Xing Luo said, "Tian Xiang, it's really hard for you."

"It's fine, it's fine, this little friend of yours is really talented, he knows everything at one point, I've never met anyone so smart, really." Tian Xiang said heartily.

"Oh, really." Xing Luo looked at Omi and smiled.

"Of course it is, I had the intention of guiding him, but, for half a day, he's been the one asking me questions, I've been giving him explanations, and every time I've given him answers to his doubts, he's gotten through to me at one point, not needing me to say more, let alone explain it over and over again. I've answered people before, but most of them need to be explained over and over again several times before they barely get it, or even need me to demonstrate it myself before they understand. And you, my little friend, make me feel like it's too easy to guide him, just by moving my lips." Tian Xiang smiled, after most of the day's contact, she was also a little more impressed with Omi, Omi's cleverness made her feel like looking at Omi was all the more pleasing to the eye.

Omi was busy saying; "Thank you for the guidance of senior Tianxiang, Tang Mou is grateful, it's late today, so it's inconvenient for me to disturb her more, so I'll say goodbye."

"Uh, Tang Mou?" Tianxiang was confused.

Star Luo said, "Tianxiang, to tell you the truth, his name in this life is Omi, and his name in his previous life, Zhou Mi, he regained his memories from his previous life, so both names can represent him."

"Zhou Mi? How to follow."

Omi himself said, "That's right, the same as that Cloud Gong Immortal Kingdom's number one pervert, in my previous life, it was him."

"Ah." Master Tianxiang suddenly covered his mouth, incredulous.

Many girls had heard of Omi's reputation as the number one lecher in his past life, and had been spat on by countless girls, if not for the fact that he was later killed by Gao Jian for the people, some girls might have gone to exterminate this guy themselves. "Oh." Star Luo smiled, "It's just a past life, he's changed in this life, alright, we'll go first."

"Mm." Tian Xiang nodded a little wary, learning that Omi was Zhou Mi in his previous life, Tian Xiang was a little scared, she was originally a rather gutless person. Although that was his past life, what if he regained his memories of his past life, what if he regained his nature again?

Omi left Tian Xiang's mansion in Star Luo's luxury car.

Omi said, "I'm afraid it will be difficult for me to contact Master Tianxiang again, the last look I saw was wary of me."

Star Luo said, "Tianxiang has a rather docile personality, and your 'prestige' in your previous life not only made her afraid, but probably all the girls as well."

"Oh, the majestic name from your previous life." Omi felt that it was too sarcastic to use the word prestige.

"Sorry, I'm not being sarcastic, I'm just talking about the matter."

"It's fine, thank you very much for today, you let me answer many, many questions about the Immortal Pill." Omi said from the bottom of his heart.

Star Luo said, "Although I don't know how to refine Immortal Pills, I also know that with every advancement of Immortal Pills, new doubts are born, and the unanswered doubts will never be finished."

"Indeed, answering the old unanswered doubts will immediately lead to new ones."

"That's a good thing, it means you've improved."

"Yes, the quality of the immortal pills I'm refining now is confidently at the third level, if Master Tianxiang hadn't answered for me today, it would have taken me at least ten or eight years to figure it out a little bit."

"It's you who's smart, Senior Demon King really knows how to choose people, in the past, the people the Demon King chose were all cultivation geniuses, no immortal pills."

Omi originally wanted to say that he was also good in martial arts, but when he thought about it, the reason why Omi was good in martial arts was because he had refined the Demon King's Silence Art, Star Luo was also cultivated by the Demon King, said Star Luo had also refined, even refined stronger spells, far more powerful than Omi, so Omi didn't dare to say proud words about martial arts.

"What?"

"Regarding the letter of recommendation for the Level 1 Immortal Pill Assessment, you have this letter of recommendation and then go to the Immortal Pill Hall for the assessment, there's no more problems, and no one will ask who your master is."

"Thank you." Omi was busy putting it away.

At this time, the beast cart passed a street, Omi said, "Miss Xing Luo, I'll get off here."

"Aren't you going back to my house?"

"No, the inn I'm staying at is near here, I'll go straight back to the inn, and I'll be going to assess the First Grade Immortal Pill Master early tomorrow morning."

Star Luo nodded, "Fine, there are many inconveniences in going to my place."

After all, it was a big night.

"Then when will you return to the Yunluo Immortal Country? Say hi to me when you leave." Starlot said.

Omi said, "This is still needed."

Omi actually wanted to see if there was a chance to consult Master Tianxiang again.

"Well, how to have something, go to a place called Xing Luo Fang, which is owned by my family, and find a fellow named Shin, he will convey your words for you."

"Okay, thanks."

The beast cart slowly moved away and disappeared around the corner.

Omi returned on foot to the inn where he was staying.

"Zhou Mi, where have you been?" When Don Omi returned to the inn, Belinda Ma seemed to be waiting for him worriedly.

"Gone to a friend's place." Don Omi didn't have to make it that clear.

"Oh." Belinda Ma saw Omi's tone of voice and felt a bit lost, she was so worried about him, but people were very cold.

Omi saw the loss on Belinda Ma's face, and felt a little apologetic, so he said, "Don't worry about me, it's so late, why aren't you sleeping."

"I'm waiting for you, Upper Fellows Island is not an ordinary place, I'm afraid that you might offend someone here."

"Don't worry, alright, you go wash up and wait for me."

"Ah." Belinda Ma was startled, then blushed, oh turned around and walked into her room.

Omi looked at Belinda Ma's back and smiled bitterly, after meeting outstanding women like Star Luo and Master Tianxiang today, he suddenly felt that Belinda Ma's level was hardly attractive anymore.

Omi shook his head with a bitter smile, outstanding women like Star Luo and Tianxiang were simply not worthy of Omi at the moment.

Omi came to Belinda Ma's room and spent the night without a word.

Early the next morning, Omi got up.

"Zhou Mi, do you really not want my help?" Yun Zi came to Omi early in the morning and was still saying that she could help beg her uncle for help in finding someone she knew to assess a first-grade Immortal Pill Master.

Omi didn't mince words, tossing her a piece of paper and saying, "See for yourself what this is."

"Ah, Master Tianxiang's recommendation letter? You. How did you get that? You know Master Tian Xiang?"

Omi originally wanted to pretend to be a friend of his and say that it was his friend, but on second thought, it would be better not to say it like that, in case it got out and then spread to Master Tianxiang's ears, it wouldn't be good to think that he was boastful.

"A friend of mine got it for me, so there's no need for your uncle's help, I'm afraid that at that level of your uncle, he can't get a recommendation letter from Master Tianxiang."

"Ugh." Yun Zi had nothing to say, indeed, his uncle hadn't reached that level of dealing with Master Tianxiang.

Omi saw Yun Zi's face and laughed, not expecting that his casual remark would also achieve the effect of pretending to compare.
