The City 341

Chapter 341: Leaving the Association?

Upon hearing the crowd's ridicule towards Su Changfeng, the person who just revealed Su Changfeng's identity felt extremely proud and satisfied with their previous words. If it wasn't for them, the onlookers wouldn't have seen Su Changfeng in person.

"Su Changfeng, you should thank me now. If it weren't for me, these people would have only heard your name before. But now, things are different, and soon the entire Hai City will know what you look like." The person who revealed his identity said with a smile.

Has Su Changfeng endured little humiliation over the years? Since he was 12, his life ceased to be one of wealth; he was often overlooked by outsiders, always looked down on by family members. These people's sneers and ridicules were nothing more than fart to Su Changfeng.

Ever since joining the Tang Family, Su Changfeng stopped caring about what the outside world thought of him. He even told Ji Hong that he was intentionally enduring, paving the way for his ambitions in the future.

At this moment, Su Changfeng's pursuit isn't just to replace the Su Family. He now wants to find Su Qingtian, and even if Su Qingtian is truly dead, he must find Su's original opponent to understand how they treated Su Qingtian. Su Changfeng is determined to make them pay in blood!

With a cold glance at the association members, Su Changfeng uttered a single word: "Get lost."

The members of the association were stunned by this word, and the onlookers were equally dumbfounded.

Who is he?

He is Su Changfeng, the notorious coward of Hai City.

Yet, the people standing opposite him are top business figures of Hai City, and Su Changfeng dared to tell them to get lost?

“Oh my, has Su Changfeng tired of living? How dare he say such things?”

“He’s the one living off Tang Qiulu, right? Though Tang Qiulu is currently the chairman of the Tang Group, to these people, the Tang Family is just a small group.”

“I didn’t expect that this useless Su Changfeng would also act with borrowed courage. Is he so arrogant now, thinking that since Tang Qiulu became chairman, he can act recklessly in Hai City?”

“Why would Tang Qiulu marry such a man? Not only is he cowardly, but now he’s causing so much trouble for the Tang Family.”

The onlookers shook their heads. Having provoked these people, can the Tang Group have a good time? If Tang Qiulu knew about the current situation, what would she think? She might even regret not divorcing Su Changfeng sooner.

When the association members heard Su Changfeng’s words, they became completely filled with anger. They came looking to trouble Su Changfeng, but he didn’t care about them at all. Now, he even dared to tell them to get lost!

“Su Changfeng, who the hell do you think you are to say the word ‘get lost’?”

“Do you believe within seven days, I can topple the Tang Group, and by then you won’t even have soft meals to rely on? Do you think Tang Qiulu has the ability to help you?”

“You damn idiot, kneel now and apologize to us, or this matter won’t be resolved easily.”

Su Changfeng glared coldly at the crowd; having just returned to Hai City, he was still unsure of Tang Qiulu’s situation. If he wasted more time with these people, it might delay rescuing Tang Qiulu.

“To get rid of you trash, I don’t even need a day!” Su Changfeng pushed people aside and walked away briskly.

Su Changfeng’s actions once again ignited the rage of the association members. Their faces turned pig-liver red; they had just thought they could proudly trouble him, could freely humiliate Su Changfeng, but who knew they were directly ignored by him.

Moreover, there were plenty of onlookers around. If they didn’t make Su Changfeng and the Tang Family pay a price, could they continue in Hai City?

“I’ll make this bastard regret, and the Tang Group will perish with him!”

“He doesn’t need a day to destroy us? These young people sure boast big; since he likes pretending, let’s show this waste our power.”

“Now I look forward to seeing whether Tang Qiulu will kick Su Changfeng out of the Tang Family after it collapses.”

After all, they’re all old friends. Liu Chen, who hadn’t left, kindly said, “I advise you now, let this matter go. Why bring yourself misfortune?”

“Liu Chen, without our sponsorship, your association would’ve shut down long ago. No need for your nonsense about our affairs.”

“From now on, I’m not part of the association.”

“Yes, I’m out too.”

“I’m also out.”

Upon hearing their words, Liu Chen laughed.

These guys didn't care about old ties, so there's no need for him to consider them as friends.

"Fine, I'll watch Su Changfeng host grand banquets and witness your businesses collapse. When that time comes, don't come asking me for help, because even if you do, I can't assist!" Liu Chen turned and walked away after speaking.

After Su Changfeng and Yue Qingshan left the airport, they went straight to Charming.

"Let me take you home first," Su Changfeng said to Yue Qingshan.

He wasn't willing to expose the relationships he had in Hai City yet, especially since Yue Qingshan was a good friend of Tang Qiulu. If she knew this, she would definitely tell Tang Qiulu, so Su Changfeng didn't plan to let Yue Qingshan go with him.

Yue Qingshan was particularly smart, and Su Changfeng intended to use gray areas to find Tang Qiulu. But for this reason, he didn't want to bring her along.

Because Su Changfeng feared she might reveal things to Tang Qiulu that she wasn't aware of, so as long as this concern was resolved, she could come along.

"Are you worried I'll see things I shouldn't, and then tell Tang Qiulu after returning? But you don't need to worry, I saw you at the underground boxing ring before, and I didn't tell Qiulu." Yue Qingshan said.

The underground boxing ring?

Su Changfeng was surprised. Why is she aware of it?

"Don't be so shocked; I'm just curious about that place, so I went for a stroll and happened to see you." Yue Qingshan replied with a smile.

The underground boxing ring is not where ordinary people would go; it's full of hostility, attracting those with hostility to the ring.

Yet, from her appearance, Yue Qingshan seems like an especially gentle girl. Where would this hostility come from?

Using the excuse of curiosity to visit the ring seems unconvincing, considering a genuinely honest girl, regardless of curiosity, wouldn't go to such a place.

Chapter 342: 1 Billion Ransom

"I never expected you to have such a side. Should I try to understand you more?" Su Changfeng said with a calm face.

Previously, he had Zhu Lie investigate Yue Qingshan's identity, and there was nothing unusual about it. However, Yue Qingshan's behavior made Su Changfeng think she was not ordinary. But upon careful reflection on her background, the more it seemed flawless, the more it felt problematic.

Why would a farmer's family suddenly go abroad for business?

"If you want to get to know me, I can give you the opportunity anytime," Yue Qingshan said with a smile.

Su Changfeng remained silent. Now that Yue Qingshan already knew about the Underground Boxing Ring, there was no issue taking her to Charming.

When they arrived at Charming, Zhu Lie, Feng Bin, and Dao Jiu were all present. Yesterday, the three of them had already received the news from Su Changfeng and sent people out to look for clues.

"How's the situation?" Su Changfeng asked Zhu Lie directly upon seeing him.

"We still haven't received any news about your sister-in-law's whereabouts. During the day's surveillance, we saw them being forced into a car and taken away. The driver seems familiar with the surveillance on every street, almost avoiding all the street cameras, leaving no way to track these people," Zhu Lie said.

He was particularly anxious and had tried his best, sending thousands of his men out to search for clues, almost staying up all night. Yet until now, nothing has been found.

Su Changfeng's face was icy. It was caused by Huangfu Heibai. If he used Tang Qiulu to force him to lose the match, the match was already over, and Tang Qiulu should have been released. But since she hasn't appeared, the situation is not that simple.

"What exactly happened? Why was your sister-in-law kidnapped?" Zhu Lie asked with a puzzled expression.

In his eyes, Su Changfeng shouldn't have provoked anyone else, so why did this happen?

"None of that matters now. The most important thing is to find Qiulu!" Su Changfeng said coldly.

Huangfu Heibai will definitely not get away with it, but finding him can be done later. Right now, the primary concern should be ensuring Tang Qiulu's safety.

"You don't need to worry. As long as your sister-in-law hasn't left Hai City, I can definitely find her, even if I have to turn the whole city upside down!" Zhu Lie declared.

At this moment, Su Changfeng's phone rang, displaying the name of his wife.

Considering Su Changfeng's current state of mind, even if a plane suddenly crashed in front of him, his expression wouldn't change. But when he saw the name on the phone screen, he became nervous, even his hands trembled a bit.

Seeing this, Yue Qingshan instinctively clenched her fists. Just a single phone call can make you like this? How deep is your affection for Tang Qiulu?

In the Tang Family for three years, you've faced all kinds of humiliation, yet why do you still love Tang Qiulu so deeply!

As a man, do you really not care about your dignity for Tang Qiulu?

It's not just Su Changfeng who was anxious. Zhu Lie rubbed his nose subconsciously; he always did this when nervous.

Others might not know about Su Changfeng's feelings for Tang Qiulu, but he witnessed their relationship firsthand. For three years, regardless of the weather, Su Changfeng would always see Tang Qiulu off to work. Can an ordinary person manage to do that?

"Answer it quickly! Why are you standing there stupefied?" Zhu Lie reminded Su Changfeng.

Su Changfeng adjusted his breathing and answered the call.

"I want ten billion." After the call connected, a distorted voice came from the other end.

"Okay, how do we make the trade? I need to be assured that Qiulu is currently safe." Su Changfeng agreed right away. Don't mention ten billion; as long as Tang Qiulu is safe, he would even give a hundred billion!

"Your coward husband wants to talk to you."

"Chang Feng, I'm fine, don't worry about me."

Tang Qiulu's voice came through the receiver. From her tone, it seemed nothing was wrong, allowing Su Changfeng to breathe a sigh of relief.

"Are you relieved now? Once you prepare the money, I will contact you." After saying this, the call was ended.

Su Changfeng immediately crushed his phone into scrap metal, gritting his teeth, he said to Zhu Lie: "It's Tang Xiangdong. Find that bastard Tang Xiangdong!"

Tang Xiangdong deliberately lowered his voice to alter it, but for Su Changfeng, the tone was unmistakably familiar.

His tone was always filled with disdain and mockery, and Tang Xiangdong had always been like this, looking down on Su Changfeng.

Previously, Tang Qiulu had told him that Tang Xiangdong was expelled from the Tang Group, but Su Changfeng didn't understand how Tang Xiangdong got involved with Huangfu Heibai.

Huangfu Heibai originally kidnapped Tang Qiulu to secure Sima Chenguang's victory in the match, but the match ended yesterday, so logically, he should have released Tang Qiulu.

But since the one who kidnapped her happened to be Tang Xiangdong, and he's particularly down-and-out now, he definitely won't just let Tang Qiulu go.

In the same room as before, Tang Xiangdong wore a mask. That muscular man was now dead because Tang Xiangdong refused to release Tang Qiulu easily, leading to a clash and accidentally killing the muscular man.

Now that Tang Xiangdong has committed murder, his only escape is to flee abroad, which is why he demanded ten billion from Su Changfeng.

And that ten billion was meticulously calculated by Tang Xiangdong. Currently, the Tang Group could, at most, just provide that amount.

Of course, once the money is taken out, the group would be on the brink of bankruptcy, and Tang Qiulu as chairman would disappear.

He not only wants the money but also seeks revenge against Tang Qiulu, aiming to prevent Su Changfeng from living off her in the future.

"Tang Chairman, your Tang Family is about to go bankrupt. How do you feel now?" Tang Xiangdong said to Tang Qiulu.

Tang Qiulu had sensed something familiar about Tang Xiangdong before, although she couldn't see his face due to the mask. However, from his silhouette, she gradually identified the problem.

"Tang Xiangdong, the Tang Family will never go bankrupt, and you won't get that ten billion," Tang Qiulu said calmly.

Hearing Tang Qiulu directly address him by name, Tang Xiangdong shook all over and suddenly stood up.

"Don't get excited. I recognized you as Tang Xiangdong from the start. Even if you don't admit it, so what? Besides, speaking in a lowered voice is very uncomfortable, isn't it?" Tang Qiulu said.

Tang Xiangdong remained silent, thinking that once he got the money, he could flee abroad. Even if Tang Qiulu saw through him, so what? Once he was overseas, no one would know where he went.

Chapter 343: Kicking Open Tang Xiangdong's Door

After taking off the mask, Tang Xiangdong looked at Tang Qiulu with a vicious expression and said, "So what if you've recognized me? Soon you'll be like a homeless dog, and Su Changfeng won't be able to live off you anymore. But I'll be living lavishly with the ten billion I got. Tang Qiulu, even you have a day like this!"

"For Changfeng, ten billion should be small change, but when you get the money, do you think you can actually use it?" Tang Qiulu replied.

Tang Xiangdong laughed. Ten billion is small change? Is she hallucinating? Even if she wanted to make Su Changfeng look good, there was no need to brag like this, right?

While picking his ear with a disdainful look at Tang Qiulu, he said, "I never thought you would also brag like this. But don't you think if I would believe what you're saying?"

Tang Qiulu smiled slightly, "Someone like you wouldn't understand just how formidable Su Changfeng is."

“Formidable? A guy who lives off a woman can also be called formidable?” Tang Xiangdong nodded and continued, “He’s indeed quite formidable. As a man, he has been mooching off someone and yet his face is so thick. To be able to mooch as he does is indeed formidable.”

Tang Qiulu shook her head. She wasn’t too clear about this either and couldn’t explain it to Tang Xiangdong. However, she knew that this time, Su Changfeng wouldn’t spare Tang Xiangdong. He was courting disaster repeatedly, and his end wouldn’t be good.

“I hope you won’t regret it,” Tang Qiulu said.

“Regret? When that coward Su Changfeng kneels here, then you’ll know whether I regret it or not,” Tang Xiangdong said coldly.

At this time, after clarifying their goals, Su Changfeng and his group let Zhu Lie lead the subordinates to find Tang Xiangdong. As long as he had appeared anywhere before, they could definitely find him. Meanwhile, Su Changfeng went to Tang Xiangdong’s house.

Tang Zhenbang and his wife had completely become ordinary people. Donglin was kicked out of the Tang Group, and Tang Zhenbang was also affected. Now without income, life was particularly difficult, and even eating something good needed careful consideration.

Although Tang Zhenbang didn’t blame Tang Xiangdong in person, he surely held many resentments in his heart. If it weren’t for Tang Xiangdong causing so much trouble, how could the whole family have become so destitute?

Moreover, those in the Tang Family basically avoided them out of suspicion, and hardly anyone came to visit them.

With a bang, their door was kicked open, scaring the old couple into a shiver.

When Tang Zhenbang saw Su Changfeng, his expression immediately turned angry, and he roared, “Su Changfeng, what are you doing here again?”

Su Changfeng approached Tang Zhenbang with a cold expression and asked coldly, “Where is Tang Xiangdong?”

Tang Zhenbang had always looked down on Su Changfeng, but in the past three years, Su Changfeng had been relatively low-key and tolerant, so Tang Zhenbang generally had no issues with him.

However, now that Tang Qiulu became the chairwoman, it was unexpected that even the coward Su Changfeng had become so arrogant, directly barging into their house.

“Su Changfeng, you’ve been quite arrogant lately too. Now that Tang Qiulu is the chairwoman, do you think you can act so overbearing? Our family is no longer in the group, on what basis are you here flaunting your power?” Tang Zhenbang shouted.

“I’ll ask again, where is Tang Xiangdong?” Su Changfeng said coldly.

Tang Zhenbang’s anger flared up. A coward being supported by a woman, coming over to flaunt power at him? Even if she became chairwoman, how could this coward Su Changfeng be so arrogant?

Tang Xiangdong was so capable, yet no better than a coward like Su Changfeng! This was too unfair.

“I don’t know. Even if I did, why would I tell you? Where do you get the right to question matters concerning our family?” Tang Zhenbang said.

> Su Changfeng suddenly grabbed Tang Zhenbang’s collar, pulling him directly in front of him. Due to their height difference, Su Changfeng was almost towering over Tang Zhenbang.

“What are you doing? Let go,” Tang Zhenbang said in shock.

His wife also immediately rushed in front of Su Changfeng, grabbing his clothes, angrily cursing, “You bastard, what are you doing? Let go of my husband.”

“I want to know where Tang Xiangdong is, hurry up and speak!”

“Su Changfeng, what right do you have to point fingers at me? You’re just a coward living off women, why should I tell you where Donglin is? Do you think all men in the world are like you, only capable of mooching off women? Tang Xiangdong is far more capable than you, he’s definitely gone to make money,” Tang Zhenbang said.

“Make money? His way of making money is by kidnapping Tang Qiulu for ransom?” Su Changfeng said, directly pushing Tang Zhenbang away.

Kidnapping!

When this word entered Tang Zhenbang’s mind, his face immediately turned colorless.

Tang Zhenbang was a highly ambitious person. He was still hoping for Tang Xiangdong to reclaim the Tang Family. Now that the group was in Tang Qiulu’s hands, he was particularly unwilling.

He even thought of various shameless ways to target Tang Qiulu, hoping to make Tang Qiulu step down and let Tang Xiangdong regain control of the group.

But those were only thoughts. His courage never allowed him to put those thoughts into action.

He now knew Tang Xiangdong had kidnapped Tang Qiulu. How could he not be afraid!

This could lead to prison, and he only had this one child. If jailed because of this, he wouldn’t have a way to live in the future!

“Stop talking nonsense, don’t slander Donglin. Donglin would never do something like that!” Tang Zhenbang shouted emotionally.

“Do you think I’d make up such a thing for no reason?” Su Changfeng said coldly.

“Why wouldn’t you? I think you’re just jealous of Donglin’s talents and abilities. A coward like you, unable to even hold your head up when standing next to him, would definitely slander him,” Tang Zhenbang said.

The source of his confidence in saying such words was unknown, as if to him, Tang Xiangdong was the only one in the world of exceptional excellence.

“Talent?” Su Changfeng’s face was full of disdain, “Tang Xiangdong is a piece of garbage. How many times has the group been dragged down by him? With someone like him, does he still have talent? Is Tang Xiangdong’s ‘talent’ to drag the entire Tang Family down with him? Tang Xiangdong is just an idiot.”

The word “idiot” made Tang Zhenbang particularly angry. Although Tang Xiangdong indeed did some foolish things, Su Changfeng had no right to be commenting here.

“You’re the idiot. You, an idiot living off a woman, have no right to criticize Tang Xiangdong,” Tang Zhenbang retorted angrily.

Su Changfeng also understood that in the eyes of the Tang Family, he was a complete coward. But he had no intention of clearing up this perception at present. How Tang Zhenbang saw him was of no consequence. Right now, he just wanted to know exactly where Tang Xiangdong was.

Chapter 344: Do you want revenge?

“I’m asking you one last time, where is Tang Xiangdong? If I find him, he’ll surely be dead. If you want to refuse now, you can choose not to speak,” Su Changfeng said coldly.

Tang Zhenbang still remembered the first time he felt afraid of Su Changfeng was before the Tang Qiulu family moved into the Mountain Villa.

At that time, during the first problem with Weishui, he and Tang Xiangdong went to apologize to Tang Qiulu. On that same day, he saw a similar gaze in Su Changfeng’s eyes as now.

Cold as frost, just one glance made him feel chilled to the bone!

“Y-you dare,” Tang Zhenbang stammered.

“It seems you’re planning to test it out. Fine, I’ll show you what his fate will be. Better buy a coffin for Tang Xiangdong,” Su Changfeng said and turned to leave.

Tang Zhenbang was terrified, fearing that Su Changfeng would actually leave like that. Yet he thought to himself, Su Changfeng isn’t useless; would he really dare to kill?

But Tang Zhenbang’s wife didn’t want to lose Tang Xiangdong. Even if Su Changfeng wouldn’t kill him, if the kidnapping of Tang Qiulu was true, Tang Xiangdong would still end up in jail. She didn’t want Tang Xiangdong to suffer.

“I know,” said Tang Zhenbang’s wife suddenly as Su Changfeng reached the door.

Stopping in his tracks, Su Changfeng turned back to look at her, asking icily, “I don’t have time to chat now. If you’re just joking, Tang Xiangdong’s fate will only get worse.”

Tang Zhenbang’s wife shook her head continuously, saying, “I really know where he is. I have a tracker on Donglin’s phone, and I can see his current location.”

Su Changfeng turned to Tang Zhenbang’s wife in urgency, saying, “Give it to me quickly.”

To Su Changfeng, nothing was more important than finding Tang Qiulu now. Meanwhile, at Hai City Airport, an ordinary-looking elderly man with white hair exited the airport, dressed in particularly low-key attire.

If it weren’t for his 1.90-meter stature, probably no one would notice such an old man.

Passersby couldn’t help but glance at him because of his height, and upon closer inspection, they discovered that this old man exuded a very unique aura.

He possessed an incredibly strong presence, akin to a superior, standing anywhere and giving off a formidable vibe that made it hard to breathe.

Two days ago, this old man was spotted in the Imperial City; he was there to visit Su Wei Jun in prison!

With his legs crippled, Su Wei Jun now depended solely on a wheelchair. However, after Liu Chao left, no one else in the cell dared to touch him.

When he heard someone was visiting, he initially assumed Su Changfeng had come to show off, but upon seeing the elder, Su Wei Jun broke down in tears.

This old man, known as Tang Lei, had pursued Shangguan Feihong in his youth and was one of her suitors. He was particularly obsessive.

After Shangguan Feihong married into the Su Family, Tang Lei swore he would never marry, and he kept that promise, never touching another woman. His love for Shangguan Feihong reached its zenith.

The news of Shangguan Feihong's death was especially secretive, known only to noble families of a certain status in Beijing.

When Tang Lei learned of it, he was filled with fury, longing to demand her back from King Yan, though it was impossible. All he could do now was seek revenge in her name.

"Do you want revenge?" Tang Lei asked Su Wei Jun.

Su Wei Jun was in this state because of Su Changfeng. How could he not want revenge? With his legs already crippled, Su Wei Jun collapsed in front of Tang Lei.

"Grandpa Tang, it was Su Changfeng who killed Grandma, and he also ruined my legs. I wish I could cut him into a thousand pieces and send him to Hell!"

“I will help you. Before you finish your prison sentence and come out, I will use a pawn to carry out your revenge.”

A pawn—Tang Lei came to Hai City for this reason.

Tang Lei was already well-informed about Hai City. The first pawn he chose for Su Wei Jun was Tang Xiangdong, because Tang Xiangdong also harbored a deep hatred for Su Changfeng.

Standing outside Hai City Airport, Tang Lei took a deep breath and muttered, “Huo Tian, I personally did not target Su Changfeng; this doesn’t violate our agreement.”

Meanwhile, after obtaining Tang Xiangdong’s location, Su Changfeng drove there alone.

The place where Tang Xiangdong was currently staying was a particularly rundown neighborhood, with extremely cheap rent. Most residents were migrant workers and some local thugs, especially chaotic.

As soon as Su Changfeng parked his car, a few local thugs near the neighborhood entrance eyed him.

The thugs were smoking and acted tough, blocking Su Changfeng’s way.

“Brother, parking in this neighborhood isn’t free, so pay up first,” one thug said to Su Changfeng.

“How much?” Su Changfeng asked coldly.

Seeing how easily Su Changfeng spoke, the thugs grinned.

A straightforward deal like this was as rare as winning the lottery, and they certainly wanted to extort as much as possible. As the saying goes, “only a fool doesn’t take advantage of a good deal.”

“Brother, your car is worth tens of thousands. We have to look after it to prevent anyone from damaging it, and you see we have quite a few guys. At least pay a couple of thousand as our hard-earned fee,” the thug said.

Su Changfeng took out his wallet, and the thug who just spoke looked regretful, as if he thought he should have asked for more.

But at that moment, Su Changfeng tossed a coin with a crisp ‘ding’ sound.

“What the hell do you mean?”

“Damn it, you think we’re beggars? Just one coin for us?”

“Brother, are you blind? Do you know how ruthless we can be?”

The group rolled up their sleeves, ready to fight.

“Here’s a piece of good advice: leave now,” Su Changfeng said coldly.

“Damn, this is our territory, and you’re so arrogant? Who the hell do you think you are?”

“Brothers, get him! Let’s teach this bastard a lesson.”

“If you don’t cough up a few grand, you won’t be leaving.”

This group of thugs frequently extorted people living in this neighborhood and behaved especially arrogantly.

Due to nothing serious happening for a long time, their courage grew bolder and bolder.

Chapter 345: Shocked Thugs

In the eyes of these people, dealing with Su Changfeng was nothing, just beat him up a bit, and he'd obediently hand over the money.

A minute later, Su Changfeng was still standing, but the punks were all lying on the ground, crying out in pain!

"Take care of my car. If there's any scratch, it'll be too much for you to handle!" After saying this, Su Changfeng walked into the neighborhood.

The punks realized they'd kicked an iron plate this time, so they just nodded along, watching Su Changfeng leave.

"Damn it, where did this bastard come from? How can he be so skilled?"

"Damn, we didn't expect to hit a rough patch this time, but we can't let it go just like that."

"Scratch his car, let this guy know what happens when he messes with us. We'll scatter, let him see where he can find us."

These punks were beaten by Su Changfeng, but after he left, they started thinking about revenge — scratch his car and run off since he won't be able to catch them anyway.

In their minds, if they didn't get back at him, how could they hold their ground here in the future?

They could be so poor they couldn't afford to eat, and could eat plain buns in private, but in public, their face was everything!

"Damn it, let that kid go fix his car then."

"Smash up his car."

“There’s probably something valuable in his car, we can’t take the loss.”

A few of them picked up stones and bricks, heading towards Su Changfeng’s car.

Meanwhile, at the neighborhood gate, more than ten cars pulled over, and with a clatter, all the car doors opened, over a hundred people got out, nearly scaring these few people to their knees.

“Wha… what’s going on? Why has our neighborhood suddenly become so bustling?”

“Isn’t that Feng Bin?”

“And Zhu Lie, my God, even Zhu Lie is here!”

After getting out of the car, Feng Bin saw punks standing around Su Changfeng’s car, each holding something, clearly up to no good.

He quickly walked over, this was Su Changfeng’s car after all, if he just stood by and watched it get smashed, he’d be in trouble too.

“What are you doing?” Feng Bin coldly asked the punks in front of him.

These guys could only show off to common people, and now facing someone like Feng Bin, they were so scared they couldn’t even talk properly.

“Bin, Brother Bin, we didn’t do anything, we just live here in the neighborhood.”

“Yes, yes, we just live in this neighborhood. If Brother Bin doesn’t believe us, you can ask others.”

“Brother Bin, why are you here? Did something big happen in our neighborhood?”

Feng Bin snorted coldly, “None of this has anything to do with you. If you think about touching this car, don’t forget your place.”

Then, Feng Bin told the people behind him, “Keep an eye on Brother Changfeng’s car. If there’s even a bit of damage, it’s on you.”

“Yes!”

“Yes!”

“Yes!”

The punks looked at Feng Bin with terror on their faces.

Brother Changfeng!

They didn’t know who Changfeng was.

But they knew the person they just blocked was a big shot, and they actually dared to extort him?

Even Feng Bin calls him brother.

Some of them, the timid ones, sat down in fright, unable to muster any strength in their legs.

After Feng Bin left, the people who had received instructions surrounded Su Changfeng’s car, preventing others from approaching as if it were a valuable relic.

Tang Xiangdong initially gave Su Changfeng three days to get the money as ten billion couldn't be taken out just like that. He had to sell the Tang Group, and together with bank loans, it would almost cover the amount.

But he never expected that Su Changfeng would come so soon.

When the door was kicked open and Tang Xiangdong saw it was Su Changfeng standing outside, he was stunned, but couldn't help shivering.

"Wha… what are you doing here?" Tang Xiangdong was so scared he could barely speak.

Seeing Tang Qiulu tied up in the corner, Su Changfeng's rage erupted. He walked over to Tang Xiangdong with a cold face, kicked him to the corner, picked up a chair, and slammed it on Tang Xiangdong. He only stopped when the chair broke into pieces.

"Stop, please stop." Tang Xiangdong raised his hands above his head, repeatedly saying.

"Looks like the problem will only truly be solved when you no longer exist in this world." Su Changfeng said, looking at Tang Xiangdong with a face devoid of emotion.

Tang Xiangdong knew he wasn't a match for Su Changfeng, but he still didn't believe Su Changfeng had the guts to kill him.

"Su Changfeng, stop scaring me with your damn threats. If you've got the guts, kill me now. I'd like to see if you really dare." Tang Xiangdong said.

Su Changfeng went to Tang Qiulu, untied her ropes, and asked with concern, "How are you? Did you get hurt?"

Tang Qiulu's face showed little worry, and she even smiled, "It's okay, I knew you would come to rescue me sooner or later, I wasn't afraid at all."

Su Changfeng, feeling somewhat apologetic, held Tang Qiulu's hand, "I'm sorry, it's my fault for not considering everything. If I had assigned someone to secretly protect you before leaving, this wouldn't have happened. Don't worry, from now on, no one will be able to hurt you."

Tang Qiulu shook her head, not intending to blame Su Changfeng, and said, "I should be the one apologizing for making you worry."

"Hey, if you two are going to flirt, can't you wait until you get back to do it and untie me already?" Just as Su Changfeng and Tang Qiulu were being affectionate, Lin Qingmeng couldn't stand it anymore. Her hair was standing on end, not to mention, she was still tied up, and they were acting as if they didn't see her.

Hearing this, Tang Qiulu quickly ran to Lin Qingmeng and untied her ropes, "You did say before that you wanted to be tied up for fun, right? Why not enjoy the experience a bit more now?"

Lin Qingmeng blushed. These were things they said in private jokes, but now Tang Qiulu said it in front of Su Changfeng.

"Damn Qiulu, what nonsense are you spouting? Do you want me to reveal your secrets now?" Lin Qingmeng threatened, biting her teeth.

Tang Qiulu had an indifferent expression, not because she wasn't afraid of Lin Qingmeng's threats but simply because she had no dirt to hide.

Chapter 346: Kill Tang Xiangdong?

Seeing Tang Qiulu so indifferent, Lin Qingmeng felt discouraged. Those absurd things she had said before, only she liked saying them casually; Tang Qiulu had never said them in front of her. Thus, where could she find the dirt to threaten Tang Qiulu?

"Su Changfeng, why are you only coming now? Do you know how much suffering your wife has gone through?" After being untied, Lin Qingmeng held Tang Qiulu's hand and saw bruises on Tang Qiulu's wrist, clearly marks from the rope.

Tang Qiulu quickly retracted her hand and explained: "It's just minor injuries, nothing serious."

After seeing Tang Qiulu's wrist, Su Changfeng said expressionlessly: "Let me arrange for someone to take you back."

Upon seeing Su Changfeng's demeanor, Tang Qiulu felt heavy-hearted. Su Changfeng had previously said that only when Tang Xiangdong was no longer in this world would the problems truly be solved. Was he planning to kill Tang Xiangdong?

"Changfeng, you…"

Before Tang Qiulu could finish her words, Su Changfeng interrupted: "Just return safely, I will be fine."

How could Tang Qiulu possibly be at ease? If Su Changfeng really cared that much and killed Tang Xiangdong, it would be breaking the law, and he would be imprisoned for it, which Tang Qiulu could not accept.

"Changfeng, I'm already safe now, please don't do anything foolish, I just want you to always be by my side." Tang Qiulu said somewhat anxiously.

Feeling the care from Tang Qiulu, Su Changfeng felt warmth in his heart, he touched Tang Qiulu's head and said: "Don't worry, no one can separate us two, I will be with you forever."

Listening to these words, Lin Qingmeng's eyes seemed somewhat dazed. If only Su Changfeng had said these words to her, unfortunately, this could only be her inner desire. Su Changfeng's feelings for Tang Qiulu is something that cannot be changed by anyone.

"Qiulu, let's leave first." Lin Qingmeng said as she pulled Tang Qiulu.

Tang Qiulu looked at Su Changfeng and gently shook her head, as if telling Su Changfeng not to do anything foolish.

Su Changfeng smiled, signaling Tang Qiulu not to worry.

After they had left, the smile on Su Changfeng's face gradually turned into coldness, and in the particularly stuffy room during summer, the temperature seemed to suddenly drop significantly.

"Su Changfeng, I understand I'm not your match either. But if you are a man, burn me. Do you have the guts to kill me?" Tang Xiangdong wouldn't want to lower his dignity in front of Su Changfeng.

Because in his view, if he couldn't stand straight in front of someone like Su Changfeng, he would have no face to be a man.

"Since you understand, you shouldn't have provoked Tang Qiulu. You can treat me however you want, even if you want to urinate on me, it's fine; I just see you as trash! But I cannot tolerate you making Tang Qiulu suffer!" Su Changfeng came up to Tang Xiangdong, his eyes filled with murderous intent.

Although Tang Xiangdong mustered up courage, thinking Su Changfeng could at most teach him a lesson, not daring to kill him.

But now looking into Su Changfeng's eyes, he was actually a bit scared.

"Su Changfeng, murder is illegal, you'll end up in jail, possibly die along with me. Do you want such consequences?" Tang Xiangdong said.

"What is it?" Su Changfeng's mouth curled into a charming smile, saying: "Could it be you're scared now? I haven't even made my move, and you're already backing down?"

Tang Xiangdong's beloved retreated two steps, tightly pressed against the corner of the wall. His eyes filled with fear was because Su Changfeng's gaze made him feel that Su Changfeng wasn't joking.

"Su Changfeng, don't act recklessly. Let me warn you that you should carefully consider the consequences of doing such a thing. Murder requires paying with one's life." Tang Xiangdong felt his mouth dry, as if his throat was about to burn.

In Su Changfeng's view, murder was just a whim, and taking Tang Xiangdong's life was as easy as squashing a stink bug, without caring about the consequences.

"The death of Old Madam Tang, it should have been caused by you, right? Now, you said murder requires paying with one's life, so you should pay the price now." Su Changfeng said coldly.

At present, Su Changfeng hadn't found any substantial evidence, but Old Madam died very suddenly, and was poisoned. Apart from Tang Xiangdong, no one else would do such a thing!

Because after Old Madam's death, Tang Xiangdong benefited the most in the Tang Family, the people in the Tang Family were misled by Tang Xiangdong to not see the truth, but Su Changfeng could easily see Tang Xiangdong's motives.

"You are spouting nonsense, Old Madam's death has nothing to do with me, it was clearly Gu Qing'er, and Gu Qing'er together with you killed Old Madam," Su Changfeng said, panicked.

This matter has passed for a long time, Tang Xiangdong thought no one knew the truth, but now Su Changfeng suddenly brought it up, making him unable to stay calm.

"If Old Madam wasn't dead, the chairman of Tang Family wouldn't be you, and you've long wanted to be the chairman. If you didn't kill Old Madam, then who did?" Su Changfeng said.

Tang Xiangdong shook his head with a face full of fear: "No, it's definitely not me, it has nothing to do with me, nothing at all!"

Suddenly, Su Changfeng extended one hand, grabbed Tang Xiangdong by the neck, using one arm's strength to lift him up against the wall.

Tang Xiangdong suddenly found it hard to breathe, using both hands to pull at Su Changfeng desperately, but now he couldn't exert his usual strength, it was just futile struggling.

Struggling with his legs, Tang Xiangdong's pupils became more and more unfocused.

“Old Madam died, I was indeed quite happy seeing that, but you went to provoke Tang Qiulu, which means you are sentenced to death! You will pay with your life.” Su Changfeng began to exert more force.

With a face full of pity, he said to Tang Xiangdong: “When you go to Hell later, ask King Yama about what kind of person I, Su Changfeng, really am. You, as trash, are not qualified to be my opponent!”

Lacking oxygen in the brain, Tang Xiangdong’s consciousness became increasingly fuzzy, now he couldn’t even see people clearly anymore.

Tang Xiangdong felt particularly regretful now, if he had listened to the muscular man earlier and released Tang Qiulu, the situation would not be like it is now, and he would not have this outcome.

But unfortunately, now it is all too late, even if he regrets it now, it is too late.

He hadn’t expected that this worthless Su Changfeng would actually dare to kill him!

At this moment, Su Changfeng suddenly felt a gust of wind coming towards him, instinctively turning sideways, albeit a bit slow, his waist was hit with a particularly strong force.

With a bang!

Su Changfeng suddenly flew up, hit the wall, then fell to the ground.

Chapter 347: Tang Lei

“Tang Lei!” Looking at the white-haired old man in front of him, Su Changfeng gritted his teeth and said. This person had met Su Changfeng when he was particularly young, but the events of that time were unforgettable for Su Changfeng.

Tang Lei had appeared at the Su Family, but because of Shangguan Feihong’s indulgence towards Su Wei Jun, Tang Lei similarly liked Su Wei Jun.

Su Changfeng still remembered in his heart that Tang Lei once gave Su Wei Jun a toy, but when Su Changfeng merely touched it, Tang Lei gave him a heavy kick, knocking him to the ground.

At that time, Su Changfeng was only in his teen years and was kicked by Tang Lei, resulting in a fractured right leg! He had to walk on crutches for three months!

“I didn’t expect you, this little trash, would still remember me.” Tang Lei looked at Su Changfeng with disdain, even his eyes filled with mockery.

Su Changfeng, clutching his waist, struggled to stand up, saying, “If it weren’t for you, I wouldn’t have been on crutches for months. I was just a kid back then, but your hand was extremely ruthless. How could I forget you!”

“Trash is trash. Should I have considered your age? Not forgetting is good. You’d better remember this all your life. Maybe in your next life, if you still remember, you can come seek revenge.” Tang Lei laughed.

Su Changfeng’s expression became serious. Why did this old man Tang Lei suddenly come to Hai City? As a suitor of Shangguan Feihong, Tang Lei’s infatuation was admirable, but Su Changfeng could not hold any goodwill towards him.

Because he was exactly like Shangguan Feihong, only valuing Su Wei Jun, always considering him a waste.

“Tang Lei, Shangguan Feihong is already dead. You will never have her in this life. You really are pitiful.” Su Changfeng said.

Tang Lei’s eyes instantly filled with murderous intent. Shangguan Feihong’s death was a huge blow to him, and Su Changfeng talking about it now was clearly rubbing salt in his wounds.

But at the same time, Huo Tian’s words flashed in Tang Lei’s mind. If he dared to harm Su Changfeng, Huo Tian would intervene.

Tang Lei could disregard Su Changfeng, but he dared not ignore Huo Tian, as the Su Family's bodyguard was not someone he could overlook.

"Tang Xiangdong, do you want revenge?" Tang Lei turned to ask Tang Xiangdong.

Tang Xiangdong had nearly died just now. When he finally regained his senses, he saw the white-haired old man standing there.

Although Tang Xiangdong did not know who he was, he could tell that this elder was probably not a simple character.

Being able to kick Su Changfeng flying with one kick was undoubtedly a sign of strong capability.

"Yes, I really want to." Tang Xiangdong said firmly.

"Kneel down and bark like a dog, then I will give you a chance." Tang Lei said, looking for a pawn to help Su Wei Jun, ensuring he wouldn't have any thoughts of betrayal. That's why Tang Lei was so forceful in front of Tang Xiangdong.

Tang Xiangdong glanced at Su Changfeng, making him bark like a dog in front of Su Changfeng would be utterly humiliating.

But if he didn't do it, how could he have a chance for revenge?

"Woof, woof." Tang Xiangdong knelt and barked crisply.

Tang Lei smiled faintly, saying, "Very good, stand up, but always remember your place. You are just a dog."

"Yes, I am just a dog." Tang Xiangdong said, lowering his head.

“Now you have a chance to take back some interests from him, as long as you have the guts?” Tang Lei asked.

Tang Xiangdong looked at Su Changfeng, almost having died at his hands earlier. The fear in his heart for Su Changfeng still existed. But he also understood, if he didn’t take action now, he’d likely be kicked away, and the chance for revenge would disappear again.

“Su Changfeng, oh Su Changfeng, you never thought you’d have a day like this, did you? Weren’t you just acting so arrogant? Let’s see how tough you really are!” Tang Xiangdong, holding an empty bottle, approached Su Changfeng.

With a bang, the bottle smashed on Su Changfeng’s head, and blood flowed down Su Changfeng’s forehead.

Su Changfeng did not retaliate because he knew he was no match for Tang Lei. Grandpa Huo had once told him, this old man Tang Lei had retired from a special forces unit and even had military honors.

Plus, with Tang Lei’s kick just now, Su Changfeng didn’t successfully dodge it, clearly showing a significant disparity in their strengths!

Seeing Su Changfeng not fighting back, Tang Xiangdong, who was initially a bit scared, became more arrogant. With Tang Lei backing him, he now feared not Su Changfeng.

“Trash, get up and fight me! Weren’t you so powerful? Come on~!” With that, Tang Xiangdong kicked Su Changfeng on the shoulder.

Although Su Changfeng didn’t retaliate, the recoil of the force still made Tang Xiangdong fall.

The particularly embarrassed Tang Xiangdong didn’t think he was useless; instead, he felt quite happy. He had been beaten by Su Changfeng several times and had always wanted revenge. Now with this opportunity, he intended to teach Su Changfeng a lesson.

With a slap!

After a slap landed on Su Changfeng's face, Tang Xiangdong felt particularly elated. He became even more arrogant, laughing loudly and mocking, "Haha~! Su Changfeng, aren't you going to let Tang Qiulu come to save you now? If that bitch Tang Qiulu is willing to kneel, I might spare you."

Su Changfeng's face instantly turned extremely dark. Tang Xiangdong's actions at this moment might only give him some minor injuries, but this trash, even if he stood still for him to hit, would never be able to severely injure Su Changfeng.

"Tang Lei, are you looking for a pawn for Su Wei Jun? But even a waste like Tang Xiangdong interests you, it seems you are just like him, a waste." Su Changfeng said coldly.

From the moment he stepped in, Tang Lei had been suppressing his temper, but Su Changfeng's words made it impossible for him to restrain it any longer. However, just as he began walking slowly towards Su Changfeng, an elderly man appeared once again at the doorway!

As Huo Tian calmly walked in, Tang Lei's anger instantly dissipated. He could crush Su Changfeng like an ant, but he didn't dare to do so in front of Huo Tian.

"It seems you've forgotten our agreement. Does this mean you violated the terms, so I don't have to adhere to them either?" Huo Tian walked over to Su Changfeng, helped him up, and casually said to Tang Lei.

Tang Lei's eyelids reflexively twitched, having spent most of his life in fear of Huo Tian, it had become habitual.

Chapter 348: Lost All Face

Whenever he sees Huo Tian, he can't stand tall and speak confidently in front of him.

Given Tang Lei's current strength, why does he sit by as Shangguan Feihong marries Su Qingtian without taking any action? It's because of Huo Tian; he doesn't even dare to touch a hair on Su Qingtian!

"I didn't attack him," Tang Lei said.

Huo Tian chuckled, looking at Tang Xiangdong, and said, “If you weren’t backing him, would such a coward have the courage to make a move?”

Tang Xiangdong didn’t know who Huo Tian was, but felt that the old man who just entered spoke arrogantly and directly called him a coward!

“Old man, who are you calling a coward? You’re half a step into the grave already, where do you get the audacity to butt in?” Tang Xiangdong said scornfully, looking coldly at Huo Tian.

Huo Tian didn’t get angry, instead finding it amusing, a gentle smile appeared on his face. He laughed and said to Tang Lei, “What is Tang Xiangdong to you? A protégé or a pawn?”

“That’s none of your business,” Tang Lei replied coldly.

“My disciple was beaten, so as his master, it’s only right for me to help him regain face,” Huo Tian said.

Tang Lei clenched his fist; Huo Tian was clearly provoking him, but he couldn’t make a move against Huo Tian. He wasn’t even qualified to strike, and even if he did, there would be no chance of winning.

“As an elder, if you lay a hand on the younger ones, isn’t that a bit inappropriate?” Tang Lei said.

Huo Tian raised his eyebrows, nodded, “There’s some truth to that. Chang Feng, since your master can’t get revenge for you, it’s time to see what you’re capable of. Don’t worry, if anyone dares to interfere, Grandpa Huo will stop them.”

“Thank you, Grandpa Huo,” Su Changfeng said with a cold smile towards Tang Xiangdong.

Tang Xiangdong shuddered instinctively; how could he possibly defeat Su Changfeng? Without Tang Lei’s support, he wouldn’t dare confront Su Changfeng. If he were to fight Su Changfeng alone, he’d likely end up dead.

Tang Xiangdong hid behind Tang Lei, saying, “You have to help me, otherwise I’m not his match.”

Though Tang Xiangdong wasn’t his disciple, he instigated this whole affair. Initially, he was backing Tang Xiangdong, but now Huo Tian proposed they settle it one-on-one; it was a matter of face between him and Huo Tian. Yet, Tang Xiangdong didn’t even dare to fight, and now Tang Lei’s face was completely lost!

“Tang Lei, I didn’t expect you to be so weak, can’t even stand to watch! What’s the point in making use of such rubbish?” Huo Tian laughed.

Tang Lei gritted his teeth and coldly said, “If you don’t want to die right this moment, then go and fight for me!”

Su Hao looked desperate; clearly, Tang Lei wouldn’t help, but he was no match for Su Changfeng!

Had he known it would turn out like this, he wouldn’t have acted so arrogantly in front of Su Changfeng. He even hit him earlier and now Su Changfeng must be furious; he would surely show no mercy.

Tang Lei stepped aside as Tang Xiangdong saw Su Changfeng walking towards him, his legs slowly losing strength.

He had been beaten by Su Changfeng many times before, so he was very aware of the gap in strength between them.

Even though Tang Xiangdong always thought of Su Changfeng as a coward and never acknowledged his power, he was still afraid of Su Changfeng’s fists!

“Su Changfeng, I was wrong earlier. I’m sorry; I acted out of foolishness,” Tang Xiangdong pleaded, looking at Su Changfeng.

Su Changfeng still had blood on his face, appearing like a demon; his current appearance almost scared Tang Xiangdong to death.

“Don’t be afraid; to you, I’m just a coward. What’s there to fear?” Su Changfeng said coldly.

Thud!

Tang Xiangdong fell to his knees, tears streaming down his face, saying, “I beg you, don’t hit me anymore. I’m a coward, a maggot. You’re the husband of the Tang Family’s chairman now; why bother with someone like me?”

Seeing such a scene, Tang Lei felt disgusted. If there was any other choice, Tang Xiangdong wouldn’t even be an option for him!

“Tang Lei, do you know who he resembles now?” Huo Tian asked Tang Lei.

Tang Lei remained silent; his reputation was thoroughly ruined by Tang Xiangdong.

“He’s just like Su Wei Jun. Everyone thought Su Family’s future lay with Su Wei Jun, but he was the true coward. Shangguan Feihong was merely deceived by villains,” Huo Tian continued.

“Regardless of who the coward is, it doesn’t matter to me. You know my intentions,” Tang Lei said.

“You’re not young anymore, why make it so you can’t enjoy your old age?” Huo Tian asked helplessly shaking his head.

“Are you so certain I’m the one who’ll lose?”

“Absolutely!” Huo Tian replied without hesitation.

At this time, Tang Xiangdong was already beaten into the corner by Su Changfeng, not daring to fight back, taking fewer punches was already a relief.

Tang Xiangdong, now battered, couldn't even manage to beg for mercy, feeling as if his body shattered completely, in pain and despair.

After Su Changfeng stopped, he returned to Huo Tian's side.

"If you're not dead, leave with me now." After speaking, Tang Lei left the room first.

Even though Tang Xiangdong just wanted to lay there in pain, seeing Tang Lei leave, he glanced at Su Changfeng. If he didn't follow, he'd risk dying here, so he forced himself up and hurriedly followed Tang Lei out.

Now, the room was left with just Su Changfeng and Huo Tian. Huo Tian looked at Su Changfeng, face stained with blood, his expression filled with pain as he said, "Since Tang Lei was young, he liked Shangguan Feihong, and the fact that you killed Shangguan Feihong, Tang Lei probably already knows. That's why he's supporting Tang Xiangdong against you."

"Frankly, he plans to help Su Wei Jun take back the Su Family, but to me, the Su Family means nothing, and I won't take any of their assets," Su Changfeng said.

Huo Tian nodded; he understood this well. Long ago, Su Changfeng no longer considered himself part of the Su Family, so why would he take anything from them?

"Tang Lei isn't easy to deal with; do you need me to help?" Huo Tian asked.

Su Changfeng didn't hesitate, shaking his head: "Grandpa Huo, I can handle them, trust me."

Huo Tian had anticipated Su Changfeng's answer. With his resilient nature, it was unlikely he'd ask for help; otherwise, he wouldn't be Su Changfeng.

"You stubborn guy, you've been shouldering everything since you were young. But occasionally, you need to relax, don't push yourself too hard, or it'll be detrimental," Huo Tian said.

Chapter 349: Tang Lei Was Kicked Out

“Grandpa Huo, I have my own ways to relax, so you don’t need to worry, and in my eyes, Tang Xiangdong is nothing at all,” Su Changfeng said.

Tang Xiangdong is indeed nothing. Someone like him doesn’t even qualify to be Su Changfeng’s opponent. However, Huo Tian was still a bit uneasy about Tang Lei, because he couldn’t always rush over like this time, since Tang Lei was not someone who would play by the rules.

“By the way, did Tang Lei hit you?” Huo Tian asked.

“He kicked me once,” Su Changfeng replied.

Huo Tian smiled and said, “Grandpa Huo always keeps his word. I’ll take revenge for that kick he gave you later on, and it’s also a good opportunity to warn that old guy Tang Lei to behave himself for a while.”

“Thank you, Grandpa Huo.”

“If there’s nothing else, I’ll be on my way,” Huo Tian said as he headed toward the door.

Su Changfeng seemed like he wanted to say something, but didn’t open his mouth. After Huo Tian reached the door, he spoke up, “Grandpa Huo, I have something I want to ask you.”

Without turning around, Huo Tian said, “If it’s about Su Qingtian, Grandpa Huo can’t give you an answer. I can only tell you that anything is possible, and you must verify it for yourself slowly. But doing so is particularly dangerous, so you must think it over carefully.”

After saying this, Huo Tian left. Su Changfeng stood there with a determined expression. Dangerous? In his eyes, no difficulties or dangers could stop him from finding information about Su Qingtian. As long as he can’t confirm that Su Qingtian is dead, Su Changfeng will not give up.

Because in Su Changfeng’s heart, Su Qingtian was his only family. Even his birth mother, Ji Hong, in Su Changfeng’s eyes, was nothing more than a stranger!

Meanwhile, even though Tang Lei left with Tang Xiangdong, he was eager to kill Tang Xiangdong right now. He had just lost face in front of Huo Tian, and his old face was still burning hot.

But Tang Xiangdong is exactly that kind of person, a waste from head to toe, completely incomparable to the enduring Su Changfeng.

However, Tang Lei had no choice. Right now, the only pawn he could think of and find was Tang Xiangdong.

His hatred for Su Changfeng made him eager for revenge. If Tang Lei could offer Tang Xiangdong some benefits in this matter, then he would become an exceptionally loyal dog. After Su Wei Jun gets out of prison, Tang Xiangdong could become Su Wei Jun's help.

Even though Su Wei Jun's sentence was reduced due to Tang Lei's influence and Su Wei Jun's good behavior in prison, he still had to stay there for a few more years.

And once having stayed inside for years, upon release, Su Wei Jun would find the world before him incredibly unfamiliar. Tang Lei needed to train a dog that could act as his eyes and ears for Su Wei Jun's sake.

As Tang Lei continued walking, although Tang Xiangdong didn't raise his head, he thought disdainfully in his heart that compared to that old man earlier, this old guy was clearly a step behind. Yet he was ready to become a dog for people like that, which made Tang Xiangdong feel a lack of any hope.

"I'll give you a billion, set up a corporation and first destroy the Tang Group. That's what you need to do now," Tang Lei said.

Tang Xiangdong, who had been looking down on Tang Lei just a moment ago, immediately changed his opinion upon hearing this and became extremely excited.

A billion! That old guy would actually give him a billion!

Once he had this billion, he would once again become the affluent young master, and the Tang family members who used to look down on him would surely surrender at his feet again.

“Are you serious?” Tang Xiangdong asked, a bit incredulous.

“Hmph, do you think one billion is a lot? You should really broaden your horizons and not always be a frog at the bottom of the well,” Tang Lei said coldly.

Despite Tang Lei’s disdain, Tang Xiangdong felt no discomfort. Being granted a billion, being able to hold his head high once again before the Tang family members, he wouldn’t hesitate even if he had to kneel to Tang Lei right now.

“Yes, yes, yes, it’s my lack of experience. Don’t worry, as long as you’re willing to give me money, I can absolutely make the Tang Group go bankrupt,” Tang Xiangdong said.

At this moment, Tang Lei suddenly stopped, because Huo Tian blocked his path.

“What do you want to do?” Tang Lei asked, showing some displeasure in his eyebrows.

Huo Tian smiled and said, “You just kicked my disciple, so as his teacher, I need to seek justice for him.”

Upon hearing this, Tang Lei gritted his teeth with anger and said, “Huo Tian, don’t go too far!”

“Too far? If you hadn’t kicked my disciple, why would I be looking for you?” Huo Tian chuckled, slowly approaching Tang Lei.

Tang Lei stood there, not daring to move an inch. He had almost lost all his face just now, and with so many people on the street now, if he got beaten by Huo Tian here, his face would really be swept away.

“I can compensate him,” Tang Lei said.

“My disciple, he never accepts help from anyone, and your so-called compensation, even I don’t care to look at, so of course, he won’t want it,” Huo Tian smiled as he spoke.

At this moment, Tang Lei felt a shadow in front of his eyes, then a force hit his waist, and his feet left the ground.

With a thud!

Tang Lei lay on the ground in a large ‘X’ shape, stirring up a cloud of dust.

With an imposing stance, Huo Tian stood over Tang Lei and said, “If there’s a next time, do you think you’ll have such good luck?”

Ignoring the pain from his waist, Tang Lei trembled with rage, but he wasn’t a match for Huo Tian in skills, so he didn’t dare to act against him.

“Huo Tian, I will absolutely prove to you, I’ll show you how wrong your choice is at this moment. The Su Family belongs to Su Wei Jun; Shangguan Feihong was absolutely right about that. Su Changfeng is nothing but a coward, while Su Wei Jun holds the true Emperor’s Fate,” Tang Lei said viciously.

“I’ll be waiting to see that,” Huo Tian said as he strode off, soon disappearing from sight.

Tang Xiangdong hurried to help Tang Lei up, concealing his disdain, after all, Tang Lei was his current benefactor.

Although he internally thought that the old guy was a waste, he didn’t dare to show it.

However, during their conversation, Tang Xiangdong also gathered some information, realizing that his previous views on Su Changfeng might have been incorrect; he was not just an insignificant son-in-law taken in by the Tang family.

Even though he had never heard the names Su Wei Jun or Shangguan Feihong, the names themselves suggested they were not ordinary individuals.

Could it be that Su Changfeng is actually a significant figure?

“What kind of person is Su Changfeng really?” Tang Xiangdong pondered in confusion.

Chapter 350: Middle East Tycoon Su Changfeng

Tang Lei shook off Tang Xiangdong’s hand and said coldly, "Beijing Su Family, but he’s just someone abandoned by the family."

Beijing Su Family!

Su Changfeng is actually part of the Beijing Su Family!

This realization made Tang Xiangdong’s scalp tingle, the waste he had been targeting turned out to be the young master of the Beijing Su Family?

Thinking back to when Su Changfeng married into the Tang Family, everyone in the Tang Family treated Su Changfeng like a beggar. Tang Xiangdong even considered Su Changfeng nothing but amusement. But who would have thought that someone like Su Changfeng was actually from the Beijing Su Family!

Even if he was just an abandoned member of the Su Family, he was not someone the Tang Family, a small noble family, could compare with.

Now Tang Xiangdong finally understood that the earlier unexpected wedding gift sent to the Tang Family was actually meant for Tang Qiulu. And Tang Siwen always thought it was from some wealthy family interested in her, which now seemed like a joke.

"Are you scared?" Tang Lei said disdainfully.

Tang Xiangdong kept shaking his head, saying, "I have nothing to be afraid of, no need to worry, I will definitely teach him a lesson for you. He’s just a family abandoned child, why should I be afraid?"

Tang Lei chuckled coldly, Tang Xiangdong was pretending to be calm, but how could Tang Lei not know Tang Xiangdong’s true state of mind?

"Just do as I say, and Su Wei Jun will make sure you’re placed in a very important position. You should know, even if you’re just a dog of the Su Family, you can still enjoy wealth and prosperity." Tang Lei said.

"I know." Tang Xiangdong replied.

"Don’t tell anyone what I just said, if others find out about Su Changfeng’s identity, better prepare a quality coffin for yourself." Tang Lei said softly.

Su Changfeng hadn’t shown his face in Beijing for a long time, the upper-class families in Beijing even thought he had died of illness. If news got out that Su Changfeng was still alive, it would certainly cause quite a stir in Beijing, which would be particularly unfavorable for Su Wei Jun’s reclaiming of the Su Family.

"You can rest assured, I will keep this matter strictly confidential."

Meanwhile, Su Changfeng had already been escorted to the hospital by Zhu Lie and the others, with his head struck by Tang Xiangdong. Although the injury wasn’t severe, a period of rest was needed.

In the hospital room, Zhu Lie, Dao Jiu, Feng Bin stood there looking at Su Changfeng with his head wrapped up like a dumpling. None of them dared to look directly at Su Changfeng.

"If you want to laugh, go ahead and laugh." Su Changfeng said with a look of resignation.

"Pff~! Hahaha ha!" Zhu Lie was the first to laugh, laughing heartily, then awkwardly waved toward Su Changfeng, "Chang Feng, sorry, I really can’t hold it anymore, don’t blame me, because you really look so funny right now."

"Brother Changfeng, with your current look, if you go to Dubai for a trip, you'd definitely be mistaken for a mogul." Dao Jiu also couldn't hold it.

Feng Bin didn't dare say a word, and he did not have the guts to laugh, because his position was not as high as Zhu Lie and Dao Jiu. He had to endure, even if it killed him.

Su Changfeng sighed helplessly, being ridiculed by Zhu Lie and the others was fine, but if Tang Qiulu found out, it would be hard to explain.

"If you've had enough of laughing, hurry up and find me a way, preferably one to keep it from Tang Qiulu." Su Changfeng said.

Zhu Lie plopped on the bedside, advising Su Changfeng, "Chang Feng, I advise you to give up this idea. Our sister-in-law is not a fool, even if you hide it, it wouldn't be for long. And if she finds out later, she'll definitely blame you. I suggest you just tell her honestly."

"I just don't want her to worry about me." Su Changfeng said.

"The only way to keep our sister-in-law from worrying is to tell her everything so she doesn't have to speculate. If you come up with an excuse not to go back, can you guarantee she won't worry herself sick? Hiding it from her will only make her worry more than she already is." Zhu Lie said.

The truth in this was irrefutable for Su Changfeng. If he really used an excuse not to return, Tang Qiulu not overthinking would be a miracle.

"Didn't expect your words to be so logical." Su Changfeng said.

Zhu Lie looked at Su Changfeng with an indifferent expression, smiled and said, "Chang Feng, we've been through these experiences, regarding relationships, I know more than you. If you ever have issues you can't figure out, I can be your relationship consultant, the price is fair, what do you say?"

Su Changfeng glared at Zhu Lie disdainfully, this scoundrel was trying to rip him off in a different way.

"Do you really need money right now? Besides, don’t you have a huge chunk of the gray area business chain in Hai City right now? You should have quite a bit of oil money too." Su Changfeng said.

"NO NO NO, compared to you, I still have a long way to go, my meager wealth can’t compare to even a strand of your nose hair." Zhu Lie said humbly.

"Alright, if there’s nothing else, just go and do what you need to do, no need to accompany me here anymore." Su Changfeng said.

The few of them understood, Su Changfeng was perhaps preparing to tell Tang Qiulu about this, and they definitely couldn’t stay here as a nuisance, so each found a reason to leave.

Su Changfeng took out his phone, looked at the image on the screen, and even he started laughing, the bandage resembled a dumpling wrap, just like a rich person from the Middle East.

After finding Tang Qiulu’s phone number, Su Changfeng hesitated for a long time before dialing.

Despite Zhu Lie’s usual unserious demeanor, what he just said was very true, the best way to prevent Tang Qiulu from worrying was to tell her, letting her understand his current situation.

"Chang Feng, how are you? Where are you now? Are you coming back?" Once connected, Tang Qiulu asked anxiously.

After returning home, Tang Qiulu couldn’t calm down, she feared Su Changfeng didn’t hold back and did something irreversible, or that he had really killed Tang Xiangdong.

Even though she had no feelings for Tang Xiangdong, she didn’t want to see Su Changfeng make a grave mistake because of him.

Tang Xiangdong dying wouldn’t be much consequence, but Su Changfeng didn’t need to get entangled because of him.

"Uh... I’m currently at the hospital." Su Changfeng said.

Tang Qiulu suddenly jumped up from her seat, somewhat anxiously asking, "You’re at the hospital? Why did you go to the hospital? Are you hurt? Is it serious?"

Tang Qiulu’s anxious tone made Su Changfeng feel incredibly happy at the moment, he smiled subconsciously and replied, "It’s nothing serious, I just need to rest for a while."

"Where are you now? I’ll come to find you right away." Tang Qiulu asked.
