Omi immediately shouted, "Wait."

Wu Longquan snorted, "Zhou Mi, what else do you have to say?"

Omi said, "Everyone, please don't listen to Senior Yang Qilu's nonsense, Yang Cai is definitely a proper girl, never this kind of person, Yang Qilu was forced to talk about his own daughter in order to save my life, please believe me, Yang Cai is a good girl."

Yang Qilu shouted, "Zhou Mi, you shut up."

Wu Longquan's face was drawn, he didn't expect that at this time, Omi would actually speak up for Yang Cai like this, even Yang Cai's father had succumbed and he was still talking tough.

The whole room was silent, in fact everyone could see that maybe Yang Qilu was forced to do it, at a time like this, the best thing for Omi to do was to apologize to Wu Longquan and say that Yang Cai was indeed a slut, so that he could save his life. Unfortunately, Omi didn't, and actually wasn't afraid to die.

Offstage, Yang Cai cried, the first time she was touched by a person who cried so bitterly.

Right now, if Omi was standing beside her, she would definitely jump on him and hug him regardless of what cousin's husband she was.

Yun Meng scolded in anger: "This unlife, what time is it, a big man can bend and stretch he doesn't know."

Wu Longquan gritted his teeth, "Omi, that's good, that's good, that's good."

Omi trailed off, "Good you sister." The first website m.kanshu8.net

Wu Longquan's killing machine had been piled high.

Wu Longquan said, "Yang Qilu, although you told the truth, unfortunately, my son's reputation has been ruined by Zhou Mi, and no matter what truth you tell now, it cannot be salvaged. So, I'm sorry, Omi, he must die."

At this moment, the corner of Xing Luo's mouth, who was standing in the crowd, raised in disdain.

I'm sure Wu Longquan didn't properly inquire about her relationship with Omi before he went out, but of course, it wasn't Wu Longquan's fault, as not many people knew about her relationship with Omi.

Wu Longquan was about to make a move when Xing Luo said, "Whoever dares to touch my friend, you should try it."

Everyone immediately followed the sound and saw that it was Miss Xing Luo.

"It's Miss Xing Luo." The crowd was shocked.

Omi looked at Star Luo and smiled slightly, Omi knew that Star Luo would definitely come forward, indeed.

Omi was also filled with fear inside, if he didn't know Star Luo, even if he was a genius, he wouldn't be able to live at all, others don't give you the chance to become stronger, genius is of no use.

When Wu Longquan saw Miss Star Luo, his face changed several times, and he even unconsciously took a step back in the face of Star Luo's flight, as if Star Luo invisibly had an oppressive power.

However, Wu Longquan knew that Star Luo's own strength was no match for him at all, and the reason why he felt that Star Luo invisibly gave an oppressive force was because of the family lineage behind her. It was like when commoners saw princes and princesses, they felt that they carried an intimidating power.

Star Luo stood in front of Omi, looked at Wu Longquan and said, "You want to kill my friend?"

"This." Wu Longquan couldn't figure out how Zhou Mi could be Omi's friend.

"Miss Xing Luo, how come Zhou Mi he's your friend?" Wu Longquan said, "At this moment, his tone is nowhere near as arrogant as it was just now.

Star Luo's tone was filled with disdain, "Is it possible that I still need to report to you when I make friends?"

"No, no, no, Miss Xing Luo has misunderstood." Cold sweat broke out on Wu Longquan's forehead.

Yang Qilu saw Wu Longquan's nervous face, smooth inside, let him also experience what it was like to be oppressed, of course, Yang Qilu saw Miss Xing Luo, who would even stand up for Omi, was also very shocked, Omi's position in Yang Qilu's heart, suddenly pulled up several layers.

Even a thought arose within Yang Qilu's heart, didn't the onlookers just now say that a beautiful woman matched a hero?

Yang Qilu had originally never agreed, after all, Omi was Yun Zi's husband, Yun Zi was his sister's daughter, and stealing a relative's son-in-law was not a glorious thing to do. However, Omi was even Miss Xing Luo!

Standing up for him, this made Yang Qi Lu's heart rise inside, before the absolute temptation, mind his relatives anymore.

Star Luo snorted, "Forgive you for not daring to look at what you are, you also dare to shout here, don't you think that you are a sixth class overlord, very impressive?"

"No no, Miss Xing Luo has misunderstood me." Wu Longquan busily waved his hand and said.

Xing Luo said, "Do you still think that it was my friend who insulted your son? Do you believe that there are a hundred ways for me to let your son, Wu Yong, die?"

"Ah." Wu Longquan's frightened legs weakened.

Wu Longquan cried and said, "Miss Xing Luo, I was wrong, I really shouldn't have relied on my strength and favored my son. Zhou Mi was right, it was indeed my son who abandoned Yang Cai, who had a higher status, in order to pursue a woman with a higher status. However, my son said that it was Miss Yang Cai who cheated on me in order not to fall into disrepute, I'm sorry, I'm the one who taught my son badly."

Xing Luo what.

Omi immediately said, "Apologize, you and Wu Yong, apologize to Miss Yang Cai immediately."

"This is of course." Wu Longquan immediately called his son up.

"Yong'er, don't apologize to Miss Yang Cai yet."

"Oh." Wu Yong was reluctant inside, but he had to do it.

Wu Yong said to Yang Cai, "I'm sorry, Yang Cai, I framed you, I'm despicable, I'm shameless, I don't deserve you."

Wu Longquan also said, "Miss Yang Cai, you adults don't remember the faults of the villain, spare my son."

Yang Cai bit her lips, tears in her eyes, of course, he was touched, if it wasn't for Omi, she would have become a slut that everyone shouted at her.

Omi said to Yang Cai, "Miss Yang Cai, you tell Wu Yong, now, it's you who will withdraw your marriage."

"Mm." Yang Cai said to Wu Yong, "Wu Yong, you villain, you have no right to withdraw your marriage from me, now I officially inform you that you have been withdrawn from my marriage, from now on, we no longer have any relationship."

Wu Yong's face twitched, but he didn't dare to say anything.

Wu Longquan said, "Miss Xing Luo, I expect you to be noble ah, I will definitely educate my son well in the future."

Xing Luo snorted, "You reflect on that too."

"Of course, then we'll leave first."

Wu Longquan mentioned Wu Yong and immediately flew away.

Of course, Star Luo couldn't leave him behind, after all, Star Luo herself didn't have that much energy and was just relying on her family history, so it was only good to see him go.

Omi said, "Thank you."

"You're welcome, I'll be leaving first then."

"Good."

Star Luo also immediately flew away, not wanting to be the center of attention.

Omi shouted, "Everyone, let's disperse, thanks for your support."

The crowd of melon eaters, that's why they dispersed, but what happened today will surely become the talk of the town in the major tea houses and restaurants.

Yang Qilu was now relaxed inside, and bowed to Omi, saying, "Thank you, Mr. Zhou."

"Alright, we don't have to be polite, you are Yun Zi's uncle, so naturally, you are also my uncle."

"Yes." Yang Qilu's mind wandered, not knowing what to think about.

Omi flew down and came to Yun Zi's side.

It just so happened that Yang Cai was also next to Yun Meng.

Yun Zi wanted to jump into Omi's arms, but Yun Zi was just in time to jump, and another person was one step ahead.

It was Yang Cai, who cried out, "Zhou Mi," and then, ignoring everyone's gazes, jumped on Omi and hugged him tightly.

"Uh, this." Omi looked at Yun Zi and everyone with an innocent face.

Yun Zi was embarrassed, while Yun Meng, inwardly hummed, "Pervert, I think this is exactly what you want."
