

Chapter 917

Lilly went on to say: "Bad, I like this name so bad, can I call my stupid bear also bad? You two call the same name, okay, badass?"

Pan Haoyang: "..."

He has the feeling of being caught in a trap, being led into a ditch, and being thrown into a trap.

"That..." Pan Haoyang stammered and asked Lilly: "Little...little princess..."

"Call me little beauty!" Lilly said in a condescending tone: "Your family has a little princess, that is Pan Mingsai, she is so ugly, when you call the little princess, I will think of Pan Mingsai. Such an ugly girl, so I don't want to be called a little princess, you just call me a little beauty, a badass."

"That...little beauty, your...uncle... has the same name... as a big stupid bear, look... .. Your big stupid bear is so ugly, and there are two fewer eyeballs. You make your uncle so handsome and have the same name as the big stupid bear without eyeballs. This is also..."

"Huh!" Lilly suddenly cried again: "This is my favorite big stupid bear. I hold my big stupid bear wherever I go. You are not allowed to say that my big stupid bear is ugly! Don't say it!"

Yubi, Lilly had already got off his seat, ran in front of Pan Haoyang, grabbed Pan Haoyang's nose, and twisted it over.

"The only one!" Suzi scolded.

The waiter next to him looked stupid.

From afar, two waiters looked here inadvertently. They were fully prepared. As long as Pan Haoyang dared to attack the little princess, they would immediately kill Pan Haoyang.

However, no one expected that Pan Haoyang leaned down and wiped the tears for the little girl very gently: "Okay, okay, okay? Look at you, stepped on uncle's leather shoes and screwed uncle's nose, he also named his uncle Bad A55. Uncle didn't cry. You can't cry anymore."

"I like the name badass, and I also like my big stupid bear!" Lilly didn't cry anymore, she just pouted and looked at Pan Haoyang with disgust.

"Then do you mean that you also like uncle very much?" Pan Haoyang asked kindly.

Shen Only: "..."

She blinked, her expression suddenly designed into a trap.

"If you don't speak, if you don't speak, it means that you like uncle by default." Pan Haoyang made a round for himself.

"I still want to call you a badass!"

"No problem!"

"Hehe..." Lilly smiled suddenly like a sunflower.

Pan Haoyang: "..."

He was cutting the pie for Shen Soong, and the pie was cut in half. The more he thought about it, the more something went wrong, and he suddenly discovered that it was him who was caught in the real routine and trapped.

Why did he agree very happily, calling himself: badass?

Looking up, he clearly saw Shen Only's sly pair of small eyes, and smiled triumphantly.

Hey!

This little thing!

Pan Haoyang was angry and funny.

However, the mood is inexplicably comfortable.

He felt that he was lurking in Nancheng to check on Arron's situation a few days ago. He was not wrong at all. Although he was smashed by Arron within a generation, he also knew the woman he wanted to marry most in his life.

Moreover, this woman brought him a ready-made child who could make him a father immediately.

Really earned!

Pan Haoyang cut a small piece of cake, the fork poked a small piece, and the taste sank in his mouth.

"Is it delicious, baby, tell Uncle?" Pan Haoyang looked at Lilly expectantly.

Lilly's expression was extremely enjoyable. She swallowed the cake, closed her eyes and enjoyed it. Then she said, "It's delicious...it's so delicious, thank you badass."

"Well, I'm taking a bite. I can feed you whatever bad guys I want. From now on, I will take our only friend...little beauty here to eat delicious food."

"Thank you badass."

In the effort of a meal, Shen Only had already reached a point with Pan Haoyang.

Moreover, it was the result of Pan Haoyang's hard work, not Shen's only initiative.

Suzi was really convinced by seeing his daughters know how to act in such a way.

This is the drama!

She really wanted to tell Arron at this moment: "Your daughter is such a genius!"

However, Suzi didn't know where his husband was. Maybe, he was looking at her somewhere.

Except for the door of Jiaxingdao International Hotel, Suzi looked around in private.

Suddenly, she saw not far away, looking at her with straight eyes.

Chapter 918

Suzi couldn't be more familiar with those eyes, they were those of Joan.

Opposite the Jiaxingdao International Hotel, there was a stall, and Joan was sitting at the back of the stall.

Obviously, he is the stall owner.

Suzi: "..."

At this moment, she has a mixed feeling.

The dignified young son of the Chu family, few presidents, and one of the top figures in Nancheng, even if the Chu family has fallen and gone downhill, the title of the only grandson of the Fu family on Joan's head is enough for Joan

became one of the best sons in Nancheng, and no matter where he went, Cheng Joan was always nodding and bowing his waist.

But now, on Jiaxing Island, Joan is actually setting up a street stall.

Set up a street stall!

Suzi's heart was mixed, and his eyes were red.

She basically didn't cry much about her own affairs, but if a person sacrifices for herself without giving up her life, Suzi's letter will be very soft in an instant.

Very soft.

When she opened her mouth and wanted to call Joan, Joan turned around, cleaned up her stall, and left.

Suzi: "..."

She knew that Joan had left to protect her.

Suzi also immediately recovered her calm, she steadily got into Pan Haoyang's car, and then returned to the monarch's mansion.

Back here again, Suzi and the only two are no longer as fearful and defensive as they were a few hours ago.

The only little friend of Shen holding a stupid bear ran around as soon as he entered the east courtyard, and Suzi followed Pan Haoyang into the large living room.

"You just sit down, and at night, I will ask the servant to clean up the room for you and the only one." Pan Haoyang said.

Suzi nodded: "Okay."

"Aren't you afraid?" Pan Haoyang asked again.

Suzi shook his head: "I'm less and less afraid, because I think...you don't seem to be that bad either, but it's not fierce and evil, and you're too powerful when you live."

Pan Haoyang looked at Suzi calmly.

Suzi raised his eyebrows: "Why, did I make a mistake?"

Pan Haoyang did not answer.

He just sat on the sofa, Suzi, one south and one north, side by side. The two are far apart.

Pan Haoyang took out a cigar and smoked quietly.

Suzi was taken aback.

For some reason, she felt that Pan Haoyang looked like Arron for a moment.

It's not a long look, but it looks like a god.

Is it because Arron also likes to smoke cigars? Is the posture of two people smoking cigars like?

Suzi couldn't tell.

At this moment, Shen Only, who was holding the big stupid bear, ran in from the yard. She leaned against her mother and looked at Pan Haoyang.

"Bad..." Lilly shouted.

Pan Haoyang raised his eyebrows and looked at the only one.

"Can you let me ride a big horse?" Lilly felt that the yard was really big, almost as big as the yard of the grandfather's house, but every time she went to the grandfather's house, she always accompanied the grandfather and grandmother. There was also grandpa talking. Shen's only child wanted to ride a horse in a particularly big and empty yard.

Hearing what his daughter said, Suzi was startled.

This time, she was really scolding her daughter: "Lilly! You are too much! You can't play horse riding! Uncle won't agree!"

However, as soon as she finished speaking, Pan Haoyang said, "Okay! Wait until your uncle finishes smoking this cigar, then change into loose clothes, and then make you a small whip so that you can ride a horse in the yard. Up."

"Really?" Shen Only looked at Pan Haoyang in surprise.
