

# Chapter 411

No matter how harsh his Arron is, he can't do anything to destroy the ancestor.

However, they are still necessary in each town.

Sure enough, the four old people in the old house were suppressed.

"She is the only mother after all, tell her to come in." Fu Hengsheng was the first to soften down.

What Qin Wenyu was about to say was blocked by Fu Zhengxiong. Fu Zhengxiong knew his son better than anyone else. Everyone knew his son's cruelty. Since the son decided to marry Suzi, whoever stopped it would be impatient. Up.

They just watched as Arron hugged Suzi and came in with a big look. The last time Suzi came to this hall, he was still like a prisoner.

And this time.

She is the wife of the most powerful man here.

It's the young lady here.

The old man in the seat didn't adapt, nor did Suzi, who was hugged by Arron.

"What did I say?" Suzi asked Arron softly.

"What do you want to say?" Arron asked Suzi.

Suzi: "..."

She didn't know what to say.

She didn't want to talk at all. Fu Hengsheng has repeatedly fatally suppressed, insulted and slandered her, which has long left an indelible shadow on Suzi. Even if the old man is so affectionate to Lilly now, Suzi can't show a smile to Fu Hengsheng.

There are also Qin Wenyu, and Fu Hengsheng. The look they looked at Suzi fully told Suzi that they did not welcome Suzi.

Therefore, Suzi didn't want to say anything.

"You don't need to speak." Arron said.

Suzi: "...". Looking up at Arron, that means, can I not speak?

Arron sneered: "There are so few words and such an axis, you don't even have half of your girl's IQ adaptability. If you don't want to talk, just let it go!"

Suzi: "...". She bit her lip and blushed.

Only if this is a dislike for her.

Because of the girl, she had to be brought to the public.

Sitting opposite Fu Zhengxiong and Qin Wenyu, Suzi really didn't say anything, didn't even look at her parents-in-law, she only regarded herself as a transparent person.

It was Fu Hengsheng above who said: "Since you have entered the door, you must have the minimum rules and etiquette, right?"

Suzi bit his lip.

"You dead old man, you will scare your granddaughter and daughter-in-law like this, what's your name? Suzi, right? Come, come here, let grandma see, grandma, I prepared a gift for you, which was originally reserved for your mother-in-law. Yes, your mother-in-law left early, now grandma will give you a

gift. Come here soon." At this time, the old lady Fu sitting next to Fu Hengsheng looked at Suzi kindly and shouted.

Suzi's eye circles suddenly turned red.

"Call grandma," the old lady said gently.

"Grandma..." Suzi shouted.

## Chapter 412

Suzi is not a born person, in fact, she shines brightly with some sunshine.

It's just that she didn't get much sunshine since she was a child.

"Suzi Suzi, come here, come here." On the main seat, the old lady waved to Suzi and started to open the small mahogany box next to her.

It seems that it is to bring things to Suzi.

Suzi didn't move at first.

She has a good impression of the old lady, but she is also very self-aware, and she will not ask for things she shouldn't.

She is not rare.

However, Arron, who was next to him, went to raise his wrist and grasped Suzi's wrist, and abruptly lifted Suzi up: "Grandma asked you to go, you are not polite at all!"

Suzi: "..."

If you say yes, I don't have to say anything!

This man!

What a mistake!

"Go!" Arron said with a cold face.

Suzi had to go, she even had a little anger, she didn't care, as long as the old lady gave something, she would keep it.

Treat it as your own private property in the future!

Suzi blushed and came to the old lady, and then respectfully shouted:  
"Grandma."

"Hey, this girl is really handsome, she resembles your dead mother in her temperament. Your mother is a strong person. Although she is not the wife my son is married to, she is a self-reliant woman, and she is also talented.

Your mother doesn't spend much time with me, but she knows how to obey me best. "The old lady took a bite and had a mother, but Suzi knew that the old lady was talking about Aunt Shanna. Shanna did have charm, talent, and good character. Whenever he thought of Aunt Shanna who was sleeping underground, Suzi said no in his heart. Out of sadness.

She involuntarily shouted: "Grandma..."

"Eh!" The old lady smiled very mildly, and while smiling, she took Suzi's hand:  
"Come here, grandma will bring you this."

She removed the silk and satin from the opened mahogany box, which contained a pile of yellow bracelets.

"This pair of yellow waxstones have been passed down to the Fu family for generations. Grandma was meant to give it to your mother, but your mother didn't wait. Now grandma brings her to you. May these bracelets keep you safe for your life."

Yellow wax stone?

Suzi didn't know much about jade, but as soon as he heard that it was passed down for several generations, Suzi felt that it was too precious. She shrank her hands back: "Grandma, this gift is too expensive, I can't ask for it."

She pushed back here, but she never saw Qin Wengui and Qin Shuang who was standing behind Qin Wenyu's eyes straightened, and the jealousy in those eyes couldn't be concealed.

"Mom...Suzi doesn't want it, so don't rush to give it to her. After all, she's here for the first time..." Qin Wenyu couldn't stand it anymore, she stopped.

Suzi turned his head and met Qin Wenyu's eyes.

And Qin Shuang's eyes wanted to kill her.

Suzi suddenly changed her mind. She didn't snatch other people's things. The old lady voluntarily asked them to give it to her, and Arron asked her to ask for it.

Thinking of this, Suzi decisively accepted the pair of bracelets.

At least it will be the daughter's only property.

The yellow nephrite, which was worn on Suzi's hand and neck, complemented her white and tender complexion, which immediately set off Suzi's incomparable nobility. It's just that the outfit on her body is really messy and fat, and it doesn't go well with the bracelet.

When he returned to Arron's side wearing the bracelet, Arron was taken aback.

Little women are really extraordinary.

Anything on her body can shine.

He also knew that the pair of yellow wax stones were the heirlooms of the Fu family. He didn't expect that the old lady would pass the pair of yellow stones to Suzi.
