"Because I want to see you, that's why I'm challenging you." Omi threw a wink at Xia Xiaoxin.

"You." Xia Xiaoxin frowned when she saw Omi throwing fawning eyes at her.

And that Mitty Sheller, even more so, was going to be furious.

"Feng Tianya, how dare you flirt with my fiancé in front of my face." The Mitty Shellcracker shouted.

At that moment, that very powerful old man said, "Alright, stop arguing, Feng Tianya, your realm is already at the fifth stage of Spiritual Harmony, and the object of your challenge is only at the fifth stage of Heart Shining, so you don't meet the rules of the Heavenly Fragrance Hall's challenge. You now have two choices, the first, leave, the second, change to an opponent who is at the same realm as you. All the geniuses of our Heavenly Fragrance Hall are at your disposal to choose."

Omi pointed at the Mitty Shell Guru and said, "Then it's him."

The crowd was shocked, he was at the eighth stage of Spiritual Harmony.

When he saw Omi wanted to challenge him, he said angrily, "Feng Tianya, are you sure? Don't blame me for bullying the weak."

That very strong old man said, "Feng Tianya, are you sure you're serious? Mithi Shellcroft is already at the eighth stage of Spiritual Harmony, the third ranked genius of the Four Seas, are you sure you're not crazy?" That very strong old man seemed to be a little angry.

Omi snorted somewhat impatiently, "I'll challenge him with one hand, come on, don't have no fun, shithead, do it."

"Fuck you, who do you call a shit sheller." Mitty Shellman growled, Omi felt very disrespectful, didn't Omi know that everyone else could only worship his name on the Supreme Monument? One second to remember to read the book

Omi became angry and rushed straight up.

"Good coming." Rather than being more pleased to see Omi do it, the Mitty Shellers immediately greeted him.

"Bang." In the next second, the Mitty Shellcracker was punched by Omi and crashed into a wall with a bang, and most importantly, the Mitty Shellcracker fainted to death.

"Ah." A group of onlookers were shocked, a Spiritual Healing 5th stage, but a punch dried up a Spiritual Healing 8th stage, who exactly was the third ranked young genius of the Heavenly Fragrance Hall now? This result was too unbelievable.

That very strong old man was also shocked, and his body trembled.

"Feng Tianya, how could you, how could you, just like that, one punch, knock him out, this, this is impossible, Mithishellan he is the third ranked young genius of the Four Seas, he's from the Four Seas Combined Family. How could you." That old man looked at Omi incredulously.

Omi said, "Alright, since you're already here, let's challenge your Heavenly Fragrance Hall, the number one ranked Song Yaoyao, and the number two ranked Yun Haitian along with you. Who is Song Yaoyao and who is Yun Haitian?"

A man and a woman stepped forward, both of them were at the ninth stage of Spiritual Harmony.

Omi said, "Gentlemen, do you mind if I bully you a bit? If you don't mind, I'll knock you out, and if you do, I'll leave."

That Song Yaoyao snorted, "Let go of the horse."

"Bang!" In the next second, Omi knocked out Song Yaoyao with one punch.

Then, looking at the second ranked Yun Haitian, Omi asked, "You're a member of the Yun family, right."

"Right."

"Bang." Omi kicked over and knocked him out.

The people around looked at Omi incredulously, it was simply impossible to describe it as ungodly.

Omi looked at the old man and said, "I'm sorry, I didn't mean to intrude, let's leave it at that, Xia Xiaoxin I also see

Up, goodbye."

After saying that, Omi turned around and left.

"Wait." That old man shouted.

"What is it."

Feng Tianya, I'm observing your body, are you really not yet 30 years old."

"Does it matter?"

"It's important, if it's true, then you are worthy of the title, the number one genius youth of the four seas. You can join our Heavenly Fragrance Hall, you can cultivate in our Heavenly Fragrance Hall, the seventh floor, the best spot is reserved for you." That old man said somewhat excitedly.

"Hahaha, thank you senior for your kindness, unfortunately, I'm not interested, farewell." Omi's body moved and walked away like a string of shadows.

That old man sighed and said, "Looks like I was wrong, true geniuses are not interested in coming to the Heavenly Fragrance Hall, phew!" After saying that, the old man looked at the unconscious Mitty Shells, Song Yaoyao and Yun Hai Tian. These three strongest geniuses, their names were looked up to, but when they were compared to Windy Sky, they were suddenly disappointing.

"Palace Master, they are still unconscious, should we wake them up?" One person asked.

That old man said, "On the Supreme Monument, the names of the three names, Mitty Shells, Song Yao Yao, and Yun Hai Tian Tian, are changed to Wind Sky."

"Ah, three names to be on the Wind Sky?"

"Right."

Soon, the top three ranked names on the Supreme Monument outside the Heavenly Fragrance Hall all became Feng Tianya. And, the note on the back was not yet noted: wind Tianya, mysterious genius, early twenties in age, realm spirit healing fifth stage, taking the top three with the strength to spike the Mity Shell Lang, Song Yao Yao Yun Hai Tian.

Omi quickly returned to the inn.

Omi only took it as a trip to relax, never expecting that he would casually play in the Heavenly Fragrance Hall and make a big name for himself, and by the evening, the three words Feng Tianya were known by almost some of the strongest people in the entire Four Seas Family.

Everyone was shocked as to who this Feng Tianya was and why he was so mysterious, but such a genius, just in his early twenties and only at the fifth stage of Spiritual Harmony, he could defeat the top three ranked genius youths in seconds.

For a moment, Feng Tianya became the focus of public opinion among the great families of the Four Seas.

Omi, on the other hand, had already calmed down once again and practiced the Ninth Blade of Shura.

In the blink of an eye, nearly half a month had passed again.

Finally, Omi's Shura Ninth Blade had been practiced.

At one place, the Shura Ninth Blade was like heaven and earth, and there was nowhere to escape.

Omi smiled, with the ninth blade of Shura, Omi was absolutely confident that he could kill the fifth and sixth stage of the knack.

Even if it was at the seventh stage of the Exaltation, Omi might not be without a fight.

The eighth stage of Exaltation might be a bit more difficult.

Omi remembered that Ning Fang, the ancestor of the Ning family, was an out-of-the-box seventh rank, and Omi was about to embark on an operation to destroy the Ning family, so it was inevitable that he would have to fight him next, and although Omi was confident, he wasn't a hundred percent sure.

Of course, if Omi's magic weapon could be sacrificed to the high-grade inferior, then, not to mention the seventh stage of Exaltation, even the ninth stage of Exaltation could be killed with a single sword. But unfortunately, a magic weapon would have to be sacrificed to the high grade, I'm afraid it wouldn't be so fast.

"Omi, looking at your face, are you practiced with the Shura Ninth Blade?" Mu Qianji asked.

"Yes, practice makes perfect, Thousand Jedi, we can start executing the Ning family, it's impossible to spare the Ning family from killing so many commoners."
