

King of kings 1291–1292

Chapter 1291

Not long after Omi returned to the White Flow Family, the White Flow Family's steward came looking for Omi.

"Wind Lightning, the family master invites you over."

"Uh, the family master invites me? Inviting me to tea again, didn't you just have tea last time." Omi was confused.

That steward said, "This time it's not tea, but dinner."

"Ah, treating me to dinner."

"Yes, go quickly, don't keep the householder waiting."

"Oh." Omi smiled inwardly, to send a butler to invite him, this was a very grand rhythm.

It seemed that Omi had defeated Jiang Mingcheng and Yang Fengyin today, making the Bai Liu family's house master completely want to pull it off.

After all, for someone as awesome as Omi, in the entire Golden Silk City, I'm afraid only the Seagod Family, ranked number one, could be compared to Haiqing.

Omi arrived at the residence of Family Lord Bai Cheng.

"Wind Lightning, you've come, please sit down." Bai Cheng smiled politely. The first website m.kanshu8.net

"Oh, thanks Senior." Omi sat down with a butt.

Bai Cheng said, "Wind Lightning, dinner is here."

"Ah, how polite is that."

"What's polite about it, dinner will be here in a few hours, let's have a few drinks."

"Oh, thank you Senior, then Senior is not polite." Omi smiled. There was no such thing as being polite without a reason, and since the householder was polite to him, naturally Omi was valuable, so there was no need for him to be polite.

"That's right, what do you want to eat, I'll have the kitchen make it."

"Feel free, just feel free."

Bai Cheng said, "Wind Lightning, today's sparring between you and that Jiang Mingcheng really opened my eyes, I didn't expect that my Bailiu Family actually has such a powerful genius, I'm afraid, in the entire Bailiu Family, only Hai Qing, who is ranked first on the Master Perfection List, can be on par with you."

"Oh, Senior is overpraised."

"Wind Lightning, you're someone with such a strong talent, why would you leave your hometown and come to our Golden Silk City?" Bai Cheng asked.

It was really hard to say, because they would never have thought that Omi was from the far opposite side of the ocean, that river and lake, a place that was almost ignored.

"Oh, the reason for that, it's really inconvenient to go into detail."

"Then let's leave it at that, Wind Lightning, I plan to recruit you as my special staff, on par with all my sons, what do you think?"

"Ah, Senior, this is too serious."

"Don't make excuses, you're worth it, and if I don't expect it, in a few days, the other two big families of Golden Silk City, the Golden Rock Family and the Seagod Family, will send someone to find you."

"Uh, looking for me for what?" Omi asked puzzled.

"Hahaha, what else can I do, with the talent you've shown today, which family in the entire Great Martial Empire will not welcome you, the other two big families that are also in the Golden Silk City are bound to come and recruit you, maybe they'll use money, maybe they'll use beautiful women, wind and light clouds, if I don't show a little bit, won't you be pulled away?"

"Uh, not so much." Omi was startled, he just defeated that Jiang Mingcheng just a bit ah, just like that he was going to be pulled by the three big families, then if everyone knew that Omi had even defeated the Zongshi Grand Perfection, wouldn't it blow up.

"Oh, the entire Golden Silk City, at the same level, only one person can be compared to you, what do you say, alright, Wind Lightning, just don't pretend."

"Speechless, I'm really not pretending."

Bai Cheng smiled, "Wind Lightning, let's say, what do you want, you say .

As long as you can stay in the White House.”

“Speechless, I’m not asking,” Omi said.

“Oh, you want to wait for the other two families to come and then make a comparison, that’s fine, then you can tell me then, in short, my Bai Liu family is definitely better than the other two families in terms of conditions.”

Omi rolled his eyes, I go, think of Omi as so mercenary.

Omi was at Bai Cheng that, had a dinner and then went back without talking about anything.

Omi walked away, Bai Cheng’s Dao: “Boss, will this kid run away to another family ah, this kid is a potential ah, it would be great if he can integrate into our Bai Liu family.”

“Alas, I’m not sure, this brat looks like he has no desire and doesn’t say anything, perhaps, he’s waiting for the other two families’ conditions.”

Omi returned to Bai Ling’er’s residence.

“Uncle Feng, congratulations.”

“Congratulate me on what.”

“You’ve been invited to tea by the head of the family again.”

“Not for tea, but for dinner.”

“Ah, dinner, that’s even more remarkable, in the future you will definitely have an extraordinary status in the Bai family, you can be compared to those hundreds of staff members in the early peak realm of the Bai family.”

“Uh, those hundreds of staff members in the Bai family at the beginning of the peak-denial realm, is that a high status?”

“Of course ah, far higher status than the sons of the family head, after all, the Bai family still needs to rely on these staff members of the Dengfeng realm to support them, staff members of this level, the family head has to invite them to dinner often, today you were also invited to dinner, that means your future status must be very high, those young masters, ladies, are not as good as you.”

“Oh, hehe, then my status is high, so is yours, right.”

“Hehehehe.” Bai Ling’er smiled happily.

The next day, a strong man from the early peak realm came.

"Hello, I'm the steward of the Golden Rock Family."

"Uh, hello." Omi was stunned, not expecting that there really was another family coming to recruit him.

"Can I have a chat with you?"

"Of course, please sit down."

"It's like this, we all saw the sparring match between you and Jiang Mingcheng yesterday, and the head of our Golden Rock Family, who is very optimistic about you, would like to invite you to our home as a guest."

"Be a guest? Oh, I don't think it's necessary."

The steward of the Golden Rock Family laughed and wanted to invite Omi to be his guest before discussing other matters, but Omi declined.

"Alright then, I'll get straight to business, I wonder what Young Master Feng thinks of our Golden Rock Family."

"Uh, good, a family with a future." Omi said.

"Oh, Young Master Feng is so funny, Young Master Feng doesn't know if he's interested in coming to our Golden Rock Family to develop."

"Uh, development ah."

"Yes, our Golden Rock Family is quite sincere."

"Yeah? Tell me about it."

"Well, I'll just say it straight away, our Golden Rock Family, for a genius of your level, is very respectful, you will have a very high status at our place, at the same time, we will also send you to the imperial capital regularly to train and listen to strong lectures, in short, you will get a lot of benefits."

"Uh, go to the imperial capital to listen to lectures? Training?"

"Yes, you should know, this kind of opportunity, each family only has one or two places, other families, such precious places, must have been given to their own families, not to staff, I believe the White Flow family would never dare to give you such a place."

1292

Omi frowned, it sounded, quite lofty, for the first time he knew, what other lectures were there, if it was a lecture by some super strong person, it would be really worth listening to, of course, this kind of lecture was mainly needed more

by those who were in the early stage of Dengfeng realm, Omi hadn't reached Dengfeng realm yet, there wasn't much of a need for it yet, because the strong people of Zongshi realm could come in contact with a lot, unlike Dengfeng realm, the number was even smaller, there wasn't much contact, that's why this lecture was needed.

That steward of the Golden Rock Family said again, "Of course, in addition to that, we can also give you countless amounts of money, so that you can buy land and manor, you can have a large private territory of your own, and at the same time, we will give you at least ten-figure beauties."

"Yah, and give away beautiful women."

"Yes, at least ten-figure beauties for you to practice martial arts for your pleasure."

"Hahaha, that's a bit damn attractive condition," Omi said, indeed, Omi spoke the truth, being able to have enough money to buy a private domain, which Omi valued, so that Omi could build his own manor and then bring his wife and children, all his relatives over here.

"Allow me to think about it, if I accept it, I will come to your Jinyan family myself, how about it."

"Good, then please think about it more."

"Thank you, I will definitely consider it carefully."

The Golden Rock Family's steward flew away.

Originally, Omi had been hanging out in the Bai Family without considering it before, but the conditions of others were really good, and if he was just a vain special staff member in the Bai Family, then Omi would have left.

Not long after the Golden Rock Family's steward left, another man from the early stage of the Deng Peak came. Remember the URL . kanshu8 . net

"Hello, Windy."

"Hello."

"I'm from the Seagod Family, you can call me Lan."

"Oh, Senior Lan." Omi didn't call him Lan, more or less give him some courtesy, after all, he was from the Peak Deng realm.

"We all know about your sparring with Jiang Mingcheng, you're very powerful, extraordinary powerful, perhaps, only Miss Haiqing of our Seagod Family, can beat you."

Omi was a bit upset, it hasn't even been a spar, how are you so sure that you can beat me.

"Oh, is that so, may I ask who Miss Haiqing is?"

"No way, you don't even know our Miss Haiqing." That Dengfeng realm man called Lan had a bit of an angry look.

When Omi saw the hint of anger that flashed across the other party's face in an instant, he became very unhappy inside, damn it, coming to pull me in, he actually dared to show his anger, the reason being that he had never heard of any Miss Haiqing from their family.

However, Omi didn't attack and still smiled, "Sorry, I'm new to the Golden Silk City and don't know many people."

"In that case, I won't delve into it." The other party said.

Omi endured his anger, you fucking still want to delve into it? If he had just explained that he didn't want to know, would he have been beaten by the others?

"Oh." Omi smiled shallowly, Omi had completely ruled out the pull of the Seagod family, this kind of family, who the hell go.

The other party said, "Alright, Wind Lightning, I'm rather busy, let's keep it short."

"Oh, you say."

"In this way, our Poseidon Family, would like to invite you to our family as a staff member, what do you think?" The other side asked.

"Uh, is that it?" Tang Zixin (1936-), Chinese politician and diplomat

Wondering if he had heard something less, if the other man hadn't heard the conditions, the Don had gone so far as to ask him if he would go without mentioning the slightest condition.

"Yeah, what else? Our Poseidon Family would hardly invite anyone else, but if you weren't indeed still okay, where would we take the initiative to invite you."

"Haha." Omi harrumphed.

"Wind Lightning, go or not, give a word, I'm busy." The other party said, his tone never letting up and high.

Omi said, "Don't mean it, I have no such plans at the moment." Omi directly rejected it.

The other party snorted, "Wind Lightning, I, a Dengfeng realm personally invited, I think this sincerity is enough."

"Haha, it's indeed enough, but I don't want to." Omi laughed.

"Oh, Wind Lightning, if I'm not mistaken, the Golden Rock Family, the White Flow Family, have all given you very generous conditions, right?"

Omi undeniably acquiesced.

The other party said, "Wind Lightning, don't be that I haven't reminded you that everything can't just be based on appearances, those conditions they gave you are only material, for us martial arts practitioners, materialism isn't the main thing, whether or not there is a prerequisite is the most important thing."

"Oh, so it's promising to go to the Seagod Family." Omi asked with a bit of a sneer.

The other party seemed to sense Omi's sneering tone and burst into anger, "Wind Lightning, you speak more politely."

Omi endured his anger, Nima, who doesn't speak politely enough.

Omi shouted, "Bailing, send the guests away."

"You." The other party was very angry, Omi actually shouted to send a guest, this was not putting him in his eyes at all, no, not putting the Seagod Family in his eyes.

The other party sneered, "Wind Lightning, our Seagod Family, is the strongest family in Golden Silk City, if you have read that book on the geography of the Great Martial Empire, you should know that more than half of the business in Golden Silk City belongs to the Seagod Family, and the number of strong people in the Seagod Family is twice as many as the Golden Rock Family and the White Flow Family. Wind Lightning, the Seagod Family invited you, that's because they think highly of you, so don't give them shame."

Omi snorted, "Whether the Seagod Family is strong or not, it's none of my business, this is the White Flow Family's land, if senior still hasn't left, is it that I have to call out?"

"You, hmph, Wind Lightning, you'll regret it." After saying that, the man from the Seagod family flew away.

Omi cursed, "Trash, what a thing."

Omi was really furious, although Omi admitted that the Seagod Family was indeed powerful, but so what, such a tone of voice, and he even tried to invite Omi.

Bai Ling'er walked in.

"Uncle Feng, you're angry."

"Nonsense, you're not angry."

"Ugh."

"Will Uncle Wind go to the Seagod Family?" Bai Ling'er worriedly asked.

Omi said, "I'm blind to go to the Seagod Family, what attitude, thanks to my first day in Golden Thread City, I was the first to go to the Seagod Family as a staff member." Omi recalled that day, he, Wang Rufang, Liu Xuan, the three of them, were the first to go to the Seagod Family, but unfortunately, the Seagod Family refused, the reason being, Omi was only a Zongshi Perfectionist, not qualified enough, while Liu Xuan and Wang Rufang, too old, would not accept.

Omi remembered that just now that person talked about a name, what Hai Qing, so he asked, "Ling'er, who is Hai Qing? Why, I just said I'd never heard the name before, and the son of a bitch almost got angry just now."
