

# Chapter 1181

Sure enough, Christopher respectfully said: "Mrs. Hui, I got up late this morning. In order to save time, I went out for dinner when I got up, and it burned my throat."

Suzi immediately cared about: "Assistant Yan, then you go to the hospital to have a look, don't drive, let Arron drive, you go quickly..."

Arron held Suzi in his arms with a cold face, not allowing her to speak any more.

Christopher: "..."

The car quickly drove into the downstairs of Suzi's company. The car stopped and saw that Lenny and Darius had just parked the car and were about to enter the company.

Darius hasn't come to the company for a while.

Because his grandfather was sick, he accompanied him to take care of him in the hospital for a while.

The family motto of the Shu family is to be filial.

Therefore, Lenny is handling the affairs in these subsidiaries. Until today, it was Friday that Darius came to the company for a cutscene.

Coincidentally, several people met at the door of the company.

It's been a long time since I saw Suzi, and Darius couldn't help being more enthusiastic about Suzi.

"Sister Suzi." Goodbye, she is already a real cousin.

There was an unspeakable mixed feeling in Darius's heart.

From the first time he saw Suzi, he was convinced that Suzi was his cousin, and now, he can finally call his cousin justifiably.

Even though Suzi and the little aunt did not recognize their grandfather.

But in terms of blood relationship, they are relatives.

"Sister, what do you want to eat at noon today, brother buys you to eat."  
Darius's tone is like a little brother loves his little sister, it is rare to not want it.

Suzi: "..."

Her hand and neck are about to be grabbed by Arron, okay?

It doesn't count just holding it, Arron still looked at Darius and Lenny quietly:  
"It seems that your company's business volume hasn't increased much in the past six months?"

Lenny: "Sixth Uncle, that's the case. A Zhen and I didn't think about anything, we just played..."

"Let A Zhen answer!" Arron said coldly like a king.

Darius was unsure, so he looked at Arron: "Four brother...this company doesn't have your shares?"

Arron said nonsensically: "If your company can't double its profitability, and if you two can't concentrate on operating the company, tomorrow I will purchase your company in full and then write it off!"

Say yes, Arron let go of Suzi and turned into the car.

Darius + Lenny: "..."

"No, that fourth uncle, you... why are you unreasonable..." Lenny stammered.

Darius: "Fourth Brother..."

He looked at Christopher, who had not yet gotten into the car: "How can my Brother Arron be like a pissed little boy..."

Christopher gave another 'poof': "No! You are right."

Darius looked at Suzi again: "Sister Suzi, fourth brother, this is..."

Suzi cast a blank look at Arron in the car: "Don't pay attention to him!"

Christopher spoke very quietly to Lenny and Darius: "Wife slave..."

Wife slave!

Understood!

When Christopher's car drove away, Darius understood. He looked at Suzi, "Sister Suzi, the fourth brother is jealous?"

Lenny: "Ha! For the first time, I saw that the dazzling, bloodthirsty Fourth Uncle Fu was jealous, so cute! Contrasting cute."

Suzi: "..."

"Sister Suzi." Darius, who has always been gentle and gentle, is a boy in front of Suzi at this moment.

Xiao Zhengtai is the same.

After all, I have been looking for thirty years.

Thirty years!

His Shu family's relatives were finally found.

Suzi: "Shu... President Shu, don't call me like this, I'm not used to it. You still call me Suzi, right?"

Darius nodded: "Suzi...Suzi, I want to take you to a place, should I go?"

## Chapter 1182

Suzi was startled.

Subconsciously, she felt that Darius might want to take her to see Elder Shu.

She refused Darius neither humble nor arrogant: "Sorry President Shu, if you let me see your grandpa, I..."

Unexpectedly, Darius said very simply: "Never! Don't say that Grandpa hurt you, let alone you, even I hate him to the bone, so I will never force you to let you visit him."

Suzi pursed his lips and smiled: "That's good, thank you, Brother A Zhen."

Darius: "Would you like to call me brother?"

Suzi: "From the beginning, didn't you always treat me as your cousin?"

"Right!" Darius smiled openly.

Suzi asked again: "Where are you taking me?"

"Go, take you there now!" Darius said.

Suzi didn't move: "Is it a...very important thing? I have a pile of work, and you also know that if the work at hand is not done well, it will affect other people in the department."

Darius immediately smiled: "Yes, I have forgotten that my sister Suzi has always been dedicated to her work. It is a blessing for the company to have a staff like you in the company. In this way, we will go again during the lunch break."

Suzi nodded: "Well, good."

If necessary, she took the lead in the company elevator.

She was not very curious about what Darius told her.

The most important thing for her now is to hurry up and work hard.

This time, because of the grievances between him and Mr. Shu, and the time spent searching for Dalia, work was delayed a lot.

Tomorrow is the weekend again, and we must hurry up today.

After entering the working environment, she began to work hard.

The assistant Rayna next to him is also a relief.

Rayna did things more and more dexterously, and absorbed nutrients quickly.

All morning, Rayna could give her anything that Suzi wanted. Not only that, Rayna also drew several sketches that Suzi wanted to draw but had not had time to draw.

Suzi was very satisfied. She looked at Rayna: "Rayna, maybe in a few years, you will also be a very good architect. In fact, there is no other shortcut in this line. Theoretical knowledge is important, but the most important thing is Practice."

Rayna nodded: "Thank you, Suzi. One day I will be able to stand shoulder to shoulder with you."

"I'm waiting!" Suzi looked at Rayna, a worry in his eyes, which disappeared in a flash.

"What's wrong with Suzi?" Rayna saw it.

Suzi: "..."

This morning, her father-in-law called Arron, but she could actually hear it faintly.

But she didn't ask Arron, she didn't want Arron to be embarrassed.

She just feels in her heart that a wealthy family is really a difficult place to blend in.

Even though she and Arron's husband and wife relationship is so harmonious, but her father-in-law still provokes her in every possible way.

However, she is not afraid!

She has her own job, her own pride, and she has done very well in her own field. Who is she afraid of!

Suzi paused, and then gently said to Rayna: "You only have the capital to be proud of if you are a leader in your field. With capital, no one can easily look down on you."

She wants to say, including your in-laws, Jun's.

However, Suzi did not say.

Rayna nodded desperately: "I know Suzi, I understand, Suzi, next time I go to my Aunt Dalia, I will look for it with you. I think one day, we can find Aunt Dalia. "

Suzi nodded: "Okay."

"Eating together at noon?" Rayna asked.

Suzi shook his head: "President Shu is looking for me, I don't know what is going on."

As he was talking, Darius came: "Suzi, go, take you..."

Suzi followed Darius out of the company and got in the car.

It's been ten minutes since the car drove out, and the destination hasn't arrived yet.
