

# Chapter 961

"What? You are... a descendant of the Xia family?" Elder Shu looked at Shanna incredulously: "Child...your father is Xia Jingzhong, the owner of Xia Lao Island?"

Shanna looked at Mr. Shu: "You should know my dad. My dad is the former owner of this island."

Elder Shu: "..."

He didn't know Xia Jingzhong because Xia Jingzhong was the owner of Gasing Island.

After all, he also just came to Gasing Island.

The reason why Elder Shu knows Xia Jingzhong is because in the early years, when Elder Shu was only a teenager, he had gone to the best military academy abroad. In that place, Elder Shu had received Xia Jingzhong's support.

Although the money is very small, it is only a hundred yuan.

However, if you receive the favor of some water, you will be rewarded by the spring.

Elder Shu said to Shanna with heartache immediately: "Niece of the world! Don't worry, this is on your uncle! Uncle hit until the young man divorced his original partner, and then told you that the match is marrying... no, What did you just say that your wife is called, Fu Zhengxiong?"

Shanna nodded: "Yes, you should know Zhengxiong too. He... is the richest man on this island and the richest man in Nancheng."

After a pause, Shanna looked at Elder Shu again: "Uncle, are you embarrassed? I know, anyone who hears the name Fu Zhengxiong will definitely be embarrassed, I...nothing, I know Yes, I'm leaving uncle..."

Elder Shu: "..."

He is embarrassed.

He was embarrassed not because Fu Zhengxiong was the richest man in Gasing Island and the richest man in Nancheng, but because he was embarrassed by the relationship between him and the Fu family for generations. At the wedding of Fu Zhengxiong and Qin Wenyu, he was the witness and the master of the marriage. He not only He has been with the Fu family for generations, and he has been with the Qin family for generations.

How could he destroy his nephew's marriage.

Suddenly, Mr. Shu was extremely embarrassed.

"Girl..." Elder Shu called to Shanna.

I really think this girl is pitiful. Her parents are gone, and now she has a big belly. Where does this make her go from now on?

Shanna turned her head and gave Old Man Shu a miserable smile: "Uncle, I know you are embarrassed because no one can resist the forces of the Fu family. I...Thank you for your concern for me. I'm leaving. "

"Come back!" Elder Shu said.

Shanna: "..."

"I can't do much, but I can keep your life!" Old Man Shu said.

Shanna shook his head: "No, if my child doesn't have one, I won't live alone."

"You live with your uncle first. Uncle will ask about the situation and see if there is any room for maneuver. As long as you live with me, Qin Wenyu dare not do anything to you. I am still in their hearts. There is a certain degree of prestige. You believe uncle, uncle will find a way for you, okay?" Old man Shu advised Shanna.

Shanna heard tears in her eyes, and she bowed deeply to the old man Shu: "Uncle, what is the result of not daring you to bring it back, Xiaomin thank you very much, you will be my benefactor for the rest of my life."

"Hey..."

With a sigh, Elder Shu went to the residences of Fu Zhengxiong and Qin Wenyu with a dilemma and an extremely heavy heart.

## Chapter 962

Seeing Fu Zhengxiong and his wife, Mr. Shu said very difficultly about the future.

Before he finished his words, he saw Qin Wenyu cry and turned into tears.

Not only that, Qin Wenyu also knelt on the spot in front of Mr. Shu: "Uncle Shu, you...you watched me grow up since childhood, you also watched Zhengxiong grow up, you know, Zhengxiong and I were childhood sweethearts, we went to university together, we went to study abroad together, we worked hard together at the Fu Group, we already have three sons, and I have a good family, can't it just be ruined?"

Seeing Qin Wenyu cry like this, in fact, Elder Shu was very angry at the time.

He angrily asked: "Since you know the importance of your family, why do you plan to find a junior for Zhengxiong?"

After speaking, Elder Shu coughed himself first.

What he questioned was unassuming.

Don't talk about others, even himself, he also has a wife, and then there is an outside room outside.

Therefore, when he said this, he regretted it.

Sure enough, Qin Wenyu immediately asked, "Uncle Shu, for your niece to be bold enough to say, didn't you find an outer room outside yourself? You will divorce your main room, and then marry your outer room into the house. Right?"

Of course not!

Elder Shu never thought of marrying his woman who was raised outside.

Not only did he never think about marrying that woman home, he even took a few more glances at the children born to that woman.

In the eyes of Mr. Shu, since ancient times, women outside have only been able to play, they can only be playthings, and can't be taken seriously.

Because there are not many decent women in those outside rooms.

As for the little concubine, she was about to die before telling him that their daughter was born in the main room and she stole it to raise her.

Talk about it!

How vicious is such a concubine?

This is how Elder Shu has a small understanding of everything.

However, even so, Elder Shu still did not forget to say a fair word for Shanna: "Wen Yu, it's not Uncle Shu that said you, when you were looking for a woman in Jiaying Island for Zhengxiong, but your idea was to hold him. The reason

why Zhengxiong can really stand on the island of Jiaxing Island, and specially found him the orphan of the old island owner of Jiaxing Island. As a result, the little girl is pregnant now, but you have to let it go cruelly? , How unfair?”

When Mr. Shu said this, Qin Wenyu was even more righteous.

“Uncle Shu, what do you tell me? Since ancient times, if you want to make a big thing, which one is not bleeding and crying? The emperor in ancient times, in order to keep his mountains and rivers, in order to reduce military conflicts, in order not to cause war to the people As a result, they will not only send their biological daughters thousands of miles away to be married, some of them even send their old concubines to be married.

Do you think that emperor like that feels better?

Isn't that a bloody pain? ”

Qin Wenyu's remarks really meant Elder Shu, speechless.

Qin Wenyu continued to say sadly: “Uncle Shu, the Fu family wants to expand, and there are several companies in Nancheng that need to fill up the big holes. If we can live on the rich but underdeveloped land of Gasing Island, Make a lot of money, and then take the money back to make up for the deficits of the Fu Group in the past few years, then Fu will be rescued, and Nancheng's economy will not fall, so that many people can be saved from unemployment. .

But if Gasing Island fails here...”

Qin Wenyu was only half talking.

However, Mr. Shu already knew the importance of it.

Qin Wenyu continued to say: “For the Fu Group, so that so many employees of the Fu Group will not lose their jobs, I must let my husband take root in Gasing Island, the most able to take root in Gasing Island. The quick way is to

have feelings with the daughter of the former island owner. When I pushed my own husband to that woman, I was already in pain.

Am I going to really hand over my husband?
