

# Chapter 765

Clock Screen Exhibition: "..."

"Then what kind of dog are you?"

"If it's a husky, you don't look like it, you're much fatter than a husky."

"Is it Teddy? No, you don't look as beautiful as Teddy.

But even if you are like Teddy, you are not the dog I like.

What I like is the very small teacup dog.

Do you know the teacup dog, Uncle Zhong. "

Zhong Mu Exhibition: "I want to have a daughter!"

Lilly: "What?"

"No! I want to give birth to two! I'm afraid that having one will not be able to deal with your daughter!" Zhong Muzhan looked at Arron fiercely.

Arron sneered: "Even if you give birth to three, you may not be able to deal with my daughter."

"You..."

Arron is serious, just not watching the clock show.

The few people nearby wanted to laugh, but they all held back.

"I... I took your daughter away! Raised as my daughter!"

"No, I only want my parents!" Lilly immediately hid in his father's arms.

"Uncle bought you a lot of beautiful clothes."

"No!"

"Buy you a castle!"

"No!"

"Buy you all the toys from all over the world!"

"Uncle laid down a city, gave us the only one, and then named it after the unique name, how about? I guess your father would never be willing to spend so much for you, now, look at how much uncle loves you?" Zhong Muzhan I don't believe it, he can't handle a five-year-old kid?

"Huh! I don't want me, I don't want me! I want my parents, or beg with my parents!" The little girl didn't know that Uncle Zhong was joking with her.

She takes it seriously.

She hugged her father's neck tightly, her other small hand was enough to hold her mother's hand.

This little thing's move made the hearts of the audience uncontrollably touched.

Four brothers of the opposite sex who had shared hardships, they knew Arron best.

It was said that Arron was cold-blooded, his heart was as hard as a rock, and that he had no affection, but at this moment they saw the appearance of a good husband and a good father.

And the armrest Aegean is immersed in it.

And the woman next to him. When I saw her last time, she still had the lonely breath of a giant thousands of miles away. Today, she is still sitting there calmly and naturally, rarely speaking, and inadvertently looking at someone. When the eyes were met, but with a calm smile, there was a kind of aura in Luoluo's generosity.

No wonder Arron chose her.

In a way they are the same people.

They are all cold, but they are also cold and warm, so that the two cold people knit together, and there is no doubt that they collide with different sparks.

People, under normal circumstances, once the wife and children are satisfied in all aspects of life, they will definitely not be so persistent in other aspects.

So at this time, Kraig asked Arron: "Arron, you are living so happy now, do you still need to conquer Gasing Island?"

The reason why the four brothers came here this time was not just to ask Arron's family of three real members.

There is another major event, and that is the matter of Arron's conquering Gasing Island.

The three brothers of the opposite sex are always ready.

After Kraig finished speaking, Jiang Chenhe and Zhong Muzhan also looked at Arron at the same time.

Unexpectedly, Arron said coldly from time to time: "Of course Gong, because my wife's enemy is on that island."

Suzi was also shocked.

She didn't expect that he didn't say it, but she always cared about it in her heart.

He has never forgotten her hatred of the Lin family.

Who said he was ruthless and cold-blooded?

Is her husband the most affectionate man?

At this moment, Suzi looked at Arron's eyes a little more gentle, she looked at her husband like a girl, and sat beside him gently and gracefully.

"I heard that Elder Shu personally sent the Lin family to Gasing Island?" Zhong Muzhan asked Arron in a tone of confirmation.

Arron nodded: "That's right."

"Lao Jun!" Zhong Muzhan looked at Kraig again: "What's the situation! We all know that Elder Shu's sphere of influence is all in Kyoto. Elder Shu's most proud subordinate is your cousin. What is the name of Siu and Jun Liuye's father, Jun Chengyin..."

Kraig casually said: "What are you afraid of him doing?"

"I'm not afraid of him!" Zhong Muzhan said gruffly, "Isn't it afraid that he will make trouble for the old man? Now Mr. Shu has sent his granddaughter's family to the island, and Mr. Shu has paid it back. Capable of watching Old Fu conquer that island? He will definitely stop it."

Kraig smiled coldly: "Then it depends on who has the harder fist between the surnamed Jun and the surnamed Jun!"

Saying words, Kraig looked at Arron again: "Old Fu! What kind of support do you want me to give you? Last time I asked Lenny to give you the confidential

document. The weapons in there are for you. Pick, a mere gentleman Chengyin, I haven't put him in my eyes yet."

Arron raised his hand and patted Kraig: "Thank you, Lao Jun. You don't need to go out, and you don't need to deal with Jun Chengyin. Arron can deal with that island."

An island, she can deal with it alone?

Kraig, Jiang Chenhe, and Zhong Muzhan were all startled.

However, based on the three people's understanding of Arron's past, he said that if one person can solve it, there will certainly not be too many deviations.

At this time, Arron spoke again: "However, your weapons and your lineups, I still have to put them out. They can act as a deterrent, and Kraig, it is best that you can form a shadow with your uncle and become enemies. In this case, the Lin family on the island will feel even more that they have a way to survive."

Kraig smiled: "Old Fu, you are trying to capture the three of the Lin family alive."

"It must be captured alive."

Yu Bing, Arron looked at Suzi: "After the capture is alive, I will hand over the family of three to my wife, and my wife will take care of all three of them."

Suzi looked at Arron gratefully: "Arron...I will live and die with you! No matter whether we succeed or not, we must first save our family of three. Even if they retreat 10,000 steps, they will win the Lin family. , Then even if I bite, I have to bite the Lin family, your wife, me, but a very combative woman."

Not only does she have combat effectiveness, she is also a woman who can calm down in the face of adversity and is unyielding.

She was so firm and tough, envious of the other women present.

In this box, apart from Suzi, Kraig, Zhong Muzhan, and the women next to Jiang Shenhe rarely interrupted.

Although the women around them were all married out of marriage, these women knew that when their men were chatting with these heterosexual brothers, their women had better shut up.

However, Suzi is an exception.

From the perspective of Suzi's mental outlook, they could all see that Suzi had a great say in front of Arron.

"You are so beautiful. It is much more beautiful than when I first saw you." Dalia, a confidante beside Kraig, looked at Suzi with a gentle smile: "You are more confident than when I first saw you, listen. Say you are very successful in the construction industry?"

Dalia's tone was obviously envious of Suzi.

Suzi smiled calmly: "Well, I like this profession very much."

"There are more males and fewer females in architectural design, right?" Dalia asked again.

"In the entire design department, there are more than ten men and only three or four women. Well, the ratio of three quarters to one quarter." Suzi said truthfully.

"It's amazing." Dalia smiled.
