Chapter 1691

After killing two in succession, the remaining two fled far away from another direction, and Omi didn't bother to chase after them.

However, that wasn't the end of it, because Omi remembered that there were three others who had just gone to the inn for dinner and packed up by the way.

So, Omi returned to the Silk Bamboo Mansion and killed those three when they returned from packing.

Omi stood on the rooftop of the Silk Bamboo Mansion and quietly waited for those three to return.

After waiting for almost half an hour, finally, the three Ning family members who had gone to pack returned, each of them carrying large cowhide bags in their hands.

"Dinner's ready." The three of them shouted at the front door before they entered, then rushed in with their bags.

"Ah." Once inside the inner room, the smell of blood hit them, and then at a second look, there were broken bodies all over the ground.

"Ah, what's going on? We're just going to pack it up, why."

"Look, the body that's split in half, it's like, it's Uncle Nine."

"Oh my god, it's really Uncle Nine, how did this happen." The three of them turned white, and the food packed back in their hands fell to the ground.

At that moment, the voice of Omi came from the roof, "I did it, before you die, I tell you, I am Omi." Remember the URL [.kanshu8.net](http://kanshu8.net)

Afterwards, a huge fist blasted down from above their heads.

"Boom." The three Ning family members who went to pack were blown to slag by Omi's chain man.

Omi clapped his hands and called it a day.

So far, Omi himself had forgotten how many Ning family members he had killed in total.

Omi offered up his flying sword and headed straight for Tianbao City, but Omi had just arrived at a familiar figure.

"Mm, that's Thousand Extremities." Omi was startled, yes, at this moment, an old woman was walking in at the entrance of Zhu Bai City, Omi could be sure that this old woman was dressed as Mu Qianjie.

Omi rushed down at once.

"Qianji."

"Omi." That old woman called out.

"Thousand Jie, you're back, you worried me to death, I was almost about to set off for Tian Bao City to look for you." Omi said anxiously.

"Hush, go back to being polite first, it's not appropriate here." Mu Qianji was busy making eyes at him.

"Uh, why is this place inappropriate, let's go back to the inn first?"

"Be careful through the walls, the Ning Family is in Zhubai City, there are definitely many people lurking, and there are definitely strong people at the Exalt stage." Mu Qianji whispered, while being wary of the surroundings.

Omi laughed and said, "Thousands of people, there's no need to be nervous, now we can say it out loud, out loud."

"Why, no one from the Ning family is in Zhubai City?"

"Thousand Jie, I've already killed everyone in the Ning family in Zhubai City, including one out of the first stage, but in the end, two YuanYing ninth stage ones escaped, I guess those two, went to TianBao City to look for Ning BaoJun, not surprisingly, Ning BaoJun's side is just as miserable."

"Ah, you, your chain man, you succeeded in the sacrifice?"

"Yes, my chain man completely spiked that Ning family's out-of-body stage powerhouse."

"Gosh, thanks to me being cautious about entering the city, so you've already killed the Ning family."

"Yes, Thousand Extremities, why did you only come back now, what happened?" Omi was busy asking.

"Alas, last time in Tianbao City, after you left, Jun Ning Bao took it out on the innocent civilians in Tianbao City. I took the opportunity to escape, but I didn't expect that I would be noticed by that YuanYing strong man beside Jun Ning Bao, after which he chased me, and then I escaped all the way with great difficulty and was lucky enough to escape back."

"That."

Just fine, I'm sure you've been in a lot of danger these past few days."

"Well, but it all survived." Mu Qianji jumped into Omi's embrace, but it was just a little strange for people on the street to see an old woman jumping into a young man.

Omi took Mu Qianji and returned to the inn first, so that Mu Qianji could have a good rest, she must have been exhausted these past few days.

And now, the two people who escaped, saw that Omi didn't chase after them, and that's when they stopped.

"Soooo, Ninth Uncle is dead, more than twenty brothers and sisters are dead, what should we do." One of them cried out.

"Don't cry, what's the use of crying, let's hurry now to find Uncle Eight and tell him the news, so that he can go back to Zhu Bai City and kill Omi."

"Mmhhh, let's hurry to Tian Bao City."

Just then, they saw two people flying in front of them, one of which was Ning Baojun.

"Ah, it's eighth uncle."

"Eighth uncle, eighth uncle."

Ning Baojun's brows furrowed and he flew up.

"Ning Gang, Ning Lan, what are you two doing out here if you're not staying in Zhu Bai City." Ning Baojun said with a bad face.

"Oooh, eighth uncle." The woman called Ning Lan cried out.

"What are you crying for."

"Uncle Eight, it's not that we're not staying well in Zhubai City, it's, it's because, everyone we had in Zhubai City, except for the two of us, all of them are dead, even Ninth Uncle is dead, sooooo."

"What." Upon hearing that, Ning Baojun shouted, on his side, only he and a YuanYing ninth stage were left, two of them were still alive, I didn't expect that only two of the more than twenty Ning family members who were guarding in Zhubai City were still alive.

"Heavens."

"How, Old Ninth He?" Ning Baojun's face was pale, the death of an Exaltation Stage for the family was a huge deal. After all, the entire Ning family was only eight out-of-body stages.

"Soooo, Ninth Uncle he, died without even taking off his infant body."

"Why would he?"

"Eighth Uncle, that Omi suddenly came to the Silk Bamboo House and killed the only two of us left."

"But, but Lao Jiu he's out of the box, how could he."

"Eighth Uncle, Omi somehow possesses a magic weapon that is exactly the same as the Heavenly Rope and far more powerful, Ninth Uncle he is no match for it."

"It's over, the family has lost an Exalt, it's over." Ning Baojun's eyes were dull and his face was extremely ugly, the death of an Exaltation Stage, this would be a joke if it was transmitted back to the family.

At this moment, the two YuanYing powerhouses who had just escaped from Zhu Bai City were busy asking, "Eighth Uncle, how did two of you come back? Where are the others? You guys also took nearly twenty people out at the time ah."

At the news, Ning Baojun's face went white again.

"They... They're all dead, and we only have two of them left." The only man alive behind Ning Baojun, the ninth stage of the YuanYing, said.

"What? You, you're only two of you left alive as well? Oh my god, our family has come out with a total of 40 people to hunt Omi, and only four of us are left alive?" The two people who escaped from Jubal City were completely dumbfounded, they thought that Uncle Eight's side was definitely intact, but they didn't expect that there were only two left as well.

"Ahhhh." Ning Baojun roared angrily towards the sky.

Yes, this time, a total of 40 people had come out to chase Omi, and Ning Baojun and another out-of-body, each with a team, and if, only four were still alive, the rest, all had died at Omi's hands.

This matter, has not yet been transmitted back to the family of the Four Seas, I really don't know, what kind of waves the family will make when it is transmitted back to the family.
