

King of kings

2047

"Ah."The emperor's body trembled, he thought no one knew at all.

He Liao Zhou panicked and looked at the emperor, seemingly unable to believe it.

The emperor's body trembled as he cunningly argued, "What are you talking nonsense about, you're slandering and insulting my character."

Of course the emperor would not admit it.

Omi snorted, "Not only am I not slandering, I damn well know that you even sucked the marrow out of your own son, Yunluo, you damn well think no one knows, don't you?Unfortunately, you're wrong, there are no impermeable walls."

"Ah."The emperor was so silly, how could Omi know about such a thing, for a moment, the silly emperor forgot to defend himself.

He Lonesome looked at the emperor incredulously, I really didn't believe that Yun Zhan would be such a person.

It took a few seconds for Yun Zhan to come back to his senses and panicked, "Lone Zhou, you and I are friends, you should know me, I'm never this kind of person, don't listen to his nonsense."The emperor seemed as if he was afraid of being thought to be such a person.

He Lone Boat said, "Cloud Battle, no one knows if such things are true or not without evidence."

"Lone Zhou, I really didn't lie to you, it was Zhou Mi who framed me."

He Lone Zhou said, "Yun Zhan, it's useless to talk to me, but I have to remind you of one thing, this time, the lady from the Star Clan, asked me to come and bring back Zhou Mi, perhaps because you would suck the bone marrow, in case Zhou Mi was also sucked by you.If Zhou Mi goes back and he tells the Star Clan that you really want to eat his bone marrow, I'm afraid." "Ah."The emperor's body trembled violently, this was the rhythm of the extermination of his family.What the hell, he never expected that Omi had such a relationship with the Star Clan, and thought that Omi was just a local genius of the Cloud Gong Immortal Kingdom.

At that moment, Omi said, "Yun Zhan, wait for me, you want to suck my bone marrow, when I return to the Upper Fey Yan Continent, humph, you know."

The emperor's legs weakened in fright.

Omi was also really good at going along with the situation, using Star Luo's background to scare people to the point of stupidity.

He Lone Zhou didn't say anything on the side, acting like he wouldn't plead for the emperor.

He Kuo Zhou saw Omi so dragged, he was suspicious of Omi's relationship with Xing Luo's family, it was better to say a few words less, so as not to ignite a fire.

The emperor was busy saying, "Zhou Mi, you're bluffing right? You and He Lone Boat joined forces to scare me."

Omi flew over and kicked the emperor's crotch, cursing, "I'm scaring your sister, how old are you that I want to scare you. Yes, I was Zhou Mi in my past life, but do you really think of me as Zhou Mi, Zhou Mi is just my past life, how much do you know about me in this life."

The emperor was kicked in the crotch by Omi, his heart was very nasty, but he didn't dare to do anything about it, now that his life was in Omi's hands, as long as Omi went back and told the Star Clan that he wanted to eat Omi's bone marrow, he would definitely be finished.

Omi was also using this to dare to punch and kick the Emperor. Whether Omi and the Xing Clan really had such a deep relationship, let them guess.

He Kuo Zhou said, "Yun Zhan, what's the use of talking about this now, let's think about how to resolve this matter, after all, if you're not careful, you'll be ruined ah. You have to think about it, a person who even I have to come and pick him up personally, how can you just offend him."

"Sooooo." Yun Zhan wanted to cry, what the hell was this called.

Helplessly, Yun Zhan had no choice but to plead with Omi, "Zhou Mi, you're a generous man, spare me."

"Pah." Omi slapped the emperor's face and scolded, "Why didn't you f*cking say when you wanted to eat my bone marrow!"

Your Excellency has a lot of mercy, now that he can't eat my bone marrow, he wants to let you be spared."

The emperor was busy swearing, "Slander, absolutely slander, I never wanted to eat your bone marrow."

"Slap." Omi slapped again, hitting the entire palace with a loud snap.

"Who the hell are you talking about slandering, I, Tang someone would slander you, a small person?"

The emperor was depressed, was he a small man, being the emperor of the Yunluo Immortal Kingdom?

But what could he do at the moment.

The emperor said, "I swear, I have absolutely no desire to eat your bone marrow."

"Pah." Omi slapped again.

"Yun Zhan, is this your attitude of wanting to solve problems? I even know about you eating Cloudfall's bone marrow, and you f*cking think I don't know what you're thinking about eating my bone marrow? This time, if I hadn't been alerted ahead of time and notified the Star Clan, I would have been damned to fall into your hands."

On the one side, He Kouzhou said inwardly, "No wonder Star Luo would let me bring him back." At this moment, He Kou Zhou was a bit convinced that Yun Zhan really wanted to eat Omi's bone marrow.

Yun Zhan, on the other hand, felt like he was even harder to argue with.

Omi said to He Lone Zhou, "Senior He, let's go."

"Good."

"Don't go, Zhou Mi, Father is begging you, I'm Yun Zi's father ah, do you really want to do this to me."The emperor was about to cry out.

Omi said, "Don't pull any strings with me, before I didn't bother to get along with you, for the sake of Yun Zi's face, I even respectfully called you Sovereign, but you're down, a white-eyed wolf."

"Yes, yes, I'm a white-eyed wolf, I was wrong."

"So, you admit that you want to eat my bone marrow."

"Me."

"Say."Don Omi yelled.

"Yes, yes, I did have the idea, but believe me, it was just a thought."The emperor had to bow his head and say.

"Ah, it's really a thought."Herself was shocked that he had admitted it himself, so much so that he had really sucked his son.

"Pah, scum."Omi slapped over, and the emperor didn't dare to dodge.

"Yes, I'm scum, I even ate my own son.Zhou Mi, I'm begging you, don't tell anyone from the Xing Clan, okay?"

Don Omi said, "That's what you've done."

"I can give you anything you want."

Omi said, "I want you to be honest from now on, give me peace and be careful."

"Yes yes yes, I will."

"And, Princess Yun Meng, I like it."Omi's voice was a bit.

"Ah."The emperor didn't seem to hear.

Omi said a little louder, "Princess Yun Meng, I like it."

"This."The emperor heard it clearly, a little silly.

"What? I didn't hear you."

"But, didn't you just marry a Cloud Violet."

"Yeah, there's nothing wrong with that, can't you like Yun Meng again if you just married a Cloud Violet?Who made the rules?Come out?! I promise I won't hit him.Hey, why are you looking at me like

that?Are you calling me a pervert?I can tell you that Princess Yun Meng is the goddess I liked in my past life, and the color is also from my past life, it has nothing to do with my current life.”
