In the sky, Black Jiao's tail rolled around Omi and flew in the clouds.

The Fire Demon Beast also followed one side.

"Big Brother Black, will I die, Brother Chen."

"Shut your foul mouth, you're cursing know that, I can totally sue you for cursing brother Chen."

"I, I'm just worried about Chen-go."

"Alright, there's no way I'm going to die, I'm just in a coma."

"So when is Minho going to wake up?"

"How would I know, looking at him he should be badly injured, I'm afraid he didn't wake up so quickly, luckily we followed him here from the Divine Dragon Sect. Brother Chen is really, brought us to this world, and then let us now stay under the Divine Dragon Sect mountain, as a result, he went away and never came back, disappearing for a year. Fortunately, your big brother Black was shrewd enough to anticipate that Brother Chen would be here, so he followed the head of the Divine Dragon Sect here."

"Brother Chen must have something to do to not come to us for a year, besides, didn't we hear that Brother Chen was expelled from the Divine Dragon Sect."

"Come on, you nerd, brother Chen must have gone to close the door to impact the sect for a year, otherwise why would he have left us at the bottom of the Divine Dragon Sect mountain."

"Ah, Brother Black, you're saying that Brother Chen has stepped into the Ancestor Realm?" One second to remember to read the book

"Tell me you don't believe me, you dork."

"Wow, Chen is awesome. So now where are we going with Chen? We're not familiar with this world at all."

Black Jiao snorted, "Little Fire, your intelligence is really worrying brother for you."

"Big Brother Black, I don't understand."

"Silly, if we're not familiar with this world at all, then why are we staying in this world? We're not going back to the other world."

"But we don't even know which direction the Bottomless Abyss is in, we're not familiar with this place."

Black Jiao snorted, "Is it hard to defeat your clever big brother Black with such questions? Silly boy, stay close to me."

Black Jiao suddenly accelerated and flew off in a certain direction.

At this time in the Liang Shan School, the crowd that had just escaped had slowly approached the square where the Martial Arts Conference had just been held, after all, it had been more than twenty minutes, and there had been no movement there.

Everyone was filled with doubts, what was going on, why had Omi suddenly become so terrifying, it was almost impossible to figure out.

When everyone approached, they found that Omi was indeed gone, only the bodies of the ally and the others, as well as the cage filled with iron water.

"Where did Wind Lightning go?"

At that moment, a man said, "I saw a snake that looked like a dragon and didn't look like a dragon, as if it had swept him away and flown up into the sky."

"Whew, this wind and light clouds, why has it suddenly become so powerful? What secrets does he have to hide so deeply?"

"Guys, now that the new ally is dead again, what do we do?"

"Damn it, this Wind Lightning, he crippled the previous ally and killed the new ally, did he specifically harm the ally?"

"Alas, what a tragedy for the ally."

"I think, all of you, it's better to hurry back to your respective sects and report this matter to your teacher's assistants, or even your ancestors, in case there's a great disaster about to happen under the world. In case the wind is light and the clouds

Suddenly he's become a demon, and no one knows what kind of monster he's become for the witch anymore. The witch died so miserably, I guess it stimulated him."

At this time, the deputy head of the Liang Shan Sect said, "Friends of the martial arts, now that the ally is dead, there is no need for me to hide it, in fact, the witch did not die."

"What did you say?" The crowd was shocked.

"Everyone just saw the iron water pouring into the cage with their own eyes, so why are they suddenly saying she's not dead?"

"I'm sorry, everyone, but the witch was already rescued by the magician last night, and the ally couldn't give you an explanation, so he had to ask the master of the wax museum at the bottom of the mountain to temporarily make a wax figure of the witch and keep it in a sealed cage with only a small opening, and then kill the witch afterwards when the ally himself infiltrated the magician. Sorry guys, but the person in the cage is not a witch, just a wax figure of a witch."

"Bastard."

"What a bastard, even this kind of thing is done, I thought the witch was really burned to death with iron, but it's just a wax statue, what an irony."

"The Alliance Master is too incompetent."

The deputy head of the Liang Shan Sect said sadly, "Everyone, now that the alliance master is dead, you should leave a little tongue."

A human being said, "It's all his own fault, a wax statue fiddling with what's there, and using such a tragic way, if not, it probably wouldn't have angered Wind Lightning, Wind Lightning might not have become a demon, now that Wind Lightning has become a demon, there's no telling what harm it will bring to our righteous sect in the future."

"It's not certain whether or not Wind Lightcloud will become a demon, everyone, please return."

Everyone left, the matter about Omi was destined to spread like the wind throughout the Zheng Sect Alliance and even the entire Jianghu. Because it was the most unbelievable transgression of murder in history.

At this time, Mu Qianji, along with his father, and the six strong men of the Devil Sect, were on their way back to the Devil Sect, which was estimated to take more than twenty days before and after, so none of them dared to be careless, as long as they were still in the territory of the Righteous Alliance, they might encounter danger.

However, the probability was very small, because those at the Ancestor Perfection level were not young, and they were unlikely to waste their time worrying about rivers and lakes; moreover, because breaking through to the Ancestor Perfection level meant that it was very likely to go one step further, everyone would do everything they could to reach the next level.

That was why the various sects, those Ancestors and Ancestors who were at the Ancestor Perfection, Great Perfection level, had all almost disappeared and would not show up easily.

“Stop for a night’s rest in the town ahead.”The Demon Sect Patriarch said.

“Patriarch, will there be any danger?”

“Let’s keep a low profile, there’s no danger, besides, all seven of us are late Zongshi realm, to make us dangerous, it would take at least a dozen or so late Decent Sect Zongshi to join forces. Find an inn in the town ahead for a night before we make our way, and of course, don’t be careless, just in case we run into a strong Zongshi realm completionist who is out for a stroll from the Righteous Alliance.”

“Okay.”

Mu Qianji, her father and the others, stayed at a small town inn.

At the moment, Mu Qianji was still completely unaware of what had happened in the Liangshan Sect today after she was rescued.

A day later, the Black Jiao and the Fire Demon Beast, they had arrived at the bottomless abyss of the demonic territory, and their flying speed was no slower than that of a flying machine, so they arrived in less than a day.

However, Mu Qianji and her father and the others, riding at the speed of a horse, would be able to arrive after at least twenty days.

“Little Fire, get ready to cross over to the other side.”

“Mm.”

The Fire Demon Beast and Black Jiao immediately rushed into the bottomless abyss, and soon after, just about ten minutes later, they arrived at the other world.

They found the flying ship that Omi had previously ordered to be stationed there.

They ordered the people stationed there to take the flying ship back to Wangjing City, and it was already a week later when they returned to Wangjing City.

At this time, in the other world, Mu Qianji and her father had only completed a third of the journey and were still within the range of the Righteous Faction Alliance, but in three more days, they would arrive at the junction of the two factions of Righteous Demons.

"Rest at the inn in front for one night, and in three more days, you will enter our Demon Sect territory."

"Yes, Patriarch."

After entering the inn, they sat down to eat, when they heard the people at several tables next to them talking about it.

"Have you guys heard about it yet?The latest I received last night, my cousin passed me the book of a thousand bird flies."

"What is it?" First web site m . kanshu8.net

"You guys know about the martial arts conference held by the Liang Shan Sect Martial Arts Alliance Master."

"Nonsense, of course you know about it, I heard that it was the capture of the witch, and the alliance master summoned the major factions to come and discuss the execution of the witch."

"That's right, on the day of the execution of the witch, something big happened ah, I'm afraid this big event has already been spread throughout the entire main faction alliance."

Mu Qianji and the others were stunned, Mu Qianji said inwardly, "Strange, I've already escaped the first night, could it be, that martial arts conference is still going on?"

Mu Qianji felt baffled, and the Demon Master also felt strange, by all accounts, the martial arts conference had no business being held at all.

"What's the big deal?You tell me instead."

"Hey, at the martial arts conference, the ally locked the witch in a sealed cage with only a small opening at the top, and when everyone was verified, the ally ordered iron to be poured into the cage.And at that point, guess who showed up?"

"Who is it?"

"Windy Cloud ah."

"What, Windy Cloud?Does Wind Lightning have anything to do with the witch?"

And Mu Qianji was shocked to hear Wind Lightning's name at the moment, not hearing them say that, Mu Qianji didn't even think that Wind Lightning would go to save her.

“There is, of course there is a connection, when Wind Lightning saw that the ally master was going to use iron water to burn the witch to death, he came out on the spot to stop it, and a mid-stage Zongshi realm powerhouse of the Yanshan School came out and tried to kill Wind Lightning to avenge the previous ally master. As a result, guess what, that mid-stage Zongshi realm powerhouse of the Ink Mountain Sect was defeated by Wind Lightning.”

“Wow damn, how is that possible, how old is Wind Lightning.”

“A thousand times true, didn’t Wind Light Cloud fade away this year, it turns out that he impacted the Sect Master realm to go, and the martial art he created himself is extremely clever, he just stepped into the early stage of the Sect Master realm and defeated the mid stage Sect Master.”

“Wow, worthy of being the world’s number one young.” The crowd at the inn exclaimed.

And right now, Mu Qianji’s heart was in his throat, nervous, not knowing what was going on behind him.

The Demon Cult Master also had a straight frown on his brow, Wind Lightning had even rescued his own daughter at the Martial World Meeting, this really didn’t come, and this kid had a bit of a conscience.

“This is just the beginning, after that, the alliance

The Lord ordered the two Late Sect Masters to surround Wind Lightning, this time, Wind Lightning couldn’t win the fight, then he was tied up by the other two Late Sect Masters. Then, the ally master had the iron water poured into the cage right under Wind Lightning’s nose, Wind Lightning watched but could do nothing about it, he was at the scene that tearing his heart out ah, making none of the righteous disciples present to be moved.”

Mu Qianji gripped the table tightly with both hands, as if she could imagine the scene in her mind, Omi thought she was really in the cage, watching her being burned to death with iron water, how painful it was.

“Omi.” Mu Qianji’s body couldn’t help but tremble, and her eyes were red, as if she had seen Omi’s heartbreaking cries.

The Magician Patriarch patted the back of Mu Qianji’s hand, telling Mu Qianji to calm down.

The person next to her continued to narrate.

“What happened after that? What happens after the witch is executed? Wind Lightning has been found guilty of colluding with the witch, what happened after that?”

“I’m afraid none of you will ever guess what happened after that.”

"What exactly happened, say it, don't sell out."

"After that, the Alliance Master sought the opinions of everyone present, except for the Divine Dragon Sect's Warrior Ding Ru, all other factions wished to execute Wind Lightning. Just as the Alliance Master ordered the execution of Wind Lightning, something that everyone in the audience couldn't believe happened, Wind Lightning suddenly became possessed, and his entire person became very terrifying. Then, seven or eight Late Sect Master powerhouses surrounded Wind Lightning, but, they were again killed by Wind Lightning's sword at the same time, and the bodies flew around. Everyone was scared to death, Wind Lightcloud's strength was at least at the Zongshi completion level, everyone scattered and fled as Wind Lightcloud coldly said, "Everyone is going to die and go to the witch's funeral."

"Wow damn."

"Gosh, this is really a sensational event in the martial arts world, no wonder it's spread here so quickly. Why is Wind Lightning so powerful all of a sudden?"

"I've heard that it's demonization, but I don't know if it's true or not."

"But, it's impossible to cross several realms to kill the ally even if you're possessed."

"I can't figure this out either, in short, Wind Lightning is the one who killed the ally, as well as seven or eight late sect masters from the other sects, this matter, each sect has immediately gone back and reported to their sect's assistants and ancestors, they are afraid that Wind Lightning is really possessed and will bring a bloody disaster to the martial world."

Mu Qianji was stunned at this moment, and the Demon Sect Master was just as stunned.

Because, if this was true, then how terrifying it was that Wind Lightning could kill the ally with a single sword, and this strength could kill him as well.

Mu Qianji scrambled to his feet and asked, "What happened afterwards? How's Wind Lightning?"

Everyone suddenly looked at the witch and saw that it was such a beautiful woman with a flashy figure that their eyes glowed. However, no one knew that she was a witch, after all, not everyone had seen Mu Qianji before.

"Speak quickly."

"Yes, yes, later on, someone saw a huge creature that looked like a dragon and a snake, and it swept the wind and light clouds away, and to this day, I don't know where it went. And that witch, it turned out that it wasn't really a witch, the witch was rescued the night before, and the ally couldn't give an explanation to everyone, so he had to have the wax museum get a wax figure of the witch."

Mu Qianji was happy inside, it was a creature that looked like a dragon and a snake, it was a black auger, Mu Qianji couldn't have known any better.

"It's good that it's fine, Mu Qianji cried with joy, although she didn't know why Omi was suddenly so strong, but as long as he wasn't executed by the Righteous Alliance, it's good."
