

King of kings

1550

That Tang Go Liao saw Omi, yowled and laughed, "Omi, not bad, it's not even half a year since you entered the periphery of the Flying Cloud Sect, but you've stepped into the fourth stage of Body Tempering, and you've established some kind of Light Cloud Alliance, a bit impressive." Tang Go Liao said this with his mouth, but his heart was upset, when Omi came to the Flying Cloud Sect, his father had written a letter asking him and his brother to get rid of Omi. Unfortunately, because of this, his brother's whereabouts were still unknown, and the more Omi lived, the better.

Omi snorted, "Tang Go Liao, whether I'm mixed up or not, it's none of your gripe business."

"What did you say?" Tang Go Liao's eyebrows furrowed, and he looked like he was about to get angry.

Omi sneered, "Tang Go Liao, whether I'm mixed up or not, it's none of your gripe business, have you made it clear enough?"

Tang Go Liao became angry and said, "Omi, you fucking better show me some respect, no matter what, I'm your big brother."

"Big your sister's brother." Omi said.

"F*ck, a sentence? Don't think that just because you have some achievements now, you don't even care about me anymore. In the Flying Cloud Sect, you're a fourth stage body refiner, I don't bother to take care of you, even if I go back to my family, I won't blink an eye." Tang Go Liao said furiously, he didn't expect that Omi, who hadn't seen him for a few months, would take him so lightly.

Originally, Tang Go Liao came to Omi today because he heard that Omi had made a lot of spirit stones and wanted to get some from Omi, but he didn't expect that Omi would treat him this way even before he said anything.

Omi's gaze chilled and said, "Tang Go Liao, my time is precious, if you're fine, get out of here immediately."

Tang Go Liao paused, suppressing his anger first and said, "Omi, I heard that you're selling talismans in the periphery of the Flying Cloud Sect, your business is quite good, you've earned a lot of spirit stones, right? I've been lacking spirit stones lately, so give me a little bit of spirit stone, not much, give me a twenty-three thousand first-class spirit stone."

Omi gave a cold laugh, and said why did Tang Go Liao suddenly come out to look for him, but it turned out that he was out looking for spirit stones. Remember the URL .kanshu8.net

What a laugh.

Omi ridiculously said, "Tang Go Liao, who do you think you are? I need to give you the spirit stone?"

Tang Go Liao said, "Omi, you are advised not to forget your roots, you are the son of our Tang family, now that you have become rich in the Flying Cloud Sect, it's only right to take care of the children of our family. Secondly, my father is the head of the Tang family, and I am now the only one in the Tang family who has become a core disciple in the Flying Cloud Sect, I am the pride of our family, and the entire family should be proud of me. So, even if I don't have to tell you, you yourself should take the initiative to send me some spirit stones, understand?"

"Don't understand."

"Okay, Omi, if you give me spirit stones, I can promise you that I will protect you after you enter the inner siege of the Flying Cloud Sect, you are now at the outer edge of the Flying Cloud Sect, although you can still mix well, but this is because there are no big figures at all at the outer edge, if you go to the inner siege of the Flying Cloud Sect, you will know how powerful it is, you can't mix at all with you, if you have me to take care of you, you will definitely mix better. Of course, I have a condition, how about you provide me with 20,000 first class spirit stones every month?"

Omi's eyes showed killing intent.

"Tang Go Liao, you're looking for death."

"Omi, the one who is looking for death is you, if I kill you now, who dares to do anything? With your fifth uncle, Tang Jingtian?"

Omi asked angrily, "So, you're threatening me?"

"Omi, if you are really stubborn and don't know who your family members are, then I will have no choice but to act in the place of the head of the family, my father is the head of the family, the head of the family has any rights in the Flying Cloud Sect, I

It can act as a substitute for the family lord and punish any Tang Clan children." Tang Go Liao said with a smug look on his face, he would force even Omi to hand over the spirit stone today.

"Hahaha." Omi laughed, after this laugh, Tang Go Liao was already a dead man in Omi's mind, such a trash with no self-awareness, go to hell.

"Omi, what are you laughing at, hurry up and take out the spirit stone." Tang Go Liao said.

"Tang Go Liao, before you die, I'll send you a message, if you die yourself, no one can stop you." Omi said full of murderous anger.

Tang Go Liao was stunned, "Die? Who killed me? You? Or is it your Light Cloud Alliance forces? You think you can take me on just because you have a bunch of kids under you? You're too naive."

"It's useless to talk too much, you can see for yourself." After saying that, Omi unleashed the seventh stage of the Open Light realm.

Tang Go Liao instantly felt an unmatched oppressive force from Omi's body.

"Ah, you, you." Tang Go Liao stepped back in fear, unable to figure out what was going on.

"Tang Go Liao, was it really luck that I was able to do business on the outskirts of the Flying Cloud Sect? Do you want to know what I am now? That's right, I'm now at the seventh stage of opening light."

"That, that's impossible, you're only twelve years old, that's impossible."

"Frog at the bottom of the well, and also, your brother didn't disappear, but he was killed by me, when he was in the Desolate Beast Forest, your brother tried to kill me, but unfortunately, your brother's strength at the seventh stage of body refining wasn't enough for me, he was killed by me in one slash, and after that he was eaten by a group of beasts, hahaha."

"What? My brother him."

"Yes, your brother was eaten by a demonic beast, and now he has already been transformed into demonic beast shit and pulled onto some ground, and has been given nutrients by a tree again, or rolled into a ball and pushed away by the shit. You can look in the Wild Beast Forest and see if there are any more balls of dung that your brother's corpse has converted into that you can pick up and give home to your father."

"No, that's not possible."

"Hahaha, Tang Go Liao, you could have indeed gone to find out if there are any balls of dung from your brother, but unfortunately, you had to come to my place to die, in that case, I'll send you on your way."

Tang Go Liao turned around and tried to run.

"Bang." Omi slapped the top of Tang Go Liao's head.

With Tang Go Liao's strength of the second stage of Open Light, he was no match.

With one slap, Omi split Tang Go Liao's skull.

Omi looked at the corpse on the ground and grunted, then spat, "I pooh."

At that moment, Tang Huan just happened to walk in from outside.

"Brother." Tang Huan only shouted out one word before he was frightened by the corpse on the ground.

"Ah, this is."

Omi said, "Sister, this is Tang Go Liao."

"What? Tang Go Liao, the eldest son of the family head, you, how did you kill him." Tang Huan's face was shocked.

"So what if I killed him, this trash, actually dared to ask me for a spirit stone, I didn't give it, and even threatened me to use my rights as a substitute family master, I really don't know how to write the word death. So, I'll just exterminate him."

"Brother, but what if Tang Hu comes to find out?"

"If you know it, then you know it, Tang Hu Lai is just Tang Hu Lai. By the way, what strength did Tang Hu come with?"
