

King of kings

1999

However, when Belinda Ma saw her growth over the past ten days, her heart also felt incredible, the difference in strength between her ten days ago and now, let alone three years ago, was too great.

Omi said, "Belinda Ma, now that you're participating in the Genius Ranking Shuffle again, I have enough confidence in you, in fact, it's not even impossible for you to enter the top eighty."

"Ah, the top eighty, oh my." Belinda Ma herself was shocked, you know, she was just starting out on the path of Pre-Human Immortal, ah, just starting out, she could enter the top eighty, it was incredible.

"Prepare well." After saying that, Omi turned around and walked away without any more nonsense with Belinda Ma.

Belinda Ma looked at Omi's back and was dazed for a moment.

In fact, right now, Belinda Ma was quite complicated inside, compared to three years ago, Belinda Ma had changed so much, Belinda Ma couldn't help but ask herself inside, "If Zhou Mi hadn't brought her here three years ago, then she would still be just a woman from Xixing Town who had just stepped into the Immortal Kingdom."

The capital city of the Yunluo Immortal Kingdom suddenly began to become lively from this day onwards.

Many people from outside the country came to the capital to participate in the Genius Ranking Shuffle Competition.

At this moment, in Xixing Town, the Niu Family.

"Dancing Water, practicing hard for three years, this time, the Genius Ranking has been re-ranked again, you have to work hard this time when you enter the city." An old man said to Niu Danceshui.

Niu Dancing Water's eyes flashed with a sardonic color, he would never forget how Zhou Mi stole his fiancée three years ago. First URL m.kanshu8.net

"Don't worry, Dancing Water will never disappoint you all in this ranking competition, in these three years, I have turned my grief into strength, I feel, right now, full of strength, I'm going to enter the top 100 of the genius list, and, I'm going to defeat Zhou Mi, I'm going to stomp on him in front of everyone, in front of Belinda. Then, bring Belinda back." Niu Danceshui gritted her teeth.

"Dancing Water, we believe in you, you've improved so much in these three years, you can definitely do it."

Niu Dancing Water gritted his teeth and said, "Of course I can, the heavens tormented me so much, defiled my fiancée, stole my fiancée, this is just a little tribulation from the heavens, a little motivation for me."

A young man from the Niu family was busy saying, "Brother Dancing Water, that's right, in the play sung in the theater shed, the protagonists in that play are all like this, at first they are insulted and tortured, only afterwards do they rise strong, you are definitely like the protagonist in the play, Brother Dancing Water, explode."

Niu Dancing Water's gaze chilled, and in his heart, he said, "Zhou Mi, wait for me, the time for me to rise has arrived."

Similarly, at this moment in the Xian Kingdom Palace.

The emperor said to a servant beside him, "The contest to re-rank the genius list will begin soon, I want to make sure that this re-ranking, the top three must be princes of my royal family, and the top ten must be more than five of my royal family. Otherwise, how will my royal clan make the people of the territory look."

That servant smiled and said, "Your majesty, rest assured, my royal descendants have always been incredibly powerful since ancient times. In the past, every time a ranking competition was held, the top three were all royal princes, and the top ten often had five or six, all of whom were descendants of princes. I'm sure it will be the same this time as well, after all, it's not like the ranking competition has only started for a year or two."

"Although it's true that in the past, every time my prince could take the top three places, but this matter is about the dignity of my royal family after all, I can't not worry about it. Go and call Yun Hua, Yun Meng, Yun Zi, Yun Lin, Yun Qiang, Yun Gu, these people to me. They are the top three ranked Human Immortals at all levels from the last year, and I want to personally lecture them."

There's still about twenty days until the competition, I'm going to give them special training."

"Yes, Your Holiness, I'll go and call." That servant immediately went to call.

The emperor sat in the main hall, his brows locked, he didn't know why, he felt quite worried. He had to make sure that the top three people ranked at all levels of the Human Immortal hierarchy had to be from the royal family, so as to show the majesty of the royal family.

At this moment, in Princess Yun Meng's back garden.

Princess Yun Meng was talking to a word called Yun Zi.

"Zi'er, in twenty days, the genius ranking competition will start again, how come you still have time to come to my place to play." That Cloud Dream Princess said.

That little girl called Yun Zi smiled and said, "Sister, what are you worried about, fifty years ago, I first participated in the Pre-Human Immortal Genius Ranking Competition, I won first place, and now it's been fifty years, can't I still collect this first place ah. I don't believe that there are still people who can snatch the first place of my pre-human immortal genius, besides, these fifty years, because I haven't heard where any genius has risen ah." That Cloud Violet Princess said with a confident face.

Princess Yun Zi, who was also incredibly beautiful and on the younger side of the age spectrum, was even more infinitely adorable.

Yun Zi said, "Sister, you have already contacted several sessions and won the first place in the late Human Immortal stage, you must be the same this time, right?"

"Of course, I must hold on to the first place, not only me, you must also hold on to the first place in the early stages, so that I can keep my royal face."

“Sister, there’s no need to worry about that at all, in the Yunluo Immortal Kingdom, who else is more talented than our royal children, our royal descendants are not only more talented, but also have more immortal destinies, so we can definitely rule the Yunluo Immortal Kingdom forever.”

“Everything can’t be absolute, alright, Yun Zi, you should also hurry back to your cultivation, be careful of sailing a boat.”

At this moment, a eunuch-like servant came and reported, “Join Yun Meng, Princess Yun Zi, His Majesty has asked you to go forward.”

“Uh.”

“Did my father say anything?” Yun Zi was busy asking.

“His Majesty told you to go and obey, regarding this ranking competition, and also, His Majesty is going to specially train you to ensure that nothing goes wrong.”

“Good.” Yun Meng also Yun Zi, immediately left for the palace where the emperor was.

Similarly, the other prince and princess, as well as the royal descendants, were also on their way to the emperor’s palace.

In no time, Yun Meng, Yun Zi, Yun Hua, Yun Lin, Yun Qiang, Yun Gu, and a dozen others arrived at the emperor’s palace.

The emperor looked at these people and said, “It’s about to start another round of ranking competition, how are you all preparing?”

“Back to Father, we are all ready.”

“Yes very well, but I’m still not sure, maybe you don’t understand what this means to us, so you must keep your names. Yun Meng, Yun Hua, Yun Lin, you three, you must keep the first, second, and third place in the Pre-Human Immortal.”

“Yes.”

“Yun Qiang, Yun Gu, Yun Xiu, the three of you, you must keep the top three in the middle Human Immortal stage.”

“Yes.”

“Yun Zi, Yun Chun, Yun Blame, you three, you must keep the first three of the Pre-Human Immortals.”

“Yes, Father.”
