

# Chapter 901

But when I saw him today, the driver really believed those rumors.

Especially the three of Jarod, Lanita and Moira who fled to Gasing Island. Everyone said that the young president's wife was a vixen. As soon as she came to Master, she took away Master's soul, saying that she was originally Master's genuine fiancée.

As a result, the fiancé was snatched away by this vixen.

Whenever they heard Lin Lanitazi say such things on different occasions, their subordinates stationed in Jiaying Island couldn't help but want to laugh.

Their children are already five or six years old, and you are just a fiancée!

Why did you become your fiancé?

However, on this Jiaying Island, no one went to talk to Lanita's family of three.

Who made a family of three come to this land and be treated with hospitality from the monarch's mansion?

That Lanita!

No matter how you look at it, it's not as good-looking as his wife, so Fu Siye has a husband and wife.

"That, Master..." In order to relieve his embarrassment of looking at the rearview mirror many times, the driver who drove took the initiative to report: "Now Jarod and Lanita's family have lived in the western courtyard of the monarch's mansion, listen. Recently, Lord Pan Haojing is planning to match Lanita and his fourth brother Pan Haoyang. Lord Pan said this is a strong alliance."

"Heh!" The co-driver's Christopher laughed loudly.

Arron remained calm.

The driver continued: "However, it's not bad to just let them think that. Our purpose here is not to fight with them. We finish our own affairs and then sell the weapons here. Buy a good price. This is the best!"

Hearing them talk about these things, Suzi couldn't understand either.

These are all major events, and she doesn't need her to understand them thoroughly. She only rested her head on Arron's shoulders and looked at her daughter.

Following the girl's eyes, Suzi can also see the scenery outside.

The scenery here is indeed good. No wonder Pan Haoyang told her at the time: "The city scenery of Gasing Island is very good. If she follows him to Gasing Island, I guarantee she likes it very much."

Now that she is here, she really likes it here.

Everyone is drunk.

As a result, Suzi didn't want to worry about what the driver talked about with Arron and Christopher.

Anyway, she knew that the general idea was that she must first enter the monarch's mansion, then look for the secrets of the Xia family, and then take away the things hidden here.

As for the safety issue, she doesn't have to worry at all.

Suzi didn't pay attention to when the car stopped.

The car stopped in a very lively place, and the driver said to Arron as he got off the car: "Siye, this is one of the best hotels in Gasing Island, because considering that the little princess may like lively places, we I chose this place. Come in and take a look. If you, your wife and the little princess are not satisfied, we will change to another place."

Arron nodded: "This is a good place, a lively place is good, the so-called big hidden in the city, this is the truth, just here, don't change places."

When speaking of words, he crossed Suzi and Shen Only, raised his arm to open the door.

Here Christopher had gotten out of the car. He planned to take the little princess down first, and wanted to let Suzi and Arron get down. However, before Christopher bends and frightened, Lilly suddenly ran away.

Not far in front of Lilly, there was a vendor selling toys, with a lot of Monkey King's mask heads and very realistic feathers tied to the vendor.

"Wow. Look, mom! Look, mom, I want to buy one!" Lilly hugged his hug bear, running fast with his short legs.

"The only one! Stop!" Suzi chased after him.

Christopher also caught up.

Just here, a car suddenly stopped next to Lilly's. When the man got out of the car, he bent over and hugged Lilly's car tightly.

Lilly was surprised: "Mom..."

Suzi was stunned. Without even thinking about it, he rushed towards the door and hugged Lilly who was hugged into the car: "The only one, don't be afraid of baby, don't be afraid, mom is here, mom is here!"

Yubi turned around again, and the car door was closed.

Suzi: "..."

She glanced around.

Sitting next to her and Lilly was a man wearing sunglasses. The man had a faint fragrance, which smelled pretty good.

"You...what are you doing?" Suzi's entire heart jumped into her throat in fright. She tightly hugged Shen Zuo in her arms, her eyes glaring at the man wearing sunglasses.

The man said nothing.

Don't look at men either.

Lilly, who was shrunk in her mother's arms, resisted fear and crying. She glared at the man with sunglasses in front of her, pouting and shouting: "You ba5tard! Quickly let me and my mother go, or I want you to look good!"

The man snorted coldly: "Heh!"

His voice was not loud, it just got stuck in his throat.

But such a voice immediately made Suzi suspect something, she yelled out in an unbelievable way: "You are Pan...Pan Haoyang?"

Pan Haoyang froze for a moment, then took off his eyes and looked at Suzi with a gentle expression: "Suzi, you are finally here."

Suzi: "..."

She was so shocked that she couldn't speak for a long time.

She doesn't know who to blame?

Based on what she knows about Arron, Arron has never been a boastful man. He said that there is no danger here, and it should be because her husband had already set up this place.

But what is the situation now?

How come they were caught by Pan Haoyang just as soon as they got out of the car?

Is there a ghost?

At this moment, Suzi couldn't help but worry about Arron's safety.

Pan Haoyang sighed, "Actually...I didn't expect it."

Suzi: "What!"

"I just want to relax!" Pan Haoyang's tone had an unconcealable disgusting tone: "If I don't come out and breathe, I will have a murderous heart! I let the driver pull me around, and my driver will just Pulling me here, my car has been parked here for a while."

Suzi: "..."

"But, in any case, I didn't think that when I was bored, a little bit came across from the other side. Suzi! We are really fate, do you know how much I like her when I first saw this little bit? It's full of your shadow, I recognized it all at once, this must be your daughter.

Sure enough, you caught up afterwards! "

The curious Lilly interjected: "Who! Who do you think is the little one!"

Of course it's you, baby, tell uncle, are you as tall as a meter now? "Pan Haoyang really likes this little dumpling in front of him.

Perhaps this is because of the relationship between Aiwu and Wu.

Or maybe, Pan Haoyang is also in his early thirties, but he is still alone now?

In short, the first time he saw this little dumpling that hugged and hugged a bear, he looked so fierce and dressed in a western style that he liked it very much.

It is Suzi's child anyway!

He will keep her as a little princess from now on.

When he saw Lilly at that time, Pan Haoyang immediately ordered his subordinates: "Snatch the child!"

Pan Haoyang really didn't know that Arron had invaded Jiagasing Island, and he unscrupulously brought his wife and daughter with him!

Speaking of the Battle of Gasing Island, Arron was indeed ferocious! Then his Pan Brothers are not kind!

Besides, Pan Haoyang has been thinking about Suzi every day recently, thinking about it day and night, and now Suzi has come to him with the child.
