

King of kings

Chapter 1621

"Auntie, I still have some spirit stones on me, I'll help you refine them now and help you raise to the 4th or 5th stage of Enlightenment, that should be enough."

"Ah, four or five steps of open light, so fast." Yan Xinyi was a bit surprised, she had already surprised everyone by refining her body at the first stage, to raise it to the fourth or fifth stage of Enlightenment would be unbelievable.

It took Omi ten minutes to make Yan Xinyi's realm, soar to the fifth stage of Open Light.

"Wow, it's so hard to believe." Yan Xinyi lamented.

"Hehe, Shisun, let's master and disciple fight the world together in the future."

Yan Xinyi smiled shallowly.

"Is Omi's brother here?" Tang Huan's voice sounded outside the door.

Omi was busy opening the room and smiled, "Sister." Although Omi had revealed his identity to Tang Huan, it seemed that he was used to calling her.

"Ah, brother Omi, you'd better not call me sister, I can't afford it."

"Immortal cultivators don't care about petty matters, it doesn't matter, get used to it."

At this time, Tang Huan saw Yan Xin Yi. First URL m.kanshu8.net

Yan Xinyi was busy greeting Tang Huan, "Hello, you must be Tang Huan, this year, thank you for taking care of Feng'er."

"Who is Feng'er?" Tang Huan was confused.

Omi said, "Sister, since you already know all about my identity as a Void Stepper, I won't hide anything from you, Leye Xingyi's real name is Yan Xingyi, she is also a Void Stepper, and when she was in the Mortal Realm, she was my teacher's wife."

"Ah, how is that possible."

"Oh, now that I look at it, she's younger than me, it's indeed impossible, but in the Mortal Realm, my teacher's wife was a few dozen years older than me. It's just that she returned to her ancestors much later in time than I did, and that's why she became smaller than me."

"It's your teacher's wife, you took her as your disciple yesterday because of this?"

"Yesterday I didn't know she was my teacher's wife, I thought she looked like my teacher's wife. However, today, I already know that she's my teacher's mother, so yesterday's disciple acceptance was cancelled."

"However, the people of the Lie Yue family, the entire Heavenly Jewel City, in their hearts, they still think that Lie Yue Xinyi is your apprentice ah."

Omi hesitated, indeed, outsiders didn't know that Leyue Xingyi was Omi's apprentice, in short, it was troublesome to explain, and Omi didn't have the time to explain to outsiders.

Omi said, "Let the outsiders think whatever they want, anyway, in my heart, Shisun will always be Shisun."

Tang Huan's mood turned sunny after he knew the truth.

"Brother Omi, when are we returning to the Flying Cloud Sect ah? There's no point in staying home now that the city meeting is over."

"Tomorrow, then."

The next day, Omi brought Yan Xingyi along with him and headed to the Flying Cloud Sect.

Like when they came back, they headed to the Flying Bird Field to ride the birds, and since they didn't lack money, Omi chose to ride the fastest birds.

"Hey, you're Minister Less?"

"Hello, Young Minister."

After Omi entered the bird cabin, the few people inside recognized Omi right away.

"Well, you're welcome, which family are you guys from?" Omi asked.

"Back to Young Minister, we are from the Meng Clan, I am the third elder of the Meng Clan, and this is the fourth elder of our family." One or two of them introduced themselves.

"Oh."

/> "Young Minister, are you going to the Flying Cloud Sect?"

"Right, you guys are going to the Flying Cloud Sect too? Why else would you be on the same flight as me?"

"Minister Young, we're not going to the Flying Cloud Sect, we're going to Zhupai City."

"What is Jubal City, is it awesome?"

"Oh, Minister Young, Jubal City is the most prosperous, huge and powerful city in the entire One Heavy Sea. Our Heavenly Jewel City doesn't have a direct bird class to Zhu Bai City, so we need to take the bird class from Flying Cloud City first and then transfer to Zhu Bai City."

"Oh, so."

"Yes, Flying Cloud City is not far from Jubal City, and Flying Cloud City is the city around Jubal City."

"Oh." Omi said in his heart, "Chances are, Omi being a king in Tianbao City is nothing, but if you can be a king in Zhubai City, it would be even better."

"What are you guys doing in Jubal City?" At this time, Yan Xinyi asked.

A few elders from the Meng Clan were busy saying, "Back to Sister Xingyi, we are in Zhubai City and have joined a mercenary team that rushed back a few days ago to participate in the city meeting."

"A mercenary team?"

"Yes. Our main mission is to protect some employers, perform some escort missions, get some pay from it, and be able to practice while doing so."

"So." Omi looked at these people, it was kind of interesting.

Omi asked, "You guys are mercenaries, is the mission dangerous? Will someone die? Compared to hunting beasts, that one is more dangerous?"

The Third Elder of the Meng Family said, "Of course we are the ones in danger, after all, we often face unknown dangers, and hunting beasts, most of them only do it with certainty. Moreover, mercenaries are very competitive, so they often fight with each other. In addition to that, mercenaries also have ranks, for example, our captain, he is a four-star mercenary, so our team of mercenaries, is also four-star."

"Four-star is strong?"

"That's not true, four-star means that you've killed at least forty strong people of the fifth stage of Spiritual Harmony or beasts of the same level to be worthy of four stars. When people hire you, they won't be worried until they see that you're a four-star. The starting price for our four-star mercenaries is at least forty fourth-grade spirit stones."

"Oh, I see."

The Meng family elder added, "Young Minister, if you're interested, you can also go to Zhu Bai City and join some mercenary teams ah, you can practice, but you can also harvest some unexpected wealth and get paid along with it. I'm not sure if I'm going to be able to do that, but I'm not sure if I can. However, Jubal City's strongest only has a five-star mercenary team, and the six-star ones won't be available until the Second Sea."

"Oh, yeah." Omi spared a look of interest.

"Yes, your Flying Cloud Sect, many of the elders are in Zhubai City, they hold the position of Flying Cloud Sect Elder while they are settling down in Zhubai City."

"No wonder the Flying Cloud Sect has so many elders, but I haven't seen many."

"Yes, there are hundreds of elders in the Flying Cloud Sect, but there are only a few dozen that will not remain in the Flying Cloud Sect for the long term, most of them. Even if there are a dozen or so vice-patriarchs of the Flying Cloud Sect, most of them are in Jubal City. By the way, your Flying Cloud Sect's Sovereign, he's also in Zhubai City, and he's pretty well established in Zhubai City, which has a very luxurious residence that he owns."

"Okay, thank you, I'll go to Zhu Bai City some other time when I have the chance."
