The City 271

Chapter 271: The Pangolin Has Emerged

During the gathering, Su Changfeng received a message on his phone that surprised him, and after reading the message, Chang Feng left.

Standing in the elevator, Su Changfeng looked at the word “Top Floor” and felt a bit anxious.

Although the time was very short, for Su Changfeng, it seemed as if time had been infinitely extended.

When he reached the top floor and saw that somewhat familiar figure, only then did he smile a bit.

“Now even the Imperial City can’t keep you, I suppose there’s no prison in the world you can’t escape from.” Su Changfeng remarked upon meeting the person.

The Pangolin turned his head, earnestly looking at Su Changfeng. Escaping from the Imperial City brought him no excitement or sense of accomplishment; even he believed it was expected.

“You’re wrong. There is indeed a prison in this world that I might not be able to escape from,” Pangolin said.

Su Changfeng raised an eyebrow. He knew the Pangolin’s capabilities well; escaping from such a heavily guarded place as the Imperial City was remarkable. Can there truly be a place even he couldn’t escape from?

“For real? I’m very curious about what kind of place that might be. Could there be a prison more guarded than the Imperial City?” Su Changfeng asked with curiosity.

“I don’t know its exact location, but the prison is called Purgatory. It’s a privately run institution, where many extremely notorious international criminals are sent. Who knows how many escape masters have disappeared completely after going to Purgatory? It is the world’s most terrifying prison; once you’re in, you can’t come out,” Pangolin replied.

“Looking at your expression, you seem very drawn to this prison?” Su Changfeng asked with some confusion.

Even the Pangolin spoke like that, so this Purgatory must be terrifying. But the Pangolin seemed eager to try it out, which puzzled Su Changfeng.

“Until now, no one in the country has the qualifications to enter Purgatory. Do you think I have the qualifications now?” Pangolin asked him.

“The foreign countries don’t have the death penalty, so the rules are different. Even if you commit the worst of crimes domestically, you might not be sent to Purgatory. You might face the death penalty instead. Based on what you said, Purgatory is indeed dangerous. Why seek trouble for yourself?” Su Changfeng smiled wryly.

For someone like Pangolin, finding joy in escaping prison, Su Changfeng truly couldn’t understand. With those escape masters caught in Purgatory, doesn’t this guy care at all about whether he could escape?

“Do you know the purpose of Purgatory’s existence?” Pangolin asked.

“You just said it’s private, so it’s for profit, right?” Su Changfeng replied.

“Exactly,” Pangolin nodded and said, “Those who mustn’t die or be seen are typically sent into Purgatory. It doesn’t have much to do with crime. Don’t you want to know what kind of people are inside Purgatory?”

Su Changfeng’s expression instantly changed, coldly asking, “What do you mean?”

“You should know what I mean,” Pangolin replied.

Su Changfeng’s breath gradually grew heavier. Ji Hong once told him that his grandfather was probably still alive and that his mysterious disappearance might be due to being locked in Purgatory.

But why does Pangolin know about this? How does he know the secrets of the Su Family?

“You better give me a satisfactory explanation, or you won’t leave here alive today,” Su Changfeng said.

Sensing a strong killing intent from Su Changfeng, Pangolin hurriedly said, “Don’t get so excited, I’m merely guessing. And the reason I’m doing this is to ask you to send me into Purgatory.”

“I only heard you mention this place, Purgatory. Why do you think I can send you there?” Su Changfeng asked.

“Because you’re wealthy, it’s privately operated, only for profit,” Pangolin smiled.

“I’m not satisfied with your explanation,” Su Changfeng suddenly choked Pangolin’s throat.

Unable to breathe, Pangolin’s face turned red as he struggled to slap Su Changfeng’s hand, but his strength lay in escape, not combat, and he couldn’t match Su Changfeng’s power.

Nearly fainting from lack of oxygen, Su Changfeng finally released him to the ground.

Gasping for breath, having escaped death, Pangolin felt as if he was standing at the edge of a cliff, with a misstep leading to an abyss.

“Is there any other explanation?” Su Changfeng asked.

The suffocating feeling made Pangolin regret coming to see Su Changfeng, but given the current situation, if he didn’t provide a satisfactory explanation, he might truly die here!

“Do we need an explanation? The opportunity is here; aren’t you going to try? At least I can prove something for you,” Pangolin said.

Su Changfeng fell silent for a long time.

His grandfather's existence in the world couldn't be confirmed, but Purgatory seemed worth investigating. Ji Hong's words still echoed in Su Changfeng's mind.

Without seeing his body, how could it be proven that his grandfather was deceased?

The Taoist photo had been investigated, but no information had been found. Perhaps Purgatory could be a breakthrough in this matter.

"You can enter, but you can't escape. A prison of Purgatory's scale will surely block all communications; how do you plan to notify me?" Su Changfeng asked.

"Someone has to go with me and have a signal device implanted in their body. That way, you can be notified," Pangolin said.

"If Purgatory didn't check for these, how could they be so mysterious? Your words are hard to believe," Su Changfeng said.

"There's a signal device that emits no signal when unused, ensuring it won't be detected," Pangolin explained.

Su Changfeng knew little about technology, but Pangolin wouldn't lie because he could ask anyone for confirmation.

"So the person going with you is your scapegoat?" Su Changfeng asked.

Pangolin smiled, "Of course, once the signal begins transmitting, Purgatory will know. I wouldn't be foolish enough to seek death."

"I'll arrange it for you soon," Su Changfeng said and turned to leave.

Pangolin rubbed his neck, looking as if he'd narrowly escaped disaster.

Chapter 272: The Shameless Sun Gui Family

Until Su Changfeng disappeared from sight, he cursed, "Damn it, dealing with guys like this is indeed a bit dangerous. If my reaction was a bit slower, Xiao Ming would be gone. This path is really difficult."

After Su Changfeng returned downstairs, he adjusted his emotions outside the box before pushing the door open and entering.

When Su Changfeng is ready to hide his emotions, no one can see through him. This is the method Su Changfeng uses to disguise himself, or else in the Su Family for so many years, his little actions would have been noticed by Shangguan Feihong from the beginning.

"What's wrong? What happened?" Tang Qiulu asked. Just now, Su Changfeng went out without saying anything, leaving her a bit worried.

"It's nothing, just ran into a friend." Su Changfeng said.

Tang Qiulu nodded and didn't ask much more. After dinner, their family prepared to go to the villa for a little rest.

However, just as they stepped out of the hotel's main entrance, a cry came over. Looking up, they saw Sun Gui lying there, with Zhao Meili crying.

"What is that family up to again?" Tang Qiulu said with some annoyance. Now, Tang Qiulu genuinely detested Sun Fada's family.

"Su Changfeng, you just beat Sun Gui to this state. You heartless man, you're enjoying yourself inside, but Sun Gui is almost dying." Zhao Meili wailed at Su Changfeng.

With Su Changfeng's strength, not to mention seriously injuring Sun Gui, even killing him would be easy.

But just now, when he kicked him, Su Changfeng was controlling himself. Although it would make Sun Gui suffer, it was impossible for him to be seriously injured.

“Zhao Meili, tell me what you want to do.” Su Changfeng asked.

Zhao Meili wiped her tears and said, “Sun Gui must go to the hospital. You have to give money for medical expenses and all sorts of miscellaneous fees.”

Su Changfeng couldn’t help but laugh. Doing this just for money, it really shows how shameless this family is.

“Want money? Fine, but first return the 200,000 you borrowed from our family before.” Sun Mei said angrily.

Sun Fada’s family’s shameless actions were unbearable for Sun Mei. Moreover, Sun Gui was clearly fine before, but now he’s pretending like this, typically deceiving people.

“Money? What are you talking about? Sun Mei, our family never borrowed money from you before. Anyway, I don’t care. If you don’t hand over the money now, I’ll call the police to arrest you.” Zhao Meili started making a scene, attracting many onlookers.

Su Changfeng sneered and said to Sun Gui, “The little injury on you doesn’t worth much. I guess it might not be enough. Otherwise, I can break your leg now, so you can get more compensation. What do you think?”

Sun Wei was so scared that he quickly stood up and hid behind Sun Fada.

“Su Changfeng, you’re so arrogant, aren’t you afraid of being caught by the police?” Sun Fada said.

“Sun Fada, if you think you can still play, I can play along with you, but you must consider whether you can bear the consequences.” Su Changfeng said.

Hearing Su Changfeng's words, Sun Fada became a bit lacking in confidence. Su Changfeng and Chen Hai were friends; how could they possibly compete with Su Changfeng? If Chen Hai got involved, even a hundred Sun families wouldn't be enough to match.

"I'm your elder; is this how you talk to your elders?" Sun Fada raged.

"Elder?" Su Changfeng said with disdain, "I'm already ashamed to have such an elder like you. I'll say it one more time: if you mess around again, don't blame me for not considering family ties."

"Su Changfeng, kill me, then. If you have the ability, kill me. I want to see how powerful you can be. I'll say it again: if you don't give the money, don't blame me for not considering family ties." Zhao Meili charged in front of Su Changfeng, pointing at his nose.

Su Changfeng took a deep breath, trying to suppress his impending rage, and said, "Zhao Meili, Sun Gui is already crippled to such an extent. If he has to spend his remaining life with a wheelchair, do you think that's a good thing?"

Hiding behind Sun Fada, Sun Gui, upon hearing these words, jumped up angrily and cursed, "Su Changfeng, what the hell did you just say? You're the cripple, not me. Who the hell gave you the right to call me that? I'm way better than you, you loser."

"Really?" Su Changfeng directly pushed Zhao Meili aside and walked towards Sun Gui.

Sun Gui's face turned pale instantly, trembling all over in fright, "W-What do you want to do?"

"Make you a cripple and see who the real loser is." Su Changfeng said coldly.

Sun Gui wanted to run, but his legs turned to jelly out of fear.

"Changfeng." Tang Qiulu feared the situation would escalate and hurried to Su Changfeng, holding his hand, "Changfeng, don't argue with them."

Su Changfeng stopped, looked at Tang Qiulu, and his anger instantly turned into gentleness, “I’ll listen to you.”

Tang Qiulu’s heart trembled. No matter how angry Su Changfeng was or how much grievance he bore, it seemed like her one word was enough to change him.

Is this really the place I hold in his heart?

“Sun Gui, aren’t you all going to leave immediately, or must you wait until it gets out of hand to be sensible?” Tang Qiulu said to Sun Gui.

At this moment, no one expected Zhao Meili to suddenly run to Tang Qiulu and slap her in the face, “Tang Qiulu, I’m asking for compensation. Can’t you understand human language?”

The anger that Su Changfeng had just suppressed exploded instantly. He shot his hand out like lightning, grabbing Zhao Meili’s neck, “Since you want to die, I’ll help you!”

Zhao Meili suddenly found it hard to breathe. Seeing Su Changfeng plastered with killing intent, she was finally scared and began patting his arm on the ground.

Sun Fada and Sun Gui stood dumbfounded, without any action.

Because they instinctively thought of Su Changfeng as a loser, but the strength he showed now made them almost unable to breathe.

Watching Zhao Meili’s eyes slowly roll back, Tang Qiulu became a little flustered and quickly said, “Changfeng, stop, if you don’t let go, she will really die.”

For Su Changfeng, life and death were just a matter of thought for him, but he also knew that Tang Qiulu probably couldn’t accept such a thing as killing, and she had never been involved with the gray areas. Su Changfeng didn’t want her to be exposed to these things.

After letting go of Zhao Meili, Su Changfeng said, “Leave now, and if there’s a next time, I definitely won’t spare you!”

Zhao Meili clutched her neck with both hands, breathing raggedly, her soul almost gone.

Chapter 273: Sun Wei Speechless

Just moments ago, she felt as if she had walked through the gates of hell, and if it weren’t for Tang Qiulu, there’s no way Su Changfeng would have let her go.

Su Changfeng, this coward, has such a temper?

“Mom, are you alright?”

“Honey, how are you feeling?”

After Su Changfeng left, Sun Fada and Sun Gui rushed to Zhao Meili and asked.

Zhao Meili, who had escaped a catastrophe, didn’t learn her lesson; with her shrewish personality, there was no way she was swallowing this grievance.

“Sun Gui, didn’t you say before that you have friends in some gray areas? I’ll give you money, and you can get someone to teach Su Changfeng a lesson; I must get revenge this time,” Zhao Meili said through clenched teeth.

“No problem, I’ll definitely get revenge for you, Mom,” Sun Gui replied.

The atmosphere in the Sun family had already frozen.

When Sun Wei returned home, the more he thought about it, the angrier he became, not only because of Su Changfeng’s attitude but also because Sun Wan and the others deliberately hid things from him.

If it weren't for Sun Wan, today wouldn't have turned out the way it did.

"Grandpa, it's all Tang Qiulu's fault; she made me lose Hai Wen. You should kick them all out of the Sun family and never let them come back again," Sun Wan cried sadly.

Because it's incredibly difficult to find a wealthy boyfriend in Bin County, but now the whole thing was ruined by Tang Qiulu, and she couldn't accept it.

Sun Wei sneered, "If it weren't for your family deliberately hiding Sun Mei's arrival from me, today wouldn't have turned out this way. Chen Hai showed up at the mall before; weren't you aware of the relationship between Chen Hai and Su Changfeng?"

"Dad, nobody thought that coward Su Changfeng would know Chen Hai?" Sun Chao sighed. Even after the incident, he didn't believe it because Chen Hai is the most powerful person in Bin County, and it seems like Chen Hai was exceptionally respectful to this guy.

When Sun Wei heard these words, he slammed his fist on the table in anger, cursing, "Coward? If Su Changfeng is a coward, then what does that make our entire Sun family?"

Sun Chao was startled; it's rare for Sun Wei to be so furious, as if he had taken gunpowder.

"Dad, don't you think it's strange? Could it be that this event was arranged by Tang Qiulu to give Su Changfeng face?" Sun Chao said suspiciously.

Sun Wei laughed angrily; even after the event occurred, these people still refused to admit Su Changfeng's power.

With Tang Qiulu's capabilities, she could never invite Chen Hai!

The Tang Family is just a second-rate family in Hai City; why would Chen Hai pay attention to Tang Qiulu? And be so respectful to Su Changfeng?

“Are all of you brainless? Don’t you know what kind of person Su Changfeng is? He’s definitely not that simple,” Sun Wei said.

Sun Wan had used Su Changfeng as a stepping stone to showcase her superiority, and hearing Sun Wei say this, she was naturally displeased and said, “Grandpa, don’t be fooled; Tang Qiulu must have planned this beforehand to embarrass us.”

“Time will prove it; one day you’ll regret your thoughts now,” Sun Wei said, being old and wise and seeing things more thoroughly than Sun Wan and the others.

He knew the Tang family’s situation well, and previously Tang Qiulu wasn’t valued in the group, but somehow she became the project leader? He suspected that Tang Qiulu’s current position was all orchestrated by Su Changfeng behind the scenes.

Back then, the old man of the Tang family insisted on letting Su Changfeng marry into the family, regardless of what others said; he didn’t change his mind.

Given the old man’s wisdom, there’s no way he would agree to let a coward marry into the Tang Family!

Even though Sun Wei still didn’t fully understand, he was clear and could almost be certain that Su Changfeng wasn’t as simple as he seemed.

“From now on, if anyone goes to offend Su Changfeng, they’ll be kicked out of the Sun family!” Sun Wei said coldly, unwilling to further offend Su Changfeng and put the Sun family in danger.

Sun Wan had no outlet for her anger; having lost Zhou Haiwen, there’s no way she could swallow this.

Thinking to herself, I’ll make you realize just how wrong your thoughts are now; a coward is just a coward, and if it weren’t for Tang Qiulu, he wouldn’t even count as a fart!

Happy Sheep Billiard Hall.

A particularly cute name, but the people inside were clearly not ordinary. Almost everyone had tattoos, and the place was smoky and chaotic, filled with vulgar language, and cigarette butts on the floor hadn't been cleaned for a long while, with many empty beer bottles tucked away in the corners.

When Sun Gui and his friend entered the billiard hall, the smell made Sun Gui wrinkle his nose, and he felt lacking confidence because he was about to meet the most powerful person in the gray areas of Bin County, whom everyone called Brother Baldie.

"Brother Baldie, Sun Wei is here."

When Sun Wei stepped into the billiard hall, everyone inside fell silent; the originally noisy place became quiet, and everyone stared at Sun Wei, which made him even more frightened.

"Brother Baldie." Approaching Brother Baldie, Sun Gui greeted him, but clearly lacked confidence.

Brother Baldie touched his own bald head, and even the golden chain on his neck could be used to tie up a dog.

"Did you bring the money?" Long Ge asked Sun Wei.

Sun Wei was so scared he could hardly speak; he stammered, "I brought… I brought it."

"Useless fool, I wouldn't hit you for no reason, so what are you afraid of?" Brother Baldie said disdainfully.

"Yes, yes, Brother Baldie is right; I'm useless, made a joke of myself," Sun Gui said, cold sweat soaking through his clothes as he hurriedly handed the money to Brother Baldie.

Brother Baldie received the thin stack of money and said, "If you weren't a friend of Xiao Gou, would you even dream of having me take action for a mere 10,000?"

“That’s right, Brother Baldie wouldn’t care about 10,000, but it’s all I can come up with. But the person I want Brother Baldie to deal with has money, so if Brother Baldie thinks 10,000 is a bit too little, you might want to spend some extra effort on this person,” Sun Gui suggested.

“Oh?” Hearing Sun Gui’s words, Brother Baldie became interested and asked, “Who is this person? What does he do in Bin County?”

“Brother Baldie, don’t worry; he’s not from Bin County, just staying here for a while, and he’s my cousin,” Sun Gui replied.

Chapter 274: Tang Qiulu’s Long Kiss

“Cousin?” Brother Baldie was a bit surprised. This guy even wanted to deal with his own relatives, which was quite interesting. He said, “Are all your family members so ruthless? No matter what, she’s still your relative, and you’re asking me to take action? You should know that when I make a move, it’s either breaking limbs or taking lives.”

“Brother Baldie, I’ve always been at odds with her, and she constantly boasts about how much money she has. I just want to vent, and Brother Baldie can earn some extra cash on the side,” Sun Wei said with a smile.

Brother Baldie nodded and replied, “We mix in this circle to make a living, so don’t worry about your matter. But the money I take from her is none of your business.”

“Of course, it’s all Brother Baldie’s. I wouldn’t dare even think about it,” Sun Gui repeatedly expressed, even though he was quite greedy, he dared not steal from Brother Baldie.

“Then scram. It’s really unlucky to be your relative,” Brother Baldie waved his hand dismissively.

Upon hearing this, Sun Wei hurriedly ran out, making everyone in the room burst into laughter.

Yet he didn’t mind his hasty departure now. It wasn’t until he stepped out of the billiard hall that he felt a bit more at ease, thinking that if he mingled with these streetwise people, he might not survive the year.

“Damn, it looks like I should avoid dealing with these people from now on. It’s so damn terrifying,” Sun Gui was muttering to himself when someone called him. He checked his phone and saw it was Sun Wan.

“Sun Gui, do you want to vent your anger?” As soon as Sun Gui answered the call, Sun Wan directly asked.

“Sun Wan, no need for so much nonsense, we’re both smart people,” Sun Gui replied.

“I want revenge, can you help me find a way?” Sun Wan asked.

After hearing Sun Wan’s words, Sun Gui had an idea and said, “Well, there’s one way. I have some friends in Bin County’s gray area, but if you want them to do something, you’ll have to pay.”

After being abandoned by Zhou Haiwen, Sun Wan was penniless, but the things Zhou Haiwen had given her before could be sold, as long as Sun Gui could help her take revenge.

“Sure, how much?” Sun Wan asked.

Sun Gui didn’t expect Sun Wan would agree so readily. Now, he wondered how much to ask for. After thinking for a moment, he couldn’t let himself lose out, could he? He replied, “20,000, at least 20,000, anything less and they probably wouldn’t do it.”

“Okay.”

After hanging up, Sun Gui felt particularly excited about this unexpected windfall. But he couldn’t let Zhao Meili know about it. 20,000 yuan could let him live extravagantly for a few days.

Chen Hai’s villa.

Earlier, Tang Qiulu mentioned she wanted to visit the countryside, but she hadn't had the time. Today, Tang Qiulu planned to have Su Changfeng accompany her, but Su Changfeng had already arranged to meet with Chen Hai.

"Why don't I postpone the meeting with Chen Hai? It's not that important," Su Changfeng cared most about Tang Qiulu. Since she wanted to visit the countryside, postponing the meeting with Chen Hai wasn't a big deal.

"No, you can't." Upon hearing Su Changfeng's suggestion, Tang Qiulu directly refused. It was just a visit; it wasn't that important. But the meeting with Chen Hai was a significant matter, at least in Tang Qiulu's eyes, because it concerned Su Changfeng's future development.

"I'll go meet him, it's really not that important," Su Changfeng said with an indifferent look.

"Absolutely not. You can't think everything is not important, right? I'll have mom go with me when I get back," Tang Qiulu said.

Seeing Tang Qiulu's firm stance, Su Changfeng didn't insist further and sat down on the bed. But now, somehow, the atmosphere in the room turned a bit awkward.

"Do you have any questions for me?" Su Changfeng asked Tang Qiulu.

He knew Tang Qiulu definitely had plenty of questions in her mind, and if she asked, he would explain the less critical matters to her.

Tang Qiulu nodded, she really did have many questions, but Su Changfeng had told her before that she would know everything when the time was right, so she hadn't kept asking.

"Why did you endure humiliation in the Tang Family for so many years?" Tang Qiulu asked.

Su Changfeng originally thought Tang Han would ask about his identity, but it turned out to be this question.

After pondering for a moment, Su Changfeng replied, “In my eyes, the grievances you’ve borne are far more than mine. I once told you that you could withstand these hardships, so what right do I have to give up? As long as you feel happy, nothing else matters to me.”

“For 3 years, you’ve endured far more cold stares and insults than I have. If you can bear them, why can’t I?”

Tang Qiulu’s eyes welled up with tears, “But back then, you didn’t have to endure all this humiliation. With your current status, those people have no right to look down on you.”

“Because I love you, isn’t that reason enough?” Su Changfeng said.

The tears in Tang Qiulu’s eyes finally spilled over, running down her cheeks.

“When I first came to the Tang Family, I could feel that you really hated me, even planning to kick me out of the Tang Family.”

“But after a while, although your attitude towards me remained unchanged, you would still speak up for me behind my back and stand up to them.”

“Whenever I saw you arguing fiercely with someone because of me, I felt particularly happy. From that moment, I realized our relationship was gradually changing, evolving from hatred to love.”

“At least, that’s how it appeared to me. So I’m willing to endure years of humiliation and cold stares for you because… because I’ve been accustomed to them since childhood.”

As she was speaking, Tang Qiulu suddenly walked over to Su Changfeng and hugged his neck tightly.

Then Su Changfeng felt his mouth being sealed.

This time it wasn’t a gentle kiss; it was a kiss with intense impact that Su Changfeng could even taste the flavor of the lipstick.

After a long while…

When they were both almost out of breath, Tang Qiulu let go of Su Changfeng, lowered her head, and rushed out the door.

Su Changfeng licked his lips. This moment could linger in his memory for a long time.

“Haha…”

“Haha…”

Sitting on the edge of the bed, Su Changfeng chuckled foolishly to himself, thinking that lipstick had this taste and realizing that a deep kiss felt like this?

It was just a bit regrettable that he had forgotten to open her teeth earlier; otherwise, he could have played with Tang Qiulu’s little tongue for a while.

Standing up, Su Changfeng felt extremely refreshed, even noticing new wrinkles at the corners of his eyes.

Chapter 275 President Chen is Actually Waiting for Someone

After leaving the room, Sun Mei looked at Su Changfeng curiously: “What happened between you two? Is Tang Qiulu sick? I just saw Qiulu’s face really flushed; does she need to see a doctor?”

“Mom, she just kissed me.” Su Changfeng couldn’t help but boast. He now wished everyone on Earth knew.

Sun Mei was full of embarrassment. Why would Su Changfeng tell her what the young couple just did?

How happy and excited Su Changfeng was now was definitely beyond Sun Mei’s understanding.

Not being recognized by the Su Family was something that couldn't be changed since Su Changfeng was 12 years old, but he didn't feel particularly resentful. Sometimes, he even thought it should be like this, because he didn't have Su Wei Jun's ability to sweet-talk people.

However, since entering the Tang Family, Su Changfeng had been waiting for recognition. He never cared about others' opinions and never took them to heart, but he particularly cared about Tang Qiulu's feelings.

Now that Tang Qiulu did this, it meant she already recognized Su Changfeng in her heart, and Su Changfeng couldn't possibly not be excited!

If there were any channels for publicity, Su Changfeng even wished the whole world knew about this.

But this was just his thought; if he actually did it, Tang Qiulu probably wouldn't do it again from now on.

To see Tang Qiulu now was absolutely impossible; she's probably hiding shyly somewhere, and Su Changfeng didn't want her to feel embarrassed, so he left.

The gates of the Chen Hai Corporation.

One by one, employees respectfully called Chen Hai "President Chen" upon seeing him standing at the gate.

He was the idol in the hearts of these people, because achieving his current accomplishments at his age was particularly difficult.

And his accomplishments gave immense confidence to young people who wanted to carve out a career, but behind all the successes, only Chen Hai knew why he was so successful.

"What's President Chen doing standing at the corporation's gate?"

“Judging by this situation, President Chen must be waiting for someone.”

“Really? Who could be worthy of President Chen personally waiting at the gate?”

Some curious employees wondered what President Chen was doing there and didn’t go back to their workstations.

At this moment, a taxi stopped at the corporation’s gate, and Su Changfeng got out. Chen Hai hurriedly walked towards him.

“Wow, President Chen is really waiting for someone?”

“To have President Chen waiting personally, this person’s status must be enormous!”

“This is the first time I’ve seen someone come to find President Chen by taxi; could this be one of President Chen’s relatives?”

The employees saw this scene and all speculated about who Su Changfeng was.

Chen Hai walked to Su Changfeng’s side, and before he had a chance to bend over, he saw Su Changfeng waving his hand.

“This is your corporation, don’t make it seem like I’m the boss.” Su Changfeng said with a smile.

“Brother Su, if it weren’t for you, how could I have the corporation?” Chen Hai said. Even in front of the corporation’s employees, Chen Hai didn’t mind bowing.

Because apart from his own capabilities, Chen Hai’s success was due to Su Changfeng’s help; Chen Hai never denied this fact, nor did he dare to.

“Why waste so many words? Hurry up and take me to your office. With so many people watching, if someone falls for me, it’d be a problem because I’m already married.” Su Changfeng said.

Chen Hai was taken aback; he felt that today’s Su Changfeng seemed somewhat different from before and he was unusually happy and smiling.

> After entering the corporation, Chen Hai led Su Changfeng to his office, with one walking in front and the other following, showing a clear hierarchy.

But it was Su Changfeng who was walking in front and Chen Hai behind, which stunned the corporation’s employees.

Even though it was a small matter, logically speaking, Chen Hai, with his current status, should have been walking in front.

But considering the current situation, the fact that this young man could walk ahead of Chen Hai certainly meant he held a status higher than him, which was truly shocking.

“Whoa, who is he? Could he be more powerful than President Chen?”

“Hurry back to work; affairs at their level aren’t things we can concern ourselves with.”

“Look, this person is about the same age as President Chen; have young people nowadays become this impressive already?”

Upon reaching the office, Su Changfeng sat on the reception sofa, while Chen Hai stood straight beside him.

“Are you planning to be a bodyguard instead of a boss? Standing around like an idiot?” Su Changfeng said helplessly.

As soon as Chen Hai heard Su Changfeng's words, he immediately sat down. In front of Su Changfeng, he was always particularly cautious.

"Why did you ask me to come this time? Do you have something you want to say?" Su Changfeng asked.

"Brother Su, I'm planning to give the corporation to you." Chen Hai said.

"Why, do you think I'm a beggar?" Su Changfeng laughed.

"No, no, no." Chen Hai waved his hands in panic, "Brother Su, I didn't mean it that way, don't misunderstand me."

Seeing Chen Hai's face turn pale with fright, Su Changfeng felt a bit helpless. He was in a good mood this time and was just joking with Chen Hai, but who knew Chen Hai took it seriously.

It seems that jokes can't be made so casually; his one sentence scared Chen Hai like this.

"Don't be afraid, I was just joking, but this corporation, I really don't want it. In my eyes, it doesn't hold much significance because I don't lack money." Su Changfeng said.

"Brother Su…" Chen Hai stammered.

Su Changfeng had guessed Chen Hai's intentions and said, "I've told you before that if you plan to strive elsewhere, I'll definitely give you the opportunity; Bin County won't hold you back. Giving me the corporation is to escape your current role, right? No need to make it so complicated."

With his thoughts seen through by Su Changfeng, Chen Hai cautiously looked at him, relieved only when he saw no anger in his expression.

This time, Chen Hai was indeed fortunate, catching Su Changfeng in an exceptionally good mood; otherwise, his little scheme wouldn't be well-received by Su Changfeng.

“Brother Su, what should I do?” Chen Hai asked.

“Bin County is just a small county, surrounded by several cities. When you can manage to acquire these cities, then you’ll have the chance to remain with me.” Su Changfeng said.

Chen Hai said solemnly, “Brother Su, I will definitely succeed.”

“By the way, find some people in the gray area to scare Sun Wan for me; I don’t want her bothering me without cause.” Su Changfeng said. A small character like Sun Wan wasn’t worth his time; just have some people scare her and it would be fine.

Chapter 276: Qiulu Was Captured in Qingshui Village

“Yes.” Chen Hai immediately took out his phone and called Brother Baldie.

In Bin County, anything related to the gray areas, it’s best to let him handle it.

Brother Baldie was extremely excited to receive a call from Chen Hai and agreed right away.

When doing things for others, Brother Baldie cares about money, but to help Chen Hai, he’d rather forgo it; Chen Hai’s favor is worth more than money.

“Now, take a group and find someone named Sun Wan to scare her a bit, let her stay calm for now.” After hanging up, Brother Baldie instructed his subordinates.

“Brother Baldie, there’s news about Sun Wei. That person is in Qingshui Village,” a subordinate said.

“Then hurry and send someone over. Qingshui Village is practically deserted now; it’s a perfect opportunity for this job.”

Qingshui Village, when Tang Qiulu was younger, she used to spend some days here, almost every summer, the deepest impression being the river next to the village.

Back then, the river was incredibly clear. During childhood, it was common to go catch fish and shrimp.

“Sigh.” Returning to this river now, Tang Qiulu couldn’t help but sigh. The river was murky and emitted a smell; the feelings of childhood had disappeared.

In Sun Mei’s eyes, even though Tang Qiulu is grown up and married now, she’s still just a child. Hearing Tang Qiulu sigh made her smile and say, “The environment these past years is nothing like before, unless you’re planning on catching shrimp in the river now.”

“Mom, so many things change with time flying by. Your relationship with Dad must have changed a lot from the beginning, right?” Tang Qiulu asked.

Sun Mei nodded and said, “Your father is somewhat cowardly. I’ve complained about him for most of my life; now it’s more family affection than love. But that’s understandable — after marriage, emotions undergo qualitative changes. Even as love evolves into affection, one thing remains unchanged — the inability to let go.”

“Is it impossible to keep it going?” Tang Qiulu frowned.

Sun Mei sighed helplessly. Speaking for herself, there’s no way to restore the initial feelings, and maintaining it, she’s never considered it, since now resentment outweighs affection.

“Maybe Su Changfeng can sustain it, seeing as you’ve accepted him by now,” Sun Mei said.

Tang Qiulu suddenly blushed and said, “Mom, what are you talking about? I haven’t accepted him.”

“If you hadn’t accepted him, would you kiss him? Don’t think I don’t know. Su Changfeng has already told me,” Sun Mei said with a smile.

Tang Qiulu’s anger flared up immediately; how could Su Changfeng have told Sun Mei about this!

Go back!

When they get back, she'll definitely punish him.

A small van parked less than ten meters from the mother and daughter.

These days, those living in Qingshui Village are mostly elderly widows without children, so the van's appearance made Tang Qiulu feel odd.

Could they be here looking for someone?

As the people in the van got out and walked towards them, Tang Qiulu felt something was off.

"Mom, run!" Tang Qiulu whispered to Sun Mei.

Sun Mei hadn't noticed anything amiss, puzzledly asking, "What's wrong?"

Tang Qiulu didn't have time to explain; she hurriedly grabbed Sun Mei's hand and ran. The people behind them saw this and immediately gave chase.

Sun Mei wasn't fast enough, dragging Tang Qiulu; they hadn't yet reached the village before those people blocked them.

"Trying to run? Hey beauty, you've got a nice figure, why not come along with a few of us — we'll definitely take care of you real good," the leader said, leering at Tang Qiulu's figure.

"Who are you?" Tang Qiulu asked.

"Men, of course. Want to give it a try?" As he spoke, the group surrounded Tang Qiulu.

Sun Mei finally realized these guys were here to cause trouble and quickly stood in front of Tang Qiulu, saying, “Don’t touch my daughter! Do you even know who her husband is?”

“You wretched woman, get lost! Don’t block me from doing my business, or I’ll kill you,” the leader threatened Sun Mei.

By now, Sun Mei had witnessed Su Changfeng’s resoluteness, so she wasn’t scared. No matter who these men were, they couldn’t compare to Chen Hai’s standing.

“I advise you to think this through, or else…”

Before Sun Mei could finish her sentence, the man approached and kicked her down, then instructed his fellows, “Take the young one away and give the old one a good beating.”

Tang Qiulu faced these strapping men, utterly powerless to resist, and as she was taken to the van, she could only watch helplessly as Sun Mei was beaten.

Sun Mei screamed in pain, had to protect her head, and after the men left cursing, she sat up, terrified, and quickly called Su Changfeng.

“Su Changfeng, Qiulu was grabbed by someone in Qingshui Village.”

At this moment, Su Changfeng was still with Chen Hai. Hearing what Sun Mei said, a ruthless fury instantly surged within him, generating an intense murderous intent that Chen Hai felt while sitting next to him.

“I understand.” After hanging up, Su Changfeng said coldly to Chen Hai, “Someone has taken my wife.”

Chen Hai was shocked; who had the audacity to touch Su Changfeng’s woman!

“Brother Su, I’ll immediately send someone to investigate,” Chen Hai replied hastily.

Su Changfeng took a deep breath, calming his emotions. It was either Sun Wan or Sun Gui behind this.

After leaving Chen Hai's group, Su Changfeng drove Chen Hai's car to Sun Gui's apartment.

Sun Gui's family habitually stayed home, basically their norm, with no one wanting to work and make money, always contemplating illegal ways to earn.

Their family didn't get money from Su Changfeng this time and was even beaten by him, making Zhao Meili extremely hateful, so she grudgingly paid 10,000 yuan for Brother Baldie's involvement, showing how much she despises Su Changfeng.

"We spent 10,000. Can't we ask Brother Baldie to make Su Changfeng kneel and apologize to us?" Zhao Meili asked Sun Gui.

If it were just Sun Wan tripping up Su Changfeng and Tang Qiulu, Zhao Meili felt the money was wasted; she needed to see Su Changfeng's downfall to resolve her deep hatred.

Because Sun Gui got 20,000 out of this, he didn't care about Tang Qiulu and Su Changfeng's fate; now he merely hoped night would fall, so he could freely indulge at the bar and experience what being rich feels like.

"Mom, why are you so dumb? This cannot let Tang Qiulu know our family is behind it," Sun Gui said.

Chapter 277: Su Changfeng Comes to Visit

"You fool, so that 10,000 was spent for nothing, huh? If we can't personally see their downfall, then go ask that Brother Baldie for the money back and we won't use his services anymore," Zhao Meili said.

"All the money is with Brother Baldie now, how do we ask for it back? Are you trying to get us killed? You can offend anyone in Bin County, but if you offend Brother Baldie, our whole family won't even have lives left," Sun Gui said.

"Wife, don't mess around with this, don't you know what kind of person Brother Baldie is?" Sun Fada also didn't want Zhao Meili doing something foolish and quickly reminded her.

“He’s not so scary. Otherwise, we can just report him to the police and have them arrest him, right?” Zhao Meili said.

Sun Fada sighed back, “It’s not that simple. Has Brother Baldie committed few crimes in Bin County? If there was evidence, he would’ve been in jail long ago. Besides, even if we do get him in jail, he has a lot of followers. If they come to make trouble for our family, we’d be doomed.”

“Mom, the 10,000 you spent, it’s too late to regret now. Don’t overthink it. You should be thinking about what fate awaits Tang Qiulu in Brother Baldie’s hands; maybe that’ll cheer you up a bit,” Sun Gui consoled.

“The worse off Tang Qiulu is, the happier I am. It’d be best if Brother Baldie takes a liking to her, but that bitch isn’t even worth 10,000!” Zhao Meili said angrily.

Hearing Zhao Meili, Sun Fada felt somewhat helpless. No matter what, Tang Qiulu was still their niece; Sun Wan could get it done, but why would she have such thoughts?

But Sun Fada didn’t dare to argue with Zhao Meili’s words; otherwise, he would definitely get scolded by her.

The family was feeling a bit hungry, and as they were planning to steam some buns to fill their stomachs, there came a knock on the door.

It was uncommon for anyone to come by their house, so when Sun Gui went to open the door, he found it odd. Was someone here to collect the utility bills again?

“Who is it? If you’re here to collect for utilities, then just go away; we don’t use electricity here. If you want to cut it, then go ahead,” Sun Gui said shamelessly.

“It’s a delivery,” came a voice from outside.

Online shopping had been pretty popular recently. Sun Guimin would buy stuff occasionally, but he usually gave bad reviews and returned them, shamelessly asking the store for compensation. However, his account had been banned for a long time, so why would there still be a delivery?

Nonetheless, since it was at his doorstep, he would feel wrong not taking advantage of it, even if it was delivered by mistake.

When Sun Gui opened the door, he saw Su Changfeng standing there and immediately thought about closing the door.

But before the door could close, Su Changfeng already kicked it open and punched Sun Gui in the face.

“Su Changfeng, what the hell are you doing? Barging into our house to hit me? Do laws even exist?” Sun Gui yelled angrily, holding his face.

“Did you have Tang Qiulu kidnapped?” Su Changfeng’s eyes were full of killing intent, making it impossible for anyone to meet his gaze.

For someone like Sun Gui, who constantly lies, lying was the first skill he learned. He straightforwardly replied, “Why would Tang Qiulu get kidnapped? And since she’s already kidnapped, why are you here looking for me instead of rescuing her?”

At that moment, Zhao Meili emerged from the kitchen, glaring angrily at Su Changfeng, but due to the previous hotel incident, she didn’t dare to get close and shouted, “Su Changfeng, you think we’re easy to bully? You actually dared to come to our house now?”

“I’m asking you one more time, did you have someone kidnap Tang Qiulu?” Su Changfeng asked coldly.

“Su Changfeng, you don’t know who I am? Do I look like I have the capability? Besides, hiring people costs money too. If I had that money, I’d use it to buy something nice to eat,” Sun Gui said.

Su Changfeng knew just how stingy this family was. From Sun Mei's description, those people who kidnapped Tang Qiulu were mostly from the gray areas, and getting people from that domain to act wouldn't be cheap.

"If this has anything to do with your family, you better be ready to die!" After saying that, Su Changfeng left Sun Gui's house.

It wasn't Sun Gui who did it, so now the biggest suspect was Sun Wan.

After Su Changfeng left, Sun Gui quickly shut and locked the door.

"Mom, what if something happens?" Sun Gui was a bit worried and said that with eyes that looked like he was staring at death itself, he could only imagine what would've happened if he hadn't lied.

Zhao Meili said dismissively, "What could happen? This thing was orchestrated by Brother Baldie. Does this guy think he's tougher than Brother Baldie? At this moment, I even hope Brother Baldie sleeps with Tang Qiulu; I want to see what this loser will do."

Sun Gui thought for a moment and nodded, saying, "You're right, plus someone like Brother Baldie probably won't mention our family."

Sun Wan's house.

Sun Chao looked very pained, as if he had been beaten.

Xu Fang's eyes were red, clearly from crying.

Sun Wei's face was as dark as water. Someone had come to his house earlier and forcibly took Sun Wan away, but they didn't know who those people were, and Sun Wei didn't dare involve the police; it wouldn't be good if things blew up.

“It must be Su Changfeng. Who else would kidnap Sun Wan? He’s definitely retaliating against our family. Dad, you can’t just stand by,” Xu Fang said, tearing up again at the thought of her daughter being taken.

Sun Wei also suspected it had something to do with Su Changfeng, but if it was really him, the Sun family didn’t have the means to handle it.

And this time, it was Sun Wan who brought this upon herself. If Sun Wei tried to use his status to suppress Su Changfeng, it would be impossible.

“Did Sun Wan do something behind my back?” Sun Wei asked. Since that previous issue was resolved, in Sun Wei’s eyes, Su Changfeng wouldn’t seek revenge on Sun Wan unless she did something to anger him.

“Dad, don’t you know what kind of person Sun Wan is? Zhou Haiwen has already dumped her, what else could she do?” Xu Fang said.

Sun Wei certainly knew this; it was because Zhou Haiwen dumped her that she went to seek revenge against Su Changfeng and Tang Qiulu.

“Sun Chao, do you know what Sun Wan did?” Jiang Wen said.

“Dad, she…”

“Speak.”

“I heard Sun Wan on the phone earlier. I guess she sent someone for revenge,” Sun Chao didn’t dare to hide this, fearing that something might really happen to Sun Wan.

“Idiot!” Sun Wei erupted in anger. He never expected that Sun Wan would be so reckless to provoke Su Changfeng; it was a foolish attempt at resistance.

Someone like Su Changfeng is even more outstanding than Chen Hai, and little tricks like those of Sun Wan are simply asking for trouble.

“Look at this, your precious daughter is like this, does she have to destroy the Sun family to be satisfied?” Sun Wei, after adjusting his emotions, pulled out his phone.

Although contacting Sun Mei at this moment was a bit shameless, Sun Wei was still an elder of the Sun family and couldn’t let this matter worsen. Even if he had to apologize to Su Changfeng, he couldn’t complain.

Before he could make the call, the door blew open in an instant as Su Changfeng rushed into the Sun house alone.

Upon seeing Su Changfeng, Xu Fang ran towards him, grabbing his clothes with both hands and angrily said, “Su Changfeng, where did you take Sun Wan? If anything happens to her, I will fight you to the death.”

Su Changfeng frowned; Chen Hai’s men had acted unexpectedly and taken Sun Wan away. He absolutely had to see Sun Wan now, for only she knew the whereabouts of Tang Qiulu.

“Su Changfeng, there’s just some internal conflict between us, yet you involved outsiders. Does it have to end with someone dead for you to be satisfied?” Sun Chao said to Su Changfeng.

“I regret not killing Sun Wan before; otherwise, Tang Qiulu wouldn’t have been kidnapped.” Su Changfeng said coldly. He wasn’t afraid of these people knowing he had arranged for Sun Wan to be captured as their relationship was already severed. Why care if it came to all-out confrontation?

Anyone who tries to harm Tang Qiulu would only meet one end – death at Su Changfeng’s hands!

“Su Changfeng, Sun Wan is your cousin,” Sun Wei gritted his teeth and said.

Su Changfeng sneered, “As a cousin, she had her cousin kidnapped. Sun Wei, is this how your Sun family operates?”

Sun Wei’s face turned beet red. Indeed, Sun Wan was at fault, and all the antagonism from beginning to end was caused by her. Even he couldn’t refute Su Changfeng now, but seeing that Su Changfeng had murderous intent towards Sun Wan, he couldn’t just watch Sun Wan head to her death.

“Su Changfeng, release Sun Wan and Tang Qiulu will be safe. Consider this the fault of the Sun family. I, Sun Wei, will apologize and compensate afterward without a word of complaint,” Sun Wei said.

“Sun Wei, it sounds good what you’re saying, but do you even qualify to say it? Your apology? To me, you’re not even worth a dog!” Su Changfeng replied.

“You…” Sun Wei was extremely angry, his finger pointing at Su Changfeng trembling uncontrollably.

“If Tang Qiulu loses even a hair, your Sun family should prepare for annihilation!” Su Changfeng said with killing intent, then walked out of the Sun house.

Sun Wei, hearing this, was so frightened that he sat on the ground in a daze.

He originally thought that after Sun Wan married Zhou Haiwen, the Sun family would be revived and bring honor to it. He placed all his hopes on Sun Wan, but now, because of her actions, the entire Sun family was about to be dragged down.

Sun Wei couldn’t imagine what Su Changfeng’s wrath would turn Bin County into if anything really happened to Tang Qiulu.

Perhaps, to him, the Sun family was nothing but a group of ants.

“Dad, what should we do? He wants to kill Sun Wan. Quickly think of a way to save her,” Xu Fang pleaded, kneeling before Sun Wei.

“Sun Wan has always been arrogant, believing herself superior to Tang Qiulu in every way; hence, she always seeks to suppress her.

“I understand she flaunts in front of Tang Qiulu out of discontent with Tang becoming the head of the Tang Group. She wants Tang Qiulu to see that no matter her status, Sun Wan will always have a better life.

“But truth is, three years ago, Sun Wan was utterly defeated by what we saw as a coward, Su Changfeng.”

“Su Changfeng is the one who could decide Tang Qiulu’s status. Such a person could never be a coward. The Tang family’s old patriarch would never bring a coward into the Tang family.”

“How foolish of me, I should have seen this from the start. That old man was always very shrewd and could never be so foolish in this matter!”

In the end, Sun Wei’s face wore only a sad smile. Looking at Xu Fang kneelling there, he continued, “She ended up like this all because of your indulgence. It’s her own doing, not worthy of sympathy.

Xu Fang’s face turned deathly pale; Sun Wei’s words clearly meant he wouldn’t intervene. But she couldn’t just watch Sun Wan die at Su Changfeng’s hands.

“Sun Chao, your daughter is about to die; think of something quick!” Xu Fang moved to Sun Chao, hitting and kicking him, shouting loudly.

Yet Sun Chao did not dare to resist, didn’t even say a word.

Seeing this, Sun Wei helplessly smiled. “A real coward just like this.”

In the Joyous Sheep Pool Hall, both Tang Qiulu and Sun Wan were locked in the basement, where just a dim light barely allowed them to see each other.

Sun Wan kept shouting they had the wrong person. In her eyes, Sun Gui hadn't explained clearly; she'd paid the money, so why was she captured?

Tang Qiulu didn't shout; hearing Sun Wan's voice made her find it odd, why was Sun Wan captured too?

Not long after, Brother Baldie led a group of men into the basement.

"Brother Baldie, why did you capture me? I paid 20,000 for you to capture Tang Qiulu. I'm not Tang Qiulu; you got the wrong person," Sun Wan said in a panic to Brother Baldie.

Hearing Sun Wan's words, Tang Qiulu was furious; it was Sun Wan who had hired people to capture her!

"20,000? Get lost, why did I only receive 10,000?" Brother Baldie asked.

"It was Sun Gui, definitely Sun Gui who took it. Brother Baldie, release me, and I'll get it back from him," Sun Wan said, hating Sun Gui intensely at this moment.

This bastard had pocketed 10,000 without permission and got her captured by Brother Baldie.

"I will definitely make Sun Gui spit out that 10,000, but you, I didn't capture wrongly, so just stay put," Brother Baldie said, walking towards Tang Qiulu.

"Are you Tang Qiulu?" Brother Baldie asked.

Hearing these words, Sun Wan was stunned.

Tang Qiulu!

She was also locked up here? So everything she had just said, Tang Qiulu heard it all!

“Sun Wan, I never thought you’d be the one to have me captured,” Tang Qiulu said.

Sun Wan, realizing everything was exposed, didn’t bother explaining. There was no point, so she coldly said, “If it weren’t for you, Zhou Haiwen would not have ignored me, nor would I have been so humiliated. Tang Qiulu, why don’t you just die? Your death is the only thing that will appease my rage!”

Chapter 279 Chen Hai is My Husband’s Friend

Tang Qiulu didn’t respond to the words, instead she said to Brother Baldie, “It’s not too late to let me go now, otherwise you’ll regret it.”

Tang Qiulu’s words made all the subordinates behind Brother Baldie laugh, and even Sun Wan couldn’t help but sneer, “Tang Qiulu, do you really think you’re someone important? You dare to threaten Brother Baldie.”

Brother Baldie squatted down, propping up Tang Qiulu’s chin with his hand, and said, “You better listen to what Sun Wan just said. She’s particularly smart and knows that I am not that easy to mess with. Speaking boldly to me, are you tired of living?”

“Chen Hai is a friend of my husband,” Tang Qiulu said.

Chen Hai!

These words made Brother Baldie’s scalp tingle, and he immediately let go.

A friend’s wife of Chen Hai, is she really someone to mess with?

“Brother Baldie, don’t listen to this woman talking nonsense. She’s just trying to scare you. What kind of family Sun Gui’s is, don’t you know? This woman is my cousin,” Sun Wan said.

What kind of family Sun Gui’s is, Brother Baldie already knew, just a useless bunch, even that Sun family is a group of worthless things. Families like theirs couldn’t possibly know Chen Hai!

“Son of a monkey, you stinky bitch, you dare to scare me?” Brother Baldie pulled Tang Qiulu’s hair and continued viciously, “I see you’re prettier than Sun Wan. If your man can’t give me enough money to satisfy me, then be my lover obediently. As long as you make me happy, I won’t bother you.”

Sun Wan felt she had an advantage in looks over Tang Qiulu, but in Brother Baldie’s eyes, she was not as good as Tang Qiulu.

However, at this time, Sun Wan didn’t care, if Tang Qiulu truly slept with Brother Baldie, she would be thrilled. Right now, she even wanted to see what expression Su Changfeng would have once he knew about this.

“Brother Baldie, doesn’t Tang Qiulu have a nice figure? Don’t you want to take a look?” Sun Wan said from the side.

Brother Baldie touched his shiny bald head with a lustful look, saying, “A look wouldn’t hurt, after all, you won’t be losing anything.”

“What do you want to do? Don’t come over!” Tang Qiulu was a little panicked, even Su Changfeng hadn’t touched her, she would never let others touch her.

“Don’t be afraid, I’m quite gentle, just want to look. You don’t lose anything,” Brother Baldie said and reached out his hand towards Tang Qiulu.

At this moment, someone called him.

“Son of a monkey, that fool has no sense of timing, calling me now.” Brother Baldie cursed as he took out his phone, and when he saw who was calling, his attitude changed 180 degrees.

“President Chen, I’ve done everything you instructed before,” Brother Baldie said.

“Where are you now? I’ll come to find you,” Chen Hai said. Tang Qiulu didn’t know where she was, so she’d have to ask Sun Wan.

“I’m at the pool hall now, when are you coming over?” Brother Baldie asked.

“Immediately.”

After Chen Hai hung up the phone, Brother Baldie regretfully glanced at Tang Qiulu and said, “You’re really lucky. I’m meeting an important figure later, I’ll come back to play with you after I’m done.”

After saying that, Brother Baldie led his men out of the basement.

Tang Qiulu let out a long sigh of relief. If Brother Baldie really violated her, she would never be with Su Changfeng, as she would feel unworthy of him.

“Tang Qiulu, don’t be in a rush. Brother Baldie will be back soon. When he does, he’ll make you feel exceptionally good,” Sun Wan sneered.

Tang Qiulu wasn’t afraid because when Brother Baldie answered the phone, he addressed him as President Chen, which was very likely Chen Hai. If Chen Hai came, she wouldn’t be in danger.

“Sun Wan, Chen Hai is coming. Do you think Su Changfeng won’t come? You better consider your outcome. I’ll tell Chang Feng about this, and I won’t plead for you,” Tang Qiulu said.

Sun Wan’s face suddenly changed. With the relationship between Su Changfeng and Chen Hai, if it’s really Chen Hai coming, then she’s truly done for.

“Tang Qiulu, this was all Sun Gui’s idea, it has nothing to do with me,” Sun Wan said, looking tense.

“It’s too late to say that now.”

At the pool hall, it wasn’t long before Chen Hai arrived, and Su Changfeng came along too.

Brother Baldie looked at Su Changfeng strangely, who was this guy? If he were Chen Hai's assistant, he wouldn't be walking ahead of Chen Hai.

"President Chen, I caught Sun Wan as you instructed, is there anything else?" Brother Baldie asked.

Chen Hai looked at Su Changfeng before saying, "Go ask Sun Wan if she sent someone to capture Tang Qiulu. Tang Qiulu is Brother Su's wife, and if even a hair is missing from her, you won't escape responsibility."

Brother Su!

Tang Qiulu!

These two titles made Brother Baldie's legs go weak.

Tang Qiulu was captured, and it was him who had her captured, and just now, if not for Chen Hai's call, he would have been in the basement admiring Tang Qiulu's body.

Brother Su!

Who the hell is this godlike figure, even Chen Hai respects him.

If this Brother Su knew what he did to Tang Qiulu, he'd be in for it, even if he survived, he'd be half dead.

"Brother Su, I know where Tang Qiulu is." Brother Baldie's scalp started to go numb, as if electrified.

"Where is she?" Su Changfeng asked anxiously. He could handle anything calmly, except for matters concerning Tang Qiulu.

Brother Baldie stammered, "She's… she's in the basement."

“You grabbed Tang Qiulu?” Chen Hai was furious, this damned fool.

“President Chen, it’s not my fault, I didn’t know who she was at first. It was all Sun Gui, he came to me with money to go capture Tang Qiulu,” Brother Baldie quickly said.

Sun Gui!

Hearing this name, Su Changfeng was so furious he could almost grind his back teeth to pieces.

“You dare lie to me?” Su Changfeng said with a mocking smile.

When Brother Baldie saw Su Changfeng’s expression, he quickly lowered his head, feeling a suffocating pressure emanating from Su Changfeng, which only true superiors possess.

Brother Baldie was now deeply curious about what his status really was, why he ranked higher than Chen Hai?

“Go capture Sun Gui’s whole family, I want to see to what extent they can treat their relatives!” Su Changfeng said coldly.

“Okay, I’ll send people right away.” Brother Baldie nodded repeatedly, then personally led people to Sun Gui’s house.

The Sun Gui family, who were eating steamed buns, were puzzled by Brother Baldie’s sudden visit.

Brother Baldie knew he had been badly set up by Sun Gui, and this bastard even took 10,000 bucks. It was the first time someone dared to pluck feathers from his hand.

Chapter 280: Set Up

“Sun Gui, you’ve really got some guts, huh? Beat him up hard,” said Brother Baldie.

A few of Brother Baldie's men proceeded to pummel Sun Gui, and even someone as obnoxious as Zhao Meili couldn't dare make a peep now. Although she was a shrew, she knew better than to provoke certain people. Stirring up trouble in front of someone like Brother Baldie was tantamount to seeking one's own demise.

"Brother Baldie, what's going on? I haven't provoked you. Why have your people come for me?" Sun Gui said.

"You damn well took 20,000 but only gave me 10,000. Your guts really have grown, huh? You even dared to pocket my money?" Brother Baldie walked up to Sun Gui and landed a punch straight on his face.

Blood rushed out of his nose as Sun Gui covered his face, crying out in pain.

How did he know about the 20,000? Had that bitch Sun Wan betrayed him?

But how did he end up here with Brother Baldie?

"Brother Baldie, I'll give you all the money. Please spare me this time," Sun Gui pleaded as blood seeped through his fingers, kneeling down.

Zhao Meili was extraordinarily sensitive about money. She had previously given Sun Gui a thousand; why was it being brought up as 20,000 now?

"Brother Baldie, you must have misunderstood. I only gave Sun Gui 10,000 before, so where's this claim of 20,000 coming from?" Zhao Meili, worried about losing more money, felt this matter needed clarifying.

"Another one? So altogether it's 30,000?" Brother Baldie sneered.

Sun Gui almost cried; turns out he could've gotten another 10,000, but with Zhao Meili's comment, he wouldn't see a dime.

“You brat, how did you end up with 30,000? What’s really going on here? Speak up!” She grabbed Sun Gui’s ear and shouted, unconcerned with how severely he was being beaten, since money was more important than her son.

“Mom, it was Sun Wan. Sun Wan gave me 20,000 and told me to find someone to deal with Tang Qiulu,” Sun Gui said.

Zhao Meili couldn’t help but apply more pressure in her grip. Sun Gui had never mentioned that 20,000; clearly, he planned to keep it to himself. Zhao Meili couldn’t accept such behavior!

“Hurry up and hand over the money,” Zhao Meili demanded.

“The money he hands over belongs to me, and it doesn’t concern you one bit. Now get lost,” said Brother Baldie.

Only now did Zhao Meili find herself stunned, regretting her actions to the point of wanting to slap herself. She finally realized the foolishness of what she had done.

“Brother Baldie, 10,000 should be enough to deal with Tang Qiulu, no need for 30,000,” Zhao Meili said, feigning a pitiful demeanor.

“30,000 can get you a front-row seat to witness Tang Qiulu’s final fate. That price is just right, come with me,” Brother Baldie said with an ostensibly indifferent face, although inside he was freaking out.

He was merely following Su Changfeng’s orders at this point, knowing full well that once Su Changfeng took care of these folks, he wouldn’t be able to escape either.

Being able to see it with her own eyes was precisely what Zhao Meili desired.

Previously, she had lamented over not being able to watch personally, feeling like she had wasted her money, but now, having spent 30,000, there was no way to get it back. She wouldn’t miss this chance.

“Brother Baldie, we don’t mind watching, but can we make sure Tang Qiulu doesn’t see us?” Zhao Meili asked.

Seeing Zhao Meili’s smile, Brother Baldie secretly cursed her for being foolish enough not to know whom she had offended.

“Of course, since you’ve paid, I’ll surely prepare well for you,” Brother Baldie replied.

“Then no problem, let’s leave right now,” Zhao Meili said with a smile.

Sun Gui felt somewhat enlightened; Brother Baldie wasn’t usually so compliant, why did he suddenly seem like a different person?

Upon arriving at the pool hall, Brother Baldie led Sun Gui’s family to the basement.

Sun Wan and Tang Qiulu were each in a corner, while two other individuals stood in separate corners.

However, Sun Gui’s family didn’t care about these two people, as they were seen as Brother Baldie’s lackeys.

“You can speak freely; Tang Qiulu’s ears are blocked, she won’t hear anything,” Brother Baldie told Sun Gui’s family.

Zhao Meili hesitated, fearing Tang Qiulu might discover them, so she tentatively called out, “Tang Qiulu.”

Seeing no reaction from Tang Qiulu, Zhao Meili felt fearless and said to Brother Baldie, “Brother Baldie, we’ve paid you the 30,000, you should at least make us feel it’s worth it.”

Brother Baldie coldly replied, “Sure, why don’t you come up with a plan?”

Zhao Meili had already conceived a way in her head: making both Su Changfeng and Tang Qiulu suffer. If Brother Baldie slept with Tang Qiulu, she'd become sullied, giving Su Changfeng a 'green hat'. It was a win-win proposition.

"Brother Baldie, what do you think of Tang Qiulu's appearance?" Zhao Meili asked.

"Zhao Meili, do you know what you're doing?" Sun Fada scolded.

Despite having discussed it casually at home, he hadn't thought to argue against Zhao Meili. But now, saying such things in front of Brother Baldie was inappropriate. Could she truly want Tang Qiulu to be slept with by Brother Baldie?

Zhao Meili glared at Sun Fada, "Sun Fada, why are you interrupting now? Don't you remember I nearly died at the hands of Su Changfeng, that coward? And Tang Qiulu even hit Sun Gui, even if he dies, it won't satisfy my anger!"

"I really want to see his face when he finds out Tang Qiulu got involved with someone else. I can't wait!"

"Zhao Meili, Tang Qiulu is your niece; why are you doing this?" Sun Fada asked.

Coldly, Zhao Meili replied, "What niece? Does she ever give me money to spend? Why should I sympathize? When someone was choking me, it was my neck being strangled, so don't talk big and cozy now."

Sun Fada released his clenched fists, sighed helplessly, "Zhao Meili, Qiulu calls you 'Aunt'."

"I'm ashamed to call myself her aunt," Zhao Meili dismissed Sun Fada and said to Brother Baldie, "Brother Baldie, don't you want a taste?"

Brother Baldie, already sweating from his body after hearing this, glanced at the two people in the corner and asked, "Are you sure?"

“Definitely, don’t blame me Zhao Meili for being merciless; blame Su Changfeng for being too obnoxious,” Zhao Meili grumbled through gritted teeth.

At that moment, the two individuals standing in the corner began to walk towards them, the closer they came, the clearer their features became.

“Su Changfeng!” Zhao Meili exclaimed in shock; why was Su Changfeng here?

“Only now do I realize how deeply you loathe me, Aunt,” Tang Qiulu said, rising from her corner and walking towards Zhao Meili.
