1003

“Ah.”The teachings director was stunned.

The teachings director asked, “Zhang San, what realm are you in?Why can’t I even feel it?”

“Hahaha, Teachings Director, you’re a strong Ancestor, but you can’t even sense my realm, how do you let so many people look at you.Alright, then I’ll just point it out, under the second level of the Unity Realm Great Perfection, I think I should be invincible, is that enough?”

“What, you you, so young, you’ve reached the second level of the Unity Realm Great Perfection?How is that possible.”The canonical director was shocked.

“Hahaha, isn’t the fact that it’s right in front of you.”

“I don’t believe it, unless you don’t want to hide the realm.”

Omi immediately released the realm momentum on his body.

The teachings director’s body trembled, and indeed, Omi was at the second level of the Unity Realm Great Perfection.

At this moment, it wasn’t just the Director of Teaching Method that was trembling, but also the ten Genius List powerhouses, and all the students in the Back Mountain Martial Arena.

Ziyue’s mouth opened into an O shape, looking at Omi incredulously, although she knew that Omi was very powerful, but she never expected that he would step into the second level of the Unity Realm

Great Perfection, which almost caught up with her grandfather, and Zhang San, who was only seventeen years old.

At this moment, those students, the anger within them towards Omi, completely disappeared, they were still angry before, Omi said that all the students in the house were his grandsons, but now, surprisingly, they appeared incomparable worship towards Omi. The first website m.kanshu8.net

Omi let go of Lei Yang, Lei Yang was also stupid there, Zhang San was a Unity Realm Great Perfection, and he, the difference between him and Zhang San was far, far too great.

The teachings director flew to Omi's side and smiled, "Zhang San, I am now officially declaring that from now on, you are the first place on our Laoshan Academy, Genius List."

"Haha, it's not necessary, I don't plan to stay at Laoshan Academy much longer, it's almost like I'm leaving."

"Why?"

"There's no reason why, I'm not welcomed here, and besides, there's no point."

"How so, Zhang San, I welcome you on behalf of all the students and teachers of this house. Fellow students, do you say that you are happy to welcome Zhang San? Shout quickly." The pedagogical director anxiously made eyes at all the studies.

All the students shouted, "Zhang San, we welcome you."

"Do you hear that, all the students and teachers welcome you." The Head of Teaching and Learning said.

Omi smiled, flew into the air, and said to all the students, "I'm very sorry today, this morning I hit Green Hua and acted violently, I hereby apologize to Green Hua; at noon, I was in a bad mood and unintentionally kicked a rock flying and smashed the roof of Nie Jing's dormitory, after which I was unreasonable; I hereby also apologize to Nie Jing's brother. In the afternoon, Nie Jing came to settle the score with me, I was too heavy-handed and did not consider his face, I also apologize to Nie Jing here; finally, I laughed and said that all the students of the whole house are my grandson, I also apologize to the students of the whole house here. I'm sorry, I, Zhang San, am not this kind of person by heart, but it's because I was in a bad mood because of a certain incident that I did so many unreasonable things. Alright, everyone, I've disturbed you, I'm leaving Zhang San."

Omi prepared to fly away.

"Wait, don't go." How could the Director of Teaching Method allow Omi to leave, a genius of Omi's level was rare even in hundreds of years, and even if he tied it today, he would have to tie Zhang San up.

"Director, is there anything else?"

"Zhang San, our Laoshan Academy is already the top academy in this world, and I don't think you'll be able to go somewhere better after you leave, so I won't let you go."

"Oh, feet are long on me."

>

"It's useless even if it grows on you, I'll have the House Master come now."

The Teaching Method Director immediately sent someone to invite the House Master to come while he watched Omi in the present, not allowing him to leave.

Omi really couldn't leave in front of the strongest of the clansmen.

Not long after, the House Master came and said emotionally, "Where is my own Zhang San?"

Omi was speechless, even kissing Zhang San.

The teachings director said, "Prefect, Zhang San is here."

The government lord was busy flying to Omi, seeing that Omi was indeed seventeen years old, and his realm was also the second level of the Unity Realm Great Perfection, he said excitedly, "My kissing Zhang San."

Omi was busy saying, "House Master, don't call out nonsense, I have no interest in men, especially old men like you."

"Hahaha, Zhang San, from now on, you're my brother, this Laoshan Academy, you're the Vice Prefect. Our Laoshan Academy, there are a total of eight vice lords, and now you are the ninth."

"You."

"Zhang San, do you still want to leave? It's fine, what else do you want, feel free to say."

"House Master, you're crazy, I'm only at the Unity Realm Great Perfection, what qualifications do I have to be the Deputy House Master."

"I said you have, you have, you have reached the Unity Realm Great Perfection at such a young age, this is a genius that you don't meet for a hundred years, in the future, your achievements will definitely be above me, in the future when I die, you will be the House Master, whether our Laoshan Academy can continue to be glorious or not, it's up to you. So, I won't let you go, what demands do you have to put forward."

At that moment, a student shouted, "Prefect, Zhang San likes Lu Yuanqi."

Without even thinking about it, the Prefect said, "That's easy, Lu Yuanqi, come over here."

Lu Yuanqi walked up.

The Prefect said, "Lu Yuanqi, you don't have a boyfriend yet, do you?"

Lu Yuanqi bit her lip and said, "Yes, I just promised Lei Yang last night."

"Oh, Lei Yang, now that Zhang San also likes Lu Yuan Qi, what do you think?"

"I'll let Lu Yuanqi choose." Lei Yang said.

"Lu Yuanqi, do you want to be Zhang San's girlfriend, or Lei Yang's? Your own choice oh?"

"I, I'm, I'm willing to be Zhang San's." Lu Yuanqi, such a genius, the fool is only unwilling, she and Lei Yang, the feelings are not deep, otherwise, would not have chased after him for three years before agreeing, only to be moved by him momentarily to agree. And Zhang San, who was even more handsome and long, there was no reason not to like it ah, besides, the first kiss was still taken by him.

The governor smiled, "Zhang San, do you still want to leave now?"

"House Master, what can I, Zhang San, do."

“Alright, Zhang San, if you really want to leave, you can, but you have to promise me that you’ll always be the vice lord of the Laoshan Academy, and in the future, when you get tired of being outside, you can come back here, this is your home, how about it?”

“Me.”

“Zhang San, count me in for begging you.”

Omi said wordlessly, “Alright, alright.”

Omi inwardly said, “Damn, if I’m doomed to not be able to leave this memory stone, then it’s not bad to be a deputy house master.”

“Hahaha, good, good.”

The teachings director was busy saying, “See Vice Prefect Zhang.”

Omi said wordlessly, “Get up.”

In the crowd, Zi Yue was lost, yeah, no wonder Zhang San didn’t look down on her, she really didn’t deserve it.

Zi Yue internally comforted herself saying, “He’s such a genius, it’s not bad for me to be his sister, I’ve already picked up a bargain being his sister, what do I have to be dissatisfied with.”

In the evening, the House Master and many other powerful people from the academy ate and drank with Omi, and everyone seemed to be on very good terms.

Even Lu Yuanqi was invited and sat next to Omi as a female family member.

Late at night, Omi was walking on the road of the academy, and Lu Yuanqi followed behind him.

“Where are you going?”

“I don’t know.”

“Where’s your dorm?”

“It’s not scheduled yet.”

“Are we, are we really just going to start?” Lu Yuanqi asked.

“I don’t know, didn’t the House Master ask you, didn’t you choose me to be your boyfriend? And ask me if I’m starting.” Remember the URL .kanshu8.net

“But we feel as if we don’t have feelings for each other yet, as if we’re still strangers, and it’s kind of weird.”

“It’s not as if, but really, I feel weird too.”

“So you, do you really like me?”

Omi said to himself, "If I really can't leave this world, then I'll make a pair with you, you're already good enough."

"What did you say?"

"Oh, it's nothing, in that case, stay together and take your time to nurture your feelings."

"Mm." Lu Yuanqi nodded with a blush.

"Then we'll stay at your dormitory tonight."

"Ah, so soon."

"I don't have a place to stay ah, I'm sure I'll stay at your place, I guess those old men of the House Master have forgotten that I haven't arranged a dormitory."

"Alright." Lu Yuanqi was nervous.

Omi followed Lu Yuanqi to her dormitory.

A small two-story wooden house that picked out the cliff face on a small, beautiful cliff.

"Your dormitory is really nice."

"Of course, it's a treatment only for students on the genius list."

“It’s nice to stay here at night, where’s the bathroom, I’d like to take a shower first.”

“In, in, over there.”

Omi entered the bathroom and clattered into a shower, Lu Yuanqi was in a constant state of tension.

Soon, Omi finished washing.

“Alright, I’m done, you go take a shower, it’s getting late.”

“Oh.”

“Hurry up and go.”

“That, Zhang San, I’m, I’m a little, a little nervous, we shouldn’t, we won’t be doing that tonight, right?”

Don smiled, “Of course I will.”

“Ah.”

“We’ve all decided to be together first, and then slowly cultivate our feelings, so what’s the point of long-windedness, let’s just sleep together.”

Omi was open-minded like this first, whether he could return to the real world or not, maybe everything was destined to be, let’s live each day quickly first.

That night, Omi and Lu Yuanqi had everything happen.

“I’m already your woman, will you fail me when you’re strong in the future?”

“Oh, no, well, you should go to class.”

“What about you?”

“I’m the Deputy House Master, what class.”

“Oh.”

Lu Yuanqi went to class.

Omi was alone to practice.

Omi had been drinking and eating with those people from the House Master last night, so he hadn’t wasted the opportunity

Naturally, he asked the House Master many questions about the Unity Realm Grand Perfection, and the House Master told Omi that at such times, don’t have any psychological burden or pressure, and let everything go with the nature and the will of God, and he might break through fast.

That’s why Omi didn’t suppress what he wanted to do and how he couldn’t have feelings with the people of this world and so on, allowing himself to have everything with Lu Yuanqi, everything went according to nature.

No, early this morning, Omi felt that there was indeed a bit of enlightenment.

Omi held on tightly to this bit of enlightenment, and he hoped to step into the third level of the Unity Realm Great Perfection within half a year.

After that, Omi never left Laoshan Academy in the following half year, although the House Master had arranged a large house for him, Omi had been living in Lu Yuanqi's dormitory.

During these six months, Omi cultivated and fell in love with Lu Yuanqi happily at the same time.

After half a year, Omi finally stepped into the third level of the Unity Realm Grand Perfection.

"Yay, the third level of the Unity Realm Great Perfection."

Omi felt that his strength had increased much, much more, and if he were to return to real time right now, Omi would have the confidence to challenge Wang Qi, provided, of course, that Wang Qi hadn't stepped into the peak of the Unity Realm Great Perfection.

"Alas." Omi sighed, although he had the strength to challenge Wang Qi now, but he couldn't go.

"This memory stone, how can I leave? It's so damned F*cked up."

Although Omi had lived with Lu Yuanqi for half a year, Omi still wished to return to his original world, and he wasn't attached to this world because of it.

I don't know what the reason was, it was reasonable to say that after living with Lu Yuanqi for half a year, he didn't want to leave more and more anyway, but in fact, Omi still wanted to go back to be with his relatives more, and he always felt in his heart that Xu Mei Qian, Liona, Simran and others were his relatives.

Just then, a voice sounded in Omi's ears, "Congratulations, you have achieved the required improvement within the allotted time, thus gaining the opportunity to leave the Memory Stone. You now have two choices, first, leave the Memory Stone, and second, continue your training."

"Who are you?" Omi was busy asking.

"I am the stone spirit of this memory stone."

"Yes, Stone Spirit." Omi had never heard of it.

"Why would there be a stone spirit, I've entered memory stones before and never encountered one."

"Those are low level memory stones, what is your choice?"

"Wait, you're saying I can leave this memory stone?"

"Yes. Everyone who enters this memory stone will only have the opportunity to leave if they reach a specified level of improvement within a specified period of time, otherwise, they cannot leave, regardless of whether it is suicide or homicide, as well as the end of the memory stone's recording time."

"Ah." Omi was shocked, Omi finally knew why everyone who had come in before had never gone out, as expected, suicide was impossible to leave, and Omi was glad he hadn't.

"What's your choice?"

Omi asked, "Senior Shi Ling, I have a few questions, this memory stone, how long has it been recorded for?"

"You don't have permission to know."

"Oh, then, this memory stone, how did it come to be? Why is there such a magical memory stone?"

"I'm sorry, you don't have permission to know."

"I'll go, forget it, don't ask."

"Please, tell me your answer."

"Me." Omi wanted to say that he was leaving, but it didn't seem fair for her to suddenly think of Lu Yuanqi and leave.

At that moment, Shi Ling said, "You don't have to hold back with the people in the memory stone, the people and things here are all false, and have long since died in real history."

"Oh, but I'm still feeling a little guilty, can I have a moment?"

"Yes, you've met the conditions, just give me a shout when you want to leave."

"Thanks."
