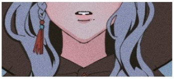
Q: what is the meaning behind Venge's tassel? Is it a sort of identifier since the rest of her village had one as well?

Dec 16, 2021 | Report

Replies 1

yea. It's kinda like their trademark.
They have hair things and earrings etc.



Venge's hair thing has magic
implemented in it as well.
it doesn't allow the hair which
is held, to grow any further.
