

King of kings

1817

It wasn't that Omi remembered this little beauty, but because that little white dragon of Omi's was still being raised at Xia Xiaoxin's place.

Omi flew to the Xia family, Xia Xiaoxin is now at the front door, because she had already heard Omi's voice.

Xia Xiaoxin was a little excited.

Omi landed in front of the Xia family's gate and saw Xia Xiaoxin at once.

Omi saw Xia Xiaoxin with a smile, that little girl who was the same age as Omi at the time of the Flying Cloud Sect, is now a pavilion girl, slim, extremely delicate face, so delicate that one looks dazed looking at it, incomparably alluring, even Omi, who has read countless women, was also bright and shocked at the first sight of Xia Xiaoxin, really a woman's transformation.

"See Senior Tang." All the strong men of the Xia Family ran out to pay their respects.

Among these strongmen of the Xia Family, the strongest was only at the ninth stage of the Exaltation, but of course, the Xia Family also had several ancestors, and in the Five Seas, those ancestors had all reached the Combination Stage.

Nowadays, the Merging Stage was so weak in Omi's eyes.

Omi said, "There is no need to be polite."

"Senior Tang, please come inside." The head of the Xia family greeted.

Omi looked at Xia Xiaoxin, smiled slightly, and then walked into the door. Remember the website .kanshu8.net

Xia Xiaoxin didn't say a word, or she didn't know what to say, because she felt that the difference with Omi was too big nowadays, Omi was so powerful that she couldn't breathe.

Xia Xiaoxin couldn't imagine that this man who was so powerful that she couldn't breathe was only a weak disciple and a small child in the Flying Cloud Sect back then, but now, Omi was also a man of great strength.

As soon as Omi sat down in the hall, there were many people outside the door.

"Senior Tang, the heads of all the families in the Four Seas are waiting at the door."

Omi said, "Let them in and collect their spirit stones."

"Senior Tang, do you really want to pay back five times as much? This is a seventh grade spirit stone, the preciousness of seventh grade spirit stones, this." The master of the Xia family ached, in his eyes, a seventh-grade spirit stone was very precious.

"It's only a seventh-grade spirit stone, now I have more than enough to eat for dinner."

"Ah."

Then, many Exaltation Stage Immortal cultivators came in and first paid their respects to Omi, then, they began to serve back the spirit stones.

Omi said, "One by one, come up here and declare your families, each family how many spirit stones I stole at that time, I still remember clearly."

The first one came up and said, "Senior Tang, I am the head of the Moon Clan."

Omi immediately said, "Moon Clan, I stole a total of 360 Seventh Grade Spirit Stones from you at first, and now, I am returning it five times over, returning a total of 1800 Seventh Grade Spirit Stones to you."

"Thank you, thank you." The owner of the Moon Clan cried in excitement, before he hated that he was stolen out of everything, but now, he hated that he didn't have more Spirit Stones to steal from Omi.

"Omi, I'm the Tai Clan's family master."

Omi immediately flipped out 1,780 seventh grade spirit stones and said, "This is five times more for you."

"Thank you, Senior Tang, Senior Tang is really a good man."

"Senior Tang, I am the head of the Meng Clan."

Omi flipped out 2,100 Seventh Grade Spirit Stones and said, "In total, I stole 420 Seventh Grade Spirit Stones from you before and after, and now I'm returning them to you five times."

The Meng family head cried in excitement, seeing so many seventh grade spirit stones for the first time in his life.

Those in the back who hadn't yet collected it were trembling with excitement, they couldn't understand how Omi had so many seventh-grade spirit stones, it was too terrifying.

Just like this, one by one, more than sixty families in total were receiving them, each of them was in a state of bliss

Put.

"Thank you, Senior Tang."

"Alright, there's no need to thank me, I'm the one who wants to thank you, although the compensation you received today was five times as much, that day was incredibly precious to me." Omi would never forget that the seventh grade spirit stones stolen from their family added up to as much as fifteen thousand, and this fifteen thousand seventh grade spirit stones caused Omi to soar from the second stage of Exaltation to the Merging Stage.

"Everyone, go back."

After everyone left, Omi said to the head of the Xia family, "In the beginning, I also stole about 350 Seventh Grade Spirit Stones from your Xia family."

"This, huh." The Xia family's family head rubbed his hands in excitement.

Omi said, "Since I'm friends with Xia Xiaoxin, so, my compensation to your Xia Family is naturally different from theirs. How about this, to your Xia family, I will compensate you with twenty times the amount."

After saying that, Omi poured out 7,000 seventh grade spirit stones on the ground, and the entire hall was filled with them.

"My good boy." A few of the Xia family's out-of-body stage powerhouses turned pale with fright.

"Put it away." Omi said.

"Thank you, thank you Senior Tang." The few out-of-body stage of the Xia family panicked and put it away.

Omi said, "Alright, you guys can go out now, call Xia Xiaoxin in. This girl, I'm here, she's not enthusiastic at all."

The Xia Family Master said, "If Senior Tang is interested in Xia Xiaoxin, feel free to take her away."

Omi said, "Xia Xiaoxin isn't an item."

"Yes yes yes."

A few strong Xia family members walked out of the hall and personally went to call Xia Xiaoxin over.

Xia Xiaoxin walked into the hall in style, looking at the way she walked, her plump buttocks twisting and turning, extremely charming.

"Pay your respects to Senior Tang." Xia Xiaoxin paid a bow.

Mu Qianji said, "You guys chat."

Mu Qianji walked away and closed the door.

Xia Xiaoxin's heart thumped as she saw the door close.

Omi smiled and said, "Xia Xiaoxin, why are you so formal."

"Senior Tang is no longer the same now, Xiaoxin doesn't dare to be rude." Xia.

Omi said, "In your eyes, I may be unattainable, as strong as the heavens and the earth, but do you know that I am in the Six Seas, there are people stronger than me oppressing me, and it's not even my turn to worry about the sealed archaic ferocious beasts trying to break free. So, strong or not, it's just relative. It's like if you return to the Flying Cloud Sect now, is everyone going to kneel down and worship you."

"Ugh."

"Xia Xiaoxin, there's no need to be polite, we've known each other since we were young, and I've also watched you grow up. I didn't expect you to look so standard now, hehehehe." Omi's laugh felt creepy to the ears.

Omi asked, "By the way, Xin, where's my little white dragon?"

"Sebastian she's out playing, I don't know."

"I came back this time to take the little white dragon away," Omi said.

"Ah." Xia Xiaoxin was shocked and said with a face of reluctance, "Senior Tang, I have established a deep friendship with Xiaobai, I treat her like a sister, can you not take her away."

Omi frowned and said, "As a sister?"

"Little White is also a higher creature, her intelligence is not inferior to humans, we can't treat her as an animal, she's not an animal." Xia, seemed to be afraid that Omi would treat the little white dragon as an animal.

"Don't worry, of course I know this, not to mention the little white dragon, even if it's a creature lower than a dragon, Jiao, I recognized him as a brother back then." Omi's image of Little Black appeared in his mind, if Little Black succeeded in evolving, he would become a dragon before he would become a creature of the same level as the Little White Dragon.
