"Poof." The Lu Family's Five Ancestors spewed out a mouthful of blood wildly, receiving a tremendous amount of backlash.

"Bang." Omi slapped him on the head.

The Fifth Ancestor of the Lu Family immediately detached his infant body.

In the next second, Omi grabbed the Lu Family's Fifth Ancestor's infant and grunted, "This is what happens to you if you don't know what's going on. If you talk nicely, I can leave untouched any of your unrelated people in the Lu family, but unfortunately, ah, the path is chosen by you."

"Omi, don't don't." When the Fifth Ancestor of the Lu Family saw that Omi was going to crush his infant, he was busy begging for mercy, just now he was still very tough and was still feeling the loss of his family, but now he had lost all his temper.

"Don't what?"

"Don't pin me down, Omi, if you have something to say, don't be impulsive." The Five Ancestors of the Lu Family completely changed their tone.

"Heh, didn't you want to settle a score with me just now? Are you still complaining about the family's great loss?"

"Omi, what good would it do you to kill me, please be kind."

"If I had known that earlier, why would I have just now."

"Me." The five ancestors of the Lu family were depressed to death. First URL m.kanshu8.net

"Omi, as long as you let me go, I'll agree to anything you say."

Omi said, "Okay then, I'm asking you, Lu Yuxi's parents were framed by Lu Chang, do you care about this?"

"Don't worry, I promise to personally investigate this matter, if it's true, I'll definitely kill Lu Chang, no, even if it's not true, I'll kill Lu Chang to avenge Lu Yu Xi's parents."

"If you were so sensible just now, then nothing will happen, not only will your physical body not be destroyed, I won't even strangle that Sixth Ancestor's infant just now, do you understand?"

"I, alas." The Fifth Ancestor of the Lu Family was depressed inside, how could he have known that Omi was so powerful, otherwise, of course he would have known better.

Omi let the Lu Family's Fifth Ancestor's infant go, after all, he had admitted his mistake and had no other hatred, so he let it go.

"Thank you for not killing me."

"Alright, I'll give you an hour to seize the shed, after an hour, come back and deal with the matter of Lv Yu Xi's parents."

"Yes." The Five Ancestors of the Lv Family's infant flew away in a panic, losing their physical bodies for nothing, it was really depressing.

"Tang Shao, thank you." Lv Yu Xi said gratefully.

"Alright, who's with who between us, let's go."

Omi and Lu Yuxi, amidst the gazes of many many Lu family members, entered the Lu family.

The scene where Omi had just smashed the flesh of the Lu Family's five ancestors was seen by many, including many weaker Lu Family ancestors, and none of them dared to say anything.

Omi sat down in the Lv Family's main hall and immediately a maid came up to serve tea, as if she didn't dare to offend, and didn't know if any of the ancestors had explained it.

"Yu Xi, where are your parents detained? I see you're restless, so why don't you go and rescue your parents first."

"Mhmm, my parents are being held in the Family Heavenly Prison, but, the Heavenly Prison doesn't have a magic key, so I can't even enter."

"Let's go, lead the way."

Omi and Lu Yuxi arrived at the underground of the Lu family.

Sure enough, there was a sky dungeon under the ground, seemingly sealed by some powerful restriction.

"Tang Shao, you must have the family's magic key to open it."

Omi didn't say anything, slapping his palm on the restriction, the immortal energy in his hand emerged, as if it was like sulfuric acid, corroding the entire restriction.

"Bang." The entire restraint made a loud sound and the Heavenly Prison trembled.

"Alright, the restriction is destroyed, there will be no more of this."

"Ah." Lu Yuxi was shocked, Omi had actually corrupted Lu

The family's prohibition was destroyed, originally this thing, could also defend against external enemies, if the family had any serious disasters in the future, they could hide in the Heavenly Prison, ordinary people couldn't break the prohibition. Now it was good that it was destroyed by Omi, in other words, Omi really did damage.

Entering the Heavenly Prison, he saw two people being held there, they were Lu Yu Xi's parents.

"Father, mother." Lv Yu Xi shouted excitedly.

"Yu Xi?You." Lu Yuxi's parents were a bit surprised, because Lu Yuxi was significantly much, much older compared to what they remembered, a big girl, when they were first imprisoned in the Heavenly Prison before, they were still a little girl.

"Father, mother." Lv Yuxi threw herself into her parents' embrace and the three of them cried together as a family.

Omi stood silently to the side, seemingly somewhat touched, after all, back then, Omi also had daughters. Now that he saw their family of three, he couldn't help but think of himself, his family was no longer on earth, and he was left alone to continue his pursuit of the Immortal Dao.

"Yu Xi, let Mother take a good look at you, you've grown up so much."

"Mother, oooh." Lu Yuxi hugged her mother, if, she was all as tall as her mother.

Lu Yuxi's father was also surprised and excited to see Lv Yuxi, back when they were imprisoned in the Heavenly Prison, Lv Yuxi was still a little girl less than ten years old, now, all of them were as tall as her mother, it was a bit unbelievable.

"Yu Xi, a tremor just now in the Heavenly Prison, what's going on? Opening the ban won't cause tremors ah, by the way, how did you get down here." Lv Yu Xi's father was busy asking.

Lv Yu Xi said, "It's Tang Shao, he destroyed the restriction and came to save you."

"Ah, destroyed the restraining system? How is this possible, even if it's the Merging Stage, it may not be able to destroy the ban ah, unless it's a very powerful Merging Stage."

"I don't know about that either, Tang Shao is very powerful, right, this is Tang Shao." Lu Yuxi panicked and introduced Omi.

Omi smiled at Lu Yuxi's parents, "Hello, I'm Omi, congratulations, the family has been reunited."

"Hello."

"Alright, the air in the sky dungeon is bad, let's go up to the ground and talk." After Omi said that, he went to the ground first, and returned to the main hall.

When he returned to the main hall again, the five ancestors of the Lu family had also seized back.

"Fellow Daoist Tang."

"Yo, seize the shed back." Omi smiled.

"Oh, that, I can go and release Lv Yu Xi's parents first." The Fifth Ancestor of the Lv Family said.

"It's not necessary."

"Ah, why?"

"I've already gone to the Heavenly Prison and rescued them."

"Fellow Daoist Tang, what are you joking about, the ban on our Heavenly Prison, even the Combination Stage."

Just then, Lu Yuxi and her parents walked in.

“Ah.” The Five Ancestors of the Lu Family were shocked when they saw Lu Yuxi’s parents.

“This, how is this possible.”

Omi said, “I’m sorry, I destroyed the Heavenly Prison’s restrictions.”

“What? That was the defense base of our Lü family for generations.”

“Oh, it won’t be there in the future.” Omi waved his hand while the five ancestors of the Lü family were incomparably distressed.

Omi said to Lu Yuxi, “Yuxi, reunite with your parents, I’ll go back to the inn first.”

“Well, thank you Tang, I’ll invite you to the Lv family some other day.”

“Of course, I’ll leave first then.” Omi turned around and left the Lv family.

The Fifth Ancestor of the Lv Family watched Omi leave with a depressed face, Omi had ruined too many things in their Lv Family this time, and yet he was helpless and had to force a smile to thank him for his unkillling grace.
