

Chapter 523

But Joan, in six years, Joan has never given her any kindness to Walton!

He is such a man who lingers in women, but he has never touched her. Walton has a finger. Walton thought that Joan might be a beautiful woman. He has experienced all kinds of coquettish styles, so he treated her Walton is not interested.

But that's okay, if you're not interested in her Walton, then you'll be less interested in women outside.

However, when she saw that Joan was so affectionate with Suzi today, Walton was crazy.

She rushed to Suzi, lifted her sharp fingernails, and scratched Suzi's face: "Suzi! You D*mn bad watch! I won't let you break your face today, so I won't be called Walton! You seduce my fiance, I let you seduce! I will strip you naked today!"

Walton has completely ignored her image of a lady.

Her manicured and well-made fingernails were about to cut Suzi's face.

However, Joan lifted his foot faster and kicked Walton out mercilessly.

"Aw..." Walton wailed and was kicked and curled up on the ground.

Joan glared at Walton who was lying on the ground, and said coldly: "Poisonous woman! There are not many changers like you in the world! What qualifications do you have to compare with Suzi!

Walton!

Since you are shameless, then I don't need to save your face.

All of you here put your ears up and listen carefully. My engagement with Walton is fake. Joan is in the middle of my family, but I never thought about marrying Walton!

It was you, Walton, who knelt down and begged me to let me just give you a position and let the outside world know that you are my Joan's wife. We will never get a marriage certificate. We just get what we need!

Obviously, I have signed a contract with you in private.

But you, a woman, want to make things difficult for Suzi here!

Walton, who are you? What qualifications do you have! "

After Joan cursed, there was a burst of groaning inside and outside the hall.

Especially the reporters outside the hall, everyone felt that it was worth coming today. This melon is really one crop after another, it's just a chain. The people in the hall looked at Walton with contempt at this moment.

Walton can't manage that much anymore, she hugged Joan's leg: "Young Master Chu, how am I worse than Suzi!"

Joan sneered disdainfully, "Do you have anything to compare with her? Back then, Suzi was pregnant with a child but raised his hand and blocked me twice! If it weren't for Suzi, I would have been dead! How could you compare with Suzi!

In my heart, Suzi is the only white moonlight in my life!

And you, shit is not!

Get out! "

Joan pulled away his feet in disgust, then hugged Suzi and went out.

Daniel on the side was stunned, but Daniel thought that as long as someone helped Suzi, it would be a good thing, so he didn't say anything.

Another man who knew nothing about life and death suddenly opened his mouth: "Eh..."

This man relied on his backstage to be Siu, thinking that he could be lawless.

But never thought, he just sighed, and then sturdyly took Joan's kick.

Joan kicked the man much harder than Walton.

The man was kicked three or four meters away by Joan, and he was kicked to the door of a dozen or so reporters.

Joan also burst out in his mouth: "Get out!"

The man curled up on the ground for a long time and couldn't react. Before he got up, Joan shouted again: "Throw this dead thing into the river to feed the fish! Cut off his hands and feet before throwing it, I want to let him Everyone will look at the fate of bullying Suzi!"

People present: "..."

Reporter: "..."

Joan said word by word: "Yes! My cousin Arron is the king of Nancheng! But don't forget, Joan is not even afraid of death, I still care about your lives!"

Siu was stunned when he said this.

Intuition told her that today's Hongmen banquet dedicated to Suzi is going to be a bad thing.

Chapter 524

Seeing that Joan was about to take Suzi away, Siu yelled, "Joan! Stop for me!"

Joan looked back at Siu, and sneered: "Siu! Kyoto Jun's family! My cousin Arron has life-long friendship with Jun's family. My cousin's affection for Jun's family is more than that of my grandfather and grandmother. Both my uncles and aunts are dear. Therefore, you initiated the Hongmen Banquet for Suzi today, right!"

Siu sneered: "You know it!"

She looked at the noble ladies around, then looked at Suzi, who was calm and silent all the time, and then said to Joan: "Joan, what kind of virtue are you! You are how we used to play with women? Everyone knows that as for you and Walton, it's a contract, a deal, and what kind of business it is, it has nothing to do with us.

We are not here today to set up a Hongmen Banquet for Suzi, we originally wanted to solve a little problem with Suzi in private.

But we didn't expect you to break in so shamelessly.

Joan, you are telling the people in the world, are all those harassments between you and Suzi true?

Or is it that Suzi originally designed your arrival, otherwise you look at Suzi, how could she be so indifferent? "

After finishing speaking, Siu asked Suzi again: "Suzi, so many men come to cheer you on, you set it up, right?"

Suzi smiled: "What do you mean?"

"Okay! It's so easy to admit!" Siu sneered fiercely, and then looked at all the noble ladies present: "Sisters, you have all seen, this woman has always been so arrogant, and her methods of seduce men have always been It's so shameless, but you saw Walton being kicked down here by her fiance.

It's all because of this shameless b!tch!

This woman is so disgusting and shameless! "

When the ladies here saw that everyone was afraid of Joan's menacing force, when Siu was still able to block Joan from taking Suzi away, these ladies seemed to have a backing. They eagerly surrounded Joan.

These women, when Daniel regarded Suzi as his mentor, they were already madly jealous of Suzi.

They are the noble ladies and famous ladies.

What kind of stuff is Suzi!

A prisoner, a b!tch who lives at the bottom! A woman who was captured by Arron!

But when they were so jealous that they were going crazy, another Joan came.

I haven't seen Joan so domineering and masculine. In the past, Joan was a down-and-out young man in the family.

However, when Joan was protecting Suzi at this time, how many women's hearts were captured by the domineering he leaked from his side?

But Joan came to rescue Suzi, and he was willing to die for Suzi.

"Suzi! What kind of curse did you cast on Joan? Make him remember you like this?" At this time, Ivy, a retired star who has always managed her emotions well, suddenly asked Suzi violently.

Ivy didn't do anything before, Joan put it in her heart, just now Joan's behavior really captured her heart.

Because she liked Joan's domineering, Ivy became more and more jealous of Suzi!

This group of women, when noble ladies were ladies, looked noble and spotless.
