#### Chapter 2710

The

self-confidence, the frankness, is no longer the Galia of the year.

This is something that Linda State did not expect anyway.

Therefore, at this moment, his face was only blushing and uncertain.

However, even though Lin Dazhou's face was so ugly, this place had become his death scene in a large society, and he was so embarrassed that he couldn't step down at all, and Galiaye still didn't let him go.

right!

She just subdued Lindazhou in one go.

Make him pay the price he deserves!

This is how you can get justice for yourself.

As Arron said to her.

People, love yourself.

In this world, if you don't love yourself, how can anyone else love you?

"Mr. Lin! You are the most deceiving person I have ever seen in this world, and the person who drinks the most blood.

You used my cheap labor for three years, and you were never treated like that. You have given me justice, and you have not forgotten to make me a stagnant dog to act as a punching bag for other employees of your company.

You are really the most shrewd businessman in the world by doing two birds with one stone.

But I would like to ask Mr. Lin, if your child encounters such a situation at work in the future, if he is not paid correspondingly, and he is also mentally abused, how do you feel

? Don't tell me you don't have kids?

You, are you an exile? Lin Dazhou ,

who was blushing and thick-necked, turned into anger again: "Galia, don't be so rude, you're scolding people in public!" "

" Cursing people, is it reasonable or not? "Galia sneered: "It's been ten years, I already knew that you were in endless PUA at that time, but can I go back to you to settle the account?"

It's been ten years, I haven't had one, have I?

In fact, for the past ten years, I have been very grateful to you. You have taught me a deep lesson, so that I will not dare to lie to others easily in the future.

You gave me the opportunity for three years to learn a full body of clothing expertise.

I am very grateful to you.

I have always thought about it, if one day in the future, if I meet you again, as long as you are willing to give me a good face, I will definitely apologize to you and thank you.

I didn't expect that I would actually meet you ten years later.

But I didn't expect that ten years later, your disgust towards me and your disgust towards me are still undiminished, that you can actually chase down the company I am in and have to put me to death.

Your actions will make everyone present feel that you were so kind to me back then, that you were kind to me and that I would take revenge for my kindness?

But you have admitted it yourself, you hated me too much back then. You knew that I actually did a good job in my business and I brought you profits, but you still treat me like that.

That means I don't owe you anything.

Instead, I played my part.

If that's the case, why are you biting me so hard, and chasing after my Fu Corporation, and killing me alive?

Aren't you even more deceiving?

You have already called the door, you still can't I fight back?

I am a person.

Not the dog you imagined in your mind.

As a human being, of course he has the right to resist. Could it be that I am really waiting for you to kill me? Galia 's

remarks are neither humble nor arrogant, they are well-founded, not only unloving, but impeccable.

Lin Dazhou was sweating all over her face, her face was blood red, and she couldn't speak swear words for a long time, his neck was red and red Coarse, if there was a window at this moment, he would even consider jumping out of the window and dying.

This scene is really

worse than death. What's more, Galia said to Lin Dazhou calmly in the tone of the protagonist of the Fu Group: "Mr. Lin, so many of our senior management and staff are here today to listen to you talking about me. You brought it up on your own initiative, and you have to pay for this morning. "

Lin Dazhou was taken aback for a moment: "Pay the bill?" "

## Chapter 2711

Galia nodded seriously: "Yes, pay the bill."

She looked up and glanced After a week, after counting the number of people, he said again: "There is a high-level person sitting next, and their annual salary is more than 10 million yuan a year.

That is to say, it is 28,000 yuan a day.

Now you have delayed their time for one morning. , each person is 14,000, ten people are 140,000.

Also, the directors of the two companies. The director of the

Fu Group, you know, the annual profit is more than 200,000.

Calculated every day is six . 100,000, 300,000 in a morning. The

two directors add up to a salary of 600,000 in a morning.

Not only that, but also our company's work in the morning. The profit created is not too much, just one A million.

And our little staff.

I am the smallest staff. My monthly salary is 30,000. If it is worth half a day, it will also be

The author in this reception room is the same as me. There are no less than 20 employees in the company. It is also 30,000. So, all together, you will pay us rounded up this morning, 1.8 million! If you do not pay us,

I will sue on behalf of our company. You, take you to court! President Lin, I am serious!" Lin Dazhou: "... " At this moment, he really realized Galia's power. Now Galia is neither brainwashed by him nor afraid of him at all.

Not only that, but Galia was also very revealing of his defenses. In fact, she is very easy to do. She was confident about him. Her eyes were so calm.

So confident. Confident enough, Lin Dazhou unexpectedly saw a beautiful light on Galia. This kind of light not only radiated on Lin Dazhou, but she also radiated on the seniors and colleagues of the Fu Group who were present. Colleagues all gave Galia encouragement, approval and admiration.

Those high-level leaders, except Director Cui, also cast their approval glances at Galia. Even one of the other directors directly stood up to speak.

"Mr. Lin, I don't know who the company is responsible for bidding you to our company, but no matter who is bidding, I won't blame him, because the

person who bids only sees the power of your company and has no chance to inquire. How about your character. But Mr. Lin,

I will tell you solemnly now. Like you, until Galia is a malleable talent, you know that she has created profits for your company. You are still pretending to be confused . , still suppressing her, still mentally abusing her.

You have already constituted an act of mental violence against others! You have exposed your character invisibly. Your character is inferior to Galia . There is indeed something wrong with her. She concealed her education.

When you knew that she concealed her education, you could fire her as soon as possible or even disclose her behavior in front of the whole company. You are understandable. But you chose to keep her.

Since you choose to keep her, you should disregard the past. But what about you? As the leader of a company, you exploit the loopholes and commit mental violence to people. Is three full years not enough?

As a result, it has been ten years since the incident, and you are still stubborn, chasing after our company and taking care of our company's affairs. Excuse me, Mr. Lin, who gave you the right to come to our company to teach our employees a lesson?
