

King of kings

Chapter 2061

By the next morning, the entire city had heard that Zhou Mi had taken the initiative to challenge Wu Yong and was very shocked.

It hadn't even reached noon yet, and at the Perak Dueling Arena, it was already filled with countless people eating melons.

"Zhou Mi." At this moment, on one side of the ring, a young man was gnashing his teeth, and this person was Wu Yong, who was ranked ninth in the middle Human Immortal rankings.

Wu Yong was being challenged, which also meant that it was the best pinch out of all the top ten, so Wu Yong felt that it was a shame, no, it was considered a shame by all those who were challenged.

Especially, since Wu Yong had just recently retired from his marriage.

"Zhou Mi, if I don't cut you down to size, I'll take your surname Zhou." Wu Yong clenched his fists and swore under his breath.

Of course, at this moment, everyone still didn't know that Zhou Mi was challenging Wu Yong for Miss Yang Cai.

Behind Wu Yong's back, there was a group of Wu Yong's family members.

"Yong'er, if you don't pluck out a layer of skin from Zhou Mi today, don't recognize me as a blessing." A middle Earth Immortal man said.

Wu Yong's family lineage was better than Yang Cai's family lineage because Wu Yong's father was a mid Earth Immortal while Yang Cai's father, Yang Qi Lu, was only a pre-Earth Immortal.

"Yes, father." Wu Yong nodded his head viciously. A second to remember to read the book

In a word, Wu Yong's entire family hated Omi with a passion.

At the Yang residence.

Yang Qilu looked at Omi with a grateful glance.

"Nephew Zhou, in this situation, you were able to stand up for your youngest daughter, great kindness." Yang Qilu cupped his fist at Omi.

"Uncle is polite." Omi said.

Yang Cai stood to the side, looking at Omi without blinking, Yang Cai suddenly felt that Omi was so handsome, she hadn't even looked at Omi properly before.

It's not her fault, she only had Wu Yong in her eyes before, that still had the heart to look at others.

Yang Qilu said, "Zhou Mi, I appreciate your good intentions, if you don't have confidence, it's not too late to cancel the challenge, no one would dare to say anything anyway, the most you would be laughed at."

"Hahaha, uncle, it's fine, let's go." After saying that, Omi took the lead and set off for the ring.

Soon, Omi and the others arrived.

"Zhou Mi is here." There were people shouting continuously.

Omi made a flash and stood in the ring.

Everyone looked towards the ring and Omi shouted, "Wu Yong, come out."

At this moment, Wu Yong, who hadn't shown himself yet, leapt and flew to the ring.

The two of them looked at each other, and Wu Yong's eyes sprayed flames of anger.

"Zhou Mi, today, if I don't cut you into powder, I'll follow your surname." Wu Yong said through gritted teeth. According to the unwritten rule, Wu Yong could kill Omi, but Omi could not kill Wu Yong.

Omi disdainfully said, "Even you are worthy? I rushed here to challenge you, so naturally I'm one hundred percent confident that I can defeat you, and that it's within one move."

"What." The crowd was all dumbfounded when they heard Omi say that he would defeat Wu Yong within a single move.

"Is Zhou Mi bragging about this? Let alone him, even the top three ranked ones wouldn't dare to say that they can defeat Wu Yong in one move."

"Damn, this Zhou Mi, he'll die if he doesn't brag."

At this moment, in a corner of the live stands, good

A few men and women looked unhappy, these were the people who were ranked higher than Wu Yong, and they were very unhappy to see Omi being so arrogant and defeating Wu Yong in one move, because, even they were not sure that they could defeat Wu Yong in one move, except for that pervert who was ranked number one.

The pervert who was ranked number one in the middle Human Immortal rankings, he had defeated the fifth ranked one in one move, except for this person who could defeat Wu Yong in one move, they were all unsure.

Wu Yong's lungs were about to explode at the moment.

"Zhou Mi, do you think you're Mei Tianqing? Beat me in one move? Who are you." Wu Yong shouted.

Omi didn't know any Mei Tianqing and grunted, "Try it and you'll see."

"Zhou Mi, give me death." After saying that, Wu Yong took out his strongest strength, yes, he had no reservations, he completely gave it his all, he wanted to see if Omi could really defeat him in one move when he took out his strongest strength.

Omi stood still, and then his hand grabbed the empty air.

"Ah." In the next second, Wu Yong felt like a prey on a spider, he was caught in a stagnant mid-air, as if there were countless silks wrapped around his entire body.

"Ah, this." Wu Yong was stupid.

Omi flicked his empty hand.

"Ah." Wu Yong screamed as his body, which was stalled in midair, flew out of the ring as if he had been hit by a car.

Everyone was stunned by this scene, what kind of Avatar was this, how was it so powerful? The entire time, Wu Yong didn't come close to Omi's ten-meter range, which meant that Omi was all spaced out.

There was silence in the arena.

In the crowd, Star Luo was now filled with blazing eyes, Star Luo said inwardly, "The first Avatar of the second level of the Silence Technique, the Great Escapement Method, it really is powerful, I must practice it, I must."

However, when Star Luo thought about the fact that she hadn't understood this Avatar at all yet, she was suddenly very discouraged inside.

Actually, Star Luo could have gone to seek Omi's advice, but, Star Luo couldn't pull face.

However, after seeing Omi perform the Great Escapement today, Star Luo decided that she would have to put her face down.

The audience was silent for a long time.

On the other side, Yang Qilu tsked twice and praised, "It's unbelievable that he can be so powerful at this realm."

Fan Yang said, "Father, I think that Zhou Mi can definitely fight with Mei Tianqing who is ranked number one in the middle Human Immortal rankings."

Yun Zi's other cousin, Yang Yu, said, "Mei Tianqing once defeated the fifth ranked Violet Sea with a single move, while Zhou Mi now, defeated the ninth ranked Wu Yong with a single move, but one was the fifth ranked and the other was the ninth ranked. Can Zhou Mi really fight against Mei Tianqing? I kind of doubt it."

Fan Yang said, "Even if you can't fight against Mei Tianqing, that's very close to Mei Tianqing's level. Hehe, Cousin Yun Zi, you've married a good husband."

"Mmhmm." Yun Zi nodded her head full of pride, looking at Omi in the ring, she felt incomparably glorious. Yun Meng, who was standing beside Yun Zi, wasn't in a good mood at the moment, she didn't feel happy, but inside Yun Meng was thinking that the man she would meet with in a few days, she didn't know if he could surpass Omi, how she hoped that man, was Yuan ten thousand times better than Omi, otherwise, she wouldn't be as Yun Zi anymore. However, now that Omi was acting as if he was a bull, how could Yun Meng not be worried inside.

Omi stood on the ring, looked around at the audience and said, "Everyone, I am not challenging Wu Yong today for no reason."
