2019

"What." I was shocked.

Yun Zi, as well as her cousins, were all incredibly pale at the moment.

"This, how is this possible."

"Little Feng is a top 50 genius in the Upper Yama Continent."

Yun Zi's shock at this moment was no less than that of her several cousins, who had thought that Omi was no match for Yang Feng's cousin, but it turned out that her cousin was no match.

Yun Zi could not help but re-examine Omi, what kind of person was this, bad when bad and ruthless when ruthless, but genius when genius, he could even learn immortal pills on his own.

Yun Zi, who originally hated Omi extremely, also had to reexamine Omi.

After Omi punched Yang Feng for a second, he walked back and said, "We've had enough, Yun Zi, let's go."

"This."

"Shall we go?" As Omi's gaze chilled, Yun Zi turned to her cousins and said, "I'm sorry ah, we'll leave first then, we'll contact you again when we have time."

"Wait, cousin Yun Zi, I don't understand, you're a princess of a country, why do you have to obey him?" Cloud Violet's cousin said. A second to remember to read the book

"Cousin, don't ask, he's my friend, I can't leave them behind, when uncle comes back, say sorry to him for me." Yun Zi followed Omi and left.

Soon, they left the Yang residence.

Yun Zi said, "Zhou Mi, there is no need for you to be like this, originally, when my uncle comes back, with my uncle's relationship, it wouldn't be a problem at all for you to successfully assess the first grade Immortal Pill Master."

"Hmph, it's not rare, your uncle's family, just like you, are not good people."

"Are you just a good person? Think about what you've done to me yourself." Yun Zi said unconvinced.

"If I wasn't a good person, you'd be dead by now, although I've strong you, but at least I've left a life for you, what a heartless person."

"I'm not bothering to talk to you."

Omi came to an inn and booked three rooms.

Yun Zi was busy, "How are three rooms enough to sleep in?"

"One for Noddy, one for you, and one for Belinda Ma."

"What about you?"

"I can sleep with you, or I can sleep with Belinda Ma, either way."

"Who wants to sleep with you, you dare." Yun Zi was furious.

Omi snorted, "Not by you."

"Zhou Mi, I advise you better not to do something like this, you've already hurt me once." Yun Zi was busy, at this moment she trembled as she remembered what happened in that cave more than ten days ago.

Omi said, "You are my slave, do you think, you have a choice? But you needn't be afraid, that time in the cave, the circumstances were peculiar, and I'm sure you'll find it impossible to do without me afterwards. Ask Belinda Ma about that, she's the best at it."

"Zhou Mi." Belinda Ma blushed with a glare.

Omi took his room card and went to his room, and Belinda Ma scrambled to catch up.

Yun Zi was resentful at Omi's back.

The wild moth behind Yun Zi said angrily, "Princess, why don't I slaughter him, he's such a bully."

Yun Zi said, "It's easy to slaughter him, my uncle's family has plenty of people who can slaughter him, but the question is, what's the difference between slaughtering him and slaughtering me."

"This." Nodou was momentarily speechless.

Not everyone knew that after offering their soul, they could go to the spirit world to hide after their master died. Of course, even if one went to soul hiding, it was no different from dying and going to jail in general.

Yun Zi can only go upstairs in exasperation, now, can only properly reason with Omi, make Omi give up hurting her.

Nodou had rebooked a room at his own expense.

Omi was in

The room took up residence and went into the Immortal Machine spitting.

Now Omi could only wait for the Demon King to contact him, and then have the Demon King notify another person he cultivated, in the meantime, there was no telling when the Demon King would contact him again.

That night, Omi came to Yun Zi's room, Yun Zi had also booked a room of her own, which was a bit far away from Omi, but Omi was her master, and no matter how far away it was, it was still within Omi's range of perception.

"Knock knock knock." Omi knocked on Yun Zi Chen's door.

"Who is it."

"It's me." Hearing Omi's voice, Yun Zi was suddenly scared white.

"What do you want?"

"Open the door."

"Choomi, please, don't do this to me, okay?"

"When you killed me, did you have mercy on me?"

"Zhou Mi, I've paid the price."

At that moment, Omi tumbled in through the window.

"Zhou Mi, don't come over here."

"It's a long night, I'm just here to talk to you, don't think too much."

"I don't believe it."

"If you don't believe me, just try."

"Zhou Mi, don't bully others too much, if I don't want to live, you'll definitely be the first to die."

Omi laughed, "Yun Zi, you are too ignorant of what it means to sacrifice your soul. You can't even die if you want to, because I control your soul, if you don't believe me, try raising your hand now."

Yun Zi subconsciously raised her hand, but, suddenly, she realized that her hands and feet were not listening to her own command.

"Ah, what's going on? Me how?"

"So, you can't even die if you want to, you only have consciousness or your own, your body, I can take over at any time. So, any refusal from you is useless, I'll let you take your clothes off right now if you want, if you don't believe me, let's do a test."

"Zhou Mi, please, don't, okay?" Yun Zi's nervous plea, with a tone so mournful and helpless that it made Omi a bit unable to do anything.

"It's okay, it's just an experiment, that's all, take off an outer garment." Omi ordered.

Suddenly, instead of listening to his own orders, Yun Zi's hands and feet obeyed Omi's orders and actually took off a tunic.

"No, how could this be." Yun Zi really didn't know that the consequences of offering her soul were so serious before, and thought that it was just life and death being controlled, but she didn't think that even anything could be controlled.

Omi said, "Put your clothes on, and when you're done, come over and take the initiative to kiss me." Omi gave a command.

Yun Zi Zi obediently put on her clothes, then walked over to Omi and kissed him on the lips.

"Hahaha." Omi laughed out loud.

Omi stopped and hugged her waist.

"Ah, Zhou Mi, what are you doing."

"Princess, I'm sorry, I couldn't help it."

"Ooooh, Zhou Mi, please." Yun Zi cried out.

Omi didn't bother to pay attention to her, but Omi would be gentle with her.

An hour passed in the blink of an eye, Yun Zi was lying on the bed full of eyes, her body was only covered with a stall, she looked unusually sexy.

Omi smiled, "How was it? Is this time completely different from the last time, hahaha, you rest well." Omi turned around and walked away from the window.

Inside Omi's heart, he actually felt a bit guilty.

"I, Wind Lightning, how did I become such a person, could it be that I was really too deeply influenced by my previous life?" Omi discovered that he had become shameless since he came to the Immortal World and reunited with his previous life. However, Omi really didn't mistreat Yun Zi just now, and believed that Yun Zi also felt extraordinary sensations.
