"Hmph, that's true, but as the lowest ranking human, you are not qualified to refuse me, only I refuse, not you."

Omi sneered, "If I'm not mistaken, you must be the lowest status in the dragon race, specializing in serving others, right?"

That dragon woman's face shook, indeed, she was the lowest in the dragon clan, otherwise she wouldn't have been sent out to do such a thing.

The dragon woman snorted, "No how, even though I'm the lowest in the dragon race, compared to the humans in your Extreme South Continent, I'm incomparably noble, an existence you can't look up to."

Omi didn't bother to bother with her and snorted, "You can get out now."

"If you dare to refuse me, believe me if I just go out and shout, there will be countless dragons coming to kill you."

"Then go out and shout, no matter how you shout, I'm not interested in you, if you don't get out, don't blame me for being rude."

"You wait." That dragon woman panicked and ran away.

Omi cursed, "Psycho."

Little Fire walked in from the doorway.

"Brother Chen, what happened? You're not going to drunkenly flirt with a dragon woman, by golly, you're too bold to do that, even though Sebastian is a dragon princess. The Dragon Clan is already high and mighty, and looks down on the humans of the Extreme South Continent." Remember the URL .kanshu8.net

"What nonsense, it's a psychotic dragon woman who wanted to serve me, and I refused, and she was actually annoyed that I actually wanted to curse, owed that what."

"Uh, Minister, you're so charming?"

"It was sent by the old patriarch, to show his gratitude to me."

"Why don't you play a little, then, Minister? No fun for nothing, and you're just as well to try and see if you really can and dragon."

"Roll."

"Hahaha." Little Fire laughed and walked away.

After Little Fire left, Omi suddenly had some regrets, it wasn't that Omi wanted that, but, Omi didn't need it, why couldn't he give her to Purple Hitomi?

Purple Hitomi was just a few guest rooms away, so it could have been given to Purple Hitomi.

But regrets were no longer useful.

That Dragon woman returned to the Old Clan Chief to report back, saying that Omi didn't need her.

The old patriarch didn't say anything, just smiled, wondering if it was Omi who was too ugly for her. It wasn't that the old clan chief didn't send him a beautiful dragon lady, but considering the impact, he couldn't, after all, in the eyes of all dragons, Omi and the others had a very low status, and if he sent a beautiful lady to him, he would definitely be gossiped about.

The next day, Omi woke up early in the morning.

"Little Fire, Purple Hitomi, it's almost time."

"Good."

The three of them walked out of the room and went to say goodbye to Sebastian first.

"Brother Omi, are you guys going back so soon?" Sebastian was full of resignation.

"Yes. It's been a few days since I've lived in the Dragon Clan."

"Alright then."

"Little White, remember, we'll go back first then."

Omi signaled to Little Fire and flew off.

Little White watched tearfully as Omi and the others went away, impulsively wanting to follow them several times.

Omi quickly left the Dragon Clan's territory.

"Brother Chen, are we going back to Tang Chi Gate now?" Little Fire asked.

Omi knew that Little Fire really wanted to go to the Unicorn.

Don

Tzu-Chen said, "Little Fire, you want to go to the Qilin Clan, in that case, I'll accompany you."

"No no no, I don't mean that. Brother Chen, these past few days in the Dragon Clan, we have also gained some understanding of the other continents of the Seven Seas, and even farther north, there are many races living here, not only the Dragon Clan, but also the Qilin Clan, and what's more, the Underworld Clan, and many other races, all of these races, are at the level of holy beasts, higher level species than humans, they have high vision and look down on humans very much. At any rate, Violet Pupil and I are the Qilin and Dragon races, to put it bluntly, if we go out in the Seven Seas, we're at least a bit more distinguished than you. Brother Chen, in fact, I want to ask you if you and Purple Pupil can return to Tang Dynasty Gate first. I want to make my way by myself, and I can't keep following your ass."

"That won't do." Omi firmly opposed.

"Brother Chen, I'm begging you, let me make my way alone, don't worry, I, Little Fire, am not a jobber, and you know my strength as well. I have inherited memories, even if I was born a unicorn, I may not be more powerful than me."

"Little Flame, are you sure you don't want me to accompany you?"

"I need to walk alone too, Minister, I can't keep following you, besides, if I find the Qilin Clan, at least I'll be safer, unlike you, what if the Qilin Clan is bad for you, so I want to be alone." Little Fire was already very clear.

Naturally, Omi was not going to force it any further.

"In that case, be careful, I'll wait for you to return."

"Mmhm, don't worry, I'll be careful."

Omi patted Little Fire's shoulder.

"Brother Chen, I'll leave first then."

"Go ahead, make your way into the world, and look forward to your return."

"Good." Little Fire nodded, then flew off in the opposite direction of Tang Ji Gate.

Omi and Violet Pupil were left in the sky.

Omi said, "Violet Hitomi, do you need to make a break for it by yourself?"

"Me."

"A man should go out in the world."

Purple Pupil said, "Uncle Minister, it's actually more like I'm going to the Dragon Clan."

"Uh, didn't you just come out of the Dragon Clan?"

"Minister, although the Dragon Clan doesn't treat me well, I want to fit in with them."

"That's right, I was negligent, I should have followed up and asked Sebastian to give you a hand to help you settle down in the Dragon Clan, with Sebastian's status, it should have been a breeze."

"Minister, I want to rely on myself, even though I am a Jiao snake evolved, I believe that I am no worse than those born dragons."

"Purple Hitomi, if you want to do something, just go ahead and do it."

"Thank you, Uncle Minister, then I'm returning to the Dragon Clan."

"Do you want me to send you back, follow up with a shout?"

"No, no really."

“Well, then, be careful and send a message back in the future if you’re settled in the Dragon.”

“Good.”

Omi watched as the purple pupil returned along the road back to the Dragon Clan.

Omi sighed, four people came out on this trip, and as a result, he was the only one who went back. Moreover, they might all have new homes in the future, Little Fire would definitely return to the Qilin Clan in the future, and Purple Pupil would definitely settle down in the Dragon Clan, too.

Omi was a bit wandering inside, sighed, then turned around and flew away.

The status of humans in the Extreme South Continent was so low, in case of provoking other races outside, it might bring a disaster to the entire Extreme South Continent, it was better to return to Tang Ji Gate first, cultivate well, bring up the realm, and in the future reach the seventh or even the eighth stage of tribulation, and then come back to act.
