

King of kings

1875

"Omi, can you return the Infinite Heavenly Book to me?" Gao Yang sent the king running into Omi and said.

"Uh, Infinite Heavenly Book, what is this?" Omi pretended to be stupid and asked.

"Omi, you can't be so brazen, I don't have the Book of the Peerless Sky now, I'm at the bottom of the rankings of several major immortal dynasties."

"Alright, Gao Yang sent the ruler, I swear, I'll definitely return it to you when I'm tired of playing with it, the Infinite Heavenly Book is just a book, it's not a good thing." Omi didn't bother to get into more trouble with Gao Yang Sending Monarch.

"Thank you." Gao Yang Sending Monarch was happy inside, no matter when to return it, but promise to return it to him will do, originally Gao Yang Sending Monarch didn't think that Omi would return it to him.

Gao Yang Sendingjun asked, "What happened to Bird Pengjun who came to us in a hurry? Did you know that?"

"How should I know, I'll know if I enter the Bird Dynasty's palace." Omi snorted in his heart.

At that moment, a shout came from behind, "Greeting Senior Tang."

When Omi turned back, it was Zhuzhou.

"Zhuzhou, shouting to pay your respects to me from afar, you're afraid that no one will notice me right?" Omi glared towards Zhuzhou.

Zhuzhou was a foreign half-immortal of the original Yew Dynasty, but then Omi killed the half-immortal of the Yew Dynasty, Zhuzhou was forced to become the Long Emperor, and the Yew Dynasty was changed to the Zhu Dynasty. A second to remember to read the book

It was just that nowadays, the Zhu Dynasty was the weakest force in the Six Seas, as Zhuzhou was only at the fifth stage of the tribulation. Right now, when Zhuzhou saw Omi and respected him so much, maybe he wanted to flatter Omi.

Omi said, "Everyone, don't say I didn't tell you ah, Bird Peng Jun of the Bird Dynasty, the reason why he hurriedly came to us is because he was threatened by a person who came down from the Seven Seas, that person is called Yi Biao Fang. Some time ago, the Yi Clan sent someone down to establish a family branch in our place, but I don't know which one of the gods killed the clan member that the Yi Clan sent down to establish the branch. So, if I'm right, this Yi Cousin Fang, is the one who came down to investigate this matter."

"What? Someone killed the I Clan? God, what god damned bastard was so bold." Everyone was shocked.

Omi said, "Alright, when we enter the Bird's Palace, let's relax, we haven't done anything anyway."

“Good.”

Omi and the others, entered the Bird’s Imperial Palace together.

Sure enough, in one of the main halls of the palace, a fifth-ranked man with a contemptuous and dignified face was sitting at the top of the palace, while Bird Peng Jun stood obediently at the bottom.

Bird Peng Jun was originally of the sixth stage of the tribulation, the longest emperor of a dynasty, but right now, in front of the Yi family, a man of the fifth stage of the tribulation, he was behaving like a servant. It certainly wasn’t a fear of Yi Piao Fang, but a fear of the family behind him, after all, the Yi Clan was a family that possessed pseudo-immortal weapons.

“Are they all here?” After Omi and the others entered the main hall, Yi Piao Fang swept his gaze over Omi and the others, then asked.

Bird Pengjun said, “Fellow Daoist Yi Piao Fang, we are here in the Six Seas, and the people from the several major cultivation dynasties, let me introduce you to them.”

“No need to introduce them, I have no interest in what these people are called.” Yi Piao Fang said from on high, he didn’t even want to know what Omi and the others were called.

“That’s right that’s right, you’re the law enforcement chief of the Yi Clan, of course you don’t care to know us.” Tori Peng Jun was busy nodding his head.

&nbs.

p; Yi Cousin Fang looked at everyone and said, “Everyone, it wasn’t Bird Peng Jun who asked you to come. Let me also cut to the chase, our Yi Clan, sent a few half-immortals down to establish a family branch, but heck, they were killed, I want to know the murderer now, I bet it was definitely one of you who killed them, now give me an honest account of who killed my Yi Clan.” Yi Cousin Fang said with threatening eyes.

Bird Peng Jun was the first to swear, “I swear to the heavens, I absolutely did not, my Bird Dynasty, absolutely no one dares to touch your Seven Seas.”

You Changhu was the second to say: “I also swear to the heavens that I have absolutely none.”

Li Chenlong said, “I am an honest man, Mr. Yi Cousin Fang, this is something that everyone knows, I cannot dig my own grave and kill people from your Yi Clan. It’s an honor for you to come to our Six Seas and establish a branch, it’s not too late for us to welcome you.”

Gao Yang sent Jun also swore that he didn’t and welcomed it, and was so happy that he couldn’t sleep for days and nights when he found out that they had come to establish a branch in the Six Seas.

Omi almost didn’t vomit when he heard that.

And the Zhu Dynasty’s Zhuzhou, not to mention, was busy saying, “I, the Zhu Dynasty, am the weakest of all the dynasties, and I am even more unlikely to be able to, and I still hope that it is clear.”

In the end, Omi was the only one left who didn’t swear.

Omi didn’t expect to swear, to make Omi swear at a fifth-ranked tribulation trash, Omi really couldn’t do it.

Ibiao Fang looked at Omi and humphed, "Everyone has sworn, why don't you?"

Omi smiled, "Everyone swears, and if I swear too, won't I be following the trend, so I won't swear."

"Kneel down." I Tablefang yelled.

"What?" Omi's eyebrows furrowed and he was made to kneel in disagreement?

"I said, kneel down, you're a third stage of tribulation, I'll make you kneel down and talk to me." Yi Tablefang shouted.

Omi shook his head and laughed, "Yi Tablefang, you bitch, I didn't want to attack, but you're too damn angry. Alright, alright, no need to investigate, I'd better explain myself, the people you sent down to establish the family branch were killed by me, they tried to establish a branch in my territory, they really didn't know how to live, so I exterminated them." Omi directly admitted, Omi wouldn't let this Yi Table Fang live anyway.

However, the rest of them were stunned that Omi had explained himself.

"Daoist Tang, you, you, it's actually you."

Everyone was dumbfounded, not expecting that Omi would be so bold as to even kill someone from the Seven Seas Super Power.

At this moment, Yi Table Fang's face was extremely ugly.

"It's you, unexpectedly, it's you." Yi Tablefang stood up in anger.

Bird Peng Jun, You Chang Hu, Gao Yang Sending Jun, Li Chen Lonely, Zhu Zhou, Sang Jin Ye, they all retreated to the side, away from Omi. Omi's death had nothing to do with them anyway, so as not to set them ablaze.

Ibiao Fang's eyes were spitting fire as he looked at Omi, he thought that it wasn't so easy to investigate, it would definitely take more than half a month to investigate it, but he didn't expect that it was only the second day. To be precise, it was the murderer himself who gave an account.

"What's your name?" Izumi Fang asked angrily.

Omi said, "Listen, your grandfather, me, is called Omi."
