move at all.
"I won't devour you first! Wait until I devour all the magic medicines in your
Heavenly Doctor Supervisor!"
Afterwards, Gong Qianqiu washed and scraped all the magical medicines in the
hall of the Tianyi Supervisor.
All that can be swallowed.

Take away all that cannot be swallowed.
This is basically all the storage of the Town Demon Division.
But the magic medicine here is the highest level.
This time Gong Qianqiu deliberately controlled it, and there will be no more
visions when the strength is improved.
There won't even be any movement.
Of course, this is also inseparable from the help of the bone master.
Advertisement
Yufeng Tiansi was kept in place and couldn't move, so he could only watch Gong
Qianqiu raise another level.
The key point is that all the medicinal pills he carefully refined were swallowed

up by Gong Qianqiu.
His blood.
Worse than killing him!
Advertisement
But he can't do it!
It's the same mentality as the top ten geniuses!
Because no one came close to the Heavenly Doctor at all.
The only two people who could get close were killed by Gong Qianqiu.
Therefore, no one knows what Gong Qianqiu is doing in the Tianyi prison.
She is not in a hurry, and slowly swallows the magic medicine!
Get stronger step by step!
This time, Yufeng Tiansi witnessed another level of growth of Gong Qianqiu!
"call!"
Advertisement
Gong Qianqiu felt that he was also evolving.
Previously, the core of energy could only swallow three-quarters of it.
But now she felt she could swallow more.
I guess it's because of his strength.
The body and the root bone are also getting stronger.
Now able to devour more.
Almost all the magical medicines in the Tianyi Supervision were swallowed up.
But also to the limit.
Still a lot left.
But she wants to take it all.
"And I'll take you too!"
Gong Qianqiu also took Yufeng Tiansi away.
In fact, it is useless to devour or not to devour Yufengtiansi.
Mainly she wanted to bring people to the Bone Master.
Back then, Master Bone was personally expelled from the Heavenly Medical
Supervisor by Yufeng Tiansi!
It's revenge for the bone master!
"Hahaha……"
I'm so strong?
After Gong Qianqiu came out, she felt the ultimate strength in her body, and she
had to laugh out loud.
This is too scary!
"Hahaha… Levi Garrison, I'm not far from you now! I feel like I can fight with

you!”
confidence!
At this time, Gong Qianqiu was extremely confident!
This is the foundation of strength!
She can fight Levi Garrison!
Finally waited for this moment.
Yufeng Tiansi looked at her and was a little scared.
He only felt it in the disappearing Tiansi…
But I don’t know where Tian Si went!
If this goes on, who can stop Gong Qianqiu, I am afraid that the entire Zhenmo
Division will be in danger.
Even Zhen Mo Si will be destroyed by this woman!
too terrifying!
He couldn’t imagine the consequences!
Gong Qianqiu, who was about to leave, suddenly thought of something, and
couldn’t help saying: “Huh? I’ll go to Shentianjian to see?”
When she first came, Gong Qianqiu felt a lot of powerful breath, much more than
she expected.
Now that her strength has improved, she is more sensitive.
The power is surging, and she can perceive the source of energy more.
Now, she is even more sure that there are many more powerful experts in the
Shentianjian innocent.
It’s not normal.
There are many masters of Shentianjian, but now there are dozens of times, or
even nearly a hundred times.
There is clearly a big problem.
It shows that there are other masters in Shentianjian.
Shen Tianjian concealed the Zhenmo Division.
Maybe Dugu Tuo has some conspiracy?
Gong Qianqiu could see that Dugu Tuo had a conspiracy, and he wanted to take
over the Zhen Mo Si and become the real Tian Si.
Tiansi left, and now it seems that there is a big problem with the Shentianjian.
She wanted to see what secrets Shen Tianjian was hiding?
That is to say, she is strong enough now, otherwise she will also perceive this

subtle breath.
Now she is stronger than before!
Before, she felt that she was a god, above all living beings!
She can control everyone's life.
But now it's different.
She felt like she was almost at one with the world.
She is heaven and she is earth!
She can feel everything between heaven and earth.
Even small things.
That's why it's too strong.
So she can clearly feel it.
Soon she came to the place of the masters of the Shentianjian, where the breath
and energy fluctuated.
She wants to see who is it?
The place where this group of people is located is also the most secret place of
the Shentianjian, and it is obviously inconvenient to show their faces.
It's also a place no one else can find.
This further confirms Gong Qianqiu's idea.
Soon, she came to this place according to the energy fluctuations.
She also brought Yufeng Tiansi with her.
When Yufeng Tiansi came to this place, he was also surprised.
He also never imagined that there is such a place in Shentianjian?
The key is that there are so many masters hidden here?
Where did it come from?
Obviously, even Yufeng Tiansi didn't know.
Although he refines medicine, he must be in control of the affairs of the Shentianjian.
If he doesn't know, then something is wrong.
Gong Qianqiu saw Yufeng Tiansi's expression clearly.
This probably understands what's going on.
It is estimated that Dugu Tuo raised a lot of strong people without authorization!
No one else in Shentianjian knows at all…
Not even Yufeng Tiansi knew about it.
This problem is bigger.
Gong Qianqiu smiled: "You have to know that the current Zhenmo Division is not
what you imagined! If you don't concentrate on refining medicine, if you stand up
earlier, it's fine! It's like this when it is handed over to Dugu Tuo!"

Yufeng Tiansi is helpless.
Everything is too late.
"Since you are also curious, then I will show you!"
Gong Qianqiu took Yufeng Tiansi deep into this place.
It's a forbidden place for the gods.
Yufeng Tiansi doesn't know, let alone others.
Soon they came to the master gathering area.
"What? It's them?"
Gong Qianqiu looked surprised.

When Yufeng Tiansi saw this group of people, he was stunned, his eyes were
about to fly out.
This is definitely the most shocking thing he has ever encountered in his life!
how come?
How could it be them?
Even if he killed him, he would never have imagined that it was this group of
people who were here…
Gong Qianqiu never thought that it was them…
Advertisement
Incredible!
She calculated everything, and she never thought it would be them!
At this moment, she finally understood the saying that the most dangerous place
is the safest place.
exactly!
Advertisement
Yufeng Tiansi opened his mouth wide enough to swallow an egg.
It's even more shocking than seeing Gong Qianqiu's power just now!
There is such a thing in the Shentianjian?
There is such a person?
Gong Qianqiu smiled: "Don't say it's you, even I was shocked! Never thought that
Dugu Tuo would do such a thing! I said how did they disappear?"
Gong Qianqiu can only think that there is another existence in the town magic
department that can rival her.
In terms of resourcefulness, it is comparable to her!

It seems that everyone has ghosts!
It's not easy!
Advertisement
Although Yufeng Tiansi couldn't speak, it could be seen that he was extremely
shocked.
Gong Qianqiu looked at the people below and laughed softly: "I've been looking
for you for so long, so why did you disappear? It's here!
It's really hard to find a place to break through the iron shoes, and it takes no
effort to get it! I have found you! "
Gong Qianqiu is a little excited, God is really helping her!
What is she thinking about?
Although the process was difficult, the results were all good and smooth.
She got what she wanted!
These people are none other than others!
It was the Xuanming alien race that Gong Qianqiu and Levi Garrison were looking
for!
This is something that no one would have thought, the Xuanming aliens are
actually in the Shentian prison!
The biggest opponent of this town magic division, the two sides have been fighting for a long time, and they regard each other as dead enemies.
But now the Xuanming aliens are actually in the Shentian prison.
In the head organization of the Town Demon Division!
This is what everyone in the town magic division has thought of.
It's also what Gong Qianqiu and Yufeng Tiansi didn't think of!
Their main brain organization actually colluded with the Xuanming alien race?
It can even be said that now the Shentianjian is controlled by the Xuanming alien
race!
Dugu Tuo just took over the Zhenmo Division, which means that the entire Zhenmo Division is under the control of the Xuanming Alien Race.
Understood!
Everything is clear!
Why did the Xuanming aliens never appear even though they existed?
According to the past, the Xuanming aliens must have often fought with the Zhen
Mosi.

The Xuanming alien race is a belligerent alien race, and it used to be a dark battle
with Zhen Mosi.
The two sides are either fighting or on the way to fight!
As a result, there is no battle at all now!
Secondly, Xuanming aliens are violent and bloodthirsty!
To move is to genocide!
Therefore, after the Zhenmo Division was divided into major factions, he was
afraid of the Xuanming alien race to death.
After all, they are not united now, and the Xuanming aliens can be defeated one
by one.
If the Xuanming aliens are provoked, they will definitely be exterminated.
So even the Wufang Pavilion has such worries!
Everyone dared not mention the Xuanming Alien, for fear of being exterminated.
It's like Xu Qingya and the others knew that they were Xuanming aliens, but they
didn't dare to say it.
Just scared!
However, everyone is worried, but the Xuanming alien has never appeared at all.
There is no so-called person who has killed the Demon Suppression Division.
Not even a genocide.
Everyone is afraid.
But since this time, the Xuanming aliens have been quiet and terrifying.
Not even his face was exposed.
If Levi Garrison hadn't broken the deadlock, Xuanming aliens would not have
appeared.
Gong Qianqiu had never thought about it before.
Now that I think about it, my back gets chills.
It is not that the Xuanming alien race has never appeared, but has been in the
Shentianjian all the time, always under the nose.
It's not like they haven't dealt with the town magician, or they've been dealing
with it all the time.
But the method used is not a direct hit.

Instead, go deep inside, slowly infiltrate, and control the entire Town Demon
Division step by step!
Now Gong Qianqiu is sure that all this has something to do with Dugu Tuo.
I don't know if Dugu Tuo is in charge, or is he just a puppet?
This is why he wants to control the Demon Suppression Division and become a
leader.
Gong Qianqiu guessed.
There is a high probability that he is a Xuanming alien!
I'm afraid this is something that everyone in the town magic department will not
think of.
Now the leader of Zhenmo Division turned out to be a Xuanming alien.
They directly penetrated into the Shentianjian.
Complete control of the Town Demon Division!
This method is absolutely perfect!
No one thought it would be like this!
It seems that the Suppressing Magic Division is unified, but in fact the Suppressing Magic Division is abolished.
It was already controlled by the Xuanming alien race.
Gong Qianqiu smiled and shook his head.
Who would have thought that the main brain mechanism of Zhen Mosi turned out
to be his own worst enemy!
Yufeng Tiansi is really unbelievable!
Who would have imagined that the interior of the Town Demon Division had
already decayed like this.
It was actually controlled by the Xuanming alien race.
He was obsessed with refining medicine, and as a result…
When Tian Si left that year, he also specially told him to look at Zhen Mo Si and
not be too obsessed with refining medicine.
Now it's all made by him!
this……
This is also a disaster!
The Gong Qianqiu in front of him is also a catastrophe for the Town Demon
Division!
The Town Demon Division is over!

This is his deep feeling!
If he is not caught by Gong Qianqiu, he will definitely be angry when he sees this
scene, and even go down to fight the Xuanming aliens on the spot.
Just forget it now!
Powerless.
So be it?
This situation!
I'm afraid that even if Tiansi comes back, he may not be able to change!
Not to mention not anymore.
He has no choice.
They are all prisoners!
Gong Qianqiu did not leave directly, but observed among the Xuanming Alien
people.

"Is this woman here?"
Gong Qianqiu discovered the first lady of Shentianjian among the Xuanming
aliens.
That is Dugu Tuo's wife!
Gong Qianqiu heard from the master that Dugu Tuo's wife was amazing back then,
and she was looted by many people!
Known as the first lady!
In the end, it was taken by Dugu Tuo.
Advertisement
And she had heard a story.
It seems that there was a powerful alien in the past, and there was a woman who
was particularly powerful. No matter her appearance or strength, she was absolutely superb!
But then this alien race was directly exterminated by the Demon Suppression
Division!
This woman is also dead!
Advertisement
"It seems that the first lady is the remnant of an alien race!"
Gong Qianqiu muttered to himself.

She guessed that the two were actually the same person.
That alien race was not completely wiped out, but someone survived.
This first lady is!
The first lady is active in the Xuanming alien race, so obviously this is a person
from the alien race!
Gong Qianqiu became more and more certain.
After going deep into the Xuanming alien race, he found a place where a group of
people was protecting it.
There are relatively large energy fluctuations inside.
Advertisement
It's like someone is cultivating.
Gong Qianqiu immediately sneaked into it.
Sure enough, there are tricks!
"Huh? That's… the five elements of spiritual roots and bones?"
Gong Qianqiu made another major discovery.
She actually found the five elements of spiritual root spirit bones here.
Someone is cultivating, and the five elements of spiritual roots and bones are
really strong, and the surrounding spiritual energy is madly gathering here.
Of course, the Xuanming aliens used great supernatural powers to isolate the
breath.
But this is not difficult for Gong Qianqiu.
Gong Qianqiu quickly saw who the person with the Five Elements Spiritual Roots
was…
Although this person rarely shows up, she knows who he is…
Son of Dugu Tuo – Dugu Xiao!
This person is also incomparably talented, perhaps a little stronger than the
Eight Great Talents of Shentianjian.
However, his back root was injured and reduced to waste.
Over the years, I have been looking for a suitable spiritual root and bone to
transplant.
I never thought that I would meet the five elements of the five elements of
Azure Dragon (Azure Dragon (Qinglong))'s spiritual bones.
It's just that Duguxiao's affairs are secret.
Almost everyone in the town magic department does not know.

That is, Gong Qianqiu knows the world and has the most complete information.
Otherwise, she wouldn't even know about the existence of Duguxiao!
After all, he had never appeared in front of everyone in the Demon Suppression
Division!
Hahaha……
It turns out that the root bones of Levi Garrison's brothers were transplanted by
them!
Right!
All right!
It turns out that the people behind the Xuanming Alien Race are Dugu Tuo and
his son!
They are also the ones who transplanted the five elements of spiritual roots and
bones!
No wonder Dugu Tuo is so familiar with everything outside.
It turned out that he already had everything under control.
Duguxiao is now incomparably powerful, and fits perfectly with the Five Elements Spiritual Root Spirit Bone!
The Five Elements Spiritual Roots and Spiritual Bones have been brought into full
play!
His current strength is almost the same as Dugu Tuo.
Looking at the entire Town Demon Division, it is a well-deserved first genius!
Duguxiao, who has five elements of spiritual roots and bones, is very powerful,
but it is not worth mentioning compared to today's Gong Qianqiu.
Gong Qianqiu not only stepped on all Tianjiao of Zhenmo Division under his feet!
He even stepped on people like Dugu Tuo!
But none of this matters!
The most important thing is that she knows where the Xuanming aliens are, and
she also knows the whereabouts of the five elements.
There will be a good show next.
As long as she tells Levi Garrison, then the target will be completely shifted.
Levi Garrison killed the Xuanming alien with absolute anger.

Even the Zhen Mosi will kill the Xuanming aliens.
It's time for chaos!
Buy her more time.
She can even take advantage of the fisherman!
Gong Qianqiu really wanted to laugh wildly.
God is really on her side!
Luck is always here!
Although there were twists and turns, she was safe all the way!
At this critical moment, she accidentally discovered the existence of the Xuanming alien race and the biggest secret of the Shentianjian.
Isn't it all good for you?
If you expose it yourself.
Then you can buy more time for yourself and let yourself grow faster.
At that time, Levi Garrison was no longer her opponent!
Waiting for them to react and then deal with their own words, it will be too late!
After knowing this big secret, the situation changed directly.
Become beneficial to Miya Chiaki!
Gong Qianqiu did not stay much, but left with Yufeng Tiansi.
No one knew she had been there.
No one knew that Yufeng Tiansi was gone, and no one knew that all the magic
medicines in the Tianyi Supervisor had disappeared.
This will be a stroke that will change the pattern of the Town Demon Division!
Come to the mass grave.
"Master Bone, I'll give you a present…"
Gong Qianqiu threw Yufeng Tiansi on the ground.
The bone master was shocked.
"What? Is this Yufeng Tiansi?"
Master Bone was so shocked that he couldn't close his mouth.
"And you have grown to this point???"
"How long have we not seen each other?"
When Master Bone saw Gong Qianqiu, his eyes flew out of shock.
I used to think that Gong Qianqiu was a very powerful existence.
But at this moment, she has a feeling of panic and power!
Almost integrated with the whole world!
She is the sky, she is the feeling of the earth.
There was a rolling pressure on her.
Stronger than everyone the Bone Master has ever met!
When Yufeng Tiansi saw the old acquaintance, his face was pale and his body

trembled.
But compared to what he had just experienced, he was relieved.
Bone masters are nothing.
"Yufengtiansi didn't think about it, right? We're going to destroy Zhenmosi
soon!"
The bone master laughed.
Because, at that time, he followed the evil way of medicine and was expelled by
Yufeng Tiansi.
This breath is finally about to vent.
"Come on, kill me!"
Yufeng Tiansi lay down directly.
He was powerless to stop it, and could only go with the flow.
"I'll swallow it first…"
Gong Qianqiu devoured all Yufeng Tiansi's skills.
"give it to you!"
Gong Qianqiu threw Yufeng Tiansi to Master Bone.
Master Bone will torture Yufeng Tiansi next…

He hates the Heavenly Medical Supervisor and everyone in the God-Heavenly
Supervisor!
If it falls into his hands, he will never let it go.
As for Gong Qianqiu, he was not idle either.
While improving his strength, he had to make arrangements for the discovery of
the Xuanming alien race.
Of course she wouldn't reveal it directly.
Because what she wants is for all parties to fight, and what she wants is to prolong the time, so that people like Levi Garrison can divert their attention.
Advertisement
Give her enough time to grow!
Gong Qianqiu also found that his strength increased, and the more he swallowed.
In the next period of time, she devoured all the treasures and medicinal pills
stolen by the Tianyi Supervisor and the Shen Tianjian.

She is more powerful.
Advertisement
She didn't stop and continued to grow.
Keep looking for all kinds of things that can be swallowed by her!
She is also paving the way for the information of the Xuanming alien race.
the next period of time.
Levi Garrison was still looking for Gong Qianqiu and found a lot of clues.
It feels like it's not far away.
As for the Shentianjian, which is actively preparing, it is ready to start the Tianshifu.
Especially Dugu Tuo, he really wanted to attack Tianshifu.
That's right!
Advertisement
He is a member of the Xuanming Alien Race!
His purpose is to control the Town Demon Division.
At this time, another hindering force appeared, and he naturally would not let it
go.
And this time the most depressing is Xiao Feng!
I don't know why, Gong Qianqiu doesn't contact him at all now.
This made Xiao Feng anxious.
Yes, that's right, Gong Qianqiu said try not to contact him.
But having said that, how long has it been since then?
Gong Qianqiu didn't contact him at all.
There is no message at all.
He also tried to contact Gong Qianqiu, of course not because of any major event,
but just said that he missed Gong Qianqiu or something, and wanted to contact
Gong Qianqiu or something.
It's just that Gong Qianqiu didn't care at all.
Now Xiao Feng and Gong Qianqiu are like glue.
Don't say no contact for such a long time.
Even if he can't see him for a second, Xiao Feng will be as impatient as an ant on a
hot pan.
Xiao Feng is not doing anything right these days.
I just want to see Gong Qianqiu!
He couldn't wait to find Gong Qianqiu immediately.
He felt uncomfortable, as if thousands of ants were walking on him.
No matter what!

The key is that he contacted Gong Qianqiu, but the other side didn't reply at all.
In fact, Gong Qianqiu saw his contact and just sneered: "Sick!"
Today's Xiao Feng is like an ant in her eyes.
Now Xiao Feng has not much use.
She doesn't need to worry about this chess piece anymore.
She was too lazy to respond to Xiao Feng's contact.
What a waste of time!
You really don't think you're worthy of yourself, do you?
Gong Qianqiu sneered again and again!
If Xiao Feng has the skills of Levi Garrison, it will be fine.
But he is a piece of trash.
Where is it worthy of Gong Qianqiu!
"Trash! How dare you contact me? Hoho… I talk to you as a gift to you!"
…
There was something wrong with Xiao Feng, Phoenix saw it.
Although Xiao Feng didn't go out or do other things, his condition was too bad,
which Phoenix saw.
Pretty much as she predicted.
Xiao Feng should still have contact with Gong Qianqiu, and the two sides did not
cut off contact at all.
However, looking at Xiao Feng's appearance, Gong Qianqiu should ignore Xiao
Feng, which is why he is like this.
However, Phoenix still wanted to continue to observe, there was no evidence of
this.
It's just her guess.
She had to keep watching.
After that, Xiao Feng's condition got worse and worse.
Tea and rice are not fragrant.
I don't practice anymore, I have nothing to do all day.
Just waiting for a reply from Gong Qianqiu!
But the more I waited, the more there was no information.
Gong Qianqiu just disappeared.
Will not contact him at all.
No matter how he contacts, Gong Qianqiu will not reply!
"Qianqiu, just reply to me! I just want to know how your injury is recovering?"
Xiao Feng was extremely impatient.

Just wait for Gong Qianqiu's reply!
But no matter how Xiao Feng waited, it was of no avail!
Gong Qianqiu did not reply to him!
Now he is almost useless!
What is Gong Qianqiu doing?
Everyone knows that Levi Garrison is eyeing him, and he can't send any message
now.
It will even be used by Levi Garrison!
It's almost useless.
That is, when Gong Qianqiu finally needs it, he will contact him.
Otherwise, it is impossible!
There is no value, and for Gong Qianqiu, it is not as good as an ant crawler under
his feet.
She is still busy, how can she have time to take care of Xiao Feng!
Useless waste!
Seeing Xiao Feng contacting himself, Gong Qianqiu felt disgusted.
But the less Gong Qianqiu did not contact Xiao Feng, the more impatient and
frantic Xiao Feng became.
Everyone is going crazy.
Heartbroken all day long!
Do nothing!
The whole person is in a state of collapse.
Stay where you are and never go out at all.
Even Phoenix, who had been observing him, felt extremely depressed!
Xiao Feng's state is very wrong!
After a few more days, Gong Qianqiu almost completed the foreshadowing of the
Xuanming alien information.
It's about to start.
Of course, Xiao Feng didn't care about her at all.
This made Xiao Feng collapse and go crazy.
Seeing each other in one day is like every three autumns.
It's been so long since he's seen it, he's really on the verge of going wild.
He wanted to see Gong Qianqiu all the time.
Just listen to her voice.
But the more I waited, the more there was no information.
It felt like he was abandoned.
He has a feeling that Gong Qianqiu is going to stay away from him…
This is the last thing he wants to see!

If so, what's the point of his life?
Gong Qianqiu is far away from him, and it is meaningless to live.
He can have no master, no other people.
But there can be no Gong Qianqiu.
This is what keeps him alive.
What Xiao Feng thought before was to avenge the Azure Dragon (Qinglong) Five.
This is his next goal and his motivation.
But it's all gone now.
There was only Gong Qianqiu in his mind.
Everything lives for Gong Qianqiu!
Gong Qianqiu didn't contact him, he was more uncomfortable than death.
Xiao Feng couldn't help it, so he wanted to contact Gong Qianqiu.
Finally he was about to collapse.
He must contact Gong Qianqiu!
He was so worried.
Various ideas popped up in my mind.
Is there someone else in Gong Qianqiu?
Or is she in danger?
impossible!
There is definitely something wrong.
Otherwise, Gong Qianqiu would not have not contacted him for such a long time!
There must be something wrong!
He must contact Gong Qianqiu!
must!
But how he contacted, Gong Qianqiu did not respond.
what to do?
I have to find a way to contact Gong Qianqiu.
Xiao Feng began to think.
correct!
He thought that Gong Qianqiu had said that he could contact her, but only when
there was something important.
Although lying.
But in order to contact Shang Gong Qianqiu, he was desperate.
Afterwards, Xiao Feng immediately contacted Gong Qianqiu.
It is said that there is a major event, a major event has occurred, and it is urgent!
Gong Qianqiu, who was busy, was frightened by the urgent message sent by Xiao
Feng.

For a time she was frightened into a cold sweat.
The whole person's face was pale and bloodless.
Could it be that Levi Garrison found himself?
Otherwise, Xiao Feng would not have contacted him like this!
Although now she feels that she has the power to fight against Levi Garrison.
But definitely not a good time for her to be exposed.
She will reveal it when she can take down Levi Garrison enough.
This is not a good time.
She is single-handedly, and may be tied with Levi Garrison, but if all the people
from Zhen Mosi and Tianshifu come, then she is not necessarily an opponent.
She wants to be 100% sure!
Now there is no 50% certainty.
Still can't be discovered by Levi Garrison!
Now Xiao Feng urgently contacted himself, but was it not discovered by Levi
Garrison?
Other than that, what's the big deal?

In a short period of time, Gong Qianqiu was already thinking about where he was
exposed.
led to the discovery of the identity.
After taking a few deep breaths, she began to contact Xiao Feng.
"What happened to Xiao Feng? Tell me quickly!"
Although Gong Qianqiu is in control, the whole person is still shaking.
It matters a lot after all.
Advertisement
Xiao Feng here has been uneasy.
I never thought that Gong Qianqiu would really contact him.
He almost screamed in excitement.
"Qianqiu, you finally contacted me, I'm going to die!"
Advertisement
Xiao Feng was about to cry.
He suddenly expressed all his thoughts about Gong Qianqiu.
That is a deep-rooted love!
Crazy to the extreme love!

It's just that Gong Qianqiu doesn't catch these things at all: "Ah? Don't say these!
What did you say?"
"Why are you babbling, don't you have a point? Hurry up and say something big?"
Gong Qianqiu was speechless and disgusting.
It's such a difficult time, and I'm still talking about love and love.
idiot!
Advertisement
Extreme stupid!
This made Xiao Feng stunned for a moment: "Ah? Qianqiu, this is a big deal for
me to find you? Isn't my love for you a big deal?"
In Xiao Feng's view, his love for Gong Qianqiu is the biggest thing!
It's the most urgent thing!
Presumably Gong Qianqiu also understands it this way!
Their love is the greatest and above all.
"Qianqiu, listen to me, I miss you so much, I want to see you all the time…"
Xiao Feng took the opportunity to say all the words he had held back for so many
days in one breath.
Gong Qianqiu must be the same.
Missing yourself very much, saving a lot of words, right?
She must be embarrassed to say it.
Take the initiative to say it first, she will definitely say more.
Xiao Feng took the opportunity to say everything he wanted to say.
The opposite of Gong Qianqiu was silent the whole time, and there was nothing
to say.
In fact, she has come to the brink of rage…
But in Xiao Feng's view, Gong Qianqiu is listening carefully to his love.
He felt very sweet and very happy.
Gong Qianqiu is everything to him.
"Qianqiu is up to you next, it's been so long, do you miss me?"
Xiao Feng asked excitedly with anticipation.
What he was waiting for was the expression of Gong Qianqiu's thoughts.
It was only after Gong Qianqiu was silent for a long time, he asked unhurriedly:
"You asked me today to say that there is an urgent matter? Is there anything
else?"

Xiao Feng replied: "Yes, Qianqiu, I love you so much, I want to see you all the time.
I want to know how you are recovering, and I want to know how you are doing…"
"that's it?"
Gong Qianqiu's voice has become cold.
Look forward to it at the same time.
Gong Qianqiu clearly knows that he misses, and he has to continue talking by
himself.
This is to hear a little more sweet talk!
He looked sweet and happy.
Also looking forward to Gong Qianqiu's crazy response!
"Yes! That's all! I want to contact you so much! That's what I said! Otherwise, you
won't reply to me! But it's also very interesting. If I don't contact you for so long,
I don't even know that I love you so much… "
Xiao Feng quickly smiled.
Still madly expressing his love.
Since Gong Qianqiu likes to listen, then he will talk a little more.
"Stupid! Stupid! I've never seen a fool like you!"
"You're an idiot after all! You're sick in your head! Take it! I really take you! Are
you still a man? Can you do great things like you?"
"A man like rubbish! Chunchun has no IQ at all! You are really a rubbish! It's even
more rubbish than I thought!"
"Why are you still Levi Garrison's apprentice? Are you embarrassing Levi Garrison?
Do you have something like him in you?"
"The talent is high, but the strength is low. Don't you think about your own
reasons? You just can't support the wall!"
"I've met so many men, and you're the dumbest I've ever met! Not one of them!
You're sick!"
"Is there anything serious in your eyes? You are destined to be a waste of nothing!"
"Don't you have any brains? How did you do such a childish thing?"
"I'm really convinced! Can't prioritize? Can you be worthy of me?"
…

But Xiao Feng did not have the sweet words to wait for Gong Qianqiu after all,
but scolded!
Senseless!
Xiao Feng was dumbfounded!
Like a thunderbolt from the blue.
The whole body is flawless!
The brain is buzzing, like being bombarded by thunder continuously!
His body was stiff, standing there stupidly, like a sculpture!
The Walking Dead!
It is Xiao Feng now!
It's just an empty shell!
how could this be?
Will Gong Qianqiu scold himself?
this……
He had to wonder if he had heard it wrong.
Incredible!
Are you having trouble with your ears?
Is it your own hallucination?
But Gong Qianqiu's scolding still echoed in his ears!
The fierce shouting and scolding sounded like sharp knives, stabbed into Xiao
Feng's heart.
right!
I lied to Gong Qianqiu!
It's not a big deal at all, I just miss Gong Qianqiu and lied to her to reply in this
way!
But……
No matter what, you shouldn't scold yourself, right?
That's right!
Now that someone is watching, it is easy to expose Gong Qianqiu, and it is easy to
be regarded as an enemy.
But not so harshly, right?
You are her man!
Just because of such a small deception, scolding him like this?
And I contacted her like this because I miss her!
It stands to reason that Gong Qianqiu can understand.
They are in love!
Like glue.

Not seeing each other for a day, let alone not seeing each other for such a long
time.
Gong Qianqiu should also miss himself very much.
After not seeing her for such a long time, she should have accumulated a lot of
sweet words.
Instead of yelling like that?
Why?
Has Qianqiu changed?
How do you do this to yourself?
"Qianqiu I… I admit that I lied to you, but I just want to talk to you, I want to
know your current situation, I miss you so much…"
"What's wrong with me? I shouldn't be scolded, right?"
"It was my fault, I apologize to you! But I miss you so much!"
Xiao Feng said.
He was still unwilling to accept the fact that Gong Qianqiu scolded him.
There must be a reason!
Gong Qianqiu must be too impulsive!
Otherwise she wouldn't do this to herself!
How good is Gong Qianqiu to himself?
There must be a reason to scold him!
It's blaming him for making contact like this on purpose!
I almost thought I had hurt her, so I got angry like this!
But it's too out of control, isn't it?
It is estimated that Gong Qianqiu is afraid of accidents.
I overdid myself.
It scared Gong Qianqiu.
It's all own fault.
He didn't think well!
In his opinion, Gong Qianqiu blamed it for being too sudden.
Gong Qianqiu was angry, and he subconsciously thought that he had made a
mistake.
"Qianqiu, I was wrong! I was really wrong…"
Xiao Feng then started to apologize frantically!
He's making a big deal out of it.
Even if this matter is wrong with Gong Qianqiu.
But he is a man, and he has to take the initiative to take responsibility.
Even if he was right, he had to be wrong.
This will ease the relationship!

In Xiao Feng's opinion, after he apologized like this, Gong Qianqiu's tone would
soften.
I even had to say to him – Xiao Feng was just too excited, embarrassed and so on.
After all, they go both ways!
Apologizing himself, Gong Qianqiu must also realize that he was wrong.
After all, based on her understanding of Gong Qianqiu, this woman is very smart.
You must realize you were wrong.
"Are you sick? Did you know this would kill me?"
"Idiot! Extreme idiot! Don't contact me in the future! Get out! Get away! Garbage!"
Gong Qianqiu shouted loudly, and then directly cut off contact.

"Boom…"
Xiao Feng was about to explode.
The whole person will be torn apart.
what happened?
its not right!
Shouldn't Gong Qianqiu apologize to himself?
Advertisement
Shouldn't it be okay to say nothing?
Why are you still scolding yourself?
Also disconnected!
Next, no matter how Xiao Feng contacts, Gong Qianqiu has no response!
Advertisement
It's like I'm really disappointed in Xiao Feng!
Don't contact him at all!
Xiao Feng is going crazy!
How could this be?
Shouldn't it be sweet?
It turned out like this?
Gong Qianqiu must be very angry, right?
She is a very principled person!
I guess I have touched her bottom line!
Advertisement
She was so angry!
I thought I missed her, so I contacted her like this!

But Gong Qianqiu is too principled, and he said before that he will not be contacted for non-urgent events.
That's why I'm so angry!
This Xiao Feng is actually understandable!
But he always felt something was wrong!
No matter how angry you are, you won't be so angry, right?
This is too serious!
It seems that Gong Qianqiu is determined not to contact him anymore!
He actually felt abandoned!
I do not know how it is?
Lost!
Very lost!
He was heartbroken.
It's as if I can no longer contact Gong Qianqiu from now on!
The whole person collapsed.
There is no light in the eyes!
So down and down!
On the other side, Gong Qianqiu was completely angry.
Never thought that Xiao Feng would contact her like this, she was extremely
stupid!
"You are just a chess piece controlled by my Gong Qianqiu! What? You still want
to get me? Do you deserve it? It's ridiculous!"
...
Gong Qianqiu is really angry to the extreme!
She never thought of Xiao Feng contacting her like this.
She broke out in a cold sweat.
Simply sick!
Master Bone knows that Gong Qianqiu controls such a dog-licking pawn!
"Why don't you still stabilize him? This chess piece is still by Levi Garrison's side,
so it's still useful!"
Bone Master suggested.
Gong Qianqiu shook his head: "No need! His current value is almost 0, and it is
very easy to expose me! That's it!"
"Even if he exposes me now, it doesn't matter, I will abandon this pawn! I know
everything I should know!
His final role can only be to sow discord, cause Levi Garrison's internal chaos, or

stab Levi Garrison at a critical moment! "
Master Bone smiled: "That's true!"
Gong Qianqiu intends to completely give up the chess piece of Xiao Feng.
It has to be said that Xiao Feng's hunch is still accurate.
I always feel that I want to lose Gong Qianqiu, and there is a feeling of being
abandoned.
Uncomfortable!
Very uncomfortable!
I felt a deep breath in my chest, but I couldn't release it.
At this time, Phoenix appeared.
Xiao Feng didn't even notice.
He was completely ruined.
"You lied to us?"
Phoenix said bluntly.
"You… when did you come?"
Xiao Feng panicked.
Originally, he was super strong now, and he didn't know how much stronger he
was than Phoenix.
But he was all focused on Gong Qianqiu's matter.
Didn't notice it at all.
Now that Phoenix is here, I don't even know.
"I just came too! But I know you lied to us…"
Phoenix stared directly at him: "You didn't cut off your relationship with that
woman in Zhen Mosi at all! You've been chasing her!"
"this……"
An embarrassed look flashed across Xiao Feng's face.
It seems that Phoenix should have mastered something, otherwise he would not
be so sure.
If he denies it, he won't.
Phoenix will also tell the master.
That's trouble.
"Are you hiding something? Deceiving us and deceiving Master?"
Phoenix was keenly aware of something.
Xiao Feng immediately said: "That's not there! Absolutely not! No matter what
Xiao Feng is, I won't do such a stupid thing!"
Xiao Feng felt that he still had a degree.
At least Gong Qianqiu is not such a person!

He's sure!
About the times of the accident, it can be explained clearly!
Gong Qianqiu was not at all suspicious.
It was her master Gong Wenqian and senior brother Chu Wu!
After all, Gong Wenqian was killed by him.
Nothing is more convincing than this!
"Vermilion Bird is telling the truth! I lied to you…"
Xiao Feng admitted it generously.
"Huh? What's going on?"
On the contrary, Phoenix was stunned.
She thought that Xiao Feng would die without admitting it.
"I've been chasing Gong Qianqiu from the Zhen Mosi! But…I can't catch up! She
has always looked down on me…I also said that I was Levi Garrison's apprentice,
but she said it had nothing to do with me…"
Xiao Feng temporarily made up a reason.
This made Zhu Que stunned.
A bit of a letter.
After all, when she was in the Tenjin Division, she knew that Xiao Feng was madly
pursuing Gong Qianqiu.
It's just that Gong Qianqiu didn't care at all.
Xiao Feng was laughed at by many other people.
"I haven't been able to catch up until now! I'm afraid to say it directly, you will
laugh at me, I'm too embarrassed. So I lied! I didn't expect to cause such a
misunderstanding…"
Xiao Feng sighed deeply.
For the time being, Phoenix was stabilized.
After all, what Xiao Feng said was justified.
Even if there is doubt, nothing can be said for a while.
"Really? That woman doesn't catch you at all? Doesn't accept you?"
Phoenix asked suspiciously.
"Yeah, don't contact me anymore, let alone see me! Hey…"
Xiao Feng's current state is as if he can't get what he wants.
This Phoenix reassured him even more.
"So, this Gong Qianqiu is probably not a spy…
If she is a spy, you don't need to contact her, she will take the initiative to contact
you, after all, you are the big apprentice of the boss and have first-hand

information…”
Phoenix analyzed and ruled out Gong Qianqiu’s suspicion.
Don’t take the initiative to deliver it to your door.
That’s definitely fine.
“Isn’t it? I hoped that she would favor me because of her status as a master, but it
was of no use at all!”
Xiao Feng sighed with anticipation on his face.
In this way, Phoenix no longer doubts.
Xiao Feng temporarily cleared his suspicions.
It’s all delivered to your door.
This woman is definitely not!
“But Xiao Feng, I advise you, don’t be too affectionate, or you will be hurt in the
end. If you can’t do it, then change the target? Maybe she has never seen you in
the eye…”
“Of course you have to remember, don’t let people take advantage of it. Maybe
this is a trick of people’s greed in this special period!”
“You have to keep your eyes open. I’m not telling you, you are very smart. But
emotional matters are not easy to grasp!”
Phoenix’s unconscious persuasion hurt Xiao Feng’s heart.
Isn’t Gong Qianqiu doing this to himself now?
correct!
Suddenly Xiao Feng trembled!
Is Gong Qianqiu really using himself?
Now I know that I am useless, I have been suspected by Master, and I can no
longer get information and whereabouts.
So kick it away?
It wasn’t like this before!
How good it was before!
But now I don’t care about myself at all.
yes.
Contact now is dangerous!
But not so!
Now he feels kind of abandoned.
Assuming that Gong Qianqiu is the person Master is looking for…
She approached herself just to know Master’s information and whereabouts.

What happened during this time can be worthy of!
Now my chess piece is useless.
She kicked it away and didn't get in touch at all.
What's dangerous now, it's all excuses.
I just don't want to use my chess piece anymore.
Now Xiao Feng's mind is very clear.
Sort things out before and after.
If Gong Qianqiu is really behind the scenes, he can really match up.
It's totally reasonable to change your attitude and insult yourself!
no!
Is it…

A terrible thought popped into his mind.
Could it be that Gong Qianqiu is really behind the scenes?
And I heard Master say that the strength of the person behind this is gradually
improving!
Could it be Levilia's practice?
Only Levilia's practice can improve so fast in a short period of time!
All this is true!
Advertisement
She hurt herself on purpose, and then told him that this exercise went crazy!
Just in order not to let herself know, she wants to continue to practice this method…
She also stole the master's divine calamity…
Except for Xu Qingya who knew their base camp before, maybe Gong Qianqiu
also knew.
Advertisement
Although she did not come forthright.
But you can track yourself.
With her strength at the time, it was no problem to follow him.
After she figured out everything about the base camp.
Deliberately told the information to the Xuanming Alien Race, and then stole the
divine robbery…
Everything that follows, as long as it involves Gong Qianqiu, can be explained.

Very reasonable!
Xiao Feng thought and analyzed everything carefully, especially putting Gong
Qianqiu into it.
All made sense!
Advertisement
This idea is completely established!
but……
Xiao Feng, what are you doing?
How could it be Gong Qianqiu?
Xiao Feng thought that Gong Qianqiu was his own woman, and immediately
became restless and irrational.
Even if the evidence is in front of him, he may not believe it.
What's more, it's just his own assumption now.
Qianqiu is definitely not such a person!
She is just a little woman!
How could it be possible to play Zhen Mo Si round and round?
In addition, even if Levilia's exercises are practiced, the speed of improvement is
fast or fast, but it does not reach the point of threatening the master in a short
time.
It can't be Gong Qianqiu's!
Xiao Feng, you are too human!
Not just one or two doubts!
You can't doubt her just because Qianqiu is yelling at you now…
She scolded me so much, should she be thinking of me?
Now is the critical moment.
Seeing Phoenix, he noticed himself.
Maybe the master is staring at him?
Or other people also see that their abnormality is coming!
If you forcibly contact Gong Qianqiu, in case your master finds out.
It's all over by then!
At that time, I was taking care of myself…
The bamboo basket is empty!
Qianqiu is afraid that this is why he is worried about this!
Xiao Feng thought of another good reason for Gong Qianqiu!
…
Levi Garrison has been staring at the West Pavilion all this time.
It was found that many people died in the West Pavilion.
He is looking for the contacts of these people.

There are also those people who are regarded as spies of the Tianshi Mansion by
Shentianjian, and he also collects their information to see if there is any connection among them.
Now I'm slowly getting a head start.
It seems that these people are all pointing in one direction.
have no idea for now.
But Levi Garrison felt that it was too soon.
Just then.
Suddenly, there is a major message circulating in the town of ghost towns – the
whereabouts of the Xuanming alien!
There are even messages circulating.
The Xuanming Alien Race is about to destroy the Zhen Mosi.
They are planning a terrifying plan.
Although nothing specific.
It's all a hoot.
But these rumors came to the Zhenmo Division and the Shentian Prison, and they
exploded directly.
It was a sensation in the audience.
Even Dugu Tuo was taken aback.
Could it be that the Xuanming alien race was exposed?
Nope!
Xuanming aliens are all in the Shentian prison, no one knows!
Could this be information released by the opponent to deliberately disrupt?
"Check it out! Go and check all the information about the ghost city!"
Dugu Tuo immediately ordered.
But this investigation is about to fall into Gong Qianqiu's trap.
She won't let you find out right away, but gradually.
Let you check it little by little.
"Mr. Ye, there is news about the Xuanming alien race from the ghost market…"
The people from the North Pavilion told Levi Garrison for the first time.
"Go and find out, it is likely to be the opponent's smoke bomb!"
Levi Garrison's first thought was that someone deliberately released a message
to divert their attention.
This trick again?
Haven't you already used it?
It's okay to deceive and deceive the gods and the idiots.

If you deceive yourself, you are still far behind!
After all, he has already made progress here.
If they don't take measures, they can really find out!
It is estimated that they also noticed that they were checking.
Afraid to use this trick to divert the target.
But all parties check.
It seems to be the case.
This is Gong Qianqiu's plan.
You won't be able to find it all at once.
But always find something.
Let people dig out a little bit.
Deliberately but not deliberately!
In fact, she was just procrastinating!
No problem found or not…
Just delay enough.
The key is that if you go on like this, you can really find the Xuanming alien race!
Levi Garrison will definitely take revenge!
Soon Zhenmosi and Beige both gained something.
"It seems that the Xuanming alien race is now lurking somewhere…"
"It seems to have something to do with the Town Demon Division!"
…
When the exact information was found out, Levi Garrison was a little shocked.
I actually found something.
If he can really find the Xuanming alien, Levi Garrison will definitely take his
revenge first.
Destroy the Xuanming alien race!
But Levi Garrison seemed to understand something.
This force is too powerful.
Now, he actually regards the Xuanming alien as a chess piece, a tool to divert his
attention.
He has to do it all round.
This force feels like it's still growing!
If you don't do it as soon as possible, this force will grow to the point of lawlessness.
It must be killed before it fully grows!
Xuanming alien feeling is secondary!
This is the most important!
But check it first, find out which one first kills that one!

…
Levi Garrison will definitely not check one alone, he will continue to check the
West Pavilion.
Let Bei Ge and others go to investigate the Xuanming alien race.
In the prison of God.
Dugu Tuo with the first lady.
Dugu Tuo looked shocked: "What? Are there any clues? Are they all related to
Zhen Mosi?"
"Yes, from the clues I have so far, it seems that it is really possible to know!"
The first lady also looked solemn.
Dugu Tuo frowned: "Impossible, no one knows about the Xuanming alien race in
the Shentian Prison except you and me!"
This thing is top secret!
Although Xuanming aliens are in the Shentian prison.
But no one really knows except them…
It's as if they were in control!
Regarding the whereabouts of the Xuanming Alien Race, other than them, it is
impossible for others to know.
And the Xuanming aliens were even more vigilant than them.
Plus they don't go out, no one else can know.
During this time, they have been in the prison of God.
No information was revealed at all.
Does anyone else know that?
Dugu Tuo has always been a little unbelievable!
The first lady was vigilant: "I always feel like something is going to happen! If
something happens to the Xuanming aliens, we will be dealt with by the Suppressing Demon Division, and our plan will also fail!"
"Before the Xuanming aliens are exposed, we must completely control the Demon Suppression Division!"
"Well, that's it!"
A ruthlessness flashed in Dugu Tuo's eyes: "So our plan is ahead of schedule!"
"Regardless of whether the Tianshi Mansion is the enemy of the Town Demon
Division, we will directly fight the Tianshi Mansion! Let the Town Demon Division

and the Tianshi Mansion lose both!"
"When the time comes, the Xuanming aliens will dispatch with us again, and
swallow the Zhenmosi and the Tianshifu in one fell swoop!"
The first lady also agreed: "Yes, it should be!"
"But do we want to notify Yufeng Tiansi? After all, his Tianyi Superintendent will
be a big help!"
"If he comes, it will be much better to deal with the Tianshi Mansion, and it will
also benefit our plan!"
Only Dugu Tuo shook his head: "No!"

The first lady's brows were almost twisted into a Sichuan character:
"Huh?"
"Yufeng Tiansi is too strong, his appearance may not be a good thing for us! Let's
wait for us to win all of them, and then attack him!"
Dugu Tuo showed deep fear.
Although this guy is obsessed with refining medicine.
The biggest threat to him!
too strong!
Advertisement
The closest person to Tiansi!
He was afraid that this person would not refine the medicine, and suddenly came
out to take over the Suppressing Demon Division.
You must know that there are many people who serve him in the town magic
department.
As long as he raises his arms, almost everyone will support!
Advertisement
He is now in charge of the Demon Suppression Division, which is also a last resort.
If Yufeng Tiansi appeared, everyone would run to support him.
This is what he doesn't want to see.
No matter how powerful Yufeng Tiansi was, he would never be allowed to come
out.

But how do they know that Yufeng Tiansi people are long gone, and even all the
magic medicines with Tianyi Supervision are gone.
The first lady analyzed: "But if we don't notify Yufeng Tiansi, we will not be able
to use the magic medicine of the medical supervisor that day. If we fight the
Tianshifu, the magic medicine will continue to last for the Zhenmo Division! This
is also very The key!"
"No, the magic medicine is no longer needed, and Yufeng Tiansi doesn't need to
be notified!"
"Hurry up and send the order, saying that the Tianshi Mansion may be instigating
dissension… The news of the Xuanming alien race was sent by them, and the
Zhenmo Division is in danger, we must act in advance…"
Dugu Tuo immediately passed the order.
Advertisement
All parties in the town of Demons began to prepare to attack the Tianshi Mansion.
Although everyone feels wrong.
But Dugu Tuo ordered it, and they had to execute it.
After all, for now, Dugu Tuo is the leader of the Town Demon Division.
When Gong Qianqiu knew that Dugu Tuo and Shen Tianjian were going to attack
Tianshifu, she immediately laughed.
Her purpose has been achieved.
The messier the better!
It's interesting to have a fight between the parties!
It can also buy her more time.
At this time, Gong Qianqiu had already devoured the divine medicine of Tianyijian and many treasures of Shentianjian.
Next, she will further strengthen!
There are three energy sources she looks at.
The first is the super spiritual veins that Zhen Mosi relies on to survive.
The second is the super spiritual vein on which the eternal kingdom depends on
survival.
The third is the incomplete super spiritual veins under the Antarctic glaciers.

The first two super spiritual veins are still too powerful, and there is no full
release burst.
Otherwise, Zhen Mosi and Eternal Realm may not be able to control it.
If Gong Qianqiu rushes to devour these two super spiritual veins, she will not be
sure.
Likely to cause trouble.
Then she can only focus on the super spiritual veins under the Antarctic glacier.
She inquired a lot.
Although this super spiritual vein broke out.
But the residual aura is still super terrifying!
Just right for her to devour.
But she needs space and time to devour.
If Zhen Mosi and Tianshi Mansion are fighting now, it will be the best time.
Taking advantage of this gap, she devoured this incomplete super spiritual vein.
At that time, she really won't be afraid of Levi Garrison.
Now although she is strong enough, she still feels a little bit closer to Levi Garrison.
If she really swallowed this spiritual vein, she would not be afraid of anyone.
Even Levi Garrison.
This is her last hope.
So be sure to be safe.
First, the Tianshi Mansion and the Town Demon Division must fight.
Second, to reveal the whereabouts of the Xuanming Alien Race is enough to
attract Levi Garrison's attention and divert his attention!
Next, Gong Qianqiu immediately arranged a plan.
Immediately notified the Tianshi Mansion of the imminent attack of Zhen Mosi.
The Tianshi Mansion quickly prepared.
It was only now that they understood that they had been provoked by others and
had become the enemies of the Demon Suppression Division.
But the explanation is not clear, and people have to call.
Gotta prepare for a fight…
Otherwise, people will be caught off guard.

Not only that, Gong Qianqiu also arranged a multi-faceted conflict between the
Town Demon Division and the Tianshi Mansion!
Little friction is constant.
Contradictions continue to escalate!
War is about to break out!
Under the promotion of Gong Qianqiu, this battle has to be fought without fighting…
For the time being, Zhen Mosi didn't care about the Xuanming alien race, and he
was determined to fight the Tianshifu.
And Tianshi Mansion is actively preparing to meet!
As for Levi Garrison's side.
Bei Ge has been checking information in the ghost city.
Now there is a major breakthrough – the Xuanming aliens are hidden in a certain
faction of the Zhenmo Division.
Still in further inquiry.
This made Levi Garrison pay attention.
After all, he wants revenge.
He must report the hatred of the five Azure Dragon (Qinglong) people!
"Mr. Ye is about to find it, and it will definitely be found within three days!"
The person in the North Pavilion assured.
When Azure Dragon (Qinglong) and the others learned that the whereabouts of
the Xuanming alien race were about to be found, they were extremely angry.
It's finally time for revenge!
Even Levilia, Zoey Lopez and the others are looking forward to it!
Everyone wants to avenge the Azure Dragon (Qinglong) Five.
However, Xiao Feng, who has always been the most active in avenging the Azure
Dragon (Qinglong) Five, did not respond.
The whole person is like a corpse.
No interest in anything.
Even if he knew that the Xuanming alien race was about to be found, he was
extremely indifferent.
This made Zoey Lopez and Levilia noticed.
Should not be ah.

If Xiao Feng knew the information about Xuanming's alien race, he would have
been screaming for revenge.
Why is there no response?
Many people saw that Xiao Feng was abnormal.
Even indifferent to this matter.
Not his style!
They all know Xiao Feng.
He is someone who can really stick a knife to his brother.
Instead of falsely shouting revenge for the Azure Dragon (Qinglong) five.
There must be something wrong with this.
Of course, the five Azure Dragon (Qinglong) had noticed it long ago.
Even Phoenix understood what was going on.
Emotional matters made Xiao Feng depressed, and everything he did was disturbed to the greatest extent.
As soon as this happened, everyone else noticed Xiao Feng one after another.
"Mom, Senior Brother Xiao Feng seems to be not quite right these days, as if
something happened!"
Levilia said suspiciously.
"Ah? What happened to Xiao Feng?"
Zoey Lopez also began to analyze and doubt.
Fortunately, Levi Garrison was busy checking people, otherwise Xiao Feng could
see the problem at a glance.
Gong Qianqiu has not paid attention to Xiao Feng since the last time.
Xiao Feng was still waiting for a reply from Gong Qianqiu – for example, her tone
was a bit heavy, and she couldn't hold back her anger at that time, and she was
embarrassed.
Xiao Feng has been waiting!
Been fantasizing!
But Gong Qianqiu didn't reply at all.
This is completely different from what Xiao Feng expected…
He felt that the Gong Qianqiu he knew would definitely realize that he was wrong in the future.
The tone is too heavy…
Cursing is so ugly.
It was a huge blow to his self-esteem.
In the end, he will surely come to comfort himself.

However, it did not appear as expected.
So Xiao Feng is waiting.
The longer the result waits, the more the whole person collapses…
That feeling of being abandoned came naturally.
Living in loneliness every day…
The whole person is directly decadent!
He felt more and more that Gong Qianqiu was away from him.
Maybe last time was the last contact.
This feeling is getting stronger and stronger.
Xiao Feng was about to cry.
I can't stand it at all.
If Gong Qianqiu really separated from him, he would not be able to imagine what
it would be like.
For him, the sky was falling.
Simply unacceptable!
Therefore, Xiao Feng became more and more collapsed during this period of
time.
People are also crazy.
More and more people are noticing him like this.
Even if the news of the Xuanming alien race came today, he did not respond.
revenge?
impossible!
There is only Gong Qianqiu in his world!
Without Gong Qianqiu, how can he live?
Other people's affairs have nothing to do with him.

Phoenix five people sighed: "People who are trapped by love are really scary…"
Not only that, Zoey Lopez personally came to Xiao Feng.
"Xiao Feng, what's wrong with you? Did something happen?"
Zoey Lopez's question scared Xiao Feng.
He's in such a bad state that he really needs to be noticed.
Phoenix and these people are fine.
Advertisement
They won't tell the master lightly.
But it's a different story if you're a teacher!

Zoey Lopez will probably tell Levi Garrison.
At that time, it would be a disaster for him.
Advertisement
He doesn't care.
But that will affect Gong Qianqiu.
He swore that he would protect Gong Qianqiu with his life!
Nothing can go wrong at this juncture.
So he told Zoey Lopez what he told Phoenix again.
"Master, please don't tell anyone, I can't afford to be ashamed, and Master is
even more ashamed! His eldest apprentice is actually trapped in love, and he's
down! It's spread out that I have no face to live, and so does Master!"
…
Xiao Feng tried to demean himself as much as possible to protect Gong Qianqiu!
And he portrayed himself as a mother-in-law.
Advertisement
A useless man!
A useless piece of junk!
In this way, Zoey Lopez was purely concerned, not suspicious, let alone telling
Levi Garrison.
Sure enough, the plum dyed heart softened.
He comforted Xiao Feng, and took the initiative to ask others to ignore Xiao Feng,
let alone ask Xiao Feng how.
This matter can't be spread out, and don't tell Levi Garrison.
I have to say that Xiao Feng is still very smart in the absence of Gong Qianqiu.
Can accurately control each person's psychology.
Zoey Lopez's psychology was grasped by him.
It's not easy to take…
Zoey Lopez comforted again and left.
Probably means to let Xiao Feng let go, people may really not like you.
You don't have to keep chasing.
In the end, it is you who is deeply moved.
Not at all useful.
These words once again poked Xiao Feng's fragile heart.
Originally, I felt that Gong Qianqiu was going to stay away.
Now Zoey Lopez Phoenix and the others keep saying that people have never

liked you at all.
If I really like you, I would have contacted you long ago, and everything else is an
excuse.
yes!
If Gong Qianqiu really likes him, he will contact him even if he takes a big risk.
He's the one who persuades people to stay in touch.
But now on the other hand, he is anxious to contact him, and people don't want
to contact him.
Once in love, both parties are passionate.
It stands to reason that Gong Qianqiu should try his best to contact him.
instead of now…
Yes, that's right, it's easy to be dangerous.
But in the face of love, if she really cares about someone, she will definitely be
reckless.
What's the point of this danger?
Gong Qianqiu didn't show anything like this.
As if I was like a chess piece, I just kicked it away when I didn't need it.
As a result, Xiao Feng became more and more suspicious.
Gong Qianqiu liked himself at all.
She has always been acting.
Just wishful thinking?
It's all very possible!
However, he could accept that Gong Qianqiu didn't like him, but he could not
accept that she betrayed him.
wrong!
impossible!
If Gong Qianqiu really doesn't like himself!
No matter what, I will never give her to me!
Now she has become her own woman.
This shows that everything is true.
Gong Qianqiu is not such a person!
But the huge change in his attitude before and after made him a little unpredictable.
correct!
It's Master!
Everything is the master's fault!
For no reason, the master almost killed Gong Qianqiu!

Although she said nothing to herself, she understood Master.
But obviously she was angry!
This incident left an indelible shadow on her!
Almost died after all.
Even if he didn't die, he was seriously injured!
Who isn't angry about this?
Gong Qianqiu is absolutely afraid of Master now!
Even Levi Garrison is already her inner demon.
It is estimated that the dream is the scene where the master almost killed her.
Under this kind of pressure, Gong Qianqiu can still be afraid of the master.
I was afraid she would be exposed.
Just because she was afraid that her relationship with him would be exposed,
Master would definitely kill her!
The master is the thing she fears the most, there is no one.
Now I am afraid that I live in fear of Master day and night.
Pray that her relationship with him will not be known.
Once you know it, it's a disaster.
The master doesn't need to go to investigate, just directly identify the enemy to
kill.
…
"Snapped!"
Xiao Feng slapped his forehead fiercely.
"Oh! Why did I only react now? Qianqiu, I blamed you wrongly, I still doubt you in
all kinds of ways, it's all my fault!"
I only care about my own feelings, thinking about how to miss and how to express
my love.
But I didn't even consider Gong Qianqiu's feelings.
Gong Qianqiu is so afraid of the master now that he doesn't contact himself, just
to prevent any clues from appearing.
Don't give Levi Garrison any chance.
Because only those who have experienced death will know how terrifying it is!
There is no time to think about other things.
But it's better for me, for my own selfish desires, I used this method to forcibly

contact her…
It's strange that people don't make such a big fire.
Blame yourself!
He didn't even consider Gong Qianqiu's feelings and situation.
Doubt her now.
You are not human!
Xiao Feng thought he had figured it out.
Knowing why Gong Qianqiu didn't contact him, he was furious.
In fact, he just persuaded himself in his heart.
That is, what Zoey Lopez said moved him deeply.
Xiao Feng immediately contacted Gong Qianqiu secretly and wrote all his apologies and guarantees to Gong Qianqiu.
He also knew that Gong Qianqiu would not reply.
I just hope that Gong Qianqiu can see that he understands and apologizes.
Gong Qianqiu saw Xiao Feng's apology.
She was completely overwhelmed.
"I really never thought that Levi Garrison would have such a stupid apprentice! I
really understand it, I really can imagine it!"
"This is forcing myself to convince myself! Pure numbers are sick! Xiao Feng, you
are a reptile with no IQ, and you still want to be worthy of my nine-day dragon?"
…
Gong Qianqiu was an insult to Xiao Feng!
But it was good for her.
At least Xiao Feng did this to protect himself and hide himself.
Don't worry about exposure for the time being.
Even after she devoured the super spiritual vein, she was not in a hurry to expose
it.
She wants to be 100% sure.
I'm going to give Levi Garrison a fatal blow!
Xiao Feng still has some effect.
He also has to squeeze Xiao Feng's value to the last moment.
never mind.
Just reply.
Let this chess piece play a final role!
Gong Qianqiu has nothing to say about grasping people's psychology.
A reply to Xiao Feng is a huge sweetness for him.
It can confirm what he thinks.
And to maintain her identity exposed.

Even if everyone else knew that he was a bad person in the end, it is estimated
that Xiao Feng would not believe it, and would even madly defend himself.
It's still useful!
In the end, Gong Qianqiu replied to Xiao Feng – I know, this is not allowed in the
future! Otherwise, you and I are no longer possible!
This was beyond Xiao Feng's expectations.
He apologized just to let Gong Qianqiu know, but he didn't think about Gong
Qianqiu's reply.
But now Gong Qianqiu has replied.
This made Xiao Feng ecstatic!
The whole person is refreshed and completely reborn.
"Hahaha… That's true! I figured it out! I'm wrong for Qianqiu!"
"Don't worry, Qianqiu, I will protect you with my life!"
"I will never let you expose it in advance…"
Xiao Feng danced with excitement.
The Return of the God of War [The

I have to say, Gong Qianqiu is too powerful.
Grasp Xiao Feng's psychology to the extreme.
With just one reply, Xiao Feng had such an earth-shaking change!
Xiao Feng returned to normal.
The next two goals-protect Gong Qianqiu, and then improve his strength.
When he heard that Xuanming aliens appeared, he wanted to take revenge.
Advertisement
Become the Xiao Feng that everyone imagines.
Seeing Xiao Feng returning to normal, Zoey Lopez nodded in relief.
I sigh that Xiao Feng's adjustment ability is still good!
This shows that his persuasion has worked.
Advertisement
She thought it was her fault.
Phoenix felt a little strange, but Xiao Feng's recovery was a good thing after all.
It would be great to get out!
Everything is going as Gong Qianqiu expected.
The conflict between Zhen Mosi and Tianshi Mansion is also getting bigger and
bigger.

Dugu Tuo directly placed the disappearance of the top ten Tianjiao in Wufang
Pavilion on the head of Tianshifu.
It is said that Tianshifu carefully planned to destroy the future of Zhenmosi.
This made the town magic division full of indignation.
Angry to the point of madness!
Advertisement
In order to deepen this hatred, Dugu Tuo once again used tricks.
Deliberately sent three of the eight arrogances of Shentianjian out to perform
tasks, and then killed them directly and put the blame on the Tianshifu.
In this way, the entire town Demon Division's anger towards Tianshi Mansion
reached a peak.
At the same time, Dugu Tuo also kept confidential information, these things
must not be known to the Tianyi Supervisor.
Everyone in the Tianyi Supervisor has been refining the medicine, and no one has
gone to tell Yufeng Tiansi.
Of course, he wouldn't even know that Yufeng Tiansi had long since disappeared.
The Tianshi Mansion was also frequently harassed, and many people were killed.
They were also angry.
Not to mention being wronged, the death is so serious.
They also began to fight back accordingly.
The conflict is getting bigger and bigger.
A shocking battle is about to break out.
The ultimate collision of martial arts and magic is coming.
And Gong Qianqiu also acted.
Will reach the super spiritual vein under the Antarctic glacier.
This will be the dividing line she believes!
Once she swallows the super spiritual vein, then her strength will reach the point
of competing with Levi Garrison!
Only success, not failure!
under her plan.
The information about the Xuanming alien race in the ghost city was almost
exposed.

Even this attracted Levi Garrison to personally go to the ghost city to check the
information, and temporarily put aside the inquiry about the West Pavilion.
After all, Xuanming aliens are about to appear.
Under the pressure of Dugu Tuo and the invisible palace Qianqiu, Zhen Mosi
finally launched a violent attack on Tianshifu.
A war between the two sides is imminent.
It seems that all forces are busy.
No one noticed Gong Qianqiu at all…
Master Bone also promised that he would be ready to devote himself to attracting the attention of Levi Garrison and others if the situation arises.
Get double insurance!
This made Gong Qianqiu very satisfied.
Do not!
She actually has a big insurance!
She has hired all the killer organizations such as Ten Temple Yama, Seven Kills,
and Hongye.
Once she gets her order, all the killers will attack Levi Garrison base camp.
This time she even knew about the underground base.
This is thanks to Xiao Feng.
Once these three insurances are turned on, no one will disturb her.
She will devour the super spiritual veins and become someone who can truly fight
against Levi Garrison!
She will no longer be afraid of Levi Garrison at all!
"Master Bone is the last time, as long as I hold on, I will not be afraid of anyone!"
Gong Qianqiu has been looking forward to it very much.
This will be the turning point of her fate.
"The fight is on! The Town Demon Division and the one at the forefront of the
Tianshi Mansion have already fought… The war will continue to spread…"
Finally the battle begins…
Gong Qianqiu didn't talk nonsense, and rushed directly to the super spiritual vein
under the Antarctic glacier.
Feel the majestic aura remaining in the spiritual veins.

Gong Qianqiu smiled: "Just right for me! I swallowed it all, enough to make me
take off!"

Miya Chiaki stands at the center of the super vortex on the Antarctic glacier.
Devour begins!
Gong Qianqiu began to swallow directly under the vortex.
The spiritual energy of the super spiritual veins is constantly being swallowed up
by Gong Qianqiu.
Incoming like a vast ocean!
As Gong Qianqiu's strength increased, swallowing became more and more
terrifying.
Advertisement
Devouring too fast too fast.
Now even if the Town Demon Division and the Tianshi Mansion reacted, it would
be of no use.
Even Levi Garrison's reaction was useless.
By then she had already devoured it.
Advertisement
Come to no avail.
What's more, she has three insurances.
Levi Garrison can't come no matter what!
Come to no avail.
Not to mention not coming.
powerful!
Gong Qianqiu is getting stronger at an extreme speed, getting stronger and
stronger, and his breath is soaring into the sky!
The speed and process of her getting stronger is a miracle!
No one else has heard of it!
Advertisement
Terrifying to the extreme!
In a very short time, half of this incomplete super spiritual vein was swallowed
up.

Gong Qianqiu's whole person has also reached an unimaginable realm.
She didn't even think about it herself.
will be so strong!
powerful!
keep getting stronger…
Fortunately, Gong Qianqiu deliberately controlled it, otherwise her breath alone
would have detonated.
It was a shocking scene!
It was quickly swallowed up to three-quarters.
Still no one found it.
Gong Qianqiu smiled.
She was so smooth.
God has always been with her.
From start to finish!
She is going to make it!
She will be fearless!
Will not obey anyone!
Gong Qianqiu devoured this super spiritual vein, and no one disturbed the whole
process.
until she devoured it.
But what she didn't think about was that there was always a pair of eyes in the
dark to see from the beginning to the end.
It's just that she didn't know the whole thing.
"boom……"
After a thunderous sound, Gong Qianqiu had almost absorbed this super spiritual
vein.
The rest of the aura is impure.
The main essence has been fully absorbed.
"Ha ha ha ha……"
Gong Qianqiu laughed wildly.
I cried at the end.
She's been under too much pressure lately.
He was almost discovered by Levi Garrison several times, and even was killed
once.
She was always tense.
Levi Garrison became her nightmare.
As long as Levi Garrison's name was mentioned, she trembled all over.

Even when Levi Garrison's figure often appeared in her mind, she was terrified.
The whole person lives under the shadow of Levi Garrison.
She was about to collapse.
The only idea is to quickly improve his strength to the extreme, to the point where he can challenge Levi Garrison.
Otherwise, this will be her constant heart demon.
lingering.
finally!
The moment has finally come!
She has waited too long for this moment!
From now on, she will no longer be afraid of Levi Garrison!
Don't be afraid of being exposed!
She controls her own destiny!
"Levi Garrison, I announce that from now on, my Gong Qianqiu will no longer be
afraid of you! I will kill you! I will become your nightmare!"
Gong Qianqiu felt that she could control the whole world at this moment.
That kind of shocking power that destroys the world and destroys the world,
right between her palms!
Now she only has one idea – she wants to fight Levi Garrison!
See if she can crush Levi Garrison!
According to Gong Qianqiu's estimate, now she has surpassed Levi Garrison!
But there shouldn't be much more than that.
Can kill Levi Garrison, but not easy.
But all this is enough.
She just needs to stop being afraid of Levi Garrison.
She held the "Sacred Tribulation" in her hand, and with a light stroke, she directly
split the place in half.
"Good sword! It really is the ultimate sword! I couldn't exert my power before!
Now I can!"
Gong Qianqiu held the divine robbery in his hand, feeling that he could cut Levi
Garrison in half with one sword!
A great devil was born…
"Levi Garrison, I will kill you with this sword! It's definitely not a loss to die under
your own sword! Hahaha…"

Gong Qianqiu laughed wildly.
All this is very grateful to Levi Garrison and the people around Levi Garrison.
They are the ones who made them!
"Levi Garrison, I will repay you one by one! Thank you for your kindness! I will
send you to a paradise!"
The corners of Gong Qianqiu's mouth rose, revealing a demon-like smile.
"And I have come to this day, Xiao Feng, you have made great contributions! I will
not kill you! I will let you see how far I have grown! I will let you live in endless
regrets for the rest of your life!"
"Xiao Feng, I thank you so much! Everything about me is inseparable from you!"
"Don't worry, the exciting things are yet to come…"
I really didn't think of it!
Xiao Feng, who almost kicked her away at the beginning, pushed her to this
point.
unimaginable……
Fortunately, she didn't directly reject it like she did with other men.
She was only interested in the monkeys in the outside world.
She didn't think that she was interested in this one, which brought her to the
point where she is now.
unimaginable!
Gong Qianqiu kept talking about Xiao Feng.
Xiao Feng, who was far away from the base camp, kept sneezing.
"I'm afraid Qianqiu is thinking of me! I keep sneezing!"
"Definitely! Qianqiu must miss me as much as I miss her! It's just that it's an
emergency, she can't express it!"
Xiao Feng smiled sweetly.
The next moment, Gong Qianqiu actually took the initiative to contact him.
This made Xiao Feng almost happy.
Exactly what I thought.
Qianqiu has always loved and missed herself.
It's just that I'm too afraid of the master.
"What happened to Qianqiu?"
Xiao Feng asked excitedly.
"Nothing! I just want to thank you!"

Gong Qianqiu's message came.
Xiao Feng was stunned.
what happened?
Thank yourself for no reason?
What's going on?
"Ah? What happened to Qianqiu?"
Xiao Feng asked suspiciously.
"I'm just thanking you. Without you, I have today! It's all thanks to you to get to
where I am now!"
"Everything about me is so beautiful now, I never thought it would be like this
before!"
"I really met the right person! If I didn't meet you, how could I have now? I'm so
excited…"
"Xiao Feng, I really thank you so much! If I didn't have you, I wouldn't be able to
live, hahaha…With you, I am who I am now! Hahaha…"
…
Gong Qianqiu is frantically expressing his gratitude to Xiao Feng.
Xiao Feng was inexplicable.
There is something wrong with Gong Qianqiu today, and the mood is too high.
Those who didn't know thought that he had given her a great opportunity.
But Xiao Feng understands Gong Qianqiu's meaning – this is probably saying that
meeting him means meeting the right person.
It shows that Gong Qianqiu believes in his heart that he is the right person.
It's the one she's looking for!
Her love for herself is deep in the bone.
Gong Qianqiu is not thankful.
This is an expression of love in disguise!
Sure enough, the fierce scolding himself before was entirely because of the master.
Nothing to do with him.
The relationship between the two has not been affected in the slightest!
She always likes herself!
It is estimated that in this difficult time, I will love myself even more.
"Xiao Feng, I thank you so much! Don't worry! I will surprise you one after

another in the future! And Master, Levilia and the others! I will give you surprises!"
"Don't worry, surprises will come soon!"
Gong Qianqiu couldn't wait to know Xiao Feng's expression after he was fully
exposed.
It must be fun, right?
She is really looking forward to it.
This is her masterpiece!
I believe this day will come soon!
Xiao Feng thought that Gong Qianqiu was about to follow him to meet his master.
Therefore, he was very excited.
"Qianqiu, I will be waiting for your surprise! I will look forward to it!"
Xiao Feng would never imagine what the surprise would be.
At that time, I guess it was too late for him to cry…

"Sure enough, Qianqiu is the one who will accompany me all my life!"
Xiao Feng's mood improved a lot.
Next, introduce Gong Qianqiu to Master and the others.
Don't worry anymore.
Xiao Feng was all excited, and even hummed a little tune.
"Huh? Xiao Feng, what's wrong with you?"
Advertisement
Phoenix always felt strange when she saw Xiao Feng's appearance.
Some time ago, he was dying.
As a result, it has become so exciting now?
What the hell is going on here?
Advertisement
"Anything to be happy about? Share it…"
Phoenix smiled.
Xiao Feng was about to say it, but when he thought that he had to protect Gong
Qianqiu for the time being.
He resisted abruptly: "Forget it, you'll know about it later! I'll share this good
news with you right away!"
Phoenix thought carefully, and asked subconsciously, "Could it be that the woman from Zhen Mosi accepted you?"

Xiao Feng never thought that Phoenix guessed so accurately.
Guessed it right away.
Seeing Xiao Feng's appearance, Phoenix knew that he had guessed correctly.
"Tell me about it specifically, don't try to lie to me, I'm sure I guessed right…"
Advertisement
Phoenix said with certainty.
Xiao Feng was helpless and could only explain: "Actually, it's not like acceptance!
It's just that he ignored me before, but now he suddenly ignores me! I'm naturally
happy…"
There was a hint of suspicion on Phoenix's face: "You shouldn't be deceived by
others, right? It always feels like you are hiding something?"
"I feel that your emotions have been controlled by others recently! Look at yourself! Some time ago, people ignored you. You are not a ghost or a ghost!
Now people care about you, look at how happy you are ?"
"Your emotions have been controlled by others. It's too easy for people to pinch
you! I'm afraid that you will be used by others…"
Phoenix looked at Xiao Feng with a puzzled expression.
Before, she thought that the other party rejected Xiao Feng and was unwilling to
accept him.
But Xiao Feng said this just now.
She always felt that things were not so simple.
Xiao Feng is afraid that he has a story with Gong Qianqiu.
Absolutely complicated.
Xiao Feng must have concealed a lot.
Just said that too.
Xiao Feng was immediately angry when he heard that Phoenix doubted that
Gong Qianqiu was in control of him.
"Phoenix, don't talk nonsense, it's impossible! And I also have my own judgment,
I'm not a three-year-old child!"
"I hope that things like this don't happen again in the future. I'll be unhappy! And

don't stare at me anymore. If it doesn't work, I'll go to the master and tell me."
Xiao Feng left after leaving a sentence.
Now he is not afraid of Phoenix's doubts.
According to Gong Qianqiu, he will be able to meet the master soon.
It was time to be fearless.
After Xiao Feng left, Phoenix's suspicion deepened.
This is definitely problematic.
Phoenix won't stop.
She's about to start checking.
Directly check the experience of Xiao Feng and Gong Qianqiu.
Xiao Feng didn't take this matter to heart at all.
To be able to control Xiao Feng's mood like this, this woman is too powerful.
Whether she has bad intentions or not.
Xiao Feng is on the unfavorable side.
If people are tempted, the trouble will be big.
And according to Xiao Feng, he must have been in contact with this woman for a
long time.
I don't know how many stories there are.
Before contacting Xiao Feng, the message was spread out many times, and then
something happened.
This is definitely problematic…
Phoenix will not tell Levi Garrison for the time being.
But she will keep checking.
She will tell when she finds evidence.
Of course, Gong Qianqiu doesn't matter, it doesn't matter if she finds out her
identity.
Anyway, she is no longer afraid of Levi Garrison.
Even to kill Levi Garrison.
On the other side, Zhen Mosi and Tianshi Mansion have already met each other.
But when the two sides engaged in a super battle.
Levi Garrison appeared.
"Stop for me!!!"
Levi Garrison exploded and left the battlefield directly!
This is what no one thought of!
Tianshifu was stunned.
Zhen Mosi is also stunned!

“What? Levi Garrison?”
When Dugu Tuo and the first lady saw Levi Garrison.
Immediately dumbfounded.
Their plan is about to go.
The result is a saboteur!
They are all about to pull out the Xuanming alien race.
When the two sides fight to the last moment, the Xuanming aliens will come out
to harvest!
There is absolutely nothing wrong with their plans.
Before the Xuanming aliens are exposed, the Tianshi Mansion and the Zhenmo
Division must be taken down directly.
Come by surprise.
The start of this war is to satisfy their plan.
But just as the battle was about to begin, Levi Garrison came!
“Stop all of them! Stop fighting! All the idiots are still fighting here!”
“You were framed by someone! Someone is deliberately trying to sow discord!
The purpose is to make the two of you fight!”
“There is still a third-party force between you! I have already found out about it,
and this force is in the West Pavilion of Zhenmo Si! You have been provoked by
this force!”
“Some people in this force are rapidly becoming stronger, and now doing this
series of things is to delay time and divert attention…”
Levi Garrison immediately explained.
In fact, why doesn’t Dugu Tuo know about this?
He understands even more that the Xuanming Alien Race is the message released
by this powerful force.
This force is very strong.
So he had to fight a blitzkrieg and take down the Town Demon Division and the
Tianshi Mansion before that.
But Levi Garrison came.
His plan fell through.
Of course, Tianshifu knew that they were treated as chess pieces at first, and
they were wronged.

But people are knocking on the door.
They had no choice but to fight back!
“Fight! Keep fighting! Kill! All-out attack!”
Dugu Tuo didn’t want to be destroyed by Levi Garrison like this, and immediately
ordered the war to continue.
This battle must be fought.
“Kill! Brothers!”
The masters of Shentianjian immediately killed the opposite Tianshifu.
The celestial masters of Tianshifu also initiated the magic to start the war.
“roll!”
A terrifying force erupted from Levi Garrison.
He will directly kill the few Shentian Superintendent masters who are at the
forefront.
Everyone was terrified when they saw the blood mist explode.
They all stopped.
“All ears are deaf? Can’t you hear me? Are you courting death?”
Levi Garrison exuded a majestic aura that enveloped the audience.
Both sides couldn’t breathe.
Everyone felt the overwhelming pressure.
Even Dugu Tuo’s heart trembled and they dared not act rashly.
Annoyed Levi Garrison, no one has good fruit to eat.
“Let me see who dares to take a step forward? Kill Wushe!!!”
Levi Garrison warned.
“Whoever dares to move, I will kill whoever!”
“Give me a face today! Both of you leave! The grievance is written off! Does any
of you have an opinion?”
Levi Garrison asked.
The Tianshi Mansion was originally a disaster, and when they heard the truce,
they naturally had no opinion.
“But……”
Shen Tianjian, Dugu Tuo’s confidant of course has opinions.
“boom!”
As soon as he opened his mouth, he was immediately blown into a cloud of blood
by Levi Garrison!
He couldn’t address the comments made by these people.
But can solve the people who made the comments.
Both sides will be horrified.

“Okay, does anyone have any comments now?”
Levi Garrison asked.
silence!
Everyone was silent.
Dugu Tuo was unwilling to do so, but there was nothing he could do.
If he persists, Levi Garrison may have to unite with the Tianshi Mansion to deal
with him.
Then he would have no chance of winning.
“Okay, it’s all gone, let me know that you guys are still fighting, and whoever is
the first to fight, I’ll fight whoever!”
Levi Garrison shouted.
Soon, both sides dispersed one by one.
“You wait first!”
“This force is in the Demon Suppression Division, immediately find out who it is
for me…”
Levi Garrison stopped Dugu Tuo again.
“clear……”
Dugu Tuo can only be soft.

He doesn’t care who this force is now?
He only cares about his plans.
Can he control the Demon Squad and expose the Xuanming alien race!
But now the plan has failed.
He could only listen to Levi Garrison.
“Let’s go, go back, and focus on checking the West Pavilion!”
Advertisement
Dugu Tuo took people back.
Levi Garrison was in no hurry to leave.
He has an intuition.
The other party has succeeded.
Advertisement
Doing so much is diverting attention and procrastinating.
This opponent is crazy strong!
Although I don’t know how it became stronger, it can absorb such a powerful
force in a short period of time.

But now, he deliberately released the message of Xuanming Alien Race, which
caused Zhenmosi and Tianshifu to fight again.
There must be something wrong with this – it means that the opponent has come
to a critical node.
Maybe from now on, the opponent will come to a very high realm and be able to
fight against himself?
Stop being afraid of yourself?
Even if you don't know the specific situation, Levi Garrison can still feel it.
This opponent is afraid that it has become extremely powerful now!
Advertisement
But he was still slow.
Don't find out before others act.
I'm afraid it will be quite difficult to deal with next.
Levi Garrison's intuition is of course not wrong.
Today's Gong Qianqiu is the return of the king.
She first came to the mass grave.
"What? You?"
Xu Qingya and the three were shocked.
Even the eyes of the top ten arrogances showed shocking expressions.
this……
It's too incredible, right?
In such a short time, Gong Qianqiu actually came to this level?
witness!
They are all witnesses to Gong Qianqiu's growth.
It has never been as good as them, to the point where it is now the first person in
the town magic division.
The key is who can stop her now?
Before, everyone was still imagining that Zhen Mosi could find Gong Qianqiu and
interrupt her.
Or better let that Levi Garrison find her and kill her directly.
But now it's too late.
It's all fantasy after all.
No one can stop Gong Qianqiu before she grows up, even if she finds out.
Now, she is so powerful.
No one can stop it!
Everything is false!

Even if Levi Garrison or Zhen Mosi finds out now, no one can be her opponent!
Disaster is coming…
The real horror is coming.
Nothing they've been through before!
At this moment, Gong Qianqiu showed his breath without reservation.
Fortunately, the people present were protected.
Otherwise, everyone will be treated as a bloody fog!
Including the powerful bone master, can't bear the slightest breath of Gong
Qianqiu.
See Gong Qianqiu again.
The Bone Master has nothing but surprises.
Today's Gong Qianqiu is the same every day.
stronger day by day.
Especially this time I haven't seen you for half a day.
Gong Qianqiu made a qualitative leap directly.
So shocking!
How could there be such an existence in Zhen Mosi?
"Hahaha… Now you, I am afraid that Tiansi is far inferior… I am so excited, I can
witness the birth of such a strong man!"
The Bone Master laughed the craziest.
The stronger Gong Qianqiu is, the happier he is.
This power is enough to destroy the entire town magic division.
Trample those high-up guys under your feet!
Gong Qianqiu smiled: "It's a pity that Tiansi has disappeared for how many years?
Otherwise, we can really fight!"
Master Bone sighed: "Tian Si is said to be pursuing a very high realm and looking
for the legendary Tianmen! I don't know what realm he has reached now? But I
don't feel as good as you!"
Gong Qianqiu smiled: "I also think so, now Levi Garrison can still interest me a
little bit. No one else has this qualification!"
"Hahaha… Now it's no problem for you to destroy the Town Demon Division!"
The Bone Master continued to laugh.
He has already seen the miserable end of Zhen Mosi.
"this……"

Yufeng Tiansi was even more shocked.
How long does it take?
Gong Qianqiu actually raised a super high level.
It is completely the power to control the world.
He could feel the terrifying power surging in Gong Qianqiu's body.
Terrible too.
As if there is a feeling of looking directly at a super spiritual vein!
Once it breaks out, the whole world will suffer!
Can't save.
No one can save you now…
Before, he was lying flat and waiting to be destroyed.
More now.
According to the realm of Gong Qianqiu before, maybe Tiansi can stop him when
he comes back.
It's not possible now!
No one can stop it.
The Town Demon Division is waiting to be destroyed!
Even if Tiansi finds the legendary Tianmen, he will pursue it to a higher realm.
But the only thing that can come back is the destroyed Town Demon Division…
Everything is useless!
Master Bone couldn't wait: "Then we will start to deal with Zhen Mosi now?"
"Don't worry! I'll release the information about the Xuanming alien race first! Let
them fight in the dark before talking about it!"
Gong Qianqiu smiled.
Today, she has the ultimate power, and she can kill whoever she wants!
But that would be extremely boring.
It doesn't make any sense.
She prefers machinations.
The feeling of being in control of someone in the palm of her hand was so refreshing to her.
All she has to do now is to see everyone under her control and kill each other.
It's a visual feast.
Playing in the palm of your hand is the most advanced!
Except for her interest in killing Levi Garrison, other people are not interested in
killing them.

too weak.
Including Dugu Tuo.
There's no point in killing him, let alone other people!
Before leaving, Gong Qianqiu looked at Xu Qingya and said, "I told you earlier
that I will let you see my growth with your own eyes, and I will let you see with
your own eyes that I killed Levi Garrison!"
"Wait, the day is coming! I will kill him with his sword!"
She looked at the top ten talents again.
"Huh? You look sad? Ho ho…"
"You should be happy? Because I brought your roots to a height that doesn't
belong to you…"
"Without me, you can at most reach the level of Yufengtiansi! But have you seen
me now? The first person to be the first person in the history of Zhenmosi!"
"Your roots are in my body, and it is the greatest honor in your life! You should
be proud…"
Gong Qianqiu laughed.
"Mad! You are the ultimate lunatic!"
The top ten Tianjiao cursed loudly.
It's just that Gong Qianqiu laughed more and more arrogantly.
Gong Qianqiu returned to the West Pavilion.
She had a smile on her face, and everyone looked at the feeling of ants.
Even Dugu Tuo and his ilk are ants!
Not to mention others.
"Qianqiu, you are in a good mood, I can see that you are very happy!"
When the people in the West Pavilion saw Gong Qianqiu, they all began to ask.
Gong Qianqiu smiled, but there was no answer.
A group of ants would dare to ask her?
Dugu Tuo was a little anxious at this time.
what to do?
Seeing that the Xuanming alien race was about to be exposed, he had nothing to
do.
The first lady couldn't help but said, "Why don't we do this? Let's act directly!"

“I was caught off guard by the Zhen Mo Division. Those who follow me will
prosper, and those who go against me will die!”
“It’s not realistic to have the entire town magician follow us, but as long as half
of the people follow us, the rest will be killed if they don’t obey the order!”
The first lady’s cold glow flashed.
Dugu Tuo nodded: “This is the only way to do it now. Only by force is the real
control!”
“Let the Xuanming alien race and other alien races get ready, we will act immediately, and directly take down the Demon Suppression Division!”
…
The secret plan of the two was heard by Gong Qianqiu outside.
“Huh? In addition to the Xuanming alien race, there are other alien races? It turns
out that the alien races from all sides have united and acted as an undercover
agent in the Town Demon Division!”
“Hahaha… But don’t try to succeed, I will let Levi Garrison take care of you!”
Gong Qianqiu is in control of everything.

All will be her pawns!
Including Levi Garrison is the same!
All will be pawns in her hands.
She was looking forward to the scene when these people found her.
Must be fun, right?
Dugu Tuo and the others immediately made full preparations, and they were
about to start.
Advertisement
Next, Gong Qianqiu checked.
I don’t know if I don’t check it, I’m shocked when I check it.
It turned out that Dugu Tuo was a spy who had been planted in the Town Demon
Division a long time ago.
He came when he was young, which means that he grew up in the town magic

department.
Advertisement
The Senluo alien is the alien that Zhen Mosi destroyed.
The big python swallowing the sky pattern is the totem of Sen Luo alien race!
Originally, the plan of the Senluo aliens to disintegrate the Demon Suppression
Division was about to begin.
The result was destroyed.
At a critical time, Dugu Tuo rescued the first lady.
The first lady was actually pregnant at the time, and of course the child was not
Dugu Tuo's.
But the Xuanming alien race master.
At the beginning, the Xuanming alien race and the Senluo alien race were powerfully united.
The Xuanming alien race master and the Senluo alien race woman, the current
first lady, became husband and wife.
Advertisement
Let their descendants have the fusion of the powerful bloodlines of the Xuanming alien race and the Senluo alien race.
As for the Xuanming alien clan master who was taken away by Tiansi a few years
ago, there is no whereabouts so far.
Because Tiansi wants to leave Zhenmosi, but he is worried that Xuanming aliens
will pose a threat to Zhenmosi.
He is not there, the strongest of the other party is still there, that must be a disadvantage.
Therefore, he made an appointment with the Xuanming alien master, and the
two left together.
I don't know if it's life or death.
It hasn't happened so far anyway.
There are rumors that the lord of the Xuanming alien race has been beheaded by
Tiansi.
There are also rumors that Tian Si and the Xuanming Alien Lord joined forces to
find the legendary Tianmen to seek the next realm.
Go find some legendary disappearing powers.

But in any case, the strongest on both sides is gone.
Zhen Mosi and Xuanming Alien are in a state of balance.
And then the Sen Luo aliens were destroyed.
In order to preserve the blood of the Xuanming alien race and the Senluo alien
race, Dugu Tuo arranged a fake identity for the First Lady and married her
himself.
The first lady also successfully gave birth to a child, who is now Dugu Tuo's
nominal son Dugu Xiao.
*In fact, he is the real **oss.*
Whether it is the Senluo alien or the Xuanming alien, they must listen to him.
He is the master of the two alien races.
Otherwise, how could Dugu Tuo be able to order the Xuanming alien race?
Clear!
Everything is clear!
The disappearing aliens were placed in the town demon division, and they cooperated with the strongest aliens.
The Xuanming Alien Race has not made any movement, it turned out to be doing
these things.
It is necessary to disintegrate the Town Demon Division from the inside.
"Who would have thought that the Suppressing Demons are all a group of aliens,
who would believe it if it spreads out?"
"Do you want to plan now?"
Gong Qianqiu smiled.
"The Suppressing Demon has to be destroyed! But I have to destroy it myself!
The rest of you are not qualified!"
After Gong Qianqiu came to the ghost city, he wanted to spread the message.
"Okay, let Levi Garrison know the message first!"
"Let the rest of the Town Demon Division know, the more chaotic the better!"
Gong Qianqiu began to wait to see a good show.
The next fight is about to begin.
But everything is under her control.
It's like acting for her.

It looks really cool.
Of course, also look at how Levi Garrison's combat power is?
Gong Qianqiu also understands that neither the Xuanming Alien Race nor the
Zhen Mosi are enough to force Levi Garrison's true strength.
But she can handle it.
See how much you can surpass Levi Garrison.
Killing two birds with one stone.
She hopes that she can crush Levi Garrison.
rather than just winning.
That would be under enormous pressure.
She will lose too!
It has to be crushed.
Soon North Pavilion passed the message of Xuanming Alien to Levi Garrison.
"What? Xuanming aliens are hiding in the Suppressing Demon Division?
"Dugu Tuo is also a foreigner? The person who transplanted my brother's root
bone is the son of Dugu Tuo?"
...
After learning the news, Levi Garrison was furious.
No wonder he couldn't find it anywhere.
It turned out that this group of people were hiding in the town magic department.
How to find this?
When it comes to Xuanming Alien Race, Levi Garrison's mind comes to the
miserable picture of the five Azure Dragon (Qinglong) people at that time!
He swore!
no matter who!
They must be repaid in blood!
Finally the moment has come!
At this time, Levi Garrison's mind was all looking for revenge from the Xuanming
alien race.
As for finding another force, he has long since left behind.
Destroy the Xuanming alien race first!
"Xuanming aliens, I want you to die! Everyone involved will die!"
Levi Garrison became crazy.
Soon, Zoey Lopez, Levilia, Azure Dragon (Qinglong) and others all gathered.

“Listen, I have now found the foothold of the Xuanming Alien Race! Immediately I
will take you to revenge!”
Hear what Levi Garrison said.
The expressions of the five Azure Dragon (Qinglong) people changed immediately.
Now their motivation is to seek revenge for the murderer and cut him with a
thousand swords!
Here’s your chance!
The fighting spirit is surging, and the killing intent is heavy!
There was a look of anger on everyone’s face!
“Okay, revenge! Let’s go get revenge!”
Xiao Feng was also excited.
Because of Gong Qianqiu’s reply, he was in a good mood.
Naturally, he wanted to take revenge.
Levi Garrison nodded: “Well, I will take you all there! You will kill the murderer
with your own hands!”
A group of people set off immediately.
the other side.
Dugu Tuo and the others have to start planning immediately.
After all, it can’t be delayed.
It felt like the news that Xuanming aliens were in Shentianjian was about to be
found out.
They move quickly.
Xuanming aliens and other alien powerhouses have all gathered together.
He also arranged everything that should be arranged in the town magic department.
For example, he felt that the powerhouses who disobeyed were all scattered, and
some others were concentrated.
Just hit it right then.
There are also some small tricks to confuse some top powerhouses and coax
them to go elsewhere.
This time, he can only succeed and not fail.
“By the way, the first person we want to kill is Yufeng Tiansi!”
A cold light flashed in Dugu Tuo’s eyes.
The first lady is also feeling the pinch.

There are many people in the town magic department who may follow them,
even if they know their identities.
But some people definitely won't.
That is Yufeng Tiansi.
Once they choose to deal with Zhen Mosi, Yufeng Tiansi will become their biggest obstacle and enemy.
Even sabotage their plans.
Therefore, the first person to kill is Yufeng Tiansi.
Dugu Tuo himself could never beat Yufeng Tiansi.
But he could make a plot and be caught off guard by Yufeng Tiansi.
Soon, Dugu Tuo and the first lady set off.
There is Duguxiao behind him.
The strength of Dugu Xiao, who has the five elements of spiritual roots and
bones, is close to that of Dugu Tuo.
There are also eight top experts of the Xuanming alien race dressed as members
of the Shentianjian.
A group of people came to the Tianyi Supervision.
The day medical supervision is still in normal operation.
"Dugu Tiansi…"
Several representatives immediately greeted them.
"Did Yufeng Tiansi come out?"
Dugu Tuo asked.
"No! It's been inside! Is there anything wrong with Tiansi Dugu?"
several people asked.
"No, I'll go in and find Yufeng Tiansi! I have an emergency!"
Dugu Tuo walked directly inside.
When they came to the private territory of Tianyi Supervision Yufeng Tiansi, the
others did not dare to go any further.
"Come on, go in!"
Dugu Tuo entered with everyone.
Soon after, they came to the gate of the main hall.
"This is……"
Immediately they saw two bodies.
It is the two apprentices of Yufeng Tiansi, who are in charge of daily life.
was killed!
Looks like it's been a while!
"No, something happened…"
Dugu Tuo rushed in.

Just where is the figure of Yufeng Tiansi?

"It looks like Yufeng Tiansi is long gone!"
"It's been a long time!"
…
Everyone looked around in the hall of the Tianyi Supervisor, but there was no one at all.
"Not good! The big thing is bad!"
"Come and see! All the magic medicines in the Heavenly Medical Supervisor are gone!"
Advertisement
"It's been looted!"
The first lady found another big problem.
Sure enough, no one could see the slightest magic medicine on the medicine racks in the main hall or in the dark compartment.
Nothing is left!
Advertisement
Even the storage place for the most precious magic medicine was empty.
"This… hum…"
Dugu Tuo immediately felt a chill in his heart.
In addition to killing Yufeng Tiansi, his purpose here is to control Tianyi Supervision.
With these magical medicines in the sky, the strength of him and the Xuanming alien race has been completely improved by a level.
This is what he wants!
It's just nothing
"What the hell is going on here? What happened? Where did Yufeng Tiansi go?
Where did the magic medicine go?"
Dugu Tuo was a little impatient.
Advertisement
"Could it be that Yufeng Tiansi took all the magical medicines? He left the Shentian prison?"
Someone subconsciously said.

Dugu Tuo shook his head: "Impossible! Before Tiansi left, he entrusted the entire town magic division to Yufeng Tiansi! He is the only one who won't leave! Besides, his two apprentices are also dead. There's no way he did it!"
Duguxiao ran outside to inquire again.
"I don't know if I don't check it. It turns out that the Shentian Prison has also been looted, and many treasures have been lost!"
Dugu Tuo and the first lady looked at each other.
Immediately understood what was going on.
Yufeng Tiansi definitely didn't disappear by himself, he might have been kidnapped by others.
By the way, the treasures of Shentianjian and the magic medicine of Tianyijian were taken away.
But who will it be?
Have such a big deal?
Yufeng Tiansi's strength is the number one other than Tiansi.
How strong is it to be able to take him away quietly?
unimaginable!
Levi Garrison is this level, right?
Dugu Tuo and the first lady all broke out in a cold sweat.
Duguxiao said: "I feel like there is no secret in the Shentian Prison!"
"First of all, no one knows that such a big thing happened in the Tianjianjian, and no one knows that the treasures of the Shentianjian are lost. I feel that this group of people is not only powerful, but also familiar with everything about the Shentianjian!"
"Only in this way can we do it without anyone noticing it! No one has known it for so long!"
"Boom…"
Dugu Tuo's body trembled after hearing this message.
A bad premonition came over him.
not good!
Duguxiao's words reminded him!
The force that took away Yufeng Tiansi is not only powerful, but also familiar with everything about Shentianjian.
That means that this power comes from the Town Demon Division!

Levi Garrison's previous reminders were ignored.
What is the focus of Chaxi Pavilion.
He didn't take it seriously.
Now he's going crazy.
Really are!
It means that there is still a power hidden in the town magic department that he
does not know.
I thought he was the only undercover infiltrated in the town magic department.
Never thought of there!
Deeper than he hides!
What Levi Garrison said was right!
Hidden in the West Pavilion!
What's even scarier is that they don't even know it.
He has been led by the nose for a long time, thinking it is Tianshifu.
But that's just what people make you think.
The First Lady also thought about it.
After the two looked at each other, their bodies trembled violently.
not good!
Since this force is so familiar with everything about Shentianjian.
They also took away the treasures of Shentianjian and the magic medicine of
Tianyijian, they don't know yet.
It is very likely that the settlement of the Xuanming alien race has been completely exposed.
This force has long been discovered.
Now reveal the message little by little.
It's not alarmism, but they know everything.
I finally understood how the Xuanming alien race was exposed.
Only they themselves didn't know, they thought it was safe to hide in the prison
of gods.
The results of it?
This force has long known to control everything.
This is too scary!
For them, it is a disaster!
This power is amazing.
At this moment, Dugu Tuo felt like he was being targeted by a poisonous snake.
It was as if all the eyes were looking at him in the dark.
It's just that he can't see…

Who will this force be in the West Pavilion?
The strength of the ancestors of the West Pavilion is also average to him?
Who else is in the West Pavilion?
"Not good! We are in danger!"
Suddenly, Dugu Tuo realized something.
The whole person's face changed wildly.
They want to coax things in the town magic department, and they want to get
started before they are exposed.
But this force controls everything, and I definitely knew it long ago.
When they act now, they are exposing themselves.
"Kill!!!"
At this moment, bursts of shouting and killing came from outside.
All the troops of the Town Demon Division came.
There are also experts from the Shentian Supervisor and the Law Enforcement
Supervisor who have surrounded this place and the footholds of the Xuanming
Alien Race, inside and outside the three floors.
This time, Dugu Tuo and the others were dumbfounded.
Originally, if they attacked suddenly, with the strength of the Xuanming alien
race, it would definitely be easy to take down the Demon Suppression Division.
But now it's the other way around, and they're the besieged party.
Trouble!
This time the plan fell through.
It would be nice to be able to leave alive.
"Dugu Tuo is a spy of Senluo aliens planted in Town Demon Division!"
"And the first lady and Duguxiao are the remnants of Senluo's alien race!"
"Xuanming alien race and other alien races are hiding in Shentian Prison…"
Everyone put the mountain of iron evidence in front of them.
This made the Town Demon Division extremely angry!
They've been lied to for far too long.
This is absolutely unbearable!
One by one, they all showed a strong aura, and they were going to tear Dugu Tuo
and the others apart.
"Okay, Dugu Tuo! You actually killed the people from the Tianyi Supervisor! And

you, Yufeng Tiansi? You killed him too?"
"And the magic medicine of the Tianyijian, and the treasures of the Shentianjian
are all gone! Have you stolen them all?"
…
The people arranged by Gong Qianqiu poured all the dirty water on Dugu Tuo
several people.
Done.
It can't be washed completely now!
No arguing!
After all, the facts are in front of you!
Yufengtian Siren is gone, and the bodies of his two apprentices are here.
These are all the magic medicines of the Heavenly Medical Supervisor.
They happened to be there, don't blame them for who?
They don't even have a chance to argue.
Immediately beaten to death.
Everyone wanted to cry without tears.
"It's not us… we were wronged too…"
"Although we recognize the identity of the alien race, we do not admit that we
do these things!"
Duguxiao argued vigorously.
It's just that no one is listening at all.
It's all treated like nonsense.
"Not only that, the top ten arrogances have disappeared, the three saints in the
north pavilion are dead, and the four sacred artifacts of the town pavilion are all
made by them!"
"They also wronged the Tianshifu! Let the Town Demon Division fight the Tianshifu!"
"This is their plan, let the Town Demon Division and the Tianshi Mansion fight,
and then the Xuanming aliens will harvest and completely win… We have to
thank Master Levi Garrison, otherwise we would have been fooled!"
…
Next, I don't dare to think that what they did was all placed on their heads.
A war also began.

“Now that what we say is useless, let’s fight! Do you really think you can stop us?”
Dugu Tuo is still not afraid.
After all, there is still a lack of masters here at the Town Demon Division.
Xuanming aliens are still very strong.
In addition, Yufeng Tiansi was not there, he was confident to kill him.
“this……”
Everyone in the town hall was indeed silent for a while.
Not good to kill!
“What if you add me?”
A thunderous voice came.
Levi Garrison is here.
He came with Azure Dragon (Azure Dragon (Qinglong)) and others.
“This… it’s over…”
Seeing Levi Garrison, he immediately despaired.

A single Levi Garrison, Dugu Tuo would be afraid.
After the last brief contact, he knew how terrifying Levi Garrison’s strength was.
This one has to overturn all the forces possible to be able to deal with it!
If you add the town magician.
Then they will surely die!
The five Azure Dragon (Qinglong) people were also brought by Levi Garrison
when they saw the masters of the Xuanming alien race.
Advertisement
An unbearable tragic past came to my mind.
Their heads are about to explode.
anger!
Extreme anger!
Advertisement
pain!
Endless pain!
The emergence of all kinds of brains that day will erode them.
Uncomfortable, feeling dull pain.
Their eyes were red, and their eyeballs were about to fly out.
I couldn’t help but tremble, and I was sweating!
Chill out!
It’s them!

It’s them!
Advertisement
Although these people can’t see their faces.
But the five Azure Dragon (Qinglong) people recognized the clothes on them!
It’s them! ! !
The clothes on the people of the Xuanming alien race are engraved in their
bones!
Never forget!
anger!
The eyes of the five Azure Dragon (Qinglong) people seemed to be emitting
anger! ! !
Before they were fearful and afraid of these.
But now, there is only anger and revenge!
They are not afraid anymore!
They just want revenge!
But Levi Garrison understands that they still have psychological shadows.
There is no complete eradication!
The only way to eradicate it completely is to let them take revenge with their
own hands!
Kill these murderers with your own hands!
Unplug this nightmare with your own hands!
For him, it is not difficult to destroy the Xuanming alien race.
But he wants his brothers to avenge themselves!
Come out of this nightmare yourself!
Only in this way can we completely kill the demon!
“Is it them?”
Levi Garrison asked the Azure Dragon (Qinglong) five.
“Yes! It’s them!”
The five hearts of Azure Dragon (Qinglong) are dripping blood.
How could it not be them!
“Boom…”
When the five people swept their eyes to the back, they landed on Duguxiao
behind!
At this moment, for the five of them, it was like a thunderbolt from the blue!
This is the most terrifying thing for them.
The lingering shadow of a lifetime!

It was this man who plucked the root bone from their body and transplanted the
root bone into his body.
It means that he now has their roots!
Burning with anger!
Thunder roars!
At this moment, the five of them were like a bolt from the blue!
The biggest demon is still Duguxiao!
"It's him! The boss is him!"
"He transplanted our root bone!"
"Boss, I'm going to kill him! I must let him die!"
"Boss, he has always appeared in our dreams!"
...
Although they had never seen Duguxiao's true face at that time.
But looking at it now, it feels very familiar.
It was determined on the spot that it was him!
Whether it is body shape or breath, or even a face that has never been seen
before, it is clear at this moment.
This was already engraved in their minds!
Levi Garrison, Xiao Feng and others also all looked at Duguxiao.
"Okay! Ok! Today, the debt will be paid in blood!"
"Brothers, I promised you that I would avenge you! Today's opportunity is here! I
will make your revenge succeed!"
"No one can stop us from taking revenge today! This is our only thing today! It is
also my Levi Garrison's heaviest promise!"
Levi Garrison shouted loudly.
This is his explanation to his brothers!
Today, when he encounters this enemy, he will kill him no matter what!
Don't try to stop anyone!
No one can do it!
There is only one dead end for Duguxiao!
Levi Garrison's powerful breath has already locked Duguxiao.
Anyone can escape.
But Duguxiao is impossible!
Even if the King of Heaven comes, he can't save him!
Although Duguxiao is extremely powerful, after being locked by Levi Garrison, he
seems to be pressing down on the mountains in the ten directions, making him

breathless at all.
I can't feel the whole body moving, and the whole person, whether physically or
mentally, is slowly being torn apart.
It's also horrible.
The whole person was out of breath and almost collapsed.
Feel the bloodthirsty eyes of this group of people.
He knew he was done!
It is impossible to live today.
It doesn't seem to be of any use even if the King of Heaven is here!
too terrifying!
And he felt that he would not only die, but also suffer endless torture!
Life is better than death.
Whole person may be in pieces!
He couldn't imagine what awaited him.
Do not!
He doesn't want to die!
I don't even want to endure torture!
Duguxiao was about to cry.
The body was shaking violently.
Originally thought that after possessing the Five Elements Spiritual Roots and
Spiritual Bones, he would be invincible in all directions.
The results of it?
Before he could show it, he died.
Even more tragic!
He doesn't want to!
panic!
Duguxiao's face was full of panic!
Dugu Xiao immediately looked at Dugu Tuo and others for help.
It's just that Dugu Tuo and everyone are scared too.
Dugu Tuo did not know how serious the current situation was.
Not only Duguxiao, but even everyone will die.
Everyone can't protect themselves.
Unless there is a miracle.
But how is a miracle possible?
Who can stop Levi Garrison…
This battle cannot be fought.
Show off!
Dugu Tuo immediately said: "Master Ye has misunderstood, everything is a
misunderstanding!"

“Misunderstand?”
Everyone looked at him in surprise.
The relationship between the Xuanming alien race and him is already solid.
Where is the misunderstanding?
How can it be?
Levi Garrison smiled: “Where did the misunderstanding come from? Shouldn’t it
be that we recognized the wrong person, isn’t it you?”
Dugu Tuo quickly shook his head: “No, no!”
“Master Ye, listen to me, there is indeed a force, we have also been used as guns,
and now you are also used as guns…”
Levi Garrison nodded: “Well, I know I was shot. I discovered this force earlier than
you, and I’m sure it’s in the West Pavilion. But kill you first!”
Dugu Tuo shook his head again and again: “Master Ye is absolutely impossible,
what this force wants is for us to fight, they like to sit on the mountain and watch
the tiger fight, and they are the ones who profit in the end!”
“We can’t be fools! We can’t be controlled by them! Master Ye’s top priority is to
find out these forces as soon as possible! They are our biggest enemies!”
“We’ll talk about our grievances and grievances after we’ve dealt with this
matter! It’s the same with all the major factions of the Town Demon Division. If
we fight against all three parties, we’ll all die!”
…
Dugu Tuo’s words exploded like thunder in the crowd of the Town Demon Division.
Now everyone is talking.
Although it can kill Dugu Tuo.
But if they were targeted by other forces, they would not agree.
All they want is to survive.
Instead of killing Dugu Tuo, Zhen Mosi was then destroyed.
Everyone in the town hall hesitated.
Reconsider this issue.
Gong Qianqiu in the dark couldn’t help but give a thumbs up: “Dugu Tuo really

has two boys. At this moment, just a few words will mess up the military heart of
the Demon Suppression Division."
Master Bone smiled: "But this can't mess with Levi Garrison and the others!"
Dugu Tuojian stabilized the Zhenmo Division, and quickly looked at Levi Garrison:
"Master Ye, our grievances and grievances will be counted later! This battle is
definitely going to be fought, but let's find out this force together first. Don't let
them have any success. Opportunity!"
It's just that Levi Garrison's face was firm, and he sneered: "Oh, it's okay! I'll kill
you first, and then find out this force and destroy them, it won't affect them at
all!"
"Besides, you are not qualified to join forces with me!"
Xiao Feng also shouted: "Yes, the top priority is to kill you and get revenge! Let's
put everything else aside!"
Gong Qianqiu's brows were slightly tight: "This waste is quite a fox and a tiger!"
"Kill kill kill!"
"revenge!!!"
The Azure Dragon (Qinglong) five also shouted.
Levi Garrison all have the heart to kill.

They will not be disturbed or affected by anything!
Nothing else matters to them today!
They only have one goal – to kill everyone in the Xuanming alien race to take
revenge!
A firm determination won't stop anything!
kill kill kill!
Dugu Tuo's face suddenly turned pale.
Advertisement
I thought that the people of Zhen Mosi had been quelled, and there was still

hope.
But Levi Garrison was too firm here.
There is no way at all.
“You must die today! None of you can escape!”
Advertisement
Xiao Feng shouted.
“Azure Dragon (Qinglong) made the five of you suffer because of my mistake
that day! Today I must rush to the front to avenge you!”
Xiao Feng was ready to charge.
But this made Gong Qianqiu angry.
“What’s the matter with him? How much does he have? Can’t tell the difference
between big and small?”
“If there is no Levi Garrison, what will he take for revenge? Levi Garrison stands
behind him, showing off his power like this, as if he did everything!”
“Useless rubbish, only pretending to be arrogant and arrogant!”
…
Now that Xiao Feng has no use value, Gong Qianqiu really hates Xiao Feng.
Advertisement
Just hot eyes.
Xiao Feng became more and more despised.
I feel bad everywhere.
So disgusting.
Originally, Gong Qianqiu just didn’t feel it, but now it’s all disgusting and disgusting.
Poor Xiao Feng still doesn’t know.
Master Bone nodded: “I’ve never seen such a confident man! It’s ridiculous!”
…
“kill!!!”
Xiao Feng was the first to kill in the field.
Following Levilia, Zoey Lopez and the others also followed.
The Azure Dragon (Qinglong) five also rushed out, even if their strength is completely inadequate now.
But there is a heart for revenge!
“kill!”
Zhen Mosi finally moved.
This is a good opportunity to get rid of the Xuanming alien race.
If not at this time, when will it be?

Must be done.
As for the power that Dugu Tuo said.
Levi Garrison is there.
They believe that nothing will happen!
"Kill it out! Everyone follow me and kill it!"
Dugu Tuo and the others also knew that this battle was inevitable.
Just start killing.
Experts from the Xuanming alien race and the various alien races were dispatched one after another to confront them.
"Protect the young master! Be sure to protect it!"
"Everyone can die, but the young master must leave!"
Most of the experts of the Xuanming alien race still guard around Duguxiao.
After all, he is the common bloodline of Xuanming alien race and Senluo alien
race.
If he kills him, the blood of the two families is still there.
There is still hope.
However, Xiao Feng, Azure Dragon (Qinglong) and others rushed directly to
Duguxiao!
Levi Garrison was also dispatched.
He protected the five Azure Dragon (Qinglong) people around him and forcibly
made a way for them.
After all, the five Azure Dragon (Qinglong) people have just recovered and their
strength is limited.
If you come by yourself, there is absolutely no way to get revenge.
He can only do it for them.
An unprecedented war broke out.
This is something that most people of Zhenmosi and Xuanming aliens have never
experienced.
In the past, the two sides were fighting almost all the time.
It's like a regular meal.
But now I can't see it!
Not to mention the experience.
This is the first time in many people's memory that there is such a big battle!
Gong Qianqiu in the distance immediately smiled.
All of this was carefully planned by her.

Everyone below is her pawn.
This kind of feeling of playing with people in the palm of the hand is really cool!
The key is like Levi Garrison, who clearly knows that he is a chess piece, but still
steps into the chess game, leaving it at the mercy of Gong Qianqiu.
What a fulfilling thing this is.
"Fight! Kill! Hahaha…kill! Kill all the people I hate!"
Gong Qianqiu gradually became crazy.
She really enjoyed watching other people kill.
She's going to be immersed in it.
At this time, Master Bone suddenly asked: "You said, will Levi Garrison find us?"
As soon as this sentence came out, the smile on Gong Qianqiu's face disappeared
immediately.
Even his expression was a little frozen.
This made the Bone Master realize that he had said the wrong thing.
Just about to apologize, but I heard Gong Qianqiu say: "It doesn't matter if you
find it or not!"
"If I came alone, he would never find it! But with you, he probably found you long
ago!"
Suddenly, Master Bone panicked: "Ah? I've already been discovered?"
In fact, he also has a shadow on Levi Garrison.
The last time outside the Demon Suppression Tower, he took the initiative to
divert Levi Garrison away and was almost caught.
"But it doesn't matter! Even if he discovers you and me now, he won't care! He
will only avenge his brother!"
"By the time he was looking for us, we had already left. In other words, with me
here, don't be afraid of him!"
Gong Qianqiu looked confident.
She used to be afraid of Levi Garrison.
But now she has enough confidence to face Levi Garrison.
You won't be afraid of a face-to-face encounter.
She felt that she could kill Levi Garrison.
It just won't be so easy.
Afraid of the impossible!

Even Gong Qianqiu observed the situation in the field, thinking about what she would do later?
Do you want to help a group of Xuanming aliens?
Or help Levi Garrison?
A terrifying battle has begun.
The two sides have killed each other.
The alien powerhouses and the Zhenmosi powerhouses encountered each other, and the two sides were evenly matched.
After all, it has been fighting for hundreds of years.
Neither has won or lost.
The strength is equal.
But when the aliens meet Levi Garrison's madmen, it's not that easy to deal with.
Even a Xiao Feng must be described as brave and invincible.
His talent is high, and he has practiced Levilia's exercises, and the whole person rushes to the front.
Even against the top experts of different races.
Others have also greatly improved their strength because of practicing Levilia's exercises.
In the melee with the aliens, the two sides have almost the same chance of winning.
But when it came to Levilia, the situation was different.
Levilia is too strong.
Although she did not cultivate in the way that Gong Qianqiu swallowed.
But her improvement speed is super super fast.
has reached the top level.
I directly fought with Dugu Tuo and the first lady.
"It's terrifying! It's improving too fast, faster than I thought!"
Even Gong Qianqiu, who was watching the battle in the dark, couldn't help but stunned.
I thought she was definitely leaving Levilia far behind!
As a result, looking at it now, she is not slow to improve.
Much faster than I imagined.
If given time, she will definitely grow up.
Even Gong Qianqiu understood that Levilia's upper limit must be higher than hers.

She just devours a lot now.
Once Levilia also turns on Devouring Mode, she is far inferior.
After all, this Gongfa Levilia created by himself is more thorough than hers.
And she herself is devouring the spirit root spirit bone.
genuine!
How can I compare to this fake fake of my own!
But then, Gong Qianqiu's eyes were cold, and a bloodthirsty smile appeared on
the corner of his mouth.
Unfortunately, talent is talent after all.
Before the talent has been realized, it is only on paper.
Levilia has absolutely no chance to grow to the point where he threatens himself.
Soon after, she will kill Levi Garrison herself.
Levilia will not let go.
Just wipe it out before she grows up!
All talents that have no chance of being realized are useless at all.
It's like Levilia is so talented now.
It is estimated that the strongest is Dugu Tuo.
And Yufeng Tiansi, who Dugu Tuo is most afraid of, is full of ants in Gong Qianqiu.
Not to mention Levilia.
Of course, the core of the battlefield at this moment is the Azure Dragon (Qinglong) five.
To be precise, it was Levi Garrison who was protecting them.
The six-man team was simply invincible.
Along the way, an alien corpse was left in an instant.
Hundreds of…
Thousands of…
More and more alien masters fell.
No matter what they show, they can't stop Levi Garrison!

More and more alien masters fell.
There are fewer and fewer guards around Duguxiao.
Dugu Xiao's heart is cold.
Looking at the eyes of the five Azure Dragon (Qinglong) people, it was as if they
were going to eat his flesh and drink his blood.

He couldn't help but shudder.
It's so scary!
Advertisement
Getting closer, the point is.
Levi Garrison's majestic aura was still locked on him.
He really couldn't escape.
Levi Garrison killed the alien masters here, and greatly destroyed the living
power of the alien race.
Advertisement
Thus.
Zhen Mosi and Xiao Feng have the upper hand.
And the advantage is becoming more and more obvious.
After all, the number of enemies is rapidly decreasing.
And their combat power remains the same.
Here comes the natural advantage…
"kill!!!"
The masters of the Demon Suppression Division were shocked and killed even
more violently!
"This is a good opportunity for us to shine!"
Advertisement
"Our predecessors can't do it! Generations of generations can't do it! In our
generation, we are about to do it!"
"We will eradicate our biggest opponent, the Xuanming alien race! We will shine
on the Demon Suppression Division! Our name will be engraved in the hall of the
Suppressing Demon Division for generations to come!"
…
Seeing the trend of the Xuanming alien race being wiped out, the experts of the
Demon Suppression Division were greatly excited!
If they do what their predecessors can't do, they will be conferred gods! ! !
Just ask-
Who doesn't want to add glory to the family?
Who doesn't want to be the pride of a teacher?
Now is the chance!
At your fingertips!
It's time for them to fight!
Everyone is like a chicken blood!

crazy!
They desperately killed the Xuanming alien race!
At this moment, the unity and combat power of Zhenmo Division must be brought into play.
All the powerhouses of the Demon Suppression Division were pressed down on a
large scale.
Push the alien masters back!
Xiao Feng and these people are fighting like crazy.
They all have only one belief – kill all the aliens!
Not one left!
All slaughtered!
"not good……"
Looking at the one-sided momentum, Dugu Tuo and the First Lady wanted to
turn the tide of the battle.
But it's impossible.
They can't even escape themselves.
The little girl in front of her never imagined that she was so powerful.
A pair of two do not fall into the wind.
Tangled them tightly.
Although she couldn't kill them alone, they couldn't break free either.
The two sides can only be in a stalemate!
There is no escape!
Seeing that there are fewer and fewer masters around Duguxiao.
They are also helpless.
"Fight!"
When Dugu Tuo and the two were going to come up with a trick to get rid of
Levilia.
Experts such as Xiao Feng, Zoey Lopez, Huoyun Evil God and Ning Jinye came.
Not only that.
There are also the ancestors of the major factions of the Zhenmo Division and
the top powerhouses of the Shentianjian.
"Traitors, you must die!"
"Leave none of the aliens!"
"Have lied to us for so long, thinking that anyone can escape? Impossible!"
…
Countless masters have come to press.

Dugu Tuo and the others can only deal with it desperately.
Duguxiao and the others couldn't take care of them.
Can only rely on Xuanming alien sea tactics.
They ran away while protecting Duguxiao.
And Levi Garrison took the Azure Dragon (Qinglong) five to pursue them.
Levi Garrison will not directly kill the masters of the Xuanming alien race, but will
make them lose their combat effectiveness.
Let Azure Dragon (Qinglong) kill them one by one.
Their own hatred, their own report!
in the blink of an eye.
There are also tens of thousands of Xuanming alien masters who died in the
hands of the Azure Dragon (Qinglong) five.
There are not many Xuanming alien masters who are guarding Duguxiao.
Facing Levi Garrison, they only shivered with fear.
too strong.
They can't protect it.
In the end, everyone has to fight!
Duguxiao was most afraid.
This is how to do?
Are you really going to die?
Soon, the war came to an end.
With the cooperation of all parties, the aliens have almost been beheaded.
There are only a few thousand people left in the fight against the beasts.
On the side of the Zhen Mosi, the more and more courageous, the comprehensive
suppression, and even the massacre.
Shortly after.
All the alien masters in front of Zhen Mosi were killed.
There are only thousands of people in front of Levi Garrison who are protecting
Duguxiao.
Everyone else's is dead.
But Dugu Tuo and the first lady were already seriously injured under the siege.
The situation was far beyond their imagination.
I thought this battle would be quite brutal!
Both sides will fight and lose both.
The result is a crushing on the side.
How many people were killed or injured by the Demon Suppression Division!

The people on Levi Garrison's side had nothing to do except for minor injuries.
They were dumbfounded.
Of course, all this is the Levi Garrison effect.
Levi Garrison affected the battle situation.
He kills more and shocks more.
Others are less stressed.
"puff!"
"puff!"
…
Soon Dugu Tuo lost their fighting power and fell to the ground, unable to get up
again.
Can only be slaughtered! ! !
"Hahaha… You are also stupid. You have been deceived by me for so long! You
didn't even find out!"
"And do you recognize Levi Garrison as the master now? The truth! It's not bad
for you to be his dog! Hahaha…"
Dugu Tuo began to laugh.
Look at the crowd with the eyes of a fool.
"It looks like you won, but in fact you lost badly!"
"Don't be complacent, you will also be destroyed! The power in the dark will
definitely attack! He is stronger than Levi Garrison!"
"And my Xuanming Alien Race Lord is not dead, but disappears! When he appears,
none of you will survive!"
…
Dugu Tuo laughed wildly.
The first lady looked at Levi Garrison and shouted, "Levi Garrison, if you dare to
be my son, you will die in the end! When my husband comes back, you must die!"
Levi Garrison, who was gradually approaching Duguxiao, suddenly slapped Dugu
Tuo and the first lady in the face.
"It's noisy! Kill it!"
Levi Garrison said so.
The masters of the Demon Suppression Division were just like lunatics, killing

Dugu Tuo and the First Lady one after another.
The last two died tragically…
Not even a complete corpse was left.
And Duguxiao is about to collapse.
In a short period of time, everything he had had disappeared.
Never mind that there are thousands of people protecting him.
But to no avail.
Soon these people are going to die.
He was the last to die.
And he knew that he would be the worst one to die!
There isn't one!
This is really frightening.
Gong Qianqiu, who was watching the battle in the dark, was speechless: "I didn't
think of it! The dead enemy of Zhen Mosi for hundreds of years, the Xuanming
alien race that can't be eliminated no matter what? It's really embarrassing!"
Master Bone also sighed: "The change is too great, the sky has changed, and the
pattern will also change."
"Next, it's time for the town magician…hehe…"
Gong Qianqiu smiled helplessly: "Suddenly I feel that this scene is so boring! It
doesn't make any sense at all! Do I want to add some more shows?"
in the field.
Everyone stopped.
Silently watched Levi Garrison take the Azure Dragon (Qinglong) five to further
approach Duguxiao.
There are fewer and fewer people around Duguxiao.
Five thousand.
Three thousand.
one thousand.
five hundred.
…
The number of people decreased one by one.
In the face of the Xuanming alien race, the Azure Dragon (Qinglong) five did not
hold back at all.
see one kill one!

Levi Garrison looked at the dozens of people guarding Duguxiao, and he smiled:
“I admire you all! Are you still guarding your young master at the last moment?”
Compared with the guys from Zhen Mosi, Levi Garrison admires the Xuanming
alien more.
At least this group of people is less flamboyant.
There is nothing to fear even if you die!
Still protect it in front of Duguxiao!
Duguxiao was dumbfounded.
There are fewer and fewer people.
thirty.
twenty.
ten.
no more…
There is no one around him now.
“Bang bang…”
Under the strong pressure of Levi Garrison, his legs and knees burst, and he fell
directly to the ground.
“Azure Dragon (Qinglong) do what you want to do!”

“Do not!!!”
“Don’t! Don’t come! You don’t come!”
Duguxiao, who was kneeling on the ground, was horrified and shook his head
frantically.
Watching the Azure Dragon (Qinglong) five people approaching step by step.
he’s going crazy
He himself understands, what will be waiting for him?
Advertisement
His fate will be tragic!
Even scarier than he imagined!
The five Azure Dragon (Qinglong) people are now looking grim, that is the look
of cannibalism.
He had only seen it in beasts…

Advertisement
They really eat their own flesh and drink their own blood!
Endless pain and torture!
What he did to others back then would be repaid tenfold, one hundredfold, or
even a thousandfold!
He now felt his skin was split inch by inch.
The bones were also shattered a little bit.
blood is drained…
Soul is burning!
Before it even started, he felt endless pain.
Pain all over the body.
Advertisement
Even the pain of the soul is involved.
The fear in his heart was hooked up!
"No no no no……"
"I beg you! Please don't come here! Woohoo…"
"Bang bang bang…"
Duguxiao was really frightened.
Crazy kowtow on the ground, begging the five Azure Dragon (Qinglong) not to
come.
Just how is it possible?
Now Duguxiao can't escape at all.
More than a hundred thousand people from the Town Demon Division surrounded this place.
The inner circle is full of Levi Garrison's people.
Levilia, Zoey Lopez, Huoyun Evil God, Levi Garrison's apprentices, students and
brothers.
Even Zhou Nanyan and Wen Lei, who had been in seclusion, came.
They have been cultivating Levi Garrison's basic exercises.
Day and night, never stopped.
Not even showing up.
But today is a special day, and they are all here.
The purpose is to witness the moment when the five Azure Dragon (Qinglong)
take their revenge!
The innermost circle is the Azure Dragon (Qinglong) Five and Duguxiao.
They have come to Duguxiao!
"I'm coming too!!!"
Xiao Feng couldn't hold it any longer and rushed to the front immediately!

This matter started because of him, and he wants to take revenge!
“Um?”
Gong Qianqiu in the distance saw this scene.
She is all stupid!
“Xiao Feng is sick, right? You have to join in the heat for anything? Is it obvious to
you?”
“Everything is showy, right? Can this be blended?”
“Pure brain-damaged! Take it!”
…
Gong Qianqiu cursed angrily.
But on second thought, if Xiao Feng was not like this, how could she easily control it?
The more Gong Qianqiu looked at Xiao Feng, the more disgusting and disgusting
he became.
I can’t wait to slap to death!
At this moment, the five Azure Dragon (Qinglong) people took revenge.
As a result, you ran up.
But suddenly there was a sneer at the corner of her mouth.
An idea seemed to pop up.
Seeing her smirk, Master Bone seemed to understand something.
“Expose our position…”
Gong Qianqiu suddenly said.
“it is good!”
The bone master immediately released his breath, revealing his position.
Gong Qianqiu did not deliberately conceal this breath.
Sure enough, after the breath was exposed.
Levi Garrison, who was not far away, immediately swept over.
Not wrong.
They were exposed, and Levi Garrison had already discovered it.
But Levi Garrison didn’t move.
The attention is still on Duguxiao.
Not in a hurry.
one by one!
Let the Azure Dragon (Qinglong) five take revenge first!
In the field, Xiao Feng was the first to rush up.
“It’s the guilt of the old man that you hurt now!”
“Snapped!”
He slapped it with a palm, and Duguxiao’s right shoulder bone shattered directly.
“Ugh…”

Dugu Xiao immediately let out a piercing scream!
Part of his bones shattered into powder.
After Xiao Feng finished all this, he immediately said: "Okay, my revenge is over!
It's up to you now, or I'll be a bit of a rioter to take over the master!"
"But I suggest that you dig out his roots first!"
"We don't need a broken spirit knife, just use an ordinary knife! Dig out the root
bone little by little."
Xiao Feng suggested.
At the same time, he took out five sharp knives and handed them to the five Azure Dragon (Qinglong) people!
See the tools Xiao Feng prepared in advance.
The eyes of the five Azure Dragon (Qinglong) people lit up.
Sure enough, it must be Xiao Feng!
Be prepared for this in advance!
Great!
That's exactly what they thought!
They had to find a way to return the pain they had endured one by one.
This is great.
Gong Qianqiu's brows wrinkled again, and the bone master on the side said: "This
Xiao Feng is very bad! I really didn't expect to have such a ruthless side!"
He thought that he was so dead by Gong Qianqiu, this person is kind and docile.
But it can be seen from this torture method that it is not simple.
Gong Qianqiu smiled: "In addition to me, this person is still very powerful!
Ruthless, calm-hearted, and someone who does great things, it's a pity that he
met me!"
"Ha ha……"
Master Bone couldn't help but smile.
Could have been a generation of wizards!
result……
"Looks like this Duguxiao is about to suffer the most…"
"Levi Garrison has already discovered us just now, but there is no action. This is
Duguxiao above everything else, and they want to take revenge happily!"
"This child is in trouble now! They have to take revenge without any hindrance,
and they will not be affected by anything outside!"

The bone master looked at the situation in the field and analyzed it.
The corners of Gong Qianqiu's mouth rose: "Huh? They want to take revenge
happily?"
"Definitely! Now they are all centered on Duguxiao, and everything around them
can't get into their ears, not even Levi Garrison!"
The bone master responded subconsciously.
Gong Qianqiu suddenly showed a bad smile: "Haha, then I won't let them take
revenge!"
"I even told them not to take revenge! As soon as they mentioned it, I told them
to swallow it back! Let them taste the feeling of punching cotton!"
Just now, she was thinking about how to add some drama and play with Levi
Garrison's group.
Bone Master also saw it, this one is not just as simple as watching a play.
She directed the play.
But this game is so boring.
Then she will change and add drama.
Make this scene look even more interesting!
The words of Master Bone reminded Gong Qianqiu.
Levi Garrison, what they want now is hearty revenge!
Nothing outside affects them.
What to say after revenge!
But Gong Qianqiu can't let them get their wish now…
She is about to destroy!
When the Azure Dragon (Qinglong) Heart Demon was about to be eliminated, she
took action to destroy it, making revenge impossible.
The bad breath that had accumulated for so long was stuck in Azure Dragon
(Qinglong)'s chest.
The moment it was about to be released, the result was abolished.
This breath recoil back!
This will piss them off!
Depressed to death!
But this is what Gong Qianqiu wants to see.
so fun!
And Xiao Feng just went up to take revenge and stimulated her.
She can't stand it.

Gotta play around with it.
…
in the field.
The five Azure Dragon (Qinglong) people held sharp knives and waved them at
Duguxiao.
"What you did on us, we will do on you too… You have to hold back, don't hurt to
death!"
The Azure Dragon five showed demonic smiles.
Step by step approaching Duguxiao.
The butcher's knife in his hand was about to fall on him.
Dig out their own root bones little by little.
"what!!!"
Duguxiao was roaring like crazy.
Looking at the five people, with a face full of horror, Duguxiao wanted to avoid,
but there was nothing he could do.
His knees burst and he couldn't move at all.
"Save me! Who will save me!"
Duguxiao was so frightened that he began to pray to the sky.
A look of cruelty flashed across Azure Dragon (Qinglong)'s face: "No one can save
you, come on!"
The five tacitly moved their knives in unison.
"Pfft!"
"Pfft!"
…
All of them stabbed towards Duguxiao's body.

Duguxiao closed his eyes in despair.
The sharp blades in the hands of the five Azure Dragon (Qinglong) people stabbed down.
But something is not right.
It's not the feeling of stabbing a knife in the flesh, but the feeling of stabbing a
knife in cotton!
Even in the air?
The exact description is that it is stabbed!

Advertisement
No stab!
impossible!
Duguxiao is like this now!
How could it be misaligned?
Advertisement
He can't escape!
But looking closely, Duguxiao was already more than ten meters away from them.
Teleported past?
of course not! ! !
But there is one more person behind Duguxiao.
Bone Master!
After seeing Master Bone, many people in Zhen Mosi were shocked.
Some old folks still know the Bone Master.
Where can I expect him to appear blatantly.
Advertisement
Still at this critical moment!
Is this to protect Duguxiao?
Levi Garrison noticed when Master Bone appeared.
Do not.
It should be the moment when Master Bone exposed his breath, Levi Garrison already knew where he was.
Just don't care.
Wait until the revenge is over!
But he didn't think that he was going to rush over, and Levi Garrison didn't stop him.
He wants to see what this guy is going to do?
"Are you going to take him away?"
Levi Garrison has already seen that Master Bone has this idea.
Master Bone grabbed Duguxiao and nodded, "That's right!"
"But do you have the ability?"
Levi Garrison smiled.
This one is really good.
It's one of the top ranks in the town magic department.
But to him, it was ants!
Still want to take someone away from him?
Simply delusional!
"I don't have the ability, but others do!"

The bone master said this.
“Boom…”
A force that ripped apart the world came from afar.
As if the sky was falling.
Shrouded the entire Shentianjian site.
If it is affected by this power, everyone will die!
The key is that this power is aimed at the five Azure Dragon (Qinglong) people.
Boom from above the nine heavens!
“Shoot!!!”
At the same time, a sword stabbed straight at it!
The target is Xiao Feng!
“This is… Divine Tribulation…”
Use Levi Garrison’s sword to kill Levi Garrison’s people!
That’s right!
At this moment, Gong Qianqiu started.
Of course she wouldn’t kill to deal with Levi Garrison.
The odds are low!
In her estimation, even if she could kill Levi Garrison, she would have to peel off
her skin.
Now I just destroy them to take revenge, not to let them feel refreshed, not to
let the five Azure Dragon (Qinglong) get rid of their inner demons.
Then just take Duguxiao away.
Definitely not forcibly.
Then start with the people around Levi Garrison.
Levi Garrison must be stopped.
Then the bone master escaped with people.
This is Gong Qianqiu’s first shot!
She is also very excited!
With a bang, it was almost a full shot!
At this moment, the entire town magic division was silent.
This power is too terrifying and exaggerated.
Can’t escape!
Can’t stop it!
If this move is smashed, half of the entire town magic department will be destroyed.
And they are still affected.
The main attack point is on the Azure Dragon (Qinglong) five people.
The masters of the Town Demon Division were dumbfounded.
Why is there such a terrifying existence besides Levi Garrison?

The five Azure Dragon (Qinglong) were locked by a powerful breath, and they all
exploded.
“not good……”
Levi Garrison was the first to react.
Immediately stopped in front of the five Azure Dragon (Qinglong) people.
The body was forced to withstand this majestic blow.
Nothing at all!
This move is not enough to hurt Levi Garrison!
Gong Qianqiu was also shocked.
She seemed to underestimate Levi Garrison a bit.
Stronger than she imagined.
His own trick didn’t really work for him?
At the same time, the divine calamity used by Gong Qianqiu volleyed towards
Xiao Feng!
This sword locked Xiao Feng, and Xiao Feng could not escape at all.
And under the strong coercion, Xiao Feng could not do anything to resist.
only to die!
At the critical moment, Levi Garrison appeared.
“boom!”
A punch hit the gods.
Smash the robbery and fly out!
And Xiao Feng’s face was pale, and he was already scared, and he was sweating.
Just now the robbery was too close to his throat.
There was blood in his throat now.
Because the edge of the robbery has already hurt him.
That is, Levi Garrison appeared in time.
Otherwise, even the edge of the gods is enough to destroy him!
I don’t know why, but the figure of Gong Qianqiu appeared in front of Xiao Feng
just now?
Could it be that Gong Qianqiu killed himself with a sword?
Do not!
Certainly not!
It should be that at the most critical moment, or even the moment of death, the
person he loves and cares about the most comes to his mind.
No doubt the moment has just arrived.
The person I care about the most is naturally Gong Qianqiu!
He sucked in a breath and nearly died.

I almost never saw Gong Qianqiu again.
Do not!
I definitely can't die!
Otherwise, Gong Qianqiu will be a widow!
I want to have nothing, how uncomfortable is Gong Qianqiu alone?
How miserable is she?
Without him, how should Gong Qianqiu live?
Xiao Feng suddenly had countless thoughts in his mind.
In fact, the most thrilling thing is not them, but Levi Garrison.
If he is half a point behind, I am afraid that his brother or apprentice will die.
This is what he doesn't want to see!
Seems like two things.
But it's actually all happening at the same time!
Even for Levi Garrison's strength, there is almost no time difference.
at the same instant.
He is also under a lot of pressure.
Fortunately, he was saved.
He can fight back.
But at this time, Levi Garrison found that Master Bone had taken Duguxiao to run
away.
The most powerful thing about Master Bone is not his strength, but his escape
technique.
Levi Garrison had been taught once before.
Coupled with his familiarity with the environment of Zhen Mosi, once he escapes,
no one can catch him.
The person who just shot and the divine robbery also disappeared.
The other side is swaggeringly disappearing.
Levi Garrison is chasing, he will definitely catch up!
But he can't go after…
What if this is a trick?
This pair is too scheming and tricky!
Just about to chase.
Then Azure Dragon (Qinglong) and the others were in danger again.
Not worth the loss.
Levi Garrison dare not.
He can go after him, but only if everyone is safe.
Don't say no to the last person to catch up, but Azure Dragon (Qinglong) and the

others are in danger.
From the fact that this enemy attacked Azure Dragon (Qinglong) five people at
one time and attacked Xiao Feng at one time.
Suffice it to say – there are too many tricks.
Do not rule out staying behind.
Once he leaves, all kinds of killer moves will come…
Master Bone brought Duguxiao to join Gong Qianqiu.
"Are we just swaggering away like this?"
The Bone Master is somewhat unbelievable.
In front of a powerhouse like Levi Garrison, shouldn't he try his best to escape?
Can you be so swaying?
Incomprehensible!
"I am the person who knows Levi Garrison best! He doesn't dare! He is afraid that
I will have other ambush, so he will wait for him to leave and deal with his people!"
Gong Qianqiu can be said to have calculated everything.
Levi Garrison dare not gamble!
"I succeeded! I swaggered in front of Levi Garrison and used his sword!"
"And they took away their revengeful people!"
…
Gong Qianqiu today is the most fulfilling day.
To be able to play against Levi Garrison, I don't know how long she has thought
about it.
Made it today.
It also brought Levi Garrison such a shame!
Soon, the two brought Duguxiao to the corpse pit.
Duguxiao looked unbelievable.
"How could it be you? A nobody?"
Duguxiao has traveled in various factions.
I have seen Gong Qianqiu.
*No one would have thought that in the end **oss turned out to be a nobody.*
"Hoho, I used to be a nobody, but now I'm the strongest!"
Miya Chiaki said.
"Then why did you save me?"
Duguxiao was somewhat unbelievable.
Because he has no value.

He wants nothing now!
Everything is gone.
And even if you have the five elements of spiritual roots and bones, it is useless.
Compared with the one in front of him, it's almost nothing.
No matter how he thought about it, he couldn't feel that he had the value of
being saved.
This is totally impossible!
Advertisement
He is like an ant on the ground now, and has no use value at all.
The key is to spend so much effort to save him, even more impossible.
So he was curious.
What value do you have to be saved!
Advertisement
Gong Qianqiu and Master Bone laughed immediately.
right!
Duguxiao really has no value.
Especially for Gong Qianqiu, Duguxiao is too weak.
Just a piece of trash.
Might as well save an ant.
Gong Qianqiu smiled: "Because I don't want Ye Junlin and the others to succeed
in revenge, I want to do the opposite! I just think that Ye Junlin and the others
are not happy, they can't take revenge heartily, and they can't take revenge at
all… That's all!"
Understood.
Duguxiao understood.
Advertisement
He is just a tool for Gong Qianqiu to satisfy his own desires and emotions.
There is nothing else to save him, but to make Ye Junlin unhappy with them!
That's all.
After saving him, Ye Junlin and the others couldn't take revenge, and Gong
Qianqiu was relieved.
The purpose has been achieved.

but……
Soon, Duguxiao broke out in a cold sweat.
Gong Qianqiu just didn't let Ye Junlin kill him, he didn't say that others couldn't
kill him.
Especially herself!
After all, he is useless now, just kill him.
Duguxiao knelt on the ground, looked at Gong Qianqiu and pleaded: "Please
don't kill me! You can let me do anything! I can be your pet dog, as long as you
don't kill me…"
After going through this difficult time today.
Duguxiao is really afraid of death.
Just want to live.
Let him be a dog!
You can even eat garbage!
Just don't kill him!
It's just that Gong Qianqiu looked at him dotingly and smiled: "You think too
much, why am I willing to let you die? Not only will I not kill you, but I will keep
you forever, and I will even cultivate you!"
"what???"
Duguxiao never imagined that it would be like this!
Gong Qianqiu not only does not kill himself, but also cultivates himself?
How is this going?
"As long as you're alive, it's enough to make Ye Junlin and the others go crazy! If I
kill you, then they won't have any revenge. It means nothing to me!"
Gong Qianqiu explained.
Duguxiao is also a smart person, and he immediately understood.
Gong Qianqiu wants to live by himself, so that Ye Junlin and the others always
know that they always have the idea of revenge.
However, they did not allow their revenge to succeed.
There is hope, but it cannot be realized.
For Ye Junlin and these people, it was a mental devastation.
Originally, I wanted to release the breath completely, but the breath got stuck in
my chest and could no longer be released.

On the contrary, it has to continue to accumulate, and the more and more the
breath is, it is enough to make people collapse.
Not to mention Ye Junlin's client and the others, even if Duguxiao thought about
it by himself, he would be pissed off.
If it was Ye Junlin and the others, I don't know how angry they would be.
It just confirms that sentence – I like the way you don't like me, but you can't get
rid of me!
Now Ye Junlin and the others are an enhanced version of this sentence!
Obviously you know where the enemy with the monstrous blood feud is, but you
have never been able to avenge it.
This is the purpose of Gong Qianqiu!
I want the enemy to sway in front of your eyes all the time, but I will not let you
succeed in revenge, and keep your tone stuck.
Even to make you mad!
Not to mention the future, it was just now that the Qinglong five were about to
succeed in their revenge, but suddenly there was no one.
It is estimated that this will bring Qinglong five new demons.
Heart demons and heart demons!
Duguxiao looked at Gong Qianqiu in horror.
This woman is horrible.
Not only in strength, but also in terms of power.
Especially this one.
Duguxiao really didn't think about it.
After her own little tool was used by her, she was absolutely useless.
It's like an invincible weapon.
Specialize in hitting the most vulnerable parts.
Even the invincible presence of Ye Junlin can be hurt!
The psychological trauma that they brought to Ye Junlin was enough to make
people collapse.
Terrible horrors that may come even more than actual harm.
This is Gong Qianqiu!
Hahaha……
Thinking of this, Duguxiao almost laughed out loud.
In this way, Gong Qianqiu not only will not let him die, but also protect him.

Relatively speaking, it is the safest!
It's hard for him to die.
"Master Bone, please heal his injured knee!"
Miya Chiaki said.
"Okay, no problem!"
Of course the Bone Master would love to.
Gong Qianqiu looked at Duguxiao and said, "Next, I will make a decision – accept
you as my apprentice, and I will try my best to train you!"
"Not only will I make Ye Junlin and the others unable to take revenge, but I will
also make you grow up to the point where they can't take revenge even if they
see you!"
"It's best to let yourself reach a certain level, and then bring harm to the people
around Ye Junlin! Make them even more angry, but it is farther and farther away
from revenge…"
Murder and kill!
Gong Qianqiu's move is simply too cheap!
Not only did he rescue Duguxiao, but Qinglong and the others could not succeed
in revenge.
It is also necessary to cultivate Duguxiao and let Duguxiao hurt them again.
Even if Duguxiao becomes the second her, even if she meets Duguxiao again, she
will not be able to take revenge, so she can only watch helplessly.
That feeling must be very cool for Gong Qianqiu.
Can kill people like this.
Psychologically destroyed.
For Ye Junlin and the others, it is the heart demons and injuries again and again.
Hearing this, even Duguxiao and Master Gu couldn't help but gasp.
This woman is so cruel! ! !
Much scarier than they imagined.
But follow such a ruthless, decisive and ambitious Lord.
In the future they can be in a higher world!
Although Duguxiao felt fear.
But for him, there is no harm at all.

Originally, you were going to die, but now people not only let you not die, but
also make you extremely powerful.
Why not do it?
He immediately kowtowed on the ground: "Master! Master!"
He can see the bright future.
Gong Qianqiu nodded.
She turned her head and said to Master Bone: "Although I am strong enough now!
But no matter how strong I am, I still need help! For example, if you weren't there
just now, it would be very difficult for me to rescue people!"
Master Bone agreed with this: "Yes, no matter how powerful you are, you can't
do everything yourself, right? You still need a group of subordinates to solve
your problems!"
Gong Qianqiu's previous thought was that no matter what, he was enough by
himself.
But now the thinking has changed.
She also needs a group of people to fight her.
She also needs a group of people to follow her.
Otherwise, she is so powerful that there is no one to praise her.
How lonely?
The heights are so cold.
She still needs to share her strength and happiness with others.
It's not enough to just share with Xu Qingya and the top ten Tianjiao.
She also wants to share it with her subordinates.
"Although I was expelled from the Heavenly Medical Supervisor, I was also placed
in it, and there are some old friends who are close friends. They are all a group of
ruthless people? I recruited them?"
Master Bone's expression changed and he couldn't help asking.
"Okay, the more people, the better! But you must obey absolutely, or you will be
killed without mercy!"
Gong Qianqiu said coldly.
"Understood! Certainly!"
Gong Qianqiu continued: "Not only that, but I also want to gather all the loose

cultivators of the Town Demon Division and become my subordinates! I have a
list of them!"
"There are also killer organizations like the Ten Temple Yama, I also want to
recover and become my people!"

Recovering the killer organization is actually more difficult.
After all, it's not what you said can be done by force.
You may not even be able to find them where, or how many members there are.
Kong has a powerful force that is useless at all.
But this is not difficult for Gong Qianqiu.
She holds all the information of the major killer organizations in her hands.
Advertisement
specific to each individual.
So it is not difficult for her to control the killer organization!
Rather easy!
"Next, we'll think about how to destroy the Town Demon Division…"
Advertisement
Gong Qianqiu smiled.
The bone master was immediately interested.
This is what he always wanted to do.
Joining Gong Qianqiu and helping her create a spirit-devouring spirit bone is to
destroy Zhen Mosi.
"It will be the same at that time. Those who obey me will prosper, and those who
go against me will perish. I want the Demon Suppression Division to disappear!"
"Of course everyone in the West Pavilion of my division will die!!!"
Gong Qianqiu went mad.
The bone master applauded again and again.
What he wants is that the Zhen Mosi just disappear.
Advertisement
"When the magician disappears, I will have my own power!"
Gong Qianqiu's strength has now reached its peak.
It doesn't seem so longing.

She yearns for power now…
The battle between Zhen Mosi and Xuanming Alien just now inspired her a bit.
She kind of wants to be in control.
It's like she is standing on a high place, hundreds of thousands of people, even
millions of people, tens of millions of people kneeling on the ground to worship
her!
How wonderful that would be!
What's the point if no one worships himself and shares his happiness?
She must not only be the strongest, but also the most powerful, making everyone crawl under her feet.
If you think a little more boldly, then let Ye Junlin's level also kneel on the ground and bow her head to her!
This is so much better than just killing it!
Just killing it, it can be said that the food is tasteless.
But such power can be felt!
This was something Gong Qianqiu would never have thought of before.
After all, this was not her pursuit at all before.
In the past, what she pursued at most was to use her beauty, means, and charm
to control more men and increase her strength!
But now it's different.
After her strength reached a certain level, her mood changed completely.
The pursuit of things is different.
Next, her plan is very simple, her strength has reached the peak!
The strongest row!
Step on Ye Junlin.
In addition, she has created one of the most powerful forces in the world.
This is the long-term goal.
This force will become stronger and stronger, and there will be more and more
people.
It's best to finally include everyone in the world.
Let the whole world really crawl under her feet.
At that time, there will be no country or region.
It's all her Gong Qianqiu's.
People or places, both! ! !
crazy!
The ultimate crazy ambition!
As soon as this idea came out, Gong Qianqiu himself was frightened.

This is too exaggerated, isn't it?
But now that she has this power, she is even more worthy of this idea!
Next, she will form this faction.
"You will all be the first generation elders of my forces!"
"Don't worry, it won't take long, we will be the largest force in the world!"
Gong Qianqiu described his grand blueprint to Master Bone and Duguxiao.
This made both of them extremely excited.
Master Bone never thought of getting a new life!
Not only can it destroy previous opponents, but it can also reach unprecedented
heights.
Duguxiao is a blessing in disguise.
For him, being alive is a great gift.
Didn't think of this beauty?
Gong Qianqiu smiled: "Well, our forces have been formed from this moment…"
"How about the name Qianqiu Sect?"
Gong Qianqiu is already beginning to yearn for it.
"Okay! Thousands of generations! Dominate the world! Qianqiu teaches this
name well!"
The bone master started to flatter him again and again.
"Okay, that's great! Then I'm not the young master of Qianqiu Cult! Haha, I'm
even crazier than I was in the Town Demon Division!"
Duguxiao laughed out loud.
Next, Master Bone began to treat Duguxiao's knee.
Although broken.
But it is not difficult for the bone master.
Gong Qianqiu also decided to cultivate Duguxiao.
Teach him your own way of devouring!
Of course, Gong Qianqiu has actually transformed Junjun's practice during the
recent period.
More suitable for devouring, but also for her!
But what was taught to Duguxiao, she kept it.
It can make Duguxiao increase to a very high level in a short time, but the upper
limit is always lower than his own.
In order to avoid Duguxiao's rebellion!

It seems that Dugu Xiao has been completely grasped, but as the only bloodline
of the two alien races, coupled with the efforts of Dugu Tuo and others to cultivate.
Whether it is strength or mind, Duguxiao is not bad.
It is even said that Duguxiao is terrible.
She didn't want to have an anti-bone boy by her side.
Hold him firmly!
"Hurry up and practice, I'll give you a month! After a month, you must walk
around in front of Ye Junlin and them!"
This is the goal that Gong Qianqiu set for Duguxiao.
Next, Gong Qianqiu will subordinate the scattered repairs and the major killer
organizations, or all the unsightly income of the Zhenmo Division.
Join her Qianqiu teaching.
At the same time, she is also planning to target the Supremacy and the Eternal
Realm.
Next, she will continue to be strong.
These two forces must be won.
What Gong Qianqiu values more is the super spiritual veins that the two major forces rely on!
If she can devour these two super spiritual veins.
Then she can definitely kill Ye Junlin into scum.
"Wait, Ye Junlin! Everything will be interesting!"
Gong Qianqiu smiled.
And the other side.
God of Heaven.
Ye Junlin looked calm and looked into the distance.
But everyone else was dumbfounded.
This is obviously going to be a successful revenge.
As a result, there were no people.
Ducks have already entered the mouth and flew away.
depressed!
anger!
But helpless!
This is what Li Ziran didn't want to see!
Abruptly got pissed off.
This is what happened!
I wanted to take revenge in a hearty way, but what happened?
No success.

“If I had known, I would have just killed it…instead of trying to vent my emotions
as much as possible! There would be no such thing!”
“I’m really mad at me, it’s all about to succeed, but it falls short?”
“Ahhh! How can this happen? I’m going crazy!”
Everyone is about to explode.
This tone really rushed to them again.
It is a thousand times more depressing than before!
I couldn’t find anyone before, so I held my breath, but it was okay.
Now someone has been found, but has been taken away again.
This breath is directly stuck in the chest, which can make people angry to death.
Xiao Feng should have been very angry.
But the sword almost killed him just now.
He was still in fear.
I don’t have time to think about anything else right now.
As for the five Qinglong people, they were the most miserable.
This thing hit them too hard.
The five were still standing there.
Not a single move.
The blow was too big!
At the moment when the demon was removed, he was stuck in one breath.
Tons of psychological damage to them!
Inner demons have not been eliminated.
On the contrary, the demons in the heart were even bigger, and they hooked out
the most angry and helpless side of several people.
Even said that another demon appeared.
It affects their mood too much…
The venting of emotions is incomplete, and the result is even more damage.
The eyes of the five were blank and their consciousness was blank.
The mentality that had just been adjusted during this period of time collapsed at
this moment, like a dyke burst.
It’s possible to almost die.
Don’t talk about them, everyone who is watching the Demon Suppression Division is going crazy.
Because the Xuanming alien race was wiped out, but a seed was left behind.
How annoying is this?
Who doesn’t break down when this happens?

It is equal to Gong Qianqiu, which broke everyone's mentality.

"Hahaha…it's kind of interesting…"
But at this time, Ye Junlin suddenly smiled.
different from others.
He soon understood what was going on.
This is the mentality of the other party to mess with him.
Not only let them take revenge heartily, but even take people away!
Advertisement
He took out the calamity to assassinate Xiao Feng, and deliberately insulted
himself!
Not wrong.
The purpose of this force has been achieved.
Just look at the appearance of Qinglong and the others, they are about to collapse.
Advertisement
But it didn't affect him at all!
Just look at the essence of things.
How does it still affect you?
The other party does this to make you uncomfortable, to make you angry, to
make you angry…
But I knew what the other party was doing, but I was indifferent.
Revenge?
Absolutely!
Just let this breath take a while.
It doesn't matter!
Advertisement
Instead of being angry, Ye Junlin felt that things were very interesting.
The enemy is like this, isn't that fun?
But the one thing that gave him a headache was that the enemy was very strong.
In fact, the five Qinglong people and Xiao Feng were a little dangerous just now.
Completely restrained him.
At least he didn't have the experience to chase Duguxiao again.
He could only let Duguxiao run away helplessly.
But the stronger the enemy, the more interesting it is.

What worries him is that the other party's growth rate is too terrifying.
The last time, I met outside the town magic tower.
Ye Junlin was sure that at that time, this person was still very afraid of himself.
Although strong, this person understands that there is still a huge gap between
himself and himself.
But how long has it been.
Has it grown to such a degree?
Not only did he dare to take action, but he also showed Ye Junlin a hand.
Really strong!
The key is that Ye Junlin found out from the very beginning.
It's just that he was busy with revenge and didn't pay attention to it.
It now appears that the other party deliberately exposed the location.
Nothing but self-confidence.
Confidence in his own strength has reached the point of lawlessness.
ignore him.
But the key point is – how did this person acquire such a powerful strength in a
short period of time?
Everything seems unscientific.
The core of energy was absorbed in the Demon Suppression Tower, and Ye Junlin
felt that the way this person became stronger was to absorb enough energy in a
short period of time.
But it was too scary.
And there are not so many energy sources?
From that day to the present, this person has made a qualitative leap!
That means that this person must have found a terrifying energy source!
The next thing I have to do is to stop this person from growing up.
If it really absorbs enough energy, God knows how far it will grow?
Actually it's too late.
This person has the strength to wrestle with him.
This man is no longer afraid of himself.
Today is a tough one.
Next, I will definitely continue to look for energy sources to strengthen myself.
There is still a chance to stop it.
Ye Junlin already had a rough estimate of this person's current strength.
The required energy source has to be super scary.
The super spiritual vein under the town magic division?

Even the energy core of the eternal kingdom!
Ye Junlin roughly concluded that what this person needs next is the super spiritual vein as an energy source.
So do you want to stop it in advance?
Or just don't care!
Just let this person devour enough energy to reach her own strongest state.
Then fight with yourself!
In fact, Ye Junlin has always been lonely.
He is too strong.
For Zhen Mosi or the Eternal Kingdom, it is always in a state of crushing.
The master is lonely.
Now I have finally encountered an existence that threatens me.
Ye Junlin is interested.
So why don't you let this person get up?
Let it reach its strongest state?
Ye Junlin began to think.
"No, Mr. Ye has an accident…"
At this time someone contacted him.
It turned out to be the Black Hawk agent of the Sky Shield Bureau.
"what happened?"
Ye Junlin asked.
"There was an accident on the Antarctic Glacier! Our people detected and found
that the aura of the super spiritual vein was almost completely sucked!"
The Black Hawk agent passed the message to Ye Junlin.
When they knew it, both the War Eagle Kingdom and the Eternal Kingdom were
bombed.
Even if the super spiritual vein is only incomplete, the spiritual energy contained
in it is still terrifying.
Can't imagine how it would suddenly disappear?
So much energy!
No matter how strong the existence is, or the super machine of the eternal kingdom, it is impossible to absorb them all.
And according to the test data, it took about half an hour to completely absorb
the spiritual energy of the super spiritual meridian.
They can't imagine!
There is no way to explain.

After the Black Hawk agents learned of this information, they could only contact
Ye Junlin.
“Huh? Is it?”
Ye Junlin did not show much surprise and shock.
On the contrary, it really looks like this!
It was exactly as he expected!
This person needs a source of energy to grow!
Sure enough, after absorbing the super spiritual veins under the Antarctic glacier,
he could challenge his own strength.
According to the time, it is almost exactly right.
It’s scary though.
All the remaining spiritual energy has been absorbed?
What kind of monster is this?
What kind of exercise is it?
Can this be done?
At present, the most powerful energy absorption method he knows is Junjun’s
exercise.
This person’s practice is obviously much more terrifying than Jun Jun’s.
But things got interesting too.
Ye Junlin is thinking about how this person can absorb energy and what kind of
point can he finally reach?
Kind of looking forward to it.
It is best to be strong enough to be able to fight with yourself and threaten yourself.
Ye Junlin began to hesitate.
Is it to leave it alone and let this opponent grow up completely?
*To satisfy the ** of your own bloody battle?*
Or find out quickly and destroy it before it grows.
Do not!
Or not!
I can wait, and I am not afraid that this opponent will grow up.
But not the people around you.
If you keep letting it go, you will be a threat to everyone around you.
What if you can’t take care of it yourself?
If the matter of the Qinglong five people is staged again.
Then he will die of guilt.
He doesn’t want people around him to have a little trouble.
no!

This person cannot grow any longer.
Otherwise, it will be a threat to me and others.
It must be found and solved as soon as possible!
Ye Junlin immediately made up his mind.
"Okay, let's all go back for the time being, it's okay, you can retaliate later!"
"By the way, the people behind this are also found out and murdered!"
...
Ye Junlin comforted a few words and was about to leave with everyone.
"By the way, you have also seen someone behind this. I'm afraid it will be against
your Town Demon Division. Once there is information, contact me! Or contact
someone from the North Pavilion!"
Before Ye Junlin left, he gave a few words to the people of the Town Demon
Division.
Everyone nodded.
The Town Demon Division also realized the crisis.
The Xuanming Alien Race was completely wiped out, but there are even bigger
hidden dangers!
If Zhen Mosi wanted to retreat, he had to rely on Ye Junlin, and he had to hold
onto Ye Junlin's thigh.
Only hope to survive…
After returning to the base camp, Ye Junlin began to comfort and enlighten
Qinglong and others.
Xiao Feng also returned to his residence.
Today he was locked in the gate of hell for a while.
There is a sense of afterlife.
Now he most wants to share his feelings.
Of course, the target of the conversation is Gong Qianqiu.
If in the past, he would not dare to contact Gong Qianqiu.
But now that he was almost dead, it was okay to talk about it.
He immediately contacted Gong Qianqiu and said that he almost died today.
"Ah? Really? Then how come you didn't die?"
It's just that there was an unbelievable word from Gong Qianqiu.

a bolt from the blue!
Just like the roar of the ancient god of thunder!
Xiao Feng's body was bombarded!
Did you hear it wrong?
Xiao Feng suspected that there was something wrong with his ears, otherwise
how could Gong Qianqiu say this?
"Qianqiu what did you just say? I didn't hear it clearly!"
Advertisement
Xiao Feng asked again.
"I said—then how come you're not dead???"
This time, Gong Qianqiu said word by word.
There is a sound like a thunderbolt!
Advertisement
Every word is very clear!
It was like a bombardment of Xiao Feng!
"puff!"
The words were not astonishing, and Xiao Feng was about to vomit blood when
he said these words.
What?
How did you not die?
Say this twice in a row.
That's for sure!
Could it be that Gong Qianqiu wants to die?
Advertisement
Does she want to die by herself?
Xiao Feng's eyes were about to fly out.
Never imagined that?
No!
I thought she told Gong Qianqiu about her tragic experience, and she should be
concerned and distressed with empathy!
Immediately, he will ask him if he is injured, or if he is frightened, and then he will
comfort him a few times.
Xiao Feng told Gong Qianqiu about his miserable experience, like a child who
wants to act like a spoiled child, begging for pity and love!
As a result, I never thought that Gong Qianqiu would say this.

It just broke his heart!
no!
Qianqiu is not such a person.
Must be joking!
She must be joking on purpose like this, and then entertaining to relax her tense
nerves.
Seems like he's cursing himself to death.
It's actually a joke to put yourself at ease.
This kind of joke made him feel better.
Xiao Feng began to deceive himself and tried to convince himself.
It must be so!
He felt more and more understanding of Gong Qianqiu's thoughts.
As she knows herself.
He is waiting for Gong Qianqiu to explain the meaning of this sentence!
However, Gong Qianqiu did not have any words to explain, but instead roared:
"Now that I know that I am a waste, it is useless at all, right?"
"You still have the face to tell me that you were almost killed? Are you still
asking for comfort? Are you still acting like a spoiled child? Don't you think you
are too wasteful?"
...
fried!
Xiao Feng immediately exploded!
Without explaining it, you directly scolded yourself as a waste?
At this moment, Xiao Feng's mentality was about to collapse.
Originally, the previous sword almost stabbed him to death, and the whole person was under high pressure.
Now that Gong Qianqiu said this, his mentality was completely blown up.
Will vomit blood to death.
What he wants to say, but Gong Qianqiu doesn't give any chance at all.
Keep yelling at him!
"Are you still a big man? You were almost killed, so you should think about how
to get revenge! Instead of telling your parents like a child? What's the use of
telling me? Can you get revenge?"
"Can you not be so naive? Are you just asking me for comfort? This has happened,

and I don't want to fight back, but care about the love of my children! Are you
showing me weakness?"
"Can you be a little bit more promising, in the face of such a big event, you
actually think about the long-term relationship between your sons and daughters?
I think you deserve to be killed! You should die!"
…
Gong Qianqiu's sentence was like a steel needle pierced into Xiao Feng's body.
In a short period of time, he was already riddled with holes.
Heart is bleeding!
Everyone is going numb!
Don't be so insulting, he might hit back, maybe even laugh it off.
But this is what Gong Qianqiu said, and he couldn't care less.
even care.
Just a few words from Gong Qianqiu were enough for him to think about it for a
long time.
Let's try to figure out what Gong Qianqiu's intentions are.
Did she mean anything else?
Not to mention yelling right now.
It's worse than killing him!
It's no use calling him trash from the person he loves the most!
The knife sees blood!
It's like tearing him apart a little bit!
The most terrifying thing is that Gong Qianqiu didn't plan to stop.
"I found that you can never distinguish the priorities of things! There is never a
big picture! Your eyes are too narrow, people are too naive! It's obviously a big
thing, but you have to be petty. It's the same before…"
"As long as you are stronger, your master needs to save you? You will not be
targeted!"
"In the final analysis, you are too rubbish! You have no ability at all, and you still
go ahead when you do anything! Do you think you are very powerful? Do you not
know how much you have? You have to be in the limelight for everything?"

“I really hate you like this! I wish you would die under someone else’s sword!
That’s it! Get away, I’ll be annoyed when I see you!”
…
After Gong Qianqiu scolded him angrily, he cut off contact.
Xiao Feng was stunned on the spot!
This……
Five thunders hit the top.
Gong Qianqiu actually insulted him like this!
Leave no room for yourself!
Not the same!
How did Qianqiu become like this?
Has she changed her mind?
This is Xiao Feng’s first feeling!
The previous Gong Qianqiu would not criticize like this no matter what he did.
She seems to have really changed.
Heartache!
This is his most heart-wrenching day!
Feeling that I was stabbed by a sword, I have never felt so painful!
Is that so?
He didn’t think of getting emotional comfort, but was hurt instead.
This is something he can’t accept no matter what!
wrong!
Qianqiu is not like this!
She is her own woman, and she didn’t do anything wrong to her!
How could she be willing to die by herself?
Certainly not for this reason!
She should be angry at her own incompetence.
Gong Qianqiu was completely disappointed with himself?
Is he really bad?
Is it really childish?
He used to think that his strength was not bad.
But now that Gong Qianqiu said this, I felt like I was really a waste.
Is the strength not bad?
In fact, for the top masters, it is super bad!
Otherwise he wouldn’t be targeted!
Almost died!
So far, he hasn’t been able to help Master a little.
It is completely impossible to avenge the five Azure Dragon (Qinglong) people!
Revenge today is completely a fox and a tiger.

Relying on the master, he was able to run wild.
If there is no master, he is a small person.
It's really childish not to say anything.
It is estimated that in the eyes of others, he is very arrogant and very brainless,
right?
Everything Gong Qianqiu said was right!
I don't have enough strength at all, I don't practice hard, and I think about love
and love all day long.
Especially after such a big thing happened, the first thing is not to think about
how to improve the strength, how to take revenge and go back.
Instead, ask her for comfort to show her vulnerability…
Thinking about it, I lost my face!
It turned out that Qianqiu didn't scold me, but disappointed me!
As her own woman, she must be looking forward to growing up.
Whether it's strength or spirit.
I just can't do anything…
Even this behavior is a bit humiliating.
How can you be so stupid?
Every time a big thing is like this!
I almost killed Gong Qianqiu last time.
Now I forgot what happened last time and did such a childish thing.
You are not a man!
Real men are afraid of humiliating this kind of thing, and are too embarrassed to
say it.
Instead, practice silently and become stronger quickly, so that this kind of thing
cannot happen.
How can you give Gong Qianqiu a sense of security by showing weakness like
this?
Gong Qianqiu definitely wants his man to stand tall and invincible in the world.
How can you match yourself like this?
Thinking about it carefully, I feel ashamed.
Not to mention Gong Qianqiu.
Qianqiu must be so sad for herself this time, right?
Xiao Feng couldn't help wiping his cold sweat.

In his understanding, Gong Qianqiu wanted him to become a talent, but he hated
iron and not steel.
But in fact Gong Qianqiu is really cursing!
In her opinion, Xiao Feng is completely rotten!
More and more annoying!
Just like the reptiles in the pit!
When I think about it, I feel very stinky!
The key is this, there is still the face to come to her for comfort!
Can't you think that this person's brain is filled with feces and urine?
"I got it, I really got it! I should have stabbed this bastard to death with a sword!"
"Shame on your face! Do you really think you can be my man? It's ridiculous, a big
man shows weakness, beg me for comfort? I've obeyed, how could Levi Garrison
have such an apprentice and ruin the master's sect!"
...
Gong Qianqiu was furious.
He scolded Xiao Feng again and again.
Master Bone smiled: "This just means that you have eaten this kid to the death!
Even the soul is given to you!"
Gong Qianqiu finally stretched his face a little.
"But so what? He has no value at all now! It would be great if I controlled Levi
Garrison like this?"
Gong Qianqiu said with a smile.
Master Bone looked incredulous: "That's too challenging, I think it's incredible! If
you can control Levi Garrison, there will be no one in the world that you can't
control!"
Gong Qianqiu shook his head: "It's a pity that Levi Garrison is not a waste of Xiao
Feng! Moreover, if Levi Garrison is so easy to control, I have no interest."
"That's true!"
What Master Bone thought: "By the way, since you hate Xiao Feng so much, why
don't you just kill him?"
Duguxiao also said: "Yes, anyone who doesn't like you, Master, will die!"
"The nine clans must be killed!!!"

Gong Qianqiu waved his hand and showed a meaningful smile: "That's not
necessary! I still want to keep him and provoke the relationship between him and
Levi Garrison. If he fights a little bit and stabs Levi Garrison secretly, it will be
even more so. All right!"
This is also Xiao Feng's last value in Gong Qianqiu.
It is to sow discord and make a good show.
At that time, Xiao Feng will be portrayed as a big sinner who will be cast aside by
everyone!
Brothers turned against each other, Master cut off ties, and families were broken.
There is no place for him in this world.
Everyone abandons him!
Let him live in guilt all the time!
Worse than a street rat!
There is a high probability that the final outcome is that he can't bear it anymore
and commits suicide!
How miserable it is!
More of a mental torture!
In this way, Gong Qianqiu's purpose was achieved.
Xiao Feng never thought that his ending was already arranged by Gong Qianqiu.
Still so miserable.
He will be squeezed by Gong Qianqiu to the final value.
"Next, I have to find a way to become stronger! Devouring me has been going on
and never stopped. But ordinary auras or energy sources have little effect on
me!"
"The thing that can make me reborn the most is the two super spiritual veins that
Zhen Mosi and the Eternal Kingdom rely on to survive! I want to swallow these
two super spiritual veins, and I don't even know what kind of realm I will reach!
Anyway! It is estimated that he will kill Levi Garrison in seconds!"
Gong Qianqiu himself can't imagine it.

Master Bone urged: "Then hurry up and devour these two super spiritual veins?
What are you waiting for, Sect Master?"
"Master, hurry up!"
Gong Qianqiu shook his head: "No! If you go to devour these two super spiritual
veins now, Levi Garrison has been waiting for me to appear."
Master Bone, Duguxiao and the others were full of surprise.
"Ah? No way? How could Levi Garrison know? Even we just knew it!"
Bone Masters, they obviously don't believe it.
Gong Qianqiu smiled: "You don't know Levi Garrison! As for me, I have been
studying Levi Garrison since the Zhenmo Division contacted the outside world! I
know him better than anyone!"
"From the time of the Demon Tower, he knew that I was a growth type! I will
improve my strength in a short time!"

"And he locked me in the West Pavilion from the beginning, but everyone in the
West Pavilion is not a strong person. This means that it is a growth type!"
"Secondly, the matter of me swallowing the super spiritual veins under the Antarctic glacier will be exposed sooner or later! Maybe he will know now!"
"In the end, it was me who played against him! He would definitely judge that I
have grown to a terrifying level now, and he also knew that I could absorb terrifying energy in a short period of time! He immediately understood my idea
of playing two super spiritual veins. !"
…
Gong Qianqiu comprehensively analyzed various factors.
It is concluded that Levi Garrison now knows her plan to fight these two super
spiritual veins next.
Advertisement
Levi Garrison will definitely wait.
Not wrong.

Gong Qianqiu expected it.
Levi Garrison was indeed looking at these two super spiritual veins.
Advertisement
Just Gong Qianqiu smiled: "Unfortunately, I don't want to touch these two super
spiritual veins for the time being!"
Gong Qianqiu found it after repeated swallowing.
With the higher one's own strength, the more powerful it can be swallowed.
Now she can only swallow the incomplete spiritual veins under the Antarctic
glacier.
Compared with the two spiritual veins of Zhen Mosi and Eternal Kingdom, they
are still far behind.
She felt that she did not have the strength to swallow one of the super spiritual
veins in one go.
Estimated to swallow up to half.
This is not what she wants.
The risk is too great.
Advertisement
She is not afraid of Levi Garrison, but in case Levi Garrison makes a move when
swallowing it, she may not be able to stop it.
She only goes to the point where she can 100% devour a super spiritual vein.
Currently she also needs to devour other energy sources to improve herself.
Only when one's own strength reaches a certain level can he attack these two
super spiritual veins.
"I have sent people to search for small and medium-sized spiritual veins in all
directions! I will slowly swallow it first and accumulate my strength."
Gong Qianqiu smiled: "Levi Garrison didn't think of it? I don't have to start with
the super spiritual vein! I have other spiritual veins!"
Others may not find other spiritual veins.
But she is Gong Qianqiu.
She has all the spiritual information recorded by the Zhenmo Division.
It has also cultivated people who specialize in finding spiritual veins.

These will help her reach the highest level.
Even Gong Qianqiu discovered a secret.
The super spirit vein is not the point, there are other spirit veins on the super
spirit vein…
Zhen Mo Si Tiansi discovered a spiritual vein that was even more terrifying than
the super spiritual vein.
It can't even be called a spiritual pulse.
It has to be called dragon veins, earth veins or something.
It's just that Gong Qianqiu looked through the major ancient books of Zhenmo Si,
but couldn't find any records of Tian Si's discovery of the spiritual veins.
Rao is because she has great supernatural powers, and she can't find this spiritual
vein…
It can even be said that the strength of Tiansi comes from this.
He also discovered this higher-level spiritual vein, and then went to find the more
powerful world in the legend, so that he disappeared for so many years.
If she discovers where this spiritual vein is, once swallowed, she will be invincible!
Hang and beat Levi Garrison directly!
But for the time being she doesn't need it.
These two super spiritual veins are not swallowed, everything is enough for her.
However, Gong Qianqiu was already planning what happened next.
If she devoured two super spiritual veins, she became extremely powerful and
killed Levi Garrison.
Completely trample the Eternal Kingdom and the Suppression Division under
your feet!
At that time, there will only be one power in the world – Qianqiu Religion!
Everyone was crawling at her feet.
She has reached the level of strength, and she has also reached the level of power.
and then?
When she has had enough of it.
I'm afraid it will be boring, right?
What if there was no goal then?

The only thing that interests her – is to follow in the footsteps of Tiansi and the
Xuanming Alien Lord, to find the legendary world!
That seems to be fun!
It has to be planned.
Avoid getting bored.
And after reaching her level, what she pursues is completely different.
If Levi Garrison and the others knew what Gong Qianqiu was thinking now, they
would be shocked to the point of exploding.
The woman was thinking about the future.
This city is too deep.
Soon, the people sent by Gong Qianqiu discovered a small and medium-sized
spiritual vein.
She also began to devour frantically.
Not enough for her to make a qualitative leap.
But it is also a little bit stronger.
Levi Garrison stared at the two super spiritual veins while also checking the West
Pavilion.
This time, Levi Garrison checked one by one.
Check everyone carefully.
Don't let one go.
This is the dumbest way, but there is no other way.
The opponent hides too deeply.
And there are tens of thousands of people in the West Pavilion.
Now it looks like everyone is a nobody.
From a comprehensive point of view, this is a small person, and the sense of
existence is not very high.
But the other party is very aware of their own side and the outside world, including the eternal kingdom.
What Levi Garrison hadn't thought of so far was how the other party knew him so
well.
Judging from the repeated confrontations, this person knows his side very well.
Know better than anyone!
Compared with the previous Mr. X, Richard and these opponents need to know
themselves better!

I understand a little bit of my habits, way of thinking, and so on.
It seems that this opponent is fighting against himself from the perspective of
God!
How does this play?
This is what puzzled him.
How did the other party do it?
Know yourself so well?
It's like having a camera on your side.
Everything about himself is known to everyone.
He felt this way more and more.
This is really scary.
Levi Garrison couldn't figure this out for the time being.
Therefore, it is very difficult to find out.
However, such a blanket search is narrowing the target a little bit.
I believe it will be found soon.
Levi Garrison's pressure is still great.
He also has to look at the people around him.
This opponent knows his side too well.
In case of an attack or something, it's too easy.
At present, apart from his own words, Levilia is powerful, but not enough to deal
with everything.
Only rely on the underground base.
But once the underground base is exposed, it will be useless.
This opponent knows himself too well.
Maybe the bases below the base camp are known.
But judging from the previous confrontations, the other party should not know.
It made him feel more at ease.
With the comfort of Levi Garrison and others, the Azure Dragon (Qinglong) five
people temporarily recovered their emotions.
Afterwards, Phoenix spoke out about Xiao Feng's suspicions and the abnormality
of Xiao Feng during this time.
and some of the information she inquired.
When the other four heard it, they were also quite shocked.
Sure enough, Phoenix is a girl, so she is more careful.
He was staring at Xiao Feng all the time.
It can be considered that they have discovered something, which is completely

different from what they know about Xiao Feng.
"That means Gong Qianqiu is an unusual woman? It's probably because of her
lust?"
"It's even said that Xiao Feng has been deceiving us? It's possible!"
…
Several people analyzed.
Phoenix nodded: "It's all possible!"
"But today's events make me suspicious. This woman may have a big problem!
Maybe she is a member of this force!"
The other four looked at Phoenix: "How do you say?"
"Because today is when the boss's attention is distracted! Who is bad to stab? It is
Xiao Feng who is stabbed by the gods!"
Say so.
Azure Dragon (Qinglong) and several people reacted.
"That's right, Xiao Feng was almost at the back at that time! Sister-in-law and
others were in front, and they were the best attacking positions to distract the
boss!"
"What's more, Xiao Feng's strength is strong, and the opponent's assassination is
not very sure! In any case, Xiao Feng is not the best attack point, or even the
most risky!"
"But I chose Xiao Feng, it doesn't mean anything! There is a problem…"
Phoenix nodded, this was the logic of her thinking.
The most risky Xiao Feng was chosen!
That shows that the other party really wants to kill Xiao Feng!
Based on the information obtained from Xiao Feng, that woman is abandoning
him again and again recently.
Maybe he really wanted Xiao Feng to die.
Before, I just thought that Xiao Feng had a problem and might have been deceived.
Now there is a high probability that Xiao Feng has something to do with this
faction.
It's just that Xiao Feng doesn't know.
So how to connect Xiao Feng with this force?

It can only be the woman in the West Pavilion – Gong Qianqiu.
It just so happened that Levi Garrison concluded that this force was in the West
Pavilion.
further confirms this.
Azure Dragon (Qinglong) reminded at this time: "But there is one thing – all of
this is our own guess! There is no evidence! There is not a trace!"
"Yeah, if we go out and talk casually, or even tell the boss. We will be considered
to be sowing discord!"
"Our group has never been betrayed! There is not even a hint of it! We absolutely
cannot bring it up unless we have sufficient evidence! Otherwise, everyone is not
allowed to bring it up!"
Several other people also understand this truth.
Phoenix and the others agreed: "Yes! Evidence! We want exact evidence!"
"From now on! We can't sit still, we're going to investigate!"
"We don't check anything else, just check Gong Qianqiu! Check everything about
her! You must not tell anyone before you get the evidence!"
"Especially not to let the boss and Xiao Feng know!"
Several people reached a consensus.
"Huh? What's wrong with me?"
At this time, Xiao Feng just came.
He came to see the five Azure Dragon (Qinglong) people, and happened to hear
his name.
Azure Dragon (Qinglong) smiled: "We are worried about you, want to go see if
you are scared?"
"I'm fine, I'm worried about you too, come and see!"
…
The two sides chatted for a while.
Kirin (Kirin (Qilin)) remembered something and couldn't help asking: "By the
way, did you see the person who killed you at that time?"
"Ah? This…"
The picture of that moment appeared in Xiao Feng's mind immediately.

In a trance, in front of him is the vague shadow of Gong Qianqiu, holding the gods,
and stabbed him with a ghastly expression!
But it must be an illusion!
How could it be Miya Chiaki?
In the world, anyone can kill themselves.
But definitely not Gong Qianqiu!
It was definitely someone who was frightened and thought of death at the moment.
That is Gong Qianqiu.
It is also the regret of the moment of death.
"How is it possible? That person is so strong, how can I see clearly?"
Xiao Feng made a haha.
Kirin (Kirin (Qilin)) asked solemnly: "What if the person you love most stabbed
that sword?"
"Shh!"
Xiao Feng's face changed greatly on the spot.
The picture of Gong Qianqiu appeared in my mind just now, and I mentioned it
without thinking of Kirin (Kirin (Qilin)).
This is too coincidental.
"Haha, just kidding, it makes you nervous!"
"I'll give it a try, have you come out of the pressure of that sword!"
Kirin smiled immediately.
"It scared me to death, what did I think you knew?"
Xiao Feng patted his chest.
After separating from the Azure Dragon (Qinglong) five.
Xiao Feng went to practice.
He thinks that Gong Qianqiu hates that iron is not steel, and he has to work
thousands of times to strengthen himself.
Don't be a waste, be a burden!
He wants to be the right-hand man of Master!
He looks forward to seeing Gong Qianqiu next time, he is already reborn.
But how did he know that it was also in Gong Qianqiu's plan to stimulate him to
cultivate wildly to increase his strength.
Gong Qianqiu finally wanted to sow discord and make him and Levi Garrison turn
against each other.
It is best to stab Levi Garrison at the critical moment.

It can seriously damage Levi Garrison.
But even if the person closest to him assassinates Levi Garrison, he still needs
strength.
The current Xiao Feng is far from enough.
Only when he grows up.
Therefore, Gong Qianqiu's stimulation of Xiao Feng was also one of the plans.

Next, Gong Qianqiu took Duguxiao to shuttle through various medium and large
spiritual veins.
While swallowing, she cultivated Duguxiao.
Now these small and medium-sized spiritual veins are of little significance to her.
It can only be regarded as a gradual accumulation.
But any small spiritual vein, to Dugu Xiao, who has just started the road of
devouring, is the energy of the sun.
Given a small spiritual vein, he can't devour it completely.
Advertisement
Just swallow the residue that Gong Qianqiu gave him.
But it's also progressing rapidly.
In a short period of time, Duguxiao raised a level.
It was something he had never thought about before.
Advertisement
After possessing the Five Elements Spiritual Roots and Spiritual Bones, he felt
that his talent was unparalleled, and there were few in the past.
Cultivation is also an explosion of progress, which can be called a miracle.
It made him happy.
However, compared with the current devouring technique, it is absolutely nothing.
It's not a level at all!
This devouring technique is too violent and terrifying!
This surprised Duguxiao badly.
The master followed suit.

“At this rate, after a month, as long as Levi Garrison doesn’t show up, how can no
one take you?”
Advertisement
Miya Chiaki was very satisfied.
Now Dugu Xiaolian’s swallowing method was modified by her.
The upper limit is lower.
But the speed of swallowing in a short period of time is super terrifying.
It was dozens of times faster than when she devoured it at the beginning.
She will definitely not consider Duguxiao’s future.
Only thinking about the moment, how to target Levi Garrison.
She piled all the boosts into the early game.
It was almost a way of burning Duguxiao’s body essence, which made him improve like a rocket in the early stage.
But it won’t work in the later stage, and this is also her control method.
There can be no anti-bone boy!
Duguxiao didn’t know Gong Qianqiu’s thoughts, but was surprised.
But for him, it was just extravagant hope.
Now it’s like a big miracle.
Why not do it?
While Gong Qianqiu’s strength has increased, his power has also increased.
The bone master actively connected, allowing more and more people in the town
to secretly join the Qianqiu Sect.
In a short period of time, Qianqiu Jiao has formed a huge network of relationships.
Shrouded the entire town magic division.
Zhen Mosi is equivalent to their Chinese food.
I’m hungry, I can eat it right away.
The Town Demon Division is also paying attention all the time.
They are afraid of being destroyed.
The other party is strong and does not say, still in the dark.
They cannot rely on others.
You can only rely on Levi Garrison.
But this is not the way.
Now the Demon Suppression Division is also headless, and even has to be exterminated.
“No! We have to get Tiansi back to preside over the overall situation!”
“If Tian Si doesn’t come back, the Demon Suppression Division will be finished!”

“Next, everyone will use all means to find Tiansi! Use all the methods that can be
used!”
…
The Town Demon Division also made a huge decision.
Go find Tianshi.
This has never happened before.
After all, the town magic division is approaching the moment of demise.
Even if you are looking for Tiansi, there is nothing you can do.
Only to find.
If Tiansi returns, why should they rely on Levi Garrison?
Not even afraid of the power of the dark!
“Hey, what if Tiansi finds out that the world he yearns for has gone? Then how do
we find it?”
“Yes, there is another possibility – Tiansi discovered the world he longed for, but
was killed by the powerful existence inside!”
“But if there’s a little hope, we’re still looking for it!”
“It’s also possible that Tiansi finds the world he yearns for, and is stronger now!”
…
Phoenix and several people went directly to the Town Demon Division to investigate.
They are different from Levi Garrison’s kind of investigation.
Their purpose is clear, just to inquire about anything related to Gong Qianqiu.
Even some trivial matters and some rumors are all investigated.
The investigation startled them.
No one imagined that this would be the result.
Gong Qianqiu is not simple at all.
She has a bad reputation.
Especially bad.
Only people inside the West Pavilion know this.
Even if she was ostracized in the West Pavilion, no one wanted to be with her.
There’s nothing wrong with that.
Many people in the West Pavilion are ostracizing her, and even scolding her as a
vixen.
This is also in Gong Qianqiu’s plan to destroy the Demon Squad, other factions

can join Qianqiu Sect as long as they surrender.
And the West Pavilion must all die, not a single one.
She hated everyone in the West Pavilion to the extreme!
Phoenix and the others have found important clues.
This woman is known for seducing men.
There are countless men who are seduced by her.
Many people know the key, but they are still willing to be pinched by her. She has
a bad reputation.
Among them was Chu Wu, the son of the Lord of the West Pavilion.
Gong Qianqiu even seduced her master's husband and almost killed her master
Gong Wenqian.
This is what really happened.
But after all, considering the issue of Xige's face, it is impossible to spread it.
They are all keeping this message.
There is also a rumor – Qianqiu Gong Gong has even seduced the Lord of the
West Pavilion.
If it wasn't for the storage of force to protect her, the Lord of the West Pavilion
would have almost killed her.
This person has a very bad reputation in the West Pavilion.
As long as it starts, there will be a lot of gossip and gossip.
I feel that I have been in contact with 80% of the men in the West Pavilion.
And that doesn't include the other factions…
It is said that there are not a few other factions who have an affair with Gong
Qianqiu.
This shocked Phoenix and the others.
Is this woman too scary?
If this is the case, then picking a Xiao Feng is simply casual.
"Xiao Feng, you didn't think about it, did you? You're just one of her thousands of
men!"
Kirin said helplessly.
Phoenix and the others all felt worthless for Xiao Feng.
Xiao Feng really likes Gong Qianqiu.
It can be seen from his state of the past few days.
He likes Gong Qianqiu deeply.
But what about Gong Qianqiu?

It was such a woman!
Even if she doesn't do anything, it's her who they're looking for.
But on this point, she is sorry for Xiao Feng!
Xiao Feng was let down.
Was severely deceived!
Poor Xiao Feng didn't know Gong Qianqiu's true face at all.
I thought Gong Qianqiu was a very affectionate person!
"This woman is really annoying!!!"
Xuanwu urn said angrily.
Who can be cool with this?
Now they all understand that Gong Qianqiu ignored Xiao Feng at first, it was just
a means of playing hard to catch.
The purpose is to firmly control Xiao Feng and hold him completely.
"Do you want to tell Xiao Feng immediately?"
White Tiger asked.
Several people still shook their heads: "Now this situation tells Xiao Feng that he
is terminally ill. If you don't believe it, you will think that we are sowing discord!"
"Yes, although we know what kind of person she is. But we still have no evidence,
these are all rumors!"
"If I tell Master or Xiao Feng in a daze, I'll still startle the snake!"
"We need real evidence! For example, gather men who are related to Gong
Qianqiu and find evidence from them!"
...
Even Phoenix said: "Even if there is evidence, Xiao Feng may not believe it!"
They chose to keep checking.
They began to analyze, is she the person Levi Garrison is looking for?
*Is she the last **oss?*
But there are many doubts!
Gong Qianqiu is a nobody, with no background, medium talent, no backers, no
strong strength, and no adventures!
Can't get it at all.
The only thing that can be done is that men are more controlled by her.
Suppose this opponent is her words.
How did her strength increase?

How could it be possible for so much time to rise to the point where he could
wrestle with Levi Garrison?
It's not scientific to think about!
No matter how you think about it, it's impossible!
Even if there is a great adventure, it can't be!
After all, the span is too large.
How powerful their boss is.
The boss has gone against the sky, but he didn't rise to this level in a short time.
But it took a lot of time.
He can't do it, can anyone else?
Not realistic!
No matter how you think about it!
To say that the fastest improvement in a short period of time is Levilia.
You can see the speed of Levilia's improvement.
It really is the state of taking off all the time!
To the point of heinous!
Every time everyone mentions Levilia's improvement speed, his scalp is numb.
Can't describe in words.
But Rao Levilia's soaring speed cannot be compared with Levi Garrison in such a
short period of time.
Now this growing opponent, in terms of growth rate, even Levilia is far from
being able to catch up.
How monstrous is that?
How defiant!
They can't imagine!
If it is the first-class power of Zhen Mosi, there is still a little hope.
After all, the resources they control, or any unknown methods, are top-notch.
Maybe a little bit.
But how did a nobody do it?
impossible!
By chance?
Which of the enchanting geniuses in the Demon Squad has no adventures?
But this is against the sky.
Not a coincidence.
They couldn't figure out how to improve this opponent for a while!
Have to keep checking.

Next they want to add a direction.
Focus on checking if Gong Qianqiu has had any adventures recently, or if anyone
has seen her practice or something…
Maybe there might be an answer.
Next, they will also expand the channels of inquiry, no longer limited to the West
Pavilion, but also check other major factions, which may be related to Gong
Qianqiu.
Of course, on the one hand, the inquiry of the West Pavilion should be more
detailed.
Conduct a full-scale investigation of Gong Qianqiu…
They are different from Levi Garrison's query.
Levi Garrison is a general direction query.
And they don't check anything else, only check Gong Qianqiu.
I care if Gong Qianqiu is the last murderer.
Anyway, I'm just checking on you!
The target is on you!
Suppose you are the opponent.
Then look up all kinds of evidence clues to corroborate this hypothesis!
Although there are many doubts now.
But there are also many clues pointing to Gong Qianqiu!
They have to check!
In fact, they can tell Levi Garrison directly about Gong Qianqiu.
But the identities are different…
After all, there is Xiao Feng, if they directly say that the relationship between the
two sides will break up, it will be the master who will be embarrassed…
If it is really Gong Qianqiu, then there is nothing to say.
But what if?
How should Xiao Feng see them?
How does the master see them?
Even because of this incident, their group had to completely break up!
They won't speak until there is solid evidence, it won't destroy the integrity.
They are a family and cannot be disrupted by something ethereal.
Before the evidence comes out, absolutely cannot say!
But there is one real hammer – Gong Qianqiu is a bad woman who mainly deceives men.
Xiao Feng was deceived by her feelings, that's for sure.

They probably won't say it directly, but they will remind Xiao Feng to stay away
from Gong Qianqiu for the time being.
If Gong Qianqiu is really an opponent, then Xiao Feng is a time bomb.
It might blow up that day.
It was a huge blow to them.
They have to look at this hidden danger.
Can't let it explode.
Next, Phoenix's investigation was even more powerful.
In-depth and careful investigation.
However, if this is to be done in the past, they will investigate like this.
Gong Qianqiu was afraid that he would have known it a long time ago.
That is to say, Gong Qianqiu is too lazy to pay attention to it now, this little thing
will not attract her attention at all.
Now she also knows that her identity must be exposed.
It's just a matter of time.

How can you find out?
So she just ignored it.
Anyway, sooner or later, he will be exposed in front of everyone.
Otherwise, as soon as Phoenix and the others checked, Gong Qianqiu would know
immediately.
This is also considered a chance for them by God!
Otherwise, catch one.

All are dangerous.
for a short period of time.
Gong Qianqiu has devoured seven medium-sized spiritual veins and nineteen
small-sized spiritual veins.
Even Duguxiao's strength is rapidly improving.
Advertisement
Now he has surpassed Dugu Tuo.
About to reach the realm of Yufeng Tiansi.
Right now, Duguxiao's increase speed is the most terrifying.
Don't say it's Levilia.
Even the early Gong Qianqiu was far inferior.

He has grown to the point where he can devour a small spiritual vein by himself.
And it's still growing.
"Well, I'm very satisfied with your speed. It won't take a month. In a few days, you
can go out and hang around, kill a few people, and chatter in front of Levi Garrison's people."
Miya Chiaki was very satisfied.

Going out in a few days.
With Duguxiao's strength, I am afraid that Levi Garrison will not be able to do so,
and there is nothing for others to do.
Unless many masters join forces.
But there is no problem with Duguxiao retreating completely.
She doesn't need how Duguxiao kills the Quartet.
Just show up and tell Levi Garrison they – Duguxiao is alive and well, not to
mention, I have become stronger, you have no hope of revenge!
Make Levi Garrison unhappy and make everyone feel sick.
Her purpose was achieved.
"Levi Garrison, are you waiting for my appearance? Don't worry? Wait a minute, I
will appear when I become strong enough to crush you."
Gong Qianqiu laughed.
According to the records of the town magician and the results of the people she
sent to look for it.
There are also a total of one hundred and twenty-three small spiritual meridians
and thirty-four medium-sized spiritual meridians.
After she devoured them all, and then devoured some other energy sources.
She will appear.
At that time, she no longer struggled to deal with Levi Garrison.
It can almost crush and kill him.
This is what she wants.
Instead of fighting to the death almost now, even though he killed Levi Garrison,
he had to peel off his skin.
Not wrong.
Levi Garrison is still staring at these two super spiritual veins.

After all, it seems that this is the basis for the opponent to become stronger.
If you want to make a qualitative leap, if you want to completely crush yourself,
these two super spiritual veins must be absorbed.
Just for half a month.
These two super spiritual veins are completely untouched.
Not right.
There may be a problem.
Levi Garrison frowned.
broken! ! !
Levi Garrison suddenly slapped his forehead.
Didn't you already know that the other party was the enemy who knew you best?
Even familiar with their own logical thinking.
The other party must also expect that he will stare at these two super spiritual
veins.
Therefore, people do not come at all.
I know you're staring, why are you showing up?
This opponent must be thinking of other ways…
For the time being, I will not start with these two super spiritual veins.
Staring at himself.
But the opponent has become so strong.
To continue to strengthen.
Normal energy sources are useless at all.
Unless it is a spiritual vein, it can give this person a strong enough support.
Otherwise it will not work!
Levi Garrison immediately went to the Heavenly Prison of Suppressing Demons.
"Do you know how many spiritual veins there are within the scope of the Town
Demon Division? Small or medium-sized ones will do!"
Levi Garrison asked directly.
Although people don't know what he is going to do.
But he still took out all the ancient books that recorded the spiritual veins and
handed them over to Levi Garrison.
"Ah? What about so many super spiritual veins?"
After Levi Garrison inspected the data.
were stunned.

Unbelievable!
There are a total of four super spiritual veins recorded by the Demon Suppression Division.
However, only one has been found so far, and it is the one that the Town Demon
Division is using now.
The remaining three are recorded in the book, there must be.
But haven't found it yet.
Indeed there are.
And the spiritual veins are also graded.
For example, the super spiritual vein under the Antarctic glacier is of relatively
high grade.
It can't be compared to the spirit veins on which the Demon Suppression Division
or the Eternal Realm depends.
It can't even be called a super spirit vein.
Sure enough, the records say that there are spiritual veins on the super spiritual
veins.
Generally called dragon veins, earth veins, or even divine veins.
It's just that the people in the town magic department have never seen it.
And Tiansi of the Town Demon Division is said to have found it, and I also went to
find it, but there is still no information.
There is no specific record.
But it is said that the high-level spiritual veins discovered by Tiansi are in the
legendary world.
I don't know what exactly…
Levi Garrison also did not think that there is so much knowledge in Lingmai.
And the legendary world?
small world?
Or something like a huge area of a small world.
Next, he focused on examining the small and medium-sized spiritual veins recorded by the Demon Suppression Division.
There are hundreds of them in total.
Because of the existence of this super spiritual meridian, Zhenmo Division does
not pay much attention to the development of small and medium-sized spiritual

meridians.
Most are on hold.
Because it's useless.
If you can't have the strength to absorb the spiritual veins immediately, then the
aura emitted by the super spiritual veins is enough for you to use.
"Okay, then I'll focus on these small and medium-sized spiritual veins!"
Levi Garrison sneered.
"You have to keep it strictly confidential. Can't you disclose this matter to anyone?"
Before leaving, Levi Garrison specially warned.
"Understood! This is a matter of life and death, and we must never let outsiders
know."
Next, Levi Garrison took people to inquire about these small and medium-sized
spiritual veins.
If you are lucky, what if the other party is just attacking these small and medium-sized spiritual veins?
Didn't this happen?
Levi Garrison is also guessing.
If you don't start with the super spiritual pulse, you can only do it on the small
and medium-sized spiritual pulse in a short period of time.
"Huh? Not good…"
When he brought people to a medium-sized spiritual vein, he was a little dumbfounded.
Because, this medium-sized spiritual vein is exhausted.
It's been absorbed cleanly.
nothing is left…
And looking at the residual breath, it should be absorbed in the recent period of
time.
Sure enough, I guessed it.
Instead of attacking the super-spiritual veins, the other party started to attack
the small and medium-sized spiritual veins instead.
Although not a one-time rebirth.
It can be terrifying to accumulate.
After all, this is the spirit vein.
No matter how small it is, the spiritual energy it contains is quite terrifying.

“Keep looking… I feel like I can meet it!”
Levi Garrison saw hope.
With so many spiritual veins, it is impossible for the opponent to absorb them all
so quickly.
There is still hope.
Chances are you can still encounter it.
Levi Garrison continued to search with people.
Sure enough, I found one spiritual vein that was exhausted, and found one that
had just been absorbed.
possible!
More hopeful!
As long as you find the spiritual veins that are not exhausted, you will definitely
be able to wait for this person.
Their goal must be to absorb all the spiritual veins.
Not a single one will be spared.
Just find one that hasn’t been absorbed and just wait.
Levi Garrison thought of a strategy and continued to look for it.
It’s actually been a while.
Most of the spiritual veins were exhausted.
Levi Garrison searched for sixty or seventy spiritual veins in a row, all of which
were the same.
But he did not despair.
Keep looking, there will definitely be opportunities.
Looking for it all the way, Levi Garrison really got something.
In one place, a medium-sized spiritual vein was found that had not been absorbed.
It means that the footprints of the other party are still here.
If it is a small spiritual vein, the other party may not come.
But this is a medium-sized spiritual vein.
So pleasantly surprised.
Levi Garrison concluded that the other party would definitely come.
He can just sit back and wait.
Levi Garrison also stopped looking for other spiritual veins.
Just wait here.
The other party will definitely come.
This point, Levi Garrison firmly believes.
Levi Garrison’s prediction was not wrong.
Gong Qianqiu’s plan was to devour all the spiritual veins.

Not only the medium-sized spiritual veins will not be spared.
Not even small spiritual veins.
She is still being swallowed one by one.
It is only a matter of time before reaching the medium-sized spiritual vein guarded by Levi Garrison.
Levi Garrison is right!
Phoenix and the others are also in full swing.
I collected people who were related to Gong Qianqiu one after another.
I don't know if I don't check it, I'm shocked when I check it.
It turns out that there are so many men controlled by Gong Qianqiu's emotional
temptation? ? ?
Forget the West Pavilion.
She has a bad reputation, and 80% of men have been seduced by her.
But only after this investigation did I know that there were hundreds of people
who were related to Gong Qianqiu from the major factions.
It's just what they found.
In the end, it was found that there were more than thousands…
The key thing they found in their inquiries was that Gong Qianqiu was too smart.
Dealing with so many men, not to mention that these men have further development with her, that is, they have never held hands.
But all of them were willing to die, and they were all confused by Gong Qianqiu.
Everyone in the West Pavilion knew each other's comments about Gong Qianqiu.
But few people in other factions know about it.
These bewildered men don't even know each other!
Many people even thought that Gong Qianqiu was very innocent…
"This woman's methods are too clever? Admire it! Five-body cast!"
Phoenix and the others clicked their tongues.
No wonder Xiao Feng fell.
This method is so clever that few people can resist it.
And the men who are controlled by Gong Qianqiu's feelings have all identities
from high to low.
There are even many elderly elders among them.
They were all controlled by Gong Qianqiu.
"This Gong Qianqiu is too powerful, let alone Xiao Feng, even if we encounter it,

we have to fall! Unless it is at the level of the boss, no one will be indifferent!"
Azure Dragon (Qinglong) several people sighed.
But again – no actual proof!
It's all rumours and the like.
Even if you find a man who is controlled by Gong Qianqiu's feelings, there is no
evidence.
What's more, this group of people didn't believe Phoenix at all.
That Gong Qianqiu is sacred.
It is absolutely impossible to speak ill of Gong Qianqiu!
Nor will they provide concrete evidence…
Moreover, Azure Dragon (Qinglong) and the others concluded that if Gong
Qianqiu was the enemy.
Then all those who participated in the planning of the event must all be dead.
Not a single one is left.
After all, they also heard that many people were killed as traitors of Tianshi
Mansion during this period.
If true, they are absolutely dead.
Gong Qianqiu is more at ease who can live.
Because you can't find any evidence.
You can't say that I have something to do with him, so you suspect that Gong
Qianqiu is that person, right?
Now they are also investigating the connection and evidence between these
dead people and Gong Qianqiu.
But the more they checked, the more they felt that Gong Qianqiu was possible.
Leaving aside the point of strength, Gong Qianqiu is indeed powerful.
In terms of emotionally controlling a man, she can master all the information of
the town magician.
It is also possible to control their data through Xiao Feng.
So every time the information is well-informed, it makes sense.
As for strength, they still can't think of it for the time being.
Continue to check.
There must be clues.
They're also confident and always feel like they've got the point.

During this time, everyone is busy.
Only Xiao Feng is practicing alone.
The Huoyun Evil God and his like follow Levi Garrison to do things, and Levi
Garrison's current whereabouts will not be revealed to Xiao Feng in the slightest.
And Phoenix Azure Dragon (Qinglong) and the others are also doing things.
Xiao Feng felt isolated.
He doesn't know anything about other people's situation.
Others are deliberately avoiding him.

At first, he focused on cultivation, but he didn't notice anything.
But later, I accidentally discovered that there was no one in the base camp.
Very few.
It is also a few people.
The rest have no idea where they went.
Since then, he has discovered that when other people act, they are avoiding him.
Advertisement
That's when he realized something was wrong.
Although everyone does not say.
But……
Everyone was wary of him.
Advertisement
He could clearly feel it himself.
Phoenix and the others were deliberately avoiding him.
I'm afraid it's because of Gong Qianqiu?
They may think that Gong Qianqiu has a problem, but they don't tell themselves.
So that they will not tell themselves what they do next.
The master refused to reveal any whereabouts to him.
He was the isolated one on the field.
Xiao Feng felt a little uncomfortable.
Did you do nothing wrong?
Advertisement
Why is everyone like this?

However, Phoenix and several people also believe that there is something wrong
with Gong Qianqiu…
That's right, now his goal is to practice hard to reach a state worthy of Gong
Qianqiu and impress her.
But he didn't care.
When everyone around him is like this, he is very uncomfortable. How can he
have the intention to cultivate?
But he contacted and observed for several days, and he didn't know what others
were doing.
But the more so, the more he wants to know what Master and they are doing?
Phoenix what are they doing?
On this day, Xiao Feng couldn't bear it any longer.
He must know what the master is doing?
Mainly, he was afraid of finding Gong Qianqiu's head and causing some unnecessary trouble.
It was nothing at all, but if Gong Qianqiu was wronged or even killed, it would be
troublesome.
This is what he doesn't want to see.
Now is a sensitive period, the feeling of being a soldier.
If the master once knew the existence of such a person as Gong Qianqiu, then he
would have to act first.
At that time, even he himself didn't know, Gong Qianqiu was already gone.
therefore.
He wants to control the whereabouts of Master and the others, and know exactly
what they are going for.
He was relieved.
But now in this situation, everyone is deliberately avoiding him.
How could he know the whereabouts of the master?
correct! ! !
Levilia!
Levilia still stays at the base camp and controls everything.
She absolutely knew where Master went and what Phoenix and the others were

doing.
Levilia is practicing.
Xiao Feng came suddenly.
"What's wrong with Senior Brother Xiao Feng? You don't look very good…"
Levilia asked curiously.
Xiao Feng sighed: "Hey, Levilia, don't you know? I feel like everyone has abandoned me now, Phoenix and the others are deliberately avoiding me, even
the master. I don't know what the master is doing or where he is now. Know……"
Xiao Feng told all his grievances to win Levilia's sympathy.
Although Levilia is powerful and simple in heart, he is just a child.
Moreover, she also respected Xiao Feng and these senior brothers very much.
In her heart, people like Xiao Feng have a tall and sturdy image.
Wouldn't think badly.
"Senior Brother Xiao Feng, don't do this…"
"How could everyone isolate you? Impossible!"
Levilia immediately persuaded.
Xiao Feng sighed: "Why not? Now I don't even know where everyone is or what
they are doing!"
"I know everyone is busy, but I also want to do my part! I also want to help Master
solve problems, but I don't even know where Master is or what he does… Hey…
Isn't this isolated?"
How could Levilia see that Xiao Feng's tricks are many, she immediately said:
"Senior Brother Xiao Feng, we have not isolated you, I will tell you where your
father is…"
In order to prove that there is no such thing, Levilia immediately told Xiao Feng:
"Dad is now looking for the large, medium and small spiritual meridians of
Zhenmo Division! He thinks that the other party will definitely strengthen himself by absorbing the spiritual meridians!"
"If you see someone using a spiritual vein, that's probably the person you're
looking for!"

Hearing what Levilia said, Xiao Feng was shocked.
Direct absorption of spiritual veins?
Too scary, right?
I hope this matter does not involve Gong Qianqiu.
If it is involved, it will be troublesome.
"What about Phoenix and the others?"
Xiao Feng asked.
"Aunt Zhuque and the others went to find Duguxiao… They will definitely take
revenge! This time I couldn't bear it, so I deliberately checked with my father to
find Duguxiao…"
Levilia said.
Not wrong.
Phoenix specially approved it.
It's to hide people's eyes and ears.
I don't want anyone to know that they went to investigate Gong Qianqiu.
It's really good to use Duguxiao for this reason.
Immediately got rid of all suspicion.
Even Xiao Feng believed it.
"Junior Sister Levilia, if you continue to practice, I will speed up my practice, and I
will be able to take revenge when I try to find Duguxiao! Instead of relying on
Master!"
Xiao Feng left, and Levilia didn't have too much doubt.
After all, Xiao Feng was thinking for them.
In order to be able to participate and share the pressure.
Xiao Feng left and happened to meet Phoenix who came back.
Xiao Feng looked at them and said directly: "When you find Duguxiao, let me
know! I am cultivating now, just for a moment of revenge!"
"Okay, no problem!"
Everyone nodded.
Looking at Xiao Feng, Tiger (Bai Hu) couldn't help but say, "By the way, Xiao Feng,
you…"
He wants to say that you can actually go to the Zhenmo Division to investigate
Gong Qianqiu.
You will understand it all.
But seeing the eyes of other people, he was still embarrassed to say it.

“What happened to the white tiger? Is there any problem?”
Xiao Feng asked suspiciously.
It always feels a little wrong.
Did they know anything?
“Let’s focus on practicing, don’t put your mind on women! Except for the boss
and Levilia, we all rely on you to be the leader?”
White Tiger immediately changed the subject.
Xiao Feng smiled after hearing this.
“That’s right! Your future is still long! The future doesn’t stop there! You have
grown stronger, what kind of woman doesn’t have? You don’t have to hang
yourself on a tree!”
“As your strength grows, you will meet better women in the future! These are
nothing at all…”
…
Everyone took the opportunity to persuade.
Since he couldn’t remind him directly, he had to instill some ideas into Xiao Feng.
Keep him away from the curse of Gong Qianqiu as much as possible.
“OK, I see,”
Levi Garrison is still guarding the medium-sized spiritual veins as always.
Rain or shine.
Because he firmly believes that the other party will definitely come here.
This feeling is getting stronger and stronger.
He will definitely wait!
the other side.
Gong Qianqiu and Duguxiao devoured the small and medium spiritual veins one
by one.
The ones on the list have almost been devoured.
There are only a few spiritual veins left.
“There are still two medium-sized spiritual veins! Let’s go to this first!”
After Gong Qianqiu inspected the map, he chose the nearest medium-sized spiritual vein.
Coincidentally, this spiritual vein is the one that Levi Garrison guards.
Gong Qianqiu and Dugu Xiao set off immediately.
Not useful for how long.
The two have already come within the range of the medium-sized spiritual vein.

I have already felt the strong fluctuations of the spiritual veins.
“Huh? Good! Someone’s here!”
Levi Garrison’s expression moved.
I never thought that someone would actually be waiting.
He immediately hid the breath of the others.
After all, no one else can find out.
He felt each other from a distance.
Two people.
A person’s strength is not bad, and he is also trying to hide his breath, but he still
feels it.
But the other person’s breath is absent.
You can only judge that there is such a person, but you cannot judge the specific
strength.
Obviously the other party is also covering up the breath.
“The big fish is hooked…”
Feeling the attack of the other party step by step, Levi Garrison immediately
became excited.
*After all, this **oss is about to be caught.*
This enemy is so much more interesting than before.
Both resourcefulness and strength are top notch.
The key is to know yourself well.
He wants to see who it is…
Gong Qianqiu and the two are also approaching here.
“Master, I feel something is not right… I’m a little scared and hairy…”
Duguxiao said tremblingly.
Gong Qianqiu looked helpless.
If this was the first time Duguxiao said something like this, she would still be
vigilant.
But this kid, he says this everywhere he goes.
He is now the feeling of cup bow snake shadow.
It’s scary to go to unfamiliar places.
Everyone felt that someone was lying in ambush around him, and that someone
was staring at him.
Therefore, Gong Qianqiu did not take his words seriously.
What’s more, she looked around.
And there is no other person’s breath.
Now her sense of power is too strong.

She can feel a little energy change.
She concluded that there was no one in this place!
Therefore, continue to bring Duguxiao to approach this medium-sized spiritual
vein.
…
Getting closer.
Levi Garrison's heart jumped.
When was he so excited?
Mainly because the opponent is too interesting!
Enough to pique any interest in him.
the other side.
Xiao Feng returned to his residence.
Still thinking about the Master.
"Looking for the medium and small spiritual veins?"
He suddenly made an assumption: "What if Gong Qianqiu happened to appear
near the spiritual vein he was looking for?"
"It's absolutely impossible to wash, immediately kill it as an enemy!"
If you say in the past.
This assumption does not hold, it is absolutely impossible!
What a coincidence!
He wouldn't even think about that assumption at all.
But now it's unfortunate.
Since the last time Gong Qianqiu was killed by his master, he was afraid of such a
situation.
Chances are not small.
What if…
Listening to Levilia's tone – as long as people near these medium and small
spiritual veins are regarded as enemies.
He had to assume.
no!
I want to make sure nothing goes wrong!
Qianqiu can't have the slightest danger.
Especially at this moment.
What if?
He couldn't let this happen.
Absolutely not!
Even if I contact him now, and then remind Gong Qianqiu, people think that it is

nonsense, there will be no danger at all, and they will even scold him as sick.
But he didn't care.
To rule out any danger!
Even if he is scolded by Gong Qianqiu, Gong Qianqiu cuts off contact.
She must not die!
So, Xiao Feng risked his life to contact Gong Qianqiu.
Use the emergency contact information that Gong Qianqiu taught him…
Gong Qianqiu, who was approaching the medium-sized spiritual vein step by step,
suddenly received a contact from Xiao Feng, which was still in urgent danger.
Gong Qianqiu's expression changed.
After the two previous insults to Xiao Feng, Xiao Feng must be honest.
I won't be able to contact myself easily.
If you contact again, it may be a real problem!
not good!
Something must have happened!
"What happened to Xiao Feng?"
Miya Chiaki asked.
"Qianqiu's emergency! My master is currently inquiring about the small and
medium-sized spiritual meridians of the Town Demon Division! I think the enemy
will definitely absorb the spiritual meridian!
You stay in the Demon Suppression Division, don't wander near the spiritual
veins, and don't even go… Otherwise, you will be killed as a murderer! "
Xiao Feng immediately reminded.
After he finished speaking, he was waiting for Gong Qianqiu's abuse.
It stands to reason that this kind of hint that there is no reason and no evidence
is just nonsense.
Gong Qianqiu's scolding must be indispensable.
But Gong Qianqiu actually said: "Xiao Feng thank you, I will pay attention, you
have to pay attention to yourself!"
Gong Qianqiu's brief response almost made Xiao Feng jump like crazy.
"I knew that Qianqiu still cares about me! You scolded me just for hating iron!
You want me to be excellent and make me strong!"
"If a person doesn't love me, then don't bother to scold me!"

Xiao Feng was relieved now.
Gong Qianqiu really loves him.
It used to be a slap in the face, but now I have given a jujube.
He firmly believed that Gong Qianqiu scolded himself for his own good.
It can be seen from now on.
After all, when I contacted her this time, it was even more unreasonable, and even a little incredible.
Advertisement
As a result, Gong Qianqiu was so gentle…
But how does he know.
Gong Qianqiu is near the spiritual vein.
She panicked, so she replied to Xiao Feng like this.
Advertisement
"I still underestimated Levi Garrison. I thought he would keep staring at the two super spiritual meridians! I never thought he would start staring at the small and medium-sized spiritual meridians! I know what I'm doing…"
After Xiao Feng's reminder, after knowing what Levi Garrison was doing.
She immediately figured out Levi Garrison's thinking.
He is waiting on the sidelines.
Maybe this medium-sized spiritual vein, maybe the next one.
But he's definitely there…
A direct fight?
Gong Qianqiu still doesn't think much of it.
Not to the point of directly crushing Levi Garrison.
Advertisement
She still needs to continue to precipitate and continue to improve her strength.
Can't be too hasty.
Gong Qianqiu turned around and said to Duguxiao next to him: "Your hunch has been wrong hundreds of times, but this time it is likely to be accurate. Someone is ambushing around!"
Now Duguxiao became more and more frightened.
The whole person started to tremble.
"We gave up this medium-sized spiritual vein…"

Gong Qianqiu stopped.
She felt it carefully again.
There are no energy fluctuations around.
Quiet!
It's a little scary even to say that it's quiet!
That means there is a problem!
Gong Qianqiu's feeling is also getting stronger and stronger.
She already felt that Levi Garrison was in the dark.
…
"Huh? What's wrong? They're not moving forward?"
Levi Garrison realized that something was wrong.
But how could the other party find out?
This is impossible!
All his breath was hidden.
At this moment, a voice came from the opposite side: "Levi Garrison, I know that
you are in ambush in the dark, I found you, you don't have to hide! But I can't
meet you for the time being, wait for the next time…hahaha… "
The words are not surprising and die endlessly.
As soon as the voice came.
Levi Garrison's face changed wildly.
The other party found himself?
not good!
Chase! ! !
Levi Garrison immediately rose into the sky and chased after him.
"boom……"
Gong Qianqiu also fled immediately.
After all, the distance between the two sides is still a little far.
Gong Qianqiu escaped.
Levi Garrison did not catch up.
This……
Levi Garrison was shocked.
How is this possible?
How did the other party find out?
Totally impossible!
It's too coincidental, isn't it?
Unless the opponent is super strong and can crush himself, he can easily find out.
But judging from the opponent's escape, there is no such assurance.
It is impossible to crush yourself easily.
How was that discovered?

Incredible.
But the other party just found himself.
Maybe you really found it yourself.
Otherwise, the explanation is not clear!
First—no one knows his whereabouts, not even Xiao Feng, who is most likely to
leak.
Second—no one knows that I'm standing still here, and if this group of people
knew, they wouldn't come.
Thirdly – Judging from the depletion of the spiritual meridians one by one, the
other party did not know that he had been eyeing them and knew about the small and medium spiritual meridians.
If the other party really found himself.
So it's a little too magical.
Incredible!
Levi Garrison analyzed it for a long time, but still couldn't figure out why.
But there is no gain to talk about, right?
That is impossible!
Um?
is a woman?
From the voice just now, the other party was a woman.
This is what Levi Garrison never thought of anyway.
The other party turned out to be a woman!
How can a woman have such a thing?
unimaginable!
Yup!
This opponent may be a woman!
When Levi Garrison was investigating the West Pavilion, the focus was actually
on the man.
Women don't pay that much attention.
After all, it feels like how a woman can control the overall situation.
But this is something that is overlooked.
Never noticed it before!
It is because of women that it is easy to hide.
The target is relatively small.
Levi Garrison didn't even think of being a woman.
But the voice just now was a woman.
The other party didn't hide his gender, he was directly provoking him!
Now this woman is estimated to be in a state – can be exposed but not

necessarily exposed.
But I can imagine that she will be exposed soon.
When she feels that her strength can crush her, she will definitely be exposed.
Almost now.
But now this method of using small and medium-sized spiritual veins has been
seen by himself.
She certainly won't use it again.
Then she'll have other ideas.
For the time being, apart from the two super spiritual veins, Levi Garrison couldn't think of any other way for her to obtain energy…
Prevent!
Must be stopped when she grows up!
And we need to find out her identity as soon as possible!
After Gong Qianqiu left.
"Hahaha……"
She started laughing–
Never thought that Xiao Feng would still be useful.
This is what she didn't expect!
It seems that the value has not been completely squeezed out!
Now she has also controlled Xiao Feng to a state – she has reflected her value.
But soon Gong Qianqiu's face darkened.
Still a little bit worse.
If all these small and medium-sized spiritual veins are swallowed up.
It was easy for her to deal with Levi Garrison.
But after swallowing more than half of it, Levi Garrison appeared and stared at
her.
Judging from the fact that Levi Garrison was lying in ambush around the spiritual
veins just now, he was a little more terrifying than he expected.
After all, she didn't notice it.
So she also felt the pressure.
If it can swallow all the spiritual veins, it will be fine, I am a little sure.
But now this method does not work.
The two super spiritual veins, Levi Garrison, have been watching.
How can I continue to be strong?
"Hey! Next, we have to find a new source of energy, worrying people!"
Gong Qianqiu supported his forehead.

At this time, Duguxiao suddenly said: "Master, I know that there are still spiritual
veins, or two spiritual veins!"
"One is from the Xuanming alien race, and the other is from the Senluo alien race.
These two spiritual veins are both large-scale spiritual veins, although they are
not comparable to the super spiritual vein under the Demon Suppression Division. !"
"These two spiritual veins are the root of the two alien races. Except for me and
Dugu Tuo, no one else knows about it."
Duguxiao said so.
Gong Qianqiu's eyes brightened fiercely.
Levi Garrison can control the major spiritual veins of Zhenmo Division.
But the aliens definitely won't, because they don't know where they are.
"That's great! I can use the two spiritual veins of the alien race to reach the realm
I want!"
Gong Qianqiu laughed.
"Master, not only that! I also took out all the treasures, magical medicines, and
treasures of heaven and earth from the alien races over the years! These things
seem to be worth a spiritual vein…"
Duguxiao now also understands the form.
Follow Gong Qianqiu and please her.
Your future is bright.
Even better than the road Dugu Tuo had paved for him before.
Gong Qianqiu was a little more looking forward to it.
"Okay, then let's go! Take me there!"
She was impatient.
When Levi Garrison was thinking about how to find the energy source in Gong
Qianqiu's next step, he didn't think that she had already solved it easily.
Next, Gong Qianqiu will usher in a qualitative leap again.
Soon, Gong Qianqiu got the treasures that the two alien races had treasured for
hundreds of years.
Let her smile never stop.
There are also two large spiritual veins.
It also makes her happy.

The places where the key aliens are located are extremely secretive.
Especially since this is their old lair, Zhen Mo Si can't find it at all.
Gong Qianqiu can swallow it with confidence.
Gong Qianqiu believed that Levi Garrison could not find it for the time being.
This is unexpected.
After all, even Zhen Mo Si won't know.
The two alien races also have spiritual veins.
Moreover, the spiritual veins of the two alien races are full of yin and evil energy
such as spiritual energy.
The Town Demon Division was dismissive and never used it.
Not to mention exploring.
Probably didn't even think of it.
No matter how smart Levi Garrison is, when she reacts, she will be swallowed up.
Still, she was stressed.
It has to be swallowed as soon as possible.
Seize this great opportunity.
After all, she can't touch other spiritual veins for the time being.
She also allocated considerable resources to her apprentice Duguxiao.
She also has to train Duguxiao.
It doesn't make sense to be strong.
And now it is a sure thing, she will eventually become the strongest!
She also wants to make Duguxiao strong and make Levi Garrison and the others
incapable of taking revenge.
Can only watch…
This is what she wants!
After the strength arrives, it is meaningless to simply use force.
Her principle has always been to play with people.
Next, she started the pace of devouring the two great spiritual veins of alien
races…
Levi Garrison returned to the base camp depressed.
Staring at the spiritual veins is useless now.
The other party will never make up their minds on these spiritual veins again.
But for other energy sources, Levi Garrison really couldn't think of it for a while.
I asked the high-level officials of the Heavenly Superintendent, and they didn't

know about it either.
It feels like a large energy source is under control.
They couldn't name another source of energy for a while.
Just look for it.
Levi Garrison felt that he had to keep up with this woman's thoughts as soon as
possible.
Otherwise, you'll end up slowing down.
He has other things to worry about.
For example, he is afraid that the other party will retaliate.
After all, he is staring so closely, in case the other party starts to attack the
people around him.
It's very likely that he can't see it alone.
Let them be careful, but also take a look for yourself.
Levi Garrison came back, and it happened that everyone gathered together.
"Has something happened to the boss?"
Everyone saw that Levi Garrison's face was not quite right, and couldn't help
asking.
Everyone came together.
Xiao Feng's expression changed even more.
Looking at Levi Garrison a little nervously.
Shouldn't it be so coincidental?
He couldn't help but look at Levilia a few more times…
Could it be that Gong Qianqiu's luck is really so bad?
Did this happen?
Levi Garrison smiled helplessly: "Originally, I have mastered the rules of the
opponent, so I just waited for the rabbit with a medium-sized spiritual vein.
I really waited, just when I was about to make a move, the other party suddenly
stopped and stopped walking into my encirclement, saying that they had discovered me! "
…
"what?"
After listening to Levi Garrison's remarks, everyone began to analyze.
"Boss, is the other party strong enough to find you?"
Azure Dragon (Qinglong) has some fear.
If this is true.

That's a lot of trouble…
Levi Garrison shook his head: "It shouldn't be! I've been in ambush for a long time,
and at first this person came to the spiritual vein, and then suddenly stopped and
said that he knew I was there.
And if she has the ability to find me, there is no need to hide from me. Apparently
it didn't find me. "
Several people looked at each other and said, "Then how did this person find out
about you, boss?"
"I didn't discover it myself, it can only be told by others!"
…
As soon as this conclusion came out, everyone was a little terrified.
Could it be that the other party knows everything about them.
Do you even know the whereabouts and information of the boss like the back of
your hand?
Is this putting a man in their midst?
In the past, everyone would look at Xiao Feng in unison.
Because he has revealed it many times.
But now, they deliberately avoided Xiao Feng.
Even Levi Garrison is the same.
He won't tell his whereabouts, especially Xiao Feng.
So are they.
Therefore, Xiao Feng's suspicion was ruled out.
The Return of the God of War [The
Protector] Chapter 3730

After mentioning this matter, everyone has no reason to see Xiao Feng.
Because Xiao Feng didn't know Levi Garrison's whereabouts at all.
It has nothing to do with him.
Everyone's body couldn't help shaking.
They all looked left and right, looking around.
It feels like there are a pair of eyes in the dark.
Advertisement
Because the previous things can be explained, it's all because of Xiao Feng.
But this time, Xiao Feng ruled it out?
How to explain?
Anyone else?

Advertisement
Or does the other party have unknown means?
Seriously terrified!
It felt like everyone was being watched.
Even Levi Garrison felt this way.
The main thing is that I can't explain it without Xiao Feng…
Did someone else leak it out?
cannot!
He only told Levilia and Zoey Lopez about his whereabouts.
Definitely not killing these two…
Advertisement
And they didn't tell anyone, let alone Xiao Feng.
The Shentian Superintendent is also under his control, and there will be no problems.
This thing is strange.
How did the other party know?
Judging from the move that came first and then suddenly stopped, it was what
others told her…
Unsolved Mystery…
Xiao Feng is now struggling.
But if it is possible, it is related to Gong Qianqiu.
I told myself what Master Gong Qianqiu was doing.
This is entirely possible to expose.
But he believed that Gong Qianqiu would not be the person Master was looking
for!
Besides, how many catties and taels of Qianqiu can deal with Master?
impossible!
She knows her strength better than anyone else!
How can you compete with the master?
If she is, shouldn't she try to get in touch with herself?
Come and get the whereabouts of Master and all kinds of information.
As a result, Gong Qianqiu ignored him.
But if there is a possibility, it should be Gong Qianqiu who reminded others.
After all, he told Gong Qianqiu that once he appeared near these spiritual veins,
he would definitely be regarded as an enemy.
She might go and remind others.
So the information leaks out…
If it is my own, I will also remind my friends not to be taken advantage of.

Human nature!
In the face of this danger, how much to mention.
It seems that the spy is in the town magic department, around Gong Qianqiu!
If I knew I had already reminded Gong Qianqiu, don't tell others about it.
Don't think about it yourself.
Next, in addition to cultivating, he should also focus on checking the people
around Gong Qianqiu.
After all, the best way to clear the suspicion is to find the real person behind the
scenes.
Xiao Feng was also a little scared, for fear that others would know about him.
But seeing that no one was paying attention to him, he was relieved.
Suddenly, he noticed that Levilia was looking at him…
He panicked!
Others won't miss him, but Levilia will.
After all, he knew his master's whereabouts from Levilia.
Levilia absolutely doubted himself.
No matter how she believes in herself.
But the front and back things were linked together, and I had to doubt it.
She is innocent, but not stupid!
This is what Levilia thinks. She believes in Xiao Feng, but she has to doubt Xiao
Feng.
It was all a coincidence, and she didn't believe it if it had nothing to do with it.
But Levilia's character is pure and simple, and he didn't say it directly.
She and Azure Dragon (Qinglong) actually have the same idea.
I don't want Xiao Feng to be separated from everyone because of his own reasons.
Don't let this big family break up.
It's just that she looked at Xiao Feng suspiciously…
Xiao Feng looked over, Levilia was also looking at him, and the two looked at
each other.
This made Xiao Feng more and more panicked.
Levilia is also thinking about deeper things.
At this time, Xiao Feng suddenly said: "Master… You can't blame me this time,

right? It was because of too many coincidences a few times before that I caused a
show, and now I can't tell!
These days I find that you are all encouraging me to avoid me. What did you do,
where did you go, you don't let me know…"
"Actually, I really want to know where you all went and what are you doing? I
really want to help you! Help Master solve problems, help Azure Dragon (Qinglong) and you to avenge Xue Hun!
But I dare not know! I am afraid that once I know Master's whereabouts or other
things, if something happens, it will come back to me! I'm really afraid, I'm afraid
you will doubt me when I dream! "
"Actually, it's fine now. You all isolate me, and then I don't know anything! After
this happens, you can't blame me!"
…
Xiao Feng smiled miserably, almost crying.
shocked!
Everyone present was stunned.
I never thought Xiao Feng would say this…
No one doubts him!
Guilt!
Everyone felt a little guilty.
Especially the Azure Dragon (Qinglong) people.
If this matter has nothing to do with Xiao Feng, they will die of guilt.
"After this, I don't dare to ask any of you to ask where Master is, where are the
others, and do you want me to help?"
"Resolutely don't ask! From now on, I won't ask about any of you, and I won't
dare!"
Xiao Feng said, and glanced at Levilia.
Of course, this sentence was originally intended for Levilia…
Xiao Feng's words were loud and loud, as if a heavy hammer slammed into
Levilia's heart.
Levilia immediately softened, and even felt a little distressed.
Although not everyone admits it.
But the isolation of Xiao Feng is true…

It looks a little pathetic!
even very sensitive.
I want to know what everyone is going to do, but I don't dare to know.
For fear that he would find out, and get involved with him after the accident.
…
It's actually quite miserable for people to come down like this.
He is like this, and he still doubts what he is doing?
Levilia shook his head.
Decided to swallow this thing to the stomach.
Xiao Feng glanced at Levilia without a trace, and when he saw her demeanor, he
felt relieved.
His "self-exposure" was actually for Levilia to see.
Make Levilia feel pitiful, so as to dispel all doubts.
This is also tricky.
Under Xiao Feng's explanation.
It made Levilia feel as if Levi Garrison's whereabouts were revealed to Xiao Feng
on her own initiative.
It was not obtained by Xiao Feng.
That way, there will be no suspicion.
If it was simply Xiao Feng who came to ask about his whereabouts, it would be
different.
Levilia no longer doubts Xiao Feng.
Xiao Feng's goal was also achieved.
"Junior Sister Levilia, I'm sorry, I can only use this method to keep you a secret,
otherwise your sister-in-law will be in danger…"
Xiao Feng said with a little guilt in his heart.
But the guilt soon disappeared.
For Gong Qianqiu, everything is worth it.
There's nothing wrong with lying…
After Xiao Feng said these words.
Everyone started to comfort him.
After all, I don't know about Xiao Feng and Levilia.
They are full of guilt.
I never thought that Xiao Feng would directly say that everyone isolated him.
"It's not that we don't believe you, we're just afraid of potential risks around

you…"
Everyone persuaded Xiao Feng one by one.
"Okay, I'm fine… you guys continue… I'm leaving, I can't know too much information!"
In order to maintain what Xiao Feng just said, he turned and left.
No matter how much everyone shouted, he would not stop.
Seeing Xiao Feng leave, Levi Garrison also looked helpless: "Forget it, let's talk
about it later!"
"We continue to analyze the possible situations…"
Xiao Feng looked at the crowd and said, "This time it's not completely fruitless!"
"Oh? Are there other discoveries?"
Everyone looked over.
"Well, that's right!"
"I never thought that my opponent was actually a woman!"
The words are not surprising and die endlessly.
Levi Garrison said this.
The whole place was stunned.
It's all unbelievable!
"Boom…"
And Xiao Feng, who hadn't gone far, also happened to hear it, like being struck by
lightning.
The whole person was stunned on the spot!
Stop your steps and fill your legs with lead!
I didn't even have the strength to lift my legs.
I don't know why, when Levi Garrison said that his opponent was a woman.
Xiao Feng was extremely shocked.
Involuntarily, he arranged everything on Gong Qianqiu.
The figure of Gong Qianqiu immediately appeared in his mind.
Before, he would not have had a relationship with Gong Qianqiu.
But now it's a woman.
That would be different…
He tried hard not to think about it, but his thoughts were out of control.
"female……"
The Azure Dragon (Qinglong) five people were greatly shocked.
Because they don't care about anything else now, they just regard Gong Qianqiu
as an imaginary enemy.
Find a series of evidence to prove the existence and reasonableness of the

imaginary enemy.
Now Levi Garrison found out that it was a woman.
This greatly supports their hypothesis.
Doesn't this have a lot to do with Gong Qianqiu?
"So then our direction has changed! Just look at the women in Xige! But we need
to be faster!"
"She can reveal to me that she is a woman, which shows that she doesn't take me
seriously anymore. I'm not afraid that I will find her out!"
Levi Garrison said in a slow tone.
The next two directions –
First, find out who it is?
Second, find the energy source she's going to use.
Phoenix's five people's expressions changed, and they were also under pressure.
They had to prove that Gong Qianqiu was this person as quickly as possible.
In addition, Levi Garrison asked everyone to pay attention to safety. If the situation is not right, you must immediately hide in the base below.
Safety is also very important.
Don't ask everyone to help you, but don't be a burden.
Huoyun Evil God is still not practiced enough, after all, this basic technique takes
time to accumulate.
He is optimistic that his sister Zhou Nanyan and Wen Lei can be his helpers.
These two people are practicing this basic exercise regardless of rain or shine.
After a while, I am afraid there will be great results.
Levi Garrison and Levilia walked together.
"Impossible! As far as I know, the one with the fastest improvement is Levilia you.
I can't think of any way to do it faster than you…"
Levi Garrison has a headache.
Can't find the energy source that the other party wants to use.
I don't even know how the opponent has improved their strength.
At this time, Levilia suddenly said: "Dad, in fact, I can improve faster…"
"Huh? How do you say it?"
"My self-created exercises can go the extreme route, that is to absorb energy

desperately, no matter what energy is absorbed extremely! To be precise, it should be swallowing everything…"
Levilia said so.
Everyone was shocked.
Can you do this?
Desperate devour?
Levi Garrison's face changed, and it seemed that there was still a way to achieve such an improvement.
It cannot be completely denied.
What if there is an adventure for the family?
This possibility cannot be ruled out.
Levilia can create such a heaven-defying technique.
It's not necessarily true that people have exercises for extreme improvement.
"Levilia, this method of yours is generally pursued by those extreme aliens! They only want to make it in a short time! But this woman's improvement is too exaggerated… Levilia, if you think you have to be desperate, you can catch up with this woman. speed?"
Levi Garrison asked.
Levilia thought for a while and said: "In theory, if this is the case, it is absolutely possible to reach the speed of this person! It can even surpass it, but it is too extreme, I have never tried it!"
"What's more, there are huge hidden dangers! This is actually incompatible with the concept of my practice method!
What my practice seeks is the unity of heaven and man, the integration of all things, the feeling that heaven and earth are me, and I am heaven and earth. It's about yin and yang balance! "
"But if it absorbs like this, it is extreme, forcibly occupying the power of heaven and earth, breaking the balance. It is harmless in a short time, only rapid improvement, but the final result is uncertain!"
…
Levilia explained this.

Levi Garrison understood.
Levilia's practice is actually to use the power of heaven and earth.

Protector] Chapter 3731

But this use, in fact, emphasizes the integration of heaven and earth.
But if it is so extreme, it is forcibly occupying the power of heaven and earth,
breaking the balance, and unable to integrate with heaven and earth.
There is an essential difference.
But Levi Garrison didn't think too much.
I would never have thought that Gong Qianqiu was using Levilia's exercises.
So far, I am afraid that only Levilia understands this extreme way of his own
practice.

Others don't even know what Levilia Gongfa is.
Not to mention knowing this extreme way.
But it also proves that this kind of improvement speed is achievable.
Like Levilia!

Everyone quickly went to work on their own.
Xiao Feng returned to his residence with great difficulty.
The whole person's mind is the figure of Gong Qianqiu.
no!
I can't think so myself!
How could it have something to do with Qianqiu?
There is no evidence at all.
But maybe it has something to do with the people around Gong Qianqiu?
There was Chu Wu before, and there was her master Gong Wenqian.

It's the people around you.
She has to remind herself that this person is the woman beside her, and let her
count in advance.
Xiao Feng immediately contacted Gong Qianqiu.
Tell her that Levi Garrison has found out that it is a woman.
Tell her to be on guard.
Now Gong Qianqiu is all in retreat.
Xiao Feng will not be ignored.
The value of Xiao Feng is almost equal to nothing.

In addition to finally assassinating Levi Garrison, there is no other use.
Gong Qianqiu will definitely not contact him.
What's more, the current Xiao Feng has been completely pinched to death by her.
No need for her to do anything, Xiao Feng just sent the message all the time.
This is rushing to be used.
She doesn't care.
Then all parties began to inquire.
In addition to improving his strength, Xiao Feng also investigated the people
related to Gong Qianqiu.
The more Phoenix and the others investigate, the more clues they have.
They found that many men were willing to do things for Gong Qianqiu and even
die.
And they counted that the men who were probably controlled by Gong Qianqiu's
emotions were all over the major factions, and they were accurate to every institution.
Some are high and some are low.
However, they all happened to have a clear grasp of the first-hand information
and information of the major factions.
They came to a conclusion – if Gong Qianqiu was an imaginary enemy.
She's not alone when she acts…
But the entire town magic department is in operation.
It feels like they are getting closer to the truth!
But it still doesn't make sense, how did Gong Qianqiu improve in a short time?
"By the way, I suddenly thought of an inquiry direction. Let's investigate Gong
Qianqiu and Xiao Feng? Find out these details, maybe all of them are evidence!"
Kirin suddenly mentioned.
Everyone is suspicious of Xiao Feng and Gong Qianqiu.
Why don't you check the two of them directly?
Doesn't this directly pinpoint the direction?
As soon as the words came out.
The other four were stunned for a moment, and then they all burst into smiles.
"Yes, this direction is wonderful!"

Everyone decided to let Kirin (Kirin (Qilin)) go to check Gong Qianqiu and Xiao
Feng exclusively.
On the other hand, Levi Garrison is also reducing the scope as much as possible.
As for Xiao Feng, the people around Gong Qianqiu naturally couldn't find anything.
Everything that should be investigated has been ignored by him.
But Xiao Feng also made a major discovery.
Because these days, he almost always runs to the town demon division.
Especially the people around Gong Qianqiu.
Of course, there is no shortage of visits to the West Pavilion.
It turned out that one thing – the people of Gong Qianqiu are not in the West
Pavilion at all, nor are they in other places in the town of magic.
She's not in Zhen Mosi, where can she go?
Xiao Feng was a little panicked.
Gong Qianqiu didn't contact him for a while, and now no one knows where he
went.
Now is the most turbulent time for the Town Demon Division.
She should be staying well in Zhen Mosi.
Where has she gone?
It's weird…
Do you want to ask where she is?
Xiao Feng thought.
In the end he didn't dare.
Once he contacts this kind of thing, it means doubting Gong Qianqiu.
Those two are completely over.
You can't doubt her!
She must also cultivate and have her own affairs.
Now that the Demon Suppression Division is in a turbulent era, who stipulated
that she must be in the Suppressing Demon Division?
"Are you Xiao Feng?"
With the sound, several figures appeared behind Xiao Feng.
"Ah? I am! You are…"
Xiao Feng asked suspiciously.
"We are Gong Qianqiu's fellow junior sister…"
Xiao Feng immediately became enthusiastic.
While looking at Xiao Feng, several people asked with a smile, "Are you here to

find Gong Qianqiu?”
Xiao Feng nodded: “Yes!”
“Don’t look for it, you can’t find it!”
Several people laughed.
“And you give up on her, you’re not suitable! Or she doesn’t like you at all!”
Xiao Feng was stunned when the few people said these words.
“Why?”
Several people smiled like looking fools.
They all know this.
Only Xiao Feng was kept in the dark like a fool.
“Do you think Gong Qianqiu is your woman? You love her, and she loves you too?
You are so sweet, can you go to the future?”
one of them asked.
Xiao Feng replied sweetly: “Yes, we are going both ways! She loves me as much
as I love her!”
Xiao Feng is sure of this.
Gong Qianqiu is her own woman.
How can you not love yourself?
“Hahaha……”
Just after a few people heard it, they suddenly burst into laughter.
More of a mockery!
That look is like looking at a fool, Xiao Feng can feel it.
Did you say something wrong?
Others know his relationship with Gong Qianqiu better than himself?
it’s out of the question!
One of them smiled: “Everyone thinks so…”
Although they don’t know that Gong Qianqiu has reached the point where he has
already competed with Levi Garrison.
But they know Gong Qianqiu’s scandals and comments.
This is true of all men who have been seduced by Gong Qianqiu.
They all thought that they could go to the end with Gong Qianqiu.
They all think that Gong Qianqiu loves himself.
…
They have seen at least hundreds of them in the West Pavilion.
Every pair of Gong Qianqiu is fascinated.
They all live under the control of Gong Qianqiu.
Not only the West Pavilion, but they also heard that there are more people from

other major factions.
When they saw Xiao Feng, they wanted to test it.
Sure enough, it was under control.
Just like those they've seen.
The expressions and strange words of these people made Xiao Feng puzzled.
If it doesn't involve Miya Chiaki.
With Xiao Feng's intelligence, he must have reacted immediately.
But as soon as Gong Qianqiu's words were mentioned, Xiao Feng's brain immediately crashed, and he was in a certain blind spot of thinking.
Can't react at all…
Because Gong Qianqiu will not be associated with these bad things at all.
"You, it's better to get rid of Gong Qianqiu's mind as soon as possible, otherwise
you will be injured…"
"Do you know how many men like Gong Qianqiu? There are not tens of thousands,
but also thousands. This is what we know, and we don't know more."
"If you don't have any skill or value, she won't like you…"
…
Several people were embarrassed to explain directly, and could only remind Xiao
Feng euphemistically.
There are many men around her, so you should give up now.
You will be used sooner or later.
Several people sneered and said: "Xiao Feng, if you have the skills of your master,
it is estimated that Gong Qianqiu will follow you with all his heart! Hahaha…"
Just Xiao Feng smiled and said humbly: "I know Qianqiu is very good, and all the
men who pursue her are evil! In order to match her, I have to work harder! I am
also cultivating hard, trying to protect her earlier, worthy of her. Get her and give
her face!"
Upon hearing this, several people sneered helplessly: "There is no cure!"
"Do you know that you were fascinated by Gong Qianqiu?"
Someone couldn't help it.
How can there be such a stupid man?
She scolded immediately.

Xiao Feng actually smiled and admitted frankly and generously: "Yes, I admit it! I
also like to be fascinated by her!"
"Then do you know that other men are also fascinated by her? Just like you?"
This man is about to die.
Especially Xiao Feng's calm attitude.
"I know, I know better than anyone how charming Qianqiu is!"
Xiao Feng is not surprised by this.
"You are really terminally ill and become a tool for others!"
"Forget it, it doesn't matter what we say! Don't say hints, even if you point your
nose and tell him, he won't believe it!"
...
Several people stopped talking.
Xiao Feng felt that these people were inexplicable.
Say something he doesn't understand.
It can even be said that he is leading him to think about Gong Qianqiu in a bad
way.
"Xiao Feng will tell you before he leaves! Gong Qianqiu is not a good woman!
Hurry up and reduce the loss!"
Before leaving, a few people also reminded.
"Are you sick? You've been slandering Qianqiu for a long time?"
Xiao Feng roared.
Because he found out in the West Pavilion, everyone didn't like seeing Gong
Qianqiu very much.
"Jealous! They must all be jealous of Gong Qianqiu!"
Xiao Feng shouted angrily.
Everyone slandered Gong Qianqiu as much as possible.
He also heard that the dead Chu Wu had an affair with Gong Qianqiu, and how
Gong Wenqian's husband and Gong Qianqiu were.
It's all suspicion without evidence.
In addition, these people are dead, so they dare to slander them like this.
"I finally understand why Qianqiu is no longer at the Demon Suppression Division.
Who can stay in this environment? It's full of slander and intrigue! Don't wait!"

Xiao Feng was going to be so angry that he immediately left the West Pavilion.
I happened to meet the unicorn who was investigating him and Gong Qianqiu.
"What's wrong with Xiao Feng? So angry?"
Kirin asked.
"I didn't think that the entire West Pavilion was slandering Gong Qianqiu, such a
good girl was ruined by them…"
Xiao Feng said angrily.
The white tiger next to him smiled: "Xiao Feng, you have to pay attention, if one
person says it must be a rumor or something, but a bunch of people say it means
there is a problem…"
Xiao Feng shook his head: "No, I only believe what I see! Others slander and show
evidence, and I believe it!"
At this time, Kirin (Kirin (Qilin))'s expression changed: "Xiao Feng, I believe in
your vision! You will never see the wrong person…"
"You are in a bad mood now, why don't you talk to us about Gong Qianqiu?"
Hearing this, Xiao Feng's expression softened a lot.
After thinking about it, Gong Qianqiu will have to meet with his family sooner or
later.
It's not a bad thing to let them know in advance.
There is no meeting yet.
All kinds of doubts about Gong Qianqiu and the like.
Don't be preconceived at that time, everyone thinks Gong Qianqiu is a bad
woman.
"Okay, then let's find a place and have a good chat…"
Xiao Feng agreed.
Kirin (Kirin (Qilin)) and Tiger (Bai Hu)'s eyes lit up.
If Xiao Feng said it directly, it would be much more convenient than if they went
directly to find clues!
Next, the parties found more and more evidence.
It's just that on Levi Garrison's side, there has been no movement in the query

energy source.
Neither he nor Shentianjian could find other energy sources.
And the other party hasn't moved for a long time.
I don't know if I gave up temporarily, or I have found the energy source and
secretly absorbed it.
This is the problem.
Although Levi Garrison was in a hurry, there was nothing he could do.
People can be inquired about this piece.
Levi Garrison already has a major clue.
The range has been narrowed to less than a thousand people.
What shocked him was that the people who were almost killed outside the Demon Town Tower that day were all on the list of thousand people.
Levi Garrison began to carefully recall those people at the time, who was it? ? ?
But his focus is still on the energy source.
After all, that's what matters.

Even if he knew who it was now?
Still useless.
If the other party finds a large spiritual vein, it will grow up immediately.
Then it will be too late.
Although it is not clear what the opponent's strength is.
But the other party dared to reveal the identity of a woman, but he was less and
less in his eyes.
Advertisement
This is the bottom line.
God knows how powerful she will be.
Although Levi Garrison is actually making progress.
But what if you can't suppress the other party?
Advertisement
This is troublesome…
For some reason, he still had a bad feeling.
It feels like the other party has succeeded immediately.
…
Not wrong.
At this moment, Gong Qianqiu has completely swallowed up the spiritual veins of
Sen Luo's alien race.

Because the large spiritual veins are really too big.
It takes a long time to devour it.
Her strength has reached a level that she herself cannot explain.
Advertisement
It felt like she was in control of everything.
It seems that the world is not in sight, and there is a feeling of super expansion.
If the spiritual veins of the Xuanming alien race were devoured again, then all the
treasures of the two great alien races would be devoured one by one.
She will reach an unimaginable state.
But there is also a problem.
Gong Qianqiu felt that he had an end.
The limitations of this exercise, the limitations of spiritual roots and bones, and
even physical limitations.
It is not obvious now that she can grow wildly and devour wildly.
But there is an upper limit.
Once she reached a limit, she could no longer swallow it.
Gong Qianqiu's thinking is very advanced.
What she thought was that after she defeated Levi Garrison and the Qianqiu
Religion was unified, what should she do?
I can no longer move forward.
But still can't think about it.
Let's wait until that realm!
Now it is still swallowing up as soon as possible, to the point of crushing Levi
Garrison.
A month before and after has passed.
Gong Qianqiu is much stronger again.
And Duguxiao is also much stronger.
After all, the more violent and savage he devoured.
Within a month, he had already surpassed the level of Yufeng Tiansi.
"Now I think about it, except for me and Levi Garrison, there is no one in this
world that is your opponent!"
"After being bored for so long, it's time for you to go out and do some activities!"
"Remember, avoid Levi Garrison and dangle in front of others! It's up to you to

kill or not, but my idea is that it's better not to kill, just go with the disgust!"
Gong Qianqiu decided to let Duguxiao go out for a walk, and let those who are
bent on seeking revenge for him see how powerful he is now.
Let you have the heart but unable to take revenge!
This is what Gong Qianqiu likes.
"Master, don't worry! I will surprise them!"
Dugu Xiao smiled.
Gong Qianqiu continued to devour.
And Duguxiao left.
All parties are still looking for clues.
After Duguxiao came out, he most wanted to appear in front of the five Azure
Dragon (Qinglong) people.
After all, they have their roots in themselves.
He is completely Gong Qianqiu's thinking now.
It's like seeing these people go crazy.
"Presumably Azure Dragon (Qinglong), these five people have been looking for
me frantically? Hahaha…"
From the point of view of Duguxiao and even Gong Qianqiu, Levi Garrison and his
group were still brooding about the failure of revenge last time.
One by one is still in a state of madness.
However, after Duguxiao came out, he found that no one was looking for him at
all.
It seemed to them that it was no longer important for them to take revenge or
not.
But how can this happen?
According to Gong Qianqiu's prediction, their tone has never been vented, and
there should be more demons.
As a result, now you are not even looking for revenge?
What is this doing?
Duguxiao looked puzzled.
He can still understand what Levi Garrison said.
It might piss him off.
But for others, especially for the five Azure Dragon (Qinglong) people, it was a

devastating blow.
Must be crazy to find himself.
But there is no…
They are all doing their own thing.
It was as if he had been forgotten.
"I don't believe it anymore! I'm about to appear in front of you!"
"When you see me, will you calm down?"
"I want you to see me, but there is no way to solve it! I can only watch it, I can't
take revenge…"
Dugu Xiao smiled.
The current Qianqiu religion has grown to a certain extent.
Everywhere.
He is also the young master of Qianqiu Sect and can mobilize everything in
Qianqiu Sect.
"The young master has found out that Levi Garrison is not in the base camp for
the time being. He estimates that he will be back in three hours!"
Although the people of Qianqiu Sect did not know where Levi Garrison went,
they still knew when they left the base camp.
After all, for Gong Qianqiu, the base camp is nothing.
Even the underground base knows.
Her people could not control Levi Garrison's specific whereabouts.
But you can still know it inside and outside the base camp.
"Okay, then I'll go directly to the base camp!"
Dugu Xiao smiled.
Xiao Feng couldn't find anything because there were people who slandered Gong
Qianqiu everywhere.
You can only practice in the base camp.
Phoenix and the others have been staring at Xiao Feng a little tight recently, so
they just came back during this time.
…
Basically, in the base camp, except for Levi Garrison.
After getting accurate information, Duguxiao went to the base camp.
Don't run into Levi Garrison as soon as you come out and be killed directly.
That was not what he and Gong Qianqiu thought.
So the information must be detailed.

Phoenix and the others are gathering information.
Xiao Feng and Levilia are both practicing.
At this moment, a voice came from outside: "Levi Garrison, I'm here, don't you
want revenge? You don't need to look for it, I'll do it myself!"
The sound was like thunder.
Reverberates in every corner of the base camp.
"It sounds so familiar…"
Everyone was stunned.
Everyone stopped at the same time and gathered outside.
"Enemy attack, everyone pay attention to safety!"
…
Everyone is busy.
Levi Garrison had already mentioned this scene.
There are also solutions.
If you really can't deal with it, you will immediately hide in the underground base.
Outside, Duguxiao looked at the base camp and smiled: "I won't kill you today, let
the master kill you. As for me, I will raze this place to the ground and hurt all of
you!"
Xiao Feng and others immediately came outside.
"It's you???"
When they saw that the person coming was Duguxiao, they all exploded with
anger.
No one can calm down.
No wonder when I first heard the voice, it felt familiar.
It was him!
Despite the persuasion of Levi Garrison and others, the Azure Dragon (Qinglong)
five people have already corrected their mentality.
What I'm thinking of now is not revenge, but the focus is on Cha Gong Qianqiu.
But when I saw Duguxiao, everything changed completely.
Emotions are out of control.
One by one in a state of anger!
The blood in the body also rushed straight to the forehead uncontrollably!
Xiao Feng was also angry!
He also really wanted revenge.
And Levilia and everyone else.

Seeing Duguxiao's eyes will fly out.
"Duguxiao, you are so brave, we won't find you! You dare to take the initiative to
send it to your door!"
Xiao Feng roared.
Hundreds of powerful breaths in the field have locked on Duguxiao.
To stab him to pieces.
"It just so happens that the master is not here today, so let our master take revenge! Kill him together!"
Xiao Feng shouted.
Azure Dragon (Qinglong) and the others were naturally more supportive.
No matter how you say that day, it is all about Levi Garrison.
Now they want to avenge themselves.
Although they have no roots now, they can rely on Levilia's exercises, and now
they are also improving rapidly.
Possess a certain amount of revenge.
It just so happened that Levi Garrison was not there.
They have to avenge themselves.
"Okay, let's kill him together!"
The crowd roared.
Only Duguxiao smiled contemptuously: "Is it just you?"
"Boom!!!"
A violent aura erupted from him.
Cover the audience!
Duguxiao ran the exercises, and the terrifying and unparalleled aura still permeated instantly, just like overwhelming mountains.
The violent energy coercion directly shocked everyone who was about to rush up
to divide Duguxiao's five horses.
"Duguxiao is so strong?"
"It's incredible!"
"How on earth did he do it?"
Everyone's faces changed dramatically!
No one would have thought that Duguxiao was so powerful in a short period of
time!
"Didn't you yell to kill me?"
"Come on, let's go together!"
"Hurry up!"
Duguxiao kept shouting, especially hooking his fingers at Azure Dragon (Qinglong) and others.

provocative!
Chi Guoguo's provocation!
"Duguxiao, you are courting death!"
Azure Dragon (Qinglong) let out a loud shout, the veins on his forehead burst,
and there were faint bloodshots in his pupils.
The rest are like that.
"But you also have to have this strength!"
Duguxiao stood with his hands behind his back, and now he is full of confidence.
Except for Levi Garrison and Gong Qianqiu, he didn't put anyone in his eyes.
"I kill you!"
Xiao Feng couldn't bear it any longer and took the lead in launching the attack.
Running the exercise, Xiao Feng gathered the breath in his body into his right fist
and smashed it towards Duguxiao's head.
This punch was unreserved and condensed into Xiao Feng's strongest blow!
After Xiao Feng practiced Levilia's exercises, he is now extremely domineering!
"Just you?"
Duguxiao sneered, he not only did not hide, but threw a punch in the direction of
Xiao Feng.
Bang!
A dull voice sounded, and Xiao Feng flew out like a broken paper kite.
Eventually he fell heavily to the ground.
If it weren't for his solid foundation, I'm afraid he would have returned to Jiuyou
long ago.
Even so, Xiao Feng vomited blood and was seriously injured.
The place was dead silent.
one move!
With just one move, Xiao Feng, who was regarded by everyone as Levi Garrison's
first disciple, was defeated!
Without giving Xiao Feng any chance to breathe, Dugu Xiao galloped like lightning.
One foot stepped on Xiao Feng's chest.
"Don't come here, otherwise, Xiao Feng will die!"

Duguxiao's words directly stopped everyone who was going to rescue Xiao Feng.
"It's a shame that you are still Levi Garrison's apprentice. Are you embarrassing him specifically?"
"Look at your bear, do you look a little like him?"
"What if the talent is high? The strength is so poor, the mud can't support the wall."
Duguxiao turned on the mocking mode.
Xiao Feng's face was ashen, these words were so familiar!
By the way, Gong Qianqiu also said something similar.
"Am I really a douchebag who can't help?"
"No wonder Qianqiu scolds himself so angrily."
"What's the point of living when you are trampled by the enemy, but you are powerless to resist?"
If the pain on the cock is physical damage, then Duguxiao's words are magical damage.
Directly hitting the depths of the soul, Xiao Feng was hit hard, and he already thought of suicide.
"You…kill me!" Xiao Fengsheng said reluctantly.
Duguxiao said jokingly: "In this world, death is the easiest."
"So I won't kill you, and I won't kill those few!"
"I want you to watch me grow stronger step by step, to the point where you look up."
"It will be wonderful to feel that life is better than death if you can't get revenge, isn't it?"
Duguxiao became more and more excited, but Xiao Feng became more and more disheartened.
"You are so cruel!" Xiao Feng's voice was a little hoarse, but he was also helpless.
Bang!
Duguxiao kicked Xiao Feng out as if he were kicking a ball.
Clap!
There was a faint sound of broken bones.

Fortunately, everyone's hands were quick, otherwise Xiao Feng's half-life would
be lost if he fell like this.
"Now it's your turn."
Duguxiao grinned.
"Fight him!"
Azure Dragon (Qinglong) and others attacked again.
Although they suspected that Xiao Feng had leaked Levi Garrison's whereabouts
during this period of time, their feelings for each other were extremely deep.
Seeing that he was seriously injured, how could they not be angry?

Coupled with the fact that the five elements of spiritual roots and bones were
dug out from the body before, it is a new hatred and an old hatred for Duguxiao.
Endless anger turned into a full blow.
He vowed to kill Duguxiao on the spot.
"Do you think you can win if you have more people?"
Duguxiao sneered: "It's just a group of ants, today I'll show you what the insurmountable power gap is.
Seeing the menacing joint attack of Azure Dragon (Qinglong) and others, Duguxiao stood still.

"It's just a few ants, and you will be wiped out in a snap of your fingers."
Duguxiao sneered twice, still not dodging or dodging, and once again threw a few
punches in front of Azure Dragon (Qinglong) and the others.
"Insanity!"
Azure Dragon (Qinglong) and others were also furious, and the fist wind whistled.

"Get out of here!"
The violent fists roared out, sending Azure Dragon (Qinglong) and the others
flying out in an instant.
Swish swish!
Azure Dragon (Qinglong) and others all flew out!
Puff puff!

The five people's bodies had already vomited blood during the flight, and their
breath had also shriveled to the extreme.
"It's just a fool's dream to want to take revenge on this little skill."
Duguxiao continued to mock, he felt that his vanity had been satisfied to the
greatest extent at this moment.
"Come on together!"

Duguxiao said coldly.
The base camp was silent.
anger!
ashamed!
despair!
All kinds of negative emotions filled the hearts of almost everyone in the base
camp.
The mood of Azure Dragon (Qinglong) and others was not much better than that
of Xiao Feng, or even worse.
Duguxiao was the enemy who dug out their spiritual roots and bones.
Only they knew how much effort they had put in to get out of the shadows of
that day.
At this moment, the enemy was arrogant and domineering in front of him, but he
was beaten to the point of being powerless to fight back.
That feeling is better than killing them directly.
The most important thing is that Azure Dragon (Qinglong) and others felt that
Duguxiao did not kill, as if they were deliberately giving them a chance to live, in
order to show his sense of superiority.
"Since you don't dare to take action, let me take the initiative to attack!"
The corners of Duguxiao's mouth rose slightly, showing a bloodthirsty smile
again, and his figure instantly disappeared in place.
"Everyone be careful, array defense."
Zoey Lopez reminded loudly.
Everyone moved one after another, and they quickly listed their defensive formations.

After all, they are old friends who have cooperated with each other for many
years, and they are full of tacit understanding.
“A group of ants, I still advise you to give up resistance!”
Duguxiao’s joking voice came.
clap clap clap!
As soon as the figure passed by, someone was knocked out.
Mild cases had broken bones and tendons, and severe cases died on the spot.
“Ahhh!”
The screams came one after another.
Incessantly.
Duguxiao’s actions against the elites in the base camp were obviously not that
“gentle”, which directly led to heavy casualties among the elites in just ten
minutes.
Duguxiao is like a tiger entering a flock, killing seven in and seven out, hearty.
“Hahaha, happy!”
“When you killed my clan before, weren’t you very arrogant?”
“Thirty years of Hedong and thirty years of Hexi, finally it’s your turn to taste my
pain at that time.”
Duguxiao laughed wildly on his back, and injured several people while talking and
laughing.
At the same time, Duguxiao seemed to have transformed into a destructive madman, and while injuring the elite, he also frantically destroyed the buildings
of the base camp.
Many buildings were razed to the ground by the powerful energy shock wave,
and there were ruins and dilapidated walls everywhere.
Duguxiao became more and more excited as he fought. He enjoyed this scene
very much, and the resentment of the clansman being killed was also resolved a
lot.
“Isn’t Levi Garrison very arrogant?”
“I’ll tear down your nest!”
“Levi Garrison, what can you do to me?”

“Sooner or later I’ll get to the point where you can’t beat me!”
However, just as Dugu Xiao was complacent, a slightly immature voice came.
“You all step back and hand him over to me to deal with.”
Duguxiao turned his head to look and saw that the person who was speaking was
Levilia.
“You actually let a child take the lead, you are really a bunch of trash… Hahaha…”
Duguxiao sneered with a playful expression on his face.
Xiao FengAzure Dragon (Qinglong) and others became more and more angry, but
there was nothing to do.
“Stop talking nonsense, let’s do it!”
The reason why Levilia didn’t go into battle just now was because she healed Xiao
Feng, Azure Dragon (Qinglong) and others one by one.
After ensuring that the lives of several people are safe, Levilia will naturally not
sit on the sidelines.
“Levilia, you have to be more careful, Duguxiao’s strength is too terrifying.”
After the treatment just now, Xiao Feng also regained some strength.
Azure Dragon (Qinglong) and others also looked worried, and reminded Levilia to
deal with it carefully.
Although they know that Levilia’s strength is very powerful, there is probably a
big gap compared with Duguxiao in front of him.
Everyone gave way one after another, and Duguxiao did not continue to kill
those people, staring at Levilia.
From Gong Qianqiu’s mouth, he learned that the exercises he used originated
from Levilia’s own creation, so he did not dare to underestimate it.
Duguxiao quickly made a preliminary assessment of Levilia’s qi energy fluctuations, and after a while his original dignified face was easily replaced.
Duguxiao discovered that Levilia’s cultivation is indeed very strong, and it can
even be said to be the strongest existence in the enemy camp.
But compared to myself, it’s still far from it!

“You’re young and don’t know how to respect your elders, so I have to educate
you for Levi Garrison.” Duguxiao said playfully.
“You do not deserve!”
Levilia didn’t say more, and took the lead in launching the attack.
There are no fancy moves, on the surface it looks like the most common straight
punch.
However, Duguxiao did not dare to take care of Xiao Feng and others like he did
before.
Because he found that the moment Levilia made a move, it was like he was integrated into this world.
This punch contains the wisdom of heaven and earth.
The terrifying energy fluctuations surged like an overwhelming sea.
“So strong!”
Duguxiao wanted to avoid its edge.
However, when he wanted to dodge, he found himself in this area, as if he was
shackled by some invisible force.
“what’s the situation?”
Duguxiao’s pupils shrank sharply, which seriously affected his movement speed.
After a while, if you want to hide again, it’s too late!
“Fight you!”
Duguxiao ran the exercises and also punched against Levilia’s attack.
“The gap in strength is so big, I really don’t believe that I will lose! Break it for
me!”
Duguxiao stepped up his attack again.
Bang bang bang!
After a while, there was a low sound of energy collision in the void.
It only took a moment for the two to bang dozens of times.
Powerful energy fluctuations spread out.
The base camp building, which had been severely damaged, was smashed into
powder by the aftermath of this energy.
Bang!
There was another bang in the air.
Levilia and Duguxiao quickly retreated in opposite directions.
Boom!

In the end, Duguxiao's feet sank deeply into the bluestone floor, as if they were
almost at the knees, which was enough to completely remove the shock-resisting
force.
Levilia also retreated more than ten feet away, but when she landed, she felt
light and airy, as if an invisible force was dragging her under her feet.
It's just that the surrounding bluestone was completely crushed by the air machine. Obviously, in order to unload the force, it is not as easy as it looks on
the surface.
"how can that be?"
Duguxiao's face was full of incredible expressions.
He clearly occupies a great advantage in the realm of strength.
But in the process of the fight just now, why didn't he get the slightest bit of
cheapness?
"In the face of the absolute strength gap, I would like to see how you can win?"
Duguxiao started Levilia's exercises again, and the spiritual energy in the surrounding area was like a hundred rivers returning to the sea, rushing into
Duguxiao's body.
"Where did you come from?"
A look of surprise flashed in Levilia's eyes.
"I'll tell you if I can win."
Duguxiao sneered and attacked Levilia again.
"Accompany you to the end!"
In the face of Duguxiao's crazy attack, Levilia didn't panic at all, and the self-created exercises worked quickly.
At this moment, Levilia seemed to be completely integrated with this world.
There is no me in the world, but I am everywhere.
Levilia seems to have reached an unprecedented mysterious state.
Clang!
The spiritual energy in the two people's bodies continued to be transformed into
real energy blades, and they collided and collided in the void.
At first, the audience could vaguely see their figures.
But as time passed, there were only countless afterimages and the piercing symphony of Jin Ge left in sight.

“Damn it!”
After fighting for hundreds of rounds in a row, Duguxiao gradually became
manic.
He was stunned to discover that he clearly had an absolute advantage in the
battle, and the energy he devoured was unmatched by Levilia.
But it is unable to cause substantial damage to Levilia.
In particular, he feels that he is not fighting with Levilia alone, as if everyone in
this area is fighting against him.
“I can’t keep fighting anymore.”
“Once Levi Garrison comes back, it will be too late to leave.”
Duguxiao made up his mind, and after a few feints, he swept away in the northeast direction.
Seeing that Duguxiao’s figure quickly disappeared from sight, Levilia also let out
a sigh of relief, but the doubts in his heart had become affirmed at this moment.
The practice method used by Duguxiao is exactly the way of swallowing extremes
in the practice method he created.
But how could he?
“Levilia, are you alright?”
The crowd gathered around to ask questions.
“I’m fine.”
Levilia recovered in a blink of an eye, this is the mystery of integrating into the
world.
After Duguxiao escaped, he went directly to the spiritual vein of Xuanming Alien
Race and informed Gong Qianqiu of the whole process of the battle.
“Well done, it can be regarded as a lesson for Levi Garrison,”
Gong Qianqiu was quite satisfied with Duguxiao’s victory today.
“But Master, that Levilia’s strength is obviously not as good as mine, but I can’t
beat her with all my strength.”
“It was like she was everywhere in that world, and I was completely overwhelmed.”
Duguxiao was extremely depressed.
He originally planned to sweep everything in Levi Garrison’s base camp, and it

went very smoothly.
In the end, he was suppressed by a child with no hair.
I'm so pissed!
Gong Qianqiu frowned slightly, and didn't want to understand what was going on
for a while.
She deserves to be Levi Garrison's daughter, it's really not easy!
But she was able to leapfrog battle, which is really interesting!
"Let the eyeliners in the teaching always pay attention to the trends in the base
camp, especially those core members, and report to me as soon as possible."
Gong Qianqiu said solemnly.
"Yes!"
Duguxiao asked, "What wonderful plan does Master have?"
"It's impossible to talk about a detailed plan, but if there is a chance to get the
roots of Levilia, it would be a beautiful thing." Gong Qianqiu said quietly.
Gong Qianqiu continuously devoured the spiritual veins, and has realized that
there must be an upper limit for this to continue.
What restricts the upper limit of swallowing is precisely because his spiritual
roots and bones are not original.
If you can get the natural devouring spirit bone of Levilia, then the effect of
devouring the spirit veins will definitely be multiplied with half the effort.
There may not even be a devour cap.
"Master, since that's the case, why don't we come up with a plan to tune the tiger
away from the mountain. At that time, I will lead someone to lure Levi Garrison
away. There is no one in the base camp who is the master's opponent. Isn't
Levilia's root and bone within his grasp?"
Dugu Xiao said gloomily.
Gong Qianqiu waved his hand and said: "After the last adjustment, Levi Garrison
may not be so easily fooled.
Don't worry about it so much, I'll devour the spiritual veins of the Xuanming alien
race first, and then think about it in the long run! lead the way! "

“Yes, Master!”
Duguxiao said respectfully.
There was a smile on Gong Qianqiu’s mouth.
When he has swallowed the spiritual veins of the Xuanming alien race, Levi
Garrison will be completely crushed by himself.
“Levi Garrison wait for me!”

in the underground base.
At this moment, everyone has hid in the underground base, but everyone’s mood
is very sluggish, like an eggplant beaten by frost, and there is no energy.
The atmosphere of the entire underground base was extremely dull.
Xiao Feng was the first to bear the brunt.
Although he has recovered 50 to 60 percent of his power after careful conditioning, his mental wounds are far from healed.
Duguxiao’s insults and ridicule kept echoing in his ears.
Advertisement
“You’re just embarrassing your master!”
“The mud can’t support the wall!”
“A piece of trash, trash man!”
Somehow, the voices of Duguxiao and Gong Qianqiu gradually overlapped.
Advertisement
The sarcastic and joking voices became stronger than waves.
Like a tsunami, it continuously impacted the depths of Xiao Feng’s soul.
“Ahhh!”
Xiao Feng cried out in a broken heart.
After a while, he held his head in his hands, and his eyes gradually became empty.
The whole person is like a walking dead.
Azure Dragon (Qinglong) and others are no better than Xiao Feng.
It took a lot of effort to get out of the soul that was dug out of the shadow of the
root bone, and at this moment it was covered by another layer of deeper shadow.
“I am Duguxiao standing here, what can you do to me?”
Advertisement
“Just a bunch of ants!”
“It’s a fool’s dream to want to take revenge on this point of cultivation.”

Duguxiao's mocking voice kept echoing in their ears.
Azure Dragon (Qinglong) and the others seemed to have returned to the night
when their roots were dug up.
"what!"
Azure Dragon (Qinglong) and the others shouted angrily in their hearts.
They were very unhappy.
Yet powerless.
Azure Dragon (Qinglong) and others soon fell into the abyss of extreme hatred
and helplessness.
Zoey Lopez wanted to comfort Azure Dragon (Qinglong) and others, but he didn't
know where to start, so he sighed softly in desperation.
Leaders are still like this, not to mention others.
The entire underground base is dead.
Depressed.
When Levi Garrison came back, he was shocked when he saw that the original
base camp was full of buildings, but now only the ruins were left.
"What's going on?"
When he came to the underground base, Levi Garrison asked in a deep voice.
The emotions of Xiao Feng, Azure Dragon (Qinglong) and others did not improve
significantly. After all, they suffered the biggest mental blow.
Zoey Lopez recounted the previous events completely.
"In just one month, Duguxiao has become so powerful?"
After a brief doubt, Levi Garrison also reacted quickly.
Duguxiao should have also used that woman's method to improve her strength.
From this point of view, this almost perverted ascension technique is not a top
secret.
Moreover, the threshold for cultivation is very low, and there are not too many
strict restrictions.
This is even weirder!
Also fun!
"Dad, I feel that the exercises used by Duguxiao…"
Levilia paused, and glanced at Xiao Feng worriedly out of the corner of his eyes,

but in the end he made up his mind to say it.
“It’s somewhat similar to the exercises I created myself.”
As soon as this statement came out, it could be said that one stone stirred up a
thousand waves.
Xiao Feng, who was originally depressed to the extreme, suddenly sat up straight,
and his disorganized thoughts couldn’t help but focus in a specific direction.
Miya Chiaki!
Xiao Feng instantly thought of the name.
If what Duguxiao used was really Levilia and Junior Sister’s technique, then there
was only one way to leak it out.
“Impossible, absolutely impossible to be Qianqiu.”
“There have been so many opportunities to get Levilia’s exercises, and she has
never acted suspiciously.”
“It can even be said that she took the initiative to disclose the practice to Gong
Qianqiu, how could it be her?”
Xiao Feng kept persuading himself.
“Levilia, go on and say all your thoughts.” Levi Garrison encouraged.
All eyes were on Levilia.
Especially Xiao Feng, he was afraid that Levilia would come to the conclusion that
Duguxiao’s exercises were inherited from her creation.
Even silently pray for Gong Qianqiu in my heart, don’t get involved with this
matter.
Otherwise, if you jump into the Yellow River, you will not be able to wash it.
Definitely not her, probably someone else leaked it out.
After all, Levilia Gongfa is not a secret in this base camp.
Levilia eloquently said:
“During our fight, Duguxiao once absorbed the surrounding aura and five elements for his own use.”
“If it wasn’t for my new understanding of the exercises recently, and in a certain
area, I could have reached the realm of being without me everywhere in the
world, I am afraid that he would have been defeated by others.”

Levi Garrison's eyes gradually became deeper, and he said solemnly: "Since you can absorb the vitality of heaven and earth and the elements of the five elements for your own use, you can prove that it is your own practice. Why do you only say that it is similar?"

"Dad, it's like this. The exercise method I created is the ultimate pursuit of the unity of heaven and man, and the integration of heaven and earth, that is, to follow the laws of the natural operation of heaven."

"However, the technique used by Duguxiao is to rob the world of spiritual energy and the power of elements, which is an overbearing technique."

"Although it is possible to improve strength in a short period of time, it will eventually destroy the balance. I feel that the consequences will be very serious in the future!"

Levilia explained in detail.

Levi Garrison nodded, glanced at Xiao Feng out of the corner of his eyes, and found that his disciple looked lost.

But there was no abnormal reaction.

Levi Garrison breathed a sigh of relief.

"Levilia, you said that Duguxiao can absorb the power of the five elements for his own use. Is it possible that it has something to do with the root bone he robbed?"

Levi Garrison asked.

Levilia pondered for a moment and said: "The five elements of the spirit root and bones have a special perception effect on the elements of the five elements, and with the special exercises of their alien races, it is indeed very possible to achieve this state."

"That makes sense."

Levi Garrison didn't want to doubt the people around him, but the stakes were very important, and he had to go to verify it before making a final judgment.

“All of you rest in place and strengthen your alert at the same time. I want to go
out. Before I come back, no one should leave the underground base.”
Levi Garrison said solemnly.
Apart from him now, the underground base is the biggest guarantee.
Everyone obeyed the order, and Levi Garrison immediately rushed to Shentianjian.
Some things can only be assured after Shen Tianjian has verified them.
“Mr. Ye, I don’t know what your orders are when you come to the Shen Tianjian?”
When everyone saw Levi Garrison coming again, they were very curious.
Levi Garrison got straight to the point and said the question in his heart:
“According to the ancient records of your Shentianjian, does the Five Elements
Spiritual Roots and Spiritual Bones have the attribute of swallowing?”
Regarding what happened in Levi Garrison’s base camp, Shentianjian also
received information not long ago, so the temporary in-charge can roughly guess
the meaning of Levi Garrison’s question.
“Reporting to Mr. Ye, the Five Elements Spiritual Roots and Spiritual Bones do
have the attribute of swallowing, but there are no related exercises in the records.”
The temporary in charge paused for a while, and then added: “But it is not ruled
out that the Xuanming aliens have a similar method of extreme lifting. According
to ancient books, there was a Xuanming alien clan leader in a short period of time,
hundreds of years ago. Several cultivation realms have been improved.”
“Sure enough!”
Levi Garrison was relieved. It seemed that Duguxiao and even that mysterious
woman had a high probability of cultivating this kind of Xuanming alien practice.
This can be raised to such a terrifying level in a short period of time, and it really
wasn’t the people around him who leaked Levilia’s practice.
Levi Garrison breathed a sigh of relief, and at the same time was quite relieved,
his brothers and apprentices did not let him down.

"By the way, as far as you know, apart from the spiritual veins recorded in the
ancient books of Zhenmosi, are there any clues to other spiritual veins?" Levi
Garrison continued to ask.
The temporary manager thought for a moment and said, "Xuanming aliens, they
have large spiritual veins."
Levi Garrison's pupils shrank, no wonder the mysterious woman no longer
appeared near the medium-sized spiritual veins, most likely to devour the alien
spiritual veins!
The Return of the God of War [The Protector]
Chapter 3735 -
Thinking of this.
A name instantly appeared in Levi Garrison's mind.
Dugu Xiao.
As the only bloodline of the two alien races, Sen Luo and Xuan
Ming.
Must know all the secrets of the two alien races.
What's more, Duguxiao dared to go to the base camp alone to
show off his might.
Advertisement
It is enough to show that the mysterious woman behind her has
obtained the alien spiritual vein.
The mysterious woman taught the devouring technique, and
Duguxiao revealed the location of the spiritual veins.
trade?
Ally?
Advertisement
Or both?
Even apprentices?
Levi Garrison's expression gradually became solemn.
If so, the situation is even more bleak.
Although she has not yet confronted the mysterious woman
head-on, she is still vivid in her mind when she attacked Xiao
Feng with a divine robbery.
The attack strength of that sword, apart from himself, no one can
resist head-on.
Even if the current Levilia resists hard, I am afraid he can only
end up with serious injuries.

If the mysterious woman continues to devour the two major alien spiritual veins, I am afraid that even I am not fully sure of Yan Sheng!
Moreover, after several secret confrontations with the mysterious woman.
Advertisement
Levi Garrison discovered that the mysterious woman is not only powerful in personal combat, but also far beyond ordinary people.
Especially her eyeliner seems to spread all over the forces, even around her.
No clues so far.
This makes prevention more difficult.
"It's been a long time since the last time I was waiting for the rabbit to be discovered in advance by the mysterious woman."
"Maybe she is about to succeed!"
This must be prevented as much as possible.
After thinking about this, Levi Garrison said solemnly: "Shen Tianjian mobilizes all the power, and must find the spiritual vein of the alien race as soon as possible."
"Don't worry, Mr. Ye, I will do my best to do it."
The temporary head of Shentianjian agreed without any hesitation.
In addition to being due to Levi Garrison's coercion, there is more awareness that the lips are dead and the teeth are cold.
You must know that the last time to destroy the two alien remnants, Shen Tianjian and the Ministry of Suppression are the main forces.
Undoubtedly, he has already forged a blood feud with Duguxiao.
Today, Duguxiao's cultivation base is advancing by leaps and bounds, and behind him stands a mysterious woman who is familiar with Zhen Mosi.
If these two people continue to become stronger, then Shen Tianjian will surely usher in bloody revenge from the other side.
However, the core peak powerhouses of Tianshenjian and Zhenmo Division suffered heavy casualties, and their overall strength has long since lost their peak of courage.
At that time, facing the mysterious woman and masters like Duguxiao, I am afraid that only the whole army will be destroyed.
"If there is any news, report it to me immediately."
Levi Garrison turned around and left after giving instructions.
Return to the underground base.

Levi Garrison also instructed his subordinates and various forces to search for alien spiritual veins.
Many forces are like a huge net, with the base camp as the center, spreading out all around.
Do a carpet search.
The savage growth rate of the mysterious woman and Duguxiao gave him a sense of crisis.
Once the mysterious woman successfully devours the two major alien spiritual veins, her strength will definitely continue to increase greatly.
Even if she can do it to the point where she can hold herself back.
Then, with Duguxiao's strength, it is enough to start a massacre in the base camp.
At that time, I am afraid that only Levilia will barely have the strength to fight with him.
As for the others, they can only be the fish on the sticky board, and they can be slaughtered.
After a battle with Dugu Xiao not long ago.
The buildings of the base camp were basically destroyed.
Elite students and disciples also suffered heavy casualties.
Especially the core members headed by Xiao Feng, Azure Dragon (Qinglong) and others.
Morale was extremely low.
Xiao Feng lost his soul like a walking corpse, and it was obvious that Duguxiao's words had hit him hard.
The eyes of Azure Dragon (Qinglong) and the others were also dull, as if they had returned to the shadows that had just been dug out.
However, it was all caused by Duguxiao.
"hateful!"
Levi Garrison clenched his fists to the point of creaking.
He was completely angry.
"Duguxiao, wait for Laozi."
"Even if you catch up to the ends of the earth, Lao Tzu will pull you out and burn you to ashes."
"I swear to avenge this."
A cold glow flashed in Levi Garrison's eyes.
At this moment, the spiritual veins of the Xuanming alien race.
A sneeze!
Sneezed several times in a row.
He even felt cold all over, and couldn't help shivering.
Duguxiao felt that it was very likely that Xiao FengAzure Dragon

(Qinglong) and other defeated generals were scolding him.
Gong Qianqiu meditated cross-legged, and she was making the final preparations for devouring the alien spiritual veins.
She must completely digest the treasures of heaven and earth accumulated by the two alien races for more than a hundred years.
In the end, he devoured the spiritual veins of the Xuanming alien race.
Originally wanted to devour directly, but found that it was a little powerless.
For example, by expanding her physical strength, she can devour in one go.
So start with the treasures of the two great alien races.
"If you have something to say, just say it directly, don't babble."
Gong Qianqiu's tone was extremely majestic.
Duguxiao asked cautiously, "Master, there is something I don't know about this disciple, so I would like to ask Master to enlighten me."
"Ask!" Gong Qianqiu said solemnly.
Duguxiao asked: "Master, with Xiao Feng's current ability, it is useless, why not kill him?"
"It's not that I don't kill, but the time has not come, not to mention that I keep Xiao Feng's life, and there are other wonderful uses." Gong Qianqiu's face was unfathomable.
Duguxiao was still puzzled and said, "What use is this trash? It's unrealistic to expect him to assassinate Levi Garrison!"
"It's really hard to get this done."
Gong Qianqiu paused, and then suddenly asked: "But finding the right time to let Xiao Feng know that he killed all the people around him, isn't that interesting?"
In Gong Qianqiu's view, killing a person is the lowest level method.
And completely control a person from the body to the spirit.
In particular, let him live rather than die, but he is determined to use it for himself.
It made her feel more accomplished.
For example, playing Xiao Feng in the palm of his hand.
Destroying him spiritually in the end is more interesting than killing him outright.
"It's wonderful! As expected of the master! The ingenuity is unfathomable, but the disciple is too superficial."
When Duguxiao admired, he patted the rainbow fart by the way.

“By the way, I have to quickly devour the spiritual veins of the Xuanming alien race!”
Gong Qianqiu said suddenly.
Duguxiao said with some puzzlement: “Master, what does this mean? The location of the alien spiritual veins is extremely secret. Now no one knows the exact location except me, and there will never be any mistakes.”
“Although it’s not wrong to say so, but the ability of the opponent should not be underestimated, especially Levi Garrison.”
Seeing Duguxiao still having some doubts, Gong Qianqiu explained:
“Your appearance in Levi Garrison’s base camp this time will inevitably lead to Levi Garrison’s speculation. Combined with the fact that we have disappeared during this period of time, it is impossible to think that our ultimate goal is the alien spiritual vein.”
“Even Levi Garrison has already started sending people to look for the spiritual veins of alien races!”
“It won’t be that fast, will it?”
Duguxiao didn’t quite believe that Levi Garrison’s response could be so fast.
Gong Qianqiu’s face sank, and he said coldly: “Remember, if you underestimate your opponent, you will pay a heavy price sooner or later.”
“The disciple is wrong.”
Duguxiao was very aware of current affairs and hurriedly bowed his head to admit his mistake.
Gong Qianqiu nodded with satisfaction and didn’t say much.
Although she reminded Duguxiao not to underestimate the enemy, she didn’t think Levi Garrison could keep up with her rhythm.
After all, Levi Garrison is in the bright, and her Gong Qianqiu is in the dark.
Even if Levi Garrison judged everything and sent someone to look for the alien spiritual vein.
In the absence of any directional map, those people looking for alien spiritual veins is tantamount to looking for a needle in a haystack.
By the time they found the exact clues, they would have already swallowed it successfully.
At that time, his cultivation will reach a higher level, and it will even reach the level of crushing Levi Garrison.

At that time, if you wanted to get rid of Levi Garrison, wasn't that an easy task?
"Levi Garrison, you will be my defeat after all."
Gong Qianqiu sneered again and again, and a smile appeared on her charming face unconsciously.
The Return of the God of War [The Protector] Chapter 3736 -
"Reporting to the leader, all the core members of Levi Garrison's base camp headed by Xiao FengAzure Dragon (Qinglong) and others disappeared strangely after the young leader left."
"My subordinates have mobilized all the eyeliners around, but they can't find their traces. What's the next instruction from the leader?"
At this moment, Gong Qianqiu received a message from the person in charge of the spies.
Gong Qianqiu pondered for a moment, and ordered: "Continue searching, it is best to make the movement bigger, if you still can't find it, remove all the eyeliner after three days."
"Follow your orders, sect master."
After receiving the order, the person in charge of the spy cut off contact.

"Master, what do you mean by this move?"
Duguxiao was full of doubts.
Gong Qianqiu clearly knew the exact location of Levi Garrison's base camp.
Why let the eyeliner go to the search with fanfare?
Advertisement
Isn't this where the eyeliner is intentionally exposed?
What if Levi Garrison and the others get angry and immediately kill those eyeliners?
It is really a waste of resources to use the hard-earned elite eyeliner as cannon fodder.
Gong Qianqiu said with a sneer: "The underground base is Levi Garrison's last reliance. He thought that if his relatives and friends hid there, everything would be fine."
"But I just happen to know the exact location of the underground base. After swallowing the alien spiritual veins, I will directly enter the underground base."
"Let Levi Garrison's forces be in chaos again. Before that, let him think that the underground base is a secret fortress that no one knows about!"
Duguxiao instantly understood Gong Qianqiu's intentions.

Taking the initiative to expose those eyeliners, Levi Garrison will think that they do not know the location of the underground base.
At that time, Gong Qianqiu will not be required to take action, and he will be able to slaughter everyone else.

Especially that abominable monarch, when he devours some of the power of the spiritual veins, he will surely kill her easily.
"Master's strategy is unparalleled, and the disciple admires it."
Duguxiao became more and more handy when he patted the rainbow fart.
in the underground base.
After Zoey Lopez's consolation and self-adjustment, Azure Dragon (Qinglong) and others finally managed to get out of the deepest psychological shadow.
Although his mood is still slightly depressed, he is already helping to arrange the defense of the underground base.
During the break, Xiao Feng, Azure Dragon (Qinglong) and others gathered together.
Phoenix took the lead in saying, "There is a message from the boss, and it is basically confirmed that Duguxiao has learned the exercises of the mysterious woman."
The faces of several people immediately became extremely ugly.
In just one month, Duguxiao's power has grown by leaps and bounds, reaching a level where no one is his opponent except the boss (Master).
It was so scary.
Xuanwu said angrily, "According to the speed at which Duguxiao's cultivation is improving, given time, even the boss won't be able to do anything about him?"
Everyone was silent, but their faces were even more ugly.
Although reluctant to admit it, this possibility does exist.
And the probability is not small.
"Maybe I'm unfounded."
Xuanwu scratched his head in embarrassment, he knew he had made a blunder.
It's one thing to think about this kind of thing in your heart, and it's another thing to say it face to face.
"It's not unfounded, it is indeed possible." Kirin (Qilin) said in a dry voice.
The crowd was silent again.
Seeing that the enemy of life and death is getting stronger and stronger, he even dares to come to the base camp to show off his

might.
And he could only watch with his eyes open.
Powerless, helpless.
This kind of painful feeling can be called purgatory for their mental torture.
Azure Dragon (Qinglong) clenched his fist tightly, his fingernails embedded in his palm.
The blood slowly flowed down his fingers, but he didn't notice it.
Xiao Feng let out a long sigh in his heart, feeling that he was extremely useless.
Now that he can't even protect himself, how can he protect Gong Qianqiu?
"Xiao Feng, what are you thinking, so fascinated?"
Phoenix asked suddenly.

Xiao Feng's body trembled, as if struck by a thunderbolt.
"No…don't think about anything!"
In order to cover up the panic in his heart, Xiao Feng hurriedly added: "I just feel
that I am very useless, and I can't help Master even a little bit."
Azure Dragon (Qinglong) and others were slightly startled, and they had no
doubts about this explanation.
Precisely speaking, they also belong to empathy.
As brothers who were born and died together, they are now helpless in the face
of powerful enemies.

Even become a burden to the boss.
This huge psychological gap really makes it difficult for them to accept.
Seeing that everyone did not doubt himself, Xiao Feng secretly let out a sigh of
relief.
If you let others know that they are thinking of Gong Qianqiu, I am afraid it will
cause public anger, right?
Advertisement
After all, Gong Qianqiu was once the suspect of Phoenix and others.
But how could Gong Qianqiu be so powerful?

Why would you want to kill yourself?
“She loves me, otherwise how could she use insults to awaken her stronger heart?”
“Other people don’t understand Qianqiu’s love for me, so they often misunderstand me. We must find an opportunity to explain it to everyone in the future.”
Xiao Feng suddenly remembered the tenderness of that night, and a smile appeared in the corner of his mouth.
“Let’s stop sitting here. Fighting Duguxiao won’t help much. It’s not a problem to set up a defensive formation.”
Xiao Feng, who was inspired by the spirit of “lover”, was the first to cheer up.
This surprised Azure Dragon (Qinglong) and others, and at the same time admired it even more.

As expected of the first disciple valued by the boss, he quickly recovered after a short sinking.
We can’t go on like this, we have to pull ourselves together.
Azure Dragon (Qinglong) and the others nodded and started to get busy.
Levilia practiced cross-legged, but for a long time he was unable to enter the ideal state of harmony between man and nature.
Because she was a little confused.
She kept recalling many details of her previous fight with Duguxiao.
Although father Levi Garrison detailed the conclusions drawn in Shentianjian, Levilia still vaguely felt that there was another article.
Indeed, the Xuanming alien race is very likely to have a similar extreme devouring the evil sect.
But the practice method used by Duguxiao that day was more like a practice method that originated from his own creation.
It was just deliberately modified by the masters.
“You have to make sure again to be completely reassured.”
Levilia made up his mind to stand up and walk towards Azure Dragon (Qinglong) and others who were setting up a defensive formation.
Levilia’s idea is very pure.

The number of people who taught her self-created exercises is extremely limited.
As long as they have no rumors, they can be sure that Duguxiao's exercises come
from the Yixuan Ming clan.
"Uncle Azure Dragon (Qinglong), come with me."
Levilia said with a smile.
Azure Dragon (Qinglong) was a little surprised and puzzled, but he followed to a
secluded place without any hesitation.
"Levilia, what are you looking for from me?" Azure Dragon (Qinglong) asked.
Levilia asked straight to the point: "Uncle Azure Dragon (Qinglong), I want to
make sure that I taught you the cultivation method. Have you taught it to others?"
"Don't rush to answer, think about it carefully, this matter is very important."
Levilia added quickly.
Azure Dragon (Qinglong) thought for a moment and said, "I didn't tell anyone
other than Phoenix and the others!"
"And since we practiced this practice, we have stayed together almost every day,
and they should have no chance to teach others."
"Levilia, do you still doubt that Duguxiao's practice originated from your own
creation?"
"No, I just want to make sure, Uncle Azure Dragon (Qinglong) go to work first!"
Levilia pretended to be relaxed.
"It turns out that, as expected of the boss's daughter, thoughtful, hahaha!"
Azure Dragon (Qinglong) sincerely praised.
After Azure Dragon (Qinglong) left, Levilia looked for Phoenix and others again,
but the answers were mostly the same.
"Only Senior Brother Xiao Feng is left, I hope he doesn't leak out."
Levilia's goal fell on Xiao Feng.

Xiao Feng was arranging a defensive formation outside the underground base,
and suddenly someone sent a letter to Levilia looking for him.
This made Xiao Feng a little strange, after all, Levilia almost never took the
initiative to find them.
"Azure Dragon (Qinglong), I heard others say that Levilia is looking for me, do
you know what's going on?"
Seeing Azure Dragon (Qinglong) coming towards him, Xiao Feng asked with a
smile.
"I don't know either. Maybe it's a message from the boss! Just ask."
Azure Dragon (Qinglong) acted very naturally when he spoke.
Advertisement
This is also what Levilia meant. After the inquiry, he deliberately told him not to
let the rumors go out. The purpose was like seeing everyone's truest reaction
when he asked.
Otherwise, knowing the question in advance, once a lot of preparations have
been made, will affect her judgment.
Xiao Feng didn't think much about it, and it was not the first time that Levilia had
passed on a message on behalf of his master, especially as his chief disciple was
commonplace.
When he came to Levilia's practice place, Xiao Feng asked with a smile, "Levilia,
what's the matter with me in such a hurry?"
Advertisement
"This is Senior Brother Xiao Feng, I want to ask you, did you let the third person
know about the devouring technique you taught you before?"
Levilia went straight in, and after finishing speaking, he stared at Xiao Feng with
burning eyes.
"boom!"
For Xiao Feng, this sentence was like a bolt from the blue.
The whole person immediately froze in place.
Really afraid of what to do!

Levilia is still doubting himself until now!
If he answered truthfully, Gong Qianqiu would definitely be regarded as a spy.
Absolutely cannot expose her.
Advertisement
For a time, Xiao Feng's mood was completely chaotic.
His expression became tense involuntarily.
"I…this…there is no rumor!"
"I can't practice such a secret technique myself!"
"How is it possible…to wear it to someone who doesn't have anything to do with
it?"
Xiao Feng stuttered a little because he was too nervous, and couldn't even speak
clearly.
There is clearly a problem with this look!
Levilia's eyes also became sharp.
"Senior Brother Xiao Feng, the stakes are very important. No matter what the
situation is, you must tell the truth."
There was a hint of warning in Levilia's tone.
Xiao Feng was completely stunned.
He is very clear, just like the reaction just now, no matter what he says next.
It must be full of flaws…
Although Levilia is not as shrewd as a master, he is extremely smart and can tell
at a glance.
But Gong Qianqiu must not be exposed.
Thinking of this, Xiao Feng took a deep breath and said solemnly:
"Levilia, I will
never reveal this practice to outsiders. I can swear to God about this."
Xiao Feng is full of confidence.
Because to him it was the truth.
Gong Qianqiu has broken through that relationship with himself, so naturally he
can't be regarded as an outsider.
Apart from the secular wedding, they already have the reality of husband and
wife.
Therefore, Gong Qianqiu is his Xiao Feng's wife.
It's my own!

Not a leak!
What's more, if she practiced this technique, she would go crazy, and naturally
she wouldn't practice it.
"Senior Brother Xiao Feng, now is a special period. The foreign enemy is strong,
and there is no room for mistakes."
"So, you'd better think about it carefully."
Levilia continued.
In fact, Levilia is also a little strange. At first, Xiao Fengming was very flustered.
But in the blink of an eye, it seems like a different person, full of confidence, and
it really doesn't look like a lie.
"Levilia, then let me ask you, are Azure Dragon (Qinglong) and the others outsiders?"
Xiao Feng suddenly asked back.
Levilia shook his head, Azure Dragon (Qinglong) and the others were friends of
life and death with their father.
He has been born and died countless times, how can he be regarded as an outsider?
"In that case, I won't reveal it to outsiders."
Xiao Feng became more calm.
Seeing that Levilia's fierce expression has subsided, Xiao Feng decided to strike
while the iron is hot.
"Levilia, I know that I used to have entanglements with the women of Zhen Mosi
before, which will inevitably arouse your suspicions."
"But now and then, our relationship has completely changed."
"Are you going to continue to doubt?"
Xiao Feng said that he finally showed a sad expression.

I have to say that Xiao Feng's counter-guiding strategy is really effective.
In particular, the phrase "the relationship has changed completely" made Levilia's understanding deviated.
Because Levi Garrison had previously questioned the relationship between Xiao

Feng and the woman of Zhenmosi in public.
And Xiao Feng made it clear at the time that he had cut off contact with him.
Therefore, Levilia preconceived that the so-called complete transformation of
the relationship is to change from a lover who is not full to a stranger.
However, what Xiao Feng said was that what he asked for was not available, and
he became a couple who shared the same bed.
Advertisement
Of course, this is just what Xiao Feng thinks, it is just an illusion.
"And there is a message from the master, and the person in the Shentian prison
also said that Duguxiao's cultivation is very likely to be an alien evil art."
"Levilia, I don't know what to say now. Once the seeds of doubt are planted, it is
really difficult to dispel it."
Xiao Feng continued.
Advertisement
Seeing Xiao Feng's sad face, Levilia really couldn't bear it.
"Senior Brother Xiao Feng, in fact, I don't mean to doubt you, it's just that things
are strange, and all doubts must be eliminated."
"I was rash in my words just now, please forgive me, Senior Brother Xiao Feng."
After all, Xiao Feng was his father's beloved apprentice, and he was second only
to himself in the base camp's core combat power.
So Levilia doesn't want to have a gap between each other.
Now that Xiao Feng is so sure that there is no rumor, and he is really confident
and has no flaws.
The initial panic was most likely due to the thought of a scene that was once
suspected by everyone.
The anger in my heart, coupled with the grievances, was inevitably incoherent.
"Levilia, I don't blame you. Now the situation is special. It's always wrong to be
cautious."
Advertisement
Xiao Feng began to show his understanding side again.

This made Levilia even more guilty.
Just now, she even released her breath to force Xiao Feng.
However, Senior Brother Xiao Feng did not blame or complain.
"Thank you Senior Brother Xiao Feng for your understanding, there's nothing to
do now, go get busy!"
Levilia said with a smile.
Xiao Feng nodded and turned to leave.
Until he left Levilia's line of sight, Xiao Feng finally let out a long breath.
Under the pressure of Levilia's powerful breath, he still felt Alexander.
But then again, did the exercises used by Duguxiao originate from the exercises
created by Levilia himself?
Although there is a message from the master, it is very likely that it is an alien
cultivation technique, but there is indeed such a possibility.
If this is the case, then only Gong Qianqiu will leak out.
Because other people who practice Levilia Gongfa are impossible.
But Xiao Feng never wanted to see such a thing happen.
Otherwise, he and Gong Qianqiu are enemies of life and death, and all the good
things in the past will be mirror flowers and water moon.
"No! Absolutely not."
Xiao Feng shouted in his heart.
"Would you like to ask Qianqiu to make sure?"
Xiao Feng just had such a thought in his mind, and he was completely out of the
cloud.
Asking directly is equivalent to doubting Gong Qianqiu.
The last time I informed about the spiritual pulse, it was hard to make Gong
Qianqiu's attitude change.
If this happens again, I am afraid that the relationship between the two will really
be completely cut off.
Of course, Gong Qianqiu is so understanding, maybe the ending is not so serious.
But Xiao Feng didn't dare to gamble, and there was no need to gamble.
"It has to be confirmed in another way."
The thoughts in Xiao Feng's mind were running fast.
After thinking for a long time, Xiao Feng had an idea.
Since you can't ask directly, you can make a judgment in person!

As long as she can meet Gong Qianqiu, you can judge whether she continues to
practice Levilia's exercises.
Xiao Feng may not have seen it before, but now he has also practiced Levilia's
exercises, and his strength has also improved by leaps and bounds.
As long as Gong Qianqiu is still cultivating, he can see it at a glance.
"Just do it!"
Xiao Feng made up his mind, so he started emergency contact with Gong Qianqiu.

Xiao Feng immediately contacted Gong Qianqiu, and he still used emergency
contact methods.
Xiao Feng stared at the communication tool with hope, looking forward to Gong
Qianqiu's reply.
Time passed by minute by minute.
But no one cares.
"Qianqiu must be busy cultivating, so I didn't see the information, otherwise I
would have replied long ago."
Xiao Feng was comforting himself in his heart.
Advertisement
"Send the message a few more times, and maybe you will feel it in the future."
After making up his mind, Xiao Feng once again used the communication tool to
send messages.
And deliberately used the words "urgent situation, see the letter and reply quickly, otherwise the consequences will be disastrous".
However over time.
Advertisement
The message Xiao Feng sent was like a stone sinking into the sea, and he still
could not get any reply.
Xiao Feng was a little panicked.
He paced back and forth constantly.
Like ants on a hot pan.

Not right!
Very wrong!
According to common sense, Gong Qianqiu will definitely ask for emergency
contact information when he sees it.
Just like last time.
At that time, the relationship between the two was in the cold war period, and
Gong Qianqiu showed gratitude.
Advertisement
A bad premonition gradually rose in Xiao Feng's heart.
The words that the disciples of the West Pavilion had said to him echoed in his
mind.
"You should dispel your thoughts about Gong Qianqiu as soon as possible,
otherwise you will be hurt."
"There are many men around Gong Qianqiu, you should give up as soon as
possible!"
"If you don't have any skills, how could she like you?"
"Unless you have the skills of your master, she will follow you with all her might."
"You will be used sooner or later."
…
The voices of the West Pavilion disciples kept echoing in his ears.
Xiao Feng felt like he was stuck in his throat.
Could it be that Qianqiu has been using himself?
I'm ignoring myself now because I'm useless?
"Impossible, absolutely impossible!"
Xiao Feng shouted wildly in his heart.
Looking back on the past with Gong Qianqiu bit by bit.
When he was confused, it was Gong Qianqiu who found the way forward for him.
When he was depressed, it was also Gong Qianqiu who enlightened and comforted his soul.
Especially when he was suspected by everyone, Gong Qianqiu expressed his
willingness to stand by his side and always believed in him.
There are many, many more…
Qianqiu loves herself so much that she even gave her everything to herself.
You are still doubting her at this moment?

“Xiao Feng, Xiao Feng, are you still a person?”
“You’re so damn good!”
Xiao Feng scolded himself bitterly, and his mood was not as anxious as before.
“Qianqiu should be in seclusion and put all communication tools outside.”
“Otherwise, if you are disturbed at a critical moment, it’s easy to get carried
away.”
“It must be so.”
Xiao Feng’s mind was suddenly settled.
Even fell into deep self-blame.
If Gong Qianqiu has problems with his practice because he sends a message by
himself, he may even go crazy.
That is unforgivable!
Thinking of this, Xiao Feng no longer tried to contact Gong Qianqiu, but patiently
waited for her reply.
However, Gong Qianqiu’s whole mind is now on devouring the spiritual veins of
the Xuanming alien race.
He didn’t have time to deal with Xiao Feng at all.
In fact, when Xiao Feng activated the emergency contact method, she had already received the information.
But for the current Gong Qianqiu, even if Xiao Feng has something important, it
doesn’t matter.
The worst situation is that Levi Garrison suspects himself, and even says that he
has solid evidence.
Even if his true identity is completely exposed, it doesn’t matter.
It means that Xiao Feng’s side is no big deal to her at all.
Especially after he completely devoured the spiritual veins of the Xuanming alien
race, he was an invincible existence.
The only threat in the past was Levi Garrison, and urgent matters were basically
related to Levi Garrison.
But now Levi Garrison is not afraid.
Even at that time, as long as she is willing, Gong Qianqiu can easily kill him.

"Xiao Feng, Xiao Feng, are you still thinking of using this kind of thing to attract my attention?"
"Childish, disgusting!"
Gong Qianqiu asked Xiao Feng to contact her.
Especially at this critical moment when it devours the energy of the Xuanming alien spirit veins.
"It's just wishful thinking to get the favor of this sect leader just because you are a waste. You don't even look in the mirror, are you worthy?"
"Don't say it's you Xiao Feng, it won't take long, even if your master Levi Garrison is in front of this sect master, he's just an ant."
Advertisement
Gong Qianqiu looked up and laughed.
The communication tool used to communicate with Xiao Feng was thrown away.
Hold your breath.
Gong Qianqiu continued to run the exercises, devouring the spiritual veins of the Xuanming alien race.
Advertisement
The purple-black terrifying energy aura is like a hundred rivers meeting the sea.
It kept pouring into Gong Qianqiu's body.
Three days later.
Clap!
The communication tool was swept up and attracted by the surrounding forces, and then fell into pieces.
at the same time.
Xiao Feng is still waiting for Gong Qianqiu's response.
He stared at the communication tool in his hand.
As if this was his life.
Advertisement
At first, Xiao Feng was able to stabilize his mind through self-comfort.
But as time passed, Xiao Feng began to get restless again.
"Hurry up and reply to the message! Please."

“Qianqiu, when this matter is clarified, I will introduce you to everyone.”
“At that time, we will be able to be together justifiably.”
Xiao Feng burst into tears.
He made up his mind that as long as he was sure that Gong Qianqiu did not have
the cultivation method of Levilia, he would showdown with his master.
Let everyone know that Gong Qianqiu is his Xiao Feng’s woman.
After waiting so hard for three days, Xiao Feng was on the verge of collapse.
He finally couldn’t help it, and sent a message to Gong Qianqiu again.
The content is very concise, only one sentence.
“Dear Qianqiu, please give me a reply when you see the message, please!”
hum!
Just as the message was sent out, the communication tool vibrated slightly.
Xiao Feng’s spirit instantly cheered up, and his dull eyes were also full of brilliance.
“Qianqiu finally replied to me.”
“She loves me after all.”
“Before, it must have been because I was in retreat and practiced that I didn’t
have time to reply to the message.”
Xiao Feng quickly turned his attention to communication tools.
However, the scene in front of him made Xiao Feng completely stunned.
The above even prompts: The message transmission failed!
How can the transmission fail?
Should not be!
Is there something wrong with my communication tool?
Xiao Feng did not dare to neglect, and quickly and carefully checked the communication tools.
The result is all normal!
“Qianqiu, how are you? Are you okay?”
Xiao Feng tried to transmit the information again.
After a while, the message transmission failed again.
Xiao Fengru was struck by lightning, he couldn’t believe everything in front of
him.
“I can’t believe I can’t send information!”
Xiao Feng seemed to be stunned, and kept sending information to Gong Qianqiu.
However, what has been waiting is the prompt that the message failed to be sent

again and again.
Xiao Feng slumped to the ground, as if the power in his body had been drained.
His eyes were dull and dazed, like a walking corpse.
I don't know how long it has passed, Xiao Feng suddenly thought of something,
and his face changed drastically.
"Oops, something must have happened to Qianqiu, otherwise why wouldn't I be
able to get in touch?"
In Xiao Feng's view, Gong Qianqiu is very likely to be in danger.
For example, being besieged by the enemy, he had no time to return information
before.
As for this moment, Gong Qianqiu should have suffered heavy losses, and even
the communication tools have been devastated.
One can imagine the brutality of the battle.
"No, I must go to save Qianqiu."
"She is my Xiao Feng's woman, and no one can hurt her."
Xiao Feng cheered up and swept out of his body very quickly.
"Qianqiu, don't let anything happen to you! I'm here to save you."
Xiao Feng was very anxious and rushed to several secret places where Gong
Qianqiu might retreat.

At this moment, Levi Garrison is struggling to find the traces of the two major
alien spiritual veins.
However, there is no clear direction, and finding it is like looking for a needle in a
haystack.
Even with Levi Garrison's state of mind, there was a little anxiety.
The mood of others is more predictable.
And as time went by, Levi Garrison's bad premonition became stronger.
He even felt that the mysterious woman would soon be swallowed up.
Advertisement
If you don't stop it, it will be too late.
Levi Garrison was in a hurry, and his right eyelid kept jumping, indicating something bad.

Fortunately, Zhen Mosi and the aliens are deadly enemies, and they know each
other best.
Although various ancient books have no related records of alien spiritual veins.
Advertisement
But there is still a general direction, and soon there will be clues to the spiritual
veins.
Shen Tianjian hurriedly informed Levi Garrison of this information.
"Mr. Ye, we have found the spiritual veins of Sen Luo's alien race."
Hearing this news, Levi Garrison was also in high spirits.
Immediately go to the location provided by Shen Tianjian.
After arriving, Senluo's alien spiritual veins were surrounded by the people of
Zhenmo Division.
The temporary head of Shentianjian is also among them.
Seeing Levi Garrison, he hurriedly approached and said respectfully, "Mr. Ye, the
valley in front of you is where the spiritual veins are."
"All the exits around are already heavily guarded. If the woman is inside, she will
definitely be unable to escape."
Advertisement
Levi Garrison frowned slightly, and with the mysterious woman's cultivation base,
Zhen Mosi must have noticed the surrounding mountains with such a big fanfare.
Up to now, there is still no movement, nothing more than two situations.
First, the mysterious woman has nothing to fear, and doesn't take everyone in
the eye, including herself.
Second, the mysterious woman had already devoured the energy of the spiritual
pulse, and there was already a void inside.
Levi Garrison prefers the second.
Although he had no direct contact with the mysterious woman, he could also
judge that this person acted very cautiously.
Even being cautious.
Even if she has full confidence in her strength, she will test her own depth first.

“Into the valley.”
Levi Garrison took the lead.
Others followed.
The elites of the Town Demon Division are not aggressive, and to a large extent
they are afraid of the strength of the mysterious woman.
Now that Levi Garrison is in charge, they naturally have confidence.
“There used to be the energy of the formation here, it seems that it should be set
up by the aliens to cover up the spiritual veins.”
Levi Garrison lowered his voice.
The people of Zhen Mo Division agreed, and at the same time raised their vigilance to prevent the other party from attacking.
Levi Garrison was calm, and his pace continued to accelerate, but the bad premonition in his heart became stronger.
After walking for half an hour, Levi Garrison suddenly stopped.
“We’re late!”
Levi Garrison’s tone was a little dignified.
Although the light is very dim here, there is no visual impairment for these people.
In front of you is a towering spiritual mine that twists and turns, extending to the
deepest part of the valley.
One can imagine how terrifying power this spiritual vein once contained.
At this moment, the spiritual veins of this day have been completely exhausted.
Only a trace of power remains.
“It’s still a step behind!”
The temporary head of Shentianjian let out a long sigh.
Almost all of them were ashen-faced.
That mysterious woman successfully devoured the spiritual veins of Sen Luo’s
alien race.
How terrifying will the cultivation base be now?
I am afraid that even Duguxiao is unbeatable, right?
Everyone instantly turned their attention to Levi Garrison.
They knew very well that if they wanted to keep the Demon Squad, they had to
hold onto this thigh.
“You must find the Xuanming alien spiritual vein before the mysterious woman
devours it successfully, otherwise the consequences will be disastrous.”

Levi Garrison said solemnly.
One sentence made everyone's heart sink to the bottom in an instant.
Levi Garrison is not alarmist.
Before Duguxiao went to the base camp to show off his power, he had already
explained a lot of things.

You must know that Duguxiao is just a pawn of a mysterious woman.
In just one month, Duguxiao has grown to such a level.
It can be imagined to what extent the strength of the mysterious woman will
improve?
Levi Garrison already had a very strong sense of crisis.
In the face of Duguxiao and the mysterious woman, he can handle it with ease.
What about the rest?
Advertisement
I'm afraid even Levilia will be powerless to fight back, right?
"But Mr. Ye, we only know the approximate location of the spiritual veins of the
Xuanming alien race."
The words of the temporary supervisor of Shentianjian came to an abrupt end.
"Do your best!" Levi Garrison said solemnly.
Advertisement
"By the way, Mr. Ye, it seems that a superpower has appeared recently."
"That's right, even the Demon Suppression Division and the Shentian Superintendent have been infiltrated."
"Not only that, it is said that other sect forces have also been infiltrated."
Everyone said.
In fact, to a certain extent, this superpower has caused everyone to panic.
Today's internal core strength of the Zhenmo Division has been severely damaged.
There is also a Duguxiao and a mysterious woman who are staring outside.
It can be described as an internal and external trouble.
Now there is another superpower with strong penetration ability.
Advertisement
It made their already miserable situation even worse.
"And this?"

Levi Garrison was slightly surprised, but he didn't take it too seriously.
After all, the current focus is still on the spiritual veins of the Xuanming alien
race.
If it can't be found before the mysterious woman is swallowed, the situation will
be completely out of control.
There is not much time left for them.
"Don't worry about this superpower for now, it is the most important thing to do
everything in your power to find the spiritual veins of the Xuanming alien race."
Levi Garrison said in a condensed voice.
The people of Zhen Mo Si did not say any more and acted according to their
orders.
It was almost their consensus to hold Levi Garrison's thigh tightly for self-protection.
Everyone naturally did not dare to disobey Levi Garrison's order.
Xiao Feng is still waiting for Gong Qianqiu's message.
During this time, he has searched all the places where Gong Qianqiu might go.
As a result, there was still no news from Gong Qianqiu.
Xiao Feng even went to visit the West Pavilion of Zhenmo Si, but of course he
returned without success.
Instead, he was ridiculed by several elite disciples of the West Pavilion.
It's just that Xiao Feng was not in the mood to argue with them now, and quickly
left the West Pavilion.
Doubt, worry, anxiety from the very beginning.
Desperate until now, even lifeless.
Xiao Feng was like a walking corpse, his whole body was slumped to the extreme.
And Azure Dragon (Qinglong) and others began to look for evidence about Gong
Qianqiu again.
Of course, this is also based on Phoenix's suspicion and keen observation.
It didn't take long for Kirin (Qilin) and others who were in charge of directly
investigating Xiao Feng and Gong Qianqiu to discover the problem.
That is the recent period of time, the frequency of contact between Gong

Qianqiu and Xiao Feng has plummeted.
Azure Dragon (Qinglong) and others found Xiao Feng directly.
Phoenix asked: "Xiao Feng, has Gong Qianqiu contacted you recently?"
"Yes!" Xiao Feng replied absently.
He knew that Phoenix had been suspicious of Gong Qianqiu.
But it doesn't matter now, he just wants to make sure that Gong Qianqiu is safe.
"Xiao Feng, can you cheer up a little bit?" Kirin (Qilin) hates that iron is not steel.
After this period of investigation, they have figured out Gong Qianqiu's character.
Putting aside those negative reviews, just talking about character is simply a
scheming table.
*There is solid evidence that there are no less than 100 people of the opposite s*x*
who have been tricked by her.
With such a woman, Xiao Feng is still obsessed?
It is really unimaginable, almost to the point of going crazy.
Phoenix waved her hand and continued to ask: "Also, in the past three months,
she has not contacted you once."
"Maybe you contacted her, but she didn't reply properly."
"The most important thing is that if you contact her now, she will definitely not
return, right?"

"How did you know that?"
Xiao Feng was stunned for a moment, his face full of surprise.
Phoenix did not answer this question, but said directly: "Xiao Feng, Gong Qianqiu
may have abandoned you."
"Impossible, how could it be?"
Xiao Feng muttered to himself.
Phoenix frowned slightly and said: "If Gong Qianqiu treats you sincerely, how
could it be possible to watch you go on like this?"
Advertisement
"If she has feelings for you, why doesn't she respond to your frequent contacts?"

“If she has the heart to go with you, will she disappear silently for so long?”
Xiao Feng shook his body and almost collapsed on the ground.
He was speechless.
Advertisement
Kirin (Qilin) was blunt and said solemnly: “Xiao Feng, wake up, it’s not worth it
for such a woman.”
“Yeah Xiao Feng, we won’t hurt you.”
“If Gong Qianqiu is a good woman, we will definitely send our blessings sincerely.”
“It’s a pity she’s not, think about it for yourself!”
Azure Dragon (Qinglong) and others have spoken out to persuade.
After all, Xiao Feng was the boss’s most valued apprentice.
They also didn’t want to see Xiao Feng slumped.
Xiao Feng squatted down with his head in his hands, full of grief.
Azure Dragon (Qinglong) and others couldn’t say more, they all sighed and
turned to leave.
Advertisement
If the words are so clear, Xiao Feng is still obsessed.
That’s really hopeless.
Pfft!
Xiao Feng slumped on the ground.
If it was put in the past, even if Azure Dragon (Qinglong) and the others said that
to Gong Qianqiu, he would be angry.
Even scolding back.
But in the face of the current situation, Xiao Feng had to doubt Gong Qianqiu.
As Phoenix said, if Gong Qianqiu really loved himself, would he be so indifferent
to himself?
Especially in the last few months, the only contact was a lukewarm reply.
Even saying it is a bit perfunctory.
Is this really how a lover should react?
If it is replaced by other lovers who have just broken the last layer of relationship,
I am afraid they will be together like glue, right?
But to say that Gong Qianqiu did not take himself to heart, then what is the
previous care and company?

use?
It doesn't seem reasonable either.
Recalling the past contacts, Gong Qianqiu did not take the initiative to ask him to
do something.
On the contrary, it is their own initiative to be "used".
Take the practice of teaching Levilia as an example, Gong Qianqiu refused at
first.
It is his own initiative to teach, and even a bit of coercion.
and many more!
Xiao Feng frowned, he suddenly realized something very important.
It seems that after teaching the exercises, Gong Qianqiu's attitude towards himself began to change.
Could it be that Gong Qianqiu's practice of Levilia Gongfa vomited blood is an
illusion?
Did she pretend it on purpose?
Xiao Feng was taken aback by this idea.
Because if you follow this line of thinking, it seems that many things will be
explained clearly.
Even the figure of the mysterious woman is slowly merging with Gong Qianqiu.
"No, it's impossible."
Xiao Feng shouted loudly.
After a long time, after calming down, he realized that there was a layer of cold
sweat on his forehead.
"In any case, I have to personally verify it, otherwise I will never believe it."
Xiao Feng's eyes were red and his eyes were about to split.
"As long as you find Qianqiu, you can find out at a glance."
Xiao Feng gritted his teeth.
Compared with hearsay, he believes that seeing is believing.
What others say about Gong Qianqiu is useless, at most it is a reference.
I'm not a fool, Xiao Feng, how could I be toyed with by a woman?
Looking at the communication tool in his hand, Xiao Feng wanted to throw it
away.
But he raised his hand a few times, and then retracted his arm.

This is a gift from Qianqiu, even if it is thrown away, it must be done after all the
dust has settled.
“Find someone first.”
After making up his mind, Xiao Feng cheered up and continued to search for
Gong Qianqiu’s whereabouts.

Xuanming Mountain, in the belly of the mountain.
A majestic black spiritual mine stretches for miles.
Directly into the depths of the mountains.
This is where the Xuanming alien spirit veins are located.
The spiritual veins that were originally pitch black as ink and contained violent
energy have now become crystal clear and transparent.
The surface has even cracked like a spider web.
Advertisement
Obviously, the essence energy inside the spiritual veins has been completely
absorbed.
Gong Qianqiu kept running the devouring technique.
At this moment, her entire body was enveloped in layers of thick purple-black
energy.
These energies are close to substance, and they are like viscous liquids in the
void.
Advertisement
These purple-black liquids are the spiritual energy that has been repeatedly
purified by the phagocytosis technique.
Zizizi!
Liquid energy keeps pouring into Gong Qianqiu’s body.
“what!”
With Gong Qianqiu’s coquettish drink.
The flow rate of liquid energy is also getting faster and faster.
The jet-black Xuanming alien spiritual veins are also dimming at a speed visible to
the naked eye.
In just a moment, it has become a transparent crystal.

Clap clap!
Advertisement
As Gong Qianqiu received his work, the power that finally supported the abandoned spiritual veins suddenly disappeared.
It shattered in an instant.
Gong Qianqiu ignored her, and her body slowly lifted into the air.
Because right above the spiritual veins, there is the purest spiritual energy of
heaven and earth.
These auras are completely drawn from the spiritual veins.
Coupled with countless hours of accumulation and refining, the spiritual veins
have been catalyzed to be extremely pure.
Gong Qianqiu would naturally not let go of such a high-quality spiritual energy.
Boom!
As the spiritual energy was inhaled into the body by Gong Qianqiu, the entire
Xuanming Mountain was suddenly covered with dark clouds, and thunder was
rolling.
But under the dark cloud, there are layers of blood-red clouds, which look extremely eerie.
Gong Qianqiu forcibly devoured the spiritual veins, which has caused the anger of
heaven and earth.
Clap!
A bolt of lightning fell, just hitting the top of the main peak of Xuanming Mountain.
Boom!
Thousands of pounds of boulders shattered.
However, the phenomenon of lightning strikes did not stop there, but became
more and more turbulent.
In just a moment, several lightning bolts struck the top of the mountain.
The boulder rolled down, and the main peak was flattened by thunder in just a
few minutes.
This made Master Bone and Duguxiao, who were protectors of Gong Qianqiu in
the distance, stunned for a while.
"Is this all the movement made by the master?"

Duguxiao swallowed hard.
The corner of Master Bone's mouth twitched, and he was about to express his
judgment, but there was a loud noise inside Xuanming Mountain.
Then it seemed that the entire Xuanming Mountain was shaking violently.
The frequency of lightning strikes on peaks is also increasing.
However, just when Duguxiao thought that the whole mountain would be shattered by the thunder, the lightning and thunder suddenly stopped.
The dark clouds also dissipated quickly, and the sun reappeared, leaving only the
clouds that were blood red to the extreme.
Clap clap!
Suddenly, rubble flew.
A figure rose into the sky.
"Master is out!"
Duguxiao was very surprised.
Sure enough, after a while, a slender figure slowly descended from the sky.
It was Gong Qianqiu.
It's just that Gong Qianqiu was surrounded by purple-black spiritual energy at
this time, and the whole person was even more coercive with extremely terrifying power.
Like a god descended into the world.
Duguxiao and Master Bone fell to the ground uncontrollably.
"Congratulations, Master, for leaving the customs!"
"Congratulations to the sect leader for leaving the customs!"
Both voices trembled.
The coercion of the powerful force makes them feel that breathing has become a
burden.
"Please get up!"
Gong Qianqiu said lightly.
That pressure was relieved a lot.
"Master, have you swallowed the spiritual veins of the Xuanming alien race?"
Duguxiao asked cautiously.
Gong Qianqiu said with a smile: "It's almost there, even if you don't continue to
swallow it, there will be no opponents in the world."
Feeling the surging spiritual energy in the body, Gong Qianqiu couldn't help
laughing out loud.

If she swallowed those spiritual veins before, let the spiritual energy in her body
converge into a river.
Then, after swallowing the Xuanming alien spiritual vein, the spiritual energy in
his body has already converged with the sea.
"Even if I face Levi Garrison head-on, I have the confidence to kill him with one
move."
Gong Qianqiu said proudly.

Gong Qianqiu looked proud and stood with his hands behind his back, like a god.
The terrifying aura pressure spread like a tide.
Master Bone and Dugu Xiao fell to the ground one after another.
"Congratulations to the sect master for generations to come and rule the world."
The two shouted in unison.
The future world belongs to them!
Advertisement
"Get up!"
Gong Qianqiu raised her hand, she enjoyed the feeling of being looked up and
worshipped very much.
"Duguxiao, you have also devoured a lot of alien spirit energy, how has your
strength improved?"
Miya Chiaki asked.
Advertisement
Although the essence of the Xuanming alien spirit vein was absorbed by Gong
Qianqiu.
But the leftovers are cheap for Duguxiao.
Duguxiao said respectfully, "Reporting to Master, the disciple's cultivation has
also improved a lot."
"If you fight against Levi Garrison's daughter now, the disciple is sure to kill her."
"very good!"

Gong Qianqiu smiled with satisfaction, and continued: "You have now digested
the energy you swallowed, and you can continue to absorb some spiritual power
in an appropriate amount. Then you will lead people to completely destroy Levi
Garrison's underground base."
"Yes!" Duguxiao was very excited.
He couldn't wait to see that moment.
He will make all enemies bow down at their feet and beg for mercy.

"By the way, the leader, there is a message from Qianqiu's eyeliner that the
subordinate forces of Zhenmosi and Levi Garrison are looking for alien spiritual
veins."
"The spiritual veins of Senluo's alien race have been found by the Zhenmo Division."
The bone master said suddenly.
Gong Qianqiu said contemptuously: "When they find this place, I have already
swallowed the power of the spiritual veins."
"And now the entire town of Demons is in a panic, and has begun to fear you
from the heart." Master Bone said with a grin.
Gong Qianqiu raised the corners of his mouth slightly, and said proudly: "Fear is
right. At that time, no matter the Zhenmo Division or Levi Garrison, they will bow
their heads at my feet."
"Okay, I will continue to devour the power of the spiritual veins, it will be completed soon, you continue to protect the law for me!"
After Gong Qianqiu finished speaking, he turned and entered the location of the
Xuanming alien spirit vein.
at the same time.
Levi Garrison and Shen Tianjian are still struggling to find the traces of the
Xuanming alien spiritual veins.
But because the Town Demon Division can only provide general directions,
everyone looking for it is tantamount to looking for a needle in a haystack.

Besides, the Xuanming alien race has always been the nemesis of Zhen Mosi.
Their most hidden spiritual veins are naturally not so easy to discover.
The key point is that in the process of searching, Levi Garrison's affiliated forces
and the small team of Zhenmo Division also suffered many obstacles.
For example, sometimes there are mysterious masters to attack them.
Every time they block, they don't fight to the death, they just use sparrow warfare to harass them.
This undoubtedly greatly slowed down the speed of multiple forces searching for
the spiritual veins of the Xuanming alien race.
As for the reason why Senluo's alien spirit veins are relatively easy to find, it is
doubtful that they were destroyed by the Demon Suppression Division.
All their actions are equivalent to doing it under the eyes of the town magician.
Xuanming aliens are just the opposite.
If it weren't for the many accidents this time, the Demon Suppression Division
and even the Heavenly God Prison would have been controlled by the Xuanming
alien race.
It is conceivable that the Xuanming alien race hides deeply.
Of course, it would be better to say that the simple search is fruitless.
Even more troublesome is that everyone involved in the search for those forces
is in danger.
A small number of people have already given up their minds and plan to avoid the
limelight for a while.
Duguxiao flaunted his might at Levi Garrison's base camp and inflicted heavy
damage on many people, but he was able to retreat completely.
This matter gradually spread, and the feeling of fear naturally and quickly became satisfied.
Not to mention other people, even Levi Garrison himself felt a little pressure.
Recalling the scale of the devoured Senluo alien spirit vein.
Even more terrifying than the energy contained in the medium-sized spiritual
veins.

It is conceivable to what extent the mysterious woman's strength has improved.
Before swallowing this spiritual vein, the attack of the mysterious woman had
already begun to threaten.
Because that blow is replaced by anyone in the base camp, and they will basically
die on the spot.

Even if Levilia used the power of the world around him, he would probably end
up with a serious injury.
After all, the difference is too big.
"If she successfully devours the Xuanming alien spirit veins again, it will be really
difficult to control!"
Levi Garrison rubbed his temples.
A bit of a headache!
In the town of magic.
Advertisement
Since that turmoil, the core masters have been killed and injured.
All the major factions cooperate closely together.
But now they're starting to put themselves at risk again.
"A Duguxiao is so strong, how terrifying should the mysterious woman behind
him be?"
Advertisement
"It is said that Levi Garrison can't sit still anymore, don't you see that he is always
urging us to find the spiritual veins of the Xuanming alien race!"
"Even Levi Garrison is scared, let's play a little shit?"
"How about we also consider joining the superpower that has recently risen?"
Everyone was talking behind their backs.
Once the seed of fear is planted, it grows and spreads very quickly.
Although the high-level officials of the Zhenmo Division have repeatedly ordered
five applications not to shake the military's heart.
But with little success.

Many more people have secretly joined that superpower.
These circumstances were also known to the temporary interlocutor of the Tenshen Prison.
Advertisement
While he was angry, he was also a little helpless.
In many cases, the more strictly controlled, the fear will become more and more
out of control.
If you ignore it, it won't get any better.
He was a little bit stumped.
"If it goes on like this, I'm afraid that before Duguxiao comes to take revenge,
the Zhenmo Division will be the first to fall apart."
The temporary talker of the Tenjin Prison rubbed his swollen head.
Thinking that after the mysterious woman devoured the Xuanming alien spirit
vein, no one might be able to stop it.
The sense of crisis in his heart also grew stronger.
Buzz!
At this moment, the token hidden in the placket of the chest suddenly vibrated
strongly.
The temporary talker of the Tianshenjian hurriedly took out the token.
This token is all green, with a special metal inlaid around it.
At this moment, the green part is emitting a dazzling light.
The entire token also vibrated violently.
"Tiansi has news!"
Tianshenjian's temporary words and people's spirits are lifted.
This is the tracking location token that Tian Si left behind before he left.
It had always been bleak before.
It is precisely because of this that everyone in the Tianshen Prison cannot understand Tiansi's whereabouts.
Since Tiansi left, it's like the world has evaporated.
Of course, Tianshen Jian never gave up looking for Tiansi's whereabouts.
But there is no clear direction in the vast land, which is basically equivalent to
finding a needle in a haystack.
Originally, after Tiansi disappeared without a trace, the entire Tianshen Supervision was basically handed over to Yufeng Tiansi to take care of many
matters.
But now Yufeng Tiansi is also uncertain about his life and death.

Recently, Tianshen Prison was in a precarious situation, and his subordinates
temporarily opened all information transmission tools.
"It's true that the emperor pays off!"
Tiansi is still alive, great!
And it seems that he already knows the situation of Zhen Mosi.
Might be back soon.
Shen Tianjian's temporary talker was so excited that he almost cried out.
He stared at the token, hoping for more accurate location information.
Over time, the token did not disappoint everyone.
Detailed location coordinates soon appeared on the tracking token.
"This is where Tiansi is now."
"Not moving?"
"what's going on?"
Did you get stuck on something?
With the strength of Tiansi, there is probably no one who can stop him, right?
Shen Tianjian's temporary words are confusing to people.
He continued to look at the token, but waited for a long time.
The coordinates representing the position still show no signs of moving.
But a signal is always good, and it's much better than no news before.
"Come on someone! Follow me to find Tiansi!"
The temporary messenger of the Tianshen Prison immediately issued an order.

After receiving an order from a temporary interlocutor to find Tiansi.
There was an uproar among the senior officials of the Heavenly God Supervisor.
More of an uplifting spirit.
"Tian Si actually has a message?"
"The temporary talker will definitely not joke about this kind of thing."
"Now there is hope for Shentianjian."
Advertisement
This is the same idea of the temporary talker of the Tenshen Prison.
The tracking token lights up, indicating that Tiansi is still alive.
And he has already sent a summary of the current Shentianjian and Zhenmosi
information.
Tiansi must have received the information.

Advertisement
Maybe he will come back to save the town magician soon.
When Tian Si left the Shentianjian, his cultivation had already broken through to
the realm of perfection.
After so many years of cultivation and improvement, it must have reached a new
height.
The king of Tiansi returns and revives the majesty of Shentianjian.
At that time, everyone will not have to fear that superpower.
Nor will he worry about the revenge of Duguxiao and the mysterious woman.
Not to mention relying on Levi Garrison and sighing.
That's right, in the eyes of the temporary messenger of Shentianjian, it is more
difficult to accept the fear caused by the mysterious woman.
He has the pride of belonging to the peak forces temporarily in power.
Advertisement
It is really helpless to rely on Levi Garrison now.
Now finally have a chance to get rid of it.
"Everyone rushed to this coordinate position at full speed."
After the Tianshen supervisor finished speaking, he immediately walked away.
in the underground base.
Xiao Feng's eyes were dull, and he was still waiting for Gong Qianqiu's message.
The whole person's spirit was slumped to the extreme.
Xiao Feng still did not give up.
He had to confirm that the devouring technique had nothing to do with Gong
Qianqiu.
Xiao Feng even covered the details of his previous contact with Gong Qianqiu
many times.
Especially the part about Levilia Gongfa.
At that time, it was indeed he who took the initiative to ask Levilia about his
cultivation methods and teaching methods.
On the other hand, Gong Qianqiu stopped it many times.
In the end, I learned the exercises when I was almost forced.
It's just that there was a mistake in the practice later, and Gong Qianqiu went

crazy for this.
“This matter has absolutely nothing to do with Gong Qianqiu.”
Xiao Feng kept saying these words to himself in his heart.
But what made Xiao Feng extremely depressed was that no matter how he sent a
message to Gong Qianqiu, it showed that the sending failed.
Other communication tools were also silent, and there was not even a single
word of reply.
Gong Qianqiu seemed to have evaporated in the world.
Xiao Feng let out a long sigh.
Before he was sure about this, he really had no interest in doing other things.
“Try to contact again!”
Xiao Feng sent a message using several common communication tools.
But after waiting for a long time, there is still no response.
Xiao Feng felt abandoned.
“Could it be that Qianqiu really doesn’t love me?”
Xiao Feng recalled what the disciples of the West Pavilion once said, and his
heart sank to the bottom in an instant.
Could it be that Qianqiu really has to reach the level of master’s strength, and
Qianqiu will respond to me?
However, easier said than done?
Qinglong and others haven’t looked for themselves for many days. I think they
are disappointed in me!
Levilia hasn’t looked for himself since the last time he asked.
As for the teacher’s comfort a few times, there was no follow-up inquiry.
Master has been running around for many days, and he has not told himself how
far the spiritual pulse investigation is.
Xiao Feng looked around with empty eyes.
People come and go, all busy.
But no one looked at him or asked himself.
Xiao Feng felt that he was abandoned by the whole world.
“It doesn’t matter, I, Xiao Feng, can’t live without you.”
“As long as my Qianqiu responds.”
“Just make sure that this matter has nothing to do with Qianqiu, none of this
matters.”

“With Qianqiu, it is equivalent to owning the whole world.”
Xiao Feng’s eyes glowed with brilliance.
Eyes fixed on no less than ten communication tools.
These were given to him by Gong Qianqiu.
Xiao Feng was not willing to throw anything away.
More because these tools are contaminated with a touch of Gong Qianqiu’s
breath.

“hiss!”
Xiao Feng took a deep sniff and prayed that in the near future, communication
tools would light up again.
The hinterland of Xuanming Mountain.
Gong Qianqiu’s devouring the spiritual veins has reached the point of white-hot.
She kept running the Devouring Cultivation Technique, and it was like a large
engine was installed in her dantian.
Constantly extracting the energy contained in the Xuanming alien spirit veins.
Advertisement
Chi Chi Chi!
As the energy swallowed is getting bigger and bigger, there is a faint black electric light shining around Gong Qianqiu’s body.
The violent dark energy seems to erode and devour everything.
“Come on, it will be completely swallowed in two hours at most.”
Advertisement
Gong Qianqiu closed his eyes tightly, speeding up the operation of the exercise
again.
The black lightning jumped more violently.
The extracted spiritual vein ore was contacted by the electric ray and instantly
turned into powder.
sizzle!
As the speed of extracting the power of the spiritual veins became faster and

faster, a huge energy vortex was finally formed centered on Gong Qianqiu's
body.
The energy in the spiritual veins was swept away by a brain.
Finally, it quickly poured into Gong Qianqiu's body.
Duguxiao, who was in charge of protecting the law at the periphery of Xuanming
Mountain, was full of shock.
He could clearly feel the terrifying force that destroyed everything within the
mountainside.
Advertisement
Boom!
Dark clouds covered the sky and thunder rumbled.
Especially that lightning seemed to tear the sky apart.
Clap clap!
With a sharp flash, the sky pierced.
Blood-red lightning the thickness of several buckets struck the top of the mountain.
Several kilograms of boulders were instantly turned into powder.
"what's going on?"
Duguxiao's mouth twitched.
The destructive power of the thunder's landing this time was dozens of times
more terrifying than the last time.
"Master devoured the power of the spiritual veins, has it attracted the wrath of
the sky?"
Duguxiao couldn't believe everything in front of him.
But then the more violent thunder fell, which made him realize the reality directly.
This thunder is as thick as the mouth of a water tank.
When it fell to the top of the mountain, the whole mountain seemed to tremble.
The gravel is flying, and the electric light is waiting.
It seems that this piece of heaven and earth can no longer carry the terrifying
power within the mountainside.
"Master, are you okay?"
Duguxiao didn't dare to go into the mountain to investigate, he was really afraid
of being hit by a thunderbolt.

The bone master was also shocked and stunned.
He was also present when Gong Qianqiu devoured the energy of the Jedi in the
Thousand Corpse Pit last time.
The momentum created is less than one-tenth of that at the moment.
This is still Gong Qianqiu's efforts to control, otherwise the whole world will be
tragically affected, right?
"The sect leader's magic is unparalleled in the world, nothing can happen."
Master Bone swallowed hard.
Just as the two looked around at a loss, the entire Xuanming Mountain vibrated
violently again.
But this shock has nothing to do with Tianlei.
It is caused by the shock of energy fluctuations inside and outside.
"Master is leaving."
Duguxiao said with a face full of surprise.
Master Bone also turned from worry to joy, but soon said with a trembling voice:
"Look over there, it's not good!"
Duguxiao looked in the direction of Master Bone's fingers.
I saw an even more terrifying thunder pouring down.
Like nine days of white training, it has the power to destroy the world.
The thickness and diameter of this thunderbolt is probably a few dozen.
Carrying incomparably terrifying power, it seems to be splitting this Xuanming
Mountain into pieces.
"Master, be careful!"
Duguxiao shouted.
"Tiny Tianlei, what can I do?"
At this moment, a sound like a thunderbolt resounded through the sky.
Then Xuan Ming suddenly scattered and shattered, and a figure flew out at high
speed.
It was Gong Qianqiu.
Gong Qianqiu did not take any evasive action.
Instead, facing the downpouring thunder, he rushed over.
Tough Thunder.
"That's it……"
"That's all it is!"

Gong Qianqiu started the swallowing exercise again, and it was like a bath, just
standing in the center of Tianlei.
“What about Tianlei? This sect master devoured your Tianlei!”
Gong Qianqiu’s arrogant voice resounded through the sky.

Before the words fell, Gong Qianqiu’s body was instantly shrouded in thunder.
The dazzling light shines everywhere.
Duguxiao and Master Bone didn’t dare to look directly.
The terrifying coercion that destroys the sky and the earth makes them have the
urge to kneel on the ground and worship.
Clap clap!
Thunder exploded, and lightning surged.
Advertisement
However, it only took a moment for everything to return to calm.
Duguxiao suddenly looked up and saw Gong Qianqiu suspended in the void with
his hands behind his back.
Directly above her head, only the slightest trace of electric light was flowing.
The Tianlei with a diameter of several feet has disappeared?
Advertisement
“Where did Tianlei go?”
Duguxiao looked around, only to realize that the sky had cleared up again.
Dark clouds, lightning, thunder, all disappeared.
Swish!
Gong Qianqiu seems to have added teleportation special effects in the movie.
In his breath, he was already in the void not far away.
“Tianlei has been swallowed by me, why make a fuss?”
Gong Qianqiu said lightly.
“Is this the state after swallowing the Xuanming alien spirit veins?”
Advertisement
Looking at Gong Qianqiu, who looked like a god in the void, Duguxiao and Master
Gu instinctively knelt on the ground.

At this moment, Gong Qianqiu seems to have reached the level of rivalry with
heaven and earth.
A feeling of being able to overbearingly seize the power of heaven and earth
arises spontaneously.
The reality is exactly that.
Such terrifying thunder can be swallowed up in an instant.
This is clearly God!
"As expected of the spiritual veins of the Xuanming alien race, it can actually
make this sect master reach this level, hahaha!"
Gong Qianqiu couldn't help laughing.
I felt the surging power of Peng Pan in my body, as if it was inexhaustible.
"Is this what it feels like to be a strong man!"
Gong Qianqiu felt as if he was no longer confined to this world.
Devouring power is inherently domineering.
She has taken this extreme overbearing to the most terrifying position.
"Congratulations, Master, for the great achievement!"
"Congratulations to the leader who is invincible in the world!"
Duguxiao and Master Bone quickly slapped Rainbow Fart.
"Get up!"
Gong Qianqiu raised his hand.
Duguxiao and Master Bone felt an invisible force supporting their knees.
It didn't take much effort to stand up naturally.
The terrifying energy pressure that made them breathless before also disappeared.
Gong Qianqiu said with a smile: "The use of the power of the five elements is just
like this!"
Gong Qianqiu felt that his strength had increased by a level.
Killing Levi Garrison will be effortless.
No one in this world can stop her from wishing her Gong Qianqiu.
"What's going on with Zhen Mosi and Levi Garrison recently?" Gong Qianqiu
asked with a smile.
Master Bone was in charge of liaison with the outside world, and said hurriedly,
"They are still looking for the spiritual veins of the Xuanming alien race."
"But I got a message not long ago that it was a temporary messenger from Shentianjian who brought someone to find Tiansi's whereabouts."
"What is the specific result? There is no detailed information."

Gong Qianqiu said contemptuously: "What if they can find Tiansi? The leader of
the sect will let him disappear in a flash."
If it is said that before devouring the spiritual veins of the Xuanming alien race,
Gong Qianqiu still has no confidence to deal with Tiansi.
But now Gong Qianqiu is full of confidence.
Especially after swallowing Tianlei, Gong Qianqiu felt that he had already crossed
the universe.
The likes of Levi Garrison and Tiansi are nothing more than ants!
"The sect leader's magic is unparalleled in the world, and he is not afraid of
thunder, not to mention all living beings in the mortal world are all ants."
"With such a peerless master as Master, no one in the world would dare not
obey."
"Even if there are some juniors who don't know how to praise, just kill them!"
Bone Master and Duguxiao are generous with their words of compliment.
Even Gong Qianqiu heard a little fluttering.
Of course, this is the same idea in Gong Qianqiu's heart.
Those who obey prosper, those who oppose perish.
In the future, her Gong Qianqiu will rule the world alone.
Her words are the iron law, the norm.

Who dares to question, kill!
Levi Garrison, Zhen Mosi, Eternal Kingdom.
You are all waiting for this leader.
The next leader will be a nightmare for all of you.
Great Summer North.
A barren place.

The temporary counselor of Shentianjian brought dozens of elites and found this
place according to the coordinates of the token.
"Reporting to the agent Tiansi, this area is far and wide uninhabited."
"Could there be an error with the token?"
"Tian Si will not encounter any danger, will he?"

The people who were full of joy at the moment were like eggplants beaten by
frost, and they lost their energy.
Tiansi is their spiritual pillar.
It is also the last hope.
In the end, it was Jinghuashuiyue, and Tiansi's whereabouts were still unknown.
very disappointed.
The temporary speaker of Tianshenjian said solemnly: "Tiansi is looking for the
legendary world, perhaps this is closely related to it."
No one responded, it was just a legend after all.
They only care about Tiansi's whereabouts now.
"Okay, everyone, don't be discouraged, maybe Tiansi has more important things
to do temporarily, and the king will return soon."

Shen Tianjian temporarily spoke to people and only temporarily appeased his
subordinates.
He was really worried that everyone would fall apart.
Buzz!
Just then, other contact tools rang.
"Report! The spiritual veins of the Xuanming alien race have been found."
The subordinates reported, with surprise in their tone.
"Quick, inform Levi Garrison, and his coordinates will also be sent."
The temporary speaker of the Tianshen Prison said solemnly.
Tian Si couldn't find it, and now he has to continue to hold Levi Garrison's thigh
tightly.
Xuanmingshan Mountains.
Levi Garrison had already arrived for a long time when Tiansi, the superintendent
of the gods, arrived at the scene.
After receiving the message, Levi Garrison rushed over without stopping.
He didn't even bring anyone, for fear of affecting his speed.
Looking at the spiritual vein ore that shattered all over the place.
The hearts of everyone sank to the bottom in an instant.
"We're late again."
The Tianshenjian said in a dry voice.
Levi Garrison also looked solemn.

He has done an overall investigation, and the spiritual veins of the Xuanming
alien race are far more terrifying than the spiritual veins of the Senluo alien race.
God knows how far that mysterious woman has risen.
In other words, that mysterious woman has now become a terrifying big devil.
"After all, it's a step too late, still in the rhythm of that mysterious woman."
Levi Garrison sighed, he could feel the residual power.
This shows that the mysterious goddess has only finished swallowing soon.
A maximum of two days.
It's just one step away from stopping it.
Even Levi Garrison was not sure that he would be able to defeat the mysterious
woman at this time.
The people of Zhen Mo Si were even more heartbroken.
The mysterious woman devoured her success and became an unstoppable demon
king.
Even Duguxiao, who was never in their eyes, is now very likely to become the
terrifying existence they look up to.
The Xuanming alien race and the Senluo alien race were mainly destroyed by the
Zhenmo Division.
The members of the Town Demon Division were really scared.
I am afraid that before Tiansi returns, the entire Zhenmo Division will be destroyed.
"Tian Si must be found as soon as possible."
"If there is no Tian Si in charge, the Zhen Mo Si is in danger!"
"Why don't you run away before Duguxiao takes revenge!"
People's minds are different.
But there is one thing in common.
That is all immersed in worry and fear.
Levi Garrison is also not easy.
The mysterious woman is now beyond his grasp.
It would be great if we could face it head on, at least that way we would know
what to do.
Then there is the fact that relatives and friends are completely in crisis.
Now even Dugu Xiao has no one other than himself as his opponent.

Furthermore, the enemy is in the dark and he is in the light. God knows when
they will launch a sneak attack?
Fortunately, there is also an underground base, where relatives and friends can
hide and avoid risks.
"Everyone should step up their vigilance when they go back, and communicate
with each other in time if there is any information!"
Levi Garrison said solemnly.

For Levi Garrisonzhi's tone of command.
No matter how unhappy everyone in Shentianjian and Zhenmosi felt, they could
only accept it with joy.
Although Tiansi had the message, he didn't show up after all.
Levi Garrison is still their biggest reliance.
The mysterious woman and Duguxiao put too much pressure on them.
"Don't worry, Mr. Ye, this is what it should be."
Advertisement
Shen Tianjian agreed to talk temporarily without the slightest hesitation.
Levi Garrison is now the only existence that can compete with the mysterious
woman.
Therefore, Shen Tianjian was eager to ask Levi Garrison for help.
So that the power is alone and alone, it is defeated by everyone.

After arranging everything, Levi Garrison rushed back to the base camp.
He informed everyone that the mysterious woman had successfully swallowed
the Xuanming alien spiritual vein.
"Now is a special period, everyone must raise the spirit of twelve points and take
strict precautions."
"When necessary, transfer all to the underground base."
"I'm not sure about this mysterious woman!"
Levi Garrison said with a serious face.
A stone stirred up a thousand waves.
This message instantly exploded in the base camp.

“Duguxiao has reached that kind of terrifying cultivation last time, and it must be
stronger now.”
Advertisement
“The key is that there is a mysterious woman hiding behind him.”
“I’m afraid that only the master (the boss) can compete with it.”
Although these people are elites, Duguxiao’s last terrifying crush is still vivid in
his mind.
The emotion of fear spread quickly like mercury pouring out.
Qinglong Zoey Lopez and others had a great sense of crisis.
However, compared to Shentianjian, the base camp has Levi Garrison in charge,
and the situation can be stabilized for the time being.
At least no one wants to escape.
Then Levi Garrison personally helped to arrange the defensive formation.
This made everyone’s hesitant hearts calm again.
Although most of the buildings in the base camp were destroyed.
But after everyone rushes to work overnight, the temporary residence has been
built.
Moreover, for everyone at this moment, no matter how comfortable the living
environment is, it is not as reliable as a solid defensive formation.
As long as Levi Garrison is there, they have a strong sense of belonging.
Levi Garrison is their spiritual pillar.
It is the invincible god of war in their minds.
in the underground base.
Levilia is studying his own exercises.
The mysterious woman and Duguxiao were able to elevate to such a terrifying
realm in a short period of time through the Devouring Technique.
So, can you do this by yourself?
After a series of experiments, Levilia came to a positive conclusion.
“My method can only do this by taking the extreme swallowing route.”
Moreover, the exercises used by Duguxiao are very likely to be this extreme
route.
Levilia’s premonition is getting stronger and stronger.
But his own practice is to teach those few people.
Who would leak it out?

Regarding the issue of the leak of the exercises before, Levilia also investigated
a circle.
And there is no suspicious person!
Levilia is puzzled, and the way to obtain his own practice is very limited.
If it is not deliberately leaked on the initiative, could it be unintentionally being
exploited by someone with intentions?
Levilia carefully recalled all the people who taught the exercises.
Make sure nothing is missed.
Levilia subconsciously swept his gaze to Qinglong, Xiao Feng and others.
It was impossible for my mother, Zoey Lopez, to have never left the underground
base except for the battle after the incident.
Qinglong and others ran in various directions, but they and Duguxiao were
enemies of life and death.
I can't wait to smash Duguxiao's bones to ashes when they meet, and it is absolutely impossible to leak the exercises to him.
Xiao Feng……
Levilia's eyes became extraordinarily deep.
Xiao Feng was the one with the most flaws from beginning to end.
Especially Gong Qianqiu, who used to have a close relationship with Xiao Feng, is
even more suspicious.
Xiao Feng will not hurt their hearts.
But it doesn't mean that Gong Qianqiu doesn't have it!

Levilia felt that it was necessary to find an opportunity to test Xiao Feng again.
Xiao Feng walked idle in the cultivation square of the underground base.
His eyes were empty, and he felt abandoned by everyone.
Qinglong and others have been deliberately avoiding him when they saw him
recently.
Zoey Lopez and Levilia hadn't seen him for many days.
Since Levi Garrison returned to the base camp, he was busy building a defensive
formation and did not find him.

Advertisement
The other personnel also have their own affairs, and many matters do not bother him.
Of course, in Xiao Feng's view, all of this can be reluctantly accepted.
After all, he really wasn't in the mood to do anything else before he determined whether the exercise leak was related to Gong Qianqiu.
The last straw that really broke Xiao Feng was the silence of Gong Qianqiu.
Advertisement
The time when Gong Qianqiu disappeared.
Not only the information sent through communication tools is lost in the sea.
Even the people in the West Pavilion didn't know where they went.
Xiao Feng even inquired in many ways, and investigated many men who were rumored to be "close" to Gong Qianqiu.
All kinds of methods have been used, and those people are also unable to contact Gong Qianqiu.
This made Xiao Feng panic even more.
The bad premonition is getting stronger.
It was during the time when the mysterious woman devoured the spiritual veins that she lost contact with Gong Qianqiu.
The mysterious woman in my mind and Gong Qianqiu are quickly merging into one.
Advertisement
Xiao Feng was taken aback by his own thought.
"Impossible, Qianqiu will not deceive me."
"She thinks about everything for me, how can she ignore my feelings?"
"But what if the mysterious woman is Gong Qianqiu?"
Xiao Feng was about to collapse.
The last glimmer of hope in his heart is gradually shattering.
Recalling the bits and pieces of the relationship with Gong Qianqiu.
Her empathy, her tenderness, her tenderness…
All of them are surrounded and swallowed Xiao Feng's thoughts.
Xiao Feng didn't even dare to think about it, once he really sat down, it was Gong Qianqiu who leaked the exercises.

How should he face Master, Master, Qinglong and others?
"Qianqiu, please reply to me quickly!"
"Stand up and prove that it has nothing to do with you."
"The two of us will be an immortal couple that everyone will envy."
Thinking of this, the corner of Xiao Feng's mouth rose slightly.
the other side.
The defensive formation of the base camp is completed.
To be on the safe side, Levi Garrison even added a lot of defensive measures.
During this period of time, many people have also asked Levi Garrison's grasp of
the mysterious woman.
Levi Garrison didn't say much.
Any unfounded speculation is empty talk.
If you say that you have the certainty of victory, it is likely to cause your subordinates to relax their vigilance.
If you say that you have no certainty, you may shake the hearts of the army.
Once the mentality of fear of war appears, it will spread rapidly, and the consequences will be unimaginable.
In fact, Levi Garrison also wanted to know how strong the mysterious woman
was.
Now we can only wait for the arrival of this woman, and we will know how to
fight.
While waiting for this battle, Levi Garrison is looking forward to this battle even
more.
What about the continuous devouring of the two major alien spiritual veins?
Levi Garrison's eyes became deep.
He suddenly remembered the mysterious master.
All of his cultivation is thanks to him.
What kind of existence is his old man?
From the beginning to the end, he did not know how powerful his master was?
"I'm afraid his old man's combat power has long been against the sky, right?"
After years of inquiring about Master's whereabouts, there was no trace.
I don't know where he is hiding and enjoying himself!
Thinking of this, Levi Garrison's heavy heart suddenly relaxed a lot.

Levi Garrison checked the defensive formation of the base camp again.
I didn't find any flaws, so I can rest assured.
Then Levi Garrison told everyone to hide in the underground base as much as
possible.
If he is not there, this is the only means and trump card for everyone to save their
lives.

A strong sense of crisis spread in everyone's mind.
Facing a powerful enemy not only can't help Levi Garrison in any way.
And it became a burden.
This made everyone feel ashamed for their lack of strength.
"If I practiced more diligently in the past, I might be able to help now."
"If I had listened to the boss, I wouldn't have lost my roots and let Duguxiao
succeed."
Advertisement
"If our cultivation base is higher, it will not be a constraint on the boss."
Qinglong and the others even started beating their chests, incompetent and
furious.
Even Xiao Feng, who was not in the mood, was very annoyed.
"If my strength is stronger, not only can I help Master kill the enemy."
Advertisement
"It's more able to get Qianqiu's favor."
"It's all my fault, what's the point of living?"
Xiao Feng smashed the ground with his fist.
The face of his fist was already stained with blood, but he didn't realize it.
It was as if the pain had been lost.
Especially Levilia is wondering if he can take the sword out of the way and help
Dad a little more.
For example, he also cultivated the extreme ways of creating his own exercises.
Although her cultivation has been improving very fast recently, it doesn't make
much difference in a short period of time.
I'm afraid I can only barely deal with Duguxiao.
Advertisement

Levilia even felt that after Duguxiao devoured a lot of energy, he might not be an
opponent anymore.
After all, Duguxiao's extreme swallowing and lifting line, and the speed of cultivation base is too terrifying.
"What are you thinking, Levilia?" Levi Garrison's voice suddenly came from
behind.
Levilia smiled and said, "Dad, I'll show you something."
"Okay!" Levi Garrison appeared to wait and see.
Levilia ran the exercises directly, and an independent space was instantly formed
within two or three meters with her as the center.
The aura of heaven and earth and the power of the five elements were madly
absorbed.
In an instant, that small world turned out to be lifeless.
If used to describe people.
Before being absorbed by Levilia, this area was a child.
After Levilia absorbed it, he instantly turned into a dying old man.
Then Levilia did the same, and divided a small independent space next to it.
Running her own cultivation technique, the speed of absorption this time is obviously much slower than before.
But soon Levi Garrison discovered that in the second small space, there seemed
to be the shadow of Levilia everywhere.
Levilia seems to have merged with that small world.
Even at the click of a finger, Levilia can mobilize the power of heaven and earth
for her use.
"Dad, you must have seen the difference, right?"
Levilia asked in a deep voice.
Levi Garrison was so smart, he instantly understood what Levilia meant.
The first is to forcibly plunder the power of heaven and earth, which can achieve
the effect of rapidly increasing strength in a short period of time.
But the former destroyed the balance of the world.
The second is to conform to the laws of heaven and to integrate with heaven and
earth.

Although the short-term promotion is not so scary, the world can be used for
one's own use for a long time.
In fact, this is also the core difference between Duguxiao and Levilia's practice.
But if Gong Qianqiu was here, he would find that Levilia would be more terrifying
than her if he went to extremes and swallowed one side.
"Levilia, in the journey of cultivation, the haste is not enough. My suggestion is to
continue on your original path."
"As for other things, just leave it to Dad to do it."
"Understand?"
Levi Garrison said with a serious face.
He knew the deep purpose of Levilia demonstrating these two exercises.
Want to maximize the strength in a short period of time.
This will give you the greatest help in the face of strong enemies.
Levi Garrison is very pleased that his daughter has such filial piety.
But it would be unwise to abandon her daughter's original Tao for the sake of
petty profits.
What's more, from the perspective of long-term development, Levilia's self-created exercises are more promising.
The upper limit is also higher.
The beloved son of his parents has far-reaching plans.
So Levi Garrison decisively rejected Levilia's kindness.
"Dad, Levilia understands."
Levilia laughed heartily.
If it weren't for special circumstances, she would not have the idea of practicing extreme exercises.

the other side.
The intelligence network that Phoenix Qinglong and the others set up some time
ago came with crucial information.
They discovered the dozens of spies who had been treated by Shen Tianjian as
the Tianshi Mansion.
Without exception, they are all related to Gong Qianqiu.
And it's very related.

He even reached the point where he was willing to die for Gong Qianqiu.
Advertisement
In fact, they weren't spies at all, and they didn't do anything to hurt the Demon
Suppression.
Everything they do has only one purpose: to protect Gong Qianqiu.
It is precisely because of this that these talents have not been found to have
problems during the internal investigation of the Town Magic Division.
These evidences are there, but to say that Gong Qianqiu is a mysterious woman,
there is still a lack of more solid evidence.
Advertisement
The outspoken Kirin didn't think so much, and found Xiao Feng directly.
"Xiao Feng, are you willing to die for Gong Qianqiu?"
"I want you to answer truthfully."
Kirin said in an almost questioning tone.
Xiao Feng answered without hesitation, "Yes."
"Why did you suddenly ask me this?"
Seeing the strange look on Kirin 's face, Xiao Feng suddenly became excited: "Is
there a message from Qianqiu? Tell me quickly."
"No, just ask casually, Xiao Feng, you can do it yourself!"
Kirin basically gave up on Xiao Feng.
Advertisement
Turning around and leaving, Kirin informed Phoenix and the others of the results
of the inquiry.
Several people were also a little surprised, not thinking that Xiao Feng had
already fallen so deeply.
Even to the point where there is no cure.
But because of this, they were even more sure that there was something else in
the death of that group of people.
Not for the kind of reasons presented on the surface.
In fact, it doesn't make much sense to find out who it is now.
The mysterious woman has successfully swallowed two alien spiritual veins.
A fierce battle is coming.
Even if the investigation finds clues, it will not change the result.
"Do you want to continue the investigation?" Xuanwu urn asked angrily.

Qinglong said decisively: "Check, we must investigate to the end, we must know
who this enemy is."
After several people agreed, they continued to search for relevant evidence and
clues.
Soon Qinglong and others made new discoveries.
A piece of Gong Qianqiu's network of connections throughout the entire town
magic division.
All in the network are men.
They have a unifying characteristic.
All were fascinated by Gong Qianqiu, willing to do anything for her.
Provide information, exercises, top secrets of sects…
Even give your life.
As long as it is for Gong Qianqiu, everything they have is willing to pay.
"Have you found that this model is very similar to the mysterious third-party
force before?"
Phoenix said suddenly.
A word woke the dreamer.
Qinglong and the others' faces suddenly became solemn.
At the beginning, whether it was to provoke the conflict between Zhen Mosi and
the boss.
Or the later dispute between Zhenmo Division and Tianshifu.
For example, the boss did not kill the top ten talents, but the top ten talents disappeared mysteriously.
The whereabouts of the town hall artifact are also unknown.
And other similar events, there are shadows of third-party mysterious forces.
If this mysterious force is to serve Gong Qianqiu.
Then everything can be explained clearly.
The mysterious forces had been like a duck to water in all aspects before, and it
could even be said that the Town Demon Division was under control.
In addition, Xiao Feng in the base camp was also fascinated.
It is not a problem to get a lot of internal information about the base camp.
Even the Levilia Gongfa, which had been suspected before, was leaked.
There are reasonable explanations.

Even if Xiao Feng has no intention of hurting his own personnel, he can't stand
Gong Qianqiu's conspiracy!
Besides, people who are in a mad love are blind.
It is also very possible to unintentionally leak the exercises.
Then there is that time when the boss was hiding in the spiritual veins, and he
was about to catch the mysterious woman.
But the other party changed the route in advance at the last moment, and protested, clearly someone leaked the whereabouts of the boss.
Xiao Feng, it is very likely that Xiao Feng leaked it unintentionally.
The more Qinglong and others thought about it, the more terrifying it became.

Gong Qianqiu, who devoured the two major alien spiritual veins, has achieved
great strength.
She was not in a hurry to find someone to take revenge, but came to the mass
grave first.
Master Bone has long since gathered all the members of Qianqiu Sect here according to Gong Qianqiu's intention.
The crowd around the corpse pit is surging, and it is impossible to see the edge.
Gong Qianqiu was suspended above the void, and the black energy enveloped
her, like a god coming to the world.
Master Bone and Duguxiao were the first to kneel on the ground.
Advertisement
"My subordinates welcome the sect master."
As the two voices sounded, everyone also fell to their knees.
He said very devoutly: "We welcome the sect master, the sect master is unparalleled in the world, and he will rule the world for thousands of generations."
Gong Qianqiu slowly lowered his body and released the spiritual energy in his
body at the same time.
Advertisement
A terrifying aura filled the air like an overwhelming force.

After counting the disciples, their bodies trembled, and they were overwhelmed
by the violent aura.
After a long time, Gong Qianqiu slowly restrained his breath.
"Get up!"
Gong Qianqiu's voice was light, with a sense of indescribable charm.
But some of this charm carries endless majesty, making people dare not have any
unreasonable thoughts.
Only willing surrender.
"Thank you, Sect Master!"
Everyone was relieved, and after slowly getting up, they didn't even dare to let
out the air.
Advertisement
There were a few courageous people who secretly looked at Gong Qianqiu, but
were instantly locked by a terrifying breath.
At that moment, they clearly felt the breath of death.
So he hurriedly lowered his head, and the feeling of being locked in gradually
disappeared.
Recalling the scene just now, these people only vaguely saw the slender figure of
a woman.
The whole body is surrounded by terrifying energy aura, and it is impossible to
see the true face of Mount Lu at all.
"This sect master has done a great job, and it's time to let Qianqiu Sect completely appear in front of the world."
Gong Qianqiu said proudly.
The church members said in unison: "The leader is wise!"
"You can return to the original station and gather all the forces that can be
mobilized."
"This sect leader will send you tasks in the near future."
"At that time, the name of Qianqiu Sect will make everyone fear."
Gong Qianqiu's voice suddenly became cold again.
"As ordered!"
"Okay, back off!"
Following Gong Qianqiu's order, Qianqiu's disciples receded like a tide.
"How are my friends?" Gong Qianqiu asked slowly.

Duguxiao said with a smile: "Don't worry, Master, they all still have a breath and can't die."
"Very good, I'll go see them, you guys can keep watch outside!"
After Gong Qianqiu finished speaking, he went directly to the secret room of the corpse pit.
The stone door opened, and more than ten people were imprisoned in the huge secret room.
It was the top ten geniuses and Xu Qingya of the Zhenmo Division at the time.
And Yufeng Tiansi, who was tortured into a human form.
They didn't even lift their heads, thinking they were the guards in charge of delivering meals.
"Everyone, long time no see!" Gong Qianqiu greeted playfully.
Everyone was amazed and looked up.
When they found out that the person who came was Gong Qianqiu, their eyes were full of complex emotions such as shock, anger, despair and so on.
Especially after feeling the pressure of the terror that Gong Qianqiu deliberately released.
Everyone was dumbfounded.
"Gong Qianqiu, your strength has reached this level?"
"how can that be?"
"How did you do it in just a few months?"
Baili Wan'er and Shangguan Tianfeng asked questions one after another.
A petty pawn who was once insignificant in their eyes.
Now they have the terrifying strength that they look up to.
This strength, they dare not even think about it!
"Shocked? It's just the beginning."
Gong Qianqiu smiled even more, and then offered a heart-wrenching remark: "Of course, this is also thanks to the roots of you guys!"
"you……"
The top ten Tianjiao almost vomited blood in anger.

“You should feel honored to be able to make your roots and bones become one
with me, shouldn’t you?”
Gong Qianqiu said with a smile.
pleasure?
The top ten Tianjiao were stunned.
Who cherishes such an honor?
“Now that I have established the Qianqiu Sect, you must witness my domination
of the world!”
Advertisement
Gong Qianqiu smiled even more.
Looking at the angry and desperate expressions of the top ten Tianjiao, Gong
Qianqiu felt a sense of accomplishment.
In the past, you were all high above, but now you are not a prisoner of my Gong
Qianqiu?
The top ten Tianjiao were full of resentment, but they were helpless.
Advertisement
With Gong Qianqiu’s current strength, even if all ten of them are at their peak.
In the case of joining forces, I am afraid that they will only be killed in seconds.
Now that the root bone has been dug up and the cultivation base has been absorbed, he is completely a waste.
If it weren’t for the evil taste that Gong Qianqiu wanted others to witness.
I’m afraid I’ve already been killed, right?
despair!
Intense despair quickly filled the hearts of the top ten talents.
Their pupils were dim, as if they had lost their vitality.
“And you Xu Qingya, you have to live well!”
Advertisement
“You are the first witness, you are very happy to see me so powerful, right?”
“Don’t get angry, no matter how angry you are, it’s useless, save your energy and
live well!”
Gong Qianqiu raised his finger gently, and an invisible force lifted Xu Qingya’s
chin.

Xu Qingya clenched her teeth, wishing she could rush up and bite Gong Qianqiu
hard.
But soon she gave up again.
Or utterly desperate.
With the strength that Gong Qianqiu showed just now, let alone his current state.
Even if you launch an attack in its heyday, you may not be able to touch the
corner of Gong Qianqiu's clothes.
"That's right, take a good look at how I rule the world!"
"When the time comes, I'm in a good mood, and maybe I'll spare your life!"
While speaking, Gong Qianqiu walked to Yufeng Tiansi again.
"Yufeng Tiansi, are you still alright?"
Yufeng Tiansi only had one breath left and was forcibly hung by the medicinal
pill.
Of course, this was also deliberately done by Gong Qianqiu.
She just wanted to let the big man who was supposed to be in charge of the Shentian Supervisor and even the entire town of Demons see it with his own
eyes.
The huge estate he was once proud of was completely destroyed.
"Please kill me!"
Yufeng Tiansi said weakly.
His heart is dead.
Faith also collapsed with the appearance of Gong Qianqiu's terrorist forces.
Yufeng Tiansi seemed to see the destruction of Zhen Mosi.
The foundation that was once proud will be destroyed by Gong Qianqiu's hands.
"No, no, I won't kill you, at least not for the time being."
"I will invite you to watch it with your own eyes when I destroy the Demon Suppression Division and the Shentian Prisoner!"
Gong Qianqiu laughed wildly.
Yufeng Tiansi's eyes were round, and after a while, he fainted directly.
"This sect is mainly going to do great things, so you can wait and see!"
After Gong Qianqiu finished speaking, he left the secret room with satisfaction.
The secret room was already filled with extreme despair.
Coming outside the corpse pit, Gong Qianqiu's thoughts ran fast.

Today's Qianqiu Church is huge.
If all of them are concentrated, the power is stronger than that of the Town Demon Division or the Eternal Kingdom.
Recalling the scene of being worshipped by countless sects not long ago, Gong
Qianqiu's ambitions inflated sharply.
"Next, the sect master no longer needs to be confined to this small place, but to
face the whole world."
"Wait, all of you will tremble because of Qianqiu Sect."
Gong Qianqiu is full of pride, and he has already thought about the next step in
his heart.
"Come on!"
Gong Qianqiu hooked his hand.
After waiting for a long time, Master Bone and Dugu Xiao walked away quickly.
He asked respectfully, "May I ask what the sect master ordered?"
"The two of you immediately get all the congregation to assemble and stand by."
"Tomorrow morning we will attack the eternal kingdom."
Gong Qianqiu said coldly.

A single command fell like a mountain.
Thousands of church members from all over the country quickly assembled, ready
to be dispatched at any time.
The next morning.
Gong Qianqiu personally led the army and launched an attack on the eternal
kingdom.
Due to the disparity in strength between the two sides, Qianqiu Sect directly
attacked the Eternal Kingdom base camp in a destructive way.
The battle outside lasted less than ten minutes.

And the information about the eternal kingdom is also very well-informed.
As soon as the two sides fought, they received a report from the spies.

The high-level officials of the Eternal Kingdom thought that the external faction
forces could resist a little.
Never thought that those people would be defeated in one blow.

In desperation, the helm of the eternal kingdom announced that the defense
system would be activated immediately.
There was a sound of earth shaking.
In an instant, an invisible energy passport enveloped the entire Eternal Realm.
There is terrifying energy flowing above the mask, and it is also accompanied by
the blessing of ancient runes.
This is the last trump card of the Eternal Kingdom.
Levi Garrison never defeated Levi Garrison with all his strength.
Of course, Levi Garrison didn't use all his strength.
"Don't worry, they can't break through this protective shield."
The high level of the Eternal Kingdom is very confident in this.
Advertisement
Of course, this protective cover did cause trouble for the Qianqiu sects.
Even Duguxiao didn't even shake a few punches.
At this time, Gong Qianqiu arrived.
"Master, please forgive the disciple's incompetence, it is impossible to break this
protective shield."
Duguxiao said very respectfully.
Gong Qianqiu said indifferently: "Let this sect master try."
"I advise your Excellency not to waste your energy. It is as strong as Levi Garrison,
the God of War in Great Xia, who has not been shaken by a single blow."
The Lord of the Eternal Kingdom sneered.
The sound resounded through the sky through a special amplifier, and it echoed
for a long time without dissipating.
He wanted to take this opportunity to deter the group of intruders.
"Oh, is that so? The sect master is really interested!"
Gong Qianqiu suddenly became interested.
She originally thought that she would not try her best to test the depth of the
protective shield at first.
But now Gong Qianqiu does not intend to do so.

She's going to go all out.
Smash the energy shield in one fell swoop.
"All Qianqiu Sect members step back."
Gong Qianqiu said solemnly.
Tens of thousands of congregants quickly retreated.
After a while, Gong Qianqiu released the power in his body.
The terrifying coercion of energy, even if the congregation retreated a few miles
away, they still felt short of breath.
Everyone was shocked by the power of Gong Qianqiu.
Of course they are more fortunate.
I am fortunate to be able to follow such a powerful leader.
"Buzzing…"
The world centered on Gong Qianqiu made a deafening tremor.
The strong black energy fluctuations spread freely.
As if to tear the world apart.
"I want to see if this energy shield can catch the full blow of this leader?"
The black energy light waves quickly converged into a huge sword.
Chi Chi Chi!
The black energy hurricane surged, as if to tear the world apart.
"What? Is she so strong?"
The dark color of everyone in the eternal kingdom suddenly changed.
Even when Levi Garrison punched, he didn't seem to have such power.
At this moment, the space of Eternal Realm seemed to be extremely compressed.
The blood in everyone's body was even more surging.
It seemed that the body was about to reach its limit.
"Don't panic, everyone, it will be over after this period of time."
"That's right, she can't break through the energy shield."
"As long as we hide here, she can't do anything to us!"
Although the high-level people tried their best to appease them, the people of
the Eternal Kingdom were still extremely nervous.
Gong Qianqiu is suspended in mid-air at this moment, like a god coming to the
world.
The power has reached its peak.
"Break this sect master!"
The corner of Gong Qianqiu's mouth rose slightly, and at the same time made a
downward slashing action.
The huge black energy blade poured down.

As if to cut the world in half.
At this moment, the black blade light blocks the sun

Terrifying energy pervades every corner of this world.
And let fear fill the hearts of all members of the eternal kingdom.
The people of Eternal Realm felt the terrifying energy coercion to the extreme.
Even through the shield of energy they thought was indestructible.
It still made them breathless, as if they were about to be split in half by this black
energy blade.
"Dangerous! Dangerous! Dangerous!"

Eternal Kingdom energy terminal console crazy warning.
This is a huge energy control device.
It can calculate the threat level to the energy shield from the external energy.
The system automatically activated the strongest defense mode.
Advertisement
The shield keeps getting thicker.
The terminal connected to the super spiritual vein absorbs energy frantically.
It eventually becomes the outermost layer of defense blessing shield.
"boom!"
It exploded with an earth-shattering sound.
The protective shield also vibrated violently.
The aftermath of the energy impact spreads out with the energy shield as the
center.
Until it spread throughout the War Eagle Country.
Every little corner was affected.
Advertisement
Terrible!
Yet all this is not over.
The huge black energy blade light collided with the energy shield for a moment.
The more solid blade light inside continued to make cutting movements.
Clap clap!
The thick energy shield is cracked.

“Fake! It’s impossible!”
The faces of the people of the Eternal Kingdom were inconceivable.
Even Levi Garrison couldn’t break through with a single punch.
This mysterious woman actually did it?
The whole world was shaking violently.
It was as if a devastating earthquake had occurred.
Upside down!
These four words suddenly appeared in everyone’s mind.
After a while.
The degree of cracking in the energy shield is more serious.
Finally triggered the limit point of the strongest endurance.
Clap!
The entire energy shield suddenly shattered.
The energy of the black energy blade light is about to dissipate.
However, the remaining energy still cut a bottomless ravine out of the inner
ground of the eternal kingdom.
The energy aftermath spreads out suddenly.
Destroy all the facilities and machines inside.
The Eternal Realm suffered heavy casualties.
“The strongest defense of the eternal kingdom is just the same as the low row!”
Gong Qianqiu was suspended in mid-air.
Contempt was written on his face.
Of course, it is more of satisfaction, because the high-level officials of Eternal
Kingdom have said it before.
Levi Garrison’s full blow was still unable to break the energy shield.
However, he also attacked with all his strength, and the energy shield instantly
vanished.
Judgment.
“This sect master can already crush Levi Garrison.”
“kill!”
Gong Qianqiu resisted the urge to laugh on his back, and issued an order to the
congregation again.
Although the energy shield is destroyed, many elites in the Eternal Realm survive.
She wants to completely wipe out the eternal kingdom from this world.
“Cut the grass without eradicating the roots, and the spring breeze will regenerate.”

Gong Qianqiu upholds this principle.
So she will not give the Eternal Kingdom any chance to turn around.
At the same time, the first shot of Qianqiu Jiao's shocking world must be fired.
The Qianqiu Sect members shouted and killed.
One side is like a rainbow.
One side's heart is broken.
Coupled with Duguxiao leading the elites of Qianqiu to rush to kill, it is simply a
tiger into a flock.
The high-level officials and elites of the Eternal Realm were almost completely
powerless to fight back.
In less than a few minutes, the battle was completely over.
The high-level and elites of the Eternal Realm were almost slaughtered.
The whole process takes no more than half an hour.
There is no more eternal kingdom on earth.
Blitz.
Gong Qianqiu led the Qianqiu Sect's offensive as if destroying the trees and
destroying the eternal kingdom in the form of a blitzkrieg.
War Eagle Kingdom Sky Shield Bureau.
Agent Blackhawk.
Wait for the intelligence agencies of all parties to convey this message.
The message of Qianqiu's lightning destruction of the eternal kingdom quickly
spread to every corner of the world.
The forces of all parties were horrified, and everyone was in danger.
This mysterious force also quickly spread across the country.
Shocked the world!

The message that Qianqiu Sect destroyed the eternal kingdom with a blitzkrieg
quickly spread all over the world.
Levi Garrison got the message right away.
Especially the glorious record of the mysterious woman smashing the energy
shield of the eternal kingdom with one move.
Levi Garrison was quite shocked.

Naturally, it also attracted his attention.
When he went to the Eternal Realm, he had to punch with almost all his strength
to break the energy shield.
Advertisement
Although his cultivation has improved during this time, the strength of that mysterious woman should not be underestimated.
"Apart from my strength in a battle, there is really no one who is her opponent!"
Levi Garrison pressed his temple and had a slight headache.
After all, he cannot guarantee that he will be with all his relatives and friends 24
hours a day.
Advertisement
In other words, if this mysterious force attacks the base camp as a whole.
The mysterious woman only needs to hold herself back, and with Duguxiao and
other experts in the sect, she can run amok.
Then there is the energy shield of the contrasting Eternal Realm.
The defensive formation of the base camp appears to be much lower.
At least an all-out blow from a high-level expert like the mysterious woman can
basically destroy the defensive formation.
"It seems that the only way to move everyone to the underground base is!"
Levi Garrison thought silently.
An unprecedented sense of crisis swept over.
Levi Garrison is still like this, not to mention the rest of the base camp and the
underground base.
Advertisement
"A power of the level of the Eternal Kingdom was destroyed in less than half an
hour. I can't imagine it."
"Our defense here may not be able to withstand the blow of the mysterious woman."
"I believe that as long as there is a master (the boss) in charge, the mysterious
woman will not dare to act rashly."
Although this is said, many people have a question mark in their hearts.
Can Levi Garrison, who has always been invincible in battle, really win the
mysterious woman?

Even if there is a fighting force, as long as Levi Garrison is entangled.
So who can stop Duguxiao?
A gloomy mood creeps in.
In the end, it turned into a strong sense of crisis.
the other side.
The Town Demon Division also received relevant information.
There was an uproar in the entire Zhenmo Division and Shentianjian.
Everyone was shocked beyond measure.
What level of power is the Eternal Kingdom?
Even at the peak of Zhen Mosi, the existence of three points must be respected.
It took less than half an hour to lead the congregation to be destroyed by a mysterious woman?
Now the core combat power of Zhen Mosi has been seriously damaged.
The three gods of Shentianjian died, and the whereabouts of those who were
unknown were unknown.
If the mysterious forces bring people to attack at this time, I am afraid they will
not last for half a day, right?
"It is said that the eternal kingdom also has a top-level defensive shield."
"Yeah, in comparison, the defensive formation of our Town Demon Division is not
worth mentioning."
"It would be nice if Tiansi was here, at least you don't have to live in such fear."
"Even if Tiansi returns, are you guaranteed to be the opponent of the mysterious
woman?"
There was a lot of discussion.
Almost everyone has a serious lack of confidence in Yuzhen Mosi.
Everyone is in danger, and some people have even sneaked away.
Fear is like a monster, constantly eating away at the little confidence left by
everyone.
In this situation, the only thing the Shentianjian can do temporarily is to try his
best to appease him.
And said that the position coordinates of the tracking token began to move again,
obviously Tiansi was still alive.
It is very likely that the king will return soon.

Although the temporary talker was telling the truth, in the eyes of everyone, it
was like drawing a pie.
I don't even believe that Tian Si will return.
It can be said that there has been a crisis of trust between the lower-level personnel and the higher-level personnel of the Town Magic Division.
Once the seed of doubt is planted, it will quickly grow into a towering tree.
A chain reaction will follow.
For example, slow execution of orders, disintegration of people's hearts, gradual
loss of high-level prestige, etc…
"It's dangerous to go on like this, Tiansi, where are you?"
The temporary interlocutor of Shen Tianjian put his hands on his forehead.

His confidence began to shake.
An unprecedented sense of crisis is rising exponentially.
After Miya Chiaki occupied the Eternal Realm, he began a slaughter trip.
As the only remaining "fruitful" of the two alien races, Duguxiao has a brutal and
ferocious nature.
In this slaughter process, it played out vividly.
The Eternal Kingdom base camp has a large number of people, and most of them
have been slaughtered by the end.
Advertisement
As for the rest, they simply gave up resistance.
Only dozens of high-level officials were arrested, and they were kneeling and
begging for mercy at this moment.
I hope Gong Qianqiu can spare their lives.
In exchange, they were willing to exchange the core secrets of the Eternal Realm.
Advertisement
That is, the specific location of the super spiritual veins on which the eternal
kingdom lives.
"Just this message is not enough to exchange your life for all of you."
Gong Qianqiu was excited in his heart, but on the surface he seemed indifferent.

In order to save their lives, the high-level officials of the Eternal Kingdom also provided their own treasures.
Looking at the mountains of heaven and earth treasures in front of him, Gong Qianqiu smiled even more.
"For the sake of you being so aware of current affairs, this sect master will leave you a whole body."
"Duguxiao, except the king, kill all the others!"
"Of course, before killing them, don't waste their power."
Gong Qianqiu said jokingly.
Advertisement
Duguxiao licked his lips, and said respectfully, "The disciple obeys the teacher's orders."
After disposing of the others, Gong Qianqiu took the Lord of the Eternal Kingdom to Lingmai alone.
The lord of the Eternal Kingdom has long been frightened by Gong Qianqiu's terrifying strength and ruthlessness.
I didn't dare to play tricks at all, and took Gong Qianqiu directly to the destination.
Looking at the super spiritual veins in front of him, Gong Qianqiu was completely shocked.
Because the scale of this spiritual vein is much larger than that of the two major alien races.
Even more terrifying than the spiritual veins that Zhen Mosi relies on to survive.
Generally, the vigilance condensed by super spiritual veins is transparent, similar to crystal.
However, the spiritual vein of the eternal kingdom turned out to be slightly golden yellow.
Even the surrounding aura was a little golden.
"The quality of this spiritual qi is even purer than the spiritual qi purified by the exercise method."
Gong Qianqiu shone brightly, and she couldn't wait to absorb the energy of this

spiritual vein.
“By the way, it seems that the spiritual veins are also graded.”
Gong Qianqiu suddenly remembered the records in the ancient books about the
spirit veins by Zhen Mosi.
The spiritual veins are also graded, but the level of the Zhenmo Division has not
yet reached the level of refining the level of the spiritual veins.
So it’s just a passing.
But what is certain is that the spiritual meridian that breeds colored aura must be
much higher than the colorless spiritual meridian.
It seems that Tiansi discovered a spiritual meridian above the super spiritual
meridian, and went to look for it.
“The spiritual vein of the Eternal Kingdom is one level higher than that of the
Demon Suppression Division.”
“Maybe it has reached the level of spiritual veins that Tiansi is looking for.”
“Maybe it’s the legendary dragon vein or even the earth vein?”
Thinking of this possibility, Gong Qianqiu became even more excited.
“Honorable sect master, I have brought you to the spiritual vein, can you let me
go?”
the king of the eternal kingdom asked timidly.
He just wants to leave this place of right and wrong now.
Save this life.
“I did promise to let you go, but I suddenly regretted it.”
“If you are alive, how could the captured members of the eternal kingdom be
willing to surrender to this leader?”
“So for the Qianqiu Sect to grow stronger, you should give your life! I will be
grateful to you, giggle!”
Gong Qianqiu smiled and leaned back and forth, raised his hand gently, and a
terrifying black silk energy swept out.
The leader of the Eternal Kingdom couldn’t dodge in time, and his body was hit
hard, and the whole person instantly disappeared.

Gong Qianqiu seemed to have done a trivial thing, and then walked towards the
depths of the spiritual veins.
She wants to devour this super spiritual vein.

Protector] Chapter 3762

Gong Qianqiu quickly came to the depths of the super spiritual vein.
She couldn't wait to absorb the energy in it.
"After absorbing this spiritual vein, what state will this sect master reach?"
Gong Qianqiu quickly ran the swallowing technique.
However, there was a scene that shocked her.
I just swallowed a trace of spiritual energy, but I couldn't continue to swallow it
anymore.
Advertisement
Has your body reached its limit?
Can't improve anymore?
Gong Qianqiu was inevitably a little disappointed.
Although she felt that even if she no longer improved, she was still invincible.
Advertisement
*But human ** is endless.*
Even if it reaches the point where Ling Jueding can see the mountains and mountains, he still wants to take it to the next level.
"There is such a huge spiritual meridian in front of me and it is really a waste of
time!"
Gong Qianqiu was extremely regretful.
So she started frantically looking for a way to continue devouring.
He even studied the Devouring Cultivation Technique five or six times to see if
he could find a way to raise the upper limit.
For three full days of sleepless and forgetful research, Gong Qianqiu still ended
in failure.
"Damn! There must be a way!"
Gong Qianqiu suddenly thought of Levilia.
Advertisement
Since this method was created by Levilia, she will most likely have a method to

increase the upper limit of swallowing energy.
"It seems that the attack on Levi Garrison's underground base will be put on the
agenda as soon as possible!"
Gong Qianqiu secretly made up his mind.
the other side.
Duguxiao was not idle during this time.
Devouring the energy of dozens of high-level eternal kingdoms.
It devoured the energy contained in many heavenly materials and earthly treasures.
Duguxiao's strength is even higher.
"If I meet that hateful little girl again, I will surely kill her in an instant."
Duguxiao's confidence greatly increased.
In the next few days, Master Bone and Duguxiao cleaned up the mess under Gong
Qianqiu's instruction.
The captured elites of the Eternal Kingdom all chose to join the Qianqiu Cult.
Qianqiu's church members have grown again.
And with the Eternal Kingdom taking the lead, some other small forces in the
War Eagle Kingdom also resigned.
In just five or six days, the Qianqiu Religion attracted more than 100,000 followers.
Qianqiu taught the scenery for a while.
Not only that, Gong Qianqiu also selected 300 dead soldiers who were absolutely
loyal in the teaching.
She personally taught these dead men the devouring technique.
Of course, this devouring technique is a simplified version of Duguxiao's cultivation technique.
In a short period of time, the cultivation base of this group of dead men can be
advanced by leaps and bounds.
But there is a limit to swallowing.
Gong Qianqiu doesn't want to have a backlash!
"You guys keep this spiritual vein for this sect master!"
"As for the power contained in the spiritual veins, you can devour it at will!"
Gong Qianqiu ordered.
"Abide by the Master's decree."
The dead men said in unison.

in the underground base.
Levi Garrison sat cross-legged and practiced Gong Gong.
In recent days, all kinds of information have fallen like snowflakes.
What Levi Garrison currently chooses is static braking.
Since the mysterious woman has become a peerless powerhouse is an indisputable fact.
Then just wait for her to attack and compete.
However, Levi Garrison is more concerned about whether the mysterious woman
has the spiritual veins that devour the eternal kingdom.
After all, the Eternal Kingdom has now been destroyed by the mysterious woman,
and all the key figures are under her control.
"If the super spiritual vein of the eternal kingdom is swallowed by her, how
powerful will she be?"
At this point, Levi Garrison's sense of crisis became stronger.
After waiting for another two days, the mysterious woman still has no tendency
to attack the base camp.
Levi Garrison couldn't wait any longer, and immediately decided to go to the
Eternal Kingdom to find out in person.
However, just as he was about to leave, a reliable message came from the Black
Hawk agent.
Although the exact identity of the mysterious woman is not known for the time
being.
But through multiple confirmations, the mysterious force is extremely powerful,
and the boss is a young woman.
After capturing the Eternal Realm, this woman went to the depths of the spiritual veins, but was unable to swallow and absorb the power of the spiritual
veins.

"call!"
Levi Garrison let out a long breath.
It seems that the mysterious woman has reached the swallowing limit.

“That’s not a dead end.”
Levi Garrison added a lot of confidence.
“Mr. Ye, but you still need to take extra precautions. It is said that this force is
gathering believers.”
Advertisement
“It’s very likely that it’s heading to your base camp.”
The Black Hawk agent sent the message again.
Levi Garrison said that he had made perfect defense preparations.
Levi Garrison is not particularly worried about this.
Advertisement
Taking 10,000 steps back, if you lose, you can still let relatives, friends and
disciples hide in the underground base, which can be guaranteed.
Then Levi Garrison contacted the town magic department again and kept the
information linkage.
And it is particularly emphasized that once there is a message from a mysterious
woman, it will be shared immediately.
Shen Tianjian’s temporary talker readily agreed, and he could not ask for Levi
Garrison’s help.
After settling everything, Levi Garrison continued to practice basic exercises.
Final preparations for the war.
At the same time, Phoenix and the others were not idle and continued to inquire
about information.
Soon they discovered a key figure: Chu Wu.
He is also the son of Chu Changkong, the master of the West Pavilion.
Advertisement
Chu Wu was also fascinated by Gong Qianqiu.
Especially for a long time, Chu Wu has been doing things for Gong Qianqiu.
Responsible for contacting and maintaining many contacts.
And one of them is Xiao Feng.
It happened that Gong Qianqiu was not in the West Pavilion during that time,
which was equivalent to Chu Wu being the spokesperson of Gong Qianqiu during
that time.

Mastering this key clue, Azure Dragon (Qinglong) and others immediately found
Xiao Feng to determine the situation.
Xiao Feng did not hide it, saying that Gong Qianqiu had been in contact with him
during that time.
"It's basically determined that Gong Qianqiu has been playing with Xiao Feng."
Phoenix said solemnly.
Kirin added: "And Chu Wu suddenly committed suicide, most likely the information leaked by Xiao Feng."
Azure Dragon (Qinglong) and others nodded in agreement.
At that time, Levi Garrison had just stared at Chu Wu and was preparing for an
in-depth investigation, when Chu Wu chose to commit suicide without warning.
And burnt a lot of classified material before committing suicide.
If it is a coincidence.
But everything that happens is definitely for people.
It could even be called a conspiracy.
It is basically certain that Xiao Feng did not intend to leak it to Gong Qianqiu Levi
Garrison.
Gong Qianqiu then informed Chu Wu and let him commit suicide directly.
Then there is the fact that Levi Garrison was hiding in the depths of the spiritual
veins and waiting for the rabbit.
The mysterious woman also turned around and fled at the most critical moment.
If this mysterious woman is Gong Qianqiu, all problems will be straightened out.
It also includes the location of the follow-up base camp, the disclosure of Levilia
Gongfa, and so on.
It should all be caused by Xiao Feng's intentional or unintentional leakage.
"So, Gong Qianqiu is likely to be a mysterious woman!" Phoenix made a final
decision.
Azure Dragon (Qinglong) nodded and added: "Even if Gong Qianqiu is not a
mysterious woman, the relationship between the two is extremely close."

“agree!”
The Azure Dragon (Qinglong) five quickly unified their opinions.
The crux of the question now is whether to tell the boss or not.
Once informed, will the teacher-apprentice relationship between Xiao Feng and
the boss be greatly affected?
It even ends there!
Azure Dragon (Qinglong) and others hesitated.
the other side.
Gong Qianqiu is setting up matters related to the eternal kingdom.
Immediately decided to give Levi Garrison a big surprise.
He sent Duguxiao to lead dozens of dead soldiers to attack the base camp.
These dozens of dead men are all strong men who have just swallowed the super
spiritual veins.
Of course, the timing they chose was after Levi Garrison left.
Duguxiao was in high spirits, he didn’t kill enough last time.
This time, with Gong Qianqiu’s instructions, everyone except Levilia can kill.
Duguxiao simply laughed and decided to kill.
It was not long before Levi Garrison was called away by the people of Shentianjian, and Duguxiao and others rushed in.
“Everyone, listen, today next year will be your death day. Kill!”
Duguxiao said condensedly.

Everyone is all too familiar with this voice.
Duguxiao!
The big devil who abused the audience lightly is here.
The crowd was extremely nervous.
The foreshadowing of the Eternal Kingdom Lightning being destroyed was just a
few days ago.
If there is Levi Garrison in charge, everyone will not be so panic.
Advertisement
But just as Levi Garrison left, Duguxiao came to sneak attack.
Is this just a coincidence?
impossible!
Maybe there are spies inside.
Advertisement
Many people have this idea.

This made their already low confidence worse.
“Don’t panic, everyone, follow me to the underground base.”
Azure Dragon (Qinglong) and others directly led the crowd to transfer.
This was also explained by Levi Garrison in advance.
As long as Levi Garrison is out of the time period, he is attacked by a powerful
enemy.
Without forcibly resisting, quickly move to the underground base.
This will preserve as much energy as possible.
the other side!
Advertisement
Dozens of dead men seemed to be tireless and frantically bombarded the defensive formations around the base camp.
But after all, this is Levi Garrison’s participation in the arrangement, the strength
gap is there, how can they be crushed?
“You all get out of the way!”
Duguxiao ran the exercise and hit the energy shield released by the defensive
formation with all his strength.
Boom!
With a loud noise, the protective shield cracked instantly.
“Break it to me!”
Duguxiao violently punched again.
The defensive formation collapsed suddenly.
The original face of the base camp was exposed to everyone’s eyes.
“Reporting to the young master, there is no one here.”
Dozens of dead men carried out a carpet search, but found no half-figure.
Duguxiao said with a sneer: “I thought I got into the mouse hole, so I can’t find it?
Come with me!”
Gong Qianqiu had already told Duguxiao the exact location of the underground
base.
Inside the underground base.
Azure Dragon (Qinglong) and the others all looked solemn.
When they were attacked, they contacted Levi Garrison as soon as possible.
However, everyone was shocked to find that the communication tool and the
outside world were completely cut off.
Any information sending device will prompt sending failure.

This made everyone's heart sink to the bottom in an instant.
"Don't be nervous, as long as you don't leave the underground base, everyone
can be safe."
Zoey Lopez's voice did not fall.
Everyone suddenly felt that the top of the entire underground base shook violently.
"what's going on?"
Everyone was shocked at first, and then reacted.
Someone is attacking the defensive formation of the underground base.
Sure enough, a moment later, the terrifying sound of energy fluctuations and
collisions came one after another.
"Underground base exposed?"
"How is this possible!"
"That mysterious woman can even shatter the energy shield of the Eternal Realm."
"Can our defense hold up?"
There was an uproar at the scene.
Every violent vibration outside was like a giant hammer hitting everyone's heart.
Doubt, worry, fear, nervousness, etc. quickly spread.
Azure Dragon (Qinglong) and others were also extremely surprised.
The underground base is the boss's last trump card!
Those who knew the exact location of the underground base before this were
members of the core.
How did Duguxiao know about it?
Unless one of them leaks the exact location coordinates.
Phoenix's thoughts turned extremely fast, and he quickly thought of this possibility.
Combined with a lot of information from previous investigations.
His eyes naturally glanced at Xiao Feng.
Among the absolute core members, Xiao Feng has the deepest entanglement
with the peripheral personnel.
He could even die willingly for Gong Qianqiu.
Therefore, Xiao Feng may indeed reveal the location of the underground base to
Gong Qianqiu.
"But will he really leak?"
Phoenix was a little unsure.

After all, Xiao Feng was the first disciple that the boss valued most.
Other information leaks don't matter.
But the underground base is at stake for everyone's safety.
It is even said that Levi Garrison's entire net worth and life are here.
As long as Xiao Feng has even a trace of conscience, he will not tell others about
such an important thing.

If it wasn't for Xiao Feng, how did Duguxiao know about it?
Incredible!
Boom!
Accompanied by a deafening sound.
The defense formation of the underground base collapsed suddenly.
Because the location of the underground base is extremely secret, outsiders
have no way of knowing the exact location.
Advertisement
On the contrary, Levi Garrison did not have a particularly strong defensive
formation.
"A group of ants, where else can you hide?"
Duguxiao rushed in first.
Dozens of dead men followed behind.
Advertisement
"I will deal with Duguxiao, and you should be careful with other people."
Levilia volunteered to fight.
Of course this is helpless.
The strongest individual combat power at present is Levilia.
When others go up to fight against Duguxiao, it is basically a death sentence, and
there is no difference.
In order to reduce unnecessary casualties, this is the best arrangement.
"You little baby, how can you have the confidence to resist Lao Tzu?"
Duguxiao looked up and laughed, and he was completely mad.
"Don't talk nonsense, let's go!"
Advertisement
Levilia's face was particularly solemn.
She could clearly feel the terror of Duguxiao.
The power that burst out is at least two levels higher than the last time.
"Since you are in such a hurry to find abuse, I will fulfill you."

Duguxiao runs the exercise to launch an attack.
Levilia also did not hold back at all, running the exercises to mobilize the power
of aura and elements between heaven and earth.
There are no fancy moves between the two.
It's basically a counter-bombing of absolute power.
However, the situation was beyond everyone's expectations.
Because from the beginning to the end, Levilia was almost pressed and beaten by
Duguxiao.
There were even many dangers, and it was almost impossible to support it.
Zoey Lopez, Azure Dragon (Qinglong) and others came to help.
Never thought that those dead men were equally powerful.
Although they have fewer enemies and more enemies, they have an absolute
advantage on the scene.
Zoey Lopez and others were too busy to take care of themselves, and even Azure
Dragon (Qinglong) and others were injured to varying degrees one after another.
Self-protection is still very difficult, and it is completely incapable of supporting
Levilia.
"Break it for me!"
Duguxiao shouted violently and threw a punch at Levilia's location.
Levilia couldn't dodge in time, the protective shield was instantly shattered, and
the whole person flew out backwards.
puff!
Levilia vomited blood, as if he was seriously injured.
The hearts of everyone in the underground base instantly sank to the bottom of
the valley.
One's strongest combat power collapsed suddenly, and the others barely protected themselves.
How is this fight going?
Duguxiao did not continue to kill all the people, looked at the time, and directly
issued an order to his subordinates.
"It's almost there, let's withdraw."
The dead soldiers did not hesitate to withdraw from the battle.
Following Duguxiao, he quickly evacuated.

Leaving the underground base in a mess.
Ordinary members of the base camp suffered heavy casualties.
The core members headed by Levilia were seriously injured!
Levi Garrison, who was out on business, suddenly had a bad feeling.
Using communication tools to contact relatives and friends, but found no response in any case.
Levi Garrison realized that something might have happened to the base camp.
A burst of rushing back to the underground base.
Levi Garrison saw the scene of the broken walls and the casualties of his subordinates.
"how so?"
Levi Garrison was a little dumbfounded.
If the other party insists on killing them, it will be completely over.
It will be too late to regret then.
Levi Garrison felt like a huge boulder was pressing down on his chest.
Breathing started to get rough.
Originally from the thought of life-saving trump card, the underground base has
long been exposed.
"hateful!"
Levi Garrison clenched his fists with anger in his eyes.
"I thought the underground base could protect my relatives and friends instead
of me, but it ended up like this."
Levi Garrison regretted it to the extreme.
Thoughts flashed in his mind, Levi Garrison suddenly realized an important
problem.
It seems that he has long since fallen into the other party's trap unknowingly.

Levi Garrison suddenly thought of something.
A few days ago, the spies of the mysterious forces active near the base camp
were exposed one after another.
Azure Dragon (Qinglong) and the others also seized several torturers to extract
confessions.

Learn that these spies are looking for the location where their own personnel are
hiding.
At that time, Levi Garrison was preconceived and naturally thought that the
mysterious forces did not know the exact location of the underground base.
But now, if you taste it carefully, this should be the other party's plan.

to numb yourself.
Convince yourself that they don't know about underground bases.
"But how did the secret base leak out?"
Levi Garrison was puzzled.
Advertisement
Very few people actually know about the secret underground base.
Such as Levilia, Zoey Lopez, Azure Dragon (Qinglong), Xiao Feng and so on.
They are all very close people.
They can't leak their location to outsiders!
"Who will it be?"
Levi Garrison quickly went through all the people who knew the secret base in his
mind.
I really didn't find anyone who would do such a detrimental thing.
"What do you have to say about the leak of the underground base?"
Levi Garrison asked in a deep voice.
Advertisement
Everyone looked at each other in dismay, and no one spoke rashly.
After all, any speculation without conclusive evidence will make the suspect a
target.
Because of this, Azure Dragon (Qinglong) and others did not name Xiao Feng.
In fact, Xiao Feng's mood at this time was also extremely uneasy.
Thoughts are messed up.
Because Xiao Feng suddenly thought of Gong Qianqiu.
Just after the multi-party coalition army attacked the base camp, Xiao Feng told
the underground base.
Could it be that Gong Qianqiu really leaked it out?
"No, how could Qianqiu hurt me?"

“She knew that this was the hiding place of her master and friends, and a leak
would have serious consequences.”
“She loves me so much, how could she put me in a place of infidelity?”
Xiao Feng was extremely irritable.
“Could it be that Duguxiao held Qianqiu hostage?”
Xiao Feng was suddenly taken aback by this thought.
His relationship with Gong Qianqiu is not top secret.
It can be said that many people know that they once madly pursued Gong Qianqiu.
Duguxiao’s parents were both high-ranking officials of Shentianjian, and their
eyes were naturally spread all over the Zhenmo Division.
So it’s not difficult for them to get the message, it’s even very easy to say.
After the two alien races were destroyed, Duguxiao was rescued by a mysterious
woman.
So as long as he takes revenge, Gong Qianqiu is definitely a worthwhile existence.
Because of his close relationship with Gong Qianqiu, it is very likely that he will
learn a lot of information about Master from his own mouth.
“Yes, it must be so.”
“It must be Duguxiao who held Gong Qianqiu hostage and used some special
means to extract the information.”
Xiao Feng is more and more convinced of the possibility of this speculation.
Xuanming aliens have many evil sect exercises, is it not easy to obtain information?
After all, Gong Qianqiu’s strength is average.
How can she handle it?
“Qianqiu, you have to hold on, I will find a way to save you.”
Xiao Feng was very anxious, and he felt more and more that Gong Qianqiu was
being controlled.
Even suffering from various inhuman tortures.
His heart hurts!
“Everyone, the situation is special. If you have something, you must say it, and
don’t hide it.”

“The specific location of the underground base is our core secret, and the other
party can find it accurately.”
“Being familiar with us to such an extent must have been leaked by one of our
own.”
Levi Garrison’s voice became colder and colder.
Glancing at everyone, everyone felt a chill.
In fact, there is no need for Levi Garrison to say it, almost everyone has such an
idea.
They were all very confused at first and felt incredible.
But as time passed, everyone looked at Xiao Feng in unison.
Especially led by Azure Dragon (Qinglong) and several others.
They had long suspected that Xiao Feng had leaked it to Gong Qianqiu.
Now that Levi Garrison has spoken to such a level, they have decided not to hide
it anymore.
Feeling the cold eyes of everyone, Xiao Feng’s face became more and more
difficult to look at.

“Xiao Feng, what do you say?” Levi Garrison asked lightly.
To be honest, apart from his wife and daughter, the last thing Levi Garrison
wanted to suspect was Xiao Feng.
He valued the first disciple very much.
Of course, Xiao Feng couldn’t turn a corner except emotionally.
In other respects it is almost impeccable.
To have a head, to have a brain, to have a talent.
Advertisement
Be more loyal to yourself.
But it is precisely because of Xiao Feng’s emotional “dumbness” that Levi Garrison is particularly worried.
Worrying about him being confused.
“Master, I...”
Advertisement
Xiao Feng felt a little speechless.
He really didn’t want to deceive the master, but on the other hand it was his love.

What's more, considering that Gong Qianqiu is likely to be forced helplessly.
Or it was because of Duguxiao's evil trick that the underground base was leaked.
After a fierce ideological struggle, Xiao Feng finally decided to lie to Gong
Qianqiu again.
If the truth is revealed at that time, Gong Qianqiu is really behind the scenes.
He was a big deal to apologise to death.
"Master, I definitely didn't divulge the location of the underground base to
anyone."
Xiao Feng's tone was extremely serious.
Advertisement
Seeing that Azure Dragon (Qinglong) and others still had doubts in their eyes,
Xiao Feng added:
"If I leak it to other people, the sky and the earth will be destroyed, and the
thunder will hit the top, and I will not die!"
Seeing that Xiao Feng made such a poisonous oath, Levi Garrison and the others
did not continue to doubt.
Azure Dragon (Qinglong) and others have nothing to do.
Especially Xiao Feng's appearance just now was completely unpretentious.
Totally from the heart.
"Perhaps we have wronged him?"
Even Phoenix began to doubt his previous judgment.
"Xiao Feng, don't worry, I just want to find out the truth."
Levi Garrison comforted.
He didn't want to have a rift with his lover because of this.
Xiao Feng said with a wry smile: "Master did nothing wrong, you should practice
extraordinary methods at extraordinary times, and there is nothing wrong with
being cautious."
"You can rest assured that you can think of being a teacher like that."
Levi Garrison was quite pleased.
Xiao Feng sat down slowly.
I was still thinking of Gong Qianqiu in my mind.

What comforted Xiao Feng in particular was that Gong Qianqiu didn't know the
structure of the base camp at all when the divine robbery was stolen.
After all, he didn't bring Gong Qianqiu here at that time.
Moreover, Gong Qianqiu's cultivation base was limited at that time, and it could
even be regarded as very weak.
It is even more impossible to risk your life to commit theft.
"Since the divine calamity was not stolen by Qianqiu, then I can't stand against
the mysterious woman."
"After all, the mysterious woman once tried to kill me with divine robbery."
Xiao Feng thought of this, and the corners of his mouth twitched slightly.
Levi Garrison didn't know that the baby apprentice still missed Gong Qianqiu.
Instead, after arranging the next tasks, he directly helped to repair the damaged
defensive formation.
Azure Dragon (Qinglong) and the others thought over and over again.
Phoenix found Levi Garrison in private.
"Boss, we investigated Xiao Feng during this time."
"His love for Gong Qianqiu has reached the point of becoming obsessed."
"I know everything about Gong Qianqiu without saying anything."
Phoenix made no reservations and informed Levi Garrison of the results of the
recent investigation.
Levi Garrison frowned slightly, but thinking that Xiao Feng had made such a
poisonous oath, he was a little unsure.
"I know what you mean. I will pay extra attention to Xiao Feng."
"You are all seriously injured, go and heal!"
Levi Garrison said solemnly.
Azure Dragon (Qinglong) and the others saw that the boss already knew what
they had in mind, so they didn't continue to say anything.
Leave to find a secluded place to exercise for healing.
Levi Garrison was quite emotional when he saw several brothers who had been
friends with each other.
It seems that they explained Xiao Feng's situation to themselves, and they also

made a great determination!
“Xiao Feng, I hope you don’t do stupid things!”
Levi Garrison got rid of the distracting thoughts, he doesn’t think about anything
now.
Or that he has only one thing on his mind right now.
Prepare to fight to the death with the mysterious female leader and Dugu Xiao.

Protector] Chapter 3768

Xiao Feng is still secretly praising his own wisdom.
But I don’t know that everything has been seen through by Gong Qianqiu.
Even people have come to make a plan.
The two started immediately.
To say that Xiao Feng practiced very hard some time ago.
The cultivation realm has indeed made great progress.
Advertisement
But this level of cultivation is really not worth mentioning in Gong Qianqiu’s
view.
Even at the moment when Xiao Feng ran the exercise, Gong Qianqiu had accurately judged the upper limit of his combat power.
At the same time, he also quickly estimated how much strength he should use in
order not to reveal his flaws.
It doesn’t seem particularly vulnerable, but it also makes Xiao Feng feel vanity
and satisfaction.
Advertisement
The most important thing is to cause Xiao Feng to feel a greater sense of guilt.
So Gong Qianqiu “hardly supported” twenty or thirty moves under Xiao Feng’s
fierce offensive.
Then Gong Qianqiu “inadvertently” took a palm in the back.
The body was shaken several feet away, and he vomited blood.
It looked like he was seriously injured.
“Qianqiu, are you okay?”
Xiao Feng hurriedly ran over and asked with concern on his face.
Gong Qianqiu said in a weak voice: “I…I have nothing to do, don’t worry.”

“I’m sorry, I shot too hard. I really didn’t want to hurt you.”
Advertisement
Xiao Feng felt remorse.
Just now, in order to show the results of his cultivation during this period, he was
again recognized by Gong Qianqiu.
It really showed the combat power to its strongest state.
“I don’t blame you, I was hurt because I didn’t pay attention.”
Gong Qianqiu regained his previous understanding: “Xiao Feng, you really didn’t
disappoint me.”
“It’s really amazing that the cultivation base has risen to such a level in a short
period of time.”
“Last time I scolded you and I was deeply in love. Which woman doesn’t want her
man to be a strong man?”
“You can’t blame me!”
Gong Qianqiu made a shy and guilty self-examination.
In an instant, Xiao Feng broke the defense.
“How could I blame you? Thanks to you for getting me back together.”
“I thank you for being too late!”
“Qianqiu, you know what! You are the only motivation for me to live during this
period of time.”
Xiao Feng once again confessed affectionately.
After the test just now, Xiao Feng concluded that Gong Qianqiu did not practice
Levilia’s exercises.
Because Levilia’s devouring technique is too special, even if he hides it, he will
reveal clues.
Especially after he has risen to this level, it can be said that he can have some
kind of special feeling with those who also practice the Sovereign Technique.
Especially when running the exercises, this kind of induction will be stronger.
It is also because of this that Xiao’s guilt and self-blame are outside the style.
Guilt is because I once suspected that Gong Qianqiu had leaked Levilia’s practice.

To this end also tried every means to try.
The most important thing is that Gong Qianqiu vomited blood.
Xiao Feng could not wait to slap himself a few times.
"I'm so damned."
Xiao Feng was so remorseful that he didn't even have the courage to look directly at Gong Qianqiu.
He was worried that Gong Qianqiu would discover the flaws, which would create
a gap between the two.
That would be shooting yourself in the foot.
"I know."
Gong Qianqiu resisted nausea and wiped the blood from the corner of his mouth.
He continued: "Xiao Feng, I am really satisfied that you can cheer up and become
so strong."
With Gong Qianqiu's affirmation, Xiao Feng was about to float up.
In the past, Xiao Feng felt that he was not worthy of Gong Qianqiu.
Now there is finally one aspect that completely crushes her.
The most important thing is to get the approval of Gong Qianqiu.
This is more important to Xiao Feng than any achievement.
"Hey!"
Gong Qianqiu suddenly sighed faintly and said, "Now the gap between my strength and yours is getting bigger and bigger."
Xiao Feng hurriedly comforted: "Cultivation can't be rushed, and you're not
weak!"
"Well, you're right."
Gong Qianqiu affirmed Xiao Feng again, and continued to tout: "Besides, you are
so strong, how my cultivation base is not so important, isn't it?"

Xiao Feng's spirit was shocked, and the excitement in his heart couldn't be
added.
Of course he understood the subtext of Gong Qianqiu's words.
It is clear that he has found support.
"Don't worry, Qianqiu, as long as I'm here, no one can hurt you."
Xiao Feng made a domineering statement.
Now the strength is too much beyond Gong Qianqiu.

Advertisement
Xiao Feng felt that she was already qualified to say this.
“Cultivating hard for so long, the effort is finally not in vain.”
Xiao Fengzhi is satisfied and full of sense of accomplishment.
During this period of time, he practiced frantically, except that he wanted to help
Levi Garrison deal with the mysterious woman and Duguxiao.
Advertisement
In fact, it is mainly because I want to get the approval of Gong Qianqiu.
Especially after walking with Gong Qianqiu in the future, he will not let others
say things that are not worthy of her.
Now all these worries and concerns are gone.
“I’m already qualified to say the words to protect Qianqiu.”
The more Xiao Feng thought about it, the happier he became, and the corners of
his mouth rose slightly involuntarily.
“Well, then I’ll depend on you from now on.”
Gong Qianqiu said reliedly: “You have time to give me some pointers on my
practice, I don’t want to drag you down.”
“No problem!”
Xiao Feng has been praised a little too high.
Advertisement
“Qianqiu, as long as you are willing, you can take my life as you like, let alone give
pointers to cultivation.”
“If you encounter any bottlenecks in your future cultivation, just tell me.”
“I must know everything and say everything.”
Xiao Feng patted his chest and assured.
Gong Qianqiu only felt nauseated for a while.
This leader can kill you with one finger.
Just you, the three-legged cat kung fu, also accompany and guide this leader?
joke!
Great joke!
Although Gong Qianqiu thought so in his heart, his face was full of admiration.
“Well, I believe in your strength.” Gong Qianqiu’s beautiful eyes were full of
reliance.
Xiao Feng was even more proud of it.

If it weren't for the fear of leaving a bad impression of Gong Qianqiu's instability.
Xiao Feng can't wait to dance on the spot.
Next, Gong Qianqiu was again touting Xiao Feng's power.
And express her strong dependence on Xiao Feng.
Xiao Feng felt as if he was floating on the clouds during the whole process.
The haze of recent months has been swept away.
Gong Qianqiu endured the nausea and complained to Xiao Feng.
There is a new plan in mind.
"Xiao Feng, you can improve so fast, are you practising Levilia's exercises?"
Gong Qianqiu turned and asked.
Xiao Feng nodded and said, "That's right, Levilia's practice is too powerful.
It's very likely that you were injured in your last exercise because you couldn't
find the essentials. If you want to learn, I will give you some pointers. "
"Okay!" Gong Qianqiu pretended to be very excited.
In fact, Gong Qianqiu did something else.
She always had the idea of letting Xiao Feng backstab Levi Garrison at the
last moment.
But with Xiao Feng's strength, this idea is almost impossible to achieve.
Even encountering Levi Garrison's clothes is delusional.
But what if Xiao Feng's extreme devouring technique is taught?
In this way, Xiao Feng's strength will quickly become stronger, and finally he can
reach the level of Duguxiao's cultivation.
Only then would it be possible to hurt Levi Garrison in the case of a sneak attack.
Of course, there is still no hope of successfully assassinating Levi Garrison.
But in Gong Qianqiu's view, as long as the scene where the apprentice was
assassinated by the master happened, it was very successful.
Especially backstab Levi Garrison, who is his most trusted and valued apprentice.
This heart-killing effect is the strongest.
"Xiao Feng, can you show me how to absorb spiritual energy?"
Gong Qianqiu had a hopeful expression on his face.

This temporary stronghold has a small spiritual vein, and there is still some
spiritual energy left after Gong Qianqiu devoured it.
Xiao Feng readily agreed and ran the exercises on the spot.
Soon Xiao Feng was the center, forming an energy vortex.
Gong Qianqiu occasionally asked questions, but in fact, he was gradually guiding
Xiao Feng to discover the method of extreme devouring.

"Xiao Feng, do you think there will be any problems with running the exercises
like this?"
"Last time I used a method similar to exercise, but my body suddenly couldn't
bear the impact of the skyrocketing spiritual energy."
"You are strong now, I think you can give it a try."
Under the deliberate guidance of Gong Qianqiu.
Xiao Feng gradually discovered the extreme phagocytosis characteristics in the
exercises.
The spiritual energy in the body suddenly soared, and the feeling of filling the
dantian made Xiao Feng feel relieved.
Advertisement
"It turns out that the Levilia Gongfa can still be used like this?"
Xiao Feng was overjoyed.
He found that this kind of extreme devouring exercise method can make the
cultivation base skyrocket in a short period of time.
And this method seems to have been discussed in depth by Master and Levilia
before.
Advertisement
It's just that Xiao Feng has tried many times later, but he has not been able to
find the way of extreme devouring.
It never occurred to me that under the wrong circumstances, the key method has
been found.
"Qianqiu, you are really my lucky star!"

Xiao Feng was ecstatic.
Xiao Feng continued to experiment with extreme swallowing exercises several
times, but found no side effects.
This completely relieved my mind.
"Qianqiu, it seems that the last time you were injured in your exercise skills, you
didn't know your cultivation base, and your body couldn't bear the impact of the
sudden surge of spiritual energy."
"Under the pressure of the powerful spiritual energy, the meridians are disordered, resulting in internal injuries."
Xiao Feng explained patiently.
Advertisement
Gong Qianqiu made an expression of admiration and nodded again and again.
I agree with Xiao Feng's point of view.
In his heart, he sneered, Xiao Feng, this idiot.
He actually took the initiative to help himself to tell his lie, which saved the
effort of trying to find a way to clarify.
"Xiao Feng, you are really a cultivation genius. If this goes on, the gap between
my strength and yours will become bigger and bigger."
Gong Qianqiu continued to wear a high hat to Xiao Feng.
Xiao Feng felt very useful.
The higher Gong Qianqiu's sense of identity, the greater Xiao Feng's sense of
accomplishment.
"It doesn't matter, if I give some pointers, your cultivation will also improve day
by day." Xiao Feng said with a smile.
Gong Qianqiu waved his hand and said, "Forget it! I don't practice Levilia's
exercises anymore, and I don't want to cause trouble."
"Besides, with you guarding me, I don't worry about being bullied by others."
Seeing Gong Qianqiu's resolute attitude, Xiao Feng regretted again.
Look at people, in order to avoid suspicion, directly shirk the practice of not
cultivating Levilia.
He even suspected that Gong Qianqiu had leaked the exercises.

It's really inappropriate.
"Xiao Feng, it's hard to find this swallowing technique, you must not spread it out,
lest you be remembered by those who have a heart."
"That way you'll be in danger at any time."
Gong Qianqiu said with a serious face.
"I know, I'll be tight-lipped."
Xiao Feng nodded and said, "And from today, I will devour with all my strength,
and my strength will increase greatly. Who would dare to attack me?"
This is Xiao Feng's heart.
Since he discovered the extreme swallowing method by chance, he must swallow
it with all his strength to strengthen his cultivation.
As a result, you can gain a sense of identity in front of Gong Qianqiu and gain her
favor.
Second, it can also protect Gong Qianqiu.
Three years later, the upper limit of the cultivation base can be quickly increased,
and then it can help the master to fight against the powerful enemy.
"Well, I expect you to become a peerless powerhouse and rule the world."
At this time, Gong Qianqiu seemed to have turned into a little fan girl.
With the encouragement and worship of Gong Qianqiu, Xiao Feng became more
and more determined to practice extreme swallowing exercises.
Only by endless devouring can one become a peerless powerhouse as soon as
possible.
At that time, Gong Qianqiu will be in charge of beauty and beauty, and Xiao Feng
will be in charge of reigning the world.
The two became the fairy couple that everyone envied.
Xiao Feng seems to have seen the wonderful scene of bringing beauty to the
world.
Today is a double happiness for Xiao Feng.
First of all, it was confirmed that Gong Qianqiu and the leaked exercises had
nothing to do with the secret base.
Second, he also discovered the method of extreme phagocytosis.
"What a happy and wonderful day."

Xiao Feng was deeply moved.

It was not until late at night that Xiao Feng reluctantly separated from Gong
Qianqiu.
Of course, Gong Qianqiu used the charm technique to make Xiao Feng fall into
the illusion of nothingness.
Let Xiao Feng think that he and Gong Qianqiu have been together for a long
time.
Phoenix and others felt very strange when they saw Xiao Feng who was in high
spirits.
"He still looks listless during the day."
"Why are you suddenly so radiant?"
Advertisement
Phoenix and the others were puzzled.
the other side.
Shen Tianjian and the Suppressing Demon Division are under extreme pressure.
For fear that mysterious forces will strike at any time.
Advertisement
Fear and anxiety pervade every corner.
However, at this moment, the tracking token suddenly lit up.
Tiansi has a message.
And it was also the information sent by Tiansi himself.
"I know everything that happened to the Shen Tianjian and the town magician."
"It will return to support the overall situation soon."
"You can wait with peace of mind!"
In just a few words, the Zhenmo Division boiled up and down.
Tiansi's strength has reached the realm of perfection many years ago.
Advertisement
It has definitely improved over the years.
As long as Tiansi returns, no matter the mysterious force or Levi Garrison.
All have to stand aside.
In the hearts of all the staff of the Town Demon Division, Tian Si is the invincible

god.
Everyone regained their confidence, and the previous gloom disappeared in an
instant.
At the same time, Gong Qianqiu also learned of this.
But Gong Qianqiu was not worried.
In her opinion, no matter how powerful Tiansi is, it is impossible to swallow a
super spiritual vein in a short period of time.
However, she Gong Qianqiu can do it.
Especially Gong Qianqiu is not willing to limit it to this, she also wants to improve
at a deeper level.
I want to continue to swallow it.
Otherwise, wouldn't it be a waste of time to put that super spiritual vein in the
Eternal Kingdom there?
*People's ** never ends, Gong Qianqiu not only wants to continue to swallow.*
Also want to see Tiansi looking for the legendary world.
Purely on ambition, Gong Qianqiu has never been subservient to others.
"Master Bone, please help me think of a way, I don't believe this is my swallowing
limit."
Gong Qianqiu said solemnly.
Master Bone is very clear about Gong Qianqiu's ambitions.
Of course, he is also happy to follow such an ambitious and capable leader to
glory.
The bone master quickly recalled the tomes he had read.
A thought suddenly flashed through his mind.
"Reporting to the leader, I suddenly remembered that it was recorded in an
ancient book that Tianlei can temper the body."
"As long as the physical strength is improved, it will naturally support the leader
to continue to swallow."
"It's just that thunder is hard to find, and it's extremely difficult to control."
The Bone Master was in trouble again.
"Master Bone, you seem to have forgotten a faction!"
Gong Qianqiu said sadly.

Master Bone's thoughts turned, and his eyes soon lit up.
"Tianshifu!"
The bone master suddenly became enlightened.
The Tianshi Mansion has special means to mobilize Tianlei for its own use.
It just happens to be an excellent choice for body quenching!
It's just that the Tianshi Mansion has always been mysterious, and the real base camp is hard to find.
Especially not very clear about the details of Tianshi Mansion.
It is said that the comprehensive strength of Tianshi Mansion far exceeds that of Zhen Mosi.
Such a terrifying force must be carefully planned and slowly drawn.
Otherwise, it is easy to get caught up in fire.
"Once you figure out a good way to control the Tianshifu."
"As long as the Sky Thunder Tempered Body is drawn, I can devour the spiritual veins again."
"Who will be the enemy then?"
The more Gong Qianqiu thought about it, the more excited he became.
Couldn't help but laugh out loud.
the other side.
Levi Garrison couldn't help it.
Passive waiting is too boring.
"The best defense is the offense."
Levi Garrison suddenly stood up.
He finally couldn't bear it any longer, and killed people directly to the eternal kingdom.
After all, according to the information obtained, the Qianqiu Sect has been guarding the place since the destruction of the Eternal Kingdom.
So as long as we kill all these left-behind people, we can never have trouble in the future.
"This trouble must be resolved as soon as possible."
Levi Garrison made up his mind.
However, when Levi Garrison arrived in the eternal kingdom, he saw an incredible scene.

At this moment, the eternal kingdom can basically be described in eight words.
The corpses are scattered all over the field, and the walls are broken.
Levi Garrison quickly probed and found that there was no half-person figure.
There is no trace of the followers of Qianqiu Sect and the people of the eternal
kingdom.
"Everyone is evacuated, or is it hidden?"
This time, he went to the Eternal Kingdom base camp alone, and no one knew his
whereabouts.
Advertisement
Even the closest person, Levi Garrison, never mentioned it.
Before leaving the underground base, Levi Garrison was even more rigorous.
Leave secretly after making sure that there is no tracking around.
Therefore, the movement trajectory is absolutely impossible to be detected by
the other party.
Advertisement
In this way, the probability of Qianqiu's full evacuation is higher.
After making a judgment, Levi Garrison continued to investigate.
With his keen sense of the spiritual energy of heaven and earth, he soon found
the super spiritual vein of the eternal kingdom.
"The energy contained in this spiritual vein is much more terrifying than the
spiritual vein of the Xuanming alien race!"
Levi Garrison was quite emotional.
It's no wonder that the energy shield of the eternal kingdom can withstand two
consecutive punches from itself!
It's really a bit unusual to have such a huge spiritual vein, and not even half of the
guards remain.
Which mysterious woman has no reason to let such terrifying cultivation resources go unnoticed!
"Could it be that she feels that she no longer needs to continue devouring to be

invincible in the world?”
Advertisement
Levi Garrison frowned, it would be a bit tricky if that was the case.
According to the understanding of several exchanges, Levi Garrison can judge
that the mysterious woman is very cautious.
If even the mysterious woman thinks she is invincible in the world, can you imagine how terrifying his cultivation base has reached now?
Of course there is another possibility.
The mysterious woman is sure that other people will not be extremely devoured.
So what kind of terrifying energy is contained in this huge spiritual vein, it is no
different from a pile of garbage to other people.
Can’t move, can’t use it.
Even if there is another force similar to the eternal kingdom that knows how to
use the power of the spiritual veins to build a base.
Building a base is not something that can be done overnight.
At that time, the mysterious woman can bring someone to destroy it at any time,
and then snatch the spiritual veins back.
Do not!
It should be that she has a limit on swallowing!
Of course, if the mysterious woman doesn’t leave a guard, she may be expected
to take revenge.
Don’t give yourself any chance to grasp her movements and her true identity.
After all, once the guards are left, they must be the confidants of the mysterious
woman.
It is inevitable that he will be forced to ask clues by various means.
“Very good, such an opponent is interesting!”
Levi Garrison’s heart suddenly rose up with fighting intent.
The stronger the opponent, the more excited he is.
It’s been a long time since I felt like I met my opponent!
“Mysterious woman has an upper limit for swallowing, which just confirms
Levilia’s words.”
Levi Garrison’s eyes narrowed slightly, and he became more and more certain

that what this mysterious woman cultivated originated from Levilia's own creation.
But as long as there is an upper limit, there should be no problem with his own
strength.
Levi Garrison looked at the super spiritual vein of the eternal kingdom again.
It was soon discovered what was special.
The slightly golden spiritual veins must be of very high quality.
It is even comparable to the spiritual veins under the Antarctic glaciers.
Levi Garrison remembered that the spiritual veins under the Antarctic glacier
were black and seemed to be stronger.
Of course, it is filtered from the body before.
"Since the mysterious woman can use the spiritual veins to improve, why shouldn't I?"
"How about I use this spiritual vein to quench the chain?"
Thinking of this, Levi Garrison instantly felt a sense of enlightenment.
Now his cultivation realm is here.
Unlike before, there is no way to do anything when the spiritual veins fully erupt.
Even spread to the whole world.
But now I can control myself.
Moreover, this super spiritual vein is in the small world of the Eternal Kingdom,
and it cannot reach the outside at all.
"This method works!"

To be honest, the increasing strength of the mysterious woman has given him an
unprecedented sense of crisis.
Self-improvement appears to be imminent.
Now that there is a feasible plan, Levi Garrison is also very happy.
Secondly, you can also use the super spiritual veins under the Town Demon
Division and the Atlantis plan.
The mysterious woman with the super spiritual vein in front of her can't use it,
but she can.

You can even use three spiritual veins to quench your body.
Advertisement
At that time, the strength will increase, and it will be more certain to deal with
the mysterious woman.
Levi Garrison smiled.
Can come up with such a solution at a critical moment.
Although Levi Garrison uses basic exercises, mainly to strengthen strength and
speed, it is relatively slow to practice.
Advertisement
But if Levi Garrison chose to fight with his life, the effect would be completely
different.
It can also be greatly improved in a short period of time.
It's just that this increases the training intensity, increases the training intensity,
and sets the level of life and death.
Even fighting against three super spiritual veins is almost at risk of death.
If he can't resist the impact of the super spiritual vein, he will surely die.
However, once it is resisted, the strength will take off directly.
Levi Garrison made up his mind and hurried to the base camp.
After all, chain quenching cannot be accomplished in a short time.
Before that, you must arrange things at home properly so that you can have no
worries.
Advertisement
Of course, Levi Garrison was also worried that the mysterious woman would
attack the base camp again in this gap.
Levi Garrison rushed back non-stop along the way.
"Mysterious woman, wait for Lao Tzu, and then I will give you a big surprise."
Levi Garrison sneered in his heart.
After Xiao Feng returned to the base camp, he was elated, looking for energy
everywhere to devour it.
Having tasted the sweetness, he became out of control.
The extreme devouring technique made Xiao Feng's cultivation progress by leaps
and bounds.

Of course, the main reason for Xiao Feng's good mood is that Gong Qianqiu's
various suspicions have been eliminated.
The previous depression and contradictions were gone.
Xiao Feng really felt an unprecedented ease.
Even with a smile on his face all the time.
At the same time, Phoenix and others found a key piece of information.
That mysterious force is called Qianqiu Sect.
Azure Dragon (Qinglong) and others directly contacted Gong Qianqiu.
"We must have a showdown with Xiao Feng, he must have something to hide
from us." Kirin said solemnly.
Phoenix and the others nodded in agreement.
Although Xiao Feng made a poisonous oath in front of everyone last time, he was
willing to die for Gong Qianqiu.
In order to cover Gong Qianqiu's poisonous oath, wouldn't it be more psychologically stressful?
Azure Dragon (Qinglong) and others made up their minds and directly found Xiao
Feng who was cultivating crazily.
"Xiao Feng, do you know that the mysterious force is called Qianqiu Sect?"
"We don't need to say more, you know why?"
Phoenix went straight to the point and went straight to the showdown.
"I don't understand what you're talking about."
Although he was a little surprised, Xiao Feng pretended to be stupid on the
surface.
Of course, Xiao Feng had his reasons for doing so.
Xiao Feng just saw Gong Qianqiu not long ago, and all the previous suspicions
were explained clearly.
Even Qianqiu Church is easily associated with Gong Qianqiu.
But Xiao Feng still thinks this is just a coincidence.
Moreover, he personally tested Gong Qianqiu's strength, and compared with that
mysterious woman, it was simply a cloud and mud.
How could a weak woman who can't even beat herself be the mysterious female
leader who devoured the spiritual veins of the two alien races?
"Xiao Feng, stop being obsessed with understanding, okay?"

“Yes, Xiao Feng, the leader of this Qianqiu religion is Gong Qianqiu.”
“Besides, you’d better tell the truth, have you disclosed the exact location of the
underground base to Gong Qianqiu?”
Azure Dragon (Qinglong) and others’ repeated pressing questions directly made
Xiao Feng a little annoyed.
“You better have more solid evidence, otherwise don’t blame me for being rude
to you.”
Xiao Feng said coldly.

Xiao Feng was really angry.
If there are overlapping parts of the names, they arbitrarily think it is Gong
Qianqiu?
There are thousands of people with the same name and surname in the world?
What’s more, Qianqiu Jiao means that the mysterious woman wants to be forever
and forever to dominate.
Why did it involve Gong Qianqiu?
It’s just too much.
Advertisement
“Xiao Feng, we are here for your own good, Gong Qianqiu is really not a good
woman.”
“If you continue to be so obsessed with it, you will probably hurt everyone.”
“It can even put the boss in a dangerous situation.”
Phoenix said earnestly.
Advertisement
“I’m still saying that. There is no reference to random suspicion.”
“If you have the ability, you can find conclusive evidence to slap me in the face.”
“Otherwise shut up for me.”
Xiao Feng’s tone became colder.
In his heart, no one can slander Gong Qianqiu’s reputation.

Not to mention Phoenix, even if the master came, he couldn't speculate and
slander it for no reason.
"You're really hopeless."
"Do you really wait until everyone or even the boss is in crisis before you can
wake up?"
The anger in Azure Dragon (Qinglong)'s heart could not be suppressed.
Advertisement
In fact, if it wasn't for Levi Garrison's face, he would not have persuaded so hard.
It's more effective to hit him directly, maybe he can wake him up?
"Azure Dragon (Qinglong) Phoenix, I warn you guys not to spread this so-called
speculation indiscriminately."
"Once the harmony of the base camp is destroyed, and the relationship between
me and Master is destroyed, I will find you desperately."
"Trust me, you are no match for me now."
Xiao Feng's face was gloomy, and he suddenly released a terrifying energy
coercion.
It even carries the murderous aura of Sen Leng.
This really startled the five Azure Dragon (Qinglong) people.
First of all, Xiao Feng's attitude was so tough that he was even a little reckless.
Furthermore, Xiao Feng's strength has increased to such a terrifying level?
Of course, the most important thing is that they also have no conclusive evidence.
Although various signs and related information point to Gong Qianqiu.
But you didn't really see that Gong Qianqiu was the leader of Qianqiu Sect.
If you tell Levi Garrison rashly, it may really hurt the relationship between master
and apprentice and the harmony of the base camp.
The situation in the base camp is very serious now.
If there are more internal worries, wouldn't it make the situation in the base
camp worse?
If it weren't for Gong Qianqiu, it would be troublesome.
Seeing Phoenix and the others remain silent, Xiao Feng became even more

excited.
“Don’t worry, I will bring Qianqiu to see Master soon.”
“At that time, all the suspicions on Qianqiu’s body will be eliminated.”
“You can shut up completely.”
Xiao Feng was even a little proud, if he hadn’t found Gong Qianqiu in advance to
confirm.
It is really possible that the words of Phoenix and the others will lead to the
rhythm.
At that time, there will be a greater misunderstanding of Qianqiu.
Isn’t that a crime!
“Xiao Feng, do it yourself!”
Azure Dragon (Qinglong) left a sentence and turned around and left with the
others.
“Ho!”
Looking at the backs of the five Azure Dragon (Qinglong) people, Xiao Feng
dismissed them.
“When I bring Qianqiu over to see Master, everything will be revealed.”
“Let’s see if you dare to make noise again!”
Xiao Feng slandered.
In fact, this has also become the driving force for Xiao Feng to become stronger.
Only with super strength can he have a greater right to speak in the base camp
and in front of the master.
At that time, everyone will listen carefully to his suggestions and opinions, or
even adopt them directly.
“Continue to find spiritual energy to swallow.”
Xiao Feng’s mind is now full of extreme devouring all kinds of energy.
the other side.
Phoenix and others were also a little hesitant to leave.
Although Xiao Feng’s attitude was very bad, he had to admit that what he said
was very reasonable.
The stakes are very important, and there is no conclusive evidence to identify
Gong Qianqiu.
It is likely to cause unnecessary misunderstanding and estrangement.

“I think it is necessary to inform the boss that this kind of thing is better to be
blamed and not let go.”
Phoenix took the lead.

The other four stopped.
“Phoenix, is it wrong to tell the boss directly?”
“After all, we have no solid evidence. Once Gong Qianqiu is wrongly blamed, it
will definitely affect the master-disciple relationship between the boss and Xiao
Feng.”
“Xiao Feng is very thoughtful. If he really hates the boss because of this incident,
he will have endless troubles!”
“Why don’t we dig deeper into Qianqiu Jiao, and it’s not too late to find out the
direct evidence.”
Phoenix seriously considered everyone’s words.
Advertisement
But now the situation is special, and there is no room for sloppiness.
If irreversible consequences are caused by not speaking, is it not regrettable?
What’s more, you can only tell Levi Garrison this woman and the existence of
Qianqiu Sect.
As for whether the mysterious leader is Gong Qianqiu himself, let the boss decide
for himself.
Advertisement
Of course, as long as this matter is told, no matter what Levi Garrison does next,
he will offend Xiao Feng to death.
In all fairness, apart from his obsession with Gong Qianqiu, Xiao Feng is impeccable in other aspects.
It is the apprentice most valued by the boss, and is also regarded as an excellent
assistant.
Once there is a gap, it is very difficult to repair.

“It’s really confusing!”
Phoenix’s mood was extremely conflicted.
“Phoenix, are you okay?”
Azure Dragon (Qinglong) asked with concern.
Phoenix’s face just now was very ugly.
Advertisement
“It’s okay, I’ve made a decision.”
Phoenix paused and continued: “Remember, this matter has nothing to do with
you, it’s all my own opinion.”
“I am willing to bear all the consequences!”
After Phoenix turned around and left, Azure Dragon (Qinglong) and others were
a little confused at first.
But the deeper meaning of the sentence soon became apparent.
This is to inform the boss of Qianqiu’s situation!
After a fierce ideological struggle, Phoenix finally decided to inform Levi Garrison.
There is no turning back when opening the bow. Since she chose to showdown,
she will bear the consequences alone.
Soon Phoenix found Levi Garrison.
“Boss, I…”
Before Phoenix finished speaking, Levi Garrison interrupted first:
“Phoenix, I have more important things to do now, come back and talk about it!”
Phoenix was immediately stunned, and when she came back to her senses, Levi
Garrison had already left.
“The boss looks in a hurry, what is this for?”
Phoenix was a little depressed, and organized language for a long time, but he
had no chance to speak.
She didn’t know that Levi Garrison was now full of three super spiritual meridians.
He is racking his brains to find a way to settle his relatives and friends without
worries.
In this way, you can rest assured to use the super spiritual pulse to quench the
body.
at the same time.

Gong Qianqiu is also thinking of ways to improve his cultivation.
The limit of extreme engulfment annoys her very much.
Although Gong Qianqiu has chosen Tianshi Mansion, she does not intend to let
more people know.
In particular, Gong Qianqiu felt that Levi Garrison was likely to judge that he had
reached the limit of swallowing.
Such control of the Tianshi Mansion can only be done in secret.
The more secretive the better.
Otherwise, once Levi Garrison or Zhen Mosi know about it, they will definitely
make trouble.
And the strength of Tianshifu is very powerful, if you want to completely control
it silently.
It also takes a long-term view and a well-planned, foolproof plan.
It can't be done in a short period of time.
And Gong Qianqiu also noticed that there were a few more eyeliners around the
West Pavilion.
It is understood that it is the eyeliner sent by Levi Garrison's subordinates.
Xiao Feng may not directly say that he will return to the West Pavilion.
But once someone has doubts about themselves, they will definitely take this
opportunity to investigate further.
These little fish and shrimp are really bold.
If it wasn't for this sect master who needed to temporarily hide his identity, he
would have sent you to the gate of hell.
"No, these people are a disaster after all."
"Why don't you get a golden cicada to escape?"
The corner of Gong Qianqiu's mouth rose slightly, and he already had a plan in his
heart.
"So let's divert everyone's attention first!"
Gong Qianqiu's thoughts turned quickly, and he said faintly:
"For example, the blood washing of the West Pavilion will cause chaos, so it will
be more beneficial for me to fish in troubled waters."

Gong Qianqiu made up his mind and began to implement the plan.
She was originally in the West Pavilion, and in the eyes of the elite disciples, she
was an insignificant person.
Usually, not too many people pay attention to her Gong Qianqiu's movements.
Because of this, Gong Qianqiu quietly mobilized Duguxiao and some dead men.
In cooperation with the internal response of the Qianqiu Sect of the West Pavilion, the communication between the West Pavilion and the outside world
was cut off.
After confirming that everything was ready, Gong Qianqiu walked directly to the
main hall of the West Pavilion.
Advertisement
The main hall is heavily guarded, which can almost be described as five steps, one
post and ten steps and one post.
Because this is the core of the West Pavilion, there are many top-secret exercises
in the West Pavilion.
It is also the base camp where the pavilion master sits.
"Gong Qianqiu, what are you doing here?"
Advertisement
The guard asked in a cold tone.
Gong Qianqiu said with a smile: "I have something to do with the pavilion owner."
"Nonsense, the pavilion master did not call anyone over today."
"A nameless junior actually came here to make trouble."
"Leave quickly, or don't blame me for being rude to you."
Several guards followed to drive away Gong Qianqiu.
Don't look at Gong Qianqiu's lack of strength in their eyes, but they are very
jealous of her appearance.
In particular, I can't stand it or I am a little envious of Gong Qianqiu's way of
dealing with men.
So seize the opportunity and speak coldly to Gong Qianqiu.

Advertisement
“Or this superior sense of superiority, where do you get your confidence?”
Gong Qianqiu said jokingly.
The guards were slightly startled, and before they had time to react, Gong Qianqiu’s figure had disappeared from everyone’s sight.
“go to hell!”
A cold voice sounded after itself.
The captain of the guard couldn’t dodge in time, and was directly covered by a violent force.
Not even a single sound came out, and it turned into a cloud of blood.
“It’s a waste of air to live with garbage like this.”
Gong Qianqiu said coldly.
The other members of the escort team were completely stunned.
They never thought that the eyesight of the originally insignificant little people would be so terrifying.
The captain of the guard was instantly killed without even catching a single move.
The escort was attacked, which directly triggered a chain reaction.
Other guards arrived one after another and surrounded Gong Qianqiu in a storm.
“It’s good to come, just to send you back to the west together, so that you won’t be lonely on Huangquan Road.”
“Am I kind enough?”
Before the words fell, Gong Qianqiu suddenly released the breath in his body.
A powerful and terrifying energy coercion instantly spread out.
The storm that was simply driven by the breath sent many people flying out.
Everyone was shocked.
Especially those elite disciples of the West Pavilion who despised Gong Qianqiu before.
At this moment, he was scared to death.
“She is so strong?”
“What’s the matter, go back and inform the pavilion master.”
All the people left.
“Want to run, how can it be so easy?”

Gong Qianqiu quickly swept out and patted the back of the last two guards.
Bang bang!
Two blood mists rose, and they didn't have time to make any sound.
Gong Qianqiu is like a tiger entering a flock of sheep, and screams come and go
wherever he goes.
The stump and the broken arm are flying everywhere.
All the elite disciples of the West Pavilion were completely frightened.
They wanted to flee, but under the pressure of terrifying energy, their legs seemed to be filled with lead.
Difficult to move an inch.
"Isn't it arrogant before?"
Gong Qianqiu buckled a guard's neck and exerted a little force.
Gaba!
The sound of broken bones sounded.
The neck appeared at a nearly ninety-degree angle.
The female guard was dead, and the fear in her eyes did not fade away for a long
time.
"A group of ants!"
Gong Qianqiu was full of disdain.
When he raised his hand, two fists roared out, and the backs of two others sank.
After struggling for a long time, he died.
"That's it?"
Gong Qianqiu snorted coldly, and the emotions accumulated over the years were
completely released at this moment.
She wants to turn the entire West Pavilion into Shura Hell.
"Gong Qianqiu, stop!"
At this moment, a cold female voice came.

Gong Qianqiu followed the voice and saw a woman in a white dress coming
quickly.
"Isn't this Senior Sister Shuangxue! How does this Pavilion Master feel?"
Gong Qianqiu joked.
Looking at the stumps, broken arms and corpses in miserable condition

everywhere in the courtyard.
Fu Shuangxue gasped, she could feel Gong Qianqiu's strength.
Not to mention his own strength, even Gong Wenqian, the master at that time,
was probably far behind.
Advertisement
But she, Fu Shuangxue, is now the master of the West Pavilion. If she doesn't
stand up, I'm afraid no one will be able to live today.
"Gong Qianqiu, these people are all your sects, why do you want to kill so much?"
Fu Shuangxue asked in confusion.
"Why?"
Advertisement
Gong Qianqiu sneered twice and said: "When these people humiliated and ran on,
did you remember that I was the same family?"
"Now that you are dying, and you want me to remember the love of the same
family?"
"Double-standard dog has achieved such a degree, that's you, right?"
The words made Fu Shuangxue speechless.
Before, they really did not run on Gong Qianqiu less often.
Whether in terms of cultivation resources, or verbal abuse and slander.
"Gong Qianqiu, what do you want?" Fu Shuangxue asked in a deep voice.
Gong Qianqiu smiled and said: "Of course, it is to kill all the villains who are in
front of you and behind the scenes!"
"you……"
Advertisement
Fu Shuangxue wanted to scold, but considering the disparity in strength between
them.
Once scolded, it can only anger Gong Qianqiu to a greater extent.
Then the consequences are even more unimaginable.
"Just mention what conditions you have. If you want, I am willing to give you the
position of pavilion master."
Fu Shuangxue now only wants to stabilize Gong Qianqiu.
Of course, it would be best if it could be delayed until the rescue troops arrived.

Even if there are no reinforcements, as long as this life can be saved, it is not bad.
“I can consider this.”
Fu Shuangxue just wanted to strike while the iron was hot, but was interrupted
by Gong Qianqiu first: “But I have one more condition.”
“What conditions?” Fu Shuangxue asked.
Gong Qianqiu said sadly: “Kneel in front of me and kowtow to admit your mistake.”
“you……”
“Don’t want to? Then die.”
Gong Qianqiu released terrifying energy again, and everyone present was ashen.
In front of such a master, they are indeed as fragile as ants.
Fu Shuangxue’s face was also extremely ugly, she knew that Gong Qianqiu
wanted to humiliate herself.
Let yourself be disgraced in front of all Xige disciples.
“Are you going to do things like this?” Fu Shuangxue’s voice trembled.
Gong Qianqiu shrugged and said: “You led a few sluts to ruin my reputation
behind the scenes, didn’t you do everything?”
“Okay, I will kneel. As long as I kneel, you will spare the life of the disciple of the
West Pavilion, right?”
I have to say that Fu Shuangxue is very flexible.
He went directly from a life-hungry person who was begging for mercy on his
knees to a good pavilion master who sacrificed his life for his disciples.
Gong Qianqiu didn’t break it, and continued: “Then see if your performance can
satisfy me?”
Pfft!
Fu Shuangxue knelt and climbed in front of Gong Qianqiu.
Kowtow to Gong Qianqiu continuously, saying I was wrong while kowtowing.
Soon there was blood on Fu Shuangxue’s forehead.
“is it okay now?”
Fu Shuangxue’s face was as pale as snow, and her red lips were bitten by her.
When had she been so humiliated?
Gong Qianqiu slowly leaned down, and the smile on his face deepened.

Fu Shuangxue thought this was a prelude to letting him go, and he was relieved.
However, at this moment, Fu Shuangxue felt that his head was being held tightly
by someone.
There was no time to react at all, Gong Qianqiu suddenly pressed his head to the
ground.
Yu Yu's strength was too strong, and Fu Shuangxue's head was severely deformed.
Brain burst.
Gong Qianqiu seemed to have done a trivial thing.
"I'm not satisfied with the kowtow effort!"
Gong Qianqiu sneered, "So you have to die!"

sizzle!
The courtyard was filled with the sound of sucking in the cold air.
Gong Qianqiu's cruel methods left everyone present with heart-wrenching hearts.
"what!"
Finally someone couldn't help screaming.
Many people were paralyzed on the ground.
Advertisement
In fact, everyone present was an elite disciple of the West Pavilion, and almost all
of the injuries were stained with blood.
But like Gong Qianqiu, he slaughtered his fellow students while laughing and
laughing.
But even thinking about it makes me tremble.
"Qianqiu, I was wrong, I was really wrong."
Advertisement
"As long as you are willing to take my life, I am willing to be a bull and a horse for
you."
"Qianqiu, from now on, you will be our pavilion master."
All the West Pavilion disciples knelt down on the ground one after another.
His voice was choked, and he begged for mercy.

“It’s too late to ask for mercy now!”
After Gong Qianqiu finished speaking, he turned into a god of death again.
Ruthless and frantically harvesting the lives of the elite disciples of Xige.
It was a one-sided massacre.
In the face of the huge gap in strength, the elite disciples of the West Pavilion
have no room for resistance at all.
Advertisement
There wasn’t even a chance to escape.
“Damn you all!”
Wherever Gong Qianqiu went, several lives disappeared.
In the end, the entire core area of the West Pavilion was already bloodied.
At the same time, Dugu Xiao and members of the Dead Corps were also acting.
They have an absolute strength advantage.
In a short period of time, the entire West Pavilion was reduced to a hell on earth.
The corpses were all over the place, and the blood flowed into rivers.
Even the clouds above the West Pavilion seemed to be dyed red by the reflected
blood light.
The disciples of the West Pavilion who once insulted Gong Qianqiu were beheaded.
Only Qianqiu Jiao’s detailed works entered the West Pavilion.
“happy!”
Gong Qianqiu looked up and laughed.
The depression in my heart over the years was completely released.
She felt a lot lighter all over her body.
“Send the message out, and then let’s wait and see the show!”
After Gong Qianqiu ordered the meticulous work, he quickly led Duguxiao to
evacuate the West Pavilion.
Moreover, they escaped along the Xige secret road, and outsiders have no way of
knowing.
The news that the West Pavilion was bloodbathed quickly spread.
All sides shook.
In particular, the major factions of the Demon Suppression Division are in danger.
Even Shen Tianjian tried to appease him, but he couldn’t start.

To be precise, the majesty of Shentianjian in the eyes of many factions is about to
disappear.
Faced with this situation, the temporary counselor of Shentianjian was too exhausted and helpless.
Azure Dragon (Qinglong) and others also quickly got the message.
They even sent someone to the West Pavilion to investigate the situation immediately.
Of course, their main target of investigation is Gong Qianqiu.
However, the information obtained is indeed that Gong Qianqiu's life and death
are unknown and his whereabouts are unknown.
"I went to the scene to see it myself. It was a purgatory on earth. The person who
shot it was too cruel."
Thinking of the tragic scene in the West Pavilion, even Azure Dragon (Qinglong)
shuddered involuntarily.
"Do you think Gong Qianqiu did it?"
Phoenix threw another bombshell.
Kirin pondered for a moment and said, "I think it is very possible."
"And I always feel that Gong Qianqiu is still alive, otherwise there would be no
trace."
"I also inquired about the surviving disciples in the West Pavilion, and they were
all frightened and dumbfounded. They were completely incoherent."
Azure Dragon (Qinglong) said solemnly.
Phoenix's eyes narrowed slightly, and she felt more and more that Gong Qianqiu
was the initiator of all this.
Gong Qianqiu was originally from the West Pavilion, and naturally knew the
geographical environment of the West Pavilion very well.
Only in this way can she contact the external forces to completely cut off the
communication between the West Pavilion and the outside world.
Furthermore, according to what Azure Dragon (Qinglong) said, the methods of
death among the slain disciples in the West Pavilion were various and strange,
and they definitely did not come from the hands of one person.

It was absolutely suppressed on the scene.
Apart from the boss, the only one who can do this is the extremely mysterious
Qianqiu Sect.
In particular, the way those people were killed was very similar to Dugu Xiao and
the master of the dead who had attacked the base camp before.
"Continue to track down Gong Qianqiu's trace, and the truth will soon surface."
Phoenix said quietly.

Azure Dragon (Azure Dragon) and several people agreed, and they felt this way
more and more.
This matter is definitely related to Gong Qianqiu.
Because it is only in this case that the many things that run through before and
after can be fully explained.
"Besides, pay more attention to Xiao Feng, I think he may have contact with Gong
Qianqiu."
As soon as Phoenix spoke, the others turned their attention.
There was doubt in his eyes.
Advertisement
Phoenix explained: "Think about Xiao Feng's changes in the past few days."
A word woke the dreamer.
Azure Dragon (Azure Dragon) and the others instantly understood what Phoenix
meant.
Some time ago, Xiao Feng had been decadent to the extreme.
Advertisement
Just a few days ago suddenly refreshed.
Before reuniting, he unexpectedly warned himself, and even proposed to bring
Gong Qianqiu to meet the boss.
There are various signs that Xiao Feng is very likely to have contacted Gong
Qianqiu.
But for some reason, Xiao Feng concealed this matter.

Of course, for Xiao Feng, I am afraid that only Gong Qianqiu can bring him such a
huge change.
"It's just that Xiao Feng's strength is not increasing now, so I'm afraid it won't
work if we stare at it."
"That's right, once Xiao Feng finds out, he can easily get rid of us."
"Wouldn't it be time to scare the snakes?"
Phoenix felt reasonable, thought for a moment and said, "In that case, let's ask
Levilia to help!"
Advertisement
"Okay!" Everyone agreed.
On the premise of not disturbing Levi Garrison, Levilia is the only one who can
keep an eye on Xiao Feng quietly.
the other side.
Xiao Feng also quickly learned that the West Pavilion was bloodbathed.
He instinctively thought that Gong Qianqiu was in trouble, and immediately
rushed to the West Pavilion to investigate the situation.
At this moment, the West Pavilion has been surrounded by people from other
factions of the Zhenmo Division.
However, as Xiao Feng, he was not hindered by what he wanted to come in.
After all, the entire town magic department now wants to hold Levi Garrison's
thigh tightly.
The lover of the thigh is naturally also the object of their trying to please.
It's just that now Xiao Feng really doesn't have the heart to listen to these flattery.
He looked for traces of Gong Qianqiu everywhere like crazy.
"Qianqiu, you must not have an accident!"
"Hurry up and reply to my message, okay?"
"Qianqiu, where are you?"
Xiao Feng kept sending messages using communication tools.
But Gong Qianqiu did not have any response.
This made Xiao Feng's mood even more flustered.
He searched the West Pavilion inside and out, and all the secret passages of
various agencies were not missed.

But there is still no message from Gong Qianqiu.
Xiao Feng sat slumped on a stone.
There was still a faint smell of blood in the air.
But this smell made Xiao Feng even more worried.
There are so many forces in the Zhenmo Division, why did they choose the West
Pavilion?
"Could it be related to Qianqiu's investigation into Tian Si's whereabouts?"
Xiao Feng suddenly thought of this possibility.
It is rumored that Tenji went to find the legendary world.
And Gong Qianqiu was ordered to find Tiansi's whereabouts before.
This period is likely to involve the secrets of the legendary world!
Of course, it is also possible that the mysterious force randomly selected the
West Pavilion, in order to shock the entire town magic division.
But for whatever reason, now Qianqiu may be less fortunate.
Xiao Feng slapped himself fiercely.
"I'm so useless."
Xiao Feng kept scolding himself.
Not long ago, he boldly told Gong Qianqiu that he could protect her.
It didn't take long for Qianqiu to suffer this catastrophe.
And he was not by her side.
"When I was hunted down by mysterious forces, Qianqiu hoped that someone
would protect me!"
Xiao Feng felt remorse.
If he had made up his mind at that time, he would bring Gong Qianqiu back to the
base camp.
Then she can escape.
"Qianqiu, it's all my fault that I'm not firm enough."
"It's all my fault."
"It's all my fault for not being able to be by your side all the time."
Xiao Feng kept beating himself, and his cheeks were already swollen.
The Return of the God of War [The
Protector] Chapter 3780
Just as Xiao Feng was extremely remorseful, there were light footsteps coming
from behind him.
Xiao Feng turned his head to look, it was Phoenix and the others.
"Humph!"

Xiao Feng snorted coldly and got up to leave.
Since the last fight, Xiao Feng was holding back his anger.
If it wasn't for Master Levi Garrison's face, he would have wanted to fight.

After all, these people are staring at Gong Qianqiu like a ghost.
This made Xiao Feng very disgusted.
"Wait." Phoenix stopped the way.
Xiao Feng frowned, and said with some displeasure: "If you have nothing important, just get out of the way, I'm busy!"
Advertisement
"Are you going to find Gong Qianqiu?" Phoenix asked in a deep voice.
Xiao Feng nodded in recognition.
He is going to rescue Gong Qianqiu, who is now in danger with a high probability.
"Don't worry, she is definitely alive!" Azure Dragon took over.
Xiao Feng was immediately pleasantly surprised. He speculated that Azure
Dragon and others had been secretly monitoring Gong Qianqiu.
Could it be that they know the whereabouts of Gong Qianqiu?
"Where is Qianqiu?" Xiao Feng asked impatiently.
Phoenix said coldly: "I don't know exactly where it is, but even if everyone in the
West Pavilion is dead, Gong Qianqiu will definitely be alive."
"And the West Pavilion is very likely to be extinct by Gong Qianqiu."
Advertisement
Xiao Feng was instantly furious, and the expectations that had just risen were
instantly dashed.
This quickly turns into anger.
"Are you all wrong?"
Xiao Feng showed no mercy, "Qianqiu was originally from the West Pavilion, why
did she want to destroy her own classmate?"
"You like speculation so much?"
"Then help me calculate, where is Qianqiu at the moment?"
The more Xiao Feng said, the more excited he became, the blue veins on his
forehead collapsed.
In Xiao Feng's eyes, Gong Qianqiu is a pure and kind woman.
Over the years, I have chosen to endure the meager words of my classmates in

silence.
It will take a long time to be sad if you miss a match and injure your fellow junior
sister.
For such a woman, Azure Dragon and the others actually suspected her of killing
her fellow sect?
It's a big joke!
"Xiao Feng, can't you be sober?"
"If you can't just see the surface, at least think about why?"
"The West Pavilion was washed with blood, but there is no trace of Gong Qianqiu.
Have you ever thought about the possibility that she was the initiator of everything?"
Phoenix pressed step by step, trying to wake up Xiao Feng with words.
However, for Xiao Feng at the moment, this is tantamount to adding fuel to the
fire.
"Shut up, what logic is this?"
"The West Pavilion is so big, is it impossible for Qianqiu to take the opportunity
to escape?"
"Furthermore, it is difficult for people to leave a whole corpse under the bombardment of powerful strength. How can you be sure that Qianqiu is still
alive?"
Xiao Feng pointed at Phoenix, but his heart was extremely sad.
If it was the worst case, he really couldn't accept the fact that Gong Qianqiu died
without a whole body.
"You're really hopeless."
Azure Dragon no longer knew how to communicate with Xiao Feng.
Others are also very puzzled, and Xiao Feng can analyze other things well.
How could Xiao Feng be so stubborn when it comes to emotional issues?
"How come I can't get you to talk too much."
This time, Xiao Feng dodged directly over Phoenix, and the speed was so fast
that Phoenix could not react at all.
"If you still have random suspicions without evidence next time, I will really take
action."

“Don’t blame me for not greeting you in advance.”
After speaking, Xiao Feng left directly.
Leaving a face full of stunned and shocked Azure Dragon and others.
The more Xiao Feng thought about it, the more angry he became.
Don’t they have to put the hat of Qianqiu’s female leader on Gong Qianqiu’s head,
will they be satisfied?
hateful!
Xiao Feng was furious, but he was most worried about Gong Qianqiu’s safety.
However, just when Xiao Feng was thinking about it.
The communication tool suddenly vibrated.
Xiao Feng quickly took it out.
The Return of the God of War [The
Protector] Chapter 3781
I saw a few words displayed on the communication tool: Xiao Feng, come and
save me!
Gong Qianqiu’s distress signal.
Xiao Feng was instantly refreshed.
Qianqiu is still alive.
But at the same time, he is also being chased and killed, and his life may be at risk
at any time.
Xiao Feng did not dare to stop, and quickly followed the coordinates on the
communication device.
Advertisement
Vaguely, Xiao Feng felt that someone was following behind him, and then he
involuntarily increased his speed.
It wasn’t until more than half an hour later that the feeling of being tracked
disappeared completely.
After driving non-stop for more than two hours, there was a dense jungle in front
of me.
“Where is Qianqiu?”
Advertisement
Xiao Feng quickly searched for Gong Qianqiu’s breath, and soon had a feeling.

Going straight into the jungle, it didn't take long before I saw Gong Qianqiu in a
relatively open area.
Qianqiu is still alive and safe!
Xiao Feng's thoughts suddenly moved, and doubts flashed in his heart.
But he soon saw that there were many people around Gong Qianqiu.
A few are familiar, and they seem to be Gong Qianqiu's West Pavilion fellow.
The doubts in my heart dissipated in an instant, otherwise how could so many
people survive at the same time?
After all, if Gong Qianqiu is really the initiator, it would be logical to kill people
as much as possible!
However, Xiao Feng did not know that these people were once friends with Gong
Qianqiu, and then chose to submit to her.
Advertisement
"Qianqiu, what's going on?"
Xiao Feng quickly stepped forward to ask.
Gong Qianqiu's tongue is like a reed, indicating that they all escaped into the
secret road of the West Pavilion.
But they are still being hunted down to this point. Fortunately, they took advantage of the number of people to kill the masters of the mysterious forces.
This was a lucky escape.
I felt that the breath of these people was unstable, and some were even sluggish,
as if they had just experienced a fierce battle.
Xiao Feng instantly dispelled his doubts.
The fact is really different from what Phoenix and the others said, this matter has
nothing to do with Qianqiu from beginning to end.
"Xiao Feng, these Xige disciples have just died in battle, so they can be used for
your devouring technique."
Gong Qianqiu said suddenly.
Xiao Feng was taken aback, he never thought that Gong Qianqiu would make
such a request.
How dare she devour other people's skills?

Seeing Xiao Feng hesitating, Gong Qianqiu scolded the waste in his heart. There is no such ruthless means, how can it be possible to achieve great things?
But it is precisely because of this that Gong Qianqiu has the pleasure of completely introducing it into the "magic way".
"Xiao Feng, do you know how these people bullied me in life?"
"If I hadn't thought of my classmates, I would have done them a long time ago."
"Now that they are killed by mysterious forces, I'm just borrowing their skills,
isn't it too much?"
Seeing that Xiao Feng was a little moved, Gong Qianqiu hit the railway while it
was hot: "Didn't you say you want to keep getting stronger and protect me?"
"Now that the opportunity is in front of you, you don't know how to cherish it?"
"Xiao Feng, you have disappointed me too much."
Gong Qianqiu said with a heartbroken look.
"Qianqiu, don't be sad, I'll just do as you say."
Xiao Feng finally chose to compromise.
He really couldn't bear to see Gong Qianqiu sad and sad.
Then Xiao Feng thought that those elite disciples of the West Pavilion once
talked about Gong Qianqiu in every possible way.
A lot of hard-to-earth words were spoken out.
This undoubtedly gave Xiao Feng a bit of hatred.
After some intense ideological struggle, Xiao Feng finally ran the exercises to
devour the power of these people.
Although there was some resistance at first, but after devouring the skills of
several people in a row, Xiao Feng became familiar with it.
Even a little obsessed with the thrill of swallowing the ascension.
The news that the West Pavilion was completely destroyed quickly spread to
everyone.
For a while, the Demon Squad and the Heavenly God Supervisor were panicked.
Everyone is worried that this kind of doom of being destroyed will come to them
tomorrow.

The strength of the mysterious force is too terrifying.
Everyone is eagerly looking forward to Tiansi's return.

The news that the West Pavilion was bloodbathed quickly reached Levi Garrison's
ears.
It can basically be concluded that this is what the mysterious forces did.
Even after an in-depth investigation, the shadows of Duguxiao and the dead man
killer were even discovered.
However, the whereabouts and behavior of the mysterious woman are very strange, and she can't guess what she will do next.
"Maybe the next step is to deal with the base camp."
Thinking of this, Levi Garrison was even more eager to find a place where his
relatives and friends could hide.

He is now eager to use three super spiritual veins to temper his body.
Therefore, we must first find a way to ensure the safety of everyone.
That way, there will be no worries.
the other side.

Phoenix and others are still continuing to investigate the bloodbath of the West
Pavilion.
Soon they got an important piece of information.
Almost all of the people who died in the West Pavilion were Gong Qianqiu's
former mortal enemies.
There are also those who have bullied and satirized Gong Qianqiu.
As for the disciples of the West Pavilion who were friends with Gong Qianqiu,
they either survived the disaster or disappeared without a trace.
This situation is somewhat intriguing.
"One or two may be a coincidence, but if many people are like this, there is
basically a problem."
Phoenix took the lead.
Several others also agreed.
Advertisement

If it is really what Gong Qianqiu did, then this situation is very easy to explain.
In other words, only if the murderer behind the scenes is Gong Qianqiu, this
situation is in line with normal logic.
"This matter must be told to the boss so that he can know what to do."
Azure Dragon proposed.
Phoenix said with some embarrassment: "The boss is very busy now, let's wait
until we find more conclusive evidence before telling him!"
At this moment, Xiao Feng also returned to the base camp.
Since it was confirmed that Gong Qianqiu was safe and sound, Xiao Feng was in a
particularly happy mood.
After seeing Azure Dragon and a few people, he didn't even have the same anger
as before.
"You don't need to continue to investigate, Qianqiu is still alive, and the matter
of Xige's bloodbath must have nothing to do with her."
Xiao Feng directly chose to be open and honest.
Azure Dragon and others were stunned at first, they didn't think that Xiao Feng
had found Gong Qianqiu's whereabouts.
Could it be that, as they guessed, Xiao Feng and Gong Qianqiu have always been
in contact?
"Xiao Feng, how can you be so sure that Gong Qianqiu is innocent?"
Phoenix couldn't help but ask after being stunned for a while.
Xiao Feng said solemnly: "Because I saw a lot of people in the West Pavilion with
Qianqiu, they survived after fighting hard."
"I wonder if Qianqiu did it, shouldn't he choose to kill people?"
Xiao Feng thought that Phoenix and others would be speechless.
After all, his inference logic is meticulous and flawless.
"Xiao Feng, this is the power of Gong Qianqiu." Phoenix said with a sneer.
Seeing that Xiao Feng was about to get angry again, Azure Dragon hurriedly
explained:
"Xiao Feng, don't get excited."

“After our investigation, those West Pavilion members who are alive and have no
information are basically friends with Gong Qianqiu.”
“And those who have bullied and ridiculed Gong Qianqiu have basically died
miserably.”
Xiao Feng’s angry face froze instantly.
He suddenly recalled those Xige disciples who had devoured their skills before.
Gong Qianqiu seems to have really said that those people have bullied her.
It is precisely because of this reason that Xiao Feng feels less guilty.
“impossible!”
Xiao Feng’s thoughts were a little messy, but from the bottom of his heart he still
didn’t want to believe that Gong Qianqiu was the real murderer behind the
scenes.
“Qianqiu was injured by me not long ago.”
“If he was really a mysterious woman, would she be so weak?”
“Why do you guys keep staring at Qianqiu, where did she offend you?”
“If you have any dissatisfaction, you can come to me.”
The more Xiao Feng said, the more excited he became.
Even in the end, they were ready to start.
Xuanwu said angrily, “Xiao Feng, are you going to turn against us because of a
woman?”

“A woman? You put it lightly!”
Xiao Feng sneered twice and asked back, “If your loved one is accused and
suspected by others for no reason.”
“Will you still be so calm and reasonable?”
“Don’t persuade others to be kind without suffering others. Don’t you understand such a simple truth?”
Xiao Feng was indeed very upset.
The good mood that had determined Gong Qianqiu to be safe and sound today
was destroyed.

And there are various signs that Gong Qianqiu is indeed innocent.
Now, he is still being suspected by all the evil but others, and there is even a
feeling of increasing suspicion.
Simply too much.
"Xiao Feng, you are the boss's most effective stopper and our brother-in-law, so
we will persuade us with good words."
Advertisement
"Why do you always take our good intentions for malice?"
"In the end, have you thought about it carefully, how much do you know about
Gong Qianqiu?"
Azure Dragon was also a little angry, and even felt that Xiao Feng was becoming
more and more unreasonable.
The original smart and witty, how did he become stupid when he encountered
Gong Qianqiu's problem?
"Azure Dragon, you finally got to the point."
"That's right, if it wasn't for your relationship, I would have taught you a lesson
long ago."
"Forget it, the Tao is different, and one day, you will find out how wrong your
suspicions are."
Xiao Feng turned around and left.
Seeing Xiao Feng's resolute back, Phoenix and the others were stunned on the
spot.

Following the complete destruction of the West Pavilion, the East Pavilion also
suffered a sneak attack.
But the casualties were not particularly serious.
Of course, this is also related to the fact that other factions of Zhenmo Division
began to join forces for defense after the West Pavilion incident.
The mysterious forces cannot cut off the connection between the East Pavilion
and the outside world.

Reinforcements from other areas arrived at the scene in a timely manner, and
only then did they successfully disperse the foreign enemy.
For a time, everyone in the town hall was panicked, and there was chaos.
Gong Qianqiu saw that the river was successfully muddyed by her, and immediately started her next plan.
Ming Xiu plank road, dark Chencang.
Gong Qianqiu's original goal was Tianshifu.
Of course, in order to ensure that nothing goes wrong, the threat of Levi Garrison's side inserting a foot in the middle is eliminated.
Gong Qianqiu called Xi Duguxiao over again.
"Master, what are your orders?" Dugu Xiao asked in common.
Gong Qianqiu said solemnly: "Now Zhenmo Division is too busy to take care of
himself, and basically he will not pay attention to Tianshifu, but Levi Garrison is
not sure."
"So recently, you have to take people around Levi Garrison's base camp from
time to time, so that he won't dare to leave easily."
"Understood!" Duguxiao said with a smile.
Gong Qianqiu pondered for a moment and continued: "Then there is to increase
the strength of training the dead. They will be the sharpest butcher knife of Qianqiu Sect, the butcher knife that makes everyone fear."
"As ordered!"
Duguxiao is also very keen on cultivating dead men.
Because all the dead are currently assigned to him directly.
This will also be the sharp blade of Duguxiao's Revenge Town Demon Division
and Shentianjian.
After arranging everything, Gong Qianqiu directly killed the Tianshifu.
Outside the Tianshi Mansion.
Many celestial masters are facing great enemies.
Gong Qianqiu was wrapped in black energy all over his body.
The powerful aura pressure made everyone present unable to help tremble.
"I have long heard that your Tianshi Mansion can attract Tianlei to kill the enemy,
let this sect master also appreciate it!"
Gong Qianqiu's voice was like a thunderbolt from the blue sky, shocking the

celestial masters to their ears.
“You are the leader of the Qianqiu Sect who destroyed the eternal kingdom?”
The old master asked in a deep voice.
Gong Qianqiu said with a smile: “It’s just a small force outside the territory. Are
you making such a fuss?”
sizzle!
There was a rumbling sound of cold air at the scene.
Even if he is as strong as Levi Garrison, he will not use small power to describe
the eternal kingdom, right?
“Column Induction Lightning Array!”
The Master of Heaven immediately gave an order.
He instinctively thought that Gong Qianqiu was here to destroy the Tianshi
Mansion, and he directly chose to use the strongest Tianlei formation to deal
with it.
So as not to repeat the mistakes of the eternal kingdom.

The celestial masters were like a formidable enemy, and they directly resorted to
the thunder formation technique.
For a time, the clouds were overcast, and lightning flashed and thundered.
The celestial masters recited words in their mouths, and the exercises worked.
Clap!
Along with the deafening thunder, a flash of lightning pierced the sky.
Immediately afterwards, countless thunderbolts with the thickness of the arms
were continuously gathering.
Advertisement
Even in the clouds of Jiuxiao, people on the ground can still hear the surging
sound of electric current.
“My Tianshi Mansion has no intention of being your enemy. If you leave here, I
will spare your life.”

“Otherwise, wherever the thunder goes, the flesh and blood will become ashes.”
The old master said in a serious tone.
Advertisement
Gong Qianqiu sneered and said: “I’m still stubborn when death is imminent. Is the highest skill of your Tianshifu a stubborn magic?”
Anger rose in the old master’s heart.
Inciting thunder to attack opponents can achieve significant results.
However, the activation of the celestial masters will also consume a lot of energy.
If it is not a last resort, the Tianshifu will not easily activate the lightning formation.
“Since you are obsessed, don’t blame this Celestial Master for being rude.”
“Induce thunder, attack!”
With the order of the old Tianshi, those small thunder lights suddenly converged and merged.
The bright electric light is extremely dazzling.
It seems to carry the power of destroying the world.
Advertisement
However, Gong Qianqiu was not afraid at all, and even a greedy light flashed in his eyes.
I still remember that when it devoured the spiritual veins of the Xuanming alien race, it also attracted Tianlei.
But compared to the thunder that Tianshifu attracted in front of him, the energy pressure was much worse.
“I hope to successfully temper the body, so that I can devour the spiritual veins of the eternal kingdom.”
The more Gong Qianqiu thought about it, the more excited he became, and he jumped away directly to face Tianlei.
“What is she doing?”
The celestial masters were a little stunned for a moment.
According to normal logic, shouldn’t people locked by Tianlei try their best to avoid its edge and dodge out?

This female sect leader actually went directly to fight Tianlei?
Tired of living?
While thinking about it, the first dazzling thunder had already bombarded Gong
Qianqiu.
Clap clap!
Electric light surged, making people feel a burst of despair when watching from a
distance.
If it were replaced by an ordinary master, I am afraid that this blow would be
wiped out!
But Gong Qianqiu resisted the first thunderbolt, but his body was only shaken
back a few steps.
The black energy surging on his body seems to be fighting against Tianlei.
"No wonder the Eternal Realm can be destroyed in a blitzkrieg manner."
"She can resist the thunder to such an extent."
"It's incredible!"
The celestial masters were shocked.
Even the strongest headmaster can't do this.
"Increase the power of Tianlei, and kill this person regardless of the cost!"
The headmaster, the Celestial Master, gave the order again.
Seeing that Gong Qianqiu's strength is so terrifying, he never wants Tianshifu to
follow in the footsteps of the eternal kingdom.
It is necessary to use the power of the thunder to kill this person as much as
possible.
Otherwise there will be endless troubles.
"Yes!"
The celestial masters performed the exercises again, and the syllables in their
mouths moved faster.
The thunder in the void is also more active.
The coercion of Tianlei's energy became more and more violent.
Even the surrounding space seemed to be seriously distorted.
It seems that it is almost impossible to bear such a powerful thunder.
"Tianlei, fall!"
As the headmaster Lao Tianshi waved his arm, a thunderbolt that was even more

terrifying than before slashed at Gong Qianqiu.
Boom!
When Gong Qianqiu hit one place, there was a deafening sound.
Gong Qianqiu's figure fell rapidly, but in the end he was still supported by the
violent energy.
Still struggling with the power of Tianlei.
"This person is too crazy."
Such thoughts rose in the minds of the celestial masters.
Even the hard and tough Tianlei repeated again and again is simply asking for a
dead end.
However, after several consecutive thunders, the celestial masters gradually
discovered that something was not right.
Gong Qianqiu had no intention of fighting back during the whole process.
It seems to have been waiting for a new round of thunder to appear.

Protector] Chapter 3785

The headmaster Lao Tianshi suddenly said: "Stop the lightning formation, this
person is using the power of the thunder to quench his body."
A word woke the dreamer.
Even if Gong Qianqiu is arrogant and extremely tough, Tianlei.
But after resisting one or several rounds of thunder bombardment, a counterattack will be launched according to normal logic.
This will destroy the formation of the lightning array.
On the other hand, Gong Qianqiu had no intention of counterattacking after
being tough.
Advertisement
Continue to wait for a new round of thunder bombardment.
Repeatedly enjoying the thunder attack.
This is clearly using the power of Tianlei!
The celestial masters suddenly realized, and hurriedly stopped the law.
Advertisement
The Tianlei that had just condensed into a ball also slowly dissipated.
The dark clouds in the void also began to disperse, and a ray of sunlight shone
out.

“It seems that you are not too stupid. You discovered the intention of this leader
so quickly.”
Gong Qianqiu’s joking voice came.
At this moment, she is suspended in the void, her long hair is flying, and black
energy is surging.
Like a nine-day witch descended into the world.
Fear for no reason.
“The sky thunder formation attracts the strongest sky thunder, and it is bound to
smash you to ashes.”
“I advise you to leave quickly, lest you die.”
Advertisement
The headmaster said in a condensed voice.
How could Gong Qianqiu agree to leave?
She has now clearly felt that her body is stronger than before.
It’s just that if you want to devour the energy of the super spiritual vein of the
eternal kingdom, this level is far from enough.
“Don’t talk nonsense, hurry up and bring Tianlei over, or this sect master will kill
all the people in your Tianshifu.”
Before the words fell, Gong Qianqiu’s figure suddenly disappeared.
Before everyone could react, Gong Qianqiu had already flashed behind the two
outermost Celestial Masters.
Hands up and down, the two young Celestial Masters didn’t even say a word
before returning to Jiuyou.
“This sect master’s patience is very limited. If I don’t urge the formation, I will
continue to kill!”
Gong Qianqiu threatened coldly.
In desperation, the headmaster Lao Tianshi once again ordered people to set up a
lightning formation.
He could feel Gong Qianqiu’s murderous aura. If he didn’t do what she said, the
Tianshi Mansion might have been wiped out.
The key is that in terms of personal combat power, basically no one is Gong

Qianqiu's opponent.
Instead of being killed, it is better to use Tianlei to try the attack effect.
In the event that the opponent can be severely injured, the Tianshi Mansion will
also have an opportunity.
After the formation was set up, Gong Qianqiu used Tianlei to quench his body
again.
After a few hours, Gong Qianqiu felt that he had reached the limit of energy
today.
If you continue to forcibly quench the body, it is very likely that you will be injured by the thunder.
"The people of Tianshifu, listen, this time this sect master comes again, you
continue to prepare the lightning formation."
"Otherwise, this sect master will kill the Tianshi Mansion and leave it behind."
Gong Qianqiu flashed away, and all the Celestial Masters also hurriedly stopped
the operation of the Lightning Induction Formation.
Motivating the big formation also consumes a lot of vitality for them.
If you go on for a long time, your qi will be exhausted, and you will die of exhaustion.
base camp.
After searching for this period of time, there is still no very suitable hiding place.
The key is that Levi Garrison can't go out for inspections far away.
After all, no one knows when the mysterious woman will kill again.
Just when Levi Garrison was at a loss, people from Tianshifu took the initiative to
come to the door.
Gong Qianqiu obviously didn't think about this, Levi Garrison didn't have no
contact with Tianshifu.
After Levi Garrison stepped on the Hydra, he met a little Taoist priest on the way
back.
It is this person who is in charge of contacting Levi Garrison this time.
The little Taoist priest named Wentian directly informed Levi Garrison of what
had happened before.

“Jushi Ye, the Heavenly Master’s Mansion is now in great trouble. As the saying
goes, the lips are dead and the teeth are cold. Please support the Heavenly Master’s Mansion.”
“Work together to kill the leader of Qianqiu Sect.”
“It’s also for the sake of never having trouble, isn’t it?”
Ask Tianxiao with reason and move with emotion.
Levi Garrison did not agree directly, but was considering whether to solve the
predicament in another way.

When Levi Garrison was thinking about it, he suddenly remembered something
very important.
Mysterious woman has reached the upper limit in ten times before.
Now go to the Tianshi Mansion and force the other party to use the thunder
formation technique.
I am afraid that I want to use Tianlei to quench the body, so as to make the body
and meridians continue to strengthen.
This can increase the upper limit of swallowing.
According to Wentian, when the mysterious woman left, she threatened to come
again.
Advertisement
That means the quenching is far from complete.
So don’t you have a chance?
“This female sect leader has many eyeliners. If I rush to follow her, once the news
leaks, she will not appear easily.”
“I’m afraid it will be difficult to draw it out at that time.”
Advertisement
“Well, you go back and watch first, and if there is any major news, you will be
notified in time.”
“When the time is right, I will show up so that I can hit it with one blow.”
Levi Garrison said solemnly.
Wentian nodded, as long as he got Levi Garrison’s approval, then this visit would

be considered a complete success.
Levi Garrison, on the other hand, was turning his thoughts quickly, thinking about
many things.
Since the mysterious woman is now busy using Sky Thunder to temper her body,
she definitely doesn't have the time and energy to deal with herself.
Then you can completely use those three spiritual veins.
At that time, even if the mysterious woman succeeded in tempering her body,
she would have already exhausted the power in her spiritual veins.
This can be regarded as destroying the mysterious woman's plan, and at the same
time, his strength has also been significantly improved.
Advertisement
Kill two birds with one stone!
Of course, before that, you still have to place Levilia and the others.
In fact, Levi Garrison had thought of several alternative options before.
The most suitable place is the safe house.
It was originally a safe house to resist the impact of Reiki revival.
There are several safehouses that are extremely secretive, either hidden in snow-capped mountains or at the bottom of the deep sea.
"Wentian, since we are now in a cooperative relationship, you are responsible for
always paying attention to the movements of the mysterious woman."
"As soon as there is any information, please tell my relatives and friends immediately."
Levi Garrison said solemnly.
"this is necessary."
Asking Tian agreed without any hesitation.
He even gave Levi Garrison several secret communication tools for Tianshifu.
"Then look forward to our happy cooperation!"
"It's a word!"
The two reached an agreement, and Wen Tianzhi left happily.
Levi Garrison was also slightly relieved.
As long as the Heavenly Master's Mansion is fully assisted, then the safety of
Levilia and the others should be guaranteed when they leave this period of time.
Once Levilia and the others foresee the danger, or get information from Tianshifu, they can quickly hide in the safe house.

Although I dare not say that the safe house is indestructible, at least it is completely safe to withstand it for a while.
Soon Levi Garrison gathered everyone, but Xiao Feng was not notified.
Of course, this is also the result of consideration after listening to Phoenix and
others explain what they said.
Now is a critical period, and any points that may lead to problems should be
avoided as much as possible.
"For the next period of time, you should always pay attention to the message
from Wentian."
"If something is wrong, go to the safe house immediately."
"Also, always be on guard against Duguxiao. During this time, there is a shadow
of him leading the dead near the base camp."
Levi Garrison said solemnly.
For suspicious persons near the base camp in recent times.
Levi Garrison judged that it was probably the foreshadowing of the mysterious
woman not to support Tianshifu in order to hold her back.
Since the other party arranged it like this, Levi Garrison came to a plan.
Therefore, Levi Garrison also deliberately wandered around the base camp in
recent days.
Give Duguxiao and the mysterious woman behind him an illusion: I can't hold on,
you have the ability to attack!
After settling everyone down, Levi Garrison secretly left the base camp.
No one knew where it was, not even when he left.
The first spiritual vein that Levi Garrison chose was the one planned by Atlantis.

As for Xiao Feng, he was already obsessed with devouring all kinds of energy.
They didn't even take the initiative to contact Gong Qianqiu.
He only has one thought now, and that is to become stronger quickly.
In this way, we will have more right to speak in front of the base camp and the

master.
Then I can bring Gong Qianqiu back to meet everyone faster.
To endure the pain of missing for a while, can you get long-term companionship.

Every time I think about this time, Xiao Feng is more motivated to practice.
In addition, he has become more and more skilled in the extreme swallowing
technique, and his strength has indeed grown very rapidly.
At the same time, Gong Qianqiu has completely controlled Tianshifu.
Her strength is too terrifying, and the Celestial Masters have also studied other
countermeasures to kill her.
Advertisement
But in the end they gave up because they were not sure.
So Gong Qianqiu almost belonged to ordering Tianshifu to mobilize Tianlei to
temper her body.
In desperation, the Tianshi Mansion had to bear the humiliation and bear the
burden.
Of course, all the Celestial Masters understand that once Gong Qianqiu's body
quenching is completed, the role of the Celestial Master's Mansion will be useless.
At that time, everyone in the Tianshi Mansion will have to die.
They only hope that Levi Garrison will arrive as promised at that time.
Help Tianshifu to survive this disaster safely.
"You increase the power of Tianlei, and now this strength is not enough."
Gong Qianqiu ordered in a condescending tone.

The celestial masters had to do it.
Gong Qianqiu is very satisfied with this situation, as long as the strength of the
power of the thunder is precisely controlled.
She also doesn't have to spend extra strength to fight hard every time.
In this way, you can enjoy a longer quenching time.
Clap clap!
A thunderbolt struck Gong Qianqiu's body again.
For a while, the electric light surrounded, sizzling.

Gong Qianqiu runs the exercises, and while protecting the heart, guides the
power of Tianlei to continuously quench the body and meridians.
Two-pronged approach, at the same time.
"That's how it feels, it's amazing!"
Gong Qianqiu enjoyed the body quenching process immensely.
Every flash of lightning made Gong Qianqiu's body tougher.
The meridians also undergo qualitative changes.
If it was said that the meridians in Gong Qianqiu's body were only steel wires.
Then after Tianlei's continuous quenching of the chain, there has been a tendency to develop into steel bars.
Finally, after hundreds of thunders landed.
Gong Qianqiu feels that today's body tempering will reach the limit again.
Body quenching is also a long and important process, and haste is not enough.
Otherwise, blindly pursuing speed will likely make the body and meridians extra
hard, but it will lack toughness.
In this way, when he continues to devour the power of the spiritual veins in the
future, it is very likely that his body will burst open.
There is an essential difference between pure hardness and toughness.
Gong Qianqiu is very aware of this, so he is very patient.
What's more, Levi Garrison has been dragged by Duguxiao now.
You can slowly temper your body without any worries.
When the quenching is completed, she will be able to devour the super spiritual
veins of the Eternal Realm.
At that time, her Gong Qianqiu will be even more invincible.
"Come here today!"
Gong Qianqiu clearly felt the changes in his body and meridians.
According to her estimation, the quenching body should be nearly half completed.
Everyone in the Tianshi Mansion let out a sigh of relief, it seems that this female
devil has not yet successfully tempered her body.
This will save your life temporarily.
Gong Qianqiu left proudly, and Wentian also notified Levilia and others of the
information here in real time.
God of Heaven.

The temporary talker is facing the panic-stricken Zhen Mo Si at a time when there
is nothing he can do.
Tian Si suddenly came with a message.
Claiming that the Lord of the Xuanming Alien Race is about to return, let them
make all defense preparations during this time.
At the same time, they said they had found the legendary world.
Inside are super powerhouses who can destroy the world.
And the legends recorded in the ancient books of Zhen Mosi actually all went to
this world.
And here, their original strength was considered to be the lowest level of existence.
Shen Tianjian's temporary talker was shocked and stunned.
I couldn't believe my eyes.

Shen Tianjian's temporary talker was still too shocked to speak.
He continued to look down at the information from Tiansi.
After such a long period of time, Tiansi and Xuanming have each joined the super
sects in the legendary world.
The strength of these super sects is also unimaginable.
Now Xuan Ming has learned that Xuan Ming's alien race has been destroyed, and
he is about to return to take revenge.
"How can this be good?"
Advertisement
Shen Tianjian's temporary talker frowned into the word "Chuan".
Xuan Ming's return is not a good thing for Zhen Mosi.
Now Qianqiu Jiao is eyeing the tiger, and there is Duguxiao among them.
If Xuan Ming returns, there is a high probability that he will join the Qianqiu Cult.

Wouldn't the Zhenmo Division be less able to resist by then?
However, Tian Si's next remarks made the temporary talker let out a sigh of
relief.

“Don’t worry, I won’t just watch the Demon Suppressing Division be destroyed,
and I will return to the Suppressing Demon Division soon.”
Immediately afterwards, Tiansi also said that he was not alone in this return.
And return with the power of several legendary worlds.
Tiansi said that there is no follow-up to this.
Of course, this is enough to stabilize the military’s heart for the temporary messenger of Shentianjian.
He immediately informed the top management of Zhenmo Division that Tiansi
was about to return with the power.
There was an uproar in the conference hall.

“I’m afraid this world is going to be completely chaotic!”
“Once the great power in the legendary world appears, it will definitely set off a
bloody storm.”
“Even if we can try our best to restrain ourselves, how can a murderous devil like
Xuan Ming give up?”
“What are you afraid of? Xuanming brought back the great power, and Tiansi also
brought the great power back. What are we to be afraid of?”
“That’s right, we can finally regain our prestige, and we don’t have to look at Levi
Garrison’s wink anymore.”
The Town Demon Division had mixed feelings.
But still very much looking forward to the return of the King of Heaven.
Finally, I don’t have to live my life cautiously.
the other side.
Qianqiu Sect’s eyes and ears are spread over many forces.
The news that Tian Si and Xuan Ming were about to return soon reached Duguxiao’s ears.
“This is really good!”
Duguxiao was excited.
For him this is a great thing.
The biological father has been practicing in the legendary world for a long time,
and his strength is definitely not what it used to be.
Coupled with Master Gong Qianqiu, he absolutely swept everything in this world.

Especially the biological father Xuan Ming did not come back alone, but also
brought the super power of the forces behind him.
This is tantamount to adding wings to a tiger!
"Levi Garrison, I will break your neck with my own hands."
Duguxiao muttered to himself viciously.
He can't wait to meet his biological father Xuan Ming now.
at the same time.
Phoenix and the others carefully observed the development of the situation.
While continuing to investigate whether the mastermind behind the scenes is
Gong Qianqiu.
It's actually very useful to find out who she is, especially how she became so
powerful.
As long as this source problem is found out, many questions and confusions will
be solved easily.
Furthermore, by identifying the identity, you can allow your own personnel to
have a clearer target to guard against.
Including its related personnel, but also to strengthen prevention.
In this way, it can be prevented from being used, and it is also possible to avoid
being provoked as much as possible.
In recent days, news has been sent from multiple eyeliners one after another,
and a lot of evidence has been obtained quickly.
Sure enough, those people in the West Pavilion who did not die, without exception, were all disciples who had been friends with Gong Qianqiu.
And now these people have all joined the Qianqiu Sect.
Not only that, the East Pavilion was successively attacked, and the remaining
disciples also joined the Qianqiu Sect.
It can be said that the Qianqiu Religion is rapidly expanding its power.
And the main expansion point is to slowly erode the power of the major factions
of the Town Demon Division.
The key evidence is that these people have the mark of Qianqiu.
A tattoo of a dragon swallowing the heavens and the earth.

This is all particularly obvious, and not very difficult to investigate.
More information followed.
Phoenix and others also discovered that Gong Qianqiu was among the members
of the West Pavilion who were almost killed by the boss.
This matter is very crucial, and it is almost a clear-cut evidence.
After all, Levi Garrison had suspected that there was a mysterious woman among
the members of the West Pavilion at that time.
In addition, Phoenix learned that Gong Qianqiu's master, Gong Wenqian, was
killed by Gong Qianqiu and Xiao Feng together.
Advertisement
Azure Dragon and others were shocked by this news.
Because at that time Gong Wenqian was wrongly accused of being a traitor.
According to people familiar with the matter, Gong Wenqian brought many
disciples to kill Gong Qianqiu at that time.
As for why Gong Wenqian and Gong Qianqiu's master and apprentice suddenly
turned against each other, the details are unknown.
Advertisement
But no matter what, this matter is directly related to Xiao Feng.
Perhaps key clues can be found in him.
"You must ask Xiao Feng about this matter."
Phoenix and the others made up their minds to find Xiao Feng directly.
At this moment, Xiao Feng is frantically swallowing the spiritual energy of heaven and earth.
He is now completely caught up in the joy of improving his strength in a short
period of time.
"Xiao Feng, did you kill Gong Wenqian?"
Phoenix asked straight to the point.
The practice was interrupted in the middle, which made Xiao Feng quite unhappy.
Advertisement
In particular, this kind of tone of guilt-like tone made him even more unhappy.

“That’s right, Gong Wenqian was killed by me.”
Xiao Feng admitted it without any hesitation.
It’s just that Xiao Feng didn’t expect that, unexpectedly, he actually killed Gong
Wenqian.
“Xiao Feng, do you know why Gong Wenqian wanted to kill Gong Qianqiu?” Azure
Dragon asked.
Xiao Feng said with a sneer: “Gong Wenqian listened to the slander and said that
Qianqiu stole the Xige Supreme cultivation method.”
“Such a confused and confused master, it’s a shame to die.”
The more Xiao Feng said, the more angry he became. This was what Gong Qianqiu
told him later.
If Gong Qianqiu really stole the supreme cultivation technique, how could he
have no power to fight back against Gong Wenqian?
Even if you lose, at least there is no problem in retreating with your entire body,
right?
Seeing that Xiao Feng trusted Gong Qianqiu so much, Azure Dragon and others
didn’t know how to persuade him.
Especially the two sides coaxed very unpleasantly before.
There is even a tendency to draw swords.
“Xiao Feng, if you think about why, it may be good for you.”
After Phoenix finished speaking, he turned and left.
Azure Dragon and others followed closely behind.
Xiao Feng snorted noncommittally and said, “It’s inexplicable! Are you the only
ones who know how to think?”
Xiao Feng naturally wouldn’t believe that this was Gong Qianqiu’s plan.
Because this is what I saw with my own eyes.
Even if you want to stage a bitter plan, you don’t need to joke about your own
life, right?
In the circumstances at that time, if he took a moment’s delay, Gong Qianqiu
would probably die.
And this also proves that Gong Qianqiu did not practice Levilia’s exercises.

Otherwise, even if they lose, they can still retreat under Gong Wenqian's attack.
After separating from Xiao Feng, Phoenix and the others found a secluded place.
Phoenix said in a deep voice, "Do you think Gong Wenqian found some solid
evidence at that time, and was killed by Gong Qianqiu?"
"It's unlikely, Gong Wenqian was indeed killed by Xiao Feng, and there are many
people who know about it, so it's impossible that it's all slander." Azure Dragon
waved his hand and said.
Several people suddenly fell into silence, which is indeed a contradiction.
After pondering for a while, Phoenix suddenly said: "What if Gong Qianqiu used
some kind of trick to create an illusion that Gong Wenqian was killed by Xiao
Feng?"
A word to wake up the dreamer.
Azure Dragon and others agreed.
If Gong Qianqiu is strong enough, then he can completely control certain actions
of Gong Wenqian.
Especially with Xiao Feng's strength at that time, even if it was a sneak attack, it
would not be easy to kill Gong Wenqian.

"Phoenix's speculation is very likely."
"That's right, if Xiao Feng himself was counted, he would have no way of knowing."
"What's more, Xiao Feng is infatuated with Gong Qianqiu, and the preconceived
impression will not be bad."
Several people expressed their opinions one after another, and Phoenix's face
became more and more solemn.
If it is as they guessed, then Gong Qianqiu's scheming is terrible.
Because Xiao Feng is in love with her, but his mind is very flexible, and he wants

to confuse people in front of him continuously.
Advertisement
How strict is the arrangement for that?
Azure Dragon sighed and said: "Although we basically locked Gong Qianqiu, we
still lack substantial evidence."
"Yeah, if you want Xiao Feng to give up completely, and the boss completely
trusts it, you still have to continue to check the evidence."
Phoenix and others were full of energy and continued to investigate the relevant
evidence of Gong Qianqiu.
Advertisement
at the same time.
Gong Qianqiu continued to use Tianlei to quench his body.
Duguxiao was active in various forces with a group of dead men.
The base camp of Zhen Mosi and Levi Garrison was the first to bear the brunt.
Although he knew that Tian Si was about to return, Dugu Xiao was still unscrupulous.
In his opinion, Tiansi's return is also helpless to him.
Even if you can't beat it, it's completely out of the question to retreat.
What's more, the biological father Xuan Ming once again sent a message that he
will soon return with several powerful kings behind him.
This made Duguxiao more confident.
Advertisement
It has almost reached the level of arrogance.
And when Duguxiao was chatting everywhere, he personally revealed that the
exercises he practiced were related to Levi Garrison's daughter.
There is no impervious wall in the world.
In particular, Phoenix and others always pay attention to everything related to
Gong Qianqiu.
So this information was quickly grasped by Phoenix and the others.
Phoenix and others immediately decided to find Levilia to determine the situation, after all, this is really a matter of great importance.
Once the hammer is real, it can basically be determined that Gong Qianqiu is a
mysterious woman.

“Levilia, if you think back to the exercises that Duguxiao used back then, how likely is it that you created your own exercises?”
Phoenix asked eagerly.
In fact, Levilia has long thought about this matter over and over again.
In particular, Duguxiao led people to attack the underground base for the second time.
Levilia is basically certain that she is the extreme devouring side of her self-created exercises.
Phoenix and the others were in high spirits. This was a very crucial clue and evidence.
They had the heart to tell Levi Garrison, but Levi Garrison didn’t know where to go.
Even Zoey Lopez and Levilia don’t know.
“The most important thing for us is to first determine who leaked the exercises.”
Azure Dragon said solemnly.
After all, as long as this matter is confirmed, other things can easily find out many doubts.
It is even possible to directly attack Huanglong and lock the true identity of the mysterious woman.
“But I have asked all the people who have taught the practice, and there is none!”
Levilia is also a little depressed.
“Levilia, do you remember when you taught Xiao Feng the exercises?”
Phoenix asked suddenly.
Levilia was slightly startled, she did not intend to say this.
Of course she understood the meaning of Zhu Que’s words, and she was also quite suspicious of Xiao Feng.
But after all, there is no conclusive evidence, and Xiao Feng is the most important disciple of his father.
In the eyes of outsiders, to a certain extent, Levilia’s words and deeds even represent Levi Garrison’s attitude.
Therefore, Levilia generally does not want to rashly doubt insiders.
Because once there is a crack inside, it will be very difficult to repair in the

future.
There may even be irreversible consequences.
"Levilia, you don't have to have any concerns, we won't tell the boss until there is
conclusive evidence."
"Yes, Levilia, this matter is very important and must be determined clearly."
"What's more, it's such a time, Levilia, don't hide it."
Phoenix and the others tried their best to persuade them.

Levilia's face became more and more solemn.
Considering everyone's safety is at stake.
And Xiao Feng's future.
Levilia said it without reservation.
Of course, Levilia only said an approximate date, which is much earlier than the
time when it was taught to everyone collectively.
"Furthermore, Senior Brother Xiao Feng also specifically told me not to tell my
father about teaching the exercises."
Advertisement
Levilia constantly recalled the situation at that time, and tried to describe everything in detail as much as possible.
Phoenix's mind was the most delicate, and when he heard this sentence, his
expression instantly became serious.
According to common sense, even if you ask Levilia for advice and practice
exercises, there is no need to worry about telling Levi Garrison!
After all, Xiao Feng was the boss's most valued apprentice.
Advertisement
The old bus can't help Xiao Feng to quickly improve his strength, so that he can
share the pressure for him.
Take the lead as soon as possible and be on your own.
And Phoenix and others carefully recalled this time node.
It seems that just shortly after that time node, the crisis appeared little by little.
First, the base camp was attacked, and then the divine robbery was stolen.

Especially the joint attack of the multi-party forces, it is more like someone is
behind the scenes.
Deliberately provoked such a war.
Later, Levi Garrison also determined that behind all this there are shadows of
mysterious third-party forces.
Even the follow-up whereabouts of the Xuanming aliens were deliberately guided by someone secretly.
Advertisement
This directly led to the outbreak of the battle of the Demon Suppression Division.
"It now seems that the enemy only grew up quickly after obtaining the Levilia
Cultivation Technique."
Phoenix gives a judgment.
Azure Dragon also agreed, adding: "She really does it herself, and she is completely waiting for her strength to grow up."
Everyone quickly thought of the mysterious woman who rescued Duguxiao in
front of Levi Garrison.
Of course, even then, the other party obviously had no certainty.
Otherwise, he would not choose to kill Xiao Feng, in order to attract Levi Garrison to divert his attention.
Only in this way can we find an opportunity to save people from danger.
"The reason why Senior Brother Xiao Feng didn't let me tell Dad to teach him the
exercises."
"It should be suspected that this practice method was created by my father, and I
don't plan to spread it."
"The reason why it is said that I created it myself is just to hide people's eyes and
ears."
"But Senior Brother Xiao Feng didn't dare to ask Dad rashly, so he secretly found
me and asked about the content of the exercises."
Levilia is also quickly analyzing.
Phoenix and the others were quite surprised.
They never thought that Levilia could take this level into consideration at such a
young age.

It has to be said that this speculation is very logical.
Otherwise, in the identity of Xiao Feng, why would he secretly ask about the
exercises and worry about Levilia making a public statement?
It is nothing more than fear that Levi Garrison will have a bad impression of Xiao
Feng after knowing this.
"So now we just need to make sure that Xiao Feng leaked the exercises."
Kirin said solemnly.
As Kirin said, as long as this point is confirmed clearly, all subsequent matters
will be solved.
But then again, how to get Xiao Feng to tell the truth is a big problem.
"Then what are you waiting for, ask him directly."
"It's not wrong, it's time for this, and there's no need to show mercy. It's better
to showdown directly."
Azure Dragon and Xuanwu also agreed with the meaning of Kirin .
"forget it!"
Phoenix directly blocked, "According to Xiao Feng's attitude before, even if we
asked, it would be a vain question."
"Xiao Feng probably won't tell the truth, and the settings will be concealed for
Gong Qianqiu."
"If you even push him in a hurry, you may even fight."
Azure Dragon sighed heavily and said, "I don't know what this guy did, it's like
he's gone crazy."
Others also shook their heads and sighed, and Xiao Feng's previous excited
reaction was vivid in his mind.
Faced with this level of suspicion now, will you be forced to go to war?
Really can't tell.
However, everyone did not expect it, and a firm look flashed in Kirin 's eyes.

When Phoenix and others discussed with Levilia how to continue to investigate

the clues.
Kirin excused himself and left the scene.
He is impatient.
Although Kirin is also skeptical about whether he can tell the truth in Xiao Feng's mouth.
But he still decided to cheat Xiao Feng.
At this moment, Xiao Feng was still addicted to swallowing the spiritual energy
of heaven and earth, unable to extricate himself.
Advertisement
Because his cultivation base has greatly improved during this time.
Therefore, when the unicorn was close to several dozen feet away, it was already
keenly aware.
Xiao Feng finished his work and looked at Kirin flatly.
"Xiao Feng, I'm here to ask you one thing, have you leaked the exercises that
Levilia taught you?"
Advertisement
Seeing Xiao Feng's face suddenly covered with frost, Kirin did not have the
slightest fear, but took a few steps forward.
"We now have very clear evidence, as long as you leak the exercises."
"Basically, it can be determined that the mysterious woman is Gong Qianqiu."
This sentence is like a thunderbolt.
It directly made Xiao Feng Lei scorched on the outside and tender on the inside.
"What nonsense are you talking about?"
Xiao Feng stared at the unicorn with burning eyes, hoping to see the flaw in the
other's eyes.
However, Kirin 's eyes were full of calmness, and he did not dodge to meet Xiao
Feng's gaze.
"I'm not talking nonsense, it's the same sentence, all the other evidence is in
place, just the answer to the question just now."
Advertisement
"Xiao Feng, now you look into my eyes and answer, have you leaked the exercises
to Gong Qianqiu?"

“Tell the truth!”
Kirin’s words are sonorous and powerful.
Xiao Feng felt a little guilty at that moment.
Although he was also looking directly at the unicorn, his eyes dodged for a moment.
However, it was still keenly captured by Kirin.
But he didn’t reveal it on the spot.
Continue to wait for Xiao Feng’s answer.
“I didn’t leak!”
Xiao Feng said in a deep voice.
Compared with the previous aggressiveness, it is obvious that there is a lack of
confidence at this moment.
“Okay, remember your answer today.”
“Xiao Feng, our brothers have done their best to you.”
“Be prepared to take responsibility if there are other consequences because you
lied.”
“Especially the anger of the boss.”
Kirin turned around and left.
In fact, he already has the answer.
Although Xiao Feng still denied leaking the exercises just now, his eyes can’t
deceive people.
Xiao Feng lied.
In other words, the probability that Gong Qianqiu is a mysterious woman has
increased significantly again.
Looking at the back of Kirin ‘s departure, Xiao Feng didn’t come back to his
senses for a long time.
The phrase “to bear the anger of the boss” echoed in his ears, and it didn’t
dissipate for a long time.
Phoenix and the others might have some solid evidence.
Except for the clues in this area, I am afraid it is already complete.
Is it really locked in the future?
Once everyone is in crisis because of their own concealment.
Master’s anger, can you bear it?
Xiao Feng was a little panicked.
The unswerving trust in Gong Qianqiu once had a trace of cracks at this moment.

Of course that's all.
"The big deal is that when you see Qianqiu next time, just ask around and ask."
Xiao Feng secretly made up his mind.
I haven't seen Master for many days, and I don't know where he went?
Xiao Feng didn't think any more, and continued to quickly swallow the spiritual
energy of heaven and earth.
He still had a firm idea.
As long as you have enough strength, even if the master is angry, or before making a certain decision.
Also think twice.
This is the benefit of absolute power.
the other side.
Levi Garrison also came to the sea base under the Atlantis plan.
Immediately use absolute power to forcibly open this spiritual vein.
Prepare to use the spiritual veins for chain quenching.
The powerful energy fluctuations even triggered an unprecedented terrifying
tsunami in this sea area.
Under the continuous bombardment of Levi Garrison, the dragon vein on the
bottom of the sea finally appeared in front of him.

From a distance, the twinkling golden light shines.
Even if Levi Garrison was not close to the spiritual veins, the pure and extremely
pure spiritual energy rushed towards him.
This is just the beginning.
With the passage of time, the powerful spiritual energy centered on the underwater spiritual veins quickly spread out to the surroundings.
And the speed of the aura is getting faster and faster, and it gradually spreads to
every corner of the world.
In a small sect on the border of Daxia Northern Territory.
Advertisement
Many disciples are doing morning exercises in the martial arts field.
However, the leading master suddenly felt aura constantly pouring into his body.

Even just a slight operation of the exercises can be absorbed quickly.
The point is that this aura is stronger than ever before.
Advertisement
It even quickly raised his cultivation base by a level.
"Everyone quickly runs the exercises to absorb the spiritual energy."
The teacher and father immediately reminded the disciples.
There is no way that this burst of spiritual energy can make the sect rise to a
higher level!
Similar situations have also occurred in many cultivation schools in Daxia.
Town Magic Division.
Shen Tianjian's temporary talker also clearly felt the change in spiritual energy.
At first, he thought it was the spiritual meridian on which the town demons depended to survive.
But upon inspection, nothing was found to be wrong.
Advertisement
But no matter what the change is, it's a good thing for the town magician.
After all, they are all powerful cultivators, and now they are surrounded by
powerful enemies.
There was no temporary person to issue an order, and the disciples of the many
factions of the Zhenmo Division began to frantically cultivate and absorb the
pure spiritual energy.
At the same time, Duguxiao also paid attention to this situation.
For him, a devouring madman, the change in the spiritual energy of heaven and
earth came just right.
So Duguxiao didn't go to investigate what was going on, and went straight to
devoured it frantically.
Of course, Duguxiao led those dead men who did this, and they were all the first
to taste the sweetness of devouring.
This pure spiritual energy is naturally open to anyone who comes, the more the
better.
the other side.

Gong Qianqiu had no way of knowing that she was wholeheartedly carrying out the Sky Thunder Body Tempering.
There are continuous thunderstorms on Gong Qianqiu's body.
The violent electric light continued to surround, guided by Gong Qianqiu's cultivation technique, constantly quenching every inch of the body's skin.
It was as if the swordsmith kept hitting a peerless weapon with a sledgehammer.
Every time you smash it, the toughness of the blade becomes stronger.
If you look closely, you will find that Gong Qianqiu's skin has undergone earth-shaking changes at this moment.
On the surface of Gong Qianqiu's skin, layers of pale golden light were faintly attached.
Reveals extremely strong and tough metal texture.
And in every tiny pore, there is a faint flow of thunder and lightning.
This is the power of lightning that has been extracted and purified by Gong Qianqiu's exercises. After entering the body, it is constantly washing the meridians.
It can be said that the current Gong Qianqiu, the body and the meridians are close to perfect.
"It seems that it won't take a few more days of thunder, and the quenching can be completed."
Gong Qianqiu raised her eyebrows with joy.
In particular, I felt that the original dantian, which was extremely full, now has a vast space.
The corners of Gong Qianqiu's mouth couldn't help but rise slightly.
"Finally, I can continue to devour the spiritual veins again."
Gong Qianqiu was so excited that if it weren't for the inopportune moment, she would have danced to celebrate.
On the other hand, the Heavenly Masters of the Heavenly Master Mansion were all face ashes.
They can judge that Gong Qianqiu is about to complete the body quenching.

At that time, it will be the day when their Tianshi Mansion will be destroyed.
"Why is there no news from Levi Garrison?"
The headmaster Lao Tianshi couldn't help but look at Wentian.
Wen Tian was also helpless, he also contacted Levi Garrison, but he did not
receive any response.
Undersea Spirit Vessels.
Levi Garrison has entered a state of crazy chain quenching at this moment.
It seems to be fused with this spiritual vein.
The huge spiritual veins are particularly dazzling against the golden light.
A terrifying aura filled the entire space.
Levi Garrison felt that all aspects of his body were rapidly undergoing the quenching chain of spiritual energy.
Both strength and speed were significantly improved in just a few days.

With the passage of time, the golden color of the underwater spiritual veins
gradually dimmed.
On the other hand, Levi Garrison had a faint layer of dark golden energy floating
on his body.
The basic exercises run fast, and the energy of the spiritual pulse is extracted and
purified frantically.
Subsequently, he continued to refine and improve Levi Garrison's quality in all
aspects.
After a few more days, the entire underwater spiritual veins finally completely
dimmed.
And Levi Garrison also slowly opened his eyes, and the body training was finally
completed.
Advertisement
Although he didn't have any exercises at the moment, the whole person revealed
an unparalleled power and coercion.

It's as if you can shake the sky and the earth with your hands and feet.
"Hi!"
Levi Garrison let out a low voice and threw a punch to the side at will.
Advertisement
An incomparably powerful violent force suddenly swept out.
There was a huge vortex centered on Levi Garrison's body around the bottom of
the sea.
The violent tsunami also appeared suddenly with the burst of power.
An extremely powerful earthquake occurred directly in the entire sea area.
Bang!
Levi Garrison suddenly exerted his strength, and the whole person broke out of
the water.
Feeling the surging power in his body, Levi Garrison felt extremely wonderful.
"Power and speed have a new breakthrough!"
Levi Garrison was very satisfied with the effect of this training.
Advertisement
The spiritual energy contained in this underwater spiritual vein is much richer
than that in the eternal kingdom.
With this boost of power, even if he encounters a mysterious woman, he still has
the confidence to defeat him.
"Now she is also using Tianlei to quench her body, so she can't take it lightly."
"Now is the critical period to grab time."
With this in mind, Levi Garrison was ready to go to the second spiritual vein.
Levi Garrison chose the spiritual vein of the eternal kingdom.
Because of the explosion of the spiritual energy of the Atlantis project, the whole world was once again plunged into turmoil.
People are panicking everywhere, and various sects have also broken out many
conflicts due to the absorption and distribution of spiritual energy.
Completely messed up.
The point is that no one knows what's going on.
Duguxiao is looking for a source of energy everywhere while making trouble
everywhere.

After all, the source of the spiritual energy that can explode around the world
must be a super spiritual vein.
This is extremely important both to Gong Qianqiu and to him.
It may even be promoted to the cultivation level again through this super spiritual vein.
So for this matter, Duguxiao can be said to be very positive.
the other side.
For everyone, the concentration of aura has increased too much.
Azure Dragon and others themselves are also practicing Levilia Gongfa. While
they are investigating Gong Qianqiu, they are also practicing hard.
Build strength as quickly as possible.
In particular, Xiao Feng's strength has undergone earth-shaking changes.
He practiced the extreme devouring technique, and the burst of spiritual energy
just met his greatest needs.
The early stage is to swallow a lot of spiritual energy.
Xiao Feng's strength almost soared exponentially.
This makes Xiao Feng very satisfied. After all, for him, the improvement of strength is equal to the improvement of the right to speak.
When the time comes, Gong Qianqiu will be introduced to everyone, and even if
everyone resists in their hearts, they will be concerned about their own strength.
However, what disappointed Xiao Feng was that Gong Qianqiu lost contact again.
He originally wanted to share the joy of his strength improvement with Gong
Qianqiu.
Brush the favorability again.
"Is she in any danger again?"
Xiao Feng was a little worried.
But on second thought, there is no relevant information from the outside world.
In particular, Phoenix and others have been keeping Gong Qianqiu locked up. If
something really happened to the latter, he would definitely be able to get the
information.
Xiao Feng sent a lot of information to Gong Qianqiu, but after waiting for a long

time, he still could not get a response.
“Maybe Qianqiu found a hidden place to hide.”
“And contacting the outside world will inevitably be locked by a master.”
“It must be so!”
Thinking of this, Xiao Feng was relieved.
What’s more, the most important thing now is to become stronger as soon as
possible and continue to devour the spiritual energy madly.

Just while devouring the spiritual energy, Xiao Feng also discovered a special
situation.
Whenever he encounters a powerful master, Xiao Feng sincerely wants to devour
his skill.
At the beginning, this idea was not particularly strong.
But as the time of practicing the extreme swallowing exercise continued to increase, this thought became more and more intense.
What made Xiao Feng even more terrified was seeing Levilia in private once.
In the depths of his heart, the idea of swallowing up Levilia’s skills came into
being.
Advertisement
At that time, Xiao Feng was taken aback by this idea.
Even for a long time, Xiao Feng did not dare to get along with Levilia alone.
This made Xiao Feng feel that he had gone crazy with his practice?
However, under the huge temptation to quickly increase his strength in a short
period of time, Xiao Feng could not hold back once.
Advertisement
It directly killed and devoured several Qianqiu priests who were wandering
around the base camp.
Xiao Feng felt more and more guilty for doing this.
“Anyway, these people are mortal enemies. After killing the swallowing power, it
should be used as waste.”

Xiao Feng always persuaded himself like this.
Even in the last few days, Xiao Feng has begun to take the initiative to find the
dead.
The purpose is to kill them and devour their skills.
The practice of devouring the power of a master is like a seed of sin.
In Xiao Feng's heart, it took root and sprouts quickly, and it has begun to grow
vigorously.
the other side.

While Phoenix and others searched for evidence, they also made a major discovery.
Although Xiao Feng got Levilia's exercises very early, he only practiced with
everyone recently.
This is totally against normal behavioral logic.
Absolutely wrong!
Phoenix and others found Levilia again and told the discovery.
Levilia was also lost in thought, recalling what Xiao Feng had told her about the
practice of kung fu.
After a while, Levilia suddenly said: "Senior Brother Xiao Feng seems to have said
that people with low strength in this practice will go crazy."
"I also told me to be more careful when teaching others, and even said that for
safety's sake, don't pass it on."
"As for Senior Brother Xiao Feng to practice with him later, he should have
decided to continue after seeing that everyone was doing well in practice."
The words made the faces of several people present extremely solemn.
"According to normal logic, after obtaining the Levilia Gongfa, you should
practice it as soon as possible."
"Also, where did you come to the conclusion that low-level practice will lead to
confusion?"
"According to the survey, it should be the stage when Xiao Feng and Gong
Qianqiu had the closest relationship."

When it comes to Gong Qianqiu, everyone seems to have touched a certain truth.
In particular, Phoenix was quick-witted and quickly came to a conclusion.
"It's very likely that Xiao Feng passed the practice method to Gong Qianqiu, and
Gong Qianqiu did not want to be suspected."
"That's why I deliberately created the illusion of going crazy with practice."
"The purpose is to make Xiao Feng think that her Gong Qianqiu will never touch
this practice."
Phoenix's analysis is nuanced.
The crowd nodded frequently.
Because this speculation is very logical.
Even many things that follow are perfectly explained.
"But now Xiao Feng refuses to admit to leaking the exercises, we still have no
conclusive evidence!"
Azure Dragon said a little depressed.
The little joy that everyone had just had was instantly solidified.
This is indeed a very frustrating question.
Especially Xiao Feng's strength has increased greatly recently, even Levilia said
that even with Xiao Feng's current strength, he can't beat her.
But at least you can easily get rid of Levilia's surveillance.
This made the plan to keep an eye on Xiao Feng and find the location of Gong
Qianqiu came to an abrupt end.
However, just then, everyone heard the voice of the unicorn.
"I have a solution, but it requires your cooperation."
Kirin said with an inscrutable expression on his face.

Phoenix and others found Xiao Feng again.
Looking at the powerful people, Xiao Feng once again tried to contain the evil
thoughts that devoured them.
"Why are you here again?"
Xiao Feng said lightly.

Qilin said in a very eager tone: "Xiao Feng, we just got a message from Levilia."
"The exercises she created are not suitable for the disciples of Zhenmo Division
to practice, and Levilia has restrictions in the exercises."
Advertisement
"As long as anyone who has practiced the Magic Suppression Technique, if they
practice the self-created technique, they will go into trouble."
Phoenix also echoed: "Yeah Xiao Feng, fortunately you didn't leak the exercises
to Gong Qianqiu, otherwise you would have harmed her."
"As soon as we knew about this situation, we came to tell you, don't do bad
things with good intentions, right?"
Azure Dragon (Qinglong) and others are also unified caliber.

It was a look that was completely for Xiao Feng's sake.
"Yeah, Qianqiu really started to practice…"
Xiao Feng said it almost instinctively.
But soon realized that something was wrong, and then quickly changed the subject to cover up.
"Thank you for your kindness, I didn't pass on the exercises to anyone."
"The Town Demon Division has been our enemy, and I will never make such a big
mistake because of personal feelings."
Although Xiao Feng appeared calm when he spoke, out of the corner of his eyes,
he stared at the reactions of several people from time to time.
Fortunately, Phoenix and the others have already made new preparations and
have not shown any flaws.
"We are just telling you, so as not to harm others and yourself."
Advertisement
Phoenix turned around and left, followed by the others.
Looking at the backs of the five, Xiao Feng always felt that something was not
right.
But it is impossible to say exactly what went wrong.
After all, Phoenix and the others didn't show any strangeness on their faces just
now.

“I must have thought too much!”
Xiao Feng thought secretly.
the other side.
Phoenix Dingren left quickly, and each could see the shock and surprise on each
other’s faces.
The words Xiao Feng instinctively said just now have already explained the
problem very well.
He has leaked Levilia’s self-created exercises to Gong Qianqiu.
It’s hammered!
Phoenix and others found Levilia again, making Levilia want to deal with it.
Levilia was also quite shocked when he got the news, but there was no good way.
“It’s better to wait for Dad to come back and think about it in the long run!”
Levilia paused and continued: “Of course, during this period, no one should show
any flaws, lest Senior Brother Xiao Feng be suspicious.”
Phoenix and the others nodded in agreement, and they have to continue to look
for more conclusive evidence.
At that time, when Levi Garrison returns to preside over the overall situation, the
coffin can basically be concluded.
After using the first spiritual vein to quench his body, Levi Garrison rushed to the
location of the super spiritual vein in the Eternal Realm.
After careful investigation, Levi Garrison did not find any trace of suspicious
persons.
“It seems that the mysterious female sect leader will not send anyone to guard
the spiritual veins.”
Levi Garrison was a little relieved, of course, this also means that the other
party’s body tempering is not over yet.
In fact, the reason why Gong Qianqiu finally decided to evacuate the dead was
because she felt that no one could use the super spiritual vein.

Levi Garrison directly activated the power of the spiritual veins without any
hesitation.
The energy contained in the spiritual veins was instantly released.
The entire Eternal Realm was hit by the aftermath of this energy.
And Levi Garrison doesn't care about this, and now he is quickly using the power
of the spiritual veins to quench his body.
With the operation of the basic exercises, the energy contained in the spiritual
veins was quickly inhaled into Levi Garrison's body.
Through the continuous quenching and purification of the power method, the
ultimate source of extremely pure energy is formed.
"call!"
Levi Garrison's dantian is like a hungry refugee, greedily taking a deep breath of
the original energy.
Then this energy spreads rapidly towards the bones and meridians in the body
with Dantian as the center.
"Chichichi!"
The strength and vitality in the body suddenly became violent.
"It's such a wonderful feeling!"
Levi Garrison could feel that the toughness of the meridians and bones had
improved a lot again.

Levi Garrison continued to frantically absorb the power in the super spiritual
vein.
The source power that is extracted and purified is also increasing.
This made Levi Garrison's bones and meridians constantly washed and tempered.
The strength of the whole person is also constantly raising the upper limit.
Although the energy of the super spiritual vein of the eternal kingdom is not as
terrifying as the underwater spiritual vein, it is not much worse.

As time passed, Levi Garrison felt that his body was completely enveloped by the
golden energy luster.
Advertisement
Sometimes the body seems to be floating in the clouds, and sometimes it seems
to be struggling in the quagmire.
It's like a cycle that keeps going back and forth.
However, every time such a cycle is completed, Levi Garrison can feel that his
strength is stronger.
However, Levi Garrison, who was immersed in the body-quenching world, didn't
know it.

Everything that happened here was stared at by a pair of azure blue eyes in a
very secret place.
Those eyes are extremely deep, like an endless starry sky, making people unconsciously immersed in them.
in base camp.
As Phoenix and others conducted more in-depth investigations, more and more
information was directed at Gong Qianqiu.
Especially today, Phoenix received an important piece of information.
A few months ago, Gong Qianqiu had a sword with terrifying energy in his hand.
According to the general description of eyewitnesses, this sword is very similar
to the divine calamity that Levi Garrison lost.
This made Phoenix and the others shocked again.
Everyone unconsciously recalled the various clues they had found before.
Advertisement
1. The time when Gong Qianqiu and Xiao Feng lost contact was the time when the
mysterious woman devoured the spiritual veins of the two alien races.
2. Gong Qianqiu was among the people who were almost killed by Levi Garrison
in the West Pavilion. At that time, Levi Garrison basically determined that the
mysterious woman was among them.

3. In the bloodbath of the West Pavilion incident, all those who had enemies with
Gong Qianqiu died tragically, and those who were friends with him survived.
Later, these people joined Qianqiu Sect.
4. Gong Wenqian, who was wrongly accused of being a traitor, was also killed in
the process of arresting Gong Qianqiu. You must know that even with Xiao Feng's
cultivation, even a sneak attack could have killed Gong Wenqian in one blow.
5. Recently, Xiao Feng and Gong Qianqiu lost contact again, and the mysterious
woman was receiving Tianlei tempering in Tianshifu.
6. Xiao Feng has leaked Levilia's exercises to Gong Qianqiu.
So many subtle evidences are all related to Gong Qianqiu.
It might be a coincidence if one or two things were involved.
But everything is closely related to Gong Qianqiu, so she is definitely involved.
Phoenix can basically conclude that the mysterious female leader is Gong Qianqiu.
"What should we do now?" Phoenix asked.
Levilia and Zoey Lopez pondered for a moment, and finally decided to wait for
Levi Garrison to come back to discuss.
At this moment, Levilia received a message from Xiao Tianshi Wentian.
Gong Qianqiu's first stage of body quenching has just been completed.
Without the slightest hesitation, everyone quickly hid in the safe house.
After all, Gong Qianqiu's intentions were very obvious before, and let Duguxiao
lead people to wander around the area around the base camp.
In the final analysis, I was worried that Levi Garrison went to Tianshi Mansion to
make trouble.
Now that body tempering is achieved, Gong Qianqiu will most likely bring revenge.
No one in the base camp is a match for the mysterious woman.
Even Duguxiao's current strength can basically sweep everything.
This message soon reached Levi Garrison's ears.
Fortunately, Levi Garrison just finished the second super spiritual vein of the
quenching chain.

He felt his strength increased a lot again.
“Don’t worry, I’ll rush back immediately.”
After Levi Garrison finished speaking, he rushed back to the base camp as quickly
as possible.
With Levi Garrison in charge, everyone’s high-hanging hearts sank.
Levi Garrison is their spiritual pillar.
However, everyone is waiting for the battle, and the revenge of the mysterious
female leader is too late.
Everyone didn’t know that Gong Qianqiu was not in a hurry to retaliate, but took
the lead in rushing to the location of the eternal kingdom’s spiritual veins.
It’s just that when Gong Qianqiu arrived at the destination, the whole person was
a little confused.

Gong Qianqiu’s eyes were filled with incredible colors.
The super spiritual veins that originally contained terrifying energy in the eternal
kingdom actually dissipated the spiritual energy.
“What the hell is going on here?”
Gong Qianqiu was instantly furious.
She quickly went to the depths of the spiritual veins again to investigate, and
sure enough, there were only a few aftermaths of spiritual energy floating in the
air.
The energy of the super spiritual veins is exhausted, like a well that has been
drained, completely losing its vitality and vitality.
Advertisement
Could it be that someone deliberately sabotaged it?
Gong Qianqiu’s thoughts turned quickly.
The location of this super spiritual vein is very hidden.
Even the insiders of the Eternal Kingdom back then only knew the exact location
of the spiritual veins.
Advertisement

They are the core high-level layers of the Eternal Kingdom.
Therefore, the residual forces from the periphery of the eternal kingdom are
excluded from destruction.
"It seems that someone speculated that I increased my strength through devouring and deliberately destroyed these super spiritual veins."
"It stops me from continuing to get stronger."
"And this person's strength is very terrifying, otherwise even if he has the idea of
destruction, he will not be able to dissipate his spiritual energy."
Gong Qianqiu's eyes narrowed slightly. In her impression, Levi Garrison was the
only one who could do it so quietly.
"It seems that I have to find a chance to explore Xiao Feng's mouth."
Before this thought completely dissipated, a message came from Duguxiao.
"Master, it has been found out that it was Levi Garrison who went to eternal
loneliness to destroy the spiritual veins."
Advertisement
Gong Qianqiu's face was cold in an instant, and he sneered: "Do you think that
destroying this spiritual vein can prevent this leader from becoming stronger?"
Gong Qianqiu was very angry, and even a little panicked.
In any case, she never thought that Levi Garrison could still have such a method.
It's just a wreck.
In order to prevent himself from engulfing the spiritual pulse to improve, he
even directly released the power of the spiritual pulse and destroyed it.
Now the aura has dissipated all over the world and is completely diluted.
For today's Gong Qianqiu, continuing to devour these diluted auras has little
effect.
And it's a waste of time.
"Damn Levi Garrison, this leader will make you pay a heavy price sooner or later."
Gong Qianqiu gritted his teeth angrily.
"Why don't you just fight Levi Garrison head-on, and talk about strength improvement later?"
Miya Chiaki seriously thought about the feasibility of this method.

She didn't know that Levi Garrison could also use the power of the spiritual veins
to quench his body.
Otherwise, there would be no such thought at all.
However, after careful consideration, Gong Qianqiu gave up this idea.
"Still try to be steady!"
Gong Qianqiu's eyes narrowed slightly.
She thought of other ways to improve her strength.
"There is no super spiritual vein of Eternal Realm, and there is also the super
spiritual vein of Zhen Mosi."
"It's time for Zhen Mosi to disappear from this world."
Gong Qianqiu's eyes shone with an extraordinarily sharp light.
The murderous aura naturally spread.
After making up his mind, Gong Qianqiu quickly returned to the corpse pit.
As the base camp of Qianqiu Sect, many elite sects gather here.
Although it is said that Gong Qianqiu did not take the people from the Zhenmo
Division in his eyes, Levi Garrison and Tianshi Mansion are variables after all.
In particular, Gong Qianqiu didn't want to reveal his true identity, so it was best
to quietly swallow the power of the Spiritual Vein of the Demon Suppressing
Division.
Of course, Gong Qianqiu was also worried about another thing.
Since Levi Garrison can destroy the spiritual vein of the eternal kingdom.
Then there is no doubt that he is also thinking of taking a shot at the spirit veins
of Zhen Mosi.
No matter how reluctant the people in the Demon Suppression Division are, they
only need to consider that once they are forcibly plundered, no one will be able
to stop them.
After recognizing this fact, it is possible for the people in the town to agree.
To take a ten thousand steps back, even if the people in the town magic department disagree.
As long as Levi Garrison forcibly uses his strength to crush and destroy the

spiritual veins, it is very likely to happen.
“Time is running out, and we must absorb the Spiritual Veins of the Demon
Suppressing Division before Levi Garrison destroys it.”
Gong Qianqiu hurriedly made careful deployments to ensure that the next plan
was foolproof.

at the same time.
Levi Garrison is also deploying in full swing.
Levi Garrison felt the urgency of time since Xiao Tianshi Wentian heard that the
mysterious woman had completed her body quenching.
The mysterious woman’s successful body tempering indicates that she can continue to devour.
Although the spiritual veins of the eternal kingdom have been used by him to
quench his body, but the other party will find other spiritual veins if they are not
kept together!
In particular, the spiritual veins that Zhen Mosi relies on to survive are hardly any
secrets.
Advertisement
The next step for the mysterious woman is likely to be this super spiritual vein.
In fact, it is not good to directly attack the Zhenmosi Lingmai.
That will only benefit Qianqiu’s teaching fisherman.
What’s more, the news that Tian Si was about to return also reached Levi Garrison’s ears.
Advertisement
Therefore, Levi Garrison had to carefully consider the feasibility of forcibly
capturing the spiritual veins.
The most important point is that the mysterious woman’s strength has greatly
increased after her body is tempered, and it is possible to attack the base camp
again at any time.

Levi Garrison really did not dare to leave the base camp for a long time, even if
there is a safe house, I am afraid it is not a complete plan.
However, just as the two sides were in full swing on the pre-plan of swallowing
(body quenching).
The town magic department suddenly came with the exact message.
Tiansi returned immediately, and he also brought several great powers in the
legendary world.
A stone stirred up a thousand waves.
Levi Garrison and Gong Qianqiu's plans both failed.
No matter who the two sides are, if they want to use the spiritual veins, it will
take time.
Advertisement
However, the spirit veins of the Demon Suppression Division are heavily guarded,
after all, this is the source of energy for the Demon Suppression Division to
survive.
It is absolutely impossible to secretly use the power of the spiritual veins.
And in essence, Zhen Mosi is the opponent of both of them at the same time, and
it can even be called a mortal enemy.
So as long as Levi Garrison or Gong Qianqiu makes such a move, they will
definitely encounter desperate resistance from the Demon Suppression Division.
Now that Tiansi is about to return with the power soon, this third-party force is
suddenly added.
If there is a fight, the outcome is yet to be known.
Moreover, neither Levi Garrison nor Gong Qianqiu have full confidence in the
strength of the legendary world.
In other words, there is no clear reference to combat power.
Therefore, the planning functions of both parties have been temporarily suspended.
"I actually came back at this juncture, Tiansi is really in a hurry!"
Gong Qianqiu clenched his silver teeth with anger.
Although full of anger, Gong Qianqiu did not dare to act rashly.

Although she has absolute confidence in her own strength, it is said that Tiansi
and Xuanming have found the legendary world.
And they also worshipped the big sects in that world.
What kind of place is that world?
What kind of cultivation realm have Tian Si and Xuan Ming reached now?
All of this Gong Qianqiu is uneasy.
If you take action against Zhen Mosi, if you are not an opponent, you and Qianqiu
Sect will probably be wiped out.
"Now this sect master can only hold Levi Garrison, but he still can't act rashly!"
Gong Qianqiu sighed quietly.
This feeling of being constrained by an unknown powerhouse really made Gong
Qianqiu depressed.
"If I can enter the legendary world, I will definitely trample Tiansi Xuanming and
the others."
Gong Qianqiu's eyes are firm, and she is very confident about this.
The crux of the question is where is the legendary Heaven Gate?
I am afraid that the world is full of power sources like the super spiritual vein of
the eternal kingdom, right?
If you can really enter the legendary world, you can completely rely on the extreme devouring technique to make your strength grow by leaps and bounds.
At that time, many great powers can only bow their heads at their feet.
"When Xuan Ming comes back, let's see if we can use Duguxiao to find out where
the gate of heaven is in his mouth?"
Gong Qianqiu made up his mind in his heart.
That's right, she yearns for the legendary world.
Can't wait to enter that wonderful world now!
"Perhaps the air in the legendary world is extraordinarily sweet?"

Inside the base camp.
Levi Garrison released a series of orders to increase the defense level of the safe

house.
After finishing his work, Levi Garrison was also lost in thought.
He is also very curious about the legendary world.
Tiansi had been searching for Tianmen without any news for so many years, how
did his strength increase?
Levi Garrison even looked forward to fighting with these people.
Advertisement
Especially after using the two super spiritual veins to quench the body, I was still
a little weak at first, but now I am full of confidence.
It can be said that the arrival of Tiansi completely ignited Levi Garrison's fighting
spirit.
Of course, to be on the safe side, Levi Garrison felt that if there was another
spiritual vein to quench his body, he would be more sure.
It's just that the spiritual vein of Zhen Mosi can't be considered for the time
being.
Advertisement
"Where is the spiritual vein of this level?"
Levi Garrison sighed, knowing in his heart that spiritual veins of this level are
hard to come by.
I am very lucky to be able to use two of them.
Just when Levi Garrison was in a dilemma, the genius doctor Yan Zangsheng took
the initiative to find the door.
"Why did you suddenly come, did you encounter any trouble?"
Levi Garrison asked in a deep voice.
Yan Zangsheng waved his hand and said with a smile, "I'm here to solve the
trouble for you."
"Fix the trouble for me?"
Levi Garrison was a little surprised and puzzled, and he didn't understand the
meaning of this sentence for a while.
Advertisement
Yan Zangsheng explained: "You urgently need a super spirit vein to quench your
body right now, don't you?"

“How did you know?”
Levi Garrison asked in surprise.
In his eyes, Yan Zangsheng had already lived the life of a hermit, but only asked
about worldly affairs.
How can you be clear about your predicament?
Yan Zangsheng smiled without saying a word. In fact, he had been observing the
situation secretly.
Even the predicaments and situations faced by the various forces, Yan Zangsheng
knew very well.
“Do you know where the super spirit veins are?”
Levi Garrison didn’t ask any further questions, and directly changed the topic.
Yan Zangsheng nodded and said, “Yes, I know.”
The place that Yan Zangsheng used to cultivate the 100,000-year-old magic
medicine was actually a super spiritual vein covered by it, which he called the
medicine vein.
Now that Yan Zangsheng knew the crisis Levi Garrison was facing, he gave up this
medicine vein without any hesitation.
“How about the energy contained in this medicine vein?”
Levi Garrison asked impatiently.
Yan Zangsheng didn’t hide anything: “Although the scale is not comparable to
the level of the eternal kingdom’s spiritual veins, the energy is extremely overbearing.”
“There is already a faint trend of forming a medicine dragon. For your body
tempering, it is definitely more than enough.”
Levi Garrison was overjoyed when he heard the words.
For him, this medicine pulse is just a timely rain!
“No one knows about this medicinal vein except you, right?” Levi Garrison asked
in a deep voice.
Yan Zangsheng pondered for a moment, then said uncertainly, “It’s hard to say!
But there are quite a few unfamiliar faces near the medicine vein recently.”

“Because of this, I think you should use it as soon as possible, so as not to have
too many dreams at night.”
“Okay, I’ll settle the base camp, and I’ll go to Yaomai with you immediately.” Levi
Garrison said with a serious face.
Phoenix and others have been investigating Gong Qianqiu’s clues outside for a
while.
As soon as he arrived at the base camp, he learned that Levi Garrison had returned.
“The boss came back in time, hurry up and tell him about Gong Qianqiu!”
Azure Dragon (Qinglong) was full of joy, and finally waited until Levi Garrison
took charge of the overall situation.
Now it has been basically determined that Gong Qianqiu is the leader of Qianqiu
Sect, and then let Levi Garrison decide how to deal with Xiao Feng.
However, when Phoenix and the others came to the safe house, they did not
encounter Levi Garrison.
After inquiring, I learned that Levi Garrison arranged a defense plan and left in a
hurry with Yan Zangsheng, not knowing the exact whereabouts.
“Boss, this is too mysterious, and he can’t keep up with his rhythm at all!”
Phoenix said a little dejectedly.
Several other people are also deeply regretful, after all, in order to obtain this
information, they have paid a lot of energy.
Xiao Feng has recently carried out a crazy energy devouring, and his cultivation
realm has greatly increased.
He even took time to go to the Eternal Kingdom to devour.
Although the power of the super spiritual vein has been dissipated by Levi Garrison.
But after all, this is the birthplace of the re-emergence of spiritual energy, and
the spiritual energy of heaven and earth in the surrounding area is dozens of
times stronger than other places.
For Xiao Feng, who was in the early stages of devouring, these heaven and earth

auras had a significant effect.
What Xiao Feng didn't know was that Duguxiao was also secretly cultivating
when he was devouring the spiritual energy.
It's just that Duguxiao didn't show up. After all, Xiao Feng devoured the spiritual
energy of the Death Palace Qianqiu tacitly, and he was only watching secretly.
Of course, this is also to understand Xiao Feng's cultivation base in real time, so
that Gong Qianqiu can use his plan in the future.
at the same time.
Levilia is constantly researching the flaws in the extreme swallowing exercises.
In Levilia's view, this kind of practice originated from his own practice after all.
This kind of predatory devouring, which destroys the balance of power between
heaven and earth, must have drawbacks to be found, and it must be completely
defeated.
The key to taking the initiative is to use your own power technique to control the
area space before the opponent releases the maximum energy.
The aura and elemental power in such a space will no longer be used by predators.
Of course, this gap is very short, and it can even be said that the opportunity is
fleeting.
Especially for the mysterious female leader and Duguxiao, who are very familiar
with cultivation, this kind of flaw is even more difficult to find.
The fusion proficiency in the spatial area is also extremely demanding.
At present, only Levilia can barely wait to reach such a level.
Even so, they must be decentralized to defeat their opponents on the premise
that the gap between their strengths is not too big.
Otherwise, the opponent's strength is too strong, and it can directly break the
balance of the power of the space you control.
At that time, if you are not given time to continue to integrate the power of heaven and earth, there is no possibility of winning your opponent.

“After all, the strength is not enough!”
Levilia sighed softly.
the other side.
Phoenix and others are still investigating Gong Qianqiu.
And for a more in-depth investigation, several people even sneaked into the
Qianqiu Sect in batches.
Their goal is very clear, that is, to find ways to determine the identity of the
female leader.
Although this method of getting tiger cubs without entering the tiger’s den is
extremely dangerous, it is also very effective.
Azure Dragon (Qinglong) and others soon found more critical and conclusive
evidence.
For example, the sword of the female leader is Levi Garrison’s divine calamity.
When the West Pavilion was bloodbathed, the Qianqiu cult members got a clear
kill list, and those people were the disciples who had hatred with Gong Qianqiu.
In addition, most of the core high-level leaders of Qianqiu Sect belong to existences who have been fascinated by Gong Qianqiu.
What’s more important is that many Qianqiu church members have described the
figure of the female leader.
It is very consistent with Gong Qianqiu.
Especially the sound is basically the same.
Combined with the time when the female leader devoured the spiritual veins, it
also accurately coincided with the time period when Xiao Feng and Gong Qianqiu
lost contact.
All the signs prove that Gong Qianqiu is basically the female leader.
It’s hammered!
After reaching such a conclusion, Azure Dragon (Qinglong) and the others did not
dare to stay in Qianqiu Sect, and they all found an opportunity to leave and
return to the base camp.

And after Gong Qianqiu's search for super spiritual veins was fruitless, she
temporarily gave up the idea of swallowing spiritual veins.
For now, her strength is basically enough.
For today's plan, the first thing to examine is the cultivation realm of Tian Si,
Xuan Ming and others.
The level of their strength directly affects Gong Qianqiu's next plan.
"At that time, I have to keep an eye on Duguxiao's changes. After all, this guy is
the last seed of the Xuanming alien race."
"Once you have the support of Xuan Ming and the legendary world power, it is
hard to say whether you can continue to be under your command."
"In any case, Duguxiao must be stabilized. Even if it can't be my help, don't be a
hindrance."
Gong Qianqiu made up his mind and decided to brainwash Duguxiao before Xuan
Ming returned.

Town Magic Division.
Since the news that Tiansi is about to return with several legendary powers in the
world came.
The Town Demon Division was full of joy.
The lifeless scene of the past has completely disappeared.
The days of sighing are finally coming to an end.
Gone is the miserable life of fearing like a mouse crossing the street.
Advertisement
The Qianqiu Religion and Levi Garrison are no longer a threat.
Everyone is looking forward to the return of the King of Heaven.
"Finally, we can revive the reputation of our Town Demon Division."
"It's time for our Town Demon Division to take revenge."
Advertisement
"Killing Qianqiu Sect and deterring Levi Garrison, we are finally going to stand up
again."
All are very excited.

The situation of Zhen Mosi will be formed soon when Ling Jueding looks at the
mountains and small mountains.
Inside the corpse pit.
Since Tiansi and Xuanming were about to return, Gong Qianqiu sent out most of
the elites.
She needs to collect all kinds of information in order to better plan the next step.
Therefore, only a few dead soldiers were left behind at the base camp.
Of course, it is mainly to guard Yufengtiansi, the top ten Tianjiao of Zhenmosi, Xu
Qingya and others.
Inside a dark secret room.
Advertisement
Yufeng Tiansi, who was tortured to the brink of being hammered to death, suddenly opened his eyes.
The originally cloudy eyes were now extremely bright.
Even with a frightening light.
If you look closely, you will find that Yufeng Tiansi's body is covered with a dim
energy luster.
And these energies are quickly repairing the wounds on his body.
I don't know how long ago, Yufeng Tiansi, who was originally skinny and skinny.
The surface layer of the skin became smooth and radiant.
The original scarred skin was like a stripped snake skin, blown to the ground by a
slight energy breath.
"call!"
Yufeng Tiansi let out a sigh of relief.
The mental state of the whole person is refreshed.
Even the aura fluctuations between gestures and gestures are much stronger.
"what?"
There were whispers from the dark corners.
Although the top ten talents have been dug up and their skills have been completely absorbed, they were once geniuses out of ten thousand.
It has a very keen perception of breath fluctuations and changes.
What's more, Yufeng Tiansi was dying before, and he was about to die in Huangquan.
How could the breath suddenly intensify so much?

“Shh!”
Yufeng Tiansi made a silent gesture.
Although the light in the secret room was dim, the others had already adapted,
so they immediately held their breath and waited for instructions.
Clap!
Yufeng Tiansi exerted his strength lightly, and the steel shackles that bound his
hands and feet were abruptly broken.
This time, the top ten Tianjiao, Xu Qingya and others were even more shocked.
You must know that this pair of shackles was specially made by Gong Qianqiu,
and I was afraid that something might go wrong.
Even when their strength is at its peak, it is not so easy to break it with breath.
However, Yufeng Tiansi did it easily.
“His strength has recovered?”
“How is this possible!”
“Yufengtian’s skill has been completely swallowed up!”
Everyone’s mind was full of doubts.
But Yufeng Tiansi regained his strength, which was a big happy event for them.
“You don’t have to ask, I will save you all next.”
Yufeng Tiansi said in a low voice.
In fact, even Gong Qianqiu underestimated Yufeng Tiansi.
He is a medical genius himself, and he actually hides a few life-saving medicinal
pills on his body.
Even if Miya Qianqiu’s famous people searched in detail, they could not find it.
So Yufeng Tiansi found an opportunity to take the medicine pill, and his skill
recovered quickly.
“Thank you Yufeng Tiansi!”
The top ten Tianjiao and others were moved to tears.
They had been completely desperate.
After all, in the face of such a level of guards, his own skills have been absorbed
as much as possible, and he can’t escape no matter what.
But now there is hope for life.
It’s incredible!

Yufeng Tiansi slowly stood up and moved his muscles.
After confirming that his power was fully recovered, he quickly walked to the other person's side.
Divide the few remaining pills into multiple portions, and put them into the mouths of the top ten Tianjiao and others.
"You absorb the power of the medicinal herbs according to the exercise method taught by me, and remember to control your breath."
"Otherwise, the aura fluctuations will easily be detected by experts."
Yufeng Tiansi gave a warning, and then quickly informed everyone about the cultivation method.
Advertisement
The top ten Tianjiao and others were overjoyed and hurriedly followed what Yufeng Tiansi said.
Quickly running the exercises, the power of the medicinal herbs is also quickly absorbed by the body.
Due to the limited number of medicinal pills, and their root bones were dug up, they only recovered 20 to 30 percent of their peak state.
On the contrary, Xu Qingya had recovered 50% to 60% of her strength, and one could imagine how terrifying the effect of this medicinal pill was.
Advertisement
Feeling the aura fluctuations in the body again, everyone was excited again.
"Have you recovered almost?"
After a long time, Yufeng Tiansi asked with a serious face.
The crowd nodded.
"There is still more than half an hour before the guards deliver the meal. When the time comes, I will help you fight a bloody path."
Yufeng Tiansi quickly formulated a battle plan.
Although he has recovered his cultivation, he is not sure whether Gong Qianqiu and Duguxiao are guarding outside.

After all, the strength of these two people has surpassed Yufeng Tiansi. If they
deliberately hide it, he will not be able to find it.
Everyone obeyed the instructions, and they all knew that this was the only chance to escape, and there was no room for mistakes.
Advertisement
Otherwise, if Gong Qianqiu knew of the attempted escape, the consequences
would be disastrous.
Time passed slowly, and there were light footsteps outside the secret room.
"coming!"
Yufeng Tiansi's eyes narrowed slightly, hiding directly in the dark footsteps.
Boom!
The door was opened, and the two dead guards threw a basin of what looked like
pig food on the ground.
"Several dead dogs, your dog food is here, come and eat…"
Before the death guard had finished speaking, he suddenly felt that he was enveloped by an extremely strong aura of death.
Immediately afterwards, the back of the head was slammed, and the brain was
cracked.
The corpse fell to the ground!
"Be careful behind you!"
The companion next to him reminded him that he, who originally planned to help,
suddenly felt that his neck was tightly clasped.
Clap!
The sound of broken bones sounded.
The dead guard instantly turned into a corpse.
Although Yufengtiansi's strength is not comparable to Gong Qianqiu and Duguxiao, it is definitely a dimensionality reduction blow to the dead.
"Walk!"
Yufeng Tiansi rushed out first.
There are several elite dead soldiers outside.
However, they were powerless against Shang Yufeng Tiansi.
In this way, Yufeng Tiansi led the crowd to fight a bloody path.
Everyone rushed out of the mass grave cell, greedily breathing the fresh air.
The feeling of being free again really excited them.

“Let’s act separately, so that even if Gong Qianqiu comes back, it will not be
wiped out.”
“Return to Zhenmo Division as soon as possible or find Levi Garrison directly.”
“I’m afraid he is the only one who can put pressure on Gong Qianqiu now.”
Yufeng Tiansi said solemnly.
Everyone nodded, not daring to stay in place, and quickly escaped from the
corpse pit.
Although there are not many members of the Qianqiu Sect left behind in Wanshikeng, this is the stronghold of the Qianqiu Sect after all.
The dead soldiers who were on duty returned in batches, and the situation that
Yufeng Tiansi and others escaped was soon discovered.
“Report to the sect master, Yufeng Tiansi and the others were taken away.”
The dead guard reported directly to Gong Qianqiu.
In his opinion, Yufeng Tiansi, Xu Qingya, and the others only had one breath left,
and it was absolutely impossible for them to take the initiative to escape.
Gong Qianqiu was furious when he heard the report.
“A bunch of trash, even a few dying people can’t watch.”
“Everyone is dispatched, be sure to catch them back.”
Gong Qianqiu gave an order, and tens of thousands of Qianqiu sects collectively
dispatched to arrest people.

Mass grave.
Qianqiu Education Base Camp.
Gong Qianqiu’s face was sinking like water, and the entire hall was silent.
The core executives of Qianqiu Sect did not even dare to let out the atmosphere,
for fear that the anger of Gong Qianqiu would be affected by Chi Yu.
The top ten Tianjiao and Yufeng Tiansi successfully escaped, which is a shame for
Gong Qianqiu.
These people have too much inside information.
Advertisement

Especially his true identity and provoking the relationship between Zhen Mosi
and Levi Garrison.
Once spread out, the anger of Zhen Mosi and Levi Garrison will probably focus on
themselves.
Although Gong Qianqiu has absolute confidence in his own strength, Tiansi's
upcoming return is a variable after all.
In addition, Xuan Ming's attitude towards himself after his return is unknown.
Advertisement
Although Gong Qianqiu saved Duguxiao's life at the beginning, Xuan Ming may
not be able to repay his gratitude.
It is even necessary to prevent these anti-bone boys from taking the opportunity
to annex Qianqiu Sect.
"It really gives me some headaches!"
Gong Qianqiu gently pressed the temple.
"What exactly went wrong?"
Gong Qianqiu's thoughts were turning rapidly.
The top ten Tianjiao, Xu Qingya and others were like that at the time.
It should be impossible to have the strength to escape.
"Yufengtiansi!"
Advertisement
It should be him!
Gong Qianqiu suddenly realized that Yufeng Tiansi was known as the most outstanding medical genius in the past century.
At the same time, he is also extremely talented in alchemy, so he should have left
behind.
Use the medicinal pill to quickly restore the cultivation base.
"I really underestimated the immortal Yufeng Tiansi."
Gong Qianqiu regretted a little.
Knowing this earlier, it would be better to directly end up Yufeng Tiansi's life!
Once the matter leaks, Levi Garrison has nothing to worry about.
But Tiansi will return soon, and the first thing must be Liwei.
Then he, the culprit who almost destroyed the Town Demon Division, would bear
the brunt of being a living target.

It is not known to what extent Tiansi's strength has reached, and it is uncertain
how terrifying the power he will bring back will be.
Thinking of this Gong Qianqiu, I felt irritable.
"Listen to me, Yufeng Tiansi must be brought back."
Gong Qianqiu said coldly.
"Yes!"
Qianqiu Jiaojiao replied in unison.
"Duguxiao, you divide the dead soldiers you trained into two groups."
"On the one hand, there is a blanket search and pursuit."
"On the other hand, all the major factions of the Demon Suppression Division will
be surrounded, and Yufeng Tiansi and the others will not be allowed to approach
the Demon Suppression Division half a step."
Gong Qianqiu said solemnly.
Duguxiao took the lead and left.
Although Duguxiao had learned that his biological father Xuan Ming was about to
return, he still willingly followed Gong Qianqiu.
In his opinion, Gong Qianqiu has the strength, skill and strategy, and is definitely
a leader that is rare in a century.
Doing things with such a person will sooner or later set foot on the pinnacle of
life.
As for his plans after his biological father's return, there is no need to think
about it now.
"Master Bone, you also personally bring all the killers to inquire!"
Master Bone also took orders to leave, and he and Duguxiao had basically the
same idea.
Especially the Bone Master was expelled by the Demon Suppression Division
before, and now he feels even more overjoyed when he meets the Ming Master.
During this period of time, Duguxiao tried his best to train dead soldiers, and the
Ten Temple Yama and Seven Killing Organizations all became the dead soldiers
of Qianqiu Sect.

Especially these people belong to the business ranks.
Gong Qianqiu also provided them with a simplified version of the extreme swallowing exercise.
In addition, after the spiritual veins erupted again, the spiritual energy was
sufficient, so these people's strength has improved rapidly recently.
It just came in handy now.
Sending so many people to chase and kill, Gong Qianqiu is still a little uneasy.
So he personally led a group of dead soldiers to hunt down.
Gong Qianqiu has already decided that as long as he encounters resistance during
this pursuit, he will kill the top ten Tianjiao and others on the spot.
After escaping from the corpse pit, Yufeng Tiansi and the others were directly
divided into three teams to escape for their lives in order not to be caught in one
go.

A group of the Ten Great Talents, a group of three of Xu Qingya, and a group of
Yufeng Tiansi himself.
Dark as ink.
A figure was running through the forest at high speed.
There are several black figures chasing after them, but because of the difference
in strength, the distance between the two sides is getting farther and farther.
It is Yufeng Tiansi who is at the forefront of this exhausted life.
He was the one with the strongest recovery in the underground cell.
Advertisement
It is precisely because of this that Yufeng Tiansi decided to go alone, in order not
to be implicated by others.
But he had just escaped from the corpse pit when he was discovered by the members of the Qianqiu Sect, and he followed closely.
Yufeng Tiansi naturally thought about cutting off these "tails" before escaping.
However, after two attempts, Yufeng Tiansi was shocked to discover that the

members of the Qianqiu Sect were killing more and more members.
Advertisement
Obviously, the other party has received the relevant information and is conducting an all-round search for escaping personnel.
With this judgment, Yufeng Tiansi no longer entangled too much with the killing
blade.
"These guys are really tough."
Yufeng Tiansi was a little depressed.
The members of the Qianqiu Sect who are chasing after him are not very strong
in combat.
However, the movement is peculiar and the speed of movement is extremely fast,
and the general will actually follow in the footsteps of Yufeng Tiansi.
Yufeng Tiansi quickly probed the surrounding aura, but found no suspicious
powerhouse traces.
Immediately stopped.
"If you guys continue to follow, don't blame Ben Tiansi for being ruthless."
Advertisement
Yufeng Tiansi warned with a cold face.
"I advise you to go back with us! Otherwise, kill me."
The leader of the chasing soldiers said solemnly.
"court death!"
Yufeng Tiansi shot directly.
However, what made him depressed was that the pursuer didn't fight back at all,
and he turned around and ran without any hesitation.
But Yufeng Tiansi had just finished recruiting and was about to leave, when the
killer behind him followed.
Always maintain a safe distance.
"hateful!"
In the face of the dog-skin plaster-like pursuers, even Yufeng Tiansi was a little
helpless.
The key is that as long as you make up your mind to kill these people, you will
inevitably be lured into the enemy.
At that time, he will be surrounded by heavy siege.

Not worth the loss.
Yufeng Tiansi had to keep changing his position, trying to increase the distance between the two sides as much as possible.
The direction he rushed towards was the Town Demon Division.
After running for a long time, Yufeng Tiansi's physical strength was extremely exhausted.
Especially the mental exhaustion made him feel a little exhausted.
But fortunately, with his superhuman strength, he didn't suffer any substantial injuries.
In contrast, the top ten talents are not so lucky.
Their roots were completely lost, and they were able to regain some of their strength, which was completely stimulated by the medicinal power of Yufengtiansi's medicinal herbs.
This is equivalent to a non-renewable resource, and every time a part is consumed, it will continue to decrease.
Of course, the top ten geniuses possessed various profound exercises, but the true qi cultivated in a short period of time simply could not make ends meet.
Therefore, in the process of fleeing, almost everyone of the top ten Tianjiao was injured, and they looked embarrassed.
As for Xu Qingya and the others, they did not choose to return to the Town Demon Division, but rushed directly to Levi Garrison's base camp.
This is also Xu Qingya's idea. In her opinion, only Levi Garrison can fight Gong Qianqiu head-on.
Because of this, the three of them escaped very smoothly at first.
It didn't even encounter too many Qianqiu members chased and killed.
It was not until the final stage that they encountered the Qianqiu Sect killer who was guarding the outskirts of Levi Garrison's base camp.
the other side.
Yufeng Tiansi and the top ten Tianjiao tried their best.
Finally, it was divided into two directions and came to the outskirts of the Town Demon Division Base Camp.

However, just after they returned to the interior of the town magic department,
they found that the far end was a little brighter.
Countless figures criss-crossed, and even Yufeng Tiansi felt a tingling in his scalp.
"Oops, Gong Qianqiu has deployed a heavy army outside the town magic department."
Yufeng Tiansi and the top ten Tianjiao sank to the bottom of the valley.

Countless thousands of church members are searching for carpets.
Yufeng Tiansi and the top ten Tianjiao suddenly felt ashes.
Not to mention their current state, even in their heyday, I am afraid there is no
way to make a bloody way back to the Town Demon Division.
In particular, the physical strength of the top ten Tianjiao has almost reached its
limit.
They didn't know how to call for help.
Moreover, looking at this situation, Zhen Mosi is also a stance that cannot be
maintained.
Advertisement
Obviously, the momentum of Qianqiu Sect has completely deterred the Zhenmo
Division.
Even if Yufeng Tiansi is about to despair, once Zhen Mosi is suppressed.
So even if you go back to the Demon Suppression Division yourself, it will only
speed up the demise of the Demon Suppressing Division.
There are interceptions in front, and chasing soldiers behind.
Advertisement
Yufeng Tiansi and the top ten Tianjiao had no choice but to find other routes to
escape.
It's just that their hearts at the moment are almost desperate.
As for Xu Qingya and others, they were quite lucky, and they simply gave up on
returning to the town magic department.
They rushed directly to Levi Garrison's base camp, but the resistance they encountered was not very great.

Levi Garrison also became the last-minute life-saving straw in their minds.
At the same time, Levi Garrison also got the message.
"It's really God who helped me that the important criminals held by Qianqiu Jiao
escaped!"
Levi Garrison was hesitating when to use the power of medicinal veins.
Knowing that the Qianqiu Cultists were gathering near the base camp, Levi
Garrison almost rushed back to sit in town to avoid problems.
Advertisement
But after waiting for a long time to get the information again, Qianqiu Sect did
not have an offensive attitude at all, but was fortifying within the range.
For a while, he couldn't figure out the real purpose of Qianqiu Sect, and Levi
Garrison didn't dare to easily extract the power of medicine veins.
After all, once the body is quenched, it will take a certain amount of time to
devote yourself to it.
At that time, if there is any problem in the base camp, Levi Garrison will not be
able to support it in time.
Now that I have received the news that the mysterious female sect leader is using the power of the whole church to arrest criminals, she has no time to care.
"I'm going to quench my body now, and I can just hide it from people's eyes and
ears."
Levi Garrison said excitedly.
Yan Zangsheng nodded and said, "You can improve your strength with peace of
mind, I will protect the law for you."
Then Levi Garrison rushed to the location of Yaomai.
A seemingly ordinary spiritual vein appeared in front of him.
Compared with the two super spiritual veins of the Eternal Kingdom and the
Atlantis plan, the appearance of the medicine vein is too mediocre.
The appearance is far from that of the two super spiritual veins.
If the super spiritual vein of the eternal kingdom is the majestic Huashan, then
the medicine vein is at most a small hill.

However, even the seemingly mediocre medicinal veins on the outside contain
extremely terrifying power.
"The power of spiritual energy contained in it alone is no less than those two
super spiritual veins!"
At the moment when Levi Garrison broke the outer energy defense of the medicine vein, an incomparably powerful energy burst out from the medicine
vein.
"Wow!"
Just as Levi Garrison had been quenching his body, a sound similar to that of a
dragon came.
Even Levi Garrison was shocked and his eardrums hurt, and even his mind was in a
trance for a moment.
"What a strong resistance!"
Levi Garrison was a little surprised.
Under normal circumstances, a spiritual vein is destroyed by external force and
absorbed by people.
Their most "resistance" point is the rapid overflow of spiritual power.
But the medicine pulse in front of him seemed to have its own wisdom, and it
even combined the power of the medicine pulse to fight against him.
As if unwilling to be used by its own energy.
"Is this the medicine dragon in Yan Zangsheng's mouth? It's interesting!"
Levi Garrison laughed instead of being angry. The more independent he was, the
more beneficial this medicine vein would be to him.
"In front of Lao Tzu, even if you are a dragon, you have to hold it."
Levi Garrison released the power in his body, and the violent energy coercion
covered the spiritual veins like an overwhelming force.
"Wow!"
"Wow!"
The dragon roar in the depths of the medicine veins screamed in resistance from
the very beginning.
In the end, it turned into a whisper of surrender to Levi Garrison's divine might.

I feel that the power of the medicine pulse has no resistance at this moment.
The corners of Levi Garrison's mouth rose slightly, finally subduing the wise medicine dragon.
Next, you can use the power of medicinal veins with confidence and boldness.
Levi Garrison runs the basic exercises, forming a powerful energy opportunity, constantly absorbing the power of medicine veins to wash the body and meridians.
"what?"
After a period of body quenching, Levi Garrison suddenly discovered what was special about this medicine vein.
Advertisement
The energy contained in the medicine vein is milder than that of the other two super spirit veins.
But it has a nourishing effect on the human body, the meridians, and even the spirit.
Although Levi Garrison's basic training method is different from Gong Qianqiu's forcibly swallowing energy.
But in the end, the external spiritual qi is used for one's own use, which will burden the meridians and the body to a certain extent.
Advertisement
However, after being nourished by the medicinal veins, all these energy burdens disappeared.
In particular, it also strengthened Levi Garrison's spiritual power to some extent.
"After using the power of medicine veins, my perception energy will be improved to a higher level."
Levi Garrison said to himself with a smile.
at the same time.

Phoenix and others are still tracking Gong Qianqiu's evidence and information.
The whole staff of Qianqiu was dispatched to search for the important person
and there was a lot of commotion.
Especially when Phoenix and the others got the gossip, there were four Xu Qingya and the top ten talents among the fugitives.
"They didn't even die?"
Advertisement
"And also being detained by Qianqiu Jiao at the same time?"
Phoenix and the others were shocked.
You must know that the top ten Tianjiao brought the Wufangge Zhenge artifact
to besiege Levi Garrison and disappeared without a trace after he was abused.
It is precisely because of this that the conflict between Levi Garrison and Zhen
Mosi has been thoroughly provoked.
Later, it was clarified that Levi Garrison let go of the top ten talents, but Xu
Qingya and others were blamed.
Now that they have escaped from Qianqiu Sect at the same time, they must have
learned a lot of inside information of Qianqiu Sect.
Otherwise, the Qianqiu Sect would not use the entire sect to hunt down and kill.
"We must find Xu Qingya and the others. Perhaps the key to unlocking the secret
of the mysterious female leader is these people."
Phoenix said solemnly.
Azure Dragon (Qinglong) and others strongly agreed, and they used all their
strength to find it.
Coaxing out such a big movement naturally also alarmed Xiao Feng.
Although during this time he has been madly swallowing and improving his
strength.
But Xiao Feng also sent people to keep an eye on the movements of the people
around him.
Especially for Phoenix and the others, that's a lot of attention.

After all, Phoenix and others have been working to find the traces and clues of
Gong Qianqiu.
"Xu Qingya and the top ten talents are not dead?"
Xiao Feng was also quite shocked, after all, it was rumored that Xu Qingya killed
the top ten talents to obtain the treasure.
In addition, Xu Qingya was imprisoned in the top-secret dungeon of Qianqiu Sect,
so she must know many secrets of Qianqiu Sect.
Maybe even know the identity of the leader of Qianqiu Sect.
"If you find them and ask the truth, then Qianqiu's suspicion will be completely
cleared."
Xiao Feng was immediately excited.
Isn't the reason why he worked so hard to cultivate and improve to have more
voice and bring Gong Qianqiu back?
If Gong Qianqiu's suspicions are cleared again, even Master Levi Garrison will not
continue to prevent them from dating.
"Even if Xu Qingya and the top ten talents flee, they are most likely to return to
the Town Demon Division."
"Of course Xu Qingya can also come to find Master."
"So as long as you search outward with these two locations as the center, you will
surely gain something."
Without involving Gong Qianqiu, Xiao Feng's mind reacted very quickly.
So the Xiao Feng faction's confidants expanded around the base camp to find the
traces of Xu Qingya and others.
And he himself went to the Town Demon Division to find it.
In Xiao Feng's opinion, the relationship between the top ten talents and the
master is not that good, and the possibility of returning to the town of magic is
very high.
Besides, the top ten arrogances have a large number of people and a large target,
so it is relatively easy to search.

“The top ten talents, you must stand firm, it is up to you to clear the suspicion for
Qianqiu.”
Xiao Feng’s figure flashed and quickly disappeared into the night.

in the dark.
Several figures were hidden in the jungle.
It is the ten arrogances who are about to be exhausted.
Ever since they discovered that Qianqiu Sect was heavily guarded by Qianqiu Sect,
they knew that this road would be impossible.
In desperation, he had to hide in a jungle.
The Ten Great Talents planned to sneak into the Demon Suppression Division
after the guards had a flaw.

Being chased and killed for days has brought their mental and physical strength
to the limit.
If it wasn’t for the firm belief and perseverance that I have cultivated over the
years, I’m afraid I would have fainted from exhaustion.
“It’s not the way to go on like this. After dawn, we can easily be exposed.”
Baili Wan’er lowered her voice.
Advertisement
Shangguan Tianfeng sighed and said, “There are too many people around the
Qianqiu Cult, and it’s a dead end for us to rush out.”
The rest of the people shook their heads and sighed, no longer the spirit of the
top ten talents of the year.
“Hiding is dead, and killing is dead. It’s better to fight. If you can rush out for two,
let the police officer know the situation.”
“I believe Tiansi and the others will avenge us.”
“It makes sense. Let’s go out in five ways, maybe there is a chance.”
“Where did your confidence come from?”
Just as the top ten geniuses were preparing to act, a playful female voice came
from a distance.

This sound is very penetrating, as if it can shatter a person's eardrums.
The hearts of the top ten talents sank to the bottom in an instant.
Advertisement
Miya Chiaki!
This is Gong Qianqiu's voice.
The pupils of the top ten Tianjiao shrank suddenly, and instinctively wanted to escape.
"Don't waste your efforts, you have been locked by this sect master, and you can't escape."
Before he finished speaking, a black figure galloped like lightning.
In an instant, the top ten arrogances were approaching.
The terrifying energy coercion spread out, and the area was searched like a blanket of mercury.
The top ten arrogances have nowhere to hide, and in desperation, they have to take the initiative to show up.
"Fighting with her, even if I die, I don't want to be tortured any more."
Jiang Tianqiong almost roared.
The top ten arrogances used to be arrogant and arrogant.
Gong Qianqiu stomped their arrogance and dignity on the ground and rubbed them.
Recalling that period of inhuman life, a look of determination appeared in the eyes of the top ten talents.
That's right, even if you die in battle, you can't be humiliated like that again.
"Fight!"
The top ten Tianjiao made a decision in their hearts.
Gong Qianqiu said with a sneer: "You want to die, it's not that easy."
"This sect master wants to make your life worse than death."
Swish!
A dark shadow shot out.
Li Zhuyue and Xu Zhetian were slapped in the chest before they had time to react.
The two of them flew out more than ten feet upside down, and finally fell heavily

to the ground, with blood already flowing from the corners of their mouths.
Others swarmed up, knowing that they were not Gong Qianqiu's opponent, but
they wanted to die.
"Don't worry, I won't kill you for the time being."
Gong Qianqiu smiled even more, and even only used one hand to fight the enemy
in the entire project.
Even so, the top ten geniuses are still powerless.
He was tortured by Gong Qianqiu's blood.
Although the top ten geniuses recovered some of their cultivation with the help
of Yufeng Tiansi's magic medicine.
But they have no roots after all.
Not to mention fighting against Gong Qianqiu, even in the face of today's Duguxiao.
The top ten arrogances are only tortured by blood.
Look at the ten arrogances who are embarrassed.
Gong Qianqiu slowly walked to Dugu Tuo and stepped on his chest.
"Tell me, where are Xu Qingya and Yufeng Tiansi?"
Gong Qianqiu exerted a little force, but Dugu Tuo couldn't bear it, and his chest
was like a huge boulder of thousands of pounds.
"I have no idea!"
Dugu Tuo said weakly.
Gong Qianqiu snorted coldly, and kicked it out a dozen feet away like he was
kicking a ball.
"And you?"
Gong Qianqiu stepped on Baili Wan'er's face and asked coldly.

"I do not know……"
Baili Wan'er was kicked out before she finished speaking.
After interrogating several people in a row, none of the top ten talents came to
the case.
Gong Qianqiu's eyes became extraordinarily deep, and she could feel that these
people were not only begging for death.

It really doesn't look like he knows the whereabouts of other people.
After all, eyes can't deceive people.

"Gong Qianqiu, if you have the ability, you can kill me."
"That's right, I don't want to live anymore, so give me a good time."
"Gong Qianqiu, you are a bitch who only knows how to cling to men's upper
ranks."
"Even if you are in charge of Qianqiu Sect, what if you are not a lowly child."
Advertisement
Some of the top ten arrogances shouted, and some insulted Gong Qianqiu.
The purpose is just to die!
They really don't want to continue being detained in a dark underground cell.
Live a life that is not as good as a pig and a dog every day.
Living like that is suffering.
Gong Qianqiu said sadly: "You should stay in the dungeon honestly!"
"Come here, imprison them in the dungeon, and put special iron chains through
their limbs."
"You can't give them another chance to escape."
"As ordered!"

The Qianqiu priest was ordered to take away the top ten talents.
Soon only Gong Qianqiu was left on the spot.
"Where is this immortal Yufeng Tiansi hiding?"
Gong Qianqiu was a little depressed. It stands to reason that she had already set
up the Tianluodi net, but she didn't even encounter the figure of Yufeng Tiansi.
Not long ago, Gong Qianqiu got the message, and finally the elite of the Ten
Temple Yama, who was in charge of tracking Yufeng Tiansi, was also lost.
Gong Qianqiu closed his eyes tightly and continued to search area by area by
means of power search.
This trick was also realized by Gong Qianqiu recently.
As long as she releases her own power, she will collide with each other when she
encounters the power fluctuations of other powerhouses.

Get power collision feedback, so determine the opponent's specific location.
After two consecutive days of searching, there was still no information from
Yufeng Tiansi, Xu Qingya and others.
"Master, do you think these people have already escaped to the Suppressing
Demon Division?"
Duguxiao asked in a deep voice.
He also carried out a frantic carpet search with the dead.
But the continuous search was fruitless.
Gong Qianqiu waved his hand and said: "It shouldn't be. After I found out that
they had escaped from the corpse pit, I immediately sent someone to seal the
relevant area near the Town Demon Division."
"Yan Guo left the voice, no matter how hidden they are, as long as they escape
into the Suppressing Demon Division, they will be discovered by our people."
"What's more, Qianqiu Sect still has a lot of insiders in the Demon Suppression
Division, and they didn't reveal any information."
"That's really weird. They're not stupid. It's true that moving separately will
cause us some trouble."
Duguxiao praised the other party in a mocking tone.
Gong Qianqiu sneered twice and said: "I think Yufeng Tiansi is afraid of being
dragged down. You have also seen the state of the top ten talents."
"As far as their cultivation is concerned, even if they run away from the business,
they can't run fast."
"According to their footsteps, if the three of Xu Qingya returned to the Town
Demon Division, they should also be around here."
"There are still no signs of them, which means…"
"That means they haven't returned to the Demon Suppression Division!"
Duguxiao's eyes lit up, as if he had caught something.
"That's right!"
Gong Qianqiu said with a smile: "With their cultivation base, it is difficult to avoid

the power of this leader in this area."
"So the most likely place for them to go should be Levi Garrison's base camp."
"Master, Master Bone is in charge over there!" Duguxiao looked solemn.
Gong Qianqiu immediately understood what Duguxiao meant. Although Master
Bone was not weak, he had to face Levi Garrison.
Even a powerhouse of the level of Levilia is not an opponent.
"I'll go myself."
Before he finished speaking, Gong Qianqiu flashed out like lightning.

Gong Qianqiu moved forward at a high speed, and he was indeed a little panicked
in his heart.
"Why did I ignore Xu Qingya and the others looking for Levi Garrison?"
After all, looking for Levi Garrison has the same effect as returning to the Town
Demon Division to spread the message.
Gong Qianqiu was very anxious, and it was Master Bone who was in charge of the
search outside Levi Garrison's base camp.
Although his strength is also very strong, he can't win against the powerhouses
like Levi Garrison and Levilia.
Once Xu Qingya is exposed to the masters of Levi Garrison's base camp.
Advertisement
The bone master is very difficult to resist, and it is very difficult to even escape.
Once Levi Garrison knew about Qianqiu Sect and what he had done.
Then Zhen Mosi will know, and Tiansi can also get information when he returns to
nature.
"Levi Garrison is not terrible, but if he joins hands with Tiansi, the consequences
will be unimaginable."
Advertisement
Gong Qianqiu was terrified.
Even broke out in a cold sweat.
Originally, she didn't have to be so afraid, but now the spiritual veins of the

eternal kingdom have been destroyed.
Now Gong Qianqiu wants to devour energy but can't find it anywhere.
"If Xuan Ming can join hands with me, maybe he can get out of this predicament."
"But if Xuan Ming chooses to sit on the mountain and watch the tiger fight, then I
will be very dangerous."
Gong Qianqiu frowned, because she felt that this situation was very likely to
occur.
At that time, Tiansi will also join hands with the legendary power of the world to
return.
The relationship between the parties is not easy to handle.
Advertisement
"It would be bad if it got this far."
Gong Qianqiu unconsciously accelerated the speed.
Carefully calculate Xu Qingya's speed, if the latter chooses to go directly to Levi
Garrison's base camp.
Then it's too late to speed up.
Even if it is time to mobilize people from Qianqiu Sect near Levi Garrison's base
camp.
And it may also startle the snake, attract the attention of Levi Garrison and
others, and then take the initiative to attack.
"hateful!"
Gong Qianqiu was a little furious.
It would be great if someone inside Levi Garrison Base Camp could help him.
"Xiao Feng!"
Gong Qianqiu's eyes lit up, and he suddenly thought of this best tool man.
In particular, Xiao Feng has a very high status in Levi Garrison's base camp, and he
can handle this matter more covertly.
"Fortunately, I didn't get rid of this waste at that time, and I didn't think that I
would be able to help this leader at a critical moment."
Gong Qianqiu praised his wit.
Gong Qianqiu stopped and took out the emergency contact tool.
Buzz!

Just after opening the communication tool, the information sent by Xiao Feng
during this period of time came from it.
Such as "I miss you forever", "Are you okay now?", "Why can't I contact you
again?" and so on…
Seeing Gong Qianqiu's nausea for a while, this waste is still delusional to gain the
favor of this leader?
Resisting the nausea, Gong Qianqiu sent information to Xiao Feng.
"Xiao Feng, what are you doing? I'm finally out of danger temporarily."
Gong Qianqiu's words went from caring to explaining why he only contacted Xiao
Feng until now.
There was even a hint of "missing" urgency in his tone.
"So that's the case, I said if there are no special circumstances, why don't you
contact me?"
Xiao Feng quickly replied to the information.
Then he recounted his longing.
Although Gong Qianqiu was extremely anxious and disgusting, he could only bite
the bullet and absent-mindedly attached.
Fortunately, after a "sweet interaction", Xiao Feng finally asked, "Qianqiu, are
you okay?"
"There is indeed something."
Gong Qianqiu adjusted his tone again and continued:
"Now the three of Xu Qingya are rushing to the base camp, trying to frame me,
please help me stop them."
"What?" Xiao Feng was completely shocked.
"Aren't they imprisoned by Qianqiu Sect? What can they frame you for?"
Xiao Feng couldn't help but ask.
Although Xiao Feng liked Gong Qianqiu very much, this incident was too bizarre
and had to make him suspicious.

"During this time, in addition to avoiding the pursuit of Qianqiu Cult, I was

investigating the mysterious female sect leader."
"Maybe you don't know yet, that female sect master knows the Demon Suppression Division, especially me, very well."
"I even suspect that she used to be one of my classmates, otherwise how could
she have designed so many perjury to frame me?"
Gong Qianqiu continued to explain, and seeing that Xiao Feng had not replied all
the time, it was inevitable that he was a little flustered.
He hurriedly released his big move: "Actually, I already knew their whereabouts,
if Qianqiu Jiao had something to do with me."
"Can you still let them go to the base camp? I haven't said it before, just because
I'm afraid you will misunderstand me and ignore me,
uuuuuuuuuuuuuuuuuuu…"
Advertisement
Gong Qianqiu actually cried when he said that at the end.
It seems like a grievance of "I didn't say it because of the relationship between
us".
Xiao Feng immediately softened his heart and hurriedly comforted: "Qianqiu,
don't cry, I have no doubts about you."
Xiao Feng thought about it carefully, what Gong Qianqiu said was very reasonable.
Advertisement
If she is really the mysterious leader, wouldn't it be better to arrest Xu Qingya
and others and kill them directly?
Then there will be no future troubles, how could they have escaped?
Moreover, Master and Azure Dragon (Qinglong) have analyzed it, and the female
leader is extremely meticulous.
How could such a low-level error occur?
Furthermore, if Gong Qianqiu is really a female leader, why should she tell
herself?
Doesn't this directly expose her identity and arouse her suspicion?
Moreover, at this time, the female leader should go all out to hunt down Xu
Qingya and others, and try to avoid the leakage of information as much as

possible.
“Since Qianqiu told me everything, then she will have absolutely no problem.”
Xiao Feng made up his mind and assured Gong Qianqiu: “Don’t worry, Qianqiu, I will go out to inspect.”
Advertisement
“Once they dare to frame you, I will never forgive you lightly.”
“Okay. But Xiao Feng, don’t kill them. These people may have their own difficulties.”
Gong Qianqiu paused, and continued to say sincerely:
“As long as I explain it clearly, I will be cleared.”
When Xiao Feng heard this, the last trace of doubt disappeared.
If Gong Qianqiu is really a goddess and goddess, she definitely hopes to let herself help kill people!
How could she still think about Xu Qingya and others who were going to frame her?
“My Qianqiu is indeed a kind woman!”
Xiao Feng thought silently.
“Qianqiu, I won’t kill them, I will catch them and hand them over to you.”
Xiao Feng felt that his woman was wronged, and it was time for him to come forward.
The two chatted a few words at will to cut off contact.
Gong Qianqiu was so complacent, she had already pinched Xiao Feng to the death.
Deliberately plead for Xu Qingya and others, but it will inspire Xiao Feng to take the initiative to punish these “rumor makers”.
While solving the serious troubles of his confidants, he can still avoid Xiao Feng’s suspicion.
Kill two birds with one stone!
However, Gong Qianqiu still rushed to Levi Garrison’s base camp in person, and Xiao Feng’s side was just an insurance.
Be there yourself to deal with the unexpected.
Gong Qianqiu has always pursued things without flaws.
the other side.

After cutting off contact, Xiao Feng went directly to the outside of the base camp to wait.
And instructed his confidants to report to him immediately when they saw suspicious persons.
Xiao Feng even took the initiative to take over the overall defense of the base
camp today.
Of course, this kind of behavior did not arouse suspicion from others. After all, it
was not the first time that the defense was suddenly switched.
However, for Xiao Feng, no accident is allowed.
In particular, no one is allowed to slander their loved ones in public at the base
camp.
Xiao Feng's strength has greatly increased now, and his sense of breath is becoming more and more sensitive.
He released his power and spread out to explore with self-centeredness, trying
to find the unfamiliar atmosphere approaching.

"coming!"
It didn't take long for Xiao Feng to suddenly feel an unfamiliar aura approaching.
The figure swept out and rushed over according to the approximate direction of
the breath.
Sure enough, it didn't take long for Xiao Feng to see Xu Qingya and the three
fleeing in embarrassment.
"Xiao Feng, it's Xiao Feng, we are saved."
Xu Qingya also recognized Xiao Feng and was very excited.
Advertisement
In her opinion, Xiao Feng is Levi Garrison's most important first disciple. As long
as he tells him the truth, it is equivalent to telling Levi Garrison.
In this way, he will be able to obtain asylum and escape in the true sense.
"Xiao Feng, Gong Qianqiu is the leader of Qianqiu Sect!"
"That's right, she also stole the robbery, we saw it with our own eyes."

“The top ten talents were also arrested by Gong Qianqiu, but they framed Mr.
Ye.”
Seeing Xiao Feng, Xu Qingya and the three showed no reservations about what
they had learned.
However, they soon discovered that the shock and joy they imagined did not
appear on Xiao Feng’s face.
It can even be said that Xiao Feng is very calm at the moment, as if he knows
everything about these things.
An ominous foreboding quickly came to my mind.
Xu Qingya said solemnly: “Xiao Feng, take me to see Mr. Ye, we have important
information to report.”
“Is it possible that my master is a piece of trash like you who only talks nonsense?”
Xiao Feng said with a sneer.
Gong Qianqiu had already said the words of Xu Qingya and the three of them
before.
Advertisement
“It really is this set of false accusations, Qianqiu really guessed it correctly.”
Xiao Feng was more and more emotional about Gong Qianqiu’s intelligence and
wit.
At the same time, I am proud that I can find such a girlfriend.
“Xiao Feng, what do you mean?” Xu Hushan asked coldly.
Xu Langhai also stared at Xiao Feng coldly, but he also felt abnormal in his heart.
Could it be that Xiao Feng has been completely controlled by Gong Qianqiu?
“Xiao Feng, we are not talking nonsense. During this time, Gong Qianqiu tortured
us inhumanly.”
“At the same time, Yufeng Tiansi and the top ten Tianjiao were tortured.”
“As long as you find them then, you’ll know when you ask.”
Xu Qingya said in a sincere tone.
Xiao Feng snorted coldly and said, “You still say that you don’t talk nonsense?”

“With Qianqiu’s cultivation, Yufeng Tiansi can defeat her with one hand.”
“How could Qianqiu have made him?”
“Xiao Feng, you were deceived by Gong Qianqiu, her current strength is very
terrifying.” Xu Qingya said hurriedly.
Xiao Feng didn’t believe it at all, and said solemnly: “I have my own judgment if I
was deceived. I don’t need you to judge.”
Xiao Feng is very confident about this. After all, he personally tested Gong Qianqiu’s cultivation last time.
At that time, it was only three or four percent cultivation, and Gong Qianqiu was
already injured.
If Gong Qianqiu is so powerful, how could he be suppressed like that?
“Xiao Feng, you are really hopeless. Gong Qianqiu devoured the two major alien
spiritual veins in a row, right and wrong has long been very terrifying.”
Xu Hushan said solemnly: “With her cultivation, it’s not easy to deceive you?”
“Yeah Xiao Feng, we have seen how powerful Gong Qianqiu is.”
“If you really don’t believe us, you can go to Yufeng Tiansi.”
“His skill has also been forcibly swallowed by Gong Qianqiu, there must be no
reason to deceive you.”
Xu Langhai is also helping.
The three of Xu Qingya clearly felt Xiao Feng’s hostility.
“Yufeng Tiansi? If you have the ability, you can find him! Isn’t it better to use it to
prove your innocence?”
Xiao Feng said in a mocking tone.
Xu Qingya suddenly realized something.
Ning Sheng asked: “Xiao Feng, before meeting us, did Gong Qianqiu contact
you?”
“That’s right, if it wasn’t for Qianqiu’s advance notice, I didn’t know that you
would frame her with such nonsense!”
Xu Qingya’s face suddenly became ugly when she heard the words.

it is as expected.

It seems that Gong Qianqiu has arranged the rhetoric perfectly in advance.
"Xiao Feng, what I just said is true, you can't do anything if you don't believe it."
"It's the same sentence, we want to see Mr. Ye."
"I believe he will make the right judgment."
Xu Qingya decided to change her strategy. After all, there was no benefit in
continuing to quarrel with Xiao Feng.
Advertisement
If he gets in a hurry, it is likely to have the opposite effect.
It is better to find a way to see Levi Garrison first.
"You are delusional, I will not let you see Master."
This is what Xiao Feng thought deep in his heart. If these words reach Master's
ears, he will be more or less suspicious.
Advertisement
This is contrary to the plan to introduce Gong Qianqiu to everyone as soon as
possible.
Before all misunderstandings are clarified, Xiao Feng does not allow anything
unfavorable to Gong Qianqiu to happen again.
"What do you want?" Xu Langhai said coldly.
He could hardly control the anger in his heart.
If it weren't for the fact that the current state was too bad, Xu Langhai would
have been rude to Xiao Feng long ago.
Xiao Feng said jokingly: "You slander Qianqiu so much, of course I arrested you
and handed it over to Qianqiu."
"you……"
Xu Qingya's face instantly paled.
I never thought that it would take a lot of effort to get out of Longtan and enter
the tiger's den again.
Advertisement
"Qingya, the two of us are holding on to Xiao Feng, you can find an opportunity
to enter the base camp to meet Mr. Ye."
Xu Hushan immediately worked out a battle plan. Since Xiao Feng's path would

not work, he would take another path.
As long as they can see Levi Garrison, their crisis can naturally be lifted.
"You're just trying to hold me back just because of your trash? I really don't know
how much I have!"
As soon as the voice fell, Xiao Feng suddenly released Xiuwei.
Powerful energy coercion roared out, and Xu Qingya's heart sank to the bottom
in an instant.
"Xiao Feng is so strong?"
Xu Qingya and the three were heartbroken, and looking at the strength of their
strength, even if they were at their peak, they were probably not opponents.
Now in this state of residual blood, there is even less chance.
"Qingya, go!"
Xu Hushan and Xu Langhai rushed forward without fear of death, trying desperately to stop Xiao Feng even for a while.
Create a chance for Xu Qingya to escape.
"A group of ants are still fighting beasts?"
Xiao Feng's figure burst out, and he threw two punches at will.
Xu Hushan and Xu Langhai were directly blown away and fell to the ground with
serious injuries.
If it wasn't for Gong Qianqiu's words, Xiao Feng's punch would have killed the
two of them.
Xu Qingya didn't even have time to make an escape, and Xiao Feng had already
appeared behind her.
"You can't go anymore." Xiao Feng's icy voice sounded behind him.
Xu Qingya's face changed suddenly, she almost instinctively wanted to escape,
but Xiao Feng took one step ahead of her.
A hand knife slashed at the back of her neck.
Xu Qingya only felt darkness in front of her eyes, and soon fainted.
Xiao Feng tied the three together, and then took out the communication tool to
contact Gong Qianqiu.
"I didn't think of consuming this waste, it's really worth using up to now."
After receiving the information, Gong Qianqiu was overjoyed and directly agreed

with Xiao Feng to meet at a secluded place.
Without the slightest hesitation, Xiao Feng took Xu Qingya and the three of
them to the appointed place with all their strength.
It didn't take long for Xiao Feng to arrive, and found that Gong Qianqiu had been
waiting for a long time.
"Qianqiu, these guys who framed you were caught by me."
"Don't worry, they didn't see anyone else during this period." Xiao Feng said as if
taking credit.
Gong Qianqiu immediately made the appearance of a little bird.
He said sweetly: "Xiao Feng, you have worked hard for you. If it wasn't for your
help, I might have jumped into the Yellow River and couldn't wash it."
"You are my woman, and this is what I should do."
With the approval of Gong Qianqiu, Xiao Feng was very satisfied.

"Xiao Feng, Gong Qianqiu lied to you, wake up!"
At this moment, Xu Qingya and the others woke up one after another.
Several people kept saying bad things about Gong Qianqiu on the road, Xiao Feng
felt that it was too noisy, so they all fainted.
"Xiao Feng, you are a fool, being played around by Gong Qianqiu."
"Gong Qianqiu, stop pretending and show your true strength."
Xu Langhai and Xu Hushan also shouted loudly.
Advertisement
They were all desperate.
After all the hardships, it was not easy to escape the dungeon, and I never thought that Xiao Feng would be caught by Gong Qianqiu again.
You can imagine what kind of torture he will face.
Recalling the life in the dungeon before, Xu Qingya and the three couldn't help
shivering.
Advertisement
"Qianqiu, they are really obsessed. According to my opinion, just kill them."
Xiao Feng said with a sullen face.
Gong Qianqiu sighed and said: "Qianqiu's sect leader is perfectly arranged, so it's

no wonder they are deceived."
"It'll be clarified when the time comes, let them be let go first!"
"When the time comes, I will naturally explain it clearly, lest they be used as
gunmen."
Xiao Feng breathed a sigh of relief in his heart. What he said just now was half-truth, and he also meant to test Gong Qianqiu.
If Gong Qianqiu followed the trend and agreed to kill Xu Qingya and the three of
them, maybe there was something wrong with it.
However, Gong Qianqiu was so considerate of others, which made Xiao Feng
completely relieved.
"Gong Qianqiu, stop pretending, aren't you disgusting?"
Advertisement
"When you were in the dungeon, what did you say about Xiao Feng? Waste,
garbage, dog licking…"
"The exercises you use also come from Levilia. If you have the ability, show it!"
Xu Qingya and the three were unwilling and wanted to awaken Xiao Feng's
obsession as much as possible.
Gong Qianqiu immediately made an angry expression and said, "It doesn't matter
what you say about me, it is deceived."
"But I don't allow you to provoke my relationship with Xiao Feng. If you continue
to do this, don't blame me for being cruel."
Xiao Feng was shocked when he heard the words.
He never thought that Gong Qianqiu would protect himself so much.
"Damn things, if Qianqiu hadn't stopped me, I would have killed you already."
Xiao Feng snorted coldly.
Xu Qingya continued: "Gong Qianqiu kept our lives first because I didn't want you
to doubt it."
"The second is to let us witness her growth, Xiao Feng, you don't even know how
perverted Gong Qianqiu's psychology is."
"Shut up!" Xiao Feng flashed over and slapped these people several times.

The three of Xu Qingya were beaten and fainted again.
“Qianqiu, it’s quiet this time.”
Xiao Feng said affectionately: “Don’t worry, no one can hurt you with me.”
“Even if I am an enemy of the whole world, I will stand by your side, protect you,
and love you!”
“Qianqiu, you are my only belief.”
“Xiao Feng, I believe you.” Gong Qianqiu held back his nausea and leaned his
head gently on Xiao Feng’s shoulder.
Even such a move made Xiao Feng feel tears from the bottom of his heart.
He secretly vowed to protect this kind and gentle woman.
No one can slander Gong Qianqiu.
Not even a master!
Xiao Feng then swayed with Gong Qianqiu for a while, and then left reluctantly.
When Xiao Feng’s figure completely disappeared from sight, Gong Qianqiu’s face
showed a sinister smile.
It’s just that when I recalled Xiao Feng’s love words just now, I was unavoidably
disgusted, and it took a while to recover.
“Yufeng Tiansi, now you are the only one left, this sect master wants to see where you can hide?”
Gong Qianqiu’s eyes became particularly cold.
The wind rushed to the base camp in a happy mood.
Caught the three of Xu Qingya and was once again thanked and recognized by
Gong Qianqiu.
This gave Xiao Feng a great sense of achievement.
Xiao Feng felt that if he continued like this, Gong Qianqiu would be completely
convinced by himself.

At that time, make a pair of fairy nostalgia and make everyone envy.
at the same time.
Phoenix and the others are asking about the situation in doubt.
According to the eyeliner report, they saw the three suspected Xu Qingya rushing towards the base camp.

However, after searching all the way, Xu Qingya and the three suddenly lost their
voices.
It's like evaporating from the world.
Advertisement
Phoenix and the others immediately sent people to look for it all over the mountains and plains.
"I heard that Xiao Feng suddenly took over the outer defense of the base camp.
Will he know the inside story about the disappearance of the three of Xu Qingya?"
Azure Dragon (Azure Dragon) frowned and said.
Originally, the appearance of the three of Xu Qingya was likely to solve the
mystery of Qianqiu's leader's life experience.
Advertisement
Now that this important clue has been cut off at the edge of the base camp, Phoenix and the others will inevitably feel very depressed.
"Say that Cao Cao and Cao Cao will be here, let's ask directly if we don't know."
Phoenix pointed to Xiao Feng who was humming a little tune in the distance and
said.
"Xiao Feng, you came just in time. Listening to the informant's report, Xu Qingya
and the three came to the base camp."
"Tonight you are temporarily in charge of the perimeter defense, have you found
anything?" Phoenix asked directly.
While asking, Phoenix and others were also carefully observing Xiao Feng.
Although it is a normal operation to temporarily switch defenses, but after Xiao
Feng switched defenses, there was no news for a period of time.
This is very abnormal. As the person in charge of the peripheral defense, he left
his post without permission?
So what's the point of your Xiao Feng's temporary defense change?
Advertisement
"No…no discovery!"
Xiao Feng was slightly taken aback, but he still responded as soon as possible.

In fact, Xiao Feng is a little guilty. Although Gong Qianqiu has explained it clearly,
this matter has yet to be clarified.
If you tell the truth rashly, Phoenix and the others will definitely hold on to it.
Even if you use this as evidence to report yourself, then Master will more or less
believe it.
"Really?" Azure Dragon (Azure Dragon) asked, and he keenly caught Xiao Feng's
panic.
Xiao Feng completely stabilized his mind, met Azure Dragon (Azure Dragon)'s
eyes and said, "I just went to find Xu Qingya and the others."
"But after several searches, no trace of them was found. Could it be that the
subordinates misunderstood?"
Xiao Feng was righteous, but Phoenix and the others were helpless.
"Since you guys are back, you'll be responsible for the perimeter defense! I've
been busy all night and just got a little tired."
After Xiao Feng finished speaking, he turned around and left.
However, at this moment, Phoenix's communication tool rang.
The latest news from the peripheral eyeliner: Xu Qingya and the three have been
captured by Qianqiu Jiao.
After Phoenix and the others saw the message, they immediately suspected Xiao
Feng.
Just now, Xiao Feng's panic slashed in their eyes.
"Xiao Feng, tell the truth, have you seen Xu Qingya and the others?"
"The news came just now that the three of Xu Qingya were captured by Qianqiu
again."
Phoenix quickly blocked Xiao Feng's way and said in a questioning tone.
Xiao Feng suddenly panicked in his heart.
"Are you annoying! I really didn't see Xu Qingya!" Xiao Feng still denied it.
Phoenix sighed secretly, Xiao Feng looked like a dead pig not afraid of being
scalded by boiling water, which really made her a little helpless.
After leaving a few people, Xiao Feng also had some doubts in his heart.

Immediately asked Gong Qianqiu about this.
Gong Qianqiu responded quickly this time.
"Xiao Feng, I really don't know. After I explained it to them, I let Xu Qingya go."
"If you don't believe it, there are many Xige disciples who have seen it with your
own eyes, you can ask them."
Gong Qianqiu was full of innocent grievances.
Suddenly, Xiao Feng felt distressed again, and he hurriedly said something to
comfort him.
The doubts in my heart also disappeared.
"Sure enough, it's none of Qianqiu's business, why did Phoenix and the others
hold onto her?"
Xiao Feng became more and more disgusted with the suspicion and suspicion of
Phoenix and others.
You Qi just kept asking, and he was clearly doubting himself!

Levi Garrison was completely unaware of what happened at the base camp.
At this time, he was fully immersed in the medicinal pulse quenching body and
could not extricate himself.
The power of medicinal veins has a powerful effect of moisturizing the body and
meridians, which makes Levi Garrison's abilities in all aspects once again elevated
to a new level.
After a few days of intensive training, Levi Garrison finally completed the quenching.
Feel the surging energy in the body, especially the meridians seem to become
more resilient.
This made Levi Garrison feel very comfortable, as if reborn.

Seeing Levi Garrison leaving the customs, the genius doctor Yan Zangsheng said

with a smile, "There is still a lot of medicinal power left, I thought you would use
it up!"
"I have already completed the body quenching, and it is a waste to use the power
of the veins."
Levi Garrison was also very satisfied with the body quenching effect, and said
with a smile, "I just want to bring a few people over to improve my strength."
Yan Zangsheng's mouth twitched, he thought he could use the power of the remaining medicinal veins to continue cultivating the magic medicine.

He never thought that Levi Garrison would not only improve himself, but also
form a group.
"you are vicious!"
Yan Zangsheng felt that it was necessary to find another piece of spiritual meridian to cultivate magical medicine.
Soon Levi Garrison brought Wen Lei, Zhou Nanyan and Huoyun Evil God secret to
Yaomai.
The three of them have been practicing basic exercises in seclusion almost all the
time.
The medicinal veins with nourishing effects are definitely a great opportunity for
them to improve.
Before that, Levi Garrison had already taken the three of them to the other two
spiritual veins to temper their bodies.
Now after the infiltration and washing of the medicinal veins, the strength of
Wen Lei's three people has been greatly improved again, and they have completely reached a new realm.
It can even be said that the combat power is terrifying to the extreme.
Advertisement
This is the benefit of Levi Garrison's basic exercises, and it may not show up in a
short time.
But if you stick to it in the long run, the effect will come out, which is far more

terrifying than the extreme swallowing exercise.
The key is to concentrate on practicing basic exercises, which will make the
cultivator have a solid foundation, so that there is more room for improvement.
After going through the quenching of three super spiritual veins in a row, the
strength of Wen Lei and the three of them reached a new level.
"You can all be on your own now. Even if Qianqiu Jiao is staring at him, I won't
feel like I'm going to lose my skills."
Levi Garrison said with great relief.
The three of Wen Lei were also very happy, and they naturally knew the current
situation of the base camp.
Outside the Qianqiu Cult is eyeing the tiger, and the Zhenmo Si Tiansi is about to
return, and his attitude is not clear.
Furthermore, spies are likely to appear within the base camp.
However, all this pressure was on Levi Garrison alone before.
Wen Lei and the three also wanted to help very much.
However, his strength was not enough before, and he was helpless to Levi Garrison.
Now that the cultivation base has been improved, he can finally share the worries
for Levi Garrison.
"Even if Qianqiu Sect and Zhen Mo Si Tiansi return to join forces, I am not afraid
at all now."
Levi Garrison is full of confidence, and his cultivation has improved qualitatively.
There are three more powerful helpers around.
It's just that Levi Garrison felt a little regretful that he couldn't bring the 80
students of Ning Jinye to temper his body.
After all, it is too much attention that so many people leave the base camp rashly.
Once it is detected by Qianqiu Sect, it is very likely to take advantage of it to
enter.
Otherwise, these guys can also become the strongest helpers around.
"Go, go back to base camp!"

Levi Garrison gave an order to take Wen Lei and the three to quickly return to the
base camp.
Of course, Levi Garrison asked several people to maintain absolute secrecy
regarding the substantial increase in the strength of Wen Lei and the three of
them.
It cannot be disclosed to anyone, the three of them will exist as Levi Garrison's
biggest trump card.
The leader of the Qianqiu Sect must feel that she can easily handle herself, so
continue to let her maintain this illusion.
When there is another war, Wen Lei and the three of them will definitely be able
to achieve unexpected results.
It may even play a decisive role in the direction of the entire war.
However, as soon as Levi Garrison returned to the base camp, he got another
surprise.

Good news from the Brain of God, dear brother.
Since the last separation, God's Brain has been staying in War Bear Country to do
his own research.
In the process of research, God's Brain discovered a sealed super spiritual vein in
the Siberian Plain of War Bear Country.
"That's great, God helped me!"
Levi Garrison was overjoyed, so he could increase his strength again.
After returning to the base camp, someone reported the recently obtained information to Levi Garrison.
Advertisement
"Now that Yufeng Tiansi has not been caught, Qianqiu's energy is completely
entangled in this matter."
"Just in time to push the boat, seize this opportunity and continue to use the
super spiritual veins to improve strength."

After making up his mind, Levi Garrison directly asked people to release the
message.
The entire base camp and the affiliated forces under Levi Garrison did their best
to rescue Yufeng Tiansi.

As soon as the news came out, all parties were shocked.
Mass grave.
Qianqiu Church General Altar.
"What? Levi Garrison actually sent people to rescue Yufeng Tiansi?"
Gong Qianqiu frowned, and suddenly felt the pressure doubled.
Now the strength of the various factions of the Town Demon Division are all
shrunk in the base camp and dare not move out.
According to the normal situation, as long as the comprehensive investigation
continues, Gong Qianqiu is confident to catch Yufeng Tiansi in the near future.
But now Levi Garrison stepped in, which was beyond her expectations.
You must know that Levi Garrison's forces are intricate.
Advertisement
And compared to Zhen Mosi, Gong Qianqiu did not penetrate deeply.
Therefore, Gong Qianqiu cannot fully grasp the specific trends of many Levi
Garrison's affiliated forces.
This also made it more difficult for her to prevent Levi Garrison's bad things.
Once Yufeng Tiansi is rescued by Levi Garrison's people, the effect is equivalent
to that of Zhen Mosi.
When Tiansi returns, the two forces will inevitably join forces.
In that case, neither Qianqiu Jiao nor herself will face enormous pressure, and
even her life will be in danger.
"This sect master will never allow such a thing to happen."
Gong Qianqiu clenched his fists tightly, and then went off to find Yufeng Tiansi in
person.
However, Gong Qianqiu didn't know that all this was a smoke bomb released by
Levi Garrison.

Just when Qianqiu Jiao and Gong Qianqiu were in full swing to hunt down Yufeng
Tiansi.
Levi Garrison once again took Wen Lei and the three secretly to leave the base
camp, and rushed directly to Zhanxiong Country to find the Brain of God.
The brain of God brought several people directly to the super spiritual vein.
"This super spiritual vein was discovered by my new type of detector, but it was
blocked by some super power."
"According to my analysis, this should be to avoid the leakage of aura or being
discovered by others."
God's brain said solemnly.
Levi Garrison raised his eyebrows and asked, "Do you mean that being blocked
was caused by humans?"
"That's right, it's hard to imagine what kind of super powerhouse it would be if
such a terrifying super spiritual vein was completely sealed off?"
God's Brain's tone was also full of shock.
Levi Garrison didn't hesitate any longer, and directly released his strength to
investigate.
The violent power spread rapidly, and soon came into contact with the energy
layer that sealed the super spiritual vein.
Boom boom boom!
After several consecutive collisions, the power released by Levi Garrison was
completely resisted.
The ground around the entire super-spiritual vein trembled violently.
"It's so strong?"
Levi Garrison's face was also a little solemn.
Although the power he released just now was only 20% to 30%, this is the effect
of his continuous improvement of three super spiritual veins.
It is basically equivalent to the full blow before his body quenching.
Was it shattered by the sealing force?
The key is to not cause any substantial damage to the seal layer?

What kind of powerhouse, or what kind of terrifying strength, can release such
an energy seal layer?
Is there still such an unknown peak powerhouse in the world?
"How? Is there a way to break the seal of power?" The Brain of God asked in a
deep voice.
The corner of Levi Garrison's mouth rose slightly and smiled, "You stay away, and
watch Lao Tzu smash it with one punch."

Levi Garrison gathered his strength and slammed a punch at the sealed energy
shield of the super spiritual vein.
This time, Levi Garrison didn't hold back at all.
The powerful force collided, and the surrounding earth trembled violently.
Clap clap!
The sealing energy shield is spreading cracks around at a speed visible to the
naked eye.
After a while, it shattered completely.

The turbulent and rich spiritual energy rushed to the face.
"Okay, don't waste time, hurry up and quench your body!"
Levi Garrison clapped his hands and said to the three of Wen Lei.
"This spiritual vein is probably stronger than the Atlantis submarine plan!"
Advertisement
Wen Lei said with emotion.
Levi Garrison also discovered that the spiritual vein in front of him was red, like
blood.
The richness of the spiritual energy is much higher than the super spiritual vein
of the submarine plan.
"So don't let it down, hurry up and cultivate."
Levi Garrison urged.
Due to the previous inference, Levi Garrison was worried that the leakage of
spiritual energy here would attract the attention of those who released the

power of the seal.
The three of Wen Lei nodded and quickly ran the basic exercises to quench their
bodies.
Levi Garrison also sat cross-legged, and the speed of the basic exercises was
much faster than Wen Lei's three.
The scarlet aura quickly poured into Levi Garrison's body at a speed visible to the
naked eye.

Constantly tempering his body, washing his meridians.

the enemy from approaching and disturbing Levi Garrison and others' cultivation.
the other side.
Ever since Levi Garrison issued an order to find and rescue Yufengtiansi.
Xiao Feng immediately went all out to track down the whereabouts of Yufeng
Tiansi.
He did this for only one purpose: to clear Gong Qianqiu from suspicion.
In Xiao Feng's opinion, Yufeng Tiansi is different from Xu Qingya and others.
After all, with Yufengtiansi's identity and strength, he would certainly not ignore
the facts and make random accusations.
However, just when Xiao Feng was looking for Yufeng Tiansi almost frantically,
he suddenly received a message from Gong Qianqiu.
"Xiao Feng, the situation is urgent, let's meet at the old place."
Gong Qianqiu's tone expressed urgency.
This made Xiao Feng want to fly to Gong Qianqiu with his wings and wings to ask
what the situation was.
When he came to the appointed place, Gong Qianqiu not only had a soft tone, but
even his eyes were a little more intimate and dependent.
This makes Xiao Feng feel very useful. When he thinks that his status in Gong
Qianqiu's heart is getting more and more important, Xiao Feng is very happy.

“Qianqiu, you are so anxious to find me, what happened?”
Xiao Feng asked with concern.
Gong Qianqiu said solemnly: “Because of the coercion of Qianqiu Sect, Shen
Tianjian appointed the major factions to find Yufeng Tiansi separately.”
“Because I am outside the encirclement of Qianqiu Sect, this task also falls on my
head.”
“But there are so many masters in Qianqiu’s teaching, it’s really difficult for me
to deal with it, Xiao Feng, I need your help very much this time.”
“It’s just that this action is dangerous. If you… I won’t blame you.”
Looking at Gong Qianqiu’s desolate appearance, Xiao Feng felt pity and agreed
without any hesitation.
“Qianqiu, what are you talking about? You are my woman, no matter how dangerous it is?”
“What’s more, my strength has not been what it used to be. Even if I encounter
that Duguxiao, I am sure to defeat it.”
“Don’t worry, as long as there is news from Yufeng Tiansi, I will notify you as soon
as possible.”
Xiao Feng is full of confidence. During this period of time, he has been devouring,
and his cultivation realm has indeed improved a level.
“Xiao Feng, I really didn’t see anyone wrong.”
Gong Qianqiu’s eyes were full of peach blossoms, and he said affectionately: “At
this critical moment, you really are the most reliable.”
This remark made Xiao Feng elated again.
I will remember that before, Gong Qianqiu was alienated and contacted, and
even had a cold attitude.
Xiao Feng also felt that his liver and intestines were broken because of this.
Now that the situation has changed greatly, he has finally become Gong Qianqiu’s support.

Qianqiu, don't worry, as long as you find Yufeng Tiansi, you can clear your
suspicions."
"At that time, I will take you to the base camp and let everyone know our true
relationship, and no one will make irresponsible remarks."
Xiao Feng said with great pride.
Gong Qianqiu only felt nausea.
How dare you say such a thing just because you rubbish?
But due to the current situation, Gong Qianqiu can only bite the bullet and continue to say things against his heart.
Advertisement
"Xiao Feng, I also look forward to this day coming as soon as possible."
Gong Qianqiu's face was full of hope, and he continued: "I've had enough of being
misunderstood."
Xiao Feng said very seriously: "Qianqiu, other people misunderstand you, that's
their clumsy eyes."
"I believe you are innocent from the beginning to the end. This time, as long as I
find Yufeng Tiansi, everything will be revealed."
Advertisement
"If anyone dares to slander you at that time, I will directly kill you."
"I feel at ease with your words."
Gong Qianqiu paused, and suddenly asked: "Xiao Feng, if after clarifying, your
master still has prejudice against me?"
"Don't you dare to risk the world and kill your teacher?"
"This……"
Xiao Feng was stunned for a moment, but at that moment, he actually had an
inexplicable killing intent.
This thought shocked Xiao Feng.
"Just kidding! Do you really think I'm being so unreasonable?"
Gong Qianqiu said with a smile.
Advertisement
Although there was no abnormality on the surface, Gong Qianqiu clearly felt the
murderous aura of Xiao Feng just now.
"It seems that the previous plan of this sect leader is not so far away!"

“In the future, as long as you find an opportunity to deliberately guide him, Xiao
Feng may really be able to play an unexpected role.”
Thinking of this, Gong Qianqiu’s eyes towards Xiao Feng became more earnest.
“Qianqiu, you scared me to death.” Xiao Feng let out a long breath.
It’s just that the evil thoughts in my heart seem to have a tendency to erupt.
Xiao Feng even thought that if there was such a day, he might really dare to turn
against Levi Garrison.
Of course, the premise is that Levi Garrison still slandered Gong Qianqiu in the
face of solid evidence.
“Okay, time is running out, I have to hurry up and find Yufeng Tiansi.”
“The longer you delay, the more dangerous Yufeng Tiansi will be.”
“Xiao Feng, we will contact you in time. Once there is news from Yufeng Tiansi,
don’t act rashly. Qianqiu Cult is very powerful.”
Gong Qianqiu continued to say affectionately: “I’m worried that you will be in
danger, and Yufeng Tiansi’s personality quirks are not easy to deal with.”
“If you really want to make him unhappy, you will inevitably do some weird and
outrageous things.”
“Don’t worry, I’ll let you know as soon as possible.”
For Gong Qianqiu’s concern, Xiao Feng was very useful.
However, how did he know that in the last few words, Gong Qianqiu was already
laying the groundwork.
If Xiao Feng really met Yufeng Tiansi first, once Yufeng Tiansi said that Gong
Qianqiu was the leader of Qianqiu Cult.
Xiao Feng was limited by his preconceived ideas, and he first thought that this
might be Yufeng Tiansi’s “weird and outrageous” move.
“Well, be careful with everything, I have to go on a mission.” Gong Qianqiu
turned and left.
Looking at Gong Qianqiu’s slender back, Xiao Feng’s eyes were full of infatuation.

I just think of myself from being left out at first, to now being entrusted with
important tasks by Gong Qianqiu.
Xiao Feng will feel very happy.
"This is what great strength brings. It seems that I will practice harder in the
future."
"Only in this way can Qianqiu gain greater trust and recognition."
"In front of the base camp and even the master, you will have more right to
speak."
At this moment, Xiao Feng seemed to have entered a state of being ecstatic.
He now desperately wants to improve his strength, even devouring the power of
the strong.
As long as you can improve, you can do whatever it takes.

God of Heaven.
Just as all parties are looking for Yufeng Tiansi in full swing.
They received a message from Tiansi again.
Tian Si will be back in two days.
At the same time, it also revealed some information about the great power that
followed.
One of them is the elder of the Qiongcang faction joined by Tiansi, and his strength has reached the realm of perfection.
Advertisement
Even if the three Heavenly Divisions of the Shentianjian joined forces at the
beginning, they may not have reached one-tenth of the elder's peak strength.
Even now Tiansi has been practicing in the legendary world for so many years, he
still can't last ten rounds under the elders.
This time I came here mainly to follow the young master of the Qiongcang faction to experience the world and cultivate the state of mind.
By the way, help solve the predicament of Zhen Mosi.

“The three major heavenly divisions are not as good as one-tenth of the almighty,
isn’t this too scary?”
“Even before searching for the legendary world, Tiansi’s strength is invincible in
time.”
“It turns out that the legendary world is called Kunlun Xu! Listening to this name
is full of fairy spirit.”
“Don’t forget that there is also a young master from the Qiongcang faction. I’m
afraid there are other elders coming together this time!”
“With so many great powers in charge, Levi Garrison and Qianqiu Sect are all
ants!”
The Town Demon Division cheered and cheered.
It seemed that even breathing became more comfortable.
This message soon spread to Qianqiu Sect.
Mass grave.

Inside the Qianqiu Church General Altar.
Yufeng Tiansi hasn’t caught it yet, and now I hear that Tiansi will return with the
great power in two days.
This doubled the pressure on Gong Qianqiu, and the already depressed mood
worsened.
“Continue to intensify the search, and we must not allow Yufengtiansi to return
to the Town Demon Division.”
“Kill on the spot if necessary!”
Gong Qianqiu almost roared.
“As ordered!”
The Qianqiu Sect members responded with trembling.
The anger in Gong Qianqiu’s heart has not disappeared, and he went directly to
the dungeon.
In the dungeon, the top ten Tianjiao and Xu Qingya were nailed to the wooden
frame.
The specially made chains passed through the bones of their limbs, and it was

extremely painful just to hang them up.
Coupled with the continuous torture in recent days, everyone was dying.
However, Gong Qianqiu just didn't kill them, and even hung his last breath with
medicinal pills.
"Gong Qianqiu, you hurry… hurry up and kill me!"
Xu Qingya's voice was hoarse and weak.
"Hurry up and give me a good time!"
"Aren't you amazing? Give me a slap in the head!"
…
Others are begging for death in various ways.
"Shut up for me!"
Gong Qianqiu was already upset, and when he was provoked by this group of
people, he was even more angry.
"Want to die? It's not that easy!"
Gong Qianqiu took out a steel whip, which was stained with the medicinal liquid
she specially prepared, which can double the pain and stimulate the nerves.
"Hurry up and tell me the whereabouts of Yufeng Tiansi!"
Snapped!
"Let you stare and make your eyes bigger?"
clap clap!
"A bunch of damn rubbish, this sect master makes your life worse than death."
clap clap clap!
As Gong Qianqiu waved the steel whip, the screams in the dungeon came one
after another.
Soon the top ten geniuses passed out.
"Drink this and you'll continue to enjoy the whipping awake."
Gong Qianqiu ordered people to pour the prepared medicinal liquid into the
mouths of several people.
It didn't take long for the top ten Tianjiao to wake up again.
"Gong Qianqiu, even if I know the whereabouts of Yufeng Tiansi, I won't tell you."
Xu Qingya screamed as she endured the pain in her heart.
"I hope your mouth will be so hard after a while."
Gong Qianqiu took out a dagger and slashed several consecutive lines on Xu

Qingya's face.
Then some poison powder was sprinkled on the wound.
Chi Chi Chi!
After the powder came into contact with the skin, it actually had a corrosive
effect, and soon a piece of flesh turned charred black.
Even faintly exposed bones.
"what!"
Xu Qingya passed out in pain.
"Keep your mouth shut!"
Gong Qianqiu said with a sneer.
Immediately use all means to continue to torture others.

in the jungle.
Inside a hidden cave.
Yufeng Tiansi ate wild fruits to satisfy his hunger.
After all, it is the use of magic medicine to restore the cultivation base, and there
is nothing as solid as real cultivation.
In addition, fighting and escaping for several days in a row was really exhausting.
However, just yesterday, Yufeng Tiansi learned from the members of the Qianqiu
Sect that Levi Garrison also dispatched all the forces under his command to
rescue him.
Advertisement
This news made Yufeng Tiansi excited.
In the past, he could only rush to the Town Demon Division, but now he can turn
to Levi Garrison's base camp.
Even in comparison, Levi Garrison's side is safer.
"The effect of Levi Garrison's horizontal insertion is really good. Qianqiu's search
is obviously not as windy and rainy as before."
Advertisement
Yufeng Tiansi observed the surrounding environment, and then quickly rushed to
Levi Garrison's base camp.

Along the way, I encountered several waves of obstacles, but the strength of
those Qianqiu Cultists was average.
He was abruptly killed by Yufeng Tiansi, and then ran all the way.
About two hours later.
"It's here."
Yufeng Tiansi looked at the building complex in the distance, which was Levi
Garrison's base camp.
"Who?"
Before Yufeng Tiansi's breath was completely released, he suddenly felt that
someone was watching him secretly.
"Are you Yufeng Tiansi?"
Advertisement
As soon as the voice fell, Xiao Feng walked out of the darkness.
"Don't be nervous, I'm Xiao Feng, Levi Garrison's apprentice, you must have
heard of it."
Seeing that Yufeng Tiansi was about to start, Xiao Feng quickly explained.
Since meeting with Gong Qianqiu, Xiao Feng has been searching for the carpet
around the base camp.
I never thought that during the power exploration tonight, I accidentally discovered an unfamiliar and powerful aura.
So Xiao Feng came quickly, not thinking that he actually met the righteous master.
"It turned out to be Mr. Ye's beloved disciple, and I've heard of it for a long time."
Yufeng Tiansi breathed a sigh of relief and said with a smile, "It's Yufeng Tiansi,
please lead me back to your base camp!"
Yufeng Tiansi was in a particularly comfortable mood, he never thought that he
would meet Levi Garrison's first disciple.
In this way, entering the base camp will save a lot of trouble, and even meet Levi
Garrison or his closest people directly.
You are completely safe.
Thinking of this, Yufeng Tiansi smiled even more.
"I need to report first. Yufeng Tiansi must also know that this is a special period,

and everything must be done with caution."
"Presumably Yufeng Tiansi is not in a hurry at this time."
Xiao Feng said in a deep voice.
Yufeng Tiansi nodded, expressing understanding.
After all, Qianqiu's sect is very powerful now, and Levi Garrison's relatives and
friends are all in the base camp. It is indeed logical for them to report first.
Otherwise, everyone can travel unimpeded, so what is the use of this layer of
defense?
However, what Yufeng Tiansi didn't know, Xiao Feng first told Gong Qianqiu the
information.
Then, Levilia, Phoenix, Levi Garrison and others were notified to come and
respond.
Xiao Feng even felt that he had done nothing wrong this time.
Otherwise, if you encounter Qianqiu's masters on the way, you can't handle it
yourself, and if there is any deviation, isn't it a failure?
"Yufeng Tiansi, don't look at the road to the base camp is not far, but recently
Qianqiu Cult masters are dense, we still wait for the response and then go back."
Xiao Feng said with a serious face: "I have already asked the masters from the
base camp to come and respond, let's hide for now!"
"As expected of Mr. Ye's beloved disciple, I admire him for being so rigorous and
careful!"
Yufeng Tiansi complimented a few words.
Of course, in his heart, he really thinks it's good to do this, so as to avoid encountering Qianqiu's masters.
Soon the two found a place to hide.
During this period, Xiao Feng forcibly resisted the urge to ask Yufeng Tiansi
Qianqiu's secret several times.
I thought that it would not be too late to ask until Levilia and others arrived, and
to clarify Gong Qianqiu's suspicion in public.
at the same time.

After Gong Qianqiu received the message, he immediately notified the many
Qianqiu masters who were ambushed at Levi Garrison's base camp.

After waiting in the dark for a long time, there is still no one coming.
Yufeng Tiansi frowned slightly, and for some reason, there was an ominous premonition in
his heart.
"Are they still here?" Yufeng Tiansi asked in a low voice.
Xiao Feng also felt a little surprised, because the base camp was not too far from here.
With Levilia and the others, they can arrive in half an hour at most.
How could they not even feel their breath?
Advertisement
"It should be soon!"
Xiao Feng said with some uncertainty.
However, before he finished speaking, a joking voice came.
"Yufeng Tiansi, it's so hard for me to find you!"
Advertisement
Duguxiao?
Xiao Feng and Yufeng Tiansi froze.
They were all too familiar with this voice.
Why is he here?
There was no time to think about it, Xiao Feng felt a large number of unfamiliar breaths
approaching here from all directions.
"Run away!"
Yufeng Tiansi only had this thought in his mind.
He has seen the strength of Duguxiao, and with his cultivation, he can't resist it at all.
The Xiao Feng in front of him is not weak, but he is far worse than Dugu Xiao.
Advertisement
"I want to leave now, but it's too late."
Duguxiao's voice was closer, and his tone became more and more interesting: "This place
has been surrounded by wind and rain, and it is difficult for you to fly."
"Duguxiao, why are you here?"
Xiao Feng no longer dodged, and stepped forward directly.

He is now more confident than ever, and feels that after continuous devouring, he can
completely touch Duguxiao head-on.
What's more, Xiao Feng thought that reinforcements would arrive soon.
At that time, the soldiers will unite and join forces to deal with Duguxiao. Even if he cannot
be killed, at least he will be able to retreat.
"Xiao Feng, your method of delaying time is too low-level, isn't it?"
Duguxiao obviously saw through what Xiao Feng was thinking, and said with a sneer, "But
you don't have to wait for reinforcements to arrive. They are too busy to take care of
themselves now, but they have no time to take care of you."
"Okay, stop talking nonsense, hurry up! I also want to see how much you have improved
during this time."
Seeing that Duguxiao didn't take himself seriously at all, Xiao Feng felt that his self-esteem
was seriously injured.
"What did you do to base camp?"
Xiao Feng felt a little panic in his heart.
Especially considering that Levilia and the others are not coming, it is very likely that they
will be entangled by the people of Qianqiu Sect!
"You better worry about yourself!"
Duguxiao sneered and said, "We have been in ambush near the base camp for a long time,
waiting for Yufeng Tiansi to throw himself into the net."
"It's really the emperor who pays off!"
Yufeng Tiansi's expression was extremely ugly.
"Little brother Xiao Feng, we may still have a chance to join forces."
Yufeng Tiansi said
solemnly.
Now I don't care about identity, face, etc., life saving is the first rule.
Duguxiao not only did not have the slightest fear, but said excitedly: "Yes, it is best for you
to go together."
"Otherwise it would be too challenging."
ridicule!
***Naked mockery!*
Xiao Feng was so angry that he didn't say anything more, just punched Duguxiao's head.

“It’s interesting!”
Duguxiao didn’t mean to dodge in the slightest, and directly punched Xiao Feng’s attack.
Bang!
A muffled sound came out.
Deafening like thunder.
The aftermath of the powerful energy spread, and the nearby trees suddenly shattered.
call out!
Xiao Feng’s body burst out, feeling like he was hit by a fast-moving train. The blood in the body was also surging.
Clap!
Clap!
Clap!
Several trees around the thickness were broken one after another, and Xiao Feng barely
stopped.
“The difference is so big?”
Xiao Feng was shocked beyond words.
He didn’t think that he was attacked with almost full force, not only was Duguxiao easily
resolved, but he was also shaken out and suffered internal injuries at the same time.
At the same time, Yufeng Tiansi also shot.
Launched a sneak attack on Duguxiao’s back.

“Even if you play sneak attack, you need enough strength, otherwise you can only put
yourself in danger.”
Before he finished speaking, Duguxiao didn’t even turn his head back, just turned around
and kicked back.
Unparalleled energy roared out.
Yufeng Tiansi stopped abruptly when he was about zhang away from Duguxiao.
It was as if he was blocked by an invisible terrorist force. No matter how hard he exerted his
strength, he still couldn’t break through the defense.
“roll!”

Duguxiao let out a loud cry, and the energy shield that was standing still rioted in an
instant.
The powerful force of reverse thrust sent Yufeng Tiansi Zhen flying out.
When Yufeng Tiansi was still in the air, he had already vomited blood and suffered internal
injuries in his eyes.
Pfft!
Advertisement
After "flying out" more than ten feet, Yufeng Tiansi fell heavily to the ground.
The whole person's breath instantly wilted.
"too strong!"
Yufeng Tiansi and Xiao Feng felt a sense of despair in their hearts.
The two attacked together, but they didn't even survive three moves from Duguxiao's
hands.
This kind of difference in strength cannot be overstated by the difference between clouds
and mud!
"Come again!"
Duguxiao hooked his fingers at the two of them.
Xiao Feng shot again, and the result was worse than before, and the injury was even more
serious.

If it wasn't for Duguxiao's action, Xiao Feng would have long since returned to Jiuyou.
"It's really meaningless, Yufeng Tiansi, you'd better follow me obediently! Don't continue to
suffer from flesh and blood."
Duguxiao said with a sneer.
"Let me go back with you, rather than kill me."
Yufeng Tiansi's voice was hoarse, even when he recalled what happened in the dungeon of
the Thousand Corpse Pit, he still had lingering fears.
"It's not up to you!"
Duguxiao dodged and came to Yufengtiansi.
Without giving him any chance to react at all, he grabbed Yufeng Tiansi's neck.
Like carrying a chicken, he grabbed him with one hand.

Yufeng Tiansi instinctively wanted to resist, but was restrained by a terrifying force, unable to move at all.
"Xiao Feng, this young master will spare your life today."
"Continue to practice hard! Otherwise, it will be a waste after all." Duguxiao said with a sneer.
After he finished speaking, he left with Yufeng Tiansi.
Xiao Feng was struck by lightning and couldn't recover for a long time. He suffered a major blow psychologically.
I don't know how long ago, Xiao Feng was finally woken up by the noise of footsteps and voices.
"Senior Brother Xiao Feng, where are you?"
"Look, over there."
"Xiao Feng, where is Yufeng Tiansi?"
As the sound gets closer, the volume gets louder.
Xiao Feng also gradually and completely recovered his consciousness, and sure enough, he saw Levilia and others.
"Yufengtiansi was taken away by Duguxiao."
Xiao Feng's voice was trembling, and he even felt that he had no face to face the crowd.
Watching Duguxiao capture Yufeng Tiansi, he was helpless.
Hearing this, Azure Dragon and the others were shocked, but could no longer hold back the anger in their hearts.
"Xiao Feng, tell the truth, did you tell Gong Qianqiu about Yufeng Tiansi?"
"Otherwise, it would be impossible for it to be such a coincidence that the base camp was suddenly attacked by the Qianqiu Sect."
"How could Duguxiao come so quickly?"
Phoenix and others, you said every word, and pointed the finger at Gong Qianqiu.
Of course this is too coincidental.
Just now, the base camp was attacked by the Qianqiu Cult.
The key is that those who attacked the base camp are all dead men, but there are not half of them who can do it.
In other words, these people are basically equivalent to cannon fodder, delaying the time for Levilia and others to rescue Xiao Feng.

However, during this time, Duguxiao personally came over and robbed Yufeng Tiansi away.
People have to think over there!
In the face of everyone's questioning and accusations, Xiao Feng was also a little angry.
"What does this Gong Qianqiu have to do?"
"She is obviously just following the orders of the Shen Tianjian to find Yufeng Tiansi."
"They just have an opinion on Qianqiu."
The more Xiao Feng thought about it, the more upset he became, but he also knew that
this was not the best time to attack.

Faced with the menacing questioning from Phoenix and others, Xiao Feng felt very
unhappy.
But also know that now is not the best time to attack.
In particular, he cannot admit that he once told Gong Qianqiu of Yufeng Tiansi's
information.
Because of Phoenix and others' prejudice against Gong Qianqiu, saying this will definitely
make Gong Qianqiu more suspicious.
He still does not have the absolute right to speak in the base camp.
"I never told Gong Qianqiu the information."
Advertisement
Xiao Feng denied it and said, "And Duguxiao himself admitted that the Qianqiu Sect had
already deployed heavy troops near the base camp."
Seeing Xiao Feng's attitude is so firm, Phoenix and the others are helpless.
"Did Yufeng Tiansi tell you anything?" Azure Dragon asked again.
Xiao Feng shook his head and said, "It didn't take long for me and Yufeng Tiansi to hide
before Duguxiao and others arrived, and we didn't have time to talk at all."
Advertisement
After getting this answer, everyone shook their heads and sighed.
Phoenix and the others were even more desperate.
Everyone who has escaped now has been captured by Qianqiu Sect.

Originally, these people were very likely to know the secrets of Qianqiu Sect.
Even know the true identity of the female leader.
Now the only key clue has been completely cut off.
In disappointment and despair, everyone returned to the base camp, while Xiao Feng
continued to devour frantically.
Duguxiao completely stimulated Xiao Feng in the battle just now.

in the dungeon.
Looking at Yufeng Tiansi, who was swallowed up with clean skills, Gong Qianqiu felt
extremely comfortable.
"Yufeng Tiansi, how does it feel to be back here again?"
Gong Qianqiu said jokingly.
Yufeng Tiansi's face was extremely ugly, and his heart was completely desperate.
As soon as he was caught, his skills were swallowed up.
All the magical medicines on his body were also searched clean.
Even so, Gong Qianqiu was not at ease, and he took action to break all the meridians of
Yufeng Tiansi.
Now Yufeng Tiansi is a complete waste.
There is absolutely no chance of recovery.
"Gong Qianqiu, give me a treat!" Yufeng Tiansisheng said reluctantly.
"No no no, you have to keep living."
Gong Qianqiu waved his hand and continued: "You will be the best witnesses until the sect
master comes to the world."
"So none of you will die, at least until you get the world, you will all be alive."
"Hahaha!"
Gong Qianqiu laughed wildly.
Everyone has been captured, and their identities have not been revealed.
As long as he detects how strong the legendary world and Tiansi are, he will be more
confident.
Thinking of this, Gong Qianqiu continued: "By the way, Yufeng Tiansi, Xiao Feng told me
your whereabouts."
"Are you surprised or surprised?"

Gong Qianqiu smiled even more.
If Yufeng Tiansi was struck by lightning, he never thought that it was Xiao Feng's tip-off that
led to his arrest again.
Xu Qingya and the others were also heartbroken, and Xiao Feng, the strange soldier, was so
well placed.
In particular, Xiao Feng is highly valued by Levi Garrison, and his position in the base camp
is detached.
With such a person helping secretly, Xu Qingya even felt that Levi Garrison fell into Gong
Qianqiu's hands sooner or later.
Recalling the scene where they were caught, Xu Qingya and the three gnashed their teeth
in hatred.
"Xiao Feng, you idiot, if you have a brain, you will have seen the true face of Gong Qianqiu
long ago."
"Xiao Feng is a fool, Levi Garrison and his relatives and friends will be killed by you sooner
or later."
*"Xiao Feng, you son of a b*tch, if there is a chance, I will smash your corpse into ten*
thousand pieces."
The three of Xu Qingya greeted Xiao Feng's ancestors collectively for the eighteenth
generation in their hearts.
Yufeng Tiansi almost vomited blood from anger.
"I didn't think of the fame of the first generation, and I was miserable by a fool like Xiao
Feng."
Yufeng Tiansi cursed in his heart.
"It's useless for you to be angry. Who made this sect master so attractive?"

"A dog licking like Xiao Feng is naturally willing to do anything for the leader."
"Don't say it's a tip-off, even if the sect master asks him to die, he will commit suicide

without hesitation."
Gong Qianqiu seemed to see through everyone's thoughts and continued.
Xu Qingya and others suffered a psychological blow again.
Although there are all kinds of unwillingness, but I have to admit what Gong Qianqiu said.
In particular, Xu Qingya and the three of them knew very well how Gong Qianqiu controlled
men.
Advertisement
At the beginning, there were many people in Zhen Mosi who were obsessed with Gong
Qianqiu to the point of madness.
Those people are either high-status or talented cultivators.
Even in order to cover Gong Qianqiu, they can commit suicide collectively without any
hesitation.
What kind of terrifying means is this?
Advertisement
Thinking of this, it is easy to understand that Xiao Feng was fascinated by Gong Qianqiu.
"Of course you don't have to worry, I will help you to repay Xiao Feng's revenge."
Seeing everyone's puzzled faces, Gong Qianqiu explained: "Now the chess piece Xiao Feng
is still useful."
"He is definitely not able to help this sect master find out the details of Tiansi and others."
"Even help this sect master hit Levi Garrison at a critical moment."
"After Xiao Feng completes these tasks, I will let you kill him with your own hands to relieve
the hatred in your heart."
"How is it, is this sect master kind enough?"
Everyone was shocked when they heard the words, Gong Qianqiu's method was too
terrifying.
Against such a person, she is like a nightmare.

the other side.
Levi Garrison and others made full use of the power of the Siberian spiritual veins to
quench their bodies.
Their strength has also raised a level again.

Compared with the last body quenching, Levi Garrison's strength has increased several
times.
And Levi Garrison also discovered a key situation going out.
That is, the super-spiritual veins of Siberia are similar to the super-spiritual veins of the
seabed of Atlantis.
They were all deliberately sealed by some mysterious power.
And it is very likely that it was done by some super strong.
Because when Levi Garrison quenched his body to purify his spiritual energy, he felt a little
aura repelled.
That was caused by the power of the super strong sealing the spiritual veins going deep
into the spiritual veins.
Fortunately, the most important thing for this power is to seal the super spiritual vein.
Otherwise, once a large number of super strong breaths are immersed in the spiritual veins,
the body quenching effect will be greatly reduced.
Even when refining spiritual energy, it will consume too much because of the unfamiliar
aura, and in serious cases, it will even go crazy.
"In this way, the spiritual energy of this world should be sealed by someone!"
Levi Garrison was shocked when he came to such a conclusion.
"After all, when the spiritual energy erupted, many innocent people died."
"Who on earth is protecting all beings?"
Levi Garrison has some doubts.
To seal the aura of such a vast world, what kind of terrifying power is needed?
In other words, what kind of existence will the super powerhouses and forces with such
power be?
At this moment, Levi Garrison suddenly thought of Tiansi and the legendary world.
And the extremely mysterious cheap master.
"Maybe Master also came from the legendary world."
"It may even be that world super strong!"
Levi Garrison suddenly yearned for the legendary world.
If there is a fear of that world before using a few super spiritual veins to temper the body.

So now that the strength has greatly increased, Levi Garrison was completely inspired by
those super strong men to remove the strong fighting spirit.
I even want to go to the legendary world to explore.
"With my current strength, what level can I reach in that world?"
Levi Garrison was a little fascinated.
"Maybe I can still find traces of Master at that time. I haven't seen him for so long, and I
really miss him!"
Levi Garrison has a lot of thoughts, and now the quenching is almost complete.
Concentrate your mind and continue to quickly run the basic exercises.

With the rapid operation of the basic exercises, Levi Garrison's body and meridians were
repeatedly quenched and strengthened.
If you observe carefully, you will find that at this moment, Levi Garrison's body has a faint
golden luster.
After a few more days, Levi Garrison slowly opened his eyes.
Swish!
Those eyes were like two peerless divine weapons unsheathed, making people dare not
look directly at them.
Levi Garrison stood up slowly, although there was no other movement, there was a
terrifying aura in his gestures.
Advertisement
Steady as Mount Tai.
Levi Garrison just stopped there, like a towering mountain, giving people a feeling of thick
and powerful.
"This power is really terrifying!"
Levi Garrison was overjoyed, and then he slowly threw a punch at the distant glacier
towering into the clouds.
Advertisement
If there are outsiders present, there will definitely be a phenomenon that goes against
common sense.

That is, Levi Garrison swings his fist at a very slow speed, but the power he carries is
extremely terrifying.
It was as if the space where the trajectory of the fist wind whistled out seemed to be
distorted in an instant.
There was also a piercing cracking sound in the void, as if the space was directly shattered
after being extremely distorted.
boom!
After a while, the fist wind finally hit the glacier.
Boom!
After a while, the glacier suddenly collapsed, and a bottomless pit was smashed by the
middle.
And with the pit as the center, it quickly shattered around, and the entire glacier collapsed
in an instant and became a ruin.
Advertisement
The power of one punch is so terrifying!
"Two or three percent of the force actually has such power?"
Levi Garrison was also a little surprised, but more happy.
With this kind of combat power, even if it is the great power of Tiansi and the legendary
world, what is there to fear?
It didn't take long for the three of Wen Lei to leave the customs one after another, and their
strength also increased significantly.
Levi Garrison must be relieved that these helpers around him are more powerful, so he has
more confidence.
"Let me tell you the good news. I have a lot of latest research results here, I hope it can be
helpful to you."
At this moment, good news came from the mind of God.
Levi Garrison and others immediately followed the Brain of God to the laboratory, only to
know that the research results in the latter's mouth were a new type of armor.
The surface of the armor is glowing with a dark red halo, and I don't know what metal it is
made of.

Although the armor looks as thin as a cicada's wings, it contains amazing energy
fluctuations.
"This is made by me using the aura of that super spiritual vein and the specialty spiritual
stone. Do you want to try the strength?"
God's Brain asked with a ho-ho laugh.
At the beginning of the period, Levi Garrison didn't care too much. After all, a strong man
of his level, no matter what kind of armor you wear.
It was all one punch.
"Try it, maybe I can give you some surprises?" God's Brain was very curious about the
combat armor's practicality.
The power of Levi Garrison's punch, God's brain just saw very clearly.
This violent power is just used to test his latest invention!
"Okay, satisfy your curiosity."
Levi Garrison is a little helpless, and he can only cooperate with this kind of science
madman.
"But let's go outside to test the effect, otherwise your experiment may be ruined."
God's brain twitched at the corners of his mouth, and quickly ran out holding a battle
armor.
It seems that he is really worried that Levi Garrison will throw a punch. This is a precious
experiment that he regards as his life, and there is no room for failure!
Outside the laboratory, the Brain of God had already hung the armor on the remote glacier
rock wall.
"Let's get started!" said God's Brain excitedly.
Levi Garrison slammed a punch at the armor for no reason.
Boom!
A small glacier was smashed to pieces again.
God Zhong hurriedly ran over to look for the battle suit. After a long time, he waved the
battle armor in his hand, and his face was full of excitement.
Levi Garrison and others gathered around them one after another.
The crowd watched carefully.
It was found that the battle armor in the hands of God's Brain, although there were dense

cracks, was completely stored.

“The strength of this battle suit is okay!”
Levi Garrison said with emotion.
He used 50-60% of his strength just now, but this battle suit actually resisted it?
The three of Wen Lei were also a little incredible. They could clearly feel how terrifying Levi
Garrison’s punch just now was.
“God’s Brain, how many pieces of this armor do you have?” Levi Garrison asked.
The Brain of God smiled and said, “It has everything.”
Advertisement
“Okay, pack them all and take them away!” Levi Garrison was not polite at all.
God’s brain twitched at the corners of his mouth.
This thing was researched by myself, and it was still hot, so Levi Garrison took it to the pot.
Levi Garrison is very happy. With this armor, the defense of everyone in the base camp will
be improved by another level.
Advertisement
Later, Levi Garrison also took a lot of other weapons researched by the Brain of God.
Although it is only a relatively traditional weapon, its power is far stronger than that of the
Eternal Kingdom.
Of course, this also benefits from the super spiritual vein of Siberia.
Levi Garrison not only has greatly improved his cultivation, but his weapons and equipment
are also full of rewards.
This made Levi Garrison feel particularly comfortable, because these things would be his
trump card again.
the other side.
Because Tiansi was about to return, Gong Qianqiu also stopped all outward expansion
actions.
The strength of the legendary world power has no reference, and Gong Qianqiu does not

have enough confidence.
Although the upper limit of devouring has been raised through Sky Thunder Tempering,
there is no super spiritual vein as an energy source.
Advertisement
Gong Qianqiu can't improve his strength at all by swallowing scattered aura and the skills of
ordinary powerhouses.
Because of this, Gong Qianqiu has been very low-key recently. After all, the Town Demon
Division has always wanted to exterminate her!
Gong Qianqiu felt the pressure doubled, and knew that this was by no means a long-term
solution.
What's more, it's not her character to sit still.
So Gong Qianqiu secretly formed a special team after thinking seriously.
This team, led by Master Bone, searches for energy sources all over the world for Gong
Qianqiu to devour.
As for Duguxiao, he also has important tasks in his body. Gong Qianqiu asked him to lead
the dead soldiers and specially attack some loose cultivators.
After returning from the captivity, Gong Qianqiu absorbed all their skills.
Although this method could not be significantly improved, but adhering to the idea that
mosquito legs are also meat, Gong Qianqiu also refused to come.
"I still have to find the spiritual veins!"
Gong Qianqiu was full of emotion, and some missed the super spiritual veins of the two
alien races.
Inside the base camp.
Since there are so many things that have happened recently, Phoenix and others urgently
need to report to Levi Garrison.
What's more, Levi Garrison has not shown up for a long time, which has caused many
speculations from the following people.
Coupled with the pressure of Qianqiu's sect covetousness, the base camp is headless, and
some people are even panicked.
Today's base camp urgently needs Levi Garrison to preside over the overall situation.

However, Phoenix and others searched all over the base camp to no avail. The most important thing is that even Zoey Lopez and Levilia didn't know where Levi
Garrison was going.
"The boss is missing at this time, it's really terrible!"
"Yeah, the people below can't hold back anymore."
"Tian Si's return is imminent, and he will definitely target us. After all, the boss didn't have a
good time with them."
Phoenix and the others frowned, and were a little powerless to complain about the status
quo.
Xiao Feng also quickly found out about Levi Garrison's disappearance. At the beginning, he
thought that Levi Garrison was deliberately hiding it from himself.
It turned out that no one else knew Levi Garrison's whereabouts, and the master seemed to
have evaporated from the world.
However, at this moment, the communication tool suddenly vibrated.
Xiao Feng took it out and watched it, feeling a little dazed for a while.
"Xiao Feng, what are you doing? I miss you!"
Gong Qianqiu's words made Xiao Feng instantly elated.

Although this sentence is very common among normal couples, Gong Qianqiu almost never
said it on his own initiative.
Xiao Feng even felt a little airy, and a strong feeling of longing filled his heart instantly.
"Qianqiu, I miss you very much too! It's like every three autumns if I don't see you for one
day."
Xiao Feng said affectionately.
Gong Qianqiu held back his nausea and told Xiao Feng a few words of sincerity.
Then he turned the conversation and asked, "By the way, has Yufeng Tiansi explained the
situation to Master?"
Advertisement
"The Shentian Superintendent has begun to remind me, but my current status is not good

to enter the base camp directly."
Gong Qianqiu pretended not to know things.
"Qianqiu really doesn't know the situation."
Xiao Feng was overjoyed, and felt indignant again for the previous suspicions of Phoenix
and others.
Advertisement
"Qianqiu, I'm sorry, I'm useless, Yufeng Tiansi was kidnapped by Duguxiao again!"
Xiao Feng then repeated what happened before.
After Xiao Feng finished speaking, Gong Qianqiu asked inexplicably:
"How is it possible?
That's near your base camp!"
"With Master's strength, even if Qianqiu Sect obstructs it, and Duguxiao is stronger, it won't
help at all!"
In fact, this is the real purpose of Gong Qianqiu looking for Xiao Feng.
However, according to the report of the person in charge of the dead man who attacked the
base camp, Levi Garrison was not seen when defending against their attack.
This made Gong Qianqiu quite puzzled. The importance of Yufeng Tiansi is self-evident, and
Levi Garrison has no reason not to take action.
"Master is missing!"
Xiao Feng said with a sigh.
Advertisement
Gong Qianqiu hurriedly asked: "Missing? What are you joking about? Qianqiu is staring at
him. How could the master play missing?"
"I'm surprised too! But the master is indeed missing."
"Even the master and Levilia don't know where the master is. If he is here today, Yufeng
Tiansi will not be kidnapped."
"Your suspicions have also been completely cleared. It's really a wrong move, and the whole
game is empty!"
Xiao Feng said in frustration.
Gong Qianqiu comforted: "That's a pity! If my suspicions are cleared, I can go back to the
base camp with you."

“Master is also true, I won’t tell you where I go, aren’t you the apprentice that Master values
most?”
“If you know Master’s whereabouts, Yufeng Tiansi is absolutely foolproof this time.”
“Xiao Feng, I didn’t mean to speak ill of Master, I just felt…”
Xiao Feng directly interrupted: “Qianqiu, you don’t need to explain, I understand, you are
injustice for me!”
Although Xiao Feng did not show any strangeness on the surface, his dissatisfaction with
Levi Garrison increased by a further point.
And Gong Qianqiu is also for this purpose, she deliberately guides Xiao Feng in every detail.
Frozen three feet is not a day’s cold, Gong Qianqiu believes that as long as enough
emotions are accumulated.
Then Xiao Feng can do some extraordinary actions.
“Okay, don’t feel wronged, maybe Master has something to hide!”
“Since Yufeng Tiansi has been captured again, I have to continue to search for the
whereabouts of Qianqiu Jiao, and everything will be fine when Tiansi returns.”
Gong Qianqiu was very helpless and continued: “Once the problem is clarified, I will go to
the base camp with you to see the master.”
“It’s just that I don’t know where Master has gone? When will he be back? Only when he sits
in the base camp can he be more confident.”
“It’s really good, I also hope that this day will come soon.”
Xiao Feng was overjoyed, and this was the first time Gong Qianqiu took the initiative to say
that he wanted to go back to the base camp with him.
But Xiao Feng was so excited.
“As for the master, as long as I have his movements, I will tell you.”
Hearing Xiao Feng’s answer, the corner of Gong Qianqiu’s mouth rose slightly.
After chatting a few more words with Xiao Feng, Gong Qianqiu “reluctantly” disconnected
the communication device.
Mass grave.
Inside the Qianqiu Church General Altar.

Gong Qianqiu's eyes were slightly condensed, and his thoughts were turning rapidly.

Levi Garrison's whereabouts is a mystery, even Zoey Lopez and Levilia don't know, which is a
bit strange.
"What on earth did Levi Garrison do to make it so mysterious?"
"Is it to improve your strength?"
Gong Qianqiu was busy and threw this thought out of the sky.
In her opinion, no one can compare to herself in terms of improving her strength in a short
period of time.
Of course, Levilia is possible, because she herself devours the spiritual root and the spiritual
bone, which is better than the root bone that she created in the later stage.
Advertisement
But Levilia is in the base camp, and according to the reports of the dead, Levilia's strength is
not as terrifying as imagined.
Taking 10,000 steps back, even if Levilia has decided to take the path of extreme devouring,
there are no super spiritual veins around the world.
There is not enough energy supply of spiritual veins, and it is also difficult for a clever
woman to cook without rice.
Absolutely can't catch up with yourself.
Advertisement
"Levi Garrison should find a way to deal with me."
"Since the way of ascension from themselves does not work, there is only another way left."
"Destroy the energy source and stop me from continuing to devour."
Thinking of this possibility, Gong Qianqiu sneered.
Even if he did not continue to swallow, Levi Garrison would not pose a threat at all.
Now the only thing that can attract Gong Qianqiu's attention is Tiansi.
More precisely, the mighty ones who follow Tiansi.
Only by deeply understanding their roots can Gong Qianqiu have a better plan for the next
step.

Judging from the current information, the legendary world is called Kunlun Ruins.
Advertisement
There are also many sects in the Kunlun Ruins, but the great powers there do not have any
substantive achievements for reference.
Nei Ying in Zhen Mo Si also heard from the side that when Tian Si first entered the Kunlun
Ruins, his cultivation base was only at the bottom.
"At that time, the strength of Tiansi was the only one in the town of magic, much stronger
than Yufeng Tiansi."
"But there is absolutely no Duguxiao as powerful as he is today."
"In this comparison, even if you enter the Kunlun Ruins, you must at least be at the mid-tohigh
level of combat power, right?"
Thinking of this, Gong Qianqiu yearned for the Kunlun Ruins even more.
the other side.
Duguxiao also got the exact message that his father will return in three days.
This made Duguxiao excited.
Before the time of Tiansi's return was determined, Qianqiu Jiao was panicked for a while.
Duguxiao also doubled the pressure. After all, he was definitely number two when he
slaughtered the major factions of the Demon Squad.
After Tiansi returns, he must also be an important target.
Therefore, Duguxiao was almost cautious and fearful in the process of performing tasks
outside.
"I finally have the confidence."
Duguxiao couldn't help laughing.
At the same time, the biological father Xuan Ming also sent a lot of key information.
In particular, he introduced some Kunlun Ruins and his own situation.
Xuan Ming has now joined an evil sect in Kunlun Ruins called Taixu Shenzong.
The Taixu Shenzong majored in swordsmanship, and its overall strength was much stronger
than that of the Qiongkong faction that Tiansi joined.
It's just that Taixu Shenzong lacks a real divine sword.

Otherwise, with the strength of the top powerhouses in the sect, the status of the Taixu
Shenzong in the Kunlun Ruins can definitely be raised to a higher level.
You must know that in the real sword cultivator sect, a peerless weapon can make the peak
powerhouse even more powerful, and the combat effectiveness soars.
This is also where the Taixu Shenzong has always been brooding.
For this reason, the disciples in the sect searched for divine swords everywhere, in order to
achieve a stable status in the sect.
Of course, the Taixu Shenzong in the Kunlun Ruins can be regarded as a middle-level great
sect.
It's just that Xuan Ming couldn't get in touch with the true core high-level executives of the
Taixu Shenzong due to his strength.
However, after years of hard work and painstaking management, Xuan Ming has also gained
a certain position in the Taixu Shenzong.
It is precisely because of this that Xuan Ming's return this time has only a few strong people
in the sect to follow.
It's just that Xuan Ming's next words made Duguxiao's heart shudder.

"The great powers brought by Tiansi are powerful, and the powers of the great powers
around my father are slightly inferior."
Xuan Ming's words made Duguxiao's mood sink to the bottom.
In the final analysis, it is the Kunlun Ruins who can really decide the trend of the battle.
"But you don't need to worry too much. The people who follow the father are also the
arrogance of the Taixu Shenzong."
"Although they can't compare to the arrogance of the inner sect, their strength is much
stronger than that of being a father."
"Ten thousand steps back, even if you can't defeat the powerhouses brought by Tiansi, there
is absolutely no problem in protecting yourself."
Advertisement

Duguxiao felt a little relieved when he heard this.
Through the next conversation with Xuan Ming, Duguxiao learned more information.
After all, the Taixu Shenzong is a big sect, and the status of his biological father Xuan Ming
cannot reach the top genius in the sect after all.
It is not easy to bring back the ordinary Tianjiao.
Advertisement
In particular, Duguxiao learned that the Kunlun Ruins paid more attention to the use of the
elements of heaven and earth and the cultivation rules of the combination of heaven and
earth.
"Father, so the power to devour the elements of heaven and earth is also very
advantageous?"
Duguxiao asked excitedly.
Xuan Ming immediately replied: "That's right, and the power of the spiritual energy and the
elements of heaven and earth in the Kunlun Ruins is more abundant."
"If you can directly swallow it for your own use, you can occupy a place even in the Taixu
Shenzong."
"Great!"
Duguxiao found this message very encouraging.
Immediately, he told about his own cultivation method.
"I didn't expect my son to have such an adventure. If that Gong Qianqiu is strong enough,
we can consider joining forces this time."
Advertisement
Xuan Ming paused for a while, then changed the conversation and said, "At that time, take a
good look at the father and make a decision!"
Duguxiao felt that his father was thinking a little too much.
Gong Qianqiu is so powerful, and if they join forces, they may really turn the tide of the
battle.
Then the two chatted for a while before cutting off contact.
Duguxiao also yearned for Kunlun Ruins even more.
He even made up his mind that as long as he could protect himself this time, he would go
to Kunlun Ruins with his father.

“Maybe you can break out of the world through extreme swallowing exercises?”
Duguxiao thought excitedly.
the other side.
Inside the base camp.
After detailed investigation by Phoenix and others, they finally found key clues.
The three of Xu Qingya actually disappeared near the base camp.
Especially that day, it was Xiao Feng who was in charge of the periphery.
In addition, Yufeng Tiansi was also kidnapped under Xiao Feng’s eyes not long ago.
“Xiao Feng must be inseparable from the relationship. In that case, if you want to hide
people’s eyes and ears, you need to move people away from relevant positions.”
“And I’ve heard people say before that Xu Qingya and Xiao Feng had a very intense verbal
conflict, and they even almost did it.”
“The reason for the conflict is precisely because of Gong Qianqiu.”
Everyone, you said every word, and pointed the finger at Xiao Feng.
“I have to showdown with him, even if it is to ask questions.” Kirin said coldly.
Phoenix and others joined Ning Jinye to find Xiao Feng.
Sure enough, he found Xiao Feng who was cultivating at the base camp’s martial arts field.
Seeing the menacing crowd, Xiao Feng frowned, and he could clearly feel the anger and
hostility of several people.
Swish!
Several people quickly surrounded Xiao Feng in the middle.
“Xiao Feng, have you contacted Gong Qianqiu again recently?”
“Or did you meet her again?”
“Xiao Feng, can you stop helping Zhou to abuse him?”
“Gong Qianqiu is the leader of Qianqiu Sect. When will you recognize her?”
The tone of Phoenix and the others was very strong, almost equivalent to questioning.
Xiao Feng’s face became more and more difficult to look at.
His eyes were getting colder.
“Are you finished? Are you willing to force me to do something to you?”
Xiao Feng almost roared, and he felt that the emotions in his heart had reached the brink of

eruption.
“Xiao Feng, you are really hopeless.” Ning Jinye said solemnly.

“It’s not your turn to tell me about my business, get out of my way!”
Before he finished speaking, Xiao Feng’s figure had disappeared.
“Jinye, be careful!”
Azure Dragon reminded loudly.
His perception of danger over the years on the edge of death told him that Xiao Feng had
murderous intentions at a certain moment.
Ning Jin’s cultivation base is not low, and out of the cultivator’s instinct, he quickly dodged
to the side.

Bang!
However, Xiao Feng’s speed was even faster, and he punched him on the shoulder.
Clap!
With the sound of broken bones, Ning Jinye’s body also galloped backwards.
Advertisement
“You dare to point fingers at Lao Tzu even with this little skill. Who gave you the courage?”
Xiao Feng said in a condescending tone.
“And you guys, don’t you always like to make accusations without evidence?”
“Only know that it is aimed at Qianqiu and at me.”
“Today, I just settled the old and new accounts with you. Come on, you can settle together.”
Xiao Feng’s eyes were red, and the breath on his body was also extremely fierce.
Azure Dragon and the others were really shocked for a while.
Of course, it was more of a shock. He didn’t even think that Xiao Feng would attack Ning
Jinye anyway.
“Looks like you’re crazy, Phoenix, let’s go together, maybe we can beat him up!”
Advertisement
Kirin had been holding back a belly of fire for a long time, and Xiao Feng suddenly shot,

directly detonating the flames completely.
“Then what are you waiting for, let’s go!”
Xiao Feng was equally angry and felt isolated by everyone, and now he finally vented his
forbearance.
It’s just that once this emotional rift appears, it’s like a flood that bursts a dyke, out of
control.
“Since you don’t take action, then I’ll come.”
While speaking, Xiao Feng disappeared from everyone’s sight again.
In the next second, Xiao Feng had appeared behind Phoenix, with a palm on her back.
It was too late for Phoenix to try to hide.
Just at this critical moment, a figure suddenly appeared and punched Xiao Feng’s palm.
Bang!
A powerful aftermath of energy suddenly spread from the contact part of the two fists.
Xiao Feng immediately backed out, and after a closer look, there was already a person
standing in front of him.
It is Levilia.
“Senior Brother Xiao Feng, what are you doing?”
“If you have anything to say, it’s fine, do you have to fight each other?”
Levilia said solemnly.
Xiao Feng was stunned, his face changed several times, but he finally resisted the urge to
continue shooting.
It’s just that at that moment, the thought of wanting to devour Levilia’s power surged again.
It was even stronger than before, which shocked Xiao Feng.
“If it wasn’t for them struggling, how could I do anything to them?”
Xiao Feng pointed at Phoenix and the others and said, “I said long ago that if you can
produce conclusive evidence, I’ll be fine with my death.”
“But if there is no evidence to still accuse with prejudice, then don’t blame me for not
remembering the old friendship.”
At this moment, Xiao Feng did not give in, he felt that it was necessary to tell the matter
thoroughly.
Levilia instantly understood what was going on.

“Senior Brother Xiao Feng, you calm down first, I will make it clear to Uncle Azure
Dragon and the others.” Levilia reassured. .
“Levilia, today I will look at your face and not care about them. You can do it yourself.”
After Xiao Feng finished speaking, he turned and left.
Looking at his back, everyone looked at each other.
The person who should do his best to do his own thing actually allows himself to do his own
thing?
joke!
“Levilia, Xiao Feng’s reaction just now was too intense.”
“I think Yufeng Tiansi and Xu Qingya are the ones who leaked it to Gong Qianqiu.”
Phoenix said solemnly.
Ning Jinye also took the medicine pill and stood up at this moment, but the blood in his
body was still surging.
“Just now Xiao Feng had murderous intentions. I really suspect that he has gone into
trouble.”
Ning Jinye breathed heavily.
Levilia’s face is solemn, why doesn’t she feel this way?

Just now, Levilia clearly noticed the abnormal change in Xiao Feng’s mood.
It felt like I was about to… swallow myself?
“Don’t you feel that Xiao Feng’s cultivation base has risen a bit outrageously recently?”
Ning Jinye’s sudden sentence broke the silence.
Yup!
Everyone felt like they were waking up from a dream.
Advertisement
In the past, even if Ning Jinye lost to Xiao Feng, he could at least retreat completely.
But according to the situation of the fight just now, Ning Jinye was basically powerless to
fight back under Xiao Feng’s offensive.

Phoenix and others also realized that Xiao Feng's burst of breath when he was preparing for
one-to-many was really terrifying.
Let even their hearts unconsciously have a feeling of invincibility.
Advertisement
It seems to be comparable to Duguxiao, who came to the base camp for the first time and
ran rampant.
How could Xiao Feng's strength be so strong?
Especially in recent times, it has grown by leaps and bounds.
"Levilia, how did you feel about fighting against Xiao Feng just now?" Phoenix asked
suddenly.
Levilia pondered for a moment and said, "Senior Brother Xiao Feng's cultivation has indeed
improved dramatically, but his practice is a bit strange."
"Is it weird there?"
"Isn't Xiao Feng practicing the exercises you created, Levilia?"
"Yup!"
Several people looked puzzled.
Advertisement
Levilia said solemnly: "I taught Brother Xiao Feng the exercises, but what he used is a bit like
the extreme swallowing path."
"Of course I'm not too sure, after all, it was just a short fight."
Phoenix captured the key points very keenly, and asked tentatively, "Levilia, do you mean
that Xiao Feng and Duguxiao are practicing the same exercise?"
"Not quite sure."
Levilia paused and continued: "I will try it when I find a suitable opportunity!"
Levilia said this also belongs to keeping affection.
Although it was just the right hand just now, Xiao Feng revealed that the domineering evil
spirit was already very obvious.
This is very likely to have trained the extreme swallowing exercise, which is exactly the same
as the state that Duguxiao showed for the first time.
"Levilia, when the boss comes back, you should remind the boss from the side!"
"Xiao Feng dares to take action against Jinye this time, and it is impossible to guarantee that

he will not deal with the boss in the future!"
"Phoenix is right. It's essential to be defensive. Xiao Feng has changed a lot during this
period."
Phoenix and others have proposed.
This is indeed the deepest concern of everyone.
There have been many disputes between the two sides before, but Xiao Feng has never
done anything.
After all, once the hands-on nature is very different, it is almost equivalent to tearing the
skin.
In other words, in the past, everyone still saw that there was a little leeway in Levi Garrison's
actions.
But what happened today, it is obvious that Levi Garrison's affection is not that important in
Xiao Feng's eyes.
Levilia nodded and said, "Okay, I will remind Dad."
"And I am more and more suspicious that Xiao Feng revealed Yufeng Tiansi to Gong
Qianqiu."
"Because even if Duguxiao was in an ambush near the base camp, how could it be possible
that the Qianqiu Cult suddenly attacked the base camp crazily?"
"The two cooperated too well, as if they knew we would support."
"And Xiao Feng's hiding place was extremely secret at the time. If he hadn't taken the
initiative to reveal it, even if we wanted to find it, it would have taken a lot of effort."
Zhu Que said condensedly.
Everyone thought carefully and found that it was indeed the case.
Moreover, Qianqiu Jiao's movements were obviously half a beat faster than those in the
base camp.
If there is no insider leaking from it, it can't be such a coincidence.
"The three of Xu Qingya disappeared near the base camp. This has been confirmed."
"And Xiao Feng was also responsible for the peripheral vigilance that day."
"Once or twice it might be a coincidence, but when it all comes together, there's something

wrong."
Phoenix said solemnly.
Jun's Landing's eyes also became particularly solemn, and now all the spearheads are
pointing at Xiao Feng.

It seems that this senior brother may really have a big problem.
"And this time Xiao Feng's opponent in Jinye is very likely to be instigated by Gong
Qianqiu."
"She uses this method well and has many men willing to use it for her, which is definitely a
red flag."
"We have to guard."
Every word of Phoenix was like a heavy hammer, hitting everyone's heart.
"The key is Xiao Feng's current strength, it is impossible to spy on him."
Advertisement
Kirin said a little dejectedly.
Phoenix said in a condensed voice, "Since secret surveillance doesn't work, let's do it
clearly!"
"Then what if Xiao Feng makes another move? Who can stop him?"
Xuanwu urn said angrily.
"You can't change your mind!"
Advertisement
Phoenix smiled and continued: "For example, let the wife keep Xiao Feng in the base camp
on the grounds that the base camp needs a master."
"Even staying by your wife's and Levilia's side, isn't all Xiao Feng's actions in his eyes?"
"The most important thing is that even if Xiao Feng commits another act of chaos, it is
impossible for him to take action against his wife and Levilia."
"I think this method is feasible." Levilia was the first to agree.
After all, this method can not only play a monitoring role, but also prevent Xiao Feng from
being too suspicious.
Azure Dragon and others also feel that this method is good.

“I don’t know when the boss will come back, but Tiansi and the others will be back soon.”
“At that time, the attitude of the town magician to us is still unknown.”
“The boss was too cautious this time, and even Levilia and Shima didn’t tell me where to
go.”
Advertisement
Everyone complained one after another, but in their hearts they hoped that Levi Garrison
would come back soon to preside over the overall situation.
the other side.
The Siberian Spirit Vessel.
I have to say that the spiritual vein of War Bear Country is very terrifying.
Levi Garrison and others followed up with a new round of body quenching.
Coupled with the large number of new weapons developed by the Brain of God, there is still
a lot of spiritual power left.
When he left the customs last time, Levi Garrison once assigned a task to the brain of God:
search for super spiritual veins all over the world.
The Brain of God did not disappoint Levi Garrison and developed a new type of detection
instrument.
“Even if it is a sealed super spiritual vein, it can be detected within a certain range with this
instrument.”
The Brain of God said with great pride.
He has a great sense of accomplishment for every new work he develops.
In particular, it can help Levi Garrison, which makes God’s Brain even more proud.
“Nice job!”
Levi Garrison praised sincerely.
After a new round of body quenching, the strength of Levi Garrison, Wen Lei and others
increased again.
Then Levi Garrison secretly brought over Ning Jinye and the 80 people who practiced basic
exercises.
Of course, in order to deceive people, Levi Garrison divided the 80 people into ten small
teams and let them come to the super spiritual vein in batches.

Moreover, it was declared to the base camp personnel that these people were going to
perform tasks, so that it did not cause too much attention from others.
After all, Ning Jinye also belongs to Levi Garrison's cronies, and they have gone out to carry
out secret missions many times.
The ten squads used the super spiritual veins to quench their bodies in a cycle and practice,
and their overall strength was greatly improved again.
In order to continue to strengthen the comprehensive combat effectiveness of this new
force.
Levi Garrison also equipped these 80 people with battle suits and new weapons and
equipment developed by God's Brain.
"Qianqiu Jiao and Tiansi, you all wait, this big surprise is ready."
Levi Garrison said coldly.
Mass grave.
Inside the Qianqiu Church General Altar.
As Tiansi and Xuanming's return period approached, Gong Qianqiu also began the next
layout.
The first thing she found was Duguxiao.
"Is there any order from the master to find me?"
Duguxiao was respectful as always.
Although Xuan Ming's upcoming return gave him a lot of confidence, in Duguxiao's view,
Gong Qianqiu is still a person worth following.

"How does the master treat you?"
Duguxiao was stunned, and then quickly responded.
"Master treats me very well, not only for my life, but also in terms of exercises."
"After the establishment of Qianqiu Sect, I was appointed as the young master."
"It is precisely because of Master's full support that the disciple can avenge Xue Hen."
"It can be said that Master has given me a great deal of grace, and my disciple is

inexplicably grateful."
Advertisement
Duguxiao's favors to Gong Qianqiu are numerous.
Deep down in his heart, he is indeed very grateful to Gong Qianqiu.
He was able to run rampant in the base camp and slaughter many strong people in Wufang
Pavilion with his own hands.
Duguxiao is all credited to Gong Qianqiu.
Advertisement
After all, there is no extreme swallowing technique that she taught, so there is no way for
him to improve so much in a short period of time.
"This is what teachers should do."
Gong Qianqiu sighed and continued: "It's just that Tiansi is about to return with the great
power of Kunlun Ruins, and he has no bottom line as a teacher!"
Although Gong Qianqiu's words came to an abrupt end, the meaning was already very
obvious: I need reinforcements, I need help.
"Master, don't worry too much, I will try my best to convince my father to join forces with
Master."
"Under the alliance of the powerful, I'm sure that day Si will retreat."
Duguxiao said solemnly.
Gong Qianqiu was overjoyed in his heart, but his face was silent.
"It would be good if we could join forces with Ling Zun."
Advertisement
Gong Qianqiu sighed again, and continued helplessly:
"It's just that the Kunlun Ruins are strong like clouds. When is such passive resistance?"
"It is better to teach a man to fish than to teach him how to fish. If he can enter the Kunlun
Ruins to cultivate, he will be able to do it once and for all."
"What's so difficult about this?"
Duguxiao said with a smile: "Master, don't worry, I will tell my father about this when the
time comes."
"With your strength and talent, Master, it is not difficult to enter the Kunlun Ruins at all."
"Okay! As expected of the apprentice I value most."
Gong Qianqiu said with a smile: "Then I'll ask you to do this as a teacher!"

“Wrap it on me!” Duguxiao patted his chest and assured.
In fact, Duguxiao made a guarantee, except that he was deliberately guided by Gong
Qianqiu.
Also because of the news that Xuan Ming had sent a few days ago, his father was not sure
about the powerhouses brought by Tian Si.
Therefore, Xuan Ming also needs a strong teammate, and Gong Qianqiu is undoubtedly the
best choice.
Gong Qianqiu’s scheming means and strength and talent are impeccable, plus a pervasive
Qianqiu sect.
What if the power brought by Tiansi was stronger?
It is completely possible to face hard steel!
Gong Qianqiu said with a smile: “Okay, with an apprentice like you, I am satisfied for Shijiu.”
Gong Qianqiu’s heart grew out of breath, and it would be great if he could enter the Kunlun
Ruins to practice.
She had heard of it, even if it was a spiritual vein on the scale of the two big alien races.
Although it is called a super spiritual vein in the secular world, it is extremely rare.
But in the Kunlun Ruins, it is as common as Chinese cabbage, and it can even be seen
everywhere.
The gap between these can be imagined.
In the face of such a wealth of cultivation resources, it is no wonder that there are so many
strong people there.
In particular, he is practicing the extreme devouring technique. Once he enters the Kunlun
Ruins, isn’t he going to take off directly?
Thinking of this Gong Qianqiu is very depressed, the super spiritual vein of the eternal
kingdom is enough to make her improve a lot again.
To be destroyed by people is really abominable.
Concentrating his mind, Gong Qianqiu continued to think about the next plan.
It is good for Xuan Ming to promise to join forces with him, but if he has ulterior motives, he

must not sit still.
If you are dealing with many strong people, the most important thing is to find the Tianmen
who entered the Kunlun Ruins.
As long as you can enter the Kunlun Ruins, everything is not a problem.
"Damn Tiansi, let this sect master find an opportunity and will smash your corpse into tens
of thousands of pieces."
Gong Qianqiu was furious, if it wasn't for Tiansi's return, she wouldn't have to be so timid.

Town Magic Division.
In the ardent expectation of everyone, Tian Si finally returned with several great experts
from Kunlun Ruins.
All the members of the Town Demon Division were dispatched to greet him, and the scene
was extremely grand and spectacular.
I saw Tian Si wearing a gray cloth robe and a pair of black cloud treading boots.
Although the beard and hair are all white, the skin is unusually smooth, just like a newborn
baby.
Especially those eyes are like cold stars, emitting a dazzling cold light, making people dare
not look directly.
Advertisement
Tian Si is carrying a simple and simple long sword behind his back, which has a hint of
immortal style.
"Young Master, Great Elder, please come in."
Tian Si respectfully stretched out his hand and asked for a word.
The people of Zhen Mo Si looked around and saw a total of seven people who followed
Tian Si.
Advertisement
The leader was a young man who looked like he was in his early twenties.
It is no exaggeration to describe his appearance as handsome and personable.

The clothes are retro but very luxurious, as if the noble son of an ancient family came through.
With a simple jade pendant on his waist, holding a sword in his hand, he has an extraordinary bearing.
Next to the young man was an old man who looked old.
Although the clothes are very ordinary, but the whole person has an aura that is as steady as a mountain.
In particular, he was carrying the ancient sword behind his back, which was almost as long as the old man's height, which seemed a bit funny.
There were also five strong middle-aged people behind the two, each with extraordinary bearing.
These people seem to be exiled to the mortal world, and their every move can make people worship.
Advertisement
But the seven have one thing in common.
That was the undisguised contempt in their eyes.
It was as if a high god was looking down on all beings.
Even when dealing with Tiansi, they are all condescending and superior.
However, the people of Zhen Mo Si dared not to speak out. After all, even Tian Si did not show any dissatisfaction.
Even Tian Si was flattering throughout the process.
"This is the power of Kunlun Ruins, and it is truly extraordinary."
"It seems that the young man's identity is special, and he may have a very high status in the sect of Tiansi."
"Yeah, and the old man, just like the old fairy."
Everyone whispered, looking at the seven people as if they were looking up to the gods, naturally showing awe.
"The Town Demon Division you founded is too weak, isn't it?"
The young man pouted and said.
Tian Si smiled apologetically and said, "The spiritual energy of the world is so thin that it really cannot be compared with the Kunlun Ruins, which made the young master laugh."

The young man's name is Xie Huanyu, the young master of the Cang Qiong faction.
And Tiansi is just a small helmsman in the sect. As his status is very different, he naturally
dare not make mistakes.
"Also, the secular world is too rubbish after all. It's not that you are incompetent, it's
understandable."
Xie Huanyu said understanding, but the contempt on his face became more obvious.
"Young Master, you and the Great Elder and everyone rest first."
"I'll first introduce the Kunlun Ruins to these ignorant children, so that they can gain
insight."
"Is this arrangement okay?" Tian Si asked tentatively.
Xie Huanyu nodded and said, "Okay, by the way, let's see if I can find a few talents that can
barely make sense."
"Now that the sect is expanding, you have to seize this opportunity as much as possible,
understand?"
"As ordered, thank you young master for your support." Tian Si was overjoyed.
The Cang Qiong faction is currently recruiting talents from all sides to expand, but it is
mainly aimed at the scattered cultivators in the Kunlun Ruins.
It is indeed a once-in-a-lifetime opportunity to let myself choose a few people in the town
magic department.
Once selected, it will be a great help to the town magician and himself.
"Just be grateful, go!" Xie Huanyu said with a smile.
Obviously he enjoys this feeling of giving to himself, but being regarded as a treasure.

Knowing that Tiansi was about to popularize the Kunlun Ruins, all the members of the
Zhenmo Division cheered.
The crowd was like elementary school students preparing for class, waiting intently for the
teacher to step onto the podium to start the class.

“The people in the Kunlun Ruins have just been born, and even if they haven’t gone through
any training, they can achieve the strength I was looking for.”
Tian Si said solemnly.
This opening remark is like a huge boulder thrown into a calm lake from a high altitude.
The scene immediately boiled.
Advertisement
“As expected of a holy place for cultivation!”
“It’s too terrifying to be able to reach the realm of Tian Si’s time at birth!”
“Is this the legendary winning at the starting line?”
…
Advertisement
Tian Si waved his hand, and the scene gradually quieted down, but everyone could no
longer hide their longing for Kunlun Ruins.
Just imagine the realm that few people can achieve in the secular world with their lifelong
efforts to cultivate.
As a result, he was born in Kunlun Ruins and possessed it. One can imagine how strong this
huge temptation is.
“The spiritual energy in the Kunlun Ruins is extremely abundant. Even if you don’t practice
any exercises, simply soaking in the spiritual energy can greatly improve your cultivation.”
“Because of this, there are many treasures in the Kunlun Ruins.”
“Any piece of heaven and earth treasure can make people change their lives against the
sky.”
“The medicinal pills refined from these natural and earthly treasures are even more magical.
Washing the meridians and cutting the marrow to evolve the root bones is a common
practice.”
“There are even some medicinal pills that can directly increase a person’s strength by several
levels.”
Tian Si talked eloquently, and the eyes of all the members of the Zhen Mo Si were blazing.
Advertisement

“The exercises inherited from the Kunlun Ruins sect belong to the ancestors.”
“As far as the Qi refining technique of our Demon Suppression Division is concerned, it
actually comes from Kunlun Ruins.”
“It’s just that for the real qi refining technique of Kunlun Ruins, it’s just a skin.”
Everyone was shocked again, they didn’t think that Zhenmo Division was actually inherited
from Kunlun Ruins.
No wonder it once stood on top of the secular world.
However, it is only the skin of some exercises that can reach such a level, which further
illustrates the horror of Kunlun Ruins.
“Furthermore, there are many super spiritual veins in Kunlun Ruins. Of course, I mean super
spiritual veins in the true sense.”
“Take the super spiritual veins that our town demons rely on to survive, which can be seen
everywhere in Kunlun Ruins.”
“It can even be said that this level of spiritual veins belongs to the basic spiritual veins in the
Kunlun Ruins.”
Tian Si took a sip of tea and looked at his subordinates with fascinated faces, full of
superiority in his heart.
The strength of his own is common in Kunlun Ruins, and he is called to and fro by some
great powers as if they were grandsons.
I am afraid that only here can you find your own dignity and glory.
“Tiansi, what are the super spiritual veins in the Kunlun Ruins like?”
The temporary interlocutor of Shentianjian asked aloud.
The others also pricked up their ears and listened carefully.
Tian Si coughed twice and said, “Take the spiritual veins I found when I was searching for
the Tianmen Gate of Kunlun Ruins. The spiritual energy contained in it has a golden luster.”
“Spiritual veins of this level are called divine veins, and divine veins are the entry-level
spiritual veins of Kunlun Ruins.”
“The firmament sect I belong to has seven divine veins, as well as higher-level holy veins,

which are red."
"There is no holy vein in the sky sect. I am afraid that only those super sects have the
spiritual vein of this level."
Speaking of the last Tiansi, it is a bit regretful, after all, the Sky Sect is a lower-level sect in
the Kunlun Ruins.
"Tiansi, do you think it is possible for him to have a divine vein or a holy vein in our secular
world?"
Someone asked again.
"No way!"
Tian Si responded without any hesitation: "Divine veins and holy veins are rare spiritual veins
even in Kunlun Ruins, how can they exist in the secular world?"
"Take ten thousand steps back, if the secular world has this level of spiritual veins, once the
spiritual energy erupts, it will be a disaster for the entire human race."

Chapter 3836

Tian Si said this without exaggerating.
According to his understanding, the power of divine veins and holy veins is extremely
terrifying, and once the spiritual energy is released, ordinary people simply cannot bear it.
Although it is said that the explosion of spiritual energy will create opportunities for many
talented people to reach the sky, but the vast majority of the world is ordinary people after
all.
Their physical quality simply cannot withstand the impact of such pure spiritual energy, and
even the spiritual energy on the edge of the divine vein can kill ordinary people in an
instant.
Therefore, it is impossible for the divine veins to appear in the secular world, let alone the
sacred veins.
"There are also some spiritual veins with special properties, which are also very rare."
Advertisement

Tiansi continued to popularize the Kunlun Ruins: "Just like the medicine veins, it can nourish
the body of the meridians of the human body, and at the same time, it can also nurture the
treasures of heaven and earth."
"Furthermore, there are spiritual veins that possess the power of elements, such as fire
attribute spiritual veins, which can nourish and forge weapons."
"As for the spiritual veins of other elemental powers, it is equivalent to practicing cheating
for practitioners who practice the corresponding attribute exercises."
"Take this master's kendo as an example. To nourish the sword, use the metal spiritual veins
and use the gold element spiritual veins to assist, and the practice will be more effective
with half the effort."
Advertisement
Everyone suddenly realized that the spiritual veins had said so much.
This Kunlun Ruins is really amazing.
"Tian Si, how powerful is this Kunlun Ruins?" The curious asked again.
Tian Si stroked his beard and said, "There are many sects in the Kunlun Ruins, and there are
too many super strong people."
"Let's put it this way, the Sky Sect I belong to is a low-level sect in the Kunlun Ruins."
"Those super sects with top combat power, even if only one Tianjiao level powerhouse is
sent, they can destroy the small and medium sects."
Whoa whoa whoa!
The discussion came one after another again.
"Kunlun Ruins is too scary, isn't it?"
Advertisement
"It's more than just two words to describe horror? It can clearly be called the Palace of God!"
"If only I could enter the Kunlun Ruins!"
"Can you be awake in the daytime, and want to dream until the night is not fragrant?"
Tiansi continued: "The Taixu Shenzong that Xuan Ming worshipped belongs to a middleclass
sect. In terms of comprehensive strength, the Cang Qiong Sect cannot compare with
it."

“Tian Si, don’t scare me. According to this, Xuan Ming’s return this time, don’t we only have
the share of being slaughtered by others?”
Everyone suddenly became nervous and looked at Tian Si with bright eyes. However, they found that Tian Si looked calm and did not have the slightest panic.
“The fact that the sect is strong does not mean that the people brought by Xuan Ming are
powerful.”
Seeing that everyone was still full of doubts, Tiansi explained: “As Xuanming, you can’t get
in touch with the core powerhouses of the Taixu Shenzong at all.”
“So this time, the people brought by Xuan Ming are all ordinary geniuses, and they can’t be
compared with the young master and the first elder.”
People can understand this kind of rhetoric.
As far as the original Zhenmo Division was concerned, the ordinary disciples of Wufang
Pavilion were bullied, and it was absolutely impossible to invite Tiansi level powerhouses to
stand up for them.
At most, ask an ordinary Tianjiao to help.
But if some minor sect members are bullied, then the elder-level powerhouses in the minor
sect may take action.
The elders of the small sects are generally stronger than the ordinary Tianjiao of the large
sects.
This is the difference between being in a denominational size.
Of course, the big sect relies on the big tree to enjoy the shade, but the fate of ordinary
disciples is not necessarily better than that of the disciples of small sects.
“It seems that you still have some doubts, so let me ask the young master to show his hands
a little.”
In order to stabilize the military, Tian Si directly found Xie Huanyu.
Xie Huanyu readily agreed, he couldn’t easily miss the opportunity to appear in front of such
a person.
Xie Huanyu came to the high platform, still with an aloof look on his face.
Suddenly released the breath in the body, a vast energy coercion quickly spread out.

The violent energy coercion covered the members of the town magic division
overwhelmingly.
A lot of people with lesser cultivations were directly blown away by the cyclone formed by
the power.
Even the disciples who were barely standing still felt a surge of qi and blood in their bodies.
The whole person seems to be pressed down by an invisible mountain, and even breathing
is a little trapped.
Pfft! Pfft! Pfft!
Everyone fell to the ground unconsciously.

In the end, even Tiansi fell to his knees.
Everyone was deterred by the terrorist forces that Xie Huanyu showed.
It is like ordinary people who see the gods descend to the world and worship them out of
instinct.
When Xie Huanyu saw this situation, the corners of his mouth twitched slightly, and he really
enjoyed the feeling of ruling over the world.

"Young Master, please hurry up and restrain your breath. If you continue, these people are
afraid that all casualties will be exhausted."
Tiansi's voice was trembling, and his tone was full of pleading.
"Also, these mortals are like ants, how can they bear the power of gods?"
Xie Huanyu sneered.
Immediately after he restrained his breath, the terrifying energy pressure just now
disappeared instantly.
Everyone in the town of Demons was relieved and let out a sigh of relief.
"The young master's strength is so terrifying, it's like a god came into the world!"
"Just releasing the breath will have such coercion, and I am afraid that fighting can destroy
the sky and the earth."
"This is the powerhouse of Kunlun Ruins, so terrifying!"

“I used to think that Levi Garrison was the invincible god of war, but he was really a frog at the bottom of the well!”
“Now it seems that compared with the young master, Levi Garrison is just like an ant, and it is not worth mentioning at all.”
“How can the light of the firefly compete with Haoyue?”
The young master really gave Zhen Mo Si an eye-opener today.
At the same time, they became more and more fascinated by Kunlun Ruins.
“Respected young master, can we enter the Kunlun Ruins?”
“Yes, young master, I beg you to show mercy and let us go to the Kunlun Ruins to practice!”
“I beg the young master to give us a chance.”
The eyes of everyone in Zhen Mosi were full of prayer and fiery.
They really want to enter the Kunlun Ruins, and they also want to experience the feeling of a god coming into the world.
Xie Huanyu sneered and ordered Tiansi: “This seat is exhausted, it’s up to you to explain it to them!”
“Abide by the law of the young master.” Tiansi said respectfully.
Then he got up slowly, and said to everyone in a deep voice, “Everyone, Kunlun Ruins are extremely strict in the selection of monks in the secular world, and only geniuses out of ten have the opportunity to enter.”
“Even if there is a sect with a profound background like Zhen Mosi, there are probably no more than five people who are qualified to enter the Kunlun Ruins.”
A stone stirred up a thousand waves.
Everyone was shocked and full of emotion.
“As expected of the Kunlun Ruins, our Demon Suppression Division is the strength of the peak sect in the secular world, and no more than five people are eligible.”
“It’s no wonder that anyone from Kunlun Ruins who comes to us is a peak powerhouse, so it makes sense.”
“Kunlun Ruins is a fairyland, if it is not a peerless genius, it is indeed not worthy to enter it.”
The sense of superiority of the people in Zhen Mosi was gone in front of the terrifying

Kunlun Ruins.
The only thing left in my heart is longing and awe.
"Tiansi, we have you and the young master in charge, shouldn't it be time for those who
bullied us to pay a heavy price?"
Shen Tianjian's temporary talker said solemnly.
"Yes, Tiansi, we just hope that your king will return and revive the prestige of the Demon
Suppression Division!"
"Levi Garrison seems to be using us as tools during this period of time, calling and drinking."
"If our top ten talents were not injured by him, they would not have fallen into the hands of
the Qianqiu Sect."
Everyone was filled with righteous indignation, and they seemed to have reached the level
of verbal criticism towards Levi Garrison.
Tian Si said angrily: "Don't worry, since this seat is back, Levi Garrison will definitely pay a
heavy price for what he has done."

Tian Si was indeed very angry that a monkey dared to ride on Zhen Mo Si's head to make a
fortune.
It really deserves death!
"Levi Garrison deceives people too much, and his crime should be punished. You just need
to listen to my orders."
Tian Si's voice was like a bell, making everyone feel inexplicable peace of mind.
"This statement is reasonable. You are the helmsman of my Cang Qiong faction. The sect
you created has been so humiliated by others, and this seat will definitely not sit idly by."
Xie Huanyu said lightly.
Advertisement
"What the young master said is very true, you just let go and do it, and I will support you."
The first elder, Xie Yunzong, followed closely.

“Thank you Young Master and Great Elder for making decisions for your subordinates.”
Tian Si said very sincerely.
Advertisement
Seeing Xie Huanyu and Xie Yunzong express their positions one after another, Tiansi
suddenly felt confident.
They can basically represent the attitude of the firmament.
With the Kunlun Ruins Zongmen supporting the foundation, it is naturally guaranteed to be
foolproof.
“Tian Si, not only Levi Garrison, but also Qianqiu Sect.”
“They are even more extreme. It is very likely that Yufeng Tiansi and the top ten Tianjiao
have already lost their luck.”
“Especially the factions of the West Pavilion were brutally bloodbathed, and there are only a
few people left.”
Everyone was sad, and Zhenmo Si was indeed bullied by Qianqiu during this period of time.
In particular, the mysterious sect leader is extremely powerful, like a mountain pressing
down on everyone.
The Suppressing Demon Division could only make compromises, and even sighed under
Levi Garrison in order to protect himself.
Advertisement
The root of everything is Qianqiu.
Of course, the traitors in the Demon Suppression Division have not yet been identified,
which is a huge hidden danger.
“Bastard, Qianqiu’s teaching is too deceiving.”
Tian Si was burning with anger, and unconsciously burst into a terrifying momentum.
Everyone present was shocked. Although this momentum was not comparable to that of the
young master, it was at least comparable to the original Levi Garrison.
Even a little stronger than Levi Garrison at that time.
“As expected of Tiansi, the time has come for us to turn over and become the master.”
Everyone was excited, it turned out that Tiansi’s strength was so terrifying.

Coupled with the support of the young master and the others, whether Levi Garrison or
Qianqiu Sect, they are dead.
"Young Master, your subordinates want to destroy this Qianqiu Sect, what do you think?"
Tian Si asked respectfully.
Xie Huanyu said solemnly: "Qianqiu Jiao is going to break the future and foundation of the
Demon Suppression Division. Its heart can be punished, and it will be destroyed."
"This seat and the entire Sky Sect will definitely support it, you just need to let it go."
"Abide by the law of the young master."
Tian Si was also quite excited. He thought that Xie Huanyu would hesitate when he heard
the unfathomable strength of the Qianqiu sect leader.
Never thought he would agree so happily.
"Send the word and let Qianqiu teach you to hand over someone within three days."
"The leader of the Qianqiu Sect came to the door to apologize in person."
"Otherwise, this seat will let the Qianqiu Sect be wiped out."
Tian Si said in a cold tone.
the other side.
The Thousand Corpse Pit Qianqiu Church's main altar.
Clap!
The teacup was smashed to pieces.
In just a few minutes, this is the third teacup that has suffered this disaster.
"The sect master is allowed to hand over people within three days? Is Tiansi so confused?"
"I also ask the sect master to take the blame, otherwise the Qianqiu Sect will be destroyed."
"If it weren't for the fact that the Cang Qiong Sect was backing him, the sect master would
not dare to make a big deal by borrowing him a hundred courage."
Gong Qianqiu was furious, as if he had entered a state of incompetence and rage.
Duguxiao didn't even dare to let out the air, but he was amazed in his heart.
Because this is the first time since I followed Gong Qianqiu, I saw her so gaffe.
Gong Qianqiu quickly realized this, and tried to calm down the emotions that were about to

erupt as much as possible.
There are Qianqiu Sect's inner responders in the Town Demon Division, and they clearly
described the horror of Xie Huanyu's strength.
Even Tiansi has a very strong fighting power.
The most important thing is that Xie Huanyu made it clear that the Cang Qiong faction will
support Tiansi to destroy the Qianqiu Sect.
This made Gong Qianqiu feel unprecedented pressure.
"This is a big trouble."
Gong Qianqiu was also a little flustered in his heart.

There is such a more pessimistic thinking, it is not that Gong Qianqiu is too glass-hearted.
In the past, it was not clear how strong the Kunlun Ruins were, but now so many people
have seen the strength of the young master of the Cang Qiong faction with their own eyes.
According to the description of Qianqiu Sect's eyeliner, it is only the realm that this young
master has reached, and he does not dare to say that he will definitely win.
What about the Great Elder and the five Heaven's Chosen from the Sky Sect?
"If there is a divine vein or even a holy vein as an energy source, this sect leader will
definitely be able to gain a firm foothold in Kunlun Ruins!"
For those super spiritual veins described by Tiansi, Gong Qianqiu is extremely yearning.
Advertisement
"Duguxiao, you lead all the dead to keep an eye on the movements of the Town Demon
Division."
"Once they attack Qianqiu Sect in a big way, report to me immediately."
"And to gather all the affiliated forces of the Qianqiu Sect, it's inevitable that a head-on
confrontation is inevitable, so this sect leader adopts the crowd tactics."
"Also, when will your father come back? Let the teacher meet him at that time."
Advertisement
Gong Qianqiu said solemnly.

Duguxiao agreed: "Don't worry, Master, I will notify you as soon as there is news from my
father."
"Very well, you go to work first!"
Gong Qianqiu sent Duguxiao away.
After leaving the main altar, Duguxiao followed Gong Qianqiu's order.
However, just after Duguxiao finished arranging the eyeliner around Zhenmosi, he suddenly
received a message from Xuan Ming.
Duguxiao was overjoyed and hurriedly searched for the place designated by Xuan Ming.
in a jungle.
The four great talents of Xuanming and Taixu Shenzong arrived as scheduled.
Advertisement
They released a majestic black energy coercion, which seemed to be extremely corrosive.
The surrounding green plants withered instantly, as if they had been sucked dry in an
instant, like coke.
"someone is coming!"
A young man in black robe headed said solemnly.
Xuan Ming smiled and said, "Don't do anything, everyone, it's my son who is here."
Xuan Ming felt the aura that belonged to Xuan Ming's alien race, and was connected to his
bloodline.
Sure enough, after a while, Duguxiao rushed over.
"Father, you are finally back!"
Duguxiao was very excited, and there were faint tears in his eyes.
The two major alien forces were wiped out, and then almost died at the hands of Levi
Garrison and others.
Duguxiao had all kinds of anger and grievances in his heart. Now that his biological father
has returned, someone finally decides for him.
"My son has suffered, no need to say more, hurry up and pay tribute to a few arrogances of
the Taixu Shenzong."
Xuan Ming was naturally also very excited, but he was still the first to introduce the
following almighties.

After all, these talents are the real reliance on this return.
"Duguxiao has seen several bigwigs."
Dugu Xiao bowed respectfully and deeply.
It's just that there are inevitably some murmurs in his heart, and he doesn't feel how strong
these geniuses are.
And there were only four of them, so Tian Si brought seven people here.
Can they really defend against Tiansi and the others?
Duguxiao was really skeptical.
"Xuan Ming, Linglang seems to be looking down on me a little bit!"
The leader, a young man in black robe, said gloomily.
Duguxiao's heart froze, didn't he think that this guy would see through it?
Xuan Ming hurriedly smoothed things out: "Why did Xue Tianjiao say this?"
"Forget it! Let Linglang have a long experience, lest he really think that the Taixu Shenzong
is a generation with wine, wine and rice bags!"
Xue Pengzhan said jokingly.
Before he finished speaking, he immediately ran the exercise, and the violent energy aura
spread out wanton.
The surrounding trees that were like charcoal suddenly vanished.
Some trees that were surrounded by thick and thin were also uprooted, as if a hurricane had
struck, directly destroying all living beings.
Duguxiao's eyes were full of shock.
In any case, he never imagined that this seemingly unremarkable Tianjiao had such a
powerful cultivation base.
The point is that it seems that there are still reservations about this word?
"Please forgive the younger generation's clumsy sin."
Duguxiao's face was full of respect.

Duguxiao is also frank, of course, he also understands that there is nothing wrong with not
being certified, and he may even think about it in the opposite direction.
Dare to act daringly, to admit mistakes, it is impossible to win the appreciation of the other
party.
"It's okay!"

Xue Pengzhan really didn't feel angry at all, but there was a hint of approval in his eyes.
Xuan Ming was also quite relieved that his son's ability to judge the situation was good.
"Now you can tell me about the annihilation of our two clans."
Advertisement
Xuan Ming's tone became more serious.
Duguxiao was meticulous about everything, and recounted the entire incident in its entirety.
"Father, all this was done by Zhen Mosi and . You must avenge your mother and those dead
clansmen!"
Duguxiao burst into tears, and he finally found a backer.
Advertisement
Although he had taken revenge to a certain extent through Qianqiu Sect before, he did not
dare to provoke a super-powerful person like at all.
Now that his biological father, Xuan Ming, has returned, and at the same time he brings
along the four great talents of the Taixu Shenzong, he is bound to be able to kill on the
spot.
"Vengeance must be avenged, but we must have a long-term plan, son, you may not be
clear about some things."
Xuan Ming's tone became extraordinarily serious.
The four arrogances were also sensible, and went straight to wander around, leaving a
private space for the father and son.
"I also told you about the Taixu Shenzong and the Cang Qiong faction before, and I will give
you a more detailed introduction today."
Hearing what Xuan Ming said, Dugu Xiao also restrained his emotions and listened carefully.
Then Xuan Ming told everything.
Although Xuan Ming and Tian Si found the Kunlun Ruins together, they later joined different
sects.
Advertisement
The cultivation methods of the two are also very different, so since entering the Kunlun
Ruins, the two have become strangers.

In addition, the Taixu Shenzong and the Cang Qiong faction are in the same situation, and
they are not in the same place, so the two have almost never met.
But then again, now Zhenmo Division and have destroyed the Xuanming alien race, and the
two sides have forged a bloody feud.
Xuan Ming was determined to avenge this revenge.
However, it is not that simple to fight.
Although the Sky Sect, where Tian Si belongs, has a low overall strength in the Kunlun Ruins,
it is incomparable with the Taixu Shenzong.
But by chance, Tian driver mixed into the high-level, especially with the Cang Qiong
faction's young master.
On the other hand, although the Taixu Shenzong is powerful, he is only a little scoundrel
after all.
The four arrogances that followed are not absolutely high-level.
Once there is a head-on conflict with Tiansi, it is almost impossible for the high-level
executives of the Taixu Shenzong to support themselves.
With the current strength of each other, there is really no certainty.
Preliminary judgment is that the two sides in the frontal confrontation are at most fifty-five.
Even if you are lucky enough to win in the end, it will definitely be a terrible victory.
Besides, if he really pushes those people into a hurry, and then involves the entire firmament
faction, he will definitely not get much benefit from his side.
"Father means… don't seek revenge from Tiansi?"
Duguxiao asked a little unwillingly.
"It's not that I don't report it, it's just that the timing is not good. I thought that my father
meant that it would be better to deal with first."
Xuan Ming said in a condensed voice: "According to what you said, 's daughter has a
spiritual bone that devours spiritual roots and transplants it to her father, which may allow
me to become a high-ranking sect."
"Father, in fact, you don't need to be so cautious, can we just use the power of Qianqiu
Sect?"

Dugu Xiao paused for a while, then continued: "The leader of Qianqiu Sect is powerful and unparalleled, and all my cultivation bases are given by Master."
"This seat also wants to see your true strength, hurry up and show your hands!"
Xue Pengzhan didn't know when he came to the front, and looked at Duguxiao with great interest.
"Okay, I also ask the seniors to give more advice."
When the voice fell, Duguxiao suddenly released all the breath in his body.
Powerful energy coercion roared out, instantly permeating every corner.
The violent energy aftermath spread suddenly, forming an obvious energy vortex centered on Duguxiao.
The space inside seems to be distorted sharply, as if to be torn apart by this force.
"It's so strong? I'm afraid it's a little stronger than when Tiansi was looking for the Kunlun Ruins."
A look of surprise appeared in Xuan Ming's eyes.
Xue Pengzhan and other Tianjiao of the Taixu Shenzong were also quite shocked.
"How could there be such a level of power in the secular world?"
"I am afraid that even if this breath enters the Kunlun Ruins, it is by no means low-level!"
"The world with such a thin spiritual energy can still reach such a state, it is really a material that can be created!"
"Xuan Ming, is your son interested in joining the Taixu Shenzong?"
The last sentence was asked by Xue Pengzhan.
Xuan Ming was shocked again.
Although Xue Pengzhan is not the top genius in the sect, but being appreciated by him is enough to show that his son's talent is excellent.
"Then Lao Xue Tianjiao will have a few good words in front of the elders in the future." Xuan Ming said gratefully.
Xue Pengzhan waved his hand and said, "This child has a good talent, plus your face, it shouldn't be a big problem to enter the sect."
"Father, several seniors, my master is much stronger than me." Duguxiao said proudly.

“Oh? I never thought that this secular world is really hiding dragons and crouching tigers!”
Xue Pengzhan became interested.
Xuan Ming was also thoughtful, no wonder his son willingly followed a woman.
It’s not that she is bewitched by beauty as she imagined, but this female leader has real
materials!
“Father, now that the Secretary is back today, the Suppressing Demon Division, who was
originally distraught, once again has a strong cohesion.”
“And the number of strong Kunlun Ruins on the Tiansi side is dominant, and we are too
disadvantaged to confront each other head-on.”
“Why not join forces with my master to fight the enemy?”
Duguxiao spoke very well, and deliberately named the powerful people on Tiansi’s side.
The implication is that the frontal attack is not a lack of cultivation realm, but a disadvantage
of being outnumbered and outnumbered.
It can be said that it has given Xue Pengzhan a lot of face.
Sure enough, Xue Pengzhan flashed a smile, but then he also showed a thoughtful look.
Xuan Ming also has deep eyes, thinking about whether this plan is feasible.
Seeing this, Duguxiao hurriedly struck while the iron was hot, and continued:
“Qianqiu Sect’s eyeliner is all over the Town Demon Division, and their every move is under
control.”
“Besides, the master is very powerful, and he can also become the right-hand man of several
seniors and father.”
“On ‘s side, Master also has a very critical insider who can play an unexpected role at critical
moments.”
“If the two sides join forces, they will be able to kill Tiansi, kill , and sweep everything
invincible.”
“It’s just a snap of the fingers between the Suppressing Demon Division and the base
camp!”

I have to say that Duguxiao has a good strategy.

Xuan Ming even had a strong urge to join forces with Gong Qianqiu.
Xue Pengzhan and others are moved mainly because they are also a bit clueless.
And Tiansi brought Xie Huanyu, the young master of the Cang Qiong faction. It is said that
his strength can barely rival these Tianjiao.
In addition, I thought that the Great Elder of the Sky Sect would really have no advantage in
fighting.
In this situation, the league is indeed the best choice.
Especially according to Duguxiao's description, Qianqiu's religion is omnipresent, and the
leader Gong Qianqiu is very powerful.
Advertisement
He is indeed qualified to join forces with his own side.
"How about a few arrogant people?" Xuan Ming suddenly asked at this moment.
The three great talents focused their attention on Xue Pengzhan. After all, he was the
strongest among them.
Xue Pengzhan pondered for a moment, deliberately making an appearance of reluctance.
Advertisement
Slowly said: "It is possible to see Gong Qianqiu first, and then make a decision."
Mass grave.
Inside the Qianqiu Church General Altar.
Gong Qianqiu was like sitting on pins and needles, pacing the hall constantly.
Now that the strength of Tiansi and the great power of Kunlun Ruins has become clear, it is
really difficult to resist alone with Qianqiu.
Especially Tiansi also released harsh words, asking himself to return Yufeng Tiansi and Wu
Jing to plead guilty within three days.
Otherwise, Qianqiu Sect will be wiped out.
This made Gong Qianqiu even more irritable and flustered.
"I don't know what's going on with Duguxiao."

Advertisement
Gong Qianqiu knew that Duguxiao had gone to see Xuanming. If the talks went well, then
Xuanming Sect would be an excellent help for him.
Of course, clinging to Xuan Ming is not only conducive to getting through the current
predicament of the town magician.
Gong Qianqiu has a higher pursuit. She wants to enter the Kunlun Ruins and find a higher
level of cultivation.
And Xuan Ming happened to be the key. If he had a recommendation, it would be much
easier than trying to enter the Kunlun Ruins by himself.
Every time I think of the sacred veins and divine veins that exist in the Kunlun Ruins, Gong
Qianqiu is almost drooling.
In particular, he is practicing the extreme devouring technique, and the ordinary spiritual
veins are still improved so high.
If you devour a Divine Vein, can you imagine what kind of realm you can reach?
Gong Qianqiu can't wait to enter the Kunlun Ruins now, swallowing all kinds of gods and
becoming a peak powerhouse.
Just when Gong Qianqiu was immersed in wonderful longing, a message came from
Duguxiao.
"Xuan Ming wants to meet with me, and Duguxiao has negotiated?"
Gong Qianqiu was overjoyed and rushed to the meeting place set by Xuan Ming at full
speed.
Two hours later.
Gong Qianqiu arrived as promised.
Duguxiao helped each other introduce each other.
"Master Gong, thank you for saving my son's life when he was in danger." Xuan Ming
greeted him first.
Gong Qianqiu said with a smile: "The Xuanming Patriarch is polite, but it's just an effort."
During the whole process, Gong Qianqiu deliberately released a certain breath of coercion
to increase the attention of the other party.

In fact, Gong Qianqiu's approach did indeed work.
Several Tianjiao and Xuanming of Taixu Shenzong were shocked by Gong Qianqiu's
strength.
They never thought that in the secular world, someone could achieve such a terrifying
cultivation.
Duguxiao was enough to surprise them, but compared with Gong Qianqiu, Duguxiao's
strength was far worse.
And as Gong Qianqiu's strength increases, her own charm is getting bigger and bigger.
Every gesture and gesture seems to carry some kind of aura, which makes people fall into it
unconsciously.
Moreover, Gong Qianqiu deliberately exerted his charm, and his frowns and smiles were so
charming that people couldn't help but be intoxicated.
Even the arrogance of several Taixu Shenzongs felt dry mouth for a while after seeing it.
"It seems that the great power of the Taixu Shenzong is not so special, and he is not
convinced by the charm of this leader."
Feeling the undisguised scorching eyes of several great arrogances, Gong Qianqiu was also
quite proud and satisfied in his heart.
"Patriarch Xuanming, I'm afraid it's not just as simple as thanking you for inviting me here,
right?"
Gong Qianqiu asked with a smile.
"That's right!"
Xuan Ming also said straight to the point: "I also want to discuss with the master of the
palace this time about joining forces to fight the enemy."
After seeing Gong Qianqiu's strength, Xuan Ming's last doubts were completely dispelled.
"Master Gong, Tian Si and are our common enemies, and we can join forces to kill them."
Gong Qianqiu also did not hold it, and it was her appeal to join forces.
"There is no problem with the union, but I have one more condition."
"I wonder if the Xuanming Patriarch can help introduce me to join the Taixu Shenzong?"

Of course, if Taixu Shenzong is just Gong Qianqiu's first step, it's just a springboard at most.
"OK!"
Before Xuan Ming could respond, Xue Pengzhan agreed first.
Several other Tianjiao nodded at the same time to indicate that there was no problem.
They have long been attracted by Gong Qianqiu's charm, and if they belong to the same
faction in the future, they may be able to further their relationship.
"But Master Palace, I need to test your strength." Xue Pengzhan said solemnly.
"Ah? There is still a strength test? Will it be difficult?"
Gong Qianqiu deliberately showed a sincere expression.
That appearance made Xue Pengzhan look furious, and he suddenly felt the urge to pity
Xiangxiyu.
"Patriarch Gong, I will precisely control the power to display, and I will never hurt you."
Xue Pengzhan assured.
Gong Qianqiu said with a smile: "Then many thanks to Xue Tianjiao."
"And you can just call me by my name in the future, the Palace Sect Master will be too
outspoken."
"it is good!"
Xue Pengzhan smiled even more, and said, "Qianqiu, don't be arrogant in the future, just call
me Brother Xue."
"After all, we will all be family in the future!"
"Okay, Senior Brother Xue, I'll ask you to take care of me from now on!"
Gong Qianqiu smiled charmingly, with a variety of styles.
I watched the scene where I gradually became acquainted with each other after not seeing
each other for a long time, and they were even called brothers and sisters.
Xuan Ming secretly clicked his tongue, Gong Qianqiu's method of dealing with men is too
powerful.
In just a few words, several Tianjiao were fascinated by it.
Aside from strength, it is worth paying attention to having this method, and there is no
chance that she will be able to help her in the future.
After all, there is a master-disciple relationship with his son Duguxiao.
"Qianqiu, you attack, I will defend."

Xue Pengzhan put on a defensive posture.
Although Gong Qianqiu also showed a good breath of coercion, he still believed that he
could still have an absolute advantage.
Gong Qianqiu said with a smile: "Brother Xue, then I will offend me!"
Before the words fell, Gong Qianqiu suddenly shot.
Facing Xue Pengzhan's chest is a palm.
Woo!

Before the palm arrives, the wind arrives first.
The violent breath roared.
"So strong!"
Xue Pengzhan's expression was slightly condensed, and Gong Qianqiu's power displayed at
this moment was much stronger than before.
Xue Pengzhan didn't dare to neglect, and he also ran the exercises. He didn't choose to
avoid it, but faced Gong Qianqiu's palm.
Bang!
Advertisement
The violent breath collided.
The two left at a touch, and soon they were fighting together.
time flies.
Xue Pengzhan became more and more frightened. He found that even if he used 60 to 70%
of his strength, he could not take the initiative in the situation.
Advertisement
At the same time, Gong Qianqiu also explored the depth of Xue Pengzhan.
"The arrogance of the Taixu Shenzong is nothing more than this!"
Gong Qianqiu sneered in his heart, but there was no trace on his face.
She can basically judge that if she exerts all her strength, she can basically completely abuse
Xue Pengzhan.
But now is not the time to reveal his full strength.
So Gong Qianqiu adjusted the degree of breath and gradually began to fall into the
disadvantage.
Even so, Xuan Ming and the other three Tianjiao of the Taixu Shenzong were shocked.

They could feel that Xue Pengzhan was about to show eight points of strength, which would
suppress Gong Qianqiu.
"It's too strong! If you enter the Kunlun Void, you will be stronger if you are nourished by a
stronger spiritual energy."
Advertisement
This is an idea shared by several people.
After finally playing more than a dozen rounds, Gong Qianqiu pretended to be defeated
and was directly shocked and flew out.
"Senior Brother Xue, I lost, you are too powerful."
Gong Qianqiu panted and said: "With all my strength, I have been suppressed to the point
where I can't fight back. It is indeed the arrogant powerhouse of the Taixu Shenzong!"
Being complimented by Gong Qianqiu, Xue Pengzhan almost floated to the clouds.
"Qianqiu, it is already a gift for you to be able to achieve such a cultivation level in the
mundane world."
"In the future, if you enter Kunlun Xu, your strength will definitely be improved to a higher
level."
"Maybe senior brother will hug your thigh at that time!"
Xue Pengzhan's words were half true and half false. He was really shocked that Gong
Qianqiu could have such a cultivation.
To be able to equalize 70% of his own strength is really amazing.
"With Xue Tianjiao's recommendation, it can be said that the Palace Sect Master's entry into
Taixu Shenzong is a certainty."
Xuan Ming silently patted the rainbow fart, and then looked at Gong Qianqiu with a serious
face.
The conversation turned and said: "But if you want to get a higher position, you need to
come up with bigger chips."
"The meaning of the Xuanming Patriarch Qianqiu understands."
Gong Qianqiu understood, and said with a look of embarrassment: "Only what you offer can

get the attention of the sect, and you have to ask the brothers to give more advice."
"It's easy to talk!" Xue Pengzhan took over the words: "The Taixu Shenzong masters
swordsmanship, but for many years there has been no magic weapon."
"Brother Xue said very well, if there is a peerless divine sword, the Taixu Shenzong might
even have a chance to join the ranks of the great sects."
"It's just that this is too strong for Junior Sister Qianqiu."
"Yeah, how can there be magic weapons in the secular world? We can only find other ways."
Gong Qianqiu's heart froze when he heard that, wouldn't the divine calamity that he had
stolen from Levi Garrison's base camp just come in handy?
If it is dedicated to the high-level leaders of the Taixu Shenzong, he may really be valued
and rise to the sky.
"Junior Sister Qianqiu doesn't have to worry too much, we will naturally help you think of
other ways when the time comes."
Xue Pengzhan thought that Gong Qianqiu was silent because he was stumped by the
bargaining chip he proposed.
"It's time for you, brothers." Gong Qianqiu hurriedly expressed his thanks, but sneered in his
heart.
After all, Xuan Ming and the arrogance of Taixu Shenzong are still too shallow.
More precisely, they seriously underestimated Gong Qianqiu's ambitions.
At this moment, Gong Qianqiu has already begun to count and follow up many matters.
"Through Xue Pengzhan, I got in touch with the senior leaders of Taixu Shenzong, and even
became the core in one fell swoop."
Gong Qianqiu thought to himself.
Only in this way can we truly gain a firm foothold in the Taixu Shenzong, without having to
look at the faces of other ordinary members.
At that time, the many cultivation resources of the Taixu Shenzong can be used for oneself,
and the cultivation base can be quickly improved before jumping to a larger and higher

platform.
It is best to enter the top sects of Kunlun Xu, and then become a truly terrifying existence
that can call the wind and call the rain.
"Let's talk about the cooperation in front of us first!" Xuan Ming suggested.
Gong Qianqiu nodded and said, "That's right, dealing with Tian Si and Levi Garrison is the
top priority."
"However, my Qianqiu Sect's eyeliner is all over the major sectarian forces, especially the
Zhen Mosi, which has been infiltrated very seriously by me."
"We can keep track of the movements of Tiansi and others at any time."
"As long as the plan is well-planned, even if it may take some effort to exterminate Tiansi
and others, at least the multi-party faction of Zhenmosi will be eliminated soon."
Xuan Ming nodded in satisfaction and said, "It would be best if we could do this."
"It's just that the young master of the Cang Qiong faction is a trouble after all. It is not
difficult to kill him. The key is that the Cang Qiong faction behind him will be very difficult."
Xue Pengzhan said solemnly.
"That's right, although the Taixu Shenzong has crushed the Cang Qiong faction in all
aspects, it is not certain that the sect will give us a few successes."
"If you can come up with enough chips or contributions, you will be able to make the senior
leaders of the sect pay attention."
"If there is any opportunity or bargaining chip to attract the elders or top talents in the sect,
the Cang Qiong faction will not be a problem."
Gong Qianqiu was silent, but he had a deeper understanding of the overall situation of
Xuanming and the others.
After all, these few people are still not high enough in the level of the Taixu Shenzong.
If they really kill the young master of the Cang Qiong faction, they are not sure that the
high-level officials of the Taixu Shenzong will come forward to quell the matter.

But if the core high-level executives of the Taixu Shenzong get involved in this situation,
then the situation will take a turn for the worse, even destroying the entire Sky Sect.
"I hope that Shen Jie can be qualified to attract the attention of the high-level officials of the
Taixu Shenzong!"
Gong Qianqiu prayed silently in his heart.
The cooperation has been initially reached so far.
Gong Qianqiu immediately announced to the public in the name of Qianqiu Sect: officially
formed an alliance with Xuan Ming and the Taixu Shenzong behind him.
As soon as this message came out, all parties shook.
Town Magic Division.
Inside the Chamber.
The expressions of everyone present were solemn, and the core members of the Zhenmo
Division didn't even dare to let out the air.
For a while, needles could be heard in the hall.
Seeing Xie Huanyu's ugly face, Tiansi said solemnly: "Wait, go down first! There is an
important matter in this seat to discuss with the young master."
The members of the Town Magic Division were relieved and quickly exited the discussion
hall.
Although they didn't dare to say anything on the surface, they could clearly feel that
Qianqiu Sect and Xuan Ming had joined forces to put pressure on the mighty young master.
When the idle people waited to go out, Tiansi released his breath and quickly isolated the
discussion hall from the outside world.
"Young Master, what do you think of this matter?" Tian Si asked cautiously.
Xie Huanyu pondered for a long time before slowly saying: "It's a bit difficult to do!"
"Although it sounds a bit humiliating, I have to admit that the strength of the Taixu
Shenzong far exceeds that of the Sky Sect."
"Once the high-level officials of the Taixu Shenzong take action, let alone you, the little
devil-suppressing division, even the Sky Sect will face extinction."

Xie Huanyu was really a little scared.

The Taixu Shenzong is a middle-level sect in Kunlun Xu, and it completely suppresses the
sky sect in all aspects.
"You don't have to worry too much, young master." The elder Xie Yunzong said suddenly.
Xie Huanyu raised his eyebrows and asked, "How do you say this?"
"Young Master, please think about it carefully, the Taixu Shenzong is powerful, but Xuan
Ming is only a low-level person."
"Is the Taixu Shenzong really willing to go to war with the Sky Sect for an unimportant
person?"
"That's right!" Tian Si's eyes lit up.

Regardless of the secular world or Kunlun Xu, the major sects are all helpless.
In particular, Kunlun is even more illusory. After all, it is a world where the strong respect the
weak and prey on the strong.
It is not uncommon for the entire sect to be destroyed in order to cultivate resources.
Although the strength of the Taixu Shenzong crushes the sky sect, but if you really want to
push the latter in a hurry, the Taixu Shenzong will also pay a big price.

And Xuan Ming was only a small trash fish in the secular world after all, and his status within
the Taixu Shenzong was even more pitiful.
If it is unprofitable, Taixu Shenzong should not go to war for such a small soldier.
"The elder's words are reasonable."
Xie Huanyu paused, but suddenly changed the conversation: "But nothing is absolute, what
if they have something that makes Taixu Shenzong attach importance to?"
"Is the young master too unfounded?"
The Great Elder chuckled and said, "A mere sect in the secular world, what treasures can be
worth the attention of the senior officials of the Taixu Shenzong?"

“Could it be that they still have a peerless magic weapon?”
As we all know, the reason why Taixu Shenzong was not able to rank among the great sects
was that it lacked a divine sword.
For the sword sect who majored in kendo, the Divine Sword is even related to the existence
of the lifeline.

“Hahaha, that’s true, I really admire him so much…”
Before Xie Huanyu finished speaking, he found that Tian Si’s face was extremely ugly.
“What’s the matter, is there any problem?” Xie Huanyu asked in confusion.
Tiansi said solemnly: “Young Master, as far as I know, the one who stole Levi Garrison’s
divine calamity is the leader of Qianqiu Sect.”
“God robbery?” Xie Huanyu’s face was also a lot dignified.
Xie Yunzong hurriedly asked, “Is this a magic weapon?”
“It can be understood in this way. It is said that Divine Tribulation itself already has aura, and
the power it carries is even more powerful.”
“When Levi Garrison swept the top forces of the countries, it was only with this magic
weapon that he succeeded.”
Tian Si then told all the information about the divine robbery that Zhen Mo Si got.
Not even some unrealistic rumors have been missed.
“The weapons left by the gods in the world are completely nonsense.” Xie Yunzong said
with a cold snort.
Xie Huanyu said condensedly: “This divine calamity can still exert such power in Levi
Garrison’s hands.”
“What if it falls into the hands of a sword cultivator?”
When everyone heard the words, their mood instantly sank to the bottom.
What Xie Huanyu said was true, in their eyes Levi Garrison was a mortal.
But it is such a mortal who can rely on divine calamity to smash up and down, sweeping
away many forces with few opponents.
If it is replaced by a strong swordsman, the divine robbery will definitely exert dozens of
times or even more terrifying power.

However, the Taixu Shenzong lacked a magic weapon.
If Qianqiu Sect used the divine calamity as a bargaining chip and invited the peak
powerhouses of the Taixu Shenzong to take action, the consequences would be
unimaginable.
"It's impossible to let Qianqiu teach people to release people and come to the door to
apologize."
Tiansi's voice was a bit bitter, but he knew that Xie Huanyu and others were worried.
Although I have a close relationship with them, it is ultimately about the survival of the sect.
No matter how deep the personal relationship is, once the vital interests of the Cang Qiong
faction are involved, Xie Huanyu will choose the latter without hesitation.
"It's more than impossible, our lives are at stake."
Xie Huanyu said with a sigh.
The other members of the Cang Qiong faction were also full of ashes.
the other side.
Everyone in the base camp also got the message.
For a time, people were panicked and the pressure doubled.
"Qianqiu Sect is already strong enough, and if we join forces with Xuan Ming, who can be
the enemy?"
This idea exists deep inside almost everyone.
When Levi Garrison was not in the base camp, a Dugu Xiao turned the place upside down.
What's more, there is an unfathomable female leader.
Now Xuan Ming has returned with several powerful Taixu Shenzongs, joining forces and
being invincible.
"Don't forget that the Demon Suppression Division is not going to deal with us either. It was
just an expedient measure to be sent by the boss (Master) before."
"If Si brings back the Kunlun Xu master today, he will definitely not look down on others,
and there is even a very high possibility that he will come to take revenge."
"The three powerful enemies are targeting at the same time, even the master (the boss) is
hard to resist, right?"

Once the emotion of fear and worry is planted, the speed at which it spreads is extremely
terrifying.
Especially now that Levi Garrison has not appeared in public for a long time, of course, there
are many people who have been inquiring from the front or the side.
But Phoenix and the others were all tight-lipped and evasive.
There hasn't been any positive "official" answer.
