

King of kings

2010

"Mi'er, maybe the Emperor isn't as good as you think he is, after all, in his eyes, you're still too weak, every strong Earth Immortal is very proud, you're only a pre-Human Immortal to be on your guard, not necessarily thinking too badly of strong Earth Immortals."

"I hope I'm overthinking this." Omi didn't want anything stifling to happen, Omi's goals were ambitious, even if Omi became powerful in the future, Omi wasn't interested in snatching a small immortal kingdom and becoming an earth emperor here.

After Omi returned home, the next step was to prepare to travel to Upper Fey Yan Continent to get the title of First Grade Immortal Master, once he got the title of First Grade Immortal Master, everyone would recognize Omi as a First Grade Immortal Master.

"Belinda Ma, I'm heading to Upper Fei Yan Continent, do you want to go with me?" The next day, the Don asked.

"Ah, right now?"

"Right."

"Good, but can you find it if it's so far away in Upper Yama?"

"Take your time to find it."

Omi and Belinda Ma departed immediately.

Not long after Omi and Belinda Ma had left the imperial capital of the Yunluo Immortal Kingdom, someone was reporting Omi's whereabouts.

"Reporting to Yun Ziyi gongzi, Zhou Mi has taken that Belinda Ma with him and left the imperial capital of the Immortal Kingdom." One second to remember to read the book

"I can't believe he left the capital, that's good, I was worried he was hiding at home for a chance. Where did they go?"

"It looks like it's heading to the Upper Fey Yan Continent."

"Take a few people with you right away, and kill when you find the right opportunity." Princess Yun Zi gave the order.

"Yes."

"Wait, I'm going too."

"Ah, Princess, never, you can just wait for our news in the capital."

"Hmph, a mere pre-Human Immortal Zhou Mi, can't it be that he can still threaten my safety, if he can't even protect me, what use do I want you trash. I'll look at Zhou Mi's desperate eyes and finally cut off his head, I'll see if he still dares to be arrogant in my royal territory."

"What the princess said is also true."

Omi didn't know that the emperor didn't take him seriously and strangled him, but there was someone who was very upset with him. That was Princess Yun Zi.

Although Princess Yun Zi was a beautiful woman, she had been loved by thousands of people since she was a child, and her heart could no longer bear any disrespect. Omi defeated her, she didn't think it was a matter of her own strength, but a matter of Omi's arrogance, and if it were anyone else, she might have deliberately let some water out to let her win and not let her lose so embarrassingly. But Omi was too arrogant, not giving her any face at all, beating her.

Death, before Yun Zi Gong had even left the ring, she had sentenced Omi to death.

However, she couldn't kill Omi openly, but she also had to carry out the assassination behind everyone's back, otherwise she would receive a very large public opinion, and also, it would damage her reputation.

Princess Yun Zi, with three strong men, these three strong men were one late Human Immortal and two mid Human Immortals, left the Immortal Empire Capital in secret, and went after Omi.

"Belinda, there's an inn ahead, it's late at night, let's rest first, we'll catch up tomorrow." Omi said, they walked for two days and came to a small town, this town was not as prosperous as Xixing Town, there was only one inn.

"Good."

Omi entered the inn and booked a room, it was obvious that there were many vacant rooms, Omi only booked one, Belinda Ma blushed, but inside she was full of anticipation. After that day she was willing, she knew that she could never leave Omi again.

"Princess, are you going to do it?"

"Don't be so hasty, it's still in the boundaries of the Yunluo Immortal Kingdom, wait until they leave the boundaries of the Yunluo Immortal Kingdom. In a few days, they'll enter the boundaries of the Sunless True Kingdom, and they'll strike at that time."

"Good, so that everyone will think that it was the people of the Sunless True Kingdom who killed Zhou Mi, and Zhou Tie will have no complaints, and will have to honestly work for the Yunluo Immortal Kingdom in the future."

"Hehe, the princess is so wise."

That night, Omi circled Belinda Ma numerous more times in anticipation of Belinda Ma's racing heartbeat.

Omi lay on the bed with Belinda Ma and smiled, "Now, this time, why don't you resist."

"Me."

"Hehe."

At this moment, a voice came from Omi's mind, "Still playing with women."

"Uh, Senior Demon King, why are you bothering people in the middle of the night." Omi's inner voice said.

"You guy, you don't seem to know in the slightest that you're in danger."

"What do you mean?"

"Someone is following you and is trying to kill you."

"Ah, who?"

"How would I know who, I was just bored and wanted to see how you were doing, but I didn't expect to find someone following you dozens of miles behind you."

"Damn, which unruly person is trying to harm me." Omi rolled over and tried to get up.

"Alright, don't worry now, I just heard them say that they won't do anything for now, they'll do it when you enter the Sunless True Kingdom, so you're safe for now, since you're safe for now, don't be caught off guard, pretend you didn't notice, and do what you have to do."

"Damn, how can I calm down now, if I really die, what about my family members who are in the Immortal Kingdom. By the way, Senior Demon King, can't you help me take care of those people?"

"I'm sorry, I wouldn't be stuck here if I could do it, so why expect you to come help me later."

"Then what? By the way, what is the strength of the person who is following me?"

"One late Human Immortal, two mid Human Immortals, and a woman, the pre-Human Immortal, that pre-Human Immortal woman seems to have been addressed as Princess by the other three."

"Princess Yun Zi?"

"Huh, seems like."

"Shit, it really is her." Omi's heart was furious, in fact Omi had kind of guessed it from the start.

"Senior Demon King, there must be something you can do, after all, the Human Immortal level is too weak for you."

"You're wrong, I really don't have a way, the whip is out of reach. Zhou Mi, I won't lie to you, you're not the only genius I've wanted to cultivate over the years."

"What do you mean?"

"So far, I have cultivated a total of thirty geniuses, but unfortunately, each time, I couldn't cultivate how powerful they were, and then they died, so one died, one cultivated, and so far, including you have been thirty. However, you were accidental, you weren't in my cultivation before, because you hadn't come to the Immortal Realm yet, I had a weak sense of your existence, I can even say that

before you came to the Immortal Realm, I didn't know of your existence, the moment you arrived in the Immortal Realm, I only sensed your existence."

Omi said, "So, now in the Immortal Realm, apart from the one I thought, there's another one you cultivated, I'm the sudden addition, she's the one you've been cultivating since before I came up here?"
