

I' m Sorry My Love Novel Chapter 1480 - 1481

Chapter 1480

Xia Ran came out of the bathroom with tears on her face.

Her eyes were filled with joy: "Husband, husband, I'm pregnant! I'm pregnant! Ahahaha!"

Arron: "..."

He was stunned at the moment.

Suzi raised his arms and clung to his neck and muttered, "Husband, I know why I am so sentimental and why I cry so much. It's because I'm pregnant."

Women's surprises can be exposed and expressed.

The man's surprises are all in his heart.

How upset Arron's heart was, he didn't show it at this moment. He gently said to his wife: "Don't make big moves."

"I know!"

"You can't be picky eaters anymore." Suzi was not picky eaters at first, it was her mouth that was bad for a few days.

"I know!"

"Send the only person to kindergarten, and then go to the hospital for an examination." Arron said again.

"I know!"

The two came out of the bedroom sweetly, and Lilly had just woke up, and she saw the difference between her mother at a glance.

"Suzi children's shoes, you won the lottery?" Shen Only asked.

“Humph! I’m guarding your father’s trillion-dollar wealth, do I still need to win the lottery!” Suzi said proudly.

Shen Only: “Why is that?”

Suzi: “I won’t tell you!”

“Hey...I’m happy for nothing.” Lilly sighed.

“What are you happy about?” Suzi asked.

“I thought my mother had a baby in her belly, so I was so happy? Mom, when next Sunday, can you take me to the mall and buy a Barbie doll that is as tall as mine, I I want to buy it back to be my sister.” Lilly said.

Suzi: “.....”

She smirked at her man.

This news cannot be told to the only friend of Shen, because he has not yet been diagnosed by the hospital.

After eating and sending the only one to the kindergarten, Suzi and Arron went to the obstetrics and gynecology department together. An hour later, Suzi came out of the examination.

There was a gloomy expression on her face.

“What’s the matter?” Arron asked worriedly.

“No husband, let’s go.” Suzi said calmly.

Arron grabbed Suzi, “Tell me, what happened?”

Suzi shook his head: “Let’s go husband, I don’t want to say now.”

“You’re going to die to my death!” The man who had always been calm and calm also stopped talking at this moment, he looked at Suzi anxiously.

Suzi raised his eyebrows, and said listlessly: “Husband, don’t ask me any more, I want to get in the car first.”

Arron: "..."

He paused, and suddenly put Suzi in his arms: "Did something happen?"

"Isn't pregnant, right?"

"It's okay wife, it's okay!"

"It's okay if you are not pregnant. If we make persistent efforts, we will still have it in the future."

"Even if you are not pregnant, it may be my problem. Well, don't be discouraged. Well, we will have children in the future."

The man is not asking her the result.

And it comforts Suzi again and again.

Suzi finally couldn't hold back.

She: "Puff" smiled and handed the test sheet to Arron.

Arron picked up the list and read word by word: "Intrauterine twins..."

"Intrauterine twins?"

"What does twin live births mean?" The man was silly.

"Such a smart person, don't know what twins in the palace mean?"
Suzi looked at Arron mockingly.

Arron shook his head in confusion.

Dignified Nancheng Arron, who would dare to fart loudly in front of him?

But at this moment, the man did not feel that his wife was taunting him.

He is really stupid.

Seeing that the man is pitiful, the woman elbows the man: “It means that in the future, we will have two more men, or two little princesses, or a man and a woman for dinner. “

Chapter 1481

Men are even more confused.

“It means that before in this house, you only had to serve two people, one is Lilly, and the other is me. In the future, you will have to serve four people.”

“Another meaning is that if your baby changes diapers first, baby two may crawl on your arm and bite you!”

Arron: “...”

“Are we going to have two new babies again?” the man asked with his lips.

“Yes!”

Suzi looked at her husband with a smile: “From now on, you have to change my name!”

Arron: “Change, what?”

“Queen!”

“From now on, you will call me the Queen!”

Arron: “Yes, yes, queen, you... please.”

The man who has always been extremely cold in the morning, extremely calm and solemn, and never talked to others, at this moment, respectfully bowed his waist, raised his hand and dragged the woman’s arm: “Please greet the empress, the empress, please be slow. The old slave supports you.”

Arron just left and right people watching her without hesitation, helping Suzi all the way to the parking place.

Until he got into the car, Suzi still didn't know what to do tonight: "You! Be the co-pilot! The queen is happy today! The queen is here to drive!"

Arron didn't move.

Everything else can be left to her.

Let him call the queen, he is also happy.

Only, can't let her drive.

Where are the two children in your belly, don't flash your waist anymore.

"Have you heard!" The queen continued to order.

The man looked up at the woman, and said in a cold tone: "Get me back to the passenger seat!"

Suzi: "....."

"One! Two..."

Suzi obediently ran to the passenger seat to do a good job.

Suddenly.

After doing it for a long time, she was still afraid of him. Why was she pregnant with two children in her belly and her status at home still didn't improve?

It's not enough just to sit down.

The man gave another order: "Bring me the safety and fasten it!"

Suzi: "Well, I know!"

After a pause, she asked cautiously: "Husband, you... do you still let me... work?"

She thought to herself, men must disagree!

Dog man!

The man is very masculine in his bones!

“Go! Why not? Anyway, I take you to and from get off work every day. You can go to work even if you are pregnant for nine months.” The man said as he drove.

Suzi: “.....”

The man secretly glanced at the stupid woman and sneered lightly.

Mock up!

Can't cure you!

He sent Suzi to the company. The man went to the company immediately. Christopher, who was waiting for the man in the parking lot, immediately followed up and asked: “Well, Master, you didn't let me pick you up and your wife today. You go to the hospital for an examination. How is it?”

“From today, your salary will increase by 10,000.”

Christopher: “...”

He followed his father all the way to the company, and when he passed the front desk, President Fu shouted at the front desk girl for an unprecedented time: “Xiao Su, you are very beautiful today.”

Little receptionist: “...” She is stupid, okay!

“In addition, starting today, your salary will increase by two thousand.”

Small front desk: “...”

Passing by the logistics department, Arron saw a few cleaners and bowed to them with a smile: “Thanks for your hard work. Starting today, each of you will have a salary increase of one thousand.”

Cleaner: “...”

Arron almost entered the office humming a song.

Everyone was puzzled behind, they seized Christopher and asked, “Is this the president?”

Christopher was not sure either. He was about to step forward to ask what happened when the president’s cell phone rang.

The moment Arron, who was extremely happy and happy, got on the phone, suddenly frowned, “Kraig! What did you say?”
