1806

Omi said to Mo Qing, "Father-in-law, Ma Force, I've been putting up with him for a long time."

"Good." Saying that, Mo Qing cut out with his sword.

"Poof." Mo Qing cut the horse compulsion in half with a single sword strike.

Mo Qing was at the fourth stage of the tribulation and Ma Force was at the third stage of the tribulation, even without Omi's Heavenly Formation, he could still kill him in seconds, not to mention that Ma Force was still trapped inside the formation now.

"Force-er." Ma Diao, Ma Force's father, hissed as he watched his son get killed.

Mo Qing said, "Uncle Ma Diao, I'm sorry, but your son also really deserves to die, and there's no longer a long emperor in his eyes like me."

Ma Diao angrily looked at Mo Qing and gritted his teeth, "Mo Qing, you son of a bitch, I will kill you, and you." Ma Diao looked at Omi again.

Omi said, "Unfortunately, you only have the next life. My father-in-law, call out the other two first-stage Tribulation ones of the Mo Dynasty and attack them together until they die."

"Good."

Mo Qing immediately called out the two first-order Tribulation ones called Liu Bing and Song Complaint, then attacked them together with the four Omi.

Trapped in the Sky Formation, Yao Bang, Yao Ai, Yao Xiang, and Horse Eagle, the four of them could only passively resist, however, they all knew that they couldn't absorb the external aura and would slowly be exhausted sooner or later. One second to remember to read the book

In this way, Omi and the four of them attacked them until evening.

The four people in the formation were already very tired, their minds and spirits were being tortured.

Yao Bang shouted angrily, "Release me immediately."

Omi grunted, "Zhang Mad, I'll see how long you can hold on."

"You." Yao Bang was so angry that he was going to vomit blood, he was actually going to be killed by a Mahayana stage, there was nothing in the world more suffocating than this.

However, at this moment, in the Yao Clan Dynasty, there were already secret spies informing the other martial powerhouses of the Yao Clan Dynasty of what had happened here.

"Are all the Tribulation Stages here?"

“His Majesty the Second Emperor, here he comes.”

In a palace of the Yao Clan dynasty, five robbery strongmen were standing there, the strongest of these five robbery strongmen, the strongest one was at the fifth rank of robbery, the rest were all at the first to fourth rank of robbery. The one who was called ‘Second Emperor’, his name was Yaoyin, he was a female, at the third stage of Tribulation, and was a Half Immortal of the Yao Clan’s own surname. There were only four half-immortals of the Yao Clan’s own surname, and three of them were trapped by Omi.

That Yao Yin looked at everyone and said, “I just got the news, Yao Bang, Yao Ai, Yao Xiang, the three of them ran into trouble in the Mo Clan Dynasty.”

“Ah, how is it possible, one of them is at the sixth stage of tribulation and two are at the fifth stage of tribulation.” Everyone looked disbelieving.

“It’s a thousand times true, the information sent by the intelligence agent we planted in the Mo Dynasty, he said that he found the murderer who killed Yao Youtian and Yao Yangtian, but that murderer had a very strong Formation Scroll, right now, all three of them are trapped by the Formation Scroll, trapped together with Ma Diao and his son, but Ma Diao is already dead.”

“What formation scroll can be trapped for so long.”

“For the time being, we can’t know, our intelligence said that the murderer joined forces with Mo Qing, and Mo’s two other first-tier tribulation, and kept attacking the people trapped in the formation. I think that the people trapped in the formation will not be able to absorb the aura, so if they keep attacking like this for a long time, they will definitely collapse, leading to death. Therefore, I called you all here today because I want you to come with me to the Mo Clan Dynasty and make sure to rescue Yao Bang and the others.” Yao Yin’s eyes were filled with prayers.

if a betrayer appeared among them right now, then the Yew Clan was going to be finished. Their Yao Clan’s original surname was Half Immortal, and the strongest three were all trapped.

So, Yaoyin focused his attention mainly on that fifth stage of tribulation called Zhuzhou, who was now the strongest half-immortal powerhouse among them.

Zhu Zhou’s eyes did flicker twice, and I don’t know if he had such thoughts.

Yao Yin said, “Senior Zhu Zhou, it all depends on you if you can rescue Yao Bang and the three of them. The Mo Dynasty, Ma Diao and his sons are also trapped, so the strongest one is Mo Qing, the fourth stage of Tribulation, if you take action, you can instantly rescue Yaobang and the others.”

Zhu Zhou nodded and said, “Okay, let’s go then.”

“Thank you, our Yew Clan Dynasty will not forget you.”

Thus, the five people immediately rushed out of the palace and flew in the direction of the Mo Clan Dynasty.

In the skies above the Mo Clan Dynasty, Omi and the others were still attacking until the next morning.

The four people who were trapped in the formation were now in a very poor state of grayness.

Mo Qing said, "Fellow Daoist Omi, let's take a rest first, they are trapped in the formation anyway, they can't absorb the aura and will only get weaker and weaker."

"Good." Omi stopped to rest.

Just at this moment, a powerful Qi came from the sky in the distance.

Mo Qing's face changed, and he was busy saying, "Not good, it must be the other strong Half Immortals of the Yao Clan Dynasty who have rushed to the rescue."

Omi said, "Uncle Qing, who are the other strongmen of the Yao Clan Dynasty?"

"There's at least one more at the fifth stage of the Tribulation."

"Uh, Yew's so many strong half-immortals."

"What now? That fifth stage of tribulation is called Zhu Zhou, he can kill us in minutes." Mo Qing was busy.

Omi smiled, "Don't be afraid, Uncle Qing, I have everything. Although that what's called Zhuzhou, is of the fifth stage of the Transgression, but don't forget, even the sixth stage of the Transgression is now at our disposal to fight, he is a fifth stage of the Transgression, and he is still stronger than the sixth stage of the Transgression, Yaobang? If he dares to come up here, I'll F*cking trap him too in a minute."

"You, you still have the Scroll of Heaven?"

"Of course, it's just a pity that we have to waste another one for a Fifth Stage of Tribulation, but we have to do it when we have to."

As soon as Omi finished speaking, five Half Immortals flew up, and the strongest one of them was indeed at the Fifth Stage of Tribulation.

When Yao Yin saw the trapped and beaten up Yaobang and the others, he immediately shouted, "Grandpa, uncle, brother. Quickly release them."

That Yao Yin's eyes looked towards Omi and shouted angrily.

Omi grunted, "Who are you? You have the guts to go in and accompany them."

Yao Yin looked at Mo Qing and said angrily, "Mo Qing, you dare to be so bold, you don't want to hang around, and you won't let him release my grandfather and the others."

Mo Qing sneered, "What time is it, you're still being cocky in front of me, Yao Yin, you're a third stage robber, believe me I'll kill you with a slap."

Yao Yin was helpless, so he had to look at Zhu Zhou, busy saying, "Senior Zhu Zhou, what are you waiting for, do it, kill Mo Qing, you are at the fifth stage of tribulation, Mo Qing is no match for you at all."

Zhu Zhou said, "Mo Qing, let them go immediately."

Omi said, "Can you speak a little louder? Is it obvious that you're very reluctant to save them?"

"Bullshit, I'm a member of the Yew Dynasty, I'm bound to save the Long King."
