Chapter 38 Sealing a deal

THE ALPHA'S SOULMATE

PART THREE

(A Deal With An Alpha)

EPISODE THIRTY EIGHT

THEME: Sealing the deal

DARK WOOD PACK

ONE WEEK LATER

(Avery's Point Of View)

I don't want to push the alpha away because I am scared of loosing the man who has saved my life. "I understand. But sniffing your arousal is making it difficult for me too." Alpha Riley growled.

The sound of his growling suddenly enticed my wolf as she sniffed his arousal too. My wolf wanted this man. I reopened my eyes to look at him. "I can..smell you arousal." I said.

Alpha Riley's eyes darkened with lust. "You are in heat. I'll give you a hand that will last you for a while. I don't want you to pass out on me." He moved closer and stepped into the tub.

Alpha Riley turned on the shower again and I couldn't say no again to his offer to help relief me. Water poured out on our bodies aggressively. He trailed his fingers on my face as his lips parted with a heavy breathe. His eyes bored into my soul as if casting a spell on me. His sweet scent mixed with my arousal that had me on the edge. And while he hesitated on doing whatever was on his mind, I placed my hand on the solid walls of his chest and leaned up to press my lips on his mouth. He probably didn't expect it because it took him a while to regain from the shock before he opened up to me. My fingers locked in his hair as we shared a passionate and rough kiss.

I broke off the kiss abruptly and looked into his eyes. "I..I..I..." I paused and swallowed hard.

His clothes were so wet and it clung on to his body revealing his perfect physique "I know you don't want this to happen. But the heat period is

inevitable." Alpha Riley finger flicked over my lower lip.

A tear slipped down my right cheek. "I'll do it." I said.

"What?" He asked.

"Having your pup. I'll do it." I answered.

Alpha Riley stepped back a bit to study my expression. "This is out of desperation to be relieved from your heat right?" He whispered.

"No..no..no..you saved my life. You gave me a name. So having your pup is the best I could do to repay you. I want to do it." I replied.

"Edda.." Alpha Riley touched my jaw. "Are you sure?" He asked.

I nodded my head in response. Then his lips came down on mine aggressively. I moaned softly as he kissed me roughly down to the wet skin on my neck. His mouth found my breasts, he sucked on my nipples before kissing my mouth again. I reached for the zip of his jeans but fumbled with it.

Alpha Riley withdrew backward, removed his top, his jeans and his shaft sprung free as he pulled off his boxer. "Edda..do you really want to do this?" He placed his forehead on mine.

"You have no idea how much I want to do this with you." I replied. I wanted him so badly.

He grabbed my waist, lifted me until my legs were wrapped around him. "I sniffed your arousal from the living room, came in only to hear you moaning my name." He chuckled. The first he has ever done.

"It's crazy right?" I giggled.

"Of course..but I'm glad it's my name." Alpha Riley slammed his lips on mine before I could say another word. "Have you done this before?" He asked amidst kisses.

"I can't remember." I replied.

"We should find out." Alpha Riley slid his cock into me. "So tight." It took a while for him to push his length into me. "Not a first though." He whispered.

I didn't feel any sort of pain as he made the first thrust into me. I didn't even want my mind to drift back to who might have probably been my first.

Alpha Riley pinned me against the wall, grabbed my hands and pinned them over my head. He thrusted into me against the wall as water sputtered down on us. Our lips locked again, our tongue mingled as he rocked me harder and deeper. Alpha Riley let out a grunt as he quickened his pace. I moaned softly in his ears as our arousal filled the air. He growled against my skin as he bit several spot on my skin.
After some minutes of thrusting, sucking biting I felt my eyes roll back to my head as I reached the edge again.
"Oh my..." I choke on my words as orgasm rippled through my whole body. He stopped to hold my shaking body in place as my wetness coated his erected cock. One last thrust into me and he came inside me too.
"This is..fucking good." Alpha Riley whispered into my ears.
"Thank you." I said.
Alpha Riley looked into my eyes. "I should be the one thanking you for agreeing to have my pup." He kissed my forehead. There was no feeling of regrets like I had expected. My wolf was so excited that we had done it. And the heat was all gone after getting satisfied by this alpha.
"Are you okay?" Alpha Riley asked. I nodded. "Do you think that you can stand on your own?" He asked again.
"Yes I am fine. I can stand on my own." I answered.
The contact was gone when alpha Riley pulled out his shaft from my core. A smile and smug look played on his face as I leaned on the wall for support. My legs were still wobbly a bit.
"It looks good on you." I commented.
"What?" He asked with a raised eyebrows as the smile faded.
"The smile. You should do it more often." I responded. Alpha Riley didn't say anything. My eyes did a slow crawl down his chest and it caught something. A tattoo was sitting at the left side down his belly.
"Leah?" My eyes was sharp enough to read it even though it was tiny.
"Yeah Leah, my mate's name. I did it few days after I found her. Now I can't take it off..forever." Alpha Riley said as he reached for the bathing

whatever question I might want to ask him.
He must have loved his mate so much to even have her name tattooed on his body. And the truth remains that she would forever be in his heart. There would never be a chance for another she wolf in his heart. He doesn't want a second chance mate and it must be because the first had broken his heart so badly.
Imagine staying twenty years without your mate by your side. Alpha Riley must have had other she wolves to satisfy himself but it would never go beyond the stage of having a good time together. I thought as his hands washed my body. And his touch ignited deep feelings in my soul. I shouldn't lose focus and get carried away. Sealing the deal to have his pup is the only chance I have to still be with him. Once all this is over, I will be gone in a far away land.
