

Chapter 771

For so many years, Darius has always been wishful thinking that Suzi is the granddaughter of the Shu family, but Mr. Shu has persecuted Suzi in many ways.

Not to mention Suzi, even if it is replaced by anyone, it will be very resistant and disgusting.

What's more, Suzi was not a clinging person.

Darius sincerely apologized to Suzi: "I'm sorry..."

Suzi is very generous: "It's okay, it's not your fault, I know you are kind. Leave me alone, how are you and Galia?"

Speaking of Galia, Darius has a smile on his face: "The little girl is very interesting. She has a lively and lovely personality."

"Then treat her well, her cousin is Arron's chief bodyguard and driver. If you dare to treat Galia badly, Galia's cousin can take you away!"

Darius smiled: "I know, I must not defy you, I must treat Galia as a little princess."

Suzi: "It's almost the same!"

After a pause, she looked at Joan again: "Young Master Ling, go back, thank you for worrying about my affairs. My husband can handle this matter. You don't need to intervene in this matter. This will affect your life very much. I wish you a good girlfriend in the future and live a good life."

Joan said lonely, "You are very happy now."

"Of course." Suzi admitted frankly.

"Your mother..." Joan said halfway.

Recently, he and Darius were very close, and Darius and Galia were in love again, so that Joan knew about Suzi's mother indirectly.

Speaking of her mother, Suzi was obviously lost: "She... is unknown."

"I heard that the Lin family once imprisoned her old man?" Joan asked sadly.

Suzi's eyes changed immediately: "Their whole family is abnormal!"

Joan glanced at Suzi with a firm gaze: "Don't worry, their family will definitely get retribution! Go to work quickly."

Suzi felt that there was something in Joan's words, and wanted to ask him something. Joan had already said, "Lao Shu, since I saw Suzi here, I won't go with you. There's still a lot of side affairs, I'm leaving now."

Darius: "Okay."

Suzi: "..."

"Go up Suzi." Darius said gently.

The two of them went up together, and Darius comforted Suzi again. Suzi went back to her office area a little unconscious. She couldn't concentrate on work all afternoon. She always felt that there was something in Joan's words.

After get off work, Suzi could not help taking out his mobile phone and calling Joan: "Joan, I really don't need to worry about my affairs with the Lin family. You must not go to Jiaying Island. You are not familiar with it. , You don't risk a single person to deal with their family of three, understand?"

"Are you worried about me?" Joan asked gently on the other end of the phone.

"Of course!" Suzi said.

"Thank you, thank you Suzi."

"Don't go! You hear?"

"Listen to you, I won't go, Suzi, I have a work fee to calculate, I won't tell you, goodbye."

"Yeah."

After taking the line, Suzi went to pick her up. On the way back, she was still a little faintly disturbed. On the way, she talked to her, but she didn't interact with her daughter much.

When he approached the door of his house, Lilly suddenly shouted: "Mom, there is a pair of eyes looking at us."

Chapter 772

Hearing what the girl said, Suzi braked suddenly, then looked back at the only one: "Where is the baby?"

"Outside the window." Lilly pointed out the car window and said.

Suzi followed Shen's only direction: "Where, Mom didn't see it."

"Mom, you have poor eyesight. You have to cross the road. Behind the tree, you see, there are two black eyes." Lilly still looked into the distance.

She didn't have the slightest sense of fear in that look, because Lilly could feel that look was very gentle.

Under the guidance of her daughter, Suzi really saw those eyes.

Suzi was shocked, his eyes wouldn't turn around.

She only saw a pair of black eyes, those eyes were behind a tree, and those eyes were looking through the branches of the tree.

After looking at each other with that look, Suzi immediately got out of the car and ran to the side of the road with Lilly: "Lilly, hurry up and take a look with your mother over there."

As a result, when she came across the road, she saw nothing.

Those eyes have long gone without a trace.

Suzi was lost and stood still.

"Mom..." Shen Suunuo shouted, "You still have me."

Suzi burst into tears suddenly, she knelt down and hugged Lilly: "Well, mom has one."

The little girl sensibly kissed her mother's forehead: "Mom, don't feel sad anymore."

This kiss is very healing for Suzi.

Not sad!

For her daughter, she has to live happily.

Before Arron got off work when he got home, he saw that Li's wife was about to make the food, so Suzi called Arron. At that end, Arron was holding a close meeting.

He has completed the matters in Suzi's hometown, and now it is time to fully embark on the matters of Adding Star Island. He is in the meeting to deploy matters in this regard.

At this time, seeing Suzi calling, Arron immediately connected.

The twenty or thirty top-secret entourages sitting there immediately knew that Master was answering the phone call from his wife.

Sure enough, his voice was much softer: "Are you home from work?"

At that end, Suzi was also very gentle: "Well, I'm going to eat soon, when will you get off work."

"Don't wait for me, I will be back late." Arron said.

Suzi: "Are you in your office now?"

Arron: "..."

He nodded: "Yeah."

When he heard that he was in the office, Suzi asked again: "It must be because you went back to my hometown with me two days ago. You delayed your work. Are you making up for it at this time?"

Arron's voice became more gentle: "You are so smart."

"Hehe, who am I! Okay, your wife, your lifelong leader!" Suzi said playfully.

"Yeah! You are actually my lifelong leader." Arron was very serious.

There was no surprise on the faces of all the trusted followers who were sitting. They were all used to the routine of the Fourth Master doting on his wives.

At that end, Suzi really thought that Arron was in the office alone, and her words became sweeter: "Husband, you work hard, but don't be too tired."

"Thank you for your leadership."

"You... don't get me wrong, my husband, I told you not to be too tired for your own sake, but for my own sake. If you are too tired, then you still have time to serve my life-long leader when you come back. Right, husband?" Suzi is more and more open, more and more playful

In fact, she is because there is a kind of loneliness in her heart.

With those eyes, they were already looking at each other, but she ran over but saw nothing. Suzi couldn't dispel the disappointment and loneliness in his heart, and the anxiety of not being able to find his mother.
