

King of kings

2049

Omi stayed in the imperial capital for a few days, doubly bored.

Omi came to Yun Zi and said to Yun Zi, "Get ready, we're leaving tomorrow for the Upper Fey Yan Continent."

"Ah, aren't we going to wait for Yun Meng to depart together next month?"

"No, I think I'll go first."

"Oh, okay."

The next day, when Omi was about to leave, Yun Zi said, "Zhou Mi, Yun Meng said that she's also coming with us and asked us to wait for her."

"What? She's coming with us too?"

"Yeah, it seems like Yun Meng can't wait to go to Upper Yama to meet that blind date of hers soon."

"Shit." Omi cursed in frustration.

"What's wrong? Wouldn't it be nice if we all had something to look out for each other?"

Omi was incredibly depressed, but with her feet growing on her, Omi couldn't restrict her. One second to remember to read the book

Soon after, Yun Meng came.

"Cloud Violet, well, you can go now." Yun Meng said.

Omi didn't even look at Yun Meng, after all what happened a few days ago, it felt quite awkward.

Yun Meng didn't look at Omi much either, it seemed that Omi was no longer attractive to her, the person she desperately wanted to meet now was that blind date in Upper Yama.

Yun Zi said, "Zhou Mi, are we going to stay at my uncle's house when we get to Upper Fei Yan Chau?"

"No go." Omi refused without hesitation.

"Why? You're my husband now, my uncle is your uncle ah, we go to my uncle's house, it's supposed to be ah."

"Sorry, I don't have an uncle like that." Omi denied in one word, Omi did not have a good feeling for Yun Zi's uncle's group, and they still did not approve of Omi's union with Yun Zi.

At this moment, Yun Meng looked towards Omi and reprimanded Omi, "Zhou Mi, you've gone too far by saying that."

Omi snorted, "How am I going too far."

"You and Yun Zi got married, Yun Zi's uncle, is your uncle, and even more your elder, you even say that there is no such uncle, you have no elder in your eyes, what is it if it is not excessive? Do you still have any regard for the princess? And is there any regard for royal dignity?" Yun Meng spoke in a lecturing tone of superiority.

Omi snorted.

Yun Zi was busy saying, "Yun Meng, Zhou Mi was just talking casually la, don't be angry."

"Such treacherous words, is it something he can say casually? Do you believe what would happen if Father heard about it?"

"Ah." Yun Zi's body trembled.

Omi trailed off, "So what if His Majesty hears it, it's my freedom of speech."

"You shut up." Yun Zi shouted and raged, "Zhou Mi, it seems that you are really bold and still have no intention of repenting."

"I pooh, and still repent." Omi sneered.

Yun Meng's various things at the moment made Omi feel very annoyed, she seemed to have reverted back to when she disliked Omi before, speaking high and mighty, her tone incomparably arrogant.

Mouth to mouth Father, Omi really wanted to pull her in front of Yun Zhan and ask Yun Zhan if Omi had freedom of speech.

Yun Zi saw Yun Meng getting angry and panicked, "Sister Yun Meng, calm down, Zhou Mi was just talking casually." After saying that, Yun Zi said to Omi again, "Zhou Mi, apologize to me Yun Meng,

Let's say you were wrong, otherwise, it's really bad if this goes to Father's place."

Omi laughed out loud, "Apologize? My last name is Dao? My name is Dodgson? Or is it called Dao Ming? Since my last name isn't even Dao, what do I apologize to her mother for?"

"You." Yun Mengton changed.

Yun Zi was also silly.

Yun Meng said, "Zhou Mi, it seems that you really want the opposite, and have no respect for my royal family at all anymore. Let's go, come with me to see Father."

"Don't, sister Yun Meng, don't." Yun Zi panicked and pulled Yun Meng, preventing her from taking Omi to the emperor.

Omi didn't resist in the slightest, just see it.

But ah, Yun Zi dragged her to not let her go, crying and pleading with Yun Meng.

Yun Meng raged, "Yun Zi, you're really a traitor, being the princess of the Immortal Kingdom, and you're helping a man who has no respect for the Immortal Kingdom."

"Oooh, Yun Meng, I believe Zhou Mi doesn't really mean it, he's just deliberately angry with you, he's very patriotic at heart. Please don't bring him to see Father, if Father knows, it's definitely over."

Yun Meng said, "Yun Zi, wake up to me, this kind of mischievous person has no respect in his heart, even if he is successful in the future, he will be a traitor to the Immortal Kingdom, how can the Father Emperor tolerate such a traitor, how can the Immortal Kingdom stay, do you want to raise him as a scourge?"

"No, Yun Meng, he's my grandfather, I don't care so much, I just want him to be safe." Yun Zi cried out.

"Yun Zi, you have disappointed Xian Guo too much, unfortunately, I must take him to Father, if Father thinks he can stay, then he can stay, if not, then he is at Father's mercy."

"Yun Meng, you are so cruel." Yun Zi cried out.

However, Yun Meng was still desperate to bring Omi before the emperor.

Perhaps from Yun Meng's point of view, she was right because Omi had no country in his eyes and the future was a disaster.

But Yun Zi wouldn't think about it that much, she only knew that Omi was her prime minister.

Omi allowed Yun Meng to drag him, it's not that Omi didn't resist a bit, Yun Meng late human immortal strength, Omi may not be able to resist even if he resisted, one layer a day.

Yun Zi came up to grab Omi, but Yun Meng slapped him back.

"No, woohoo." Yun Zi cried out.

Omi saw Yun Zi's reaction, his inner feelings for Yun Zi were already very determined, although he once had an unpleasant acquaintance with her, but Yun Zi really loved him, it was worth Omi to treat her better in the future.

Omi couldn't bear to see her cry and comforted her, "Yun Zi, it's okay."

"No, Zhou Mi, you don't understand my father, if he thinks you are disloyal to the country, he will definitely not let you go, sob." Yun Zi cried out.

Yun Meng saw Yun Zi crying so sadly, her heart also had a trace of pity, but she couldn't control herself once she remembered Omi's stateless look in his eyes, she, as the princess of the Immortal Kingdom, should first consider the empire, and only secondly consider her kinship, so Yun Meng didn't care about Yun Zi's crying and forcefully brought Omi to the emperor's palace.

At the moment, the emperor was in the palace, and he didn't seem to be looking too good.

After all, after what had happened before, the matter of him eating Cloudfall had already been revealed by Omi, and his good friend He Guoxiang already knew about it.

The emperor was worried that this matter would be told by Omi, and if it got out, what face would he still have.

The emperor secretly decided in his heart that he must find Omi to do some more good thinking and make Omi not to tell anyone about him eating Cloudfall's bone marrow.
