

# Chapter 1131 – 1136 of Punished by His Love Novel

## Chapter 1131

Alyce's cry made Suzi knelt behind him cry.

She comforted her mother behind her: "Mom, don't be too sad. Grandma has been worried about you for the rest of your life. She hopes you will have a better life for the rest of your life. You have to cheer up, mom..."

In Suzi's impression, his mother has always been optimistic.

Suzi knew that this was taught by his grandmother who was sleeping underground, and he could see that grandmother was a magnificent and knowledgeable woman.

The mother also inherited this advantage of grandmother.

When Suzi persuaded her mother, she wiped her tears away.

She looked at Suzi and Arron with satisfaction: "Arron, Suzi, my mother thanks you for coming with me to visit my grandma. Today I can take you to visit my grandma once, and my mother is already very satisfied."

With a sigh, she said: "Mom can't live in your home for a long time. Mom wants to go back to your grandmother's old house for the rest of her life.

Mom... I want to learn from your grandmother and get a little student. , Teach the children to learn piano, even if I find something to do for the rest of my life, do you think it will work?"

When Suzi heard this, his eyes immediately lit up: "Okay mom! I support you!"

If they said to do it, they immediately started to do it.

Zhou Qin's old house was just as Darius said, and he took care of it very well.

And Alyce is not an old-fashioned, old-fashioned, old-fashioned, she does not associate with her own father, but she never rejects her little nephew Darius.

Darius called to her little aunt, and she readily agreed.

After Darius, Suzi and Arron were busy working together, half a month later, Alyce moved to the place where he had lived 30 years ago.

Although the courtyard is old, it is quiet.

Moreover, in the downtown area, it can be regarded as a quiet place.

Because of Darius's year-round care, it can be regarded as antique and very elegant.

Sitting in their own small courtyard, playing the piano left by their mother and the sound of Alyce's piano made Darius and Suzi intoxicated.

It's boy skill after all.

After all, he was admitted to the Conservatory of Music, but dropped out because of lack of money.

Even after thirty years, it is impossible to lay down the foundation.

Alyce accepted four students.

They are all personally selected by her. In her words, they are all those who have wisdom roots, love music, and are down-to-earth.

One more important thing is the children of the poor.

Alyce accepts children without money.

Suzi is also very happy to see that his mother can have her own focus in life.

After the mother was settled, it was already half a month later.

Suzi took a leave of absence for half a month, but because of her great contribution to the company, and because the company is Darius, she did not go to work for half a month, and she was still a company employee.

When he went to work again, Suzi's mood had already changed.

After a busy working all morning, Suzi had time to have a meal with his two girlfriends.

"Tell you, my mother said, I invite you to my mother's house for dinner on the weekend, you all have to go." Suzi said while eating.

"Yeah, the only thing I hear is that the fried chicken cooked by auntie is delicious, and I am going! I emptied my stomach the day before and will eat and drink at that time." Galia nodded excitedly.

Suzi took a bite of rice, took out his mobile phone and dialed: "Call sister Shan, let sister Shan come, let my mother cook a soup for sister Shan to make up, let her conceive a baby earlier."

With that, the phone dialed out.

A voice came from the other end: “The phone you dialed is turned off.”

## Chapter 1132

Suzi was taken aback.

During this period of time, because she was busy with the grievances between herself and the Lin family, and was busy with resettling her mother, she did not even come to class, let alone contact some of her good friends.

At this time, when the phone that dialed Dalia was turned off, Suzi felt a little in his heart.

A bad feeling came to my heart.

She suddenly remembered that half a month ago, on the morning her mother appeared, she had a nightmare.

She dreamed that she had fallen into a cliff. Dalia wanted to reach out and hand her, but he didn't have time to hold her.

At that moment, Suzi in his dream could clearly hear Dalia's stern cry: “Suzi...”

The cry awakened Suzi directly from his dream.

Suzi, who woke up, always felt that something bad would happen, so she immediately took out her mobile phone and called Dalia.

On that end, Dalia also shut down.

Shut down!

That day, Suzi originally wanted to go to Kraigzi's leisure villa to see the situation in person. After all, before that, Dalia, Rayna and Galia went to the hospital to make trouble in order to give her a sigh of foul.

Suzi couldn't go there, so he wanted to take a look at Dalia.

However, too much happened that morning.

First, Arron's father came to make trouble and vomited blood and fainted on the spot.

Then, Mr. Shu, Jarod, and the woman who gave false testimony that Jarod found, and the people who came to escort were blocked at the door of the house.

That day was extremely tragic, and all grievances were resolved.

That day was when Suzi was proud, and it was also when Suzi was reunited with his mother, and then Suzi was always immersed in the reunion with his mother.

Set up a home for the mother.

Busy until Suzi completely forgot Dalia.

Until this time, when I dialed Dalia's mobile phone number, it still turned off.

The bad feeling in Suzi's heart burst out.

She looked pale and looked at her two good girlfriends.

"What's wrong with Suzi?" Galia asked.

Rayna also put down his chopsticks and looked at Suzi, "What happened?"

Suziyou said: “I called Sister Shan half a month ago and she turned off, and now she is still off.”

Galia + Rayna: “...”

After a pause, Galia asked Rayna: “Rayna, she is your in-laws and aunt, you haven’t contacted him for half a month?”

Rayna blushed suddenly: “Well... you know, I’m a little shrew in the market, Sister Shan... No, my aunt is so noble, like a fairy, she is again Lenny’s uncle’s wife, Lenny is very afraid of his uncle, I...I’m afraid...”

Rayna was telling the truth.

She likes Dalia very much.

Speaking softly, very gentle.

Like a big sister.

Like a mother again.

Rayna wanted to snuggle in Dalia’s arms for her to hug her.

However, Rayna also really felt that Dalia was graceful like a sublime fairy. Without Galia and Suzi by his side, Rayna would not dare to approach Dalia.

What’s more, she was afraid of Kraig.

Just as she was afraid of Arron.

Therefore, when Suzi did not take the initiative to contact Dalia, Rayna was afraid to contact Dalia.

She usually watched the chattering, but just chatting in front of Suzi and Galia.

## Chapter 1133

Suzi looked at Galia again, and Galia was embarrassed and said: "Suzi, you know that Rayna and I are the best with you, and treat you as our boss. Sister Shan is your friend, although We also have a good relationship with her, but it's different."

"Furthermore, because last time Rayna and I ran to Sister Shan and went to the hospital with Sister Shan to make trouble with Lanita, we were very tired of Sister Shan, and since then, we dare not take the initiative to contact. Sister Shan."

Rayna also nodded: "Yes, the last time I went to the hospital to make trouble, Sister Shan actually disagreed. It was Galia and I who forced Sister Shan over, and we were..."

Understood!

During the half month of Suzi's busy work, these two goods!

None of them contacted Dalia.

But Suzi didn't blame Rayna and Galia too much.

After all, friends are not in contact for half a month, and it is normal.

"What should I do, Suzi? Or after work, let's go to Kraig's leisure villa to take a look at Sister Shan?" Galia suggested.

Rayna also nodded immediately: "Agree! I agree to see my aunt. If my aunt is sick, let's take care of her together?"

Galia suddenly laughed: "I think, is Sister Shan pregnant? Sister Shan really wants a child...like Mr. Jun's temper, so machismo, if Sister Shan is pregnant If so, Mr. Jun will definitely not let Sister Shan play with her mobile phone, she must have confiscated her mobile phone."

Rayna nodded in surprise: "Wow? I'm going to have a boy?"

"Sister-in-law, can't you? You shrew!"

"I can't say it, you chili!"

Seeing the two people quarreling, Suzi comforted a bit in his heart.

Dalia has always had a desire to have a baby for a while, maybe she was really pregnant, and because she is an elderly woman, Kraig restricts her to use mobile phones?

However, Suzi is still not at ease.

She took out her mobile phone and called her man again.

Arron is also very busy these days.

After the mother-in-law was completely settled, the affairs of the Fu Group Company were piled up like a mountain. Even on Gasing Island for Suzi and Shen's only cousin Joan, he could not spare time to visit the hospital. At a glance.

When he returned to the company to deal with the affairs, Joan had already been discharged from the hospital.

Moreover, there is a cooperation project with the Fu Group.

This cooperation project was originally agreed between Arron and my aunt and uncle. If it hadn't been for a lot of things in Arron's family during this time, their contract would have been signed.

This noon, Arron and Joan had just signed the contract. The executives of the two companies, as well as the little aunt and uncle, were all together and dine together in the VIP room of the Fu Group Company.

"Thank you, cousin, for giving Joan Group such a big cooperation project. We, Joan Group, will be able to stand firm in the next five years." Joan expressed his sincere thanks.

"You kid do it well. If there is something wrong, or if you do not manage your Joan Group twice, I will take it back at any time!" Arron said blankly.

Joan nodded immediately: "Don't worry, cousin!"

After a pause, he plucked up the courage to ask: "Cousin, cousin, she..."

"Very good!" Arron's tone suddenly turned cold.

Joan was so frightened that he didn't dare to ask any more.

In fact, he has no intentions.

He didn't dare to think about Suzi anymore.

He just wanted to ask what happened to Suzi's troubles.

But looking at his cousin's so cold expression, Joan knew that if he asked again, he was going to die.

He obediently shut up.

It is said that since the cousin brought Suzi mother and daughter back, the whole person has changed, become gentle, become no longer bloodthirsty, no longer hostile.

But in his view of Joan, his cousin hasn't changed at all!

At this moment, Arron's cell phone rang.

Arron picked it up and took a look. The originally extremely cold complexion suddenly became extremely gentle like a chameleon: "Suzi, why did you think of calling me? It was only noon and you missed me?"

Joan: "..."

## Chapter 1134

Seeing his cousin's gentle expression and speaking with his cousin in such a gentle tone, Joan's eyes almost fell off.

He was wrong just now.

It now appears that the rumors from outsiders are right.

My cousin has changed a lot now.

He is no longer bloodthirsty, no longer killing people in jokes, no longer cold and cold.

But it seems wrong!

What an outsider said is not quite right!

The cousin has become extremely gentle, but the cousin's gentleness is only in front of the cousin and the little niece!

Outsiders, in front of relatives and cousins like him, the cousin is still the previous cousin.

Nothing has changed!

Moreover, Joan could see that his cousin was demonstrating to him!

In other words, my cousin is jealous!

Joan: "..."

He hadn't eaten yet, but he was pitifully stuffed with dog food, and he was full.

He was so stupid that he watched his cousin talking on the phone with his cousin: "What did you say? Kraig? You know, I've been busy with mom's affairs recently, and I haven't been in contact with him. I went to Lanita last time. The family of the deceased that Yue stabbed to death was handled by Kraig. I haven't thanked him yet. I will call Kraig."

Suzi urged Arron on that end: "Well, you hurry up."

"Good."

After closing the line, Arron stopped paying attention to the executives at the table, his cousin Joan, and his aunt and uncle.

He went straight out and called Kraig.

Kraig on the other end of the phone was also turned off.

What's the situation?

Arron was taken aback.

He then dialed the landline of Kraig Leisure Villa.

The end rang and it was connected immediately.

Arron talked to the person on the other end of the phone at the same time.

“Kraig?” Arron asked.

“Kraig! Where are you?” was an anxious female voice.

“Who are you!” Arron asked in a cold tone.

“Who are you!” Elma asked in an extremely arrogant and annoying tone.

For half a month, Elma was going crazy by Kraig!

She and Kraig hadn't seen each other for so many years and had no contact, but Elma was still very confident, and she was able to grasp Kraig's heart.

She always knew that in Kraig's heart, she was the queen.

She is Kraig's unique wife in this life.

She Elma is a woman who is used to indulgence and savage.

In this world, no one can control her!

Because she has an extremely powerful boyfriend who is comparable to Arron, Kraig.

Elma is a very shrewd woman.

Even if she has been traveling abroad for so many years, but every once in a while, she will make some noise.

Her purpose is actually to know, is Kraig still paying attention to her?

Once in a more famous black bar in Eastern Europe XL, Elma heard about this black and brought a lot of novelties. People who can play in that bar either have a hard backstage.

Either it is the backstage of others.

Elma, a white woman, went to the black bar with her bare hands.

Black, as the name suggests, is not sunny in many places.

Business in the bar is surprisingly good.

However, before entering the bar, you can see it by looking outside, with many heavily armed people guarding it outside.

Those who came to consume either drove tens of millions of luxury cars, or were followed by a group of thrifty beauties.

Anyway, all of them are not easy to mess with.

However, Elma dared to come to such an uncomfortable place alone.

As soon as she approached the bar, she was spotted.

When they came to the door, when they were inspected by those heavily armed, those people whistled in surprise.

They communicated in the local aboriginal language: "Just such a little tender pigeon, can it still come out after entering it?"

# Chapter 1135

Another person smiled hippily: "A ray of soul comes out almost. Anyway, it's impossible to see it with bones and meat."

Elma just didn't understand.

She still went in casually.

It's really smoky inside.

It's bloodier and more flavorful than imagined.

There are also many blacks who are like primitive people who are not civilized.

That is called a black.

They looked at Elma's eyes like a prey they hadn't seen for a long time.

Elma should not be seen.

She drank in it quite casually.

She also drank overlord wine.

The kind that doesn't give money after drinking, even raises the table.

For a time, there were no less than a hundred men of five big and three rough in the whole bar, rushing to surround Elma.

Elma didn't even look at these men.

She only had very contemptuous eyes, and she continued to drink with very calm and leisurely movements.

The drink was staggering.

However, within a few seconds, the entire bar was surrounded by the inner three floors and the outer three floors.

Those people came out from the ground.

Those people were sent by Kraig to protect her Elma.

Elma's heart was extremely proud.

After she was arrogant in this dark bar, she came out from here unscathed, and it was this bar that was damaged.

Because she drank the fine wine from the collection of four to five million people, and didn't give a cent.

Not only that, the bar also nodded and bowed to send her out.

Elma's vanity at the time was called satisfaction.

Not only was she satisfied, she was also determined and determined. Her boyfriend from far away in China, her childhood sweetheart, always cared about her, and she was a baby.

Therefore, no matter where Elma goes, no matter how many years she has not seen Kraig, Kraig still belongs to Elma.

Kraig is the king of Kyoto.

Elma is Kraig's king.

She has always believed in this.

However, for half a month, this belief was broken by Kraig.

Elma is back.

The woman who stayed beside Kraig like a slave girl was also driven away by Kraig without hesitation.

Elma originally thought that she was crazy enough outside, enough fun, and enough to watch men, men of all colors and races, she still thought that Kraig was her ultimate destination, she thought Stay with Kraig honestly, but Kraig doesn't take the initiative anymore!

D\*mn it!

For half a month, she hinted that Kraig had been several times.

But Kraig just doesn't go in that direction!

Elma is really anxious!

Isn't Kraig a man?

How could it be possible!

But Kraig saw Elma, shouldn't it be a wolf like a tiger!

It's been half a month!

Elma couldn't help it, so she got Kraig drunk, and she wanted to do it herself.

However, what made her even more annoyed was that the drunk Kraig shouted: “Ashan...Dalia...I gave you this name, without me. With permission, you can't go anywhere, Ashan...”

Elma slapped Kraig severely on the spot.

Kraig suddenly became sober from his drunkenness.

He didn't say a word, picked up his suit and went out, and drove away into the night.

It was all night and half a day, and his mobile phone was still shutting down.

When Elma was annoyed, Arron called.

Arron's tone was extremely cold: “You are not my sister-in-law Dalia, where is my sister-in-law?”

“She! Dead! It's!” Elma suddenly roared.

## **Chapter 1136**

Arron was startled suddenly.

Intuition told him that if he didn't contact for half a month, there must be a situation with Kraig.

Arron suddenly thought about half a month ago, a woman rushed to the Fu Group very recklessly, saying that she was looking for him.

At that time, Arron didn't even look at the woman, so she was blasted away.

He vaguely remembered that the woman said she was Kraig's woman?

Is it the woman who has dumped Kraig for many years, Elma?

It should be!

Except for that woman who dared to be so presumptuous in front of Kraig, no one dared.

Even Dalia didn't dare.

If this woman comes back, then Dalia should have no status at all with Kraig.

Arron didn't know what it was like.

If you say that before, no one cares about him.

He knew that Kraig had just made do with Dalia, just because his wife in his heart ran outside and wandered around, so in order to solve the problem of the man, he casually found a woman by his side, even if he one day It is quite normal that the woman kicked it off.

That was Arron's previous thoughts.

But this is not the case anymore.

Arron has a wife and a daughter. A lot of things have happened recently.

Including his mother Shanna, who was deceived by his father and aunt back then, how difficult was his mother's situation at the time?

There is also Zhou Qin, Suzi's grandmother.

For the past half month, Arron has been dealing with Zhou Qin and Alyce's affairs.

Let him deeply feel that Zhou Qin and Alyce, they both have similar fate to their mothers.

As women, they are weak, so do they deserve to be bullied?

Maybe it's because Suzi and Lilly both like Dalia very much.

At this moment, when he heard that another woman lived in Kraig's leisure villa, and was still so arrogant, Arron suddenly scolded, "Are you Elma?"

Elma immediately asked: "How do you know? I know, you are Arron! You should call me sister-in-law!"

"Go!" Arron said only one word coldly.

Elma couldn't believe her ears: "You...what did you say?"

This D\*mn Arron!

Has been disrespectful to her twice!

"Pack your things and get out of here as soon as possible! Where did you come from? Where do you go!" Arron said ruthlessly.

"Arron!" Elma suddenly shouted, "What the hell are you! I know you have a good relationship with Kraig! But no matter how good your relationship is, you are only brothers of the opposite s3x. What about me?"

"I'm Kraig's wife! The wife I've identified since I was a child! A childhood sweetheart! I am Kraig's favorite woman in this world!" Elma was crazy.

It's fine if Kraig's phone can't get through.

Now even this Arron bullies her!

When she Elma is dead!

Elma hung up after cursing.

Not only did she hang up, she also tore off the phone line at home.

On the other end, after Arron heard the beep, he couldn't make any more shots.

Just in this gap, Suzi called again.

Suzi's tone was extremely anxious: "Arron, have you contacted Mr. Jun, how is Sister Shan?"

Arron sighed: "Suzi, Kraig, and Dalia, leave your business alone."

"Arron, what happened?" Suzi asked.

Arron said regretfully: "Kraig's house has changed the mistress."

Suzi: "..."

She didn't know what to say for a long time.
