The City 231

Chapter 231: Su Changfeng Who Lives Off a Woman Su Changfeng knew Tang Xiangdong was mocking him, but such words had no effect on him, so he said, “If you looked like me, maybe a rich lady would fancy you, but unfortunately, looks are innate, and you’ll never catch up.”

Tang Xiangdong was so infuriated by Su Changfeng’s words that his hands were trembling; Su Changfeng was clearly speaking metaphorically to insult him.

“Su Changfeng, how shameless you are, it’s unbelievable.

As a man, you have no skills whatsoever, and yet you have the nerve to feel smug here?” Tang Xiangdong shook his head disdainfully.

“You must be feeling envious and hateful now, right?

I can understand, because with your looks, all you can do is envy me.” Su Changfeng said nonchalantly.

Tang Xiangdong’s face turned a shade resembling pig liver, completely at a loss in the face of someone as thick-skinned as a brick wall.

“Aunt Sun, your useless son-in-law really knows how to make you proud.” Tang Xiangdong suddenly said to Sun Mei.

In Tang Xiangdong’s view, Sun Mei would certainly join him in mocking Su Changfeng, but this time he clearly misjudged.

Sun Mei was currently busy adorning herself with the newly acquired gold ornaments, truly enjoying herself, so how could she team up with Tang Xiangdong to mock Su Changfeng?

Moreover, even if Sun Mei did nothing, now she didn’t have the courage to say anything to Su Changfeng.

“You youngsters chat away, I’ve got nothing to do with it.” Sun Mei was not interested.

Tang Xiangdong felt particularly contemptuous of Sun Mei, who was clearly blinded by money, allowing Su Changfeng to be so shameless here.

“Su Changfeng, as a fellow man, I feel embarrassed for you.” Tang Xiangdong gritted his teeth.

“Why feel embarrassed for me?

I never asked you to do that, I don’t need your kindness!” Su Changfeng retorted intentionally.

Tang Xiangdong trembled with rage.

If he weren’t aware that he couldn’t beat Su Changfeng, he would have taught him a lesson already.

“Tang Siwen, let’s go.” Tang Xiangdong feared that staying another minute would infuriate him to the point of internal injury; faced with someone as shameless as Su Changfeng, he was truly not his match.

Tang Siwen kept her eyes on Sun Mei, feeling stabs of jealousy in her heart.

They should have been hers, but now Sun Mei was wearing them all, and she felt terribly uncomfortable.

Upon hearing Tang Xiangdong’s words, she reluctantly pulled her gaze away and said to Su Changfeng, “I’ve never seen such a shameless loser like you.

I hope you keep living off others and never get kicked out by Tang Qiulu, because a spineless man like you definitely isn’t in her sights now.”

“Do you think saying these things matters?

If you can't come up with better moves, you'd best leave now." Su Changfeng said serenely.

As they left the villa, Tang Xiangdong's face turned extremely dark, and he said fiercely, "That worthless bastard Su Changfeng, I want to see how long he can keep up this arrogance.

Once I take charge of the West District project, let's see if he keeps living off others!"

"Do you have a connection with Cheng Shi now?

Su Changfeng's arrogance is completely based on Tang Qiulu's position in the group.

If you don't dampen his arrogance, he'll only get more audacious in the future." Tang Siwen urged, at a low point in her life, particularly hoping Tang Qiulu would come to accompany her, best thrown out of the West District project altogether.

Despite his harsh words, Tang Xiangdong had made little progress in building relationships with Cheng Shi.

Although he's met Cheng Shi several times and Cheng Shi was somewhat favorable to him, the relationship hadn't reached the level where project managers could be exchanged.

With prior experiences, Tang Xiangdong wouldn't have the courage to try unless he was fully confident, as any irreversible consequences could completely destroy the Tang Family.

"No rush, I have plenty of time to play with him, just a worthless loser, could he possibly fight me?" Tang Xiangdong said coldly.

Tang Siwen had absolute faith in Tang Xiangdong because the position of chairman of the Tang Family was his, the entire company was his, whereas Su Changfeng was merely a useless son-in-law, what ability did he have to challenge Tang Xiangdong?

“One day, he’ll be in your hands.” Tang Siwen said.

In the villa, Sun Mei was still fiddling with these betrothal gifts, blinded by money, she saw nothing else now.

“Huh.” Sun Mei suddenly noticed numerous scratches on the gold hairpin, her expression instantly changed, she called out to Su Changfeng, “Su Changfeng, come have a look.”

Su Changfeng walked over to Sun Mei with some confusion, “What’s up?”

“Look at this pin, seems like someone deliberately scratched it.” Sun Mei said unhappily.

From the scratches, it was evident that they had been made not long ago, probably done by Tang Siwen.

“It does seem so.” Su Changfeng said.

“It definitely was Tang Siwen who did this, I must go confront her.” Sun Mei stamped her foot in anger.

“As long as the weight isn’t missing, why bother over such a minor issue?” Su Changfeng said with an indifferent expression.

Given Sun Mei’s temperament, she surely would seek Tang Siwen for an explanation, the items were originally in perfect condition, now spoiled presumably by her, she wouldn’t just let it go.

But hearing Su Changfeng’s words, Sun Mei’s anger dissipated in an instant.

She cautiously looked at Su Changfeng and asked, “Shall we just let it go?”

Judging by the tone, she was clearly seeking Su Changfeng’s opinion, exhibiting a change from her previous treatment of Su Changfeng, now showing significant respect for his opinions.

“Or you could ask Qiulu later.” Su Changfeng suddenly realized Sun Mei’s attitude towards him had changed, though he was slightly uneasy, accustomed to the previous years, this abrupt change felt odd.

“Alright, we’ll discuss it once Qiulu returns.” Sun Mei said.

“By the way, Mid-Autumn Festival is coming, are we going back this year?” Su Changfeng asked.

Every year during the Mid-Autumn Festival, Sun Mei would return to her parental home, previously finding any excuse to leave Su Changfeng behind, but this year she would surely go back, and this time Sun Mei would bring Su Changfeng along.

“We’ll go, if you’re free, join us.” Sun Mei said.

“Okay.” Su Changfeng nodded.

Sun Mei had done many excessive things before, but Su Changfeng had endured them, choosing not to bother anymore, after all, she was Tang Qiulu’s mother, now that she behaved well and didn’t trouble him, it was indeed quite nice.

Chapter 232: Li Qianwen Looking for Trouble Again?

Driving his Lamborghini away from home, in Xianwu Mountain, such luxury cars are not considered much, but on the street, it’s definitely an eye-catching scene that everyone on the road would take a second look at.

After driving to the entrance of Charming, Su Changfeng parked the car and went inside.

Li Qianwen, looking quite upset, happened to see this scene.

She was a bit shocked that Su Changfeng could drive a sports car worth millions.

Although the Tang Family has some money, it's unlikely they would let Su Changfeng buy a sports car, right?

As far as Li Qianwen knows, even the new chairman of the Tang Family, Tang Xiangdong, only drives a Mercedes.

"God must be blind, letting this coward drive such a nice car?" Li Qianwen said viciously.

Quickly walking to the side of the car, a particularly upset Li Qianwen took her high heels in her hand and smashed them hard on the hood.

A very noticeable dent appeared instantly, but that wasn't the end.

She somehow found a stone and threw it directly onto the windshield.

When her phone rang, only then did Li Qianwen stop.

"What are you doing, taking so long to return my call?" Li Qianwen said with displeasure.

"You must be at Charming within 5 minutes, or you don't need to come to me anymore."

In less than 5 minutes, a BMW X5 stopped in front of Li Qianwen, and a young man got out of the car.

"What made you so angry, who pissed you off?" the young man asked.

"A coward, garbage, son of a bitch," Li Qianwen said angrily.

This young man's name was Chen Lei, a pursuer of Li Qianwen, who could arrive with just a phone call, a particularly diligent simp.

Hearing Li Qianwen's words, realizing his opportunity to impress had come, he quickly said, "It must be that bastard who dared to provoke you.

Tell me who he is, and I'll teach him a lesson for you."

"You?

Can you handle it?" Xie Yufu said disdainfully.

Chen Lei arrogantly patted his chest and said, "Qianwen, don't look down on people.

I know many big brothers in the streets.

Don't you want to see that guy kneeling and apologizing to you?"

Kneeling and apologizing?

Li Qianwen couldn't possibly not want to see it.

She wished Su Changfeng would kneel and apologize right now!

Su Changfeng messed up her affairs and made her scolded by Li Tianhao, almost causing trouble with Zhu Lie and others—Li Qianwen remembers it all and must take revenge for that incident!

Now that Chen Lei is pursuing her, having this simp handle some things for her is expected.

"Chen Lei, if you can make that person kneel and apologize to me, I'll agree to have dinner with you," Li Qianwen said.

Chen Lei was particularly excited to hear these words.

He had been inviting Li Qianwen to dinner, and she had always refused.

He didn't expect the chance would finally come this time.

"Don't worry, I'll arrange it immediately.

Not only will I make him kneel and apologize to you, but I'll also make him kneel and bark like a dog," Chen Lei said as he proudly patted his chest.

"He's Su Changfeng.

You know who he is, right?" Li Qianwen said.

Su Changfeng?

Hearing the three words, Chen Lei froze.

Isn't this the coward of the Tang Family?

Such garbage actually dared provoke Li Qianwen; isn't this courting death?

"Qianwen, this kind of trash, if I, Chen Lei, don't beat him so hard he can't recognize his own mother, I'll take his surname!" Chen Lei sneered.

Li Qianwen didn't tell Chen Lei that Gu Changsheng valued Su Changfeng because she feared Chen Lei might not dare provoke Su Changfeng once he knew.

Only those families or individuals who attended Gu Changsheng's birthday banquet knew about this, and Chen Lei's family wasn't qualified to attend, which is another reason Li Qianwen looks down on Chen Lei.

Although Chen Ti did a lot for her and was a complete simp, Li Qianwen picked her husband solely based on the man's family background, ignoring everything else.

In all of Hai City, except for the Gu Family, only Qian Xiang could catch her eye, so she was particularly willing to do anything for Qian Xiang.

When Su Changfeng came out of Charming and found his car vandalized, he was particularly distressed.

Although the car was a gift from Gu Qing'er, it was bought for millions, and now somehow it got smashed.

He immediately asked Zhu Lie to investigate, as the area around Charming has surveillance cameras, and it wasn't long before they found out who smashed his car.

Seeing it was Li Qianwen, Su Changfeng gave a bitter smile.

This girl dared to provoke him again?

Had she forgotten the previous lesson?

"Damn, this girl's temper isn't small, and she doesn't seem to learn at all, huh?

Looks like last time Li Tianhao didn't drink enough," Zhu Lie's face was covered in frost.

Smashing a car outside Charming, regardless if the car wasn't his, was like slapping Zhu Lie's face.

If he didn't teach Li Family a lesson this time, if he didn't give Xie Family a lesson this time, would he still have the face to stay in Hai City?

"Brother Changfeng, do you want us to catch her?" Feng Bin asked.

Su Changfeng smiled; this time, Li Qianwen vandalized his car clearly because of him.

According to her character, just smashing a car wouldn't vent her anger; she might have other tricks up her sleeve.

Surveillance footage clearly showed a young man driving a BMW to find her, probably a helper she called in.

Since he planned to teach the Li family a lesson, he had to make them realize how costly it would be.

"No hurry, she will come to find me again.

Prepare a private room for me tonight; I want to relax," Su Changfeng instructed.

Charming opened at 8 p.m., and within 30 minutes of opening, the place was packed.

These people twisted their bodies under the extremely dynamic music.

Su Changfeng wasn't used to such occasions, so he didn't like the deafening music inside, staying in a quiet private room waiting for Li Qianwen and the others.

At this moment, a group of young people gathered at the entrance of Charming, including Chen Lei and Li Qianwen.

"Chen Lei, this is Zhu Lie's territory.

If we find trouble here, will it cause a problem with Zhu Lie?" someone asked Chen Lei with concern.

Chen Lei casually waved his hand, pretending not to care, and said, "It's just some trash.

As long as we don't cause too much trouble, Zhu Lie won't care.

Don't worry, even if something unexpected happens, I, Chen Lei, can handle it for you."

Chen Lei deliberately acted as if he had everything under control in front of Li Qianwen, but in fact, he was also very worried.

After all, Zhu Lie is the most formidable figure in Hai City's gray area.

Causing trouble on his turf is like causing trouble for Zhu Lie.

If Zhu Lie discovers this matter, the result will definitely be particularly miserable.

But since ancient times, men have been known to risk it all for a beautiful woman, and Chen Lei is willing to give it a try.

As long as he can deal with Su Changfeng without alerting Zhu Lie, it will be fine.

Chapter 233 Despairing Chen Lei Hearing Chen Lei's words, these people all breathed a sigh of relief, and dealing with a small fry couldn't possibly cause too much of a stir.

"Qian Wen, that trash will be kneeling and apologizing to you in a moment," Chen Lei said to Li Qianwen with a smile.

"Don't waste time here, go quickly."

After Li Qianwen said this, they all entered Charming.

They had already confirmed that Su Changfeng was here and learned through the staff at Charming which private room he was in.

A group of people headed towards the private room where Su Changfeng was located.

Although kicking the door open would have more impact, Charming was Boss Zhu's place, and these people didn't dare to even break a glass, let alone kick the door.

They carefully opened the door to Su Changfeng's private room, and each of them rushed in.

But in the big private room, there was only Su Changfeng alone.

Chen Lei found it a bit strange; no one would go to such a place to play alone, and the room didn't even have music playing.

But this made it easier; with Su Changfeng alone here, it was better to deal with him, and no one outside would notice what was happening inside.

"Su Changfeng, can't you sleep in bed, so you came here to spend time in a private room?" Chen Lei sneered at Su Changfeng.

Everything known about Su Changfeng, apart from doing cooking and laundry at home, was that he wasn't allowed to be intimate with his wife, which was quite famous.

Almost everyone who heard of Su Changfeng's anecdotes knew that in the three years of marriage, Tang Qiulu hadn't let him touch her.

"You came quickly; you didn't make me wait for long." Su Changfeng smiled.

On hearing this, Chen Lei frowned, “You were waiting for us here?”

“Of course, my car was smashed, so someone needs to compensate for it, right?” Su Changfeng said.

“Compensate?” Li Qianwen said arrogantly, “Su Changfeng, what are your eyes for?

Or are you blind?

Haven’t you seen what kind of situation you’re in?”

“You surely can’t pay me, so I plan to teach you a lesson, and then let Li Tianhao pay,” Su Changfeng said.

Li Qianwen’s eyes were cold as she said, “I’m afraid you won’t have a chance to see my father, you’d better be obedient and stay in the hospital for a month.”

Hearing Li Qianwen say this, Chen Lei told the people, “What are you looking at?

Do it, beat this coward into the hospital, make sure it’s for a full month.”

If Li Qianwen said to be in the hospital for a month, it must be a month.

Chen Lei, being a sycophant, did his best to comply.

Li Qianwen stood there with her hands on her hips, coldly laughing, waiting for Su Changfeng to be knocked down and kneel to apologize to her.

You interrupted my chance with Qian Yang, and you think being important to Gu Changsheng makes you amazing?

Trash is trash; to me, Li Qianwen, you're nothing!

"Su Changfeng, if you kneel and apologize sooner, I can have these people show some mercy." Li Qianwen said arrogantly.

Su Changfeng looked at Li Qianwen, thinking how self-centered she was, just because her family was somewhat wealthy and surrounded by sycophants.

Comparing her to Gu Qing'er, the eldest lady of the Gu Family, Su Changfeng felt quite emotional, realizing that having money doesn't necessarily make you bad, it's more about the person's character.

If Gu Qing'er became domineering, no one in Hai City could withstand it, but she had never done so, except for people she particularly disliked, whom she would then teach a lesson.

"Li Qianwen, you should learn from Gu Qing'er." As soon as Su Changfeng said this, the group rushed at him, some raising fists, others kicking.

These guys, in front of Su Changfeng, were like ants; immediately, a chorus of pitiful cries could be heard, but these cries weren't from Su Changfeng; they were from the people Chen Lei had called over, all wailing.

In Chen Lei's eyes, someone like Su Changfeng couldn't possibly be their match, but reality slapped him hard in the face; in less than a minute, the people he called over were either lying down or crouched over.

"You… how are your skills so good?" Chen Lei stammered.

"You're the only one left, planning to make a show?

Do you want to see it through to the end?" Su Changfeng laughed, taunting Chen Lei.

Hearing this, Chen Lei turned pale with fear, cold sweat streaming down his forehead, and he instinctively took a few steps back.

He hadn't expected Su Changfeng to be so strong, and with the people he called all on the ground, he was alone.

Even if he forced himself to fight, it would just be offering himself up for a beating.

He really wanted to impress Li Qianwen, but Chen Lei wasn't stupid; knowing he wasn't a match and still going up to get beaten wasn't something he'd do.

"Su Changfeng, don't think just because you have the Tang Family backing you, you can act this arrogantly.

Do you know who I am?" Chen Lei threatened.

Now he planned to use his family to pressure Su Changfeng.

The Chen Family and the current Tang Family were on the same level; of course, after a few years, once the West District project brought in money, the Chen Family would be no match for the Tang Family.

"Who are you?

Tell me." At this moment, Zhu Lie and Feng Bin opened the door and came in.

Seeing the two enter, Chen Lei was dumbfounded; he could use the Chen Family to threaten Su Changfeng, but he didn't have the courage to stand up to Zhu Lie with the Chen Family's limited power.

With Zhu Lie's influence in Hai City, the Chen Family was nothing more than a worm.

"Boss…

Boss Zhu, what brings you here?

I'm really sorry; it was never my intention to cause trouble at Charming." Chen Lei quickly apologized, deeply regretting.

If Li Qianwen got the Chen Family into trouble, it would be quite problematic, and he could only hope Zhu Lie wouldn't hold this against him.

"Causing trouble in my place is one thing, but you've messed with my friend.

Are you looking down on me, Zhu Lie?" Zhu Lie said coldly.

Zhu Lie's friend!

Chen Lei felt like he was struck by lightning; Su Changfeng was actually Zhu Lie's friend!

Offending Su Changfeng was equivalent to offending Zhu Lie.

Despair washed over Chen Lei's face, leaving him pale.

At this moment, Zhu Lie suddenly wrinkled his nose and waved his hands in front of it, saying with disdain, "Why does the private room suddenly smell so funky?"

"Boss Zhu, it seems this kid got so scared he wet himself." Feng Bin shook his head speechlessly.

With such little courage, daring to cause trouble at Charming, especially against Su Changfeng, could it be more ridiculous?

Chapter 234 Chen Lei's pants were soaked with urine, but he didn't care about that at the moment.

Now, he could imagine what kind of fate awaited the Chen Family.

He quickly knelt before Zhu Lie, continuously bowing his head: “Boss Zhu, I’m really sorry, I really didn’t know beforehand that you were friends with him.

Please let me off this time.”

And now, what was Li Qianwen’s mood like?

She never thought that Su Changfeng and Zhu Lie would have such a good relationship.

Right now, Li Qianwen’s heart was beyond just despair.

Last time, it was because of Zhu Lie that Li Tianhao drank two bowls of white wine in one go, and the matter was resolved then.

Now she’s done something even more troublesome than last time, this time it won’t be as easy to solve.

But Li Qianwen couldn’t understand, why?

Su Changfeng, such a waste, why does Gu Changsheng value him, and how can he be friends with someone as important as Zhu Lie.

He’s just the useless son-in-law of the Tang Family, who in Hai City doesn’t know him?

“Li Qianwen, before you ask someone to help you out, don’t you consider what this person is capable of?

You’re not that young, how can you still wet your pants?

Came here to crack a joke for everyone?" Su Changfeng said calmly.

Li Qianwen looked at Su Changfeng with a face full of unwillingness, and furiously asked: "How much did you pay Zhu Lie to pretend to be your friend?"

Upon hearing Li Qianwen say this, Feng Bin directly slapped her hard, eyes full of coldness, waiting for her to speak: "Li Qianwen, do you know what attitude you should use to speak now?"

Li Qianwen was so scared that she almost sat on the ground, covering her reddened face, she looked at Zhu Lie with fear.

This sentence was completely said subconsciously, but she forgot what consequences this kind of speaking could bring to her.

And at this moment, no one expected Chen Lei to suddenly stand up, kick Li Qianwen hard, and then cursed angrily: "You stinking bitch, dare to provoke Boss Zhu's friend, what the hell are you?

Now you've implicated me too, really think I'd like you enough to give up my life?"

"Chen Lei, how dare you hit me!" Li Qianwen shouted incredulously at Chen Lei.

Chen Lei's reason for hitting Li Qianwen was to clarify his relationship with her, he couldn't escape responsibility for this matter, but at least he could bear a little less.

Without Li Qianwen, he could still play with other women.

But if the Chen Family was gone, then he'd have nothing left.

At this moment, Li Qianwen didn't even count as a fart in his heart!

“I should’ve hit you long ago, if it weren’t for you, would I have been implicated?” Chen Lei said cruelly, after speaking, he punched Li Qianwen’s face hard.

Li Qianwen always regarded Chen Lei as a simp, whatever she asked him to do, he must obediently do it.

She was always particularly arrogant in front of Chen Lei, he didn’t have the qualification to hit her!

“Chen Lei, do you not want to sleep with me now?” Li Qianwen asked.

Chen Lei said with mockery: “Women like you, don’t think I don’t know anything.

You just want me to do things for you, right?

I also knew long ago you didn’t look up to me, I’m tired of flattering you, with your looks, as long as I’m willing to pay, how many women want to climb onto my bed, really think you’re some Empress?”

Li Qianwen couldn’t see a touch of blood on her face after hearing these words, it was because of someone like Chen Lei that Li Qianwen gradually gained confidence, making her believe she was an Empress.

But what Chen Lei said now directly threw Li Qianwen into an icy hole.

“More importantly, you dared to offend Boss Zhu’s friend this time, if I don’t give you a beating, I’d be letting Boss Zhu down.” After speaking, Chen Lei punched Li Qianwen’s face a few more times.

Zhu Lie seeing this scene, merely smiled, Chen Lei really went all out to shirk responsibility, his liked girl, yet he’s this ruthless?

“Chen Lei, don’t talk nonsense, what’s wrong about me, how does hitting her relate to me?” Zhu Lie said indifferently.

Chen Lei's heart jolted, quickly bowed his head and said: "Boss Zhu, I realize my mistake this time, it was Li Qianwen who made me do this, it has nothing to do with me.

I hope you can spare me this time."

"Whether to spare you is not up to me." Zhu Lie said.

Understanding the meaning of this statement, Chen Lei knelt before Su Changfeng with a thud.

This time, he didn't care about Su Changfeng's reputation, he just needed a little force, and Chen Lei would willingly kneel before him.

Zhu Lie's friend!

The weight of this sentence in Hai City was just a little lighter than the Gu Family.

Of course, if Chen Lei knew about the incident at Gu Changsheng's birthday banquet, he might even want to kill Li Qianwen.

"Brother Changfeng, I'm sorry, it's all my fault, please give me a chance." Chen Lei kept bowing his head as he said.

Su Changfeng sat there and said in a very calm tone: "My car was smashed, and that car was given to me by Gu Qing'er previously, if Gu Qing'er finds out about this, it would be quite troublesome."

Hearing this, Chen Lei's scalp instantly exploded, he was almost about to cry, why did it again involve the Gu Family?

What is Su Changfeng's real identity?

Not only is he friends with Zhu Lie, but he also knows Gu Qing'er?

Gu Qing'er even gave him a sports car worth millions?

"Brother Changfeng, I'll get you a new car." Chen Lei said hurriedly, although millions is not a small amount, compared to the Chen Family disappearing, spending some money is still more acceptable.

"So, you're saying you're willing to take the responsibility for Li Qianwen this time?" Su Changfeng smiled.

"No, no, no, no." Chen Lei shook his head quickly, also waving his hands: "Brother Changfeng, you misunderstood me, I didn't plan to take responsibility for her, I just planned to make up for my stupid behavior because I also offended you.

Zhu Lie seeing Chen Lei almost faint from fear, smiled and said to Su Changfeng: "Can you stop scaring him, otherwise we won't be able to receive guests in this box, you'll compensate me for the losses."

"Well, then you pay me back first." Su Changfeng said.

Zhu Lie's face was full of embarrassment, he hadn't planned to repay the 200 million at all, Su Changfeng was so rich, that amount was nothing.

"Then pretend I didn't say anything." Zhu Lie said waving his hand.

"Li Qianwen, notify your father to come over now, I also don't want to target a woman." Su Changfeng said indifferently.

Li Qianwen was thoroughly desperate in her heart, no wonder Zhu Lie would help Su Changfeng, Zhu Lie owed him money.

Chapter 235: Another Incident

If Li Tianhao finds out about the trouble she's caused this time, he might even sever ties with her.

When Li Tianhao received Li Qianwen's call, he was drinking with a group of friends at the market, celebrating how the Tang Family was leveraging that West District project to rise, and he definitely hoped the Li Family could also step up.

So recently, he had been thick-skinned in approaching big figures, hoping the Li Family could climb higher in Hai City.

Previously, Li Qianwen had provoked Zhu Lie, which almost ruined the Li Family. Luckily, the consequences weren't too severe, and Li Tianhao had lectured Li Qianwen harshly, believing his daughter had realized her mistake.

But upon receiving this call, Li Tianhao's face turned extremely pale.

Although Li Qianwen didn't explain the matter over the phone, asking him to go to Charming indicated something had definitely happened!

Moreover, since Charming was Zhu Lie's place, could she have provoked Zhu Lie again?

"Old Li, what happened? Why do you look so pale?"

"What's wrong? What happened?

"If something's happened, let everyone know, we can help out. No one would refuse to help you."

A few people asked Li Tianhao.

Li Tianhao shook his head, "Nothing, it's a call from my daughter asking me to come home."

Li Tianhao understood that these people were all two-faced. They might add flowers to the brocade, but expecting them to offer coal in the snow? You might as well believe a sow can climb trees.

If they didn't kick him when he was down, that would already be good enough. So before Li Tianhao knew exactly what was going on, he wouldn't dare say anything to them, to avoid being targeted.

"I've had enough to drink, so I'll leave first. This time I've treated everyone, I'm sorry, let's meet up again when there's time." After leaving the hotel, Li Tianhao immediately drove to Charming.

Zhu Lie's two underlings were already waiting at the door for Li Tianhao. Seeing this setup, Li Tianhao couldn't help but break out in a cold sweat, it seemed like Li Qianwen had definitely caused more trouble.

After entering the private room, upon seeing Li Qianwen bruised and beaten, he didn't immediately ask how she was, because Zhu Lie was also in the room, which made Li Tianhao's legs buckle, nearly causing him to fall.

"Li Qianwen, what the hell did you do again? Haven't I already told you not to stir up trouble? Can't you be honest until you see the Li Family ruined by you?" Li Tianhao scolded, exasperated.

Upon seeing Li Tianhao, Li Qianwen began to cry. Had she known how formidable Su Changfeng was from the start, she wouldn't have had the courage to provoke him.

She was used to being a spoiled young lady, thinking that even if Su Changfeng was valued by Gu Changsheng, he was still a loser, which is why she intended to teach him a lesson.

But now Li Qianwen realized Su Changfeng was not just valued by Gu Changsheng.

"Dad, please save me." Li Qianwen cried.

Without saying a word, Li Tianhao walked to Li Qianwen, grabbed her hair, "Kneel down and apologize to Boss Zhu!"

Zhu Lie waved at Li Tianhao, "Why apologize to me? This time your daughter didn't provoke me, but she provoked someone even your Xie Family dare not provoke."

Someone even less to be provoked? Could it be more serious than Zhu Lie?

Li Tianhao's heart chilled; this time, it was clearly more serious than before. The Li Family was really harmed by Li Qianwen.

"Boss Zhu, whom did she offend? I will go apologize right away, please give the Xie Family a chance this time." Li Tianhao pleaded.

"Don't you have eyes? Can't you see the person sitting next to me?" Zhu Lie said sarcastically.

Li Tianhao believed Zhu Lie was the only big figure in the private room, so he focused all his attention on Zhu Lie. It was only when Zhu Lie pointed it out that he noticed Su Changfeng beside Zhu Lie.

Li Tianhao was quite familiar with Su Changfeng; he had seen Su Changfeng sitting beside Gu Changsheng at Gu Changsheng's birthday banquet.

Recently, there were many rumors about Su Changfeng in Hai City, with various versions. But one conclusion was clear: now everyone understood that Su Changfeng would definitely not be a coward in the future.

Even if he was indeed quite pathetic and unsuccessful before, once the Gu Family supports him, even a puddle of mud can be plastered on the wall!

"Su Changfeng, I don't know how Li Qianwen offended you, but I apologize to you on her behalf." Li Tianhao bent over.

"She smashed my car and had someone come and beat me up. Your darling daughter is really quite domineering." Su Changfeng said casually.

Li Qianwen's temperament was all spoiled by Li Tianhao, he was clearly aware of it.

However, after such a long time, Li Qianwen could now discern whom she could provoke and whom she couldn't. She hadn't caused much trouble for the Li Family, so Li Tianhao hadn't asked much.

But at this time, Li Tianhao regretted not properly disciplining her earlier, causing Li Qianwen to provoke Su Changfeng.

However, one thing Li Tianhao didn't understand was that Li Qianwen had attended Gu Changsheng's birthday banquet; she knew how much Gu Changsheng valued Su Changfeng, so why did she go provoking him?

"Li Qianwen, what deep enmity do you have with Su Changfeng? Why provoke Su Changfeng? Don't you know how much Gu Changsheng values him?" Li Tianhao trembled with anger!

Li Qianwen certainly knew, but even 30 minutes ago, she still looked down on Su Changfeng.

Due to her arrogant temperament and Su Changfeng's notorious reputation, Li Qianwen thought even fighting Su Changfeng wouldn't be a problem, and that Chen Lei could take responsibility for her.

When it came time for the Gu Family to pursue responsibility, and Gu Changsheng questioned her, she could blame everything on Chen Lei.

But Li Qianwen never anticipated even Chen Lei would turn against her.

"Li Tianhao, what did you just say?" Hearing Li Tianhao's words, Chen Lei suddenly exploded.

Because he wasn't aware of the relationship between Su Changfeng and the Gu Family, Li Tianhao's words sounded like a bomb to Chen Lei.

Not only was Su Changfeng a friend of Zhu Lie, but even the Gu Family's Gu Changsheng valued him greatly!

"Who are you?" Li Tianhao asked with displeasure when Chen Lei interrogated him.

“Who am I? Your daughter has really messed me up.” Chen Lei suddenly laughed viciously, wishing to vent his anger on Li Tianhao, and immediately punched him in the left eye.

Chapter 236: Chen Lei Becomes a Dog?

Li Tianhao, being of an older age, couldn’t possibly withstand the blow from Chen Lei, clutching his eye and letting out a miserable scream as he collapsed onto the ground.

Chen Lei still had no intention of stopping. He strode up to Li Qianwen, grabbed her hair, and smashed her head toward the ground, his face contorted with rage: “You idiot woman, did you deliberately not tell me? After all I’ve done for you, you dare to harm me this way? Why the hell don’t you just go die?”

At this moment, Chen Lei was completely unhinged. The number one family of Hai City, the Gu Family, and Zhu Lie, the most formidable man in the grey area, were all provoked because of Li Qianwen. How could he possibly maintain his composure?

“Chang Feng, it’s all my fault. I’m a fool, I’m an asshole, I’m the waste, I beg you to spare me this time, I will do anything for you in the future, please give me this chance.” After beating Li Qianwen, Chen Lei said to Su Changfeng, his whole body trembling uncontrollably.

Chen Lei had never felt such despair in his entire life.

“Do anything? How about becoming a dog?” Su Changfeng said blandly.

Chen Lei was stunned for a moment, then immediately lay down on the ground mimicking a dog, breathing like a dog, and asked: “Brother Changfeng, how do you think? If it’s not enough, I’ll learn when I get home.”

Feng Bin took a sharp breath at Chen Lei’s actions. Although Chen Lei had abandoned his dignity, his future position in Hai City would not be so simple.

Because being Su Changfeng’s dog wasn’t something just anyone could do.

In Feng Bin's eyes, this was not embarrassing at all but something to be proud of!

Unfortunately, he missed that chance at Wang Long's casino.

Su Changfeng stood up and said to Chen Lei, "You have 3 days. After 3 days, I don't want to see the Li Family anymore. Since you chose to be my dog, be sure you know how to bite."

"Yes, yes, Brother Changfeng, I will definitely do it." Chen Lei nodded vigorously as he replied.

But these words were like a thunderclap in Li Tianhao's mind. He had been working hard, hoping to elevate the Li Family, not even caring about his own dignity. Yet all his efforts these days were ruined by Li Qianwen, leaving no place for the Li Family in the future of Hai City!

After Su Changfeng left the private room, Feng Bin walked up to Chen Lei expressionlessly and said, "I really envy you, why is someone like that so lucky?"

At that time, Chen Lei didn't understand what Feng Bin meant, he only felt lucky that the Chen Family remained unaffected.

Zhu Lie escorted Su Changfeng to the door of Charming and asked, "Do you need a hand dealing with Chen Lei? I reckon with his skills, handling the Li Family won't be easy."

Su Changfeng smiled, "No need. If a dog can't bite, it has no value at all."

Zhu Lie was taken aback for a moment and then looked at Su Changfeng seriously, wanting to say something but didn't.

"What's up? What happened?" Su Changfeng asked, confused.

Zhu Lie shook his head: "Nothing, better hurry back, otherwise your sister-in-law will worry again."

Only after Su Changfeng had left did Zhu Lie mutter to himself with deep emotion: “I originally intended to say, you have the potential to become a great kingpin, but considering Annie’s current identity, she probably won’t tread that path with you… you’re from the Beijing Su Family.”

After saying this, Zhu Lie couldn’t help feeling chills on his scalp. Although he had suspected that Su Changfeng’s identity wasn’t simple, he never imagined that Su Changfeng’s true identity would be so incredibly shocking to him.

The eunuchs of the Beijing Su Family may not be at the pinnacle of China, but they’re only a step away!

The Lamborghini was sent to the dealership for repair, so Su Changfeng had to jog back. When the guard saw Su Changfeng walking on the street, he smiled and said, “Brother Su, out for exercise this late?”

Su Changfeng waved, acknowledging the greeting.

The security guard didn’t find Su Changfeng aloof, especially since the Gu Family had instructed them to be polite to him. So, in the eyes of this guard, Su Changfeng, a figure of such stature, giving him a wave was more than enough to make him proud.

When he returned home and opened the door to his room, Su Changfeng was stunned by what he saw.

Where did the bed go?

Why is the bed missing?

His heart suddenly raced, and sweat started pouring out of his palms.

Could this be real? Could it be that I can finally sleep here?

Swallowing hard, Su Changfeng felt his throat dry as he rushed to the kitchen to gulp down a bottle of ice water, finally calming his once excited heart a bit.

Su Changfeng had never explained the Cang Jiao Pavilion incident to Tang Qiulu, so he didn't expect to be able to return to sleep today. Suddenly being able to go back, he didn't know what to do.

After pondering for a while, he tiptoed toward Tang Qiulu's room, and as he opened the door, he couldn't help but tremble.

A slight twist was enough to open the door.

The moment the door cracked open, Su Changfeng heard Tang Qiulu's voice from inside: "Where have you been? Why are you back so late?"

From the tone, he could hear a hint of complaint in Tang Qiulu's voice, but no real blame.

Su Changfeng quickly entered the room, seeing there was no bedding on the floor, and a new pillow had appeared on the bed, which made him feel exceptionally happy.

"Go to sleep quickly, don't you need to get up early tomorrow?" Tang Qiulu said, glaring at him with some annoyance.

Su Changfeng nodded repeatedly: "Yeah, yeah, get up early, definitely got to get up early. Haven't done morning runs in a long time, it's getting worse lately."

Sitting on the bed, Su Changfeng felt particularly at ease.

As Tang Qiulu lay on her side, she felt a bit worried once he laid down, fearing that he wouldn't even notice the absence of the red line.

Sure enough, when Tang Qiulu heard the snoring from behind, she really wanted to kick him off the bed; the jerk really didn't see!

Grinding her teeth, Tang Qiulu seemed as if she wanted to bite, cursing Su Changfeng silently for not being a man, not even showing a bit of initiative.

But how could Tang Qiulu know that being able to return to the room made Su Changfeng secretly delighted, how could he harbor other thoughts?

The nominal but empty relationship began with Tang Qiulu's grievance, having endured much ridicule and sneers in the past. Since three years ago, Su Changfeng hadn't forced her to do anything.

Even now, Su Changfeng's thoughts remained unchanged. Perhaps, only the day Tang Qiulu couldn't stand it anymore and pushed him onto the bed, he might react.

Chapter 237 You Moved Me Deeply

At 6 a.m. the next morning, Su Changfeng was the first to wake up, feeling a leg pressing on his chest. However, he didn't feel any discomfort; on the contrary, he felt particularly refreshed both physically and mentally.

When the alarm clock went off, Tang Qiulu slowly retracted her leg, her face somewhat flushed as she went to wash her face and brush her teeth, obviously feeling a bit shy.

After both were ready, they went out for a morning run together, but during the run, they encountered someone Su Changfeng didn't expect, Qian Xiang.

When Qian Xiang saw Su Changfeng, he warmly greeted him, "Hello, Brother Su, hello, sister-in-law."

"Are you here for a morning run?" Su Changfeng asked in puzzlement. Someone like Qian Xiang probably frequented nightclubs and wouldn't likely be up early for a morning jog, right?

Qian Xiang was definitely not the type who regularly exercised, but if the security hadn't told him Su Changfeng might come out at this time, he would definitely still be sound asleep.

"Brother Su, to be honest, I'm specifically waiting for you here. I hope I'm not disturbing you?" Qian Xiang said.

“You are disturbing us,” Su Changfeng said bluntly. After all, he hadn’t gone for a morning run with Tang Qiulu for a long time, and Qian Xiang’s appearance was definitely like a giant light bulb—a 2000-watt one at that.

Qian Xiang didn’t expect Su Changfeng to be so straightforward, and now stood awkwardly, at a loss for what to do.

Tang Qiulu knew about Qian Xiang, although she’d never had any interaction with him, but she’d heard about him to some degree, and the Qian Family held a particularly high status in Hai City. Seeing that Su Changfeng wasn’t showing any courtesy, she glared at him and said to Qian Xiang: “It’s okay. Did you come to find him for something?”

At this point, Qian Xiang didn’t dare to speak, feeling like he was on the edge of a cliff. Originally, he came to build a good relationship with Su Changfeng, but now, he’d upset him instead.

“Sis… sister-in-law, am I really not bothering you and Brother Su?” Qian Xiang asked cautiously.

Tang Qiulu looked at Su Changfeng, who couldn’t help but smile wryly. Now that his wife had spoken, he couldn’t refuse.

“If you have something to say, just say it now, so as not to waste time,” Su Changfeng said.

Qian Xiang finally breathed a sigh of relief: “Brother Su, there’s a gathering tonight, and I came to invite you.”

“What kind of gathering?” Su Changfeng asked, thinking he could now head back to his room with Tang Qiulu to sleep, and even if it was an invitation to a Peach Banquet, he wasn’t in the mood to go. However, Tang Qiulu clearly didn’t want him to refuse.

“It’s a gathering among young people, the sons of noble families in Hai City,” Qian Xiang replied.

Su Changfeng was about to shake his head and refuse, but he immediately sensed a pair of sharp eyes staring at him, leaving him no choice: “Alright, but it can’t take up much of my time because I have to get home earlier.”

“Okay, okay, I’ll make sure the gathering starts earlier so it doesn’t take up too much of your time,” Qian Xiang excitedly said, his hands trembling a little. If he could use tonight’s gathering to become friends with Su Changfeng, his trip would be worthwhile. Now that Su Changfeng had agreed, he had to plan something to make him happy tonight.

Initially, Qian Xiang planned to invite some models, but after seeing Tang Qiulu, he abandoned that idea. While beauties could win over most men, they wouldn’t sway Su Changfeng, as it was clear how much he loved Tang Qiulu. Without her, Su Changfeng wouldn’t be going.

“Sister-in-law, I’ll leave you now. Sorry for taking up your time,” Qian Xiang said, nodding to Tang Qiulu.

Previously, Qian Xiang never took Tang Qiulu or the entire Tang Family seriously. But now, he dared not do so. In his heart, he genuinely considered Tang Qiulu as his sister-in-law, hoping for some familial connection.

“Such a person like Qian Xiang, couldn’t we just send him away? Why make me waste time there?” Su Changfeng asked Tang Qiulu after reaching the mountaintop.

“The Kong Family is currently a First-class Family in Hai City. It’s better to have a friend than an enemy, right? Besides, being friends with him benefits your future development as well,” Tang Qiulu said.

“Me?” Su Changfeng asked with a surprised expression, thinking Tang Qiulu wanted him to go because of the Tang Family, but she seemed to have other thoughts.

“Yes, who else? Wherever I go in the future, it’ll be the Tang Family’s business. In the end, the beneficiary will still be that Tang Xiangdong guy. I don’t care what happens to the Tang Family in the future,” Tang Qiulu said.

Su Changfeng didn’t expect Tang Qiulu to be doing this for him, but to him, the Qian Family was of little significance. Even if the entire Hai City’s people targeted him, he wouldn’t care.

But knowing Tang Qiulu thought like this, Su Changfeng felt particularly moved.

“Qiulu, you really moved me,” Su Changfeng said.

“Don’t forget, you need to make those who look down on us regret it,” Tang Qiulu said with a face full of longing as she looked northwards.

At 5 p.m., Su Changfeng received a call from Qian Xiang. After learning where the gathering would be held, he drove his Audi to the location.

Lately, that particularly flamboyant Lamborghini had been severely damaged by Li Qianwen and would need repairs before it could be driven again, and the costs weren’t cheap either.

Upon reaching the gathering location, Su Changfeng found it to be a private club, which looked quite nice.

Several luxury cars were already parked outside, almost like a luxury car show. Although the Audi Su Changfeng drove was decent, it didn’t stand out here, and no one even took notice of it.

Just as Su Changfeng found a parking spot and was about to park, a service worker hurried over, impatiently tapping on Su Changfeng’s car window.

Stepping on the brakes, Su Changfeng rolled down the window and asked with a puzzled expression, “What’s the matter?”

“Sorry, there’s no parking space available here now,” the service worker said disdainfully, looking at Su Changfeng.

“Then what’s this spot I’m in?” Su Changfeng asked, stepping out and pointing to the space he intended to park in.

The service worker sneered, pointing to the surrounding cars, “Look at those cars and then look at the one you’re driving. Where do you get the nerve to park here?”

“Aren’t they all four-wheeled vehicles? What’s the difference?” Su Changfeng chuckled helplessly, not expecting even a small service worker to be so proud, even looking down on his Audi.

“Each of those cars has a single tire worth more than your entire vehicle. What can you compare? Besides, this spot is for our club’s exclusive use; if you’re not going into the club, you can’t park here,” the service worker said.

“How do you know I’m not going to the club?” Su Changfeng said.

Chapter 238 Parking Space

The waiter sighed helplessly, “Bro, don’t embarrass yourself here, our club has been booked tonight. The guests tonight are all notable figures in Hai City. Look at the cars around, not a single one is worth less than a million, right?”

Indeed, all the cars around were worth at least a million.

At this moment, another Porsche arrived.

“What’s going on, are there any parking spaces left, waiter?” The Porsche owner stuck his head out, looking impatient, and yelled at the waiter.

The waiter quickly walked up with a forced smile and said, “Big brother, there’s still a parking spot left, don’t worry, I’ll make him leave right away.”

After saying that, the waiter’s face turned much colder as he spoke to Su Changfeng, “Hurry up and move your car, don’t delay others from parking.”

Su Changfeng had seen many people who looked down on others, but it was the first time he encountered someone so unreasonable.

“And what if I don’t move my car?” Su Changfeng replied with a cold expression.

“Are you looking for trouble?” The waiter showed an angry expression.

Just then, the Porsche owner, possibly losing patience, got out of the car and walked over to the front of the Audi, kicking it and saying, “What the hell are you driving? Move it right away, don’t waste my time.”

Su Changfeng frowned, these youngsters in recent years really have short tempers, they grew up privileged, which is why they’re so arrogant and ignorant.

“Watch over the car, if there’s any damage, you can’t afford to pay for it.” Su Changfeng said to the waiter, then prepared to leave, not planning to park the car in the spot.

The Porsche owner saw this, kicked the car lamp again, and shouted at Su Changfeng, “Are you deaf? I told you to move your car, do you believe I’ll smash your car right now!”

“You can try it.” Su Changfeng said indifferently.

Seeing Su Changfeng about to leave, the young man felt ignored, which made him particularly angry, and he hurriedly strode over to Su Changfeng, grabbing his shoulder directly.

“Buddy, don’t be too arrogant, or the consequences won’t be something you can bear.” The man said coldly, with a threatening tone.

“This advice is more suitable for you, let go.” Su Changfeng said with a cold face.

“Sure, let go if you drive your broken car and disappear from my sight, then I’ll let go.”

“What if I say no?”

“No?” The man said with disdain, “Then let’s see what you’re capable of.”

As soon as he finished speaking, the man kicked at Su Changfeng’s back.

Feeling the action, Su Changfeng turned around, kicked back with a faster speed, knocking the man to the ground, rolling a few times before stopping.

“Fuck your mother, what kind of thing are you! Dare to fight back?” The man shouted at Su Changfeng angrily.

“You don’t need to know who I am, just know that I’m not someone you can mess with.” Su Changfeng continued walking towards the club.

The waiter beside was completely stunned, the guy driving an Audi actually dared to hit someone with a Porsche? He was courting death.

She hurriedly ran over to help the man up, asking, “Bro, are you alright?”

The man roughly pushed away the waiter’s hand, biting his molars, and said, “What a piece of trash, dared to hit me? Not moving the car, right, then I’ll play with you!”

After saying that, the young man got into the car, started the engine, revved it up, and crashed into the Audi, pushing it away, then parked the unrecognizable Porsche in the parking spot.

The waiter watched in fear, a million-dollar Porsche used as bumper cars? They don’t treat money as money?

What will be the outcome of provoking such a person?

“First, I’ll destroy your car, then you, tonight’s territory belongs to Brother Qian, let’s see if you can outplay me!” At this moment, he had a joyous expression, not feeling distressed for the Porsche, because in his eyes, a Porsche was not a special car at all.

At this time, another sports car drove into the parking lot, seeing the situation, the owner got out, looked at the Porsche, and was surprised: “Wei Chao, how did it end up like this, why is the car in this state?”

“An idiot fought with me for a parking space, so I crashed his car away.” Wei Chao replied.

“Damn, you really don’t mind, just a broken Audi, not worth it, right?”

“In my eyes, a Porsche is just a toy, but for this guy, that Audi might be everything, so it’s worth it.” Wei Chao said with disdain.

The man nodded, “You have a point, but you crashed the Porsche, won’t you just let him off? Is there any good show tonight?”

“There will be a good show, but since it’s Brother Qian’s territory, we have to give him face. I’ll just casually teach this waste a lesson.” Wei Chao said.

In the club, Su Changfeng saw some young men and women in an open courtyard, the girls dressed lightly, particularly attractive.

Since this place is already booked, these people are probably Qian Xiang’s invited friends, but where did that guy go?

As Su Changfeng watched the situation inside, Wei Chao also arrived.

The party tonight is just a bunch of rich kids drinking and picking up girls, something the young masters of Hai City often do. Money is never short, so parties like this happen at least 10 times a month.

These rich kids, born with lots of money, not to the extent of being unable to spend it all, but enough to squander. All they know daily is to eat, drink, and play.

When Wei Chao saw Su Changfeng, he said to the person next to him, “Look, there’s that idiot, didn’t expect him to come with just a crappy Audi to our gathering.”

The person looked at Su Changfeng, sneered, and said, “Usually in our circle gatherings, a few trashes try to sneak in, and these idiots just want to please us.”

Wei Chao laughed and said, “That’s true, those worthless guys are eager to get into our circle, but the family status is different, those trashes aren’t qualified to be friends with us.”

“Need me to play with him a bit?”

“Go ahead, if we don’t teach such trash a lesson, he’ll really think he’s somebody.” Wei Chao said.

The person nodded, grabbed a glass of wine, and walked towards Su Changfeng.

“Was it you who parked the broken Audi in the parking lot?” The person came up to Su Changfeng and laughed.

“I don’t think we’ve met before, right?” Su Changfeng raised his eyebrows and looked uninterested.

Chapter 239: Breaking Both Legs

“How could I have met with trash like you, but we’re clearing the field now. Trash has no right to be here at the party.” The man said, pouring the wine in his hand directly onto Su Changfeng’s face.

Wei Chao seized the moment and appeared, walked up to Su Changfeng with a smile, curled his lips and said, “By the way, I’ve watched a video on how to sort trash recently, speaking of you, originally you were just dry trash, but now someone poured wine on you, so you should be wet trash now?”

“Wei Chao, regardless of dry or wet, trash is trash.” The man laughed.

Su Changfeng wiped the wine off his face and didn't dwell on their ridicule at all. He calmly said, "I'll give you both a chance now, kneel and apologize to me."

Their laughter stopped immediately, looking at Su Changfeng with disbelief.

"Kneel and apologize to you, is there something wrong with my ears?" Wei Chao intentionally dug in his ear.

"Do you even know who you are? You dare to make us apologize to you, don't you know what's going on here? How dare you just rush in like that?" The man's voice was particularly loud, seemingly intentional.

Soon others noticed the situation here, most of them recognized Wei Chao, hence in their eyes, Su Changfeng looked like a clown.

"These low-level trash, have they lost the ability to see? Sneak into the club and even provoke Wei Chao, is he tired of living or what?"

"Maybe it's a new trick these trash came up with, making a scene to attract everyone's attention?"

"Haha, how can such useless garbage expect to squeeze into the circle just because everyone sees him?"

Mutterings of derision came from the crowd, they assumed Su Changfeng was someone from a small family who sneaked in.

Some girls even showed strong disdain after seeing Su Changfeng.

These girls attend the party not because they have any status, but merely because their bodies win these rich men's favors.

In other words, it's almost like selling, because the branded things these girls wear or use are all gained by sleeping with these rich second-generation heirs.

"Wei Chao, you're going to let him go after he ordered you to kneel?"

"With Young Master Wei's personality, shouldn't he teach him a lesson for everyone to see?"

"Exactly, if you can't even deal with this trash, your face would be lost."

Now everyone started to egg on.

At this point, Wei Chao had no choice but to act.

He originally didn't want to cause too much trouble at Qian Xiang's party. But now, everyone's watching. If he did nothing, it would be a disgrace, and if it got spread in Hai City, it'd be humiliating.

"Idiot, it's just bad luck this time. Now everyone's so excited, I can't let them down." Wei Chao said to Su Changfeng, his face grimaced.

After speaking, he threw a punch at Su Changfeng's face.

Everyone started roaring again, as if showing support for Wei Chao.

These people never feared escalation, and in their eyes, it's merely teaching trash a lesson, with no big issues arising, just adding some excitement to the party.

But at this moment, the entire venue fell silent.

It's because Su Changfeng caught Wei Chao's fist, they saw Su Changfeng wasn't hit, and all stood coldly there.

Then, shouting resumed once more.

“Wei Chao, what are you doing? Hurry and knock this trash out!”

“Aren’t you the trash’s opponent, it’d be awkward then.”

“Who wants to help Eldest Young Master Wei, seems like he’s not a match for this trash.”

Upon hearing these words, Wei Chao’s face turned liver-red, but no matter how hard he tried, his hand was tightly held by Su Changfeng, unable to move at all.

“Trash, release your hands!” Wei Chao said through clenched teeth.

“I told you, I’ll give you only one chance.” Su Changfeng swiftly kicked directly at Wei Chao’s left knee.

“Crunch” echoed a crisp sound.

Wei Chao’s left leg bent backward into an unbelievable arc.

“Hiss…”

“Did he just break Wei Chao’s leg?”

“Damn, where did this guy come from? How could he be so ruthless?”

The faces of all onlookers instantly changed, especially the person standing next to Wei Chao, his legs about to give way now.

Among these people, the sound of the bone cracking was particularly clear to him, almost as if it rang from his ear!

Wei Chao screamed out in pain, the unspeakable agony traveled from his left leg to his brain, as Wei Chao lowered his head to check his left leg, his eyes widened instantly.

“You… broke my leg!” Wei Chao said to Su Changfeng, filled with horror.

“It’s just one broken leg, why are you shouting?” Su Changfeng’s face showed a ghostly smile and then he kicked again.

Crack~!

Wei Chao fell to the ground, now his right leg also bending backward in a scalp-tingling arc.

This time, the surrounding people felt as if their scalps were about to burst, their body hairs stood up.

Directly breaking both Wei Chao’s legs, these people couldn’t have imagined, that originally Su Changfeng should kneel and apologize to Wei Chao, but now it’s Wei Chao who ended up like this.

“And you.” Su Changfeng seemed not about to stop now, turning to another person.

Hiss hiss hiss…

Many people almost suffocated, breaking Wei Chao’s legs and still not stopping?

Who is this guy really? Did he really sneak in?

Does he not know this party is hosted by Qian Xiang, does he just create trouble here without fearing repercussions from Qian Yang?

Upon hearing Su Changfeng call him, he became so scared that his legs went soft, kneeling down with a thud.

“I’m really sorry, I was just following Wei Chao’s orders earlier, it has nothing to do with me.”

“You can apologize now, but I won’t let you off.” Su Changfeng stood up, and kicked this person’s face.

Pfft~!

The person spewed blood and fainted.

The onlookers around saw this scene with a sense of disbelief.

He was indeed merciless, this was the first time they saw a peer who was so unrestrained and indifferent to consequences!

Su Changfeng stepped forward two steps and stomped fiercely on Wei Chao’s face, “You haven’t forgotten what I said before, have you? If anything happens to my car, you’d better have a reply that satisfies me!”

Wei Chao shuddered in fear, Su Changfeng’s car had been wrecked almost completely by him, but before crashing it, he had no idea Su Changfeng would be so formidable.

Chapter 240: Qian Yang Arrives

“I’m going to kill you, do you understand my status as Wei Chao in Hai City? You actually dared to cripple my leg!” Wei Chao said viciously.

“I don’t care who you are, but in Hai City, there’s no one I can’t afford to offend!” Su Changfeng said with an indifferent look.

Those girls who used to look down on Su Changfeng all showed a besotted expression after hearing this. A man should be like him.

No matter if he was boasting, at least for now, he was like a mountain, making these people feel it was hard to breathe!

After dealing with those two oblivious people, Su Changfeng looked around at the crowd who had been fanning the flames just now.

“Are you people still dissatisfied?” Su Changfeng asked coldly, surveying the area. Those noble family sons kept their heads down, not daring to meet Su Changfeng’s eyes.

What does a wimp look like?

What does trash look like?

There were at least twenty people here, but none dared to defy the imposing aura of Su Changfeng.

These people saw what happened when Wei Chao tried to give him a hard time. Although they didn’t know who Su Changfeng was, they surely didn’t want to end up like Wei Chao?

It’s okay to act timid, once Qian Xiang arrives, he’ll definitely teach this fellow a lesson. After all, there’s another main character for tonight, why get involved?

“Is this what you pride yourselves on in the upper society circle?” Su Changfeng scoffed seeing none dared speak up.

“Qian Xiang is here!”

“Qian Xiang is here? Where is he?”

“Brother Qian, Brother Qian.”

“This guy’s causing trouble here, dared to break Wei Chao’s leg. Fortunately, you’re here; hurry and deal with this trash.”

The crowd, who were too scared to make a peep earlier, suddenly regained their confidence upon seeing Qian Xiang, angrily pointing at Su Changfeng.

Qian Xiang had just gone to the bathroom and had no idea what happened, but hearing what they said, and seeing Wei Chao in front of Su Changfeng, his whole body shook, and he quickly walked towards Su Changfeng.

These people’s faces showed arrogance again. Now that Qian Xiang was here, would this guy still be arrogant?

“Since Brother Qian is here now, let’s see what he’ll do.”

“This fellow dared to cause trouble on Brother Qian’s turf; he’s surely done for.”

“Damn it, if this wasn’t Brother Qian’s venue, I’d have dealt with him myself long ago.”

“That’s right, this worthless thing. If it wasn’t for Brother Qian’s reputation, I’d have dealt with him too.”

The people who were frightened like quails now had the audacity to say this and wore their arrogance openly, as if they could easily step over Su Changfeng.

But how could these people understand Qian Xiang’s current feeling of wanting to cry?

Finally invited Su Changfeng, but after going to the restroom, it turned into this; had Qian Xiang known, he wouldn’t have gone even if he soiled himself.

As they waited for Qian Xiang to deal with Su Changfeng, Qian Xiang approached him without raising his head, and whispered, “Brother Su, I’m sorry.”

“Is this the kind of gathering you invited me to?” Su Changfeng now looked calm, but there was a hint of coldness in his eyes.

Qian Xiang was trembling, and his complexion turned extremely pale: “Brother Su, I’m truly sorry. I didn’t know it would turn out like this.”

The crowd, those who were smugly bragging earlier, now seemed like they were under an immobilization spell, with a mental earthquake happening within them.

Qian Xiang!

Even Qian Xiang had to bow in front of this person!

Wei Chao had his leg broken; not only did Qian Xiang not avenge him, but he also apologized to this person.

It’s crazy…

These people’s minds were collapsing as if the Yellow River was breaking its banks again.

Who exactly was this person? To make even Qian Xiang bow.

Those who were boasting earlier now looked green in the face.

They didn’t expect this slap to come so quickly.

If even Qian Xiang didn’t dare to offend this person, what did that make them?

“You better find someone to check my car now. If there’s any damage, you and these people…” Su Changfeng said half of it but stopped, the meaning clear.

Qian Xiang’s legs went weak, almost sitting on the ground, not knowing the whole story, but with Wei Chao’s temperament, he might have already caused a huge disaster.

The originally well-prepared party, an opportunity to build a good relationship with Su Changfeng, was ruined by this Wei Chao fellow.

Qian Xiang walked over to Wei Chao with a gloomy face, harshly asking, “Wei Chao, what did you do to Brother Su’s car!”

Wei Chao was still in pain, but at this moment, the fear in his heart overshadowed the physical agony.

This person could make Qian Xiang humble himself; what kind of person had he offended?

The Audi wasn’t just slightly damaged; it was practically turned into a pile of parts!

“Brother Qian, I’m really sorry. I didn’t know you were friends. Please help me.” Wei Chao, such a big man, was crying miserably, as if he’d been violated.

Hearing this, Qian Xiang felt as if he fell into an ice pit, he realized Wei Chao had indeed done it.

With a heavy kick to Wei Chao’s face, Qian Xiang now wanted to kill this useless wretch.

“Wei Chao, you damn well got me into trouble, I don’t have the status to be friends with Brother Su!” After finishing, Qian Xiang angrily stomped on Wei Chao’s stomach.

Wei Chao’s desperate screams echoed in everyone’s minds.

Now everyone was sweating, not expecting things to turn out this way.

This unfamiliar face, even Qian Xiang didn't dare to offend, this person clearly had a higher status than Qian Xiang.

Could it be this person is from the Gu Family?

But Qian Xiang called him Brother Su, clearly this person isn't from the Gu Family. However, they really couldn't think of anyone else in Hai City except someone from the Gu Family who could scare Qian Xiang this much.

Now those more timid noble family offspring were kneeling down, repenting for their foolish words.

"Brother Su, I'll compensate you with a new car, and these two guys are at your disposal," Qian Xiang said to Su Changfeng.

Wei Chao's legs were crippled, but the other guy was just kicked. Hearing Qian Xiang's words, he quickly knelt before Su Changfeng, continuously kowtowing: "Brother Su, it's all my fault, I was blind. I'll give you anything, please spare me this time."

Su Changfeng sighed helplessly, what was supposed to be a fun gathering turned into this.
