Omi said, "Ning Fang, now that you, Ning Family, no longer have an out-of-body stage, and the last out-of-body stage you, I also caught the infant, what are your last words?"

"What the hell is going on, Don Omi? Why did my flying sword suddenly change targets? Why?"

"You want to know why?"

"Yes, or I'll die in peace."

"Hahahaha, unfortunately, I just hope you die with a grimace, so get on your way."

"No, wait." Ning Fang's infant yelled.

Everyone saw how a person struggled before they died.

"What other last words do you have? Are you sorry you messed with me? Unfortunately, regrets are useless, the consequences are so severe for anyone who messes with me. The Four Seas has messed with my family, and it's not just your Ning family." After Omi said this, an old man in the crowd's face trembled, this man, the third ancestor of the Yu Clan .

Of course, he wasn't the only one at the scene, the rest of the people also thumped in their hearts, saying inwardly, "Omi said this, could it be an allusion to the previous, Yu's Auction House that pitted Omi? Many people know about this matter, Omi's cousin Liu Fan was screwed by Yu's auction house, for which Omi sent a warning letter to Yu's, but not only did Yu's not return it, he also said that he would let Omi die without a burial place."

"Yu's is going to be finished, Omi said that any family that offends him will end up like the Ning family."

The crowd was talking for a while, pointing directly at the Yu Clan, and there were also Yu Clan onlookers on the scene, many of the Yu Clan were now a bit scared. The first website m.kanshu8.net

Ning Fang's infant begged, "Omi, can you spare my life."

"Spare your life? If a man wants to die, the heavens will not forgive." After saying that, Omi was going to crush the infant.

"Wait, Omi, I'll tell you one thing." Ning Fang's YuanYing hurriedly shouted, his fear of death nature showing, and all family feuds were forgotten.

"Say." Omi really stopped, and Omi wanted to know what he wanted to tell him.

"Omi, the Second Ancestor of the Four Seas Ziyang Family said that you're trash, and that he wants to kill you and steal your flying sword." Ning Fang's infant pulled his former best friend down before he died.

Hearing Ning Fang's words, everyone at the scene was shocked, because, everyone knew that the Ziyang Family's Second Ancestor, Purple Shadow, and Ning Fang were good friends, and they hadn't died often cultivating, drinking tea, and chatting together.

However, before dying, Ning Fang, in an attempt to survive, had told Omi what they had said in private chat, in an attempt to divert hatred and gain Omi's favor.

Everyone trembled at Ning Fang's actions, as expected, there were no true life and death relationships in the immortal world, and at critical moments, where was their own lives precious.

Omi's eyebrows furrowed, thinking that Ning Fang wanted to tell him some important treasure clue or something like that, but it was such meaningless words.

Omi asked, "Who is the second ancestor of the Ziyang Family? Why did he call me a piece of trash? Why do you want to steal my flying sword?"

Ning Fang's infant was busy saying, "The Purple Sun Family's Second Ancestor Purple Shadow, I used to be quite close to him, and when he talked to me, he said that you're trash and so on and so forth."

At this moment, in the crowd, the Purple Sun Family's Second Ancestor, Purple Shadow, was also there.

Purple Shadow's face was blue, damn, thanks to him being friends with Ning Fang before, he didn't expect that he would try to pull him down, he had seen what a dangerous human heart is!

It was evil. He had indeed said bad things about Omi before, but that was because he was good friends with Ning Fang and helped him speak.

Omi laughed, "Ning Fang, you think, I'll bypass you if you stall for time? It's just so you can live a few more seconds."

"No, Omi, please spare me. By the way, Purple Shadow is also there, you can call him out and see if I'm telling the truth."

Omi swept around and said, "Who called Purple Shadow? Please step forward."

An old man stepped forward, his face full of anger.

Omi asked, "Ning Fang said that you cursed me behind my back, is that true?"

Purple Shadow disliked the tone of Omi's high-minded questioning, though he wasn't necessarily an opponent.

"Right." Purple Shadow said with a nod.

"You even admitted it, I didn't want to pursue the matter, who doesn't have many people to scold behind their backs, as long as it's not to their face it doesn't matter, but you even admitted it, so if I don't take some action, wouldn't I be very sorry for myself?"

Purple Shadow snorted, "Omi, my Ziyang family is not so easy to bully."

"Which so what, the Ning family said so before."

"Hmph." Purple Shadow was filled with anger, both at Omi and at Ning Fang.

“Ning Fang, not wanting to live for yourself, you dragged me into this, thanks to the fact that we’re still friends too.”

Omi said, “Alright, I don’t have time to listen to your nonsense, Purple Shadow is it, please apologize to me immediately, I can forget about it and pretend that I didn’t know that you cursed me behind my back.” This was Omi’s greatest forgiveness.

That Purple Shadow, at any rate, was the second ancestor of a Nine Out Family, how could he pull off an apology to Omi in full view of the public.

Purple Shadow snorted, “I can’t possibly apologize to you.”

Purple Shadow felt so depressed, so depressed, it had nothing to do with him, but he was forced to get into trouble and was betrayed by a friend. As for scolding Omi behind his back, heck, who hadn’t been scolded behind his back, as long as it wasn’t to his face, the abuse behind his back wasn’t really meant to mess with the other party.

Omi snorted, “Purple Shadow, I miss that you only scolded me behind my back, so I’m not going to pursue it, just making you apologize, you don’t even apologize, it’s not like you think that I’m too easy to bully Omi.” Omi was also a bit depressed, he really didn’t want to bother about this kind of thing, but since he knew about it, he definitely had to make the other party apologize so that Omi would be able to save face.

But he? actually had a very hard attitude, and Omi hadn’t wanted to make an extra incident and was forced to make an extra incident.

Perhaps, this was Ning Fang’s conspiracy.

Now that Ning Fang’s plot had succeeded, Omi and Purple Shadow were indeed involved, and Omi had ignored him for the time being.

Ning Fang only hoped that, in the end, Omi would shift the conflict onto Purple Shadow and then spare him for that reason, he could only gamble.

Purple Shadow couldn’t pull off a face-saving move and was determined not to apologize to Omi, otherwise, his Ziyang family would lose all its face.

And for the sake of his face, Omi must also make him apologize symbolically and leave it at that.

“Ziyang, don’t force me.” Omi’s gaze was cold.

“Omi, not everyone is afraid of you, I did scold you behind your back, but where so what, I didn’t scold you to your face.” Purple Shadow said angrily, apologizing for even cursing him behind his back, it was too bullying.
