

King of kings

Chapter 2051

This time, Omi didn't take Belinda Ma with him, allowing her to cultivate at home.

Omi might still come back, after all, his father was still here in his previous life, and although there was no blood relationship, Zhou Tie was still quite good to him, and he would definitely come back occasionally.

A day later, Omi landed in a small town.

"Rest here tonight, we'll continue our journey tomorrow." Omi said to Yun Meng and Yun Zi.

"Hmph." Yun Meng snorted softly, now it turned into Omi calling the shots.

Omi looked at Yun Meng and said, "If you keep humming, I don't believe I'll sleep with you at night."

"You dare."

"You know very well if I dare or not."

Yun Meng's face changed, not daring to speak anymore, in case Omi really touched her room at night, wouldn't it be the end.

Although Yun Meng was stronger than Omi, Yun Meng didn't dare to do anything to Omi, looking at her father's attitude, she knew that her father could shoot her to death for Omi.

Yun Meng internally thought about what her father had done, and her heart didn't feel a bit chilly. Remember the website .kanshu8.net

Thinking of this, Yun Meng couldn't help but think of the blind date that she hadn't met yet, and she wished very much that she would marry soon and leave this house soon.

Omi stayed for one night and continued to depart the next day, Omi also did not go to Yun Meng's room because Omi said that he was no longer that kind of person, and most importantly, Omi was no longer interested in Yun Meng.

In the blink of an eye, more than ten days passed.

Omi finally arrived at the Upper Fey Yama Continent.

After arriving at Upper Fey Yan Continent, Omi prepared to go stay at the inn.

Yun Meng said, "Yun Zi, are you going to your uncle's house, or are you going to stay at the inn with him?"

"I, I'd rather stay at the inn with Zhou Mi."

"That's fine, I won't accompany you, I'll go to your uncle's house." Yun Meng separated from Omi, who didn't even pay attention to her.

Yun Meng said inwardly, "Zhou Mi, when my blind date is successful, I'll find you again to settle the score, you've been giving me a face this whole journey, if it wasn't for Father's inexplicable help, how could I put up with you."

Omi said to Yun Zi, "Yun Zi, you don't need to follow me, you should follow Yun Meng and stay at your uncle's house."

"Ah, why?"

"No why, I have things to do afterwards, so I don't have to take you with me, and it's no fun for you to be alone at the inn, instead of being safe."

"Okay, then I'll go on a blind date with Yun Meng."

"Whatever, just don't give yourself out on a blind date."

"Hehehe, don't worry about it, I already have a name for it."

Yun Zi and Yun Meng went to her uncle's house together.

Yun Zi's uncle, not Yun Meng's uncle, Yun Zi and Yun Meng, had the same father and mother.

After Omi stayed at the inn, he went out.

Omi first came to Star Music Square.

"Hello, you must be Omi."

"Yes, Miss Xing Luo has instructed me, if you come here, let me take you to meet her."

"Thank you."

Not long after, Omi arrived at Xing Luo's house again.

"Omi, you've finally arrived." Star Luo smiled slightly, Omi looked up at Star Luo and felt his eyes light up, Star Luo seemed to be all charismatic like, one could look at him without feeling a thumping heart.

Unfortunately, Omi didn't dare to show a blasphemous look at Star Luo, currently, Omi was completely unworthy of someone else, and Star Luo definitely didn't look down on Omi at all, she only regarded him as a friend.

"Pay your respects to Miss Star Luo."

"You and I don't need to be polite, I've already heard from He Lone Boat that you've averted the crisis in the Yunluo Immortal Kingdom."

"Yes, but I was able to avert the crisis because of the help of your might, I hope Miss Xing Luo doesn't mind."

"It's fine." Star Luo said indifferently.

"Please sit down."

"Good."

"Omi, you came this time to participate in the Immortal Pill Conference, right?"

"Sort of, or maybe, will settle here." Omi said.

&n

bsp; Starro said, "I don't really recommend you settle here."

"Why?"

"Omi, you don't know much about Upper Feyama, the hierarchy here is strict and full of forces, your life here is definitely not as good as Upper Feyama, and maybe even, you will often be in trouble, although I can help you some, but I can't always be able to help you, and there are many powerful people that even I can't afford to offend." Star Luo said.

Omi said, "I'm not afraid of any of this, to be honest, I've ascended all the way up from the mortal realm, what kind of things haven't I experienced."

"But it's different here, the slightest carelessness could lead to an accidental death."

"No, it's the same here, in any case, don't worry, after I settle down here in the future, I will never come to trouble you unless I have to."

"You misunderstand me, I'm not afraid to trouble you, I'm doing it for your own good."

Omi said, "Miss Xing Luo, I don't know if Senior Demon King has told you that if we want to avoid suspicion, we must act like super geniuses from the very beginning, if I return to the Yun Luo Immortal Kingdom and nest there, one day I will suddenly become powerful, it will definitely make people suspicious."

"Well, in that case, I won't advise you, if you need anything, just say so."

"Really?"

"Of course."

"Hehe, then I'm not going to be rude, there's an Immortal Pill Conference coming up soon, and I want to stand out a bit, so I want to go see Master Tianxiang and let her guide me a bit more."

"This, is a bit troublesome." Star Luo frowned.

"Why?"

"Master Tian Xiang has many suitors, and if you go alone, you are bound to die before you enter, and if I take you with me, but I do not have the time right now."

"In that case."

"However, I can introduce you to a third-grade Immortal Pill Master, and if there's anything you don't understand, you can ask him for advice."

"That would be perfect."

"I'll have Ah Lu take you there."

Not long after, a young girl came along.

"Miss, what is your order."

"Ah Lu, immediately take my friend to Master Imaha, and tell him that Omi is my friend, requesting Master Imaha's help to guide him a bit."

"Yes, Miss."

Omi took his leave and quickly went to the residence of a Xiantian master named This Summer.

That Ah Lu explained the purpose of the visit.

Master This Summer looked at Omi and said, "I know that you, formerly Zhou Mi, are not only a first-grade Immortal Dane, but also a strength expert, and I just happened to see the duel between you and Gu Ronba half a year ago."

"Ah, such a coincidence."

Master This Summer said, "Zhou Mi, I am very optimistic about you, if you want me to guide you in alchemy, this is simple, you must worship me as your master."

"This." Omi hesitated for a moment.

"I know that Star Luo asked you to worship that little girl Tianxiang as your master, because Tianxiang's master is a fourth-grade Immortal Pill Master, right." At this point, the corner of Master This Summer's mouth showed a hint of disdain.

"Uh, that's all known."

"Xing Luo's idea is good, but unfortunately, impossible, it's rare that I'm willing to take you as my disciple now, you better give me an answer, otherwise, leave immediately. I'll give you half a quarter of an hour to think."

Omi immediately worshipped, "Master on top I am here, please accept my disciple's worship."

"You don't even hesitate."

"Master, there's nothing to hesitate about."

"Very good, Zhou Mi, others may not be able to see your talent for immortal pills, but I can tell, I feel that you are not inferior to Tian Xiang in the slightest, from now on, I will make you into, a genius immortal pills master that surpasses Master Tian Xiang."

"Ah." Omi was overjoyed, Omi was so close to having no one to train him, and if someone did, he swore he would never be inferior to anyone.

"Thank you, Master."

"However, there is one request."

“Please say it, Master, I’ll grant you any request.”

“Very well, you must promise me in the future to chase Master Tianxiang down, and then, abandon her.”

“Ah.”
