"Alright, stop it, the brass told us to look, we're going to have to dig deep to find it, let's go home, take a shower and continue our search out of town tonight, I'm sure we'll always find a trace of that guy."

"Well, see you tonight then ."After saying that, the two soldiers in blue armor separated, their homes were in different directions .

Omi quietly tracked the last one, but of course, the one Omi tracked was weaker, with a realm that was only at the first stage of the combined body.

Omi was sure that he could kill him in seconds.

Omi tracked him to an upscale neighborhood, only to see that person fly into a tall building, about 250 floors up.

Omi immediately tailed him in.

The man who was at the first level of the combined body was completely unaware of Omi's stalking until Omi stood in front of him.

"Who are you?"

Omi snorted, "The man who wants your life."

"You."

"Bang."Omi subdued him in one fell swoop, his hand pressed against his head, Omi's consciousness invaded the other party's brain to access his memory information, it would have been a very dangerous move because if he wasn't careful, he would be swallowed back up, but who let him be Omi, what others couldn't do, he could easily walk to. Very quickly, Omi acquired that person's memory information.

This person's name was 'Blue Fox Wuji', a generation of Blue Fox Family's next generation, this status, compared to the previous one, Blue Fox, could be said to be very high, moreover, this Blue Fox Wuji was also considered to be a very genius, only two hundred and thirty years old, he had cultivated to the first stage of the combined body.

Omi then killed Blue Fox Wuji, and then threw Blue Fox Wuji's corpse, directly into the spatial ring.

Just then, a noise came from the door and someone came in.

Omi rushed to the room and quickly disguised himself as Blue Fox Wuji.

As soon as Omi finished his disguise, the room door was pushed open and a beautiful woman asked in confusion, "Wuji, when did you come back, what are you doing hiding in the room?"

"Uh." Omi was startled, he didn't expect that this Blue Fox Wuji, had found a rather beautiful daughter-in-law ah, but unfortunately, the real Blue Fox Wuji was already dead.

"Oh, just arrived." Omi said.

That beautiful daughter-in-law immediately walked into the room and wrapped her hand around Omi's neck, looking at Omi with deep affection.

Omi searched Blue Fox Wuji's memories, his daughter-in-law's name was Blue Fox Caiyue, and she was the 18th generation of the Blue Fox family's side line.

As long as there were more than 5 generations of the same family, they could get married.

"Caiyue, what do you want?" Omi asked.

"Wuji, am I really getting less and less attractive?"

"Uh, why do you ask."

"Infinity, you haven't touched me in over two years."

"I'll go." Omi was shocked, this Blue Fox Wuji's daughter-in-law really wanted Omi.

Omi was damn depressed, he wasn't her husband.

"Caiyue, there will be plenty of opportunities in the future, alright, I still have to go out of the city to search for that person who holds a heavenly magic weapon." Omi pushed that beautiful daughter-in-law away.

"Wuji, please, did I do something wrong." That beautiful daughter-in-law looked like she was grumbling.

Omi was really depressed, what is this called, if Mu Qianji knew, he would definitely be jealous, but this Blue Fox Wuji's daughter-in-law was really quite beautiful.

"No, you didn't do anything wrong, alright, I'm leaving."

"Wuji, you stop."

"Caiyue, wait for me to come back."

"Wuji, don't think I don't know."

"Uh, what do you know?" Omi was busy asking.

"Did you mistakenly consume an elixir two years ago that caused you to be S*xually impotent and you didn't dare to be known by me, so you haven't touched me for two years." That beautiful daughter-in-law said.

"Who did you hear that from."

"I listened to Demon Wind.

said."Demon Wind was the one who had just returned with Blue Fox Wuji.

"Oh, he would tell you that?You're not having an affair with him, are you."Don Omi chuckled.

"Pah."A slap came over, Omi was extremely depressed, he was actually slapped by a woman, however, what Omi just asked was really hurtful to her.

That Blue Fox Caiyue cried, "Wuji, you actually said such a thing, I'm very disappointed in you, if you want to go, go ahead, I won't stop you."

"Bye bye."Omi flew straight out of the window, that beautiful daughter-in-law cried out tears as she watched Omi fly away.

"Bitch, if I wasn't afraid of exposing my identity, I'd exterminate you."Omi said as he touched his freshly slapped face.

Omi came to the city gate and then went out of the city in a dignified manner.

Omi went straight to the cave house of the Eight Eye Flood Snake, but Omi didn't dare to use his heavenly flying sword anymore, but instead used an ordinary flying sword, otherwise, he might be seen at any time, as the entire Five Seas, all the Mahayana stages were looking for him and Mu Qianji.

Half a day later, Omi arrived at the cave residence of the Eight Eye Flood Snake.

Omi was startled, the freshwater lake where the Eight Eye Flood Snake's cave was located was half dried up at the moment.

"Hey, what's going on?"Don Omi was shocked.

"Eight Eyes."Omi shouted and rushed into the lake.

Unfortunately, the lake didn't find the Eight Eyes Flood Snake, nor did they see Tang Huan and the three of them.

"Oh no, something really happened."Omi's face went white.

Omi quickly arrived at the nearby Horse Head Village.

When Omi flew to Horse Head Village, it was also in a mess.

Ma Tau Village had many stone houses before, but right now all the stone houses were destroyed, and Omi also saw many corpses of the old men who had come in from the Four Seas.

"How did this happen, is this the so-called digging up the ground?This is clearly decapitation."Omi was furious.

At that moment, a voice came out weakly from one of the collapsed stone houses in Ma Tau Village.

Omi immediately went up.

It turned out to be an infant tied up in the stone, that infant hadn't died, but couldn't leave.

That infant Omi recognized, it was the infant of the strongest person in Horse Head Village, Bai Wu Rong.

“Senior Bai Wuyoung, you?” Omi was shocked, but Bai Wu Bo’s infant looked at Omi in surprise.

Omi immediately transformed back to his original form, and only then did the white boiling infant know that it was Omi.

“Omi, it’s you.”

“Senior Bai, what’s going on here?” Omi immediately rescued Bai Wu Bo’s infant.

“Omi, you should leave, the entire Five Seas, the eight great cultivation families, are looking for you, I’ve never seen such a large group, the entire Five Seas, all the Mahayana ah.”

“How do you know they’re looking for me?”

“I can tell with my feet that they’re looking for you.”

“Senior White, so they’re persecuting you?”

“That’s not true, they don’t know what your name is, nor do they know our relationship with you.”

“Then why are they destroying Horse Head Village and killing so many of its ancestors, and what about my three friends, so much for the cave house of the eight-eyed flood snake?”

“Everywhere they go, they force us to ask if we’ve seen you or not, and whether they have or not, they wreak havoc afterwards, and torture us severely, and because the eight great families are looking for them, they’re all afraid of being found first by their families, one more ruthless than the other.”

“And what’s going on over there with the eight-eyed flood snakes? Where are some of my friends?”

“I don’t know, those friends of yours, don’t they say they’re with you?”

Omi didn’t ask any more questions, as he had asked Tang Huan and the others to go to the Eight Eyes Flood Snake to cultivate, and this hadn’t been told to the people of Horse Head Village.

Now it seemed that Tang Huan and the others had either been captured by someone with ulterior motives, or had escaped, hopefully.
