

King of kings

1789

The group of people flew up as well, only the horse forced to stall a little before following.

Omi spent more than a day returning to the Mo Clan Dynasty.

At an inn in the Mo Clan Dynasty, Omi found Mu Qianji and the others.

"You're back, it's taken you almost three days to get here and back. By the way, did you find Mo Yuyan?"

"No."

"Then why didn't you continue to help."

"I wanted to continue helping, but I got angry back, and a strong man of the third stage of martial robbery, called Ma Force, suspected me of having something to do with Mo Yan's disappearance, and that psycho, for some reason, seemed to look at me as if he was very upset."

"Uh, looking at you very unhappy? That means he has a ghost in his heart."

Omi was startled, "What ghost?"

Mu Qianji said, "You personally took them there, you must have found some clues, and then, that what's-his-name had a ghost in his heart, so he was upset with you."

Omi thought about it carefully, it was a bit possible, Omi found a wooden plank at that time, doubting whether it was the plank of the Princess's vessel, and Omi also provided a clue to the Princess's direction to the north. The one called Ma Force, nine times out of ten, didn't like to see the result, but Omi provided it, so he was disgusted with Omi. First URL m.kanshu8.net

Although it was just a guess, it was not impossible.

"Hmph, if that's the case, then Mo Yuyan's disappearance must have something to do with Ma Beng, I told you, this Ma Beng with such a silly name is definitely not a good person." Omi snorted.

"Oh, whether it's a good guy or not, it has nothing to do with the name. However, it's good for you to come back, anyway, you can't help much if you continue to follow to find Mo Yuyan, why don't you come back and think about checking out the relationship between this Horse Force and the Mo Dynasty and learn more about the inner workings of the Mo Dynasty."

"Well, check, definitely check."

"But, what if that Horse Force comes back and makes a move on us? If he really had something to do with Mo Yuyan's disappearance, he'll definitely do something to us when he returns."

"Yeah, our best option right now is to leave the Mo Dynasty and stay away from whatever internal struggle is going on here. We just want to find a place to build a cave to cultivate anyway, the remaining eight imperial dynasties can satisfy us."

Omi shook his head and said, "I won't leave, Mo Yuyan no matter what, she saved us at our life and death moment, otherwise we would have all died long ago at the hands of that trash Wang Pi, I must find out the mystery of Mo Yuyan's disappearance. If Mo Yuyan dies, I will definitely take revenge for her." Omi said firmly.

Mo Qianji said, "Yes, I support you."

"We also support you, in short, we'll support you in whatever you do."

Omi said, "No need, staying here is bound to have some risks, although I want to repay Mo Qianye's kindness, it doesn't mean that I want you guys to get involved with the risks as well."

"What arrangements do you have in mind, you can just say it." Mu Qianji said.

"Qianji, until the mystery of Mo Yuyan's disappearance is thoroughly investigated, you take the few of them with you and keep your distance from me, but of course, you can choose to leave this place."

"Okay, I'll listen to you, but you must be careful yourself. We won't leave the Mo Dynasty, we're here too, but we keep our distance from you, and we'll only contact you in secret, so go ahead and do whatever you want."

Omi nodded, "Then let's go thirty circles away first and buy two cave houses that aren't too far apart from each other,

And we can always keep an eye on each other."

"Good."

Omi didn't make any more appearances and sent Mu Qianji to the Cave Management Pavilion to directly purchase two mansions, both of which were thirty circles away from each other, not very far apart from each other, separated by a river.

Omi lived in one, and the rest of them lived in the other.

Mu Qianji led Tang Huan and the others into the mansion where they lived, and said, "Sisters, no more opposite, Omi has a sense of propriety in what he does, since we choose to keep a certain distance from him, don't think so much about what he's doing, and practice our own, we'll start cultivating officially from today, in order not to cause more trouble, I'll teach each and every one of you first! Disguise. Beautiful women are always easy to attract attention, it's safer to be ugly."

Yan Xinyi said, "Qianjie, he's your dual monastic partner, are you really not worried at all? Let him do what?"

Mu Qianji smiled, "Xingyi, Omi is more than a hundred times more powerful than me, if we have to worry, it's him who worries about us ah, we can't do anything but worry blindly, we might as well practice well and save him the distraction."

"Also, let's practice well then, we should really leave him for a while, so we can practice on our own, we can't rely on him for everything anymore."

"Alright, let's start learning the Easel Technique."

Mu Qianji formally taught the disguise technique to them.

And Omi was currently sitting in the cave on the other side of the river.

Omi was thinking about how to understand the internal problems of the Mo Dynasty clearly.

Omi went to the street and found a crowded inn to pry into the Mo Dynasty, but he didn't have much luck.

However, Omi found out that this Mo Dynasty had an underground auction house, the underground auction house often had many strong people in it, these strong people would only be more likely if they wanted to pry into some of the internal matters of the dynasty.

Thus, Omi arrived at an underground auction house.

"Hello, Senior, please come in."The gatekeeper of the auction house was very enthusiastic and invited Omi in.

Omi asked, "Is there everything here?"

"Back to Senior, we can't guarantee what this auction side has put out for sale, but I can guarantee that what's not even available here, is even more impossible to find anywhere else.Senior, what do you want?I'll keep an eye on it for you, and the next time there's something like this, I'll send someone to your house to inform you to come to the auction."

Omi said, "I would like to get a piece of information, please, who knows the most about the internal matters of the Mo Dynasty, such as the situation of the enmity of those strong men of the Mo Dynasty who have gone through the tribulation stage.I am willing to bid a seventh grade spirit stone for this information."

"Ah, such a high price, hehe, Senior, let me recommend someone for you."

"Who?"

"He's a guard of the Mo Dynasty, Lone Guardian East, although he's only at the distraction stage, he's been working as a guard at the core of the Mo Dynasty for years, he should understand some of the internal grudges of the Mo Dynasty after all."

"Alright, you can get him here."

Not long after, in a small private room, a Distraction Stage came.

"Pay your respects to senior."That Divide Stage guard bowed, he looked to be mostly older than Omi.

"Sit."

"Senior don't be polite, whatever senior wants to know is fine with me."

"Good, I want to know something about the real situation of the Mo Dynasty that outsiders don't know much about."
