

King of kings

Chapter 1701

Just as Omi was eating, a man walked in at the entrance of the inn, the same watchdog named Yu Xing who was guarding the door at the auction.

"Master inside please." The inn's second servant immediately greeted him respectfully.

Yu Xing sat down in the other corner with his back to Omi.

Mu Qianji was busy reminding, "Omi, the auction house watchdog is here, he shouldn't have found us here."

"Well, I see, whether he found us here or not, his time to die has come."

"You're going to kill him?"

"What else? It's been a few more days of keeping the bastard alive, I thought we were going to have a day off today, it's time, so send him on his way early when you're done eating."

"Good, I'd love to kill him too."

After dinner, that Yu Xing walked out of the inn.

Omi and Mu Qianji immediately followed him.

Not long after leaving the house, they passed a small alley. One second to remember to read the book

Omi rounded the other end of the alley and blocked Yu Xing.

"Yoho, isn't this that Liu Fan?" Yu Xing was startled when he saw Omi, then gave a cold laugh, while a hint of greed appeared as he stared at Omi.

Yu Xing was thinking that Liu Fan had so many spirit stones on him, why not kill him and steal his storage ring.

Omi snorted coldly, "Watchdog, don't be a janitor, ah."

"Who are you calling a watchdog?" Yu Xing shouted, he was at the eighth stage of the YuanYing Clan and his grandfather was the third ancestor of the Yu Clan, but he was being scolded as a watchdog.

"Alright, I'm not in the mood to spend more time with people like you, you're not worthy."

"Liu Fan, you're looking for death." Yu Xing's gaze was cold and murderous.

Omi snorted in disdain, "You're calling me Liu Fan? Are you sure my true identity is Liu Fan?"

"Uh, what are you?"

"Look carefully, I'm Omi." Omi instantly changed back to his original form.

"Maybe you haven't seen me before, but that's okay, I'm stopping you at the moment, my purpose is to kill you. Watchdog, you were very arrogant at the auction house before, now, it's time to send you on your way." Omi's gaze was without mercy.

"You, you're Omi? How is that possible, isn't Omi your cousin?"

"Hahaha, I'm just hiding my identity, alright, Yu Xing, let's go on our way."

Yu Xing snorted, "So what if you're a Omi, I'm a hallowed Yuan Ying 8." Before finishing his sentence, Yu Xing suddenly found that his skull was smashed, as if a hand, which reached directly into his brain, grabbed his Yuan Ying out.

In just a second, Yu Xing's infant was pulled out alive by Omi.

"Ah!" Yu Xing seemed foolish as he watched his infant being grabbed, his corpse's head shattered and falling to the ground.

"This, how is this possible." Yu Xing's Yuan Infant said dumbly.

Omi had one hand holding onto the Yuan Infant, and that hand was still bloody.

Omi said, "Are you trying to say that you're an infant of the eighth stage."

"Omi, spare your life." Yu Xing's Yuan Ying immediately changed his attitude, after all, he hadn't even finished a sentence, and people were just pulling his Yuan Ying out of his brain, this strength wasn't on the same level at all. No wonder it was rumored that Omi had killed two Ning family ancestors, he was really this powerful.

"Spare your life? You think I'll spare your dog's life?"

"Omi, spare my life, you adults don't remember the faults, spare me, I was more than offended before, please spare me." Yu Xing's infant cried and pleaded.

"Where's the arrogance from before, it really makes me look down on you

."

Omi tsked.

"Omi, I was wrong."

At that moment, Mu Qianji reminded, "Omi, don't talk nonsense with him, feel to pinch his infant."

Yu Xing cried out as soon as he heard, "Don't kill my infant, Senior Tang, I'm begging you."

"Death to you." Omi showed no mercy.

Yu Xing paused and shouted, "Omi, you have to think carefully if you really want to kill me."

"What? Begging for mercy doesn't work changing to threats, okay, tell me, what do you want to threaten me with." Omi, who was about to squeeze Yu Xing to death, stopped his hand.

Yu Xing said, "Omi, my grandfather is the third ancestor of the Yu Clan."

"Then what? Is that it?"

"Ah, you're not afraid of Yu's three ancestors either? He's a strong man of the seventh stage of Exaltation."

Omi trailed off, "A mere seventh stage out of the box, he dares to be rampant in front of me. You Yu's Auction House dared to pit my spirit stones and threatened me with death afterwards, do you think, your grandfather can still live for a long time?"

"What do you mean? You want to kill my grandfather too?"

"Hmph, wait well on the Yellow Spring Road, your grandfather won't take long, I'll send him down."

After saying that, Omi squeezed Yu Xing's infant in one fell swoop, and Yu Xing's infant dissipated into a cloud of smoke.

Omi and Mu Qianji walked away as if nothing had happened.

Since they decided to rest for the day, they would rest well.

Omi said, "Let's go, let's go find Xia Xiaoxin."

"You go ahead, I won't go." Mu Qianji said, Mu Qianji didn't know Xia Xiaoxin, so naturally, he didn't really want to go, so he might as well walk around on his own.

"Fine, be careful then."

Omi walked off alone.

Omi asked a passerby on the street, "Hello, do you know how to get to the Fourfold Sea Xia's house?"

"The summer house? What are you doing in the summer house, that's not an ordinary person's place."

"Looking for my classmate."

"What's your classmate's name?"

"Xia Xiaoxin."

"Haha, I knew you were going to find Xia Xiaoxin."

"Uh, how did you know that I was going to find Xia Xiaoxin?"

"Don't pretend, Xia Xiaoxin is a famous beauty embryo in the Four Seas, and will definitely be the number one beauty in the future, there are plenty of people who want to go and make friends with Xia Xiaoxin and liaise with her in advance."

"Alright, just tell me how to get to the Xia family."

"Go ahead, you can find it by just asking around, but if you're really going to find Xia Xiaoxin, you should forget it. Xia Xiaoxin already has a marriage."

"Uh, there's a marriage?"

“You don’t know, you don’t know and you still want to pick her up, her fiancé, one of the six combined families of the Four Seas, the Mitty family’s genius young master, Mitty Shellcroft.”

“Mitty Shellcroft? Who named this? Step forward and I promise not to laugh at him.” Omi rolled his eyes.

With Omi’s current realm, no matter what kind of shit-crusted man stepped forward, it wasn’t enough for him to look at, and this Mitty Sheller, Omi didn’t even have the desire to remember his name.

“Senior, you don’t want to talk about the Mitty Sheller behind his back, if he knew, you wouldn’t know how miserable you’d be.”

“Alright, don’t bullshit with me, I’m going to go find Xia Xiaoxin.”

Omi walked forward.

At that moment, that passerby shouted, “Hey, Senior, if you really want to see Xia Xiaoxin, why don’t you go to the Four Seas Heavenly Fragrance Hall, maybe you can meet Xia Xiaoxin there.”
