

# King of kings 1297–1298

1297

“To tell you the truth, twenty years ago, my Golden Rock Family also had an outstanding genius like you who could be ranked in the top five of the Ancestor Perfection List, and as a result, a fourth ranked person from the Seagod Family at that time issued a challenge to that person from my family, and in the challenge, killed that hopeful genius from my family, and said that he was careless and that it was my family’s genius who was too bad. Then, the matter had to be left like that.”

“What an abomination.”

“Wind Lightning, this time, I suspect that the Seagod Family is trying to do the same old trick again and kill you in the middle of the duel, so, Wind Lightning, I suggest that you have the right to refuse this challenge.”

Omi said, “No, why should I refuse.”

“Wind Lightning, think carefully about how strong that Hai Qing of the Seagod Family is, whether or not he’s about to step into Ancestor Great Perfection just like you, it’s all unknown ah.”

Omi said, “Don’t worry, I’ll accept her challenge, but I don’t want to be so passive, help me reply to a letter to the Seagod Family, let’s say, if there’s going to be a duel, it’ll be a duel to the death.”

“What? You want to change it to a duel to the death?”

“Oh, isn’t that what they want, so why not just fight to the death.”

“This.”

“Master Jin Yao, are you afraid that I will lose.”

Jin Yao said, “Wind Lightning, you probably don’t know yet, that Hai Qing of the Seagod Family, I heard that she’s the fiancée of some Emperor Xuan Sun, even if she’s not the fiancée of some Emperor Xuan Sun, then she must be the daughter-in-law or granddaughter-in-law or something of some powerful person of the Imperial Dynasty, anyway, you can’t be righteous, you just have to make sure that you won’t be killed by her.” First web site m . kanshu8.net

“Fuck, it’s Emperor Xuan Sun again.” Omi was furious.

“What? Have you ever known any Royal Xuangsun before?”

“No, just heard about it, okay, I understand, then I’ll go down first.”

Omi didn’t reveal too much about that Imperial Xuan Sun called Yuan Jie, in case he would expose his identity information.

I believe that Omi’s enemy must be someone at the imperial dynasty level.

One month later.

The day of the duel between Omi and that Hai Qing had arrived.

During this month, Omi had felt two more times of Zongshi Grand Perfection’s intent, in total, he had felt it nine times, Omi was very close to Zongshi Grand Perfection, he only needed to feel it once more, he would be able to step into the Zongshi Grand Perfection realm, and Omi was only 55 this year, of course, it would be 56 in a few months.

“Wind Lightning, let’s go, I’ll head to the Dark Cloud Mountain with you.”The Golden Yao Family Master rode the Black Jiao to Omi’s door and said.

“Good.”

Omi leapt onto the Golden Yao Family Master’s Black Jiao.

A few hours later, he arrived at the Dark Cloud Mountain.

Compared to the last time at the Bi Cao Lake, the duel with Jiang Mingcheng, the number of people today was not less than that day at all.

Not only that, but the heads of the three great families were all there today.

“Jin Yao family master, it’s been a long time, it seems like your power has risen again.”A voice was heard and a man with a black beard flew up.

“Yo, if it isn’t the Seagod Family’s Sea Dafu Family Master, hahaha.” Jin Yao smiled.

Omi remembered when he heard Hai Da Fu’s name, the geography book he saw on the first day he came to Jin Yao City said that the head of the Seagod Family was Hai Da Fu.

Omi looked at that Sea Dafu, and at the same time, the Sea Dafu also looked at Tang

Omi.

Hai Dafu snorted with contempt and said, "I'm sure this is the famous, what makes me like thunder and almost shakes me over, Wind Lightning." Hai Dafu looked sarcastic and sarcastic, what with the thundering and almost shaking him over, it was all sarcasm.

The Golden Yao Family Master said to Omi, "Wind Lightning, there is no need to be restrained, this Hai Dafu Family Master is known as a good-tempered person in the Golden Silk City, no matter what you say, he will not be angry."

Omi nodded his head, understanding the meaning of the Golden Yao Family Lord's words, that he could say anything, there was no need to be afraid of him.

Omi said, "No wonder the name is Sea Dafu, his heart is like the sea, unfortunately, the back wave pushes the front wave, the front wave dies on the beach."

"Hmph." Hai Dafu snorted and said coldly, "Wind lightly, I hope you still have the heart to tease me here later."

"Of course I have a mind, why wouldn't I have a mind? Could it be that Hai Da Fu thinks my life will be in danger even if I participate in the tournament?"

"Swords without eyes, that's a hard one to say, Windy, good luck, huh?" Hai Dafu flew away, his gaze killing Omi hidden in his eyes.

The Golden Yew Master said, "Wind Lightning, with me here, there's no need to be afraid of him or anything, he wouldn't dare to do anything, although the Seagod Family is indeed more powerful than the Golden Rock Family, it hasn't reached the point of crushing us, if anything were to happen, it would be a self-inflicted loss, Hai Da Fu hasn't the guts to do anything because of these trivial matters."

"Good."

At this moment, another old man flew in, it was Bai Cheng of the Bai Liu Family.

After more than a month, Omi saw Bai Cheng again.

"Yo, Wind Lightning, huh." Bai Cheng looked at Omi with a cold smile, the smile made people feel very dark and fake.

Omi wasn't even afraid of Hai Dafu, much less Bai Cheng.

Omi looked at Bai Cheng and said, "How do you know my name is Wind Lightning?"

"You." Bai Cheng was furious, Omi even pretended not to know him, this was an insult, a barefaced insult to him.

"Windy, don't be too proud of yourself." Bai Cheng said.

Omi said, "This old man, I don't know you very well, don't act like you know me very well, okay."

"Hmph, Wind Lightning, we'll see, you villain."

Omi was annoyed and said angrily, "Hey, make it clear, who is the villain?" Don felt backstabbed, and it was clear he was the villain.

"Isn't it? Huh." Bai Cheng snorted and flew away.

Jin Yao said, "Windy, why be angry at such people, it's not worth it, keep your mind right, the only way to give them the biggest slap in the face is to defeat Hai Qing ruthlessly. I think Hai Dafu will be angry to death, and so will Bai Cheng, because they all want you dead, and you live to show them."

"Good." Omi bit out.

It was soon noon.

The dueling moment had arrived.

Omi flew up into the skies above the Dark Cloud Mountain and was watched by countless eyes on the mountain, many of them talking about it.

In the next moment, a woman flew out from another part of the sky, it was Hai Qing who was dueling with Omi.

At this moment, Hai Qing's face was somewhat abnormal, because she had received the orders from her master, must kill in the duel, as unintentionally killing the other party.

However, Hai Qing didn't want to kill someone who had no grudge, but she couldn't not do it.

Hai Qing flew a few dozen meters in front of Omi, looked at him, and said under her breath, "I'm sorry, Wind Lightning, please don't blame me, I'm not in a position to do anything."

1298

Omi looked at the woman across the street, she was indeed good looking, but in Omi's eyes it was just average, Omi's eight wives, no matter which one was prettier than her, maybe Omi had a heart of gold and couldn't tolerate anyone else, so he didn't feel pretty anymore.

Omi said, "Wind lightly, please teach me."

The other side of Haiqing also said, "Haiqing, please give advice."

Hai Qington flew up towards Omi and took the lead in attacking.

At this moment on the ground, everyone was holding their breath, afraid of missing a single detail like, Hai Qing was the number one in the Sect Master Perfection Ranking, could Wind Lightning Win? Or, how many moves will lose?

Omi didn't panic at all when he saw Haiqing attacking up, Omi was just a little bit away from stepping into the Master's Great Perfection.

To be honest, the moment Omi drew his sword, he knew that this was an opponent he overestimated.

Yes, Omi was a hundred percent sure that he could defeat Hai Qing.

However, it couldn't be denied that this Haiqing, indeed, had two brushes.

Speaking of late, Haiqing's sword had already arrived, flickering and elusive, as if she couldn't see where her sword was.

Shrewd, indeed shrewd swordsmanship. Remember the URL .kanshu8.net

At this moment, Omi drew his sword.

Omi's sword came out, endlessly to, and it was as heavy as a mountain smashing down.

"Swoosh."

"Clang."

After a sound of gold and iron, Hai Qing felt her arm go numb, she didn't know whether Omi's sword was power or skill, elusive and inscrutable.

Hai Qing took three big steps back in a row, cold sweat appearing on her forehead.

Omi snorted, "Not bad, much stronger than that Jiang Mingcheng, Yang Fengyin, at least once I strike the sword, you can still barely block it and back away."

Hai Qing said, "Wind Lightning, you've also opened my eyes, I didn't expect that your sword skills were so inscrutable, but that's not my true strength."

Omi trailed off, "You think, this is my true strength? No, I haven't even got half of it out yet."

"Ah." Hai Qing was clearly taken aback, half of half, that's a quarter, no way, she was barely able to block that sword just now, ah, that's too, too scary.

However, Hai Qing suddenly sobered up, the wind was definitely bluffing, it was his psychological tactic, hmm, she wouldn't fall for it.

Unfortunately, instead of it being a psychological tactic, Omi said lightly, because Omi hadn't included the strength to open the Life Blood Crypt.

If the strength of opening Life Blood Crypt was also counted, then Omi was more than half and half.

"Cut the gossip, look at the sword." Right at this moment, Omi attacked.

Omi rarely took the initiative to use his sword, and this was considered a rare occasion, every previous battle, including at the Jiang Hu Conference, was almost always a passive sword break because the opponent was too lowly.

"Buzz." Omi's sword looked slow, but in the next second Haiqing realized the mistake, oh my, it was outrageously fast.

Hai Qing immediately hurriedly took up the sword to parry.

"Dang."

"Dang dang."

In the sky, in an instant, the two of them engaged in a dozen rounds of fighting.

They fought and retreated, of course Haiqing retreated, Omi advanced, Haiqing was unable to completely resist Omi's swordsmanship, so he retreated for protection, which was a desperate move, usually when they couldn't beat someone, they were beaten by the other side to step back.

After Omi had exchanged a dozen moves with Haiqing, the

It stopped for a moment.

Hai Qing, on the other hand, was still there brushing and swinging his sword.

"Hey, I've stopped, why are you still swinging."

"Ah." Only then did Hai Qing react, Omi had just attacked her in a series of attacks, really blinding her, even when Omi had ended his attack, she hadn't come back to her senses, she was still defending herself to the death, and as a result, she had made a big joke.

Hai Qing looked at Omi, embarrassed to the extreme, and her face was white.

On the ground, Hai Dafu of the Seagod Family, his face was very ugly, he had already seen that Hai Qing was no match at all.

Hai Dafu clenched his fists very tightly, and said with a secret gnash of his teeth, "Wind lightly."

In the skies, Omi said, "Voluntarily admit defeat, I can stop fighting, you are not my opponent."

Hai Qing shook his head, "Impossible, my Seagod Family is human, it will not admit defeat."

"Since that's the case, then don't blame me, I've just, but only put out half of my strength."

After saying that, Omi took out his strongest sword.

"No Beginning, No End."

This move without a beginning and without an end was the strongest sword Omi had practiced so far, and it could almost be said that no one in the same level had yet cracked this sword.

As expected, Hai Qing tried to fight back, but was immediately struck down by Omi's sword.

"Swoosh." Omi's sword was thrust into Haiqing's shoulder, but only into his clothes, not into half of his flesh, which was a testament to Omi's control.

"Hmph, you lose."

Hai Qing looked at the flying down sword and said, "You win, Wind Lightning."

Omi put the sword away.

At this moment, on the ground, Hai Dafu quietly said to a man, "Prepare to implement the second plan."

"Yes, Master."

Omi won the fight, and the audience on the ground was silent.

Hai Qing looked at Omi's back, stunned, she seemed to want to know more about the wind and light clouds.

But at this moment, a loud shout suddenly came from the distant sky, "Ah Mao, don't go, hmph, so you hid here to duel with someone, causing me to look for you for more than half a year, well, I finally found you today."

Omi immediately turned his head to look, and a Zongshi Grand Perfectionist man flew in.

Everyone was attracted by the voice.

Hai Qing, as well as the people on the ground, were all awakened by this sudden change of events.

However, Omi didn't know the man, and the man, however, seemed to be familiar with Omi.

Where did Omi know that this was Hai Da Fu's second plan. In order to kill Omi, two plans were prepared, the first one, was for Hai Qing to kill Omi in the duel, if Hai Qing killed Omi, then the second plan was nullified. If it couldn't be killed, then the second set would be activated, and at the moment, it was Hai Da Fu's second set of plans.

In the sky, Hai Qing seemed to understand something, because the Ancestor Grand Perfection man flying in the distant sky, she knew, was from the Seagod Family, a staff member who rarely showed his face.

Hai Qing knew that this must have been arranged separately by the family's master.

Hai Qing flew in front of Hai Dafu in a row and said, "Family Master, how is this back to God?"

Hai Da Fu snorted, "Hai Qing, you disappointed me, you couldn't even kill him, fortunately, I prepared a second plan."

In the sky, from the distant sky, that Zongshi Grand Perfection man flew in front of Omi, pointed at him and shouted, "Ah Mao, you really know how to hide, you hid so far away, you would never have thought to death that I would find you, right? Ah Mao, do you think you can run away from what you've done by changing your name to some breezy cloud?"
