

# Chapter 427

Christopher: "Madam, I..."

After a pause, he simply said bluntly: "Madam, in fact, the fourth master is very serious about you. Don't look at the words he said yesterday. Those are some people who deliberately teased you following your words, the fourth master. Used to indifferent, he ridiculed himself in a cold tone as if it were killing people.

Master went to the old mansion yesterday, not for the little princess, he simply led you to recognize the door. "

Suzi: "..."

She didn't want to distinguish between the true and false in Christopher's words. She had a good impression of Christopher, but she also knew that Christopher was Arron's right-hand man.

She just smiled politely at Suzi: "I see."

There will be no more words.

Suzi is a very calm person. Even if Christopher is prying with pliers when she doesn't want to speak, she can't pry open her mouth.

Seeing that Madam didn't want to talk to himself anymore, Christopher shut up his mouth, he muttered in his heart, Madam is back, how can Master and Master Biao talk so much?

Two men, what are you talking about?

Then, inadvertently took a look in the rearview mirror to see what the lady was doing alone in the back seat? Looking at it this way, she found that the lady was lowering her head, smiling naturally and delicately.

Take a closer look, Madam is playing with a mobile phone.

Actually, Suzi is not playing with a mobile phone. She just watched other people chat in the Shen only kindergarten group.

Since this group is just a group of a few wealthy ladies spontaneously formed, and is not regarded as an official group in the kindergarten, those women are more relaxed when chatting.

Especially when I talked about my own man, I was even more unscrupulous.

Suzi couldn't help laughing when he saw this.

These women looked like noble ladies one by one, and they were very generous, but they were unabashed and very low-level fun when they spoke.

Suzi wanted to laugh again and blushed again.

But it was okay to watch the group amused and it was fun, anyway, she just didn't participate.

Just thinking about not participating, suddenly someone @了沈湘.

Meilin's mother: @沈唯一妈妈, what is your man like?

Suzi: ...

Susan's mother: @沈唯一妈妈, call you Shen only mother, you joined the group on the first day today, and burst a photo of your husband. Anyway, I know that, your husband can really get it.

Ai Jing's mother: Let us all appreciate and appreciate the photos.

Meilin's mother: It's a big picture.

Lilly's mother: Um... I'm sorry, I don't want to talk about this topic, I still have something to do, I'm off.

After speaking, she hurriedly closed WeChat.

After turning off WeChat, Suzi looked out of the car window, feeling a little overwhelmed in his heart.

What exactly are Arron and Joan talking about?

In the cafe, two men are sitting opposite each other.

Joan was sweating like sitting on pins and needles.

Arron was calm and relaxed.

While drinking coffee, he asked Joan: "Aling, I am your cousin. If you can't discuss anything with me, you are looking for your sister-in-law?"

At this moment, Joan also gave up: "Cousin, Suzi did nothing wrong, and she did not hurt you. Could you please let Suzi give birth to a daughter for you? , Don't torture her. She really can't stand the torture and can't play the games between us rich people."

"Do you like her?" Arron asked bluntly.

Joan did not deny: "Yes, I like her, but at that time..."

"You were too stupid at the time! You didn't know to cherish such a good woman, you almost didn't humiliate her, so you regret it now." Arron smiled and said to Joan.

Joan: "Cousin, don't just talk about me, you didn't hurt her lightly!"

"That's why I left her by my side! And you, no chance!" Arron said coldly.

# Chapter 428

Joan stared at Arron blankly: "Cousin, I beg you, you don't like her again, you..."

His words were interrupted by Arron again: "A Ling, my patience is limited. For me, family affection, except for your little aunt, has no place in my heart for your uncle, let alone you.

You'd better remember it to me, don't take the affection between us, and consume my patience for you with me!

Want to compete with me for women!

Then you have to see if your wrist is harder than me! "

As your cousin, I still have to tell you, since you have not cherished, you have lost, then find a way to keep her by your side, since you can't keep her by your side now, and I have .

That can only show that I am more capable of covering the sky than you.

In the future, if you do anything, you must think carefully before doing it!

This is the last chance I can give you! "

Joan: "..."

Watching Arron get up, he arbitrarily adjusted his suit and went out. Joan didn't know the courage of the two. He caught up with Arron and grabbed Arron: "Cousin, listen to me about my cousin.

I know that I am insignificant here, and I also know that my mother doesn't even have half face here with you, and I even know that you might kill me in

the next second. But I've thought about it, I might just slack off other things, get over it, or even play with it.

Only Suzi can't.

Only Suzi.

Cousin, tell me what you want. My life is fine. You kill me and let Suzi go.

Can you cousin? "

Arron you: "... " He really didn't expect Joan to be able to say this to him.

"Want to die so?" Arron asked.

Joan smiled sadly: "My life, as long as I was twenty-four years old, should have been killed by Huo Jianshan. It was Suzi who saved me with her pregnant body. Cousin, as long as You let Suzi go, and I have nothing to say even if you break my body into pieces.

Suzi didn't do anything wrong, she didn't provoke anyone, she gave birth to a child for you, she is so pitiful, why can't you let her go? "

Arron looked at Joan.

After watching it for a while, he suddenly touched Joan's arrow: "A Ling! If you miss it, you miss it. You are no longer qualified to miss her.

I am not qualified!

But, who makes me hotter than you, more powerful than you!

From now on, help your parents take care of the Chu Group. This is what you should do.

If the company has any needs, you can tell me.

I have always been your cousin. "

Joan: "..."

In a daze, Arron had already walked out of the cafe.

Joan had an unspeakable anxiety in his heart. He didn't know what his cousin meant? Do you like Suzi? Is it a possession, or what?

Coming out of the coffee shop and sitting in his car, Joan immediately called the grandfather in the old house.

Grandpa is over a hundred years old this year, but he is still not deaf and eye-catching. It is true that grandpa was well maintained when he was young. At this moment, seeing the phone call from his grandson, Fu Hengsheng was happier than seeing his grandson Arron go home.

"Ling'er, tell me, how is your Grandpa Shu's condition now?" Fu Hengsheng asked.

"Grandpa, my cousin brought...I brought Suzi to the house of Fu, and I met my grandmother and my uncle and aunt?" Joan originally wanted to say Suzi's name, but he kept his eyes on him. , Said Suzi as'that woman'.
