In Nong Xiao Tian's living room, Omi asked Lu Yu Xi to take some paper and wipe his lips.

At that moment, Elder Ping came in exasperatedly.

"Kid, if you don't tell me your history today, don't blame me for being rude." Elder Ping snorted angrily.

Tang Huan was now a bit scared, and Tang Ming was still looking confused.

Omi, on the other hand, still didn't even look at Elder Ping.

At this time, Lu Yuxi came over with a cup of water and respectfully said to Omi, "Young Minister, please rinse your mouth."

Omi drank the water from the cup into his mouth, then spat it back into the cup with a few gulps, and finished gargling.

Throughout the entire time, Omi did not even look at that Elder Ping, his arrogant posture was evident.

Elder Ping was extremely furious and said again, "Kid, didn't you hear what I said?"

Only then did Omi look at Elder Ping and snorted, "Do you think that I'll think highly of you if you deliberately show your existence in front of me?"

"Hmph, boy, just be arrogant with your mouth, Nong Xiao Tian is so stupid, he will be intimidated by a few arrogant words on your lips, but I'm not afraid. Don't tell me that if you blow a whistle, someone will come out in the dark, and if someone does come out, then why doesn't he come out now that I'm talking to you like this?" Omi said, "Do you still need my Uncle Fu to fix you? And you think too highly of yourself."

"Fubert?"

At this time, Nong Xiaotian came in.

Omi said to Nong Xiaotian, "Xiaotian, thank you for your hospitality, I can't afford to be without some expression, how about this, I have a family's spiritual cultivation method that can help others quickly refine spirit stones, how many spirit stones can you take out now, feel free to take them out and I'll help you refine them."

"Eh." Nong Xiaotian was stunned, not knowing what Omi was talking about.

That Elder Ping had been ignored by Omi and was about to be unable to hold back, mainly because Omi was acting too much like the real thing, causing him to still have a hint of doubt in his heart, otherwise he would have already done it.

Nong Xiaotian said, "What do you mean? Spiritualism? Helping others refine spirit stones?"

"This is my family's ancestral heritage, only people of my family's bloodline can refine it, do you fucking want it or not, don't want me to leave."

"Fine fine." Nong Xiaotian half-heartedly took out a fourth-grade spirit stone.

Omi said, "You enter the state of refinement."

Nong Xiaotian immediately entered the state of refining the spirit stone, Omi put his palm on Nong Xiaotian's back, and all of a sudden, everyone saw the spirit stone in Nong Xiaotian's palm atomize like water vapor and then seep into Nong Xiaotian's body, a fourth grade spirit stone, finished refining in the blink of an eye.

Seeing this scene, not to mention Nong Xiaotian, even Elder Ping was shocked.

With the refining completed, Omi waved his hand and said to Tang Huan, "Sister, let's go."

"Oh." Tang Huan was busy keeping up.

Omi reached the gate and turned back to Elder Ping and said, "You've already offended me, you'd better watch out for me."

After saying that, Omi strode away.

Elder Ping originally wanted to say something, but, thinking that Omi had just helped Nong Xiaotian refine the fourth grade spirit stones so swiftly, he wanted to say something, but he couldn't.

; Omi's skill like this was something they had never seen before, this world, there were indeed some secret methods that could refine spirit stones faster, but they were all only able to refine them themselves, unable to help others, let alone so quickly.

At this time, Nong Xiaotian laughed happily, "Haha, in normal times, a fourth grade spirit stone would have taken me at least half a month to refine, ah, and now it's just a quick refinement. The Spiritual Cultivation Method passed down by my youngest family is truly incomparably powerful."

Nong Xiaotian seemed to believe in Omi again, as for whether Elder Ping believed in it or not, he didn't care, at least to please Omi and help him refine a few spirit stones from time to time, this gain was not in vain for his efforts.

Lu Yuxi also hurried to follow, however, Lu Yuxi hesitated, as he walked out of the entrance of the hall, Lu Yuxi suddenly turned back and took out a token from his bosom and said, "Elder Ping, this is my family token."

Elder Ping was shocked, "The Four Seas Lu Family?"

Lu Yuxi said, "As a son of the Four Seas Lu family, I am still only worthy of being one of his maidservants, so you can decide for yourself." After saying that, Lu Yuxi quickly walked away.

"Ah." This time, Elder Ping's face finally went white.

The family token that Lu Yuxi had just taken out was real, because a sweep of his consciousness could determine whether it was real or not, and because his consciousness swept it, he was also flashed by the majestic spirit of the Lu family's ancestor on the token, and Elder Ping was dizzy.

Nong Xiao Tian was busy asking, "Elder Ping, are you alright?"

Elder Ping said with a pale face, "It's over, I've really caused trouble."

"Uh, Elder Ping, didn't you just not believe me?"

"I was very skeptical, even if Omi had performed some great spiritual cultivation method, I wasn't completely convinced yet, but when his maid took out her family token, I was convinced, because her family token was real, Omi's maid was really from the Four Seas Lü family, and I had just had my spirit struck by the mighty spirit of their Lü family ancestors because my consciousness scanned her token....It's true."

"Heavens, no way, Omi's maid is from the Lu Family of the Four Seas?" Nong Xiaotian was shocked.

Elder Ping was busy saying, "Don't you know about this?"

"I don't know, how would I know that Omi's maid came from the Four Seas, if I knew I would have told you long ago. It seems that young minister really has a huge origin, I told you, at a young age, he quickly helped me refine four spirit stones by performing the family's Spiritual Cultivation Method, this Spiritual Cultivation Method is by no means simple, where would an ordinary family take it, and a bottom level Gryphon like us is even more unheard of." Nong Xiaotian was inwardly glad that he hadn't just been compelled by Elder Ping to do something disrespectful to Omi. At this moment, Nong Xiaotian looked at Elder Ping full of sympathy and said in his heart: I've told you everything and you still don't believe, it's good to see what you'll do.

At this moment, Elder Ping's intestines were regretful.

"Xiao Tian, what to do, you give me a solution." Elder Ping said to Nong Xiaotian.

But Nong Xiaotian said, "I'm sorry, Elder Ping, it's getting late, you should go back, right, if Omi is looking for you, just say, we're not very familiar ah."

Elder Ping's eyebrows furrowed, "What do you mean, Nong Xiaotian? Are you afraid I'll get you into trouble? How dare you say that we aren't very familiar."

"Oh, Elder Ping, you've misunderstood, but it's true that we're not very familiar."

"Nong Xiaotian, I'm usually nice to you, but you don't intercede for me, and you actually want to leave me out of it." Elder Ping said with a disappointed face.
