1009

At Bai Luo Mountain.

“Omi, he has been killed by the lightning I arranged to strike him.”

“Thank you, thank you Senior Shi Ling.”

“You’re welcome.”

“Senior, you are too powerful.”

“I am indeed all-powerful in this memory stone, but only just here.”

“I know, thank you senior.”

In the distance, Zi Yue shouted towards Omi, “Zhang San, come over and play in the water, what are you waiting for.”

Omi busily ran over and stripped off his clothes and jumped into the water.

Lu Yuanqi was watching Omi from the side, looking at all of this, inside, there was always a feeling, as if she had once experienced *déjà vu*, she couldn’t help but secretly think, did she also come here to play in the water in her last life? However, as soon as her feelings appeared, they were erased by the stone spirit of the memory stone.

For more than two months afterwards, Omi continued to accompany Lu Yuanqi and Zi Yue. The debut website [m.kanshu8.net](http://m.kanshu8.net)

Just like that, in the blink of an eye, three months had passed.

“Senior Shi Ling, three months have arrived, when did this memory stone world go still?” Don Zimmer asked.

“Tomorrow morning, silence.”

“Good.”

The next morning, Don Omi got up early and made breakfast.

“Wow, you’re even up this early to cook for us.”

“Hey, Ziyue, Yuanqi, have breakfast and see how my cooking is.”

“Mmhmm, thanks.”

Omi looked at Zi Yue and Lu Yuanqi, happily eating their breakfast, Omi said inwardly, “Zi Yue, Yuanqi, goodbye.”

This was their last breakfast.

But they didn’t know that and were happily eating.

Just when they were halfway through eating, suddenly, the whole world stood still, the buns they were holding were still in their hands, and even the buns in Lu Yuanqi's mouth hadn't been swallowed yet, the whole world, like frozen.

Only Omi was still able to move because of Shi Ling's special care.

Omi looked at the motionless Zi Yue and Lu Yuanqi, walked up to them, touched their faces and said, "Goodbye."

After saying that, Omi suddenly felt his brain go black and lost consciousness, and when he opened his eyes, he found that he was in the water, and his body was emerging from a crack in the rocks at the bottom of the water to the surface.

Not long after, Omi emerged out of the jellyfish, then, Omi felt his body being rushed by the water, Omi realized that he was at the top of a waterfall, being washed down along the waterfall, this waterfall was the same waterfall that he had entered the underground city before, the entrance to the underground city was in the stone cave behind this waterfall.

"Word." Omi's entire body smashed into the pool of water below the waterfall, and a few seconds later Omi floated out.

Omi immediately saw that a wooden house was built a hundred meters in front of the waterfall.

"Hm? When did they build a wooden house over there? It doesn't seem like there was one before." Omi climbed out of the water in confusion.

The wooden house was built by Xiao Meng, who didn't believe that Omi had really disappeared forever and vowed to wait here for his return, so she built the wooden house and kept watch. Liona, Simran, Xu Mei Qian, Shangguan Zhuo and others, as well as Liu Yue, Yang Yijian and Wang Xing, all of them came here, they all waited here together for Omi to return, they believed that Omi would definitely return.

Omi walked into the wooden house and found no one there, Omi saw that there was food and immediately took it out to eat, because Omi felt so hungry.

Just then, a scream came from the door, "Ah."

Omi turned around and saw Liona standing at the door.

"Xiang'er, why are you here."

"Omi, you you you."

Just at this moment, a group of people outside flew in, and when they saw Omi, everyone was surprised and happy, unable to believe that this was real.

"Brother Omi, you're really back."

"Haha, I'm not so

Easy to die, by the way, why are you all here?"

"I didn't believe you were dead, so I waited here for you to come back, and then I informed everyone about you, except for Yan Yu, the Wanderer siblings, everyone else came and waited here with me for you to come back, but I didn't expect you to come back after just less than ten months."

"Hehe, I'm sorry for putting you all through this."

"Great, brother Omi, you're finally back."

Everyone was so happy and talked a lot, Omi also told them about entering the memory stone, of course, Omi didn't say anything about Ziyue and Lu Yuanqi, this could be considered mental infidelity, although Omi didn't do anything with them physically, but mentally, it was everything that happened with them.

"I'll go tell the Island Master, who has also been feeling guilty about this, that you're back now. By the way, after you disappeared, the Island Lord took care of us and guided all of us in martial arts training, and now we're all making very great progress."..

Omi said, "Let's go find him together."

Omi arrived at the Peach Blossom Garden where the Island Lord lived.

"Omi, you, you're back?" The Island Master seemed excited, not only because Omi had returned, but also because, was there any news from his senior brother.

Omi replied, "You guys go play somewhere else, I'll talk to the Island Master."

"Good."

Omi and the island master sat down in the pavilion, the island master was very anxious, but did not rush Omi.

Omi smiled and said, "Island Master, you must be full of questions right now, so let's start with where I've been. In that underground city on Martial Island, there's a hidden memory stone, this hidden memory stone is different from the other places on Martial Island, it's a more advanced memory stone, I, it's just bad luck, I got sucked into the memory stone."

“Ah, no, after messing around for half a day, it turns out that the reason for the inexplicable disappearance was the memory stone.”

“Yes, the truth is often quite simple.”

The Island Lord smiled, “Yes, I used to think that haunting or something, but the truth is so simple. Then, after you entered the Memory Stone, could you have news of my senior brother? I guess not, after all these years, even I’m so old, my senior brother, no, my senior brother shouldn’t have entered the memory stone, or else he would have come out long ago after the memory stone ended.”

Omi said, “Island Master, you’d better stop guessing, I’ve seen your senior brother.”

“What?”

“Yes, after I entered the Memory Stone, I came to a place called the Purple Mansion, that Purple Mansion is where your brother lives, your brother has been living in the Memory Stone for over a hundred years, because your brother possessed a child, so he’s younger than you, he’s already married and has a large group of children in the Memory Stone, he’s already a grandfather.”

“How long does the memory stone record time, Don Omi?”

“I understand from the stone spirits that it’s about five hundred years.”

“What, five hundred years?” The island master was shocked, oh my god, this memory stone is so advanced.

“Your senior brother also asked me to greet you.”

Omi told the story about the memory stone one by one, and before he knew it, it was already dark.

Omi also stayed at the Peach Blossom Source and did not return to the wooden house in front of the waterfall.

That night, just to see each other again, Omi and Liona, Xu Mei Qian, Shangguan Zuo, and Simran, of course, speak for themselves. Only, Xu Mei Qian's words, let Omi quite sweat, Xu Mei Qian said, Omi so long without banging women, but Omi actually, not, however, Omi is spiritual.

The next day, Omi asked, "What time is it now?"

"It's now almost ten months since you disappeared, it's March or April of the following year."

Omi nodded, "So, I'm now 24 years old."

"Yes."

"Oh, so it's now two years left until my duel with Wang Qi?"

"Two years and two months or so, Tzu-Chen, only two years left, is it too late? If it's too late, postpone it, and no one's talking about you anyway."

Omi snorted, "Joke, I'm too long now, not too short, heck, I still have to wait two years."

"Ah." A few of the youngsters were stunned, so Omi was complaining that it was too long.

“Omi, weak question, what’s your strength now?”Wang Xing asked.

“The third level of the Unity Realm Great Perfection.”Omi said.

“Wow, you’ve improved so much since you entered the Memory Stone.”

“Right.”

“But Wang Qi is also at the third level of the Unity Realm Great Perfection, and he also defeated the peak Old Master of the Famous Sword Villa, so you’re confident?”

Omi smiled, “Honestly, my confidence is so high right now, I’m pinching him to death without taking a breath.”

“Wow.”Everyone was horrified and worshiped when they saw how confident Omi was, and they didn’t even take a breath to squeeze him to death.

“So, there are still two years left, I really can’t wait.”Omi looked as if he was going to kill Wang Qi.

“But, you’ve already agreed with him for three years, so if you go early, you’ll be gossiped about.”

“Then send him a letter of challenge and tell him that I’ll be there in a month.”

“Okay, I’ll write the letter,”Wang Xing said.

With that, Omi wrote a letter to inform him, out of humanitarianism, that the duel had been brought forward to next month.

At the same time, the matter quickly spread to the world.

A few days later, in the Yanhuang Empire's palace.

“How was it? Does that Omi continue to stay in Wulin Island?”

“Yes, he has never left Martial Island, perhaps, Omi knew you would kill him.”

“This son of a bitch, as long as he dares to take half a step away from Wulin Island, I'll exterminate him, dueling with me after three years is ridiculous, I'm not in the mood to duel with you, let alone allow you to grow up.” Wang Qi gritted his teeth and said, if he thought that Wang Qi really kept his promise, he was wrong, he would kill Omi as soon as he had the chance. He knew that Omi was gifted, he wouldn't be foolish enough to fight a duel with Omi, and he would slaughter Omi a day sooner if he could.

It was just that Omi had stayed on Martial Island, he couldn't kill him even if he wanted to, because the Martial Island Lord was there, where would Wang Qi dare to go, so Wang Qi had been sending people to see if Omi had left Martial Island, and the news he got was that Omi hadn't left Martial Island.

Just at this moment, one of his brothers outside ran in.

“Brother, I received a letter sent to you from Martialwood Island, signed by Omi.”

“What? Omi sent a letter to me, bring it to me.”

Wang Qi took a look, it was a challenging letter, time, eighth day of next month, location, Yanhuang Empire Wangjing City.

“Brother, what does the letter say?” One of Wang Qi’s brothers asked, he only had three brothers left now.

“Omi, he actually issued a challenge to me, on the eighth day of next month.” Wang Qi said with some incredulity, this was completely unexpected.

Originally, Wang Qi thought that Omi was looking for death when he said that he would fight him in three years, but he didn’t expect that Omi would challenge him in less than a year.

“Ah.” Wang Qi’s three older brothers

The younger brothers were all shocked.

“Big brother, Omi took the initiative to advance the time by two years, which means that Omi is very confident in himself. Big brother, what makes Omi think that he has the strength to challenge you now?”

Wang Qi snorted, “This idiot Omi, if he wants to come early to get killed, then let’s do it.”

“Big brother, are you sure you’re confident?”

“Crap, do I, Wang Qi, have such an easy time losing? What kind of thing is Omi, it’s time to make an end to this, I’d like to see what makes him think that after only ten months, he can challenge me.” Wang Qi gritted his teeth and said, there was a rage within him that could only be dissolved by slaughtering Omi to his face.

“Big brother, Omi dares to challenge you, and two years in advance, he must have very great confidence ah.” One of his men said worriedly.

“Don’t I have confidence? Compared to last year, I’ve doubled that will to kill, if I only had 1.5 drops of intention before, but now, I’m afraid I have 3 drops of intention, I don’t believe that I can’t slaughter Omi.” Although Wang Qi also suspected that Omi had improved a lot, he also possessed an extremely high level of confidence in himself.

But Wang Qi didn’t know that Omi threatened to pinch him to death without taking a breath.

At Martial Island, the island master said, “Omi, did you really decide to duel with Wang Qi early?”

“Yes, I’m afraid the challenge is already in Wang Qi’s hands.”

“Omi, why didn’t you ask me, I’ve fought with Wang Qi, I can judge the contrast in strength between you and him.”

Omi smiled, “Thank you for your concern, now judge as well, Island Master, please.”

The Island Lord smiled, “In that case, let’s forget I didn’t say anything, come on, let’s move our hands and see how much your strength differs from Wang Qi’s. Before we do it, I’ll spread one thing to you first, and that is, every strong person who has reached the peak of the Unity Realm Grand Perfection has an idea within him, an idea that is a very wonderful feeling, as if it’s an idea that can definitely kill the opponent. If you can’t understand what I mean, then that means you haven’t even reached this level, then you’re not even worthy of fighting Wang Qi yet. Omi, now you tell me first, do you understand this idea I’m talking about?” The Island Lord was very serious because he was suspicious that Omi was momentarily arrogant, thinking that he had the strength to challenge Wang Qi, when in fact he didn’t even have it yet, not even knowing about that mysterious idea, and then hastily issued the war. Of course, the Island Master was also a bit angry that Omi hadn’t told him about such an important matter, so he could have been the gatekeeper for Omi as to whether he had the strength to challenge Wang Qi or not.

“Hahaha, Island Master, you’re overly worried, if I haven’t even comprehended the must-kill idea, why should I fight with Wang Qi. It’s just that what I didn’t expect is that the idea of certain death, so you guys know it too, I thought that in this world, only Wang Qi and I have comprehended it, hahaha, it seems that I’m arrogant.”

The Island Lord smiled, “Indeed arrogant, I dare say that everyone who has stepped into the pinnacle of the Unity Realm has comprehended it, it’s just a matter of how much they have comprehended, otherwise, how could I have hung Wang Qi last year, also, the difference in strength between the 29 pinnacle powerhouses in the world is reflected in the difference in intent.”

“Good, Island Master, then let me see how much you have comprehended about the idea of certain death.”

“Please.”

“Please.”

A strong force field was created between the two of them, swirling a gale, and the two people who had comprehended the idea of certain death were dueling against each other, and before they had even made a move, the idea was already fighting.
